WESTMOUNT, FRIDAY, JULY 13, 1951

PRICE 3 CENTS

ANNEXATION NOW THREATENED

Local Business Men Aid Welfare Work

Welfare work among crippled children and adults will receive added financial assistance this year the Easter Seal campaign. In the photo above, as a result of Montreal's "generous response" to Rene B. Perrault (centre), honorary treasurer of the Quebec Eastern Seal Society is shown presenting cheques for \$6,500 each to Col. W. P. O'Brien, president of the Province of Quebec

Society for Crippled Children (left), and Douglas Bremner, president of the School for Crippled Children. The Rehabilitation Society for Cripples will receive \$15,000; the Crippled Children and Adults committee of the Rotary Club of Montreal, \$6,000; and the Canadian Paraplegic Association, \$3,000.

Montreal is Irked By Court Decision On Water Increase

The decision of Mr. Justice, A. Smith, who last week ruled that the attempt by the City of Montreal to jump the water rates of Westmount and Outremont by one-half of one percent was illegal, has apparently brought the question of annexation one step nearer.

It is understood that chairman J. O. Asselin of the Executive Committee of Montreal, who holds a similar position on the Metropolitan Commission, will begin a campaign next fall to bring about annexation of all municipalities now in membership with the M.M.C. It is learned that plans for a Montreal Island utilities authority are already drafted. The drafting, according to our informant, was done by a well-known New York financial expert.

The decision in favor of Westmount and Outremont was not well received by the City of Montreal and it is most likely that an appeal will be entered.

Montreal Executive Irked

The Montreal Executive are irked by the fact that Montrealers must pay more for water than residents of Westmount or Outremont. This, they claim, is unfair. In losing the court action the City of Montreal also lost \$35,000 in annual revenue, which is approximately the amount that the additional 1/2% would have brought into the city coffers.

Montreal authorities point out that the water rate is the same in all three cities, but Montrealers have to pay for all capital expenditures and improvements in the water system while the other two, Westmount and Outremont, do not. Montreal City authorities feel that it would be adding insult to injury to allow residents of Westmount and Outremont to pay a lower rate.

In some quarters it is believed that Montreal may have a special bill introduced at the next session of the Quebec Legislature to bring the rates of the two municipalities in line with those of Montreal. Another school of thought thinks that the inter-city contract cannot be broken so easily.

Suburbs Not Co-operating

It will be recalled that Councillor Frank Hanley, a member of the Montreal Executive Committee and also an M.L.A. at Quebec, was quoted in The Examiner of June 15 as saying: "The action of Westmount and Outremont showed that Montreal was not getting the co-operation of outside cities and towns. The time was fast coming," he said, "when the provincial legislature can no longer allow this situation to exist. Montreal is now providing millions of dollars for water system improvements to benefit not only Montreal taxpayers but also others of nearby municipalities".

Westmount's argument in the case was based on the fact that Montreal is bound by the franchise contract and by its own City Charter to limit the water rate in Westmount to 7 1/2%.

Mr. Justice Smith upheld the Westmount contention and disallowed the increase sought by Montreal. It would appear that the fight has only just begun and that suburban municipalities who value their autonomy in civic government must be on guard to prevent big stick methods of annexation being pushed through.

F/O William B. Pollin, 29, of 600 Belmont avenue, Westmount, who died in an air crash Friday near Centralia, Ont., when four Harvard training planes collided during a formation flight.

F/O Pollin Killed In Plane Crash At Centralia, Ont.

F/O W. B. Pollin of Westmount was killed Friday at Centralia, Ont., R.C.A.F. base when four Harvard training planes flown by instructors locked wing tips during a formation exercise near Dashwood, 15 miles north-west of the western Ontario air station, and two of them crashed.

The three other pilots involved in the collision escaped injury.

F/O. Pollin is survived by his wife, the former Barbara Mary Burke and child who live at 600 Belmont avenue, Westmount. He was a McGill University graduate in Engineering. Also surviving is his widowed mother Mrs. Robert Pollin, of Montreal and a sister Mrs. Rupert Bayly (Nessie) wife of an R.C.A.F. officer.

Funeral service was held on Monday from the Chapel of Jos. C. Wray & Bro., Mountain street, with interment taking place in Mount Royal Cemetery.

Fire Safety as School Subject Suggested Here

Fire safety should form part of school curricula, and it should be given academic credits in examinations, Chief Instructor Charles Blickstead, of the Montreal Fire Department, said Saturday in a radio address under the joint sponsorship of the City Improvement League and the Municipal Service Bureau.

Chief Blickstead is a representative of the Fire Department of the local civil defence organization. He emphasized the need for civil defence in peacetime as well as under war conditions.

Self-Preservation

"Civil defence means self-preservation at all times," he said, "and it is not concerned solely with possible enemy action against our

community. Everyone knows from experience that disaster threatens large and small communities in peacetime as well as in war years. And the worst danger is that of fire.

"Fire safety is a must in school curricula," Chief Blickstead declared. "There are textbooks available on the subject, especially for school teacher guidance, and if these were introduced into the schools and academic credits given in the examinations as are given for hygiene, physics, and other subjects, our children would be taught fire safety in such a way that it would stay with them through life."

Was War of Fire

The speaker described the destructiveness of fire in both war and peace:

"The last war was a war of fire. Over 80 per cent of all destruction during that war was caused by fire. If ever we are bombed, expect fire, a lot of it. And fire is our greatest enemy not only in wartime but in peacetime as well. Rimouski, Cabano and Cap Chat are only three examples of what can happen in peacetime.

"The property loss for Canada during the 1946-49 period was \$239,850,955, with a loss of life of 1,833."

Chief Blickstead explained that fire safety and fire fighting form an important part of civil defence training.

Westmount Band To Participate In Scottish Festival

It is learned that the Pipe Band of the City of Westmount Fighter Squadron No. 401, R.C.A.F. will fly to Edinburgh, early in August to take part in the Scottish Festival being held this year in conjunction with the Festival of Britain.

Five Canadian pipe bands were invited to attend the festival including Westmount's 401 Squadron, Argyle and Sutherland Highlanders of Hamilton, the Vancouver Police Band, the 48th Highlanders of Toronto and the C.N.R. Pipe Band of Montreal which recently placed first at Hamilton from amongst 27 bands competing.

It is indeed an honor for Westmount that its own air force band should have been included in the select list. Residents who reside in the vicinity of the Westmount Athletic Grounds may have been wondering why the band has been practising so assiduously during the summer evenings on the W.A.G. This then is the answer which we hope Edinburgh will like.

City To Establish Parking Lot On Victoria Avenue

A parking lot will be opened on Victoria Avenue by the City during the next month, City Hall officials disclosed today. The 15 car lot will be located at 428 Victoria next to the Beverly Apartments.

Tenders are being asked for the demolition of the structure occupying the lot. The City recently bought the lot and made arrangements for the tenants to move to another location.

Three Way Crash Causes Damages Of Nearly \$2,000

A Tramways bus struck a light truck which then struck an auto Monday on St. Catherine Street sending Emmanuel Bouillon, of 130 Lewis Avenue, to the hospital with a five-stitch cut on his crown.

The bus driver was Jean Victor, of 4218 Fabre Street, while the driver of the auto was Hugh Laws, of 351 Selby Street. The truck was driven by the injured man.

According to police estimates, over \$2,000 damage was inflicted on all three vehicles. The truck was smashed, the car was badly dented but the bus was only scratched.

The injured man, Emmanuel Bouillon, was taken to the Homeopathic Hospital for treatment. He was detained for X-rays for a possible fracture of the skull.

RENT ADMINISTRATOR

The rental administrator for Jacques Cartier County in which Notre Dame de Grace, Snowdon, Montreal West, Cote des Neiges, Hampstead, Westmount and Cote St. Luc are included, is Maurice Laurier, 84 Notre Dame Street West. Telephone LA. 5281.

Forsyth Brothers Meet Together After 43 Years

Thursday July 5 was a red letter day in the life of Lionel A. Forsyth, of 74 Sunnyside avenue, president of Dominion Steel and Coal Corporation, as this date marked the first time in 43 years that the four Forsyth brothers had gotten together.

The reunion took place in Sydney, N.S. All four brothers have made their mark in business circles of Canada and the United States.

The four brothers attending the reunion were: Lionel A. of Westmount, V. K. and J. S. of New York, and Captain A. O., retired sea captain of San Francisco.

The Forsyth quartette left Sydney for a fishing trip to Newfoundland on Thursday.

Lt. Col. J. M. McAvity, D.S.O.

Lt.-Col. J. M. McAvity, D.S.O., M.B.E., has been appointed Vice-President of Joseph E. Seagram & Sons Limited, Waterloo, Ontario, it was announced by Mr. Samuel Bronfman, President of Distillers Corporation-Seagrams Limited. Lt.-Col. McAvity will continue in office as General Sales Manager of The House of Seagram, with headquarters at 1430 Peel Street, Montreal, P.Q. Lt.-Col. McAvity commanded Lord Strathcona's Horse (Royal Canadians) during 1944-46. He is President of the Canadian Lawn Tennis Association, and immediate Past-President of the Sir Arthur Currie Branch (Quebec No. 1) Canadian Legion, B.E.S.L.

Mrs. E. Yearwood Dies; Dedicated To Church Work

Final tribute was paid Mrs. Eleanor Yearwood, "a dedicated church worker," at her funeral service held at Stanley Presbyterian Church Tuesday.

Mrs. Yearwood, 67, of 2287 Wilton Avenue, took a prominent part in all church activities at Stanley Presbyterian, where she had been a parishioner for many years.

The service was conducted by Rev. J. D. Wilkie, minister of the church, and was attended by over a hundred of her church associates relatives and friends.

In the eulogy delivered by Rev. Wilkie he said, "Truly a more saintly woman never lived or worked for the church."

Mrs. Hardy was a native of Georgetown, British Guiana, South America. She was educated there at the Ursuline convent and an English public school. She held certificates from Oxford and Cambridge.

Her husband, F. G. Yearwood, who predeceased her, was in business in South America. She had lived in Canada and N.D.G. for the last 25 years.

She was a life member of the Women's Missionary Society, and the Ladies Auxiliary and was secretary of the Literary Society.

Chief mourners at the funeral were her two sons, F. Ivan Yearwood, Edrick Yearwood; a daughter, Mrs. W. O. Percival; and nine grandchildren.

The Women's Missionary Society was represented at the service by the president, Mrs. J. H. Wilson, and her executive.

The session of Stanley Presbyterian Church was represented by George Muir and the board of managers by Alan Canavar.

Others present at the service include: J. P. Brow, Mr. and Mrs. Joseph Pegnem and daughter Doreen, Thomas Wrigglesworth, Leslie Wells, Mr. and Mrs. Jack Bailie, Mrs. H. Adams, David Chisholm, Mrs. Claire French, George Atkinson, Louis Rapkin, Miss Ruby Bumbury, Miss Kathleen Broderick, Mrs. Clifford Parsley, Mrs. W. Jones and Mrs. George Whithouse.

Trust Co. Appointment

C. N. Bissett, 625 Carleton Road, Westmount, who has been appointed general manager of The Eastern Trust Company. A graduate of Dalhousie Law School, Mr. Bissett has served The Eastern Trust Company as a trust officer at head office, manager at Charlottetown, manager at Montreal, Supervisor of Quebec and Ontario, and assistant general manager. For the past two years he has been a member of the Council of the Montreal Board of Trade, and a member of the Public Finance and Taxation Committee of the Canadian Chamber of Commerce. He is a past president of the Trust Companies Association of Quebec, and has, for a number of years, been chairman of the Taxation Committee of that organization.

Trilingual Chart Issued By I.C.A.O. Is Instructive

Westmount educational authorities and citizens generally will find the new trilingual chart catalogue to be issued by the International Civil Aviation Organization with headquarters in the ICAO building on Dorchester street west both instructive and interesting.

World navigation of aircraft has been made easier by the publication of the trilingual chart catalogue which tells pilots and airline company officials where they may find all the necessary maps for world-wide, continental, regional or small area covering.

In making the announcement, the International Civil Aviation Organization said the new catalogue, first of its kind to be issued, contained complete listings of all aeronautical charts available from the group's 57 member nations, noting also where they may be purchased, and their cost.

It is written in the three official languages of the organization, English, French and Spanish, and lists more than 7,000 individual charts, describing the various types, such as route, radio facility, celestial navigation and visual flight charts in a variety of scales.

According to an I.C.A.O. official, the organization will provide a quarterly amendment service in order that both commercial and private pilots may have an up-to-date listing. Aside from its value to the flight and operating personnel in civil aviation, I.C.A.O. officials expect that the new catalogue will be of interest to aviation economists, educational institutions and commercial and governmental agencies.

Rev. Bob Richards of the Illinois Athletic Club won the National Amateur Athletic Union decathlon championship. He amassed 7,884 points for the fourth-highest total in history.

Summer Vacations Cause Shortage Of Blood Donors

Westmount residents who would like to help out the Red Cross by becoming blood donors are urged to drop into the clinic on St. Catherine street west near Guy which is open every week day during the summer at the following hours: Monday, noon to 2 p.m. and 4 p.m. to 8 p.m.; Tuesday 11 a.m. to 6 p.m.; Wednesday, 11 a.m. to 8 p.m.; Thursday, 11 a.m. to 6 p.m.; and Friday, 11 a.m. to 3 p.m.

The collection of blood for hospitals in Quebec is not easy during the summer months, it was stressed. Industries shut down, offices work with reduced staffs, regular donors are out of town and cannot be reached by telephone. But the hospitals still need their usual quota of blood. The Red Cross hopes to attract many new donors by keeping its Montreal clinic open even when part of its personnel is away on mobile clinics.

Aberdeen Ave. Lady In Tram Collision

Mrs. C. Johnson, 74 year old resident of 39 Aberdeen Avenue, collided with a tram last week on St. Catherine Street. She told police she was driving away from the curb at the time and did not see the tram.

New Phone Books Being Delivered

Delivery of 384,500 copies of Montreal's new telephone directory throughout the metropolitan area began Monday.

Approximately 125 men, working with 14 trucks and more than 100 hand carts, started the door-to-door delivery in the west end and, later this week, moved into the north and east sections. Next week, distribution will be in downtown and uptown business sections of the city and in Verdun.

Several space-saving changes have been made, including an increase in the number of listings to a page with no change in type size. The new book has 852 alphabetical pages and 696 Yellow Pages, 38 less than the 1950 book. It weighs about 4 1/4 pounds, a quarter of a pound less than last year's book, which was the largest telephone directory ever published in Canada.

Of the estimated 330,000 telephone listings in the new Bell Telephone directory, more than 212,500 are new and changed.

Phone numbers for the new UNIVERSITY 6 exchange are contained in the book.

Under the new extended area service plan for suburban communities surrounding Montreal, Pointe aux Trembles listings are no longer included in the Montreal directory. Until a supplementary directory for Pointe aux Trembles is issued in August, subscribers there are being asked to continue to use the 1950 Montreal directory.

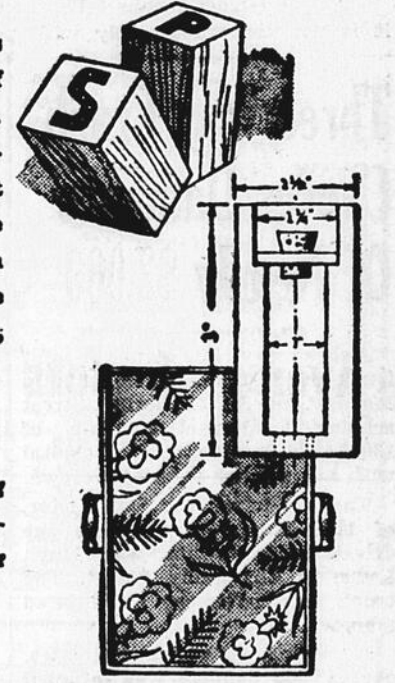

Lady Hit By Car On The Boulevard

Miss Annie Dunkidwiz, of 654 Murray Hill, was taken to the Homeopathic Hospital for examination following an accident on The Boulevard Sunday when she was struck by an auto driven by Max Grossner, of 5371 Queen Mary Road.

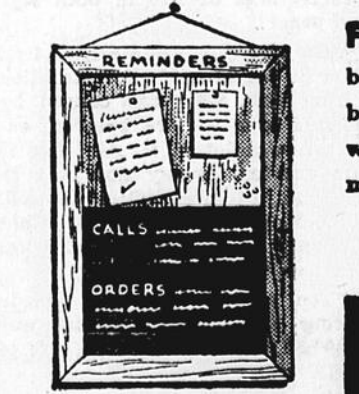

She told the police she was crossing the road from the sidewalk to board a tram when the auto struck her. Injury was thought to be superficial.

AROUND THE HOME

Fine Pepper and Salt Shakers can be made from blocks of maple, birch, walnut or sumach. Holes are drilled to the dimensions indicated — then a flat disk of wood cemented into the collar of the base, with hole for a small cork. Blocks should be covered with a clear varnish, shellac or lacquer.

To rejuvenate that old serving tray — glue on a piece of wallpaper and cover with varnish or glass.

For a handy kitchen bulletin board — combine a piece of beaver board (for tacked-up memos, etc.) with a piece of blackboard — mounted in an old picture frame.

Psychological Clinic Needed Rotary Is Told

The answer to the unhappy youths and adults of today would soon be provided by a "psychological clinic" to be set up in the city, Dr. B. Silverman told the Westmount Rotary Club Wednesday.

Dr. Silverman revealed that Premier Maurice Duplessis looked upon the idea favorably and indicated a \$1,000,000 grand would be forthcoming for the institute's erection.

He said the French section of the City had already erected such an institution near the Back River. As an added service he stated Rotary would also press for the establishing of a proper mental hygiene service in the Protestant schools.

Dr. Silverman was convinced if the flaws in the youth of today could be spotted early enough

through such hygiene services the country would have sound citizens for the future.

Boys work and clubs, good as they were, he declared, were not adequate to answer the needs of youth. He cited the instance of a Canadian city where boys' clubs flourished but the moral problems prevailed.

He claimed the answer was to have the right facilities to examine and give intelligence tests to youth. This would weed out for special training the 10 per cent of the children not intelligent enough to do the tasks education asks of them.

The youth who could not draw attention to himself through his athletic or educational accomplishments, he said, got it through playing the truant, clowning and being a delinquent.

The spare the rod and spoil the child treatment was not the way

to deal with the delinquent but rather a policy of making them feel a wanted, needed part of society would answer the desire for attention.

"Social approval," he said, "was the psychological vitamin without which we cannot live."

The way to create a better sense of emotional security in the child, Dr. Silverman declared, is to let it have free, democratic expression around the house.

"Children," he contended, "don't have the chance to say what they really think. Perhaps it is because parents are afraid of what they will say if they were allowed to speak."

The psychologist stated there were thousands of unhappy people walking around the city now who were liable at any time to develop physical troubles as a result.

He said there were more people in mental institutions in Canada than there were in the hospitals. Perhaps many of these unhappy people still had their health but as a result of their mental attitudes had unhappy homes and were unproductive in their work.

The problem was intensified, he said, by the instability of the world situation. Many of the mentally unhappy were unable to withstand this additional strain and were liable to break down.

Many of the aches and pains people had, he contended, were the product of their unhappy state of mind. One out of three of the people who consulted doctors were not physically sick but mentally ill.

The speaker was introduced by Dr. J. R. Lohead and thanked by Jack Burrows. Douglas McKean welcomed and introduced the visiting Rotarians.

American Railroad Seeks To Discontinue Commuter Stops at C.P.R. Stations

The New York Central Railroad has asked the Board of Transport Commissioners at Ottawa, Ontario, that the railroad be relieved of all stops at Canadian Pacific Railway points on its route from Montreal to the United States. These points are Westmount, Montreal West, LaSalle, and Adirondack Junction.

Alderman Albert Stinson, representative for Highlands, where the LaSalle station is located, brought this matter up at the meeting of the Ville LaSalle Council last night. The Council would like all public and semi-public bodies to get into the fight in opposition of the proposed move of the New York Central.

Mr. Stinson pointed out that cessation of New York Central service would mean little change to commuters using Montreal West and Westmount stations, and emphasized that LaSalle residents who travel into Montreal by train have only the N.Y.C. locals to use and that discontinuation of the service would rob them of all train commuting facilities.

Loss of Revenue

It is rumored that one of the reasons for the action taken by the American railroad is that the N.Y.C. has been carrying many passengers for nothing under the 50-ride card plan. Since the trains travel on C.P.R. tracks, all tickets or cards sold are C.P.R. ones. In the past, when commuters' books were used, the New York Central could turn in the tickets taken to the C.P.R. and receive its share of the purchase price.

However, with the card plan by which the conductor simply punches one of the numbered squares off of the card, the N.Y.C.

has been losing revenue, for in most cases, the date of the card runs out before the tickets, and the commuter throws the card away rather than surrender it to the conductor.

If the Board of Transport Commissioners agrees to the request made by the N.Y.C., the result would be that any of that line's trains leaving Montreal southwards would not stop before reaching the international border.

Woman Knocked Down By Bus At Claremont

Miss Anita Leduc, of 2146 Northcliffe Avenue, was knocked down when she attempted to cross Sherbrooke Street, at Claremont Avenue last week. She told the police she stepped in front of the bus and did not see the oncoming car. She suffered a sprained ankle.

Optimist Summer Camp And Club Boon To Underprivileged Youth

The Boys' Summer Camp, owned and operated by the Optimist Club of Montreal, had its official opening on July 1st. The camp is beautifully situated in the rolling hills of the Eastern Townships, at Brome, Que., and is comprised of 360 acres of land, with buildings including a dining hall, recreation hall, and sleeping accommodation for the boys, who are given three

weeks vacation periods during the summer. The camp has swimming facilities, baseball diamond and spacious play areas for all outdoor activities, all supervised and directed by counsellors, under the guidance of Mr. Edward Rooney, camp director. The Optimist Club also operates a Boys' Club during the winter months in Point St.

Charles, where handicrafts are taught and other attractions are offered to keep the boys busy and off the streets. All this, with the outdoor facilities at the summer camp, helps to build sound minds in sound bodies, and builds better citizens for Montreal and Canada — "today's boys, tomorrow's world."

Generous public recognition is evidenced by the support given to the Club in its efforts to help boys in less fortunate circumstances. The Women's Auxiliary of the Club has raised a considerable amount of money, which has, over the past four years, been donated for the purchase of necessary equipment for the camp.

The Auxiliary this year, under the chairmanship of Mrs. E. C. Nairn, has plans in hand for the raising of further funds for this worthy cause. The Optimist motto is—"Friend of the Boy."

Attractive Bookcase To Make For Camp

At the summer camp of a friend, says a reader, I saw a simply made, inexpensive, and attractive little bookcase that was in keeping with the other simple furnishings.

She had placed two small step-ladders — three steps including the top — face to face some distance apart and between the two lower steps had put boards for shelves. Shelves and steps were painted to match the other furniture and on the top of each step-ladder was a potted vine which grew down over the ends.

This is an elastic arrangement, for the steps can always be moved farther apart to accommodate longer shelves and more books.

MAKING MARRIAGE WORK

"Too often, after marriage, both husband and wife abandon the small pleasantries which enhanced courtship," states Dr. Clifford R. Adams in the July Ladies' Home Journal. In his column "Making Marriage Work," he says that consideration in small matters will not in itself make a marriage succeed — but it adds a final touch of satisfaction to a happy one, and reduces friction in a mediocre one. On the other hand, repeated small discourtesies become a chronic irritation: molehills become real obstacles, if not mountains.

Local Resident Meets Prime Minister

Gabriel Renaud, an agronomist, co-owner of Robil Milk Bars, took an active part in the organization of the annual convention of Province of Quebec Agronomes, as chairman of the publicity Committee. He is shown here with Prime Minister Louis St. Laurent and Nolasque April of Ste. Martine, general chairman of the Corporation. Gabriel Renaud, who operates a Robil branch on Sherbrooke St. West, has been a citizen of N.D.G. for more than 25 years. His family lives on Earnescliffe Avenue.

Catholic Schools Issue Leaving Exam Results

Results issued by Omer Jules Desaulniers, superintendent of education for Catholic Schools showed that 91.3 per cent of students who took fourth and fifth year Catholic high school leaving examinations in the commercial section were successful.

In the classical section 81.0 per cent were successful. Some 179 certificates were awarded in the commercial division with 17 failures being recorded. In the classical section 381 certificates were awarded with 84 failures.

Marie Jeanne Lukacs, of the Sacred Heart Convent, Sherbrooke Street West, at Atwater, came first in the classical section with 95 per cent.

Successful students in Westmount schools are listed below. High honors represent 85 per cent and over indicated by I; honors are 75 per cent to 84.9 per cent, indicated by II; success is 60 per cent to 74.9 per cent, indicated by III.

St. Paul's Academy — Conroy, Margaret, III; Cullen, Jane, III; Dufresne, Elaine, I; Gatto, Marie, III; Kay, Rosemary, III; Malone,

Alanna, II; Marlin, Olga, III; Martin, Joan, III; McDonald, Mary, III; McElroy, Pauline, II; Moynaugh, Maureen, II; Stenhouse, Joan, II; Sutcliffe, B. Ann, III;

Wall, Noreen, III; Weber, Sophie, II; Wolfe, Audrey, III.

St. Leo's Academy — Coffey, Robert, II; Fagan, Graham, III; Foy, John, III; Gahan, Sean, III; Keating, Michael, III; Lafontaine, Michael, III; McGee, James, II; Quinlan, Peter, III; Rooney, John, III; St. James, Joseph, II; Semple, John, III; Smart, Stanley, III; Walsh, Neil, III.

RMR Hosts to Camerons After Saturday's Battle

As the culmination of a special spring training programme, the C.H. of O. and the R.M.R.'s, both machine gun regiments of the Reserve Army, travelled from their own armouries, Saturday, to meet in mock combat two miles west of Hudson, Quebec.

For the Cameron Highlanders of Ottawa, the exercise meant a round trip with support company vehicles of nearly 250 miles. The universal carriers transporting medium machine guns and their crews, left early in the morning and joined up with truck transport infantry support troops of the same unit at Rigaud, Quebec, about 3:00 o'clock in the afternoon. At this point, the Camerons reorganized into a tactical force and advanced toward Hudson, what was for the scheme considered to be enemy-held territory.

During this time, the support company of the Royal Montreal Regiment had left the armouries in Westmount, and with similar equipment and troops, moved to Hudson where they deployed defensive positions, awaiting the advance of the Camerons, Chief Umpire Lt.-Col. J. P. C. McPherson, Commanding Officer of the Royal Montreal Regiment and his staff of officers, hastily checked the defensive forces for effective fire positions and troop deployment. Once contact was made, Col. McPherson's umpires, through their special immunity, controlled the "battle" by contact and withdrawals between the opposing forces until the attacking Ottawa forces successfully gained their objectives.

The area selected turned out to be ideal for Machine Gun Work, as the high ground on which the guns were mounted afforded a clear view of the surrounding fields and roads by which the attackers would have to move. The weather was perfect, being a clear sunny day, although the attacking forces probably would not agree, having to run and climb hills carrying their weapons in 90 degree weather.

Such exercises as these are unique in reserve army training because both units are machine gun regiments, and as such it has been necessary to go as far afield as Ottawa to find another similar unit which could participate in joint exercises. Such a distance afforded the rare opportunity of practice in convoy movement and map reading, not often afforded city regiments.

Following the exercise, the participating Cameron Highlanders and the Machine Gunners from Westmount returned to the Armoury on St. Catherine Street, where they were served a typical field ration.

Members of both units got to know each other during the meal and a pleasant time was spent at the Armoury where the Camerons were billeted overnight.

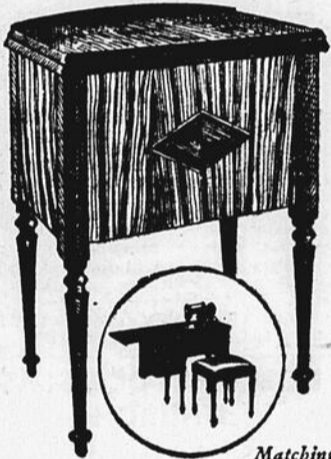

After the meal and a shower and a change into kilts the visit-

ing highlanders proceeded to invade downtown Montreal en masse to enjoy some of the night life of the metropolis.

The Camerons returned to Ottawa on Sunday with the parting thought that they would like to be invited back again

TOO MANY CAMPAIGNS

Westmount Residents Hit Hard By Charity Drives

The protest by Maurice Trudeau, made at the recent annual meeting of the Federation of French Charities against the too numerous campaigns for charities now being conducted in Metropolitan Montreal will be endorsed by many residents of Westmount, who daily, have to face appeals from this and that organization seeking donations.

Mr. Trudeau in giving his annual report as retiring president spoke in favor of combining agencies for one major appeal. This he said was practised by his own organization and also by Welfare Federation.

However the multiplicity of other appeals

has made the raising of funds for essential community welfare work very difficult. The campaigns for the Montreal General Hospital, The Notre Dame Hospital and The Royal Victoria Hospital have made the past year a most difficult one for the public generally. It is estimated that each man, woman and child in the metropolitan area has been asked to pay out from \$10 to \$15 to charity so far in 1951.

When it is realized that the big bulk of donations come from the special names list it needs little explaining to emphasize how hard each campaign makes it for Westmount residents who by virtue of position and financial standing have to dig down deep and often.

The idea advanced by Mr. Trudeau is not new and periodically it is announced that the various agencies are to get together but this it is admitted is easier said than done as the composition of the population in the Montreal area makes this extremely difficult. Racial, religious, language and other barriers combine to create an atmosphere not conducive to a major joint appeal.

However, if the question is raised often enough, prejudices may be broken down somewhat and campaigns for charitable organizations placed on a more equitable and business footing.

The subscribing public would welcome any such agreement.

Corps Work of Mrs. Kay Eagle Honored by Red Cross Award

"Her willingness to assist at all times is of great value to the Corps", says part of the citation accompanying a Canadian Red Cross Society's Badge of Service presented for meritorious voluntary work, to Kay Eagle, 3480 Patricia Avenue; and the statement sums up Kay's attitude to her "hobby", as she calls her work with the Montreal Red Cross Corps. We all find time to do what we really like to do, and Kay's "willingness to assist at all times" springs undoubtedly from the genuine enthusiasm she feels for the type of duties involved. It's a "hobby" that enables her to give a great deal of valuable voluntary service — two days a week in Blood Clinics, and duty in all weathers when calls for help in time of flood and fire swing the Corps into action.

Mrs. Eagle took her training in 1943 and officially started her work with the Nursing Auxiliary Section of the Montreal Red Cross Corps in January, 1944. The citation states that "she received her training at the Montreal Neurological Institute and her hospital duties were numerous. She was active in meeting War Bride trains and made many trips to Winnipeg as an Escort officer. Her interest continues in the present activities and her willingness to assist at all times is of great value to the Corps."

Training

If Mrs. Eagle had not married so young, she admits she probably would have trained as a nurse, so naturally she was much interested in the ten-week course of Home Nursing given by the Red Cross prior to her entering a hospital where she served the usual minimum of 60 to 80 hours necessary before she became a qualified V.A.D., entitled to wear the Blue Star on her nursing uniform.

"Incidentally, there's an urgent need for new day-time recruits," Mrs. Eagle said. "If we had more helpers it would lessen the load for the rest of us."

"Two other V.A.D.'s and two Red Cross Drivers, Mrs. Paul Dan-sereau, of Westmount, Miss Olga

Photo by Ed. Bermingham

MRS. WILFRED EAGLE

Mrs. Eagle is seen above, wearing on her uniform her newly awarded medal from the Canadian Red Cross Society. A member of the Montreal Red Cross Corps, Mrs. Eagle, who lives on Patricia Avenue, has done many kinds of volunteer Red Cross service. Part of her work at present is attendance at two clinics weekly — every Monday she is on duty in the Recovery Room at the Blood Clinic near Dorchester and Guy Streets. Other phases of Corps work include giving aid to victims of fire, flood, disasters, etc.

Pollock, Westmount, Miss Kathleen Fielding and Mrs. J. Huston, also received the Badge of Service," Kay told me as we chatted on her spacious shady lawn bordered with flowers, a white picket fence, numerous white flower boxes full of bloom, bird baths, etc. It was difficult to keep the thread of her own story, because she switched to an admiring comment on the achievements of the Transport Drivers, who, as part of their duties, take paraplegics every day (very often starting at 6 a.m.) to and from various hospitals for treatment. "These drivers," said Kay, "take a mechanic's course and have to be excellent at the wheel. They can pretty well take a car apart and put it together again!" Both Drivers and V.A.D.'s in the Corps have to take compulsory drill for a minimum of eight weeks. "The purpose of the drill is disciplinary," smiled Kay, "to

'Y' Camp Members Busy With Sports

The Westmount Y.M.C.A. City Camp swam to second place in the Inter-Y Swimming Meet held on Tuesday, July 10, at Southwestern Y.M.C.A. The Southwestern Y.M.C.A. came first in the meet over the other eight Y.M.C.A.'s competing. Don Seller and Norris Mundy of Camp Westmount were stars for the team, winning the diving and eleven and under free style respectively. Other outstanding swimmers in the Westmount team were Roy Smith, Ronnie Taylor and John Marlin. Three hundred boys competed in this Inter-Y Meet.

The annual Inter - Y.M.C.A. Track Meet will be held at the N.D.G. Y.M.C.A. on Tuesday, July 17. The Westmount team came third in this event last year, and is now getting in shape for the annual event.

The second father-and-son swim will be held this Friday night at 7:45 at the Westmount Y.M.C.A. All members of the Camp are invited to bring their dads to this event.

teach the Corps members to take orders and to think quickly."

In the early post-war years, Kay met hundreds of D.P.'s at Dorval, and immigrants arriving by boats and trains.

As stressed before, the Corps work is entirely voluntary. Members buy their own uniforms, and Kay launders her own Clinic aprons. And at that, she still has time to plan and grow miniature English gardens in colorful pottery containers, to still further beautify her lovely home.

Mr. and Mrs. Eagle have a son, Wilfred, Jr., who graduated from Macdonald College; and two daughters, Joyce, who took a course in pathology and does lab. work at the Homoeopathic Hospital, and Marlene, a graduate of Macdonald. H.B.S.

CHRISTIAN SCIENCE

"God" is the subject of the lesson-sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from I. Samuel 2:2: "There is none holy as the Lord; for there is none beside thee; neither is there any rock like our God."

Among the citations which comprise the lesson-sermon is the following from the Bible: "And Moses said unto the Lord, See, thou sayest unto me, Bring up this people; and thou hast not let me know thou wilt send with me. And he said: My presence shall go with thee, and I will give thee rest. And he said: Thou canst not see my face; for there shall no man see me, and live."

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That God is a corporal being, nobody can truly affirm. The Bible represents Him as saying: 'Thou canst not see My face; for there shall no man see Me, and

live.' Not materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, warring no more over the corporeality, but rejoicing in the affluence of our God."

Mock Bomb Raids Panics Baltimore; Could Occur Here

The letter from Westmounter which appeared in last week's issue of The Examiner in which the writer urged that the Civil Defence authorities here should rely on textbooks and information gleaned from Britain rather than from the United States which he stated had never experienced air raids and consequently were not in a position to give advice would appear to be well borne out by what happened in Baltimore, Md., last Thursday, when a mock "A" attack was staged.

Telephones at newspaper offices, police headquarters and the telephone company tonight set up a merry jangle with calls from worried residents that the city was being A-bombed.

And at Hagerstown, 75 miles away, a woman rushed into a

Elected to Office in the Bell's Mabel Hubbard Club

RITA PREVOST

MARGARET MONTGOMERY

ISOBEL HOWMAN

church service and broke it up by shouting "Baltimore is being bombed and the planes are on their way to Hagerstown now."

The many calls grew out of a mock atomic attack on the city staged by civil defence agencies. The mock attack was carried by all radio stations in the state.

For several days, spot announcements have explained to the listening audiences that the program would be aired tonight—and

that it was only a mock raid. Last night's program was broken every few minutes to assure listeners it wasn't the real thing.

Those who became alarmed apparently only heard snatches of the program and didn't hang around to hear the "drill" announcements.

Meanwhile in Baltimore stadium, 30,000 persons sat and watched the horribleness of an atomic attack turn a peaceful community into a blazing inferno of death and destruction. Eight bungalows were huddled in orderly fashion in the centre of the arena. "Outside", children capered while men puttered around flower boxes and cut grass.

From out of the evening stillness came the wail of a siren. Gradually a distant roar of planes became more audible.

The parents and their children ran for their homes. Then . . . A brilliant flash erupted overhead. The houses were hidden by dense smoke.

Slowly the smoke lifted. Children were sprawled beside their toys. Fires spread. Broken water mains spouted flushing streams. Torn electric lines sizzled and snapped. A gas main blazed.

Workmen went through the ruins with geiger counters. They declared it all clear of contamination and opened it for the other crews.

Ross Grafton of Montreal, and grandson of Mr. N. A. Layton of Westmount. The maid of honor, right, is Miss Sheila McLaughlin, and the junior bridesmaid, centre, is Miss Nancy Davidson, niece of the bride.

GRAFTON-MARSH

In Calvary United Church at half-past four o'clock on Saturday, June 23, the marriage took place of Miss Patricia Joan Marsh,

daughter of Mr. and Mrs. Lawrence S. Marsh, of N.D.G., to Mr. Geoffrey Stuart Grafton, son of Mr and Mrs. A. Ross Grafton, of Montreal. Rev. Dr. F. W. Norwood officiated. Mr. Gifford Mitchell was at the organ. Delphinium, syringa and peonies decorated the church.

Maid of honor was Miss Sheila McLachlan and junior bridesmaid, Miss Nancy Davidson, niece of the bride.

Mr. Ted Atkinson was best man and ushers Mr. Robert Arnold and Mr. Kenneth Martin.

Given away by her father, the bride wore a gown of closely fitted Chantilly lace over satin fashioned with long sleeves ending with points over the hands, Peter Pan collar and long waisted bodice, with tiny buttons down the back. A bouffant skirt had layers of tulle over satin and ended in a slight train. Her only ornament was pearls, gift of the bridegroom. A Chantilly lace Juliet cap trimmed with lily-of-the-valley held in place her fingertip veil of tulle illusion. She carried a small cascade bouquet of white carnations and bouvardia. Both attendants wore closely-fitted lace jackets with cap sleeves, small pointed collars buttoned at the neck and bouffant skirts of net over taffeta with scalloped lace panels down the front. The maid of honor was in apple green and the bridesmaid in yellow. Their bandeaux to tone had matching flowers over the ears. They carried cascade bouquets of multi-colored sweet peas.

Mrs. Marsh, the bride's mother, wore a floor length gown of heater gossamer sheer with picture hat following profile lines of dusty pink imported lace straw, trimmed with lilacs and tiny rosebuds and a corsage of dusty pink lilacs and rosebuds. Mrs. Grafton, the bridegroom's mother, was wearing a floor length gown of soft grey crepe, a large pale rose hat, flower trimmed and a corsage spray of shaded sweet peas.

The reception following the ceremony was held in the Palm Court at the Mount Royal Hotel,

Karnak Ladies Arrange Outings For Patients

Transportation has again been made available for the patients of the Shriners Hospital for afternoon outings during the summer and members are invited to aid in the care of the children during these trips. To assist them in this work Karnak Ladies Club extend a special invitation to the members of the Daughters of the Nile and kindred organizations. For further information call Mrs. McLean Marshall, AT. 5588.

where the bride's table was decorated with white snapdragons and Sweetheart roses.

The couple motored to Atlantic City and Washington for their wedding trip.

Out of town guests were Mrs. Stuart Scott and Mr. Stuart Scott Jr., of New York City, and Mr. and Mrs. Davenport Scott, of Exeter, New Hampshire.

The bridegroom is the grandson of Mr. D. A. Layton, of Westmount.

The first university in Canada was founded at Quebec City in 1635.

Build Shelter Now
Ottawa Man Urges
Cost Not Too High

Westmount home owners considering the construction of atomic bomb shelters in their basements may be interested in the type of shelter now being constructed in Ottawa houses. The contractor who hails from Czechoslovakia and who was there during the last war urges that shelters should be built now and not delayed until the first bomb falls when it is too late.
 The contractor is building houses on the assumption that they are going to fall down—suddenly.
 The Federal Government is encouraging the contractor, F. B. Sirotek — and everyone else — to build such houses, which now are being advertised as having "atomic bomb shelters, built ac-

ording to Department of Civil Defence specification."
 Reporters who were given a "demonstration" of one of the shelters found nothing particularly atomic about them. However, Col. A. C. Croteau, commandant of the Civil Defence School here, says they are the sort of thing Canadians should build.
 The shelter consists of a series of four-by-four wooden supports in one corner of the basement, surrounded by sandbags piled to the ceiling. Over the basement window adjoining the shelter is a concrete platform, open at both ends. That's all there is to it.
 "We assume," explained Jack Wallace, assistant training officer of civil defence, "that the building is going to collapse completely. But it won't collapse in this corner. After an all-clear the family would have a good chance of getting safely out of the debris."
 Equipment in the shelter consists of canned goods, buckets, a stirrup pump, portable radio and a pickaxe.
 Mr. Sirotek, in the construction business for 35 years in Prague before coming to Canada two years ago, installed hundreds of air raid shelters in Czechoslovakia during the Second World War. Many people did not pay enough attention to a proper air raid shelter, he said.
 "However, when the first bombs exploded, these people changed their minds and the installation of shelters started. But for some people it was too late . . ."
 Cost of putting a shelter into a house under construction runs between two and three per cent on the value of the home, he added.

"Call Me Mister" at the Monkland

To the victor belongs the spoils, and to Dan Dailey belongs Betty Grable's heart. The romantic young couple share top honors in Twentieth Century-Fox's song, dance, romance, and Technicolor studded production, "Call Me Mister," coming Saturday to the Monkland Theatre. Directed by Lloyd Bacon and produced by Fred Kohlmar, the film features laugh provoker Danny Thomas.

"Call Me Mister" Heads Bill Starting Saturday at Monkland

Betty Grable and Dan Dailey grace the Monkland Theatre screen Saturday till Tuesday in "Call Me Mister", Technicolor adaptation of the Broadway success of the same name filmed by Twentieth Century-Fox.

"Call Me Mister" figures to duplicate its hit on the screen. In addition to retaining a number of the highlight numbers, both songs and sketches, from the stage original, the makers of the motion picture edition inserted a batch of fresh material, story-wise as well as from a musical viewpoint.

A background of American oc-

cupation forces in quaint, flavorful Japan has been introduced into the colorful and spirited stage counterpart.

Betty Grable, magazine-profiled as the world's most beautiful blonde last year, and dapper Dan Dailey, perfectly cast here as a genial GI, gain support in "Call Me Mister" from one of the leading comedians of the day, television and night club entertainer Danny Thomas, whose biggest screen inning this is.

Also featured in "Call Me Mister's" Technicolor reincarnation are Dale Robertson, handsome

Pajama Party At Westmount

It's a pajama party for two in "Grounds for Marriage," M-G-M's romantic comedy with music, with Van Johnson and Kathryn Grayson enacting a young couple who find they can't live with or without each other. Paula Raymond and Barry Sullivan are other principals in the new offering, which comes to the Westmount screen this Sunday.

"Grounds For Marriage" Heads Bill At Westmount On Sunday

"Grounds for Marriage," M-G-M's merry marital mix-up, starts this Sunday at the Westmount Theatre with Van Johnson and Kathryn Grayson teamed as a respective doctor and songstress who find that operas and operations do not mix.

Miss Grayson enacts the alluring young singer who returns to New York from a triumphant European tour determined to recapture the doctor-husband whom, in a fit of temperament, she had divorced a few years previously.

The fact that he has meanwhile become enamoured of Paula Raymond, attractive daughter of a medical associate, does not deter the ex-wife from using every wile at her command to break up the new romantic attachment.

When all else fails, she contracts a curious ailment, known as "Functional Aphonia," and loses her voice. Johnson is informed by the best medical advice that unless he wishes to ruin his former

wife's opera career he must cooperate in restoring her "emotional security," a restoration which will insure the return of her voice.

When the young doctor, therefore, does his best to aid in Miss Grayson's recovery Miss Raymond is brought to feel that his "co-operation" goes too far. The resulting three-fold dilemma brings about a series of hilarious romantic complication ending on a high note of laughter and song.

Added Feature

The great undersea war which raged in the Pacific, bitter encounters between American submarines and enemy surface craft are portrayed in Warner Bros.' submarine epic, "Operation Pacific."

Co-starring John Wayne and Patricia Neal, "Operation Pacific" marks Wayne's first film under his new Warner Bros. contract and provides the stalwart actor with the kind of action role he does best. For Miss Neal, the film serves as a change of pace from her "bad girl" role in "The Breaking Point." She is seen as a Navy nurse in love with a submarine commander whose devotion to submarines nearly puts his love for Pat up on a reef.

Added Attraction

John Garfield is starred in "The Breaking Point". He plays the role of a fishing boat captain who lives at Newport Beach and has a cabin cruiser with a fat mortgage on it, a non-glamorous wife, and two kids. All of the subsequent troubles that result are real ones, including his involvement in smuggling and murder.

"It used to be that some producers thought movies had to be made to lift people out of their own lives into a kind of misty dream world filled with beautiful women, handsome men, golden chariots, and buckets of money.

"As an actor," he continued, "it gives me a great deal more satisfaction to play the role of a real man on the screen than to fool around with story book heroes."

YOU NEED VACATIONS

If you are a busy worker, it isn't a good idea to skip that vacation. The man who boasts that he never takes a day off isn't paving the way for a healthy old age. Workers needs the change of scenery, fresh air and rest that will set them up for another year. Make the vacation as different as possible from everyday routine — if your work is strenuous, take a restful vacation; if sedentary, go in for such exercise as you enjoy, without overdoing it.

Band Programme For Monday Night

Program of concert to be given by the band of the Royal Montreal Regiment in Westmount Park on Monday, July 16, 1951, at 8:15 p.m. Capt. T. E. Jackson, Director of Music.

Weather Takes Toll of 4 Games

RMR Lose One Win One In Service Softball

Any team who has ideas of winning the Westmount Inter-Service Softball League Championship, will have a tough grind ahead of them, so evenly matched are the teams. At present the R.C.M.P. are leading but only 1 game ahead of R.M.R., Navy and City of Westmount, who are all tied for second place.

In games played last week, R.C.M.P. defeated R.M.R. 14 to 7, while the Reg't. de Chateaugay took the measure of the City of Westmount 10 to 19; in the other game Navy fell victims to R.M.R. by the score of 8 to 6.

DEADLINE FLASHES

By BOB LUNNY

What happened to Sugar Ray Robinson? Is Robinson over the hill? Was Sugar Ray over confident? These are a few of the many questions that will be asked during the next few weeks. Robinson will be thirty-two next month and after his defeat by Randy Turpin many boxing fans will wonder if he is still the best fighter in the world, pound for pound.

Sugar Ray didn't go through the proper training before a championship fight. Both fighters have agreed to fight in New York on September 26th and with six good weeks of training he should win back his championship. Turpin at 23, has a bright future ahead of him and with good handling he should be very prosperous at the age of 30.

Andy O'Brien pulled his third boner in as many weeks when he said and we quote: "Ratterman created a sensation at Notre Dame by jolting the great Johnny Lujack out of his quarterback post." My dear friend he didn't jolt Lujack out of his position but he did jolt himself right out the front gate at Notre Dame for disciplinary infractions.

We are still sticking with Chicago White Sox to bring home the pennant in the American League. They have lost many games by a one run margin.

Blue Bonnets paid an all time low for "place" betters last Wednesday when Vermont Son won and paid \$2.05 for "place". A "place" bet is when a horse comes in second. One rack track enthusiast wagered \$40.00 on Vermont Son for second place and won exactly one crisp dollar bill. How crazy can you get. After the second race two jockeys had a little fist fight much to the delight of the grandstand crowd. With Frankie Eddolls and Porky Harris coaching, yours truly won two hundred in three days last week. Major Factor should win the King's Plate tomorrow.

Local News

Mickey Bourassa has become engaged to pretty Thelma Cassidy . . . R.M.R. have started their football practices already. They practice every Thursday night and will welcome any newcomers . . . Apologies to Jimmy DeLainne Jr., for telling readers that he goes "alone" to the wrestling shows at Stade Ontario on Saturday night . . . We were with him once . . . Now James will you take me to Ottawa to see the races . . . Westmounters John O'Reilly and Dave Belcourt enjoying the summer near Mont Joli.

Motorcycle Collided With Auto At Greene

Sherbrooke Street and Greene Avenue were the scene of an accident last week when a motor cycle, driven by Chris Higgins, 21, of 1021 Fifth Avenue, Verdun, collided with the car of Camille Potvin, of 3302 Gohier Street.

Atwater Ball Loop Leaders

Barring injury or any unforeseen slump, Gino Bellini of the St. Henri Red Sox appears on the way to his first Atwater Senior Baseball League batting championship.

The diminution outfielder has held down first place among the hitters since the loop's 25th anniversary schedule was inaugurated in mid-May. Each week his lead grows larger. According to the latest league release, Bellini is hitting a swarthy .433 for a 38-point edge over his nearest rival.

Events Scheduled Next Week at WAG

Next week's schedule for the Westmount Athletic grounds lines up as follows:

Monday, baseball, Verdun vs. Y.M.H.A.

Tuesday, soccer, Italia vs. Ukraina.

Wednesday, baseball, Verdun vs. Y.M.H.A.

Friday, No. 401 Squadron Pipe Band practice.

Westmount First Wicket Stand Scores 56 to Win

In exceptionally low scoring cricket games, in which the bowlers definitely held the upper hand, four teams advanced into the second round of the Davidson Cup. Results were very much as expected, with Westmount scoring the most decisive victory in their match with Wanderers who could only muster 55 runs against the bowling of Taylor who had 6 for 22 and Brooks with 3 for 12.

Westmount Pair Serve

Only Ireland with 17 and Leonard who had 12 showed any signs of getting runs, Taylor being in the best form he has shown this year. Crowl and Ries with 35 not out and 20 not out respectively put on a first wicket partnership which was sufficient to take Westmount's score to 56 without loss.

At Maisonneuve, Oram with 21 and Lawless with 15 were the only batsmen to get anywhere against the bowling of Palmore (6 for 31) and Jones (4 to 21) so that the home team were all out for 52. Verdun lost three wickets to Lawless for 31 runs, but Ramsey's 23 not out and Padmore's 16 were sufficient to take the total to 55 for 3.

St. Paul's only mustered 43 runs against the West Indians, Rilstone with 14 and R. Mercer with 11 being the main contributors. Clarke of the Indians had a good day with the ball and captured 5 wickets for 18 runs while Farley picked off 3 for 19. The Indians had a tough time making the grade against Rilstone (5 for 20) and Carney (3 for 22), but thanks mainly to Horace Lewis' 13, managed to squeeze through with 46 for 9.

The present cup holders, McGill, knocked off the Adastrians for a mere 28 and replied with a not too sure 31 for 5 to keep their Cup record clear.

Choice has now been made of the Quebec Provincial team to meet Ontario in Toronto this week-end and is as follows: G. Carter, captain, V. Pilgrim, G. Taylor (Westmount), D. Barker, D. Clarke (West Indians), M. Rilstone (St. Paul's), H. Padmore, S. Bond, J. Cameron (Verdun), B.

An open-air show run by Lupino Lane, who introduced the "Lambeth Walk" in 1937, will be a feature of the Festival Pleasure Gardens in Battersea Park. Calling themselves the "Lambeth Walkers," the cast will include a Pearly King, a Cockney Charlady and a "barrow boy."

Yards and RYPS Beaten By Stars and Aladdins

By ALLAN SANDZELIUS

With no game scheduled for Monday, July 2nd, and the following Wednesday's games rained out as were the games of Wednesday last, the past two weeks' activities in the Westmount Intermediate Softball League were somewhat "dampened" as this Wednesday's do's gave a short glimpse into what may well have been major upsets when Avenue Stars were spotting the Lunny-led Aladdins a one point lead in the bottom of the fifth, losing 4-3, and the R.Y.P.S. led the seven-man Yard team 14-13!

In the games played on Monday the 9th, the power-packed Avenue Stars edged a hard fighting Yards crew 7-5 playing a hard and, for a change, clean game in

which unfortunately, colorful Guy Bonnier tried a bit too "enthusiastically" to grab a high fly ball, or so he says? and as a result has his arm in a sling with a badly pulled shoulder ligament. Also on Monday, the Aladdins took the R.Y.P.S. into camp 21-5 behind the four run efforts of MacDonald and Taylor, and three each by McCarthy and Forey. Lunny, Losito and Knott each bagged a run as Jolly and McFadden bagged home two. R.Y.P.S.'s runs were evenly scattered;

Don Badke, Young, Cochrane, Reble and Locke scoring for the losers.

Monday, July 16th, is the date of the next scheduled games as Aladdins play host to Yards on diamond No. 1 and Avenue Stars visiting R.Y.P.S. on No. 2. With six games remaining in the Intermediate League season, the standings at the moment are as follows:

	P.	W.	L.	For	Agst	Pct.
Ave. Stars	13	12	1	110	63	.923
Aladdins	12	6	6	131	97	.500
R.Y.P.S.	13	4	9	94	143	.308
Yards	12	3	9	73	108	.281

UNION MADE

I Remember

By G. P. SMITH

A series of articles by a retired coach and physical director recalling great athletes and great teams. Mr. Smith was 32 years of Westmount High as director of physical education (boys), and concurrently 28 years at McGill as wrestling coach.

Being a school phy. director has many happy moments, but during the war, or I should say the two great wars, it had many sad times when picking up the morning paper and seeing the features of some of the finest of your previous students and athletes among the dead and missing, boys that you had spent many hours on building up for a happy future and finding them cut off in their early manhood in a war to end all wars. How ironic this all seems now with the world in the mess it is today.

The teams of the thirties were all represented in the armed services of the last war and many of them joined the great majority while many others were in the casualty lists.

Trees Planted In Summit Park Growing Nicely

The 500 young trees planted in Summit Park on top of Westmount Mountain this spring are doing well. E. J. Anderson, superintendent of parks, told The Examiner.

Norway spruce, American elm and birch make up the 500 trees planted, said Mr. Anderson.

This is the first planting of a plan to gradually increase the number of trees on the mountain top. This fall more plantings will be carried out in the reforestation scheme but this time it will be transplanting natural growth young oaks.

Asked whether the public were being careful not to disturb the young trees Mr. Anderson said that so far he has no complaint to make in this connection. Everyone seems to be co-operating in the experiment to replace the dead and dying old trees in Summit Park in which the bald spots are beginning to show.

It is proposed to continue the tree planting over a period of years in Westmount renowned for its trees which are much admired by the many visitors to the look-out.

Canadian Rlys. Increase Fares

If your holiday plans call for first-class accommodation on either of the Canadian railroads this summer it's going to cost you more than you've figured on.

As of July 15, the minimum fare for a standard lower berth will be increased from \$2.50 to \$3, with proportionate increases in the minimum fares for other types of standard sleeping car space, and minimum fare for parlor car seats will be increased from 50 to 75 cents. Fares for longer trips in standard sleeping and parlor cars will not be increased.

Tourist car fares which are based on 50 per cent of the standard berth fare will be increased for all distances to 66 2-3 per cent of the standard berth fare.

The announcement of the increase in fares was made on Monday by J. A. Brass, chairman of the Canadian Passenger Association. Increased costs of operation have forced the Canadian railways and the Pullman Company to increase minimum fares for standard sleeping and parlor car accommodation, Mr. Brass said.

City Council To Suspend Meetings For Three Weeks

No City Council meeting will be held during the next three weeks. Only one meeting will be held in July with another set for August.

With vacations the order of the day it is difficult getting a quorum during the summer months.

Football Feat

Included in the death list were the names of three of my boys who had pulled off one of the finest things I have seen in many days of watching football games. With 45 seconds left to play in a game with Stanstead College, and the score at 4 to 2 for Stanstead, we were on our own 4 yard line in possession of the ball. Doug Lawley, one of our masters who was timekeeper, said, "Well, George, it looks as though we have had it." Just then I looked down the field and there was Norm Johnston twisting, wearing, pivoting and then he was in the clear up to centre where he was stopped. He put the ball down on centre field, with one play left Doug called for a forward pass. He took the ball and faded back and when Joie Jacobson was in the clear, Doug let out a "Yippe" which was the signal for receivers to look around and as Joie looked around on their 10 yard line, the ball met him there and he went over for a touch. The Stanstead team just sat down on the field flabbergasted. The previous Saturday Doug, in the last play of the game against W.H.H.S. for the City Championship, tied the game with a kick to touch in goal from centre field.

To my mind he was the best all-around football player ever developed in the school league. He could kick, pass, catch, tackle, carry the ball and even though he was shortsighted, he, along with Norm Rettie, a stonewall on the secondary, as big Frank Murphy and Gordie Nooseworthy of W.H.H.S. found out in the city playoffs. Doug hitting high and Norm, low, or vice versa, depending on which side the play was coming through.

Team of 1935-36

The football team of 1935-36 was unpredictable, you never knew what to expect. One game they would be marvellous and in the next they would muddle through or pull off plays like the previous ones I mentioned.

Included in the lineup were, S. Beardmore, Joe Nye, and John McLurg on the half line; Jack Mowatt at snap; D. Spearman, Bruce Johnston, C. Ross and Alex Ross with hardy John Hanson and R. Anderson at outside, with Joie Jacobson, J. Phillips, Norm Johnston, and big Kirkpatrick as alternates.

The B team, with a fine lot of players coming up, won their school title but lost out to the St. Lambert team in the city playoff by a score of 6 to 1. During the season they scored 121 points to 3 against them with a number of future greats standing out in the play. To mention a few, we could include Cammie Mussels, Russ Graul, a speed merchant, Alex Thompson, captain and quarterback. The juniors did not do so well.

League Title

In hockey we won the league title, but lost out to the strong Catholic High team, coached by Brother Paul, by a score of 1 to 0 in two games. W.H.H.S. likewise M.H.S. had strong teams and crowded us all through the season. We were fortunate in having some outstanding players on our team, but unfortunate in many games, having two or three of our play-

To Attend World Scout Meet

Jackson Dodds, C.B.E., of 58 Belvedere Road, Westmount, deputy chief scout for Canada, centre, will attend international scout conference and World Scout Jamboree in American zone of Austria July 30 to Aug. 10. Above he is seen with daughter, Jean, and son, Stanley, on deck of CP liner, Empress of Scotland, prior to sailing from Quebec City. Mr. Dodds will return to Canada in August.

ers down with Flu.

We had a nice trip to Toronto where we played the U.C. College team who had just been eliminated in the junior playoff. We played them to a standstill and were on the way to winning when Jack Fry, our goaler, got hit in the mouth by a puck; he was badly cut and let a few soft ones in right after. In this game I was amazed at the stamina of the team after being up all night on the train, as there were no sleepers. They played their best game of the season. Jack Mowatt was a standout. The other members of the team were C. Ross, Doug Small, captain, on defense, with J. McMartinand, Bob Bennet alternating. Up forward were Stew Wright, J. Thompson, Kev Casey on one line, and Jack Mowatt, Ross Benison and Buddy Hellyer on another, with John Kennedy spare. Buddy and Ross later starred on the big teams.

In basketball it was changed to run concurrently with hockey and

it was necessary to call on Mr. P. Wearing, a new master at the school, to help out. In this he did a very good job and left me freer to look after the three hockey teams which took a lot of time since it was necessary on a number of occasions to leave the Forum before the senior game was over and hurry out to Lachine or

Objective Is Reached For Queen's Carpet

The Imperial Order Daughters of the Empire Thursday announced it had raised \$100,000 to buy Queen Mary's Carpet, made by the Queen Mother to raise money for dollar-short Britain.

Mrs. John H. Chipman, national president of the I.O.D.E., cabled Queen Mary; Princess Alice, the Order's representative in Britain; Lady Reading, chairman of the British Carpet Committee, and Prime Minister St. Laurent in Ottawa:

"Delighted to advise you that the I.O.D.E. has today exceeded its objective of raising from the public \$100,000 with which to buy Queen Mary's carpet for Canada."

Loyola to handle the B team of the juniors.

The idea of playing the two sports concurrently was one of Jack Lang's and proved its value by giving more boys a chance to play inter-school sports, whereas before many boys played on the three senior teams.

I have never met anyone more enthusiastic about changes than good old Jack and many the friendly battle we had in the committee room over changes particularly in football where I fought all drastic changes to find out their value before voting for them.

Jack deserves great credit for being able to bring all the high school under one head in sport as many had tried for years to accomplish this without success. He is a wonderful organizer and a dynamo of energy.

MAN GUIDES ROWBOAT THROUGH STORM TO SAVE STRANDED PAIR

George Hill, of Ville LaSalle, Que., braves windswept water of Lake St. Louis in small craft

1. George Hill, with his wife and two children, had driven out to open their summer cottage at Vaudreuil, Que. They had only been in the house a short while when Mrs. Hill heard frantic cries for help coming from the lake. Looking out, they saw that the wind had whipped up heavy waves... and in the distance they could see a small boat, overturned, with two men clinging to it. They were both shouting at the top of their lungs for assistance.

3. Manoeuvring the stern of the boat was no easy task... but Hill managed it. Soon he had the nearly exhausted men aboard and, after half an hour's hazardous rowing, brought them to shore. Many spectators called Hill's venture almost suicidal. Most Canadians will agree that it was a feat of great courage... and we are proud to present him with The Dow Award.

2. George Hill immediately broke open a locker and found a pair of oars. Placing them in a nearby rowboat, he pushed out into midstream. Although he had been a crack paddler in the early 30's, Hill knew that a canoe would have no chance in those choppy waters. Even the small rowboat was a flimsy craft to do the job Hill had in mind. He was buffeted about by the waves and several times was almost swamped.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes, as a tangible expression of appreciation, a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, selects Award winners from recommendations made by a nationally known news organization.
