Sherbrooke Daily Record.

Established 1897. SHERBROOKE, QUE., TUESDAY, MARCH 9, 1909. ONE CENT.

THE C. P. RAILWAY'S SHERBROOKE PLANS.

Contract Will be Let in a Few Days—$100,000, and Probably More, Will be Spent This Year—New Station, Big Round House, Etc.

As soon as the weather permits, work will be commenced on the proposed new station and other improvements by the Canadian Pacific Railway Company. The work to be carried on here will mean a great deal to Sherbrooke, not only while the work is going on next summer, but also add considerably to the population of the city in the future. As already mentioned in the Record the Canadian Pacific Railway Company has made an appropriation of $100,000 to carry on the work mentioned, but a leading official of the Company stated to the Record last night, that from the plans already prepared it would appear that this amount would have to be increased. This official stated that the plans were all prepared, and that if the contract was not already let that it would be in a few days, as the conditions call for the completion of the work by the month of October.

The plans call for a handsome new station to be erected on the north side of the track just beside the Belvidere bridge. The front will face on to Belvidere street, where the main entrance will lead from and will about directly face the new armoury. The platform will run alongside the main line so that there will be no shunting and no delay as heretofore experienced by passenger trains. To make room for the passenger station and to have the surroundings in harmony with the building, the present coal shoots and water tanks will be removed to a spot near the C.P.R. bridge over the Magog river at the end of the yard. The new water tank will have a capacity of 80,000 gallons, being 20,000 gallons more than the present one. In addition there will be three stand pipes distributed throughout the yard for the purpose of supplying water to the engines so as to avoid any delay in going to the large tank.

The plans also call for a round-house which will accommodate sixteen engines and this building will be erected on a portion of the property, recently acquired by the Company running up from the Rand Drill property. So far no plans have been shown for shops, but the care of the engines to be stalled here will mean a considerable increase in the Company's employees here.

The yard will also be extended by six new tracks.

An important improvement which the company will make is that in connection with the freight sheds. The present freight sheds will be used as storage warehouse, where merchants and others can store their goods.

New and up-to-date freight sheds will be erected on the Company's property running from the end of the present station on Belvidere street down to the crossing at Market St. From this new building freight can be hauled much better than at present. Carters and others will be able to drive up on to Belvidere street and get their loads, and then proceed down Frontenac street, thus saving considerable time and inconvenience. The present station will be converted into a freight office.

LIVELY SCENES IN THE LEGISLATURE.

Henri Bourassa Made Fierce Attack on Government.

MEMBER FROM RICHMOND CALLS ON HIM TO MAKE SPECIFIC CHARGES — MR. GIARD, M.L.A., SPEAKS.

Quebec, March 9.—In the presence of 1,500 occupants of galleries and every available vantage point in the Legislature, Mr. Henri Bourassa, in the first session of this week, maintained a steady stream of criticism upon the Government until long after midnight The Nationalist leader started his speech at 11 o'clock, and at 1.15 o'clock in the morning his supply of criticism still seemed inexhaustible. The occupants of the galleries, including many ladies, seemed not to want to leave until his speech was terminated, and scarcely a member's seat was vacant. But though Mr. Bourassa spoke

MR. P.S.G. MACKENZIE, M.L.A. for Richmond.

in lively tone, at times advancing to the very middle of the chamber, shaking his hand at the scowling Premier opposite him, his accusations were mostly repetitions of charges he has already frequently made on the hustings regarding the speculation tolerated by the Government and monopolies granted to large companies.

It was said early in the morning that Premier Gouin was determined to keep the house in continuous session until the debate on the address from the throne was concluded.

Before Mr. Bourassa commenced his address something in the nature of a challenge was launched against him by Mr. P.S.G. Mackenzie, who called upon the Nationalist leader to nail his colors to the mast and make good charges against ministers of the Crown, or else cease his criticism.

Mr. Mackenzie said the Opposition members, if they believed their charges, should stake their seats upon an investigation to prove them, and Mr. Mackenzie himself promised to aid in any such inquiry.

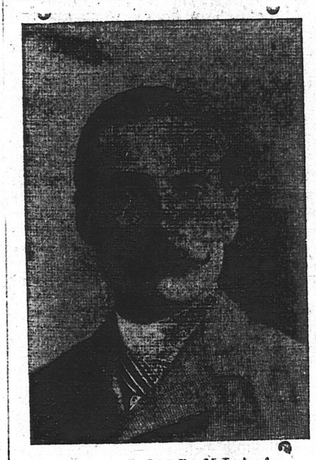

At 2.15 o'clock in the morning, when Mr. Bourassa finally concluded his speech, after having continued speaking for three hours and a half, Mr. Caron L'Islet, moved the adjournment of the debate. Such a lengthy speech, listened to with such undivided attention by gallery occupants and members, has seldom been equalled in the Legislature.

Interest was aroused when Mr. Lavergne arose, because it was expected that he would reply to Hon. Mr. Weir's lively speech of last Wednesday with a like spirit. Mr. Lavergne did hand in one return blow. "The provincial treasurer," he said, "remarked that my language was unfit for the back alleys of Quebec. He was right; my language was not fit for the alleys, but his was."

Occupants of the galleries applauded the latter point, and Speaker Pelletier reminded them that if they did so again he would instruct the constables to eject the offensive parties.

MR. P. S. G. MACKENZIE.

Following Mr. Lavergne, Mr. P.S.G. Mackenzie (Richmond), made sarcastic remarks about the former's "extensive vocabulary of vituperation," and to the arguments which he had "jumbled

MR. A. W. GIARD, M.L.A. for Compton.

together with a dexterity which did him credit."

Glowing eloquent himself, Mr. Mackenzie called the members on the left "a double-barrelled Opposition, whose policy was to get into power upon the wrecks of the reputation of public men." After referring to charges against Hon. Mr. Turgeon, Mr. Mackenzie declared: "I believe that the province is getting sick and tired of hearing the characters of men traduced on every hustings and on every occasion, and people are watching now for specific charges against ministers of the Crown. It is time for members of the Opposition to nail their colors to the mast of Parliamentary law, and, placing their seats at the disposal of the country, come forward and make charges in the usual way, and this Parliament will be able to ascertain whether those charges are true or false. As a member of this House I am prepared to aid in this investigation."

Abolition of toll gates, Mr. Mackenzie advocated. Toll bridges, he said were brakes upon the wheel of progress. He believed in technical schools and thought the public favored undenominational ones. Speaking about rural roads, Mr. Mackenzie advocated the abolition of statute labor.

MR. A.W. GIARD.

An appeal on behalf of the Eastern Townships was entered by Mr. Allen Wright Giard, of Compton. One of his complaints was that the elementary schools in the Eastern Townships were not receiving their share of the funds. In Compton some of the schools were only open six months in the year, this being due to the school houses not being in better order, roofs leaking, windows off and broken.

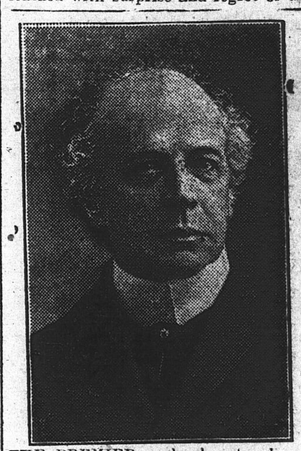

Mr. A. N. Thompson, registrar of Stanstead, was in town yesterday.

WANT SIR WILFRID IN QUEBEC EAST.

Electors Urge Premier Not to Relinquish Seat.

WAS REPORTED THAT HE WOULD SIT FOR OTTAWA CONSTITUENCY.

Quebec, March 9.—At a meeting of the Liberal electors of St. Roch and St. Sauveur, a resolution was drawn up and carried, expressing the desire that Sir Wilfrid Laurier should continue to represent Quebec East in the Commons. The resolution reads as follows: "That this meeting has learned with surprise and regret of the

THE PREMIER, who has to choose between two constituencies which have elected him.

rumor that Sir Wilfrid Laurier would represent Ottawa for the rest of the term.

"That there has been no request to this effect put into circulation in Quebec East division, as certain papers have intimated.

"That, as Sir Wilfrid Laurier, on the last occasion on which he addressed his electors of Quebec East, declared that he wished to keep the seat as long as the electors should continue to give him their confidence, this meeting considers these rumors injurious to Sir Wilfrid Laurier and indignantly protests against them, and renews the expression of its confidence hoping that Sir Wilfrid will continue for a long time yet to represent this old electoral division of the Province of Quebec."

THE DEATH OF MR. E. C. HALE.

Passed Away at His Home at Lennoxville To-Day.

A WELL KNOWN AND HIGHLY RESPECTED CITIZEN AND LIFE-LONG RESIDENT.

The sad news of the death of Mr. Edward C. Hale of "Plantation" Lennoxville, which occurred at an early hour this morning, came as a great shock to the community. Mr. Hale, whose health had always been unusually good, had been ill since early in December, with combined bronchitis and grippe, which had greatly reduced his strength. He was apparntly recovering, and was able to drive and walk out, but on Thursday last he was taken with a chill, which was the precursor of the end.

Edward Chaloner Hale was the second son of the late Hon. Edward Hale, grandson of the late Hon. John Hale, of Quebec and grand-nephew of Lord Amherst. He was born at "Sleepy Hollow" Brompton Road, in 1844 and was 64 years of age. He is survived by his wife, who was Miss Nellie Chillas, daughter of Mr. John Chillas of this city, one son, Mr. Chaloner Hale of Montreal, one daughter, Mrs. R. Trevor Buchanan; two brothers, Mr. E. J. Hale of Quebec, and Mr. W. Amherst Hale of "Sleepy Hollow," and three sisters, Miss Hale, Miss Winnie Hale, of Sherbrooke, and Mrs. H. T. Machin, of Quebec, with two grandchildren.

Since 1883 Mr. Hale had been connected with the Sherbrooke and Stanstead Mutual Insurance Company, as local agent and in that capacity was widely known throughout the country and deservedly popular. He was an ardent sportsman and was never happier than when on a hunting or fishing expedition with a few chosen friends, while his beautiful home in Lennoxville bears evidence to his taste and skill in landscape gardening. He was everybody's friend. His genial manner, kind heart, humourous outlook in life, and abounding charity were marked traits of an unusually fine character. Simple and unpretentious in his home life, he was given to hospitality, a devoted husband and father, and staunch friend. In short, few men will be more deeply missed, than the late Edward Chaloner Hale, and none more sincerely mourned. The sympathy of all their friends is extended to the family in their great bereavement.

MAPLE SUGAR AND SYRUP BUSINESS.

City Buyers Still Suspicious Regarding Purity.

CUSTOM OF ADULTERATION, IN VOGUE A FEW YEARS AGO, NOT YET FORGOTTEN.

The maple sugar season is near at hand and there is no place in the world where this means so much as in the Eastern Townships.

A few years ago when white sugar became very cheap, much cheaper than the maple product, many makers developed the custom of mixing a certain percentage of white sugar with the maple product. They claimed it made an article of better color and did not seriously affect the flavor. It had a very bad effect, however, on the market. Consumers became suspicious and were never sure they had the genuine article.

Laws against such adulteration have since been passed and makers have, in the majority of cases, come to realize that after all it pays best to make the genuine pure maple sugar or syrup.

During the past few years, it is believed, comparatively little of the "mixture" has been shipped to the market.

City buyers, however, have not ceased to be suspicious and it will require several more years of honest dealing to convince them that the label "maple syrup" or "maple sugar" means what it says.

A Montreal paper, yesterday, had the following:

"The approach of spring-like weather brings with it the annual making and distribution of maple products. This particular line has annually given particular annoyance, not only to the local wholesale and retail trade, but to the good housewives, who are being continually deceived, especially by the gentlemen from the rural districts, who, unfortunately, take upon themselves the responsibility of misrepresenting, at times, the true quality of the syrup. It is no secret art all kinds of compounds are made up and sold to the innocent as the real thing, and it is here that the trade is desirous, to as far as possible, stamp out this deceptiveness. Of course, there are a few makers who are honest enough to properly label their goods, but this is not the rule. Members of the Wholesale Produce Association are doing all in their power to discourage this practice on the part of those who make maple products, and each spring a sharp watch is kept so that the good and the bad may not be simulated. The law appears to cover the question of adulteration, but according to those in a position to know, it is quite evident, that the authorities are somewhat negligent in their duties in placing the responsibility for the many fixtures in maple products which find their way into the market.

"Already, our friends from the country are offering maple syrup, but, of course, they will not tell you, unless you especially inquire, that the syrup is not of this year's make. This is the annual practice, and it is not surprising that the game should be again in operation so early in the season. The real maple syrup and sugar will not be on the market for several weeks to come, and those buying these products at the present time, must do so on their own responsibility, accepting them for what they are actually worth as to price and quality. From present indications, it is expected that, the 'make' this spring will be at least equal to other seasons, while prices are likely to show very little change for the best qualities of syrup and sugar. The export demand for these commodities is becoming a factor in wholesale produce business, as the demand from the British Isles and large distributing points in the United States is showing increased demand each succeeding year."

AMBASSADOR TO ENGLAND.

WHITELAW REID MAY BE RECALLED.

New York, N.Y., March 9.—(Special)—A Washington special to The Times says it is generally assumed that Whitlaw Reid will not continue as Ambassador to England and the presence in Washington of Timothy L. One of the blocks turned over, while he was standing on it, pulling another one out. Although very wet and cold, he managed to reach home without further mishap.

The Revs. Hepburn, Carmichael, of Richmond, McConnell, of Ulverton, Woodley, Brunton, Murray, LeGalais, Bissell and Pergeau were present, and Mesdames Sanderson, Stevenson, Hepburn, Brunton and Pergeau.

The next session will be at the Episcopal Rectory, Richmond, on April 19th.

MAGOG GIRLS PLAY HOCKEY.

Magog, March 9.—(Special)—Great excitement was shown at the Macpherson rink on Friday last when the English girls played hockey against the French girls. The referees showed excellent judgment in their unbounded kindness to both sides, two only being ruled off during the game. Unfortunately the French girls were unable to put up a full team, being one short and had to put a boy in goal. They took the goalkeeper of the French school. This of course, necessitated the placing of a boy on the English side in the same position.

The game resulted in a victory for the French girls of 2 to 0. It was a clean game throughout and when time was called everybody was more than satisfied that they had got more than their money's worth, especially the referees. On the English side the good play of Dorothy Cryer, Madge Macpherson and Eva Truax was particularly notable, and for the French the puck was skillfully handled by the two Roses, Ducharme and Fortin. Referees—Mr. Geo. Garceau and Mr. Herb. McDougall.

BLAZE AT NORTH HATLEY.

North Hatley, March 9.—(Special)—A serious fire was narrowly averted on Friday. At about 5 p.m., the B. & M. station was discovered to be on fire by little Margaret Margraff, who with some other children were playing across the street. When first seen the flames were issuing from the roof near the ridge pole, having caught from the spark of a passing engine. There was only a small space of the shingle roof left uncovered by the recent snow storm but of course that was where the spark fell and had it been at night, in all probability the whole station would have burned.

It was a bitter cold day and many of the volunteer firemen suffered from the exposure. Rev. Mr. Skinner froze his nose and ears quite badly. Luckily there was plenty of water and by chopping a hole through the roof the blaze was extinguished.

CARELESS HANDLING OF FIREARMS.

South Stukely, Que., March 9.—(Special)—On Sunday morning last, Mr. Fred Eaton of this place, had what he considered a very narrow escape from being shot. While passing along the street a short distance from the post office, a bullet whistled past his head, so close as to give him rather an uncomfortable feeling for a short time.

Mr. Eaton does not think any harm was intended to him, but it has been the practice of late for a few small boys in our village to amuse themselves nearly every day in the week by firing rifles at marks and objects regardless of the danger to people passing about their business. As this is not the first instance where life has been endangered by such carelessness, it would seem to be high time that someone should make a move to put a stop to it. The parties are known who were shooting Sunday morning.

REWARDED FOR HIS KINDNESS.

Windsor Mills, March 9.—(Special)—Mayor A. Trudeau was the victim of a practical joke last week. On Friday when going from his mill to his home he was overtaken by two men who were leading a horse, which appeared to be played out. Although strangers to Mr. Trudeau, they called him by name and asked him if they might put their horse in his stable. Mr. Trudeau asked them why they did not go to a hotel or livery stable, and they replied that they had no money, so the day being very stormy he told them to put their horse in and feed it, which they did. Next morning when Mr. Trudeau went to his stable the strange horse was down, so he helped it to its feet and gave it hay and water. The next time he entered his stable the horse was down again, this time to stay, as it died soon after. The two men were complete strangers to Mr. Trudeau, who expresses himself as not minding a feed or two to a strange horse, but he does object to paying their funeral expenses.

The I.O.O.F. Bros. have rented their banquet hall to a photographer who is taking ping pong pictures.

Mr. R. Gilbert has rented a part of his house to a gentleman who is running a cheap sale of ready made clothing.

There is not an empty house in the place, and there are a number wanting to rent a house for the summer. This would be a good place for a butcher, there being none within four miles and they would fill a vacancy much needed, people having at times been obliged to send to East Angus for their fresh meat during the summer.

Any subscriptions to the Record will be gladly received and promptly forwarded if left with Mrs. F. R. Bishop.

Rev. Mr. Howe preached on Sunday night, an eloquent sermon from the 8th chapter of Luke 22nd, 23rd, 24th and 25th verses. The choir sang the hymn "Wonderful Peace," and Mr. Herbert Harrison sang a solo entitled "Peace be Still," (a new edition), which was very appropriate. Next Sunday night the service will be conducted by Rev. Mr. Dustin of Minton, Que., the subject being "Temperance and Moral Reform." The next class meeting will be held on Friday night at the home of Mrs. M. C. Bishop. The subject for this meeting will be the plagues which visited the children of Israel. A cordial invitation is given to these meetings which are conducted by Rev. Mr. Howe and are very interesting.

The lowest priced tea is not the cheapest. "Brown Label" "Salada" Tea at 30c. per pound makes many more cups than any tea sold at 25c. per pound. It is therefore, not only more economical to use, but it is infinitely more delicious.

THE LATE W. W. OUGHTRED, OF MARBLETON.

In the passing away of W. W. Oughtred, of Marbleton, recently reported in the Record, the town loses one of its most highly respected residents. Although not a very old man, 71 years of age, he lived and died on the same farm upon which he was born. Mr. Oughtred had not enjoyed good health for some three or four years, but continued his work as lumberman until about a year ago. Since then he has been more or less an invalid, but able to be about the house and drive around town, and take an occasional trip to Quebec, Sherbrooke and vicinity, where he was well known, being for a number of years a traveller and a member of the Commercial Travellers' Association. A day or two before his death he wrote a number of business letters, and died sitting in his arm chair. He was married quite young, at 19 years of age, to Jane Hart. Five children were born to them, all of whom are now living and attended his funeral. His wife predeceased him by a little over six years, and was the first death in the immediate family for over fifty years. About three years ago he was married to Gertrude Findley, of Durham, who servives him. His father, the late John Oughtred, who came from Yorkshire, England, when quite young, died after three days' illness from what is now known as appendicitis, and although he begged his attending physicians to perform an operation, they refused, as at that time such a thing had been unheard of by them.

Mr. W. W. Oughtred was a man of stirling character, whose word was as good as his bond. He had been for many years a justice of the peace, and in his younger days took an active part in municipal affairs. His life was well lived and he died in peace with the world and with God.

The service was held in the Methodist Church and conducted by Rev. Mr. Howe, and assisted by Rev, Mr. Adams, of Lennoxville, an old friend of the family. Some of the deceased's favorite hymns were sung by the choir, and the flowers were very beautiful. The remains were laid to rest in the Lake View Cemetery.

SMITH'S MILLS.

Mrs. George Aldrich is at Sherbrooke Hospital being treated.

Mr. Hutchinson of Fitch Bay preached a fine sermon in Smith's Mills Church on Sunday. A large crowd was present.

Mr. S. O'Leary has left for Boston.

Mr. Wallace Brevoort is getting out timbers for a large barn which he expects to get ready for haying.

Mr. John Brevoort of Griffin spent last week with his brother Wallace.

The Ladies' Aid at Mr. Parker's was well attended and a fine time enjoyed by all.

CHURCH ANNIVERSARY AT COATICOOK.

Fifty-Four Years Since First Methodist Church Was Built.

BANQUET ORGANIZED BY THE MEN OF THE CHURCH—GATHERING LAST NIGHT.

Coaticook, March 9.—(Special)—It is fifty-four years ago this month that the first Methodist church was built in Coaticook. In those days Coaticook was but a small place, not to be compared in importance with either Barnston or Compton. It was through the instrumentality of the Methodist minister at Compton that the church was built at Coaticook. The celebration of the 54th anniversary of the church took place at Coaticook on Sunday and Monday. The preacher of the day was the Rev. W. S. Jamieson of Stanstead, chairman of the District. Special music at the regular services added to the pleasure of the occasion. In the Sunday school in the afternoon a feature of special interest was the relation by Mr. D. Davis who will shortly celebrate his 81st birthday of the beginning of preaching in Coaticook and the formation of the first Sunday school. Mr. Davis came to Coaticook when the railroad was being built and at that time there was neither church nor Sunday school. A year or two afterwards a union school was held in a school house built on the edge of Barford and afterwards in another school house which is now used as a dwelling house on Wellington street. Then in 1855 came the building of the first Methodist Church. The first superintendent of what might be termed a Methodist Sunday school was the late John Thornton who at one time represented the county at Quebec. Then came the late G. W. Randall who was followed by Mr. Davis himself, later on by Mr. G. L. Masten in turn was followed by the present superintendent, Dr. Shurtleff. Addresses were also given by Mr. Masten, Mr. Jamieson and the pastor, Rev. R. G. Peever, B.D.

The celebration was continued last evening and took the form of a banquet conducted wholly by the men. The gentlemen did not provide an elaborate menu, the announcement being that it would be a banquet aux huitres. However, under the supervision of Mr. G. F. Fletcher the oysters were well cooked and satisfied the desires of the inner man. Then came the part of the programme which was most looked forward to. The audience was called to order by Dr. Shurtleff who filled the chair during the evening, when speech making began. Seated to the right of the chairman were Rev. Messrs. W. S. Jamieson, C. S. Deeprose of Sherbrooke, D. W. Terry, Baptist minister at Coaticook and L. H. Fisher of Barnston, while on his left were Rev. R. G. Peever, pastor of the church, Mr. G. L. Masten, recording steward, Mr. Otis Shurtleff, financial steward and other members of the official board of the church. The toast "Our King" proposed by the chairman was heartily honored by the singing of the national anthem. "Our Church" was proposed by Mr. E. W. Akhurst and replied to by Mr. Masten and Rev. R. G. Peever. "Our Trustee and Quarterly Boards" was proposed by the chairman and replied to by Messrs. J. H. Knapp, Otis Shurtleff and E. F. Tompkins. "Our Visitors" was proposed by Mr. J. N. FUTURE OF THE INTERCOLONIAL.

Mr. Emmerson Denounces Attempt to Sell It.

SAYS GOVERNMENT HAS NO MANDATE TO DISPOSE OF PROPERTY.

Ottawa, March 9.—The desirability of the absorption of branch lines by the Intercolonial was once more put before the House of Commons last night by Mr. Emmerson, who last session fathered a similar resolution. The main issue was swallowed up however, before the ex-Minister of Railways had gone very far in his two hour and a half speech, by a vehement denunciation of any attempt to dispose of the Government road. Mr. Emmerson, spent considerable time in elaborating the argument that this Parliament had no mandate to sell the Intercolonial to a private corporation and it was beyond its power to transfer or dispose of it. Mr. Emmerson did not blame the Canadian Northern for looking with longing eyes on the road as a connecting link with the present system and the Atlantic seaboard. Far from it. He saw in that desire a verification of the fact that the Intercolonial was a most valuable asset to the country, and, with a wise and vigorous policy, especially in the direction of absorbing by lease or otherwise those branch lines which would be profitable feeders, the Intercolonial's sphere of usefulness would be greatly enlarged.

LONG PROMISED INSURANCE BILL.

Introduced in the House by Mr. Fielding.

ASSESSMENT INSURANCE LEFT TO CURE ITSELF—A FORM OF MODEL BILL.

Ottawa, March 9.—The long promised insurance legislation was introduced in the House yesterday by Mr. Fielding in the form of a bill of 191 clauses, making a bulky document of 94 printed pages, including the schedules. It was explained by the Finance Minister, and after going through the formality of second reading, will be sent to the Banking and Commerce Committee, there to be handed over to a sub-committee to deal with it before it again makes its appearance in Parliament.

It was apparent from Mr. Fielding's explanation that the representations made by the insurance companies when the bill was before the committee last year have had the effect of removing from the present measure many of the drastic conditions of its predecessor. The question of investments forms a considerable part of the bill, and several changes have been made. Assessment insurance is left untouched. Mr. Fielding declaring that the companies engaged therein recognized the need of strengthening their position, and would be permitted to work out their own improvements. No limitation is to be placed on the expense of new business as was originally proposed, but a curb will be put on expenses generally. Another change is that life insurance companies shall provide for their policy holders as well as their shareholders having directors. A certain number of directors shall retire annually. Mr. Fielding has also included in his legislation a form of model bill with a view of facilitating insurance legislation in the future, making a uniform measure on the lines of bank charters.

naturally and rightfully regards her own as the best and sweetest. This is well illustrated by a letter received by the management of this contest. The mother writing said it was not convenient for her to send a photograph of the baby, but she would give age, weight, etc., and the judges might take her word for it that this baby was the finest in the Eastern Townships and deserving of a prize.

The roads in this section during the past winter have been unusually good. Previous winters have provided much more bare ground at times and much more deep drifts at others. The late breaking up of the winter roads is a blessing in this country, as the roads nearly always settle from the spring's frost about the same time in the year, and the early loss of snow simply prolongs the mud season.

Mr. J. B. Lamontagne, of St. Joseph de Levis, is in the city, summoned by the death of his brother-in-law, the late Robert Allard.

Don't forget the Recital in the Clement Theatre tonight in aid of the two local hospitals. Any one number on the programme will be worth the price of admission, and there will be several numbers.

Mrs. F. E. Lovell and Miss Vivian Lovell, of Coaticook, and the Misses Lance, of Richmond, was among the visitors to the city Monday.

Those attending Miss Webster's recital in the Clement Theatre this evening will confer a favor on the management and participants by being in their seats not later than fifteen minutes after eight, if possible. Probably nothing is more distracting to any artist than having people moving about in the audience during the rendering of a solo, besides, it often disturbes those who are listening and interested. To avoid the possibility of any such contingency at the recital this evening, the doors will be closed during numbers.

To-night after the Concert an especially attractive supper will be served at the Tea Room, 117 Wellington Street.

THE LATE ROBERT ALLARD.

The funeral of the late Robert Allard, an old and highly respected French resident of Sherbrooke, took place this morning from his home on Laurier avenue to St. Michael's Cathedral, with a large attendance of relatives and neighbors. The church was appropriately draped in mourning and the solemn requiem mass was sung by the Rev. P. B. Couillard, and the musical portion of the service well rendered by the choir.

The bearers, old friends of deceased, were Messrs. Abraham Audet, Alfred Gadbois, T. Chargorie, J. B. Lavois, Joseph Miller and Francois Godbout. Mr. Alfred Lanctot acted as funeral director. The mourners were the two sons of deceased, Albert Allard, of Providence, R.I., and Oliva Allard, of Sherbrooke, D. Duford, Fred Demer and S. Desjarlais, sons-in-law, J. B. Lamontagne, of St. Joseph de Levis, brother-in-law, and J. A. Cantin, cousin. At the close of the service the remains were conveyed to St. Michael's Cemetery, East Sherbrooke, there to be interred in the family lot.

The late Robert Allard was 63 years of age, and had been confined to the house for the past two years. He was a native of St. Joseph de Levis, and had been a resident of Sherbrooke 28 years. He is survived by his wife, who was Josephine Lamontagne, of Levis, the two sons mentioned above, and six daughters, Mrs. Frederick Demers, Mrs. Leon Desjarlais, Mrs. Dolan Duford, Lennoxville, and Misses Rosamond, Alice and Marie Louise Allard.

There were many offerings of masses and spiritual bouquets from friends of the family.

A NEST OF FLYING SQUIRRELS.

Fordyce Corner, March 9.—(Special)—While Mr. James Domingue and his son, Octave, were cutting wood a few days ago, they chopped down a tree which had a nest with four flying squirrels in it. One of the little animals was killed by the falling of the tree, and one escaped. Mr. Domingue and his son captured the other two and brought them to the house. One of the two being injured in capturing, died a few nights afterwards.

Letters to the Editor

WHO SAYS "WAKE UP MEGANTIC."

To the Editor:

Dear Sir,—Our friend, who cried: "Wake up Megantic!" in the last issue of the Megantic Chronicle, is, as usual, interesting, but this time a muckle factious. Now, factiousness is not always a sister to delicacy of the mind.

When Shepherds are under a heavy cloud, sheep may not be in a way to fatten into rich mutton. But was it the Shepherd mustered the cloud? He may have ventured, with the fold, too far or too soon under it; a pity to the mutton indeed, and a great one to the Shepherd all the same.

That is all bad enough without uncharitable insinuations. This would be malice prepense.

His reflections are certainly not incorrect in the main; it is that we speak of a vocational criticism on the loom, that's all. We are a people of many feathers in Megantic ville, trying to dovetail them into one; that is the aim not to be lost sight of by ruling minds and capable pens.

His next article: "A boulevard for Megantic," is to the point, and worthy of his pen's munificence.

All minds might meet his there.

Mansonville, March 9.—(Special)—Mr. Levi Perkins, one of the oldest and most prominent men of this place, died of heart failure at his home on Saturday, March 6th.

The funeral was held on Monday at the house at 2 p.m. Much sympathy is felt for the bereaved family.

MRS. W. B. MAGOON, VALE PERKINS.

Vale Perkins, March 9.—(Special)—A very sad death occurred here on Wednesday morning, March 3rd, when Mrs. W. B. Magoon passed away after a short illness at the age of 39 years.

Her death came as a shock to her friends. Although knowing her to be very low, great hopes were still held out for her recovery.

She leaves to mourn her loss a husband and six small children, also, five brothers and one sister.

The service was conducted by Rev. Mr. Miller, of Mansonville. After the service was ended, the casket laden with beautiful flowers was borne to its last resting place by her brothers; Messrs. Frank, Thomas and Walter Clark, and Mr. Ernest Magoon, who was a brother-in-law.

The sympathy of all go to the relatives in their sad bereavement.

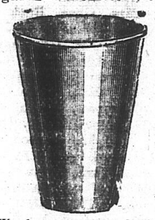

MRS. GIBSON BLAKE, MELBOURNE.

Melbourne, March 9.—(Special)—The death occurred Wednesday afternoon, at the residence of her son, Mr. James Blake, of Mrs. Gibson Blake. The deceased has been in frail health for some years, but an attack of typhoid-pneumonia hastened the end. Until last Sunday the deceased was in fair health, then the disease took her and her life was despaired of. Mrs. Blake was born in the township of Kingsey in 1835. She was the daughter of Mr. Peoples, an English barrister, who came to Canada several years ago. He practiced before the Bar of St. Francis and Three Rivers a great number of years. He was commonly known as Lawyer Peoples. The deceased leaves one son, James, with whom she resided. Two sisters survive her, Mrs. Judd, of New Westminster, B.C., and Mrs. Noble, of North Troy, Vt.

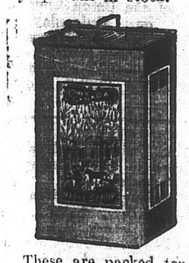

Owing to the storm which effectually blocked the roads, the funeral was postponed until Saturday.

THE ONLY BILL OF LOCAL INTEREST.

That of the Sherbrooke Protestant School Commissioners.

WILL SHORTLY COME BEFORE LEGISLATIVE COMMITTEE FOR CONSIDERATION.

The only bill of local public interest to come before the Legislature, this session, is that of the Sherbrooke Protestant School Commissioners.

This bill is: "To authorize the levying of a special school tax of not more than three mills on the dollar of the valuation of real estate belonging exclusively to Protestants in addition to the city school tax, and to provide for the fixing, altering, and collecting of school fees."

The present school tax in the city is five mills. This the bill if passed will give the Protestant board authority to increase its levy by three mills, that is to 8 mills on Protestant property. This would not affect Protestant property owned by joint stock companies as this is included in what is known as the "neutral panel" which would not be affected by the special levy.

The commissioners have stated that they do not propose, in case the power asked for is granted to levy the full amount of three mills additional, but to ask for only the one mill increase.

The commissioners took the replies received in answer to post card queries sent to ratepayers, as being in the main favorable to the bill.

Some stated their objection strenuously and there is still a feeling on the part of many that the Board should not seek greater authority than it absolutely needs, that is, if it can get along with one mill increase it should not ask for power to levy three.

The bill will shortly come before the Legislative Committee when the pros and cons will likely be threshed out.

Mr. Challoner Hale, of Montreal, arrived in Lennoxville at 10 o'clock this morning by special train over the G.T.R. The trip was made in a little over two hours.

The B. B. Society of St. Andrew's Church will give a sliding party this evening. The meeting place will be at the home of Mrs. C. E. Dodds, Mount Pleasant street, East Sherbrooke.

Y. M. C. A. NOTES.

The members of the boy's cabinet will hold a supper at the Y.M.C.A. this evening.

Dr. Spencer will give a lecture on "First Aid to the Injured," at 7.45 this evening to which everyone is invited.

There was a fair attendance at the Business Men's Class last night.

ASSAULTED A WOMAN.

A young man named Leblanc was arrested at 5.50 last night on the Aylmer bridge, charged with being drunk and assaulting a woman. The accused tore the woman's coat quite badly. He appeared before the Police Court this morning and was fined $5 which with the addition of $2 claimed by the woman, made a total of $7.

POLICE STATION NOTES.

Two men from Ireland applied at the police station for lodgings last night.

A man was arrested at the G. T. R. station early this morning charged with being drunk and being unable to give a satisfactory account of himself. He had $14.95 in his possession and was fined $4 this morning. He at first pleaded not guilty but later changed his plea to guilty.

SHERBROOKE SNOWSHOE CLUB. TO TRAMP TO-MORROW.

The Sherbrooke Snowshoe Club will tramp to Lennoxville to-morrow night. The snowshoers will meet at the Magog House at 7.45 and tramp to Lennoxville by way of Belvidere street and the Catholic Hospital. Coffee and sandwiches will be served at Cote's Hotel, each snowshoer paying for his meal.

The snowshoers will return by street car or tramp back on the river, as they choose.

Snowshoers from other clubs are cordially invited to tramp.

BISHOP'S COLLEGE NOTES.

The "Par Erogow Society" met yesterday and Prof. Gummer read an interesting paper on "Origin of Civilization." All members were present.

The College hockey team plays Stanstead at the Minto Rink on Thursday evening and a fast game can be looked for. At Stanstead Bishop's were defeated 12—6. This time they will try out to turn the tables.

To-morrow, Dr. J. Paterson Smythe, D.C.L., Rector of St. George's, Montreal, will be at the College. He will take charge of the divinity services throughout the day, and at 5 o'clock preach in the Chapel.

Mr. E. E. Boothroyd, B.A., who has been ill for some days past, is able to be about and to lecture.

CITY COUNCIL AND BOARD OF CONTROL.

The City Council at its last strenuous session adjourned till to-night. To-day it is practically understood among the aldermen that there will be no meeting.

In the meantime the future of the Board of Control is clouded with some uncertainty.

"The revolt," or "revindication," or "plot," or what ever one may choose to call the upheaval which occurred at the last Council meeting, resulted in the overthrow of the Board as first organized and the appointment of another.

Some of the aldermen named for this new Board declared that they would not act. So it is felt that the incident is not yet closed.

The present lighting contracts terminate the first of May, so that the Board of Control or Committee, or whatever organization has the matter in charge, will have to get down to work soon if the new schedule is to be ready by the first of May.

INTERESTING LECTURE AT Y. M. C. A.

Given by E. L. Stewart-Patterson Last Night.

CURIOS FROM A "WORD COLLECTOR'S CABINET," SUBJECT OF HIS ADDRESS.

Mr. L. Stewart Patterson, in his lecture last evening, at the Y.M.C.A., on "Curios From a Word Collector's Cabinet," said that until within the last hundred years or so the original and primitive language was considered as being Hebrew, and many attempts were made to trace the common words in different languages back to Hebrew roots, but without success, and it was not until the English Government in India found it necessary to translate some of the old Sanskrit laws, that it was discovered that Sanskrit was the forefather of what is now called the Indo-European Branch. Even to an ordinary observer, an appreciable similarity can be found in the common words of various languages, especially those denoting relation, parts of the body, objects of nature and art, all numerals and personal pronouns, and the present tense of the verb to be. The terms for God, house, father, mother, son, daughter, heart, tears, tree, dog and cow are identical in all European languages, and may be compared to watchwords of a great army in its march around the globe.

The Celtic was the language of the ancient Britons, who were gradually driven westward, until they reached Wales, where this tongue is still spoken. Coat, basket, cart, pranks, sham, pert and imp are all good Celtic words. The Danish element was brought in about the 9th and 10th centuries, and it has been estimated that some 1500 places in England have names of Danish origin. All towns ending in "by" for instance, "by" standing for village or community, hence our word by-law. The Anglo-Saxon, however, is the basis of our language, and although the dictionaries contain less than half of pure Saxon words, a distinction must be made between the language, at rest, or in the dictionary, and the language in motion, or in everyday use in conversation or in books. The ordinary educated person gets along easily with a vocabulary of some 5,000 words. The average among twenty good writers has been found actually 32 out of 40 pure Anglo Saxon, and in conversation this proportion would naturally be greater. Shakespeare uses 85 per cent. pure Saxon, and the English Bible, that classic of the Saxon tongue, 97 per cent. Most of the words we learn to use early in life, and which are most closely associated with the memories of childhood and home are Anglo-Saxon, and such have more power over our feelings than the high-sounding words learned in later life. Perhaps this is the reason we find a plain Anglo-Saxon style so pleasing to the ear. The introduction of Latin into the English language took place at the time of the Norman Conquest, when French was in use among the higher classes and with it a number of Latin derivatives were brought in, and many others have been added since. Mr. Patterson gave a great many examples of the derivations of some of our common words, for instance "skate" which came from the Dutch word schaats, derived from Low German Schake, shank or leg, due to the fact that the first skates were made from the leg bone of the horse. "Tawdrey" expressive of cheap and showy finery, derived from St. Audrey (Etheldreda) a daughter of a King of East Anglia, who in her youth was inordinately fond of jewelry. Boudoir is originally from the French a pouting place or sulkery from bouder, to pout or sulk. Consider means to take the stars as a whole or together, in order to form as astrological judgment. Fingering for ladies wool for fancy work has no reference to the fingers but is from French fin grain, that is, wool of fine grain or texture, as stuff of a coarse texture was called gros grain. Barbarous is an expression common to many languages, Arabic, barbara, Hiodustam, barbara to mumble, barabarana, to babble, and intimates the contempt which people of all countries appear to feel towards all foreign languages. They listen with mingled feelings of amusement and irritation to the unintelligible bar-bar-bar of the foreigner. Berbers of Morocco are so called because of their harsh speech as compared with Arabic. When the services of the Church were said in Latin, the common people carried away and turned into slang, with unconscious irreverence, many of the honored and mysterious sounds. Hocus-pocus came from Hoc est corpus, sock dologer, knock-down blow, a summary conclusion, from doxology, and the first words of the psalms on quarter day, legem pone, came to be associated with the idea of paying up, poney up. Mr. Patterson also spoke of the change that had taken place in the meaning of many words, and mentioned as an instance, that Fuller, the church historian once said of an eminent Divine "Oh, the painfulness of his sermons!" which shows the original meaning certainly to be painstaking. Mr. Patterson gave a great many other examples of the derivation of words, all of the same interesting character.

CUT TO PIECES BY B. & M. TRAIN.

MAN KILLED AT ORLEANS MONDAY EVENING—MISSED FOOTING IN JUMPING OFF.

A man was killeh Monday evening at Orleans, Vt., (Barton Landing) by the train due here at 8.26 p.m. It appears that he boarded the train at the station intending to jump off near his home a little further along in the village.

He missed his footing, however, and went under the train, the wheels passing over his head and legs.

It is said he was accustomed to take a little ride homeward on the train and had always stepped off without accident before.

FOR THE PURCHASE OF THE

CHATEAU FRONTENAC

The Chateau Frontenac is one of the most modern equipped Hotels. Built three years ago, it stands on a commanding position at the corner of Wellington Street and Aberdeen Avenue. The Street Railway cars pass the Hotel, both going round the Belt Line and to Lennoxville. It is equipped with all the most modern conveniences, and there is not a building of its kind to equal it outside of Montreal and Quebec.

There are 46 bedrooms, several of which are connected with bathrooms; large sample rooms, barber shop and bowling alley in the basement. The Dining Room is spacious and beautifully finished, and has a seating capacity of 120. The office and rotunda is large, bright, and finished as few such are. A splendid view can be had from this point, and still better from the rooms upstairs. The piazzas on the first and second floors are ten feet wide, running from the front and along the south side of the building.

The Hotel is situated in the South Ward, which has the largest number of residents of any ward in the city, and is within a few minutes' walk from the largest industrial concerns in the city. It is two minutes' walk from the G. T. R., Q.C.R., and B. & M. Depots, and five minutes' from the present, and two minutes from the proposed new station of the C.P.R.

There is electric lighting and steam heating throughout the building, and telephone connection in most of the rooms.

There are also first-class stables and outbuildings in connection with the hotel.

The hotel was built three years ago at a cost of over $40,000, and was furnished at a cost of over $10,000.

A good trade has been carried on, but this can be very materially increased.

The hotel will be sold with all the furniture and furnishings as a going concern. On view every day. The highest or any tender not necessarily accepted.

For further information and particulars apply at Curator's office.

THE LATE JOHN N. HALL, OF SOUTH DUDSWELL.

The death of Mr. John N. Hall, of South Dudswell, which occurred on the 25th of February, as recently reported, removes one of the most respected and prominent citizens of the township of Dudswell. He was born in the township of Eaton on the 29th day of November, 1832, and on July 14th, 1858, married Miss Martha Blodgett, daughter of Mr. Oliver Blodgett, of Ascot. In March, 1861, he purchased the farm in South Dudswell on which he has since resided. In 1868 he was elected as a municipal councillor and held that office continuously for upwards of twenty-five years. More than one-half of that time he was mayor of the municipality. He always took an active part in all public affairs, in politics a staunch Conservative, and a great worker in the interests of that party. He leaves to mourn his loss his aged wife, two daughters, Mrs. N. M. Bishop, of Bishop's Crossing; Mrs. Willis Hopkins, of Wilton, N.H., and one son, Mr. A. L. Hall, who resides on the home place; one brother, Mr. D. B. Hall, of Linda; two sisters, Mrs. W. S. Rand, of Cookshire; Mrs. E. C. Gilbert, of Bishop's Crossing, and six grandchildren, who have the sympathy of a host of friends.

Mr. Hall, though not in his usual good health for some time, was only confined to the house a few days. The immediate cause of death was heart failure, due to old age.

By special request of the deceased the funeral service was conducted by the Rev. I. N. Kerr, incumbent of Dudswell, at his late residence on Sunday, the 27th, at 11 a.m. Interment in the family lot at Cookshire.

The Feed That Makes The Cream

Livingston's Oil Cake is the cheapest feed for cows—cheaper than corn, shorts or even hay. Because it actually increases the richness of cream—and also increases the amount of butter that you get out of the milk.

Test your cows before and after feeding Livingston's Oil Cake for a month—and your "butter money" will show its economy.

Livingston's Oil Cakes contain from 8 to 11% of pure Linseed Oil—are soft enough to break into small nuts—and are completely and easily digested. Write us for sample and prices if your dealer cannot supply you. Dominion Linseed Oil Co., Limited, 31 Mill Street, Montreal.

MARRIAGES.

RADFORD—SMITH.

A very pretty wedding occurred at 12 o'clock, a.m., Feb. 18, Gardiner Oregon, at the home of the bride's parents, Mr. and Mrs. Charles Smith, when their daughter, Emma Francis, and Frederick W. Radford, formerly of Ulverton, Que., were united in marriage.

The Rev. Sanford Snyder officiated, using the ceremony of the Methodist Episcopal Church. Miss Pearle Smith sister of the bride played the wedding march.

The bride looked very pretty in a suit of navy blue broadcloth, and the groom was attired in the conventional black.

After an elegant dinner, the afternoon was spent in music and inspecting the many presents received from different States and from Canada.

They left on the steamer by way of Coo's Bay to Portland, Ore., for their home in Trout Lake, Wash.

PETERSON—HURLBURT.

Sutton, March 9.—(Special)—A very pretty wedding took place at the home of Mr. and Mrs. Warren Mandigo on Wednesday, February 10th, at Braddock, North Dakota, when Mrs. Mandigo's sister, Miss Anna L. Hurlburt, of Sutton, but recently of Farnham, was united in marriage to Mr. John P. Peterson. Rev. John Laman, of the Presbyterian Church, Braddock, officiated. The parlor was tastefully decorated with smilax and carnations. The wedding party arrived at 3 o'clock to the strains of Mendelssohn's wedding march, rendered by Mrs. Mandigo. The ring ceremony was pretty and impressive. The bride looked charming in a dress of white net over white silk and carried white carnations. The maid-of-honor was Miss Narcissa Mandigo, of Bismark, N.D., who appeared most winsome in a dress of white silk poplin, and carrying white carnations. Mr. W. W. Mandigo was best man. The bride was given away by Mr. C. A. Stickney, a cousin of the bride. Following the ceremony refreshments were served to a large number of relatives and friends of the contracting parties. There were many presents as tokens of esteem. Mr. Peterson is one of North Dakota's prosperous young ranchmen, and is possessed of sterling qualities, while Miss Hurlburt, who was born and grew up in Sutton, has hosts of friends here as well as in Farnham, where she spent some two or three years after leaving Sutton.

Special interest centered in the game on account of the contestants, Bedford and Cowansville having met the week previous and disastrously to the local team. Bedford then won by one goal. LENNOXVILLE MUSICAL CLUB.

As the musical season wears on to a close, the committee of the Lennoxville Musical Club shows no signs of relaxing its efforts to provide attractive programmes for its concerts, and last evening a rich musical treat was furnished to the audience, which was unusually large. Mr. Murray Brooks, the young tenor soloist of Montreal, was perhaps the most notable figure on the programe, and contributed several delightful numbers, among them being "Songs of the Norseland," (a) "My Shipe that Went A-sailing," (b) "Eyes that Used to Gaze on Mine," (Hermann Lohr), two balads by Metcalf and words by Mrs. Ashford (a) "Ever a Song Somewhere," (b) "Good Night," in all of which Mr. Brooks' beautiful, flexible voice was heard with pleasure. "O Canada, Our Father's Land of Old" (C. Lavallee), a patriotic song sung at the Tercentenary and at every concert of the Sheffield choir when in this country, was rendered with a mingled fire and sweetness that elicited enthusiastic applause. Mrs. Frith and Mr. Gummer played a charming piano duet, "Norwegian Dances" (Greig), and Miss Theresa Doherty in Raff's "Spinning Song" (La Fileuse) piano solo, showed her remarkable command of all the resources of the instrument and exquisite taste, receiving an encore. Miss Mary White in her violin solo (a) "Berceuse" (Godard), (b) "Solitude" (Devrient), was accompanied by Mrs. McKindsey, and played with real expression. Mrs. John M. Jenckes and Mr. Brooks sang the familiar duet, "Oh, That We Two Were Maying" (Smith) delightfully, the two voices blending in perfect accord.

The feature of the evening was the rendering of Gounod's Marche, "Fete de Jupiter," by Miss Doherty and Mr. Johnston, which was an admirable piece of work and justly appreciated. In response to an encore to his last number Mr. Brooks sang "Absent," in a most finished manner.
