RAILWAY STRIKE HAS COLLAPSED

Officials Report Bulk of Men Have Now Returned To Their Work

New York, N.Y., April 18.—(By Ass'd. Press.)—The nation-wide railroad strike apparently has collapsed. Except in a few isolated sections, railroad officials reported tonight the bulk of the men who followed the leadership of John Grunau, a Chicago trainman, had returned to work. Normal passenger service is virtually restored, they said, and substantial progress has been made in moving the vast amount of freight that has been accumulating throughout the country, especially in the East during the past three weeks.

In Chicago the original strike center, railroad officials reported the strike had lost its effectiveness, while brotherhood chiefs declared action would be taken towards revoking the charters of locals whose members refused to return to work by midnight Saturday. Not more than 2,000 men were reported to be out there by railroad officials though the figures were disputed by Grunau, who claimed the strikers' ranks were unbroken.

In the New York district it was apparent that most of the strikers whose numbers were variously estimated from four thousand to 20,000 had returned. Two thousand employees of the Hudson Tubes which carry thousands of commuters into New York daily from Northern New Jersey points, were the only united and important hold-outs. The tubes have been closed to passenger traffic since they walked out April 9.

In Detroit an attempt was made today to resume switching operations with volunteer crews recruited from the ranks of idle factory workers. In Cleveland all local freight terminals with the exception of the New York Central Collingwood Yards and the Erie Railroad were still listed up, but passenger service throughout the Union Station was normal.

The return today of several hundred striking Baltimore and Ohio trainmen of the Connellville-Pittsburgh Division is expected to mark the resumption of freight service in that district. A few Pittsburgh terminal men are still out.

Virtually normal conditions were reported in the Buffalo-Toledo and Philadelphia districts, where the majority of the strikers had already returned to work. Strenuous efforts were made tonight to break the strike in Columbus, Ohio.

The principal effect of the strike thus far has been the closing of many industries because of their inability to obtain coal, raw materials, and freight cars to move their products. One hundred thousand men reported idle in the Detroit district, a similar number in the State of Ohio and 35,000 in the Connellville coke region with many more thousands out of work in other sections of the country. Nowhere has there been the vital interruption of the food supply.

HIGH COURT HELD A SUNDAY SESSION

Hearing of Arguments of the Attorneys for Joseph Caillaux Continued

Paris, April 18.—A Sunday session of the High Court was held today to continue the hearing of arguments of the attorneys for former Premier Joseph Caillaux, charged with treason. Maitre Moro-Giafferi, of M. Caillaux's counsel, who dealt with the evidence in its technical aspects, asked the Senate to dismiss the case without deliberation upon it.

M. Moro-Giafferi asked if Bolo Pasha, M. Duval, of the Bonnet Rouge, and other conspirators who would be executed for treason had been able to save themselves by one word which would have implicated M. Caillaux, "would they not have said 'I'?"

The attorney said Caillaux, with a serene conscience of always having acted in the best interests of France, had Caillaux claimed the glory of having discerned things that had been brought up at the Peace Conference, might have made France a better creditor to the Anglo-Saxon world than she now is.

TERCENTENARY AT MOTHER HOUSE

Celebration in Honor of Venerable Marguerite Bourgeoise, the Founder

Montreal, Que., April 18.—The celebration of the tercentenary of the Venerable Marguerite Bourgeoise, founder of the Congregation of Notre Dame opened on Saturday at the Mother House of the Community here with early six o'clock mass at which nine sisters of the congregation celebrated the 50th anniversary of their admission to the Order and was further celebrated at 9 o'clock high mass by His Grace Monseigneur Paul Bruchesi, Archbishop of Montreal, Monseigneur Uctro Di Maria, the Papal Delegate, being present and occupying the throne of honor.

The highest religious dignitaries of the Province were present and included Monseigneur P. E. Roy, of Quebec, representing His Eminence Cardinal Beaudry; Monseigneur Georges Gauthier, Chancellor of Montreal University; Monseigneur Ladurantie, Vicar-General; Monseigneur Pelletier, Chancellor of Laval University, Quebec, and representatives of the Jesuit, Dominican and Oblate Orders.

Monseigneur Gauthier read a letter from the Pope acknowledging the services rendered by the Congregation of Notre Dame in the cause of education and giving his Apostolic benediction to the community. The Papal Delegate expressed the hope that the Venerable Marguerite Bourgeoise would soon be canonized. Archbishop Bruchesi read a letter written by him when he feared he would be unable to attend the celebration and in which he expressed the hope that the third miracle required for such a canonization would soon be acknowledged.

ARRAIGNMENT OF A. BEAUREGARD

Seventeen-Year-Old Boy Now Charged with the Murder in Mining Camp

St. Scholastique, Que., April 17.—Armand Beauregard the 17-year-old boy who was arrested on Thursday in a silver mining camp near Timmins, Ont., by Provincial Detective Hoyle was formally charged with the murder of James Brooks, a hunter, last night under arraignment which took place in a private room of the old court house. The formal arraignment was presided over a local justice of the peace with a clerk in attendance while R. L. Calder defended the prisoner. The justice somewhat startled those present by asking the prisoner if he thought he could come back on April 23. Beauregard, since his arrest, has said nothing in his own defence. The actual trial will not be held until next January when the Terrebonne assizes are held.

BOOTH'S EMPLOYEES TO GET WAGE INCREASE

Ottawa, Ont., April 18.—Every employee of the J. R. Booth in the industry at the Chaudiere Falls, exclusive of the office staff, and those who have recently been granted increases, will receive an increase of twenty per cent. on his present rate of wages, dating from May 1.

This announcement was made by Mr. J. R. Booth on Saturday, following the acceptance by the pulp and paper and sulphide workers of the twenty per cent. increase which was agreed to by the paper manufacturers at the conference recently held at New York.

CUNARD LINE TO CALL AT QUEENSTOWN

Queenstown, April 18.—The Cunard Line has officially announced that Queenstown will be resumed as a port of call commencing May 2nd when the Carmania will stop there on its westbound trip. The Kaiserin Augusta Victoria leaving New York April 24 will make the first east-bound stop.

SENATE TAKES FINAL ACTION RE NEWSPRINT
Washington, D.C., April 18.—Final action was taken by Congress Saturday on legislation designed to relieve print paper consumers in the United States, the Senate passing the House bill making print paper under eight cents free of duty for two years.

FIVE HOUR MELEE AT LONDONDERRY

Urban Council Employee Shot By the Police at Dundalk on Friday

Belfast, April 18.—Sticks, stones and iron bars were freely used and revolver shots occasionally were exchanged in a five-hour melee at Londonderry last evening. Three separate attacks on soldiers were made by civilians and factional fights occurred between Unionists and Sinn Feiners. These necessitated frequent charges by the police and military, in which 12 persons were injured. Their wounds were treated at the local infirmary. The police barracks at Rossville were considerably damaged by a mob. Two arrests were made in this connection.

Thomas Mulholland, an employee of the Dundalk Urban Council, was shot on the street in Dundalk, forty-five miles north-west of Dublin, Friday night and died en route to the hospital. In a statement made on the way to the hospital he said a policeman shot him. The police, while not admitting that they shot Mulholland, say that three policemen while patrolling were attacked by a mob of civilians, two policemen were knocked down and the third fired three shots at the assailants.

Mulholland was interned after the rebellion of 1916.

The shooting of Mulholland has created a considerable sensation as it is the first event of the kind that has been reported so near the Ulster border.

When the Judges of the Assizes left Belfast yesterday afternoon for Dublin, for the first time on record, were escorted all the way to the capital by armed police.

RE-ORGANIZATION OF MEDICAL SERVICES

Ottawa, Ont., April 18.—(By Canadian Press.)—Re-organization of the Medical Services of the Active Militia and final allocation of the units has not been completed, and a militia order authorizing the corps as re-organized, issued. The Militia Department states that in all cases the overseas numbers have been retained and careful consideration has been given with the object of locating each unit according to its territorial or other association in Canada. Definite instructions have been forwarded to military districts and the re-organization of units will begin at once.

THE LADY GREY REACHES MONTREAL

Montreal, April 18.—The Government icebreaker "Lady Grey," reached Montreal this afternoon, having thus completed a strenuous period of seven weeks in clearing away for navigation on the St. Lawrence. R. Willard, agent for the Department of Marine and Fisheries, was today inclined to think that it would be possible to start busy-laying operations here either tomorrow or on Tuesday, though the quantities of floating ice may still retard this work.

N. Y. CHURCH THE SCENE OF A FATAL SHOOTING

Dr. James Markoe Was Shot and Killed While Taking Up the Offertory

INSANE ASSAILANT?

Captured After Struggle and After Being Handcuffed, Conducted to Police Station

New York, N.Y., April 18.—James Markoe, a well-known surgeon, was shot and killed today while taking up the offering at the morning service in the fashionable St. George's Protestant Episcopal Church, 15th Street and Stuyvesant Place in the old aristocratic district of New York.

His assailant was captured after a short chase by a group of parishioners headed by William Fellowes Morgan, President of the Merchants' Association of New York, and J. Morgan Jones. At the East 22nd Street Police Station the prisoner gave his name first as Thomas W. Shelly and later as Thomas W. Simpson. The police said he told them he had escaped Thursday from the Eastern State Hospital for the Insane at Williamsburg Virginia.

The man was born in London, England and said he had spent some time in Canada before coming to the United States.

Dr. Markoe, a wealthy vestryman of the church, was a friend and personal physician to J. Pierpont Morgan, also a parishioner there. He was 56 years old.

The church was crowded with parishioners, many of them representatives of the wealthiest families in New York, when the shooting took place. Dr. Markoe was walking down the left aisle taking up the collections while the choir was singing an anthem. As he reached the 12th pew from the rear and leaned over to pass the play Shelly, who was seated next to the aisle, whipped out a revolver and fired at the physician. The bullet struck him over the left eye and he collapsed in the aisle.

Several women screamed and men rushed from their seats, some to the aid of the physician and others in pursuit of his assailant. About two years ago, Shelly added, he escaped from the Insane Asylum at Fergus Falls, Minn., after three unsuccessful attempts. Six months later he went to Gary, Ind., he said, and there bought a revolver which he has carried ever since with which he did the shooting.

They say there is a physical cause for every mental reaction," said Shelly. "I was tubercular and they cured me. Then I got cancer and I was operated on for that. So I guess these are the cause."

The preacher in his sermon at the church, he continued, "told them to be good to strangers, but no one spoke to me and I resented it." Dr. Markoe was physician to the elder Mr. Morgan until his death and continued to be the family physician. When J. P. Morgan, Jr., was shot by Frank Holt, who later committed suicide, Dr. Markoe attended the financier and a few months afterwards the surgeon performed an operation on Mr. Morgan for appendicitis.

ECHO OF FAMOUS CRIMINAL TRIAL

Question To Be Asked in the House Today By P. F. Casgrain

Ottawa, April 18.—(By Canadian Press.)—An echo of a criminal trial which attracted considerable attention throughout Canada in 1912, is furnished in a question before the House on Monday from P. F. Casgrain (Charlevoix-Montmorency). The member asks for production of copies of all letters, telegrams, papers and correspondence exchanged between the Department of Justice and others as the case may be in reference to the trial of Oneiro Montano, held at Murray Bay, District of Saguenay, in 1912 and the trial of Labrie brothers, held at Sherbrooke, District of St. Francois, and their release from penitentiary on account of irregularities in the proceedings followed at each of these trials, and also copies of all documents contained in the records of the Department of Justice in reference thereto.

Oleomargarine, its manufacture, its sale in Canada is to be the basis of a discussion in the House on Monday if a question from J. W. Kennedy, Gengarry and Stormont, is taken up. Mr. Kennedy is also anxious to get copies of all correspondence covering the importation of this commodity.

Further criticism of the work of the Civil Service Commission is scheduled to take place in the House on Monday afternoon.

C. A. Gauvreau (Temiscouata), will ask for the names of the so-called experts employed by the Arthur Young Company to classify the employees of the various departments.

TURKISH TREATY FIRST BUSINESS

Allied Supreme Council Opens Sessions at San Remo This Morning

San Remo, April 18.—(By the Ass'd. Press.)—Questions in connection with the peace treaty with Turkey will comprise the first business to be taken up by the Supreme Council of the Allies at its first formal session here tomorrow. This was decided up at a conference today in the Duvachan Palace, where the sessions are to be held, attended by Premiers Lloyd-George of Great Britain, Nitti of Italy, and Millerand of France, for the arrangement of the official programme. The Premiers were Foreign Minister Scialoja, of Italy, Early Curzon, the British Foreign Secretary, and General Berthelot, the French Chief of Staff.

It was agreed that daily communications should be issued as upon the occasion of previous sessions of the Council.

It developed definitely today that the United States would not be represented at the conference.

The first meeting of the conferees will be opened at 11 o'clock tomorrow morning.

On his way to San Remo, Premier Millerand made a statement to the correspondents in which he said that he entirely approved of the declaration of Mr. Lloyd-George at Versailles where the British Premier spoke of the necessity for the Allies remaining united.

"Unity and co-operation between France and Great Britain," said M. Millerand, "are necessary to reap the fruits of the victory we gained together. I am sure that after the viewpoints of the two Governments are clearly made known we will find ourselves equally devoted to the maintenance of the Entente Cordiale, which prior to victory united us so efficaciously."

LORD FRENCH HAS RESIGNED

London, April 18.—The Standard says it can be asserted on very high authority that Lord French has placed his formal resignation as Lord-Lieutenant of Ireland in the hands of the Government.

The Sunday Times also says it is informed that Lord French has resigned from his post.

"This," says the paper, "disposes of rumors which have been current for the last few days."

HENRY FORD ON PRESIDENTIAL PRIMARIES

Montpelier, Vt., April 18.—Petitions sufficient to place the name of Henry Ford on the ballot at the Presidential primaries in this State were filed with the Secretary of State Saturday. Mr. Ford's assent is necessary for the official listing of his name, and the Secretary's office said they had no information whether he was likely to comply with the requirement.

A SUMMONS IS ISSUED AGAINST VISCOUNT FRENCH

Representative of King Forgo Position and Entered Public Controversy

CORONER READ LETTER

Crown Solicitor Advised That Lord Lieutenant Would Not Attend Inquest

Cork, April 18.—When the inquest was resumed Saturday, into the death of Lord-Mayor MacCurrian, Coroner McCabe announced that he had just issued summonses against Lord-Lieutenant French and the Under-Secretary for Ireland, Sir John Taylor, but had received no reply. He understood, however, that a letter had been sent to him, which, on its arrival he would read.

Crown Solicitor Wolfe, addressing the jury, dealt with the tragedies preceding the Lord-Mayor's death. He said that the story had blossomed forth into the open suggestion that those interested in preserving peace and order were for some unaccountable reason responsible for Alderman MacCurrian's death.

It would be a wanton scandal, he declared, if that charge were preserved into the end. The maintenance of friendly relations between the police and the public was a matter that concerned everyone. The police were their own kith and kin, and instead of acts of murder and brutality to drive them from that friendship, it was to the interest of every Irishman no matter of what politics to preserve and enhance those friendly relations.

Alluding to the groups of men seen on the night of the murder he said that if the suggestion was to be made, and if they were dealing with forty or fifty policemen, then this was a charge of murder against every policeman in Cork. It would be impossible to have forty policemen out that night without consent and connivance of every policeman in Cork. Attorney Lynch, for the next-of-kin of the deceased, also addressed the jury and told them he was sure they would try the case upon the evidence alone. He made that observation, he said, as he would not be doing his duty to the memory of the dead if he did not call attention to the action of a person or persons in what had been described as an authoritative quarter in circulating through in a secret press a case of the tragedy which was utterly unfounded and without a vestige of truth to justify it.

Whoever the person or persons might be in the authoritative quarter who were responsible and who submitted their evidence to publication, it was attributed to a representative of the King. The Attorney added, forgot his high position and entered into the arena of the public controversy about this case while it was sub-judice. This allegation was well-founded, Attorney Lynch maintained, the action of His Excellency was without precedent or authority as the present case would have to be decided by a jury on the evidence alone regardless of an expression of opinion by any person no matter how high and powerful his position might be.

The case was unique, he added, as all the resources of the authorities had not been directed to detect the perpetrator of the murder, but in

The Weather.

Toronto, Ont., April 18.—The disturbance which was over the Middle Atlantic States Saturday morning has developed in a severe storm, now centered near Stable Island, and gales with snow have prevailed in Eastern Nova Scotia. The weather has been fine and milder in the Western Provinces and in Ontario and Quebec.

making the defense that it was not done by the constabulary. It was without precedent when a Christian power occupied a Christian country with disciplined troops and the forces that the lives and liberty of the civilian population should be imperilled by that occupation. The eyes of the civilized world were upon the trial and its result.

The people of Ireland, the Attorney said, must wait patiently the Divine will to determine when the reign of terror which at present prevails in the land will come to an end.

"We will patiently suffer," he continued, "until that right and justice will ultimately relieve the burden of oppression which at present exists."

The jury retired and on its return, the coroner read a letter from the Chief Crown Solicitor stating that the Lord-Lieutenant and the Assistant Under-Secretary would not attend the inquest.

The jury's verdict was received with applause.

CAILLAUX VERDICT EXPECTED ON FRIDAY

Paris, April 18.—The high court held a session Saturday to hear the beginning of the summing up of the attorney for former Premier Joseph Caillaux, whose trial on the charge of treason is nearing its close. Marius Moutet was the first of the ex-premier's attorneys to speak in behalf of the accused. He reviewed the case from the political viewpoint and asked the acquittal of his client.

A verdict in the case is expected by Friday of next week.

AMERICANS IN TURKEY REPORTED SAFE

Constantinople, April 18.—(By the Ass'd. Press.)—Through Mustafa Kemal Nationalist Government at Ankara it was learned yesterday that all the American workers in Asiatic Turkey with the exception of those at Hadjin, Oufra and Aintab, which cities the Angora Government has been unable to reach by wire are safe.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monrovia, Delaware, U.S.A. While it is well known that Aspirin means Bayer Manufacturing, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WAR TAX HIT ENGLISH NOBLES

Many of Them Forced To Sell
Parts of Their Great Old
Estates

London, April 18 — England's war taxes continue to force many of her nobility to sell parts of their great estates. One of the greatest of these which recently has passed under the auctioneer's hammer, is that of the Duke of Rutland, which is known as Belvoir. The Duke owns about 59,000 acres of which he is selling about 13,000 acres located in the best part of the Lincolnshire hunting district. He explained at public meeting that the sale was made necessary by the increasing burden of taxation resulting from the war.

Goadby Hall, one of the Duke's properties of 230 acres, was sold privately to the advance of the public sale and 100 tenants have bought from the Duke the farms he had rented to them.

Earl Manvers' estate, known as "Holme Pierrepont" at Radcliffe-on-Trent, has been sold at auction for £42,655. It covers 320 acres.

It is reported that part of the estate of the Earl of Londesborough, comprising Raincliffe Woods and Racecourse has been bought by a Scarborough financier.

WHITE PEOPLE RARE

Albinos Are Not Common In Anglo-Saxon Countries.

A snow white hind has been born in an inveterate deer forest, and is being guarded with the utmost care. It is not only because a white hind is considered an emblem of good luck, but also that such a case is very rare.

While the albino is common enough in rabbits, rats, mice, guinea-pigs and certain other animals, it is very rare in deer, and even rarer in the case of horses.

A true albino is a creature whose skin and hair is devoid of coloring matter. True, it has pink eyes, but this is simply because the absence of pigment in the eyeball allows the red blood in the capillaries, or tiny veins, to become visible.

Albino people are rather rare in this country, but not so much so in other parts of the world. In New Guinea is a race of albinos whose skin varies in color from pink-white to a whitish-brown. In Bolivia there is a similar tribe from whom has grown up the legends of the White Indians.

Birds give frequent examples of albinism. You find albino jackdaws, rooks, blackbirds and even swallows. Stranger still, there are albino fish. A race of albino trout has been produced in America and found to breed true.

Albino flowers are, of course, very common.

There are certain curious points about albinos which are difficult to explain. As everyone knows, white pigs are common in most parts of the world. In Virginia there are none. White pigs are born there, as everywhere else; but the farmers destroy them at once. The reason is that if allowed to live they never reach maturity. They eat the plant root which is common everywhere, and their bones turn pink and their hoofs drop off. Black pigs eat the same root with perfect impunity.

STRIPES AND CHECKS CONSPICUOUS

A London paper says: The grand military races held at Sandown Park were marked by the most smartly garbed gathering since pre-war days. Tailor-made suits were much in evidence, and for these gay tweeds were used, in yellows and blues, or in such combination as cream ground with brown stripe.

In the other fabrics black and navy, boldly striped or checked in white and yellow, were conspicuous. Plaid skirts accompanied by jackets in solid color. Three-quarter length coats were favored.

One-piece serge and gabardine dresses were accompanied by navy wraps in three-piece style. Many of these dresses had high collars with organdie frillings and were girded by narrow patent leather belts. Tall crush Russian boots such as Lucile advocates were a feature. Stockings were in the sheer, light effects worn in Paris, silver beige, and taupe grey with matching shoes. The hats made bright splashes of color, many of them of tomato or brick color, and many trimmed with gay raffia embroideries. Egyptian shapes entirely of cellophanes were also worn.

A PERMANENT BLUSH

We have always been under the impression that the English women were blest with one of the finest complexions in the world, says the Electrical Experimenter, but here comes a cable from London telling of the popularity according to a new fad in the English city—that of electrically tattooing a permanent complexion or blush on the face. The report goes on to say that the pallid and sallow faces of London women are being permanently brightened and given a rosy tint by expert tattooists, whose electric needle applications can be graduated to suit any physiognomy, and further, that the tattooists report they have never done such a thriving and profitable business among women as now.

Such an outfit comprises an electric tattooing needle operated from a battery and supplied with current through a flexible wire, while a small rubber tube leads through the needle proper to whichever complexion is selected by the customer. In some of these tattooing needles the coloring pigment is contained in a small hollow chamber on the base of the needle itself.

DOCTORS RECOMMEND BON-OPTO FOR THE EYES

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists.

eat your own garden

Next to Spring clothes and Spring cleaning comes the Spring garden. Though it may be only a window box, a back yard plot, a city lot or the school children's particular spot, now is the time to start "green things growing." Do you know there are eighteen vegetables you may easily grow at home. "Eighteen Vegetables and How to Grow Them," in the April issue of **EVERY WOMAN'S WORLD**, gives important information upon this timely subject. It tells you how to grow your vegetables, when and where to plant, what ones need sun, others that need shade, etc.

KEEPING UP THE HOME

How To Do It With Economy.

(By LORETTA C. LYNCH)

"Never own a house," counselled Mrs. Meyers, her friend Mrs. Brown was complaining about the prevailing high rents. "Why, just think of it," she continued, "not only have we to pay higher taxes this year, but I had to have new shades throughout the house, we had to have almost an entire new roof. Then there was the chimney to be rebuilt and the leaders to be replaced. And I just thought that I had finished paying out when I find the house requiring new awnings and new screens."

But there were some things that Mrs. Meyers did not tell. She did not say that she had lived in her house over ten years and in all that time she had never given in any regular inspection for repairs. She had simply neglected and neglected until a hopelessly leaky roof finally demanded attention when the rain came pouring in, spoiling ceiling, wall paper, furniture and carpet.

Now, of course, there is the house occupied by the owner who is "out of luck" and is unable to make the necessary repairs, but this is not the average owner.

Every bit of the plumbing he goes over, at least once a month. The electric wires and accessories, as well as the gas fixtures he inspects. A young man who keeps his house repair cost down to a minimum, told me his system. Regularly each month, he gives a day or two to inspection. He does it in regular order. Sometimes his only relates to door hinges. These may be squeaky and require oiling. So he makes a note of it. Perhaps a brick in the chimney is getting a bit loose. This, if allowed to go on, may weaken the whole structure and necessitate an expensive repair later.

And if you don't happen to own your own home, try to keep some intelligent account of the repairs or re-arrangement you desire when you renew your lease. A repair in this is like the proverbial stitch in time. Repairs taken care of early cost little, while repairs allowed to accumulate cost a discouraging figure. Try this system for a year. You will be surprised how much it will save you.

PINK LINEN IN GIRLISH LINES.

(By GERTRUDE BERESFORD)

Pink linen finds an interesting variation of the Eton effect, so popular at present, by inserting a pleating of white batiste in a blouse of pink linen that fastens at the centre front with white pearl buttons. The effect is that of an Eton jacket worn with a blouse. Embroidered batiste makes the full ruffle around the neck and contributes the turned-back cuffs. The softly crushed belt is pink linen. Into the sides of the plainly gathered linen skirt are let panels of white batiste covered with three ruffles of batiste, knife-pleated and picot-edged. These may also be flatly stitched to the linen skirt, provided they overlap sufficiently, but the inserted panels of white batiste are perhaps the better way of introducing this trimming. The broad hat of pink straw is trimmed with shaded roses.

A Great Sale Of New Blouses

An immense variety of the prettiest models and materials most in vogue is to be found in this assortment of blouses. We wish to draw your attention most particularly to the Russian Blouses. These models are all the rage in Paris, and we have just received a superb choice.

DR. J. E. LADRIERE DIES AT LEVIS

Well-Known Physician Passed Away Unexpectedly Yesterday—Active Career

The death occurred at Levis yesterday morning of Dr. Joseph Ladriere, one of the best known physicians in this district at the age of 69 years.

While the doctor had been ill for a few days, it was not thought that his condition was serious, but a sudden aggravation of his malady yesterday morning proved fatal, and was a severe shock to his relatives, his friends as well as to the entire community in which he had lived and practised for so many years.

Dr. Ladriere had attained the age of 69 years, and for nearly half a century he had practised his profession at Levis. He was a family practitioner of the old-school, inasmuch as he knew no weather, or any hour of the day or night that could keep him from the bedside of a patient whenever called. A man of great energy he was deeply devoted to his profession, and coupled with these qualities a kindly and charitable nature which won for him the respect and the love of all the people who knew him.

He took his degree in medicine at Laval University in 1872 and immediately began practising his profession at Levis. He was a class-mate of the late Rev. Cure Desjardis, of Beauport, of Rev. Cure Gosselin, of Charlebourg, of Mr. Justice LeDore, of Levis, of Mr. Simeon Marmette, of Levis, and of the late Charles Darveau, K.C.

Dr. Ladriere was a Governor of the Board of Physicians of the Province of Quebec from 1900 to 1916 and was justly esteemed by his confreres in the medical profession.

He is survived by one child, Mrs. Cook, wife of Major Georges Cook who served overseas throughout the late war, and two sisters Mrs. Louis Borget, of Bienville, and Miss Ladriere, of Levis.

The members of his family will have the sympathy of a large circle of friends in the severe loss they have sustained.

WOODEN STEAMER SOUGHT ASSISTANCE

Reported Hatch Covers Off and Was Sinking Rapidly Last Night

Boston, Mass., April 18.—The wooden steamer William O'Brien, bound from New York for Rotterdam, requested assistance tonight in a wireless message intercepted here. The steamer reported her position as latitude 40 north, longitude 65.53 west, or about 500 miles east of Philadelphia.

The message read: "Steering south 16 east. Hatch covers off, taking water rapidly. Please stand by."

The steamer which registers 2143 tons sailed from New York on April 15.

BRITAIN REQUESTS AMNESTY FOR DENIKINE SOLDIERS

London, April 18.—Russia's reply to the request of Great Britain for amnesty for the soldiers in the army of General Denikine who until recently commanded the anti-Bolshevik forces in Southern Russia, is vague, the Government not committing itself more than to say it will adhere "to the mandates of humanity."

In its reply the Bolshevik Government takes the opportunity to reiterate its desire for peace with the world, and mentions Poland specifically.

NO POISON GAS FOR GRASSHOPPER

Ottawa, April 17.—(By Canadian Press)—There is no likelihood of poison gas being used to stop the grasshopper plague throughout the Prairie Provinces, it is announced by the Department of Agriculture. Returned men in the service of the department and well acquainted with the use of the gas, believe it would destroy vegetation; also that its use would be too risky owing to the changeable weather conditions.

RAILWAY STRIKE IN AUSTRIA

Vienna, April 18.—The entire southern railway system is tied up by a strike. Political causes are responsible for the movement on the Jugo-Slav section, while the men of the Austrian section struck for increased pay.

The Polish frontier has been closed for ten days, the period required for re-stamping the currency.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES

23 THE PRO

MANY TO ATTEND HANNA BANQUET

Promises To Be Very Successful Event—Prominent Railway Officials Coming

It is quite evident from the demand there is for tickets that the banquet to be tendered on Wednesday evening next, 21st instant, to Mr. D. B. Hanna, President of the Canadian National Railways, will be one of the most notable events that has taken place for some time.

Among the invited guests are the following gentlemen: Sir Horace Laporte, Mr. F. P. Brady, General Manager Canadian National Railways, Mr. W. A. Kingsland, Asst. General Manager Eastern Lines, Montreal; Mr. A. A. Hayes, Vice-President C. N. R., Toronto; Mr. S. T. Hungerford, Asst. Vice-President, and Mr. H. G. Kelley, President of the Grand Trunk Railway, Montreal.

PILOT BOAT SUNK ON SATURDAY NIGHT

Two Vessels Drifted Together Off St. John, and Side Was Stove In

St. John, N. B., April 18.—The "Howard D. Troop," a pilot boat of this port, was sunk Saturday night. The vessel had gone out to the Canadian Government Merchant Marine Steamer "Canadian Voyager," from London and had put a pilot aboard. She then waited about one mile and a half off to pick her boat up and the two vessels drifted together and in the heavy seas the side of the pilot boat was stove in as a result of a broadside collision with the Voyager, the latter's engines being temporarily disabled and the vessel off of control at the time, and was sunk. The boat is valued at about \$15,000 without insurance. No lives were lost.

COMMODITIES CONTINUE THEIR UPWARD MARCH

Ottawa, Ont., April 18.—Prices of the commodities of life continued their steady march upward in the past month, increases being recorded in the cost of living branch of the Department of Labor in the prices of all commodities of general consumption except for a seasonal decrease in the price of eggs, butter and milk. Sugar advanced two cents per pound and potatoes thirty cents per bag. An average family budget in sixty cities of the Dominion is covered by the Department at \$15.93 for the month of March, as compared with \$15.77 in February, \$13.07 in March 1919, and \$7.68 in March 1914.

A sharp increase in the prices of building materials and metals is noted.

WITHDRAWAL COMPLETED

Frankfort, April 18.—(By The Associated Press)—The French announced this morning that the withdrawal of the 37th Division to Wiesbaden had been completed with the exception of staff officers who are leaving this afternoon. So quietly was the withdrawal carried out that the people of Frankfurt are still unaware that half the French occupation forces are gone.

DROWNED FROM CANOE

Hampton N.B., April 18.—A high northeasterly wind today overturned a canoe in the Kennebecasis River at Lower Norton and one of the two occupants, Ronald Seely, son of Edgerton H. Seely, of that place, was drowned. His brother, Maurice, clung to the canoe and was rescued by Patrick Murphy in a boat. The body was recovered. The latter served overseas with the 115th Battalion.

MOTHER OF SIR HERBERT AMES DEAD

Montreal, April 18.—Mrs. Caroline N. Ames, widow of the late Sir Herbert Ames, and mother of Sir Herbert Ames, M.P., died today at her home, the New Sherbrooke Apartments, here.

She was 97 years of age and had been ill with grippe since last February, but was in full possession of her faculties to the last.

NEW MARRIAGE LAW

Stockholm, April 18.—Both chambers yesterday passed by substantial majorities the new marriage law, insuring greater equality of the sex. The provisions of the law abolish the husband's personal guardianship and deprived him of the legal right to dispose of his wife's personal property, and generally strengthen the wife's matrimonial independence.

STREET RAILWAY MEN ASK INCREASED PAY

Toronto, April 17.—Toronto Railway Company workmen and conductors are already agitating towards an increase from 55 cents to 75 cents an hour, when their agreement expires on June 16th next and the citizens generally expect another "annual" strike on the street railway system.

CHARLES LANE PERMANENTLY FOR MOVIE SCREEN

Charles Lane, another prominent stage player, has succumbed to the lure of the screen. His last appearance on the stage was as William Gillette's financier-partner in "A Successful Calamity." Since then he has been prominent in the screen support of Billie Burke, Dorothy Dalton, Marion Davies and John Barrymore in "Dr. Jekyll and Mr. Hyde."

C. E. M. S. NOW RE-CONSTITUTED

Interesting Ceremony in St. Matthew's—Canon Scott Recalls War Events

There was a very large congregation present at a special service held in St. Matthew's Church last evening, when about thirty-four men were admitted as members of the St. Matthew's Branch of the Church of England Men's Society. A number of these were re-admissions which were necessitated through the Society having been re-constituted throughout the Empire, and these renewed their declarations to live for Witness, Fellowship and Service. Rev. Canon Scott, who officiated, was assisted by the Venerable Archdeacon Balfour and Rev. A. R. Kelley, Assistant Priest. All the candidates proceeded from the body of the church to the altar where they received their badges and then severally repeated their obligation to be true to the rules of the Society.

Following the impressive ceremony the Rev. Canon Scott preached a sermon appropriate to the occasion during which he recalled the fact that six years ago from yesterday he was with the Canadians at Ypres, and they all then felt that they were on the eve of a great battle. He held a Communion Service on that day, and he was glad to say that a good many of the men were present. Continuing, Canon Scott spoke of the great event of April 22nd, 1915, and eulogized the troops from the Dominion who stood in the gap on that occasion, and went on to say that if Canada had taken its place as one of the signatories to the Peace Treaty and if Sir Robert Borden was able to occupy the post he held today, it was due to the soldiers of the citizen army who held the line on this eventful week six years ago. There was, he asserted, a big battle to be fought at home, as enemies were attacking the old faith of the Church as well as the standard of Christian morals. In concluding, he said, the men of the Dominion were called upon to take part in a great fight today, and the Church urged men to fight this battle as it was incumbent upon all of them to take their stand for upright dealings throughout the whole of society.

POLAND SHUT OFF FROM THE WORLD

All Frontiers Closed For Ten Days by Order of the Government

Warsaw, April 18.—(By the Ass'd Press)—Poland was shut off from the world today. All the frontiers have been closed for ten days by Government order, while Austrian troops are exchanged and stamped. To prevent crowds from being brought to Poland by speculators during the exchange period, railroad traffic to and from other countries has been suspended; the transport of commodities has been forbidden and all post, telegraphic and telephonic communication has been suspended in the case of private individuals. When the process is completed, marks and crowns would be of the same value. Hereafter the crown has been worth thirty pfennings more than the Polish mark.

DEMENTED VETERAN, STARTS BAD FIRE

St. John, N. B., April 18.—While demented William P. Lacey, who has been ill mentally at various times, since he was gassed overseas, scattered the contents of an oil tank in the grocery store of his mother, Mrs. Helen Lacey, 311 Gorman St., about the shop at midnight Saturday and set the place on fire. The store was wrecked and the lives of the occupants of a boarding house above endangered. All escaped, however, although a fireman was injured. Lacey was taken to the asylum today.

BELGIAN ADHERENCE

Paris, April 18.—The Echo de Paris says that the Belgian Government has informed France that it adheres to the collective communication proposed by Great Britain to which France adhered Friday, notifying Germany that the Allies would not permit the establishment of an insurrectional regime, the policy of which would be opposed to the execution of the peace treaty.

STRIKE UNCHANGED

Montreal, Que., April 18.—The Printers' Strike at the Montreal Star is unchanged, the men met on Saturday night and decided to stay out and further resolved to concentrate their efforts in an attempt to induce other union men in other offices to refuse the Star any assistance.

HULL OF STEAMER "BERR" IS RAISED

Halifax, N.S., April 18.—(By Canadian Press)—The submerged hull of the French steamer Berr, which was gutted by fire at Dartmouth on Friday night, was pumped out by tugs and raised today. A survey will be held and it is probable that the vessel will be repaired.

GOOD CROP REPORTS

Rome, April 18.—A bulletin of the International Agricultural Institute made public here announces that winter crops are making good progress in Austria, Belgium, Denmark and the United Kingdom. Parts of Italy and Algeria suffered from drought, otherwise the condition of the crops is satisfactory.

FATAL QUARREL OVER A WOMAN

Montreal Man in the Hospital Critically Wounded in Abdomen

Montreal, Que., April 18.—Shot through the abdomen following a quarrel over a woman, Noel Velaine, 35 years of age, is lying in a critical condition at Montreal General Hospital and is not expected to live more than a few hours. The shooting occurred at 27 De Montigny Street, shortly after midnight and four women are held as witnesses by the detectives while a search is being made for the man who shot Velaine and who disappeared immediately afterwards. Witnesses say that a girl in the house was struck in the face by a man who, when Velaine started to protect her, placed his revolver against Velaine's abdomen and pulled the trigger. All the information the latter would give was "Frank shot me."

GENERAL FLORES' RAPID ADVANCE

Has Progressed Thirty Miles a Day Despite Carranza's Resistance

Aguila Prieta, Sonora, April 18.—Despite resistance from Carranza soldiers, General Angel Flores, Sonora commander, has progressed at the rate of thirty miles a day, according to a message received here by Francisco Elias, a leader in the Sonora revolutionary movement. General Flores is reported to have defeated Carranzista forces yesterday, thirty kilometres south of Guachil, Sonora, killing 12 soldiers, capturing six wounded and thirty wounded prisoners. More than one thousand troops, principally Yaqui Indians, have assembled in Aguila Prieta. Five hundred more are at Waco, a few miles south of here and one thousand more enroute. The troops at Naco are reported to have thirty Browning machine-guns. The State of Nayarit, Mexico, has endorsed the steps taken by Sonora against the Carranza Government, according to a message received last night from General P. Elias Calles, commander-in-chief of the Sonora forces, and Acting-Governor.

CULIACAN CAPTURED

Nogales, Sonora, April 18.—(By the Ass'd Press)—General Angel Flores, with five thousand Sonora troops, captured Culiacan, capital of the adjoining State of Sinaloa yesterday, according to official announcement from Sonora military headquarters at Sernosillo. The Sonora revolutionists proceeded immediately to march on Mazatlan, an important port on the Sinaloa coast, after occupying Mazatlan. It was announced the Sonora troops will march on the State of Nayarit, with Tepic, the capital, as the objective.

Large numbers of troops for the revolutionary movement against the Carranza Government were expected to be obtained at Nayarit. Hundreds of former Carranza soldiers have joined General Flores since he invaded Sinaloa last Tuesday, it was said.

MICHOACAN REVOLTS

Mexico City, April 18.—A revolt in the State of Michoacan, engineered by General Pascual Ortiz Rubio, Governor of the State, and a strong supporter of Lieutenant-Colonel Alvaro Obregon, is announced in the Government's second war bulletin issued early today. Governor Rubio, the bulletin states, has fled from Morelia, the State capital, with 100 men, accompanied by Major Jesus Millar with a command of 50 men.

VILLA ARIVING

San Antonio, Tex., April 18.—Army intelligence reports to Southern Department Headquarters, are that Francisco Villa is preparing to lend assistance to the Sonora forces against the Carranza Government and that he will attack Chihuahua City, Pachuca and Jimenez in the near future.

SHIPPING MOVEMENTS

Arrivals at Halifax, April 17 and 18: Sts. Northwestern Miller from Philadelphia; Panagly Vegliano from Piraeus; Monconisio from St. Michaels via Louisville; Marie Z. Michalos from Gibraltar; Watuka from Santiago. Cleared: Sts. Ruth for Newport News; Serber for Antwerp; Montrolite for Tampico, Fla.; Quana for Philadelphia; Panagly Vegliano for St. John, N.B.; Canadian Gunner for West Indies; Schr. German L. for New York.

Arrival at St. John, N.B., April 18: Str. Canadian Voyager from London. Cleared: Manchester Merchant from Manchester.

Steamer arrivals, April 17 and 18: Canadian Settler at Glasgow from Halifax; Baltic and Cedric at New York from Liverpool; Westbrook at Baltimore from Halifax via Hampton Roads; Drammensfjord at Philadelphia from St. John, N.B. Cleared: Canada from Portland, Me. for Halifax and Liverpool.

SHOE PRICES GOING HIGHER

Shoe Jobbers Get Letter from Manufacturers That Costs Are Advancing on Them

Ottawa, April 17.—One of the largest firm of shoe jobbers in this district received a letter from a well-known Canadian firm of boot and shoemakers stating that the price of shoes are bound to go considerably higher in a short time in this country. Figures supporting this belief are given.

The letter states in part: "We believe shoes will go higher. We do not think any manufacturer has been figuring leather at replacement prices but averaging it with what they have on hand. At least that is what we have been doing."

"I've kid we have figured in at \$1.35. It now costs \$1.40 in the United States plus 15 p.c. duty and 10 p.c. New York Exchange or \$1.75. You will receive a revised list of chocolate kids which now costs \$1.60 instead of 90 cents a foot."

Leather cutters are now getting 55 cents an hour. They are asking one dollar an hour. Other operators are asking a similar advance. If we have to give in it will mean an advance of \$1.25 on the price of men's shoes (mentioning a certain trade variety) on the leather making variety."

WORLD-WIDE WHEAT SHORTAGE IS INDICATED

Bread Selling in England at Highest Price Possible Without Disorders

Washington, D. C., April 18.—Indication of a world-wide shortage of wheat this year and a world-wide increase in demand was reported today by the American Agricultural Trade Commissioner at London, who said bread was selling in England at what was generally considered the highest price the working man would tolerate without grave disorders. With Russia still in a chaotic state, there is little to be expected from that country in the way of wheat exports and Europe naturally turns to Canada, Australia India and the United States and Argentina. The British Government has announced a maximum price for the 1920 crop shall not exceed \$2.59 a bushel. United States imports, the Commissioner reported, were ranging from \$3.04 to \$4.11 or an average of \$3.46 a bushel.

CANADIAN EMPLOYMENT SITUATION IMPROVING

Steady Increase Reported In All Provinces Except the Prairie Ones

Ottawa, Ont., April 18.—The employment situation in Canada is improving, according to figures published in the Labour Gazette for April. The employment service connected with the Department of Labor placed altogether 24,400 people in employment during the month of March and received 41,700 applications for employment. The Department was notified of 33,200 vacancies. All these figures represent an increase over the previous month and the previous year.

There was a steady increase in employment in all provinces except the Prairies, where a decline was reported.

There was less loss of time due to strikes in March. Twenty two strikes were reported involving 3,759 people and representing a loss of 42,169 working days. Sixteen strikes remained unsettled at the end of the month.

Reports were received from five conciliation Boards and applications were received for five more. Two boards were appointed in addition to those on applications received previously.

WESTERN BLIZZARD

Denver, Colo., April 18.—Eleven Western States today were in the grip of a blizzard which started yesterday in Montana, according to reports reaching here tonight.

Weather reports indicated the storm swept from Montana over Eastern Idaho, Utah, Northern New Mexico, Northern Arizona, Colorado, Wyoming and parts of South Dakota, Nebraska, Iowa and Kansas.

SUGAR PRICES UP

Vancouver, B.C., April 18.—Another advance in price of two dollars a hundred pounds went into effect in the local sugar market yesterday, other commodities in which sugar is largely used following closely with similar increases in price, and sugar is now selling wholesale at \$18.00 a hundred pounds.

MACEDONIAN MURDERED

Toronto, Ont., April 18.—The dead body of a Macedonian named Hasson, the throat cut from ear to ear and the head much bruised, was found Saturday night buried in a shallow trench in the cellar of his boarding house at 159 Wabesley street, this city. Hasson disappeared early in March, and Albert Adasia a compatriot and friend had been searching for him since, and finally engaged laborers to dig in the cellar of the house where both lived.

GREENWOOD HAS STRENUOUS TIME

Abandoned His Speech at One Time Owing to the Many Interruptions

London, April 17.—(By Canadian Press)—Sir Hamar Greenwood is having a strenuous time in the Sun-derland election. At one meeting he abandoned his speech owing to interruption. Newspaper opponents make the play that thought he insists on the Government's platform on the Irish problem it is only an election issue and that his election address contains the mere announcement of his appointment as Secretary of State for Ireland. Some fun is made of his assertion yesterday.

"I came to you in 1910 as Mr. Hamar Greenwood. I came in 1915 as Col. Sir Hamar Greenwood. Now I come as a cabinet minister as Chief Secretary for Ireland."

One writer remarks that Sir Hamar seems determined to have no chapter untold of his "Log cabin to White House" career.

Charles Masterson, one of Mr. Asquith's old lieutenants, who has had himself disappointing experiences in bye-elections, speaking in the constituency last night said that when he knew Sir Hamar Greenwood in the Commons he used to be sent about to make breezy speeches about the Tories. Now he was sent by the Tories to make breezy speeches about the Liberals.

Mr. Masterson declared that the Mt. Joy prisoners were released through the Government's fear of this bye-election.

PRESIDENT CABRERA HAS CAPITULATED

Revolutionary Forces of Carlos Herrera Enveloped the Stronghold of La Palma

Guatemala City, April 18.—President Estrada Cabrera has capitulated to the revolutionary forces of Carlos Herrera after the latter had enveloped his stronghold of La Palma.

The President agreed to surrender himself today, the revolutionists guaranteeing his personal safety and also retention of all the property legally obtained by him.

A new Government was announced today with Carlos Herrera as President and Ministers who are prominent men and are said to enjoy the confidence of the country. Perfect order is reported tonight throughout Guatemala.

BACHELORS TO PAY AVY TAX

Paris, April 18.—The Chamber of Deputies yesterday voted for an increase in the Income Tax of 25 per cent in the case of bachelors over thirty years, as well as divorced persons, if in each category there are no dependents. The income tax was increased ten per cent in the case of persons who have been married two years but are childless. Tax payers who are war pensioners, with forty percent invalidity are exempted.

CREW ARE SAFE

New York, N.Y., April 18.—The safety of the crew of the steamer E. A. Morse, reported in distress 250 miles east of New York was assured when the Steamship San Mateo, which went to her aid, reported to night that she was within three miles of the distressed vessel. The Morse was still afloat then, the message said, but did not respond to wireless signals, indicating that the engines were stalled.

SIR A. MACPHAIL DEFENDS QUEBEC

Has Letter in London Speculator Replying to Critical Book

London, April 17.—(By Can. Ass'd Press)—Sir Andrew MacPhail, of Montreal, has a letter in today's Spectator, the London weekly reviewer, defending Quebec from criticism made in a book by Hugh Stutfield, which he says may be an honest book, but the instruction therein anent Quebec is incorrect in every particular. Sir Andrew asserts that Quebec people are most tolerant of all kinds of education and religious forms and the least tolerant of fanaticism. Quebec is the only place in the world, he says, which has successfully withstood the emissaries of evil from the labor world of Europe. Lastly, adds Sir Andrew, the only two churches in Canada, which do not interfere in politics are the Catholic Church and the Church of Scotland.

The Spectator also has an editorial on the Irish question which recalls Canada's political troubles in the early part of the last century, which the Spectator submits, contain a warning for those independent Liberals who denounce the home rule bill because it faces realities, and admits that Ulster is a profoundly hostile to the South and West of Ireland as Ontario was to Quebec. In Canada, adds the journal, it is certain that religious disputes have lost much of their bitterness in the past half century, and reverting to Sir Andrew MacPhail's letter, it says that his statement confirms the wisdom of the partition effected in 1867 between Quebec and Ontario.

ENGLISH-SPEAKING CATHOLICS WANT PARISH

Rev. Father Bernier Forced to Relinquish Charge Through Ill-Health

Ottawa, Ont., April 18.—Rev. Father Bernier, who for nearly two years has had charge of the Roman Catholic Parish of Notre Dame, in Hull, is to be replaced as his successor will be named by Archbishop Gauthier on Wednesday next.

While Father Bernier's term is unexpired, he has been forced to relinquish his charge owing to continued ill-health, and is at present in a Montreal hospital.

The English-speaking Roman Catholics resident in the City of Hull are desirous of having an English-speaking parish created in that city and a petition to this effect will shortly be presented to His Grace Archbishop Gauthier in whose diocese Hull is situated.

ST. THOMAS JOINS

St. Thomas, Ont., April 18.—The overall-wearing campaign which has gained such remarkable headway in the United States has at last reached Canada. On Saturday a group of Michigan Central Railroad employees organized a club including some three hundred members from all departments of the service and some of the highest paid officials, all of whom, it is stated, have pledged themselves to wear, commencing on Monday morning nothing more expensive in the way of outer wearing apparel than a suit of overalls. It was agreed that places of worship and social gatherings shall not be invaded by the new form of dress for at least several days but should the first step fail to bring some change in prices it will be extended into ever phase of life. A similar club has been formed at Wallaceburg, Ont.

H. C. FORTIER, Selling Agent, Montreal

QUEBEC, APRIL 19, 1920.

OPPOSING EXPERTS.

Mr. Justice Pelletier has touched upon a condition, in recent remarks from the Bench, that has long appeared to those at all familiar with the ways of Law Courts as "regrettable"—to use His Lordship's word—if not actually undesirable; and that is in regard to the employment of "expert witnesses" to give evidence upon technical points. Although these remarks were called forth by an opposing array of medical men, they apply with no less force to chemists, engineers, scientists and technical experts generally.

Under the existing system Counsel for the Prosecution and Defence in criminal cases, or for the Plaintiff and Respondent in civil cases, respectively retain the most eminent experts available to give evidence favorable to their clients and it is no unusual occurrence to see regular batteries of scientific talent swearing to directly opposite conclusions. The result can only be to lower the prestige of learned professions and, in the case of medicine or surgery, to shake public confidence when doctors are thus seen to disagree among themselves. Naturally there is room for difference of opinion between individuals upon a delicate issue but when five or six supposed experts are in positive contradiction with as many others there must be something wrong somewhere.

We do not for a moment suggest that men of the character described would consent to deliberate perjury but of two possible hypotheses on a technical point it is only natural for them to incline to that in favor of the persons who employ their services. Be this as it may, conflicting evidence tends to neutralize itself so that, after much time has been taken up and much money expended, judge or jury may have no further guidance as to the truth than they had at the outset.

On all accounts, the suggested reform of Judge Pelletier is one that should be thoroughly studied and given legal effect. To somewhat develop his Lordship's thought, it might be possible to amend procedure so that, on application from Counsel on either side, the presiding judge might, in his discretion, appoint a small technical commission to give evidence that would be neutral and independent. The members of such commissions would be paid on a fixed basis in the same way as other witnesses and would be under oath not to accept remuneration or compensation of any kind from either party to the case.

While it would be too much to expect that this system would do away with disagreement at least it would eliminate the unpleasant suspicions that are engendered where experts are definitely associated with Counsel for the Prosecution or defense and would considerably enhance the weight that should attach to testimony of this kind. We congratulate ourselves that our laws and our legal procedure are as equitable and enlightened as can be found in any civilized country but there is always room for improvement and we trust that something will be done in the present instance where reform appears to be long over-due.

NOVA SCOTIA COAL.

The year 1919 is reported to have been an unsatisfactory one for the mineral industry in Nova Scotia, and, incidentally, for the coal consumers of other Provinces in general and Quebec in particular. The war-time activities were curtailed and those of peace were not re-established. Then there were labor troubles which curtailed production or checked recovery. The coal and iron trades and associated industries showed lesser production than was reported in 1918, and when these are taken out of the total a moderate remainder is left. The coal sales from the mines reached the high record figure in 1912, when a total of 6,478,000 tons were recorded. In 1914, the figure was still above the 6,000,000 ton mark; but a decline had begun, which has not yet been recovered. Last year the production was the smallest since 1902. A main cause of the loss was the lack of shipping caused by the war, some vessels being wrecked, and more being called for transport. In 1914 the Province of Quebec was the chief consumer of Nova Scotia coal, taking 2,381,000 tons out of a total sold of 6,164,000 tons, Nova Scotia taking only 2,203,000 tons. Last year, while Nova Scotia took 2,512,000 tons of the total sold of 4,459,000 tons, the increase over 1914 being due to the development of the iron and steel industry. Quebec took only 344,000 tons, and even this small figure was more than double the shipments of 1918. It is noted in the report that towards the close of the navigation season of 1918 facilities for water transportation to the St. Lawrence began to improve. During the past winter there has been considerable production of tonnage for freight service, while most of the ships taken by the Government as transports have been turned back to peace occupations. As the St. John Standard observes, there should be a considerable number of vessels available for the St. Lawrence coal service with the beginning of navigation; and though freights will be high and the mine prices of coal will be possibly double those ruling before the war, the coal markets should be glad of all supplies Nova Scotia can send, and the more it sends the better will it be for Quebec and other Provinces concerned, and, to some extent also, for the consumer.

LABOR CONTRACTS.

The Chronicle is glad of the opportunity afforded by the present strike in the establishment of the Montreal Star to testify to the marked integrity and consciousness of responsibility that has been uniformly evinced by the International Typographical Union, which is one of the most intelligent and most powerful branches of organized labor upon this continent.

There is no need to go at length into the merits of the dispute between the Montreal newspaper and its employees; these have been finally settled by the vigorous action of the Union to which the latter belong—action that is deserving of commendation but was also necessary to vindicate the integrity of that Union in the public eye.

Both here and in the case of the railroad strike that is paralyzing industry in the United States, there has been an apparently open disregard of solemn contracts and the authority of the workmen's own organizations. Such demonstrations are by no means representative but they do indicate a dangerous trend of thought in the radical wing of labor. If men are not to be bound by their pledged word, then no business or legal relations can be possible between them; if local Unions can set their Internationals at defiance whenever it seems good in their own eyes, then the whole massive structure that has been slowly and painfully built up will rapidly disintegrate and anarchy will reign in the labor world.

If any ordinary individual signs a contract he is supposed to live up to it, even if he subsequently finds himself a loser thereby, and if his sense of honor is not sufficiently keen to compel him to hold to his bargain then the law compels him to do so or to pay for the damage that he has caused. There can be no doubt that both the Montreal Star and the American railroads have suffered considerable damage from unauthorized walk-outs and there should be some legal remedy from the courts. All men are said to be equal in the eyes of the law and it is difficult to see why a labor Union should not be just as answerable for its acts as a private citizen, a Society or an incorporated firm.

WASTE NOT, WANT NOT.

Quebec might well take a lesson from Hamilton. It can judge from the remarks of the Hamilton Spectator which asserted the other day that the great success of the local salvage department had afforded citizens a practical object-lesson as to the value of what is commonly regarded as waste material. Such a department in this city would not only minimize disease by eliminating dirt and garbage but could easily be made a source of revenue through its salvage activities.

The Spectator goes on to say that less is being thrown away than formerly but still very much more could be saved, and reminds us that it has been one of the greatest reproaches against the nations of this continent that they are extravagant and wasteful people who do not understand the first rudiments of economy and whose ash-barrels bear silent but potent witness against them.

Then the war came and drove home the lesson of conserving every kind of material that was capable of being turned to useful account. The United States secretary of commerce draws attention to this matter, and urges upon the American public the need of co-operation in this great national object. He says: "The reclamation of waste is a problem which is not only fitted for war times, but for times of peace as well. It is very essential that some means of offsetting the high cost of living should be found. Do not waste, but turn it back into the channels of commerce."

The Ottawa Citizen estimates in this same connection that here is enough waste paper in the world today, "if it were systematically turned back into the channels of commerce, to keep us going indefinitely, even at our present rate of extravagance in the manner of printing," the same thing holding true of rubber and metals of many kinds. Millions of dollars' worth of such materials are burned or thrown away, although it is said that as much as 90 per cent. could be reclaimed and converted to useful purposes. If everyone undertook to do his or her full part in saving the used material of this description, and disposing of it to advantage, a very considerable profit would accrue, and the cumulative benefits to the community at large would be very great. Wastefulness is a crime, especially in these difficult times of scarcity and under-production.

Some Things the Public Would Like to Know:

Whether overalls will not become just as expensive as any other garment if everyone starts to wear them?

How some of our local celebrities will look if the new fashion hits Quebec?

Press Comment.

KERENSKY FINDS HIMSELF.
(London Morning Post)

Kerensky, the one-time dictator of Russia, has found his St. Helena in a Paris lecture-room. According to the impressions of French journalists, he is a much better lecturer than a dictator, for he impresses his audience in a way he failed to impress Russia. The lecture hall, it appears, is thronged with an eager, diverse audience, at one end Russian aristocratic emigres, at the other vociferous Bolsheviks, but both bitterly hostile to the man whom the world once thought might save Russia. Yet Kerensky, impassioned, demagogic, possessed, holds them all under his spell until he falls exhausted on his chair. He has failed as a man of action, but in his oratory he has the force and attraction of a wild animal at bay.

REMOVING AN INJUSTICE.
(London Daily Telegraph)

The question of double income-tax within the British Empire has for some time been a burning one. It will be admitted that in any sound solution of the problem regard should be had to the principle that where income-tax is charged on the same income both in the United Kingdom and in the Dominion the relief to be given should be equivalent to the tax at the lower of the two rates of tax imposed. It is also clear that we cannot interfere with the basis of assessment made by any other part of the Empire, and, further, that any adjustment should be made, so far as possible, in the country where the taxpayer resides.

CANDIDATES AND FUNDS.
(Kansas City Star)

The vice of campaign contributions is not in the way they are spent. Managers can spend \$100,000 legitimately or they can spend \$1,000 illegitimately. Money is going to be spent in this campaign and lots of it, but voters are not justified in supposing that the candidate who spends the least is conducting the cleanest campaign. If he is spending little probably it is because he has little to spend. All are trying to cover the ground, and those that cover it the most thoroughly will be those who have the most liberal contributors. The best guarantee that the money is being properly spent is, of course, the character of the candidate for whom it is being spent. Voters concerned in keeping campaigns clean should be concerned in keeping out of the race all whose characters do not furnish that guarantee.

NOVELISTS AND THE NEWSPAPERS.
(Westminster Gazette)

Mr. Thomas Hardy's confession that he has never learnt the rudiments of Journalism stamps him as belonging to a more privileged day. Few of the novelists in the rank immediately below him have escaped newspaper training of some sort. Mr. H. G. Wells served a term as reviewer and dramatic critic; Mr. Kipling led strenuous nights in India on the "Civil and Military Gazette"; Sir James Barrie spent so many of his early days in Fleet street that he has written almost typically of Literature's "little sister," in whom he thinks sometimes "there was more fuss." The connection between the two worlds was closer last century, perhaps, when Dickens and Thackeray were among the people of Fleet street.

GOVERNMENT IS GIVEN ONE MORE CHANCE

Veterans Will Then Appeal to the Governor-General For Cash Bonus

Toronto, April 18.—A resolution was passed at the meeting of the United Veterans' League here this afternoon to the effect that the Dominion Government would be given one more chance to vote the demanded \$2,000 gratuity and if it did not "come across" the veterans would send a delegate to the Governor-General to present their appeal.

The resolution also advocated an early general election to give the people of Canada an opportunity to express their wishes on the question of a further cash bonus to the returned soldiers, and added that copies of this resolution should be sent to the King, the Governor-General, the Premier and Acting Premier.

CATTLE BRANDS

The origin of the cattle brand dates back to the dim dawn of history when the brand was necessary to identify cattle in annual round-ups. With the coming of wire fences this necessity largely was obviated, but the brand serves still to place guilt upon cattle thieves.

Ingenious methods sometimes are used by cattle thieves to change existing brands upon stolen stock. The cattle brands of some ranches have come to stand for honesty in breeding, weight and dealer's mark.

In the record of brands every letter of the alphabet is represented, and most letters are found in three or four positions. An exception is "O" and when flattened at the sides, it is called a mashed "O" link or a goose egg.

"X" is not susceptible to many positions, and turned to an angle of 45 degrees, the "tumbling K" on its back horizontally, the "lazy K" and reversed a fourth position.

There is the "Spur" ranch, the "Turkey Track" ranch, and the "Lazy X."

TAX ALL TELEPHONES.

Berlin, April 16.—The German government hopes to raise 1,000,000 marks by unusual levy on telephone subscribers. It is announced that they will be assessed a special one-time tax of 1,000 marks which will bear interest and be returned when the subscription is cancelled. Charges for the use of telephone will be more than doubled and postage rates increased 100 per cent in April. Telegraph rates will be heavily advanced.

CANADA'S AUTOMOBILE INDUSTRY

Throughout Canada there is one automobile for every twenty-five people, the Dominion in this respect taking only second place to the United States, where there is one to every fifteen persons. Since the introduction of the car into Canada, the industry has made phenomenal strides. Just how remarkable the growth has been may be realized from the fact that whereas in 1903 in all the breadth of the Dominion there were but 220 car owners, in 1919 the number of registrations totalled 324,886. By provinces the registration of cars is as follows: Ontario, 139,288; Saskatchewan, 54,732; Alberta, 34,090; Quebec, 23,183; Manitoba, 29,183; British Columbia, 19,590; Nova Scotia, 9,990; New Brunswick, 8,061; Prince Edward Island, 999.

At the present time the sum of \$50,000,000 is invested in the Canadian motor industry, and its various lines account for the employment of more than 15,000 people. The estimated aggregate sale of cars in Canada last year was over \$100,000,000 and expert investigation has elicited the probability of a 35 per cent increase over these figures for the year 1920.

Ontario Canada's Motor Province. Ontario is the motor province of Canada in manufactures as well as ownership. Windsor, with its surrounding communities of Walkerville and Ford City, Oshawa and Toronto are the most important manufacturing towns. The Ford Motor Company at Walkerville employs 3,470 employees at the home office. The plant covering 9 acres. The recently completed plants of the Canadian Products, Ltd., division of the General Motors of Canada, constructed at Walkerville, cost \$6,000,000. Other large plants in the Windsor district are Maxwell's and the Studebaker Corporation, in addition to which there is a large number of plants turning out accessories and automobile parts. At Oshawa, the General Motors Corporation of Canada has three large plants, where McLaughlin, Chevrolet and Oldsmobile cars are manufactured. Last year between \$2,000,000 and \$3,000,000 was spent in this town on extensions and improvements in connection with the industry. In Toronto the Willys-Overland is the principal plant, whilst London, Chatham, Kitchener, Hamilton and Brockville are also interested in the manufacture. Montreal, in Quebec, is also largely interested in motor industries.

Imports and Exports.

Canada is largely interested in both the import and export of automobiles. In 1918 the imports of cars, parts and accessories amounted to \$12,291,119, while exports for the same period were valued at \$10,889,224. The imports were practically all from the United States. The growth of the export trade can be seen from a comparison with the figures of 1917 and 1918 which were \$5,918,129 and \$4,418,975 respectively. Australia was the Dominion's best buyer last year the Commonwealth buying \$2,440,000 worth of cars. New Zealand came next with \$1,185,000, then the United Kingdom, \$721,000, and India \$654,000. Turkey took \$271,000, exports to the value of \$271,000, exports to the United States totalled \$233,068, mainly parts, and to the Argentine Republic \$552,460.

The British preferential tariff which went into effect on September 1st, 1919, is expected to impart a considerable stimulus to the Canadian automobile industry. It grants preference of one-third provided that not less than 25 per cent of the labor on the finished car shall have been done within the British Empire.

Isn't it beautiful

Our LIQUIDATION SALE is continuing at our FURNITURE STORE 288 ST. JOSEPH STREET

We have made arrangements with the purchasers of our property. We shall only vacate the Store for the beginning of October.

This delay of five months will permit us to CONTINUE OUR BIG REDUCTIONS WHICH ARE TO THE ADVANTAGE OF THE PURCHASING PUBLIC.

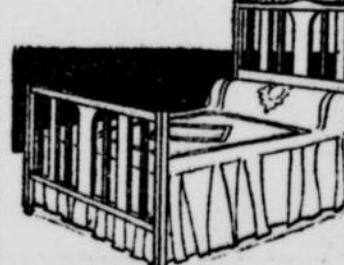

OUR CHOICE OF FURNITURE!

Is considerable, and our prices are the lowest. We give, moreover, discounts of Ten, Fifteen and Twenty Per Cent.

HIGH GLASS INDUSTRY IN JAPAN

The plate glass industry in Japan has greatly expanded since the world war. Before the war about 550,000 boxes of glass were consumed annually, 420,000 boxes of which were imported from Belgium and Germany, the remainder being from home manufacture. In the past year 850,000 boxes were manufactured in Japan, of which 600,000 boxes were consumed in Japan, and the remaining 250,000 boxes were exported.—New York Tribune.

WHAT THEY EAT

Vienna, April 13.—People of this city are beginning to find out what they have been eating in various imitation foods. Experts who have investigated the composition of certain food stuffs now on sale have reported that egg substitutes are made largely of flour, that "liver sausages," believed by the Viennese to be based on wheat dissolved and seasoned and that some cheese is a preparation of potatoes milled to get the proper taste. Tinned horse-meat is the latest "delicacy" to appear in the shops.

IN AND ABOUT TOWN

SHIPBUILDING PLANT ACTIVE

Sir David Watson Made Official Inspection of Davie Yards Saturday

Major-General Sir David Watson, Vice-President of the Davie Shipbuilding Co., Ltd., accompanied by the General Manager of the Company, Mr. George D. Davie, made an official visit of inspection to the Lauzon shipbuilding plant on Saturday last and took a keen interest in the activities in progress that involve the employment of 1,400 workmen.

The 5,100-ton steel steamer Canadian Hunter is almost completed and will be launched on the 25th instant, while the steamer Mingo is expected to be finished and come out of dry dock in the course of a week, and the steamer Northwest at the end of ten days.

The Government steamer Canadian Trapper is alongside the new dry dock pier, being fitted with a "between deck" that will enable her to increase her cargo capacity and at the same time give more strength to the frame.

The contract for the building of the 8,300-ton steel steamer for the Canadian Government marine service, which has been delayed in the building, will shortly be commenced. The delay was occasioned by the non-arrival of the necessary steel, but as this has commenced to arrive, it is expected that the keel for the new steamer will be shortly laid and the work of construction prosecuted without interruption until the vessel is completed and launched.

There is no dearth of work in the Davie Shipbuilding plant, and the hum of industry that is heard there from morning to night is like music to the workmen and their dependents. In the meantime the plant has been enlarged and equipped with modern machinery, and room for over a dozen additional ways, so that it is in a position to take on contracts for the building of as many ships as should the company secure them.

While in New York waiting for the steamer La Patria to sail, His Eminence Cardinal Begin will be the guest of the Archbishop of New York.

CARDINAL BEGIN LEFT FOR N. Y. YESTERDAY

Archbishop Mathieu Now Here
Will Sail On Same Steamer
For Rome

His Eminence Cardinal Begin, accompanied by Canon Arsenault, left for New York yesterday from which port he will sail on Thursday next for France en route for Rome. His Grace the Archbishop of Regina, Mgr. Mathieu, who has arrived in Quebec with his secretary, Rev. Abbe Marois, and who will sail on the same steamer, La Patria, will not leave Quebec for New York until tomorrow afternoon to join His Eminence. It appears that the steamer La Patria which was to have sailed on tomorrow, has changed her sailing until Thursday, which has caused Mgr. Mathieu to have postponed his departure from this city until Tuesday afternoon.

While in New York waiting for the steamer La Patria to sail, His Eminence Cardinal Begin will be the guest of the Archbishop of New York.

At the meeting held a few days ago of the Grand Chapter of Quebec Royal Arch Masons, the reports presented all showed greater progress as well as greater increase in membership than in any other year, and very bright prospects for the year just entered upon.

Among the officers elected for the ensuing term were H. Willis, who assumes the office of Grand Second Principal H. P. For the position of Grand Superintendent, Stadacona District, E. H. Atkinson, Three Rivers, was selected.

JANITOR CHARGED WITH PROFITEERING

Winnipeg, Man., April 18.—When C. Smith, janitor of the Bartelle Apartments, Home St., appeared in court charged with violating the Secret Commission's Act, he was convicted and fined \$10.00 and costs. This is said to be the first case of the kind in Canada in which a janitor has been charged with profiteering. Smith, in an advertisement inserted in a local paper, offered to sub-let a suite to the persons giving the "best bonus to the caretaker".

A NATURALIST'S WIFE.

It is proverbial that the wives of literary geniuses have been fated to undergo more than ordinary domestic ordeals with their famous yocimates from Socrates' Xantippe (much and unjustly maligned woman) to Mrs. Thomas Carlyle. But the wife of a naturalist must be possessed of fortitude and poise indeed to endure the life indicated by Elizabeth Cary Agassiz with her famous husband in her biography recently published. It is a piquant mixture of letters, narrative science and history, says a reviewer. "In a hurry to prepare for my boots," writes Mrs. Agassiz, "when I seized the tail of a good-sized snake. I called to Mr. Agassiz, who was still sound asleep, that there was a serpent in my closet. 'Oh, yes,' he murmured sleepily. 'I brought in several in my handkerchief last night. Probably they have escaped. I wonder where the others are.'" He rose to secure the precious monsters in his collection, and expected his wife to admire their beauty when they were assembled. At another time a young bear held in duress in the cellar, arose and broke his chain and ascended to the dining room, which the guests quitted by the opposite door, leaving the dinner to his opprobrium.

A HORNET.

The small son of a well-known electrical engineer is more familiar with the appliances of modern civilization than with the small things of nature, and when visiting in the country unhesitatingly picked up a hornet to more closely inspect its mechanism. When his father hurried out to discover the cause of the commotion which immediately broke the peace of the summer day, the little lad was ruefully sucking a thumb while tears streamed down his face. "Why, what is the trouble, son?" he was asked. "It was that bug," he managed to explain between sobs. "I think his wiring is defective. I touched him, and he wasn't insulated at all!"

STAMPED BRANDY BUT HELD WATER

Part of 25 Barrel Consignment Shipped via Halifax, Lost Kick on Way

The Custom authorities are now conducting an investigation in an endeavor to find how the contents of five barrels of Spanish brandy consigned to a local wine merchant, changed into water.

The barrels in question were part of a twenty-five barrel shipment which came here recently via Halifax. When the liquid was tasted here there were twenty barrels that had the required quantity and quality, but the five others held only aqua pura and not aqua vitae as called for in the shipment.

Five barrels can contain a whole-some quantity of cognac, many's a smile, many's a song, and many's a sore head, as those who are in possession of it now have probably found out, but that does not help the situation and the Customs Officials are taking active steps to find the parties guilty of the theft.

K. OF C. CEREMONY HERE YESTERDAY

Fourth Degree Conferred Upon 175 Candidates From All Parts of Province

There was a big rally of Knights of Columbus here on Saturday when Fourth Degrees were conferred upon some 175 candidates from all parts of the Province.

Most of the visiting Knights arrived here on Saturday night or early Sunday morning, and the event opened with mass at the Seminary Chapel which was celebrated by Rev. Alexander Vachon, Chaplain of the Knights of Columbus here. There was a special musical program for the occasion and the sermon was preached by Rev. Father Normand, of Three Rivers.

In the afternoon the ceremony required for the conferring of the degrees was conducted in the Knights of Columbus Hall, on Grande Allee, and was attended by a large number. Presiding over this function was Master of the Fourth Degree P. T. Legare, while the officers assisting him were Past Grand Knight L. T. Turgeon, District Deputy J. E. Lavergne and Grand Knight Alfred Savard.

As a crowning event a grand banquet was held at the Chateau Frontenac last night which was attended by upwards of two hundred and fifty guests. Mr. P. T. Legare presided at the dinner and among those present were Rev. Abbe Marois, representing His Grace Mgr. Mathieu, who was unable to be present. Mgr. Francois Pelletier, Rector of Laval University, His Worship Mayor Samson, Canon Masicotte, of Three Rivers and others. The toast at the dinner included The King, which was duly honored. The health of the Pope was responded to by Rev. Father Vachon, while Mr. Antonio Langlais replied to the toast of "The Order", after which Mr. J. A. Lemay, on behalf of the visiting Knights, proposed a vote of thanks to Mr. P. T. Legare and the other Quebec Officers for the splendid reception extended them, and it was carried amidst enthusiastic cheers.

During the evening songs were rendered by Mr. Joseph Piche and Mr. J. A. Roberge which were roundly applauded by the guests.

C.P.O.S. AROUND WORLD CRUISE

Steamer Empress of Canada Now Under Construction To Make Long Voyage

The new C. P. O. S. steamer Empress of Canada, now under construction on the Clyde will make a cruise around the world after her completion which will be one of the rarest opportunities ever afforded the business men and the limited number who will secure a berth to see and study conditions in the Orient where the war has created new methods and ideas. Mr. C. A. Languevin, City Passenger Agent of the Canadian Pacific Railway, will be pleased to mail literature in connection with the cruise to any applicant who will address him at his office, 38 St. John Street.

The Empress of Canada will start on her world's cruise from Liverpool, England, March 15th, 1921, and the fact of the cruise is causing considerable interest in England and America, and is sure to attract many applicants for accommodations. Nevertheless, room on the big liner will be reserved for a limited number of Canadian business men, who can secure a ticket from Quebec to Liverpool to begin the tour, and call at Gibraltar, Monaco, Batavia, Manila, Hong Kong, Shanghai, Kobe, Yokohama, and excursions will be arranged to Tokio, Nikko, Kamakura and Miyazaki.

It is expected that the Empress of Canada will arrive at Vancouver June, 1921. A special train will be run through the famous Canadian Rockies for those who are anxious to reach home quickly.

INSANITY PLEA IS ACCEPTED

Marie Anne Houde Will Be Examined As to Physical and Mental Condition

The lawyers for Marie Anne Houde, whose trial for the murder of her step-daughter Aurore Gagnon, is being held in the Court of King's Bench (Criminal Side) have changed their plea of "Not Guilty" to one of "Irresponsibility on account of mental aberration" and will produce their proof of the accused woman's insanity this morning.

She will be examined as to her general physical condition by Doctors Fortier and Marois of Quebec, and for her mental condition. The defence will have four doctors on the board of examiners while the prosecution will also have four. The sanity commission will be made up as follows:—for the defence, Dr. Aleez Tetreault, chief medical officer of the Saint Jean de Dieu Asylum, Montreal; Dr. Albert Provost, legal medical advisor of the Paris University and professor at the Montreal University; Dr. Emile Fortier, former interne at the Lariboisiere Hospital Paris, specialist practitioner at Quebec and Dr. Achille Paquet of Quebec. For the Crown, Doctors M. D. Brochu, superintendent of the Beauport Asylum; A. E. Marois, legal medical officer of the Department of the Attorney-General, Quebec; Wilfrid Derome, of the Montreal Provincial Laboratories; S. S. Y. interne at the Beauport Asylum; Dr. E. E. Devlin, medical superintendent of the gov't at Montreal.

His Lordship Justice Pelletier criticized pretty strongly the manner in which medical experts are called in cases where a plea of insanity is made before a court of justice, saying that it had come to a pretty pass when both sides tried to array all the medical experts they can find in a case like the one now going on, and that he repeated the suggestion he had already made that an Official Medical Commission of three expert Doctors should be appointed to deal with similar cases. The experts would be paid by the State and would be independent, not having any interest in either party.

When the Court opened, the lawyers for the defence asked that the trial be adjourned until this morning, saying that they had been obliged to get experts from Montreal, as the Crown had cornered all the local men, and that the defence had not had time to prepare its case. The Crown Prosecutor said that they had secured their men only on Friday afternoon when the defence notified the Court that they wished to change their plea, and Mr. LeMieux denied this assertion. The dispute waxed rather bitter, until His Lordship announced that he would let the defence produce their evidence and explained to the jury that the accused woman should be given every legal chance to defend herself, as the case is such a serious one, and expressed his great regret at having to keep the jury over Sunday.

The defence are expected to produce their proof of the insanity of the accused woman when the Court resumes at 10 o'clock.

KENOGAMI MODEL SCHOOL CONCERT

Pupils Gave Splendid Entertainment in the New School Hall

The pupils of the Kenogami Model School gave a highly successful concert in the Kenogami Hall on Wednesday 14th inst. There was a large and representative audience present which was presided over by Mr. J. R. Brands, chairman of the School Board. The audience was most appreciative and encores were frequent and cheerfully responded to. The programme, which was arranged by the Principal, was attractive and varied and carried out expeditiously from 8 p.m. to 10 p.m. It consisted of songs, duets, recitations, short plays and two exhibitions of physical drill. The musical parts were tastefully rendered while the display of physical exercises brought vociferous applause from the audience.

An interesting feature of the event was the presentation of six prizes for physical drill, presented by the Kenogami Branch of the War Veterans Association. The judges of physical drill were Major McReahey and Captain Grier, and the successful competitors were Jarvis Thompson, Charles Tounier, Kenneth MacBean, Phyllis Smart, Nellie Campbell, and Esther Moskowitz.

The performance of the Junior and Infant departments were exceedingly popular and much credit is due Miss Wyman, their able teacher.

Appropriate remarks were made during and after the proceedings by the Chairman, also Rev. Mr. Mortimer, Rector of St. James Church and Mr. W. Tait, the able and energetic Secretary.

The singing of Auld Lang Syne in auld fashion style and of the National Anthem, brought a pleasant function to a close.

The concert was a success financially and the proceeds will be used for the purchase of Canadian and Historic picture for the school. The Staff and friends are much indebted to Mr. Hall, and the club committee for the use of the magnificent hall.

QUEBEC BAR CONDOLES WITH BEAUBIEN FAMILY

At a general meeting of the Quebec Bar held on Saturday a resolution of condolence was passed on the occasion of the death of Mr. L. O. Beaubien, K.C., Editor of the Official Reports for the District of Quebec. The resolution was proposed by Mr. Alphonse Bernier and Hon. L. A. Taschereau, and seconded by Messrs. Adjutor Rivard and Aime Dion.

Among those present were Messrs. Ferdinand Roy, Batonnier, Hon. L. A. Taschereau, Alphonse Bernier, Jean Gosselin, Aime Dion, Adjutor Rivard, Hon. Antonin Galigne, L. A. Cannon, Lucien Noyard, C. N. Dorion, Alfred Savard, B. Devlin, A. Palland, Jos. P. Turcotte, Eusebe Beliveau, L. G. Belley, J. A. Rochette, Louis Demers, C. A. Chauveau, Elz. Ballargeon, F. O. Drouin, W. Amyot, Win. Larue, Leon Rouillard, and J. A. Gagne, Secretary.

TORONTO POPULATION

NOW 562,585
Toronto, Ont., April 18.—This city's population is estimated at 562,585, by the new directory for Toronto, just published.

Along the Good Roads Trail

WE can show you proof of the fact that it is actually cheaper to treat your roads and streets with Tarvia than to leave them untreated.

The small extra first cost is quickly balanced by the saving in repair bills and this saving gets bigger every year because Tarvia roads do not wear out as do untreated roads, but require only an occasional surface treatment to keep them in excellent condition.

Tarvia is a coal-tar preparation, low in cost and easily applied, which renders your roads dustless, mudless, frost-proof and automobile-proof. Tarvied roads are the one economical solution of the problem of high-grade low cost roads for cities, towns and country districts.

PREMIUM BONDS of the City of Paris 5%

and
Credit National 5%

(Capital and interest absolutely guaranteed by the French Government)

Are you aware that the present rate of French Exchange will allow you to purchase the above mentioned bonds at less than 50% of their value.

When French Exchange returns to its normal rate you can realize \$96.50 for every \$43. invested in these bonds and the interest yield will then be over 11%.

In addition, these bonds participate every year in ten drawings of lots, of which there are five lots of one million francs each, the others varying from 500,000 to 1,000 francs each, forming a total, every year, of 2,675 lots, amounting in all to 16 million francs. The Paris bonds participate in six of these drawings and the Credit National in four.

The price of these bonds is based on current rates of exchange and will be furnished on request.

LEAGUE RESULTS

LATEST IN THE WORLD OF SPORT

THE FATE OF
AMATEUR LACROSSEANNUAL MEETING
OF N. L. U. HELDFuture of Amateur Lacrosse
Rests with A. A. U. of Canada—Prs. Reinstatements

Montreal, Que., April 18.—The annual meeting of the National Lacrosse Union held at the National A. A. U. offices here on Chervier Street, Saturday afternoon, it was decided that the future of amateur lacrosse rests with the Amateur Athletic Union of Canada as to whether they will reinstate professional, or so termed, players this season and professional lacrosse players will be asked to make application for such reinstatement.

The application of the Tecumseh Lacrosse Club, Toronto, to join the National Lacrosse Union was Secretary - Treasurer, D. Brown, Officers elected to carry on were: Mayor Fetterley, of Cornwall, President; G. A. Booth, Sr., of Ottawa, Vice-President; J. J. Deegan, Shamrock Amateur Athletic Association, Second Vice-President; Secretary - Treasurer, D. Brown.

Those in attendance were G. A. Booth, Sr., E. Butterworth, Ottawa; Mayor Fetterley, D. Cameron, Cornwall; L. E. Burns, J. J. Deegan, Shamrock A. A. A. L. Caron, J. Grothe, National A. A. U.; Dr. Jacobs, Caughnawaga; J. J. Lozon, Montreal A. A. A.; L. Brown, Tecumseh.

BIG ENTRY LIST.
Boston, April 17.—A list of 74 runners, leading long distance men of the east and middle-west, had entered today for the American marathon race, to be held next Monday by the Boston Athletic Ass'n, over the roads from Ashland to this city. The event this year, marking its 24th annual renewal, will have added interest because of its designation as the official try-out for selection of the United States Olympic long distance team.

OLD COUNTRY FOOTBALL.
London, April 17.—Football games today resulted as follows: Bristol Rovers 9, Reading 2; Brentford 1, Gillingham 2; Crystal Palace 1, Cardiff City 1; Northampton 2, Queens P. Rangers 1; Norwich City 1, Swansea T. 1; Newport City 0, Millwall A. 0; Plymouth A. 0, Southampton 1; Portsmouth 1, Swindon T. 1; Southend 2, Exeter C. 0; Watford 3, Brighton and H. A. 0; Gloucester defeated Yorkshire 3 to 2.

Sporting Notes

The much touted New York Giants have yet to win a game in the National League. They lost two games to the lowly Boston Braves, and then got trimmed yesterday by 5 to 1 to the Phillies.

Two games went extra innings in the big leagues yesterday. Washington lost to Boston by 2 to 1, after going fourteen frames, while in the National League, Pittsburgh blanked St. Louis 3 to 0, after thirteen sessions.

Joe Stecher, the world's heavyweight champion, will meet Salvador Chevalier in Montreal on Thursday night.

There are seven entries for the Hockey Matches in the Olympic Games, Sweden, Belgium, and Czechoslovakia, having septets who will do battle for them. The first game will take place next Friday, while the finals are booked for April 29. The finishing touches are being made to the Antwerp Ice Palace, where the games are to be held. King Albert of Belgium will witness the games.

Georges Carpentier is going to box in the Mount Royal Arena on May 12, according to a telegram to the Montreal Star from George Kennedy of Canadian hockey fame. Efforts are being made to match him with Mike McTigue.

Cincinnati got a halt put in their winning streak yesterday when the Pittsburgh Pirates trimmed them 2 to 1.

LIPTON WILL USE

SHAMROCK III.
London, April 17.—Regarding the statements that in the event the Shamrock III proved faster than the challenger Shamrock IV, in the trials, he would ask the New York Yacht Club to be allowed to substitute the older boat in the race for the America's Cup, Sir Thomas Lipton, declared to the Associated Press yesterday: as follows: "I have never dreamed of suggesting such a course. I am fully aware that having challenged with the Shamrock IV, I cannot race any other boat against the American defending yacht without incurring another challenge in accordance with the rules covering the contest."

MITCHELL BEAT SCHOEEL.
Milwaukee, Wis., April 18.—Pinky Mitchell, local lightweight, last night easily outboxed Frankie Schoell, of Buffalo, in a ten round contest. Schoell weighed 124 3/4 and Mitchell 123 3/4 pounds.

FIRST BOUT HAD
NO BAD EFFECTSWilde's Loss to Sharkey Did
Not Lessen His Drawing
Power At All

When Jimmy Wilde, the British Wasp, bumped into Jack Sharkey in his first bout in the United States and came out on the short end of the argument there were many predictions that his tour through the U. S. would prove a failure.

Being outpointed by the American, who had not been doing anything starting in the ring for some time, would ruin the little Briton's drawing power. It was said. This upset, however, has done little to impair the champion's earning capacity, and he finds no difficulty in getting engagements for purses that were heretofore unheard of for the little chaps for short bouts.

The advent of the British flyweight champion done a lot to boost the interest among the midges and has helped fatten the bank rolls of the lightest division in the ring in a style that the contenders hardly ever dreamed of.

If Jimmy cared to engage in a contest every week, he could be accommodated, in spite of the fact that when he arrived in the States the fans could not see an opponent who was capable of giving him a hard work-out. His coming stimulated interest in the little fellow and it may not be long before a high class champion will be developed in the United States.

Wilde should have no difficulty whatever in packing up a fortune of at least \$100,000 during his stay in the "land of the free," and it is rumored that he will receive a guarantee of \$7,000 for his eight round bout with Battling Murray at Camden, N. Y., on April 21. He received almost \$1,000 a round for his battle with Patsy Wallace in Philadelphia, getting \$5,000 for the mill. That seems rather fair compensation, even in these days of inflated prices.

He has been offered a guarantee of \$10,000 for a ten round bout in Toronto on May 24, by the Army and Navy Veterans, his opponent to be selected, while another Philadelphia promoter has offered \$5,000 for a return engagement with Wallace over eight rounds, and a Detroit promoter has raised the ante to \$10,000 for a ten round bout with Jimmy in going to be in great demand this summer.

ARRANGEMENTS
NEARLY COMPLETEFinal Touches Being Applied
for Olympic Hockey Games
—Series of Ten Games

Antwerp, April 17.—Arrangements are being completed for the hockey contests which will begin here next Friday and will be the opening events of the Olympic Games of 1920. King Albert will attend the matches which are to be held at the Antwerp Ice Palace.

The Canadian team will face six opposing nations in the hockey series, entries have been made by the United States, France, Sweden, Belgium, Czechoslovakia and Switzerland in addition to the Canadian entry. The results of the draw have not yet been made public but it is known that the hockey series will consist of ten games. Antwerp sportsmen have made the Canadian and Czechoslovakia teams favorites. All seven teams will play an elimination round with the final match for first place and the championship being held on Monday, April 26 after which the five winners eliminated in the early rounds will meet in a second series or third place honors. Following the final match on April 29 there will be special ceremonies in connection with the distribution of first award of trophies in the seventh series of Olympic games.

For the figure skating championship there are eleven nations entered. England, Italy, Finland and Norway having entered the lists in addition to the countries which are represented in the hockey tournament.

WORLD'S RECORD BROKEN

Cleveland, Ohio, April 18.—One world's record was said to have been broken at the Allegheny Mountain Division, A. U. swimming meet, when Ted McCann, of Detroit, took one-fifth of a second off the world's record for the 150 yard dash. He negotiated the distance in one minute 28 3/5 seconds. Leo Handy, of Detroit, finished second and Jack Love, of Pittsburgh, third.

KILMARNOCK WON

SCOTTISH CUP.
Glasgow, April 17.—By Ass'n. Press.—Kilmarnock won the Scottish Ass'n. Football Cup Final at Hampden today by defeating Albion Rovers by 3 goals to 2. The weather was splendid, and 35,000 people saw the match, a record for Scottish cup games. The play

A REFUSAL.

When you do not intend to pay a bill there is nothing like being decisive in your refusal. The other day a bookseller in Toronto had an "account rendered" returned to him with the following reply scrawled across the billhead: "Dear Sir,—I never ordered this beastly book. If I did, you didn't send it. If you sent it, I never got it. If I got it, I paid for it. If I didn't, I won't. Now go and hang yourself, you fathead.—Yours very respectfully, John Jones."

HE TOOK COURSES.

Jones developed the "course" habit. First, he learned to be a "convincing talker," and was arrested as a confidence man; next, purchased "The Secret of Making People Adore You," and lost all his friends; third, he invested in the "Magic Recipe for Millions," and joined the bread-line; and, as a last resort, with what was left he plunged on a "Memory Course," and promptly forgot all his troubles.

YOUR HOUSE IS PAINT HUNGRY.

PAINT YOUR HOUSE.

Don't let your house starve from lack of paint. Keep all your buildings in healthy condition by giving them plenty of paint nourishment.

REAL ECONOMY.

Don't think of paint as an expense. It is a real investment. Fitch's Ready Mixed Paint is a particularly good investment because it costs less per gallon than any other. Also because it costs less per square yard. It is easier to apply and covers more surface.

IT IS DURABLE.

Use Fitch's Ready Mixed Paint and you won't have to paint so often. It is made of pure white lead and oil and defies all kinds of weather. We have it in all colors.

WHEN YOU MOVE

Moving and Housecleaning
Do It with Legare's Helping.Moving or housecleaning are not unalloyed pleasures, but they have their com-
pensations. When one moves it is inevitable some additions to the furniture is found
necessary. In housecleaning the arrangement of the furniture in the home should be
changed, and at least here and there a new piece added. It is a delight to select the
needed pieces from a collection of furniture which has one's unquestioning confidence.
It is doubly agreeable when one has the feeling that no excess is being paid, or asked,
for the faith itself. In other words, people enjoy paying full value for superior things,
but they do not like to feel that they are paying an additional sum for the privilege of
exerting their own judgment. People who buy LEGARE'S good furniture know that
not only are they getting the best, but at prices the best values anywhere.

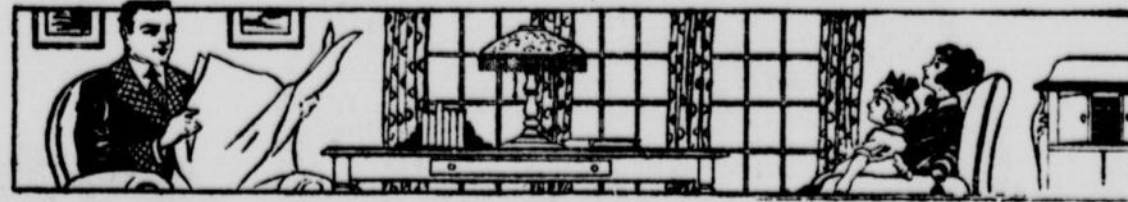

Everything for Your Kitchen

Moving or housecleaning is an excellent opening for every housewife to improve
the appearance and service of her kitchen. She would find it a source of wealthy sugges-
tions should she avail herself of the privilege of examining our Steel and Cast Ranges,
Gas and Oil Stoves, "Sellers" Kitchen Cabinets, Refrigerators, Linoleums, Tables,
Chairs, etc.

Everything for Your Dining Room

Nothing is more apt to bring cheerfulness in a family circle than to be served
meals in a dining room furnished so it will inspire comfort. Nothing could help you
better to create such an atmosphere than a choice from our Dining Room Suites,
Buffets, China Cabinets, Tea Wagons, Extension Tables, Chairs, Carpets and Rugs,
Electric Fixtures, Etc.

Everything for Your Bed Room

The Bed Room, "abode of rest," must be endowed with an appearance of
calm and quiet harmony—that is to say the style and layout of its furnishings must be
perfect. Think this over, then come and see our Bed Room Suites, Iron and Brass
Beds, Dressers, Chiffonniers, Dressing Tables, Chairs and Rockers, Mattresses, Springs,
Pillows, Carpets and Rugs.

Everything for Your Living Room

We make it our pride to offer for your choice the best variety and most stylish of
Boudoir Furniture, whether it concerns Complete Suites, Chesterfields, Easy Chairs
and Rockers, Davenport, Divanettes, Tables, Book-cases, Portable Lamps, Grapho-
phones, Carpets, Rugs, and Electric Fixtures.

A Complete Collection of Household Furnishings

Should you find your furniture is lacking in some point, you may always rest as-
sured we are in a permanent position to remedy it in the most ready and satisfactory
manner. Our elaborate stock makes it impossible for you to refuse your home the
moveable that will make it a place good to live in. Your kind visit is only solicited—
we will do the rest.

CITY OF QUEBEC. To wit: DISTRICT OF QUEBEC.

CITY OF QUEBEC. CITY HALL. BY-LAW NO. 28

By-law to Amend By-law No. 28, Concerning the Pension Fund for the Municipal Officers and Employees.

(Drawn up in the French language) At a meeting of the Municipal Council of the City of Quebec, held at the City Hall, in the said City of Quebec, on the ninth day of February, one thousand nine hundred and twenty (1920), in conformity to law, and in virtue of a by-law passed by this Council, pursuant thereto, and after the due observance of all the formalities prescribed by the statute in such case made and provided, at which meeting were present the absolute majority of the members composing the Council of the City of Quebec, that it is to say: His Worship the Mayor, Aldermen Bedard, Bertrand, Bouchard (St. R.), Bouchard (J. C.), Collier, Fiset, Gauvin, Lantier, Lesage, Martin, Mercier, Seguin.

It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council do hereby ordain and enact as follows: 1.—Article 24 of By-law No. 28, passed on the eleventh of April, 1913, is hereby repealed and replaced by the following: "24.—In any case when an officer or employee should die before having begun to draw his pension, one half of the pension which he would be entitled to obtain, if he had already retired from service at the time of his death, shall be paid at his choice, to the widow or to his minor children, and if there are no testamentary provisions as to such choice, the widow alone, and this for a period of ten years. If the widow dies before the expiration of the ten years, the payment thereof shall be continued to the minor children for the balance of the time."

2.—The two following are added after article 26, to wit: "24.—In any case when an officer or employee should die before beginning to draw his pension, and without leaving a widow or children, a portion of the amount of his contributions or fees shall be refunded as follows: 1.—The total amount of his contribution for his years of service to the establishment of the pension fund, with interest at 5 percent.

2.—One half of the amount of his contribution for his years of service after the establishment of the pension fund, without interest.

These amounts shall be paid to the universal legatee whom he shall name in his will, and in the absence of a will, the whole amount of his contributions shall revert to the pension fund.

24B.—If any officer or employee placed on the pension fund dies without having benefitted of the said pension for a period of ten years, his widow shall have the right to claim one half of the said pension during the balance of the period necessary to complete the ten years, and if the said widow dies before attaining the said period, the minor children shall be entitled to claim one half of the said pension, up to the expiration of the said ten years. Attested

Mayor. H. J. B. CHOUINARD, City Clerk. L. S. H. E. LAVIGUEUR.

CANADA SS. LINES ALL OCEAN FARES ARE GREASED

New Schedules Drawn Up In Anticipation of the Heavy Business

Ten Per Cent. Advance Is the Natural Result of Higher Operating Costs

The Canada Steamship Lines, Ltd., have arranged their Summer Schedule in anticipation of a heavy business. The Montreal - Quebec line will commence operations on the 26th instant; steamers leaving Montreal at 7 p.m. and reaching Quebec at 6.30 a.m. and leaving Quebec at 6.30 p.m. and reaching Montreal at 7 a.m. Until May 29th, this service will be nightly except Sunday, and after that date Sunday will be included.

The Montreal - Quebec, Murray Bay, Tadoussac, Saguenay service will be open June 22nd; steamers leaving Montreal, Mondays and Fridays until Sept. 7th. Special schedules are also being arranged for the Quebec and Saguenay line.

SHIPPING NOTES

The Gulf of St. Lawrence Navigation & Trading Co's steamer Labrador will receive cargo for the Lower St. Lawrence, and is expected to sail tomorrow or Wednesday.

The schooner C. Tremblay is getting ready for her season's work in the Lower St. Lawrence. Her prospects of leaving for Gaspe this week.

The schooner Sault au Mouton left for Sault au Mouton with a cargo and several passengers.

The steamer Rapidan of the Furness - Withy Line is the first vessel to sail for the St. Lawrence route this season. The Rapidan left Powey, Great Britain on Saturday with a cargo of China Clay to be landed at Montreal and after unloading her cargo will take on cargo for Hull.

Brig-General R. Manby Sims, agent general for Ontario, at London, England has again put into effect the arrangements whereby specially conducted parties of immigrants are brought out to this country, which work was suspended during the war. A party of the kind will sail on the Victorian, C.P.O.S., leaving Liverpool April 23, for Quebec. This is the first voyage to be made by the Victorian since reconditioning after her long Government service.

The C. P. O. S. Metagana which left Liverpool on the 9th instant, arrived at St. John, N. B., yesterday, and in a by-law passed by this Council, pursuant thereto, and after the due observance of all the formalities prescribed by the statute in such case made and provided, at which meeting were present the absolute majority of the members composing the Council of the City of Quebec, that it is to say: His Worship the Mayor, Aldermen Bedard, Bertrand, Bouchard (St. R.), Bouchard (J. C.), Collier, Fiset, Gauvin, Lantier, Lesage, Martin, Mercier, Seguin.

It is ordained and enacted by the Municipal Council of the City of Quebec, and the said Council do hereby ordain and enact as follows: 1.—Article 24 of By-law No. 28, passed on the eleventh of April, 1913, is hereby repealed and replaced by the following: "24.—In any case when an officer or employee should die before having begun to draw his pension, one half of the pension which he would be entitled to obtain, if he had already retired from service at the time of his death, shall be paid at his choice, to the widow or to his minor children, and if there are no testamentary provisions as to such choice, the widow alone, and this for a period of ten years. If the widow dies before the expiration of the ten years, the payment thereof shall be continued to the minor children for the balance of the time."

2.—The two following are added after article 26, to wit: "24.—In any case when an officer or employee should die before beginning to draw his pension, and without leaving a widow or children, a portion of the amount of his contributions or fees shall be refunded as follows: 1.—The total amount of his contribution for his years of service to the establishment of the pension fund, with interest at 5 percent.

2.—One half of the amount of his contribution for his years of service after the establishment of the pension fund, without interest.

These amounts shall be paid to the universal legatee whom he shall name in his will, and in the absence of a will, the whole amount of his contributions shall revert to the pension fund.

24B.—If any officer or employee placed on the pension fund dies without having benefitted of the said pension for a period of ten years, his widow shall have the right to claim one half of the said pension during the balance of the period necessary to complete the ten years, and if the said widow dies before attaining the said period, the minor children shall be entitled to claim one half of the said pension, up to the expiration of the said ten years. Attested

Mayor. H. J. B. CHOUINARD, City Clerk. L. S. H. E. LAVIGUEUR.

ALL OCEAN FARES ARE GREASED

Ten Per Cent. Advance Is the Natural Result of Higher Operating Costs

Steamship Companies on all east-bound and westbound British and Continental Transatlantic lines have increased fares ten per cent in all classes, including fares for infants. The advanced rates are announced effective forthwith, as has been foreshadowed for some time, and are a natural result of the larger operating costs to which the Steamship Lines are now subject in comparison with the past.

The rates for servants (first class) on all steamers will be advanced from \$112 to \$137. Children's fares too, are affected as the half fare privilege will apply to children under ten years of age in the first cabin and second classes, and to children under twelve years of age, in the third class, thus reducing the age limit for children's half fare rates in the cabin and second class from twelve years to ten.

The new general advance of ten per cent, being applicable via all lines, members of the North Atlantic Conference, which include the C. P. O. S. White Star, White Star Dominion, Cunard, Anchor and Anchor-Donaldson lines. The increases will thus apply from all ports on the Atlantic Ocean, both Canadian and American.

STR. MORSE REPORTED IN TROUBLE

Boston, Mass., April 18.—Wireless messages requesting immediate assistance were intercepted here today from the United States Shipping Board Steamer E. A. Morse, about 250 miles east of New York, the message said the vessel had sprung a leak and that the water was gaining rapidly. The position reported was latitude 39.44; north, longitude 68.43 west. The E. A. Morse registered 3,743 tons. According to available shipping registers she was bound from New York for Genoa.

RESUMPTION OF QUEENSTOWN CALL

Announcements are made by the White Star Line that their steamers in the New York - Liverpool Service will resume their calls East and Westbound at Queenstown, which was the old practice but which was discontinued owing to the war.

The first steamer calling at Queenstown will be the SS. "Celtic", leaving New York May 15th, and will be followed regularly by steamers after that date.

The demand for direct sailings to and from Irish Ports has been quite insistent, and it is felt that by the resumption of the White Star Line Steamers, calling at Queenstown, a long felt want will be taken care of and give the Irish population an opportunity of emigrating and disembarking at one of their own Ports, instead of going via Liverpool, which has heretofore been necessary.

The same high standard of service rendered by the White Star Line in pre-war days will be maintained, and particular attention paid to all Irish travellers.

ICEBERGS MANY YEARS OLD

Discoveries Have Proved That Immense Masses of Ice Keep Their Formation a Long Time.

Some icebergs are more than 200 years old, according to Rene Bache, writing in the Philadelphia Public Ledger. He gets his information from discoveries made by the "ice patrol" of the United States coast guard, which has been patrolling the northern waters. Most of the bergs came from Greenland. Snow may fall on the crest of one of the island's mountains. It hardens and is pushed down the slope by other falling snow. This process may continue for centuries before the mass finally reaches the coast and is broken off.

Icebergs are often of enormous size, one sighted by the coast guard steamer Androscoogin being 600 feet long, 400 feet wide and 120 feet high above the surface. As that portion of the iceberg under water is much larger than what appears above the surface, only a faint idea is given of its gigantic size. Parts of bergs consist of snow, and part of ice. The snow melts first and sometimes causes huge cavities in them, or sometimes arches large enough for ships to pass through. In some cases due to the action of the warmer waters of the Atlantic, the side of the berg is washed away and a huge overhang appears. This saved a ship recently that crashed into a berg off Cape Race, its upper workings were damaged, but it was not damaged along the water line.

When icebergs melt they usually melt underneath first, until the berg loses its equilibrium and turns over. Saurons on the Androscoogin saw one berg turn over four times in 20 minutes.

RING PROTECTS WEARERS

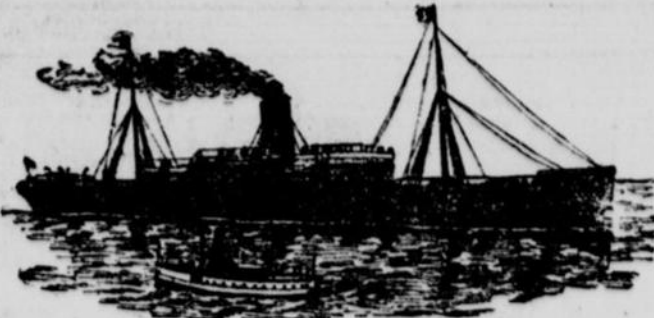

The "luck" ring of Mr. Wm. R. Switzer, of Toronto, has resumed to its owner for the third time. The ring is of plain gold set surmounted by a Masonic emblem.

The ring saw its service during the American campaign in the Philippines. Mr. Switzer presented the ring to a friend leaving for active service, with the request that he return it if he survived. In due time, the friend and ring returned. Later Mr. Switzer presented the ring to another friend, who was sailing to South Africa with the Canadian forces. Again the friend returned the ring to Mr. Switzer several weeks ago.

CITY OF QUEBEC. CITY HALL. Leases of Shops, Stalls, Sheds of Montcalm, Berthelot, St. Peter and Champlain Markets. Quebec, April 2nd, 1919. PUBLIC NOTICE is hereby given that the leases of shops, stalls, sheds in the Market Halls and Public Markets of Montcalm, Berthelot, St. Peter, Champlain Markets, shall be renewed and leased for the year beginning the 1st of May, 1920, and ending on the 30th of April, 1921, as follows, to wit:— Those of the Montcalm, Berthelot and Champlain Markets, in the sales room of the Finance Department, on Monday, the nineteenth (19th) of April, instant, beginning at two of the clock in the afternoon. And those of St. Peter's Market Hall shall be renewed in St. Peter's Market Hall, on Tuesday, the twentieth (20th) day of April, beginning at nine o'clock in the forenoon. The City Notaries, shall respectively be present on Monday morning, the nineteenth (19th) instant, at the City Hall and at St. Peter's Market Hall on Tuesday, the twentieth (20th) of April, 1920, beginning at nine o'clock in the morning, to pass and sign the deeds of lease necessary. In the event of the present lessees not paying before the sale by auction arrears of rent due by them, said shops, stalls and sheds shall be put up by auction and shall be leased to any other applicant who will then and there comply with the said conditions. Instructions have been given by the Public Works Committee to lock up on the last day of April, instant, at five o'clock (5 o'clock) p.m., the stalls that shall not be leased on the days above mentioned. A notarial lease containing the conditions will then and there be signed by the lessees and paid by them, including a copy for the City. One month's rent in advance and the price of the license shall be paid by each of the lessees for each stall prior to the passing of the deed of lease to the Notary then and there in attendance respectively as above stated, in the sales room of the Finance Department or in the St. Peter's Market Hall. Possession of the premises shall not be given by the City to any person who shall not have previously signed his lease and paid his dues as such and as long as he shall fulfill his obligations. Each lessee shall furnish before the execution of the said deed of lease and to the satisfaction of His Worship the Mayor, two good and responsible securities. If the lease of any shop, etc., is not signed by the lessee within 24 hours, the adjudication shall be absolutely null and void, and the Public Works Committee shall proceed forthwith to grant them to other parties. The terms of payment and other conditions of the leases will be made known publicly on the spot before proceeding to the sale. For further information, apply to Mr. George Trudel, City Hall. By order, (Signed) GEO. TRUDEL, City Revenue Collector. Apl12x20. LIST FOR THE YEAR 1920 OF VOTERS OF THE CITY OF QUEBEC. List for the year 1920 of Voters qualified to vote in the City of Quebec at the election of a Member of the Legislative Assembly of the Province of Quebec, in the Electoral Divisions of the City of Quebec, under the Quebec Election Act and Amendments. CITY CLERK'S OFFICE. CITY HALL. Quebec, March 29, 1920. PUBLIC NOTICE is hereby given that the Lists for 1920 prepared according to the valuation roll now in force in the City of Quebec, of the Electors of the several wards and of the several districts of the City of Quebec, qualified to vote, according to law, or in virtue of their title or quality, at the election of the member or the members of the Legislative Assembly of the Province of Quebec, are now ready, and have been lodged at the office of the undersigned, before or on the day of the information of all persons interested. I also give PUBLIC NOTICE that the said lists shall be examined and corrected by the Board of Revisors of the City of Quebec, appointed by competent authority, on such dates as shall be hereafter determined and appointed by them, notice whereof shall be hereafter given in proper time and place in the manner provided by the Statutes. Any person desirous of having names inserted on or struck off the said lists must apply by means of application or complaint in writing, which shall have been previously sworn to by the said applicant or complainant, before or on the day of the Revisors, or the Clerk of the Board of Revisors, a Justice of the Peace, or a Commissioner of the Superior Court and deposited in the City Clerk's Office, City Hall, between Ten (10) o'clock in the morning and Four (4) o'clock in the afternoon, and between Eight (8) o'clock and Ten (10) o'clock in the evening of each judicial day within fifteen days from THURSDAY, the FIFTEENTH (15th) of APRIL next to SATURDAY, the FIRST (1st) of May next inclusively. All such applications or complaints duly sworn to and deposited as aforesaid against the said lists shall be submitted in due time to the said Board of Revisors, for examination or correction to be disposed of according to their merits. H. J. B. CHOUINARD, City Clerk. March29toMay1

Something About Feather Pillows

What is more unsanitary than a Feather Pillow?

Did you every stop to think how careful you are to put nice clean pillow slips on to those same old pillows?

They are handed down from one generation to another with nothing more than an occasional airing.

We wash your FEATHER PILLOWS without removing the feathers, and dry them with warm air and constant agitation in our HOT AIR DRYING MACHINE, which thoroughly sterilizes and renders them soft and fluffy.

Elderdown Quilts also nicely cleaned and returned soft and fluffy.

Amazing success in the Cure of Illness and Nerve Weakness.

An amazing scientific feat is the invention and perfection of the "Ajax" Dry Cell Battery. Under this unpretentious name practically the whole force for good that electricity possesses in relation to the human frame has been harnessed and controlled.

It supplies what is equal to a shower bath of Electric Life, which, though it cannot actually be seen, continually passes into the system and builds up exhausted nerve centres and tired tissues. The nerves and organs of the body get run down when the supply of fuel is exhausted—in other words, when the electric reserve of vital energy is at a low ebb. This is the reason why the "Ajax" so quickly replenishes and renews health and strength.

You can easily experience this wonderful healing, curative, and strengthening power by simply putting on one of these batteries while you are resting. Then this shower bath of electric atoms streams through into the nerve centres without the slightest shock, irritation, or pricking of the skin.

In this way are such troubles as Rheumatism, Gout, Lumbago, and Sciatica abolished for ever. Thus are all forms of nerve weakness, Neuralgia, Chronic Tiredness, and Sleeplessness thrust from the system, never to return. So also Indigestion and Dyspepsia, Kidney Trouble, Liver, Bowel and Stomach complaints are cured without the slightest inconvenience, and in the most pleasant manner possible.

Stop Drugging & Taking Useless Medicines.
If once you start this you will find that the habit grows upon you. Get back to Nature—to the greatest gift conferred upon mankind to cure the ailing and to restore strength to the weak. More about this fascinating subject you can learn quite free of all cost, by sending for the wonderful book describing the "Ajax" and how it cures. Just send your name and address. The one point to remember is DO NOT DELAY. Write today. AJAX L.D.

AUCTION SALE

In the matter of Amadee Langelier, Merchant, L'Islet Station, Insolvency. Notice is hereby given that on Friday, 23rd April, 1920, at 11 o'clock A.M. will be sold at our office, 101 St. Peter St., Quebec, the assets of this estate as follows:—

HELMETS AS ROAD

Croydon, Eng., April 18—Ten thousand German army helmets have been crushed into the mud at a salvage depot here to make a path-way for captured German guns and other heavy traffic. It would have cost more to sell them as souvenirs than would be derived from the sale.

At The Theatres

Norma Talmadge and Fine Vaudeville at the Auditorium

There will be another big bill, this week, at the Auditorium. The vaudeville includes a wonderful feature act, Ed. Janis' Revue, a company of five actors in songs, dances, music. This act alone is well worth more than the admission price, charged. Another big act will be that of Bas Pierre Brookhart, mind reader, assisted by Princess Parillo. The mind reader, with his magnetic assistant will give a special matinee for ladies only at 10:30 Wednesday morning. This will be a private "seance" for ladies and this will be no mere occasion for everyone to obtain mind-reading and magnetic spell demonstrations. Consult these mentalist on matters of love, business, home.

The admission price for this special matinee will be fifty cents. Ask any question at all from Brookhart. He is a French-Indian gifted with incredible powers. He holds this special matinee for the benefit of ladies, desiring a free consultation at a private sitting.

At the other regular performances all the acts of this week's bill will be presented also Norma Talmadge in "By Right of Purchase".

Sylvia Breamer at Victoria, in "Respectable by Proxy"

The popular young Blackton stars SYLVIA BREAMER and Robert Gordon returned to the Victoria Theatres today for three days in "Respectable By Proxy". It is said to be a spicy, romantic comedy drama. The story revolves around a young young blood who marries a cheap actress in haste and repents with equal speed.

He is reported missing in a shipwreck, but turns up after several months to find a strange young woman in his mother's home posing as his widow. By the time he falls in love with her, his real wife turns up, jazzing the works considerably, but when Shakespeare said, "All's Well That Ends Well" he said enough! On same bill "Trail of the Octopus", No. 3 and Pollard comedy.

Elsie Ferguson and Elmo Lincoln at the Empire Today

Beautiful and stately Elsie Ferguson in a dramatic production of tremendous strength and unusual appeal, "Counterfeit" in which the star is portrayed in a very adventuresome role is being presented at the Empire today, tomorrow and Wednesday. Episode No. 2 of that mysterious, exciting, and thrilling serial, "Elmo The Fearless" starring Elmo Lincoln is also shown in addition to a comedy, etc. Miss Ferguson has never been seen to better advantage than in "Counterfeit."

Louis Bennisson and Gladys Brockwell at The Allen

A special double bill is offer the patrons of the Allen today, tomorrow and Wednesday, Louis Bennisson and Gladys Brockwell, two of the most famous stars on the screen, will be seen in "Speedy Meade" and "Chasing Rainbows". Bennisson is supported by a very strong cast among whom is Kathleen MacDonald, the "American Beauty". The story has lots of speed and is full of humor. It should be enjoyed by all who see it. "Chasing Rainbows" with Gladys Brockwell in the leading role, is a story of a waitress who goes to a little Western railroad town, and by her goodness, does more good than any minister could have done. It is an excellent vehicle for the emotional star and should go big. A Chester comedy, Mutt and Jeff cartoons, and Chester Outing picture complete the bill.

A SOUTH AFRICAN FLOWER.

Flowering, at the Cape of Good Hope all through the winter is one of the most beautiful flowers in the world, which has been called the queen of the South African flora.

This is Streptolizia, with leaves like those of a small banana and flowers so magnificent in color, form, and size that soon after its discovery it became one of the wonders of the flower world. It is along the river banks of southeast Cape Colony that it may be seen at home, standing up some four feet among the grass and scrub that clothe the edges of the water. Open glades are also sometimes ornamented by scattered tufts some way from the valleys, but nowhere else in the world is it truly wild. So it is an endemic. The flowers spring one after another all through the season from the beak-like summit of the stem. In each there are three deep yellow sepals four to six inches long which stand upright like the crest on the head of a parrot. Among them are the dark blue petals combined together around the stamen into the shape of an arrow. The whole bears a striking resemblance to the head of a large and gorgeous bird with its blue and yellow crest erect and its beak pointing forward. The likeness is further helped by the flower stalk which curves like the neck of a swan. The stamen is normally completely hidden by the petals, but it is revealed when a honey gatherer visits it as they open down the middle when passed from above, closing again to protect it as soon as the weight of the visitor is removed. Rather more weight is required than that of a bee, and it has been noticed that these flowers are visited and pressed open by the little sugar-bird and sunbirds.

MRS. NELLIE PECK, of Kansas City, who says her little boy never had a well day until he began taking Tanlac. Declares she will never be able to pay the debt of gratitude she owes the medicine.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, Mo. "My little boy Curtis is fourteen years old and never in his life has he been a well day until he began taking Tanlac. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate practically all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children."

He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have bad headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve! I kept right on giving him the medicine until now it is hard for me to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is as active as soon as he goes to bed. In fact he is perfectly well in every way."

"After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles."

"Tanlac has been one of the greatest blessings that ever came into our home and I expect to praise it as long as I live."

Tanlac is sold in Quebec by Martel & Dion, and by Jolicoeur's Pharmacy, and in Lewis by Maurice Dion; under the personal direction of a special Tanlac representative.
