TO THE PUBLIC.

THE Publishers beg to introduce to their patrons and the public the First Edition of the MONTREAL BUSINESS DIRECTORY for 1874–75, and in doing so, they confidently hope that the commercial world will think well of the task and labor connected with a work of this kind before they criticise too severely a gigantic and useful undertaking like the present. It being the first book of the kind ever issued to the mercantile community of this enterprising and flourishing city, the Publishers confidently hope that the public will look as favorably upon their undertaking as the Press of this city has already done.

In the course of our canvass we met with many persons of a retiring disposition who did not wish their names to appear too prominently in our present issue, and although acquiesing in their modest request, we have so arranged our plans that the business portion of the public will not in any way suffer thereby.

Others having undertaken a similar task, which only proved a miserable failure, it has weakened the public confidence, consequently, being strangers, we may be looked upon with suspicion but with your kind and generous assistance we hope to be able to lift up the veil and cast the shadow into oblivion. We are no abortion. We are of our own making. We plough our own fields, sow our own seed, and reap our own reward.

The Book will be published annually in March, in good time for the opening of the Spring business, and we hope hereafter to receive that encouragement to persevere in this truly commercial undertaking—filling up that long-felt want which our country visitors have experienced on arrival in Montreal for the purpose of selecting their Stock—giving them immediate facilities for going to the proper place for the articles they require, and thereby lessening the great expense which a tedious sojourn in Montreal necessarily entails; but what is of more consequence still, it enables the country Storekeeper to return home to his business in one-third the time it usually took him to complete his purchases under the "old" Directory arrangement.

In conclusion, we beg leave to tender our very sincere thanks to the business-men in general for the kind support and assistance which has been so promptly given to us on this, our first issue, and it shall be no want of perseverance and assiduity on our part, with your kind patronage and assistance, to make this work what it ought to be, the Commercial's Man's Guide—EXCELSIOR.

Respectfully yours,

BOYD & HASKINS.

CANCER CURE.

DR. WOOD,

Sparks Street and Maria Street, Ottawa, Ontario.

CANCERS CURED by a New, but Certain, Speedy, and nearly Painless process, and WITHOUT THE USE OF THE KNIFE.

The Cure will be guaranteed, and, as a proof of this, no pay is required nntil the Cure is complete the moment a Cancer is discovered it should be Cured, as it will cost less, and is more speedily Cured Than when of longer standing,—and there is nothing to gain, and everything to lose, by delay. What now seems a harmless lump in the breast, neck, eye-lid, or elsewhere, or small wart, or sore on the lip, may, in a few short months, become a hideous, disgusting, destroying, mass of disease. If required, references can be given to parties who have been cured many years since, and who are now sound and healthy. All communications promptly answered. No money required in advance, and none until the cure is complete.
