PROTESTANT SCHOOLS STILL WANT 11 TEACHERS

Hilton Mines, Bristol Now Under Construction

The first of a crew of over 300 men are buckling down for a year and a half of intensive construction work at The Hilton Mines, Bristol which will give the Ottawa River Valley its largest mining installation.

First announcement that The Steel Company of Canada, Limited, would be associated with Pickands Mather & Co. of Cleveland, managers of the project, and Jones & Laughlin Steel Corporation of Pittsburgh in the \$16,000,000 iron ore venture was made by Premier Maurice Duplessis of Quebec late last year.

New information on the property, released Tuesday, shows that iron ore from the mine will have to be processed in more than twenty separate stages to produce an acceptable blast furnace or open hearth feed.

Almost five tons of raw material will have to be mined for every ton shipped, many times the ration in ordinary open-pit operations. The low-silica, high-iron content of the finished product combined with advances in the science of iron ore mining in recent years helps to justify this immense handling problem.

The iron ore deposit at The Hilton Mines is believed to have been discovered by John Moore about 1870, but no mining was undertaken until 1872. In the winter of that year a small operation was begun, but no shipments were made.

In 1884 an organization known as the Bristol Iron Company commenced a new operation, mining small pockets of high-grade, sulphur-bearing ore until 1889. The property was then reorganized and operated by Annis and Company of Philadelphia until 1894 kilns were required to burn off the sulphur content.

The pits and shafts developed in those operations are now filled with water, and the old mine building, kilns and hoisting equipment, which still stand, rusted and decayed, are finally being torn down for the new operation. At no time did these early operations reach a commercially practical scale.

In 1951, geologists and drilling crews moved in and began a systematic exploration of the entire area. 15,000 feet of diamond drill-samples were taken, packed up and shipped to the Pickands Mather & Co. laboratory at Hibbing, Minnesota, for study. In two phases of exploratory drilling, the accessible limits of the ore body were thoroughly charted, and estimates of the amount of ore available were drawn up.

The iron ore body which will be worked in the new operation is a low-grade magnetite lying under a relatively shallow surface covering. It dips between 60 and 70 degrees northward. Estimates indicate that the tonnages obtainable by open-pit methods amount to about a 15-year supply, based on a contemplated production of 600,000 tons per year of pellets containing about

66 per cent iron. In the laboratory it was discovered that the material could be processed by a method similar to that which had been worked out for the \$300,000,000 taconite project under construction by Erie Mining Company in Minnesota. This project is also managed by Pickands Mather & Co.

After the decision was made to go ahead, engineering drawings were immediately begun, and active plans made to expedite construction.

In November, 1955, the first public announcement was made. In March 1956, it was announced that The Foundation Company, Limited of Montreal had been awarded the contract for construction of the plant.

The construction program is now under way. The construction crew will reach a peak in the summer. Permanent employees, roughly 300, will not be hired until towards the end of the construction period.

The plant will operate with complicated but highly efficient processing methods.

First, the surface covering will be stripped with 4½ cubic-yard shovels, and hauled in 22-ton trucks. Mining will be done by the open pit method. The operation will consist of drilling and breaking the hard ore to a maximum size of 3½ feet. Almost one-fourth of the material mined will be sorted in the pit and trucked to waste dumps, leaving the balance to be transported to the crushing plant by trucks.

The ore will be crushed in two stages to a maximum two-inch size. One-third of the original ore mined will be discarded magnetically, and the magnetic portion will then be crushed to a one-inch size and transported to the concentrating plant. In the mills it will be ground in water to the fineness of flour and fed through magnetic separators and other concentrating equipment.

Most of the moisture will then be removed in thickeners and filtering machines, resulting in a damp cake containing about 9 per cent moisture.

The concentrate will be in powdered form and as such will not be suitable for shipping for open hearth or blast furnace use. The concentrates will be rolled into small pellets, and baked to hardness in a special shaft furnace. The final pellets will be hard enough to stand rough treatment in shipping and in charging into furnaces. The pellets will range from 1½ inch to ¾ inch in size.

It is estimated that the plant will require 8,700 horsepower of electricity, which will be supplied by (Continued on Page Seven)

Martin Black Heads Shawville Lions Club

Martin Black was named president of the Shawville Lions Club at their annual election meeting held last week. Three vice presidents, Dr. Frank Cowley, Gus Draper and Bill Hanna, were also elected. Secretary for the coming year will be Lennis Dean and Al Merritt will carry on with his perennial job as treasurer.

Lion Tamer will be Dave Davies; Tail Twister will be past president Mac Hayes and Directors will be Sid Sheppard, Milburn Hodgins, Charles Imison and Iverson Harris. These new officers all elected by acclamation will take over on July 1.

On the program as well as election of officers was the showing of several films on Conservation supplied by Carlings Brewery. These dealt with the preserving of Canada's wild life.

Fair Centennial September 5 To 8

Shawville's hundredth fall fair will take place September 5 to 8 this year. This year the special significance of a hundred years of agricultural progress will be celebrated by the presence on opening night of the Lieutenant Governor of Quebec Province, The Honourable Gaspard Fauteux, P.C., L.L.D., D.D.S., L.D.S.

Arrangements are being made to receive the Lieutenant Governor in fitting style with a special reception. Full details of these and other plans for this year's fair will be published after the executive meeting this Friday. Items to be finalized at this meeting include the complete revision of the Women's Section which is now under way, the repainting of various buildings with a predominance of white to brighten the appearance of the grounds, improvements to the grandstand, the erection of a platform and the inauguration of a grandstand show. An experienced Pontiac talent scout is being approached with a view to developing a professional type stage show engaging entertainers from this district.

Special exhibits from the departments of agriculture at both Quebec and Ottawa are expected this year. Horse racing will, as usual, provide special attraction for visitors to the fair and the T. Green Amusement Company will be on hand with their side shows and "rides" for the youngsters of all ages.

Quyon Fair is reported to have changed dates and will take place after the Shawville Fair, probably

Liberal Convention In Campbell's Bay May 16

As all await developments from Provincial Liberal and Union National headquarters the main political topic of conversation in Pontiac is "Will the Liberals put up a candidate or will Ray Johnston be re-elected by acclamation as some of his staunchest supporters have suggested".

Last week's premature story about Mrs. Charles Bolam carrying the Liberal flag which was published in one of Ottawa's daily papers was misleading. Actually nothing has been firmly decided in that direction.

May 16 is the date of the district Liberal Convention which will take place at the Campbell's Bay Town Hall at two o'clock in the afternoon under the chairmanship of J. Oscar Lafamme, President. Until after this convention, no campaigning can take place because it will be decided at the convention who will run against Johnston, if anybody.

Three hundred invitations have been sent through the mails to County Liberals inviting them to the convention. The meeting will be a public affair with all interested people welcome to attend although if a ballot is necessary to choose a nominee only official delegates will be allowed a vote. Official delegates, according to President Lafamme, will be named previous to the May 16 Convention by each polling division.

Seek Bus Service To Hilton Mine

Hilton Mines officials have approached the Pontiac Bus Lines Inc. about running a special service to the mine in Bristol for the purpose of carrying workers in during the building of the mill and mine buildings. The same service would doubtless be continued after the plant is built for carrying mining personnel to and from work. Mr. McGahern has stated that no plans are being made immediately pending further

information on the company's needs and building of the good permanent road to the mine.

Curling Club Closes Most Successful Year Lloyd Stevens Re-elected Curling Club President

Shawville Curling Club closed the most successful season in its history with a banquet attended by 200 curlers and their friends held at Pine Lodge, Bristol. During the year the membership was 80 men and 40 women and the financial condition of the two clubs was excellent.

After the dinner was served, president Lloyd Stevens congratulated the clubs on the fine work done in renovating the rink and installing the artificial ice plant, all at a cost of \$13,200; all of which is paid for except \$8,000 in a bank loan. Thanks was expressed to Fraser's Clothes Shop for their donation of a piano for the clubhouse. Lloyd Stevens was re-elected president.

After a singsong led by Gordon Paul, toasts were proposed and responded to as follows: to the ladies proposed by Clifford Garrison, responded to by Mrs. Edgar Hodgins; to the visitors, proposed by Jack Yemen and responded to by George Stones, followed by the presentation of a life membership certificate to Miss Irene Shaw, a charter member of the club and a continuous member since it was formed in 1926.

Presentations were then made of trophies and prizes to the winners in the past season's contests: In the men's club contests, Fraser Trophy (mixed curling), Mrs. George Stones, Hewitt McCredie, Mrs. L. Stevens, Ed. Pettapiece, skip; club shield winners, A. Hurst, J. Walsh, R. Wickens, J. Yemen, skip; junior club winners, Bill Smart, Jack Russell, Duncan Fulford, Brent Horner, skip; senior club winners, Ronald McCredie, Roland Wickens, G. A. McDougall, Ed. Pettapiece, president's bonspiel prizes, O. Coe, R. Rennie, Arthur Kilgour; Dale Thompson, skip; Caverhill-learnmont prizes (mixed curling) Mrs. Ron. McCredie, Jack Russell, Mrs. M. Kehoe, K. O'Flaherty.

In the women's club, prizes were awarded as follows: club schedule trophies, T. Jenkins, D. Cuthbertson, Frances Murdock, Mrs. Mary Dale, skip; consolation prizes, Eleanor Campbell, Faye Smart, Mrs. E. Hodgins, Mrs. M. Stevens, skip; president's prize, Evelyn Little, Ethel Ostrom, Mrs. A. Huskelson, Mrs. Dora Hanna, skip; doubles competition, Mrs. G. Black and Mrs. A. Paul.

information on the company's needs and building of the good permanent road to the mine.

High School Short 5; No Supervisor, Inspector

According to word received from Frank Trecartin, Supervisor of Protestant School in Pontiac County, teachers have not yet been secured to staff senior grades in The High School next year. As The Equity goes to press, The High School has the following positions still uncovered:

Vice Principal; Grade XI teacher; 2 Grade X teachers; 1 Grade VIII teacher, (until yesterday there were 2 Grade VIII teachers required); 1 Household Science Teacher.

In addition, a principal is required at Campbell's Bay; and a principal at Fort Coulonge; one teacher at each of Ladysmith, Otter Lake, Bristol No. 4 and Bristol No. 7.

Also no appointments have been made for County Supervisor to replace Mr. Trecartin or for School Inspector to replace Mr. Bill Monroe.

The Grade XI teacher in Shawville would also act as vice principal, so that there is a shortage of 5 teachers at Shawville High School and 6 teachers outside Shawville.

C of C For Shawville Soon A Reality

An organizational committee, working in Shawville, plans to hold a general meeting at the Curling Rink on May 11 to set up a Chamber of Commerce. The committee, working under the leadership of Buzzy Hodgins, has established a program of projects important to the advancement of the Shawville area. In addition to the necessary organizational matters to be dealt with at the general meeting, these projects will also be discussed. Mr. Hodgins anticipates that there will be much interest evinced in the Chamber of Commerce by Shawville area residents; and that there will be a heavy attendance at its inaugural meeting next week.

Rev. W. A. Smith Ordained

On Sunday, April 29, in a very impressive service held in the Wesleyan Methodist Church, Belleville, Ont., Rev. Walter A. Smith, son of Mr. and Mrs. B. F. Smith, Shawville, Que., was ordained to the office and work of an elder in the Wesleyan Methodist Conference.

The service was under the direction of Rev. H. K. Sheets, M.A., D.D., Marion, Indiana, assisted by the ministers of the Canada Conference.

Among those attending the ordination service were Rev. and Mrs. Schamehorn, Mr. and Mrs. B. F. Smith, Jean and Margaret Smith, Mr. and Mrs. Athol Dale, Mrs. A. Storey, Robert Hobbs & Miss Clara Strutt all of Shawville; Mr. and Mrs. E. Deeks and family, Miss P. Hudson, Miss Inez Wilson, Ottawa; Mr. and Mrs. W. Spearman, Inker-man; Mr. and Mrs. Hibbard Vipond, Mr. and Mrs. Denzil Vipond, Mr. B. Olmstead, South Hull, Que.

Pontiac Comm. Hospital Directors Meet

The first meeting of the newly appointed Board of Directors for the Pontiac Community Hospital, was held at the hospital on April 29th. Present Leonard Horner, L. H. Moore, Rev. R. G. Elliott, W. C. Schwartz, K. G. Smith, and J. Welch.

Leonard Horner was elected chairman and L. H. Moore vice-chairman. Jim McMullan was appointed secretary to the Board. With a view to distributing the

work as equally as possible the following were appointed to supervise the different aspects. Publicity: Rev. R. G. Elliott; Maintenance of Nurses' Residence, W. C. Schwartz; Maintenance interior of hospital, K. G. Smith; exterior, J. Welch; financial support in outlying districts, Edey Campbell and Rev. L. Emard; general finance, L. Horner and L. H. Moore; representative to Auxiliaries, Mrs. H. Graham.

Outstanding accounts were discussed at length and plans were laid to enforce payments of these, thus to some extent alleviating financial problems of the institution.

Bank Manager Ill Accountants Transfer

Shawville's Branch of the Bank of Montreal will be losing a valued member of its staff this month. As soon as it is convenient for him to transfer to his new post at Petawawa Mr. Farran, on his way up in his banking career, is being promoted to the position of Accountant in charge and will virtually be managing the branch at the Petawawa Military Camp as there is no manager on the staff there.

The move will possibly be delayed due to the sudden illness of Shawville's Manager G. A. MacDougall as well as the complications involved in moving the new accountant here from Newfoundland. The new man, expected sometime in May, is Mr. C. G. Stratton. He has been stationed at St. Johns and will take up residence in Shawville with his wife and one child.

Residents of Shawville will join The Equity in wishing Mr. MacDougall a speedy recovery, wishing Mr. Farran every success in his new post and in welcoming the Strattons to our village when they arrive.

Life Membership Presented To Miss Shaw

A feature of the annual meeting of the Ladies' Curling Club of Shawville was the decision to present a life membership certificate to Miss Irene Shaw. Miss Shaw was a charter member of the club a continuous member ever since its organization in 1921.

A second feature was the donation of \$1,000 by the Ladies Club to the club renovation scheme and the club is planning a similar donation for next year towards which they already have raised the sum of more than \$500 on next year's gift.

These were some of the high lights of the meeting held in the club house, over which the president, Mrs. Leslie Dale presided. She has been re-elected for the ensuing year. Other officers elected were Mrs. Charles Imison, treasurer; Mrs. Ronald McCredie, vice-presidents, Mrs. Milton Hodgins, Mrs. L. Lamb and Miss Kay Woodley; conveners; Ways and Means, Miss Nancy Hodgins; membership, Miss Kay Woodley; match, Mrs. Lloyd Stevens.

work as equally as possible the following were appointed to supervise the different aspects. Publicity: Rev. R. G. Elliott; Maintenance of Nurses' Residence, W. C. Schwartz; Maintenance interior of hospital, K. G. Smith; exterior, J. Welch; financial support in outlying districts, Edey Campbell and Rev. L. Emard; general finance, L. Horner and L. H. Moore; representative to Auxiliaries, Mrs. H. Graham.

COMMUNITY YOUTH COMMITTEE

The Community Youth Committee of the Hull District, which includes all of Pontiac County, is circulating a resolution which, they hope, interested people and clubs and organizations will send to their Members of Parliament in Quebec and to The Honorable Maurice Duplessis. The resolution requests the establishment of a Welfare Court in the district.

In considering the need for this Welfare Court several facts must be considered along with the statistics given by the Committee. The Committee states that our judicial district has a large number of juvenile delinquents; that our present courts are unable to render the necessary guidance required by these delinquent children; that under the present judicial system children from the ages of 12 to 16 are being committed to jail.

It may be argued that children are very rarely found in the jail at Campbell's Bay, if ever. But it is also true that many juveniles are tolerated in their delinquency merely because we know that if charges are laid, the children will go to jail. Where there is no Welfare Court, there is no alternative. Jail, it is well known, will not help a youngster in trouble, so the youngster is left in his trouble as the lesser of two evils. This youngster does not meet the stern hand of the law until juvenile delinquency has grown to be adult delinquency by which time he might well be incorrigible.

When the Welfare Court is finally established in this district, the whole community will benefit. An important step forward will have been taken.

LONG FACES ON SPRING DAYS

Long faces are not in style these fine spring days but several are being worn nevertheless. Long face wearers are those directly involved in the program at the high school next year. This should include the children who will be in grades eight to eleven and their parents although many of them are unaware of the sad situation they face.

The situation is one of a modern beautifully equipped school with a serious shortage of teachers. If we could recognize advanced study in our teacher wage scale we could engage the high school teachers our children deserve. For the past several years we were able to entice teachers from the Maritimes where the wage scale was lower even than in Pontiac but this has been changed this year. At present there seems to be no place we can go to find high school teachers where they couldn't make more money if they stayed at home.

Teachers teach, it has been said, for the love of teaching but, despite what our children may tell us, teachers are also people. Along with teaching they also love to dress on a par with their fellowmen. They love to eat as well as their neighbors. They love to raise families and live in comfortable homes. They would love to share in the high standards prevalent in Canada today including the ownership of good cars, radios and perhaps television. They would love to be able to afford the sort of savings and insurance that will provide security. It is not our original idea that if the best people are going to be persuaded to become teachers they must be paid the best salaries.

But, apparently, the teachers at Shawville High School are not going to be paid any more money even if it means the school will go short. Those teachers already engaged will have to teach extra classes — subjects in which they are not specifically interested — to the detriment of the course offered. Certain forward steps which have been taken through the great effort and overtime exertions of two fine supervisors will have to be retraced. The horrible result might be that students who want a complete high school education will have to go to some school in the city at great expense. We have gone so far to assure our youngsters of a proper education it would be disastrous to lose it all now, much more disastrous than raising the taxes to meet

OTTAWA Report:
by Anthony J. Wright

Ottawa—This sedate little capital, while no Uranium City itself, seems to be close to promising mineral treasures. The latest to stir the speculators, with reason, have been the drillings at Lake Renzy, 130 miles north of Ottawa, or 50 miles north-west of the town of Maniwaki, P.Q. (Gatineau's Liberal M.P. Dr. Rodolphe Leduc walks around the Commons with two bits of ore in his pocket to show those interested in Renzy). It is a nickel-copper combined project — hence there will have to be separation when they go into production.

The company, Selco Exploration Co. Ltd., a subsidiary of the Selection Trust Limited of Britain, is not as fulsomely enthusiastic about estimated tonnage as are the boys in the local brokers' offices (I mean the customers not the brokers). However they have not denied the common opinion that there is probably more than one million tons of copper and nickel combined, grading more than one percent copper-nickel. This tonnage and grade is nothing to write home about yet but investigation and drilling are still going on. The shares, unlisted, did rise to \$4, are now back to a more sensible \$3.05 bid. Nisto, who grabbed a neighbouring property, have seen their shares rise and fall at speculators' whims, but there is no solid Nisto news yet. All this could be a big mine. Leduc mentioned not only a mill but a smelter. There are highway and railroad at Maniwaki. The "Northern Miner" will know about Renzy first.

External Affairs are having difficulty finding a residence for the Embassy in Rome. They've been looking for a couple of years. The Ambassador rents quarters and has to move about at landlords' request from time to time. They bought property in 1950 for \$186,000 in "blocked lire". It is not fully suitable for a residence. The only alternative property offered them would cost 360 million lire, or \$577,000, and it would not be as good as what they have already. Deputy Minister Jules Leger believes the most economical thing

to do is to build our own place on the land we now have. That way we escape the claws of property price raises in Italy. We now have 60 posts abroad, own 34 separate properties in 18 capitals.

It was hard during the debate on introducing a measure to extend the term of Roy W. Milner, Transport Controller, by two years to discover just what "control" he has. Western members, not blaming Mr. Milner, seemed to think he was caught between the Wheat Board and the Railways. Transport Minister Marler shed some light by saying that Mr. Milner's role in wheat movements was to see that nothing interfered when the Wheat Board has told the railways at which points it wants cars to pick up wheat. He is, in other words, a smoother of paths. He also has to see that during the season of navigation 7,000,000 tons of ore, 14,000,000 tons of coal and 800,000 tons of limestone as well as pulpwood and grains move smoothly. He's welcome to that job thanks.

Power at the new town of Aklavik will be generated through steam (from coal or diesel engines); heat will go out to buildings from a central point down steam pipes which will run with sewer and water pipes in a large tube. The town replaces the present Aklavik which is sinking through the frozen ground.

Bolam And Freedman Win Speaking Contest

Eight young people from different parts of the Ottawa Valley, winners in their several districts in public speaking contests, took part in the semi-finals on Friday night. The winners were: Robert Bolam who spoke on "Crime Comics" and Miss R. Freedman of Eastview who spoke on "The Ten Commandments as a solution for modern world problems".

The judges were Frank Trecartin, supervisor of school for Pontiac,

the costs of qualified teachers today.

One short term solution presents itself. Saskatchewan has tried it and found it worked well. This is to engage English teachers (yes, they pay less in England than in Pontiac!). The English teachers fit well into the Canadian school, it seems, and will come for less money than Canadians.

A trip to England by our supervisor at the present moment would be a sensible investment. It would, to be sure, mean the expenditure of several hundred dollars in cold cash by the school board but it would ensure the continuance of high school education in our County.

This is a solution — really the only available solution — to the problem, insofar as teachers for The High School in 1956-1957 are concerned. It is NOT a solution which will serve us indefinitely. The English teachers we import next year may go to Ottawa or Eganville or Montreal the following year — simply because more money is offered in those places.

The long term need, in order to hold our teachers, is for a salary scale that corresponds with the scale set elsewhere. Until that happens we will see a steady drain away from this County of our skilled teachers. This we cannot afford.

CHAMBER OF COMMERCE

Any person directly or indirectly engaged or interested in trade, commerce or the economic and social welfare of the Shawville area (including the Township of Clarendon, Township of Bristol, Township of Thorne, and Village of Portage du Fort) is invited to attend a meeting to be held at Shawville on Friday evening, May 11 at 8 p.m. in the Club Room of the Shawville Curling Club.

The purpose of this meeting will be, first, to decide if a Senior Chamber of Commerce is desired in this area, and secondly, to complete the organizational requirements for such a Chamber if desired.

The organization committee feels that the following local problems require immediate action and united effort through a Chamber of Commerce, namely:—

- First: — The present development of industry taking place in this area;
- Second: — Town planning and zoning and enforcement of building by-law;
- Third: — Expansion of Shawville's water system and study of sanitary sewage disposal;
- Fourth: — The marketing of fluid milk;
- Fifth: — Tourist attraction to this area.

The organization committee for the establishment of a Senior Chamber of Commerce in this area hopes to have a large attendance at the above mentioned meeting.

Supervisor's Notebook

By Frank Trecartin
Supervisor of Pontiac County Protestant Schools

On Monday of this week some 38 of our teachers from the Protestant schools of Pontiac journeyed to Hull, there to join with about one hundred other teachers from Gatineau and Papineau counties to spend a busy but profitable day on the problem of reading in the primary, elementary and intermediate grades.

For the teachers, it was a long and arduous school day and al-

and Dr. A. F. Fokes, both of Shawville, and Jack Paterson of Bryson.

The chairman for the contest, sponsored by the district Lions Clubs, was L. Keon

During the intermission Miss Nicolai Belanger of Eastview, the only contestant for the French-speaking award gave her address on "World peace and co-operation through the arts and sciences".

Other contestants who took part in the program included William Butler of Almonte, Miss Mary McGahern of Campbell's Bay; Miss Beverley Giles of Almonte; Ted Butler of Eastview, and Hazel Bohan of Smiths Falls.

though their young charges in the various classes enjoyed a "holiday" it was not a school holiday in a legal sense because the Department of Education had approved and urged this conference under the direction of Miss Kathryn McCulley, Educational Consultant with the W. J. Gage and Company Limited, publishers of many of the texts used in the grades.

Miss McCulley will be in the Province for approximately a month conducting these conferences in various sections and ours was the first of the series.

I cannot stress too highly the importance of this type of thing for teachers who are, as one might say, "on active duty in the classrooms." Speaking briefly at the close of the conference, Inspector Munroe urged us to point out to the people at home, the fact that the things teachers had learned anew and the things they knew already but had heard re-emphasized at the conference would be reflected in improved performance in the classes throughout the weeks to come and while the youngsters may have appeared to "lose" a day at school they would, without doubt, gain much more than a "day" through the teacher's attendance at the conference.

Starting with a demonstration lesson to a group of children in the morning Miss McCulley followed up, after the children had been dismissed, with continuous instruction to the teachers until nearly four p.m. with but an hour out for lunch and while the things we all learned for the first time were presented in a most masterful way it was also refreshing and heartening and helpful to hear so many of the fundamentals connected with this problem of reading re-stated with conviction and authority.

The techniques of teaching reading have, as you know, changed considerably from the days when we were in school but the methods today are logical and sound and when they are followed by teachers in the manner intended, it is with joy and amazement that we see young children mastering a most difficult skill with great facility.

We know of course that it is not enough that little Jimmy should be able to "call out the words" in a short sentence or paragraph. He must master not only that difficult task but he must also understand thoroughly what he reads, and our silent reading program with the text books and those well thought out workbooks keyed to the text are designed to achieve this. Having read and understood what he read he must then be able to apply it and put it to use in his life.

One teacher pointed out yesterday that parents were often critical when Jimmy came home and said, "I didn't read today." It's true Jimmy may not have read aloud in class that day but undoubtedly he had done considerable work in "reading" just the same. He probably had a "silent reading" lesson and he may have had a lot of drill in word recognition, meanings of words, analysis of the structure of words, phonetics, various word forms and even dictionary procedure. So, be not alarmed if Jimmy says, "I didn't read today."

My column is stretching out to greater length than usual but while I cannot hope to cover too much of the conference I cannot close without saying a word once again about individual differences in children.

One of the most difficult tasks we teachers have is to persuade parents that all children will not progress at the same rate in reading as well as in other subjects. The child's progress in reading depends upon so many factors that it is utterly ridiculous to expect that at let us say, the middle of April in any one year, the whole class of grade three children will have reached the same level of achievement and will be reading at the same place in the same book.

Mrs. McCulley pointed out that in any average class there would certainly be a group who would have difficulty with reading and that for such a group satisfactory progress would have been made if, at the end of three years in school, they were able to read with fluency and comprehension the work designed to have been mastered at the end of two years at school.

It all boils down to the realization that we have to teach "the child" to read, not "the class" and that each "child" presents an individual problem quite different from his fellows

Name

Address

Mrs. John W. Horner Paid Final Tribute

Mrs. John W. Horner, a lifelong resident of this Shawville area, died after a long illness at the home of her daughter, Mrs. Elwood Cameron, Centre Street on Wednesday. She was in her 89th year.

Born at Murrells, Que., five miles west of here, she was the former Amelia Evelyn Smiley, daughter of the late Edward Smiley and Janet Smart.

She received her education in the elementary school at Murrells and the High School at Bryson, after which she taught school for four years. 1895 she was married and moved to Caldwell where her husband was postmaster and ran a general store.

In 1923 they retired from business and moved to their farm in Clarendon where they lived until the death of her husband in 1939.

She was, while on the farm, a member of St. Luke's Anglican Church and since coming to Shawville, St. Paul's Anglican Church.

Attend Montreal Diocesan Synod

Those from this district attending the ninety-seventh meeting of the synod of the Diocese of Montreal were: Lennis Barr; John Caldwell; Herman Emmerson, Arthur Hampson, Ira Hanna, Hubert Horner, Frank Ladoucer, Lawrence Moore, Ernest Qualle, Rev. S. H. Irving and Rural Dean Elliott.

Highlights of the sessions were: The opening celebration of Holy

She was for years a member of St. Luke's Women's Guild.

Surviving her are one son, Leonard, and two daughters, Mrs. Sydney Draper and Mrs. Elwood Cameron and one sister, Miss Lois Smiley all of Shawville, also six grandchildren and two great-grandchildren.

The funeral was held on Saturday afternoon from the W. J. Hayes & Sons funeral home to St. Paul's Anglican Church where the service was conducted by the rector, Rev. R. G. Elliott. Interment was in Maple Grove cemetery.

Communion in Christ Church Cathedral, when the Primate of all Canada, the Most Rev. Walter Barfoot was the preacher. Celebrant was the Lord Bishop. The Right Rev. John Dixon, assisted by the Very Rev. Dean Dowker, Ven Archdeacon I. M. Lidstone, A. P. Gower-Rees, J. F. Morris and Principal Slater.

A laymen's banquet held in the Mount Royal Hotel on the opening evening, attended by over eleven hundred men and the speaker was again the Primate.

Delegates witnessed dedication of the new Diocesan Centre at the

corner of Burnside and Union Aves. where all sessions of synod were held. A resolution was passed enabling one woman from each congregation to become a delegate to synod. This will require ratification next year. A resolution was ordered sent to the General Synod asking a complete study of Capital Punishment and appropriate representation sent to the Dominion Government. Another resolution called upon the Government at Quebec to establish a Family Welfare Court in Hull that would serve the counties of Pontiac, Gatineau and Papineau.

Radford Hospital Auxiliary

The regular monthly meeting of Radford Hospital Auxiliary was held in the Penthouse April 25 with thirteen ladies and two children present.

The new president, Mrs. Arthur Caldwell was in charge and opened the meeting by reading from Luke 6, followed by prayer, all joining in the Lord's Prayer.

The minutes of the annual meeting were read and approved.

A motion was made by Mrs. L. Graham, seconded by Mrs. H. Hamilton that a delegate from the Auxiliary attend the hospital annual meeting and bring back a report to our meeting. Carried.

Means of making money were discussed and it was decided to have an auction sale of spring plants and food in Radford Parish Hall on May 16.

There were 25 articles mended;

"I CAN GET IT FOR YOU WHOLESALE"

Yes sir, I can get it for you wholesale! I can save you up to 20% on insurance for business, home or car.

And you can buy no finer insurance. It's written by Federated Mutual, one of this nation's largest mutual fire and casualty insurance companies.

You see there are no stockholders. The policyholders own Federated Mutual. And since you own the company, you receive the dividends that save you up to 20% on your insurance.

Yes sir, I can get it for you wholesale. You save with safety on insurance for business, home and car with Federated Mutual.

Fort Coulonge

The Knights of Columbus, Fort Coulonge Branch, held a Monster Bingo in the Poupore Auditorium, April 29th, and they received what they did not think was a blessing for winter came again, but the ardent knights were not rebuffed and had an exceptional good turnout.

Mr. G. E. Colton, Mr. George Larbie and Rev. Dr. C. Younger-Lewis were visitors to Campbell's Bay on Friday attend the monthly meeting of the Canadian Legion.

An aeroplane owned by Mr. Patrick Davis and flown by Mr. Harry Frost made a crash landing just outside town. The plane and the flyer received some damage but

not too serious.

Mrs. H. Honeymoon of Pembroke was a visitor of Mr. and Mrs. G. Levesque on Wednesday last.

April Meeting

The April meeting of the Fort Coulonge United Church was held at the home of Mrs. Ira Whelan on April 25th. The President, Mrs. G. E. Colton, secretary acting for Mrs. Gerald Smith was Mrs. Ira Whelan, treasurer, Mrs. Ann Fumerton. The meeting opened with the theme, 'Jesus died for all the people', followed by the singing of the hymn, 'Abide with me', and the Lord's Prayer in unison. The topic for the meeting was the very charming subject of 'Love's Triumph'. Mrs. Colton read appropriate articles from the Mission Book 'Faith and Fear', and also read an article on

'Stranger's Coming our way' written by Rev. A. D. Addison. Mrs. Ira Whelan contributed an article on 'The World in my home' followed by singing the hymn, 'The day thou gavest'. The roll call was answered by using the word 'Hope'. The next roll call will use the word 'Charity'. The routine business was carried out and the next meeting will be held in the parsonage. Two of the members' birthdays were also celebrated—Mrs. J. Veldhuis and Mrs. Thomson. The meeting closed with a report by the treasurer and prayer. Tea was served by Mrs. I. Whelan.

Special services were held Sunday morning, April 29 in the Fort Coulonge United Church. The services were under the direction of Mrs. J. Veldhuis who preached the

Honor Bride Elect

A miscellaneous shower was held in honor of Miss Patsy Clingin, a bride-elect of next month at the home of Mr. and Mrs. Merton Dean, 67 Fulton St., Ottawa on Tuesday evening. The living room was appropriately decorated for the occasion.

After arrival of all the guests and the bride-elect in her chair of honor the hostess assisted by Miss Isobel Drew had a couple of contests for the guests to take part in. The lucky winners were Mrs. W. J. Drummond and Mrs. Wilfred McCallum. Each received a prize for their efforts. Then little Darlene Carson and Donna Sally carried in a basket of gifts. After the gifts were unwrapped and admired by all, the bride to be thanked the guests for their lovely gifts.

Refreshments were served to all

and guests left wishing the bride-to-be a happy future.

Girl Guide-Brownie Mother-Daughter Banquet

The first annual Mother and Daughter banquet of the Girl Guides and Brownies of Shawville was held in the Sunday School room of the United church with an attendance of 90.

Mrs. Arthur Hodgins, president of the Girl Guide Auxiliary, presided for the program that followed the dinner. Ann Judd proposed the toast to the mothers and Mrs. Edward Bretzlaff responded. Carol Sheppard played a piano solo and songs were sung by Brenda Rich-

A very pleasant afternoon was spent at the home of Mr. and Mrs. W. J. Murray this past week, it being the 85th birthday of Mr. Murray. Some 88 friends, children and grandchildren enjoyed the afternoon with Mr. and Mrs. Murray.

Mr. and Mrs. J. N. McCredie, Mr. P. D. McCredie and Mr. and Mrs. S. S. McNeil spent Sunday with Mr. and Mrs. Don Wylie in Ottawa.

Master Jim Wylie was a visitor with his grandparents, Mr. and Mrs. J. N. McCredie this weekend from

Ottawa. Mrs. Wm. Graham visited with friends in Quyon on Sunday.

Visitors at the Bailey homes this weekend were Mr. J. R. Dean of Shawville, Mr. Ron J. Bailey of Renfrew and Mr. and Mrs. Alex Weir of Renfrew.

Another addition to the population of Elmside is a daughter to Mr and Mrs. Emmerson Roy.

CANCER DISAPPEARS AFTER MANY PRAY

Two years ago Gail Wightman of Swift Current, Sask., was expected to lose a leg from the ravages of bone cancer. Several medical authorities had been consulted and they were unanimous in recommending that the leg be amputated above the knee. Gail's father, Rev. Ross Wightman, then called upon church congregations across Canada to pray for her recovery. Two days afterward a doctor told Mr. Wightman that the tests no longer showed Gail was suffering from a malignant growth. So today, Gail has nor-

Co-op Medical Services To Locate In Shawville

By Norma Telford

With the terminology of advancing medical science the Directors of Pontiac Co-op Medical Services are finding increasingly that our by-laws need revision from time to time. In searching for reasons for this, they find the trend towards industrialization in our formerly rural membership has given rise to many difficulties with the bylaws.

Nor is this just relating to Pontiac. Directors attending the Co-op Medical Services Federation meeting, April 25, heard other counties of our sister province, Ontario, state that they, too, are finding the same problem.

To clear up this situation, as well

to strengthen the Association, it was agreed at the Board of Directors monthly meeting, April 26, that the membership should be informed of this before the next annual meeting and to give consideration to reviewing the ruling on Age Limit, Maternity Benefits and Individual Membership.

An animated discussion was held on "how best Co-op Medical Services could serve our industrial workers." Gordon MacMillan, Clarence Dean, Charlie Russell and Mrs. Telford were appointed a committee to find ways and means of coping with the situation.

Word was received from the president of the Provincial Union of Quebec Co-operatives that a meeting would be called of its membership in May. One of the strong points in favour of a Co-operative

Union in the province is to stimulate the growth of the co-operative Union in the province is to stimulate the growth of the co-operative movement for the English speaking sections of the province. It was pointed out that this organization could best serve Pontiac Co-op Medical Services in the way of securing additional services such as the "package plan" that was discussed at the Co-op Congress meeting, April 17th. It was agreed on motion of Clarence Dean, seconded by Walter Kilgour to leave it up to the secretary Mrs Telford, to represent the Association in May.

Co-op Congress Meeting

A letter of appreciation was directed to President Ralph Staples and Secretary Breen Melvin of the Co-operative Union of Canada for devoting special time to the needs of the Co-operatives in the Pontiac. In view that some of the members of the association are of the opinion a central office should be opened in Shawville, a committee was appointed to locate suitable office space reasonable rent.

Four applications for the Surgical-Hospital Plan, and one for the Hospitalization service was presented and accepted for membership.

Bills approved for payment were: Grace hospital \$7500 (1 claim); Dr. Hamlin, \$35.00; Syracuse Hospital, \$312.00 (1 claim); Pontiac Community Hospital (11 claims), \$439.65; Dr. Cowley (2 claims) \$30.; Pontiac Printshop \$58.54 for printing new policies; Rubber stamp \$1.38; mileage \$14.70; expenses Co-op Congress \$20.45; Zone 3 meeting \$15.58.

A lengthy discussion was held on the membership report presented by the secretary.

The president, Charles Russell, presided for the meeting. Directors present were Walter Kilgour, Clarence Dean, Mrs. Gladys Sly, Mrs. Telford, Robinson Hodgins, Grant Elliot and Mrs. Pheobe McCord; also Gordon MacMillan, chairman of the Supervisory Board.

Hilton Mines, Bristol

(Continued from Page One)
the Gatineau Power Company of Quebec.

Estimated dry average analysis of the finished pellets will be: iron 66.2 per cent; silica 3 per cent; phosphorous .006 per cent; and manganese .11 per cent.

At least one half of the pellets will be shipped by rail to Hamilton, Ontario, to be made into steel. A large part of the steel produced will then be returned to the Province of Quebec for final finishing an processing in Stelco plants.

The Hilton Mines are named for Mr. H. G. Hilton, president of The Steel Company of Canada, Limited. The mines are owned equally by Stelco Mines, Quebec, Limited (a wholly owned subsidiary of Stelco) and Bristol-Quebec Mining Co., Limited, which in turn is owned by Jones & Laughlin Steel Corporation and Pickands Mather & Co.

The three principals are:

The Steel Company of Canada, Limited, Canada's largest steel company. Stelco has nine plants, located in Hamilton, Toronto, Montreal, Brantford and Gananoque. Present capacity is approximately 2 million ingot tons per year. In addition, Stelco produces a large variety of steel products, coal and coke chemicals, and other products. Stelco produces one of the largest varieties of products of any steel company in the world.

The company is currently expanding its steel production facilities 25 per cent over the next five years. Stelco employs about 13,000 people.

Pickands, Mather & Co. of Cleveland, Ohio, a firm engaged in the ownership and operation of iron ore and coal mines, Great Lakes shipping, Great Lakes docks, and in the sale of iron ore, pig iron, alloy metals, coal and coke. It is manager of Erie Mining Company, which is constructing a taconite processing plant in Minnesota. Total number of employees in operations managed by Pickands Mathers & Co. is approximately 10,000.

Jones & Laughlin Steel Corporation of Pittsburgh, Pennsylvania, a major producer of iron and steel and steel products. It operates manufacturing, fabricating and distributing facilities in many parts of the U.S.

Its steel plants at Aliquippa and Pittsburgh, Pennsylvania, and Cleveland, Ohio, have a combined annual ingot capacity of over 6,000,000 net tons per year. In the 1945-46 period the company spent \$521 million on plant equipment and expansion. Jones & Laughlin has about 41,000 employees.

Bryson

Misses Bernice Gardner, Marie Poisson, Janette Coyne, Ottawa; Misses Irene and Joan Wall, Arrprior, were home for the weekend.

Eiwood McGrath, Ottawa, spent Sunday with friends here.

Valmour Blais and Henri Piche are Bryson's first employees with Foundation Company Contractors at Bristol Mines.

Thomas Adams, president Dun-Raven Mines, Shawville and son Albert paid a short visit to friends in Bryson during the week.

Ivan Saunders and Jackie Thomas of Ottawa were home for the weekend.

Mr. and Mrs. Lawrence Graham, Aylmer are visiting Mrs. Graham's parents, Mr. and Mrs. Howard Routliffe, Bryson Lodge Hotel.

Mr. and Mrs. Donald St. Pierre and daughters, Dona and Shirley paid a short visit to friends in Bryson and Calumet Island, Sunday.

Mr. and Mrs. Fred Newberry and

Lloyd Newberry, Calumet Island accompanied Cletus and Reginald Newberry to Haileybury, Monday, where the latter two sons will embark by plane for White Horse on their way to the Yukon for a five month diamond drill contract by Charbonneau Drill Company on property owned by Ventures Ltd. in that part of Canada

The Bake Sale held in the Theatre annex, Bryson, Saturday, April 28 by the Women's Association, of Lower Litchfield United Church, drew a large crowd of patrons. Fancy work as well as choice bread and pastry was sold.

The weekly dances sponsored by the Volunteer Firemen, held every Friday night in the Bryson Town Hall are drawing capacity crowds from Pembroke, Cobden Renfrew, Quyon, Shawville and Fort Coulonge and surrounding district to enjoy the dance music of the Rambler Orchestra. Door prizes have been won by L. Hodgins, Shawville, Wm. Moore, Campbell's Bay. This weeks door prize will be donated by Sunnyside Grill.

Campbell's Bay Lions Elect Officers

The Pontiac Lions Club of Campbell's Bay held their annual dinner election meeting at the Ottawa House Hotel in Campbell's Bay.

The Potato Chip Wagon has made its appearance on Main Street, showing that summer is nigh.

Election of officers for 1956-57 resulted as follows: past president, Gordon Elliott; president, Romeo Mousseau; vice-presidents, Andre Audet, Raymond Bowie and Leon-

ard Fraser; directors, one year, Irvin Cahill and Eric Vadnesu; two years, Charles Bolam and Esmond Johnston; Lion tamer, Elwood Ken-sley; tail twister, Lorne Kearns;

secretary, Elmer Sturgeon and treasurer, Clifton Corrigan.

The new president will appoint his committees and these will be announced at a future meeting.

James E. McGuire Dies

Campbell's Bay—Final and impressive tribute to the memory of James Earl McGuire, widely known Allumette Island resident, was paid

at his funeral held from his late residence to St. Joseph's Roman Catholic Church on Friday morning. Mr. McGuire died suddenly Tuesday of last week.

The casket was met at the door of the church by the parish priest, Rev. M. J. Wingle. Requiem high mass was sung by Father Wingle. Rev. D. J. Harrington preached the sermon.

Mr. McGuire was born at Allum-

ette Island on August 25, 1901. He was a son of the late Thomas Edward McGuire and Maria Laskie. He was educated at local schools and in 1928 married Anna O'Brien who survives. Mr. McGuire was a brother of Thomas McGuire, mayor of Pontiac county. He attended St. Joseph's Church.

Surviving besides his wife are two brothers, James of Copper Cliff and Thomas E. McGuire of Allum-

Mrs. Raphael Tourangeau Passes In 74th Year

Mrs. Raphael Tourangeau, of Starks Corners, on the first con-

cession of Clarendon died at her home Saturday morning after an illness of a year. She was in her 74th year.

Born on the farm where she lived all her life, she was the former Elizabeth Elliott, daughter of the late Hugh S. Elliott and his wife, Sarah Moore. She was educated in local schools, then lived at home until her marriage in 1934, her husband coming to live with her on the homestead.

Surviving her are her husband, and seven brothers, Harold of Zion, Wilfred of Portage du Fort, Roy of Renfrew, Herbert, Cecil, Gordon

and Percy, all of Starks, and a niece and nephew that stayed with Mr. and Mrs. Tourangeau, Donna Elliott and Dalton Elliott.

She was a member of the Parkman Anglican Church, and of the church guild.

The funeral was held on Monday at 2 p.m. in Parkman church. Rev. S. R. Irving conducted the service assisted by Mr. McArthur. Mrs. Cedric Elliott sang, The Old Rugged Cross.

The pallbearers were six nephews Hubert, Russell, Cedric, Bud, Mervyn and Carmen Elliott. Interment was in Starks Corners cemetery.

For Parents Only

By Nancy Cleaver

FITS OF TEMPER

Fits of temper! Is there anything more exhausting and trying to the mother of any angry child? Sometimes it is difficult for a parent to realize that too much interference, too many rules, too hard tasks or a crowded or faulty routine may be hidden causes of sudden explosions. A mother should try to find out why her child becomes suddenly angry, and treat the underlying trouble. Quite possibly part of the reason lies in a tense home atmosphere, with too frequent displays of emotion on the part of the adults. It may be that the child needs fewer commands. Perhaps he should be shown how to do a certain job, in which he has been failing, and given a little assistance

Fashions

A costume is many things to many designers this season and here is one interpretation of it — a sheath and cropped jacket. Gray sheer wool is the fabric and the dress goes in for a high, round neck, empire waist and stitching to outline a yoke. Over it is a lined two-button jacket that just covers the bodice. Narrow collar on the low neck permits the dress neckline to make itself seen.

WANTED TO BUY

Poultry bought in any season. Pickups made without charge. Prompt returns. Hens bought live or graded basis. Phone Renfrew HE 2-3653 for pickups or contact Shawville Egg Grading Station, Upper Ottawa Co-operative Poultry Products, Renfrew, Ont. j12otc

Highest prices paid for car or truck pulpwood. Write or phone for prices and particulars. J. M. Argue, Shawville. otc

Hens, chickens and broilers unlimited quantities. Orval Smart, Shawville, phone 619-12. otc

FEMALE HELP WANTED

Housekeeper for apartment in Montreal, live in, week ends off, \$70.00 per month. Apply Mrs. Linden, restaurant, next to Shawville Theatre.

HELP WANTED

A good reliable man to supply customers with Rawleigh products. Write Rawleigh's Dept. E-636-127, Montreal, P. Q.

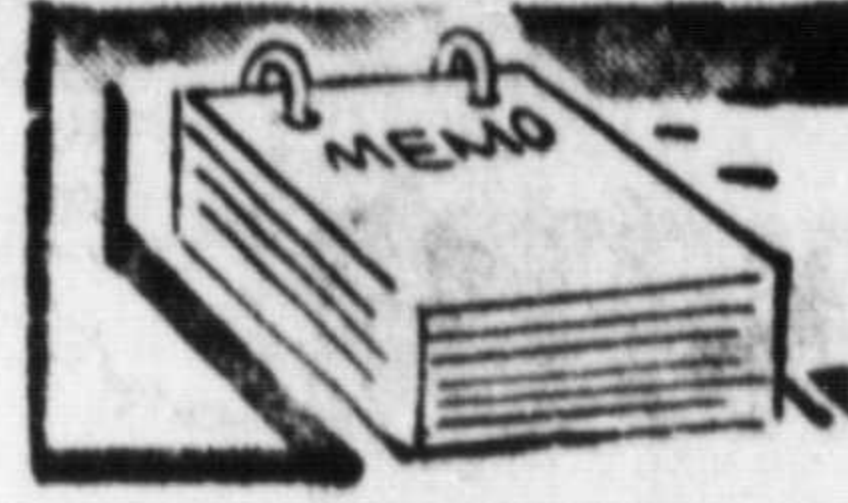

and encouragement in doing the task and praise when it is completed. Very often a temper tantrum can be traced to jealousy of a new arrival in the family. Mother is very busy with the baby and the older child shows his longing for attention by a display of anger. He wants a share of Mother's time too!

There is no use scolding him for a natural desire for love. He needs to be reassured that he is wanted. He will respond to the suggestion of little ways in which he can help mother look after the new baby. By having some responsibility for the baby's care, he will grow to love the little brother or sister.

Sometimes a child shows anger in resisting a necessary part of his routine. This negative stage is common to all children and does not last into the school age as a rule. The best way to treat many objections is to ignore them and just go ahead with what is necessary in a child's daily schedule. A child should not get his own way by a temper tantrum or he will constantly use this "Big Stick" to give him power to rule.

The serious thing is when temper displays continue into the school years and even later in life. It is helpful too for parents to know that the child who shows anger by a temper tantrum at the age of three may grow into a better adjusted individual than the child whose anger is repressed by parental control. A sulking, stubbornness, whining or a "no" reaction to every situation indicate inner rebellion.

An angry child should not be seized hold of or shaken. This gives him still another reason for resentment. Never bribe him to stop a temper tantrum, he will hold out for bigger and better bribes. This is one behavior problem which calls for the utmost restraint and good sense on the part of parents. Authorities on child care are fairly well

(50 cents will put any item in this column, from date of insertion until date of event.)

May 4—Colored slides and tape recording from Mrs. A. A. Gould, Hong Kong, Campbell's Bay Holiness Movement Church at 8 p.m.

May 6—Rev. H. T. Berry, North Gower will preach in the Standard Church, 11 a.m. & 7.30 p.m.

May 19—The Girl's Auxiliary of St. Paul's Church, Shawville, will hold an Empire Day tea in the Parish Hall, on Saturday, May 19, from 3 to 6 p.m. There will also be a Sale of Home Baking. Everyone welcome. Adm. 50c.

The Shawville Hospital Auxiliary meets at the Pent House the second Tuesday of every month at 2.30 p.m. New members are always welcome.

Last Wednesday of every month Zion Community Hospital Auxiliary meets at 2 p.m.

agreed that if the tantrum is used by a child to attract attention the best thing to do is to ignore it.

If he is with other children or adults in a social situation, remove him from the group. Isolation is an excellent way to meet temper. But in order to be effective, a child should be given a book to look at or some other occupation and told that he can join the other children or grownups as soon as he can be happy with them and control himself. It is not an easy task to be a good parent, to treat temper tantrums and other problems wisely. It is well for mother and father to remind themselves that, the youngster who is learning to handle anger in his life is a long way on the road toward happy, independent maturity. The homemaker who helps her child control his temper fits, aids him in facing today and also tomorrow. Bad temper is a crippling emotion and none of us want our children to have unnecessary handicaps!

IN MEMORIAM

Smith—In loving remembrance of a dear mother, Mary Smith, who passed away, April 30, 1952, and a dear father, John W. Smith, who passed away May 28, 1954. Too dearly loved in life to be forgotten. —The family.

Tubman—In loving memory of a dear Mother, Mrs. William Tubman, who passed away May 1, 1954. Two years have passed since that sad day. When one we loved was called away. God took her home, it was His will, But in our hearts she liveth still. —Ever remembered by loving daughter, Mrs. Elwood Brownlee.

Tubman—In fond and loving memory of a dear father, who passed away May 4, 1952. In a grave softly sleeping Where the green grass gently waves. Lies the one we loved so dearly, Whom we loved but could not save. —Sadly missed by daughter, Mrs. Elwood Brownlee.

Mulligan—In loving memory of Margaret Jane Mulligan, nee Armstrong, who passed to Higher Service on May 4th, 1955. "God calls our loved ones, but we lose not wholly What He hath given: They live on earth in thought and deed, as truly As in His Heaven." —Always remembered by her Husband and Freddie.

Mulligan—In loving memory of Margaret Jane Mulligan, nee Armstrong, who passed to Higher Service on May 4th, 1955. "God calls our loved ones, but we lose not wholly What He hath given: They live on earth in thought and deed, as truly As in His Heaven." —Always remembered by her Husband and Freddie.

ONE TEACHER FOR 12,000 PUPILS IN TV LESSON

One teacher, by means of television, taught a class of 12,000 boys and girls in Ontario and Manitoba. This scene shows the class at Lord Dufferin school, Toronto, with the TV lesson about to begin. —Central Press Canadian
