THIS COMPANY is established at South Quebec, for the purpose of connecting the Transatlantic Commerce of the Port of Quebec, and the Grand Trunk Railway with the Ocean, Lake, and River steam traffic.
The Company provides deep water Wharves for Ocean Ships and Lake and River Craft, with suitable Storage for Flour, Grain, Axes, Timber, Iron, Coals, Salt, &c., in immediate communication with the Grand Trunk Railway Stations at Point Levis.
The Establishment is situated between the Passenger and Goods Docks of the Railway, affording all the security of enclosed Docks and Warehouses.

The Company has four thousand feet River frontage, with a Timber Cove capable of holding six millions feet in the Bay; where vessels of any class can move in safety from the influence of the strong tides, sheltered from the effects of those periodical easterly gales, which so frequently cause damage to Shipping on the North side of the St. Lawrence.
Railway Turntables and sidings on the Company's property, will enable Goods and Produce to be transferred direct from the Railway Cars and Shipping, and vice versa. Steam Elevators, Cranes, &c., will also be provided for the expeditious and economical loading and unloading of the same.
The site is so commodious as to leave no reasonable doubt that the undertaking will yield a high remunerative return.
Detailed Proprietors, and every requisite information may be obtained upon application at the Offices of the Company in QUEBEC, or at their Agencies in MONTREAL, KINGSTON, TORONTO, and CHICAGO, &c.

LIAMENT.

MEDICAL OFFICER—JOSEPH MORRIS, Esq., M.D.
AGENTS.....A. D. RIVERS, Esq., Quebec Fire
Office.

DIVISIONS OF PROFITS.
THE LIFE ASSOCIATION OF SCOTLAND
differs essentially from every other Scottish As-
surance Office in its system of distributing the
profits—a share being allotted every year to par-
ticipating Policyholders of five years' standing,
in a manner simple and equitable, and so as to
reduce the expense of Life Assurance. The par-
ticipating Policyholders (viz. those of the last
series), have thus for some years past been
allowed a reduction in their 15 per cent. on the
premiums, that is, they have been required to pay
only \$3. 16 p. \$4. 87 (1/2 Sterling) of their pre-
miums.

HALF CREDIT SYSTEM.
Until the time of his participation in the Pro-
fit, a Policyholder of 2500 Sterling or up-
wards, before he is entitled to receive his share of
premiums, the remaining half being allowed to
remain unpaid at interest so long as the Policy-
holder pleases.

ADDITIONAL ADVANTAGES.
The Association's Policies, as now being in-
sured, are free from several of the restrictions
commonly imposed on Assured Lives, and con-
fer unusual facilities and privileges. The Pol-
icies are thus more valuable as Family Provi-
sions, as securities for Mortgages, and so on,
for every purpose, than the Policies of most
other Assurance Offices.

The Policyholders are entirely free from the
risk of Partnership, and the Sums Assured are
guaranteed.

Copies of the last Annual Report, with Pros-
pectuses and Tables, and every information re-
cessary, will be furnished gratis, on applica-
tion, to A. D. RIVERS, Esq., on applica-
tion, to
