

PREPARATORY BOMBARDMENTS ARE CONTINUING BEFORE VERDUN NO INFANTRY ACTION OCCURS

Russians Repulse Enemy Offensive On Eastern Front And Report More Gains Against Erzerum -No Raids is Reported from Mesopotamia-Italians Capture Important Crest

Except for the artillery of the contending armies there has been no fighting at any point on the long front in France and Belgium.

Several days have now elapsed since the Germans launched a heavy attack on the positions in dispute before Verdun, but their artillery has continued vigorously to shell the Le Mort Homme sector north-west of Verdun and the second line positions of the French to the east of the Meuse.

The French in the former sector are still answering with their big guns the German fire and evidently are holding themselves in readiness in anticipation of the infantry attack that usually follows preparatory bombardment.

In the Argonne the French continue to operate with their guns against German points of vantage and in the region of Pont-A-Mousson they have shelled convoys of Germans.

On the Russian front the Germans essayed attacks between Lakes Sventen and Ilsen but were repulsed with heavy casualties. In Galicia, south-east of Boutchache, the Germans also took the offensive but here again were repulsed. The Russians claim the capture in the Stripa region of a German position and the putting down of counter-attacks launched with the intention of capturing it.

According to the Rome official communication the Italians have captured the important crest of Lobbia Alta from the Austrians and consolidated the position. Considerable infantry fighting also has taken place on the Mrzli and Monte Nero sector, but elsewhere along the front there have been only the customary bombardments.

The Russians report further successes against the Turks around Erzerum, where the Turks, having been on the offensive for six days were repulsed with heavy losses and are falling back in disorder. Nothing additional has come through concerning the defeat of the Turks by the British forces in Mesopotamia, where the Turks were driven back along the Tigris for distances varying from one and a half to three miles. London regards this victory as a step forward to the relief of the besieged British force at Kut-El-Amara.

One American seaman was on board the British steamer Inverlyon, which is reported to have been sunk by a German submarine. The captain and eleven men of the crew of the vessel have been landed in England, but a boat with eleven other members of the crew is missing.

The Germans not only have mined the southern entrance from The Sound to the Baltic but also have set steel nets in the channel to trap British submarines endeavoring to enter the Baltic, says the Norwegian Shipping Gazette.

INDIA'S GENEROSITY UNABATED.

London, April 14—(Through Reuter's Ottawa Agency)—A special despatch from Simla says that India's generosity for war purposes continues unabated. Donations from Princes and Nobles to the various war funds still pour in from all parts of India. The latest gifts include funds for motor ambulances, ambulance launches, armored aeroplanes, convalescent homes for officers invalided from Mesopotamia and a convalescent hospital for sick soldiers. The St. John's Ambulance Society also continues to receive valuable gifts of money, motor ambulances and other requisites for the care of the sick and wounded.

WILSON MAY WITHDRAW U.S. TROOPS FROM MEXICO

WASHINGTON IS PREPARED TO TREAT WITH CARRANZA BUT PURSUIT OF VILLA WILL BE CONTINUED MEANWHILE.

Washington, April 14.—The United States is prepared to treat with General Carranza as proposed in his note of yesterday, for the withdrawal of American troops from Mexico. Pending the outcome of the diplomatic negotiations, however, the status of the expedition will remain unchanged and the pursuit of Villa continue. This was the situation as officially stated today after President Wilson and his cabinet had considered the new phase of the Mexican problem raised by General Carranza's communication.

From other sources it was learned that the success of the Carranza government in demonstrating its intentions and ability to continue the pursuit and extermination of the bandits, should American forces be recalled, would weigh heavily with President Wilson in reaching a final decision. Senator Stone, chairman of the Foreign Relations Committee, is thought to have voiced the administration view to the Senate, speaking after a conference with Secretary of State Lansing.

"The problem confronting this government," the senator said, "is how long it would be wise to keep an expeditionary force in Mexico. If we adhere to our policy towards Mexico, we cannot keep the army there. To my mind the only alternative to withdrawing the troops sooner or later is intervention."

CARDINAL MERCIER PREFERS TO OBEY GOD BEFORE MAN

VON BISSING IS COMPARED TO KING SAUL—GERMAN PRINCES EXCEED THEIR POWER AND CORRUPT JUSTICE, SAYS BRAVE PRELATE.

Brussels, April 14, via London, 11.30 p.m.—Cardinal Mercier, Premier of Belgium, has sent a reply to the letter of General Von Bissing, Governor-General in the occupied portions of Belgium, protesting against statements in the Lenten pastoral of the Cardinal and warning the prelate that he must cease his alleged political activity. The Cardinal's letters says: "It behooves us, Excellency, in answering the letter it pleased you to address us, to render homage to the courtesy you have shown to the venerated head of our church."

PROHIBIT EXPORT OF IRON AND STEEL

BRITISH GOVERNMENT DECLARES ABSOLUTE PROHIBITION ON PIG IRON.

London, April 14—The British government this evening proclaimed an absolute prohibition of the export to any destination of all kinds of pig iron and nearly all kinds of steel. The prohibition on steel applies especially to the variety used by railroads and shipbuilders, including rails, sleepers, springs, wheels, axles, tubes, girders, ligots, bare angles and rods and of plates more than an eighth of an inch in thickness.

The exportation of soap containing more than one per cent. of glycerine is prohibited.

you the silent homage due to strength, but we keep closed to your encroachments the sacred domain of our conscience, the last refuge of the rightful oppressed.

"It was not, Your Excellency may be sure, without deep reflection that we denounced to the world the evils with which our brothers and sisters are overwhelmed—frightful evils, indeed atrocious crimes, the tragic horror of which cold reason refuses to admit.

Vandalism at Louvain. "But had we not done so we should not have felt ourselves worthy to be the successor of the Apostles who converted the Belgian Gaul nor the spiritual son of those who by their labors made illustrious the See of Malines, of which the Library of Louvain formed the purest jewel—the inestimable priceless treasure.

"Alii laboraverant et vi in labore eorum introitis. In the almost fatal position in which our people are plunged we made our voice heard and hoped that our thoughts would be pondered on by you. But a Prince shall have thoughts worthy of a Prince and shall keep his authority over the chiefs of his people.

"Belgian, we have heard the cries of sorrow of our people; patriot, we have sought to heal the wounds of our country; Bishop, we have denounced crimes committed against our innocent priests. "Excellency, we have the honor, et cetera."

"The faithful servant of Our Lord Jesus Christ, we obeyed the summons of His representative on earth. But you know, Excellency, that it was not we who solicited the great honor of laying our homage at the feet of His Holiness. Allow us, then, even smitten as we are by admiration before the war-like pomp surrounding you and the brilliant staff which, like King Saul, you have attached to your person, nevertheless to retain our full liberty of judgment.

"That liberty in the troubled hours through which our country is passing we cannot and will not relinquish. In so doing we remain faithful shepherds of that flock for which Our Lord has given His life.

"We shall follow the teaching of the noble successor of St. Peter, His Holiness Leo XIII. In his encyclical he instructed us for obeying the civil authorities when they give orders manifestly contrary to the natural Divine law, 'if anyone distinctly finds himself faced with the alternative of breaking the commands of God or those of a Prince he must follow the precepts of Jesus Christ and answer as did the Apostle. It is better to obey God than man.

Not Disobedience. "To act thus is not to merit reproach for disobedience, for Princes, when their will is in opposition to the Divine will and law, exceed their power and corrupt justice. Hence their authority is not binding, because when it is not just it ceases."

"Excellency, your authority, then, cannot be exercised except in accordance with justice. Ecce in justitia regnabit rex. (Behold, in justice shall the King reign.)

"When a Prince casts aside justice we no longer owe him either obedience, respect or loyalty. Placed by the will of God on the Archbishop's throne of Malines we are only answerable to our conscience, and, in the discharge of our holy office we are obliged to raise our voice, we believe ourselves to be following the teachings of our Divine Master.

Rendering Unto Caesar. "We 'render unto Caesar those things which are Caesar's,' for we pay

GENERAL HUGHES WILL ARRIVE OTTAWA SUNDAY

MAY MAKE BRIEF STATEMENT OF HIS POSITION ON MONDAY.

Ottawa, April 14—Major-General Sir Sam Hughes it was stated tonight will not reach Ottawa until Sunday. The Minister will be in his place in the House on Monday, and may make a brief statement of his position. He will then place himself at the disposal of the Royal Commission which has been appointed to investigate the Kytte charges. It is confidently expected that all the principals named in connection with the Kytte charges will be on hand as witnesses when wanted. And that the complete story of the transactions touched upon by Mr. Kytte will be given to the Commission under oath. It is possible that Sir Sam Hughes will decide not to resume the active administration of his department immediately and, perhaps, not till the conclusion of the inquiry. This rests with the Minister. If he follows this course the Hon. A. E. Kemp will likely continue as Acting-Minister of Militia.

The Weather

Toronto, Apr. 14.—Showers have occurred in Ontario and western Quebec, while in the western provinces the weather has been fine and quite mild. A disturbance which is centered near the middle Atlantic coast is likely to cause strong winds or moderate gales off the coast of Nova Scotia.

Table with 3 columns: Location, Min., Max. Includes Dawson, Victoria, Vancouver, Kamloops, Calgary, Medicine Hat, Edmonton, Battleford, Prince Albert, Moose Jaw, Regina, Winnipeg, Port Arthur, Parry Sound, London, Toronto, Kingston, Ottawa, Montreal, Quebec, St. John, Halifax.

Lower Lakes and Georgian Bay:—Ottawa and Upper St. Lawrence:—Moderate winds, fair and a little milder. Lower St. Lawrence:—Northerly to westerly winds, fair with stationary or higher temperature. Gulf and North Shore:—Fresh to strong north-east to north-west winds, fair and cool. Maritime:—Strong winds or moderate gales from north-east and north, with snow or rain in many places at first, clearing by night. Superior:—West and south-west winds, fair and mild. Manitoba:—Fair and quite mild. Saskatchewan:—Fair with stationary or a little lower temperature. Alberta:—Generally fair and cooler.

CHILDHOOD CONSTIPATION.

Mrs. Andrew G. Lund, Hughenden, Alta., writes:—"Two of my babies were very much troubled with constipation and I tried several remedies without success. A neighbor advised me to try Baby's Own Tablets and they were so satisfactory that now I would use nothing else." The Tablets never fail to cure constipation and they may be given to the youngest child with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NEW BOOKS SEVENTEEN, by Booth Tarkington. CANADA IN FLANDERS, by Sir Max Aitken. THE SENTIMENTAL DRAGON, by N. L. Duryea. THE SIDE OF THE ANGELE, by Basil King. THE AMATEUR, by Chas. G. Norris. BLOUSES We are surely carving a name for ourselves in the Blouse world. This season's arrivals, fresh from their boxes, are in complete accord with every little novel touch which means so much in a good Blouse. The fresh ones come in the cutest fabrics, such as the pussy willow silk we have heard so much about, crepe de Chine, lace silk, Georgette crepe and voile. The most unusual detail about the new Blouses is the billowy puff in front and back and a fascinating puff in the sleeve just over the cuff. A new idea is the smart washable silk model that won't lose its shape. Holt, Rensfrew & Co Limited

QUEBEC, APRIL 15, 1916.

QUEBEC AND THE WAR WIDOWS

Various propositions have already been made, both in Canada and in the other overseas dominions, as well as in the Motherland, for coming to the relief of the unfortunate war widows of the Allies, and especially of those of Belgium, France and the British Isles.

MAGIC BAKING POWDER

Contains no alum. E.W. Gillett Company Limited. Toronto, Ont. Montreal.

be raised to the heroism of the men in Belgium, France and the British Isles, who have laid down their lives for the Allies' cause, than the development of some practical and effective plan for maintaining their widows and orphans in permanent comfort.

As an instance of what some of the overseas dominions are doing, the case of Australia may be cited, in connection with which Sir Rider Haggard has recently visited the commonwealth.

We do not, at present, require workmen of this class here, but we do badly need domestic servants and farm hands, and there is no reason why we should not be ready to show as great a confidence in the future of Canada as the Australians do in that of their country.

PRESS COMMENT.

Viscount Bryce in a lecture at Birmingham defined the virtues of war. A war of aggression, he said, may have a different moral effect to one undertaken to repel a wanton attack.

MADE IN CANADA

Take a Kodak with you. The resulting pictures will bring back happy memories so vividly that you can almost live the good times over again.

says, properly address ourselves at the end of this war to the task of trying to help forward the progress of mankind, "not through the strifes and hatreds of the people but rather by their friendly co-operation in the healing and enlightening works at peace."

THE SPIRIT OF HEROES.

The dinner given in honor of Mr. Andrew Fisher, the High Commissioner for the Australian Commonwealth, at the offices of the Queensland Government in London, recently proved a huge success.

HOMESEEKERS EXCURSIONS TO WESTERN CANADA VIA C. P. R.

The Homeseekers Excursions which are organized by the Canadian Pacific Railway every year, are now in effect and will continue every Tuesday during the months of April, May, June, July, August, September and October, 1916.

The C. P. R. is the only All-Canadian route operating regular through trains from Eastern Canada to Western Canada, passing through Port Arthur, Fort Williams, Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, and through its numerous branches and connections reaches Saskatoon, Prince Albert, and the Agricultural districts of Northern Saskatchewan and Alberta.

The advantages of the Canadian Pacific direct service without change of cars, are incalculable, especially to families with children, while running wholly through Canadian territory.

For full particulars, tickets, etc., apply to G. J. P. Moore, City Passenger Agent, Canadian Pacific Railway, 30 St. John St., Chateau Frontenac and Palais Station, Quebec.

SHAKESPEARE AND CERVANTES.

April 23, besides being the festival of England's national saint, says the Pall Mall Gazette, is also the anniversary of the death of both Shakespeare and Cervantes.

The explanation is that in 1616 England was still using the Julian calendar, which in Roman Catholic countries had been superseded by the Gregorian calendar in 1582.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

SPEND 25 CENTS! DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! HAIR GETS BEAUTIFUL, WAVY AND THICK IN FEW MOMENTS.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Except in the bottle—

No! You cannot get real Bovril except in the Bovril bottle. Bovril is so strong that it cannot possibly be manufactured in cheap cubes.

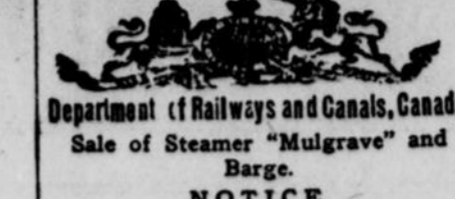

Willard A Necessary Tonic. Your storage battery needs medicine in the Spring just as much as you do. Let us diagnose its case. We're experts. L. LAVOIE. Phone 4088. 134 1/2 Queen Street.

# IN AND ABOUT TOWN

## LOCAL ELECTION CAMPAIGN ON

SEVERAL PROSPECTIVE CANDIDATES NAMED — AGITATION IN QUEBEC WEST.

The dissolution of the Gouin Government and the fixing of Provincial Elections for the 22nd of May next did not come as a surprise to any except a too credulous few who might have placed faith in declarations made until the last minute that elections were not imminent.  
Now that the political cat has escaped from the bag, there is no doubt that the Opposition have reason to complain that five weeks is scarcely sufficient for them to prepare in view of the difficulty of transportation at this season of the year.  
The campaign will now begin without delay on both sides and within a few days will be in full swing.  
Considerable interest is being manifested in the constituencies of Quebec and the district, and among those mentioned as candidates for Quebec County, which was represented by Hon. Mr. Delage, appointed Superintendent of Public Instruction, is Mr. Arthur Lachance, M.P., for Quebec Centre, who would resign his present seat. Mr. Lachance is also mentioned as a candidate in the Centre for the local House, and rumor still has it that Mr. Eugene Leclerc will be named Fire Commissioner, to replace Mr. Philippe Paradis, Liberal Organizer, who would get the position of Collector of Revenue.  
Politicians say that it is a doubtful question whether Hon. Mr. Delage will accept the appointment of Superintendent of Public Instruction or not. Many say that he does not wish to retire from politics and that an influential delegation from Quebec County will wait on Sir Lomer Gouin demanding Mr. Delage as their candidate, and threatening to support the Conservative candidate to a man unless their demand is recognized.  
It is whispered that Sir Lomer Gouin is not adverse to having a rather strong Opposition returned as too much strength in numbers has not been good for his party, and certain factions which he believed extinct were merely sleeping and may at any moment prove a thorn in his side.  
Ex-Ald. L. A. Cannon is also mentioned as a Candidate in Quebec County, where his father-in-law, Sir Charles Fitzpatrick, was a member for years, and it is thought that the influence of the older man will still be strong enough to elect his son-in-law.  
In one county at least there will not be a scarcity of candidates and that is Quebec-West. Among the names mentioned casually are Messrs. Fergus Murphy, Martin Madden and James McManamy and others on Liberal tickets, while the Conservative standard bearer may be Mr. Charles Smith.  
Mr. A. Bernier will most likely be Conservative candidate again in Levis County, with Mr. Laetare Roy, whom he defeated in the last elections, as his opponent.  
The name of Mr. Hector Laferte, advocate, is mentioned a likely candidate in Drummond County which was represented by Hon. Mr. Allard who was named to the Legislative Council.  
Ald. Theriault will likely oppose Mr. Morin, the Conservative Candidate in L'Islet, while Mr. P. D'Auteuil in Charlevoix-Saguenay may have Ald. Galibois as his opponent.

**NOTICE.**  
Account of important work being done by the St. Charles River Improvement Company, the St. Charles River Railroad Bridge will be closed on Saturday evening, April 15th, 1916, after 8.00 p.m. until after midnight. Therefore, after 8.00 p.m., all trains will start from and arrive at Limoilou Station instead of Quebec Station.  
J. A. EVERELL,  
Superintendent.

Mr. H. Young . . . . . 100.00  
Miss M. Scougall . . . . . 4.00  
Miss I. Henry . . . . . 5.00  
Miss Betty Tardif . . . . . 1.00  
Mr. A. C. Smith . . . . . 25.00  
Mrs. D. C. Thomson . . . . . 50.00  
Miss Cameron . . . . . 10.00  
Mrs. E. E. Code . . . . . 10.00  
Mr. J. G. Boyce . . . . . 25.00  
Sir Lomer Gouin . . . . . 250.00  
Miss L. F. Pope . . . . . 25.00  
Total . . . . . \$20,002.20

The following letter was received from Sir Lomer Gouin, Office of the Prime Minister, Province of Quebec, Quebec, April 14, 1916.  
To Editor of The Chronicle, — Quebec, P.Q.

Dear Mr. Editor,—I have the pleasure to send you herewith my subscription in favor of the Canadian Patriotic Fund, and I regret that I cannot do better.  
Wishing you every success, I remain,  
Yours very truly,  
Lomer Gouin.

**ASKS CITY'S AID FOR RECRUITING.**  
Lieut.-Col. Readman, commander of the 167th Battalion, now being recruited here, in a letter which was read at the meeting of the City Council last night, applied for financial aid from the City to help along the work of securing recruits. The letter was referred to the Finance Committee.

**SEE THEM.**  
See our Cloths for Evening Costumes. They deserve to be admired and we are certain you will purchase one.  
**MARCEAU & CIE.,**  
155 St. Joseph Street.

**ST. GEORGE'S SOCIETY.**  
Preparations for the Annual Service of the St. George's Society to be held on the 25th inst., in the English Cathedral are already well under way. The Dean of Quebec will be the preacher on this occasion and a loyal patriotic sermon is thereby assured. The musical portion of the Service will as usual prove most attractive.

**WOOL TAFFETA SHIRTS.**  
We are selling a new line of Pure Wool Light Weight Taffeta Shirts, sizes 14 to 18, worth \$5.00 for \$3.95. We have only been able to secure fifteen dozens of these wonderfully choice goods. Customers wishing to purchase, should pay an early visit to John Darlington's Store.

**TEA GIVEN BY NAVY LEAGUE THIS AFTERNOON.**  
A shower of money, cigarettes, tobacco, chocolate, sweets, note paper, etc. in aid of the Navy will be held this afternoon at the residence of Lady Price, 145 Grande Allee, from 4 to 6 o'clock. All wishing to help in the good work will be very welcome.  
Tea 25 cents.

**STREETS IN BELVEDERE WARD**  
A petition was read at the meeting of the City Council last night asking the City to extend Fraser street from Maple Avenue to Moncton Avenue. A second petition asked the extension of Fraser street to Belvedere street. Both were referred to the Road Committee.

**RECEIVED YESTERDAY**  
A certain quantity of New Costumes, in Silk, Serge, the very latest colors, Neger Head, Green, etc., Navy Blue and Black; Prices to suit everybody; for sale today (Saturday).  
**MARCEAU & CIE.,**  
155 St. Joseph Street.

## ASKS FOR GAS IN LIMOILLOU WARD

ALD. GALIBOIS ALSO URGES THE EXTENSION OF STREET RAILWAY.

Ald. Galibois at the meeting of the City Council last night asked if the Mayor intended to enter into negotiations with the Q. R. L. H. & P. Co. relative to the extension of its lines and the introduction of gas in Limoilou Ward.

Mayor Lavigueur replied that he certainly intended to have an interview with the company shortly when he would insist upon the extension of the street railway not only in Limoilou Ward, but in the other wards of the city. He would also endeavor to secure cheaper gas.

Ald. Dussault (Belvedere), pointed out that the Street Railway Company operated two distinct lines and the Sillery extension was operated under another charter, which was a subterfuge to get more money out of the people. He complained of the custom of not giving transfers on tickets for the extension.  
Mayor Lavigueur promised to deal with that question, too.

## CHARITY TAX IS NOW A CIVIC LAW

APPROVED BY CITY COUNCIL WILL TAKE EFFECT THE FIRST DAY OF MAY.

The by-law imposing a one cent Charity tax on all admissions to places of amusement whether on purchasing tickets or passes was unanimously approved at the meeting of the City Council last evening, when the by-law was given second reading and will come into effect on the 1st of May next.

There was some discussion as to how the tax would be applied at the Quebec Provincial Exhibition, and it was shown that while no tax would be levied for admission to the grounds it would be imposed for entrance to races, side-shows and other amusements.

The by-law provides for a maximum fine of \$40 and an imprisonment of two months in default of payment, for each offence, and the penalty is applicable alike to the proprietors of theatres who admit spectators without paying the tax or to the spectators themselves should they enter without paying the tax.  
The third offense by a proprietor may involve the annulment of his license.

## BLUE BIRD LECTURE MOST INTERESTING

MISS JEAN FOLEY IS MUCH APPRECIATED AT THE Y. W. C. A.

Miss Jean Foley who delivered a most eloquent address to a Quebec audience a month or two ago, was again heard in a very interesting illustrated lecture at the Y.W.C.A. last evening.

The subject was Maeterlinck and the symbolism of the Blue Bird. The illustrations first dealt with a sketch of the life and home of Maeterlinck and the balance of the slides treated of the play "The Blue Bird."  
An overflow audience greeted the lecturer on the occasion of her return visit to this city and that the address was appreciated, could be judged by the frequent applause which Miss Foley received.  
The vote of thanks was proposed by Miss Atkinson, and seconded by Miss Edith Gale.

**POSTPONEMENT OF SACRED CONCERTS.**  
The Stadacona Chapter, D. O. E., has decided to discontinue the popular sacred concerts at the Chateau Frontenac until next month. Notice regarding the resumption of those concerts will be published later.

**57TH REPORTED TO GOING TO BERMUDA.**  
The report was current in town yesterday, that the 57th Battalion, which has been in Quebec for some time, has been ordered to Bermuda.

**HATS, HATS, HATS**  
A well fitted hat, Borsalino or Stetson, provides the necessary variety in a gentleman's headwear. Also others at \$2.50 up to \$5.00.  
**FASHION CRAFT**  
L. A. ROY,  
176 ST. JOHN STREET.  
Ap.14,15,16,20,22x5

### Let's Get Acquainted

Whatever you call it—snap, dash, ginger, or just plain style—our new Spring Hats are brim full of it.

No matter what the shape or proportion of your head, we have the hat that will make you look your best.

To find it is our business.

Many hard-to-suit men have gone smiling from our store. Will you be the next?

In spite of the war, which means extra duty on hats, we have not raised our prices.

And while you are here be sure and choose your Spring Suit.

McCARTHY-RIVET BOUT A DRAW.

In The World of Sport

MUCH RAIN OVER BASEBALL CIRCUIT.

RAIN IN BIG LEAGUES YESTERDAY CAUSES MANY POSTPONED GAMES

White Sox Defeated Tigers in Only Game Played in American Circuit—Cincinnati Walloped the Cubs After an Uphill Fight—St. Louis Made It Two Straight From Pirates.

Rain caused many postponements in the major circuits yesterday, but three games out of eight being played. The White Sox, with Faber in the box had an easy time with the Tigers, though the visitors got the most hits, and Ty Cobb's team were downed by 7 to 2.

McCARTHY-RIVET RATTLING DRAW

MONTMINY PUT LAJOIE OUT IN FOURTH ROUND—YOUNG WHITE-WON.

Charlie McCarthy and George Rivet fought one of the hardest and most evenly contested ten rounds that has been seen here for some time, at the St. Roch's Club last evening.

Chicago, April 14—Faber's pitching and hard and timely hitting by Chicago gave the locals another win over Detroit today, 7 to 2. Felsch's triple in the sixth and doubles by Jackson and Schalk in the second were factors in Chicago's victory.

National League.

Reds Beat Cubs. Cincinnati, April 14—Reds played an uphill game until the sixth, won out from the Chicago Cubs in the third game of the series today 4 to 3.

Cardinals Win Again. St. Louis, April 14—Costly errors by Pittsburgh's infielders were responsible for Pittsburgh's defeat at the hands of St. Louis here today.

BASEBALL.

National League.

Yesterday's results: Cincinnati, 4; Chicago, 3. St. Louis, 5; Pittsburgh, 3. Postponed.

National League Standing.

Table with columns: Team, W, L, Pct. Boston . . . 0 .1000 St. Louis . . . 2 .666 Cincinnati . . . 2 .666 New York . . . 1 .500 Philadelphia . . . 1 .500 Pittsburgh . . . 1 .333 Chicago . . . 1 .333 Brooklyn . . . 0 .000

American League.

Yesterday's results: Chicago, 7; Detroit, 2. Postponed.

American League Standing.

Table with columns: Team, W, L, Pct. Boston . . . 2 .1000 St. Louis . . . 2 .3000 Washington . . . 1 .0000 Chicago . . . 2 .666 Detroit . . . 1 .333 New York . . . 0 .000 Cleveland . . . 0 .000 Philadelphia . . . 0 .000

Sporting Notes

The Baseball bugs will be out in force if it is fine tomorrow.

The Emmets will practice tomorrow afternoon at 2.30 on the Esplanade.

The St. Patrick team will have a workout at 10.30 in the morning on their new field on the corner of Murray Avenue and the Silery Line.

Rain in the big leagues yesterday prevented most of the scheduled games from being played.

Cleveland didn't get beat—they didn't play.

The R. C. E. footballers will make a big effort to lift the cup this year, though Jimmy Boyd and a couple of others are gone to the front.

Soccer will likely be started earlier this season.

The diamond at St. Romuald will be in better shape than ever this year.

The thought of playing in Levis or St. Romuald doesn't hold the terrors it did some years ago.

There are a lot of young baseball clubs cropping up—their energetic members sell tickets but some times we never hear any more about them.

Jimmy Walsh, though he will manage the Vics, doesn't expect that he will be well enough to play Walsh in an aggressive player has lots of pep and his presence on any team is valuable.

The Patricia's have been keeping very quiet lately. But they will likely spring a big surprise on the league.

The C. B.'s must be given credit for giving the young players a show. The only thing against them is that uniform.

Corp. "Cap" Carson will be with St. Patrick's again. The big left-handed soldier boy helped out greatly in winning last year's pennant.

Duchesneau of Laval has gone to the front. Cardinal, the heavy-hitting third baseman and out-fielder, has been fighting in France since the first Canadian Contingent went over.

Some great trios: (You know some of them)—Speaker, Hooper, Lewis, Lavolette, Lalonde, Pitre, Malone, McDonald, Marks, Carey, McNaughton, La Roche, "Mike" Quinn, Barney Kane, Eugene Matté, Walsh, Penney, Acquin, McLaughlin, Power, Redmond.

"Le Canada" says Newsy Lalonde has not quit the National Lacrosse Club as yet. But the Nationals will be a good deal poorer if Newsy stays.

Sporting Editor:—My friend and I bowled a string of other day and we had a little bet on it. He rolled 85 and I also put on 85. The tenth frame was finished. What shall we do? Ans.—Give up bowling.

Popular Pastime 410.—"Wonders of the World."

big fellow, nobody expecting the youngster to win. However, in the fourth round the big fellow seemed to become loosed and the little fellow peppered him all over, bleeding his nose and bouncing him against the ropes and when the bell rang for the fifth to commence, Kirby tossed in the sponge and decided he was finished.

Mr. Sam Murphy acted as time-keeper for the bouts, which were attended by a large crowd.

CLUB SECRETARIES.

Please let us have a list of your members who have gone or are going to the front. We appealed to you a couple of days ago. We have received several lists but there are still many to come.

Kindly do not delay, as we wish to publish a complete list and leave out nobody's name.

Sporting Editor, The Chronicle.

BRUNSWICKS HOLD MCCALLUM CUP

TORONTO BOWLERS DEFEND TROPHY WON RECENTLY FROM STRACHANS.

Toronto, April 13—Brunswicks, the holders of the McCallum Trophy, successfully defended it last night at the Brunswick alleys, when they defeated Vodden's Cleaners, by 236 pins.

Brunswicks were in rare form, and totalled 2,950, with Albright getting 622 and Gillis 608, while Hartman with right behind with 594.

Vodden's Cleaners were the first local team to challenge for it since the Brunswicks won it at Montreal. The scores.

Table with columns: Player, Pins. Hartman . . . 194 206 194—594 Albright . . . 223 212 187—622 Carruth . . . 199 189 190—578 Schilman . . . 204 178 166—548 Gillis . . . 181 215 212—608

Totals . . . 1001 1000 949—2950

Vodden's Cleaners.

Table with columns: Player, Pins. Nicholson . . . 189 174 161—524 Gallow . . . 191 219 168—578 McGrath . . . 214 187 179—580 Vodden . . . 148 170 150—468 Penoyer . . . 182 181 201—564

Totals . . . 924 931 856—2714

RING GOSSIP.

McCarthy again failed to show anything with his right hand.

Rivet, however, has put on weight since his last appearance here. It was a case of a lightweight against a welterweight.

No one could expect McCarthy to do the leading against a heavier and taller man. But McCarthy got the least punishment.

The following figures have been supplied by Welsh as to the actual money he received in the five bouts in which he has taken part during the last month:

Table with columns: Opponent, Amount. Against Wolgast . . . \$ 2,500 Bloom . . . . . 2,500 " Whitney . . . . . 1,500 " Leonard . . . . . 18,500 " Mitchell . . . . . 3,500

Total . . . . . \$23,500

Young Lajoie's showing was good, but he can do better. He was not in the same shape as when he fought Russell. He will be a good little fighter when he has learned more of the game.

The White-Kirby fight was great. The two boys went down together four or five times, and no one expected it to end the way it did.

Young White was up against a much heavier man, but his gameness won out.

Harry Filiatrault has received the following: "For Frankie Fleming to box J. Schiff, I will take \$350 guarantee; with privilege of 85 p.c. and two round trip tickets.

"For Lustig I will take \$150 and two tickets. They will box anybody. I do not select opponents for them, as I leave that to the club.

"Hoping to receive an early reply, "Yours truly, "Clarence S. Gillespie."

LACROSSE PLAYER KILLED.

Toronto, April 13—A bulletin from the front brings news of the death of Art Long, in battle in France.

Long was rated as one of the cleverest defence men in the O.A.L.A. while with Eaton's, and signed with Tecumseh's the next year. He did well with the professionals. Two days before sailing for the war, he played with Tecumseh's in an exhibition game at Niagara camp.

SOCCER PLAYERS JOIN THE ARMY.

London, April 13—The official closing of the English football season on April 30th, will release a large number of soccer professionals whose contracts will expire with their various clubs, when a further strong rally to the colors will be made.

Moscrop, the famous English international, and Bunley, outside left, who was a member of the team which won the English Cup two years ago, have joined the R.A.M.C. Tom Boyle, their captain in the cup tie, has also enlisted.

Ford, Freeman and Bettridge of Chelsea, have joined the Royal Flying Corps. Harry Hampton, the brilliant center forward, has joined the R.A.M.C. and Bugall, the Clapton Orient goalkeeper, has obtained a commission.

LANDOR IN HIS ELEMENT.

Mr. A. H. Savage Landor, the explorer, has played an adventurous part in the war, and actually made an attempt to save the 2,000 British naval men from Antwerp now interned in Holland. He carried despatches for the Belgian Government, and several times passed through the German lines.

BRANDON ABANDONS SENIOR FOOTBALL

90 P.C. OF WHEAT CITY SOCCER PLAYERS HAVE ENLISTED FOR OVERSEAS.

Brandon, Man., April 14—There will be no senior football league in Brandon this year, as 90 per cent. of the local soccer players have enlisted with the colors.

"There is no man who can play football, if he is single who should not be at the front this year," said President Percival, when addressing the annual general meeting of the City Football League, held at the Y. M.C.A. last night. This sentiment was re-echoed by other speakers, and the president pointed to the fact that ninety per cent. of the football players in the city two years ago had joined the colors, several having made the supreme sacrifice, while a score of others are lying wounded or disabled.

THE HUMOROUS SIDE OF LIFE.

Samuel H. Church, president of the Carnegie Institute, said at a luncheon in Pittsburg, apropos of certain war atrocities: "The excuse of the miser bridegroom. A young miner got married and for the first week's housekeeping expenses he gave his wife the good round sum of \$1. The girl, to his surprise, accepted the dollar cheerfully, and that week they lived abundantly enough, albeit plainly. So, for the second week, the miser doled out only half a dollar. Then his wife went for him. She told him what she thought of his meanness. The house reverberated with her indignation. The miser, in the midst of the storm, clapped on his hat and stalked out, muttering: "I see what's the matter here. I spoiled ye the first week."

A crowd of dirty faced urchins were playing dangerously near the edge of a Providence pier. Suddenly an old salt, who had been a sidgey onlooker from the cabin of his boat, emerged from his favorite post and proceeded to soundly thrash one of the lads in question. Some passer-by, surprised by his actions, stopped to question the old tar thereon. "Wal, I'll tell ya," said the old fellow as he regretfully ceased his hold on the lad's collar. "Taint as I care a hang whether they fall in or whether they don't, but it's the dangid uncertainty about it that I can't stand."

Some startling figures were quoted by Mr. Herbert N. Casson in an address in London recently. He said Britain's little army of 275,000 became 4,000,000 in such quick time that we could not count the men as they came in. Four million soldiers meant one soldier for every acre in Great Britain, and thirty-three for every square mile of this island. We had now an army which, marching four abreast, would be 760 miles long. Let every man carry 500 soldiers, and there we had the army and the cost—an army which would reach from Land's End to John o' Groats. We could stand our army round the coast line, elbows touching, and with every man bearing his own weight of silver we had the cost.

"You had best call me Thomas, ma'am," replied the applicant. "No, we insist that you be willing to be called by your last name. Otherwise you won't do at all."

"What is your last name, then?" said his prospective employer, somewhat coldly, as though she expected a revelation of international scandal. "Darling, ma'am, Thomas Darling."

It happened in one of the English officers' wards that at the moment when a patient was just recovering consciousness on his return to bed from the operating theatre a Wesleyan minister and two clerical friends came walking in to pay a visit. The patient started up and stared at the trio of black coats. "Great Scott!" "The undertakers."

Some people hate publicity like the young Detroit man. He was dressed in a tight-fitting suit of the latest cut, and his whole costume was a dream of sartorial refinement. And he was plainly embarrassed as he entered the editor's office. "I was intensely

shocked to read a notice in your paper of my engagement," he began. "I can not tell you how shocked I was. I was positively chagrined. My fiancée was chagrined; we were all chagrined. How much for fifty copies of the paper?" Barry Sullivan, the tragedian, was playing in "Richard III" at Shrewsbury on one occasion. When the actor came to the lines, "A horse, a horse! My kingdom for a horse!" some one in the pit called out, "Wouldn't a donkey do, Mr. Sullivan?" "Yes," responded the tragedian, turning quickly on the interrupter. "Please come around to the stage door."

What a Four Million Army Means. Some startling figures were quoted by Mr. Herbert N. Casson in an address in London recently. He said Britain's little army of 275,000 became 4,000,000 in such quick time that we could not count the men as they came in. Four million soldiers meant one soldier for every acre in Great Britain, and thirty-three for every square mile of this island. We had now an army which, marching four abreast, would be 760 miles long. **WHAT IS THE CANADIAN MILITIA DOING?**

By Captain A. E. Middleton  
Hope, in Saturday Night.

At the outbreak of the Great War there were approximately 75,000 officers and men serving in the Active Militia of Canada in addition to about 70,000 retired officers and men who had received military training, a total of about 245,000 fitted for military service.

Judging from the experience of several average Militia Units, more than 220,000 officers and men possessing some military knowledge have enlisted for overseas service. The nucleus of every overseas unit was composed of these men.

The fact is significant and goes to prove that the men who had had some training were the first to offer their services in the cause of the Right. These were the men to whom citizenship meant service.

We have arrived at a point in Canada where the Militia is practically denuded of military fit men, and new enlistments are few, notwithstanding the fact that ample well-trained officers and N.C.O.'s are available for instructional purposes in every unit. These instructors, in the main, are debarr'd from Overseas Service for various reasons.

The fact that new men are not joining the Militia is having its influence on recruiting for overseas. It is becoming increasingly more expensive and difficult to complete the establishment of overseas units, and yet only 25% of the available fit men have so far been recruited.

One of the essential principles upon which the Military strength of Canada must rely in this; that for every 1,000 men on the firing line and lines of communication in France we must have 2,000 men as a first reserve in England and 2,000 men in reserve in Canada. The reserve in Canada need not be composed of men possessing not be men enlisted for Overseas, but men of some military experience. Canada cannot be out of danger from invasion at any time during peace or war, though as long as the present war lasts, the danger is immediate. The trained military reserve in Canada is a warning to our enemies that we are ready, or only partially so, according to our numbers. Consequently, it is very necessary that the ranks of the Militia be kept up to strength in order that the Overseas Units be sent over to Europe instead of being maintained in Canada.

Every available man, though unable to go Overseas, who carelessly neglects to serve in the Militia is responsible for the keeping in Canada of a man who is able and willing to go Overseas.

If this neglect continues, it might be necessary in the immediate future to pass an Order-in-Council making it compulsory for every available man to join the Militia.

In this event, the members of the Militia now serving, being trained, would become the officers and non-commissioned officers of the new units that would have to be formed.

It is hard to understand why men fail to appreciate the physical, mental and social advantages to be obtained from military training for the simple giving up of, say, one night a week. No man who has had the training could deny the benefits derived from it.

The object of this appeal is to endeavor to bring the situation to the notice of a class of men who take their responsibilities too lightly. You, who are reading this appeal, are you content to let the other fellow take your share of the responsibilities of Empire citizenship? Have you considered the benefits you derive from the institutions which have been built

up for your peaceful enjoyment and maintained in ages past by your forefathers, that you and your progeny might continue to enjoy them? If you neglect your duty now, are you willing to have your descendants say "If only Canada had done its duty, we could have continued to enjoy the liberties they had?"

**SALTS IF BACKACHE AND KIDNEYS HURT**

**STOP EATING MEAT FOR A WHILE IF YOUR BLADDER IS TROUBLING YOU.**

When you wake up with headache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacists about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

**Why M' McCormick's JERSEY CREAM Sodas are always crisp**

**SOMETIMES you get a box of sodas from the grocer that doesn't open up just right—they seem somehow to have lost their original crispness and freshness.**

**Not so McCormick's. Our special system of packing and shipping precludes all that.**

Once the biscuits are removed from the oven they are placed on travelling trays (see illustration) which carry them to the airy, sunny packing room on the top floor. As they are carried upwards, they cool slowly and the moisture evaporates. By the time they reach the packers they are dry and crackling crisp.

In this condition they are packed in boxes lined with waxed paper. Next we enclose the packages in bundles and seal them with heavy waxed paper electrically ironed so as to keep out all moisture. This ensures the biscuits reaching you in the same fresh, appetizing condition as they leave our packing room.

**A 10-cent box of McCormick's served once will induce you to serve them regularly. They have a "finished taste" that makes butter seem unnecessary.**

Sold everywhere, in 5, 10 and 25c packages

up for your peaceful enjoyment and maintained in ages past by your forefathers, that you and your progeny might continue to enjoy them? If you neglect your duty now, are you willing to have your descendants say "If only Canada had done its duty, we could have continued to enjoy the liberties they had?"

This is not pessimism! The writer knows that the Allies will win, but how much greater and sooner the Victory if we can present an overwhelming exhibition of strength, numerically as well as financially.

But for the willing acceptance of their obligations by the citizens of France and England, Canada might at this time have been in the throes of suffering equal to that of Germany, where every phase of activity is being devoted to military purposes. Think of it, you young men, you who are drawing your usual salaries and taking your usual social enjoyments. Wake up! and think! The Hun is still hammering on the door. Are you going to hide under the bed until he breaks in and loots the house, trusting to luck that he might not find you? "If the Germans win, nothing will count!" The disaster will get you as well as your women-folk and children, who look to you for protection.

Wake up! young man, and think! What are you going to do about it?

**LEFT IT TO THE CHAPLAIN.**

"Very touching at times," says Dean Weldon in his Reminiscences, "is the simple confidence of the soldiers in the chaplain as their friend and their guide. One of the chaplains whom I knew well related to me the following story. There came to him a Tommy, who said that he wanted to be married. The chaplain congratulated him, and asked him when he would like the marriage to take place. The soldier answered, 'leave that to you, sir.' The chaplain was a little taken aback, but he ventured to ask further who the soldier's fiancée might be, and again the reply was, 'I leave that to you, sir.' 'Fuller trust hath no man than this.'"

black is one color this year that is wholly dependable. For color ranges in these patterns, blues, garnet, purple, browns, tans and greens are also shown. Small floral and conventional effects are also well placed in the best displays. Solid tones are slowly receding in popularity; probably because the shirt makers have eschewed these are to prodigal in the consumption of any one tone. Silk shirts also run to wide stripes though they are more variegated in color blending. All over embroidery schemes are also popular and some of these show the embroidered effect as a self-tone on the foundation color with contrasting, interspersing stripes of various widths.

Sport shirts will not be worn for street and business wear as much as last summer because then they were a novelty of favor and had not as yet settled down to their proper place as a garment for special purposes. This summer they will be very popular for tennis, golfing, polo, riding and recreation purposes, but refined dressers will stop there and hold them as a garment of comfort rather than of dressiness. This is as it should be, as the masculine Adam's apple and brawny forearm are not things of beauty to be too blatantly displayed without a good excuse.

Some Scotch patterns in flannel shirts are also shown and are good for the cooler summer resorts, early morning golfing, fishing, riding, etc., but do not command themselves for general wear.

**Neckwear.** In neckwear large self-tone blocks are extremely fashionable, especially in the darker and richer tones such as blue, green, purple, helio, lavender, garnet, amethyst, wine color, and autumn browns.

Large floral effects of two contrasting shades are also clever. In these such combinations as red and green, gray and green, brown and red, blue and red, blue and yellow and kindred

combinations are most widely shown. Diagonal, double-tone and self-tone stripes are also favored in practically the same shades as the large block patterns referred to above. Polka dots and small conventional patterns are almost entirely confined to the bat-wing bow ties and Windsor ties, which will be popular with the sport shirts.

Most of the ties for early spring wear are shown in heavy silk and satin fabrics, the former predominating, but for outing and mid-summer wear pongees will be widely shown. These are most popular in grays, tans and pastel shades, and right alongside of these are the crepe effects, also in solid and pastel effects of self-patterns.

**Gloves.** The stiffening of prices on hides and skins will undoubtedly lead many to the fabric gloves this spring. For natural reasons, too, these recommend themselves as they are cooler and more economically cleaned. Chamois, knitted fabrics, and silks are most shown in these sorts and the most favored shades are champagne, putty, sand color, various gray tones and a few extreme effects in Burgundy, garnet and helio. Some of these are in plain stitching and braided backs and a few in contrasting trimming effects of harmonizing shades or self-tones. In the hide gloves, buck, kid, mocha, suede and reindeer are popular. The shades are black, tan, gray, mahogany, champagne, mustard, oxblood and dark green.

**Hosiery.** In popular priced lines the hosiery runs chiefly toward solid effects or modest clockings. Besides the staple shades of tan, gray, blue, black and white, there are few departures, these being green purples, helio, champagne, Burgundy and garnet.

White hose will be more popular than ever as the season advances, but not the plain whites so much as the

ornamental trimming effects. White with black clockings and white with other shades for embroidery schemes are being displayed with a strength that indicates a certain demand. Whites with polka dots and hair line stripes are also launched.

Other hosiery styles are the small two-toned, flaky effects. These are shown in about the same shades mentioned above in the solid tones. In these black is chiefly the foundation color and the flakes are brought out in the other mentioned shades.

Striped hosiery is not so conspicuously shown this season except in the higher priced lines, and these run mostly toward the accordion weaves.

**Underwear.** Athletic underwear is gaining more adherents every summer and as the popularity spreads the underwear designers are vying keenly with each other to produce the most tasty pattern and color treatments.

So great is the variety of ideas that no certain effect can be picked out as more fashionable than the others. In fact, underwear does not follow the fashions—it makes its appeal to personal taste and indulgence. Name your price and your favorite brand to the dealer and he will show you enough of patterns and color effects to meet your fastidiousness.

**Pajamas.** What is stated above regarding underwear fashions also holds good on pajamas.

With all you have read, heard and inferred about the scarcity of dye stuffs this year it may be hard for you to reconcile this situation with the many beautiful color combinations that you will see in the men's haberdashery for spring.

However, there is logical explanation forthcoming for this condition which need not be detailed here. What care you, so long as your desires for smart fixings are gratified and your tendencies for high colors are allowed to run riot.

Neckwear and shirt silks, come largely from France, China and Japan, which nations seem to have thus far taken care of the color situation. American silk manufacturers are using to a great extent American logwood dyes in the cheaper grades of silks, silks, and while these dyes are not enduring enough for use in clothing and woolen fabrics, they are lasting enough to serve the life of an ordinary tie or the less expensive mercerized shirt silks.

So for this season, at least, you are provided for because all of these silk fabrics are sufficient to the popular needs in both coloring display and durability.

**Shirts.**

In madras, cheviot and percale shirts two-tone effects are the most widely shown and in these the patterns are of wide stripes on white foundation. Black stripes from one-quarter to a full inch in width are shown and recommended because

**AN APPEAL TO FRENCH CANADIANS.**

An English Translation of a Letter Sent to the French Press Throughout Canada.

To the Editor:—

Sir.—As an English-born Canadian, whose home has been in the Province of Quebec for forty-five years, I appeal to my fellow Canadians who are of French descent and speak the French language, on behalf of the country from which their ancestors came, the pleasant land of France, and more especially on behalf of the ancient and beautiful city of Paris, the city so dear to our late King Edward, and to many others who love it for its beauty, its historic associations, and as a centre of refinement and civilization; but especially dear to the hearts of those in whose veins French blood flows.

Visiting England each winter for business, it has twice been my pleasant duty to state in the English press, in correction of misrepresentations, that the English speaking minority of the Province of Quebec is neither oppressed nor harassed. Though my office is in the city of Quebec, my home for many years past has been in the Parish of St. Romuald d'Etche, min. about six miles from Quebec, where certainly not more than ten per cent. of the people speak or understand English, and during all those years my relations with my neighbors have been excellent.

While I have no intention of discussing the bilingual school question, I would like to make clear that it is not at all one of religion, or between Roman Catholics and Protestants, but entirely and altogether a question of language, of the use of French and English in the Roman Catholic separate schools of Ontario and Manitoba. It commenced between the English speaking and French speaking Roman Catholics, and Protestants had nothing to do with it. It might have possibly reached its present position of the population of Ontario had been entirely Roman Catholic. It is well to have this clearly understood.

There have been comparisons drawn between the numbers that have volunteered in the various Provinces for overseas service. I do not intend to enter further into this than to say that in Ontario and the North Western Provinces, many men have comparatively recently arrived in this country from England, Scotland and Ireland, have joined the Canadian forces. Any fair comparison would be of the native born, and that has yet to be made. One thing seems certain, that young men born in Canada have not yet come forward in any Province as they should have done, and this is true of the Province of Quebec as of any other, and applies both to the English speaking and French speaking men of suitable age fit for service.

There has been an attempt to mix up the bilingual school question with volunteering for military service. A wise Italian staid years ago that mixing up things is the great evil. He was quite right. The bilingual question has not the most remote connection with the recruiting one, unless evil-minded men, for their own purposes, try to mix them together. I cannot sufficiently condemn the wicked work of misguided men in Ontario and Manitoba, who altered the school laws during the war, nor can I find words to express my condemnation of the iniquitous action of wrong headed men in Quebec, who advise Canadians not to go to the assistance of France till the school question is settled; for it is France that calls for assistance, and the appeal is specially to those of her own race and language. Some of the fairest parts of France are now occupied by Prussian-controlled German hordes who have wasted fields, destroyed cities, rained cathedrals, burned libraries, shot non-combatants, violated women and mutilated little children. They are now trying to break through the French line at Verdun in order to destroy Paris.

Suppose news came to the Province of Quebec that all the rights the French speaking people of Ontario and Manitoba claim, had been granted or won, and the bilingual question was forever settled in their favor, and at the same time news that for want of timely help the Germans had broken through at Verdun, and Paris was a smoking desolation, that Notre Dame was an irreparable ruin, and that the River Seine was choked with the dead bodies of violated French women and mutilated French children. Would joy bells ring from the steeples and the tricolor float gaily from the flagstaff because of the news from Ontario, or would the news from France plunge all the land into mourning, and into deep regret that the adequate assistance which French Canadians might have given to repel the Germans, had been deferred because of the school question? With what heart could any French Canadian ever go to France in the future to be asked:—**WHY DID YOU NOT COME OVER TO HELP US?** and to answer: **BECAUSE I WAS BUSY TALKING ABOUT THE USE OF FRENCH IN THE ROMAN CATHOLIC SEPARATE SCHOOLS OF ONTARIO AND MANITOBA.**

It is important to send the children to school each morning, but who thinks of that when the forest fire is sweeping down and the house of one's father is in danger.

Rest assured full justice will be done in connection with the school question. The French speaking voters of the Province can make that certain, not by working as the tools of politicians and receiving cabinet positions from this and that party,

but by using their votes persistently to put out of power at Ottawa any and every Government that does not advise the Governor General to disallow promptly unfair Provincial school legislation. The ultimate decision rests neither with Provincial Governments, nor with the Federal Government, nor even with the Governor-General, for in case of need a petition can be carried to the Throne itself, and appeal made to the Privy Council in London, that never yet has failed to administer justice with equity and without fear or favor.

In old time there was a bitter curse on a city, because its people did not come to the help of the Lord against the mighty. It is better to die bravely in battle than deserve such a curse. Every man must die sometime and it has happened that the man who went to the war came safely back with honour, to find that the man he had left at home had died from some disease, or had been killed by some accident. Nothing is more attractive to the fair sex than the uniform, and a brave heart counts with ladies far more than anything else. Why should not a woman prefer a man who is able and ready to protect her? None but the brave deserve the fair.

Where the Province of Quebec has sent hundreds she could readily send thousands, and would do so if the hearts of the people were touched and stirred.

This is not just a war to save the British Empire. That is in no immediate danger, nor will be while Britain commands the sea. It is not immediately a war to protect England. The British Fleet and British people can do that at present. The fight now is to hold back the Germans from breaking through at Verdun, and to save Paris from destruction, and if this does not appeal to men of French Race and speech all the world over, they are unworthy of their origin.

If French-Canadians come forward now to serve where will they be sent to fight? Not to Mesopotamia, or Egypt, or Salonika, to save the British Empire; nor will they be kept in England for her protection, but as soon as fit and ready they will go to "Somewhere in France", to find service and glory side by side with men who speak their own language, and who will welcome them as brothers-in-arms, as they are brothers-in-blood.

If I were a French Canadian of military age and fit for service, I dare not put off going to help France in her fight to save Paris waiting till the school question is settled.

It has been said that if the Quebec Government treated English speaking people as the Ontario government has treated the French people there would be a rebellion. Now I assert and defy contradiction, that if Ireland were invaded and Dublin in danger; or Scotland were invaded and Edinburgh in danger; or if England were invaded and London threatened, it is no school, or language, or Provincial, or Federal question that would receive any attention from Irishmen, Scotchmen, or Englishmen till the danger had passed and the enemy had been driven out of the country.

It is possible that the hearts of French Canadians have grown cold towards France, and they no longer care for the land that their ancestors came from? Deeds speak louder than words, and if they fail to do their duty to the mother country in this crisis in its history, there can be only one answer.

What do they suppose will eventually become of the French language if Germany conquers and absorbs France? If it is proscribed in Europe, will it be a great thing to save it in the separate schools of Ontario?

Where are the leaders who should be appealing to the French speaking people in every parish of the Province of Quebec? Is not the deliverance of France more than a general election? If I could speak French fluently, and had the command of a good military band I would go through the Province and rouse the country. I would have the Marseillaise sung at every gathering, and in every house, till men's hearts burned within them.

Shall France, who fought Europe

**Preparedness**

Now that all nations are talking preparedness, why not discuss health preparedness. While we have been negligent in protecting our country against the enemy, we have also failed lamentably in fortifying our human bodies against disease germs.

This has been proven in the recruiting offices, where so many men have been turned down by the examining doctors. Weak heart action; diseased lungs; thin, watery blood; defective eyesight, resulting from exhausted nerves. These are among the prevailing derangements which the examining doctors find.

Health has been neglected. The blood has not been kept in healthful condition. The nervous system has got run down, and the subject under inspection is in no condition to fight the enemies of his country or to withstand the attack of disease germs.

Health preparedness means the use of preventive treatment, such as Dr. Chase's Nerve Food, to enrich the blood, reinvigorate the starved nerve cells and keep the health at high-water mark. In this condition you have the strength, vigor and confidence which is necessary to the success and enjoyment of life. You have the vitality to defy disease germs and thereby escape many ills which find an easy prey in the run-down system.

Dr. Chase's Nerve Food, by means of its blood-forming and nerve-invigorating influence, cures headaches, nervous indigestion, sleeplessness and irritability, and prevents such serious diseases as nervous prostration, locomotor ataxia and paralysis.

50 cents a box, 6 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations disappoint.

**Dr. Chase's Nerve Food**

Dr. Chase's Recipe Book, 1,000 selected recipes, sent free if you mention this paper.

for liberty, equality, and fraternity, sweeping on from victory to victory as long as she stood for human brotherhood, fall now under the power of Germany for want of adequate assistance from her son's sons. It is for them to answer by coming forward in their thousands to help save her. May they do so speedily, for help deferred may come too late.

I trust the Governor General in Council, with the full concurrence of the leader of the Opposition, will promptly disallow all Provincial school legislation passed since the war commenced. It is not possible for such men as Sir Robert Borden, and Sir Wilfrid Laurier to put politics aside for once, and show that they are statesmen? But the Germans, like time and tide, will not wait and they recognize no law but force. The saddest of all words are "TOO LATE". The past returns no more.

Yours truly,  
ED. HARPER-WADE,  
Quebec, 5 April, 1916.

**"CLERK OF THE CHEQUE."**

When the King of England falls ill the duty of guarding the sick chamber falls, by ancient usage and tradition, to the Yeoman of the Guard. Their full official title is "the King's Bodyguard of the Yeoman of the Guard." It dates from early Tudor times, having been first established in 1485 by Henry VII., and the yeomen still wear the old Tudor uniform, that of the officers; however, being of a more modern type.

It is commanded by a captain, who must be a peer; and he has under him a lieutenant, who is a lieutenant-colonel in the Army, and an ensign, who must be a major at the time of appointment. Its adjutant is known officially as the "Clerk of the Cheque" his duty being simply to keep and call the "cheque," or roll, when the corps parades. The whole cost of the Guard is defrayed by the King out of his privy purse.

The term "beefeater," commonly applied to the Yeoman of the Guard, and also to the warders of the Tower of London, who wear a similar uniform, is popularly supposed to be a

corruption of the French word buffeater, a "sideboard man," i.e., one who waits at the buffet. It is just as likely however, to mean exactly what it says—a beef-eater. In Tudor times the common people rarely tasted fresh meat—other than pork—whereas the King's bodyguard no doubt: fared sumptuously every day and the great barons or roasted beef served at their table would naturally suggest to the envious multitude the appropriate, and at that time distinctive, name.

**171ST BATTALION C.E.F.**  
Lt.-Col. Sir Wm. Price, O. C.

This Overseas Battalion has places for a few more good buglers and drummers.

Glacis Street Entrance.  
April 14/16.

**LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH**

WHEN CONSTIPATED OR BILIOUS GIVE "CALIFORNIA SYRUP OF FIGS."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is peevish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless fruit laxative they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

**Spring Reminders**

**DRY CLEANING**—We are equipped with most modern machinery for washing with Water Free chemicals, gasoline, naphtha, benzine which do not shrink or injure goods.

This is modern dry cleaning.

**LADIES' DRESSES and SPRING COATS**—Soiled and crushed look better if cleaned and pressed.

**GENTLEMENS SPRING SUITS**—Dry cleaned and pressed, look like new.

**CURTAINS**—Of Silk or Lace carefully handled, **PORTIERS Etc.**—Soiled or faded dry-cleaned or re-dyed.

**BLANKETS**—Should be packed away clean, against moths.

**SHIRTS and COLLARS**—Carefully laundered.

**POUND WORK**—For 5cts per pound we wash and starch all garments, but do not iron them, flat work is washed and ironed, weight of an average family washing is ten to fifteen pounds.

**CARPET CLEANING**—Machine cleaned, without injury, all moths removed.

**QUICK SERVICE**—Our auto delivery insures collection and prompt delivery of carpets. Six waggons at your service.

# WASHINGTON SAYS NEXT NOTE TO BERLIN FINAL

### BUT THE WAY WILL STILL BE LEFT OPEN TO AVOID THE LONG-FEARED BREAK IN DIPLOMATIC RELATIONS.

Washington, April 14.—President Wilson and the Cabinet went over the submarine crisis again today and re-affirmed their determination to bring the situation with Germany to an issue.

The decision to inform Germany that recent accumulation of evidence of ships destroyed in submarine warfare leads to the inevitable conclusion that her promises to the United States are not being fulfilled remained unchanged. The time of despatching a communication to Berlin appeared to be the only point undecided.

In Congress today a report was widely circulated that the forthcoming note would in itself give notice of a severance of diplomatic relations. There is nothing to substantiate the story anywhere in official quarters. Cabinet officers did not deny it, upon the ground that they all had been bound in honor by the President not to speak upon the subject in any way.

There were repeated indications tonight that the note would be a statement of the American case up to date, without anything in the nature of an ultimatum, and still would leave the way open for Germany to avoid the long-feared break in diplomatic relations. It was plain, however, that it would be intended as the American government's last word.

Senators of the Foreign Relations Committee who have been told by the President that they would be consulted before any final or drastic steps were taken, declared tonight they had not yet been advised of the details of the next step. Chairman Stone conferred with Secretary of State Lansing during the day, but declared that there was nothing new in the situation. At the State Department there was renewed evidence that the United States considered its case complete even without the affidavits which arrived today on the steamer St. Paul. Secretary Lansing acknowledged that evidence gathered by the French government from a captured German submarine crew to prove the identity of the submarine involved in the Sussex attack had been placed in possession of the American government. Such evidence, properly substantiated, was regarded as the capstone of the American case, if one seemed necessary. The impression which officials permitted to prevail was that the note to Germany would not go forward until all the evidence had been carefully considered, but that enough was at hand to make up the American case. Some officials declared the communication would go within forty-eight hours. Others who have to do with its preparation were less definite. It was recalled that on at least one other occasion a note to Germany was quietly despatched and had reached Berlin before news of its departure was permitted to come out in Washington.

#### Situation Grave.

In all official quarters here there is evidence of the gravity of the situation. All officials agree that the accumulation of evidence has brought the situation between the two countries to the point of a break or a decided change on Germany's part. There is very little left to be said about the situation because it is described as a plain open and shut one. As the President and the Cabinet are determined that the present condition cannot continue, the crisis which has prevailed between the two nations for nearly a year has reached a point where nothing but action remains for one or the other.

#### CREW OF TORPEDOED BOAT LANDED

Queenstown, Ireland, April 14.—5:30 p.m.—Sixteen members of the crew of the London steamship Chic which was torpedoed and sunk by a German submarine were landed here today. A boat with eight men in it is missing.

### Young people need clear complexions

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use

# Resinol Soap

at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water.

It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it.

In severe or stubborn cases, Resinol Soap should be aided by a little Resinol Ointment. All druggists sell them.

# REVIVAL OF SHIP BUILDING INDUSTRY HERE IS DISCUSSED

### MATTER BROUGHT TO THE ATTENTION OF QUEBEC BOARD OF TRADE.

A most favorable report concerning an interview had with Mr. A. H. Harris in Montreal on Monday last on the question of overseas transport, was presented by Mr. J. G. Scott and Mr. G. B. Ramsey, to the members of the Council of the Quebec Board of Trade at a regular meeting held yesterday afternoon under the presidency of Mr. J. G. Scott.

It was announced that the negotiations between the Board and Mr. Harris, through the Hon. T. Chase Casgrain, were progressing in a very favorable manner and the outlook is that the port of Quebec will receive this coming season of navigation with a fair share of overseas transportation for the Imperial Government.

Among the more important letters of interest communicated to the Council by Mr. T. Levasseur, the Secretary, was one from Mr. F. Gunn, Royal Norwegian Vice-Consul at Quebec asking the Council's opinion on the outlook for a revival of the wooden shipbuilding industry in Quebec.

In his letter Mr. Gunn stated that a prominent ship owner in the State of Maine suggested that he communicate with a ship building firm and owners at Portland with the object of having them establish in this city. Before replying Mr. Gunn asked to have the view of the President and members of the Council of the Board of Trade. He also enquired if it, the Board, thought it would be possible to obtain a subsidy from the Federal and Provincial governments.

The following correspondence on the shipbuilding topic has been exchanged.

Toronto, April 10th, 1916.  
To J. H. Gignac, Ltd., Quebec:—  
Can you take order six ocean going wooden sailing vessels, capacity three thousand tons, completion three months. Wire reply.  
(Signed) T. M. KIRKWOOD.

Quebec, April 11, 1916.  
G. D. Davie, Esq.,  
Ship Builder and Repairer,  
Levis.

Dear Sir.—Please find enclosed copy of a telegram which was sent, April 10, to J. H. Gignac, Limited, Quebec, by Mr. T. M. Kirkwood, Toronto. Could you take and execute in time such an order? If so, please wire immediately to Mr. Kirkwood.

Your most obedient servant,  
T. LEVASSEUR,  
Secretary.

T. Levasseur, Esq.,  
Sec'y Quebec Board Trade,  
Quebec.

Dear Sir.—Your letter enclosing copy of telegram from Mr. T. M. Kirkwood, Toronto, to the J. H. Gignac Co., Ltd., was handed me this morning on my return from the West and I appreciate your kindness in remembering me but am sorry we could not execute the order on account of the difficulty in getting material. I might say we have already had an enquiry from Mr. Kirkwood, and also got similar enquiries from different parties for this class of work but have to refuse same.

Yours truly,  
GEO. T. DAVIE,  
Quebec.

Mr. J. E. Lepage, Divisional Freight Agent Canadian Government

### A SPLENDID WAY TO REDUCE ONE'S WEIGHT.

There is, perhaps, no one thing that shows the passing of your youth so much as the horrible tendency of some of us to put on too much weight after we have reached the age of 25 or 30. However young our face may appear, our figures "give us away."

The cause of this over-stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the fatty tissue. To reduce your weight go to a good druggist and get oil of orilene in capsule form, and take one after each meal. It is sold only in original sealed packages. Oil of orilene taken at meal-times gives you all the benefit of the food you eat, and at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. In this way many have reduced their weight at the rate of about a lb. a day, and no flabbiness is left.

Any druggist can supply you or a large size box will be sent on receipt of \$1.00. Address D. J. Little Drug

F. Power, A. C. M. Thomson, J. W. Williams, R. W. Beckett.

The whole respectfully submitted. On motion of Mr. L. des Rivieres it was decided that if the club's finances would permit of it and permission could be secured another district court should be laid down and the courts should be lit up in the evening as in the case at La Tuque and Shawinigan.

The report of the treasurer, Mr. Love, was most satisfactory and showed that the club's finances had been most ably administered. Twelve gentlemen and six ladies were elected as new members.

Railways informed the Council that the Ocean Limited train on the I.C.R. would be resumed between Montreal and Halifax starting May 14th.

Quebec, April 10, 1916.  
Hon. T. Chase Casgrain,  
Postmaster-General,  
Ottawa.

Dear Sir.—I am instructed by the Council of the Quebec Board of Trade to say that they see with much pleasure a statement in the Hansard by the Acting Minister of Railways, that it is the intention of the Government to put on through passenger trains on the Transcontinental Railway between Halifax and Winnipeg in a short time. This will be a fulfillment of the promise made at the interview which a deputation of our Board had with the Right Hon. the Prime Minister and the Hon. the Minister of Railways on the 2nd November last, and we feel very grateful.

I am directed to ask whether it is the intention, when this fast train is put on, after it has been crossed to the Quebec side by the train ferry steamer "Leonard," to back it down to the building at the Champlain Market, which we understand is intended for a passenger station, or whether the train will be taken around by Cap Rouge and the St. Charles Valley to the C. P. R. station at the Palais.

The distance from the landing of the train ferry at Lampson's Cove to the Champlain Market is, as you know, only a few hundred feet, whereas the distance from Lampson's to the C.P.R. station is sixteen miles.

It would, therefore, seem advisable, although the little building at the market place seems hardly suitable for a station on a transcontinental railway, to back the train to it, rather than add sixteen miles or more to the length of the journey and add nearly an hour to the through time between Halifax and Winnipeg.

If you think proper, would you kindly send this letter to the Hon. Mr. Reid, as our merchants would like to know what he kindly intends to do for us in this matter.

Yours truly,  
T. LEVASSEUR,  
Secretary.

Sir Robert Borden wrote the Board to the effect that the resolution of the Quebec Board of Trade urging the Government to place all Government railways, particularly with respect to freight rates, under the control of the Railway Commission, had been communicated to Mr. Reid acting Minister of Railways and Canals. The matter, said Sir Robert, will be discussed between them.

A number of letters of complaint received from local merchants regarding the slow and unsatisfactory delivery of goods particularly perishable, over the Intercolonial Ry., were read.

These protests had been forwarded to Mr. Gutelius, who replied that the delays were due to weather conditions and promised an early amelioration of affairs. Copies of the reply from the I.C.R. official were trans-

mitted to the local complaints by the Board of Trade asking if any improvement had been made. The replies were all to the effect that the service was just as unsatisfactory as ever. One of the merchants attributed the trouble to the change from the old ferry service to the Leonard. A copy of this last mentioned complaint will be forwarded to Hon. Mr. Casgrain.

It was announced at the meeting that since March 25 to April 2, 229 cars of wheat destined for Quebec and Halifax had arrived over the Transcontinental Ry.

It has been brought to the attention of the Board that certain insurance companies without established offices in Canada had escaped the new war taxes. The council decided to write the Hon. Sir Thomas White, Minister of Finance drawing his attention to the matter.

Regarding the smoke nuisance it was decided to request the City Council to inquire of the authorities in Toronto, Hamilton, London and Chicago what systems were in vogue in these cities and also the by-laws respecting smoke.

A new standing committee on publicity was appointed yesterday. The members are: Jos. Mercier, Chairman; D. O. Lesperance, H. d'Hellencourt, Dr. Dorion, Gen. D. Watson, C.B.; Frank Carrel, Geo. Morisset, Eug. Dussault, J. A. K. Lafamme, Gaudias Poitras.

It was announced to the gratification of the members that seven new members accepted as qualified were proposed for membership. They are: Messrs. J. H. Paquet, Jos. O. Auger, Alyre Talbot, J. A. Gagnon, Jos. Poullet, Andrew Fraser and L. P. Labrecque.

The steady increase in membership illustrates to what extent the efforts of the Board of Trade are appreciated by the business men of the city.

Among those attending the meeting yesterday were: Messrs. O. W. Bedard, 1st Vice-President, H. E. Lavigne, G. B. Ramsey, J. A. Gignac, A. E. Scott, Nap. Kirouac, M. Monaghan and T. Levasseur, Secretary.

### HIS WEIGHT OVER 200

### WHY BIG MEN LIKE SEMI-READY TAILORED CLOTHES.

When a man weighs about 200 pounds he dare not order a suit of clothes from a single suit length in any tailored shop. There's not enough in a 3 1/2 yard length, without piecing and patching.

Semi-ready Special Orders are all made from 70 yard lengths; there is always enough yardage to make a suit for any man who measures 44 to 54 inches breast. Good suits can be made to measure in four days for a man measuring 48 inches chest, at \$21 to \$25.

Suits delivered here always within six days when made to special measure. George Morissette, 168 St. John St. Jules Gauvin, 181 St. Joseph St.

"TIZ" FOR TIRED AND SORE FEET

USE "TIZ" FOR PUFFED-UP, BURNING, ACHING, CALLOUSED FEET AND CORNS.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

REVENUE RECEIVED BY SOLDIERS AT THE FRONT

HOW MEMBERS OF CANADIAN EXPEDITIONARY FORCE ARE RECOMPENSED — SOLDIERS' PAY, SEPARATION ALLOWANCE AND THE PATRIOTIC FUND ASSISTANCE.

Owing to the frequent inquiries received in connection with the pay received by soldiers on active service, the separation allowance and the assistance given by the Canadian Patriotic Fund, the following schedule is given for the information of those interested:—

DAILY RATES OF PAY OF THE CANADIAN EXPEDITIONARY FORCE.

The following rates were brought into effect from 22nd September, 1914, on the completion of the organization of the Expeditionary Force.

Table with columns for Rank, Pay Allowance, and Field. Lists various ranks from Commander to Sappers, with corresponding pay rates.

In addition to the foregoing Regimental Rates, officers in Command of Regiments of Cavalry or Battalions of Infantry, Brigades of Artillery, or other bodies of troops numbering five hundred men or over, including the Divisional Engineer, shall receive Command Pay at the rate of \$1.00 a day.

MILITARY SEPARATION ALLOWANCES.

Separation Allowance has been granted by the Canadian Government to the dependents of volunteers serving in the Canadian Overseas as follows:—

Table showing separation allowances for various ranks: Privates (\$30.00/month), Sergeants (\$25.00), Warrant Officers (\$30.00), Lieutenants (\$30.00), Captains (\$40.00), Majors (\$60.00), Lt.-Colonels (\$60.00).

"Dependents" include only: (a) Wives, (b) Children of a widower, if they are in the care of a guardian.

(c) Widowed mothers, if the son is unmarried and her sole support. A certificate to this effect must be obtained from the local Patriotic Fund Committee or from a Clergyman.

In such cases the certificate should be sent to Mr. J. W. Borden, Paymaster-General, Department of Militia and Defence, Ottawa, if the man has left Canada with the forces, or to the Divisional Paymaster of the unit in which the man is serving if he is still in Canada.

The allowance is not payable to the dependents of a soldier who is an employee of the Dominion or any Provincial Government and is in receipt of a Government salary in addition to his military pay; or who is a member of the Permanent Force.

Applications for the allowance from parties who do not come under the above provisions cannot be considered.

PATRIOTIC FUND.

Schedule of Assistance. Eastern City Maximum—not to be exceeded and, where living is less expensive than in Montreal, Toronto, and other large cities, the scale should be somewhat lower.

- 1. Wife, having no children, (in receipt of \$20 per month as separation allowance and \$15, or more per month as assigned pay,) may, if in need, receive from the Canadian Patriotic Fund \$5.00 or less. 2. Wife and one child: (a) If the child is under 15 and over 10 years of age... \$17.50 (b) If the child is under 10 and over 5 years of age... 14.50 (c) If the child is under 5 years of age... 13.00

Nerve Collapse

Prostration and Vital Exhaustion are Cured by Dr. Cassell's Tablets.

It is because Dr. Cassell's Tablets overcome vital exhaustion that they are so sure a remedy for nerve breakdown, brain fog, and all run-down conditions.

Sir John Campbell, Bart., C.B., formerly Major-General in the Royal Artillery, derived so much benefit from taking Dr. Cassell's Tablets that he wrote to the proprietors in praise of the remedy.

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; one tube 50 cents, six tubes for the price of five.

Dr. Cassell's Tablets

Now is the time to choose your Blouses (Matinee) for Easter; also a nice white fox (Iceland Fox) which complete your toilette.

Tenders for Rubber Boots and Rubber Coats.

PUBLIC NOTICE is hereby given that sealed tenders, endorsed: "Tenders for rubber boots and rubber coats," and addressed to the undersigned, will be received from this day to TUESDAY, the twenty-fifth (25th) day of April, instant (1916), AT FOUR O'CLOCK P.M., for the supply of one hundred and fifty (150) pairs of long rubber boots and one hundred and fifty (150) rubber coats, more or less, to be delivered in lots of 25 (twenty-five) of each kind and at a time to be specified by the Chief of the Fire Brigade.

Samples of rubber boots and coats to accompany the said tenders.

The City does not bind itself to accept the lowest or any of the tenders, and the contractor shall pay the cost of drawing up the contract and of a notarial copy for official use.

By order, AUG. MALOUIN, Secretary Fire Committee.

Sightseeing That Counts

Either for or against you Either helpful or harmful Many persons who should be, are not wearing glasses.

Others, too, are wearing a kind not adapted to their vision—a kind, by reason of incompetent service, that is ruining their eyes instead of benefiting them.

Don't wear ordinary store glasses—not adjusted by trained and skilled opticians. False economy is not a saving, but an unwise wasting of money—always!

If suffering from eye-strain of any character, come to us for scientific assistance.

Leases of Shops, Stalls, Sheds of Montcalm, Berthelot, St. Peter and Champlain Markets.

PUBLIC NOTICE is hereby given that he shops, stalls, sheds, in the market halls, and public markets Montcalm, Berthelot, St. Peter, Champlain markets, shall be put up at public auction and leased for the year beginning the 1st May, 1916 and ending on the 30th of April, 1917, as follows, to wit:

Those of the Montcalm, Berthelot and Champlain markets in the sales room of the Finance Department, on Tuesday the 25th of April Instant, beginning at ten of the clock in the morning.

And those of St. Peter's market hall and market shall be put up at public auction in St. Peter's market hall, on Wednesday the 26th of April Instant, beginning at nine of the clock, in the morning.

The City notaries shall respectively be present on Tuesday morning, the 25th instant, at the City Hall, and St. Peter's market hall, on Wednesday, the 26th of April, 1916, beginning at nine o'clock in the morning, to pass and sign the deeds of lease necessary.

In the event of the present lessee not paying before the sale by auction of arrears of rent due by them, the said shops, stalls and sheds shall be put up by auction and shall be leased to any other applicant who will then and there comply with the said conditions.

Instructions have been given by the Market Committee to lock upon the last day of April instant at five o'clock p.m., the stalls that shall not be leased on the days above mentioned.

A notarial lease containing the conditions will then and there be signed by the lessee and paid by them, with a copy for the Corporation.

One month's rent in advance, and the price of the license shall be paid by each of the lessees for each stall prior to the passing of the deed of lease to the notary then and there in attendance respectively as above stated in the salesrooms of the Finance Department or in the St. Peter's Market Hall.

Possession of premises shall not be given by the City to any person who shall not have previously signed his lease and paid his dues as such, and as long as he shall fulfil his obligations.

Each lessee shall furnish before the execution of the said deed of lease, and to the satisfaction of His Worship the Mayor, two good and sufficient securities.

The lease of any shop signed by the lessee and their sureties after the adjudication leases shall be absolutely null and void, and the Market Committee shall proceed forthwith to grant them to other parties.

The terms of payment and other conditions of the leases will be made known publicly on the spot before proceeding to the sale.

For more ample information, apply to Mr. Geo. Trudel, City Hall.

By order. H. J. B. CHOUINARD, City Clerk.

Shipping News WAR'S EFFECT ON LOCAL SHIPPING

THE SCARCITY OF TONNAGE CAUSES BIG INCREASE IN FREIGHT RATES.

The war's effect on the shipping industry was probably never before realized to such extent by local business men that it was a day or two ago. The figure asked for a vessel at present in the Louis Basin capable of carrying about 100 standards, was 225 a standard.

When it is considered that before the war the rate was 33s 6d a standard for a vessel of similar tonnage it will readily be seen what a tremendous increase in freight rates the present scarcity of tonnage is causing.

SHIPPING NOTES. The S. S. Cascadia came out from her winter quarters in the Louis Basin yesterday. She will leave early next week for below.

Eleven American freighters, manned by American crews and flying the flag of the recently organized \$10,000,000 Oriental Alliance Steamship Co., are to be placed in the transatlantic service between San Francisco and the Orient. The company will later operate two steamers between New York and San Francisco, through the Panama Canal. The Hoking and Genesee, which recently were seized by the British Admiralty, are two ships of the new fleet. All the steamers will come from Atlantic waters.

Some very profitable trips, says the Bath Daily Times, have been made during the past six months by several of the big five and six masters of the Portland fleet, but all records will probably be broken by the schooner Harwood Palmer, which arrived at New York a week ago after a very successful round trip out from Norfolk to Lisbon and back. The Palmer has just been chartered to load coal (about 1200 tons) from a Virginia port to the River Plate at the Hitherto unheard of rate of \$20 per ton, and will load lined back, securing for the round trip a sum in excess of her cost to her owners when first launched at Waldoboro in 1904.

FREIGHTS AND CHARTERS. New York, April 14.—The tonnage market was extremely quiet, although a moderate general demand prevailed for tonnage for April, May and June loading and rates were fairly well supported in almost every trade. Quotations to Liverpool, London and Glasgow, 30d; cotton to Liverpool, per 100 lbs. \$2.

Charters.—Danish steamer, 1,152 tons, coal, Baltimore to Buenos Ayres private terms, prompt Norwegian steamer, 1,113 tons, general cargo, New York to a French Atlantic port, 1105, net form, May; Danish steamer, 1,400 tons, coal, Baltimore to Banes or Preston, private terms, prompt; schooner, 1,884 tons, coal, Hampton Roads to Para, at or about \$15. April-May.

WILL SOON START LAYING OF BUOYS. Steamers Ready for Operations to Start Next Week.

Montreal, April 14.—The Montreal agency of the Department of Marine reported yesterday that, providing the ice is gone from the river, the regular buoy steamers Dollard and Shamrock, assisted by some tug and dredges of the ship channel dredging fleet, will begin the laying of buoys in the river about the middle or latter part of next week. The Lake St. Louis buoys will be placed as soon as the ice has cleared from the foot of the Cascades Rapids and the Lachine Canal has been opened for navigation. The buoy-laying steamer for the Ottawa River is also ready to begin operations as soon as that river is clear of ice. The buoys will be laid there after the Lake St. Louis buoys.

All yesterday afternoon the channel of the river outside the guard piers was filled by a slowly-moving mass of ice coming down from Lake St. Lawrence Bay.

OCEAN SAILINGS. Transatlantic sailing list compiled by F. S. Stocking, General Steamship Agent, 32 St. Louis street, Quebec.

Table with columns: Date, From, To, Ship Name, Agent.

WILL WE EVER WALK ON AIR?

MR. D. MCLEAN. Orillia, Ont., Nov. 28th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. I tried several medicines, but got no results and my Headaches became more severe. One day I saw your sign which read 'Fruit-a-tives' make you feel like walking on air. This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. Now I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I cannot say too much for 'Fruit-a-tives', and recommend this pleasant fruit medicine to all my friends." DAN MCLEAN.

"FRUIT-A-TIVES" is daily proving its priceless value in relieving cases of Stomach, Liver and Kidney Trouble—General Weakness, and Skin Diseases. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

and there were fears expressed that, if this blocked the current further down by jamming against the ice which still holds back the St. Lawrence, the level of the river would rise again. Since the exceeding high level of 36 feet 2 inches, which it had on Monday above the lower sill of the old lock No. 1 of the Lachine Canal, there has been a steady decline to 32 feet 2 inches at 5 o'clock yesterday afternoon. Just how sensitive the river is to even a temporary blocking of the channel by ice was shown yesterday noon. Within the space of ten minutes the level of the river dropped four inches from 32 feet 9 inches to 32 feet 5 inches, and then jumped up again to 32 feet 7 inches afterwards resuming its slow decline.

Depth of 30-Foot Channel. To find the depth of water in the thirty-foot channel, harbor officials just add 15 feet 5 inches to the depth of water shown by the harbor gauge. Thus, the depth of the water now is 47 feet 7 inches where ocean vessels travel, enough to take the largest vessels afloat. The ordinary summer level of the channel is 32 feet 5 inches, although it got much lower last summer.

The ice from Lake St. Louis is the next heavy lot to come down. The surface ice has already come down, but the heavy ground ice will probably not come for three or four days. Several days rain would do more to start this ice on its journey seaward than anything else. In the numerous shoals and shallow places on this lake the ground ice sometimes gets a thickness of fifteen to seventeen and even more feet, and the bottom is often seen clinging to blocks of ice which come down from Lake St. Louis. This thickness of ice in Lake St. Louis seems small beside 125 feet of solid ice which is the common formation on the Ottawa River at the foot of the Long Sault every winter. Fragile ice, which is ice formed at the bottom of the river in very cold weather, detaches itself and comes down the Long Sault, forming under the surface ice continually until there is a solid wall to the bottom of the river when the current pushes the ice upwards and upwards while new ice forms below. At times there is such a hill of ice that people on one shore cannot see a building standing on the other side. Even at present, in spite of the warm weather, this ice is from 60 to 70 feet thick, and a photograph brought into the city yesterday shows an ice hill in the middle of the river, and a building on a high bank on the other side of the Ottawa only partly showing over it.

SPRING STYLES. High Grade Ready-made Suits and Overcoats for men, boys and youths.

**NEW YORK MARKET.**  
(Canadian Press)  
New York, April 14.—The shadows  
of the European and Mexican situa-  
tions hung over the stock market  
again today, causing further liquida-  
tion and encouraging the trading ele-  
ment to extend its operations for the  
short account. As the session pro-  
gressed, however, sentiment became  
more hopeful and buying orders,  
which appeared to emanate from sub-  
stantial sources effected a very de-  
cided readjustment. In fact, various  
active shares finished with material  
net gains.

The first hours operations of almost  
300,000 shares comprised more than  
the usual variety of issues, but Mex-  
ican Petroleum, United States Steel  
and Crucible Steel led the decline of  
that period. Mexican Petroleum was  
the centre of weakness, making an ex-  
treme loss of 3-1/4 at 99 3-4, but clos-  
ing at 101 5-8. War shares, motors  
and half a score of equipments were  
down 1 to 3 points and United States  
Steel fell to 73 1-4 before it rebounded  
to 83 1-2.

Rails again proved an exception to  
the lowering trend, although New  
York Central, Union Pacific, Erie and  
Norfolk and Western were tempo-  
rarily depressed. New Haven made up  
much of its recent loss on announce-  
ment that the company had arranged its  
maturing notes.

High priced specialties were among  
the few issues to hold back in the  
later dealings, Bethlehem Steel falling  
5 to 469 and General Motors 10 to  
440. Crucible, the locomotives and  
Mercantile Marines sustained the  
market at its steady close. Total  
sales of stocks amounted to 645,000  
shares.

Indifference to the course of foreign  
exchange was again manifested in all  
but international banking circles. The  
Paris check made the new quotation  
of 6.09 before it responded to the buy-  
ing of remittances. Roubles were  
weak, fires yielded some of yester-  
day's gain and marks were strong,  
with little variation to sterling.

Indications of the prevalence of ex-  
traordinary business activity were  
again afforded by the enormous ex-  
changes although these were some-  
what under recent recoveries. The  
annual statement of the Ray Consoli-  
dated Copper Company, supplemented  
recent reports of large earnings by  
similar companies, and the Western  
Union Telegraph Company disclosed a  
net gain of \$1,484,464 for the first  
quarter of the current year.

Bonds made slight concessions in  
speculative issues on light dealings.  
Total sales, par value, \$2,755,000.

**CLOSING MARKET LETTERS.**  
By private wire to Breen & Gourdeau,  
Stock Brokers, 63 St. Peter  
Street, and 6 Sault-au-Matelot  
Phone 185.

Chicago, April 14.—Wheat—On an  
early decline there was important  
short covering which took the surplus  
wheat off the market and resulted in  
a sharp bulge. Around outside prices  
heavy selling by cash interests and  
commission brought a decline of about  
1 1-2 cents to last night's closing fig-  
ures. Crop reports continued to come  
bullish, particularly from the soft win-  
ter wheat states. Some reports also  
were received from Nebraska. Cana-  
dian wheat in Minneapolis is quoted  
between Canadian sellers and millers.  
The Modern Miller's report on crop  
conditions were regarded as decidedly  
bullish except as it applied to Kansas.  
Wheat is cheap considering war con-  
ditions and the crop prospects.

Corn—Sales of corn yesterday were  
well in excess of the quantity reported  
last night, estimates today being ar-  
ound 400,000 bushels. There were fur-  
ther bids here today for corn for ex-  
port at prices higher than those at  
port at which it was worked yesterday. This  
situation, combined with the strength

**MONTREAL CLOSING LETTER.**  
McDougall & Cowans, Stock Brokers,  
116 Mountain Hill. Telephones  
1402-1403. H. S. Thomson, Mgr.

Montreal, April 14th.—Even in the  
face of very weak opening in Wall  
Street our market did not decline and  
started to advance before the turn of  
the American market. All our stocks  
closed about the top and were in good  
demand with very little offering. The  
strength in Dominion Bridge was on  
some very large additional war orders  
they have obtained. Steel of Canada  
was well bought and looks like going  
higher. The strength in our market  
in face of the weakness in Wall Street  
has impressed a great number of peo-  
ple. The news late in the day from  
Wall Street was more reassuring.

**BANK OF ENGLAND.**  
London, April 14.—The Bank of  
England today shipped £50,000 in  
sovereigns to Argentina and £40,000  
to the United States.

**CLOSING LETTER.**  
By private wire to Bruneau & Dupuis,  
Stock Brokers, 11, 13 and 15  
Sault-au-Matelot street. Tel. 1596.

New York, April 14.—The market  
opened weak this morning but show-  
ed no violent declines and after the  
initial lowering of levels, it held  
steady for an hour or two and then  
rallied moderately. Perhaps the  
character of the news from Washing-  
ton was accountable for this, in that  
it was announced that no immediate  
break with Germany would take place.  
We think it was more due however to  
the tenacity with which people hold  
on to their securities and the feeling  
of confidence which the present enor-  
mous earnings naturally creates,  
combined with the fact that today's  
level is not far removed from that of  
a year ago and the vast sums of money

that the country has made in the  
meantime. We think that the latter had  
a good deal to do with today's stead-  
iness, for as we have called to our  
clients attention several times, pre-  
vailing prices can not be considered  
inflated? Quite the contrary.

On the break, considerable cash  
buying was reported and that liquida-  
tion on the whole of a decidedly scat-  
tered nature. The market, take it all  
in all, has done extremely well. Total  
Sales Stocks 630,391; Bonds \$2,817,500.

**OILS, ETC.**

**GREAT BRITAIN'S**  
**GOOD WILL TOWARDS**  
**THE UNITED STATES**

**SETTLEMENT OF PACKER'S**  
**CASE FURTHER EVIDENCE**  
**SAYS SIR ED. GREY.**

London, Apr. 14.—6:45 p.m.—Sir Edward Grey, the British Foreign Secretary, received Messrs. Anderson and Griscomb this afternoon when the American attorneys expressed warm appreciation of the courtesy and spirit of fairness shown by the British officials throughout the long, complicated negotiations. They declared the success in reaching the settlement was largely due to the patience and broad-mindedness of the British negotiators.

Sir Edward Grey replied:—"I hope the people of America will accept the friendly settlement of the packer's case a further evidence of the good-will of Great Britain towards the United States and of the desire of the British government to maintain its spirit of justice and fairness despite all the difficulties and new problems arising from the condition of war."

While the details have not been divulged it is known here that the agreement finally hinged on guarantees that the meat shippers should do no trading in the future with the countries at war with Great Britain and her allies, and that with this settled under a cash bond, little difficulty was expressed in reaching a monetary settlement of the cases of the cargoes which had been sent to the prize court.

Discussing the case with The Associated Press, Lord Robert Cecil, Minister of War Trade, said:

"I am not at liberty to give the details of the agreement, but I can say that guarantees were given that there would be no future trading with the enemy. The representatives of the packers express themselves as pleased with the settlement, which means that all the cases will be withdrawn from the Prize Court, while the Kim appeal will not be proceeded with."

The Prize Court condemned the meat cargo of the Norwegian steamer Kim last September.

**MORE OF MORGAN'S**  
**ART TREASURE SOLD.**

New York, Apr. 15.—Three more collections of art treasures gathered by the late J. P. Morgan have been sold by his son, J. F. Morgan, it was announced today, to a firm of Fifth Avenue dealers for \$4,000,000. The transaction included the Renaissance Brothers, 200 pieces; the Limoges enamels, 150 pieces; and the Italian majolica, 150 pieces.

More than \$150,000,000 already have been realized by sales from the Morgan collection, the bulk of which still is on view at the Metropolitan Museum of Art. It is reported in art circles that the purchasers were not acting as agents, but as speculators.

The collection of Renaissance bronzes is said to be excelled only by the Spalding collection in the Victoria and Albert Museum in London. It too the late Mr. Morgan ten years to complete it. The collections of enamels and majolica are regarded as the finest in the world.

**SPRING REMINDERS**  
**OF RHEUMATISM**

Raw, Damp Weather Starts the Pains, But the Trouble Lies in the Blood.

Spring weather is bad for rheumatic sufferers. The changes from mild to cold, the raw, damp winds start the aches and twinges, or in the more extreme cases, the tortures of the trouble going. But it must be borne in mind that it is not the weather that causes rheumatism. The trouble is rooted in the blood—the changeable weather merely starts the pains. The only way to reach the trouble and to cure it is through the blood. The poisonous rheumatic acids must be driven out. Liniments and rubbing may give temporary relief, but cannot possibly cure the trouble. The sufferer is only wasting time and money with this kind of treatment and all the time the trouble is becoming more deeply rooted—harder to cure. There is just one speedy cure for rheumatism—Dr. Williams' Pink Pills. They act directly on the impure, acid-tainted blood. They purify and strengthen it and thus root out the cause of the rheumatism. Here is strong proof of the above statements. Mr. Michael Personage, Fenlon, Man., says:—"My mother suffered several years with rheumatism. We tried a number of remedies but they all failed to cure. Then we got Dr. Williams' Pink Pills, and after using them for some time she was completely cured and has had no sign of the trouble since."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**FRENCH STATEMENT.**

Paris, April 14, 10.40 p.m.—The War Office communication issued this evening says:

"In the Argonne our batteries have been active in the region of St. Hubert, where German works were damaged. Our batteries have been active also against roads used by the enemy in the region of Montfaucon and Malancourt."

"To the west of the Meuse during the day the artillery of both sides has been active in the region of Le Mort Homme."

"To the east of the Meuse our second line have been bombarded."

"To the west of Pont-A-Mousson we scattered convoys on the road from Essey to Nonsard."

"There is nothing of importance to report from the rest of the front."

**Belgian communication:**

"The day has been quiet in general along the Belgian front, except to the south of Dixmude where some artillery actions have taken place. Our batteries caused a German depot of ammunition to explode."

**ITALIAN STATEMENT.**

Rome, via London, April 14, 10.28 p.m.—The following official communication was issued today:

"In the Adamello zone, while a great storm was raging, our dauntless detachments Tuesday attacked enemy positions on the steep crest of Lobbia Alta, which rises 3,300 metres among the glaciers. By evening of the 12th (Wednesday) the positions were completely captured by assault and immediately consolidated by our troops. We captured one officer and thirty men and one machine gun."

"There has been the customary artillery activity in Trentino, Carnia and the upper Fella region. In the Plezzo Basin Wednesday night the enemy renewed his attack against our Ravnitz positions, but was again repulsed."

"On Mrzli and Monte Nero enemy attacks commenced yesterday morning and continued throughout the day with fluctuating fortunes. In the evening our troops, by a last vigorous assault and effective artillery fire, definitely expelled the enemy from contested trenches."

"Calm prevails on the heights north-west of Gorizia and on the Carso front."

**RUSSIAN STATEMENT.**

Petrograd, via London, April 14, 11.25 p.m.—The official communication issued today by the War Office says:

"In the region of the Ikskull bridgehead there has been an artillery duel."

"Wednesday evening the Germans resumed the offensive in the sector between Lakes Sventen and Ilsen, but were repulsed. After further artillery preparation the Germans resumed the offensive, but again were repulsed by our fire, leaving in front of our trenches a great number of men killed or wounded."

"The enemy artillery has manifested considerable activity in the region of Lake Miazol and further north of Smorgon."

"In Galicia, in the region of Trzibouchovtze, south-east of Bouchache, we repulsed an enemy attack. In the Stripa region our detachments seized a height called the Tomb of Popoff and trenches southward. Two enemy counter-attacks in an effort to regain the lost sector were repulsed with serious enemy losses. According to reports received thus far, we took in the course of this fighting five officers and over 100 men."

"Near Khotin on the morning of the 12th, an enemy aeroplane from the direction of Boyan was attacked by our aircraft and compelled to retreat. Meanwhile another enemy aeroplane succeeded in reaching Ivants, on the Dniester opposite Khotin, and threw bombs, the explosions of which wounded Sentinel Anatole Postavneff. Hearing of this the Emperor, who was reviewing the troops at Ivants, ordered Postavneff decorated with the fourth class Order of St. George."

"Caucasus Front: Fighting continues west of Erzerum. Turkish attacks against the centre of the Caucasus army, which lasted six days, were all repulsed. The enemy sustained heavy losses and everywhere is falling back in disorder, energetically pursued by our troops."
