## Yugoslavia Animated By Spirit of Kosovo Fight Declares Dr. S. Gavrilovic

### Eminent Scholar Speaks To Westmount Rotary

#### Consular Representative of Allied Nation Gives Fine Address

In the mediaeval ages, the ruling class and the people fought the memorable battle of Kosovo, against the vastly superior enemy forces demanding passage on their invasion march from the East to the West, said Dr. S. Gavrilovic, Counsellor to the Yugoslavian Legation at Ottawa, in an address in faultless English, titled: "The Spirit of Kosovo," to the Westmount Rotary Club at its meeting in Victoria Hall yesterday, where Dr. Gavrilovic interpreted with the skill of an artist the spirit of his people to the large and appreciative audience.

Dr. Gavrilovic said, they all perished in this famous battle, refusing to give in to the enemy. The spirit of Kosovo has ever been identified with the spirit of freedom and independence in our country and has always been the guiding force in the many life and death decisions which our people have been called upon to take in their almost unceasing struggle against all sorts of foreign invaders. It was passed as a sacred patrimony from one generation to another, and during all these long centuries, it has constantly been honored, until, the day of the signature of the Tripartite Pact, added Dr. Gavrilovic. The Club got away to an auspicious start at its first meeting of the New Year yesterday with Dr. Gavrilovic, an eminent scholar and writer with a world reputation, as the special guest speaker.

Dr. Gavrilovic said his peoples' difficulties arose with their Government. In the opening stages of the development of the present conflict, this Government in Yugoslavia followed a policy of friendship with Germany and Italy. It established a close contact with Rome and Berlin and made the maintenance of these ties with the two Fascist States the cardinal point of its foreign policy. There were constant comings and goings between the Yugoslav ruling quarters and the German and Italian Governments, in those days. There were all sorts of arrangements and understandings, between them, Yugoslavia was bound to remain neutral in the war which was obviously coming.

But this neutrality turned out to be only a screen behind which something quite different was going on. It soon developed into an economic and political relationship. In the course of which this backward Government had gradually adapted its entire course to that of Germany and Italy. In so doing, it resorted to all sorts of measures which from day to day brought it nearer to collaboration with our enemies and which at the same time led their country away from its allies and friends.

Dr. Gavrilovic said the masses of the people were violently opposed to this Government. They had many and good reasons to be so. One of them was the policy of friendship with the Fascist Powers which it was pursuing, contrary to the general feelings prevailing in the country. The breach between the Government and the people was getting further and wider, with every further approach by the ruling circles to the two Axis States. The straggle parliamentary and liberal leanings of the peasant and other similar classes, representing nine-

## Rotarians Give \$4,000 Donation To 2 Hospitals

### Julius Richardson and Crippled Children's Institutions Are Beneficiaries

The gift of four thousand dollars, divided equally between the Julius Richardson Convalescent Hospital, Chateaugay, and the Montreal Children's Hospital, by the Westmount Rotary Club at its last meeting of the old year, December 30, in Victoria Hall, highlighted a banner year's work made up in large measure of innumerable Good Samaritan acts.

F. C. Whitaker, president of the Club and chairman of the meeting, presented respectively two cheques for two thousand dollars each to G. B. Foster, K.C., president of the Montreal Children's Hospital, and John Anderson, president of the Julius Richardson Convalescent Hospital, Chateaugay.

President Whitaker in making the presentation extolled the work of these two institutions in which Rotarians take an abiding interest because of the excellence of the social service they render to the community.

Mr. Foster, in acknowledging the gift, paid a warm tribute to Rotary and the Rotarians for their exemplary fine public service record. The meeting closed fittingly enough with a brilliant and inspiring address, titled "Courage," by the Rev. George W. Goth, minister of the Westmount Park United Church. Mr. Goth proved himself an outstanding after-dinner speaker with a power of forceful, fluent speech at his command in this his first public address before a service club in this city.

Mr. Goth, who was introduced by the Rev. R. Gordon Burgoyne, said that when Sir James Barrie was elected Rector of St. Andrew's University he opened a most memorable address with the words: "I cannot provide you with that staff for your journey; but perhaps I can tell you a little about it, how to use it and lose it and find it again, and cling to it more than ever."

"You shall cut it — so it is ordained — everyone of you for himself, and its name is Courage. You must excuse me if I talk a good deal about Courage to you tonight. There is nothing else much worth speaking about to undergraduates or graduates or white-haired men and women. It is the lonely virtue — the rib of himself that God sent down to His children."

Mr. Goth said that he would not pretend to speak with the same gracious wisdom on this noble theme as Sir James Barrie. He said the word courage was found to recur again and again in both the Old and the New Testaments.

Mr. Goth was extended a unanimous vote of thanks on a motion by E. A. T. "Ted" Harrison.

The soloist of the day was P. J. McAndrews, who was also the leader of the piano singing, and the piano accompanist was S. B. Cuthbert.

The visiting guests were Dr. E. W. Enright, John Racey, C. E. La Tuque, and George Whitaker, of West Hill High School.

### Maj. Scott Leaves Cadet Committee

On December 28th in the board room of the Morgan Trust Co., kindly placed at disposal for the occasion by Mr. Theodore G. Morgan, a presentation to Major Hugh M. Scott, M.C., took place. Major Scott who has retired as chairman of the Westmount Air Cadet Committee due to ill health was presented with a handsome silver cigarette box, suitably engraved, from the members of the committee.

On making the presentation Major Merrill spoke of the early endeavour of Major Scott and others in inaugurating the Air Cadet movement which culminated in the formation of No. 1 Westmount Squadron and which in turn gave leadership to the Air Cadet League throughout Canada.

In replying Major Scott expressed his appreciation of the gift and thanked all members for their loyal support. He expressed satisfaction with the squadron and felt sure that the cadets would be rewarded for their efforts either by going into the service or by their improving their citizenship in serving for the common good in a national effort.

Other speakers included Squadron Leader H. P. Hilsley and Flight Lieut. R. B. Hall, officer-commanding and adjutant of the squadron. They spoke of Major Scott's great assistance to them at all times both during organization and training periods, and thanked him and members of the committee for all they had done in making possible the efficiency of the unit.

Among those present were Major Walter A. Merrill, K.C., Major P. L. Hall, D.S.O., M.C., Theodore G. Morgan and W. F. Close.

## Salvage Committee To Start The New Year Off With A Special Drive

### One of the Most Urgent Items of Salvage is Fat

A special salvage drive will be held throughout the city for one week commencing January 11th, to 16th inclusive. All citizens are asked to give their full support.

Now that the festivities are over it has been decided by the salvage committee to start the new year off with a general salvage drive for one week. One of the most urgent items of salvage is fat, and we have been asked by the Supervisor of National Salvage to make a special effort to collect all possible. Scrap iron and steel are still needed in large quantities. Under that heading are such articles as: old gas stoves, pieces of iron fence and gates, old radiators, boilers, sewing machines, lawn mowers and rollers, sections of a furnace, bed springs and washing machines. We are now in a position to collect newspapers and large carton boxes. Citizens are asked to tie all newspapers in bundles or pack them tightly in carton boxes before putting them out for salvage. Other items of great importance to the war effort are: Bottles, rags, bones, carpets, mattresses, batteries, and phonograph records; also metals of all kinds.

Make a new year's resolution to put out a box or bundle of salvage each garbage collection day, which is also your salvage day. If, however, you have a very large quantity of salvage items you may call FI. 8521 and arrangements will be made to have it picked up.

The following is a list of approximate total quantities of salvage collected and disposed of during 1942:

Scrap iron and steel, 55.19 tons; wastepaper, 410.73 tons; bottles, 124.75 tons; rags, 25.90 tons; fats and bones, 11.4 tons; aluminum, 0.55 tons; copper, 0.45 tons; brass, 1.60 tons; zinc, 0.50 tons; lead, 0.89 tons; rubber, 7.5 tons; bottle caps, 0.64 tons; metal foil, 0.84 tons.

We also collected 7,950 coat hangers, 37 bed springs, 78 ballers; during the year we gave 6,130 pounds of various magazines to all branches of the war services.

## Westmount Is Entitled To Free Water Supply

### City is Upheld by The Appeal Court

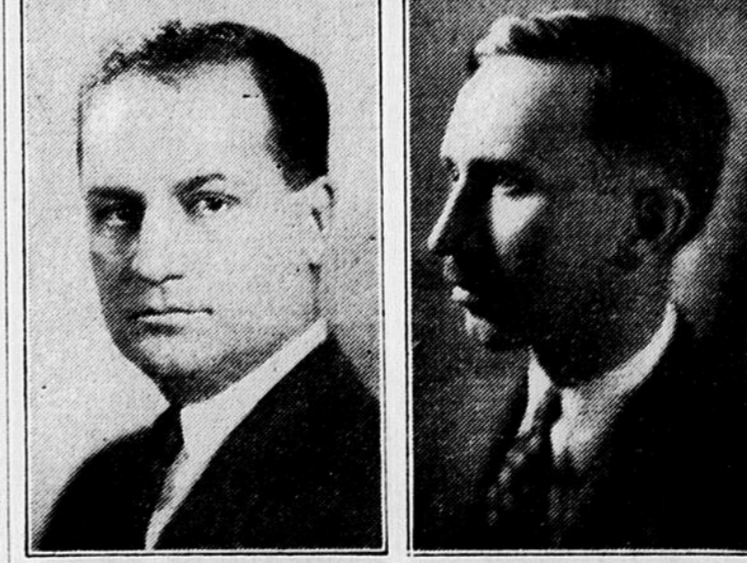

Westmount's right to receive from Montreal a free supply of water for its parks and playgrounds, as well as its municipal buildings was maintained by a majority judgment of the Court of Appeal which was rendered December 29.

By this Appeal Court judgment Westmount's appeal was maintained and the higher court reversed a Superior Court judgment (Greenfields, C. J.) which held that Westmount was liable to pay Montreal for the service in question a rate of \$1.15 per thousand cubic feet of water.

Appellant contended that Westmount was exempt from the obligation in virtue of tariff changes made by Montreal in its own by-laws and in virtue, moreover, of conditions springing from franchise rights dating back to the time when Westmount was supplied with water by the Montreal Water and Power Company, whose properties and services were expropriated by Montreal in 1928.

Montreal submitted that nothing in the statutes or in the franchise contract, or in the local by-law relevant to the question, could be interpreted as providing (See WESTMOUNT on Page 3)

WESTMOUNT, THURSDAY, JANUARY 7, 1943

## GET YOUR COPY IN EARLY!

THIS IS THE TIME OF YEAR when most people make resolutions—make up their minds to do better in general, get rid of a few bad habits during the year just beginning—turn over a new leaf, as they say. If we may be so bold as to suggest it, some of our contributors could help us a lot this year by making a firm resolution to get their copy in early. Also, they will help themselves by doing so.

So, folks, get your copy in early—Tuesday at the very latest. Only a very limited amount of copy can be handled on Wednesday mornings, and any kind of last-minute rush just before we go to press simply can't be coped with and many contributors who wait until the last minute are going to be disappointed. No items whatever can be taken over the phone on Wednesday unless they are of unusual interest to the entire district.

We should like to oblige everyone, and shall

do our utmost to handle all copy submitted; but we ask our readers and contributors to co-operate with us along the lines suggested above in both their and our interests. Wartime exigencies have placed added burdens upon both our editorial and mechanical staffs, making it impossible to handle much last-minute work. In asking your co-operation, we know we can count on it.

## ASKING FOR IT

BEFORE THE CHRISTMAS holiday season, the government appealed to the public to cut down travel as much as possible and to eliminate entirely all unnecessary journeys. It was pointed out that thousands of men in the armed services would be using the railroads and that they would be taxed to the limit. What was the response?—the heaviest holiday travel by civilians in years. This is not the type of co-operation the railways, who are doing an excellent war job, have a right to expect. Thousands of people are making more money than ever before and, though it is well earned, it should not be spent on peacetime holidaying frivolities. When the trains have to leave hundreds of people at the stations for want of equipment to carry them, they are facing a problem they should not have to face in war time. These people who will not respond to a reasonable appeal to economize on travel are asking for rationing—rationing of travel. Just as the butter hoarders, the tea and coffee hoarders, hastened the day of rationing, so these holiday makers are hastening the day of travel permits, making it hard for those who have legitimate, though perhaps not essential, reason for using our transportation systems.

## STOP ME If—

### Not Alone

A sailor, whose courage at sea was the talk of every ship he sailed in, admitted a terror of air raids. So, when he was granted shore leave, his mates were not surprised when, unashamed, he tucked his hammock under his arm and announced that he intended to swing it for the night in the deepest shelter he could find.

Having selected his shelter, he was astonished to find it unoccupied. He slung his hammock and went to sleep. Next morning, vacating the shelter, he was greeted by an astonished policeman: "Is there anybody else down there?"

"No," the sailor replied, "I was quite alone."  
"Not quite," said the bobby, "there's a delayed-action bomb down there, too. I've been here all night, waiting for it to go off."  
—London Calling.

### How Much?

"Mrs. Williams always asks the price of anything new that I happen to be wearing," said Mrs. Brown, "rather a check, don't you think?"  
"Decidedly," replied Mrs. Black. "What has she been trying to find out recently?"  
"She wanted to know how much I paid for this dress."  
"What an inquisitive creature she must be. How much did you tell her?"

### In Other Words, "No"

It is supposed to have happened in an Oslo hotel. A girl sitting in the lounge was approached by a Nazi officer who asked her to dance. She refused, and shortly afterward he returned and in a belligerent manner asked:  
"Is it because I am a German?"  
"Not at all," said the girl, smiling very sweetly, "it is merely because I am a Norwegian."

### Famous Questions

Here's our first and perhaps only story about pre-Christmas confusion in the great big stores. A man we know called one of the very biggest ones and told the operator he needed some information about phonograph records. She connected him first with the store's archives, or records office, which told him, rather huffily, that he wanted the record department. The operator, who had apparently been listening in, said, "I'm sorry sir. Which kind of records was you interested in—musical or classical?"

Truth may be blamed but shall not be shamed.

## THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

### In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

After 30 years of building the Baha'i Temple at Wilmette, Illinois, near Chicago, now stands a living symbol of the solidarity of the human race, fully arrayed in a shining mantle of exquisitely hand-chiselled ornamentation wrought of quartz and concrete.

The architect of this unique Temple was the late Louis Bourgeois who was born in the Province of Quebec. He constructed a large model of the Temple with detailed carvings and in a world-wide competition of architects won a unanimous award. At an exhibit in New York in 1919 some of the world's greatest artists voiced their praises. Among these, George Gray Barnard, the most widely known American sculptor, declared the Baha'i Temple model to be the "most beautiful design" he had ever seen.

There will be in future nine avenues of approach along nine gardens leading to each of the nine equally beautiful doors. The symbolism of this "nine" is of nine great religions whose followers still exist. Useful architectural buildings to be built surrounding the Temple include a University, a hospice for travellers, an orphanage, a hospital and a home for the aged. Thus the essentials of worship and service, both so vital to the generation of the world are provided.

This Temple proclaims the actual union of people of all religions, nations and races in a great world-brotherhood, for this has been the achievement of its world-wide community.

This universal faith has been extended to all parts of the world in the course of a century which comes to a close in May 1944. This has been achieved solely through the aid of voluntary workers. The Founder was Baha'u'llah, or in English, "The Glory of God." He was born in Iran in 1817. Among his teachings are instructions to governments regarding the development of a world-wide federal system.

At the time when the model of this Temple was exhibited in New York, Sherwin Cody wrote in the New York Times: "Americans will have to pause and study it long enough to find that an artist has wrought into this building the conception of a religious League of Nations."

Over 800 Baha'i Assemblies have been established in 68 countries throughout the world and among these are the Local Assemblies in Montreal, St. Lambert, Halifax, Moncton, Toronto, Hamilton, Winnipeg and Vancouver and in numerous other cities groups have been formed. The National Spiritual Assembly of the United States and Canada meets regularly in their National Office near the Temple.

Geographically, Tunisia consists of a relatively narrow strip of country bounded on the west by Algeria, on the north and east by the Mediterranean, and on the south-east and south by Italy's colony, Tripolitania. The total area is something under 49,000 square miles, inhabited by a population of 2,608,000.

According to the 1938 census some 92 per cent of the population at that time was made up of Moslems and native Jews. Of the remaining 8 per cent, about half were French (108,068), and the rest were Italians (84,289) and other European nationalities. Of the Italian portion of the population, the French estimated before the war that less than 20 per cent were pro-Fascist, despite powerful propaganda efforts on the part of Italy. The Fascist element was said to be confined almost entirely to the relatively small numbers of Italian business and professional men, whereas among the small peasants and laborers, by far the greatest part of the Italian population in Tunisia, there was said to exist a fairly strong anti-Fascist element.

At least 50,000 Canadians are absent from their work every day through avoidable illness, with a

## Boys' Brigade Was Very Active During Holidays

The First Company have been meeting on Tuesdays during the holidays, preparing for the father and son banquet which has now definitely been set for the 29th of January. Lance Corporal Robert Eastwood, leader of the 4th squad, has been the medal winner for the second time this session, having had the highest score for December, by a very narrow margin of three points over the second squad. The Second squad have shown remarkable progress this past month, having made an all time high record.

The Model Railway Club has been most active, the holidays giving more opportunity to put in more time on completing the present

set-up. The recent addition of new equipment has added much to the already fascinating hobby. District clubs have been formed in the homes of Lance-Corporals Geoffrey Camp and Robert Eastwood, which are, in every respect worthy of much praise.

Boys of the Company acted as ushers at the New Year's Rally in Knox Crescent Church, and turned out in goodly numbers on this occasion. The colour party was also handled by boys of the Company.

The Company welcome Mr. King back this week after a brief absence, due to night work. He will put in additional time over perfecting the band for the coming competition in March. This year the 1st Company is going "all-out" for the battalion mace, now held by the 10th.

But it's what I'd like to be... For lovely May Ling Soong was once a little girl like me!

This rhyme has been forwarded to Madame Chiang Kai-Shek by a lady now resident in town who previously lived for ten years in China and was an intimate friend of the First Lady of China.

MY WISH  
I'm just a little Chinese girl  
As you may clearly see,  
But I know well when I grow up  
Just what I'd like to be.

Our lovely Madame Chiang Kai-Shek  
Has shown us all the way  
To work and think and plan to  
make  
A better world some day.

She is so beautiful and brave;  
Her spirit is so true...  
She works so hard the lives to  
save  
Of our soldiers and sailors too.

It is a lot to ask, I know,

NEWS OF THE THEATRE WORLD

AT WESTMOUNT THEATRE

Jeanette MacDonald, the screen's first lady of song, deserts the hoop-skirts and crinoline and goes completely modern in M-G-M's topical, farcical, adventure musical, "Cairo," which opened yesterday at the Westmount United Theatre and will be playing until Saturday night.

The tuneful, romantic drama, which has Egypt for a background is a satire on Hollywood spy stories. All the clichés of this type of drama are lampooned.

Robert Young is teamed with Miss MacDonald for the first time in "Cairo." The picture is also enlivened musically by the presence of Ethel Waters, famed "blues" singer, who plays a featured role.

The story is simple and expertly told under the deft handling of W. S. Van Dyke II, who has directed many of Miss MacDonald's hit musicals in the past. It concerns a famous American movie star, played by Miss MacDonald, who is stranded in the Egyptian metropolis. Young, in the role of a naive, small-town newspaper reporter, is sent to cover the war in Europe and

turns up in Cairo. He discovers Miss MacDonald and is led to believe she is the head of a spy ring. And she, puzzled by his antics, thinks he's an espionage agent. When Young obtains a job as her butler, the situation is ripe for comedy and the stars make the most of it. They finally learn the truth about each other and assist in capturing the real spy gang.

But it is in the music department that "Cairo" really pleases. Miss MacDonald, who never looked lovelier, sings two intriguing numbers, "The Waltz is Over" and the title song, "Cairo." The latter melody is heard in a production spectacle when the star entertains at a native fiesta in the desert. Miss Waters sings "Buds Won't Bud" and "A Woman Without a Man"—both definite contenders for hit honors.

Miss MacDonald and Young fit their roles perfectly and turn in smooth, spirited performances. Reginald Owen heads a supporting cast which includes Edward Cinnelli, Mona Barrie, Lionel Atwill, Grant Mitchell, Larry Nunn and Dooley Wilson.

At The Monkland

There is something new in the way of cinema musicals and, just to prove it, 20th Century-Fox yesterday brought to the screen of the Monkland United Theatre a delightful entertainment dish that has, besides the nation's number one orchestra and a superlative cast, a sparkling story and tunes that set your toes a-dancing.

"Orchestra Wives" is the new arrival and it is particularly welcome because of the joyous presence of Glenn Miller and his celebrated orchestra, George Montgomery, Ann Rutherford and a galaxy of gay featured players, including Lynn Bari, Cesar Romero, Carole Landis, Virginia Gilmore and Mary Beth Hughes, not to mention the Nicholas Brothers, one of the most arresting dance teams in the country.

The story is as enjoyable as its tunes and, yes, different, too. Musical comedies had become a sort of Mr. Anthony, dealing almost exclusively with the tribulations of struggling ingenues and backstage heartbreak. But "Orchestra Wives" is way off this beaten path. Indeed, it beats a new path for itself. It gives an intimate wife's-eye-view of the boys who play the nation's love songs—to everyone but their wives.

AT THE WESTMOUNT SUNDAY!

Let's see him get out of this one! Don Ameche appears to be hopelessly cornered in this gay gang-up from "Girl Trouble," yet it's odds-on that Dapper Don makes a getaway, assuming, of course, that he wants to get away. The ladies putting the squeeze on are lovely. They are, too, Joan Bennett (left), Billie Burke (center) and Helene Reynolds. The film opens at the Westmount United Theatre on Sunday playing until Tuesday night.

At York Theatre

Moviegoers were given a barrel full of laughs last night at the York United Theatre, where 20th Century-Fox's new romantic comedy, "Girl Trouble," starring Joan Bennett and Don Ameche, made a jocular attempt to uncover a cinema solution to the very unocular rubber shortage.

The film's theme is based on the tribulations that beset a young South American rubber magnate (our own Don Ameche) when he tries to get a two million dollar contract from the American "Rubber Tire King," employing the aid of a Park Avenue citizen, beautiful Joan Bennett. Joan, of course, is motivated by love, so much so that she takes a job as Ameche's maid.

The antics of the featured players, headed by such popular favorites as Billie Burke, Frank Craven and Alan Dinehart, add materially in making "Girl Trouble" one of the merriest romances of the current season. Miss Burke as a fluttery dowager is at her hilarious best and auto tire magnate, Frank Craven, is responsible for many laughs on his own. Alan Dinehart, seen these last few years on the New York stage rather than on the screen, plays Miss Bennett's property-minded attorney with amusing sobriety.

The picture, on a most timely subject—rubber!—is a welcome

of thousands of hostages was split all over the invaded country. The supreme tragedy of these innocent victims has stirred the conscience of the whole civilized world and has once more aroused the unanimous feeling of indignation against the perpetrators of these shocking and unspeakable crimes, added Dr. Gavrilovic.

P. G. Delgado, who introduced Dr. Gavrilovic, paid a tribute to him as scholar and patriot. The vote of thanks to the speaker was moved by John H. Colton.

F. C. Whitaker, president of the Club, in introducing the members of the galaxy of diplomats, consul generals and consuls at the head table, referred to the unavoidable absence from the table decorations of the French tricolor with the cross of Lorraine, and expressed the hope that in the near future the tricolor of France would take its place among the honored flags of the world.

With President Whitaker at the head table were Dr. Gavrilovic, G. Luden, consul general for the Netherlands; P. Cabric, consul general of Yugoslavia; Captain de Bellaigue, representing the Fighting French; J. De Couleeneer, consul chancellor of Belgium; Leon Schaus, secretary-general of the Grand Duchy of Luxembourg; J. Gardavsky, consul general of Czechoslovakia; T. Brzezinski, consul of Poland; Hon. N. G. Tseretis, consul general of Greece; and K. Lykke, vice-consul and secretary to the Norwegian Legation. The visiting Rotarians were C. M. Hodgson and R. H. Smith of Amherst, N.S.

The Rotary guests were J. I. Hodgson, H. E. Kidd, J. Ryan, W. R. Gardiner and Dr. C. Sutton.

Dr. Gavrilovic said that Yugoslavia is occupied and dismembered. The country is cut up into pieces. The people are exposed to an unexampled terror. The reports which were reaching the outside world presented a dreadful picture of beatings, murders, shootings, hangings and every other form of violence which the masses of the people, and especially the Serbian people, were going through under this barbarous enemy. Hundreds of thousands of them, both young and old, male and female, were driven away from their homes to completely unknown destinations. The blood

from the inhabitants of Montreal—and to their disadvantage. "I am of opinion that the question submitted should be answered in the negative, the result being that the appeal is maintained with costs, the judgment of the Superior Court is set aside and Montreal is condemned to pay over to Westmount the sum of \$7,059 now on deposit and which Montreal retained until this question was decided."

Justices Bissonnette and Prevost concurred; and Justices St. Germain and Errol McDougall dissented.

J. W. Weldon, K.C., appeared for the appellant city of Westmount.

## As Nutrition Campaign Begins Canadians Ask Many Questions

The beginning of the New Year sees the start of Canada's National Nutrition Campaign in which widespread interest is already in evidence. Nutrition Services at Ottawa receive many letters from housewives asking questions pertaining to Nutrition. Some of those most frequently asked are answered here.

**Q—What is the best way to cook vegetables?**  
A.—The best way to cook vegetables in order to retain as much as possible of their vitamins and minerals is to steam them or to cook in a covered saucepan in a small amount of boiling water until just tender. Any liquid remaining after vegetables are cooked should be saved and utilized.

**Q—Is milk fattening?**  
A.—Milk is a food and should be regarded as such. If milk is added to a diet already sufficiently high in calories increase in weight will result. Everyone needs milk and this most important food should be included in the daily meal plan, not added

as an extra.  
**Q—Do acid foods such as tomatoes, oranges and lemons cause acidosis?**

A.—No. When acid fruits are assimilated by the body they have an alkaline reaction. It is most unwise for anyone to omit these foods from their diet except on the advice of a physician, for they are an important source of vitamin C.

**Q—Is it alright to combine milk and fruit; milk and meat or fish at the same meal?**

A.—Yes. There is no scientific basis for the idea that certain foods, wholesome in themselves, are harmful when taken together.

**Q—Is cheese a suitable food for children?**

A.—Yes. Cheese is readily digestible even by young children, but more readily so if diluted with other foods as in a cream sauce, casserole dish or soup. High cooking temperatures should be avoided as that toughens the cheese and makes it less digestible.

## Physical Fitness Through Exercise And Diet

This is another in a series of health articles by F. M. McFarlane, Physical Director at the Westmount Y.M.C.A.

The topic for this article although not directly connected with the topic heading, deserves a place in any health series. The question to be answered is, "Why is Self-medication Unsafe?" The material for the article was taken from "Twelve Hours of Hygiene" by F. L. Meredith, B.Sc., M.D.

Drugs have great value when prescribed by physicians, who know (a) the properties of the drugs they prescribe, and also (b) the status of the individual for whom it is prescribed. They give medicine to produce a predictable effect; a non-medical person takes a drug or gives it to another in the faith that the effect will be good and not bad. It may be stated as an absolute rule that if a person is ill enough to need medicine, he is ill enough to need a physician.

As an example of the danger of self-medication, it may be mentioned that even a "simple" cathartic, if given to an individual who has an acute appendicitis as the unsuspected cause of his "stomach ache," might stir up peristalsis to such an extent as to rupture the diseased appendix. Similarly, a medicine to relieve pain may cause one to be falsely comfortable while the cause of the pain progresses, as, for example, while an ear abscess is extending to the mastoid cells. If the pain had not been relieved, the progress of the ailment would probably have been noted and checked before serious harm was done. Also, the use of stimulants that cause one to feel braced up, may cause one to overdo without realizing it. Like whips, stimulants are not for regular use. Even for occasional use, stimulants are unsafe except when medically prescribed.

Certain definite rules should be followed regarding the taking of medicines, most of which are potentially poisonous. (1) Do not take any medicine except that prescribed for one's self by one's physician. (2) Take such medi-

cine only according to directions. (3) Do not repeat the prescription unless told by one's physician to do so; "enough is enough." (4) Do not have the prescription filled later for another illness, except with the physician's approval (even though the symptoms seem the same, the second illness may need quite different treatment). (5) Do not take left-over medicine, but discard everything of the sort as soon as the immediate need for it is over, for medicine may take on poisonous properties as it deteriorates with age. (6) Shake liquid medicine before taking it; to have this habit safeguards one against forgetting to do so, and being poisoned thereby, in the case of medicines that separate while standing.

In regard to the first rule, it may be said that the custom of taking medicine prescribed for somebody else is a pernicious one. Many people will take anything that anybody says is "good for what ails them." People differ and ailments differ; what is one man's medicine is another man's poison. As has already been mentioned, this custom of taking anything that is offered is the one upon which narcotic bootleggers base their success.

# STARS WITHDRAWAL FROM W.M.H. LEAGUE MAKES THE DRAWING OF A NEW SCHEDULE NECESSARY

### Most of the Players on the Stars Were in the Navy and Found They Would Not be in Montreal

The last minute withdrawal of the Stars from the juvenile section of the Westmount Municipal Hockey League has made necessary the drawing up of a new schedule. The three teams left in the loop are the Golden Eagles, Gunners and Staynor Maple Leafs.

Most of the players on the Stars were in the Navy and as they found out they would not be in Montreal the whole of the season to play out their schedule, they dropped out before the league play got underway rather than cause more confusion by being forced to drop out in the middle of the schedule.

The teams will play their games on the same evenings, Mondays and Wednesdays, but the season will last a little later, ending on February 10th. After the playoffs have been finished the winning team will be able to jump into the island playdowns in top-notch form as there should be no lay-off between the two series.

The storm which the city experienced last week caused a wholesale cancellation of outdoor hockey throughout the island and the various sections of the Westmount Municipal Hockey League were no exceptions to this fate. Just when the rinks will be suitable for league play is unknown at the present time but it is presumed that the juvenile section will be able to start no later than this Monday evening. This late start means that two postponed games will have to be picked up

during the season but this should not be too hard to accomplish. The new schedule including games slated for last night and Monday is as follows:

Mon., Jan. 4-9.00 p.m., Maple Leafs vs. Golden Eagles; Wed., Jan. 6, 9.00 p.m., Gunners at Maple Leafs; Mon., Jan. 11, 9.30 p.m., Golden Eagles at Gunners; Wed., Jan. 13, 9.00 p.m., Golden Eagles at Maple Leafs; Mon., Jan. 18, 9.30 p.m., Maple Leafs at Gunners; Wed., Jan. 20, 9.30 p.m., Gunners at Golden Eagles; Mon., Jan. 25, 9.00 p.m., Maple Leafs at Golden Eagles; Wed., Jan. 27, 8.00 p.m., Gunners at Maple Leafs; Mon., Feb. 1, 9.00 p.m., Golden Eagles at Gunners; Wed., Feb. 3, 9.00 p.m., Golden Eagles at Maple Leafs; Mon., Feb. 8, 8.30 p.m., Maple Leafs at Gunners; Wed., Feb. 10, 8.30 p.m., Gunners at Golden Eagles.

The Maple Leafs will play all their home games at the Staynor rink while the Gunners and Golden Eagles use the East rink.

## BUS PRESENTED TO ARMY BY BREWERY

A noteworthy contribution to the welfare of our Armed Forces was made today when Dawes Black Horse Brewery, of the National Breweries Limited, Montreal, presented a 33 passenger bus to the Auxiliary Services of Military District No. 4.

The presentation was made by Mr. Norman J. Dawes, president and managing director of the company and the bus was accepted by Brig.-Gen. E. de B. Panet, C.M.G., D.S.O., district officer commanding, Military District No. 4, Montreal.

In presenting the bus, Mr.

Dawes said that the company is fully aware of the splendid work which the various entertainers are doing to maintain the spirit and morale of the men of the forces and it was, therefore, decided that such a bus would provide a means of transportation which would permit the entertainers to travel from camp to camp with a minimum of personal inconvenience.

In accepting, Brigadier Panet said: "The splendid theatrical entertainments which are given on a purely voluntary basis have been seriously handicapped because of lack of transportation facilities. The soldiers have to be entertained and the concert parties have to be driven to their destinations and back, also their stage equipment moved." He concluded: "Mr. Dawes, you and your fellow-directors have shown that you understand and sympathize with the necessity of keeping up the morale of our Armed Forces. You and yours are contributing to this cause in no unimportant degree. On behalf of the soldiers of my district and the theatrical volunteers operating therein, I have pleasure in accepting this bus and I thank you most heartily."

## Y's Chats

With a fine two week Christmas program over, the winter program is getting into full swing. As soon as the Westmount hockey rinks are open the hockey leagues will start, in the meantime, a full program is being carried on at the "Y". All members receive each week a program outlining the following week's program. The Preps and Juniors publish a newspaper each week under the editorship of Cameron McFadden which contains news items of the "goings on" at the "Y". The special feature this week is an educational trip to the Wonder Bakeries. The boys will meet at the "Y" at seven and will go in a group.

Swimming Club  
The swimming club is now preparing the swimming meet that is taking place at N.D.G. Community Hall about the middle of this month. A strong junior team is anticipated.

Crafts  
Each Wednesday afternoon, Sam Russell is in the craftshop to help you in your special handicraft. The "Y" craftshop is well equipped for all kinds of wood work and leather work. This period is open to all members of the "Y," and at present, many of the members are taking advantage of this class.

Junior Leaders  
Ron George, Cam McFadden, Jack O'Connor, Peter Swift, and Dave Binmore are the leaders of the junior section. These boys do much of the program planning for their section. They meet each week and plan the following week's program. On educational trips these boys take over the leadership of the groups and conduct them through the various places we visit. They assist in the gym classes and in all programs around the "Y".

Last Thursday afternoon saw one of the finest basketball games seen at the Westmount "Y," when Westmount and N.D.G. intermediates met in an exhibition game at the local "Y". The final result was 37-27 for N.D.G. It was the kind of a game that only these groups can play. From the start it was a clean hard fighting game. The N.D.G. lads played a fine game, and came out on top after putting down an equally hard fighting team of Westmount boys. The game was fast and the playing hard, with Frost of N.D.G. top scorer with 18 points to his credit, and Jim Van Ryswyk as top scorer for Westmount with 10 points.

Leggatt with 12 points and Brown with 8 were the scorers for N.D.G., and Morrow tallied 6 points, Pearce 4, Howard 3, Siemers 4, for Westmount. A return game is being played on Wednesday afternoon at N.D.G., and Westmount intends to see to it that this time they come out on top.

The following is the Westmount line-up: Morrow, Gregor-Pearse, Howard, Siemers, Dudley, Van Ryswyk, Scythies.

The N.D.G. line-up is as follows: Leggatt, Ross, McKeen, Frost, Imrie, Morley, Brown.

The next regular session of the Red Cross Home Nursing Course, being conducted at the "Y," will be held on Monday evening, January 11. There will be two classes: one at 7.30 p.m. and the other at 8.00 p.m. The subject will be, "Infant Care."

## THE FIRST FOUR TEAMS IN THE SECTION STANDING AT THE END OF SEASON WILL ENTER PLAYOFFS

### The Maple Leafs Have Signified Their Intention Of Entering But it is Expected That at Least Two More Teams Will Play in the Section

The six teams in the Prince Albert Pee Wee section of the Westmount Municipal Hockey League hope to get their schedule underway this Saturday morning at the Prince Albert rink. The first game is scheduled for 9.30 a.m.

Sat., Jan. 23, 9.30 a.m., Hurricanes vs. Commandos; 10.15 a.m., Aces vs. Flyers; 11.00 a.m., Skeletons vs. Bruins.  
Sat., Jan. 30, 9.30 a.m., Flyers vs. Bruins; 10.15 a.m., Commandos vs. Aces; 11.00 a.m., Hurricanes vs. Skeletons.  
Sat., Feb. 6, 9.30 a.m., Flyers vs. Hurricanes; 10.15 a.m., Commandos vs. Skeletons; 11.00 a.m., Bruins vs. Aces.

The first four teams in the section standing at the end of the season will enter the playoffs. The 1st and 4th place teams will meet in one series while the 2nd and 3rd place teams will hook up in the other series. The winners of these two series will then meet for the championship.

The Staynor pee-wee section will get going as soon as the Staynor rink is cleaned and made ready for use. At the present time only one team, the Maple Leafs, have signified their intention of entering but it is expected that at least two more teams will play in the section. The games will be played on Tuesday and Thursday afternoons starting at 4.00 p.m. Teams wishing to enter this section are asked to get in touch with recreation supervisor Jim McCormick at the Greenhouse or by phone at FL 1929. The Maple Leafs entered by Norman Kerr will include himself and Lorne Foy, Bert Kelly, Malcolm Turner, Lorne Grove, Jim Rockwell, Dougie Lloyd, Allan Turner, William Mallinson and Robert Sedwick, Willie Jamieson will manage the team.

League Slated To Open Its Schedule  
The intermediate section of the Westmount Municipal Hockey League got underway Tuesday night when a game between the R.C.A.F. No. 1 Wireless School team and the No. 4 Ordnance Corps from the Westmount barracks was played on the Air Force rink on Queen Mary Road. Originally the league was slated to open its schedule on Monday evening with a double-header at the Westmount Park rink but with this rink not being available it was decided to play the Wireless School game on their rink.

The game was one which was scheduled to be played on Monday night, the other half of the twin bill between the R.C.A.F. No. 3 Training Command and the No. 14 Canadian Provost Corps will be played next week-end.

Beau Thurston and Lloyd Daniels were appointed to referee the encounter.

THREE SUCCESSIVE TIPS  
Something of a record was set by Boston Bruins, of the National Hockey League, when they played three successive ties, two of them by the same score, four-all. They tied Maple Leafs, in Toronto, three-all, then played successive four-goal ties with Chicago, in Chicago, and Leafs, in Boston. Bruins thus came down close to the half-way mark, without having lost a game on Boston ice.

be held on Monday evening, January 11. There will be two classes: one at 7.30 p.m. and the other at 8.00 p.m. The subject will be, "Infant Care."
