REVOLUTIONARY MOVE TOWARD PEKING HALTED
Flood Waters Cause Great Damage—Cunard Liner Rammed DredgeMore Jap Troops
And War Vessels
On Way To China

Additional Troops Are On Their Way To Reinforce Embattled Comrades In Tsinan Today As Chinese Observed "Humiliation Day"—Rifles At Tsinan Have Been Silent Since Friday—Nationalist Commander-in-Chief Is Discredited And Unity Of His Command Broken.

(Associated Press Despatch) PEKING, May 7.—Japanese warships were distributed throughout the Chinese waters and additional troops were on their way to reinforce embattled comrades in Tsinan today as the Chinese observed "humiliation day."

The thirteenth anniversary of Japan's ultimatum of twenty-one demands took on a more sombre and threatening aspect than ever before. Massacre and fighting in Tsinan have brought about what is considered the gravest Sino-Japanese crisis since the 1915 demands.

Shanghai advices told of arrangements for an extensive boycott of Japanese goods and a resignation of Chinese employed by Japanese. All Japanese women were taken on board ships at Ichang, on the Yangtze river, in the province of Hupeh. At Nanking, the scene of the violent disorder of March last year, the women were concentrated at the water front in readiness for embarkation if this was thought advisable. Similar preparations were made at Chinkiang, a little below Nanking, and at Kiukiang in Kiangsi province.

Garrison is increased. To reinforce the Yangtze patrol an additional destroyer division was ordered to Shanghai. While the Japanese garrison at Tsinan has been reinforced to a total of more than 4,000 men, an additional 2,700 troops were steaming from Manchuria to Tientsin, where they will land with Tsinan as their destination.

Anxiety at Peking. In Peking there was anxiety lest Japan seize the present occasion to resume military and economic domination of the province of Shantung. Assurances of the safety of British, American and German communities at Tsinan limited the issue to Japan and Nationalist China. The rifles at Tsinan have been silent since Friday, and General Chiang Kai-Shek, Nationalist commander-in-chief, is discredited and the unity of his command broken.

The revolutionary drive toward Peking was halted, perhaps permanently, in the meantime the position of the Northern armies grows stronger.

STATES THAT JAPANESE MENACE AND OPPRESSION ARE BEYOND DESCRIPTION

(Associated Press Despatch) NANKING, China, May 7.—In a statement telegraphed from Tsinan and dated Friday, General Kai-Shek, leader of the Nationalist army, said that the British and American consuls were mediating between himself and the Japanese.

He added: "The Japanese troops have challenged us. For no reason whatever they fired upon our soldiers and civilians, and more than a thousand of our officials, soldiers and civilians have been killed. The Japanese menace and oppression are beyond description. I cannot bow to such bullying. I propose to expose such Japanese deliberate brutality to the world."

PROPOSE THAT JAPAN HOLD SHANTUNG AND RAIL LINES UNTIL TROUBLE IS OVER

(Associated Press Despatch) TOKYO, May 7.—The general staff and other high war and navy officials today proposed that Japan shall hold Shantung province and its railways until present difficulties over Tsinan are solved. It was also proposed that the fighting factions of the Chinese be ordered to cease warfare in Shantung.

It was stated that sanction of the cabinet will be sought for the sending of all infantry units, including the divisionary headquarters of the Nagoya division, to Tientsin.

LEOWENSTEIN HAD NARROW ESCAPE

(Associated Press Despatch) PHILADELPHIA, Pa., May 7.—Alfred Loewenstein, the Belgian multi-millionaire, had a narrow escape from injury when he leaped between the blades of the three propellers of the aeroplane which brought him from New York to the Philadelphia airport Saturday afternoon.

One blade knocked his hat off, and officials of the field said it was remarkable he was not injured or killed. The propellers, although "dying," were still whirling at a high rate of speed as the Belgian financier emerged from the cabin of the tea-passenger plane. In his haste to avoid photographers, Mr. Loewenstein jumped from the cabin, started toward an automobile parked about thirty feet away, and dashed between the propellers. Someone shouted "duck" as the blade was only a few inches from Mr. Loewenstein's head.

This warning, according to Captain Rober Praet, pilot of the plane, probably saved the Belgian from injury.

PAYS TRIBUTE TO PROFESSOR HUGO JUNKERS

"First And Last Preparations For Trans-Atlantic Flight Were Not Those In Ireland, But Those Completed By Professor Junkers In His Laboratory," States Baron Von Huenefeld.

NEW YORK, May 7.—Their deep rooted belief in God sustained the fliers of the trans-Atlantic plane Bremen when they were lost in the fog banks over Newfoundland, Baron Gunther von Huenefeld told the congregation of St. Paul's Evangelical Lutheran Church yesterday.

The Baron, accompanied by Mrs. Hermann Koehl, wife of the German pilot of the Bremen, attended services at Lutheran church, while Captain Koehl and Major James C. Fitzmaurice attended mass in St. Henry's Chapel of St. Agnes Roman Catholic Church.

Baron von Huenefeld, addressing the congregation at the close of the service, paid tribute to the genius of Professor Hugo Junkers, designer of the plane, for the human element in the success of the flight.

"Everything had been done—scientifically and technically," the Baron said. "The first and last preparations were not those in Ireland, they were those completed by Professor Junkers in his laboratory."

"When we were in the fog banks off Newfoundland and the ice hills of Labrador, we knew that God was with us."

SUBMARINE SETS NEW WORLD'S RECORD.

(Associated Press Despatch) SPEZIA, Italy, May 7.—The submarine Balilla Saturday attained a depth of 101 metres (331 feet) setting a new world record.

BRITAIN PREVENTED THE CARRYING OUT OF PLOT

(Associated Press Despatch) LONDON, May 7.—The Daily Express today said the British government had prevented the carrying out of a plot, of which former Crown Prince Carol of Rumania was the central figure, to seize the Rumanian throne from Carol's six-year-old son, King Michael. Despite the temporary check, the plans have not been abandoned, the paper asserted. There were reports that at the estate of M. Jonescu, a Rumanian living in Godstone, Surrey, where Carol is visiting, a fast automobile waited to speed him to Crocydon, from which point he could fly to Paris. There he keeps his own plane in readiness.

Carol himself said "I am waiting and if Rumania calls, as I think she may, I will answer. Some people think that I am trying to kick my son off the throne. That is wrong. But if the call should come I am ready to go."

The newspaper said British aeroplanes chartered to carry manifestos and scatter them over Rumania, had been stopped by the British government. These manifestos, of which 20,000 were printed in London, were said to quote Carol as asserting:

"I wish to return by your will to lead Rumania to its rightful place in the world. I wish to return to my child and make him a worthy successor of the dynasty. I declare that I left my country unwillingly, compelled by unhappy circumstances. Madame Lupescu (with whom Carol eloped) was not the cause of my leaving and she will not prevent me from doing my duty to my country."

SANG IN GERMAN IN FRANCE FOR FIRST TIME SINCE 1914

(Associated Press Despatch) PARIS, May 7.—German artists sang German opera in the original German in Paris for the first time since 1914 at a matinee Saturday afternoon and received an ovation which was mounted by a decree from King Ferdinand on his death-bed. We swear that a new Ru-

To The Boys And Girls

The Record will have an interesting announcement for you tomorrow.

Don't Fail To Read Tuesday's Record

Large Dredge Is Rammed And Sunk—Four Men Are Reported To Be Missing

Twenty-five Men Were Taken To Marine Hospital On Staten Island, Where All But Two Remained For Treatment—Cunard Liner Carnia Was In-bound When Accident Took Place.

(Associated Press Despatch) NEW YORK, May 7.—The 2,000 ton government dredge Navesink, with a crew of forty-seven, sank off Clifton, Staten Island this morning after colliding with the Lambert and Holt liner Swinborn. Four men were reported missing.

Eighteen others swam ashore, it was reported including Chief Engineer Cluett, in charge of the dredging operation.

The dredge, in command of Captain Anderson, was working in the double channel directly in the ocean steamship lane. She foundered in forty-five feet of water. First news of the accident came from the Carnia, as follows:

Many Vessels Rushed to Rescue

"U. S. government dredge sinking at Pier 17, middle of channel. Loaded with men. Dredge settling and men swimming around. Adriatic of White Star Line and Standard oil tanked Standard Arrow nearby. All lowered lifeboats."

This message was relayed to police headquarters, which dispatched four police launches, manned by sixteen men, to the scene. Five coastguard cutters also put out.

This Navesink was 290 feet long. She was built in 1908 at Sparrows Point, Md., and valued at \$200,000.

Eighteen Swam to Shore

Police headquarters later received two messages from the Adriatic, one that it had lowered a boat to stand by and the other that its boat had picked up no one.

Lifeboats from a Standard oil tanker rescued twenty-five men while Governor's Island reported that eighteen others of the crew swam to the island.

FIRE DAMAGED FAIR GROUNDS AT SASKATOON

Grand Stand, Administration Building, New Arts Building And All Minor Structures In Centre Of Exhibition Ground Prey To Flames Early This Morning—Action Will Be Taken Immediately To Rebuild.

(Canadian Press Despatch) SASKATOON, Sask., May 7.—Lighting the sky for miles around with an angry red reflection, the grand stand, administration building, new arts building and all the minor buildings in the centre of the exhibition grounds were wiped out by fire which broke out at about two o'clock this morning. The fire was still raging at five o'clock.

The fire started apparently in the grand stand and, fanned by a strong wind, the structure was soon a mass of flames. The minor buildings destroyed include the five dining halls near the entrance to the grounds, the attraction platform, the judges' stand, as well as the booths housed in the grand stand.

Syd Johns, manager and secretary of the exhibition, was unable to estimate the loss, but stated that the replacement will involve considerable expense. He added that action will be taken immediately to replace the razed buildings in order that the new buildings may be ready for the fair this year.

PRINCESS WORE \$200,000 WORTH OF JEWELS AS SHE STEPPED INTO ST. RAPHAEL

Consisted Of Many Precious Stones And Heirlooms Which Princess Lovenstein-Werthem Treasured Almost As Dear As Her Life.

(Associated Press Despatch) LONDON, May 7.—Diamonds and other jewels worth approximately \$200,000, the property of Princess Lovenstein-Werthem, were lost on her ill-fated attempt at a trans-Atlantic flight in the St. Raphael last August.

Friends of the late Princess say they consisted of many precious stones and family heirlooms which she treasured almost as dearly as her life. Therefore she decided to take them with her.

FIRE DAMAGED THE TOWN HALL AT DANVILLE

Yesterday Morning Considerable Excitement Experienced at Danville When Fire Was Discovered in Upper Part of Town Hall Over The Post Office—Damage Estimated At \$5,000.

(Special to the Record) DANVILLE, May 7.—Damage to the amount of about \$5,000 was caused here about nine o'clock yesterday morning by a fire in the upper part of the Town Hall, over the Post Office.

While the postmaster was distributing the mail he thought that he detected smoke, and after making an investigation it was found that the building over the post office was on fire and that great headway had been made by the flames.

The fire, it seemed, had been smouldering for some time in the walls of the northwest corner of the building. At the time it was discovered the situation of saving the building did not look very favorable, as there was a strong west wind aiding the flames. However, after hard work and good management on the part of the local brigade, the flames were gotten under control at about 10:30 o'clock.

The damage is estimated at possibly \$5,000 or more, but with the aid of citizens the mail and other valuables were saved. It is not known how the fire started. The building was a two-story brick building, and most of the damage was done to the interior.

BREMEN CREW TO PAY VISIT TO MONTREAL

Trans-Atlantic Fliers Scheduled To Reach Canadian Metropolis On May 21st—Will Also Fly To Quebec.

(Associated Press Despatch) NEW YORK, May 7.—The crew of the German monoplane Bremen will visit Montreal and Quebec on their aerial tour in the F-13, sister ship of the transatlantic plane, it was announced today.

It has been intimated that Major Jas. Fitzmaurice, Baron von Huenefeld and Captain Koehl will visit Ottawa, but the Canadian capital is not included in the schedule. They are due to arrive in Montreal at 2 p.m. May 21, from Boston, and leave at 11 a.m. the next day for Quebec City. They will arrive at Quebec at 2:30 p.m. May 22, and leave at 11 o'clock the following morning for New York.

NOBLE LANDED AT KING'S BAY SUCCESSFULLY

Made Trip From Vadsoe, Despite Extremely Unfavorable Weather Conditions—Was In Constant Communication With Steamer Citta di Milano—Will Start Explorations During Summer.

(Associated Press Cable) KING'S BAY, Spitzbergen, May 7.—General Umberto Noble landed his dirigible balloon here at 1 o'clock this afternoon, successfully completing his flight from Vadsoe, Norway, despite extremely unfavorable weather conditions.

The journey from Vadsoe, begun at 8:31 Saturday night, was far from a pleasant one for the crew of the big airship, for a heavy snowfall and strong contrary winds were encountered throughout the night. General Noble was advised before starting of the unfavorable conditions, but apparently decided his ship could surmount the difficulties on this leg the same as he did on the first trip from Milan, Italy, to Stolp, Germany, when high winds seriously impeded his progress.

The Italia was in constant wireless communication with the steamer Citta di Milano, the ship which will serve as a base for the Noble flights, and the Geofysike Institute at Tromsø, which supplied detailed weather conditions prevailing in the territory the Italia was approaching.

General Noble plans several flights during the next two months, exploring parts of the Arctic regions hitherto unvisited or about which there is controversy. He also plans to revisit the North Pole, which he first flew over in the dirigible Norge last summer.

EFFORTS OF U. S. GOVERNMENT TO COLLECT SUM OF \$30,000,000 ADDITIONAL TAXES ON FORD MOTOR STOCK DID NOT MEET WITH SUCCESS

Test Case Applies To All Nine Petitioners—Litigation Was Bitterly Fought—Mellon-Couzens Controversy, As It Has Been Generally Referred To; Began In March, 1925.

WASHINGTON, May 5.—Efforts on the part of the Treasury Department to recover about \$30,000,000 in additional taxes from former stockholders of the Ford Motor Company failed in defeat for the Government Saturday when the Board of Tax Appeals ruled that the stockholders had paid all that they owed and should, in fact, receive a refund, the amount of which was not stated, but which has been estimated unofficially at \$2,000,000.

The chief former stockholder concerned in the litigation is Senator James Couzens of Michigan, who had been assessed at \$10,000,000. His suggested refund is put at \$500,000.

This was a test case involving claims against Senator Couzens and eight other minority stockholders, who sold out to the Ford interests in 1919 at large profits. The exact total of all claims made by the Government was \$30,821,659. Whether an appeal will be taken has not been indicated.

CLIMAX CAME SUDDENLY

The climax came when, virtually without warning, the Treasury Department filed a claim for additional taxes against the Senator, alleging that a settlement of his taxes which he had made with the Government during the Administration of Woodrow Wilson, when Daniel C. Rorer was Commissioner of Internal Revenue, was improper.

FIVE BRIDGES, THREE DAMS AND ELECTRIC PLANT DESTROYED BY FLOOD WATERS IN LAURENTIANS

Recent Warm Weather, Which Melted The Snow On Mountains, Believed To Have Caused Water To Rise—It Is Believed Today That All Danger Of Further Damage Is At An End As Waters Continued To Recede.

(Canadian Press Despatch) MONTREAL, Que., May 7.—It was believed today that all danger of further damage from swollen rivers in the Laurentian mountains was at an end, as the waters continued receding. The rivers rose suddenly on Saturday and did considerable damage in the district around Labelle and St. Jovite. Five highway bridges in the neighborhood of these towns and an electric power and light plant valued at \$30,000 at St. Jovite were washed away. The waters smashed three dams in their path to freedom.

The Red river at St. Jovite, Labelle, Conception and L'Assomption, the North river at St. Jerome and the Assomption river at Joliette, L'Assomption, St. Paul L'Ermitte and Charlemagne overflowed their banks and did considerable damage to the countryside.

Recent warm weather, which melted the snow on the mountains, it is believed, caused the water to rise. The first damage was the washing out of a dam at Lake Croche, north of St. Jovite. This was early Saturday morning. The waters, rushing down upon St. Jovite, took away the veteran Vanclose electric plant. A little later the dam at Prefontaine went out. St. Jovite was without light for a day, but connections were made with the power plant at St. Jerome during Sunday. The power plant was partly covered by insurance.

No One Injured

No one was injured during the flood. The watchmen at the St. Jovite power plant had a narrow escape. He was inside the building when he heard the roar of the dam being washed. Realizing what had happened the man rushed out of the building and across the bridge to the village. Hardly had he reached shore when the bridge was torn away by the waters.

Little Trouble Experienced by Railways

Little trouble was experienced by the railways. At Prefontaine the Canadian Pacific Railway transferred their passengers from one train to another as it was feared the waters might have made the track unsafe. Only slight delay was occasioned.

Damage to Roads Heavy

It is thought the damage to roads was severe. Thirty inches of water was reported on the highway at Piedmont, while at St. Alele and St. Margaret, fifty-three miles from Montreal, the road was covered by fourteen inches of water.

AIR SERVICE BRINGS MAIL TO MONTREAL

Flight of 300 Miles, Toronto-Montreal, Performed In Two Hours And 37 Minutes—Dresses Displayed By T. Eaton Company In Afternoon Left Toronto At Noon—Ottawa Plane Also Landed.

MONTREAL, May 7.—A smooth-running engine with a tail wheel to help it along its way brought the Government mail and cargo airplane with lightning speed from the flying field of Toronto to the airfield of the Reid Aircraft Company, Ltd., Cartierville, on Saturday afternoon, making the inaugural flight of the Federal Government air service. As the clock struck 12 noon in Toronto, the plane, which is leased from the Canadian Airways, Limited, took wing. Two hours and 37 minutes later, under the guidance of Capt. J. H. St. Martin, it glided gracefully on to the flying field at Bois Franc, after a flight of over 300 miles.

Fifteen bags of mail, nine for Montreal delivery, and six containing mail for British and Foreign countries, which according to Victor Gaudet, postmaster, weighed 2680 pounds, were taken from the plane. Besides the mail service there was the cargo transport.

As the swarms of Saturday afternoon shoppers strolled along St. Catherine street in front of the store of the T. Eaton Company of Montreal, Limited, after 3:30 many noticed the pretty dresses in a window which only three and a half hours before were being put on the plane in Toronto, having been just completed in the Eaton factories in that city.

While the plane made the trip from Toronto to Montreal, the Canadian Pacific Express Company, which has a contract with the Government for the carrying of goods by air, decided to place a shipment of Eaton goods in the plane, along with the mail.

A second flight was made for the same purpose from Ottawa. The plane, a Fairchild, made fast time, covering the distance of about 123 miles in 55 minutes.

It left Ottawa at 1:35 and arrived at Cartierville at 2:30.

THE WEATHER

FAIR AND MILD

Pressure is high over the St. Lawrence Valley, the Great Lakes and Middle States and low over Manitoba and off the south Atlantic coast. The weather has been fair over the Dominion, warm in the Western Provinces and cool in nearly all parts of the East.

FORECAST: Fair and cool. Tuesday, fair and a little milder. Northern New England: Fair tonight and Tuesday; rising temperature in the interior. Tuesday: moderate northerly winds.

DRUMMONDVILLE

Final Concert of St. George's Club Given.

The last concert of the season to be given under the auspices of St. George's Club was held on Tuesday evening, May 1st, and the attendance far exceeded that of any previous concert.

An excellent programme was put on. There were three selections by the orchestra quartette, composed of Mrs. Olive and Messrs. Ancill, Ikeny and Olive, from "Chu-Chin-Chow," "Rose Marie" and "Cavalleria Rusticana." The audience, as evidenced by the applause, greatly appreciated Mr. Ancill's rendering of "Liebeslied," (Kreislern), on the cello, and Mr. Calvin Christman's violin solo, "Jocelyn" (Jocelyn).

Mr. Christman was accompanied on the piano by his brother, Mr.

Nasty Body-Odors A Problem Every Woman Can Easily Solve

If your bowels are loaded with a mass of decaying corruption your unhealthy condition becomes apparent to every one near you. Body odors make a woman particularly objectionable.

Every woman will find Dr. Hamilton's Pills act upon BOTH upper and lower bowels, and bring down astonishing amounts of waste matter from the intestinal canal. It is this poisonous material that causes rank body-odors, headaches, nervousness, depressed spirits.

The regular use of Dr. Hamilton's Pills corrects constipation, keeps women regular, makes them full of robust health, to look well and feel well use Dr. Hamilton's Pills—just right for women's ills, 25c at all dealers.

Friends Tell Friends ZUTOO Stops Headache

Five years ago ZUTOO was practically unknown in Canada. To-day, thousands of thousands of men and women depend on these little harmless tablets for quick relief from headaches. Their fame has gone from friend to friend—from town to town—from coast to coast.

Wherever there are headaches, there should be ZUTOO Tablets—they relieve in 20 minutes. 25c a box—at all dealers or by mail postpaid. B. N. Robinson & Co. Regd., Coastbrook, Que.

Racking Headaches? Kidney Troubles?

Quickly relieved by "Fruit-a-tives"

MRS. R. TESSIER

St. Jean de Matha, P.Q.—"I was very weak, suffered from a bad case of kidney trouble and severe headaches. I was treated for a long time, but became discouraged, so decided to try 'Fruit-a-tives.' Soon I noticed a relief, and after six months my health completely returned."—Mrs. Romulus Tessier.

HATLEY

On Sunday, April 29th, a strong and stirring appeal was made at the United Church by the pastor, Rev. D. H. MacFarlane for Sunday observance, with its attendant rest and refreshment. In the evening, the usual Gospel message and hymns were given.

The fortnightly meeting of the Ladies' Aid was held in the vestry on Wednesday, with tea served at five o'clock. It was decided at this time to stage the play "Listen, Ladies," during the following week.

On Wednesday evening the little folk of the village and vicinity, were entertained at the paragon by Miss MacFarlane, when games, followed by sandwiches, cake and songs were much enjoyed. During her stay in this place Miss MacFarlane has become very popular with the little folk, and by "children of a larger growth" as well.

A slight innovation was made in the usual May Day observance, when each house was visited by the children, carrying May baskets filled with sweets and flowers.

The members of St. James' Guild were entertained on Tuesday evening, May 1st, at the home of Mr. and Mrs. F. A. Hall, for Mrs. Bryan, the latter's mother, who while living in Hatley was an active member and worker in the society. Mr. and Mrs. Bryan intend leaving in the near future to take up residence at Rock Island.

Mr. Tom Bryan, of Rock Island, and Mrs. Thomas Walker, of Coastbrook, were recent guests of Mr. and Mrs. Hall.

After the sugar season with Mr. and Mrs. C. P. Young, Mr. and Mrs. Fred Young have returned to Stanstead.

The regular monthly meeting of the Women's Auxiliary to Missions, in connection with St. James' Church, was held on Tuesday afternoon, May 1st.

Mr. and Mrs. J. S. Webster and their daughter, Mrs. Hodges, attended the play "A Mystery Lady," produced at Massawippi on Thursday evening by local talent, under the direction of Mrs. Price.

Preparations are being made for annual observance of Mother's Day at the United Church. Mr. D. N. Vaughan and Mrs. B. Fowler will be soloists for the occasion.

Anniversary Sunday, May 25th, will be observed at the United Church, when Dr. McKenzie, principal of Stanstead College, will be the preacher, and special music given by the choir. On the following Monday evening the supper in connection with this yearly event will be held in the church dining hall. Rev. Mr. Wornell, of Coastbrook, will be the principal speaker, and short programme of entertainment will also be rendered.

After the past few weeks in Stanstead, Mrs. Sutton has returned. Rev. D. H. MacFarlane, Mr. James MacFarlane, Miss Margaret MacFarlane, Mrs. Boyes, and Miss Elsie Boyes were visitors in Sherbrooke recently.

Messrs. H. F. Pope and H. B. Whitcomb also motored to Sherbrooke during the early part of the week.

Mr. Thos. Morrison, of Ayer's Cliff, has been the principal speaker, and short programme of entertainment will also be rendered.

C. N. OFFICIALS AT RICHMOND WERE HONORED

Messrs. A. B. McNaughton, Former Superintendent Portland Division, and H. M. Gain, Former Assistant Superintendent, Guests of Honor at Supper—Presentations Made—Prominent Railway Officials Present

RICHMOND, Que., May 7.—Recognition by both superior officials and fellow employees of the good service of Messrs. A. B. McNaughton, formerly superintendent of the Portland division, and of his associate officer, Assistant Superintendent H. M. Gain, took tangible form Saturday evening, April 28th, 1928, at the Brunswick Hotel, Richmond, when upwards of seventy-five railwaymen tendered a banquet and presentation to the two popular officials. The special circumstances was furnished by the recent transfer of these officers to the St. Lawrence division, after several years of faithful service in this district.

J. Anthony White Tells Remarkable Experience

Safeguarded His Health in South America With "Nerviline"

From far-off Jamaica comes the convincing testimony of Mr. White, who owes his very life to the remarkable properties of Nerviline. "Nerviline has been worth its weight in gold to me. Travelling in this colony and in South America, I found it an invaluable aid. Whether it was cramps, sour stomach or diarrhoea, Nerviline corrected the trouble quickly. If my throat was sore, or if I had sprained, stiff neck or stiff joints, if I rubbed on Nerviline I always got quick relief. For sprains, muscle soreness and rheumatism, I have proved Nerviline to be a boon. It has always safeguarded my health, and I advise all others to go to the nearest chemist's shop for a bottle or two of the trusty family remedy."

Can't Stop Joint-Fase

"You can't stop people from buying Joint-Ease for sore throat and cold in chest," writes one of our druggist friends. "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff, swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint remedy that gets the most satisfying results.

A tube costs 60 cents at drug-gists everywhere. Just rub it on and in a few seconds it disappears completely under the skin, and relief follows instantly.

Increase Your Weight 5 Pounds in 30 Days

Make Yourself Strong, Healthy and Vigorous at the Same Time

By this time most people know that the world's great flesh producer is McCoy's Cod Liver Extract Tablets.

Take them for a few weeks and the hollows in your cheeks, your neck and chest will soon fill out and whether you be man or woman you'll have an attractive figure and plenty of "get there" energy in just a short time.

No one will call you skinny any more. In McCoy's you find a combination of health builders that bring energy, strength and vigor and at the same time put pounds of good healthy flesh on those who are underweight.

One underweight woman, exceedingly thin gained ten pounds in 22 days and doesn't have to worry any more about her figure. Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Cod Liver Extract Tablets or 2 one dollar boxes any thin, underweight man or woman doesn't gain at least five pounds and feel completely satisfied with the marked improvement in health, Chagnon's Drug Store, or any druggist, is authorized to return the purchase price.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Cod Liver Extract Tablets or 2 one dollar boxes any thin, underweight man or woman doesn't gain at least five pounds and feel completely satisfied with the marked improvement in health, Chagnon's Drug Store, or any druggist, is authorized to return the purchase price.

"JUST KIDS"

HEALTH AND DIET ADVICE Dr. Frank McCoy

STOP WASTING FOOD It has been said that a dollar saved is a dollar earned. There is no doubt but that most people literally throw away good money every day by practicing bad dietetic habits. Two or three times as much food is used as the body by any means can convert into normal tissue. This is of course a direct loss, greater than if the excess of food were thrown into the garbage can, as the body is consequently weakened by the useless effort made in attempting to digest more foods than needed. Enervation is the natural result, with a loss of time and energy from useful daily work, with more doctors' bills. You live on one third of what you eat, and the doctors and undertaker live on the other two thirds.

The daily cost of food used by the person is sometimes between two and five dollars, and of course a great deal more than this by those who give 'feasting' parties once or twice weekly. If only the essential foods are used, the actual daily cost should not exceed one dollar for the child or adult. This diet would include eggs, meat, fruit, and all of the vital vegetables. For example, a breakfast of two eggs, toast and stewed fruit would not cost over twenty-five cents at the most at the present prices.

For luncheon, a meal of whole-wheat bread, with a choice of such cooked vegetables as spinach, string beans, asparagus, carrots, turnips, beets, parsnips, summer squash, chard, etc., would be satisfying and thoroughly nourishing. Add to this a salad of the leafy vegetables. You could not eat over twenty-five cents' worth of these vegetables if you tried to, as they are very 'filling,' but equally vital.

At dinner, if you use the same kind of vegetables, and one-fourth of a pound of beef or fish, you will have a dinner which, if prepared properly, is fit for a king!

These meals do not include pastries, candy, puddings and cakes, lobster, shellfish, or unwholesome

and expensive food which is often as indigestible as it is costly. If you have been spending two to five dollars daily for your food, you see you have been spending two to five times too much. You could buy something you need each day for the money you waste. You could buy a good book daily with the money thus saved, and even though you couldn't read all of them, you would never suffer from 'mental' indigestion in trying to do so.

If you have been suffering from any chronic illness, a fast from all food for a week or two would add a tidy sum to your bank account. In France, a doctor recently proposed that all Frenchmen should fast one day a week and thus be able to pay off the National debt and restore the Franc, which seems to have fallen below all help. He suggested closing all food stores, restaurants, and cafes on days each week. But his advice did not strike a happy response from his comrades, who were so willing to march to the trenches for France, but unwilling to fast for the Franc when it would mean so much for the future of their beloved country.

You to whom this writing may come can help yourselves both financially and physically if you will eat less and fast more, and as an addition to your new rules for health March More!

QUESTIONS AND ANSWERS Question—Anna M. asks: "Do not cherries and milk make a bad combination? I always believed this combination formed a poison." Answer—Cherries and milk form

a perfect combination. But, remember do not use any starchy food at the same time, for therein lies the source of the mischief that is blamed upon an otherwise good combination.

Question—W. K. M. writes: "What is the cause of the upper and lower eyelids being swollen all the time, also what causes a person to see his nose when reading?"

Answer: Inflammation of the eyelids is caused by the same bad habits which produce gastritis, interitis, colitis, or any inflammation of the digestive organs. When the stomach or intestines are inflamed, it is liable to affect any of the mucous membranes of the body. If you are bothered in seeing your nose when you read, it may be because your eyes do not focus properly. Go to a good optometrist and see if properly fitted glasses will not correct this trouble.

Calluses are ended now—pain stops in 3 seconds

SCIENCE has perfected new methods in ending corns and callus spots.

You touch the most painful corn with this amazing liquid which acts like a local anesthetic. The pain stops in less than 3 seconds.

Then soon the corn begins to shrivel up and loosen. You peel it off with your fingers. The whole corn is gone. Works on any kind of corn or callus. Ask your druggist for "Get-It." "GETS-IT," Inc., 191 George St., Toronto.

GETS-IT

Don't Envy Big Concerns Imitate Them

SMALL BUSINESSES have much to learn from large businesses, because all large businesses were at one time small.

About fifty per cent. of small business concerns are to-day not making money. Their volume is not big enough. The public does not know about them or their product. Why? Simply because they do not advertise in the Daily Newspapers.

Plenty of money is being made in business to-day—but it is being made by the big Corporations. And these firms are big because they advertise. They began in a small way, they turned out a good article and they knew it was good; they created in the public mind, through newspaper advertising, a desire to buy. The public now knows all about them and has confidence in them. That is one of the first lessons on the road to Success which Small Business has to learn.

IT IS WIDE OF THE MARK to say that opportunity is lacking to-day. Opportunity is knocking louder in 1928 than it ever did. And the helpful forces in operation now are more numerous, more powerful, more effective, than they were even a very few years ago. The psychology of selling has been organized and used as never before.

First and foremost among these helpful influences is the Daily Newspaper Press. There is no question about that. Whoever heard of an advertising campaign being successful without the aid of Daily Newspapers? The successful corporations are depending on the daily newspapers and are using more space in them than they ever did. Last year they spent more money in newspapers than in all other forms of publicity combined.

THE SERVICES of more than a score of officially Recognized Advertising Agencies are available to Small Business just as they are to Big Business. These Agencies are experts in marketing methods. They know how to prepare copy for the newspapers, copy that will arrest attention and convince prospective customers. They have mastered this great art. Their services are free to advertisers. The Newspapers pay the cost.

If your business is not growing as rapidly as should—it is not making money—both Daily Newspapers and Advertising Agencies are eager to help you get started on the high road to Success if you will but use them. Why not make the start to-day?

Bedford District News

STANBURY

Mr. George Hunter, of Meigs, Corner, was visiting friends here on Friday, April 27.

Mr. Boomhour, of Stanbridge East, was recently visiting his sister, Mrs. Alton La Duke.

Mr. Verion Casey, of Pearson, was here on a business trip on Friday, April 27.

Mrs. Elsie Pendleberry, of Montreal, was visiting at the home of Mr. and Mrs. H. L. Black on Sunday, April 29.

Mr. George Goyette recently spent a day with friends at Granby.

Mrs. Howard Ingalls and Miss Addie Ingalls spent a day during the past week with Mrs. C. E. Williams at Farnham.

Miss Esther Black returned home on Tuesday from Bedford for a

week, as the high school was closed on account of so many cases of scarlet fever.

A few from here attended the R. C. social at the home of Mr. and Mrs. Adam Clark at Farnham Centre on Saturday evening, April 28.

WEST BROME

Notice—The annual meeting of the Duboué Cemetery Company will be held in the West Bolton Town Hall on Saturday evening, May 12th, at 7.30 p.m.

SOUTH ROXTON

The Whist party and dance held at the Community Hall, under the auspices of the Women's Institute on April 27th, was a decided success. The first prizes were won by Mrs. George E. Lewis, of North Sheffield, and Mr. S. Pousse, of Roxton Pond, while the consolation prizes were won by Miss Cecile Desparts and Mr. A. Auger. After refreshments had been served, the remainder of the evening was spent in dancing to music furnished by Messrs. Beauregard, of St. Jovelin, The Ladies' Aid will meet with Mrs. W. J. Galbraith on Tuesday, May 15th.

Mr. W. W. Parker, of Lennoxville, spent a week-end recently with Mr. and Mrs. N. H. Robinson at Robin Hill Farm.

The young people of the United Church will present a comedy drama entitled, "Mrs. Tubbs, of Shantytown," during the latter part of the month.

Mr. and Mrs. Lee Hayes, of St. Lambert, were the recent guests of Mr. and Mrs. C. R. Reynolds.

Mr. Albert Ferguson was taken suddenly ill on Wednesday evening and is confined to his bed. His many friends wish him a speedy recovery.

The members of the local Women's Institute are asked to bear in mind that the County of Sheffield Women's Institute will meet at Granby Hill on May 9th. All members are cordially invited to attend.

The Women's Institute met at the home of the president, Mrs. N. E. Smith on Thursday, May 3rd, there being nine members present. After the usual opening exercises the roll was called, each member responding by naming their favorite bird. The minutes of the preceding meeting were read and approved. Much business was discussed and a Whist party and dance was decided on to be held later on this month. Mrs. C. C. Savage, Convenor of Home Economics, had charge of the programme, and a questionnaire on home problems was made and answered, many helpful hints being given. The hostess served tea at the close of the meeting. The June meeting will be held at the home of the secretary, Mrs. N. H. Robinson, on June 5th. Roll call will be "A Recipe." Topic for the day, "Agriculture."

FRELIGHSBURG

Mrs. P. M. Hayes spent Tuesday and Wednesday, May 1 and 2, in Granby with her daughter, Mrs. E. Hutchins.

Mrs. J. G. Bell returned on Tuesday, May 1, from Waterloo and Foster, where she was the guest of relatives.

Mrs. M. R. Whitcomb spent a few days in Montreal last week with Mr. and Mrs. H. Holden.

Mr. E. H. Spencer is sufficiently improved to allow him to dispense with the nurse, Miss Brown, who returned to Montreal on Wednesday morning.

Mrs. Thos. J. Bell spent a few days in Sherbrooke last week.

Mr. and Mrs. O. E. Grassetto motored to Bedford on Monday, April 30.

Mr. H. Burley has returned to Stanbridge East after spending several weeks with Mr. and Mrs. L. H. Sornberger.

SUTTON

Mrs. Gordon Sweet spent Wednesday, May 2nd, in Montreal.

Mrs. Jennie Boright is a guest of her friend, Mrs. Olive Jenne, and other friends.

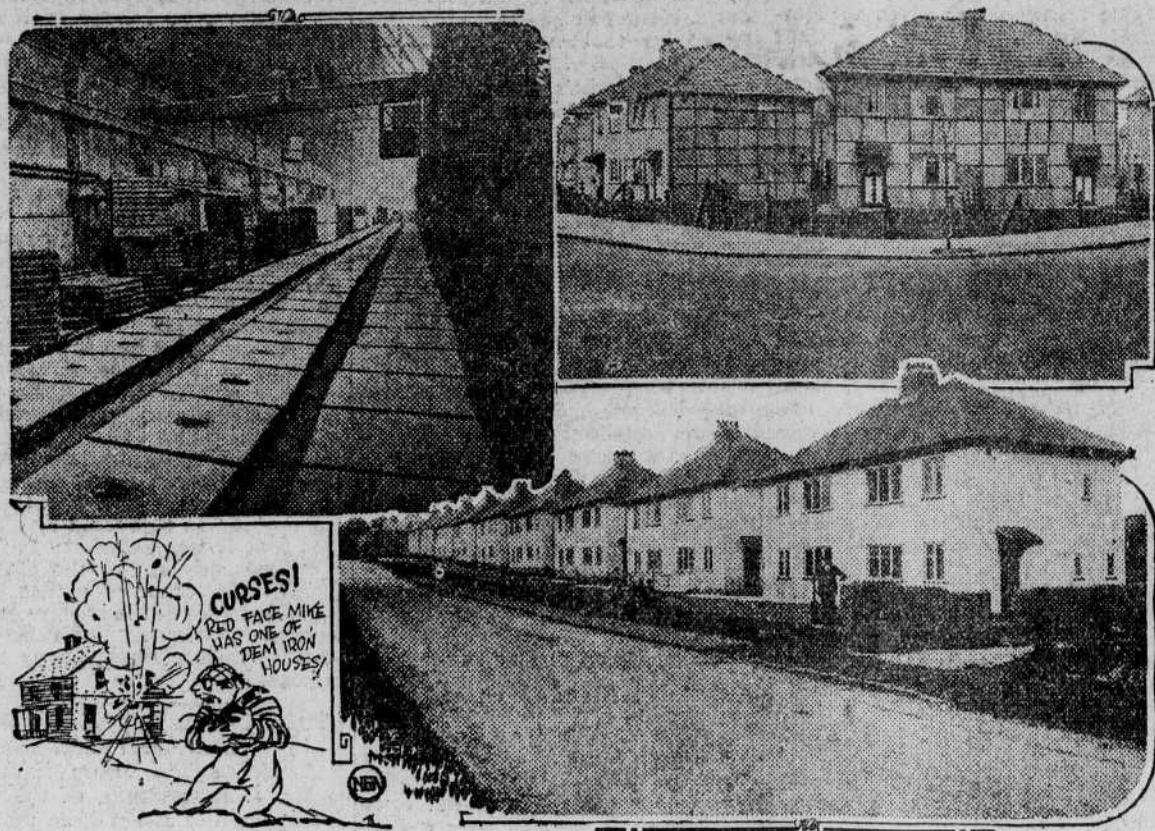

Miss Mary Jenne has returned home after several weeks in the

More in use than all other makes combined.

There's a Reason.

CAST IRON DWELLINGS COMBAT HOUSING SHORTAGE

Here are some of those British houses that came from the foundry, and to the left, above, a scene in the foundry at Thorncliffe, near Sheffield, where the cast iron plates were made. Molds for the unique house-plates were made by a Cleveland, Ohio, company.

BY MILTON BRONNER

NEA Service Writer.

SHEFFIELD, England, May 7.—Cast iron houses which might prove popular in Chicago,asmuch as they are bomb-proof and bullet-proof—are being manufactured by a British iron firm near here.

They can pack a complete cast iron house into a freight car, shift it to destination and have it erected within 20 hours to one week after the material is delivered. Already the town of Derby has erected 500 such houses and other towns have erected smaller numbers.

But the cast iron houses are not being erected in England for the same reason they might be erected in Chicago. They have been developed as a means of meeting the tremendous housing shortage and combating the high cost

of brick and other building material. For about \$2,125 a two-story cast iron house can be purchased. The ground floor contains a big living room, kitchen, larder, coal bin and lavatory. The top floor contains three bedrooms and a bathroom. For an additional \$125, a house with larger rooms can be obtained. A purchase desiring a small bungalow—containing a living room, two bedrooms, reception hall, bathroom, scullery and larder—can get it for \$1425.

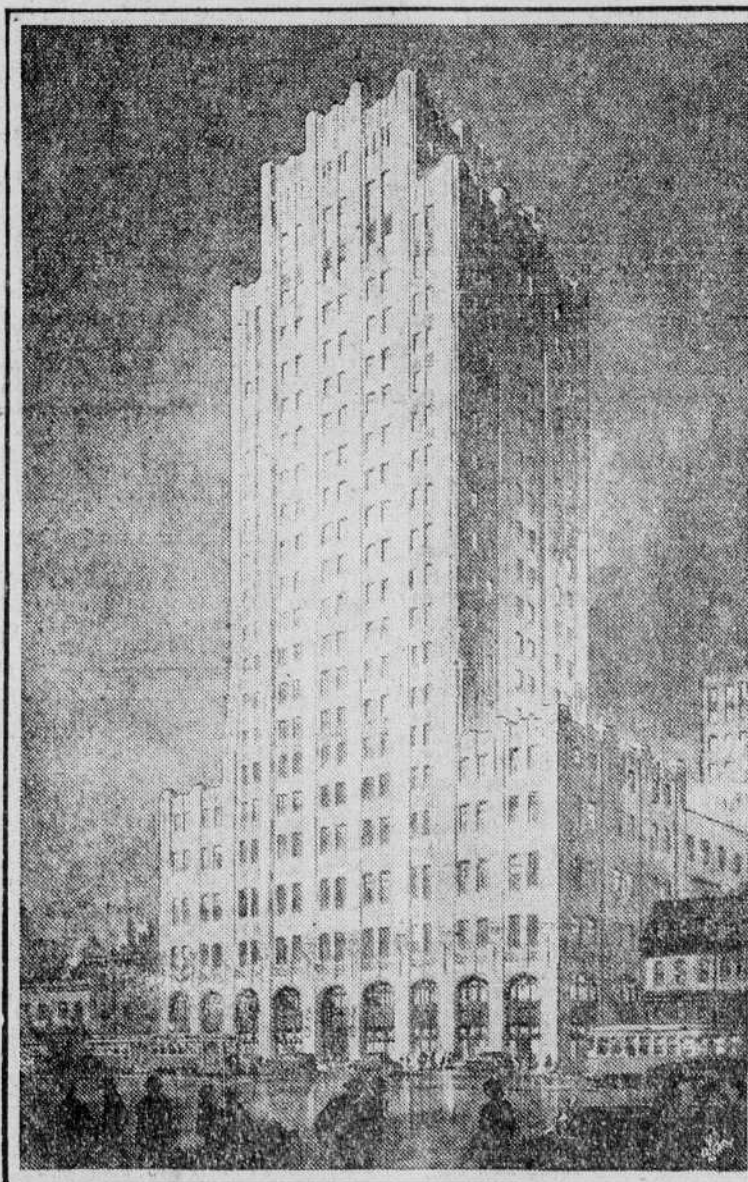

The outer walls of these houses are constructed of cast iron plates covered with a special coat of rough cement. A patented method of joining the flanges makes the houses completely weathertight and provides secure fastenings for the inside walls. The inside walls are made of wood, covered with abso-

tos cement boards. The roofs and porches are covered with red tile. Floors of living rooms and bedrooms are of wood, other floors of concrete.

It is claimed that these houses last longer than the ordinary brick house and do not require repainting. On account of the excellent insulation, they maintain an equable temperature.

The material can be obtained quickly, because all the prospective owner has to do is consult a catalogue and specify the type of house he wants. It is then loaded into freight cars and shipped to him.

The "Thorncliffe houses", as they are called, are cast by an iron foundry at Thorncliffe, near Sheffield, where the unique plates were made at Cleveland, Ohio.

The Toronto Star's new building, now being erected, showing the tower and administrative portions. The printing departments are in a five-storey extension in the rear.

SHIPBUILDING FIRM RECOVERS FROM TROUBLES

Armstrong, Whitworth and Company, Ltd., is Shown by Annual Report to be Recovering From Financial Difficulties—Shipbuilding in Great Britain Has Been Under a Cloud.

LONDON, May 7.—Armstrong, Whitworth and Company Limited, the noted engineering and shipbuilding firm, is making progress towards recovery from its recent financial troubles, as the annual report shows. Eighteen months ago an arrangement was made for the postponement of the payment of interest on most of the loan capital affected. The directors now report that substantial progress has been made in the clarifying of the company's position.

In consequence of the sale by Armstrong, Whitworth and Company of its interests in the Newfoundland Power and Paper Company, in which the former was deeply involved, the contingent liabilities of Armstrong, Whitworth and Company have been reduced more than 3,000,000 pounds, it is stated in the report. The Newfoundland Power and Paper Company under-

ASKED WILKINS TO ACCOMPANY HIM TO POLE

GREEN HARBOR, Spitzbergen, May 7.—General Umberto Nobile has invited Captain George Wilkins to accompany him on his three trips in the Italia to Greenland, the North Pole and Nicholas II Land, but Captain Wilkins has refused, it became known here today.

Captain Wilkins is working day and night on his new book describing his polar trip, and is writing it himself on a typewriter, hoping to get it ready prior to his departure. This was accepted here as the basis for his refusal.

The steamship Hobby, which will take the Wilkins plane, and possibly the pilot, Eielson, to Norway, is expected at Svalbard Wednesday.

In the meantime the weather conditions show increasingly unfavorable for the flight of the Italia here. A snowstorm from the northwest prevailed today.

The International Paper Company of New York.

Shipbuilding, like the engineering industry in Great Britain, has long been under a cloud. It is satisfactory therefore to learn that Palmolive's big shipbuilding enterprise at Jarrow, Durham County, earned a profit of 10,000 pounds last year. This doubtless will be accepted as justification for the firm's writing down of capital.

EFFORTS MADE TO RECOVER TWO AVIATORS

Their Plane Crashed Into Lake Erie, Off Long Point Yesterday Afternoon—At First Thought That Fliers' Bodies Might Come to Surface.

(Associated Press Despatch) ERANTFORD, Ont., May 7.—Efforts to recover the bodies of the two aviators reported lost when their plane crashed in Lake Erie, off Long Point yesterday afternoon, are under way.

The Erie tug Ruth, Captain Joseph Deville, which witnessed the crash and stood by for an hour hoping that the fliers' bodies might come to the surface, proceeded to Port Dover where it left parts of the smashed plane which may serve for identification. It then sailed for Erie, where Captain Deville will pick up his diving outfit and return to the spot where a buoy was left to mark the scene of the disaster.

Visibility yesterday was very poor, the Detroit-Buffalo air service plane flying the closest to the water ever observed off Port Dover. It is felt that the reason of the crash of the plane was that it was flying so low that when it took a sudden swoop, possibly because of engine trouble, it was too near the water to give the pilot time to avert a crash.

NEW ZEALAND ISSUES MEET WITH FAVOR IN ENGLAND

(Associated Press Despatch) LONDON, May 7.—New Zealand has had another quick success with a £5,000,000 loan on the London market, 4½ per cent, at 94½, cash subscription. New Zealand has also of fered more than £5,000,000 in exchange for 4 per cent, consolidated stock due in November, 1929. The lists in both cases closed early.

The result of the New Zealand issues seems to show that the return offered by the Dominion on security of the highest class is not expected to be obtainable much longer, and the operation is taken as auguring well for further appreciation in British funds.

AN INCREASE IN MEMBERSHIP BY UNITED CHURCH

Preliminary Statistical Exhibit Now Being Prepared For Conferences.

TORONTO, May 7.—Increase of 37,228 members in the two statistical years since March 31, 1925, is reported for the United Church of Canada in a preliminary statistical exhibit now being prepared for the annual conferences. The first statistical report issued following union was admittedly incomplete in many particulars, but the present statement, which is the third since that time, is taken to represent much more accurately the actual returns in membership, givings and property.

The membership at the end of December, 1927, totalled 637,750. There are now 1,418,361 persons under pastoral care, as compared with 1,261,778 persons so entered by the ministers and sessions as of March 31, 1926.

In issuing these general statistics, Rev. T. Albert Moore, D.D., secretary of General Council, was careful to point out that the returns did not include anything from the colleges of the United Church, its foreign missions, or from institutions in Canada under the direction of the general boards of the church. The returns were from the congregations and represented the personnel, wealth and benevolence of the congregations.

The grand total of money raised for all purposes in the last nine months of last year was \$13,241,176, as compared with \$15,255,079 for the previous twelve months. Property held by the congregations, exclusive of all college, foreign missionary and institutional property, was valued at \$85,254,934, with debts of \$3,230,881 against this total. Two years ago, the value was returned at \$76,738,136, indicating both increased givings, builders and book valuation.

Incomplete returns show 3,069 pastoral charges, including some of the home missions.

Baptisms have showed two statistical tendencies, totalling 29,570 the first year, 28,763 the second and

ONE OF MOST COLORFUL CHARACTERS OF GREAT WEST DIED YESTERDAY

"Yellowstone Red" Anderson Was Rider of Plains, Mining Prospector and Typical Pioneer of North.

DAWSON CITY, Y.T., May 7.—A. H. "Yellowstone Red" Anderson, one of the most colorful characters of the great West, rider of the plains, mining prospector and typical pioneer of the North, died in a hospital here yesterday.

Anderson was born in Ireland seventy-nine years ago. Coming to Canada, he joined the famous Royal Northwest Mounted Police on its organization, his number on the regimental roster being number three. After a period of service he went to Montana in the early days, and because of his activities in the Yellowstone district of that state, acquired the sobriquet of "Yellowstone Red."

Anderson married a sister of the famous Indian chief, Sitting Bull. He came to the Yukon in the early days of the gold rush and ever since has been engaged in every pursuit from mining to church caretaker. He was a member of the Yukon Order of Pioneers, under whose auspices the funeral will be held.

DISCUSSED ATTITUDE OF MR. FORD TO LOCATION OF A FACTORY AT CORK

Irish Times Says Important Developments May Be Expected in Near Future.

DUBLIN, Irish Free State, May 7.—The adverse attitude of Henry Ford to the location of a factory at Cork was the subject of discussion of President Cosgrave, members of his cabinet and political leaders of Cork today. The president, with Hon. Ernest Blythe, vice-president, and Hon. Patrick McGilligan, Minister for Industry and Commerce, received the deputation of Cork citizens and held a lengthy conference with them as to the situation.

The Irish Times says important developments may be expected in the near future.

35,147 in the nine months ending December 31 last.

Members of Sunday schools have increased about 40,000 in three years, and totalled 619,570 at the end of last year.

IDEALS OF BEAUTY

If you wish to gain them, follow nature's laws—and, above all, this natural rule in skin care which has proved its effectiveness to the world

RIGHT living, right diet and proper exercise are the factors leading experts urge for physical perfection. For skin perfection these experts urge natural ways in skin care.

Thus, on expert advice, the artificial beauty methods of yesterday have largely been discarded.

Foremost beauty authorities have found beauty insurance starts with proper cleansing of the skin. They urge the soothing lather of olive and palm oils as blended in Palmolive as the safe, natural way in skin care. Most of the pretty skins you see today are due to it.

Use Palmolive according to the simple rule here given. Note the difference a

single week will make. It is nature's formula to "Keep That Schoolgirl Complexion."

Start today with this simple care—Note how your skin improves

Wash your face gently with soothing Palmolive Soap, massaging the lather softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream—that is all. Do this regularly, and particularly in the evening. Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away.

Avoid this mistake

Do not use ordinary soaps in the treatment given above. Do not think any green soap, or one represented as of olive and palm oils, is the same as Palmolive. And it costs but 10c the cake! So little that millions let it do for their bodies what it does for their faces. Obtain a cake today. Then note what an amazing difference one week makes.

Do not fail to see Dance Fantasy. Some good seats left for tonight and tomorrow night.

Mrs. Westman wishes to announce that she has moved the Folly Beauty Shoppe to 27 Wolfe St. Phone 2597.

Don't fail to attend Mr. George Legge's illustrated lecture on "Dickens in Picture and Story" in Wesley Hall, Trinity United Church tonight, at 8:15 o'clock. Tickets 35c, Children, 15c.

GOLF
The links are in fair condition and now open to the public (winter rules). The St. Francis Lodge, (formerly St. Francis Golf Club.)

ST. ANDREW'S CHURCH
NOTICES
Tuesday — Women's Missionary Society meets at 3 p.m.
Young Ladies' Aid Society at 8 p.m. with Mrs. W. Howlett as the hostess.

Wednesday — Ladies' Aid Society at 3 p.m. with Mrs. Geo. Robins and Mrs. C. T. Ross as the hostesses.
Young People's Society will put on their play "O-Kay" at 8 p.m. in Church Hall. Tickets 35c.

Thursday — Choir practice at 8 p.m.
Friday — Young Ladies' Society will hold a rummage sale at Market. Wolf Cuts at 6:45 p.m.
Boy Scouts at 7:30 p.m.

IMPROVEMENTS BEING MADE TO SPEARING BUILDING
With the alterations which are being made to the building occupied for many years by the R. J. Spearing Jewelry company, a familiar sight is removed. That is the old out-of-door clock which had for so many years graced the upper part of this building, and had willingly given the time of day to many people.

The Beattie Bros., electric wash-

ing, and are making considerable changes, including the removal of the old clock.

The Spearing firm will take up quarters in one of the ground stores of His Majesty's Theatre building.

IMPORTANT COUNCIL MEETING THIS EVENING
An important meeting of the City Council is expected this evening, when the City Fathers meet at eight o'clock. This is the first regular business meeting to be held by the newly formed City Council, as at the inaugural meeting held following the elections there was not a great deal accomplished in the transaction of actual business.

There are about ten committee reports to be considered this evening, as well as considerable correspondence. It is also understood that the proposed new Aylmer Bridge may come in for some discussion. The meeting as a whole is expected to be a very interesting one.

REV. ALFRED BRIGHT PREACHES FAREWELL SERMON

Rev. Alfred Bright brought his ministry of thirteen years in St. Andrew's Presbyterian Church to a close yesterday, when both morning and evening services were very well attended.

At the morning service, Mr. Bright thanked his congregation for all their goodness to him, for the splendid spirit of co-operation which had always characterized the congregation, the prosperous condition of St. Andrew's, and expressed the wish that the minister who succeeded him would experience the same loyalty and response to leadership.

Mr. Gault Parker, the organist, presided at the organ, and the choir furnished excellent music. The hymns were "The Lord Shall Be Thy Confidence" and "Oh! That I Had Wings Like a Dove", with solo part taken by Mrs. Malcolm MacKay. Miss Della Wilkie was the soloist in the evening, singing "I Would Rather Be A Doorkeeper in the House of the Lord".

At the morning service, the infant daughter of Mr. and Mrs. Norris McGee was baptized, receiving the name of Olive Lillian.

RED CROSS HEALTH POSTER AND SONG COMPETITIONS
The prize winners in the health poster and song competitions recently conducted by the Junior Red Cross of Quebec Province have been announced, and the names of Sherbrooke and Eastern Townships Juniors are prominent on the list.

The prize for the song competition was won by the Kirkdale Juniors, Kirkdale School, Melbourne and honorable mention is given to Alice Wyman, Edgewater Group, Ayer's Cliff.

In the poster competition the

prize winner in the district schools was Gwyneth Nixon, of Silver Star Group, Gore, and honorable mention was given to Margaret Huske, of Gore, Howard Smith, Howard Rogers and Harry MacLeod, of the Willing Workers, Spooner Pond, Richmond, and Charlotte Kerr, Eddy's Helpers, Glenelg.

The winners in grades 7, 8 and 9 were, Eleanor Hatcher, Maple Leaf Group, Cambridge School, Sherbrooke, and Ruby Davis, Jolly Bunch La Tuque (equal). Honorable mention was given to Frank Spain and Beatrice Olsen, Jolly Bunch, La Tuque; John Withall, Jennie Wrubel and Mabel Dearborn, of Maple Leaf Group, Cambridge School (Sherbrooke), and Thomas Richardson, Merry Workers, Escumac.

In grades 4, 5, and 6 the Shawinigan High School Juniors and William Johnson, of Beaver Group, Cambridge School (Sherbrooke) tied for the prize. Honorable mention was received by Mirabel Page, Mabyn Cartwright, Helen Bright and Malcolm Dunsen, Beaver Group, Cambridge School (Sherbrooke) Patricia Cleland, Busy Beavers, La Tuque, and Mary Richardson, Merry Workers, Escumac.

In the French schools Charles Berard, of Pointe aux Trembles Juniors, won the prize, and Herma Breton and Nora Johnson, of the same group, received honorable mention.

The posters submitted by the Shawinigan Juniors were so numerous and so equal in merit that, as they were the best posters sent in, it was quite impossible to choose which was the best, a prize will be sent to the whole group.

SERVICES IN TRINITY UNITED CHURCH

Both services in Trinity United Church were well-attended yesterday. In the morning, the pastor preached on the subject, "Cheer Up, or Christ's Heartiness of God's Fort". The sermon was a study of the passage in which Jesus is recorded as cheering the hearts of men by the use of a verb apparently peculiar to Him in the New Testament Scriptures, and which is uniformly translated in the Authorized Version, "Be of Good Cheer", but might be much more truly represented by the vernacular expression, "Cheer up".

Dr. Lennon pointed out that in every instance of Christ's use of the word, He accompanies the advice to "cheer up" with the statement of grounds for cheer. During the service the choir sang the anthem, "I Will Extol Thee", by Humphrey.

In the afternoon both the Trinity Brotherhood and the Sunday School met in their respective places of meeting, the former which was a somewhat larger gathering than usual, listened to a brief exposition of the Sunday School lesson for the day, and to an address by Mr. Herndon Goforth American Consul, on "The Diplomatic Service of the United States". The address was very informing, and was listened to with great pleasure by the Brotherhood members.

A Gospel Song Service was substituted for the regular form of service in the evening, the hymns used, (of which there were nine or ten), being some of those made familiar to those who attended the recent mission conducted by Captain Tom Best. Three of the hymns were sung as solo, Miss Dorothy Dean, Mr. Ernest Armistead, and Mrs. Geo. Parsons, respectively, being the soloists. In addition members of the choir rendered very effectively as a quintette, the familiar hymn, "From Every Stormy Wind that Blows". The pastor gave a brief sermon on the third theme of the "Christ and Woman" series, dealing with "Christ's Sympathy with Women".

SALVATION ARMY NEWS.
The visit of Brigadier and Mrs. Macdonald and Major Beer to the local Salvation Army corps during the week-end has been an impetus to the members of the Army. Major Beer's rich tenor singing was especially enjoyed. Brigadier Macdonald conducted an enrolment service on Saturday night, a service held by the Army when new soldiers are "sworn in".

On Sunday night several new local officers were commissioned, among them being Albert Spackman as bandmaster; William Sheppard as recruiting sergeant; Mrs. Edgar Bailey as Home League treasurer; Miss Irene MacIntyre, as Company Guard; Jack Townsend as young people's secretary; Jas. Humphries as bandmaster.

Major F. Beer conducted a very successful rehearsal with the band and congratulated the members on their splendid organization.

Next Saturday and Sunday will be known as Mother's Week-end, and the evening service on Sunday will take the form of an altar service in connection with the self-denial campaign.

NEED TO RECOVER SOMETHING OF ANCIENT FAITH

At the morning service yesterday in Plymouth United Church, Dr. Ellery Read preached on "The Divine Renewal". Taking for his text, "Thou renewest the face of the earth" (Psalm 104:30) he referred to the fact that for the ancient Hebrews, as indeed for all primitive peoples, everything in nature was the manifestation of some divine power. Every morning the sun rose obedient to the command of Deity; the procession of the seasons was caused by His direct action. The modern scientific conception of the universe had deprived of this simple interpretation and as a result we had lost something of the poetic beauty which the ancients enjoyed when they looked out and saw God in flower and sun and star. We need to recover some-

thing of the ancient faith, although we would have to retain the scientific explanation of natural processes. Spring brings to us a haunting desire that we might recover this faith.

The Psalmist's faith in God's direct power in nature had a deep significance for the moral life. This God who was operating continuously in nature was also working out His purposes in the race. There were seasons of seeming death in the experience of mankind. Winter, cold and bleak, seemed to have settled down at times on the spiritual life. This was followed by the Divine renewal. Again and again this had happened, rebuking doubt and pessimism. There was a great deal of doubt today concerning the spiritual progress of the world. On every hand there are those who tell us that the world is fast hastening towards spiritual death and death. These prophecies ignore God and history. The speaker quoted from some of Woodworth's sonnets, written in 1802, in which the same kind of pessimism found expression, and pointed out that the great poet's fears were rebuked by subsequent events. Premier Baldwin had recently sounded the true note of optimism in bidding us to look forward to a world in which the Kingdom of God would spread over the whole world. It is given to every man to have a part in this consummation, if he labors in faith and hope.

The choir sang Maunder's hymn-anthem, "O Worship the King", in which the congregation joined with fine effect.

At the evening service the subject of address was "The Perils and Privileges of Leisure". The choral service included the anthem, "More Love to Thee, O Christ" (Schnecker) and Mrs. Hubert Armstrong gave a very effective rendering of the solo, "O Dry Those Tears".

TOC-H MEETING TOMORROW NIGHT

A meeting of the Toc-H members will be held tomorrow night at eight fifteen o'clock. This meeting will take the form of "Clean-Up" gathering, as the members will move to their new headquarters, Cliff Road.

TRINITY UNITED CHURCH WEEKLY BULLETIN

Monday, 8:15 p.m. — Illustrated lecture, "Dickens in Picture and Story" by Mr. Geo. Legge, editor of the Granby Leader-Mail, in Wesley Hall. Tickets 35c, Children 15c.

Tuesday, 8:30 p.m. — Women's Auxiliary meets with Mrs. W. Dobb, 75 Campbell Street.

8 p.m. — Social evening of the Ladies' Circle in Wesley Hall. Husbands and friends of members invited.

Wednesday — Mid-week service cancelled.

Thursday, 8 p.m. — Brotherhood Carpet Bowling in Wesley Hall.

H-I-Y SONG SERVICE

Last night a goodly group gathered again at the Y.M.C.A. for the weekly H-I-Y song service, and some splendid singing was carried through under the leadership of Mr. G. S. Sampson. During the course of the evening Mr. G. C. Walker, physical director, gave a talk on the "Great-est of all machines, the human body."

A suggestion was made that the first community sing song be opened on or about May 24th, and efforts will be made to have the co-operation of all those interested in community singing at that time.

ANOTHER SHIPMENT OF PURE-BRED PERCHERON HORSES ARRIVES

Another shipment of purebred Percheron horses arrived here on Saturday from the United States. It is Mr. R. O'Donnell's third importation of the big drafters this year.

A January purchase of eight stallions from Indiana and Illinois was double Mr. O'Donnell's 1927 investment in four stallions. Again in March he bought three Percherons from the "Cornbelt" region. The latest shipment includes three mares and four stallions secured from six breeders in Illinois, Indiana, and Missouri.

On his way home Mr. O'Donnell stopped in Chicago and called at the offices of the Percheron Society of America. He found Secretary Ellis McFarland busy getting out the fourth buyers list of the year. Since January 1 the society has received more than 1,000 inquiries from persons wanting to purchase purebreds. These include fifty from Canada and also represent forty-five states, England, and South Africa.

Some of the unusual horse interest in the United States is due to the existence of a real and growing shortage of young breeding stock. The horse population has dropped twenty-five per cent in eight years, and the foaling rate has declined fifty per cent.

Mr. O'Donnell bought the black mares, Marie, Ribbon, and Ruth; two black stallions, Cap and Roland; and two grey stallions, Perfection Boy and Brilliant II. These are all young horses, the oldest being a seven-year-old, and they are all of quality ancestry.

SUN LIFE REPRESENTATIVES HELD CONVENTION HERE

Keen interest and enthusiasm were the predominating features of the all-day week-end convention of the Sun Life representatives, which was held in this city. Sessions were held both morning and afternoon in the Chateau Frontenac, attended by about twenty-five Eastern Townships representatives. The division manager, Mr. David T. Diplock, presided, while head office was represented by Mr. George Burke, of the actuarial department, and Mr. V. B. Harris, inspector of agencies. Reference was made to the fact that the month of April, 1928, was the greatest April in the history of the division from the point of business produced. The phenomenal growth of Sun Life business throughout the world was commented on and the day was generally given over to matters pertaining to the welfare of the company's policyholders.

In the evening a banquet was held

in the New Sherbrooke Hotel, the chief speakers for the occasion being Mr. George H. Harris, supervisor of the field service bureau of the Sun Life of Canada.

A very pleasant feature on the programme was a presentation to Mr. A. G. Cherrier, divisional secretary, who is shortly to enter a new field of service with the company with headquarters in Cairo, Egypt. Mr. R. Becker, in making reference to Mr. Cherrier's departure, stated that it was generally the custom to refer to a man's past but on this occasion he was going to attempt to provide Mr. Cherrier with a slight conception of his future life and thereby presented him with a cleverly executed caricature, showing Mr. Cherrier amongst typical Egyptian surroundings wending his way towards Sun Life headquarters in Egypt. A very appropriate cigarette case accompanied more serious reference to Mr. Cherrier's departure and regret was expressed by all present that it was necessary for such a valued member of the staff to depart. Mr. Cherrier replied briefly and referred to his sojourn in the Eastern Townships, as filled with pleasant incidents and happy recollections.

STOLEN CAR RECOVERED AT LENNOXVILLE

A McLaughlin sedan belonging to Mr. J. Rosenbloom, of this city, and apparently stolen from the garage in the rear of Skinkers Store on Friday night last, was recovered in Lennoxville on Saturday.

As this is the second car which has been taken and later recovered in Lennoxville, it is thought that the machines have perhaps been temporarily "borrowed" by some party who wanted a ride to Lennoxville, after having spent the evening in Sherbrooke.

PLYMOUTH CHURCH UNITED CHURCH OF CANADA WEEKLY BULLETIN

Tuesday, 8 p.m. — Y.P.S. in Plymouth Hall. Inter-society debate with Trinity Church Y.P.S. "Resolved that music has exercised a greater influence than oratory."

SCIENCE GIVES WINGS TO INDUSTRY, and Mining becomes big business

OUT back of beyond, burrowing and tunnelling, boring and blasting earth's riches from her deep hidden storehouses, the miners toil. Directing them is the field staff, managers, inspectors, foremen, time-keepers. At headquarters in the distant city the executive officers of the mining corporation are at their desks, in touch with the banks, with the markets, studying alertly the ever changing conditions of the industry.

Long Distance is the liaison officer between headquarters and the front line, at the mines.

Emergencies arrive, inevitably. Instant contact between mine and office becomes imperative. No time to write. Messages must reply must conquer delay. Minutes may mean millions.

Long Distance does it.

Canada possesses the largest partially developed mining area in the world. To complete its development, that the Canadian people may realize to the fullest extent upon the wealth close held in their country's

mineral deposits, some medium of constant immediate communication between mine and executive offices, over thousands of miles of barren country, is essential.

Long Distance supplies that medium.

Even in its present embryo state as a producer of minerals, Canada leads the world in annual output of nickel and asbestos, mines more silver, copper and zinc than any country within the Empire, and stands third in the world in gold production.

In 1880 when The Bell Telephone Company of Canada was organized, the country's total mineral production was valued at \$15,000,000. In 1926, the value was \$241,773,000. The actual coal reserve is officially estimated at 414,193,000,000 tons.

Adequate development of these vast resources depends largely upon speed. The Bell Telephone Company co-operates with industry to annihilate time in communication. Long Distance connections are made now more rapidly than was possible a year ago. Still greater speed is the goal of our constant striving.

In 1928, we expect to connect 135,000 telephones, which will mean a net increase of 40,000 telephones in service.

In Quebec and Ontario there are more than 2,100,000 miles of Bell Telephone wires; enough to girdle the globe more than eighty times—and 1,400,000 miles are under ground.

BOY SCOUT NEWS

Hike Held Saturday
A large number of Cubs turned out on Saturday for the regular hike of the Second Sherbrooke Pack, and in charge of Akela and Bagheena the party proceeded to their destination on the Brompton road, where baseball, football and other games were played.

Later in the afternoon fires were lit and supper cooked following which the hiking party commenced the return trip, arriving home at dusk. All present reported a good time.

Meeting Tonight

The regular meeting of the Second Pack will be held tonight at the Bank street headquarters commencing at seven o'clock sharp.

BADGE WORK MAIN FEATURE AT 2ND TROOP MEETING

A well-attended meeting with badge work as the main feature was held by the 2nd Troop on Friday evening last. Scouts Kerwin O'Boyle and I. Cutler were successful in passing the Fireman's badge which is a King's Scout badge, while other scouts made fine progress in this direction. Troop Leader Jay Thissen conducted a practice for the athletes' proficiency badge, and has a large list containing the names of scouts desiring to pass the tests involved. A. S. M. Brown, low conducted a class for the Cyclists' badge, while A. S. M. Marasine and A. C. M. Sjolander were in charge of large group trying for the second class badge. A. S. M. Waller took the names of boys wishing to participate in the Trussler shield competition on May 24th. A. S. M. J. W. Blake was in charge of the proficiency badge class, and conducted the examination for the Fireman's badge. The patrol competition is being carried on very enthusiastically, with the Beaver patrol still in the lead, the Wolf patrol second, Eagles' third, and Lynx fourth. A promotion was announced for the Eagle patrol with Arnold Pearson receiving the rank of patrol leader, succeeding Troop Leader Jay Thissen. A brief rehearsal of concert items was another feature of the meeting.

Scoutmaster Giovetti exhibited to the troop several friction fire sets, which were distributed to boys wishing to practice for entry into the Trussler shield competition. These sets were specially designed by the Scoutmaster, and A. S. M. Waller demonstrated the good quality of the sets by securing a fire in thirty seconds, which is considered excellent time. A. S. M. Blake announced the various items on the programme. Games were led by Leaders J. Thissen and M. Marasine.

The 2nd Troop will meet Wednesday instead of Friday. On account of the leaders attending the annual Provincial Scout leaders' conference being held in Three Rivers on Friday and Saturday of the coming week, the regular meeting of the 2nd Troop will be held on Wednesday instead of Friday evening. Patrol leaders are requested to advise the members of their patrols accordingly. A recent splendid accomplishment made by patrol leader Gregory O'Boyle is announced.

FINAL RESPECT YESTERDAY TO MRS. O. G. LEWIS

Service Held at Church of Advent, With Rev. Canon Bigg Officiating—Lesson Was Read By The Lord Bishop Of Quebec—Remains Laid To Rest In Elmwood Cemetery.

The funeral of the late Mrs. O. G. Lewis, wife of the pastor of the Church of the Advent, and before her marriage Dorothea Agnes Lillian Gray, of this city, was held from her late residence, Elkins Avenue, yesterday afternoon. Following family prayers at the house, the service was held in the Church of the Advent at two-thirty o'clock. The number of friends who gathered to pay their final token of respect to one who was held in love by each one of her church, as well as by her large circle of friends, proved so great that the little church could hardly accommodate all those who wished to attend the service.

The service was conducted by Rev. Canon H. R. Bigg, rector of St. Peter's Church, assisted by Dr. A. H. McGreer, principal of Bishop's University, Dr. F. G. Vind, also of Bishop's University, and Rev. Mr. W. H. Cheverton, of St. Paul's Mission. The Lord Bishop of Quebec, the Right Rev. Lennox Williams, D.D., was also present at the service, and read the lesson. The church choir, with Mrs. James Wark at the organ, was in attendance, and during the service rendered "Jesus Lives" and "The Peace Perfect Peace".

The pall-bearers were Messrs. E. W. Farwell, Harry Lawrence, J. T. Morkill, Arthur Price, C. Bryant and Dr. H. D. Bayne. The bearers were Messrs. T. Keeley, W. Sharp, B. Sargent, N. Price, J. Wark and S. Bachelder.

Following the service the remains were conveyed to Elmwood Cemetery, where they were laid to rest, the grave being hidden under the numerous and very beautiful floral tributes which had been received from friends and relatives of the deceased.

The late Mrs. Lewis was held in very high regard by the congregation of the Church of the Advent. She was at all times a great help to her husband, and always took a keen interest in all the activities of the church. Her death, after a short illness, has come as a great shock to her many friends, and her absence from church circles will be keenly felt.

ed in that this scout has secured one of most difficult proficiency badges in the book, the Signallers' badge.

1st Sherbrooke Troop Held Hike.
The 1st troop of scouts held an all day hike on Saturday last, with a ninety per cent attendance of boys. Leaving the headquarters at 9:30 a.m., and hiking to Mr. Beattie's farm on the Lennoxville road, where a suitable spot was selected for class work and games. Class work was held for second class fire lighting and cooking, while several tried for first class signalling and the signallers' badge, after which a break was made for lunch. In the afternoon games were played, the most popular being relay racing and staking games. The troop left for home at four forty-five, after having had a very enjoyable time and a good day's scouting. The troop was in charge of A.S.M. Harold Bench, and Acting Troop Leader leader Gregory O'Boyle is announced.

SOME GOLFERS WERE PLAYING ON SATURDAY

Country Club Members Are Not Using Their Course Yet, Although At St. Francis And Lennoxville Several Holes Are Being Used With Temporary Greens—Warm Sun Is Needed To Dry Out The Courses.

Some optimistic golfers were out on Saturday and Sunday with their clubs, looking around for some place to play their favorite game. The Sherbrooke Country Club was out of the question. The frost is not yet out of the ground, and playing on any part of the course is still impossible, although with some warm sun it is expected that before long playing will be possible at least on some of the holes and with temporary greens.

At the St. Francis Lodge six holes were in use and were much in demand both Saturday and yesterday, while member of the Lennoxville course were able to play on the first four holes. All courses are quickly drying up, however, and all that is needed is warm weather. Golf, however, is much later this year than formerly.

On all courses play was confined to temporary green. It is not likely that club members will get on permanent greens for some time yet.

Reports from the greens committees of the various clubs indicate that all the courses have wintered well. The early growth of turf has shown little signs of kill.

SIX AMERICANS WERE ARRESTED EARLY SUNDAY

Raid Made On Home Of Stella McGinnis At Stanstead Resulted In Seizure Of Four Dozen Bottles Of Beer—Six Vermonters Pleading Guilty To Charge Of Being Inmates.

Four dozen bottles of beer were seized by Deputy High Constable J. H. A. Genest and three assistants at the home of Stella McGinnis, at Stanstead, early yesterday morning, and six American citizens from Newport Vt., were arrested under the new amendment to the Quebec Liquor Act, whereby patrons of blind pigs are liable to arrest and fine, and brought to this city. The six men will appear before Judge J. H. Lemay in the Magistrate's Court on Wednesday next.

Stella McGinnis, the proprietor of the house, was not arrested.

HAD BEEN WATCHING PLACE FOR SOME TIME

(Special to the Record.)
STANSTEAD, Que., May 7.—Provincially officers from Sherbrooke swooped down on an alleged bootlegging place in this village during the early hours of Sunday morning. The place in question was commonly known as "Stella's" (Stella's), and it is understood the Provincial officers had been watching it for some time.

According to reports six American citizens of Newport, Vermont, were in the place at the time and were arrested and taken to Sherbrooke.

As the result of an amendment to the Quebec Liquor Laws at the last session, the patrons of illegal liquor places are liable to arrest and penalty, and it was under this clause that the Vermonters were taken into custody.

This new regulation, it is expected, will materially assist the officers in closing illegal liquor places and particularly so along the line where these are supported largely by patrons from across the border. Under the new law they are liable to be arrested and transferred to the city jail at Sherbrooke.

License Tavern at Rock Island Busy.

Since the granting of the beer and wine license at Rock Island this border community is quite wet enough without resorting to the boot-legger. According to reports a big business is being done at the new tavern. Under arrangements, it is said, between the proprietor and the provincial authorities, a provincial policeman is in attendance to see that good order prevails and that the laws are observed.

It is after the close of the license tavern that the boot-legging places look for their patronage.

CITY BRIEFLETS

WINNERS IN I.O.D.E. RAFFLE.
The drawing for the shawl and five-dollar gold piece which were raffled by the I.O.D.E. in aid of a young boy, took place at the Premier Theatre on Friday evening. Miss Cecile Loranger won the shawl, with number eighty, and Miss Cecile Guillette, of Knowlton, the gold piece with number seventy. The raffling was in charge of Mr. Albert Rier, and the numbers were drawn by a member of the orchestra.

Social And Personal

Mr. Steve Aldrich, London street, has gone to River Bend, where he has taken a position.

Mr. and Mrs. Earl Campbell Kerr are spending a few days in Quebec City, guests at the Chateau Frontenac.

The local B.P.O.E. lodge is holding an "at home" at its club rooms, Wellington Street North, on Wednesday evening next, commencing at eight o'clock sharp.

Mr. and Mrs. C. Z. Southard, of Groton, Mass., and Miss Harriet Johnson, who have been abroad for some months, are guests of Mr. and Mrs. J. T. Morkill on their way home.

Mrs. S. L. Gilson and daughter, Miss Laura McCann, of Waterville, returned home yesterday after spending the past few days with Mr. and Mrs. E. E. Gilson, London Street.

Mr. and Mrs. Hillard, Laurier Avenue, entertained at a delightful surprise party for Mr. Fred Rousseau last Thursday, on the occasion of his birthday. About thirty guests were present, and the evening was spent in dancing and cards. Music was provided by Mr. Giff and Mr. Northey, and cards were played at three tables. The ladies' prizes were won by Mrs. G. M. Boyd, first, and Miss Gerda Sjolander, consolation, and the gentlemen's prizes by Mr. Rousseau, first, and Mr. Pilgrim, consolation. Dainty refreshments were served by the hostess, assisted by Miss Doris Hillard and Miss Pilgrim.

A very successful afternoon tea and food sale was held Saturday afternoon by the ladies of St. Peter's Church for the Y. W. C. A. in the Y. W. C. A. Assembly Hall. The guests were received by Mrs. B. C. Howard and Miss K. E. Steacy. Mrs. G. S. Thomson and Mrs. A. E. Wiggert poured tea. Mrs. D. J. Salls, Mrs. W. R. Moore and Miss M. L. Wilson were in charge of the tea, assisted by Miss Edna Salls, Miss Naomi Ward and Miss Ruth Genge. Mrs. David Wilson and Mrs. Harkness had charge of the food sale. The ladies of St. Peter's Church offer their hearty thanks to all who helped to make the affair a success.

MARRIAGES

ARMSTRONG—ROARKE.
A quiet wedding was solemnized at St. Andrew's Manse on Saturday evening, when Miss Grace Evelyn Roarke, of Sherbrooke, became the bride of Mr. Elmer Roberts Armstrong, of Rock Forest.

The bride was attended by her sister, Mrs. R. A. Larabee, and the groom was supported by Mr. Raymond A. Larabee. The ceremony was performed by Rev. Alfred Bright, minister of St. Andrew's Presbyterian Church.

GOODFELLOW—McNALLY

On Thursday, April 26th, a very quiet but pretty wedding took place at St. Andrew's Manse, Rev. Alfred Bright, officiating, when Miss Martha McNally, of Sherbrooke, was united in marriage to Mr. Colin Goodfellow, of Prompton.

The bride was prettily gowned in periwinkle blue charmine, with grey hat and shoes to match. She carried a bouquet of bridal blush roses. The bridesmaid was Miss Alberta Campbell and the best man Mr. John MacNelly, brother of the bride, both of Sherbrooke.

After the ceremony Mr. and Mrs. Goodfellow left on the Canadian National Railway for Montreal.

Mr. E. L. Stewart-Patterson, of Toronto, was in town over the weekend.

Mrs. John Griffith, of Montreal, is the guest of Mrs. John Leonard, Montreal Street, for a few days.

Mrs. Gerald Wiggert and her daughter, who have spent the winter in Moline, Ill., have returned home.

Rev. James Greer, B.A., minister of Knox Church, Campbellford, Ont., will conduct the services in St. Andrew's Presbyterian Church next Sunday.

Mr. and Mrs. C. A. McCoy, of Lowell, Mass., who are at present stopping in Montreal, were weekend guests of the former's cousin, Mr. E. E. Gilson, and Mrs. Gilson, London Street.

A message received from Mr. Gustave DesRuisseux, of this city, who has been spending the past few months in San Diego, Cal., states that he is enjoying the climate there very much. He expects to be home shortly.

Friends of Miss Beatrice McKee, Montreal Road, will be sorry to learn that it was necessary to perform a second operation on Saturday morning. Miss McKee is as well at present as can be expected.

The Lord Bishop of Quebec, the Right Rev. Lennox Williams, D.D., was the guest yesterday of Canon and Mrs. H. R. Bigg, Montreal street. His Lordship was present at the morning service at St. Peter's Church, yesterday, and also officiated at the funeral service of the late Mrs. O. G. Lewis.

FIRST CLUE TO FATE OF CREW OF FERRY BESSEMER

Message Found Enclosed In Tiny Bottle Says Ship Went Down Fifteen Miles Southwest Of Port Stanley.

(Canadian Press Despatch)
ST. THOMAS, Ont., May 7.—Enclosed in a tiny bottle, the first clue to the fate of the car ferry Bessemer was discovered on Port Stanley Beach yesterday. The message, written in pencil on a hastily torn scrap of magazine cover, was browned with age and almost illegible. It stated that the Bessemer was sinking fifteen miles southwest of Port Stanley.

The Bessemer went down during a terrific gale in the early morning of December 9, 1909. Not a man of the crew of twenty-eight was saved. It has since remained one of the unsolved tragedies of the Great Lakes. The message in the bottle is the first word of the crew since they left Conneaut, Ohio, the day before the tragedy.

It had generally been believed that the Bessemer sank off Port Talbot, about six or seven miles from Port Stanley. Distress signals were sent in the night. The message gives a different location to the wreck.

An investigation is being made to ascertain, if possible, if the message is genuine or only a hoax.

M'GILL WILL GRANT DEGREE TO GRENFELL

Founder and Superintendent Of International Grenfell Association Will Receive Honorary Degree Of Doctor Of Laws From McGill On May 30th.

MONTREAL, May 7.—(By Canadian Press)—Dr. Wilfred Grenfell, founder and superintendent of the Labrador Medical Mission, Labrador, now the International Grenfell Association, will receive the honorary degree of doctor of laws from McGill University on May 30. The university intends conferring the de-

gree on Dr. Grenfell, who is one of the best known missionaries in the world, in recognition of the great service he has rendered to the population along the Atlantic coast of Canada and to Newfoundland in establishing and maintaining for many years past a series of hospitals and nursing homes, and in many other ways rendering much needed and most valuable help and educational assistance to a people previously largely neglected; and also for the services which he has rendered in making known to the world the resources of the Labrador coast and the possibilities of its future development.

Others who will be honored by McGill University on the date mentioned include Rev. Dr. H. J. Cody, rector of St. Paul's Anglican Church, Toronto, former Minister of Education for the Province of Ontario, who will also receive the honorary degree of doctor of laws. A similar degree will be conferred on George Liles, author, New York, formerly of McGill University.

NON-POLITICAL MINERS UNION IS NOT FAVORED

(Associated Press Despatch)
LONDON, May 7.—The five day ballot of 50,000 miners of the Nottinghamshire coal field, organized by the council of the Trades Union Congress to decide for or against the non-political union founded by G. A. Spencer, Labor member of the House of Commons for Broxtowe, last July, and with which the mine owners had entered into a special agreement, has resulted in an overwhelming majority against the Spencer movement.

A few weeks ago the secretary of the miners non-political union received a letter signed "a gunman on the move, threatening the lives of the secretary, treasurer and founder of the movement, owing to their 'treachery and betrayal of the workers of the world.' The letter recalled the assassination of Sir Henry Wilson in 1922, and stated that "better a few die than millions suffer."

When You Travel . . . Carry a Bank Account

WHEREVER business or pleasure may take you—throughout Canada, the United States, Great Britain, or even remote countries, you will find a Letter of Credit, issued by this Bank, a travelling bank account.

With such a Letter of Credit you can draw money almost as easily as you can cash a cheque at a bank in your own home town.

Letters of Credit are sold at all branches of this Bank. The rates are low.

***** DEATHS REPORTED *****

MR. AND MRS. OREN R. COATES, EATON CORNER.

EATON CORNER, Que., May 7.—After an illness of short duration from pneumonia, Mr. and Mrs. Coates passed away at their home here. Mrs. Coates' death occurring on Monday, March 26th, and Mr. Coates' during the night of March 29th.

Although everything was done that could be by doctors, nurses and loving friends, nothing availed to counteract the dread disease.

Alice Lorinda Coates, born June 12th, 1860, was the daughter of the late Erasmus Coates and his wife Lorinda Wason.

Oren Robert Coates was the son of the late Sylvester Coates, and his wife, Sarah Mitchell.

Mr. and Mrs. Coates were born and lived in the vicinity of Birchton, Que., until eight years ago last October when they sold their farm and moved to Eaton Corner, where they purchased a home and last summer they completed a fine

new house, where they were residing at the time of their decease.

Mr. and Mrs. Coates are survived by their daughter and son-in-law, Mr. and Mrs. Walter Weston, of Birchton, and one son, Archie, who resided with his parents, also one grandson, Master Sterne Weston.

Mrs. Coates' two brothers predeceased her some years ago, her nearest living relatives being nieces and nephews, and one aunt, Mrs. Hodgman, of Birchton.

Mr. Coates leaves besides his children, one brother, Mr. Horace Coates, of Birchton, and one sister, Mrs. William Cook, of Cookshire; two brothers and two sisters having died when quite young.

The funeral services were held at their late residence and were conducted by their pastor, Rev. G. Perrigard, who delivered comforting messages to those who were left to mourn. The Birchton quartette, with Mrs. C. Picard as organist, sang very sweetly the same hymns being used at both services.

Interment was made in Eaton Cemetery, the same friends and neighbors acting in the capacity of bearers on both occasions, namely, Messrs. Elbert Phelps, J. G. Hall, Irwin Glen and George Merrill. Beautiful floral tributes were given by the family, the Ladies' Aid of which Mrs. Coates was a member and other friends.

Mr. and Mrs. Coates were highly respected residents and will be much missed in the community.

MR. J. T. HOWE, EAST HEREFORD, QUE., May 7.—There passed away in Hereford, in the 60th year of his age, an old and respected resident in the person of Mr. Jack T. Howe, after a very brief illness. Few people have done so much toward making the life of a settlement as he. Being related to almost every family in Hereford, he took an interest in all their joys and sorrows. He smoothed the pathway of many in the day of trouble. His kindness toward the aged and the orphans was remarkable, in many cases taking them to his own home for a few days of rest.

In 1883 he married Lillian Bolton, and of this marriage were born three sons and three daughters. One son and one daughter predeceased the father. A widow, two sons and two daughters and twelve grandchildren, as well as a large circle of friends, are left to mourn his loss. He was a member and staunch supporter of the Anglican Church and took great interest in the care of the cemetery.

MR. ISRAEL LIBBY, BROME, QUE., May 7.—The funeral of the late Mr. Israel Libby was held in St. John's Church of Wednesday afternoon, Rev. Wm. Gedge, incumbent conducting the service, was largely attended by sorrowing friends and neighbors.

His remains were carried to their last resting place in St. John's Cemetery by four of his near friends and neighbors, Messrs. H. Hunt, Fred Spencer, Galen McCloy and Charles Oustin.

The hymns "When Our Heads Are Bow'd With Thee" and "Nearer My God To Thee" were sung by the choir. The casket was laden with many beautiful floral emblems, tokens of love and esteem given by his many friends.

Mr. Libby was stricken with a paralytic stroke while speaking with one of his neighbors in the yard on Sunday afternoon, April 29th and only lived a few hours after the attack, when he passed peacefully away at eight o'clock.

Mr. Libby was a kind neighbor and a just and upright man in all his dealings, who will be sadly missed in the neighborhood.

He leaves to mourn his loss his widow and aged sister, Miss Eliza Libby, who lies seriously ill at his home, besides other relatives and a large circle of friends.

MRS. S. MOONEY, BOLTON PASS, BOLTON, QUE., May 7.—The late Mrs. S. Mooney whose death was reported in the Record recently, was born in 1953 at Call's Mills, where her childhood days were spent, later going to Massachusetts, where she remained until a few months before her marriage to Mr. Stephen Mooney, of this place, son of Mr. John Mooney, Sr. Mr. Mooney purchased the land of Mr. David Cousins and built his house, where they commenced their married life, and where their two children, very young Burnam, the only son, died of acute appendicitis at the age of sixteen years. The daughter, Blanche, now Mrs. John Badger, resides at the Pass. Mr. Mooney sold his farm fourteen years ago to Mr. Grayson Cousins and bought the farm where he now resides from Mr. Hemingway.

The late Mrs. Mooney had been in her usual health until three years ago, when, not feeling very well, she consulted a doctor, who pronounced her trouble cancer. She underwent a very painful treatment for the same, and, as well as the family, were in hopes it was a success. Last year she was taken ill again, and on being examined the disease was so far advanced that there was no hope for her. She was able to be up about her house most of the time, although a great sufferer. Her daughter, Mrs. Badger, who lives near, came after her mother to spend Easter with

new house, where they were residing at the time of their decease.

Mr. and Mrs. Coates are survived by their daughter and son-in-law, Mr. and Mrs. Walter Weston, of Birchton, and one son, Archie, who resided with his parents, also one grandson, Master Sterne Weston.

Mrs. Coates' two brothers predeceased her some years ago, her nearest living relatives being nieces and nephews, and one aunt, Mrs. Hodgman, of Birchton.

Mr. Coates leaves besides his children, one brother, Mr. Horace Coates, of Birchton, and one sister, Mrs. William Cook, of Cookshire; two brothers and two sisters having died when quite young.

The funeral services were held at their late residence and were conducted by their pastor, Rev. G. Perrigard, who delivered comforting messages to those who were left to mourn. The Birchton quartette, with Mrs. C. Picard as organist, sang very sweetly the same hymns being used at both services.

Interment was made in Eaton Cemetery, the same friends and neighbors acting in the capacity of bearers on both occasions, namely, Messrs. Elbert Phelps, J. G. Hall, Irwin Glen and George Merrill. Beautiful floral tributes were given by the family, the Ladies' Aid of which Mrs. Coates was a member and other friends.

Mr. and Mrs. Coates were highly respected residents and will be much missed in the community.

MR. J. T. HOWE, EAST HEREFORD, QUE., May 7.—There passed away in Hereford, in the 60th year of his age, an old and respected resident in the person of Mr. Jack T. Howe, after a very brief illness. Few people have done so much toward making the life of a settlement as he. Being related to almost every family in Hereford, he took an interest in all their joys and sorrows. He smoothed the pathway of many in the day of trouble. His kindness toward the aged and the orphans was remarkable, in many cases taking them to his own home for a few days of rest.

In 1883 he married Lillian Bolton, and of this marriage were born three sons and three daughters. One son and one daughter predeceased the father. A widow, two sons and two daughters and twelve grandchildren, as well as a large circle of friends, are left to mourn his loss. He was a member and staunch supporter of the Anglican Church and took great interest in the care of the cemetery.

MR. ISRAEL LIBBY, BROME, QUE., May 7.—The funeral of the late Mr. Israel Libby was held in St. John's Church of Wednesday afternoon, Rev. Wm. Gedge, incumbent conducting the service, was largely attended by sorrowing friends and neighbors.

His remains were carried to their last resting place in St. John's Cemetery by four of his near friends and neighbors, Messrs. H. Hunt, Fred Spencer, Galen McCloy and Charles Oustin.

SPORTING NEWS

M. TURNER WAS
HIGH MAN FOR
TATE SHIELD

Scored Nineteen Points With Four Firsts And One Second—Norman Welsh And Douglas Cross Tied For Second Place.

The eleventh annual Tate Shield competition was run off at the Y.M.C.A. on Saturday afternoon. Malcolm Turner won the competition, his score being nineteen points, with four firsts and one second. Norman Welsh and Douglas Cross tied for second place with nine points each. The other scoring were Glen Guild, seven points; H. Prestwich, six; and John Blue and Gerald points each.

In all the events, except shot put, where he came second, and swimming, where he did not place, Turner had an exceptionally strong lead, and his standing was never endangered. Guild, who is somewhat new to indoor athletics, showed up well in the shot put and broad jump.

The events and standing follow:

High jump—Turner, 4 ft. 8 in.; Welsh, 4 ft. 7 in.; Prestwich, 4 ft. 7 in.; Cross, 4 ft. 7 in.

Potato race—Turner, 31 3-5 sec.; Welsh, 33 1-5 sec.; Cross, 33 4-5 sec.; Blue, 33 4-5 sec.

Shot put—Guild, 42 ft.; Turner, 39 ft. 1 in.; Prestwich, 37 ft. 8 in.; Welsh, 36 ft. 4 in.

Broad jump—Turner 16 ft. 9 in.; Guild 15 ft.; Barlow, 14 ft. 11 1-2 in.; Prestwich, 14 ft., 11 1-2 in.

440 yard race—Turner 66 4-5 sec.; Barlow 70 3-5 sec.; Cross 72 sec.; Blue, 75 sec.

Swimming four lengths of "Y" tank—Cross, 31 sec.; Welsh, 32 sec.; Blue, 40 1-5 sec.; Prestwich, 43 2-5 sec.

In the meet, three of the records since 1925 were broken. The following is the list of records as at present:

High jump—B. Montgomery, 5 ft. 1-2 in., 1925.

Potato race—M. Turner, 30 1-2 sec., 1927.

440 yards—C. Hammond 65 sec., 1927.

Running broad jump—M. Turner, 16 ft. 9 in., 1928.

Shot put—G. Guild, 42 ft., 1928.

Four lengths "Y" tank—D. Cross, 31 sec., 1928.

(Continued from page 8.)

game, he turned aside shot after shot from all angles to disappoint the visiting sharpshooters, who were certainly driving in some wonderfully well-placed shots. Blair, a new inside left, and Hamilton, a new half, being the most deadly. With the exception of Taylor, outside right, and A. Lowder, outside left, as well as Blair and Hamilton, the maroon and gold squad lined up similar to last year.

It was San Hyde, veteran centre man, who called up Magog's first count. There was no doubt about it, the Textile team certainly deserved a goal in the first frame. The referee, who handled the game absolutely impartially throughout, gave the visitors a penalty kick when Wooton, stopping a kick, accidentally struck it with his arm, "hands" taking place about fifteen yards in front of the Triangle net. Instead of getting back into position, Wooton tried to impress the referee that the ball had struck him on the chest and pointed to a mark on his white shirt to prove it. Anyway Mr. Lavers put the ball into play just as P. Rice was walking towards him. Lovther took the kick and drove the sphere straight for the nets. Hyde, who was waiting for it uncovered tapped the ball past Styles for the first count.

While Magog had the best of the play during the opening stanza, it did not mean that the Y boys did not get in touch with the maroon and gold nets. On the other hand, they did, frequently enough to prevent the game becoming too one-sided, and Sendell, the visiting tender, was called upon on several occasions to block shots from the hard-shooting Y forwards. Four of the Triangle forwards were for the first time seen wearing the "Y" insignia. Westlake, Hayes and Stemp, on the half line, made their first bow to a Sherbrooke audience, while Larry Jolner, former Regiment man, played outside right for the Triangle squad.

In the second half the locals certainly put up a good brand of football for the opening encounter of the season. Magog did not fall down far from it. But the Sherbrooke apparently awakened to the fact that they were one goal to the bad and had to unwork a fast brand of soccer if they were to "bring home the bacon." The Y attacked with the resumption of play and, with the wind at their backs, swept down the field, rolling back the opposing forwards in confusion. They worked right in on top of Sendell, and Hammond tallied on a well-placed shot. Twice more did the local boys force their way into Magog territory, and twice more did Hammond send the sphere past the visiting goalies' outstretched hands into the goal mouth before the final whistle which found the Y holding the big end of a 3 to 1 score.

The line-up:

Y.M.C.A. goal Magog
Stoyles back Sendell
Wooton back Hall
Pierce back Walley
Westlake half Hamilton
Hayes half T. Lowder
Stemp half Hawley
Joiner out. rt. Taylor
Hammond in. rt. Jackson
Hayes centre Hyde
Robertson in. lt. Blair
Alfred out. lt. A. Lowder
sub Cole
Fleming

Referee, Mr. R. Lavers.
Q.C.R. and Y.M.C.A. in Title Contest Tuesday.

The Quebec Central Railway football team and the Y.M.C.A. players will meet in a sudden death contest tomorrow night to decide the 1927 E.T. Association championship. Owing to the unusually heavy schedule last season these two teams were unable to meet in the deciding tilt, and the contest was postponed until this spring. The game will commence at 6.30 o'clock sharp.

TENNIS

AUSTRIA WON DAVIS CUP CONTEST

(Associated Press Despatch)
VIENNA, May 7.—The Austrian Davis Cup team advanced to the second round yesterday by defeating the Philippines in the doubles. Count Salm and Artens, of Austria, won a hard-fought five set victory over Arragon and Igtay, of the Philippines, 6-2, 4-6, 11-3, 6-0, 6-3. The Austrians had already won the first two singles matches.

SPORTING NOTES

INTER-SUNDAY SCHOOL ATHLETIC MEET.

On Saturday, May 12th, the tenth annual Inter-Sunday School athletic meet will be held at the Y.M.C.A., with teams entered from Lennoxville, Presbyterian, Trinity, Plymouth and St. Peter's churches. This meet has always meant a great deal of interest for Sunday School scholars and superintendents and teachers, and the 1928 meet promises to be as interesting as any preceding it. The events will start at 7.30 p.m.

and should be reviewed. The move came as a great surprise, as the case had been considered "closed," and up to that time there had been no public criticism of the agreement.

Senator Carter Glass, of Virginia, who was Secretary of the Treasury when the so-called Couzens tax case was closed by Commissioner Roper, was aroused by the action of the Treasury, finding in it a reflection upon his administration of the department. A historic debate ensued, during which Mr. Glass, who had been regarded as a close friend and admirer of Secretary Mellon, aimed critical words at the Cabinet officer for what had been done, and Senator Couzens made his charge that the Treasury was guilty of persecuting him because he was delving too deeply into his affairs.

The controversy proved to be of great public interest from other angles, for much of the romantic history of how huge fortunes were made out of meager investments, as a result of the phenomenal success of the Ford Motor Company, was brought to light. It was shown, for instance, that in the case of Senator Couzens his total investment in Ford Motor stock was not more than \$44,000, and that he had sold out in 1919 for \$22,308,857.

The basis of the claim made against Senator Couzens by the Treasury Department was that the valuation of his stock as of March 1, 1913, as fixed by Commissioner Roper at \$9,489,34 per share, was excessive and that it should have been valued at but \$2,234 a share.

Under the tax law of 1918 Senator Couzens had been called upon to pay taxes on his profits based on the value of the property on March 1, 1913, and the sum which he received at the time he made the sale. Senator Couzens owned 2,180 shares of Ford stock, which was worth in March, 1913, on the basis of Commissioner Roper's valuation \$20,686,764.20. He sold the 2,180 shares in 1919 for \$22,308,857.90, thus showing a profit of \$8,622,096.70. On his income for 1919, which was represented almost entirely by the profits on the sale of these shares, he paid a tax of \$6,075,109.83.

JAP TROOPS AND VESSELS

(Continued from page 1)

Shantung, to administer the railway.

The sending of five additional companies of infantry to Tientsin also was urged.

With the general staff plans under consideration by the cabinet and a favorable decision expected the Navy Department decided to send additional ships to various Chinese ports.

Eight destroyers were ordered from the fleet base at Kure to the Yangtze river, seven from the Zasho fleet base to Swatow and Canton and four from the naval harbor at Maizuru to Shanghai.

General Kazushige Ugaki, former minister of war, was appointed commander-in-chief of the whole Shantung expeditionary force, which will number 18,000 men, including the soldiers already there.

LYSANDER

Miss Ella Butler has returned home from Adirondack, where she finished a very successful term of school and will spend her holidays with her parents, Mr. and Mrs. William Butler.

Miss M. R. Marsh left here Saturday, April 28th, en route to her home in Foster to spend her vacation of two weeks after which she will return to re-open the school for a summer term on May 15th.

Mrs. Thomas Longmoore and daughter, Cora, have returned home from Montreal after visiting Miss

Stella Longmoore, who underwent a very serious operation.

Mr. Earl Patterson left here last week en route to Danville to visit relatives there.

Friends of this place regretted to hear of the death on Saturday, April 21st, of Mr. Joseph Miles, who passed away at the home of his brother, Mr. John Miles, at Lyander Falls. Mr. Miles had been in poor health for some time. Those who attended his funeral from a distance were his two daughters, Mrs. Willie Petrie, of Thetford Mines, and Mrs. James McVety, of Maple Hill, with their husbands, and Amos Savage, also of Maple Hill. The interment was held at Kinnear's Mills. There was a very good attendance considering the state of the roads.

Miss Annie Percy left here on Thursday, May 3rd en route to Quebec, where she expects to spend some time.

Mr. Joseph Cordick left here on Friday, April 27th, after spending a short time visiting relatives in this vicinity. He will again return to his home in Lower Ireland.

Mrs. James Lowry and daughters, Margaret and Jessie, spent an afternoon visiting at the home of Mr. and Mrs. William Miles recently.

NORTHERN TROOPS HAVE BEEN BOMBING TISAN

(Associated Press Despatch)
SHANGHAI, May 7.—Today's despatches from Tisian said the atmosphere there was tense, but the situation quiet.

The Northerners have been bombing Tisian spasmodically, and one of their planes crashed yesterday, killing its occupants.

WILL SERVE VANCOUVER ISLAND

"The Princess Elaine," newest member of the Canadian Pacific Railway's Royal Family of steamships, now on her way to Victoria, V.I., via the Panama Canal, from the shipyards on the Clyde, Scotland. The vessel will be used for service between Vancouver on the mainland and Nanaimo on Vancouver Island across the Straits of Georgia, a distance of about 40 miles, and is therefore qualified to ply between Seattle on the south and Skagway on the north. She will have a speed of 18 knots, is 2,000 tons gross register, will have accommodation for about 1,200 passengers, and is specially designed for the transportation of automobiles, a turntable being installed to reverse cars for did over 14 knots.

ROSES ARE BLOOMING IN VICTORIA

To paraphrase a popular, if somewhat hackneyed, ballad, roses are blooming not only in Victoria, but all up and down the Pacific Coast, to comfort and solace the winter-weary traveller and make him feel that living is worth while.

Spring, a glorious season anywhere, is at its best in this favored land. Enjoy the sports and pastimes of Vancouver and Victoria. Travel up or down the Coast. See the quaint, totem-poled Indian villages of British Columbia, their mighty forests, their budding fruit farms.

Golf, bathing, boating and other summer pastimes are now in full swing on Canada's Pacific Coast.

Canadian National Railways service takes you there in restful, untroubled luxury. Get details from any Canadian National Agent, or the City Ticket Office, 23 Wellington Street North, Phone 88.

STELLA LONGMOORE, WHO UNDERWENT A VERY SERIOUS OPERATION.

Mr. Earl Patterson left here last week en route to Danville to visit relatives there.

Friends of this place regretted to hear of the death on Saturday, April 21st, of Mr. Joseph Miles, who passed away at the home of his brother, Mr. John Miles, at Lyander Falls. Mr. Miles had been in poor health for some time. Those who attended his funeral from a distance were his two daughters, Mrs. Willie Petrie, of Thetford Mines, and Mrs. James McVety, of Maple Hill, with their husbands, and Amos Savage, also of Maple Hill. The interment was held at Kinnear's Mills. There was a very good attendance considering the state of the roads.

Miss Annie Percy left here on Thursday, May 3rd en route to Quebec, where she expects to spend some time.

MONTREAL LIVE
STOCK MARKET
QUOTATIONS

(Canadian Press Despatch)

MONTREAL, May 7.—Cattle receipts 1,076. Cattle buyers were offering prices from 25 cents to 50 cents lower than those paid last week, which were in turn 25 cents lower than the week before. The few sales made were along the lines of \$8 to \$8.50 for good cows and \$5 to \$7 for bulk of common to medium cows, \$6 to \$7.25 for fat bulls, and \$7.50 to \$8.50 for fat bulls, with an odd top a shade higher. A few plain, light steers were weighed up at \$8 to \$9, and \$10.50 was offered for the top load. Choice heifers brought up to \$10.

Quotations: Butcher steers, good \$9.75 to \$10.50, medium \$9 to \$9.75, common \$8 to \$9; butcher heifers, good \$9 to \$10, medium \$8 to \$8.75, common \$6.50 to \$8; butcher cows, good \$7.50 to \$8.50, medium \$6 to \$7.25, common \$5.50 to \$6.50; butchers bulls, good \$7.50 to \$8.50, common \$5.50 to \$7.

Calf receipts 2,146. There was a heavy offering of very common calves. Thin half starved kinds sold around \$5.75, common calves around \$7.50 to \$8.50, with good calves at \$9.50 to \$10.50. A few tops brought up to 11.

Sheep receipts 343. Sheep were from \$4 to \$8. Spring lambs from \$7 to \$13, according to weight and quality. Small lambs not wanted.

Hog receipts 2,499. Hogs were lower. Butchers paid \$10.25, with a few sales up to \$10.40. Packers were offering \$10 on a graded basis. Sows were from \$7.50 to \$8 and an odd sale up to \$8.50.

OUTBURST OF BULLISH ENTHUSIASM TODAY ON

(Associated Press Despatch)
NEW YORK, May 7.—A wild outburst of bullish enthusiasm characterized the opening of today's stock market. Radio opened with a block of 10,000 shares at 191, or 7 1/2 points above Friday's close. American Can opened with a block of 18,000 shares at 92, up 3/4, and a new high, and the first sale of Yellow Cab was a block of 10,000 shares at 38, up one. Curtiss Aeroplane jumped five points to a new peak at 111 1/2 on the first sale. Texas Company, 88 1/2, and Union Pacific, 202, were recorded by Allied Chemical, General Electric and New York Central. Brooklyn-Manhattan Rapid Transit opened 1 1/2 lower.

TWO SETBACKS HANDED GIANTS BY CINCINNATI

Reds Made Sensational Finish In Game Yesterday To Take Honors In Tenth Inning—St. Louis Nosed Out Senators.

(Associated Press Despatch)
NEW YORK, May 7.—Haskell Billings, Detroit's youthful pitching star, is out for revenge on Buddy Myer, shortstop of Bill Carrigan's Boston Red Sox. Billings hurled the Tigers to a 3 to 0 victory over the Red Sox at Detroit yesterday and would have had a no-hit game to his credit but for two hits, and both went to Myer. They were singles, and Buddy got no further than first base.

Settlemeyer started for Boston, but was dickered with one out in the second inning after he had given up three hits and walked four men. Bradley pitched fine ball for the Sox the rest of the way.

Sixty thousand persons, including the famous crew of the Bremen, watched the New York Yankees subdue the Chicago White Sox for the third day in a row, 4 to 2, at the Yankee Stadium. Red Fabre, Chicago veteran, was touched for only six hits, but these included homers by Gehrig and Dugan, the former's being his third of the season. Stanley Coveleski, veteran Pole, got credit for the Yankee victory, although he had to call for assistance from Wilky Moore before the game was over. The Sox got nine hits, including a circuit drive by Barrett, "Babe" Ruth went hitless in two official trips to the plate.

Sam Gray registered his sixth

win of the season when the St. Louis Browns turned back the Senators at Washington by 7 to 6 in a thrilling eleven inning game. Gray was constantly in difficulty, but always managed to pull through. His single in the eleventh put Schang in a position to score the winning run on O'Rourke's sacrifice. Bucky Harris, pilot of the Senators, got two hits, one a triple with the bases loaded.

Reds Again Downed Giants
The New York Giants, National League leaders, suffered their second straight defeat at Cincinnati, 4 to 3, in ten innings. The Reds finished sensationally, capturing double plays. John McGraw announced that Vic Aldridge, former Pirate hurler, had signed a contract at last.

At Louisville the Cards and Brooklyn Robins divided a double-header before 33,000 fans. Dazzy Vance allowed but six hits and fanned a half dozen, but lost the decision to Grover Alexander and the Red Birds, 4 to 2. In the closing encounter, Babe Herman's four-base drive with one on in the eighth, enabled the Robins to earn a 5 to 4 decision. Hafey drove in four runs with a homer and a single.

Pat Malone, American Association strike-out artist, threw a fast ball past the Phillies for five innings as the Chicago Cubs eked out a 5 to 4 decision over the invaders in eleven innings.

Malone relieved Sherriff Blake in the seventh with the bases loaded, got out of the jam with one run scored against him and then turned back the Phillies the rest of the way. He fanned eight men.

The four other major league clubs had an open date.

MAJOR LEAGUE LEADERS.
The Major League leaders (including games of May 6th) follow:
National League—Batting, Grant-ham, Pirates 470; runs, Douthitt, Cards, P. Wanner, Pirates 19; runs, batted in, Grant-ham, Pirates 19; hits, Douthitt, Cards 36; doubles, Traynor, Pirates 10; triples, L. Wan-

der, Pirates; Critz, Reds, Hendrick, Robins 4; homers, Bissonette, Robins 5; stolen bases, Frisch, Cards 8; pitching, Blake, Cubs, won 3, lost 0; American League—Batting, Kress, Browns 484; runs, Ruth, Yankees 23; runs, batted in, Meusel, Yankees 23; hits, Cissell, White Sox; Kress, Browns, Gehring, Tigers 31; doubles, Meusel, Yankees 10; triples, Langford, Indians; Regan, Red Sox 4; homers, Ruth, Yankees 6; stolen bases, Barrett, White Sox 5; pitching, Penneck, Yankees 5; lost nothing.

ALDRIDGE SIGNS WITH GIANTS
(Associated Press Despatch)
CINCINNATI, May 7.—Vic Aldridge, holdout New York pitcher, signed his contract with the Giants here yesterday and will accompany the team to Pittsburgh tonight.

SET NEW RECORD
(Associated Press Despatch)
BRESLAU, Germany, May 7.—Karl Hirschfeld, yesterday broke the world's record for the shot put with a distance of 15.79 metres (51 feet, 9 1/2 inches). The former record, held by an American, Ralph Rose, was 15.64 metres (51 feet).

E. T. FOOTBALL COMMENCED ON SATURDAY LAST

Beebe Defeated Regiment 3 to 1—Drummondville Celanese Won 4 to 2 Victory At Windsor Mills—Y.M.C.A. Downed Magog By Count Of 3 to 1.

The 1928 football season got away to a flying start on Saturday afternoon when six of the seven teams comprising the Eastern Townships Football Association took part in what proved to be close contests, the brand of football displayed indicating that the elevens will put up excellent exhibitions once they have worked the kinks out and hardened up. The only team that was not in action on Saturday was the Q.C.R. boys, who drew a bye.

The Beebe eleven chalked up a win in their contest at the granite stronghold on Saturday when they took a three to one verdict at the expense of the Sherbrooke Regiment team. The Celanese footballers from Drummondville heralded their appearance in the E.T. League by taking a four to two win from the Windsor Mills team, at Windsor, on Saturday. The Celanese boys, while new to the League, are not new to the Eastern Townships, as their team gained a reputation last year as being one of the strongest in this section of the province. The game here, which was played at the Parade Grounds, between Y.M.C.A. and Magog, resulted in a three to one victory for the local boys.

Y.M.C.A.—Magog Game Started Late
The Y.M.C.A.—Magog game was late in starting. Owing to the fact that the visitors were unable to

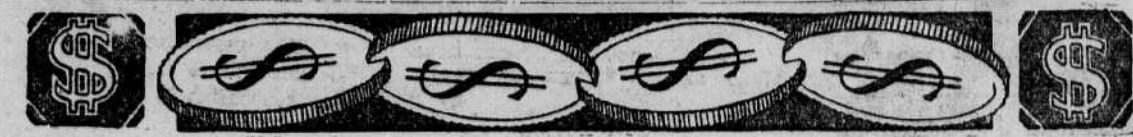

FRIGIDAIRE
New Designs—
New Beauty—
But No Increase in Prices.

come down by truck, due to the government road officials placing a ban on trucks and heavy cars, they were forced to take the Canadian Pacific afternoon train, which arrives here at 4.30 o'clock, with the result that the two teams did not line up until after five o'clock, an hour and a half behind the scheduled time.

The Parade Ground was in better condition than expected, for, al-

though the northeast corner was somewhat soggy, the remainder of the field was in a fairly good state. The soccer season in Sherbrooke was officially opened when Referee Lavers blew his whistle for the game to commence at 5.05 o'clock. A brisk wind was blowing down the field at the time and, by means of skillful combination and taking advantage of the breeze, the maroon and gold shirted warriors of the

Textile Town were soon clustered around the Triangle nets like bees around a jar of honey. Wootton and Pierce, on the back line, however, held their ground, and the worst that the visitors could do was force a corner. Stoyles kept his wonderful record of the past two seasons unscathed Saturday for in that hectic first half, with the Magogites playing a strong offensive (Continued on page 7)
