Its characteristic tang, its wholesomeness and its unexcelled purity as a natural beverage, have made it the standard Canadian water. But MAGI is more than merely a delightful table water; physicians recommend it FOR RHEUMATISM, GOUT AND OTHER STOMACH AND KIDNEY DISORDERS. MAGI regulates the liver, bowels and kidneys and is Nature's great purifier of the system; while it is not a universal panacea, it has proved itself of wonderful benefit in the treatment of uric acid conditions. Sawyer, of Keene, Ont., says: "I must write you in praise of Zam-Buk, a proof of the merits of which we have just had. My husband is engaged on a farm, and one day, while chopping wood, the top of the axe broke and fell upon his foot, cutting a nasty gash. The wound was so bad, that we first thought we would have to get a doctor, but we finally decided to dress the cut with Zam-Buk. Well, the Zam-Buk treatment proved a success; it not only eased the pain, but it prevented any inflammation, and right from first applying it, the cut began to heal. It is now completely healed, and my husband says he will never be without a box of Zam-Buk in the house, for we are sure it saved us a great deal of expense." Over and over again Zam-Buk has proved to be the worker's best remedy. As soon as applied to a cut, a burn, a scald, or any skin injury, it relieves the pain, and it sets up healing. It also sterilizes the wound and prevents blood-poisoning or inflammation. All druggists and stores sell Zam-Buk at 50c. per box, and Soap at 25c. per box, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse substitutes and imitations.

Letters to the Editor

QUEBEC GOVERNMENT AID TO NORTH HATLEY ROAD CONSTRUCTION.

Editor Record, Sherbrooke, P. Q. Mr. Editor: The attention of the Honorable Mr. Caron, Minister of Agriculture, has been drawn to a statement made in your issue of April 26th regarding dissatisfaction among the residents of North Hatley about road machines lent to them by the Department of Agriculture.

The honorable minister directs me to inform you that this statement deals with facts incompletely known to the writer. The crusher put at the disposal of the municipality of North Hatley is not an old one, having been bought by the Department last year; besides, it is in perfect order and can be used at once. It is powerful enough to crush large and small field stones. As to the roller, it weighs 5 tons and is required for parts of macadamizing work that cannot easily be done by the steam roller. The steam roller is under way to North Hatley.

The minister thinks that it is rather unfair to ground an attack against his Department on inaccurate information, especially when he has taken every step to put at the disposal of the municipality of North Hatley a macadamizing outfit, with an instructor paid by him, and when that municipality is the first one this year to profit by the advantage.

Hope that you will give this letter the necessary publicity, I have the honor to be, Your obedient servant, B. MICHAUD, Secretary Department Agriculture, Quebec, May 2nd, 1911.

KING GEORGE IS GRATIFIED. London, May 4.—King George has expressed himself as gratified with the resolutions adopted at the peace meeting held on April 28 at the Guildhall. Through his Secretary, in reply to the Lord Mayor's letter, communicating to him the terms of the resolutions, favoring a general treaty of arbitration between the United States and the British Empire, the King writes: "His Majesty is gratified to receive these records of opinions unanimously expressed upon a question which is of supreme and far reaching importance by an assemblage so representative of various schools of thought in our religious, political and social life."

MANY WERE DEPORTED. Vancouver, B.C., May 4.—Two weeks ago Canadian immigration inspector, H. G. Lawrence, who has but recently been appointed, instituted a special effort to stamp out the wholesale railroading of undesirable foreign immigrants across the international boundary in the Haine district. Here are a few figures of the results during a fortnight. One hundred and fifty persons were arrested, brought before the Magistrate at Cloverdale and fined amounts varying from \$10 to \$50, and then ordered to be deported. Two of the alleged ringleaders, who are said to have charged from \$2 to \$5 for each man piloted across the border, are now in jail in New Westminster, and two hundred persons were turned back at the boundary, being re-used admittance but not placed under arrest. The intending immigrants were mostly Russians, Greeks and Italians.

PARLIAMENT BILL ADVANCES A STAGE.

Bill as Amended Was Reported and Passed Committee Stage.

OPPOSITION LEADER DID NOT VOTE AGAINST THE PRE-AMBLE.

London, May 4.—The Parliament Bill, known also as the Veto Bill, for the curtailment of the powers of the House of Lords, passed yesterday the committee stage in the House of Commons practically without amendment amidst scenes of great enthusiasm. The refusal of A. J. Balfour, leader of the Opposition, to vote against the preamble to the Veto Bill removed any danger that might have been apprehended from the revolt of the Laborites against the preamble, and this portion of the measure, the consideration of which was regarded as the most critical test for the Government, proved easiest to carry.

The Unionist opposition to the bill almost vanished. In place of hundreds of amendments, which threatened to delay proceedings in the committee stage, only a few important ones, mainly in the direction of urging joint sittings or a conference of the two houses in cases of disagreement, will be moved in the report stage of the bill, which is expected to occupy only two or three days next week.

Amid loud ministerial cheers the preamble was agreed to without division. On motion that the bill as amended be reported, division was carried, 265 to 147. The House then adjourned, the Government supporters giving vent to the wildest enthusiasm.

PREMIER WILL GO TO CORONATION.

NOTHING OF A CONTENTIOUS NATURE WILL BE BROUGHT UP IN HIS ABSENCE.

Ottawa, May 4.—Sir Wilfrid Laurier will likely go to the Imperial Conference and to the Coronation after all, and will probably sail from Canada on May 12. It is understood that there has been a conference between Sir Wilfrid and Mr. Borden and that the understanding between them was considered by a Conservative caucus held last night.

It is probable that the House will be continued in session during the absence of Sir Wilfrid and the other members of the Government who have been called to the conference and to the Coronation, and that there will be nothing of a contentious party nature taken up except reciprocity, the debate upon which will be continued.

It is possible that there will be a short adjournment of the House after the departure of Sir Wilfrid for England. The western members, both Conservative and Liberal, are very keen for an adjournment. If there is no adjournment, the House will jog along with the business that it has in hand and with the railway legislation that is to come down.

VESTRY MEETING OF CHURCH OF ADVENT.

The annual vestry meeting of the

Church of the Advent was held in the Church Hall, on the evening of April 18th. Rev. Canon Shreve presiding. The attendance was regrettably small. The financial report showed a small deficit, the removal of some Church families and unpaid subscriptions being accountable for this. Mr. P. W. Johnston was elected Rector's Warden to succeed Mr. T. Loughheed, and Mr. H. G. King was re-elected People's Warden.

Messrs. James King, Reginald Price A. E. Donahue, and C. Dorman were elected sidesmen, and J. E. Mills and M. Price auditors.

Mr. J. C. Price was elected delegate to the Synod, with Mr. T. B. Terrell as substitute. Rev. Canon Shreve advised the Vestry of the departure of Rev. C. R. Eardley-Wilmot, for which he was very sorry, as Mr. Eardley-Wilmot had rendered excellent services as curate. He regretted very much the severing of his ties with the parish, and wished him all success and blessing in his new field of labor. The people's warden, on behalf of the congregation, also expressed regret at the departure of the Rev. Mr. Eardley-Wilmot, and joined with Rev. Canon Shreve in wishing him success in his new duties.

Mr. Eardley-Wilmot, in replying, said that he was sorry to leave the Church of the Advent, where he and the people were just becoming acquainted.

The Rector reported that the Rev. Vere E. Hobart would replace the Curate and when he was ordained priest in September would take full charge of his duties.

St. Peter's Vestry asked the church of the Advent if it would be possible to increase the amount paid towards the assessment. After discussion, a committee was appointed to canvass the congregation with a view to procure increased subscriptions and also to bring in new ones.

Special mention was made of the splendid work done by the Woman's Guild and the St. Agnes' Guild, Mrs. J. H. Bryant and others, who by their energy, had paid for the new furnace.

A vote of thanks was tendered to Mrs. George Price, who had the organ in the Church Hall repaired, and donated new hymn books to the Church, and to Messrs. Jas. King, and A. Kinder, for the work done on the buildings and bell-tower; to Mrs. Hebert and Mrs. Afsjed Wilkinson, who gave the material and the needle work for the new altar frontal; to the Guild for placing the same made in the frame made by Mr. Jas. King, and to the Wardens, Sidesmen, Organist, members of the choir, Sunday School Superintendent and teachers.

CAPT. BREMOND IN FEZ. Fez, May 4.—Captain Bremond's column arrived here last night in good condition. During the last four days of the march to the relief of Fez the column has been under a stiff running fight continuously. The rebel tribesmen followed the troops from the time they broke camp for a forced march to the city, harassing them all the way, up to the very gates. Confidence has now been restored within the walls, but complete anarchy reigns outside.

STEP TOWARD UNIVERSAL PEACE

(Continued from Page 1) by peace, the most to lose by war. "Canada desires the pact, not for herself, but for the sake of the whole world. The time to do it is at hand. The hour is trembling ready to strike; the tide is swelling to the flood, and if I had the right to speak for my country or for the Empire to which I belong it is now, and I ask the Parliament of Great Britain and the Congress of the United States to join to insure the peace of the whole world." President Taft returned to Washington immediately after the meeting.

BUYING AT HOME.

The following concise statement of why people should buy at home, prepared by the retail merchants of Charleston, S.C., will no doubt be of interest to Sherbrooke merchants. The reasons given are as follows: Because my interests are here. Because the community that is good enough for me to live in is good enough for me to buy in. Because I believe in transacting business with my friends. Because I want to see the goods. Because I want to get what I buy when I pay for it. Because my home dealer "carries" me when I run short. Because every dollar I spend stays at home and works for the welfare of Charleston. Because the man I buy from stands back of his goods. Because I sell what I produce at home. Because the man I buy from pays his part of the town, county and state taxes. Because the man I buy from gives value received always. Because the man I buy from helps support my school, my church, my lodge, my home. Because when ill-luck, misfortune or bereavement comes, the man I buy from is here with the kindly greeting, his words of cheer and his pocket book, if need be. Here I live and here I buy.

TAX FOR ROAD PURPOSES AT LENNOXVILLE.

At the regular meeting of the Lennoxville Council there were present Mayor Herbert and Councilors Orr, Martin, Ames and Wood. A by-law was passed levying four mills in the dollar for road purposes. The draft of a by-law was submitted containing some changes desired by the company in the street railway. No action was taken.

ENTITLED TO REPUBLICAN SUPPORT.

So Says Majority Leader in U. S. Senate of Reciprocity. WILL DO ALL IN HIS POWER TO HAVE MEASURE PASS. Washington, D.C., May 4.—"I am in favor of the proposed reciprocity treaty between the United States and Canada. I will work for it and will vote for it." In this decided manner Senator Penrose, of Pennsylvania, chairman of the Finance Committee, and majority leader of the Senate yesterday placed himself on record with regard to the reciprocity measure. He asserted that he is doing his utmost to aid President Taft in bringing about the ratification of the treaty. Framed by a Republican President, in the interests of the whole country, Senator Penrose says that the Canadian reciprocity agreement is entitled to Republican support, and he is winning for it as much support as he, in his position of leader of the Senate, can command for it.

DON'T REGRET

That you haven't benefited by the splendid advance in Hollinger. Of course, your profits would have been greater if you had taken my advice back in January and bought Hollinger at Rock Bottom. Many of my friends and clients have added materially to their credit balances, through accepting my foresighted advice. My position remains unchanged. There will be setbacks after the perpendicular rise, as paper profits are now converted into cash, but the trend of this stock is unquestionably upward. My advice to you is to buy Hollinger and see mine before they go higher, and disregard temporary market fluctuations. Correspondence invited.

LACROSSE.

SHERBROOKE CLUB WILL PRACTICE THIS EVENING.—The Sherbrooke Lacrosse Club will hold a practice on the lacrosse grounds this evening. He is to start training at once and will report at Vancouver later.

E. T. BASEBALL LEAGUE.—ADJOURNED ANNUAL MEETING WILL BE HELD ON SATURDAY.

The adjourned annual meeting of the E.T. Baseball League will be held on Saturday afternoon at 3 p. m. in the Magog House.

The delay in calling the meeting was caused by the absence of Mr. Arthur Plow from Montreal. A telephone message received from him this morning stated that a letter giving the necessary information would be received to-morrow.

INDOOR ATHLETICS.—RESULTS OF Y. M. C. A. HEX-ATHLON CONTESTS.—Word was received from New York

this morning giving the awards in the athletic contests run on March 31st. These results were run during the same week by sixteen associations and in each case were handled by local officials, the scores being forwarded to the International Committee for award.

Toronto West End wins senior class A, with a score of 1,508 1/2, while Edmonton was first in Class B. Senior. This was the group that Sherbrooke Seniors were graded in and the local Association only got eighth place, but defeated Vancouver, Regina and Belleville. Edmonton's score was 1,341; Sherbrooke 1,127; a creditable showing for the first year.

A much finer showing was made in the Junior Class B. events, the award being: Orillia, 1,680; Edmonton, 1,616; Sherbrooke, 1,590. The Sherbrooke team scored first place in shot put, second in fence vault, fourth in both broad jump and 60 yard potato race, fifth in the 160 yard potato race and sixth in the high jump, against ten of the best teams in Canada.

Orillia won Junior Class B. trophy for the third time and hold it permanently. Sherbrooke will make a big bid for a trophy next season.

LAKE MASSAWIPPI FISH AND GAME CLUB.

WILL INSPECT TRIBUTARIES OF LAKE MASSAWIPPI WHERE SAWMILLS ARE LOCATED.

Ayer's Cliff, May 4.—(Special)—A meeting of the Lake Massawippi Fish and Game Club was held recently, a large number of the executive committee being present.

It was decided to inspect the tributaries of the Lake on which sawmills are located, to see if the sawdust is being properly disposed of.

Anyone wishing to participate in the destruction of suckers and mullet will receive information and permission by applying to Munroe Hand, Ayer's Cliff, Fish and Game Warden for the Massawippi Fish and Game Club.

SPORTING NOTES.

George Leclair, who went in for three innings at Shamrocks, pitched good fast ball and apparently had lots of control. The Farnham boy is going to make a real tyler yet, or such old heads as Jack Hardy and Frank Roth are mightily deceived.

Hardy says Leclair has a fast ball which shoots more suddenly than any other pitcher's in the country.—Montreal Star.
