FOREST FIRES SWEEP ONTARIO AND QUEBEC

Port Arthur and Fort William are Both Threatened.

Special to The Montreal Star

Sherbrooke, Que., September 11.—Reports this morning state that forest fires did great damage yesterday. St. Elie de Orford, 6th range, suffered most, and during the afternoon the wind changed its course, driving the fire towards Brompton Lake. [illegible]'s mill was in danger all day, but the efforts of the fire fighters were successful in saving it. There is little prospect of rain this morning, and if the wind continues the situation will become serious.

Forest fires are raging in the vicinity of Brompton. The Tobin Manufacturing Company had all their men out last night protecting 2000 cords of pulpwood across the river from Brompton, which was threatened by the fires. Bush fires are also surrounding South Roxton and [illegible] damage has been done to standing timber.

DISRAELI SUFFERS BY FIRE

Special to The Montreal Star.

Disraeli, September 11.—During the forest fires which have been ravaging the Eastern Townships the past few days, the dwellings and [illegible] of Messrs. Godbout [illegible] and Charles Beaulieu were destroyed. A small [illegible] valued at $[illegible] [illegible]. Nothing [illegible] Mr. Eugene Roberge's [illegible] of the boarding house [illegible]. During the course of [illegible] 14 houses were destroyed [illegible] of $30,000. [illegible] to save the [illegible].

WINDSOR MILLS THREATENED

Special to The Montreal Star.

Windsor Mills, Que., September 11.—Bush fires surround this place. Prayers and public masses are being held this week to [illegible] for rain. Reports from St. Camille, near Marbleton, state that forest fires are raging. Need [illegible] hand.

VILLAGE DESTROYED

Special to The Montreal Star.

Quebec, September 11.—Forest fires are reported in several parts of the Eastern Townships, and for the last few days the smoke overhanging the city has been quite heavy. It is said that hundreds of thousands of cords of wood have been destroyed in Beauce, and that a good part of the village of St. Honore de Shenley has been destroyed, while the village of Weedon was seriously threatened yesterday, according to trainmen who arrived here last night. Shenley has been surrounded by forest fires for several days and the inhabitants fought bravely against the inevitable. Some thirty buildings in all were destroyed, including residence, barns, sawmills, cheese factory, stores, etc.

ONTARIO FOREST FIRES

Special to The Montreal Star.

Port Arthur, Ont., September 11.—Bush fires surround Port Arthur and Fort William, and [illegible] yesterday the fire fighting [illegible] of the two towns were engaged in fighting the flames. [illegible] the fire threatened [illegible] stubborn fight [illegible] extinguished.

At the [illegible] at [illegible] Bay the Indians had [illegible] village from destruction. The tug [illegible] save the plant of the [illegible] Contracting Company [illegible] fight all the afternoon to save [illegible] docks.

The whole [illegible] is ablaze and the fire is raging great headway, being fanned by a strong breeze. On Thunder Cape the whole section is ablaze. [illegible] the Canadian [illegible] way it is reported that the worst forest fires in the history of the country are raging. Along the Duluth Extension several villages are threatened.

The fire is only a short distance from the village of Hymers, and people there are very anxious. From the international boundary to Hymers, a distance of [illegible] miles, the whole country is ablaze. The forest on Thunder Cape is still burning and Silver Islet buildings are being [illegible] in great danger.

[illegible] FIRE GIRT

Duluth, Minn., September 11.—Forest fires [illegible] surrounded the village of [illegible] 15 miles southwest of Duluth, in Douglas County, Wis., and the [illegible] are battling with the flames.

Reports from Two Harbors, Minn., indicate that the flames are spreading throughout the northern portion of Cook and Lake Counties.

A block of business buildings at Washburn, Wis., were destroyed.

Flames attacked the Nelson Hotel and razed that structure, three saloons, an ice house and other small buildings. The damage there is estimated at $100,000.

For 48 hours the 300 citizens of the Adriatic mine location, near Aurora, 50 miles north of Duluth, have been fighting a fierce fire.

The fire situation on the Mesaba range was most serious near Hibbing, and one mile west of that town at the Mahoning Mine location.

ADIRONDACKS ABLAZE

Albany, N.Y., September 11.—Forest fires in the Adirondacks are assuming threatening aspect, and rain is badly needed. The worst fire is along the line of the New York Central Railroad between Horseshoe and Nehasane Park. There are fires also at Griffin and Benson.

CALIFORNIAN FOREST FIRE

Los Angeles, Calif., September 11.—One hundred and fifty men are fighting a fire which threatened the town of Lacresenta and the valley west of Pasadena last night and has burned over an area of thirteen square miles, a portion of which is included in the San Gabriel forest reserves. The fire is still burning and is approaching dangerously near Mont [illegible] Vista.

SMITH'S FALLS, ONT.—[illegible] McPherson, of Montague, died suddenly, aged 63 years.

J. W. McCreary is dead, aged 37 years.

MANY BRITISH WORKMEN START IN AT THE ANGUS SHOPS

Two Hundred and Fifty Arrived To-day From England and Scotland

Two hundred and fifty more English and Scottish mechanics arrived at the Angus Shops to-day, having been brought over on the Empress of Ireland to fill the places of the strikers on the C.P.R. A hundred and eighty additional men are on the way, and will be here some time next week. Few of these men are being permanently kept in Montreal, but are being sent out over the line to points where it is more difficult to get labor.

A carload of boilermakers and machinists left for Toronto and the West last evening to take up repair work in the different shops of the company, while another carload was sent [illegible] to-day to fill the places of the men who caused trouble at [illegible] Junction some time ago.

A New Charge by Strikers.

A new charge has been laid by the strikers against the company, as an argument that the strike cannot last very much longer. They admit that large numbers of men have been employed to fill their places, but, they say, these are of such poor quality and such little experience that instead of aiding in repair work they have hindered it in a great many cases and, in a few instances, have put machines out of business by the crude manner in which they have handled it.

One man, a strikebreaker, was taken on under the assumption that he was a boilermaker. He was assigned to a small repair job on an engine after [illegible] being asked if he was capable of doing it properly.

"[illegible] that I'm no boilermaker," he said.

He did the job, but the engine broke down worse than ever [illegible] way between here and Ottawa.

This is one of a series of many stories which go the rounds of the men as they put in the weary hours expecting something to turn up.

Denied by the C P R

Needless to say, the company denies that it is employing inexperienced men, or that, if [illegible] they are soon given their congé. At any rate, it would be quite impossible for inexperienced men to get at machinery which might easily be broken by ignorance of manipulation. The company is well satisfied with the class of English and Scotch mechanics they are getting from the Old Country, and [illegible] they are far superior to the [illegible] class of mechanics obtainable in this country or the United States, owing to the apprenticeship seven year system which is in vogue in Great Britain.

GERMAN EMPEROR ENTERS FRANCE

First Visit to French Territory by German Ruler Since 1871.

Paris, September 11.—The Government to-day received official information that Emperor William, the army manoeuvres in Alsace Lorraine being at an end, would this afternoon cross the French frontier in an automobile as a simple tourist, for the purpose of enjoying the magnificent view from the top of the Schlucht mountains.

Although considerably astonished that Emperor William should choose the present moment for the first visit to French territory made by a German Emperor since the King of Prussia was proclaimed Emperor at Versailles in 1871, the Government at once despatched instructions to the customs officials to allow the Imperial automobile to pass the frontier without examination and for the proper guarding of the route by gendarmes to prevent any unfortunate incident.

According to the official advices, the Emperor will have to traverse only about one hundred yards of French soil in order to reach a point whence he can view the splendid panorama.

LATEST ELECTION DATE OCTOBER 29

Pressure is Being Applied to Government for An Early Date.

Special to The Montreal Star

Ottawa, September 11.—It is understood that pressure is being brought to bear upon the Governemnt to have the general elections take place during the last week in October. If the demand is acceded to, nominations may take place on Thursday, October 22, and voting on Thursday, October 29.

Among those who are anxious to have the elections over before November are a large number of people who go into the woods after deer, when season opens on November 1, and who do not wish to be deprived of their sport. While a formal announcement of dissolution may be forthcoming at any time, it is said to-day that nothing definite will be done till after the arrival of Hon. A. B. Aylesworth from Europe one week hence.

NO DAMAGE TO SS. LAKE MICHIGAN.

At the offices of the Canadian Pacific Railway this morning, it was thought that the steamer Lake Michigan had suffered no damage on the Longstead shoals yesterday. She probably grounded on the sand bars of that locality, and if in good condition, will proceed on her voyage. If, however, she has sustained injuries that would prevent her leaving port for a time, one of the company's emergency steamers will take her place on the route.

POWER COMPANY SAYS CITY IS UNBUSINESSLIKE

Vice President Walbank Complains of Council Methods

With reference to the contract with the Montreal Light, Heat & Power Company for the lighting of the streets which expires on January 3, Mr. W. McLea Walbank, First Vice President of the company, interviewed to-day by a representative of the Star, made the following statement:

"It is strange that the report of the Civic Superintendent deals with all points but the important one, namely, whether the offer submitted by the company was a reasonable one, or whether they should submit the same to experts as suggested by the Company. The citizens cannot expect the aldermen to know whether the price offered is too high or too low—it is for an expert to settle that question, and in our opinion Mr. Parent, the superintendent, should have definitely recommended his committee to accept either one of the propositions, instead of leaving the matter precisely as it was the day we made the offer. Alderman Larivière would pass a resolution that the offer of $75.00 is to high, and that $60.00 per lamp is enough.

When the city buys its coal, for instance, does it tell the coal merchant that their price is too high, and that such and such a price is the one that should be paid? Or, when they are negotiating for a loan—do they take what they consider they should get, or what the market affords?

If he thinks our offer is too high, why does he not recommend an adjustment by arbitration immediately? The company is anxious for that, and would prefer it to the $75.00 rate, believing that we will get more than $75.00 by arbitration.

Regarding the item pointed out by Mr. Parent which refers to the supplying of light in the annexed municipalities, Mr. Parent is quoted as being of the opinion 'that the restriction was not in the interest of the city, and in this the committee agreed.' Now we all know that the city is year by year annexing new areas to its present limits, and we do not know within the next ten years what further additions they will make, or when they will make them. It might be at the last year of the contract that they will add another municipality, and without some such clause as I have suggested we would be compelled to anticipate this end and provide for possibilities instead of giving the actual present value because, under Mr. Parent's suggestion, the company might be forced the last year of its contract to spend a large amount in putting up poles and wires in the newly annexed territory and not get any return. You may think I am stretching the point, but in our present contract the point as you know has only two months to run; a short time ago the city wished us to add over 100 lamps which would have cost us nearly $6,000 investment, to say nothing of $1,500 for power, regardless of patrolling, trimming, cleaning, accidents and so forth, upon which we would have received at the outside not more than $1,500 for the balance of the contract.

Referred to Law Department.

"The committee actually referred this matter to the Law Department to find out whether they could not force us to put in these lamps. Now it is for that reason that the company wishes to have it clearly understood that while they are perfectly willing to meet the city in every possible shape and form, it must always be on business principles, and whatever services are rendered to the city must be certainly at a profit rather than at a loss. It is for this reason that we suggested that after five years the city should pay half the cost of any new lamps that they might order to be put in.

I can assure you that the company will not yield from its present position. If the council do not see fit to accept the offer we have made of either $75.00 per lamp, or submit the whole question to competent experts, then it will not be the fault of the Montreal Light, Heat and Power Co. if after the 31st of December, the streets are not lighted. I am not using this as a threat in any shape or form; the city have now had over two years to consider the question, and the company is going to look after its own interests in disposing of the power that is at present used for street lighting in the event of any further delay in the matter of deciding the question. If the city is not anxious to make a contract with us for street lighting and wish to continue lighting the streets as at present, the only way open to them would be to pay us our regular lighting price for the current supplied them by meter, rent our poles, wires and lamps, and take care of the patrolling, cleaning and trimming, and assume all responsibility in connection with the lighting themselves. Perhaps after they have figured out what this will cost them, even on a 6 per cent interest and 4 per cent for depreciation and maintenance, they will then learn something about street lighting."

CONVENTION AT RENFREW.

Five Aspirants for South Renfrew Conservative Nomination.

Special to The Montreal Star

Renfrew, Ont., September 11.—Conservatives of the riding of South Renfrew met here today to select a candidate for the Federal House. The convention was held in the temperance Hall, over 100 of the 139 delegates entitled to attend being present.

The meeting was called to order by Mr. F. M. Devine, who was again elected president of the association. After six names had been suggested, it was at 11.30 decided to adjourn until this afternoon to allow those concerned to hold a conference, and if possible pick on one man. Only one, Adam Prince, of Wilno, dropped out this morning.

Those nominated were S. J. Dempsey, sheriff of the county of Renfrew; Dr. M. J. Maloney, Eganville; J. M. Plaunt, druggist, Renfrew; John MacKay, merchant, Mayor of Renfrew; D. McLaughlin, lumberman, Arnprior; Adam Prince, of Wilno.

Mr. John MacKay was the Conservative candidate at the last election, running against Mr. A. A. Wright, the present Liberal member, who won by a majority of 188.

Resolutions expressing confidence in the Whitney Government and Mr. R. L. Borden and the Opposition at Ottawa were passed.

MONEY WANTED FOR ESTABLISHMENT OF PUBLIC BATHS

Project Favored by Health Committee—Medical Inspectors for Schools

The matter was brought up at a meeting of the Health Committee today, of having money voted to establish a new bath in the city. Just before the meeting convened a member of the committee stated that special efforts would shortly be made to have the city establish many new baths. At the present time, he said, there are not half a dozen in the whole city. The existing number was far too small. It was contended by the aldermen in question that there should be at least fifteen public baths in Montreal. In all other great cities the baths were kept open both winter and summer. In Montreal, however, so little had been voted for baths that they could only be kept open during the summer months. This year an effort was being made by the Health Committee to keep open one bath during the winter months. It was hoped that next winter it would be possible to have several open.

The committee came to the decision to ask Council for money to deal with this bath problem.

The committee then discussed a project, which Dr. J. E. Laberge has drafted, of having twelve medical inspectors look after the health of the various schools in the city. At the present time the city only employs medical inspectors for a few months each year; but in the new project the twelve inspectors are to become permanent employes of the city. These inspectors will not only have to look after the scholars in the various schools, but they will have to visit their homes and ascertain that no one in the homes is suffering from any contagious disease. They will also be given various other duties. It is claimed by Dr. Laberge that young physicians can be employed by the city to undertake this work at a moderately small salary.

Members of the committee approved of the idea, and it was decided that permanent physicians should be appointed as soon as possible.

TWO MEN ON CASEY'S TEAM LEAD THE EASTERN LEAGUE IN BATTING AVERAGES

O'Neil Only Man in the "300" Class, and is Closely Followed by Mr. J. Jones, the Great Statesman.

Although in the lowly attitude of fifth place the local team has two gents on its staff who are leading the Eastern League in hitting. We refer to Mr. M. O'Neil, the expert with the game ankle and Mr. J. Jones, the great statesman.

Strange to relate there is only one swiper in the League in the "300" class, and said talented swiper is Mr. O'Neil, who is the proprietor of a batting average of .301.

The second gent, as stated above, is Mr. J. Jones, the g.s., which is short for great statesman. Mr. J. Jones' average is .292.

Here are averages of the various athletes in the League:

Toronto has a pitcher named Cobean. He is no relation to Joe Bean although they rhyme.

Why does Casey keep Cleary? The latter is not making good and is only adding to the expense account. Keefe, Wicker, Jones and Stanley can finish out the season.

[illegible] has a batting average of .[illegible]. That is close to Hans Wagner with the swat stick.

Ever notice that Jersey City has a pitcher named Brock and a catcher named Woods?

Baltimore has acquired a third baseman by the name of Catiz. They say he is a corker.

The New York Nationals will be greatly handicapped by the loss of Doyle, the second baseman, who has been hitting and fielding in a way that made Lajoie look like a gent from the bush league. In a game with Brooklyn the other day he was badly spiked on the ankle.

DISAPPOINTING GAME AT TORONTO YESTERDAY

Toronto, September 11.—Surprising and disappointing in every respect was the showing the Royals made here yesterday afternoon in the first game of a series against the Toronto braves. They let slip 19 runs and themselves scored but three.

MR. A. C. DUNLOP WON FINAL TENNIS MATCH

The final tennis match for the championship of the Province of Quebec was played at the Mount Royal courts this afternoon. Mr. A. C. Dunlop beat Mr. D. Grier 9—7, 6—3, 7—9 and 8—6.

CANADIAN CRICKET AGGREGATION CHOSEN TO MEET U. S. MEN

The following team has been chosen to represent Canada against the United States in the International cricket match which takes place on the Manheim grounds in Philadelphia on Monday, Tuesday and Wednesday next.

A. H. Gibson—Hamilton. First class defensive bat and good slow bowler. Scored 100 in Philadelphia for Toronto Zingari this season.

G. H. Southam—Hamilton Cricket Club. Splendid bat, scoring rapidly when set. Has been very consistent all season.

L. Black—Grace Church Cricket Club, Toronto. Medium fast left hand bowler and hard hitting left hand bat.

J. Colborne—St. Albans Cricket Club, Toronto. Medium fast right hand bowler. Steady and useful bat. Was very successful in Interprovincial match.

Dr. W. E. Dean—Toronto Cricket Club. Spare wicket keep. Useful left hand bat.

H. G. Heygate—Ottawa Cricket Club. Splendid bat, has scored consistently all season.

W. Johnson—Ottawa Cricket Club. Fast right hand bowler. Useful bat.

H. Ackland—Ottawa Cricket Club. Good wicket keep and very hard hitting bat.

W. S. Greening — Toronto Cricket Club. Steady bat and useful change bowler.

W. S. Marshall—Montreal Cricket Club. Good bat and useful change bowler.

W. C. Baber—(Captain) McGill Cricket Club. Good bat and useful change bowler.

The team is strong in bowling, batting and fielding and should give a good account of itself against the Philadelphians.

In spite of the fact that several of the best men selected to go were unable to do so, the committee of the Canadian Cricket has succeeded in getting together a very strong eleven.

RENFREW TURNED DOWN FOR STANLEY CUP—EDMONTON WILL PLAY.

Special to The Montreal Star.

Ottawa, September 11. — The challenge of the Renfrew Hockey Club, champions of the Upper Ottawa Valley League, for the Stanley Cup, will not be accepted by the trustees. The Renfrews challenged last spring, but the trustees do not think that they have qualified to play for the cup, as the league they played in was only a three club one, and then there was no play off with the Lower Ottawa League, as there should have been to make the Renfrews really champions. The trustees will be glad to favorably consider a challenge from Renfrew this season if they get into a strong league and win the first honors. The only challenge now in and accepted is the one from the Edmonton Club, who say positively that they are coming after the silverware.

WESTMOUNT SOCCER PLAYERS AT HOME TO C. P. R. TO-MORROW.

The C. P. R. soccer players will try conclusions with the Westmount experts to-morrow (Saturday) afternoon, at the grounds of the latter club at Windsor Park. The kickoff is scheduled for 3.30 and the match is expected to be quite an interesting affair.

The Westmounters seem to have a pretty fair chance of winning the league championship this year, and their team to meet C.P.R. to-morrow will be: Shortrede, Payne, Hewitt, Evernden, McKenzie, Creighton, Jackson, L. Payne, Cale, Howard, Freedman, Roberts.

DRAWS FOR THIRD ROUND OF WESTMOUNT TENNIS TOURNEY.

The tennis tournament under the auspices of the Westmount Tennis Club started some few weeks past has now reached the third round the draws for which have just been made.

Twenty-eight players started in the first round, which, after the division made by the first and second rounds of play, leaves seven men for the third round. One man must consequently be allowed to participate in the fourth round without playing in the third, to make things even, and the player selected as the bye is Mr. S. Cornell.

The other six players are drawn in the following order:

Mr. M. Brown versus Mr. Rex.

Mr. E. L. Brown versus Mr. W. Stenhouse.

Mr. Gordon versus Mr. D. Jarvis.

These games in the third round have to be played on or before to-morrow (Saturday.)

Independent Harrier Race for Star Trophies October 24

This Will Not Interfere With Thanksgiving Day or Other Established Races

The Star Gladly Accedes to Requests of Various Clubs, to Have Dates Temporarily Selected While Waiting for the Selection of Thanksgiving Day Date, Changed—Great Praise from Halifax, Where Star Race Is Considered Biggest Sporting Event In Canada —Where Individuals and Teams Can Enter — Entry List Continually Growing.

After careful consideration it has been finally decided to hold the fifteen mile Amateur Championship Race of Canada under the auspices of the Independent Harriers of Montreal, and over the Montreal Star course, for prizes offered by the Star on the twenty-fourth of October next.

When the Star in response to an appeal of the Independent Harriers agreed to again offer prizes for the race for the Canadian Amateur Athletic Union fifteen mile championship, it specially called attention to two things.

NOT TO INTERFERE WITH OTHER RACES.

First: That although the race had been blessed with magnificent weather on the King's Birthday last year, the weather condition during that period of the autumn season were too uncertain to be relied upon, and therefore the date of the race would have to be advanced.

Second: That such a date should be chosen, as should not interfere with any definitely established Thanksgiving Day races, so that the desire of the great Canadian long distance runners to take part in the Star race, would not interfere with their participation in the races referred to.

TENTATIVE SUGGESTION AS TO DATE.

It was therefore tentatively suggested that as Thanksgiving Day would fall on a Monday, the second Saturday before that holiday would be a suitable day for the most important race in Canada.

With these points in view, the Independent Harriers provisionally selected the 17th of October, leaving at the same time the 24th of October open in their well filled autumn programme in case of accidents.

Since then, a paternal Government has chosen October 19th as Thanksgiving Day.

PETITIONS TO CHANGE THE DATE.

This would enable the Star race to be run on October the tenth, as per schedule, were it not that on that date there is run in Toronto, and has been for some years, the Ward Marathon, a long distance racing fixture, instituted by Controller Ward of that city.

In the Province of Ontario, at least, this is considered one of the most important races for first class long distance men during the year, the same as the Star race is now the most important in the Province of Quebec, and as several representations were made to the Star to the effect that the big men of road racing would like to participate in both races, it was considered that the 10th would hardly be a happy choice.

TO SUIT ALL CANADA.

Then came the consideration of the 17th, which had been tentatively selected by the executive of the Independent Harriers, but as this is only two days before thanksgiving, the mention of this date brought forth petitions from Toronto, Hamilton, Brantford and Peterboro, and even Halifax to change it if possible.

It was therefore decided to hold the race on October 24th.

A thing that should be borne into mind, is that the great difference between this race and the last one is, that individual entries will be accepted.

CHANCE FOR NEW RUNNERS.

Any amateur runner, who can satisfy the Independent Harriers of Montreal as to his standing, will be welcome to take part in this race.

This rule has been made especially for those runners who belong to clubs that cannot provide teams of five, and for the purpose of discovering new runners, young men who in out of the way places in Canada, where there are no athletic clubs, by natural aptitude and inclination, or by hard training, have managed to develop such a speed as they think will enable them to compete to some purpose with the first rank runners of the country.

LIST OF ENTRIES GROWING.

In the meantime the honorary secretary of the Independent Harriers is ready to accept team and individual entries. His address is:

Mr. J. H. Peoples, care of The Grand Trunk Pacific, McGill street, Montreal.

Private address: 459A Fullum street, Montreal.

HALIFAX PRAISE FOR MONTREAL STAR FOR CHANGING DATE OF BIG RACE

Special to The Montreal Star.

Halifax, N. S., September 11.—The Evening Mail, referring to the postponement of date of the Independent Harriers race, under the auspices of the Montreal Star, in order that a team of Maritime Province runners might be sent up to take part in it, says: "The first five men in the Mail's race last year were selected to represent the Maritime Provinces at the Montreal race, and the account which they gave of themselves is well known. The fact that our five men were the first five to finish of any competing team, as well as almost beating out any other four in the race, brought the Maritime Provinces before the attention of Upper Canadians. Their fair showing was rewarded by a special trophy and their achievement was heralded the country over. It was then decided that the Maritime Province men should again be picked from the five men finishing first in the Evening Mail's race on Thanksgiving Day this year.

CANADA'S GREATEST EVENT.

The fact that the Independent Harriers race is looked upon as Canada's greatest sporting event, made it uncertain as to whether the Star would consider the proposition for a postponement for the sake of one team. However, the Mail knew that Montreal had a respect for our runners after the showing made last year, and a postponement was hoped for.

When the message arrived yesterday that the big Montreal race would be held over until the 24th of October to allow the winners in the race on Thanksgiving Day to compete it was welcome news to the people in Halifax who have every confidence that a strong team will be picked to represent the provinces by the sea in the Upper Canadian race, when the pick of Canadian athletes will assemble.

There has been no greater compliment ever paid to the sporting prestige of the Maritime Provinces than in the action of the management of the Montreal Star race. It is a high compliment to our athletes and athletic clubs, and an action which should behove each and every sporting club and individual member to strain every point to make the race in Halifax a memorable one, and one which will be productive of the fastest long distance running team in Canada, in order that the honors of Canada on the 24th of October will drift to the Maritime Provinces as they came so near doing last year.

Longboat To Try The Next To Impossible

Special to the Montreal Star.

Toronto, Ont., September 11.—Those who imagined that Tom Longboat's defeat in the Olympic Marathon would be the signal for the Indian to fade away into oblivion, have probably come to the conclusion by now that they have several more conjectures coming to them. The Indian's defeat by Sellen at the Police Games at Toronto Island, has been more than atoned for by his victories over the same opponent and all other comers, at Hamilton, Tottenham, Halifax, and Lindsay. This succession of races has served the double purpose of keeping Longboat in condition and in the limelight. Lest interest should lag, the Onondaga has hit upon an idea which if pulled off according to the plans laid, will bring Longboat new laurels and give him a unique distinction in the records of long-distance.

It has been understood all along that Longboat will be entered in the Ward Marathon. Now the announcement is made that the Redskin's date book will also have no less than two important engagements for Thanksgiving Day, to wit: the Hamilton annual 20 mile road race around Hamilton Beach, and the Guelph marathon of 15 miles. Moreover, it is the present intention of the only Tom to keep both dates. Tom's plan is to cover the two races consecutively. The Hamilton race takes place in the morning and if Longboat runs true to the form he has been displaying of late he should be the winner. Immediately after the race, which should be over by 11.30 a.m. he will enter a waiting automobile, which will take him at top speed over the thirty or more miles, which separate Hamilton from Guelph. He will thus reach the latter city in time to start at 3 p.m. as a competitor in the Marathon. To win two such races in a single day will be a difficult and spectacular feat. Yet this is the task Tom Longboat has set himself, apparently with complete confidence that he can encompass it.

Mr. Desse Brown, to-morrow's Judge of Play at the National Grounds.

LAST OF M.A.A.A. WEEKLY HANDICAPS LAST EVENING

Halpenny Won Gold Medal for Highest Aggregate List of Points.

The last of the weekly handicaps of the M. A. A. A. took place at the grounds at Westmount last night with more than usual interest prevalent.

By taking second place in the high jump, Halpenny maintained his slight lead on the aggregate list and thus won the gold medal with 23 points, W. McNamee having 21 and W. Hay 20. With only three points dividing the first three men, this was the closest aggregate competition in years.

Following the leaders on the aggregate list were: W. Mackay, 17 points, K. Dowle, 17, Jackson, 15, A. Smith, 14, W. McMahon, 13, F. Lukeman, 11, J. Speak, 11, P. Royal, 11.

Starting from scratch, W. Mackay won the 440 yards race at the M. A. A. A. weekly handicaps last evening in 50 3-5 seconds, the fastest time ever made in the quarter mile at the M. A. A. A. handicaps. Notwithstanding his fast time, however, he was closely followed by Buddo, who started from scratch and finished second, and also by H. Mackay, who had 25 yards handicap.

The results of last evening's events are as follows:

Putting 16-lb. shot—1, Smith; 2, McNamee; 3, Jackson.

High jump—1, K. Dowle, 2 in. handicap, height 5 ft. 6 in.; 2, W. Halpenny, 2 in. handicap; 3, Lukeman, scratch.

Three mile race—1, Royal, scratch; 2, Delaney, 300 yards; 3, McMahon, 300 yards.

440 yards race—1, W. Mackay, scratch; 2, Buddo, scratch; 3, H. Mackay, 25 yards. Time, 50 3-5 seconds.

BURNS AT LAST AGREES TO MEET JACK JOHNSON

London, September 11.—Tommy Burns has at last decided to fight Jack Johnson, the colored heavyweight who has trailed him all over the world for a battle. A syndicate of Australians has practically clinched the match, which probably will take place in Sydney during the latter part of November. The Australians have offered a purse of $25,000 for a finish fight with four ounce gloves, the winner to receive 60 per cent and the loser 40 per cent. The arrangements were concluded to-day, and details are all that remain to be settled.

During his victorious and profitable stay in this country Burns has lost many friends by his refusal to meet the negro. His claim that he should receive almost the entire receipts did not savor much of sportsmanship and it began to appear as if fear of his rival kept him from signing up for the battle to determine the world's championship.

Johnson, on the other hand, has gained many admirers. The constant pressure kept up on Burns and the fact that he was going backward in public estimation are supposed to be the main reasons why he has concluded to fight Johnson.

BOB WILSON PUT WESTERN BOXER OUT OF BUSINESS.

Frank Farrell, of San Francisco, proved no match for Bob Wilson, the local welterweight, in the boxing bout which was scheduled to go fifteen rounds at St. Laurent last night.

Wilson won in the second round with a short left arm jab to the jaw, which, after a series of uppercuts put the western boxer hors de combat.

In the first round, when the men came together they sparred carefully for a time, Farrel getting in a light tap to the face, but Wilson immediately retaliated with a left jab and a mix-up followed, which put Farrell down for the count of nine. He got to his feet and stalled out the round.

When the gong sounded for the start of the second round Farrell rushed at Wilson, but his swings were wild and Wilson, cleverly side-stepping, landed with terrific force a left jab to the jaw, putting his man down again. Farrell rose to his feet and staggered to his corner, where he fell helpless, and Wilson received the credit of a knockout.

About five hundred people witnessed the bout, mostly visiting horsemen.

NEW MAN FOR NATIONALS TO TAKE THE PLACE OF YOUNG GAUTHIER

Cornwall is Determined to Win To-morrow if Pluck and Hard Work Can Do It

The Cornwall team to meet the Nationals in Montreal to-morrow will be: Lalonde, Burns, Cameron, F. Degan, C. Degan, White, Degray, Fid Cummins, Frank Cummins, Phelan, J. Broderick, R. Degan.

The team is in good condition, not over confident, but prepared to put up a hard game. The Cornwalls will return the compliment the Nationals paid them on August 22nd, and bring down a big crowd.

The Nationals brought up about 1,000 to Cornwall on that day, and while scarcely that many will accompany the Cornwall team, it would not be surprising if 500 went down. Nothing else is talked of here, and opinion seems to be pretty well divided as to the outcome.

Considerable money is being wagered on the result, and lots of the green goods will be squandered, no matter which way it goes. Odds are given on both teams, according to the feeling of the better.

If the Nationals defeat the Cornwall braves on Saturday it would make Tecumsehs champions, the New Westminster club will be called upon to defend the Minto cup this season.

It is felt that in view of the attempts of the cup-holders to bring eastern teams for exhibition matches, that they could just as well find dates for cup games.

The New Westminster team have declined to play cup games, saying that they would have no open dates, yet they offer to play the Indians or Capitals exhibition games. Why not play cup games on these dates?

One reason advanced by the coast team for not playing the cup games is that they would be shy the services of Reume and Turnbull, who are slated to go with the Olympic team to England.

While these men would be a serious loss to the Olympic twelve, they will undoubtedly be retained to defend the cup. Now, if the cup games are ordered to be played, it will likely affect the Capitals trip as the New Westminsters would hardly take chances in a series of exhibition matches with a cup series ahead.

Then it is doubtful if exhibition games would draw on the Coast if the cup series were to be played. The local players will be keenly disapointed if the trip to the Coast fails to materialize. They will pray that Cornwall wins Saturday against Nationals, and that a home and home series is necessary. In this event, the trustees will not likely order the cup defended this season, but have given no decision in the matter.

Young Samson, who has been playing centre for the Canadian lacrosse team of St. Henri, and who is said to be the fastest field in the game, is practicing with the Nationals this week, and will most likely play centre for the French-Canadians against the Cornwalls on Saturday. He is not only faster than Gauthier, who has been let out, but is said to be a better stick handler, and is not afraid to take a chance, "if scoring a goal depends on his going by an opponent." Those who have been watching Samson working out with the Nationals, say he should have little trouble in making good in the N. L. U., and ought to be able to hold Degray, the fast centre fielder of the Factory Town team.

The Toronto Telegram, which publishes the brightest sporting comment in Toronto, says:

And now comes another of these blood-curdling rumors that a movement is on foot to take the bread and butter out of the mouths of N. L. U. players by organizing an amateur league. It is proposed to have teams in Montreal, Ottawa, and Toronto. The idea may be a good one, though one cannot help thinking those interested should see a phrenologist and have their respective heads read.

Where on this planet would one find men who would care to have their heads knocked off ever Saturday during the summer months for the love of our national game? Scour Toronto and you'll find jolly few, while in Montreal and Ottawa they invariably decline to do nawthing for nawthing. The public seem satisfied with the present arrangements, and it is doubtful if they could be weaned away from the N. L. U. series by any such bogey as an amateur lacrosse league, which, by the way, might not be so amateur after all.

Great Success Attended Y.M.C.A. Annual Sports

Everything Passed Off Nicely at McGill Campus Yesterday—Enthusiastic Crowd Saw Fine Competitions.

The twelfth annual field day yesterday of the Central Y. M. C. A. will go down in the annals of the association as the greatest athletic day of all their career in Montreal. The success of the competitions was complete in every respect.

The events were attended by fine weather, a large number of contestants and an enthusiastic crowd of spectators. The McGill campus was in lovely condition with the track in fine shape for fast running and the surroundings luxuriously beautiful.

The breaking of the previous association record of R. Gomery in the 880 yards race by J. L. Robson, of the Central Y. M. C. A., was one of the features of the games.

Gomery's record time was two minutes seven and three-fifths seconds, while Robson did the distance yesterday afternoon in two minutes six seconds.

All of yesterday's events were marked by keen competition, and a large entry list, and the events were run off in fine style. The programme of some twenty-four events was a most interesting and enjoyable one. Each race and competition was sent off on schedule time which kept the spectators continuously interested from the inauguration to the finish.

The first event on the list was the 100 yards dash, open to the Independent League. Following this the other events were hustled along, ending up with the 150 yards, special race for officers only.

The name of C. A. Millar again appears at the head of the list of winners. He yesterday captured the prize for the highest aggregate of points for the day. In addition to the various prizes he won in the respective events he is entitled to the honor of having his name engraved on a coveted mug carefully guarded at the Y. M. C. A. building. Millar headed the list of winners of the summer Y. M. C. A. weekly handicaps with the highest aggregate number of points.

In the evening at the association building and in the presence of some two hundred persons the prize winners of the day were made the recipients of both handsome and valuable presents.

Everybody connected with the association is highly delighted with the success of the twelfth annual field day.

Following are the results:

100 yards, league—First heat—J. McGranahan, Waverleys. Second heat—H. Hobman, Y.M.C.A. Third heat—G. Watson, Taylor's.

Final—1, H. Hobman, 2, J. McGranahan, 3, S. Strike, R.R. Y.M.C.A. Time, 10 4-5 seconds.

880 yards, association—1, J. L. Robson, Y.M.C.A.; 2, G. Palmer, Y.M.C.A., 3, L. Peard, Y.M.C.A. Time, 2 min. 6 sec. (Association record.)

Running high jump, association — 1, Chas. A. Millar, Y.M.C.A., height, 4 feet 11 inches, 2, W. Armstrong, Y.M.C.A., 4 feet 9 inches, 3, W. S. Parker, Y.M.C.A., 4 feet 9 inches.

100 yards, association—First heat—H. Hobman. Second heat—Frank Dease, C. Y.M.C.A. Third heat—W. J. Breckness, C. Y.M.C.A.

Final—1, H. Hobman, 2, J. Platt, Y.M.C.A., 3, W. J. Breckness. Time, 10 3-5 seconds.

Running broad jump, association—1, C. E. Yull, C. Y.M.C.A., distance, 18 feet 5 inches, 2, Chas. A. Millar, 18 feet 3 in., 3, W. S. Parker, 17 feet 7 inches.

Montreal (5)—Capt. McNeil, Beaudry, Col. Meighen and Robertson.

Referee—Mr. Scatchard, of Buffalo.

First period—Mr. Robertson scored for Montreal.

Second period—Mr. Robertson scored for Montreal.

Third period—No score.

Fourth period—Major Elmsley scored for Toronto Hunt.

Fifth period—Mr. Robertson scored for Montreal.

Sixth period—Mr. Beardmore scored for Toronto Hunt and Mr. Beaudry for Montreal.

To-morrow Montreal and Buffalo play the fourth game of the series, the tournament winding up on Monday with a game between Buffalo and Toronto.

Stayed in Air Nearly 66 Minutes.

Washington, September 11.—At Fort Myer late yesterday Orville Wright again broke his own record, established Wednesday, in his aeroplane, remaining in the air 65 minutes and 52 seconds. The wind was blowing at the rate of from ten to fifteen miles an hour, requiring much greater skill in handling the machine.

Metropolitan Golf Club.

The qualifying round for the club trophy will be played on Saturday first drawing at 1.45. A large turnout is requested.

Spunky being no better than [illegible].

A GUESSING GAME FOR THE PUBLIC.

The [illegible] busy in the third [illegible] for maidens. There [illegible] good things handed out [illegible] as there were starters [illegible] of E. [illegible]gan [illegible] being the second [illegible] Disaster who went to the post [illegible] was backed by [illegible] of the course. There was [illegible] thing handed out [illegible] Etal was off poorly [illegible] Disaster was rushed to the front by Burns and he set a fast pace for the early part. Etal was off poorly, but caught the leader tiring when the turn was made into the stretch, and in the last quarter raced him into submission, drawing going away at the end. Disaster lasted long enough to stall off Rower who got up in time to be third. Fieldwick, who was always prominent in the first half mile tired badly.

ALL SCRATCHES OUT TO THE BIG TRAIN.

Out of an entry of seven only three went to the post in the fourth race. The owners of the entries in this race were not anxious to run after the big train and pulled out when it was learned positively that he would go. This race was not even a work out for the big horse, as he won pulled up almost to a trot at the end. He broke in front and made his own running all the way. Autumn Flower was just as much ahead of Howard Sheen. This race was only a procession, the two behind Berwick starting just for the place and show money.

IT WAS WATERWAY FROM POST TO FINISH.

It was Waterway all the way in the race through the field. This horse, after falling the last time out ran a smashing fine race yesterday although the field. Ballycastle fell at the water jump. He was taken to the front at the drop of the flag and made the pace for the first mile, when Allen took him up letting Ballycastle go to the front for a way. They ran this way with McAllister third until the last turn of the field. Ballycastle fell at the water jump throwing his rider, while McAllister then challenged the winner. He could never get near enough to make Allen hustle him. Count Byzantine who has been running poorly the last two or three times out made up a lot of ground and was third over Manzanero. McAllister had no excuses as he was the light weighted one.

ANNA L. DALY WAS DISQUALIFIED.

Although Hawksflight outbroke his field he did not remain in front long in the sixth race. Anna L. Daly dashed to the front soon after the start and set the pace for the greater part of the way. Being urged along by Kennedy, who is the rough rider at the track. He held the mare well on the rail until the turn was reached, where he went wide. Musgrave was coming like an express train with Edwin L., and as he tried to come past the mare she swerved, bumping him and practically throwing him out of his stride. He was far enough in front of the rest to recover and to get going again and was after the mare, she only beating him by half a length. The judges sent for the boys and the foul which was claimed by Musgrave was allowed and he was placed first. There was a gladsome yell [illegible] as the majority of the smaller bettors had their checks down on Edwin L. Lomond came with a rush at the end and after the disqualification was placed second with Melton Cloth third.

MR. CASE PUT UP MASTERLY RIDE.

Mr. Case was off well with the horse Stalker in the race for gentlemen riders. He went to the front and set the pace. Mr. Henderson lay in close behind him with the winner and ran in that position all the first part. As the horses came into the stretch Mr. Henderson tried to squeeze through on the rail and for the crowding he got from this Mr. Case had to take up Brick Top. Then went to the front and was never again headed. Stalker dropped back to third place, but under a clever ride outgamed Midas in the last few strides and got second money. This race was one of the best for the gentlemen riders ever seen at Blue Bonnets.

SOCIETY AT THE RACES.

GOVERNOR GENERAL WILL BE PRESENT.

Mr. Northey, the Secretary of the Montreal Jockey Club, received official notification today from Government House, Ottawa, to the effect that His Excellency Lord Grey and suite will be present at the Blue Bonnets races to-morrow afternoon and suitable arrangements for the accommodation and reception of His Excellency and party will be made to-day.

NOTES OF THE PADDOCK.

The followers of the tipster have not made much money at this meeting. He has not been overly successful with his "one best bet." Yesterday it was Arondack and the day before it was Severus, two losers in a row. He came out and talked freely of a startling reversal of form. This by no means does racing any good for it gives the idea that racing is not on the square. This is entirely wrong for with such men in the stand as Mr. Fitzgerald let any horseman make such a startling reversal of form as was advertised by the tipster and the owner would never race again.

Horsemen do not tell such men should they intend making such reversals of form. Ontario was given in an announcement as the winning one best bet when the tip sold showed it to be Severus.

Mr. Andrew Shearer was more than well pleased with the showing his horse Stalker made yesterday. The horse had to give away a lot of weight and ran a game race. It was the weight that told on him over the distance he had to go. Stalker is a sweet horse [illegible] and is hard to beat. Mr. Case, who had the mount, rode a clever race and used good judgment in pulling up when he was cut off on the far turn. Had he not done this his horse would probably have been cut down. Mr. Case has proven himself to be one of the best gentlemen riders in this country. He will ride Arneia in the race this afternoon.

The disqualification of Anna L. Daly [illegible] to the books as the horse Edwin L. was heavily played for [illegible] When [illegible] to be changed there was a great scrambling for torn up tickets. Many a man lost [illegible] by tearing up his ticket before the [illegible] went up.

The sale of the Carman horses is being looked forward to with interest by many Montrealers who will take the opportunity of picking up a good one for the Hunt Club meeting here in October. There are several in the lot to be sold that will make good steeplechasers.

Not [illegible] running behind Berwick in the race yesterday [illegible] but two started [illegible] over for the McDowell horse. It was not even a hard work out for [illegible].

Brick Top was well ridden by Mr. Henderson in the race for gentlemen riders up. He will have another mount this afternoon.

The best of the horses here will leave on Sunday for the West. There will be more horses at Toronto this fall than ever before.

SHERWELL NOW POSSESSOR OF FOUR TITLES.

The challenge match at the Mount Royal tennis court yesterday afternoon in Province of Quebec open singles resulted in Sherwell winning another title. Sherwell's scores against the challenger, A. C. Dunlop, were 7-5, 6-2, 6-2.

This victory now makes Sherwell the possessor of four titles. The triple honors he won at the all-Canadian championships here some time ago were all-Canadian championship, open Canadian championship, and the Montreal Cup.

The champion yesterday was in his usual fine form and it appeared that he had not to extend himself to show his superiority over his opponent. He played a steady, sure game that eventually decided things in his favor.

ROYAL ST. LAWRENCE YACHT CLUB SMOKER TO BE A HUMMER.

The Royal St. Lawrence Yacht Club are closing the season on Saturday night with a smoker. The committee have gone to a great deal of trouble to make the smoker a success, and it is expected that a large number of the club members will turn out at the Dorval Club House.

The club dinner will be served at 7 o'clock, and the smoking programme will begin at 8.30.

Maini, the celebrated conjuror, who has lately appeared before King Edward VII., and the President of the United States, will give an exhibition of his skill, and a varied vaudeville entertainment will follow.

CHANGE IN ROYAL MONTREAL GOLF CLUB FIXTURES.

There will be a change in the Royal Montreal Golf Club fixture for next Saturday.

A match was scheduled for that date between the Royal Montreal Golf Club and the Brookline Country Club on the Dixie Links.

The Brookline people are unable to come, however, and therefore, the match for the president's prize, scheduled for the third of October, will be played instead.

Point St. Charles Cricketers.

The following are the players chosen to represent the Point St. Charles C. C. against the D. C. M. C. C. team on the latter's grounds: G. Willett, captain; J. Frame, J. Eldridge, J. Beramn, S. Grace, S. E. Harris, J. Black, E. Durrent, W. Bell, W. Holten, W. Palmer, C. Lewis.

First Disqualification of the Meeting at Blue Bonnets

Anna L. Daly Put Back for Fouling Edwin L. in the Stretch—Seven Good Races Run Off

The results of Thursday's races at Blue Bonnets:—

First race, five and a half furlongs—Theo. Cook, 9 to 20 to win; Personal, 4 to 1 place; Hurlock, out show; time, 1.07 2-5.

Second race, mile and a quarter—Miss Catesby, 5 to 1 to win; Doubt, 6 to 5 place; St. Ilario, even show; time, 1.41 3-5.

Third race—Etal, 13 to 5 to win; Disaster, 1 to 2 place; Rower, even place; time, 1.14 4-5.

Fourth race, seven furlongs — Berwick, 1 to 20 to win; Autumn Flower, even place; Howard D. Shean; only three starters; time, 1.27 3-5.

Fifth race, steeplechase, about two and a half miles—Waterway, 11 to 10 to win; McAllister, 2 to 1 place; Byzantine, out to show; time, 5.17.

Sixth race, six furlongs—*Anna L. Daley, 7 to 3 to wni; Edwin L., 7 to 1 to win, 2 to 1 place; Lomond, even place; Melton Cloth, 4 to 1 show; time, 1.13 4-5. *Anna L. Da[illegible]ualified.

Seventh race, Hunters Handicap, mile and an eighth—Brick Top, 5 to 1 to win; Stalker, even place; Midas, out show; time, 2.00 3-5.

One feature of yesterday's performances at Blue Bonnets was a disqualification. This was in the sixth race, when Anna L. Daley got home first by half a length, but was set back and Edwin L. promoted to the top, letting Lomond and Melton Cloth each move up a peg and get a share. Kennedy put the whip on Anna rounding into the stretch, the horse swerved and bumped Edwin L., throwing the latter out of his stride. Edwin L. recovered and finished second, making a good race of it. Not many people saw the occurrence and a lot of tickets were [illegible] that Mr. Mahoney had a busy [illegible] afterwards getting [illegible] between the [illegible] the public [illegible] bringing [illegible] a bunch of [illegible] to prove that they had the goods. Anna was [illegible] a lot of money and Edwin L. was as far as seven to one. The favorite in the race was Arondack. This one [illegible] was left at the post and [illegible] ground was [illegible] the favored class.

It was not [illegible] a cheerful day for the [illegible]. Three favorites won [illegible] Berwick was [illegible] the public [illegible] one to twenty [illegible] the public [illegible] was as [illegible] as the [illegible] but not many persons wanted to [illegible] per cent on their money [illegible] for such short periods. Berwick was [illegible] race and his price was a logical one. Theo. Cook was [illegible] the [illegible] and won [illegible]. The [illegible] favorite to win was Waterway [illegible] in the jumping race, but outside of these three it was bad picking [illegible] books had a merry day of it.

The special event of the card was the seventh race. This was a hunters' flat. Kan[illegible] and Glen[illegible] were coupled and were well thought of, but Midas was the hot one, and looked pretty good at [illegible]. However Brick Top proved to have [illegible] qualifications and won [illegible] lengths at the good price of five to one. Dr. Charles McEachran was [illegible] pleased with the result [illegible] of his friends who [illegible] were a happy lot. [illegible] was a good one [illegible] there [illegible].

[illegible] interest [illegible] at the track was at [illegible].

TORONTO HORSE WON FREE-FOR-ALL IN EASY FASHION

Lady May, Ottawa Entry, was the Favorite But Her Performance was Disappointing

John McEwen, the Toronto [illegible] owned by Nat Ray, proved a surprise in the free-for-all race at Dufferin Park yesterday, and won out in rather easy fashion.

Lady May, the Ottawa entry, owned by F. Tracey, was the favorite [illegible] the showing made by the mare at Toronto recently [illegible] record time of 2.0[illegible] However, she was in poor form and could [illegible] no better than [illegible] Jerry Dillard, the Ogdensburg horse, winning second place.

Five heats were necessary to decide the named race. Grand Opera, the Kingston horse, won the race, with Nettie Wright, and Ogdensburg entry, second. The [illegible] owned by E. N. Chase, of Brandon, Vt., was looked upon as the horse [illegible] this event, but his performance was disappointing [illegible].

The driver of this horse, after winning one third, and two fifth places, was taken down by the judges and Leeming drove the horse for the fourth heat.

This heat the Prince won and in the fifth [illegible] he was [illegible] and [illegible] with Grand Opera making a great finish, but [illegible] a sudden [illegible] and ended all chance of his winning the event.

Nothing Gained Without Effort

NO effort—no gain. Yet that does not mean that the greatest gain comes with the greatest effort.

For instance, it requires very little effort to insist on having "Progress Brand" Clothing, and the gain is proportionately great. If, on the other hand, a man is satisfied to accept the first suit or overcoat that is handed down, and will make no effort to secure a reliable make like "Progress Brand" — he can't expect to have other than shabby clothes and be a walking advertisement of his own indifference.

"Progress Brand"

Suits and Overcoats

Look what you gain by buying 'Progress Brand':
—stylish, perfect fitting garments
—made of dependable goods
—by expert tailors —and sold with an unconditional guarantee that they must give satisfaction or your money back. The man who looks for the "Progress Brand" dealer and the "Progress Brand" label gains a great deal with very little effort. The gain is not merely one of dollars and cents (always an important consideration) but is the greater gain of commanding attention and respect by being always well dressed. 18

Sold and Guaranteed by Canada's best Clothiers.

Struck Bed Rock

That's what we've done on the prices of our entire stock of SUITS, OVERCOATS and CRAVENETTES, and if our parlors are not literally thronged with customers Saturday, it will not be on account of any dearth of bargains unprecedented, unequalled and positively the most sensational ever known in the mercantile history of Montreal. No one can or does deny that we buy our Garments at prices less than it cost to make them, and that our expenses are very small, compared to St. Catherine street merchants. That's why we are able to give our customers such great values, and it is the one great reason for our large and ever-increasing business. PRICES TALK. HERE THEY ARE.

THE MYSTERIOUS BULLET.

Secretary Loeb Thinks Jack Roosevelt Fired Shot at Target.

Oyster Bay, September 11.—The mystery of the shot that passed over the head of President Roosevelt as he rode along the Cove Road last Saturday has not been solved by the Secret Service men despite persistent investigation. Secretary Loeb, who has made some inquiry of his own, declared that he was convinced that the bullet came from the rifle of "Jack" Roosevelt, son of Emlin Roosevelt, the President's cousin.

"Jack Roosevelt was practising at target shooting on Saturday," he continued, "and whatever shot was heard from the road was from his rifle."

GERMANY'S HOSTAGES FOR PEACE.

There has been little [illegible] of the [illegible] European [illegible] when [illegible] recognizing Mulai Hafid as Sultan of Morocco [illegible] way to get it [illegible] of France [illegible] distrust [illegible] Germany is taking but [illegible] Tangier [illegible] many was that France was [illegible] Mulai Hafid [illegible] London weekly press [illegible] European [illegible] regarded [illegible] taking [illegible] nations do [illegible]

A [illegible] attitude was [illegible] the Asiatic Government [illegible] says the [illegible] between the [illegible] French diplomacy [illegible] French warships at Rabat. The Sultan [illegible] travelled to Casablanca [illegible] French [illegible] as he went through the territory [illegible] French press [illegible] triumph [illegible] which were echoed [illegible] articles of The Times [illegible] victory. A German [illegible] of the distrust [illegible] Berlin [illegible] French [illegible] dismayed over the [illegible] Mulai Hafid.

The Spectator [illegible] the existence of the German [illegible] but ridicules [illegible] Referring to the defeat of Abd-el-Aziz, it says: "With [illegible] of the matter we [illegible] been to say, as some [illegible] Frenchmen and a few [illegible] have done, that France has been secretly aiding the cause of Abd-el-Aziz [illegible] to thrust his sovereignty upon an unwilling people [illegible] was [illegible] more amenable [illegible] French ambitions than his brother. When Abd-el-Aziz best [illegible] marched out of [illegible] to Marakesh, he was [illegible] through the territory under French control. He had to take [illegible] a way exposed [illegible] attacks. Was that giving [illegible] And before then, the French army, during its operations in the Shawia district again and again looked the other way when Mulai Hafid's [illegible] came near. Was that suppressing Hafidism in the interests of Abd-el-Aziz? The fact is that France recognized Abd-el-Aziz only so far as she was bound to do. The Algeciras Act ensured his sovereignty, and France, as one of the mandatories of that Act accepted the assumption."

In the end it seems that the temper of the Spectator has gained the upper hand even in Germany, and the settlement of the difficulty has been relegated to diplomacy. This collapse of the Moroccan dispute has undoubtedly been due to a large extent to the grave problems for Germany involved in the [illegible] at Constantinople. Under the old regime the Kaiser was the European monarch [illegible] with the [illegible] government and many [illegible] flowed into the hands of German capital [illegible] Now a Young Turkey [illegible] looks to Great Britain to regain her lost prestige and for renewing our old amicable relations with France, while having all due respect for the German race," he hopes that the regenerated Ottoman Empire will peacefully settle all the economic troubles and see the return of the productive enterprises into the hands where they rightfully belong." Here surely is scope enough for all the diplomacy of the Kaiser and [illegible] Chancellor. The German government [illegible] likely to entangle itself with [illegible] relatively small [illegible] as Morocco while Germany's entire interests in the Near East are imperilled.

ENFORCE THE PURE FOOD LAW.

The weekly reports of the city's chief food inspector, with their announcements of the seizure of enormous quantities of impure food, indicate a serious menace to the health of the city. It is not many months ago that a baker in the city was arrested and brought before the Recorder on the charge of varnishing his bread with rotten eggs. The man was found guilty and fined. His plea of justification was that his patent varnish made his bread look more attractive. The vendors of these impure foods apparently view their illegal business with the utmost complacency. That they may be endangering the lives of [illegible] by selling what is dangerous to health does not appear to shock them in any way; neither apparently does the glaring dishonesty of the practice.

The confiscations announced in the weekly reports of the food inspector embrace almost every kind of daily food, such as animals, meat, fruit, fish, berries, [illegible], sausages, and a hundred other things. What is striking in regard to these seizures is the small percentage of prosecutions instituted in the courts against the offenders. Now and again, it is true, the vendors are punished, as in the case of the man who used [illegible] eggs [illegible] bread, and in the case of the baker whose prosecution Dr. [illegible] but the truth is that the prosecutions which [illegible] a ridiculously small percentage of those who so brazenly break the law.

If, instead of merely confiscating [illegible] promptly brought and [illegible] before the courts, the weekly reports showing the seizure of thousands of pounds of poisonous food would [illegible] be much less nauseating to read. Those who are heartless enough to offer diseased food for sale have no fear whatever of [illegible] The stuff is worthless anyway. But they would have the most profound respect for [illegible] heavy fines for the offence, and the unenviable notoriety they would get by appearing in court and being made to suffer for their [illegible].

The contention of civic officials is that if there were twice as many food inspectors as are now employed there would be less danger of bad food being sold. This sounds very well, but what is needed more than additional inspectors is a more stringent enforcement of the laws that now exist against offering dangerous food for sale. The trouble with many of our by-laws is that they are ignored both by officials who should enforce them, as well as by those who set them at defiance.

A demonstration as to how poorly the laws are enforced was strikingly shown in the decayed salmon case that occurred so much public attention several months ago. Thousands of cans of bad salmon were sent to the city and sold by auction. When the scandal was exposed in the papers a huge number of cans were seized and they were bustled off to the incinerator. It was found that the fish was in such a bad state of decomposition that the cans exploded as soon as the fire touched them. A demand was made that the shippers be arrested, but the civic law department came out with the [illegible] report that as there was not sufficient evidence of evil design on the part of the shippers, it would scarcely be just to order arrests in this particular case. Whether the shippers had evil designs or not should not have mattered one whit. They should have been compelled to come to the courts and explain how it was they endangered the lives of hundreds of citizens by offering poisonous food for sale.

This dangerous practice of offering bad food for sale and taking good money for it will never be stopped unless there is a more fearless enforcement of the laws.

LEGAL REFORM AGAIN.

Two utterances in condemnation of the present method of leading up to a sane and just trial, were delivered by presiding judges when the autumn terms of the court of King's bench and the civil court opened yesterday. Judge Trenholme said from the bench what has often been discussed otherwise, that the grand jury system, as at present constituted, does not produce the advantageous results which might be obtained from some other form of investigation. He avers that the grand jury and the magistrate before whom preliminary investigation is held do practically the same work, thus duplicating one another's duties without necessity and without forwarding justice. His avowal, that the grand jury is a burden to the community, voices the sentiments of many. It will bring forth a sigh of hope from those who have had to serve on it under conditions that render their services almost mechanical. We believe that while the system is not wholly bad it is capable of many abuses.

In the civil court the Chief Justice Sir Melbourne Tait, described as one of the mildest mannered men who ever sat on the Canadian Bench, gently rebuked the lawyers for obstructing the operation of the law by not having their cases ready when court was opened. "There are eleven judges in the building this minute," said His Lordship, "and but four cases are ready for trial." These comments do not by any means represent all the factors at work for legal reform. The conviction is growing that behind a bulwark of technicality and privilege lurk abuses inconsistent with the very sound of Law and Justice. And lawyers and judges themselves freely admit it in private discussion. A real legal reformer might make himself very unpopular among his associates. He might even incur the dread displeasure of the very last resort of legal quibblers. But his influence and his work would be lasting because the need is imperative.

"Uncle Joe" Cannon is up against a new campaign for his defeat. Sixteen bishops of the Methodist Episcopal Church have united in a symposium asking all friends of temperance to vote against the Speaker of the House of Representatives, because, as they claim, he blocked the Littlefield liquor bill. The result of this appeal will be watched with considerable interest as an indication of the strength of the prohibition sentiment in Illinois when pitted against party allegiance as well as of the influence exercised by the Methodist bishops when they venture into the political field. If the campaign succeeds, the lower Chamber of Congress will lose a picturesque figure and a loyal follower of the Republican "machine."

THIS DATE 30 YEARS AGO

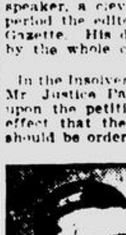
The Late Hon. Thos. White.

September 11, 1878.

Mr. Thos. White, of Montreal, has been nominated at a meeting in Orangeville as the Conservative candidate for Cardwell.

THE late Hon. Thomas White was elected by a majority of nearly three hundred over his opponent, Mr. Joseph Fattulo. He unsuccessfully contested Montreal West in 1875, and again the following election, but only lost by a few votes. He entered the Cabinet in August, 1885, as Minister of the Interior, and held the office up to his death, in April, 1888. He was an eloquent, logical speaker, a clever debater, and for a long period the editor-in-chief of the Montreal Gazette. His death was deeply regretted by the whole community.

In the Insolvent Court this morning Hon. Mr. Justice Papineau gave his judgment upon the petition of A. C. Leslie, to the effect that the assignee, C. O. Perrault, should be ordered to resume possession of the insolvent estate of G. R. Fabre. His Honor, after reviewing the case, dismissed the petition with costs.



The Late Charles O. Perrault

THE late Mr. C. O. Perrault was appointed an official assignee for the Montreal district in 1877. Two years before he was made Vice-Consul of France, and for his good services was honored by the French Government with the Legion of Honor. He was called to the Bar of Quebec in 1862 and practised his profession for only two years; then he took up journalism, editing Le Pays for three years. He was also one of the founders of the Montreal Abattoir Company. He died many years ago.

It is said that Mr. Edison has sold all his telegraphic inventions and improvements to the Western Union Telegraph Company, in consideration of getting six thousand dollars per annum for thirty-four years.

MR. EDISON is a Canadian, and began life as a telegraph operator on the Grand Trunk Railway. His many inventions of electrical machinery and instruments have made him a very wealthy man, and worthily won for him in the scientific world the sobriquet, "The Electrical Wizard."

The Finance Committee held a meeting today, Ald. Nelson presiding. The bill of the Gas Company for light supplied to the city to order "on the nights of the 11th, 12th and 13th of July last" said light being required according to their contract "inasmuch as the moon shone brightly" was ordered to be paid after the Mayor and several aldermen had characterized the action of the Gas Company as very contemptible and small.

THE extra lighting referred to was deemed necessary by the authorities as nightly brawls and shootings occurred in certain parts of the city. The police were unable to detect and [illegible] the brawlers in narrow, badly lighted streets. Both the Mayor and Ald. Nelson have long since passed away.

The annual gun practice of the Montreal Field Battery takes place at Quebec this year and the detachments leave in a few days to put in the course of drill and firing.

THE artillery practice with field and siege guns was usually held yearly on the Island of Orleans. The past few years, however, the meetings have been held at the Petewawa camp, Ontario.

Political News . . . and Gossip.

The Halifax Chronicle (Liberal) contends that Mr. Borden's tour with the four provincial premiers is little more than an appeal to party spirit. It says:

"Not one of the four has ever taken any part in Dominion affairs and Sir James Whitney, the only one whose record can be said to make any appeal to the general electorate outside his party does so on a purely local issue which still engages all his attention. Neither he nor Mr. McBride nor Mr. Roblin nor Mr. Hazen stands for anything in the politics of the Dominion, nor does any of them offer to the country a single suggestion as to policy or administration."

The Daily Standard (Conservative), of Kingston, Ont., takes issue with the stand of Leader R. L. Borden on the general issue of Government ownership of all public utilities. It says that it is by no means convinced that things are not just as well now as they would be under Government ownership. The Standard says: "Certainly, when it comes to Government ownership of all public utilities—as contra-distinguished from Government supervision, well, we are not in heart accord—we very frankly say we are not yet ready to follow Mr. Borden, and we do not believe for that matter that the country is," adding, "that from what it sees and hears there is no enthusiastic general demand for such ownership."

The Charlottetown Examiner (Conservative), in advising a change in the provincial administration of Prince Edward Island, says:

"Prince Edward Island as a province has not in the past ten or fifteen years made the progress that it ought to have made. Its people have gone ahead, have improved their individual holdings; have made advancements which are noticeable on every hand.

"But for the province we see nothing but retrogression; educational retrogression, public works retrogression, financial retrogression."

The Fredericton Herald (Liberal), speaks of a new element of dissension which, it says, has sprung up in the St. John, N.B., Conservative ranks. It continues:—"You are a serpent—a serpent, sir," said Mr. Harry Powell, ex-M.P., to Mr. A. W. MacRae, St. John Tory candidate, immediately after the latter's nomination. A serpent is generally interpreted as a snake, and this particular snake appears to have sucked some Powell eggs in the Tory nest of traitors. We do not believe Mr. MacRae is a snake, and we are only giving Mr. Powell's opinion in the matter. Bigger men than Mr. Powell have been promptly knocked down when applying such a vile name to an opponent, but Mr. MacRae is the son of a clergyman, and has probably been taught to turn the other cheek to the smiter.

Commenting upon the Cassels inquiry the Winnipeg Telegram (Conservative) says: "It will be interesting if, in the face of the report of the civil service commission, which declared in effect that graft was rampant in the department of marine and fisheries, Judge Cassels and George H. Watson should present L. P. Brodeur and staff with a set of halos. That would leave the situation in such a state of maddening perplexity that another commission would have to be appointed to investigate Judge Cassels' report."

THE GLASGOW UNEMPLOYED.

Deputation is Received by the City Council.

Glasgow, September 11.—A remarkable scene was witnessed at the offices of the City Council. Crowds of the unemployed gathered in George Square before the council convened, and a delegation of 12 was admitted to the meeting. The councillors received the delegation by rising from their seats. The spokesman for the unemployed said that never before had there been such distress in Glasgow.

"Every human unit," said this man, "is entitled to food. We make no outrageous request; we are only here to plead for the souls of men and women. They demand work."

The chancellor replied with deep emotion. He said the council had received the delegation in a spirit of brotherhood, and that it would do all in its power to help those who need work.

JAPANESE FINANCES.

Marquis Katsura Says Patriotism is Needed—and Rigid Economy.

Tokio, September 11.—Marquis Katsura, the new Premier and Minister of Finance, outlined a policy of rigid economy for Japan in an address before the Bankers' Club. He declared that the patriotism of the people of Japan was as necessary now when economy was needed to restore confidence and credit, as during the Russo-Japanese war.

Lord Carrington Favors Embargo.

Canadian Associated Press.

London, Eng., September 11.—It is learned from reliable sources that Lord Carrington, president of the Board of Agriculture, is unequivocally against the removal of the embargo on Canadian cattle, and that so long as he remains in office will be opposed to the removal.

MR. BORDEN WAS WARMLY WELCOMED AT SHUBENACADIE

Addresses Also Delivered by Messrs. Stanfield, Hanright and Crosby

[illegible] Correspondence.

Shubenacadie, N. S., September 11.—The eight hours' journey from Yarmouth to Shubenacadie yesterday took Mr. Borden from a town of cool and passive critics to a thriving country village, warm and demonstrative in its appreciation of the Conservative doctrine he brought for hearing.

The Shubenacadie gathering, composed in large part of farmers, with a fair sprinkling of Liberals among a throng of ardent Conservatives, gave the Conservative leader a whole-hearted welcome, listened attentively to all the speeches, applauded loudly on every occasion and then sped Mr. Borden with three hearty cheers and several tigers.

The hall in which the meeting was held was small, but it was full to the doors with electors of Hants, Colchester and Halifax. The speakers were the candidates in these constituencies, Messrs. F. A. Hanright, John Stanfield, R. L. Borden and A. B. Crosby.

Mr. Borden made a rapid review of a large field of discussion. Opening with a warning to his Liberal hearers not to let party affiliations run away with their reason, he went over a great number of the points raised during his previous addresses in the province. Party government, he said, is the best form of government yet discovered. But it brings the attendant danger that the electors may grow so welded to party that they become blinded to its faults and its follies.

"You should strive against this, and whether you call yourself Liberal or Conservative should study with open mind the issues of the day. If your party does not give you an acceptable platform it will be no disloyalty to vote against it on that issue."

The speaker then discussed some of the old Liberal planks to show that that party had departed from the platform on which it was elected.

The reform of the senate had been accomplished by filling that chamber with rabid partisans irrespective of fitness for the honor. The reduction of duties had been accomplished by an increase. The duties may be lower in [illegible] was [illegible] platform [illegible] have [illegible] charged [illegible] the Conservative platform [illegible] down without appeal [illegible] of the party. "I will take Mr. [illegible] at his word and ask him [illegible] leaders [illegible] planks in their platform without fulfilling their promises [illegible] said.

Waste [illegible] expenditure [illegible] of tax [illegible] Mr. [illegible] administration of the [illegible] had only [illegible] the party in power chose to [illegible] the government had [illegible] which huge blocks of land were [illegible] practically perpetual [illegible] the railway policy were assailed [illegible] fashion.

Mr. John Stanfield, M.P., had but little to say [illegible] election [illegible] my statement [illegible] newspapers [illegible] I stand by that in this or any other [illegible] I [illegible] prepared to [illegible] elections."

The candidate [illegible] Hants, Mr. Hanright, [illegible] claiming [illegible] election solely because of the favor he had gained for his constituency. The reason [illegible] being a statement issued by Dr. Black, member of Hants, showing how many wharves he had obtained for the county and claiming that he secured a greater government expenditure than had any other previous member, Liberal or Conservative. "It is not an appeal that should be effective with high minded people," said Mr. Hanright. "I should be ashamed to go before electors with no better boast of service than this. Was this money Dr. Black's money or the money of the Laurier Government? No it was the people's money. Dr. Black spent it in Hants, but spent it for the benefit of personal and party favorites and the works he secured are no good to any one else. I should prefer to stand by the Conservative policy that the money should be spent where it would do the most good to the greatest number."

Mr. Hanright announced that he had supported Mr. Stanfield and believed him personally innocent of any wrong doing. He was determined that in Hants there should be a clean election and that he was ready to meet the Liberal organization half way and arrange means to see that effective means were adopted.

"Turn the rascals out," was the text of Mayor Crosby, of Halifax, in a semi-humorous address which was heartily appreciated by many in the audience.

CARLETON WANTS MR. BORDEN.

Special to The Montreal Star.

Ottawa, September 11.—Officials of the Carleton County Conservative Association, state that Mr. R. L. Borden, leader of the Opposition, will again be tendered the nomination. If Mr. Borden will not run for Carleton the candidates for the nomination will be Dr. G. H. Groves, of Carp, president of the association; Edward Kidd, ex-M.P., and Clark Craig.

HON. MR. RUTHERFORD OPTIMISTIC.

Special to The Montreal Star.

Toronto, September 11.—"The country west of the lakes will, I think you will find, give the present Government as large a majority as it gave in the present parliament," said Hon. A. C. Rutherford, Premier of Alberta, who is now in Toronto.

"We Liberals in Alberta," he continued, "hope to send a solid contingent to Ottawa, and if the last provincial election can be taken as a basis we shall do so. So far as my information goes, the Liberals in Manitoba, after the next Dominion election, will stand pretty much where they are now." Mr. Rutherford denied Premier Roblin's charges that Dominion Government officials in the West had been taking an active part in elections. Speaking of the recent trip through the West of Mr. H. B. Ames, M.P., Mr. Rutherford said the Montreal member's campaign had accomplished nothing so far as the interests of his party were concerned, for he had proved nothing.

TO OPPOSE MR. TEMPLEMAN.

Victoria, B. C., September 11.—G. H. Barnard, president of the Conservative Association of the province, and also of the local body, was nominated as Conservative candidate in this constituency at the approaching Dominion elections. The convention was a most representative one, and the Institute hall was packed to the doors with an enthusiastic gathering. Without any preliminaries, G. H. Barnard and W. Beckwith, who opposed Hon. W. Templeman at the last election, were placed in nomination. Speeches were delivered by Martin Burrell, Premier McBride and others. The ballots were counted and resulted: Barnard, 423; Beckwith, 127. On the motion of Mr. Beckwith, the nomination was made unanimous.

The following are the candidates in New Brunswick:—St. John City, Daniel, Conservative.

St. John City and County, Pugsley, Liberal; MacRae, Conservative.

Kings-Albert, McAlister, Liberal; Fowler, Conservative.

Queens-Sunbury, McLean, Liberal; Wilmot, Conservative.

York, Crocket, Conservative.

Carleton, Carvell, Liberal; Smith, Conservative.

Victoria-Madawaska, Michaud, Liberal.

Restigouche, Reid, Liberal.

Gloucester, Turgeon, Liberal.

Northumberland, Loggie, Liberal; Morrison, Conservative.

Kent, LeBlanc, Liberal.

Westmoreland, Emmerson, Liberal; Sumner, Conservative.

Charlotte, Todd, Liberal; Ganong, Conservative.

MR. M'INNES WILL INTRODUCE NATAL ACT IF ELECTED

Criticizes Federal Government for Failure to Settle Oriental Problem

Special to The Montreal Star.

Vancouver, B. C., September 11.—In a two hours' speech before a large audience in the City Hall last night, Mr. W. W. B. McInnes, the Liberal candidate, reviewed the issues of the campaign. After congratulating Mr. Cowan, his opponent, upon his victory over machine methods in securing the Conservative nomination, he declared both accepted the same position in regard to Asiatic immigration and better terms. Mr. McInnes considered the question of Oriental influx was the great issue in British Columbia and the West generally. He pledged himself, if elected, to introduce the Natal Act making compulsory the educational test of immigrants, and another measure requiring foreigners seeking naturalization to appear in person before the courts. His criticisms of the failure of the Laurier Government in the past to solve the Oriental question to the satisfaction of the people of British Columbia were severe. However, some progress had already been made and he felt confident the problem would be solved by the Liberals.

Mr. Joe Martin gave out an interview yesterday in which he made a red hot attack on the Liberals. He said: "Last night's Conservative convention is an object lesson on the different methods of the parties. In connection with the Conservative convention no suggestion was made that anyone who attended primaries was not entitled to be there. Those who attended seemed to be well known to one another. The delegates were legitimately and fairly selected. They met in open convention and freely cast their votes in accordance with their opinions. This is in striking contrast with the disreputable tactics adopted by the Liberals. When Mr. Macpherson was first nominated the primaries were packed with all kinds of loose fish hired to attend for the purpose of nominating Macpherson against the wishes of the Vancouver Liberal Association. It is openly asserted by the friends of Messrs. Senkler and Farris, the unsuccessful aspirants for convention honors, that a large contingent of Italians, another large outfit of wharf rats and loafers and a number of hotel loafers, piloted by a well known hotel keeper, were on hand when the convention was called, with ballots already marked for McInnes. Whether these statements are true or not, I do not know. Judging from past experience they are very likely true."

OPIUM JOINT MURDER TRIAL FIXED FOR TUESDAY

Self-Defence Will be the Plea of "Crooked-Neck" Smith

In the Court of King's Bench yesterday afternoon, Mr. Justice Trenholme presiding, it was announced that the trial of "Crooked Neck" Smith, on a charge of murdering James Enright, will commence on Tuesday of next week. He will be defended by Mr. R. A. E. Greenshields, K.C. He was arraigned and pleaded not guilty, the defence being that he thought his life was in danger at the hands of Enright and he therefore shot and killed him.

The following true bills were returned by the Grand Jury:

The King vs. The St. Lawrence Sugar Refinery for committing a common nuisance, injuring the lives, safety and health of the public in keeping on their premises in large quantities the bones and flesh of beasts in a state of decomposition, causing an offensive odor.

The King vs. Paul Nicola, accused of shooting with intent to murder Marie Christina Lemire at Baie du Febvre, on February 27th last.

The King vs. Paul Nicola, accused of a similar offence committed against Jean Baptiste Lemire.

Emile Joseph Gauthier, accused of having received divers sums of money, amounting to about $75, for the Metropolitan Life Insurance Company and converting the same to his own use.

Alexandre, alias Etienne, alias Leblanc Pare, accused of intending to commit murder on Jules Godon by throwing him into the Riviere des Prairies.

Napoleon Mathieu, two accusations of theft.

Emile Joseph Gauthier, accused of theft as clerk or servant while in the employ of the Metropolitan Life Insurance Company.

Four accusations of rape against Alfred Houlin, on the person of Philomene Labarre, 11 years old.

Joseph E. Choquette, theft of coal at Chambly Canton from the Central Vermont Railway.

Jacob Brewer, accused of having, with intent to defraud creditors, concealed and displaced his property.

The three new bills about which the Grand Jury thought there was an insufficient prima facie case to warrant sending the accused for trial were as follows:

Rabbi Simon Glazer, who was accused of libel on the allegation of having without legal justification, published a circular likely to injure Aaron Aanf by exposing him to hatred, contempt and ridicule.

Frederick W. Boshen, who was accused of having received the sum of $1,400, the property of Harry Sessenwein, on terms requiring him to account for, or pay the same.

Michael Laverty, who was accused of theft from the person of Adelard Fleury.

Acquitted in King's Bench.

William Kennedy, charged with receiving stolen goods, was acquitted in the Court of King's Bench, this afternoon. He was defended by Mr. Thomas Walsh.

DUNCAN M. STEWART'S ARREST ORDERED BY DOMINION GOVERNMENT

Ex-General Manager of Sovereign Bank is Alleged to Have Issued False Returns—Mr. Stewart Cannot at the Moment be Located.

Mr. Duncan M. Stewart.

Acting on behalf of the Dominion Government's Finance Department, Col. F. W. Hibbard yesterday issued a warrant for the arrest of Duncan M. Stewart, formerly general manager of the now defunct Sovereign Bank.

The warrant charges Mr. Stewart with having signed false statements of the bank's financial condition during the months of March and April, 1907, and the most serious detail of the statement alleged to be false is that the bank had at the time fifteen million dollars of current loans in Canada. Just what knowledge the department has of the actual amount of these loans at the time mentioned is not stated.

Rumors have been many for weeks past, and that legal action is now taken is not a matter of any great surprise. It is known that Mr. Stewart learned three months ago that a careful enquiry was being made by the Finance Department with a view to criminal prosecution. He then made preparations to leave Montreal, and acting upon the advice of friends he gave up his business as a private banker and went away. The fact was published in the Star at the time. A little over a week ago he came to Montreal and, staying with friends, closed up his private affairs and went away again.

Department Takes Action.

It was while Mr. Stewart was discussing the question of leaving the city that Mr. Thomas Lawson of the Finance Department, Ottawa, and who took action against Mr. Philip Roy, came to Montreal and finished up the enquiry commenced months ago. On his return to Ottawa the facts, as he had learned them, were laid before the department. Mr. George Watson, K.C., of Toronto, was instructed to take action under the banking act of Canada and the Quebec Government was asked to instruct Col. Hibbard, Crown Prosecutor, to act jointly with Mr. Watson.

The warrant was issued yesterday afternoon and it was at once handed to High Constable Bissonnette. That officer went to Mr. Stewart's home but got no satisfaction beyond the statement that Mr. Stewart was not there. At the office on St. James street it was found that the business had been closed for some time. What steps will now be taken to trace the accused is not known, but there is good reason to believe that the matter will be placed in the hands of Col. Sherwood, C. of the Dominion Police, with instructions to find him at any cost or trouble.

SIGNED AS GENERAL MANAGER.

Below will be found the April statement as signed by Mr. Stewart. There is not very much difference in the amounts as compared to the March statement and on both appears the $15,000,000 current loan account. It is interesting to note that the statement was made and signed by Mr. Stewart on May 11. He signs himself as general manager, yet his resignation as such was handed to the directors of the bank on May 1.

Return of the liabilities and assets of the Sovereign Bank of Canada on the 30th day of April, A.D. 1907. The same being the document upon which Mr. Stewart's arrest was ordered.

MERCHANTS SAY THAT GOVERNMENT BOUGHT REASONABLY

The Marine Department enquiry was resumed this morning before Mr. Justice Cassels, the first witness called being Mr. J. J. M. Duff, accountant, who testified that he had examined the entries relating to the sale of silverware, cutlery and china by the firm of R. J. Coghlin and Co., for the Montcalm and Champlain, had seen the original record of purchase, etc., and found them correct. Prior to the refund of the $1,100 he found the firm's profit had been about forty per cent., but after the refund there seemed to be no profit. Mr. Duff testified that from ten to fifteen per cent. should, in his opinion, be added to an account for running expenses. He held the forty per cent. profit in this case was not too large, as it was a special order requiring special care in the carrying out, the expenses in this case including a trip to England by Mr. Coghlin. He believed that for a special order special rates should be paid, the order in this case requiring careful attention as to the decorations for table ware, etc. He testified that he had found no trace of how the refund was made, but had discovered several previous transactions with the Government on which five per cent. commission was charged. In this case it was added to the foot of the invoice. Mr. Duff admitted that custom duties might have been saved.

An Anonymous Letter.

Mr. James Lewis, of Lewis Brothers, the next witness, was recalled at his own request to testify concerning an anonymous letter sent to Mr. Justice Cassels. The judge declined to allow the letter to be made public, but it is understood that it stated that Mr. Lewis had at St. James Club made fun of the work of the investigation and had told a very different account of his business with the Department of Marine and Fisheries to what he had told in the witness box.

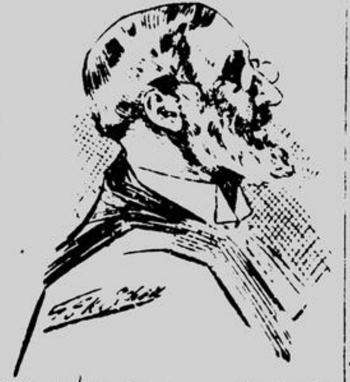
Mr. Lewis testified that he had not been at St. James Club, save in the ladies' department, for some time, and denied that he had discussed with any one at any place the proceedings of the Commission.

Questioned by Mr. Watson: Mr. Lewis said that during the past ten years they had sold perhaps three diving suits to the Government, the prices ranging from $300 to $900, according to the outfit, that required for deep sea diving requiring a lot of costly apparatus.

About Coal Supplies.

The next witness, Mr. Lyon Cohen, of Cohen & Son, testified that they had sold coal to the department for the use of a small survey boat used in the Lake of Two Mountains. This had been supplied at current prices. He testified, in reply to a question, that this coal could not be sold at wholesale, as it was not in cargo lots, and there were extra expenses connected with its delivery. There was no advance on the retail prices. He knew of no Government employe getting any advantage from such transactions. He [illegible] ing to [illegible] he [illegible] been [illegible] large tenders.

Mr. Cohen said he was also a member of the firm of W. R. Cuthbert & Co., brass founders, which had sold to the Government about $7,500 worth of brass castings. He explained the impossibility of selling a specific casting made at special order from a special pattern [illegible] a special price being necessary for each. There was [illegible] about 20 per cent. added to the gross sales, but this must cover [illegible] contingencies, the net profit depending on freedom from accidents incidental to the business. His business had been conducted with Mr. Desbarats, who could obtain a position with Cuthbert & Co. any time he wished to leave the department. At this Mr. Watson caused a laugh by saying Mr. Desbarats would want an increase in salary.



The Marine Enquiry — Mr. Justice Cassels.

Mr. Crossin, of the E. T. Moore Co., was recalled and testified that he knew of no rake off going to any one. He was followed by Mr. Beaulieu, of La Cie Pontbriand, of Sorel, who testified as to sales to the Government of engines, boilers, fittings and castings. Most of the orders had been obtained through tendering, the business done with the Government being conducted in the same way as with others, but owing to competition had to make prices ten per cent. lower to the Government. The profit on transactions with the Government averaging four or five per cent. He also testified that in a period of eight years the company had paid four per cent.

SOREL MERCHANTS HEARD.

Many of the largest dealers in Sorel, who have had dealings with the Department, have been summoned as witnesses, the next on the list to testify being Charles O. Paradis, who gave his evidence in French, and was taken in hand by Mr. Perron. He testified as to the ship furnishings sold by him to the Government. His business with the Government was largely obtained by tender and owing to the competition of Montreal houses he had to cut the price very fine, but owing to the expenses in Sorel being less he was in a better position to cut prices. No one had ever demanded any rake off, and, besides, prices were so low there could be no possibility of such a thing. Another Sorel witness was Mr. Joseph Pratt, manager of C. Labelle & Co., wholesale dealers in iron ware, marine stores, groceries, etc. Since 1900 the firm had sold a goods sold the Department. He explained that they had to tender for practically all goods sold the Department. He explained, when asked if they sold the Government wholesale or retail, that in order to get the business. No one had demanded any commission, and when the Government store at Sorel ran out of something and sent an emergency they had to cut prices very fine in order they were charged ten per cent. profit. Following this witness, Harold Shepherd, of Shepherd & Son, lumber and timber dealers, testified as to the sale of goods to the Government.

Prior to the calling of the first witness, Mr. Watson explained that a telegram from New York had been received, stating that Mr. Brooks was out of town and the message sent had been forwarded. Mr. Brooks' domicile being in New York it was impossible to order him to appear before the court, but it was hoped he might attend, and the books desired in the investigation be produced.

The Patronage System

Mr. Watson also read a series of letters bearing on the manner in which the patronage system was worked, and tending to show that the system was in force prior to the coming to power of the present Government. As these letters deal with a period long anterior to that covered by the present inquiry, further examination was considered unnecessary. It was learned this morning that different firms called before the investigation have no right to be represented by counsel. Mr. Chas. Gaudet, who has been watching the interests of Messrs. R. J. Coghlin and Co., since the enquiry opened, again made an unsuccessful application in Chambers to be heard before the Commission and to cross-examine witnesses. The only ones allowed counsel are officials under suspension. In the case of Messrs. Coghlin and Co., a petition of right is to be at once taken against the Government for the refund of the moneys detained, and which the firm claim they can show were paid in error, when they can get proper representation before a court of justice.

APPEAL IS MADE TO HOME SECRETARY

Protestant Alliance Takes Further Action to Stop Procession of Catholics.

(See also page fourteen.)

London, September 11.—The Protestant Alliance, in continuing its opposition to the appearance of the Host in the procession to be held in this city next Sunday in connection with the Eucharistic Congress, today telegraphed an appeal to the Home Secretary to prevent the carrying of the Host and the wearing of vestments on this occasion. The appeal says: "The Protestant feeling in London and the Provinces, as you doubtless are aware, increased enormously since Tuesday and the country is now looking to you to prevent the law of the land being broken."

The appeal concludes with these words: "Any other course will involve grave danger to the public safety. If riot and disorder should result, the responsibility will rest with the Home Office, which has had ample warning of the state of feeling in London."

FREIGHT CARRYING BY M.S.R. DISCUSSED

Aldermen Rather Favor Project and May Enter Definite Negotiations.

There was a discussion among members of the Roads Committee today of the project of permitting the Street Railway to carry freight in the streets of the city.

In the discussion which ensued it seemed clear that the members were well disposed to have the company do this work. From negotiations which had already been entered into with the company in regard to the matter it had been found the city desired more remuneration for this freight carrying business than the company thought it was entitled to give.

LEGALITY OF BONDS.

One of the most important steps taken by this Corporation to assure itself of the safety of securities it considers dealing in, is an exhaustive legal examination.

In this work the best legal counsel procurable is retained.

Only when the counsel's report is favorable in every particular, will this Corporation make a purchase.

To any one interested in the following securities, a copy of the opinion rendered by Aimé? Bruce, K.C., touching for their validity, will be gladly sent:

Canadian Northern Extension? Bonds, Winnipeg Suburban Railway? Toronto Roads, Toronto and York Radial Railway Bonds.

The present price of these bonds gives them an income yield of 5 per cent., 5.35 per cent., and 5½ per cent. respectively.

Cobalt Stocks on the Boom--Shawinigan Dividend--Wall Street are Weak

ILLINOIS IS THE ONLY LOCAL STOCK TO MOVE HIGHER

Coal, Power, Havana and Mexican had an Easier Tone

No particular significance is attached to the rise in call money in New York. The rate went as high as 2½ per cent yesterday, and money was quoted at 1¾ to 2 per cent to-day.

Money has recently been ruling there around ¾ to 1 per cent, and the recent hardening tendency is [illegible] sympathetic with the rise in exchange and the possibility of gold exports.

There has been a weaker tone in the Wall Street list for the past couple of days, something that the bears are rather glad to see, as the market [illegible] weakened [illegible] fast.

The Montreal market is also [illegible] in a [illegible] spot, and apart from a [illegible] and more or less [illegible] in [illegible] traction, there was absolutely nothing doing.

Illinois Higher

Illinois Traction [illegible] yesterday afternoon and [illegible] this morning. [illegible] the stock has [illegible] the movement, and there was [illegible] sorption this morning.

SOME WEAKNESS

Mexican Power sagged off [illegible] and 100 shares sold at [illegible].

Havana Electric was [illegible] while, although there were [illegible] Dominion Coal [illegible] was offered down [illegible] 56, with 54 bid.

Power was quiet at [illegible].

Detroit United

Detroit United [illegible] this morning no stock [illegible].

The gross earnings [illegible] of August were [illegible] showing a [illegible] of $[illegible] making a decrease [illegible].

Since the first of [illegible] is $59,943.

U. S. Steel Figures

Should [illegible] earnings [illegible] $[illegible] which is altogether [illegible] and deductions in the last half correspond closely with deductions in the first half, the income account of the United States Steel Corporation for [illegible] would show as follows:

Net earnings	$[illegible]
Sinking fund, depreciation charges, etc.	11,349,622
Balance	$78,[illegible]
Interest, sinking funds, etc.	29,247,[illegible]
Balance	$48,802,126
Preferred dividend	25,219,676
Balance for common	$23,583,450

The balance of $23,583,450 is equivalent to approximately 4.6 per cent on the $508,000,000 common stock outstanding.

In Wall Street

A wire said: "There was some disposition shown by room traders to take the bear side of the market temporarily, as the set-back in [illegible] judgment was not substantial enough, and a firmer foothold could be secured by further recessions in all active stocks. They followed up their judgment by selling the market. Reading seems to hold well and rebounds after each recession. The talk of some announcement by Harriman interests regarding Union Pacific and controlled properties is persistent, but nothing authoritative has come to light as yet. There has been some heavy selling by some commission houses to-day."

Copper [illegible] in London was 5s lower at £60 [illegible] 6d for spot, and £61 7s 6d for futures.

The New York banks have lost $[illegible],000 to the sub-treasury since Friday.

Coal People Deny Reports

Gay Rumors of Wholesale Reductions are Greatly Exaggerated.

The Star's special correspondent at Glace Bay wires:

"In reference to the alarming report being circulated that Dominion Coal is about to close some of the mines, reduce the output of others and generally make very large reductions in its force, your correspondent has carefully inquired into this report, and has authority from a high official of the Coal Company to say that it is grossly exaggerated.

"Last year at this time the company was seriously behind in its delivery owing to the late opening in navigation, and this year they made preparations to avoid as far as possible a recurrence of this trouble by arranging for an increased output from all mines, and for the establishment of large banks. The result has been this year that the deliveries to the St. Lawrence are considerably ahead of last year at the same date.

"There is, however, some slackening in the demand for coal, and this has necessitated a certain adjustment of output over the extremely high record of the last few months.

"The rope at East Slope reserve will shortly be stopped, but all the miners will find employment elsewhere in the mines. There is no serious reduction to take place at any other mine more than is usual at this season of the year."

BAR SILVER HOLDS STEADY.

Bar silver in London was unchanged at 23 13-16 pence. In New York it was 51⅝ cents.

CROWN RESERVE IS DANCING AROUND IN GREAT STYLE

Sold Up as High as $1.83 with the Buying Pretty General

Crown Reserve was erratic and higher to-day, and the stock that at one time was difficult to move up 2 cents a share is now dancing around showing daily fluctuations of from 15 to 40 cents.

There was some pretty general buying, and some of the brokers claimed that it came from "people in the know."

On the Mining Exchange Crown Reserve sold at $1.81 to $1.83. It will be remembered that it was as low as $1.48 in Toronto yesterday.

Cobalt, Ont., September 11.—Crown Reserve struck a rich vein in the cross-cut at the 100-foot level, a distance of 50 feet from the main shaft and 21 feet beyond the big vein struck a few days ago. The new vein is 3 to 4 inches in width, and very [illegible] native silver and runs parallel with the big vein.

Tretheway had a rise to-day and sold at $1.[illegible], while Silver Leaf was easier at 19.

In Toronto Crown Reserve sold up to $1.86, while Tretheway was excited at 111½.

A Record

What probably constitutes a record change in the history of quoted securities is the reduction in the price of Guinness Ale stock by £350 in consequence of being ex bonus.

CONFISCATED THE SEAT.

The New York Stock Exchange governors have confiscated the seat of John G. McIntyre, of the firm of T. A. McIntyre & Co., which suspended some time ago.

FAMOUS NIPISSING BEGINNING TO SHOW LIFE AT $9.00

Long Waterlogged, the Well Known Cobalt Issue is More Active

A little spurt in Nipissing has drawn some attention to the most famous of all Cobalt issues.

"Nip" early in the year sold around $7, and is now quoted at $8.75 to $9.

During the month of August, the Nipissing mined ore of an estimated value of $116,318, and shipped ore of an estimated value of $1[illegible],000.

The ore in the Nipissing property available for mining on September 1st is estimated by the management as follows:

Vein	Oz. silver	Value at 61c oz
No. 26	[illegible]	$174,000
No. 49	306,600	1[illegible],000
No. 54	71,5[illegible]	[illegible],000
Kendall	7[illegible]	38[illegible],000
No. 86	[illegible]	43,000
No. 98	[illegible]	42,000
4th, July	128,[illegible]	65,000
Meyer	[illegible]	[illegible],000
Total		$1,162,000

Several good strikes have recently been made.

BOSTON BOUGHT NIPISSING.

Boston was a buyer of Nipissing stock yesterday, taking about 3,500 shares in New York.

In the absence of strikingly unfavorable developments, we are disposed to believe that the market will continue to display strength and look for some of the so-called specialties to become more prominent in the trading.—Alfred Mestre & Co.

We regard the market as a scalping affair and advise purchases only on the soft spots.—S. B. Chapin & Co.

There is nothing to warrant the belief that the security market is anywhere near an important reacting point; the trend remains decidedly up, with only a moderate public following, which is the best bull sign for Wall Street.—E. F. Hutton & Co.

The market still shows no other signs than further advance, although a reaction in prices is long overdue.—Chandler Bros. & Co.

Thinks Big Deal Far Advanced

Mexican Power and Tramways Lease According to a London Paper.

Speaking of Mexican Power and Tramway affairs, the London Canadian Gazette says:

"Reference was made a few weeks ago to the probability of a working agreement being arranged between these two companies on terms which would secure the future of the Light Company while placing the Tramways Company in the position of predominant partner.

"Since then matters have advanced rapidly, and an understanding has now been arrived at which will shortly be ratified by means of a formal contract, and, so far as can be gathered, both parties are well satisfied with the deal.

"The Tramways Company guarantees a minimum dividend of 4 per cent per annum on the Light Company's capital, while holders of the latter will be entitled to further participation when the net earnings of their company reach a figure which has not been disclosed."

Topics of the Street

Lists of shareholders make interesting reading, but they are sometimes very deceptive, and fail to show where the real control of a company actually rests.

A year ago, during the Fish-Harriman controversy in Illinois Central, a list of the principal stockholders was published, showing Fish as the owner of 12,000 shares, while Harriman was credited with only 114.

Yet Harriman is in undisputed control of the Illinois Central to-day.

It was learned last January that up to the time of his death in December, President Havemeyer, of the American Sugar Company, was down on his company's books as owning 136 shares of the $45,000,000 common stock and 21 shares of the preferred.

Nevertheless, he held the company's fortunes absolutely in his hands, and current report is that his son, who was down for 10 shares, the amount necessary to qualify as a director, is to become the company's president.

W. C. Whitney was in undisputed control of the Metropolitan Street Railway up to the time of his death in 1904.

When he died, his estate showed that he owned no Metropolitan stock whatever.

When ex-Governor Flower died in 1899, at the height of the boom in his personally conducted Brooklyn Rapid Transit, his holdings of the $45,000,000 stock were barely a thousand shares.

It was observed in this column yesterday that many people will not buy a stock when it is low because they argue that if it was good it would be selling higher.

Possibly the Textile stocks are neglected for this reason. Dominion Textile, Canadian Converters and Penmans are all showing big returns on the investment.

A broker said to-day that Power looked much more attractive to him at 103 than it did at 78 or 83.

Nipissing blossomed into life yesterday and sold at 9.

"Nip" has been waterlogged for months; in fact, has shown little or no ginger since it sagged after the Guggenheim fiasco.

Every once and a while a Cobalt man ventures forth with the statement that the Guggenheims control Nipissing, and when Cobalt men get together over cigars and the cup that cheers, some one tells the "real story" of the rise and fall of Nipissing.

There are about 500 versions of the "real story" in circulation, all guaranteed to be the genuine article.

The one great bull argument is "cheap money."

The Bank of B.N.A. Writes Bonds Down

Additional details have been received of the Bank of British North America report.

The profits for the half year ended June 30 last, including £24,014 brought forward, amount to £87,627, out of which the directors declared an interim dividend of 30s per share, payable, free of income tax, on October 1 next, being at the rate of 6 per cent per annum. There then remains £35,338 to be carried forward.

The sum of £3,408 has been set aside out of the profits of the half-year to meet the depreciation in the bank's investment in Canada bonds, which will hereafter stand in the books at 95.

C. P. R.'s Decrease

C. P. R.'s decrease of $140,000 for the first week of September was disappointing to many, who believed that the week would be the first to show an increase.

Traffic has recently been seriously interrupted out west, however, and, furthermore, present earnings are comparing with big figures for this time a year ago. It was not until late in 1907 that earnings started to fade away in spite of the small wheat crop of a year ago.

MONTREAL EXCHANGE RATES.

Montreal exchange rates: Sterling, 60 days, 9 1-32 to 9 1-16; sight, 9⅜ to 9 13-32; cables, 9 15-32 to 9½; francs, 516¼; marks, 95⅜; New York funds, 5-64 to 1-16 D.

LA ROSE SHIPPING ORE.

The La Rose shipped twenty-two cars in August. The average daily amount of ore and muck raised is 65 tons. This week two cars have been shipped, one a 33-ton of high-grade and the other a 32-ton of seconds, with another 30-ton car ready to load.

Ten tons of cobalt ore were shipped yesterday from the University in conjunction with Cobalt Lake Co.'s 20-tons. This ore was sent to Swansea, Wales.

ACTIVE TRADE IN HAY.

Hay prices are steady under a fair amount of business for both local and export account. No. 1, $12 to $12.50; extra No. 2, $10.50 to $11; ordinary No. 2, $9.50 to $10; clover, mixed, $7.50 to $8, and clover, $7 to $7.50 per ton in car lots.

GOOD DEMAND FOR OATS.

There is a steady demand for oats from local and outside buyers. Manitoba No. 2 white, 47½ to 48c; No. 3, 46½ to 47c, and rejected, 45½ to 46c per bushel, ex-store.

MANY RUMORS OF HIGHER DIVIDENDS ON SHAWINIGAN

Are Not Credited in London Where the Stock is Largely Held

The rumor that Shawinigan may pay a higher dividend in the near future is referred to by the London Eng. Canadian Gazette in what looks like an inspired article. In part it says:

"There is no suggestion that the directors are likely to pay an increased dividend at present, but against this may be set the fact that the reserve fund, which amounted to $175,000 at the end of 1907, is certain to receive a very large addition at December 31st next, and this prospect is regarded with more satisfaction by those who have the company's best interests at heart than the possibility of a bigger dividend, which would do nothing to permanently benefit the company, though it might serve to increase the popularity of the capital stock among holders with more speculative proclivities.

"The 5 per cent consolidated mortgage $500 bonds have recently risen to 104 per cent, while the 4½ per cent debenture stock has advanced to 92."

Position of Montreal Plant of the American Locomotive Co.

The Montreal plant of the American Locomotive Co. is referred to as follows in the annual report of the latter concern:

"The Locomotive and Machine Company of Montreal, Limited, will continue to operate its plant in Canada, but its name has been changed to 'The Montreal Locomotive Works, Limited.' During the past three years the American Locomotive Company has made advances to the Montreal Company, with which the latter has extended and completed its plant.

"In payment for these advances the Montreal Company has issued to the American Locomotive Company additional capital stock, at par, to the amount of $2,[illegible], making $[illegible] capital stock outstanding, all of which is owned by the American Locomotive Company."

ANOTHER RISE IN G.T.R.

Grand Trunk ordinary stock was higher again in London, selling at 22⅝.

Fish and Oyster Firm in Trouble

Special to The Montreal Star.

Chicago, September 11.—A. Booth & Company, the well-known fish and oyster firm, has been placed in the hands of a receiver.

The petition asserts that the liabilities of the company are $5,500,000, and places the assets at $5,000,000. The troubles of the company are alleged to be due in a large measure to inadequacy of capital, coupled with the financial depression of last fall. The bill asserts that the company is unable to meet all its obligations.

In a statement made by A. V. Booth, president of the company, the receivership is declared to have been rendered necessary because, instead of mortgaging the property, the company has relied for funds upon the sale of its short time commercial paper, some of which it has been unable to renew.

"The management," he said, "is confident that the embarrassment will be but temporary."

EGG MARKET STEADY.

Eggs are steady. Selected stock, 2[illegible]c; No. 1, 19c, and No. 2, 17½c per dozen.

BUTTER MARKET FIRM.

Butter is firm. Finest creamery, 23½c to 24c, wholesale, and 25c to grocers.

Chats on Change

Mr. J. A. Ruddick, dairy and cold storage commissioner, reports that the staff of Dominion fruit inspectors has been substantially increased for this season by the appointment of additional inspectors.

An inspector will be stationed at Port Arthur and Fort William, who will watch shipments to other points between the coast and Winnipeg.

It is intended to give fruit special attention to shipments in bond via the Niagara River.

Shippers doing this trade are warned that it may be necessary to detain cars at the frontier in order to make a proper inspection.

Mr. J. E. Dalrymple, assistant freight traffic manager of the Grand Trunk Pacific, reports from Winnipeg that the wheat is being marketed at twenty points along that line.

"It will be some days before any official announcement is made as to the plans of the Winnipeg Stock Yards Company, which is preparing to build in St. Boniface. While many of the details have been completed including the acquiring of the land needed, the terms under which it will be held and the management are still to be worked out.

"I can make no definite announcement at the present time," said F. W. Peters, in Winnipeg to-day. "I expect, however, that a meeting will be held within a few days at which Mr. William Mackenzie and Mr. C. M. Hays will be present, when final arrangements will be discussed.

"The owners of one or two small pieces of property which we desire have held out for high prices, but we have finally succeeded in closing with them so that now we have 238 acres in one block, which is so laid out as to be most convenient for stock yard purposes."

Special to The Montreal Star.

Portage la Prairie, Man., September 11.—The returns from the threshers are better than had been anticipated. No yield has gone below twenty bushels, and the sample is No. 1 northern.

Miller Says Danger Of Grain Blockade

Special to The Montreal Star.

Calgary, Alta., September 11.—That a serious grain blockade, the biggest tie-up of the kind ever seen throughout the West, is imminent, is the opinion of Mr. John McNeely, of the Medicine Hat Milling Company, who is at present in the city.

Mr. McNeely says it is almost impossible to secure anything like a sufficient number of cars to handle the grain. It is also learned that the elevators along the south line are fast filling up and the Canadian Pacific Railway is unable to supply cars. The company's answer to this is that there are not enough elevators to store the grain as fast as it is being threshed.

The farmers did not anticipate the strike, and say there was little reason for their building elevators when they thought they could have the crops handled without storing them.

The Calgary Milling Company state they have not experienced any unusual shortage of cars so far, but some of the cars which have been detailed for their use are in very poor condition, and are not fit to carry grain without considerable repairs.

The Brackman and Ker Milling Company have not suffered from car shortage, but have not been in very pressing need of cars up to the present. No new grain from the north has been received in Calgary.

DROUTH SERIOUS FACTOR IN CHEESE TRADE OF THE EAST

Springs Have Dried Up and Farmers Obliged to Carry Water Several Miles

The cheese market during the past week has ruled quiet and values have been easier, [illegible] as indicated by the prices paid on the country boards yesterday, showing a reduction of ⅛c [illegible] compared with a week ago.

Cheese Stocks Heavy

The demand from England has been very disappointing [illegible] very light [illegible] quantity of cheese will have to be carried over [illegible] this week the receipts were very heavy [illegible] having dropped [illegible] not make.

The trade seem [illegible] ultimate outcome [illegible] maintain that prices will have to decline considerably, while others [illegible] higher [illegible] date.

Drought is Serious

In Eastern Ontario and [illegible] the drought [illegible] feeding [illegible] dry weather [illegible] time past [illegible] serious matter [illegible] farmers [illegible] miles.

Springs that have never [illegible] dry are now exposed [illegible] feeding [illegible] the milk supply now [illegible] are falling and the [illegible] broken the better for the [illegible].

Prices to-day are 12⅛c to 12¼c for easterns, and 12½ to 12⅝c for [illegible].

Cotton Market was Slightly Lower

Special to the Montreal Star.

New York, September 11.—Cotton was slightly lower to-day, the market feeling the effects of realizing sales.

While an advance [illegible] a few of the believers in higher prices, there is still a [illegible] disposition among many brokers [illegible] all moderate upturns.

Moreover, room traders in many cases expect lower prices ultimately, and on all advances there is more or less short selling by those who believe that whatever improvement in the cotton goods trade has been [illegible] it is not likely to prove permanent, and that only a sharp demand for cotton goods, and with it a brisk demand for raw material, can bring about a material and sustained advance in prices at this stage of the season.

British crop accounts continue to be received from many sections of [illegible].

Liverpool continues strong.

Heaviest Hay Crop Known on Island

Charlottetown, P. E. I., September 11.—The annual crop report just issued shows crops in general to be above the average.

Hay is the heaviest crop ever known on the island; wheat is average and peas, corn and potatoes are above the average.

Barley is the only grain to fall below average mark. In fruits all forms of berries gave large yields.

Apples are an average crop, while milk production is away ahead of last year.

Grain is Better Than Expected

Special to The Montreal Star.

Winnipeg, Man., September 11.—The Canadian Northern Railway issued a crop report yesterday showing that 50 per cent of the grain is cut along the road, and that threshing is progressing rapidly.

The grain is very satisfactory and turning out better than was expected.

Manipulation Sent Wheat Prices Up

(From Special Correspondent of the Montreal Star on the Chicago Board of Trade.)

Chicago, September 11.—Great [illegible] of December wheat were thrown into the pits by [illegible], and hand-some profits [illegible], but the selling was not [illegible]. The market had been sent sky-[illegible] by manipulation and the purchases of [illegible] grain to send every one into [illegible] as buyers.

The increased buying was to [illegible] and they opened their [illegible] the wheat [illegible] grabbing profits [illegible] the wheat was absorbed by those who have been favoring the bull side and fighting the big man [illegible].

September [illegible] 98⅛ to 99¼c, and off to 98⅛; December [illegible] to 98⅜ to [illegible]. The [illegible] figures for each option are [illegible] above the [illegible] spots of last night.

North-West Hedging.

From an impartial viewpoint it looks as if the North-West is anxious to hedge its wheat in this market, and as Duluth stocks have increased 140,000 bushels and Minneapolis [illegible] bushels for the week that [illegible] of the wheat country is likely to show more or less nervousness.

North-western wheat receipts to-day were 844 cars, against 342 a week ago, and [illegible] a year ago.

The Liverpool market [illegible] against an advance of [illegible] yesterday, showing [illegible] expected to buy their wheat at a low [illegible].

Australian shipments [illegible] week were [illegible] bushels and Argentine [illegible],000 bushels.

ISAAC PITMAN SHORTHAND in 30 days is now an established fact. Those who are learning this system in the old way are simply wasting time and money. Before taking up a system of shorthand, which asks you to write only the first two syllables of a word and guess what the word is when transcribing the shorthand notes, it will pay you to call and be convinced that Isaac Pitman Shorthand not only holds the world's record for speed (280 words per minute) and accuracy, but is the easiest of all systems of shorthand to learn, and that under a proper method of tuition a thorough knowledge can be acquired in 30 days. Under the new method of teaching Isaac Pitman Shorthand, students commence speed practice after one week. J. R. M. Auley, F. I. P. S., 10 Phillips Place.

SHORTHAND IN 30 DAYS

Reasons Why Young Men and Women Select Moon's Great School: 1st. Because they cannot afford to spend half a year studying the old systems, when BOYD'S Shorthand takes only 30 days. 2nd. Because they cannot afford to lose 6 months' salary and the expense of living in the city for this time without any income. 3rd. Because they do not like the positions, dots, shades and dashes as used in the old systems. 4th. Because they find that the old systems are more complicated and difficult to read as compared to Boyd's Great System. 5th. Because they prefer a College where it is possible to qualify for a position paying $400 to $600 per year, after only 30 days' tuition. 6th. Because they cannot comprehend the statement made by some teachers that a half yearly system can be mastered in 30 days. 7th. Because Moon's School is the only school that will guarantee a position after 30 days' tuition. For the above reasons there is no question as to what school you should attend. Register to-day. Call, 'phone or write to-day for further particulars. Moon's Great School of Business, Karn Bldg., 468 St. Catherine street West, Montreal. Phone Up 3006. 215 5

SEVERAL LIBERAL CONVENTIONS HELD IN NOVA SCOTIA

Mr. A. C. Ross, M.P., Defeated—Lunenburg Liberals for Purity.

Special to the Montreal Star.

Lunenburg, N.S., September 11.—At the Liberal convention at Mahone Bay yesterday, Mr. A. K. Maclean, M.P., was unanimously nominated in open convention. In a speech of an hour and a half, Mr. Maclean reviewed the public issues of the day. He laid great stress on the importance of conducting a clean campaign. After hearing the address of Mr. Maclean, the delegation repaired to the hall to continue the business of the convention. Wm. Duff, of Lunenburg, resented, on behalf of the Liberal party, the imputations against the party which have been filling the columns of the Conservative press, and claimed that the Conservatives in the past had used money and rum freely and had not lived up to any agreements which the Liberals had entered into with them. He read the following, which was signed by 114 members of the party, and unanimously adopted by the convention:

A. K. Maclean, M.P., Liberal candidate in Lunenberg.

"We, the undersigned members of the Liberal party of Lunenburg county, realize the evils which may result from non-compliance or breach of the Dominion Elections Act in this county, hereby pledge ourselves, one with the other, to do all in our power to carry out the provisions of the law relating to said election, and in pursuance of same, agree to put forth every effort to prevent the importation, distribution and use of intoxicating liquors during the campaign, and further bind ourselves to prosecute and bring to justice any offenders who use, handle, or are in any way connected with the distribution of intoxicating liquors, etc., to the electorate, and that we will endeavor to suppress all forms of bribery and corruption. It is further understood and agreed that the undersigned electors from each poll shall be, and hereby are known as a vigilance committee for each polling section where they reside, and they will individually and severally report every infraction or infringement of the law to the proper authorities."

CONVENTION AT BADDECK.

Special to the Montreal Star.

North Sydney, N.S., September 11.—At the Liberal convention at Baddeck yesterday to nominate a candidate in North Cape Breton and Victoria, every polling district was represented. The only names before the convention were Judge D. D. McKenzie, of North Sydney, and A. C. Ross, M.P. Sixty-eight voted for McKenzie and twelve for Ross. The nomination was made unanimous by a standing vote.

At Inverness the Liberal convention unanimously nominated Dr. A. W. Chisholm, of Margaree. At a public meeting at which there were assembled fifteen hundred people, the nomination of Dr. Chisholm was unanimously endorsed. The meeting was presided over by Mayor McLeod, of Inverness. Hon. James McDonald, M.L.A., Mayor D. F. McLean, Port Hood, John L. McDougall, barrister, Strathlorne; Dr. H. C. Hache, Cheticamp, D. McLauchlan, Marble Mountain; Dr. McDonald, Port Hood, and Donald McLennan, barrister, of Port Hood, all delivered addresses.

Prior to the meeting a resolution of sympathy to the bereaved family of the late Dr. McLennan, M.P., was passed.

MR. HILL NOMINATED

Special to The Montreal Star.

Truro, N.S., September 11.—Mr. Charles Hill was again nominated by the Liberals for Colchester. Sixty-five delegates voted for Hill and three others were divided. Mr. Hill said he preferred the simple delights of his home to the greed of politics. He had every confidence of victory. The Conservative candidate had 223 votes of a majority at his back, but these were small odds since it was known how the odds were secured, and how easy they could be overcome.

The public meeting held in the Metropolitan rink was largely attended. Hon. Mr. Paterson spoke for an hour dealing principally with the development of the financial resources of Canada. He drew a vivid word picture of expenditures for the increase of shipping accommodations to Montreal, new lighthouses, dredging, buoys and signals were provided, for the safety of ships going up and down the St. Lawrence river by day and by night, all of which induced shipmasters to come to Montreal with their ships bringing great freights at reduced rates and to take away cargoes of even greater value, also at reduced rates.

Hon. Mr. Marcil also spoke for an hour, and said that it had been remarked that a man was a prophet excepting in his own country. This gave him a license to prophesy about the continuation of the Liberal Government, and he would say that Sir Wilfrid would come back to Ottawa with a larger number of Quebec seats, while Ontario would be less [illegible] strong for his opponents.

MR. FIELDING AT WINDSOR

Special to The Montreal Star.

Windsor, N.S., September 11.—The Liberal rally held by the Hants County Liberal Association in the Dr. [illegible] Hall, in the interests of Dr. J. B. Black, M.P., at which Hon. W. S. Fielding, Minister of Finance, was present and the principal speaker, was a big success. Hon. Mr. Fielding was given an enthusiastic reception, and outlined a few of the things done by the Liberals.

"I read to-day," said Mr. Fielding, "that Mr. Borden contradicted a statement credited to me that the Government had reduced the public debt. Mr. Borden is mistaken. I did not say it. He was misled and I was surprised. I don't intend to say that the Government did not add to the public debt. Leaving out the expenditure on the Canadian Pacific Railway and expenditures on the Grand Trunk Pacific on the other side, I made calculations for the period of 12 years and I found that if I would leave out all spent on the Canadian Pacific Railway and there was a good deal of it, and then leave all ours spent on the Grand Trunk Pacific, you will find that they increased the debt by $6,000,000 and we decreased it by $7,500,000. I say Mr. Borden must have been misled by a newspaper report in crediting the statement to me. I never said it."

Dr. Black, M.P., in the course of his speech read the list of public works provided for Hants County by the Liberal Government.

CONVENTION IN ST. JOHN

St. John, N.B., September 11.—Hon. Dr. Pugsley and Mr. James Pender, a leading manufacturer, were nominated by the Liberal convention last night. Prior to 1900 Mr. Pender was a Conservative. In accepting the nomination Mr. Pender said: "I think it very poor policy and bad business to swap horses while crossing the stream. I mean by that, the electors of Canada should keep Sir Wilfrid Laurier and his colleagues in power until the Grand Trunk Pacific and other great national works begun under the Liberal administration are completed."

Referring to St. John he said: "We want to enlarge and improve the facilities of our port, we want to reach that position whereby it will be possible for us to handle the business that will be offered to us in the years to come. Therefore, I say, it would be suicidal to interfere with the Government's transportation policy at this important time. Let us not dishearten the Government in the work which they are now performing at this port. Let there be no rebuff."

He also praised the Government's fiscal policy.

Dr. Pugsley predicted that in ten years a hundred million bushels of grain would go through Maritime Province ports in winter. He declared in favor of taking over the Intercolonial branch lines. With regard to giving the Canadian Pacific running rights over the Intercolonial, he said:

"We must not forget that the Grand Trunk Pacific and Canadian Northern Railway Companies will soon reach the Maritime Provinces. They too, may be made great factors in the industrial and commercial life of the people of those provinces by the sea. Does or does not this suggest the idea that the whole subject should be dealt with, if dealt with at all, with a view to affording every reasonable facility for the three transcontinental lines gathering traffic and distributing traffic to all sections of the country reached by the Intercolonial?

"Three things must be ever kept in mind: first, nothing shall be done to impair the usefulness of the earning power of the Intercolonial; second, no one company shall be given a monopoly in the exercise of running rights over it; thirdly, in trying to satisfy the demands of one section of the Maritime Provinces, no injustice must be done to any other section."

The Minister reviewed what he had done for the benefit of St. John in dredging and wharf building and encouraging the Grand Trunk Pacific to make terminals here, and declared himself in full sympathy with the hopes and aspirations of the citizens whose interests he would guard jealously.

MR. FOSTER AT TILLSONBURG.

Special to the Montreal Star.

Tillsonburg, Ont., September 11.—Hon. Geo. Foster addressed the electors of South Oxford and South Elgin in the Opera House here last night. The place was packed to the doors and the meeting was enthusiastic. Mr. Donald Sutherland and Mr. David Marshall, M.P., also gave addresses.

Mr. Foster characterized the men behind Premier Laurier as one hundred and forty machines, and stated that the Conservative party did not want men to give such blind support. This government [illegible] was a paradise for "middle men" grafters, he declared.

MR. ROCH LANCTOT IS LIBERAL CANDIDATE FOR LAPRAIRIE-NAPIERVILLE

Nominee Draws Attention to Number of Government Works He Has Secured.

Special Staff Correspondence.

St. Edouard, Que., September 11.—Sixty-five delegates from all parts of the Counties of Laprairie and Napierville attended the Liberal convention here yesterday.

Mr. Roch Lanctot, the present member for the two counties, was unanimously chosen as the candidate of the Liberal party.

Mr. Lanctot, after his nomination, thanked his constituents for the confidence which they had in him and said that it was an honor for him to represent the two counties of Laprairie and Napierville. He had not solicited from anyone the honor of being again chosen.

This had been an entirely free convention and the delegates after having seriously debated the matter had agreed on him as standard-bearer, as he had been in 1904. Then, he had gained a victory which was still fresh in their minds, and this year, he would, with their help, win again.

Mr Roch Lanctot, M.P., Liberal candidate for Laprairie-Napierville.

"I am sure everyone of you feels the same, and each one will work with courage and persistence to insure the victory of the Liberal party.

I do not know who my adversary will be, but I sincerely hope that he will be chosen so as to give me the advantage of fighting a real political battle and not one of family and clan. My opponents have stated that I was practically a nullity in Parliament. It may be that I am not an orator, but I have always done my best to serve your interests and the things I have obtained for the two counties of Laprairie and Napierville are of such a character that I am proud of my achievements. In 1904, I promised that if I was elected I would obtain from the Government subsidies for the construction of a railroad. Two years after the Government granted you $174,500 for that purpose. I have obtained $90,000 for the construction of the dam at Laprairie, $7,500 for ice-breakers, $3,000 for an iron bridge which will be constructed on the River St. Jacques de Laprairie to St. Lambert. This year I succeeded in getting from the Government a grant of nearly $100,000 for the construction of fifteen miles of railway between St. Constant and St. Lambert. In all, I have obtained for the two counties more than $275,000. Is that to count for nothing?

"I hope you will remember these facts, and know how to answer the attacks that are made against me by people who have not done the tenth part of what I have accomplished."

Messrs. Wilfrid Codillot and Henri Lafebvre also said a few words in support of Mr. Lanctot.

The meeting was presided over by Mr. Alex. Barrett, N.P., of Napierville. Mr. Lanctot's name was proposed by Mr. Hormisdas Trudeau, Mayor of St. Isidore, and seconded by Mr. N[illegible] Rouillier, of St. Philippe.

ANCHORED OFF ALBANY.

American Fleet Welcomed by Premier of West Australia.

Albany, West Australia, September 11.—After a 1500-mile voyage from Melbourne the American battleships dropped anchor at 7 a.m. off King Point at the entrance to Princess Royal Harbor, at the entrance to Princess Harbor in King George's Sound. Great crowds witnessed the coming of the fleet, the sighting of which from Breaksea Island was reported several hours before.

In answer to a wireless message of welcome to the fleet by the Hon. N. J. Moore, the Premier of West Australia, Rear-Admiral Sperry despatched the following wireless from the Connecticut:

"Premier of Western Australia.

"On behalf of the officers and men of the United States fleet I thank you and the people of Western Australia for your cordial greetings.

"SPERRY."

BEATS WORLD'S RECORD.

Wright Gives a Better Performance Than Ever Before.

[illegible] September 11.—Orville Wright to-day again broke the world's record for time and distance for a heavier-than-air flying machine. [illegible] skill on account of a ten [illegible] circled around the drill grounds at Fort Myer 58 times in 65 minutes and 52 seconds. The flight was witnessed by nearly a thousand people.

For the first thirty seconds the machine flew as smoothly as on its previous flights, but from that time on it was seen to pitch at the turns as the breeze struck it. Whenever the machine pitched it could be plainly seen from below that it responded promptly to every move of the levers by the operator.

Australia Will Welcome Emigrants.

London, Eng., September 11.—Citizens' leagues of welcome are being formed throughout Australia. They will receive the names of emigrants in advance, provide hospitality on their arrival and will aid them toward effectual settlement in the new land.

Emigrants Warned Against Canada.

Canadian Associated Press.

London, Eng., September 11.—The Emigrants' Information Office at Washington, in view of the Canadian Pacific strike, issues a caution to mechanics and [illegible] and points out the danger of [illegible] temporary employment in Canada.

London, Ont., September 11.—Word was received here that Joseph Robinson, [illegible] whose home was in London, was run down and instantly killed at Torrington, Ill., last night, by an express.

Grand Trunk Sued for Damages.

Special to the Montreal Star.

London, September 11.—A suit for $7,000 against the Grand Trunk has been commenced by the mother of a nurse, who was killed by a shunting engine. It is claimed that the crossing was unguarded, and that no bell was sounded.

The Woman's Corner

Argument vs Squabbling.

The mother of a large family made her children stop as soon as they began any sort of argument. "I won't have any squabbling," she said. No matter what the question discussed was, it had to be dropped instead of [illegible]. Consequently they never [illegible] whether the moon was made of green cheese, or at any other debatable point.

It is doubtful if this is a wise course to pursue. Of course squabbling is [illegible] unpleasant, but an argument conducted in a restrained and dignified manner need never become squabbling. In fact, if I had a large family I should encourage them to argue. The girl or boy who has been trained to argue a debatable question with calm and perfect self control has gone far on the road to success. It is the boy or girl who simply says "I know so," and who can give no reason why it is, or who declaims "It should be so," and cannot give solid facts why it should be, who is going to be handicapped all through life. This especially applies to women. Men as a rule argue much better than women, for they have had more training in that line in youth. You will find boys discussing a vexed question at length, while girls face to face with a similar stumbling-block fall into a temper and hurl personalities at one another. The feminine mind is singularly lacking in self-control and the power of logical argument. This, as I have just said, is largely due to early training, but a determined woman can supply the deficiencies of her training if she bends her mind to it.

Suppose, for example, a question comes up with a tradesman as to whether a certain bill was paid or not. [illegible] flying into a rage and using angry words. Better far discuss the question calmly and quietly. If you have right on your side there is usually no question of dissent provided you marshal your facts clearly and conclusively.

The same applies to questions of facts to which many women are so much addicted. If any point of dissent comes up just argue the matter [illegible]. It can always be done if those concerned are able to argue. [illegible] squabbling.

The truth is always there and it can always be got at with patience and self-control. The trouble is that ninety-nine of us out of a hundred fly into a temper if any one ventures to differ from us.

Millinery Notes from Paris.

Aigrette effects in split and whole monotone peacock feathers are new. They are sometimes interspersed with paradise and heron.

Piece goods in satin, Shantung or faille and textures in soft Persian colorings make a stunning trimming when crushed about the high crowns of repp covered autumn models.

Grapes in silver and gold, also frosted greens and vermilion, are seen on some of the smartest new hats. The leaves are generally in the same tones.

Large crush roses in the yellowish decroix tones of tan, rose, grape, blue and terra cotta occupy a high rank among the floral trimmings.

Ornamental pins, used singly or in sets of two, three and four, are more elaborate than ever, and are employed in profusion, also silk or ribbon covered oval buckles.

Some of the most captivating fantasy models are trimmed in short loops in shaded effects, either with ribbon or mousseline ruffs, or with a wreath of short, erect feathers in a number of pastel tones, held in position by a twist of ribbon, tied into a bow at the side.

The Day's Little Story.

A Scotchman proposed to a girl by telegraph.

After waiting the whole day about the telegraph office, finally her answer came by night.

"I should not want to marry a girl who kept me waiting all day," said the operator.

"Na, na," said the canny Scot, "the lass who waits for the night rates is the lass for me."

Mrs. Sages Philanthropies.

The small economies which reporters used to tell us Mr. Sage practised in his every day life are bearing a rich fruit nowadays and the benefits of them are far reaching. Fifteen millions of dollars, it is said, Mrs. Sage has already distributed charitably and wisely in a fine effort to assist attempts at world betterment and she will continue, so long as she lives, to give from the magnificent fund [illegible] left to her management to worthy causes and individuals. The work that her task imposes upon her is hardly to be understood by any who have not been burdened by similar obligations. Some one suggests that it is probably quite as difficult for Mrs. Sage to place these many millions righteously as it was for her husband to accumulate them.

Mechanical Love Making.

Color and sound influence women to an extent which few men as yet suspect. A young Swedish experimenter has constructed a pocket flag composed of the most stimulating colors, with which is combined a musical instrument that utters the notes whose vibrations are irresistible to the majority of women. It will no longer, he insists, be necessary to attack the heart of the ordinary woman with the varied manoeuvres of love making, to wave the flag seductively before her and sound the notes will instantly overcome all but the least sensitive. Mechanical love making is to replace the romantic.

Some Grape Dainties.

Grape Tapioca. Stem and wash some ripe grapes and cook them with an equal measure of water until very soft, then press through a sieve. Return the juice to the fire, and for each cupful add two tablespoonfuls of granulated tapioca, a pinch of salt and a scant tablespoonful of sugar. Cook in a double boiler until the tapioca is perfectly soft, then turn into small cups or moulds that have been standing filled with cold water and set aside until cold and firm. Serve with cream and sugar. This makes a pleasing substitute for the usual breakfast cereal.

Grapes with Rice. Wash ripe grapes, pick them from the stems and stand them in a colander a few minutes. Put a layer of cooked rice in a buttered pudding dish, cover with a layer of the grapes, sprinkle generously with sugar, and fill up the dish with these alternate layers. Pour over half a cupful of cold water (if the dish is a deep one a cupful will be better), cover the dish closely, and bake for an hour in a moderate oven. Serve with cream and sugar.

Grape Frappe. Boil two cupfuls of granulated sugar with one quart of water for twenty minutes. Let it cool, then add the juice of one lemon, three-fourths of a cupful of orange juice and a pint of grape juice. The latter may be prepared as for jelly. Strain and serve in glasses nearly filled with shaved ice.

Grape Catsup. Stem ripe grapes, wash and weigh them. Mash them in a preserving kettle [illegible] using a wooden potato masher [illegible]. Let them heat slowly until soft, then rub through a sieve. For each five pounds of grapes add three pounds of brown sugar, one pint of vinegar, [illegible] tablespoonfuls each of [illegible] cinnamon, whole cloves and pepper. Boil slowly for one hour. Strain, bottle while hot and seal.

A FIRE FATALITY.

Five Children Suffocated in Burning House Near St. Paul.

Winnipeg, September 11.—A despatch from St. Paul says the five children of Mr. and Mrs. C. Burdette [illegible] farm near Brighton, outside the city limits, were suffocated in a fire that attacked the home. The parents were away on a visit at the time, and the neighbors, under the impression that the children were also absent, devoted their attention to rescuing the furniture.

Father and mother rushed through the smoke battling their way to the rooms of their children, only to find that life in the five bodies was extinct.

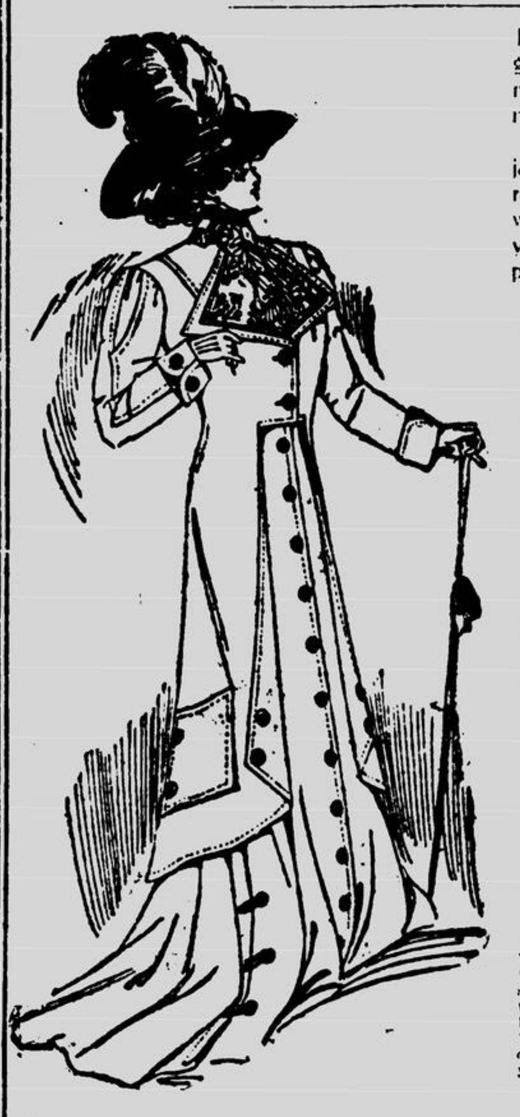
LADIES' TAILORING



The new "Directoire" style is attracting the greatest interest this season. Certainly it's a most artistic creation. Then there are the numerous variations developed from this model.

The snappy and graceful appearance of the jaunty tailor-made suits accounts for their general popularity, especially with the Canadian women. They'll be worn as much as ever this year. The fact is that they're the most appropriate attire for morning and travelling wear.

But, in the construction of any of these garments, particularly the "Directoire," great care should be taken in the selection of your tailor. Only one of varied experience, a true artist, can attain the desired effect. This is where our tailoring department, with all its expert knowledge and facilities, is at your service. For many years we've been making stylish apparel, not only for some of the most fashionably attired ladies of Montreal, but for many from other leading cities of the continent.

We've absolutely everything you'll need in the way of the newest materials of every description; only if you would wish the choice of some of our more exclusive fabrics and shades, also to insure delivery of your costume before the cooler weather, it would be advisable to place your order now. Already we have contracts for many exquisite garments. Fashion's very latest and the best of workmanship guaranteed here.

"The House of the Crickets"

By KATHERINE TYNAN

CHAPTER XVII.—Continued.

The two McManus girls looked at the car with a heightened color and averted their eyes. Patrick Moore muttered something under his breath. He had never given anyone a lift on the road and never would. If people wanted to drive let them pay for it.

In Carrowbeg "Chapel," as the people call it, there is a rigid separation of the sexes. Patrick Moore went to one side with the men, Julia to the other with the women. She was near the door. Her father's position as head of a guild in the men's Confraternity brought him near the top of the little church.

The women nudged each other and whispered as Julia came in. Why she was as grandly dressed as any of the young ladies who came visiting Madam O'Grady when the family was at Knockmore. The O'Grady's seat was empty now, but there were still some people left who approached Carrowbeg's ideal of fine dressing. Miss Minnie O'Flanagan, the daughter of a Dublin solicitor retired from business was there. So were the Miss Gormans, the daughters of the "strong" tie well-to-do farmer who owned his own land, who according to Carrowbeg folk dressed rich, but plain.

Julia Moore took the shine out of them all. She evidently gloried in her capture of old Joe, for she had a triumphant air and there was something dazzling in the looks she flung about her.

There was old Joe hunched up in a front seat, asking pardon for the iniquities of the week. It was Carrowbeg talk how Julia had made him spend the money, and many admiring and well-wishing glances were sent towards her. Only the "softies" felt that it was a horrible marriage, a horrible sacrifice, only the softies and those queerly brought up like the MacManuses. The remarks of the MacManus girls on Julia's marriage had made even those who liked them very much feel that there was something wrong in the liberty of thought that Andrew MacManus allowed his girls. As though it wasn't a good thing for a girl to make a rich marriage with a man who could keep her in comfort and leave her well-endowed, to be a help to her family, and to do as she liked for herself in a second marriage.

At the most sacred part of the Mass, when every head was bowed, Julia got up quietly and went out of the church.

Those about her were not surprised. It was a common thing for girls to grow faint, "sick" as the country-people called it, at the early Mass to which they had come fasting, often from a long distance. If it had been anyone but Julia Moore, some of the women would have followed to see what they could do, but the Moores were out of the friendly life of the countryside, and Julia, with her bitter tongue, had less popularity than any of them except old Patrick himself, for whom no one but the Canon had a good word.

One or two who glanced up as Julia passed them could testify afterwards that she was very pale.

Once outside, where there was nobody about her but the patient horses tied by the reins to the railing of the chapelyard, she turned aside, ran through the graveyard, got over a stile into the fields and hurried along the field path that led to a road at a little distance.

In the road, which was a quiet by-road, there was a motor-car with a solitary occupant.

He jumped out as Julia came in sight.

"My brave darling," he said, "you will never regret doing this for me."

"It was not so much I had to leave," said Julia, with characteristic cynicism.

He wrapped her in a big cloak, and tied a motor veil over her hat. He, himself, in his motor goggles, was unrecognizable from all the other motorists. They had to pass through Carrowbeg. As they whizzed by the chapel yard they saw Patrick Moore in the gateway, looking up and down the road with a scared and furious face. He did not glance at them although he muttered something as they passed, hating all motor-cars and their owners because they betokened money and love of ease and pleasure.

Julia laughed in an exhilarated way as they passed him, and the laughter made the man beside her look at her curiously.

"I thought he was safe till Mass was over," she said. "He generally doesn't lift his head till the priest goes off the altar. I wouldn't have missed that for anything."

They went like the wind. Fortunately at this hour—it was not yet eight o'clock—they met no one, and the roads below the hills were broad and straight.

They had gone fifty miles before they had pulled up, in another county, on a grassy road under overhanging trees.

"Now we shall breakfast," he said, taking off the disfiguring goggles. "Am I a sight? 'Twas lucky we had the rain yesterday to lay the dust."

"Am I a sight?" she answered, looking at him from the opening of the motor veil.

"You are adorable," he answered. "Don't make me tell you so, or I may forget that we ought to hurry on. I'm going back to that cottage at the bend of the road to ask for some boiling water to make tea. I've everything else. Do you think you could take the things out of this hamper, darling, and set the cloth while I go?"

"You darling," said Julia cheerfully, "to think of breakfast. I'm starving. The thought of those two old men makes me feel as though I could dance with joy."

Again a little wonder came into the rapture of his gaze.

"To be sure you've been abominably treated," he said, "but I am going to make it up to you. You are my Queen."

"Wait till you see," she said with a sudden change of mood. She had come to his side and she was drawing deep passionate breaths. She let the cloak drop from about her shoulders on to the grass. There was a soft muslin fichu knotted on her gray frock. She untied the fichu with fingers that trembled, and whisked it away from her neck.

"Look!" she said, "look!"

"My God!"

"He did this—the night he caught me coming in from meeting you. My back is all bruised and cut. What matter! I saved my face for you. The worst of all is under my hair."

"My God, can such things happen?" The infernal villain! My darling, if I'd known I'd have killed him if he was twenty times your father."

He caught her in his arms and held her to him with a passionate tenderness.

"It was my fault," he panted. "It was my fault. Your dear lovely neck! Your little beautiful head! Oh, the brute! the villain!"

"Didn't I tell you he was an old beast?" said Julia smiling at him with the innocence of a child. "When he used to beat me and I small I used to say hundreds of Hail Mary's for him to die. I wanted him to be killed in a bad way that would hurt him dreadfully, when I was a little child. When my prayers weren't answered I made up my mind there was no God in it at all and no blessed Mother. Only devils. I believe in them because I know him and old Joe who was to have married me to-morrow. I wish I could see Joe's face when he knows I'm gone."

Patent Oxfords May be Worn at any Time

Some men have an idea that Patent Oxfords should only be worn in summer.

But this is an entirely wrong impression. There's no question that Oxfords are the shoes to be worn for comfort on a hot summer day.

On the other hand, there's no shoe made that's more stylish, more comfortable or easier on your feet than INVICTUS Patent Oxfords.

For this reason, they're the ideal shoe for autumn and winter afternoons and evenings for dress and semi-dress occasions.

Even if you don't wear them now, why not buy a pair of INVICTUS Patent Oxfords, while they're reduced, and use them later.

Ofen till 10 p.m. Saturdays.

Invictus Shoe Store,
249 St. James Street.

MOTHER AND CHILD

Both Fully Nourished on Grape-Nuts.

The value of this famous food is shown in many ways in addition to what might be expected from its chemical analysis.

Grape-Nuts food is made of whole wheat and barley, is thoroughly baked for many hours and contains all the wholesome ingredients in these cereals.

It contains also the phosphate of potash grown in the grains, which Nature uses to build up brain and nerve cells. Young children require proportionately more of this element because the brain and nervous system of the child grows so rapidly.

A Va. mother found the value of Grape-Nuts in not only building up her own strength but in nourishing her baby at the same time. She writes:

"After my baby came I did not recover health and strength, and the doctor said I could not nurse the baby as I did not have nourishment for her, besides I was too weak.

"He said I might try a change of diet and see what that would do, and recommended Grape-Nuts food. I bought a pkg. and used it regularly. A marked change came over both baby and I.

"My baby is now four months old, is in fine condition, I am nursing her and doing all my work and never felt better in my life." "There's a Reason."

Mrs. Ernest Sumner, of Evanston, Ill., who with her family, has been spending a month with her father, Capt. J. A. Vibert, Stayner avenue, and her father-in-law, Mr. George Sumner, Belvedere Road, has returned home.

The marriage of Miss Cicely Chipman, daughter of Mr. Warwick Chipman, Dorchester street west, to Rev. Henry Britten, of Hamilton, will take place in St. George's Church, on Monday afternoon, September 21st, at half-past four o'clock.

On Tuesday afternoon the marriage of Miss Flora McMillan, youngest daughter of Mr. Neil McMillan, of Montreal, to Mr. Roy G. Trivett, of Newmarket, Ont., took place at the residence of the bride's parents. The ceremony was performed by the Rev. K. J. Macdonald. The bride who was unattended was attired in a cream silk mull gown with trimmings of lace and carried a bouquet of white roses. Mr. and Mrs. Trivett have left for Toronto, and Detroit, the bride wearing a travelling costume of brown cloth with cream silk blouse and brown hat.

At Dominion Square Methodist Church Wednesday afternoon, Miss Ada Agnes Ellison, daughter of Mr. and Mrs. Henry N. Ellison, was married to Mr. William Robert Howie, Rev. E. J. Hart, officiating. The bride was gowned in ivory Duchesse satin with garnitures of filet net and rose point, and carried a shower bouquet of white roses. Miss Ethel G. Ellison, who acted as maid of honor, wore a cream taffeta gown and large picture hat. Mr. Thomas Howie was best man. After the ceremony Mr. and Mrs. Howie left for Toronto, Buffalo and other points.

The marriage took place Wednesday evening at St. Barnabas Church, St. Lambert, of Miss Mary Louise (Maye) Dawson, eldest daughter of Mr. and Mrs. George W. Dawson, to Mr. James A. Kircaldie, of St. Lambert. The church was effectively decorated for the occasion with flowers and greenery. The Rev. Rural Dean Dart performed the ceremony. The bride, who was given away by her father, wore a white satin and lace gown, a tulle veil arranged over a wreath of orange blossoms and carried a shower bouquet of white roses and lilies of the valley. She was attended by her sisters, Miss Ethel and Miss Edith Dawson, as bridesmaids, and her cousin, Miss Margery Donnelly, acted as flower girl. Mr. John Hunt was best man. After the ceremony a reception was held at the residence of the bride's parents, and later Mr. and Mrs. Kircaldie left for the west on their honeymoon trip. The gifts received were numerous and handsome.

A very pretty house wedding took place at half-past seven Wednesday evening at the residence of the bride's parents, Mr. and Mrs. R. H. Brown, 93 Coursol st., when their second daughter, Miss Laura Alma, was married to Mr. Charles J. McGregor. The ceremony was performed by the Rev. J. L. George. The bride, who was given away by her father, wore a white brocaded silk gown, trimmed with Maltese lace, a white hat trimmed with a white ostrich feather and ribbon, and carried a shower bouquet of white roses and maiden-hair fern. She was attended by her sister, Miss Irene Gladys Brown, who was gowned in a pale blue nun's veiling and carried pink asters. Mr. Malcolm McGregor, of Lachute, brother of the bridegroom, was best man. The bridegroom's gift to the bride was a pearl ring, to the bridesmaid a necklace and to the best man a pair of gold cuff links. After the reception Mr. and Mrs. McGregor left for a trip to Toronto, Hamilton, Niagara and Buffalo, the bride travelling in a navy blue broadcloth suit, with white Duchess satin blouse, and hat to match. The presents were numerous and handsome.

The marriage of Miss Sadie Regan to Mr. James Meredith Tresidder took place Wednesday afternoon at 150 Elgin street. The drawing room was decorated with cut flowers and ferns, the ceremony being performed by the Rev. T. A. Halpenny. The bride, who was given away by her father, Mr. H. H. Regan, was gowned in white brocaded silk, trimmed with chiffon and lace; her tulle veil was arranged over a wreath of orange blossoms, and she carried a bouquet of white roses and lilies of the valley. The maid of honor, Miss Elizabeth Tresidder, wore a gown of blue silk with lace trimmings, and the bridesmaid, Miss Ethel Wilding, was in pink silk organdie. They both carried pink roses and sweet peas, and wore wreaths of lilies of the valley. The bridegroom's cousin, Mr. William Lapham, was best man. The ceremony was followed by a reception, and later Mr. and Mrs. Tresidder left for a trip to the Laurentians. The bride travelled in a brown tailored costume with a hat to match, and a white feather boa. To the maid of honor and bridesmaid the bridegroom gave gold bracelets, and to the best man a gold stick pin. On their return from their honeymoon, Mr. and Mrs. Tresidder will reside at 1,677 St. Urbain street, Annex. The bride was the recipient of many handsome presents.

COUNT TOLSTOI'S BIRTHDAY.

Russian Press Issue Jubilee Numbers to Mark Occasion.

St. Petersburg, September 11. — The newspapers of Russia appear to-day almost without exception as Tolstoi Jubilee numbers and publish pages devoted to his life, criticisms of his literary work and anecdotes of his career.

Many of the articles are praise in terms of extravagant adulation, but in general the criticisms are discriminating and just. Count Leo Tolstoi, novelist, author, and social reformer, celebrated the eightieth anniversary of his birth at his home in Yasnaya Poliana, to-day.

FLIES STICKING ALL OVER LOAVES

Big Quantity of Filthy Bread Seized by Food Inspector—Other Stuff Destroyed.

"This bread has flies sticking in it, as you can see."

Such was the very appetizing remark made by Dr. McCarrey, chief food inspector of the city. This official was pointing out to a view in his office at the City Hall some loaves of bread that had been seized for being dirty, and unfit for human consumption. Continuing, Dr. McCarrey said: "You will see that this loaf, while a white one, strongly resembles a currant loaf, and flies are sticking out of it in many places. This bread was seized to-day by one of my inspectors. It was being sold in the city by a baker named [illegible] from [illegible]. The bread not only had flies stuck to it all over, but it was full of dust and is dirty in other ways as well. My inspectors yesterday seized no less than seventy-eight loaves from this same baker. The bread, too, was dirty and utterly unfit for human consumption. I have given instructions that a warrant be asked for this man's arrest."

Dr. McCarrey showed that during the past four weeks a large amount of fruit had been seized, totalling many thousands of pounds. The fruit seized chiefly consisted of rotten peaches and plums. The seizures were as follows: August 1, [illegible] pounds; August 8, 1,570 pounds; August 15, [illegible] pounds; August 22, 2,144 pounds.

All of this stuff was carted off to the incinerator and burned. No arrests were made, as it was thought that the loss of the stuff was severe enough. On the other hand, it has been declared that in the future all persons who offer bad food for sale will have to answer for their conduct in the courts.

LATE MR. JOSEPH P. CLARKE.

Funeral Largely Attended by Relatives, Friends and Citizens eGnerally

The funeral of Mr. Joseph P. Clarke took place from his late residence, 54 Richmond Square, to St. Anthony's Church and thence to Cote des Neiges cemetery, and was very largely attended by relatives and personal friends, professional, business and public men, and members of St. Patrick's Society and St. Anthony's Catholic Young Men's Society, in which he took a great interest. At the church the pastor, Rev. Father J. E. Donnelly, celebrated mass, assisted by Rev. Father Peter Heffernan as deacon, and Rev. Father Reid as sub-deacon. The chief mourners were Messrs. Frank, jr., Edwin, John, Leslie and Stewart Clarke, sons; Mr. Frank Clarke, sr., brother, and Mr. Philip Stewart, brother-in-law. SAVE THE CHILDREN.

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather months. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent the trouble coming on. And the mother has the guarantee of a government analyst that the Tablets contain no opiate or harmful drug. Mrs. Geo. Mineault, jr., Mont Louis, Que., says:—"Before giving Baby's Own Tablets to my little one she suffered greatly from colic and stomach troubles, and cried a great deal. The Tablets soon cured her and she is now a plump healthy child who does not look as though she ever had an hour's illness." You can get the Tablets from any dealer in medicine or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

"GATHERING OF CLANS" AT CALEDONIA SPRINGS.

The closing of the "big" hotel season at Caledonia Springs, on the 19th of the month, is to be celebrated this year in a unique manner. A "gathering of the clans" is being organized for the week-end, and the festivities will be of a Scotch character, even to the extent of pipers. Many parties are already being formed in Montreal for the occasion.

CONSERVATIVE GATHERINGS.

Convention at Ste. Martine Sept. 17th —A Meeting at Cookshire.

On Thursday next, September 17, will take place at Ste. Martine, the convention of the Conservatives of the County of Chateauguay, who will proceed to the choice of a candidate for the forthcoming elections. The Conservatives of Ormstown and Howick will hold meetings at 7 p.m. Monday in their respective villages, to choose delegates for the convention, while the English-speaking Conservatives of Chateauguay Basin will meet for the choice of delegates on Monday evening at 8 p.m.

Other Conservative gatherings during the week include a mass meeting at Cookshire, in favor of Mr. R. H. Pope, the Conservative candidate. A number of prominent speakers from various points will be heard at this gathering.

On Sunday will take place, by the steamer Chateauguay, the annual excursion of the Morin Club, which goes this year to Beauharnois. A public meeting will be held in Beauharnois in the afternoon, the speakers being Messrs. J. G. H. Bergeron, M.P., F. D. Monk, M.P., L. T. Marechal, K.C.; Alban Germain, president of the Morin Club, and several others.

Applies to Westmount.

The reduced letter rate of one cent per ounce, or fraction thereof, for letters posted in this city, applied to letters addressed to Westmount, as well as to the other outlying municipalities adjoining the city which have a letter carriers' service within their borders.

PROTESTANTS ARE OPPOSING HOLDING OF PROCESSION

Fifteen Thousand Irish Guards Will Help the Police

Special to The Montreal Star.

New York, September 11.—A London despatch to The World says: There is profound anxiety lest the Roman Catholic procession of the Blessed Sacrament on Sunday afternoon through the streets in the vicinity of Westminster Cathedral may [illegible] the extreme Protestant party [illegible] for support in publicly protesting against such a ceremony being held in the capital of a Protestant kingdom." They appealed to the King and demanded that the Home Secretary prohibit the procession [illegible] of the Catholic emancipation act of 1829, prohibiting [illegible] any religious ceremony except in church or private houses. The Home Secretary has [illegible].

A guard of [illegible] has been formed to protect the procession from outside interference [illegible] the Protestant party persists in protesting against the ceremony which Catholics [illegible].

The police are making arrangements to preserve order [illegible] the opening of the Eucharistic Congress [illegible] the situation causes [illegible] anxiety to the Government.

LITTLE BELL HAS GONE FROM POST OFFICE TOWER

The little bell that once chimed the hours in the tower of the post office has changed its quarters and it now calls the faithful to the church of Notre Dame des Victoires at Terminal Park. And the post officials are glad, for they say the bell was [illegible]. It was inconsistent, and refused for a long time to work harmoniously with the mechanism of the big clock. Expert attention did not remedy the bell's forgetfulness, and it would strike at unseemly times, and, it is rumoured, would tell the employes in the building that it was dinner time when it was not so. Then the officials dismantled it, and on the request of Rev. Abbe Thibaudeau to the Government, it was removed to his church.

MONTREAL PRESBYTERY.

At the quarterly meeting of the Montreal Presbytery a call was presented from Elva, Man., on behalf of Rev. J. Kellock of Howick, who said that he felt it his duty to accept the call. His resignation was accepted to take effect on October 4. Rev. J. Whillans was appointed moderator of the vacant congregation and he and Rev. J. McAllister and Rev. Dr. Morrison were appointed a committee to draft a resolution in reference to Rev. Mr. Kellock's translation to the Brandon Presbytery. They presented a resolution expressive of the good will of the Presbytery of Montreal.

A communication was read from Rev. C. L. Charron, of Lowell, Mass., asking to be received as a worker under the Board of French Evangelization. The application was referred to a committee to report at the December meeting.

Mr. A. P. Biouln was examined and licensed to preach the gospel. Rev. Mr. Florence, of Huntingdon, tendered his resignation, which was accepted. Rev. W. R. Cruikshanks was appointed interim moderator of the Huntingdon session.

MGR. BRUCHESI TAKES PROMINENT PART IN CONGRESS

Canada Has Complete Religious Freedom, He Declares

Canadian Associated Press.

London, September 11.—At the Eucharistic congress at a huge meeting in Albert Hall, the cardinal legate presiding, the Archbishop of Montreal, speaking in French, said the congress must remind the cardinals of the glorious days of Rome. He represented Quebec as the most Catholic land in the British Empire. He declared the recent protest by the Protestant Societies against the congress proceedings was not a national protest. Moreover, the congress was being greeted with sympathy and respect in every quarter. The congress marked the re-entry of Catholicism into its old kingdom. The whole Catholic world was now looking Westminsterward, where the Eucharist after being carried through the streets of the first capital of the world, protected by the English flag, the symbol of civic and religious freedom, [illegible] would find a new triumph. As the results of the congress he would cherish the hope that the whole of England would return to the Catholic faith.

The Most Rev. Francis Bourne, Archbishop of Westminster, who is presiding at the Eucharistic Congress.

The Archbishop had a splendid reception.

Prior to the Albert Hall meeting Archbishop Bruchesi, of Montreal, took part in a debate wherein he aroused the most fervent applause of any speaker. He spoke of the complete religious freedom in Canada and the piety of French-Canadians. Pointing to the Union Jack and the papal standard, he brought down the house by declaring that the Catholics of Canada were equally attached to the flag of our faith and the flag of our loyalty." He concluded by inviting all to the Eucharistic Congress of 1910 in Montreal.

Another great congregation, including dignitaries of the Roman Catholic Church, priests and the laity assembled in Westminster Cathedral when pontifical high mass was celebrated at nine o'clock by Mgr. Amette, Archbishop of Paris, who was assisted by several archbishops, bishops and canons, a full choir and a number of soloists. At the conclusion of the mass there were three sectional meetings in connection with the International Eucharistic Congress which was opened last night. Two of them were conducted in English and the third in the French language. Cardinal Vincent Vannutelli, the Papal legate, presided over the larger of the two English meetings.

The Duke of Norfolk delivered the principal address of the evening, and the legate in responding expressed pleasure at this manifestation of faith given him, and said that it would bring the greatest joy to the Pope on the occasion of his jubilee.

TRYING TO STOP PROCESSION.

London, September 11.—Four peers and several members of Parliament to whom the Protestants appealed to do something to prevent the Catholic procession of the Host next Sunday, have taken up the cause of the protestors, and are bringing pressure upon the Home Secretary to forbid the parade. One un-named peer has written to the secretary of one of the militant bodies, indirectly encouraging violence. He says the carrying of the Host in the streets by Roman Catholics will likely cause a wholesale reaction, particularly if a riot takes place."

PROMINENT AUSTRALIAN IN MONTREAL TO-DAY

Alderman George T. Clarke, chairman of the Finance Committee of the "Town Council" of Sydney, Australia, is in the city to-day on his way to Denver, Col., where he is to represent all Australia at the annual meeting of Oddfellows of the world.

"Town Council," "Town Clerk," sounded strange to those who listened to the alderman chatting to-day, and especially when he referred to the "Lord Mayor" of the city. "I'm going to make a move to have those terms changed when I get back home," he said. While decidedly modest in his talk over comparisons between the city of 600,000 people from which he comes, and the metropolis of Canada, Mr. Clarke could not refrain from handing out the familiar criticism of our streets. "They are awful," he said.

Mr. Clarke paid a warm tribute to Mr. Thomas Tait in connection with the management of State of Victoria railways. "Our railway system is away ahead of yours," he said.

FINE DISPLAY AT HORTICULTURAL SOCIETY'S SHOW

Scene of Beauty at Opening of Exhibition in Lyric Hall.

The Montreal Horticultural Society celebrated a red letter event in its history by opening a show that surpasses by far all the exhibitions of previous years. The exhibition opened in Lyric Hall, which is now alive with color and fragrant with the perfume of plant and blossom.

The hall is beautifully arranged with the exhibits, and much skill and taste has been shown in their arrangement. The centre of the room is dark with the sombre-hued palms and foliage plants, and through the delicate [illegible] of fern show cataracts and colors, and flowers of similar extravagant color. And when the soft music from an excellent orchestra steals through the plants [illegible] the enchantment of those present at the exhibit was heightened.

The royal orchid attracts much attention, on account of its various forms, and there are many specimens on exhibition this year. Then there are cut blooms in great quantity, in fact, they are the [illegible] show, and are in excellent arrangement.

The gathering was to have been addressed by the Mayor, but owing to indisposition he could not attend. In his place Mr. R. Wilson-Smith, president of the society, spoke in reference to the death of Mr. Pinoteau, city gardener, whose demise was responsible for the absence of any contribution of plants from the city. The speaker eulogized the late gardener, speaking in high terms of his efficiency, and an expression of sympathy was passed for the bereaved family. Mr. Wilson Smith pointed out that the Montreal Horticultural Society was perhaps the third oldest of its kind in the world, and would do in the future much better than in the fifty years of its organization. Flower growing however had a professional streak to it, which was after the style of modern athletics."

The speaker congratulated the city on its care of the city parks, though he advised that the trees receive more attention, on account of their beauty. He mentioned that there were climatic possibilities for Canada to be a great flower growing land, and superiority would follow if a few more would interest themselves in horticulture.

In reference to the exhibitions in most of Canada's principal cities, it was pointed out that Montreal seemed to lack energy in this direction, and that at some future date the matter would be taken up with fruitful results. The speaker concluded by referring to the King's recent speech at a flower show in which His Majesty praised the culture of plant life and exhorted more to follow it up.

PRINCIPAL PRIZE WINNERS.

The principal prize winners of the show are F. C. Smith, gardener to Sir William Van Horne; W. J. Wiltshire, gardener to Mr. R. B. Angus; G. Vrengde, gardener to Mr. C. M. Hays; G. Trussell, gardener to Mrs. J. H. R. Molson; R. Burrow, gardener to Mr. R. B. Angus; Mrs. Edgar Johnstone; E. J. Haywood, gardener to Mr. J. Brooks, Chaudiere Mills; J. Lewis, gardener to Mr. R. B. Watson, Lachine; John Stewart, Westmount; T. J. Church, Lachine; A. H. Cooke, Outremont; J. Bate, St. Lambert; George Bate; W. H. Schart [illegible]; Hall and Robinson; Mr. Gamble, gardener to Mr. W. Currie, Lower Lachine Road.

HEAVY ENROLMENT AT MONTREAL HIGH SCHOOL.

The number of pupils already enrolled at the Montreal High School, the Rector, Mr. Wellington Dixon, believes to be larger than at any time during the past five years, and it looks as if the number will increase until it is greater than for many years past. This increase Mr. Dixon believes is caused by the number of children coming to attend the school from outlying districts like St. Lambert, Lachine and Longueuil, owing to the fact that the non-resident fee had been lowered. So great is the attendance from this course that Mr. Dixon feels no others should be accepted until all the city children wishing to attend the Boys' or Girls' High School had been placed.

At the Dufferin School it was found necessary yesterday to exclude the children and their parents, admitting them one at a time, so great was the rush. The school was already full and only applications for possible vacancies were received. This state of things is not entirely unusual, as the Jewish population is largely a floating one in that district and there are many changes in the enrolment each year.

It is said that there is plenty of room for all the children in the city schools, under the direction of the Protestant Board of School Commissioners, provided pupils did not insist on attending certain schools and so cause overcrowding.

Carpet Cleaning and Dyeing.

A Good Carpet often faded and stained is an eye sore. We are dyeing and cleaning them every day. Our cleaning process thoroughly scoured and colors raised, and always gives satisfaction. Poor quality don't do well. We cannot put pile on where it is worn off, but a good carpet always looks well after Dyeing or Cleaning.

CITY'S REGRET AT DEATH OF MR. PINOTEAU.

The Parks and Ferries Committee met for a few minutes yesterday afternoon and passed the following resolution of condolence with the family of the late Superintendent Pinoteau:

"That this committee has learned with deep regret of the demise of Mr. Auguste Pinoteau, superintendent of parks, one of its most faithful and devoted servants.

"That the city loses by the death of Mr. Pinoteau a talented man, who devoted his life to the embellishment of Montreal and executed admirable works in our public parks.

"That they beg to express to the family of deceased their most sincere sympathies in their sad bereavement, and that, as a mark of respect for the memory of deceased, this committee do now adjourn."

BABY DROWNED IN A RAIN BARREL.

Lydia Leger, the ten-months'-old daughter of Andre Leger, a farmer of St. Polycarpe, Que., was drowned in a rain barrel yesterday. The baby was playing on the balcony in front of the farm house, when she fell off, and dropped into the rain barrel. The child was drowned before her absence was noticed. After hearing the circumstances the case was disposed of by Coroner McMahon without a jury.

Mr. Hermann H. Wolfe Decorated.

Mr. Hermann H. Wolff, for many years senior partner of Hermann H. Wolff and Company, and Danish Consul-General for Canada in this city, has been decorated by the German Emperor with the Prussian Order of the Red Eagle. Mr. Wolff is of German descent, being born in Osnabrueck in the former kingdom of Hanover.

On January 1st of this year he left for New York to enter business there. The decoration was presented to Mr. Wolff by the German Consul-General in New York.

The marriage took place at St. George's Church yesterday afternoon of Miss Agnes M. Haugh Shepherd, daughter of the late George Shepherd, of Leeds, England, to Mr Charles Brandeis, C.E., of Montreal. The ceremony was performed by Rev. Dr. Paterson Smyth. The church was effectively decorated with cut flowers, palms and ferns. The bride, who was given away by her nephew, Mr George Shepherd, wore a white crepe de chine with white and gold embroidery; her tulle veil was draped over a wreath of orange blossoms. She carried a bouquet of white roses and lilies of the valley and her only ornament was a pearl and diamond pendant, the gift of the bridegroom's mother. Mrs George Shepherd, the matron of honor, wore a pale blue poplin gown, with a black hat and carried pink roses. Miss Helen Shepherd, niece of the bride, who acted as flower girl, was in a white embroidered muslin frock, a Dutch bonnet and carried a basket of pink carnations. Mr D. Champagne was best man. Mr H. M. Reid and Mr Douglas Reid were ushers. A reception was held at the Windsor after the ceremony, and later Mr and Mrs Bandeis left on an extended wedding trip, the bride travelling in a navy blue eolienne costume and a hat to match. On their return they will reside at 550 Grosvenor avenue, Westmount.

The Misses May and Marguerite Crawford, of Montreal, who were visiting friends in Lowell, Mass., are spending the week in Boston.

Miss Barbara Campbell, Saltcoats, Scotland, returned home by the SS. Grampian, after spending the summer with Mrs. Carrie, 14 Sussex avenue.

Mrs J. R. Smith, MacGregor street, entertained at dinner and "Bridge" on Thursday evening, in honor of her guests, Judge and Mrs. Riddell, of Toronto.

The marriage will take place early in October of Miss Edith Fenwick, daughter of Mr James Fenwick, Hutchison street, to Mr James P. Watson, Jr., of Sherbrooke.

Mrs Herbert Evans and family, Sherbrooke street, who have spent the summer at Bathurst, N.B., the guest of Mrs Evans' mother, Mrs Bishop, returned to town this week.

A very quiet but pretty wedding took place at the residence of Mr and Mrs George Irving, 65 Clandeboye avenue, Westmount, on Wednesday evening, when their eldest daughter, Miss Edith May Irving, was married to Mr Archibald Treleaven, of London, Ont., the Rev. W. J. Clark, of St. Andrews Church, Westmount, officiated. Miss Florence Irving, sister of the bride, was bridesmaid, and Mr Harry Treleaven, brother of the groom, acted as best man. The gifts received were numerous and handsome. Mr. and Mrs. Treleaven will reside in London, Ont.

A pretty wedding took place Wednesday afternoon, at Trinity Church, Ste. Agathe des Monts, where Miss Ida Swayne des Brisay, eldest daughter of Rev. L. des Brisay, was married to Mr. Lorne D. Campbell, of Windsor, Ont. The ceremony was performed by Rev. L. des Brisay, father of the bride. The bride, who was given away by her uncle, Mr. R. Bruce Scovil (St. John, N.B.), wore white Liberty satin trimmed with Limerick lace, with veil and orange blossoms, and carried white roses and lilies of the valley. She was attended by her sister, Miss Helen des Brisay. The bridegroom's brother, Mr. Wallace Campbell, was best man. The ushers were Mr Richard des Brisay, Mr Alban Sturdee, Mr. Gordon MacDonald (St. John). Mr. and Mrs. Campbell left in the evening for Montreal and Toronto en route to their home in Windsor. The presents were numerous and beautiful.

At the MacVicar Memorial Church, Wednesday evening, Miss Nina G. Weir, eldest daughter of Mr and Mrs. Robert G. Weir, of Montreal Annex, was married to Mr. George Finlayson, eldest son of Mr. and Mrs. George Finlayson, Chesterfield avenue, Westmount, the Rev. D. J. Graham officiating. The church was effectively decorated with palms, china asters, and ferns. The bride, who was given away by her father, wore a gown of Brussels net over white satin, with Honiton lace yoke and pearl trimming. Her veil surmounted a wreath of orange blossom and white heather, and she carried a shower bouquet of white roses and lilies of the valley. Owing to the unavoidable absence of Miss C. M. Smith, the bride was attended by her cousin, Miss M. Honeyman, who wore a pale blue taffeta gown trimmed with real Irish lace, a white lace hat trimmed with ostrich plumes and carried red roses. Mr. Gordon Finlayson, brother of the groom, was groomsman. Mr Arthur Weir, brother of the bride, and Mr J. Rosburgh Smith, jr., acted as ushers. The bridegroom gave the bride a pair of diamond earrings, the bridesmaid a pearl pin, the best man gold cuff links, and the ushers pearl and ruby scarf pins. Following the ceremony a reception was held at the residence of the bride's uncle, Mr William Stewart, St Denis Boulevard. Mr and Mrs Finlayson have left on a trip to the Thousand Islands, Toronto, and other western points, and on their return will reside in Westmount. The bride travelled in an Alice blue costume and blue hat with white plumes.

The folowing Canadian visitors registered their names at the Canadian High Commissioner's Office, 17 Victoria street, London, S.W., during the week ending September 1: J. George Browne, M.D., Lawrence Macfarlane, G. W. Crombie, Montreal; D. O. Jackson, Toronto; J. D. and A. B. Pennington, Dundas, Ont.; Fred S. Coiller, Winnipeg; Mrs Wm Smaill, Westmount; H. C. SHIPPING MEN SATISFIED WITH PASSENGER TRAFFIC

St. Lawrence Route Increasingly Popular with Tourists

When the local shipping agents for first class Atlantic travel were seen by The Star this morning they expressed themselves entirely satisfied with the traffic between Montreal and the ports of Europe, and stated that while the number of cabin passengers between New York and the older countries may have decreased, that from Montreal was steadily growing, while Mr G. McL. Brown, general passenger agent of the C. P. R. lines, made out that the ocean traffic from Montreal was proportionately greater than that from New York.

The interviews arose out of the declaration by a New York shipping agent to the effect that unless first cabin rates were cut, American people would stay at home.

Mr Brown said that tourist travel by way of Montreal was steadily increasing, and many of the tourists from the United States preferred to travel by way of the St. Lawrence, because it afforded them a chance to see the sights of Canada before crossing the ocean. It also gave many a chance to become used to the roll of a vessel before it broke out from the smoother river water into the rougher seas of the Atlantic. To prove this, he pointed out that a number of prominent Americans, such as the Mayor of Buffalo, and Mr F. W. Thomas, of Detroit, were regular travellers by the Canadian Pacific lines, and many came even from the Southern States. Mr Brown said that the accommodation on Canadian boats was about as good as that of vessels on the New York service, and he said the White Star Line had paid a great tribute to the companies making the St Lawrence service when it built two new steamers especially for this trade. This showed that ocean travel from Montreal and Quebec was looked upon by these people as likely to compete successfully with the large ports of the United States.

Mr George Hannah, passenger manager of the Allan Line, strongly held that passenger traffic was not on the decrease and he quoted from the passenger list of but one steamer to emphasize this. The Victorian on her last voyage brought over 110 cabin passengers, while the number on the corresponding voyage last season was 99. This showed an increase of 10 per cent. It had been so on the last three voyages of this vessel, and while the increase had not been very great, it showed that the trade was improving gradually. He said that while the minimum rates had gone up slightly, the maximum assessment was the same as formerly, which left the average about the same. Mr. Hannah had been speaking with an official who stated that 1,000 people had passed through the port of Montreal within three week as first class passengers on the steamships. Mr. Hannah mentioned that Montreal got about five per cent of the total of all Atlantic passengers, which was very favorable.

POWER COMPANY AND THE LIGHTING OF THE STREETS

Increase in Price Offered Will Mean $29,000 More Per Annum.

It was shown at a special committee meeting at the City Hall yesterday afternoon that if the offer of the Light, Heat and Power Company was accepted for the future lighting of the streets, the cost would be increased by $29,000.

Ald. L. A. Lapointe presided at the meeting, and he pointed out that as the city's contract with the company for the lighting of the thoroughfares expired in January next, some prompt steps would have to be taken to arrange for future lighting.

The interesting feature of the meeting was the presentation of a long report from Light Superintendent Parent, as to what the company's new offer would mean in the matter of additional outlay. At the present time the company was being paid $60 for arc lamps in the streets, but a demand was now made for $75 per lamp. If the city would include in the contract Ste. Cunegonde, St. Henri, and other recently annexed sections, the flat rate for the entire city would then be $80 a light. The reason of this was that the company had special contracts with these newly annexed wards and that it was impossible to give them the $75 offer.

Commenting on the $80 rate, Mr. Parent, in his report, showed that it would be more advantageous for the city to accept the $75 offer. He recommended that the first of the two offers made, namely, arc light at $75 for the city, excluding Ste. Cunegonde and St. Henri wards, was more advantageous than $80 a lamp for the whole city by $8,605 a year. In other words, he said the first offer would require an appropriation of $152,803, as compared with $159,408 for the second offer.

In contrast with these figures was the statement that the cost of lighting the city at existing rates amounted to $123,669, but that to light the city at the new rate of $75 a lamp, the cost would be $152,803, showing an increase per year of $29,134.

THINKS PRICE IS TOO HIGH.

At this juncture Ald. Lapointe said: "I cannot see why the company should want so much more for street lighting. It is a big jump from $60 to $75 a light. Think of the city having to put out $29,000 a year more for street lighting. I do not like the idea."

Ald. Lariviere—"But what are we to do? We must have the street lighting continued after January 1st next. It would appear that this company is the only one equipped to continue the work."

Ald. Lapointe—"I cannot say the company is acting in a generous spirit. It appears to be taking advantage of the situation."

Ald. Lariviere—"Let us pass a resolution saying $75 is too high, and offering the company $60 a lamp. We shall then be in a position to arrive at a definite conclusion with the company."

Ald. Lavioletta—"We shall have to take prompt action of some kind, as the company has definitely stated that it will not continue the lighting of the streets after January next at the sixty dollar rate."

Ald. Lapointe—"I am anxious that prompt action shall be taken; at the same time I do not think we should pay any fancy price for lighting."

Ald. Lavioletta—"All I want to guard against is the city being left in darkness."

Ald. Lapointe—"Do you think now that the company would really leave the streets in darkness?"

To this there was no answer forthcoming.

THE STYLE OF LAMPS.

At this juncture there was some discussion over the style of lamps it is proposed to be used. In his report Mr. Parent stated that the company's offer was based on the assumption that the city should be given the style of lamps now in use. He also drew attention to the condition in the offer, to the effect that for the first five years the company was to supply lamps and fixtures free, but that for the last five years of the proposed contract the company asked the privilege of selling to the city all lamps ordered during that time, including the arms and transforms at one half their original value.

It was also pointed out by Mr. Parent that the company was offering to supply light in annexed municipalities at the same rates, provided that they had previously put up poles and wires in the same districts.

On the latter point Mr. Parent was of the opinion the restriction was not in the interest of the city, with which the committee agreed. It was better, he said, to have whatever rates were agreed on to be in force in all parts of the city.

It was the opinion of Mr. Parent that the city should be given the very newest kind of lamps.

Ald. Lapointe—"But a new lamp is always something of an experiment."

In reply Mr. Parent said that some time ago the company gave the city a stronger light than now employed, but the new lamps made the light far more effective; they cast little or no shadow.

In the matter of the city paying half the cost for the installation of lamps, Ald. Levesque said he could see no justice in any such demand on the part of the company.

It was the opinion of Mr. Parent that if the city had to pay half for the lamps, it should have the privilege of selecting just what lamps should be used.

Mr. Parent now showed that one of the proposals of the company was quite favorable. He said: "As regards the proposition of the company to apply electric current for incandesent and arc lighting in municipal buildings, yards, etc., at 9 cents per kilowat it would affect a saving to the city from ten to fifteen per cent on the present rates."

It was finally decided to submit the company's offer to the City Council. In turn it will be sent to the Fire and Light Committee for a report.

ALD. LAPOINTE DISPLEASED.

Before the meeting adjourned, Ald. L. A. Lapointe drew attention to the trouble between the Fire Department and the Water Department in regard to an insufficiency of hydrants having been laid in St. Catherine street. He said that all such information should first be given to the aldermen before it was ventilated in the press.

Ald. Yates drew attention to the fact that the subject in question had really been brought before the attention of the Fire Committee before it was handed out to the press. The information in regard to the lack of hydrants had been given to the Fire Committee at the request of a member of the committee.

Despite this Ald. Lapointe said there was too much anxiety on the part of many officials to run to the press on every occasion. The matter then dropped.

HEPBURN RAILROAD ACT.

Philadelphia, September 11.—Declaring it to be drastic, harsh and unreasonable, and an invasion of the rights of the States, and, therefore, repugnant to the constitution, the United States Circuit Court for the eastern division of Philadelphia dismissed the suis of the Federal Government to enforce the commodities clause of the Hepburn Railway Act against the anthracite coal-carrying railroads of this state.

MAYOR SCOTT UPHELD.

Justice Anglin Dismisses Application for Mandamus.

Special to the Montreal Star.

Toronto, September 11.—Justice Anglin has given judgment dismissing the application for a mandamus compelling Mayor Scott, of Galt, to sign the power by-law and contract with the Power Commission passed by the town council. The court held that the Mayor was justified in refusing to sign a civic document in which the terms were indefinite. His Lordship says: "I do not agree the Mayor is a mere automaton, bound to place his signature to any document or any instrument, however vicious or illegal, merely because he has been directed to do so by the municipal council."

Men and Boys will always find much to interest them on Saturdays at the dry goods store of Messrs. Jas. A. Ogilvy & Sons, St. Catherine street west, corner of Mountain street. Their announcement on page 11 of this issue of the Star gives particulars of many new fall goods.

WHAT IS THE UNION JACK CLUB?

[illegible] what the Union Jack is.

It [illegible] every land [illegible] a British [illegible] safety.

[illegible] the men [illegible] waving on every [illegible] and [illegible] islands of the [illegible].

[illegible] see that [illegible] se men are not [illegible] the Union Jack Club [illegible].

At present its services are confined [illegible] the metropolis of the Empire. There [illegible] club in which every man belonging [illegible] His Majesty's [illegible] land forces [illegible]. He enters the [illegible]. It is his club just [illegible] the [illegible] and [illegible] other clubs of West End [illegible] members. [illegible] comforts of home [illegible] secretary [illegible] conducts [illegible]. He does not have to step outside the building to obtain [illegible] from a butler, or even the services of a [illegible]. A well [illegible] awaits his appetite. He has the freedom of the smoking, billiard and [illegible]. He [illegible] In short, the [illegible] and he feels the whole [illegible] of Jack and appreciates [illegible]. This is a great [illegible] and bravery.

It is not difficult to see the great service which the club is performing for the [illegible] of the King. [illegible] "Jack" and "Tommy" are apt to get into trouble when on "leave" and [illegible] temptations of [illegible]. Here is a [illegible] which protects them from all these dangers, as [illegible] protect the rest of us when appeal is made to the [illegible] cannon.

Still, at present the service is confined to one city of the Empire. With this state of affairs the founders of the Union Jack Club are not at all contented. It is their ambition to see such institutions in every large port and garrison town where the Union Jack flies. With this object they have appealed to the people at home and are now appealing to the Dominions Beyond the Seas. Their appeal is made through a magazine which they have, with eminent appropriateness, named "The Flag."

"The Flag" is like no other magazine yet published. It contains in one number contributions from a dozen of the leading writers of the day, with illustrations by Alma Tadema and other prominent artists, and photographs taken by Her Majesty. Yet it costs the British public only a shilling, and they have the satisfaction of knowing that that shilling will go direct to provide "Union Jack Clubs" for His Majesty's land and sea forces throughout the Empire. For all these noted artists and writers contribute to the pages of "The Flag" without compensation and out of love for the work it is doing. If a supply of "The Flag" is procured for Canada it must necessarily be limited. Australia is clamoring for copies.

It will be an opportunity that does not come often. You may have a chance to get stories, sketches, comediettas and poems by Rudyard Kipling, Conan Doyle, George Meredith, Gilbert Parker and other front rank writers, all contained in one magazine, at a price [illegible] and at the same time help make pleasanter the lives of the men who stand on guard on the [illegible] of the [illegible] present [illegible] Canada to His Majesty on his birthday on the 9th November.

His Majesty [illegible].

[illegible] King [illegible] Africa and [illegible] King Edward's good [illegible] the head [illegible] power and an [illegible] order and [illegible] pleads in [illegible].

Home Comforts for Girls Who Live Alone

There is no need of your living alone and missing all those little things that make up the sum of a woman's happiness and comfort. It's all wrong for a girl to live that way, and there's no occasion for it. Plenty of nice people would be glad to have you live with them—folks who have real homes where you can feel as though you "belong" and are "one of the family."

The Grain Movement

The steady increase in grain shipments from Montreal at the expense of New York and other American ports on the Atlantic seaboard has been causing considerable alarm in business circles in American ports, and things have come to a head in a conference having recently taken place in New York between a committee representing 24 steamship companies and the Trunk Line Association. On behalf of the former it was pointed out that while since June 1 Montreal had sent to London 2½ million bushels of wheat, not a single bushel has been shipped from New York, and the amount sent to the United Kingdom from Boston, Philadelphia and Baltimore was a mere [illegible] bushels all told, out of a total of [illegible] bushels. This state of things has arisen owing to the action of the railways serving Montreal in lowering their rates to [illegible] cents per bushel in order to compete with the water traffic from Lake ports [illegible]. The rate from these ports to Atlantic centres on the other hand works out at [illegible] cents, which accounts for all the trouble. The remedy proposed by the steamship committee is the prevention of the carriage of wheat by rail into Montreal, but whether this drastic proposal is likely to come to anything remains to be seen. Probably the railroad companies will have something to say on the subject.—The Steam and Shipping Illustrated.

The Laurentic

While there are at present no statements on the subject, there is no doubt that when the new White Star line steamship Laurentic, which was launched [illegible], takes her [illegible] the Canadian [illegible] interested in [illegible] to increase their tonnage. The Laurentic [illegible] improvements of the liners running to New York and is a large [illegible] twin-screw steamer of 14,500 tons gross register, is 565 feet in length, with a beam of 67 feet 4 inches, and in addition to 250 first class, 430 second class and 1000 third-class passengers, will carry a large quantity of cargo.

The Laurentic is being constructed throughout on the most approved principles, nothing that long experience and practical knowledge can suggest being wanting to make her as perfect as possible in all particulars.

Cargo of Pitch Pine.

The steamship Beatrice, with a cargo of pitch pine lumber, left Savannah, Ga., on the 3rd inst., for Montreal and is expected to arrive about the 14th inst. She is consigned to Mr. T. F. McCarthy.

"Good Clothes Have Proved Our Success."

"FOUR REASONS WHY."

Why do you support your choice for Canada's next Premier?

THE MONTREAL DAILY STAR invites answers from its readers regardless of political affiliations, and suggests: (1) That the communication preferably be written on a post card; (2) that it be kept within 500 words to insure publication; (3) that the argument for or against be tersely summoned up under the heading "Four reasons why I support Sir Wilfrid Laurier, or Mr. R. L. Borden," (as the case may be); (4) that the communications be free from personalities, and (5) that the name of the writer be sent to the Editor of THE MONTREAL DAILY STAR in confidence.

The replies will be printed in THE MONTREAL DAILY STAR until the close of the campaign.

To the Editor of the Montreal Star:

Sir,—I shall support Sir Wilfrid Laurier: 1. Because the Dominion is safe in his hands. 2. Because he is the greatest Premier and statesman we ever have had. 3. We can well remember the time previous to 1896 and it almost causes one to shudder to think of the possibilities of again being ruled by such men as the Foster, Fowler and Pope combination. 4. Borden may be an honest man, but look at his surroundings.

FARMER

East Bolton, Que.

To the Editor of the Montreal Star:

Sir,—Borden for me: 1st. Because the present Premier and his colleagues came into power largely by their insincere criticism of their predecessors' so-called extravagance. These, they then claimed, were overtaxing the people to the extent of many millions. When themselves in power the Liberals have nearly trebled the public expenditure and not satisfied with that, are daily adding thereto and at the same time giving away to grafting camp-followers and relatives for a pittance the many valuable assets of this vast country. If properly administered by men of the R. L. Borden type these assets would, in due time, wipe out the whole of the enormous public debt which the present Administration are heaping up, and which course, if longer continued, must necessarily prove very burdensome upon those who are to follow us.

2nd. Liberal disregard, not only for their promises while in Opposition, but also for the fair name of our country, which has witnessed wholesale bribery and corruption (without prosecution), from the buying of parasitic and degenerate individuals whose patriotic worth is too small to be decipherable, to that of whole constituencies by false promises.

3rd. Difference between the estimate and cost of Grand Trunk Pacific Railway.

4th. Twelve years in power.

W. M. C.

(St. John, N.B.)

To the Editor of the Montreal Star:

Sir,—My choice is Sir Wilfrid Laurier: 1. Because I believe that his life, private and public, is, always has been and ever will be clean, honest and unsullied. 2. Because of the enactment of much beneficial legislation (of which I will only mention British preference) whereby Canada has become the best country in the world. The present Government is certainly the best that Canada has ever had, and of which Sir Wilfrid is most assuredly "the man behind the gun." 3. Because of his great executive ability, magnetic personality, noble achievements on behalf of his country, also because of his noble efforts towards bringing about blending of racial and religious feelings and instilling into all Canadians a sense of national greatness, all these noble qualities clearly demonstrate that he is the "right man in the right place." 4. That in view of the great undertakings in which he is so prominently engaged, notably, the All-Red line, transcontinental railway, Hudson Bay Railway, Georgian Bay Canal, he should be allowed to finish his work.

BRITON.

Newcastle, N. B.

To the Editor of the Montreal Star:

Sir,—I must oppose Sir Wilfrid Laurier: 1. Because of their inconsistency. To think of what they preached when in Opposition and of their doings when in power is enough to make a sincere Canadian blush. 2. Because they have simply carried out a well-defined policy, framed by their predecessors, with the exceptions of a few things—for instance, almost the killing off of the woollen industry; the importation of machinery with skilled artisans, almost driving out of our country a most intelligent craft. 3. Because the so-called Liberal party's name only applies to the liberal expenditure of our country's resources. 4. The repeated attempt of their public speakers to raise the religious and national cry and charge the Opposition with it—for example, C. R. Devlin's address at the Laval nomination of Mr. Wilson.

CANADA FOR CANADIANS.

To the Editor of the Montreal Star:

Sir,—I will vote for Laurier—1. Because whatever has been intrusted to him by his countrymen has ever been most successfully carried out. 2. Whether at home or elsewhere, he has always upheld the honor of our country. 3. Because he has [illegible] many of the qualities of his former rival, Sir John A. Macdonald. 4. Because, as well as being an able politician, he has all the instincts of a statesman and a gentleman.

(Montreal.) PERCY SCOTT.

To the Editor of the Montreal Star:

Sir,—I will support Borden: 1. Because a Prime Minister should uphold the interests of the whole community and not of one section alone, viz., agricultural interests. 2. Because Sir Wilfrid Laurier's [illegible] policy has already caused about 90 [illegible] of the woollen industry to close down and its employees to be driven out of the country. 3. Because the same policy, if persisted in, will ultimately ruin the cotton trade of this country, which is already showing signs of it. 4. Because in a young country like Canada I consider it the duty of the Government to protect their industries until they are able to meet competition from other and older countries. If you impoverish any industry, you weaken the country, and the position of the agriculturist will not be as good when industries are banished from the land.

(Valleyfield.) F. X.

To the Editor of the Montreal Star:

Sir,—I support Sir Wilfrid Laurier: 1. Because his motto has always been "Canada first, last and always." 2. Because as a Canadian I am proud to see him rank with the greatest statesmen of the age. 3. Because it is neither wise nor safe to swap horses when crossing a stream. 4. Because I always prefer to be on the winning side.

(Montreal.) "J. R. H."

To the Editor of the Montreal Star:

Sir,—Four reasons why I will not support Mr. R. L. Borden: 1. Because Borden is not in the right place. He opens his campaign by accusations devoid of facts. 2. Because I remember the Conservative scandals, and the Colchester "tomatoes" now looming up are not inspiring confidence. 3. Because Sir Wilfrid Laurier is, in principle, a second Sir John A. Macdonald. 4. Because I honestly believe that a change of government at the present time would be detrimental to the best interests of our dear Canada.

(Montreal.) A CONSERVATIVE.

A CANADIAN ROMANCE.

Followed Clairvoyant's Advice in Choosing Bride.

Special to the Montreal Star.

New York, September 11.—"When you meet a small, slender, fair haired girl of about nineteen years, you will fall in love with her at first sight. If the first letter of her first name is E, marry her, and you will always be happy and prosperous."

So said a clairvoyant on the board walk at Atlantic City two weeks ago to Mr. John A. McRea, a wealthy commission merchant of Toronto, Canada.

McRea last night, at the Hotel St. Regis, presented to a group of friends he was receiving a girl answering the physical description exactly, and explained: "I did it. This is my wife, Estelle. I've known her only two weeks, but I believe we will be happy."

Mr. and Mrs. McRea sailed for England this morning on their honeymoon. Afterwards they will go back to Canada. The bride was Miss Reese, a shop-girl, of Philadelphia.

Tannery Burned at Toronto.

Special to the Montreal Star.

Toronto, Ont., September 11.—The tannery of the H. B. Johnston Company, on River street, was destroyed by fire last night. The building was of wood and zinc, and three stories high. The damage is estimated at about $200,000. The insurance on the stock and building amounts to $150,000.

Fireman Mathew McCartney fell from the roof of the engine-room, sustaining three broken ribs and injuries to his head.

George Sinclair, another fireman, was overcome by smoke.

Low Rates—Toronto Races

SUIT AGAINST BROKER.

Captain Morrissey Seeks to Recover $9000 at St. John.

Special to the Montreal Star.

St. John, N.B., September 11.—Captain Morrissey, of Liverpool, who has instituted proceedings against D. C. Clinch, banker and broker, for the return of $9,000 sent to Clinch for investment in Steel stocks, was heard in court. He testified that he had failed to get the stock or the money returned and after writing several times and being asked by Clinch not to be hard on the latter, as he had suffered losses, but would eventually pay in full, he (Morrissey) came to St. John and was told by Clinch that the latter had not a dollar in the world, and would end his life if proceedings were taken against him.

Clinch continued to do business and Morrissey took action.

Mr. Clinch was acquitted without the jury leaving the box.

The Ontario Historical Society.

Special to the Montreal Star.

London, Ont., September 11.—The annual meeting of the Ontario Historical Society commenced here yesterday afternoon with a large attendance of delegates from all over the province. President Barlow Cumberland, of Cobourg, was chairman at the evening session.

Papers were read by C. C. James, Deputy-Minister of Agriculture, A. J. W. Colquhoun, Deputy-Minister of Education, and others.

Camp at Barriefield Closed.

Kingston, Ont., September 11.—The blue force, in command of Lieut.-Col. E. B. Edwards, of the 7th Infantry Brigade, won the decision of the umpires over the red force under Lieut.-Col. John Hughes in the tactical manoeuvres or sham battle run in connection with Barriefield camp. The big camp of over 3000 men at Barriefield broke up for the most part yesterday.

American Club Formed in London.

Special to the Montreal Star.

London, Ont., September 11.—The first American club ever formed in Canada was organized by sixty American residents of this city. The officers elected were: President, Thomas L. Hutchinson; treasurer, R. D. Cole; secretary, Barker Wheeler.

Iona, of the Thomson Line, arrived at London from Montreal yesterday and landed all her cattle in good condition.

The steamer Ottawa sailed from Liverpool at 3 p.m. yesterday with passengers and a general cargo for Quebec and Montreal.
