SPAULDING TOWNSHIP IS BLACKENED WASTE.

Completely Swept by Fire Monday Night—Heavy Losses by Lumbermen—Men Barely Escape With Lives—Lie in Brook as Fire Sweeps Over.

Lake Megantic, Sept. 30.—(Special.) In spite of the burned and blackened stumps which surround the villages of Agnes and Megantic and stretch far back into the forest lands in all directions, the people of this section feel that they have much to be thankful for. That the villages escaped complete destruction is one of the remarkable features.

But the fires even now are not dead. They are smouldering and in some places burning. They have received, however, a check from which they probably will not recover before rain again falls.

It is very difficult to estimate damage which has been done.

Probably the figures, $40,000, for the villages of Agnes and Megantic, are high enough and not much too high.

Acres upon acres of timber lands in this district, however, have been laid waste. Numbers of individual farmers have lost from $500 to $5,000 worth of cut or standing wood.

Then the large limit holders have come in for proportionately heavier losses.

The greatest devastation has been wrought in the Craig limits in Spaulding. The cut wood burned alone is placed at five thousand cords. Then the limits themselves have been fire swept.

The Brompton Pulp and Paper Company limits have suffered to a considerable extent.

It is doubtful if $200,000 would cover the damage caused during the past few weeks.

About four hundred people spent Monday night on the lake shore with some of their belongings.

THE RUINS IN SPAULDING.

The township of Spaulding, with the exception of a small portion of the 8th and 9th ranges, was swept by the fire on Monday night. Mile after mile of timber limits are a desolate blackened waste.

The three thousand acres owned by Mr. Craig were entirely swept over. The pulpwood, cut and pealed, amounting to 5,000 cords, was worth at least $6 a cord as it stood, and here is represented $30,000. The standing timber destroyed was worth at least $20,000 more.

John Ilreaky, of Quebec, who owned some 20 square miles in this township is perhaps the heaviest loser in the district. Mile after mile of property was swept.

G. M. Stearns, of Megantic, also owned limits in this township.

It may be said that the entire township is burned over. So complete was the fire's work, that many of the trees were entirely consumed, others stand out as blackened stumps. Little wood can be rescued from this waste.

The township of Spaulding is bounded by Ditchfield, Whitton and Beauce county. It reaches up to Agnes and Megantic.

NARROW ESCAPE OF MEN.

Some of the men employed by Mr. Craig barely escaped with their lives. Three men on the sixth range got caught between two fires. The avenue of escape was cut off. They finally reached a small stream and lying flat in the water, allowed the fire to sweep over. As the flames reached down towards them they would bury their hands and face in the water, at the same time keeping their clothes soaked with water.

The principal force of men employed by Mr. Craig was in the 2nd range, 26 in number, under E. Rockett, as foreman.

The fire surrounded them and it looked as if they could not escape. They took their stand in a clearing and fought the fire as it reached out after them. Some of the men became frantic and had to be prevented from rushing out into the woods, which would have meant certain death.

In the small clearing the men fought for their lives until the rain came and removed for the time being the danger.

Sad, indeed, is the spectacle of today of blackened, ruined forest wealth, all life destroyed by the devouring flames.

FURTHER STATEMENT OF LOSSES.

Lake Megantic, Sept. 30.—(Special.) —Large fires in the woods in this vicinity are still burning and smouldering, and unless there is more rain soon, a strong wind will fan the flames up again.

The number of buildings destroyed in Agnes was seventeen, ten dwelling houses, six barns and one stable.

Mr. Joseph Compagne, on the 1st range, lost his barn.

Mr. L. P. Villeneuve, of Megantic, lost two barns on the 3rd range, and all his timber limits.

Mr. P. Renaud also lost his mill and all his lumber, on the 3rd range.

Mr. Joseph Demers, whose name was not reported last evening, also lost a barn in Agnes.

Mr. Van, of Spring Hill, has had his timber limits swept.

Brief Session For This Purpose Held Last Night.

HOW THE CITY EXPECTS TO EXTINGUISH THIS OBLIGATION IN 25 YEARS.

At a short session of the Council, held last night, the sale of the city bonds, as reported in Saturday's Record, was ratified.

The city's bonds amounting to $500,000, are sold to George A. Stimpson & Co., of Toronto, and will be payable at par in London.

The following aldermen were present: His Worship, Mayor Bachand and Aldermen Denault, McCrea, Thompson, Desaulniers, Lanctot and Simoneau.

There was little or no discussion, the Council simply approving and authorizing that it be carried into effect.

The debentures are issued in denominations of one thousand dollars each. The debentures are payable to bearer in twenty-five years from date and bear interest at the rate of 4½ per cent. per annum, payable half yearly, to wit, on the first day of November, and on the first day of May in each year.

COMPTON LIBERALS HOLD CONVENTION.

Formally Select Mr. A. B. Hunt as Candidate.

NOTES OF THE POLITICAL CAMPAIGN THROUGHOUT THE COUNTRY.

Bury, Sept. 30.—(Special.)—The Liberal convention for the selection of candidate was held here yesterday, when Mr. A. B. Hunt was unanimously selected.

The delegates met at 1 p.m. in the Town Hall. Mr. Robert Scott presided. The nomination of Mr. Hunt was moved by Mr. Angus Cowan, of Gould, and seconded by Mr. J. B. St. Laurent, of Compton, and carried by standing vote.

Speeches were made by the candidate and Messrs. F. W. Hibbard, of Montreal, Louis Bertrand, J. Nicol and Angus Cowan.

Mr. Hunt referred to what he had done for the county during the past four years and compared it with the work of his predecessor during his tenure of office. He compared the

MR. A. B. HUNT, Liberal Candidate in Compton County.

situation of the country in 1896 with the situation of 1908, particularly with regard to agriculture with a view of illustrating what the Government had done for the farmers. He said the Conservatives were not fighting this campaign on political issues but were making it a campaign of scandal, making charges of the most extravagant nature, which were being refuted and hurled back in their teeth.

Mr. Hunt stated that he had been over the county and felt confident of victory.

SIR WILFRID COMING TO THE TOWNSHIPS.

Sir Wilfrid Laurier will be in Sherbrooke during the campaign. The date of his visit has not yet been fixed but it is expected that he will speak on the afternoon of the same day in the western section of the Townships.

Mr. George W. Paige, Conservative candidate in Stanstead County, wishes to correct a report that he has finished a personal visitation to the electors in the county. About one-fourth of the electors yet remained to be called upon and Mr. Paige is busy in his canvas of the county.

The big constituency of Richmond and Wolfe is warming up very slowly to the contest. Committees are being formed by both parties and some meetings are being held.

Very few wagers are being made on election results as yet. It is too early in the game. A prominent local Liberal was heard to remark that he knew where the Conservatives could get all they wanted, 1 to 1 on Laurier's return, or 1 to 8 that he would have 40 majority.

Hon. W. S. Fielding, Minister of Finance, is now going to Toronto to talk politics. He is to speak there in company with Mr. Aylesworth, tomorrow night.

The Conservative candidate in Laval Mr. E. Leonard, opened his campaign at Longue Pointe, Monday evening. There was a large attendance at the meeting and speeches were delivered by the candidate himself, and Messrs. F. D. Monk, A. J. Labelle, C. P. Beaubien, Campbell Lane and Oscar Asselin.

The Liberal convention of St. Hyacinthe was held Monday under the presidency of Dr. Eugene St. Jacques, and Mr. A. M. Beauparlant, the retiring member, was again unanimously chosen to be the party's candidate at the next elections.

Dr. S. W. Williamson, a son-in-law of Dr. W. H. Heartz, president of the Nova Scotia Methodist Conference, has announced that he will accept the Conservative nomination at Yarmouth, N.S.

Most of the corpses are those of women and children.

Pettes had a light smashup at Sweetsburg, also Eugene Shepard had the misfortune to break both shafts from his top buggy the same night.

South Barnston, Sept. 30.—(Special)—Three parties broke into the house of Mr. Moses Hastings, South Barnston, and took a thousand pounds of maple sugar. This was the farm house but was unoccupied, and so they had stored the sugar there. After a lively chase they were taken at Newport, Vt., and will have their trial at Holland, Vt. They had disposed of the greater part of the sugar to different parties before they were taken prisoners.

WOOD BURNED BEYOND COATICOOK.

Coaticook, Sept. 30.—(Special.)—The gale of Monday afternoon and night fanned the fires in this vicinity to tremendous proportions. Frank Durand, whose property is between here and Ladd's Mills, lost about $2000 worth of lumber, and the fire east of here across the river was of a very spectacular nature, many watching it from the hills. The reflection of a big fire south of here could be seen, but it was a long way off. The heavy rain that fell in the night stopped these for the time being, although the fire on Mr. Durand's place is still burning, but not so fiercely.

The success of this convention will long be remembered by all those who attended.

After the ceremony an informal reception was held at the home of the bride's parents on London street, and the wedding luncheon served, the table being most tastefully arranged with pink and white carnations and trails of smilax. SEEK TO END C. P. R. STRIKE.

Presidents of Various Unions Arrive in Montreal.

CANADIAN PACIFIC OFFICIALS HAD NOT BEEN APPROACHED UP TO LAST NIGHT.

Montreal, Sept. 30. — (Special)— Events are apparently moving fast in the efforts being made by the Canadian Pacific strikers to bring the present trouble to an end, the activity now being upon the part of the International Union officers.

In Montreal, yesterday, there was a most unusual gathering of railway union presidents and other officials, while amongst the rank and file of the strikers there was jubilation, the word having gone forth that the strike was to be ended within a day or two.

Mr. Jas. O'Connell, of Washington, president of the Metal Workers' Section of the International Federation of Railway Mechanical Unions, arrived in Montreal yesterday morning with a number of lesser officials. Several other international presidents arrived later, including President Warren S. Stone, of the Brotherhood of Locomotive Engineers; President H. B. Perham, of the Order of Railway Telegraphers, and President Morrisey, of the Brotherhood of Trainmen.

Whether the gathering of union officials from far and wide means an effort to extend the boundaries of the strike or to bring additional pressure upon the C.P.R., is not yet known; possibly it means both. But there is little likelihood of the operating men being dragged in at this late hour, especially as they work under separate contracts with the company, and are traditionally opposed to joining strikes which do not concern them.

The plans of the strike leaders are, therefore, not yet known, probably not yet formulated. But there is indication that their efforts tend to an end of the matter ere long.

A despatch from Winnipeg says there are signs of the strike being called off and adds that representatives of the mechanics have started for Montreal to seek an interview with Sir Thos. Shaughnessy.

CHICKEN PIE SOCIAL AT LENNOXVILLE.

Last evening the annual chicken pie social of the Ladies' Aid of the Methodist church of Lennoxville, was held in the lecture room of the same, and the entertainment was held upstairs in the church. A large gathering of people was present from Sherbrooke and other surrounding places, and the tables presented a fine appearance. The guests were waited upon by the young ladies. The sum of $57 was realized from the supper.

After the supper the entertainment took place, Rev. Mr. Deeprose opening with prayer and the chair was occupied by Rev. Mr. Sanderson. A very interesting address upon "Education in Canada," was given by Mr. Truman, principal of Stanstead College, and Rev. Mr. Deeprose in his pleasing manner, addressed the people upon matters of interest, relating to the Thanksgiving festival. Three violin solos were rendered by Mr. Frank Dudley, of Sherbrooke, who also recited "The Game of Life" and "The Story of the Faithful Soul," with musical accompaniment, which was well rendered, and highly appreciated by all present.

The singing of "God Save the King" finally brought the meeting to a close.

The Onlooker

The Quelling of the Fires.

Not in the memory of the oldest inhabitant have forest fires proven such a scourge in this district, at any rate, as during the past few weeks. The long continued drought had made tinder of woodlands, and human efforts were of no avail, once the flames were fanned by a stiff wind, as happened Monday. But if the forest fires were the worst in the recollection of men still living, seldom has rain come more providentially than it did Tuesday, just at the moment practically when the flames were passing beyond all semblance of control. Especially was the downpour grateful to the people of Megantic, into whose homes the destructive element had already made serious headway. There is scarcely any doubt that most of the town would have been wiped out if the rain had not come at the hour when it did. Apparently Tuesday's downpour effectually quelled the fires in this section, and now that the dry spell has at length been broken, it is likely that we shall have more wet weather, which will cement hopes of permanent relief, to which the intervention of the elements has given hopes. It has been a trying time for everyone, but especially for lumbermen, farmers and people living in small towns exposed to the danger and without adequate fire protection. Looking backwards over it all one's thoughts dwell inevitably on the origin of the fires, and to the extent that they were preventable. Stricter regulations are imperatively required regarding bush and camp fires and if the powers that be will only provide the regulations, this season will have furnished a public sentiment which will render their thorough enforcement a simple matter.

The Woollen Industry.

Newspapers in Britain are showing a live interest in the condition of the woollen industry in Canada, and one of them, the Yorkshire Post, if memory does not fail, rises to ask if an industry which dwindles under a tariff protection of thirty per cent. is worth having. At first sight the question seems an apt one but, when considered for a moment, it proves itself superficial and misleading. From the point of view of a Free Trader, as a matter of fact, it would be a difficult question to answer satisfactorily, but, from the standpoint of a Protectionist, it is a very simple question to answer, and Canada is a Protectionist country, the which it must remain if the rosy promise of the future is to be realized. To repeat the old axiom of national economics, a country is rich in proportion as it does its own manufacturing. Thus if we export our raw products, to be manufactured in some foreign country, or in Britain, and then buy them back in a finished state, we must obviously be in a much worse way than if we do the manufacturing ourselves and keep the money so expended at home. Given this economic axiom, it is certain that Canada, next door neighbor as she is, to a great manufacturing nation, whose industries are highly protected, cannot do her own manufacturing without tariff protection also. Even Free Trade Britain is beginning to find this out. Now to get back to the woollen industry. Thanks to our tariff wages are much higher in Canada than they are in Britain, and on account of heavier freight rates, besides the inability to buy in greater quantities, raw materials cost more in Canada. The purpose of the Protective Tariff is to offset these advantages which English woollen manufacturers enjoy, and we have a rapidly declining industry to prove that the tariff does not do this at present.

A Correction

Last week we advertised in this space 14k. whole Pearl Rings, at $5.00 each.

Prince of Wales Lodge, A.F. & A.M., held an emergency meeting last night in the lodge room, Record block, when work in the third degree was exemplified. There was a good attendance of members, including numerous visitors.

Mr. George Armitage returned last evening from his trip to Benton Harbor, Mich., and as far west as Des Moines. Mrs. Armitage and their son returned as far as Montreal, where they are spending a day. Dr. and Mrs. Hyndman who, also, went to Michigan, called by the illness and death of Mrs. Daigneau, returned at the end of the week.

The friends of Mr. and Mrs. Albert Evans in town will sympathize with them in the loss by fire of their pretty little dwelling in Agnes, Lake Megantic, which like so many others was destroyed in the terrible forest fire, Monday. Mr. Albro, Mrs. Evans' father, also lost his house and possessions.

The tea given by Mrs. John Leonard, Monday afternoon, at Murray's Hall, in aid of the new St. Vincent de Paul Hospital, was a decided success, and a most enjoyable function. Mrs. Leonard received the guests of whom a large number were present, and was assisted in her hospitable duties by Mrs. J. H. Walsh and Mrs. Louis Olivier, who poured tea and coffee. The table looked extremely attractive with its gay decorations of scarlet geraniums and very delicate refreshments were served by the Misses McManamy, L. Griffith, Duford and Codere.

The display of the Aurora Borealis last night was one of extraordinary magnificence and much more vivid than is generally seen in this latitude. The entire sky from the horizon to the zenith in the north and west was alive with pulsing, flashing, shifting light, indescribably soft and yet brilliant, while now and then the ever-changing spears were pale rose and green. Small wonder it is that our superstitious forefathers believed that the appearance of the northern lights betokened disaster—war, plague or famine, and even the boasted knowledge of this advanced century can only affirm that the marvellous display is caused by electricity, as is proved by its marked affect upon telegraph and other electrical instruments.

There was an appreciative attendance again last night at the Roller Rink to see the Hickey Co.'s moving pictures. The new management of the Stadium have been fortunate in securing these entertainments for the entire week, as they are proving unusually attractive to the public. For to-night the leading feature is "The Country of Begouins." To readers of books and magazines this will be particularly attractive and instructive, for the pictures are said to be magnificent. Besides this there are, "New way of paying debts." This is funny. "Boy Detective," "Lover's Ill Luck." This is an exciting item; "Mystery, Magic and Mirth," full of study and laughter, and others equally as entertaining. Besides this there is a challenged five-mile race, and the price of admission is still 5c. On Saturday it is 10c. This advance is owing to the additional expense of getting the pictures, which are, "The Discovery of Quebec," or the Tercentenary. There is a universal demand for these Quebec pictures, and this city will see them ahead of many of the larger cities in Canada, for 10c.

BOARD OF TRADE.

There was a very small attendance at the meeting of the Board of Trade which was held last evening, only five being present. There was no special business brought up and only the routine business of the Board was transacted. The next meeting of the Board will be held on the last Tuesday of October.

SHERBROOKE'S NEW INDUSTRY READY FOR BUSINESS.

Mr. H. N. Turner, President of the Canadian Fairbanks Co., accompanied by Col. J. C. Clark, Treasurer of the Company, were in town yesterday to meet the architect and formally take over the property from the contractors.

The company will begin operations within a week, and everything is in readiness. The company has several large orders on hand, among them being an order for several 100-ton track scales for the Intercolonial Railway.

LOSSES IN STOKE TOWNSHIP.

A farmer from Stoke, named Dubois, who was in East Sherbrooke, yesterday, told some friends a pitiful tale of disaster and ruin. His brother, who is a farmer in Stoke, had a good farm, partly cleared by his own exertions and was just beginning to see prosperity ahead. His land was nearly paid for; he had built a good barn in which was stored his hay and other crops, and though he and his family were still living in the original log house, the lumber to build a new one had been drawn and was in readiness.

With despair in their hearts, the unfortunate people saw the dreadful flames, fanned by the high wind of Monday, coming nearer and nearer, and with absolutely no escape. In a short time everything was burnt to the ground and only a few articles of clothing were saved from the flames. When the long-prayed for rain finally came Monday, it fell upon the still burning embers of what had been a prosperous home.

THE ANGLICAN SYNOD.

MR. LANSING LEWIS SURPRISES THE MEMBERS BY OPPOSING FAMILY WORSHIP.

Ottawa, September 29.—Many of the members of the lower house of the Anglican Synod were quite shocked yesterday morning when Mr. Lansing Lewis, of Montreal, opposed family worship on the grounds that it tended to alienate the affections of children from their parents, who insisted upon making them uncomfortable on a hot day.

Mr. Lewis moved non-concurrence with the Sabbath observance resolution sent down from the upper house on account of this clause, recommending family worship in summer, but no vote was taken on this motion, as discussion of it was postponed.

THE ORIGIN OF A MISERABLE JOKE.

(From "Success Magazine.")

Confucius had just met William Penn at one of Cleopatra's five o'clock teas.

"William Penn?" he said. "William Penn? Seems to me I have heard of you, sir."

"Yes?" said Penn, with a pleased smile. "I am the man who was mightier than the sword."

"Ah, yes," said Confucius. "You are also the man who invented sleep, are you not?"

"No," said Penn, "I founded Philadelphia."

"Oh, yes," said Confucius. "I knew it was something of that kind."

STILL IN STYLE TOO.

Ethel: "Papa, I must have a new coat. I haven't had one this year."

Papa: "You are forgetting that expensive coat of tan you got at Newport."

GERMANY TO FRANCE

REGRET THAT TROUBLE SHOULD HAVE ARISEN OVER MOROCCO.

Berlin, September 29.—It is learned semi-officially that Germany has communicated to France through its ambassador at Paris its great regret that anything should have arisen that could possibly affect the existing satisfactory understanding with France as to Morocco. Germany seems determined to support its consular officers at Cazablanca in the dispute over the arrest of German deserters from the French Foreign Legion at whatever cost, and no settlement can be expected for a few days.

CONSERVATIVE CLUB AT LENNOXVILLE.

Some of the prominent Conservatives of Lennoxville held a meeting in the College House on Monday evening for the purpose of organizing a Conservative Club.

A large number were present about eight o'clock, and after the usual routine business was gone through with, the following motions were adopted: Moved by Mr. William Wood and seconded by Mr. W. W. Baker, that Mr. William Smith be chairman; also, moved by Mr. Burge and seconded by Mr. Wood that Mr. J. M. Shuter be secretary.

After these motions were carried it was decided to have a committee room in the town for the purpose of holding meetings in the interests of the Club.

This evening, (Tuesday) another meeting will be held in the College House for transacting regular business.

MR. S. BACHAND DIES AT AYER'S CLIFF.

Stricken While On An Automobile Trip.

PROMINENT CITIZEN OF COATICOOK AND A FORMER MAYOR.

Ayer's Cliff, Sept. 30.—(Special)—The sudden death of ex-Mayor S. Bachand, of Coaticook, occurred here about one o'clock, this afternoon. The cause of his sudden death was heart failure.

It appears that Mr. and Mrs. Bachand and Mr. and Mrs. Dupuis were on their way to St. Hyacinthe in an automobile.

They passed through Ayer's Cliff before noon and had rounded the head of the Lake when, it is understood, he was suddenly seized with illness, and fell from the auto.

He was taken to a nearby house in an unconscious condition.

Dr. Brown was absent from home,

MR. S. BACHAND, ex-Mayor of Coaticook, who died suddenly at Ayer's Cliff, to-day.

and a doctor and priest were summoned from Coaticook. He had passed away before their arrival.

Mr. Bachand, who is a first cousin of Mayor Bachand, of Sherbrooke, was 60 years of age.

He has served several terms as Mayor of Coaticook and also as Councillor.

Mr. Bachand was born at St. Damase, County of St. Hyacinthe, in 1847. He began business as merchant at Coaticook in 1886. He was previously in business as a general merchant at Roxton Pond. He has been a member of the Council since 1887, and was Mayor in 1897. Previous to coming to Coaticook he filled the office of Mayor of St. Prudentienne.

CHILD MORTALITY IN CHINA.

(From the London Lancet.)

Although the Chinese are a prolific race there is a high counterbalancing child mortality rate. The mortality is so great that burial in coffins (such as adults get) is unknown for infants. As one wanders through the streets one often meets a cart more or less full of bundles of various sizes, the bodies of dead children wrapped in old matting. They are taken outside the city and thrown all together into a large hole.

DEMOCRACY AND LEARNING.

(From Milling.)

No longer can our universities be maintained as the close preserves of the wealthy classes. By a process of evolution they are becoming national institutions for the sound training of all sections of the community. The mingling of classes at our ancient centres of learning must in itself be productive of good, while the mental horizon of the workingman will be immensely enlarged by contact with university culture and traditions.

THE SCOTCH CONCERT.

The concert given by the Strachan-Spence Company, under the auspices of the Burns' Club, was well attended last night, a number of loyal Scots turning out to hear the songs of their native land.

The concert was both instructive and amusing, the true interpretation of the songs being given by Mr. Spence.

WOMAN'S AUXILIARY MEETING.

The Sherbrooke branch of the Woman's Auxiliary met yesterday afternoon for the first time since the summer holidays, in St. Peter's Church Hall, with a fair attendance. Mrs. Shreve, the President, was in the chair, and the usual routine business was disposed of.

The collections for the three months amounted to $21, a most satisfactory result. The treasurer also gave notice of her pledges sent to Quebec.

The principal feature of the afternoon was the account given by Miss Twose, the local treasurer, of the proceedings of the Tri-annual Meeting of the W. A. at Ottawa, which she attended and which is still in session. The paper which described vividly, yet simply, the more notable events of the week, was heard with deep interest and has greatly strengthened the conviction of the usefulness of the W. A. to the Church.

The meeting was the largest that had ever been held and there was a real spirit of enthusiasm shown throughout, which was a most encouraging sign.

A vote of thanks was unanimously carried to Miss Twose for her interesting paper, and the meeting closed with the benediction.

The bazaar in connection with the new hospital opened under very encouraging circumstances, on Monday night. The officers in charge of the bazaar are the following: President, Mrs. Auguste Codere; Vice-Presidents, Mrs. M. T. Stenson and Mrs. T. Belanger; Secretary, Mrs. P. H. Couture; Asst. Secretaries, Mrs. E. Codere and Miss E. Codere; Treasurer, Mrs. Laine; Asst. Treasurer, Miss E. Codere. The treasurers of the various tables are: Mrs. C. A. E. Lefebvre and Mrs. T. A. Bourque. The bazaar is under the patronage of Mgr. Paul Larocque, Bishop of Sherbrooke, with Rev. J. H. Roy as director.

The hall is very beautifully decorated with flags and bunting and the different booths are prettily decorated and draped in various colors.

The first booth on your right as you enter is the cigar and tobacco booth, decorated in white and yellow and presided over by Mesdames Tetreault, De Valliere, H. Langlois, S. Caron and Bourgeault.

Next to this booth is the refreshment booth, decorated with flags and chinese lanterns. Mesdames Chagnon, Ledoux, Laine and Misses E. Lajoie, H. Cormier and A. Codere are in charge.

The fish pond is under the supervision of Mr. E. Codere, assisted by Mesdames Talbot and Delisle and the Misses Dussault, Audette and Archambault.

Next to the fish pond is the candy booth containing delicious candies of every description. This booth is in charge of Mesdames Lanctot, Couture, Masse and Miss A. Couture.

The doll booth, filled with dolls of various kinds, is under the direction of Mesdames F. Codere, J. Gagne, T. E. Reid, L. Couture and the Misses F. Couture, A. and M. Codere.

One side of the hall is taken up with supper tables at which dinners will be served during each night of the bazaar between 6.30 and 7.30. Over fifty dinners were served last night. During the dinner hour vocal and instrumental music was provided. The following are in charge of this department: Mesdames Proulx, J. Codere and L. H. Olivier. CARTER LEFT $75,000.

ONE-TIME MILLIONAIRE CUTS HIS SON OFF.

Chicago, September 30.—The will of Leslie Carter, once a millionaire, was filed for probate yesterday, disposing of an estate of $75,000. The estate is divided between a sister and a brother, thus disinheriting a son. Of the son, the will says: "I leave nothing to my son, Leslie Carter, for the reason he has left the home which I maintained for him without cause or justification. This I believe can result only to his personal injury, if not his ruin."

HOCKEY.

A JUNIOR CITY LEAGUE WILL BE FORMED.

There was a meeting of the officers of the Pirate, Montcalm and Silver Star Hockey teams held last night.

The Captains of the various teams submitted the names of their players and owing to some dissatisfaction with reference to some of the Pirate men, the Pirate club was not accepted into the league. The Silver Stars and Montcalms will remain in the league and invite any teams of about equal strength to join with them.

FOOTBALL

WATERVILLE 7; MAGOG 0.

Waterville, Sept. 30.—(Special)—The Waterville Football Club was visited by a powerful team from Magog on Saturday afternoon. The home team was in good form, but found a stumbling block in the person of Meacock, who kept goal for Magog. After 15 minutes of bombardment on the visitor's goal Wiffin opened the score with a nice oblique shot which proved too much for Meacock, who had previously saved from a penalty. The visitors broke away on the left but danger was averted by Beaumont, who was playing a good game at back. Give and take play was the order for some time. The home forwards were very nippy and proved too speedy for the visitor's half back line. Wiffin beat all opposition and scored goal No. 2. A nice combined run by the visitors caused the home custodian to use his hands. A good attempt by Sharples, beat the home goalkeeper, but Cater the right back just kicked away from under the bar. The home right wing then broke away and after a nice tricky run Newlands added the score. Half time the score stood Waterville 3-0. After the interval the visitors seemed to tire, and the home team walked round them, goals being scored by Bawatgin, Waits and Cater two.

Mr. F. L. Wood officiated as Referee, and the visitors appreciated his just and fair decisions.

FINANCIAL AND MARKET NEWS

SUPPLY OF CHEESE LARGER THAN DEMAND.

HIGH PRICES RULING FOR BUTTER MAY CAUSE INCREASED PRODUCTION, AND LOWER VALUES.

Montreal Sept. 30.

The big decrease in last week's exports of butter and cheese is claimed by local dealers to be entirely due to the interruption of navigation that was caused by the fog and smoke that has been obscuring the river.

It is said that there are 25,000 boxes of cheese piled on the wharves awaiting shipment, and now that the blockade has been broken, the outward movement will be very heavy till the accumulation of back shipments has been reduced, and some haste will be used in handling this freight during the next twenty-four hours, as vessels which sail before Thursday morning will escape the increase in insurance rates which goes into force on Oct 1.

There seem to be more sellers than buyers on the local market, and cheese is not at all easy to move. Ontario grades have been sold at 12½c, and Townships at 12¾c to 12¾c, while some Eastern cheese was brought here yesterday at 12c ex-store.

The butter market, which has just made another advance, seems to be answering nicely to the control of the manipulators who have been steadily supporting prices. The farmers appear to be satisfied with the upward movement of values, but there is also a 'short' interest, which can only cover its requirements at the price demanded by the holders of the stocks which have been piling up in the warehouses here all the summer.

MR. ARCHBOLD TELLS OF THE "STANDARD OIL CORRESPONDENCE."

New York, Oct. 1.—A new phase phase of the discussion of the so-called "Standard Oil correspondence," made public recently by William R. Hearst, was entered upon late Tuesday, when John D. Archbold, vice-president of the Standard Oil Company, made a statement to the Associated Press, setting forth details of the alleged theft of correspondence from his files. Former United States Senator John Lowndes McLaurin, of Bennettsville, South Carolina, who is staying a few days in New York, has also entered the firld with a signed statement declaring his attitude in the matter of the correspondence between himself and Mr. Archbold.

"THE NIGGER IN THE WOOD-PILE."

Thousands of people go through life feeling more or less miserable without ever knowing the reason. They suffer from headaches, indigestion, pains in the back, and at the slightest chill get rheumatism or neuralgia.

They try to cure these separate outbreaks, never suspecting that the root of the whole trouble is the failure of the bowels to move regularly, and in many cases the sluggish action of kidneys and skin. The result, of course, is that the whole system gets clogged with impurities, which soon turn to poison, and show their presence in various ways.

"Fruit-a-tives"—or fruit juice tablets—promptly stir up the sluggish liver, regulate the bowels, and stimulate the kidneys and skin to do their work properly. Thus they cure all these troubles by removing the cause, and make it possible to really enjoy life. 50c a box—6 boxes for $2.50. Trial size 25c. Fruit-a-tives Limited, Ottawa.

PANDORA RANGE

Train up a girl in the way she should bake, and when she is married she will not depart from it.

"My mother taught me how to bake, and told me why she always used a McClary Range.

"Now I have a 'Pandora', and, as with mother, my troubles are few. After fire is started, I simply bring thermometer to desired heat and leave the oven in charge of the baking. It's built for faithful service.

"While housewives with other ranges are poking fire and changing dampers, I sit and read the 'Joy of Living'."
