UN Again Condemns Reds Re-Opens Hungarian Question

UNITED NATIONS, N.Y. — (AP) — More than 35 countries sent their delegates into a special United Nations General Assembly session today to condemn once again Russia's intervention in last year's Hungarian revolution.

They hoped to back up their condemnation by having this parliamentary session of the world organization name an intermediary—a veteran Asian diplomat—who could visit Moscow and Budapest in an attempt to bring about withdrawal of Soviet troops from Hungarian soil.

But even delegates who predicted in advance that the Western-sponsored resolution would win assembly approval already concede that any action taken at this special session is not likely to improve the lot of the Hungarian people.

Asian Flu In Canada, But Mild, Localized

OTTAWA — (AP) — Asian influenza has struck in Canada, the federal and Ontario governments announced Monday, but both said it has been localized. Also, the disease's effects appeared to be mild.

Health Minister Phillips of Ontario said six of the 150 girls who fell ill while attending a world girl guide camp last month at Doe Lake, Ont., had Asian flu. Its presence had been verified by laboratory tests.

World News In Brief

LONDON. — (Reuters) — Prime Minister Macmillan and members of his cabinet today discussed the latest developments in the Syrian situation and the American arms air lift to Jordan. Today's talk followed a meeting Monday night between Macmillan and the chiefs of staff.

WINNIPEG. — (CP) — Trade Minister Gordon Churchill says Canada's surplus wheat problem cannot be cured even in a year and in the long run it may be best if farmers produce less wheat and more livestock and fodder.

MONTREAL. — (CP) — The Quebec dairy board Monday announced approval of requests from Montreal dairies for a one cent increase in the retail price of a quart of milk, effective Sept. 16.

BANFF, Alta. — (CP) — The weekly newspaper makes a vital contribution to Canada's development, William Drayner of Wetaskiwin, Alta., president of the Canadian Weekly Newspaper Association, told the opening session of the CWNA convention Monday.

COLD LAKE, Alta. — (CP) — The RCAF's first air-to-air rocket competition is under way at this air station, 165 miles northeast of Edmonton.

WOODSTOCK, Ont. — (CP) — A 55-year-old Toronto woman, her two sons and two Woodstock teenagers were killed Monday night in a head-on collision six miles east of here. The sixth person was severely injured.

TORONTO. — (CP) — Mrs. M. C. Stafford of Toronto was Monday elected president of the Canadian College of Organists—the first time since the college's inception in 1909 that a woman has held the post. The nation-wide organization has nearly 1,100 members.

PCs Hold First Caucus

OTTAWA — Progressive Conservative members of Parliament Monday put their views before the government in the party's first post-election caucus, but there was no official indication later of what they had to say.

Some informants at the closed meeting said westerners brought up the question of federal government aid for grain farmers.

Prime Minister Diefenbaker said only that general plans for the early part of the parliamentary session were discussed.

Sophia To Wed

HOLLYWOOD — (AP) — A spokesman for actress Sophia Loren said Monday she plans to marry her manager, Carlo Ponti, if he can arrange a divorce in Italy. Ponti and his wife have a legal separation in Italy.

Israel Tapper

JERUSALEM, Israel Sector — (AP) — Israel was found guilty of attempted wire tapping in Jordan territory by a ruling of the Jordan-Israel mixed armistice commission Monday.

ONE NEGRO ADMITTED, SCHOOLHOUSE BLASTED

Tension Runs High — Murray Gallenson (centre) 20, University of Minnesota student, is escorted by a state trooper and a National Guardsman to police car after being picked up outside Central High School in Little Rock, Ark., carrying a three-inch knife. (NEA Telephoto)

Faubus Sits Tight As Federal Action On Little Rock Pending

LITTLE ROCK, Ark. — (AP) — Arkansas Governor Orval Faubus, entrenched behind armed troops in his official mansion, watched the federal government's legal manoeuvring today in the bitter struggle over admitting Negro students to Little Rock area high schools.

Tension centres on three points:

1. The federal courts, where U. S. government lawyers are preparing to issue an injunction naming Faubus as one of the defendants and restraining any further interference with the order to integrate the races.
 2. North Little Rock High School — scene of the first outright racial violence Monday — where all available police were ordered to take up guard stations today.
 3. Central High School in Little Rock, is still surrounded.

More Milk Use Urged

WINNIPEG — Both the Canadian Association of Consumers and the National Dairy Council of Canada are anxious to prevent a cut in the use of dairy products which would result from disproportionate increases in price, a CAC spokesman said today.

Miss Isabel Atkinson of Ottawa, president of the consumers' organization, said in an address to the council's annual meeting that both would like to see an increased use of "safe" milk and other dairy products in families with growing children.

She said: "We continue to urge that, where there is provincial milk board control, there should be representation of consumers on such boards."

PC, Liberal Views On U.S. Almost Parallel

OTTAWA — Prime Minister Diefenbaker has clearly indicated that his government's policy towards the United States will vary little, if at all, from that of the former Liberal administration.

There is striking similarity between the speech on Canada-U.S. relations delivered by Mr. Diefenbaker at Hanover, N.H., Saturday night and one given by Lester B. Pearson, former external affairs minister, on the same subject at San Francisco July 13.

Both dealt with the same aspects of Canada-U.S. relations: trade, especially wheat, and capital investment.

Mr. Diefenbaker, also the new Progressive Conservative government's external affairs minister, said: "This concentration of trade in one channel contains inherent dangers for Canada. It makes the Canadian economy altogether too vulnerable to sudden changes in trading policy at Washington."

Mr. Pearson: "It is, in fact, the inevitability and the compulsions of this interdependent economic and geographic relationship that give rise at times in Canada to some anxiety. It gives us a feeling that we are in danger of losing control of our own decisions and our own future."

Mr. Diefenbaker: "A pressing concern in Canada is the question of the U.S. agricultural disposal program, and in particular that of wheat and wheat flour."

Mr. Pearson: "Difficulties and dangers... arise out of our growing unfavorable balance of trade across the border and out of your policies in disposing of surplus agricultural products which affect our competitive position in traditional markets."

Mr. Diefenbaker: "Military alliances and joint co-ordination for defence are not enough. There must be economic co-operation."

Mr. Pearson: "It is, I think, a simple though significant fact."

Nashville Building Wrecked By Dynamite

NASHVILLE, Tenn. — (AP) — A dynamite blast today ripped apart a grammar school which had admitted a single Negro first-grader Monday.

The explosion blew out the entire east wall of one wing and wrecked four classrooms in the Hattie Cotton School. No injuries were reported.

Six Nashville grammar schools admitted a total of 15 Negro first-graders in their first step toward court-ordered desegregation of the races. There are 3,500 pupils in the first grade.

Gomulka In Talks With Tito

BELGRADE — (Reuters) — Poland's Wladyslaw Gomulka flew into Belgrade today for talks with President Tito expected to erect signposts for the future direction of world communism.

Gomulka, who along with Tito is the only Communist leader to have challenged the Kremlin and survived politically, headed a strong delegation that included Prime Minister Joseph Cyrankiewicz, Foreign Minister Adam Rapacki and Agriculture Minister Edward Ochab.

Gomulka, jailed as a Titoist during Poland's Stalinist regime, said that since the "artificial barriers that divided us in the past have been removed, we want to co-operate in a brotherly way."

The meeting is the first for the two anti-Stalinist leaders since Gomulka was swept back to power last October, Poland, following Yugoslavia's example, has gained a measure of independence from Russia.

Gomulka expressed his deep conviction that the week's government and party talks will be useful for the development of mutual relations.

The discussions here are expected to serve as a model of what both Yugoslavia and Poland think relations between any two Communist parties should be—discussions in which both exchange their experiences without trying to impose their views on each other.

Nashville has had its golf courses desegregated by court order. In addition the Roman Catholic parochial school system has been desegregated and a few Negroes have been admitted to Vanderbilt University and smaller white colleges. The general pattern of the city retains segregation barriers.

John Kasper, northern segregation agitator who was blamed for much of the violence which greeted desegregation at Clinton, Tenn., last fall, toured Nashville schools Monday. Clinton has been quiet this year.

Pony Too Big For Mailbag

QUORN, England. — (AP) — A live pony was mailed from here to Leicester Monday.

Lacking a mail sack large enough to hold the unusual consignment, postmaster Georges Smith solved the problem by walking the pony the five miles to its destination.

Postage, in the form of stamps stuck to the animal's flank, came to six shillings.

The pony, a four-year-old piebald named Tom, was purchased from a Quorn farmer by E. J. Roden, headmaster of the Maplewell Hall School in Leicester.

Grants For Anglicans

BRANDON, Man. — (AP) — Two Manitoba parishes and one in Quebec have received assistance from a foundation set up by the Anglican Church of Canada last year.

A report presented to the Anglican Church's executive council here revealed that the Anglican Foundation of Canada has approved a \$10,000 loan to the parish of St. Mark, Winnipeg, for building a parish hall and a similar loan to the parish of Lynn Lake, Man., toward construction of a rectory.

A \$5,000 grant has been made to the archbishop of Quebec towards the building of a church at Schefferville, Que.

Canada Week

LONDON — Canadian immigration authorities have arranged a Canada Week starting next Monday. Advertisements stressing the merits of Canada will be displayed in British travel agencies during the week. Films about Canada will also be widely shown.

Ground Up Meteorite Yields Clue To The Age Of The Earth

TORONTO — (AP) — Take one meteorite, grind it fine, sift out various elements, study what's left and you may come up with the age of the earth.

That's if you're a scientist, versed in the young field of geochronology.

If you are, your answer should be about 4,500,000,000 years.

That's how long ago the scientists figure this planet was born in the awful fires of space.

A group of geochronologists, among the 1,200 delegates attending a two-week assembly here of the International Union of Geodesy and Geophysics, met Monday in symposium to discuss studies in their field, now little more than six years old.

USE DECAY RATE. They explained to reporters that certain radioactive elements were in rocks at the time of their birth. They know also how fast what products are left and in what proportion, following the decay.

By examining meteorites for these by-products of decay they are able to assess how long the meteorites have existed.

Estimated of meteor's orbits show they originate in our solar system and the scientists believe they were born at the same time as earth.

Earth's oldest rocks are found in North America, Africa and Australia, and Canada's most elderly contribution is a 3,100,000,000-year-old specimen found at Lake Manitowish in Saskatchewan. The scientists are still searching for old rocks to unlock the secrets of the globe. It's a slow job, explained Prof. G. J. Wasserburg of the California Institute of Technology in Pasadena.

200 Women Storm Van Of Suspect

CROYDON, England — (Reuters) — A crowd of 200 enraged women fought police today trying to get at Derrick Edmondson, charged with murder in the sex-slaying of four-year-old Edwina Taylor.

Shouting "let's get him out" and "turn it over," the women stormed a police van taking the 31-year-old factory worker from Croydon police court where he had been formally charged with murder.

Two women tried to wrench open the back doors of the van in which Edmondson huddled under a rug between police. The van forced its way through and the crowd dispersed.

Spectators jeered and booed when he was led out of court earlier. Edmondson, who gave himself up Monday night, was remanded in custody for seven days on the charge he killed the child on or about Aug. 31.

Excuse For Aggression

DAMASCUS, Syria (AP) — Syria charges United States warships are waging a war of nerves against this Middle East land to create an excuse for American aggression.

A Syrian army spokesman said Monday that five U. S. warships approached Syria's coast Sunday. He said two unidentified jet fighters flew over the port of Latakia.

In Washington, a U. S. navy spokesman denied that any American vessels are operating in the immediate vicinity of Syria. He said the bulk of the U. S. 6th Fleet is in the Aegean Sea between Greece and Turkey — at least 500 miles from the Syrian coast.

NONE NEAR COAST

The American official said some U. S. destroyers might have been cruising in the eastern Mediterranean in recent days but said none has been in sight of the Syrian coast.

Syria's charge was linked with

State Secretary Dulles' statement Saturday. Dulles reported on a White House conference in which President Eisenhower urged the

SYRIA IN ITS MIDDLE EAST SETTING

Syrian people to act to ease the fear of Communist-inspired attacks by Syria on its neighbors.

"No sooner was the Dulles statement on Syria announced," the Syrian spokesman said, "than provocative, irritating operations were begun with the aim of stirring Syria into taking such measures as to be used as a pretext to launch aggression against her."

Coupled with the army spokesman's accusations were charges from the Syrian foreign ministry that the United States is interfering in Syria's domestic affairs and "preparing an atmosphere for anti-Syrian aggression."

Stepped-up deliveries of U. S. arms to Syria's neighbors were described as meaningless. The ministry statement said relations between Syria and other Arab countries are based on "nationalism and solid Arab treaties which make it impossible for any Arab state to contemplate aggression against other Arab states."

Malayan Red
Malayan Shrinks

KUALA LUMPUR, Malaya. — (Reuters) — The Communist guerrilla menace in now-independent Malaya has shrunk to a shadow of the jungle terror it once was, a British army general said Monday.

Lt-Gen. Sir Roger Bower, retiring director of operations, declared that all that was left by the formidable underground force of 1950 were 1,800 Communists headed by 400 "very tough and determined" hard-core leaders.

Council Plans Airport Purchase By-Law

Place Cost Of Land At \$125,000

The first concrete step towards an airport in Sherbrooke was taken last night by City Council when Alderman Paul Gervais, chairman of the Industrial Relations and Transportation committee, gave notice of a loan by-law which would authorize the borrowing of \$135,000 to buy land on which the airport would be constructed.

The full by-law will be presented at the next council meeting and covers the maximum cost of the purchase of some 20 farms plus financing. The City holds options on most of the farms which must be vacated to make way for the airport.

The decision to present the by-law was taken after Mayor Armand Nadeau read a telegram from J. R. Baldwin, deputy minister of Transport, in which a definite commitment from the Progressive Conservative Government was outlined. Text of the telegram follows:

"Transport Minister George Hees has authorized me to let you know that arrangements previously indicated regarding provision for an airport for Sherbrooke remain fully acceptable to him and that providing the City carries out its part of the arrangements, he is prepared to recommend to the Treasury Board inclusion of necessary funds in next year's estimates for the initiation of airport construction."

Last week Mr. Baldwin told the Record that his department would have to wait until the city took some concrete action towards the purchase of land for such an airport. Another Capital Hill official stated that the new government would probably accept an honorable commitment made by the previous administration, a fact which was borne out upon receipt of Mr. Baldwin's telegram yesterday.

If City Council formally adopts the \$135,000 loan by-law for the purchase of the necessary land, the project will then be submitted to the ratepayers at a public meeting, following the same procedure taken for the adoption of the Montcalm bridge reconstruction last week. If 50 proprietors sign a request for a referendum the airport project will be submitted to a property holders vote.

Speaking in favor of the project at a committee of the whole meeting, Mayor Nadeau said the City would be foolish to turn down the proposition for a mere \$135,000. He said the federal government was prepared to build two runways each of 6,000 feet in length plus other considerations which would amount to an expenditure of over \$4,000,000. In order to have the airport Mayor Nadeau explained that the City must purchase the land the Government would do the rest.

Alderman Pinard, however, did not quite agree with the Mayor. He said that if the Government was willing to spend \$4,000,000 on an airport why would they not buy the land as well. Several aldermen then undertook to explain that the Government does not buy land on which airports are constructed. They stated:

Council Insists Ottawa Provide Parking Space

City Council stuck by its guns last night and refused to change an order given the Federal Government to build a parking lot adjoining the Unemployment Insurance Commission building on Olivier St. The Deputy Minister of Public Works requested that council change their decision concerning the parking lot but the aldermen refused.

Dec. 3, 1956 Council notified the Minister of Public Works and Maurice Giguere, local M.P., that the parking lot must be installed. One of the provisions of a building permit issued at the time of construction was that a parking lot be built near the structure.

Other business transacted by Council at their regular weekly session was:

Refusal to change the name of the Public Market to Grand Forks Market. Council felt the name had been used for many years and should remain.

Turned down a request from Public Enterprises and Works to meet the council concerning a garbage collection proposal. The firm met several times with council members and Council last night decided that there were no provisions in the budget to meet the cost of their project. They also felt that the system had just been reorganized and should be operated in the same way, at least for the time being.

Learned that the St. Sacrement hospital on McManamy Blvd had been ordered closed by the Provincial Government.

Received a letter from Evender, Veilleux Q.C., acting for Adrien Belisle and stating that his client does not accept a \$5,000 offer made by the city for the cancellation of Belisle's contract to bury garbage. Belisle is asking \$29,000.

Received an offer from St. Maurice Gas Inc. for the purchase of the city gas works.

Approved a suggestion by director of Services, Charles Langlois, which would change the location of the sanitary landfill by a few feet. Council also approved other suggestions on garbage disposal which would mean the present site could be used for another 16 years.

Changed their minds about a \$25,000 offer for a property on Galt St. which would be acquired to widen the street. The city last week offered the sum to Mrs. Alfred Lajoie but then changed their minds last night after it was found several tenants had three year leases which would considerably increase the cost of the building. It was decided to wait.

MONTREAL (P) — Nine warrants were sworn out in criminal court Monday for the arrest of police chief Charles St. Amour and detective Arthur Jobin of Montreal North, and seven other persons, on gambling charges.

Resident Judge Is Suggested For Sweetsburg

SWEETSBURG — A suggestion that the members of the Bedford District Bar continue their efforts to have a resident Superior Court judge appointed for the district was advanced by Mr. Justice Louis Philippe Cléche at the opening of the fall session of the Superior Court yesterday.

The suggestion was made by Judge Cléche in his reply to the address by the Batonnier, Bernard Legare, of Granby, who praised the work accomplished by Judge Cléche and also by Judge Patrick Delaney, of the Magistrate's Court.

Mr. Legare stated that despite the fact Judge Cléche had to travel from Sherbrooke, the delay in hearing cases had been cut from eight months to two, and even less if circumstances warranted.

Judge Cléche pointed out that with over 89,000 population, the District of Bedford was now one of the most important judicial districts in the province.

Other addresses were given by Judge Delaney and Judge Maurice Fortin of Valleyfield.

Reds Veto
UNITED NATIONS, N.Y. — (P) — The Soviet Union Monday vetoed bids from South Korea and South Viet Nam for United Nations membership. The votes were Russia's 81st and 82nd vetoes.

New Parking Lot Project Is Approved

Sherbrooke's acute parking problem will be partially solved with the expenditure of \$38,000 to prepare three separate parking areas in the vicinity of the CNR station. City Council voted to spend this money last night after studying a report on the project submitted by Director of Services Charles Langlois.

Council also decided to wait until a later date to deal with a second storey on the Meadow street lot and the purchase of land to construct a lot on Wellington street south.

The parking lot project adopted by the Council last evening was first submitted by the local Chamber of Commerce who conducted negotiations with the CNR. City Treasurer Pierre Bachand said that \$25,000, collected since the installation of parking meters in Sherbrooke, was available for the project and it was suggested that the remaining \$13,000 be paid from the budget and future earnings of parking meters.

When the meters were first installed in Sherbrooke two years ago, half the receipts were turned over to the company which sold the meters to the city and half was kept by the city. Mr. Bachand announced last night that all the parking meters had been paid for and thus future earnings of these same meters would double the city's revenue.

The project adopted last night concerns three separate areas, all within the vicinity of the CNR station. The first area is located between the tourist office and the Veteran's Taxi stand and by changing the street line to facilitate traffic at the corner of Depot and King sts, space could be provided to park 25 cars. Cost of this would be \$4,000.

The second area lies along Depot street, south of the CNR station for a distance of 520 where 50 cars may be parked at a cost of \$9,000.

The third and largest area is located between the CNR tracks and a series of warehouses which face onto Grand Forks street. On this location there would be space to park 70 cars at a cost of \$25,000, which would include a ramp communicating with Grand Forks street. On this surface cars would enter the lot from King street, between the tracks and a service station and would leave the lot over the ramp onto Grand Forks street.

A total of 145 spaces would be provided by combing these three areas at a cost of \$38,000 or \$260 a space, which according to Mr. Langlois is an economic proposition.

In addition the Chamber of Commerce is at present negotiating with the CNR to shift a spur line located in the same area which would provide additional space for 65 cars at a cost of \$32,000 but Council last night decided not to continue with this latter project.

Further Complications Appear In Machinery Tax Discussions

The already complicated situation existing between the Roman Catholic School Commission and the City over taxation of immovable machinery for school purposes is further complicated.

The Council last night studied a resolution adopted by the School Commission in August and agreed to meet with members of the School Board Thursday afternoon at 5 p.m.

The resolution adopted by the School Commission authorizes the secretary-treasurer to bill each industry for immovable machinery taxes for the years 1955, 1956, 1957. It also authorized a letter to the Mayor of Sherbrooke, notifying him of the steps taken by the commission and to have the city collect these taxes.

The Supreme Court of Canada, in a judgment this year, stated that immovable machinery should have been entered on the valuation roll in 1954. Since the roll was contested by the School Commission and taken to court no new roll was prepared. Instead,

the Council adopted the 1953 roll each year the case was not settled.

In Sherbrooke, machinery is taxed for school purposes only and the Commission is seeking to collect back taxes on machinery.

In an effort to reach a solution which would be acceptable to everyone concerned, the Council named a committee to meet with the Commission in July. So far a few meetings have been held but

no official announcement was ever made concerning any discussions which might have been held.

In discussion which followed reading of the resolution both Mayor Nadeau and Alderman Fortin agreed that the legal status of the situation is far from clear.

"The local School Commission is the only one in the province which has the right to contest a valuation roll," stated Ald. Fortin and he suggested that something be done to correct this situation.

The Council agreed that the city at present must collect the money for the School Commission and it was suggested that some arrangements be made to have the Commission do their own collecting. As the situation now stands the city must take the steps to collect the taxes and if an industry refuses to pay, the city must take action through the courts, which seems to be the trend which will develop after the last step taken by the commission in billing the industries. Council felt that there would certainly be some of these industries which would refuse to pay the back taxes.

Board Plans Hearing On Bus Service

The City received formal notice from the Quebec Transportation Board that Laramee Service Inc. had been notified to revert to the schedules which were in effect previous to July 7.

A letter received from the Board dated Aug. 23 stated that solicitors for the company were advised to have their client revert to his regular schedules. The letter also stated that on a request by the company a public hearing will be held here to study the matter.

In a letter from the company solicitors to the Board of Transport dated Aug. 28 it was stated that Laramee Service Incorp. had introduced a schedule which provided for religious services on Sunday. The schedule was worked out with the different pastors of Sherbrooke churches but that the number of passengers carried had not made the move too successful. The solicitors state however, that the company will continue the service for a few weeks until something better can be worked out.

Plain Speaking At Last

Prime Minister Diefenbaker has done a great service for the betterment of Canadian-American relations by indulging in a little plain speaking on the issues that have arisen between the two countries. For far too long now, after-dinner speakers and politicians have been lulling the public to sleep with back-scratching and self-congratulatory orations on the "3,000 miles of undefended border" between us and the United States.

Of course the fact that our border is undefended is a matter for congratulation. But nevertheless differences of opinion and policies of one country that damage the interests of the other do arise. To ignore these issues, or rather to confine our complaints within the limits of our own country, will do no good. In fact, the grievance will only grow worse.

Mr. Diefenbaker has taken the

occasion of his first visit to the United States as Prime Minister to lay bluntly before the American people the issues that Canadians feel are detrimental to good feeling between the two nations. He could not have chosen a better platform, for his audience was composed of leading figures in government and education and business of the United States, Canada and Great Britain, including the chief assistant to President Eisenhower, Sherman Adams.

As the New York Times commented, the United States should be thankful that Mr. Diefenbaker spoke frankly on the economic grievances between us—which have already been thoroughly discussed in Canada. It also suggested that the United States should consider seriously Mr. Diefenbaker's words and take the action needed to improve the situation.

The By-election Issues

Electorates of two Eastern Townships provincial ridings — Compton and Megantic — will be called upon next week to select representatives to the Legislative Assembly to fill out the terms of men chosen last year but who have died before completing their terms of office.

In both cases they must make their choice between representatives of the governing Union Nationale party and of the official Opposition Liberals, third party candidates being absent from either race.

Leaving aside such mundane issues as the material benefits which may accrue to the respective counties by being represented on the right or the left of the Speaker, the electors should base their decision on the record of accomplishments and failures of the present administration and upon the strength and weakness of the two parties.

The University Crisis — 3

In solving the difficulties facing the Canadian university system today, universities need the whole-hearted support of every Canadian, as well as of governments and industry. To obtain it, they must make themselves heard, and state clearly and plainly what it is they are trying to do, and what help they need.

It must be admitted that universities generally have been backward in the public relations field, aside from the programs that are carried out when they start a campaign for funds, or various bits of information issued for the benefit of prospective students.

Generally speaking, the public knows very little, if anything, of the internal administration or development of universities. They are not well-informed on the specific problems in any particular university. In the past, universities have shown themselves reticent to discuss such matters, and certainly, they do not maintain any program which would allow ordinary citizens an insight into the complex of university operations.

D. W. Ambridge, president of Abitibi Power and Paper Company Limited, told the National Conference on Engineering, Scientific and Technical manpower recently: "A crying need, especially in this country, is

for some organization which can regularly bring industry and the universities together to talk about the future. . . I seldom hear of any university, or what is going on in it, until they start a campaign for funds."

Msgr. H. J. Somers, president of St. Francis Xavier University, confirmed this feeling in an address to the National Conference of Canadian Universities. He said: "The public did not know the work of the universities, unless they happened to be members of our governing bodies. Let us admit that our public relations, generally speaking, were deplorable with our own alumni, not to speak of industry or the public."

As things are today, practically the only contact a parent of a student has with the university is in paying the bills and visiting the campus on graduation day. The universities should consider the possibility of using the "open house" device so successful in industry, more often.

If those who seek support will put forth the necessary effort at explanation and understanding to those who are asked for support, a big step will have been taken towards that "togetherness" without which our higher education problem can never be solved.

Priest Lost In Arctic

Mystery Of Missing Missionary

CHURCHILL, Man. (C) — A well-known Arctic missionary pulled on his parka and set out almost a year ago in a mounting snowstorm to check fish nets 15 miles from his station.

Father Joseph Bulliard, 41, was never seen again after leaving his mission of Gary Lake, 500 miles northwest of here and 50 miles south of the Arctic Circle. Months later, Eskimos brought word to civilization that he was believed to have been drowned in a fall through lake ice.

The current issue of "Eskimos," a quarterly publication of the Oblate Fathers of the Hudson Bay vicariate here, provides new details of Father Bulliard's last expedition, but adds to the mystery of his fate.

His successor, Father Robert Paradis, is continuing an investigation into Father Bulliard's disappearance.

Father Bulliard's mission at Gary Lake, N. W. T., was established two years ago. A missionary in the Arctic since 1939, he had no illusions about the new post.

He told a fellow-missionary: "Life is hard at Gary Lake. In five years I will be done for. A fool's land in which only fools remain. Sooner or later I'll finish by going through the ice; the rivers up there are so tricky in so many spots."

All through the summer of 1956 there was no word from the lonely mission. A supply plane was scheduled to meet him there, and a temporary air strip was set up for a few weeks.

Only one letter—dated Sept. 16—reached the Oblate mission headquarters at Churchill. A postscript said: "No caribou at all around here, no more fish and the hungry ones are eating my stock; all we can do is kill the dogs and wait cosily for what will come."

A hurried message dated Sept. 20 said: "No plane yet, but the caribou have come and the Eskimos are making themselves caches."

The plane never did arrive. It was forced down 500 miles short of the rendezvous. No more word was heard from Father Bulliard until news of his disappearance reached the mission here through Eskimos who attended church services at Christmas.

Three months went by before an RCMP plane could get into Gary Lake. It stayed 20 minutes and only one Eskimo was questioned. He was Adjuk, who built an igloo near the mission in the fall.

"Eskimo" gives this report of the questioning of Adjuk, written by Father Papion: "On Oct. 24, after mass and tea, Father prepared his sled to go and visit his nets about 12 or 15 miles away. Adjuk, who was standing by, suggested he wait a while to visit the nets because the little 'snow flurry' looked as if it might become a real blizzard."

"Father did not answer, but set out. During the day there was much blowing snow. The priest was not back at night. The Eskimo looked for tracks but the snow was thick and he had no dogs."

The account says there was a howling blizzard the next day. On the fourth day, with good weather, the Eskimo went on foot to the spot where the priest's nets were set. "He noticed that the Father had not got that far because the ice was not chopped through. He must have got lost sooner."

On Nov. 14 all Father Bulliard's dogs, except one, came

back to the mission, "thin like toothpicks and without harness"

Father Paradis hopes to find answers to the questions of how Father Bulliard was lost. Father Bulliard had had at

least three escapes from death since he came to Canada from his native France in 1939. On one occasion he fell through the ice of Hudson Bay, his hands were frozen and he was nearly drowned. The plane flying him out for treatment

WEST SHUTS OUT DUMMY'S LEAD

Sidney Lazard of New Orleans and Dr. John Fisher of Dallas won both the Men's Pairs and the Open Pairs at the Texas Regionals. Today's hand shows Sidney on defense.

He decided to open a trump. It seemed most unlikely from the bidding that this lead could cost him a trick and any other opening had elements of danger.

East won with the ace and promptly returned the deuce of hearts. South played the king. Sidney won with the ace and returned the jack.

Naturally, South won that trick with the queen. His next play was to lay down the king of clubs. Then the six of diamonds was placed on the table and it was up to Sidney to come through with the winning play.

An unthinking player might

well have ducked that diamond lead but not Sidney. He took a little time to count the hand. John's deuce of hearts lead had shown four so that declarer was marked with three cards in that suit. It seemed most likely that he held at least seven spades so that left only three cards for the minor suits. The club king had already shown up so he could not hold more than two diamonds.

If he held exactly two diamonds and the other one was the king it was necessary to play the ace to block him out of dummy. Sidney did play the ace and eventually declarer had to lose his six of hearts and go down one trick.

I asked Sidney what he would have done if South had played the king instead of a low diamond. He replied that he had made up his mind to play declarer for seven spades, three hearts, two diamonds and a club and therefore would have let the king of diamonds hold and shut declarer out of dummy that way.

Council leader, Alderman Carrier Fortin said he hoped the public would be properly informed about all details surrounding the project so that they would not get the wrong impression. He stated that in the past some people have been saying that it would cost the city over \$400,000 alone for the purchase of land and that according to figures presented before council last night the maximum cost of this particular stage of the project would be \$135,000.

"Of course the project may cost a lot less," he concluded.

First steps for an airport here were taken nearly two years ago when officials of Trans Canada Airlines met with local citizens at City Hall. TCA undertook to make a survey to determine the feasibility of such an airport, the results of which were known a few months later. The conclusion reached by TCA experts was favorable.

Through the efforts of Maurice Gingués, Sherbrooke MP and ex-Alderman Leo Cadorette, steps were taken to meet with officials of the Transport department. A commitment was received from the Liberal Government and a site for the airport chosen. Then came the Federal election this summer and the subject was not taken up with Ottawa until very recently.

Reports were given on the various summer projects, most important of these being the summer camp during the last two weeks of August.

The speaker for the evening was Ted Wilkie, of St. Johnsbury Vt., who spoke on Lions international and what it means. Mr. Wilkie outlined the important function of the International Association of Lions International, he stated, was instrumental in assisting the United Nations group to form and have operated an office in the United Nations Building in New York for 11 years.

The 574,000 members of Lions Clubs in 84 different countries of the world were a powerful influence towards the preserving of world peace and understanding amongst nations.

The guest speaker was introduced by President Rice and thanked by Zone Chairman Dr. G. Saine. President Rice brought to the members attention the 'White Cane Week' would be held from Oct. 14 to 19 and that the Radio-Tone date was Oct. 12, next Monday's meeting will be Past Presidents Night and President Rice urged a large turn out for this event.

Head table guests included President Rice, Past President F. Patafie, Secretary Ted Anderson, Treasurer A. Choquette and Mr. Wilkie.

GLEN SUTTON

Mrs. Keith Smith has returned to Concord, Mass., where she has employment after spending the summer with her parents, Mr. and Mrs. Rex Davis.

Misses Gwen Davis and Ruth Flueler have gone to Montreal where they have employment.

OBITUARIES

MRS. ARTHUR H. CROSS

The many friends of Mrs. Arthur H. Cross were shocked to hear of her sudden death, which occurred at her summer home at Little Lake, on Friday, August 30th, 1957.

Mrs. Cross, the former Myrtle Hallett was born at Waterville, on May 8th, 1891, daughter of Mr. and Mrs. Charles H. Hallett. Nearly all her life was spent in Sherbrooke.

On June 30th, 1917 she was united in marriage to Arthur H. Cross, who survives her. Their family consists of two daughters, Katherine, Mrs. D. C. Maxwell, of Winnipeg, Man., and Audrie, Mrs. P. H. LaBelle, London, Ont.; Gregory and Geoffrey La Belle and David, Carroll and Ellen Maxwell, grandchildren. She also leaves a sister, Mrs. Richard Dix of Sherbrooke.

A brother, Mr. Gerald Hallett, predeceased her a few years ago, and her sister, Mrs. George S. Lothrop of Sherbrooke, passed away on March 20th of this year.

Other survivors are: her two sons-in-law, D. C. Maxwell, and Major P. H. LaBelle; two sisters-in-law, Mrs. Winnifred Rowell, of Montreal and Mrs. Frank Skinner of Saskatoon, Sask.; three brothers-in-law, George Lothrop and Richard Dix of Sherbrooke, and Dr. C. Ernest Cross of Montreal. There are also 10 nieces, seven nephews and several cousins.

Mrs. Cross was a faithful member of Plymouth United Church and an active officer in the Plymouth Woman's Missionary Society. She was a member of the V.O.N. and filled an important position in the annual Thrift Shop. She was a former president of the Ladies' Committee of the Sherbrooke Library Association.

The funeral was held at Johnston's Funeral Chapel on Monday, September 2nd. Her pastor, Rev. R. C. Tait officiated. The attendance was large and the floral tributes were many and beautiful.

Bearers were John P. MacLeod, Bert Noble, Newton Munkittrick, A. J. Ross, Stan Gallinger and Alex Bayne.

Interment was in Maple Grove Cemetery, Melbourne, Que.

BENJAMIN ROLFE, OF ASCOT CORNER

ASCOT CORNER. — Benjamin Rolfe passed away suddenly on August 28th. His death was almost instantaneous, caused by a heart attack while he was helping his son, Elwin, excavate a cellar.

Although not in rugged health the past two years, Mr. Rolfe was able to enjoy his daily life, chatting with friends, caring for his garden, and lending a helping hand in various ways. For several years, Mr. Rolfe was employed at the farm of Mr. Nick Dean at Lennoxville and many of the dancers there will recall his courteous services.

The funeral was held on Saturday afternoon, August 31st, at Johnston's Funeral Chapel in Sherbrooke, and was largely attended by relatives, friends and neighbours, both French and English.

Rev. Ronald Reeve of the Anglican Church of the Advent conducted the Service, and a favorite hymn, "The Old Rugged Cross" was sung by Fred Fox of Lennoxville. Bearers were his four sons, Lawrence, Elwin, Donald and Charles, Maurice Rolfe, a nephew, and Raymond Rodrigue, son-in-law.

Many flowers were evidence of the respect in which Mr. Rolfe was held and a beautiful floral offering showed the love of his only living sister, Prudence, Mrs. Ezra Leavitt of Riverside, Cal., who was unable to be present.

Interment took place at the family lot in Ascot's English Cemetery. Left to mourn his passing are his widow, the former Florida Pageau; four sons, Lawrence of Montreal, Elwin of Sherbrooke, and Charles of Cookshire; two daughters, Irene, Mrs. Legare, of Hamilton, Ont.; and Lucille, Mrs. Raymond Rodrigue, of Ascot. All of his immediate family attended the services, also four daughters-in-law and a son-in-law, Mr. Rolfe had 22 grandchildren.

\$2,000 Taken In Looting Of Magog Store

MAGOG — A safe containing more than \$2,000 in cash and negotiable bonds was stolen Sunday night from Stafford's Wholesale Store, Magog, police reported.

The theft was discovered after midnight when Sgt. Gerard Belanger and Sgt. E. Goyette of the Magog Police investigated an open door at the store. Inside they found an office ransacked and what appeared to be marks of a heavy object having been moved.

Shortly before dawn Monday two Provincial Police officers, Det. Guy Dupont and Sgt. E. Morin, called Magog police to report a smashed 200-pound safe had been found in the backyard of White House Pavilion, a restaurant on Route 1, five miles from Magog.

The safe was later identified as the property of Stafford's Wholesale Store.

TOMIFOBIA

Mr. and Mrs. Arthur Gosselin and daughter, of Coaticook were weekend guests of Mr. and Mrs. R. A. Hatch. Other guests at the same home were Mr. and Mrs. Douglas Putney, Mr. and Mrs. George Hatch and daughter Elizabeth, all of Rock Island.

Miss Gladys Hatch spent the weekend in Montreal with her sister Mrs. Phil Probert and family.

Mrs. Edith Stolliker of Fitch Bay, is staying indefinitely with Mrs. G. M. Buckland.

Mr. and Mrs. J. Stuart of Beebe were guests of their daughter and family, Mr. and Mrs. Wilder Hatch and family, Labor Day.

Cards Of Thanks

HARLING — I would like very much to thank everyone who was so kind to me during my stay in the Sherbrooke Hospital, and since my return home, Mr. G. Boynton, Doctors Ellis, Taylor and Quintin, the nurses and aides on the third floor for their excellent care. The Anglican clergy from Bury, the United Church Clergy from Sherbrooke for their visits and prayers. To the many relatives and friends both near and far, for lovely flowers, cards, letters, the Ladies Aid of Bishopton for the lovely pant, not forgetting the kindness shown to me by my entire family. To each and everyone I say a grateful "Thank You."

MRS. PARKER HARLING, Bishopton, Que.

HODGMAN — Will my relatives, friends and neighbours and fellow employees, who made my stay in the Notre Dame Hospital, Montreal, following surgery, with cards, letters, flowers and gifts of money, accept my most sincere thanks. Your kindness and thoughtfulness will always be remembered.

CLAYTON E. HODGMAN, Sherbrooke, Que.

In Memoriam

MOORCROFT — In memory of my mother, Mrs. Floss Moorcroft, who passed away September 10th, 1946.

ANDREA.

HOPPS — In loving memory of a dear uncle, passed away September, 1955.

Deep in my heart you will always stay. Loved and remembered every day. Always remembered by.

MARIAN.

FAULKNER — In loving memory of a wonderful mother and grandmother who passed away September 10th, 1955.

Memory drifts to two years past. Time rolls on but memories last. Like falling leaves the years slip by. But memories of you will never die. Sadly missed and always remembered by.

HORACE and BLANCHIE, (Son and daughter-in-law), BERYL, (granddaughter).

Israel Worst Threat-Jordan

AMMAN, Jordan (AP) — Jordanian Foreign Minister Samir Rifai said today Israel poses a far greater threat to Jordan than does Syria. He criticized what he called the use of the Middle East as a "battleground for cold war" by the big powers.

However, Rifai said, Jordan has been waging war against communism and "will continue to do so regardless of the direction from which it comes."

Births

BANFILL — Carl and Adelaide, (nee Walker) are happy to announce the arrival of their daughter Della May, 8 lbs. 7 1/2 oz. at the Sherbrooke Hospital, on September 6th, 1957. Both well.

HARTWELL — Ernest and Connie (nee McHarg), of North Hatley, Que., are happy to announce the arrival of Brenda's baby sister, at the Sherbrooke Hospital, on September 6th, 1957.

WARD — To Dr. and Mrs. Hal Ward, (nee Betty Readshaw, R.N.) a son, 7 lbs. 8 oz. born September 8th, 1957 at Souris, Man. Mother and son both well.

Deaths

ROBERGE — At the Hotel Dieu Hospital on Sunday, September 8th, 1957, Philippe Roberge, beloved son of Joseph Roberge and the late Marie-Rose Blais, in his 37th year. HOARD COAL
• Yes, it's a good idea to hoard coal! You can avoid delivery difficulties during the winter when the demand exceeds the amount of coal being mined. Remember too, coal is the only fuel you can store for a full year ahead and guard against possible shortages. Be sure your bin is filled with Old Company's Lehigh premium anthracite... the hard coal that lasts longer! It's identified for your protection by the red bull's-eye discs.

MISS SHIRLEY TAYLOR, a member of the Sherbrooke Figure Skating Club, attended the summer Skating School in Cobourg, Ont., where she passed her second and third figure tests and six of her dances.

Social and Personal

Mr. and Mrs. Robert Rintoul, of North Hatley, accompanied their son, Master Stephen Lindop to Montreal, where he returned to the Mackay School to continue his studies.

Mr. and Mrs. Percy Dunbar, Durham St., have returned home after spending ten days in Old Orchard, Me., and Rutland, Vt., where they visited Mrs. Dunbar's brother-in-law, Mr. Charles Ross.

Mr. and Mrs. W. S. Mitchell, of Lennoxville, were in Montreal during the week-end to attend the wedding of their son, William George Mitchell to Miss Frances Fritz, which took place on Saturday, in the Town of Mount Royal. During their stay, Mr. and Mrs. Mitchell were guests at the Laurier Hotel.

Mr. and Mrs. Norrey Hunting, of Lennoxville, were week-end guests of their son-in-law and daughter, Mr. and Mrs. Donald Renwick, Montreal West. They also attended the Mitchell-Fritz wedding which took place in the Town of Mount Royal on Saturday afternoon.

Mr. and Mrs. B. Grimes, Arras St., have returned home after spending the week-end with Mrs. Grimes' brother and sister-in-law, Mr. and Mrs. Roy Coombs, in Lachine. While there, they also attended the Mitchell-Fritz wedding which took place on Saturday in the Town of Mount Royal.

Mrs. Denis Beausejour and little son, Denis, Jr., of Moncton, N.B., are guests of Mrs. Beausejour's parents, Mr. and Mrs. Francis P. Kenalty, Vimy St.

Mrs. W. M. McHarg entertained recently at her home on Lorne Ave., Lennoxville, at a miscellaneous shower in honor of Miss Shirley White, a bride-to-be of the month.

Miss White was received by Mrs. McHarg and on entering the living room, adorned with pink and green streamers, white bells and a profusion of gladioli, asters and phlox, was surprised to find a number of her friends gathered in her honor. Mrs. Malcolm Roark then presented her with a corsage and escorted her to a decorated chair.

During the evening, the bride-elect was presented with a well-laden basket of gifts by the Misses Hazel and Brenda McHarg. She was assisted in opening these by her mother, Mrs. Norman White and Mrs. Clifford Marshall. Miss White expressed her thanks to her friends for the gifts and the lovely party.

Following a social time, refreshments were served by the hostess, assisted by several ladies present. Pink and green streamers fell from a white bell suspended over the lace covered table centered with a bride's cake decorated in pink, at which Mrs. R. E. Ladd, mother of the groom presided.

Miss Kathleen Kenalty, of Montreal, spent the week-end at the home of Mr. and Mrs. Victor Brownlow, Fairmount ave.

Mr. and Mrs. Fred McCormick, of Montpelier, Vt., spent the weekend with their sisters, the Misses Dorothy and Evelyn Stevenson, Heneker St.

Furnish Family Room At Low Cost

By KAY SHEPWOOD
NEA Staff Writer

With larger families and more home-centered activity, the two-parlor system is winning the homemaker's vote. A comfortably casual room intended for informal family living supplements a more dressed-up and sedate living room in many homes. Built on additions, basements, porches, attached garages—all have been drafted to fill the demand.

Although the trend in living-room furnishings is toward the more formal and elegant, furnishings for a family room reflect the easy-going spirit. Here the emphasis is on a cheerful, attractive place—simple to take care of and as damage-proof as possible.

METAL AND PLASTIC combine in their bid for the job. New informal furniture of the two materials boasts strong construction; smooth, mar-resistant surfaces; softer styling.

There's none of the chilly, efficient look that used to mark metal furniture. Soft bronze and brighter brass finishes lend warmth to tubular steel frames.

Plastic tops adopt warm, wood-grained finishes. Plastic upholstery fabrics take color cues from other home furnishings, with soft shades of beige, pumpkin, blue and green as well as the still-popular charcoal and white.

Included in the variety of dinette sets are those with 42-inch round extension tops which make

Attractive low-cost furniture and accessories furnish this family room. Plastic fabrics, plastic table tops and bronze-finished tubular steel frames are sturdy and easy to care for. Spice colors in plaid net curtain highlight beige and bronze color scheme.

them doubly useful in a family room for dining and games or hobbies.

PRICES VARY, of course, but some well-designed well-made and widely distributed collections are truly budget-priced. An outstanding example is a new collection of metal-framed furniture that owes its low price tags mainly to mass production techniques.

One family room I saw was furnished with sectional sofa, armchair, step tables, round dining table and four modernized captain's chairs for under \$200.

Upholstered pieces in this room are covered in a gold-flecked beige plastic and the metal frames are finished in bronze. Also part of this collection are conventional sofas, side chairs,

occasional tables of various sizes and rectangular dinette tables with chairs with open or upholstered backs.

Furniture alone doesn't make a room. Modestly priced fabrics in wide widths and crisp patterns keep the cost of curtains down. There's also a better-than-usual selection of attractive inexpensive lamps this fall.

Homemaking

Wider a narrow living room through illusion. Decorators do this by combining a darker tile in a directional pattern with a pastel tile floor. The darker tile gives the illusion of greater width. Light-hued rubber tile is now practical since it is easy to keep clean.

As outdoor playtime loses to shortening days, it is time to consider storing things. The person who scrapes and washes his barbecue pit or grills now will have less work to do next summer.

MANNERS MAKE FRIENDS

Teen-Agers who telephone other teen-agers after nine in the evening are not being very thoughtful. In many families some member, either a younger child or an older person, retires early. And telephone calls can be disturbing.

There is seldom any excuse for teen-agers to make late-hour phone calls.

Fashion

Teen-agers who collect shirts will like the new lantern sleeves and mosaic prints for fall. These take best to very simple, straight skirts.

Wear your favorite color from head to toe this fall. But not all one shade, please. The shades can vary in a tone-on-tone effect.

Engagements

Mr. and Mrs. Marcellous A. Lane, of Compton, announce the engagement of their daughter, Reta Gertrude, to Mr. Alton Howard Burton, son of Mr. and Mrs. William A. Burton, of Compton. The marriage has been arranged to take place on Saturday, October 12, at two-thirty o'clock in the Compton United Church.

ST. PAUL'S LADIES' GUILD

The opening fall meeting of the St. Paul's Ladies' Guild was held in the church hall and was opened by prayer, by Rev. Robert S. Jervis-Read.

Owing to the illness of the president, Mrs. H. Lord, the meeting was chaired by the vice-president, Mrs. G. Carleton.

Following routine business, discussions were held on future activities for the fall season, the first being plans for a rummage sale on Tuesday, September 17 at 2 p.m., at the church hall followed by the regular meeting.

Other events planned were a food sale in September and one in October, the dates to be announced later and an afternoon card party on Tuesday, October 22.

Afternoon tea was served by the members with Mrs. G. Carleton pouring tea and a social hour enjoyed.

The next meeting will be held on Tuesday, September 17, at 2 p.m., in the church hall.

Attractive Grandmother At Home On Parade Grounds

CAMP WAINWRIGHT, ALTA. BUSHY CAMP

—A slight, attractive Vancouver grandmother showed here she is just at home on the parade ground as keeping house for her family.

Sgt. Lily Brown, who has an infant grand-daughter, was with 200 members of the Canadian Women's Army Corps from Western Canada who trained for two weeks at Camp Wainwright. Lily, who looks nearer 30 than 40, and who served with the Red Cross in her native England, moved to Vancouver in 1947. She has three sons and a married daughter.

The trim blonde was active in all phases of camp life, whether it was showing a class the correct application of a splint or running a track and field program.

CHANEL INFLUENCE — The studied casualness of Chanel influences dress styling for next season. There are the differences between 1957 and 1956: Stand-away necklines; broader look through the shoulders; looser fit through the middle; controlled ease for skirts; wider, deeper sleeves.

Basic to this elegantly casual silhouette is the all-out revival of silk and rayon crepes. Because these fabrics are comparatively basic as well as supple, designers are relying more than ever before on dressmaker techniques of darting, construction and manipulation. Applied trimmings give way to manipulated effects such as bows worked into a drape. In addition to relaxed lines in supple fabrics widespread use of color is another dominant trend.

The Oriental influence is another aspect of fall's elegant character and lends itself to the relaxed silhouette, notes Women's Wear Daily. It is also handled with subtlety, particularly for evening wear through luxurious fabrics, radiant colors, embroideries. The Oriental influence will also be reflected for day and cocktail wear in kimono sleeves, obi-inspired waistlines and belts and slit overskirts.

The two-piece look, whether

Fashion Forecast For Fall, Winter

The silhouette course as charted for fall-winter 1957 takes two divergent channels. The newest is the eased route, within a narrow framework. Minimally, this is expressed in drapes and gathers at the neckline and beneath the belted waist at the front of the skirt. At its fullest expression, the silhouette slopes gently from somewhat widened shoulders to the hem, by-passing the waistline and perhaps interrupted by a low belt at the hips.

The second is the curved route which is most prevalent throughout all ready to wear, report the fashion analysts of Women's Wear Daily. In coats it is frequently dubbed the cocoon, rounding out from the shoulders, so that its widest part is somewhere between the waist and hips, and then tapering to the hem. In dresses, the rounding takes below the waist which, this season, is frequently belted, often in leather. Folds, tucks and gathers shape the rounded line from waist to hips for the fall version of the wider skirt. Fullness then is drawn into a narrow hemline.

A PRAYER

Let us pray for the sick and suffering,
May all illness pass away;
Let us pray for people dying,
May they be restored some day.

Bring peace to warlike nations,
And abolish poverty;
Give ears and mouths to deaf and dumb,
And help the blind to see.

Let treaties win the long, long war,
And friendship win the strife;
And most of all, give hope to us,
For everlasting life.

Amen.

WORMS

This earth is inhabited by many, many things,
Some of which depend on legs, and some of
which have wings,
But if you are observant and look upon the ground,
Many little crawling worms upon the
earth are found.

These worms haven't any legs, but live
within the ground;
Once in a while, they come above and
stay to crawl around,
I very much dislike these worms;
they bother me a lot;
I'd more prefer a bird that flies or
toads that jump and hop!

False Teeth Need A Special Cleanser

Don't Brush Your Plates!
Soak Them in Polident
As Dentists Suggest

Polident is the recommended way to clean dentures, banish Denture Breath. Just follow these easy rules.

1. Never use a brush on them! Your dental plates are much softer than natural teeth. Brushing wears down fitting ridges so they get loose.

2. Never use soap or toothpaste! They can leave film which collects bacteria and food particles, a major cause of offensive "Denture Breath".

3. Use a soaking-type cleanser made for false teeth only... Polident! Polident cleanser is recommended by more dentists than any other. No brushing, no handling of soapy plates. Polident gets where a brush can't reach.

Best of all, Polident always leaves false teeth odor free. Get the world's largest selling denture cleanser, Polident, at your drug counter.

OBITUARIES

GEORGE S. HEATH
 George S. Heath passed away at his home, 1121 Fairmount St., Sherbrooke, on August 15, 1957, after a lengthy illness.
 Mr. Heath, who was in his 54th year, was born at Westbury, Que., on June 16, 1894, the son of the late Moses and

Diana (Cole) Heath. On June 3, 1925 he married the former Harriet Mottram, who survives him.
 Mr. Heath, an employee of the Hall Machinery Company for many years, served overseas during the First World War with the 117th Battalion. He

was a member of the Canadian Legion, the Sherbrooke Regiment the Massawippi Fish and Game Club, the Lennoxville Rifle Club and the Legion Darts Club.
 He leaves to mourn his loss, in addition to his wife, a son, Gerald, of Montreal; a daughter, Gertrude, Mrs. G. Malou, of Galt, Ont.; a sister, Iva Nutbrown, of Sherbrooke; a brother, Percy, of East Angus; a daughter-in-law and a son-in-law; two

nephews and nieces.
 The funeral was held in St. Paul's Church, conducted by Rev. R. S. Jervis Reed. The hymns rendered by the choir were, "The Old Rugged Cross" and "Let Saints on Earth in Concert Sing". The pallbearers were six nephews, Ivey Nutbrown, Leslie Heath, Carroll Heath, George Heath, Elmer Heath and Harold Heath.
 Interment took place in the

MRS. EDWARD STOTE, STANBRIDGE EAST
 STANBRIDGE EAST. — Emily Kemp Westover, wife of Edward Stote, passed away on August 7 at the Eventide Home, Upper Lachine Road, Montreal.
 The funeral was held in the Bishop Stewart Memorial Church at Frelighsburg on Saturday, August 10, Rev. H. J. A. Reynolds of Stanbridge East officiating. The choir, with Mrs. Mark Whitcomb at the organ, led in the singing of the hymns, "My Faith Looks up to Thee" and "Let Saints on Earth in Concert Sing."
 Bearers were Herbert Hopkins, Lloyd Boast, Norman Tait, Clifford Richard, Donald Stolliker and Donald Blinn.
 Mrs. Stote, daughter of the late David and the late Julia Westover, was in her 88th year. She had spent her entire life in this locality, with the exception of a few winters in Florida and last winter in Montreal since retiring from Lyndhurst Farm, where she and Mr. Stote lived for 47 years and which is now the home of their son, Asa. Last September Mr. and Mrs. Stote celebrated their 60th wedding anniversary.
 She leaves to mourn her loss, her husband; five sons, Cedric of Stanbridge East, Stewart of Rochester, N.Y., Reginald of Bedford, N.H., Asa of Stanbridge East and Raymond of Grenville, Que.; 12 grandchildren and one great-grandchild; also a sister, Mrs. George Barnum of Montreal.
 Mrs. Stote was a faithful member of the Anglican church and a devoted church worker. She was a life member of the Woman's Auxiliary and was president of the Frelighsburg branch for over 25 years. She also sang in the choir of the Bishop Stewart Memorial Church for many

 He is survived by his widow, the former Katherine Hawes Raymond, one son, Donald, of Ottawa, and a daughter, Mrs. Russell Sutor; one brother, Jack Levi, of Sherbrooke, and several nieces and nephews.
 Bearers at the funeral were Frank E. Jones, David M. Watson, Montreal, John Marchant, Toronto, Fred Simpson, Clyde Segee and Asford Stewart.
 Interment was at Malvern Cemetery, Lennoxville. A short military service was held at the graveside, conducted by Sgt. Stewart.

FRANK STANLEY TARTÉ, OF SHERBROOKE
 Funeral services were held in St. Paul's Church, for Frank Stanley Tarté, formerly a prominent business man in Sherbrooke, who died last month at Queen Mary Veterans' Hospital, Montreal.
 The Rev. A. Ottiwell officiated. Born in Staffordshire, England, Mr. Tarté immigrated to western Canada in 1913, and two years later enlisted in the Canadian Horse Artillery.
 He settled on a farm on the Belvedere road near Sherbrooke several years later, and established the Elm Drive Dairy, which he ran for 25 years. He purchased the Young Sampson restaurant, and operated that for two years.
 Moving to Montreal, the deceased entered the real estate business and established the Westminister realties. He carried

Ford of Canada Proudly Introduces

the EDSEL

Newest Member of the Ford Family of Fine Cars

A message to Canadians

This message is addressed to you on behalf of the almost 15,000 men and women of Ford Motor Company of Canada, Limited, who share my pride and pleasure in announcing the formal introduction of a new member of the Ford Family of Fine Cars... the EDSEL.

Years of painstaking research... years of planning, styling, engineering and testing... reach their long-awaited climax Wednesday, September 11, when the Canadian-built EDSEL goes on public display in the showrooms of Ford-Edsel dealers from coast to coast.

These are the dealers who have proudly displayed the Ford-Monarch sign in the past, and who now become our Ford-Edsel sales and service representatives in more than 600 Canadian communities. They cordially invite you to visit their showrooms to inspect the EDSEL, and to test-drive it to prove to your own satisfaction the effortless performance, the smooth and quiet ride, and the fine workmanship of a truly great automobile.

The EDSEL is a new and different car in every sense... a car that was designed with you in mind from the moment the first pencil sketch began to take shape on the drawing board.

The EDSEL is distinctive in appearance, but not radical... a car with graceful styling, discreet appointments, and a host of advanced features. The emphasis is upon taste, distinction, and superlative quality.

We are sure you will be impressed by EDSEL features devised for your driving comfort, convenience and safety. There is the Teletouch Drive, which allows you to select your driving range simply by a feather-light touch on electrically-operated buttons mounted at the centre of the steering wheel. Ventilation and heat are controlled by a single dial. The speedometer flashes a warning light when the car exceeds a pre-set speed. An entirely new, self-adjusting braking system ensures safe, smooth stops. These are only a few of the unique features available in the new EDSEL line.

In company with the entire Ford passenger car range, the seventeen models and four series of EDSEL — Ranger, Pacer, Corsair, and Citation — provide such a wide and outstanding variety of cars in the line-up of our Ford-Edsel dealers that we will discontinue the Monarch name with the completion of current model production. Monarch has earned and deserved an honored place on the highways of Canada over the past eleven years. While the car itself is being succeeded by EDSEL, the name and reputation of Monarch will live on for many years, and owners are assured of service and replacement parts for their Monarchs as long as may be necessary.

The addition of the four series of EDSEL to The Ford Family of Fine Cars provides our company and our dealer organization with new and wider opportunities to serve the Canadian motoring public... and service to you is our constant objective.

This Is "The Big Week" For Yanks And Braves, With Pennants At Stake

World Series Will Open Wed. Oct. 2. On Home Grounds Of American League Winner; Time Off For Travelling

NEW YORK — (AP) — The 1957 world series will open Wednesday, Oct. 2, in the park of the American League pennant winner — most likely New York and possibly Chicago — commissioner Ford Frick announced Monday.

The first two games, as usual, will be played in the American League park, the next three in the home park of the National League champions. Games Nos. 6 and 7, if necessary, will be played in the American League park.

For the first time in 11 years, there is a strong possibility of the world series combatants taking time off for travel.

In case of an east-west world series for instance one between the Yankees and Milwaukee Braves, or one between the White Sox and Brooklyn Dodgers — there will be a day of travel after the second and fifth games. In case of an all-east or all-west series one between St. Louis and

Chicago, for instance — there will be no intervening days off.

Games will start at 2 p.m. ADT as in the past. The games will be nationally televised by NBC under the five-year, \$16,250,000 contract signed last January.

Price will be the same as last year — \$10,000 for box seats, \$7 reserved \$4 standing room and \$2 bleachers.

Should the American League race end in a standoff, there will be a one-game playoff, on Monday, Sept. 30, with the series opening on the scheduled date, Oct. 2. Should the National League race end in a tie, there will be a best-of-three game playoff, starting Monday.

"In that case," said Frick, "the start of the world series will have to be postponed to either Thursday, Oct. 3 or Friday, Oct. 4. It all depends on which team wins the American League pennant."

Canadiens To Start Season With Last Year's Lines Intact, Says Toe Blake; Players Report Monday For Training

MONTREAL — (AP) — Coach (Toe) Blake of Montreal Canadiens made it plain Monday there will be a minimum of monkeying with the National Hockey League club that has won the Stanley Cup the two seasons he has been the pilot.

The club opens training camp next Monday.

"We will start the workouts with our forward lines intact," said Blake following a luncheon for newspaper, radio and TV men. "We plan to carry four centres and are pretty well set for six defencemen."

Since clubs can carry 18 players, exclusive of goalies, until Dec. 1, there may be a couple of openings. There are also prospects of battles for positions by two or three of the less firmly established regulars.

Blake indicated the best chances for newcomers are on the wing positions. The most likely candidate appears to be Marcel Bonin, rugged leftwinger. He was the property of the Boston Bruins and was drafted early this summer for Quebec Aces of the Quebec Hockey League.

On defence, a strong bid will be made by Albert Junior Langlois, formerly of Shawinigan Falls of the QHL.

The five defencemen from last season are Doug Harvey, Tom Johnson, Dollard St. Laurent, Jean-Guy Talbot and Bob Turner.

The two big lines undoubtedly will remain intact. One is made up of Jean Beliveau, Bernie (Boom Boom) Geoffrion and Bert Olmstead; the other, Henri (Pocket Rocket) and Maurice (The Rocket) Richard and Dickie Moore.

Blake said he will have "two third lines" at camp. They are Phil Goyette, Andre Pronovost and Floyd Curry, and Don Marshall, Claude Provost and Bonin. Stan Smrke, acquired from Chicoutimi of the QHL last season is also among the holdover forwards.

Ken Mosdell, veteran centre who was sent to Chicago Black Hawks a couple of seasons ago, will also report to his old club. He may be ticketed for Montreal Royals of the QHL.

Jacques Plante will be back in goal. Candidates for relief or emergency work in the nets include veteran Gerry McNeil, from Royals, and Glen Davis and Ed Johnson.

Blake said he thought the team this season will have "more initiative and more desire." One aim would be to regain the NHL title. The team finished second last season. He expects improved hockey from players starting their third season.

"If the big Rocket plays the whole season without injuries, he will get at least 30 goals," predicted Blake. The veteran Rocket, just turned 36 last month, is only seven goals short of an unprecedented 500.

Blake's rundown of the other clubs:

"Chicago Black Hawks should show the biggest improvement and could easily make the playoffs."

"Boston Bruins have always been tough—at least tough for us to beat the years I have handled Canadiens."

"Detroit Red Wings shouldn't be any weaker, especially with Terry Sawchuk back with the club in the nets."

"The New York Rangers won't be any weaker. Toronto Leafs should be improved, especially several players who have been with that club a couple of seasons."

Workman, Miller, Atkinson To Jocks Hall Of Fame

BALTIMORE (AP) — Two old-timers and Ted Atkinson, one of the nation's top present-day riders, Monday won places in the national jockeys Hall of Fame here.

In addition to the Toronto-born Atkinson, 41, now enjoying one of his most successful seasons on the New York circuit, Walter Miller and Raymond (Sonny) Workman also were voted into the hall of fame.

The three join six jockeys previously elected since the Hall of Fame was opened in 1955, Eddie Argaro, Johnny Longden, Isaac Murphy, Earl Sande, Tod Sloan and George (The Iceman) Woolf.

Royer Brothers Cop E. T. Doubles Crown Upsetting Guy Durocher And Peter Murray As Tourney Terminates

Richard and Raymond Royer last night won the doubles championship of the Eastern Townships by defeating the top seeded team of Guy Durocher and Peter Murray, 5-7, 6-2, 4-6, 3-6 and 6-1.

The champions were forced to rally twice to gain their victory. They lost the first set 7-5 and came back to take the second, 6-2, with Peter Murray especially weak on back hand shots. The Durocher-Murray duo took the lead in the third set, winning it 6-4. The place shots of Durocher put his side in the favorite bracket.

After a ten minute rest the Royer brothers really put on the pressure to win the next two sets and the championship. Young Raymond was especially good at the net returning shots which were nearly impossible. Durocher seemed to tire in the last set and after the champions took a 3-1 lead the issue was never in doubt.

Last night's games concluded the 1957 Eastern Townships tournament.

Top-Ranked Players Win Opening Rounds in International Tennis; Bob Bedard Advances With Victory

TORONTO (AP) — Top-ranked players breezed through the first rounds of the international invitation tennis tournament Monday.

Playing in the week-long tournament here are stars from 13 countries. Europe, Asia, North and South America and Africa are represented.

No Australians are entered. Tournament officials said they contracted for Lew Hoad and Ken Rosewall last year, but they turned professional and no other Aussies were available.

Of the 13 Canadian men who played Monday, 10 were eliminated. The survivors were Bob Bedard of Sherbrooke, Que., Henri Rochon of Montreal and Don Fontana of Toronto.

Of the 11 foreigners who played, nine won.

Bedard, Canadian champion, whipped Pete Lyman of Rochester, N. Y., 6-4, 6-1. Rochon ousted Yvan Casault of Quebec City, 7-5, 6-0.

Fontana won over John Swann of Vancouver, 6-4, 6-2.

Top-seeded Sven Davidson of Sweden followed John Bassett of Toronto, 6-0, 6-4.

Second-seeded Budge Patty, a former Californian now of Paris, and fourth-seeded Kurt Neilsen of Denmark, did not play.

Today Neilsen is scheduled to meet Lorne Mait of Toronto.

Husky Ramanathan Krishnan, the Indian ace, whipped Jim Bentley of Toronto, 6-0, 6-4.

Luis Ayala of Chile, seeded third and his country's best player, whipped Jean Laurin, Quebec, 6-1, 6-1.

Shirley Bloomer, England's best, is seeded first among the women.

Bob Pariseau Hurls Brown Shoe To Double Win Over Legion In Finals Of Richmond Softball League Sunday

RICHMOND — The best-of-seven final series got off to a rollicking start, especially for Bob Pariseau, ace hurler for the Brown Shoe. For his two-game performance Sunday afternoon gave his team a two-game lead over Legion for the Chamber of Commerce Cup in the Richmond Softball League playoffs.

Pariseau shut-out Legion in both tilts, 5-0 and 3-0, and gave up only five hits, two in the first game. Coach Marsh Gregory's Legionnaires just couldn't cope with the power of the Brown outfield, let alone the fine pitching of Pariseau. Perhaps the best play was in the first inning of the first game when they managed to get three men on base, but couldn't score due to fine work by the infield.

Highlight of the game came with Brown scoring their fifth run in the fifth frame. Rodrigue Cabana went down swinging to Rollie Letourneau's throws from the mound. Paul Cote drove one to the outfield and made it to third on a passed ball. Bob Pariseau was next and he made first when Jake Tremblay could not hang onto the ball. Cote scored on the play. Connie Pariseau doubled moving Bob to third base Emile Beauchesne, next up, was tossed out at first with Letourneau relaying to Murchie for the out at home.

The Legion sixth saw the Gregory boys pop out to first, second and short while Brown went down in order. Then all Legion could get in the top of the seventh was a single by Jake Tremblay, first man up. Fortin popped out to catcher Connie Pariseau; George Pearson went down

Waterville Club Wins Optimist Golf Tournament

The Waterville Optimist Club won the annual Optimist Golf Tournament held in Waterville when they edged out the Sherbrooke and Lennoxville squads in the event.

The Waterville club comprised Gerry Millmore, Tom Bak, Bill Hitchcock and Dave Halehall. They combined gross score totaled 346 while Sherbrooke placed second with 385 and Lennoxville had 394. Close to 50 members and guests took part in the annual event and twenty-one prizes were distributed to the various winners following the field day.

After the tournament lunch was served by the ladies of the Waterville Golf Club followed by an evening of entertainment.

Only One Upset Among Amateurs At Brookline

BROOKLINE, Mass. — (AP) — Billy Joe Patton, the Sam Snead of the simon-pures, and Reid Jack, a wiry Scotsman who holds the British amateur title, survived risky opening assignments Monday in a formful 72-match session of the national amateur golf tournament.

Only Joe Carr of Ireland, the former British amateur king who is one of Britain's all-time stars, failed to make the grade among favorites playing the 18-hole first rounders over The Country Club Carr, his game collapsing miserably, fell before 25-year-old Don Hoenig of Wethersfield, Conn., 5 and 3.

All other topline players, including key men of the U.S. and British Walker cup teams, survived the eliminations.

Yanks Get Another Chance To Wrap Up Race; Berra And Mantle Back But Doubtful Starters; Braves Are Ready

This is the week New York Yankees "win" the 1957 American League pennant for a fourth time—or perhaps lose it for good. It's also a week in which the National League race could tighten because Milwaukee's first-place Braves are loose.

How's that again? It seems the Yankees and manager Casey Stengel have dominated baseball for so long, you almost have to use stencils to tell what has happened, or might. Let's look at the American League first.

Everyone knew the Yankees had done it again when they took three of four from Chicago White Sox in late June. The champs took first place for good and "ended the nonsense."

In short, the Yankees won the flag on June 23.

Trouble was, the White Sox didn't die. Came the middle of July and they were just two games back after beating the Yankees in the first game of a doubleheader. But the Sox blew the nightcap and that did it.

In short, the Yankees won the flag on July 14.

Trouble was, the White Sox didn't die. Came late August and they were just 3½ games behind and the Yankees were in a slump so the Yankees made a three-game sweep of the Sox for a 6½-game bulge.

In short, the Yankees won the flag on Aug. 29.

Trouble was, the White Sox didn't die. Fact is, it's the Yankees who are being checked for signs of life these days after losing six of 11 since that "clinching" sweep at Chicago.

With the White Sox, now 5½ back due to a two-game set at Yankee Stadium this weekend, it appears Stengel is through playing cat and mouse.

Of course, Sal Maglie and the Yankee dollar got him from Brooklyn. And with sore-arm Whitey Ford apparently back in shape, things look good enough on the mound. Now Stengel has turned to strengthening his "unbeatable" bench.

Mickey Mantle is out of the hospital but still uncertain because of shin splints; Yogi Berra is out with a bruised and swollen, but not broken, right thumb, and Hank Bauer's cracked thumb is on the mend. So the Yankees have picked up a pair of outfielder-pinch hitters in Bobby Del Greco, a good-field, no-hit veteran up from Montreal, and John (Zeke) Bella, who hit .309 at Denver.

Both will be on hand tonight when the Yankees open their

last home stand against the west with Cleveland. The White Sox, who play 14 of their remaining 19 games on the road while the Yankees play 13 of their 16 at home, are at Boston tonight.

In the National, Milwaukee and second-place St. Louis make their final stands against the east. The Braves insist they're not feeling and pressure but they have managed to lose three games from their 8½ Labor Day lead.

Truth is, the Braves have been under pressure, self-imposed, since last season when they blew the flag in September and resolved to pressurize themselves into not blowing another one.

After "wrapping up" the pennant Labor Day with the knowledge that they had only to play .500 ball the rest of the way, the "relaxed" Braves have lost four of six — while the Cards have won five of six and third-place Brooklyn has won four of six.

The Braves play Pittsburgh to night while the Cardinals, with Stan Musial still sidelined because his ailing shoulder tightened up after a pinch-hit job Sunday, meet Philadelphia. The Dodgers seven games back, are at Chicago.

The Braves have 18 games remaining, 15 of them at home including three each with St. Louis and Brooklyn. The Cards have 17 left, 11 at home with two against Brooklyn. The Dodgers have 16 games left — 12 on the road.

Both Milwaukee and the Yankees still have "13" as their magic numbers — any combination of their own victories coupled with defeats by the runners-up which total 13 give them the titles.

Leafs Will Be After Their First Governor's Cup Since 1934 When They Take On Miami In Opener

Toronto Maple Leafs, winners of three International League pennants in four years, will be shooting for their first Governor's Cup playoff victory since 1934 starting today against the fourth-place Miami Marlins.

The Leafs finished first by a half-game last season and by nine games in 1954. Each time they were eliminated in the drive for the Governor's Cup and a berth in the little world series.

The Leafs open the playoffs at Toronto against a team they beat only nine times in 21 tries during the regular season.

In the other playoff semi-final, Buffalo Bisons, second-place finishers, open their best-of-seven games set at home against Richmond Virginians, who finished

This is the EDSEL

"A remarkable new automobile joins the Ford family of fine cars"

There has never been a car like the Edsel. It is a car with originality written into every distinctive line. Behind it are all the resources, all the experience and engineering skill which have produced the Ford family of fine cars.

The Edsel puts the accent on style, the emphasis on engineering skill. Here are the remarkable results:

The Edsel is powered by the newest V-8 engines in the industry—the Edsel 400 and the Edsel 475. Their specifications: 400 and 475 pound-feet of torque; 303 and 345 horsepower; 361 and 410 cubic inches of displacement; 10.5 to 1 compression ratio. It is unlikely you have ever handled so much usable power.

The Edsel's big, safe brakes do not need periodic tightening. They adjust themselves automatically in the course of your day-to-day driving.

The Edsel shifts itself. Teletouch Drive puts the selector buttons where they belong—right in the centre of the steering wheel. Just touch lightly—Teletouch does the rest—smoothly, surely, electrically.

The Edsel's list of available new features is long. Examples: contour seats; a dial that lets you select temperature, quantity and direction of air with one twist of the wrist; a warning light that flashes when you exceed your pre-set speed limit; another that flashes when oil is one quart low; a release that enables you to open the trunk compartment from the driver's seat.

You will find a lot of things which are different—and better—in the Edsel.

In any Edsel you will have a matchless car. You can choose from 17 models: 2 four-door sedans, 4 two-door hardtops, 4 four-door hardtops, 2 convertibles, 5 station wagons. There are four elegant series: Ranger, Pacer, Corsair, Citation.

How much does an Edsel cost? The Ranger series is priced just above the low-priced field. And Edsel prices range up to just below the high-priced field, for the distinguished Citation series.

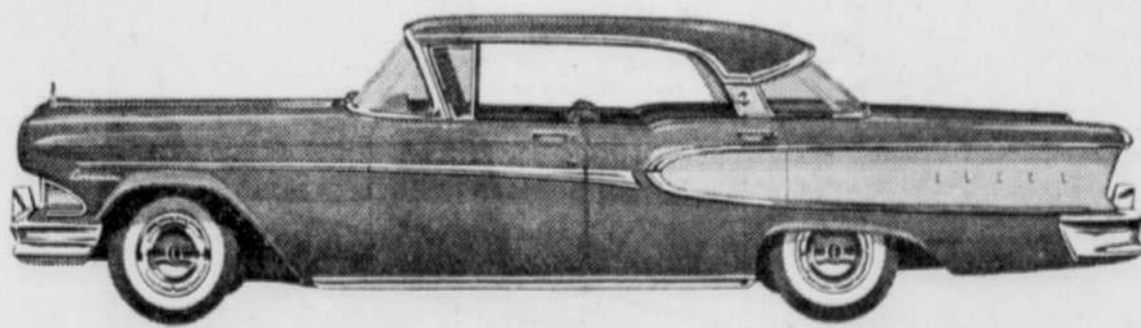

Stop in at your Ford-Edsel Dealer and see the newest thing on wheels: The Edsel.
