

ADVERTISEMENTS

FROM THE

THE UNITED STATES,

ARRANGED ALPHABETICALLY BY CITIES AND TOWNS.

MANUFACTURERS WAREHOUSE,

FOR THE SALE OF

DOMESTIC GOODS AND MANUFACTURED ARTICLES.

THE Subscriber having arrangements for the sale of Domestic Goods, and also Manufacturers' Articles, (all kinds,) and Machinery and Dye Woods, is enabled to offer a medium by which you may exchange your own goods for the articles you consume. He thinks, by this method, losses consequent upon the failure of agents, &c., may to some extent be avoided; also the outlay of capital while holding stock on hand, may be diminished. By this method he is enabled to sell low as the market will afford, inasmuch as the guaranty is less.

His location being central and convenient, and facilities ample, he thinks he will give satisfaction to those who may wish to consign him goods, and order any articles in his line.

He will also make further advance in cash or acceptance on good styles goods.

Satinet Warp, first quality, having recently made additions and improvements in machinery, to which he invites attention.

Also *Chandlers' Wick*, expressly for Chandlers' use, superior.

He is also agent for Colored and Striped Warps, (all kinds,) Coulson's Glue and Corundum Paper, Woodcock's Machine Cards. Spool Tape we import white and pink.

Curtis's Shears,	Glass Steps,	Common Wrapping Paper,	Logwood,
Nappers, Gigs and Brushers,	Shuttle Eyes,	Lace Leather,	Camwood,
Shell Wool Pickers,	Weavers' Mails,	Picker do	Barwood,
Cotton Willows,	Teazles,	Roller do	Fustic,
Regulators,	Flocks,	Belt do	Madder,
Revolving Temples,	Cotton Rope,	Wool,	Blue Vitriol,
Jaw do	do Banding,	Comb Plate,	Nic Wood,
Wire Harness,	do Twines,	Burling Irons,	Hyper Nic,
Shuttles,	Linen do	Card Cleaners,	Copperas, Alum,
Robbins,	Press Paper,	Emery,	Red Tartar,
Reeds,	Cloth Wrapping Paper,	Fuller's Soap,	Cream do.
Roller Cloth,	Blue Batt do	Scouring do	Sumac, &c.
Harness Twine,	White Tea paper,	Oil Soap,	

Upon consignment of Goods, any articles ordered, will be promptly forwarded on reasonable terms, and particular attention paid to selling the goods at the proper season.

"Dolce Campana Attachment"

PIANOFORTES,

MANUFACTURED by the Subscribers, are unsurpassed in their elasticity of touch, brilliancy and body of tone. It is these peculiar qualities that give them their popularity as a SUPERIOR INSTRUMENT, throughout the United States, and in England.

The following letter will be sufficient to satisfy the most scrupulous of their superior worth, coming from the Queen's Pianist, and Jenny Lind's Instructor.

LONDON, JUNE, 1850.

Manchester Square.

MESSRS. BOARDMAN & GRAY,—Regarding my opinion of your Piano Fortes, and the Dolce Campana Attachment Pedal, I beg, first, to express my entire satisfaction as to the excellence of the instrument, for elegance, quality of touch and fineness of tone, the whole being a very good specimen of American taste and workmanship. The effect produced by your ingenious addition to the Piano Forte (Dolce Campana) is pleasing and novel, and valuable, principally for accompanying Vocal Music. I have no doubt of its becoming very popular among professors and amateurs. I trust its introduction into this country may meet your expectations, and I have much pleasure in adding my opinion to the many you have already received.

JULES BENEDICT.

SIR,—George Smart, Organist and Composer to Her Majesty's Chapel Royal, says, in a letter to us, dated June, 1850, London, Portland Square: "It affords me much pleasure to give my opinion in favour of the "Dolce Campana Attachment," the tone and touch are good, and the instrument is elegant, I consider that it is well adapted for the accompaniment of vocal music, and can be applied to any Pianoforte. I hope this ingenious invention will meet the encouragement it deserves."

Charles Halle, the eminent German Composer and Pianist, writes us from Liverpool, August, 1850,

GENTLEMEN,—I have examined with care the Piano at your rooms in London, and it is with great pleasure that I say I have been perfectly satisfied, as much with the tone, which is fine and very powerful, as with the touch, which is equal and easy, I was particularly struck with the effect produced by the "Dolce Campana Attachment" of your invention, you have rendered a great service to Pianists in offering them another source of varying the tones of their instruments, and of producing entirely new effects, &c., &c.

Agricultural Warehouse and Seed Store.

PARKER & WHITE,

MANUFACTURERS AND MERCHANTS,

8 And 10 Gerrish Block, Blackstone Street, Boston.

We respectfully invite the attention of the Public to the largest and most complete assortment of Agricultural and Horticultural Implements, Field and Garden Seeds, and Trees to be found in the United States.

THE IMPLEMENTS embrace upwards of *Fifty* different kinds of Ploughs, most of them "Martin's Improved Eagle Patterns," which took the \$50 Premium at the late trial of Ploughs by the Massachusetts Agricultural Society, with Parker & White's Sod and Stubble Ploughs, a variety of improved Harrows and Cultivators, Field and Garden Rollers, Seed Sowers, Corn Planters, Horse Powers, Threshing Machines, Grain Mills, Sugar Mills; Beal's patent Corn and Cob Crusher, (a very superior machine.) Corn-stalk, Straw and Hay Cutters, Corn Shellers, Sausage Stuffers and Cutters, Store and Depot Hand Trucks, Patent Thermometer Churns, Cylinder and Dash Churns, &c. &c.

These are made from highly improved patterns, and are warranted to be of the best materials, put together in the strongest manner, and of a superior finish.

PARKER & WHITE are the selling agents for the manufacturers of the best staple tools, as Cast Steel and Iron Shovels and Spades.

Superior Cast Steel Handled Hoes.

Roby, Sawyer & Co.'s Premium Cast Steel Scythes.

Patent Horse Rakes; Hand Rakes, all qualities.

Patent and Common Scythe Snaths; Scythe Rifles and Stones.

Improved Ox Yokes complete, with patent Bow-pins.

Castings, Harrow Teeth, and other iron work.

Garden Hoes and Rakes; Horticultural Tools.

Cast Steel Manure and Hay Forks, from two to ten prongs.

Grain Cradles complete with warranted Scythes.

AMERICAN AND FOREIGN SEEDS FOR THE FIELD AND GARDEN—Such as Improved Winter and Spring Wheat, Rye, Barley, Oats, Corn, Beans, Peas, Rutabaga, Turnip, Cabbage, Beet, Carrot, Parsnip, Clover and Grass Seeds, approved varieties of Potatoes, &c. These are grown expressly for us, and are fresh and superior of their kind.

FERTILISERS.—Guano, Bonedust, Plaster of Paris, Poudrette, &c.

FRUIT AND ORNAMENTAL TREES, SHRUBS, ROOTS, VINES of our own growing, well packed carefully for transportation.

HORSES, CATTLE, SHEEP, AND SWINE.—Orders received for improved stock of all kinds, which will be executed to the best advantage, and shipped in the most careful manner.

AGRICULTURAL BOOKS.—A varied and general assortment.

NEW IMPLEMENTS, SEEDS, &c.—The Subscribers request samples sent to them of any new or improved Implement, Seeds, &c., which, if found valuable, extra pains will be taken to bring them before the public.

PRODUCE ON CONSIGNMENT.—All kinds of Agricultural Produce will be received for sale on consignment, and particular attention given to the sale of *Grass* and *Grain* Seeds, *Peas* and *Beans*.

ENGLISH REPORTS IN LAW AND EQUITY.

PROPOSALS

BY LITTLE & BROWN,

LAW BOOKSELLERS, 112 WASHINGTON STREET, BOSTON,

FOR PUBLISHING BY SUBSCRIPTION

A NEW SERIES OF LAW AND EQUITY REPORTS.

THE want of some system by which the decisions and judicial opinions of the several Courts of Law and Equity in England can be more promptly and cheaply furnished to the legal profession in this country, has long been seriously felt and acknowledged. To meet a similar want in England, the "LAW JOURNAL REPORTS," and "THE JURIST," which, *together*, report decisions in *all the Courts of Law and Equity*, within a few weeks after their delivery, were commenced a number of years since, and have met with the universal approbation of the legal profession. Their high cost, however, has hitherto prevented their general circulation in this country, and their merits are as yet but little known among us.

The subscribers propose to republish these REPORTS IN FULL, as fast as they appear in England and can be received here. They will contain reports of cases decided in the HOUSE OF LORDS, the PRIVY COUNCIL, the several COURTS OF EQUITY, the COURT OF QUEEN'S BENCH, the COURT OF COMMON PLEAS, the COURT OF EXCHEQUER and EXCHEQUER CHAMBER, the ECCLESIASTICAL and ADMIRALTY COURTS, the COURT OF BANKRUPTCY, including also, the ELECTION CASES, the CROWN CASES RESERVED, and the RAILWAY and CANAL CASES.

These reports will be published in monthly numbers or parts, commencing with the decisions of Michaelmas (November) Term, 1850, and will be carefully edited by a member of the bar, with notes and references to analogous American decisions. The first number will appear in a few days.

Each number will consist of over THREE HUNDRED pages, closely printed octavo, on the best paper, and in clear, fair type, and will contain a table of cases, and a full table of contents, thus forming a complete volume by itself, as well as a part of an entire series. Every alternate or second number will be paged consecutively from the number immediately preceding, and will contain a table of cases, and of contents to *both*, and thus form, every two months, a complete volume, ready for binding, of *over six hundred pages*. In each volume the cases of the several Courts will be found arranged together, and in point of style and typographical execution, this series will be fully equal to the best reports of England or this country.

It is designed to make this a PERMANENT PUBLICATION, and thus establish a *new series* of ENGLISH LAW AND EQUITY REPORTS, which shall, in all respects, be far in advance of any other reprint of English Reports in this country, and which shall furnish to the American lawyer the decisions of Westminster Hall, nearly *two years before they could otherwise be obtained*, and long before the publication of the contemporaneous decisions of most of our own tribunals.

The profession may be assured that this series will be the *most complete* of any reports now published. A careful examination of the Jurist and Law Journal, for a series of years, discloses the fact that many important cases are here reported which are not found in the contemporaneous reports of Meeson & Welsby, Manning & Scott, Adolphus & Ellis, and other reporters; and the Law Journal alone, during the first seven years of its existence, published over 1000 cases not then elsewhere reported. *This publication will include all the future decisions of the Law and Equity Courts hereafter contained in the several series of English Reports.*

The price of this publication, forming six volumes octavo, will be \$10 a year payable in advance, or the six volumes, handsomely and uniformly bound in law sheep, \$12.

Each monthly part will be sold separately, if desired, at \$1.

As to the character of the reports of the "Law Journal," and "The Jurist," but little need be said. They were established to furnish the profession with the actual decision of causes, and the reasoning of the Court thereupon, with a clear, concise, and sufficient abstract of the facts, without the prolix arguments of counsel usually found in the late English Reports. They are not encumbered with *Nisi Prius* decisions, but contain only those cases argued and decided in *banc*, and upon mature consideration. In England, these Reports are regarded as of high authority, and are cited with approbation and respect in the English Courts and by their most eminent elementary writers. They are regularly digested and inserted in the Annual Digests of Harrison, and others, and have received the express sanction of distinguished English Judges. They are cited with confidence, and as authority, in the judicial opinions of Judge Story, and other eminent American Judges, and in the writings of Greenleaf, Kent, Angell, Chitty, and others; and for *accuracy, clearness, and brevity*, are believed to be equal to any English Reports now published. The publishers feel confident that the low price of this series, combined with the promptness and regularity with which the latest decisions will here be offered to the profession, cannot fail to recommend it as a useful and desirable publication.

Orders addressed to the subscribers, No. 112 Washington Street, Boston, Mass., or to any of their Agents.
BOSTON, MARCH, 1851.

LITTLE & BROWN.

Proposals by LITTLE & BROWN, 112 Washington Street, Boston,
 FOR PUBLISHING, BY SUBSCRIPTION, THE
LIFE AND WORKS OF JOHN ADAMS,
 SECOND PRESIDENT OF THE UNITED STATES.
 EDITED BY HIS GRANDSON, CHARLES FRANCIS ADAMS.

The public will be glad to learn that the publication of the works of JOHN ADAMS, so long delayed, has now commenced. It is intended to embrace, in the proposed collection, the works of Mr. ADAMS on Government already published, but now out of print, and a selection from a most voluminous mass of Manuscripts which have never seen the light.

The Collection is to be made and edited by the Hon. CHARLES FRANCIS ADAMS, the depository of all the Manuscripts as well of John Adams, as of his father, the late JOHN QUINCY ADAMS; and is intended as the first of two great publications, elucidating the History of the Rise and Progress of these United States from the year 1761, in which the revolutionary struggle first began, down to the year 1848, when the younger ADAMS died.

The materials for the first of the two works are much more ample than has generally been supposed. JOHN ADAMS, during nearly all his life, scrupulously preserved his papers, and among them are found many of a curious and singularly interesting character. Probably the most remarkable, at least in the eyes of the world, will prove to be a DIARY, commenced by him as early as 1755, and carried on for thirty years, including the largest portion of his public career. This DIARY will be found to contain a great amount of valuable matter connected with the early movements of the Revolution in Massachusetts, and to throw a good deal of new light upon the proceedings of the great Congresses of 1774, 1775, and 1776, at Philadelphia, in which the writer was a conspicuous actor. There are also notes of the debates during a portion of that period, which, in the dearth of all knowledge of them, will be highly valuable to posterity.

It is well known that an intention was long entertained by the younger Mr. ADAMS to write a memoir of his father. This, although not entirely executed, was commenced. A most interesting fragment remains in a perfect state, and will be prefixed to the present publication. The unexecuted portion will be carried on by the Editor, aided by the discovery of an autobiographical fragment of JOHN ADAMS himself, which will be woven into the body of his work.

The great difficulty will be, in the abundance of the materials to be gathered out of a correspondence carried on for a half century, as well as out of unpublished treatises of various kinds, rather to bring them all within reasonable limits for purchasers, than to come short of what will interest the students of the national history.

It is proposed to issue the works in ten octavo volumes. These will include the Essay on the CANON and FEUDAL LAW, the DEFENCE OF THE AMERICAN CONSTITUTIONS, the various editions of which have been long since exhausted, and the DISCOURSES ON DAVILA, to all of which illustrations, drawn from the unpublished writings of Mr. ADAMS, or supplied by the Editor from other sources, will be added.

Such selections will be made from the DIARY, and from the private papers as may be considered most likely to promote a better acquaintance with the time in which Mr. ADAMS lived and acted than is yet possessed, even after all the valuable contributions which have already been furnished from other quarters. On the whole, the publishers confidently believe that there is no work relating to the revolutionary history of the United States; and indeed of the times in which Mr. ADAMS lived that surpasses, in historical and political value, the volumes now offered to the patronage of the American people. And they strongly hope that they shall find themselves so well sustained in this great enterprise, as to be encouraged to go on and perfect the other and later part of it, the Life and Works of the no less distinguished son, JOHN QUINCY ADAMS.

The following list embraces a portion of the contents of these works.

1. WORKS UPON GOVERNMENT.
2. POLITICAL PAPERS, INCLUDING CONTROVERSIAL PUBLICATIONS OF THE REVOLUTION.
3. MESSAGES AND PUBLIC PAPERS.
4. DIARY.
5. PRIVATE LETTERS ON PUBLIC SUBJECTS, 1774, TO 1801.
6. PRIVATE LETTERS FROM 1756, TO 1826.
7. LIFE, BY JOHN QUINCY ADAMS, CONTINUED BY THE EDITOR.
8. ORIGINAL UNPUBLISHED LETTERS OF FRANKLIN, JEFFERSON, JAY, IZARD, THE LEES, LAURENS, GERRY, DANA, AND OTHER EMINENT PATRIOTS OF THE REVOLUTION.

Vols. II, III and IV are now issued and ready for delivery.

The work is beautifully printed, in the octavo form, each volume containing from 500 to 600 pages, and put up in cloth, at the price of \$2.25 a volume, the whole work will be finished in a few months. A limited number of copies are struck off on large paper, and put up in the same style of binding, price \$3.00 a volume.

Subscriptions and orders are respectfully solicited by the Proprietors.

CONSUMPTION CAN BE CURED!!!

SCHENCK'S

PULMONIC SYRUP.

A SPECIFIC REMEDY

FOR

**Consumption, Dyspepsia, Scrofula,
LIVER COMPLAINT,
PALPITATION OF THE HEART,
COUGHS, COLDS, &C.**

It has been before the public upwards of twelve years, during which time scarcely a single individual has used it without finding relief. It has succeeded in cases where all other remedies have failed, and the proprietor conscientiously believes, from its great success, that it is the best remedy for these diseases ever discovered. The elements of which this Syrup is composed, are simple herbs and roots, the medicinal properties of which purify the blood, strengthen the system, and give a healthy tone to the lungs and digestive organs. Its operation upon the system is mild, yet efficacious; it loosens the phlegm, which creates so much difficulty when tight; it relieves the cough, it assists nature to expel from the system all diseased matter, by expectoration, which, if retained, produces Consumption; it ripens matter in an abscess or tubercle, and then causes its expulsion from the system, at the same time soothing the irritated parts, healing the laceration, making a healthy part; it regulates the bowels without the aid of purgative medicines; it allays the most troublesome cough without injuring the system, as most medicines do, as it does not contain any mercury, calomel, opium, or any deleterious drug whatever. In short, it may emphatically be called the Consumptive's Friend; for wherever it has been used, it invariably produces happier results than any other remedy, soothing the pillow of the sick, and, by its healing properties, restores, in a majority of cases, the sufferer to health.

Nearly every patient who has used it, by a perseverance in its use, has felt its healing influence; and by continuing its use a perfect cure has been effected. The reason for this is obvious, as the Pulmonic Syrup is compounded upon the principles of sound medical philosophy—has stood the test of years of trial, and many members of the medical professions who were prejudiced against the use of this great remedy, have had those prejudices removed by witnessing its triumphant success, and are now using it in their practice. The Proprietor of this medicine was himself, many years ago, reduced so low as to be given up by his physicians and friends, in the last stage of Consumption, and his case appeared to be beyond the reach of any remedy. He then used the Pulmonic Syrup, which he now offers to the public, and it was the means of curing him.

TESTIMONY OF A. McMAKIN, Esq., *Editor Philadelphia Saturday Courier.*

TO CONSUMPTIVES.—Without solicitation or hint on the subject, the *Editor of the Courier*, cheerfully confirms Dr. Schenck's statement, made in his advertisement in this paper, headed "Schenck's Pulmonic Syrup," from actual knowledge of the facts, as regards his own case.

We have certificates from the following named residents of Boston:—William Gavett, 10½ Pleasant Street, Editor Olive Branch; Mr. Worthington, Editor Traveller; W. P. Osborn, 2 Bedford Street; A. H. Bailey, 26 Washington Street; Mr. Cobb, Editor Christian Freeman; Rev. Chas. W. Denison; Wyman Osborn, 12 State Street; Robert L. Robbins, Dentist, Howard Street; Editor of the Washingtonian; John A. French, Editor Herald; G. W. Briggs, Bookseller, corner Essex and Washington sts.

Address the General Agents.

REDDING & Co.,

8 State Street, Boston, U. S.

Agents for the Canadas, WM. LYMAN & Co., 194 and 196 St. Paul Street, Montreal.

Every Family should have a Box of this Salve on hand, in case of accidents.

THE RUSSIA SALVE.

Introduced in 1816.

THE BEST REMEDY

FOR

Cuts, Burns, Scalds, Old Sores, Chilblains,
FLESH WOUNDS,

Chapped Hands, Corns, Felons, Piles,
FROST BITTEN PARTS OF THE BODY,

AND

SORES OF EVERY KIND.

This Salve has been used in the United States for the past thirty-six years—and has given universal satisfaction. Families who have once used it, would on no account be without it,—it draws the pain—allays the inflammation—and heals only when all the soreness and irritation are removed. There is nothing deleterious or hurtful in its compound. If you try it once, you will never be without it, but will recommend it to your friends.

CANADIAN TESTIMONY.

I, Edward Young, cabinetmaker, 58 Carver street, feeling it a pleasant duty due myself and the public, do make known, thus publicly, a fact of such importance as materially affects every body in this Commonwealth. In the year 1842, I was injured by a plank falling on my leg; it caused the leg to swell and become inflamed, and finally caused the most awful ulcers and sores, that defied the skill and treatment of the best physicians of Quebec, Canada, the place of my residence at that time. Dr. Douglas, one of the most popular physicians and surgeons in Quebec, assured me that there was little, if any hope of my recovery.

I came to Boston; my limbs were now both affected, painful and terrible to look at. I applied to Dr. Phelps; he tried his skill, but without any apparent success, and I was then induced to call upon and consult Dr. Warren, who gave me some relief, but after some time I grew quite disheartened, my limbs were almost a mass of sores, from my knees down to my ankles, scarcely allowing me to sleep or rest, day or night. I had read a good deal about Russia Salve, but having used so many advertised Plasters and Salves, and tried so many things, that I felt little interest in the Russia Salve, although repeatedly advised by my friends to try it, I was too skeptical to do so. At length a man brought me a box of Russia Salve, which I applied to my limbs as the directions implied. I really began to feel a sensation of peculiar pleasantness about my raging sores. I went down to Redding & Co.'s, 8 State Street, and bought two boxes. I have used in all nearly four boxes of this great Salve; my limbs are now, with the exception of the scars, as perfect as ever they were. The ulcers have healed up, the sores have nearly all disappeared, and I hesitate not to say that by the time I have used the fourth box of the Russia Salve I shall be cured. I consider my case one of the severest tests the Salve could possibly encounter, and its entire triumph in curing me, entitles Redding & Co. to much praise, in producing and offering such a great blessing to the public as the Russia Salve.

I would further add, that having the Salve in my house, and a member of my family suffering very much from Piles, I recommended the use of the Russia Salve, and which cured them with great ease, and in a very brief space of time. Any use, my dear sirs, you may wish to make of these facts, you are at liberty to use as your judgment may dictate.

Yours, very respectfully,

EDWARD YOUNG.

This Salve is put up in neat metal boxes, price 25 cents per box. Sold wholesale and retail by

REDDING & Co., Proprietors,

8 State Street, Boston, U. S.

General Agents for the Canadas, WM. LYMAN & Co., 154 and 156 St. Paul Street, Montreal.

DR. CONINE'S

SYRUP OF GINSENG AND MALVA.

This medicine will probably depend more upon its own virtue and actual merit than any other ever before offered to the public.

A short story must therefore suffice. The recipe is from Dr. Conine, a gentleman who travelled for many years in China and the Islands of that vicinity, where this compound is the potent and effectual remedy for the numerous diseases arising from a disordered or debilitated stomach and

AFFECTIONS OF THE LUNGS,

But what will attract attention here is its astonishing

DISSOLVENT POWER,

by which it at once removes ALL PHLEGM or extraneous matter from the throat, stomach or lungs. It is therefore

ANTI-EXPECTORANT,

and from attestations of trial here, it is now offered as Nature's kindest remedy for the removal of

CONSUMPTION AND WHOOPING COUGH,

and ALL COUGHS, by precipitating the phlegm instead of creating irritation by expectoration.

It is aromatic and increases the general warmth, possessing the exhilarating qualities of the TEA PLANT, which is one great cause of its universal popularity in all INDIA beyond the Ganges, while as an APPETISER it has probably no equal in the whole vegetable kingdom.

Of those who may desire further information, the Agents respectfully request a call, or they will by letter send the facts and references in their possession.

They beg further to state that of the two roots of which this compound is composed, the former (the Ginseng) is indigenous to our own country as well as China; in the latter the supply being limited, while in the former its use has been unaccountably neglected, and almost every pound of our own production up to this time has been shipped to CHINA, where in PEKIN it has frequently been worth its weight in gold.

Here therefore IT IS A NOVELTY. There it may be traced in THE ANNALS OF ANTIQUITY.

In conclusion, the subscribers state, that upon trial it will prove a more pleasant, safe and effectual TONIC than the sarsaparilla or other boasted tonic remedy, and even NUTRITIOUS, as well as exceedingly palatable. It will continue to be prepared in the best manner,—no expense being spared,—and in quart bottles.

WILSON, FAIRBANK & CO., SOLE AGENTS.

45 Hanover Street,
BOSTON.

PRICE \$1 PER BOTTLE OR 6 BOTTLES FOR \$5.

DIRECTIONS.—For adults the dose is half a wine glass full three times a day, about one hour before meals. Children, half the quantity. Infants may take a tea-spoonful at a time.

CONSUMPTION CAN BE CURED.

SIR JAMES CLARK, Physician to Queen Victoria, and one of the most learned and skilful men of the age, in his Treatise on Consumption, says, "*That Pulmonary Consumption admits of a cure, is no longer a matter of doubt* ; it has been clearly demonstrated by the researches of Laennec and other modern pathologists." Dr. Carswell, who investigated such matters probably as thoroughly as any man, says, "Pathological anatomy has, perhaps, never afforded more conclusive evidence in proof of the curability of a disease than it has in that of tubercular phthisis," (pulmonary consumption.) Dr. Clark again says, "It not unfrequently happens that young persons are attacked with symptoms of phthisis, which, under proper treatment, cease, and years elapse before there is any renewal of the disease. Were advantage taken of the intervening period to correct the tubercular diathesis, (hereditary tendency), the cure might prove perfect. I have known recoveries from two such attacks, the third proving fatal; the interval between the first and last attack was twelve years." Laennec also says, "I think it more than probable that hardly any person is carried off by a first attack of phthisis."

These opinions are fully sustained by multitudes of the most renowned men in the medical profession ; among whom may be named Bennet, Hall, Williams, Wood, Rioffrey, &c., &c.

All these, with a host of others, have borne their conclusive testimony in favor of the curability of this dreadful disease.

FIFTY THOUSAND

human beings die every year in Great Britain, and an equal proportion in our own country. The very thought is startling, one in every four or five persons falls a prey to this disease.

The mere fact that such a disease is ever curable, attested by such unimpeachable authority, should inspire hope, and reanimate failing courage in the heart of every sufferer from this disease.

The remedy which we now offer, WISTAR'S BALSAM OF WILD CHERRY, for the cure of this disease, not only emanates from a regular Physician, but has also been well tested in all the complaints for which it is recommended.

THE PHYSICIANS' USE

WISTAR'S BALSAM OF WILD CHERRY.

So, says the Morning Chronicle, Quebec, July 22, 1848. It is but an act of common justice to the discoverer of this invaluable remedy, to make known the popularity it has acquired in Quebec, and its neighborhood. On inquiry of the Agent, we learn that his sales of this medicine are almost daily on the increase, and that its virtues in the cure of Coughs and Colds are known and appreciated, as extensively recommended by the most eminent medical practitioners of Quebec, in their own families as well as amongst their patients.

The Montreal Transcript, speaking of Wistar's Balsam of Wild Cherry, June 19, 1849, says:—

We believe it to be generally recognized as a useful medicine by medical men, and we can state with perfect truth and sincerity, that in one case with which we are more particularly acquainted—that of an old gentleman, at least eighty years of age, residing a few miles from this city, and who is troubled at times with an asthmatical complaint, the most decided relief is obtained whenever he makes use of the balsam,—this, at the advanced period of life which he has arrived at, may be considered an unspeakable proof of its virtues.

Alderman Perkins of Boston, gives us the following:—

Boston, February 3, 1851.

Dr. S. W. Fowle—Dear Sir:—Having lately had occasion to try your celebrated remedy for Coughs and Colds, Wistar's Balsam of Wild Cherry, which I did with marked success, I cannot, in justice to you, withhold my testimony in its favor. For several days I had been suffering from the effects of a severe cold, accompanied by a very sore throat and sick head-ache, which completely incapacitated me for business, I had taken but a small portion of a single bottle of this Balsam, when I experienced immediate relief. My cough was broken up at once, and my lungs entirely relieved from the pressure which had become so painful. I attribute this relief entirely to the good effects of your Wild Cherry, as I took no other medicine whatever. I shall cordially recommend it to all my friends.

Respectfully yours,

SAM'L S. PERKINS.

The following is from the Editor of the Baltimore Patriot:—

BALTIMORE, December 18, 1849.

Dr. Seth W. Fowle—Dear Sir:—I feel it to be due to you to say that a young lady, a member of my family, had been suffering for several years under a Bronchial affection, and the disease had made such progress, notwithstanding the best medical aid had been consulted, that great fears were entertained that the disease with her as with many others, might speedily terminate in death. I was induced, through the persuasion of a friend, to try Dr. Wistar's Balsam of Wild Cherry, and after she had taken three bottles, she felt entirely relieved of the attack.

Very respectfully yours,

J. F. M'JILTON, Editor.

The only genuine is always signed I. Butts on the wrapper.

For sale by the general agent, SETH W. FOWLE, 138 Washington street, Boston, Mass., and by his sub-agents throughout the United States and British Provinces.

SUPERIOR TOILET SOAPS.

Cythrean Cream of Soap, Panariston Shaving Cream, Panariston Shaving Soap, in solid rolls, Panariston soap for medical uses, and Shaving Powder,

MANUFACTURED BY ISAAC BABBITT,

For the Proprietors, **ANDREW KITCHEN & Co., No 257 Washington Street, BOSTON, Mass.** To whom all orders should be sent and will be promptly answered. Retail by the Druggists generally in the United States and Canada.

These articles are intended to take the place of all other Soaps as a purifier of the skin, and by effecting that object perfectly and without injury to the most delicate, it will supersede all other cosmetics.

Being applied directly to the skin, before touching the water, it seizes the impurities with a firmer grasp, and is subject to less waste than the ordinary hard soaps which are first dissolved in water.

The following testimonials to its properties, among a multitude of the same kind, are deemed sufficient to induce a trial, after which nothing more will be necessary to insure its adoption.

It is hardly necessary to say that the writer of the following is one of the most distinguished practical chemists in this country.

NEW YORK, Oct. 2, 1850.

MR. ISAAC BABBITT:—Dear Sir—I have been using your “Panariston Shaving Soap,” for several weeks and do not hesitate to say that it is the best soap for shaving that I have ever used. It is so perfectly free from excess of alkali and other irritating substances, that I find that it acts in a soothing and healing manner to the skin made sore by the use of imperfectly prepared soap.

The ladies of my family who are using your “Cytherean Cream Soap,” are delighted with it, and emphatically declare that it leaves the skin in a more soft and pleasant condition than they have ever been able to produce by any other toilet soap. Very respectfully yours,

JAMES R. CHILTON.

Dr. A. A. Hayes of Boston, Chemist and State Assayer, says:—

MR. ISAAC BABBITT:—Dear Sir—Your new chemical compound, the “Cytherean Cream of Soap,” has been used several weeks in my family with increasing satisfaction. I have never met with any soap compound, which in cleansing the most delicate skin would, like this, leave it perfectly moist, soft and healthy. Unlike cosmetics of any kind, it insures comfort, and beauty of surface, by removing matter from, rather than adding it to, the skin.

Letter from Dr. Ticknor, U. S. Navy.

U. S. Naval Hospital, Chelsea, September 28, 1850.

DEAR SIR—I have the satisfaction to inform you that we have made such trials of the different kinds of soap which you gave me the other day as will enable me to express an opinion respecting it; and which is, that for the hospital, for which it is designed, and in my family, for washing and shaving, it is superior to any that we have ever used. It possesses all the good qualities which you ascribe to it, and I cannot doubt that when its superior excellence becomes known, you will find a ready sale for all you can make. Respectfully yours,

MR. ISAAC BABBITT, Boston.

B. TICKNOR, Surgeon U. S. Navy.

Dr. Walter Channing, Boston, says:—DEAR SIR:—I have tried Mr. Babbitt's Soap, and can truly and with great pleasure say, that I have no memory of so good an article. Nay, I can and do say that it is the very best soap I have ever used. *It is a Soap.* This is its whole recommendation. It is a most economical soap, and let those who use it remember this. It is excellent for both washing and shaving.

Horace Greeley of New York Tribune, says:—

This is a Boston invention, designed to supersede all ordinary soap used for the toilet. We have tried it, and pronounce it perfect. No other soap is worthy of being mentioned in the same day. Mr. Babbitt has certainly applied his profound knowledge of chemistry and inventive genius to some purpose in making it. It is indeed a new thing.

Dr. S. S. Fitch, New York, says:—I have faithfully tried your soaps and they are excellent. Your Cream of Soap is soft, demulcent and fully strong enough, and powerfully cleansing. The Shaving Powder is also a most valuable soap with a full body and exceedingly well tempered. The tenderest face can receive it. It leaves the face soft, clean, and refreshed, and presents the softest surface to the razor, and I feel certain that such soaps will have admirers in all those who are so fortunate as to use them.

CONTAINING NO ALCOHOL,

The best and strongest certified medicine in the world for the cure of Dyspepsia in all its forms—such as headache, heartburn, habitual costiveness, acidity of the stomach, loss of appetite, asthma, piles, incipient consumption, debility arising from protracted fevers, fever and ague, exposure to heat or cold, old age, and diseases arising from imperfect digestion, or a deranged condition of the stomach. It is also an excellent remedy, and not surpassed by any medicine in use for females suffering from uterine or nervous derangement.

They are also the best tonic known for the prevention and cure of **FEVER AND AGUE**.

Among the numerous and highly respectable certificates, we refer to the following:—Prof. A. A. HAYES, M.D., State assayer; FITZHENRY HOMER, Esq., Boston; JAS. C. DUNN, Esq., City treasurer, Boston; Hon. MYRON LAWRENCE, ex-president, Massachusetts Senate; Hon. L. H. ARNOLD, formerly governor, Rhode Island, now member of Congress; Hon. WILLIAM WOODBRIDGE, formerly governor of Michigan, now U. S. senator; Hon. J. T. MOREHEAD, formerly governor of Kentucky, now U. S. senator; Hon. J. F. SIMMONS, U. S. senator from Rhode Island; Hon. SAMUEL S. PHELPS, U. S. senator from Vermont; Hon. WM. URHAM, U. S. senator from Vermont; Hon. SOLOMON FOOT, member of Congress from Vermont; Hon. H. D. FOSTER, member of Congress from Pennsylvania; Hon. M. L. MARTYN, delegate in Congress from Wisconsin Territory; Gen. A. C. DODGE, delegate in Congress from Iowa; R. P. STOWE, Esq., clerk in the House of Representatives; C. C. TROWBRIDGE, Esq., Detroit, Michigan; GEO. W. JONES, Esq., surveyor-general, Dubuque, Iowa; JOSEPH HOXIE, Esq., No. 76 Wall street, New York; many other individuals of the highest respectability can be referred to, who will confirm all that has been said in favour of this invaluable medicine.

REED, BATES, & AUSTIN, Wholesale Druggists, 26 Merchants' Row, Boston, General Agents.

Price \$1 per bottle; six bottles for \$5.

For sale by Druggists generally throughout the United States, and by Wm. Lyman & Co., Montreal; Lyman, Brothers & Co., Toronto; Hamilton & Kneeshaw, Hamilton; J. Musson & Co., and J. Bowles, Quebec; Charles Brent, Kingston; Strong & Scott, Cobourg; and by all the principal druggists throughout the Canadas.

Dadd's Horse and Cattle Medicine.

Physic Powders, Alterative Powders, Heave Powders, Urine Powders, Worm Powders, Dis-temper Powders, Liquid Blister, Healing Balsam, Horse Liniment, Mange Ointment, Hoof Ointment, Hair Ointment.

THE proprietors of the above medicines, recommend the public to give them a trial. They have performed some of the most extraordinary cures on record; many who have used them are ready to testify to their curative powers. Among the testimonials are those of Hon. Henry Clay, Hon. Daniel Webster, and others of the farming community.

Dr. Dadd has spent several years in the study of veterinary practice in London and Edinburgh, and availed himself of the researches of Liebig, and other celebrated men who have contributed so much towards a judicious treatment of animals.

These medicines have proved highly efficacious in curing all diseases of **HORSES, COWS, and SHEEP**.

For particulars, see pamphlets, which furnish a list of the articles, and describe the different diseases for which they are adapted, and contain much valuable information for farmers and owners of Horses and Cattle. These pamphlets can be had gratis by application to our agents.

Prepared by G. H. DADD, M.D., and for sale by

REED, BATES & AUSTIN,

Wholesale Druggists, 26 Merchants' Row, Boston; Wm. Lyman & Co., Montreal; Lyman, Brothers & Co., Toronto; Hamilton & Kneeshaw, Hamilton; J. Musson & Co., and J. Bowles, Quebec; Charles Brent, Kingston; Strong & Scott, Cobourg; and by all the principal druggists throughout the Canadas.

AFRICAN SPECIFIC

For Cholera, Diarrhoea, Dysentery, Neuralgia, or Tic Doloroux, &c.

This remedy has been used with perfect success during a ten years' residence by the proprietor on the Coast of Western Africa, where the above diseases are of daily occurrence. Having had personal experience of the efficacy of this medicine, he feels the utmost confidence in recommending it to the public. For testimonials and certificates, see circulars.

REED, BATES, & AUSTIN, Wholesale Druggists, 26 Merchants' Row, Boston, Mass., general agents; Lyman & Co., Montreal; Lyman, Brothers & Co., Toronto; Hamilton & Kneeshaw, Hamilton; J. Musson & Co., and J. Bowles, Quebec; Charles Brent, Kingston; Strong & Scott, Cobourg; and by all the principal druggists throughout the Canadas.

AMERICAN HOUSE,

HANOVER STREET, BOSTON.

THE Undersigned having entirely **REBUILT** and **ENLARGED** the above extensive establishment, containing in all about three hundred and fifty rooms, would respectfully give notice that it is now ready for the reception and accommodation of the travelling community.

An extended notice of the unsurpassed conveniences of this House is deemed superfluous, as the numerous improvements which have been made cannot be properly given in an advertisement. Suffice it to say that no expense has been spared to render any apartment perfect.

The furniture was made expressly to order, regardless of cost, and certain portions of it, especially the Drawing rooms, will be found to be of the most beautiful and tasteful manufacture. The Dining rooms are capacious, and the hours for meals will be so arranged as to suit the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor pledges himself that the American House shall be truly the Travellers' Home.

LEWIS RICE.

MONTGOMERY HOUSE,

BOSTON, MASS.

TREMONT CORNER, BROMFIELD STREET.

THE subscriber would respectfully call the attention of the Travelling Public to the above named house, which during the past year has been

REFITTED AND THOROUGHLY RENOVATED.

For convenience to mercantile and business men, the location is peculiarly desirable, being about equally distant from all the Railroad Depots and Steamboat Landings, while its airy rooms, pleasant situation, and close vicinity to "Boston Common," peculiarly adapt it to those travelling for health or pleasure.

Thankful for the liberal patronage which he has received during the past season, the subscriber hopes by the strictest attention to the wants of those who may visit him, to secure a continuance of the public favour.

THOS. P. WILSON.

EDWARDS, HOLMAN & CO.,

MANUFACTURERS OF IMPROVED

SALAMANDER SAFES,

PATENT BANK, SAFE, AND STORE DOOR LOCKS,

Also, Gunpowder Proof Locks, Iron Store Fronts, Doors, Shutters, &c.,

46 & 48 CONGRESS STREET,

O. EDWARDS, E. HOLMAN, }
J. FERNALD.

BOSTON.

THE IMPROVED SALAMANDER SAFES have been before the public upwards of *twelve years*, during which time several thousands have been sold by the Subscribers, and in EVERY INSTANCE where they have been tested by fire, the results have given the most entire and complete satisfaction.

NEW YORK, 22nd July, 1845.

Messrs Edwards & Holman, Boston.

GENTLEMEN,—We take pleasure in informing you that our books and papers, which were placed in one of your improved Salamander Safes, were all preserved from the fire that consumed our store, 28 Broad street, corner of Exchange place, on the morning of the 19th inst., while letters and papers (of no great value) which were deposited in a safe built in the wall, were consumed.

The Safe made by you fell from the second story to the cellar, and was subjected to so great a heat that the knob and brass ornaments were melted off.

You will be pleased to send us one of your larger size, to supply the place of the old one, as soon as possible, and oblige

Your obedient servants,

COE, ANDERSON & Co.

FROM MESSRS JOHN EARLE, JR., & CO., BOSTON.

Boston, March 13, 1848.

GENTLEMEN,—Having been located in the block on Washington street where the great fire occurred on Friday night last, and being made sufferers by the event, we have the satisfaction to find that the contents of our Safe, which is of your manufacture, have not only been preserved, but are entirely uninjured. It is our pleasure, therefore, to recommend your "Improved Salamander Safes" to the notice of the public as being unquestionably "safe," the fact of which we have fully tested.

Respectfully yours,

JOHN EARLE, JR., & Co.

Testimonials similar to the above, from the following named gentlemen (together with several "Test Safes") can be seen at our Store, viz:—Messrs S. & H. Cutter, Thomas Whitmore, Henry Warren, James Boyd, Damrell & Moore, Boston; C. A. Paige, Southbridge; James N. Buffum, Lynn; John Cook, jr., & Co., Tallant & Macy, George H. Riddell, Nantucket, Mass.; David Bugbee, Bangor, Me.; John Mel, New York; Hewes & Cutler, San Francisco, Cal.; Charles H. Hurd, freight agent, Michigan Central Railroad, Detroit. Others might be named, but the above are considered sufficient to satisfy the most sceptical that the Improved Salamander Safes are truly "fire proof."

SLOAN'S OINTMENTS.

THE GREATEST

EXTERNAL REMEDIES

EVER USED.

Sold Wholesale and Retail, at Sloan's Medicine Depot, Buffalo, N.Y.

And all orders for the same from the States of New York, Pennsylvania, Eastern Ohio, and the Canadas, must be addressed to Wm. P. SLOAN, Buffalo, N. Y.

Prepared and Sold, at the Grand Depot, 40 Lake street, Chicago, Illinois, by W. B. SLOAN.

SLOAN'S FAMILY OINTMENT

Is composed of Vegetable extracts, and possesses power unequalled in the annals of Medicine, for the cure of inflammatory Diseases. It is MILD, SAFE, THOROUGH, and the greatest external remedy ever used. PAIN CANNOT EXIST where this Great Remedy is faithfully applied.

SLOAN'S HORSE OINTMENT.

For Purity, Mildness, Safety, Certainty, and Thoroughness, excels, and is now superseding all other Ointments and Liniments, for the cure of Horses, Cattle, and other domestic animals.

THE PROOF.

HEALING VIRTUES.

It is a *fact*, authenticated here, as well as all over the State, and indeed the whole Western States, that Sloan's Medicines have obtained a wide spread celebrity and reputation, to which they are justly entitled by their "*healing virtues*," and powers. We are not among those who are prone to endorse every patent humbug that comes along, and in this instance have delayed our endorsement until we have been able to make assurance doubly sure, not only by testing them personally ourselves, but from the testimony of a numerous portion of the community living around us.—*Illinois Globe*, April 13, 1850.

POPULAR OPINION.

If popular opinion is any criterion of the worth of an article, we invite the incredulous to read at least a few of the many voluntary certificates that appear in our columns respecting the great variety of remarkable cures effected by the use of "Sloan's Celebrated Ointment and Condition Powders."

These remedies no longer remain among those of doubtful utility, they have passed from the tide of experiment, and now stand higher in reputation and are becoming more extensively used than all other articles of the kind.—*Mich. City News*.

TESTIMONIAL.

To all to whom this may come, or in any way concern:—This is to certify that I applied W. B. Sloan's Salve to my horse's mouth when it was very bad with Black Tongue or Cancer—so bad he could not eat; and in two hours he eat as well as ever. And I further certify that it is a good medicine for human flesh, cuts and bruises.

O. B. CROFF, M. D. Bethany, Oct. 29, 1850.

Diseased Horses & Cattle require a free use of SLOAN'S Celebrated

CONDITION POWDER.

SAFE AND SURE REMEDY.—This is to certify that I have used and seen used to great advantage and benefit, SLOAN'S CONDITION POWDER for the different diseases for which it is intended, and I would recommend it to the Public as a safe and sure remedy especially for common colds, coughs, heaves, &c.

G. V. S. YOUNG, Perry Centre, Wyoming County, N. Y., Nov. 15, 1850.

COLD SPRING WATER CURE.

THIS Institution is situated about two miles North of the City of Buffalo in a rural spot surrounded with pleasant walks, which, for romance and beauty, are not surpassed in the United States. The location is high, dry, airy, and healthy, and the entire arrangements of the Cure are of the most modern style, and such as to give to patients a cheerful and comfortable home, while receiving all of the benefits which can be derived from water cure treatment. In connection with the cure is a gymnasium where about one hundred different kinds of exercises are systematically performed, which greatly facilitates a cure. From 1 to 3 lectures per week will be delivered by Prof. Davis, on physical education. Hygiene, &c., embracing the best instruction for promoting health and longevity, and avoiding disease. A line of Omnibusses run from the cure to the steamboat landings in Buffalo, every 10 or 15 minutes.

Medical Department.—This Institution is under the general supervision of S. M. Davis, M. D., professor of the principles and practice of medicine in Central Medical College. Mary M. Taylor, a lady of high medical attainments, who has pursued a regular course of medical studies, has charge of the *female department*.

TERMS.—For board medical attendance, &c., from 5 to 14 dollars per week, varying according to room and attention required.

Patients will be required to furnish themselves with three sheets, (one linen,) one woollen blanket, 2 comfortables, and 4 crash towels.

All communications for medical advice, should be addressed (post-paid) to

S. M. DAVIS, M. D.

239, Main Street,
BUFFALO, N. Y.

Communications relating to the business department, should be addressed to the Steward of Cold Spring Water Cure, Box 441, Buffalo, N. Y.

LAY BY YOUR TRUSSES.

Hernia or Rupture can be Cured!

The subscriber would respectfully announce to the public that he is possessed of the right to use and vend Dr. O. Hurlbut's Oppilative Patented Remedy for the CURE OF HERNIA OR RUPTURE!

It is a safe and easy remedy, requiring no surgical operation, but consists simply of plasters, peculiarly constructed, accompanied with an oil, very penetrating. The ingredients of which it is composed are perfectly harmless, but powerful in effecting a cure. In most cases the time required is fifteen or twenty days.

Persons troubled with the above complaint are respectfully requested to call at my DAGUERREAN ROOMS, ON MAIN STREET, CORNER OF EAGLE, where plasters can be had, and such information and instruction given as may be necessary in their use.

The above remedy has been in successful operation in the city of New York for four years.

No cure, no pay!

P. S.—Numerous certificates on hand, from persons that have been cured—some of fifteen and thirty-five years standing.

AARON BEAN.

Buffalo, November, 1850.

IMPROVED PATENT MELODEON.

GEORGE A. PRINCE & Co., MANUFACTURERS, 200 MAIN ST., BUFFALO, N.Y.

Wholesale Depot, 87 Fulton Street, N. Y., and 74 West Fourth Street, Cincinnati.

GEORGE P. REED & Co., AGENTS, No. 17 TREMONT ROW, BOSTON, MASSACHUSETT

View of the Five Octave Melodeon, Piano Style.

The Subscribers take this method of calling the attention of the public to a *New Musical Instrument* as yet but little known to the musical world, viz; Prince & Co.'s improved Melodeon—an engraving of which is herewith given.

It is now about three years since these instruments were first offered for sale, and during that time the increased demand for them has been unparalleled. One hundred and fifty workmen are constantly employed in the manufacture, and finishing from 75 to 80 instruments per week, and as yet they have not been able to supply the demands promptly.

For the benefit of those residing at a distance, and consequently unable to inspect the Melodeon before purchasing, we will endeavour to give a short description of the instrument.

The cases are made of Rose Wood, and are as handsomely finished as any Piano Forte. The Key Board is precisely the same as the Piano or Organ, and the tone, (which is very beautiful,) closely resembles that of the Flute Stop of the Organ—the notes speak the instant the keys are touched, and will admit of the performance of as rapid passages as the Piano. The Pedal on the left is intended for a *swell*, and with which the most beautiful effects can be produced. The Pedal directly under the instrument supplies the wind, and works so easily that a child can manage it without any exertion. The Bellows, (which is something entirely new, and for which a Patent was granted in December, 1846,) is a reversed or exhaustion Bellows, and it is this in a measure which produces the peculiar tone. The instrument can be *immediately made portable*, without detaching any part, the Bellows receding into the body of the instrument, and the legs folding under and springing to their places, leaves the whole in a compact form. Each instrument has a packing case secured by lock and key.

The volume of tone is equal to that of a small organ, and by means of the swell, may be increased or diminished at the pleasure of the performer; it is sufficiently loud for small churches, and is well calculated for a parlor instrument. Hundreds have examined them, and all have been loud in their praise; but the best evidence of their merit is the rapid sale. But it is a new instrument—a new invention, and is yet but little known in the musical world, and it is for this reason that we call to it

the attention of all lovers of Music, believing that there are thousands who would lose no time in securing one, were they aware of the existence of such an instrument, and the *low price at which it could be obtained.*

The following letter from LOWELL MASON, Boston, to G. P. Reed, we are permitted to use:—
Mr. Geo. P. Reed, No. 17 Tremont Row, Boston, Mass.

DEAR SIR.—At your request I have examined one of the Melodeons manufactured by Messrs. Geo. Prince & Co., of Buffalo. I think the Instrument in all respects equal, and in some respects superior, to any others of similar kind which I have seen, and in particular with respect to *quality of tone and promptness of touch*, or action of the reeds, by which quick passages may be performed with a certain and distinct articulation of tones. An instrument of this kind is the best substitute for an organ in Church Music with which I am acquainted.

Boston, Mass., Sept. 26, 1849.

LOWELL MASON.

View of the Five Octave Melodeon, Portable.

PRICES.

Four Octave Melodeon, extending from C. to C., \$45; Four Octave Melodeon, extending from C. to C., extra finish, \$55; Four and a half Octave Melodeon, extending from C. to F., extra finish, \$65; Five Octave Melodeon, extending from F. to F., \$75; large Five Octave Melodeon, piano style, \$100.

Just published, *Prince's Complete Instructor for the Improved Melodeon*, to which is added favorite

& Co. before purchasing. Many improvements applied are *exclusively our own*, and being the original manufacturers, our experience has enabled us to produce Instruments which a discerning public have unanimously pronounced superior to any thing of the kind hitherto manufactured. Many of the most eminent Musicians of the cities of New York and Boston have voluntarily given testimonials as to the high character of our Instruments, which can be seen on application.

All orders from a distance will be promptly attended to, and a written guaranty of their durability will be given if required.

Airs, Voluntaries, and Chants, arranged expressly for this Instrument. Price 75 cents

In consequence of the great success which has attended the introduction of Prince & Co's Melodeons, numerous imitators have sprung up in different parts of the country—offering instruments under the same name, and in outward appearance resembling them. We would therefore caution the public to be on their guard, and examine those made by Prince

BUFFALO

Piano Forte and Organ Manufactory.

THE subscribers respectfully call attention to the instruments now manufactured by them. An experience of over twenty years, aided by the best workmen, and with the use of the most popular modern improvements, has enabled us to turn out Piano Fortes, which have elicited the warmest commendation from competent judges, both at home and abroad.

No pains have been spared to produce Instruments, which, for beauty of finish, excellence of touch, and sweetness and volume of tone, will challenge competition; and the best evidence that we have succeeded in this endeavor, is to be found in the fact, that at the late fair of the American Institute, held in the City of New York, in October, 1850, our Piano Fortes, although in competition with those of the most celebrated makers both in Boston and New York, received the

First premium for the best Piano Fortes.

And the unqualified approval of most of the best professors of the Piano Forte then in the city, among whom may be named W. VINCENT, WALLACE M. STRAKOSCH, JAMES L. HEWITT, HERRMAN S. SARONI, and others.

ORGAN BUILDING.

THE SUBSCRIBERS WOULD STATE, THAT THEIR ARRANGEMENTS FOR BUILDING

LARGE OR SMALL ORGANS

of any required number of Stops are now perfected, and they are prepared to receive orders for Organs of every description. Mr. BENSON, the senior partner of the firm, having for many years been extensively engaged in the manufacture of Church Organs, we do not hesitate to engage to build instruments, which, for beauty of finish, purity of tone, and ease of action, shall be equal, if not superior to any manufactured in the United States. Also, constantly on hand, Parlor Organs of all sizes and finish, in Rosewood and other cases.

Reference can be given to Instruments now in use in this and other cities, manufactured by Mr B.

Orders should be addressed to

 BUFFALO, N. Y.

PAPER MILLS AND PAPER WAREHOUSE.

THE Undersigned having recently put into operation a large Mill in the vicinity of this City for the manufacture of Printing Paper exclusively, finding it quite inadequate to supply the demand, which is now large and constantly increasing, have made a further addition to their facilities, by purchasing the well known and extensive Paper Mill at Niagara Falls, lately owned by A. H. Porter, Esq. To this Mill they intend adding largely, increasing its present capacity, and introducing all the MODERN IMPROVEMENTS which are now in use in the large manufactories in the East, and which enable them to give their papers such superior finish and style generally. They will manufacture all the fine grades of

FOOLSCAP, LETTER, FOLIO POST, DEMY, MEDIUM, &c.

They will also add to their facilities for making NEWS and BOOK PRINTING PAPERS, the latter equal in point of color and surface to the *finest qualities* found in the Eastern market, and at

Lower Prices than have ever been sold in this City.

Their facilities for supplying Wrappers and other Coarse Papers are also good. These come direct from several large mills fitted up expressly for making this kind of Paper, and their whole stocks are consigned to this house if required.

THE OAK ORCHARD ACID MINERAL SPRINGS.

ANALYSIS.

The waters of these medicinal Springs have been analyzed by Professors B. SILLIMAN, Jr., and JOHN P. NORTON, of Yale College, Professor E. EMMONS, of Albany, and Dr. J. R. CHILTON, of New York.

Analysis by Prof's SILLIMAN and NORTON, of Yale College,—From Spring No. 1.

GRAINS IN ONE GALLON:

Sulphuric Acid, ...	134.732	Sulphate of Potash, ...	5.519
Proto-Sulphate of Iron, ...	28.623	Sulphate of Soda, ...	6.343
Sulphate of Alumina, ...	21.690	Chloride of Sodium, ...	2.434
Sulphate of Lime, ...	74.891	Silica, ...	4.592
Sulphate of Magnesia, ...	35.596	Grains, ...	314.420

Prof. EMMONS remarks, that "the peculiar character of these waters renders them useful in many chronic diseases, especially those of the digestive organs, and those of weakness and debility."

There are hundreds of well attested cures of a number of diseases—(especially those affecting the stomach, bowels, and urinary organs,)—diarrhoeas, dyspepsia, piles, dysentery, chronic mucous catarrh, diabetes and cystitis, pharyngitis, general debility and loss of appetite, humid asthma, chronic laryngitis, leucorrhoea and gleet, scaldhead and salt rheum, habitual constipation of the bowels, night sweats, the various forms of disease arising from an abuse of mercury; and, in short, the numerous cures it has performed in those various affections resulting from a scrofulous diathesis manifest an extraordinary activity not found in the usual remedies.

For diseases of the skin of every kind, even confirmed leprosy, the water is regarded as a certain remedy, if used a sufficient length of time; no failure to cure diseases of this nature has ever been known.

A CASE OF BLEEDING PILES.

St. Louis, January 10, 1850.

MR. FISHER,

DEAR SIR,—The dozen bottles of Oak Orchard Acid Spring water which you gave me last spring, entirely cured me of the distressing complaint (the bleeding piles,) of which I had been afflicted for ten years; and at times to such a degree that I could not leave my bed for weeks; and if I ever meet you again, I assure you I will try to reciprocate the favor. If I go east again next spring, I shall visit the Springs and again partake of their cooling beverage.—Yours, very truly,

(Signed,) JAMES SPENCER.

A Remarkable Cure of Pulmonary Disease.

DEAR SIR,—It is a duty I owe to the public to state the following facts in relation to the neuvitis of the Acid Springs of Alabama, Genesee county, N. Y. In the month of February, 1845, I was attacked with inflammation of the mucous membrane of the lungs: I was sick for a long time; at last I partially recovered, and lingering along in this situation, I received no help at all that was lasting. I employed all the physicians far and near, but could get no help from any of them. I then tried Brant's Balsam, but this could not save me. I had spells of bleeding, and spit a pint of blood in three minutes, and bled after this rate five times in twenty-four hours. At last I was given up by all—I gave up myself and thought I must die—my friends were often called to see me die. I have been so several times that I could not see, hear, nor stir. At last I was persuaded to try the Acid Water, and this was the "Sovereign Balm;" it restored me to health immediately.

It is two years since I commenced taking the Water; I have taken no other medicine, and have not seen an unwell day since.

(Signed,) J. C. BEECHER.

SOUTH BYRON, July 26, 1848.

COPY of a letter from the Editor of the Orleans American.

MR. GEO. A. FISHER,

ALBION, July 2, 1850.

DEAR SIR,—I wish to say a few words in regard to the Oak Orchard Acid Spring Water. For a number of years past I have suffered more or less constantly with the Dispepsia, and within a few years, much from the Erysipelas. In the fall and winter of 1848, I had a very severe time with the latter, and was confined to the house for six weeks. My condition was an aggravated one indeed. I was literally *skinned alive* three times, and this state of things was only arrested by the application of a hot bath, the water strongly impregnated with Alum and Salts. After trying various remedies and taking down large quantities of Sarsaparilla, with but poor success, I tested the Acid Spring Water. In its use I recovered my health, and I think that I was never less Dispeptic than I have been since, although continuing in sedentary habits. For Debility, Weakness of Stomach, Dispepsia, and Scrofulous Complaints, I think the Acid Spring Water has no equal.—Yours, &c.,

J. H. DENIO.

All orders to be addressed to GEO. W. MERCHANT, Lockport, N. Y. Sold by Druggists generally in the U. S., Canada, and the West Indies.

IMPORTANT TO THE

Farrier, Farmer, and Stage Proprietor!**A GRAND CHEMICAL DISCOVERY!****GEO. W. MERCHANT'S CELEBRATED GARGLING OIL.****Interesting to Farmers.**

MR. MERCHANT—Dear Sir—About three years ago I had occasion to make use of your Gargling Oil, and have since made a great use of it, and will therefore give you some account of my success, as it may be of value to farmers and others, who have not yet become acquainted with its virtues. I have used it in almost every kind of external complaints on horses, in many of which, other medicines entirely failed to help, with decided

success. In one case of a very bad spavined Shoulder, by strict attention and prompt application of the Oil, I cured in three days so that the horse was fit to use. I can also produce many who have used the Gargling Oil without a failure, who will verify the truth of the above statement. I wish that you would make an agent for the sale of it, at or near this place, which I think would be much to your advantage.

PETER HILMAN.

Brant, Erie Co., Aug. 15, 184

UNPARALLELED IN THE HISTORY OF MEDICINE AS THE MOST REMARKABLE
EXTERNAL APPLICATION EVER DISCOVERED FOR

HORSES, CATTLE & HUMAN FLESH.

Ignorance of facts and philosophy, start at the assertion that any one remedy can possess within itself the virtue of curing many diseases. Experience of more than fourteen years has nevertheless established the fact that Merchant's Celebrated Gargling Oil, or Universal Family Embrocation, will cure most cases, and relieve all such as

FLESH WOUNDS, GALLS OF ALL KINDS, SPRAINS, BRUISES, CRACKED HEELS, RING BONE, POLL EVIL, WINDGALLS, CALLOUS, SPAVINS, SWEENEY, FISTULA, SITFAST, EXTERNAL POISONS, CHILBLAINS, CORNS, WHITLOWS, CAKED BREASTS, CRAMPS, BOILS, BITES OF ANIMALS, SPRINGHALT, SAND CRACKS, LAMENESS, STRAINS, FOUNDERED FEET, WEAKNESS OF THE JOINTS, CONTRACTIONS OF MUSCLES, SCRATCHES OR GREASE, HORN DISTEMPER, MANGE, FROST BITES, RHEUMATISM, BURNS AND SCALDS, CHAPPED HANDS, SWELLINGS, PAINFUL, NERVOUS AFFECTIONS,

AND MANY OTHER DISEASES INCIDENT TO MAN AND BEAST.

It is allowed by farriers, and all who have used it, to be decidedly the best application for horses and other domestic animals, of any now in use; and may be used as an internal remedy, in some cases with surprising results. And it is here worthy of special remark, that besides its great and extraordinary powers in the cure of diseases of the horse, in which its virtue first attracted the attention of the farrier and farmer, and the wonder of the public generally, it has been successfully employed in a great variety, of the maladies which affect the human race. It has proved by the wonderful cures it has performed on the lower animals, that it is endowed with curative properties not found in other horse oils, which has established its claims to general confidence.

To OWNERS OF HORSES.—This may certify that I have had for many years the care of from one hundred to two hundred horses and have made use of Merchant's Gargling Oil for two years past, and can safely say, that for all the diseases that horses are liable to, I never saw its equal. I use about one bottle per month, and recommend it to the public, as the best medicine for horses now in use.

E. D. MINOR.

G. W. MERCHANT, Lockport.—DEAR SIR,—I purchased a bottle of your Gargling Oil of your Agent, A. L. Baker, at Middleport, and as yet have used only about half of it. I think it has given me more relief, in a case of severe Rheumatism of long standing, than anything I have ever used before.

Yours truly,

ENOS MATHER.

A Physician's Testimony.—The Eminent Dr. PARKER writes as follows:

DEAR SIR,—I have prescribed your Gargling Oil in various cases of Practical Surgery, as a liniment, with marked success, and would commend it to Physicians generally for external use in all contusions, tumors, sprains, white swellings, and in all rheumatic affections, where external means are necessary. As a discutient it is harmless where the febrile symptoms have been reduced by general treatment. In such cases it is the most efficient remedy within the circle of means now in use.

Prepared at the Laboratory of GEO. W. MERCHANT, Lockport, N. Y., U. S. A., to whom all Orders may be addressed.

Selpho's First Premium Anglesen Leg.

Introduced into the country and made solely by W. SELPHO, 24 Spring st., N. Y. This description of Artificial Leg derives its name from the celebrated Marquis of Anglesey, who lost his leg in the battle of Waterloo, by whom it has been adopted and worn ever since its first invention by the late ingenious Mr. Potts of London, to whom the present artist was 11 years a pupil and assistant.

"I have seen the artificial leg of Mr. Selpho; its construction appears excellent and well calculated to answer all the objects desired. But the best of all is the proof of those who wear them; this is positive and undeniable. Some of my friends whom I have mutilated inform me they are superior to all others.

"VALENTINE MOTT,

"Prof. of Surgery University, of N. York.

Also, SELPHO'S ARTIFICIAL HAND.—An entirely new and useful substitute for a lost hand, so arranged that the wearer can open and shut the hand by means of the remaining stump. W. S. will give further information by application or by letter, post paid.

CHEAP CASH BOOK STORE.

W. M. HOLDREDGE,

140 FULTON STREET, NEW YORK,

HAVING purchased the Wholesale BOOK AND PUBLISHING ESTABLISHMENT of the above number, respectfully invites *Merchants, Pedlars, Clergymen, Colporteurs, Agents, Clubs, Public and District School Committees*, and all others in want of Books or Stationery, **CHEAP**, to give him a call.

He will keep constantly on hand, a new and fresh Stock of Miscellaneous Books and Stationery, comprising all the new *popular and valuable Works of the day*, which will be offered for cash or city acceptances, much below the market prices.

All goods ordered not found satisfactory, may be returned in good order, free of charge, and the money paid will be refunded.

His stock comprises a large assortment of School, Miscellaneous, and Standard Books, among which will be found a constant supply of the following popular Works.

COUNTING HOUSE CONVENIENCES.—Mr. W. Holdredge, No. 140 Fulton Street, New York, has presented us with a new style of Letter Fyle, "a patented article," with the form of a book, the size of a cap sheet of paper, and thick enough, we should think, to file 350 letters. By this plan a week's letters may be filed in a few minutes, and are so arranged as to be referred to with the same ease as a posted account on your ledger. The price is only \$1.—*Albany State Register*.

*. A liberal discount to the trade.

LUCIUS S. COMSTOCK,

NO. 57 JOHN, NEAR WILLIAM STREET,

NEW YORK,

Wholesale Chemist, Druggist & Perfumer.

EVERY ARTICLE WARRANTED GENUINE.

A scandalous set of falsehoods reflecting upon the Subscriber, were published in a paper called the Era, and circulated about two years since through Canada West, by a notorious quack establishment in New York. This has lately come to the knowledge of the Subscriber, and the libeller will soon meet his deserts—though he hopes to escape by money.

Numerous other vile attacks have been made upon me by miscreants in various quarters, which have covered their authors with disgrace and infamy, and now I am called upon to defend myself and others from extensive piracies upon my medical preparations, which *can be done*, if honest and attentive tradesmen will notice and remember the following cautions.

New York, February, 20, 1851.

L. S. COMSTOCK.

NOTICE. All preparations heretofore known as "COMSTOCK'S" or COMSTOCK & CO.'s, always belonged & now belong **EXCLUSIVELY** to Dr. Lucius S. Comstock; and though the signature of Comstock & Co. will be continued, this extra label with the fac simile signature of Dr. L. S. C. will in future designate the **GENUINE.**

ALL OTHERS MUST BE SPURIOUS.

Lucius S. Comstock

LUCIUS S. COMSTOCK,

The sole proprietor of all the Medicines and effects of Comstock & Co., to show **FACTS UN-ANSWERABLE**, has, with the following signatures to it, a contract showing that the undersigned never knew, and could not know his recipes, and then added as follows:

"Nor shall any of the firm have any right after the termination of the partnership, to use the present TRADE MARKS OR NAMES OF ARTICLES OF THE PRESENT FIRM of COMSTOCK & Co., or Dr. L. S. COMSTOCK, except it be said L. S. COMSTOCK.

(Signed.)

GEO. WELLS COMSTOCK,
JNO. CARLTON COMSTOCK."

Dated January, 1849.

The partnership began March 1849, and ended August 1st, 1850.

Responsible persons on sending their names and stating their business and reference, will be made sole agents for their part of the country, and have a good assortment of these articles sent them to sell, with hundreds of Almanacs for next year to give away, containing advertisements of the articles and their own advertisements, and will have the privilege of advertising in the newspapers, and have the goods so they can double their money on them—paying for such only as they sell—provided they will send me only their orders for Comstock's medicines.

It is believed that agents can make from \$50 to \$500 per year by this agency, according to the size of their places and the extent of their trade.

Address L. S. COMSTOCK, Wholesale Druggist and Perfumer, 57 JOHN, near William Street.

N. B.—This direction is necessary to avoid mistakes, as I have no connexion with any other concern in New York.

The following list comprises the leading articles:—

Oldridge's Balm of Columbia, Nos. 1 and 2.
Essence of Tyre.

Extract of Sarsaparilla, prepared by C. & Co., equal to any in use, quarts and pints.
Magic Hair Oil, (Oregon.)
Mrs. Brown's Pain Killer.
All the old Patent Medicines, &c., at low prices.

CLIREHUGH'S PATENT

TRICOPHEROUS,

OR

MEDICATED COMPOUND.

THIS agreeable and valuable preparation is now established, beyond all cavil or dispute, as the only article ever known which will, in every instance, and at all ages, when properly applied, prevent and cure BALDNESS and GREY HAIR, restore it to its original color, entirely remove scurf and dandruff, and cure all eruptions or roughness of the skin.

Thousands have testified to the entire recovery of their hair, after having lost it for years, and at various periods of life. No matter how thin or weak, coarse, dry, or harsh the hair may be, it will be restored to a soft, glossy, healthy, and luxurious crop, if the TRICOPHEROUS be regularly applied. Those who have been threatened with premature grey hair, have, by the TRICOPHEROUS, not only stopped their progress, but had their hair changed to its original color.

It so acts through the skin upon the oil glands, and vessels containing the colouring matter, or pigment, as to cause hair to change gradually and imperceptibly from Grey to its original color, whether brown or black. Red, sandy, or flaxen colored hair, is made to look dark and glossy, while harsh, dry, or crisp hair is rendered soft, moist, and pliable. Whiskers are made to grow thick and strong, while they are preserved in colour from the effects of the many strong alkaline soaps.

Thus the TRICOPHEROUS is calculated to supersede the use of all those disagreeable and uncertain Hair Dyes, disagreeable and troublesome in their use, uncertain and unnatural in their effects; while, by the aid of the TRICOPHEROUS, a few weeks will suffice for the hair to undergo a change, so gradual as ultimately to give to that hair which may have become prematurely grey—not a dyed appearance—but the natural colour, gloss, and softness of youth.

The composition of the TRICOPHEROUS differs entirely and completely from every other article for a similar purpose, as it is not intended merely to anoint the hair, but is applicable to the skin, and to act, through it, on the nerves, blood-vessels, and absorbents, connected with the root or bulb of the hair. The certain preservation of the hair and its colour is thus guaranteed to all who will adhere to the directions or advice of Mr. Clirehugh. The prescribed use of the TRICOPHEROUS has been found a certain cure for all cutaneous diseases of the scalp, whether in children or adults. Scurf, Dandruff, and other excrescence thrown off by the skin, even in its most healthy state, disappear under the influence of the TRICOPHEROUS, leaving the skin clear, healthy, and active.

The TRICOPHEROUS, from its irritant and blistering principle, has proved, to ladies, an invaluable restorative, where the hair has fallen off from the seams or divisions, being overstrained, or too tightly tied: where the hair has become weak from confinement, or from any other cause peculiar to the female constitution; and its occasional use will preserve the hair to the latest period in life.

Like every article of high character and sterling worth, CLIREHUGH'S TRICOPHEROUS has to pay the penalty of its popularity. It has been counterfeited by an unprincipled empiric, who without talent or brains, has fraudulently stolen, and given to his vile trash the name Tricopherus, by which it is foisted on the public through advertisements containing the most barefaced falsehoods, but the many complaints, and applications for advice, made daily to Mr. C., show that the loss of the hair and destruction of the skin has never failed to follow the use of so deleterious a compound. CLIREHUGH'S TRICOPHEROUS is the *only original and genuine* in the world, and being secured by letters patent of the U. S., the public are thus protected, as no one dare use the same ingredients. Bear this in mind. The genuine is warranted to perform all that is promised.

The counterfeit is only half the size of the genuine, and is sold for 25 cents. The public are cautioned and reminded in all cases to ask for Clirehugh's Tricopherous, which is sold at \$1, and observe his written signature on the outside wrapper.

If Ladies and Gentlemen intend to use the Tricopherous, let them use the genuine; do not let them be tempted to use a counterfeit because it is cheap, even although it bears the name Tricopherous, as that name is used only to entrap the unsuspecting.

Read CLIREHUGH'S "TREATISE ON THE HAIR," accompanying each bottle.

Principal Office, 179 Broadway, N.Y., where advice is given by Mr. CLIREHUGH on all diseases connected with the growth of the Hair.

Sold wholesale and retail by Francis Richardson, Toronto; Hugh Miller, Toronto; Lyman, Brothers & Co., Toronto; Alfred Savage, Montreal; Allan Turner, Brockville; T. Bickle & Son, Hamilton; Frederick Wise, Quebec; and by all hair dressers, druggists, and perfumers in the United States, England, France, East and West Indies, &c.

DYSPEPSIA.

VEGETABLE DYSPEPSIA BITTERS

THE MOST POPULAR FAMILY MEDICINE OF THE AGE! USED BY PHYSICIANS OF HIGH STANDING.

These BITTERS remove all morbid secretions, purify the blood, give great tone and vigor to the digestive organs, fortify the system against all future disease, can be taken with safety, at no time debilitating the patient—being grateful to the most delicate stomach, and remarkable for their cheering, invigorating, strengthening, and restorative properties, and an invaluable and sure remedy for the DYSPEPSIA IN ITS WORST FORMS.

Also, liver complaints, jaundice, heartburn, costiveness, faintness, disorders of the skin, liver and kidneys, loss of appetite, low spirits, nervous headache, giddiness, palpitation of the heart, sinking and fullness of weight at the stomach, and all other diseases caused by an impure state of the blood, liver, &c., which tend to debilitate and weaken the system.

FEMALES who suffer from a morbid unnatural condition, will find this Medicine of **INESTIMABLE VALUE**. In ALL CASES of GENERAL DEBILITY, this Medicine **ACTS LIKE A CHARM!**

THOUSANDS have tested its efficacy, and thousands more are now under treatment; and not one solitary case of failure has yet been reported.

[From the Evening Post.] **SUCCESS UNPARALLELED!**—The stomach prepares the elements of all the fluids which feed and sustain life. To that organ all internal remedies are primarily addressed; and never has a medicine been introduced, within our time, that seemed so admirably adapted to restore the digestive powers, when debilitated, to their full vigor, as this wonderful combination of the tonic alterative, and corrective principles. In dyspepsia, bilious complaints, general debility, nervous affections, and all the long catalogue of diseases which form the melancholy addenda of indigestion, we consider HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS the only sure, safe and radical remedy.

[From N. Y. Star.] **A VALUABLE MEDICINE**, we should take HUTCHINGS' BITTERS to be, if we may judge from the numerous certificates of most worthy and reliable people, which we see published almost daily. That cruel disease, Dyspepsia, which so often defies the usual medicines, is said to yield readily to the powerful curative qualities so artfully compounded in this great antagonist of disease.

[From N. Y. Tribune.] **HUTCHINGS' DYSPEPSIA BITTERS**.—From want of exercise and many, other causes, a very large number of females are afflicted with Dyspepsia and other complaints proceeding from indigestion; and there is no preparation in the whole range of pharmacy so peculiarly applied to their delicate organization as HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS. In cases of hysteria, heartburn, sick headache, liver complaint, general weakness, lassitude, nervousness, and in all the distressing results of indigestion and other functional derangements, they will find its cordial, bracing and alterative properties the remedy, and, as we believe, the only safe and assured remedy for their ailments.

[From Sunday Times.] **DYSPEPSIA**.—Thousands endure the terrible affliction of Dyspepsia, without an attempt to alleviate the cause of their sufferings. To all such we would advise the use of HUTCHINGS' VEGETABLE DYSPEPSIA BITTERS. Numerous families of our acquaintance lay in their quarterly stock of these Bitters as they do other indispensables, and they are right. A small wine glass full taken the first thing in the morning, will be found most efficacious.

Circulars, containing the Certificates of Remarkable Cures, and the high estimation in which this Medicine is held by the Public Press, can be had of the Agents, free. Price, 50 Cents per Bottle.

Principle Office, 122 Fulton street, N. Y., up stairs. In Canada—W. Lyman & Co., Montreal; T. Musson, Quebec; Charles Palmer, Kingston.

LYON'S MAGNETIC POWDER,

FOR THE DESTRUCTION OF

**Cockroaches, Bed Bugs, Moths, Ants, Flies,
Fleas, and Insects on Plants:**

Also PILLS for the destruction of RATS and MICE,

Within five minutes after being thrown in their vicinity.

WARRANTED WITHOUT POISON.—PRICE, FLASK OR BOX, 50 cts.

This PREPARATION is a Powder compounded of Plants, Herbs, and Flowers, free from any substance which could possibly injure man or domestic animals, and is devoid of any disagreeable odour. It has been examined by the medical faculty of *France, Russia, Sweden, and Denmark*, from all of whom he has ample testimony of its efficacy.

PRINCIPAL DEPOT, 424 Broadway, near Canal Street.

READ THE FOLLOWING LETTERS!

EMANUEL LYON, Esq.,

NEW YORK HOSPITAL, June 1, 1850.

Dear Sir:—It affords me great pleasure in stating that I have extensively used your Powder for the destruction of Insects of all kinds, (especially Bed Bugs and Roaches) and unhesitatingly pronounce it the best and only article so effectual in its operations. I have also experimented with your Pills, and find them equal in all respects with your statements. Hoping that you may prosper, I remain your friend,

JOHN L. ROOME, Supt. N. Y. Hospital.

New York, Irving House, April 21, 1849.

I have used Emanuel Lyon's Magnetic Powder and Pills for the destruction of Insects and Vermin, and have found the most happy result, and cheerfully recommend them to those who may be troubled with these insects, as a sure method of destroying them.

DANIEL D. HOWARD.

We certify to the above—

PROF. A. C. BARRY'S TRICOPHEROUS, OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the HAIR, removing the scurf, dandruff and all affections of the scalp, and curing eruptions on the skin, diseases of the glands, muscles and integuments, and relieving stings, cuts, bruises, sprains, &c. With this preparation "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands and muscles, it has no equal, among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article have enabled the Inventor to supply it at retail, at 25 cents per bottle, which is from 50 to 100 per cent. less than the price of any other preparation for the hair now in use. The scientific treatise on the hair and the skin, (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the root with moisture, and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, grayness, dryness and hardness of the ligaments, and entire baldness, as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the affect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injury of these organs, it is a sovereign remedy.

Sold, in large bottles, price 25 cents, at the principal office, 137 Broadway, New York: and by the principal Merchants and Druggists throughout the United States and Canada.

THE VIRGINIA TOBACCO AGENCY, No. 45 WATER STREET, NEW YORK.

REMARKS.

THE GREAT INCREASE IN THE SALE OF

READY-MADE CLOTHING

Is attributable as much to the vast improvement in the style and quality of the garments, as to the fact that the convenience of finding every garment fashionably made to one's hand, SAVES TIME AND MONEY.

It is, we believe, admitted that we have done more to effect this revolution in the Clothing Trade than any other house in this city; and with a stock of immense variety, little short of

\$200,000 IN VALUE,

to select from—our wholesale rooms containing Clothing suited to every market in the United States and South America—with our many appliances for keeping up and constantly improving the style and quality of our work—by procuring for our city department every desirable style of goods and fashion of garments so soon as introduced in this or foreign markets—

And with the determination to spare no pains to give entire satisfaction, both to our city and country trade, as well on the score of ECONOMY as of TASTE, we cannot fail to continue to do the largest clothing trade, at wholesale and retail, in the world.

D. & J. DEVLIN.

UNITED STATES WHOLESALE CLOTHING WAREHOUSE.

N. York, N. Orleans, and Mobile Express.

CONNECTING with the SWIFTEST and MOST RESPONSIBLE EXPRESSES, between the principal Towns in *Maine, New-Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, Lower Canada, New-York State, Delaware, Pennsylvania, Maryland, District of Columbia, Indiana, Ohio, Illinois, the Western States generally, the Mississippi and Alabama River towns, and the prominent places in Georgia and the Carolinas.*

Our facilities are so extensive and perfect, that we can secure the safe and speedy TRANSPORTATION OF FREIGHT, TRUNKS, PACKAGES, and VALUABLE PARCELS, from one end of the country to the other, and between the most remote points.

From our many years' experience in the EXPRESS business, while connected with Messrs. ADAMS & Co., and our numerous advantages in other respects, (not the least of which is the confidence and patronage of the New-York community,) we feel assured that we shall never cease to give the most entire satisfaction to our friends the Jewellers, Bankers, and Merchants generally.

We beg leave to call attention to our *California Express* from New-Orleans, and our *Express between New-Orleans and Mobile.*

CUSTOM-HOUSE BUSINESS.—One department of our establishment at 19 WALL STREET, is devoted to the business of Custom-House Brokerage; and Importers at a distance from New-York desirous of having goods passed through the New-York Custom-House, and forwarded to them with fidelity and dispatch, can have it done at a very moderate cost, by sending us the requisite papers, &c.

INSURANCE.—Where Marine Insurance on Freight is desired, we will insure it at the best New-York offices, and include the premium in our charges.

Freight should be directed to the "*Care of Stimson & Co.'s N. York, N. Orleans and Mobile Express.*"

☛ Prompt attention paid to the Collection of Notes, Drafts and Bills.

E. S. & Co., having been employed by *Her Majesty's Mail and other public offices*, feel great confidence in offering their services to the Canadian Public.

GREGORY'S CALIFORNIA EXPRESS.

THIS LINE, one of the oldest established in the business, despatch messengers twice every month by steamers leaving New-York and San Francisco, in charge of Letters, Parcels, Packages, Gold Dust and valuables, for distribution throughout the United States and California. BEING INVARIABLY AHEAD OF THE MAILS, the best medium is presented to the public for the prompt dispatch of correspondence. LETTERS FOR CALIFORNIA, under envelope, addressed to "J. W. Gregory, 149 Pearl-street," or to the subscribers, post-paid to New-York, will be forwarded by first steamer after receipt.

Every information will be furnished, on application, concerning the sailing of different steamers, and the expense of forwarding the goods, via the Isthmus, to California. Tickets secured for the different steamers for parties residing at a distance, payments for which can be made in drafts, payable to the order of the proprietors of the steamers.

FRENCH'S HOTEL,

Corner of Frankfort St. & City Hall Square,

(OPPOSITE THE CITY HALL AND PARK FOUNTAIN,)

NEW YORK CITY,

Was built and opened by the Subscriber, May 1, 1849, who trusts that for CONVENIENCE, ELEGANCE, COMFORT and ECONOMY it cannot be surpassed in the world. It contains more rooms than any other Hotel on this Continent save one only, all of which are warmed gratis. They are all fitted up with marble top wash stands which are supplied with Croton water through silver plated cocks. There is but one bed in a room; the halls and water closets on every floor will be lit with gas during the night. This Hotel is in the

IMMEDIATE VICINITY OF MERCANTILE BUSINESS

AND THE PRINCIPAL PLACES OF AMUSEMENT, and offers every inducement to those who consult CONVENIENCE, ELEGANCE and ECONOMY, as the prices will be sufficiently moderate to suit any portion of the travelling public. There is a BARBER'S SHOP and an extensive range of BATH ROOMS connected therewith. The Hotel will be conducted on the European plan of lodging rooms, and meals as they may be ordered in the spacious and splendid Refectory.

Porters will be up during the night to admit Lodgers, and also to call them at any hour they may desire, and in no case will servants be permitted to exact or receive perquisites.

ESTABLISHED IN LONDON, 1810.

BLAKE'S Patent Fire Proof Paint.

84 PEARL STREET, NEW YORK.

This extraordinary substance is found in a stratum of rock in Sharon, near Akron, Ohio. When taken from the mine it has all the appearance of the finest Indigo, and is no harder than cold tallow, but exposure a few days to the atmosphere turns it into a hard SLATE or STONE. It is reduced to fine powder, mixed with Linseed Oil to the consistency of thick paint, and applied with a brush, and after exposure for a few months to the atmosphere, this coating becomes a perfect slate, protecting whatever covered from the action of the WEATHER and from FIRE. It has been found upon analysis by Dr. CHILTON, of this city, to consist of larger proportions of Silica, Alumina Prot. Oxide of Iron and Magnesia, with lesser of Lime and Carbon: the transition, therefore, according to the opinion of Drs. Chilton and Locke, from the liquid paint to the hard slate is accounted for according to nature's own laws; as the oil absorbs and evaporates by the action of the atmosphere, the powerful adhesive attraction incident to the Prot. Oxide of Iron, binds and attracts not only the particles together, but also to the substance covered, so that the longer on, the more powerful the attraction, consequently the harder the slate, and the closer it will adhere to the substance applied. It is being used extensively for covering roofs of either shingles, matched boards, tin, zinc, sheet iron or thick paper. There is nothing equal to it for Steamboat or Car decks, and for all kinds of Iron, as it forms a coating nearly as hard as the iron itself, and never cleaves off, it is a perfect DESIDERATUM for old leaky Tin roofs as it enters into all the cracks and forms a complete stone coating over the whole roof.

It is used upon brick walls both as a paint and cement. It forms a perfect stone coating, through which not a particle of moisture can pass. In fact, it can be used upon anything you wish to protect from fire or weather. The Government granted me, on the 28th March, 1848, a patent for the discovery of its application as a fire and weather proof composition, or artificial slate.

The Fair of the American Institute, held last Fall, awarded me a medal, and the Fair of the State of New York, a Diploma. The Examining Committee of the American Institute, of whom Dr. J. R. Chilton was Chairman, and had some three years previous analyzed it, states in the report, that it was an article superior to anything that had been presented as a weather and fire-proof covering.

CERTIFICATES.

This may certify that we have been acquainted with "Blakes Patent Fire Proof Paint" for some years and are well assured that it is really what its name indicates—FIRE-PROOF, we consider it a better fire-proof than Tin or Zinc, and will insure buildings well covered with it at a much lower premium than those covered with the above mentioned metals.

H. K. SMITH, Sec. Summit Mut Fire Insurance Co.

DAN'L S. LEE, Agent of Medina Co. Mutual Insurance Co.

D. B. HADLEY, Agent of Stark Mutual Insurance Co.

R. F. CODDING, Agent of Portage and Farmers Insurance Co

BLAKE'S PATENT FIRE PROOF PAINT.

LOOK OUT FOR FRAUD!

For the past few months there have been scores of individuals engaged in digging, grinding, and sending to a distance all kinds of STUFF, much of it no better than dirt from the street, or clay from any bank, calling it all good Fire and Weather Proof Paint, like mine they say, but of a different colour. Now it is impossible for them to know anything of the *weather-proof* qualities of this counterfeit article, as it has not yet been two years since they first commenced digging it and according to the opinion of Dr. Chilton, of New-York, and Dr. Lock, of Cincinnati, this *stuff* is entirely worthless as an outside coating, as it has neither the *Red* nor the *Black Oxide* of Iron in it, consequently there can be no cohesive attraction; therefore, as the action of the atmosphere destroys the oil with which it is applied, it will wash or rub off like chalk or whitening. I have the certificates at my office of more than twenty inhabitants of Sharon, Ohio, where the paint is made, who state that they have used this counterfeit stuff and it has proved entirely worthless, and there has been such an entire failure of the different kinds of stuff got up and sold as fire-proof paint, except Blake's that his only is considered worth using. Others are endeavoring to sell an article, similar to mine in violation of my patent, contending that my patent is invalid and that they have a right to manufacture and sell the substance.

Extract from the New-York Sun.

Blake's Patent Fire-proof Paint—We last season procured a sufficiency of this most singular and valuable article to cover the roof of the *Sun Building*, and now find that it proves all that was said of it, as there is not a check or crack to be seen, but is now one continued sheet of stone over the whole roof, and the tread upon it does not seem to effect it although it is upon tin, the roof leaked badly before it was applied, but has been perfectly tight since. We understand that Mr. BLAKE spent his whole time, for more than three years, in experimenting with the pigment, at length he discovered that by reducing it to a powder and mixing it with oil, he had a compound that could be as easily applied as ordinary paint, and in a few-months would become a perfect *Slate* or coat of mail, protecting whatever covered from the action of the weather and fire. He now might have well exclaimed "*Eureka*" i.e. "I have found it," for it was a *desideratum* that had for centuries been sought in vain. This paint has proved so popular that hundreds, we understand, are getting up all kinds of worthless stuff, and selling it as Fire-Proof Paint. It therefore will be well to be particular and see that every package has Mr. BLAKE'S stamp upon it, as it is a patented article, therefore if they get that that makes the genuine artificial slate of others they expose themselves to a prosecution for an infringement of his patent, but if a worthless counterfeit article, of course they lose their money. The genuine article can be found at the *gen Depot*, No. 84 Pearl Street, by WM. BLAKE, the patentee.

The public therefore will be particular and see that every package has my brand upon it, for if they get the powder from others that will make the genuine Artificial Slate, they make themselves liable to me for an infringement of my patent, and if they get the spurious article of course lose the money they pay for it.

WILLIAM BLAKE,

84 Pearl Street, NEW-YORK.

AGENTS.—WM. LYMAN & Co., Montreal, L. C.; ALFRED BOOKER, Jun., Hamilton, C. W.

June, 1851.

ANTI-PYRIC PAINT.

Fire, Weather, and Water Proof.

MANUFACTURED BY

THE NEW YORK ANTI-PYRIC PAINT COMPANY,

For the Roofs of Dwellings, Warehouses, Bridges, Fences, and all Articles that require Protection from FIRE, WEATHER, OR WATER.

TO THE PUBLIC.

The Anti-Pyric Paint Co. are prepared to fill orders for their incomparable Anti-Pyric Paint. They wish it to be distinctly understood, that their Paint is distinct from any of the various *ground rocks, slates, clay, or mud*, which are puffed and sold in the market as Fire Proof Paint. The Paint offered by this Company is manufactured from proper materials only, scientifically prepared and combined, and as such it is offered to the public, with the full assurance that in its protective properties against Fire and the Elements, it is superior to any article ever used in the form of Paint; and that, after all the earths and native Paints, (so called) have had their day and failed, the Anti-Pyric Paint alone will maintain its reputation as a perfect protection against the weather, falling sparks or cinders, and a not too immoderate heat from the direct action of Fire. It has no *deleterious articles in it*, will not crack, peel off, or wash away, but hardens by time and becomes permanent and imperishable by age! Thousands have used it for the last three years without a single failure.

Constantly on hand and for Sale at the Depot of the Company, by GEO. G. SHEPPARD,
THEIR SOLE AGENT, 187 WATER STREET, NEW YORK,

Where may be had Certificates of its qualities, and full directions for using it.

THE UTILITY OF PHRENOLOGY.

To Know Ourselves is a matter of the greatest importance, and there is no other means by which we can acquire this knowledge so well as by the aid of Phrenology. It teaches us for what occupation in life we are by nature best qualified, and in what pursuit we may be most successful.

To Parents and Teachers it will unfold the true capacities and dispositions of their children and pupils, and thus enable them the more successfully to govern and instruct them. It will enable the Physician to understand the causes of insanity, and greatly assist him in restoring his patient.

It will aid Manufacturers in selecting Apprentices best adapted to particular occupations, Merchants in selecting confidential Clerks, Shipmasters in selecting Crews, and, what is of still more importance, will guide us correctly in selecting Congenial Companions for Life, and enable us to adapt ourselves to each other, when a difference in disposition exists.

It is a powerful Lever of Self-Improvement, in Moral and Intellectual advancement.

THE PHRENOLOGICAL CABINET; 131 NASSAU STREET, N. Y.

Contains Busts and Casts from the heads of the most distinguished men that ever lived; also Skulls, both human and animal, from all quarters of the globe—including Egyptian Mummies, Pirates, Robbers, Murderers, and Thieves; also numerous Paintings and Drawings of Celebrated Individuals, living and dead; and is always free to visitors, by whom it is continually thronged.

PROFESSIONAL EXAMINATIONS.

With written and verbal descriptions of character, given when desired, including directions as to the most suitable occupations, the selection of partners in business, congenial companions for life, etc., etc., all of which will be found highly useful and interesting.

THE PHRENOLOGICAL JOURNAL.

To reform and perfect ourselves and our race is the most exalted of all works. To do this we must understand the Human Constitution. This Phrenology and Physiology embrace, and hence fully expound all the laws of our being, conditions of happiness, and causes of misery.

Each number will contain either the analysis and location of some phrenological faculty, illustrated by an engraving or an article on their combinations; and also the organization and character of some distinguished personage, accompanied by a likeness, together with frequent articles on Physiology and the Temperaments. This Journal is published by

FOWLERS AND WELLS,

Clinton Hall, 131 Nassau street, New York.

PHRENOLOGICAL CABINET.

Strangers and Citizens will find the Phrenological Museum an agreeable place to spend a short time, as it contains many rare curiosities. Phrenological Examinations, with Charts, will be made at all hours, when desired. Written descriptions of character, also, promptly prepared. Our Office is in Clinton Hall, 131 Nassau street, N. Y.

THE GREAT VEGETABLE MAGIC PAIN DESTROYER,

For the Cure of Ague in the Face and Breast, Abrasions of the Skin, Blisters of every kind, Burns, Broken Breast, Chilblains, Corns, Erysipelas, Felons, Fever Sores, Frosted Hands and Feet, Inflammations, Scrofulous Sores, Sore Eyes, Salt Rheum, Scurvy, Ulcers, Piles, &c.

ROCHESTER, November 29, 1850.

MR. JAMES JOHNSTON.—Sir, It is with great pleasure that I write the following testimonial, for your benefit and for the benefit of those who may be similarly afflicted. I have been for the last five years severely afflicted from a fever sore on my ankle, and have tried all the medicines that I could hear of or obtain, and I spared no pains in getting medical attendance and advice of the first class physicians, but all in vain. Through the persuasion of a person who had used your Vegetable Magic Pain Destroyer, I obtained a box, and it helped me very much, and the second box made a perfect cure, so there is nothing left of the disease, but the scars it left on my ankle. I have known a number of cases that it has cured; one was a severe burn, and another an inflammation of the eyes, both cured with astonishing rapidity. I would recommend the Great Vegetable Magic Pain Destroyer to all who are similarly afflicted.

Yours truly, GEORGE WILLIAMSON.

DR. LOCOCK'S PULMONIC WAFERS,

For the Cure of Colds, Coughs, Asthma, Bronchitis, Pulmonary Consumption, and all Affections of the Breath and Lungs.

Manufactured by E. TAYLOR, ROCHESTER, N. Y., the only true and genuine proprietor and manufacturer on the Continent of America, by assignment of right from JAMES JOHNSTON.

IMPORTANT TO CLERGYMEN.

From the Rev. Owen Thomas, Holyhead.

DEAR SIR,—Dr. Locock's Wafers do a great deal of good to my voice. I got a bad cold from a damp bed about thirty-five years ago, and my voice was very bad ever since, giving great pain to me when preaching or singing, and I am very fond of singing.

I used many different medicines, and some of them did good for a little time; but Dr. Locock's is the best of all—it clears my voice and stops the coughing instantly. I have never found anything yet to compare with it.

I have been 33 years a Wesleyan minister, and all the Wesleyan Methodists in the principality know me; twenty years of which I have lived at Holyhead; and I am known personally to all the first men of that body, many of whom have admired the effects of the Wafers in clearing the voice and stopping the cough—they never got such medicine before. My wife, ever since Christmas, has been very well after taking two boxes, and I am a witness of their power to stop a frightful fit of coughing in an instant.

I, as a Wesleyan preacher, call upon all preachers and singers of every denomination, to take these Wafers for improving the voice and curing coughs.

You may publish my testimonial for the excellent Wafers if you wish.

I am, yours truly,

OWEN THOMAS.

IMPORTANT CAUTION.

I do hereby caution the public against buying or using a spurious medicine called Dr. Locock's Wafers, manufactured by E. D. Green, Hamilton. All the information he could have obtained was by being in the employ of James Bryan, Rochester, N. Y., two months. James Bryan's being a spurious imitation, let the public judge what E. D. Green's must be.

JAMES JOHNSTON.

JOHNSTON & CLARKE,

Sole Proprietors and Manufacturers of **LOCOCK'S FEMALE WAFERS**, a specific for the suppression of the Menses and Diseases of the Uterine Organs.

Also, of **PALMER'S CELEBRATED AGUE SPECIFIC**, a sure cure for the Fever and Ague.

JOHNSTON & CLARKE'S GREAT VEGETABLE MAGIC PAIN DESTROYER, surpassing all other "Pain Destroyers or Pain Killers" in the Patented Medicine Field.

Also General Agents for **LOCOCK'S PULMONIC WAFERS**, manufactured by E. Taylor, Rochester, N. Y.

"LOCOCK'S PULMONIC" and "FEMALE WAFERS" are the discovery of Dr. Locock. Accoucher to Her Majesty, Queen Victoria, and are manufactured according to the original prescription. **PALMER'S CELEBRATED AGUE SPECIFIC** is dispensed from the prescription of Henry Palmer, Esq., late Surgeon in her Britannic Majesty's 13th Regiment of Light Infantry, now of Port Dover, Canada West, and has produced the most marvellous cures.

N. B.—A large Discount made to Wholesale Dealers, and all orders addressed to JOHNSTON & CLARKE, ROCHESTER, N. Y., will meet with prompt attention.

An Asylum for the Sick, who have been confined to their beds from 1 to 20 years.

DR. HAMILTON'S ANALYTIC ASYLUM,

No. 217 Exchange-st., opposite the Orphan Asylum, Rochester, N. Y.

This Institution is now firmly established and in successful operation. The proprietor analyzes every disease that is admitted there and applies the natural and appropriate remedy. Although water is used in every way that it is applied in any water-cure establishment in the United States, yet the proprietor wishes it to be expressly understood that it is not relied on as the *only* or principal remedy in the treatment of disease submitted to his care.

This Establishment is designed for that class of invalids who have failed to obtain their health by all other systems of practice, and are still unable to walk or stand on their feet, and are confined to their beds, wearing out a life of misery and suffering without much or any hope of ever being any better.

The remedies made use of in this Institution not only entirely remove disease, but give increased strength and elasticity to the system. Many have been brought here from different parts of the country, who had neither walked or borne their weight on their feet from 5 to 15 years; and some have been unable to dress or undress, or even feed themselves, and in the course of a few weeks would be walking with the elasticity of youth and the quickness of a pedestrian, astonished at themselves and surprising their friends and all who saw them when they first came. The treatment in this Institution is particularly calculated to remove the diseases peculiar to Females, such as

1st. The Falling of the Womb, in all its stages and conditions in patients, from twelve years of age up to sixty, and even if they have been confined to their beds from one year to twenty, unable to stand, walk, dress or undress themselves, or even too feeble to bear any noise or speak aloud.

2nd. Weakness and Falling of the Bowels; Pains in the Side, Shoulders, Back and Head; Spinal Diseases, Liver Complaints, Sinking Sensation at the Stomach, Palpitation of the Heart, Dyspepsia in all its forms and stages, Piles, Costiveness, Diarrhoea, Suppression of the Menses, Excessive Menstruation, Whites, all Nervous Diseases, Cold Feet and Hands, St. Anthony's Dance, Tetters of all kinds, Salt Rheum in its worst forms, Neuralgia, Tic Doleureux, Rheumatism, Consumption in its first stages, General Weakness and Debility.

The proprietor has given his whole attention to the above diseases for the last ten years, and has treated them in an entire different way from any other private practice or public Institution in this country; and such has been his success, and so certain are his remedies in their effects on those diseases, that instead of publishing a long list of certified cures, he wishes to give that class of invalids seeking to obtain their health a sufficient guarantee against any false pretension, exaggeration, imposition or deception, so that no one need be to any expense in this Institution without being benefited.

The proprietor will enter into a special contract with any one who wishes to do so, that he will admit into the Institution, to advance the money and pay all the expenses from any part of the United States here and back home again, before he commences the treatment, and give a bond to board them, together with his professional services, for nothing, if he does not help them according to contract. Any one thinking the above proposition not a sufficient guarantee against misrepresentation and expense without receiving equal benefit, can let the proprietor know what will be satisfactory, and it shall be duly considered.

This Institution has grown up from private practice by the influence of those who have been helped here, as nothing has ever been published before; and the proprietor means that it shall sustain itself by its own merits, or pay the expense of those who choose to make a contract in case of a failure. The design of this Circular is not to make known the unparalleled cures that have been made in this Institution, because they must be seen to be believed; but to let it be more extensively known to the poor suffering invalids that have spent hundreds of dollars in trying all other systems of practice, and without much or any benefit, and still remain confined to their beds from five to twenty years, that there is an Institution whose treatment is different from any other one in the United States, and is particularly adapted to their situation, and can have it cost them nothing unless they are materially benefited.

From the nature of treatment in this Institution, the number of patients must be limited, therefore the proprietor does not solicit the patronage of slight and ordinary cases which may be easily helped by other systems of practice; nor does he want any one to come, unless they wish to get well, and are willing to be made well enough to walk from five to twenty miles at a time, and follow it up day after day in succession; and also willing to be made able to endure as much labor and fatigue as most of people that call themselves well, as he means that every one that goes through a thorough course of treatment in the Analytic Institution shall show by their increased strength, elasticity of motion, firmness of texture, capability of endurance, and improved health, that the treatment in this Institution is founded on the natural laws of organized matter, and consequently its superiority over every other different system of practice.

All communications addressed to Dr. THOMAS HAMILTON, Rochester, post paid, will receive immediate attention. If requested, reference will be made to those who have been helped in this Institution; and also good references as to the responsibility of the proprietor to meet the above expenses, if required.

The only Unequalled Medicine Known!

W. C. SWEET'S Celebrated Black Oil for Horses and Cattle.

IT IS AN INVALUABLE REMEDY for Poll-Evil, Fistulas, Scratches, Sand-Cracks, Old Sores with Pipes formed, Saddle Boils, Fresh Wounds, Wind-Galls, Galls of every description, Rheumatism, Calks and Cuts, Collar-Galls, Sweeney, Cracked Heels, Sprains and Bruises, Lameness or Weakness of the Joints, Contraction of the Muscles, External Poisons, Burns and Scalds, Horn Distemper in Cattle, Hoof-Ail, Black-Hoof, &c.

WARRANTED IN ALL REASONABLE CASES.

From the Proprietor of the American Hotel, Lockport.

MR. W. C. SWEET,—Sir,—I have for eight years past used your Black Oil for horses, and can testify, with many others in Lockport who have used it, to its efficacy in curing sores, galls, bruises, sprains, scratches, mud fever, &c. I have had a good deal of experience in many horse medicines, as I have owned many horses. I can safely say it is the best article now in use for horse flesh.

I have tried, to my satisfaction, other oils in use, but do not find them what they purport to be, they fall much below what is recommended. One bottle of Sweet's Black Oil is worth more than ten bottles of any Gargling Oil now in the country, to my knowledge.

Lockport, Sept. 24, 1850.

We concur in the opinions expressed above.

M. WITBECK.

G. W. WALBRIDGE, Rochester.

J. WITBECK, Lockport,

J. R. KING.

MR. W. SWEET,—Sir,—I have for many years used your Black Oil for horses, and can with perfect safety recommend it to the public as a first rate preparation for horses; such as galls, sprains, cuts, scratches, &c., in fact sores of every kind. I have used many preparations for horses, but I unhesitatingly give the preference to Sweet's Black Oil. I would recommend every owner of horses to keep a bottle of this oil on hand.

St. Catharines, C. W., 20th Feb., 1851.

E. W. STEPHENSON.

All orders promptly attended to by addressing E. W. STEPHENSON, St. Catharines, C. W., or the Manufacturer, W. C. SWEET, Rochester, N. Y.

Important to the afflicted! No one Medicine for all diseases.

HIVATO CHINESE BALSAM—A cure or relief for Sore Throat, Cramp in the Stomach, Cholera Morbus or Summer Complaint, Bilious Cholice, Coughs, Colds, Croup or Rattles, Asthma or Phthisic, Canker, Palpitation of the Heart, Whooping Cough, &c.

W. C. SWEET'S FAMILY CURATIVE LINIMENT.

An immediate and effectual cure for Cramps, Rheumatism, Burns, Numbness, Bruises, Ague in the Face and Breast, Pain in the Side, Stomach and Back, Chilblains, Chapped Hands, Weak Joints or Nerves, Nervous Head-Ache, Tooth-Ache, Old Sores and Fresh Wounds, Broken Bones, Catarrh and Quinzy.

INFALLIBLE AND NO MISTAKE! THE KING OF OILS!

This is a regular cure-all medicine in every instance in which it has been applied. It has proved itself to be the best and most effectual specific ever yet invented, for the following diseases to which mankind are subject. It has been found an infallible cure for Piles, Old Sores with or without Pipes formed, Sprains, Chapped Hands, Fresh Wounds, Salt Rheum, Hard Tumors, Chilblains, Bruises, Scald Head, Cramps, Rheumatism, Crick or Pains in the Back, and Roughness of the Skin.

VALUE OF SIGHT.

Sweet's Infallible Water! A certain and immediate cure for Sore, Inflamed or Weak Eyes—Warranted!

THE VALUE OF SIGHT—That sentence, unknown but to those afflicted with that dreadful and distressing disease, sore and inflamed eyes, one so prevalent and common. The practitioner of greatest skill, if honest, generally shrinks in despair, at the prospect of governing and eradicating these diseases. His remedies are generally mild, and the patient feels happy at any relief from his torments. If his family doctor gives him any hope of cure, it is at the end of a long course of medicine—that is to act upon the system, or at the expense of leeching, cupping, and bleeding from the temples, until it is cured—which is by such means next to impossible. He has not enough of life left worth living for, but the unconsoling idea of always having weak eyes, or obliged to gaze on the fair face of nature around him, through a pair of artificial eyes, or spectacles. How important, then, a remedy to check and strengthen, until Nature, sight, and cure, have the sway and control. Such you may rely on is the effect of Sweet's Infallible eye Water.

UNDER THE PATRONAGE OF HER MAJESTY THE QUEEN.

DR. LOCOCK'S PULMONIC WAFERS.

This great and popular-ENGLISH MEDICINE for the cure of Coughs, Colds, Asthma, Consumption and Diseases of the

LUNGS AND CHEST

having been counterfeited by some dealers in Patent Medicines in Hamilton, C. W., and also in Rochester, U. S. The PROPRIETORS deem it necessary to caution purchasers and dealers that the Genuine article bears the Government Stamp of Great Britain, on which are the words "**Dr. Locock's Wafers**" in white letters on a red ground, by order of Her Majesty's Government, and without which none are genuine.

As many dealers and purchasers have been imposed on by these spurious imitations, they are hereby informed that no one has authority or right to manufacture the article on the Continent of America, as stated by the parties alluded to; and furthermore the only person appointed by us as general Agent is MR. JAMES BRYAN, "*Member of the Pharmaceutical Society of Great Britain.*" who is prepared to execute and supply all orders in any quantity that may be required.

The retail price is 1s. 3d. currency, with the usual discount to dealers.

Every Agent appointed for the sale of DR. LOCOCK'S WAFERS will be supplied with a certificate of authority. All orders should be addressed to our only authorized agent for the Continent of America,

MR. JAMES BRYAN,
104 & 106 STATE STREET, ROCHESTER,
N. Y. UNITED STATES.

Who is also Agent for the **Rochester Chemical Works and Colour Manufactory.** Dealers requiring a supply of Colours will find the quality surpasses any made in the United States, and at less price than can be obtained at New York.

All Orders should have a remittance enclosed.

ROCHESTER.

MOTORPATHY,

The system of curing disease by Statuminating vitalizing Motion.

THIS new method of treating PROLAPUS UTERI, in which no supporters, pessaries, or any of the usual treatment of the day is employed, has been now in use a sufficient time to remove all doubt as to its practicability. In HALSTED'S MEDICAL INSTITUTE, where the discovery was made, every variety disease incident to women is treated with unvarying certainty of success, heretofore unknown. Many cases of PROLAPUS UTERI are here cured in a few days; and the most difficult in a few weeks. To produce this almost instantaneous relief, the patient is subject to no pain or inconvenience.

For the removal of other uterine weaknesses this system is equally efficient. Several hundreds have already been cured of these diseases by this Motorpathic treatment, though the discovery is of recent origin. Many of the most inveterate and extraordinary cases, of from one to fifteen years' standing, some accompanied with extreme urinary difficulties, and many with that inability to stand upon the feet, or be raised from a horizontal position—which is peculiar to these diseases—have been brought here on beds, a distance of from twenty to several hundred miles, attended by their physicians or friends; and these suffering and helpless women have in every instance been raised from their beds, and after a short treatment, been enabled to walk from one to six miles daily, and take much other exercise.

Ladies wishing to communicate with these former patients can receive their address by writing to H. HALSTED, MEDICAL INSTITUTE, AND MOTORPATHIC, AND WATER CURE ESTABLISHMENT, ROCHESTER, N. Y. Those also desiring information concerning this new method of treating disease, or the Institution, can obtain it by writing to the same address; post paid.

TO THE AFFLICTED.

A NEW ERA IN THE ART OF CURING all Diseases of the Body, as well as the different derangements of the mind.

DR. E. G. SHLOETZER, SEN.,

Would respectfully inform the citizens of Rochester and vicinity, that he continues to effect the most astonishing cures in males and females, by means of his medical system called HAEMATO-NEURO-THERAPIA, which embraces a thorough cure and renovation of the blood, together with a normal regulation of the entire nervous system.

Dr. S. has been most successful during the last six years, in the permanent cure of the most complicated Chronic diseases, such as Scrofula, Bronchitis, Consumption, Dropsy, Palsy, Rheumatism, Gout, Piles, Epilepsia, Liver Complaints, Dyspepsia, Fever and Ague, diseases of the Eyes, *all kinds of Secret and Mercurial diseases, &c. &c.*

Dr. S. cures the most delicate complaints peculiar to females, from girlhood up through life, without mechanical aid. He likewise strengthens and regulates weak and deranged nerves, mental prostration, imbecility, melancholy, and insanity, with the creating of clearness and perception, power of memory, and strength of judgment. Advice and important aid rendered to parents of sickly children and groaning invalids, having visible or concealed diseases.

Those suffering from that nameless illness, being neither well nor sick, are invited to call at his residence where they can obtain pamphlets which he has recently published, wherein is set forth and explained his natural system for their speedy cure, together with the approval of the highest medical authorities.

Persons residing at a distance by stating their symptoms, can have safely forwarded to them the proper remedies. All his prescriptions, which are quite palatable to the taste, are prepared by himself, from SAFE BOTANICAL PRODUCTIONS, and are of the utmost purity.

THE LARGEST BOTTLE IN THE WORLD
ONE DOLLAR

We can truly say, our medicine has far surpassed our fondest expectations. Three times we have been compelled to enlarge our establishment, in order to meet the demand and fill our orders. Testimonials of heart-felt gratitude from those who have been afflicted with diseases heretofore considered by the most celebrated physicians incurable, are continually pouring in from all quarters, of the most cheering nature, both to the afflicted and to us. Our little pamphlet would be a pigmy, in containing the accounts of the happy effects which we have received from our numerous customers in this short space of time; and still we have hardly let it be known through the public papers that such a medicine was in existence; and yet it is fast taking the place of those medicines which purport to be designed for the same purpose, and backed up by advertisements through nearly all the public papers.

Yes, many of the proprietors of similar medicines acknowledge that they have expended over fifty thousand dollars in keeping their medicine before the public. Now, in spite of all this, wherever our medicine has been fairly tested, it is fast taking the place of theirs. How is this? Here is the great secret: we prefer to put the fifty thousand dollars into our medicine, in order to make it stronger and better, and let the afflicted have the benefit of it, rather than to give it to the printers; and we allow the medicine to advertise itself, thro' the recommendations of those who use it; which is far more agreeable to our feelings, and much more satisfactory to those who take it.

Again, it would be impossible for us to advertise to any great extent; and keep up the full strength of the medicine as we have thus far continued to do; and for the very best of reasons—viz: we should be losing money, and it must be obvious to every one, that Sarsaparilla, put up in as large bottles as we put it up in, and of the strength that we make it, and sold for one dollar, can not yield a very large profit; and that small profit we are satisfied with, rather than make an inferior and worthless article and put the profits into advertising it, in order to make sales.

Now let us say to the reader, when you see a medicine extensively advertised in all the public papers, and the proprietors boasting that they have thus expended forty or fifty thousand dollars, you may put that medicine down as nearly worthless, and as costing the maker but a mere trifle.

For sale by all the principal Druggists through the Province, where Almanacs and Pamphlets will be found, giving a full description of the medicine, and certificates of its cures.

WARMING AND VENTILATING Public & Private Buildings.

The Subscribers are now prepared to take contracts for warming and ventilating public buildings and private dwellings upon the most approved plans. They have a great variety of coal and wood furnaces of different sizes designed for either large or small dwellings, and also for churches, school houses, stores, manufactories, greenhouses, &c. Their plan of warming air is in many respects new, and wherever adopted, they trust the prejudices which have hitherto existed against furnaces, in consequence of the unwholesome quality of the warmed air, and its injurious effect upon wood work and furniture will cease.

The subject of Ventilation, which has within the last two years received so much attention in this country and Europe, must commend itself to the favorable consideration of all who desire health and comfort in their own rooms and places of public resort. It is easily accomplished under all ordinary circumstances, if the subject is thoroughly understood by those who have it in charge. In many parts of the country unventilated school houses and places of public amusement are considered unfit for use, and many physicians in the country express the same opinion of unventilated parlors and sleeping apartments. The subscribers have taken great pains to inform themselves upon this subject, and have all the necessary apparatus for a complete system of either natural or forced ventilation, and with their improved mode of warming buildings, they feel confident of meeting the expectations of all those who may desire to introduce a constant supply of wholesome air without injury from the warming apparatus. The subscribers regret their past inability to fill their numerous orders, but are now prepared by their increased facilities in manufacturing to comply with the demand of their customers. Persons from a distance making inquiries or transmitting orders, are requested in all cases to send drawings of the rooms to be warmed and ventilated, and all persons engaged in erecting or improving their buildings are requested to call at our Warerooms, State street, Rochester, and examine for themselves.

They also keep MARBLE CHIMNEY PIECES of the most approved patterns and styles,—every variety of FIRE GRATE, PATENT FIRE PLACES, EMERSON'S CHIMNEY TOPS, which prevent all downward currents in chimneys,—WARM AIR REGISTERS of different sizes, plain and plated, COOKING RANGES, &c., &c.

JAMES COWLES & Co.

ASA A. SWIFT,

MANUFACTURER AND BUILDER OF

STEAM ENGINES,

AND

MILL MACHINERY OF EVERY KIND,

SOUTH ST. PAUL STREET, ROCHESTER, N. Y.

Repairs of every kind promptly attended to.

ROCHESTER FURNACE,

MACHINE SHOP, STEAM ENGINE MANUFACTORY

AND

WROUGHT IRON WORKS.

The subscriber having enlarged his buildings, and greatly increased his facilities, is prepared to meet all orders for

STEAM ENGINES, CASTINGS,

Wrought Iron and Machine work of all kinds.

The stock of Mill Gearing patterns connected with this Foundry, from which the celebrated Rochester Flouring Mills have been constructed, as well as many other Mills in Ohio, Pennsylvania, and Canada, stands unsurpassed in the United States. Constant additions are being made therein, and Companies or Mill Wrights, having charge of Mills or Factories, would do well to examine the pattern book and get the list of prices of this establishment before purchasing elsewhere.

Railroad work of every description manufactured and finished to order. Railroad Car wheels of different sizes and forms. Miscellaneous Castings of all kinds made to order.

STEAM ENGINES AND BOILERS

For Steamboats, Saw Mills, Tanneries, Distilleries, Planing Mills, &c.,

Made of any required power. Hydrostatic Presses, for the manufacture of linseed and lard oil; tobacco cutting engines, the best in the world; tub and pail machines complete; horse power, engine and common lathes of various sizes; hydrants or forcing pumps; hoisting machines; Hall's patent drills, cider mill, paper mill, bookbinders' clothiers, hoisting and lighter screws; scale beams and weights, Parker's celebrated percussion and reaction water wheels, Slanboro's cast iron tub wheels.

Repairing of all kinds of machinery executed promptly and on reasonable terms. Drafts and patterns made for all kinds of machinery and castings.

Orders addressed to the proprietor, 36 Mill street, Rochester, will meet with prompt attention.

WILLIAM KIDD.

S. FAIRMAN & SONS

MACHINE TOOL MANUFACTORY.

We would say to the public, we are now prepared to build to order, all kinds of Machine Tools, such as Hand and Power Planing Machines, Engine and Hand Lathes, Slide Rests, Upright Drills, Boring, Drilling and Milling Machines, a patent article, and the improved Patent Universal Chuck, together with all kinds of Tools used in Machine Shops, on an improved plan and warranted.

We would say to those wanting Tools of any kind, that they would do well to call on us, for we can do as well by them, and perhaps better, than any other house in this country, as we have every facility to the manufacture of such Tools, and a Man at the head of the Establishment that well understands the business.

"Please give him a try."

We would also state that we have every facility for doing JOB WORK, of all kinds, such as Gear Cutting, Planing, Screw Cutting, &c., &c., which will receive prompt attention.

S. FAIRMAN & SONS,
Corner of Mill and Furnace Streets.

ROCHESTER, 1851.

He also manufactures and sells

FURNITURE, CHAIRS AND MATTRESSES,

and keeps constantly on hand an extensive assortment of these articles, both high priced and low priced, plain and fancy, also hair cloth, mahogany, varnish, &c. Call and examine at 47½ Main Street.

PIANOFORTE MANUFACTORY AND WAREROOMS,

No. 104 State
Street,

Rochester,
N. Y.

The Subscriber offers for sale a fine assortment of choice **PIANOFORTES** from Six to Seven Octaves, in elegant Rosewood Cases. Of the excellencies of his instruments it is deemed scarcely necessary to say anything to a discerning musical public. The reputation which they sustain wherever introduced, is indisputably very high; and commands for them the respectful consideration of those desirous of procuring a really fine Instrument. The workmanship, upon examination, and subjected to the test of actual use, shows this celebrity thoroughly deserving. His facilities for manufacturing are not surpassed by any establishment in this country; and is conducted under his own personal supervision. None but the most skilful workmen are employed. All instruments from this establishment are warranted, and the subscriber will be happy to take back those which fail to make good his representations. Professors and Amateurs are respectfully invited to the most rigid scrutiny and trial.

JAMES BRAIGLEY.

TENTS, PAVILIONS, &C. E. C. WILLIAMS, ROCHESTER, N. Y.

Manufacturer of Tents, Pavillions, Marquees, &c.

SAMUEL MOULSON,

BEGS leave to inform the Canadian Agriculturists, and Horticulturists, that he has extended his

NURSERY GROUNDS

TO OVER FIFTY ACRES, and that the Collections of Fruit and Hardy Ornamental Trees, Shrubs, and Bulbous Roots are sufficiently extensive to supply all requirements, Ornamental or Utilitarian.

These Nurseries having been established, now over Twenty Years, the proprietor has been enabled to Fruit all the Standing Varieties, thus affording a greater degree of accuracy.

Orders for Large Orchards, or the most limited collections of Trees or Scions receive prompt attention, and are respectfully solicited by

S. MOULSON,

36 Front Street, Rochester, N. Y.

GENESSEE VALLEY NURSERIES

OF

A. FROST & CO., ROCHESTER, N. Y.

Situated on South
Sophia Street,

one mile South of
the City.

The Proprietors beg leave to call the attention of the Nurserymen, Agents, and the Public in general of the United States and the Canadas, to their Stock of Fruit, Ornamental Trees and Plants. They have added many new and rare Fruits, Plants, &c., to their grounds, and by an established foreign connection they have made arrangements to introduce into their Nurseries everything from England and the Continent that is thought to be a valuable acquisition; and by the possession of many other facilities, enables them to present to all persons an opportunity to purchase Trees, &c., on the most reasonable terms. Their stock of Apples, Pears, on their own and on Quince Stocks, Cherry, Plum, Peach and Apricot Trees is large, and will continue to be of good size and thrifty plants, comprising all the leading most choice and desirable kinds which are warranted to prove as recommended.

Grapes, Raspberries, Strawberries, Currants and Gooseberries of choice and new kinds lately imported. Quinces and Esculent Roots in abundance; Choice Evergreens, Deciduous Trees, Evergreen Shrubs, Vines and Creepers. The very choicest Roses, both standard and on their own roots. Green House and Stove Plants. Dahlia Roots of the newest and most desirable sorts, many of which have just been imported.

All of the above and many others, which it is impossible for us to enumerate here, will be packed in a neat and secure manner, and each package sent to their respective freight offices for shipping and forwarding, free of charge in this city at our retail prices.

N. B. It will continue to be the aim of the proprietors to send nothing from their Nurseries but good and thrifty Plants.

Retail priced Catalogues furnished gratis on application.

To Nurserymen, Agents, Venders and others, Trees, &c., in large quantities at much reduced rates.

Rochester Commercial Nursery,

BISSELL & HOOKER,

ROCHESTER, NEW YORK,

ESTABLISHED 1831.

The proprietors of this establishment keep for sale as usual a very large and well selected assortment of Fruit and Ornamental Trees, Vines, Shrubs, Green House Plants, Bulbs, &c., &c., carefully propagated by themselves, and warranted correctly named.

Particular attention is given to the cultivation of FRUIT TREES, and we flatter ourselves that our stock is one of the best in the United States, and our Canadian neighbours will find our trees well suited to their climate.

☞ All Trees forwarded from our Nursery are carefully packed in straw and matting.

BISSELL & HOOKER.

OLD GENESSEE PAPER MILLS.

SHOE PEGS,

3rd Story of Curtis Block, Main Street,

ROCHESTER, N. Y.

PERFECTION OF POCKET PENS! NEW PATENT FOUNTAIN PEN.

This truly great invention renders the Pocket Gold Pen perfect, and is invariably considered as the great desideratum fully attained. Its advantages over the ordinary pen are:

1st—As a perfect substitute for the Pocket Inkstand.

2nd—As an improved dip pen.

3rd—Its use with or without the Fountain.

4th—The adaptation of the holder to any pen.

5th—Its use both as a pocket and desk pen.

6th—The nib will hold three times the quantity of ink of the ordinary pen, thus rendering the metallic or gold pen perfect in use.

This pen is particularly useful to travellers—and all persons who use pocket inkstands—and equally useful to all who use the pocket pen, as the Fountain does not interfere with its use as an ordinary dip pen—it is rather an advantage. The construction is simple, and the Fountain easily managed.

The pens are warranted equal to any in use. If a person has a pen already which pleases him, he can purchase the Fountain Holder, and use his own pen.

The following description of its construction, with reference to the accompanying engraving, will give a general understanding of its mechanism, and the manner of its operation:—

The body of the article is a hollow, six-sided cylinder, into which is fitted an elastic packed piston, which works on a screw rod attached to a revolving head at the upper end. From the lower end descends a small tube, having a curved point resting upon the blade of the pen. The cap, or tube that covers the pen when not in use, is taken off and applied to the revolving head at the upper end, which by turning, raises or lowers the piston, injecting or ejecting the ink according to the direction in which it is turned.

Look at the new Fountain Pen before you purchase any of the ordinary pens, as its advantages are great, and you will soon desire one.

Sold by Booksellers, Jewellers, and Dealers in pens generally.

Also sold by Stationers and Jewellers throughout the Provinces of Canada—Public Officers find this pen of great utility—and when ordered by the dozen for parties they will be sold at a liberal discount.

Sold at Toronto, by Thomas Maclear,—at Montreal, by John McCoy, Stationer,—at Cobourg by F. House,—at Hamilton, by the Book Dealers.

Also, at wholesale and retail by

D. M. DEWEY, Arcade Hall.

JOHN A. PITTS,

MANUFACTURER OF

THRESHING MACHINES AND DOUBLE PINION HORSE POWERS,

68 SOUTH ST. PAUL STREET, ROCHESTER, N. Y.

The subscriber continues the manufacture of the celebrated "Pitt's Separator." It is the same machine that has stood, and now stands unrivalled by any machine for Threshing and Cleaning Grain, in existence. It has been exhibited at State and County Agricultural Fairs, in the United States and Canada,—always receiving the *First Premium*.

The Horse Power, for strength, ease, durability, and cheapness of repair, is unequalled. The driving wheel is six feet in diameter, driving two pinions, each receiving equal power; two bevel wheels, driven by the pinions, connect with two pinions, on the line shaft; thus it will be seen, this Horse Power is double the strength of any single geared Power. It may be driven with from two to ten horses, depending upon the power required.

The Machines have fully sustained all I claim for them; I therefore solicit orders from those who would secure the best THRESHING MACHINE and HORSE POWER.

Please address as above.

JOHN A. PITTS.

Rochester, N. Y.

HALL'S ROCHESTER THRESHING MACHINES,

Separators and Horse Powers,

To which will be added this Season an improvement (for which letters Patent have been applied for) that will perfectly separate the grain from the Chaff and Straw and make it the most perfect thrasher and cleaner in use.

Machines will be sent to all the Ports in Canada, and a liberal deduction made to compensate for duties, if any are imposed. The subscriber, from his great facilities for constructing these Machines, can and will sell at lower prices than any other Factory in the Union. The Agricultural Public are requested to call and inspect his Machines, and over three hundred certificates of their durability and performance.

All orders to be addressed to

TO CIVIL ENGINEERS, Railroad Directors and Land Surveyors.

THE subscribers would respectfully invite the attention of all persons interested in the purchase or use of *Engineering Instruments* to the following brief description of some of the instruments manufactured by them.

Warranting the perfection of our instruments to equal the best imported, while in strength, simplicity, and permanence of adjustment, qualities required by the exigencies of engineering in a new country, they are far superior to the European manufacture, and are afforded at less price.

LEVELLING INSTRUMENTS.—Y-levels, with telescopes from 16 to 24 inches long; eye glass adjusted to focus upon the cross hairs by rack and pinion movement; an adjustment of the object glass slide, (recently invented by us) by which its movement in a straight line with the axis of the rings, which form the bearings of the telescope in the Ys, is made certain; thus obviating an imperfection heretofore existing in the Y level, when used at different distances from the one at which the line of collimation was adjusted—with this improvement, the line of collimation adjusted at ten feet is adjusted for any object however remote.

LEVELLING RODS.—6½ Feet long, sliding up to 12 feet—machine divided, and with improved Targets and Clamps.

ENGINEERS' TRANSIT INSTRUMENT.—This instrument has, in American Railroad Engineering, taken the place of the English Theodolite. Telescope 12 and 14 inches long is a transit or reverses for fore and back sights, Compass Card, 5½ and 6 inches diameter, Divided Plates for horizontal angles, 6½ to 7½ inches diameter, read by two opposite verniers to single minutes, with Clamp and Tangent screw movement.

Verticle Circle can be attached to axis of Telescope if desired. This instrument as well as the level is furnished with a Tripod, of the most substantial description, with the usual adjustment of parallel plates and screws, it has also the Clamp and Tangent screw.

ASTRONOMICAL TRANSITS.—With Telescopes from 2 to 6 feet long.

VERNIER TRANSIT COMPASS.—This instrument, used for Land Surveying, is furnished with a Telescope which reverses for fore and back sights, Needle 6 inches long, Compass Card divided to half degrees, Vernier Plate moved by a tangent screw to about ten degrees—used for taking the variation of the magnetic meridian—reads to one minute. A verticle circle for angles can be attached to the axis of the Telescope. This instrument can be used as a levelling instrument for taking levels for Mill Sites, &c., by taking observations at equal distances, is used upon a single staff, or with the common compass tripod.

VERNIER COMPASS.—This instrument has the same parts and qualities as the Vernier Transit, with the exception of the sights, which are the usual vertical sights, with slotes.

PLAIN OR SINGLE PLATE COMPASSES.—Of the usual construction. These two last named Compasses have a simple fixture upon the sights, enabling the surveyor to take angles of elevation up to twenty degrees.

We are prepared to make Theodolites, and every description of engineering instruments to order; and shall always keep on hand Chains, metallic and linen Tape Measures, and a large assortment of **DRAFTING INSTRUMENTS**, in cases from one to fifty dollars each, with ivory, architectural, chain, and protractor scales, dividers, bowpens, &c., separate from the cases. All instruments sold by us warranted correct.
