OTTAWA VERY ANXIOUS TO HEAR MR. SIFTON

Chairman of Conservation Commission will Deliver Address or Reciprocity

ALREADY ON RECORD AS BEING AGAINST IT

There is considerable speculation in the House at Ottawa, and also in the country generally, as to what the Hon. Clifford Sifton will have to say when he rises to speak on reciprocity to-morrow afternoon. It is said that Mr. Sifton has spent a long time in careful preparation of his speech, which will be eagerly awaited for various reasons. His influence amongst the Liberals in the West is extensive, and he has a voice in the control of several important papers. Some time ago he was made chairman of the Conservative Commission, and in this capacity he attracted notice by registering an emphatic protest against the damming of the Long Sault to suit the interests of American power-grabbers. At the recent sessions of the Commission in this city he urged the proper conservation of our natural resources. Later—a day or so before Mr. Fielding sprung his reciprocity resolutions on a startled house at Ottawa—Mr. Sifton spoke with vigor before the Canadian Club at Montreal against any sort of kind of reciprocity, and committed himself in such a way that he can hardly retract any of his words at this juncture. This is what he said on that occasion:—

"If we enter upon trade relations of an extensive character with the United States, and if the most favorable anticipations which can be entertained turn out to be well founded, and our friends south of the line use us well and give us the necessary time we ask for, what is the inevitable conclusion? Must not our trade and business and very life become mixed with theirs, so that we shall become increasingly dependent upon them, with the ultimate end of political union? If this favorable anticipation is not realized, and they will not treat us well, and want to grab and quibble on the interpretation of any reciprocity treaty, what will that mean? It will simply mean that ten or fifteen years from now we shall have to begin all over again, just where we are now, and start once again to put ourselves right. I do not hold with those who say that those who are opposed to a trade treaty between Canada and the United States are opposed to good relations between the two countries. On the contrary, my view is that the best way of continuing good relations between Canada and the United States is that each should do its own business independently and have no entanglements—nothing in the world to quarrel about."

On Mr. Sifton's speech of to-morrow will depend the future efficacy of the Conservation Commission. Is it going to be, as it professes, independent of political influence. From the beginning it has held up the shameless squandering of American forests to us as the object lesson of what is to be avoided. Now, when the United States are endeavoring to pursue the same policy with our spruce reserves, will the Commission oppose this danger. Senator Cummins, another annexationist, has frankly said that he was in favor of reciprocity because he prefers to see Canada's forests denuded rather than those of the United States.

To quote from an article which appeared in the Toronto News a few weeks ago:—

"It is difficult to understand how a patriot like Mr. Fielding agreed so

readily to the arrangement concocted by clever American newspapermen and politicians. It is hard to see why the second member of the Government which created the Conservation Commission should enter into a bargain which, if once adopted, must largely nullify the work of the commission, rapidly demolish our timber wealth, rob Canadians of one of their chief industrial assets, lower the credit of the Dominion, encourage the erection of pulp mills in the United States, instead of in Canada; take traffic away from Canadian railways, lessen the employment of workmen in a long line of industries, cut into the trade of Canadian wholesalers and retailers, and seriously curtail the domestic market for Canadian farm products."

"Why appoint a Conservative Commission with a great blare of trumpets and then deprive it of its most important task."

PANAMA CANAL TO BE FORTIFIED

Bill Passed U. S. House of Representatives by Large Majority.

Washington, Feb. 25.—After nearly five hours of debate the House of Representatives, shortly before 10 o'clock to-night, voted overwhelmingly in favor of the policy of fortifying the Panama Canal, and appropriated \$3,000,000 to begin the work, the total cost of which has been estimated at \$12,000,000.

The action of the House practically settles the question of fortification, for the sentiment in the Senate is said to be more than 2 to 1 in favor of protecting the Isthmian waterway by sea-coast batteries.

The real test in the House came on an amendment proposed by Representative Tawney, of Minnesota, chairman of the Committee on Appropriations. It provided that no part of the money set aside for fortification should be used until the President of the United States had attempted to negotiate treaties with all of the leading maritime nations guaranteeing the neutrality and international protection of the canal. This was defeated by a vote of 130 to 16, after a slashing speech against the amendment by Representative Shirley, of Kentucky, a Democrat. The appropriation was finally carried by a vote of 123 to 81.

HAD AN AUDIENCE WITH THE POPE.

Rome, Feb. 26.—The Pope to-day received in audience Mgr. Kennedy, Rector of the American College, who has just returned from a vacation in the United States. Mgr. Kennedy found the Pope looking quite well and bright, notwithstanding his recent attack of influenza. Mgr. Kennedy introduced several visitors, including the widow and daughter of General Sheridan, to whom the Pope imparted the Apostolic benediction.

SWEPT DOWN ON A STEAMSHIP

And Arrested Captain, Officers and Crew on a Charge of Smuggling Immigrants

New York, Feb. 25.—Federal officers swept aboard a trans-Atlantic liner when she made her pier this afternoon and arrested every man in authority from captain down. All were charged with conspiracy to violate the United States Immigration laws. The steamship is the Athenia of the Pheleline Trans-Atlantic Steamship Company, whose general agent here also was placed under arrest. The government charges that that company has been smuggling in aliens for more than a year, some of them disguised as members of the crew, some of them hidden about the ship in coal bunkers and elsewhere, until there was no danger of a search.

Nikolas A. Galanos, the agent, was released under \$20,000 bonds, and his confidential secretary in \$15,000. Capt. Gekas Golocuras was released in \$10,000, as were his first officer, the chief engineer and Dr. Gerasimos Diakavatos, the ship's surgeon. Three other officers were held in \$10,000 bail each, and all the crew in \$5,000 each. In all, the government requires \$195,000 bail. Judge Chatfield set the trial for March 1. The penalty for conspiracy is \$10,000 and two years' imprisonment, either or both, and for violation of section 8 of the Immigration Laws \$5,000 and two years, either or both.

THEFT OF GRAIN FROM ELEVATOR

Four Men Arrested—Two of Them Employees of the Company.

Fort William, Ont., Feb. 26.—Two employees of the Empire elevator and two other men were arrested Saturday night on a charge of stealing grain from the elevator. The men captured are Night Watchman Alf. Wake, Fireman Alf. Costable, a teamster named E. E. Nevinson and J. Payce.

Wake, when he obtained his position at the elevator was recommended by a minister. Manager Jones, of the elevator, became suspicious, as grain was being offered to local poultrymen and a local milling concern and he posted two men to keep watch. One of the watch saw a loaded sleigh coming from the direction of the elevator. He halted the rig and ordered the driver, Nevinson, to drive to the coal dock police. Accompanied by the manager, the party then proceeded to the elevator and there the three other men were arrested. A search for the storing place of the grain was instituted and in the basement of a house at 331 Ogden street, occupied by Payce and owned by Nevinson, 1,200 bushels of wheat were discovered. All the men are due to come before Magistrate Palling to-morrow morning.

THE ACCIDENT AT NEW GERMANY

Verdict of the Coroner's Jury—A Protest Concerning Passenger Cars.

Halifax, N. S., Feb. 26.—A coroner's inquest was held on the death of L. Sargent and O. McLaughlin, victims of Friday night's accident on the Halifax and Southwestern Railway, near New Germany. The witnesses were all railway men. They testified that the roadbed on the whole was good. The jury rendered the following verdict:—

"We, the jury, formed to enquire into the cause of the death of the victims in the disaster on the Halifax and Southwestern Railway, near New Germany Junction, find the bodies to be those of Lethard Sargent and Oren McLaughlin, and that they came to their death between the hours of 8 and 9 o'clock, on Feb. 24, 1911, by derailed cars falling upon them, and the cause of the derailment being unknown to us. But we are of the opinion that it was caused by rotten railway ties. We would urge that the force of section-men should be strengthened, and further we strongly protest against the company attaching passenger coaches to log trains and heavy freight trains. We would further suggest that the occasional rotten ties mentioned in the evidence should be removed and replaced by new ones."

Driver Diven, when he found something was wrong, ran back and flagged the Caledonia train which was coming on behind. In doing this he was accompanied by Conductor Allen, and but for this precaution there might have been another and a worse accident.

Lethbridge, Alb., Feb. 26.—Andrew Lilley, Alderman and one of Lethbridge's most prominent and popular citizens, died to-day of blood poisoning. He was prominent in business, social and Masonic circles and was formerly of Toronto and Stratford, Ont.

Sheet Music, 2 for 35c.
FOR a few days more, we will continue to sell a special line of Sheet Music comprising Waltzes and Marches at the special price of 2 for 35c.

BRUSHES, 200 only, Stove Brushes with handle, regular price 18c each. On Sale Monday 14c

NEWFOUNDLAND AND THE HAGUE AWARD

Government Doing Its Best to Settle the Matter Satisfactorily.

St. John's, N. F., Feb. 25.—That the Newfoundland Government is doing its utmost to adjust satisfactorily the claims that were decided in America's favor by the Hague tribunal in the award of last summer, was the statement of Premier Sir Edward Morris, in reply to a question by Sir Robert Bond, leader of the Opposition, made in the Assembly yesterday. President Morris stated that negotiations in this direction are now proceeding between the British, American and Newfoundland governments.

The matter concerns the recovery of fines paid by Americans for various alleged infractions of Newfoundland customs laws, for dues exacted by the colony from American vessels for maintenance of lighthouses and stations on the Newfoundland coast, and for other payments by American fishermen during the past twenty years. The estimated amount of these claims aggregates \$40,000.

THE BISHOPS IN PORTUGAL

Forbidden by Minister of Justice to Read a Collective Pastoral Letter.

Lisbon, Feb. 26.—The Minister of Justice has ordered the provincial governors to forbid the reading of a collective pastoral letter by Portuguese Bishops. The letter, while declaring that it is the duty of Catholics to respect the constituted authorities, even though these be hostile to Catholics, says that if the new law is unjust and contrary to the law of God it is not binding. The letter goes on to approve a number of measures inaugurated by the government, but attacks those relating to religion.

BIG CONCESSIONS TO CAPITALISTS

In Connection with Steel Plant in Brazil—Government Bound Down.

Rio Janeiro, Feb. 25.—President Fonce to-day signed a decree granting two Brazilian capitalists a 25-year concession for a 150,000 ton steel plant in the state of Minas Geraes, with a subvention of \$3 a ton on ingots, \$8 a ton on rails, plates and structural material and \$10 a ton on certain other material. The government is pledged to take 50,000 tons annually, and it is restricted from buying foreign-made material, unless the inspectors prove that the material made at the new plant is inferior.
The concessionaires are exempted from duty on coal and coke, and will receive preferential rates on the government railroads.

FRESH EGGS

We are still bringing from the farm new laid eggs every day, and the fact that we were run out of our large daily supply twice last week shows the high manner in which they are being appreciated by all.

FANCY CAKES

The demand for our Fancy Cakes, Buns and German Doughnuts is getting larger every day. There's a reason, as all who try them, once are keen on noting their superiority.

MARDI - GRAS

TAG DAY

CHARITY DAY

Give to the Needy Consumptives

Toronto, Feb. 26.—The students of the Ontario Agricultural College, at Guelph, have organized a club and have secured incorporation under the companies act, as the Students' Cosmopolitan Club. It is without share capital and will be carried on for the accommodation and recreation of the students of the college. The provisional directors are all students.

Toronto, Feb. 26.—Police Constable Morris, who stopped a runaway which threatened many lives at the Woodbine two years ago, and later was wounded by a colored murderer, who killed two women, was pelted with charcoal scum from a passing wagon by a mob which gathered Saturday night when Morris endeavored to arrest a drunk. The trouble was started because of the action of a kindhearted lady who believed that the prisoner was being abused. Police serve dispersed the mob.

POMMERY

In the open market of France and Great Britain where quality fixes the price of Champagne.

POMMERY STANDS FIRST

Law, Young & Co. Montreal.

REPAIRING DEPARTMENT

Our repairing department is better equipped than ever it was. We brought out additional workmen from England and Germany, so that we are in a position to handle all kinds of repairs.

Antique Jewellery repaired, refinished and colored almost as good as new.

Old Jewellery remodelled and converted to modern designs. We repair music boxes, cameras, gramophones and all kinds of mechanical instruments. We employ skilled mechanics who are competent to make or repair any part of a chronograph, repeater, stop watch or other complicated watch movement.

We do electro gilding and electro plating. Spoons, Forks, Entree Dishes and Tea Sets replated and burnished like new.

Old gold Jewellery bought or taken in exchange for new.

If your clocks do not keep time telephone 147 and our man will call.

The Quebec Chronicle

QUEBEC, FEBRUARY 27, 1911.

AN ACADEMIC LECTURE.

Friends of Prof. Leacock—and he has more than a few in both political camps—will be glad to hear that he is to lecture here again at the end of this week. The subject of the lecture, which will be delivered next Saturday night, will be "Reciprocity," the general topic of discussion at the present moment. Prof. Leacock is frankly against Reciprocity, but the lecture will not be made an occasion for a "Tory demonstration," so no Liberal who attends it need be afraid of compromising his conscience. It will not consist of a series of recriminations against the Government, but will be rather the expression of Dr. Leacock's views as a political economist.

GO SLOWLY.

Not content with applying to the Legislature for permission to be empowered to borrow half a million the city has now doubled the amount. The object is the laying of a new water main which is very possibly badly needed. But the borrowing of this large sum will of necessity bear heavily on the already overburdened taxpayer and before entering upon such a policy the City Council should at least give some guarantee that a more equitable system of taxation will be adopted in the near future.

It is useless to prate of a "Greater Quebec" while the present conditions obtain. It is useless to call meetings and read lectures advocating the advertisement of the city with a view to the attraction of new industries. It is useless to point out what other cities have done unless we lower the taxes or distribute them more equally. What is the use of paying a high-salaried publicity commissioner to go out and try to bring factories and business branches hither? Later on we may have need of such a campaign, but not until the paths of entrance are made smoother.

There is no need to go and look for industries. If the system of taxation was at all reasonable, the industries would be falling over each other in the struggle to get into the city. We know of at least half a dozen concerns ready to come in to-day, and only shut out by the Chinese wall of taxation that we have piled up high about our city.

And the trouble is that we are not only keeping industries out, but also driving them out, to be eagerly snapped up by other cities. We are driving our young business men to Montreal and the West. It is no rare thing to hear elderly men complaining that they did not get out fifteen or twenty years ago. We have no lack of successful business men here, but they have had a big handicap to contend against. If they have made hundreds here, they would probably have made thousands elsewhere.

Time and again the city aldermen have said that, even if they could not reduce taxes, they would at least endeavor to keep them from getting any higher. Yet last Friday night they proposed to raise the taxes right and left.

The public is not likely to object to the execution of really necessary works, but before proceeding further the City Council should give some earnest of their intention to seek for a more satisfactory solution of this taxation problem.

A STORM OF PROTEST.

The subsidized press is straining itself to the utmost to prove that there is no anti-reciprocity sentiment in Canada, with the exception of a squeal from the manufacturers. Let us consider then who are for and against it. In favor of it we find:—

President Taft, who in his message to Congress said it would be well to treat with Canada before her trade policy became fixed along British Imperial Lines.

Mr. Champ Clark, leader of the Democratic party, which will control the next Congress, who said he favored it for the reason that it was a step in the direction of annexation, and he hoped to see the Stars and Stripes flying over every part of the country to the North Pole.

Sir Wilfrid Laurier, who conducted a campaign of unrestricted reciprocity in 1891, the effect of which he admitted would be to give the United States a preference in trade over England and the rest of the world; who said he "preferred the Yankee dollar to the English shilling," and also said he looked forward to the time when Canada would drop away from Britain as the ripe fruit drops away from the parent tree.

Hon. W. S. Fielding, who has been accused of conducting a secession campaign for the smashing of the Confederation in 1886.

A hide-bound Liberal voting machine, every one of whom would swear that black is white if Czar Laurier ordered him to. Hitherto every member of the Liberal party who has shown any vestige of independence or sign of differing with the Ministry has

either been banished into outer darkness or has suffered the tortures and indignities of the "composing room," whence he has emerged in such condition that he is never likely to prove refractory again.

And lastly we have a subsidized press ready to distort anything and everything for its patronage. Then there is an army of contractors, ward-healers and others who are fattening at the pleasure of the Government and the expense of the country. To be sure, there are a few good Liberals who honestly believe that reciprocity will benefit the country and think that our political destiny will not be affected. But very few have as yet put themselves on record.

Against the Agreement.

Against it we have:—
Mr. R. L. Borden, who appeals to the Canadian people to persevere, "now that the battle is more than half won," in the task commenced fifty years ago of building up a strong nation on the northern half of this continent.

Eight to one of the petitions sent to Ottawa.

The Premier of Ontario and the Legislature of that Province by a vote of 89 to 16.

The Premier of Manitoba, whose speech in the Legislature evoked a scene of tremendous enthusiasm among the members and the unusual happening of applause in the galleries.

The Premier of British Columbia and the fruit and other interests of that Province.

The Toronto Board of Trade by a vote of 289 to 13, the strongest protestants being Liberals.

The Montreal Board of Trade by a large majority.

The Winnipeg Board of Trade by a vote of 69 to 13, the seceder of a strongly worded resolution of protest being Mr. D. Cameron, Liberal candidate for the city at the general election.

The Associated Boards of Trade of the province of Ontario by a vote of 97 to 18, the protesting resolution being seconded by Hon. E. J. Davis, a large tanner, who was Commissioner of Crown Lands under the late Liberal government of Ontario.

The Winnipeg Grain Exchange by an almost unanimous vote.

The Toronto branch of the Daughters of the Empire, a body ten thousand strong, the protesting resolution being seconded by Mrs. E. F. B. Johnstone, wife of a prominent Liberal.

To say that there is no anti-reciprocity sentiment in the country is deliberate falsehood. Never before in this country has any action of the Government provoked such a storm of protest from Liberals and Conservatives alike. Never has popular government been so abused.

An explosion in the barracks at Nicaragua blew up the ammunition depot. It is said that there was hardly enough left to make a magazine article.

Our farmers are looking for a market for their eggs in the United States. Yet Canada is to-day importing eggs from Russia, Siberia, Germany, China and—the United States.

Somebody has been trying to upset the rooted belief that the big trees of California are 5,000 or 6,000 years old. The stump of one fallen giant, 25 feet in diameter, has been re-examined and it is said that only 1,147 rings could be counted.

Whom the gods wish to destroy they first make mad. This probably accounts for the present attitude of Messrs. Laurier, Fielding and their party backers on the reciprocity question.

Instruction in plain sewing is given in the industrial school in Hawaii. Owing to the simplicity of their garb, the young natives take little interest in the art of needlework. So that results have been somewhat discouraging up to date.

The people of Siam have Kings and money to burn. An exchange calculates that the cremation ceremony of a former ruler of that kingdom cost the trifling sum of \$1,250,000. The cremation of the remains of the late King Chulalongkorn will take place next month, and, owing to the advance in the price of coal, this estimate may be exceeded.

According to the Montreal Shareholder the twelve months of 1910 were unusually active in company promotion in Canada. No less than 2,859 companies obtained either Dominion or Provincial charters. These concerns had an aggregate authorized capitalization of \$741,938,874, or an average capital per company of \$259,509. Two hundred and thirty-three companies had an authorized capital of \$1,000,000 and over.

From a parliamentary return just published, it is shown that 618,574 emigrants in 1910, as against 473,378 in 1909, sailed from the ports of the United Kingdom. More than one-

half, or 398,119, were British subjects, and 246,609 went to British colonies and possessions. Immigrants into the United Kingdom in 1910 numbered 298,868 persons, 164,175 were British subjects and 134,693 foreigners. Of the latter number 105,340 arrived from the United States.

"There were 7,096 warrants for land," says the Montreal Gazette, "issued by the Department of the Interior to South African war veterans, according to a return made to the House of Commons. Of the total only 584 were used by the men whose names they bore to secure land. So far 4,408 were sold to other parties to secure money. The record is discreditable. The issue did not help settlement, but helped speculators to make money out of settlers. There should be no more scrip issues."

Some of the American papers have received orders to boost reciprocity in order to get cheaper newsprint. One of the Hearst papers, speaking of the Lumber Trust, says:—"Forty years ago about three-fourths of the timber now standing was publicly owned. Now about four-fifths of it is privately owned. In large part the public timber land has been sold at a dollar and a quarter an acre, under an ineffectual law, intended to encourage small holdings by actual settlers, which has been misused and misinterpreted in the interest of speculators bent upon acquiring vast tracts. * * The people of this country can by a single blow loosen the strangle hold of the lumber trust by ratifying the international agreement that will put the endless woods of Canada within reach of the American lumber market."

WILLIE HOPPE ORDERED TO LEAVE FRANCE.

Paris, Feb. 24.—The police have notified Willie Hoppe, of New York, the world's billiard champion at 18.1 and 18.2 ball, that an order of expulsion is out against him and have given him until Tuesday to quit the country. The order was issued by Premier Clemenceau in 1907, but Hoppe left France before it could be served upon him. He returned to France recently.

Willie Hoppe, accompanied by his bridge, a daughter of Thomas W. Walsh, sailed from New York Feb. 11 on board the steamer Kaiserin Auguste Victoria. His destination was Paris, where he had accepted an offer of the Olympia Academy to give exhibitions against the leading French billiard experts, including Signole and Adorjan, for three months. It was said Hoppe was to receive \$1,000 a month during his engagement.

CANADA WILL ALWAYS BE BRITISH SAYS HON. A. BECK

London, Feb. 24.—Speaking on the reciprocity agreement to a large meeting at the City Hall to-night, Hon. A. Beck, Minister of Power, had his own opinion as to the direct effect on Canada, but preferred to leave it to the press and the people to discuss and to the wisdom of the Government at Ottawa. "But I must say," he declared, "we are not inclined to annexation in this country to-day if we ever were before, and our loyalty to the Motherland is greater to-day than ever before and we realize what she is to us to-day. I am a descendant of foreign parents and although I appreciate the Fatherland, more than all do I appreciate the land of my birth and the sovereign who rules over it. Come with me and it will always be well with Canadians, and Canada will always be British."

HELP FOR OLD BACKS THAT ACHE

GIN PILLS Cure Them
Age is no barrier to the wonderful soothing, healing properties of GIN PILLS, the great Canadian Kidney Cure. We have on record many letters from men and women of 60, 65, 70, 75, 80 and over, testifying to the great relief they received from taking GIN PILLS.

Mr. Samuel Martin, of Strathroy, Ont., suffered for twenty years with misery in his back. Some months ago he tried GIN PILLS and after taking only three boxes was entirely cured. Mr. Martin is now 85 years of age and enjoys the robust health of a vigorous man of sixty, thanks to GIN PILLS.

All elderly people are troubled, more or less, with Kidney and Bladder Trouble, and pain and weakness in the back. GIN PILLS are a guaranteed cure for all these misfortunes. Money promptly refunded if they fail to give complete satisfaction.

50c a box—6 for \$2.50. Sample box free if you write us, mentioning this paper. National Drug and Chemical Co., Dept. Q.C., Toronto.

RECIPROCITY AND ROMANCE.

Galt, Ont., Feb. 24.—This evening Rev. E. R. Knowles delivered his lecture, "Reciprocity and Romance," in the Knox church lecture room to a large audience. He said: "I think we, as the nation, have much more to lose than the Americans, but there are many things to be considered. The one thing we should demand is plenty of time and consideration, lest we should now kick over the national pall that it has taken us forty years of commercial conflict with the republic to make so full that it surprises them even more than it does ourselves."

Look's Cotton Root Compound.

The great Uterine Tonic, and only safe effective Monthly Regulation which women can depend on. Sold in three degrees of strength—No. 1, 2, 3. No. 1 is for general cases, 25c per box, sold by all druggists, or sent prepaid on receipt of price. No. 2 and 3 are for special cases. Address: Look's Medicine Co., Toronto, Ont. SHIPBUILDING.

To the Editor of the Chronicle :
Dear Sir,—Mr. Lachance, M.P., has
been having a little talk with his con-
stituents of Quebec Centre, on the
navy question and at a meeting at
the Auditorium on Friday last told
them that the cruisers about to be
built in Canada for the Canadian navy
would probably be built in Quebec.
Sir Wilfrid Laurier himself made a
similar statement here some months
ago, and, as our Board of Trade have
repeatedly pointed out, there could
be no better place in Canada for such
work. Our people are shipbuilders
since a century. It costs no more to
bring the steel and the coal from Syd-
ney to Quebec than it does to bring
it from Glasgow to Belfast, or from
Sydney to Halifax. In fact it would
cost almost as much to move it from
the mines to the shipyard at Sydney,
if the shipbuilding plant were estab-
lished there.

But most important of all, from a
military and naval point of view, is
the ideal situation of Quebec for naval
construction. Remote from attack by
sea, from the Atlantic, our position is
superior to that of Halifax or Sydney,
whilst our remoteness from the fron-
tier, and the protection of the guns of
a great fortress, make the position of
Quebec infinitely superior to Mon-
treal or St. John. Indeed it would be
like tempting Providence to establish
a navy yard practically on the frontier
at either of those places. The Admi-
rality will not even allow an Imperial
war vessel to go to Montreal.

Our shipbuilders have given proof
of what they can do in the four splen-
did steel steamers built this year by
the Messrs. Davie at Lewis.

Yours truly,
PROGRESSIVE.

Little Bald Spot

If You Want One Don't Ask
Henry Willis about
Parisian Sage

If Parisian Sage won't stop that
little bald spot from spreading, nothing
will in this world.
Baldness, thin hair and falling hair
are caused by dandruff germs. If you
have dandruff kill the germs at once.
Parisian Sage is guaranteed by
Henry Willis to kill dandruff germs,
banish dandruff, stop falling hair and
itching scalp, or money back. It is a
dainty hair dressing that will make
the hair bright and fascinating. Large
bottle 50 cents. Sold in every town
in Canada. The girl with the Auburn
hair is on every cart.

A MEMORIAL OF PERRY'S VICTORY ON LAKE ERIE.

Washington, D.C., Feb. 25.—A mem-
orial of Perry's victory on Lake Erie
is contemplated in a bill passed by the
Senate to-day. The measure appropri-
ates \$250,000 towards a monument
on Put-in-Bay Island, Lake Erie, near
Sandusky, in conjunction with the cen-
tennial celebration to be held there in
1913. The bill has not passed the
House.

THE ELECTIONS IN PORTUGAL

Are to Take Place in April—
Moderates Likely to
Have Majority.

Lisbon, February 15.—The provi-
sional government has promised faith-
fully that the elections shall take place
the latter part of April. With their
approach the gap between the Social-
ist factions, headed by Alfonso Costa,
Minister of Justice, and Brito Co-
macho, who succeeded Senhor Gomes
as Minister of Public works, widens.
Both Ministers are publishers of news-
papers, and their principles and poli-
cies are reflected clearly in their
journals.
The country appears to Senhor Co-
macho to be tired of the dictatorial
Socialism, of which Costa is the lead-
ing figure. Perhaps it was this feel-
ing that has caused a reaction in favor
of constitutional methods, and brought
forth demands for the elections and
the convocation of the National As-
sembly.

The Conservative Republicans, or
Moderates, will probably have a large
majority in the Assembly. The finan-
cial and commercial classes hope so,
at least. They welcomed the republic
as a possible remedy for the abuses
of the old regime, but they are begin-
ning to be anxious about the security
of the country under the present ad-
ministration.

The new electoral law provides that
all males of age, able to read and
write, may vote. If illiterate, the
father of the family may vote, but
within the definition of father of a
family are included those males who
maintain themselves.

Although the republic seems to be
secure, the Monarchists are said to be
still conspiring. The newspaper Re-
publica, which is the organ of Senhor
Almeida, Minister of the Interior, re-
ports that a quantity of arms have
been smuggled through the Spanish
frontier into Portugal by the Mon-
archists. Several arrests have been
made, the prisoners including two
priests. The Diario do Governo (Of-
ficial Gazette) publishes the dismissal
from the army of Captain Antonio da
Fonseca, commanding officer of the
Tenth Regiment of Infantry, quar-
tered at Elvas, one of the most im-
portant Portuguese fortifications of
the Spanish frontier. Fonseca is ac-
cused of conspiring against the repub-
lic, and the Minister of the Interior
declares that stringent measures will
be taken against all such conspirators.

Among the measures undertaken by
the Government is the separation of
the church and state. For a time the
diplomatic corps in Lisbon were in
doubt as regards the property confiscated
by the provisional government, which
belonged to the foreign con-
gregations and convents. The govern-
ment now declares that either this
property will be returned or an in-
demnity paid when ownership has
been duly established. The idea of the
separation has found considerable fa-
vor among the clergy here. The govern-
ment's action in devoting nearly a
million dollars for pensions has done
much to obtain clerical good-will, and
it has issued a note that priests of all
creeds shall be free to preach and
carry on the necessary propaganda of
their religions. The Portuguese priests
will be pensioned immediately the de-
cree of separation is published.

The Minister of Public Works has
made an inspection of the treasure
chamber in the vaults of the Royal
Palace of Necessidades, in which are
deposited the crown jewels and per-
sonal valuables belonging to the de-
posed royal family. In the inventory
taken are a unique table service of
silver weighing more than a ton, King
Manuel's crown and sceptre of solid
gold and studded with precious stones,
and several blocks of virgin gold, the
largest weighing 44 pounds. The gem
of the collection consists of a safe
full of jewels, among which is the
diadem belonging to the Queen Mother
Amelia, and a necklace given her
by her father, the Count of Paris. The
necklace is valued at \$200,000, and
the whole contents of the treasure
chamber have an estimated value of
\$3,500,000.

The reason for this inventory is
that the British government, through its
legation in Lisbon, informed the
Portuguese government that King
Manuel and Queen Alenia desired to
have possession of their own jewelry.
The Minister of Finance authorizes
the statement that all the valuables
which are proved to be the private
property of the members of the de-
throned royal family will be returned
to them, and the remainder, such as
the crown and sceptre, will be placed
in the national museum.

A NICE SUM FOR PREACHING FUNERAL SERMON.

New York, Feb. 24.—Five hundred dol-
lars for preaching a funeral sermon was
bequeathed to the Rev. Dr. Fenis Wor-
man by James Suydam, who died in Phil-
adelphia on Jan. 28, under the terms of
Mr. Suydam's will, filed to-day for prob-
ate. Two daughters and a son of the
testator are left \$50,000 each outright,
and the disabled ministers' fund of the
Dutch Reformed Church is given \$5,000.
The residue of the estate is left to the
three children, subject to a life interest
by the widow, Mrs. Emily L. Suydam.

DEATH RECORD.

Paris, Feb. 26.—Louis Loutrel, who was born a peasant and became one of the richest French financiers in Russia, died recently. He had been impressed by the meagre endowment of science in France in comparison with the United States and determined to set an example for his countrymen. His will, which has just been made public, discloses that he bequeathed \$700,000 to the Academy of Sciences, \$500,000 to the University of Paris and \$200,000 to the Pasteur Institute for research work.

Stratford, Ont., Feb. 26.—Thomas Nunn, proprietor of the Cabinet Hotel, and formerly G. T. R. station master here, went to the cellar on some errand Saturday afternoon and was found there, dead, about 3 p.m. The cause of death is supposed to be from heart failure. He leaves a widow and one daughter, Mrs. Ben Lawson.

Montreal, Feb. 26.—The death occurred today of Mr. Toussaint Dufresne, who, for over 45 years, held the position of accountant with the Tourville Lumber Mills Co. Mr. Dufresne had been in poor health for three months. He is survived by two daughters and a son, Mr. T. T. Dufresne.

Budapest, Feb. 26.—Baron Desiderius Banffy, former Premier of Hungary, and a leader of the new party, died today. Baron Banffy was born Oct. 28, 1843, at Klausenburg. Since 1875 he had been, with more or less regularity, a member of the Hungarian Chamber of Deputies. He was a follower of Koloman Tisza. He inherited a seat in the House of Magnates and was elected to a post of honor in that body in 1875. He served as administrative chief of several counties in the Province of Siebenbürgen, and as such he protected with energy the interests of the Magyar nation against the encroachments of the other nationalities of Hungary. In 1892, when Count Szapary was Premier of Hungary, Baron Banffy was made President of the Chamber, and after the fall of the Wackerle cabinet, in 1895, he became Premier. During the four years he served in this latter capacity Banffy strove continually to maintain good relations between Vienna and the Hungarian people.

Windsor, Ont., Feb. 26.—The Canadian immigration officers today turned back 26 undesirable, including 10 miners from Nevada, who claimed they had work in Cobalt. This was a record day.

PLEASANT EVENT

AT KENT HOUSE

Second Annual Dinner of Members of Quebec Builders' Exchange.

The second annual dinner of the Quebec Builders' Exchange took place on Saturday evening last at the Kent House, and was in all respects a splendid success. Mr. E. T. Nesbitt, president of the Exchange, occupied the chair, having on his right Sir Lomer Gouin, Hon. L. A. Taschereau, Mr. James Ballantyne, president of the Montreal Builders' Exchange, and Mr. D. Ouellet, president of the Architects' Association, while Mayor Drouin and Mr. G. A. Vandry, president of the Quebec Board of Trade, occupied seats on his left.

About 75 guests were present, including several Montrealers and representatives from every local builders' firm. Special preparations had been made by Mine Host Allerton for this dinner, and for more than two hours the guests enjoyed the splendid menu.

When full justice had been rendered to the delicacies provided, the chairman proposed the health of the King, which was duly received, the entire party singing the National Anthem, accompanied by Charbonneau's orchestra, which performed throughout the evening. Mr. Nesbitt then, in a very appropriate manner, proposed the toast of the Province of Quebec, which was responded to by Sir Lomer Gouin and Hon. L. A. Taschereau, both of whom referred to the measure taken by the present government towards improving the condition of the working classes by the establishment of technical and other schools.

The other toasts were: The City of Quebec, replied to by Mayor Drouin; Architects, responded to by Mr. D. Ouellet; Montreal Builders' Exchange, Mr. James Ballantyne, president; Our Institutions, replied by Mr. G. A. Vandry, president of the Board of Trade; Jos. Picard, president of the Manufacturers' Association, and L. F. Falardeau, president of the Retail Merchants' Association. The Press was not forgotten, and Mr. E. Aubé, city editor of Le Soleil, made a very happy reply.

Before leaving Mayor Drouin proposed the health of the president, which, needless to say, was received with much enthusiasm and duly acknowledged by Mr. Nesbitt. The builders and their guests left for town about midnight.

The officers of the Builders' Exchange are: President, E. T. Nesbitt; vice-president, Arthur Picard; secretary-treasurer, J. Geo. Lefavre; assistant secretary-treasurer, Alphonse Cote. Directors—J. E. Martineau, C. E. Morissette, P. A. Lamonde, Nap. Barbeau, Achille Dugal, L. H. Peters, J. A. Marier, L. H. Gaudry and J. L. Lachance.

SIX NEW CUPS

FOR BALLOONING

Offered at the Dinner of the Aero Club of New England.

Boston, Feb. 25.—Six new cups for ballooning records in New England during the year 1911 were offered tonight at the "college night" dinner of the Aero Club of New England at the Boston City Club. As the distinctive feature of the night representatives of the aero clubs in various New England colleges were present.

With H. Helm Clayton, president of the club, as toastmaster, the guests heard from Augustus Post of his record balloon trip of last fall into the wilds of Canada, and from Samuel E. Perkins of his similar trip, which was the second longest of the international race. A. Leo Stevens, of New York; Wm. Van Sleet, of Pittsfield, balloon pilots, and Wm. Hillard, aviator, told stories of aerial experiences while Starling Burgess and Greely S. Curtis, of Marblehead, discussed aeroplanes from the manufacturers' standpoint. U. H. Dandurand, acting Mayor of Montreal, and Eugene Tarte, editor of La Patrie, of Montreal, were special guests and brought greetings from the Canadian Aero Club.

Mr. Dandurand, as vice-president of the Automobile Club of Canada, offered a cup to the balloon pilot landing nearest Montreal during the coming year, while Mr. Tarte offered a similar cup on behalf of his paper. The other cups were offered by the Boston Herald, A. Leo Stevens, Chas. J. Glidden and Col. Everett C. Benton, of Boston.

Two cups were presented as having been won during the year 1910. A. Leo Stevens received the Cortland Field Bishop Cup for the longest flight from New England, 265 miles to Montreal, and Chas. J. Glidden received the Herald cup for landing nearest Boston Common.

Stopped by Snowstorm.

St. Joseph, Mo., Feb. 25.—The balloon Miss Sofia, which left San Antonio, Texas, at 6:47 o'clock Friday evening, landed on a farm near Gower, Mo., this evening, at 5:15 o'clock this evening. W. E. Assman, the pilot, and J. M. O'Reilly, his assistant, of St. Louis, said they were tossed for ten hours in a severe snowstorm, which forced them to descend after an 800-mile flight. They had expected to lift the Lahm cup for long distance.

THE MONTREAL

TRAMWAY BILL

Now Before the Legislature to Be Strongly Opposed by City Council.

Montreal, Feb. 26.—Without a division and with but few words, the City Council Saturday afternoon concurred in the findings of the controllers, and accordingly decided to use every means in its power to protest against all obnoxious clauses in the Tramways Bill at present before the Legislature. Every endeavor will be made to have the autonomy of the city safeguarded in the matter and to this end a delegation, composed of the Mayor and Aldermen, the controllers, as well as of representatives of the Chambre de Commerce, the Real Estate Association, the Trades and Industrial Association, the Central Trades and Labor Council, and of all other kindred associations, willing to participate in the opposition of the Tramways Bill, was called upon to be present before the Railway Committee of the Lower House when the question comes up.

In the evening a largely attended mass meeting was held at the Monument National, when the bill was denounced by several speakers, including Mr. Henri Bourasse, who demanded that it be withdrawn in its entirety.

ROUGH PASSAGE

OF THE CORSICAN

Experienced Terrible Weather and Was a Day Late—A Seaman Badly Injured.

Halifax, Feb. 26.—Twenty-four hours overdue, with one of the crew suffering from a fractured arm, the Allan Line steamer Corsican arrived yesterday after the roughest passage since she was launched. The Corsican left Liverpool on Friday, February 17, and encountered heavy westerly gales and high seas the first day out. The storm abated Sunday and Monday, but on Wednesday the wind increased, until the storm culminated in a fierce hurricane. Mountainous seas swept the ship, tossing her about like a cork and setting her propeller racing wildly. Next day one of the seamen standing on deck had a narrow escape from death. A heavy sea struck the man, flung him against an iron railing, rendering him senseless and fracturing his arm. The railing was carried away and the fore-castle filled with water, destroying the sailors' effects. Doors were broken and other damage done. The storm did not let up completely till Saturday, when the steamer was off the coast of Nova Scotia. Captain Cook and the officers say the storm was one of the most severe they ever experienced.

The Manchester Trader, three days overdue, arrived from Manchester today, also reporting terrific storms, with several plates started.

The White Star Liner Megantic arrived today.

GOVERNOR-GEN.

WILL ATTEND

Annual Meeting of St. John Ambulance Association in Ottawa.

Ottawa, Feb. 26.—The annual meeting of the St. John Ambulance Association will take place in the Railway Committee room of the House of Commons on Tuesday afternoon at 4:30 o'clock. The President, Dr. F. Montzambert, I.S.O., will occupy the chair, and His Excellency the Governor-General will address the gathering and it is expected that he will have an important message to deliver from H.R.H. the Duke of Connaught, who is the President of the St. John Ambulance Association in England. The annual report for the year will be presented showing most remarkable results achieved from the organization of the movement in Canada last February.

DOMINION COUNCIL

OF BOYS SCOUTS

Ottawa, Feb. 25.—The annual meeting of the Dominion Council of the Canadian Boys Scouts will be held in the Railway Committee room of the House of Commons on Tuesday afternoon at 3:30 o'clock. His Excellency, the Governor-General, who is the chief scout in Canada, will be present and address the meeting.

The Canadian Scouts are now thoroughly organized from coast to coast, with provincial councils in each province. In future all warrants will be issued from Ottawa signed by the chief scout. It is expected that during the coming summer the scout work will be taken up throughout Canada on terms which will ensure an even development, and consequently greater efficiency.

BOYS PLAYING

AT HIGHWAYMEN

Results in One Being Probably Fatally Injured—Victim in Hospital.

London, Ont., Feb. 26.—"Throw up your hands," shouted 12-year-old Earl Slowman, as he pointed an air rifle at his fourteen-year-old cousin, Sidney Slowman, yesterday afternoon. Sidney entered into the spirit of the game, but instead of doing as ordered he grabbed a 22 calibre rifle from the wall and fired at Earl, the bullet entering his playmate's stomach, inflicting a wound which may result fatally. The injured lad now lies in St. Joseph's Hospital where he was taken immediately after the accident.

BLAMES U.S. NAVY

FOR HIS DOWNFALL

Confession of an Expert Forger Sent to the Penitentiary from London, Ont.

Ingersoll, Ont., Feb. 25.—After expressing willingness to "take the medicine right away," Wm. Bradshaw, who was arrested in London this morning by local detectives, on a charge of raising Canadian Express Co. money orders, received a sentence, of five years in Kingston penitentiary from Police Magistrate Patterson, here at 6:20 this evening. Before Bradshaw received sentence, he signed his name to a statement in which he confessed that under the guise of being an agent for a Bible firm he effectually raised money orders at a score of places in Ontario and at a number in New York State and Michigan. So fully did the young man make clear his guilt that to the officers of the court and officials present he made a complete demonstration of the methods he employed in erasing the so-called indelible ink of an original money order and increasing its face value to the limit of the marginal guards. The neatness and despatch of his work amazed the officials. The navy of the United States is blamed by him as the cause of his downfall. Against the petty officers of Uncle Sam's ships of war the prisoner laid his education in ways that are dark. He made the statement that it was common practice in the navy to raise vouchers and pay orders and to put it in his own words the entire department was "rotten with graft."

Bradshaw has been operating in various parts of Ontario for some time, being able to use the Canadian Express orders among tradesmen, hotelmen and others so that the company has not suffered the whole loss. The total amount of his frauds is said to have reached no great amount—just enough to keep him going. Bradshaw is a man of unusual intelligence and good address and he secured some sort of clerical connection while in the navy. He said that he soon learned the use of the manipulation of ordinary table salt and Epsom salts in a solution for the erasure of ink. The acid he used is to be easily secured and it is used with fine class brushes and fine pens. Among the Ontario points he visited were Niagara Falls, Hamilton, St. Catharines, Toronto, Parkdale, Listowel, Palmerston, Woodstock, Ingersoll and other places.

Bradshaw said that he would have been ready to leave Canada for good in another 24 hours. He was going to St. Paul, Minn., if the police had not stopped him. He came to Canada with \$50 and had less than that amount when he left, although in the sixteen days he operated on this side of the line he spent money freely.

DAY BY DAY

Quebec hoodooed the hoodoo in Montreal on Saturday night all right.

It is to be hoped that umbrellas in February do not mean snowshovels in April.

Wanderers must be still wondering how that cyclone struck them Saturday night.

Little drops of water, Little grains of sand Make it quite unpleasant In this winter land.

There will evidently be enough allegorical cars in the Mardi Gras procession to carry it out to success.

These are the days you can fall without going to the Falls.

What is it chills my shrinking spine From nape of neck to haunch, And makes me in the street recline? O you roof-avalanche!

And we just rise to remark that Quebec still has some hockey team.

When "the boss" goes out in an automobile he should at least recognize his acquaintances.

Ammonia is considered a poor remedy for gripe by medical men.

AN ATTENDANT OF

INSANE ASYLUM

Arrested on a Charge of Manslaughter on Account of Death of Patient.

Poughkeepsie, N.Y., Feb. 25.—Dan Riley, an attendant at the Matteawan Asylum for the criminal insane, was arrested here to-night, charged with manslaughter in the first degree, in connection with the death of John J. Nugent, a patient in the institution. Nugent died on February 3rd and charges that he had been subjected to violence resulted in his body being disinterred on Long Island only a few days ago. The majority of the physicians who made the autopsy were inclined to think that he was a victim of heart disease, but rumors of violence persisted and to-day County Judge Hasbrouck examined witnesses here and afterward ordered Riley's arrest. According to the testimony given at to-day's hearing by Geo. Galbraith, also an attendant at the hospital, Nugent was brutally treated two days before his death. He swore that Nugent had been brought under submission by winding a pillow case about his neck, after which he was thrown on a bed and "kneed."

THE CONTRACTORS

HELD RESPONSIBLE

For the Faulty Construction of a Tank on Warehouse in Montreal.

Montreal, Feb. 25.—Mr. Justice Monet to-day delivered judgment in the heavy litigation which followed the disaster at Boivin & Wilson's warehouse in 1907, when the big water tank broke through the building, killing a young girl and ruining much property. Several actions followed this action between the various interests in order to fix the responsibility. Judge Monet found that the Vogel Company, which had erected the water tank, was responsible for the accident, and that the collapse was caused by weakness of the walls, which the contractors should have guarded against. He accordingly gave judgment in favor of Messrs. Boivin, Wilson & Company, in the sum of \$9,500 with costs. The subsidiary actions were dismissed.

NORWEGIAN LADIES

FOR STATE OFFICES

Except in Cabinet, Military, Church, Diplomatic and Consular Services.

Christiania, Feb. 25.—The Norwegian Cabinet has adopted a resolution providing for the admission of women to all state offices, except those having to do with the Cabinet and the military, diplomatic and consular services and the church.

SIXTEEN RAILWAY

CARS WRECKED

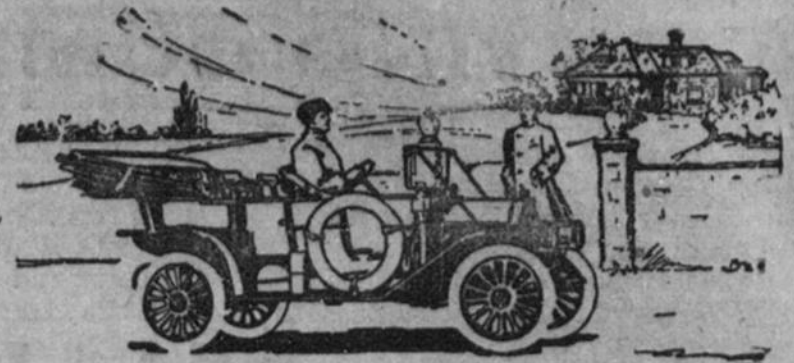

At Toronto—5,000 Bushels of Grain Destroyed—Traffic Impeded.

Toronto, Feb. 26.—Sixteen box cars loaded with wheat were smashed to matchwood in a wreck on the main line of the Grand Trunk at the Humbler this morning. All traffic through this important point, both Grand Trunk and Canadian Pacific Railway, was cut off for nine hours. The front truck on a car broke and trailed along the ties until it struck a switch frog, piling up the cars behind. No one was injured. About five thousand bushels of wheat will be lost. Traffic was diverted over the Canadian Pacific Railway's freight cut off to West Toronto, and trains reached Toronto 30 minute late.

LIVELY TIME AT

GARY, INDIANA

Gary, Ind., Feb. 26.—One dead and several injured are the results of a number of brawls in the city early tonight. Henry Dorsey is in jail charged with the murder of John Brown, aged sixty, by cutting his jugular vein and biting off the ear of Ozzie Brown, son of the murdered man. In a steel workers riot a little later, Alderman E. L. Bowser and Pontus Heintz, a steel company officer, were injured by bricks hurled in the melee.

To the Office

And Home Again

Own an automobile and live in the country. Do business in the city but have your home outside.

Think of a run to your office every morning through the clear air, five, ten or perhaps twenty miles.

You are independent of crowded street cars.

You are independent of trains and their time tables.

And you arrive at the office full of "go" and "ginger" ready for a big day's work.

Then when the day's work is over you have a quiet spin home again through the cool air, get there in time and feeling refreshed. It's really living to live like that.

This one practical side of the good automobile. Another is the use you can get out of it in business during the day.

RUSSELL "30"

is ideal for a business man's car. It is fast and strong. It costs little to run. It is easy on tires. It is all value.

"Made up to a Standard --Not down to a Price"

\$2,350 Fully Equipped.

IN AND ABOUT TOWN

ST. PATRICK'S DAY PARADE

Arrangements Practically Completed for Celebration of National Feast.

There can no longer be any doubt that the celebration of St. Patrick's Day this year will be far eclipse any celebration of the day held in many years. At a public meeting of Irishmen held in the rooms of St. Patrick's Literary Institute yesterday afternoon the attendance was exceptionally large and a great deal of business in connection with the celebration of the feast of Ireland's patron saint was transacted. The chair was occupied by Mr. P. W. Brown and Mr. W. C. McCloy acted as secretary. Mr. J. P. Dundon was appointed Treasurer, Mr. J. L. Haberlin was re-elected President of the Irish National Association. The route of the procession was outlined and is as follows:

Assemble at Diamond Harbor Chapel, proceed along Champlain and St. Peter streets, Mountain Hill, Buade Garden and St. Louis streets, Grande Allee, Lachetrotiere, St. Amable, St. Michael, St. Julia, St. Eustache, St. streets to St. Patrick's Church. It was unanimously decided to invite the Premier and the members of the Cabinet, His Worship the Mayor and members of the City Council to take part in the parade. It was also decided to invite Chief of Police Trudel to lead the procession. Four addresses will be presented en route, viz., to His Grace Archbishop Begin, His Worship the Mayor, His Honor the Lieutenant-Governor and Rev. Father Hanley, Rector of St. Patrick's Church. The addresses will be read by the Presidents of the A.O.H., C.M.B.A., I.N.A. and the Chief Ranger of the C.O.F. Committees on flags, music, addresses, etc., were appointed and meet on Sunday next at 2.30 p.m. in the rooms of St. Patrick's Literary Institute. Among other business transacted at yesterday's meeting was the appointment of horse and foot marshals and a lot of other business of minor importance. Judging by the attendance at yesterday's meeting and the enthusiasm displayed St. Patrick's Day, 1911, will be one to which our Irish fellow-citizens can look back with pride and satisfaction, as the committee in charge are making strenuous efforts to make it a huge success.

SUDDEN DEATH.

Louis Auclerc, of La Jeune Lorette, 70 years of age, died suddenly in that parish yesterday. As the deceased had been suffering from heart disease, an inquest was deemed unnecessary.

NEW BOARD OF TRADE ORGANIZED.

A new Board of Trade has been organized in the county of Portneuf, with Mr. N. J. Pare president and Mr. Nap. Mercure as secretary.

QUEBEC POST OFFICE.

Since the installation of the new stamp selling machine the corridor of the Quebec Post Office is open every evening until 11 o'clock, and stamps can be procured up to that hour.

REBUILDING OF THE CUSTOM HOUSE.

It is stated that Mr. Joseph Gosselin, contractor, of Lévis, has been awarded the contract for the reconstruction of the Custom House, the price being \$126,000. The work will be begun at once.

MALONE & JACOBS' HAPPY YOUNGSTERS.

Malone & Jacobs' Happy Youngsters in a tabloid musical offering will constitute the amusement bill of fare at the Auditorium this week. This clever sextette have appeared in all the principal vaudeville houses of the country, and have been a pronounced hit wherever they have appeared. The act consists of good refined comedy, funny situations, lively dancing numbers and good vocal numbers. "Fun in a School Room" is the title of the act, and they certainly do bring one back to the old school days when study was a secondary consideration. In addition to the above, four of the latest reels of animated views will be given.

TO-MORROW WILL BE "TAG" DAY.

Tuesday next has been fixed upon as "Tag Day," and we would draw the especial attention of the public to this event, as it is an appeal to their generosity. The ladies of Quebec, who are always to be found at the head of any charitable and self-sacrificing work, have struck upon a most ingenious idea to help those suffering from tuberculosis, and who, too often, alas, are deprived of the necessary things to combat the disease. They will therefore solicit your mite for these poor people who are oppressed with the disease, and who can not afford to provide themselves with the necessary medical attendance.

Who could refuse to grant their request?

A large number of Quebec's young ladies, with a self-sacrifice which is to their credit, will go through the streets in groups and offer to dispose of tags to anybody they meet. Let us receive them with enthusiasm, let us be generous and not forget that "he who gives to the poor lends to God."

May their pleasant smiles secure the help which is intended to dry the tears of those unfortunate sufferers.

THE UNITED SHOE MACHINERY CO.

Important Judgment Concerning It Rendered by Judge Cannon.

Judge Cannon rendered judgment on Saturday last on the application of Mayor Drouin and other Quebecers for an order directing an investigation under the "Combines Investigation Act" into an alleged combine of the United Shoe Machinery Company with regard to the manufacture and sale of machinery for manufacturing boots and shoes. His Lordship granted the application ordering an investigation to be held and dismissed the company's plea to the application. Judge Cannon also wrote to the Registrar of the Labor Board at Ottawa informing the latter of his decision. Hon. T. C. Casgrain, on behalf of the company, immediately inscribed an appeal from the decision, and the case will be heard in April next.

IMPROVING THE FIRE STATION

Several Time-Saving Innovations Have Been Installed.

Several important improvements are being made at the Central Fire Station. The flooring of the station where the big Dorval ladder is kept is being replaced by scoria block, which will give the horses a chance to get away with it from the station at a quicker rate of speed. A new arrangement has also been installed, by which, through the pressing of a lever, all the doors of the stables are opened and the horses unhitched and released, which means another saving of time. Several other innovations have been introduced.

PROF. LEACOCK WILL LECTURE

On "Reciprocity" in This City
Next Saturday—Will Be Non-Political

Those who heard Prof. Leacock's able and instructive lecture on "Canada as a Nation" at the Morrill College last week will no doubt be glad to hear that he will give another lecture next Saturday night, taking "Reciprocity" as his subject on this occasion. As the accommodation at Morrill College is somewhat limited and a large audience is likely to be attracted by Dr. Leacock's reputation as a lecturer and the interesting nature of the subject which he will discuss, it is understood that the Columbus Hall has been secured for the occasion.

The seating capacity of the Columbus Hall is said to be 800, and there will be no charge for admission. There will probably be a certain amount of reserved tickets, but fuller details in regard to this will be given later.

Prof. Leacock will treat the question from a non-partisan point of view, but frankly admits that he is against reciprocity, and will, it is said, base his lecture on national and economical arguments.

DEATH OF WELL-KNOWN OTTAWA CITIZEN.

News was received in town on Saturday of the sudden death at Ottawa of Mr. J. J. Gormully, K.C., solicitor director of the E. B. Eddy Company, and a well-known and highly esteemed resident of the capital. His death took place on Friday night from rapid pneumonia. The funeral will take place to-day.

DEATH OF MR. GEORGE REYNAR.

The death took place on Saturday afternoon at the Jeffery Hale Hospital of a well-known citizen of Quebec in the person of Mr. George Reynar. The deceased had been ill only a couple of days, and his passing was somewhat unexpected, heart failure being the cause. Mr. Reynar was a member of Albion Lodge, No. 2, I. O. O. F., and other organizations. He leaves four sons—Messrs. Henry, George, Joseph and James—and one daughter—Mrs. Arthur Cooper—with whom sincere sympathy will be felt in their sad affliction.

"There's a Reason"

MARDI-GRAS FETE WILL BE GREAT

Over Ninety Allegorical Cars Will Be in Line, With Six Bands.

Over ninety allegorical and other cars have now been entered for the grand Mardi Gras procession which is to take place on Tuesday evening, and the event promises to be one of the most spectacular ever seen in Quebec. There will be six bands of music in the procession and thousands of gaily garbed masqueraders are expected to participate. Widespread interest is being taken in the event in outside localities, and it is stated that no less than three special trains will be run from Montreal. The Montagnais Snowshoe Club of the latter city are coming down in full force to join the procession, and all the Quebec and Lévis Club will be seen, most of them turning out with handsome cars.

The arrangements are progressing with remarkable success, and both Chief Trudel and Mr. Philippe Roy, the energetic secretary, are being kept very busy settling the many details. The procession will assemble at the Drill Hall at 7.30 p.m. and will proceed by way of the following streets: Grande Allee, St. Louis, Port Dauphin, Buade, Fabrique, St. John, Palace Hill, St. Paul, St. Joseph, Bridge, St. Francis, Boulevard Langelier, St. Joseph, St. Valier, St. Peter's Market.

The return will be via St. Joseph, Crown, Cote d'Abraham, St. John, De Salaberry, Grande Allee.

Some of the cars in the procession promise to be most imposing and unique, and no expense is being spared by some of the organizations who intend to be in line. A group of Huron Indians promises to be a feature, and Barum's Circus, with its band wagon and ponies, horses, caribou and other animals will also be in line. There will be a miniature skating rink, and there will be countless other features too numerous to mention.

Quebec will evidently have a night of sport and amusement on Tuesday that will be hard to surpass.

The trained deer belonging to Mr. Joseph Guay, of Chicoutimi, which is to take part in the procession, will arrive in town this morning.

Owing to the death of Mr. Gauvreau at the request of Mayor Drouin, Chief Trudel has given orders to have the route of the procession changed, and it will proceed along St. Joseph street instead of going through St. Francis street, and all bands will be notified to cease playing between Bridge and Crown streets.

QUEBEC MEDICAL MAN HIGHLY HONORED.

At the annual meeting of the Association of Medical Officers of the Militia of Canada, which was held in Ottawa last week, a high honor was conferred upon Major E. A. LeBel, of Quebec, who was elected president for the ensuing year. This is the first time the position has been held by a French-Canadian officer, and his many friends will unite in congratulating him. The full list of officers is as follows:

Hon. President, Sir Frederick Borden, Minister of Militia.
Hon. Vice-Presidents, Col. E. Fiset, D.S.O., deputy Minister of Militia, and Col. G. C. James, D.G.M.S.
President, Major E. A. LeBel, Quebec.

Vice-Presidents (one for each military district): No. 1, Major D. B. Bentley; 2, Lt.-Col. Fotheringham; 3, Major A. R. B. Williamson; 4, Major J. W. Shillington; 5, Major E. R. Brown, 5th R.H.; 6, Lt.-Col. R. T. Macdonald; 7, Capt. W. L. M. Carter, 8th R.R.; 8, Major T. D. Walker; 9, Major J. Ross; 10, Major W. Webster; 11, Major F. C. McTavish; 12, Major D. McLauchlan; 13, Capt. L. S. Mackid.

Secretary, Capt. T. H. Leggett, Ottawa.
Assistant Secretary, Lieut. N. McLeod, Ottawa.

Treasurer, Capt. McKelvey Bell, Ottawa.
The executive committee is composed of one officer from each military district. They are: No. 1, Lt.-Col. R. I. Lockhart; 2, Lt.-Col. F. Fenton; 3, Major F. Etherington; 4, Major C. A. Hodgetts; 5, Major C. F. Wyld; 6, Major M. Lauterman, 6th Hussars; 7, Major G. G. Turcot; 8, Capt. T. E. Bishop; 9, Lt.-Col. J. A. Sponagle; 10, Major W. L. Watt; 11, Capt. A. M. Robertson, 6th Regiment Artillery; 12, Lt.-Col. S. R. Jenkins, 4th Regiment Artillery; 13, Capt. J. A. Hislop, 19th Alberta Mounted Rifles.

THE ROAD TO FORTUNE

Pierpont Morgan said, "WHY PUT YOUR MONEY IN BANKS? WHEN REAL ESTATE BRINGS IN BETTER INTEREST AND YOUR SECURITY IS BOUND TO INCREASE IN VALUE." FORTUNES ARE MADE BY KEEPING YOUR CAPITAL AT WORK ALL THE TIME. Money invested in FORT GEORGE district will pay you from 50 to 100 per cent. Large and small farms for sale near the proposed Townsite of Gordonville. We have been given the selling of the Gordon Estate, which immediately adjoins the proposed Townsite of Gordonville, which is about fifteen miles north of Fort George. This country comprises the valley of the Salmon River, and is almost ready for the plough. It lies nearly level and slopes gently back from the river. No irrigation is required, the climate is warm in summer, and mild but not wet in winter; the soil is very rich, and produces enormous crop yields, fruits, grain and mixed farming will pay handsome returns, one good crop will pay for the land. The Grand Trunk Pacific passes along the Fraser River just at the mouth of the Salmon River, and a charter has been applied for for a railway which will pass through the center of this property. We have subdivided this property into 5 and 10 acre blocks, which are selling for \$250 and \$500.00 respectively, per block, on a small cash payment of \$50.00 and the balance at the rate of \$10.00 per month. So great are the producing powers of this valley, that as soon as this railroad is completed, giving this locality transportation facilities, the land will easily be worth \$150.00 to \$250.00 per acre. If you are interested write us immediately and we will give you full information regarding the country. 1/4 acre blocks three miles from Fort George are selling at \$350.00 per lot.

QUEBEC FINALLY BEATS WANDERERS

Defeated Them in Close Game at Montreal on Saturday Evening.

Montreal, Feb. 25.—Playing entirely on the defensive and resisting with dogged perseverance the desperate attacks of the Wanderers throughout the last twenty minutes play, Quebec won their game with the cupholders here Saturday night by a score of 3 to 2. The visitors earned the victory during the last period when every man on the ice with the exception of Riley Hern was working for all that was in him. It was a hard match for the locals to lose. Only through the hardest kind of luck none of the many shots poured in during their last frantic attack, went past Moran.

It was a great game from the hockey point of view. Neither team showed anything like top form and at times play was little short of ragged. Practically no combination work was in evidence, any that did show up being quite haphazard. There were a few individual runs of merit, but they were not at all exceptional. The feature of the whole match was the wonderful defence of the Quebec team against the headlong attack of the Wanderers in the last twenty minutes. It was great while the local team confined themselves to legitimate attacks and defence, but when this deteriorated into a fight between Ross, of the Wanderers, and Oatman, of the Quebecs, the spectators lost interest in the game. Smail and Hyland were also sent to the bench about the same time that Ross and Oatman were penalized and it was quite certain that the locals had lost all chance of getting even.

Play in the first period was poor, but pretty well divided, both sides scoring two goals each. In the second session Quebec had slightly the better of the play, which was faster and decidedly better. Oatman was credited with Quebec's third goal, although the Wanderers protested that the puck never entered the cage, but the official stood his ground and allowed the point, though the Wanderers were ruffled and looked like mobbing the official. The locals, however, objected to the Quebec official, and Mr. Hicks, of the M.A.A.A., took his place in the cage.

Line-up and summary: Wanderers. Goal. Quebec. Goal. Moran. Point. Ross. Cover-Point. Johnston. Rover. Glass. Centre. Gardner. Dunderdale. Hyland. McDonald. Smail. Oatman. Referee, Ellis; assistant, Hutton.

First Period. Mins. 1—Quebec, McDonald . . . 7.42 2—Wanderers, Hyland 08 3—Quebec, Mallen 4.20 4—Wanderers, Smail 6.00

Second Period. 5—Quebec, Oatman 15.25

JUNIORS PLAYED A LONG HOCKEY GAME.

Montreal, Feb. 25.—It took Montreal and Victoria juniors almost two hours to settle their match this afternoon on the Arena, the latter finally winning by two goals to one.

CUSTOM HOUSE TEAM WAS DEFEATED.

In a game between the Custom House team and that of Rock City at the Quebec Rink on Saturday night, the latter won by 7 to 3.

WILL ACT AS SPARES IN COMING GAMES.

Immediately after the game between Laval and St. Patrick's on Saturday night, Jeff Malone and R. Walters, of the former team, left by the evening train for Montreal, where they joined the Quebec team and will go on with them to Renfrew and Ottawa to act as spares in the coming games.

HACK THREW SWISS WRESTLER TWICE.

Wichita, Kas., Feb. 25.—George Hackenschmidt threw George Eberle, of Switzerland, twice to-night. The first fall was won in 20 minutes, 20 seconds, and the second in 8 minutes and 8 seconds. Eberle, though out-weighted, was the aggressor, and in the second fall had one of Hackenschmidt's shoulders pinned to the mat.

NATIONAL RACQUET CHAMPIONSHIP.

New York, Feb. 25.—Reginald R. Fincke, of the New York Racquet and Tennis Club, won the national racquet championship title to-day, by defeating his clubmate, J. Gordon Douglass, three out of four games in the final match on the local court. There was a big attendance. Douglass made a fine showing in the opening game which he won, and for the first half of the second, which was "set" at 13, he outplayed Fincke, but then the latter improved quickly while Douglass weakened and the match and the set went to Fincke by the scores of 7-13, 13-13, 13-6 and 13-6.

LAVALS WON A CLOSE MATCH

Defeated St. Patrick's 2 to 1 in City League Match Saturday Night.

A hard, fast and close game was played at the Quebec Rink on Saturday night between Laval and St. Patrick's, the former winning by the narrow margin of two goals to one. The Lavalis, who are at present holders of the Chronicle Cup, made a desperate effort to defeat St. Patrick's, who are their chief contenders this season in the City League. St. Patrick's had already defeated Laval, but last night the latter turned the tables and both teams are now running neck and neck.

St. Patrick's had a little the best of the first half, but were unable to score, the strong defence of the students working very hard. The two goals scored in this period were really of the snap variety. Derouin got the puck from the start and rushing down slammed it into the Laval nets. It took Lavalis over twenty-five minutes to even up. R. Labrecque shooting the puck into the St. Patrick's nets from a face off near the goals.

The second half was very even, both teams battling from end to end unceasingly, the play being very rapid and exciting. Just a few seconds before the close, Hamel fooled Power and scored the winning goal. Both teams showed themselves to be even-balanced, and the exhibition which they provided was better than some of the senior games seen here this winter. There was a very big crowd present, both teams having large followings. The match was clean and while there were a number of penalties none of them were for serious offences.

The officials, Messrs. S. Lemesurier and C. Nolan gave good satisfaction and handled the match with ability and impartiality. The line-up:

Laval. Goal. St. Patrick. Goal. Trudel. D. Power. Point. Gourdeau. E. Malone. Cover-Point. De Lery. Jeff Malone. Rover. Labrecque. R. Walters. Centre. Hamel. F. Power. Right Wing. Pouliot. W. Derouin. Left Wing. R. Labrecque. P. Vallee. Referee, S. Lemesurier; assistant, C. Nolan; umpires, M. Hogan, J. Tessier; timekeepers, J. Breen, A. J. Bussieres; penalty timekeeper, L. Russell.

SUMMARY.

First Half. Mins. 1—St. Patrick, Derouin 20 2—Laval, Labrecque 25.30

Second Half. 3—Laval, Hamel 27.40

Penalties—Walters, 3, R. Labrecque, 3, Jeff Malone, 3, Joe Labrecque, 3, Hamel, 3. Second half—R. Labrecque, 3, Walters, 5.

COULON WON FROM FRANKIE CONLEY.

New Orleans, La., Feb. 25.—Johnny Coulon, of Chicago, was given the decision to-day over Frankie Conley, of Kenosha, Wis., at the end of their 20-round bout for the bantamweight championship at 116 pounds. Tommy Walsh was referee.

MONTE ATTELL AND PHIL MCGOVERN DRAW.

Pittsburg, Pa., Feb. 25.—Monte Attell, formerly of San Francisco, and Phil McGovern, of Brooklyn, fought six very tame rounds here to-night in a no-decision bout. Attell had the best of it throughout, McGovern appearing to be out of condition.

CLIFFSIDES FOR NEW YORK.

Ottawa, Feb. 25.—The Cliffside leave to-morrow afternoon on their first American trip. They play at New York to-morrow night, meeting the New York Athletic Club at St. Nicholas Rink. On Thursday they may also play in Brooklyn. On Saturday the Interprovincial champions go to Boston for a game. They leave for home Sunday and will be back a week from to-day, just in time to have one practice in preparation for their match against New Edinburghs. The Cliffside party will number nine. Most of them have played on artificial ice before.

ARGONAUTS DEFEATED PARKDALE AT HOCKEY

Toronto, Feb. 24.—Argonaut qualified for the senior O. H. A. finals here Saturday when before a large crowd they beat Parkdale decisively by a score of six to two, making them winners by 9 to 5 on the round. They meet Eatons in the finals on Wednesday and Saturday nights and these games will mark the end of the season in Toronto. Saturday night's game was on soft ice, and Argonauts used the best judgment in playing the ice. Parkdale lost their chance in the last half by incurring too many penalties, ten being sent off to four of the Argonauts. Argonauts showed superiority all through. Parkdale was again deprived of the services of Evans. Argos are picked by many to beat Eatons for the championship. Considerable money was wagered Saturday night, Argos being favorites.

FAVORITE PLAYERS HAD AN INNING

At Moncrief on Saturday—Lahore Won the Ponce de Leon Handicap.

Jacksonville, Fla., Feb. 25.—Lahore, the favorite, won the Ponce de Leon Handicap at Moncrief to-day from a good field of Derby candidates, beating out Dr. Duennier by half a length, while Star Charter was third, a length back. Favorite players had an inning to-day, four first choices rewarding their backers. Simple Life fell just after the start in the third race and threw Gordon heavily. The boy escaped with a severe shaking up. Summary:

First Race—Purse, \$400; two year olds; four and a half furlongs.—Ursula Emma, 112 (Butwell), 9 to 1, 9 to 5, 5 to 6, won; Day May, 105 (Hufnagel), 30 to 1, 7 to 1, 2 to 1, second; Duval, 112 (Walsh), 5 to 1, 8 to 5, 7 to 10, third. Time 0:55.2-5. Doodle Dandy, Mark B. Eubank, Efficiency and Kitey also ran.

Second Race—Selling; three year olds and up; seven furlongs.—Fond Heart, 104 (Butwell), even, 2 to 5, 1 to 5, won; Grecian Bend, 7 to 1, 2 to 1, 7 to 10, second; Coletta, 84 (Cole), 4 to 1, even, 1 to 2, third. Time 1:28.1-5. Mozart, Luerne, Sculptor, and English Esther also ran.

Third Race—Selling, \$400; three year olds and up; seven furlongs.—Judge Walton, 106 (Minder), 7 to 1, 7 to 5, 3 to 5, won; Howler, 106 (Hufnagel), 40 to 1, 15 to 1, 6 to 1, second; Golden Ruby, 94 (Olsen), 15 to 1, 5 to 1, 2 to 1, third. Time 1:28.2-5. Narnoe, J. V. Jr., High Range, Faberham, Montague, Peed Over also ran.

Fourth Race—The Ponce de Leon Handicap, \$1,500; three year olds; one mile.—Lahore, 119 (Butwell), 2 to 1, 9 to 10, 2 to 5, won; Dr. Duennier, 111 (Musgrave), 7 to 1, 2 to 1, 4 to 5, second; Star Charter, 117 (Wilson), 6 to 1, 2 to 1, 4 to 5, third. Time 1:40. Pharoah, Judge Monck, Antenor, Governor Gray, Jack Demman also ran.

Fifth Race—Selling \$400; three year olds and up; six furlongs.—Lady Irma, 111 (Koerner), even, 1 to 2, 1 to 5, won; Oakhurst, 106 (Byrne), 7 to 2, even, 2 to 5, second; Wander, 100 (Butwell), 6 to 1, 3 to 1, 3 to 5, third. Time 1:18.2-5. Infatuation, Masheimer, Handrunning also ran.

Sixth Race—Selling, \$400; three year olds and up; mile and a sixteenth.—Third Rail, 106 (Olsen), 6 to 1, 5 to 2, 7 to 5, won; El Oro, 101 (Butwell), 13 to 5, 6 to 5, 3 to 5, second; Wing Ting, 111 (Walsh), 9 to 2, 2 to 1, even, third. Time 1:48.1-5. Gold Dust, Spec Nostra, Huck, Queen Marguerite, Discontent also ran.

MONDAY'S ENTRIES.

First Race—Selling; two year olds; four furlongs.—xElsonhere, 109; Sauce, 107; Stillefit, Arany, Chief Jackson, Senator Sparks, 110; Terrible Boy, 115; Elan, 118.

Second Race—Selling; three year olds, maiden fillies; five furlongs.—xRampant, 107; Moly Ho, Allandale Emma, Myrtle Marion, Song of Rocks, Emma Stuart, Gavotte, Ruby Knight, Creole, Heatherbloom, Knight Thought, Stickpin, 110.

xThree pounds apprentice allowance; xx five pounds claimed. Weather, clear; track, fast.

THE CANADIENS PLAY ANOTHER TIE GAME.

Moncton, N.B., Feb. 26.—The Canadiens and Monctons, champions of the Maritime Provinces, played a tie game Saturday night, the score being two each. The Canadiens scored both their goals in the first half and Moncton scored their two in the last half. There was only one penalty handed out during the game, Payan being given a minute for tripping. The Canadiens' speed and stick-handling were a revelation to the crowd. Lalonde and Dallaire shot the goals for the Canadiens and Crockett and Nicoli scored for Moncton.

HOCKEY GAMES ACROSS THE BORDER.

Boston, Mass., Feb. 25.—The Boston Hockey Club defeated the Crescents of Halifax 3 to 2. The game was fast and clean and only one penalty was imposed. At the end of the half Boston had a 2 to 1 lead.

Cleveland, O., Feb. 25.—The Eaton Athletic Club, of Toronto, again defeated the Cleveland seven at hockey to-night by the score of 4 to 3.

New York, Feb. 25.—In a clean game, marked by not a single penalty, the Victorias of Montreal defeated an all New York hockey team at St. Nicholas Rink to-night 6 to 4. The score at the end of the first half was 6 to 1 in the Canadians' favor, Peabody having scored the only goal for the locals. In the second half, New York-braced and rolled up three more points, but could not overcome the visitors' lead.

WHY?

If we are selling our embroideries and lingerie at such low prices, it is because we have a balance of stock purchased from the manufacturers at ridiculously low prices. Come and see.

FAGUY, LEFNAVY & FRERE.

POST OFFICE GIRL MESSENGERS

Mr. Samuel Explains Scheme for Reforming the Present System.

London, Feb. 24.—The proposal to engage 300 girls as messengers for the Post Office was explained by Mr. Herbert Samuel, Postmaster-General, on Tuesday to a deputation from the Parliamentary Committee of the Trade Union Congress. He further made an important statement in regard to the future of the many boys engaged in postal work.

Mr. Samuel said he entirely agreed that the present system should be reformed, and that steps should be taken to absorb the boys in the adult service. Four thousand boys were dismissed the service every year. The report of the Standing Committee on the question would be presented to Parliament within the next few days.

He had been attacked, Mr. Samuel said, on the ground that he was anxious to employ as many girls as possible in order to save one shilling per week each in the wages, but, as a matter of fact, it was never contemplated that girls would be employed for the delivery of messages. That was a most unsuitable employment for girls, for it subjected them to serious temptations from which they should be safeguarded. The proposal was that some 300 girls, instead of boys, might carry messages inside the post-office buildings, from one room to another, where women were wholly or mainly employed.

With regard to boy messengers, their difficulty was that the number of adult situations was not large enough for them to be absorbed. On the other hand, there was a large number of positions available for girls; and it would be quite easy to absorb, as telegraphists or otherwise, these 300 girl-messengers.

Since the girls would be employed

for fewer hours, they would receive a correspondingly smaller wage; but there was no suggestion that the hourly wage should be smaller for the girls than that received by the boys. The department had never entertained the idea of substituting girls or boys in order to save money.

It was the intention of the Post Office to reduce the number of boy-messengers as much as possible by the use of the telephone and other mechanical devices. They might increase the number of adult positions, from 1,600 to 1,900; and, in addition to that, 200 boys a year could be trained as linemen and so on for the navy.

When the various new methods were in full operation, he anticipated that they would enable the whole body of boy-messengers, with the exception of the small margin of 300, to be absorbed in the Post Office, the Army, and the Navy.

Among other subjects touched upon by the deputation was a suggestion for banking facilities for trade unions. The Postmaster-General suggested that the trade unions should get bankers' cheques, which would be made payable in any town or village, and that these should be sent direct either by the banker or the union, to be paid into the branch accounts, and drawn in the usual way by the local trustees.

The deputation stated that such an arrangement would certainly meet the whole question of the transmission of funds.

GENERAL HEALTH OF THE PHILIPPINE ISLANDS.

Washington, Feb. 25.—The general health of the Philippines is much better now than it has been in ten years and of this the Marine Hospital Service declares if the satisfactory condition can be continued a little longer the possibility of another serious outbreak of disease will be practically eliminated. Grave fears are expressed, however, that the islands are menaced by the plague now at Shanghai and the frequent outbreaks of plague and cholera in Japan, as the shortage of the rice crop in the Philippines will increase the number of rice ships to arrive from Indo-China and Siam.

FATALLY INJURED BY BEING STRUCK BY A CAR.

Montreal, Feb. 24.—The doctors at Notre-Dame Hospital hold out no hope for the recovery of S. Riegleman who was struck by a car at noon today, as he was crossing St. Catherine street, where Panet street intersects the big thoroughfare. The victim's skull is fractured and he lies in an unconscious condition, hovering between life and death. Riegleman's home is at 787 Craig street east.

AMERICAN CRICKETERS DEFEATED IN BERMBUDA.

Hamilton, Bermuda, Feb. 24.—A team of Philadelphia cricketers to-day concluded a week's series in Bermuda. They met defeat in each game contested. Hamilton won over the Americans by two runs and eleven wickets, the garrison team by four runs and seven wickets.

MONTREAL CLOSING LETTER.

By private wire to McDougall & Cowans, 81 St. Peter street:

New York, Feb. 25.—The early prices as shown by the opening figures were generally lower for the railroads, with the industrials strong, closely following the lead of London. Canadian Pacific Railroad was again the bright spot, gaining 2 points, with Soo sympathizing to the extent of a point. The feature of the industrial list was the chemical stocks, American Agricultural Chemical gaining 3 1/2, and Virginia-Carolina 2 1/2. Best Sugar, Cotton Oil, Rubber, Canadian Pacific preferred, all gained from one-half to one and one-half points. The closing was weak and a decline of one-half point or more from the highest prices for the day on reports that the Supreme Court decisions would be rendered Monday and fears that they would not be favorable to the industrial corporations. We would advocate buying only on breaks for the time being for there must undoubtedly be considerable weak stock to be liquidated.

DEATH OF MGR. GAUVREAU

Well-Known Former Pastor of St. Roch Passed Away Yesterday Morning.

There passed away yesterday morning at the Hospice St. Antoine the former dearly-beloved cure of St. Roch, after an illness extending over some years, in the person of Mgr. A. Gauvreau, who had retired several years to the Hospice, an institution which he had himself founded. Deceased was well known and highly esteemed by all who knew him, not alone the members of his own church, but among people of all denominations, and the news of his death will be received with deep sorrow. The Rev. Mr. Gauvreau had received special honor from the Holy See, having been raised to the rank of a Monsignor.

Prior to taking charge of the parish of St. Roch he had been cure of Levis, and in both he had done remarkable work.

Mgr. Gauvreau was born in Rimouski September 22, 1841, the son of Pierre Gauvreau, a prominent notary public. He was educated at St. Anne's College, studying theology at Laval. In October, 1864, he was ordained to the priesthood, his first appointment being as a missionary in Gaspe. He was called to the city of Quebec in 1866, where he became almoner at the Archbishop's Palace, being at the same time chaplain of the Sisters of Charity, the Christian Brothers and the St. Vincent de Paul Society. He later held charges in Nicolet, St. Anne de Beaupre, St. Romuald, being appointed cure of Levis in 1882. While in Levis he founded the Marist Brothers, who give instruction to hundreds of boys. He also was instrumental in the founding of the hospital.

When he was transferred to Quebec he continued his good works, and many parish institutions for the good of his people were inaugurated by him. His crowning work was the building of the Hospice de St. Antoine, which will stand as a monument to his memory. He ever had a firm hold on the warmest affections of his people. Mr. F. D. Gauvreau, of the Prothonotary's office, this city, was a brother of the deceased.

STORY REGARDING BIRTH OF CHILD

Causes a Sensation and Much Annoyance to a Family in Montreal.

Montreal, Feb. 26.—Some person started a story last week that a baby had been born to Mrs. Alfred Plante, 411 Joliette street, Hochelaga Ward, with horns resembling a goat. The family at first paid little attention to the report, and their neighbors were aware that nothing of the kind had happened. Mrs. Plante is the mother of eight children, the youngest of whom is a girl, eight months old, a healthy child of normal proportions. The story of the baby with the horns spread, until curious people were attracted to the house. So bothersome did the curiosity seekers become that the father appealed to Captain Murphy, of the East St. Catherine street police station, for protection. Captain Murphy said he could not prevent people from calling at the house if they wished to do so, but would stop them collecting in the street or blocking the sidewalk. One policeman was sufficient Saturday to keep the crowd that gathered in front of the house from blocking the street, but to-day it required two men and an officer to keep them in motion. Captain Murphy stated that in the early part of this afternoon there were between 500 and 600 persons in front of the house. It was impossible to convince the crowd the story was not true. Some offered to be willing to pay as high as \$5 to get a look at the curious baby, who was supposed to be only a week old. Captain Murphy stated that he did not know how the story originated, but he had an idea that it had started among the children in one of the schools.

LADY ROBBED OF VALUABLE JEWELS

On Board an Ocean Steamer—Principally Pearls and Diamonds.

New York, Feb. 26.—Mrs. Malvina Drummond, formerly Mrs. Marshall Field, Jr., of Chicago, was robbed of a fortune in jewels last night aboard a trans-Atlantic liner. Diamonds, pearls and other gems to the value of approximately \$130,000 disappeared mysteriously from her stateroom on the steamship Amerika, of the Hamburg-American Line, some time between 9:30 o'clock last evening and 5:30 o'clock this morning.

The loss was reported immediately the liner docked at Hoboken this afternoon, and the police of Hoboken and New York are working on the case. Mrs. Drummond hurried to the Hotel Plaza, declining to discuss her loss. The Hamburg-American Line disclaims all responsibility on the ground that passengers leave jewels in their staterooms at the owners' risk.

To the police Mrs. Drummond described the missing jewels as follows: Two strings of pearls of 273 pearls each; one string of 283 pearls; one large black pearl ring set with diamonds; one large white pearl ring set with diamonds; one pair large pearl earrings set with diamonds; one black pearl brooch set with diamonds, with a black pearl, pea-shaped pendant.

A wireless message sent from the Amerika as she neared port summoned the detectives down the bay in a tug. They learned from Mrs. Drummond details of the theft and began a combing of the ship and a search of the crew. But not a trace of the jewels was found.

Mrs. Drummond explained that except at night she had worn the jewels almost constantly on her person, but had kept them under her waist and had not displayed them at any time, even while dining. Last night on retiring she placed them in a cabinet drawer of the stateroom, as she had done each night during the voyage. No one had access to the stateroom, she added, besides her husband, herself and her maid. The maid she holds above suspicion. Arising early this morning to make her toilette before the liner docked, she was startled to find the drawer empty. The captain of the Amerika was quickly notified and a quiet investigation was begun before an aerogram called police authorities on shore. Stewards and stewardesses were questioned closely and their clothes and belongings searched, and when the detectives arrived there were quiet inquiries among the 138 first cabin passengers aboard. As not a clue was developed, however, the customs authorities were appealed to, and under guise of baggage inspection every one's luggage was sifted thoroughly both in first and second cabins, but so far as could be learned not even a suspicion was unearthed.

Mrs. Drummond was Miss Albertina Huck, of Chicago. After the death of her first husband in 1905, her father-in-law settled the income of \$1,000,000 on her. She was visiting her sister-in-law, the wife of Admiral David Beatty, of London, when she met her present husband, a wealthy English sportsman.

COURT OF SESSIONS.

The girl, Emma Gagne, who was arrested on the charge of stealing a dress, the property of a woman by whom she was at one time employed, was acquitted of the charge in the Court of Sessions on Saturday morning.

PREMIER BRIAND AND HIS CABINET

Will Resign To-day on Account of Small Majority in Recent Vote.

Paris, Feb. 26.—Premier Briand and the members of his cabinet will resign on Monday. They reached this decision this afternoon at a conference in the Premier's office, when the political situation was thoroughly canvassed from beginning to end. The bare majority of sixteen, which the government received last night in a vote of confidence in the Chamber of Deputies, following the Premier's arraignment by the Radical Socialists, Louis Malvy and Paul Monnier, was a sore blow to the Premier and his associates, who had been sustained many times in previous crises by much larger votes. In the end, M. Briand declares that he was "sick of it all."

The only reason for waiting until Monday to present their resignations to the President is that the ministers wish to show their respect for the memory of their late colleague, General Brun, whose funeral will take place Monday morning.

There is much uncertainty to-night as to what will happen—whether President Fallieres, after taking counsel with the leaders of the parliamentary groups, will ask M. Briand to stay in power, or whom he will invite to form a new ministry. Leon Bourgeois, former Premier and ex-Minister of Foreign Affairs; Raymond Poincare, ex-Minister of Finance; Theophile Delcasse, ex-Foreign Minister, and former Premier Emile Combes are among the names mentioned, although it is denied that M. Delcasse is personally not liked by the President of the Republic.

The decision of the ministry to withdraw has created an enormous political sensation. The Conservative newspapers are sounding a note of alarm. They declare that the forces of extreme Radicalism are triumphing over sane and progressive reform, regarding the clerical issue, which was raised yesterday, as a mere pretext to attain Briand's downfall. They point out that it is ridiculous to accuse the man who constructed the separation law of clericalism, and now that the church and state are completely divorced M. Briand has been merely following out a general programme of "apostasy."

The vote in the Chamber of Deputies last night, therefore, is interpreted as the result of an intrigue among Briand's adversaries in his own party, who have been plotting his overthrow since the great crisis in the railway strike and blocking the Premier's programme of arbitration in labor disputes in connection with the public service corporations.

Physically and mentally exhausted by several years of uninterrupted labors in official life, M. Briand is sincerely anxious to retire. Even now he is discussing with his friends the delights of a proposed trip to the Mediterranean. It is understood that M. Pichon, Minister of Foreign Affairs, is equally determined to withdraw and would not accept a place in the new cabinet if it were offered him.

The Temps, in summing up the situation, blames parliament for taking too much interest in the railway employees, who imperiled the security of the country, and not enough in the measures designed to protect the nation from civil war. "M. Briand," says the Temps, "has the support of public opinion. His departure gives all Frenchmen food for grave reflection, for France is menaced by moral disorder and a conscienceless parliament."

SITUATION UNCHANGED.

Paris, Feb. 26.—The political situation had practically no new developments to-day. Nothing has been done towards the solution of the difficult problem of selecting a successor to Premier Briand, and there were no meetings of the various parties. There is a tacit understanding of a truce until after the funeral of the late Minister of War, General Brun, which takes place to-morrow morning. The duration of the ministerial crisis, which will begin officially at 1:30 o'clock to-morrow afternoon, may be long drawn out, as it is understood that President Fallieres will probably desire prolonged consultations with the presidents of the Senate and the Chamber of Deputies, who are his customary advisors on such occasions.

Both of these officials are believed to favor members of the Senate for the premiership, as most likely to succeed in reuniting the Republican groups, to hold which must be the policy of the new cabinet.

It is stated to-night that the powerful Socialist-Radical group of Republicans, which voted against the government on Friday, has decided not to accept a ministry not presided over by a member of the Radical or Socialist-Radical groups.

EARLY MORNING FIRE IN ST. JOHN STREET.

There was an early morning fire on St. John street yesterday, the firemen being summoned about 2 o'clock to a blaze which had broken out in the upper portion of the building occupied as a dry goods store by F. D. Dubuc, 228 St. John street. The apartments were occupied by Mrs. O'Connor as a rooming house. The firemen quickly got a line of hose laid, and managed to promptly extinguish what looked as if it might be a dangerous fire. The store downstairs was damaged by water.

The firemen had a call yesterday morning also for the beginning of a fire in St. Roch, but it did not amount to much.

MURDERED IN THE STREET.

Tiffis, Feb. 26.—A Giss, a Belgian, who was assistant manager of the street railway here, was murdered in the street to-day by two unknown men.

Garnia, Ont., Feb. 26.—While looking for a leak of natural gas in the cellar of W. C. Dillon's liquor store yesterday afternoon, a plumber lit a match and an explosion followed. The building was slightly damaged, but the workman was not injured.

SIR A. PELLETIER SERIOUSLY ILL

At Chelsea Hotel, Atlantic City. Nature of Illness Not Given.

Atlantic City, N. J., Feb. 26.—Sir Alphonse Pelletier, Lieutenant-Governor of Quebec, is seriously ill at the Chelsea Hotel here. Lieutenant-Governor Pelletier came to the shore about two weeks ago. He has been unable to leave his hotel for nearly a week. Captain Victor Pelletier, his nephew and aide-de-camp, is here with Sir Alphonse. He would not discuss the nature of the Lieutenant-Governor's illness.

CANADA LETS IN THE IMPORTS

Of Twelve Other Countries Through Reciprocity with U. S.

Reciprocity with the United States means that twelve other countries besides the United States will be allowed to import goods into Canada. These are Argentina, Austria, Hungary, Bolivia, Colombia, Denmark, Japan, Norway, Russia, Spain, Sweden, Switzerland and Venezuela. They also will get the benefit of every cent of tariff reduction that Mr. Fielding and the Liberal Government propose to give the United States.

No Returns for Canada.

Not very much does Canada get in return. In fact, as Mr. Fielding tried to conceal under a bushel of evasion she gets absolutely nothing.

Canada is even now on the "most favored list" with each of these 12 countries. No other country will get an advantage over Canada in their markets, it is true, but all of them, thanks to the reciprocity deal, are to be given substantial tariff concessions from this country.

PERSONAL

Mr. and Mrs. Edward Slade, children and maid left New York on Saturday last by the steamer Friedrich der Grosse for Naples and Genoa.

Sir Wilfrid Laurier was confined to his home on Saturday and yesterday as the result of a cold. He expects, however, to be out to-day.

Mr. and Mrs. George Brunet entertained a number of their friends at dinner at the Kent House on Saturday evening last.

Mrs. E. Pacaud was the hostess at a dinner and dance given at the Kent House on Saturday evening last, when a most enjoyable time was spent, the party returning to town shortly after midnight.

Mrs. J. B. Morissette entertained thirty young ladies to a luncheon at Kent House on Saturday last, and during the afternoon the party was joined by a number of young gentlemen, when an informal dance took place, and tea was served before the guests returned to town.

Arrivals at the Clarendon:—A. N. Reid and wife, Toronto; Mrs. H. Grant, Montreal; Louis N. Labrecque, Alfred Tremblay, Three Rivers; C. D. Chisholm, J. Adams, Toronto; Louis Laval, St. Guillaume; D. U. Echem, Toronto; R. H. Chillas, Geo. H. Rudkin, Montreal.

DEEP-SEATED COUGH CURED IN 5 HOURS.

New Home-Made Syrup.
From Boston Press.

Progress in medical compounds never ceases, and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be actually cured in five hours by the clock. Opium and morphine have been resorted to in the past, as relief measures. But now it is learned that the system must be treated to rid it of inflammation and congestion. A tonic laxative cough syrup does the work so quickly and thoroughly as to be almost magical. What heretofore has taken weeks to cure can be accomplished in hours. Get this formula filled or mix it at home and always keep it on hand:—One-half ounce fluid wild cherry bark, one ounce compound cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day until the system is purified and toned up. Give your children less according to age. One filling will usually cure a whole family, as the dose is small.

February being a short month, we will continue our cheap sale until Saturday evening, the 4th of March, when it will close.

Take advantage of next week and secure your requirements in cut glass, china, earthenware and articles suitable for prizes or presents.
