

## NEW DISARMAMENT CONFERENCE IS PREDICTED Swedish Plane Down At Skaptaros—Accident At Granby

### MacDonald Plans Meeting Between Britain And U. S.

London Political Circles Discussed Today Possibility of Meeting Between Prime Minister MacDonald, President Hoover and Premier King—Britain's Labor Premier Is Anxious for Such a Meeting and Is Ready to Go to Washington for That Purpose — "Undeclared" Frontier Between U. S. and Britain Is Desired — British Press Yesterday Favored Object Underlying Meeting.

(Associated Press Despatch) LONDON, June 10.—The possibility of a disarmament conference at Washington between Premier Ramsay MacDonald of Great Britain and President Hoover of the United States and possibly Premier W. L. Mackenzie King of Canada was thrust into the forefront of political discussion today, from two different sources. The Labor newspaper, the Daily Herald, said Premier MacDonald not only desired personal consultation with President Hoover on Anglo-American relations, but was willing to go to Washington for the purpose. The Sunday Observer yesterday had editorially urged such a gathering at Washington, where the undefended frontier between Canada and the United States could be extended to the Atlantic ocean, as an undefended "frontier" between Britain and America.

Canadian Premier Would Play Important Part. Premier Mackenzie King and the Canadian Government would play an important part in any such discussions, both newspapers pointed out. The Herald said the British Cabinet would likely take the view that it would be essential that Canada be represented at such a meeting. The Observer, outlined what it described as the exceedingly difficult moral position of the Canadian Government in the past two years and added that any policy subordinating Anglo-American friendship to European commitments of any kind would make Canada's position in the Empire untenable.

### TAKEN FOR GRANTED THAT VISIT WOULD BE HELPFUL

(Associated Press Despatch) WASHINGTON, D. C., June 10.—No hope for effecting the reduction of naval armament which President Hoover desires was seen by observers in the report that Prime Minister MacDonald may come to Washington to discuss Anglo-American relations with President Hoover. Although comment from the White House was lacking, it was taken for granted that such a visit from the new Labor head of the British Government would be welcomed by the United States' Chief Executive. The suggestion, surprising though it was, gained immediate approval in circles familiar with Anglo-American affairs.

Chairman Borah, of the Senate Foreign Relations Committee, who had been in correspondence with the British Labor Party Chief for more than three years, expressed the opinion that "close cooperation between Mr. MacDonald and President Hoover would give exceptional assurance that progress would be made toward solution of the great problem of lifting the burden of armaments."

### MARKED IMPROVEMENT IN CONDITION OF HIS MAJESTY

(Associated Press Despatch) WINDSOR, England, June 10.—The condition of the King once more is showing a marked improvement. A bulletin issued by his physicians said: "His Majesty, the King, is making progress. The abscess at the incision in the lung is diminishing in size. His general health is good." "Sir Stanley Hewett," "Sir Hugh Rigg," "Dawson of Penn."

### Mayor Bouchard, Of St. Hyacinthe, Was Guest At Banquet On Return From Municipal Union In Spain

M.L.A. for St. Hyacinthe Honored for Work on Behalf of Municipalities—Premier Taschereau Gives Sound Advice on Municipal Matters, Including Expenditures, Extravagance and Health.

(Special to the Record) MONTREAL, June 10.—Honorary age was paid T. D. Bouchard, M.L.A. for St. Hyacinthe and mayor of that city, at a banquet given in his honor at the Cercle Universitaire on Saturday night. Mr. Bouchard has just returned from Spain after representing Quebec with Oscar Morin, K.C., Deputy Minister of Municipal Affairs of the province, at the International Union of Municipalities in Spain held recently. The importance of municipal affairs formed the chief point of discussion in the numerous addresses made.

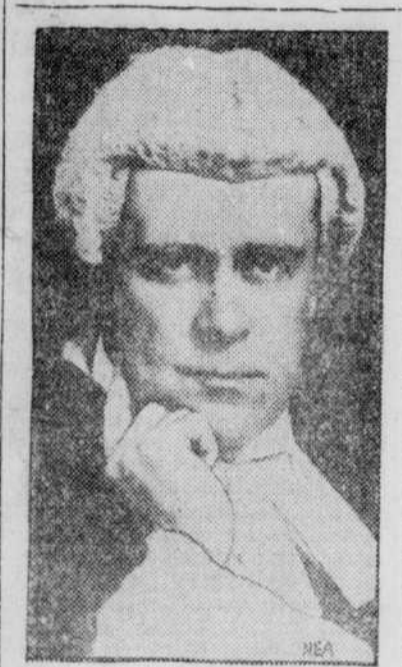

Premier Taschereau proposed the health of the guest of honor and was the chief speaker. Dr. Anatole Plante, M.L.A., presided. Premier Taschereau proposed the glad that Mr. Bouchard had represented the province at a convention at which twenty-six countries had delegates, and doubtless he had found that the problems of other countries were similar to those existing here, human beings resembling each other.

### Speaks of Extravagance.

Mr. Taschereau warned against extravagance on the part of municipalities and against their running into debt, and said: "Last year the Department of Municipal Affairs had approved of municipal by-laws totalling thirty millions, this covering municipal and school purposes. The Government is considering loans sought to remember that charges upon the municipalities were high, what with municipal, school and church taxation. It meant adding them together, that the municipal burden was heavy.

"There is nothing which discourages our people more than taxation," said the Premier. "Too often our people say they are leaving their farms because they cannot meet taxes, which means that municipalities should not go into debt to an extent that the ratepayers find the burden difficult to bear."

### TO BE CHANCELLOR

Lord Justice Sir John Sankey, who has been appointed Lord Chancellor of the Labor Cabinet of Premier J. Ramsay MacDonald.

Paris, June 10.—Father Germain Foch, Jesuit priest and younger brother of the late Marshal Foch, died today, less than three months after his soldier brother passed away.

### First Formal Meeting Of Labor Cabinet—Members Introduced By Premier

Ramsay MacDonald and His Colleagues Posed in Garden Behind Number 10 Downing Street for "Talkies" — Expressed Confidence in His Ministers.

(Associated Press Despatch) LONDON, June 10.—The first formal meeting of the new Labor cabinet was held today with all nineteen members present.

It was preceded by a posing for a talking picture film, the Prime Minister, Ramsay MacDonald, and his colleagues gathering in the garden behind number ten Downing street.

Mr. MacDonald, speaking into the microphone, introduced his colleagues on the cabinet with the words: "May I introduce to you the members of the cabinet who have been chosen for very hard work and because I believe this nation fully believes that they are competent to perform it."

CANADIAN AIRMEN WILL ATTEMPT FLIGHT FROM SASKATOON TO LONDON. SASKATOON, Sask., June 10.—A trans-Atlantic air plane flight in August is the plan of two Winnipeg aviators, it is announced here. Ben Brodman and "Red" Ronald, trans-Canada airways pilots, intend to fly from Saskatoon to London, hopping off August 15, Brodman announced.

Smuggling Between United States And Dominion Chief Topic Before Commons—Information Requested. E. J. Garland Questioned Necessity of Having Greatly Increased Customs Preventive Service—Hon. Mr. Euler Says There Are Smaller Seizures Because Smuggling Is Being Prevented—Machinery of Department Now Effective—More Seizures in Ontario Than in Quebec Is Charge.

(By Canadian Press) OTTAWA, Ont., June 10.—The report of the statistical committee, presented by Rev. Dr. J. W. Macnamara, Toronto, at Saturday's session of the 55th general assembly of the Presbyterian Church in Canada showed a gain of membership during the year of 6,697, bringing the total church membership up to 176,841. This total included 119 ministers, 1,001 elders, 12,054 families, 22,598 communicants and 158 congregations, each showing a gain over the previous year.

E. J. Garland Questioned Necessity of Having Greatly Increased Customs Preventive Service—Hon. Mr. Euler Says There Are Smaller Seizures Because Smuggling Is Being Prevented—Machinery of Department Now Effective—More Seizures in Ontario Than in Quebec Is Charge.

OTTAWA, June 10.—Smuggling from Canada to the United States and from the United States to Canada provided the House of Commons with some lively discussion in the first Saturday forenoon gathering this session, the day before yesterday. This question had played a part in the debates several days before, and was being continued.

Saturday's debate arose over a questioning of the increase from 127 members in the personnel of the customs preventive service in 1922, to 600 at the present time, by E. J. Garland (U.F.A., Bow River). The estimates for the preventive service were the cause for the debate. Mr. Garland also wanted to know why there was such a fluctuation in the amount of seizures made each year. In 1922-23, for example, seizures totalled \$326,000, and in the following year were practically doubled. Then in 1924-25 they were down again to \$300,000 and the next year were again doubled. The increase in officers had not resulted in an average larger seizure each year.

### CANADIAN POET DIED SUDDENLY AT NEW CANAAN

Bliss Carman, Internationally Known Bard and Poet Laureate of Canada, Died on Saturday, Thus Bringing to End a Most Renowned Career in Literary Achievements.

(Associated Press Despatch) NEW CANAAN, Conn., June 10.—Bliss Carman, sixty-eight, internationally known Canadian poet who was awarded, last year, the Lorne Pierce gold medal for literature, died suddenly here Saturday at the home of Mr. and Mrs. Thomas Tunney. He had lived at intervals with the Tunney family during the past five years.

Bliss Carman was born in New Brunswick, N.B., April 15th, 1861. He attended the Collegiate Institute there from 1872 to 1873 and graduated from the University of New Brunswick with honors in Latin and Greek in 1881. He studied a year at home and then went to Edinburgh, Scotland, where he studied philosophy, mathematics and physics. In 1884 he returned to Fredericton, N.B., to teach school. He remarked on one occasion that teaching "is the most odious of human occupations."

In 1886 he continued his studies at Harvard, specializing in literature. Four years later he went to New York on a visit that was intended to last only a few days but he remained there to become editor of the Independent. Later in life he was associated with the Cosmopolitan and Atlantic Monthly magazines.

He was given the credit of introducing the first of the little individual magazines when he published the Chap Book. In collaboration with Richard Hovey he wrote "Songs from Vagabondia" and "Last Songs from Vagabondia."

He edited the Oxford Book of American Verse, which appeared in 1927.

In recent years he travelled extensively in Canada and in the west, giving readings from his poems before college students. He believed that the present youth was fonder today of poetry than at any other time in the history of the country.

Funeral services will be held tomorrow morning at 11:30 o'clock from St. Marks Episcopal Church.

### PRESBYTERIAN MEMBERSHIP ON INCREASE

Budget Receipts Also Show Gain, Being \$68,527 Over Those of 1927—Total Amount Raised for Church Purposes Was \$4,668,216—Visiting Clergy Supplied Ottawa Churches.

(By Canadian Press) OTTAWA, Ont., June 10.—The report of the statistical committee, presented by Rev. Dr. J. W. Macnamara, Toronto, at Saturday's session of the 55th general assembly of the Presbyterian Church in Canada showed a gain of membership during the year of 6,697, bringing the total church membership up to 176,841. This total included 119 ministers, 1,001 elders, 12,054 families, 22,598 communicants and 158 congregations, each showing a gain over the previous year.

In the minority groups, those not affiliated to the church in Canada, the statistics showed that thirty-seven had bought back their churches. The budget receipts from congregations showed an aggregate increase of \$68,527 over 1927. The synod of Montreal and Ottawa leading in the upward movement by contributing \$22,224 in excess of the previous period. The showing of the synod of Hamilton and London was commented on by Dr. Banks Nelson, of Hamilton, who drew attention to the fact that London, despite having paid twice as much in income tax as in the previous year, had contributed more generously to the church. The total amount raised for

### DEATH REMOVED AGED RESIDENT OF THIS CITY

Mr. John Farquhar, Highly Esteemed Resident of Sherbrooke and for Many Years Connected With Quebec Central Railway, Died at Sherbrooke Hospital Yesterday—Funeral Tomorrow Afternoon.

The death occurred in the Sherbrooke Hospital yesterday afternoon of Mr. John Farquhar, probably the oldest member of the staff of the Quebec Central Railway, from which he was placed on the retired list a little over a year ago. Mr. Farquhar, who was in his eighty-fourth year, was in good health until a few days ago, and made a trip to Boston early last week. While there he was taken ill and was brought back to Sherbrooke, where he was removed to the hospital. His death resulted from pneumonia.

Surviving him are his widow (nee Adeline B. Kerr), and one daughter, Miss Marjorie Farquhar. When Mr. Farquhar retired from the Quebec Central Railway on the 1st of January, 1928, he was superintendent of bridges and buildings, and was one of the oldest employees of the company. He had completed fifty years of service, and was present at Ascot at the time of the opening of the old Sherbrooke, Eastern Townships and Kennebec Railway in 1874. At that time he was employed with the company at Westbury.

Mr. Farquhar was born in New Cornock, Scotland, on December 3, 1845, coming to Canada two years later with his parents and settling on a farm near Windsor Mills. The trip across the Atlantic took over two months, being made in a sailing vessel, and the trip from Port St. Charles, opposite Three Rivers, to Windsor Mills was made by sea over rough roads and through almost virgin forest.

His first railway experience was as a carpenter in connection with the construction of the old European and North American Railway in Maine, entering the employ in 1869, a time when the Canadian Pacific was not even contemplated. In 1871 he came to Sherbrooke and became a carpenter on the International Railway (now Canadian Pacific) between New and Megantic, and later between New and Eastern Railway between Newport and Farnham.

His first connection with the Quebec Central was in 1874, when he joined the construction forces of the Sherbrooke, Eastern Townships and Kennebec Railway, which became the Quebec Central the following year. He thus was with the company from its very inception until a year ago, when old age forced his retirement.

In 1886 he became division roadmaster, and after rendering valuable service was, in 1910, made general roadmaster and superintendent of bridges and buildings, relinquishing the former in 1924.

The funeral service will be held at the late residence, 22 High street, tomorrow afternoon, at two-thirty o'clock, with Rev. J. Cordeur, R.D., of St. Andrew's Presbyterian Church, officiating. Interment in Prospect street cemetery. The funeral will be a Masonic one.

### BRITISH LABOR GOVERNMENT LOOKS TO FRIENDLY RELATIONS WITH U. S.

Will Take Every Means and Opportunity Available for Personal Contact and Consultation With Representatives of American Government—Press Report Points Out that Entire Labor Movement Gave Cordial and Enthusiastic Support to Kellogg Pact.

(Associated Press Despatch) LONDON, June 10.—Foreign Minister Arthur Henderson, interviewed by the Daily Herald, emphasized the immense consequences of the new Labor Government of Great Britain attaches to relations with the United States.

The newspaper quotes him as saying: "We shall do everything in our power to strengthen the bonds between the two great English-speaking peoples." "The entire Labor movement gave cordial and enthusiastic welcome to the Kellogg Pact," the Foreign Minister went on, "and we shall do our utmost to make it fully effective. For that would not only assist and strengthen our relations with the United States but would be a powerful factor in helping solution of one or two big problems."

### THE WEATHER

A depression of moderate intensity is centered off the South Atlantic coast and another is moving eastward across northern Manitoba, while pressure is high from the Lower Lake region to the Maritimes. The weather has been warm with showers in the Western Provinces and fair and somewhat warmer from Ontario eastward.

Forecast: Moderate winds, fair today and Tuesday; not much change in temperature.

### Message States That Swedish Plane Safe—Gasoline Is Needed

However, Nothing Has Been Heard from Aviators Since They Landed at Skaptaros, Final Message Requesting Another Plane and Three Hundred Gallons of Gasoline—Two Danish Guardships Were Turned Out of Their Way and Should Reach Fliers Today.

(Associated Press Despatch) REYKJAVIK, Iceland, June 10.—A radio received today from a ship which went to the aid of the seaplane "Sverige" of Captain Albin Ahrenberg said the machine and aviators were safe at Skaptaros and that all they wanted was gasoline. The plane is expected here this afternoon.

There was a possibility the Sverige was in danger. Persons here familiar with the country in which it had landed said unless it had come down at the mouth of a river and not off the coast, the strong west wind, which was blowing, might endanger it.

Ships Sent to Aid Fliers. Nothing has been heard from the ship since its landing, the final message requesting a plane with a man and three hundred gallons of gasoline. There was no plane available, however, but two Danish guardships were turned out of their way and should reach the fliers today, while a third with petrol and supplies was expected to reach the aviators later.

In a cropped off yesterday, the three Swedish aviators, Captain Albin Ahrenberg, pilot; Axel Floden, reserve pilot, and Robert Ljunglund, radio operator, started yesterday on their flight from Stockholm to New York via Iceland and Greenland.

In an interview before their departure, Captain Ahrenberg said: "This is no record-breaking adventure. On the contrary, we are pioneers trying to open up what we consider will within a few years be the normal commercial route by air across the Atlantic. The chief consideration is to assure the greatest possible safety while maintaining the character of a commercial flight, and we, therefore, decided on the northern route, where there are comparatively short hops and consequently it is not necessary to utilize the full lifting capacity for a long time on a paying load and where there is less risk."

The fliers will follow the same route as recommended by Colonel Lindbergh and tried by Bert Hassell and Parker Cramer in 1928, though in the opposite direction.

### GRANBY SCENE OF FATALITY ON SATURDAY

William Higgins, Thirty-Four Years Old, Killed by Revolver Bullet in Brain—Firearm Discharged When It Fell and Struck Rock.

(Special to the Record) GRANBY, Que., June 10.—William Higgins, thirty-four years old, of this place, was almost instantly killed on Saturday afternoon last at about three o'clock when a revolver which he was carrying accidentally discharged, the bullet penetrating his brain.

Higgins and his three sons, Percy, Gordon and Frank, were out for a walk. They had reached a small brook in the vicinity of the brick yards on the St. Alphonse road, about one mile from this city, when Higgins decided to cut fish-poles for his sons. He tucked the revolver, which he was carrying in case he saw any muskrats to shoot, under his arm and jumped across the stream in order to reach a small clump of trees a short distance away.

The revolver, which was a firearm of an old pattern, fell, striking a rock, which discharged the weapon and the bullet struck the unfortunate man near the right eye and penetrated the brain.

A passerby, hearing the sound of the discharge, saw Higgins fall to the ground and at once went to his aid. Seeing the seriousness of the accident he at once went to a nearby house and phoned Dr. G. W. Runnells. The medical man on his arrival saw that the case was out of his hands and a minute or so later Higgins died.

Dr. Runnells, who is coroner of the district, disposed of the case as accidental without empanelling a jury.

Higgins leaves a wife and seven children, the oldest of which is twelve years of age and the youngest two weeks. The funeral was held this afternoon.

### MAN KILLED BY BORDER PATROLMAN LAST NIGHT

(Associated Press Despatch) DETROIT, Mich., June 10.—Two men were burned to death and a third was critically injured in a plane crash near here Saturday. Virgil Hart, 30, of Detroit, and Roy Cardan, 29, of Detroit, and address unknown, were burned to death. A. M. Sinar, 29, pilot of the plane, is in hospital and is not expected to recover.

Sinar, according to officials of the Packard Air Port, was an unlicensed pilot who had made but one solo flight. The ship was owned by a friend of Sinar.

County police who launched an investigation said there was no evidence of liquor in Virkula's automobile.

### RUMORS CAUSED SURPRISE IN WASHINGTON

(Associated Press Despatch) WASHINGTON, June 10.—Reports from London that Prime Minister MacDonald is to seek a personal conference with President Hoover on Anglo-American relations with Premier Mackenzie King of Canada in attendance, was received in Washington as somewhat of a surprise but with approval, particularly from Senator Borah, chairman of the Foreign Relations Committee. Although no comment

was forthcoming from the White House it was assumed Mr. Hoover would welcome an opportunity to discuss international relations with the British and Canadian Premiers

The MYSTERY of the BLUE TRAIN by AGATHA CHRISTIE

WHAT HAS HAPPENED SO FAR CHAPTER VIII CONTINUED "I should advise you, Miss Grey, to put that idea out of your head." Katherine shook her head. "You are quite right, I know, but I should like it done all the same." "They will grab at the money and abuse you all the more afterwards." "Well," said Katherine, "let them if they like. We all have our own ways of enjoying ourselves. They were, after all, Mrs. Harfield's only relatives, and though they despised her as a poor relation and paid no attention to her when she was alive, it seems to me unfair that they should be cut off with nothing." She carried her point, though the lawyer was still unwilling, and she presently went out into the streets of London with a comfortable assurance that she could spend money freely and make what plans she liked for the future. Her first action was to visit the establishment of a famous dressmaker. A slim, elderly Frenchwoman, rather like a dreaming duchess, received her, and Katherine spoke with a certain naivete. "I want, if I may, to put myself in your hands. I have been very poor all my life and I know nothing about clothes, but now I have come into some money and want to look really well dressed." The Frenchwoman was charmed. She had an artist's temperament, which had been soured earlier in the morning by a visit from an Argentine man, who had insisted on having those models least suited to her flamboyant type of beauty. She scrutinized Katherine with keen, clever eyes. "Yes—yes, it will be a pleasure. Mademoiselle has a very good figure; for her the simple lines will be best. She is also terse and simple. Some people it would offend me if I said that, but Mademoiselle, no. Une belle Anglaise, there is no style more delightful." The demeanor of a dreaming duchess was suddenly put off. She screamed out directions to various maids. "Clothide, Virginie, quickly, my little ones, the little tulle gris clair and the robe de chambre in the wardrobe. Marcelle, my child, the little mimosas suit of crepe de chine." It was a charming morning. Marcelle, Clothide, Virginie, bored and scornful, passed slowly round, squirming and wriggling in the time-honoured fashion of maids. The Duchesse stood by Katherine and made entries in a small notebook. "An excellent choice, Mademoiselle. Mademoiselle has great good taste. Yes, indeed, Mademoiselle cannot do better than those little suits if she is going to the Riviera, as I suppose, this winter." Let me see that evening dress once more," said Katherine—the pinky mauve. "That is the prettiest of all," said Katherine, as she surveyed the exquisite draperies of mauve and grey and blue. "What do you call it?" "Souspir d'automne; yes, yes, that is the dress of Mademoiselle." It is truly the dress of autumn for her. She who had never known spring or summer and would never know them now. Something she had lost never could be given to her again. These years of servitude in St. Mary Mead—and all the while life passing by—"I am an idiot," said Katherine. "If I were more contented a month ago I would have said so." She did not know her handbag the letter she had received that morning from Lady Tamplin. Katherine was no fool. She understood the nuances of that letter as well as anybody and the reason of Lady Tamplin's sudden show of affection towards a long-forgotten cousin was not lost upon her. It was for profit and not for pleasure that Lady Tamplin was so anxious for the company of her dear cousin. Well, why not? There would be profit on both sides. "I will go," said Katherine. She was walking down Piccadilly at the moment, and turned into Cook's to clinch the matter then and there. She had to wait a few minutes. The man with whom the clerk was engaged was also going to the Riviera. Every one, she felt, was going. Well, for the first time in her life, she, too, would be doing what "everybody did." The man in front of her turned abruptly, and she stepped into his place. She made her demand to the clerk, but at the same time half of her mind was busy with something else. That man's face—in some vague way it was familiar to her. Where had she seen him before? Suddenly she remembered. It was in the Savoy outside her room that morning. She had collided with him in the passage. Rather an odd coincidence that she should run into him twice in a day. She glanced over her shoulder, rendered uneasy by something, she knew not what. The man was standing in the doorway, look-

The man who would never walk again.

Who could imagine a more poignant story than this? A champion athlete—bedridden. Told that he could never walk again... And then he took Kruschen. My Doctor told my landlady that I could never walk again. I had rheumatism set in about Christmas time, and was confined to bed for two months. I am nearly sixty years of age. After taking six bottles I am starting to work next week. "Up till two years ago I had been a Champion Racing Cyclist. I have won a prize every time I have ridden. Being an athlete, but a poor scholar, it would take me a week to write the facts about Kruschen Salts." W. H. B. Original letter on file for inspection.

Kruschen Salts Good Health for Half-a-Cent a Day.

Asaphasia may be caused by a blow on the head, tumors, epilepsy, or the breaking of a blood vessel in the higher brain centers controlling the intellectual processes; or, there may be a transient asaphasia due to functional disturbances such as severe fright, anger, toxins of uremia, infectious diseases, exhaustion, or from vegetable and mineral poisons. Some form of asaphasia is often present in young children of decidedly nervous temperaments, although it may not be recognized without a careful examination. Many children find a difficulty in developing the power to speak. They are sometimes born with a lack of development of the speech centers in the brain, but by careful training, such defects can often be, at least partially, overcome. When the adult develops asaphasia, the chance of recovery is not as great as in children, but sometimes takes place if a radical constitutional treatment is adopted. HEALTH & DIET ADVICE By Dr. Frank McCoy "The Fast Way to Health"

INABILITY TO UNDERSTAND OR EXPRESS LANGUAGE Sometimes ago a school teacher put me to mine brought one of her pupils, a girl of twelve, for examination. This little girl had been considered very backward in school, as she seemed to obtain no benefit from her books. The child was well built, intelligent, and apparently healthy. After putting her through a number of tests, I discovered that she was able to remember anything that she heard, but was unable to remember anything coming to her through her sense of sight. She could, however, read quite well, but she could not recall what she had just read unless she spoke out loud and listened to herself reading. She wrote quite well with her right hand, but when I asked her to perform various intricate actions she invariably performed them with her left hand. Upon questioning the mother, I learned that the little girl was naturally left handed, but had been forced to use the right hand much against her will. We often find this type of asaphasia resulting from forcing a naturally left handed child to use the right hand in expressing itself. After the child was placed upon a short fast and then allowed to use its left hand for a few months, she finally developed the ability to memorize from her books. The term, "asaphasia" includes a variety of defects such as inability to express by speech, writing, or signs, or to comprehend either in spoken, written or sign language. Aphasia is caused by some lesion in the brain affecting the expressing or understanding of language. However, a diagnosis of aphasia cannot be established until the doctor is sure that the organs of sight, hearing or speech are intact. Aphasia may be caused by a blow on the head, tumors, epilepsy, or the breaking of a blood vessel in the higher brain centers controlling the intellectual processes; or, there may be a transient asaphasia due to functional disturbances such as severe fright, anger, toxins of uremia, infectious diseases, exhaustion, or from vegetable and mineral poisons. Some form of asaphasia is often present in young children of decidedly nervous temperaments, although it may not be recognized without a careful examination. Many children find a difficulty in developing the power to speak. They are sometimes born with a lack of development of the speech centers in the brain, but by careful training, such defects can often be, at least partially, overcome. When the adult develops asaphasia, the chance of recovery is not as great as in children, but sometimes takes place if a radical constitutional treatment is adopted. If a blood clot has formed on the brain this must be absorbed. The fasting treatment has proven best for the purpose of not only absorbing blood clots but for getting rid of the effects of an injury to the brain from blows or toxins. Challenge to You!

"All institutions", it is said, "are measured by their service to mankind." ... The modern institution most closely linked with the lives of men and women is the Daily Newspaper. ... In Canada ninety-eight Daily Newspapers serve 2,067,000 paid subscribers. They have gained 111,500 in one year. Every new literate family that arrives in Canada means a new subscriber to a Daily Newspaper. ... Every normal and alert Canadian who reads anything reads a "paper" every day. ... If the Daily Newspapers were not serving this army faithfully and well they could not maintain such steady increase and prestige. ... A good Newspaper should never have to solicit your lineage; its mere existence is a challenge to your advertising intelligence.

BROOKBURY

The Y.P.B. held their regular meeting at the home of Miss Grace Bennett on Saturday evening, June 1st. Besides the members, the W.C.T.U. and Ladies' Aid were well represented, and old friends and neighbors assembled to do honor to Mr. and Mrs. W. L. Gilbert and family, who are moving away. During the meeting the delegates were appointed to the county convention. At the close, several pieces were sung and a very pleasant evening was enjoyed. Mrs. D. J. Saunders, on behalf of the "Y" and those present, after a few remarks in which she voiced the regret of all in losing such faithful workers and good friends, wished the good wishes for them in their new home presented Mr. and Mrs. Gilbert and family with a purse as a slight token of esteem, to which Mr. Gilbert replied. Refreshments were served, and "God Be With You Till We Meet Again" was sung at the close of the evening. Much interest was taken by the pupils of the school here in the inter-scholastic track meet at Scotterwood on Saturday afternoon, June 1st, for an auto conveying them. Brookbury School won third place in the county. Mrs. Elizabeth Leonard, Mr. and Mrs. E. P. Leonard with Mr. Hughes attended the funeral of Mrs. Charlotte Ames in Sherbrooke on Sunday, June 2nd. Who is Your Skinny Friend, Ethel?

Tell him to take McCoy's Cod Liver Extract Tablets for a couple of months and get enough good healthy flesh on his bones to look like a real man. Tell him, it's the only way to take those grave-like hollows from his cheeks and neck. Tell him that thousands of thin, ratty, peaked, scrawny men all over America have improved their physical health and appearance and bless the day they first heard of these wonderful sugar coated tablets so full of weight producing and health building essentials. Ask for McCoy's Cod Liver Extract Tablets, Chagnon's Drug Store and every drugist sells them — 60 tablets — 60 cents — economy size \$1.00. Almost any thin man or woman can put on five pounds of healthy flesh in 30 days or your money will be refunded. One woman put on 15 pounds in six weeks. Children grow robust and strong — feeble old people feel younger in a few weeks.

FARMER'S WIFE GETS STRENGTH

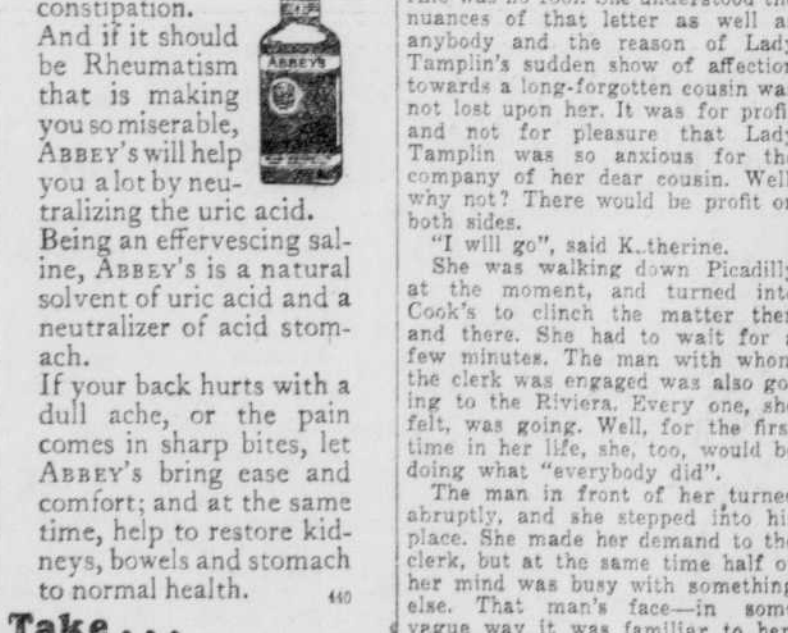

By Taking Lydia E. Pinkham's Vegetable Compound Wilton, Ont.—"I am taking Lydia E. Pinkham's Vegetable Compound through the Change of Life. It helps me and I cannot praise it too highly. I was troubled with heat flashes and my limbs were heavy so I could hardly walk to do my farm work. I saw in the newspapers of Lydia E. Pinkham's Vegetable Compound and thought to give it a trial. The first bottle gave me relief and I have told others what it does for me. I am willing for you to use my letter if you choose."—Miss D. B. PEPPER, Wilton, Ontario. Ask Your Neighbor

When pain bites into your back, it might be Rheumatism

—but it is much more likely to be some irritation or congestion of the kidneys. Constipation often causes backache. So does indigestion. So does too much uric acid in the system. ABBEY'S gives relief to an aching back because it clears up the troubles which are irritating the kidneys. ABBEY'S regulates the bowels, frees the system of the waste of digestion, and overcomes the tendency towards constipation. And if it should be Rheumatism that is making you miserable, ABBEY'S will help you a lot by neutralizing the uric acid. Being an effervescent saline, ABBEY'S is a natural solvent of uric acid and a neutralizer of acid stomach. If your back hurts with a dull ache, or the pain comes in sharp bites, let ABBEY'S bring ease and comfort; and at the same time, help to restore kidneys, bowels and stomach to normal health.

### Where to Shop

SHERBROOKE is the natural trading centre of the Eastern Townships. It is also an objective for American tourists entering Canada by way of Derby Line, Vermont, or Rock Island and Coaticook.

Both our own people from surrounding towns and tourists would like to be informed before arriving as to the location of stores, garages, hotels, restaurants and other business places which they may wish to patronize.

In case of the former the Record is a welcome visitor in most of the English homes in the Eastern Townships and is on the files of the border hotels, where it can be consulted by the tourists.

This is intended as a brief guide to business places.

### COUNCILS AT SUTTON HELD TWO SESSIONS

**Important Announcements Made at Meetings of Village and Township Councils—Social and Personal News.**

Sutton, June 10.—Monday, June 3rd, being a holiday, the township council held their regular session on the following day, June 4th. There was a full attendance of councillors, Mayor H. E. Fuller presiding. The secretary reported that there was no favorable news regarding the possibility of getting a grant for help in the flood damages of 1927, and also that there was no hope of getting a grant to help straighten the road at Snake Hill. Bills to the amount of \$800 were presented, approved and ordered paid. Valuations for the new valuation, Messrs. Ernest Farmer, H. Dandaneau and Henry Wilson, were instructed to commence the new valuation at once. Councillor Cote reported that engineer Le Noir's instructions regarding the road from the corner by Mrs. Ogden Sweet's place to the corner by Mr. Edward Smith's, were that the \$2,000 to be expended should be used so that, as far as it went, the road would be a standard gravel road. This means that the whole length cannot be finished this year. There were many farmers in from the hill districts and the general complaint was that on account of the continued rainy weather and the use of trucks in some sections, the roads were bad. Grants of financial aid aggregating \$1,500 were made to the Strong, Fadden, Longeway, Page, Gleason, D. Tibbits, Vells, Biggs and Kennison Mudgett roads. The flood damage of 1927, which the town has been asking the Government for help on, includes the bridge at Glen Sutton, which was lost, and which cost the town over \$11,000 to replace.

A meeting of the village council was held at the town hall on the evening of June 4th, five councillors being present, and the meeting being presided over by Mayor C. U. R. Tartre. Bills to the amount of \$200 were accepted and settled. By-law No. 100 was passed. This by-law calls for a license fee of \$50 for hotels. Street lighting installation, as it now is, was accepted for a year. Considerable informal talk took place in connection with the distributing portion of the water system. It was decided that an adjourned meeting, which is to take place on June 17th. A change in one portion of the system is likely.

**General Notes.**  
Mr. E. G. Pierce, of Sherbrooke, was in town on Tuesday and called on Messrs. Savage and Sanborn, who are executors of the will of the late Mrs. H. A. Parsons, by which the Wales Home, at Richmond, of which he is president, benefits.

Mrs. G. T. Jordan went to Montreal on Friday and was a recent weekend guest of her daughter, Miss Vera Jordan, and of Miss E. Wetherly.

Mr. William Brown was at Richford, Vt., on business for a day or two recently.

On Wednesday the motor hearse took the remains of the little daughter of Mr. and Mrs. J. F. Tremblay, to St. Pie for interment.

Mr. Charles Pettes, of West Rome, was at Sutton recently, visiting his niece, Mrs. Maud Moffatt. Mr. Pettes is in his 85th year and is hale and hearty.

Mr. Ernest Newton, who has been at Newport, Vt., for several days, assisting in straightening out the affairs of his orphan nephews and nieces, has returned home.

Our boys and girls are bemoaning the fact that there is no suitable swimming pool in the vicinity of the village. It seems that the dam above the village is private property, and the use of the pool has been taken from them. Here is an excellent opportunity for the village council and some of the wealthy citizens to earn the good will of the young people and children, by supplying the need. There must be several sites on the lower level of the streams where a suitable pool could be provided for a reasonable expenditure of money.

**REBEKAHS AND ODD FELLOWS ATTEND CHURCH**  
Three Lodges Parade With Lennoxville Band to St. Peter's Church—Nearly 150 Members Present.

Some ninety Odd Fellows and fifty Rebekahs attended St. Peter's Church yesterday morning, marching from their lodge room on Wellington street under the direction and headed by the Lennoxville band. Special pews had been set aside at the front of the church, and the members of the order sat in a body.  
The lodges present were Union No. 8, Unity No. 8, and Princess Rebecca No. 4. The officers included Noble Grand H. Hendrick, Chief Patriarch J. Reine and Noble Grand Miss Kimball, while the marshal of the parade was Mr. J. Gauthier.  
The rector of St. Peter's, the Rev. Canon Bigg, welcomed the Oddfellows and Rebekahs in his sermon, and preached a special sermon on the ideas of brotherhood and good fellowship for which the lodges in attendance stood.  
There were representatives present from the Lennoxville and Sawyerville lodges.

**SERVICES AT ST. ANDREW'S CHURCH**  
A largely attended service was held in St. Andrew's Presbyterian Church yesterday morning and was of an interesting nature for 'Our Gracious King.' Choice flowers and plants made beautiful the interior of the front of the church, and there was music of an inspirational character. Mrs. Charles Wadsworth singing with very pleasing effect, "With Verdure Clad" ("The Creation"), while the male quartet sang with fine expression "Remember Me."

**LENNOXVILLE UNITED CHURCH HOLDS INTERESTING SERVICES**  
The morning service in the United Church yesterday was in commemoration of the fourth anniversary of the consummation of the union between the churches of Canada. Rev. F. R. Matthews spoke of the progress made by the church, both in home and in foreign fields. The gospel, he said, was now preached in twenty-five languages in Canada by the United Church alone, and the missionary activities had been much increased in the four years. Miss Dorothy Dean sang an appropriate solo. At the evening service the Women's Missionary Society had charge, the president, Mrs. Matthews giving an excellent report of the branch meeting of the Quebec-Sherbrooke Presbytery, recently held in Quebec. Mrs. Pergau presided and Mrs. R. E. Willard read the Scripture lesson, while the other members of the society attended in a body. The C.G.I.F. occupied the choir seats, and led in the singing. Miss Emma Matthews giving a solo in a pleasing manner.  
Mrs. McCurdy left today for Macdonald College, to attend a meeting of the Provincial Board of Directors of Quebec Women's Institutes, which precede the annual convention being held there this week in connection with the extension work of the school of household science of the college.

**TOOK FOR TEXT WORDS OF PAUL TO CORINTHIAN CHURCH**  
The preacher in Trinity United Church yesterday morning was Rev. W. H. Thomas, pastor of the Ayer's Cliff United Church. Mr. Thomas' text was the great words of Paul to the Corinthian Church, "I determined not to know anything among you, save Jesus Christ, and him crucified." During the service the choir sang Bowles' anthem, "Thou wilt keep him in Perfect Peace," and Mrs. A. G. Nakash rendered the solo, "When I Survey the Wondrous Cross," by Lawrence Hope.

**DR. G. E. READ SPOKE ON CHURCH CONFERENCE**  
At the morning service yesterday in Plymouth United Church Rev. Dr. Elery Read spoke on the recent meetings of the Montreal and New York Conference of the United Church held in Montreal speaking especially of the manifest unity and harmony of the meetings and the optimism with which the members of the conference looked forward to the future life of the church. Dr. Sloane Coffin, president of the Union Theological Seminary, New York, who gave a series of inspiring addresses upon "The Reaching of the Cross" made a noble contribution to the conference. Dr. Read said.  
In closing his addresses he spoke of the great lead Canada had given to the movement towards the recovery of church unity. That movement was rapidly spreading and was inevitable. Dr. Read referred to the fact that the Church of Scotland and the United Free Church had healed their differences and become one church; that the Methodist churches in England had decided to become one, and that in the United States movements were on foot to bring

**FEW ACCIDENTS WERE REPORTED OVER WEEK-END**  
Large Number of Motorists Out—No Serious Accidents Reported—Three Minor Mishaps Occurred.

With the sun shining again after a week of rain and cold weather, a large number of motorists took advantage of the fine week-end, the roads being crowded with cars of all descriptions, though fortunately very few accidents were reported.  
Yesterday afternoon at 4:30 o'clock a Ford sedan turned over on the Ayer's Cliff road near the intersection of the Sherbrooke-Stanstead highway. The driver of the Ford car struck a rut on the edge of the road and, in attempting to stop, applied his brakes quickly, with the result that the car overturned. None of the occupants were injured, although the car was badly damaged.  
At Granby on Saturday two cars collided head-on. The accident occurred on Drummond Street, a continuation of Main Street, at about 7:30 o'clock in the evening. Both cars were considerably damaged, although the occupants escaped injury.  
A high powered roadster owned by a New Jersey resident, crashed through a fence and ran over fifty feet of ploughed land a short distance from the city limits on the Sherbrooke-Montreal highway late Saturday afternoon. The driver of the car drove to near the edge of the highway, with the result that the car rolled down a slight embankment, crashed through a fence and into some ploughed land before being brought to a stop. The occupants were uninjured and the car was very slightly damaged.

## No jumpy feeling NOW when I drive through traffic

A feeling of strain takes the pleasure out of driving. Any motorist is apt to feel the effects of nervous tension during a long spell at the wheel.

Nothing relieves this tension so effectively as Wrigley's. The act of chewing, as motorists have discovered, has a gentle soothing effect. The healthful cleansing action of

Wrigley's refreshes the mouth—steadies the nerves. Ask your doctor and he will tell you so.

Dentists and medical men recommend the regular use of Wrigley's after every meal—because it aids digestion and cleanses the mouth after eating, drinking or smoking.

Efficiency and refinement call for Wrigley's.

THOMPSON-BORLASE.

An unusually pretty wedding was solemnized in St. Peter's Church on Saturday afternoon, when "Peggy," elder daughter of Mr. and Mrs. George Borlase, was married to Mr. Frank Eugene Thompson, son of Mr. and Mrs. T. Frank Thompson, of Providence, R.I., Reverend Canon H. Reginald Bigg, rector, officiating.

The pews reserved for the guests were marked with sprays of lavender and white lilac tied with white chiffon, and the same flowers were banked at the base of the "Memorial Screen" and festooned through the arch, making, with the flower-decked altar, a beautiful setting for the marriage ceremony. The vested choir and rector met the bridal party at the church door, and the stately procession up the aisle with the "Cross" carried at the head, and the choir singing the wedding hymn, "The Voice That Breathed O'er Eden," was most impressive.

The bride, who was given away by her father, wore a simply made one-piece gown of shimmering ivory satin, the semi-fitting bodice being cut with a low waist line, "V" neck and long, close-fitting sleeves. The skirt was semi-circular, with an uneven hem line, a decided dip in front and draped on one side, with dainty hand-made shirring, the fullness at the back hanging in long, soft folds to form the train, which was cut square at the end. White satin slippers, with orange blossom buckles, and white silk hose were worn, and to complete the beautiful bridal dress an exquisite family veil of rose-pointe lace was arranged in cap effect with a few orange blossoms. This fell in graceful folds over the whole gown, and was held in place with tiny orange blooms on the train. She carried a dainty shower bouquet of white roses, lily-of-the-valley and gypsophila, and her only jewels consisted of a beautiful necklace and bracelet of pearls and cut crystal, the gift of the groom.

The maid of honor, Miss Frances Borlase, sister of the bride, wore a lovely dress of peach georgette with semi-fitted waist and skirt in three slightly ruffled tiers, and long at the back. A large mohair hat in the same shade, turned up in front, with a band of ribbon velvet ending in short streamers at the back, silver slippers and a beautiful arm bouquet of roselandia roses, yellow marquerites and gypsophila completed the charming ensemble. She wore a very pretty gold and silver link bracelet, the gift of the bride.

The four bridesmaids, Miss Anna Caldwell, of Toronto, Ont.; Miss Ena McLaren, of Perth, Ont.; Miss Louise Morse, Dedham, Mass., and Miss Adrienne Hanson, of Montreal, cousin of the bride, were gowned alike in charming dresses of orchid georgette, made in the same pattern as the maid of honor's dress, large orchid and mohair hats turned up in front and trimmed with a band of ribbon velvet of a darker hue, ending in streamers at the back. They wore dainty crystal necklaces, gifts of the bride, silver slippers, with stockings to match, and carried arm bouquets of pernet roses and gypsophila.

Mrs. George Borlase, mother of the bride, wore a handsome gown of grey georgette, plaited skirt and silver lace bodice, a small grey hat and grey shoes and stockings, with a gorgeous wrap of sapphire blue transparent velvet, lined with georgette of the same shade. She carried a lovely bouquet of butterfly roses.

Mrs. Walter Borlase, aunt of the bride, wore a very becoming gown of figured lavender georgette over satin of the same shade, small tailored hat to match, black fox fur and a corsage bouquet of pansies in shades to match her gown.

Mrs. T. F. Thompson, the groom's

Miss Winnifred Merrill, of Sherbrooke, was the week-end guest of her parents, Mr. and Mrs. R. R. Merrill, Magog.

Mr. K. E. L. Wade and sister, Miss Hazel Wade, sailed on Saturday morning from New York for their home in Belize, British Honduras.

Mr. and Mrs. J. R. MacLeod, of Gould Station, Que., announce the engagement of their daughter, Flora Annie, to Mr. George H. Laxson, of Danville, Que. The marriage to take place early in August.

Mrs. W. H. Brent, Miss Dorothy Brent, Mr. Gerald Brent and Mr. A. Foster, who have been the guests of Mrs. George Mitchell, Laurier Avenue, for the past week, have returned to their home in Lawrence, Mass.

The usual tea was held at the Sherbrooke Country Club on Saturday afternoon and was very well attended. Mrs. J. B. Black, convener, and Mrs. D. J. Salls poured tea, the table being attractively decorated with tulips in different shades. The other hostesses were Mrs. F. A. Baldwin, Mrs. M. W. Mitchell, Mrs. Stephen Newton and Miss McKechnie, assisted by Miss Audrey McKechnie.

A very successful lilac tea and foot wash was held at the room of Trinity United Church on Saturday afternoon, under the auspices of the Mother's Auxiliary of the 4th Troop Boy Scouts. The room was attractively decorated with a large "Union Jack," streamers in the Scout colors and quantities of lilac. Mrs. S. W. Hansford, president of the Auxiliary, and Mrs. Walter Mutchler received the guests. The food table, which was laden with delicious food, was in charge of Mrs. A. Banks, Mrs. H. E. Martin, Mrs. G. Carrigan, Mrs. J. Nelson and Mrs. H. MacIntyre. The mystery booth was looked after by Mrs. F. Dorey and Miss N. McGregor. At the tea hour Mrs. J. A. McGregor and Mrs. Charles Wright poured tea, the table being prettily decorated with a silver basket of lilac blooms and shaded candles. The members of the tea committee were Mrs. C. Stocks, Mrs. A. W. Brown and Mrs. J. C. Whitting assisted by Mrs. C. F. Patton and the officers of the 4th Troop in uniform. The tables and left nothing undone to add to the comfort and enjoyment of the guests. Mrs. W. Duncan acted as cashier, and the proceeds were most satisfactory.

Mother, wore a handsome costume of gold lace, with small hat to match. Mrs. P. M. Haskell, of Montreal, grandaunt of the bride, wore a beautiful grey crepe dress, smart black and white hat, and black velvet wrap.

Miss Mary Bell was dressed in grey silk with hat, shoes and stockings to match.

Mr. F. Glover, of Providence, R.I., was best man, and the ushers were Messrs. Charles Borlase, brother; Denny Hanson, cousin; Arthur Borlase, cousin; and Ray Hanson.

During the signing of the register Miss Mona Bigg sang the solo, "O Perfect Love," very sweetly.

The bridal party left the church to the strains of the Wedding March, played by Mr. John Blackburn, who presided at the organ during the service.

After the ceremony a reception was held at the residence of the bride's parents, on Dominion Avenue. The wedding party received the guests, numbering about one hundred and seventy-five, in the living room, which was attractively decorated with lilac and other spring flowers. The presents, which were very numerous and handsome, were arranged in a room upstairs. Light refreshments were served. The bride's table was covered with a lovely cloth of cut work and lace, and was centered with the wedding cake and dainty small vases of lily-of-the-valley. When the bride threw her bouquet before leaving it was caught by Miss Eleanor Mackinnon.

Going away the bride wore a stunning ensemble of navy blue silk crepe with the upper portion of the dress in figured silk, a smart navy tailored hat, navy shoes and handbag to match, with just a touch of tan shades in each to correspond with the colors in her dress, while light tan stockings made the smart ensemble complete. The bride and groom left by motor for their wedding trip showered with confetti and followed with the best wishes of relatives and friends for their future happiness.

Out of town guests, in addition to those mentioned, were Miss Borlase, of Brockville; Mrs. Hamilton, of New Carlisle; Mr. Walter Borlase, Miss Kate Borlase, Miss Dora Borlase, Mr. Arthur Borlase, Mr. James Borlase, the Misses Hanson, Mr. and Mrs. Arthur Haskell, Mrs. G. Denny Hanson, the Misses Hanson, Mr. and Mrs. Hugh Hanson and Mr. Frederick Smith, all of Montreal; Mr. and Mrs. Hawthorne, Miss Edith Jameson, Mr. J. Knowlton and Mr. and Mrs. Appleby, of Providence, R.I.; Miss O'Brien, of Boston, Mass.; Mr. Mabel Thompson, of Baltimore, Md., and Miss Frances Jones, of Scarsdale, N.Y.

Col. and Mrs. J. H. Blue and Master Harry Blue spent the week-end at Breches Lake.

Mr. and Mrs. John Martin, of Megantic, are the guests of Mrs. John Farquhar, High street.

Mr. and Mrs. Robert Wilson, of Valleyfield, who were in town to attend the Thompson-Borlase wedding, were the week-end guests of Mr. and Mrs. A. S. Dunsmore, Portland Avenue.

Mrs. N. B. Greenleaf and her daughter, Barbara, of Deatour, Ala., are the guests of the former's mother, Mrs. W. B. Channell, Portland Avenue. Mrs. Frank Lide, who accompanied Mrs. Greenleaf from Deatour, is also Mrs. Channell's guest.

Miss Mabel Brown very pleasantly entertained at the home of her father, Mr. T. Brown, Orford, in honor of Mrs. L. J. Perkins, prior to her departure for St. John, N. B. Cards and dancing were the amusements, music being furnished by Messrs. Wm. Craig and Geo. Hopper with Miss M. Craig acting as accompanist. After delicious refreshments, served by Miss Brown, Mrs. L. Steele presented Mrs. Perkins with a departure bag and a sum of money with the best wishes of her many friends; to which Mrs. Perkins replied, thanking one and all. Mrs. Perkins and her son, Master Lloyd, are leaving shortly to join Mr. Perkins in St. John, N. B., where they will reside in future.

A very delightful musicale and afternoon tea was held at the residence of Mr. and Mrs. Andrew Sangster, Drummond Road, on Saturday afternoon, under the auspices of the Women's Missionary Society of Plymouth United Church. The guests were received by Mrs. Sangster and Mrs. W. H. Abbott, president of the society. The musicale took place in the large drawing room, which was attractively decorated with spring flowers. Rev. Dr. G. E. Read, who was chairman in the afternoon, opened the programme in his usual happy manner, interspersing each number with a few comments or complimentary remarks. Mr. Leonard Brodie played a piano solo as the first number, and also acted as accompanist for the afternoon. Mrs. Alberta Adams sang "Spring Is Here," delighting the audience with her sweet rendering of a song so very well suited to the day. Mr. Murray Brooks in a group of three songs, "Joy of the Morning," "Sea Fever" and "Roadways," was at his best and kindly responded to an insistent encore. A number

### Several grades of tea from the same plant

THE leaves plucked in the spring are vastly different from those plucked from the same plant in the summer and in the autumn. Yet neither the spring tea nor the autumn tea can have complete measure of the three desirable qualities—flavor, fullness and strength. Spring tea must be mixed with autumn tea, India tea with Ceylon tea to turn out a blend as perfect as King Cole.

Other importers can buy the same teas and blend them the same way. But, as you know, they don't.

You will enjoy King Cole Coffee too

worthy of special mention was a piano duet by Mrs. Stephenson and Miss Rugg, who played "The Unfinished Symphony" with a depth of understanding in their interpretation that held the audience enthralled. Mrs. Alberta Adams sang "A Rainy Night Lullaby" and a dear little song entitled "A Puzzled Little Grandson," which was most popular, and, as an encore, "Little Boy Blue." The last number in the programme was a group of songs by Mr. Murray Brooks, "The Moon at Half," "Uncle Rooks" and "Sands O' Dee," and after repeated encores Mr. Brooks gave a reverent and sympathetic rendering of "Were You There When They Crucified My Lord?" closing a very enjoyable programme. At the tea hour Mrs. G. Ellery Read and Mrs. Rothery presided over the tea table, which was unusually lovely with a handsome lace cloth, centred with

## GOVERNMENT CHECKING UP ON CROSSINGS

Many Motorists Fined Yesterday for Not Stopping at Unprotected Crossings—Traffic Officers Received Orders to Closely Watch for Infringements of Law—Speed at Protector Crossings Placed at Eight Miles Per Hour.

The peace and quiet of the sunny countryside held little joy to the large number of motorists yesterday who were stopped by provincial traffic officers for traversing unprotected level railway crossings without first coming to a dead stop. In fact, the day was practically spoiled for many of them, while there are many more who are also anxiously wondering whether their numbers were also taken by the officer, and who will have no peace of mind for at least a week.

During the past month, from time to time, the Record and other Quebec papers have published articles to the effect that the government intended to enforce this ruling commencing June 1st. The greater majority of motorists, however, either did not pay any attention to it or thought that the government would warn them before fining. Many learned differently, to their sorrow, yesterday, for the provincial traffic officers spent practically the whole day patrolling about one mile of road on which an unprotected crossing was situated, with the result that many were caught going over the crossing without stopping. At one time on the unprotected crossing near the C. N. R. railway bridge at Waterville five cars were brought to a stop by the officer, the numbers of the cars being taken or the drivers fined on the spot.

Many rumors have been going around regarding the speed of cars while passing over protected crossings. This morning the Record got in touch with a provincial traffic officer, who stated that he had received orders from the Roads Department at Quebec that the speed at protected crossings is eight miles an hour.

forget-me-nots and lily of the valley in a silver basket and blue and green tapers in silver candlesticks. The members of the W.M.S. assisted in serving. The afternoon was a great success in every way and Mr. and Mrs. Sangster were untiring in their efforts to them and to Miss Ranshouan, who arranged the delightful programme. The members are deeply grateful. The receipts were very satisfactory.

## YOUTH DROWNED YESTERDAY IN MAGOG RIVER

Joseph Paquette Lost Life When Canoe Upset—Companion Rescued by Passing Canoeist.

The Magog River claimed another victim yesterday, Joseph Paquette, aged twenty, of 236 St. Pierre street, losing his life when a canoe occupied by himself and a companion, Leopold Charlebois, upset, shortly after half-past three o'clock. The body was recovered by the police at five o'clock, after considerable dragging of the river. The accident occurred just opposite the end of Vimy street, near the ice houses.

The quick work of Mr. Ernest Hodge, who was in the vicinity at the time of the accident with a canoe, resulted in the rescue of his companion. Mr. Hodge had just passed the pair when he heard a splash, and looking round saw the two boys struggling on top of the overturned canoe and having considerable difficulty in keeping their hold. He rushed to their rescue and managed to save Charlebois, but Paquette had lost his hold and disappeared. Mr. Hodge took Charlebois to the shore and returned to make a search for the victim, but was unable to locate him.

Other canoeists notified the police, who immediately started to drag the river and succeeded in recovering the body.

The principal witness at the inquest held this morning was Leopold Charlebois, aged 22, who told of going out for a trip with Paquette. They had been on the water for about two hours, when they decided to change positions as well as light their cigars. At this moment the frail craft upset, immersing both of them in the stream. The witness struggled to the surface and grabbed hold of the overturned canoe and saw Paquette struggling to retain his grip at the other end of the craft. The witness was then rescued by Mr. Hodge.

Mr. Hodge was called and told his story of the rescue, stating that the pair appeared quite capable of handling a canoe, as they were sitting quietly and propelling the boat evenly when he passed them a few seconds before the catastrophe. After hearing the evidence of the constables who recovered the body, the coroner's jury returned a verdict of accident death by drowning. The deceased, who was an employee of A. B. Wilson, Ltd., is survived by his parents, Mr. and Mrs. Joseph Paquette, and four brothers.

Smuggling Between U.S.

(Continued from page 1)

Referring to the smuggled rum, Mr. Garland added: "If the people of Nova Scotia can drink that stuff and live, no rigours of climate will ever affect them."

Preventive Service Efficient.

Dealing with the expenditures required for the administration of preventive services and department affairs generally, Mr. Euler stated that experience showed no increase was likely in the near future.

Referring back to the debate on the liquor trafficking into the United States, William Irvine (U.F.A. W. taskman) declared that in order to curtail this illicit rum trade, it was necessary to strike at the root of evil.

The nationalization of breweries and distilleries was suggested by Mr. Irvine as a method whereby the Government could really control the drink traffic.

Henri Bourassa (Independent-Labelle) asserted that the position taken by Mr. Euler with respect to clearances of liquor for the United States was supported by many clear-headed people in the Republic.

At this time a telegram from Ottawa was received, wishing the members and delegates at the conference all kinds of success in their deliberations.

Expansion Considered. At this time a telegram from Ottawa was received, wishing the members and delegates at the conference all kinds of success in their deliberations.

Mr. Euler replied that it might be accounted for by the fact that there were a great many people crossing at Windsor and Niagara Falls.

"It has been rumored," proceeded Mr. Guthrie, "that seizures are not made in Quebec without constitution with the sitting member for the riding in which the offence takes place."

Mr. Euler denied this absolutely. The same treatment was accorded to all the provinces of Canada, he declared.

CONVENTION OF Y'S MEN HELD ON SATURDAY

Delegates from Clubs Guests of Local Club—Tribute Paid to Originator of International Movement—Expansion and Amendment of Constitution Discussed.

Election of officers, discussion of the question of expanding the movement in this district, ladies' night and church services in St. Andrew's Presbyterian and Trinity United Churches, were among the things which occupied members of the local Y's Men's Club convention held here over the week-end.

On Saturday morning Mr. Henry Grime, international secretary-treasurer, arrived from Lawrence, Mass., and got a hearty welcome at the station, as he arrived on the Quebec Central. A still heartier reception awaited him on reaching the Y.M.C.A. at the opening of the second session of the Y's Men's convention.

The nominating committee presented its report as follows: For district governor, Ernest Johnston, Sherbrooke; Lieutenant Governors, C. Seifert, Quebec, A. Forrester, Central "Y", Montreal; secretary-treasurer, P. H. Lane, Verdun.

Discussion was opened on the basis of membership in the Y.M.C.A. The question was raised, "Is a man who takes out a membership in the association simply for use of privileges, which are not covered in membership fees actually a member of the association?"

At seven o'clock the Sherbrooke Y's Men's Club attended the service in Trinity Church, where the members of the club led the singing and conducted the evening service.

The new president called upon the international secretary-treasurer to give the address of the evening, "Upon the Y's Men's movement and its eight years of development."

At this time a telegram from Ottawa was received, wishing the members and delegates at the conference all kinds of success in their deliberations.

INTEREST ONCE AGAIN RENEWED IN MURDER CASE

Detroit Federal Prisoner Says He Knows All Circumstances Surrounding Killing of Mrs. Eleanor Mills.

(Associated Press Despatch) DETROIT, Mich., June 10.—The Detroit Free Press says the mystery of the Rev. Edward W. Hall and Mrs. Eleanor Mills, seven years ago, near New Brunswick, N.J., was reopened Saturday as a result of the declaration of a federal prisoner here that he overheard the quarrel which led to the shooting of the minister and the choir singer.

The prisoner, Kenneth Gladeau, is in the county jail here, being held for federal authorities.

According to Gladeau's statement, which appeared in the Free Press, he was hiding near New Brunswick, and had stopped to sleep in a thicket on the night of the slaying.

The two women quarrelled, Gladeau said, and the two men tried to lead the first one away. A third man then appeared. He fired a gun at Hall, Gladeau said, and the latter fell. The woman called Eleanor started to run away, but the newcomer fired three shots.

Gladeau said he followed the man who had done the shooting, accosted him and told him he knew of the crime. The next day he met the man at a bank and was paid \$3,000 to keep silent.

NEW YORK STIRRED BY RUMORS (Associated Press Despatch) NEW YORK, June 10.—The reported declaration of a federal prisoner in Detroit that he overheard the quarrel which led to the Hall-Mills slaying caused renewed interest in the famous mystery which after nearly seven years still remains to be solved.

The sensational trial of the case came to a close on December 4, 1925, when Mrs. Frances Stevens Hall, her two brothers, Willie and Henry Stevens, and her cousin, Henry de la Bruyere Carpenter, a New York broker, were cleared of all charges in connection with the slaying of Mrs. Hall's husband, Rev. Edward W. Hall, and his choir singer sweetheart, Mrs. Eleanor R. Mills.

The nominating committee presented its report as follows: For district governor, Ernest Johnston, Sherbrooke; Lieutenant Governors, C. Seifert, Quebec, A. Forrester, Central "Y", Montreal; secretary-treasurer, P. H. Lane, Verdun.

Discussion was opened on the basis of membership in the Y.M.C.A. The question was raised, "Is a man who takes out a membership in the association simply for use of privileges, which are not covered in membership fees actually a member of the association?"

## CARDS GAINED A FULL GAME ON PIRATES

Robins Staged an Eighth Inning Rally Yesterday to Down Pittsburgh — Reds Nosed Out Giants — Yanks Improved Their Batting Averages.

(By Wm. J. Chipman, Associated Press Sports Writer)  
NEW YORK, June 10.—The week-end campaign in the major leagues found both the Giants and the Pirates arriving at the end of their spurts, but giving their opponents no guarantee against an immediate resumption. Red Lucas pitched one of the best games he has flashed this season to shade the veteran Jack Scott, and the Giants by 2 to 1 at Redland Field yesterday as the Pirates crumpled before an eight round assault at Ebbets Field, where the Robins took a 9 to 6 decision.

## ST. ROCH SCORED A VICTORY OVER ST. EUSEBE NINE

Final Score 8 to 3—Visitors Used Four Pitchers in Effort to Check Locals.

Knocking three pitchers out of the box, the Sherbrooke St. Roch team defeated the St. Eusebe (Montreal) nine by the count of eight to three yesterday afternoon at the Ball Park for the local's third straight victory of the season. The fine weather attracted the largest crowd that has witnessed a baseball game here this summer.

The one unpleasant feature of the afternoon was a near riot, starting at second base in the eighth inning when Gagne took exception to some action of Binette, who was relieving at this post. Before the matter could be adjusted practically every player and official was in the melee. The affair was settled, however, by ruling both players off and the game continued.

For the first two innings the pitchers kept the game pretty well under control. In the third Sherbrooke took the lead when Blanchard and Landry crossed the plate assisted by a three bagger by Aeschlin. A three run rally by the locals in the fifth resulted in Turner, the visitors' moundsman, being replaced by Pigeon.

The latter proved unable to stem the onslaught, however, and was sent to the showers in the seventh stanza in favor of Binette, who only lasted one inning, being relieved by Lavigne in the next inning. In both the seventh and eighth stanzas, the locals managed to add to their count, but an eight inning rally by the visitors, netting three runs, counter balanced the addition made by the St. Roch.

On Saturday next, June 15th, practice firing at eight hundred and nine hundred yard ranges will be held.

## GOLF AS CHAMPIONS PLAY IT

In making a long putt, say from the edge of the green, what should the player do?

Answered By JOCK HUTCHISON

A player making a long putt from the edge of the green should first consider the undulations in order to get the correct line to the hole, then he should hit the ball with the strength required, according to the texture of the green.

## ALLINSON WAS KNOCKED OUT BY LARRIVEE

Montrealer Floored for Count of Ten in Sixth Round of Scheduled Ten Round Encounter With Westbury, Conn., Boxer — Lebrun Knocked Out Frenette.

Over two thousand boxing fans from Sherbrooke and district saw Leo Larrivee, 152, of Westbury, Conn., put Bobby Allinson, 149, of Montreal, out for the count of ten in the sixth round of a scheduled ten round encounter, which was the feature battle of a series of bouts put on at the 54th Armory on Saturday night by Promoter Carroll.

Allinson held his own during the first two rounds, but in the third was forced to give ground to the hard-hitting French-Canadian. Larrivee opened the fourth round with an offensive that swept away the Montrealer's guard and forced him to take the count of five. The remainder of the round was Larrivee's by a big margin and only the good footwork of Allinson saved him until the bell. In the sixth, Larrivee landed a left and right to the Montrealer's jaw, which stretched him to the canvas for the count of ten.

Young Lebrun, 121, had no difficulty in knocking out Freddie Frenette, 118, of Lowell, Mass., in their scheduled eight round semi-final encounter. From the very commencement of the fight it was plain that the U.S. boy was no match for the local fighter, who waded in right from the first and beat his man before the end of the opening round.

Kid John, 135, lost in his six round encounter with George King, 138, of Eustis, when he fouled the minor early in the third round. The fight during the first two rounds was an interesting one to watch, although King had a clean cut edge over the local man. In the third round, however, Kid John commenced to hit low despite the warning of the referee, with the result that King was given the bout.

## MAGOG, Q.C.R. AND CELANESE WON CUP GAMES

Magog Defeated Windsor by 2 to 1, Celanese Downed Beebe by 3 to 1 and Quebec Central Swamped Asbestos by 8 to 2.

Celanese, Magog and Quebec Central soccer teams earned the right to enter the second round of the Charity Cup by their victories Saturday afternoon. The Beebe team only went down to defeat after a hard struggle at home against the Celanese by the count of three to one. The game at Windsor was even closer, the paper town boys holding the visiting Magog aggregate to a score of two to one.

Locally, the Railroaders found little difficulty in overcoming their opponents from Asbestos. The first two rallies were made by Hammond, both on passes from Pentecoteon, gross 96, handicap 17, net 79.

**HAPPY MILES**  
Straight along a ribbon of road... over the hill... through the town... healthful thrills... beauty beckoning. There's a zest in motoring when your car answers with sure velvety power—when your throttle commands "pick-up" that lifts you effortlessly from a creeping pace to streaking speed—when you're running on Imperial Ethyl.  
**IMPERIAL ETHYL GASOLINE**  
What Imperial Ethyl is and what it will do. Imperial Ethyl is high-grade gasoline made even better by the addition of Ethyl Fluid. Use of Imperial Ethyl Gasoline, in any type of engine, results in: greater power, speedier "pick-up", reduced vibration, smoother performance, reduced response to the throttle, less gear shifting on hills or in a traffic, elimination of "knock".
