Artificial Ice For Fort Coulonge Curlers

Fort Coulonge—A very definite and promising outlook for the formation of the Fort Coulonge Curling Club was instigated at a meeting of interested citizens of the village and surrounding districts who held a meeting at Pearson's Hotel Friday evening, May 11.

The following officers were elected: President, Dr. Harold Laycock; secretary, James Duke; treasurer, George R. Colton. General discussion took place on the purchase of a site suitable to specifications for standard ice surface. Building material and tenders for installation of artificial ice plant. Dr. Laycock reported prospects and pledges to the amount of \$3,000 towards purchase of shares as very encouraging and deserving of the support of the Community in general.

Campbell's Bay C of C Hear Bristol Mine Officials

Mr. Harry Gerber, superintendent of the new Hilton Mines at Bristol, and Mr. Ted Stafford, Office Manager, of the same Mines, were guests at a dinner meeting of the Campbell's Bay Chamber of Commerce held at Moyle Hotel, Campbell's Bay, on Monday evening, May 14. Mr. Gerber explained the multiple operations by which the iron ore is extracted from the soil and converted into small, hard pellets, containing a very high grade ore. He announced that the construction work, which has been given to the Foundation Company of Canada was already under way. It would be the policy of the operators of the mine to employ local labour, whenever available. Mr. Gerber also expressed pleasure and satisfaction of being transferred to the County of Pontiac. Mr. Stafford likewise stated that he had found the local population very co-operative and friendly and felt sure that his stay in the County would be very enjoyable.

Mr. Raymond Johnston, MPP for Pontiac, who attended the dinner, informed the meeting that the Department of Trade and Commerce had extended to the Campbell's Bay Chamber of Commerce a grant of \$300.00. This would be used to defray some of the expenses involved in the establishment of an immigrant shoe-maker at Campbell's Bay. Mr. Johnston also announced that work on the C.P.R. overpass, a project strongly advocated by the Chamber had commenced.

The meeting also appointed a committee, composed of the president Paul Martineau, Eric Sullivan and Joseph McGahern, to meet the Municipal Council and Legion, regarding the projected building of a community centre at Campbell's Bay. This would be a project under the sponsorship of the Municipality of Campbell's Bay of the Canadian Legion and of the Chamber of Commerce.

Mr. James McCuaig introduced a resolution concerning the conservation of the County's forest reserves as well as reforestation.

Vice-president Clifford Lawn, who has been re-elected a Municipal Council, received the congratulations of the meeting.

The guest speaker, Mr. Harry Gerber was introduced by the president, Paul Martineau, who also presided over the meeting. He was thanked by Wallace Morris.

Shawville Goes Ahead With C. of C.

A group of 40 men from Shawville and District gathered at the Curling Rink on Monday night for the purpose of establishing a Chamber of Commerce for the area.

Keith (Buzzy) Hodgins was in the chair and Raymond Rowat acted as secretary.

The meeting expressed itself to be unanimously in favour of establishing a Chamber of Commerce. It will be called the Shawville and District Chamber of Commerce. Membership fees have been set at \$5.00. The affairs of the chamber will be administered by its officers, three in number, and by a council of eight. The Council will meet at least once each month. The general members will meet at least four times per year. The annual meeting will be held in May of each year.

Officers and Council elected for the coming year are President, Buzzy Hodgins; vice-president, Dr. Rolly Armitage; Sec.-Treas., Raymond Rowat; Councilors, Lee Hodgins, Don Dods, Ken Morrison, Mick Hodgins, Clarence Dean, Lloyd Stevens, Norman Coates, Emerson Cofie.

Brief talks on those matters which the new Chamber will investigate were given by some of those present. Buzzy Hodgins outlined the need for an accurate blueprint of the water mains of Shawville. "No such blueprint is at present in existence," he said. On the subject of sewerage, Mr. Hodgins felt that the plan, as originally proposed, was not adequate to the town's needs. It should be a function of the Chamber of Commerce to investigate the situation and confer with Council on its findings.

Dr. Armitage indicated the possibilities arising from a plan of industrial development for this area. Don Dods stressed the importance of working closely with Council

Fort Coulonge W. A.

Fort Coulonge—The May meeting of the Women's Association of the Fort Coulonge United Church was held at the home of Mrs. J. Sharpe at Davidson on Thursday afternoon, May 10. In the absence of the president, Mrs. D. Campbell the vice president took charge assisted by the secretary, Mrs. G. E. Colton and the hymn, "Let the Beauty of Jesus", followed by prayer and, as it was Christian Family Week, the singing of the hymn, "When Mothers of Salem". Appropriate scripture passages were read by Mrs. Whalen.

The president read an article taken from the Upper Room, followed by prayer. The topic for the meeting was "Quench Not The Spirit". Business was conducted in due form and the roll called.

It was moved that a donation be sent to the Pontiac Community Hospital for the procurement of an Oxygen Tent.

There was a Sale Table and it was agreed that the next meeting be held at the home of Mrs. D. Campbell. The meeting closed with prayer and tea was served by Mrs. J. Sharpe, assisted by Mrs. McKinnon.

Real Vaillancourt of 776 Pembroke West, Pembroke, pleaded guilty on a charge of impaired, and was fined \$100.00 and ordered to pay the court costs. He also was prohibited to drive a motor vehicle for a period of three months. Vaillancourt was arrested in Campbell's Bay on the 28th day of April 1956 after he was involved in a car accident.

in setting up and administering workable zoning and building by-laws.

Lee Hodgins gave a brief account of the progress to date in the expansion of the market for fluid milk produced in the Shawville area. Much of the credit for early successes are attributed to Cliff Dale and Ken Morrison. There is every hope that with the help of the local people, much more can be done in the future in this direction.

Emerson Cote, with left arm in a cast after breaking his wrist last Friday, at LeMay's Lake, spoke on behalf of Council. He felt sure, he said, that the Councilors would welcome all the assistance and advice that members of the Chamber, acting as a group, could provide

Elliott Saw Mill Burns At Calumet Island

A fire of undetermined origin last night caused damage estimated at between \$60,000 and \$70,000 when a saw-mill burned to the ground on Calumet Island.

The mill was owned and operated by Lloyd Elliott, of Campbell's Bay. Nineteen men were employed at the mill.

The fire was discovered at about 6.30 pm when the men were returning from supper. In a matter of minutes the entire mill was on fire. Destroyed in the blaze besides the mill were a sleep camp, a cook house and valuable saw mill machinery. A bulldozer in a garage was also destroyed.

Men and equipment from New Calumet Mines kept the blaze from spreading to nearby lumber piles.

Shawville Rotary Club Hear Elwood Hodgins

Elwood Hodgins, son of Gerald Hodgins of Clarendon township, two miles from here, who was the champion in showmanship and dairy cattle judging for all Canada last Fall was the guest speaker at the meeting of the Rotary Club in the Pontiac Hotel.

C. F. Jacques was in the chair and the speaker was introduced by Neil Drummond, county agronomist, and thanked by Claude Elliott. Mr. Hodgins' subject was "Preparing for my contest trip to Toronto."

As a result of his victory, he has been awarded a scholarship at Macdonald College for two terms, each five months long. He completed the first year at Macdonald in April, and he will continue at the college for another course in "General farming" next year.

Pontiac Uranium Claims Sold To Montreal Group

Squaw Lake claims amounting to 1200 acres held by A. Corriveau of Otter Lake, A. Martin of Aylmer, D. Byne, G. Mulvihill, C.A. and Fred Klock of Ottawa have been sold to a group of Montreal financiers. The Shawinigan Minerals Ltd., 1255 Phillips Square, Montreal, are directing the formation of a company and will be in control of development work.

Enough money has been guaranteed to give the property a close mineral survey and some thousands of feet of diamond drilling.

The purchase of this property was concluded on the recommendation of three highly rated geologists, Pete Hart of Ottawa, Norman Gillies of Braside and Mr. Spence of Montreal, according to Mr. Corriveau. Consideration for the sale was cash and shares of an undisclosed amount.

Opposition Party Holds Convention

The political ball is now on the field and, contrary to many expressed and unexpressed opinions throughout the County and in Quebec, it is anybody's game. Win or lose, Eldon Keon intends to give Ray Johnston a run for his money.

Ray Johnston, the Union Nationale sitting member is so popular throughout the area that even his opponents cannot bring themselves to speak against him but as he must be beaten at local polls in order to put Duplessis down, the Liberals will fight him with everything they have.

The Liberal Convention which took place at Campbell's Bay yesterday brought many surprises. In spite of a blizzard of "icing sugar" snow which turned the bright May day into a winter wonderland, throngs of Liberals arrived at the convention from every corner of Pontiac. The hall was crowded to the doors.

Registration of delegates was expeditiously taken care of by Chairman Oscar Laflamme, assisted by Cliff Robillard, Francois Chevalier QC, and Mr. R. L. Jamieson, Montreal practising attorney. Nomination of four candidates took place rapidly, two of them declining to run.

Those who retired their names were Dr. S. E. McDowell of Shawville and Ayrshire breeder S. Wyman MacKechnie of Wyman. Both pledged their complete support to the winning candidate; McDowell reminding voters that with just 22 more seats the Liberal Party will be in power and deploring the government of Quebec for levying the highest taxes in Canada for everything from fishing to getting married. In MacKechnie's speech of withdrawal he said Quebec is due for emancipation from a govern-

ment which takes thirteen cents on every gallon of gasoline sold with which to buy its way into perpetual power.

Highlight of the afternoon was when Candidate Mrs. Charles Bolam took the platform. Less than five feet tall in her platform shoes, Mrs. Bolam faced the large gathering of her party members with the self assurance of an old hand at politics. She told them in French of her previous work in campaigning and that what they needed now was a person who can approach the people easily and explain the issues. Men, she said, sometimes haven't the patience for this, especially when dealing with the woman voter. The Liberal party leader, George Lapalme, knows the needs of the large family; he is for the family man and for the worker, said Mrs. Bolam. She said she had the necessary time to devote to this campaign and would fight it to the finish with all the powers of a woman with her mind set on winning.

Having gone over her allotted time limit of five minutes, Mrs. Bolam was allowed a few more minutes to speak a few words in English. (The overtime was allowed by consent of the other candidate who agreed that it is unfair to try to limit a woman to five minutes). Mrs. Bolam polled 44 of the total 104 votes in the balloting, losing out to Keon's 60. "Well, after all, the best man won" said Mrs. Bolam as she pledged her support to Keon and thanked those who had voted for her.

So Eldon Keon became the official nominee for the Liberal Party of Pontiac County. Born in Sheenboro forty one years ago, Keon went with his family to Saskatoon as a child where he received his education. In 1935 he moved to Northern Ontario and in 1942 he was transferred to New Calumet Mines where he is now Electrical Superintendent.

Keon claimed that Duplessis is giving away Quebec iron and timber and depleting the province's wealth with his double taxation. He took his stand firmly on the Lapalme platform and also promised that he would under no circumstances buy on bottle of liquor, one bottle of beer for one vote in the carrying out of his campaign. Keon also promised, if elected, to do whatever he could to see that the liquor laws would be enforced in the County of Pontiac.

"Win or lose", said Keon, "it will be a clean fight—as clean as we can make it. But if they get dirty then we will have to play it dirty too."

Mr. Jamieson explained the many points on the 1956 Liberal platform and congratulated the Pontiac Liberals for the excellent way they carried out the democratic procedure of naming a candidate. He said the Union National candidate is named from Quebec with no opportunity for the party members to name him.

Jamieson also told the voters that no matter how fine a gentleman they have here representing Duplessis he must still be put out of office as that is the only means of putting Duplessis out of Quebec.

Hugh Proudfoot, Liberal MP, in probably his shortest speech on record, called the "warnings" from the dictator of the Province of Quebec that Federal Members should keep out of the Provincial election promising that he and all other Federal members including Cabinet Ministers would take part in this election. He said the other part of his constituency, Temiscamingue, is represented at Quebec by a Liberal, Paul Goulin. "Let's send Eldon to sit beside Paul in the Legislative Assembly's next session", said Proudfoot, and in the midst of cheers and applause, the meeting came to an orderly close.

LET'S BE GOODWILL AMBASSADORS!

From The Arnprior Chronicle By Bernie V. Bedore

LIONISM IS A PART of 72 countries and regions of the world and in the opinion of International President, Humberto Valenzuela, Chilean banker and industrialist "vigorous, active service clubs like the Lions can do more toward strengthening international ties and uniting the people of the Americas than either dipomacy or tourist travel".

Mr. Valenzuela's own experience bears him out. Through the efforts of Lions in South America men from the once rival countries sing together each other's national anthems, and understanding and co-operation are making a better life for all.

Lions of the Ottawa Valley are following the example of their International President by arranging, during the weekend of May 24, for some 75 members of Altoona (Pa.) Lions Club to visit The Valley, and mingle with her people and learn our way of life.

This is an excellent opportunity for people of The Valley to welcome a large body of people from across the friendly border to give them of our hospitality and to discuss each other's towns and areas. Both our visitors and ourselves can benefit a great deal from this visit and we can, if we will, win some 75 ambassadors of goodwill, who will take back to the United States of America tales of a beautiful Valley with a romantic and historic past, a successful and prosperous present and an even more promising future.

The forthcoming visit has been publicized in newspapers in Pennsylvania, West Virginia and Maryland. Service Club magazines are carrying articles and a TV cameraman will accompany the Altoona Lions on the entire trip.

This is a big occasion in the public relations of Ottawa Valley people. Enthusiasm is high among the Lions of Valley centres but it also must be high among people of the Valley who will meet these visitors.

From the people of The Valley will come the impressions which will be taken back to the United States by our visitors.

Let us all be host to these people and give them the Ottawa Valley hospitality that is fast becoming famous the world over.

This visit will put the name of the Ottawa Valley before millions of Americans through newspapers, magazines, radio and television.

Newspapers of the Ottawa Valley will carry the story of what is planned in the various localities and local service club organizations will be in charge of activities.

The President, Lions International, Humberto Valenzuela, Santiago, Chile who heads the world's largest service club organization, will take part in this goodwill tour. Munroe Nute, past president, and Walter Fisher, past president, will be among the visiting Lions.

The four day visit from Thursday, May 24, to Sunday, May 27, includes a visit with Prime Minister St. Laurent in Ottawa on Thursday where Mr. Vaenzuelo will present the Prime Minister with an appropriate gift to commemorate the occasion.

The RCMP barracks will be visited that same day. Commander Thompson, retired U.S. naval officer, of Altoona Lions, will lay a wreath at the cenotaph and a monster rally of Service Clubs will be held at the Chaudiere Club in Hull on Thursday night.

A tour of the Parliament Buildings, a visit to the Chilean Embassy and a visit to the Cobalt

Clinic at Civic Hospital are among other visits planned for the group while in Ottawa.

The luncheon to be held at the Green Valley Restaurant will be sponsored by a large construction firm in Arnprior, and the dinner at the Chaudiere by participating Lions.

The visitors will spend the night in Arnprior and on Friday, May 25, they will tour industry in Arnprior, Renfrew, and Braeside.

Renfrew Service groups will entertain at dinner and the visitors will return for the Monster Bingo being staged by the Lions of Arnprior that evening.

Saturday there will be a choice of activity with some of the Altoona Lions going to Bryson, Quebec, from where they will be taken fishing and will have dinner. They will be guests of Ray Johnston, MLA, Pontiac, and the Quebec Government. Lions of Pontiac County are making these arrangements.

The other group will be guests of Pembroke Service Clubs at luncheon and Renfrew County Council Publicity Committee at dinner. They will tour Des Joachims Hydro Electric Power Development during the day and see other points of interest at Chalk River and Petawawa.

That evening they will return to Arnprior for a farewell party at Mayor Simpson's home.

Sunday morning before leaving there will be church services for the various denominations and the group will leave Arnprior at 10.45 for Uplands Airport in Ottawa.

They will fly to Montreal, then to Pittsburg and on home. They no doubt will be tired men but we hope they will carry happy memories of four most pleasant days in the Ottawa Valley.

We all can do our part to make this trip a success. Reports of the visit will go before millions of Americans and Canadians through media of press, radio and TV.

Let us each do our part to ensure an enthusiastic welcome for the Altoona Lions and lay out the broad welcome mat of true Ottawa Valley hospitality.

This is everybody's opportunity to be goodwill ambassadors for The Valley. Let us do a good job!

HATLESS IS BOOTLESS

(The Christian Science Monitor)

If your feet are cold it may be because your head is uncovered. The physiologists of the Defense Research Board of Canada don't state it quite like that. But they report that useful heat escapes from a lidless top, whether it be yours or the kitchen stove's.

This is important to soldiers in cold climates. We surmise it may be important also to advertisers of men's hats. Women will buy one at the drop of one, or for no reason. But to sell a man a hat you have to appeal to that side of his nature which is touched by statistics, or research, or some other of the sterner approaches to the looking glass.

Even then it may not be easy. But instead of weeping (as we usually do) for advertising writers who will be expected to make something salable out of scientific discoveries we have decided to give them a lift with this hat business. Obviously hat sellers and hat designers have been missing opportunities.

Now they can urge the "prospect" not to have his top blown. They can point out that pictures of misers wearing skull caps carry a moral: the wearers are saving their heat. The 10-gallon hat can now be piped for steam. The stovepipe should have a comeback. The "pork pie" need no longer be cold.

But we have done enough for our well-paid fellow scribblers. Let them think up a few \$50,000 ideas of their own, having already greedily pasted the above inspirations in their trilbies. Only some parting words (and what grace an elegantly raised hat lends to these): If you are hot under the collar keep it under your hat.

ANSWER FOR MR. COYNE

We heard a talk some three months ago by Dr. Herb Hannam who quite freely discussed the economic difficulties facing the Canadian farmer to day.

Dr. Hannam stated the obvious fact that farm income has declined — quite substantially. Rev. Clayton Vaughan has said much the same thing, from which we conclude that it is not necessary to be either an agriculturist or an economist to know that the farmers are not as well off, relatively, as they used to be.

The problem the farmer faces is a short run problem. This we have stated before in these columns. In the long run, in 20 to 25 years, the population of this country will constitute a sufficiently effective demand for the products grown by its farmers so that farm product prices will not get out of line with other domestic prices. We have the assurances of Dr. Hannam on this subject, as well as of an agricultural economist.

In the short run, the problems are obvious. We are dependent on foreign demand for farm products. With shortages abroad of Canadian dollars

OTTAWA Report: by Anthony J. Wright

Ottawa—However fierce the debate over the government's lending \$72 million to Trans Canada Pipe Lines Ltd., for the western leg of the natural gas line, the Liberals will win. No Opposition party wants to be stuck with the blame, at next year's election, for delaying the line still more. Calgary's Carl Nickle, chief Conservative oil and gas expert, will personally vote for Mr. Howe's bill, I understand.

What pushed Mr. Howe, and the cabinet, into paying for the western leg? Simply that stacked in Pittsburgh is \$40 millions worth of the only available 34-inch pipe and that Trans Canada's option on that pipe would have expired had they not had the cash to start the line this summer. Waiting for more pipe would have meant waiting 18 months or two years for American or British firms to make 34-inch pipe. Frank McMahon's West coast Transmission Co., has taken up all British pipe for their B.C. line.

At stake in the whole gas flare-up is the prize of uncommitted U.S. markets, in the mid-west and New England areas. Shall Texas or Alberta supply them or both? With Trans Canada rolling (presuming the Federal Power Commission in Washington gives permits for imports) Alberta get a chance. However as Trans Canada is 83.5 percent controlled by Texans and other Americans the profits will mostly go to Texas just the same. This is Canadians' fault—we're so slow to put up the risk capital.

Three planeloads of Edmontonians descend on London in June by chartered C.P.A. aircraft. Seems this habit of holidaying abroad, the journey being made in chartered planes, is spreading. 180 from Edmonton, many of them members of the City's Welsh Society will make the trip to London. They separate after landing, are not on a conducted tour. The chartering habit is catching on—less full, less cost.

The Opposition does not let the government forget that farmers are making less than they used to, however well other Canadians may be living. Reminds me of a story told in January by Winnipeg's Senator John Haig of a widow with seven children, 240 acres and unable to sell her wheat. She owed \$800 on machinery, wanted to buy some more cows to add to the three she had. The taxes piled up after her

Letter To The Editor

The Editor, The Equity,
Shawville, Quebec.
Mr. Editor:

An important article in the Ottawa Journal April 27th which seems to go unnoticed by "The Equity" states "Farmers Broke in Boom Times" and that there is a complete lack of long range planning to solve the problem of the Canadian Farmer particularly those in Eastern Ontario (and Western Quebec) some of whom are going broke while the overall economy is booming.

This scathing report was presented Mr. Editor to Ottawa Diocese Synod Meeting by Rev. H. Clayton Vaughan of Navan, Chairman of the Rural Community Committee, in which the plight of the Farmer is vigorously presented.

Now this report would be a matter for your paper to publish and to make a try for the answer to remedy this situation.

Apparently neither the Liberals nor the Conservatives can supply the answer. The committee stated "that it could see no immediate relief in sight, but no doubt it will be solved in time", or to quote an old expression "Live like a horse and you'll get Oats" is their kindly suggestion to a hungry world.

You Mr. Editor can surely suggest something better than that. In any case this remarkable report should receive wide publicity.

Yours truly,
Leonard Coyne

and product glut in this and other cereal producing countries, the lot of the farmer, caught in an economic squeeze is not enviable.

In our view there is at this time a strong case for increasing government aid to the farmers. This is contrary to our general opinion that economic activities should be conducted without government interference — or support. The reason for a different view here is that, in this case, we are going to require the full productive capacity of Canadian farms in a few short years — increasingly so after 1960. It would well repay the government to assure the farmer of a reasonable income in the meantime, so that the drift away from the farm will not increase to the point where the adequacy of our future food supply will be endangered.

man's death and the municipality to over the property but is willing to turn the farm back to her for the price of the unpaid taxes. She needed, in January \$3,000 but no government agency or anyone else, said the Senator, would lend her it and, of course then, no one wanted her grain.

Rev. Dr. C. Younger-Lewis spent last Tuesday in Ottawa attending a meeting of the Presbytery of Ottawa held in St. Andrews Church.

How would you spend and celebrate your birthday? Well, last Wednesday, April 9th, Miss Lucille Fortin of Kapuskasing and Montreal celebrated her birthday by being united in the bonds of holy wedlock to Mr. Gordon Elias Moore of Cobden. The ceremony was performed by Rev. Dr. C. Younger-Lewis in the Manse, Fort Coulonge, at a private marriage. The bride was dressed in a lovely blue suit and the happy couple left on their

honeymoon for many places in Ontario.

Mr. J. Veidhuis represented Fort Coulonge at the United Church Presbytery meeting held last Tuesday in First United Church, Ottawa.

The service clubs of Canada deserve credit and the Lions Club of Fort Coulonge, though in a way but an infant, has been the incentive in many good causes. Now it is sponsoring a Fish and Game Association in the County of Pontiac. A fishing competition which is to run legally caught Grey Trout, Pike, Pickerel, Speckled Trout and Bass. Membership for this competition is one dollar and tickets of membership may be acquired in the separate districts. The art of fishing is one of the oldest recreations in the world and has a wonderful fascination, and anything that can improve it is well worth while. The award for this competition will be awarded at a banquet which will be held in the Laurentian Inn at the Chute Fort Coulonge on October 10th at which addresses will be given by various

noted anglers and disciples of Isaac Walton.

Good morning... I'm your

Census Taker

When I call at your home during the next few weeks I will have only a few simple questions—the name, age and marital status of those living at your address. If you live on a farm, there are some additional questions about acreage, crops, livestock and equipment.

The information you give me will be kept in strict confidence. Every Census worker has taken an oath of secrecy. By Act of Parliament, the personal information gathered by the Census about individual Canadians can be used only for general overall statistics. It cannot be disclosed to any government agency or private organization.

Canada is taking count to keep up with her rapid growth. Census facts are required to meet and plan overall national needs—schools, public utilities, welfare services, farm and industrial production, employment.

The 1956 Census — the essential measure of Canada's growth.

It's a big job—your cooperation will help us do it quickly and accurately.

Every census taker carries this official identification card to show that he or she has been appointed by the Government of Canada to help take the Census. Ask to see it.

Shawville Hospital Auxiliary To Open Superfluity Shop

The previously announced Superfluity Shop is being opened in Shawville on Tuesday, May 29 at 2.30 in the afternoon. After the opening the Shop will be open every Tuesday and Saturday from 2.30 to 5 p.m. and in the evening from 7.30 to ten o'clock.

The location of the Superfluity Shop has been changed since the plan was originated and will be in the Selisley Hodgins building on Main Street, three doors east of Rennie's Service Station.

Proceeds of the Superfluity Shop will go to the upkeep of the Pontiac Community Hospital. Salesladies, all working without salary or wages, will be the ladies of the Shawville Hospital Auxiliary.

Goods to be sold at the Shop may be brought in on Tuesday, May 22 from 1.30 to 5 p.m. and in the evening from 7.30 to 10. If bringing in goods at a different hour, these may be delivered to Mrs. A. F. Fokes.

As this is house cleaning time, the public is urged to set aside all articles that are no longer wanted and if they are still of value to others bring or send them down to the Superfluity Shop. Some articles suitable for sale are furniture of all kinds and of all sizes, hardware, electric appliances, radios, cooking utensils, lamps, books, clothing of all kinds for men, women and children, shoes, hats, jewelry, toys, skates, tricycles, kiddie cars, baby carriages, framed pictures etc.

This store will constitute a continuous rummage sale and judging from the great help which has been given by the public for the Auxiliaries past two rummage sales by which nearly \$500 was raised, it is anticipated that the Superfluity Shop will be a success. Rock bottom prices will prevail rewarding shoppers with real bargains whenever they shop at this new store. The ladies of the Auxiliary look forward to seeing you there often.

CHRYSLER

When you first take the wheel of this flawless motorcar, you sense that here is perfection.

Like so many discerning motorists, you will discover unequalled motoring pleasure in the handling ease and surge-ahead power that a Chrysler provides. Merely touch a button, step on the gas, and you're off. And this superlative motorcar demonstrates the engineering superiority for which Chrysler has long been famous. Chrysler, for instance, has increased its stop-power with new centre-plane brakes, to keep pace with its V-8 "go".

Although there are many such features that distinguish a Chrysler, its worth cannot be determined by performance alone. The better measure, we think you'll agree, is the rich satisfaction you get when you own a Chrysler.

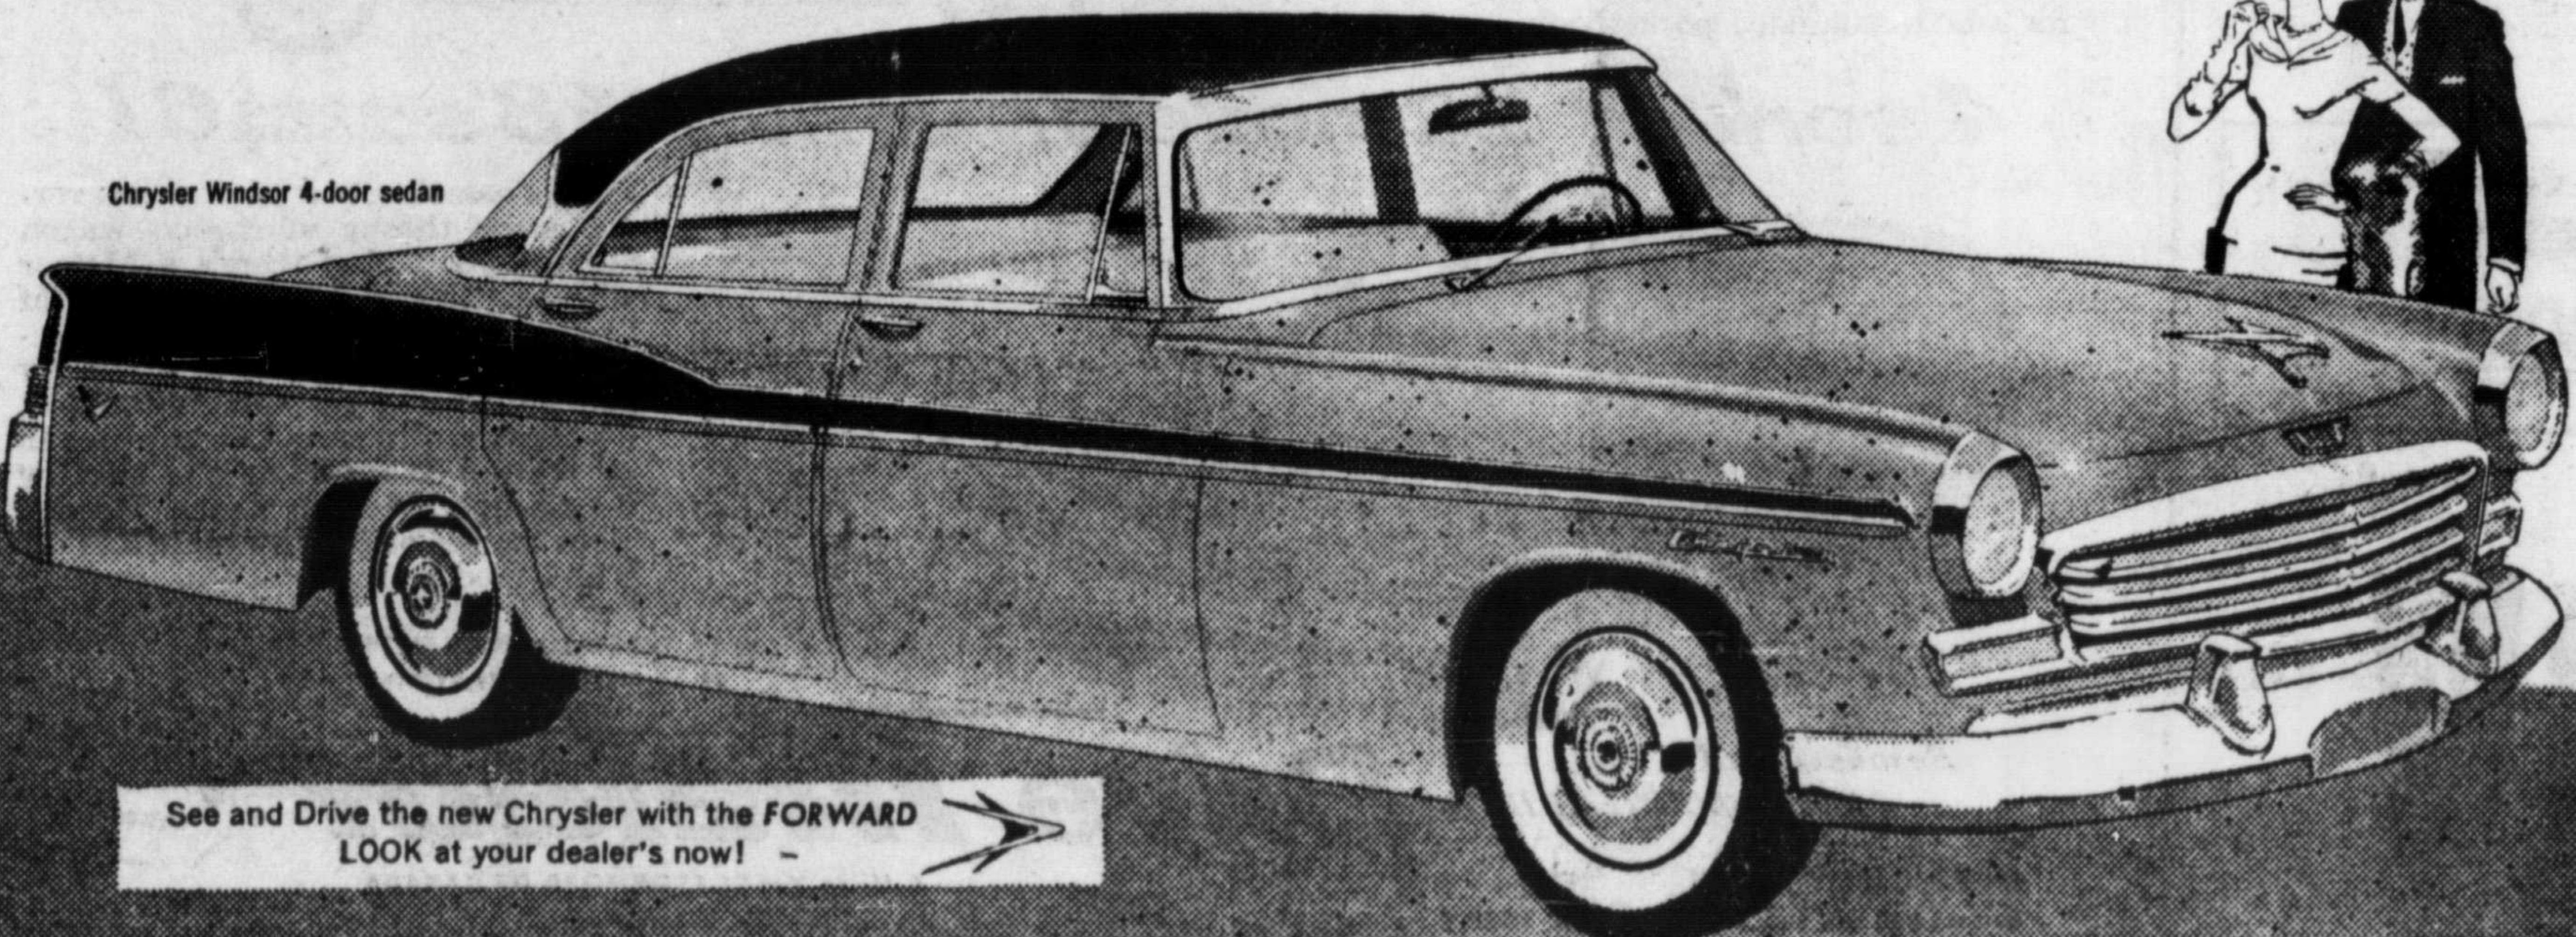

Visit your dealer soon. You'll be pleased to discover how little it costs to get so much more in a Chrysler.

Connaught To Open Wednesday, May 30

Many Ottawa district trotters and pacers, as in previous seasons, will take part in the Summer Harness Meeting of the Connaught Park Jockey Club, which opens at the beautiful Ottawa track on Wednesday, May 30. Announcement of the re-opening of the Connaught Park plant was made this week and plans are being rushed for what promises to be one of the most successful harness race meets on record. Nearly a hundred Ottawa and Ottawa district horses are already stabled at the Aylmer road plant and many have also checked in from points in the United States and Western Ontario.

There will be six nights of racing each week at Connaught Park and the Jockey Club is offering approximately \$150,000 in stakes and purses. On each Saturday and holiday night there will be a special stake feature. Honorary stewards of the Connaught Park meeting will be Judge Roland Millar of Hull, and Mr. John Thompson, president

of Zone 3, of the Canadian Trotting Association. Mr. Hugh Proudfoot, M.P. vice president will represent the Canadian Trotting Association and carry out the duties of racing secretary.

The Connaught Park tracks are already in good shape, despite the bad weather and owners, who have stable reservations may ship in at any time. The meeting will continue until the night of Labor Day, September 3 with the probability of an extension after that holiday. This will depend chiefly upon the weather conditions. Among the well known Ottawa and Ottawa district owners and trainers, who will again race at Connaught Park are the following:

Bert Soper, Smith Falls; Wilfred Zeron, Morrisburg; Johnnie Zeron, Morrisburg; J. J. Stewart, Eastons Corners; Herb Smith, Shawville; Hugh Proudfoot, M.P. Fort Coulonge; J. P. McConnell, Merrickville; Colborne Hess, Morrisburg; W. H. Merleau, Maniwaki; Thomas Lennox, Spencerville; Les Ireland, Renfrew; Dr. John Findlay, Arnprior; C. E. Remus, Arnprior; Fred Diotte, Gatineau; Ernie Denault,

East Templeton; Russ Hanna, Cardinal; James Baskin, Renfrew; George Timmins, Inkerman; Al Danis Buckingham; A. Champagne, Ottawa; Sted Craig, Smith Falls; Dave Behan, Pembroke; Tom Smith Renfrew; Gordie Davidson, Renfrew; Mrs. Ed. Burtch, Smith Falls; W. H. Patterson, Perth; R. Meville, Gatineau; Bill Pyke, Cornwall; Parker Locke, Williamsburg; Giles Filion, East Templeton; G. Kirkpatrick, Kingston; Ernest Hanna, Prescott and many others.

Racing will start each night at 8.30 and there will be eight events each evening with nine on Saturday. There will be three quinellas and a new betting feature which is likely to arouse a great deal of interest. There are now fine Boulevards direct to Connaught Park and many improvements have been

Kites And Sling-Shots!

Our customers are asked to impress upon their children that flying kites near power lines is a dangerous practice!

When a kite tangles with electric lines it is lost and more than likely electric service is interrupted.

As well, there is always the danger of falling wires!

Sling-shots, too, contribute at this season of the year to interrupted electric service, when insulators are broken by stones. Such interruptions are most annoying to those who depend on electric power to perform many functions around the home and the farm.

This inconvenience can be decreased considerably if parents will kindly caution their children against using pole line insulators as targets;

Remember—it may be your service which will be interrupted!

"A Nation's Health is a Nation's Wealth"

THURSDAY, APRIL 26, 1956

The Election

THE provincial election, now announced for June 20, together with the political campaigning which will precede it, should provide an occasion for a sober accounting of the affairs of Quebec. The province is prosperous, even more prosperous than it was four years ago when the last voting took place. No great issues appear to divide the National Union and the Liberal parties. No principles are at stake.

The question to be decided by the electorata is simply whether the Duplessis Government has administered its affairs soundly, thriftily and progressively, or whether Quebec's progress would be better served by electing Mr. Lapalme and his followers.

In these circumstances heed should be paid to Mr. Duplessis's suggestion that federal political parties should stand aloof. Four years ago, when Ottawa and Quebec were at loggerheads over fiscal policy, it was perhaps irresistible for federal Liberals to take part in the campaign. The improvement in the relationship between the provincial and federal Government has now become so marked, however, that the reason, or if you like the pretext, for intervention has been removed.

In 1956, if Mr. Lapalme cannot stand on his own feet, he does not deserve to win. His task is to convince the voters that, in all matters of strictly provincial concern, he can do better than Mr. Duplessis. He will not make much headway by leaning on outside support in his campaigning.

This may be a counsel of perfection. Election campaigns are seldom completely rational affairs. Emotion and rhetoric both play their part. It is seldom indeed that any public man emerges from the ordeal without having said things in the heat of controversy which it would have been better to have left unsaid. But the voters, in the long run, prefer the man with a sense of responsibility, and this should not be forgotten.

THE DOMINANT DAILY NEWSPAPER OF ENGLISH-SPEAKING QUEBEC

The Montreal Star HAS THIS TO SAY:

"The province is prosperous, even more prosperous than it was four years ago when the last voting took place."

"In these circumstances heed should be paid to Mr. Duplessis's suggestion that federal political parties should stand aloof."

"In 1956, if Mr. Lapalme cannot stand on his own feet, he does not deserve to win. He will not make much headway by leaning on outside support on his campaigning."

"The voters in the long run, prefer the man with a sense of responsibility."
