Five Hundred Members Present at Meeting of Councils at Which Mr. Wiggins Speaks.

The twenty-sixth anniversary of the founding of the order of Royal Arcanum in Canada was celebrated last night in Drummond Hall, under the auspices of the Grand Council of Quebec. Five hundred members attended, and class initiation of 45 members was also held.

All the local councils were represented, as well as the sister organizations of New York and New Jersey. The Supreme Vice-Regent, Mr. Howard C. Wiggins, of Rome, N.Y., was also present, and he was tendered a magnificent reception by the assembled Arcanums, who cheered him again and again. He was introduced by Mr J. B. Tressider, The Grand Vice-Regent, Mr. William H. Whyte, in the absence of the Grand Regent, Mr. Archibald Miller, of Quebec, presided.

There was an interesting programme of music and speech and ceremony, and the Grand Vice-Regent introduced the officers' degree staff of Prince Albert Council, No. 1293. They were: H. J. Elliott, R.; Dr. W. Grieve Nichol, V.R.; H. C. Organ, O.; F. Arthur Jackson, S. P.R.; D. F. Johnson, C.; and A. R. Doble, G. The Dorchester ritual was exemplified, and Royal Arcanum odes and hymns were rendered by the choir.

Solos and recitations were given by Mr. Percy Clarkson, Dr. A. W. Haldimand, Mr. D. F. Johnson, Mr. S. Dunn, Mr. J. H. R. Smith, Capt. E. J. Chambers, Mr. Leslie Tedford and Dr. W. H. Drummond.

The chairman made an appeal on behalf of the order asking that the members should do all in their power to bring in recruits so that their friends would have the same benefits as they themselves had.

Hon. W. A. Weir, K.C., M.L.A., Past Grand Regent, gave a brief address, in which he also urged the claims of the order. He pointed out that it was the duty of every man to provide for the future of those dependent upon him, and they could well do so by the system of insurance the order had instituted. Indeed, he did not know of a better or cheaper insurance.

When Mr. Howard C. Wiggins rose to speak he was met with a storm of applause which lasted for several minutes. His speech was entirely complimentary, and he remarked especially upon the high standard of their initiation ceremony. He had travelled from Maine to California and had never seen it better done. After Mr. Tressider had spoken a banquet was held in the Royal Arcanum Hall.

MAYOR GUAY HAS CLOSE CALL IN PLASTER SHOWER

His Worship and Aldermen at St. Henri Have Lively Time After Council Session.

Mayor Guay, Alderman Labreche and Mr. J. N. Seneeal, of the Council of St. Henri, had a lively time after their last meeting, and had a narrow escape from being hurt.

They had retired into the mayor's room to talk over some business, and were comfortably seated when the plaster of the ceiling began to give way. One large piece fell toward the mayor's head, but he dodged it successfully. The others meanwhile were busy at the same exercise.

For a few minutes the excitement for a safe place continued, and when a convenient opportunity seemed to have arrived, the fathers of the city made a dash for the door, but the time was not yet, for near the exit there was more danger.

However, they ultimately made their way out safely, not much the worse for their adventure, but looking as if they had just emerged from a Montana blizzard, or an Alaska snowstorm.

SHERBROOKE LADIES COLLECTED CAR FARES

Made Over a Hundred Dollars for the Sacred Heart Hospital in Spite of the Rain.

Sherbrooke, Nov. 6. — (Special.) — A number of the prominent ladies of this city acted as conductors on the Belt and Park lines of the Sherbrooke Street Railway during a portion of yesterday. They were a day too late in regard to the weather, as it rained all day, and this fact told against them in the receipts. The fact that closed cars had to be used debarred the public from seeing just how they handled the cash boxes.

The receipts were for the Sacred Heart Hospital and amounted to $104.62. Had the weather been fine they would have been considerably larger.

The ladies who acted as conductors were Mrs. Rioux, Mrs. Alfred Lanctot, Miss Lanctot, Mrs. Pamuton, Mrs. de Lottinville, Mrs. Morency, Mrs. J. H. Royer.

JEWISH COMMUNITY TO DISCUSS BRITISH OF' ER

Action Will Be Taken Next Sunday Evening Anent Forming an Independent State.

One of the most important questions Jews all over the world have ever had to consider is the offer of the British Government to the leaders of the Zionist movement of forming practically an independent state under British suzerainty in their territory in East Africa. The Jewish community of Montreal will meet in the Baron de Hirsch Institute Hall, Bleury Street, Sunday evening at 8 o'clock to discuss the British offer.

Representatives from all parts of the Dominion will be present, and take part in the proceedings. Mr. Clarence I. de Sola will preside, and among other speakers will be Messrs. A. Pierce, of Winnipeg; I. Rubinowitz, of Vancouver; A. Harris and H. Lang, of Ottawa; B. Silver, of Kingston; J. S. Leo, and the rabbis of Montreal, as well as representatives from the Hebrew colonies of Toronto, Quebec and St. John.

It is expected that the offer of the British Government will be entertained in default of there being no prospect of a return in the near future of these ancient people to Palestine.

The Daughters of Zion will also take part, being led by Mrs. Clarence I. de Sola, their president; Miss Miriam Einstein, who will also speak in Hebrew, and Miss B. Morris. Mr. M. Nieckus, Mr. J. S. Leo, Mr. J. A. Jacobs, Mr. M. Shapira, and the Jewish clergy will also speak.

THOMAS RYAN PASSES AWAY.

Thomas Ryan died last night at the Refuge, 321 Dorchester Street. He was 65 years of age, and had been sent to the refuge about six weeks ago by the Recorder. He was at supper when he died. The case was dismissed by the coroner.

UNITED STATES GOVERNMENT RECOGNIZES THE ISTHMUS

Consuls Have Been Notified to Inform Panama and Colombia—European Nations Will Probably Follow the Same Course.

Washington, Nov. 6.—The United States Government has recognized the de facto government of Panama. It was announced at the State Department, after the return of Secretary Hay from the Cabinet meeting, that instructions have been sent to U. S. Minister Beaupre, at Bogota (assuming that he has not left the capital yet), and to Mr. Ehrman, the U. S. Vice-Consul at Panama and now acting consul there, to inform the governments of Colombia and Panama respectively that the de facto government is recognized.

Panama, Nov. 6.—General Tovar, and his staff have at last been convinced of the uselessness of their resistance to the provisional government and have accepted the terms offered by the Junta. They will go to Colon by train and will leave immediately on the Royal Mail steamer Orinoco for Cartagena. The arrangement to this end was made through the efforts of Commander Hubbard, of the United States gunboat Nashville, Superintendent Shaler and Assistant Superintendent Prescott, of the Panama Railroad, who guarantee that both parties will fulfill the agreement.

There is great rejoicing all over the city because the stability of the republic now seems assured. The fact that troops were already moving toward the line probably decided General Tovar and his staff to accept the terms of the Junta.

It looked once as if there would be trouble. It was arranged that the Government troops should withdraw to the outskirts of the town and they did so during the night. But this morning Colonel Torres marched the troops to the center of the town, which caused the landing of American blue-jackets who were barricaded behind bales of cotton in front of the bank and the railroad building. The commander of the Nashville distributed about fifty rifles to private citizens, who, with the blue jackets guarded the barricades.

Situation is Quiet.

Washington, Nov. 6.—The Navy Department has received a despatch from Commander Delano, of the Dixie, announcing his arrival at Colon. The cablegram states that the Colombian troops have evacuated and that the situation is quiet.

Will Recognize Treties.

Paris, Nov. 6.—The French Foreign Office to-day received a despatch from the French Consul at Panama, confirming the news of the revolution. The consul says:

"The new state assumes all the former treaty and legal obligations of Colombia."

The last information is regarded by the officials here as being most important, as showing no disposition on the part of the new republic of Panama to repudiate the canal or other property rights acquired from Colombia.

Excitement in Mexico.

City of Mexico, Nov. 6.—There is great public interest here in the Panama revolution and the undercurrent of talk in clerical party circles, where Colombia is regarded as in sympathy with the clerical party programme, is that the American authorities are the secret promoters of this disturbance, and are planning to seize the Panama region and annex it to the United States.

COUNCIL WILL TAKE UP THE COMPLAINT

Residents at St. Louis Square Say Vibrations Caused by Trams Undermine Houses.

The Road Committee, acting on a petition from proprietors in the neighborhood of St. Louis Square, will recommend the Council to forbid heavy vehicles from passing along the streets bordering the square. The proprietors represent that the vibration is undermining the houses of the neighborhood. They also say that the basin in the centre of the square is aiding the vibration in this work, as the bottom is not cemented and the water breaks through and penetrates beneath neighboring buildings. This question of cementing the basin has been referred to the Water Committee.

A deputation from Ste. Cunegonde asked the Council to co-operate in obtaining from the Grand Trunk Railway Company the opening of Dominion Street. The town offered to contribute $212 a year toward support of a flagman at the crossing. Ald. Laporte suggested that a deputation from the Councils should go to Ottawa to ask the Railway Committee to force the G. T.R. to open the street. A report to this effect will be presented to council.

Ald. Laporte also pleaded the need of Guy Street proprietors between St. Luke and St. Catherine Streets, for a new sewer. The present one has reached the mature age of forty hard winters. The proprietors of Proctor's and La Corona hotel had offered to pay $500 towards construction of a sewer and the committee will report favorably on the project.

Ald. Hebert proposed that the street cars on Delormier Avenue, instead of stopping at Rachel Street, should now return by way of Gauthier Street, which was opened by resolution of the Council on August 10. No action was taken by the committee in the matter.

OFFICIALS OF ST. JOHN TO MEET SIR THOMAS

Deputation From Winter Port Will Probably Arrive in Montreal Early Next Week.

Sir Thomas Shaughnessy has received a request from the City of St. John, N.B., to arrange to meet a deputation from the Canadian winter port and discuss the question of improved facilities for handling the large and ever-growing winter trade. The request intimates that Sir Thomas might visit St. John, meet the committee, and at the same time inspect the facilities. The president of the Canadian Pacific would much prefer, however, that the meeting should take place here, and this is probably the way it will be arranged.

The opinion of the Canadian Pacific officials is that St. John needs more berths if it is to take care of future business, but that the Canadian Pacific should not be called upon to provide them.

The St. John committee to meet Sir Thomas is composed of members of the City Council, with Deputy Mayor Goldrick as chairman. They will probably be here about the middle of next week.

A HORRIBLE DEED.

It is Alleged that Wife Poured Acid Over Sleeping Husband.

Belleville, Ont., Nov. 6.—Special.)—A fearful tale comes from the neighboring town of Deseronto. It is said that a young married couple have for some time not been living happily together. Some time ago the wife left her husband, but afterwards went back to live with him. Lately, so the story goes, relations have been strained, and a couple of night ago while the husband was asleep, it is alleged that the wife turned down the bedclothes and poured a quantity of strong acid over her husband, who was frightfully burned before assistance reached him. Last night it was stated that the man was so badly injured that his life was despaired of.

BIG COTTON DEAL WILL GO THROUGH

And Colonial Bleaching Co. May Join the Merchants and Dominion.

The proposed amalgamation of the Dominion and Merchants Cotton Companies and possibly the Colonial Bleaching and Printing Company, was the talk of the "Street" to-day, and was favorably commented upon by the people who are familiar with the strained conditions of the trade.

Leading representatives of the companies were not disposed to talk for publication, but admitted that negotiations were in progress and that if present indications amounted to anything a satisfactory conclusion of the deal would be the outcome.

It was hinted that the Colonial people were inclined to be firm in their desire to stand aloof from the merger but that sufficient pressure might be brought to bear to bring the company in.

Mr. Forget Denies Rumor.

The rumor that the Montmorency Cotton Company would also be included in the deal was denied by Mr. Rodolphe Forget.

The Colonial Bleaching Company has been a successful enterprise and has a print mill at St. Henri which naturally comes in direct competition with the goods turned out by one of the Dominion's Magog plants.

The advantage of the merger would be in the lessening of the severe competition which has recently existed in the trade, and which has worked to the detriment of both the Merchants and Dominion. Efforts to come to some understanding in regard to prices on manufactured goods have been unavailing and the summer has been a strenuous one in various ways, the scarcity of raw cotton only helping to intensify the situation generally.

Dominion Cotton Mills.

Following is a list of the mills now controlled by the Dominion Cotton Co., together with the looms and number of hands employed:

	Employees.	Looms.	Spindles
Hochelaga	1,275	1,580	65,280
St. Anne's	475	417	20,800
Magog	525	1,234	47,288
Halifax	350	518	23,556
Moncton	275	358	15,608
Windsor	180	281	10,800
Brantford	175	282	11,372
Magog (print)...	450	...	.....

The Merchants Cotton Company has 2,500 looms, 110,000 spindles and employs from 1,800 to 2,000 hands when running full time.

SCALE FOR ENGINEERS READY FOR OFFICIALS

Committee Will Probably Meet Executive of the Canadian Pacific Road Next Monday.

The committee of the Brotherhood of Locomotive Engineers and Firemen, which is here to interview the Canadian Pacific Railway authorities in an effort to secure higher wages, continues to hold secret sessions in the Oddfellows' Hall, 251 St. James Street.

All divisions of the Canadian Pacific, from St. John, N.B., to Vancouver, are now represented in the committee, and officials of prominence in the world of railway labor organizations are also present. These are Grand Chief Hanrahan, of the Brotherhood of Locomotive Engineers, western division, and Grand Chief Stone, of the eastern section.

They meet in session with the committee three times a day, and the formulation of the demands the men will make will probably be completed today.

Mr. Ashford Kennedy, of Winnipeg, chairman of the committee, was seen this morning, but declined to say when the committee would meet the officials of the Canadian Pacific, or what their demands would be.

It is understood that when the committee does meet the company's representatives it will present a scale of wages which has been agreed upon by the whole system. These scales will vary according to the locality and the cost of living. The expectation now is that the first conference will be held next Monday, and that the sessions will not be prolonged.

Cable Service.

TARTE'S POSITION ON THE PREFERENCE

British Journal Says Mr. Chamberlain is Wrong in Claiming Mr. Tarte as Supporter.

(Canadian Associated Press.)

London, Nov. 6.—The Liverpool Daily Post, commenting upon Mr. Chamberlain's Birmingham speech, says his statements that trade with Canada has increased during the last few years, and that the Canadian Government and the Canadian Opposition are both willing to give a further preference, are thoroughly misleading. The Post gives figures in support of its claim, and says the failure of the Canadian preferential tariff will stimulate direct trade with the mother country because the general Canadian tariff is frankly protectionist, and it protects industries the least important to Canada, and taxes those the most important. Mr. Chamberlain claims Mr. Tarte as a supporter. The Post asks, When has Mr. Tarte changed the opinion he expressed in a letter to Sir Wilfrid Laurier, urging a revision of the tariff of 1897, with a view to more adequate protection?

ALLANS MAY LEAVE

Not Satisfied With Accommodation at the Liverpool Docks.

(Canadian Associated Press.)

London, Nov. 6.—Rumor says there is every likelihood of the removal from the Mersey to Manchester of a large portion of the tonnage owned by the Allan Line, in consequence of the strained relations existing between the Mersey Dock Board and the Allan Line Company. The latter claim the dock accommodation, especially for mail steamers, is insufficient, and that their cargo steamers are docked so far away as to cause loss of time and much inconvenience.

Mr. H. A. Allan said this morning that he had received no word about the rumored change of port. Some time ago he heard that the Allan Line was to be assigned a new dock in Liverpool, and this berth, while more advantageous to a certain class of freight, was also inconvenient for the handling of other kinds of cargo. The new dock might have proved more unsatisfactory than at first supposed, and thus led the English managers to change to Manchester. Mr. Allan said that were the report correct it would not in the least affect the Canadian royal mail service, as only cargo boats would be transferred to Manches[illegible]

CANADA AND UNITED STATES.

(Canadian Associated Press.)

London, Nov. 6.—A well-known professional man who has returned from a tour through Canada has been interviewed by the Pall Mall Gazette. He says it is certain that if we do not enter into closer relations with Canada she will enter into a reciprocity treaty with the United States, but that this fact will not impair her loyalty to the motherland.

OCTOBER EMIGRATION RETURNS

(Canadian Associated Press.)

London, Nov. 6.—The emigration returns for the month of October show 2,971 English, 149 Irish, 762 Scotch, 2,122 foreigners. The total emigration from United Kingdom ports during the ten months ended Oct. 31 was 45,794 English, 2,495 Irish, 10,139 Scotch and 34,644 foreigners. In October 7,411 persons went to South Africa and 1,657 to Australia and New Zealand.

GERMAN IMMIGRATION

Germans Emigrating Must Travel in German Ships, Says That Government.

London, Nov. 6.—The German Government has established an emigration station on the frontier of Saxony in order to prevent intending emigrants passing the frontier en route to ports in Holland or Belgium, with a view to compelling them to sail from German ports in German steamers. This move will, it is feared, seriously interfere with the British transatlantic steamship passenger trade, causing a loss of perhaps 50,000 passengers per annum.

CHINESE OFFICIALS WANT WAR WITH RUSSIA

But the Better Informed Realize the Utter Helplessness of Their Position at Mukden.

Pekin, Nov. 6.—Some of the hot-headed members of the council have advised the Dowager Empress to declare war on Russia because of the seizure of Mukden, and send troops to release the Tartar general, whose detention at Mukden, growing out of the decapitation of the Chinese bandit who had enlisted in the Russian service, but who fell into the hands of the Chinese after the Russians had evacuated Mukden, wounds Chinese susceptibilities, as it is considered to be not only an insult to a high official, but as insulting to the Chinese Government itself.

Better informed officials, however, realise the helplessness of China, and the madness of attempting to go to war with Russia. Their counsels have hitherto prevailed, though there is much baseless war talk in the native press and among the younger Chinese officials.

London, Nov. 6.—The Pekin correspondent of the Times says:—M. Lessar, Russian Minister to China, in response to China's remonstrance against the reoccupation of Mukden, said the reoccupation was due to China's persistent refusal to accede to the Russian demands. Japan has assured China that she will accept no compromise with Russia involving the recognition of any important Russian sovereignty in Manchuria, but at the same time she has warned China that if the Russian demands are accepted Japan will be compelled to reconsider her attitude."

EVOLUTION NOT REVOLUTION IS DISPOSITION OF THE BRITISH

Nathaniel Louis Cohen Writes to Board of Trade With Reference to Question of Policy on Inter-Imperial Trade.

"I believe the special advantage of the congress lay as much in the great opportunity afforded for the exchange of suggestive thought in our pleasant personal intercourse, as in the formal resolutions passed at Montreal."

This opinion was expressed in a letter sent to Mr. George Hadrill, secretary of the Canadian committee of arrangements, to-day by Mr. Nathaniel Louis Cohen, one of the London, Eng., delegates at the recent congress.

"Since my return here," the letter continues, "I have gathered the impression that the very general aspiration which I think prevails more or less throughout Canada for an Imperial fiscal system favoring inter-Imperial trade, is inspired much more by the belief that such an arrangement would be a great bond of Imperial union, without injury to any class anywhere, than merely by the expectation of direct or indirect commercial advantages.

Opinion at Present Time.

"I think at the present time the majority here may hold that colonial products are not yet sufficiently dominant in our markets to admit of such an arrangement as regards foodstuffs, without raising supply prices disproportionately to any possible advantage to the colonies.

"I think in the meantime there is more or less a very general desire here to favor in every other way inter-Imperial trade, and especially the trade with our Canadian fellow-subjects, who are very near to the hearts and sympathies of home country Britishers. I hope you and your fellow countrymen will remember that the British disposition on questions of policy is always rather toward evolution than revolution.

The Alaskan Controversy.

"I can assure you most of us were as sorry as can be the Canadians that the decision on that Alaska controversy went against our side, although perhaps we at a greater distance from the district concerned may have a more proportionate sense of the extent of the practical significance of the adverse decision.

"Yet already I think this occurrence has served to illustrate the characteristic practical good sense of the Canadians in making the best of the position. I am sure they will be heartily aided to this end by their fellow-subjects in the old country and by both Governments."

Mr. Cohen also says in his letter to Mr. Hadrill:

"I am sure all my colleagues, like myself, have been greatly impressed by our observation of the enormous latent material wealth and possibilities of Canada.

The Co-operative Spirit.

"Especially notable is, I think, the co-operative spirit prevailing throughout the country; I mean the solidarity of desire amongst all our Canadian fellow-subjects—whatever their origin—to do their part in strengthening the Empire and in promoting the development of their own country, whether in the direction of fostering mineral, corn, meat or manufacturing trading activities.

"I was also greatly impressed by the fair and equal treatment throughout the country of all sects and classes, and the perfect equality of opportunity for all as far as public facilities are concerned, and also with the public spirit of many voluntary associations. I was not surprised, therefore, by the very creditable personal attributes of the mass of the people of your country; their industry, their domesticity, their general sobriety and thrift, and I would add the very notable good carriage of your younger people of both sexes—betokening, I think, not only abundance of food and a fine climate, but also sensible and good physical training."

MR. BLAIR HAS NOT BEEN OFFERED CHAIRMANSHIP

He Says He Knows Nothing of the Railway Commission—Is Visiting Canals.

Toronto, Ont., Nov. 6.—(Special.)—Hon. A. G. Blair, ex-Minister of Railways is now making a tour of Canada with Collingwood Schreiber, Deputy Minister of Department of Railways and Canals. The ex-minister arrived in Toronto yesterday in the Government private car Ottawa. He and Mr. Schreiber inspected the St. Lawrence canals and left last night for the Welland Canal. On their return they will view the progress of the work on the Trent Valley canal.

Mr. Blair said he accompanying Mr. Schreiber on his tour of inspection was prompted by his desire to see the works on the St. Lawrence canals which he had begun as Minister of the Department.

His attention was directed to rumors that he would be offered the post of the chairman of th. Railway Commission. He said: "The proposition has not been submitted to me, whatever the future may have in store."

TORONTO 'VARSITY'S NEEDS.

Toronto, Nov. 6.—(Special.)—Premier Ross and Hon. Richard Harcourt had a discussion about university finances yesterday afternoon with President Loudon, Dr. John Hoskin and Principal Hutton. The estimates of the university for the coming year are in the hands of the Government, and they were carefully gone over yesterday. It is understood the university will need from $150,000 to $160,000 for its arts department, $50,000 for medicine, and $40,000 for engineering.

Through The Herald's Sieve.

York can begin saving up in order to pay the personal expenses of the grafters.

After the Deluge.

(McGill Outlook.)

If the Reservoir above us
Where the microbes sport and play,
Where they toss the tawny waters
Till they turn to golden spray,
Should in rushing course descending
Drown the Faculty of Arts,
It would drown in woe unending
Scores of fair Donaldas' hearts.

IT IS SAID that the Russian Government does not expect war with Japan until spring. It is nice to have the programme arranged for the future. No doubt in the Russian war office the date book has the time jotted down, so that Japan will not be able to take the Russians by surprise.

The Eagle Eye of a Keen Critic.

One day, while the famous Millais was engaged in painting his famous picture, "Chill October," among the reeds and rushes on the banks of the Tay, near Perth, a voice came over from the hedge:

"Man, did ye never try photography?"

"No, never," replied Millais, painting slowly.

A pause.

"It's a hantle quicker," said the voice.

"Yes, I suppose so."

Another pause.

"An' it's mair like the place."

ALL IS NOT prohibition in Westmount. The thermometers out there have taken a drop too much.

THE FORMER U.S. Postmaster-General says the U.S. doesn't want Canada. Still, when the States was offered a slice of us by Lord Alverstone there were no loud refusals.

A NEW CURE for cancer has been discovered. Is this the 24,611th or the 24,612th? We have carelessly lost count.

"WE SYMPATHIZE with The Herald Sieve man."—McGill Outlook. Thanks. What for?

MODERN FOODS.

Miss Sophronia Jennie Moddle
Studied hygienic twaddle
Till she got it in her noddle
That she couldn't live on food—
And she used to sit and ponder
On the happy Over-Yonder,
Where the hosts angelic wander,
And on such things she would brood.

No thing not by art digested
Miss Sophronia molested,
And she got herself infested
With the cereal's fad
Till her little wit created
In her skull evaporated,
And her common sense was slated
To go slumping to the bad.

She ate hay and wheat and barley,
She chewed soup-nuts small and gnarly,
With a steak she ne'er would parley,
Nor with solid stuff like that;
But she stuck with grim persistence
To her predigest existence,
And she fought with firm resistance
All temptation to get fat.

So in course of time she grew to
Be a part of what she'd chew to—
Ready Oats she ate at 2.02
And Aseptic Bran at 4;
At just 5 she'd eat her dinner
Of Dust-Corn (that was a winner!)
As she kept on growing thinner,
She aseptic'zed the more!

Well, this tale must have an ending,
And it is no use pretending
That the end we are intending
Is a triumph, for it ain't;
Miss Sophronia Jennie Moddle,
With her hygienic twaddle,
Through eternity will toddle
As a Predigested Saint.

A man thinks he is practising economy when he denies himself something he can't raise the money to buy.

THE HON. JOE CHAMBERLAIN says he needs £300,000, and there are about 300,000,000 in the world who entertain similar sentiments in regard to themselves.

THE DIFFERENCE between Panama hats and Panama revolutions is that the latter never go out of style.

THE JAPS HAVE a leading general by the name of Haghiwara. There's a good fighting sound about it.

ALTHOUGH the Hon. Jim Cochrane is keeping up a Gatling gun series of statements that he is still in the fight, it is a mistake to think that he is neglecting the formality of occasionally stopping for meals.

BEING A SUCCESSFUL builder, the Libs. are asking Mr. Peter Lyall to build a good healthy Liberal majority in St. Antoine division.

THERE IS a big boom for Grover Cleveland on in the States, and he may be the man to unhorse the celebrated Rough Rider, the Hon. T. Roosevelt.

NORTHERN TO OPEN LINE IN DECEMBER

Trains, Officials Say, Will be Running Into Montreal in Less Than Thirty Days.

"Unless something unforeseen happens the Canadian Northern Railway will be running into Montreal over the rails of the Chateauguay & Northern in less than a month."

This statement was made this morning at the office of the Chateauguay & Northern road, and it was followed with the information that the station house being erected at St. Catherine and Moreau streets is well under way and will be ready for occupancy shortly.

With the opening of its line between Montreal and Quebec the Canadian Northern will enter into competition with the C.P.R. Already it is handling a considerable quantity of Western grain and up to date has marketed 4,750,000 bushels, of which 4,000,000 bushels have been delivered at Port Arthur.

The Northern is well equipped to handle the grain trade, as it has added to its rolling stock 29 locomotives, 1,050 box cars and 150 flat cars. Consequently scarcity of cars is not feared. It is also adding largely to its elevator capacity, and at Port Arthur, Ont., is about completing an elevator with a capacity of 3,500,000 bushels. The elevator is similar to the new one being constructed here. It consists of 160 cylindrical grain bins, each twenty-one feet in diameter and eighty-five feet deep.

Fourteen of the engines ordered in Scotland by the Canadian Pacific Railway have arrived and those not already up are being assembled at the C.P.R. shops at Rosemount. Two of the German locomotives arrived by the Hamburg-American liner Frisia and have also been taken to Rosemount. Three others are on the way to Montreal. As soon as they are set up and tested, the engines are distributed along the C.P.R. system to the localities where they will be most needed.

Mr. Charles Drinkwater, secretary of the Canadian Pacific Railway, will go to Ottawa next Monday to attend a meeting of the railway committee of the Government. Mr. Wainwright, of the Grand Trunk, will also attend.

The monthly meeting of the directors of the Canadian Pacific Railway will be held next Monday afternoon at the offices. This month's meeting promises to be a brief one, as there is nothing but routine business to come up.

Mr. Joseph Quinlan, district passenger agent of the Grand Trunk Railway, left last evening for New Orleans to attend the annual convention of the Travelling Passenger Association.

Mr. R. E. Follette, fish and game commissioner of the Munising Railway of Munising, Mich., is in the city and called at the Grand Trunk general offices this morning.

GROCERS' ASSOCIATION TO INQUIRE INTO ACCOUNTS

Reports Submitted at Meeting in Monument National Show They Are in Bad Shape.

At a meeting of the Grocers' Association last night at the Monument National a report of the auditors showed that the accounts were in bad shape, and it was decided that a detailed report should be given at the next meeting.

A number of petitions were filed protesting against the street vendors. These petitions will be sent to the City Council. A motion was passed authorizing the secretary to solicit the Butchers' Association also to take measures against these hawkers.

A motion was brought up to have the groceries closed at 7 o'clock one evening a week, but the remarks of a number of the members showed that this was impossible at the present time. However delegates were appointed to visit the grocers to obtain their consent to this early closing, and Mr. Chartrand, president of the association, signified his intention of inaugurating the early system by closing his store at 7 o'clock next Wednesday.

It was unanimously decided to give every support to Ald. Laporte for the mayoralty. Many favorable remarks were made in favor of his election.

The meetings of the association will in future be held on the first Wednesday of every month instead of on the first Thursday.

VATICAN RELICS UNTOUCHED.

Rome, Nov. 6.—The Osser Vatire Romano, publishes an official communication concerning the fire which broke out in the Vatican Sunday evening last. "We are authorized in the most explicit and most absolute manner to say that no object of artistic or historic value was lost or injured in the fire."

The Transfer Books will be closed from the 1st to the 14th proximo, both days inclusive.

By order of the Board.

D. M. STEWART, General Manager.

Montreal, 15th October, 1903.

OBITUARY.

Joshua Doty died in London, Ont., on Nov. 2, aged 73.

Mrs. Maria Hensman, of Essex, died on Saturday last, aged 74.

Charles King, a well-known citizen of St. John, N.B., died on Sunday.

N. J. Halpin, a prominent druggist of Brandon, Man., died yesterday.

John Hall, of Windsor, aged 90, was found dead in his bed last Monday morning.

Mr. Charles S. Lane, the well-known Halifax ex-alderman, is dead, at the early age of 42.

Mr. W. J. Rutledge, vinegar manufacturer, of St. John, N.S., died on Saturday, aged 66.

Mr. C. B. Stevens, of the G. T. R. ticket office, Sherbrooke, died on Sunday at Coaticooke.

Leda Venner, daughter of Pierre Venner, Quebec, died suddenly on Wednesday morning, aged 53.

Mrs. D. M. Johnson, mother-in-law of Rev. David Long, died in St. John on Saturday, aged 87.

Mrs. John F. Halpenny, daughter of the late Thomas Curtis, died at Carleton Place on Sunday.

Mrs. Tarris, aged 79, died at the home of her laughter, Mrs. F. Ewen, Caledonia, N.B., last week.

Mrs. Ralph Bernard died at the home of her son Colonel E. S. Bernard, at Richmond, P.Q., aged 80.

Mrs. Garland wife of Mr. N. L. Garland, of Toronto, died suddenly on Wednesday night, aged 55.

George McLeod, formerly of Spotswood, is dead at San Francisco. He was born in Kingston, Ont.

Mr. Peter Mills, of Du robin, near Smith's Falls, has died, leaving ten children, the eldest being only 21.

Mr. Edward Veitch, an old hotel proprietor, of Lindsay, died in the Home for Incurables at Toronto, aged 81.

Mrs. James Imrie, of South Norwich, near Tilsonburg, a daughter of James Clinton, died there last week, aged 78.

Mrs. Nelson Reynolds, granddaughter of the Rev. T. R. Hull, of Port Hope, died there suddenly on Monday.

John Rhodes, for 35 years a grocer in Brockville, died Wednesday, aged 73 years. Mr. Rhodes was a Yorkshire man.

Mr. Allan S. Bennett, who has travelled 21 years for the Massey-Harris Co., died suddenly in Toronto on Wednesday.

Mrs. Gustavus Wood, of Emily township, died in the St. Nicholas Hospital at Peterborough on Saturday last, aged 90.

Mrs. J. B. Bowser died in Sackville, N.B., last week. She was the daughter of the late Valentine Cole, and was 64 years of age.

Alexander Campbell, of Studholm, Kings, N.B., a well-known farmer, died last Friday. His widow is a daughter of Daniel Somerville.

J. R. Howell, Brantford, implement agent for North Company, of Ingersoll, dropped dead in his yard, the cause of death being apoplexy. He was 55 years of age.

James Allen, M.C.R., conductor of St. Thomas, received injuries in the Windsor yards which resulted in his death. Mr. Allen was 45 years of age, and leaves a widow and two children.

Mr. E. G. Scovil died in St. John, on Nov. 2. His father founded the Coldbrook Rolling Mills. His wife, a daughter of the late Col. S. K. Foster, survives him, also one son and four daughters.

Miss Catherine Sproule, of Danville, died at the residence of her niece, Mrs. Armstrong, in Saco, Me., aged 88. The interment took place at Danville, from the residence of Mrs. Shewen, her only surviving sister.

Mrs. Fannie Crosby, of Yarmouth, N.S., went to New York to visit a married son. While out shopping, before her son had seen her, she and her daughter-in-law were knocked down and killed by a runaway butchers' cart.

Miss McAllister, of Winnipeg, daughter of Mr. A. McAllister, city sanitary inspector, died suddenly during Tuesday night. The first intimation her relations had of her death was her failure to come down stairs for breakfast.

Mrs. Charlotte Lowes, daughter of the late Ezra Ames, of Whitby, Ont., died in the Grace Hospital, Toronto, on Wednesday. She is survived by two sons, Rev. G. A. Lowes, of Kingston, and Charles J. W. Lowes, of Toronto, and one unmarried daughter.

Charles Le Gus, a well-known Peterborough resident, was found dead in bed on Saturday. He was born in Beaupre, P.Q., but had resided in Peterborough for 25 years. He was married a second time to Miss Parent, of Beaupre, Que., who was a cousin of Hon. S. N. Parent, the present Premier of the Province of Quebec.

The death occurred on Tuesday of Mrs. Ryan, wife of the late P. W. Ryan. She was 68 years of age and had resided in Sherbrooke for twenty-five years. She is survived by one son, Mr. John Ryan, of St. Paul, and two daughters, Mrs. Watts, of New York, and Miss Ryan, of Compton.

Mr. Lyman Knowlton, whose death occurred last week, was the only son of the late Mr. Miles E. Knowlton, and a grandson of the late Mr. Levi Knowlton, the pioneer of the Knowlton Landing Settlement. He was 70 years old, and is survived by his wife and one son, Mr. Lyman P. Knowlton. He was a municipal councillor of the Township of Potton, and was connected with the Brome County Agricultural Society, of which he has been president.

LAZY LIVERS AND SLUGGISH KIDNEYS.

When these organs fail to perform their proper functions, the blood becomes poisoned and suffering and disease commence. This can be avoided by keeping your vitality at high-water mark, the blood rich and pure by taking one Ferrozone Tablet after each meal.

Ferrozone has a mild but rapid action on the liver and kidneys, and is certainly the greatest producer of red vitalizing blood known to science. Morning tiredness, Langour, Dizziness, Pain in the Back and Sick Headache disappear at once when Ferrozone is used. Get it to-day. Price 50c at Druggists, or N. C. Polson & Co., Kingston, Ont.

Dr Hamilton's Pills Cure Billousness.

PERTH AND DISTRICT

Perth, Ont., Nov. 6.—(Special.)—John H. Bennett, of the eighth concession of Bathurst, was drowned in Bennett's Lake Tuesday. He was crossing the lake in a monitor and in some unknown way the craft capsized. The man commenced to swim to shore, but became exhausted and sank before assistance arrived. The body was recovered. Deceased was forty years of age and unmarried.

A young man named John Thompson, aged twenty-one years, hanged himself in the barn of Mr. J. M. McGregor, at Balderson's Corners, where he had been employed. He had partly eaten his dinner, and, rising from his place at the table, proceeded to the barn and committed the rash deed by dropping off a box with a rope around his neck. When found life was extinct.

The Lanark county fall assizes were concluded this morning. His Honor Judge Teetzel presided and was presented with the customary white gloves, owing to the absence of any criminal cases. The docket was a small one and the cases disposed of were as follows:—Morris vs. Thurlow, an action for $2,000 damages for seduction. No defense was made and the jury awarded the plaintiff $500.

The Drummond School section difficulty, in which Mr. James Doyle; as plaintiff, sought to set aside the arbitrator's award purporting to form S. S. No. 5 in that township, resulted in His Honor setting aside the award, owing to severel irregularities.

Coldwell vs. Buchanan, an action by W. C. Coldwell, M.P.P., of Lanark, against Rev. D. M. Buchanan, of Lanark, for damages for alleged libel, was postponed until the next assizes

The town treasurer, Mr. John Code, has received an increase in salary from $75 to $150.

A Drummond Township man, who is said to be worth $20,000, was taken to the Kingston Asylum yesterday by Chief Sharpe. His mind had become unbalanced.

Norman Elliott, Perth's well-known athlete, has gone to St. Luke's Hospital, Ottawa, to undergo an operation on his left eye, which was injured in a lacrosse match last summer.

A new convent is to be erected next spring at the rear of St. John's Church.

Messrs. Dolan & Sons, of Belleville, have finished their contract for granolithic walks.

Colonel Hodgins, D.O.C., of Ottawa, was in town this week on a tour of inspection. He desires to organize a cadet corps in connection with Perth Collegiate Institute. It is expected that he will recommend to the Government that a grant be given to the Perth Rifle Association to better their ranges.

QUANTITY AND QUALITY.

SWISS FOOD is put up in three pound packages only—three pounds of the finest breakfast cereal made, in every package. All grocers.—adv.

SHERBROOKE HAPPENINGS

Sherbrooke, Nov. 6.—(Special.)—Saturday afternoon Charles Dunsmore, sixteen years of age, was hunting partridges, and in jumping a fence he pulled his gun after him. The trigger caught in the wire and the gun was discharged. The full charge went through the palm of the hand. He was taken to the Protestant Hospital, and the doctors are trying to save the hand.

A boy named W. S. Jewers, eleven years of age, came to a tragic death at Ulverton yesterday. He went to the school to get a book and attempted to get in by the window. The heavy window dropped on his neck and he was unable to extricate himself. When found life was extinct.

A petition has been presented to the City Council protesting against the action of that body in awarding a contract for a dam at Westbury without first submitting the matter to the ratepayers. The petitioners also state that the expenditure of a large sum of money for an electric light plant, as at present proposed, is illegal.

The customs duty collected at this port for October amounted to $18,059.70, an increase of $380.35 over the same month last year. The increase in the duty collected for the first four months of the fiscal year amounts to $14,637.38.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

CORNWALL AND VICINITY

Cornwall, Nov. 6.—(Special.)—Glengarry Scots will honor their patron saint by holding a banquet on St. Andrew's night, Nov. 30, at the Grand Union Hotel, Alexandria. The tickets have been issued and are now on sale. An excellent toast list is being prepared and in every respect no pains are being spared to make St. Andrew's night this year in Glengarry an eventful one

The staunch little steamer Ivy will be one of the most up-to-date boats on the river next summer. Her hull was rebuilt in the Cornwall dry dock and she is being finished at Stanley Island. The upper part will be enclosed with glass and her fittings will be very elaborate. The Ivy is a splendid sea boat and has made her regular trips in weather which prevented many larger steamers from leaving port.

The members of Monroe L.O.L., No. 880, will entertain a large number of gentlemen friends in their hall, Liddell's block, to-night, when they will celebrate the anniversary of the discovery of the Gunpowder Plot. Yesterday was the anniversary, but this evening being a closing night was deemed more suitable.

Joseph Wilson, a respected resident of Cornwall, died on Monday night at his home, North Pitt Street, aged 50 years. He was a son of the late Hugh Wilson, and was a native of Cornwall. The funeral took place on Wednesday afternoon to Woodlawn Cemetery and was largely attended. Court Stormont, No. 3, I.O.F., of which the deceased was a member, sent a large funeral escort in full regalia. The funeral service was conducted by Rev. Dr. Ryckman.

ELECTION TRIALS.

Toronto, Nov. 6.—The dates for the Dominion election trials in North Grey and North Ontario have been set. Both petitions will be heard on Saturday, Nov. 14.

LADIES' BAZAAR FOR THE INFANTS' HOME OPENED IN WINDSOR HALL

Brightly Decorated Booths, Filled With Novelties, in Charge of Fair Women, Are Visited by Patrons in Throngs.

The bazaar in aid of the infants' home was opened in Windsor Hall this afternoon with a large attendance and good patronage at all the booths. For weeks the ladies interested in the bazaar, have worked unceasingly to make it successful. The last few days have been particularly strenuous and the result of all this work is seen at once on entering the hall, which has been converted into a veritable fairly land. Brightly decorated booths of various design and all laden with delicious novelties that will loosen the purse strings of patrons have been erected on both sides of the hall as well as down the centre. The big platform has been nicely decorated and music will be rendered each evening. The fair will close to-morrow evening.

The art table is an attractive one. No pains have been spared in fitting it up. The designers of the booth have taken their model from that centre of art—Venice—and the attractions include native mosaic workers with wares for sale; glass blowers at work; an old Venetian coffee room; a stand of flowers curiously and cunningly wrought from salt; fac similes of an old Aldine printing press and pictures of all descriptions.

Costumery is a Feature.

Not the least attractive feature of the booth is the picturesque costumes of the attendants. They are garbed after the style made famous in the paintings by the old Venetian masters, and the whole effect is strikingly beautiful. The booth is in charge of Mrs. R. C. Smith and assisted by Mesdames A. Ramsay, G. Brown, J. H. Chapman, F. Fowler, Neil Gunn, A. Wood, T. Lucas, Hibbert, S. W. Ewing, W. Markland Molson, J. Colin Forbes, F. O. Lewis, H. E. Smith, and the Misses MacLeod, Costigan, Notman, Ramsay, Hagar, Tooke, Agnew, Olive Bayne, Hanson and the Misses Ellis.

A breath of the olden time, delicious and penetrating, comes from "Ye Olde Stocke Market," constructed in the form of a brick house with thatched roof. Here all kinds of stocks and neckwear, perfume, handkerchiefs and soap are sold by attendants attired in old English peasant costume. Mrs. A. Scott Robertson is in charge, and her assistants are Mrs. John McGill, Misses Winifred Hagar, Bertha Smyth, Winifred Robb, Maud Davidson, Grizel Ritchie and Ethel Darling.

Canada's grains and fruits are the important distinctive decorations that make the harvest booth one of the most conspicuous in the hall. Autumn leaves have been freely used in the decoration, and their beautiful tints of ruddy gold, carmine and purple blend with the tints of the garnered grain.

Recalls Days at Homestead.

The table on which the wares are displayed is supported by four Gothic columns decorated with grains and leaves. The viands sold here include pumpkin pies of the kind mother used to make; apples and fruits, popcorn and soft drinks. For those interested in the culinary art a recipe book will be on sale. The booth has been prepared by the ladies of the Unitarian Church, and is in charge of Mesdames Lewis Skaife, Buck, Chaffee, Slaughter, Murray, Williams, Anson, McKim, and the Misses Lillian Evans, Robertson, Dougal, Hersey, Loud and I. Shearer.

The children have a table all their own, known as the "variety table." Among its novelties can be found almost everything calculated to appeal to the heart of a child. A unique feature, not usually found in booths at charity bazaars, is that no article for sale there costs more than $1. The booth is handsomely decorated with flags and patriotic designs, the national colors, red, white and blue, being visible on all sides. The young ladies presiding are prettily gowned in white, with red paper hats. Miss Macdonald is in charge of the booth, and her assistants are Misses Isabelle Starke, Isabelle Rogers, Gladys Wilson, Mabel Whitley, Jean Ross, Catherine Black.

Erskine Church Booth.

The Erskine Church booth makes a specialty of paper wares for decorative purposes and home-made candies. Paper is very largely used in the decoration of the booth, which is one of the prettiest in the hall. Mrs. A. M. Ewing, Mrs. Scott, Mrs. H. G. McLaren and Mrs. R. Cunningham are in charge, assisted by Misses Becket, Stewart, Ross, L. Gordon, Dunlop, E. Davis, Young, Herron, McCallum, Wylie, Henderson, Smaill, Marson, Brewster, Jean Paton, Brown and Lockerby.

The season's blooms in profusion are displayed at the flower booth, situated just opposite the main entrance. It is decorated in white and green, while the attendants are costumed in those colors. Mrs. Macfarlane is in charge, and associated with her are Mrs. Chas. A. Peters, Mrs. A. W. Haldiman, Mrs. R. F. Logan, Miss L. Walker, Mrs. Gurd, Mrs. Donald McLennan, Misses Winifred Grier, Ida McFarlane, May Robertson, Edith Rawlings, E. White, Ethel King and Hilda King.

The future is revealed in all its delightful possibilities by a sloe-eyed gypsy at a most realistic camp. The identity of the seeress is unknown, however, as during the bazaar she veils her face with an impenetrable mask of sombre hue, and is garbed in black. The camp contains palmists, card readers and astrologers, but in order to obtain the best results it is necessary to cross their palms with a liberal contribution of silver. With the exception of the sybil or chief sorceress, the gypsy band are dressed in typical Bohemian costume. The camp is in charge of Mrs. R. I. McLaren, Mrs. F. MacCulloch, Miss Hemsley, Mrs. S. Lichtenstein and Miss Gardner, assisted by Misses Edna Haldimand, Irene Haldimand, L. Anderson and Gladys McLaren.

Table for the Refreshments.

Dainty is the appearance of the refreshment table, where toothsome delicacies are exposed for sale. The ladies in charge wear white costumes, yellow ribbons and Alsatian bows as head-dress. The table is presided over by Mrs. J. A. Harte, Mrs. Hugh Boyd, Mrs. R. Robinson, Mrs. John Hersey, Mrs. H. Wilson, Mrs. Tisdale and Mrs. Beale. They are assisted by Mrs. L. Rogers, Mrs. Chas. Iles, Misses Boyd, K. Boyd, Brown, Robertson, Ethel Robertson, Crompton, Findley, Seabrooke, Mabel Cowen, Enid Harte, Lillian Leonard, Barlow, Stewart and Agnes Stewart.

The fancy work table is presided over by the ladies of St. Andrew's Presbyterian Church, Westmount. It is prettily decorated in red and white, and the ladies wear white gowns with dark red aprons. Those in charge are Misses Maude Baillie, Hyman, Nowells, Leila Brodie, Mrs. Geo. Wood, Mrs. Hugh Brodie, Mrs. Gordon Fletcher, Mrs. T. C. Small, Mrs. Geo. Cornell, Mrs. Bullock, Misses B. Baillie, M. Baillie, E. Baillie, May McLeod, Eva McArthur, E. Currie, E. Minto, H. Brodie, G. Cornell, P. Small, G. Fletcher, G. Wood, Fox, Mabel Robertson, M. Greig, J. Roy, G. Cayford and Sheppard.

Fair Women as Japanese.

An elaborately constructed Japanese house holds those articles of use to the woman—aprons. And there is no end to them. From the common all covering article of the kitchen to the dainty lace-edged square—all kinds are represented. The ladies are clad in Japanese costumes. The approach to the booth has been converted into a pretty Japanese garden in miniature, and here Japanese curios are for sale. The ladies in the apron booth are Mesdames Wallace, Stroud, Convener, Liddell, Lacey, Hague, Harrower, Lesperance, Sare, Hibbard, Pyke, Bowie, Farrar, Johnson, Brooke, McGibbon, Durnford, Judge, Thornton and Bird and Misses Lecembre, Brice, Hannaford, Smith and Purdy. The young ladies wearing Japanese costumes are Misses Fetherstonhaugh, Gordon, Balfour, Chillas, Ross, Fenwick, Edgar, Holland, Shearer, Lacey and Stevenson.

Hot cakes fresh from the griddle, served with maple syrup, form one of the attractions of the housekeepers' booth, and judging from the patronage the booth is receiving this afternoon, it is a very potent one, although griddle cakes are not the only delicacies sold. The booth is decorated in green and white, and the ladies are gowned in white and wear white Alsatian bows in their hair. The table is in charge of the ladies of Douglas Methodist Church. Mrs. F. H. Waycott presided, and those assisting are Mesdames W. B. Mathews, W. H. Nolan, C. W. Spencer, Barclay Stevens and Misses Mathews, Spencer, Nolan, Hampson and Stephens.

Daughters of the Empire.

Red, white and blue, the colors of the Daughters of the Empire, are the prevailing tints at the cushion and bag table. At this table ladies clothed in white, and wearing blue sashes with red hats and long streamers, display bags and cushions of every variety, from the common laundry bag to the handsome work bag, and from the dainty sofa cushion to the useful pin cushion. The ladies are Mesdames G. D. Mackay, James Cochrane, P. McKenzie, W. Northey, J. H. Pettie, D. McNicoll, J. C. McCormick, M. Rubenstein, V. E. Traversey, Thomson, and Misses Percival, Rose, Frost, Boxer, Beaman, Mackay, Ross, Stewart, Rodden, Thurston and McNicoll.

The children's Mecca is the Westmount Sunshine Society's doll and toy table, which a'so includes the time-honored fish pond. White and yellow are the prevailing colors here, and the ladies in charge are Mrs. J. Bowie, Mrs. J. A. Hutchison and Mrs. Sheppard Raddon, assisted by Mesdames Stuart, Allan, Holland, Brett, Marson, Long, and Misses Golding, Brown, Meldrum, Parkins, Hodges, Ami Hodges, Florence Nealson, Hazel Darling, Irene McLaurin, Helen Mumford, Muriel Shaw, Shewen, Graham, May Wadsworth, Miss Hutchison, Mrs. Gilman, Mrs. Woodley, Misses B. Reay, H. Marson, Callaghan and Muriel Millen.

Contests for Pretty Cushions.

If, after making the rounds of all these attractive tables, the patron has any money left which the ladies have inadvertently overlooked, he will probably be relieved of it by the ticket sellers in the voting contests. There are three of these—for the most popular doctor, journalist and trained nurse. In each class the prize is a magnificent sofa cushion, and the ladies in charge are Mesdames N. F. Power, Hedley Suckling and W. S. Marson, and Misses Hilda Pelton, Madge Savage, Bessie Binmore, Alice Bishop, Hazel Marson and Florence Morton.

POINTS TO YOU.

How Coffee Gets Its Grip and Is Never Suspected.

It is surprising how many people never suspect that coffee is causing all their trouble until they are finally knocked out or some disease caused by coffee has become chronic and almost incurable.

Even in chronic cases the chances are a shift from coffee to Postum Food Coffee will build the sick one up and in time effect cure.

Sometimes this happens with surprising promptness. A lady of Syracuse, Neb., says: "Last spring a year ago my doctor told me I would have to stop drinking coffee. I had heart trouble so bad that the least excitement would cause me to choke up so I could scarcely get my breath and I was so nervous I could not bear to have the children move around the house.

"Doctor told my husband to get Postum for me, but before he did so we moved to the country and I fell back on milk and water, but even such exertion as climbing a flight of stairs caused my heart to hurt me, so I would feel sick and faint.

"This continued all summer until in the fall we again moved to Syracuse. There I got some Postum and began to feel so much better after using one package that I continued its use altogether and I am now better in health than I have ever been before in eight years. I am stronger and fleshier than I ever was and have not had the headache but three times since I began to use Postum a year ago. The change certainly seems wonderful for I have had no return of the heart trouble at all and I never get tired telling what Postum has done for me." Name given by Postum Co., Battle Creek, Mich.

Look in each package for a copy of the famous little book, "The Road to Wellville."

NEWS NOTES.

The grand telegraphers at Toronto are asking for more pay.

Allan S. Bennett, agricultural implements' traveller, dropped dead in Toronto.

Burglars made a haul Wednesday in Jollette at the Grand Northern Hotel and Victoria Hotel.

Miss Charlebois' pupils at Valleyfield have gone on strike because they were given another teacher.

Frank Pedley, who is in Detroit, says that 10,000 immigrants from the United States entered Canada this year.

Two Kingstonians, William Harty and Fred. McPartland, were in the Pardue train wreck, but were uninjured.

The Armenians in London are afraid that the Alfarists will not rest till all the leaders of the reform party are killed.

The estate of Sir Michael Herbert, late British ambassador to the United States, was sworn by his widow, at $39,620.

A small boy, named Stoddart, while on his way to school, was run over and instantly killed in the C.P.R. yards, Winnipeg.

The German agent before the Venezuelan tribunal at The Hague opposes Britain's contention of preference for blockading nations.

Mrs. Moote, of Plockville, N.Y., has issued a writ for $1,000 for board, lodging and attendance upon the old pedlar, Todd, the miser.

A complaint has been filed at Wash-
Extreme destitution is reported from many parts of Labrador owing to the shortage of the fishery catch.

Robert Atkins, aged 27, a marine, at Halifax, from the British gunboat Goldfinch, wanted for theft and desertion, shot himself dead yesterday.

After being lashed to the stump of a mast for 48 hours, and being deprived of fresh water for three days, Captain Gabrielsen and nine of the crew of the waterlogged schooner John W. Linnel have reached New York aboard the Italian ship Gabrielle D'A.l.

The Ontario Government has decided to send Mr. H. E. Kyle, of Oakville, to England again to bring out farm laborers to this province in the spring.

Pierre Laflamme was accidentally killed while engaged in assisting to load a ship for the Grand Valley Lumber Company at Magdalene River, Gaspe.

The Attorney-General has instituted an action against Alex. Fraser and others to prove that the fishing rights on the Mosie River belong to the Government.

Twenty-five horses have died on Wolf Island, off Kingston, of a peculiar disease, which is almost epidemic on the island, and is also affecting the horses of Pittsburg.

Mr. A. Bruce MacDonald, president of the Canadian Club of Toronto, denies there was any thought of leaving the Union Jack out of the Aylesworth banquet decorations.

Fire broke out yesterday in the stable of the Campbell House, Arnprior, which were destroyed, as well as the stables adjoining, owned by Mayor Harvey. Three horses were burned to death.

Rev. Mr. Moore reports that the best way open to the Lord's Day Alliance was to ask for the enactment by the Ontario Legislature of such portion of the Lord's Day Act as seemed closely to fall within civil rights.

A politician says that Premier Haultain is likely to refuse the Dominion loan of $25,000, and allow the Territories to struggle without it. This gentleman says that five per cent. interest is regarded as unreasonable.

The report of U. S. Commissioner of Education for the last fiscal year places the total number of pupils enrolled in the common schools during the year at 15,925,887, or over 20 per cent. of the entire population.

Charles Gallagher was found in the Canada Foundry yards, Toronto, with a piece of iron pipe under his coat and his pockets filled with stones. He was arrested and committed for trial on a charge of attempting to commit an indictable offence.

In Toronto on Wednesday 13 foreigners were naturalized, including six Chinamen, a Syrian, three Greeks, an Italian, a Roumanian and a Spaniard. The list includes the first Chinese physician ever naturalized in Toronto, probably in Canada.

WAS IN A CRITICAL CONDITION.

System was Run Down.

FELT DROWSY AND MISERABLE.

Burdock Blood Bitters

BUILT UP THE SYSTEM AND ADDED TEN POUNDS IN WEIGHT.

Mr. Ed. J. Harris, Newbridge, Ont., was in poor health, but has now been restored to full health and vigor. Here is what he writes us: "Last spring I was in a very critical condition, my system was all run down. I felt drowsy and miserable, and thought I would surely die if I did not get something to build me up. After reading one of your almanacs I decided to try Burdock Blood Bitters, and before I had taken two bottles I had gained ten pounds in weight, and am now in perfect health, and I can certainly recommend Burdock Blood Bitters to build up the system."

BURDOCK BLOOD BITTERS

Is the best Spring medicine on the market to-day. You may need one this Spring, if so, get B.B.B.

INTERESTING READING.

There are several Bargain Events announced in The S. Carsley Co., Limited, ad. for To-morrow. It will well repay every reader of this paper to peruse the "interesting column of reading matter" daily supplied by this enterprising firm. The regular values are, it is claimed, impossible of betterment, and the variety shown in all lines are unrivalled. One of the recent features is to indicate the location of each advertised item, so that the public will experience no difficulty in finding what they seek.—adv.

NOT HOLIDAY FOR COURTS.

Monday will not be generally observed as a holiday in the Court House. There has been a difference of opinion as to whether King's Birthday was a legal holiday. A judge, when appealed to, hunted up the Order-in-Council, which reads: "The birthday of the reigning sovereign shall be kept, or any day set apart by proclamation for the observance of the sovereign's birthday." The courts which are sitting will continue Monday as usual.

Lame Back for Four Months.

Was Unable to Turn in Bed Without Help.

Plasters and Liniments No Good.

This was the experience of Mr. Benjamin Stewart, Zionville, N.B.

TWO-THIRDS OF A BOX OF

Doan's Kidney Pills

CURED HIM.

He tells of his experience in the following words: "For four months I was troubled with a lame back and all this time was unable to turn in bed without help. I tried plasters and liniments of all kinds but with no effect. At last I was induced to try Doan's Kidney Pills, and by the time I had used two-thirds of a box my back was as well and as strong as ever and has kept so ever since."

Backache, Frequent Thirst, Scanty, Cloudy, Thick or Highly Colored Urine, Puffing under the Eyes, Swelling of the Feet and Ankles, are all symptoms of kidney trouble that Doan's Kidney Pills will cure.

Price 50 cts. per box or 3 for $1.25, all dealers, or

BRIGHT PAPERS READ BEFORE THE ENGINEERS

Mr. McLea Walbank Points Out the General Usefulness of the General Section.

At the inaugural meeting of the year of the general section of the Canadian Society of Civil Engineers last night in the rooms of the society, Mr. G. A. Mountain, president of the section presided, and Mr. McLea Walbank delivered the opening address.

The general section of the society, Mr. Walbank said, was, perhaps, the most important of all the departments. It dealt with all such matters as water powers, water works, drainage, railways, disposal of sewage, harbors, docks, tunnels, bridges, canals, roads, river improvements, construction of steel skyscrapers, and grain elevators. The other sections of engineering were practically specialties.

Special mention was then made of papers to be read at the meeting and the programme for the next meeting.

A paper on sewage disposal was prepared by Mr. E. Mohun, M. Can. Soc. C. E., and was read by Mr. J. W Heckman

The paper on elevators was prepared by R. M. Pratt, M. Can. Soc. C. E., and read by Mr. W. J. Sproule

The meeting was largely attended

LIGHTING OF CHANNEL SATISFACTORY TO PARTY

Better System, Official Says, Could Not Be Installed Between Montreal and Sorel.

"It is difficult to see how any better system of lighthouses and gas buoys could be installed in the channel between the city and Sorel than has just been installed," was the opinion expressed on 'Change to-day by an official of the Board of Trade who attended the trip organized by Hon. Raymond Prefontaine, Minister of Marine and Fisheries. The return trip from Sorel was made late last night, and those who accompanied the Minister of Marine and Fisheries included Hon. Robert Mackay, chairman of the Harbor Board; W. I. Gear, Andrew A. Allan, Robert Reford, Robert Bickerdike, A. J. Hodgson, president of the Board of Trade; A. Patterson, chief engineer of the Department of Marine and Fisheries; John Kennedy, James McShane, E. Goudreau.

MARKS DIFFERENCE IN GRADE.

Corn Exchange Receives Messages on Grain From Winnipeg.

Messages received on the Corn Exchange this afternoon from Winnipeg state that a marked difference has been found in the grade of wheat sent forward for shipment as compared with last year.

While last year the wheat inspected up to the beginning of November showed that 50 per cenet. was grade No. 1 hard, this year only a little more than 1 per cent. has been placed in this grade.

The messages add that while last year only 13 cars inspected at Winnipeg were marked "no grade," up to the present date this year 666 cars have failed to come up to the requirements of grading.

OPPOSITION FOR ALD. AMES.

Mr. Duff May Be Candidate in St. Antoine Ward.

It is probable that Mr. J. M. M. Duff, real estate agent, will be a candidate for the City Council in St. Antoine Ward, in opposition to Ald. Ames. He has been waited upon by a number of the electors of the ward to offer himself as a candidate.

Requisitions have been presented to ex-Ald. Thos. Kinsella to come out for St. Antoine south, and also to Mr. H. Gervais to oppose Ald. Lavallee in St. James north.

WORK OF PRISON GATE FOLK.

Major Archibald, of the Salvation Army prison gate department, has issued his report for the year ending Sept. 30, showing the usefulness of the work. The report gives the following statistics: Men met and advised on day of discharge from prison, 828; men who received help from us on the day of their discharge from prison, 631; men who professed conversion in prisons, 180; visits made to the prisons, 738; men dealt with personally in their cells, 1,278; men restored to their homes and families, 42; meetings conducted in prison, 120; meetings held in the interest of the prison work, 38; army publications, including War Crys, All the Worlds and Deliverers, given away to men in prison, 4,800.

Through the free labor bureau situations were found for 514 men on discharge from prison. Permanent employment was secured for 397 men and temporary work was given to 930 men. Through the aid of the bureau, 200 strong, healthy immigrants were brought from the old country.

CONSTABLE HIT IN FIGHT.

Constable Savard, of No. 4 Station, has a very bad discoloration about his right eye. He was doing plain clothes duty on Lagauchetiere Street last night when a row occurred in a restaurant in that street and2 he investigated. Charles Dauvril had been the cause of the trouble, and before the constable knew where he was at he had been hit a couple of times. Dauvril did not escape, and is now held for trial at the Recorders' Court.

MOUNT ST. LOUIS CADETS.

If the weather is favorable the Mount St. Louis Cadets will have their first parade, also their first quarterly contest for the Wilson-Smith cup tomorrow, Saturday afternoon. The Cadets will be under the command of the following officers: Lt.-Col. A. St. Pierre, Major Latourelle, Major Kieffer, Capt.-Adj. H. Porlier, Captains A. Cousineau, G. Cardell, E. Latourelle, D. Jackson, E. Vinet and W. Coffin, Sergt.-Major G. Brault.

DROPS DEAD IN STREET.

Emery Boucher, a foreman in the Harbor Commissioners' department, was taken suddenly ill in front of 2094 Notre Dame Street yesterday afternoon. Constables Diamond and Gummersil were soon on hand and the Notre Dame ambulance was called, but the man was dead before its arrival. The case was disposed of by the coroner without calling a jury.

CAR MEN TO FIGHT CASES.

The cases entered in the Circuit Court by Mr. J. C. Bumbray, against street railway employes for the payment of his legal account may not come up for hearing for several months.

Several of the defendants have engaged counsel to contest the claim in spite of the fact that a test case last week went in favor of Mr. Bumbray.

BILLS OF LADINGS AS GOOD SECURITY

Bankers' Association of Canada Takes Action When Rates Reduction is Refused.

The refusal of the Canadian Underwriters' Association to grant the Canadian Pacific Railway any reduction on the rates of grain stored in the steel elevator at Fort William and the Canadian Northern Railway on grain stored in the tile elevator at Port Arthur has now resulted in the Bankers Association of Canada being obliged to take peculiar action to try to secure a settlement.

The trouble as explained to The Herald to-day is that now the banks are refusing to make loans on grain stored in these two big elevators. Formerly, when the grain men wished to raise money on stored grain they presented the insurance risks to the banks. Now all that the grain men are able to show are the bills of lading furnished by the railways.

The banks were unwilling to accept these as security. The Bankers' Association then took the matter up and an arrangement has been made by which the banks will now accept the bills of lading as security. By the bills the railways are held responsible for the grain while stored in these two elevators.

The railway companies have secured a reduction on the insurance rate on the grain stored in the other terminal elevators and now want the same reduced rates to be allowed for grain in the two big elevators.

CHINESE BEGIN BATTLE FOR THEIR FREEDOM

Hong Fong and King Lin Declare in Petitions to Court They are Innocent.

Petitions for writs of habeas corpus were presented in the Practice Court to-day by Messsrs Guerin and Merrill, attorneys for Hong Fong and King Lin, convicted Chinese joint keepers. The respondent named was L. H. Sicotte, the presiding judge in the Court of Special Sessions, where they were tried.

The petitioners set forth that they are illegally deprived of their liberty by the conviction of Judge Sicotte, Oct. 27. The next day they applied for a writ of certiorari against their conviction, which is still under the consideration of Mr. Justice Fortin. It is further claimed that the conviction is null and of no effect because it is not signed by a judge of sessions and bears the seal of the Recorder's Court. Further that the conviction does not state the petitioners are condemned to pay a fine not exceeding, with the costs of the case, $100, and the omission renders the same null and void. Finally, it is asserted that the petitioners are innocent.

FARMERS SEND GRAIN FROM WESTERN STORES

Shipments to the Eastern Elevators and Ships Already Show Increases Over 1902.

Western grain has at last begun to come East with a rush and within the last few days the total shipments have gained rapidly on last year's figures, and it is expected that before the season ends last year's mark will be passed.

Total receipts for November to date this year are 966,707 bushels, as compared with 886,657 for the same time in 1902. Receipts for this season are 12,089,276, as against 15,876,225 last year, a difference of about 3,800,100 bushels, whereas a few days ago the difference was much greater.

So far the lines have had little trouble in moving the grain and no congestion is expected by the officials of the roads. The farmers are bringing their grain out to the elevators now in large quantities and there may be congestion later. The grain is generally of good quality.

GLACIER PLAYED A TRICK.

Vancouver, B.C., Nov. 6.—Andrew Ferguson staked a claim in the Slocan, which proved to be located on a glacier. The glacier, in the course of time, moved down a hill, taking the mining claim with it, until it overlapped the claim of the Ole Sanberb, and now these two claims have come together and got all mixed up. The Supreme Court judges are trying to decide who owns the combination claim.

FRAUD CHARGE NOT PROVED.

Mr. Justice Doherty rendered judgment to-day in Herman H. Wolff Co. vs. W. A. McDougall, dismissing the petition for a writ of caplas. The court held that the charge that the defendant, a merchant of London, Ont., had secreted his goods to defraud his creditors had not been proved. His acts, however, had been open to suspicion, and his ways of doing business had been not of the ordinary. Notice of appeal has been given.

BOOKS FOR ENGLISH LIBRARY.

Mr. A. Chausse, building inspector, has received a request from the British Fire Prevention Committee for a gift to the committee's library of the volumes of by-laws concerning building regulations which he collected from the larger cities of the United States, Great Britain and Europe. Mr. Chausse will donate the volumes, which are fifty in number.

SIR ALGERNON IN CITY.

Sir Algernon and Lady Coate reached the city yesterday afternoon, and the former went out of the city this morning, and will be away until to-morrow evening. He will address several meetings Sunday in the interests of the British and Foreign Bible Society.

PREMIER MEETS THE VETERANS

Premier Parent this afternoon met representatives of French-Canadians who took part in the repulsion of the Fenian raid of 1866. The veterans urged their claims to 160 acres of land, just as in Ontario this had been granted.

ANNIVERSARY FOR LA PRESSE.

La Presse yesterday celebrated the 20th anniversary of its inauguration. Referring to the occasion the paper made editorial comment of the good work performed by the proprietor, Mr. Treffle Berthiaume, in establishing outings for the poor children of the city. La Presse is now in great part performing a national work.

KING'S BIRTHDAY HONORS.

Ottawa, Nov. 6.—It is expected that some Canadians will figure in the King's Birthday honors list next Monday. Among those mentioned for the K.C.M.G. are Hon. Geo. A Drummond, Hon. Geo. A. Cox and Col. Pinault, deputy Minister of Militia, will likely receive the C.M.G.

IMMIGRATION RETURNS.

Ottawa, Nov. 6.—A return given out by the Department of the Interior shows the total arrivals for the ten months of the present calendar year to be 121,115, of this 47,541 are from the British Isles, 39,046 from the United States, and 34,528 from the Continent of Europe.

For the month of October the estimates were 7,892. It is understood that the department will soon begin its active work for a larger immigration than ever from the British isles next year.

FUNERAL OF MME. LAURIER WAS LARGELY ATTENDED

A Special Train Went From Montreal to St. Lin With a Large Number of Sir Wilfrid's Friends.

(Staff Correspondence of The Herald.)

St. Lin, Que., Nov. 6.—The universal esteem in which Madame Ethier Laurier, the stepmother of Sir Wilfrid Laurier, was held in this community was testified to in a marked manner to-day by the very large gathering that attended the funeral and solemn requiem mass at the parish church. The funeral took place at 9.30 o'clock immediately on the arrival of a special train from Montreal which enabled a large number of the personal and political friends of Sir Wilfrid to attend. The requiem mass was sung by Rev. Victor Pauze and at the end of the mass, succeeding the chanting of the Libera, the general absult was given.

Interment took place in the cemetery adjoining the church. The pall bearers were Jos. Gauthier, ex-M.P., Jos. Renaud, J. A. Lambert, Jules Ethier, Jos. Archambault, J. Monahan, Hector Largne, Elzear Archambault, Israel Busson, Louis Patry.

Among those present at the service were the three sons of the deceased, Sir Wilfrid, the stepson; Hon. R. N. Parent, Hon. R. Prefontaine, Hon. R. Archambault, Hon. Lomer Gouin, Hon. L. O. David, Hon. H. J. Cloran, Mr. Justice Lavergne, Hon. M. Bernier, J. D. St. Pierre. The floral offerings included pieces from the Laurier family, the medical students of Laval, J. B. Pauze, the grandchildren, Mr. Toussignant, Dr. Brisson, C. H. Laurier, Louis Lavergne, H. Laurier, Rev. L. A. Cote. A large number of mass cards were also received.

MR. MONTAGU ALLAN IS LIKELY TO BE MADE A C.B.

List of King's Birthday Honors Will Include Those Connected With the Alaska Boundary Case.

Ottawa, Nov. 6.—It is probable that honors will be offered to Hon. Clifford Sifton and similar honors to the Canadian jurists on the Alaska tribunal if they choose to accept them. Among the other prominent Canadians to whom honors will be tendered the names of Hon. Geo. Drummond, vice-president of the Bank of Montreal, and Hon. Senator Cox are mentioned for K.C.M.G.; Colonel Pinault, Deputy Minister of Militia, and Philipe Hebert, the French-Canadian artist, of Montreal, for C.M.G., and Montagu Allan, of Montreal, for Commander of the Bath. It is also understood that Colonel Smith, sergeant-at-arms, will be made a member of the Imperial Service Order.

EASTERN ONTARIO CHEESE FACTORIES UNSANITARY

Dr. Connell Tells Convention of Dairy Experts at Ottawa That 60 Per Cent. of Factories Are in Bad Condition.

Ottawa, Nov. 6.—At the dairy conference a paper on "The necessity for giving practical lectures to farmers on milk testing," was read by Mr. E. Bourdeau, St. Hilaire, Que

An interesting discussion on the best way to induce patrons of factories to adopt the system of paying for milk by the Babcock test followed. It appeared to be the general opinion that the lack of confidence on the part of farmers in the Babcock test as a basis of paying for milk at cheese factories was mainly due to the inability or neglect of cheese makers to conduct the test properly.

Prof. Dean followed with an excellent address on "The aeration and coloring of milk for cheese making."

Dr. Connell in his address on "Sanitation at factories," said that 60 per cent. of the factories in Eastern Ontario were in an unsanitary condition. Faulty drainage, improper construction of factories, particularly in the flooring, bad water and bad whey tanks, vere the chief faults.

J. F. Tilley, superintendent of dairying in New Brunswick, took for his subject, "Is it advisable to recommend pasteurization in Canadian creameries?" Mr. Tilley strongly opposed pasteurization and advocated proper feeding of cows, cleanliness in caring for the milk at all stages, and proper methods of manufacture at the creameries.

Mr. A. W. Woodard, Montreal, believed that it was generally admitted by British importers that fresh Canadian butter was esual to Danish, but that it did not retain its flavor so well.

In his paper on the "cool-curing of cheese," Mr. J. A. Roddick reported results of the experiments of the Government cold-curing rooms. The actual saving in shrinkage on the 45,763 cheese sold from the Woodstock coolcuring rooms this year was 44,609 lbs., equal to $4,669.

FINDS CURE FOR CANCER.

London, Nov. 6.—In a lecture last night before the Abernethy Society of London, Dr. Jesse Johnson gave the details of a cancer treatment discovered by Dr. Otto Schmidt, of Cologne. Dr. Schmidt believes he has isolated the parasite on the presence of which in a sufferer he believes cancer depends. He claims that he has sterilized the parasite, and also that by injecting it into animals he has produced a serum which destroys cancer cells.

Dr. Johnson deprecated the acceptance of the treatment yet as a cure, but said he was convinced that it was worthy of experiment.

DEATH OF MRS. SMITH.

The death of Mrs. Joseph Smith, mother of Mr. Percy Smith, secretary of the Victoria Skating Club, occurred at the family residence at Longueuil yesterday afternoon after an illness of three years. Mrs. Smith leaves five sons and two daughters. The funeral will take place Saturday, at 8.30 a.m., from the family residence, 32 Quinn Avenue, Longueuil.

A DECK HAND DROWNED.

Kingston, Ont., Nov. 6.—(Special.)—A young man named Thompson, a Kingstonian, a deck hand on the tug Hall, was drowned near Coteau. How the accident happened is not known. His parents live on Montreal Street in this city.

O'BRIEN WILL RESIGN.

Cork, Nov. 6.—William O'Brien, member of Parliament for Cork City, has written a letter to the president of the United Irish League of Cork, in which he intimates that he intends to resign his seat in Parliament.

A concert made up of solos and concerted pieces, was last night rendered for the inmates of Verdun Hospital by St. Paul's Church choir, assisted by Mr. Courtice Brown, whose efforts delighted the audience. Each number of a well selected programme was received with unstinted applause. Mr. J. H. Robinson presided at the piano, the soloists being Mrs. Harry Oswald, Mrs. Warner, Miss Shepherd, Mr. Courtice Brown, Mr. McGill Tait and Mr. Royal ewing.

Mrs. F. H. Waycott, Westmount, will leave for Ottawa to-morrow.

PLANS FOR SUBWAY UNDER SHIP CANAL

Ald. Gallery, M.P., Iecludes This Improvement in His Scheme to Deepen the Waterway.

Ald. Daniel Gallery, M.P., has a scheme for the deepening of the Lachine canal. He said this morning that several requisitions were being circulated among prominent Montreal men to have the canal deepened between locks No. 1 No. 3 from 16 feet, its present depth, to 23 or 25 feet.

"I am going to try to get this done," said Ald. Gallery, "the growing needs of the port demand it. At the same time, I shall endeavor to have dry docks installed, for they are something this port has long required."

"How much would the deepening cost?" he was asked.

"Some millions," answered Ald. Gallery, "but it would be money well spent. I shall endeavor to get the subway under the canal at the Wellington Street bridge, and to obtain funds for deepening between these two locks.

"You may rest assured that I shall leave no stone unturned to have these things done; and I think the prospects for securing them are good."

ALD. GALLERY DEFINES STAND ON FRANCHISES

Would Favor Extension to Montreal Street Railway Company Under Certain Condition.

"If the Montreal Street Railway Company will give 12 children's tickets, 10 workingmen's tickets, and 8 ordinary tickets for 25 cents, I will vote for the extension of its franchise," said Ald. Gallery, M.P., this morning. "When the question comes before the City Council, Nov. 16, I will be prepared to stand by this attitude."

Continuing he gave his estimate of the value to the citizens of this reduction in fares. Ald. Gallery figures that in the nineteen years the franchise has yet to run, the citizens would save between $9,000,000 and $15,000,000 in fares, which is allowing for increase in number of passengers carried each year.

"If the company is not willing to give such a reduction, then I say let the Terminal Company run over certain streets. If it gives 8, 10 and 12 tickets for a quarter, its competition would in time force the Street Railway Company to do the same," said Ald. Gallery.

MR. RODIER'S GARMENTS DISCOVERED IN PAWN

Valet Who Robbed His Millionaire Employer Sold $450 Worth for Twenty-three Dollars.

Several weeks ago a valet disappeared from 10 Phillips Square, a private boarding house kept by Miss Chalifoux. He was in the employ of Mr. Rodier, a New York millionaire who was staying there. The valet took with him a considerable portion of Mr. Rodier's clothing and jewellery which that gentlemen valued at $750. Detective P. O'Connors was put on the case and located $450 worth of clothing at a second-hand store in Craig Street.

To-day the case came before Judge Lafontaine, and Mr. Rodier identified the goods. Mr. Superior and Mr. Frank, the dealers, were called and they admitted buying the clothing from the valet for $23, of which Mr. Frank claimed as his share $17.

The latter wanted his money returned, but Judge Lafontaine advised him to say nothing more about the matter in case he lost all.

The hunt for the valet continues.

ANOTHER PLANT FOR MONTREAL

New Yorkers to Manufacture Coin-Counting Machines Here.

Messrs. Van Winkle and De Young, of New York, are in the city making arrangements for the establishment of a company for the manufacture and sale in Caanda of a coin-counting machine. This machine is coming into wide use in the United States by banks, traction companies, departmental stores, and other concerns that handle large quantities of silver coin. It counts the coins with great rapidity and wraps them in a neat roll, out of which no coin can be extracted without destroying the roll. The machine will not be sold, but leased, and the gentlemen interested in it believe that there is a large and rapidly growing field for its use in the Dominion.

SS. TUNISIAN COMING UP.

SS. Tunisian, Capt. Vipond, passed Fame Point at 7 o'clock this morning and will reach Montreal Sunday morning. The saloon passengers are:—Miss Baron, Mr. R. M. Beil, Mr. R. H. M. Bremner, Rev. John Brown, will sail to-morrow to Liverpool with the following saloon passengers:—Mr. and Mrs. Van Barneveld, Halifax; Mrs. Beeton, Miss Beeton, Mrs. Brigstocke, Miss Coster, St. John; Mr. C. H. Croysdill, Halifax; Dr. and Mrs. Fraser, London; Mrs. Gilpin, Miss Gilpin, Halifax; Mr. and Mrs. B. Jackson, Miss Jackson, Miss Jean Jackson, Mr. Harold Jackson, Master W. Jackson, Ingersoll; Mr. William Leslie, Leith; Mrs. C. E. Moyse, Montreal; Mr. J. Noble, London; Mr. G. W. Osmond, Paymaster R.N., Halifax; Mrs. D. D. Robertson, Miss M. M. Robertson, Miss M. I. Robertson, St. John; Mr. John T. Stewart, Dundee; Mrs. Edward Street, Hurst Pierpont; Mrs. Whitton, Master H. Whitton, Fredericton.

DESORMEAUX IS CONVICTED.

Camille Desormeaux was found guilty this morning in the Court of King's Bench, of attempting to murder his brother, Alfred Desormeaux, Sept. 22. Mr. F. X. Tellefer addressed the jury on behalf of the accused, and Mr. Rodolphe Lemieux for the Crown. The jury was out for five minutes, when a verdict was agreed upon.

WILL PROBE INTO PLAINT.

Hon. J. C. McCorkill, Provincial Treasurer and recently elected member for Brome, will be in the city next week, to interview Montreal business men who are said to have made complaint regarding the local license system. The new Minister is anxious to get to the bottom of the complaint and will carefully investigate the matter.

W. P. O'BRIEN, Hon. Secy. M.F.C.

THE WATER OUTLOOK IS MORE HOPEFUL

Sherbrooke Expects to Tide Over What First Looked Like a Water Famine.

Sherbrooke, Nov. 6.—(Special.)—If the rain which has been falling since yesterday continues, it will have the effect of relieving the situation in Sherbrooke so far as a water famine is concerned, and the partial closing down of several of the large industries which are supplied by power from the Magog River. Yesterday afternoon the water had not risen any, and the pumps at the city station were only able to run about three-quarters of their full capacity. The three pumps in the pump station are only able to supply about one million and a quarter gallons per day, whereas when they are running to their full capacity the supply is two million gallons.

Mayor William Farwell and Councillor Olivier, chairman of the Water Committee, took the matter up, with the heads of the various industries on the Magog River, and there is a possibility that matters may be arranged whereby the supply might be retained for the city's use.

The Paton Mills have only been running a portion of each day, and while they realize the situation so far as the city is concerned, they are endeavoring to run the works so that their employes may earn as much as possible under the circumstances. While only using a portion of the water that they are entitled to, they expect to be able to tide over the difficulty by the help of steam, and by Monday next they expect to be in full running order as a steam plant will then be in operation.

The exact amount that is lost to the seven hundred employes cannot be estimated owing to the fact that piece work prevails to a large extent in the mills, but it is safe to say that they are only earning half of their usual wages.

The water power on the Magog River is controlled by the Dominion Cotton Company at Magog and when the reserve gives out the companies here can only claim the natural flow of the river.

The dam at the pump station is controlled by the city and the Messrs. D. G. Loomis & Sons, and when the latter shops are running there is not sufficient water to run the pumps, and to relieve this difficulty the city authorities are negotiating to secure a motor for the Messrs. Loomis so that they can run their shops and thus give the city the full benefit of the water at the dam. If this arrangement can be enterede into the city will not suffer from want of water.

Mayor Farwell also notified three of the railway companies that are under contract with the city for water for their engines that they would have to be careful in drawing water, and the officials in Montreal of the G.T.R. stated that they would issue instructions to their men to take water at Waterville and Richmond for the engines. The railway companies use about one rundred and twenty-five gallons of water a day, so that it will be seen that if the companies refrain from using water here that it will mean a considerable saving to the city's water supply.

The general manager of the Dominion Company at Magog, on being communicated with my Mayor Farwell in recated with Mayor Farwell in re they would endeavor to have the old dam at the outlet of Lake Memphremagog removed. If this can be accomplished it will give about six inches more water from the lake.

Late Telegraph Briefs

Sherbrooke.—There is every probability that a French daily will be started in Sherbrooke shortly.

Winnipeg.—James Little, a Stonewall, Man., farmer, took a dose of poison in mistake for medicine, with fatal results.

Paris.—Albert Halworthy, aged ten years, was run over and killed yesterday while attempting to board a moving freight train.

Sherbrooke.—It is reporte here that Mr. Justice Lemieux, of the Superior Court, will shortly go to the Superior Court in Quebec.

Kingston.—The officers of the Kingston Garrison will tender a banquet to Lt.-Col. Montizambert, the retiring D.O.C., on Dec. 3.

Winnipeg.—William Struthard, a 13-year-old boy was run over while crossing the railway track, and his head severed from his body.

Quebec.—Hon. Chas. Fitzpatrick, entertained one hundred and ten young Liberals to a dinner at the Kent House, Montmorency Falls, last evening.

London.—Lord Lansdowne, and M. Delcasse, French Foreign Minister have practically arranged an Anglo-French loan for Morocco of $10,000,600.

Chicago.—By a vote of 1,624 to 153 the employes of the Chicago City Railway Company have endorsed a strike, if necessary, to enforce the demands of their union.

New York.—Sam Parks was to-day sentenced to two years and three months in Sing Sing prison. This sentence was passed on the charge of extorting $500 from the Tiffany Studios.

Sarnia.—The man who committed suicide Monday evening has been identified as E. C. Allen, of Cleveland. Papers found on his person tell of a hopeless struggle against failing health and financial adversity.

Quebec.—This morning one hundred horses, half starved and broken down by hard work, were brought to the city from the remote country parishes for sale. The agents of the Society for Prevention of Cruelty to Animals stopped over thirty horses and ordered their owners to take them to the glue factory to be killed.

The neighborhood of Joliette has been for some time lately the scene of a lot of burglaries. The Grand Northern and Victoria hotels were entered Wednesday night and in the former the thieves obtained several dollars, but the Victoria Hotel yielded nothing. Mr. J. E. Pichette's grocery was also entered, and a few cents which had been left in the till were taken.

Bristol, Tenn.—Edward L. Wentz, the young Philadelphia millionaire, who mysteriously disappeared from his home at Big Stone Gap, Va., October 14, is alive and a captive in the Cumberland mountains. A letter has just been received in which he states that he is well, and asks that the ransom of $100,000 demanded by his captors be at once paid so that he can get his freedom. Negotiations are proceeding.

Ottawa,—Hon. H. G. Carroll, Solicitor-General, is spoken of as a probable successor to Sir L. N. Casault, Chief Justice of the Superior Court in Quebec.

Ottawa—The thirteenth annual convention of the W.C.T.U. opened here to-day. Mrs. Rutherford presiding. About sixty delegates were in attendance.

Brockville—C. J. Altman, late of the firm of Saulnier, Decelles and Altman, Union Hat Works here, was arrested last night, charged with being a party to mutilating hats in process of manufacture.

St. John, N.B.—Representatives of the Allan, Dominion, Donaldson, and Thomson lines have held a conference with the 'longshoremen's officials and arranged a scale of wages satisfactory to both.

TREASURY LORD ELECTED.

Chorley Division Gave Government Candidate 1,428 Majority.

London, Nov. 6.—The election for the Chorley division of Lancashire, caused by the appointment of Lord Balcarres as Lord of the Treasury, was held yesterday. It resulted in the re-election of Lord Balcarres, who received 6,226 votes against 4,798 cast for his opponent, Mr. Lawrence. At the last general election Lord Balcarres was unopposed.

WOULD REMOVE THE POLES.

Ald. L. A. Lapointe, who has been strenuously urging in the Finance Committee the taking of steps for the removal of telephone and telegraph poles from the streets, chafes under the delay, and will himself attempt something in this direction. He announced this morning that he would communicate with the companies and endeavor to have the poles removed.

City News.

TWO-STOREY SHEDS TO SOLVE PROBLEM

Mr. D. A. Watt, of the Allan Co., Gives His Views Anent New Harbor Work.

"The various members of the shipping interests have widely different views on the details of any scheme for the enlargement of the harbor. They all want the improvements to meet the requirements of their particular business."

Mr. D. A. Watt, of the Allan Steamship Company and honorary secretary of the shipping interests, gave out the foregoing opinion in an interview today with The Herald, in discussing what he understood were the greatest necessities of the port.

"After examination," he added, "I would say that the plans prepared by Mr. Kennedy for two-storey sheds are based on the necessities of the regular weekly lines of large modern steamships carrying full cargoes both ways. If such a line is allotted only one berth of 500 feet, the whole of the import and that portion of the export cargo which is taken from the shore side, has to be handled in a space of, say, 500 feet by 100 feet, giving an area of 50,000 square feet.

Would Require Two Berths.

"Broadly speaking, only grain and deals are brought to the steamers by water and of late even deals are brought into the city by rail in considerable quantities and delivered on the wharf. To properly and economically handle the import and export cargo of a modern steamer on this limited area in the necessarily limited time is, of course, an impossibility. To effect this purpose each weekly line would require to have two berths, a loading and unloading berth, a facility which cannot be given in the present cramped state of the harbor.

"The necessity for double-decked sheds is thus apparent. Mr. Kennedy, however, wisely goes further and recommends three floors, and, considering that 50,000 square feet of additional room can thus be obtained at a trifling additional cost, his recommendation should prevail. At some ports the roofs of wharf warehouses are also used for open-air storage, hoisting machinery and other purposes, and are found to be useful adjuncts.

Double-Deckers in Favor.

"The Harbor Board is to be congratulated on its decision to proceed with some of these double-deckers in combination with the equally needed grain carriers.

"The immediate prosecution of work on these wharf sheds and grain carriers leaves the question of tracks and ramps entirely open in the meantime and rightly so. The shipping men are, I think, united in preferring elevated to surface tracks, provided they can be made self-supporting and not paid for by wharf or tonnage dues.

"Mr. Chamberlain, of the Canada Atlantic Railway, some time ago laid before the shipping people a scheme whereby such tracks could be built and operated without the levy of a tax on either ship or cargoes. If such an arrangement can be made the problem would be solved to the satisfaction of every interest. Level crossings are always nuisances to be abated whenever practicable.

"I must say that I take no stock in the objections, civic or other, to the construction and use of ramps, even if placed on the harbor land or the city side of the flood wall. The city has neither a reasonable nor a good claim to this land and the Harbor Board should hold it for the use of the harbor in case of need.

Level Surface vs. Ramps.

"A level surface is, of course, to be preferred to up-hill and down-dale, but ramps are sometimes necessary evils.

"But don't urge for an opinion regarding the grain dealer. It is really too bad that with an excellent plan and tender before them from competent and responsible Montrealers the authorities should have gone to Buffalo for the thing we see with defects that everyone now acknowledges. No, I do not agree with the Corn Exchange in their request for additions.

"Better get the thing finished," said Mr. Watt in conclusion, "and get away from the Buffalonians, and consider these requirements afterwards. For myself, I think there is but one remedy, that is the erection in the adjoining basin of another elevator, and this time by Montreal builders."

APPROACHES TO WELLINGTON BRIDGE

(North Side)

The City of Montreal, by their undersigned Attorneys and Counsel, hereby give public notice that on Thursday, the 19th day of November next, at half-past ten o'clock in the forenoon (or so soon as Counsel can be heard), at the Court House of this city, they will, by and through their said Attorneys and Counsel, present to the Superior Court, sitting in the division of practice (room No. 31) in and for the District of Montreal, Province of Quebec, a petition calling upon the said Court to choose and nominate in virtue of the Act of the Legislature 62 Victoria, chapter 58, and its amendments, two competent and disinterested persons to act as Commissioners, jointly with one of the Recorders of the said City, as president and two of their Assessors named by the Council, to fix and determine, in conformity with said Acts, the price and indemnity to be allowed for the lots of immovables hereafter mentioned and described, which the said City of Montreal have, by a resolution adopted on the 19th day of October instant, under the authority of the Act 3rd Edward VII., chapter 62, determined to acquire for the purpose of improving the approaches to Wellington Bridge (north side) in the St. Ann's Ward of the said city, and to perform such other duties as imposed by law upon the said Commissioners, viz.:—

1.—A piece of land bounded on the south-western side by the residue of lot cadastral No. 1413, said side measuring about 90.50 feet; on the northern side by part of lot cadastral No. 1414, now being expropriated, said side measuring about 63.70 feet; on the north-eastern side by Saint Leon Street, said side measuring about 57.60 feet; on the south-eastern side by Wellington street said side measuring about 42.0 feet; containing a superficial area of about 3,713.0 square feet; the said piece of land being the north-eastern portion of lot cadastral No. 1413 on the official plan and book of reference for the Saint Ann Ward of the said City.

2.—A piece of land bounded on the south-western side by the residue of lot cadastral No. 1414, said side measuring about 167.20 feet; on the western side by Oliei street, said side measuring about 213.40 feet; on the northern side by McCord street, said side measuring about 107.60 feet; on the eastern side by Saint Leon street, said side measuring about 292.0 feet; and on the southern side by part of lot cadastral No. 1412 now being expropriated, said side measuring about 63.70 feet, containing a superficial area of about 22,058.0 square feet, the said piece of land being almost the whole of lot cadastral No. 1414 on the official plan and book of reference for the Saint Ann Ward of the said city.

3.—A piece of land with a two storey brick building and shed thereon erected, bounded on the eastern side by Olier street, said side measuring about 101.0 feet; on the north-western side by Basin street, said side measuring about 79.0 feet; on the south-western side by part of lot cadastral No. 1402, now being expropriated, said side measuring about 67.0 feet; containing a superficial area of about 2,647.0 square feet; the said piece of land being the whole of lot cadastral No. 1401, on the official plan and book of reference for the Saint Ann Ward of the said City.

4.—A piece of land bounded on the south-western side by the residue of lot cadastral No. 1402, said side measuring about 90.60 feet; on the eastern side by Olier street, said side measuring about 34.80 feet; on the north-eastern side by lot cadastral No. 1401, now being expropriated, said side measuring about 67.0 feet; containing a superficial area of about 884.0 square feet; the said piece of land being the north-eastern portion of lot cadastral No. 1402, on the official plan and book of reference for the Saint Ann Ward of the said City.

The whole in accordance with a plan of the improvement deposited in the City Surveyor's office.

The above dimensions are in English feet and decimals.

J. L. ARCHAMBAULT,
Attorneys for the City of Montreal.

Montreal, 23rd October, 1903.

COUNCIL OF ST. HENRI WANTS FREIGHT STATION

Calls on Canadian Pacific to Carry Out Agreement Entered Into with the Municipality.

At the last meeting of the Council of St. Henri, the City Clerk, Mr. Senecal, was instructed to write to the authorities of Westmount, calling attention to the condition of the gullies in St. Antoine Street which overflow on account of obstructions in the shafts or drains.

Some discussion took place anent the proposed freight station at St. Henri, which led to the passing of a resolution directing the City Clerk to write to Mr. D. McNicoll, calling attention to the non-fulfilment of the obligation entered into by the Canadian Pacific to provide a freight station; also requesting the company to put the street in the same condition as it was in, if it did not intend to build the station.

A contract for macadamising St. Ambroise and St. Remi streets for the extent of $845 was given to O. L. Henault, and Mr. Champagne was appointed boiler inspector vice Leclair, resigned.

It was resolved that an enquiry should be made into the cause of an accident which happened to Mr. Beaudry at the St. Elizabeth railway crossing. Mr. Lacoste, the gatekeeper, will be examined.

HEAVY LAWSUIT IS AVERTED.

The threatened lawsuit between Mr. T. Bastien and the Council of Maisonneuve about a recent expropriation, following the proceedings begun in the Superior Court against Bastien & Valiquette, by the corporation of that town, for alleged defective construction of its sewers, has been settled by a saw-off. It is announced the drains will be repaired and put in order by the contractors under the superintendence of the town engineer.

WOULD ABOLISH THE SYSTEM.

At the last meeting of the Ste. Cunegonde Council, Ald. Hamelin gave notice that he would move a by-law for the abolition of the trading stamp system. The majority of merchants in the town wished these stamps to be prohibited. A special committee was appointed to carry on the preliminary negotiations for a loan of $77,000 to meet the obligations due in June, and to arrange for a loan of $32,000 for the building of a new city hall.

M. THIERY LECTURES AT LAVAL.

"The Profession of Law in France" is Discussed in Detail.

Members of the Junior Bar Association enjoyed a treat last evening when M. Thiery, of Paris, delivered an address before them in Laval University on "The Profession of Law in France." He devoted much of his time to a description of the societies composed of French lawyers that are similar in their organization and purpose to the Junior Bar Association of Montreal. These societies are usually named after famous lawyers of former times and for the most part they are small and comparatively unimportant.

There is, however, one formal institution called the conference du stage, attendance at which it is obligatory on all young lawyers for five years. This conference holds weekly sessions and its object is to compel young lawyers to study not only the law but to perfect themselves in their language. M. Thiery then dwelt on the organization of the society. Among those present were Judge Ulric Lafontaine, Mr. Eugene Lafontaine, K.C.; Mr. P. B. Mignault, K.C.; Mr. Honore Gervais, K.C.; Mr. Rodolphe Lemieux, K.C., M.P.; Mr. Delorimier, K.C.; and Mr. A. W. Grenier, K.C., besides a large attendance of the members of the association.

FAVORS REDUCING WATER TAX.

Trades and Labor Council Thus Places Itself on Record.

The regular meeting of the Trades and Labor Council was held last evening in Blue Label Hall and was well attended. A lot of routine work was done, the most important matter coming up being a motion of Delegate Fisher in reference to the water tax. This was to the effect that the City Council be asked to reduce the water tax to five cents on the dollar and that the profits be used in reducing the civic deficit. Considerable discussion took place, and the motion was finally adopted.

The Newsboys' Union asked the assistance of the Council in having a small tax put on newsboys with a view of preventing casual sellers interfering with the regular boys. The council decided to lend its aid to the boys.

The Bartenders' Union asked to be allowed to open an office for employment purposes. The communication went to the organization committee.

Delegates were received from the Moulders, Machinists and Cabinetmakers' Union.

MR. CHAS. DEVLIN TO SPEAK.

Mr. Charles Devlin, who was at one time Canadian Immigration Agent in Ireland and is now member of Parliament for Galway, succeeding Col. Arthur Lynch who was convicted of high treason, has accepted an invitation to address the Montreal Irish League on the evening of Nov. 12, and a public meeting on Sunday, Nov. 15, in the Theatre Francais. Mr. Devlin has been staying at Aylmer.

The speaker of the evening will address the gathering in both English and French and the proceeds of the public meeting will go to the Irish National fund. Mr. Henri Bourassa, M.P., for Labelle, will also speak.

MR. M'CORMICK IS NAMED.

Ottawa, Nov. 6.—Mr. R. W. McCormick has been appointed trainmaster of District No. 4 succeeding Mr. F. M. Spaidal, transferred.

PARTY LEADERS WILL SPEAK.

The organizers of the Conservative party, Messrs. Hackett and Pelletier, have called a mass meeting for Tuesday evening in the Monument National. Mr. R. L. Borden, M.P., will reach Montreal Monday and address the meeting the next evening. Mr. F. D. Monk, M.P., will also speak. An invitation has also been extended to Mr. J. Israel Tarte, and he has accepted. This will be Mr. Tarte's last public speech before he sails to England. Among the other speakers will be Hon. Messrs. Taillon and Casgrain.

CITY HAPPENINGS

Judge Choquet said yesterday that he would further remand Charles and David Dorfmann and Samuel Hadis until next Thursday, on charges of burglary.

Emile Gill, of C. P. R. Avenue, Verdun, charged with beating his wife, came before Judge Lafontaine yesterday, and was sent to jail for two months.

The trial of Mrs. Ida Boyle, accused of obtaining money under false pretences by the sale of fur coats which were represented, has been fixed by Judge Choquet for Thursday next.

The British Army and Navy Veterans will give a euchre party and dance next Monday evening in Conservatory Hall, St. Catherine Street, the proceeds being in aid of the association funds.

I. C. R. private car, No. 75, went through to New York yesterday attached to the New York Central train. Hon. Clifford Sifton will journey north in the car when he arrives at New York from England.

Geo. Martin, alias Morton, broke into E. Dagenais' feed store, St. Catherine Street and stole oats. He came before Judge Choquet in special sessions yesterday and was sentenced to two years in penitentiary.

Mr. A. Bercovitch, a Bishop's College medical student, is confined to his home with painful burns about the face. He was experimenting with alcohol in the laboratory of the college when it exploded, causing the burns.

Mr. Armand Lalonde, Canadian passenger and freight agent of the Boston and Maine Railway, left last evening for New Orleans to attend the annual convention of the Travelling Passenger Agents' Association of America.

John McClare, who claims Hamilton as his home, arrested Oct. 13 on the charge of stealing $75 from the pocket of Mr. de Grandpre on a street car, came before Judge Choquet in the Court of Special Sessions yesterday and was discharged.

Game warden Riendeau and Inspectors D. McLynn and P. E. Plante, yesterday seized 155 hares which had been snared. They were landed by a steamer from Nicolet. Alexander Provencher, for snaring hares, was fined $10 and costs by Warden Riendeau.

Dieudonne Brunelle, an aged man living in Panet Street, was taken suddenly ill yesterday at the corner of Ontario and St. Andre Streets. The Notre Dame ambulance was called and before it could get him to the hospital he died. The remains were removed to the morgue.

Eugene Mathieu, 14 years of age, living at 615 Beaudry Street, received severe injuries to his left hand yesterday. He was working in Messrs. Arthur Brunelle & Co.'s factory, 1435 Ontario Street, when the hand was crushed in a machine. His injuries were dressed at Notre Dame Hospital.

Charles Schacher and Henry Westrich were partners in business and dissolved the bond. Schacher came before Judge Lafontaine yesterday on a charge of having obtained $50 from his former partner by false pretences. The matter will be taken up again to-morrow. Mr. W. M. Cooper is acting for the defence.

In Court of Special Sessions yesterday Judge Choquet discharged Michael Gallagher with a suspended sentence. The accused is a boy who was employed as a messenger by clothing houses. He took $50 worth of clothes he was sent to deliver and sold them to Craig Street second-hand dealers for $1.50. In dismissing him Judge Choquet told his counsel that the boy would probably be needed as a witness in another suit, and warned him that the boy should be ready when needed.

SHIPPING.

PORT OF MONTREAL.

KANAWHA BADLY DAMAGED.

Port Colborne, Ont., Nov. 6. — The steamer Kanawha, which ran aground on Kinneads, about eight miles west of here, Tuesday evening, was released yesterday and towed to this port to await orders from the owner, Mr. B. F. Cheetbrough, of Emerson, Mich. The underwriters representative, Mr. Angus McDougall, is here and says the steamer's condition will necessitate her docking before proceeding on her trip to Montreal. Twenty thousand bushels of grain were lightered, partly on scows, and the rest jettisoned.

ROSEMOUNT RUNS AGROUND.

Detroit, Mich., Nov. 6.—The Canadian steamer Rosemount is hard aground at at the lower end of Lake St. Clair, and is reported two feet out. The lighter Neman was sent to her assistance from the Flats Wednesday afternoon, and probably will have to lighter 12,000 or 15,000 bushels of the Rosemount's cargo of grain before the vessel can be released.

NOTES OF LABOR UNIONS

The Roofers' Union will hold an annual ball Nov. 25, in Poire Hall.

The Carpenters' and Joiners' executive will meet to-night in St. Joseph's Hall.

The Shirt Waist and Laundry Workers will hold a ball in Stanley Hall, Nov. 9.

The Bricklayer's Union will hold an important business meeting to-night in St. Joseph's Hall.

An important meeting of the Cigarmakers' Union will be held this evening in Blue Label Hall.

Local Union, No. 134, Confectionery Workers, decided, at a meeting held in Empire Hall, to begin a campaign against Sunday labor.

The report of the Trades and Labor Congress, held recently at Brockville, has just been published, giving an exhaustive account of the proceedings.

The Iron Moulders' Union will hold the first of a series of smoking concerts to-morrow night. The programme has been arranged and promises to be one of the best of the season.

The painters and decorators met Monday evening in Empire Hall. Delegate T. Fisher reported that renewed efforts were being made to have a largely signed petition presented to the City Council asking for a reduction in the water rates.

The merchants' clerks will meet next week to express their views for shorter hours. Several employers are said to look favorably on the matter and will assist the clerks in this object. The leading merchants will be interviewed and their co-operation invited.

The twenty-first annual banquet of the Dominion Assembly, 2436, Knights of Labor, will take place Jan. 12, 1904. An arrangements committee was appointed at the last regular meeting, when Mr. R. Keys, master workman, presided. After routine business had been accomplished a discussion took place on the water rate question, and it was agreed to take legal advice as to the best method to pursue toward having the water tax reduced.

The barbers will meet Sunday afternoon at 2.30 o'clock in Notre Dame Street. The question of Sunday work will again be brought up and the Mayor and City Council will be waited upon by a committee to have every barber shop closed on Sunday. The Lord's Day Alliance has promised its hearty co-operation.

The United Garment Workers held a special meeting Thursday night when one of the leading members of the United Brotherhood of America made an address. A special committee was nominated under the presidency of Mr. Dupont, to continue the crusade against the Street Railway grab. A mass meeting of the laboring classes of the city will be held in the Monument National at an early date. Mayor Cochrane will be invited to speak.

FEARS NOT STRIKE RECURRENCE

Montreal Street Railway Has Its Employes Well in Hand.

"Twelve hundred of the 1,500 employes of the Montreal Street Railway have to date joined the Employes' Benefit Association," was the announcement made to The Herald to-day by an official of the company. "In addition to this a large number have already made application but have not as yet passed their medical examination. From every point of view it can be said that the company now has its men well in hand and is better prepared than ever before to prevent any possibility of a strike."

PROSPECTS NOT TOO BRIGHT.

Falling Off in Ocean Traffic Attributed to Price of Wheat.

In referring to the winter business through Portland, Me., Mr. A. F. Reid, foreign freight agent of the Grand Trunk Railway, announces that while there will be the usual number of sailings, the prospects for traffic are not as bright as last year. This falling off he attributes to the fact that the western millers can afford to pay higher rates to farmers for wheat than the exporters can. Consequently though less wheat will be exported, more will be sold in the Canadian market.

Five lines of steamers will run from Portland this winter, viz.: Dominion Line to Liverpool weekly, Allan Line to Glasgow, fortnightly, Thomson Line to London, weekly, and Leyland Line to Antwerp, every three weeks.

CROPS IN QUEBEC.

Potato Rot Has Reduced Crop, Somewhat—Grain Crop Up to Average.

A bulletin on the condition of crops in Quebec has just been issued by the Provincial Department of Agriculture. Following is a summary:

Grain—Wheat, barley and oats especially are good everywhere. The rye crop is not so good as that of other cereals. The same may be said of buckwheat. Flax and peas, as well as beans, are better than an average crop, while the year's average for Indian corn is low.

Roots—The root crop, beets, carrots and Swedish turnips, look well. In Group 4, embracing L'Islet, Kamouraska, Montmagny and Bellechasse, this crop will average a little lower than elsewhere.

Potatoes seem to have yielded an abundant crop everywhere. Unfortunately rot has appeared, and will perhaps reduce the crop by from 25 to 30 per cent. The potato rot is most prominent in some of the parishes of the counties of Pontiac, Ottawa, Vaudreuil, Rouville, Chambly, St. Jean, Napierville, Stanstead, Levis, Montmorency, Dorchester, Bellechasse, L'Islet, Montmagny, Kamouraska, Temiscouata and Lake St. John.

Green fodders have given a good crop everywhere. Clover and timothy show a much lower average than the preceding and have suffered materially in the townships between and including St. Maurice and Montcalm and in the Eastern Townships. Elsewhere they look good enough.

FINE BISHOP STREET HOUSE

Handsome [illegible] dressed stone front. Fine [illegible] with every convenience [illegible] well finished in [illegible]. Near Sherbrooke st. $15,000.

FINE MODERN HOUSE—$6,000.0

Handsome stone front, full width, very roomy and well arranged interior; easily heated. Cool in summer.

FRED. R. COLE, 185 ST. JAMES ST.
Tel. Main 1687.

LETHAL CHAMBER IN OPERATION

The police take up dogs found wandering in the streets without license tags. These are conveyed to a public pound at 397 Wellington Street, kept by Wm. Ryan, telephone, Main 3545, and detained for forty-eight hours, unless injured or diseased. At the end of that time they are either sold or conveyed to the lethal chamber, lent to the city by the Canadian Society for the Prevention of Cruelty to Animals and the Montreal Canine Association, and destroyed by gas. Persons losing dogs should go to the pound within the 48 hours, or, failing their being able to do so, telephone. Should their dogs be there they will be restored after proper proof of ownership, production of license and payment of a fee of fifty cents.

SLANDER CASE IS DISMISSED.

Mr. Justice Trenholme has dismissed the action in Levesque vs. Leroux. The plaintiff charged the defendant with slander and placed the damages at $999. The ground for the charge was that defendant had told people he had been dismissed from the employ of the Metropolitan Life Insurance Company on account of drunkenness. Defendant pleaded that if he did say so it was true. The court held the justification was, under the circumstances, sufficient, and dismissed the action.

BARGAIN DAY FOR TRADERS.

To-day is bargain day at the Traders' Advertising Co., 210 St. Lawrence St. Doors were opened at 9.30 o'clock and by that hour a body of several thousand women had gathered. So great was the press that a policeman and one or two civilians had to be requisitioned to guard the door and allow them in by fifties. By 10.30 o'clock, 800 had been attended to, each receiving a present, and the manager, Mr. Charlebois, expected that by 10 o'clock this evening many thousands will have passed through.

These presents are given to each person who takes a book for stamps. Armed with this book the housewife can buy at certain business houses in the city and deal in everything from coal oil to a loaf of bread. For so much purchased she receives cash receipts and when $99 has been paid she can have the choice of any of the articles displayed at 210 St. Lawrence Street.

There was a combined rush on the part of some of the women about 11 o'clock this forenoon and it was amusing to see the officer of the law and the male staff bundled about by the eager weaker sex.

R. A. CLASS NIGHT.

The following councils had 53 applications approved, as follows: Aberdeen 16, Montreal 11, Prince Albert 8, Laurentian 6, Wellington 5, Strathcona 4, Westmount 2, Mount Royal 1. Forty-five were initiated; the rest will have the degree conferred upon them at their regular council meetings.

VIEWS OF RAILWAY ON THE EXTENSION

Hon. L. J. Forget Says Self-Preservation is First Rule of the Company.

Hon. L. J. Forget, president of the Montreal Street Railway Company, spoke as follows yesterday regarding the question of the franchise extension:

"In the first place, the position should not be misunderstood. It was not the company that began negotiations, but rather the city.

"Here are the facts: The city asked us several times upon what conditions we would undertake the watering, sweeping and paving of the streets, as well as the removal of the snow.

"We replied that we were ready to do this work at our own expense if the city would give us an extension of thirty years to our franchise.

"In the first place, the company desires to assure its own existence. It wants to know if it has nineteen years or fifty years to live, for you will understand that it makes all the difference in the world to the shareholders whose capital is invested therein.

Wants Extension of Pact.

"We want an extension of the franchise because it is in our interest to live as long as possible: first, it is true, from a financial point of view, but I also believe that such an extension would be a benefit to the city and to the citizens.

"As is already known to the public, we have decided to make concessions in order to obtain the franchise, and the offers we have made the city are already known. If the Council accords us the extension asked for, the company engages itself to sweep, water and pave the streets on which the cars are running or will run later on. The company will also remove the snow and grant a diminution in the price of workingmen's tickets, and we value these concessions at $250,000 at least.

"The citizens can also be assured that the different services will be as perfect as they can possibly be made, and the service will be more economically performed than if the city had charge of the work. We also value the concession in the matter of workingmen's tickets at $100,000, and they, of course, will be the gainers.

Deems It Reasonable Demand.

"If the city grants what we consider a reasonable demand, we shall begin at once to take care of the streets and to diminish the price of tickets, a thing we shall certainly not do if the extension is refused. You see, therefore, that this would save the city and the citizens $250,000 a year for fifty years.

"Then, again, the extension would prompt the company to improve its service, to extend the same and make it even better than it is at present. In fact, with fifty years of life before it, the company would undertake all these expenses without hesitation. On the contrary, you can understand that with only nineteen years before it, the company would feel less disposed to undertake such improvements.

"Our offer, I believe, would be beneficial to both parties."

Hon. Mr. Forget also drew attention to the fact that the price of labor was constantly on the increase, and these offers could certainly not be made to the city a few years hence. He said that the company's expenses in salaries and material had increased $150,000 since February.

CHEAP SILVERWARE.

An important sale of silverware is now in progress at the Colonial House, Henry Morgan & Co. Big discounts are being offered on exceptionally attractive articles in the silverware line, and the bargains are well worth inspection.

BOTH REINSTATED ON BOARD.

Messrs. Fraser and Adams Once Again Trustees of Schools.

The last of the actions taken in connection with the recent school difficulties at St. Anne de Bellevue has been terminated by a judgment rendered by Mr. Justice Doherty.

This was the action of Mr. D. H. Fraser against the School Trustees of St. Anne de Bellevue to set aside the resolution passed by the Board May 16 and June 11, by which Mr. S. E. W. Adams and Mr. Fraser were replaced on the Board on the ground that they were disqualified because the property of each of them stood in the name of his wife.

In view of the decision of Mr. Justice Trenholme in the case of Fraser vs. Peters that a school trustee can qualify on his wife's property, this action was not contested, and the judgment declares that both resolutions were illegal and ultra vires.

As a result of these proceedings, Messrs. Fraser and Adams are reinstated on the Board.

LADIES' MORNING MUSICAL CLUB.

Their Work and Their Pianos.

Montreal owes a debt of gratitude to the Ladies' Morning Musical Club for the splendid work they are doing in the development of a higher taste for music. Their season's work commenced Nov. 1, and they have just been supplied by Pratte, Nordheimer & Glendon, 2461 St. Catherine Street, the local Steinway agents, with two very fine Steinway Grand pianos.—Advt.

PATENT REPORT.

Owen N. Evans, solicitor of patents and expert, Temple Building, reports the following United States patents granted to Canadians: Mechanical stoker, W. T. Bonner; fountain bouquet holder, E. Buchan; storage bins, James A. Jamieson; corn shucker, N. Ostiguy; acetylene gas generator, P. E. Ward and S. Harris; shoe and leather sewing machine, J. L. Kieffer; inhaler, J. N. McKim; freezing box, A. E. Wilson; wagon tongue support, W. L. Park; attachment for soil pipes, J. A. Godin; game, T. Sonne, jr.

ONE OF MANY FEATURES.

In pianos there is one point on the string where the hammers should strike. That is the point where the maximum of vibration is found. That is one of the simple scientific requirements of piano-making.

In the Mason & Risch piano, it is exactly at these points that the hammer strikes. It is only at this point that the full, sonorous, melodious tones can be obtained.—Adv.

FRIENDS ASK FOR CLEMENCY.

The conviction of Benjamin C. Budd on the charge of having appropriated $800 the property of Adam Beck, M.L.A., London, has aroused a lot of sympathy on his behalf. He was the manager of a box making factory in Montreal for Mr. Beck, and while in that capacity made numerous friends who are now preparing petitions asking Mr. Justice Hall to show all possible leniency.

PEOPLE AND PIANOS.

When people call at our warerooms and see the fine pianos we offer at the most reasonable prices, and on liberal terms, they appreciate how much better it is to call direct on a responsible firm where no agents are employed. Two special bargains this week are a large Heintzman & Co. piano for $200, and a nearly new Howard for $195. Pratte, Nordheimer & Glendon, 2461 St. Catherine Stret.—Advt.

THE HERALD

Established 1808.

DEFENDING THE GRAB.

It is something, after all, to have Senator Forget discussing, as he does in an interview, the value of the concessions it is proposed to make to the city in exchange for the proposed extension of the franchise. It is also something to find the Senator, who the day before talked to the shareholders as though nobody in the company wanted the extension, now frankly admitting that it is badly wanted. The president of the company will be wise not to waste time in trying to explain how the one position can be made to conform to the other, for the public understand very well, and have understood from the first, that the pressure upon the Council has been exerted by the company, and that those aldermen who have been obligingly asking on what terms the company would do this and do that have been acting as instruments of the company. Senator Forget's statement that the extension is wanted in the interest of the shareholders should be taken as final on this subject, for everybody believes it to be a true presentation of the case.

On the question of figures, however, it is more than possible that the president of the company overstates the case. He claims that the promised reduction in the rush hour tickets would be worth $100,000 a year. The Herald is of opinion that it would be worth between $50,000 and $60,000 a year. But there is no reason why a difference of opinion should continue. The figures are easily available to show which estimate is more nearly correct. The Herald considers as reliable its information that the passengers who use yellow tickets are not more than twenty per cent. or so of those who use the cars. If Senator Forget's figure is correct they must make up about forty per cent. The company's books will show which is right, so all that need be done is to produce a statement, covering, say, the last five or six years, of the number of passengers who paid cash, who used tickets at six for a quarter, twenty-five for a dollar, eight for a quarter, and ten for a quarter, and we shall all know as much about it as Senator Forget. He talks of a concession being worth $100,000. The books will show whether the figure is just and whether the Council should act upon it. The Council must have that assurance before it does act. There is not the least excuse for guessing about it when the records are there. So let us have the statement at once.

For the rest of the estimate we are also unable to agree with the Senator's figures. There has been some large talk in the Council about the street-sprinkling being worth $30,000. Why $30,000, when a similar service in Toronto, which has a larger track mileage, gets it done very well for less than $3,000? So with all the rest of it, the estimates placed upon the value of the concessions run anywhere from two to ten times what they are probably worth, and in the final result the advocates of the company claim a total sacrifice of $250,000 a year, where nobody else can figure that their offer is worth more than $125,000.

But even assuming that the concessions are worth the last dollar they claim, and at least they may be depended upon not to understate their case—this is what it comes to. For nineteen years we would receive concessions worth a quarter of a million a year, and then for thirty years we would be kept out of all possibility of securing terms worth more than a half million a year. It is bad business at the best they make of it.

A CAMPAIGN OF INSULT.

The Toronto Mail and the Montreal Star continue to interpret Sir Wilfrid Laurier's demand for treaty-making powers as the beginning of a campaign for separation from Great Britain. They blame Sir Wilfrid for having assented to the formation of a tribunal that did not have three Canadians upon it, and argue that if Canada has any complaint to make Laurier is the man to blame. They conveniently ignore, of course, the trifling circumstance that when Sir Wilfrid assented to the formation of the tribunal it was to be made up of "impartial jurists"; that when the three American commissioners were appointed Sir Wilfrid protested; that Lord Onslow confessed to being stupefied by the American appointments, but declined to intervene; and that while Sir Wilfrid was still conferring with his colleagues as to what ought to be done about it, the treaty was signed and ratified without their knowledge. Therein is the critical feature of the whole business. Canada is induced to assent to a judicial tribunal, and a political commission is arranged for behind her back. The Prime Minister is blamed by the Opposition leader, by the Mail and by the Star for this result, and yet, when he asks to be given the power that alone would obviate such a difficulty in the future, he is accused of working for separation.

If Canada had already the power Sir Wilfrid says she should have, there would have been a Canadian present at the negotiations at Washington last spring, and that treaty would not have been signed until the Canadian Government was ready to have it signed. Where is the separation about that?

The fact is that all this separation talk on the part of such papers as the Mail and the Star is simply a reversion on their part to the campaign they waged against Sir Wilfrid on the score of loyalty last election. They praise Mr. Borden for arguing that the Canadian Government should have found a means of excluding Lord Alverstone from the tribunal, and replacing him with a Canadian. But of course Mr. Borden is a Conservative and does not come from Quebec. Sir Wilfrid is a Liberal and does come from Quebec, and that makes all the difference. Such a man is to be treated as disloyal on every possible occasion. Last night's Star carries the insulting innuendo past the bounds of decency. After quoting the statement of a Cabinet Minister that the treaty-making power is intended to be used, as every sensible man knows it must be, in concert with the British Foreign Office, and that the change is asked chiefly to protect Canada against the mischief done by men who know next to nothing of Canada and Canadian opinion, the Star suggests that Sir Wilfrid ought to make it clear that this is all he means. Why should he? Why should the Prime Minister take it that anybody in Canada doubts the patriotism of Canada's first citizen? Is it because he is a Liberal and a French-Canadian that he must meekly hold himself at the beck and call of every opponent who thinks fit to challenge his motives? We have little notion that Sir Wilfrid considers himself in any way so bound. Certainly none of his followers can fail to resent the insulting assumption on which the new campaign against him is based. He evidently knows it, for he has never yet spoken otherwise than as the chosen spokesman of all Canada when there is question of our relations with other countries.

AN ODD SORT OF CONVERSION.

A few days ago the cable services announced that Sir Michael Hicks-Beach was to speak from the same platform as Mr. Balfour at Bristol, and it was intimated that he had become a convert to Mr. Chamberlain's doctrines. Those who jumped to this conclusion would have known little of the kind of man the ex-Chancellor of the Exchequer is. He is about the last man in England to suddenly become a convert to Mr. Chamberlain's views after fighting Mr. Chamberlain in the Cabinet for years because of those views. Sir Michael's chief political characteristic is a rigidity that is truly remarkable. When, a year ago last April, he introduced the grain tax, it was at once seen that the tax could be made use of if it were decided to take up the policy of colonial preferences. Sir Michael replied that it was not intended for that purpose and would not be used for that purpose; that it was a war tax, a tax for revenue, not a protective tax, and had nothing to do with preferences. With most other politicians the House of Commons would have accepted this statement with a wry face, knowing full well that a Chancellor with a little shiftiness in his make-up could argue, in later years, that circumstances had changed, that events in the colonies had materially altered the situation, and all the rest of it. But because of Sir Michael's reputation for rigid honesty the House took him at his word. Mr. Blake, indeed, reminded him that the tax might stay longer than the Chancellor, and that those who came after might not be willing to shoulder his responsibility. His speech at Manchester last night shows that he is of the same mind now that he was then. Manchester, by the way, elects Mr. Balfour. It is interesting, therefore, to find Mr. Chamberlain's chief Conservative opponent speaking there. Possibly Mr. Balfour's willingness to support him for Bristol again may have something to do with staving off a nomination of Hicks-Beach for Manchester, which is still the centre of the free trade movement.

NOTES AND COMMENTS.

Forward Canada!

No fifty-year franchises.

It is suggested that Mr. Foster's real value in the present political crisis in England arises from the fact that he has had some experience in Cabinet smashing himself.

The easiest way to decide what the fare concession offered by the company is worth is to produce the company's records. That will settle the question, and nothing else will.

Twenty-five thousand iron and steel workers are idle in the States, and thirty thousand iron puddlers will have their wages reduced November 10. High protection does not prevent it.

Mr. Foster must be wondering why England did not send for him before. Sir Mackenzie Bowell is probably wondering if by any chance George Eulas could be induced to stay where he is.

The state of the Canadian Conservative party may be inferred from the fact that they have fallen back once more upon the old falsehood that Laurier and the Liberal party want to separate Canada from the Empire.

Senator Forget seems to think that if he can prove the workingmen will get $100,000 a year in reduced fares, the workingmen will not ask how many millions the extension is worth to the company. He may find he has made a mistake.

The President of the Street Railway Company changed his mind between the day before yesterday and yesterday. He told the shareholders the application for extension was only made out of courtesy to the city. Now he says it is made in the interest of the company.

An English paper does not see how Mr. Tarte, who would have Canada high protectionist against everybody, can support Mr. Chamberlain, who wants easier access to the Canadian market. The idea! As if Mr. Tarte could not talk round three corners of a little difficulty like that.

Views of French Press

Le Canada says that it is wonderful to note the inestimable value that a territory assumes once there is a question of securing it.

Le Canada says that everybody knows that Sir Wilfrid Laurier objected to the appointment of Senator Lodge to the Alaskan commission.

Le Canada says that Canadians are not born to devote themselves entirely to England. Each one for himself, it adds, is the real cry of the day.

Le Journal says that a country that is growing cannot remain in a stationary position, and that there has been more than one change in the position that Canada occupies as regards Great Britain.

CLERGYMEN HONORED.

Kingston, Ont., Nov. 5.—(Special.)—Rev. Father Walsh, who resigned the R. C. parish of Westport on account of ill-health, has gone to Buffalo with his sister. On Sunday his congregation presented him with $250 in gold. Father Walsh has been in the ministry twenty-two years.

Rev Dean O'Connor, of Marysville, will celebrate the fiftieth anniversary of his ordination to the priesthood on December 17th. The clergy of the archdiocese have already made arrangements to fittingly honor the occasion. Generous contributions to the testimonial fund are being forwarded to Rev. Father Hogan, Napanee, who has been named treasurer.

The Inventor.

WINDOW IN THE UMBRELLA

Lookout Through Which Pedestrians May Pick Their Way Without Danger of Collision.

Frequent annoyance and inconvenience arises to persons carrying umbrellas, from the fact that when a strong wind is blowing the umbrellas are held in such a position to shield off the rain, that when two persons approach each other from opposite directions there is grave danger of collision when the umbrellas often sustain damage. If some serious injury is not sustained by one or the other of the pedestrians.

Window in the Umbrella.

To avoid such accidents it is necessary on the part of persons carrying umbrellas under these circumstances to repeatedly raise thier weather shields so that they may be enabled to look under them and to look out for objects ahead.

Pedestrians picking their way through the rain are relieved of this bother and care by the use of the umbrella shown herewith, which is provided with a window, through which the pedestrian may pick his way in absolute freedom from accidents of this character.

The invention consists of a circular frame of metal sewed into the centre of one of the panels of the umbrella, and this holds a sheet of celluloid, or other transparent material, through which the pedestrian can have a constant view of the path in front of him.

THE BROME MAJORITY.

The Official Figures Give Mr. McCorkill 338.

The complete figures for the provincial by-elections in Brome on Thursday last give Mr. McCorkill a majority of 338. The complete vote was as follows:

PENTECOST CASE SETTLED.

Mr. Brock Gave Back the Money After Hearing the Evidence.

Toronto, Nov. 6.—One of the most complicated cases ever argued in Toronto has been completed before Chief Justice Meredith in the non-jury assizes. It is alleged that Albert Pentecost, a Hamilton retail dry goods dealer, offered $3,341.22 to Gault Bros., of Montreal, who have obtained a judgment for that amount. It is also alleged that while offering the above sum to Gault Bros., Pentecost assigned some of his stock in trade to the W. R. Brock Company, of Toronto. Several consignments of stock valued at $6,000 were sold for 85 cents on the dollar and resold at 95 cents, all, it is alleged, in order "to prejudice the plaintiffs and other creditors, an unjust preference being given to the W. R. Brock Co." Gault Brothers sued Pentecost, the W. R. Brock Company and others. The argument may last for several days.

The case came to a sudden end yesterday afternoon when the defendants, with one exception, agreed to compromise. After evidence showing the suspicious sales of the Pentecost stock had been given the case was stopped at the request of W. R. Brock, M.P. There was a consultation of lawyers and at the end of it Mr. Shepley, K.C., addressed Chief Justice Meredith. He said Mr. Brock had been entirely unaware of the transactions which had been carried on, and that he did not desire and would not hold any advantage which his company had secured. The company, he said, would therefore restore to the common fund for the benefit of the creditors the proceeds of the Wood sale and of the first Wilson sale. The lump sum of $7,000 would be paid into the fund.

CHILD BURNED TO DEATH.

When Others Were Rescued This One Was Overlooked.

Sault Ste. Marie, Ont., Nov. 6.—A fire occurred in Steelton, a suburb of the Soo, yesterday, at the home of a Mr. Stewart, the parents having gone out, leaving three children in the house. When a neighbor noticed the fire and succeeded in entering the house he found the oldest child almost overcome with smoke. He rescued it and gave the alarm. The town fire brigade responded to the call, but the building was doomed before they arrived. One child was burned alive.

Cable Service.

HICKS-BEACH FALLS INTO FISCAL LINE

Reluctantly Gives Up the Free Trade Idea—Calls Chamberlain an Extremist.

(Canadian Associated Press.)

London, Nov. 6.—Sir Michael Hicks-Beach's speech in reply to Mr. Chamberlain at Manchester was a noteworthy protectionist view, from his admission that the immense prosperity of the country from 1848 to 1872 was due in part to other causes than free trade.

He says the trade of the country enormously increased and the conditions of the working classes enormously improved and the wealth of the country grew. This course was largely due to electricity and other great discoveries by science and the production of gold.

The speaker went on to ask if the preferential proposal was so beneficial even to the colonies as represented. There were rival interests in those great states, and Canada was not composed wholly of farmers. Canadian lumber would receive no advantage from the tariff.

Never Mind the Colonies.

He said he was a wider imperialist than Mr. Chamberlain, believing the interests of forty million people more important than that mistaken policy for eleven million colonials.

The duty he had imposed on corn had, contrary to his opinion, increased the price of bread.

The Daily Mail says Hicks-Beach's speech made it clear that he abandoned his earlier attitude of rigid Cobdenism, and is now fast advancing behind Balfour.

The Standard says the address ranks with Lord Goschen and Lord Hamilton as an acute and a vigorous criticism of the new protectionist projects.

The Post says: "We strongly urge Sir Michael to study the reciprocal movement of the United States and Canada before making another speech.

The News is glad that Sir Michael had the spirit to resent the intolerable insolence of Chamberlain's attack. The speech shows he cares for 230,000,000 Indians, not white, but still God's creatures.

The Leader sums up Sir Michael's dubious position by quoting from the Merchant of Venice, Portia's good sentences, and a well pronounced Nerissa. They would be better if well followed, the paper adds.

NOVEL CAFE FOR GIRLS.

Toronto Workers Will Get Tea, Knife Fork and Plate for 25c Weekly.

Toronto, Nov. 6.—(Special.)—Speaking at a meeting of the members of the Beverley Street Baptist Church last evening, Henry Tonybee, secretary of the People's Cafe, stated that one of the principal features in the first premises was that it should include lunch rooms for girls and women in the city who carry their lunch down town. For about 25 cents per week it was proposed to give them a fair-sized cup of tea, coffee or cocoa, of good quality, with the use of a knife, fork and plate. Private reading rooms and retiring rooms would be provided, and he was informed by several employes of large firms that this would be a very great boon to many girls who did not always care to walk the streets during their lunch hour, or even to stay inside the close rooms where they had been working all morning.

CHEAP SILVERWARE.

An important sale of silverware is now in progress at the Colonial House, Henry Morgan & Co. Big discounts are being offered on exceptionally attractive articles in the silverware line, and the bargains are well worth inspection.

PREFERENCE WOULD NOT HELP CANADA

C. E. Smith Says U.S. is Canada's Natural Market—Should be Reciprocity.

Fitchburg, Mass., Nov. 6.—Charles Emory Smith, former United States Postmaster-General, at a banquet of the Merchants' Association last night, said, referring to Mr. Chamberlain's fiscal policy in England:

"Mr. Chamberlain's plan proposes to put a ring fence around Great Britain and then to give a tariff preference to her colonies. We cannot be unmindful that this policy may have serious concern for us, but if we keep our rightful trade weapons in our hands, we need not fear the issue. Canada is our third best customer. Mr. Chamberlain would detach her from this continent and bind her more closely in Imperial bonds. But have we not stronger cards to play than England? Will Canada be content to sacrifice her own interests for the interests of English manufacturers? Will she consent to renounce her own right of independent action for the sake of an empty Imperial connection?

Heavy Drain on Canada.

"There is another vital consideration: British Imperialism has its burdens. If Canada is to divorce herself in both a political and commercial sense from her own continent and bind herself with England, she must pay the cost. She must contribute to fleets and armaments. She must accept the chances of Europe's conflicts. She must be prepared to face attacks upon her invading outposts.

Preference Didn't Work.

"For five years Canada has given a preferential rate to England. Yet in spite of it, our exports to Canada have grown faster during that time than England's exports. We do not seek the annexation of Canada. If the two countries which stretch along side by side for three thousand miles shall ever come together, it will be with free and full consent, by the natural law of gravitation. Politically distinct, the two American lands of kindred blood and law may still have close commercial relations. Why should they not in mutual interest have an intelligent and statesmanlike system of broad reciprocal agreement?

"But why should not Canada understand that so long as she keeps out of European wars, the United States will not permit any European war to be extended to this continent. We have drawn a circle around the Americas and made the Monroe Doctrine the dominant law. Herein lies the true safeguard of Canada in consulting and protecting her own independent interests, and it will be wise and well for her to understand and appreciate the broad American spirit."

HOW THE COCAINE HABIT STARTS.

Generally from using catarrh snuffs and ointments containing this deadly drug. It is well to remember that the only direct scientific cure for catarrh is Catarrhozone, which cures by the inhalation of medicated air. Simply breathe Catarrhozone, and it will cure all forms of Catarrh, Bronchitis, Asthma, Lung Troubles and Deafness. Every breath from Catarrhozone Inhaler soothes, heals and relieves. Permanent cure guaranteed even though other remedies failed. Try Catarrhozone, price $1.00; small size, 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

REAL ESTATE MART IMPROVING IN TONE

Week Just Closing Sees Several Large Transfers, Good Prices Being the Rule.

Considerable activity was shown in the real estate market during the week, the number of sales being large and good prices the rule. The strong demand for vacant land in the town of St. Louis was maintained while all the other suburban towns showed advanced prices for land.

In the city wards the largest transactions were in St. George's Ward, where the estate Geo. W. Hamilton, secured from Geo. A. Hamilton, a block of houses and lots Nos. 1765-1, containing 18,053 feet, for $35,000.

Mr. Hugh M. Patton secured from Mrs. J. Tudlay, No. 49 Metcalfe Avenue, for $7,500.

In St. Ann's Ward Ward, the Ogilvie Flour Mills Company, Ltd., purchased from the Montreal Coal and Towing Company in liquidation, lots Nos. 1183-84, 85, 86 and 89., Basin Street, containing 16,470 feet for $17,000.

In Hochelaga ward the H. R. Ives Company, Ltd., secured from Mde. A. Rousseau, the foundry at No. 42 Seaver Street for $8,000 and other considerations.

In St. Louis Ward Mr. J. Decarie, sold to Antoinette Helbronner, the stone house No. 90 Laval Avenue for $6,100. Mr. M. J. Morrison transferred to C. H. Walters the houses 42 and 44 Prince Arthur Street for $800 and other considerations.

In the town of St. Louis the sales totalled $23,320.23 and were all for small lots.

In Westmount sales amounted to $25,519.12. They included the following, Mr. W. A. Snowdon secured from the estate T. J. Aquin, the brick house, No. 63 Clandeboye Avenue for $4,568. Mr. A. F. Duclos secured from A. C. Matthais a stone house and lots No. 220-5 and 6 Arlington Avenue for $3,500. Mr. James B. Smith purchased from J. Parslow the vacant lot at Western and Clarke Avenues, for $3,416.

INDUSTRIAL UNREST IS DISCUSSED IN ADDRESS

Mr. J. H. Shaw Reviews the Events Leading to the Struggle of Capital and Labor.

"Industrial Unrest" was the subject of a paper by Mr. J. H. Shaw before the St. James Literary Society last evening. Mr. F. W. Hibbard, the president, occupied the chair, and there was a large attendance of members and friends. The interest taken in the subject was keen, and a lengthy discussion followed the reading of the paper.

Mr. Shaw referred to the fact that throughout the whole world a struggle is raging, there is general unrest. Of the different kinds of unrest, the one that pervades the industrial classes is the most important.

The speaker then proceeded to discuss the questions involved in modern social conditions, and carefully considered the matter of wages. These, it must be remembered, were largely affected by regularity of employment and healthiness of occupations.

After pointing out the evils connected with trade unionism, Mr. Shaw said that this does not justify the condemnation of trade unions as bodies absolutely incapable of usefulness and as dangerous to society. The occasional, or even frequent, abuse of their power does not constitute a sufficient reason for ignoring the good they have done when making a right use of their power, nor for closing our eyes to their great possibility for good if directed aright toward a lofty ideal of elevating the masses. Strikes were also touched upon.

In conclusion, Mr. Shaw said that it is of vital importance not to have capital and labor openly opposed. To avoid this labor should not infringe on the domain of capital or assert claims which imperil the liberties and rights of others, and at the same time capital must not treat labor with contumely, nor turn a deaf ear to wrongs that should be righted.

PHILLIPS' PLANT WILL MOVE.

Big Factory Site is Secure in the Town of St. Louis.

Hon. Louis Beaubien, through his agent, ex-Councillor Hurteau, has just sold a large piece of land to the E. Phillips, Little, Wire Company, on which the firm proposes to build a new factory, having obtained from the Council of St. Louis an exemption of municipal taxes for thirty years.

The land has a frontage along the C.P.R. tracks and in St. Charles and Sanguinet streets. The company has its works at presenet on the Lachine canal, where it employs many men. The cost of the new factory will be $40,000, besides the value of the machinery in operation, which is $65,000.

The company will pay $30,000 annually in wages and to employ not less than 30 men the first year, 40 the second, 50 the third, and 60 the fourth year.

MRS. FOGARTE MUCH IMPROVED.

Physicians Say the Woman Injured in Fire Will Recover.

Mrs. Fogarte, who nearly lost her life in the fire at 47 Devienne Street Wednesday evening, is much improved and will recover.

The rescue of the woman was due to the courage and presence of mind of Mr R. Vallance and two companions, who were passing along St. Catherine St. when the fire broke out.

Hearing that a woman was lying in bed in a room upstairs, Mr. Vallance followed by Mr. H. McConnell and Mr. J. McMahon, rushed into the house and succeeded in locating the room. They found the bed in flames and the night clothes of Mrs. Fogarte burning. Seizing her in their arms they carried her out of the house and saved her life. Mr. Vallance was burned about the hands.

HORSES NEEDED FOR BRIGADE.

Chief Benoit Makes Request to Members of Fire Committee.

The Fire Department has been short on horsese for some time, and Chief Benoit urged the committee yesterday to purchase six new horses. "I haven't a spare horse left," said the chief.

A promise was given by the Chairman that he would go before the Finance Committee for an appropriation of $1,000 for the purpose.

The Committee will ask the Council to decide upon an application to construct a planing mill at Delorimier and Craig Streets. There were petitions for and against it, the opponents contending that though it would be constructed of brick, the danger it would be to the neighborhood in respect of fires would raise insurance rates. The committee split even on the vote, and will send the question to Council.

Ald. Dagennais said he wanted cheaper coal oil for use in the fire stations. The city paid 20 1-2 cents a gallon as a general thing, while ordinary purchasers got it at 15 cents or 18 cents The committee will make a test.

"Pork and Beans hot,
Pork and Beans cold,
Clark's either cold or hot,
Are best, we are told." —Adv.

BELMONT SCHOOL TO REOPEN.

The Catholic High School, at Belmont Park, which was closed last June, will in all probability, be re-opened after the Christmas vacation, preparations now being carried on to that effect. The Board and others are desirous of continuing the work, and the building will be used for school purposes. Rev. Father Martin Callaghan, P.P., of St. Patrick's Church, chairman of the High School Board, said things were working harmoniously and the three boards interested in the school, St. Bridget's Board, St. Patrick's Orphan Asylum, and the Catholic High School Board were all anxious to see the school reopened and that after the vacation the classes would be resumed again. The teachers will be the Christian Brothers.

DIARRHOEA WEAKENS THE SYSTEM.

and if not checked becomes a chronic condition. No remedy compares with Nerviline, which is prepared specially for stomach and bowel troubles. As a radical cure for Cramps, Colic, Gas in the Stomach, Summer Complaint, Nerviline excels everything in the medical line, is an indispensable household staple, and costs only 25c. Buy a bottle to-day.

Woman and Her Work.

THE GARDEN OF HOPE.

To lose the present, and to go apart
Into a place of brightness, where the soul
May rest, and gather strength unto its self,
To carry onward to the very end,
The hard load of humanity's bequest.

To walk the silent paths alone, and seek
To gather of the radiant bloom, enough
To crown our best beloved ones, outside
The shadowy walls, whose mystic confines hold,
Loves richest gift to man, the flowers of hope.

These blossom there alike for rich and poor,
The sorrowing, and those whose lives have seemed
To go awry, each, all, may breathe the air,
Whose incense-laden breath, sweeps ever from
Love's storehouse, to this suburb of the blest.
—Buffalo Express.

POT-POURRI.

A WOMANLY WOMAN.

To be placed in the corner of a young girl's mirror and read while she is making her toilette:

She cultivates reserve.
She thinks, then acts.
She speaks ill of no one.
She is loyal to her friends.
She lives her mother's faith.
She cares for her body as God's temple.
She writes nothing that she may regret.
She knows that nothing is more undignified than anger.
She knows that to love and be loved is her birthright—if she be but worthy of love.

AS REGARDS MARRIAGE.

A Japanese bride gives her wedding gifts to her parents as a slight recompense for their trouble in rearing her.

In Norway, according to a recent law, a man is not allowed to marry a thriftless girl, for all girls are obliged to obtain certificates of skill in cooking, knitting and spinning before being eligible for matrimony.

In Servia there is a system of marriage banks into which the young men and women pay their savings in order that they may secure a premium at their marriage. This was organized to induce thrift, but it has had a most disastrous effect in promoting hasty marriages, for the moment a small sum of money has been saved the young woman will accept the first offer of marriage which is made to her in order to receive the premium, and consequently there is an overwhelming number of "marry-in-haste-repent-at-leisure" weddings.

AN UP-TO-DATE MONTREAL "POLLY."

Polly, put the kettele on—
(It is sterilized, I hope?)
Polly, put the kettele on—
(And washed with antiseptic soap?)
Polly, put the kettle on—
(The water's filtered, scrubbed, sundried, dusted, polished, shaken, brushed, sifted, pasteurized and ironed, I see?)
Polly, put the kettle on; we'll all take tea.

FOR THE COOK.

PANCAKES.

The ingredients for pancakes, fritters, and the like should be mixed at least two hours before the batter is needed. In this way the flour has a chance to swell and the batter is not only better, but more wholesome.

CHESTNUT PATTIES.

Shell and blanch one pint of French chestnuts, discarding all nuts that are not sweet and fresh. Cover with boiling water and cook until they are soft. Then drain and mash through a colander. Add one-half cupful of cream, two well beaten eggs, half a teaspoonful of salt, one-fourth cupful of powdered sugar and a cup and a half of milk. Line little pattie pans with a rich paste, fill with the mixture and bake in a quick oven.

COLD SLAW.

Shave the cabbage fine, throwing into ice water as fast as shredded. Allow it to stand about two hours to crisp, then season to taste with salt, pepper and a wee bit of mustard. For a dressing beat the yolks of two eggs, add two tablespoonfuls of melted butter, and beat again. Add a half teaspoonful of thick sour cream, two tablespoonfuls of sugar and half a cupful of vinegar. Beat them three or four minutes, pour on the cabbage and mix.

CHARMING MATINEE BLOUSE.

White Liberty with an over-jacket in black lace defined with silk ruching fashions this charming Morris blouse. The jacket is on the zouave order with long ends tucked into the belt and a loose over-sleeve. The tight cuff is likewise of the lace and ruching. A scarf of liberty is knotted around the stock and the ends are finished with little ball pendants in jet.

Mr. and Mrs. Cassidy, have taken Mr. Von Roppard's cottage at Ste. Agathe and will spend the winter there.

Miss Aldyth Balfour, Mountain St., who has been visiting friends in the Lower Provinces, has returned home.

Mr. J. Hollister Wilson, Sherbrooke Street, who has been so seriously ill at Kennebunk Port, is now convalescent.

Mr. Wm Mackenzie, of Vancouver, B.C., is in Brockville, visiting his parents, Mr. and Mrs. Duncan Mackenzie.

Mrs. J. Alfred Robert, Ottawa, entertained at a most enjoyable euchre this week in honor of Miss Doutre, of Montreal.

Mr. and Mrs. Desbarats and children have arrived in Ottawa from Sorel, to Mrs. Desbarats parents, Hon. R. W. and Mrs. Scott.

Mr. D'Arcy MacMahon left on Monday for New York, whence he sailed yesterday on the Kronz Prinz Wilhelm for England.

Mr. and Mrs. Fletcher, of Victoria, B.C., and their little son, are expected in Ottawa, Monday to visit Hon. R. W. and Mrs. Scott.

Miss Ethel Henry, the talented young elocutionist, has taken a studio on St. Catherine Street and will remain in Montreal for the winter.

Mrs. John Caverhill, who is the guest of Mrs. George Caverhill, Drummond Street, is slowly progressing toward recovery from her recent severe illness.

Mr. and Mrs. Stallway, McTavish St., are at present at Murray Bay where they have purchased a summer residence and are making extensive alterations.

Mrs. A. M. Cassils, and Miss Marcia Cassils, who spent the past year travelling over the continent are expected in town the middle of this month.

This afternoon the presidential board of the National Council of Women, was invited by Mrs. Robert Reid, Union Avenue, to meet Mrs. Willoughby Cummings.

Mr. and Miss Ginton, Cobourg, Ont., are spending a few days in town, the guests of Mrs. Guy Ross Lorne Crescent, en route to London, Eng., where they will remain some time.

Mr. M. J. F. Quinn, K.C., was to-day reported to be fairly convalescent from his serious illness. The physicians announce that he will be able to be up in a few days.

Messrs. A. S. Maynard and G. C. Jackson, of the C.P.R., returned yesterday from Halifax, in which district they had some excellent shooting, capturing several fine birds.

The marriage of Major Lafferty to Miss Pacaud, Quebec, which will take place next Wednesday, will be a private ceremony owing to the illness of Mr. Ernest Pacaud, the bride's father.

At the dance to be given Monday evening by Lieut.-Col. Finlayson and officers of the Prince of Wales Fusiliers the patronesses will be Mrs. W. D. Gordon, Mrs. T. B. Butler, Mrs. J. H. Burland, Mrs. J. P. Cooke, and Mrs. J. A. Finlayson.

The marriage of Miss Cordelia De La Plante, eldest daughter of Mr. N. T. De La Plante, of Peterboro, to Professor Eugene Masson, of Toronto University, took place Saturday in St. Peter's, Peterboro. Mr. V. M. Heptler, of this city, acted as best man.

Mr. David Campbell, superintendent of the Canadian Pacific Railway Atlantic Steamship Company, who has been ill for several weeks, is not improving as well as expected. So little progress has been made that the physicians have not yet allowed him to leave his bed.

The picturesque marriage ceremony of the Jews was celebrated Wednesday evening in Empire Hall, the contracting parties being Miss Fanny Marjolick of 604 Sanguinet Street and Mr. M. Sloan. Rabbi Spruce of the Russian Synagogue, read the marriage service. The young couple will reside in Breboef Street.

Mrs. F. H. McGuigan entertained at a large and fashionable tea yesterday afternoon at her residence, St. Mark Street. The hostess, who was assisted in receiving by her two guests, Mrs. John R. Davis, of Kansas City, and Miss Delph, of Chicago, wore a black sequinned gown. Mrs. Davis was in mauve silk zibeline with trimmings of ecru lace, and Miss Dolphe was gowned in pink silk mulle. Miss McGuigan wore a white lace frock, and Miss Edna McGuigan was in green foulard. The floral decorations in the reception room were pink and white. The tea table was in green and white, with quantities of white chrysanthemums, and was presided over by Mrs. Robert McFarline, Mrs. Robert Logan, assisted by Miss Fitzhugh, of St. Albans, Vt., the Misses McGuigan, Miss McFarline and Miss Loud. Among those present were: Mrs. A. Stevenson, Mrs. G. Hart, Mrs. D. Rea, Mrs. D. McEachran, Mrs. D. McCaskill, Mrs. J. Wilson, Miss Macdonell, Mrs. Buck Chaffee, Mrs. R. S. Logan, Mrs. C. W. Trenholme, Lady Tait, Mrs. H. C. Miner, Mrs. Robert Macfarlane, Mrs. H. Newman, Mrs. C. L. Shorey, Mrs. Ogden, Mrs. Hugh Paton, Mrs. H. Henshaw, Misses Ibbotson, Mrs. A. McKim, Mrs. McHenry, Mrs. F. Robertson, Mrs. R. D. McGibbon, Miss Cramp, Miss Hutchinson, Mrs. Percival Heaton, Mrs. Norman Dawes, Mrs. Agnew, Mrs. James Laing, Mrs. A. E. Ellis, Mrs. Robert Adair, Mrs. Tatoz Nosse, Mrs. James Dawes, Mrs. Wainwright, Miss Wainwright, Mrs. Fred. Cairns, Mrs. P. A. Peterson, Mrs. T. Drummond, Mrs. Chas. Hays, Misses Hays, Mrs. R. C. Jamieson, Mrs. W. E. Davis, Mrs. Hall Brown, Mrs. James Ross, Mrs. Robert Mackay, Mrs. G. Bird, Mrs. Andrew Dawes, Mrs. T. A. Crane, Mrs. R. S. Buck, Mrs. Cook, and others.

NOVEMBER WEDDINGS

BLACK—BRITCHARD.

The marriage of Miss Gertrude Britchard, only daughter of Mr. Britchard, of Sutton Junction, to Mr. Frank Black, son of Mr. C. R. Black, of this city, took place very quietly at the Methodist Church, Sutton, last Wednesday afternoon. The church was beautifully decorated for the occasion by the bride's girl friends. The bride, who was given away by her father, wore a gown of white silk and lace long tulle veil with orange blossoms, and carried a shower bouquet of white roses. Mr. Jack Black, brother of the groom, acted as best man. Mr. and Mrs. Black left by the evening train for Toronto, the bride travelling in a light tweed costume with hat to match. Among the Montreal guests present were Mr. and Mrs. C. R. Black, Miss Black, Mr. J. Black and Miss Mildred Cowans.

HOWARD—FOWLER.

St. John, N.B., November 6.—(Special.)—William B. Howard, of the C.P.R., travelling passenger staff, will marry Miss Margaret A. Fowler daughter of W. H. Fowler, mill owner, this afternoon. Rev. Canon Richardson, of Trinity Church, will officiate, and Miss Sheldon, of Massachusetts will be maid of honor, assisted by six bridesmaids. Three of whom are from Calais. Mr. and Mrs. Howard will tour for about a month in various parts of the Eastern and Southern States.

LINDSAY—MOUTRAY.

Kingston, Ont., Nov. 6.—(Special.)—The marriage occurred Wednesday at Stella, of Miss Emily, youngest daughter of W. H. Moutray and Rev. E. Lindsay, of Bancroft. The service occurred in the village Anglican church, conducted by Rev. E. Roberts and Rev. C. E. Cartwright.

Mr. Edward Larose, and Mr. David Humphrey, both of Carleton Place, died last Friday.

ONTARIO LINES SECURE THE FREIGHT BUSINESS

Traffic in the Province Shows Heavy Increases in the Canadian Pacific's Earnings.

"Traffic on the Canadian Pacific Railway in Ontario has now been developed to such an extent that if the different lines were to be reported separately they would show a big percentage of increase in gross receipts."

This opinion was expressed to-day by a traffic official of the Canadian Pacific.

"Again," he said, "the particular attention paid to the freight traffic has resulted in the company having passed from being a one-crop road and in its being less dependent on the wheat crop in the West and better able to maintain its earnings through a period of depression in the West that may result from crop failure.

"Business this year in Ontario and in the Eastern sections of the line have easily kept pace, with the increase in the West."

A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medicine.

Of new discoveries there is no end, but one of the most recent, most remarkable and one which will prove invaluable to thousands of people, is a discovery which it is believed will take the place of all other remedies for the cure of those common and obstinate diseases, dyspepsia and stomach troubles. This discovery is not a loudly advertised, secret patent medicine, but is a scientific combination of wholesome, perfectly harmless vegetable essences, fruit salts, pure pepsin and bismuth.

These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinitely, whereas all liquid medicines rapidly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets, and it is claimed that one of these Tablets or lozenges will digest from 300 to 3,000 times its own weight of meat, eggs and other wholesome food. And this claim has been proven by actual experiments in the following manner: A hard boiled egg cut into small pieces was placed in a bottle containing warm water heated to ninety-eight degrees (e. blood heat); one of these Tablets was then placed in the bottle and the proper temperature maintained for three hours and a half, at the end of which time the egg was as completely digested as it would have been in a healthy stomach. This experiment was undertaken to demonstrate that what it would do in the bottle it would also do in the stomach, hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion, but scarcely two will have the same symptoms. Some will suffer most from distress after eating, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others palpitation or headaches, sleeplessness, pain in chest and under shoulder blades, extreme nervousness as in nervous dyspepsia, but they all have the same cause, failure to properly digest what is eaten. The stomach must have rest and assistance, and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At the same time the Tablets are so harmless that a child can take them with benefit. This new preparation has already made many astonishing cures, as for instance, the following:

After using only one package of Stuart's Dyspepsia Tablets I have received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the package and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was Chronic Dyspepsia and absolutely incurable as I had suffered twenty-five years. I distributed half a dozen packages among my friends here who are very anxious to try this remedy.

Mrs. Sarah A. Skeel,
Lynnville, Jasper Co., Mo.

Stuart's Dyspepsia Tablets are sold by druggists everywhere at 50 cents for full sized packages. A little book on Stomach Diseases mailed free by addressing F. A. Stuart Co., Marshall, Mich.

CHAPTER XV.—(Continued.)

It was as near an accusation of Miss Tuttle as was possible without mentioning her name. A groan passed through the assemblage, and Mr. Jeffrey, bounding to his feet, showed an inclination to shout aloud in his violent indignation. But Miss Tuttle, turning toward him, lifted her hand with a commanding gesture, and held it so till he sat down again.

It was both a majestic and an utterly incomprehensible movement on her part, giving to the close of these remarkable proceedings a dramatic climax which set all hearts beating and, I am bound to say, all tongues wagging till the room cleared.

XVI.

AN EGOTIST OF THE FIRST WATER.

Had the control of affairs been mine at this moment I am quite positive that I should have found it difficult to deny these two the short interview which they appeared to crave and which would have been to them such an undeniable comfort. But a sterner spirit than mine was in charge, and the district attorney, into whose hands the affair had now fallen, was inexorable. Miss Tuttle was treated with respect with kindness, even, but she was not allowed any communication with her brother-in-law beyond the formal "Good afternoon" incident upon their separation; while, he, scorning to condemn his lips to any such trite commonplace, said nothing at all, only looked a haggard inquiry, which called forth from her the most exalted look of patience and encouraging love it has ever been my good fortune to witness. Durbin was standing near and saw this look as plainly as I did, but it did not impose on him, he said. But what in the nature of human could impose on him? Durbin is a machine—a very reliable and useful machine, no doubt, yet when all is said, a simple contrivance of cogs and wheels; while I—well, I hope that I am something more than that; or why was I a changed man toward her from the moment I saw the smile which marked this accused woman's good by to Francis Jeffrey. No longer believing in her guilt, I went about my business with tumult in brain and heart, asking in my remorse for an opportunity to show her some small courtesy whereby to relieve the torture I felt at having helped the coroner in the inquiries which had brought about what looked to me now like a cruel and unwarranted result.

That it should be given to Durbin to hold such surveillance over her as her doubtful position demanded added greatly to my discomfort. But I was enabled to keep my lips firmly shut over my expression of secret jealousy or displeasure; and this was fortunate as otherwise I might have failed to obtain the chance of aiding her later on, in other and deeper matters.

Meanwhile, and before any of us had left this room, one fact had become apparent. Mr. Jeffrey was not going to volunteer any fresh statement in the face of the distinct disapproval of his sister-in-law. As his eye fell upon the district attorney, who had lingered near, possibly in the hope of getting something more from this depressed and almost insensible man, he made one remark, but it was an automatic one, calculated to produce but little effect on the discriminating ears of this experienced official.

"I do not believe that my wife was murdered." This was what he said. "It was a wicked verdict. My wife killed herself. Wasn't the pistol found tied to her?"

Either from preoccupation or a dazed condition of mind, he seemed to forget that Miss Tuttle had owned to tying on this pistol; and that nothing but her word went to prove that this was done before and not after the shot had been delivered in the Moore house library. I thought I understood him and was certain that I sympathized with his condition; but in the ears of those less audibly disposed toward him, his statements had lost force and the denial went for little.

Meanwhile a fact which all had noted and commented on had recurred to my mind and caused me to ask a brother officer who was walking out beside me what he thought of Mr. Moore's absence from an inquiry presumably of such importance to all members of this family.

The fellow laughed and said:

"Old Dave has lost none of his peculiarities in walking into his fortune. This is his day at the cemetery. Didn't you know that? He will let nothing on earth get in the way of his pilgrimage to that spot on the twenty-third of May, much less so trivial an occurrence as an inquest over the remains of his nearest relative.

I felt my gorge rise; then a thought struck me and I asked how long the old gentleman kept up his watch.

"From sunrise to sundown, the boys say. I never saw him there myself. My beat lies in an opposite direction."

I left him and started for Rock Creek Cemetery. There were two good hours yet before sundown and I resolved to come upon Uncle David at his post.

It took just one hour and a quarter to get there by the most direct route I could take. Five minutes more to penetrate the grounds to where a superb vehicle stood, drawn by two of the finest horses I had seen in Washington for many a long day. As I was making my way around this equipage I came upon a plot in a condition of upheaval preparatory to new sodding and the planting of several choice shrubs. In the midst of the sand thus exposed a single head-stone rose. On his knees beside this simple monument I saw the figure of Uncle David, dressed in his finest clothes and shewing in his oddly contented face the satisfaction of great prosperity, battling with the dissatisfaction of knowing that one he had so loved had not lived to share his elevation. He was rubbing away the mold from the name which, by his own confession, was the only one to which his memory clung in sympathy or endearment. At his feet lay an open basket, in which I detected the remains of what must have been a rather sumptuous cold repast. To all appearance he had foregone none of his ancient customs; only those customs had taken on elegance with his rise in fortune. The carriage and the horses, and most of all the imperturbable driver, seemed to awaken some awe in the boys. They were still in evidence, but they hung back sheepishly and eyed the basket of neglected food as if they hoped he would forget to take it away. Meanwhile the clattering of chains against the harness, the pawing of the horses and the low exclamations of the driver caused me the queerest feelings. Advancing quite unceremoniously upon the watcher by the grave, I remarked aloud:

"The setting sun will soon release you, Mr. Moore. Are you going immediately into town?"

He paused in his rubbing, which was being done with a very tender hand, and as if he really loved the name he was endeavoring to bring into plainer view. Scowling a little, he turned and met me point-blank with a look which had a good deal of inquiry in it.

(To be continued.)

Piles
To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. SUPPORTERS OF LOCAL TEAMS MUCH INTERESTED

Montreal Not Taking Any Chances With Britannias—Latter Team Will Put Up a Strong Fight.

What is bothering the minds of local followers of the game just now is whether Montreal will be able to hold down the husky aggregation of Brits, strengthened as they will be by several of their old players who had been laid off on account of injuries, or whether the Brits will make a final effort and down the M.A.A.A.

The Ottawa City-College game is exciting the interest of Canada. If College come out on top and Montreal win, the latter will still have a fighting chance for the championship and they will make the most of it. One thing is certain, however, the game on Saturday will be one worth seeing. Both teams play a running half-back game and it should be open and fast from the outset.

There will probably be one or two changes on the Montreal team to try out some of the men, men who might be needed later on. Practices this week have been very light, but both teams are very fit.

The supporters of both the city teams seem to be unusually worked up over the coming match, and a grand stand crowded with faithful rooters will no doubt be the result.

The M.A.A.A. have completed arrangements whereby the spectators will be kept fully posted as to what is going on in the College-Rough Rider match.

Following is the team that will wear the black and red to-morrow—Back, Russel; halves, Molson, Craig, Molson; quarter, Dr. Jack; scrimmagers, MacKedie, Lessor, Roberts; wings, Yuile, Rayside, Ogilvy, Duggan, O'Brien, R. Johnson; spares, Nivin, Roberts, Peck, Brown.

No referee has as yet been decided on for the game here to-morrow.

Yale's Aggressive Practice.

New Haven, Conn., Nov. 6.—The open practice of the Yale football squad yesterday afternoon was of the sensational kind and kept the spectators full of anticipation. The 'varsity played the most aggressive game of the season, and ripped up the college time. The 'varsity's playing was marred by only two fumbles, one of which nearly resulted in a college touchdown.

Mike Murphy tried a new formation with the college team in receiving the kick-off. In this the quarter was given the centre place, the tackles pulled in about fifteen yards and directly behind the guards, while the ends moved up and took the place of the tackles. This gave a solid formation and sort of flying wedge interference for the man carrying the ball.

Harvard's Poor Exhibition.

Cambridge, Mass., Nov. 6.—A big crowd of students journeyed down to Soldiers' Field yesterday to witness the last hard practice of the Crimson eleven before it leaves for Philadelphia to-morrow, where it meets the Quakers on Saturday. For a half hour the practice was open, but the rest of the time the gates were closed and the 'varsity was drilled in the formations that will be used against Penn. But the exhibition that the Harvard team put up against the second eleven during the open practice was so poor that the undergraduates left the field discouraged. Not only did the scrub outplay the 'varsity in many points, but scored one touch-down after rushing the ball for thirty-five yards of straight football. The first team's defence was ripped up like so much paper.

McGill vs. Argonauts.

The announcement of this game has fallen like a bomb among the McGill students. Excitement is becoming intense as the day approaches, for the match has appealed strongly to the sporting element among the college men. The sale of tickets, which began early this morning, promises to be the largest yet on record.

The team is in splendid condition and are eager to show that they as well as 'varsity can play a winning game against Ontario's well known players.

Play will commence sharp at 3 o'clock.

The game that was to have been played between Montreal Intermediates and McGill II. has been called off.

The Argonaut Team.

A strong team will represent the Argos against McGill. Hardisty will play full-back, with Henderson, Darling and Ardagh half-backs; Trimmer, quarter; Wright, Boyd and Russell, scrimmage, and Marquis, Wilson, Grant, Reiffenstein, Ferguson, Britton, Hoyles, Gallow and Murphy on the wing line.

ATHLETICS

Joyce Won Championship.

New York, Nov. 6.—John J. Joyce, of the Pastime Athletic Club, won the senior individual cross-country championship of the United States, defeating Alec Grant. The Pastime man led at every stage of the race and finished fully 100 yards in front of A. L. Newton, of the New York A. C., the second man.

THE STRENUOUS LIFE.

A Great Strain.

No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out.

Women, too, even when surrounded by every comfort, become infected by the common spirit, and what with their clubs and many social duties, have no time to give thought to their physical well-being, until they are suddenly brought to a sharp realization of the fact that nothing in their lives is so important as attention to correct or rational living.

It may surprise the reader to learn that women are more prone to piles then men, and in most cases it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining of stool, and straining means piles, with the certainty (under the usual methods of treatment) that the sufferer will "have them always with her," by "usual methods" is meant the application of salves and lotions, or (as a last resort) a surgical operation.

If there is a complaint which entails more distress and suffering upon those afflicted than piles or hemorrhoids, it is not known to the writer; fortunately, however, these are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mrs. L. M. Jolliff, Pharisburg, Ohio, says: "I feel it my duty to acknowledge the great benefit I have received from the use of Pyramid Pile Cure. For several months I suffered untold agony from the bleeding piles, and was finally advised by a Columbus doctor to get Pyramid Pile Cure at once, which I did, and one box completely cured me. I advise all sufferers to use it." Write the Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles.

INTERCOLLEGIATE RUGBY UNION TO DISCUSS RULES

'Varsity Will Endeavor to Have Colleges Adopt Burnside Rules—Some Opposition is Expected.

Kingston, Nov. 6.—(Special.)—On the 20th, the annual meeting of the Intercollegiate Rugby Union will be held in Toronto, and the question of rules and system of play will again be under review. Toronto 'Varsity will renew their efforts to have the new Ontario rules adopted by the colleges, and likely again threaten to withdraw from the union if their wishes are not acceded to.

SPORTING EVENTS TO-MORROW.

Rugby—
Britannia at M.A.A.A.
Argonauts at McGill.
Athletics—
M.A.A.A. Harriers vs. Brockville.
McGill annual cross-country run.

The chances are, however, that the snap-back system will not be adopted, for Queen's and McGill have not yet been able to see their way clear to accept it.

The Burnside rules have been played in McGill's class matches, but according to the McGill captain, they are not at all popular. At Queen's there have been no class matches so far this season, and hence the snap-back system has never been tried on Queen's campus, although it has been witnessed in the Limestone's matches. The east does not seem satisfied unless there is some kind of strenuous scrimmage.

The probability is that the present Intercollegiate rules will be revised and made similar to those in vogue this season in the Quebec Rugby Union, which require that a team must make ten yards in three successive downs, or lose possession of the ball.

A TRIBUTE TO FRED. SCANLAN.

Winnipeg Regrets Departure of the Popular and Brilliant Hockey Player.

This is what the Winnipeg Free Press has to say regarding the departure from that city of Fred. Scanlan, one of the most brilliant hockey players that ever figured on the Shamrock team here, or, for that matter, on any other hockey team:

"Previous to his departure for the Pacific Coast, yesterday afternoon Mr. Fred. Scanlan was waited on by representatives from the various departments in the Canadian Northern general offices, who presented him with a well filled purse as a token of the high esteem in which he was held by them.

"Mr. Scanlan was extremely popular amongst his fellow workers in the offices of the Canadian Northern and will be greatly missed by them.

"Earlier in the afternoon Mr. Scanlan was also presented with a beautiful fountain pen, by his late assistants of the superintendent's office, in which he held the position of chief clerk. Mr. Scanlan carries with him the best wishes of all to the field of his new duties.

"Local hockeyists will learn with regret that Mr. Fred. Scanlan will not be seen on Winnipeg ice this winter, as he leaves to-day to assume a responsible position in San Francisco. Mr. Scanlan in thus moving south practically closes one of the most remarkable hockey careers of Canada, at least as far as active paraicipation in hockey is concerned.

"He first became prominent in hockey circles with the champion Montreal Shamrocks. Two years ago he moved to Winnipeg, and has since played in the Victorias, where his skill and speed are well known. "Freddie" has the reputation of being the smoothest stick handler in Winnipeg, besides being one of the most gentlemanly players in the game. Scanlan has played in at least sixteen Stanley cup games, in fact, he probably holds the record in this respect. Mr. Scanlan, while here was chief clerk in the C.N.R. superintendent's office and leaves to fill a similar but higher position in San Francisco. Having been appointed assistant manager of the supply department of the Northern Pacific fleet.

Eastern Ontario Hockey.

Cornwall, Nov. 6.—(Special.)—Hockey will be played in nearly every village and hamlet in Stormont, Dundas and Glengarry this winter and already the enthusiasts of some of the centres are endeavoring to arrange local leagues, in which the travelling distances will be short and the expenses light.

Outside of the senior team, Cornwall will have two or three teams of various ages. Maxville has a rattling good septette and there is some talk there of a league with Alexandria, Avonmore, Moose Creek and Finch, or Berwick or perhaps both.

MAT AND RING

It is quite evident by the way the tickets are going that Montreal takes a great interest in wrestling. The bout between Gonthier and Little, which takes place at Sohmer Park to-night, promises to attract a very large crowd, as everybody who knows anything of the records of these two men are aware that the match to-night will be a case of when Greek meets Greek. The two men are very evenly matched, and they should put up a great fight.

Jack O'Brien Matched.

New York, Nov. 6.—Among those who arrived on the Majestic yesterday was Jack O'Brien, of Philadelphia, the middleweight champion of the prize ring. O'Brien, who has been in England some months, declared that he was matched with Tom Ryan, and that the San Francisco clubs were bidding for the fight.

Weller-Davenport Fight.

Another event that the sporting fraternity is looking forward to is the go between Weller and Davenport in the Maisonneuve Opera House, next Monday night.

Davenport is practically an unknown quantity here, but it is rumored that he is a good one, and that he will surprise Wellers' supporters. These latter, however, are altogether confident that Billy will be more than able to take care of himself.

Quebec, Nov. 6.—Unusual interest is taken in the forthcoming boxing exhibition between Billy Armstrong and Gunner Wagner, R.C.G.A., which will take place here Monday. Both men have been training hard of late in this city, Wagner with Prof. Austen and Armstrong with Mike Murphy, who is to meet Harry Snelly next month.

DINNER BY MONTREAL BAR.

The Montreal Bar Association's annual banquet, to be held in the Windsor Hotel to-morrow night, promises to be a success. Prior to the dinner the Batonnier, Mr. Donald Macmaster, K.C., and the committee will hold an informal reception in the parlors of the hotel. Replies have been received from the Chief Justic of Canada and many judges of the courts signifying their intention to be present. The presidents of the New York Bar Association and the Vermont Bar Association will also attend.

MISS ADAIR HAD AN EASY WIN OVER MISS HARVEY

The Canadian Champion Beaten 8 Up and 7 to Play—The Finals Will Be Played To-day.

Toronto, Nov. 16.—The second round of the tournament for lady golfers at the Lambton links was played yesterdady, in both the first and second cup series. Miss Adair, the British champion, had an easy victory over Miss Harvey, the Canadian champion. The third round was commenced this afternoon and the finals in both series will be played to-day. Yesterday's scores were as follows:

First cup, second round—
Miss Adair beat Miss Harvey, 8 up and 7 to play.
Mrs. Bolte beat Miss Hoodless, 6 up and 4 to go.
Miss Marler beat Miss Greene, 5 up and 4 to play.
Miss Phepoe beat Mrs. Phepoe, 8 up and 7 to go.
Second cup, second round—
Miss Cox beat Miss Davidson, 4 up and 3 to go.
Mrs. Yarker beat Mrs. Mahoney, 5 up and 2 to go.
Miss Elmsley beat Mrs. Stikeman, 2 up and 1 to go.
Mrs. Sydney Smith beat Mrs. Barritt, 3 up and 2 to go.

It has been finally arranged that in the four ball handicap on Saturday Mr. George St. Lyon and Miss Adair will play a game with Mr. Fritz Martin and Miss Phepoe, both of Hamilton. This will be one of the most interesting events of the tournament.

Some Prominent Entries.

Atlantic City, N.J., Nov. 6.—Sixty-odd entries, comprsing some of the best amateur golfers in the East, have been received for the annual fall open tournament, which began to-day over the links of the Country Club of Atlantic City. Prominent among those on hand is George T. Brokaw, of New York, who, with the possible exception of Walter J. Travis, the national champion, has won more prizes during the last two years than any golfer in the country. Another prominent entry is Percy R. Pyne, second, also of New York. Pyne is the former intercollegiate champion, and recently returned from a tour of the foreign links.

LORD BADGE'S CONDUCT IS BEING INVESTIGATED

Stewards at Aqueduct Puzzled Over His Sudden Improvement in Form —Won Easily After a Bad Beating.

New York, Nov. 6.—The stewards of the meeting at Aqueduct yesterday took up the sheets on Lord Badge and are investigating the sudden improvement in form of that horse. Lord Badge started Wednesday and was badly beaten. Yesterday he was heavily played, being backed down from 10 to 1 to 4 to 1, and won by six lengths. The track was fetlock deep in mud. Summary:

First race, selling, 7 furlongs—Forward, 6 to 1; Morokanta, 50 to 1; Ninespot, 8 to 1. Time, 1.30 2-5.

Second race, handicap, 1 1-8 miles—Badge, 4 to 1; Brigand, 3 to 1; Sabot, 4 to 1. Time, 1.57.

Third race, 1 mile—Garnish, 12 to 1; Longspur, 6 to 1; Champlain, 13 to 5. Time, 1.43 4-5.

Fourth race, the Roslyn handicap, 1 1-16 miles—Wild Thyme, 3 to 1; Ahumada, 9 to 10; Florham Queen, 7 to 1. Time, 1.48 1-5.

Fifth race, 6 furlongs, handicap—Beldame, 1 7to 10; Harangue, 6 to 5; Palette, 4 to 1. Time, 1.15 4-5.

Sixth race, 1 mile—Erbe, 5 to 1; Trepan, 9 to 5; The Captain, 8 to 1. Time, 1.43.

A BOARD OF HANDICAPPERS.

Most Horsemen Express Themselves as Against the One-Man System.

New York, Nov. 6.—The trend of horsemen's thoughts just now is toward a board of handicappers to assign weights in the handicaps, in place of the one-man system. The little quarrel between L. V. Bell, the millionaire horse-owner and W. S. Vosburgh, the handicapper, has aroused to action the owners who have submitted in the past to allotments of weights which they have never sanctioned, but were afraid to object to. At the Aqueduct track yesterday several horsemen voiced sentiments for a change.

Arthur Featherstone, at one time president of the American Bicycle Company, and one of the most liberal patrons of the turf, said: "I have no objection to Mr. Vosburgh personally and think him a competent man in his line of business, but I think a board of handicappers composed of at least three men would give more satisfaction. Three men act as handicappers in England and the system works well. If the same was adopted here it would do away with cavil and talk of prejudice. I am in favor of trying a board of handicappers."

Andrew Miller, another member of the Jockey Club, was slightly in favor of the present system in vogue. "I think Mr. Vosburgh is competent to handicap the horses, but I am open to conviction, if any good argument is advanced that a board of handicappers would achieve better results. There is a board of handicappers in England, I believe, and their work gives satisfaction."

Of many horsemen interviewed, Miller was the only one in favor of the one-man system. All the others advocated a change to a board of handicappers. One or two suggested that if the Jockey Club officials would like to get opinions of the horsemen on the matter it would not be a bad idea if they asked the owners to vote for or against a board of handicappers.

Gallagher Let Her Go.

Nashua, N.H., Nov. 6.—The sensation of to-day's racing at the Nashua fair grounds was the breaking of the track record of 2.11¼ by Gallagher, the new mark of 2.09¼ being made in the free-for-all.

WE FURNISH HOMES,

Flats, Hotels and Rooming Houses complete. We have all the latest designs in furniture, carpets, oilcloths, curtains, etc., and will gladly give you an estimate either for cash or credit. Compare our prices with those asked elsewhere. F. Lapointe, 1449 St. Catherine Street, corner Montcalm.

Adv.

MISCELLANEOUS

To Hold Annual Meeting.

Kingston, Nov. 6.—(Special.)—The annual meeting of the Lake Yacht Racing Association will be held to-morrow. There are several matters to be discussed. An amendment will be introduced regarding the admission of schooner yachts into the racing classes at a lower percentage. The rate is now about eighty per cent., and it is proposed to reduce it to seventy. Another question to be discussed is with regard to sail area. It is claimed that 550 feet for twenty foot yachts is not sufficient, and that the area should be increased. This is the Canadian rule, but United States yacht racing associations allow a vessel to carry all she can hold.

Pianos for Hire at Lindsay's

A Rubber Tale

FROM BRAZIL TO CANADA

Down in tropical South America, amid the virgin forests of the Amazon and the Oronoco, the natives are busy gathering pure Para gum to be made into "Granby" Rubbers for the Canadian people.

It is the dry season now, the time when the trees are "tapped" and the milky juice exudes. The tapping is done in the evening and, as the sun sinks in the west, the woods are alive with the "brown men" at work.

Granby Rubbers

are composed largely of pure Para rubber, which ponderous machinery, time, patience and human skill have transformed from the sap of a tree into one of the necessities of winter wear. And "Granby" rubbers are a real necessity. No other make of Rubbers has the great wearing quality of the "Granby," or the same graceful shapes and easy, comfortable fit. They are easy to wear and hard to wear out. Everywhere one hears people say,

"Granby Rubbers wear like iron."

The Maritime Express

Which leaves Montreal daily, except Saturday, for Levis (Quebec), Moncton, St. John, Halifax and The Sydneys, is one of the finest, solid vestibuled trains being run on the Continent, and is so spoken of by the many who travel by it.

Quebec Service

Trains leave Montreal at 7.40 a.m., 12 noon, and 11.45 p.m. To this train is attached a Sleeping Car for Levis, which passengers can occupy at 9 p.m. and remain in same until 8 a.m.

Trains leave Levis (Quebec) at 12.10 p.m. and 4.20 p.m.

On Monday an express train leaves Levis at 10.25 a.m., arriving at Montreal at 4.05 p.m., replacing the 12.10 p.m. train which is cancelled on that day.

The English Mail Train

Leaves Montreal at 7.45 p.m. every Saturday, for Riviouski, stopping at St. Hyacinthe, Ste. Rosalie, Drummondville, Levis (Quebec), Montmagny, L'Islet, St. Anne, St. Paschal, Riviere du Loup, Cacouna, Trois Pistoles and Bic. A Sleeping Car is attached to this train.

All trains depart from Bonaventure Station.

Stocks and Money

ANOTHER LOW LEVEL FOR UNITED STATES STEEL SHARES

The bear element seemed to have the upper hand again this morning and the tone of the Wall Street market was very uncertain.

The railroads appeared to hold their own moderately well, but the disturbance in the Steel trade had a bad effect upon the rest of the market and particularly U. S. Steel itself, which has fallen into its old habit of establishing new low records.

The common to-day sold down to 10⅝ and the preferred 52⅝, as against 51¼ yesterday. These are new low marks.

There was quite a surprising volume of liquidation at the opening this morning, which proved a disappointment to the many who had hoped that the market had broken away from the baneful influence of New York. Local prices gave way quite readily under the pressure and it was not until about eleven o'clock that the market steadied itself. Power for instance opened at 72½ and then recovered to 74, while the rest of the market followed to a certain extent much the same course.

Dealings in cottons were not important, but the brokers were nevertheless interested in the announceemnt that negotiations looking towards an amalgamation of the Dominion and Merchants Cotton Co.'s are now in progress. Although not wishing to speak for publication, several gentlemen prominently identified with the two concerns admitted that the deal is being seriously considered. There was also talk that the Colonial Bleaching and Dyeing Co. would be included in the deal, but several people connected with the latter concern said that they would stand out. The Colonials mill at St. Henri has been very successful and comes into direct competition with the Dominion's print mill at Magog. The amalgamation talk was very favorably commented upon by the trade in general.

$ $ $

The local trading was confined chiefly to Power, Detroit and Pacific, but Coal, Twins, Richelieu and Toronto also came in for a fair amount of attention.

Dom. Steel common sold to 7, the low record here, while it touched 6½ in Boston.

The predictions that Dominion Coal would soon increase its output very largely created a favorable feeling towards the stock, but in the face of general declines it failed to move up and held about steady in the vicinity of 72½.

$ $ $

There was a sale of 200 shares of Commercial Cable at 150.

$ $ $

A broken lot of Dominion Cotton sold at 26 and a 5 share lot of Montreal at 110.

$ $ $

The sales to noon in Wall Street today were 375,000 shares.

$ $ $

L. J. Forget & Co.'s London cable quoted Grand Trunk first at 108¾, second at 96, third at 43¾, Canadian Pacific at 121¼, Hudson Bay at 33½, and Anaconda, at 3⅜.

$ $ $

Mr. C. D. Monk's messages said: Americans in London irregular with steels weak. Steel underwriting syndicate has finished selling bonds. Twenty-three roads, fourth week October, average gross increase 6.73 per cent. Independent steel authorities say cut in billets will be followed by reduction in plates, steel bars, and finally rails. Increased demand for stocks in loan crowd. Well brokers borrowers of stocks. Advices from London ridicule rumors of financial trouble there. Western and southern demand for currency will not be urgent after next two weeks. No confirmation of rumored $4,000,000 gold engagement in Europe. Arbitrage houses borrowing Steel preferred sold to arrive. News Bureau says: There are not many railroad stocks for sale; there is even a greatly diminished supply of almost all the industrials. With the steel situation eliminated, the market might be doing exceedingly well. Next quarterly dividend on practically any amount of Steel common is openly offered for sale at 14 cents a share; at the present price of the stock doubt is raised in the Street as to whether the present rate of preferred dividends is to be depended upon. Bradstreet's reports more failures in October than in any preceding month since January this year, and the aggregate of liabilities was the heaviest reported in any month since December, 1899. There will probably be another exciting day in steels. Railroad list finds support from short covering, as there is little if any buying from other sources. The offering of common dividend at such concession throws a lot of almost worthless stock on market. This will temporarily affect good stocks.

$ $ $

London.—Americans in London and general market closed steady. Detroit Southern, fourth week October, increase $13,274; from July 1, increase $94,750.

$ $ $

Noon.—Steel stocks were attacked again right from opening, and again new low records were made on all issues. The railroad stocks were sympathetically weak at opening, but were receiving support from shorts and regained losses. At noon market quiet.

$ $ $

It seems likely that London market has been used to liquidate steel stocks for this side, and that the re-selling here of such stocks has given rise to entirely baseless rumors of financial trouble abroad. There is, in fact, a gain in the international list since the last London prices, with the exception of United States Steel issues.

$ $ $

Price of $28 per ton for steel rails has been reaffirmed by steel rail pool, and temporarily at least there will be no change. Steel Corporation finance committee members said the price of steel billets had been reduced to $23 per ton, Pittsburg. I know of no proposed reduction in other fine shed products.

$ $ $

Banks lost $1,938,000 yesterday, and since Friday have lost $7,091,000 to sub-treasury.

$ $ $

Robert Meredith & Co., received the following over their private wire from Zimmermann & Forshay, New York: The industrial situation is by no means settled as yet and its disturbed condition will effect the entire market. There is likely to be further liquidation in the Steel and Iron shares and in London they are the weakest features otherwise London market is heavy. The Bank statement will be unfavorable.

The general market is bound to follow the lead of the Steel stocks, although the better class of railroad stocks show great resistance. Local trading for a bad bank statement will be the rule, irregular opening and lower prices. The action of the market to-day has given renewed vigor to bears and tips are out of attacks to be made on various stocks. Steel preferred will probably go lower. While we are inclined to look for somewhat lower market to-day we think buying of good rails will prove more profitable than following decline by sales. The banks lost $1,938,000 yesterday to the sub-treasury and since last Friday lost $7,091,000 to the sub treasury.

The feature of the market this morning was the relative steadiness of the railway group in the face of continued declines in industrial shares. New low prices were made by Steels and while some attempt was made to support the heavy selling especially in Steel preferred was too persistent to be withstood. The news was much the same as yesterday, but the transfer through the Sub-Treasury caused some stiffening in call money.

The Baltimore & Ohio has sold about three million of its treasury bonds to pay for improvements, which have already been made. Southern Pacific is latest company to show big falling off in net although gross earnings were in excess of September last year. The market is unsettled and uncertain. Europe was again a seller on balance. Canadian Pacific closed in London at 121 1-4.

$ $ $

New York Post—A curious incident was the sale of the next dividend of United States Steel common stock, that is the one after the dividend recently declared amounting to 1-2 per cent., but which has not yet been paid, at 15 cents a share. This is, of course, looking forward nearly three months, and is based on the belief that the dividend may be passed altogether since 15 cents a share would be at the rate of only a little more than 1-2 per cent. for the entire year. The present dividend is on the basis of 2 per cent. a year.

$ $ $

Call money in New York was quoted at 4 1-2 per cent. as against 6 yesterday.

$ $ $

Call money here 5 to 5 1-2 per cent.

$ $ $

Directors of the American Cotton Oil Company declared to-day a dividend of 4 per cent. on the common stock and 3 per cent. on the preferred shares. Compared with last year the payment on the common stock is a reduction of 2 per cent.

Dividends of 6 per cent. were paid on the preferred stock from 1892 to 1903. On the common stock 3 per cent. was paid in 1898; 4 per cent. in 1899; 3½ per cent. in 1900; 2 per cent. in 1901; 4 per cent. in 1902. An additional 2 per cent. was paid June 1, 1903, making 6 per cent. for the last fiscal year.

$ $ $

Iron Bonds—3,000 at 53½.

SPECULATORS LEFT

Berlin, Nov. 9.—The Deutsche Bank's intended listing of Baltimore & Ohio stock on the Bourse has been countermanded, owing to the premature publication here of its intention to do so, which caused speculators to buy ahead, with the design of selling so soon as the stock was listed.

COTTON STILL HIGH

Liverpool this morning was due to come 3 1-2 to 4 points lower. Instead the English market opened barely steady, 5 to 6 down, wired Judson & Co. to their Montreal office, 11 St. Sacrament Street. Despite the lower Liverpool quotation our market opened firm and strong, and scored a sharp advance on buying which emanated chiefly from the bull clique. On the advance Weld & Hagadon were heavy sellers. The receipts for the interior towns thus far reported show an increase of 53,000 bales in Houston and other towns, and a decrease in the northern part of the cotton belt, including Memphis and Little Rock. The bull element and spinning interests were conspicuous buyers at the opening and soon after another heavy short covering movement began. The usual profit taking caused some reaction, but general sentiment was rampantly bullish.

Following is the opening and market at 12 o'clock for the more active months:—Jan. 10.64, 10.72; Dec. 10.67, 10.80; March 10.75, 10.77; May 10.79, 10.77; Nov. 10.70.

MARION SYSTEM IN BRITISH COLUMBIA.

Vancouver, B.C., Nov. 6.—(Special.)—N. C. Marshall, principal of the Vancouver Business College, announces his appointement as western manager of the Marconi Wireless Telegraph Company. The company will proceed at once to install their system in this province, connecting Vancouver, Victoria, Nanaimo, Comox and other mainland coast and Vancouver Island points, and passing thence to Skagway, from which town the line of communication will extend to Dawson.

The Amalgamation of Two Leading Cotton Companies

The persistent rumor which is in the air that there will be an amalgamation of the Merchants and Dominion Cotton Co.'s, leads many to believe that the deal is a possibility, even although the negotiations have as yet scarcely passed out of the premature stage.

Many people in the trade express the belief that an amalgamation would greatly benefit both companies, if only for the reason that it would stop the recent competition, which has been excessively keen.

A well known cotton man told The Herald some time ago that the much abused tariff was the least of the evils with which the concerns have had to contend, and that the true cause of the trouble was the cut-throat competition prevailing in the trade.

Of course the scarcity and extreme high price of raw cotton have been potent factors which, in a measure, no doubt, tended to intensify the situation.

Early in the summer there was a movement on foot amongst the manufacturers to come to some understanding in regard to prices, but it was not satisfactory, and ended indeed in the circulation of the now famous circular from one of the companies advising the trade not to be in a hurry to buy at the then prevailing prices, intimating, of course, that they would go lower.

The prediction, as people who are familiar with the fireworks in the raw cotton market know full well, turned out rather badly, and the circular incidentally created considerable bad feeling.

In fact the breach became wider than ever and matters have been unsettled since that time.

With one exception, practically all of the Canadian cotton concerns have exceptionally light stocks of raw material on hand, and cotton bought at these prices and manufactured show a dead loss, and it is only on cotton bought earlier in the season that the concerns can see daylight.

There have been repeated rumors that several concerns would be obliged to shut down altogether by reason of the scarcity and high prices, but a brave struggle has been made, and by greatly diminishing the output and buying from hand to mouth, the looms have been kept going.

Of course cotton trade conditions are acute the world over, so in a great many respects the Canadian situation is not unlike conditions prevailing in England and the States.

A cotton man stated yesterday that one important feature of it all, is that stocks of manufactured goods all over Canada will be greatly reduced, and when raw prices go lower, and the companies get on their feet again, things will hum.

$ $ $

Canada's Rank as a Gold Producer

The figures for the world's production of gold in 1902 place the total at 14,313,660 fine ounces, valued at $295,889,600, as compared with 12,740,746 ounces, valued at $263,374,700, in 1901; 12,315,135 ounces, valued at $254,576,300, in 1900; and 14,837,775 ounces, valued at $306,724,100, in 1899, the latter year's production having been the largest in history. The greatest increase, of course, is in the African production, which is placed at 1,857,773 ounces, valued at $38,028,700, against 439,704 ounces, valued at $9,089,400, in 1901; 415,503 ounces, valued at $8,671,900, in 1900, and 3,532,488 ounces, valued at $73,023,000, in 1899. Other countries showing marked increases over 1901 are Australasia, which heads the list for 1902, with a production valued at $81,578,800, against $76,880,200 in 1901; Central America, with $2,001,900 in 1902, against $640,300 in 1901; and Peru, with $2,326,100 in 1902, against $1,329,200 in 1901. The countries showing the most marked decreases in the value of their gold production in 1902 as compared with 1901 were Canada, decreased from $24,128,500 in 1901 to $20,741,200 in 1902; Chili, from $1,067,200 to $575,200; Brazil, from $2,775,400 to $1,994,600; and Corea, from $4,500,000 to $3,500,000.

$ $ $

Cut in Steel Prices Depressed Stocks

The uncertain monetary outlook, the proposed issue of $50,000,000 new bonds by the Lake Shore Company, and a further general reduction in the prices of iron and steel products, furnished excellent material for bear operations in the stock market yesterday. Among these adverse factors, the last mentioned was by far the most potent. It was officially announced yesterday that the U.S. Steel Corporation has cut the price of billets $4 per ton, the ruling price now being $23. This compares with a price of $32 last December, and $35 asked and freely paid during the opening months of 1900. But comparison must also be made with $26 per ton in 1898. In addition to this reduction it is strongly intimated that the Trust will meet other sweeping reductions in the price of various products already made by independent concerns, which are operated in harmony with the larger producer. It is not known definitely whether the price of steel rails will be reduced or not. Sheet steel, steel plates, tin, wire, and nails are selling at concessions. During the year 1902, it is estimated that the Steel Company produced 8,500,000 of finished steel. If the proposed reduction of $2 per ton is maintained, it would appear that the income of the Corporation would be cut something like $17,000,000 during the year 1904. However, there is every prospect that the output during this time will be smaller, in which case corresponding reduction in the cost of operation must be taken into consideration. It must be remembered also that schedules which have obtained until recently since 1900, have been abnormal and that the current reaction has not so far extended further than a return to a normal basis. Many buyers have held off in anticipation of this reaction, and it is very probable that at present levels general demand for structural material will be stimulated. At any rate it would seem that Steel common at 10⅞, and the preferred at 54⅝, have discounted a more drastic cut in steel prices than seems in prospect for the immediate future. An announcement for an additional bond issue for the Lake Shore Road had been foreshadowed for some time. It will be remembered that in the early part of the year this company acquired a half interest in the Hocking Valley Road, at 105, for which it is believed five per cent. short time notes were issued. $25,000,000 of the net bond issue will probably be used to cancel these notes and $25,000,000 will be issued from time to time to finance improvements and betterments. It is very likely that this action would not have been taken at this time without ample assurance that the issue would be absorbed at a satisfactory price.

The Drop in U.S. Steel Stock.

The next dividend on Steel common was sold on the curb at 15 cents per share. In other words, it is believed that the seller is of the opinion that the dividend would be passed just now. The selling of Steels was scattered among a large number of brokers, and no doubt represented a considerable volume of liquidation. A great deal of the selling, however, was for short account. Houseman bought something like 10,000 shares of the common and preferred, which was believed to represent inside support. Content also appeared to have some large supporting orders. The heaviest buyers were Harris, Gates & Co., who took fully 15,000 shares, all of which was believed to be short covering.

Market Reports

NEWS AND VIEWS OF THE DAIRY MARKETS

The Butt er Market Gaining Strength, But Cheese Continues Dull—Argentine as a Dairy Country.

There is no perceptible improvement in the cheese market to-day and the tone continues quiet and dull. There has been some little fluctuation in cheese values recently but they are not affecting the market to any extent. To-day's questions are: Townships, 10 1-8c to 10 1-2c; western, 10 3-8c to 10 3-4c; Quebec makes, 10c 1-4c.

The Butter Market.

There was a slight improvement in the tone of the butter market due to a better enquiry from the Old Country. Mail advices today report a stronger market in England. Quotations to-day are for Townships, 21 1-4c to 21 1-2c; western, 19c; Quebec finest, 20 3-4c dairy, 15c to 16c, as to quality.

Cheese Sales in the Country.

Brockville, Nov. 5.—Notwithstanding the lateness of the season there was a large attendance at the regular meeting of the cheese board this afternoon. The buyers were also out in full force, with a new face in the ranks, Levi Patton, who succeeds Thomas J. Howe, as representative of A. W. Grant & Co., Montreal. The offerings were 1,261 white and 703 colored, all Octobers, showing a marked falling off in colored goods. Developments indicated a very dull market. Mr. Earle made the top bid at 9 7-8c. The farmers boldly held out for 10c, but as it was not forthcoming an adjournment was made without a sale. Things brightened up a bit on the curb and there was a good demand. The entire offerings was sold at 10c to 10 1-4c, the latter ruling for colored, and 10 1-8c for white. Bissell took 1,500, Webster 500, Derbyshire 1,000, Murphy 1,5000, Dickey 1,300, Davis 1,000, Earle 800; total, 7,60 boxes.

Kingston, Nov. 5.—To-day, 1,190 boxes of cheese were registered at the Frontenac board, but no sales occurred at the offer of 9 7-8c. Board will meet again next Thursday.

Vankleek Hill, Ont., Nov. 5.—There were 1,935 boxes of cheese boarded here to-day. Only 200 boxes sold on the board. Fraser, for T. S. Williamson, raised the bid to 10 1-8c, and at that figure he got 200 boxes. It is reported that most of the cheese was sold on the street at 10 1-8c, Fraser being the heaviest buyer. Eight buyers were present, and most of them did not want cheese over 10c.

Winchester, Nov. 5.—At the meeting of the cheese board held here this evening, 334 colored and 813 white were registered, 10 1-4c was bid for colored and 10c for white. Sold on board—188 colored and 143 white. Buyers present: Logan, Ault, Gibson, Keenan and Weir.

Tweed, Ont., Nov. 5.—One thousand cheese were boarded here to-day and 250 sold at 10 1-8c. Balance unsold.

New York, oNv. 5.—Butter, irregular; receipts, 6,680; renovated extras, 18c; do. firsts, 16 1-2c to 17 1-2c; do. seconds, 15c to 16c. Cheese quiet; unchanged; receipts, 7,708.

WORK FOR ST .THOMAS.

St. Thomas, Nov. 6.—A. E. Robins, of Buffalo, superintendent of the Buffalo division of the Wabash Railway, met the City Council yesterday in regard to the establishment of railway shops in this city. At a meeting of the Council afterwards the Mayor and city solicitor were appointed a committee to negotiate in the matter with General Manager Ramsay.

GRAIN MARKETS HERE AND ELSEWHERE

Continued Activity in the Local Markets, Though Manitoba Wheat is Weaker—Wheat at Chicago.

The local wheat market continues dull, but there was a little better feeling this morning due to an improved export enquiry following the decline in Manitoba wheat, but no immediate improvement is looked for. There is a small volume of business passing but not enough to affect the market. We quote: No. 1 northern, 80 1-2c, No. 2 northern, 76 1-2c; No. 3 northern, 72 1-4c Business in other grains continues quiet, and we quote; Peas, 71 1-2c to 72c rye, 58c; No. 3 extra barley, 51c; buckwheat, 52c to 52 1-2c; No. 2 white oats, 34c; No. 3, 33c and ex store No. 2 at 35c and No. 3 at 34c bushel.

Cable advices to-day to the Board of Trade were as follows:

London, Nov. 6.—Wheat on passage, buyers indifferent operations, maize quiet and steady, wheat English country markets, quiet but steady weather in England, overcast, forecast fine.

Liverpool, Nov. 6.—Wheat spot, quiet Walla Walla, wheat spot 6s 8d to 6s 8 1-2d; No. 2 winter wheat, spot, 6s 1 1-2d to 6s 3 1-2d. Futures, wheat dull, Dec., 6s 5 1-4d; March, 6s 5d; May, 6s 4d; maize, dull. Dec., 4s 1 5-8d; Jan., 4s 0 5-8d; mixed Americans, maize spot, old 4s 1d to 4s 1 14d. Flour, Minneapolis 1st bakers, 22s to 23s 3d. No. 1 Nov., Manitoba, new crop 6s 7 1-2d.

Paris, Nov. 6.—Wheat tone quite, Nov., 20.90; March and June, 21.00. Flour, tone quiet; Nov. 29.95; March and June, 28.65. French country markets, quiet but steady.

December wheat opened in Chicago at 78 3-8 and at one o'clock was 78 1-8. May opened at 78 1-2 to 78 5-8 and was slow selling later at 78 3-8.

December corn opened at 44 3-8 to 44 1-2, and held steady while May at one o'clock was 43 5-8.

Russia May Have to Buy Wheat.

London, November 5.—According to statements made in the Russian newspapers there has been a very bad harvest, and it will be necessary to purchase wheat abroad. There is great distress among the rural population, and many peasants will be forced to sell their cattle because of the lack of forage. In the province of Riazan the hay crop is two million quintals below that of last year. The harvest in Siberia is very bad. The new wheat is found to be mixed with ergot, which has already had poisonous effects.

Wheat Yield of Seven States.

Washington, Nov. 6.—The States of Minnesota, North Dakota, South Dakota, Montana, Idaho, Oregon and Washington, which annually produce approximately one-third of the wheat crop of the United States, will this year yield 222,903,689 bushels. These figures, according to the Department of Agriculture, indicate that the crop of 1903, which a month or two ago was reported to be far below the average, will almost, if not quite, equal that of 1902.

Although the final estimate of this year's wheat crop will not be ready until Dec. 10, the statisticians of the Agricultural Department believe that the preliminary estimate is a fair approximation. This preliminary estimate places the crop at only a few million bushels below the crop of 1902.

The States in question produced last year 284,159,429 bushels of wheat. In this year's preliminary estimate the winter wheat production of Idaho is missing, so that when this is taken into consideration, and allowing for increases in the other States, it is believed that the crop this year will very nearly equal that of 1902. Minnesota, North Dakota and South Dakota produce about one-third of all the wheat in the United States. These three States will probably produce not less than 180,000,000 bushels this year. The exact estimate preliminary) is 177,125,615. The acreage sown to wheat in Minnesota and the two Dakotas last spring was 13,167,110, as against 13,296,159 in the spring of 1902.

The yield per acre in Minnesota this year is placed at 13.1 bushels, as against 13.9 bushels last year; in North Dakota, 13.3, as against 15.9, and in South Dakota, 14.2, as against 12.2.

Grain Yield of the Northwest.

A final estimate of the yield of grain in Manitoba and the Northwest Territories for the present season has been made by the Northwest Grain Dealers' Association. The figures are as follows:—

	Total Acreage.	Average Yield.	Total Yield.
Wheat	3,123,663	16.1	50,290,974
Oats	1,101,333	36.5	40,198,654
Barley	381,135	29.7	11,319,709
Flax	64,67[illegible]	9.0	581,751

It is estimated that about 14,000,000 bushels of wheat will be used for seeding purposes, and in the country mills, to come to market. The Government crop report of last year showed 53,077,267 bushels of wheat. Only 60 per cent. of the crop has been threshed so far, operations having been delayed by rain. The estimate of the association indicates that the harvest was heavier than was expected.

Toronto Grain Market.

Toronto, November 5.—There was a good demand for home milling and little offering, and the market is firm at 77 1-2c to 78c for No. 2 red and white, middle freights, and east. Goose is steady at 70c for No. 2 east. Spring is steady at 73 1-2c for No. 2 east. Manitoba is easier at 90 1-2c for No. 1 hard, 87c for No. 1 northern and 83c for No. 2 northern at Georgian Bay ports, and 6c more, grinding in transit.

Flour is in good demand and firm at $3.10 bid and $3.15 asked for 90 per cent. patents, in buyers bags east or middle freights. Choice brands are held 15c to 20c higher. Manitoba flour is steady at $4.55 to $4.75 for cars of Hungarian patents, $4.25 to $4.45 for second patents, and $4.15 to $4.35 for strong bakers, bags, included, on the track, Toronto.

Millfeed is steady at $17 for cars of shorts, and $13.50 for bran in bulk, east or middle freights. Manitoba is steady at $20 for cars of shorts, and $18 for bran, sacks included. Toronto freights.

Barley is dull at 45c for No. 1, 43c to 44c for No. 2, 40c to 41c for No. 3, extra, and 39c for No. 3 or feed, east or middle freights.

Buckwheat is quiet at 40c to 41c for No. 2 middle freights or east.

Rye is steady at 50c to 51c for No. 2 middle freights or east.

Corn is quiet. American is quoted at 54c for No. 2 yellow, 53 1-2c for No. 3 mixed or No. 3 yellow, and 52 1-2 for No. 3 mixed in car lots, on the track, Toronto.

Oats are easier. Some good-sized purchases were made for export to-day at 29c for No. 2 white, high freights, north and west, and 29 1-2c middle freights. No. 1 white are quoted at 30 1-2c to 31c, and No. 2 white at 30c to 30 1-2c east.

Oatmeal is steady at $3.60 for cars of bags and $3.80 for barrels on the track, Toronto and 25c more for broken lots.

Peas are quite at 61c for No. 2 high freights, north and west, 63c east and 62c middle freights.

Flour and Feed Markets.

Herald Office, 3 p.m., Nov.6.

There is no actual change in the market for flour, and it remains steady at unchanged prices. We quote: Choice Manitoba spring wheat patents, $4.80; Manitoba spring bakers, $4.50; winter wheat patents, $4.15 to $4.25; straight rollers, $3.85 to $4; extras, $3.50 to $3.60, and extras, in bags, $1.70 to $1.75. Receipts of flour yesterday were 2,841 sacks. There is a good demand for millfeed, and there is no change in prices. Manitoba bran, in bags, $18; shorts, $20; and mouillie, $24 to $25 per ton, as to quality.

Rolled oats are in fair demand at $1.77½ to $1.80 per bag, and $3.75 to $3.80 per barrel.

There is a good demand for millfeed, and the market is steady at established prices. Manitoba bran, in bags, $17; shorts, $20; Ontario bran, in bulk, $16 to $16.50; shorts, $19; mouillie, $24 to $28.

THE ENGLISH APPLE MARKETS

A Good Demand for Superior Grades, But Poor Fruit is Not Wanted.

Frank Hamilton, 163 McGill Street, in his weekly circular says:

My cable from Frank Hamilton & Co., Liverpool, on yesterdays apple auction reads:

"The sales to-day amount to 35,000 barrels. Spies and Baldwins, 13s to 18s; Ben Davis, 15s to 17s; greenings, 16s to 19s; Bellflowers and Talman Sweet, 12s to 14s; sundries, 14s to 17s. The market remains unaltered for best quality, but inferior fruit is decidedly weaker, and the tendency downwards."

Thomas Russell cabled from Glasgow yesterday evening:

"The market has advanced. Kings 20s to 26s; spies, 14s to 19s; greenings, 14s to 18s 6d. There is a good demand for superior varieties."

Apples at Manchester.

Under date of October 24th, the following report on apples was received from Manchester: We look forward confidently now to a continued steady demand, with reasonable shipments, see no reason why prices should not keep up. We quote:

	American. s.d		American. s. d.	Canadian. s.d.		Canadian. s. d.
Baldwins	12 0	to	16 6	14 0	to	18 6
Greenings	12 6	to	16 0	13 6	to	17 6

Ribstons	12 0	to	14 6	14 0	to	16 0
Various	11 0	to	15 0	12 6	to	17 0

BUSINESS DONE AT BONSECOURS MARKET

A Good Demand for Poultry—Country Produce Freely Offered—The Range of Prices.

There was an active trade at the Bonsecours market this morning, there being a brisk demand in all lines. The attendance of farmers was not as large as usual but the supply of country produce was plentiful. There has not been much change in prices recently, and the market tone is at present firm and steady. The demand for poultry to-day was exceptionally good, and the supply was quite equal. Values to-day were as follows:

GRAIN—Quiet and steady.			
Oats, new, per 34 lbs....	.36	to	.37
Barley, per 34 lbs........	.55	to	.57½

Hogs, live weight	.5	to	.00

DISMISSED WITHOUT REASON.

Winnipeg, Man., Nov. 6.—(Special.)—A portage la Prairie despatch says Dr. S. B. Cowan, medical superintendent of the Home for Incurables, has received notice of his dismissal. Dr. H. A. Gordon is to succeed him. The change has caused a sensation in the town, as Dr. Cowan was appointed by the Roblin Government and has always been a Conservative. The position is one of the best in the gift of the Government. No reason is given for dismissal.

A banquet was given last evening at the Asylum of Ste. Cunegonde, for the benefit of that institution.

PUBLIC NOTICE

Public Notice is hereby given, that under "The Companies' Act, 1892," Letters Patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 22nd day of October, 1903, incorporating the Honorable George Alexander Drummond, Senator, Richard Bladworth Angus, gentleman, James Crathern, gentleman, Edward Seabourne Clouston, bank manager, and the Honorable Robert Mackay, Senator, all of the City and District of Montreal, in the Province of Quebec, for the following purposes:

(a) To dispose of the bodies of deceased persons by incineration or cremation, and to erect or acquire for the purpose a suitable building or buildings, and to provide the same with such fixtures, appliances and facilities as may be deemed necessary in order that such incineration or cremation may be carried on in accordance with accepted scientific principles.

(b) To make by-laws and regulations for the reception, burial or cremation of the bodies of deceased persons, for the burial of the ashes remaining therefrom, or otherwise disposing of the same in accordance with the wishes of the deceased or the person from whom the body is received, and for the fees and rates to be charged.

(c) To acquire and undertake the whole or any part of the business, property and liabilities of any person or company carrying on any business which this company is authorized to carry on, or possessed of property suitable for the purposes of this company.

(d) To make or otherwise acquire and hold shares in any other company having objects altogether or in part similar to those of this company, or carrying on any business capable of being conducted so as to directly or indirectly benefit this company.

(e) To sell or dispose of the undertaking of the company or any part thereof, for such consideration as the company may think fit, and in particular for shares, debentures or securities of any other company having objects altogether or in part similar to those of this company.

(f) To invest the capital or any undivided surplus of the company in real estate, debentures, stock or any incorporated company, or in any other way the company or its directors may deem best.

(g) To receive gifts of money or property, movable or immovable, on such terms and conditions as the company or its directors may agree to.

(h) To carry on the said operations throughout the Dominion of Canada and elsewhere by the name of "The Crematorium Limited," with a total capital stock of ten thousand dollars, divided into ten shares of one thousand dollars each, and the chief place of business of the said company to be at the City of Montreal, in the Province of Quebec.

Dated at the office of the Secretary of State of Canada, the 29th day of October, 1903.

(Signed)

R. W. SCOTT,
Secretary of State.

PUBLIC NOTICE

Is hereby given, that under the Companies Act, 1902, Letters Patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 21st day of October, 1903, incorporating David Burnside, publisher; Edgar Maurice Smith, publisher; Henry Robert Smith, stock broker; John W. Patterson, manufacturer; Frederick Bacon, agent; George G. Foster, advocate and King's Counsel, all of the City of Montreal, in the Province of Quebec, for the following purposes, viz.:

(a) To publish, print, issue, buy and sell books, pamphlets, papers, newspapers, periodicals, journals and magazines of a commercial, educational, scientific or literary character.

(b) To purchase or lease the right to publish, print, issue and sell any books, pamphlets, papers, newspapers, papers, periodicals, journals and magazines, or to sell or dispose of any, act as agents for the same.

(c) To publish and acquire all copyrights, trademarks and registrations as relate to the exercise of the above mentioned rights, and from time to time sell, lease or dispose of the same and to carry on a general printing, publishing and advertising business, and to acquire and work all motor powers for the purpose of said business;

(d) To purchase and acquire from Edgar Maurice Smith and David Burnside the good will, contracts, stock in trade and business heretofore carried on by them at the City of Montreal, under the name of "The Smith Burnside Publishing Company," for four thousand six hundred dollars ($4,600.00), and to pay for same by the issue to each of the said Edgar Maurice Smith and David Burnside of twenty-three shares fully paid up capital stock of this company. The operations of the company to be carried on throughout the Dominion of Canada and elsewhere by the name of the "Burnside Smith Publishing Company (Ltd.)," with a total capital stock of ten thousand dollars ($10,000.00), divided into one hundred shares of one hundred dollars, and the chief place of business of the said company to be at the City of Montreal, in the Province of Quebec.

Dated at the office of the Secretary of State of Canada, this 28th day of October, 1903.
