LARGE CROWDS IN ATTENDANCE AT FINE PROGRAMS PRESENTED EVERY DAY DURING OLD HOME WEEK

PARADE, BAND CONCERTS, SPORT EVENTS, SPEECHES, ACADEMY RE-UNION, PLAYS, MUSICAL CONCERT ATTRACTS MANY FORMER RESIDENTS HERE FOR EVENT

One of the most successful celebrations ever held in Huntingdon, the Old Home Week celebration came to an end here Friday evening.

Visitors, former residents, and local people joined together in expressing appreciation and satisfaction at the very entertaining three days that had been arranged by the various committees.

A monster parade, band concerts, speeches, swimming races, track and field events, baseball, softball, an Academy reunion, home talent plays, musical concerts and dances, rounded out one of the most ambitious programmes of entertainment ever attempted here.

Former residents of Huntingdon—men and women who were born here—who went from here to all corners of the country, came back for the event, to talk over old times, to see old friends and to visit old familiar places.

Echoes of earlier days in Huntingdon and surrounding counties were heard on all corners as small groups gathered to talk about things that have long since been a part of the history of this district.

The programme outlined to mark the occasion began Wednesday morning with a parade and ended Friday evening with a musical concert in O'Connor Hall. The parade, which started at the Cemetery and terminated at the Fair grounds, was led by David McCoy, costumed as Napoleon, riding a charger.

It included fourteen floats, three bands, cars and horses and was one of the most impressive ever witnessed here.

Following David were two Mounted police, Cahill and Spalding, the Royal Highland Regimental Band of Montreal, the Malone Chamber of Commerce float, Huntingdon Town and Board of Trade float, Valleyfield and Huntingdon Boy Scouts, International Truck and Leach Textile Mill floats, Miss Carol Langevin, riding a pony, the Huntingdon Chateau float, the Pringle, Stark & Co. float, Municipality of Godmanchester float, Malone Municipal Band, Township of Dundee float, McNeil House Furnishing float, Imperial Oil, and Percival Flow float, the Car's shedland pony, Malone Drum Corps, decorated bicycles, Elgin Township and Huntingdon Old Home Week floats, Mounted police Raymond and Dugal, and cars brought up the rear.

Among the many impressive floats were those representing the Malone Chamber of Commerce, the Huntingdon Chateau, Huntingdon Town and Board of Trade, Pringle & Stark, Leach Textiles, and the various local municipalities.

The Malone float, decorated in purple, gold and white, and carrying several young ladies, advertised hunting, fishing, golfing and other

tourist attractions of that town in a very effective manner.

The Incorporated Town of Huntingdon unit visioned this place as a growing industrial and commercial centre and presented with startling effect scenes that may have their source here a few years from now. Four pillars marked local progress and industry and large letters along the sides read "Let us build a bigger and better Huntingdon."

The International truck float showed an old 1907 model machine "that still runs and has free wheels." The Leach Textile float presented an ancient loom and spinning wheel that emphasized progress made along this line when compared with an up-to-date model today.

Empire Garage, Huntingdon, was represented in the procession by an Imperial Oil truck covered with balloons. The Huntingdon Chateau float reproduced in miniature scenes familiar to patrons of the hotel. A young couple were shown sitting at a table being served by a waiter while the orchestra played dance music.

The Elgin Township float advertising that place as the spot for "Happy and Prosperous Homes" and drawn by two sleek horses elicited much comment from spectators.

The Pringle, Stark & Co. float, decorated with red and white streamers, and the McNeil House Furnishing float added a touch of colour to the procession.

One of the most popular features of the parade was the bicycle section, which included about 40 wheels of old and new design. A high wheel bike ridden by Stanley McHardy of Powerscourt, led this section followed by a tandem bike, miniature reproduction of a motorcycle and side car, a trailer machine and many other wheels, all gaily decorated.

There were three bands in the procession. The Malone Municipal Band, led by Drum Major F. T. Moriarty, Clara Sparrow, J. A. C. Kidney, A. W. Lang, Thos. Duncan, Myrtle Cameron Paquette, Christina Cameron Seale, Dollie Cameron Seale, A. H. Crutchfield, W. S. Brown, Andrew St. Chambers, Miss Maggie Gilbert, David McCracken, Robt. McCracken, W. K. Philips, Chas. A. Sparrow, Springfield, Mass. Mrs. Sparrow, Springfield, Mass.

Cotton Strike At Valleyfield Is Still In Force

The provincial strike affecting over 7000 employees of the eight mills of the Dominion Textile Company and its subsidiary company, the Montreal Cotton Co., at Valleyfield, has entered its second week with little gains or concessions being won by either side.

Company officials have stated their case and refuse to give way to the demands of union leaders who are directing the strike. Employees are equally adamant and the situation is still deadlocked.

At Valleyfield the situation remains much the same as it was last week. Pickets are still watching the plant and there is no one working in it at the present time. Office employees were at first allowed in but they are now being kept out. Pay was distributed at the mill on Friday.

There has been no serious clashes between opposing factions at Valleyfield and no casualties have been reported.

Monday's Storm Damages Crops, Levels Poles, and Trees

Rain, wind and lightning swept through this district Monday afternoon with destructive force, leveling trees, telephone poles, and doing untold damage to farmer's crops.

Old timers stated the rain was one of the heaviest they had ever seen here although it lasted for only a short time. After the first few minutes streets in Huntingdon were run by water and cellars and other low places were flooded. The storm, which lasted only a few minutes seemed to cut a path directly through Huntingdon for several outlying spots and even sections near the town limits reported little or no rain at first.

Apart from the farmers, the Shawinigan Water and Power Co., and the Bell Telephone Company suffered the most damage.

A tree on Chateaugay street near Mr. Phil Lefebvre's fell on the Shawinigan 2200 volt power line and swung around the street light circuit, cutting off the street light service in the town for several hours. Fifty six burnt out bulbs had to be replaced. Trees on Wellington street, and on York street also fell across the power line and caused considerable trouble. Fuses were burnt out in transformers throughout the entire district and service on the Dewittville and Ridge

Prominent Guests Dine at Chateau

Among prominent dinner guests seen at the Huntingdon Chateau, Tuesday, were Honourable F. J. Leduc of Montreal, Minister of Roads in the Provincial Cabinet, A. Bergeron, Assistant Minister of Roads from Quebec, Dolph Sauve, M. I. A. of Valleyfield, Mr. Racicot, C.E. of Quebec City, formerly of St. Timothee.

They declined to issue a statement to the press concerning any special business they may have had in this district.

At Huntingdon Academy Re-union

The following were among those who attended the Huntingdon Academy re-union celebration held here Friday morning.

Bumble Bee Is Cause of Death and Injuries

Mrs. S. Jackson, 29 years of age, of Jeanne St., Montreal, was instantly killed and Frank C. Newman, 30 years of age, of Ormstown, suffered severe cuts about his head while driving near Dorval at 5:20 o'clock Sunday afternoon.

The driver of the car, William Pastor, 27 years of age, of 260 Wood Ave., told chief of police Boyer, of Dorval, who investigated the accident that a bee had entered the car and in chasing it out he had lost control, the automobile cut diagonally across the road and went into the ditch before he could regain control. Seated in the front with him was Beatrice Pastor, who was thrown forward into the dash board and the windshield, receiving a severe shaking up. The other two occupants were in the bumble seat and they were thrown out. Mrs. Jackson having broken her neck. The injured were taken to St. Joseph hospital, Lachine.

Chief Boyer found that Pastor had no license to drive the car, which had been broken down and was in view of the circumstances it was decided to hold him as a witness for the inquest.

Monday's Storm Damages Crops, Levels Poles, and Trees

Roads were cut off for some time during the day and evening.

The Bell telephone reported a good deal of minor local trouble with twelve poles down, trees over the wires in many places and service on several lines disrupted. The long distance line to Malone was out of order as well as two lines to Montreal. Several lines stretching towards the border were also damaged and service on them cut off till late Tuesday.

At the farm of Frank Brown, one mile south west of Huntingdon a queer accident occurred when lightning struck down a tree under which four cows were lying. The cows were not hurt but the branches of the tree had to be cut away before the cows could be extricated.

Crops of corn and grain were leveled to the ground.

A heavy rain both Tuesday afternoon and evening and Wednesday morning did slight damage in knocking down the standing crop, although it helped to relieve the intense heat that had been a daily fare until that time. The rain also delayed threshing operations in some sections but it was very welcome in others where the previous weeks of continual heat had dried the ground and started to wither crops. Temperature in Huntingdon Friday afternoon was 97°.

Prominent citizens who were present at local "Old Home Week" celebration. Left to right: A. L. Sellar, organizer of the "Old Home Week" and editor of the Huntingdon Gleaner; M. T. Robb, one of Huntingdon's oldest and most respected residents; Mrs. H. E. Young, former Victoria, B. C.; Mayor Daniel Faubert, of Huntingdon; Chief Justice J. T. Brown, of the Superior Court of Saskatchewan; T. S. Gardiner and Mrs. Gardiner, formerly of Huntingdon but now residing in California.

American Speakers Urged Friendship Between Countries

Mayor Ralph J. Cardinal of Malone, and Clark W. Winter of Ohio, Brought Important Message to Old Home Week Visitors

The main speakers at the Huntingdon Old Home week celebration during the second day were Clark W. Winter, of Zanesville, Ohio, and Mayor Ralph J. Cardinal of Malone, N.Y., who brought greetings from friends on the American side of the border.

Mayor Cardinal's address is reproduced here in full.

"I feel greatly privileged to have the opportunity to participate in these ceremonies regarding the celebration of Old Home Week in the Village of Huntingdon. I feel especially pleased to have the opportunity to express the good wishes of the people of the United States and particularly of the Village of Malone to our good neighbors to the north. I am most pleased because of the fact that the neighboring town of St. Stanislas was the place of my birth and education, and about thirty years ago I moved out of order to be with my friends and family in Malone, N.Y., who brought greetings from friends on the American side of the border.

"Nothing is farther from the truth," he said. "A person may graduate from any educational, philosophical or professional calling but there is always a graduating point to yet attain in farming."

"When Contentment prevails in a community," Mr. Winter continued, "chances are beautified, public institutions are kept in a flourishing condition, higher standards of living are attained and maintained, religious freedom is practised and protected, in fact the spirit of tolerance and respect for your fellow-citizens is plainly manifested. A contented people is a successful people, in fact the spirit of contentment in any organization, enterprise or what not, whether of a local, county or national nature, will ultimately bring success, in the true sense of the word."

"It is plainly seen that contentment is the result of a successful unity. Unity breeds friendship, builds character, kills gossip, creates confidence, exterminates strife, extirpates jealousy, re-inforces action, fortifies defense, develops the Golden Rule and accomplishes the seemingly impossible thereby establishing all the attributes of Contentment."

"When Contentment does not exist, or prevail, discontentment must therefore reign or have sway. Webster states that discontentment means uneasiness, inquietude, restlessness."

"I firmly believe that unity and contentment are inseparable. It is impossible to have contentment without unity, or vice versa. They are the parents of successful offspring in the real sense of the word. Then again the lack of contentment creates disinterest, kills ambition, discourages prosperity, hinders progress, encourages indolence and reproduces destructive criticism."

"It is my personal opinion that the last world war, with all its horrors, and the resulting great depression were the result of the lack of unity and contentment. Where contentment is lacking the seeds of intolerance are sown. I am also convinced that intolerance is our greatest social error, even in Canada, or throughout the British Empire, where freedom is claimed, yet tolerance—man to man; race to race; faith to faith is yet to be won. The road of intolerance leads only to disaster."

Mr. Winter speaking on the subject of "Contentment" declared that it was always the fundamental as well as wherever mankind existed, and that it was necessary to the progress and unification of any nation.

Mr. Winter deplored the fact that so many people looked upon farming as a menial occupation requiring little special education as training.

The speaker closed with an acrostic.

Speaker Urges Return Visit To Old Home

As Necessary To Life As Food, Chief Justice Brown Declares

"It is just as necessary to real life that we should repay visits to our old homes as it is necessary to live," declared Chief Justice Brown, of Regina, Saskatchewan, who gave the address at the opening ceremonies of the Huntingdon Old Home Week celebration.

"Today there are many men, and I may say many in Saskatchewan, who are going to pieces just because they forgot or neglected to come back either in body or spirit and get the inspiration that they once got in earlier days," the speaker continued.

"I am addressing an audience at this time of friends, and if there was ever an audience I have the right to call friends it is this audience today. Friends of my boyhood, and my boyhood was spent here fifty years ago. Children, and shall I say grandchildren, of those friends that I am seeing before me and friends I have never seen until this day, strangers in fact, and yet friends."

"Those of us who went away from our other parts of the Dominion to no enemies anywhere and I know we have made some priceless friends elsewhere, but speaking in a general way, the home audience is peculiarly an audience of friends. It is the friendship of the home folk for those of their own who have come back to spend some time with them."

In Regina, where I live, we have a great many people who have come from other parts of the Dominion and in Regina we have representatives of all the eastern parts of Canada.

"We have a Maritime Association which takes in provinces by the Atlantic. We have several Associations representing counties in the province of Ontario. We have an Association representative of our American cousins and some years ago some of us thought it was time to form a province of Quebec Association. I was one of those who formed the Association and was named a first president."

"Out in Regina we have a little Association representing between 150 and 200 members who have come from the province of Quebec, and through the Association we keep the home fires burning and, in that Association I want to tell you that I proudly represent the town of Huntingdon. I have done my part."

Youth From Ormstown Saves Horse Floundering in River

Bobby Campbell made a thrilling rescue on Thursday afternoon, when Albert Lalonde's horse, in a wild dash up Main street continued up the closed road and into the river at the old Dickman bridge.

Someone had left the gate open that protects the end of the road and horse, wagon and all made a flying leap into the river. After swimming around the horse became calmer and young Campbell swam to him, loosened the harness, which relieved him of the express wagon and he came to shore, under the worse for his dip in the river.

The wagon was then fished out of the water little the worse for damages.

Mr. Lalonde had been loading ice at the ice house near the curling rink when his horse became frightened and bolted. Fortunately no one was injured by the runaway animal.

Instead of the usual monthly meeting of the Ormstown Garden club, arrangements were made for a flower show, to be held on Aug. 3rd on the grounds of Mrs. Jas. T. Elder, and members as well as outsiders were invited to contribute flowers. The result was a very fine display of cut bloom, as well as potted plants. Mrs. Elder's garden with its attractive pool and rock garden made a very pretty setting.

During the afternoon there were

Boy In Hospital Result Of Kick From Angry Horse

On Saturday afternoon, what might have proved a fatal accident, occurred at the farm of Mr. Ed. Hooker at Georgetown. The family in the house, which is rented to two families from Montreal, had invited a lady friend and their children from Montreal, for a few days. They had just arrived about ten minutes, when one of the children, a four-year-old boy ran out and caught a horse that was grazing around the house, by the tail. The horse kicked the child on the head, knocking him unconscious and giving him a bad cut on the head.

Dr. Quintin, who was called immediately, thought it advisable to take the boy to the office in Ormstown, where a more thorough examination could be made. On Sunday he was semi-conscious and was taken to a hospital in Montreal.

"If our English communities in this province are to progress in keeping with their glorious traditions then we must see to it that the boys and girls who are to remain in these communities are given every educational opportunity to meet the more intensified competition of other industrial and agricultural communities 'the world over,'" he said.

"Many of you are more or less familiar with the early struggles of the pioneers of this county in their endeavours to build the first Academy. Those struggles were typical of the early settlers and were concrete examples of the dominant spirit of the early Scotch and Irish settlers who left their homes in the Old Country to escape religious persecution, determined to establish new homes in a new country where freedom of action and liberty of thought were to be the primary requisites in their new society."

"These pioneers seized with that passion for learning, characteristic of that time and of that race, decided that their children should have an opportunity to gain and obtain that training so essential for their fortune and welfare. In those early days in this school were laid the foundations of a system of education which fitted the student to meet the problems of the times, a

Ormstown Rink Victorious In Fisher Bowling Bonspiel

W. G. McGerrigle Wins By 11-9 Score Over Valleyfield Skip, R. Mayoh In Final Game

ELEVEN RINKS ENTER F. J. Montle Defeats D. L. Kelly to Capture Consolation Award

The Fisher Trophy Bowling Bonspiel was held Saturday afternoon at the local greens and W. G. McGerrigle of Ormstown emerged victorious after a close 11-9 battle with R. Mayoh of Valleyfield in the finals.

F. J. Montle of Huntingdon won the Consolation prize 9-5 against a clubmate, D. L. Kelly.

Eleven rinks from Ormstown, Chateaugay, Huntingdon and Valleyfield took part in the bonspiel.

In the first round McGerrigle won 16-8 from J. McAlpine of Valleyfield and in the second round defeated Valleyfield opponent Harry Whitehead 10-16. In the semi-final McGerrigle drew a bye and then went in to win over Mayoh in the finals.

F. J. Montle who captured Consolation laurels lost to J. Taylor of Valleyfield in the first round 19-5 and in the first consolation round drew a bye. He then met D. L. Kelly in the finals, winning by a 9-5 score.

Adjustment In Course Of Study Needed

Real Function Of School Is To Train Student For Life

OLD FRIENDS MEET

Many Prominent Speakers At Huntingdon Academy Re-union

The real function of the school is to fit the pupil for his particular niche in life and in this age of specialization a re-arrangement of the course of study to equip the student so he will be able to take his place in life after he leaves school is needed.

"Such was the message brought by C. N. Crutchfield, past president of the Canadian Teacher's Federation, present principal of Shawinigan High School and former principal of Huntingdon Academy, speaking at a reunion meeting held in the Academy Friday morning in connection with the Old Home Week celebration.

"If our English communities in this province are to progress in keeping with their glorious traditions then we must see to it that the boys and girls who are to remain in these communities are given every educational opportunity to meet the more intensified competition of other industrial and agricultural communities 'the world over,'" he said.

Good Prospect For Peat Bog Development

Fisher Enthused After Denmark Visit Issues Statement in London

Possibility the Quebec government may utilize extensive peat bogs throughout the province was seen Monday in the return to London, England, of Hon. Martin B. Fisher, Quebec Provincial Treasurer, after a survey of peat production methods in Denmark.

Fisher, unable to forecast such activity until his Government has considered his report, stated he was favorably impressed by the fuel-production scheme. Quebec, he said, was bent on developing her natural resources. And the peat bogs might be included in this line of endeavor. If such development is started and there now seems to be every probability that it will, this district would benefit as the St. Anicet and Port Lewis bogs would be among the first with which to be experimented.

In Denmark Fisher was also concerned with the co-operative agricultural marketing system as adopted in that country with considerable success. His report will also deal with that subject.

In London Fisher has been in touch with the Treasury in the hope of obtaining the services of a treasury expert to sit on the taxation commission which is to review the province's taxation scheme. Fisher, chairman of the proposed commission, declares such a man may be procured if arrangements can be made for him to be temporarily relieved of his present duties. He hopes the commission will begin hearings in the fall, so that a report might be ready when the Legislature meets early in 1938.

Fisher, accompanied by his wife, will visit the Paris Exposition as official representative of Quebec, and County Cavan, in Ireland, before sailing for Canada, August 21.

Our Editor is on a Vacation

DURING the present week the Editor of The Gleaner, and his wife, are enjoying a vacation in Nova Scotia attending the annual three day convention of the Canadian Weekly Newspapers' Association.

At this convention upwards of two hundred weekly newspaper men and their wives will be present and many matters of particular importance to the publishing of better weekly newspapers will be discussed.

In this respect four newspaper competitions are held, each competition being open to papers in accordance with the size of their circulation. Newspaper competitions have done much for the welfare of weekly newspapers across Canada, and we are pleased to give a share of credit to the Canadian Weekly Newspapers' Association for improvements that have been brought about in The Gleaner during the past ten years.

John H. Casey, Professor of Journalism of the University of Oklahoma, who placed the Gleaner in first position among Canadian weekly newspapers in 1934-35 will be at Halifax and will give convention delegates further hints on the improvement of their papers.

During the convention every phase of the publishing business is to be given consideration. The array of prominent authorities on various subjects is a guarantee that much useful information will be given.

Besides learning much about improvements in their papers, however, the publishers are afforded a first hand opportunity to learn something new about Nova Scotia.

Members of the convention party, west of Montreal, convened at Windsor Station, Tuesday noon, and left by special train for St. John, N. B. From St. John the party went by boat to Digby, N. S., thence by special train to Grand Pre and on to Halifax that evening. Many special entertaining functions, which will afford much pleasure to the party, have been arranged to take place in the old historic city by the sea.

Our editor has laboured hard for the "Old Home Week" celebration and it is hoped that both he and Mrs. Sellar will feel much refreshed upon their return home.

Burnside Sale Brings Honor to Breed and District

ONCE more the name of Ness comes before the people of the Chateaugay Valley, and again it brings honor to the District. The Ayrshire cattle sale held at Burnside Farm on Saturday scored a victory that will not only be appreciated by the Ness family but will reflect dollars into the pockets of our purebred Ayrshire breeders.

The sale was one that attracted buyers from great distances, and besides many bids were received by secretary Frank Napier, of the Canadian Ayrshire Breeders' Association. That the Chateaugay Valley can boast of farms able to attract prominent bidders to their cattle sales, is gratifying and encouraging.

Messrs. R. R. Ness and Sons made an Ayrshire cattle importation this spring with a view to holding a sale. The sale attained more encouraging results than even they expected. The Ness family have never been averse to taking a chance, particularly if it concerned Ayrshire cattle or Clydesdale horses. Perhaps they feel now sufficiently encouraged to make further importations, followed by more sales. When R. R. Ness and Sons make these Ayrshire cattle importations, they do their best to get the best they can procure in the way of stock. By doing so they raise the standard of pure bred Ayrshire cattle in Canada.

The Burnside sale attracted a great number of prominent Ayrshire men of the North American continent. They were delighted with the quality of cattle they saw at Burnside, and undoubtedly many saw other fine animals at other farms in the district. Unquestionably this means that further sales will be forthcoming and incidentally will have a marked tendency to raise the price for all good purebred Ayrshire cattle.

It was noticeable at Burnside, what an important part the breeding and records played in bringing better prices on the various animals offered. On the whole, the cattle offered were young stock, consequently breeding must play its role.

Messrs. Ness and Sons have long advocated the policy of keeping the very best Ayrshires for foundation stock and have the best sires they can get within their financial reach. The success of this sale has once more proved their soundness in judgment, and it is hoped many of our farmers will take heed and keep careful milk and breeding records, so that they also may some day hold livestock sales that will bring honor to themselves, to the breed, and to the Chateaugay Valley.

Radio Versus Church

SOME rather frank and outspoken comments have been made recently about churches and church members by editors of weekly papers, most of whom seem to be on the side of the church. The most recent, which is copied here, was taken from the Brampton Conservator:

"A lady was visited by the pastor of the church with which she had been associated. Bluntly she gave the information that she had not much use for the church any more, that she could hear better sermons over the radio and that was all she needed. A short time later, the lady's husband died. She didn't ask the radio announcer to help her in her sorrow. She sent for the pastor she had felt she didn't need a short time before, asked to have a funeral service conducted in the church, desired the choir to attend and that a soloist be provided for the event. This is an actual occurrence. It is frequently repeated. Give nothing to the support of the church; let others bear the burden, but when trouble comes, call upon its ministers for the consolation of religion refused or neglected in times of health and prosperity. It's not fair; but it is seldom or never refused."

Huntingdon Fair

THE prize list is now being printed for the Huntingdon Fair which is being held this year on Thursday and Friday, September 9th and 10th. At present, indications point to the 1937 Fair as one of the most successful ever held here.

Numerous special prizes have been received by the management and these prizes have been distributed throughout the prize list as evenly as possible. Over 150 of these have already been acknowledged and it is expected that the number of special prizes will reach 200 before the Fair opens officially.

Robin Hood Co. is duplicating in cash an amount equal to the first, second and third prizes in 10 classes in Bread and Cooking. The Champion milk products of Athelstan are giving a very fine special as is also Dawes Brewery of Montreal, who are offering a Black Horse special of \$200-\$100 on yearlings and \$100 on young colts.

The managers are doing everything in their power to make the local Fair as big a success as possible. Their work will go for nothing, however, if they don't get the proper support from the people of the district. Prize lists will be out by the end of this week. If you don't get one write to J. A. Small, Fair Secretary, and one will be forwarded to you. After you receive it make an effort to get your entries in as soon as possible and by doing so help those at the helm get off to a good start on the road to a successful Exhibition this fall.

No improvements to ground buildings are contemplated this year as the managers feel that past receipts have not warranted such an investment. If the Fair is to grow and progress, however, new buildings will have to be one of the first requirements. Perhaps if enough receipts are recorded this year the management will be able to see their way clear to put a little money towards improvements on the grounds.

Anyone living in the District of Beauharnois and Franklin County, N. Y. is eligible to compete for prizes. Although this throws the prize list open to all creeds and classes in this district it is gratifying to note that few "professional exhibitors" show at the Huntingdon Fair. We do have several who show the same stuff from one Fair to another, who keep their exhibits in moth balls and show condition so that they can enter them year after year, but fortunately their number is very small. This type of exhibitor should be weeded out and prohibited from showing.

The primary purpose of county fall fairs is to encourage improvement in live stock and agricultural products in the area served by the fair. If professional showmen and women, too, with their fine art and needle work are permitted to bring their exhibits from all parts of the county and continually walk off with the prizes, there is little incentive left for local citizens to take an active part.

The Celebration Produces Cordiality

THE Huntingdon "Old Home Week" celebration proved to be a real success as far as drawing old-timers home and entertaining them was concerned. The financial objective has not yet been attained, but subscriptions have been received from many, and perhaps when all are in the treasurer will be able to report a better financial success than is presently credited.

The celebration has done a great deal of good for Huntingdon. It developed a true community spirit of good fellowship—for such was freely expressed from every direction, and such a spirit augurs well for the years to come. The celebration instilled a sense of co-operation in those connected with it and made each one regardless of age, race or religion, work together for its success. With the people of Huntingdon working so harmoniously together Huntingdon will grow to be a bigger and better community.

The good will expressed at the celebration came from all angles. Our American cousins exemplified theirs in a most tangible and willing manner. Mayor Ralph Cardinal of Malone, took the lead by stating not only would he be present to represent Malone and bring greetings, but sent the Malone Municipal Band and the "Malone Stars" baseball team. The Chamber of Commerce, Malone, sent what was considered the finest float in the large parade, and on top of all this the Company "I" Drum Corps of Malone were here in full force.

The National Hockey League "All Stars" baseball team, under the management of Mr. Hugh McCormick, editor of "The Monitor," Montreal, came too, and did their part to help the celebration along.

The celebration was also favoured with the presence of two speakers who travelled great distances in order to be present. We refer to Chief Justice J. T. Brown, of Regina, and Mr. Clark Winter of Zanesville, Ohio. Their remarks were significant and convincing that people in this district had much to be thankful for, and appreciative of. After hearing both these speakers our readers might well feel proud of their being inhabitants of the Chateaugay Valley.

Throughout the County of Huntingdon we found many hands willing to assist in making the celebration as fine as possible. Visitors found a welcome awaiting them and they were delighted with the wonderful entertainment provided them every morning, afternoon and evening. We all feel that they will not be inclined to let years pass by before they return home for another visit among old friends, old places and the environment of their youthful days. That is just what we want them to do. Huntingdonians enjoy entertaining visitors and we like them to accept of our hospitality.

Canadian Travel Abroad

CANADIANS are great travellers, and according to preliminary estimates spent about \$95,000,000 while visiting other countries during 1936, an increase of about \$8,000,000 over 1935.

Canadian tourists to overseas countries numbered 33,899 in 1936, an increase of 5,747 over 1935, and their expenditures were estimated at \$18,336,000 as against \$16,503,000. Canadians visiting the United States by automobile spent \$43,811,000, while those travelling by rail and steamer spent \$24,712,000 and those travelling by ferry, airplane, etc., spent \$8,000,000. This makes a total of \$76,523,000 compared with \$70,997,000 spent by Canadian tourists in the United States during 1935. Canadian automobiles exported to the United States for touring purposes during 1936 totalled 689,674 compared with 659,259 in 1935.

FLOGGINGS AT ETON

ETON College is famous for its floggings, and the whipping of a boy is always conducted with great ceremony. Dr. Guy Kendall, who was at Eton under Doctor Warre, describes one of these ceremonies in his book "A Headmaster Remembers." First came the Head, leading the procession. He was followed by the victim, the "holders-down" then two sixth-form boys, and finally the Head's Clerk. On arriving at the "execution room," the Clerk took a new birch from a cupboard and handed it to the senior of the two sixth-form boys, who gave it to the Head. The victim then made the necessary adjustment to his trousers and knelt at the flogging-block, the holders-down seized him and kept him down, and the flogging was performed. Only boys in Upper School were privileged to be flogged by the Head. One boy, the heir to an earldom, was flogged once a week on an average. Members of Lower School were "swished" by the Lower Master. This took place in a room on the ground floor, and when the ceremony was being performed a mob of small boys used to crowd in front of the window to view it, and loat over the shrieks of the youthful victim.

FEAR OF DEATH ALL WRONG

Observations at hundreds of death-beds convince Dr. Erich Stern, noted German scientist, that there is no reason to fear death from natural causes. The doctor believes the so-called "grim fight" made against death is all imagination. Dr. Stern declares death is more gruesome and torturous to those dying persons themselves. Consciousness is lost long before death actually comes, the doctor asserts in a medical journal article on "Psychology of Death," printed recently. It is in very rare cases only, Dr. Stern has found, that men fight with all that is left in them to remain conscious and defeat death. A strange calmness or even a feeling of happiness befalls human beings in their dying moments. This death psychology has been learned from his experience at deathbeds. During his last hours man does not reflect over serious worldly problems, the doctor has observed. The nearer death comes the more apathetic he grows, until he even forgets about his loved ones. It is an exception rather than a rule that dying persons remember and confess their sins or crime of a significant fact. However, it is that religious persons seem to die more peacefully than those not believing in God.

PREFER "DARK MEAT"

When Rev. C. H. Parker first went to the New Hebrides islands in 1913, he barely escaped with his life from a cannibal tribe. This tribe, with whom Parker now is on the most friendly terms, has abandoned cannibalism but other tribes still practise it and he has seen the gruesome remains of some of these cannibal feasts. This missionary says it is not the love of human flesh which attracts the cannibal. He hopes by eating the flesh to absorb the virtues of the victim. As far as the actual flesh is concerned, the cannibal, Parker says, prefers a black man, contending that white flesh is too salty.

BARKING FISH CAPTURED

Barking like a dog when shot, and believed to be a species of bottle-nosed shark, a "monster" was captured off the coast of England near Curbridge. Its blowing was heard by Mrs. Lucy Bone some distance away, and she aroused the village. Ten men then tried to land the visitor by lassoing it with a wire clothesline, but only after a terrific battle, in which clubs and other weapons were used, was it landed. After being dragged to the land it was shot. It gave final defiant barks before it died. The fish is estimated to have weighed 600 pounds, and was eleven feet long.

ESCAPE MEASLES BY HANGING ONION

When a measles epidemic broke out in England recently, a school teacher hung up a raw onion in her classroom. "Onions drive away measles," she announced. Other teachers sent out hurriedly for onions—except one. And believe it or not, the teacher who scoffed at the onion has now 24 cases of measles among her pupils, the teachers who hung the onions haven't one case.

CHURCH-GOING DOG

Every Sunday morning whether the family goes to church or not, "Dinty," a dog belonging to E. H. Cauble, Benedict, Kan., shows up at the church door soon after the Sunday school bell rings. Whenever admitted, he goes inside direct to the same pew every time, provided it is not occupied, and lies down.

WONDERS OF THE EYE

If it were not for the brain, we might all go about seeing people and houses upside down, said Sir William Bragg, the scientist as he explained the marvels of human sight at the Royal Institution in London recently. "Why do we not see everything upside down? What causes short and long sightedness? Why does a diamond sparkle?" Sir William Bragg answered these questions by experiments with a model of a human eye as large as a football; a real diamond, and a "diamond" bought for sixpence. "The human eye," he said, "is so shaped that every object is shown upside down on the retina, and the only reason why it is seen the right way up is that the brain, through centuries of habit, automatically reverses every image cast on the eye. Short and long sightedness are caused by the lens of the eye being out of shape."

MODERN MARY AND LAMB

Four years ago a baby, Jean Whiteman, was born on a farm near Elstead, England, weighing only 14 ounces. She was cuddled into life by being placed in a basket with an orphan lamb, surrounded by hot water bottles to keep them warm. Both were fed from milk bottles. The baby was so tiny her mother's wedding ring would go over her wrist. The doctors said she could not live, but she did. Today she is a strong, rollicking normal youngster, as lively and intelligent as any child of her age, and never has been a day. Meanwhile the "lamb" has grown up, too, only he turned out to be a ram, and a big husky one. But he is the inseparable companion of the little girl.

MAN DRINKS GASOLINE

A man with a cold in his head, To a gasoline station man said: "Just give me a quart." "I'll take just a quart," Which he did and now he is— Well, he isn't dead yet. Mike Girvin, the filling station attendant, was fearful of a suicide attempt and called the police. Two policemen overtook the man. Wiping his mouth he explained: "It's the best remedy in the world for a cold." It's no crime in Indiana to drink gasoline so the officers went their way and the cold sufferer went his.

BARTER COLLECTION

After preaching a sermon on "Technocracy's Electric Dollars," Dr. Charles Francis Potter, New York City, received one of them in the collection plate on a recent Sunday. It was a little slip of paper, torn from a notebook, reading: "My contribution I have no money is 20 kilowatts of my energy in working for humanism. Valeska Becker," Miss Becker, a college student, later told Dr. Potter she was sincere about it, and so he will have her come to his office and work out 20 kilowatts of energy on some typing. Just another form of barter.

FIDO HITCH-HIKES

A new champion hitch hiker is reported at Bremen, a New York car stopped at a filling station there one day and a white Beagle hound jumped off the running board. The surprised driver disclaimed all ownership of the dog and concluded that it must have crawled out of his car at his last stop. The party drove away, leaving the dog at the station, but not for long, for the animal seemed to have the real roving spirit. As another car stopped at the station the dog jumped on the running board, unseen by the driver, and continued his trip.

CAKE BRINGS ORDER

A year ago Miss Margaret Parker, Hutchinson, Kan., sent a fruit cake for Christmas to her friend, Mrs. Harry F. Sinclair, who, with her husband, the oil magnate, lives at the Waldorf-Astoria hotel, New York. Last fall Mr. Parker was surprised to receive a letter from the hotel management offering her \$2 a pound for the same kind of cake. Evidently Mrs. Sinclair had "passed around" some of her Christmas fruit cake. Miss Parker was not equipped to produce fruit cakes on a large scale but managed to make two weighing 21 pounds together.

TEN YEARS IN ATTIC

After the murder of Mrs. Charles Youngblood in Nashville, Tenn., her husband disappeared and a nationwide manhunt was started for him. For almost ten years not a clue could be found as to what had become of him. The rumor led police to make a thorough search of his mother's home in Nashville. He was found in the attic where he had been in hiding ever since the night of the murder.

Howick Club Chosen To Go To Sherbrooke

Place Second to Richelieu Team in Contest Held At Oka

The elimination contest for Boys and Girls Club for the District of Montreal to choose delegates to attend the Sherbrooke Fair was held on Friday, August 6th, at Oka Agricultural College when three members of each of the 35 clubs which belong to this district were present.

The Hemmingford Club took eighth place and was represented by Jessie Hawkins, Helena Barr and Brand Edwards. They were accompanied by R. J. McDermid, active club leader, and J. L. Pelletier, agronomist, for the county. Messrs. J. M. Wallace and Henry E. Wilson, also accompanied Mr. Pelletier on this occasion.

The judging was under the supervision of Mr. J. P. Fleury, federal promoter for the district of Montreal. The club members had to judge three different classes of calves, one class of Ayrshire cows in milk, and one class of Holstein heifers. They were allowed twenty minutes on each class. After lunch the members had to give their reasons for their placing and answer questions on feeding and care of calves.

The Club of Richelieu, Quebec, came first, followed by the Howick Club. These two clubs will represent the Montreal district at the Sherbrooke Fair, where the Provincial elimination will take place. The winner of this event will represent the Province at the Toronto Royal Fair in November.

Cleanliness Guards Purity

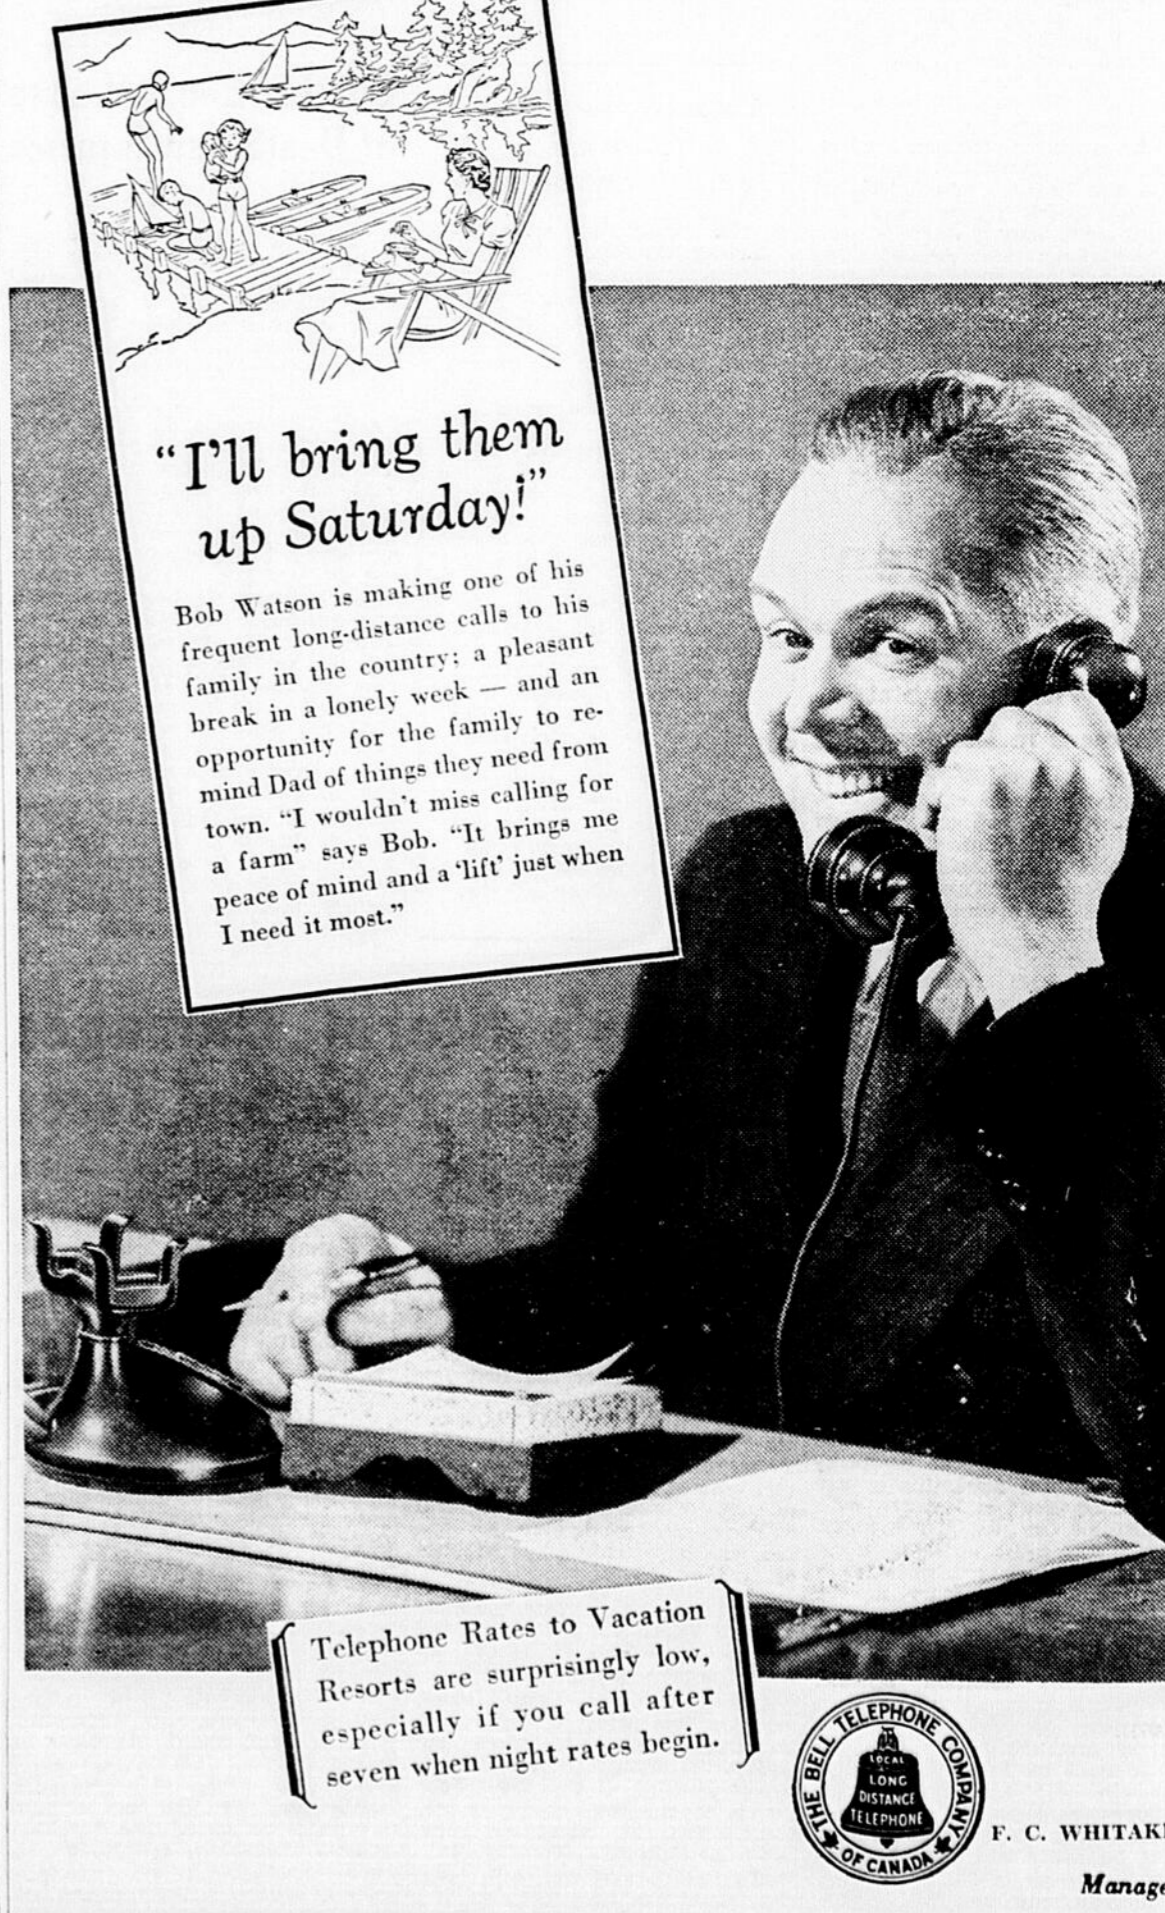

Dairy farmers, since the days of Gail Borden's first factory, have progressed steadily in their methods of producing pure milk and keeping it sanitary. All that science, modern equipment and trained men offer are used in Borden factories to back up the efforts of dairymen to guard milk's purity. Is helping to establish present high sanitary standards for milk, dairy farmers and distributors together have promoted public health, reduced infant mortality and placed milk and its products first in the food lists of the nation.

Burnside 40th Anniversary Sale Averages \$342

Highest Average Made In Ten Years

	Total	Average
8 Bulls	\$3,085.00	\$385.63
8 Imp. Females	4,245.00	530.63
27 Other Females	8,885.00	328.70
35 Head	11,970.00	342.00

The following report of the Burnside sale is here reproduced through the kindness of Mr. Frank Napier, Editor of the Canadian Ayrshire Review. This sale is so important to the breeders of Ayrshire cattle in this community we feel it ought to be fully reported.

First a series of Ayrshire and other World's records by an Ayrshire cow, Ardgowan Valda and then, three days later, a most remarkable Ayrshire sale. Both of them gratifying and encouraging to any breed and especially to Ayrshire breeders.

The Burnside Ayrshire sale which was staged on August 7 by R. K. Ness & Sons, Howick, Que., is not claimed as a record sale although we believe that if the results were analysed it might in several respects be a record for the breed as also for dairy cattle. We will let it rest at that, however, and say that it must rank as the best Ayrshire sale held in Canada during the past ten years at least, one of the great Ayrshire sales of all time in Canada and one of the best pure-bred dairy cattle sales held in Canada in several years.

A remarkable feature of the sale was that of the 27 females sold; only three or four have as yet dropped a calf, the majority of the others being heifers that are coming up to their first calving during the ensuing summer and early fall months; three or four were open heifers and there were two heifer calves—and the lot, 27 head, made the most remarkable average of \$328.70.

The eight bulls brought in \$3,085.00, a general average of \$385.63. These included Burnside Coronation, the October 1936 son of the famous Burnside Blossom Andrietta, and Barr Peter Pan, which won first in the bull calf class at the 1937 Ormstown Show and which is a remarkably promising individual. He started off at \$200.00 to a bid made on behalf of Capt. J. C. DunWaters, and

quickly climbed up to the \$1,000.00 mark, at which figure he was knocked down to the bid of W. H. Connel, Spencerville, Ont., who recently established an Ayrshire herd. As will be noted elsewhere Mr. Connel purchased a considerable number of the headliners of the Burnside sale.

Mr. Connel's chief contender for Coronation was F. A. Hungerbühler, who is establishing an Ayrshire herd at Carleton, Que. Mr. Hungerbühler finally got Burnside Barr Brigadier, a remarkably well-bred, flashy individual of the Blossom Andrietta family, at \$525.00, for his herd sire. He also purchased several females.

As will be noted elsewhere the other bulls went to McIntyre Bros., Sussex, N. B. whose bid was handled by W. C. Thomson, President, Canadian Ayrshire Breeders' Assn.; Macdonald College, Folly Quarters Farm, Maryland; Geo. M. Rennie, Vankleek Hill, Ont.; D. M. Watt, Still River, Mass., U.S.A.; Gloucester Lumber & Trading Co. of Bathurst, N. B.—a pretty wide distribution and, as indicated by the prices paid, bulls that were strongly contended for by many others than eventual purchasers.

The eight imported heifers brought a total of \$4,245.00 or an average of \$530.63. They all went to newcomers to the Ayrshire breed in the Ayrshire breed. W. H. Connel got four of these heifers including Willoxton View at \$800.00, Killoch Red Hawthorn (\$975.00) and Killoch Pride (\$525.00) the latter two being two of the three half sisters by Willoxton Fancy Lad which won second in the senior get of sire class at the 1937 Ormstown Show. (Willoxton View was purchased for his brother, F. C. Connel, who recently established a herd at Tomdormon, Ont.) The third sister of this trio, Killoch Totina 3rd, first at Ormstown 1937, went to Mrs. Carpenter, who recently established a herd at Talisman Farms, Bridgewater, Conn., U.S.A.

F. W. Present, Sales Manager of Toronto Elevators, was a keen bidder on a considerable number of the animals offered and got several head each for Gordon C. Leitch, President of Toronto Elevators, who is establishing a herd at Gormley, Ont., and for Dr. F. F. Tisdall, one of Toronto's outstanding Children's

Specialists, who is also establishing a herd at Gormley, Ont. Mr. Present got Nethercraig Minx, first at Ormstown, 1937, at \$110.00, and West Green Eveline, at \$125.00 for Mr. Leitch. He also got Barr Statey, Imp. at \$275.00 for Dr. Tisdall.

Eleven daughters of Burnside Lucky Boy, son of Burnside Blossom Andrietta, brought a total of \$2,800.00, an average of \$292.73. By adding the prices of his two sons to this total we find that the thirteen progeny of Lucky Boy made \$3,420.00. It will be noted elsewhere that three of the eleven daughters went to L. W. Hutchison, Mount Union, Penna., U.S.A., who established a herd a year or two ago and who was then a large purchaser in Canada; that three were taken by Mr. Connel; two by Mr. Present for Dr. Tisdall and one each by Mr. Hungerbühler; Macdonald College and H. B. Mosle, Litchfield, Conn., U.S.A.

The two daughters of Hobbsland Magistrate made a total of \$650.00 and went to F. C. Connel and W. C. Pitfield, respectively.

The three heifers, including two young heifer calves, by Barr Peter Pan made a total of \$450.00 and all went to Mr. Present's bids for Dr. Tisdall. Counting in his two sons, the five progeny of Burnside Peter Pan which were sold made \$1600.00.

Altogether the 35 head sold made a total of \$11,970.00 or a general average of \$342.00.

The sale was managed by Douglas A. Ness, assisted by Mitchell Ness, in the ring. J. Earle and Bruce Ness, all of whom did everything possible for the needs and care of their guests. A large marquee with open sides made a very effective shade from the sun, as it would have done if it had rained, and it was filled to overflowing with people from several points of the Eastern States, New Brunswick, Quebec and Ontario, while the writer handled several mail bids from as far west as Nebraska and British Columbia.

Auctioneer L. E. Franklin made an excellent job of the selling and after a few pertinent remarks by Walter C. Thomson (President of the Canadian

Ayrshire Breeders' Association) regarding the breed, the Ness herd and its achievements in the past and the present sale offering, the sale was commenced and went through in a very expeditious manner, without a single hitch, disputed bids or any other occurrence until the last animal was sold. It was a clean sale in every respect and also a sale about which Ayrshire breeders may well feel elated.

The Canada Life

Demonstrates its faith in Quebec

This company has been doing business in Quebec for many years. The reserves required to meet its obligations to Quebec policyholders at Dec. 31, 1936, amounted to \$17,000,000.

This Company however, because of its faith in Quebec had much more than this invested in that Province on that date. In fact its investments then, in various mortgages, bonds, debentures and other obligations arising from Quebec Province, amounted to over \$29,000,000.

This takes no account of the large investments in Dominion of Canada and Dominion Guaranteed bonds, which were made on behalf of Quebec policyholders. (The Company calculates that of these latter holdings over \$8,000,000 was on behalf of Quebec policyholders.)

Old Home Week - Notes -

It was estimated that close to 3000 people attended the celebration.

Former residents and strangers from all parts of Canada and practically all States in the Union were present.

Perfect weather, prevailed throughout the three days. A hot sun, high winds, and temperatures rose to new high levels but there was no rain to cause postponement or cancellation of any events.

As a special treat to the many visitors in town, the ladies of the Huntingdon United Church held a tea in the church basement on Thursday evening. Proceeds amounted to \$55.00.

The ladies of the Elgin Presbyterian church served dinner and supper to over 500 guests on the grounds Wednesday and realized over \$180.00.

On Wednesday the three bands gave impromptu concerts at the Fair grounds while the Black Watch band played in the afternoons and evenings of the entire three days.

Large crowds attended their concerts in Prince Arthur Square on Wednesday, Thursday and Friday nights. Thursday night the band's dance team gave an exhibition of Scotch dances including the Highland Fling, Sword dance and reels to the great delight of a large gathering.

The Black Watch is the oldest Highland regiment in the British Army and the pipers (with the exception of the Scots Guards pipers who received the honour within the past few years) are the only pipers from all parts of the British Empire to wear the feather bonnet. The Black Watch is the only regiment entitled to wear the red hackle, (the red plume worn in the feather bonnet) another honor.

Joe Legros of Herdman won the Buiova watch raffled by the Old Home Week Committee with ticket number 2005, and Cameron Elder, of Athelstan, won the C.O.M. bicycle with ticket no. 1648.

Fairly large crowds attended the dances held in the Chateau every evening during the event. Large crowds were also reported at the dances held in O'Connor Hall. The last one held in the Hall on Friday evening was a modified form of the former Academy Balls as many old students of Huntingdon Academy were present.

The bingo games sponsored by the committee did a rushing business during the three days. Refreshment booths were also very busy as the extremely hot weather drove many to seek relief from the heat with ice-cream and soft drinks.

The parade which opened the celebration lined up on Cemetery St. north of Canadian National tracks and went up Cemetery St. to Chateauguay St., Chateauguay to Lake St., Lake St. to Prince St., Prince to Dalhousie and across the bridge to fair grounds.

little Miss Angela Wilson was the infant girl being put to sleep. The quartet which included Messrs. J. B. Macmillan, S. D. Popeck, F. J. Montie and D. Stata offered two musical selections: "That Quartet in Our Barn" and "Little Alabama Coon."

Their humor and sense of interpretation was most interesting. Huntingdon's clarinet player, Mr. Frank Scerbo gave a very fine rendition of "The Neopolitan Waltz," one of the most hilarious musical comedies ever presented in this town. Mr. Montie and Mr. Paul Michaud with their costumes and gestures brought laughs during the entire time they occupied the stage.

Messrs. Popeck and Macmillan played the parts of the husbands. Despite the high temperature in the hall that evening the programme was thoroughly enjoyed by all and the audience left with just a little more confidence in their own home talent and more than satisfied with the numerous entertaining programmes presented during Old Home week.

Covey Hill

The contemptuous attitude taken only a few decades ago towards country life has largely given way before a knowledge of the value of fresh air and nutritive foods.

When God made humanity's pioneer in His own image, He made him a partner in the work of creation by putting him, not in an office or library, but in a garden.

Gardening is a vocation in which love's labor is not lost, the pleasure rivaling the profit. How delightful to know that you would have but-ter-beans for your certain Sunday dinner!

During one of the recent frequent electric storms a lad named O'Brien was killed by lightning at Moore's Forks.

He was standing in front of a store holding a horse which was stunned but recovered. Mr. Frank Milne, a nephew of Mrs. George Milne, a native of Covey Hill, died recently at his home at Fort William, Ont. and was buried at Montreal.

He was unmarried, being survived by his mother and sister, and was a nephew of Mrs. M. H. Semple and Mr. Arthur Milne. As a boy he visited relatives here. He was a World War veteran, having been overseas for four years.

The death of Mr. Edward Ankil is reported from Valleyfield in the Montreal Herald. He was a son of the late Mr. Jacques Ankil, the family name being of German origin.

His Teuton ancestors was indicated by his personal appearance as well as by his certain Sunday dinner habits, and business shrewdness, and for the lack of education he made up by attending school when a full-grown man, and later was able to save a tidy little fortune.

When employed in the condensed Milk Factory, he resided in Huntingdon for several years, and also worked in New England.

Mrs. John Angell and family of Montreal, who spent a week as guests of her sister, Mrs. C. Waddell, has returned to her home in the city.

Mr. Kenneth Meyer of Ottawa, spent the week-end at the home of Mr. and Mrs. C. Waddell.

Mr. John B. Angell of Montreal, spent a few days at Mr. C. Waddell's.

Mrs. and Mrs. J. B. Angell and family, Mr. K. Meyer, and Mrs. C. Waddell and family spent a day recently at Plattsburg, N. Y.

Mr. and Mrs. Doctor Gervais and son Floyd of Northfield, Vt., were recent guests at "Cornerstones", also calling on many other old neighbors.

Recent guests of Mr. and Mrs. Snopson were Messrs. Sim and Windecker, Mr. Norman Cavers of Montreal, and Mr. Matthew and family of Plattsburg, N. Y.

Mrs. Reynolds (nee Brisbane) and two daughters of Manchester, N. H., called on Mr. and Mrs. M. H. Semple.

Miss Edna Curran has had a visit from her friend, Miss Elaine Hamilton, of Bryson, Que., who is attending the Teachers' Summer School at Macdonald College.

Mr. A. E. Curran and family paid a visit to his sisters in Montreal before their removal from their present residence to a new home in Snowdon.

Mr. and Mrs. J. W. Curran of Montreal, are spending a vacation with relatives here.

Mrs. L. A. Waddell spent last week with her mother in town.

Mr. Geo. Laflamme, of Montreal, was a visitor this week at Mr. L. A. Waddell's.

Messrs. Geo. Hooker and Jaa Gilliland of Ormstown, were recent guests at W. R. Perry's.

Mr. Athol Edwards has been spending a week at "Keithburn", and attending to repairs on the family property.

Mr. and Mrs. C. E. McNiece and Kenneth and Miss Dorothy Sharpe spent a week at Old Orchard, Me., and Mr. McNiece remained for another week on the Hill.

Mrs. W. W. Perry of Vancouver, with her sister, Mrs. Massey of Montreal, and Mr. Massey and son called on numerous relatives in this district.

Riverfield

Miss Audrey and Gracie McQuaig of Ormstown, spent a few days with their cousins Thelma and Shirley Milne, and returned home last Tuesday evening with Mr. and Mrs. Douglas McQuaig and Ruby, Mr. and Mrs. John Milne and Mrs. Flora Black.

Mr. and Mrs. Chester Orr motored into the city Sunday afternoon and met their friends, Dr. and Mrs. J. C. Hamilton of Chicago, who are spending some time at Riverfield.

Messrs. Harry, Roy and Elsie Angell and Ralph Logan, spent the week-end at Lachute, guests of Mr. and Mrs. Wm. Husband.

Miss Joyce Terry, Jackie and Margaret Ann, Rita and Olive Robertson, spent Sunday afternoon with Ivy Terry at the home of Mrs. Wallace Barr.

Mr. and Mrs. D. Baker and sons Ronald and Clifford and Mrs. Wm. Griffiths of Montreal, are spending their summer vacation at the home of Mr. and Mrs. W. W. Orr.

Mrs. Alex. Steele and son Garnet of Bedford, Que., have been visiting friends in this vicinity.

Mr. Robert MacDougal of Patterson, N. J., spent the past week with friends in this locality. Mrs. MacDougal and son, Buddy, returned home with him on Sunday.

Franklin Centre

Mr. and Mrs. Earl McNiece spent the past week guests of Mrs. J. Waddell. Mr. and Mrs. Jones of Montreal are also vacationing at the same home.

A social evening sponsored by the W.M.S. was held in the church hall on Monday evening and was well attended. A pleasant time spent. The ladies serving a bountiful lunch. Proceeds \$15.00.

Speaker Urges Return Visit To...

(Continued from page 1) best not to let you down, as your representative in that connection. "When we left we took not only your friendship, we may not have taken much of this world's wealth but we took things that were much more valuable, we took with us the spiritual inheritance of a great people.

"I mean those spiritual values we inherited from fathers and mothers handed to them from forebears—a love of home, a love of country, a respect for law and order, a love of truth against falsehood, a love of justice against injustice, of honor as against dishonor, a love of peace and peaceful dealings as against war and warlike dealings, a love of liberty, liberty of thought, liberty of worship, liberty of speech.

"Those are some of the things I think of today as I look back on the old home town as I left it 44 years ago, and try to recall the scenes of my boyhood.

"Scenes that have meant so much to me. I remember the scenes by the old river. There is no river like it for boys and girls who are brought up in Huntingdon. And then the trees, the maples and the sturdy elms, how I wish we could have some of those mighty trees in Regina. Under some of these very trees years ago we lay, half-asleep, seeing visions fully, half-awake, bulging in the night, I hope that some of them will never be cut down. Some of them are our trees, some of them are my trees, and nobody has any right to cut them down without my consent, and as I have the right to get my consent—and then the school. Mr. Robb has already referred to the school, what the school meant to us, how our knowledge grew from day to day and shall I say less of reverence, sometimes was the result.

"The old school where we were disciplined in such a manner that it has affected us all our lives. It was there that we first became acquainted with the animal by the name of a cat with nine tails, and some of us, if Mrs. Sellar is in range of my voice, she was one of them, some of them to remember the cat was made to us, we also made sure that the cat didn't have nine lives. And so that's the way we grew up. We were well disciplined. I remember three of the teachers, the Misses Cameron, Ewart and Wilson. I love their marvellous discipline. And so the old school.

"And shall I mention the house of a friend by the side of the road. Did you ever have a friend by the side of the road? Well I recall one and I'll never forget it—where in the cold blast of winter we were welcome to come in by the stove, where in the summer heat we were welcome to cooling drinks, and I mean the home of Mr. and Mrs. Massey.

"I wish they were here today in reach of my voice. I wish I could take their hands and shake them and tell them how thankful I was and if any children or grandchildren of theirs are with the hearing of my voice I hope they will get this message. The house of a friend by the side of the road.

"And the court-house, this is my peculiar field, the court-house, it meant everything to me. During the recess hours, when I could, I visited the old court-house. What started me going there I don't know, but that I did go I do know. I was impressed that I formed a resolution that some day I would get in on that thing and so I got the vision in the old court-house—and now I've been a member of the legal profession for 27 years, and am just as proud of the profession today as I was the day I got the vision in the old court-house.

"It was a vision that continued to live and I have no regret that I devoted my life to the service of mankind through the legal profession, which probably does not apply to anyone else in the audience, and now I come to the church. What marvellous lessons we learned in the old church, those that were held to us ever since and have been guiding-posts in the gateway of life—the old church.

"The old home, it may have been a cottage, it may have been a palace, but it was peculiarly the old home, that's the peculiarity above all others, that our minds turn to. It was there that we had our birth, it was there that our parents prayed for us, sacrificed for us and gave everything they had, and most of what we have now that's worth while having—the old home.

"And so we come back once more to these scenes of boyhood. We've had visions that may never have been realized, dreams that may never have come true, we have built castles that have never been turned into wood or stone, we have painted pictures that have never reached the canvas, but even though we have fallen short of the pictures we have painted and the castles we have built and must admit we have fallen short, we have come back to the aspirations and thoughts that have influenced our lives throughout, and we come back and we pay tribute to those who inspired us.

"There are in many homes everywhere, those who have reason to thank God today that they get these inspirations, because that and nothing else has been a sustaining factor in their life."

Major Daniel Faubert of Huntingdon acted as chairman, while M. T. Robb introduced the speaker.

Smilie-Jackson A very pretty garden wedding took place at the home of the bride's parents, on Saturday afternoon last at 3 o'clock, when Pearl Alberta, second daughter of Mr. and Mrs. Theodora Jackson, became the bride of Mr. Kyle Smilie of Shawville, Que., the son of Mrs. John Smilie and the late Mr. Smilie of Shawville, Que.

The service was performed in the garden, gay with flowers, by the Rev. Robert McLean of the Presbyterian Church. The bride, who was given away by her father, wore a triple sheer crepe with a corsage of sweethearts. Mrs. Jackson, mother of the bride, wore a gown of corn-flower blue chiffon with a corsage of pink sweet peas. Mrs. Rose, sister of the groom, wore a gown of black figured crepe with a corsage of white sweetpeas.

Following the ceremony the guests adjourned to the dining-room, where they partook of a sumptuous repast. The table decorations were carried out in pansies and sweet-peas. The bride and groom left immediately by motor for Montreal, where they took the boat for a cruise down the Saguenay. The bride travelling in a navy blue ensemble with matching accessories. On their return they will reside in Shawville, Que.

Obituary

The late Robert Clark This community was saddened on Friday when we heard that Mrs. Robert Clark had passed away. Mrs. Clark had been in a serious condition for the past nine months, but no one realized that the end was so near. She had been with her daughter, Mrs. Rufus Fisher, of Barrington, for the past two months and was planning to return to her home in a few days to be with her son Willis and family. Mrs. Fisher left her sitting in a chair and when she re-entered the room found her lying on the floor and she passed away in a few minutes. Mrs. Clark was formerly Catherine Coultter of the Gore. Coming here to teach a number of years ago. Here she met the late Robert Clark and later they were united in marriage.

They had four children, three of whom survive, one daughter, Muriel passed away eight years ago. Mrs. Clark will be greatly missed by her family, her neighbours and friends. She was always ready to lend a helping hand. Deceased was a member of the W. A. Hemmingford and the W.M.S. of this street.

The funeral service which was largely attended was held at Hemmingford in the Anglican church on Sunday afternoon, her pastor, Rev. Howard officiating. Several favorite hymns of the deceased were sung. Several beautiful tributes covered the casket. She leaves to mourn her loss one daughter, Lily, Mrs. Rufus Fisher, two sons, Willis at home and Alwyn of Detroit, also eleven grandchildren. Interment took place in the family plot. The bearers were Samuel Grey, Arthur Walmisley, Richard Fisher and Charles Merlin. Among the number from a distance who attended were: Mr. and Mrs. Randles Boyd, Mr. and Mrs. John Boyd, Mr. and Mrs. Wm. Coultter and Miss Jean, Mr. and Mrs. J. Monneypenney, Mrs. Merkle, Mrs. James Coultter and Miss Stella Coultter, Mr. and Mrs. K. McCartney, Mr. and Mrs. Wm. McCartney, Ormstown; Mr. and Mrs. J. J. Craig, Mr. and Mrs. R. McClenaghan and son, Riverfield; Mr. and Mrs. Phair, Plattsburg; Mrs. Anderson, Gore; Mr. W. Anderson and son, also Miss Marie Grant, Montreal, and several from Moers.

Jane Hewitt at Sherbrooke and is survived besides his wife by two sons, Gordon Wilson, Hutchings and Edward Albert Hutchings, and one daughter, Mrs. Mabel Pennington, all of Montreal, and one son, Frederick William Henry Hutchings of Athelstan, Que.

Mr. and Mrs. J. F. Rollit and the Misses Rollit of Montreal, spent the week-end with Miss Buchanan.

Mr. Duncan McArthur and Miss Bryden McArthur are spending a few days with their uncle, Mr. Inell Waddell.

Mr. L. Carter, Mrs. L. Stalker, Mr. and Mrs. Jones and family of Montreal, are spending their holidays with Miss Vickie Semple.

Ormstown

Miss Annie Hamilton, who has been spending the summer with her brothers, J. D. and Wm. Hamilton left Monday with Miss Jessie M. Norris, Past President of the Canadian Teachers' Federation, to attend the annual conference which is being held at Toronto. From Toronto they will go to Cape May, New Jersey, for a two weeks' holiday at the seaside.

The three act comedy, "Only Sally Ann" presented by the Riverfield players in McDougall hall on Saturday evening under the auspices of the Ormstown Curling club was very much enjoyed by a large and appreciative audience. All members of the cast executed their parts in an able manner.

During intermission the Lady Curriers held a sale of home made candy. The proceeds of the evening amounted to about \$65.00.

Mr. and Mrs. Wyle Dixon of Verdun, Que., spent the week-end the guests of Mr. and Mrs. A. Cook and with other friends here.

Panthers Win Over All-Stars By 2-1 Score

Show Punch at Plate and Smart Fielding Ability In Winning

The Black Panthers defeated an All-Star Huntingdon team at the Fair Grounds on Wednesday afternoon in the opening game of the local Old Home Week celebration by a score of 2-1.

During their workout before the game, the Panthers amused the fans with their "Shadow ball" and other of their familiar tricks. Mixing in the hat with the ball and tossing it around to their teammates, they proved that they had a natural ability in doing what they wanted with the ball.

The Panthers scored their first run in the first inning when Wilkinson reached first on an error and came home on another infield error to score.

Both teams played cautiously until the sixth inning when each scored a run. All through the game, both teams came close to scoring several times only to have their rallies stopped cold as their opponents came up with brilliant play in the pinch.

Pace, Panther right fielder, the first batter up in the six inning took his base when struck by one of Langelier's low balls. Berch, the following hitter, singled to right field and Pace advanced to second. He came home on an overthrow from home to second to score the second run for the Panthers.

In the last half of the same inning, Huntingdon scored their lone tally after two runners had been retired. Monique smacked a long hit to deep left field for the only double of the game and came home when Berch, catching for the Panthers, attempted to catch Izzo stealing and threw the ball out into center field.

Huntingdon staged a promising attack in their last chance at bat when they had Gus O'Connor pinch hit for Harry McCain. O'Connor slammed a hard grounder past third base for a single but the following batters were retired in order.

In their last chance at bat the Panthers swung hard at the ball in an attempt to increase their lead and one of Wilkinson's hits to deep right field, was beautifully handled by Izzo who had to run a good one hundred feet to make the catch and retire the side.

Following is the line-up: **Black Panthers:** Wilkinson, c.f.; Mitchell, s.s.; Robinson, 1st; Cleveland, l.f.; Pace, r.f.; Berch, c; Logan, 2nd base; Bacon, 3rd; Fleming, p; subs., Cobb, Davidson and Wilson.

Huntingdon: Oeser, s.s.; G. Levar, 2nd b; Barber, l.f.; Bush, c.f.; Howard McCain, 1st b; Monique, 3rd; Langelier, p; G. Taylor, r.f.; Harry McCain, c; Subs., Izzo, O'Connor.

Score by innings: Panthers 100 001 000-2; Huntingdon 000 001 000-1

Malone Stars Down Sorel In 9th Inning

Batter Fans With Bases Full In Final Frame to Lose Game

The second baseball game offered on Thursday afternoon during the celebration of the Huntingdon Old Home Week featured the powerful Sorel team of the Provincial League and the Malone Stars of the Northern New-York League.

Sorel, who represented Canada, were defeated by their American opponents by the score of 7-6. It was only in the last inning that the victors were able to score the winning run and win the game although Sorel with three runners on bases in their last half at bat and only one runner retired nearly evened the score.

A big crowd was on hand to witness the game and both teams a great hand whenever they came up with any smart plays.

In the first inning both teams had their runners retired in order but in the last half of the second inning, Sorel scored three runs and two errors, scored three runs. They added two more in the third inning but the Stars also gathered four in the same session to keep the game close. The score at the end of the third inning was 5-4 in favor of Sorel.

Both teams battled hard without any further scoring until the seventh inning when the Stars, on a double by Donald, scored two runs to take the lead 6-5.

Sorel tried hard to tie up but were unable to do so as the Malone team played very carefully to keep their lead. In the last half of the eighth inning Sorel scored another run to make the count 6-6.

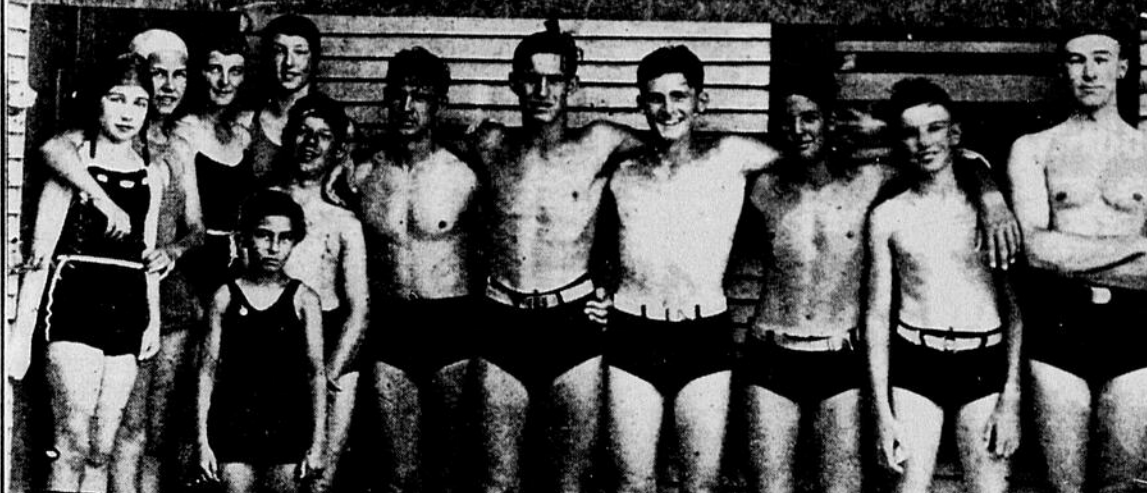

Sterling who replaced Ebnat on the mound for the Canadian team did a nice piece of relief hurling but he was the victim for the winning when Donald and Kertz took their bases on two errors, in the first half of the final frame.

In their last chance at bat the Sorel team had three men on bases with only one out but couldn't score. Adams replaced D. Ryan on the mound for the Stars at this stage and the former with his fast balls, retired the next batters in order.

Line-up: **Sorel:** Scott, s.s.; Olson, 2nd b; Gibeault, r.f.; Irving, 1st b; Sims, l.f.; Galen, c.; Simpson, c.f.; Brawnd, 3rd b; Ebnat and Sterling, pitchers.

Malone Stars: Whalen, 2nd b; Gallagher, c.f.; Kertz, r.f.; Donald, l.f.; Lucynski, s.s.; Proschel, 3rd; Fisher, 1st b; Benson, c.; Adams and D. Ryan, pitchers.

Score by innings: Malone 004 000 201-7; Sorel 032 000 010-6

1st. The decorated bicycles that formed an important and colorful unit in the "Old Home Week" celebration parade.
2nd. Champion swimmers of the aquatic events staged in the mill pond on Thursday morning.
3rd. Girls of the Dundee Softball Team that never fail to bring honor to Dundee. This softball team is noted for its ability on the diamond and is leading the local girls' league by a big margin.
4th. Ladies of Elgin Presbyterian Church who served dinner in the dining hall on the opening day of the celebration. Though the Elgin congregation is small it never fails to muster up a good band of workers, and always serves a fine dinner.

Dundee Girls Win--N.H.L. Stars Lose 7-0

Former Win Easily Over Huntingdon Girls--Latter Lose Hard Game

The final ball games on the local Old Home Week programme featured a softball game between the Dundee and Leach Textile girls and a baseball game between an augmented Huntingdon team and the National Hockey League All-Stars of Montreal.

The first contest between the girls was a runaway for the visitors who whitewashed their opponents by the score of 31-0. The local girls seemed to be very nervous when they first took the field and Dundee turned this to take an early lead.

Although defeated by such a score the Leach girls played a hard game. Kathleen Cahill, Leach pitcher was the standout player for her team. She reached third base twice but was left there when her teammates failed to knock her home.

Dundee girls with their present team seem to have the best chance of winning the Fisher Trophy for the Championship of the Girls' District league. Behind the masterful pitching of Janet Fraser, the team could go places in any league. She made a new record Friday by striking out 9 Leach batters.

The game between the N. H. L. Stars and the Huntingdon team turned into a victory for the locals by the score of 7-0. Both teams were held scoreless until the third inning when Huntingdon scored one run on doubles by J. Oeser and L. Elder to take a lead which was never endangered thereafter.

In the fourth inning Huntingdon staged another rally to score four runs and make the score 5-0. Pete Bush started the rally when he slammed a long drive over the head of one runner on base. The ball was hit high over Archie Wilcox's head in deep center field. The other runs were scored on an error and two singles.

The last tallies of the winning team were made in the sixth inning when O'Connor hit a double to right field.

The Stars tried hard to escape the white brush but their efforts were useless as the Huntingdon aggregation played cautious and errorless ball.

Bert Connelly was the heaviest hitter for the All-Stars while Archie Wilcox was the only player on the visiting team to hit a double. Babe Seibert, playing first base, acquitted himself very satisfactorily and looked like the most dangerous hitter they had although he was able to get only a single.

Pete Bush, Jack Oeser and G. Lavair were the heaviest hitters for Huntingdon with two hits apiece in four times at bat.

Bush, Monique and Hay divided the pitching duties and were never in any serious trouble. The only double play of the game was made in the fifth inning when Connelly and Robertson were retired, Oeser to Lavair and Elder.

The contest started late and ended in the early evening.

Line-up as follows: **Dundee vs. Textiles:** Dundee--R. Hannah, P. Platt, M. McCann, J. Fraser, V. Mainville, M. Rosevear, R. McGarney, D. McGibbon, G. Stowell, J. Thompson, M. Thompson, A. Fleming.

Leach Textile--F. Leahy, E. Marshall, E. Anderson, K. Cahill, L. Leslie, M. Rennie, C. Tittle, T. Anderson, C. Cappiello, R. Arthur, E. Rennie.

N.H.L. Stars vs. Huntingdon Stars: Freeman Jack, r.f.; Bert Connelly, s.s.; Robertson, 2b; Babe Seibert, l.f.; Lorne Duggid, 3b; Archie Wilcox, c.f.; Hughie McCormick, l.f.; Dionne, c.; Sheppard, p.

Huntingdon: J. Oeser, s.s.; George Lavair, 2b; N. Hay, l.f.; H. Barber, c.; Monique, 3b; P. Bush, p; Izzo, c.f.; L. Elder, 1b; M. Hunter, r.f.; Subs., Watson, Coyne, Gavin and O'Connor.

Score by innings: N.H.L. Stars 000 000 000-0; Huntingdon 001 402 00x-7

- Softball Notes -

Rain halted the Orms-town-Huntingdon girls' game Tuesday evening but this contest will be played as soon as weather permits.

Dundee has won all their contests this year and it looks as if they intend trimming everything that comes their way. At present they have a total of ten points with the Huntingdon Girls in second place with four points.

Leach and Orms-town have the most games on hand. Although the latter have not yet won any games, should they win their remaining contests they will be sure of a playoff berth. Leach has played only two games and have two points.

Sorel tried hard to tie up but were unable to do so as the Malone team played very carefully to keep their lead. In the last half of the eighth inning Sorel scored another run to make the count 6-6.

Huntingdon Girls have played more games than any other team in the league at present as they have only one game left to play. Of their five games they have won two. One against Leach and one from Orms-town.

Leach will play their three remaining games this week-end or early next week so that the play-off games will start at the end of the following week.

The Huntingdon Girls have for the present lost the services of their first baseman, Miss Eleanor Miller, who is visiting with relatives in Kingston and Iroquois. Miss Jessie Taylor will probably replace her at the initial sack till her return with Catherine McCallum or Helen McDermaid at short-stop.

Helen Marshall, C. Capiello and R. Arthur combined with Kathleen Cahill are the most potential factors on the Leach

"So you sold out?" Maya Jack said, dazedly. Then the tenseness left him and he laughed boisterously. "So you sold out!" Still laughing hollowly, he turned and went to the chart table. He began hurriedly penciling upon a chart. Rand gave him a scowling glance and went down onto deck.

WITH THE CAMERAMAN AT THE OLD HOME WEEK CELEBRATION

Ottawa Show Will Open Next Week

Nine Days and Nights Replete With Outstanding Features

On Thursday of next week, Rt. Hon. W. L. Mackenzie King, Prime Minister, officially will open the Ottawa Exhibition, and by so doing will inaugurate a nine-day celebration, fitting to mark the fiftieth anniversary of the Central Canada Exhibition Association. The features are that it will be a real celebration replete with factors which will appeal to old and young, urban and rural residents.

For the first three nights, Aug. 19 to 21, feature will be Chaudiere, a historical pageant on an elaborate scale depicting the Ottawa district from the early days. Episodes have been carefully selected and a cast of 800 will interpret them. Costumes historically correct and lavish scenery will make the spectacle memorable. Also on the first three nights will be The Cavalcade, introducing famous riders of the ages, costumed and suitably mounted. The midway and all the bountiful sections of the Coliseum will be complete in every detail for the entire nine days.

Commencing on Monday, Aug. 23, there will be a complete change in the grandstand program. Outstanding in the night program will be The Revue of Tomorrow with stars of Broadway and Hollywood in comedy, dances, songs and gorgeous ensembles on a special stage with elaborate costumes and scenic investment.

Edwin Franko Goldman and his band will be heard in two concerts daily, 4 o'clock and 6.15, from Monday, Aug. 23, to Saturday, Aug. 28. For five evenings there will be a horse show in the Coliseum with strong programs of harness and saddle events.

Ayrshire Sale At P. D. McArthur's

Two 2-year-old heifers and one yearling heifer from the show string and two other heifer calves were sold at the P. D. McArthur and Howard's Saturday, to the Toronto Elevator Co., Toronto.

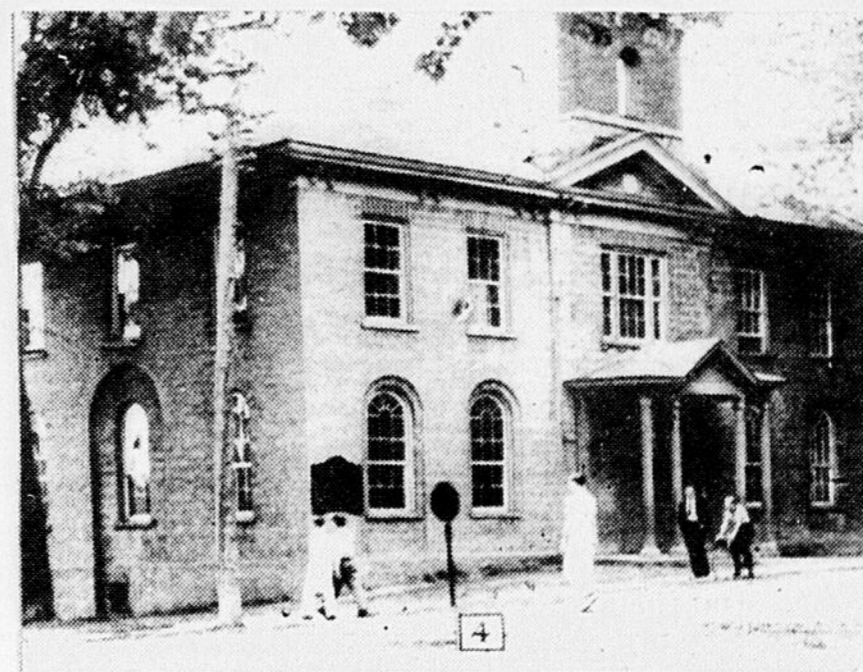

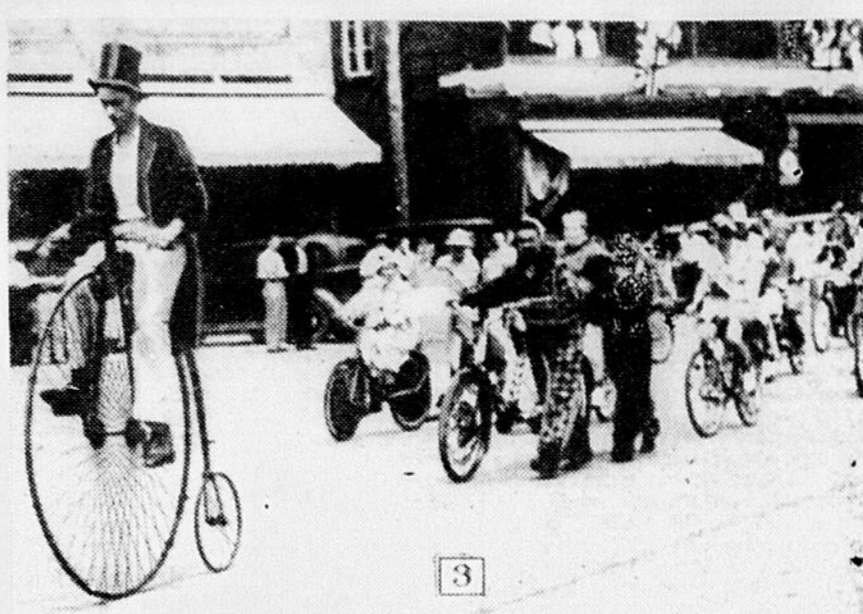

All these animals were sired by Alta Crest Winter Royal, who now has 25 qualified daughters. One of the two year old heifers is Cherry Bank Royal Gem 3rd, a full sister to the grand champion of Quebec in 1935. The other is Grand Springs Julia, granddaughter of Cherry Bank Bonny Buttercup, bred by T. L. Drysdale, of Allan's Corners. The yearling heifer is an outstanding individual.

Brysonville

Mr. and Mrs. Dan McArthur, Mr. and Mrs. W. J. McArthur, Mr. Alex. McArthur and Mr. Robert Getty, motored up from Bedford, Que., on Saturday and attended the Mess & Sons Ayrshire Sale and also visited at the homes of Mr. and Mrs. W. T. Stewart and Mrs. Jas. Peddie, of Tullochgorum and Mr. and Mrs. Wm. Cairns.

Ormstown

On the afternoon of August 5th, the W.C.T.U. met in MacDougall hall with an attendance of 48. The opening hymn was "Sweet the Lesson Jesus Taught." Mrs. Harold Parkinson conducted the devotional exercises taking the lesson from the 10th chapter of St. Mark. After the business period, Mrs. S. MacLeod, supt. of the department of Mothers and Little White Rib-

No. 1 shows Chief Justice Brown, now of Regina, but formerly of Huntingdon, as he addressed the large crowds at the Fair Grounds during the opening ceremonies. No. 2, A view of some of the floats in the parade as they passed down Chateauguay Street. No. 3, Stanley McHardy of Powerscourt, riding the high wheel and leading the bicycle section of the parade, which proved to be one of the main attractions in the procession. No. 4, A view of the old stone school, the former Huntingdon Academy now used as a lower school. The building was erected in 1851-52.

bons took charge. The hymn, "Onward Christian Soldiers" was sung. Then the white ribbon was tied on two little children, namely Shirley Charlotte Marshall and Lyndon George Hooker. After prayer a chorus by a group of girls was much enjoyed. It was entitled "Stand up for the White Ribbon." Mrs. Rember read a letter of thanks for flowers from the City Mission. These flowers are sent regularly each week from the Ormstown Union and carry with them much cheer and comfort to the sick and shut-ins. The county supt. of Little White Ribbons, Mrs. W. B. Little White Ribbons, Mrs. W. B. Little White Ribbons, addressed the children in a most pleasing way. She explained and stressed the need of temperance by telling them an interesting story named "Mrs. Grog's Children." Mrs. Young gave an excellent paper on bringing up children.

The prayer meeting on the 16th will be held at the home of Mrs. John Duncan. Sick visiting committee are: Mrs. W. G. McGerrigle, Mrs. D. McNeil, Mrs. J. A. McNeil and Miss Margaret McNeil.

Miss M. J. Black, convener of the nominating committee, reported Mrs. John Orr as superintendent of Evangelistic. After the repeating of the W.C.T.U. benediction, a social time was much enjoyed when ice cream and cake was served by the social committee in charge of Mrs. Duncan and Mrs. Orr.

Mr. James Mather has successfully passed the Matriculation examinations, from the Ormstown High School. James having passed his High School Leaving last year. Congratulations!

Mrs. Phil Connors and young son, of Lowell, Mass., are visiting her parents, Mr. and Mrs. George Murphy.

Mr. W. E. Moffat, of Providence, R. I., spent the week-end with his family in Ormstown.

Miss V. MacFarlane Feted By Friends

Tuesday afternoon over fifty friends met at the home of Mrs. Gardner, and presented Miss Vera MacFarlane with a chair and writing desk in honor of her approaching marriage. The afternoon being bright and warm the gathering was held on the lawn, where a nicely decorated chair in colors of yellow and white awaited the bride-to-be. After the presentation of the gift, Miss MacFarlane thanked all for their gift and good wishes. A social hour was enjoyed and delicious refreshments were served by the hostess and members of the Y.W.A.

A most successful sale of home-made cooking was held in the Auto Show Room of Mr. E. A. McHardy by the members of the Powerscourt Women's Association. The well-laden food table was quickly disposed of. Afternoon tea was served at small tables by the young women of the congregation. Mrs. Woodside poured tea. The ladies realized over \$33.00.

There will not be any services for the next two Sundays in the United Church, Rev. J. H. Woodside being on his holidays. Service will be resumed on August 29th. The solo, "Jesus, Lover of My Soul" by H. C. Macdougall, was very beautifully rendered by Mr. J. H. Albiston on Sunday afternoon, and was much appreciated.

Mrs. McVey of Ayer's Cliff, was the guest of Mr. Peter Munro and family last week.

Miss Stella Roy of Massena, N.Y., has been a recent guest at the home of her aunt, Mrs. Louis Roy.

Mr. and Mrs. J. H. Albiston and children, Robert and Jean, and Mrs. M. Albiston of Montreal are summer guests of Mr. and Mrs. Andrew Mack.

Mr. and Mrs. W. R. Wilson recently spent a few days at the home of Miss Eunice Denison in Richmond.

Rockburn

The Franklin Centre softball team took the local boys into camp on Monday afternoon by a score of 15 to 6. The game was featured by some good plays on both sides, and also by a disgusting use of profanity by some of the players.

Two horses in this place have recently been the victim of lock-jaw, one the property of Mr. C. H. Cooke is dead, and the other, a valuable animal belonging to Mr. George A. Goldie, is much improved and complete recovery is hoped for. Dr. Watson of Howick has been in attendance on the latter.

Mr. and Mrs. Walker and daughter of Parisville, N. Y., are guests of Mr. and Mrs. C. Stone.

Mr. Stuart Denham of Portland, Ore., is spending some time with his mother, Mrs. J. Denham.

Mr. and Mrs. Miller and children of Montreal, were callers at the home of Mrs. E. Arthur recently.

Mrs. Planche and friends of New York, were guests of Miss Dunsmore Thursday.

The Misses Parker of Montreal, are spending their holidays with Miss Alice Cain.

Mr. Wm. Henderson spent a few days in Huntingdon and with friends in Maxville, Ont., returning Sunday.

Powerscourt

Mr. and Mrs. Peggial and sons Nicholas and Edward and Mr. Saine from Montreal, spent Sunday at the home of Mr. and Mrs. John Koski.

Guests last week at the home of Miss Isabella Anderson were Mrs. Robert Younie, Mrs. Alex. Younie and Mrs. J. D. Linn of Tullochgorum, Mrs. George White of Southern Pines, and Miss Irene Younie of Notre Dame de Grace.

Farmers are finishing maying, which has been a good crop, many have not had room in their barns to store the amount of hay they had and have had to build outside stacks. Some farmers are cutting and binding their early grain, but in most cases this crop is still green.

Miss Phoebe Boucher from Montreal is spending a couple of weeks with her mother, Mrs. J. Boucher. Mr. W. Wood from Montreal, is a guest at the same home.

Mr. Ernest Rennie and Miss B. Rennie attended the funeral of the late Robert Rennie at Moor's, N. Y., last Friday.

The pulpit in Rockburn Church was occupied on Sunday afternoon by Rev. Cousins of Lachute.

Only Firestone TIRES ARE GUM-DIPPED for EXTRA STRENGTH
58% Longer Flexing Life

GUM-DIPPING is a patented Firestone process not used in any other tire. With it every hundred pounds of cord fabric absorbs eight pounds of rubber and, as a result, every fibre, every cord and every ply in a Firestone tire is coated and insulated with pure rubber to counteract internal heat and friction—the greatest enemy of tire life.

Due to this extra process, Firestone Gum-Dipped Cords have 58% longer flexing life. Yet you do not pay one cent more for this extra value! See the nearest Firestone Dealer today!
