BUSINESS ASSOCIATION TO HOLD MEETING MONDAY

Gough To Be Acting Chief Of Two Forces

Will Replace Chief Wren September 1

Inspector Named to Take Over Leadership of Police and Fire Departments When Present Head Retires

Inspector William Walter Gough was appointed Acting Chief of Police and Fire for Westmount at Monday's meeting of Council, as from September 1st, 1938, when Chief William Wren vacates the post he has held for many years. The Chief's resignation was accepted by Council Monday, and a resolution was passed paying him fine tribute for his services to this municipality.

Chief Wren observed the fortieth anniversary of his joining up with the Westmount Police Department on March 20th. With the exception of a brief period in 1900-1901, when he was associated with the Canadian Pacific Railway Investigation Department, his connection with the city has been unbroken. The Chief has been granted a year's leave of absence with pay, effective September 1st, and will receive his pension beginning September 1st, 1939.

Fine Record
Inspector Gough joined the local police department on March 16th, 1922. In November 1925 he was promoted from 'payment duty' to clerical work in the office, and was made desk sergeant February 5th, 1929.

On August 1st 1931, he was named Assistant Clerk in the Recorder's Court, and shortly afterwards, November 3rd, was promoted to the rank of Lieutenant. June 1st 1935 saw his promotion to Captain, and April 15th, 1936, he was appointed Inspector. He had been Acting-Inspector for six months previous to that, this date merely marking the confirmation of the appointment.

Inspector Gough belongs to both the Province of Quebec Police and Fire Chiefs' Association and the Dominion Chief Constables' Association, being a director of the former body. He was named a Justice of the Peace May 17th last year.

Rev. Frank Morley Gets Called Here

Asked to Accept Pastorate at Stanley Presbyterian Church—Presently at St. Catharines

The Montreal Presbytery of the Presbyterian Church received and sustained last week the call given by Stanley Presbyterian Church, to Rev. Frank S. Morley, Ph.D., of Knox Church, St. Catharines, Ont. The call was forwarded by the local presbytery to the Hamilton presbytery where it is to be presented by Rev. D. T. L. McKerrill, former Moderator of the General Assembly. It is understood that Dr. Morley will accept the invitation to become minister of Stanley Church.

Stanley Church has been without a pastor since the retirement a year ago of Rev. W. D. Reid. Dr. Morley is a graduate in theology of the local Presbyterian College and in his present charge he followed Rev. Dr. Robert Johnston, now retired from the active ministry, and formerly a minister of the American Presbyterian Church, Montreal, before Union.

Can You Picture Firemen's Ire, Finding Their Own Homes Afire?

Don. Burns, Rev. W. Clark Are Honored

Graduating Minister and Former Pastor Get Presentations at St. Andrew's Tuesday

Almost two hundred persons gathered for supper in St. Andrew's Church hall on Tuesday evening, when a purse with a substantial sum was presented to Mr. Donald Burns, who graduates this spring into the Christian ministry. The presentation was made by Rev. Dr. F. W. Kerr.

In his reply Mr. Burns spoke of the influences which led him into the Christian ministry, as well as the ideals he wished to keep before himself. A minister, he stated, did not expect to be a money-maker. But why a man who has made a quarter of a million dollars, wants to set out to make another quarter million, was a mystery to him.

Another influence to which he referred was his own home. He paid a very touching and delicate tribute to his parents who were seated at the head table.

Rev. Dr. Clark and Mrs. Clark were the special guests of honour, as this was the thirty-first anniversary of Dr. Clarke's induction into St. Andrew's Church. Mrs. Clark was presented with a beautiful bouquet of thirty-one roses by Mrs. Lemuel Cushing. An earnest tribute of appreciation was paid to Dr. Clark by Mr. Lemuel Cushing. The latter speaker asked those to rise who had been in St. Andrew's Church at Dr. Clark's induction and thirty persons rose to their feet.

Jailing For Indebtedness Still Usual

Sentences For Failure to Pay Fines Recall Old Debtors' Prisons, Says J. Alex Edmison

That the old days when people were sent to prison because they were too poor to pay a debt have not yet entirely passed from civilized countries was brought out Wednesday by J. Alex Edmison, of the C.P.R. legal department, in an address on "Fragments of the Past" given before the Westmount Rotary Club Wednesday at the regular weekly luncheon meeting. "In Canada 25,000 people went to jail only two years ago because they were too poor to pay fines imposed on them by our courts. In many cases, one man pays a small fine and goes at liberty, while his companion in some offense, being too poor to pay the imposition, goes to jail. That, gentlemen, is the modern version of the old Debtors' Prison."

The subject was brought up by an old copy of the London Gazette, dated 1788, in which several pages were devoted to lists of persons incarcerated for debt.

Mr. Edmison showed a number of interesting documents relating to other days, including a newspaper of 1729 wherein a special dispatch from France indicated that concern was being felt because Spain was sending 12,000 troops to Italy for the purpose of setting up a dictatorship. The shoe was on the other foot now, Mr. Edmison remarked dryly.

He was introduced by Ken Wilson and thanked by Percy Jarman.

The Westmount Club expects to send a delegate, or delegates, to the Rotary International Convention, which will be held in San Francisco June 19-24, it was announced.

President Stan Neilson was in the chair.

Campaigners Out To Beat Set Quotas

Expect Results of Y.M.C.A. Drive For Funds to Show Objective Has Been Passed

Westmount 'Y' campaign workers will join teams from all parts of Montreal tomorrow night at the Central branch at the Victoria Drive, which concludes the annual drive for funds staged by the association during the past two weeks.

While no returns have been tabulated since Monday, results up to noon of that day gave every indication that the drive in Westmount-St. Henry would go over the top, 84.6 percent, of the objective of \$3700 had been obtained at that tabulation, with three teams exceeding their quota.

The local division of the city-wide drive is divided into ten teams, with G. Harold Fiske as chairman. About 120 workers are enrolled.

In past years Westmount branch has always managed to get 'over the top', and results as shown Monday indicated that previous performances would be repeated, if not exceeded.

Results showing the teams, together with the amount collected and the percentage this represents of their objective, are as follows: A. H. Ransom, \$356.00, 104; A. H. Ransom, \$520.50, 101; C. A. Smith, \$289.00, 101; W. E. Cooper, \$210.00, 92; B. A. Brodie, \$226.50, 88; S. Hamilton, \$118.00, 87.4; R. Tait, \$582.00, 80.2; C. Musells, \$139.00, 71.2; K. H. Murray, \$127.00, 68.6; Ed. Hearn, \$78.00, 52.3.

Glen Case Named To Head Dom.-Douglas Men's Group

New Executive Elected at Annual Meeting of Local Church Body—Louis Francoeur, Speaker, Assails English Unwillingness to Learn French

The Men's Association of Dominion Douglas Church elected Glen Case president at the annual meeting held Monday evening. William Harrison was chosen vice-president, A. G. McKinnon secretary, and T. H. Atkinson treasurer. Committee chairmen include Gilbert Dalton, sports; Crawford Johnson, social service; Dr. A. L. Walsh, speakers; H. J. de Jersey, promoters.

Louis Francoeur was the guest speaker, taking as his subject "Know Thy Neighbour." He deplored the lack of clubs in the province which were devoted especially to promoting good relations and understanding between the French and English-speaking Canadians, and he said in his experience as a 100 per cent French-Canadian that he had never had to make any concessions to win and keep many close friendships among the English-speaking element of the country.

The speaker told some plain truths to his audience referring to the unwillingness on the part of the English race to learn French when members of the latter section of the province, being 85 per cent of the total population of Quebec province, do make a serious effort, and with fair success, to learn to speak English. "It is abnormal in a city like this that there should be watertight compartments between you and us," declared Mr. Francoeur, who had been introduced to the gathering as a member of a family with its roots in Canadian soil for over 300 years.

Against Communism
He said that the French Canadian was against Communism, because "he feels his whole set up would be endangered by these Jewish Asiatic Ideas." As to Fascism, he said his compatriots were disinterested, but said that if Communism were to become alarming, there was no telling what might happen as a matter of reaction and resentment against it.

Entertainment was provided by the St. Nicholas Choral Association of Ahuntsic under Joseph Vezeina, director, singing church music and folk songs.

Presiding at the meeting was the past president, Frank Robinson, and Rev. A. Lloyd Smith formally thanked the Choral Association. M. Lavallee, president of this choral group, was present. The organist was Alexandre d'Avignon, professor of harmony, University of Montreal.

King's Wins Good Marks In Contest

Local School Captures One First, Three Seconds in Recent Quebec Music Festival

King's School has put Westmount on the musical map of the Dominion, and she has done so with distinct credit to the City. At the recent Quebec Music Competition Festival, the comparatively small school shone with some brilliance.

With four entries, the various classes secured one first place, and three excellent seconds, some of them very little behind the first, and all were given encouragement by Sir Hugh Robertson, the Adjutant-General-in-Chief.

The first place in Standard 4 was won by Miss Hilda Wright's class, and Sir Hugh remarked on the beauty of tone, precision of attack, and evident enjoyment the children took out of the work. Standard 6 was led by Miss Winnifred Crossley, with competence and surety. Sir Hugh remarked that this was the best trained choir in its class, and assured them of a fine future.

Miss Ruby Hair admirably led the 5th Standard and distinctly secured the admiration of the audience in her reading of the best pieces.

The second place in Standard 4 was earned by Miss Dorothy Stark with a large class of boys, and under the somewhat trying competitive surroundings, made quite an impressive appearance, singing in tune, and with an adequate understanding, in the end coming a good second to Miss Wright's admirable choir.

Burial Today At 3 Of Mrs. A. Stuart

Cedar Avenue Resident Died Wednesday at Her Home Following a Lengthy Illness

The funeral is being held this afternoon at three o'clock from the chapel of Jos. C. Wray and Bro. of Mrs. A. P. Stuart, whose death took place Wednesday at Cedar avenue home after a long illness. She was the widow of a well known grain merchant.

Formerly Emily Marshall, she was born in Plymouth, England, and came to Canada over 60 years ago. Her husband, who was particularly well known in western Canada, predeceased her in 1930.

Surviving are two daughters, Mrs. S. C. Miller and Miss Danae Stuart, one son, N. C. Stuart, and five grandchildren, all of Montreal. She also predeceased by two daughters, the late Mrs. E. R. Ebbitt and the late Mrs. L. L. Drake, who also resided in Montreal.

Membership Drive Results Pleasing, Committee Claims

Large Lower Salon at Victoria Hall Chartered for Gathering — Recently Launched Campaign to Obtain New Adherents Jacking Rolls Steadily — Important Items to be Discussed—All Merchants Invited

A general open meeting of the Business Association of Westmount will be held in Victoria Hall Monday evening at 8.15. That the recently-launched campaign, which is still under way, has proven a worthwhile project is evidenced in the fact that it has been considered necessary to reserve one of the larger halls in the lower part of the building.

A number of important matters are to be discussed, including the launching of an advertising campaign, the forthcoming election of a permanent executive, and others. The present executive, consisting of Boyd Robson, chairman; J. A. Gagnon, vice-chairman, and Jos. Bradner Jr., treasurer, is acting in a purely temporary capacity, as it was felt hardly fair to elect a permanent slate on the few members available at the time. When a full membership has been obtained, and hence a fuller vote possible, the permanent officers will be elected.

The membership committee reports that memberships are steadily coming in, swelling both the ranks and the funds of the Association, both of which are necessary to give strength to any campaign that may be conducted. It is hoped to have fully a hundred paid up members by Monday evening, and if every one present at the last meeting lives up to his or her promise to bring at least one new person to Monday's gathering, this objective should be attained without any difficulty.

Every business man and woman in Westmount has been sent a descriptive letter outlining the aims of the Association, and the response is reported as being particularly gratifying. The Association aims to make the Westmount public "Westmount-conscious" as regards their purchasing. "You Can Buy It In Westmount" is one of its slogans, another being "Shop In Westmount First." Extensive publicity to further these objects will be launched in the near future.

Report Shows Arrests Rise During 1937

Police Department Annual Statement Shows Convictions Practically Doubled Over 1936

The annual report of the Westmount Police Department has been compiled and gives a comprehensive picture of local police activities during the calendar year 1937. Offenses show a considerable increase over those registered during the previous year, but convictions successfully obtained are more than double the 1936 figure.

In all during 1937, 3497 arrests were effected, of which 2653 were for traffic violations. This compares with 1892 in 1936, of which 1233 were traffic cases.

The traffic cases for the two years, 1937 and 1936 respectively, are as follows:—no registration cards, 68 and 72; driving without lights, 560 and 279; parking, 1134 and 345; no driver's license, 52 and 46; one way street offenses, 52 and 53; speeding, 296 and 171; passing stop signs, 134 and 113.

In 1937, 1172 Caution Tickets were meted out, as compared with 2133 the previous year. These are for minor infractions, and do not involve fines or court cases.

Theft cases in 1937 totaled 95, as compared with 99 in '36, while drunks showed a slight drop, from 25 to 22. For operating businesses without a license, 72 were apprehended in '37, as compared with 107 in the previous year. Vagrants and loiterers brought in numbered 258, as compared with 175 in 1936, and burglary arrests totaled 37 as against 19 the year before.

Convictions numbered 1503 in 1936, but in 1937 this figure had been raised to 3149.

The local force is well equipped to do a thorough job of detecting and apprehending criminals and law offenders. Radio equipment on cars and motorcycles makes instant coverage of the entire city possible, 17,531 messages being broadcast over station CY2J in 1937, and telephone messages numbering 75,165 being handled over the signal system.

The Stanton street police station is fast becoming known as a clearing house for stolen goods. Automobiles to the value of \$6,800 were stolen in the city during 1937; but the local police actually recovered stolen cars valued at \$19,000. The same may be said for bicycles, \$903.75 worth being stolen and \$1,731.46 worth being returned to owners in Westmount.

MOTHER, DAUGHTER BANQUET SHORTLY

The "Mother and Daughter Banquet" of the girls' branch of St. Matthias' W.A. will be held in the parish hall on Thursday evening at 6:30 o'clock. Miss E. K. Bryan will be the guest speaker.

Campbell Mussells was named president of the Hi-Y Club of the Westmount Y.M.C.A. Wednesday night at the annual meeting of the group. Other officers elected were: David Gibb, vice-president; Don Fraser, 4th Form Representative; Don Dougherty, secretary; Dunstan Russell, treasurer.

Dr. E. Ginebra Addresses Spanish Club

Consul General of Dominican Republic is Guest Speaker at Circulo Espanol de Westmount

Dr. Emilio Ginebra, consul general for the Dominican Republic, was the guest speaker Tuesday evening at a largely attended gathering of the Circulo Espanol de Westmount in the Windsor Hotel. Guests at the head table included Mrs. Ginebra, Salvador Alva, Vice-Consul of Mexico; Arturo Bascunan, Consul-General of Chile; and Mrs. Bascunan; Henri Comte, Consul-General of Ecuador; Dr. Cuetera, founder of the Circulo; Mrs. Alphonse Lafleche, L. A. Harrold, Mr. and Mrs. James A. Pitts, Mrs. Louise Gaudreau, Miss Francis Bellerose, Miss A. Clarkin, and Stanley McDonald.

No country in the world can present more interesting sights in the way of ancient ruins and historical places than the Dominican Republic, declared Dr. Ginebra. The country he described as a mountainous and picturesque land, whose early history was fraught with interest. He read extracts from the writings of Christopher Columbus, concerning the early voyages of discovery, which were so closely associated with the founding of settlements in the Republic. Among the many sights to be seen by the tourist, he mentioned particularly the magnificent Gothic cathedral in Santa Domingo. Dr. Ginebra spoke in Spanish. In speaking of the Dominican Republic of today, Dr. Ginebra stated that the main policy of his country was to have friendly relations with all countries, and to strive with all its might for the cause of peace. One of the interesting works under construction at present in the Republic, he said, was a light-house dedicated to the memory of Christopher Columbus.

Each member of the club present at the dinner was presented with a book published by the Dominican Republic, with the compliments of Dr. Ginebra.

Stanley McDonald, who presided at the meeting in the absence of D. L. Siordet, president, gave a brief address in which he welcomed the guests. L. A. Harrold, a member of the executive committee, introduced the speaker, and Miss A. Clarkin, also of the committee, moved the vote of thanks.

Westm't High Players Score Stage Success

The Dramatic and Debating Society of Westmount High School presented their major stage production of the year Thursday and Friday evenings of last week.

The three-act play entitled "The Romantic Age" by A. A. Milne was under the direction of Miss P. Benning and the pupils were instructed in the stage work by Mr. H. Whittaker of M. R. T.

Miss Stephanie Lewandowsky playing Melisande, headed a brilliant cast including Jack Charters (president of Dramatic and Debating Society) Nancy Hull, Kathleen McCormack, Ted Neill, Garret Rogers, Hugh Mitchell, Noel Ashby and Gertrude Parsons.

Both nights there was a packed auditorium, and the audience showed enthusiasm over the way in which the play was done.

Short lapses between acts were filled with chosen musical selections played by Arthur Davison and his school orchestra.

In casting the play the characters were chosen and tried in the school and much praise is due Jack Charters for his work in selecting the clever cast.

Gibbons Ltd., well-known advertising agency, was the guest speaker at a meeting of the sales and editorial staffs of the Examiner and associated newspapers held Saturday morning at the Hampton avenue office. Mr. Goldthwaite outlined markets, various ways of reaching them, and described the point of view from which the advertising buyers regard the newspaper advertising surveyor.

Home, School Group Hears Dr. Pavlasek

King's Parent-Teacher Organization Addressed by Czech-Slovakian Consul General

The monthly meeting of the King's Westmount Home and School Association was held in the school auditorium Friday evening, when Dr. F. Pavlasek, Czech-Slovakian Consul General at Montreal was the guest speaker. Dr. Pavlasek gave a resume of his country's history through the time of John Huss, one of the great Czech patriots, the reformation and the turbulent times of modern history, with special emphasis on the strides the Republic has made since 1918. By the use of lantern slides, he showed the beautiful Gothic and Renaissance cathedrals, the impressive country and mountain scenery, mountains that form a fine native barrier, old romantic castles, and modern times with modernistic dwellings, progressive factories and the large beautiful school buildings with walls of glass for health and beauty. The slides showed the variety and vivid coloring of the native costumes and two young girls dressed in the wide skirts, starched bodices and kerchiefs of the country, were among the audience.

Dr. Pavlasek outlined briefly the government of Czech-Slovakia and told of its aims and ideals. The exhibit of Czech products later in the Committee Room where refreshments were served, was interesting and instructive. The beautiful laces, china, glassware, decorated Easter eggs, and books, showed a feeling for line and beauty. Through the kindness of Dr. and Mrs. Pavlasek, the exhibit was left at the school for the pupils to see.

After Dr. Pavlasek's talk, Mrs. W. A. Messenger, accompanied by Mrs. C. S. Forrest, sang two Czech folk songs and an English Spring song. Mrs. Messenger and Mrs. Forrest are parents of children at the school and their contribution to the program was much appreciated.

A report was made that sixty-five dollars, the profits of the Benefit Bridge in February, had been forwarded to the School at Halbrite, Sask., which King's School had been asked to aid.

Collectors Now Taking Radio Taxes

Arrival of spring brings other annual chores, among them being the payment of radio license fees. As much as we hate to mention it, may we remind you that licenses for radio receiving sets expires this Friday, and renewals are in order from then on.

Radio receiving sets licenses are also obtainable from radio dealers, and from all postoffices.

As announced previously in the press, radio license fees for the next twelve month period are \$2.50 for each set operated. Radios installed in motor cars are also subjected to separate license.

Collectors in the Mount Royal division are: James Douglas, W. H. Henders, E. Lalonde, J. L. Dugan, H. Findlay and V. Lambert. Collectors in the Westmount district are: Peter Anderson, James F. MacLean and D. S. Louson. Three gentlemen who have canvassed the same area for years and one of them will be calling at your home during the next few weeks. Please be patient as it is impossible to reach all homes during the first week.

May we also add that the increase in license fees is no concern of these collectors, and while they will be glad to explain the situation, do not blame them for the extra fifty cent assessment.

Hot Water Bottles Before rubber hot water bottles are put away they should be treated with a solution of weak soda water. Fill the bottle with the solution and dip the whole bottle into the soda water. Finally dry it thoroughly before wrapping and storing. After this treatment hot water bottles may be left for several months without fear of hardening.

The SNAPSHOT GUILD UNUSUAL LIGHTINGS

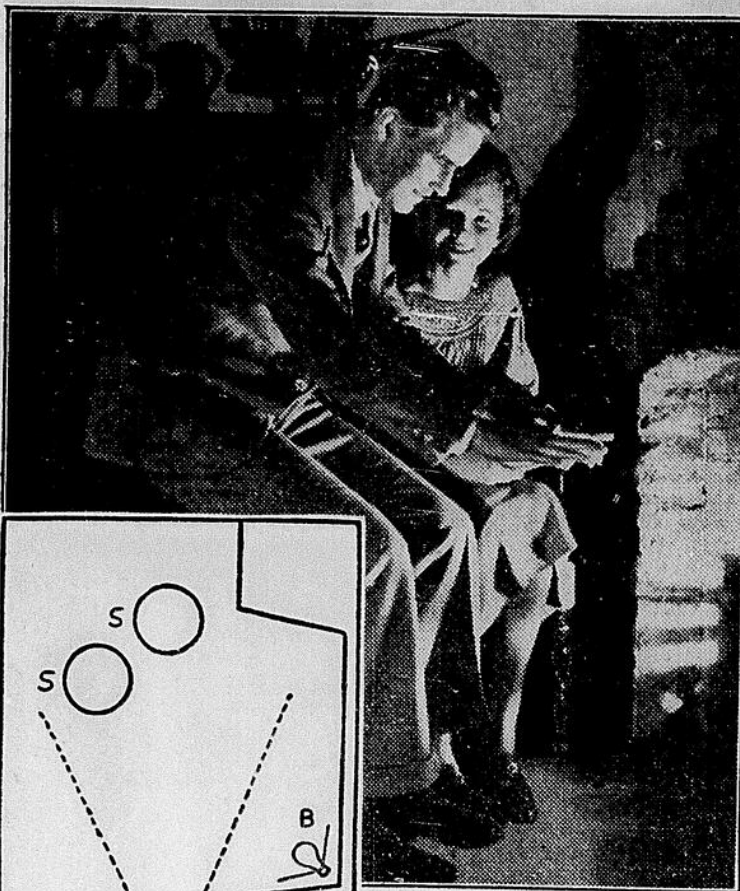

DIAGRAM 1—Fireside picture, as above. SS, subjects; B, photo bulb in fireplace; C, camera. Room lights on for shadow detail.

YOU can make interesting indoor snapshots by using regular photo lights to imitate firelight, candlelight or lamp-light. It is necessary merely to conceal the actual nature or source of the light.

You must give long exposures if only candle-light or ordinary lamp light is available but if you use enough flood bulbs, you can take snapshots with a box camera.

For a "fireside picture," tuck away a photo bulb in the corner of the fireplace, using an extension cord (see Diagram 1). Don't let the cord show. In your picture, all the light seems to come from a fire. Use three large flood bulbs, in cardboard reflectors, for a box camera snapshot.

DIAGRAM 2—Lamp-light picture. S, subject; L, lamp or candle, lighted; B, photo bulb; C, camera.

With one small bulb in reflector, put the camera on a table and give a one-second time exposure. Load with supersensitive film, of course. You get candle-light and lamp-light effects with the arrangement in Diagram 2. Light from the flood bulb and lamp comes from the same direction, so that shadows fall naturally. Note that you point the camera so that the photo bulbs don't show in the picture. And—don't let direct light from a photo bulb shine on your lens.

Try snaps of this type. They are interesting, and well worth your while.

OF . . . MASKS AND . . . MIKES . . . AND THINGS BY JACK HIRSHBERG

GOSH, MAYBE SHE'S RIGHT! Most breathtaking event of the week—excluding insurgent advances and Japanese retreats—was receipt by this corner of a neatly-worded note in unmistakably feminine script accusing your faithful reporter of laziness!

"We read your column every week," writes our fair young friend, surprising us no end, "and have been driven to near insanity by the profusion of dots, dashes and quotation marks. Please, oh please, eliminate these typographical symbols and favour us with more comment and gossip on things ethereal. I frankly believe you're lazy!"

Needless to say, this rude accusation of laziness left us stunned to the quick—whatever that may be. But we digested the lady's sermon and decided that, perhaps, she was right.

We hate to pen the following words. But spring is in the air and truth will out. Ambition was snowed under this week with the sudden deluge of slush, and we find ourselves seated before the keyboard, eyes wandering from wall to wall, and "nary a spot of inspiration in the offing."

Accordingly, fair lady, the lines that follow will once more be crammed with dots and dashes and commas and quotation marks—but it is our fervent prayer that 'twixt these assorted symbols will be buried a grain or two of news!

RADIO RUNAROUND Montreal is the toast of Broadway this week—and he it far from this department's wish to spoil the celebrations that have overtaken Radio City, but the scribes who cover press work for N.B.C. are suffering from a mild plague of spring fever when they praise Actress Phyllis Creore and Soprano Jean Dickinson as the newest stars to emerge from Montreal's entertainment sphere. . . . Phyllis Creore, a Texas girl, visited Montreal as vocalist with Lloyd Huntley's orchestra at the Mount Royal, and Jean Dickinson spent the first few weeks of her life in the shadow of our two mountains—but neither lass comes close to being a product of local amusement fields. . . . Walter Bowles will probably hit Montreal in the near future, joining the entire caste of "Canada 1938" for the first time since he inaugurated his weekly chats on this toponotch Friday air show last fall. . . . Nino Martini sang locally several days back—and returned to Manhattan minus the medal for distinguished service to radio for presented to him last year. Local hotel authorities are frantically searching for the valuable token, highly cherished by the C. B. S. tenor.

The evermounting tax burden that is imposed from municipal, provincial and federal sources is serving to crush youth, declared Rev. Wm. Orr Mulligan, of Melville Presbyterian Church, in his sermon Sunday evening. Unless something is done to solve this problem, little hope for the younger generation can be held, he said.

Unjust taxation had overthrown kings and emperors in the past, he went on, and the same condition could result in the overthrow of democracy.

Mr. Mulligan condemned the "Padlock Law" and stated that while he did not favor communism, he believed every man had the right to state his case. "Not one voice of our English representatives was heard when this law was passed and when the legislation was enacted giving the French language priority over the English language in the interpretation of the provincial statutes, the only one who had the courage to voice an objection was a Jew," said Rev. Mr. Mulligan.

Women Now Knit Boleros, Dresses

Women who knit in yarn shops are now making dresses, boleros, and jackets to wear in the late spring and early summer. One new yarn they are using is a lightweight nubby wool. Chalky colors are a raspberry-rose, dark lavender, turquoise, pale beige, pink, old gold, gray or bright red, green or yellow. This nubby yarn gives the finished garment a substantial appearance, yet light in weight. At the shop where this is sold the proprietress, an expert knitter, will design a dress according to the customer's own ideas and work out stitch-by-stitch directions for making it.

Another new yarn for summer things is made of a natural colored linen thread twisted with a spun-rayon accenting thread in natural linen or pastel colors. This yarn is flecked with light apple green, pale blue, dusty pink, gold or white. The tightly twisted linen thread gives the yarn a thickness that makes for fast knitting. There is a thin yarn of pure silk and wool in clear, bright colors that in the finished piece looks like challis. For tweedy-looking sports jackets there are new heavy worsteds with fat nubs in vividly contrasting colors.

Jeweled Flowers For Suit Lapels

Among amusing novelties which New York shops have endorsed are enormous jeweled flowers for suit lapels, throat ribbons for naked evening gowns, lace mitts for wrist bows, gilt flower pot ornaments set with pearl daisies, rings covering the entire little finger, chandelier headdress and evening jewelry.

GLOVES COMPLETE ENSEMBLE

To wear with her new spring suit, she considers black glove kid gloves, left, with suede inserts and embroidery in pastel design; a yellow suede model with baseball stitching; centre; fingertip gloves with contrasting color stitching, right. The ones on her hands are white glove kid with baseball stitch in arrow design. These have hand-rolled tops and tiny vents.

St. Pierre, Oliver Feature Quality

Noted Style House Offering Splendid Line of Paris Models in Latest Shades For Spring Wear

Honors are divided fairly evenly at St. Pierre and Oliver Limited, 1434 St. Catherine street west, between the long loose coat and the fitted redingote. Both appear either open or closed. A number of those chosen by this firm to represent the spring mode are softly tailored and collarless. Many of the softly tailored models have fancy pockets. Because of the Watteau effect on the feminine wardrobe this season the long loose coat is unusually interesting.

Since the suit seems to be the most important object in the Paris collections, there is excellent reason for considering it important in this part of the world, and important it is, in more ways than one. St. Pierre and Oliver Limited favours Creed's one button cut-away jacket idea. Whether the button is placed at the neckline or near the bust it remains "high." Some jackets have fronts cut away to show a waistcoat of pique. Corners are as a rule left square. Sometimes the jackets contrast with the skirts and sometimes there are braided yoke and pocket effects at the hip-line.

Another Parisian model which will have its counterpart in this Canadian firm is Patou's plain and patterned men's suiting types in soft, muted colours so highly in favour this spring, combining for instance fuchsia with violet, or grey with a lovely dusty pink.

Materials chosen by St. Pierre and Oliver Limited to express the fabric mood are for the most part hop sacking, nubby and Shetland tweeds and saxons. All the lovely shades of blue, including navy are used, frequently in contrasting colours. There is much combining too, of brown and beige.

This house specializes in tailored dresses. The narrow skirt silhouette is favored and the narrow, straight skirt is developed in the silk frock designs. Frock and small jacket ensembles are considered very good since Schiaparelli and Vionnet have developed this style very successfully. It will be reproduced here, made to order.

Betty Writes Of Fashions To Bunny

Dear Bunny:
I have just returned from a shopping tour, the shops have certainly taken on a festive air for the Easter holidays, and are catering exclusively to milady. Everything she could possibly want to complete her ensemble is on display.

According to leading stylists here, spring coats with all their details, are as varied as dresses this season. At a recent opening, the fitted, collarless redingote coat, with slightly flared skirt, straight sleeves and simple padded shoulders predominated, novel styles were also shown by every house.

Crepes, woollens, in black or navy, are the most popular fabrics, and the light coats such as beige or gold over dark frocks, is a high-light this season. For afternoon wear, madame will wear a velvet coat with braid trimmings or all-over stitching with a taffeta lining. Town coats will feature white pique collars or printed scarves matching handkerchiefs in high pockets. These collarless coats make an excellent background for a fur neck-piece.

For the woman with an average figure, two models stand out. One is the redingote which is very flattering to the stout woman as well as the slender ones. The bloused coat, whether it has a shirred bodice and full skirt and slim waist, or is the type whose skirt is slim and bloused only at the back, is designed for slender women as well as the matron.

The other model which is generally becoming, features a simple and trim bodice and a pleated skirt in the front. Shorter ladies should avoid this model, however, particularly as they are above average weight.

Another smart silhouette is the square, full length coat, whose pleats fall straight from the shoulder. In tweeds, the hem length, in boldly blocked designs with full backs, are still available, for travelling, although travellers lean slightly towards the slim, slightly flared Norfolk trend this year.

This completes the fashion parade for the time being, as I am still in a hurry as always.

BETTY.

Fifth Lenten Tea

The Fifth Lenten Tea and Home Cooking Table will be held on Saturday from 4 to 6 o'clock in St. Stephen's hall, Werendale Park, with the Evening Women's Auxiliary in charge, under the general convensership of the president, Miss Winifred Roberts.

Mrs. C. Mann will be in charge of the home cooking table. Those taking part in the program will be: Miss Muriel Floud, soloist, Miss Winifred Kean, reader, and Miss V. Thompson, pianist.

Variations Seen In Summer Styles

A perspective view of Paris fashions proves it is impossible to pick one silhouette or tendency as typical of summer, 1938. One's waistline may be defined just below the bosom or at the hips and one may wear hobbles or hoops and still be the very last word in chic.

Vionnet raises the waistline to the highest level in her Empire evening gowns, having tiny puffed bodices, finely pleated skirts and pleated capeslets, and in her Directorate costume with high double-breasted fastenings. She launches the most extreme revers on wide shoulder, emphasis in tailored suit jackets having stiffened self-shoulders holding the sleeves well out from the body. Some padded round shoulders with sleeves mounted below the shoulder line give an effect of width also.

New Handbag Fashionable, Smart

For business women who carry half the day's correspondence about with them there are handbags, made of tan calf, that have arrangements for papers. One bag is a deep oblong with slide fasteners at the top and bottom. The lower fastener opens into a separate compartment, the full size of the bag. In a boat-shaped bag with a top handle there is a full-length dividing panel, with its own zipper, to form a compartment for papers. With such compartment one can carry letters and notes without making the bag bulge.

COMEDY
AND DRAMANew Stage, Screen Policy
Scores Hit At Snowdon

Inauguration of the new stage and screen policy at the Snowdon theatre was greeted with approval on the occasion of the initial presentation of the popular northern N.D.G. playhouse last evening. Manager Larry Stevens had lined up an excellent array of talent for the stage presentation and two of the outstanding screen offerings of the current season rounded out a bill which would be difficult to equal.

Heading the screen side of the entertainment, Claudette Colbert and Charles Boyer in the pictureization of the famous Broadway stage success, "Tovarich," while another of the popular series featuring the Chinese super-sleuth, Mr. Moto, entitled, "Thank You, Mr. Moto," was the added feature. Shorts and news completed the screen bill.

On the stage Armand Meerte and his orchestra, featuring Billie

Eckstein at the piano provided the music to a clever, fast-moving presentation. In this respect it is worthy to note to mention the fine orchestral score played by Meerte and his band of all the numbers from "Snow White and the Seven Dwarfs." Several singing, dancing and musical acts rounded out the "flesh-and-blood" entertainment.

In answer to numerous requests, Mr. Stevens had as a special added attraction another silent film to be shown in conjunction with the stage show, a re-issue of one of Charlie Chaplin's greatest comedies, "The Count." A special musical score played by Billie Eckstein at the piano and Armand Meerte at the drums accompanied the picture.

This stage and screen show will be presented every Wednesday, Thursday and Friday, evenings only.

World's Largest Night
Set Shown In "Rosalie"

The world's largest night set is introduced in the super-lavish musical, "Rosalie," which co-stars Nelson Eddy and Eleanor Powell for the first time. The new picture now playing at the Westmount Theatre, opening at the Seville Theatre Sunday until Tuesday.

The set, covering some sixty acres, represents Romanza, a gay and mythical principality. Featuring 1500 bit players and 500 Al-bertina Rasch dancers, the set was filmed entirely at night. In order to do this it was necessary to bor-

row lights from every major studio in Hollywood. This is only one of the spectacular musical numbers to be seen in the film adaptation of the former Ziegfeld success.

With a cast including Eddy, Miss Powell, Frank Morgan, Edna May Oliver, Ray Bolger, Ilona Massey, Billy Gilbert, Reginald Owen, and dozens of others, the music exceeds even "The Great Ziegfeld" in its magnitude and brilliance.

Annual Dance
And Gym Display
This Week-End

Annual gym and dance display of the Y.W.C.A. will be held tomorrow and Saturday at 8.15 o'clock in the gymnasium of the main building, 1124 Dorchester street west.

This will be an experimental demonstration of the actual work done in the health educational department classes. The first half of the program will include gymnastics in which children, business girls and others will take part. A special feature of the display will be a trapeze demonstration under a spot light. In addition there will also be tumbling, pyramid and apparatus work.

The second part will include dancing, both tap and modern creative. An exhibition of fencing has been arranged by Mr. Jean M. Guay, fencing instructor at the Y.M.C.A. to be given during the intermission.

A young girl ran up to Spencer Tracy the other day to ask him for his autograph. In her excitement she said, "Oh, Mr. Tracy, your one of my most ardent admirers."

LINING UP TALENT
FOR SPRING REVUE

Rehearsals for St. Stephen's Revue, which is to be given in the church hall in the near future are progressing favorably, and sponsors of the show are predicting that this year's offering will exceed all previous efforts.

The show is being shaped by Max Ford, who will be well remembered for his revue of 1935, and will feature the inimitable clowning of Murray Stainton and the sophisticated dancing of the Harvey Sisters, among a splendid array of talent.

Another feature of the show will be the introduction of a new song "I Was Only Fooling," which, according to many in the show, is one of the finest numbers to be written by the Ford-Harvey combination. One of the big skits will center around a pirate theme.

Darling Recital
Very Well Done

The annual recital put on by the pupils of the Norma Darling School of Dancing Saturday evening at Victoria Hall lived up to the standard set by this institution in former years. Though slight nervousness was shown by some of the younger dancers in the early parts of the program, this disappeared as the recital progressed, and failed to dampen the spirit of the many and talented performers.

A fairy-tale phantasy opened the program, the ballet classes taking part. This was followed by Joyce Christie in a popular number "Hitch Hiker"; and a Chinese number "Fantaisie Chinoise," with Kathleen Madley, Phyllis Williams and Joyce Lewis was third, accompanying music by Kreisler. Edith Buckingham in a Viennese waltz solo was very charming, and the ballet classes' Russian Festival was done exceptionally well, the costumes being very pleasing and the dancing excellent. Patricia Ferguson in a popular item "Dipsy Doodle" revealed tap dancing ability, and the first part of the three part program was concluded with "Tribunal"; this number produced some splendid albeit a little obscure dancing, the concert group assisting Miss Joyce Lewis being the performers.

The second part of the recital featured a group of tap ensemble "Footloose in Holland." "The Spirit of the Rhumba," and "Interpretation of the Moonlight Sonata," the latter two by the concert group and the first by the tap classes. The costuming was excellent in these three group numbers. Phyllis Williams, and Joyce Lewis excelled in solo numbers, and Easter Parade Calamity, a popular number, revealed Alice Patricia Johnston as a charming little dancer of no mean ability. This youngster also excelled in the Russian Festival number during the first part of the program.

Miss Darling herself appeared in a pantomime number "Les Petites Ballettes," which opened the third part of the program. Miss Darling's clever toe dancing brought rounds of applause. Miriam Stein in a solo "Czardas," to music by Brahms, earned deserved acclaim, and Kathleen Madley in "Rendezvous" revealed considerable interpretative talent. Betty Ball in "Soldier of Fortune" and the tap classes in "Artists and

Models" were the two popular numbers in this part of the program. The evening concluded with "Gypsy Finale" by the Concert Group, an inspiring number.

Misses A. Favier and M. Ker-math provided musical accompaniment. Miss Darling herself designed the costumes and choreography, and Misses Dorothy Hanford and Doreen Lewis did the make-up. Stage effects and lighting were in the hands of Messrs. A. Wilkinson and P. Cregan. Miss Kathleen Madley as assistant teacher played an important part in the actual recital and in its preparation.

"They Won't Forget"
Feature Film At
Westmount Theatre

That daring and successful producer and director of photoplays, Mervyn LeRoy, sends through Warner Bros. his latest sensational movie, "They Won't Forget," to the screen of the Westmount Theatre starting Sunday until Tuesday.

LeRoy won't touch a story that is dull or routine. Now he presents one that certainly is neither. The picture presents the argument that a politically ambitious district attorney, by building up a chain of circumstantial evidence—and at the same time craftily stirring anti-sectarian hatred—can send to death a perfectly innocent man accused of murder.

In "They Won't Forget," Claude Rains is the villainous prosecutor, Edward Norris is his victim; a young Northern school-teacher, Gloria Dickson—a new film girl drafted from a Federal Theatre project stage play—is the victim's wife; Lana Turner, a 17-year-old Hollywood high school girl, is the one that's murdered; Otto Kruger, of stage and screen fame, is the Northern lawyer that tries to save Norris—and a splendid additional cast completes the roster.

"A Yank at Oxford," Robert Taylor's latest attempt, will have a London, England, premiere tonight at midnight. Among the notables who will attend are the Secretary of State for Air, The Secretary of State for War, the Minister of Health, the Minister of Transport and the Minister of Pensions.

Flynn, Blondell Teamed
For "Perfect Specimen"

"The Perfect Specimen," a comedy-drama starring the immensely popular Errol Flynn and the no less well-liked Joan Blondell, is scheduled to open next Sunday until Tuesday at the Snowdon United Theatre. This Warner Bros. production has been rated by preview critics as among the very best laugh-and-thrill photoplays of the year.

It is said to show that Flynn, in addition to his qualities as a swashbuckling fighter with ancient weapons (as in "Captain Blood," "The Charge of the Light Brigade" and "The Prince and the Pauper,") is also a first-class-battler with the gloves fists in the roped arena—a new locale for the handsome Irishman.

An amusing idea actuates the story of "The Perfect Specimen."

An immensely wealthy grandmother, with ideas of her own about eugenics and environment, thinks that Errol, her descendant, should be brought up all his life on her estate and trained to be what the title of the movie indicates. Chance and Miss Blondell get him off the estate and he has his own way to make in a world of which he has been completely innocent. He proves that his tutoring has not been in vain, even when it comes down to boxing. He has been taught that as well as everything else, and he comes pretty close to fulfilling his grandma's hopes.

SAMMETT-BLAIR BASKETBALL TROPHY PLAY BEGINS TONIGHT

AMICIS TO PLAY TRACK CLUB, TEAM MEETS FOOTBALLERS IN FLOOR AT QUEEN'S SCHOOL

Dominion Douglas to Play Winner of Tonight's First Encounter Wednesday Evening. When High Grads Will Meet All-Stars in Second Double Header — Seven Entries Compete — Keen Competition Foreseen

SAMMETT AND BLAIR TROPHY

First round: Track Club vs. Amicis.
Football Club vs. Y.M.C.A.
Second round: Dominion Douglas vs. winner Track-Amicis.
High Grads vs. All Stars.

According to reports emanating from the managers of teams entered in the City of Westmount basketball tournament, Ronnie McKee's Dominion-Douglas squad, present holders of the Sammett and Blair trophy, emblematic of the championship, will experience plenty of difficulty in their efforts to cop the title two years running. The church team has arranged an exhibition game with the Sun Life five for this evening which will serve as a final preparation for the championship play.

The last minute entry of the All Stars, finalists in last year's tournament, brought the number of competing teams up to seven, a new high record in teams. Although Queens Grads cancelled their entry in the tourney the vacant spot was quickly filled by the Football Club. The complete list of entrants include Dominion Douglas, Westmount, Track Club, Amicis, Westmount Football Club, All Stars, and the Westmount High Grads.

Owing to the fact that the Argyle gym was unavailable on Wednesday, the first round of play will not get under way until this evening at Queens School. Tom Lord's Track Club meets the Amicis in the first half of the double header, while the strong Football Club entrants hook up with the Y.M.C.A. quintet in the second game. On Wednesday Dominion Douglas swing into action when they meet the winners of the Track Club-Amicis game, this game will be played at Argyle School as the night-cap of a doubleheader in which the High Grads face the All Stars.

CLOSE IN SHOTS . . . Fred Ficklin has lined up a strong representative team for the Football Club, signing up Ben Brooks, Jim Teddie, Graham Henlie, Frank Forbes and Ken Wakefield. . . At the same time the services of Johnnie Crombie have been much in demand as both the High Grads and the Y would like this high scoring center man to line up with them. . . Buddy Briggs, one of the "big shots" behind the High Grads squad, would like to have Doc Whittall on the team but can't figure out any way to make him eligible for play. . . It is expected that C and Junior division games will be played in Westmount Park, while A and B games will be played at the Athletic Grounds. Play will be held every Saturday afternoon from May right through till the season closes in September.

It is expected that Fry-Cadbury cricketers will play their games at the Athletic Grounds this summer.

PLAYS PRESENTED BY SCHOOL PUPILS

At the Senior School assembly of Shaar Hashomayim Sunday morning, Miss F. Cohen's Class 5a, presented an original playlet called "The School that Saved a Nation." The action dramatized the Roman siege of Jerusalem, Rabbi Johanan ben Zakai's escape from the city, and the founding of the School at Jabneh.

2nd Reunion Held Of Montreal High

Old Boys' Elect Richard Styles as President For 1938, Succeeding Dr. Munroe Bourne

Graduates of the High School of Montreal were urged to take a keen interest in the Protestant Educational Survey now being conducted in the Province of Quebec, by Thomas Sommerville, M.A., Rector of the school, speaking at the annual Old Boys' dinner Friday night. He outlined the changes which have taken place at the school in recent years, pointing out that the lunch hour had been

shortened, resulting in a larger number of the pupils remaining at the school, and that to keep them occupied, inter-class volleyball games were conducted and that moving pictures of an educational nature, showing various scientific and industrial processes and the like, were frequently shown in the assembly hall. Graduates were urged to assist in the establishment of a film library for this purpose. Graduates could also help their old school, he said, with vocational guidance by telling the staff of any positions they heard of open to graduates, as the school is anxious to help its pupils obtain work upon leaving.

Mr. D. A. MacRae, gym teacher and athletic coach at the school outlined the success of the various

teams in football, basketball, hockey, soccer, swimming, water polo, and track and field during recent years. Other speakers of the evening were Richard Styles of the class of '21, G. Heslam the Vice rector, and Mr. A. R. McBain.

business meeting at which Richard Styles was elected President to succeed Dr. Munroe Bourne, Patrick Church was chosen as vice-president in succession to Thomas Lord, and Allison A. M. Walsh was re-elected as secretary-treasurer. It was decided at the meeting to include the older graduates and with this in view, to select committees from each class as far back as possible to contact the members of their class.
