TO TAKE STRONG MEASURES IF SHANGHAI ATTACKED Three Are Held Criminally Responsible By Jury At Montreal

Arrest Three In Connection With Theatre Tragedy

Owner of Theatre, Employee and Man Identified as Being Responsible for Blocking of Stairway so that Children Could Not Descend, to Appear in Montreal Court Today—Coroner's Jury in Verdict Yesterday Declared Owner and Employee Criminally Responsible for Tragedy that Claimed Lives of Seventy-Eight Children.

(Canadian Press Despatch)
MONTREAL, QUE., January 14.—Three men will appear in arraignment court today, following the action yesterday of the coroner's jury in holding them "criminally responsible" for the deaths of seventy-eight persons as a result of last Sunday's fire in the Laurier Palace Theatre.

The men are Amoen Lawand, owner of the theatre; Camil Bazzy, employee; and Michel Arie, house manager.
Roger Arpin, a witness, said that at the first cry of fire he rushed for the stairs and had descended only three steps when a man stretched out his arms and blocked the way at the same time crying to the children to go back, that there was nothing to fear. He succeeded in passing the man, who, he said, nearly choked him as he passed. He could not identify the man.

Jean Louis Falardau, eleven years old, told a similar story and was also unable to make identification. Romeo Collin identified Michel Arie as the man who blocked the stairway. He also made the claim that Rene Champagne, one of the boys who died, had been sent back by Arie after he had started to descend the stairway.

Albert Lancy, city hall license department superintendent, testified that the license tax due by the Laurier Palace on May 1st of last year was not paid until December 25th. At that time \$688.50 was paid to the city, but even then the theatre did not get a license to operate.

"How did it happen that this amount was not paid until December 25th?" the witness was asked.

"We received instructions not to collect it," he said.

Annette Borduas, cashier of the theatre, testified that she had never received instructions not to sell tickets to children under sixteen years of age.

VERDICT RETURNED BY CORONER'S JURY FOLLOWING INQUEST YESTERDAY—JURY OUT ONLY HALF AN HOUR

The three men were ordered held after a coroner's jury had deliberated for thirty-five minutes on the evidence presented to Coroner McMahon yesterday morning and afternoon. The court adjourned shortly before five o'clock yesterday afternoon, and at 5.55 the jury returned with the following verdict:

"We, the undersigned jurors, after hearing the evidence, declare that Edouard St. Pierre died at Montreal on January 9, 1927, from a compression of the chest, suffered during a panic following the discovery of a fire in the Laurier Palace Theatre. Under the circumstances, we hold Amoen Lawand, Michel Arie and Camil Bazzy criminally responsible.

"We recommend that the competent authorities see that the existing regulation governing the admission of children in theatres, whatever they be, be enforced, and at once.

"We recommend also that the City of Montreal put into effect immediately the building by-law recently adopted by the authorities.

"The present verdict applies to 77 other persons, children, who died during the above-mentioned panic, and also to all other persons who may die from any cause attributable to this panic.

"We sign: H. Charbonneau, G. E. Barsalou, L. P. Beauchemin, Alp. Bastien, Ovide Thauvette, Lucien Julien, Leger St. Jean and Theodule Menard."

Coroner McMahon signed as witness.

Authorized Police To Hold Prisoners

Afterwards Coroner McMahon issued a verdict in which it is stated that the three men were held criminally responsible for St. Pierre's death by a jury of his court and authorizing the police to hold them prisoners.

Sergeant Detectives Pusie and Nantel took the prisoners to headquarters, where they will be held until this morning, when they are arraigned. No bail is possible until this morning.

Out of a wealth of detail supplied to the coroner yesterday, several facts stand out clearly above all others concerning the fire, and these aided the jury in reaching a verdict.

First, Annette Borduas, cashier of the theatre, had never received instructions not to sell tickets to children under the age of sixteen years.

Second, that Alex Bazzy, brother of the man now held, has lived in Canada for sixteen years and has worked for five years in different theatres, yet has never heard of the law prohibiting the entrance of unaccompanied children under the age limit to the theatres.

Third, that while many of the children were trying to find their way out of the theatre after the cry of fire was raised, a man, presumably an employee of the theatre, stood with arms outstretched across the stairway and insisted that the children go back to the balcony. One witness yesterday identified

SIR ALFRED HASLAM DIED AT LONDON YESTERDAY

Was First to Invent, Manufacture and Fit up a Patent Refrigerating Plant in the Colonies.

(Canadian Press Despatch)
LONDON, Jan. 14.—Sir Alfred Haslam, originator of cold storage systems, died yesterday.

Sir Alfred Seal Haslam was the first to invent, manufacture and fit up a patent refrigerating plant in the colonies. He also fitted up machinery and cold storage chambers on board ships and at ports thus establishing an important business in conveying perishable foods from the Dominions to the British Isles. He was created a knight in 1891.

Adverse Signs On Bolshevik Horizon Have Served To Increase Talk Of War--Classes Of 1893 To 1903 Called Out To Register

While War Scare Is Found Largely Among Masses, Important Communist Officials Do Not Hesitate to Express Openly Their Anxiety Over Europe's Intentions, and Misgivings Are Also Reflected in Soviet Press.

(Associated Press Despatch)
MOSCOW, Jan. 14.—The general prevalence of war talk in Russia coincides with the registration yesterday of all able-bodied men in the classes of 1893 to 1903 for possible military service.

Great Britain's alleged unfriendly attitude to the Soviet, Poland's uncertain designs, the disquieting situation in Lithuania, the United States policy of indifference to Moscow and other adverse signs on the Bolshevik horizon have given rise to increasing talk of war.

While this war scare is found largely among the masses, important Communist officials, such as Nikolai Bucharin, of the Communist executive, do not hesitate to express openly their anxiety over Europe's intentions, and misgivings are also reflected in the Soviet press, which sees bellicose tendencies everywhere.

Long lines of young men, ever those previously disqualified physically, waited for hours yesterday in the bitter cold and snow for mobilization calls throughout Russia, which, in the event of an attack, will thus have available a supplement to the present Red Army, several million additional men.

INCREASES HUGO SLAV ANXIETY

(Associated Press Despatch)
BELGRADE, Jan. 14.—Reports that the Hungarian premier, Count Bethlen, is going to Rome in February to confer with Premier Mussolini, though unconfirmed, are generally considered "highly probable here, and increase the anxiety that Italy is aiming to isolate Yugoslavia in order to safeguard and strengthen her hold on Albania.

It is believed here that Count Bethlen and Signor Mussolini have three questions to discuss, with an Italian-Hungarian treaty as a cornerstone for the solution of the Hungarian throne problem, for the basis of a personal union of Rumania and Hungary, and the Italian offer of Plume is a Hungarian free port.

Count Bethlen is said to be in a position to make whoever he desires King of Hungary, as far as Hungary herself is concerned, but he needs the support of some of the great powers, Signor Mussolini has always befriended him, and so has Britain, and in view of the recurrent conferences of British statesmen with the Italian premier it is feared here that Count Bethlen is in a fair way to assuring his candidate to the Hungarian throne the backing of both these powers.

It is thought that the plan of Count Bethlen and Signor Mussolini is to make the Archduke Albrecht King of Hungary, and to arrange the union of Hungary and Rumania through his marriage with Princess Ileana. If not this, the Yugoslav see Prince Albrecht married to an Italian princess.

According to the local press, Italy has two chief aims in the Hungarian question: First, to prevent the restoration of the Austro-Hungarian empire; second, to assure herself of Hungary's support against Yugoslavia. It is believed that either of the above marriage projects would secure these ends.

Moreover, before Hungary can afford to flout the Yugoslav offer of a free port at Spalato in favor of Plume, it is considered that she needs to have a thorough understanding with Italy. Against Yugoslavia's trump card in her game to secure Hungarian support for herself is the fact that Hungarian goods, in order to reach Plume, have first to traverse the Adriatic.

PREMIER AND OPPOSITION LEADER AGREE THAT AUTONOMY OF THIS PROVINCE MUST BE PRESERVED

Sharp Rejoinders Between Arthur Sauve and Ernest Tetreault Enlivened Proceedings Yesterday.

(Canadian Press Despatch)
QUEBEC, Jan. 14.—On one matter both Premier Taschereau and Arthur Sauve, leader of the Opposition, agreed when both spoke in the Legislative Assembly yesterday afternoon, and that was that the autonomy of the Province of Quebec must be preserved according to the act of Confederation of 1867. Both leaders had reference to Imperial Conference. Mr. Sauve, who resumed the debate, suggested that the Premier give his views on the Imperial Conference, and warned against the danger to Quebec Province of actions which may have been taken at the Imperial Conference.

Premier Taschereau's speech contained some striking references to the same matter, indicating clearly that he, too, foresees the danger which may come to those Confederation-guaranteed rights because of the possibility of a wider latitude

given to a majority in Canada which may wish to change the constitution. The Premier was very emphatic in this matter. His declaration on this point may be termed to be another of the series of warnings which he

has of late uttered in the Legislature against actions at Ottawa which may imperil the position of Quebec within the Confederation. One recalls, hastily, his solemn warning in speeches in the House last year and the year previous to attempts at Ottawa to alienate Quebec's voting power in favor of American interests.

Criticizes Ernest Tetreault.
Mr. Sauve criticized Ernest Tetreault, of Dorion, at some length. Mr. Tetreault now and then interjected a remark, which, with the slight replies of Mr. Sauve, lent a lively touch to proceedings.

Mr. Sauve did not launch a formidable attack in regard to Lake St. John matters, suggesting that the Government give all possible information to the House in regard to the matter before bringing down its legislation for a special court in the matter. Not so with Premier Taschereau. He accused real estate agents of having taken contracts with the farmers and colonists of the Lake St. John district by which they were to claim certain amounts of damages and pay the real estate men 6 per cent, and also that there was a proviso in these contracts to the effect that a farmer who took less than the amount stipulated for his flooded lands must forfeit \$1,000 for breach of contract. The Premier announced, somewhat grimly, that the Government's legislation would do away with such provisions.

Lake St. John Railway Line
Mr. Taschereau announced also that the Government would pay in cash subsidy for the Lake St. John Railway line a sum of \$6,000 a mile for the line from St. Felicien to Mistassini, and of \$5,000 a mile from Mistassini to Chatham. The Premier also spoke at length on the decision of the Government to take over the maintenance of all the improved roads of the province, but said it would be for the municipalities to make application for such relief.

The Premier emphasized the statement in the address from the Throne in regard to protection for existing pulp and paper mills, saying he would prefer to have 25 prosperous mills in the province rather than 50 mills just limping along.

A striking part of the Premier's speech in regard to the Imperial Conference and its possibilities reads:

"I pray the men who direct our affairs at Ottawa, and I am sure that it is their view to remember that the constitution which rules us must never be changed without the consent of the Province of Quebec and of each province, as expressed by its Legislature.

McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamins that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctors know about them and so does Chagnon's Drug Store, and if your children need building up ask for these tablets today if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—60 tablets for 60 cents—and if you are not pleased with the improvement after 30 days—your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy.

A very thin woman gained 9 pounds in 24 days.

BURGESS BEDTIME STORIES

A RED AND WHITE MIX-UP

Who first doth weigh and count the cost Will ne'er allow his temper lost.—Old Mother Nature.

Two of Peter Rabbit's most feared enemies were after him over in the Green Forest. One was Reddy Fox; the other was Whitey the Snowy Owl, who had come down from the Far North. Reddy alone was bad enough, but now that Whitey had joined in the chase, poor Peter was in a bad way. It didn't seem as if he had much of a chance. If only there had been a good bramble-tangle close by, he would have been all right. But the nearest bramble-tangle was still some distance away. It was to this that Peter was trying to get.

If only there had been low-growing hemlock trees, with their boughs weighed down with snow, growing all the way over to that bramble-tangle, it would have made it much easier for Peter. He wouldn't have had to worry so much about Whitey. When he was under those hemlocks, Whitey couldn't get at him. It was when he had to cross open places that Whitey had his chance. And Peter knew that there was one long open place between the hemlock and the safety of the old bramble-tangle. How he did dread that! He knew he would have to do some very lively dodging to avoid those great curved claws with which Whitey would reach for him.

"Oh, dear!" said Peter to himself, as he peeped out from under the little hemlock tree and looked across the distant bramble-tangle; "oh, dear! How ever can I get across there? But if I stay here, Reddy Fox will catch me. What an awful situation! It looks as if to stay is to be caught, and as if to run is to be caught. I don't see why some folks are so anxious for a rabbit hunt anyhow. It isn't fair for two to hunt one. No, sir, it isn't fair. What chance has one got against two? Here comes Reddy and I've got to run. I don't see Whitey anywhere, but I suppose he is sitting up in a tree watching. Of course, he may have given up and flown away, but such good luck as that is too much to expect."

Just then Peter made a dreadful discovery. Reddy Fox, instead of following him under the hemlock branches, had been clever enough to run around on the outside and now was almost within a jump of when Peter sat. There was nothing for him to do but run, and run with all his might. With a big jump he started.

FIRE CAUSED MUCH DAMAGE AT TOMIFOBIA

Residence of R. W. Allen gutted by fire which is supposed to have been started by overheated chimney—Personals and Items of Interest from Tomifobia and Vicinity.

TOMIFOBIA, Que., Jan. 14.—On Friday evening about seven o'clock a fire broke out in the house owned by Mr. W. L. Luby and occupied by Mr. R. W. Allen and family.

The fire, which started upstairs is supposed to have caught from the chimney and was first noticed by Mrs. Allen, she being alone with the children, who gave the alarm of fire. Mrs. Allen bravely fought the flames with water until help arrived. After some difficulty the fire was put out but not until considerable damage was done. The loss is partially covered by insurance.

SURE! BECAUSE

I know very little about physical laws; But if one has crow's feet There must be a cause.

In an instant there was a terrible mix-up of red and white.

Reddy Fox after him, and so close that Peter was sure he felt Reddy's breath. Of course, he didn't, but it seemed so. And then, all in a flash, a great white bird was hovering over Peter and reaching down with great curved claws. From the tail of his eye, Peter saw the great bird just in time and he dodged in that sudden way of his which has become famous. Whitey the Snowy Owl missed Peter by hardly more than an inch. His great wings brushed the snow right in front of Reddy Fox.

This was more than Reddy could stand. He felt that Whitey was interfering with his hunt. With an angry snarl, Reddy sprang forward and seized one of those great white wings. In an instant, there was a terrible mix-up of red and white. Over on his back went Whitey. The other great wing pounded Reddy and pounded him hard. The great claws tore Reddy's coat, and Whitey snapped that great hooked bill of his in a way that was dreadful to hear.

As for Reddy, he was doing his best to sink those big teeth of his into the wing of Whitey, but all he could get was a mouthful of feathers. He couldn't get his teeth into the flesh anywhere. So for a moment or two, there was a terrible mix-up of red and white. Peter Rabbit fairly chuckled to himself. He would have liked to watch that mix-up, but this was his chance and he made the most of it. By the time Reddy and Whitey had enough of fighting Peter was safe in the old bramble-tangle.

THE PROBLEM OF THE DELICATE CHILD

Solved for Parents by Father John's Medicine

The delicate child is the under-nourished child. Paleness, weakness, listlessness, the tendency to take cold, the inability to get rid of colds, are bound to continue as long as the child does not get the proper amount of nourishment. When Father John's Medicine is given as a food-tonic, there is an immediate gain in weight, a gain in color, a gain in strength.

Mrs. Pierre Begin, of St. Louis, P.Q., is only one of many mothers who owe the health of her son to Father John's Medicine. In a letter, Mme. Begin says, "I was afraid my son was going into a decline. The slightest cold would make him cough a great deal and nothing seemed to relieve him. One of our friends advised Father John's Medicine which he took up in the cough had disappeared. He is now in perfect health and does not cough at all—but I will keep a bottle of Father John's Medicine on hand in case he should take a cold."

Father John's Medicine is a body-builder peculiarly suited to the needs of the frail, delicate child. It is a preparation of the finest cod liver oil, scientifically blended with several other valuable food elements by specially designed apparatus which breaks up the cod liver oil into such remarkably tiny particles that the wonderful food properties are absorbed by the weakened system. It is this abundance of rich, easily digested nutriment in Father John's Medicine which makes delicate child. RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By K. E. Cameron, 664 Old Orchard Avenue, Montreal)

FLEXIBLE HARROW
This harrow is for use only with another implement. Stay rods from the tongue to the cross bar are extended and form hooks for attaching the harrows. Hooks at the inner ends of the harrows engage in a

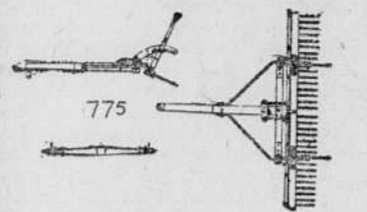

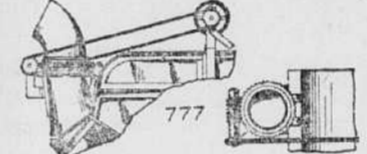

plate on the tongue. At each of the cross bar is pivoted a slotted arch which passes through a double arm rigidly mounted on the harrow head. The relative positions of the arm and the arch regulate the angle of the teeth.

AUTOMATIC PLOW
In this invention the plows are carried on a trip arm which is extended beyond them. When the end of the arm strikes the fence at the end of a field the engine is reversed,

the opposite plow lowered and the furrow wheel guided into the last-formed furrow. If in crossing the field it leaves the furrow the engine is stopped as also when the plow reaches the side fence.

BLOWER FOR THRESHING MACHINE
On the forward side of the outlet pipe here is mounted a bracket in which is journaled a worm shaft,

with a sprocket wheel one end. This sprocket is driven by a chain from a hand crank on top of the threshing machine. A worm wheel on the lower end of the blower turning the latter as required.

president; Mrs. Thos. J. Bell, re-elected secretary-treasurer. Mr. Geo. Doherty, of Dunham, was a caller in town on Monday. Mr. P. M. Hayes spent Monday last in Sherbrooke. Mrs. P. M. Hayes spent Monday in Montreal. Mr. H. Beatty, of Stanbridge East was in town on Monday. Mr. and Mrs. E. St. Pierre, of Farnham, were overnight guests of Mr. and Mrs. Chas. Demers on Epiphany. Mr. Harold Bakes is spending a few days in Richmond, Vt., with his aunt, Mrs. L. King and Mr. King.

DUNHAM

The members of Prevost Lodge No. 8 A.F. and A.M. gathered in goodly numbers in Masonic Hall on Monday evening, December 27, to celebrate St. John's night and to install the large class of the New Year, which are as follows:—Wor. Bro. W. J. McKeivey, W.M.; Wor. Bro. H. H. Robinson, S.W.; Wor. Bro. E. C. Ellis, J.W.; Rt. Wor. Bro. J. R. Pratt, secretary; Rt. Wor. Bro. O. C. Selby, treasurer; Rt. Wor. Bro. Geo. Doherty, chanting; Rt. Wor. Bro. A. E. Selby, D. of C.; Rt. Wor. Bro. E. F. Baker, S.D.; Rt. Wor. Bro. L. S. Ingals, J.G.; Rt. Wor. Bro. C. H. Ingals, J.G.; Rt. Wor. Bro. J. F. Guillet Tyler; V. Wor. Bro. E. E. Hall and W. A. Doherty, auditors. The ceremony of installation was performed by very Wor. Bro. E. E. Hall.

The annual oyster supper was held in the lodge room, the newly installed Master presiding.

Mr. E. E. Hall left on Monday for Jacksonville, Fla., and will visit the members of the lodge in the State before he returns.

Miss Ruth Shepard was a tea guest of her cousins, Mr. and Mrs. W. A. Doherty, on Saturday evening. Miss Margaret Doherty accompanied her home for the week-end.

Mr. and Mrs. Oscar Martin and their two sons, Ewart and Clarence Martin, were dinner guests of Mr. and Mrs. Robert Doherty on Sunday.

The Guild of All Saint's Church held their January meeting in the basement of the church on Wednesday afternoon, December 26. In the evening the annual vestry meeting will be held when the yearly reports of all branches of church activities will be presented.

The postponed meeting of the Women's Institute will be held on Wednesday, January 19th., at the home of the president, Mrs. O. C. Selby.

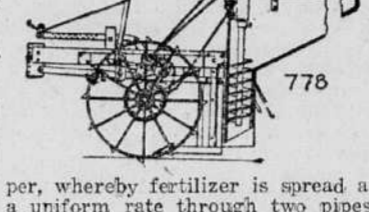

The official board will hold their quarterly meeting in the church on Tuesday evening, January 18.

Mr. and Mrs. Geo. A. Doherty, Mr. and Mrs. C. A. Manson, Mrs. John Doherty and Mr. and Mrs. Marcus Doherty and little son, Geoffrey, were guests on Thursday, January 6th of Mr. and Mrs. Murray Rutter, of Cowansville.

There will be a morning service in the United Church next Sunday morning at 11 o'clock.

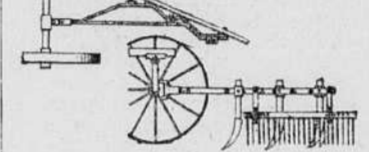

Unity Rebekah lodge held their regular meeting in Odd Fellows Hall on Tuesday evening. At the conclusion of the business session delicious refreshments were served by Sisters Amy and Maud Sel-

plow shown in No. 774. The object is to distribute a porous fertilizer through the subsoil to prevent the formation of "hard pan." Sprockets and chain driven from the ground wheel operate the screw in the hop-

per, whereby fertilizer is spread at a uniform rate through two pipes. If the screw stops feeding the sprockets and chains stop and the power lift is automatically engaged so that the plow is raised and the operator warned.

WEEDER
The teeth of this weeder are set in two head members. These are bolted to arms which depend from the cultivator beams. The securing bolts

pass through slots in the arms so that the teeth may be raised or lowered to adjust their working depth.

HAY RAKE AND STACKER
The frame of this device is mounted on a tractor and its front end supported on castor wheels. A cable is used to raise the rake beam and

another cable holds the rake while it is being raised and is then released to tip the rake. These cables are wound on two drums driven from the power take off pulley of the tractor. (Address enquiries to the Inventions editor, quoting serial number.)

The bank clearings for the week ending Thursday, January 13, according to figures furnished by the Sherbrooke Clearing House, were \$849,510.99, which is an increase of \$79,423.15 over the same period in 1926, when the figures were \$770,087.84.

An increase of \$179,688.22 is also shown for the past week when compared with the corresponding week in 1925, when the clearings were \$662,822.77.

DOMINION LIFE SALES UP.

Life insurance sales reported by the Dominion Life Assurance Company of Waterloo amounted to \$24,206,000—an increase of 21% over the previous year. The marked development in business which this company has experienced during the past few years is clearly seen in the fact that production for 1926 exceeded the total applied for during the first twenty-one years of its history, from 1889 to 1910.

The Sherbrooke Office of the Dominion Life was opened under the management of John G. Watson in September of the past year. The results of this step have been very gratifying and the Company looks forward with confidence to an even larger development of its business throughout the Eastern Townships during the coming year.

ANOTHER NOTED LECTURER TO VISIT SHERBROOKE

An illustrated lecture telling of the last expedition to Mt. Everest will be given by Captain John B. Noel, F.R.G.S., under the auspices of the National Board of Education in Sherbrooke on Wednesday, February 16.

Captain Noel was a member of the expedition and is especially qualified to give an accurate and interesting account of it. He was a most enthusiastic member of the party, and went through many difficulties to obtain pictures of Mt. Everest, which he will show in connection with his lecture. The film is known as the "Epic of Everest" and serves as a wonderful record of the 1924 expedition.

Those who remember the lecture "With Allenby in Palestine and With Lawrence in Arabia" will welcome the coming of a similar entertainment.

lighted the audience with "Sleepy Head", a vocal number in which he was assisted by the chorus.

Mr. F. McCaw again came to the fore and with all the fickleness of a southern lassie sang "Looking at the World". Several encores were required for this number.

End men Parker, Johnston and Kennedy next took it upon themselves to sing "Hi-Diddle-Dee-Dee" and put the number over in a real fashion.

The last number before the finale was "She's My Corn-Fed Indiana Girl". Mr. Maurice Parker taking the solo part, assisted by his dancing doll. The part of the doll was taken to perfection by Mr. Cliff Bryant, who brought down the house when he appeared on the stage in the attire of a modern ballet dancer.

Mr. Glen Sampson was seen last evening in the capacity of Interlocutor and carried out his duties in a very creditable manner. Apart from the "End Men" and interlocutor, valuable assistance was also rendered by the large chorus and the orchestra, as well as by Mr. Gault Parker in the capacity of director.

Will Be Repeated Tonight.

The absence from the cast of Mr. Fenwick Parker was keenly felt. Mr. Parker is a popular figure in local performances and but for illness would have been featured last evening.

The Minstrel Show will be repeated this evening. Those taking part in the Minstrel Show last evening were: Minstrel—Messrs. Austin Johnston, H. Kennedy, M. Parker, E. Johnston; Y's Menette Beauties; Messrs. C. Bryant, F. McCaw, and P. Mathias; Interlocutor: G. S. Sampson.

Work of Child Welfare Clinic Re-counted to Women's Institute

Mrs. W. S. Allen, president of the Child Welfare Clinic of Sherbrooke was the speaker at the monthly meeting of the Women's Institute, held yesterday afternoon, Mrs. Allen opened her subject with an explanation of the work as it is carried on in the city, afterwards giving a Dominion-wide synopsis of activities carried on in behalf of handicapped children.

The Sherbrooke clinic, she said, was begun in 1926, primarily with the object of giving mental, dental and medical treatment to the children of returned soldiers, but was soon extended to meet the needs of a growing constituency, and of this part of the work the Victorian Order of Nurses assumed the burden. The clinic was incorporated in 1923,

since which time children from outside the city had been taken in for examination and treatment.

Sources of financial assistance were the Provincial Government, the Rotarians, civic grants and individual donations, besides the Red Cross and the Junior Red Cross in the schools of the city, which had contributed largely to the funds of the clinic.

The methods of examination, treatment and advice were described in a most interesting manner, arousing interest in this important branch of social service.

Mrs. Allen's lucid explanation of the subject was greatly appreciated, and a hearty vote of thanks was tendered her.

Hostesses for the tea were Mrs. Manes, Mrs. Ray and Mrs. Prince, who served refreshments at the close of the meeting.

ACHIEVEMENT

CANADA 1867-1927

RECORD of achievement is the heritage of every Canadian in this year of the Diamond Jubilee of Confederation.

Canada has justified the faith and the vision of her early settlers. In 1867 opportunity and adventure, beckoned men of imagination, of energy, of enterprise.

Today, the opportunity is even greater; the rewards of faith and endeavour more certain and far-reaching.

Young Canada is familiar with the industrial and national exploits of other nations. But, is it as well informed of the prowess of Canadians of past years, the underlying causes for growth and the destiny of its own country?

The Northern Electric Company, in sympathy with the spirit of ambition and adventure that lures young Canadians to other lands, will outline, during 1927, the resources of the various Provinces which offer opportunities at home greater than any to be found beyond the borders of united Canada... a treasure-house unsurpassed by any country in the world.

That outline of the potentialities of Canada today, published for the pride of Canadians everywhere, will form part of the service of the Northern Electric Company to the Dominion of Canada in the nationwide task of development entrusted to this generation by the founders of the nation.

We are glad to have had a part in the making of greater Canada and for the opportunity to serve the people and to do our part to uphold the national ideals.

Information In subsequent months, the resources of the various Provinces will form the subjects of Northern Electric announcements which will carry the story of Canada to every home in the Dominion during 1927.

WINTER ROADS

For the first time, an effort is being made to keep open for motor traffic a considerable stretch of road in the vicinity of Sherbrooke. This applies to the highway to Waterville. Thus far the undertaking has met with success. In season has been favorable owing to the absence of big storms.

In New England the winter motor roads have become somewhat of an institution and in Maine, where conditions are not unlike those in Quebec, success is claimed.

The following paragraphs are taken from an editorial which appeared recently in the Press Herald of Portland, Me.:

A significant step was taken recently when arrangements were completed for keeping the State highway between Portland and Auburn-Lewiston open for the use of motor vehicles during the winter. The money required to pay for this work was contributed by corporations, firms and individuals who find it profitable to be able to use the highway during the months when it is sometimes blocked by snow drifts. The town of Gray has assumed part of the obligation by agreeing to provide suitable accommodations for the snow removing equipment, but the law does not permit the State Highway Commission to expend any of its funds for such a purpose.

There have been several highways in Maine where arrangements have been made in other years to remove the snow so that they can be used during the winter. In every instance where this has been attempted the undertaking has been a success. Such highways are not blocked by snow for very long, no matter how heavy the snow fall may be. During the most severe blizzards in past years all of these roads have been used by motor vehicles and traffic has never been stopped for very long.

The time is not far away when the main arteries of travel throughout the State will be kept open. The cost of such work will be assumed by the State, and the profit directly from it and by corporations, firms and individuals who rely upon the highways and motor vehicles to carry on their business.

In some states provision is made by the Legislature to keep the main thoroughfares cleared of snow and the state assumes all the expense. When this is done, however, there are usually more people to be accommodated for every mile of road that is kept free of snow than would be the case in Maine, where distance are long and the centers of population are widely scattered.

It would be very expensive for Maine to undertake to keep all of its main highways open during the winter months, and it may be some time before the Legislature can be prevailed upon to make provision for this work. But the State Highway Department might be authorized to supply communities or districts with the equipment that is necessary for removing snow. If this could be brought about it would be a substantial contribution to this work. Communities, individuals and districts might then find some method of raising the funds that would be necessary to hire the snow plowing to be done.

THE PENALTY OF PROMINENCE

(By Dr. Frank Crane)

Prominence has its danger. Many of us are more or less anxious to be famous. We would like to be gazed at and crowded after like "Doug" and Mary or like the late Mr. Valentino. Many of us lament the fact that our days must be spent in some lowly valley where we are practically unknown.

We might get some comfort from what "Doug" said the other day when he remarked that he had to pay five to six times as much in tips as the ordinary person. When a man is reputed to be making a lot of money or have a lot of money every conceivable kind of attack is made upon him to get some of it away from him. And there seems to be something in human nature that enjoys taking a whack at a prominent man. Nobody is safe.

You speedily discover that when you're premier or senator or governor or some such thing, whatever you do is the public's business. Little acts or peccadillos that would pass unnoticed in an ordinary man are played up when they are yours, in the yellow newspapers. You have to be careful about your dress. About where you spit and whom you speak to. The eyes of humanity are all upon you, and living so, with everybody watching you, is something like being a gold fish. It is not so pleasant.

There is a childish element in humanity which cannot resist throwing stones at anything that is up high on the wall.

Publicity is a great thing and doubtless makes some people a vast deal of money, but it is a dangerous thing and, on the whole, a man is safer when he doesn't fool with it.—Cpt. 1926.

PRESS COMMENT

MAN'S OCCASIONAL FEELING.

(Detroit Free Press) Although the School of Experience may not have any regularly organized gridiron team of its own, a man sometimes feels that he is being used as a football.

PUBLIC ECONOMY.

(London New Statesman) Public economy does not consist in not spending money, but in spending it wisely. And a generous expenditure on public health and education, on increasing the conveniences and comforts, and even the beauties, of a town, is not "wastrelism," but common sense.

SPREAD THE NEWS.

(Brandon Examiner) Once again the superiority of Canadian wheat has been demonstrated at the International Live Stock Show at Chicago. Herman Trele, of Wembley, Alta., by his exhibit of Canadian wheat brought back to Canada the title of "Wheat King of North America." This title has been held by Canada for sixteen years, with the exception of two years. This conspicuous award ought to be a great advertisement for Canada, not only throughout Britain and Europe, but among prospective emigrants from the United States.

STYLES AND TRADE.

(Youth's Companion) People are always laughing about fashions, but they are not a joke to everybody. If the women were not in demand for silk stockings, dresses and underclothing instead of cotton garments, our cotton growers and textile mills would not be in the difficulties that now annoy them. And if the ladies wore the shoes they used to wear instead of the little pumps that are fashionable, the leather business would not be in the doldrums.

FEAR.

(Christian Science Monitor) It is remarkable how largely the consciousness of the world has given acceptance in late years to the recognition that fear is one of the greatest menaces with which it is confronted. On every hand those with eyes to see find evidences of this fact in most unexpected quarters. In the July issue of the Municipal Employee, for instance, a magazine devoted to the interest of the municipal employees in southern California and Los Angeles in particular, there is published as the leading editorial an article under the caption, "The Oppression of Fear." "There is no doubt that the evil confronting mankind today is fear," it starts off, adding, "fear of disaster, poverty, want and war, sickness and so on through the many ramifications which spread throughout all our daily activities." Of course, it applies the thought to its own special interests, and one reads: "Thus we will gradually overcome the fear of extinction and provide the way for public addresses on municipal engineering problems." Always when fear is removed a "way is provided" for constructive activities!

SOME PLAIN TALK.

(Buffalo Courier-Express) Every once in a while something besides hands stretch across the sea.

For instance, there is a bit of plain talk by Gilbert Chesterton which the cables recently carried over from Oxford, where the English essayist and critic spoke before the American club. "Although a small number of English fools have done a certain amount of harm by insulting America," he is quoted, "a far greater number have done harm by praising her. Such praise takes form in such remarks as 'Look at your fine American courage—you get it from us.' 'Americans love liberty—we invented it.' 'Americans have plenty of optimism—an English quality.' The real question to be considered by those who wish to bring Anglo-American understanding to a higher plane is: What is distinctively American that England cannot possess, and what is English that America cannot have?"

In short, Mr. Chesterton believes that much of the friction between the two countries comes from the fact that Englishmen try to find in the United States the same conditions as those to which they are accustomed in England, and vice versa. By considering the two countries as wholly distinct, instead of trying to keep them related through frequent use of such beautiful phrases as "People of one stock," "Blood is thicker than water," and "Hands across the sea," it is convinced that friction can be eliminated and good relations promoted.

Though anti-Nordic talk, it is such common sense talk that even the Nordics might find it well worth pondering. Why blame politicians for capitalizing racial situations if we persist in creating and continuing such situations?

THE PRICE OF IDLENESS.

(Washington Star) "Million-dollar-and-quit Donovan," the Boston, Mass., man, who, when he was a boy of eleven, vowed that when he made a million dollars he would retire from business to enjoy himself, and who last year at the age of forty-five announced that his million was accumulated, has just died. On January 1st, 1926, Joseph D. Donovan sold his business and told his friends and associates that he was going to devote the remainder of his life to play. Less than a year later he passed away in a hospital.

His untimely death accentuates the widely held belief that men who have been active in business for the greater part of their lives are prone to lose their grip when they retire and are easy prey for fortune tellers and disease attacks. In Joseph D. Donovan's case this would seem to be especially true. He was a man of the greatest determination and persistence; he had to be or he could never have carried out his announced purpose of retiring when he had procured his million dollars.

Any man who makes by his own efforts such a large sum of money by the time he is forty-five is not only endowed with exceptional qualities, but must likewise possess a high degree of enterprise. Yet less than a year after he retired from the hot competition of the business world he was stricken with a fatal illness.

This same thing has happened many times. A fortune is made and the maker retires. Soon after, with no business worries and no necessity to be up and about, sickness overtakes him. The inevitable conclusion is that when a man has made business his life's work he should still retain interest in it until his life span is finished.

REPORT SHOWS ACTIVITIES OF CITY COUNCIL

During Past Year Forty Council Meetings Were Held — 101 Committee Meetings Took Place and 427 Committee Reports Were Adopted.

During the past year—the City Fathers held forty Council meetings, at which the business of the public was transacted. This number is an increase of five over 1925, when thirty-five meetings were held, and a decrease of three as compared with 1924, when forty-three sessions took place.

Apart from these meetings a large number of committee meetings were held during the year, when business touching upon the various city departments was studied and discussed privately by the members of the committees, later, to be brought before the Council as a whole for adoption.

During the year 101 committee meetings were held. This, however, is considerably less than in former years. In 1925, 117 committee meetings were held, which is sixteen more than last year, while during 1924 there were 123 held, which is twenty-two more than in 1926. The decrease in number this year is said to indicate that the city's affairs are in a better condition than formerly.

During the year just ended the municipal body adopted 427 committee reports, which is twenty less than in 1925, when 447 were passed.

D. Delphis Blais, of Lake Megantic, appeared before Judge J. H. Lemay in the Magistrate's Court this morning charged with having sold alcoholic liquors without a permit. As several witnesses were not able to reach the city before noon, the hearing was adjourned until this afternoon at two o'clock.

INSTALLATION OF OFFICERS FOR QUEEN MARY CHAPTER, O.E.S.

Last evening the installation of officers for Queen Mary Chapter, O.E.S., took place with a large attendance of members and several visiting officers present; also members from the Sherbrooke Chapter. Sister Mary Murray, of Sutton, Worthy Grand Matron, conducted the installation, assisted by Sister Mary Spence, Grand Marshall. Other visiting officials present were Worthy Grand Patron, Bro. Astell; Associate Grand Matron, Sister E. Johnston; Controloer, Sister Agnes Knowlton, Westmount; and Sister Mina Hardy, Richmond, Grand Instructors; also other members of the Order.

The officers installed were: Worthy Matron, Sister Agnes MacLean; Worthy Patron, Bro. Gordon Dunbar; Associate Matron, Sister Rachel Dolloff; Secretary, Sister Irene Hutchinson; Treasurer, Sister Bella Wilson; Chaplain, Sister Jennie King; Marshall, Sister Mary Stry; Organist, Sister Ora Nair; Conductress, Sister Edith Hurn; Associate Conductress, Sister Edith Barlow; Adah, Sister Ethelyn

Social and Personal

Mr. and Mrs. L. T. Bowers and little daughter, Eva, from Montreal, were in town visiting friends, and left this morning for Newport, Vt.

The many friends of Mr. James Duncan, Montreal street, will regret to hear that he is seriously ill with pneumonia.

The business meeting for the Eastern Townships Graduate Nurses' Association, called for last evening, was adjourned until a later date, owing to the absence of members.

The many friends of Miss Eva Gaudreau, Strathcona Apartments, will be pleased to hear that she is able to resume her duties, after being ill for the past two weeks.

Mr. John Smith, of Concord, Vt., has returned to his home after spending the past two weeks with friends in Sherbrooke and Inverness.

The 53rd Chapter, I.O.D.E., resumed the regular weekly meetings yesterday afternoon, after the holidays. Owing to illness among the members the attendance was small and very little business was done. It was decided to hold a card party in the near future, and plans were outlined for the coming month. Tea was served by the hostesses being Mrs. Loughhead and Mrs. Grime.

The January meeting of the Belvidere Women's Institute was held at the home of Mrs. J. W. Gilles on January 12th, with the president, Mrs. Andrew Ellis, presiding for the opening exercises. The meeting was carried on in the usual manner. A first aid equipment has been installed in the Belvidere School, hot cocoa is being served at noon in the school and flowers have been sent to the sick. Mrs. James Parks will be the hostess for the quarterly meeting on February 1st. A lunch was served by the hostess, assisted by Mrs. Wearne, Mrs. A. E. Gilles and Miss Smith.

Among the guests registered at the New Sherbrooke House are: Mrs. Spicer and Mrs. Hunter, Averb's Cliff, Que.; Mr. H. T. Lincoln, Kitchener, Ont.; Mr. J. O. Smith, Boston, Mass.; Mr. G. H. C. Cooke, Hamilton, Ont.; and Mr. R. A. Doray, St. Johnsbury, Vt.

MARRIAGES

MITCHELL—CHADDOCK A marriage of interest to many friends in Sherbrooke, Lennoxville and Cookshire is that of Miss Irene Mitchell, of Lennoxville, to Mr. Robert Chaddock, of the late Mr. Chaddock, of Cookshire, to Mr. G. Lorne Mitchell, son of Mr. and Mrs. George Mitchell, of Lennoxville.

The ceremony took place on Saturday, January 13th, at 2 p.m., at the home of the bride, Mrs. J. Chaddock, in Milford, N.H., with Rev. W. D. Armitage, rector of Milford Church, officiating. Mr. and Mrs. Mitchell will reside in Milford.

POULTRY SHOW WAS CONCLUDED LAST EVENING

Drawing for Pen of Seven Birds Took Place—Show Was Well Patronized from Opening on Tuesday Until Conclusion.

After a three days session the Annual Poultry Show held in the Palace Hall, under the auspices of the Sherbrooke Poultry Association, was brought to a very successful close last night.

The attendance yesterday was again very satisfactory and many found much pleasure in wandering through the building and viewing the large and choice exhibits, which numbered in the vicinity of five hundred.

The drawing for the pen of seven birds was one of the features of the closing night. The lucky number drawn was 657, which was held by J. Levesque, 48 King Street East. Considered in every respect the 1927 show was as successful as the previous annual events which have been held by the Sherbrooke Poultry Association, and the organizers and members of the Association feel that their efforts met with success.

The public again this year showed its interest in the show and from the opening on Tuesday until closing last evening there was a continuous stream of visitors passing through the building.

The hostesses for the tea tomorrow at the Artillery Badminton Club will be Mrs. Arthur Edwards, Miss Audrey McKechnie, Miss Betty Somers and Miss Ivy Berwick.

Mr. H. A. H. Baker, Quebec Street, who has been in Winnipeg for some days, is expected home shortly. Mrs. Baker is expected to meet him.

Miss Pauline Gustafson, nurse-in-training in the Montreal General Hospital, who has been the guest of her parents for the past few days, returned to Montreal yesterday.

The Gleaners of Trinity United Church were pleasantly entertained last evening at the home of Miss Kathleen Hyndman, Montreal St. The president, Miss Hazel Cutler, conducted the business routine, during which plans for a musicale, or some kind of entertainment for February, were discussed. Miss Dorothy Spencer took charge of the study period, reading the fourth chapter of the book on India, and Misses Hazel Cutler, Lou Farnsworth and Lilian Foster and papers on the same topic. A social hour followed and dainty refreshments were served by the hostesses.

The Guild of St. Patrick's Church held their weekly card party yesterday afternoon in the church hall. This was the first that has been held this season, and there was a very good attendance. Both bridge and "500" were played, the prizes in the former being won by Mrs. Joseph Tetreau and Mrs. B. B. B. in the latter by Mrs. Butler and Mrs. S. Hansford. The hostesses at the tea hour were Mrs. George W. Murphy, Mrs. J. R. Simms, Mrs. James Cameron and Miss A. C. Murray. The table was centred by a basket of red tulips and red shaded candles, and tea was poured by Miss A. McWilliams and Mrs. Richardson. A number of young ladies of the congregation assisted in serving.

The Women's Auxiliary for the Wages Home met yesterday at the Y. W. C. A., with the president, Miss Mitchell, presiding, and the usual procedure of business. The report of the Christmas box sent to the Home included the reading of a letter of appreciation from the Matron, Miss Shaw. The gift-box contained something for each one of the inmates, and the kindly remembrance was cheering. The secretary also read a greeting from Mrs. Parmelee, who is now in Vancouver, B.C., but who remembers the Auxiliary, as well as other organization for which she worked while here. The nomination for officers will take place at the February meeting, and election of same at the March meeting.

At the regular meeting of Princess Rebekah Lodge, held last evening, the following officers were installed by the District Deputy, Sister Myrtle Lane, Grand Warden of the Rebekah Assembly, and suite of Myrtle, No. 28, Lennoxville: Junior Past Noble Grand, Sister Ruby Johnson; Noble Grand, Sister Ethel Lothrop; Vice Grand, Sister Eva Mouldie; Recording Sec., Sister Mary Pearson; Financial Sec., Sister Lottie Lothrop; Treasurer, Sister Sarah Dunsmuir; Chaplain, Sister Edith Reid; L.S.N.G., Sister Cora Scrimgeour; L.S.N.G., Sister Josephine Mead; Warden, Sister Winifred Reid; Conductor, Sister Edith Moore; Pianist, Sister Fanny Wark; R.S.V.G., Sister Lydia Nutbrown; L.S.V.G., Sister Violet Nicolls; Inside Guardian, Sister L. Kimball; Outside Guardian, Brother R. Cascardi. At the conclusion of the installation, Sister Lane, on behalf of Princess Lodge, presented the retiring Noble Grand, Mrs. Johnson, with a Rebekah pin. Sister Lottie Lothrop also presented with one in recognition of her faithful services as Financial Secretary. Refreshments were then served, which was much enjoyed.

HAPPENINGS OF COATICOOK AND DISTRICT

Ladies' Guild Elected Officers at Annual Meeting—Items of Interest to Residents of Coaticook.

COATICOOK, Jan. 14.—In the recent report of Mrs. Frank Maloney's death, it was stated that the deceased was born in Coaticook. This should have read Coaticook.

Misses P. L. Baldwin and sons are having installed two large electrical motors, one on either floor of their large sash and door mills, Compton Street. Mr. Baldwin and Sons have received the contract for \$300.00, of the best of hardwood flooring for a firm in Quebec City. They also plan on opening in the near future their extensive saw mills on St. Jean Baptist Street, as already a large quantity of logs have been drawn to the same.

Mrs. Cora Landry leaves in the near future for Danville where she will remain for an indefinite time. The many friends of Mrs. Landry sincerely regret to learn of her leaving Coaticook, and also of Mrs. Landry's continued poor health.

Mrs. Albert Jenks has returned from Ottawa, where she has spent most enjoyable holiday.

Madame M. Huggon left on Sunday last for Boston, Mass., where she will be a guest of her daughter, Mrs. Alex Lyons.

Misses Verna and Beatrice Bryan of Portland, Me., have been called to town by the illness of their brother, Mr. Charles Bryan.

Mr. Phillip Armitage was taken on Tuesday evening to the Royal Victoria Hospital, Montreal, where he will receive special medical treatment. Mr. Armitage was accompanied to Montreal by his daughter, Miss Carolyn Armitage, who will remain with her father while he is in the city.

Mrs. Mary J. Paul received the sudden death of her son, Mr. Charles Newton, of Compton, who suddenly expired while at Dr. Morin's office for medical advice.

The two young children of Mr. and Mrs. Arthur Carriere are very ill with the prevailing epidemic of pneumonia.

Mr. F. Clason, of the Clason's Concentrated Food Manufacturing Company, is spending a few days in Montreal on business. It is understood that the Coaticook branch of the above firm, will have the installation of all machinery in this factory here, completed by January 17th, and the factory in full operation in a very few days from that date. The reason of delay was caused by the late arrival of the machinery and by Mr. Clason's being obliged to go to Montreal on business as a larger quantity of the products of the above firm.

Mr. Simonson, of the Nelson River Construction Company, who recently met with a very painful accident, caused by some parts of the machinery falling upon him, has been obliged to go to Sherbrooke where he underwent an X-ray examination with the result that Mr. Simonson will have to wear a special plaster substance cast and abstain from labor for a period of some six weeks. Mr. Simonson was one of the veterans of the Great World War.

The many friends of Mrs. O. H. E. Webster will regret to hear of her quite serious indisposition at her home at the Coaticook House.

The annual business meeting of the Ladies' Guild of St. Stephen's Church was held in the Guild Hall on Tuesday afternoon, for the election of the Guild officers for the ensuing term, with the following results, viz. President, Mrs. H. B. Lovell; Vice-President, Miss Isabel Fraser; Secretary-Treasurer, Mrs.

Victoriosa, the score being 4 to 1. On Wednesday Westmont High School and S.W.C. met at the Forum and the Stanstead College team was on the long end of a 4 to 2 score. This is the first victory of the season for the senior team. A third game was played on Thursday, December 30th, when a team comprised of former staff members and former students challenged the college team. The result was a 2 to 1 victory for the college team, the score being so large that it was not kept.

The teams were—Former S.W.C. Men: Jack Maule, Gerald Hainenny, Errol Amaron, Smythe, and McGerrigle; S.W.C. Seniors: Beland (goal); Smythe and Dunfield (defense); Van Vliet and Whitecomb (forwards); Stewart (centre); Barker and Kimpton (subs.)

STANDEAD COLLEGE NOTES

Junior Class Put On Programme just previous to the Christmas holidays, a very interesting programme was put on by Miss Grace Libby of the Holmes Memorial School with her Junior class grade I, A and B. There was a display of general school work, including drawing, writing, weaving, sewing, and construction work, which certainly reflected great credit on both teacher and pupils.

The platform programme was of high quality, considering the age of the participants. A large number of parents, and friends were present, Principal D. A. MacKenzie acting as chairman.

The programme was as follows: a song, "Christmas Bells"; by classes A and B; a recitation, "A Christmas Story," by Elizabeth Tilton, a Christmas story of the Babe of Bethlehem, by Audrey Berry followed by a hymn by class; recitation, "A Stitch in Time," by Doris Dewey; recitation, "Mary's Gold," by classes A and B; song, "Santa Claus," by classes A and B; recitation, "Bobby's Dream"; a Christmas Wish, by James Murchie; Christmas Greetings, by class B; play, "Christmas Presents."

NEW TURNS IN CHAS. CHAPLIN DIVORCE CASE

Five Prominent Screen Actresses Whose Names Are Not Made Public Today Feared that They Might Be Drawn into Case—If Allegations Are True, Chaplin May Lose His Share of Community Property.

(Associated Press Despatch)
LOS ANGELES, Calif., January 14.—The possibility that they may be drawn into the Charles Chaplin divorce case hung over the heads of "five prominent motion picture actresses" today. Lyndol K. Young, counsel for the screen star's estranged wife, yesterday declared his client was prepared to furnish the names of the five women she referred to in her divorce petition as "publicly and privately associated with Chaplin. Thus far the names have not come out, but they will be produced, Young said, if they are demanded either by the court or by Chaplin's counsel.

Meanwhile, Los Angeles warmed up to the case by showing such a liking for its details that a printing of a booklet in which Mrs. Chaplin's petition was given in its entirety has been sold. The copies, estimated at 25 cents each, the county clerk's office has been so besieged with requests to see the petition that it has been sequestered from the files.

Receivers of the Chaplin property appointed at the instance of Mrs. Chaplin had the books of the screen star under scrutiny today. Mrs. Chaplin is seeking a share of the comedian's fortune, estimated in her suit to total \$16,000,000. Of this amount, she declares, \$10,000,000 is community property. Under California laws the wife is entitled to an equal division of the community property. However, Mrs. Chaplin's counsel points out that if her charges of extreme cruelty are proven, Chaplin is liable under the divorce laws of the state to be penalized to the extent of losing his share of community property.

W. I. Gilbert, one of the receivers, declared he intends to possess as much of the comedian's wealth as can be located before reporting to the court on the actor's financial condition.

ADVERSE SIGNS ON BOLSHEVIK

(Continued from page 1)
verse Josipav territory will not run any risk on this score, unless he is sure, either of strong Italian support or of the strength which the Hungarian-Rumanian union would give, or both. In this connection a recent declaration of the Rumanian political leader, Professor Jurja, before departing on his annual lecture tour to Rome and Paris, are considered significant enough to increase Jugoslavia's distrust of this ally.

MAPLE HILL

Messrs. Fred and Earl Savage have been confined to the house for the past week with an attack of measles and neuralgia. Mr. H. A. Watkins, of Bromptonville, was calling on friends here recently.

Mr. Joseph Miles, who has spent the past few months here with relatives, has gone to Thorford Mines to visit his daughter, Mrs. Wm. Peters.

Mr. Chas. Kinghorn is confined to the house with measles.

L'AVENIR

What might have been a very serious accident occurred on January 6th. Mr. Ralston Graham was drawing logs to the saw mill at Kingsley, when his horses fell through the ice. By the aid of one of the neighbors both horses were saved.

Miss Una Atkinson is visiting her friend, Miss Vera Mountain, of Kirkdale.

Mr. and Mrs. Wm. Miller, of South Durham, were guests of Mr. and Mrs. Henry Carson on Christmas day.

Mr. M. S. Husk is visiting her daughter, Mrs. W. J. Reid, of South Durham.

BARNSTON

Mr. C. H. Remick, accompanied by Mr. W. Paquette, drove his winter car to Sherbrooke on Monday.

Mr. C. A. Fox has arrived in town and is at the home of Mr. G. B. Hall for the remainder of the winter.

The Mission Circle was entertained for dinner at Mr. G. B. Hall's on Wednesday.

Master Carl Corey spent the week-end at his home in Kingscroft. Mrs. Henry Wright has so far recovered from her recent illness as to be able to attend to her household duties.

Mr. Hoover has recovered his family from the Jenks house to Mr. Remick's tenement in the village.

Mr. Willie Paquette has a fine new winter car.

MARBLETON

The annual vestry meeting of St. Paul's Church will be held in the school room on Monday evening, January 17, at 7.30 o'clock.

BOY SCOUT NEWS

Fine Meeting of 2nd Troop Last Evening

Although the attendance was not up to the usual standard, an exceptionally fine meeting of the 2nd Troop was held last evening, when an excellent programme, compiled and led by A.S.M. Clarence Blake, was carried out.

At the commencement of the meeting special points were given to patrol leaders, who found out the most about the members of their patrols in the small period allowed for patrol roll call, dues, etc. The quite a lot was achieved in the period devoted to class work each patrol working on badges in its "corner" under the direction of the patrol and one of the warrant officers. A quiet game, entirely new to the boys, was then introduced by A.S.M. J. Blake, and provided considerable fun and amusement.

In a short talk concerning the scout diary for 1927, A.S.M. Clarence Blake gave some excellent reasons why every boy in the troop should have one of these excellent books in his possession, and urged them all to put an order in for one immediately.

A great deal of merriment was caused by an impromptu debate put on under the direction of A.S.M. Lynn Trussler, who provided this as one of the "special" items of the programme. The resolution of the debate was, "Resolved that cows' milk is more beneficial than the canned variety," and although no preparation had been made some very good points were raised by both sides. Only two minutes were allowed the speakers with the exception of the affirmative leader, who received an extra minute to sum up arguments up. The affirmative team was comprised of D.S.M. Wm. Giovetti and Troop Leader E. Waller, and the negative side of the question was handled by A.S.M.'s Lynn Trussler and Clarence Blake. The members of the troop acted as judges and gave the decision in favor of the affirmative.

"Join the Boy Scouts" was the caption of a short talk given by A.S.M. W. C. Blake, who pointed out the many excellent reasons why every boy should be a scout, and when a boy had joined, the difference scouting would make in his life if he lived up to the ideals put before him in the scouting programme. The "adedji" yell introduced to the movement in Canada by "Pickie," (Sir Alfred Pickford) when he was here last year, was then given with a rattle under the leadership of A.S.M. Trussler. Mr. Trussler then followed with a brief talk on the use of bad language and inaugurated a new rule for the troop in this respect for the future. "A scout is cheerful" was then treated by D.S.M. Wm. Giovetti, who first dilated upon the question raised by A.S.M. Trussler supplanting that speaker's remarks. The standing of the patrol competition was announced and greeted with the usual patrol "calls."

The standing is as follows: Wild Goose, 51; Crows, 44; Beavers, 42; Lynx, 37; 1-2. When giving the announcements, D.S.M. Giovetti made reference to the annual father and son banquet, which will take place on the Chief Scout's birthday next month, and also brought up the very finely finished apartments of Mr. and Mrs. Robert Baden-Powell, a card or some other form of greeting for his birthday. Every year this troop has sent a greeting of some kind, and the boys were unanimously in favor of this custom being continued.

The question of forming a special first aid class for the St. John Ambulance certificate was discussed, and more names are necessary before a class can be arranged. As the troop is meeting on the night when the first aid lectures take place, Dr. Spencer has kindly volunteered to hold a special class provided sufficient boys take part. Anyone wishing to take this important work up please communicate with A.S.M. Blake, phone 2240F.

The D.S.M. then announced that he had received a generous donation from Mr. and Mrs. C. F. Waller for the 2nd Troop, which was sent to them in appreciation of the assistance given by the scouts of this troop at the banquet for returned soldiers.

Plans were made for the holding of a mock court trial in connection with the cub concert taking place next month, and parts distributed by A.S.M. Trussler. In connection with basketball it was announced that a second team would be formed next Wednesday in the 53rd Armor, and all those desirous of joining should be on hand.

Important Visitor Next Week

Sherbrooke is to be honored next week with an important visitor insofar as the scouts are concerned. Mr. E. Russell Paterson, provincial secretary, and one of the outstanding scout leaders in this province will be in Sherbrooke in connection with the coming provincial scout leaders' conference, and will visit the meeting of the 2nd Troop with a message of good will and encouragement from headquarters.

HEAVY TRADING EARLY TODAY AT MONTREAL

Strong Tone Displayed by Brazilian—Over 3,000 Shares of This Issue Changed Hands in First Half Hour.

(Canadian Press Despatch)
MONTREAL, Jan. 14.—The heavy trading in and strength displayed by Brazilian was the feature of the opening of the local stock exchange this morning. This issue furnished trading in over 3,000 shares during the first half hour and scored a gain of 1 1/2 points after selling as high as 108.

Alcohol was the second most active stock and sold without change at 22. The rest of the list was practically neglected. Montreal Power unchanged at 65 3/4. Dominion Bridge was down a half at 118 1/2 and Quebec Power was up a half at 197 1/2.

NEW YORK PRESS

MARKET COMMENT
Furnished by Johnston & Ward

Wall Street Journal—Toward the close the market turned irregular on selling actuated by the belief that some disappointment might be manifested in speculative circles if the bank rate was not reduced this week. However, offerings were absorbed in good style.

Journal of Commerce—Close observers do not look for any change in stock market conditions until something occurs to stir share value decisively either way.

New York World—When the oils begin to make their appeal to patrons of the street they must have something behind them.

Wall Street Journal will say today—
President Erskine sees good automobile year.

Industrial Sewing Machine business improving.

Industrial Alcohol to show over \$10.

Delaware and Hudson value put at \$57,195,000.

Federal Reserve discounts drop off.

A SERIOUS FIRE BROKE OUT AT ROCK ISLAND

Clark Building Badly Gutted—News of Stanstead, Rock Island and Derby Line.

STANSTEAD, Que., Jan. 14.—A bad fire broke out in the Clark Building on Foundry Hill, just before noon on Thursday, causing several thousand dollars loss to the interior finish and the furnishings, but owing to the efficient work of the Rock Island firemen, only a small loss was sustained to the exterior of the building.

The building is a three storey one, and houses the Clark Laundry on two floors, the upper floor being the very finely finished apartments of Mr. and Mrs. Charles Clark. The fire started between the second and third floors, and worked its destructive way into the side partitions, and although there was not at any time a great amount of blaze showing, nevertheless it ate its way to a considerable extent through all the interior woodwork before it was brought under control.

It is only a few years ago that the same building was gutted in much the same way, but since that time Mr. Clark has spent several thousand dollars in improvements, both to the living apartments and the laundry, as well as to the exterior, so that the present loss will be rather heavy.

General Notes
The Helping Circle of the Stanstead South Church will hold their first meeting of the new year in the church parlors on Tuesday, evening, January 18th.

PRICES MOVED WITHIN NARROW LIMITS AT NEW YORK THIS MORNING

(Associated Press Despatch)
NEW YORK, Jan. 14.—Stock prices moved within extremely narrow and irregular limits at the opening of today's market. Dupont opened a point lower and fractional recessions took place in Baldwin, Studebaker, United States Steel common and several other popular industrials. Oils again changed hands in large volume, with the main tendency in that group upward. Commercial Solvents B broke three points on the first sale. Colorado and Southern opened up 1 1/2 points on buying presumably influenced by the announcement of plans for the new northwestern railroad merger.

DESPATCHES FROM CHINA

(Continued from Page 1.)
thorities at Foochow were ignoring all consular representations regarding treatment and protection of foreign lives and property at interior stations. Consuls were advising foreigners residing in the interior of northern Fukien province to prepare to go to Foochow on short notice.

Anti-Foreign Feeling Spreading.
The despatches also said that anti-foreign feeling is growing at Shao-wu, a city about 150 miles inland from Foochow on the Mingiang River.

The United States consul had requested women and children to evacuate immediately.

Letters from the American Board of Missionaries at Shao-wu report anti-foreign attacks by Nationalist army officers, and state that nearly all foreign property, including residences has been occupied by the army.

WINS REGISTERED BY CANADIENS, SENATORS AND DETROIT; ST. PATS AND RANGERS PLAYED TIE GAME

Victory of Flying Frenchmen Over New York Americans Last Night at Montreal Put Them Back in Running for Second Place Honors in Canadian Section of National Hockey League—Ottawas Made Strong Finish to Beat Pittsburgh, and Boston Failed to Overcome Detroit's Early Lead.

(Canadian Press Despatch) MONTREAL, Jan. 14.—Canadiens are back in the running for second place in the Canadian section of the National Hockey League. They cut the margin between themselves and the New York Americans when they defeated Newy Lalonde's scrappy star-spangled sextette in Montreal last night three to one. Two points now separate the two teams. The Americans have played twenty-one games, winning ten and drawing one while the Canucks have played twenty, made up of nine wins and one draw. Both teams have lost the same number of games, namely, ten.

Canadiens' victory came only after a speedy, open tussle in which the New Yorkers made a gallant bid in the final ten minutes of the game to cut down the 2 to 0 margin the Canucks held at that stage. Lalonde had rested his regulars for the final hour and they were no sooner back in action for the finishing punch to follow than Billy Burch following Leo Reize in close, jammed home the puck after the latter had shot.

But New York's rally was nipped just when it looked at its height. Red Green had narrowly missed back-handing in the tying goal from a scramble when Art Gagne collared the puck and ruzzing split the New York defence to clinch the tussle for Canadiens in the last few minutes of play.

Morenz, playing at left wing for Canadiens in place of the suspended Joliat, scored Canadiens' first goal in the opening period, spotting the team a working margin. Pete Lepine added the second early in the final session on a beautiful individual rush from his own blue line in which he completely dazzled the American defence to get to close quarters with the New York goalie for the tally.

It was a cleanly played game with only three minor penalties. Hainsworth, in goal for Canadiens, turned back the American threat with a perfect display of goal-tending. He stopped forty shots to nineteen for Forbes.

Ottawas Staged Successful Rally

After being held scoreless for two periods, Ottawa Senators, aided by two of their spares, staged a rally in the third period, scored three goals and won from the Pittsburgh Pirates at the Smoky City last night. The final score was three to one.

Finnegan, who was recently graded a three year contract by the league-leaders with a substantial increase in salary, started the ball rolling when he scored on an individual effort. Kilrea, another spare, practically won the match single-handed when he ran in two goals within a minute. McKinnon scored the Pirates' lone tally near the end of the game.

Senators are now eleven points ahead of the second-place Americans. Last night's victory was their third straight.

Detroit Marching Forward

The Detroit Cougars came with in striking distance of the leaders in the American division by defeating the Boston Bruins at Windsor, Ont., by a score of three to two. The Cougars staged a whirlwind attack in the initial session that netted them three counters, Loughlin, Keats and Foyston scoring. Galbraith scored for Boston. The second period was scoreless.

The Bruins, who are tied for second place with Chicago in the United States division, came back strong in the third period and took command of the play. Oliver cut down the Detroit lead when he beat Holmes from close in. The Bruins played like fiends in an attempt to tie the score, but they were unable to beat the Cougars' defence.

Failed to Reach Decision
The New York Rangers were forced to divide the honors with Toronto St. Pats at Madison Square Garden.

The game ended in a one to one tie after eighty minutes of play. The Rangers took an early lead when Taffy Abel crashed into the defence and beat Roach. From then on the match became lightning fast and both goals had narrow escapes.

After many unsuccessful efforts, the St. Patricks eventually evened matters when "Happy" Day stole a loose puck in front of the Rangers' net and shot it past Chabot.

The two teams battled like demons in the overtime period to break the

COWANSVILLE LOST MATCH TO FARNHAM

Fast Exhibition of Hockey—Only Three Penalties Imposed—Cowansville Goalie Put Up Splendid Game.

COWANSVILLE, Que., Jan. 14.—The Farnham Hockey Club of the Yamaska River Hockey League, journeyed to Cowansville, accompanied by one hundred and fifty loyal supporters on Saturday evening, January 8th, and in a league fixture, defeated the Cowansville club 3 to 1 before a large number of spectators. The game from start to finish was one of the fastest exhibitions of hockey played in the Eastern Townships, for some time and was not marred by a single unpleasant feature. In fact, the Farnham players did not receive one penalty, while Cowansville had but three and these were for minor infractions of the playing rules.

The first period went scoreless, with both teams giving all they had, but the pace was beginning to tell on the Cowansville forwards and at this stage of the game Farnham took the aggressive and bombarded the Cowansville goalie, who stopped them from all angles.

In the second stanza Cowansville opened the scoring by a nice piece of combination play, but it was not long before Gauthier tied the score on a neat pass from Lorimer, and later repeated the performance on a well placed pass from Leduc. The Cowansville players were all playing an excellent brand of hockey, but the Farnham boys were unbeatable and followed every advantage, back-checking constantly, leaving Cowansville little chance to tally.

In the third frame Farnham had Cowansville on the defensive and continually bombarded the Cowansville net, but Arsenault was at his best and stopped them from all angles. After ten minutes of play, Lusier picked up a loose puck behind his own net and stick-handled his way through the entire Cowansville team, drew Arsenault out of his net and tallied Farnham's third goal.

The subs on both teams played a good brand of hockey.

The Cowansville goalie was at his best and played a wonderful game for the home club. Curley and Brook made a good defense and gave a good exhibition of hockey. Shepard and McClatchie worked well, with their subs assisting to advantage. Lorimer, Leduc and Gauthier, with their aggressiveness and backchecking, could not be beat. Kavanagh and O'Hara were equally good. Lusier, Lafamme and Morissette on the defense played a star game.

The line-up was as follows:
Farnham goal: Cowansville
Morissette goal: Curley
Lussier defense: Curley
Lafamme " " Brook
Leduc centre: L. Starke
Lorimer forward: Shepherd
Gauthier " " K. McClatchie
O'Hara sub " Dusseault
Cavanagh " " White

series, involving Jack Sharkey, Jimmy Maloney, Paul Berenbach, Paulini Ucedun and possibly Jack Delaney.

Although Rickard has held several conferences with Delaney's manager, Pete Reilly, terms have not yet been settled for Delaney's participation in the race for the next heavyweight championship battle. Rickard will insist that the next challenger agree to conditions under which the Madison Square Garden promoter will have exclusive rights to his services in the event that he lifts the crown from Tunney.

"I am going to be caught again," says Tex, referring to the difficulty he had in lining up Tunney. "The man who gets the shot with Tunney will have to agree to box for me. I did not start this way of doing business, but if others do it, I must protect my interests."

INTERMEDIATE TEAM OF M'GILL HERE TOMORROW

First Game of Intercollegiate Hockey on Local Ice to Be Staged Tomorrow at Bishop's University.

The first intercollegiate hockey game ever seen in this section will be played tomorrow evening at Bishop's University rink, when the Bishop's University squad of puck chasers will match up against the McGill boys in the first match of the Eastern Division of the Intercollegiate Intermediate Hockey League. The purple and white players are said to be the best team that the University has ever put on the ice, and hopes for a win are expressed by their backers. With the exception of J. Johnston, all the men on the regular line-up were seen in the University colors last year.

The probable line-up for Bishop's University in tomorrow's game will be: B. Klein, goal; M. MacKinnon and J. Dinan, defense; J. Johnston, centre; T. Johnston, right wing; H. Rider, left wing; B. Robertson, E. Hall and R. Heiman, subs.

DOG SHOW TO BE HELD HERE TOMORROW

111 Dogs Have Been Entered—Several Entries Have Been Turned Down—55 Special Prizes, Apart from Ribbons—In Aid of I.O.D.E. Sanatorium.

One hundred and eleven dogs have been entered for the annual winter show which will be held tomorrow afternoon and evening at the Palace Hall, 40 Wellington street south, under the auspices of the Eastern Townships Kennel Club. Everything is in readiness for the opening and every indication is given that a real treat is in store for dog fanciers.

Possibly as a result of the great success achieved by last winter's show, unusual interest has been shown in this year's event, especially by exhibitors, with the result that a large number of entries had to be turned down.

The dogs entered this year are, it is understood, of a much higher grade than in 1926, at least in a number of classes, while many of the well known local favorites will again this year grace the benches by their presence.

Another feature this year is the large number of special prizes donated by members of the Kennel Club and fanciers. These include silver cups, dog collars, harnesses, and many other valuable trophies. In all there will be about fifty-five special prizes apart from ribbons.

The officials of the show are Messrs. Bob Ross, Montreal, judge; S. J. (Sam) Doyle, Montreal, ring steward; P. J. Donovan, show superintendent, and Secretary J. M. Renzie.

It is worthy of note that this show is being held purely for the purpose of stimulating an interest in dogs locally. Financially the Eastern Townships Kennel Club will not realize any returns from the show, as the net proceeds are to be donated to the I.O.D.E. Memorial Sanatorium. A slight admission will be charged, but this will at the same time entitle the holder to a chance on a very fine puppy to be raffled at the conclusion of the show.

It is expected that the show will be open to the public about two o'clock tomorrow afternoon, and will remain in full swing during the entire afternoon and evening. Judging will be started shortly after the opening.

THE PHILOSOPHIC BARD

Oh! I quote to myself as I gaze at the crowd, "Oh, why should the spirit of mortal be proud?" And I haven't a doubt but the folks that I see, have the very same thought while they're looking at me.

SPORTING NOTES

DO NOT EXPECT ANY OF SWIMMERS TO COMPLETE COURSE (Associated Press Despatch) LOS ANGELES, Calif., Jan. 14.—Those who back their opinions with greenbacks are said to be betting ten to one that not a single one of the 153 swimmers entered into the Santa Catalina channel swim next Saturday will complete the test and win a prize.

Tides, low water temperature and the distance of twenty-two miles are the three factors on which the peddlars of these odds are making their wagers.
