

# LACHINE

Incorporated as a Town in 1872

and as a City in 1909

The City of Lachine was founded by Chevalier de La Salle in 1669, as a French Settlement; and was later the headquarters of the Hudson Bay Company in Canada; and was for some time the main Distributing Point for the country reached by the Upper St. Lawrence and the Ottawa Rivers.

The actual conditions on the Island of Montreal warrant the statement that, to-day, any manufacturer wishing to establish a factory in or about the City of Montreal, should come to Lachine for the following reasons:

1. Lachine possesses all the advantages that Montreal can offer in point of (a) Shipping facilities; (b) Banking accommodation; (c) Home market for products; (d) Home of great industries; (e) Cheap electrical power.
2. The price of land in Lachine is from 50 to 100 per cent. cheaper than in Montreal.
3. It is the head of the Lachine canal, one of the finest artificial waterways of the world.
4. New factory sites, with both water and rail shipping facilities. Each of these points we will bear out with facts in the following:

## UNIQUE SITUATION OF LACHINE

To get a proper idea of the situation of Lachine, one must keep in mind that it constitutes one of the most important links of that chain of canals known as the ST. LAWRENCE CANALS, which stands to-day as the finest system of inland navigation known to the world.

The system comprises the canals of Lachine, Beauharnois, Cornwall, Farrants Point, Flat-Rapid, Galops, Weland and Sault Ste. Marie, extending the navigable portion of the St. Lawrence for 2,384 miles from the straits of Belle-Isle to Fond-du-Lac at the head of Lake Superior.

Lachine is at the head of Lachine Canal which serves to bridge the Lachine Rapids on the St. Lawrence River and which renders Montreal the head of the Ocean Navigation, a seaport 986 miles inland.

Lachine is situated on the Island of Montreal, 6 miles to the west from the city itself, a distance covered by a ten and twenty minutes trolley car service and by over forty railroad trains daily. All boats from Montreal to Upper Lakes, stop at Lachine daily.

It is practically a part of the city itself. It has a population of 15,500 as per report of City Assessors.

Shipments to any part of the world may be effected to-day directly from Lachine both by water and rail.

Lachine is situated on the trunk line of both the Canadian Pacific Railway and the Grand Trunk Railway System. Over eight other railroad companies with terminus in MONTREAL complete the transportation requirements of a great distributing centre.

The same rates apply for LACHINE as for MONTREAL for shipments to or from that city. The manufacturer in Lachine finds himself in the very heart of CANADIAN FINANCE with its vast resources and its unparalleled record of stability and soundness.

## HOME MARKET FOR PRODUCTS

One of the greatest advantages of the manufacturer in Lachine is to have at his very door a market of nearly three-quarters of a million people for his output.

## HOME OF GREAT INDUSTRIES

Following is a list of some of the foremost corporations of Lachine,—Canadian Allis-Chalmers, Dominion Bridge Co., The Dominion Engineering and Machinery Company, Limited, (formerly St. Lawrence Bridge Company's Plant), The National Breweries Limited, The Steel Company of Canada, Limited, Etc., Etc.

Other important industries are those of the Asbestos Manufacturing Co., Consumers Metal Company, Limited, Daly & Morin, Dominion Wire Rope Co., Limited, Lachine Motor Works, McLaurin Bros. Limited, The Anglo-Canadian Wire Rope Co., Limited, The Compo Company, Limited, The General Railway Signal Co. of Canada, Limited, The Rapid Tool and Machine Co., Limited, The Seward's, Limited.

## ELECTRIC POWER

The Electric Power is under Municipal control, thus ensuring protection to consumers.

## WATER SYSTEM

Water is supplied by the municipality at low rates. A new pump was lately added to the present one which increases its capacity by 5,000,000 gallons daily. The City also erected a large reservoir or settling basin.

## NEW IMPROVEMENTS

Among the many new improvements accomplished by the City of Lachine are the following:

St. Joseph or Main Street is now entirely paved from East to West ends. Erection of three new Fire Stations. Erection of a Settling Basin or Reservoir. A new City Hall has been built at a cost of about \$135,000 on St. Joseph Street (corner 18th Avenue) with a Fire Station on 18th Avenue and a Police Station on 19th Avenue, as well as three other fire stations. Three public parks are now opened to the public, i. e., the St. LOUIS, MARQUETTE, MONK and LASALLE Park.

Granolithic sidewalks throughout the City. All telephone and telegraphic conduits are actually being placed under ground; work is now finished on St. Joseph Street, which is now lighted from East to West with handsome electric lamps of an entirely new design. The new system is known as the CLUSTER lights. The light is very powerful and economic.

The school Commissioners have built a very large college at a cost of \$200,000. Students will be taught all branches of education, including trades and mechanics in all their branches. It is the only establishment of its kind in Canada. They are contemplating extending present school for girls, to meet present needs.

An incinerator is also built. Also a public wharf which the Federal Government will erect shortly, plans and estimates are now before them for final consideration. A new ferry to and from Caughnawaga is transporting AT LOW RATES, market produce from all parts south beyond Caughnawaga.

## FACTORY AND RESIDENTIAL SITES

There are plenty of available properties for factory and residential sites which may be purchased at reasonable prices, and the Mayor, the City Clerk, or any of the Aldermen will at any time kindly supply to any manufacturers or others, any desirable information on this subject.

Lachine has to-day a total superficial area of about 3,000 acres of land, and the City is constantly adding to it. There are Catholic and Protestant Churches, Hospitals, Colleges and Convents where education is given to many thousands of children.

Telephone and telegraphic communications are open with the entire world. Electric and steam cars run daily to and from Lachine, and postal facilities with letter carrier delivery from house to house.

A town on the North Shore of the River St Lawrence, situated between Verdun and the City of Lachine, directly connected with Montreal West and Town of St Pierre, on the north, by the celebrated Lift Bridge at Lachine, the largest of its kind in the world.

Was but recently erected into a town by the Provincial Legislature, which granted it a charter in 1912. That part of the town located on the riverside is exclusively residential and is the home of many wealthy Montrealers. There are some beautiful farms which are all well cultivated. There are also several dairies which supply cream, milk and butter to the City. The northern boundary on the Lachine Canal is an ideal location for manufacturers. Several large plants being now in operation.

The Federal Government has lately opened a branch of its Savings Bank. There are also a Post Office Branch; two Catholic churches two Catholic schools and one Protestant school, Telephone and telegraph communication with the City of Montreal.

The town of LaSalle is a beautiful summer resort and was formerly the "Lower Lachine Road." It has a fine view of the Lake St Louis, Lachine Rapids and the Nuns Island as well as Laprairie, Caughnawaga or the Indian Village and the Western part of the City of Montreal. The population is about 700.

The town Hall is located at No. 13 Strathyre av. Council meets on second Friday of each month. Fire and police departments are located at town hall. The C. P. R., N. Y. C. and Delaware & Hudson R. R. Co., supply service. "Highlands" being Railway name of town.

Town Council: J B Beyries, Mayor, Alderman; T R Smith, Delphis Larente, F X Belanger C P Newman, Nap Pigeon, J A Carignan, Recorder; A S Pelletier, Town Clerk; F Lafleur, sr. Chief of Police; E Cyrenne. Roadmaster: A Forgues.

# LONGUEUIL

## HEAD OF NAVIGATION

On the South Shore of the St. Lawrence River  
right opposite Montreal City

**L**ONGUEUIL is the most important City on the Richelieu Peninsula, being also the County seat of the County of Chambly, and is an important banking centre, the Bank of Montreal, Banque d'Hochelega and Royal Bank of Canada having branches in the City.

The municipality is up to date with public utilities, having splendid water works equipped with turbine pumping system run by electric power. The water supplied is filtered through the New York Filter Corp. System. Streets have concrete pavements and concrete sidewalks. The city has the electric lighting system under its own control throughout all streets.

There are several industries, producing steel, cast iron and sheet metal, mostly for export. A branch of the world known Sir Wm. Armstrong Whitworth Co., Ltd., of England, largest producers of crucible steel railroad car wheel tires, have an enormous plant for the manufacture of tools, etc. The Standard Foundry Co. and the Stowell Screw Co., Tooke Bros., Ltd., Dominion Engineering & Construction Co., Ltd., J. Freedman & Bro., are also located here.

Longueuil has many institutions. An important Roman Catholic College for the education of young men, French and English, full commercial course, good boarding, gymnasium; Seminary of Presentation Brothers, two Roman Catholic Convents for the education of young women, Protestant Schools, a Hospital and Home for the old, Roman Catholic Church, Church of England and Presbyterian Church.

Communication between Montreal and Longueuil is easy and frequent by two ferry lines and an electric railway system. The Montreal Southern Counties Railway Co. gives a twenty-minute service from 6 a.m. to 12.30 p.m. daily to Montreal, and have a belt line in the City, to reach principal points.

The town has also fine parks and playgrounds. The water front is most beautiful and convenient for boating and yachting, and fine residences face on the water front. Shipping facilities both water and rail, are excellent. The Delaware & Hudson Railway Company and the Montreal, Quebec & Southern Railway pass through the city.

The Harbour Commissioners propose building larger wharves to accommodate export trade.

It is bounded on the East and North by Laurier Ward, on the West by Notre Dame de Grace ward, and on the South by Mount Royal Ward. Electric cars going around the mountain to St. Laurent, and Cartierville, pass through the city. The city contains three very fine schools, two Catholic (St. Viateur and St. Madeleine) one Protestant (Strathcona Academy) a large educational convent, a branch of the Sisters of the Holy

Names of Jesus and Mary, a City Hall and the Outremont Curling Club. The Outremont Golf Club has its links off St. Catherine Rd. ## ST. LAMBERT.

A suburban town on the south shore of the St. Lawrence directly opposite Montreal about two miles from centre of the city in the county of Chambly, district of Montreal, with a population about 5000 and growing rapidly. It is an important railway centre, with an electric railway to Montreal, operated by the *Montreal & Southern Counties Railway Co.*, making 50 trips each way; fare single, 20c; return 30c; ten trips \$1.00, 50 trips, \$3.50. There is also an excellent train service by Grand Trunk Railway with over twenty-five trains each way daily.

The Victoria Jubilee Bridge spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; Canadian Government for Halifax; Central Vermont for Farnham; New York and Boston, Rutland Railroad for New York; Quebec, Montreal & Southern Railway for Sorel; and the Montreal Southern Counties Electric Railway. Distance to Longueuil, the county seat, three miles; communication by electric railway. There are four churches, Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a High School conducted by the Protestant School Commissioners affiliated with McGill University with a staff of seventeen teachers including several University graduates.

The Roman Catholic Commissioners' school for girls is conducted by the sisters of the Holy names of Jesus and Mary with a staff of eight teachers, and St. Michael's Academy for boys with a staff of seven teachers of the Clercs St. Viateur. The Academy was erected at a cost of over \$80,000 and has the very latest equipment. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal and in addition to boating there is a large assembly hall for entertainments, also a six rink bowling green for use of members which is the centre of social activity. The well known Country Club Golf Links adjoin St. Lambert. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A walk along the river bank gives the Town a fine promenade of over 3,000 feet in length from which the view of Montreal, lighted at night by thou-

sands of electric lights, is magnificent. A bathing beach with an instructor and dressing booths is provided during summer months. St. Lambert is being rapidly built up, and is already a very important suburban point. The town owns an efficient system of water, drainage and electric light. There is also fire and police protection. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication.

## WESTMOUNT, CITY OF

FORMERLY COTE ST ANTOINE

Situated in the county of Hochelaga, district of Montreal, and within the limits of the city of Montreal. This flourishing city is rapidly increasing in population; and is the favorite residential locality of the merchants of Montreal. Westmount was erected into a city by Act of Legislature 15th April, 1908. A municipal plant lights the city with electricity, it has an ample water supply and thorough system of drainage, and the streets are well laid out and paved or macadamized. An efficient police force and fire brigade fully equipped with all necessary apparatus is maintained for the protection of the city. The Montreal Street Railway lines, which traverse the city, afford rapid communication with the city of Montreal. The views from the Mountain are much admired. Mail three times daily. Pop. about 19,500.

Mayor—P. W. McLagan.

Aldermen—E. Herb Brown, R. B. Compton, Dr. C. W. H. Rondeau, S. F. Rutherford and R. L. Scott.
