COLLABORATION BETWEEN FRANCE AND GERMANY IS BRITAIN'S GOAL

Prime Minister Stanley Baldwin Declares Britain Will Endeavour "to Get Some Form of Securing Peace by Collective Security" at September Session of League—Government Still Hopeful that "Sooner or Later It May Be Possible Once Again to Discuss Reduction of Armaments—Denied Rumors that He Was Ill and Declared He Will Quit Office when He Sees Fit to Do So."

London, July 3.—Three points in Great Britain's relations with the continent of Europe were emphasized anew today by Prime Minister Baldwin.

Mr. Baldwin said in a speech to the London Conservative Association last night that the British Government will work for close collaboration between France and Germany, without which "no peace in Europe is possible."

He said at the September meeting of the League of Nations Assembly Britain will try "to get some form of securing peace by collective security."

He said the Government still believes that "sooner or later it may be possible once again to discuss reduction of armaments."

The Prime Minister in the speech denied rumors that he was ill. Answering rumors that he was considering resigning, he said: "I will retire when I think fit."

His speech was made a few hours after he returned from a six-day holiday at Chequers, his country residence.

"I have learned that there was a procession of doctors between London and Chequers, that telephone wires were fusing with requests for me to return to London, that I was breaking up and that my resignation was imminent," he added.

"There is not one word of truth in those statements. The first moment I feel myself incapable of sustaining the burden which now rests upon me, I will be prepared to pass it to other hands, and I should be no light judge of what the requirements of my position are."

"But it is for me to decide and for no one to dictate to me. We will all retire some day. I will retire when I think fit."

"The nations of the world—less those great powers (powers not members of the League)—have done what they can, but the action that sanctions imposed was not swift enough in practice to effect what we had hoped might be possible. There came a point when further pressure might well have led to war."

"Now we have been called—and it is a most curious thing—all kinds of names because we have not brought the country into war."

"I am quite content in these circumstances to be called a coward if I have done what I could in accordance with the views of every country in Europe to keep my own people out of war."

"While we all know that we have got to go on and go on quickly with this matter of armaments, it is driving us once more into the mad folly of Europe today in the expenditure she is making on armaments at the sacrifice of her international trade."

"We have to do what we can by our conversations with foreign countries to show the folly of this, which, if protracted too long, may ruin us all. Therefore, we still hold on that sooner or later it may be possible once again to discuss reduction of armaments."

Continuing, he said, "We go to Geneva in the autumn to consider the future of the League of Nations and how, in the light of the lessons we have learned this last year, we can make another effort to get some form of securing peace by collective security."

"It is our strongest desire to bring together France and Germany, without whose collaboration no peace in Europe is possible."

More than fifty Conservative members of the House signed a motion earlier requesting that no military or other commitments, which might be construed as leading to future accords, be made in speeches outside Parliament by Ministers or members.

The action taken following Opposition criticism in the wake of a speech made by Secretary for War Alfred Duff Cooper in Paris in which he told the French "your frontier is our frontier."

WIFE SEEKING ANNULMENT REFUSED TO HER HUSBAND

Mixed Marriage Question Again Before Montreal Court—Wife Taking Up Fight Where Her Husband Proved Unsuccessful.

Montreal, July 3.—Evelyn Riggs, a Catholic, whose Protestant husband was refused annulment of their mixed marriage by Mr. Justice Forest, is now applying to the Superior Court to have her union with George Griffiths voided on the usual ground of canon law.

Mr. Justice Forest refused application of the husband some months ago for annulment of the marriage, pointing out that Griffiths, a Protestant, could not avail himself of Roman Catholic canon law and complain of having his ceremony celebrated by a Protestant minister.

This time, the application for annulment is by the Catholic wife, and she alleges that as the mixed union was celebrated by a Protestant clergyman and was "never validated by a Catholic priest," the union is null and void.

Yesterday, the clergyman, Rev. Lachlan A. Maclean, was present in court before Mr. Justice Forest, ready to testify, as was Chancellor Whalen of the Archbishop's Palace. The case, however, was not called, pressure of court business deferring it to next Wednesday, when Mr. Justice Fortier will be sitting.

AUSTRALIA BOASTS FIFTH CONSECUTIVE BUDGET SURPLUS

Canberra, Australia, July 3.—A record budget surplus of \$2,552,000 (about \$17,810,000) for the year 1935-6 was announced today by R. G. Casey, Treasurer of Australia.

It was the fifth consecutive surplus for the Commonwealth. The showing was attributed mainly to increased customs and excise receipts, totalling \$2,558,000 (about \$17,940,000).

MONTREALER KILLED BY POLICE MOTORCYCLE

Montreal, July 3.—Struck by the motorcycle of a police constable pursuing a speeding motor car, Alphons Leduc, forty-six years old, was fatally injured early today.

The constable, Pierre Labrie, thirty-two years old, is in hospital with undetermined spinal and other injuries received when tossed against the curb as Leduc stepped off the sidewalk into the path of the motor cycle.

Leduc's left leg was torn off below the knee by the impact and he died shortly after admittance to hospital.

Labrie told his superiors he was just about to fire his revolver at the fleeing motorist when Leduc stepped into his path.

CLAIM GODBOUT'S CABINET MUST BEAR BURDENS OF FORMER REGIME

Six-Year Connection of Present Prime Minister with Taschereau Cabinet Definitely Links Him with Irregularities, Declare Opposition Speakers at Richmond County Convention—Albert Gaudreau, Former M.L.A. Unanimous Choice to Carry National Union Banner—Government Attitude on Old Age Pensions Fayed.

Richmond, July 3.—The defunct Taschereau Liberal administration was "rotten to the core," delegates to the Richmond County Opposition convention held here yesterday afternoon were told as its successor leader to Premier Adélard Godbout, "was little if any better. Not one, but all speakers were of this opinion, and did not seek to use kid gloves in their handling of the present administration and its immediate predecessor."

One after the other, the speakers told the Godbout Government and its Eastern Township representative, Hon. Césaire Gervais, both in absentia, that the ministry could not dissociate itself from the Taschereau regime and maintained that Premier Godbout in his six years as Minister of Agriculture had been closely enough linked to the Government that he must accept its responsibilities.

The weather was perfect for such a political gathering, the Town Hall, which was crowded to capacity, being comfortable, while the overflow could bank in the sun outside and discuss the affairs of the day. Furthermore, the speakers were in the top of form. They were thoroughly enlivened with their subject, the misdeeds of the Liberal regime, and, it being distinctly an Opposition gathering, their remarks struck a responsive note in the minds of their listeners, with the result that there was applause which only served to stir the speakers to greater efforts.

Incidentally, the convention was called to select a candidate to represent the interests of the National Union party in the approaching general elections. But this was a formality that was transacted so quickly that the majority of those present were hardly aware of it.

The name of Albert Gaudreau, of Asbestos, Opposition member in the last Legislature, was proposed by J. H. Côté, of Asbestos, and seconded by Ernest Thabert, of Melbourn. Somebody started to cheer, the whole audience broke into applause and the joint chairmen, Mayor Donald Davis, of Kingsbury, and Clovis Thibault, of Danville, declared that matter disposed of. Then the meeting adjourned to the most interesting business of the day, listening to a condemnation of the powers-that-be and a glorification of Opposition leader Maurice Duplessis.

Mr. Gaudreau, in his acceptance speech, declared that the activities of the Opposition during the past session could be summed up in a single statement, "We chased out the Taschereau regime, which was rotten to the core." Finding that the audience agreed with him so far, the speaker went on to deal with the formation of the National Union party. Mr. Duplessis had made great sacrifices on behalf of the people, and he quoted Mayor J. E. Grogan, Oscar Drouin and Dr. Philippe Hamel, all of Quebec, as men of broad vision who had been so deeply impressed with the work Mr. Duplessis had accomplished that they had sunk their personal hopes and ambitions and rallied to his support.

During the session, which lasted only eleven weeks, Mr. Duplessis and his supporters, continued Mr. Gaudreau, had succeeded in accomplishing what had been impossible over a period of more than twenty-five years, the undoing of the Taschereau regime. This was as it should be, decided the audience, and please turn to page 2.

EVEN GREATER FAVORS ASKED BY VERMONT

Republican Congressman from Vermont Declares Exemptions Granted Returning Canadian Tourists Under Reciprocal Trade Treaty Do Not Go "Far Enough."

Washington, July 3.—The provision of the Canadian-United States reciprocal trade treaty permitting Canadians returning from this side of the border to carry \$100 worth of goods duty free was attacked by Representative Charles Plumley today for not going "far enough."

Plumley, a Vermont Republican, printed in the Congressional Record a general attack on the accord, saying "The result attained was not 'reciprocal,' according to my interpretation."

He charged merchants and farmers of northern New England were affected adversely by the agreement, and said Commerce Department statistics recorded a tremendous increase of imports of commodities for which "concessions" were granted Canada. His main complaint, however, was that Canada failed to place in effect a "tourist exemption" similar to that granted by the United States to tourists returning from Canada.

He said the reciprocal exemptions "finally taken by the Canadian Parliament, although in the correct direction, failed to proceed far enough."

He inserted with his statement a letter from a constituent saying "every week a Canadian baker comes into Sawton and surrounding territory with thousands of loaves of bread but who betide the poor fellow from Phillipsburg or Bedford who is caught by the Mounties with a few cans of tomatoes, a baby carriage spread, or some other insignificant article."

It had been believed, he said, that the Canadian concession was correct this situation, but it had not.

SHARP DROP IN UNEMPLOYMENT IS REGISTERED

Employment at Highest Early-Summer Level Since 1931, Figures Disclose, as Public Interest Turns to Government Plans for Dealing with Problem This Winter.

Ottawa, July 3.—With relief camps closed and employment at the highest early-summer figure since 1931, attention of political observers in this capital was focussed on the National Employment Commission which must help the Government find a solution to next winter's relief problem.

The Commission, headed by Arthur D. Purvis, of Montreal, must survey the whole relief situation, make a re-registration of persons on relief in all provinces and establish a basis of relief payments that will meet the situation accurately in each province.

Employment was expected to improve further during the summer. Dominion Bureau of Statistics figures for June 1 showed 993,513 on the nation's payrolls then. Subsequently many men were shifted out of relief camps to maintenance jobs on the railways.

The railways took 8,853 from the camps and 2,297 from other sources. The Labor Department reported 14,292 placements of relief-camp men since demobilization of the camps started. They estimated 2,000 persons would be given jobs created by work the others are doing.

There was no estimate available of the number of men to be employed in connection with the Dominion provincial projects to be launched with a fifty-fifty expenditure basis with funds totalling more than \$30,000,000. Much of this work will be highway construction.

The Commission and the Government, however, are faced with next winter. Most of the work created by governments, as well as farm labor, is seasonal and will end when the snow flies. The winter's big seasonal job in the densely populated east is lumbering and it seldom absorbs as many men as are employed on farms and projects now.

These sources would not be surprised if some sort of compromise bargain were struck between John L. Lewis, head of the unionization drive and ardent advocate of industrial unionization, and the dominant A.F. of L. faction which leans toward craft unions.

Sentiment within the A.F. of L. unions to cease internal quarrels and present a united front against the embattled steel employers was said to be impelling the rival factions in the direction of a settlement of differences.

Whether a settlement will, in fact, take place, is not expected to be known for some days at least. Meantime, however, it was noted that in the past several days the craft unionists headed by President William Green of the A.F. of L. have hurled no more verbal thunderbolts at Lewis' Committee for Industrial Organization.

Lewis also refrained from his customary castigations of the Green faction in a statement he issued yesterday after a meeting of his committee.

RAINS RELIEVE LARGE DROUGHT STRICKEN AREA

Showers Falling in Southern States and Great Lakes Region Mean Difference Between Fair Crop and None at All—Government to Remove Cattle from Burnt Areas.

Duluth, Minn., July 3.—Relief in the form of rain and a three-fold programme of Government aid cheered residents of drought ravaged agricultural sections of the United States.

Showers fell in southern states and in the Great Lakes region. In many cases they meant the difference between a fair crop and none at all.

Precipitation was forecast for the parched upper Mississippi Valley. But there was no moisture to soften the hardpan prairies of Minnesota and the Dakotas—focal points in a widespread \$250,000,000 drought.

Secretary of Agriculture Wallace authorized federal purchases and processing of up to one million head of distressed cattle in north central states.

Even as he took the action here yesterday, livestock was being shipped from sun-seared pastures in the northwest by the trainload. The movement at some centres equalled that of disastrous 1934.

At Washington, officials indicated \$5,000,000 would be used in removing cattle from burned out ranges in a joint undertaking by the A.A.A. and the Federal Surplus Commodities Corporation. The meat products will be donated to relief agencies for distribution. It was indicated extensive buying would not be necessary if drenching rains occur in the next fortnight.

HON. VENIOT VERY WEAK
Bathurst, N.B., July 3.—Hon. P. J. Veniot, former Postmaster General, was reported to be very weak and semi-conscious today. He is suffering from an abdominal affliction.

HUNDREDS MORE HOMELESS FROM TEXAS FLOODS

Damage to Property and Crops Nearly Ready for Harvesting Mounts to \$3,000,000 Mark as Crippled Communication Facilities Bring Stories of Additional Damage Inland.

Cuero, Tex., July 3.—Hundreds of lowland people, warned by disaster upstream, fled from the muddy waters of the notorious Guadalupe river today and gave way to its ruinous spread over the coastal country of South Texas.

Damage to property and to crops nearly ready for harvesting mounted from the \$2,000,000 mark. Twenty-three persons are known dead, mostly in the area between Austin and San Marcos.

The emergency today was most acute between here and Victoria, a city of eleven thousand where the lowlands appeared certain to be flooded. As the press passed here last night 25,000 farming acres were inundated and forty negro homes were evacuated.

The bulk of the flood was about fifty miles up from the Gulf of Mexico this morning and its force was expected to diminish as the water spread out over lowlands near the coast.

After two days of destruction over several counties, the tiny creeks that wrought the first ruin and all larger streams but the Guadalupe were back to normal or had receded below dangerous levels. Crippled communication lines carried appeals for aid from many stricken sections.

Detroit, July 3.—Circuit Judge Theodore J. Richter denied a wife's petition for \$500 a month temporary alimony after her husband testified she had \$2,824 which she carried with her "taped to her back." Mrs. Edith Watson said she lost it in May when "the tape slipped."

THE WEATHER

LOCAL THUNDERSHOWERS.

Light scattered thunderstorms have occurred in Alberta, Ontario and western Quebec, while in other parts of the Dominion, east of the Rockies, the weather has been fair. Shallow disturbances are centred over southern Alberta and the Lower Lake region, while pressure is high to the northward of Ontario, over Quebec and the Maritime Provinces and the Lower Mackenzie Valley. The weather has been warm in Alberta and western Saskatchewan but rather cool throughout eastern Canada.

Forecast: Moderate winds; partly cloudy with local thunderstorms today and early Saturday, then fair. Temperatures yesterday: Maximum, 72; minimum, 42.

Same day last year: Maximum, 80; minimum, 40.

PRESIDENT ROOSEVELT TO VISIT CANADA'S GOVERNOR GENERAL ON JULY 31ST

Quebec, July 3.—President Roosevelt will visit the Governor General here on July 31st, it was officially announced today. Formal announcement of Mr. Roosevelt's forthcoming visit was brief. It said:

"The President of the United States of America will spend the day of July 31st at Quebec as the guest of the Governor-General of Canada."

Further details will be announced later.

At his press conference in Washington last Tuesday, President Roosevelt indicated he would visit Canada's Governor-General late in July or early August, Lord Tweedsmuir, soon after he took office as the Dominion's Governor-General, invited the President to visit him.

NOVEL VAGRANT VISITS ONTARIO FARM.

Enterprise, Ont., July 3.—Mrs. Merinus Snider, who lives on a farm near here, has a vagrant who visits her daily and never worries about relief rolls. The visitor is a frog who hops practically every day into her kitchen, when the door is opened for him, and stays until he has caught all the flies. Mr. Frog comes at the same time every morning and waits on the doorstep until the door is opened for him.

INVESTIGATING NEAR WRECK OF RAILWAY TRAIN

Engineer of French Train on which Dowager Queen Marie of Rumania Was Travelling Struck on Head by Stone—Connecting Rod Found Broken.

Lille, France, July 3.—The engineer of a train on which the Dowager Queen Marie of Rumania was travelling was hit on the head by a stone today.

The train, taking Marie to Calais en route to London, was delayed between Renscuere and Saint-Omer. Police began an investigation immediately.

The mother of King Carol was riding in a special car attached to the train when a connecting rod on the engine broke soon after the train left Lille.

Gendarmes, guarding the right of way for Marie's passage, found the engineer suffering head injuries. One gendarme said he saw a stone thrown from beside the tracks. Investigators said the broken rod might have thrown up stones but that all angles of the case were being checked.

Queen Marie had reached Calais and sailed for England before the incident was made public.

DOWAGER QUEEN AND PARTY ARRIVE IN ENGLAND

London, July 3.—Dowager Queen Marie of Rumania, her daughter, Princess Helena, and Archduke Anton of Hapsburg, the Princess' husband, with their three children, arrived in London late today.

ARABIC PRESS IN PALESTINE IS SUSPENDED

Sabotage and Sniping Continued Last Night with One Jew Being Seriously Wounded and Five Arabs Placed Under Arrest.

Jerusalem, July 3.—All Arabic newspapers in Palestine were under suspension today by the government. Al Liwa and Falastin, the only two still publishing after successive shut-down orders, were included in the general suspension on charges of disturbing the peace of the country.

Sabotage and sniping continued last night. One Jew was seriously wounded, five Arabs were arrested, and five horses were killed.

The sanatorium at Arza outside of Jerusalem, which had been a target for snipers almost nightly, was again attacked last night. Troops drove off the assailants with a machine-gun, and pursued them into the nearby village, where two were killed.

FRANCE URGES REGIONAL PACTS TO GUARD PEACE BY MILITARY FORCE

French Foreign Minister Suggests Speedy Reformation of International Peace Body by which Aggressors Would Suffer Swift Armed Punishment—Argued that to Reduce League to a Purely Consultative Institution Would Be to Strike It a "Terrific Blow"—Advocated Elimination of Requirement that Unanimous Vote of Council Is Necessary on Measures to Safeguard Peace.

Geneva, July 3.—France called today for a reinforced system of regional pacts, supervised by the League of Nations, to guarantee world peace by military force.

Yvon Delbos, French Foreign Minister, urged before the Assembly of the League a speedy reformation of the international peace body by which aggressors would suffer swift armed punishment.

Nerves of Assembly delegates were on edge after the firing of two shots in the Assembly Hall. A Czech newspaperman, seated in a gallery adjoining the delegates' benches, had shot himself. The wounded man was removed to a hospital before the session continued.

Delbos announced France planned to establish new treaties and to strengthen existing pacts.

He advocated elimination from the League Covenant of the requirement in Article XI that a unanimous vote of the Council is necessary on measures to safeguard peace. However, he said, the fundamentals of the Covenant should not be changed.

The French Foreign Minister asserted a system of regional pacts under League supervision would establish a close link between economic and military sanctions and would strengthen provisions of the punitive Article XVI to make automatic military action against an aggressor certain.

Declaring: "The prolongation of uncertainty increases the dangers of a situation," Delbos asked the members to submit suggestions for reform before August 15th, in order to allow the September Assembly to make decisions.

He emphasized that "The League met defeat (in the Italo-Ethiopian conflict) because the arms of the Covenant were not employed in full."

He argued that to reduce the League to a purely consultative institution would be to strike it a "terrific blow."

However, Dr. Halvdan Koht, Foreign Minister of Norway, expressed grave apprehension "of the menace that lurks in regional pacts." War sanctions have lost their meaning and the "last crusade" is finished, "Jayme Fonseca Monteiro, of Portugal, declared before the Assembly."

By lifting sanctions, League states admit certain articles of the Covenant are "too lofty" to be workable, he said.

The League must be made practical and must be made "more than a great market of unrealistic dreams," the Portuguese Foreign Minister asserted.

Spanish Foreign Minister Augusto Barcia Icaza, proposed reform of the League Covenant. He argued to the delegates:

"The law is good. What is bad is the way it has been enforced." The Spanish delegate declared what should be reformed was not the Covenant, but the practice and spirit of carrying out the Covenant's provisions.

SAYS BRITAIN INTENDS TO WITHDRAW CAIRO GARRISON

Understood, However, Official Guard Will Be Maintained at Residence of British High Commissioner and Powerful Military Air Base Kept Near Capital.

London, July 3.—The London Daily Herald today said it had learned from Cairo that the British Government plans to withdraw the garrison which has been stationed in the Egyptian capital nearly half a century.

The official guard, however, will be maintained at the residence of the British High Commissioner and a powerful military air base kept near the capital. It added, while a strong military force also will be kept in service in the Suez Canal zone.

CORNER STONE LAID FOR VANCOUVER'S CITY HALL

Mayor McGeer Officiated at Ceremony and Rt. Hon. R. B. Bennett Delivered Dedication Address in Connection with Twelve-Storey \$1,000,000 Structure.

Vancouver, July 3.—Builders went ahead today with the construction of Vancouver's \$1,000,000 city hall after the formal laying of the corner stone yesterday as a feature of the city's summer-long celebration of its golden jubilee.

Mayor G. G. McGeer, M.P., and Rt. Hon. R. B. Bennett, Federal Conservative leader, officiated at the ceremony. Mayor McGeer placed the corner stone in place and Mr. Bennett delivered the dedication address.

Laying of the corner stone of the twelve-storey structure, well on its way to completion, officially marked the close of a fifty-year municipal history.

Twenty trusty prisoners in the Selma, Ala., July 3.—Honesty is the coolest policy.

FARLEY STILL HOLDS REINS AT U.S. POST OFFICE

Busy Perfecting Plans for Whirlwind \$2,000,000 Campaign to Re-elect President Roosevelt in November.

Washington, July 3.—The "New Deal" temporarily shelved the question of Postmaster General James A. Farley's resignation today, while concentrating on perfecting plans for a whirlwind, \$2,000,000 campaign to re-elect President Roosevelt in November.

When "Big Jim," commander-in-chief of the Democratic campaign forces, emerged late yesterday from a three-hour conference with President Roosevelt, reporters crowded around him. They expected to take down Farley's farewell to the Post Office Department and announce that he would devote his full time to his task as Democratic national chairman.

But Farley informed them that no announcement about the resignation was in store, at least for the present. He said the subject did not come up in the conference.

SINCLAIR HAS RETIRED FROM POLITICS

Pasadena, Calif., July 3.—A "complete and final" retirement from politics was announced today by Upton Sinclair, who as Democratic nominee for Governor of California in 1934 sponsored a production-for-use programme.

His formal "retirement" announcement, he said, was "an answer to numerous requests for a statement as to my attitude to various party platforms and candidates."

FLYING PRIEST PLANNING AERIAL MISSION SERVICE

Rev. Paul Schulte, Once a Fighting Flier in German Army, Is in Montreal Laying Groundwork for Service in Canada's Arctic Regions.

Montreal, July 3.—A German priest, once a fighting flier in the Imperial army, came to Montreal today to lay the groundwork for an aerial mission service in Canada's Arctic regions.

He is Rev. Paul Schulte, famous flying priest of Germany and founder of the M.I.V.A., a German missionary society. The society is sending two six-seater planes for work in the sparsely settled country that stretches eastward from the Mackenzie River to Chesterfield Inlet.

Father Schulte, a member of the Oblate Order, will fly the first plane north himself within the next two weeks, taking off from Montreal for Edmonton and then heading north into the Great Northwest. The planes are for the use of the Oblate Fathers.

He is a massive man, this blue-eyed priest who twenty years ago fought as a pilot in the German air force. He is heavily built and stands better than six feet tall with blond hair, the guiding hand behind the M.I.V.A.

The M.I.V.A. is now a far-flung organization with 50,000 supporters, conceived by Father Schulte after a friend of his, a priest of the Oblate Order, lost his life in Africa because of the lack of fast communications. The organization's main work is to provide aerial transportation for the Oblate Fathers in desolate districts.

"I am flying the first plane north to meet Monsignor Breynat, Bishop of the Mackenzie," Father Schulte said. "I expect to be in the Arctic for three months, organizing their aerial mission. Our operations will extend from Alaska to Baffin Land."

With Father Schulte is Rolf H. Carl, a German photographer and member of the M.I.V.A. who will accompany him north. The flying priest was a passenger to North America on the first flight of Germany's new airship, the Hindenburg, and gained the distinction of being the first priest ever to celebrate mass aboard a dirigible.

CLAIM OFFICERS SOUGHT TO PURCHASE PROMOTION

Twelve Members of New York Police Force, Including Several Cited for Bravery, Charged with Having Paid Substantial Sums to "Fixer."

New York, July 3.—Twelve members of the Police Department, including several who have been cited for bravery or otherwise commended, face departmental trials on charges of having paid substantial sums ranging from \$500 to \$1,000 to an unidentified "fixer" in unsuccessful attempts to buy promotions to the rank of sergeant, it was disclosed yesterday.

Five of the men named have confessed the charges and one of them is being kept under constant surveillance by detectives. It was revealed by Police Commissioner Valentine, because of his threats of violence against the investigators and "Pat," the otherwise unidentified informer who bared the alleged conspiracy.

Seven others deny the bribe payments, but in their cases "some supplementary evidence has been produced to throw doubt on their denials," according to a report made by Paul Blanchard, Commissioner of Accounts, to Mayor La Guardia, who transmitted it to Commissioner Valentine.

WISECRACKER'S VARIOUS LOVES BEFORE COURTS

Chicago Curious Gather to Learn How Playwright Charles MacArthur Wooded and Won Dramatic Critic and Stage Star.

Chicago, July 3.—Lured by the love of wisecracks, the curious returned to a Circuit Court room today to learn more of how playwright Charles MacArthur wooed and won drama critic Carol Frink and stage star Helen Hayes.

A stern legal business was at hand—hearing on the \$100,000 alimony and affection suit brought by Miss Frink, first wife of the author, against Miss Hayes, his present mate.

But spectators chuckled frequently yesterday when Miss Frink, comely blond who criticizes theatricals for a Chicago newspaper, detailed her romance with MacArthur, then a failed reporter.

She said they met at a city room water cooler and became enamored under the stars at an outdoor opera. "Suddenly," she added, "he grabbed hold of me, swung me around, stepped on my feet, kissed me on the nose and said he loved me."

Later, the plaintiff continued, MacArthur proposed: "Take a chance and marry me."

"What did you say?" queried her attorney, Sam Golan.

"I said 'this is so sudden'," was the response. They were married in 1920.

The author warned her, she testified, with: "I'll probably be hard to domesticate for I'm a genius."

She testified that subsequently: He spent a period 'lying on the beach, getting healthy' at Los Angeles while she worked to pay the bills.

He was so "sensitive to environment" that he once moved from a flat because the "bed was too short for his feet."

They subsisted two days on hard rolls and sugar in a New York hotel when their credit was exhausted.

She paced the streets so she wouldn't hamper his play writing efforts in 1923.

WOMAN IN NAVAL SPY CASE CALLED UPON TO TESTIFY

Pretty Japanese Waitress Summoned as Witness in Trial of Harry Thompson, Accused of Selling U.S. Navy Secrets to a Japanese.

Los Angeles, July 3.—The woman in the naval spy case—a pretty Japanese waitress—was called upon to testify today in the trial of Harry Thompson, accused of selling U.S. navy secrets to a Japanese.

She is Janet Ono, who has described herself as a friend of the defendant, a former yeoman in the navy. She said she did not know Toshio Miyazaki, asserted Lieutenant Commander in the Imperial Japanese navy, who was indicted with Thompson on charges they conspired to violate the Espionage Act.

She is Janet Ono, who has described herself as a friend of the defendant, a former yeoman in the navy. She said she did not know Toshio Miyazaki, asserted Lieutenant Commander in the Imperial Japanese navy, who was indicted with Thompson on charges they conspired to violate the Espionage Act.

Lennie Thompson, not related to Harry, testified the defendant told him he was working for Japan.

"He came to my house and when I asked him for whom he was working," he said, "a foreign power," the witness testified. "He admitted it was Japan."

Willard Tuntine, friend and former roommate of Thompson, testified Thompson obtained confidential documents and information concerning fleet movements and sent them to a Japanese named "Tanny," receiving from him \$200 to \$300 a month salary.

DEATH TOLL IN YUCATAN RIOTS RISES TO EIGHTEEN

Three Men and Two Police Officers Died from Injuries Suffered in Four-Hour Gun Battle After Political Argument.

Merida, Yucatan, July 3.—The death toll of labor and political disorders rose to eighteen today as federal troops paced capital streets.

Added to thirteen fatalities in a strikers' demonstration were five new deaths, all laid to political disorders.

Three men and two police officers engaged in a four-hour gun battle in the town of Tiximin after a political argument. All died of their wounds.

Large groups of silent workmen attended funeral services for those killed late Wednesday when police fired killing guns at demonstrators outside the Governor's palace.

A revised list of the dead included a physician, an army corporal and eleven striking bus and taxicab drivers.

Florentino Palomo Valencia, government engineer, assumed office as acting governor after Governor Fernando Lopez Cardenas took an indefinite leave of absence following the disorders.

FARE ON TRIP TO STRATOSPHERE MORE \$100,000

Pittsburgh, July 3.—There's a passenger seat vacant in the gondola of the next stratosphere flight by Dr. Jean Picard.

The fare—\$100,000.

Dr. Picard and his wife were in Pittsburgh today to confer with Roy Hunt, president of the Aluminum Company of America.

Dr. Picard said he is planning a flight twenty miles above the earth as soon as he can obtain \$100,000.

His wife added:

"I said we'd carry a passenger with us."

CLAIM GODBOUT'S CABINET MUST BEAR BURDENS OF FORMER REGIME

Continued from Page 1.

the candidate continued after the applause had died down.

Premier Godbout, he resumed, would repudiate the actions of the previous administration, but there were a few things the Premier could not escape. Certain charges had been made of illegal practices in the 1935 elections and William Tremblay had made a motion in the House to have these charges investigated. The demand for the probe had been defeated and Mr. Godbout had been one of those who voted against it. Then there was the matter of old age pensions. For several sessions the Opposition had sought to have these instituted, but the Government, of which Mr. Godbout was a member, had consistently opposed them.

Again, the new Prime Minister had repeatedly voted with the Government against legislation calculated to improve the position of the farmer and the working class, and had opposed the request that farmers be granted exemption from the gasoline tax when this commodity was used for agricultural purposes.

Mr. Godbout condemned the "monstrous" mortgages now in effect, contending that it injured the farmer's credit and that they could no longer borrow from the banks.

As might be expected, the evidence submitted at the Public Accounts Committee was served up in detail with some of the choicer morsels being dwelt on at great length. Did Mr. Godbout really expect the electors to believe that it was a new administration which was seeking to be elected, asked Mr. Goddard. "If Mr. Godbout is serious, why did he support the Tascheau Government, of which he was a member, for so many years? If he knew of the irregularities, then he lacks sincerity. If he did not know of them, then he is not very intelligent," concluded the former M.L.A., who declared that there was only one thing to do in the situation. That was to throw all supporters of the present Government out and elect a new one.

Even had it been possible to operate successfully, he said, there was only one chance in 1,000 that the baby would have lived.

He said he would have performed the operation if there had appeared any likelihood the baby would have survived it or if the body of the large twin had not been maintained in a state of preservation.

The doctor said the body of the first twin had remained in good condition and he had done everything possible to strengthen the smaller, living child.

The remaining speakers, Redmond Hayes, Hertel O'Bready and Charles Mignault, agreed with him, while a former Liberal, M. Decourval, of Victoriaville, had a few original views of his own to express, declaring that the present Government had stolen the election.

More from the Liberals that more from the Conservatives for the simple reason that there were more of the former. Throughout the afternoon, Paul Gouin was forgotten.

Then the evening chores called and a contented aggregation wended its way home, having had an enjoyable political afternoon.

CAMPAIGN OPENING OVER WEEK-END IS SCHEDULED

Montreal, July 3.—Quebec's political pot should begin to boil in earnest over the week-end, the scheduled address of Premier Adolphe Godbout in Montreal being the highlight of the proceedings. He plans to introduce his new ministers to the electorate and reveal part of his platform on Sunday.

Maurice Duplessis, who has been fraternizing with certain of the non-voting residents of the north woods for the past week, is expected here on Monday, when he will arrange for the second stage of his campaign which he opened with a rousing meeting on the night of the King's birthday in Three Rivers. His supporters have made no definite statement, but indicate the next meeting will probably be held at Sherbrooke, where certain statements recently made by Hon. Cesar Gervais, Minister of Public Works and Mines, will be dealt with.

In the meantime, Paul Gouin, leader of Action Libérale Nationale, continues to keep his own counsel, his future movements being veiled in mystery.

DANZIG SENATE PRESIDENT TO CONVERSE WITH HITLER

Following Meetings in German Capital, Dr. Arthur Karl Greiser Plans to Hasten to League of Nations Session at Geneva.

Free City of Danzig, July 3.—Dr. Arthur Karl Greiser, president of the Nazi-controlled senate, left Danzig by plane today for a conference with Reich's Chancellor Hitler in Berlin.

Dr. Greiser also was to discuss governmental questions with Albert Forster, youth leader of Nazi forces in the Free City.

After his meeting in the German capital, the senate president planned to hasten to a League of Nations session at Geneva.

The truck was tried out for the first time on Wednesday and picked up eighteen pounds of metal. Deputy Minister of Roads J. L. Boulanger reported.

On a six-mile stretch near Little River, outside Quebec, six pounds of nails, pins, hooks, etc., or "approximately one pound of dangerous matter per mile," were picked up.

On an eight-mile stretch from Limoulin to Zoological Gardens at Charlesbourg, the magnet collected twelve pounds of nails, hooks, pins, bottle caps and other metal pieces.

CANCEL LEAVES OF DANZIG NAZI STORM TROOPS

Danzig, July 3.—All leaves of Nazi Storm Troops and black-shirted Nazi special guards were cancelled today.

Meanwhile speculation arose over a hurried, unpublished trip of Arthur Greiser, president of the Nazi-controlled Danzig Senate, to Berlin, where he conferred with ranking German officials.

Danzig Nazis, supported by the German press, a few days ago announced that it was time for the League of Nations to quit Danzig altogether.

EFFORTS UNSUCCESSFUL TO SAVE SIAMESE-TWIN BABY

Infant Lived for Thirty Hours Attached to Body of Dead Sister while Doctors Prepared to Perform Delicate Operation.

Medford, Mass., July 3.—A baby girl Siamese twin, who lived nearly thirty hours attached to the body of her dead sister, died today.

Dr. John B. Vernaglia, thirty-one year old physician who had been preparing for a delicate operation to separate the joined skulls of the twins, had announced earlier that the five-pound girl was losing strength.

The twins were born on Wednesday night to Mrs. Diego Florenzo, already the mother of two normal children. The larger of the Siamese twins, weighing seven pounds, died a few hours after birth.

Even had it been possible to operate successfully, he said, there was only one chance in 1,000 that the baby would have lived.

He said he would have performed the operation if there had appeared any likelihood the baby would have survived it or if the body of the large twin had not been maintained in a state of preservation.

The doctor said the body of the first twin had remained in good condition and he had done everything possible to strengthen the smaller, living child.

The remaining speakers, Redmond Hayes, Hertel O'Bready and Charles Mignault, agreed with him, while a former Liberal, M. Decourval, of Victoriaville, had a few original views of his own to express, declaring that the present Government had stolen the election.

REVISED CURRICULUM FOR NURSES' STUDY DISCUSSED

Delegates to Convention of Canadian Nurses' Association Divided into Three Groups to Discuss Nursing Education, Private Duty and Public Health.

Vancouver, July 3.—Discussion of the revised curriculum for education of nurses was slated today for study by provincial organizations of the Canadian Nurses' Association.

Gathered in convention here, nurses from all parts of the Dominion divided into three groups yesterday to discuss nursing education, private duty and public health and to hear addresses.

Detailed reports on the suggested curriculum will be heard when the nurses gather again in Halifax in 1933. Medical, surgical, paediatrics, obstetrics and a period of community nursing will be among the educational angles which will be discussed.

DR. PERCIVAL WILL GIVE ADDRESS AT CONVENTION

"Visual Aids in Education" Will Be Subject of Talk at Convention of Canadian National Federation of Home and School Groups.

Toronto, July 3.—President Dr. George W. Kerby, Calgary, will preside at the convention of the Canadian National Federation of Home and School Groups which opens here on July 8th.

More than 250 delegates from every province will be present. New trends in education will be the general theme of the gathering.

Dr. D. A. McArthur, Deputy Minister of Education in Ontario, will speak on "Administration"; Dr. W. P. Percival, director of Protestant Education in Quebec, on "Visual Aids in Education"; and L. A. DeWolfe, Director of Rural Education in Nova Scotia, on "Rural Education."

MAGNET PROVES SUCCESS IN CLEARING HIGHWAYS

Eighteen Pounds of Metal Picked up from Quebec Road During Test of Truck Equipped with Electro-Magnet Bar.

Quebec, July 3.—The Provincial Government is ready to go into the junk business and its new truck with an electro-magnet bar for keeping highways clear of metal adjudged a success.

The truck was tried out for the first time on Wednesday and picked up eighteen pounds of metal. Deputy Minister of Roads J. L. Boulanger reported.

On a six-mile stretch near Little River, outside Quebec, six pounds of nails, pins, hooks, etc., or "approximately one pound of dangerous matter per mile," were picked up.

On an eight-mile stretch from Limoulin to Zoological Gardens at Charlesbourg, the magnet collected twelve pounds of nails, hooks, pins, bottle caps and other metal pieces.

DEBATE USE OF STATEMENT IN MURDER TRIAL

Jury Excluded from Bannister Hearing as Defence Seeks to Prevent Introduction of Statement Allegedly Made by Accused.

Dorchester, N.B., July 3.—The jury was excluded in Westmoreland County court today as argument went forward over admissibility of an alleged statement of Daniel Bannister as evidence in the trial of the Pacific Junction lumberman for the January murder of Philip Lake.

Only a few Crown witnesses remain to be called and it was believed the trial would end this week. Argument over a statement Bannister allegedly made before a previous trial for the Lake murder started late yesterday and the jury was still out when court adjourned.

The statement was not allowed at the first trial of Daniel for the slaying of Lake, whose mistress, Mrs. Marshall Ring, and twenty-month-old son Jackie died with him last January.

One of the Appeal Court judges, however, had held it should have been allowed in evidence at the earlier trial.

Though the Appeal Court granted Daniel a new trial, it ruled his brother Arthur must die for the Lake killing. His hanging set for June 20, Arthur was given a reprieve so he might be available for testimony at Daniel's trial. But he has not yet been on the stand.

The mother of the pair, alleged instigator of the crime, is in penitentiary for "harboring" infant Betty, daughter of Lake and Mrs. Ring, after the triple killing. The prosecution charged she sent the young men out to get the baby so she could use it to extort money from two Montserrat men with whom she was familiar and whom she had told she was about to become a mother.

Findings of the jury in the Bannister home was related yesterday by R. C. M. P. Inspector Harris and Police Matron Maude Leblanc. Other police officers told of discovering Arthur's broken rifle on the frozen ground near the Lake cabin. Previously, a ballistics expert had testified a bullet found in Lake's brain came from the gun.

OUTBOARD MOTOR GAVE EINSTEIN REAL ADVENTURE

Flowing-Haired Savant Set Out for "Adventure" and Found It when Winds Vanished and Neither He nor His Companion Could Start Auxiliary Motor.

Saranac Lake, N.Y., July 3.—Prof. Albert Einstein, whose theory of relativity was no match for a whirling outboard motor, a whim of the winds, or the threat of spending a night on the calm waters of Saranac Lake, looked upon it all today as "a great adventure."

At his summer home, after several larksome hours in a becalmed and powerless twenty-foot catboat, the flowing-haired savant, whose mathematical adventures have carried him into the realm of infinite time, puffed on his old briar pipe and said: "I've enjoyed myself more than I have in years."

Einstein said he set out yesterday looking for "adventure" and found it when the winds vanished and neither he nor an amateur sailor companion could start the auxiliary motor.

James Munn, an associated Press writer, gave him a speed-boat tow but exhaust smoke got in his eyes and Einstein moved up front with Munn.

NORTH BAY STILL TRYING TO SETTLE RELIEF COSTS

Statements and Denials in Regard to City's Ability to Shoulder Relief Costs Continue to Shuttle Back and Forth Between Northern City and Provincial Government.

North Bay, Ont., July 3.—Statements and denials in regard to North Bay's ability to shoulder its relief costs continued to shuttle back and forth between the northern city and provincial welfare officials in Toronto today as the dispute became nearly a week old.

The city claims it can no longer carry the relief burden and the council has ordered the relief office closed.

Welfare Minister David A. Croll announced the municipal relief office had been kept open at his order for two days during the dispute, with not one relief recipient appearing for help the first day and only fifteen the second. This seemed to indicate, he said, the situation was not as serious as city officials claimed.

WRITERS SEEKING FREEDOM FOR POLITICAL PRISONERS

RAINVILLE AND LONGTIN REACH QUEBEC FINALS

Montreal's French-Canadian Tennis Stars Won Semi-Final Matches Yesterday, Rainville Eliminating Henri-Paul Emard and Longtin Disposing of Ross Wilson.

Montreal, July 3.—Net stars from two provinces, Quebec and Ontario, turned their attention to doubles play in the Province of Quebec tennis championships today with the last remaining out of town threat in the men's singles dropped by the wayside.

Montreal's Roland Longtin accounted for Ross Wilson, of Toronto, yesterday in a semi-final match, taking the necessary three sets in quick order by scores of 6-4, 6-3, 6-2. Longtin never gave the tall Torontonian a chance to slip into his customary hard-hitting game nor allowed him the opportunity to take the offensive after the first set.

Wilson, lacking the fire and drive which usually characterized his game, was continually outmaneuvered by the canny Longtin who concentrated on his opponent's weaker backhand. The Toronto contender's only real chance came in the first set when, with the score standing at four-all, he staged a valiant fight for the lead, coming from behind on several occasions to deuce the count. His efforts were in vain, however, Longtin eventually breaking through and continuing to capture the match.

Longtin plays another French-Canadian, Marcel Rainville, for the title tomorrow. Rainville displayed fine form in outlasting Henri-Paul Emard in the other semi-final encounter, winning to the tune of 6-4, 9-7, 6-2. The little veteran, balked repeatedly the last few years in search of the Quebec singles, showed Emard with a volley of well-placed passing shots every time he advanced to the net.

Emard started well and led by the odd game in five in the first set before Rainville took command of the play. Longtin's doubles partner made his strongest bid in the second set, carrying Rainville to sixteen games after a series of gruelling backcourt rallies. The former Canadian Davis Cup star, however, played the third set with confidence and precision, passing Emard repeatedly to annex the other berth in the title round.

The most resolute Ontario singles threat appeared to rest in Mrs. H. L. Beer, of Ottawa, who made short work of Mrs. A. R. Porter, of Montreal, in their women's semi-final encounter. The Ottawa, stroking with surety, ran out the match by scores of 6-3, 6-0, and will meet Mrs. B. Bolt of Montreal in the final tomorrow. Mrs. Bolt recorded a 6-4, 8-6 triumph over another Montrealer, Simone Bernadet.

Wilson and Grant McLean, of Toronto, are the only visiting team remaining in the men's doubles quarter-finals. The Toronto pair eliminated Reitman and Cloghesy, of Montreal, by 6-2, 6-3, while Baldwin and Veysey, of Montreal, took the measure of the intra-city team of O'Hara, Ottawa, and MacNeil, Montreal, winning by 6-3, 6-1.

Emard and Longtin entered the semi-finals with a 4-6, 6-2, 6-3 conquest of Mais and Coster and today will clash with Rainville and McDougall.

COMPLAINTS OF WESTERN PACKERS WILL BE PROBED

Audit Being Made of Books of Four Packing Companies as Preliminary to Hearings which Will Probably Take Place in September.

Ottawa, July 3.—Preparatory work in connection with investigation of complaints by the Western Packing Company, Limited, against other packing companies is now under way, it was stated at the office of the Dominion Trade and Industry Commission here today. An audit is being made of the books of four packing companies as a preliminary to hearings of the complaints which will probably take place in September. Names of the companies were not given.

The Commission has been requested by the Government to look into complaints of the western packers that prices are fixed by large Canadian packing organizations. Canadian Packers and Swifts are two of the firms against which complaint is made, according to officials of the Commission. There are also charges of unfair competition and price-cutting.

Administration of the Trade and Industry Act, passed during the last administration, is in the hands of the Commission, which is identical in personnel with the Tariff Board.

French Air Minister, and Augusto Barcia, Spanish Foreign Minister, will attend.

The conference will hear reports on the situation of political prisoners in Germany and on recent decrees reviving German legal procedure.

The call for the conference was issued by Romain Rolland, well-known French literary figure.

Mrs. H. Allison and Mrs. R. H. Draper entertained the Milby W.I. last Saturday afternoon at the home of Mrs. Allison. Nineteen members answered the roll call with medicinal roots and herbs and their uses. Several visitors were also present. After the business meeting, Miss Norma Aitkenhead sang a solo very sweetly. A salad tea was served by the hostesses, the Misses Pearl Allison and Norma Aitkenhead assisting.

Mr. William Young, Mrs. Skuse and children attended the Ayrshire picnic at Barnston.

Messrs. William Draper and Scott Draper attended the Holstein picnic at Lennoxville.

Those attending the Compton Sunday School picnic held at Lennoxville were Mr. Young, Mrs. Skuse and children, Mrs. Campbell and children, Mr. A. Smith and children and Harry Lazanba.

Mr. and Mrs. H. Allison, Mrs. Aitkenhead, Miss Norma Aitkenhead and Mr. and Mrs. R. H. Draper were at the W.I. picnic, Lennoxville.

The June meeting of the Calf Club was held at the school house with the president, Mr. E. Hyatt, in charge. A short business meeting was followed by a debate, "Resolved that beef cattle are more profitable than dairy cattle to our country." Edward Hyatt and John Luce supported the affirmative, Edwin George and Andrew Smith, speaking for the negative. The young boys did very well for their first debate, and the negative side won by a small majority of points.

Mr. Findlayson and Mr. MacDougall, of Lennoxville, were present.

SHERBROOKE, FRIDAY, JULY 3, 1936.

Duff Cooper Is Indiscreet.

Although the British House of Commons has again overwhelmingly endorsed the foreign policy of the Baldwin Government, the Prime Minister would be well advised to muzzle the troublesome Alfred Duff-Cooper, Secretary of State for War, whose speeches for the past few days have caused considerable embarrassment.

That conditions in Europe resemble a powder factory is undeniable, and to have a Minister of the Crown, even when speaking as an individual, going around making provocative speeches about the activities of a supposedly friendly nation is too much akin to touching a match to the powder keg for the average Britisher.

True, the Government has disclaimed all responsibility for the views expressed by Mr. Cooper, but this formal repudiation will fail to offset the ill-will created on the continent by the remarks of the British Secretary for War.

Britain holds a delicate position in the present European structure and its ministers must appreciate that their utterances at the present time are more important than they would be under ordinary circumstances. An indiscreet Cabinet Minister is anything but an asset to any government.

Nimble Lilt Continues To Flow From Veteran's Pen.

"Uncle" Walt Mason, the erstwhile Canadian job printer who became one of North America's outstanding prose paragraphers, is today headed toward his seventy-sixth year, but words of a nimble lilt continued to flow from his pen.

Although the corner of catchy lines from Columbus, Ont., has long been in semi-retirement, he turns out a "rippling rhyme" now and then, adding to the mass of eight thousand verses that were piled up in his more vigorous days. Strolling with his dog, ferreling through tales of mystery, and watching the passing scene takes up most of his time.

The easy life comes strangely to "Uncle" Walt. At the full bustle of his career he worked long hours on newspaper copy desks, churned out a prose poem of homely words and straight-from-the-shoulder phrases at the end of each "jig," and in his "off" hours put together volumes or verse.

"Uncle" Walt's parents were John Mason and Lydia Sarah Campbell Mason. He educated himself by reading everything he could lay his active hands upon. At eighteen he left for the United States to follow his trade as a printer. His natural ability as a writer carried him from the mechanical to the editorial branch of newspaperdom.

It was after 1893, when he joined the Washington Evening News as an editorial paragrapher that his brief, meaty poems caught on. In 1907 he went to the Emporia Kansas Gazette and became associated with William Allen White, the ageing "sage" of that community who still hits people and subjects between the eyes with editorial home runs.

The teaming of Mason and White left its mark on the writings of both men. Each strove to tell his story candidly and crisply. Their work was tinged with "horse sense"—the title Mason chose for a volume he published in 1913.

Mason has been almost stone deaf most of his life. He once said he believed the affliction saved him from much annoyance. Certain it is he did not allow the affliction to hamper his progress along the road to success.

Sixty-One Taxes Wrapped Up In Loaf Of Bread.

The extent to which taxation is eating up the income of even the humblest citizen of the Dominion is vividly illustrated by the recent survey made by the Financial Post. This records that no less than sixty-one separate taxes are wrapped up in a single loaf of bread. Making its illustration even more impressive, the Post points out that there is no sales tax on bread nor on most of its ingredients.

The sixty-one, or more, taxes are listed as follows:

The farmer who grew the wheat paid a tax on his land. (Not to mention the scores of other taxes entering into his costs; duties on implements, sales taxes on supplies, etc.)

The railway company that hauled the wheat paid income taxes, provincial mileage and gross earnings taxes and municipal taxes. Out of all the taxes paid let us count only Dominion income tax, one provincial tax and one municipal levy.

The lake steamship company paid its toll which it had to charge up in its rates, to be ultimately included in the cost of the bread.

The milling company that ground the wheat

paid income taxes, a provincial corporation tax, and a municipal tax (and scores of others) but we will take only the first three.

Similar taxes were paid by these firms that handled the wheat or furnished supplies:

The grain elevator company
The sugar refinery
The yeast manufacturer
The shortening manufacturer
The dairy
The malt company
The wrapping paper manufacturer
The printer who printed the labels
The coal dealer
The bank that financed the transactions all down the line paid at least four taxes

The light company, the gas company, and the firm that made the baking machinery had to include in their charges a sum to cover property taxes, special taxes on utilities, income taxes, etc., say four for each group.

The bakery paid many taxes—license fees, gasoline taxes, property taxes, business taxes transfer taxes on its share, cheque taxes, capitalization taxes, income taxes, to the number of at least 8.

And we shall not bother to include the taxes on telegrams, telephone calls, sleeping car tickets, nor the customers' taxes and excise taxes on machinery and supplies brought by all the different parties to the manufacture of a loaf of bread. Nor the taxes paid by the workers in the bakery and the various supply houses. Even without allowing for these the more direct and easily discernible taxes paid total.

Fortunately for the consumer's nervous system, the survey is confined to the more obvious taxes, no effort being made to dig more deeply into the matter.

Editor's Note-Book.

Much to the gratification of the motorist, the law has at last caught up with the jaywalker. St. Louis aldermen have approved a pedestrian control bill which provides fines of three to five hundred dollars for jaywalking. St. Louis acted, officials explain, because they found jaywalking contributed in a great measure to traffic fatalities and serious injuries. And doubtless there is not a large city in which this condition does not exist. The St. Louis system, possibly, is the answer to the problem.

It would be interesting to hear how Philadelphia hotelkeepers and store owners fared in their recent investment. They contributed a quarter of a million to have the six-day Democratic convention held in Philadelphia.

What Editors Say

A NEW GUN.
Halifax Chronicle.

The British have devised an anti-aircraft gun, with eight barrels, which can fire 1,000 shells a minute four miles high. It throws explosive shells, incendiary shells, tracer bullets and shrapnel. With this, it is claimed, a barrage can be set up in the sky through which planes cannot pass. But there are many considerations. Shells must explode at the right height, they must explode in the right place, and it takes some moments for a shell to rise, the wind must be allowed for, and the plane is a moving object, which can rise higher, or drop lower, change direction at will, and is a difficult target to handle. The assurance in this case may rest on the fact of the gun being able to throw such a stream of shell into the air, that, altogether different from a few scattered shots, the plane in unable to judge which way to turn for escape, and falls a victim to the gunner. Whatever the success of this new arm, there is this to be said, that it is infinitely superior to the old anti-aircraft gun, and is an instrument of defence.

A GENTLEMAN.
Ottawa Journal.

To my way of thinking the man with a developed brain, blunt and honest, but ignorant of what is called the social graces or amenities, whose conduct may cut clean across nearly all the rules in a book of etiquette, is really far more of a genuine gentleman than many dapper little dandies with a woman's susceptibility to the picaresque niceties that go to make up the qualifications of what they consider one to the manner born.

If our political leaders had more of the gentleman and less of the ambitious politician, relations would be more amicable and proceedings conducted on a higher plane. Appeals would not be to ignorance or prejudice and one would disdain to ride into power on some trumped-up shibboleth that catches the popular fancy. In these grave and restless times the man playing politics ought to be shot.

Thirty Years Ago Today

From the Files of the Sherbrooke Record.
July 3rd, 1906.

The Sherbrooke City Council fixed the municipal tax rate for the 1906-07 period at twelve mills, with five mills additional for schools and one-half mill for sewers. All these rates were unchanged. It was in later years that the school tax was boosted.

The municipal census placed the population of Sherbrooke at 13,950, an increase of 561 over 1905.

Mr. Frank Patton, a resident of the Belvidere road, was instantly killed when he fell from the roof of his barn.

Prize-winners at a community picnic held at Windsor Mills: P. McCormack, Albert Moore, Miss M. Martel, A. Landry, J. McCabe, A. Moore, H. Pidgeon and D. Anderson.

Weddings reported: At Sherbrooke, Miss Alberta Wilson to Mr. W. H. Morrow, Rev. C. W. Nicol officiating; at Martinville, Miss Grace F. Farnham to Mr. Warren L. Barber, Rev. Mr. Cook officiating.

Dr. and Mrs. Charles McKee took up residence in Coaticook after spending their wedding trip in White Mountains.

Officers elected by the Smith's Mills, R. T. of T. were: Mr. and Mrs. W. L. Brainerd, Miss Cressler, Mr. W. Putney, Miss Baldwin, Mrs. I. Baldwin, Miss W. Longway, Mr. Guy Longway, Miss Lillian Johnston, Mrs. Alfred Benoit and Miss M. Baldwin.

Miss Kate Hall, of Coaticook, left on an extended visit to friends in Boston.

Letters To The Editor

WINDOW IN MEMORY OF JOHN PERCIVAL GALLUP

To The Editor,
Dear Sir:

In reading the very excellent and happily written account of the celebration of the centennial of St. John's Church, Gallup Hill, Melbourn, recently published in the Daily Record and which I very much enjoyed, I noticed one omission (quite inadvertent I am sure) to which I should like to draw attention.

In describing the admirable interior of the church, with its several memorial gifts, no mention was made of the fine stained glass window which stands above the altar. This window was erected to the memory of one of the most devoted and faithful members of St. John's Church, and bears the following inscription: "To the glory of God and in memory of John Percival Gallup, 1890—aged 52 years." The late Major Mathias, of "Hill Acres," Melbourn, was instrumental in having this window erected, and I very well remember his telling me how readily and gladly those approached were in giving their gifts for the erection of this memorial to so well-known, so esteemed and so worthy a man.

Yours faithfully,
New York, June 30.

PLANE PILOT RESCUES OVER-TURNED CANOEIST

Rouyn, Que., July 3.—Flying in an eastwardly direction across a small unnamed lake Pilot C. E. Bogaert, of General Airways, noticed what looked like an upturned canoe with persons waving from it. The pilot circled and landed a few feet from the canoe, then from the pontoons of the plane, hauled the canoeist aboard. In a few minutes the canoe was emptied of water and the paddle picked up as well as a floating pack. Five minutes later both canoeist and pilot were on their respective ways.

UNITED CHURCH YOUNG PEOPLE ENJOY PICNIC

Many E.T. Unions Represented at First Annual Picnic of Young People's Union of Quebec-Sherbrooke Presbytery of United Church of Canada.

The Young People's Union of the Quebec-Sherbrooke Presbytery of the United Church of Canada, under the presidency of Miss Isobel Beach, of Cowansville, followed the lead of older organized presbyteries by holding its first annual picnic on Dominion Day, to which members of all local church unions were invited.

The Religious Education Council camp, "Cedar Lodge," situated eight miles from Magog on the Georgeville road, was the scene of activity. The weather was in an especially amiable mood and furnished a day which could not have been improved upon. Shortly after the noon hour, over three hundred young people and their friends, representing eighteen Young People's Unions, gathered, looking forward with anticipation to the carrying out of the programme prepared by the Presbytery Union Executive.

The afternoon was spent in various games, contests, soft ball and swimming under the convenship of Allan Willard, of Lennoxville, Christian fellowship convener of the Presbytery, assisted by Miss Mina Pergau, of Lennoxville, Christian fellowship convener of the Montreal-Ottawa Conference, who led in prayer, and also sang in a quartette with Miss Freda Willard and Allan Willard, of Lennoxville, and Stanley Pergau, of Richmond, vice-president of the Montreal-Ottawa Conference.

The day closed in true "camp style" with a campfire and programme under the convenship of Miss Muriel Sturgeon, of Sutton, Christian fellowship convener of the Lennoxville Union, and an Edgar Guest reading by Miss Mina Pergau, of Lennoxville, and Stanley Pergau, of Richmond, vice-president of the Montreal-Ottawa Conference.

As the fire burned low, a friendship circle was formed and the singing of "Follow the Glean" and "Taps" brought the day to a close. Tired but happy, the picnicers started for their homes with the wish that the Presbytery picnic might become an annual event.

Local unions represented were: Beebe, Birchton, Bulver, Brigham, Cowansville, Farnham, Georgeville, Flitch Bay, Knowlton, Lennoxville, Richmond, Melbourn, Savoyville, Sherbrooke, Stanbridge East, Sutton, Tomifobia, Ulverton and Waterville.

LUCIEN MORIN IS SENTENCED TO 25 YEARS

Barnston, Que., Cobbler Found Guilty of Manslaughter in Connection with Murder of W. K. Baldwin, Received Stiff Sentence at the Hands of Justice Verret This Morning.

Lucien "Red" Morin, twenty-seven years old, of Barnston, Que., found guilty of manslaughter in connection with the murder of William Keith Baldwin at Baldwin's Mills on April 18, 1935, was sentenced to twenty-five years in the penitentiary by Mr. Justice Hector Verret in Court of King's Bench this morning.

Morin, a cobbler who learned his trade in the Windsor, Vt., Penitentiary, was charged with the murder of the former Liberal Member of Parliament for Stanstead. He was convicted of manslaughter and recommended to the clemency of the Court. His pal of penitentiary days, Kenneth Brown, of Milton, Vt., also accused of the murder, was found guilty and sentenced to hang on July 10 next. His case has been carried to the Appeal Court, however, and a stay of execution until December 18 next granted.

Morin, a stocky, red-headed youth, was pale and visibly nervous when he took his place in the prisoner's dock to hear his sentence.

"Have you anything to say, Morin, before sentence is passed?" asked Justice Verret.

Morin mumbled a scarcely audible "no, I have nothing to say."

"Morin," stated His Lordship, "you have been found guilty of manslaughter in connection with Baldwin's murder. Your accomplice in the crime has been condemned to hang. I am of the opinion you were the instigator of the crime and if you did not weigh in consequences of your actions, it is nevertheless very evident that had you not suggested to Brown that he go to Baldwin's Mills the murder would not have been committed."

"You have a bad record. It was while you were in a Vermont penitentiary that you met Brown. There is very little to say in your favor. I think it is in the interests of society that you are given no further opportunity to continue along the evil path that you have followed, and the Court sentences you to twenty-five years in the penitentiary."

Morin took the sentence hard.

He swept out of the prisoner's dock as soon as the sentence was pronounced, and hurried from the Court room between two guards.

Justice Verret imposed sentence upon seven other persons who stood in line in Court of King's Bench. Alphonse Girard, of Richmond, guilty of stealing hens, was given five months. Paul Rouleau, of Magog, who was found guilty of stealing merchandise from the plant of the Dominion Textile Company, was sentenced to three months in jail, and Raymond Carrière, of Deserail, received two months for theft.

Aristide Gagnon, of Bromptonville, convicted of fabrication of evidence, was condemned to one year in jail.

A four month sentence was imposed upon Roger Plouffe, of Assbestos, who was found guilty of criminal negligence at his trial for manslaughter in connection with the death of Napoleon Gagnier. The latter was killed when struck by a car Plouffe was operating.

Alphonse Vachon and Lorenzo Rodrigue got two months in jail for receiving stolen goods.

REDUCTIONS IN BUS FARES

Important reductions in fares have been announced by the Provincial Transport Company, which operates extensive motor coach services in the western part of the Province of Quebec, and the Colonial Coach Lines, Ltd., which operates a network of services in the eastern part of the Province of Ontario.

The reductions have been made to induce many people who travel in their own cars to take advantage of the attractive bus rates to revisit old haunts or to travel into new country at small expense. As a further inducement to attract the habitual traveller and vacation-minded public, both companies are operating a frequency of services which enables patrons to take advantage of a choice of departures and also makes it convenient for return journeys.

Acquisition of new equipment has enabled the companies to effect many operating economies.

SWISS WOULD BUY WHEAT WITH ELECTRICAL PLANT

Company Tendering for Extension to Edmonton Civic Power Plant Submits Plan for Bartering Wheat and Electrical Equipment.

Edmonton, July 3. — Edmonton may do a bit of bartering with Switzerland it was learned here today.

The Alberta capital is planning extensions costing \$500,000 to its municipal power plant and a proposal has been made to barter Canadian wheat for Swiss machinery.

A Swiss company has tendered for the contract to supply the machinery for the power plant improvements here.

To aid the company in obtaining the contract, the Swiss Government, it was reported, intends to negotiate with the Canadian Government, offering to accept the Dominion's wheat in payment for the machinery.

Montreal representatives of the Swiss electric company were said to be conducting the negotiations with A. Ritchie, in charge of the plant here. The company has submitted tenders of \$198,680 and \$225,370 for turbine-generators for equipment.

R. S. Griffith of Montreal, Canadian manager of the Swiss company, who opened the negotiations via long-distance telephone June 17, submitted the company's tender. He reportedly asked Edmonton civic officials if they could submit to the company a definite proposition, and make the necessary arrangements with the Canadian Wheat Board.

PHILIP MALLOY CONDEMNED TO HIGHER COURT

Star Witness in St. Pierre Murder Case Will Stand Trial on Two Charges of Car Theft at Next Term of Criminal Assizes—Bail Fixed at \$4,000.

Philip Malloy, twenty-five years old, of no definite address but formerly of Norton Mills, Vt., was condemned by Judge J. S. Couture in the Magistrate's Court this morning to stand trial at the next term of the criminal assizes on two charges of automobile theft.

Judge Couture fixed bail at \$2,000 in each case, a total cash bond of \$4,000.

Malloy's preliminary hearing on charges of having stolen motor car belonging to Eddie Perras, of St. Malo, and Lucien Hebert, of this city, was held in the Magistrate's Court this morning.

The young man, who was a star witness in the sensational St. Pierre murder case several years ago, was arrested by Sgt. Detective Auguste Guyon, of the Quebec Provincial Police, in Coaticook a few weeks ago.

FORMER HEAD OF GRANBY POLICE DIES SUDDENLY

Joseph Lapierre Dropped Dead While Transacting Business in Granby Bank Yesterday Afternoon.

Granby, July 3. — The death occurred here suddenly yesterday afternoon of Joseph Lapierre, former chief of police and chief of the first department, who succumbed while in the Canadian Bank of Commerce.

The bank was full of customers when Mr. Lapierre was seen to fall. The people in the bank were thrown into confusion and the doors of the bank were closed for the remainder of the day.

Medical aid was immediately sent for, but upon the arrival of doctors it was found that Mr. Lapierre was dead. Coroner Dr. G. W. Runnels was notified and disposed of the case as death by heart failure.

Mr. Lapierre, who was forty-eight years of age, had been suffering from heart trouble for several months and it was on this account that he resigned his position as chief of the fire department last June. He was chief of police in Granby for thirteen years and previous to that was a foreman in the Granby Rubber factory.

He is survived by his wife, one son, Victor, and two small daughters, also by four brothers, Oscar of Knowlton; Wilfrid, of Waterloo; Arsidas, of Concord, N.H.; and Omer, of Granby, and three sisters, Mrs. Ed. Ingram, of Guelph, Ont., Mrs. Adela Dumoulin and Mrs. P. Delorme, of Granby.

MARRIAGES

BROUSSEAU-OSTIGUY. — The marriage of Miss Lucille Ostiguy, daughter of Mr. and Mrs. Ernest Ostiguy to Mr. Alphonse Brousseau, son of Mr. and Mrs. Ed. Brousseau, took place on June 27th, with Rev. Father Lavallee officiating. The bride, who was given in marriage by her father, looked very charming in a pink satin gown, pink veil and shoes and carried lilacs and lilies-of-the-valley.

Mrs. J. A. Pervault played the organ and was accompanied on the violin by Mr. Morin, Miss C. Lague, cousin of the bride, rendered "Ave Maria." Master Guy Ostiguy the bride's brother, sang "Cour de Jesus."

After the ceremony the guests retired to the home of the bride's parents, where refreshments were served. Later the young couple left for Gaspe amidst the best wishes of relatives and friends.

For travelling, the bride and groom wore identical suits of brown pin check wool, brown hat and shoes and tan accessories.

SEEK CABARET HOSTESS IN "VENGEANCE MURDER" CASE

Single Bullet in Chest Killed Miss Audrey Vallette in Her Luxurious Apartment in Chicago.

Chicago, July 3. — A brunette cabaret hostess was sought today by detectives investigating the "vengeance slaying" of a platinum blond night club singer.

The object of the wide search was Mrs. Ruth Freed, twenty-eight years old. Captain Andrew Barry ordered the hunt for her after he said she had been identified from a photograph as the slender woman who left a near north side hotel yesterday shortly after Miss Audrey Vallette, thirty-one years old, had been shot to death in her luxurious apartment.

The captain said he had learned from a show girl friend of the victim that she had been friendly with Mrs. Freed's husband, Edward, manager of a gay resort called the "Nut House." The crime, he added, was plainly one of vengeance.

A single bullet in the chest killed Miss Vallette as she apparently retired to her room about one p.m. The victim, member of a prominent Illinois and Indiana family, was clad only in a pink negligee as she enjoyed a late breakfast.

UNUSUAL CASE INVESTIGATED AT ST. JULIEN

Circumstances Surrounding Death of Rolande Gouin, 18 Years Old, of St. Julien de Wolfestown, Probed by Coroner Bachand and Medico-Legal Expert Yesterday.

An unusual case had been inscribed on the records of the Coroner's Court today following an investigation by Coroner Leonidas Bachand into the circumstances surrounding the death of Rolande Gouin, eighteen years old, of St. Julien de Wolfestown.

The girl died in the Hotel Dieu Hospital in Quebec City after being involved in an automobile accident that occurred between Coleraine and Black Lake on June 7th last.

An autopsy performed by Dr. Rosario Fontaine, of Montreal, provincial medico-legal expert, yesterday revealed that the girl was suffering from anaemia. Her death was attributed to hemorrhages which resulted from extreme nervous shock and fright, and also to the hemophilic character of the victim's blood.

Miss Gouin had suffered a slight injury to her knee in the car accident.

A party of young people comprising Miss Gouin, Elize Hamel, Marie-Anne Lafamme, Florent Martel, Raymond Croteau, Edmond Croteau and Emile Croteau were returning from Black Lake to St. Julien when the car in which they were travelling left the highway, struck a telephone pole and overturned. The accident occurred as Martel, who was driving, endeavored to pass another vehicle. Blinded by the upthrust of dust, the driver allowed his car to edge over on the soft shoulder of the highway and lost control.

Martel received a scalp wound and Miss Gouin an injured knee. The other passengers escaped unhurt. Although Miss Gouin's injury was not serious, she was removed to hospital suffering from extreme nervous shock and fright. Medical skill was unable to save her life.

The inquest was held yesterday afternoon at St. Julien, and resulted in a verdict of accidental death.

POLICE CALLED AS FARMHANDS JOIN WALK-OUT

French Minister of the Interior Warns Workers that Continuation of Trouble May Force Lower Middle Classes to Adopt Fascism.

Paris, July 3. — Striking, fighting farmers who refused to milk cows and feed horses brought gendarmes to the vineyard district near Laon today.

The officials halted clashes between farm hands and their employers after one person was injured.

A new strike in the dressmaking industry in Paris broke out in the Lanvin Atelier where two hundred seamstresses occupied the establishment.

A similar strike of wrapping clerks, elevator operators and other employees at the Molyneux dress house was quickly settled.

Fresh walkouts among miners at Strashbourg and textile workers at Lille increased the ranks of workmen continuing the "folded arms" strike.

Electricians and ushers in a Paris burlesque theatre called an occupational walkout. Three hundred members of the Opera Company, which struck two days ago, ended their dispute by giving Jean Zay, Minister of Education, permission to arbitrate their demands with the management.

As the strike movement re-asserted itself in the scattered disorders, Roger Salengro, Minister of the Interior, warned against increase of Fascist influences.

Unless the walkouts are soon terminated, he said, the lower middle class may abandon the workers' cause and support Fascism in the hope of achieving tranquility in the nation.

Stormy scenes in the Chamber of Deputies ended with a 282 to 193 vote to oust Jean Chiappe, former Prefect of Paris Police, from membership.

Now president of the Paris Municipal Council, Chiappe drew the fury of Communists because of their dislike for the man in charge of Paris police before the days of the bloody riots precipitated by the Slavsky municipal pawnshop scandal in February, 1934.

The Chamber of Deputies turned its attention to the French agricultural situation in debate on the Government's bill to establish a Wheat Control Board.

The measure was the first in the economic reform programme of Premier Leon Blum to meet opposition from Radical-Socialist party members.

Georges Monnet, Minister of Agriculture, defended the bill against accusations it resembled the Fascist system and would be "ruinous" because of the cost of operation.

He declared it was necessary to do something quickly for the farmers and said Czechoslovakia has a similar system.

"Do you think your audiences enjoy the statistics you quote in your speeches?"

"No," replied Senator Sorghum. "I just put 'em in to make the rest of my remarks seem more interesting by contrast."

TOWNSHIPS A DISTRICT OF PLENTY AND OF ABSORBING SCENIC BEAUTY

Tourists Will Be Charmed and Pleased with a Visit to the Eastern Townships, which Are Rich Historically and One of the Most Attractive Districts in Canada—Restful Atmosphere of Its Lakes, Villages and Towns and Unbounded Hospitality and Friendliness of Its People Will Be Appreciated by Visitors from Outside Points.

It is difficult to adequately describe the beauty and charm of the Eastern Townships, particularly at this season of the year, but it is impossible, as tourists will tell you, not to notice them. The resident of the Eastern Townships often fails to truly appreciate the splendor of his home surroundings, for it is a case of familiarity breeding a certain measure of indifference.

Much has been written, as much more may be chronicled, about these Eastern Townships. They form a decided contrast to the Laurentians, presenting a quieter, more docile type of scenery. Their popularity as a tourist centre has increased by leaps and bounds during the past few years, and every summer witnesses an influx of visitors from every province of the Dominion and every State of the Union to the South. Now is the time to visit the Eastern Townships, enjoy the restful atmosphere of its lakes, villages and towns and the unbounded hospitality and friendliness of its people.

The Townships are rich historically, as it was here that the United Empire Loyalists settled in the period following the American War of Independence, although many old French families had years previously pioneered in the district. Each village, town and city has a colorful history of its own.

The district has been described as a land of plenty and of absorbing scenic beauty. The visitor passes from thriving industrial towns into long stretches of highly cultivated farm lands dotted with delightful summer resorts. The good roads throughout the Eastern Townships serve as an invitation to the motorists, but this fascinating district may also be easily reached by train.

EASTERN STAR LODGE MEMBERS WERE HONORED

Members of Beaver Chapter, O.E.S., at Waterloo Held Reception for Two Members Prior to Departure for England— I.O.O.F. Lodge Met.

Waterloo, July 3.—A very pleasant and well arranged function was held in the Masonic Temple when the officers and members of Beaver Chapter, No. 7 O.E.S. assembled to do honor to two of their highly esteemed members, Mr. and Mrs. F. A. Slack, prior to their sailing for their new home in Linfield Parish, Sussex, England. In spite of the fact that everyone present keenly felt the vein of sadness, prevailing owing to the eventual loss of the chapter, a cheerful attitude was maintained and a most enjoyable evening spent in contract and "500". The successful players in the former were Mrs. L. R. Adam and Mr. W. A. Parks, the prizes in "500" being won by Mrs. Frank Bockus, and Mr. Leslie Durrell. At the conclusion of the games the company of fifty friends were invited to the banquet hall where salads, rolls, cake, coffee and ice cream were served.

CAMPBELL LED CLEVELAND TO TWIN VICTORY

Plucky Outfielder, Making Third Comeback from Attack of Spinal Meningitis, Paced Indians to Two Victories Over St. Louis Browns Yesterday.

Bruce Campbell, one of the grandest guys in this baseball business, is another athlete who is fooling the experts in a sports year already dizzy with such goings-on. Thrice stricken with spinal meningitis and rated through as a ball-player less than two months ago because of the dread disease, the Cleveland Indians' outfielder is making his third comeback from the illness one of his most impressive.

Up from his hospital bed only about three weeks, he already is among the first twenty hitters in the American League.

If there was any lingering doubt about his recovery, he took it apart yesterday, teasing off against St. Louis Browns pitching for seven straight hits as the Tribe came through in both ends of a doubleheader, winning by scores of four-to-six and four-to-two. Campbell hammered out a double and five singles in the opener and then added another single his first time up in the nightcap, after which he was removed "for a rest."

Temperamental Johnny Allen held the Browns to five hits in the nightcap after Brown had scattered thirteen St. Louis hits effectively in the opener. Hal Trosky contributed to the second win, clouting his twentieth homer with one on. The Indians threatened in the ninth inning and had the bases full with two out when Julius Solters, one of St. Louis' heavy sluggers, popped to the infield.

The twin victory pulled the Indians up to fourth place as the sinking Boston Red Sox sank out of the first division into fifth position by losing their fourth straight game to the New York Yankees by eight to seven for their seventh setback in a row. Old Pat Malone, starring again as relief pitcher after Monte Pearson and Walter Brown were clubbed from the box, was credited with the victory when pinch singles by Hoag and Jorgensen, along with a walk to Gehrig and Jake Powell's double, provided the tying and winning tallies in the final frame.

Allen paced the sixteen attack on Wilson and Ostermuller with two doubles and a single in five trips to the plate.

The Detroit Tigers, meanwhile, held the runner-up berth by belting the Chicago White Sox by seven to one behind "Schoolboy" Rowe's seven-hit pitching. The world champions, in winning their sixth straight game and their ninth in ten starts, collected ten safeties off Whitehead and Clint Brown, mixing them with two Chicago errors and Whitehead's wildness. Al Simmons led the Detroit attack with two doubles and a single in three trips.

The Washington Senators took over sole possession of third place with a four to three decision over the Philadelphia Athletics. Both teams garnered eight safeties but Earl Whitehill was stronger than Rhodes in the pinches.

In the National League the St. Louis Cardinals held their slim half-game lead by nailing out the Pittsburgh Pirates by seven to two with the "Gashouse Gang's" virtual one-man pitching staff, "Dizzy" Dean, chalking up his fourteenth win of the season as he limited the Pirates to seven blows.

The second-place Chicago Cubs outlasted the Cincinnati Reds, winning by eight to six in thirteen innings. Two runs in the fourth extra frame won the marathon contest for the Cubs after the Reds, seeking their eighth straight triumph, had tied the score in each of the eleventh and twelfth stanzas.

The New York Giants climbed into the first division through the Reds' setback and their own seven to six decision over the Boston Braves. The Terrymen belted Danny McPadden out of the box with a six-run spurge in the opening inning, scoring on half a dozen hits and three Boston errors, while in the ninth canto, with the score deadlocked, Burgess Whitehead singled and came home with the winning marker on Mel Ott's double.

The Phillies finally got some pitching—Bucky Walters turning in a four-hit performance—and blanked the Brooklyn Dodgers by five to nothing.

BUFFALO WHIPPED TORONTO TO OPEN LONG HOME STAND

The Buffalo Bisons may have staggered back as far as fourth place once and tied for third position on other occasions since losing the runner-up berth in the International League standing to Rochester's Red Wings, but they are still mighty tough customers in their own park.

Opening a home stand that runs until July 19, the Bisons bowled over the Toronto Maple Leafs by eleven to six last night to elicit a full game off Rochester's margin and keep pace with the often unsteady Newark Bears. Rochester took a six to three setback from the Montreal Royals last night while Newark increased its margin to two games over the Red Wings by pulling out a three to two decision from the last place Syracuse Chiefs.

bition of good pitching to get the better of Fred Fussell in a mound duel. Each allowed seven hits.

Held in check through the early innings, Montreal's Royals blasted Nubs Kleinke out in the eighth frame to best the Wings although "Lefty" Wade also failed to go the route, Leon Chagnon finishing.

YESTERDAY'S STARS
Outstanding players in yesterday's major league games were:
Bucky Walters, Phillies: Pitched four-hit ball for five to nothing win over the Dodgers.

Auggie Galan, Cubs: Doubled in the winning run in thirteen-inning rally against the Reds.
Cliff Bolton, Senators: His two-bagger drove in the winning run against the Athletics.

Al Simmons, Tigers: Hit two doubles and a single in victory over the White Sox.
Dizzy Dean, Cardinals: Held the Pirates to seven hits for four to two win.

Mel Ott, Giants: Drove in the winning run against the Bees with a ninth-inning double.
Arndt Jorgensen, Yanks: His pinch single in the ninth inning sent the winning run across to beat the Red Sox.

Bruce Campbell and Johnny Allettack, Indians: Former's six hits led the offense in the opener of a doubleheader with the Browns; Allen's five-hit pitching took the nightcap.

RECORD-BREAKING STUDENT SEEKS OLYMPIC BERTH
Princeton, N.J., July 3.—Don Lash, the Indiana speedster who established a world two-mile record of 8:53.3 on the Palmer Stadium track three weeks ago, returns to-day to seek a place on the United States Olympic team.

The "Hoosier Hooper" is the No. 1 man in a field of eleven distance runners for the 10,000-metre Olympic event which is being held in conjunction with the National Athletic Amateur Union senior and junior track and field championships.

Some of the "edge" was taken from the senior programme when Amateur Athletic Union officials announced the withdrawal of Ben Eastman, holder of the world half mile record, from the 800-metre event. Eastman said business obligations required his presence in the west until the final Olympic trials next week at New York.

COLORED SQUAD VICTORIOUS IN FRIENDLY TILT

Boston Colored Giants Recorded Five to One Triumph Over Sherbrooke Aggregation in Exhibition Baseball Fixture Here Last Evening.

The Boston Colored Giants clouted and clowned their way to a five to one victory over Sherbrooke in an exhibition baseball game on the Park avenue diamond last evening. Two runs in the fourth inning and a three-run rally in the eighth frame comprised the visiting aggregation's scoring, while the hoststers saved themselves from a shutout by tallying their lone marker in the fifth stanza.

The local lads outthit their opponents by eleven to eight, but with men on the paths Melvin Allen tightened up and his mates afforded him stellar support. The result was that ten Sherbrooke runners were left stranded. Jack Harris pitched a brand of ball which would have won many a regular Provincial League fixture, while his companions clouted the ball hard, four extra-base blows included in their collection.

Two errors, a single and an out-field fly produced the Boston squad's pair of fourth-inning markers, while a few lapses of judgment by the local infield, coupled with four singles, a sacrifice and the only base on balls Harris allowed, were responsible for the three points the ebony-colored nines shoved across the plate in the eighth chapter.

Harris was credited with Sherbrooke's marker. The local hurler singled with one out in the fourth stanza and advanced to third on Amos Roy's double. Luc Roy rifled the timely single which allowed Harris plenty of time to count.

The Roy brothers, Duke Ray and Harris accounted for nine of the home team's safe blows. Amos Roy, playing in left field in place of Charlie Clark, clouted a triple and a double in three trips to the plate, while his younger brother had three singles to his credit in four attempts. Ray garnered a two-bagger and a single in three appearances and Harris poled two singles, Amos's double and a single by Poulin, who replaced the injured Stuka behind the plate, completed the Sherbrooke attack.

Dick Mapp, the Boston shortstop, paced the assault on Harris with three singles, while catcher Henry "I Wasn't Ready" Faulk was credited with a double and a single.

SOREL NOSED OUT LACHINE IN SCHEDULED FIXTURE
Sorel, July 3.—Sorel increased its lead over the Provincial Baseball League field last evening by scoring a three to two victory over the second-place Lachine aggregation. The triumph increased Sorel's lead to two games and dropped Lachine into a tie with Granby.

The contest was a mound duel between Sterling and Golensky, both hurlers allowing seven safeties. Sterling, Sorel's elbow, struck out three and was saved from defeat when "Lefty" Hill snared a hard-hit ball near the left field fence and doubled a Lachine runner off first base. Golensky had seven strike-outs to his credit.

The score by innings was:
Lachine 000 000 200—2 7 1
Sorel 000 201 000—7 0 1
Batteries: Golensky and Lariviere; Sterling and Galen.

SIR EDWARD BEATTY GRANTED AUDIENCE WITH KING EDWARD.
London, July 3.—Sir Edward Beatty, president of the Canadian Pacific Railway, was received in audience by the King at Buckingham Palace yesterday.

PERRY ANNEXED HIS THIRD ALL-ENGLAND TITLE

Sparkling Briton Whipped Baron Gottfried Von Cramm in Straight Sets Today at Wimbledon—German Ace Injured Thigh Early in First Set But Gamely Continued.

Wimbledon, England, July 3.—Fred Perry, of Great Britain, won the all-England tennis championship today for the third successive year and became the first player to reach that peak since the great Australian, Anthony F. Wilding, won the title four years in a row from 1910 to 1913. Perry overwhelmed the blonde German ace, Baron Gottfried von Cramm, dropping but two games as he recorded a stunning 6-1, 6-1, 6-0 triumph in the final.

Since the abolition of the challenge round in 1922 no other player has won his way through the field to retain his title even once, though France's famous "musketeers," Jean Borotra, Rene Lacoste and Henry Cochet, each recorded two victories, but not in succession.

Perry's victory today marked the second straight time the sparkling Briton had whipped von Cramm in straight sets in a Wimbledon final, having routed the German Davis Cupper by scores of 6-2, 6-4, 6-4 in last year's final.

Immediately after the match von Cramm announced that he had torn a muscle in his thigh in his first service in the match and, at the same time, asked the referee to apologize to the capacity crowd for his poor showing. Officials gathered around the German after the contest and held a short consultation after which it was officially announced that the Baron had injured his thigh. The spectators cheered the plucky German as he left the court dejectedly.

Perry disclosed that he knew of von Cramm's injury and said he had urged the German to leave the court to have the thigh massaged. But von Cramm answered, "It would not be any use now."

The three-times winner scored fourteen of his twenty-two points during the last set, which he won 6-0, after the back court and only smashed twice, revealing that he took no advantage of his rival. The third and final set lasted exactly eleven minutes. The crowd was mystified as the usually mercurial-footed Baron permitted Perry to score easy aces and placements, particularly in the final game after von Cramm had led by forty-love.

Perry was not in top physical condition either, suffering from blistering feet as a result of his semi-final triumph over America's carpet-topped Don Budge on Wednesday.

Helen Jacobs and Mrs. Sarah Paley Fabian advanced to the finals of the women's doubles today, downing Joan Ingram and Mrs. Phyllis Mudford King of England by scores of 6-4, 6-3, while Danielle Maltroy of New Zealand, and Frau Hilda Krahwinkel Sperling, of Germany and Denmark, defeated Andre Mart-Legay and Mme. Sylvia Henriot, of France, by 5-0, 6-3 in the quarter-finals of the mixed doubles.

Rain fell a few minutes after the championship men's singles match, holding up completion of the day's programme of doubles.

Misfortune struck the champions yesterday afternoon when Jean Borotra, veteran French star, fell heavily on the stone flagging at the side of the court in the third set of a quarter-final doubles match with Jacques Brugnon against the American-Japanese team of Helen Cuninggim and Jiro Itoh. The Frenchmen won by scores of 6-2, 7-5, 6-7, 6-2, but later scratched from the competition.

Borotra tore a muscle in his thigh and it was feared his long and spectacular tennis career was ended. "I'm afraid I'm through," he said, "but it's about time anyway."

The withdrawal of the Frenchmen sent Charles Hare and Frederick Wilde, of Great Britain, into the final where they will meet the winners of the match between Wilmer Allison and John Van Ryn, of the United States, and the British Davis Cuppers, Pat Hughes and Charles Tuckey.

Don Budge and Mrs. Sarah Paley Fabian, of the United States, reached the semi-final round of the mixed doubles yesterday with a 6-0, 6-2 victory over Ferenc Kujalovic, of Jugoslavia, and Countess De La Valdene, of Spain.

PROGRAMME AT BURY PROVED A MAJOR SUCCESS

Hundreds of Visitors and Friends Gathered for Dominion Day Celebration Sponsored by Bury Athletic Association.

Bury, July 3.—Hundreds of visitors and friends from surrounding towns gathered here on Wednesday and made Bury's tenth annual Dominion Day celebration one of the most successful events in the history of the Bury Athletic Association. The weather was ideal for the monster street parade which inaugurated the day's activities and for the well-balanced sports programme in which a high brand of sportsmanship prevailed.

Floats, decorated teams, cars and bicycles, express wagons, a comic car, ponies, clown and acrobats, were included in the colorful parade. The judges in charge of this phase of the programme awarded prizes as follows: Floats: 1, "Remembrance," entered by the Canadian Legion, Branch No. 48, Bury; 2, "Queen Mary," entered by J. Lapointe, Bury; 3, "Miss Canada," entered by Leo Martin, Bury.

Decorated teams: 1, "Confederation," entered by Mrs. A. J. Hunt, Bury; 2, "Boy Scouts," entered by the local troop; 3, "Rule Britannia," entered by James Cook.

Decorated cars: "Duck," entered by Miss Blanche Lapalme; 2, "Butterfly," entered by Mrs. W. Coates. Express wagons: "Indian Canoe," entered by J. Beaulieu; 2, "Girl in Pink," entered by Miss Glenna Harrison.

Decorated bicycles: "Aeroplane," entered by Foster Ross; 2, "Boat," entered by Howard Loveland. Comic car, "Bury Bus," entered by W. Atkins.

The local Memorial Park was the scene of a baseball game between East Angles and La Patrie, the boys from the Paper Town winning the seven-inning contest by a score of six to three. The encounter was closely fought, East Angles emerging victorious as a result of a seventh-inning rally.

A dance was held in the evening and the Town Hall was again too small to hold the large number of patrons.

The silver cups and other prizes were presented to the winners of the various events by the president of the Athletic Association, Mayor A. J. Hunt. Other officials included: Judges, Col. O. L. Pope, J. Drennan and J. S. Rayside; starters, J. H. Saunders, S. J. Pringley, W. Pringley and T. G. Stokes; scorers, O. T. Webster, Wm. Stormont, H. Gagne, R. N. Mayhew, J. Beaulieu and clerk of entries, A. Whitehead, and secretary, C. C. Lindsay.

The detailed results of the track and field events follow:

BLAME "DROOPY" HANDLEBARS FOR BICYCLE ACCIDENTS
Toronto, July 3.—"Droopy" handlebars—those which point downward—are responsible for the increase in bicycle accidents, in the opinion of officials of the city motor

gue here. "They are a menace, and here—and we get them only when boys should be warned," said a motor-gue official. "Every boy we get in turned down."
