Thirty-Ninth Year.

OPPOSITION LEADER ASSAILS NEW TRADE PACTS AND WHEAT POLICY

Former Prime Minister Declares that Activities of New Wheat Board Have Caused Slump of Ten Cents a Bushel in Price of Canadian Wheat—Claims Trade Agreement with United States Is a Bad Bargain for Dominion and That Agreement with Japan Will Prove "Humiliating" to Government.

Ottawa, February 11.—Prime Minister Mackenzie King today replies to a many-sided indictment of his Government's policies and actions in its four months' of office handed down from Prime Minister Bennett.

The Conservative leader yesterday set in motion the debate on the address in reply to the Speech from the Throne with a four-hour speech in the House of Commons and Mr. Mackenzie King had just time to start his reply before the closing hour cut short debate.

Mr. Bennett assailed the Canada-United States trade treaty as a bad bargain for Canada; expressed doubts about the Japanese trade settlement. He also criticized the Government's wheat-marketing policy, claiming the new Wheat Board was carrying on its business in a way calculated to lose money for the Dominion Treasury.

In drafting the Speech from the Throne, he said, Mr. King had put words in the Governor-General's mouth which were silly. This referred to the restoration of the control of Parliament over expenditures and taxation. Parliament always had control and the former Government had taken no action by Order-in-Council for which Parliament had not given it complete authority, the Conservative leader said.

Mr. Bennett denied the charge that his Government had been "a one-man government" only to have Mr. Mackenzie King repeat it. The Prime Minister went further and said to judge by Mr. Bennett's speech he now proposed to have a "one-man Opposition."

Mr. Bennett said he had called nearly twice as many Cabinet meetings for consultation with his Ministers in his term of office as Mr. Mackenzie King had called in his previous term. The Prime Minister reported he saw no reason why Canadian wheat should not be selling ten cents higher now than it was.

Mr. Bennett registered strong objection to the terms of the Order-in-Council dismissing John I. McFarland and other members of the former Wheat Board. The reason assigned for their dismissal was that sales resistance and antagonism to the personnel of the board had arisen.

No evidence was offered to support this statement, said Mr. Bennett, and the Government had given no opportunity to answer the charge. The Government chose to blast the reputations of men who had given good service, one of them without cost to the Treasury. How could any sort of reliable public service be measured if men were to be treated in this way?

Although Canadian wheat was superior to Argentine wheat and had for many years commanded a higher price, Argentine wheat was now selling at a price five cents higher than Canadian. Experienced traders saw no reason why Canadian wheat should not be selling ten cents higher now than it was.

Buyers abroad now had the idea Canada would sell wheat at any price so long as it could sell. Consequently they were demanding lower prices. The Government had bought at 87 1/2 cents and the lower the market price dropped the more money the Board lost and the more the Treasury had to put up. Wheat traders who sold at eighty-seven cents or better were organized farmers had objected to trading in October futures, and under the former Government it was forbidden.

The Winnipeg Grain Exchange had boasted during the election that none but Liberals would be elected at the Prairie, said Mr. Bennett. He asked if this was the explanation of the new wheat policy, if the Government was paying the price in this way or if it was seeking to discredit the former Government or destroy the last vestiges of co-operative selling.

Mr. Mackenzie King claimed to have gone to Washington and negotiated the United States treaty in forty-eight hours, said Mr. Bennett. This could only have been the case if the work of preparing the treaty was done by a Canadian "trimmer." In any case the treaty was a bad bargain for Canada. Canada gained no advantages in the United States market commensurate with the concessions given the United States.

The former Government, he said, had negotiated with the United States. It had found the basis on which a treaty could be made, but knowing it was unsatisfactory had refused to close the deal although it could have used it to advantage during the election.

The Conservative leader said he would await further information about the trade settlement with Japan, but if its terms were correctly reported in the newspapers the next two weeks would see the Government humiliated as no Canadian Government was humiliated before.

The Riddell incident in connection with League of Nations sanctions against Italy also came in for Mr. Bennett's criticism. He said Dr. W. A. Riddell, Canadian representative at Geneva, had done nothing improper in suggesting that sanctions against Italy be extended to include oil.

The statement made by Hon. Ernest Lapointe, Minister of Justice, saying that if Dr. Riddell proposed the oil-sanctions scheme he

POLITICAL CLASHES TAKE A HEAVY TOLL IN MEXICO

At Least Ten Dead and Fifteen Wounded Following Bloody Demonstrations Growing Out of Elections Feud.

Mexico City, Feb. 11.—Two isolated political clashes in Mexico left ten persons dead today and at least fifteen wounded.

The municipal president of Cholula, in the State of Puebla, and four other members of his party, were shot to death yesterday by opponents, after local elections were held.

In Hopelche, Campeche, five peasants were killed and fifteen injured during a battle between opposing political groups.

CITY COUNCIL LEFT IN DARKNESS

Verdun, Que., Feb. 11.—Called off on account of darkness, the regular meeting of the Verdun City Council last night was postponed until today. Mayor Herve Ferland rose to make an announcement when the lights went out in the Chamber. Council and audience waited twenty minutes to see if the deliberations would be enlightened. They were not so the mayor postponed the meeting. A defective fuse box and control switch caused the trouble.

ETHIOPIAN CROWN PRINCE FREES TWO IMPRISONED MISSIONARIES

Overzealousness on Part of Native Chieftain Described as Reason for Detention of Toronto Man and Paxton, Ill., Minister for Refusal to Evacuate Dangerous Section of Ethiopia—Doubted if Orders Issued by Crown Prince Have as Yet Reached Chieftain Who Is Acting as Captor.

Addis Ababa, Feb. 11.—Two Sudan Interior missionaries were arrested by the local chieftain at remote, southwestern Gamo province, because they declined to move to a safer locality, it was learned today, but were ordered released by Crown Prince Asfar Woson.

John Trewin, a Canadian, and Rev. Harold Street, of Paxton, Ill., were seized a few days ago at the Sudan Interior mission station at Slama, fifty miles south of Chench, capital of Gamo province, 250 miles southwest of Addis Ababa.

The Crown Prince, who assumed the imperial duties while Emperor Haile Selassie was at his Dessye field headquarters, issued his orders two days ago that the missionaries be freed. Lack of communication with the interior made it impossible to determine whether the local chieftain had complied with the order.

The American missionary's wife and four children were detained, unharmed, at their home. Reports published abroad that eight persons were imprisoned were denied officially.

Before the Italo-Ethiopian war started last October, Cornelius Van H. Engert, now United States Consul General at Ethiopia, and Stanley Barton, British Minister to Ethiopia, accepted a proposal by Ethiopian Foreign Minister Belletan Guata Heroy that any British subjects and American citizens in what was considered a dangerous area could be ordered to go elsewhere.

Government officials described the action of the Gamo chieftain in arresting the two missionaries as "overzealousness" for the safety of the missionaries.

Dr. T. A. Lambie, of Toronto, field director of the Ethiopian mission service, expressed concern when he told of the detention of the two missionaries. He said that the Canadian and American were held in chains at Chench, and that Mrs. Street, her four children and Miss Ruth Bray, described as an American nurse, were held under guard at the mission station.

Both the United States legation and Ethiopian government officials said the Gamo chieftain did not have the traditional heavy chains for prisoners. Other reports said Mr. Street was shackled with a dog chain connecting his legs.

DENY CHIEF DEFEATED IN ATTEMPT TO TAKE MAKALE

Addis Ababa, Feb. 11.—The Ethiopian Government reported today Ras Seyoum, commander of the northern front, has succeeded several times in cutting the Aduwa-Makale road behind the Italian front lines.

The Government, at the same time, denied reports that Ras Seyoum was defeated Sunday in an attempt to take Makale, forward point of the Italian northern front. Emperor Haile Selassie was reported reliably to have returned to the capital from his Dessye field headquarters, behind the northern front, after several flights last week including a visit to the southwestern Sidamo Province sector.

ITALY CLAIMS THAT BRITISH OFFICERS AIDING BLACKS

Rome, Feb. 11.—Informed sources said today that Italy is preparing a memorandum containing new information on the work it alleges is being done by the British as advisers, agents, and armaments salesmen to Ethiopia.

They said the memorandum would be presented to the League of Nations.

FOUR-POWER AGREEMENT TO LIMIT BATTLESHIP SIZE BELIEVED NEAR

Reported that France and Italy Have Accepted United States Proposals for Maximum 35,000 Tonnage for Battleships—Suggestion Approved by Great Britain—Agreement to Be Worked in Such a Way as to Allow Signatures of Japan and Other Powers Not Taking Part in Conference.

London, Feb. 11.—The International Naval Conference, seeking a substitute for expiring Washington and London naval limitations treaties, worked out today a formula for restriction of battleships to a maximum of 35,000 tons.

An agreement on this programme was probable, authoritative sources said, after Viscount Monsell, First Lord of the British Admiralty, and Norman H. Davis, head of the American delegation, undertook strong conciliatory efforts on behalf of the formula.

French opposition to large battleships had been strong, but authoritative spokesmen said the formula would be worked in such a way as to point, while setting the battleship maximum at the 35,000 tons favored by the Americans.

Viscount Monsell called a private

MRS. BANNISTER CAUSED A FUROR IN COURT ROOM

"That's Enough of Your Lies, I'll Throw Something at You," Accused in New Brunswick's First Kidnapping Case Shouted at Witness Testifying at Her Preliminary Hearing.

Moncton, Feb. 11.—Drab life of the Bannister family in their ramshackle Berry Mills Road home was described today by witnesses at the preliminary hearing of Mrs. May Bannister, charged with New Brunswick's first kidnapping.

Crown Counsel G. F. Bridges said he expected to complete examination of his witnesses today and would leave the case in the hands of Magistrate W. E. Lane who will decide the forty-five year old woman will be sent up for trial at the Assizes where her two sons, Arthur and Daniel, will be tried on a joint charge of murdering Philip Lake.

Discovery in the Bannister home of six months old Betty Lake, long survivor of the tragedy that claimed the lives of her mother and father and twenty-one months old brother, was described by Constable J. K. Randall of the Royal Canadian Mounted Police. He and other witnesses quoted the accused as denying identity of the child at first, claiming it was her own.

It was in a fit of rage just before her arrest, Randall said, she told him: "You can take the damn baby but I will not come while there is a drop of blood in me."

Food and clothing had been provided the family for almost a year by Albert A. Powell, forty-five year old Salvation Army officer, who quoted Mrs. Bannister as sending him "mystery letters" and warning him he would be held responsible if her youngest daughter, thirteen year old Marie, "had a baby."

Powell said he had told Mrs. Bannister she was "surprised" at her making such an assertion when "she knew or should have known it was not so." He suggested Mrs. Bannister knew he owned four thousand dollars worth of property, and added that once he had told the family if "a certain" business deal "went through" he would turn over his interest to Marie and her elder sister Frances, held as a material witness.

It was during Powell's testimony that Mrs. Bannister rose from her chair and shouted: "That's enough of your lies, I'll throw something at you."

CHARGES PERJURY RESULTS FROM RELIEF REGULATIONS

St. Peter's, N.S., Feb. 10.—Members of his congregation seeking relief from the relief regulations were advised by Rev. L. J. Keats, parish priest, to refuse to sign affidavits supplied by the Government unless there be amendments or reservations.

The reason he gave was that the official forms compelled the applicant to make an oath he was "in destitute circumstances." Nobody in his parish was in such a condition, the priest declared. The accepted meaning of "destitute" was "entirely lacking or bereft."

"With thousands of dollars voted for relief purposes, not a score of people in the province can sign the present form without material perjury," the clergyman advised.

Father Keats deplored that notwithstanding the solemn oath was administered, "so frequently and needlessly."

"If the old prohibition act bred a race of perjurers in this province," he said, "the new relief provisions may supply a new crop. The Church must vigorously oppose any pact with perjury."

The People's Tribunal here.

The Reich confiscated eighty thousand Netherlands florins belonging to the sisterhood.

HARROWING EXPERIENCE IS RECOUNTED BY FISHERMAN

Crawled on Frozen Hands and Legs Seven Miles Across Rough Shore Ice After Companions Froze to Death.

Charlevoix, Mich., Feb. 11.—Clayton Brown, twenty-five-year-old fisherman, given up for lost with two companions swept into Lake Michigan Saturday before a forty-mile sub-zero gale, came back today to tell how he refused to die.

Brown crawled on frozen hands and legs seven miles across rough shore ice after Claude Beardsley, fifty-one years old, his father-in-law, and Earl Cunningham, Coast Guard surfman, froze to death in a small boat before it jammed into a floe and stuck.

Brown's life was saved, physicians said, by the ministrations of an Indian family into whose cabin he stumbled early last night.

POLICE OFFICER CAUGHT IN HIS OWN TRAP

Edmonton, Feb. 11.—The Detective Sergeant Bert Petheram, who ordered a special constable to purchase a bottle of liquor to take a case against Walter Klitz, is to be charged in police court on orders of the appellate division of the Supreme Court of Alberta. The Appeal Court found Petheram had himself broken the liquor law in obtaining evidence.

HOARE SLATED TO TAKE PROPOSED EMPIRE DEFENCE BOARD POSITION

Conference Between Former British Foreign Secretary and Prime Minister Baldwin Leads to Belief that Sir Samuel Will Assume Proposed Post of Co-ordinator of Defence Services—Private Member's Measure Would Provide Wide Powers to Create Empire Defence Council.

LARGE AIRSHIP REPORTED LOST OVER ATLANTIC

Six Aboard Ville de Buenos Aires Bound from Natal, Brazil, to Dakar, Africa—Radio Communication Lost Yesterday Afternoon.

Paris, Feb. 11.—The seaplane "Ville de Buenos Aires" of Air France, the French airline, was reported today as "missing" over the South Atlantic.

Aboard the Ville de Buenos Aires, bound from Natal, Brazil, to Dakar, Africa, were a crew of five and one passenger.

It left Natal yesterday morning and was due at Dakar at 10 a.m. (8 a.m. Eastern Standard Time) today.

Radio communication, ordinarily constantly maintained, was lost in mid-afternoon yesterday.

At that time the crew reported they were flying over Saint Paul Island, about five hundred miles from Brazil, with the cryptic message: "All well."

NO NEWS OF PLANE AT RIO DE JANEIRO

Rio de Janeiro, Feb. 11.—The local offices of Air France said today they had heard nothing of the seaplane "Ville de Buenos Aires" since 1 p.m. local time (11 a.m. Eastern Standard Time) yesterday.

When the big plane departed from Natal yesterday morning, it was expected to reach Dakar in eighteen or nineteen hours.

GALE CLAIMED A HEAVY TOLL IN GREAT BRITAIN

Hundred-Mile Gale, Accompanied by Zero Weather, Caused Several Deaths from Drowning and Exposure.

London, Feb. 11.—A fierce northerly gale lashed the British Isles last night, causing several deaths from drowning and exposure and disrupting shipping.

With the 100-mile-an-hour wind came lower temperatures that froze inland rivers and ponds, bringing discomfort to the less protected homes of England's poor. The mercury hovered about the zero mark.

Two men were drowned when a coal barge was swamped by a gigantic wave off Plymouth. The barge sank about a quarter mile from shore. Mountainous seas swept the promenade of seaside resorts. Weymouth and other lowland seaports were flooded along the waterfront.

Lifeboats put out from Lizard Head, St. Ives and elsewhere to aid distressed vessels. Scores of incoming liners were delayed and cross-channel services were disrupted for many hours. Only the air services

SOVIETS CLAIM JAPANESE TROOPS MASSES ALONG MONGOLIAN BORDER

Charge Troop Movements in Territory which Has Been Scene of Frequent Clashes Between Soviet and Japanese Groups Being Made in Preparation for "New and More Serious Provocations"—Feared Peiping-Suiyuan Railway May Be Cut by Mongols in Latest Japanese War Plans Against U.S.S.R.

Moscow, February 11.—A Soviet news despatch from Urga (Ulan Bator Khoto), Outer Mongolia, charged today that Japanese and Manchoukuo troops were being concentrated along the Outer Mongolian border in preparation for "new and more serious provocations."

The eastern border of Russia, where it touches Manchoukuo, has been the scene of repeated clashes in recent months with numerous casualties.

MANCHU-MONGOL TROOPS THREATEN RAILWAY LINE

Peiping, February 11.—Manchu-Mongol troops, flying the banner of Manchoukuo, today threatened to cut the Peiping Suiyuan railway at Fengchen, near the Suiyuan-Shansi border, in a move directly linked to Japanese war plans against the U.S.S.R., it was reported here today.

The invaders occupied the town of Pinghuan in their march from Changpei, Manchoukuo's Chahar base. Provincial troops in their path retired without offering resistance.

MANCHOUKUOAN PROTESTS OVER BORDER INCIDENTS

Harbin, Feb. 11.—Manchoukuo today forwarded a strongly worded note of protest to the U.S.S.R. over recent border incidents.

The note was handed to the Soviet Consul-General in Harbin, M. Slavutsky, by M. Onashi, Manchoukuo Vice-Minister of Foreign Affairs.

It demanded the immediate repatriation of the Manchoukuo deserters who took refuge in Soviet territory after mutinying on January 29th.

CHINESE JUBILANT OVER ANTI-JAPANESE ADDRESS

Shanghai, Feb. 11.—Chinese jubilation over Senator Key Pittman's anti-Japanese speech in Washington yesterday was muted today for fear of antagonizing Japan. The text of the speech was published under large headlines in the entire Chinese press, however.

Discreet comments accompanied the news reports in which whole-hearted agreement with the Senator's speech could be read clearly between the lines.

SINCLAIR IS ON TRIAL AT QUEBEC FOR MALO SLAYING

Accused Alleged to Have Had in His Possession Watch Missing from Murdered Man when Body Was Found in Ditch.

Quebec, Feb. 11.—Mr. Justice LeClerc Cannon will continue hearing of his first murder case today—that of Roland Sinclair, indicted for the killing of Lucien Malo, Montreal salesman, last November at St. Jean Deschallons. Justice Cannon was sworn as Judge of the Superior Court about two weeks ago.

After a French-speaking jury was empaneled yesterday, evidence was given that Malo was seen near Sinclair's home the night of the murder and his body found later in a ditch also near accused's house.

Crown Prosecutor Valmore Bienvenue said the coroner's inquest established that Malo's wrist watch was missing from the body. He said when Sinclair was arrested a few days later at Three Rivers he just had the watch repaired by a jeweler.

Motive of the killing was given by Mrs. Clara Robinson, practical nurse, who said he would bring witnesses to eat the day before Malo was killed but had plenty of it after the murder.

TWELVE-OUNCE BABY WAS KEPT ALIVE FOR A WEEK

Philadelphia, Feb. 11.—Dr. H. Lenox Dick announced that Alice Elizabeth Marta, eight-day-old girl who weighed twelve ounces at birth and was kept alive by being fed through an eye-dropper, died early today, a few hours after being placed in a regulation incubator.

The birth of the girl became known last night when attending physicians called for assistance for Mrs. Clara Robinson, practical nurse, who was unable to stave the strain longer of personally caring for the feeding of the infant.

The child is the daughter of Mr. and Mrs. Henry A. Marta, both thirty-nine years of age. Born February 3, she was named Alice Elizabeth.

When the baby was born, Dr. W. Lennox Dick and Mr. and Mrs. Robinson rigged up a home-made "incubator" consisting of a cardboard box, warmed by two hot-water bottles. Its diet has been condensed milk, mixed with water and syrup.

CHANCE VISIT OF FRIEND SAVED LIVES OF WOMEN

Montreal, Que., Feb. 11.—Two women owed their lives today to a chance visit of a friend. Mrs. Antoinette Phoenix, aged forty-six, and Mrs. Anna Cournoyers, forty, years of age, were found overcome by illuminating gas fumes in their room last night by a friend calling on them for the first time in months. The women were revived by an emergency crew.

Several other deaths were reported from exposure in various parts of the country.

UNEMPLOYMENT TOPIC BEFORE CHURCH GROUP

Problems Facing Canadian Youth Were Vividly Described in Interesting Address at Meeting of Young People's Union of Lennoxville United Church.

Members of the Young People's Union of the Lennoxville United Church were privileged at their meeting in Douglas Hall last evening, to listen to a most interesting address on "Our Country and the Unemployed Youth," which was delivered by Mrs. Ethel Seale.

After being introduced by the convener of the meeting, Robert Woodside, Mrs. Seale proceeded to lay before her listeners some of the serious problems which confront the rising generation.

The speaker was confident that the young people of today will stand the test, faith, courage and endurance are still qualities of youth.

At the close of the evening, a social hour was enjoyed, including carpet bowling and ping-pong.

NOTED CAREER IS CONCLUDED BY MISSIONARY

Rev. Camille Lefebvre, Who Spent Nearly Fifty Years in Mission Fields of Yukon, Had Won Love and Confidence of Eskimos and Indians of Northwest Territories.

Montreal, Feb. 11.—There will be grief among the Eskimos and Loucheux Indians of the Northwest Territories today for their friend and counsellor, Rev. Damille Lefebvre, is dead.

This sturdy son of French-Canada who served for nearly fifty years in the mission fields of the Mackenzie River at Dawson in the Yukon, died here yesterday aged seventy-three after a month's illness.

Known as the Apostle of the North, Father Lefebvre shared modern methods of transportation. Airplanes held no fears for him, but he preferred snowshoes and canoes to carry him to the scattered missions he established.

Father Lefebvre built the first Roman Catholic school in the Yukon. This was at Dawson at the turn of the century. He erected a church and a rectory at White Horse also in the Yukon, and several other churches and schools throughout the north.

The priest paid yearly visits to numerous churches in a radius of miles around his residence at White Horse.

BANDITS CARRY OFF TWO MINING MEN IN MEXICO

Mexican Military Authorities Requested to Withdraw Troops from Pursuit Until Ransom Negotiations for Return of Two United States Citizens Can Be Undertaken.

Etzatlan, Jalisco, Mexico, Feb. 11.—A band of Mexican kidnapers fled into the mountains of northern Jalisco state today with two United States mining men, seized in a surprise assault on the Ampara Mine Company office.

The bandits descended here suddenly yesterday and carried off Samuel C. Saneus, assistant manager of the company, operators of the Mazata Mine, and Paul W. Avery, an engineer.

George H. Winter, United States Consul at Guadalajara, seventy-five miles southeast of here, said he requested Mexican military authorities to withhold troops from a pursuit of the bandits until ransom negotiations could be undertaken.

The kidnapers apparently had advance information of the identity of several persons who were in the office at the time of the assault.

Surprised by the attack, the mine employees were unable to combat the bandits, who escaped into the mountains immediately with their two victims and an undetermined amount of money from the mine office.

OPPOSITION LEADER ASSAILS NEW TRADE PACTS AND WHEAT POLICY

Continued from Page 1. did so on his own initiative, was most unfortunate. It had caused rejoicing in Italy. It placed Canada in the position of "welching" on its obligations as a member of the League.

Adopted in the address in reply to the Speech from the Throne was moved by Arthur Slight, Liberal, Parry Sound, and seconded by Sarto Fournier, Liberal, Maisonneuve-Rosemount.

DEMANDS INVESTIGATION INTO DEPARTMENT STORE

Ottawa, Feb. 11.—The Liberal Government today had before it a challenge from Conservative Leader Bennett that it launch a probe into treatment of employees by the Robert Simpson Company Ltd.

The former Prime Minister, speaking yesterday during debate on the Address in Reply to the Throne Speech, charged that the Simpson company was forcing employees in January and February to take six days' vacation without pay "in order that profits may be satisfactory."

Mr. Bennett urged powers of the commission appointed a short time ago to probe closing of a Sherbrooke textile plant be extended to permit investigation of his allegations against the Simpson Company.

He said he was glad the Speech from the Throne had used the words "state intervention" regarding investigation of the Liberal members less than a year ago were pleading that business be left alone.

"Why limit this commission to the textile industry?" he asked. "I will give you something to investigate if you will. Perhaps one of the best contributors to Liberal campaign funds in the last two elections was Mr. Burton of the Robert Simpson Company."

"Does the Government know that the employees of that company are being compelled to lose six days' pay in January and February in order that the profits may be satisfactory? They are compelled to take a week's holiday without pay. When you are only getting \$12.50 a week that's serious."

He maintained the Simpson case showed a strong reason for state intervention in business.

MONTREAL LIVE STOCK MARKET

Montreal, Feb. 11.—There were 22 cattle, 276 calves and 1,313 hogs for sale on the two Montreal livestock markets today.

The bulk of the cattle offered were made up of common to medium cows and these were sold from \$2.75 to \$3.75, according to quality.

Calves were steady. The bulk of the veals were sold in mixed lots between \$9 and \$9.25. Medium good kinds brought \$9.50 and common light veals sold down to \$7.

Bacon hogs were unchanged at \$9.25, fed and watered, with \$1 per hog premium on selects, and the usual cuts off on grades. Sows were from \$7.50 to \$8.

HUNDREDS SEE THREE WORKMEN PLUNGED TO DEATH Paris, Feb. 11.—Three workmen in an aerial cable car dropped into the Seine and drowned in the sight of hundreds of spectators today.

The cable car fell into the water when a steel tower at one end of the line collapsed. The car was over midstream on its way to the Carrousel bridge pier, near the Louvre.

The Church Society of the Diocese of Quebec ANNUAL MEETING Notice is hereby given that the Annual Meeting of the Church Society of the Diocese of Quebec will be held in Church House, 36 Garden Street, Quebec City, Wednesday, February 12th, at 3:00 p.m., for the reception of the Annual Reports and Accounts of the Church Society and Diocesan Board; for the election of officers, and for the transaction of General Business.

W. H. HENDERSON, Secretary.

Safe Deposit Box in our Vault affords Convenience and Safety for your Valuables \$3.00 a year pays the rental of a Box that will hold a surprising number of articles.

SHERBROOKE TRUST COMPANY

CANNED FOOD MORE EASILY HANDLED WITH CAN OPENER Hyannis, Mass., Feb. 11.—The seven CCC youths rescued from a floating ice field in Cape Cod Bay would like to thank the aviators who dropped them cans of food yesterday, but they would like to add—next time drop a can opener.

John Fitzsimmons, one of the rescued and treated at Cape Cod Hospital for frost-bitten hands and feet, said they finally managed to open the cans with a nail taken from a piece of driftwood.

ROAD MATTERS DISCUSSED AT ASCOT CORNER

Council Debates Advisability of Maintaining Winter Road Between Sherbrooke, East Angus and Cookshire—Ascot Corner Notes.

Ascot Corner, February 11.—The Town Council held its regular meeting with all members present excepting Councilor Boucher, who is under treatment at the St. Vincent de Paul Hospital. A newly-elected councillor, Mr. Joseph Pageau, who had occupied this office some years ago, was sworn in, filling the position very ably from past experience.

After the routine business had been considered and disposed of, the question of keeping No. 1 highway open to motor traffic was discussed. Mr. L. Couture was given the contract of maintaining the road between Sherbrooke, East Angus and Cookshire for the same figures as last winter, namely thirty dollars per mile. This being covered by a five hundred grant from the Government and private and municipal aid to the amount of two hundred dollars.

General Notes. Miss Lottie Green's friends will be pleased to know she is improving in health, having been confined to her room for several days.

Mr. John Largy, of Sherbrooke, was in this vicinity recently. Mr. George Locke has been suffering with infection in one foot, which has necessitated a physician's care.

Mr. George Paradis has left for the Sacred Heart Hospital in Sherbrooke, where he intends making his home in future.

Mr. Guilmette, of this place, has purchased the blacksmith business from Mr. Joseph Boutin and has assumed the same.

HIS LUMBAGO HAS GONE

A Sailor Finds That Kruschen Keeps Him Free

Four years ago this sailor had an attack of lumbago. Kruschen put him right again—and has kept him right ever since. "I was troubled with lumbago intermittently, and tried several remedies, without getting any relief. I started taking Kruschen Salts, following the directions for lumbago, and I can assure you that after a few weeks I felt the benefit. For four years now I have never felt any recurrence of lumbago, although I still continue with Kruschen. I would not quit if they were double the price. I am sixty, and work on sailing craft, and apart from that lumbago has hardly ever had a day's illness."

Kruschen is a combination of several salts which assist in stimulating your liver and digestive tract to healthy, regular activity. They ensure internal cleanliness, and help to keep the blood-stream pure. Thus lumbago, rheumatism, headaches and indigestion are less apt to trouble you.

DOCTORS FIND MEDICATED CREAM best for chapped hands!

If your hands are badly chapped—red, painfully cracked, irritated—and if you want quick relief, then use this famous, soothing, medicated cream, Noxzema. Use it until your hands are healed up and have lost their ugly red roughness.

"In my practice my hands get in very bad shape," writes a well-known Philadelphia doctor. "I have used all kinds of creams, but Noxzema certainly gives better and quicker results than any other."

A recent survey showed that in one city hundreds of other doctors use Noxzema for chapped hands. That's because they know that Noxzema is more than a cold cream or a lotion—it's a skin medicine, best for chapped hands.

25¢ TRIAL JAR ONLY 15¢

Limited Time Offer—Don't suffer needlessly from chapped hands. See for yourself how Noxzema brings almost instant relief to the most irritated chapped skin. Note how much softer, whiter your hands are after leaving Noxzema on for one night. Noxzema is greaseless, stainless, non-sticky. Get a special 25¢ trial jar for only 15¢ at the nearest drug store.

Dr. Woods' NORWAY PINE SYRUP

Mother Not to Blame For the Children's Colds

Despite all the mothers can do the kiddies will run out of doors not properly wrapped up; have too much clothing on; get overheated and cool off too suddenly; get their feet wet; kick off the bed-clothes, and do a dozen things the mother cannot prevent.

ready taken possession. Mr. Boutin expects to take up residence in Sherbrooke, where he has secured a position.

Mr. Joseph Cote, of Magog, has leased the cheese factory from Mr. Walter Wingate and is making such renovations as are required for opening a butter factory in the spring.

COOKSHIRE

The officers of Unity Chapter O.E.S. No. 3, installed their officers for the ensuing year as follows: Worthy Matron, Sister Alma Chadcock; Worthy Patron, Brother J. L. Wooten; Associate Matron, Sister Mary Hetherington; Associate Patron, Brother A. W. Pratt; conductress, Sister Grace Darker; associate conductress, Sister Mary E. Sealey; secretary, Sister Ellen Pratt; treasurer, Sister Mabel E. Drennan; chaplain, Sister Elizabeth Farnsworth; marshal, Sister Olive R. Worby; organist, Sister Georgie Coates; Adah, Sister Stella Butler; Ruth, Sister L. Scott; Esther, Sister Thekla Stevenson; Martha, Sister Addie Drennan; Electa, Sister Ellen Cromwell; sentinel, Brother H. A. Chadcock. Mr. James Pratt, of Montreal, is spending his holidays with his parents, Mr. and Mrs. A. W. Pratt.

Mr. Rupert Learned has gone to Sherbrooke, where he has accepted a position.

Mr. Arthur Bailey has returned home from Montreal, after spending some weeks there caring for Mrs. Albert Phelps. Mrs. Phelps accompanied her home.

Mr. Chagnon has just returned from a trip to Quebec.

Mr. P. J. Sherman, M.L.A., of Scotstown, was in town recently.

BARNSTON

Miss Vada Bryan has returned to Windsor Mills, after spending a few days at the home of Mr. and Mrs. Levi Cleveland.

Mr. Horace Courtmanche, of Sherbrooke, spent a few days with Mr. and Mrs. Albert Pope recently.

Miss Helen Davis spent a week-end in Heathton with her parents.

Miss Edna Thompson, of Montreal, returned here to resume her duties as a teacher at the North Barnston School, which was closed during the month of January.

BEBE

Miss Alice Turner, Macdonald College, spent a week-end with her parents, Mr. and Mrs. J. H. Turner.

Miss MacMillan, of Gould, is spending a few weeks at the home of Mr. and Mrs. P. Dixon.

Mrs. Emma Reed, Mrs. Harold Beane, Mrs. Carroll Brainerd, Mr. James Maitman and Miss Maude Akin are among those ill at present.

Master Andrew Hamilton is ill with pneumonia at the home of his parents.

Mrs. Lillie Sharkey is confined to her room through illness. Friends wish her a speedy recovery.

Latest reports from Mr. Charles Berry at St. Agathe, are that he is gaining slowly.

Mrs. M. P. Dixon went to New Orleans, Louisiana, to visit her sister, Mrs. Fred Earle, nee Olive House.

Mr. and Mrs. J. H. Turner left by auto to spend the remainder of the winter at their home in Melbourne, Florida.

Mr. Henry Duquette, who underwent several serious operations at the Royal Victoria Hospital, Montreal, has been moved to St. Agathe des Monts for further treatment.

"Past Grand's Night" was held at Grande Queen Rebekah Lodge No. 43. The following Past Grand were present: Sisters M. Woodard, M. Stratton, B. Pierce, M. Beerworth, E. Bryan, V. Stratton, I. Williams, E. Williams, M. Lees, J. Deney and L. Robertson. Several members were reported ill. Miss Yowell underwent an operation at the Royal Victoria Hospital, Montreal, and Sister Sharkey is confined to her room.

Word has been received here by relatives of the safe arrival of Mr. and Mrs. Ernest Fee and family, of Lindsay, Ont., by motor in Miami, Florida, where they will spend the remainder of the winter.

Mrs. Ella Robinson, of Richmond, accompanied by Miss Rose Ivers, of Montreal, were recent guests at the home of Mr. and Mrs. D. Fraser and Mr. Charles Fraser.

COATICOOK

At the regular session of Ashlar Lodge No. 31, A.F. and A.M., the officers' chairs were occupied by Past Masters of the Lodge, Rt. Wor. Bro. Howard B. Lovell, acting as Master of the Lodge, assisted by Past Masters D. Brown Hopkins, Rt. Wor. Bro. P. L. Baldwin, F. J. Meade, A. J. Avery, H. Howitt, J. Forrest, A. C. Jenks, W. S. Lowell, A. Baskerville and M. B. Ferrell. Three candidates were given the third degree in a most efficient manner. An oyster stew, furnished by the Past Masters of the lodge, was served.

HATLEY

Mr. and Mrs. C. P. Young opened their home recently for an entertainment, when a very pleasant evening was spent by those present.

Those winning prizes were Mrs. Ralph Whitcomb, ladies' first; Mrs. C. P. Young, ladies' second; Roger Pellerin, gentlemen's first; Andrew Macdonald, gentlemen's second. The proceeds went to aid the Junior hockey team.

Old friends of Mr. G. Percy Greenslade, of Lyndonville, Vt., will regret to hear of his death, which took place suddenly on Sunday evening, February 2nd, Mr. Greenslade was the eldest son of the late Dr. George Greenslade, who lived for several years on the Alfred Kendrick place on the Compton road. Many people will remember the family. The late Mr. Percy Greenslade has lived for the past twenty-six years in Lyndonville, Vt.

A team driven by Jim Townsend and belonging to Henry Moulton, of this place, pulling a heavy load, was unable to make the Hitchcock Hill during a raging blizzard. After shoveling for a couple of hours, Mr. Townsend went for help. Some men from Massawippi and Hatley village went to his assistance and the team was finally pulled out of the deep snow.

Mrs. Percy Bowen has been confined to the house for several weeks by a badly sprained ankle. Although the injury is healing well, Mrs. Bowen's general health is not very good and she is still a "shut-in."

L'AVENIR

The correspondent hereby wishes to correct a statement which appeared in the account of the meeting of the Drummond County Agricultural Society to the effect that Mr. J. C. St. Amant was succeeded as secretary of the society by Mr. J. Herman Charpentier instead of Mr. Arthur Roy as printed.

Word has been received here by relatives of the safe arrival of Mr. and Mrs. Ernest Fee and family, of Lindsay, Ont., by motor in Miami, Florida, where they will spend the remainder of the winter.

Mrs. Ella Robinson, of Richmond, accompanied by Miss Rose Ivers, of Montreal, were recent guests at the home of Mr. and Mrs. D. Fraser and Mr. Charles Fraser.

SHERBROOKE, TUESDAY, FEBRUARY 11, 1936.

Hard work is the sovereign remedy for sorrow or discouragement.

—Grenville Kleiser.

Resignation Of Rev. Dr. Read.

The resignation of Rev. Dr. G. Ellery Read, after nearly thirty-one years' pastorate in the Sherbrooke Congregational Church and Plymouth United Church, will be regretted by the population of Sherbrooke at large.

The severance of ties between pastor and congregation will be sad for both. It will be thirty-one years in June next since Dr. Read came to Sherbrooke from Rock Island, where he had ministered from 1895, two years after his ordination, until 1905.

When first he preached as pastor from the pulpit of the former Congregational Church, on the first Sunday of June, 1905, he was a young man in the prime of life. Full of energy and enthusiasm, he then launched his ministry which was to win for him the love of his people and the respect of the community wherein he was to make his home.

Now, his hair whitened with age, his step slowed by the passing of time and his voice softened, he is prepared to relinquish his office in favor of one of younger years.

Dr. Read has rendered a lasting service to his church. His people look to him, and they will continue to do so, as a kindly spiritual father who knew each and every one of his congregation intimately and with an understanding and sympathy which made the whole life of the church center about him.

He has now asked to be relieved of his charge. It was not without regret that he felt forced to take this step, yet it was with a desire to further serve his church that he deemed it advisable to step aside in favor of one of stronger physical force. This act shows to a further degree how deeply interested is Dr. Read in the welfare of his church.

Those who are not adherents of Plymouth Church will also regret that Dr. Read has felt it necessary to relinquish his pastorate. During his ministry he has, by his life and example, won the respect of the community which is proud to claim him as a citizen. Yet no one will want to deprive him of a well-merited rest after a long life of service to others.

Possessed of a broad mind and kindly outlook on life, Dr. Read is that rare type of minister and citizen who is able to see the good points and fine qualities in those who do not share his own views.

To him all men who strive to lead honest and upright lives are his friends, and he would never let racial barriers or religious prejudices limit his circle of friends.

In his associations with his fellow-men, Dr. Read is much of the same type of minister of God as was his personal friend, the late Canon Charles E. C. Fiset, former pastor of St. Patrick's Roman Catholic Church.

Men of the calibre of the late Canon Fiset and Dr. Read are a blessing to any community.

It is the earnest wish of the people of Sherbrooke that Dr. Read will be spared to enjoy, with Mrs. Read his helpmate and life's companion, many years of happiness and contentment in the quiet hours of his retirement, and that upon this popular and esteemed couple will be bestowed life's choicest gifts of health, happiness and continued companionship.

Education Is More Than Schooling.

Education, broadly speaking, is the process of changing and shaping lives. The early years of a life are the most susceptible to this moulding, but it is a process that is as long as the life itself. Home, friends, and daily work, have always been the greatest educational institutions, and they are still doubtless more influential than schools, which are to be compared rather with such other institutions as the press, the church, the theatre and the radio—to mention a few of the others in order of the amount we spend on them.

The annual expenditure on Canadian schools and universities in recent years has been about one hundred and sixty million dollars. Newspapers, magazines, books and printed advertising matter have been produced annually in Canada to the value of seventy or eighty million dollars and the value of imports of this kind has exceeded exports each year by more than ten millions. Thus we seem to have been paying something like one hundred million dollars for our reading material, or nearly two-thirds as much as for schools.

Church finances are not published in all cases, but a reasonable estimate for their receipts seems

to be about seventy million, or rather less than half of the expenditure on schools. The annual receipts of motion picture theatres are about thirty million dollars. New radios and licenses cost in the neighborhood of fifteen million dollars, and there is also the cost of programmes to consider.

Adding together what we pay for the press, the church, the movies and the radio, the sum is much higher than for schools. If we knew, too, the cost of such other educational influences such as sports, holidays, clubs and hobbies, we would be better able to place the schools in their proper setting among the whole fraternity of educational institutions.

Britain's Super Plane.

Said to embody such revolutionary changes in aircraft construction practices that it renders virtually all airplanes in use today obsolete, a new type of fighting craft is being turned out in British factories for the British Government and the Royal Air Force. With tremendous power for carrying loads, unequalled speed and a cruising radius of eight thousand miles without refuelling, this plane is designed to restore to Great Britain the air mastery of the world.

Developed only during the past few years, the plane offers an effective answer to those critics who claimed Britain was negligent in maintaining its air defenses. It cannot be denied that when the international situation was much easier than it is today, plane construction in Great Britain was retarded in the interests of economy, with the result that the Royal Air Force sank to a second rate service. But development work was continued, both by the Government and private plants, with the result that when danger threatens, England is able to rapidly produce planes of a type that place the Royal Air Force in the fore.

Editor's Note-Book.

It is claimed that a new Irish process for treating milk is to be made available for dairy farmers throughout Great Britain and that it will render pasteurizing plants obsolete.

The new method is intended for use on the farm immediately after the milk has been drawn from the cow. For its action it depends on the presence of a natural anti-toxin which, when added to raw milk, ingests and destroys the harmful bacteria and their toxins or poisonous products. This substance is a natural ferment widely distributed in the entire vegetable and animal kingdoms. It is present in normal, healthy blood of animals, and may best be described as a natural non-poisonous antiseptic.

The germ-destroying enzyme is to be made up in a sterile fluid ready for use at the farm. A few drops per gallon is all that is required and the germs of tuberculosis are killed and the growth of new organisms prevented. When the milk has been treated it remains, in effect, raw milk, with every quality unimpaired, and the consumer guaranteed milk identical to that in the cow's udder.

Whether this entirely new principle will revolutionize present systems of milk treatment or live up to the claimed properties remains to be seen.

What Editors Say

THE FARMER'S TROUBLES.
St. Thomas Times-Journal.

No matter what season of the year it is, there are invariably some circumstances to make the life of the farmer more difficult and add to his already heavy burden. In the summer time there is either too much rain or not enough and in the winter no snow or too much snow. This year it is too much snow, principally on the roads, and not enough water in the wells. He cannot get into the woods for his fuel, he cannot get enough water for his stock without a heap of trouble and hard, cold work and if he is living on the back concessions he has trouble getting to the store for necessary commodities.

The farmer who has heeded the false cry of there being no more old-fashioned winters and has depended upon motor vehicles as his all-round-the-year mode of travel, has to stay at home this winter.

But then isn't farm life "Oodaa" at any time? And does it make any difference to him? He just keeps on smiling and carries on until conditions get better. He's the salt of the earth, is the farmer.

WHO PAYS?
The Pathfinder.

It may be true that it is the woman who always pays but the 1,800,000 men in these United States who have paid alimony in the last ten years have other ideas about it. During this period they have paid alimony aggregating \$236,000,000 annually. These figures are from a recent report of the Alimony Reform League which estimated that an additional \$2,000,000,000 is spent every year for attorney's fees, court costs and so on in divorce proceedings.

Thirty Years Ago Today

From the Files of the Sherbrooke Record.
February 11th, 1906.

Mr. John Parker, a Waterloo blacksmith, had his arm badly lacerated when kicked by a vicious horse. Taking part in a Tremholmeville Methodist Church entertainment: Rev. A. E. Pates, Messrs. John R. Boast, W. R. Stevens and Chester Boast, Mrs. John Boast, Mrs. Edon Brook and Miss Winnifred Boast.

The Marlinton Village Council made a presentation to Mr. Homer G. Bishop who had been secretary-treasurer for twenty-five years during which time he missed only one meeting.

The Orford Mountain Railway decided to extend its line from Bolton Centre to Mansonville, which section it would now abandon.

Miss Bell Lyster, Messrs. Richard and Harry Lyster left Lyster to take up residence in various parts of Western Canada.

Montreal buyers were offering Eastern Townships farmers \$5.50 to \$5.75 a ton for baled hay.

Ice dealers began harvesting the season's crop, having been somewhat delayed owing to the unreasonable mild weather.

AMERICANS AS SPORTSMEN.

The citizens of the United States are a great sport-loving people, but many of them have queer conceptions of sportsmanship. They are as keen as mustard to win, whether it be in the field of diplomacy or the field of athletics. No people realizes this better than Canadians. In all the controversies, except one, which have arisen between the Dominion and her neighbors, Canada has invariably been the sufferer. The one exception, as Sir Richard Cartwright pointed out to an Ottawa audience some twenty years ago, was the Halifax Fisheries Award of \$4,500,000, in compensation for the unlawful use of Canada's inshore fisheries by United States fishing vessels. Newfoundland at the same time received \$1,000,000. Take the Ashburton Treaty, the Pelagic Sealing Award, the Alaska Boundary dispute and many other controversies. In these it cannot be justly said that Canada received fair play. Even in the recent "I'm Alone" case the award was so insignificant as to amount practically to a defeat; at least so the captain of the vessel declared.

As Lord Minto once remarked the Americans are out to win all the time and they will leave no stone unturned to accomplish their ends. Suspicion seems to be inborn in many of them. I had a noteworthy instance of this over thirty years ago. The Palma trophy, a rifle ranges on Saturday, 13th September, 1902, by teams of riflemen from the United States and Canada. At the last moment the National Rifle Association of Great Britain decided to enter a team to represent the United States in the contest. The American riflemen, captained by Brigadier-General Bird W. Spencer, then president of the United States association, reached the capital on the 11th and on the morning of the 12th Colonel John Tilson, chairman of the executive of the Dominion Rifle Association, telephoned inviting me, as Mayor, to accompany him and his colleagues to the railroad station and join in welcoming the visitors from across the line. The reception to the American riflemen was most cordial one, and then the entire party, Americans and Canadians, proceeded to the old Russell House for luncheon.

As we were entering the dining room I noticed that the Americans had left their caps with their chests to the luncheon table. This seemed such an incongruous proceeding that I ventured to suggest, in a deferential manner, to General Spencer that his men might entrust their rifles to the care of the boy who was waiting to put the caps on. They would be quite safe, I received a prompt and rather tart rebuff for my well-intentioned proposal.

"Excuse me, Mr. Mayor," said the general, "those rifles will never go out of our sight." To say that I was taken by surprise is to put it mildly. When the implication of possible crooked work on the part of our men sunk in, I was inwardly furious, and under my breath I said things which would not appear well in print. I could only console myself with the thought that when the competition took place on Saturday the hide would be taken off the bumptious visitors. And it was; not by the Canadians, however, which I would have liked to see, but by the Britishers, which was almost as good. Scores: British team, 1459; United States, 1447; Canadians, 1373. And so for the first and only time the Palma cup crossed the Atlantic.

This trophy was donated in the year 1876 to the National Rifle Association of the United States and cost \$1,500. The money was raised by public subscription and one of the conditions of the gift was that it should be shot for in international competition by the riflemen of the world. The first contest took place at Philadelphia in connection with the Centennial Exhibition. Five teams being entered, with the United States the winner. There was another competition the following year and then for a long time the contests lapsed. Then in 1901 it was announced that the trophy would be offered at Sea Girt, N.J., and Canada went after it, winning by 20 points. This cup found a resting place in the Dominion. As under the rules all contests must be held in the country where the trophy is resting, it was shot for at Rockcliffe in 1902, when, as already stated, the British team won. The trophy having now gone to England, the competition next year took place at Wimbledon.

It should have been a great international competition, and in one way it was, but there was a most unfortunate circumstance, due to the anxiety of the Americans to win. Seven teams were entered, the final score being United States, 1576; Great Britain, 1555; Canada, 1515; Australia, 1501; Natal, 1399; Norway, 1241; and France, 1230. One of the principal conditions of the competition was that the service arm of the country from which a team was entered must be used. The United States weapon at that time was the Krag. Each of the competing countries had to deposit for approval a sealed pattern of the rifle to be used, which was done. But when the shooting was over it was learned that the Americans had fitted the Krag with a heavier barrel than that with which their forces were equipped. It was quite different from the sealed pattern and gave the Americans a decided advantage, as the reinforced weapon furnished a straighter trajectory. It was only by accident that the change came to the ears of the match committee. One of the spare men of the United States team, incensed that he had not been chosen as one of the competitors, mentioned the fact to an English contestant, who promptly reported it to headquarters. The indignation among the other

competitors was very great, and it was suggested to Colonel A. P. Sherwood (now Sir Percy), commanding the Canadians, that he should enter a formal protest. But the same day the N.R.A. officer, who had requested him to take such action, that as the British team had only been beaten by 15 points, despite the handicap against them, it was up to them to file a protest; that so far as the Canadians were concerned they did not intend to null the chestnuts out of the fire; that they were next door neighbors to the Americans, and he for one did not propose to have a row with them. Anyway, a protest was entered. The Americans acknowledged that they had violated the rules, and after considerable correspondence the trophy was returned to Great Britain. The Mother Country, however, after the unpleasant incident at Wimbledon, wanted none of it and sent the cup back to the United States.

There have been two or three competitions since, notably one at Ottawa in 1907. The Americans elected to come to Canada in order to remove the stain of the incident in England. On this particular occasion the D.R.A. tendered a banquet to the visiting riflemen and other guests. Sir Wilfrid Laurier was present and never was in better form than in responding to the toast of the "Parliament of Canada" which had been proposed by Sam Hughes, M.P., president of the Dominion Association. The Prime Minister said he appreciated the toast all the more in that it came from his old friend Colonel Hughes, whom they knew both as a warrior and a legislator. He was sure he would not be hurting the gallant colonel's feelings when he remarked that in his humble judgment Colonel Hughes was a far better warrior than he was a legislator. As a soldier, Colonel Hughes had distinguished himself in South Africa and had brought honor, not only to himself, but to his fellow-men. As a legislator, however, the Colonel was always fighting the best friend of Canada, but he could not help it. It was a constitutional defect with him and all his kind (Sir Wilfrid could say that he forgave him). There was great laughter at the Prime Minister's raillery and none enjoyed it more than Colonel Hughes himself.

Since the year 1913 there has been no contest for the Palma. However, in 1924 and 1925 home and home contests took place at Connaught, near Ottawa, and Camp Perry, Ohio, respectively, the Canadians winning the round by 11 points. Colonel John I. MacLaren, of Hamilton, and Colonel R. J. Birdwhistle, the present secretary of the D.R.A., respectively commended the Canadian teams. The Palma trophy is now resting peacefully in the Museum of Military Service at Governor's Island, New York. Some of these days it may make its reappearance.

Editor's note.—The opinions expressed in the above article are Fred Cook's, and the Record assumes no responsibility for his comment.

AGRICULTURAL SOCIETY MET AT TOMIFOBIA

Officers Elected and Reports Received at Annual Meeting of Tomifobia Agricultural Co-operative—Other Items of Interest.

Tomifobia, February 11. — The annual meeting of the Tomifobia Co-operative Agricultural Association was held in the Association hall on January 31st, 1936, a good number of shareholders being present. After the regular business of the meeting had been disposed of, Messrs. A. J. Finlayson and J. H. Bruno, district agronomists, of Lennoxville, spoke on the subject of re-organizing this Association and the benefits to be derived by so doing, also the benefits of affiliating with the Federated Co-operative of Quebec. The decision of the meeting was to proceed with this matter as quickly as possible. The directors for the coming year elected at this meeting are: Messrs. James A. Bacon, J. M. Andrews, B. Brown, Hector Varin, W. O. Miller, H. G. Taylor and L. A. Clifford. At a meeting of the directors held on February 4th, Mr. B. W. Brown was elected president, Mr. Hector Varin, vice-president, and Mr. G. L. Temple manager and secretary. At this meeting further plans were made for speeding up the work of re-organization.

General Notes.

Mr. and Mrs. R. A. Hatch attended the funeral of the latter's brother-in-law, Mr. Ronald Lodge, of Bedford, who passed away after a long illness. The sympathy of the community is extended to the bereaved family.

Miss Ruth Hatch was at her home here one day recently.

Mr. Charles Clark, of Rock Island, was a visitor in town recently.

Miss Linda Schoolcraft has returned to the home of Mr. and Mrs. Doran, after spending a few days at her home, Brown's Hill.

Messrs. Henry Longeway, Peter O'Leary and Gordon Temple were at the Three Villages last week.

Mr. Clarence Davis, of Way's Mills, spent a week-end as a guest at the home of Mr. and Mrs. Ward Derick.

Seventy per cent. of the illness in the United States is caused by respiratory diseases, communicable diseases, and accidents.

SAWYERVILLE TOWN COUNCIL HELD SESSION

Routine Business Transacted at Regular Meeting of Sawyer-ville Town Council—Financial Reports Were Submitted.

Sawyer-ville, February 11. — The Sawyer-ville Council held its regular session in the town hall on Monday, February 3rd, with Mayor Henry Riddell and Councillors Lake, Scott, Tardif, Graham, Hurley and Hunt present.

Reports were received in connection with the final contracts for winter roads, also in regard to the caretaking of fire station.

The financial statement was laid on the table for examination and it was resolved that copies of same be printed for distribution. It was considered advisable, in view of the great accumulation of snow, to take out the fire equipment for trial purposes.

Bills to the amount of \$49.50 were ordered paid.

General Notes.

A combined service of the Protestant churches was held in the Mission Hall in memory of King George V. The service was conducted by Rev. A. J. Vibert, who was assisted by the Rev. Mr. Pike and Rev. Mr. Jones. Several beautiful hymns were rendered by a united choir, among these being the late King's favorite, "Abide with Me." A very inspiring Scripture lesson was read by Rev. Mr. Jones, and Rev. Mr. Pike delivered a stirring sermon in tribute to the late Sovereign. Prayers for the Royal family and for the guidance of the new King, Edward VIII, were given by Rev. Mr. Vibert. At the conclusion of the service the Dead March was played by the organist, Mrs. L. H. Hunt, following which the congregation joined in singing one verse of the National Anthem.

Miss Blanche Hunt is spending a week with friends in Montreal.

A number from here accompanied on Monday, February 8, where the home team were the victors by a score of eight to one.

Miss Kathleen Mathew, of Island Brook, spent a recent week-end at her home here.

All regret to learn that Mrs. Verne Pye, of the staff of the Consoli-

Any Time is Tea Time "SALADA" TEA

ty-eight year old Indianapolis athlete voiced disappointment at the fish's lack of liveliness.

"It must have been the fresh water," he said and immediately launched plans for riding a bigger fish in salt water.

The grey shark was some six feet long and weighed perhaps two hundred pounds, whereas the hundred and ninety-five pound Montgomery had specified one eight or nine feet long weighing around four hundred pounds.

The fish, in a net, was lugged to the water's edge and pushed in. When it came under the diving board where he stood, Montgomery plunged onto it and gripped the slot-like gills. For several minutes he and the fish battled in the water until finally the man wrestled the beast to the side where it was netted again.

The Women's Auxiliary was pleasantly entertained at the home of Mrs. M. Mathew with a good attendance of members and visitors. The South Newport Women's Institute held a very interesting meeting at the home of Mrs. Arthur Loveland on February 4th. Despite the inclement weather, there was a good attendance. Several members answered the roll call with "Name a Cabinet Minister and Give Portfolio." A short paper was given on "Legislation" and a lively discussion followed on "Women's Rights in This Province." Mrs. Austin very kindly offered to piece a quilt with the pieces donated by the members. A report from the county secretary was read and thanks received from a friend who had been remembered at Christmas. The programme committee for the new year was appointed, namely, Mrs. Hamilton, Mrs. Boyd and Mrs. Robinson. At the close of the meeting, refreshments were served, bringing a very enjoyable meeting to a close.

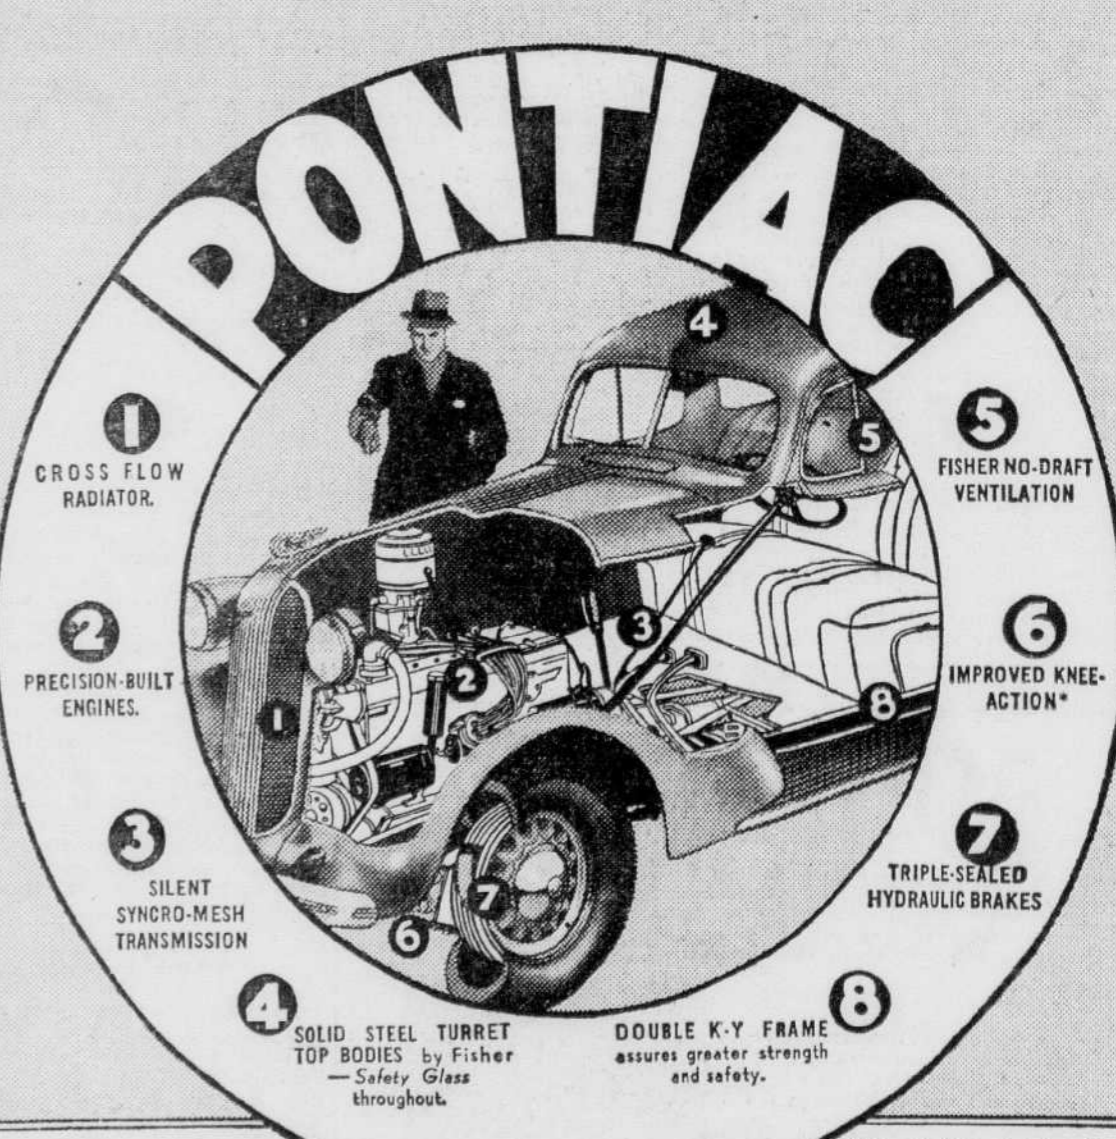

Mrs. Horace Cairns and Mrs. Fred Robinson spent a week-end in Sherbrooke as guests of relatives.

DISAPPOINTED SHARK WAS NOT LARGER AND FIERCER
Coral Gables, Fla., Feb. 11.—Earl Montgomery, former football player, staged his promised shark riding stunt—but the shark wasn't very big, nor very ferocious. Though the hundreds at the pool where the show was staged seemed to enjoy it hugely, the twenty-

HIGH SCHOOL EXAM RESULTS ARE ANNOUNCED

Names of Leading Pupils in Second Term Examinations in Ten Grades of Sherbrooke High School Made Public This Morning.

Reports of the second term examinations at the Sherbrooke High School were announced this morning.

In the junior grades the final marks were based on a series of tests given in each subject during the term, while in the senior grades final terminal examinations were given.

The leading pupils in the ten High School Grades are as follows: Grade XI: Academic and general course; 1 Kenneth Willis, 2 Vivian Parr, 3 James Davidson and Reginald Rublee equal, 4 Gertrude Mittelman, 5 William Lunderville, 7 Patricia Wiggert, 8 Gwen Hurn, 9 Margaret Miller, 10 Eric Adams.

Grade XII: Commercial course; 1 Wallace Wingate, 2 Ruth MacMillan, 3 Vera Hall, 4 Donald Atto.

Grade IXA: Academic course; 1 Paul Niloff, 2 Laura Oak, 3 Elaine Edgecombe, 4 Ruth Echenberg, 5 Clifford Willis, 6 Hazel Haddon, 7 Agnes McGregor, 8 Katherine Davey and Edwin Brown equal, 10 Lloyd McClary.

Grade IXB: General and academic course; 1 Irene Bachelder, 2 Marie Vlahakis, 3 Vivian Woolenton, 4 Doreen McClintock, 5 Mary-Elizabeth Lynn, 6 Elva Hatch, 7 Phyllis Onions, 8 Margaret Hamel, 9 Eileen Gray, 10 Lester Stocks.

Grade IXA: Academic course; 1 Donald Ross, 2 Marcus Vineberg, 3 Ronald Radwac, 4 Gordon Stewart, 5 Donald Hughesworth, 6 Edward Good, 7 Sherman Peabody, 8 Alexander Pyre, 9 Raymond Leech, 10 Leonard Smith.

Grade IXB: Girls: Academic course; 1 Helen Ross, 2 Rita Greenberg, 3 Gwendolyn Pitman, 4 Madeline Colter, 5 Irene Cochrane, 6 Charlotte Robinson, 7 Ruth Burroughs, 8 Elaine Welsh, 9 Sarah Echenberg, 10 Grace Babbitt.

Grade IXB: General course; 1 Irene Atkins, 2 Hegtia Fountain, 3 Violet Buckingham, 4 Gerald Lemay, 5 Arthur Wright, 6 James Clowery, 7 William MacIntyre.

Grade VIII: Boys; 1 Morris Lemay, 2 Harvey Jones, 3 Ronald Bayne, 4 Robert Beall and Keith McLean equal, 6 Gerald Smith, 7 Norman Ford, 8 Kenneth Bartlett, 9 Gordon Samson, 10 Francis Dransfield and Freeman Clowery equal.

Grade VIII: Girls: Academic course; 1 Eric Tribble, 2 Darlene Smith, 3 Hazel Heath, 4 Ronald MacMillan, 5 Edward Byham, 6 Emily Withall, 7 Douglas Samson, 8 Robert Whittingham, 9 Marjorie Atto, 10 Evelyn MacDonald.

Bach was the first person to use all ten fingers in playing the clavichord. Until then, the thumb and little finger had not been used.

ALL HIGHWAYS IN THIS DISTRICT STILL BLOCKED

Improbable Any of Eastern Townships' Highways Will Be Re-opened Before End of Week—Twelve Inches of Snow Since Beginning of Month.

Motorists who had counted on the convenience of winter highways waited patiently today as contracting firms continued to man their snow-removing equipment in an effort to re-open Eastern Townships' traffic arteries that have been blocked for over a week. It is improbable that any of the roads will be open before the end of the week, and in the event of another storm the tie-up will be prolonged.

The Sherbrooke-Montreal highway, according to Lucien Lachapelle, of the Road Department office in Lennoxville, is closed between this city and Magog and between Eastman and Granby. High snow drifts are also putting up a stubborn resistance on the Sherbrooke-East Angus, Sherbrooke-Derby Line and Sherbrooke-Coaticook routes.

Slightly milder temperatures comforted local citizens today. The mercury sank to twenty below zero yesterday, but moved up to the zero line during the night. It had climbed five degrees at seven o'clock this morning. Yesterday's maximum temperature was four above. On the corresponding day last year the maximum temperature was thirty above and the minimum two below.

Since the beginning of February, according to the Lennoxville Experimental Farm, the snowfall has totaled twelve inches—six inches on the 4th and six inches on Sunday last.

SPECTRE OF WANT HOVERS OVER MANY SECTIONS OF U. S. Chicago, Feb. 11.—Midwestern states dug their way out from under an avalanche of snow and ice today, while the Atlantic seaboard held its breath during the night. High snow drifts continued to pile up, and predicted generally.

For many sections of the eastern coast more snow was forecast tomorrow.

The spectre of want remained in many isolated sections. Coal was rationed in places by the lack in other parts by the ton. Milk and food shortages continued. Feed was distributed in some states for birds and game.

Near Paducah, N.Y., nine men remained on an ice-blocked workboat in the Ohio River since Friday. Two others had scrambled across a wide expanse of uncertain ice to reach shore.

Tovey, Ill., a mining community of four hundred without a resident physician, was under a county quarantine after an epidemic of scarlet fever, whooping cough, pink eye and mumps.

Three factories in Freeport, Ill., were forced by lack of coal to close, throwing one thousand men out of work.

Additional deaths reported yesterday included five in Illinois, two in Indiana and two in Michigan.

The worm-like peripatus engulfs insects by shooting sticky threads at them.

JUDGE TAKES SARAZIN CASE EN DELIBERE

Will Give Decision Tomorrow Regarding Trial of Lad Held for Lennoxville Shooting Tragedy that Claimed Life of Russell Hooper.

The .22 calibre bullet that killed Russell Hooper in Clough Park, Lennoxville, on September 8th last could not be identified as coming from the rifle fired by George Sarazin, Dr. Rosario Fontaine, provincial medico-legal expert, testified yesterday afternoon at the Lennoxville youth's preliminary hearing on a charge of manslaughter.

At the close of the prologue Judge J. H. Lemay announced he would render judgment on Wednesday morning. "If the accused was twenty years of age and not just sixteen, I would have no hesitation in holding him for trial at the criminal assizes," he stated. "At any rate, I will take the case under advisement."

Russel Hooper, sixteen-year-old Lennoxville lad, was found lying dead at the foot of a tree in Clough Park early Sunday afternoon, September 8th. He had been shot in the forehead. A .22 calibre bullet had ploughed through his brain and caused instant death. George Sarazin and his younger brother, Elwin, admitted firing a .22 rifle near Clough Park at or about the time Hooper was killed.

A verdict of manslaughter was returned at the coroner's inquest, but the elder of the two Sarazin boys was arrested on a charge of manslaughter on January 4th on orders from the Attorney General's Department.

Detective Laurent Forest testified yesterday afternoon that he had been handed Sarazin's rifle by Chief of Police Bozer, of Lennoxville, a few days after the tragedy. "You saw the accused?" asked Wilfrid Lazure, K.C., Crown prosecutor.

The detective said that he had. He had also obtained a declaration from the accused.

Mr. Lazure: "Before obtaining this declaration did you place Sarazin on his guard?" "No, sir."

Mr. Mignault asked Charles Mignault, Sarazin's attorney, if he had any objection to the declaration being introduced. Mr. Mignault read the document and objected to its being entered into the Court records. His objection was upheld.

Detective Forest said that on September 10th he visited Clough Park accompanied by Sarazin. Sarazin showed him where, on the previous Sunday, he had fired his rifle, aiming at a target placed on a stump.

"How far from that place was Hooper's body found?" asked Mr. Lazure.

The detective said 300 or 325 feet. He added that Hooper, evidently, had been standing about fifty feet from the Park street sidewalk.

"And Sarazin was firing . . . ?" "In the direction of Park street."

Detective Forest said that only with the greatest difficulty could a person standing where Hooper was found be seen from the spot where the Sarazin boys had been firing.

Roy Clark, of Lennoxville, said that at 1:05 o'clock on the afternoon of September 8th he had seen Hooper walking towards Clough Park.

At about twenty minutes past one o'clock, Walter Beatty, seventy years old, of Lennoxville, testified, he discovered Hooper's body in Clough Park.

CITY BRIEFLETS

Red tulips and daffodils for your Valentine tea from Carr's Greenhouses, Phone 250.

Will the person who borrowed Albert Hubbard Scrapbook from the late Alfred Wood, please return to Miss Willard, Record Office.

The annual meeting of the D. of W. Chapter No. 1317 will be held at Mrs. G. S. Thomson's home, 1317 Victoria St., Thurs., Feb. 13th, 3 p.m.

For Valentine's Day, Friday the 14th, beautiful red roses, moderately priced at Stevenson's Limited, Phone 2400.

Sunny Minstrel Show at St. Patrick's Ch. Hall, Feb. 17-18-19. Adm. 25c. You'll get more than your money's worth of laughs. Don't miss it.

INJURED AT SOUTH DURHAM Caught in the whirling strap of a machine while working in Joe Blanchette's mill at South Durham yesterday afternoon, Arthur Loiselle, fifty-eight year old, of South Durham, suffered a fractured left leg and had to be removed to the St. Vincent de Paul Hospital. His condition is regarded as satisfactory today.

DADS AND THEIR LADS TO GATHER. Tomorrow evening the gymnasium of the Y.M.C.A. will once again resound with song and laughter as the dads and their boys gather for the twenty-second annual Father and Son Banquet, an event which is always looked forward to with keen interest by the members of the Y.M.C.A. and their sons.

The father and son banquet is one of the outstanding functions of the Y.M.C.A.'s year programme. The guest-speaker this year will be W. R. Allen, of Montreal, who is known in boys' work. Mr. Allen, who is immediate past governor of this district of the Rotary Club, is well known to Sherbrooke Rotarians and was recently speaker at the club's weekly dinner. Mr. Allen, who devotes considerable time to his hobbies of painting and photography, is at present giving a series of lectures at the University of Montreal. He is an able speaker and his message to the fathers and sons tomorrow evening should prove of great interest.

The supper, which is called for six o'clock, will be presided over by W. B. Watson, president of the Y's Men's Club, with His Worship the Mayor introducing the speaker.

"WINNOWALA" PRESENTED TO SHERBROOKE LIBRARY The Sherbrooke Library has been fortunate in receiving a copy, signed and inscribed by the author of "Winnowala," the latest poem written by Mrs. C. H. Bowen, of this city.

This work, which appeared several months ago, has attracted a great deal of favorable comment in and beyond Sherbrooke, and Mrs. Bowen's gift to the Library is greatly appreciated.

"Winnowala" is the story in verse of the earliest days in Sherbrooke, when the first white men, under Major Rogers, made their raid from New England into Canada. It deals with the history and legends of this raid and its aftermath in the St. Francis River valley, and is of special interest to people in this district.

The little book, numbering some fifty pages, is neatly bound and printed and has a foreword written by another well known local figure in literature, Professor Frank Oliver Hall, poet and author, of Bishop's University, Lennoxville.

JOLLY WINTER SPORTS PARTY AT BISHOP'S UNIVERSITY It was a merry, laughing crowd of young people who assembled in the quadrangle of Bishop's University, Lennoxville, last evening to enjoy a real old-fashioned winter sports party. The event sponsored by the Women's Auxiliary of Bishop's College, offered everyone his or her favorite winter sport. A large number of sport lovers responded, some snowshoeing, skiing or tobogganing, while a gay crowd thronged the College rink to skate.

At ten o'clock the merry-makers adjourned to the College gymnasium, where baked beans, brown bread, doughnuts and coffee were enjoyed. Following the supper, dancing was enjoyed to music made possible through the principal, Rev. Dr. A. H. McGree. Cards were also played at a number of tables.

A highlight of the evening came when Lyman Tomkins in his own inimitable way auctioned off a clever ringer for advertising the party. This, the work of artist Miss Fleda Brihgart, was "bid-in" by Dr. McGree.

At midnight the party dispersed after a most enjoyable evening. Those present included members of the faculty and their wives and a number of friends from Lennoxville and Sherbrooke.

ANCIENT CIVILIZATION AND ECONOMIC HISTORY SKETCHED. Ancient Egyptian, Jewish, Roman and Christian civilizations and their economic history to the present age of individualism and concentrated wealth were sketched by T. G. Walsh, of this city, in an address before members of the Business and Professional Women's Club at their regular meeting in the MacKinnon Memorial last night.

The speaker summarized the theories of several economic authorities, which, he claimed, ranged from the advice "save everything you can," to the other extreme of "spend everything you can and even what you expect to have." Mr. Walsh also explained the functions of social credit and other modern economic systems. Mr. Walsh was introduced by Miss Florine Mullins and extended the thanks of the Club by Miss Elaine B. Trahey. Mrs. Walter Kinkaid, the president, occupied the chair and announced that an invitation had been extended to Miss Winnifred Kydd, O.B.E., to address the Club on February 17th. If it is possible to have Miss Kydd, the programme for "International Night" will be held on that date instead of on February 27th as previously planned.

HAVE ALTERED RECEPTION FOR VICE-ROYALTY

Minor Changes in Programme as Originally Drafted Following Instructions from Ottawa Regarding Their Excellencies' Visit to Sherbrooke.

Word was received at the City Hall from Ottawa this morning that the programme drawn up by the civic authorities for the visit to Sherbrooke of Their Excellencies the Governor-General and Lady Tweedsmuir had, with a few minor changes, met with Their Excellencies' approval.

Upon their arrival in the city at seven-thirty o'clock on the evening of Monday, March 2nd, Their Excellencies will be informally met by the Mayor and a deputation only. This will be the only formal engagement on the first night.

Following this reception, which will last about fifteen minutes, His Excellency will visit the Officers' Mess of the Belvedere Street Armory as originally suggested. Instead of the Officers' Mess, the deputation to honor Mr. Charles B. Howard, M.P., and Mrs. Howard with their presence at a private dinner party.

On the following morning when Their Excellencies pay tribute to the city's heroic soldier-dead and His Excellency's address at the base of the monument, the local branch of Canadian Legion will present flowers to Lady Tweedsmuir.

On Tuesday evening, following the meeting of the Rotary Club, which will be honored by the presence of Governor-General and His Excellency will pay an informal visit to the Officers' Mess of the Belvedere Street Armory.

While the Governor-General is at C. Army, Her Excellency will honor the representatives of the various women's organizations by meeting them informally at the MacKinnon Memorial.

With these few minor changes, the programme as originally outlined will be followed out.

Various matters of importance were discussed at the meeting last evening of the executive of the Local Association of the Boy Scouts, which was held under the presidency of Louis Rosenbloom, vice-president, in Lee Audette's office.

Among other things, it was decided to interview Rev. Cecil King, curate of St. Peter's Church, regarding the re-organization of the 1st Sherbrooke Troop.

In view of the period of Court mourning for the late King George the Fifth, it was agreed that the annual banquet, which is annually held in February, would be deferred until a later date. It was also the unanimous decision of the meeting that four patrol leaders would be delegated to attend the Patrol Leaders' Banquet in Montreal on February 22nd, although the actual delegates have not as yet been named.

The question of amending the constitution so as to enlarge the present executive was left in the hands of Harry Grundy, while Clarence Blake has been entrusted with the question of central financing and also revising of the duties of committees. The question of the Lister Trophy inspections has also been left in charge of Clarence Blake.

It was also the decision of the meeting that the Local Association would make a grant to Provincial Headquarters to help defray the costs of the visits to Sherbrooke of the Provincial Secretary.

There was also some discussion on pledges still due from the recent financing campaign and R. Calder and C. B. Howard were asked to interest themselves in this matter. Charles Rose was appointed Badge Secretary to replace E. K. Muzey.

INTERESTING REPORTS AT Y.W.C.A. MEETING. Several interesting reports were tabled at the regular monthly meeting of the Y.W.C.A. Board of Directors held at the MacKinnon Memorial last evening.

Mrs. J. F. S. McCaw was in the chair and the Bible story was led by Mrs. W. H. Abbott, after which two minutes' prayer was observed out of respect to the memory of His late Majesty King George V.

The deep loss suffered by the Association in the death of George D. MacKinnon was stressed by the general secretary, who requested that the special memorial offering of flowers made by Mr. MacKinnon on November 4th be continued by the Board. It was also decided to give a Mary L. MacKinnon memorial membership on that date. The Association will send a resolution of sympathy to Mr. MacKinnon's family.

Social and Personal

Miss Florence Ingram has returned from Montreal, where with several members of the Sherbrooke Ladies' Curling Club she spent the past week.

Mrs. Leonard Moore, Victoria street, left this afternoon for New York, whence she sails tomorrow aboard the Empress of Australia for a cruise to the West Indies.

Mrs. M. Watts left this morning for Quebec, where she will be a guest for a week of her brother, Mr. H. L. Austin, and Mrs. Austin.

Mrs. K. B. Jencks returned last night from Montreal, whither she journeyed last week with the Sherbrooke lady curlers, afterwards remaining on for a visit with friends.

Word has been received from Mrs. E. G. Pierce, who is spending the winter in California, of the sudden death from pneumonia of Mrs. Bannister, of La Verne, California, widow of A. W. Bannister, who was at one time Principal of St. Francis College, Richmond, and also at Stanstead Wesleyan College, later moving to California. Interment took place at Pasadena, Cal.

A jolly crowd of young people assembled at St. Andrew's Church hall at an early hour last evening to await the sleighs which were to take them for their annual sleigh drive. After two hours' drive they returned to the hall where a delicious baked bean supper awaited them, and which, needless to say, was very much appreciated after the long outing on a cold winter's night.

Mrs. R. S. Giff entertained at a very delightful card party at her home on Fairmount avenue last evening for the benefit of the Sir John Sherbrooke Boy Scouts Mothers' Auxiliary. Cards were played at four tables, the prizes being won by Mrs. Daniels, Mrs. McInnis and Mrs. S. Robinson. Miss Jean Giff acted as scorer, and with Mrs. W. Sjolander and Mrs. A. S. Spaulding assisted her mother in serving dainty refreshments.

An enjoyable card party was given by Mrs. R. Young at her home on Birch street last evening for the benefit of the Sir Malcolm Campbell Boy Scouts' Mothers' Auxiliary. Mrs. C. Brooks won the first prize, the consolation was awarded to Mrs. T. Wyatt and Mrs. J. Harvey and Mrs. A. Jobel were presented with the first and consolation guest prizes. Dainty refreshments were served by the hostess, who was assisted in her pleasant hospitable duties by Mrs. J. Harvey.

Mrs. Roy Trussler entertained at a lovely children's party at her home on Bowen avenue south in honor of her daughter, Rosa's birthday. About twenty little guests enjoyed a happy afternoon playing games and joining in a sing-song. Large delicacies were served, the large birthday cake lighted with eleven candles, being the special feature. Mrs. Trussler was assisted in looking after her youthful guests by Miss Patricia Maskell. The guest of honor was the recipient of many pretty birthday gifts.

Members of St. Andrew's Guild spent a pleasant time last evening at the home of Mrs. Wilfred Davey, Walton avenue, following a brief business period during which it was decided to postpone an entertainment until May. Later delicious refreshments were served by the hostess. Mrs. Oscar Stenson presided at the lace covered table, which was attractively done with spring flowers in a crystal bowl and green candies in crystal holders. Miss Catherine Davey assisted her mother in serving.

PLEASING PROGRAMME BY SCHUBERT MUSIC CLUB A pleasing programme was presented last evening by the members of the Schubert Music Club, who were delightfully entertained by Mrs. W. C. Cross and Mrs. F. C. Churchill at the latter's home on Newton street. Frederic Francois Chopin, 1810-1849, was the composer chosen for last evening, when Miss Mildred Largie and Mrs. L. E. Codere, Sherbrooke's outstanding pianists in duets, and Miss Eileen McWilliams, also a brilliant and accomplished pianist, in solos, delighted every one in their interpretations of Chopin's much loved compositions.

The programme follows: piano duets, "Mazurka" on No. 1, and "Waltz" on No. 3, Miss Mildred Largie and Mrs. L. E. Codere; violin solos, "Fairy Tale," Kamvak, a.d. "After Sunset," Arthur ryor, Mrs. D. C. McRae, accompanied by Mrs. Codere; song, "L'Heure d'Azur," Augusta Holmes, Miss Lucille February 22nd, although the actual delegates have not as yet been named.

The question of amending the constitution so as to enlarge the present executive was left in the hands of Harry Grundy, while Clarence Blake has been entrusted with the question of central financing and also revising of the duties of committees. The question of the Lister Trophy inspections has also been left in charge of Clarence Blake.

It was also the decision of the meeting that the Local Association would make a grant to Provincial Headquarters to help defray the costs of the visits to Sherbrooke of the Provincial Secretary.

There was also some discussion on pledges still due from the recent financing campaign and R. Calder and C. B. Howard were asked to interest themselves in this matter. Charles Rose was appointed Badge Secretary to replace E. K. Muzey.

It was also decided to give a Mary L. MacKinnon memorial membership on that date. The Association will send a resolution of sympathy to Mr. MacKinnon's family.

Reporting for the Health Education Department, Miss Evelyn Davies stated that the Sunshine Club had an enrolment of fifty-three during the past month, with an average attendance of thirty-two. The total attendance at the gymnasium was 1,033 and in the swimming pool 234. It was also reported that the flying-rings had been purchased with the money realized at the swimming demonstration.

Mrs. David Wilson, the treasurer, read the satisfactory financial report. Twelve transient guests were accommodated at the Howard Residence, the meeting was informed, and 1,126 meals were served. A request was made for sheets, pillow cases, towels and table-cloths. The two nesses were thanked by Mrs. Gertrude Fox for looking after the

Here's Swift and Direct Action to Relieve That Cold

Modern External Treatment Helps End Colds Without Constant "Dosing" to Upset Digestion.

JUST RUB ON AT BEDTIME

Two generations of mothers have proved Vicks VapoRub the most effective treatment for children's colds. VapoRub is safe, its use avoids the risks of constant internal "dosing" which so often upset digestion and appetite, thus lowering body resistance when most needed.

Just rubbed on throat and chest at bedtime, VapoRub starts to work immediately—two ways at once: 1. By stimulation through the skin, like a poultice or plaster. 2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this powerful poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion.

A Practical Guide for Mothers Each year, more and more families are being helped to fewer colds and shorter colds by Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions.

Why Suffer With ECZEMA? When you can be relieved with MARCOUX OINTMENT For all skin troubles. 2 oz. jar 50c 4 oz. jar \$1.00 On sale at CANTON HOSPITAL 27 Ball St., Sherbrooke. Phone 2591

ARMITAGE-AMES MEET IN FINAL FOR RECORD CUP

Gordon Armitage's Rink Staged a Garrison Finish to Eliminate Jim Watson's Aggregation in Exciting See-Saw Semi-Final Contest Last Night.

The Sherbrooke Curling Club's hopes of bringing the Record Trophy back from Lennoxville are today pinned on the rink skipped by Gordon Armitage.

The final for the Mitchell Cup—the other feature competition of the local club's annual bonspiel—will be played this evening, with Watson opposing Bob McMurray's Lennoxville aspirants.

A four on the last end brought Armitage's rink the decision in last night's contest.

The score by ends was: Armitage 4-10, Watson 10-4-12. The rinks were: F. A. Brizer, C. A. White, J. M. Stratton, A. Stenson, R. W. Baker, M. V. Long, J. P. Watson, J. G. Armitage.

MRS. J. BURTON SCORED THIRD WIGGETT TROPHY TRIUMPH. The Lennoxville Ladies' Curling Club rink skipped by Mrs. J. Burton registered a third straight Wiggitt Trophy victory last night.

The rink match series was concluded yesterday afternoon with Mrs. Watson annexing second position behind F. Day's quartette.

Mrs. Burton's two other victims were Mrs. L. M. Watson and Mrs. L. V. Parent.

The rink match series was concluded yesterday afternoon with Mrs. Watson annexing second position behind F. Day's quartette.

REDS RECORDED SURPRISE WIN OVER TITLISTS

Don Wootton Paced Y. M. C. A. Reds to Unexpected Victory Over Last Year's City Basketball League Monarchs—First League Defeat for Blues in Two Seasons.

It seems odd to see anybody but the Y.M.C.A. Blues topping the City Basketball League standing, but today the Y.M.C.A. Reds are setting the pace as a result of handing their highly touted rivals their first defeat in two seasons of City League campaigning.

The Reds rallied in the second half of their first encounter of the current season with the Blues and emerged ahead by a count of forty-two to thirty-three.

Syd. Ball, the Blues' ace centre and the league's leading scorer, was closely guarded and succeeded in registering only twelve points—twenty below the average he set in the first two games of the season.

Lawrence Ball added four points to the Blues' cause and Art, Stocks was credited with the remaining marker on a penalty shot.

The Blues were ahead by sixteen to fifteen when halftime arrived, but the Reds set the pace in the final stanza and outscored their opponents by twenty-seven to seventeen.

The line-ups and individual scorers by halves were: Y.M.C.A. Reds: K. Jackson, 6-2; V. Murphy, H. Gray, 0-9; Don Wootton, 2-12; B. Bishop, 2-2; and Doug Wootton, 5-2. Total 42.

Y.M.C.A. Blues: S. Stocks, 6-2; N. Vlahakis, 2-6; D. Heilig, 0-11; I. Ball, 4-0; A. Stocks, 1-0; and B. Coohon, Total 33.

The league standing to date is: Y.M.C.A. Reds 3 3 0 134 92 6; Y.M.C.A. Blues 3 2 1 152 115 4; H. School 1 3 1 2 118 140 2; Bishop's 3 0 3 80 135 0.

United States Handed Czechs First Setback. Frank Shaughnessy, of Montreal Victorias, Played Outstanding Role in Americans' Two to Nothing Olympic Hockey Victory Over Czechoslovakia Today.

Garmisch-Partenkirchen, Germany, Feb. 11.—With Frank Shaughnessy, Montreal Victorias, and Phil LaBatte, French-Canadian residing in Minneapolis, playing outstanding roles, the United States team defeated Czechoslovakia by two to nothing in the first of four second-round games on today's Olympic hockey programme.

La Batte got his first taste of actual Olympic combat when Montreal's Walter Brown sent him out to team up on the American defence with Shaughnessy.

The defence was re-arranged as Brown tried desperately to seek a winning combination against the undefeated and unscorred upon Czechs.

Sweden's Canadian-coached aggregation won its first engagement in the second round of the series today by posing out Austria to the tune of one to nothing on unprotected Lake Reisersee, several miles from the twin Olympic villages.

The Swedes, handled by Vic Lindquist, member of Canada's team that nosed out the United States in the 1932 final at Lake Placid, scored the winning goal in the first period and thereafter held the well-balanced Austrian squad at bay.

LEAF'S PROTEST WAS UPHELD AT LOCAL MEETING

Local Representative of Quebec Amateur Hockey Association Rules that Disputed Leafs-Amateurs Contest Must Be Replayed.

The Sherbrooke Maple Leafs grasped at another straw today as they re-organized their forces for the final drive in defence of their Sherbrooke County Hockey League championship.

The Leafs' protest was upheld by the Amateurs ten days ago and was upheld yesterday afternoon and the same order replayed when C. C. Cabana local vice-president of the Quebec Amateur Hockey Association, ruled in their favor after they presented several witnesses on the two points which formed the basis of the Leafs' complaint.

The Leafs, in their petition, asked that the newly-installed time clock had been allowed to continue while the puck was not in play.

The second period witnessed an almost steady parade to the penalty box. Murphy, Delorme, Wootton and Lyman occupied the penalty bench at different times during this frame.

The Canadiens, unable to ice their complete regular squad, were augmented by two St. Patrick's Academy juveniles, Vernon Murphy and Brian Galtway, while B.C.S. players were absent for the first time.

The line-ups followed: B.C.S. goal Cross; Lyman defence; Lyman centre; Clarke wing; Castonguay r. wing; Robinson.

The Lennoxville High School Drubbed Ayer's Cliff. The Lennoxville High School has another formidable hockey aggregation this winter.

Richie Christie, captain of the team, is an outstanding goal-getter, accounting for nine of Lennoxville's fourteen goals.

DEFENCEMEN BLAMED BY VETERAN FORWARD. New York, Feb. 11.—Should the National Hockey League fathers ever consider making life a little brighter for harassed sharpshooters they could, believes Frankie Boucher, star centre of the New York Rangers, earn the undying gratitude of all forwards by cracking down on the defencemen whose play features illegal tactics.

PLYMOUTH SQUAD SUFFERED SECOND CONSECUTIVE SHUT-OUT. Terry Jackson and his Plymouth Church men had high hopes of winning the second half of the Y.M.C.A. Inter-Church Five-Pin Bowling League schedule until they encountered St. Patrick's and lost three strings.

INSPECTORS AND WEAVERS WON PATON LEAGUE GAMES. The Inspectors blanked the Winders and the Weavers took two strings from the Spinners in the latest set of Paton Mill Bowling League fixtures.

FIREARMS ARE TAKEN FROM MONTREAL HARDWARE FIRM. Montreal, Feb. 11.—Experts will have to be called in today to open three safes and the vault in the premises of Caverhill, Leonard and Company, Limited, hardware store, as the result of the visit over the week-end of burglars who tampered with the safes and stole some cash, two rifles and twenty revolvers from the show case in the store.

WILD DUCKS SIGHTED AT LONDON ONTARIO. London, Ont., Feb. 11.—Students crossing the campus of the University of Western Ontario yesterday reported sighting three wild ducks flying in a northerly direction.

LOCAL JUNIORS DOWNED B.C.S. IN ROUGH GAME

Harold Mooney's First-Period Goal Brought Canadiens One to Nothing Victory Over Bishop's College School in Exhibition Hockey Tilt Last Night.

The Canadiens of the Eastern Townships Junior Hockey League scored a goal in the first period of their exhibition fixture with Bishop's College School last night and battled grimly until the final whistle to retain this slim margin despite the desperate efforts of the Purple and White-jerseyed puck-chasers to register the equalizer.

It was early in the initial stanza that Harold Mooney accepted a neat pass from Doug Wootton and registered the goal which proved to be the point of the rough hand-fought contest. A few minutes later Hal Robinson's shot from the side appeared to have produced the equalizer, but the goal judge disallowed the point on the ground that the puck had gone through the netting on the side.

The Canadiens, unable to ice their complete regular squad, were augmented by two St. Patrick's Academy juveniles, Vernon Murphy and Brian Galtway, while B.C.S. players were absent for the first time.

The line-ups followed: B.C.S. goal Cross; Lyman defence; Lyman centre; Clarke wing; Castonguay r. wing; Robinson.

The Lennoxville High School Drubbed Ayer's Cliff. The Lennoxville High School has another formidable hockey aggregation this winter.

Richie Christie, captain of the team, is an outstanding goal-getter, accounting for nine of Lennoxville's fourteen goals.

MOLYNEUX WON VERDICT OVER PACE-SETTERS

Liddell Rink Suffered Second Defeat in Thirteen Games and Found Margin Over Sherbrooke Temple Club Carpet Bowling League Field Reduced to Two Points.

The mighty have fallen. George Liddell and his mates no longer have a stranglehold on the leadership of the Sherbrooke Temple Club Carpet Bowling League. Today, with the second half of the twenty-two-game schedule only two weeks old, a mere two points separate the pace-setters from the runners-up.

It was the rink skipped by Tommie Molyneux that upset the Liddell apple cart just when it appeared that there was no halting the league-leaders with a large gallery solidly behind him.

There were other surprises in the contests which are listed below and not the least among these upsets was the twelve to three victory scored by Reggie Benton over Luther Stevenson.

The results in detail follow: G. Davidson W. Oman; R. Broadbent W. Evans; J. Jowett W. Cunniff; T. Molyneux G. Liddell.

The up-to-date league standing is: Liddell 13 11 2 125 93 22; South 13 10 3 134 82 20; Murray 13 9 4 125 87 18; Robertson 13 8 5 96 116 15; Stevenson 13 7 6 118 88 14; Gardiner 13 7 6 104 104 14; McLeod 13 6 7 118 107 12; Buxton 13 6 7 107 101 8; Whately 12 4 8 90 108 8; Hura 13 4 9 104 135 8; Mathias 13 4 9 91 124 8; Cook 12 2 10 81 121 4.

FINAL RULING CALMS OLYMPIC HOCKEY FRONT

Five-Year Residence Rule Will Be Enforced, According to Decision of International Hockey Federation—Foster and Archer Will Play Against Canadians.

Garmisch-Partenkirchen, Germany, Feb. 11.—Under the new ruling of the International Hockey Federation Great Britain is now designated as a country separate from her Dominions and Britons who migrate to Canada, for instance, must return and hold five years' residence in the Motherland to qualify as a representative of Great Britain in the Olympic hockey series.

The ruling followed the heated exchanges between authorities of Canada, Britain, United States and some European countries over eligibility of Jimmy Foster, goalkeeper formerly of Winnipeg and Moncton, and Alex Archer, also a former resident of the Manitoba hockey centre.

This pair of toponch hockeyman returned to England last summer without gaining permission of the Canadian Amateur Hockey Association which then placed them on the suspended list.

The five-year residence rule has always been applicable to countries participating in both winter and summer Olympic Games, but heretofore sons of the Mother Country living in her Dominions and colonies have been able to return and carry the Union Jack into competition without adhering to that ruling.

President Loeig, of the Federation, then said the matter would be considered closed.

Brundage, at that point, rose at the back of the hall and inquired if "in view of Canada's sporting action, it is true that England does not intend to use the players?"

Brundage, Hunter rose, looked straight at Brundage and said: "The matter is not still open for discussion."

Whether England chooses to use her players now is her business, nobody else's," he added.

Brundage redlined to the roots of his hair but was prevented from replying by Loeig who quickly interposed another subject.

Foster and Archer will be in the line-up when the Canadian defending champions face the English to-night at 9:30 p.m. (8:30 p.m. E.S.T.) in one of the four final matches on today's programme.

INSPECTORS AND WEAVERS WON PATON LEAGUE GAMES. The Inspectors blanked the Winders and the Weavers took two strings from the Spinners in the latest set of Paton Mill Bowling League fixtures.

ASSETS OF THE SUN LIFE REPORTED AT NEW RECORD

Shareholders of Insurance Company Told that Assets at End of 1935 \$707,000,000, An Increase of \$41,000,000 Over 1934.

Montreal, Feb. 11.—Assets of the Sun Life Assurance Company of Canada stood at an all-time high at the year-end, an increase of \$41,000,000 for 1935 and are now over \$707,000,000, stated Arthur B. Wood, president and managing director, in his report at the sixty-fifth annual meeting of the company.

The Sun Life's statement for 1935 shows further strengthening and improvement, just as the report for 1934 showed progress over 1933, the year the depression reached its low point. The bond account increased from \$162,000,000 to \$218,000,000 and is now over thirty per cent of the assets.

Profit from redemption of sale of securities during the year was over five million dollars. Cash on hand was approximately twenty-one million dollars. During 1935 the policy loan repayments took a decided upward turn which indicates a return to better times.

Cash repayments on loans exceeded any previous year in the history of the company and were twenty-four per cent greater than 1934. Investment income showed a notable increase over 1934, while expenses were further reduced.

Another sign of improved business is the increase in group insurance designed primarily for commercial and industrial plants, which shows an increase for the year of twenty-three per cent.

New business paid for during the year was over \$210,000,000 and the assurances in force total over \$2,700,000,000. Total income for the year was more than \$153,000,000, a decrease from 1934, but on the other hand, due to a substantial increase in total disbursements, the excess income for 1935 was \$47,000,000 as compared with \$44,000,000 in 1934. The surplus earnings are employed to write down the value of which securities are carried, and in this way strengthen its investments.

Old Faithful geyser in Yellowstone National Park shoots to a height of from 95 to 130 feet.

HOCKEY SHERBROOKE EXHIBITION ARENA. TONIGHT at 8.15 p.m. EAST ANGUS vs. MAPLE LEAFS
