

# Miner Killed, Another Injured In Thetford Rockslides

## Comrade Cries Out Warning

THETFORD MINES — Rockslides in two separate asbestos mines resulted in the death of a 26-year-old miner and the injury of another.

Dead is: Roch Mathieu, 26, of 136 Labonte Street, Thetford Mines.

Injured is Alyre Thivierge, 39, of 780 Nadeau Street, Thetford Mines.

Mathieu died about 3 p.m. Wednesday when rocks bordering the Vimy Ridge open pit mine in which he was working shook loose starting a rockslide.

A nearby working companion of Mathieu, Ovida Camire, who noticed the start of the slide yelled a warning to Mathieu but to no avail.

Mathieu was struck on the back by a 50 pound rock.

Dr. Clement Fortier, of Black Lake who investigated the accident said Mathieu died of multiple fractures of the ribs and pierced lungs.

Mathieu leaves his wife, the former Paulette Poirier and two children, Christian 5 and Danielle 2 years old.

A father of four children was seriously injured yesterday at the Johnson's Asbestos Company open pit mine at Black Lake when he was struck by a falling rock.

The accident occurred about 1 p.m. when a rock pierced Thivierge's helmet.

Dr. Jean-Guy Gagne, of Black Lake who investigated the accident said Thivierge suffered a fractured skull.

Sixty-Fourth Year

FINANCE MINISTER FLEMING

## Tells Budget Story Tonight

OTTAWA (CP) — Finance Minister Fleming informs Canadians tonight how much of their earnings will go to maintaining government services.

The stocky, 54-year-old finance minister presents his annual budget at 8 p.m. EST to the Commons. He reviews the state of the economy during 1959, touches on the state of the treasury as the fiscal year expires at midnight and outlines how he plans to raise the record sums the government plans to spend between now and March 31, 1961.

He already has let the Commons know, in a white paper tabled Wednesday, that his deficit in the 1959-60 year was about \$405,800,000.

The same white paper pictured a buoyant economy that produced record revenues of \$5,301,000,000 and expenditures of \$5,706,800,000.

Galleries normally are packed well before the minister begins his address with a rundown on the economic state of the nation, touched with forecasts of trends.

## Put Sahara Off Limits, 2nd Bomb?

PARIS (AP) — France today placed its vast atomic testing area in the Sahara Desert out of bounds to aircraft starting Friday morning—a necessary prelude to a second atomic test blast. It was the second such move in the last 24 hours.

A previous warning was issued Wednesday and lifted early this morning.

The French have been ready for some time to conduct their second atomic test. However, it was felt they would not do so while Soviet Premier Khrushchev is visiting France.

Khrushchev returned to Paris today from a six-day tour of the provinces and resumes top-level talks with President de Gaulle tonight.

The real interest centres on the final portions of his address when he forecasts 1960-61 revenues and the tax rates through which he will achieve a surplus, deficit or balanced budget.

He informed the Commons Feb. 4 in the blue book of main spending estimates for 1960-61 that the government expects to spend at least a record \$6,330,168,920, including old age pension costs.

## Quebec Under Fire

## Canada Will Consider National Roads Policy

OTTAWA (CP) — The federal government will consider adopting a comprehensive national highway policy once the Trans-Canada Highway is completed.

This was the promise made in the Commons Wednesday by Works Minister Walker as debate continued on a government resolution to extend for three years federal participation in the present Trans-Canada Highway program.

Noting that a number of speakers had called for a second East-West road to complement the one now under construction, Mr. Walker said:

"With all the work still to be done in the first Trans-Canada Highway, let us put our house in order and complete it first. May I also say that our consideration there will not necessarily cover... only a second trans-Canada highway. We will consider a national highway policy when the time comes, something that will encompass more than just another highway."

The minister did not go into detail. Adoption of a national highway policy aimed at developing a nation-wide system of roads has long been advocated by the Canadian Automobile Association and other interested organizations.

## EXTENDS AID PERIOD

The resolution under consideration Wednesday provides for a three-year extension to May 31, 1964, in the period during which the federal government may make payments to the provinces under the present agreement, signed in 1949. It also provides for

## Lady Drivers In The Clear

LONDON, (Reuters) — That traditional menace of the roads, the woman driver, was Wednesday cleared of the blame for most accidents.

William Gissane, clinical director of the Birmingham Accident Hospital, writing in the British Medical Association's magazine, Family Doctor, said:

"The built-in urge of the male to take risks, entirely admirable in many fields of endeavor, is a main cause, perhaps the main cause, of road accidents."

He said women drivers are more careful than men.

## Spews Fiery Debris And Death

# Army Jet Explodes Over Little Rock, Ark.

## Seal Off Settlements Call Out S. A. Armed Forces

CAPETOWN — (CP) — More than 3,000 armed white soldiers and sailors sealed off two big Negro settlements near Capetown today as South Africa's embattled white-supremacy government sought to check mounting racial turmoil.

The navy men formed a cordon around the Nyanga Township while the army encircled Langa. Nobody was allowed to enter or leave the settlements.

Prime Minister Hendrik Verwoerd carried out his threat to use regular armed forces to prevent new Negro demonstrations after rounding up more than 200 leaders of the campaign of defiance against the government's race laws. Some white Liberals and Indians were among those arrested.

A big army convoy meanwhile moved into Johannesburg, 800 miles north of this parliamentary capital, amid rumors that Negroes were planning a march on Fort Johannesburg Prison, where many of their leaders are held.

## CHARGE WITH BATONS

Police were forced to make a baton charge on a crowd of about 300 who became threatening in the Jabavu area southwest of Johannesburg this morning. The crowd then dispersed.

Police said at Natal, southeast of Johannesburg, railroad tracks were loosened and a stone roadblock thrown up on a highway. Police dispersed a crowd of about 150 near the roadblock.

The South African Parliament met through the night to speed action on legislation for the outlawing of the African National Congress, the Pan-Africanist Congress and other organizations accused of plotting a "massive revolt."

The government has already assumed wide powers under the state of emergency proclaimed Wednesday for most cities and

towns, including the right to arrest anyone in the interest of public safety. The regulations include provision for bans on the two chief weapons used so far by Negro leaders in their campaign against the government — work stoppages and demonstrations.

The government warns that force may be used if any gathering fails to disperse after three commands "in a loud voice."

## Different Kind Of Summit

## Eisenhower Looks For Strictly Private Talks

WASHINGTON (AP) — President Eisenhower is looking forward to a different kind of summit conference at Paris next May.

He wants to provide for strictly private conversations — without even advisers — among himself, Prime Minister Macmillan, President Charles de Gaulle and Premier Khrushchev.

The president's interest in getting the Big Four to "explore each other's minds" emerged at his press conference Wednesday after his talks with Macmillan. His statements to reporters also developed another intriguing prospect for the future.

The Eisenhower administration seems destined to become in-

creasingly in its closing months a kind of caretaker government.

Eisenhower did not use any such term as that, but he noted that more and more questions would arise about his ability to make commitments running beyond the end of his term next January.

At the same time, however, he left no doubt that if a crisis should arise he intends to take whatever measures are necessary to meet it.

It seems almost certain that his ideas on Paris constituted one of the many matters Eisenhower discussed with Macmillan at Camp David this week. Macmillan left for London Wednesday night.

During the summit conference at Paris and Eisenhower's subsequent visit to Moscow in June, major attention — especially abroad — will still be focused on the American president.

But at the Paris conference he probably will be looking for ways to solve only the more-immediate East-West problems, and in such a way that there would be little doubt of his successor's interest in carrying on.

It seems likely that another effect of the terminal date on the president's powers may be to inhibit the U.S. from embarking on any bold new course or trying any fundamentally new initiative in negotiations with the Soviet Union.

## Jobless Claims Up

OTTAWA (CP) — Claimants for unemployment insurance benefits totalled 814,200 on Feb. 29, the bureau of statistics reported Wednesday. This was above both the month-earlier total of 782,500 and the Feb. 27, 1959, total of 796,000.

The Feb. 29 total includes seasonal benefit claimants of 217,100, compared with 177,100 on Jan. 29 and 242,700 on Feb. 27, 1959.

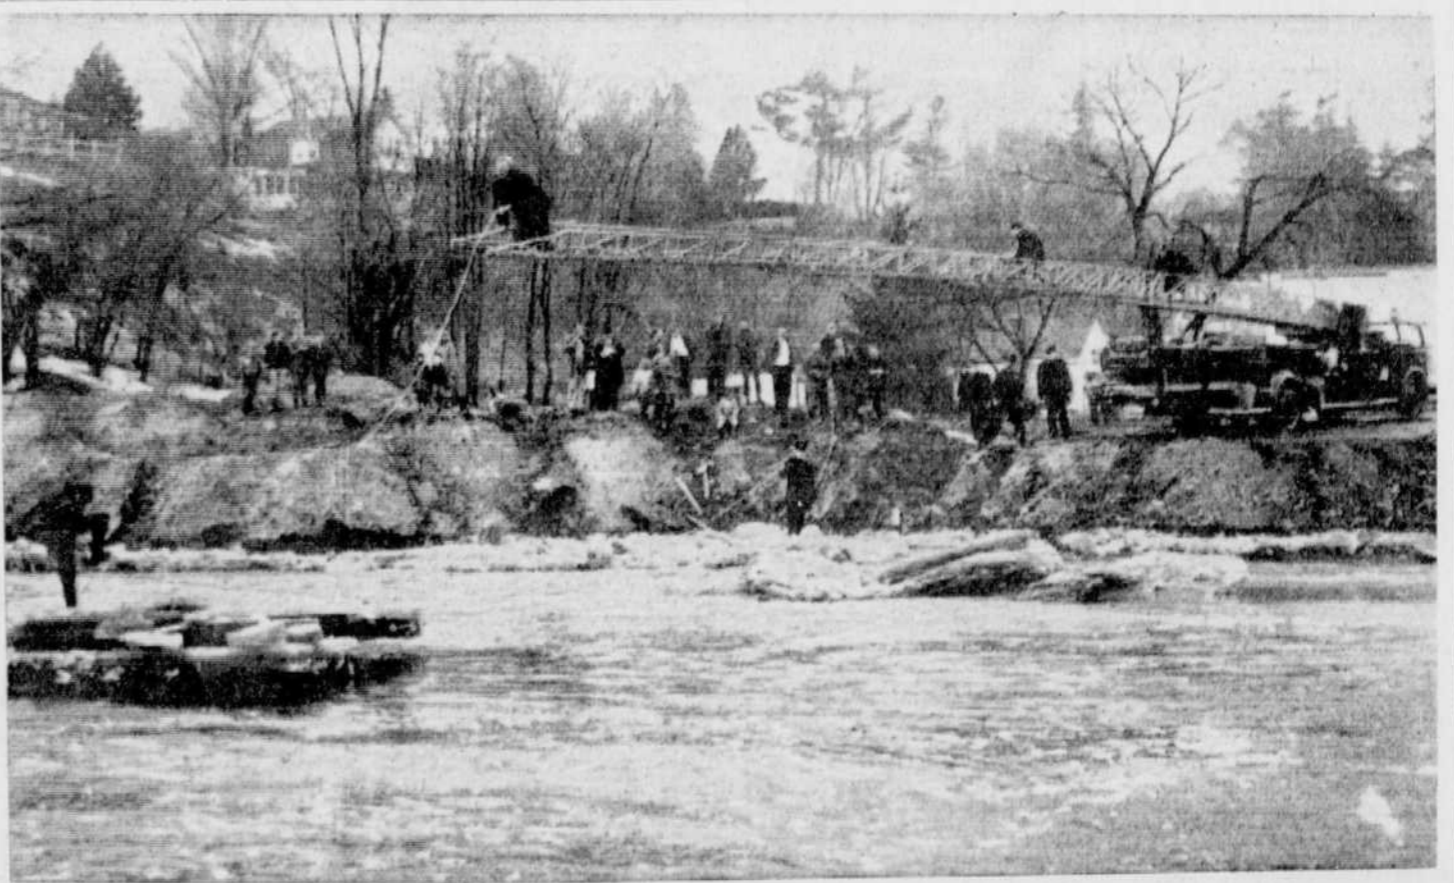

Quebec had 256,300 claimants at the end of February, Newfoundland 38,700, Prince Edward Island 8,300, Nova Scotia 43,100 and New Brunswick 41,700.

## Brendan Behan III

LONDON (AP) — Brendan Behan, hard-drinking Irish playwright, was taken to a London hospital for "observation" Wednesday night. Behan, 38, has been ill for five days with diabetes. He has been staying in London with an artist friend, Joe McGill, who said "his doctors have warned him he may have less than a year to live."

## Today's Chuckle

"Daddy, what's a bachelor?"  
"A bachelor, my boy, is a man who didn't have a car when he was young."

RIVER RESCUE — Perched on the tip of a 100-foot aerial ladder, fireman Henry Rasmussen shouts instructions to David Thornton, 13, who became trapped on an ice floe in the Humber River in the Toronto suburb of Etobicoke. David and friend Ricky Irons, 8, were stranded on the ice when it broke away from the shore. After it jammed downstream, firemen put out the ladder. The boys tied ropes around themselves and were pulled to safety up the ladder. A radio-television student at Ryerson Institute of Technology, Bud Morrison, took this picture after running a half mile through mud on the river bank. (CP Wirephoto)

## Report Mid-Air Collision

LITTLE ROCK, Ark. (AP) — A military jet plane exploded over Little Rock today, spewing fiery debris and death in its crash.

An air force spokesman reported three crew members killed. At least one civilian man died in a house fire touched off by debris, and a woman was reported trapped in her burning home.

One airman parachuted to safety but was burned seriously. At least six frame homes were destroyed as portions of the B-47 jet bomber dug a fiery 25-foot-wide grave near the state legislative buildings. Normally such a plane carries three men.

Reports persisted that the jet collided with a light plane over a small town called Mayflower, about 15 miles north of Little Rock, and hurtled on into Little Rock. An eyewitness said three men parachuted from one of the planes.

Electric power was knocked out for 45 minutes in several thousand homes.

Firemen said three of the homes were so badly burned that they didn't see how anyone in them could have survived.

Trees and phone lines were knocked down and blackened and four cars demolished.

## Jet Tanker Is Ditched Three Die

PATRICK AIR FORCE BASE, Fla. (AP) — A United States Air Force jet tanker, with trouble in two of its four engines, ditched in the Atlantic Ocean 40 miles off the Florida coast Wednesday night. Three of the 14 men aboard died. The others, some burned or in shock, were picked up by rescue craft.

The KC-97 stratotanker, en route from Newfoundland to its home station, MacDill Air Force Base in Tampa, Fla., was ditched with only its No. 1 and No. 4 engines operating.

Floating in life jackets and on rubber rafts, the survivors lit up the darkness with flares and flashlights, furnishing their own beacons for rescue ships and planes. Reporters at Cape Canaveral, the missile test centre, saw the flares from the shore.

## Generals Learn Retirement Skills

ALDERSHOT, Eng. (Reuters) — Two generals Wednesday donned overalls and went to work on the side of a barracks with the kind of mortarboard plasterers use.

Maj. Gen. Sir William H. C. Sugden joined 28 other officers and men in a 28-day "house hold maintenance" course to prepare themselves for retirement.

The idea is to give them an inkling of the kind of skills they'll need in civilian life.

## Cyanide Slaying Nets Life Sentence

URBANA, Ohio (AP) — A man who treated a woman friend's husband to a bottle of wine and six bottles of beer—all spiked with cyanide—has been convicted of first-degree murder. James Garfield Buckley, 52, was adjudged guilty Wednesday of the poison slaying of James (Chico) Gomes, 36, last October. The jury recommended mercy, making a life sentence mandatory.

## Arrest 55

## Fire Hose Breaks Up Texas Riot

MARSHALL, Tex. (AP) — Powerful streams of water from fire hoses churned into a group of several hundred young Texas Negroes here Wednesday while about 1,000 others, chanting the Lord's Prayer, paraded through the streets of Baton Rouge to Louisiana's state capitol for a protest assembly.

Those were the latest major developments in the unfolding campaign of Negroes in the southern United States to obtain service at lunch counters traditionally reserved for white patrons.

The fire hoses went into play at this town of 30,000 to break up an assembly at the courthouse square protesting lunch counter incidents which had brought arrests.

Police made 55 arrests for unlawful assembly, then took into custody 200 more who gathered at the courthouse singing the Star-Spangled Banner, God Bless America and similar songs.

Shortly after the 1,000 students of Southern University, a Negro state college, and supporters staged their rally at Baton Rouge the university announced the ousting of 18 from its rolls.

## Rescue Trout From Flood

LINCOLN Neb. (AP) — They even had to rescue fish from eastern Nebraska's floods.

The Nebraska state game commission Wednesday reported the rescuing of 5,000 rainbow trout in danger of being swept from their raceways at the cowles Lake recreation grounds by the flooding Platte River.

The threatened fish were caught in nets and transferred to another lake.

## Map Leads To Treasure Trove In Chicago Suburb Backyard

MOUNT PROSPECT, Ill. (AP) — News of a huge treasure find in the backyard of a wealthy deceased resident threw this quiet Chicago suburb into a dither Wednesday.

The treasure, all in gold pieces, totals nearly \$100,000. It was found, with the aid of a map, buried under two fruit trees where it apparently had been secreted during the last 10 years.

Mount Prospect, about 17,000 population, is 33 miles northwest of Chicago.

The hoard belonged to Stanley R. Pierce, wealthy Chicago investment broker. He died Christmas Day aged 67.

The gold was found by representatives of the Continental Illinois National Bank and Trust Company of Chicago, executor of the estate, a Chicago Daily News story stated. The map was found in a safe Pierce owned.

Pierce, a widower with no children, left his entire estate, valued earlier at \$500,000, to the University of Chicago.

**District Champions**

**Banquet At Waterloo For High School Hockey Team**

WATERLOO — An informal and congenial gathering was the turkey banquet held at the Legion Hall, sponsored by the Ladies Auxiliary. The Waterloo High School Senior Hockey Team, winners of the District of Bedford School Hockey Championship for 1959-60 were guests of honor.

Approximately 80 boys, parents and special guests were present. The tables were attractively arranged, with bowls of spring flowers centering each. At the head table were: Mr. O. T. Pickford, Mrs. Walter Hughes, Mr. Frank Graves, Mrs. Bruce Soles, Mr. Soles, Mrs. Graves, Mr. Hughes, Mrs. Pickford and Mrs. A. J. Buckland. An experienced team of waiters attended to every detail.

Mrs. Buckland introduced the head table guests, Mr. Pickford introduced the hockey players, coach and assistant coach. Mrs. Soles officially welcomed everyone. Mr. Graves explained the unavoidable absence of the speaker and proceeded to talk to the boys about their splendid performance during the season's hockey.

**PLAYERS CONGRATULATED**

As an actual spectator at every game, a chauffeur for the players and father of a player, no one could have been more fitted to congratulate the boys on their good sportsmanship and correct behavior at all times, on all occasions. Buddy Graves, alternate captain, thanked his father.

Mrs. Frank Graves, president of the Home and School Association, paid high tribute to Mr. John MacAskill, coach, for his training which put W.H.S. on a level in hockey not reached for 21 years. Mrs. Graves warmly thanked not only the spectacular best players but those unsung heroes, the players who dressed for each game and perhaps were never on the ice five minutes. They had the team spirit.

**OUT OUR WAY** By J. R. Williams

**Guild And W.A. Meeting Held At Cookshire**

COOKSHIRE — St. Margaret's Guild and W. A. of St. Peter's Church met at the home of Mrs. Marcel Jacque, with an average attendance of members and one visitor.

The treasurer's report was read by the president, Mrs. Morse, in the absence of Mrs. C. Standish. Mrs. D. Standish displayed new Easter cards, also some every day assortments, and solicited orders.

A motion was made to purchase 15 new prayer books for the church and plans were made for the Arcade to be held April 29.

Good used clothing was brought in and will be sent to the Verdun Protestant Hospital.

After adjournment, coffee was enjoyed.

The next meeting will be held with Mrs. A. McGerrige as hostess on April 6.

**GREAT MINE**

World's largest underground copper mine at El Teniente in Chile has 212 miles of tunnels within an ancient volcano.

**Coach Honored**

Bruce Racicot, captain, proved he could make a good speech as well as play good hockey. He ably thanked those responsible for every part of the unforgettable evening. Bruce then presented their coach, Mr. MacAskill, on behalf of the hockey boys with a silver tray, suitably inscribed.

The evening ended on a hilarious note as Bruce Soles presented a fitting cup from the Legionaries to Walter Hughes, president of Kiwanis Club, as a lasting memento of the victory the Kiwanians scored in the recent broom ball game. The broom, ball and cup were prominently displayed on a plaque, and Mr. Hughes thanked Bruce for the trophy.

## Ski Enthusiasts Sad

### March Goes Out Like A Wet Lamb Puddles, Mud Pies To The Fore

There's little chance that March will go like a lion this year!  
 With yesterday's high of 58 and a low reading above freezing, children with high rubbers are enjoying their walks to and

#### Skiing Halted

All skiing activities throughout the Eastern Townships came to a halt today. Heavy rains and high temperatures during the night have put an end to activities. Sherbrooke, Hillcrest, Mt. Orford and Thetford Mines all report closed this morning, but are optimistic that conditions may improve for the weekend.

ardson, of the weather bureau at the Lennoxville Experimental Farm.

The total .41 inches of rain which has fallen since Tuesday, is the first rainfall of the year. This is considered a small March rainfall although in 1916 and 1918, no rain fell at all during the month.

## Protests Japanese Textiles

Members of the Sherbrooke Chamber of Commerce have decided it is "unfortunately too late" to send a local delegation to Ottawa to protest the Federal government's decision to increase the imports of Japanese textiles to Canada during 1960.

The Chamber's decision was arrived at following a Monday night meeting with two representatives of associations of textile fabrics and textile products manufacturers in Canada.

The Chamber's release says that a government report to be published shortly on textile importation quotas will show that Japanese imports have already increased during the first few months of 1960.

"Textile importations have increased by 56 per cent during 1959 over 1958," the Chamber's report said.

The Chamber plans to organize a delegation to Ottawa for the autumn of 1960 to ask government officials to reduce Japanese textile quotas. In addition, the Chamber will ask the government to publish the quotas of Japanese textiles ahead of schedule.

"It is about time that the public was informed of the perilous situation in which some of our local textile industries are, the Chamber release said.

# Medical Evidence In Martel Shooting Sifted

## Two .22 Bullets Said Cause Of Death

Medico-legal evidence from an autopsy is being sifted today prior to a coroner's inquest into the death of Mrs. Rita Martel, 39, shot to death yesterday morning in her downtown apartment.

Sherbrooke Police are holding her husband, Armand, 43, an automobile mechanic, as a material witness.

Dr. Louis Gagnon, Sherbrooke coroner, said this morning the autopsy on the body of the victim last night showed death was instantly caused by two .22 calibre bullet wounds in the head. The bullets penetrated the left side of the head near the ear and passed completely through.

He said Mrs. Martel died at about 8:00 a.m.

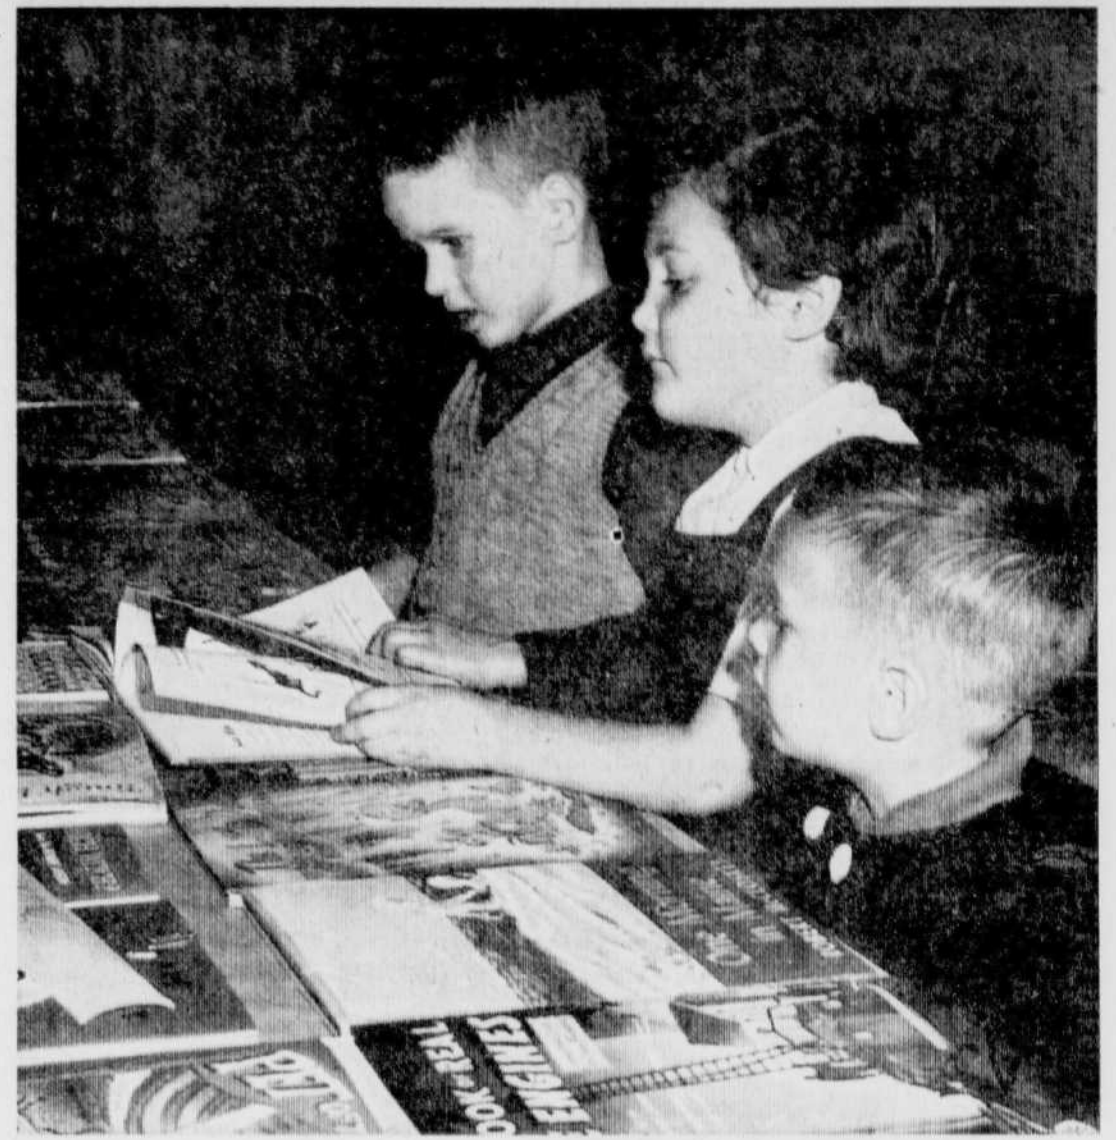

The autopsy was performed by Dr. J. P. Valcourt, Montreal medico-legal expert, assisted by Dr. Gagnon. Date of the inquest will be set pending the report from Dr. Valcourt.

Police are still holding what is believed to be the death weapon, a .22 calibre rifle.

Mr. and Mrs. Martel had been married for 11 years. They had no children.

Police said they were informed of the death by an ambulance driver who said he had received a call to pick up an injured woman.

Mrs. Gerard Belanger, housewife and mother of two children, living in the apartment above the scene of the shooting, said she and her two children were eating breakfast at the time but they heard no sounds of gunfire or violence.

OOOH! LOOK AT THE PICTURES — This was not the only comment by people visiting the Lennoxville High School Book Fair yesterday in Lennoxville, but the interest and concentration on the faces of these three is proof enough of the worth of the Fair. Left to right: Steven Mitchell, Grade 1, Lynn McKinley, six, in Grade 1K and her young brother Mark, four, who still faces the prospect of attending classes. (Record Photo by Gerry Lemay)

## Lennoxville High Book Fair

### Only Four, Didn't Buy A Book But 400 Others Contributed

The young man looked carefully at the book.

Was he going to buy? No, he didn't think so.

"I'm only four," he explained.

It was just one of many reactions of the flocks of children and their parents who jammed the gymnasium of the Lennoxville High School yesterday afternoon and evening for the Lennox-

ville High School Book Fair. J. E. Perry, high school principal, termed the Book Fair "very successful." Some 400 visitors, excluding children paid a visit and some \$1,600 was turned over to the school for books purchased.

Books for the Fair were supplied by the Montreal Book Room. All profits, said Mr. Perry are to be turned back into more books for the classroom libraries. He added that no profit was made in sales to outside organizations specially invited to the Book Fair. The aim of the Book Fair, he explained, is that each parent

buys a book for a child who would in turn read it and eventually turn it over to his class library. The books turned in would bear the name of the child who donated it. The Fair was sponsored by the Lennoxville and Ascot Home and School Association.

Purchases made during the Fair were estimated as follows: Parents, \$1,025; students, \$100; school boards, \$250; outside organizations, \$250. Total books sold were about 800—450 to parents, 250 to students and associations, 100 to outside organizations.

Expenses were handled by the Home and School Association. "We owe a great deal" said Mr. Perry, "to the Montreal Book Room for their assistance. They sent us a fine selection of books for the Fair."

## Youth Fest Auditions

Auditions start this Saturday afternoon for the Sherbrooke Youth Festival, in elementary piano for English speaking participants and ballet.

These auditions and those taking place all next week to April 10, will be held in the Sacre Coeur School Hall (Ecole du Centre), 133 Gillespie st.

The exceptions will be French drama and adult French diction auditions, which will be held in St. Patrick's Church Hall, and English drama which will be presented April 23, in the St. Patrick High School auditorium.

## Coaticook Lowers Realty Taxes

COATICOOK — (Special) — The Coaticook town council, hoping to boost the construction of dwellings within the town has authorized the reduction of municipal real estate taxes in the following proportions.

For 1960, 50 per cent; 1961, 40 per cent; 1962, 30 per cent; 1963, 20 per cent; 1964, 10 per cent; 1965, none.

The reduction of the actual value of one-tenement dwelling houses built entirely between May 1st, 1959 and June 1st, 1960 will be felt.

## Festival Adjudicator In Theatre 25 Years

Guy Beaulne, Montreal producer, who is adjudicator for the Eastern Quebec Regional Drama Festival which starts tonight at 8:30 in St. Charles Auditorium, has had a varied theatrical background.

A native of Ottawa who is at present a drama producer for CBC-TV, Mr. Beaulne has been a journalist, actor and stage director and has been active in theatre for over 25 years.

A French Art scholarship in 1948 took him to Paris to study drama.

He was at one time director of drama for the University of Ottawa, directing the group, Le Caveau, which participated in early Dominion Drama Festivals. He has adjudicated bilingual

Festivals in Ontario and has been an actor and commentator with Crawley Films and the National Film Board.

Mr. Beaulne received the Canadian Drama Award in 1955 and in 1956, the Trophee la Fleche as the best radio drama producer, French network.

He is a Governor of the D.D.F. and founder and director of l'Association Canadienne du Theatre d'Amateur as well as a member of the national executive of the Canadian Guild of Drama Adjudicators.

Mr. Beaulne will give his first adjudication following the performance tonight of Maurice Clavels "Belmaseda" by the local company, l'Union Theatre de Sherbrooke.

## Everyone Should Know Regulations

# Maple Products Safeguards

The sale of maple sugar products in Quebec is governed by regulations adopted for the purpose of protecting the consumer as well as to maintain the prestige of the producers by safeguarding their reputation.

Since the sugar season is about to commence the authorities of the Quebec Department of Agriculture believe it opportune to recall certain articles of the regulations which have been passed to protect the producer as well as the consumer against fraud and falsification of maple sugar products.

It is forbidden to hold or to ship for sale, to put up for sale or sell, under what ever care it may be, containing the word maple or other expression recalling this product, a commodity for the same purpose as a maple product and which does not come exclusively from maple sap.

It is in the interest of retailers and consumers to insist that the product which is offered bears the official seal of one or other categories of syrup, sugar and wax, or if the product is not classed that it be identified "non classed".

Further, one should insist that the container bears the name and address of the seller should there be any irregularities in the purity or the quality of the product.

#### SOIL FERTILITY

Since many farmers have already purchased or are about to purchase their fertilizer, it is well to keep in mind that it is the re-

quirements of the soil that one should aim to meet. The soil should be analysed for lime requirements as well as fertilizer requirements keeping in mind the crops to be grown.

In some areas, farmers have their soil analysed each year and follow the recommendations of the soils analyst. Proper drainage is also important. The amount of manure produced on the farm should also be taken

help to increase the returns per acre.

When preparing for spring work, it is a good idea to check regarding varieties of grain etc., which are suitable for the area. Quite often we hear of miracle mixtures which although they cost about three times as much as those recommended by the Quebec Seed Board quite often are worth much less. If the same amounts of fertilizer and prepara-

one commercial beef farm in the province, where the owners are planning to market approximately 1200 head a year. Their plans call for establishing what would be the largest herd of beef cows in this Province.

From the registrations and number of members registered with the National Livestock Records, Ottawa, last year, the figures have more than doubled during this same period.

#### CHEMICALS GUARD SEED

Seed grain should be chemically treated to guard against damage by micro-organisms and insect larvae, warns Dr. J. E. Macchack of the Canada Department of Agriculture's Winnipeg Research Station.

Seed treatment boosts yields by controlling smut, seedling blight and seed rot and increases the market value of the grain.

Compounds containing organic mercurials control diseases such as bunt of wheat, loose smut and false loose smut of barley.

Products containing hexachlorobenzene or pentachloronitrobenzene are effective chiefly against seedling blight and seed rot.

Formaldehyde is effective against a number of seed-borne plant diseases, but is not recommended owing to its tendency to harm germination, especially in wheat.

Products containing insecticides, such as BHC, aldrin and heptachlor, protect seed against insect larvae, such as wire-worms and the seed-corn maggot.

By D. J. MACMILLAN  
 (Cookshire Agronomist)

into consideration in calculating plant food requirements. It would seem better to do a thorough job on 10 acres each year rather than try to be short on 30 acres every year.

Pastures should also be given consideration since from actual experiments, the return per dollar invested in fertilizer realizes a profit from \$3. to \$5. In other words, the farmer is supplying the needs of the plants which would otherwise be lacking. Each year, plant food is taken out of the soil which must be replaced if good, healthy plants are to be maintained.

In the Northern New England States, a few farmers make arrangements to top dress their hay fields after each cutting and in this way are able to obtain for a longer period yields of up to 6 tons per acre of hay per year. This seems to be one method to

F. H. (Frank) Meehan was born in Corkery, Ontario, where he spent his early years. He served in the Royal Canadian Air Force as an officer-navigator. When he returned to Canada at the end of World War II, he accepted a position with the C.P.R. Mr. Meehan stayed with this company until recently, when he joined Canadian Tire Corporation; he is now proprietor of their Magog outlet. Mr. Meehan is married and has six children: five boys and one girl.

## Khrushchev's Motives

Whatever President de Gaulle's motive might have been in inviting Nikita Khrushchev to visit France, the reasons behind the Soviet Premier's acceptance are becoming apparent.

He is again practising as a world salesman of the Communist party line; and he is using France as a platform for a pre-Summit attack on the resurgent West Germans. And he could hardly have picked a more responsive audience than the French for twice during this century have the Germans overrun France.

Speaking at Reims the other day, on the traditional invasion route from the east, he told a luncheon group that he was disturbed by Chancellor Adenauer's statement that Germany has the job of saving Europe.

He interpreted this as an indication that Germany is again seized with the "master race myth" of Nazism. Unfor-

tunately, many people in France will respond to his warning. And their fears will not be lessened by the knowledge that only recently were there evidences of Nazi activity in Germany.

We in the West, of course, interpret Mr. Adenauer's statement in a much less sinister light. It is a simple restatement of a known fact — that West Germany is strategically located in any conflict between East and West. And it is basic Western policy that, to be effective, the NATO Alliance must be assured of an armed and powerful West Germany standing as a buffer between East and West.

It is fortunate for the West that de Gaulle is the near-dictator that he is and that he will carry his own opinions, not necessarily those of a traditionally anti-German section of French public opinion, to the Summit talks.

## South Stukely Underpass Problem

The Eastern Townships section of the Province of Quebec Trucking Association will find general support from the motoring public in their request to the provincial government for the enlargement of the South Stukely underpass on highway one linking Sherbrooke and Montreal.

This is one of the major travel routes in the province but no steps have been taken to improve this low and narrow passageway that was barely suitable in the horse and buggy days.

Not only have the narrow underpass and the sharp approaches caused several major tragedies, but the inability of large vans to pass through the opening places an added transportation burden on the

businessmen of the southern section of Quebec. Heavy traffic from Montreal to Sherbrooke and other Eastern Townships points must be detoured over a substantial extra mileage at a consequent increase in cost.

The terrain surrounding the underpass is such that conditions could be improved materially at a comparatively small cost by providing a second passageway just to the west of the existing roadway.

This would remove the menace of head-on collisions which have taken several lives at this point and would provide a means for trucks passing around this bottleneck.

## Editorial Notes

Today's comics have found a defender at the White House Conference on Youth and Children.

Mrs. Ann G. Wolfe of New York City, representing the American Jewish Committee said: "Comics may be helpful not only in developing the reading habit and in improving reading ability, but also in promoting general mental health and education."

The key word, of course, is 'may'. Mrs. Wolfe is convinced that during the past 10 years the comics industry has responded to criticism and has eliminated horror and terror comics and all material judged to be immoral or in bad taste.

The world's biggest and best hot spot is not in Paris; nor is it in New York City.

Scientists have reported it is a 3,000-mile stretch of the ocean floor in the south-eastern Pacific.

A Toronto restaurateur told a meeting recently that today's restaurateur must be a "showman."

It also helps if he's a good cook or, if not, has sense enough to hire one.

A Vancouver man who stands on his head for five minutes each day says he sleeps each night like he's been "hit on the head with a hammer."

We'll bet it feels awfully good when he stops.

## Press Comment

### TRAINS ON TIME IRK BRITONS

(Fort William Times-Journal) Punctuality is the thief of time, or so thinks every punctual man with unpunctual friends. It has other disadvantages, too. In England it is causing trains to miss their passengers. British Railways thought a drive to make trains run on time would be welcomed. But The Times, of London, quotes a ticket collector at Derby: "People have come to rely on trains being late," he said. Now many are leaving on time and we get people dashing through the barrier at the last minute and returning to complain they've missed their train.

"When we explain politely that the train left on time they become abusive."

### BOYS TO BE PROUD OF

(Toronto Telegram) A training program for future Scout leaders has been inaugurated at Sir George Williams University in Montreal. This raises the status of service to youth. It will help attract the right men, of which there is a dearth across the country, to the field. Canada is not alone as a land where technology has advanced

far more quickly than spiritual values. In highly developed countries like Britain, the U.S., France and West Germany, growing irreverence toward the sanctities of life is becoming.

The problem is not only one of breakdown in youth. It seems ironic that the new affluence is causing a general fall in standards. Positive efforts on behalf of youth help to keep up our moral guard.

## 'Trapped In The Lav'

### Those Letters To British Editors

LONDON (CP) — "Watch the correspondence columns of the newspapers," an editor once suggested. "There are some pretty good stories there."

The reporter read The Times, The Guardian and The Daily Telegraph — "Dear Sir: Regarding the validity of the British North American Act..."

He never looked at The Daily Mirror: "Dear Sir: With two other old ladies I was trapped in our factory lav..."

And he never touched The Daily Sketch: "Dear Sir: Can you please say if a policeman's uniform is the same as a law-suit?"

Nor The Star: "Dear Sir: I wear a wedding ring though I am not married—it gives me a feeling of equality..."

The editor clearly referred to the intelligent, enlightened, reasonable letters of Britain's quality press.

But after a year of dedicated surveillance these columns have failed completely to produce one story of significant interest to Canada. They have thrashed out every major issue in the world in cold, calculating prose. Fine stuff — but not worthy of reproduction.

None of them produced drama of universal interest, as the popular papers did in the case of three old ladies in a lav. And there were other problems to tug at the heartstrings:

"Dear Sir: My husband spends so much time in the pub he insists on eating his breakfast standing at the mantelpiece. What can I do?"

"Dear Sir: Why are ugly men so spiteful... We have one in our office and he calls me an 'old crow'..."

Perhaps it should be explained

## Letter To Editor

Dear Sir: At a meeting of the Richmond-Drummond-Arthabaska Protestant Central Schools Professional Advisory Council held March 22, 1960, it was resolved that an expression of appreciation be sent to the Sherbrooke Daily Record for the excellent coverage and publicity given to Education Week activities both in R.D.A. and other Eastern Townships schools.

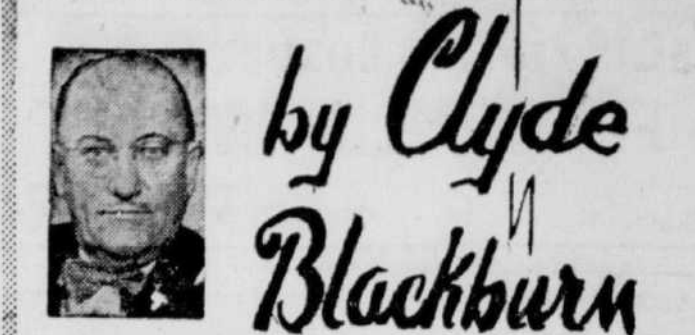

Yours truly,  
K. H. Annett  
Convener

## Bygone Days

**THIRTY YEARS AGO**  
Taking part in a Scotch Concert at Mitchell School hall were: W. J. Ormiston, Mrs. E. Logan, Mrs. G. A. Kennett, Miss Doris Metcalfe, G. Baxter, H. Enlow, Mrs. R. Smith, Miss F. Logan, Malcolm Wilson, L. Trussler, G. A. Kennett and F. H. Jackson.

**TEN YEARS AGO**  
President Truman's bitter declaration that Senate Republicans are endangering world peace by trying to torpedo the bipartisan United States foreign policy set the pattern today for the 1950 Congressional elections.  
Mines Minister French yesterday presented to Renaud Hincse of Asbestos, Que., third year science student at Laval University, a \$500 bursary.

## "Adios"

OTTAWA — World events are crowding in on Canada's parliament. Maybe it is a good thing.

There was some progress last week and more expected this week. The members seem ready to sweep away the old straw and think of the present and the future.

The grim happenings in South Africa where blacks have been shot down by white police in the furtherance of the apartheid policy, have been talked about.

Newspapers bring us frightening but probably quite factual reports of this terror.

And members ask Prime Minister Diefenbaker what his government is going to do or say. And he shies away from it. Or did it first.

He waited for official reports from the Canadian diplomats at the scene. It would seem that he did not like what he heard but he did not say.

### Conference Subject

What he suggests is that we keep calm and wait for the discussions at the Commonwealth Prime Minister's conference in London next May.

The Prime Minister of South Africa will be there, or plans to be, and is likely to get an ear full.

Not long ago it would have seemed a matter of little concern in Canada that White South Africans were shooting down natives who were cutting up and demonstrating against their masters.

That time is long past. Such incidents now are subjects of active and almost militant concern to large numbers of Canadians — the intellectuals, the humanitarians — and the small pockets of people whose ideologies cause them to welcome any excuse to demonstrate against authority.

### Deeply Concerned

It is quite obvious that Mr. Diefenbaker is deeply concerned about this problem and about his inability to say anything positive about it.

It is obvious too that his chief critic, Opposition leader Pearson, is similarly concerned but in a different way.

The exchanges that have taken place in the House on this issue should be read by students of the technique of Commons procedure.

It will be noted that on this issue, and on others that are

potentially delicate, and significant to our international relations, Mr. Pearson at times seems to be walking carefully to avoid saying anything that may make it more difficult for the government.

Which seems to be a good idea. He knows, as few others know, how delicate these matters are. They must be faced and must be discussed. But carefully — not like a broken election campaign promise.

### Black Bomarc Day

The other outside event that had some sobering effect on parliament was the United States air defense policy which seems to be moving toward complete abandonment of the Bomarc anti-aircraft missile which Canada has adopted.

The blackest Bomarc day was Friday when Defense Minister Pearkes, reluctantly no doubt, announced confirmation of reports from Washington that the Bomarc was receding into the background of U.S. air defense planning.

And we are just in the stage of getting ground facilities ready for establishing Bomarc stations in a year or two.

Here again it was noticeable that the opposition did not seem anxious to rub it in. If there is anything to rub in.

### War Gigantic Waste

War is a gigantic waste and even preparations for defense are certain to prove a gigantic waste — and if we are going to have the waste at all better have it without war.

So these problems plaguing the defense department and government are inevitable and would be there regardless of what party is in power.

Until and unless we can get out of the war and defense business altogether as some countries have been able to do.

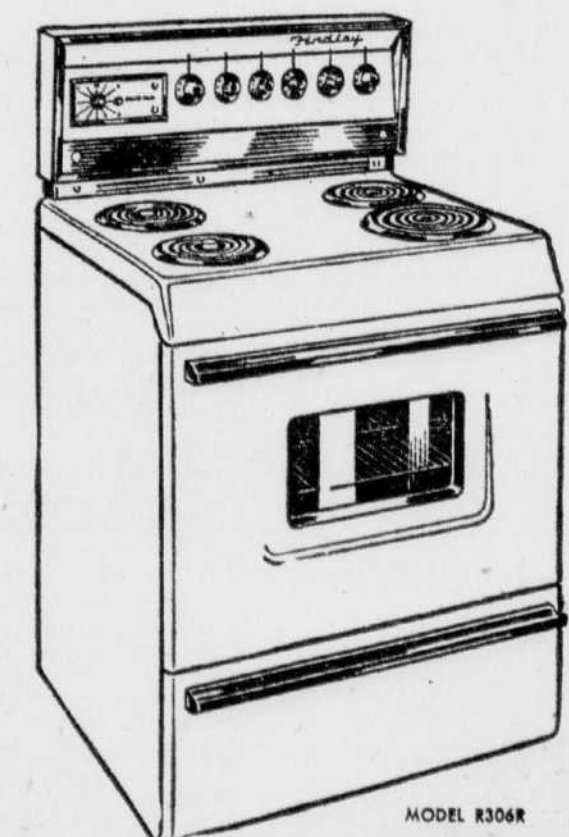

Anyhow, the Commons voted Donald Fleming some \$600,000,000 to go on with in April, pending passage of the estimates.

And next Thursday night—budget night—he will tell us how he expects to raise the odd \$600,000,000 it will cost him to run Canada in the fiscal year starting April 1.

### NEW CAPITAL

Brasilia, which replaces Rio de Janeiro as the capital of Brazil on April 1, 1960, is planned to accommodate 500,000 people in future years.

## matter of FACT

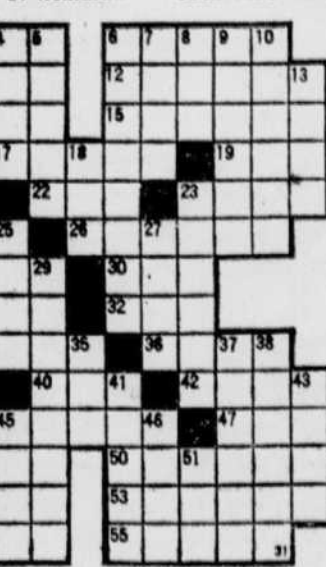

Airplanes fly over 1500 miles per hour. Even an automobile has gone over 300 miles an hour. But in 1908, without jet engines or gasoline, the ice-boat was the fastest ride man could take. Commodore Elisha Price sailed his iceboat, the "Clarel," 140 miles an hour—faster than any man had gone.

Guest artist at the 379th regular meeting of Schubert Music Club, held this week at the home of Mrs. F. H. Bradley, was Dawn Palmer, Schubert Club Scholarship winner.  
Receiving the guests were Mrs. Bradley and joint hostess, Mrs. Gerald Spafford.  
The program was as follows:  
Piano: (a) Etude, Op. 299, No. 1, Czerny; (b) Sonata, Op. 38, No. 3, 1st Movement, Clementi; Dawn Palmer.  
Soprano: Aria from Rigoletto, Carlo Nome, Verdi; Lois Ogilvie Blanchette, Accompanist, Irene Leveque.  
Cello: (a) Orientale, Cui; (b) Nina, Pergolesi; Louise Parenteau, Accompanist, Irene Leveque.

Piano: (a) Waltzes, Op. 9a, Schubert; (b) The Hardy Tin Soldier from Andersen's Fairy Tales, Bortkiewicz; (c) Bagatelle No. 2, Ferguson; Dawn Palmer.  
Soprano: (a) Aria from der Freischutz, Und ob die Wolke sie verhulle, von Weber; (b) Mair-eagan, Leo Blech; (c) Heimkehr vom Feste, Leo Blech; Lois Ogilvie Blanchette, Accompanist, Irene Leveque.  
Cello: (a) Arioso, Bach; (b) Song without words, Davidoff; (c) Sweet Evening Star, Wagner; Louise Parenteau, Accompanist, Irene Leveque.  
After the musical numbers, a short business meeting was held with the president, Mrs. Guy Blanchette, presiding.

## Is This Anastasia?

Anna Chisholm, now in her 60s and frequently picked up by Montreal police for vagrancy, claims she is Anastasia Romanov, eldest daughter of the late Czar Nicholas II of Russia. At left she is seen in a 1940 photo; at right, in 1960. Inset in centre is the Grand Duchess Anastasia at 17 in 1917, shaven-headed after a bout with illness. The tiny photo has a blemish near the mouth similar to that of the older woman. Many believe Anastasia escaped when the Bolsheviks massacred the Czar's family in Russia in 1917. Several have claimed to be the Grand Duchess but none have satisfied the courts as to their identity. (CP Photo)

## Tradition Of Longevity From 82 To 103 Years Of Age, Family Of Oldsters Runs Farm

LENDY, Ont. (CP)—Charles Elford, 82, runs the 100-acre family farm. His sister, Angelina, 85, does most of the housework in their spacious two-storey farm house.  
"We all help each other," Katie adds.  
"With the exception of Will, now blind, and a deceased sister, Sarah, none of the Elford children ever married."  
They keep 14 cattle, 12 sheep and some hens and have no help except at harvest time.  
"Their formula for long life? 'God has just been good to us, I guess,'" Angelina declares.

Living with them on the farm, 10 miles north of this central Ontario community, are Hester, 90, and Ambrose, 191.  
Seven miles south of the farm in a two-storey house in Oakwood live the other four members of what was once a family of 14 children. They're Lizzie, still active at 103; Will, 97, Mary, 94, and Katie, 93.  
Longevity is a tradition among the Elfords. Their mother lived to be 97; their grandmother 99. "Pa was only 85 when he died," says Will.  
Charles drives a 1955 automobile when he isn't running the tractor. Angelina spends most of her time doing the cooking and such chores as churning butter and helping Charles in the garden.  
They help Hester and Ambrose to get around—that is, when the older brother and sister aren't helping them by pitching hay, carrying water or baking bread.

EARLY RISERS  
The farm Elfords rise at 6:15 a.m. each day. "We move so slowly, we need lots of time," says Angelina with a smile.  
OLD AND ACTIVE — There's a tradition of old age and hard work in the Elford family — eight brothers and sisters living near Lindsay, Ont. Their ages range from 82 to 103. Will Elford, 97, is seen sampling sister Katie's freshly-baked bread. Katie is 93. (CP Photo)

## Waterville Situation Discussed

A regular meeting of the Compton Waterville Home and School Asso. was held in the Waterville School this week.  
Upon hearing the various reports from each committee, the Citizens Committee chairman reported it had not as yet been granted a meeting with the Central School at Cookshire.  
It was the unanimous choice of this Home and School to contact each member of the Compton County Protestant Central School Board, to request a meeting with the newly formed citizens committee immediately. A delay in this matter is detrimental to the welfare of the children of this community, the Association said.  
As a result of action taken by the Department of Education with the approval of the Central Board several children who had previously intended to continue on to college are now seeking out business courses instead.  
The chairman then expressed a desire to see a clear cut programme for this school, so that the balance of the year could be spent in learning, instead of the present uneasiness.

The London Stock Market opened generally easier.  
The Dominion Bureau of Statistics reported that Canadian car-loadings increased 1% in the week ended March 21 to 67,410 from 66,690 a year earlier. The total from the first of the year was 744,211, up from 744,024 in the 1959 period.  
Minister of Finance, Donald Fleming, reported a deficit of \$406,000,000 in the fiscal year which ends March 3, well below the \$609,000,000 deficit in the previous fiscal year. This deficit is 13,000,000 higher than the \$593,000,000 deficit predicted last April.  
Net income of John Labatt Ltd. for the nine months ended Jan. 31 amounted to \$2.01 a share against \$1.34 a year earlier.  
In the year ended Dec. 31, 1959:  
McIntyre Porcupine earned \$1.05 per share against \$1.01 in 1958.  
George Weston Ltd. earned \$2.33 per share against \$2.11 in 1958.  
Can. General Electric earned \$54.32 per share against \$53.04 in 1958.  
Leitch Gold Mines earned .09 per share against .14 in 1958.

## To Attend Conference

A delegation of nine persons is leaving this weekend to attend a four-day business conference in Washington, D.C., from April 3 through April 6.  
The men, Sherbrooke representatives of The Prudential Insurance Company of America are: Marcel Lamoureux, J. E. La-faille, G. Sekoropad, G. Dubuc, C. Labbe, B. Cournoyer, M. Roy, J. Desmarais, J. Ritter.

**ABBOTSFORD** — The Women's Missionary Society will meet at the home of Mrs. Malcolm Crossfield, with Mrs. Jack Mackenzie as joint hostess, on April 5 at 3 p.m.  
The Women's Institute will hold a meeting at the home of Mrs. R. Thomson on April 6 at 2.30 p.m.

## Card of Thanks

BELL — I wish to thank all my friends and relatives for remembering me on my 93rd birthday by sending cards, money and other gifts. I would especially like to thank the Women's Missionary Society for arranging the lovely party, Rev. and Mrs. D. J. Stirling, for taking me to the party and for their nice gifts, also St. Mary's Guild and the Women's Institute, Bob Burns and Bob Butler, of Radio Station CHRS for their kind wishes. Thanks also to those who called me by phone, both local and long distance. All this made the day most enjoyable. I appreciate your kindness so much.  
MISS ABBIE BELL,  
East Angus, Que.

CRANDALL — We wish to extend our sincere thanks to all our relatives and friends, for the many kindnesses shown us during the illness and at the time of the death of our dear husband and father, Ian W. Crandall. Especially do we wish to thank Rev. J. David McCord, Rev. Canon F. W. Gedge, the organist and choir of the Knowlton United Church, members of Bromel Lake Lodge No. 35 A.F. and A.M. All those who loaned cars, sent flowers, cards and messages of sympathy and all those who sent cooking to the home.  
The sincere thoughtfulness shown us at this time was deeply appreciated and will always be remembered.  
MRS. IAN W. CRANDALL  
AND FAMILY  
Knowlton, Que.

DESSAINT — I wish to express my sincere thanks to all my friends and relatives who sent cards, gifts, and who visited me while I was in the Sherbrooke Hospital. Also Dr. Hicks, Dr. Dougan, the nursing staff and aides on 2nd floor. Your kindness will always be remembered.  
ARTHUR DESSAINT,  
Stanstead, Que.

ELDRIDGE — I wish to express my sincere thanks to all those who sent cards, letters, and gifts to me during my recent stay in Newport Hospital. Also, my thanks to O.E.S. No. 35, St. Paul's W. A. and the Montreal Pipeline Highwater Station for the lovely flowers. A special thanks to Mr. and Mrs. Melvin Humphrey, Mr. and Mrs. Cedric Bailey and Mr. and Mrs. Leon Eldridge for caring for my children. Your kindnesses will always be remembered.  
EILEEN ELDRIDGE.

STEWART — We wish to extend our heartfelt appreciation to our relatives, neighbours and friends for their many acts of kindness at the time of the death of our dear wife and mother, Mrs. William Stewart, who passed away on March 16. Many thanks to Rev. Duncanson, the choir and the organist of Stanbridge East United Church; to the bearers and members of the Bedford Fire Department; those who sent flowers, cards, and letters of sympathy; to those who sent food, offered cars, called at the house. Your kindness will long be remembered.  
WILLIAM F. STEWART,  
MR. & MRS. WALTER SHEPPARD,  
MR. & MRS. MURRAY JAMESON,  
Bedford, Que.

## Kiwanis Inter-Club Meet Held

MAGOG — (Special) — Edward Foggo, secretary of the Magog Kiwanis Club, substituting for the scheduled guest speaker, H. Montgomery of the Magog Electrical Department, outlined his club responsibilities at this week's meeting. The Magog group played host to members of the Granby Kiwanis Club, when they held a mixed, inter-club gathering.  
Mr. Foggo stressed the importance of club reports, and said it was imperative that the committee chairmen provide him with detailed reports in order that he keep the organization's international office advised of their progress.  
The present project being conducted by the club, is their annual sale of candy easter eggs. Funds are for the club's benevolent fund. The group is just completing their annual collection of discarded auto plates, which they are able to resell to raise funds.

## Deaths

BRISSETTE, David — At the Sherbrooke Hospital on March 30, 1960, David Brissette, beloved husband of Abbie Gale in his 78th year. Funeral service from the R. L. Bishop Funeral Chapel, 300 Queen Blvd. N. Sherbrooke, on Friday, April 1st at 2.30 p.m. Pastor H. A. Welch officiating. Interment in Malvern Cemetery.

PEASLEY, J. A. — At his residence at Stanstead, on Wednesday, March 30, 1960, J. Albert Peasley, husband of the late Emma J. Morrill in his 85th year. Remains resting at Cass Funeral Home, Rock Island, where the funeral service will be held on Saturday, April 2 at 2 p.m. Rev. A. M. Rose officiating. Interment Maple Hill Cemetery, Masons in attendance.

ROWLAND, Frank — At the Vallee Nursing Home, 585 Ontario street, on Tuesday, March 29, 1960, Frank Rowland, beloved husband of the late Gladys Gascoigne and father of Irene (Mrs. Arnold Price) of Sherbrooke, Olive (Mrs. Alvin Nutbrown) of Marathon, Ont., in his 68th year. Resting at Johnston's Funeral Chapel, 530 Prospect street, where a Masonic and Eastern Star service will be held this evening at 7.30 p.m. Funeral will be held on Friday, April 1st at 2 p.m. Rev. R. S. Jervis-Read officiating. Interment in the Westbury Cemetery, East Angus.

## Woe Betide the Parents Who Can't Say Firm 'No'

The Smiths were heartbroken when their 18-year-old daughter recently married a 19-year-old who has every reason to believe is pretty poor husband material. The Smiths were almost as surprised as they were dismayed that their pretty, intelligent daughter had actually driven to another state with the boy and married him without a word to them of her intentions. They had a right to be dismayed but not surprised. Here is how the Smiths had "discouraged" the romance that led to marriage. They let their daughter start going steady with the boy—even though they disapproved of this: "After all, you can't expect her to leave all her friends and be happy." They let the boy make their home his hangout. And they felt very virtuous about this, too. "We would rather have them right here at home than anywhere else," they explained. They never pointed out the boy's faults or showed any disapproval of him because, "We don't want our daughter to feel that we are against her or that we are critical of her friends." This happens to be a true story, but it isn't at all unusual. All over the country parents are actually encouraging the early marriages they deplore simply because they refuse to stand up and act like parents. They are so afraid of antagonizing their children, so afraid of being old-fashioned in their attitudes, so afraid of saying "no" that they sit meekly by and watch happen what they don't want to happen.

Tpr. Robert Gardiner, R.N., after spending his leave with his parents, Sgt. Major and Mrs. John Gardiner, King St. W. left on Friday for Camp Sarcee, Calgary, Alta., to join his regiment, the Lord Strathcona's Horse, RCAC, having completed his training at Camp Borden, Ont.

Flowers on the organ at the Church of the Advent on Sunday were in memory of Mrs. E. J. Halligan, placed there by her husband.

Friends of Mrs. T. O. Farnsworth, of Cookshire, will regret to learn that she is a patient in the Sherbrooke Hospital.

Mrs. H. W. Garwood, of Montreal, is arriving on Friday and will be the guest of Mrs. Z. W. Griffith on Vimy St.

Mrs. C. S. Langley, Queen St., Lennoxville, was admitted to the Sherbrooke Hospital on Tuesday, and will undergo surgery.

MISS SUSAN MABEL FRASER, only daughter of Mr. and Mrs. Kenneth Fraser of Cookshire, and MR. MALCOLM RAYMOND McVETY, younger son of Mr. and Mrs. Arthur R. McVety of Eaton, Que., whose engagement is announced. A July wedding is planned.

Miss Judy Way, an April bride-to-be, was the guest of honor at a delightful shower at the home of Mrs. W. Burnside, St. Francis St., Lennoxville on Tuesday night. Mrs. Stanley Bell, Mrs. Cecil Dougherty and Mrs. George Gardiner were assisting hostesses.

Upon her arrival the bride-elect was presented with a corsage by Mrs. Stanley Bell and a mock three-tier wedding cake, which when "cut" disclosed a variety of articles for the kitchen from a can opener to mop and broom, dressed to resemble a bride and groom.

After the gifts had been opened, Miss Way expressed her thanks for the gifts and delightful party.

Later refreshments were served by the hostesses, Mrs. H. Way, mother of the bride-to-be, and her twin sister, Miss Joanne Way, presided at the tea table. Covered with a cut work cloth, the table was centered with an attractive arrangement of daffodils and narcissi with yellow tapers in silver candelabra.

The hostesses were assisted in serving by the Misses Sharon Dougherty and Beth Burnside.

The Lucky Cup prizes were won by Mrs. Ted Jenne and Miss Joanne Way.

Miss Joan McMurray has returned to her home on Newton St., after a holiday spent at Fort Worth, Texas, where she was the guest of Capt. and Mrs. Drew D. Sleeper.

Friends of Mr. Will Green, of Coaticook, Que., will be sorry to learn that he was taken from the Sherbrooke Hospital to the Neurological Hospital in Montreal, where he is making slow recovery.

Miss Alice Willard, Goodhue St., is a patient in the Neurological Institute in Montreal, where she is undergoing tests and observation.

Mr. and Mrs. Wendell Marshall of Kinnear's Mills, Que., announce the engagement of their eldest daughter, Wendeleen, to Mr. Robert Brady, son of Mrs. Luella Brady and the late Mr. Brady of Lennoxville. The marriage has been arranged to take place on May 14 in Kinnear's Mills United Church.

New Ideas For Your Next Party

Why not have a party for you and your friends? The menu is a treat, but no trick, when it's planned around quick and easy canned foods.

CHILI SUPPER

Cheese Topped Chili over Corn Chips  
Peach Lemon Salad Molds  
Buttered Brown Bread  
Glazed Doughnuts  
Hot Spiced Apple Juice  
Assorted Nuts and Candies

Make the salads the night before the party. Put canned peach halves in individual molds. Prepare packaged lemon flavored gelatin and add chopped celery and nuts to it. Pour over the peaches and chill until firm. Serve on crisp salad greens and top with mayonnaise.

For the Hot Spiced Apple Juice, add a few sticks of cinnamon and a few whole cloves to bottled apple juice, heat several minutes. Strain, and serve piping hot. Garnish with clove studded lemon slices.

CHEESE TOPPED CHILI  
2 cans (1 lb. each) chili con carne with beans 1/2 cup chopped green onions, 1 1/2 cups grated sharp cheese Corn chips.  
Mix chili and onions; put in skillet. Sprinkle with cheese. Heat. Serve over corn chips. Four to six servings.

PARTY LUNCHEON MENU  
Tomato Juice Cocktail  
Lemon Wedges  
Creamed Chicken in Patty Shells  
Buttered Canned Asparagus  
Surprise Salad with Fluffy Dressing  
Clover Leaf Rolls Butter  
Lemon Meringue Tarts  
Coffee

Especially pretty at a party luncheon is Surprise Salad with Fluffy Dressing. To make it, prepare a package of cherry flavored gelatin according to package directions; chill until partially thickened. Add a can of drained fruits for salads and some chopped celery; put in individual molds or a pan. Chill until firm. For the dressing, gradually blend light cream into cream cheese, mixing until smooth. Add mayonnaise, beating until fluffy.

BREAD and ROLLS  
VITAMIN ENRICHED

# In The Women's Sphere

MISS DOREEN MARY WILSON, daughter of Mr. and Mrs. Fred Wilson of Sherbrooke, and MR. HENRY MCGARRY, son of Mr. and Mrs. P. F. McGarry of Montreal, whose engagement is announced. The wedding has been arranged to take place in St. Patrick's Church, April 30.

## Numbers Are Colors To These Students

WINNIPEG (CP)—What color is 9? That might sound like a silly question. But if you asked it of some 350 grade I students in Winnipeg, you would be told 9 is blue.

Not only does 9 have a color for these children, it also has a tangible shape. It's a wooden block one centimetre square and nine centimetres long.

Similarly, 4 is a pink block four centimetres long and 7 is a black block seven centimetres long. Other numbers and their colors are: 1, white; 2, red; 3, light green; 5, yellow; 6, dark green; 8, brown, and 10, orange.

Beauty Tips  
Seamless hosiery in golden or neutral-nude tones rounds out slender legs.

Homemaking  
Recipes recorded on file cards are popular with housewives. To keep food from soiling cards, spray them with shellac from an aerosol can. The box in which the cards are filed can also be protected with spray shellac.

Visual Experiment  
The children are taking part in an experiment started in 11 Winnipeg schools this year aimed at giving greater visual meaning to arithmetic lessons.

The experiment is to test the Gattegno-Cuisenaire system of teaching arithmetic. The system is named after its inventor, Georges Cuisenaire, a Belgian kindergarten teacher, and its developer, Dr. Caleb Gattegno, former London University mathematics professor.

The children manipulate the blocks—they're called rods — to form number combinations and to work out mathematical problems.

"They have to find the parts to construct a certain number and they can check their mistakes," says Mrs. George Butler, one of the teachers. "This leads to understanding. It's a way of discovery for them. It gives them time to think out ways of solving problems and it involves very little counting."

EASILY WEANED  
Mrs. Butler says the process of weaning the children from the rod system to abstract thinking in arithmetic is "fairly painless."

However, given mental arithmetic problems, "you sometimes see the children closing their eyes to visualize the colored blocks."

One advantage of the system, she says, is that the children are less likely to tire of working with the blocks than with conventional numbers.

About 800 rural Manitoba school children in early grades are also taking part in similar experiments.

Saskatchewan schools have been working with the system for three years and employ it in the first three grades. British Columbia began experiments this year and is reported ready to make the system standard in Grade I next year.

# Tips On Carpet Stain Removal

Perhaps you don't manage a night club or a restaurant. But as a housekeeper you may meet the same carpet-cleaning problems that crop up in such places. Any of the home-cleaning procedures used on other good carpets work as well or better on nylon carpeting.

First, three general rules concerning spills and accidents: — take prompt action; immediate care saves time and trouble; — scrape, blot or soak up the spill using tissue, clean rags or a cellulose sponge; — confine the area of the spill; work from the edges toward the centre.

All stains have a tendency to become more permanent the longer they stand. Also, colorless liquids like some drinks — or animal or baby accidents — develop color on standing. So blot up the liquid as soon as you can.

Fruit juice, cola, egg, mud, glue, grass stain and similar stains are readily removed with a dilute solution of a detergent. Dissolve a teaspoonful of detergent (not soap) in a cup of lukewarm water and apply it sparingly to the spot. Sponge the stained area and rinse by wiping with a clean cloth or sponge dampened with lukewarm water. Dry up excess moisture with tissues or cloths.

Ink (both washable and permanent), mustard, mercurchrome and similar antiseptics, coffee and blood, all contain materials that act like dyes.

Nevertheless, prompt treatment with detergent and water will minimize any color change. For this type of stain the skills of a professional rug cleaner may be required.

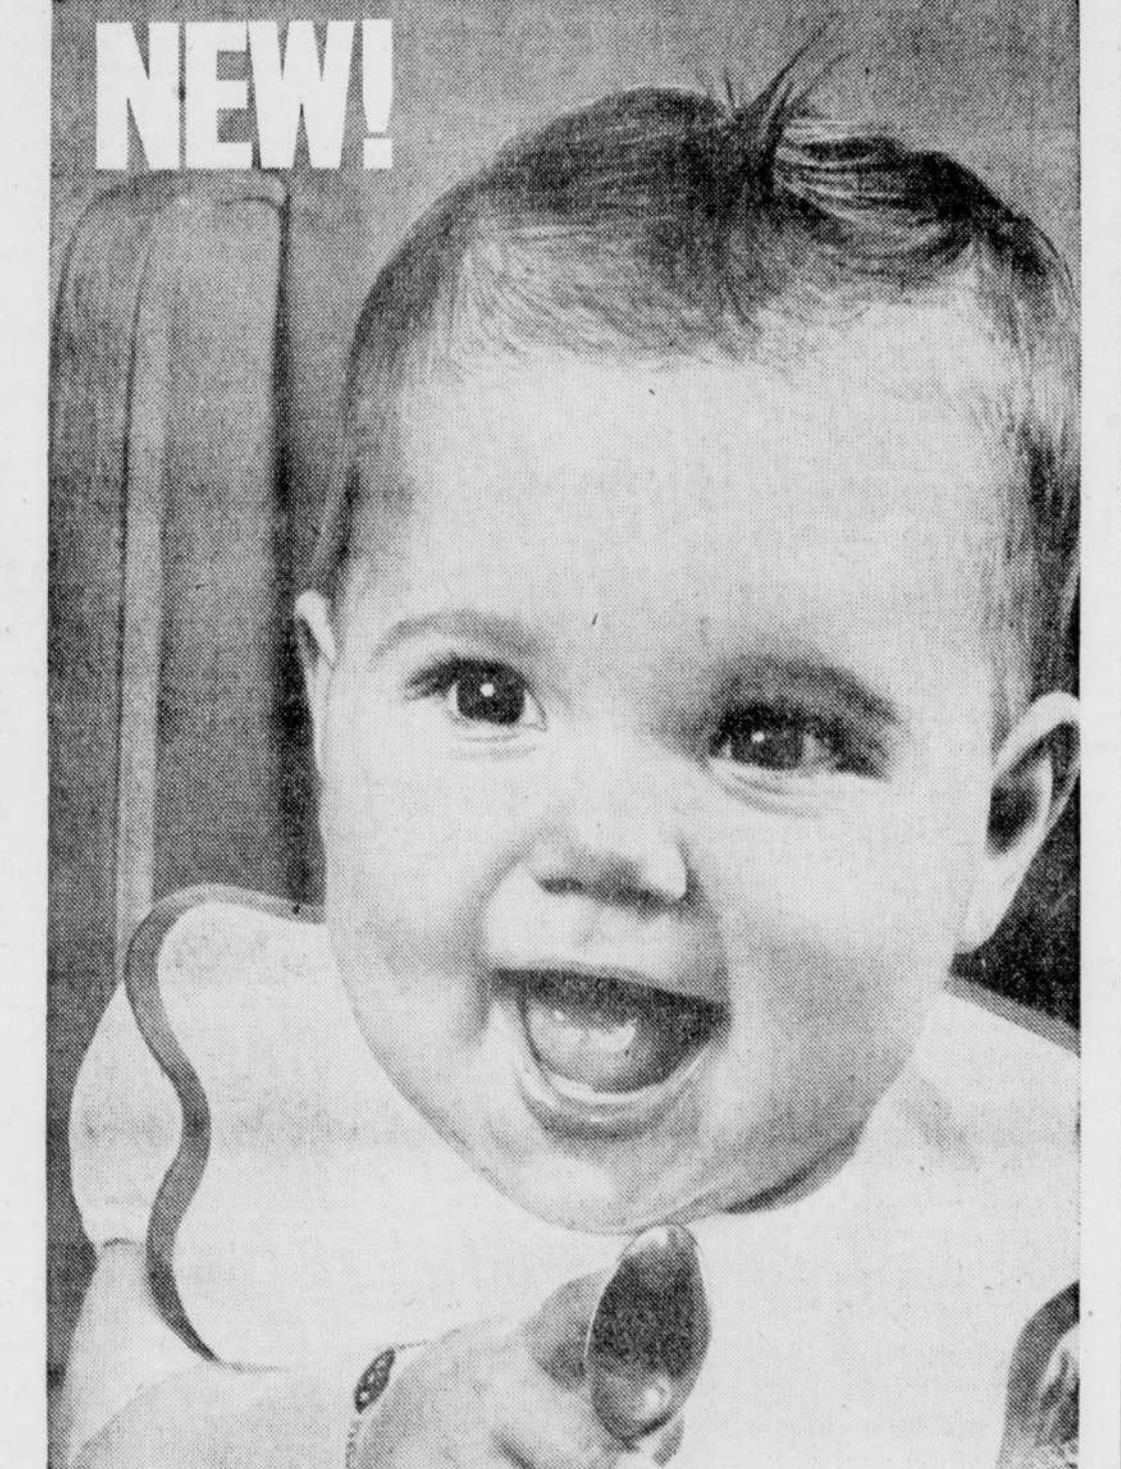

Oily or greasy stains — wax, cosmetics, shoe polish, crayon, chewing gum and greasy foods — are best removed with a household spot remover or dry-cleaning solvent.

Nylon carpet fibres are tough and durable. They can be scrubbed with good detergents and spots can be removed with any of the available home-cleaning solvents without fear of damaging the fibres. This fact alone accounts for the increasing use of nylon carpeting in stores, night clubs, restaurants, hotels and homes.

One further point about all good carpets. Their backing is mainly of jute — a fibre that will shrink if exposed to excessive moisture. Nylon won't shrink. But it is important to guard against too much liquid in your cleaning solution to prevent any damage that might otherwise happen to the carpet backing through shrinkage.

# Rockets Roll Over Beavers 9-2 To Take 2-1 Lead In Finals

## Black Hawks Faced With Monumental Task Of Beating Canadiens Tonight, Coach Pilous Looks For Better Game

CHICAGO (CP)—Coach Rudy Pilous, normally a mild-mannered fellow, sends his Chicago Black Hawks against the giant-like Montreal Canadiens in the fourth game of their Stanley Cup semi-final tonight, hoping his recent fuming and fussing will not go down the drain.

A loss would boot Hawks out of the best-of-seven series. A victory, most experts figure, would merely prolong the agony of having to face the highly favored Canadiens again.

Pilous was still annoyed today because the Hawks showed so badly in Tuesday's 4-0 loss. He charged defenceman Pierre Pilote and right winger Stan Mikita with not properly policing Billy Hicke when the Montreal rookie grabbed the puck and scored with a 20-foot shot midway through the first period to start Canadiens on a rampage.

"The Canadiens get one goal on us here in the stadium and we flatten out. That shouldn't have knocked us down. It should have inspired us before a home crowd. And in the last 12 minutes of play we get only one shot at (Montreal goaltender Jacques) Plante.

"We hit them in the first period and then we stopped hitting them. All I can say is that this was the first time this season everybody decided to have a bad game at the same time.

"We tied up their big guys, Jean Beliveau and Rocket Richard. Our checking line of Glen Skov, Eddie Litzenberger and Earl Balfour we used against Beliveau, Marcel Bonin and Bernie Geoffrion gave us 100 per cent effort. But that was about the only one."

Pilous then pondered Montreal's line of Hicke, Don Marshall and Ralph Backstrom, dubbing it the Joe Baloney trio.

Montreal coach Toe Blake, seeking a record fifth straight Stanley Cup, said Canadiens appeared sharper Tuesday than in their previous 12 games.

"This game is full of surprises. So when anybody asks me whether we'd like to play Toronto or Detroit in the finals, I tell them all we're thinking about now is Chicago."

Both clubs are in good shape. Bobby Hull of the Hawks, league scoring champion this season, has a bruise on his right leg but should be fit for tonight.

## Punch Imlach Apparently Switching Psychological Approach In Coaching Maple Leafs In Battle With Wings

TORONTO (CP)—Punch Imlach, the master of coaching psychology, apparently is changing his tactics.

The talkative Toronto Maple Leafs boss now says: "I don't know what the trouble is but I'll tell you something—I'm going to leave it strictly up to the players to win this series."

His Leafs are tied 2-2 with Detroit Red Wings as the teams prepare for the fifth game of their Stanley Cup semi-final here Saturday night.

It was just last Saturday that Imlach fired his team to its first victory of the series by tossing \$1,250 on the dressing room floor and telling the players it was the difference between winning and losing. Each player on the two Stanley Cup finalists gets at least \$1,250.

"I've pushed and fought as hard as I can, until I'm out on my feet," Imlach said Wednesday. "They've got to win this one on their own—that's all I have to say."

#### REPertoire EXHAUSTED

Imlach has used every trick in the book at one time or another to stir the Leafs to better efforts. His bribes and banter helped

them to a strong second-place finish in the regular National Hockey League season, but they have blown cold a couple of times in this series and must win two of the next three meetings with the Wings to reach the final.

Imlach once called the series to stop five games, but quickly stepped back from the prediction after Detroit won the opener 2-1. After the second loss, another 2-1 decision Tuesday night, he reversed himself completely.

Now the Wings appear inspired. They were fourth-place underdogs when the regular season ended—as were Leafs a year ago when they went on to win their semi-final against Boston Bruins.

Says Imlach: "These have been tough games, all decided by one goal. How can anybody say how they're going to go?"

Imlach, as usual had the facts going with him. All four series games so far have been one-goal wins, if you discount Bob Pulford's slider into the undefended Wings goal Saturday night. Wings goaltender Terry Sawchuk had been pulled for an extra forward in the last minutes of the game as Detroit trailed 3-2.

## Canadians Spent Nearly \$255,000,000 On Professional Sport In 1959, Says Canadian Bank Of Commerce Release

TORONTO (CP)—Canadians spent nearly \$255,000,000 or about one per cent of their disposable personal income on professional sporting events in 1959, says the Canadian Bank of Commerce's monthly letter.

The letter says most of the money was spent on three major sports—horse racing, football and hockey, with racing drawing about 95 per cent of the total. Ontario received the bulk of the money spent on racing—about 70 per cent. Nearly \$120,000,000 was bet

through pari-mutuel machines at thoroughbred tracks, while another \$80,000,000 to \$90,000,000 was bet at harness racing.

Quebec carried the greater part of the harness racing bets but figures for 1959 were not available.

Professional football followed as the second biggest drawing card with fans pouring in nearly \$6,000,000 to see the games.

Hockey drew nearly \$3,000,000 in gate receipts and other sources. The remainder was spent on other sports such as golf, tennis, baseball and professional wrestling.

By way of comparison the bank says that estimated expenditures on tobacco and alcoholic beverages in 1959 were about \$1,495,000,000 or more than six per cent of the estimated personal disposable income.

## Jack Illick Paces Attack With Two Goals, Rockets Blast Six Goals In Second Frame; Meet Here Sunday

Drummondville Rockets rolled to an impressive 9-2 victory over the Sherbrooke Beavers in the third tilt of the Eastern Townships Intermediate Hockey League playoffs. The win gave the Poliquin squad a 2-1 lead in the series and the fourth tilt is slated in Sherbrooke Sunday afternoon.

It was the second straight home victory for the Rockets as they posted a 7-1 win in the opening tilt. A packed house of 2,300 fans was on hand to witness the high-scoring affair. Jack Illick paced the onslaught with two goals while seven other players divided the others. For Sherbrooke Bob Bedard and Marcel Benoit saved the Beavers from a shutout.

The Beavers were playing with only three defencemen as Marcel Forgues was on the sidelines as well as Real Rousseau. The Beavers more than held their own in the opening frame but the roof caved in in the second as the Rockets blasted six goals by the over-worked Andy Pratte.

Bob Bedard opened the scoring in the game when he potted the rubber by Joe Lacoursiere assisted by Benoit and Richard Doyon. It was a lucky goal as the rubber jumped over Drummondville goalie's stick. Adj Cote was in the cooler when Maurice Bolvin registered the equalizer. Marcel Benoit blasted a screened shot by Lacoursiere before the end of the frame to give the Beavers a 2-1 lead.

In the second session the Rockets really opened with a blast. Poor covering and lax passing in their own zone cost the Beavers several goals. Three quick goals sealed the issue and put it out of reach of the Dube men.

Bedard had a good chance of getting a goal for the Beavers right after Illick had tied the score but his shot hit the goal post.

Following this the Beavers lacked their usual drive and team play. They just couldn't compete or keep up with the fast-stepping Rockets and Andy Pratte saw more rubber than he had for quite awhile.

The Rockets were all over the Beavers and Pratte just couldn't keep them away. Time after time he kicked out two and three shots in a row but finally a player would get the next one to drive it into the net.

In the third frame the Rockets knocked two more goals home. The nicest tally of the evening was witnessed in this frame when Biggs, Pepin and St. Jean staged a beautiful passing play before the latter registered the goal.

The Drummondville tilt broke away and flipped the rubber back-and-forth five times before getting the goal which Pratte never had a chance on.

The final ten minutes of the game was slow as the hot atmosphere of the rink was beginning to tell on both teams. Adj. Cote was robbed of a goal by Lacoursiere but this was the only good attempt of the Beavers. The Rockets held the upper hand right till the end of the game to post their big victory.

## Dave Nicholson, An Expensive Bonus Baby, Shows Promise At Orioles' Training Camp With Hefty Hitting

to overcome an 8-1 Philadelphia lead.

Johnny Antonelli of the Giants and Moe Drabowsky of the Cubs were well hit as each club scored five times in the first three innings. Willie Mays and Ernie Banks each hit his fifth spring homer.

Billy Monbouquette went the first six innings for the Red Sox and allowed only one earned run. The Sox got to Indian starter Gary Bell after he had pitched a perfect first three innings.

First it was Knoxville (205), then class B Wilson, N.C. (223) and class D Dublin, Ga. (227). He started 1959 at double-A Amarillo, but hit only 222 and it was on to Aberdeen of the Northern League where he finished out the season with a .298 average, 35 home runs and 114 runs batted in.

Now the 20-year-old right-handed power hitter is at Miami in training with the Orioles, and he seems to be closer than ever to Baltimore.

Against the Cincinnati Reds Wednesday, Nicholson homered 425 feet off lefty Jim O'Toole. He also singled and had three runs batted in, although the Orioles lost 12-9.

It was his second homer of the week. The other was off Whitey Ford of the New York Yankees. In other Florida games, St. Louis Cardinals defeated the Yankees 6-2, Los Angeles Dodgers whipped Milwaukee Braves 7-2, Chicago White Sox shaded Pittsburgh Pirates 4-3 and Washington Senators outlasted the Philadelphia Phillies 11-10. Kansas City and Detroit were not scheduled.

In Arizona, Chicago Cubs defeated San Francisco Giants 13-10 and Boston Red Sox stopped Cleveland Indians 5-2.

**96-RUN TOTAL**  
Ninety-six runs were scored in the seven games.

Mickey Mantle hit his first homer of the spring for the Yanks. But New York already had been throttled on three hits.

Larry Sherry went six strong innings for the Dodgers, allowing the Braves only four hits and two runs. Los Angeles' Wally Moon hit a bases-loaded double.

The defence-minded White Sox committed five errors, but still managed to hand the Pirates their second straight loss after 11 consecutive victories. Ted Kluszewski, with an eye on a return to full time playing at first base, had two hits for Chicago.

Bob Allison hit a three-run homer and Faye Throneberry had five hits, including a two-out, game winning single in the ninth, as the Senators collected 17 hits

## Mrs. A. Cousens Skips Her Rink To Victory In Bishop Bowl Fixture; Mrs. Holtham Wins Thompson Tray

Mrs. A. Cousens guided her rink to a 11-9 victory over Mrs. E. Nicol's quartet to win the Bishop Bowl. Mrs. Nicol was leading 9-8 when Mrs. Cousens tied the game on the tenth end and picked up two points on the extra end to win the game.

In the Thompson Tray competition Mrs. B. Holtham chalked up a 9-6 victory over Mrs. W. Laflamme's foursome after a close battle to win the round robin.

Mrs. R. Neville and her partner Mrs. Bea Bishop won the

Doubles Trophy by posting an 8-4 win over Mrs. L. Keeler and Mrs. J. Thompson.

## Hull-Ottawa Dumps Sudbury Wolves, 20-Minute Brawl Staged; Lions Edge Royals 4-3 In Overtime Battle

The two top teams in the season's standings suffered upsets in the Eastern Professional Hockey League's semi-final playoffs Wednesday night. There was also a 20-minute brawl involving scores of fans and players.

At Hull, Que., scene of the fight, the league-leading Sudbury Wolves were beaten 4-1 by Hull-Ottawa Canadiens. Trois Rivieres Lions, on home ice, beat the second-place Montreal Royals 4-3 in overtime.

Sudbury and Trois-Rivieres lead their best-of-seven series 3-1. The next games will be at Sudbury Friday night and Montreal Sunday.

Canadiens' first semi-final victory was one in which the home team was on the attack throughout, leading in shots on goal 37-23. After a scoreless first period, the Habs forged ahead 3-0 in the second.

Gillis Tremblay led Hull-Ottawa with two goals. Singles went to Bob Ellett and John Annable. Gerry Adrowski got the Sudbury goal.

The brawl broke out two minutes before the end of the game when Cleland Morrison of Sudbury and Canadiens' Bob Courcy exchanged blows near the Sudbury goal. About 100 fans poured on the ice to attack Sudbury players.

Canadiens' supporters also went after visiting fans. Sudbury players on the bench defended themselves with their sticks. A policeman was injured when his foot caught in a folding chair as he tried to quell the disturbance. Morrison and Courcy were given five-minute major and 10-

minute misconducts when the fracas ended.

Lions were losing 1-0 in the first period, but led 3-1 in the second. Two Royals' goals forced the game into overtime in which rookie Bob Cunningham scored the winning goal.

Other Lions' marksmen were Bob Sabourin, Dave Balon and defence Ted Hodgson. The Montreal goals were by Bill Sutherland, Moe Mantha and Wayne Connelly.

## Bob Altmann Signs With Alouettes

MONTREAL — General Manager and Head Coach Perry Moss of the Montreal Alouettes, announced today the signing of Bob Altmann, halfback, from the University of Wisconsin.

"Bob's tremendous blocking ability will certainly help the Alouettes this coming season. He's also a good head on defense," Moss said.

Altmann is 21 years old and packs 196 pounds on a 6' frame. He won three major letters in his three seasons with the Wisconsin team. In 1957, he played 237 minutes at right halfback and switched to left halfback in 1958 and played 207 minutes that year. In 1958, he gained 195 yards in 51 carries and during this last football season Altmann had a 4.7 yards per carry average. Also last year he intercepted 3 passes and returned them for 88 yards. In kick-off returns he had a 13.5 yard average.

Denison captain of Bishop's, with the league trophy while the rest of the team and coach Garth Smith are standing around. The champions are M. McCullough, J. Dando, B. Langford, R. Aylmer, A. Meredith, J. Garnie, N. Grosskunth, L. Hooker, L. Benson, J. Miller and L. Beattie. (Photo by Gerry Lemay)

### Amherst Ramblers Are Prepared To Advance In Allan Cup Playdowns

AMHERST (CP) — Amherst Ramblers, finding the financial going tough despite their newly-won honors in Maritime hockey wars, are prepared to meet the winner of the Hull Legionaires-Cornwall, Ont., series in the Eastern Canada Allan Cup semi-final.

Frank Porter, Amherst executive manager, said Wednesday "the picture looks bright." He said that public subscriptions had given the team about \$2,000 and that only \$1,500 more was needed to send the team into the semi-finals.

Ramblers expect to pick up the rest of the needed funds tonight when they meet a team of touring NHL players in an exhibition

game here. Advance sale tickets were moving briskly.

Some \$3,500 is needed to pay salaries. Transportation and living expenses for the series will be paid by the Canadian Amateur Hockey Association.

Porter said there was a possibility that the semi-final series would be played here. Officials of the Cornwall team have agreed to play the entire series here if they eliminate Hull. The series is now tied 2-2.

Hull wants the series played in Quebec.

"Naturally we'd be pleased to see Cornwall win under these circumstances," Porter said.

Ramblers, Maritime senior hockey champions, won their

### Duchess Shoe Shuts Out Jaycees 1-0 To Win Richmond Broomball Title; Asbestos To Stage E. T. Tournament

RICHMOND — Duchess Shoe copped the local Broomball title by blanking Jaycees 1-0 in the third game of their best-of-three final series last night at the local Coliseum. Emile Godue got the goal on assists from Claude Durocher and Denis Lacroix at about the fifteen minute mark of the final period.

Jaycees had the better of the play through most of the game but failed to capitalize on this advantage. Goalie Leo Provencher played a good game throughout the series which saw three shut-out wins ending 1-0. Jaycees took the first tilt, Duchess tied it up last Monday night and came back last night to win the championship by a similar 1-0 score.

Members of the winning team are Roger Martel, coach; Leo Provencher, goalie; Alfred Maurice, Jean-Claude Durocher, Raymond Asselin, Laurent Thibodeau, Roger Turcotte, Al Maurice, Denis Lacroix, Paul-Emile

Asselin, Emile Godue, Raymond Viger, Sylvio Viens, Gerard Martel. Club president is Fernando Belanger.

Duchess had a remarkable season, having lost only one game right through the playoffs and this came at the hands of the Jaycees in the first playoff tilt last week.

The locals will enter a team in the E.T. Broomball Championship tournament which is slated Sunday April 3 at the Civic Center in Asbestos. Officials at the Center decided to run a tournament to decide an E.T. champion team. In event of too many entrants, the tournament will start Saturday to determine the eight teams who will qualify in the finals. Twelve players make up a team and each game will be played in 15-minute periods, allowing five minutes rest between each period.

Winners will receive a souvenir or trophy with each player being the recipient of a souvenir given by the organizers.

### Provincial Darts Championships To Be Held In Asbestos Sunday, Large Entry Is Expected For Annual Event

RICHMOND — George Berwick, president of the Richmond Zone of the Southern Eastern Townships Dart League (SETDL) announces play for the Provincial Darts Championships will commence Sunday April 3.

The trophy at stake is the Dart Import Trophy, won last year by the Richmond Zone. The locals beat out the Montreal

### Jr. Canadiens Belt Monties In Cup Match

BROCKVILLE (CP) — Brockville Canadiens came up with four third-period goals to whip Ottawa - Hawkesbury Montagnards 5-1 in an eastern Memorial Cup semi-final here Wednesday night.

The win gave the baby Habs a 2-0 lead in the best-of-five series. They won the first 3-1 Monday.

The winner of the round advances against the winner of the Toronto St. Michael's - St. Catharines Teepees Ontario Hockey Association junior A series for the right to meet the western champions in the Memorial Cup finals.

### Vancouver YMCA Edge Windsor

VANCOUVER (CP) — Vancouver YMCA staged off elimination Wednesday night by scoring a 77-75 victory over Windsor AKO in the third game of the best-of-five Canadian junior men's basketball championship.

Windsor leads the series 2-1 with the fourth game Friday night.

Guard Ray Nosella drove in for the winning basket with 16 seconds remaining and added an insurance point when fouled on the play.

Windsor, seeking its first championship in four attempts, led from the opening whistle until Hunter Candlish hit from the left of the key with five minutes to play to give YMCA a 64-63 edge. The lead changed hands six times before Nosella canned the winning points.

REMEMBER WHEN . . . Bob Gracie fired the winning goal after 17 minutes of overtime to give Toronto Maple Leafs a 3-2 win over Montreal Maroons 28 years ago tonight. That put Toronto into the Stanley Cup final against New York Rangers, and Maple Leafs won three straight. The second game of that final series was on neutral ice at Boston, since a circus had moved into Madison Square Garden.

"DID YOU MEMBER TO TELL YOUR WIFE THAT I LIKE SWEET PICKLES BETTER 'N SOUR ONES?"

**Three Villages Happenings**

The Misses Madeleine and Pierette Poisson have returned to their home in Rock Island after a three weeks' tour to Mexico City and several other points of interest.

Mrs. John Grady and twins, Bruce and Heather, of L. G. Hanson Field Base, Mass., are visiting her parents, Mr. and Mrs. George Gaffield, Derby Line. S/Sgt. John Grady will also be spending a few days in Derby Line, prior to their departure on April 15 for Wethersfield, England, where he will be stationed for the next three years.

Miss Lena Gustin, Ayer's Cliff, visited her sister, Mrs. Ora Gill, Rock Island.

Mr. and Mrs. J. D. Ferguson have returned to Stanstead after holidaying in New York and Daytona Beach, Fla.

Mr. and Mrs. Harold Cass, Stanstead, were in Sherbrooke, where they visited her father, Mr. Willard Rexford, of Ayer's Cliff, a patient in the Sherbrooke Hospital.

Mr. E.P. Lyon of Ayer's Cliff was a visitor at the home of his son-in-law and daughter, Mr. and Mrs. G. Gaffield, Derby Line.

Miss Faye Channell, Montreal, spent the weekend with her parents, Mr. and Mrs. H. Channell, and family, Stanstead.

Friends of Mrs. Rudolph Racine, of Derby Line, a patient at Orleans County Memorial Hospital, Newport, will be pleased to learn she is gaining nicely.

Guests of Mr. and Mrs. W.H. Davis, Rock Island, were Mr. and Mrs. Howard Hills, Mr. and Mrs. A. Snow and two daughters, Sharon and Wendy, all of Richmond; Mr. and Mrs. Earl Davis, North Hatley, Mr. Graham Griggs, Sherbrooke; Mr. and Mrs. Thomas Bowen, Sharon, Sheila and Susan.

Mr. and Mrs. E. H. Keast and daughter, Beverly of Ottawa, Ont., were weekend guests of Mrs. Keast's sister, Mrs. William Denney, Mr. Denney and family, Rock Island.

**More and more T.V. viewers enjoy life at its best!**

No matter what show is on, after that first sip of O'Keefe Ale you'll sit up and take notice . . . notice that it's mild-tasting. The mild taste of O'Keefe Ale is natural—brewed right in with costlier seedless hops. Try it once and you'll know what mildness means.

Change to O'Keefe—and enjoy life at its best!

Drink O'Keefe... the Mild ale!

**Richmond I.O.D.E. To Award Prize In Grade X At St. Francis High**

RICHMOND — The monthly meeting of Udoolphus Lord Ayimer Chapter, I.O.D.E., was held in the Legion Hall with 18 members present.

Mrs. V. R. Beattie reported on the bequest from the estate of the late Mrs. Caesar and it was decided that a Government bond be bought which would mature in three years and that a prize be given to the Grade X pupil in St. Francis High School who has the highest marks for the whole year in literature and composition and who intends to go on to Grade XI.

Mrs. P. Smith reported a new shipment of wool on hand and seven pairs of socks turned in. The treasurer's report showed a substantial balance in the bank and all bills were ordered paid. The report on the recent play, Hay Fever, showed a nice profit.

Correspondence consisted of thank-you notes for cards and fruit and a letter from the Provincial Chapter regarding the annual meeting to be held in Quebec City on April 27 and 28. The regent, Mrs. J. S. MacNaughton gave a report of the executive meeting she attended recently at Montreal and also read extracts from a pamphlet, Ideology and Co-Existence. Miss H. Boast read an article on The History of Frofisher Bay.

Refreshments were served by the hostesses, Mrs. J. S. Curtis and Mrs. Spence.

Flowers placed in St. Ann's Church on Sunday were in loving memory of Mrs. Ada Nixon, given by her son and daughter-in-law, Mr. and Mrs. E. C. Nixon, and children.

Mr. and Mrs. Ellery Semple and family, of Danville, were recent guests of Mr. and Mrs. C. Gunter Jr. and Mrs. Hazel Semple.

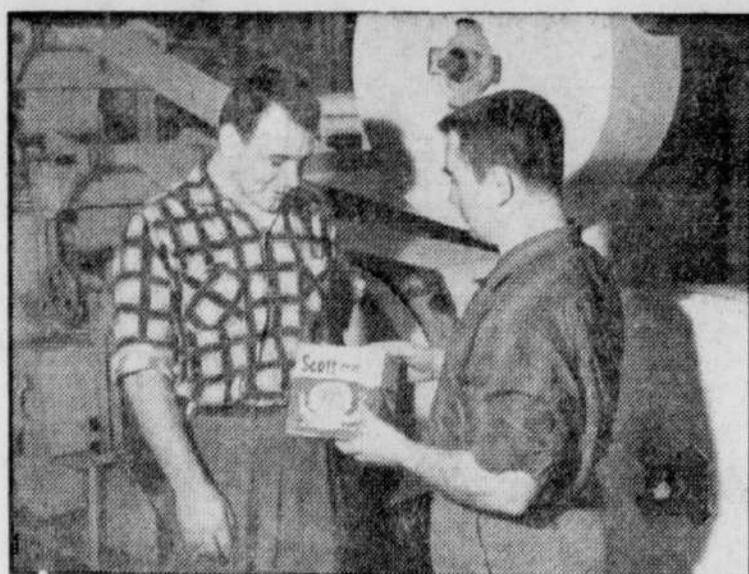

Mr. and Mrs. Allan Boa and daughter, of Three Rivers, have returned after visiting Mr. Boa's parents, Mr. and Mrs. William Boa.

Mr. and Mrs. W. H. Findlay and son, William, of Montreal, were guests of Mrs. E. Hamilton.

Mr. and Mrs. M. Discairie, of Dorion, were recent guests of Mr. and Mrs. R. A. Marcotte.

The flowers placed in the Richmond and Melbourne United Church on Sunday, March 13, were placed in memory of Mr. Phillip Gagnon by his wife.

Miss Marjorie Boast, a staff member of the Bank of Nova Scotia in Montreal, who has been on the sick list at the home of her parents, Mr. and Mrs. G.A. Boast, is now able to be up and around.

**Another Step Forward in the Progress of Quebec**

... a new \$2,000,000 paper machine at the Crabtree Mills plant of Westminster Paper Company

Last Saturday afternoon the Premier of Quebec, the Hon. Antonio Barrette, set in motion the huge third paper machine just completed at the Crabtree Mills plant of Westminster Paper Company.

The new machine will result in substantially increased production of Westminster household and industrial paper products. Thus another step in the economic progress of the province expands employment and business opportunities for the many people engaged in the manufacture and distribution of paper products.

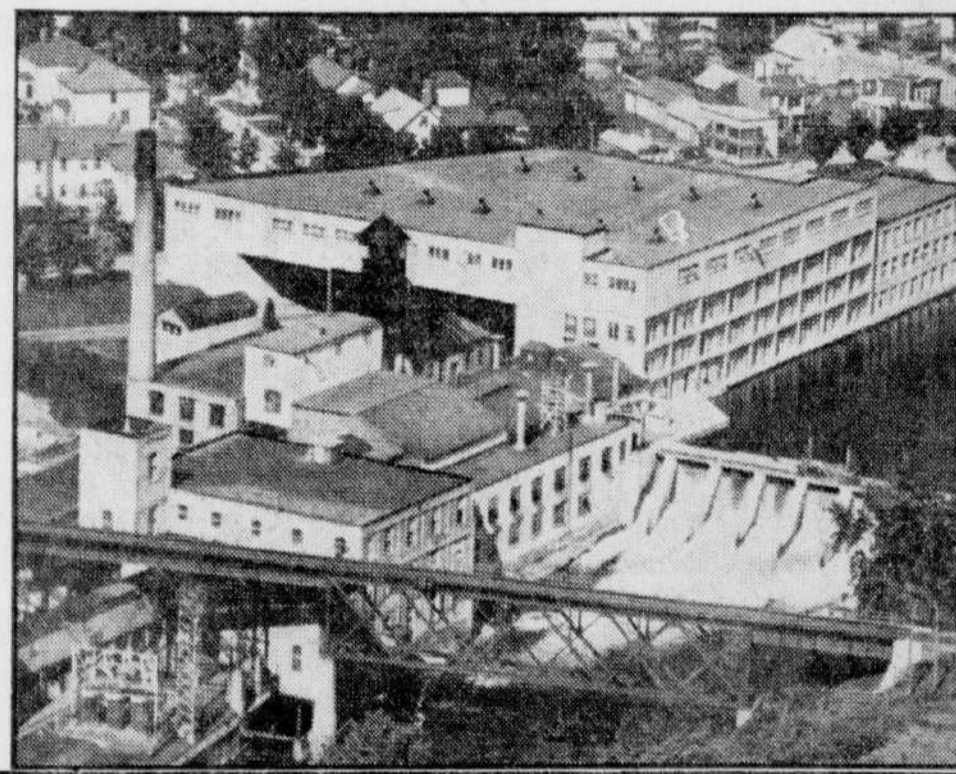

In these days when you are looking for things that make for more convenient and pleasant living, the Westminster paper products at the left represent the best in quality and new usefulness available anywhere in the world.
