LAPRAIRIE.

An extensive municipal village and parish on the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seignior and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1670. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of

The Fire Association of London

"Standard Building," St. James St., Wm. Robertson, General Manag. E. P. Heaton, Fire Supt.

New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also talked of. The aqueduct, is now giving a very good service to the village, and the work of putting up pipes is being done very rapidly in the different streets. The pressure of water in case of fires is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances has also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of village 1,550; of parish 2,200.

(Incorporated in 1876.)

A town adjoining the City limits of Montreal, in the seigniory of Montreal, county of Hochelaga, district of Montreal. This municipality is governed by a Mayor and Corporation. A permanent fire and police force is maintained. The Corporation purchased the old St. Jude's church, which they have converted into a handsome town hall, with commodious offices for the secretary, water works, court room, fire station, and a large hall for public meetings, as well as a private residence for the Chief of Police. The town contains two churches, one Roman Catholic and one Protestant; three schools, two Catholic and one Protestant. It also possesses some extensive industries, the most important of which are the Montreal Rolling mills, the Monn Saw mills, Davidson's Stamping works, Amesse foundry, Luttrell's Cracker factory, Findlay's foundry, Henuault's Ice house, Lapierre's preserve factory, Bourgoin & Thibault's sash & door factory, and McCaskill's varnish works. TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City Limit of Montreal, and formed by the amalgamation of the former villages of Tannery West and Coteau St. Augustin. The Town of St. Henry is situated in the seigniory of Montreal, county of Hochelaga and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the St. Joseph street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of St. Henry and St. Bonaventure streets, at the cost of \$25,000. Building is being prosecuted
