20,000 Germans Killed In Offensive To Free Leningrad From Siege

Drive Blasts Through Intricate Maze of Fortifications Ringing Leningrad's Suburbs—Fighting Reported Continuing With Unabated Violence Just South of Besieged City.

London, Jan. 20. — (P) — The Berlin Radio announced today that German troops had evacuated the City of Novogorod, 100 miles South-east of Leningrad, which the Russians previously had reported virtually isolated by their smashing new Northern offensive.

The announcement, made by D. N.B., official German news agency, said fighting also was continuing "with unabated violence" just South of Leningrad and South of Oranienbaum, the Russian bridgehead on the Gulf of Finland West of Leningrad.

Yesterday's Russian communique told of twin drives launched by the Red Army to free Leningrad entirely from a siege of two and a half years.

One drive smashed 12 miles forward, engulfing the fortresses of Kravoye Selo and Ropsha, and blasted through an intricate maze of fortifications before running up against a second line of equally strong permanent defences ringing Leningrad's suburbs.

The second offensive, co-ordinated with the first, carried the Red Army 19 miles across three strategic railways in the Volkhov River-Lake Ilmen area 75 to 100 miles South of Leningrad.

This second drive, on a 31-mile break-through in the Nazi line North and West of Lake Ilmen, threatened to bring the Russians behind the Germans who face Leningrad. Already Novogorod, ancient trading centre on the Volkhov River, has been outflanked both to the North and South.

In the push immediately before Leningrad, the Russian communique said 20,000 Germans had been killed since Saturday. In addition to recapture of the two fortresses, the Russians took Peterhof, summer home of the Czars, captured more than 1,000 Germans, smashed seven German divisions and took many of the great 16-inch guns with which the Nazis shelled Leningrad.

On the Volkhov front North of Novogorod and on Lake Ilmen directly South of the city, the Russians announced that Gen. K. A. Meretskov's forces had cut the Leningrad-Novogorod direct rail line at Bolotnaya, a more easterly line at Podberezhye, and both the highway and Shkims to the Southwest.

To celebrate the Northern triumphs, Premier Stalin ordered a 20-round salute from 224 cannon in Moscow last night. Units which took

TWO YUGOSLAV FACTIONS MEET IN CAMPAIGN

By ROSS MUNRO

London, Jan. 20. — (P) — The struggle in Yugoslavia, the principal seat of organized resistance to the Germans inside Europe, crystallizes into a conflict between the new and the old.

Marshal Tito and his Partisan Army, supported by the Allies, is the military expression of a new order which has obtained an unusual unity among Slav people. Tito's provisional government is the political expression.

On the other hand Gen. Draza Mihailovic represents the old order of Serbian leadership and domination in Yugoslavia. The concern of the Partisan force has been essentially Serbian. The Yugoslav Government-in-Cairo in which he is War Minister is an old-order government.

Balkan authorities here in London say he has never been representative of Yugoslav opinion. As constituted at present it is only a group of appointed officials.

This clash of interest between these two factions is no insignificant Balkan squabble exaggerated by propagandists. The concern shown by the three great Allied Powers in the Yugoslav affair and their interest in the fight against the Germans in that country is proof enough of the importance of the issue.

The Allies' immediate aim undoubtedly is to maintain and encourage military resistance in the Balkans. This would be of immense help to Allied troops who might be sent into Yugoslavia or Greece in the final attack on Europe.

Unless Tito's Partisans are crushed by a really strong German military effort, which seems highly improbable considering Nazi commitments at the moment, strong Allied support is guaranteed in Yugoslavia. In Greece there are two guerrilla bands, much smaller than anything in Yugoslavia. They have practically ceased fighting the Germans and now are fighting each other, which has been a triumph for German political warfare.

The Greek Government in Cairo and King George of Greece are doing their utmost to promote unity between the groups. There also some guerrilla activity in Bulgaria with Russian backing.

In the long run, however, the Allied view goes deeper than this military aspect. British foreign policy in this regard is broadly to restore

One evidence of such pressure is a letter sent to council members by an official of the A. F. L. United Auto Workers, who said that many members of the C. I. O. United Auto Workers, the world's largest union, held Lewis in great respect and that his return to the A.F.L. would start an A.F.L. movement among that union of more than 1,000,000 members.

One important angle of the Lewis-Green meeting is that Green held the balance of power on the miners' application at the Council meeting in Chicago last August. A motion to accept the U. M. W. back into the Federation on the same basis on which it left failed then for want of a majority. Green could have broken the 6-6 tie, but he did not vote.

There are conflicting interpretations, however, of the effect of that motion. Some who voted "no" say the motion would not have expedited the miners' return at all, but blocked it. They point out that it would have set specific terms for Lewis' return, and therefore left no room for negotiation. These individuals deny that their "no" vote means that they do not want the U. M. W. reinstated.

Canadians Repulse Attack—Take Prisoners

Writing glorious chapters into the history of the war, Canadian troops in Italy have met the flower of the German Army and sent enemy divisions reeling back after grim battles. These two pictures, just in from Italy show two phases of the fight. Left—The war is over for these German soldiers captured by Canadians on the Italian front, and Cpl. W. R. Hardy, of Winnipeg, is telling their Sergeant-Major in fluent German how they should behave on parade. Right—The Canadian soldier shown crouched at the corner of the building, had the road covered during a German counter-attack repulsed by Canadians near San Leonardo. (Canadian Army Overseas Photos).

DESTROYER IS TAKEN OVER BY CANADIAN NAVY

Complete Canadian Crew Takes Over Newly Commissioned Chaudiere in Historical Ceremony at Portsmouth, England.

Ottawa, Jan. 20. — (P) — To the skill of bagpipers played by a Nova Scotian seaman in the shadow of Nelson's "Victory," H.M.C.S. Chaudiere, refitted and converted Fleet Class destroyer was commissioned with an all-Canadian crew in historic Portsmouth dockyard, and will go into service with Canada's River Class ships on the convoy sealanes of the North Atlantic according to an announcement by the Minister for Naval Services, the Hon. Angus L. Macdonald, Commanding officer of this specially-equipped anti-submarine destroyer is A/Lt. Cdr. Patrick Nixon, R.C.N., of Victoria, B.C.

First of two additional destroyers of this type to be fitted for convoy escort and anti-submarine duties H.M.C.S. Chaudiere, the former H.M.S. Hero, brings to five the number of these ships taken over within the past year, her predecessors being "Kootenay," "Ottawa," "Gadagau," and "Saskatchewan." Another H.M.S. Foxhound, will be commissioned shortly as H.M.C.S. Qu'Appelle.

Not an officer or man in the first ship's company is over 30 and the average age is in the early twenties. Drawn from every province in the Dominion, the crew list reads like a roster of the races who are building Canada today. In addition to these 30 British-born there are more than 30 French-Canadians and a number of names of New Canadians representative of half the countries in Europe. Many of the crew are trainees who have qualified for sea service from the great R.C.N. training base at Deepbrook, Nova Scotia.

First Canadian ship ever to be commissioned in this famous dockyard, "Chaudiere's" crew, with H.M.S. Victory close alongside, were alive to the spirit and traditions to which they had fallen heir. That every man would do his duty was evidenced by the alert bearing of the youthful officers and men from Canada as they mustered for the brief commissioning ceremony. Here where history had been made so often they were proudly conscious of opening a new chapter in the long story of the British Commonwealth.

Bourque Asks Successions Tax Receipts

Quebec, Jan. 20. — (P) — A question by Johnny Bourque (U.N., Sherbrooke), regarding receipt or collection by the Provincial Government "of succession dues on rights, shares or debentures issued by the Montreal Light, Heat and Power Consolidated" was inscribed on the agenda paper of the Legislative Assembly for today.

Mr. Bourque's question read as follows: "From January 1, 1902, inclusive, to January 18, 1944, inclusive: "1.—Did the Provincial Government receive or collect succession dues on rights, shares or debentures issued by the Montreal Light, Heat and Power Consolidated or by the Montreal Light, Heat and Power Company?"

"2.—At what price were the said rights, shares or debentures evaluated by the officers or employees of the Provincial Government for taxation purposes?"

TO DIRECT RE-ESTABLISHMENT Quebec, Jan. 20. — (P) — Maj. Stephane Boily of the Federal Department of Agriculture, has been appointed Superintendent of Quebec Soldiers Rural Re-establishment. It was announced at the Legislative Buildings today.

Maj. Boily is a veteran of the First World War and well known in Quebec agricultural circles. His appointment was made by the Federal Civil Service Commission.

BRITISH DESTROYER LOST London, Jan. 20. — (P) — The Admiralty announced today loss of the destroyer Tynedale, a new ship completed in 1940.

A member of the Hunt class, the Tynedale displaced 994 tons and was armed with four-inch anti-aircraft guns and eight smaller guns. No further details are available.

SEVERE LOSS INFLICTED ON JAP SHIPPING

Three Big Merchant Ships Sunk and Five More Damaged in Simpson Harbor at Rabaul by Allied Torpedo and Dive Bombers.

Allied Headquarters, New Guinea, Jan. 20. — (P) — Forty Allied torpedo and divebombers covered by sixty fighters smashed through heavy Japanese plane interception and anti-aircraft fire to sink three big merchant ships and damage five more in Simpson Harbor at Rabaul, New Britain, Monday, an Allied communique reported today.

More than 100 enemy planes tangled with the raiders in the assault, the communique said. Eighteen of the Japanese planes were knocked down and probably fifteen more. Allied losses were ten fighters, one divebomber and one torpedo plane.

Besides the three ships which were seen to blow apart and sink, two others were left burning and probably sinking while three more were seriously damaged, the communique said. Some returning pilots expressed belief six ships were sunk.

Pitching their attack at low level, the Allied planes hurled 1,000 and 2,000-pound bombs to score hits on every vessel in the harbor. The planes came from fields recently completed at Bougainville in the Solomons, and pilots described the assault as the most devastating air blow ever made by land-based planes on shipping at the enemy's big base.

(Japanese Imperial Headquarters version of the raid, as reported by Tokyo radio, said around 200 American planes came over Rabaul and 102 of them were shot down, but the raiders sank two vessels).

Member For Shefford, In Seconding Address In Legislature, Urged Age Of Compulsory Education Be Raised

Quebec, Jan. 20. — (P) — Rene Chalouit, M.L.A. for Lotbiniere and sole Bloc Populaire representative in the Legislative Assembly, today will resume debate on the motion to adopt the Address in Reply to the Throne Speech while the Legislative Council stands adjourned after having adopted yesterday's Address in Reply to the Speech from the Throne.

The adjournment of the Legislative Assembly by Mr. Chalouit yesterday came unexpectedly after both Premier Godbout and Opposition Leader Maurice Duplessis had agreed to pass the motion to adopt the Address in Reply to the Throne Speech.

Mr. Chalouit stood up after Mr. Duplessis had said "carried" and, seconded by Fernand Chevalier, Liberal member for Montmagny, suggested that sitting of the Legislature be adjourned until 3 p.m. today so that he may resume the debate.

Claude Jodion, Liberal member for Montreal St. James, said in moving the Address yesterday that the youth of the province, "apt to realize great things," was asking for means to educate itself.

He said the Government was planning reforms "which will meet the views of all those anxious to better our educational system," and added that the Government of the province "is ready to direct the youth of Quebec in specialized teaching schools."

He also foresaw the day when industrial centres of the province "will be dotted with workers' cities" and said he considered the dwelling problem of "first importance."

Mr. Jodion said the set-up of a provincial hydro "is the only solution for the problem of lower rate and rural electrification," and added that the nationalization of public services "will not hinder private initiative" and will permit electricity rates "similar to those of the neighboring Province of Ontario."

The mover of the Address suggested the uniformity of salaries paid to employees of similar industries and other commercial enterprises and said the creation of the

Health Insurance Commission "provided necessary to face social problems of the hour."

C. M. Bullock, M.L.A. for Shefford and second of the Address, thanked the population of the province for having enforced compulsory education, but said he "would like the age of compulsory education to be raised from 14 to 16 years old."

The Legislative Council yesterday was adjourned until Feb. 17 after its 24 members passed the motion to adopt the Address in Reply to the Throne Speech, moved by Hon. J. E. Moreau of Lauzon Division and seconded by Hon. Robert R. Ness, Inkerman Division.

Those participating in the debate, besides the mover and the second, were Government Leader Philippe Biais, Union Nationale Opposition Leader Sir Thomas Chabais, Cyrille Vaillancourt, Liberal, of La Durantaye Division, and Col. Wilfrid Boyce, Liberal, Rougemont Division.

All speakers stressed the importance of agriculture and the attachment to the soil of the people of the province. Mr. Moreau said "We should continue to place our confidence in the Government who made our country what it is today and who already has given numerous proofs of its ability and political sense."

Mr. Ness said agriculture "is striding ahead at the same time as all other branches in our province" and suggested practice of "mutual assistance" to attain "our objective."

Sir Thomas Chabais said agriculture "is the basic and fundamental industry of Canada, and more particularly of Quebec, and we should always be proud of this and should never believe nor even listen to pessimistic predictions about it." He also voiced the hope that victory and peace would be achieved in 1944 but said the people "will have to make still more and greater sacrifices in the next few months."

Mr. Biais, last speaker on the debate, said that the programme of the Government, as outlined in the Throne Speech, "is so sound, carefully prepared and well thought out that it cannot help but be of considerable benefit to this province and its people."

WOMAN IS SHOT IN MYSTERIOUS HOTEL ASSAULT

Chicago, Jan. 20. — (P) — Mrs. Frank Starr Williams, 55, wealthy and socially prominent wife of an attorney of the State Department in Washington, was reported near death today following a mysterious shooting in her hotel apartment last night. Mrs. Williams was shot in the head by an unidentified woman she described as "middle-aged and well-dressed."

There was no apparent motive for the shooting, police and State's Attorney investigators said. Officers obtained accounts from the wounded woman before she lapsed into a coma and from her daughter, Mrs. Patricia Goodbody, 28, also a target of the assault.

Police said members of Mrs. Williams' family, including her first husband, Edgar R. Born, wholesale clothing company executive, and a second daughter, insisted they knew of no persons who would want to harm her. Williams, commercial attaché of the U.S. Embassy in Tokyo from 1933 to 1942, arrived here from Washington early today.

Examination of Mrs. Williams showed a bullet had gone through the right side of her head, fractured her skull and became imbedded in the back of her head.

Shortly after Mrs. Williams and her daughter returned to their apartment early last night, a woman, about 45 years old, emerged from behind a bathroom door and pointed a gun at Mrs. Goodbody, she told police.

"I ducked, covering my face with my hands," she said. "Then she fired. The bullet hit near me."

The gunman then ran into the living room and fired two shots at Mrs. Williams. Mrs. Goodbody said the assailant left the apartment and she ran into the hall to summon help.

Mrs. Williams, in Chicago visiting her daughters, told police as she was placed in an ambulance: "I never saw her before. I can't understand it at all. She just came."

Empire Aviation To Be Expanded

London, Jan. 20. — (P. Cable) — The Empire will end the war stronger than ever, Lord Beaverbrook said yesterday in an address to the House of Lords on post-war civil aviation in which he said "it is our aim to make civil aviation a guarantee of international solidarity and the mainstay of world peace."

There are vital issues of post-war flying for which it will be necessary for the great powers to prepare a preliminary agreement, said Lord

Strengthen Garigliano River Line

Advancing 5th Army Forces Have Enveloped Villages of Argento, Tufo and Suio—German Opposition Reported Severe Along Entire Front.

London, Jan. 20. — (P) — The German Radio announced today the evacuation of Minturno to the Allied 5th Army, driving up the Apennine way toward Rome.

"On the South Italian front the enemy yesterday again launched heavy attacks against the German Western wing. After violent fighting the Germans abandoned Minturno," a D.N.B. broadcast announced. Minturno is 76 air line miles from Rome.

Aigiers, Jan. 20. — (P) — British troops of the 5th Army have enlarged their bridgeheads above the Garigliano River to three miles in depth at places, capturing three villages, and today are storming the outskirts of Minturno.

Allied headquarters announced the advancing forces have enveloped the villages of Argento, Tufo and Suio. Capture of Tufo carries the thrust across the Apennine Way — ancient road to Rome — and within a mile and a half of Minturno itself.

German opposition was reported severe all along the front of at least seven miles where the British began their drive with a night attack Monday.

In the area North of Cassino, now under fire of United States artillery, American patrols again crossed the Rapido River to probe German defences there. Still farther inland French troops of the 5th Army made contact with the enemy, but no details were announced.

The Allied communique did not mention the Adriatic front where correspondents in the field reported that a full blown battle had developed following a one-day thrust Monday by Canadian troops at the German defences South of the Arielli River guarding the road to the Port of Pescara.

Yesterday Douglas Amaron, Canadian Press War Correspondent, reported that the Canadians returned to their original positions after the Monday attack during which they attained some of their objectives and erased a number of German strongpoints — heavily-defended houses in the fields South of the Arielli.

The British encountered minefields, fire from machine-guns placed in caves and on heights rising from the stream and a sheet of artillery

Labor Leaders In Secret Meeting After Eight Years' Estrangement

By JOSEPH A. LOFTUS, Associated Press Staff Writer, Miami, Fla., Jan. 20. — (P) — After an eight-year estrangement, John L. Lewis and A. F. L. President William Green have met secretly on the question of readmitting Lewis' United Mine Workers to the A.F.L., it can be revealed today.

Green and Lewis parted company when Lewis founded the C.I.O. in 1935. The break was confirmed a year or so later when Lewis had Green expelled from the miners' union. After that, their speaking terms were epithets at long range.

The ultimate results, and the details of their meeting remain to be disclosed. It cannot yet be called a reconciliation.

Green refused to discuss it. This much is known: the meeting was held in Washington recently, strictly on an off-the-record basis. The conference was not sought by Green. It was proposed either by Lewis or by an A.F.L. intermediary who was interested in expediting the return of Lewis to the Federation. There is evidence of pressure being brought to bear in Lewis' favor, not only by his friend on the A. F. L. executive council, but by leaders of A. F. L. unions who are pressuring the Council

London.—Gen. Dwight D. Eisenhower and Air Chief Marshal Trafford L. Leigh-Mallory, his invasion air commander, were received in audience by the King at Buckingham Palace today.

London.—The German-controlled Paris Radio said today that Turkish Premier Sukru Saracoglu had granted an interview yesterday to Franz von Papen, German Ambassador to Turkey. Several other members of the Turkish Cabinet attended the meeting, the broadcast, which was recorded by The Associated Press, said.

Stockholm.—The Berlin correspondent of the Swedish newspaper Aftonbladet said today that American Forces were being landed at a number of points along the Gulf of Gaeta, behind the German line on the West Coast of Italy.

There has been no official confirmation, and as a similar unconfirmed report emanated from enemy sources Tuesday the Aftonbladet correspondent's dispatch may have been a delayed version of that report.

9 ARRAIGNED FOR THEFT AT TEXTILE FIRM

Nine former employees of the Dominion Textile Company — eight men and a woman — were arraigned before Justice of the Peace Hertzberg at the Court House this morning on charges of theft. All accused were remanded until Saturday morning when they will appear before a District Magistrate.

Charges against the accused arose in connection with a series of thefts of cotton material which date back as far as 1940, according to company officials. Investigators of the firm conducted a lengthy probe which led to the apprehension of the nine persons involved.

Although no further details were released regarding the thefts of

VICTORY BONDS PURCHASED BY IMPERIAL LIFE

Directors' report for 1943 at the annual meeting of the Imperial Life Assurance Company shows a considerable growth in new assurances issued and old assurances re-instated.

Premium income is also growing that it will be gratifying to policyholders to learn that practically all the company's available funds for investment purposes are used to buy Victory Bonds of which \$12,000,000 worth was bought in 1943.

Payments to living policyholders compared with death claims were in the ratio of two to one showing that thrifty Canadian are turning to insurance to make provision for their old age.

That the company's assets are invested primarily in the interests of policyholders is shown by a total of 75 per cent invested in bonds and debentures, mostly governmental, and 4 per cent in bank stocks and other very carefully selected securities. The balances are largely in first mortgages and policy loans.

the liberties of these countries, great and small, so they can play their part in the new Europe.

From this could stem the great political question of Balkan unity, as delicate a problem as there is.

Tito's Partisan movement may be the cradle for new-born unity which Balkan States have often sought but failed to achieve in any permanent degree.

Already the struggle against the Germans has brought unity among a broad section of the common people in Yugoslavia. It had its germs in the unity of the underground movement, but nurtured by the groups that rose to oppose the Nazis in pitched battles and blossomed in the Tito Partisan movements.

The unity has been achieved principally by the elements of the left. While Tito is a Communist and many of his associates are Communists it appears from information available here that the broadest section of his movement is not outright Communist but rather adheres to a type of Agrarian Socialistic creed.

Britain and her Allies are concerned about the solidarity and permanency of the political and economic structures of European countries after the war. The present indications are that the Leftist movement, which has fought valiantly against German tyranny, will provide for the Balkans the first foundations based primarily on the unity achieved in the anti-Nazi struggle.

Few ships' companies in the Royal Canadian Navy can muster such an unusual combination of names. Every man is a Canadian but many trace their ancestry back to distant sections of the world. England, Scotland, Ireland, Russia, Poland, France, Norway, Sweden and Denmark are all represented. before and after that conflict. Although retired from the active pastorate since 1933, after nearly half a century of service to the Anglican Church, he remained a prominent figure in church matters until his death.

Archdeacon Scott was up to the last an avid follower of world events, and for years he was a staunch advocate of close Anglo-American relationship, with Canada in the role of mediator, urging this path as early as 1936 in an impassioned letter to the New York Times.

Like all true men of God, he hated war, but recognized its necessity both in 1914 and 1939. During the first war he issued an appeal for volunteers from the trenches Overseas, saying: "To shirkers at home, nothing but hisses are due. I never want to take the hand of any man who is physically fit and has not volunteered to come to the front."

Frederick George Scott was born in Montreal in 1861 and was the son of the late William E. S. Scott, M.D., who was Professor of Anatomy at McGill University for 40 years. He was educated at Montreal High School and Bishop's College, Lennoxville, from which latter institution he graduated with his bachelor of arts degree in 1881, securing his master of arts degree in 1884 and his degree of doctor of civil law in 1902. He also attended King's College, London, and was ordained as a deacon of the Church of England in 1884 and as priest in 1886. His first charge was at Coggeshall, England. He was rector of the Drummondville, Que. Anglican Church from 1887 to 1899, following which he was transferred to St. Matthew's Church, where he served until his retirement.

Prior to his going Overseas Canon Scott had firmly established himself in Canada as a poet of wide culture and as an ardent supporter of the British Commonwealth as a living organism. His works included: "Soul's Quest and Other Poems," 1888; "Eton Hazelwood," 1892; "My Lattice and Other Poems," 1897; "Poems Old and New," 1900; "The Hymn of Empire and Other Poems," 1906; "The Key of Life," 1907; "Poems," 1910. He made a dramatic entrance into politics when he opposed the Taft-Fildes reciprocity proposals in 1911.

Archdeacon Scott was provincial superior, Fraternity of the Blessed Sacrament; a Fellow of the Royal Society of Canada; a councillor of the Canadian Landmarks Association, in which capacity he played his part in preserving the battlefield sites at Quebec; a director and founder of Lake Edward Sanatorium Association. He was also a member of the committee formed to compile a hymnal for the Church of England in Canada in 1906.

The floods of a month ago have receded along both the Garigliano and Rapido, and the weather was cold and clear along the whole front except near the Adriatic where the 8th Army carried out patrols under cloudy skies.

The 5th Army's capture of Tufo placed the British three miles beyond the Garigliano.

Suio, seven miles inland from the coast, and Argento, almost on the coast itself, lie just beyond the stream. Two of the three bridgeheads in the British advance early Monday night were forced across the river at these points.

The vote, nevertheless, gave some clue to the differences of opinion on the Lewis application.

Lewis, of course, can get back into the Federation overnight on the Federation's terms. The only question is whether he comes back on his own terms. These are: "Take me as I am."

That would mean the jurisdictional issues of the U.M.W.'s sprawling District 50 would be negotiated only after Lewis was readmitted and became a party to the negotiations on

the inside. Many in the A. F. L. believe District 50 should be carved up first.

The language of the A. F. L. constitution and of the convention resolution which empowered the executive council to act finally is strongly weighted against Lewis' terms, but the pressure in his favor is so great that the result hangs in the balance. The council is expected to consider the issue in a day or two, as soon as George Harrison, President of the Railway Clerks, who has been detained in Washington by the railroad wage dispute, arrives here.

The minutes of the previous meeting were read and confirmed.

Dr. A. J. Brace Resigns Today As
Y.M.C.A. World Service Secretary

After forty years of service with the Y.M.C.A., Dr. A. J. Brace resigns today as World Service Secretary of the National Council.

Now 67, Dr. Brace first became interested in the Y.M.C.A. when at 24 he was wounded and captured by the Boers. At the end of the Boer War he returned to the University of Toronto, studied theology and was ordained by the Methodist Church.

His first "Y" work was done in New Westminster, B.C., from 1904 to 1906, while minister of 6th Avenue Church. The five years after that were spent as General Secretary in Victoria where he was largely responsible for the building of the Y.M.C.A. building now in use.

China was Dr. Brace's next post and one that he held for twenty-five years. During the last war he helped the British Government recruit 100,000 Chinese to dig ditches and lay wire in France and with the rank of captain helped supervise the work.

He is a personal friend of both Generalissimo and Madame Chiang Kai-shek and remembers well the day when a note written by Madame Chiang reached his desk asking if she might use the "Y" building in Cheng-tzu as headquarters for her New Life Movement. He sat down with her and helped draft the first plans.

For making six trips into Tibet, Dr. Brace was given a fellowship by the Royal Geographic Society. His translation of Chinese proverbs has enjoyed wide circulation. Leg injuries received first in the Boer War then aggravated while mountain climbing forced his return to Canada seven years ago. Since then as World Service Secretary, he has travelled extensively in Canada and the United States.

Dr. Brace has made a number of good friends in Sherbrooke. He has spoken on more than one occasion at the Rotary Club where his addresses on current events were always well received.

Dr. Brace has also spoken at the Sherbrooke and Lennoxville High Schools where he gave the students interesting facts on events in China.

Canada Has Lost One Of Its Most
Beloved Figures Of All Time In
Death Of Archdeacon F. G. Scott

Quebec, Jan. 20.—(C)—The Union Jack which Archdeacon Frederick George Scott used at countless front-line religious services in the Great War will serve for the military funeral here.

Announcing plans for the funeral, expected to be one of Quebec's most impressive in years, relatives of the senior Protestant Chaplain of the Canadian Corps in 1914-18, said the flag would be removed for the purpose from St. Matthew's Church, where it has hung since his return from France after the Armistice.

St. Matthew's was served by Archdeacon Scott for thirty-three years as Curate and Rector and it is there that services will be held Friday at four p. m. before his body is taken to Montreal for burial in Mount Royal Cemetery.

Troops of the Reserve Battalion of the Royal Rifles of Canada, the Archdeacon's old regiment, and a detachment from the advanced infantry training centre at nearby Valcartier Camp will attend the funeral along with two military bands, but a traditional feature of military funerals—a gun carried used as a hearse—will be missing.

War-time restrictions will necessitate use of a regular undertaker's hearse. The hands will be supplied by the Royal Rifles and the Royal 22nd Regiment.

The body, lying in state now in the Chapel of St. John's Hospital, where the Archdeacon died after a three-week battle against lung congestion, will be removed Friday morning to St. Matthew's where his son-in-law, Canon A. R. Kelley, will celebrate a special communion service at eight a. m.

After the communion service, the public will be permitted to file past the bier and at four p. m. the funeral service proper will be conducted by Rev. W. W. Davis, rector of St. Matthew's. There will be no eulogy. The Lord Bishop of Quebec, Right Rev. Philip Carrington, will read the lesson, and Dean A. H. Crowfoot of the Cathedral of the Holy Trinity here also will participate.

Volleys will be fired outside Union Station, in Lower Town, before the body is placed aboard a train for Montreal.

Major Edward Fisher of the Royal Rifles will act as insignia bearer at the funeral and the honorary pall bearers were listed as follows:

Col. A. E. Dapuis, M. C., officer Commanding the 35th reserve Brigade; Col. J. V. Boswell, Commanding the 13th Field Brigade; Col. P. A. Poirer, Commanding Valcartier's advanced infantry training centre; Lt.-Col. J. A. Sullivan, commanding the Reserve Battalion of the Royal Rifles; Lt.-Col. B. C. Lamb, Col. C. W. Wiggs, Col. A. H. C. Smith and Lt.-Col. H. M. Stanton.

In Montreal, a funeral service will be held in Christ Church Cathedral at 2:30 p. m. Saturday before interment in the family plot in Mount Royal Cemetery. The service will be conducted by Bishop John Dixon of Montreal and Hon. Briz. C. G. Lifeburn, M. C., Senior Protestant Chaplain.

In the death of Archdeacon Scott, Canada lost one of its most beloved figures of all time. Equally distinguished as churchman, lecturer, writer, poet and humanitarian through a long and brilliant career in the service of Canada's people at peace and at war, "Canon" Scott was perhaps best known for his spiritual leadership of the C.E.F. in the first world war, although he left his mark on a wide field of activities both

Sherbrooke Snow Shoe Club
Holds Annual Captains' Night

Last night, the Sherbrooke Snow Shoe Club held "Captains' Night" at the clubhouse on Prospect Street.

For one night, Snowshoe Captain Norm Flint, Ski Captain Frank Simms and Vice-Captain Rupert Carter were honor members of the Club and took their places in the hallowed seats of the head table along with the high-ranking officers of the Club.

The evening started out with the snowshoers and skiers meeting at the corner of Portland and Quebec Streets and trekking, in a body, up to the Club's meeting place.

The more active members of the Club then took part in a few rousing games of volleyball and then the assembled members and guest adjourned to the dining room for lunch.

Following the lunch, President Howard Kennedy called the meeting to order and proposed a toast to the King. The minutes of the last meeting were read by Secretary Fred Tanner, this being followed by Bert Noble introducing his guest, Mr. Robitaille, of Montreal, to the members.

President Kennedy then extended his thanks to the Lennoxville members for the excellent programme they had staged on "Ladies' Night," January 15th.

The Captains were then made to pay for the honor of sitting at the head table when they were called upon by President Kennedy to make a few remarks to the members.

Captain Norman Flint and Vice-Captain Frank Simms ended the speech parade with a request for a larger turnout of snowshoers and skiers on Ski and Tramp nights.

Captain Norman Flint then introduced Mr. Albert Perry, and his daughter, Betty, who were to entertain the members with feats of sleight of hand and magician's tricks. After an amazing display of optical illusions and tricks by Mr. Perry and his daughter, which left the members dumbfounded, President Kennedy moved a vote of thanks to

against refugee immigration in the Province of Quebec, it was announced at the City Hall. Similar communications have been sent to other Quebec municipalities.

It is expected that the letter will be dealt with at the next regular meeting of the City Council on January 31.

More than 1,000 systems of short-hand have been in use, the first dating to the day of Julius Caesar.

O God, Who art the author of peace
and lover of concord, defend us Thy
humble servants in all assaults of our enemies.

THE RUSSO-POLISH DISPUTE

The fresh crisis in the Russo-Polish dispute is a sharp reminder that Britain and the United States are rapidly approaching the point where they have got to make up their minds, if, indeed, they have not already done so, how far they want to go trying to force their ideas and ideals on their Russian ally in the matter of several territorial arguments in which Moscow is involved. In reaching our decisions we have to bear in mind two highly-important things:

Anglo-American ideas and ideals do not necessarily coincide with those of Russia in all respects. What is wrong to us may seem right to Moscow. And who is the arbiter of that? Moscow is sternly realistic which stood out in the recent conferences of the Big Three. It was not without reason that Lenin gave his disciple Vissarionovich Dzugashvili the name of Stalin, which means Steel Man.

The consensus of Allied leaders is that not only the winning of this war but the maintenance of peace afterwards depends on the continuation of close co-operation among the Big Three. Any rupture of this combination would be a prelude to another world conflict. It is under these delicate circumstances that the American Government has advised Moscow of its willingness to work for the restoration of amicable relations between the Soviet Union and Poland. This does not mean that the United States has offered to mediate the territorial dispute. Any mediation must follow resumption of diplomatic relations between Moscow and the Polish Government in London, and it is with restoration of amity that Cordell Hull is concerned at the moment. If and when diplomatic relations are resumed, there will come the effort to reconcile the divergent claims. Should the Poles agree to Russian absorption of the zone in question, and recompense themselves by annexing German territory as is suggested by Moscow, then all will be well.

But if both sides stand pat, Russia will take back this territory, which she claims on the grounds that it racially is part of the Soviet Union and that she possessed it until the Poles acquired it after the First Great War. Russia will pursue this course because the Poles are incapable of preventing it, which brings the question: What combination of nations is going to compel the Soviet to withdraw the Russian army from the disputed area and abandon its programme? Or for that matter, who figures on forcing Russia to change her positive determination to take back the Baltic states, some strategic bits of Finland and Bessarabia? Any effort to solve these problems in such a manner undoubtedly means another war and this thought must be with Hull when he makes his efforts to secure resumption of Russo-Polish diplomatic relations. If amity can be restored there may be a chance that Poland and Russia can work out things between them—as their own business—which, of course, is the ideal solution.

ARCHDEACON FREDERICK GEORGE SCOTT

God is my strength—He underlies my life,
My soul, though mine, lies passive in His Hand;
God talks with me and gives me peace in strife,
And in His light I walk and understand.
Truly in His light he now walks and understands for death has closed the mortal life of the Venerable Archdeacon Frederick George Scott, C.M.G., D.S.O., V.D., D.C.L., F.R.S.C., and Canadians in all walks of life bow in reverent tribute to the memory of a distinguished churchman, a noted writer, a beloved padre of the First World War, a kindly man, a great Christian, a humble servant of God and a true friend.

"Canon Scott is dead." How often that simple phrase will be repeated today as people meet. It will be uttered in the ranks of the mighty and will come

with equal significance from the lips of the humble. Canon Scott was known to all. His friends were legion. His admirers countless.

Although he had been raised to the important rank of Archdeacon, the humble title of Canon seemed to apply to him, for one did not link up titles and honors with him. Rather did one think of a quiet, unassuming priest of God, a keen student who found comfort in his writings and in his books, a lover of nature who sought solace in the hills, valleys, trees and birds of his beloved Canada. He did not seek titles, they came his way and he bore them humbly. To his friends he always remained just plain Canon Scott and to the soldiers of the First World War he was always their beloved "padre."

Canon Scott was a man of many interests. For over half a century he served the Church of England in Canada, winning high esteem among the churchmen of his age, regardless of creed. He was recognized as one of Canada's most distinguished poets, his writings touching upon practically every phase of Canadian life. He stands out from other Canadian poets as the Poet of the Spirit; his poetry is distinguished as the Poetry of Faith and Consolation, his forms are traditional and simple, his message one of faith and courage and of joy in existence.

The British Empire and Canada were ever dear to his heart and in his writings he has penned thoughts which portray his undying patriotism, as when he wrote:

We will stand by the dear old flag, boys,
Whatever be said or done,
Though the shots come fast, as we face the blast,
And the foe be ten to one;
Though our only reward be the thrust of a sword
And a bullet in heart or brain
What matters one gone, if the flag floats on
And Britain be lord of the main.
And his love for Canada he expressed in many of his poems, such as:
O Canada, my country and my love;
O Canada, with cloudless skies above.
Where'er I roam, where'er my home,
My heart goes back to thee,
Thy lakes and streams, thy boundless dreams,
Thy rivers running free.
O Canada, O Canada,
God pour His blessings on thee from above,
O Canada, my country and my love.

When the Empire was plunged into the First World War, Canon Scott was quick in offering his services. He served in Canada and Overseas, was Major and Senior Chaplain of the 1st Canadian Division. He was beloved, perhaps more than any other padre and his name and memory will ever be remembered and esteemed as long as any soldiers of this great conflict live. Although he was nearing his eightieth birthday when the present war broke out, he offered his services and expressed utter disgust when told that he was too old.

The people of the Eastern Townships knew and loved him and his passing will be keenly felt by many friends and admirers in this section of Quebec Province.

A great Canadian has passed on. A noble life has ended. A humble man has returned to his Maker. He leaves us, but he leaves with us a memory which time shall not dim and an inspiration which shall inspire us to follow and to serve as he did his Master and his country.

To live in the hearts we leave behind is not to die.

PROMOTING THE TOURIST INDUSTRY

In the "Letters to the Editor" of today's Record a letter appears from a reader urging greater enterprise by the Provincial Government toward promoting the tourist industry within the Province. To accomplish this end, he urges that the Government undertake an advertising campaign in the daily and weekly press to make Quebec known to outsiders.

The suggestion advanced by the Montreal writer has much merit and contains proposals that might well be adopted by the Quebec administration, for the Province has much to sell even to its own people, who will be more prone than ever to travel within the boundaries of their own country and province in view of the restrictions on international travel and the shortage of gasoline and rubber. But the Government must see that this advertising is distributed on the basis of merit, in publications of recognized advertising value, rather than on the basis of the political support which any particular organ or its publisher gives to the Government of the day.

The plan might also be adopted by individuals and companies who hope to benefit by the tourist trade as in too many cases the would-be tourist is entirely unaware of the attractions of districts often situated in his immediate vicinity—a knowledge which could be corrected by a little judicious advertising.

A PARSON IN A PUB

St. Thomas Times-Journal
A Methodist minister in a village in Devonshire has a new idea by which he reached The People. By arrangement with the owner of an inn he talks to the patrons sipping their wartime beer, the only condition being that he does not have to imbibe beer himself but sticks to ginger ale. Maybe he is making a virtue of necessity as it would be awkward if he tried to get his tongue around his words toward the end of the evening after he had several beers.
The Old Country clergymen are inclined to be "sporty," particularly those belonging to the Anglican Church who, in the rural communities where the patron of the living owns all the property of his spacious estate, including the village pubs as well as the churches. The clergy as a whole, however, seldom come in contact with the patrons of the pubs. They rail against drink—from a distance. They do not go out and seek the boozers in the highways, but rather preach at him from the pulpit which is the last place from which the sinner is likely to hear his words.

Nor do congregations expect their ministers to go searching, for sinners, by visiting places of sin, yet that is the very place to find them. Most good Christian people would be horrified if their pastors were to go into beverage rooms and call for a bottle of ginger ale while they talked as man to man with the beer bibbers.
This reverend gentleman, who deserves to be identified as the Rev. H. Maurice Hart of Callington, has got something there. We trust that not only do his parishioners respect him for his courage, but that the patrons of the bar respect him for the same reason. It is not his purpose to convert them to teetotalism, but simply to talk religion to them. One guess is that he finds many sympathetic ears among men who find the conversation not only novel but downright interesting.

We recall that a number of years ago a Presbyterian church in West Elgin had a pastor from the Old Country who held dances for his choir after their practice, and used to go to the local pool room on his free evenings. When some outraged members of the kirk spoke to him about his behavior he replied: "Young people will dance, and when I am around I know the dances will be nicely conducted; young fellows must have some amusement in the evenings and when I am in the pool room looking on I know there will be no bad language, no betting or fights."

ENDPLAYS OPPONENT IN CLEVER VICTORY

It is safe to say that the 40,000-000 card players of the United States contribute more than \$50,000,000 per year to worthy charities through the medium of card parties. The local committees of the National Foundation for Infantile Paralysis will find card parties an inexpensive but efficient way to raise funds. Card players don't mind contributing an extra dollar or two when they have the thrill of playing a nice hand like today's.

It certainly looked as if the declarer must lose two spade and two heart tricks. He won the opening lead with the ace of clubs, ruffed a club in dummy, cashed the ace of diamonds, led a small diamond to dummy's queen and discarded his last club on dummy's king of diamonds. Now he led a small spade and North was forced to win with the ace.

It was immaterial what North returned at this point. He did return a diamond; East ruffed with

ADVERTISING QUEBEC PROVINCE

To the Editor of the Record,
Dear Sir:—The Royal Automobile Club of Canada, at its fortieth annual meeting, directed the attention of its members and the public to the need for greater publicity to maintain and perhaps increase the tourist trade of Canada.

In view of the above I believe it is in order for me to direct the attention of the public to the following facts pertinent to the important subject—The Tourist Trade of Canada.

The Canada Year Book devotes considerable space to a presentation of facts and figures relating to the tourist trade of Canada because it vitally affects the economic life of the Canadian people.

Of particular interest to the Canadian people is the amount of tourist expenditure of Canadians abroad, for according to the Canada Year Book Canadians spent abroad in ten years before September 3, 1939, about one billion dollars. Since the organization of the Dominion Government's Foreign Exchange Board much of the useless and unnecessary tourist traffic and expenditure of Canadians abroad have been controlled with the result that Canadians are spending their vacations in Canada to the mutual benefit of the country and the people.

It is also of particular interest to note that for the ten years prior to September 3, 1939, tourist expenditures from other countries in Canada amounted to approximately two and one-half billion dollars, leaving an excess of expenditure by tourists from other countries in Canada of approximately one and one-half billion dollars.

Of this excess of expenditures by tourists from other countries the Province of Ontario secured 60 per cent whereas the Province of Quebec secured only 20 per cent—a difference running into tens of millions of dollars annually.

The Provincial Government knows full well the reasons for the vast difference between the sums spent by the tourists in the Province of Ontario and by the tourists in the Province of Quebec—because year

in and year out the automobile clubs and tourist bureaus and the commercial organizations particularly interested in the tourist trade have called their attention to the weaknesses in the Province's tourist trade plans, policies and publicity.

However, I believe that if the Provincial Government took space in the Province's daily and weekly newspapers and weekly and monthly magazines with a national circulation and devoted the space solely to an exploitation of provincial assets in which tourists from abroad are particularly interested, such as the Province's picturesque scenery, its invigorating climate, its opportunities for winter and summer sports of all sorts, particularly hunting, fishing, boating, skiing, skating, golfing, etc., the Province's tourist trade would increase 1,000 per cent to the mutual benefit of the Province, the parties concerned, and the people in general. In this way means would be secured to improve the Province's beauty spots, the roads and its hotels in the country, and the means of transportation would be increased and speeded up.

To benefit properly from the Provincial Government's publicity plan, the national newspapers and magazines should be distributed throughout America so that our good neighbors to the South will be made to understand how anxious the people of the Province are to have them as our guests and what we are doing to make them feel at home.

To secure complete American coverage requires the aid of organizations who are in a position to place Canadian newspapers and magazines on every prominently located newsstand in America just as these organizations have placed American national newspapers on every prominently located newsstand in the Dominion of Canada.

It is, therefore, up to the commercial organizations of the Province of Quebec to see to it that now that the Provincial Parliament is in session some of its days be devoted to a discussion of the tourist trade and the means necessary to maintain and increase it.

Furthermore it is incumbent upon the people in this Province to impress upon their representatives in Parliament that "actions speak louder than words," and "A dollar spent today on tourist trade development will earn ten tomorrow."

Yours truly,
MORRIS GOODMAN.

PARISH GUILD HOLDS MEETING AT SWEETSBURG

Mrs. H. Ashness-Wells Elected President of United Group for Three Months Period

Sweetsburg, Jan. 20.—Mrs. S. A. Wisdom entertained the annual meeting of the Parish Guild of Christ Church on the afternoon of January 11, with twelve members present and Mrs. Edwin Heusser, the President, presiding, who resigned from the presidency after one year in the chair.

Some repairs to the church exterior and the basement, were suggested as new work for 1944. Rev. J. O. Peacock led the opening devotions and presided during the annual meeting of reports and the election of officers.

The report of the Treasurer, Mrs. Eugene Hall, gave a balance of \$150.09, but as all the expenses of 1943 had not been voted on, the balance was soon reduced to about eighty dollars, according to motions made and passed at this meeting. The mission apportionment was very well taken care of this year. It was necessary for the Guild to pay

only about \$15.50 to complete the amount of \$100 designated for the parish of Christ Church.

The report of the Secretary, Miss Lora Robinson, read as follows: The Parish Guild of Christ Church started the year 1943 with twenty members, but in October sustained the loss of a very valued member, Mrs. Agnes Ingalls. The Guild held eighteen regular afternoon meetings, with an average attendance of nine members and several visitors, who are always welcome. The Guild also held four major events during the year, a bridge party, a rummage sale, a harvest supper and a sale of food, hand-made work and afternoon tea. All were successful both socially and financially. The Guild was not asked to donate funds to the stipend during 1943. This has not occurred for a number of years. These reports were accepted as read.

The election of officers was proceeded with as follows: Honorary President, Mrs. C. B. Jameson, re-elected by acclamation. Several nominations were made for President, but none accepted, whereupon a suggestion was made by Rev. Mr. Peacock that the Guild and Women's Auxiliary could follow the suggestion made by the Diocesan Board and amalgamate these two organizations for a period of three months to find whether this plan would be successful or not. A vote was taken on and the motion was carried. Thus only one set of officers would be necessary and resulted as follows:

President, Mrs. H. Ashness-Wells;

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. When given a compliment that is spoken sincerely is it better to say "thank you" than to make a wisecrack?
2. If an article that belongs to you is complimented should you run it down?
3. If you want your compliments to mean something should you give them indiscriminately?
4. Is it important to answer personal letters before the news in them becomes "dead"?
5. Does the explanation "I'm not much of a letter writer" excuse one for not answering letters?

What would you do if—

You write a person twice and don't receive an answer—

(a) Feel you have done your part?

(b) Keep on writing?

5. No. You can make yourself learn to write good letters.

BIG DRIVE ON FOR GREEK AID AT COATICOOK

Population Asked to Contribute Clothing for Destitute Population of War-Ravaged Greece.

Coaticook, Jan. 20.—In response to an urgent appeal from the Greek War Relief Committee, the ladies of the local Red Cross Society and other organizations are undertaking the collection and shipment of clothing for the desperately needy population of Greece. Under existing conditions in that country no clothing is being manufactured and even thread and remnants of cloth are not available for repairing worn-out garments.

A recent investigation of conditions in Greece, where children are fed showed that tens of thousands of them had neither shoes nor warm clothes of any description. Nearly half the entire population is practically naked, and the appalling number of deaths from exposure can be checked only if an abundance of necessary provisions is sent promptly to relieve the situation. In past months many families have sold their tattered garments to buy bread and now that food supplies are being shipped steadily through Red Cross facilities, the paramount need is for wearing apparel, shoes and bed clothing. Hunger-weakened Greek youngsters cannot resist cold weather unless they are provided with warm

coats and sturdy shoes to replace the ragged bits of material they are now wearing. Canadians, who have never known such privation, are asked to contribute as generously as possible. Items of clothing most needed are as follows: Wool suits for men, women and children, coats, jackets, sweaters, trousers, cotton or wool underwear in all sizes from infants to adults, men's shirts, gloves, mittens, scarves, plain dresses of any material, any practical suits for children, shoes, quilts, blankets, towels, sheets and pillow-slips. All clothing and shoes must be in sufficient good repair as to be serviceable, since it would be senseless to obtain shipping space for useless articles.

The campaign in Coaticook is to be conducted on Wednesday, Thursday and Friday, January 19, 20 and 21, and arrangements have been made to have suitable collection boxes placed in the stores, schools, churches and factories, and in the local theatre lobby. Donations should be brought to these places, or those people who need to have large parcels called for may simply give their name and address to a telephone operator. A worthwhile undertaking has seldom been sponsored in the community, and a very generous response is expected.

COSGRAVE RESIGNS PARTY LEADERSHIP
Dublin, Jan. 20.—(C)—William T. Cosgrave, first Prime Minister of the Irish Free State—now Eire—has announced his resignation as leader of the Fine Gael Party, principal opposition group in the Dublin Parliament, because of ill health.

The 64-year-old Cosgrave, a bitter opponent of Prime Minister Eamon de Valera, was Prime Minister from 1923 to 1932 and since then has been Leader of the Opposition.

He was sentenced to death for his part in the 1916 Easter uprising but this was commuted to life imprisonment and a year later he was freed under a general amnesty.

Cosgrave will retain his parliamentary seat.

THE IMPERIAL LIFE

Record of Service in 1943

ANOTHER year of war has emphasized again the value and importance of life insurance to the individual and the nation alike. In providing the cover of protection for family and person, life insurance helps to stabilize our national economy under war-time conditions, and aids substantially in financing the national war effort.

● The Imperial Life shares, with other life insurance companies, the responsibility of furthering these essential objectives in the Dominion. Therefore the Company is happy to report, for the year 1943, a record of successful service in the encouragement of thrift, through an increased sale of life insurance, and by the willing co-operation of its officers and representatives in promoting the sale of Victory Bonds to the extent of many millions of dollars.

● This record of service is one of which our policyholders may well be proud. It is a striking example of achievement under a system of free enterprise, wherein individual forethought and thrift, wisely directed and co-ordinated, can provide a maximum financial return in the hour of need, and also help to furnish the sinews of war to our fighting forces.

● The sound financial position of The Imperial Life as shown by the facts summarized below, is due, not alone to long experience and careful administration on the part of its management, but to the increasing number of men and women who are safeguarding their future, and the future welfare of their families, through life insurance policies with The Imperial Life.

WHEN CLOTHES BECOME Uniforms

As the "survival war" develops, uniforms take the place of clothes. Not only armed services but civilian services require identification by uniforms, so the great garment industry is converted to war purposes.

In the great war drama an army of workers, chiefly women, are engaged in this important task of transforming peace-time "individualists" into uniformed members of war-time organizations.

Thousands of Canadian women, toiling to turn out uniforms for others to wear, are contributing beneficially to the total war effort. They are a valuable part of the great, united team of the United Nations.

To women in all lines of industry and in the home, the Bank of Montreal offers co-operation through savings and chequing accounts and other bank services available through hundreds of branches conveniently located.

ST. STEPHEN'S LADIES' GUILD HOLDS MEETING

Costicook, Jan. 20.—The annual meeting of St. Stephen's branch of the Women's Auxiliary was held on January 7 at the home of Mrs. G. C. Tillotson. Reports read by retiring officers showed a very satisfactory year in which the missionary pledge was met in full and other obligations fulfilled. The usual outfit of clothing for an Indian child was provided by this branch.

Among the corporate activities of the members during 1943 were: Church attendance on St. Andrew's Day; participation in the World Day of Prayer; reading of the study book, and work on a quilt were mentioned. As summer work of the W.A. filled ten ditty bags for the Navy League, a visit from Miss Ruth Carruthers, Field Secretary of the W.A. was enjoyed early in the year. Slides on the "Study Book" were shown in the hall.

The outstanding feature of the year's activity was the holding of the Quebec Diocesan annual meeting in Contrecoeur in June.

The help and co-operation of all members of the congregation in making this a success was greatly appreciated by the officers and members.

After the reading of reports, Mrs. Tillotson, the retiring President, briefly thanked the officers and members for their loyal support throughout the year.

The rector then took the chair for the election of officers for 1944. The following officers were filled: Honorary Presidents, Mrs. Church and Mrs. Snow; Life Members, Mrs. B. N. Robinson, Mrs. G. Moyle and Miss Fraser; President, Mrs. G. C. Tillotson; Vice-Presidents, Mrs. C. G. Johnston and Mrs. O. G. G. Webster; Secretary, Mrs. G. Moyle; Treasurer, Mrs. B. E. Smith; Corresponding Secretary, Mrs. T. J. Matthews; Dorcas Secretary, Mrs. S. A. Meade; "Living Message," Mrs. B. N. Robinson; Thank Offering, Miss Mabel Fraser; Prayer Partner, Mrs. A. D. Grady; Little Helpers, Miss Gwen Ellis, Mrs. Matthews, Mrs. Markwell and Mrs. Sheard will continue their work with the W.A. Guides and Brownies, who number about thirty at the present time.

Following the meeting, tea was served by Mrs. Tillotson, assisted by Mrs. B. Smith. Members of the W.A. were reminded that at the February meeting donations will be accepted for the India and China War Relief, a fund to which this diocese is pledged to contribute \$240 before the end of February.

ST. STEPHEN'S GUILD

At a meeting held in the Guild Hall, St. Stephen's Ladies' Guild re-elected the officers of 1943. Mrs. Garfield Ellis will once more occupy the chair as President. The First and Second Vice-Presidents are Mrs. B. D. Smith and Mrs. F. Green; Mrs. A. D. Grady will act as Treasurer and the Honorary Presidents are Mrs. G. C. Tillotson, Mrs. J. Wallace, Mrs. C. H. Church and Mrs. T. J. Matthews.

An excellent report was read by the Secretary-Treasurer, showing a variety of activities during the year. Besides the usual parochial work, the Guild contributed to the Relief for Russia Fund, and the members have been active in community projects. An interesting feature of the report was the account of the new system of finance adopted by the Guild last year. By this system the Guild handed over the care of the rectory and certain other obligations in the parish to the Finance Committee, undertaking to pay a sum in cash quarterly to this committee. The plan has worked well and the Guild agreed to continue the arrangement during 1944. In spite of war conditions and the difficulties arising from them, the Treasurer showed that the Guild had raised within a few dollars of the sum raised in 1942.

Mrs. Ellis, as retiring President, thanked the other officers and members for their support during the year, and expressed the hope that the coming year would see even greater success in Guild undertakings.

The rector, who acted as chairman of the meeting, expressed the appreciation of the congregation for the Guild's work, referring particularly to the great value of the Guild Hall in carrying on the work among the young people and children. In his opinion, the rector said, the Guild must make a systematic canvass for new members during the coming year, and also introduce new elements into the meetings, which have tended to become business meetings only. At the close of the meeting tea was served by Mrs. Markwell.

HATLEY

The annual meeting of the Guild of St. James' Church was held with several members present, many due to illness being unable to attend. Dinner was served to twenty-two pupils of the school. The President, in her report, thanked all the officers and members for their loyal support and help during the year. It had been a trying year with so many of the young people away in the armed forces and so many of the older ones ill, but in spite of all, the year's work had been most successful. The Secretary, Mrs. Ruth Bowen, reported that there were sixteen meetings held, with an average attendance of eighteen. The Treasurer, Mrs. H. B. Whitcomb, reported that from teas and dinners, at regular meetings, \$86.93 had been received; from card parties, \$39.99; a sale of useful articles, a community ice cream social, a chicken pie supper and some donations brought the total receipts to \$205.48, while the expenses were \$449.05, leaving a balance of \$56.41. Besides this amount a reserve fund of \$200.25 is on hand, which is for repairs to the Guild Hall. Rev. Mr. Belford thanked the ladies for their splendid work during the year, and then took the chair for the election of officers, which resulted as follows: Honorary Presidents, Mrs. Ruth Hartwell and Rev. and Mrs. Belford; President, Mrs. Fannie Bowen; First Vice-President, Mrs. Thomas Adams; Second Vice-President, Mrs. H. B. Brown; Secretary, Mrs. Ruth Bowen; Treasurer, Mrs. H. B. Whitcomb; Convener of Work Committee, Mrs. G. L. Pocock; Convener of Rectory Committee, Miss Lillian Macdonald; Convener of the Visiting Committee, Mrs. Frederick Chesley. A vote of thanks for lovely flowers furnished in the church during the year was given to Mr. and Mrs. H. H. Brown. The closing prayer was by Rev. Mr. Belford.

The Women's Auxiliary of St. James' Church met with Mrs. H. B. Whitcomb for the annual meeting. Only six members were present. After the opening litany and prayers, led by Rev. W. J. Belford, reports of the various branches of work were heard with very encouraging results. The Treasurer's report showed a balance on hand of nearly fifteen dollars, exceeding last year by nearly six dollars. A few words of praise and appreciation were gratefully received from the rector, Rev. Belford, assumed the chair for the election of officers, which resulted in all officers being re-elected. The President, Mrs. G. L. Pocock, thanked the few members for their devoted efforts in helping to meet all the obligations, and Rev. Mr. Belford and Mrs. Whitcomb for entertaining the meeting.

BEDFORD

The annual vestry meeting of St. James' Church was held in the Masonic Hall with an excellent representation of the congregation present. The Rector, the Rev. H. V. Fricker, presided, and opened the meeting with prayer, after which the minutes of the preceding vestry meeting were read by the Vestry Clerk, Mr. Ralph Van Horn. The Warden, Rector's Warden, W. B. Bradshaw, and People's Warden, Sinclair McIntosh, were returned to office for the forthcoming year. The report of the latter showed that the finances of the Church were in excellent condition, a balance being left on hand for the new year. The pipe organ installed some years ago, purchased from Casavant Brothers, in St. Hyacinthe, is debt free. The report of the Church Guild was presented by Mrs. Ross Preston in the absence of the Treasurer, Miss Jessie Blackwood, and showed the Society to be in a very flourishing condition. The canvassing of the congregation during the past year having proved most satisfactory. The same system will continue during the present year. The report of the Senior W.A. was presented by the Treasurer, Mrs. Richard Craighead, and showed that all obligations of the Society had been met, including an offering of \$75, and expenditures for Dorcas work, in addition, a contribution of \$40 had been made to the Missionary Budget of the Church, and another contribution of \$25 to the Bishop Carlisle Memorial Fund. The chief source of revenue for this organization is two rummage sales held in the Spring and the Fall. The

report of the Girls' Auxiliary of the Church was given by the Treasurer, Miss Isabella Craighead, and showed a most successful year's work under the convener of Mrs. Malcolm McCaw. A contribution of \$20 was made towards the purchase of new supplies for the choir. The members made a layette, which, together with other items, were entered at the annual auxiliary rally held in Montreal in May last. The chief source of revenue was the singing of carols at Christmas time, the members going from house to house.

In the absence of the Sunday School Superintendent, C. B. Gittens, through illness, the report was read by Malcolm McCaw, who also read the report of the Cemetery Committee, of which E. A. Chadsey is Treasurer. The delegates to the annual meeting of Synod were again re-appointed: F. W. Jones and D. J. Reid. While E. A. Chadsey and John Cook were appointed as auditors of the Church Books, the latter replacing Bhuri Wightman, who has filled the position for six years. A hearty vote of thanks was passed to E. A. Chadsey, Choir Director; to Miss Liette Deleuze, Church Organist, and to C. B. Gittens, Superintendent of the Sunday School, for their untiring help with the work of the Church during the past year.

The Rector announced that as the endowment tablet in the Church had been filled, a new one had been donated by D. J. Reid, containing places for forty names in place of fifteen, which were on the original tablet. The new tablet will be in place shortly. A vote of thanks to the Rev. Mr. Fricker and Mrs. Fricker was passed by the vestry meeting, for their untiring help and interest in the work of the Church during the past year. In a brief address, the Rector stressed the need of a religious revival during these dark days of war, and promised to do all in his power to further the cause of religion in the community. The matter of repairs on the Rectory were discussed and the wardens were instructed to look after the matter as soon as possible. The meeting concluded with a prayer by the Rector.

HELPFUL HINTS ON "HOW TO KEEP YOUR HOME WARM ON LESS FUEL!"

Canadians have been asked to save fuel this Winter, as part of their war contribution. Following are a few hints which we pass along in the hope that you will find them useful.

CHECK YOUR FURNACE: Keep it in good working order, free of all dirt and soot. Be sure that steam and hot water pipes are insulated.

PUT WEATHERSTRIPPING around doors and windows. Caulk around window frames and door jambs.

KEEP DOORS SHUT tightly. Close them quickly when you are going in and out of your house.

WHEN VENTILATING BEDROOMS, open the windows, close the doors and shut off the heat.

KEEP THE TEMPERATURE DOWN: 68 degrees is healthy and comfortable. Keep it lower at night and when you are away. And remember—don't get your house so warm that you have to open windows to cool it off.

PULL DOWN YOUR WINDOW SHADES: during the day, draw shades to sills in all rooms in use. Draw shades half-way in rooms that are in use. At night, draw shades right to sills in all rooms.

St. Catharines, Ont. Mr. Baldwin's father died when he was a young boy and his mother, who made her home with her daughter, Mrs. Stevens, in St. Catharines, passed away some years ago.

He was a member of the Welland United Church in St. Catharines since 1895. The funeral, which was largely attended, was held there with interment in Victoria Lawn Cemetery.

Mr. Baldwin underwent an operation several days previous to his death, from the effects of which he never rallied. Some years ago he suffered from a heart condition which confined him to his room for many months, from which he recovered sufficiently to be able to return to his position. On the eve of the outbreak of the present war he was appointed as export representative of his company, but was unable to take up his duties, owing to the outbreak of hostilities. For many years he filled the position of sales manager in his company.

In Bedford Mr. Baldwin took an active part in the social life of the town, and also in the work of the

United Church, an interest which continued on his return to his home town of St. Catharines, where he served for many years as superintendent of the United Church Sunday School. For many years he also acted as Recording Steward of his church.

While in Bedford Mr. Baldwin was an active member of the tennis club, tennis being only one of many sports in which he was proficient, excelling in cross-country running, lacrosse, baseball and badminton. Tennis Club of St. Catharines was through his efforts the Hiefeld formed. Skating and hockey were also sports in which Mr. Baldwin excelled. Mr. Baldwin for many years took an active part, both in the community and social life of St. Catharines.

His interests were many and varied. He was a member of the Advisory Committee of the St. Catharines Collegiate and Vocational Institute and a member of the Community Concert Committee. He was also a member of Temple Lodge, A.F. and A.M., and in addition to his many other interests Mr. Baldwin was

a Director and Secretary of the St. Catharines branch of the Y.M.C.A.

Among those who attended the funeral were Mrs. Robert Soden, of Montreal, sister-in-law, and Mr. and Mrs. A. Grant, of Ottawa, brother-in-law and sister-in-law. Mr. and Mrs. Walter McNamara and the Misses Lucella and Gwendoline McNamara, of Bedford, are brother-in-law and sisters-in-law of the deceased.

COLLEGIANS WIN FIRST Q.S.H.L. ENCOUNTER

Beat Commandos 6-2 As Aces Topple Royals By 6-3 Count

The University of Montreal Carabins last night gained their first victory of the Q.S.H.L. season when they downed the Ottawa Commandos by the score of 6-2. This was the first win in five games for the collegians. In the other Q.S.H.L. match, the Quebec Aces trounced the Royals 6-3. By virtue of the win, the Aces moved up into a first-place tie with the Royals in the league standing.

The collegians were an entirely different team as they downed the Commandos. They took a decisive 3-0 lead over the Ottawas when they scored three goals in the second period after a scoreless first frame. The markers were chalked up by Lalonde, Bedard and Lajoie. In the last frame, Morin made it 4-0 for the Carabins at 1:25 of the frame. Five minutes later, Cheyne scored Ottawa's first tally. Lalonde came back later to bring the score to 5-1 for the college boys. Pratt

scored Ottawa's second and last goal at the thirteen-minute mark, while Hayes finished up the University of Montreal's sniping parade when he scored with a little over five minutes of play remaining.

Royals Vs. Quebec

Tod Campeau opened the scoring by shooting the Royals into an early first-period lead when he shoved the puck past Bouvrette at the three-minute mark. Three minutes later, however, Dertwell tied the score when he tallied the Aces' first goal. Dertwell sent the Aces into the lead when he added another late in the period.

Cheek made it 3-1 for the Aces early in the second period. The Royals came closer when Gignac scored the Montreals' second marker. Then at 12:35 Tod Campeau tied the game up when he scored on a pass from Gignac. Going into the third period in a 3-all tie, the game looked like any-

body's match. However, Tremblay put the Aces ahead at 5:40 and Robinson made it 5-3 for the Aces at the nine-minute mark. The Royals went all out to even things up, but Dertwell put the game on ice for the Aces when he scored his third goal with only thirty-five seconds to go.

CLEVELAND IN 4-3 VICTORY OVER HORNETS

By The Canadian Press
Cleveland Barons gained undisputed possession of first place in the American Hockey League last night when they defeated Pittsburgh Hornets 4-3 on home ice.

The victory—their 20th—gave Barons a two-point lead over Hershey Bears, who have 43 points stacked up as a result of 19 wins, five draws, and six losses. Cleveland has five draws and seven losses.

Lloyd Storer, Cleveland spare, took over as goalie last night when Paul Gauthier was forced to retire in the middle of the first period because of pleurisy.

The Hornets took a 2-0 lead on shots by Tom Forgie and Tony Hemmerling in the first, but Cleveland drilled in three counters in the second period, with Tommy Burlington, Pete Horeck and Lou Trudel doing the honors.

In the third period Phil Hergeheimer added a fourth counter for Cleveland, and late in the period Edward Quackenbush added Hornets' third tally.

Tonight, Providence Reds play Indianapolis Capitals in the League's one game.

TRIS SPEAKER DOUBTS 1944'S BALL FUTURE

Cleveland, Jan. 20.—(AP)—Tris Speaker, one of the original electees of baseball's Hall of Fame at Cooperstown, N.Y., is doubtful about the Major League's ability to operate this year.

Now a member of a local draft board, the famed Gray Eagle says he "would like to see baseball go on and if it can overcome the manpower handicaps, more power to it. But I'll have to be shown."

Speaker doesn't want anyone to deduce from his statement that he's lost his enthusiasm for the game. He still goes to the ball park as often as the press of his steel business permits. He's also a fight fan, a football fan and a hockey fan. But he's pessimistic about the coming season.

"They played last year with a lot of 3-A's and a few 4-F's," he explains. "This year there won't be any 3-A's. The boys will either be 1-A or they'll be given 2-A or 2-B deferments because of jobs contributing to the war effort. If they leave those jobs to play ball they'll be 1-A so quick it'll make 'em dizzy."

The man who piloted the Cleveland Indians to their only world's championship in 1920 isn't one of those old-timers who believe present-day ball players are inferior to those of his generation.

"Sometimes I think big money comes too easily nowadays and so lessens incentive but don't let anybody tell you all the great ball players are dead."

6,000 Tons of Bombs Dropped

London, Jan. 20.—(AP)—The Royal Air Force has dropped 400 times more bombs on Germany so far this year than the German air force has dropped on Britain.

From Jan. 1 through the night of Jan. 17-18, the British Bomber Command dumped some 6,000 (long) tons of explosives on German targets while only about 15 were unloaded by the enemy on Britain.

The biggest Royal Air Force raids in 1944 have been: Berlin 1,000 tons, Jan. 1; Berlin, Jan. 2; Stettin, Jan. 5, and Brunswick, 2,000 tons, Jan. 14. No official figures have been released on the second Berlin raid or on the bombing of Stettin, but it was estimated that they were of 1,000 tons each.

Air Cadets "B" Blank B.C.S. 2-0 In First League Contest

Two second period goals by the Air Cadets "B" gave them a 2-0 victory over Bishop's College School midgets in a regular league game played on the Parade Grounds yesterday afternoon.

In the first period no scores were registered and both teams tried time and time again to score, but were unsuccessful, most of the attacks being broken up at the defending blue-lines. Sewell, the regular B.C.S. goalie, played a fine game in the first period in keeping off the attacking cadets, but he was replaced by Paul in the second. Paul, who is the alternate goalie for the school team, was placed in the nets in the second period for a little practice and it was during this time that the Cadets were able to slip their two goals past.

Neither team was playing at its best in the game yesterday afternoon and the lines were not clicking to any great extent. Pass after pass

was intercepted or completely missed and much of the play was carried on around centre ice. When one or two men did get a chance for a break they lacked the necessary experience for playing close in, and their moves were broken up with little difficulty every time. Spaulding and M. Cook were the two cadets credited with the goals against Paul and no further scoring came during the game.

Only one penalty was dished out by Referee Bob Davies who sent Johnston to the cooler for high sticking.

The teams:
Cadets "B" B.S.C.
Roberts goal Sewell
Spaulding defence McCall
Towne defence Satterthwaite
Fountain centre Johnson
M. Cook wing Bronfman
A. Cook wing Flinstoft
Cadet "B" subs: Harner and Fuller.

PITFIELD BAGS THREE AS B.C.S. MIDGETS WIN 5-0

The B.C.S. "A" Midget team yesterday trounced the Lennoxville High School entry in the Sherbrooke and County Midget Hockey League by the score of 5-0. This was the first game of the year for the Bishop's College School lads and they came through with flying colors to down their opponents.

Robert Pitfield was in the lime-light yesterday as he played a bang-up game to score three of his squad's five markers. The other

markers for the Bishop's team were H. Sepiawke and Allen. Only one assist was drawn in yesterday's game and was credited to Fraser.

The Bishop's lads forged into an early first-period lead when Pitfield caught Clarke napping and scored the first of his three goals. H. Sepiawke made it 2-0 a couple of minutes later after taking a pass from Fraser. Allan added another to the B.C.S. total before the period ended. One penalty was handed out in this frame, to McLean of L.H.S.

Pitfield scored another goal in the second to make it four to nothing for the Bishop's team and, in the last period, completed his hat-trick by again beating Clarke to give his squad a 5-0 victory in their first game of the season.

The teams:
B.C.S. "A" L.H.S.
R. Sepiawke goal Clarke
Ford defence Grey
Howard defence M. Johnson
Price centre Hunting
Allan r. wing Sutherland
Pitfield l. wing McLean
B.C.S. subs: H. Sepiawke, Fraser, Mitchell, Martin, Graves, Winder.
L.H.S. subs: Gunderson, B. Johnson, Loach, Everett, Hunting, Warner, Preston.

B.C.S. BANTAMS WIN 3-2 OVER MITCHELL TEAM

Bishop's College School Bantams were yesterday afternoon successful in taking their first game of the season from the Mitchell school by a 3-2 count. The game was closely contested all the way through and the play indicated some keen competition in the near future.

Jimmy Petts of the Mitchell School opened the scoring in the first period when at about the half way mark he took a pass from Fraser Smith at the B.C.S. blue-line and was successful in rounding the defence and whipping the puck past goalie Sewell. No further scores were registered in the first period and no penalties were dished out by referee Bob Davis.

In the second period it was Petts of the Mitchell School that scored again and for a while it looked as if the local school was going to take the lead, but a B.C.S. tally from the stick of Rider in the latter part of the second period brought them to within one point of the Mitchell School.

Rider was once again the star of the moment for the Lennoxville team and it was his tricky plays and smart stick handling that carried him into the Mitchell School territory on several occasions and finally awarded him with two more goals which gave his team the 3-2 win and their first victory of the season.
