LAPRAIRIE.

An extensive municipal village and parish of the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seignior and county of the same name. Incorporated March 30, 1846. The parish was erected on the 17th November, 1668. A market is open every day. An aqueduct is constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at Fort Covington, in the State of New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot,

and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practiced. A new billiard room has been organized. A permanent wharf has been erected. A new channel is also partly made up. The aqueduct is now giving a very good service to the village, and the work of putting up pipes is being done very rapidly in the different streets. The pressure of water in case of fire is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet from the St. Lawrence river. The premiums upon insurances have also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North-Western Telegraph Company has an office here. Telephone connection with Montreal. Distant from Montreal, 9 miles, fare 15 cts.; from St. John's, 18 miles. Mail daily. Population of village about 1,500; of parish 2,200.

MONTREAL WEST.

(Incorporated as a Town, 1897).

FORMERLY MONTREAL JUNCTION

This beautiful suburb in the parish of Notre Dame de Grâce West owes its origin to the junction of the C.P.R. routes, five miles from Montreal; it is so easy of access that it is in great favor for residential building. Trains connect with the City at almost all hours both by Canadian Pacific (Montreal Junction) and Grand Trunk Ry.'s (Montreal West), while the Upper Lachine turnpike road affords a delightful drive. The Park & Island Electric Ry. cuts through the outskirts, affording a 20 minutes' service with the City. It has three churches: Church of England, Presbyterian and Methodist, a Public Model School and a Post Office. Mails twice a day. There are drains, water, electric light and Bell Telephone. SUMMERLEA

Summerlea, or better known as Dixie, is situated on Lake St. Louis between Lachine and Dorval. It is a delightful location and a favorite summer resort of Montrealers, being on the main line of the Grand Trunk, nine miles from Montreal and the station only five minutes walk from the majority of the houses.

Boating, bathing, and fishing facilities are unsurpassed, the Lake at this spot abounding with fish of many varieties.

The Royal Montreal Golf Club, with the finest links in Canada, is situated at this point, also the Country Club which is a new sporting organization, and has just started this year, having affiliated with the Lachine Boating Club, and which has already done a great deal towards bringing out the young rowing talent. Every evening the Lake may be seen dotted with single sculls, doubles, four and eight oars. This Club also boasts of a fine racquet court.

It is a favored spot for camping parties, particularly Dixie Island which is situated a quarter of a mile from the shore, and is always covered with tents.
