Business Association Meeting Held

Executive Assembled Last Night

Officers Confident of Successful Year — Boyd Robson in Chair

The Business Association of Westmount officially opened activity for the 1938-39 season last evening when the first meeting of the Executive Committee was held.

While full details of the session had not been obtained at press time yesterday, it was learned that the association heads were confident of an unusually successful season as the organization enters its second year.

That the good work carried out by the business men's body last year will be continued there is little doubt. In all probability a new slogan will be chosen for the new season, and new publicity banners and streamers will make their appearance on stores in the district.

In its initial year of organization the Association succeeded in obtaining a membership of over 100 Westmount business men and was almost 100 per cent representative of merchants here.

It received the support of the City Council and played a large part in bettering business conditions in the municipality.

In order to urge residents to shop in Westmount members of the association displayed 800 streamers in their windows bearing the slogan "Shop in Westmount First." Over 15,000 stickers bearing the same slogan were distributed. These were pasted on packages as reminders.

Boyd Robson, the president, presided at the meeting last night.

Resident Is Unhurt When Cars Collide

Mrs. James McLaren, of Thornhill Avenue, Narrowly Escapes Injury

When the automobile in which they were riding collided with another machine near Ottawa on Saturday Mrs. James McLaren, 55, of 61 Thornhill avenue, her brother, C. J. Isbester, 60, of Ottawa, narrowly escaped serious injury.

The accident occured when the automobile, driven by Isbester was passing a horse and buggy and it struck the side of another car said to have been driven by Pauline Coderre, of Rochester, N.Y.

The machine containing Isbester and Mrs. McLaren got out of control, skidding into a pasture over 400 feet from the scene of the collision. It overturned onto its side in the field.

Both occupants of the car suffered from shock and were treated by Dr. J. R. Titley, of Alfred, Ont. Later they were taken to the Ottawa General Hospital for examination.

The accident was investigated by Constable A. J. Ferguson, of the Ontario Provincial Police.

Gets 2-Year Sentence For Carrying Burglars Tools

Prisoner Had Lengthy Police Record — Had been Arrested in Many Cities Across Canada

Pleading guilty to charges of carrying burglars tools and of loitering, William Phillips, 36, who gave his address as 942 St. Lawrence boulevard, was sentenced to two years in the penitentiary on the former count, and was fined $5 and costs, with an option of a two month jail ferm on the latter, by Deputy Recorder Grigg in the Westmount Recorder's Court on Monday.

Phillips was arrested by Lieut. Robert Byford and Constable J. Lessard on Mount Stephen avenue on Sept. 2. The officers became suspicious when they saw him on the street and he was booked on a charge of loitering.

When he was searched at the station, however, a number of burglars tools were found to be in his possession and the second charge was then laid.

Further investigation revealed that he had a criminal record extending right across Canada and it was due to his many previous arrests that Deputy-Recorder Grigg pronounced the two-year sentence.

Phillips had appeared before the courts on fourteen previous occasions, his arrests having taken place in Vancouver, Sudbury, Edmonton, Winnipeg and Montreal.

He was charged seven times with theft and breaking and entering; once for assault, and once for carrying a concealed weapon.

It was the first time that he has been apprehended in Westmount.

Youthful Cyclists Figure In Two Street Accidents

Robert Smale, 11, 4560 St. Catherine Street, Taken to Hospital With Severe Injuries

Youthful cyclists figured in two street accidents during the past week, one sending the rider of the bicycle to hospital and resulting in injuries to a 13-year-old girl.

Young Smale apparently lost control of the bicycle after hitting the girl and was thrown from his machine when he crashed into the curb at the side of the road.

Suffering a minor concussion, shock, and cut lips and gums, he was removed by ambulance to the Western Division of the Montreal General Hospital, where it was reported that his condition is not serious.

Maureen Lynn sustained a broken nose and a cut over the left eye which necessitated 15 stitches, She was taken to the office of Dr. W. Mingie, 5717 Monkland avenue.

At the time of the mishap young Smale was bicycling along Academy Road with his brother, Jack, who told police that he did not witness the accident but heard a crash about twenty feet behind him. When he reached the scene he saw only his brother lying wounded on the pavement.

The second accident involving a cyclist also occurred on Saturday. George Lavallee, of 1080 Lajoie avenue, was knocked down by a bicycle driven by Michael Wallace, 11, of 15 Grenville avenue, shortly after 5 p.m. According to information received by police, young Wallace was driving south on Grosvenor when he struck Lavallee who was attempting to cross the street.

High Membership Requirements Of Rotary Are Cited

P. L. Delgado, City Engineer, Was Speaker at Regular Weekly Luncheon Wednesday—Said Members Should Feel Highly Their Obligation to the Club—President John Colton Was in the Chair

"There is no other club, in my knowledge, that is so strict in its membership requirements as Rotary, and for that reason alone, those fortunate enough to belong to this organization should give it their fullest support," P. L. Delgado, Westmount City Engineer, stated when addressing the regular weekly luncheon meeting of the Westmount Rotary Club in Victoria Hall on Wednesday.

Mr. Delgado was addressing, primarily the younger members of the club. There were many things about Rotary, he said, of which even those of long standing in the club had little knowledge. One of these is the procedure followed before a new member is admitted.

First of all a Rotarian wishing to bring in a friend must submit his name to the president and board of directors, on a proposal card. The board in turn refers the name to the Classification Committee which detemines whether or not there is a corresponding vacancy in the enrolment.

If a suitable vacancy is found to exist the report of the committee is turned over to the Board of Directors for approval. Once this has been received the nominee is thoroughly investigated as to character, social standing, business prominence, etc., by the membership committee and if a single adverse report is returned he stands no chance of entering.

Lastly the name again goes back to the board of directors and if final approval is granted a membership application blank is given the member submitting the nomination.

The fact that membership in each Rotary club is limited to a single representative of any one profession, trade, or business classification, is a further example of the honor conferred on anyone singled out for Rotary and is an additional reason for members to feel obligated to do their duty, the speaker said

Rotary should not be thought of as an organization equipped to take over charitable work requiring large financial outlays, Mr. Delgado stated. Rather, its aim is to assist wherever assistance is needed, but only until such time as regular agencies are able to take hold.

The speaker was introduced by Bert Cuthbert and thanked by A. Callard. The president, John Colton, presided.

Royal Montreal Regiment Plans Wide Fall Program

With autumn under way, The Royal Montreal Regiment (M.G.) is looking forward to an interesting schedule of training and sports. Being a machine gun unit, a high standard of intelligence is necessary in any recruit who presents himsef for enlistment in the battalion, and only those who measure up to the necessary standard are accepted.

Every effort is made to maintain the interest of the men in their work, and those who have seen the battalion in any of the phases of its activities, can readily understand the appeal this work makes to the young man, who feels he should occupy his spare time with an interesting and educational hobby.

Physical training and gymnastics are being featured this fall under a thoroughly skilled instructor, while indoor baseball, shooting, bowling and the usual company dances are all open to members of the regiment.

Those of the regiment who were fortunate enough to go to Camp at Valcartier this spring, for a week's training, thoroughly enjoyed the experience, and the only complaint was that the time was all too short.

The Regimental shooting team won high honors in the P.Q.R.A. meet this year and succeeded in bringing home with them a number of trophies, which testify to the high efficiency and skill of the regiment's representatives. Battalion parades start in the near future, and as much time will be spent in outdoor training as the weather will permit.

WESTMOUNT, FRIDAY, SEPTEMBER 16, 1938

THE POPE'S ADVICE

"The whole world is on the verge of ruin, faced with continuous menace. It would be catastrophic if the menaces of today should have realization."

These are the words of Pope Pius, in calling for a return to God to stave off world collapse. They are an appeal to aggressor nations to think carefully before taking the fatal plunge into war.

The words of His Holiness should be heeded. They are the considered advice of one who surveys the earthly scene from a detached, impartial and benevolent position.

It is good advice that the Pope gives. Let us pray, with him, that it will be acted upon.

"SLEEPLESS SENTINELS"

Calling upon Canada to do her full share in defense matters, the Hon. Ian Mackenzie points out that the Motherland has always borne the brunt of maintaining the Empire. Her people, he added, were now taxed to the limit, arming to the teeth, "sleepless sentinels on the frontiers of freedom."

The description is an apt one. "Sleepless sentinels on the frontiers of freedom" well portrays the British people. The load of responsibility carried by the Old Land almost staggers the imagination. Yet there is no complaining. The British taxpayer shells out. The armament program goes on. John Bull remains calm, cool, collected. He seeks peace, but is ready for war. His army, his navy and his air force are being brought to the very peak of perfection, but he is straining every nerve to avert a situation in which he would be forced to use them.

Not in all history has there been a more striking demonstration of sane international leadership. Come what may, Mr. Neville Chamberlain and his associates have done a wonderful job. As Lord Stanley, Secretary of State for the Dominions, pointed out in a Winnipeg address recently, Britain's massed armaments will never be used in a war of aggression. If war should come, which God forbid, Britain's hands will be clean.

GOODS NOT AVAILABLE

Though the Federal Government is spending a good deal of money advertising Canadian products abroad, Mr. Euler, Minister of Trade and Commerce, finds Canadian business sometimes not taking proper advantage of the trade opportunities created thereby. British wholesalers, Mr. Euler reports on his return from abroad, are actually unable to obtain the advertised supplies.

This is a disturbing state of affairs. After all, the Government cannot do everything. Through the Department of Trade and Commerce, it is endeavoring to popularize the sale of Canadian goods in the United Kingdom. But business interests, if they expect to reap the benefit, must back up the advertising by standing ready at all times to supply the goods when wanted and to maintain continuity of supply. Any other situation merely gives us a black eye and nullifies the effect of the department's publicity work.

Imagine a merchant advertising a sale of certain articles then being unable to fill the orders created by his advertising. One can understand, of course, any merchant running out of some line, but apparently Mr. Euler's complaint is based on a rather permanent condition of lack of supplies of this and that.

FIRST WEDDING SINCE WINDSORS

Remember Rev. R. Anderson Jardine? In case you have forgotten, he is the Anglican clerygman who went to France to marry the Duke of Windsor and Mrs. Simpson.

Mr. Jardine came to Canada and the United States to make a lecture tour, but it fell flat. He vanished from the picture. He has turned up again in Los Angeles, where he has just officiated at the first wedding he has solemnized since the Windsors were wed in France

The visitor from England presided at the Four Square Church of Burbank, a suburb of Los Angeles. The parent Four Square Church is Aimee McPherson's Angelus Temple in Los Angeles. The bride and groom were 16-year-old Erma Maye Pollock and 21-year-old Gates Rugg, aircraft worker and son of William F. Rugg, policeman-evangelist of Los Angeles. Mr. Jardine has been the guest of Mr. Rugg, Sr.

Mr. Jardine now says he is an "ecclesiastical exile" from England. He has never quite recovered from the disappointment over the flop of his widely-heralded tour of Canada and the States. He had thought he would go over with a loud bang and he fizzled out like a damp squib.

CONFECTIONERS AND CATERERS FOR FIFTY YEARS

The attractive interior of Robinson's, confectioners, bakers and caterers for fifty years on St. Catherine Street. The present location is west of Guy Street. Thirty-five persons are employed by the firm.

Catering Is Large Part Of Robinson's Service

A year or so ago a woman was suddenly placed in a quandry when she awoke one morning to learn that a party of friends were coming to visit her. She was not dismayed that the friends were coming, but by the fact that they would arrive that very day. It was hers to entertain, and how to provide a sumptuous lunch at short order and still give her guests the attention necessary was a problem. Suddenly she conceived an idea:—Why not pass the problem on to Robinson's?

A telephone call to the well known firm of confectioners, bakers, and caterers, and the problem was solved. With a few hours everything was in readiness and the home prepared to receive the guests with a most attractive and delicious spread.

Several months later, the woman now holding a responsible position with a ladies' organization, was called upon to make arrangements for a large gathering of the organization. A lunch was to be provided, and with the least amount of worry and concern. Once more she thought of Robinson's and once more the problem was quickly solved.

Small Or Large Parties

The above only goes to illustrate the many functions which the firm of Robinson's fill. By far one of branches of the business, the catering facilities of Robinson's are available for parties small and large.

Robinson's pride themselves that they are always ready to cater to any party, be it large or small, and on short notice. Wedding parties are particularly a specialty. But the services of Robinson's do not stop with small affairs. Large state and social functions also come under the realm of their service.

Thirty-five persons are employed by the firm, and many of these are specialists in the art of catering. They know the hostess' requirements. They know the requirements of large political and social organizations. They should, for they have made a study of it for the past fifty years.

State Function

The largest and most important demand, was perhaps a banquet tendered to the Duke and Duchess of Devonshire, upon the occasion of a state visit of Their Highnesses in 1919. On this occasion the affair was held in the Art Gallery, and more than 1,000 persons were present.

Throughout the fifty years of the firm's existence, the name of Robinson has become a household word among hostesses of Montreal.

Foundations Play Important Role

There is no more important question than your foundation garment. The smart woman knows this. Madame Joel, corsetiere, 4888 Sherbrooke street west, specializes in foundation garment fittings, in commodious, attractive private fitting rooms, Madame Joel has a staff of highly trained fitters, a number of whom have been with her for over 15 years.

Madame Joel's service in the surgical Camp garment should be welcome news to women recovering from operations. This garment is prescribed by many of Montreal's most prominent physicians. You may take your prescription to Madame Joel or it can be handled through the Camp nurse. There are various Camp models designed to give post-operative help and in any cases, it is stated, avoid the necessity for operating. Expert fitters demontrate the support approved for you. For women whose figures have lost their former trim lines the proper Camp physiological support will bring back its natural beauty. A garment such as this which helps to restore the health, the poise and body symmetry is invaluable. Madame Joel points out that there is never any danger of pressure in these garments. They merely perform a restorative function in an easy, natural manner. After the doctor's prescription has been filled and you have been fitted by one of Madame Joel's fitters, you are returned to your doctor for approval.

Madame Joel includes among many lines of foundation garments, all of them well designed and well made, the famous Le Gant models. Women of fashion all over the world wear this beautifully designed garment. For this season the Le Gant house has created the new "Sta-Up-Top" girdle, a sleek, smooth girdle which forms a perfect waist foundation for wear with the suit. It has a specially made band of thin smooth elactic tape with boned pockets woves in, and is so ingeniously attached to the top of the girdle that it cannot roll down nor cut into the flesh. This model gives that flattering "nipped-in" look too. It has, of course, the two-way stretch woven lastex sides and one way stretch panels of lustrous lastex.

The Veil of Youth garment which Madame Joel hows is boneless, all lastex and of a new texture. The Le Gant sport model is an interesting little garment, a pantie girldle in other words guaranteed not to bind and made to really fit. There is just enough control to smooth out the youthful bumps. There are many types of Le Gant garments designed to fit any figure.

The A' Lure "Alphabet" brassiere is a perfect accessory to the sport girdle, good for the youthful figure. Another brassiere shown is the new S t r e t c h a b l e "A l p h a b e t" model designed in one style to fit all figures. Madame Joel also has a fine display of Fan brassieres for every type of figure, Miss to Matron. These are designed to give that necessary support and firm, attractive line. They launder perfectly and retain their shape.

Strapless evening dresses being in vogue this season. Madame Joel, anticipating fashion's decree, is showing the very new camisole brassiere. This is strapless, has the light feather boning, give the necessary support and comes in both materials and lace.

This shop also carries a wide and varied stock of hosiery, fine tailored satin and crepe de chene lingerie, kid gloves, linen and evening handkerchiefs, flower corsages, knitting wools and wool accessories.

CHEESE CREAMS

You'll enjoy cheese creams at your next luncheon. Shape the cottage cheese or cream cheese into balls the size of a half doilar. Press on two halves of nut meats. They may be served either with salad or desserts.

Winter Programs

Judging from the splendid success of the summer concerts atop Mount Royal and the closing concert in the Forum, given by the Concerts Symphoniques, we may look forward to an excellent attendance to the winter series of the Montreal Symphony, since the public has at last become "Symphony conscious."

We have been promised a very interesting program of first rate artists and celebrities as soloists. Some have been here before and others whose reputations have preceeded them will make their local bow. Harold Bauer, who is among the world's greatest pianists and this writer had the pleasure of meeting at a reception here two years ago, will head the list of famous pianists.

He is such an interesting person aside from his musical gifts, that it is a treat to converse with him. Eugene List, the young American pianist who studied with Olga Samaroff-Stokowski and played here last season, is also among those returning as well as Beveridge Webster, pianist; Ria Ginster soprano, Harriet Cohen, famous English pianist and Georges Enesco, Hungarian violinist and conductor. Newcomers to Montreal will be Robert Virovai, violinist and Webster Aitken, pianist, also William Hain, an American tenor. Efrem Zimbalist, the celebrated violinist is also to appear with the Montreal Symphony, so there is a fine assortment of artistic musicianship scheduled for our winter season.

It is too bad that picture houses have entirely dispensed with an orchestra. Why they have done so, I do not know, but after hearing and seeing the wonderful orchestra at the Radio City Music Hall in New York City, last week, this reviewer realizes the need of such an asset in Montreal. This excellent orchestra, composed of over a 100 musicians, played an overture to the stage offering by Florence Rogge and Leon Leonidoff (who will be remembered at the Capitol Theatre here years ago) which was a pot-pourrie arranged from "The Merry Widow," with such celebrated soloists as Jan Peerce, tenor, and Viola Philo, of radio fame.

W. R. BULLOCH NOTES EFFECT OF TALK OVERSEAS

Westmount M.L.A. Took Flying Visit to England Mostly For Benefit of Ocean Voyage

It was mostly for the sea voyage that W. R. Bulloch, M.L.A. for Westmount made a quick crossing to England recently, he stated yesterday upon his return from Ottawa where he spent several days. He spent two nights and a day in the Old Country.

Mr. Bulloch left here on the Empress on August 27 and returned here on the same vessel September 8. "I just crossed for a sea voyage, stopping off at the various ports for a spell, and sailed right back again."

The Westmount member thought the war scare in Europe was having its effect on business in England. "The British people," Mr. Bulloch pointed out, "are not at all alarmists, but at the present time there is some doubt in their minds as to the ultimate outcome of things."

It was in Cherbourg, though, Mr. Bulloch said, where military activities are most pronounced.

"This is particularly true of aircraft manoeuvres.

"Fleets of planes are everywhere in the sky and on the water, it is a most extraordinary sight. I was amazed at the number of seaplanes. Every minute one was rising from here and there on the water."

Man Would Benefit By Slowing Up

In This Age of Speed People Are at Mercy of Own Momentum, Minister Believes

On Sunday morning at Westmount Baptist Church, Rev. J. A. Johnston will have as his sermon theme: "Stop the Chariot!" In this age of speed we are often at the mercy of our own momentum. The driving of Jehu was a snails pace compared to that of our day. The man who "calls a halt" may resume life in a new direction, with new, purpose, power and pleasure.

In the evening Mr. Johnston's subject will be: "Standing on the Promises of God." These are gray, ominous days in the world's life. If Europe explodes what will there be to stand on? Can anything dismay the man who knows that is Christ, the "Eternal God is his refuge? Community Hymn singing will be a feature of the service.

The Eastern Association of Baptist Churches has its annual meetings in Temple Baptist Church, Outremont, beginning on Monday, September 19th at 8 P.M. and continuing until Wednesday, September 21st. A fine programme has been arranged. Rev. Harold Lang, M.A., B.D., recently appointed Editor of the Baptist Publications Committee of Canada will be one of the speakers.

Rev. R. Gordon Bourgoyne will be the guest speaker at the opening banquet of the Westmount Baptist church Young People's Association, which is being held in the dining room of Jas. A. Ogilvy's on Monday evening at 6.30 o'clock. Special entertainment will be provided.

Manchuria is importing twice as much from the United States as a year ago.

Successful Pharmacist

With resumption in the Westmount Examiner of brief biographical sketches of prominent Westmount businessmen one of the city's better known pharmacists proves a fitting choice to lead the renewed series. He is Lewis Sherwin, Ph., G., proprietor of the Metcalfe Pharmacy.

Mr. Sherwin, who has an enviaviable war time army record to his credit, was born in Edingburgh, Scotland, coming to this country in 1919. He received his early education in his native city, graduating from the Boroughmuir High School.

He studied to be a pharmacist at McGill University, and received his diploma there in 1927. Before entering into business for himself he served for four years on the pharmaceutical staff of the Montreal General Hospital.

He enlisted with the 51st Leistershire regiment in 1917, serving with that unit in France , Belgium, and Germany. He was for six months German interpreter in the 9th Corps under General Plummer. He was wounded at Albert, Somme, in the latter part of 1917, but returned to the front after hospitalization.

Enlisting as a private, Mr. Sherwin held the rank of sergeant at the time of his discharge.

Mr. Sherwin bought over the Metcalfe Pharmacy in 1928, this year marking his tenth as proprietor of that establishment. His policy has been to combine the money saving features of the cut-rate drug store with the reliability of the family pharmacy.

That he has succeeded in this aim is evidenced by the fact that business has continued to expand over a period of ten years. He has won the confidence of the medical profession and general public alike.

Anxious to incorporate every modern advancement in his business, Mr. Sherwin has added many improvements to the Metcalfe Pharmacy and but recently had the store completely renovated. Most noticable attributes to the progressive policy of the store is the modernistically-styled front and the installation of a soda-fountain of the latest design.

While his business prevents him from indulging in many avocational pursuits Mr. Sherwin is a member of the Prince Albert Lodge of the Royal Arcanum and takes keen interest in amateur photography. While at McGill he was on the University's boxing team and is still an ardent follower of that sport.

Rev. Jones To Preach On False Values

People Give First Place to Secondary Things, Minister to Assert

The subject of the sermon in Calvary Church, on Sunday night, to be delivered by the Rev. T. W. Jones, will be "Putting First Things First," a challenging message for life from the words of the Great Teacher. Many of our worst mistakes in life are made not because we choose prohibited things but because we give the first place to secondary things. The teachings of Jesus concerning these important matters will form the subject of this service.

On Sunday morning Dr. Jones will give the second sermon in the series on the Claim of Jesus, the definite theme for this sermon being "Jesus as the Master Builder of the Temple of Life."

The morning Sunday School will meet in the church at 11 o'clock and after the opening worship service the members of the School will adjourn to the Sunday School Hall where regular classes for the different ages will be held. Families living at a distance from the church are cordially invited to bring their children with them to the morning service at which time the children will be properly cared for and trained in the church school.

The afternoon school will meet at 3 o'clock in the varied departments of the school life and work. All former scholars and new friends are earnestly invited to be present.

On Monday evening at 8.15 p.m. the Young People's Union will hold its opening session. This organization heartily invites the young people of the congregation and the community to share this happy fellowship in useful ministry.

A cordial welcome is extended to all newcomers in the district to worship in Calvary Church.

DANCE PUPILS WILL ENTERTAIN HOSPITAL KIDDIES

Stars From Hilda Galt School to Appear At Shriner's Hospital

Although classes are only starting at the Hilda Galt School of dancing Miss Galt arranged an entertainment for the children at the Shriner's Hospital on Saturday afternoon.

A varied program will be given with song, dance and comedy which will no doubt, please the kiddies.

The success of the Hilda Galt school is noticeable by the fact that enrolment this season has been heavier than usual at this time, especially when so many new and advanced pupils are enrolling to get the benefits derived from the teachings of the Ned Wayburn Method which is taught exclusively by Miss Galt in Montreal.

Every pupil enrolled is assured of the personal attention of Miss Galt who spent much time at the Ned Wayburn school in New York last summer getting the many new routines suitable for tap, toe ballet, acrobatic and ballroom dancing.

The enrollment register is still open but it is advisable to make application early as the register is filling rapidly. All applications should be directed to Miss Hilda Galt personally either at her studio or at her residence.

MRS. J. WALKER

To be a successful saleswoman, one must understand the psychology of clothes. It is not only necessary to suit the lines of the figure, clothes must suit the "inner woman" as well. How often have you put on a dress that everyone has admired yet you yourself did not feel just "right" 'in it?

There is a grand feeling of confidence when you find the dress that is just "made" for you, and and a sales staff that is really interested in their work will always find that dress for you, says Mrs. J. Walker, buyer of the Gracemode Shoppe.

This is the reason that the Gracemode Shoppe has been so successful in pleasing customers and serving the ladies of Notre Dame de Grace and Westmount.

Usher In New Screen Season At District Theatres

Better Pictures, More Stars, Loom On Movie Horizon

Film Producers Get Together To Provide Greater Silversheet Entertainment For Exhibitors — Contracts of Westmount, Monkland, Snowdon, and Seville Theatres Call For Cream of Studio Offerings

For the first time since the advent of motion pictures, producers of screen entertainment have definitely gotten together this year and decided to do something tangible to improve the quality of the film fare offered to theatre patrons across the continent.

Impressive plans were discussed early in the summer, before many of the big studios went into production, and as the production season advanced, budgets were boosted, better stories were being obtained, more stars were being assigned to individual pictures, and on the whole the outlook was considerably brightened.

Film producers, their eye on the possibility of attracting new patrons to the palaces of amusement, and increasing the attendance of present film fans, launched a monster quarter-of-a-million dollar contest as part of a $500,000 campaign, to bring people back to the theatre.

The fruit of these efforts are now making themselve apparent. The new season product is now reaching district theatres, and a decided uptrend in quality is noticable.

District Theatres Benefit

That these efforts on the part of producers and distributors will make themselves felt in community theatres, which, of course, include Notre Dame de Grace and Westmount, cannot be denied.

Managers of theatres in this district have been preparing for many weeks, and the new season, just started, will see even greater films in the Westmount, Snowdon, Monkland and Seville theatres.

A survey of these theatres, so popular with residents of Notre Dame de Grace and Westmount, reveal that only the cream of the product from Hollywood and English studios will reach their projection rooms this fall and winter. Contracts have been signed with all of the major studios which will mean an unlimited supply of first class films for all district theatres.

Many "Hits"

It is interesting to note that all key cities throughout the continent are reporting increased movie attendance, which can only be traced to better pictures, linked with the word that "there are six current pictures in the hit class, which is three times the average."

White the quality of product is the principal concern of all movie theatre managers, it is realized that the comfort of patrons is also a primary concern. With this thought in mind, managers of district theatres have spared no pains during the past summer improving their respective theatres, where improvement was possible. New paint, renoviations, and other improvements have all added to greater comfort of patrons.

District theatre managers are loud in their praise of the new season product announced by major studios. A summary of these offerings will be found in the following list.

The Lion Roars

From the Metro-Goldwyn-Mayer Studios the following pictures will be shown, "Northwest Passage" (in Technicolor) with Robert Taylor, Spencer Tracy and Wallace Beery; "Idiot's Delight," with Clarke Gable; "Sea of Grass" with William Powell and Myrna Loy; "The Citadel" with Robert Donat, Rosalind Russell and Elizabeth Allan; "The Women" with Norma Shearer; "How To Win Friends"; "Hands Across The Border" with Robert Taylor; "I Love You Again" with William Powell and Myrna Loy; "Stand Up And Fight" with Wallace Beery"; "A Day At the Circus" with Marx Brothers; "Boy's Town" with Spencer Tracy and Mickey Rooney; "Sweethearts" with Jeanette MacDonald and Nelson Eddy; "Goodbye Mr. Chips" with Robert Donat; "The Great Canadian" with Clark Gable; "Broadway Melody of 1939" with Eleanor Powell, Fanny Brice, Frank Morgan, Buddy Ebsen, Ray Bolger and Judy Garland; "Fidelity" with Joan Crawford; "The Wizard of Oz" (in Technicolor) with Judy Garland, Ray Bolger, and others; "Maiden Voyage," "The Great Waltz," with Luise Rainer, Fernand Gravet and Meliza Korjus; "One Young American," with Wallace Beery, and Freddie Bartholo-

Spanish War Is Background For New Film Drama

The most dramatic situation of the present day—the Spanish civil war—forms the background of the tempestuous love story which is told in "Blockade," Walter Wanger's thrilling romantic drama which stars Madeleine Carroll and Henry Fonda, starting at the Monkland United Theatre Sunday until Tuesday, now playing at the Seville United Theatre.

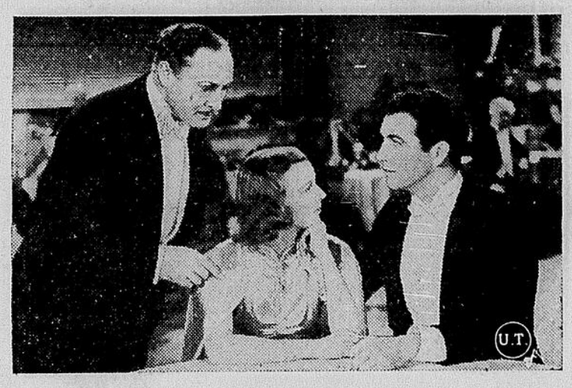
This is the romance of a man and a girl drawn into the conflict almost against their will—lovers who were at the same time bitter enemies.

The story opens with the arrival of Norma Basil (Madeleine Carroll) in peaceful Spain, where she has come to join her father. She meets Marco (Henry Fonda), a peaceful, home-loving young farmer, and the pair fall in love.

Norma discovers that her father and his life-long associate, Andre, have been engaged in fomenting war, hoping to profit from future activities as spies, and that evening the sound of the first guns of the civil war rumbles over the countryside.

Marco joins the army and, having killed a spy, learns that the man was Norma's father. He is obliged to arrest her as an accomplice.

"THREE COMRADES"



A scene from the film "Three Comrades' 'now playing at the Westmount United Theatre and opening at the Seville United Theatre starting Sunday.

TORN FROM TODAY'S HEADLINES!

A scene from "Blockade" starring Henry Fonda and Madeleine Carroll now playing at the Seville United Theatre and opening at the Monkland United Theatre starting Sunday.

"ADVENTURES OF ROBIN HOOD"

Errol Flynn and Olivia de Havilland in a scene from the film "Robin Hood" now showing at the Snowdon United Theatre.

Large Cast With Errol Flynn In 'RobinHood' Film

In line with their policy of presenting the pick of screen entertainment to their patrons, the Snowdon United Theatre will have as its feature attraction, now playing until Saturday, "The Adventures of Robin Hood," a massive Technicolor melodrama, starring Errol Flynn, and featuring Olivia de Havilland, Claude Rains, Basil Rathbone, Ian Hunter, and a supporting cast of some thousand players.

The handsome young Irish star, Errol Flynn, who had such triumphs in "Captain Blood" and "The Charge of the Light Brigade" plays Robin. The beautiful her away from me."

Tone bowed his head in defeat. young Olivia Havilland, who was the heroine of those successes, is Maid Marian. This is their third picture together and is said by previewers to excel its predecessors.

This version of "The Adventures of Robin Hood" is altogether different from the great picture which Douglass Fairbanks made in silent form in 1922. It is filled with fighting — bows and arrows, quarter staffs, pikes and broad-swords being the weapons — and is played in immense and beautiful scenic settings both indoors and out.

Dotted Swisses appear in some of the handsomest evening dresses, the preference being for white with white or colored dots. Navy dotted Swiss with white again is the choice for daytime wear.

Tone And Young Fight For Honor Of Rejected Suitor

Robert Young has won the title of "the screen's most futile lover." Franchot Tone was runner-up by a close margin.

The competition began on even terms with both contestants turned down by Margaret Sullavan in favor of Robert Taylor in "Three Comrades," opening Sunday at the Seville United Theatre, now playing at the Westmount United Theatre.

"Well," Tone observed, "it's no novelty to me to get the air. I've been the rejected suitor so often it's become a habit."

Young promptly flung his challenge. "I've been the losing third in more triangles than anybody in Hollywood," he announced. In proof he submitted romantic rejections by Claudette Colbert in "I Met Him in Paris" and "The Bride Comes Home," and by Florence Rice in "Navy Blue and Gold."

Tone accepted the challange with alacrity. "Joan Crawford turned me down in 'Dancing Lady' and 'Today We Live,' " he recalled. "I've lost her to Gary Cooper, Clark Gable and Robert Montgomery. As a matter of fact, the only time she considered me at all was when we actually did get married."

Tone remembered that William Powell was the victorious lover in "Reckless," to which Young replied that he, too, lost to Powell in "The Emperor's Candlesticks" with Luise Rainer.

Screen titles pierced the air in the manner of javelins — "The Ungarded Hour," "Suzy," "Secret Agent," "Sworn Enemy" and "The Gorgeous Hussy." The battle was still a draw.

Tone suddenly drew on his reserves. "I married Gladys George in 'They Gave Him a Gun,' " he said, "but it was only to show how easily Spencer Tracy could take

Young Musicians

For the first time since she appeared on the screen, Deanna Durbin will have as accompanist an orchestra composed of children of her own age. The juvenile orchestra, comprising sixteen musicians, will be heard in "That Certain Age," Deanna's current picture. They will furnish the accompaniment of two of Deanna's numbers, "Romeo and Juliet Waltz," by Gounod, and Leo Debiles' "Les Filles des Cadiz."

Rudy Introduces Four Songs In "Gold Diggers"

Three new songs by that expert pair of songsmiths, Harry Warren and Al Dubin, as well as another for which Johnny Mercer set the words to the Warren music, make their formal debut to the world of song in the musical comedy, "Gold Diggers in Paris," which is at Westmount United Theatre Sunday playing until Tuesday.

That each of the new songs will be a hit seems to be a foregone conclusion, not only because they represent a selection of the best recent work of a composer with a high percentage of successes and two famous lyricists but also because they will have the advantage of being introduced to the public through the medium of the voices of Rudy Vallee and Rosemary Lane.

The first of the numbers which Vallee sings is "I Wanna Go Back to Bali," by Warren and Dubin, and he is next heard in a duet with Miss Lane, the song being "Day Dreaming," by Warren and Mercer. The other two Warren and Dubin numbers are "Stranger in Paree" and "The Latin Quarter," the latter being the background tune for the spectacular finale of the picture. Both are sung by Vallee and Miss Lane.

These four songs do not, by any means, comprise all of the musical entertainment in the picture, for it is in this film that the extraordinary novelty band discovered by Vallee in a St. Paul night club, which goes under the name of "Freddie Fisher's Schnickelfritz Band," makes its motion picture debut.

Retitled

The film version of the Fannie Hurst novel 'Sister Act." featuring the Lane sisters, has been given a new title, "Four Daughters." Three of the girls, Priscilla, Rosemary and Lola Lane are genuine sisters. Whereas the fourth sister is played by Gale Page. Actually there is a fourth girl, Leota, who is not in Hollywood at present.

W. C. Fields Again

"You Can't Cheat An Honest Man" is the title of W. C. Field's next starring vehicle. It is scheduled to start before the cameras on the fifteenth of this month.

Lawrence Holmes Is Coming To Victoria Hall

Lawrence Holmes, the distinguished Canadian baritone now making his home in London, will open the Montreal concert season at Victoria Hall on October 5, with a recital of songs. Although Mr. Holmes is not new to Montreal, this will be his first appearance in the city for several years. During that time, he has sung throughout Great Britain and on the Continent, winning high praise wherever he was heard.

Classes Opening In Almond Gray School Of Drama

Classes are now being opened in the Almond Gray School of Dance and Drama in their studios at 4472 Sherbrooke St. West, with the addition to regular classes this year of special courses in choric and public speaking, and fencing.

Director of the Almond Gray School are Mrs. Eric Almond and Miss Hilda Mulvany Gray, both of whom trained at the Ginner-Mawer School in London, England. Their instructors included Miss Ruby Ginner, author of "The Revived Greek Dance, Its Art and Technique," and Miss Irene Mawer (wife of Mark Perugini) author of "The Art of Mime." Mrs. Almond danced with Pavlowa and acted for a season with Sybil Thorndike in Greek tragedies at the Old Vic in London. She also appeared in a command performance before Queen Mary.

Miss Gray has recently returned from the United States where she took lessons in ballroom dancing from the distinguished teachers Zooke in Chicago and Arthur Murray in New York City.

At the Quebec Music Festival pupils of the Almond Gray School gained the following honors: First, Choral Speaking Group; First, Ladies' Recitation; First, Men's Recitation; Second, Third and Fourth, Girls' Recitation.

On Wednesday, Sept. 21st, enrolments will take place and the school will hold an At Home to enable parents to discuss their children's work for the coming season with Mrs. Almond and Miss Gray.

Plans for this season, in addition to the special classes for very young children, include: classes in tap, national and ballroom dancing for boys and classes in modern, tap, Greek, ballet and ballroom dancing and body mechanics for all ages. Drama classes use the technique of the Moscow Art Theatre and offer a thorough grounding in mime, diction, production, costuming and make-up. Pupils in the drama classes are assured of appearances in at least three productions during the season.

SIXTH SEASON IS COMMENCED

Children's Theatre Devotes Itself Entirely to Instruction of Dramatic Art

The Children's Theatre directed by Dorothy Davis ond Violet Walters, has made emphatic strides since it was inaugurated six years ago. Concentrated hard work by the directors of the school has made it today Montreal's foremost centre of dramatic activities for young folk. It has gained popularity for beyond all expectations, and in order to meet the increasing demands for accommodation of pupils, the north and west end studios are obliged to extend its operations, increasing the number of Classes, and having special evening clases for senior pupils.

The Children's Theatre includes a kindergarten class as an introduction to the principal course which comprises instruction in self expresion, diction, poise, deportment and self control through the medium of the drama. It is im-

BETTY SPEIRS' FIRST RECITAL TO BE INFORMAL

Opening Recital to be Held at Victoria Hall September 24

From the studios of the Betty Speirs School comes the announcement that the opening recital at the Victoria Hall on Saturday 24th September will be quite an informal affair. As usual the talented soloists and classes will feature the program but on this occasion Miss Speirs and Mr. Miller will personally appear on the platform and describe the various routines and methods as the artistes perform.

The usual summer successes of the school always come to light at this time and we have to report Nancy Telfer with a first prize at Old Orchard Beach, Shirley Hutt, Eleanor Thompson, Denize Sydal with premier awards at the Al. Plunkett radio presentation and Shirley McKeown who won the 'blue ribbon' award at the Brome Lake gala during July. In addition there has been the phenomenal success of baby Deltry Beacom, who has charmed Montreal audiences during the summer.

Miss Speirs has received an avalanche of congratulatory messages on the news that Dorothy Daum is returning for another season, as this popular young lady made quite an impression on her first visit to our city. It will be of interest to the people of Montreal, that Miss Daum has spent the summer months in New York with the various masters and has an abundance of new material for the beneft of the Betty Speirs' pupils during the season.

Mr. Miller, who must be given credit for making Montreal conscious that the training of boys in the art of public appearance is of decided importance, has been rewarded for his persistence, as a record enrolment has been reported. The boys specialize in singing, elocution, tap dancing, and microphone training.

For ballroom patrons Miss Speirs and Mr. Miller have outlined a very ambitious program. For the younger element all the latest New York dances, including the 'New Shag," Viennese Waltz, La Conga, Lambeth Walk and Cherry Hop will be demonstrated, while for the more conservative element the Waltz, Fox Trot and Old Country dances will be available in their excellence.

The Business Girls, who in addition to Tap Dancing demand the body-building technique which keeps the figure in feminine shape will also take their place in the proceedings. Miss Speirs has a new cycle of exercises from her celebrated friend Thalia Zanou, and Mr. Miller has secured the latest Jack Manning and Bill Pillick tap routines. Altogether a very complete program and one which caters to the most fastidious. As usual the baby classes will be personally conducted by Betty Speirs.

VELVET COATS AT RACES

Velvet coats in black, dark red and bright brown are being worn at Paris races over pleated white frocks in handkerchief linen.

Drama School Classes Now Being Formed

Miss Jewell Logette's is Only One Where Stanislavsky System is Used

Of special interest this season is Jewel Logette's Drama School, for stage and cultural training.

Classes are now being formed in Acting Technique, Diction, Elocution, Pantomime and Poise.

All classes are under the personal direction of Madame Logette, who has had extensive experience in the drama in London, and studied in New York under Lazar Galpern, former co-director of the Moscow State Children's Theatre.

This is the only school in Montreal where the Stanislavsky is used, a method of self-expression which develops Poise, Imagination and Creative ability. While primarily used in connection with the theatre, its great force lies in the fact that this method entirely eliminates self-consciousness (in all its embarrassing forms) and makes for naturalness and sincerity.

Particular attention is paid to proper breathing, clear speech and correct diction for stage, radio and personal culture.

There are day and evening classes for children and adults; with Recitations, Monologues, Pantomimes and plays to suit every age group.

Scholarship will be awarded at the end of the season to students showing the greatest proficiency.

NOTED TEACHER

One of the most successful of Montreal piano teachers, Miss Frances Goltman, Lic Mus. and First Medallist of McGill University is this year beginning her twelvth season. This prominent and popular musician, who is noted for her outstanding pupils' recitals, is also well known as a gifted writer and authority on "matters musical" being the widely read columnist of this paper under the title of "Musical Sharps Flats and Naturals."

HUMOROUS PARTY SALAD

A salad made of slices of seedless orange placed on slices of green peppers from which the centre has been removed is attractive for a grown-up party. Use slices of stuffed olives for eyes, pimiento for mouth and clove for nose. A stem of yellow cream cheese can be added. Place all on a nest of lettuce.

WAISTLINES DEFINED

The autumn silhouette may be slim or bouffant according to the wearer, but one thing all autumn silhouettes have in common—clearly defined waitslines.

possible to begin this work too soon. Children should be encouraged in their play: understand, stimulate and develop in them the need for diversion, which is really a dramatic inspiration.

Speech is the hall-mark of culture and character. Poise is attained by overcoming self consciousness. Personality is develop by acquiring poise and good speech.

Those who have seen what the Children's Theatre have done in the past and who witnessed their performances of "Little Women" and "Daddy Long Legs"' last season will realize what a very valuable work can accomplished in the training of children in variaus forms of dramatic work.

The first production of this season will be "Anne of Green Gables." Miss Davis has recently returned from New York having brought back new material and having made a careful study of the Children's Theatre situation in that city, and a very ambitious and interesting programme is planned for the forthcoming season.

EDUCATION — the right kind of education — represents the most valuable capital on which young people can draw in their adult years. Recognizing this fact, we limit our enrolment and use the INDIVIDUAL system of instruction, which enables our teachers, through a friendly and intimate contact with pupils, to discover their individual requirements and characteristics, and thus fit each pupil into the position best suited to his or her capacity. The exceptional success of our graduates during the past 30 years is thus explained.
This year's class won the Gregg Gold Seal Proficiency Certificate, in a competition which brought together 30,000 shorthand writers from every quarter of the globe. Ask to see it. Early enrolment recommended. Only a limited number accepted.

ST. LEO'S FOOTBALL SQUAD ORGANIZES FOR SEASON; ANDY MCGILLIS IS COACH

Team Last Year Won Inter-City Championship — 40 Turned Out For Practice at Westmount Athletic Grounds —School to Sponsor House League in Six-Man Football

At the present time St. Leo's is mobilizing its forces in football strength to continue the good work accomplished last year in inter-city competition. Last year marked its initiation into the pigskin sport when, contrary to expectations, it won the City Intermediate Championship. Andy McGillis, its successful coach of last year, is again in charge and he hopes to field a team worthy of the school.

There are many faces absent in this year's squad, particularly from the backfield section, due to graduation; but there are as many eager substitutes available. The first turnout numbered some 40 footballers. Light exercising is the main feature of present practises as conditioning is all important for the short, though strenuous season ahead.

St. Leo's will again field a team in the Intermediate City competition. Following the precedent started in Hockey last year, it will probably compete with D'Arcy McGee, Catholic High, Loyola and Daniel O'Connell. The winner of this section will then play-off with other sectional winners for the City crown.

Following the program of popularizing the game, St. Leo's also intends to sponsor a House League in Six-Man football. This junior competition will serve as a good training ground for less experienced boys and provide competition for all boys football-minded. This innovation is certainly progressive.

Practises take place regularly at the Westmount Athletic grounds and all look forward to an enjoyable season.

"Y" TO OPEN NEW SEASON ON MONDAY

Gymnasium and Swimming Pool Schedules Get Under Way at the Local Branch

The autumn program of the Westmount Y.M.C.A. officially opens on Monday following a series of all-morning conferences held by executives of the branch last week when a comprehensive schedule was drawn up.

Gym classes commence at 4 p.m. when the senior school students take the floor. Hugh A. Noble, graduate of Springfield College will be in charge of Health and Physical Education this year and will be assisted by John Pearson, a senior student at McGill who is a 'Y' Fellowship Secretary. The gym schedule for the remainder of the week is as follows:

HOLD ANNUAL SHOW

Arvida, Que., held its annual Horticultural Show and Garden Competition here recently. In the opinion of Mr. A. Jeanneret, Horticultural expert of the Department of Agriculture, this was the best show ever held in the "Aluminum City," both as to quality and quantity of exhibits. He also praised Arvida as the cleanest and most beautiful city in the Province.

PROVINCIAL CHAMPS MEET

The Provincial championships for track and field events will be held at the Westmount Athletic Grounds tomorrow afternoon.

The meet promises to be unusually successful, marked by keen competition. The executive of the Westmount Track and Field Club, which is sponsoring the event, has worked hard since last May to build up junior competition in the Province.

As a result of their efforts a large number of entries from out of town have been received along with the lengthy list received from athletes on the Island.

Play To Health *Through* EXERCISE

BY HUGH A. NOBLE

Following is the first of a series of articles written exclusively for the Westmount Examiner by Mr. Noble, Physical Director of the Westmount Y.M.C.A.

The word exercise is self-explanatory, but let us think of the word 'Health'; I don't believe there is any universal definition of the word, yet the best way we can determine the status of community and individual health is through statistical records; however, the stories they tell are not complete in themselves, because there are innumerable individuals, who apparently need no medical care, yet whose physical and mental health is considerably lowered through fatigue, improper use of leisure time, over or under weight, etc. Is it wrong then to assume that the individual efficiency in their respective lines of work may also be on a similar level?

To gain the full maximum pleasure out of life it is essential that we experience our due portion of health, because life without it is mere existence. We may have wealth, position and social standing—but how unfortunate if we do not have our health so that we may fully enjoy and appreciate our status of life.

Statistics tell us that the majority of people born are in normal health, but it seems that our mode of living permits only a few to enjoy this existence.

It is an obvious deduction that one who indulges in any form of physical activity is better qualified than his non-ndulgent friend. We are aware that through the medium of science our length of life has been increased—The Medical Profession has successfully solved the mystery of one disease after another—and likewise in the fied than his non-indulgent friend. its various aspects, they are contributing favorably to the social well being, mental and physical health of our nation.

Exercise and Health are so very closely related that one usually thinks of them as being necessary to each other. Yet at the same time so many of us are eager to think of health as something difficult to attain; whereas, in reality, the maintenance of health is not nearly as mysterious and certainly far less difficult than we would imagine.

It seems most of us are living in a sort of fear that we are obliged, through various advertisements, to do 'such and so' in order that we may be physically fit. But it is very obvious that by means of regular exercise our personal appearance is considerably improved and the toneisity of our muscles is greatly increased, and as a result we can more enthusiastically enjoy the various forms of physical recreation. Apart from the recreative element, and briefly from a physiological point of view, the energy we possess to do these various forms of exercise is derived from the 'burning' of the food particles we eat, consequently there is both an increase in appetite and elimination.

Often we think of exercise as the prime medium for the reduction of weight; there is little doubt that it has its place, but we must not lose sight of the fact that with increased exercise we normally have an increase in appetite; hence we must think of the one factor if we wish to control the other.

Westmount Lacrossists sure went to town on St. Anthony's . . handed them a 29-11 trouncing in the two-goal total series..... If the Cornwall victory means anything Westmount should have a strong contender for the Monts cup..... Note that Westmount Track Club Captured aggregate honors in Provincial meet..... Juniors will take to the track lanes tomorrow at the Grounds . . . Junior Football Club has more than 40 aspirants fighting for a berth on squad..... Johnny Thombas scheduled to remain with team..... has been out with C.N.R. .....Rollie Loftus back from mines and out with Nationals..... Smith at Westmount high..... lots of new faces out with both squads..... Westmount Juniors got started with heavy work last evening..... Bronk Taylor did a nice piece of umpiring Saturday afternoon.

BLUES WON DOUBLE-HEADER OVER GROVES ON SATURDAY WITH SCORES 11-10; 17-5

Winning Team in Fine Form in Last Two Games of Season—In First Match Scored Eleven Runs in Six Innings—Groves Won Championship Last Year

The Blues, after losing the first game of the final playoffs with the Groves by a score of 5-4, turned the tables on last year's champions and won both ends of a double header played last Saturday afternoon. The scores for the games were 11-10 and 17-5.

The Blues in the final two games were at their best and played the best brand of ball they have displayed this year. In the first game their heavy hitters had accounted for 11 runs to the Groves one up to the seventh inning.

From nowhere, an inspired rally was started by the Groves which brought in nine runs before the last man was retired. That inning was very exciting and with a little luck, the Groves might have been the winners of perpetual cup donated by Alderman W. B. Scott, K.C.

In the second game the Blues once again put their big guns in action and in this game they played very careful ball.

The Blues, by virtue of their hard earned victory, will hold the W. B. Scott Trophy for one year. The league this season has been a decided success and has provided much enjoyable sport to players and spectators of Westmount.

WESTMOUNT WINS TITLE IN LACROSSE

Defeats Ontario Team in Double Header Played at Forum Saturday and Monday

Defeating St. Anthony in both ends of a double-header 12-7 and 17-4 in games played at Forum Saturday and Monday, Westmount won the Quebec Junior Lacrosse Championship for the second successive year.

Members of the team are now practicing for the prospective game with the Ontario champions, scheduled to be held in the near future.

The local squad, coached by Fred Dey, is expected to put up a good showing against the crack Ontario players, as they were successful earlier this year when they played against Cornwall, recognized as one of the toughest teams in Eastern Canada.

Fifty-One Enter Tennis Tourneys

The girl scholars tournament has been completed and was won by Betty Wickham who defeated Shirley Burnett in the finals by the very close score of 6-4,6-4.
