# ROYALS WERE AHEAD OF BISONS AT CLOSE OF FOURTH INNING--BACKSTOP RELEASED

### Home Players Had Bad Feast in Second and Scored Three Runs — Smith and Pearce Were Local Battery.

Atwater Park, June 13.—That Frank Roth, the Royal's star back stop, will be let out by Manager Lush, was the announcement made previous to to-day's game between the Bisons and the Royals, who arrived here this morning for a three game series. The failure of Lush to get along with Roth on the road is given as the cause.

Frank Smith was chosen by Lush as the slag artist in to-day's matinee, and he was opposed by Jameson.

Billy Burke is laid up with a sprained knee, having thrown it out in practice.

Montreal—Demmitt, lf.; Yeager, 3b.; Connolly, r.f.; Cunningham, 2b.; Russell, c.f.; Kellher, 1b.; Purtell, ss.; Pierce, Smith, p.

Buffalo—Stock, ss.; Truesdale, 2b.; Beck, 1b.; Murray, c.f.; McCabe, r.f.; Bues, 3b.; Gilmour, lf.; Mitchell, c.; Jameson, p.

Umpires—Kelly and Mallin.

**FIRST INNING.**

Buffalo— Stock fanned, Truesdale walked and stole, scoring on Beck's double. Murray's fly to right sent Beck to third, where he was left stranded when McCabe was thrown out by Purtell. One run, one hit, no errors.

Montreal—Demmitt singled to right. Yeager was passed. Connolly popped to Jameson in an attempt to bunt and Yeager was doubled at first. Cunningham singled, scoring Demmitt. Russell lined to ues. One run, two hits, no errors.

**SECOND INNING.**

Buffalo—Bues beat an infield hit, and went to second on Gilmour's sacrifice. Mitchell was safe on Yeagers fumble. Jameson's grounder to Cunningham forced Mitchell at second. Pierce threw to right to get Jameson off first. Bues scored, and Jameson drew up at third. Stock singled, scoring Jameson. Truesdale singled. Beck was tossed out by Cunningham. Two runs, three hits, two errors.

Montreal—Kellher beat a hit to short but Jameson caught him off the bag. Purtell singled. Pierce dropped a Texas Leaguer in right. Smith's grounder was too hot for Bues. Demmitt popped to Truesdale. Yeager was hit and Purtell scored. Connolly singled, scoring Pierce, and Smith. Yeager was caught at third on an attempted double steal. Three runs, five hits, no errors.

**THIRD INNING.**

Buffalo—Murray singled to right and stole. McCabe fanned. Bues out, Smith to Kellher. Gilmour whiffed. No runs, one hit, no errors.

Montreal—Cunningham popped to Stock. Russell was thrown out by Stock. Kellher was out, Jameson to Beck. No runs, no hits, no errors.

**FOURTH INNING.**

Buffalo—Mitchell hoisted to Demmitt. Jameson whiffed. Stock was out, Cunningham to Smith. No runs, no hits, no errors.

Montreal—Purtell was thrown out by Truesdale. Pierce was out, Stock to Beck. Smith flied to Truesdale. No runs, no hits, no errors.

**FIFTH INNING.**

Buffalo—Truesdale was out, Smith to Kellher, Beck took the same route. Murray Breezed. No runs, no hits, no errors.

Montreal—Demmitt out, Truesdale to Beck. Yeager singled and was caught stealing. Connolly tripled to right. Cunningham fanned. No runs, two hits, no errors.

**SIXTH INNING.**

Buffalo—McCabe popped to Purtell. Bues out, Kellher to Smith. Gilmour beat an infield hit. Mitchell hoisted to Connolly. No runs, one hit, no errors.

Montreal—Russell whiffed, Kellher drew a pass and was caught stealing. Purtell was thrown out by Truesdale. No runs, no hits, no errors.

From a prominent South Georgian, who lives in Ware County, the Controller General has just received a letter expressing the writer's desire to wear woman's attire, and asking permission to do so. "I have very much the appearance of a woman, and when dressed as such and wearing long hair I look a perfect figure of a female and would not be noticed as being a man. I wish to adopt this attire because it is more suitable for me than male attire."

## STRIKERS CLASHED ON CEMOER

### Several Deputy Sheriffs Were Injured Before Disorder Was Quelled.

Perth Amboy, N. J., June 13. — Deputy Sheriffs and the strikers of the American Smelting and Refining Co., clashed again to-day, and although the officers all declare they shot in the air, one of the strikers was wounded. Several of the deputies were slightly injured before the disorder was quelled.

This afternoon the ranks of the strikers were increased by about seventeen hundred men, women and girls. About twelve hundred of these were employes of the Perth Amboy Tobacco Company. The other five hundred were employed by the Henry Maurer and Company Fireproofing Works. Most of the tobacco employes are women and girls.

## FREDERICTON'S OLDEST RESIDENT CELEBRATES.

### Levi Richardson, Hale and Hearty, Celebrating 101st Birthday.

Special to The Montreal Star.

Fredericton, N.B., June 13. — Levi Richardson, who for the past few years has been a resident of Fredericton, is to-day celebrating his 101st birthday at the residence of his daughter, Mrs. Chas. Young. He is enjoying unusually good health. He was born June 11th, 1811, his parents being Levi Richardson, of Vermont, and Ellen Stanwood, of Brunswick, Maine. He was married to Hannah Young, of Oak Bay, Charlotte County, N.B., with whom he lived happily on his farm near Lawrence Station N.B., for upwards of sixty years.

His wife died on January 11, 1909.

**Japanese Persistence.**

Wakao Ippei, the wealthiest man in the Province of Yamanashi, Japan, did not learn to read until he was sixty years of age, nor had he up to that time begun to accumulate his present great fortune. At the age of ten he started to make his own way in the world. At one time he was a ragpicker. His first real business venture was the purchase of crystal balls, which sold at a good profit. As he grew in wealth he entered the silk field, in which most of his money was made. After reaching the age of sixty he engaged a tutor in Chinese classics, which study he pursued until

**BEGGING ABOLISHED BY DECREE IN SPAIN.**

Special to The Montreal Star.

Madrid, June 13.—The "Gazette" to-day published a decree suppressing mendicity in Spain. This decree was issued owing to the fact that begging has become intolerable in the cities.

Large placards will be posted warning beggars that they are liable to arrest. They will be sent to their native places, or placed in institutions for the needy.

## EFFICIENCY STANDARD MISSING

### No Regulations for Crews Laid Down by Board of Trade.

Special to The Montreal Star

London, June 13.—Further light of an unfavorable character was shed to-day upon the Board of Trade regulations for British ships, in the Government Titanic inquiry.

Sir Walter Howell, Chief of the Marine Department of the Board of Trade, which regulates the laws governing life saving appliances on British ships, was again on the stand. He testified that there was no standard of efficiency for ships' crews laid down by the Board.

Lord Mersey then requested Sir Rufus Isaacs to produce figures showing the number of lifeboats required by Germany for a ship the size of the Titanic.

Captain Young, who succeeded Sir Frederick Chalmers in the Marine Department of the Board of Trade, told the investigators that he advised the Board of Trade several months ago that all vessels of the Titanic's type should be equipped with not less than twenty-six davited lifeboats.

## CRICKET RUBBER STRUGGLE

### Triangular Tournament Now Rests Between England and Australia Teams.

The fact that the South African cricketers have been beaten both by England and Australia in the triangular tournament practically deprives them of any chance of securing the championship. It is a matter for some regret that they should have been so readily overcome thus, early in the contest, especially as great things were expected of them.

The fight for superiority is thus left between England and Australia, and that this will be a keen struggle there does not seem to be the least room for doubt. The Australians have most unmistakably demonstrated that they are in fine form both with bat and ball. On the other hand, the members of the English team, who captured themythical ashes last winter, are in equally good fettle. Thus we are promised a most spectacular struggle despite the fact that the South Africans have so soon gone under.

There has been considerable criticism in England owing to C. B. Fry being selected to captain the English team, the claims of "Plum" Warren and Mr. Douglas—the latter led the men to victory in Australia—being altogether overlooked. Mr. Fry is one of England's premier cricketers but he has never been very famous for his generalship in the field.

It is interesting to note that Warwickshire, last season's champions, have recently extended the Australians The County team scored 275 in their first innings. The Australians could only reply with 262, this being the first time they have been in arrears on the first innings during the present tour. Bad weather caused the match to be drawn.

## COMPLAIN OF NOISE NEAR THE HOSPITAL.

Authorities of the MontrealGeneral Hospital have complained to the controllers of the noises made at night by automobiles which pass the institution, shrieking syrens, shrill claxions and tooting horns being used without discretion and causing loss of sleep to the many patients in the institution. The commissioners will refer the matter to the city attorneys to ascertain what steps may be taken in the matter.

## DROP OUT RATHER THAN PAY

### London Baseball Club Objects to Penalty League Imposed.

London, Ont., June 13.—Officials of the London Baseball Club, of the Canadian League, announced to-day that rather than pay the fine of $200, inflicted by President Fitzgerald, they will disrupt the league by dropping out.

The fine was assessed because the London club last year, it is explained, issued a number of passes contrary to the regulations. The London club claims the fine unjustified.

## DARLON GOT PURSE AT LATONIA

### Transport, the Mount of Fain, Captured Second Money at Long Odds.

Latonia, Ky., June 13. — Sudden and very remarkable improvement shown by Pike's Peak when he easily defeated his field caused 3,500 persons present at Latonia races yesterday afternoon to wonder in astonishment. The victory made many old-time horsemen gasp as the colt flashed past the post. In his last race, he was beaten nearly one-sixteenth of a mile, having absolutely no speed, but yesterday he was a wild horse, and taking the lead soon after the start, kept increasing it all the way to win, pulling up by a half dozen lengths, in the fast time of 1.00 4-5.

The colt was a long-price in the machines, paying a little over 30 to 1. His price was kept down by a few wise ones. No action has been taken on his form reversal.

**FIRST GAME.**

## OROZCO PLANNING ESCAPE

### Secret Plans if Again Defeated by the Federal Forces.

(From a Special Correspondent of the Central News.)

Mexico City, June 13.—Arrangements are being made for President Madero to receive news from the front by wireless telegraphy. Orders have been issued for a wireless station to be set up on the hill on which Chapultepec castle, the presidential residence, stands, and another station is to be located at Monterry, whence the news of the campaign will be flashed direct to the President's residence. The orders call for the speediest possible installation of the necessary plant.

Orozco is reported to be secretly planning his escape from the country in the event of another decisive defeat by the federal forces. It is understood that his wife is now on her way to New York en route for Europe. She left San Antonio a day or two ago, with four children, after drawing a large amount of gold from the banks in Chihuahua. She is also reported to be well supplied with travellers' cheques.

An Elpaso despatch quotes Orozco as saying that he has 8,000 loyal supporters with him, and that General Campa, who retreated from Durango, and has reached Ortiz, has 1,300 more, which will make the total available rebel force in the north 9,300. Even accepting the strength of the rebel army at Orozco's own estimate, however, it is clear that the rebels will be greatly inferior in numbers when they clash with the federals. The latest estimates place the federal forces now with General Huerta in the Chihuahua campaign at over 12,000, and reinforcements which are being sent northward will shortly increase the troops at Huerta's disposal to fully 16,000, so distributed that he will be able to bottle up the rebel city of Chihuahua.

Flores Magon, Minister of the Interior, informed me yesterday evening that the rapid diminution of the Zapatista movement foreshadows its total collapse as soon as Orozco is crushed.

A Government bulletin issued last night reports the capture of Amado Espinoso, leader of the rebel movement in Michoacen.

## ARGONAUT CREW SHOW UP WELL

### Coach Wright Thinks They are Best Club Ever Turned Out.

Toronto, June 13.—Owing to unpleasant weather conditions, the Argonauts were unable to have their trial last night, but this morning, against a senior lightweight crew, they rowed three-quarters of a mile against a stiff northeast wind in 3.51.

This will be the crew's final trial before leaving for Montreal to-morrow.

In the opinion of Coach Joe Wright, and other Argonaut officials, this year's crew is the best that ever represented the club.

## PROGRAMME FOR DUKE'S VISIT TO NOVA SCOTIA.

### Party Will Start July 31, and Will Visit Several Towns.

Special to The Montreal Star

Halifax, N.S., June 13.—The revised programme of the visit of the Duke of Connaught to Nova Scotia, was given out here to-day. The steamer Earl Grey will be temporarily transferred to the Naval department, and Lieut. Charles White, R.N., now of the Naval Staff of the Dockyard, will be in command of the steamer.

The party will arrive at Pictou, on July 31, and after visiting New Glasgow, Truro, Sydney, Louisburg, and St. Ann's will arrive in Halifax, on the night of August 13, and remain here until the morning of August 16, when they will proceed to the western countries.

## ACQUITTED ON MURDER CHARGE

### Italian Found Not Guilty This Afternoon After Second Trial.

"Not guilty" was the verdict rendered this afternoon by a jury in the Court of King's Bench at the conclusion of the trial of Donato Manconi, charged with murder.

Manconi was immediately released and walked from the dock to receive the congratulations of his friends.

Manconi was twice tried for the death of Santini. First found guilty, he was granted a new trial, and the new evidence introduced resulted in his acquittal to-day.

## TWELVE FOR TAFT COLUMN

### Contests in Six Mississippi Districts in President's Favor.

Chicago, June 13.—Contests in six Mississippi districts, the second, fourth, fifth, sixth, seventh and eighth, were decided in favor of the Taft delegates at the forenoon session of the Republican National Committee to-day.

While ostensibly this action added twelve votes to the Taft column, one of the delegates declared entitled to a seat—P. W. Howard, of the eighth district—appeared on both the Taft and Roosevelt delegations under conflicting instructions.

Questioning by committee members with a view of determining in which camp Mr. Howard could be counted failed to bring from him a definite statement, but it was asserted by his attorneys that he would heed the Roosevelt instructions.

With the Mississippi cases disposed of, the National Committee took up the Missouri contests, involving fourteen seats in the convention.

The case of the delegates-at-large was called first. In this four votes were unanimously credited to Roosevelt.

## CANADIAN PREMIERS KNIGHTED

### Premiers of Manitoba and British Columbia Honored by the King.

London, June 13.—Among the King's Birthday honors issued to-night are the following Canadians:—

K.C.M.G., Premier R. P. Roblin, of Manitoba, and Premier Richard McBride, of British Columbia.

C.M.G., Mr. John McDougall, of the Canadian Department of Customs, and Mr. J. M. Macoun, of the Department of Mines.

## COMMISSION TAKES UP HEATED CAR PROBLEM.

### Railways Ordered to Submit Statistics Regarding Equipment of This Kind.

Ottawa, June 13.—The Railway Commission is taking up the question of heat in railway cars. At the sittings to be held here on July 2, railway companies subject to the Board's jurisdiction will be required to show cause why a general order should not issue requiring railway companies to furnish a heated car service.

A circular has been sent out to the companies asking them to prepare and forward to the Board within two months, a statement showing the number of passenger cars on their system heated by stoves and to what service assigned.

## ENGINEER INSPECTS HARBOR

### Leading British Authority Sees Great Work Done in Montreal.

Mr. N. F. Wilson, one of the leading British authorities on harbors, docks and works of a similar nature, made a tour of the harbor this afternoon on board of the Harbor Commissioners' tug, the Sir Hugh Allan.

Mr. Wilson, who is a partner of Sir William Matthews, of the famous engineering firm of Coode, Son & Matthews, is recognized the world over as an authority on harbor construction and such matters. He visited Montreal on a business trip and was immediately asked by the Harbor Commissioners to inspect Montreal's harbor. The Sir Hugh Allan carried the party down the river as far as Viauville, the site of the new dry dock, and then returned. Luncheon was served on board of the vessel, which started out on her cruise at 1 o'clock this afternoon.

Among those who accompanied Mr. Wilson on his tour of the harbor, and were later present at the luncheon tendered in honor of the distinguished guest, were: Mr. James Thom, local manager of the White Star Line; Mr. Andrew Allan, representing the Shipping Federation of Canada; Mr. B. Van Horne, Captain Demers, Harbor Master; Mr. Frederick W. Cowie, chief engineer of the Harbor, and the three Harbor Commissioners, Major G. W. Stephens, Mr. C. C. Ballantyne, and Mr. L. A. Geoffrion.

## STOCKS EXTRA

## LIST CLOSED GOOD FRACTION HIGHER THAN IT OPENED

Special to The Montreal Star

New York, June 13.—The Post's financial review, says:—

Another day passed without the congressional money trust committee beginning to delve into stock market affairs of immediate interest, and, as if this failure of investigators to turn their attention at once to circumstances surrounding recent speculative operations in American Can and other issues were actually a factor on which to buy stocks, the general level of security prices on the Stock Exchange was advanced 1-2 to point of that over yesterday. That the expected disclosures of operations of the "Can pool" and of the groups responsible for the sharp advances in special stocks, in the recent past, had not yet been made, and might not now be called for, led to many sighs of relief on the part of those subpoenaed.

How far the market was actually relieved by the failure of the alleged manipulator of American Can, to disclose his secrets on the witness stand, can be judged by contrasting the advance of 2 and 3 points, which occurred in American Malt and Guggenheim exploration, with the decline of a point which occurred in American Can.

For the most part, the day's operations were made up of specialties. Besides those mentioned, such stocks as American Cotton, Oil and Virginia-Carolina Chemical, were prominent among the market's features, both these fertilizer issues being weak in expectation of unfavorable earnings returns. A number of usually backward stocks were brought forward, and marked up a point or more, so that, on the whole, the list closed a good fraction higher than it opened.

## U. S. STEEL EXPORTS BEST IN HISTORY

Exports of iron and steel from the United States for April were the largest of any month in the history of the country. The gross tonnage this figure was 267,975 tons, compared with 225,839 tons for April, 1911, and the total tonnage for the ten months ending with April, 1912, was 1,925,641 tons, compared with 1,561,291 tons for the ten months ending with April, 1911. In value the April, 1912, shipments are given at $26,789,853, compared with $24,474,799 for April, 1911, which was the largest month of that year.

At the April rate this country is shipping abroad at the annual rate of 3,000,000 gross tons, compared with about 2,200,000 tons last year. In value the month of April ran at the annual rate of $321,478,236, compared with $250,000,000 last year.

In the following table the monthly export values for January, February, March and April of 1910, 1911 and 1912 are given:

| | 1912. | 1911. | 1910. |
|---|---|---|---|
| Jan. | $18,451,914 | $18,739,961 | $14,513,394 |
| Feb. | 21,301,570 | 18,690,793 | 13,949,082 |
| Mch. | 24,474,799 | 22,591,748 | 17,529,254 |
| Apl. | 26,789,853 | 24,917,056 | 16,529,254 |

## Another Porcupine is Taking Rest Cure

The Little Pet mine, in the Porcupine, has joined the ranks of the unemployed, and is now being submitted to the rest cure. The same cause has operated in this case as with the other Porcupine mines that have been forced to temporarily suspend operations. The finances have been exhausted and efforts are now being made to secure additional capital with which to carry on the development of the property.

**COBALT BULLION.**

Only two mines appeared amongst the Cobalt bullion shippers of the week, these being Nipissing and the Temiskaming. The shipments for the week were as follows:

| | Ounces. | Value. |
|---|---|---|
| Nipissing | 73,376 | $46,092.34 |
| Temiskaming | 2,331 | 1,421.91 |
| Totals | 75,707 | $47,514.25 |

# REGNAULT'S "SALOME"

The record price of $105,600 was paid for this painting, Henri Regnault's "Salome," at a recent art sale in Paris. This fabulous price was paid by Messrs. M. Knoedler & Co., of New York and Paris. The masterpiece was bought at the sale of the collection of paintings of Mme. la Marquise Landolfo Carcano, and an effort was made to purchase it for the Louvre. After "Salome" had been knocked down to him, Mr. Knoedler announced that he would give to the Louvre a two months' option on it at the same price without any commission.

# JUNE WEDDINGS

*Brittain—Brodie.*

The marriage of Miss Edith F. Brodie, daughter of Mrs. I. Lowe Brodie, to Mr. Alfrod H. Brittain, of Montreal, took place quietly at the residence of the bride's mother in Toronto, yesterday. The bride was given away by her brother, Mr. W. P. Brodie, and wore a lovely gown of ivory satin, draped with old Carrick-ma-Cross lace worn by her grandmother. Her veil was arranged with a coronet of orange blossoms, and she carried a shower bouquet of lilies of the valley and pale mauve orchids. She was attended by Miss Neta Monteith of Arnprior, who wore a dress of white lace with touches of pink and a large black hat with white plumes and carried a shower bouquet of Killarney roses. Mr. Harold G. Connor, of Montreal, was best man. The ceremony was performed by the Rev. Dr. H. M. Parsons. Mrs. Brodie, mother of the bride, wore a gown of black silk with trimmings of Brussels lace. Among the wedding guests were Sir William and Lady Mortimer Clarke, Mr. and Mrs. Wellington Frances, Mr. and Mrs. I. K. Brodie, Miss Betty Brodie, Mr. and Mrs. H. S. Strathy, Mr. Victor Staunton, and the Misses Carty.

*Northland—Cooper.*

A fashionable gathering filled St. Margaret's church, at Westminster, yesterday, when Miss Hilda Cooper, daughter of the late Sir Daniel and Lady Cooper, was married to Lord Northland, heir to Lord Rantfurly. The church was profusely decorated with white flowers. Canon Edgar Sheppard, sub-dean of Chapel Royal, assisted by Canon Henson, and Rev. T. McEndoo, rector of Dungannon, Irish residence of Earl, performed the ceremony. The bride was given away by her brother-in-law, Mr. H. Streatfiel, and was attended by eight bridesmaids. She wore a dress of soft white satin, lined with silk, and the corsage draped with old Brussels lace. After the ceremony a reception was held at Lady Cooper's house, in Bryanston Square, and later Lord and Lady Northland left for the Continent for their honeymoon.

*Eaves—Taylor.*

The marriage took place quietly, at the Church of the Ascension, Park avenue, at half-past four o'clock yesterday afternoon, of Miss Mary Taylor, daughter of Mrs. John Taylor, to Mr. William Eaves, the Rev. James L. Flanagan, officiating. The bride, who was unattended, was given away by her brother, Mr. John E. Taylor. She wore a tailored suit of cream whipcord, and hat of white taegal straw, with trimming of Jacques Minot roses. She carried a bouquet of white roses and lilies of the valley, and wore the bridegroom's gift, a solid gold watch. Mr. Eaves and his bride left immediately after the ceremony for a boat trip. On their return they will reside at 350 Durocher street, Outremont.

*Bassett—Meyers.*

A quiet wedding took place yesterday afternoon at the residence of Mr. Edward Bassett, Mance Street, when his sister, Miss Alice Bassett, daughter of the late Edward Bassett, of Omagh, Ireland, was married to Mr. Henry W. Meyers, of Montreal, eldest son of the late Rev. Henry Meyers. The ceremony was performed in the drawing room under an arch of palms, the Rev. M. I. Campbell officiating. The bride was given away by her brother Mr. John Bassett, and her sister Miss Henrietta Bassett was bridesmaid. The bridegroom's brother, Mr. F. M. Meyers, of Toronto, was best man. Mr. and Mrs. Meyers have left for Ocean Beach.

*Hodgson—Robinson.*

The marriage of Miss Gertrude Cameron Robinson, only daughter of Mr. and Mrs. William Robinson, to Mr. G. Cyril Hodgson, took place yesterday afternoon, at four o'clock, in St. Matthew's Church. The ceremony was performed by the Rev. Dr. Gibson. The bride, who was given away by her father, wore a gown of white liberty satin, with a tulle veil, arranged with orange blossoms. She also wore the gift of the bridegroom, a tuprquoise and pearl ring and carried a shower bouquet of white roses and lilies of the valley. The bridesmaid, Miss Georgia Main, wore mauve crepe de chene trimmed with fringe and small pink roses, and carried pink roses. She also wore the gift of the bridegroom, an amethyst and pearl ring. The little flower girl, Miss Rita Lonprey, wore a pink and white frock Lomrey, wore a jink and white dress and carried a basket of pink roses. The best man was Mr. Lionel Hodgson, of Winnipeg, brother of the bridegroom, and the ushers were Mr. W. Flood and Mr. J. Thompson, following the ceremony, a reception was held at the residence of the bride's parents. Later Mr. and Mrs. Hodgson left for a trip down the Saguenay. Many handsome gifts were received.

*Cockburn—Mills.*

The marriage of Miss Margaret Mills, eldest daughter of Mr. and Mrs. Oliver Mills, to Mr. Reginald B. Cockburn, son of Dr. and Mrs. L. W. Cockburn, of Hamilton, Ont., was celebrated yesterday in St. Matthew's Church. The ceremony was performed by the Rev. K. J. Macdonald. The bride, who was given away by her father, was attired in a silk travelling costume, with a picture hat with plumes, and carried a shower bouquet of roses and lilies of the valley. Her only attendant was Miss Daisy Brown and Mr. Ernest Barker was best man. The bridegroom's gift to the bride was a diamond and sapphire ring; to the bridesmaid a pearl brooch, and to the best man pearl stick pin. Mr. and Mrs. Cockburn left immediately after the ceremony for Hamilton, and on their return will reside at Lachine.

*Dermady—Mahoney.*

The marriage of Miss Anna C. Mahoney, eldest daughter of Mr. and Mrs. D. E. Mahoney, of Cornwall, to Mr. Michael I. Dermady, of Watertown, N.Y., was solemnized at St. Columban's Church, Cornwall, on Tuesday, by the Rev. Corbet A. McRae, in the presence of a large number of friends. The bride, who was given away by her father, wore her travelling suit of tailored blue serge and large black hat with willow plumes and French flowers. She carried a bouquet of roses and sweet peas. The bridesmaid, Miss Eva Mahoney, sister of the bride, wore a blue serge suit and tuscan hat, and carried a bouquet of carnations and sweet peas. The groomsman was Mr. Leo Dermady, brother of the bridegroom. Mr. and Mrs. Dermady left on a trip to Kansas City, Philadelphia, New York, and other cities.

*Teacup Shower.*

Miss Robert, 673 St. Hubert Street, was the hostess on Tuesday at a teacup shower given for Miss Marguerite Simard. Among those present were Mrs. J. Decarie, Mrs. Quimet, Mrs. Lacoste, Mrs. Martin, Mrs. Dupuis, Mrs. McKenna, the Misses Quimet, Miss H. Gervais, Miss G. Robidoux, Miss Forget, Miss Pepin, Miss Rodier, Miss M. Beaubien, Miss H. Harwood, Miss LeNlanc, Miss Dorion, Miss M. Raymond, Miss Jeannotte, Miss Dupuis, Miss B. Lacoste, and Miss Surveyer.

# ASSEMBLY NEARS END OF LABORS AT EDMONTON

## Increase of Ministers' Fund Strongly Urged by Mr. J. K. MacDonald.

Edmonton, Alta., June 13.—The exodus from Edmonton of delegates to the General Assembly began yesterday and was continued to-day. Much less than half the members remain. It is expected that all the business will be completed and adjournment taken this afternoon.

Mr. J. K. MacDonald, of Toronto, who, since 1887, has been identified with the Aged And Infirm Ministers' Fund, told the commissioners of his dream for this scheme of the church. When he began his work on this committee, there was an endowment fund of $15,000. This has been increased, since that time, to $280,000, and an effort was now being made to increase it to $500,000.

At present, a minister who had served forty years, is paid $400; if the endowment is raised it will be possible to pay $500, which is the smallest sum on which an aged minister can be maintained in any degree of comfort.

The executive committee suggested for the treasury board is as follows: Dr. W. G. Wallace, J. W. Woods, Alexander Laird Thomas Findlay, Wm. Yuile, W. A. Charlton, James Rodger.

The executive is given authority to name its own head, when a suitable man is found. The entire treasury board, made up of twenty-one men, one-third to retire at the end of each year, is as follows: Dr. W. G. Wallace, (Convenor.)

1913.—S. T. Martin, J. A. Patterson, Edward Brown, W. G. Wilson, C. C. Mitchener, W. A. Charlton, James Rodger.

1914.—J. Machado, Dr. Drummond, Charles H. Stewart, Geo. S. Dingle, J. W. Woodside, J. W. Woods, Wm. Yuile.

1915.—Professor R. Laird, W. R. Leckie, James Balfour, C. A. Myers, Alex. Laird, Thomas Finley.

# THREE MILLION DOLLARS FOR ALBERTA SCHOOLS

## Wave of Settlement to North and West Keeps Education Department Busy.

Edmonton, June 13. — During this year there will be raised by debentures for the purchase of school sites and the erection of school buildings in Alberta a total sum which according to present estimates will not fall short of $3,000,000, practically double last year's total of $1,522,910, a sum which will exceed the expenditure of any previous couple of years in the history of the province.

Although only five months of the year have yet passed, there are proposed to date loans for an aggregate sum of $2,451,782, while of these a very large proportion have already been authorized by the department of education. In the three cities of Edmonton, Calgary and Lethbridge alone no less than $1,955,000 will be spent if all of the debenture issues are approved by the department. Edmonton school board has been authorized to spend $840,000 in the acquirement of sites and the erection and equipment of buildings; Calgary will seek authority to raise $975,000, and Lethbridge expects to raise a sum of $140,000. In addition there are 108 small issues, for urban and rural school districts scattered throughout the province which have received the sanction of the minister, for an aggregate sum of $974,782. Thes chool board of Olds hopes to gain permission to raise a loan of $30,000 and that of Okotoks to raise $25,000.

Following the wave of settlement in the far northwest, comes a demand for increased educational facilities, and the hinterland is likely to engage the attention of the department from this time on in a greater degree than ever in the past. The new school district of Peace River Crossing, organized last year, has applied for sanction of a debenture issue, and a school site will be acquired and a school building erected in the near future. The day when education in the northland could be left to the volunteer effort of the Roman Catholic and Anglican and other churches is passed and in the very near future the whole of the settled portion of the territory which lies north and west of Edmonton will be dotted with school houses and supplied with educational equipment to meet their needs.

Since the beginning of the year 138 school districts have been formed or one new district for practically every day in the year. During the 12 months of 1911, 283 school districts were organized.

# DEFENDS BOARD OF TRADE RULES FOR OCEAN TRAVEL

## Titanic Disaster Extraordinary and Never Likely to Happen Again, Says Official.

Special to The Montreal Star.

London, June 13.—The sinking of the White Star Liner Titanic with 1,550 persons aboard was a most extraordinary accident, the like of which never happened before and may never happen again, said Sir Frederick Chalmers, former member of the Marine Department of the Board of Trade to-day before the Titanic Inquiry.

For that reason, Sir Frederick said, he could see no valid cause why the maritime regulations of the Board of Trade should be changed. He said that no lessons were to be learned from the disaster justifying a revision of the rules.

The department, he declared, was amply guarded against ordinary accidents, but could not be expected to be prepared against the extraordinary.

Sir Walter A. Howell, Chief of the Department, testified that British shipowners, mainly in deference to public opinion, since the sinking of the Titanic had notified the Board of Trade that all vessels of upward of 1,200 tons would henceforth carry lifeboats and lifebelts adequate for all on board.

He added that his personal opinion was that public opinion, when in opposition to that of experts, was valueless.

**Aged Vankleek Hill Resident Dead.**

Vankleek Hill, Ont., June 13.—Much regret is expressed at the death of Mr. Wm. McRae at the age of 85 years.

The late Mr. McRae came to Vankleek Hill and up to a few years ago lived here continuously. He was a veteran of 1866-70. He leaves seven children.

**A MAIL ADDRESS FOR CANADIANS IN LONDON.**

Before sailing, Canadian visitors to the Old Country may arrange to have their mail forwarded in care of The Star's London Office, where it will be held until called for, or forwarded to any point desired.

All such mail should be plainly addressed "Mr. _____, c.o. The Montreal Star" (not "The Star"), 17 Cockspur street, Trafalgar Square, London, England.

The Montreal Star Office in London offers every comfort and convenience for visitors, and is now universally regarded as the rendezvous of Canadians in London.

# CLOTHING STRIKE LOOKS LIKE BEING NEAR SETTLEMENT

## Union Representative Sees No Reason Why Parties Should Not Come to Terms.

The strike in the clothing industry remains about the same to-day as it was yesterday, but the manufacturers except to break the backbone of the strike by Saturday.

Mr. B. Gardner, president of the Clothing Manufacturers' Association, told a Star representative to-day that one of the manufacturers affected expected to start operations on Monday morning with forty or fifty hands. Fifty per cent. of the strikers, he said, were ready to return to work, if they could be given the necessary protection.

On the other side, Mr. Victor Altman, member of the general executive, stated that the ranks of the strikers were unbroken. He said the strikers were not demanding big wages, but simply wanted certain grievances remedied. The strikers were determined to have these matters adjusted at any cost. He was satisfied with the result of the strike so far, and there was no reason why a settlement which would be satisfactory to both sides could not be reached without any further delay.

**WANT ROYAL STANDARD IN EXCHANGE FOR GUN.**

**Toronto Paper Suggests Quid Pro Quo Re Bunker's Hill Cannon.**

Special to The Montreal Star.

Toronto, June 13.—The Mail and Empire says:—

"The centenary of peace is an opportune time for mutual sacrifices, and if the gun of Bunker Hill is to go back to Boston, to make glad the hearts of the Monument Association of that classic city, it might well be stipulated before the valued field piece is deeded to Boston that the English Royal Standard captured at York, Canada, on April 27th, 1813, be handed over to the city of Toronto. It is now kept in the United States Naval Academy at Annapolis.

"In March last, this famous banner, together with a number of other silken trophies held dear by the United States, was displayed on the floor of the House of Representatives at Washington, with a view to securing legislation that would ensure their preservation, a grant of $30,000 being asked for this purpose. Some of those valuable flags had been reduced to a deplorable condition through time and lack of care.

It is stated that this English Royal Standard was the first ever captured and the only one now in existence outside of the British Dominions. It is described as being 23 feet wide, and 27 feet, 5 inches long."

The paper also suggests that the Mace of the old Legislature of Upper Canada, taken away in 1813, also should be returned.

**Cuba Presents Proposed Arbitration.**

Havana, June 13.—The secretary of the Interior, Octavio Laredo Y Bru, informed the press to-day that the proposition of the United States to send Major-General Leonard Wood or Brigadier-General Crowder on a mission to Cuba would be regarded with disfavor by the government if they came with authority to arrange terms of settlement between the government and the insurgents.

# Wife's Savings Are Unseizable

**Judge Reverses Referee's Decision Saying They Should Go to Husband's Creditors.**

Buffalo, N. Y., June 13.—Judge Hazel in the U. S. District Court there has handed down an opinion in which he holds that money saved by a housewife from her expenses account cannot be seized by her husband's creditors.

Some time ago M. C. Simon filed a voluntary petition in bankruptcy, declaring that he was insolvent both as an individual and as surviving member of the firm of Meyer and Simon, of Rochester. Mrs. Meyer, widow of the deceased member of the firm, had $4,000 in Rochester banks which she had saved from her allowance of $75 a week for household expenses.

The referee decided that the money should go to the creditors. Judge Hazel reversed the referee's decision.

**CONVICTS ON STRIKE.**

**Men in Ohio Objected to Continue on Contract Work.**

Columbus, O., June 13.—One hundred prisoners at the State penitentiary went on strike because they were ordered to continue contract labor work. Warden Jones immediately placed the strikers in the idle house. There was no disorder, the men simply refusing to begin work. The contractors had been ordered out of the penitentiary by the State Board of Administration, but had been granted several extensions of time and the men took the strike action to-day as a protest.

# GOOD WILL COME FROM FISHERIES CONFERENCE

## United States Took British Columbia's Statement in Excellent Spirit.

Victoria, June 12.—"While it is too early to prophesy what legislation may result from the conference between the officials of the Provincial Fisheries Department and the State of Washington senators appointed by Governor Hay to consider fishing conditions on Puget Sound, I am convinced that good will accrue," remarked Mon. W. L. Bowser, Commissioner of Fisheries for British Columbia, in discussing the recent mission of Messrs. J. P. Babcock and D. N. McIntyre to Seattle.

"Plain speaking rarely does anything but good," continued Mr. Bowser, "and I am convinced that Governor Hay and the senators associated with him at the conference took the statement as to conditions of the Fraser and Puget Sound offered by Mr. Babcock in the spirit in which it was meant.

"Briefly speaking, the B. C. delegation, after pointing out that the sockeye fisheries of the Fraser in three out of four years were dwindling rapidly, and that inroads were even being made upon the years of the big run, drew attention to the fact that this was caused through the failure of a sufficient quantity of salmon to reach the spawning beds; that to ensure such a condition of affairs an adequate weekly and yearly close time was necessary. They pointed out, further, that in the past, while British Columbia and the Federal authorities had imposed such a weekly and yearly closed time and enforced it by stringent patrol and inspection, the laws providing such a close season south of the line had been practically a dead letter; that no matter how desirous of enforcing the law their state commissioner might be, he had not the means at his command to do so.

"I may state that I will regret any variation from the recommendations made by the International Fisheries Commission without a report by a commission constituted similarly.

**A NOBLE SALESMAN.**

**Rutherford Storekeeper Comes Into Irish Title and Estate.**

Rutherford, N. J., June 13.—Women shoppers here learned that it would henceforth be their privilege to buy their ribbons, laces and similar articles of a real nobleman. William E. Waller, the proprietor of a little fancy goods store on Main street, was officially notified yesterday that through the death of his uncle, Sir Charles Waller, baronet, of Newport, Ireland, he had come into the title and the estate. He will continue his present occupation.

**AUTO COURT JUDGE.**

**Chicago Magistrate Will Have No Mercy for Joy Riders.**

Chicago, June 13.—Municipal Judge Hugh R. Stewart, who was appointed Chicago's first "auto court judge," has given a warning which he believes should be sufficient to convince chauffeurs that they will be shown no mercy in cases where they take out their employers' automobiles for the purpose of "joy riding." "Chauffeurs taking out a machine without the owner's consent will be subject to a fine of $200 and six months' imprisonment," he said.

# CABINET MINISTER VISITS THE HOME OF HIS YOUTH

## Minister of Public Works for British Columbia Has Prospered in the West.

London, Ont., June 12.—Not every London High School boy who goes away to seek his fortune comes back with the rank of Cabinet Minister. Hon. Thomas Taylor, Minister of Public Works in British Columbia, Government of Hon. Richard McBride, who is a guest of Dr. H. J. Ferguson, 388 Princess avenue, remembers London chiefly as the scene of his boyhood days.

Hon. Mr. Taylor is a native of London Township, but attended High School and the Yerex Commercial School in this city. Later he studied law with Taylor and Taylor.

Mr. Taylor's constituency is Revelstoke, and his home city is Victoria, the seat of Government. There is a big railway construction programme ahead in the coast province, and much for the Public Works Department to do, so that Mr. Taylor leaves shortly for the West.

About 2,000 miles of railway is to be built in British Columbia this year, including the Canadian Northern, Grand Trunk Pacific and Pacific Great Eastern, as well as C. P. R. extensions. The C. N. R. terminal is at present Port Mann, on the Fraser, but eventually, said Mr. Taylor, it will be Victoria.

In the residential district of London, Mr. Taylor sees great improvement in the 27 years of his absence, and in the business section are, of course, many fine blocks which did not then exist.

"Where Dr. Ferguson lives was all common in my time," said the visitor.

"Victoria," he said, "has now a population of about $0,000, and Vancouver, where there was practically nothing, 25 years ago, is now a prosperous city of 150,000 population."

**Septuagenarian Murders Wife.**

Winnipeg, June 13.—Roderick MacDonald, a grayhaired, seventy-year-old farmer, of Fisherton, one hundred miles north of Winnipeg, shot to death his aged wife, Sunday morning. He is now in the provincial jail here.

The affair has about it an air of mystery, as no satisfactory explanation of the murderous attack of the old man is known.

H. A. Finger, president of the Finger Lumber Company, was elected first mayor of Le Pas, Man., by acclamation, to-day.

## PROHIBIT MORMONS FROM THIS PORT IS MOVEMENT AFOOT

**Said That Montreal is Now the Gateway to Headquarters at Salt Lake City.**

**BATTLE ON WHARF WITH MISSIONARIES**

**Clergymen Indignant Over Efforts Made to Induce Women to Join Cult.**

Mormon missionaries are trying to induce young women bound for Canada to join their parties of converts and head for Salt Lake City, and are using every argument with unaccompanied girls on steamers bound for Montreal.

This is the charge which is being made by Rev. John Chisholm, Presbyterian Missionary, and others who are doing "welfare" work on the docks, and such indignation is being expressed that a meeting of Montreal Protestant clergymen of all denominations is shortly to be held to take steps to stop the port of Montreal from being turned into the gateway to Salt Lake City.

One day this week Mr. Chisholm practically had a battle on the wharf with two Mormon missionaries who had landed from a vessel with sixty-one converts for Salt Lake City. Mr. Chisholm declares the missionaries on the pier were trying to get two young women bound for Toronto to join their party, whereupon Mr. Chisholm interfered.

Turning upon him, the missionaries insulted him and called upon the officers of the line to have him put off the pier, whereupon Mr. Chisholm called for police protection and showed that he had authority to be there to look after the interests of immigrants.

During the whole voyage to Montreal, it is claimed, the Mormon missionaries were telling young women coming to Canada that in this country they would be exposed to cold weather, toil and hard conditions, whereas in Utah they would have much more luxury and a better time. In addition, they explained the tenets of the Mormon faith.

**Converts From Great Britain.**

In the party of Mormon converts which arrived aboard one vessel here this week, were fifty women and eight missionaries who had rounded them up in Great Britain. It was in an effort to add to the number of their converts that they approached the young women, some of whom were coming here to go into service, while others intended to meet their sweethearts for the purpose of marriage.

Other passengers were annoyed by this propaganda aboard the vessel and drew up a petition which they presented to the officers, asking them to prevent the missionaries from misleading unprotected girls, but the officers did not see how they could interfere.

The missionaries, it is claimed, still persisted after the vessel docked here, in trying to persuade two of the girls going to Toronto to join them. They stopped them on the pier and were urging them to go to Salt Lake City with them when Mr. Chisholm interfered. The Mormons denounced him and then turned to the officers, declaring that they were good passengers, and brought good business to the line, and did not propose to be insulted.

**The Mormon Propaganda.**

It is said that at the port of New York the Mormon propaganda was found so unsatisfactory, that Mormon missionaries have been debarred from the vessels of several lines running to that port and that is why Montreal is now being made the port of entry for these Mormon proselyters and their converts. Large parties are being brought over on almost every vessel, whence they go direct to Salt Lake City.

That this should be stopped, is the aim of the present agitation, and especially is it desired that the work of the missionaries among in-coming Canadian settlers should be prohibited altogether.

## HON. G. E. FOSTER SAYS CANADA WILL BEAR HER PART

**But Declines to Discuss Naval Problem Further, Pending Arrival of Premier Borden.**

Canadian Associated Press.

London, June 19.—The Hon. G. E. Foster is proving generous in granting newspaper interviews, but when the reporters try to draw him on the naval question he invariably puts them off with the reminder that Premier Borden and the Hon. Mr. Hazen are coming to England to discuss that question, although he unreservedly declares that Canada will bear her part.

The Hon. Mr. Foster states that he intends proceeding to Australia with the Imperial Trade Commission, and is hoping to ratify personally a reciprocal tariff treaty also.

The Minister intends dealing here with the Lloyds' high rate of insurance for Montreal steamers.

## DUCHESS STILL MAKING PROGRESS TOWARD RECOVERY

**But Not Yet Decided When She Will Leave the Hospital.**

Her Royal Highness, the Duchess of Connaught, passed an excellent night and is maintaining steady progress towards recovery. His Royal Highness, the Duke of Connaught, visited her this morning at about a quarter to nine, but it has not yet been decided when she will leave the hospital.

Princess Patricia, accompanied by a lady in-waiting, drove out in an automobile at noon to-day, and a few minutes later, His Royal Highness, accompanied by an aide-de-camp, left Lord Strathcona's residence for his usual morning constitutional which he takes between 12 and 1 o'clock every day. Yesterday at 3 o'clock the Duke and Princess Patricia drove out to the Dixie Golf Links where they spent the afternoon playing golf.

### DUCHESS HONORS TRAINMEN.

The members of the crew of the C. P. R. train on which H. R. H., the Duchess of Connaught was brought to Montreal from Quebec, when taken ill recently, have each received a gold tie pin from Her Royal Highness, in recognition of the care they exercised.

### RURAL MAIL DELIVERY EXTENDED IN ONTARIO.

Ottawa, June 13.—Carrying out the policy inaugurated last session the rural mail delivery system is being extended, especially in Ontario. Tenders are now being called for sixty routes there. Petitions from Quebec are very few, but a number have come on from the West and the Lower provinces.

The primary procedure consists of a petition being presented for a route. Subsequently a report is made by the Inspector, and if fifty per cent of the people on the route agree to take boxes at a capital cost of $3 each, the system will be established.

### LORD MERSEY THINKS CALIFORNIA DEFAULTED.

London, June 13. — The British Court of Inquiry into the Titanic disaster will find that the steamer Californian defaulted from its duty. In the course of to-day's hearing, Lord Mersey, the president, stated without qualifications:

"I have no doubt that the Californian did see distress signals; that they were signals from the Titanic; and that the Californian ought to have made efforts to get to the Titanic."

## MANCONI CASE OF MANSLAUGHTER UP FOR HEARING

**Witnesses to Be Called Who are Expected to Throw New Light on Tragedy.**

The members of the petitjury of the Court of King's Bench for the June term were discharged to-day with the exception of the twelve men who are sworn to give a verdict in the case of Donato Mancomi, charged with the murder of a fellow countrymen named Santini.

At the March term of the King's Bench Manconi was found guilty of manslaughter and in the May term of the Court of King's Bench in Appeal a new trial was granted the condemned man on the ground that his counsel, Mr. Alban Germain, had discovered two new witnesses who could throw an entirely different light upon the facts surrounding the death of Santini.

Manconi appeared before Mr. Justice Gervais to-day stil in danger of death from the wounds he received on the night of the fight with the dead man. Manconi and a number of others. He took a seat in the prisoner's box, and Mr. J. C. Walsh, for the Crown, outlined the case as it had formerly been presented to the jury. The new witnesses, who, it is understood, are very favorable to the accused, are to bz heard this afternoon.

**Plan to Safeguard Railway Yards.**

Ottawa, June 13.—A draft order has been prepared by the Railway Commission and will be issued within a month unless the railways can show cause to the contrary, making certain regulations in regard to railway yards with a view of protecting the employes.

### THE WEATHER

**Probabilities. — Fresh north-west to north winds; fine and cool to-day and on Friday. Light local frosts to-night.**

The depression which was in the Ottawa Valley yesterday morning now covers the Bay of Fundy, attended by strong winds and rain in Quebec and the Maritime Provinces. In the West the weather is fine and decidedly warm, and in Ontario fine and cool.

Montreal weather readings by Hearn & Harrison's standard barometer at noon yesterday, 29.68; at 8 a.m. to-day, 29.80; at 11 a.m. to-day, 29.81.

Temperature to-day—Max. 59, min. 39; yesterday, max. 65, min. 54.

Sun rose this morning at 4.36 and will set this evening at 8 o'clock.

## JAIL CHIEF GAVE COURT QUITE A SHOCK TO-DAY

**Refused to Bring Prisoner to Court on Order of Judge Owing to Twist in Law.**

**CONTEMPT OF COURT THOUGHT LAWYERS**

**Chief Produced Order of Federal Authorities to Hold All Prisoners.**

By refusing to bring a prisoner before the court on an order of the judge, Superintendent O. Malapart of St. Vincent de Paul Penitentiary, caused a sensation among Superior Court lawyers this morning. The lawyers wanted the superintendent of the penitentiary held for contempt of court, but Superintendent Malapert was firm and claimed that in future a writ of habeas corpus should be issued before a prisoner from the penitentiary could be procured.

It was the case of the Laing Packing and Provision Co. vs. Adelard Duval that gave rise to the excitement to-day. Duval had been sentenced to the penitentiary for stealing money while in the service of the Laing Packing Co., and the company is now trying to recover this money from Duval, who is now serving time in the penitentiary. The case came up several months ago. At that time, the company simple asked for an order of the Superior Court to the superintendent of the penitentiary to produce the prisoner so that he might be examined in court, and the superintendent of that time brought the prisoner without any question.

**Appears Without Prisoner.**

This morning, however, when the lawyers wanted to examine the prisoner once more, and an order of the Court was issued, Superintendent Malapart appeared in Court, not with the prisoner, but with a document, which was in the form of a document from the present Federal authorities at Ottawa, forbidding him to bring any prisoners before the Court under such form of procedure.

To bring a prisoner before the Court, he announced, it would be necessary to issue a writ of habeas corpus. The lawyers for the company claimed that that provision had been abrogated long ago, and that at present a simple order of the judge was sufficient. They wanted an order for contempt of Court to be issued against the superintendent for thus delaying the ends of justice.

Mr. Justice Archer, however, did not issue the order for contempt of Court, but took the matter under deliberation. As a matter of fact, many lawyers are puzzled by the point of law thus raised.

Messrs. Goldstein and Beulac represent the Laing Packing Co.; Messrs. Perron and Co. represent the prisoner, and Mr. C. A. Guertin represents a third party, J. Dufresne, who had sold property, which, it is alleged, had been purchased with stolen money.

**Hon. G. H. Perley, Acting Premier.**

Special to The Montreal Star.

Ottawa, June 13.—In the absence of the Prime Minister, the Hon. G. H. Perley is Acting Premier, and probably will continue to do so during Mr. Borden's trip to England.

**Pleads Not Guilty to Infanticide.**

Flora St. Clair, 19 years of age, was arraigned before Judge Lanctot this morning on a charge of infanticide. The St. Clair girl was taken to the Western Hospital from a downtown hotel, where she had walked from Lachine, after giving birth to a child, that was found dead on the banks of the canal. She pleaded not guilty to the charge and was remanded.

**Stands for Taxi Cabs.**

A new by-law will be presented to the City Council on Monday by Ald. Boyd, designating where taxi-cabs shall be permitted to stand in the city. The places selected are as follows:—City Councillors, near St. Catherine; St. James, near Desriviere; Osborne, near Windsor; St. Hubert, near Craig; Closse, near St. Catherine; Place d'Armes Square and Dominion Square, north side.

## *Roosevelt to Arrive in Chicago Sunday or Monday is Announced*

COLONEL ROOSEVELT.

## PRIZES, PERHAPS, BLANKS, MAY BE, IN THIS LOTTERY

**Purchasers at Sale of Unclaimed Goods Buy in the Dark.**

"Some of the most valuable things in the world are sent by Express and some of these things get lost—and, here they are." This was the alluring inducement held out to bidders by the auctioneer this morning at the auction sale at the rooms of M. Hicks and Co., Metcalfe street, of unclaimed express goods put up for sale by the Dominion Express Company, collected over their system.

"Now, there is something very valuable here, worth quite $20." Somebody said $1.00? $1.15, $1.50; going at $1.50. What name. Johnny? Tom Young, $1.50," and Mr. Tom Young got the goods apprised by the auctioneer at $20 for $1.50. Mr. Young, when he opened up his parcels this afternoon may have found that the auctioneer's estimate was correct or exceeded—but, on the other hand, he may have drawn a blank prize. It is all a lottery and a very exciting one, as evidenced by the keenness exhibited by bidders in securing what they looked upon as a "sure thing."

**Travelling Trunk Goes.**

A travelling trunk, of English make, contents of course unknown, was knocked down to a gentleman from the Celestial Empire, after keen bidding, for $7.15. He bidded frequently and several other lots were secured by him.

For $2 a slightly damaged bicycle and a crate, apparently containing pictures, was purchased, a washing tub, grip and a baby's rocking chair, combined realized $1.25. Bids of $1.25 were the favorite ones and the highest made was for $9.50, for what looked like a case of engineering instruments. There were several wire mattresses disposed of, tins containing unknown liquids and even a tent. There was a nice mirror put up, but the mercury had been slightly damaged and another lot had to be put in to effect a sale and the two went for $1.25. A nice little capture.

**He Won a Prize—Once.**

One man who was buying heavily confessed that it was all a game of chance, but he found it not a bad risk at all. Last year for $14 a friend of his secured a case and when he opened it he found several silver sets facing him. The silver alone brought him considerably over $200, at wholesale price.

The sale started at 10.20 a.m., and at noon nearly 150 lots had been disposed of, but the anxious purchasers and their inquisitive and humorous friends had to wait till the sale concluded late this afternoon before they could open up the trunks, crates, parcels, etc., they had risked their dollars in buying.

**Mary Deschands Missing.**

The police have been asked to locate Mary Deschands, 16 years of age, who left her home, at 143 Drolet St., on Saturday last and has not been heard from by her parents since.

## TAFT 574, ROOSEVELT 458 WHEN CONVENTION MEETS: DISINTERESTED ESTIMATE

**Statement Made That Taft Will Have 34 Votes to Spare, Based on National Committee's Action—Result, However, Depends Largely Upon Changeability of the Southern Delegates—Taft Still Gaining Delegates, California, Louisiana, Michigan and Mississippi Being Decided in His Favor—Roosevelt Declares For Women's Suffrage and Will Try to Incorporate it in Party Platform.**

Special Staff Correspondence.

Chicago, June 13.—Roosevelt men have called for help, and it is announced to-day that the Colonel will arrive in Chicago Sunday or Monday. This statement was made at the executive session of the Roosevelt leaders, and was said to have come from the Colonel himself late last night. The mass meeting arranged by the Roosevelt men for Friday has been postponed until Monday night, the evening before the formal opening of the Convention. The betting is 2½ to 1 that the Colonel will be present.

A table which was carefully prepared by disinterested political observers who have gone over the situation State by State, with the accepted information that all the contests will be decided by Saturday night, gives President Taft at that time 574 votes, Ex-President Roosevelt 458, Senator Cummins 10, and Senator LaFollette 36. Total 1,078. This table gives President Taft 78 of the 90 delegates in New York State. It discloses a situation by which Taft will be re-nominated by the necessary 540 votes with 34 to spare, and that Ex-President Roosevelt will be 82 votes short of the necessary number to nominate him.

Taft signed forty additional votes yesterday, the National Committee deciding the contests in Arizona, California, Louisiana, Michigan and Mississippi in his favor.

The California delegation, now in Chicago, are openly advocating a Roosevelt "bolt" from the convention.

Director McKinley, of the Taft forces, charges that the Roosevelt people are attempting to buy the Southern colored vote.

Roosevelt, at Oyster Bay yesterday, varied his daily attacks on the National Committee by announcing himself in favor of woman's suffrage and declaring his intention of securing a plank in the Republican National platform to that effect. He further accused Taft of "bolting" Republican principles and that Taft supporters on the National Committee of having "shown profound and abiding disloyalty to the party, which in theory, they represent, and which in practice they have betrayed."

The Committee this morning seated four additional Taft delegates from Mississippi.

The city is filling up with delegates and visitors to the convention which opens next Tuesday. Many of the new arrivals talk strongly in favor of a compromise candidate.

Senator Elihu Root, the Taft choice for chairman of the convention, arrives to-day. The Roosevelt opposition to him is fading away.

The result of National Committees work of five days is:—Taft, 141; Roosevelt, 1. The standing of the candidates now is:—Taft, 521; Roosevelt, 418; LaFollette, 36; Cummins, 10; disputed 93; needed by Taft 19; by Roosevelt 122.

The panic-stricken Roosevelt leaders sent hurry calls to all parts of the country for Roosevelt delegates to assemble to-day, and they have come from many States to co-operate with "Boss" Flynn in trying to convince the Taft delegates that Taft's nomination will not only mean defeat for the National Republican ticket, but all Republican State and local tickets as well, and leave the next House Democratic by overwhelming majority.

The Roosevelt leaders were searching dictionaries to-day for new words to use in denouncing the National Committee. In his latest statement Chairman Dixon, of the Roosevelt campaign committee, used such phrases as "A traitorous tribunal," "A lot of crooks joy-riding on a steam-roller," "A sickening spectacle," "A saturnalia of fraud and larceny," "The limit of folly and indecency," "Doomed and passion-drunk committee," "Reeking with fraud and straight from the cesspools of southern corruption," and a few more.

## SOUTHERN DELEGATES WILL DICTATE THE NOMINATION

Special Staff Correspondence

Chicago, June 13. — The Southern delegates will determine this year who is to be the Republican nominee for President of the United States. It is a proud privilege and a valuable one, albeit without visible justifications on any other grounds than those of long established custom, for the South has about as much voice in electing a Republican as has, say, Hawaii, Alaska and the Indian Reservation.

The "Solid South," which is to say, all the States which united to form the confederacy in 1861, was "busted," politically when Grover Cleveland was elected twenty years ago, whereat there was great and well-reasoned rejoicing throughout the North. Later events proved this to be a trifle premature. The big gun of the Democracy's "Solid South" lost a few pieces near the muzzle but preserved the rest of its body intact and is still dependable for point blank ranges and the politics in the South are still largely fought at close range.

**Southern States Republicanism**

Practically speaking, in most of the far Southern States there is not enough of a Republican vote cast to be worth figuring on in estimating the sentiment of the country. It may be there in some nascent form, but it perpetually lacks enough vitality to make itself felt. There are, however, no lack of office-seekers, who, in despair of ever voting themselves into local power, are probably not altogether averse to seeing the ranks of the faithful from whom selections for the innumerable Federal appointments must be made whenever the party is in power at Washington, kept down to reasonable numbers. Fidelity, even hopeless and unambitious fidelity, must not be allowed to go unrewarded.

Ever since the reconstruction, "carpet bagging" days which followed the Civil War, the Southern Republican, as a class, has occupied an anomalous position in the circles of the party. He has been very much with it and very little of it. His share of the burden and the heat of the day has been neither strenuous nor productive of results. For the most part, it has consisted of a perfumatory and purely nominal fight when election day came round and an unremitting struggle with local party competitors for the best plums which were available for his particular section whenever the Republicans throughout the country were in a position to do the harvesting, which has been for forty-eight years out of the past fifty-two. This gives him a distinct and unmistakable status.

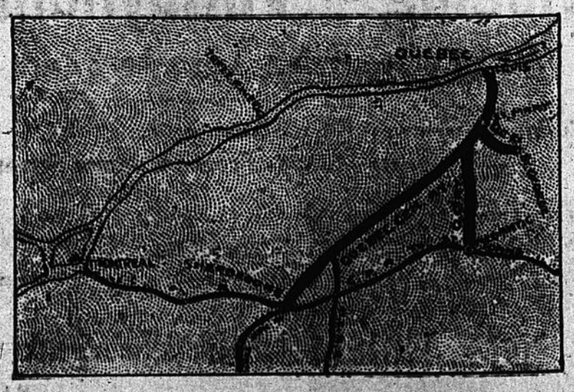

It so happens that this year the delegates who represent this kind of Republicanism are to have the honor and responsibility of naming the Republican candidate, not because they want to but because the National Convention system works out that way.

**The State Representation.**

By some perverted theory of political science, or, more probably, by a persistent ignoring of all theories, the representative of the different States in the National Convention is determined, not by the degree of their Republicanism but by their representation in the Election College, which depends roughly on population. The one justi-

## *QUEBEC CENTRAL, AND IMPORTANT LINK SECURED BY C.P.R.*

The ratification of the lease of the Quebec Central Railway to the Canadian Pacific Railway for 999 years, places the C.P.R. in possession of an important connecting link, for its system east of Montreal. The line gives direct connection between Quebec and the C.P.R. short line to St. John, N.B., and it also gives connection with the Boston and Maine, for business between Quebec and Boston and New York. It also taps the important mining districts of Beauce and Thetford.

The Quebec Central runs from Sherbrooke to Levis, a distance of 143 miles, with a branch of 60 miles from Tring Junction to Megantic. It is at the latter station that connection is made with the C.P.R. for St. John, and the line also connects with the C.P.R. at Sherbrooke. By taking over this line the C.P.R. gets possession of one of the most historic pieces of rolling stock on the continent. This is the private car which was made at the order of the United States Government for the use of the late President McKinley. This car, which is now somewhat old-fashioned, was purchased at a cheap rate some years ago by the management of the Quebec Central, and has since been used as the private car for the officials of the line. Although out of date, it is a luxurious car, and is in excellent order. The general manager of the line is Mr. J. H. Walsh, and the general superintendent Mr. A. Steel.

## *NEW ENGINE HOUSE FOR HARBOR FRONT*

The new Engine House, built for the storing and the repairing of the Harbor Commissioner's five locomotives is now practically completed and has been put into service. This house is situated below the Hochelaga Cotton Factory and is connected to the High Level railway by a siding.

Work on this building was commenced last year. The contract called for a substantial concrete building, and was awarded to Mr. C. E. Deakin. The accompanying photograph gives an excellent idea of the structure.

This building will be most modern and will be equipped with all the latest facilities for a building of that nature. It is built entirely of concrete and will be equipped with offices, carpenter shop, storage rooms, coal pockets, ash pit, stand pipe and travelling crane for transporting the parts of locomotives under repair.

## BIG VARIETY OF SPORTS AT THE CALEDONIA GAMES ON SATURDAY, JUNE 22ND

**No Chance of Crowd Being Tired for Lack of Entertainment —Entries Already in for Star Challenge Cup.**

The track and field events comprising the programme at the Caledonian Society's Games at Dominion Park on the afternoon of Saturday, June 22nd, show a variety of sports that are sure to provide continuous entertainment. The crowds that have been accustomed to turn out on the occasion of the holding of these games since their inauguration fifty-six years ago, have always found something diverting to watch throughout the whole afternoon.

The Boy Scouts will be in evidence this year, as a special prize has been offered to that patrol which prove the fastest message carriers. The transferring of despatches from one place to another, points selected by the judges, will constitute the contest.

For the senor harrier road race for the Montreal Star Challenge Cup, a number of runners have already entered, since the announcement yesterday. Amongst them are the following, in the order they entered: A. Lefebvre, Nationals; B. Lundin, H. A. A. A.; Paul Lenthier, Melrose Club; Archie Brown, Melrose Club; George Mackenzie. Entries for this race should be made at The Star Office.

The route of the race will be, as it was last year:—Start, Dorchester St. facing east on line from Windsor Hotel to Dominion Square Methodist Church—along Dorchester to Metcalfe—up Metcalfe to Sherbrooke—east on Sherbrooke to Bleury, down Bleury to Ontario—east on Ontario to Delorimier—down Delorimier to Notre Dame—east on Notre Dame to Dominion Park.

No runner will be permitted to start unless he can produce an amateur card.

### LACROSSE NOTES

**Cornwall in Shape.**

Special to The Montreal Star.

Cornwall, Ont., June 13.—The usual C.L.C. excursion to Montreal will not materialize this week-end, when the Cornwalls go to the metropolis to meet the M.A.A.A. men. The Dundas Agricultural Society has an excursion announced for Friday to the Macdonald Farm at Ste. Anne de Bellevue, and Montreal, and this, it is feared, would spoil the chances of the lacrosse club running a cheap rate the following day. The Grand Trunk has a low week-end rate on, however, good until Monday, and a good many enthusiasts will go down with the boys to help cheer them on. It is not likely that any change will be made in the Cornwall line-up for this match. A great game is expected, and the Cornwalls will be prepared for any surprise that the Montrealers may have up their sleeves.

Cornwall may lose Mark Cummins, the dashing home player, as the Toronto Tecumsehs are said to be after him, but the position the Tecumsehs hold just at present, coupled with the fact that gates have not yet reached the million dollar mark in the D.L.U. series, will not be much inducement for an Eastern player to jump West. Unless matters improve, and that speedily, the D.L.U. clubs will come far short of clearing their big expense account, let alone laying by the large surpluses they had visions of when their organization was under way. The Toronto games have not yet been attended by crowds sufficiently large to meet salaries, etc., and leave much over for the peanuts and gum for the boys, and it looks now as though interest is already dying out with the D.L.U. Some remedy will have to be secured, and one way to get the crowd is to have a winning team. Mr. Querrie is endeavoring to do this by annexing a good home man in Mark Cummins, but he has not got him yet. Neither has he Guy Smith, of Cornwall, whom he is also said to covet. But Smith is not, or has not yet, played lacrosse this season. He is engaged at his trade at Russell, and it looks as though he will stay there. But, if Querrie has lots of money, and does not care how fast he spends it or how slow returns are, then he might be successful in landing the players mentioned. But no one here believes he will.

Special to The Montreal Star.

Toronto, June 13. — The Torontos were hard at it again last evening, and will be in first-class condition to meet the Irish-Canadians at Scarboro Beach on Saturday. Eddie Powers likely will remain in charge of the blue shirts until the return of Eddie up the grove, who is ill.

Welland, Ont., June 13.—Fred Flood, of Buffalo, against whom a true bill was found for supplying poolrooms with information from the Fort Erie track, failed to appear yesterday when his name was called, and Judge Wells ordered the bail money of $500 confiscated. William Horton, of Fort Erie, was bondsman.

Vancouver, B.C., June 13.—Newsy Lalonde is in the hospital suffering from injuries sustained in a lacrosse game two weeks ago. He is likely to be laid up for a couple of weeks. The doctor says he was lucky to escape being out of the game for the balance of the season.

**Capitals' Preparations.**

Ottawa, June 13.—With Clint Benedict in the nets the Capitals will make another effort to win a game. The Shamrocks being the intended victims. Should the locals lose again it is felt generally that the death blow has been struck at the National game in Ottawa for this city will not support a losing team. For this reason the Capitals are determined to win and the management are offering inducements both for the winning of the game and the scoring of goals. The players feel that they must win to keep the game alive and they are taking bets that they down the Irishmen on Saturday.

Benedict, as well as signing up with the Capitals has practically given his word that he will turn out in the winter with the Ottawa Hockey Club and will guard the nets for them. His presence on the Capital defence will put a lot of confidence in the Ottawa twelve. Last Saturday St. Thomas had but ten shots to stop during the game with Cornwall and he let eight of these go through. With Benedict between the poles the locals do not fear any such showing as this.

Alex. Sood will replace Ernie Butterworth in the home. Butterworth is doing well but will be out for some time, his leg having been broken in three places.

The M. A. A. A. management have invited the delegation of British manufacturers who will be the guests of the city on Saturday, to visit the lacrosse match at the Westmount grounds on Saturday afternoon.

### SPORTING BRIEFS

Philadelphia, Pa., June 13.—New York, Boston and California are the localities having representation among the surviving players in the singles in the women's national championship lawn tennis tournament at the Philadelphia Cricket Club. Miss Eleanora Sears, of Boston, reached the final round by defeating Miss Mary Merrick, of Philadelphia, but the other Boston representative, Miss Marian Fenno, was put out by Miss Mary Brown, of California, in straight sets. Rapid progress was made in the women's doubles, the semi-final round being reached. Mrs. Barger-Wallach, of New York, and her partner, Mrs. Fred. Schmitz, of Englewood, N.J., gained a victory over Mrs. W. H. Pouch and Miss Elizabeth Moore, former national champion.

Ottawa, June 13.—The Ottawa Cricket Club will play the Westmount eleven for the first time this season at the Rideau Hall grounds on Saturday next. The McGill and Westmount teams both wished to come on Dominion Day, but the Ottawas had previously given the July 1 date to McGill, and Secretary Rankin is arranging to bring the Westmounts here this week. The Ottawas will go to Montreal on the night of July 4, playing McGill on the 5th and the M.A.A.A. on the 6th. Later in the season they will return to Montreal to try conclusion with the Westmount Club.

**Baseball is Blamed.**

Camden, N.J., June 13.—Dreaming he was at a baseball game and "rooting" for the home team, William Collins, 48 years old, went too close to the fourth storey window of his home here last night, lost his balance and fell out of the window. He struck on his head and back, sustaining a fracture of the skull. It is said he will die.

### NORTH-END BRANCH Y.M.C.A. ACTIVITIES.

Though open for so short a time, the North Branch is rapidly justifying the expense of the new building and equipment, and the effort put forth in the recent successful membership campaign.

The gymnasium schedule has made it possible for all classes of the membership to participate in some phase of the gymnasium work, and the response has been both large and enthusiastic. Nearly half a hundred men are enrolled in an evening class, while twice as many boys are in two groups, based on ages. The type of exercise given is adapted to this season of the year, being almost entirely calisthenics and group games; the latter particularly filling the dual role of providing both exercise and recreation.

The fine swimming pool is also a busy spot, the showers and plunge combining to attract a large attendance of swimmers, while an instruction class gives opportunity to all who desire the natatorial art.

Three baseball teams of varied ability are representing the Association in as many leagues, while plans are in progress which it is hoped will give privileges to track and field athletes.

The billiard tables are in such demand that it is impossible to accommodate all players until the installation of the balance of the tables.

The boys' department rooms are a scene of the greatest activity every evening, while the reception floor, music room and reading room of the men's department are in continual use.

### BOXING

Los Angeles, Cal., June 13.—James J. Jeffries having refused to referee the fight on July 4th between Ad Wolgast and Joe Rivers, the choice fell on Jack Jeffries, brother of James J. Jack has asked time to consider. Handlers of Wolgast declared to-day that if Jack Jeffries refused to act, the referee would be Jack Welch, or there would be no fight. Manager McCarey, of the club, said Welch could not referee. There the matter rests.

New York, June 13.—Harry Phillips of Brooklyn, fought Artie Edmunds, who claims the featherweight championship of Canada, to a standstill in Brooklyn. The Canadian underwent such punishment that his seconds were compelled to throw up the sponge in the ninth round.

In two lightweight contests at New York last night, Billy Galley of Australia, won from Jim Lawton, of Brooklyn, by a close but safe margin, and Harry Carter, of New Orleans, easily outpointed Tommy Quinn, of Brooklyn.

New York, June 13.—Johnny Coulon, of Chicago, the bantam-weight champion, who knocked out Frankie Hayes, of St. Louis, in the fourth round at New Haven, Conn., on Tuesday night, has protested against the claim made in New Haven that the bout was a fake. Coulon said: "The news that I was nearly drowned at Staten Island on Monday had reached the New Haven 'fans,' causing them to think I would not be in condition to fight. There was only about $250 in the house, and as I had been guaranteed $1,000, win, lose or draw, I thought things looked bad for the management. The guarantee had a clause attached whereby I forfeited the $1000 if I was disqualified, so I fought cautiously in order not to give them the slightest chance to call a foul. Referee Fitzgerald cautioned me several times, so I was doubly careful. When he quit the ring in the third, declaring the bout a 'frame up,' the chief of police, who was at the ringside, promptly ordered the fight to go on and made the announcer referee. Knowing then that I would get a square deal, I rushed in and scored a knockout. And I got the money."

## Royals Late in Arriving Home

**Expected at 10 a.m., But at Noon Pres. Lichtenhein Was Still Awaiting Word.**

The Royals were expected back in the city from Rochester this morning at 10 o'clock but some unforeseen circumstances kept their train late and at noon they had not yet arrived. President Lichtenhein, who had expected to hear from Manager Lush some time during the morning, was anxiously awaiting a report from his team.

Catcher Roth came back in advance of the team yesterday, Mr. Lush having become dissatisfied with his showing. What wil be done with him is as yet unsettled.

## BOOKMAKER LOST SUIT AGAINST THE RACING ASSN.

**Charged Conspiracy, But Judge Decided That He Was in the Wrong.**

Special to The Montreal Star.

Toronto, June 13—The action of John Scully, charging conspiracy among members of the committee of the Canadian Racing Association as a result of which he was prevented from doing business as a bookmaker at the Hamilton Jockey Club meeting last summer and ejected from the track, came to a close yesterday. The suit was dismissed immediately after the argument of counsel, with the costs against Scully.

The fact that Scully had been put out because of a ruling of the Canadian Racing Associations, and that all the clubs uphold the rulings, were not disputed, and the defendant's counsel at the close of the plaintiff's case refused to consider a compromise. It was regarded as a case involving the right of racing clubs to control their own premises, and an issue was desired.

Yesterday the defence put in its evidence to support the statement that Scully had been properly dealt with on account of boisterous conduct and abusive language to different officials on the last day of the Fort Erie meeting, when he had lost money on two races.

Mr. Justice Kelly gave judgment without leaving the bench, upholding the defence in every particular. He found that the facts showed Scully's conduct to be such as could not be tolerated by any properly regulated institution. It had been reported to the Canadian Racing Association, whose committee dealt with the matter fairly and calmly. There was no malice on their part, and the plaintiff had admitted that they acted in good faith in making their ruling. The Court went further, saying that, even if the C. R. A. had held some feeling in the matter, they would still be justified in doing what they did to protect their association and maintain the sport properly. Scully had had a hearing, which his counsel attended, and had refused to accept the advice given him. Cases even stronger than those quoted by counsel were referred to by His Lordship to show that Scully had no legal right that he could enforce, and no cause of complaint. The case, therefore, must fail and judgment would be for the defendants, with costs.

The usual application for a thirty days' stay of execution was asked for and allowed.

### SOCCER NOTES

Soccer enthusiasts will be glad to know that the Province of Quebec Football Handbook is now ready, and will be for sale at all the games on Saturday first. The book includes: Constitution of P.Q.F.A.; First, Second and Third Divisions of Leagues, and fixture cards.

## SPORTING VIEWS and REVIEWS

Howard, the Winnipeg sprinter, seems to think that because he can run the hundred pretty fast he is quite competent to run about all his affairs, even to his training. He forgets that this Olympic trip is a team and not an individual affair, and that being one of an organization he is subject to the organization's rules. There can be no doubt that he strengthens the team, but even should he go back to Winnipeg the Olympic games will come off just the same.

Great things are expected of the fifteenth, for on that day the moon changes, and it is hoped that at the same time, and as a consequence of that change, there will be two other changes—a change in the weather, and a change in the Royal's luck. Unless they come there will not be a conyas shoe worn this season or a bushel of buckwheat grown, and the fans will be heartbroken.

That ruinous rout at Rochester is one of those things that should not have been, and how it all came to pass is not yet fully explained. Some say that the pitcher blew up, and it is surmised that he got a blowing up from the manager after the disaster occurred. Others claim that the fielding of the Royals was so loose that the Rochesters could hit almost anywhere and be as safe as the Bank of England. Other explanations are given, but why harrow up one's feelings by reviewing in detail the sad story. Tell it as one will, the tragic fact remains that the Rochester team got three men over the home plate to one by the Royals.

The whole lacrosse world, except possibly the New Westminster team, will learn with regret that Newsy Lalonde has had to become a patient in a hospital in order to have treated the arm injured in that mix-up of a few weeks ago. No doubt, as he looks out of the window of the surgical ward and sees the railway trains gliding off towards the Kicking-horse Pass, his thoughts turn to his homeland of the East, where lacrosse players are a happy family and are never rude to one another. But Newsy would go West.

It is not expected or desired that our Olympic team should win everything at Stockholm, for it must be remembered that this is an international affair and that it would not be in the interests of peace for one to grab everything. All the same, it will be just as well for the Canadians to bring home something just as souvenirs of the trip. What shall it be? Possibly it will be as well to leave that to the members of the team.

Stirring news pours in from all quarters. Lawyers in Italy are going on strike and litigants are saving money. Colonel Roosevelt is to declare for woman suffrage and Mrs. Pankhurst is to get first-class jail accommodation. There is no uprising in Cuba but only an attempt on the part of certain citizens to shoot their fellow-countrymen. The gardens in Westmount are doing as well as could be expected, weather conditions considered. And the Royals have a new pitcher whose performances are said to be equal to his promises. Who will not say with Dr. Panglos that this is the best of possible worlds?

## Johnson Will Back Himself

**Will Cover Bets Offered by Wyoming Sports.**

Special to The Montreal Star

Las Vagas, N.M., June 13.—Jack Johnson, to-day, announced that he would take the bet offered by a number of Jasper (Wyoming), and Colorado men, that "Jim" Flynn would win the bout with him here July 4. Johnson announced his readiness to post a certified cheque for $16,000 against $8,000 offered by the Flynn backers.

Major Richard Sylvester, superintendent of police in the District of Columbia, has prepared a draft of a bill which he will present to the District Commissioners for approval, in which he fixes the penalty for automobile stealing at a term in the penitentiary. Washington automobile owners have suffered to such an extent recenty that drastic measures are considered necessary. The penalty at present for taking an automobile by one who has no right to take it, usually for the purpose of a joy ride, is but a $40 fine

American cars are now making headway in Gautemala. The roads are being improved and there is a big demand for used cars.

## Inman To Play at M.A.A.A.

**English Billiard Champion Will Come in October.**

Although there was some talk at first that Roberts, the well-known billiard player might give an exhibition at the M. A. A. A. when he comes here, it has now been decided that as the present season is a very bad one for billiards, no such arrangement will be made.

Instead, Inman, the present English Billiard Champion of the world, will be asked to give some exhibition games here in October when he is expected to reach Montreal on his trip home from Australia, where he is at present.

Suddenly applying the brakes when the car is traveling at high speed is the cause of a great many bad accidents. The man who abruptly throws on his brakes at a speed of even thirty miles an hour is running a considerable risk, especially if the road is slippery. Even if they are applied gradually the driver should be exceedingly careful. But, in the first place, a driver should never travel at high speed on any road where it is likely that a sudden application of the brakes will be required.

## PRIZES FOR THE BIGGEST TROUT— SOME FINE FISH RECEIVED

The Montreal Star has decided to hold another trout competition for speckled trout this year, which is to be extended over two months, it being argued that as few people get vacations till the month of June, that month and Dominion Day should be taken in, so that the competition will be open this year from May 1st till July 5th, for trout brought to the Star Office with astatement of the conditions under which it was caught.

(a) Name of the fisherman.
(b) Place of capture.
(c) Witnesses of capture, if any—apart from fisherman.
(d) Whether caught with bait or fly.

The prizes will be as fiolows:

**CLASS I.—TROUT OVER 3 LBS.**

First Prize—Fifteen Dolars.
Second Prize—A first class trout rod.
Third Prize—A first class reel.

**CLASS II.—TROUT OF 1 LB. OR OVER AND UNDER 3 LBS.**

First Prize—Ten Dollars.
Second Prize—A first class silk line.
Third Prize—A first class fish basket.

**CLASS III.—TROUT UNDER 1 LB.**

First Prize—Five Dollars.
Second Prize—A first class landing net.
Third Prize—A silver and glass article—generally known as "The Bait Box."

Many people seemed to be under the impression last year that it was little use bringing in fish under one pound, hence the competition in Class III. was less lively than in any of the others, and the prizes were won very easily.

All competitors are invited to bring their fish to The Star Office for exhibition in The Star window.

## THE MONTREAL LACROSSE TEAM STRENGTHENED

**Thirty Men Took Part in Last Evening's Workout at Westmount.**

The Montreal Lacrosse Club executive, true to their promise, have been making great efforts to strengthen the winged wheel team in anticipation of the game with the unbeaten Factory Town Colts on Saturday next at the M. A. A. A. grounds. It was easy to spot the weakness of the machine in the match against Shamrocks last Saturday and in the endeavor to bolster up the field, which was shown to be the least efficient department, the executive have been trying out a number of new men this week.

Among the thirty odd men on the field at last night's workout, were several new faces and some of these may be seen on the team when they line up against Cornwall on Saturday.

Welch and Simsler on the home field were among the most promising of the new material. They were helping things along in the home field in great style and certainly strengthened this department. E. Degan, Dunphy and McGovern were the other newcomers, while "Roddy" Finlayson startled the railbirds by holding down the inside home job.

It is not likely, however, that even if the big fellow should lend a hand to his old club again, that he would forsake his old position at the defence end of the field.

With the new material to call upon in case of need and with the rest of the team going better at each practice, the executive feel fairly confident of giving the Cornwall crew their first set back of the season.

### CHATEAUGUAY BOATING CLUB'S OPENING ENCHRE WAS A GRAND SUCCESS.

Never in its whole history was so successful a Euchre conducted by the Chateauguay Boating Club as that held last evening in Tully Hall. The large dance room was filled with players, whose faces expressed their surprise and pleasure at the excellent start made by the club, and prognosticated great things for the future. The winners were:—Ladies, first, Mrs. L. I. McMahon, lady president, silver-plated searchlight; second, Mrs. Fortunat Laberge, fancy knife. Gentlemen, first, S. McNaughton, handsome pearl tie pin; second, Mr. C. Stewart, pearl handled pocket knife.

At the conclusion of the euchre the floor was cleared and an impromptu dance called. The Club is exceptionally fortunate this season in having many excellent pianists among its members. Its thanks are due and extended to Mrs. J. Seath Smith, Mrs. J. W. McNeece, Messrs. Jasper Stanford and George C. Mitchell, who played for the dancers. About 11.30 the first of many such entertainments planned for the summer was brought to a close. The Club's officials seemed most gratified at the number of the permanent residents attending, as in the past these little entertainments were left almost entirely to the summer residents, the locals keeping rather aloof. The prospects now are of the brightest.

The next weekly dance will be held on Saturday evening next at 8.30 p.m. Mr. E. Layton presiding at the piano.

## Finlayson at Inside Home

**Montreal Also Counts a Great Deal Upon Simsler.**

It is understood that although Mr. Roddy Finlayson has been slated to act as Referee in Ottawa Saturday, it is almost certain that he will play with Montreal and at Inside Home.

Montreal also banks a great deal upon a young man named Simsler, who it is said has been doing very well.

A double drowning, in which Martin Nash and Harvey Lablanche were drowned by the upsetting of their canoe, is reported from Powell River, B.C.

J. Pierpont Morgan, a London report says, has acquired John Bunyan's copy of Foxe's "Book of Martyrs" from the Bedford library. He paid $10,0

## OLYMPIC TRAINER KNOX HAS REPORTED HOWARD TO HIS COMMITTEE

**Colored Runner from Winnipeg Refuses to Obey Orders and May Be Sent Back to the Prairies.**

Trainoer Knox of the Canadian Olympic team, has reported Army Howard, the colored sprinter from Winnipeg, to the Central Olympic Committee at Toronto for disobedience.

Mr. Knox when spoken to this morning said: "Of all the men here now, Howard is the only one who refuses to obey me. He declines to do as he is asked, and insists upon doing as he likes. He has threatened that unless I leave him alone, he will go back to Winnipeg. I have explained the matter fully to Toronto, and expect to hear from President Merrick to-day. I should not be a bit surprised that the reply will be that unless he obeys instructions, he will have to go back."

The weight men of the Olympic athletes were out as usual at the M. A. A. A. grounds this morning the chilly air acting as a stimulant for some good throws. The track men and jumpers waited till the afternoon to get in their training but trainer Knox is seeing to it that all the men get in a good deal of practice in the short time available. Forsythe the Marathon runner from MooseJaw reached the city last night and was out at the track this morning.

The members of the Olympic Committee coming from Toronto to-morrow night will settle all matters concerning the team leaving here on Saturday morning. The Toronto athletes will come down to-morrow night also going on board with the rest of the team already here, soon after their arrival. It is expected that Mr. McDonald will accompany Messrs. Merrick, Crow and coach Knox on the trip.

Trainer Knox has recommended that Beasley take Kerr's place on the team and when the Olympic committee arrive here to-morrow night it is expected the matter will be decided. Beasley, being a short distance man, will fit into the team nicely.

Two of the athletes who made the American Olympic team were in training under coach Farrell in Ohio till he came here a short time ago to supervise the M. A. A. A. trainnig again. Wikoff, a runner in the 5,000 metre race and Cooke, winner of the 200 metre event were both under Mr. Farrel's care.

### BASE-BALL

The New York Nationals won from Chicago in New York yesterday, the victory constituting pitcher Marquard's thirteenth straight win.

Twenty errors in four games is an eloquent reason why the Royals lost three of them to Rochester.

'Chic" Gandil got one of Washington's five hits, scoring one of the three runs, in Tuesday's game against Detroit, when John Dubuc lost the game by 3 to 2.

Lelivett, who has been hitting at a 415 clip, would be one of the most valuable players in Class A leagues were it not that he has a glass arm.

Smith to-day, Akers to-morrow, and Mattern on Saturday, are the way the pitchers have been selected to oppose Buffalo here.

**M.A.A.A. Meetings.**

Chairman Earle of the Billiards Department of the M. A. A. A. has called a meeting of the members for Wednesday night of next week to select a committee for the present season. The Outdoor Department has a meeting to-morrow night for the same purpose.

## The Lacrosse Bet Suit Trial

**The Case of Morean vs. Vineberg in Court To-morrow.**

One of the most interesting suits to sporting men will come up in Court to-morrow.

Ovide Moreau Senior is suing Mr. Ross Vineberg, for the amount of a bet made on the unfinished Lacrosse match between the Montrealers and nationals last summer.

It is understood that several other smaller bets have been made upon this match, which have not yet been settled awaiting the result of this suit.

The citizens of Granby, Que., are voting to-day on a by-law giving street rights and other concessions to the Montreal and Southern Counties Railway.

At Vancouver yesterday, Frank Nelson and Wm. Dawson were sentenced to ten years in the penitentiary and twenty lashes, for robbing and assaulting John Larsen.

MR. PHIL GARFINKLE.

Manager of Disraeli Baseball team of the Montefiore League.

## Jockey Sues Racing Assn.

**Questions Power of Canada's Governing Body.**

Special to The Montreal Star.

Toronto, June 13. — The claims of a bookmaker to privileges the Canadian Racing Associations were not prepared to grant have been disposed of.

The next legal battle on the card with regard to the rights of turf bodies is one involving a jockey's rights. The statement of claim in the suit of John K. Trubel, who asks large damages, was filed yesterday. The claim is against the Ontario Jockey Club, at whose track Trubel expected to ride Hersey in the King's Plate last month, but was not permitted to do so, not having a license from the Canadian Racing Associations. Trubel has been galloping horses this spring for the Brookdale stable, and this establishment having gone to Hamilton for the meeting, which opens on Saturday, he has been debarred from the Hamilton track.

The second annual contest for the Fletcher Cup was conducted by the Automobile Club of Philadelphia on June 1. This contest is a continuation of the runs for the Brazier Cup, first institute by the club ten years ago, and which have taken place every year since, with restrictions varying to suit the requirements of the law. The contest is won by the contestant having the least number of penalties at the finish, each car having a scheduled time, unknown to the driver, to pass the secret controls. For every minute ahead or behind the schedule the driver is penalized one point.

# GANZEL'S SLUGGERS GOT MAD AND SLAUGHTERED VIEBAHN'S OFFERINGS AND ROYALS BLEW UP AGAIN

Special to The Montreal Star.

Rochester, N. Y., June 13.—For just six hopeful rounds Billy Lush's charges played the champions on even terms in the last battle of the series here. For six rounds it was a ball game, with the teams even up and the fans on edge.

Then the Royals stung the Hustlers into action by scoring a couple of runs and actually forging ahead of the champions. It was too much, and when Ganzel's men came to bat again, they slaughtered Mr. Viebahn. Nine hits they piled up in one inning, and of the nine, five were for extra bases. But one error and not a single pass were included in that eventful round, and the Hustlers made their nine hits good for eight runs.

Manager Lush let Viebahn take his medicine, and he found it a large dose. The eighth round found Becker pitching, but the fact that the curves were coming from the port instead of the starboard side made no difference to the Hustlers, and they added five more tallies to their collection. They did it by clean hitting, after Becker had passed a few men.

The showing of the Royals was a disappointment to local fans after the battles they put up on Monday and Tuesday. In those games the visitors appeared to have plenty of pepper, and the team appeared to be enjoying the services of some good twirlers. Plenty of errors were made, but the Royals kept on fighting. The general verdict was that the Royals were due to make trouble for many a team in the league.

Murphy did the backstopping yesterday, and did not appear to have got his bearings. Seven stolen bases were charged against him, and he made one wild throw. The outfielders were slow in getting under the Rochester drives, Russell in particular usually being somewhere when the ball was driven into his territory.

McMillan stole second base every time he got on bases, and he reached the initial station four times during the eight innings Rochester were at bat.

A triple by Conroy after McMillan had gained a life in the first inning through a boot by Yeager, gave the Hustlers their first run. McMillan was able to get around again in the third, Viebahn hitting him in the back with a swift one, after which he stole second, and came home on a scratch hit by Lavell, who beat a bunt.

It required but two hits to make these two runs, and Viebahn was sailing along nicely. The Royals began the task of tying up the score in the fifth, when Murphy doubled to right, and came on home on a wild throw through the infield by Johnson, as he relayed the ball in.

Russell touched up Wilhelm for a triple in the next inning, and scored on a timely drive to left by Kelliher.

It was plain that Wilhelm was wobbling, and the next round saw the Royals taking advantage of this. With two gone, Yeager singled, and Connolly worked Wilhelm for his third pass of the afternoon. Cunningham hit a hard one to short, and the bases were choked. Johnson fell down hard on a bounder from Russell's bat, and Yeager and Connolly trotted in. Kelliher wound up the scoring by sending a roller to Dolan, who retired the side by stepping on third and forcing Cunningham.

With the score two runs against them, the Hustlers went after everything that could be offered them by the pitcher of the Royals in the seventh. They pounded out two triples, three doubles, and four singles. Thirteen men came to bat.

The eighth was fruitless for the Royals, but for the champions it was almost a repetition of the seventh. Conroy drove the ball to centre for a home run, after Dolan had been passed. Then came a single, three more passes and a triple. Brecker was having fully as much trouble as Viebahn, for he was unable to locate the plate.

Yeager's double and two infield outs gave the Royals one more run in the ninth, but the Hustlers were playing for outs by that time, instead of trying to cut off runs. Lush is convinced now that Ganzel has a bunch of sluggers. He is looking for three more twirlers like Mattern.

The scores:

# ANOTHER SOCCER MATCH RESULTED IN A DRAW

### It Was the Semi-Final Contest for the Caledonia Cup Which Took Place Last Evening.

Last evening the Sons of England met Fairmount in the semi-final for the Caledonian Cup, on Grand Trunk's grounds. Notwithstanding Fairmount's victory over the Sons of England on Saturday, it was looked upon as an easy thing for the S. O. E. Such, however, was not the case, as the game ended in a draw of two goals each. The cold weather kept the attendance low, for only a handful of spectators were present when Wright kicked off for the S.O.E. Fairmount had the wind in their favor, and made good use of it, as far as play went, but could not get past Dady. Wright, for the Englishmen, opened the scoring with a fine bit of work, netting after McBride had saved. Fairmount showed surprising form for a team so low down in the league, Dady's splendid goalkeeping being responsible for their non-success. Just on the interval, McLean centred, and Dady accidentally put through, and Fairmount equalized the scores.

Early in the second portion, Ball put his side ahead, but McBride declares the ball did not go through. Exciting and even play followed. Bingham was working like a horse, but any laxity was duly taken advantage of. When things were boiling, Fairmount gained a penalty, and Campbell shot straight into Dady's hands, who cleared amid cheers. This was not all, for Davey handled inside the line a minute later, and another penalty followed. Campbell again took the kick and again located Dady in the same spot. Dady's second clearance was quite a hit amongst the spectators. These incidents were the result of great pressure, and to Dady's mortification he was beaten by a curler from McLean. The shot was a clever one, but looked more like an intended centre than an attempt to score. This event further livened matters and put the pectators on the hooks. Many attempts were made for the lead, but the full time, thirty-five minutes each way, arrived, with the score two all, with the game to be replayed next week.

The First League met at the Y.M.C.A. and it proved a very quiet affair—in fact, all serene. Routine business was disposed of with despatch and transfers granted.

Mr. Albert Freedman had been requested to attend this meeting and explain certain matters as affected the misunderstanding between the league and P.Q.F.A. It required very few words from Mr. Freedman to point out the necessity of co-operation. The general feeling tended this way, and it is not supposed that further differences with the P.Q.F.A. will occur, at least for a time.

Transfers granted were: Lumsden, Sons of Scotland, to C.P.R.; Sharp, G.T.R., to Sons of Scotland; Davie George signed on for Grand Trunk, and Dodge, a goalkeeper, for Sons of Scotland.

Half an hour sufficied to get through the Third Division's business, no time being wasted. Transfers of no great interest were arranged, and only two referees' reports out of five were received, which caused considerable annoyance, as the league demands to be treated on a par with the others. This negligence will be duly reported to the proper quarters.

St. James and St. Paul's jrs. were fined for not attending the meeting, such to hold good unless a satisfactory explanation be forthcoming.

It is rumored that there is trouble amongst the members of Cote St. Paul Club.

Two prominent soccermen are shortly to be married, Fred. B. Edwards, of the Crusaders A. F. C., and Tom Mitchell, president of Fairmount. Best wishes go with both.

# All-England Beat Africans

### Three Other Important Cricket Matches Were Played.

Special to The Montreal Star.

London, June 13.—All-England beat the South African cricketers in the first test match yesterday by an innings and 62 runs. In the second innings, the South Africans made 217, of which Llewellyn contributed 75.

England's innings amounted to 337 runs, of which Spooner contributed 119. Woolley, 73; Rhodes, 36, and Warner, 39. The others were under 30.

Pegler, for South Africa, took six wickets for sixteen runs. The scores were:—

South Africa, first innings, 58; second innings, 217. Total, 275.

England, first innings, 337.

Besides the first test match between England and South Africa, three other important cricket matches were concluded yesterday, resulting as follows:—

Sussex beat Gloster by five wickets. The Yorkshire-Australian fixture ended in a draw.

Northampton beat Kent by four wickets.

# WITH THE SMALLER BALL TEAMS

Judging from the regular attendance at the City Baseball League games to date, the class of ball that the eight teams which compose the organization, must be pleasing the local fans. Every doubleheader this season has been well attended, and the prospects are that this season will be one of the most successful that any local organization of this kind has met with.

In the games to date, the fans who have journeyed to the Mile End grounds have been handed a great many surprises, two of the most recent being the defeat of the champion Richmond aggregation at the hands of the Athletics, and the great victory of the Villeray nine over the Cheniers. In fact, according to the way things are going at the present time, it is a certainty that some of the clubs which got away with a poor start, will yet figure in the race for the pennant.

This week-end the usual double-header will be played at the Shamrock Park, the opening game being a combat between the Mascottes and the Villeray teams. The Mascottes have been going strong ever since the season opened, and have yet to drop their initial game. The Villeray aggregation, however, by taking the last two contests have taken the fans by surprise, and Captain Trempe figures that with Lush in the box he will just be able to down the league leaders.

The second game will see the All-Montreal and Richmond teams in action. This, too, should be a game well worth witnessing. The champions have not been playing their usual game of late, and Pat Kennedy has it all doped out that he can just about beat them, and so break into the winning column.

The standing of the league:

| | Won. | Lost. | P.C. |
|---|---|---|---|
| Mascottes | 4 | 0 | 1,000 |
| Voltigeurs | 4 | 0 | 1,000 |

| Athletics | 2 | 2 | .500 |
| Chenier | 2 | 2 | .500 |
| All-Montreal | 0 | 4 | .000 |
| Balmorals | 0 | 4 | .000 |

## SPORTING ANSWERS.

Ques.—Would a batter be declared safe or out if, after having batted a fly ball, the fielder should catch same ball against any portion of his body save his hands, as, for instance, a pop fly to an infielder, who, while trying to field the same, should press it against his chest or any other portion of his body in order to retain it?

Ans.—The batter would be out.

## Maisonneuve Ball League.

The decision on the protesting of a game between the General Film and St Clement's teams, played on June 9th, has been given by the board of directors. General Film win the game by 10 to 9. The umpire had called the game in the second half of the tenth inning with the score 9 to 9, one man out and a man on first.

The assessors of Freeborn County, Minn., have decided to assess automobiles at one-third cost. For the 140 cars owned by 130 persons in the county seat the average value is estimated at $1,200.

## BUSY WANT READERS

The busy man and woman always has a moment for the Want Ad Columns of The Star.

Those who accomplish much are on the lookout for Want news for the opportunities at hand are invariably noted there.

The Star Want Ads are for the workers—those who do things.

Likewise, the employer, the executive in all lines of work, looks to Star Want Ads in search of helpers. Wants often secure employment when personal solicitation fails.

Star Want Ads are read first by many who look to their newspaper to tell of gainful chances that are to be had and solve some problem that demands instant attention.

The interest in the Stars' big baseball game on the afternoon of June 16th, at Joliette, is steadily increasing as the day approaches, and preparations are being made by the Joliette Club to handle the largest crowd that have attended a ball game there in recent years.

Delage will most likely do the twirling for the Independent champions, while Bellerose, the ex-New England Leaguer, will oppose him, and the result should be a hard battle.

The Stars' victory over St. Laurent College last week was a heavy blow to the Collegians, and the officials at the College in general. The Independent champions have the distinction of being the only club to capture a series of two games in either the spring or autumn season.

President Eddie Callahan, of the Stars, was busy shaking hands with his old friends at the College. "It has taken many years to capture two straight," quoted the genial Ed., "but we've done it at last."

Pitcher Deschene, the St. Laurent College lanky twirler, from whom so much was expected, did not last a full inning against the Stars, and appeared rather pleased when Manager Dupras benched him. It clearly looked as if he were in for an awful bumping if he had been left in any longer.

Pitcher Mandeville, who succeeded Deschene, has the ear marks of a coming twirler. He has plenty of speed, good curves, but appears a little weak on control, which he is bound to gain with the splendid method followed at the College.

Catcher Pete Beaudoin, of the Stars, is hitting the ball hard and often, and at present leads his team mates.

# CONSERVATIVES WILL BE CRUSHED SAYS MR. LEMIEUX

## Government is on the Brink of Ruin, He Declares at Seguin Banquet.

At the banquet held last night by the electors of St. Mary's division in honor of Ald. Napoleon Seguin, M.L.A., it was declared that the Conservative party had not the slightest chance of victory in the next federal election. Ald. Mederic Martin, M.P., presided, and 500 attended. The Hon. J. L. Decarie and the Hon. Rodolphe Lemieux spoke.

Mr. Decarie declared that the Liberal party would press its policy vigorously. The policy of good schools, good roads, and sound business administration would not be abandoned.

Hon. Mr. Lemieux had not a doubt that the Conservative party was on the brink of ruin, and predicted that it would be completely crushed as soon as the redistribution of seats would bring on another election. He criticized the Conservative party for its appeals to prejudice in the last election and for its inefficiency in power, and declared that it had been unable to solve the naval and school problems.

### DELEGATES TO NAVIGATION CONGRESS IN TORONTO.

Special to The Montreal Star.

Toronto, June 13.—Two hundred gentlemen, delegates to the International Congress of Navigation recently held at Philadelphia and representing every country in Europe, and also Africa and South America, arrived here to-day on their return from a pleasure trip which took them to the head of the Lakes. Extensive preparations have been made for the entertainment of the visitors, who will be here until to-morrow night.

### ISOLATION PROPOSED FOR TUBERCULAR PATIENTS.

Welland, Ont., June 13.—As a result of the new Hospital Act which compels municipalities to care for tuberculosis patients, the grand jury recommended the building of an isolation wing to the hospital here.

The judge congratulated the jury, as he said the number of tubercular patients in the hospital endangered the lives of other patients.

# Pitched Battle In Old Lisbon

### Street Railway Strikers and Soldiers in Collision—Scores Were Injured.

Special to The Montreal Star.

Dadajose, June 12.— Heavy detachments of cavalry and infantry fought a pitched battle in the streets of Lisbon to-day with the rioting tramway strikers. Many volleys were fired and scores were wounded on both sides.

The battle was precipitated by an attempt of the Government to operate the electric railway lines with non-union labor. Thousands of strikers surrounded railway lines' buildings, threatening to blow them up with dynamite. Street cars were overturned and windows in many public buildings broken.

After the rioters were dispersed the steam railroad employes voted to go out in sympathy with the tramway strikers. At the same time there was a meeting of the General Trades' Union Federation, with sixty-four working men's associations represented, at which a resolution calling for a national strike was adopted.

### Chatham Tax Collector Short.

Special to The Montreal Star.

Chatham, Ont., June 13.—An audit of the Raleigh township treasury books shows that the tax collector, E. H. Broadbent, is short in his collections to the extent of about $6400. Broadbent's bondsmen have asked for, and received, time to make good the deficiency.

# PROF. F. E. LLOYD TO SUCCEED LATE DR. PENHALLOW

## McGill Governors Appoint Alabama Professor to Vacant Chair of Botany.

At a meeting of the Board of Governors of McGill University yesterday afternoon, Professor Francis E. Lloyd, of the Alabama Polytechnic Institute, was appointed to the Macdonald Chair of Botany, left vacant by the death of Dr. Penhallow.

Prof. Lloyd has had an exceptionally distinguished career, and was chosen by the Advisory Committee out of a field of over twenty candidates. In recognition of her excellent work, Miss Carrie Derick has been appointed Professor of Morphological Botany.

Various other changes on the staff were also announced. Professor J. Wallace Walker has resigned the Chair of Chemistry, and Dr. R. F. Ruttan has been appointed to take his place and to be the director of that department throughout the University. Mr. Vernon Krieble was appointed lecturer.

The resignation was received of Dr. H. A. Wilson, Professor of Physics, and Messrs. Day and Boyle were appointed assistant professors. Messrs. McKergow and Roberts were appointed associate professors of Mechanical Engineering. Professor W. Saxby Blair, Professor of Horticulture at Macdonald College, has also resigned.

In the Faculty of Medicine, Dr. Miller was appointed lecturer and assistant in the department of physiology, and the following appointments were also made:

Dr. W. W. Chipman as Professor of Obstetrics and Gynaecology; Dr. D. J. Evans, as Associate Professor of Obstetrics with a seat on the Faculty; Dr. F. A. L. Lockhart, as Associate Professor of Gynaecology, and Dr. H. M. Little, as Associate Professor of Obstetrics and Lecturer in Gynaecology; Dr. J. R. Goodall, as Assistant Professor of Gynaecology, and Lecturer in Obstetrics, and Dr. H. C. Burgess, Dr. J. W. Duncan, and Dr. R. H. D. Gray, as Lecturer in Obstetrics.

The resignation was received of Dr. Ridley Mackenzie, as Lecturer in Medicine.

In the department of French, Mr. Perdriau was appointed for two years to take work mainly in connection with the first and second years, and in the department of English, Miss Cameron and Dr. Macmillan were raised to the rank of assistant professors. In the department of Geology, Dr. Bancroft becomes Associate Professor, and Dr. Fryer Associate Professor in History.

### Fire Starts in Dismantled Structure.

Fire broke out late yesterday afternoon on the third story of the old Royal Trust building, which is being demolished, and as a result traffic was blocked for some time. The blaze had made little headway when Chief Mann and his men arrived on the scene, and one stream was all that was necessary to extinguish it. The origin of the blaze, is said to have been caused by an overheated engine, used in the operations going on.

The Standard.

¶ The Standard published beautiful new photographs of Montreal in its last Supplement—photographs which have since been sent all over the world by thousands of Standard readers, showing former Montrealers and friends of Montrealers the wonderful progress achieved by the City during the past few years.

¶ This week The Standard publishes in its Supplement four exclusive illustrated features of great interest and unique historical value.

¶ The Standard publishes exclusive pictures in connection with the recent visit of T.R.H. the Governor-General, the Duchess of Connaught and the Princess Patricia to Montreal. These pictures show the Royal party and their hosts and friends in many striking attitudes. Every picture is life-like—Royalty—prominent citizens—military and civil. The first drilling of the Girl Scouts; Veterans on Parade; A remarkable picture of Her Royal Highness, the Princess Patricia.

Feature No. 2

¶ THE CONSECRATION, PRESENTATION, ELEVATION: Historic panoramic pictures showing an unprecedented incident in the military annals of Montreal: The Presentation of New Colors to a Canadian Regiment by a Prince of the Blood Royal. Three historic plates.

Feature No. 3

¶ THE CLUB-HOUSE AND ITS VISITORS—A SUNNY DAY AT THE BLUE BONNETS RACE COURSE—Society having a day-off at the Races. Eight plates: Beautiful women—handsome gowns—picturesque poses—A wilderness of Automobiles.

Feature No. 4

¶ Exclusive pictures of prominent British Manufacturers who arrive in the City on Saturday. Great interest is evinced in this visit of British Manufacturers, who represent a fabulous amount of capital. The Standard has secured from its London agent pictures of the members of the party visiting Montreal. These will appear with descriptive letter press in The Standard's Supplement on Saturday.

¶ THE NEWS EDITION OF THE STANDARD contains all the latest cable, telegraphic, financial, sporting, local and general news 36 hours ahead of all other competitors.

# MERCIER STATUE TO BE UNVEILED SATURDAY, JUNE 25

Ceremony Will Be a Feature of the French Language Congress.

Special to The Montreal Star.

Quebec, June 13.—One of the features of the Congress Du Parler Francais, which is scheduled to be open here next week, will be the unveiling of the Mercier monument. This will take place on Saturday, June 25. The most elaborate preparations are being made for the ceremony. These preparations are now almost complete, and the include the building of a stand facing the monument, on which some six hundred invited guests will be seated. There will be another platform for the speakers of the occasion. In the evening the statue will be illumined by 400 lights.

His Honor, the Lieut.-Governor, Sir Francois Langelier, will preside at the ceremony and will deliver an address. The other speakers will be the Hon. Rodolphe Lemieux, the Hon. A. Turgeon, the Hon. Charles Devlin, the Hon. C. Langelier, the Hon. L. A. Taschean, the Hon. P. S. G. MacKenzie, the Hon. T. Chapais, Mr. J. M. Tellier, the leader of the Oppositon, and Messrs. Honore Mercier, and Hector Laferte.

It is also understood that a high ecclesiastical dignitary will also play a prominent part at the unveiling.

Mr. R. C. Smith, of Montreal, who represented the Province in the marriage test case was also invited, but had to decline, as he intends to visit Europe very shortly.

Many thousands of French-Canadians are expected to be present at the ceremony.

# A Wonderful Budget of Value Giving News for Friday Shoppers!

## LADIES' $2.75 TO $3.50 BOOTS, SHOES, AND PUMPS, $1.95.

700 pairs of ladies' high grade footwear—comprising a manufacturer's floor stock and over-makes—were offered to us at practically our own figure. We took them, and pass them on to you, to-morrow, at the lowest margin of profit, to ensure a quick clearance.

We anticipate brisk and early selling, for they are all stylish numbers, including boots, shoes and pumps, in lace and button styles, made in gunmetal, tan calf and patent colt leathers. All sizes from 2½ to 7.

If bought in the regular way, they would cost you $2.75 to $3.50. Friday, a pair, $1.95.
—Basement.

## $6.50 Skirts, $3.98

So insistent was the demand at our last sale of these high-grade Skirts for $3.98 that we did our best to secure another good quantity—but the maker only had enough material for 35—so we place the lot on sale to-morrow morning at this ridiculously low price.

Of very fine Panama, in black and brown only. In two styles. One with plain side effect, 3 large buttons, panel back and high belt. The other is with one pleat at hips, and one row of black satin buttons on front and back; panel back with panel stitch half way down. A regular $6.50 quality. The best skirt value we know of at Friday's price, $3.98.
—First Floor.

## $2.40 HANDKERCHIEFS, $1.00.

A genuine saving in this special line of ladies' fine Swiss muslin Initialed Handkerchiefs. They are worth $2.40 a dozen, but not having all initials in stock, we place them on sale Friday for quick clearance at, a dozen, $1.00.
—Main Floor.

## MEN'S $20.00, $22.50 AND $24.00 SUITS, $15.00.

Cobalt, Ont., June 13.—Frank Green, a miner, fell 225 feet down No. 3 shaft at the Kerr Lake mine yesterday, and died a few minutes after being brought to the surface. Green was jumping off the cage as it was hoisted above the collar of the shaft, when he slipped back and fell into the shaft.

## IRISH SUFFRAGETTES ALSO START WINDOW-SMASHING.

**Arm Themselves with Bags of Stones —Eight Now Awaiting Trial.**

Dublin, June 13.—A campaign of window-smashing was opened to-day by the Irish suffragettes who tried to imitate their English sisters but came into vigorous defeat by the authorities. After the women had made an energetic attack on most of the public buildings, eight of them who were armed with bags of stones were arrested, and are to be brought up before the police magistrate.

The women, before the police came on the scene, proceeded to shatter 400 windows of the Custom House, the Post Office, the Land Commission office, and the police and military barracks.

**Monument to Soldiers of 1812.**

Toronto, June 13.—The Heroes of The Wars of 1812-14 Association, at a largely attended meeting held yesterday, appointed a strong committee to choose a design and invite tenders for a monument to cost about $150,000. It is expected the Dominion Government will make a grant of $100,000, and the remainder of the money will be raised by private subscription.

## SERIOUS SITUATION AT PERTH AMBOY, N. J.

**Police and Rioters Clash at American Smelting Plant — Five Men Injured.**

Perth Amboy, N.J., June 13.—Mounted patrolmen and sheriff deputies ordered all saloons closed in the vicinity of the plant of the American Smelting and Refining Company here, where serious strike riots occurred last night, during which two policement were injured by stones and three rioters wounded by bullets.

Conditions were comparatively quiet this morning, and with an adequate guard on hand, and liquor denied those riotously inclined, no further trouble was expected. The strikers, principally laborers employed by the smelting and refining company, demand a 15 per cent. increase.

**Chinese Famine is Subsiding.**

New York, June 13.—The China Famine Relief Committee announced to-day, through its secretary, that a cable had been received from China, indicating that there is no further need of help from this country at this time for the relief of famine sufferers.

## MAJOR BROSSEAU LEAVES QUEBEC FOR HALIFAX.

**Military Man's Friends Tender Him a Farewell Dinner.**

Special to The Montreal Star.

Quebec, June 13.—A dinner was tendered last night to Major J. D. Brousseau, P. A. M. C., by a number of his friends at the Garrison Club, prior to his departure for Halifax, to which city he has lately ben transfered. The chair was occupied by Lt.-Col. Gaudet, president of the club.

Major Brousseau said he regretted his departure, but stated that a soldier's duty was to obey his superior commanders, and looked forward with anticipation to his return to Quebec.

**SPECIAL NOTICE. THE STEINWAY PIANO**

This instrument has made a world standard and is keeping it. Through four generations the Steinway Piano have held a reputation for tone and quality unequalled in the United States, and at the present day it is conceded to be the Greatest Piano in the world. ## PRENTICE BOYS' ASSOCIATION CONDEMNS HOME RULE.

**Offer to Furnish Money and Men to Help Ulster Protestants Oppose it.**

Toronto, June 13.—The Grand Lodge of Canada of the Protestant Association of Prentice Boys concluded its convention yesterday.

A strongly worded resolution was passed condemning Home Rule for Ireland, coupled with an offer to furnish money and men to help the Protestants of the North of Ireland should the latter oppose by force the enactment of the bill by the British government. Resolutions condemning bilingual schools in Ontario and New Brunswick were passed. Another resolution warned the Roblin Government that the Grand Lodge was watching the course of the school question in Manitoba.

Grand Master Sellen, of St. John, N.B., was re-elected.

**German Warships Leave New York.**

New York, June 13.—After having been anchored in the Hudson since Sunday, the German cruisers Moltke, Stettin and Bremen will steam out of the harbor late this afternoon, the Moltke and Stettin bound for Kiel.

The Bremen will remain for a while longer in American waters.

## GOVERNMENT TO LUNCH BRITISH MANUFACTURERS

**Party Will be Entertained at Chateau Laurier While in Ottawa.**

Special to The Montreal Star.

Ottawa, June 13.—The Government will tender a luncheon on Monday to the delegation of British manufacturers now touring Canada. An opportunity will be afforded them to meet representation business men of the Capital and prominent officials of the Government. The party will arrive at the Chateau Laurier on Sunday and leave on Monday evening.

**Beware of Ointments for Catarrh that Contain Mercury,**

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists, Price 75c per bottle. All correspondence for this department should be addressed to Agnes Chesley. Notices of meetings should be so marked on outside of envelope.

## The Child's Education

One of the departments of the coming Child Welfare Exhibition relates to the education of the child and this department will be in the charge of the public school boards and other educational agencies. The sub-divisions of this department are as follows and it will easily be seen how comprehensive the list is.

1. Wintergartens, Transition classes.
2. School architecture, Site and Surroundings.
3. Primary and Secondary Schools, School Furnishings.
4. School gardens and garden plots for children.
5. School Hygiene, Ventilation, Sanitation, Water Supply, Baths, etc.
6. Nature Study and Esthetics.
7. Teaching of Civics and the Education of the citizen.
8. School Libraries and Museums.
9. Medical Inspection of Schools, School Nurses.
10. Teaching of Manual Training and Domestic Science. Technical and Vocational Schools.
11. Gymnastics and Drill Halls.
12. School Meals, etc.
13. Open Air Schools, Vocational Schools, Night Schools.

Other branches of this subject include the utilisation of school premises for public purposes and the education of the alien as a prospective citizen,—a burning question here as it is across the line. Should any parents wish to express their views upon education the editor of this page would be glad to receive their letters and forward any suggestions to the secretary of the Child Welfare Exhibits.—A. C.

## DAILY FASHION HINT

ONE-PIECE FROCK IN COAT EFFECT

Coat dresses developed with two materials or the same material in contrasting colors, is a feature of summer modes. Here is shown a linen frock of violet coloring. The skirt is of plain linen and the simple waist with long sleeves. The at skirt of hip length of eyelet embroidery in the same shade. A round collar of black satin is overlaid with one of frish crochet, and black buttons of satin outline the front seam of the skirt from the waist line to the length of the coat. High black satin button boots are appropriate for a dress of this type.

## White Wash Frocks

Apart from all the simple models that are offered for every-day wear and which women are slowly taking up because of their delightful coolness, there are many exquisite models more costly and elaborate, which are intended for occasions.

Among these the white voile frock stands first. It has been experimented with for several years, but it has really arrived now. The fabric has been reduced to a cobweb. It is about four times thinner than the voile which we used to buy for spring gowns.

It is made up in too many ways to describe, but there seems a fashionable tendency to put crewel work on it; the thin, white worsted threads are embroidered into a closely set design in large splashes over the blouse and skirt; then there is a Robespierre collar which stands high at the neck and rolls sharply at the front made of hunter's pink to match, caught with a large Strass button at the side.

There are other voile slips which have a narrow line of baby Irish insertion down the left side with an inch-wide hem as a finish and a few vertical tucks at the back of the waist. The blouse have a wide turnover collar, boned high at the back, which is a fashion of the day, and is then finished with a flat bow of embroidered Japanese silk. There is a belt to match.

By the way, if you dress with individuality, make a mental note of these embroidered oriental silks as an accessory to your costume. A tiny bow of any one of them attached to a shirtwaist puts it out of the ordinary at once. A girdle of the heavily-embroidered silk, finished with a wide Japanese bow at the back, is distinctly smart; a four-inch band on your hat of some brilliant embroidery, including butterflies and snapdragons is decidedly French.

The public does not know much about this use of Chinese and Japanese embroideries as accessories, and, therefore, it would be wise for you to go in for it at once before it becomes common knowledge.

Other elaborate gowns are made of sheerest batiste and trimmed with baby Irish which is in first fashion this season, and tiny crochet buttons. The touch of color given to such a frock as this comes in a short cutaway coat of hunters' pink taffeta, or turquoise blue satin, or geranium red corded silk.

These coats have a rounded back, short sloping fronts, immense revers, starting from a high Robespierre collar, which has not rolling fronts, but straight up and down ones. The fastening at the waist is double-breasted, with two gilt buttons, and there are buttons to match on the wide flaring turnover cuffs.

If you own such a coat you could wear it with any kind of a one-piece frock and especially with a lingerie gown; not on the street, of course, but for home occasions.

One distinguished model made for an afternoon wedding which is to be in the open, under great trees, is of thin black satin, with the skirt draped across the figure in front, ending under a flat, long, loose panel at back.

The bodice is sharply surplice, with a wide collar that runs to the waist of cream shadow lace and a V-shaped guimpe of the same touched off with coral buttons, and a wide Directoire frill of lace. The sleeves of the satin end below the elbow, and there are long, while undersleeves of the lace finished with a two-inch plaited frill over the hands.

Over this goes a short cutaway coat of hunting pink taffeta, with three-quarter sleeves, flaring cuffs, Robespierre collar and two silver buttons at the waist. The hat is a tricorn of black Milan straw, with three cockades made of soft feathery flues in the bright pink; there is one in front and one on each side toward the back.

A Scotch class was examined in Scripture. "Can any boy or girl here tell me how Noah would be likely to use his time while on the ark?" asked the inspector. One boy timidly showed his hand and replied, "Please, sir, he wad fish." "Well yes, he might," admitted the inspector. Another little fellow waved his hand, excitedly, and said, "Please, he couldna fish vera lang." "What makes you think so, my little man?" "Because there were only twa worms in the ark."

## Blouses Dainty and Delightful

Summer blouses seem divided into two factions; the dressy affair of chiffon, net and lace, with many buttons, tiny bows or satin pipings in the way of garnishment, and the excessively simple "shirt" for wear with tailored coat and skirt suits. The typical lingerie blouse of lawn and lace is rarely seen now with the handsome suit worn upon "an occasion." The average woman prefers to put her money into a chiffon and silk, or net and silk, blouse that has a more formal suggestion than the most elaborate and expensive tub blouse may convey; and this spring has seen more blouses of the formal and conventional type than have ever been worn before in the warm weather season.

A very attractive blouse of white chiffon, worn with a smart tailored suit of navy blue permo fabric—the light, silky mohair and worsted weave favored by French couturiers for summer use—was observed on a woman lunching at a Fifth Avenue restaurant one day last week. The white chiffon was laid in many pin tucks, running down from the shoulders at front and back and every tuck was stitched with navy blue silk. This simple treatment produced a novel and charming color contrast, and there was, to boot, a white satin bolero which draped in surplice fashion across the pin tucked chiffon at front and back, the bolero being piped with navy blue satin and generously splashed with navy blue buttons and buttonhole loops of satin. A narrow turned down collar and turned back cuffs of white satin were piped with blue and stitched in many rows with the blue silk. While exceedingly simple in design, this cool blue and white blouse was infinitely chic and effective.

White satin "shirts" are quite the grand chic now in Paris and these dressy "shirts" are worn not only with coat and skirt suits, but with separate skirts of white serge, whipcord and mohair. The "shirt" is perfectly plain, but oh, the concentrated smartness of its severely simple lines! It has a roomy cut, achieved without gathers or pleats anywhere and the armholes are huge, dropping well over the shoulder. Set into these low armholes without fullness, long, close fitting sleeves reach to the wrist. In contrast to the long, tight sleeves is a neck arrangement as informal and unconventional as a cow-puncher's loosened shirt collar. There is, in fact, a narrow, straight collar of the satin attached to the neck by a narrow collar band, but as the shirt is left unbuttoned almost all the way down the front, this collar falls back loosely over the shoulders. In the opening is a slightly fulled "undershirt" of flesh-colored chiffon, which covers the bare throat and bosom. Glass buttons are set down the front of the "shirt," and buttonholes are worked up the side of one side, a few buttons being really buttoned, below the bust. There is also a row of buttons and buttonholes on the outer edge of each sleeve. A coquettish shirt, worn at Longchamps last Sunday, with a skirt of white whipcord, a white hat trimmed with gull's wings and butoned white boots of buckskin, attracted a deal of attention.

Many of the very thin waists for wear with white serge and linen coat suits have the enormously high and stately D'Israeli collars with choker bows at the front, beneath the chin These collars are very smart, but they cannot be cool, and as every woman knows a linen waist with a low collar is infinitely cooler than a cobwebby batiste waist with a tall, tight neck dressing. But the high collar seems imminent and many women now cover the throat entirely out of doors, or in a public place like the restaurant, with either a high collar or one of the pleated net frills which are once more extravagantly fashionable. There is a queer thing about this high neckwear fashion—the collar may be as low as one pleases at the front, so long as it covers the back of the neck and reaches almost to the ears at the sides. There are many variations of the Robespierre and Richelieu collars which are excessively tail and dignified at the back and comfortably cool and open in front. Not all women can wear these extreme types of the new neckwear, but fresh models are appearing every day—many of them in the modified types which will suit shorter necks and plumper shoulders than the masculine Robespierre, Richelieu and D'Israeli demand.

The Cossack and fichu overblouses have proved so popular that makers are having a hard time to keep the retailers supplied. If ever an item of costume filled a long felt feminine need, these useful little blouse adjuncts surely do. A pretty fichu may be whipped over a simple and unpretentious—and even half worn waist—and presto! one has a graceful garment fit for an appearance at an informal dinner or a card party. There are fichus which fall to the waistline at front and back, covering all of the waist beneath except the lower edge of the elbow sleeves; and there are Cossack (or peplum) overblouses which use the blouse beneath as an effective background for the rich lace of which they are fashioned. A Paris fichu of the type mentioned is circular in shape, and is really a cape made of layers of filet lace and Val entre deux with a fringe of white cotton falling from the lower edge. Smart black velvet bows at back and front hold the lace cape against the waistline, and a piping of the velvet around the top outlines a modest decolletage. Another fichu is made of two long strips of net, edged with wide lace. A strip is tossed over each shoulder and drawn down in soft folds at the waistline under wide, flat bows at back and front, the ends of the double fichu falling over the shirt. Another accessory of this sort shows wide bretelles of Irish and filet lace, beautifully combined with handwork. The bretelles are wider at the shoulder than at the waistline, and the ends pass under a draped belt of satin and fall in tabs over the skirt at front and back.

In line with the fancy for bright colored blazer coats, are gay "peasants' smocks" of satin, designed for wear over black satin or voile skirts. Miss Margaret Anglin in one of her plays this season wore a vivid cardinal satin waist of this sort, with two sharp coat tails falling over the black skirt at the back. The "peasant smock" may be of scarlet or bright green satin, but it is usually trimmed with pipings of black and a tracing of gold embroidery along the lines of piping which outline the edge of the peplum and open underarm seams, the outer side of the sleeve, the sleeve edge and the neck. A black satin belt with a gold ornament confines the loose smock at the waistline.

"Collar blouses" are a useful addition to the summer wardrobe. These blouses are simple, tailored models of pin tucked batiste or handkerchief linen with round or square turnover collars attached. Sometimes the collar is of Irish crochet and a band of the same lace trims the front of the blouse and the long sleeve in distinguished manner. The simpler the style of the tailored blouse and the finer the material, the more distinctive and aristocratic the model—and alas for comfort! long sleeves seem to be the truly elite thing, no matter how the collar is fashioned.

## Five Gored Skirt for Misses

7427 Five Gored Skirt for Misses and Small Women, 16 and 18 years.

WITH HIGH OR NATURAL WAIST LINE.

Overlapped skirts are among the prettiest and newest. This one gives extremely becoming lines, and is both graceful and smart. It is simple also and easy to make, so that it cannot fail to commend itself. The model will be found a good one for the coat suit, for the complete dress, and for the skirt to be worn with an odd waist, and it is adapted to all materials that can be made in tailored style. Linen, pique and the like will be charming so made, while taffeta and wool materials suit it perfectly well. There are five gores, but the front and back gores are finished and lapped on to the side gores, making a most attractive trimming. Buttons are used effectively and this skirt is made of serge with trimming of bone buttons, but colored linen with white pearl buttons would be exceedingly smart and practical. Both high and natural waist line are correct just now, and the one that is most becoming should be chosen.

For the 16 year size will be needed 6 yards of material 27, 3¼ yards 36, 2½ yards 44 inches wide when material has figure or nap, 2½ yards 27, 2¼ yards 36 or 44 when material has neither figure nor nap; width of the skirt at the lower edge 2 yards.

The pattern, No. 7427, is cut in sizes for misses of 16 and 18 years of age, and will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

## "ONE IMPERIAL NAVY."

ADMIRAL SIR E. SEYMOUR, speaking at a dinner of the Empire Congress of Chambers of Commerce last night—a gathering at which Canada has been signally prominent—launched a torpedo at the Separatist Navy policy which would infallibly sink it, if it were not so impervious to reason. Admiral Seymour is one of the critics of the "Jacky" Fisher concentration programme. He said in his speech last evening that he thinks that policy "has been very much overdone." He is the one sort of naval expert from whom the 'Baby Navy" people might possibly hope to get some comfort.

But the kind comfort he carried them was to say that **"the only satisfactory naval policy would be for the Dominions to contribute money to the Imperial Navy."** He did not content himself with saying that that would be the policy he would prefer, or that it would be the "most" satisfactory naval policy; but he brushed aside all alternatives with his downright statement that it would be "the ONLY satisfactory naval policy." **"We should have one Imperial Navy,"** is his opinion—not a collection of colonial navies. Yet he is an Admiral who does not go as far as the Admiralty do in their present policy of concentration to meet "the German menace."

Following out his idea that the "concentration policy" has been overdone, Admiral Seymour thinks that, in times of peace, the Dominions which pay for these "Dreadnoughts" should be allowed to play with them. **But he is emphatic in saying that "they should be ready to be called on by the Home Government in case of war for service in any part of the world."** That is, their business is to fight—not to parade. His first thought regarding them is that they shall be ready to defend the Empire wherever danger may threaten, though, in times of profound peace, they can well "show the flag" in the ports of the Dominions which have contributed them, thus satisfying a natural pride and arousing patriotic enthusiasm. This would be good policy from a "war" point of view, provided it were never permitted to lessen the instant readiness of the Imperial Navy to meet any known danger.

**We have never argued that Canada's "Dreadnoughts" should not visit Canada.** We most earnestly hope that they may find it possible to do so in entire safety—safety, not for themselves, of course, but for the Empire. What we have argued is that they should not be tied to Canada when they are needed elsewhere. **To-day, it is the plain opinion of the Admiralty that they are needed elsewhere.** That opinion was expressed unmistakably in the late exchange of notes with the New Zealand Government. The New Zealand Government said, in effect:—"We have a new Dreadnought-cruiser. While we would like to keep it at home, we are willing that the Admiralty should station it elsewhere, if the Admiralty think that the safety of the Empire requires this sacrifice on our part." To this, the Admiralty replied: —"We, as custodians of the safety of the Empire from sea attack, accept your offer; and we will station your Dreadnought-cruiser in the North Sea."

**So long as the European situation is as delicately poised as it now is, Britain must act as if she were perpetually on the brink of war.** If war comes, it will come suddenly, like a bolt from the blue, and the first decisive naval battle may be fought before a battleship in Halifax harbor could get well out to sea. We are too near to the Japo-Russian War to need reminding how much may depend on the first naval action. Japan may be said to have won the war by that unexpected raid of hers upon the Russian warships under the guns of Port Arthur. Before the Russian officers knew that war had been declared —while St. Petersburg was still hoping for peace—the war was over. Such a sudden and secret attack upon the British Navy is entirely possible, and might be quite as fatal. There is no sense in befogging ourselves with sweet words and philanthropic phrases. War is a deadly business; and Russia—you may remember—found little satisfaction in appealing to "honor" and "diplomatic etiquette" after her warships had been disabled. In a titanic struggle between great Powers, "the end justifies the means"—if it does anywhere in the universe.

So, until the pressure is lessened, we may regard Britain as perpetually on the brink of war. We are not, "in peace times" these days—we are under the shadow of a War Cloud. Thus, if it were perfectly understood that Canada should have her "Dreadnoughts" in peace times, she would not have them now—unless the Admiralty wanted her to have them. They would be ready to the hand of the Home Government. They would be just where the Admiralty will station New Zealand's contribution.

However, this is really a question for the naval authorities of the Empire. The great thing is that there shall be but one Imperial Navy; that Canada shall contribute to that Imperial Navy in the form most desired by the Admiralty; that the Canadian contribution shall be marked "Canadian" in large letters, so that we may be proud of its prowess wherever and whenever it goes under fire; **that it shall always be at war when our brother Britons anywhere are at war;** and that it shall never be required to idly float "like a painted ship upon a painted ocean," to decorate a holiday or fatten local "supply merchants," when it is needed for the grim business of war. And that grim business of war implies that it shall be drilled in the best company, taught tactics by the best officers, trained in gunnery under the spur of the keenest competition, and always on guard at the point of danger when danger exists, and when the Admiralty think that its presence is needed.

## RAILWAY LAW REFORM.

ONE of the subjects which Mr. Borden has announced that the Government will consider during the next busy summer is a revision of the Dominion Railway Act. The main object of this revision, judging by the Premier's announcement, will be the consolidation of the many amendments which have been made to the Act since it was first passed nine years ago. As to the desirability of this, there can be no doubt. Since the law was placed on the statute book, hardly a session has passed without the making of a number of amendments, some of a far-reaching character. For instance, when the act was first passed, it gave to the Railway Commission power over railways alone. Now they have jurisdiction over telegraph and telephone companies, over express and sleeping-car companies, while very recently they have had referred to them the solution of the level crossing problem with its fatal record.

Quite apart from consolidation, however, there is a wider issue which ought to be considered at this time. This is the question of lightening the labors of Parliament and giving the country a more stable policy in regards to the granting of railway charters. At present each railway company must get its charter from Parliament, and must come to the same source for power to construct additional lines, or to obtain an extension of time for the building of a line already chartered. What a burden this is on Parliament is seen from the fact that last session forty bills of this character had to be dealt with amid the rush of other business. It is a commonplace of the House of Commons that there is no settled policy on these matters, whilst the frequency with which extensions of time are granted is an open confession of the failure of the system to secure the construction of railways to cope with the growing demands for transportation.

## WANTED—PROVINCIAL MEAT INSPECTION.

THE annual report of the Conservation Commission calls timely attention to the need of provincial and municipal inspection of the meat supply. At present we have an efficient supervision over the meat we ship abroad, but there is little or no control of what is sold in the local market. This is an anomaly which ought not to be allowed to continue. As the report says, "What is good for the British consumer is not too good for the Canadian."

Of course, there is this to be said, while the federal meat inspection applies only to export and inter-provincial trade, in doing so it covers all the larger packers. These packers, who enter foreign trade, are allowed to sell no meat which has not passed inspection. Thus, although the federal authorities have no authority over local trade, they do exercise control over the articles sold to home consumers by the big packers. Still, there is none the less urgent reason for the adoption of an adequate system of inspection for the smaller dealers. This is a matter that should be taken up at once by the provincial authorities.

Mr. Asquith has not forgotten his franchise bill. It is to come down soon. This will make the three capital measures which were promised for the present session of Parliament. He is obviously only waiting for Irish Home Rule and Welsh Disestablishment to get a little start, before introducing the third. Irish Home Rule will weaken his chances at the next elections by reducing the number of Nationalists in the Commons; but his franchise bill will increase the relative power of the poor voter by doing away with the rich man's double or quadruple franchise and removing practically all restrictions on the suffrage. It is not likely that the bill which is to strengthen him will be left behind, while the bill which is to weaken him passes.

It is hard to believe that Roosevelt has declared for woman suffrage. It sounds more like one of Judge Ben Lindsay's "enthusiasms." If Roosevelt had been minded to take this step, he would surely have done so prior to the California "primaries," where the woman vote was a factor and was expected to be cast against him. A feminist policy of this sort is contrary to his whole attitude towards public questions and his entire career.

For a time of peace, there is a lot of war going on in the world. Civil wars are in progress in Cuba and Mexico. Albania is convulsed with a rebellion. Turkey and Italy are at war. Tripoli is seeing intermittent fighting, while Islands in the Aegean are being occupied. The French are frequently attacked in Morocco. Yet, speaking roughly, we would say that the world was at peace.

### Prevailing Unrest.

London Telegraph—The Bishop of Birmingham said the other day that what was wanted was "some principle of economic reconstruction," and he thinks he has found it in the principle that "the adequate payment of the laborer should be the first charge upon an industry." That is a plausible formula, but what the bishop means by it in the concrete turns out to be the creation of wage boards for every industry, and the fixing of minimum rates of wages. He invites the country to repeal the law of supply and demand as though it were no better than an outworn article of faith unsuited to modern thought. But the law of supply and demand will not be so easily got rid of, and it is no good laying down the proposition that "the adequate payment of labor is to be the first charge on an industry" if its result is to render that industry unremunerative. For in such an event the industry ceases and the worker is thrown out of employment. We distrust formulae in this connection, and especially new ones. What is wanted is more of the old-fashioned virtues of fair dealing, friendly feeling, and good faith.

### Taxing Politicians' Minds.

Calgary Herald—The forthcoming elections in Saskatchewan are taxing the minds of the Liberal politicians to find reasons why they should continue to claim the support of the electors of that province. Reciprocity in many ways has been tried, but its advocates know quite well the doctrine is as dead as Queen Anne. Last week the gospel of Sir Wilfrid received a further blow when it was proved that the farmers and ranchers north and south of Regina were receiving six cents a pound for cattle on the hoof, whilst the price in Chicago was only seven, and the one cent difference in price would be more than eaten up in the freight between the two points.

### Civic Playgrounds.

Vancouver Daily News-Advertiser—Yesterday proved an eventful day for the youth of the city, because of the inauguration of the new city playgrounds. Few movements have ever been started which give more promise of real usefulness to the boys and girls than this. With the most improved equipment, capable instructors and the goodwill of the whole community, the playgrounds should prove a very strong factor in improving the physical and moral life of our boys and girls. The problem of the boy after school hours should now be partly solved. And we shall not be surprised if the movement affects for good the children's court. For in our spare moments we are caught by inclinations which would never assail the busy mind. Satan still finds some mischief for idle hands to do. Success to the new playgrounds!

## NEW YORK DAY BY DAY

An officer of the Moltke will take back with him, among other recollections of New York, an idea as to how the metropolitan police carry out orders. He came to the river front dressed in civilian clothes, just in time to catch the launch which would take him to the ship when the Mayor and his party were about due. He endeavored to crowd through the thick fringe of people to reach the landing stage. "Back up! You can't pass," said the policeman, giving him a gentle push. He was one of the officers who do not speak English, and before a German-speaking policeman could explain the situation the stout visitor became so warm and excited that he was described by a citizen who made the little trip with him as a "dissolving view."

Dr. Elmer E. Brown, the new chancellor of New York University, tells the following anecdote: "Near the approach of the final examinations a professor was cautioning his class against neglecting a thorough review of the semester's work and was pointing out in a general way what the examination would cover. 'I'll pause now to answer any questions,' the professor added, 'and then I must go and prepare the examination papers and hurry them to the printer.' There was a moment of silence. 'I'm ready to answer any question,' the professor repeated, smiling around encouragingly. Then in the back of the room a thoughtful looking student, with solemn face, arose. Said he: 'If I may ask, who is the printer?'"

The Brooklyn Rapid Transit Company made a test of a stepless car yesterday with a view to determining its availability for its system. The car was sent down Greene and Gates avenues and Fulton street to Borough Hall from the Ridgewood depot in the morning, with a load of engineers and heads of departments. In the afternoon it was examined by members of the Public Service Commission. An unofficial inspection was made at Borough Hall by a big crowd of business men and women. The car company officials said that the test was successful, but some changes were necessary.

The car is five feet longer than the stepless car used in Manhattan, and has seats for five more people. The central side doors have an opening of 6 1-2 feet, or 3 feet more than in the case of the Manhattan cars. The body is all of steel. It is 45 1-2 feet long and 8 feet 5 inches wide, with seating capacity for fifty-eight.

There are no straps. The passengers, when standing, are expected to hold on to handles attached to the seats. While the car is larger than those used at present on the system, it is lighter. A feature is the method of signalling the motorman, who has a booth all to himself. When all the doors are closed a light is lit beside him.

At the dinner of the Society of American Magicians, a member of the organization, who has excited the wonder of many audiences by his clever tricks, told one of his colleagues this story of an experience on the night of the dinner two years ago: "I was about to leave for home, and laid the metal check for my coat and hat on the ledge. My attention was diverted for a moment, and when I turned the check was gone. I stood aside, and, assisted by a little hallboy, looked on the floor for the missing voucher, but could find nothing. Growing impatient, I asked to go behind the barrier and pick out my belongings, which I succeeded in finding, but the man in charge was reluctant to give them to me. Then the small boy suggested, 'Look in your pockets,' and in the tail pocket of my coat was the check, which I am sure was put there by the little imp—a magician in embryo—probably because I had forgotten to add my mite to the collection of coins in the glass bowl on the ledge."

While Philadelphia scientists are complaining of a lack of dogs for experimental purposes, Detroit newspapers are proclaiming that there are 15,000 ownerless curs in that city. Detroit might gather up a few carloads and ship them East. They ought to find a ready market at the University of Pennsylvania. Provost Smith and professors at the university say that the anti-vivisectionists, the dog sympathizers, the police and the Society for the Prevention of Cruelty to Animals, have all combined to create a shortage at the university, where the scientists and the student body are at a standstill because the dog catcher, the dog thief and the deale in cast-off dogs keep clear of the institution. They have laid their canine famine case before Mayor Blankenburg, who has promised to see what he can do in the way of relief.

Among a crowd that gazed skyward at the construction of the Woolworth Building at Broadway, Barclay street and Park Place, the iron frame of which now reaches about forty stories, was an individual with a broad brogue. There was no mistake about the country whence he came, and it was evident that he had not been here long. With eyes bulging, hands behind his back and mouth open, he stood watching the human flies as they moved about, feasting on the work that was being done at such a dizzy height. He finally turned to the man at his side and toucheed him on the shoulder. "Say," he remarked, "that sure must be dangerous work. But tell me, do many of those fellows fall off?" "Very few," came the reply from the bystander. "And how is that?" asked the Irishman. "Well," the other replied, "the contractor makes it a rule that he will not hire again a man that once falls from above that story."

The pending suit for condemning as unconstitutional the prohibition law in Asbury Park and Ocean Grove involves one curious self-contradiction. The advocates of license "point with pride" to the great growth and prosperity of those places as scarcely rivalled under the sun and then argue that license to sell liquor is absolutely essential to their welfare. That is to say, having attained their unsurpassed prosperity under prohibitory laws, they must instantly abandon prohibition or fall into ruin. We have heard of kicking down the ladder by which one has climbed up, but this is the first time it has seriously been declared that the kicking down of the ladder is essential to the climber's retaining his place on the perch.

Finger prints of new born babes, it has been demonstrated, will serve to identify them through life. The Survey approves the offer by the Men and Religion Movement in this city, acting on Capt. Joseph A. Faurot's suggestion, to persuade all men of the churches, and, in fact, all residents, to place the impressions of their fingers in the records of the Police Department. It is important for the innocent as well, as for the guilty, that a method be employed to ascertain whether they have ever been under arrest. There is nothing inherently disgraceful in a finger-print record, any more than in a personal signature.

That mosquitoes are being "eliminated from human experience in the United States" is the optimistic hope expressed editorially in The Journal of the American Medical Association. No doubt they can be. There are towns and cities in Great Britain in which carrion flies are never seen. London is not pestered with them. In the case of the mosquito, it is a matter merely of draining its breeding places. Houses may be effectually rid of the pest by fumigation with pyrethrum powder—a pound for every thousand cubic feet of interior space. Screens are quite useless unless perfectly tight, with a mesh of twenty to the inch.

The Crocker Land Expedition will not be prevented from starting next year by the death of its young and enterprising leader, George Borup, who was recently drowned by the upsetting of a power canoe on Long Island Sound. Messrs. Herbert L. Bridgman and Edmund O. Hovey announce in the current number of Science that the expedition, the plans for which are well matured, with good financial backing, will be made as a memorial to Borup.

County Judge Fawcett of Brooklyn took part in a chase after two burglars who had been surprised while jimmying into the house of John Healey, a jeweler, at 978 Park place, next door to the Judge's residence.

Judge Fawcett had been downtown attending a Republican club meeting and on his way home was accompanied by John S. Skelly, who also lives in the neighborhood. The latter noticed the two burglars at work and when they moved off Judge Fawcett blew his police whistle and threw off his coat and he and Mr. Skelly started after them.

Two policemen and two watchmen joined in the chase, but the robbers made their escape.

## FROM THE STAR FILES THIRTY YEARS AGO TODAY

Hon. George Brown.

"The Toronto Globe persists in periodically ejecting crazy arguments against the Government and the Pacific Syndicate in which the staple statement is that time has justified the Globe's contention that the 25,000,000 acres of land given to the Syndicate were worth not $1.00 nor $2.00 an acre, as estimated by the Conservatives at the time, but five or ten dollars, at least. It seems impossible to make the Globe understand that the enterprise, vigor and ability shown by the Syndicate in the performance of its contract have doubled and trebled the marketable value of the North-West prairies. To give the Globe a home sample, no business man would have taken the Globe itself as a gift, not a lifetime ago, but George Brown's brains made it worth half a million inside of a quarter of a century."—From The Montreal Star, June 13th, 1882.

It was in 1843 that George Brown and his father, Peter Brown, started the Banner in Toronto, under the firm name of Peter and George Brown. Then the necessity was presented for a more political journal than the publishers of a primarily religious paper like the Banner were free to make it. And George Brown founded the Globe. The late Mr. Brown was greater with the pen than on the platform. He had, however, not recovered from the feeling of wonder he inspired as a writer, when he created a new source of wonder at his power as a speaker. He threw a mighty energy into the Upper Canada representation demanding representation by population which became known as "Rep by pop." Mr. Brown took a very active part in the work of Confederation time up to 1867.

Mr. Brown's untimely end was a distinct loss to the Empire. Those who killed McGee, Lincoln and Garfield made the pretence of public motives for their action, but the misguided man who shot George Brown did it merely to avenge an imaginary and petty personal wrong.

"London, June 13.—Mr. Chamberlain said he had referred the subject of spurious cheese from America made from lard to the Departmental Committee. He thought the administration act would deal with the question of its sale."—From The Montreal Star, June 13, 1882.

"The freshet on the Fraser River, B.C., continues. From the steamers' docks only water stretching away to the foot of the hills meets the eye, where fertile plains were to be seen two weeks ago. Many settlers are entirely ruined."—From The Montreal Star, June 13, 1882.

"Albany, N.Y.—After seven weeks' idleness at a loss of $8,000 to $10,000, half the men who struck for an advance of 15 per cent., returned to work to-day at an advance of 5 and 10 per cent. at McCammon's piano factory."—From The Montreal Star, June 13, 1882.

"At a meeting of St. James' congregation, Toronto, a letter was read from Canon Carmichael stating that he had declined the rectorship of the Cathedral."—From The Montreal Star, June 13, 1882.

There was little doubt what his decision would be when Canon Carmichael was offered St. George's and his decision proved of great benefit to Montreal where many happy and useful years of his life had already been spent.

"The new cotton company "La Compagnie de Filature St. Anns Hochelaga," held their first general meeting on Saturday. The chair was occupied by Mr. Victor Hudon, who stated that the capital of the company has been placed at $300,000, and of this $200,000 had been already subscribed. The factory building at Hochelaga had been pushed on rapidly, the third storey having just been completed. It was expected that a start would be made in the early autumn. The following were then elected directors: V. Hudon, Andrew Robertson, J. O. Villeneuve, D. P. Beattie, L. J. Forget, A. Lafrenier, and L. A. Senecal. Mr. A. Cinq Mars was appointed secretary."—From The Montreal Star, June 13, 1882.

## THE EMPIRE'S PERIL.

**And How it Affects or Ought to Affect Canadians.**

To the Editor of The Montreal Star:

Sir,—I have read with some interest your leaders on the present trend of international affairs, having for forty years been resident in Britain though more a native of your beautiful city. I have long taken a keen interest in the political affairs of the Motherland and go all the way with you in your concern about the international situation in Europe and the latent possibilities of disaster to the Empire at home and abroad. I am with you in your views of the threatening aspect of the state of affairs brought about by the Italian occupation of the islands of the Mediterranean and the complication that are inevitable, but what I cannot understand is the complete indifference and the damnable apathy that exists among you Canadians in view of the fact that should this undercurrent of hatred and envy (which is undoubtedly fostered by Germany, backed up by the machinations of Austria and the underhand support of Russia), not be diverted or dammed up you may find yourselves and your kindred at home fighting for your very existence.

It seems to one who has been for some time a resident in your city that you take a shortsighted view of the political affairs of Europe and that you are practically unconscious of the danger your great country is undoubtedly in. You don't seem to recognize the fact that your greatness is your weakness and that nothing stands between you and the loss of your independence but the British navy. You look to the great and powerful American nation at your back and fondly imagine that no Continental power in Europe dare threaten, far less assail, that independence, but you are under a delusion that will be fatal if you do not rise to the occasion and play your part in the defence of the Empire.

Should this misunderstanding between France and Russia develop into a bitter estrangement and the latter power for her own immediate and personal ends throw the weight of her influence into the scale with Germany, Austria and Italy; and, suppose further, that, with the brutal frankness which the German Colonel the other day declared that the first objective of the German army was the subjugation of France—which is highly probable—and that that object was accomplished, then the state of Canada and the other Colonies would be parlous in the extreme.

Sir, history has recorded that Britain at one time opposed a continent in arms alone and with success, but who among us dreams that that part of history will repeat itself. The Germans are a scientific nation as we are and in its application can give us points, and to imagine for a moment that the British navy, strong as it undoubtedly is, could, with success, oppose the eastern Continent in arms is to imagine a vain thing and hug a delusion which is fatal.

We have had warning time and again that war when it does come will be swift and sudden, there will be no formal declaration of war or time to prepare for hostilities. Some day, as many believe, France will be rudely awakened to the fact that the German army in its millions of well directed and thoroughly equipped units has overrun its frontier and taken possession of its strategic points, and not a hand in Britain can be lifted to help her. They will be needed at home. With France wiped out of existence then will come Britain's turn and the whole weight of organized Europe will be brought to bear to crush her who has always been an obstacle in the march of German expansion, and what can Canada and the States do to help her? Nothing, absolutely nothing; their men and ships will be needed at home.

There is a popular delusion abroad that were the great English-speaking portion of the globe united in a common understanding for defence there could be no force strong enough to oppose them and they could dictate terms to the best of mankind. Sir, they could do nothing of the sort. A stronger opposing force could be brought against them, and it is with a recognition of that fact, formed on the spot in Europe after an intimate knowledge of the dangers of the situation, that one is again forced to express their surprise at the dangerous apathy that exists among you Canadians, French and British alike, and to warn you that unless you waken up to the dangers of the situation, and that speedily, and do your part in the defence of the Empire you will find your opportunity gone for ever and Canada will cease to be a British colony. It is with the hope of encouraging every loyal and patriotic citizen to think imperially and do his duty to himself and country I have ventured to express my absolute agreement with you in your estimate of the common dangers that lie in the lap of the gods,

I am, Sir,
Yours truly,
AND. STRACHAN.

## Letters to Editor

**Denies Being A "Hooligan."**

To the Editor of The Montreal Star:

Sir,—In your issue of June 6th you publish under the heading, "Raid Hoodlums in Park at Night," an account of the arrest of 21 young men in Park Lafontaine, on charges of insulting unescorted ladies. I was unfortunate enough to be arrested along with the crowd, and, as my name appears in your paper under the heading referred to, I would be obliged if you would give the same publicity to my side of the case as to the other.

In company with two friends I left my home between 8 and 8.30 with the intention of hiring a boat on the lake. None being at our disposal, we walked round one of the paths to find a vacant bench. On our way we encountered two young ladies of our acquaintance. Naturally we raised our hats and stayed to pass a few pleasantries. Our conversation with them did not last longer than three minutes, when we left their company in order to find an empty bench. Before we had got ten yards we were arrested for "insulting young ladies" and "being hooligans."

Now, all residents of the north-east portion of the city know full well that far stricter supervision should be exercised in Lafontaine Park than has been in the past, but those charged with the duty should at least be sure that those they arrest are guilty of some offence, and not take people into custody indiscriminately simply because they are seen spaking to ladies in a public park. I simply performed the duties imposed by common politeness, for which I was arrested and branded as a "hooligan."

Chief Campeau is to be congratulated on his efforts in ridding this public breathing space of people who make themselves nuisances, but his men should exercise a little care in "laying their hands on the shoulders" of innocent people.

**The Garbage Dump.**

To the Editor of The Montreal Star.

Sir,—With reference to letter in the Star calling attention to the "garbage dump" the City Incineration Department had made of the lane between Beaubien and St. Zotique streets, and the cringing reply of the Public Health Officer: If the administrator of the Health Department allows the Incineration Department to make a dump of foul smelling and germ laden garbage at the back door of residents, thereby placing in jeopardy public health, all I can say is that it is time we had another Health Officer for the City of Montreal.

# HOW CANADIANS ARE GUARANTEED PURE FOOD SUPPLY

## Purity of Maple Syrup and Marmalade Ensured as Result of Many Tests.

## STANDARD OF SYRUP HAD TO BE REDUCED

## Chief Analyst Endorses Use of Glucose in Its Modern Refined Form for Jams.

Special Staff Correspondence.

Ottawa, June 13—Two sauces in general use at this time of the year are maple syrup and marmalade. Both these articles have been inspected by the Inland Revenue department under the Pure Food laws.

Maple sugar and maple syrup have been examined frequently, no less than seven different inspections having been made in the last seven years. The most recent report on the subject was published last autumn and showed that 74 per cent. of the sugar samples and 85 per cent. of the syrup were genuine under the then standards. The percentage of adulteration reported, however, does not quite cover the rest of the samples, nearly a third of the balance of the sugar and a sixth of the balance of the syrup being returned as "doubtful."

A comparison of this with earlier inspections indicates a gratifying increase in the percentage of genuine sugar, and syrup. At the first inspection in March 1905, the sugar ran only 55 per cent. genuine, while the syrup at the same time reached only 18 per cent. genuine. If these figures are to be taken as a guide, it would see mthat syrup had been much more liable to adulteration than sugar, though at present the syrup shows the higher percentage of purity.

### SUGAR AND SYRUP STANDARDS REVISED.

Since this last inspection was made, there has been a revision of the standards for both sugar and syrup. The standards set for maple sugar and maple syrup are essentially chemical in character. The two most important characteristics required are a percentage of malic acid—acid taken from the juice of the apple—and what s called "the lead subacetate number."

Both these requirements have been lowered in the revision, as it was found that genuine maple syrup did not always come up to the standard in these regards, and as of course it would be unfair and unwise to set a standard which would lead to the stamping of genuine syrup as adulterated.

The revision was carried out by the examination of 456 samples of syrup, which were certified as genuine by their makers and specially supplied to the department under this certificate for the purpose of the inquiry. Out of these 456 samples of genuine syrup, no less than 31 failed to reach the legal requirements. Consequently the Board of Standards, composed of the chief analyst of the department (Mr. A. McGill and Professor Donald, of McGill, and Professor Ellis, of Toronto University, all experienced chemists, decided to revise the standards in this regard.

Curiously enough, this revision of the standards does not affect at all the report quoted above on maple syrup although it does materially affect that on maple sugar. That is, when the reduced lead subacetate number is substuted for the old number, all the samples of syrup reported below the old standard also fall below the new and lower standard, although in a few cases the margin is small; while in the case of sugar, no less than 12 out of 22 samples are transferred from the adulterated column. Thus, under the new standard, syrup remains at 85 per cent. genuine; while sugar rises to 83 per cent.

A bulletin on marmalades was issued during the winter. It covers 154 samples, and all but nine of them are orange marmalade. One hundred and thirty-eight of these samples are reported as genuine. That is, they consist of fruit and sugar. Fourteen were reported as adulterated because they contained glucose, varying from traces to 25 per cent.

### CHIEF ANALYST NOT WHOLLY AGAINST GLUCOSE.

There is no doubt a very strong prejudice abroad against glucose, which the chief analyst does not wholly agree. The origin of the prejudice, however, is quite justified by the history of the article. Originally glucose was extracted from starch by means of sulphuric acid. Now sulphuric acid—unless submitted to very expensive process of purification—contains arsenic, and consequently arsenic was frequently found in glucose. As manufactured in that way, it was therefore very dangerous. At present the method of manufacture is by the use of hydrochloric acid, which contains no arsenic, and for that reason Mr. McGill considers glucose, as now produced, quite wholesome. Here is what he says:

"Under modern methods of manufacture, glucose is a perfectly wholesome article of food. It consists mainly of dextrose (grape sugar) with varying quantities of dextrin. In ordinary processes of digestion, cane sugar (sucrose) is changed into glucose, and dextrin is produced by the action of ptyalin (the amylolytic enzyme of saliva) on starchy foods. Both glucose and dextrin are therefore nutritious foods, and are normally contained in every meal we eat, if not as such, yet as results of digestion of sugar and starch. There can be no sufficient reason, on the ground of wholesomeness, for objecting to commercial glucose as a component of jam or marmalade.

"Owing, however,"—this paragraph is worthy of special notice—"to the fact that jams and marmalades were known long before glucose, it is right and proper to define jam and marmalade in conformity with accepted usage, as consisting of fruit and sugar only. If, as is claimed by many manufacturers, the addition of glucose actually improves the quality of jams and marmalades, there can be no reason for withholding a statement of the fact of its presence. The improved character of the article (if this is fact) should be sufficient justification for the introduction of the new ingredient."

## Doctor Tells How to Shed Bad Complexion

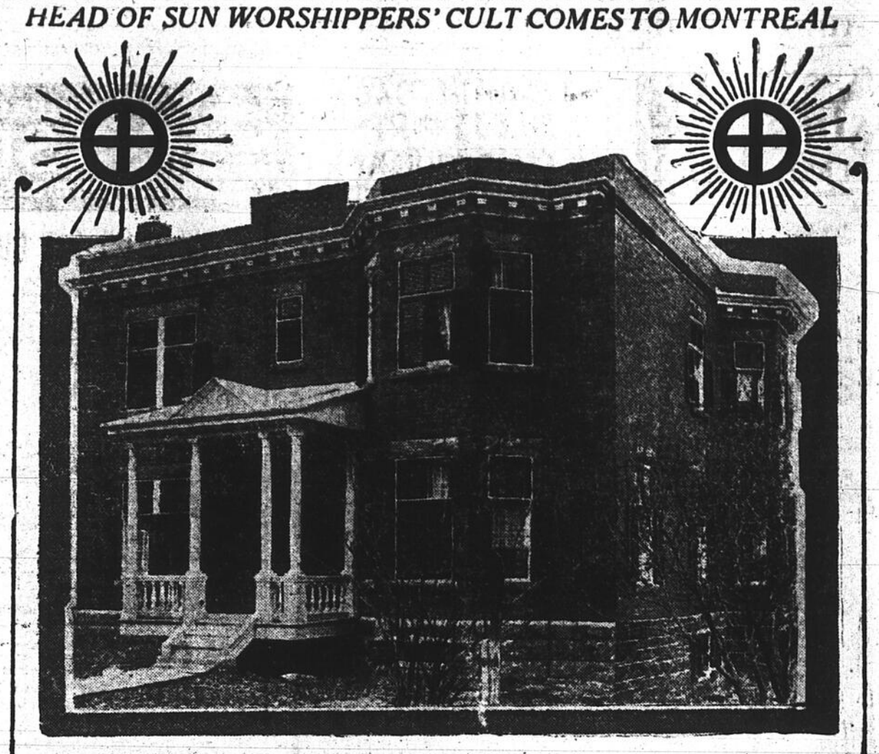

We cannot restore degenerated facial tissue any more than we can restore a lost limb. It is useless to attempt to convert a worn-out complexion into a new one.

The rational procedure is to remove the complexion instead—remove the devitalized cuticle. Not by surgical means, however, as the underlying cutis is too thin, too tender, to withstand immediate exposure. Applying ordinary mercolized wax will gradually absorb the offending cuticle. By degrees, a new, youthful skin appears; a skin soft and delicately tinted as a rose petal.

No lady need hesitate to try this. Procure an ounce of mercolized wax of the druggist. Spread on a thin layer before retiring, removing this in the morning with soap and water. In from one to two weeks the complexion is completely transformed.

An approved treatment for wrinkles is provided by dissolving an ounce of powdered saxolite in a half-pint witch hazel. Bathing the face in the solution brings prompt results.—Advt.

## HEAD OF SUN WORSHIPPERS' CULT COMES TO MONTREAL

The above illustration shows the Temple of the sun worshippers in Montreal. It is situated at 1063 Mount Royal Avenue West on an elevation that commands splendid views of the rising and the setting of the orb. It is here that Dr. Otto Zar Adusth Hanish, "The Master," who has come from Chicago, is a guest and will on Sunday participate in a series of rites peculiar to the cult.

# C. N. R. LINE TO COAST IN NEXT TWO YEARS

## President States Construction Work is Proceeding Splendidly on the Road.

Victoria, June 12.—Sir William Mackenzie, president of the Canadian Northern Railway, accompanied by Colonel Davidson and one or two other members of the official staff of the company, arrived in the city to discuss with Premier McBride several important matters in relation to the developments of the Canadian Northern system in the province of British Columbia.

Sir William stated that the C. N. R. transcontinental would be completed in two years. Construction work is proceeding splendidly all along the line, he said, and he was confident that the last spike would be in within the time specified. In regard to the general system of the company he claimed that the C. N. R. is doing more actual work in Canada than any other railroad, and, so far as British Columbia is concerned, he thought that the people could not complain at the rate of progress maintained.

The diversion of the talk to the proposed ferry service between the mainland and the island elicited the information that "whoever was banking on the company's intentions in that regard by speculating in land might be seriously mistaken." Further than that he would not go. He disclaimed any necessity for announcing the ferry point on the island at this time, saying that there was no hurry, and that as things were the company had its hands full.

Sir William has many friends in the city, but in the person of Mr. C. H. Rust, the city engineer, he found a very old friend in a new place. Happening to be in the hotel, Mr. Rust dashed across the rotunda and grasped the hand of his old fellow citizen and extended as much of a civic welcome to Sir William as was in his power.

Colonel Davidson, the land commissioner of the company, intends to go up country on a visit of inspection, but Sir William, after completing his business with the Premier, will leave to-night.

### SAVED THREE LIVES.

**Harbor Lighthouse-keeper's Gallant Rescue in Small Boat.**

Newport, R. I., June 13.—Capt. Charles Schoeneman, keeper of Newport Harbor lighthouse, saw a launch containing eight sailors from the destroyer Mayrant, capsize.

He lowered his little boat, picked up a sailor who was swimming toward the lighthouse, and a short time later he took two others from the sea. Boats from the submarine tender Castine, flagship Dixie, and repair ship Panther picked up the others, bringing them to the naval torpedo station.

### CHICAGO OPERA PAYS.

Chicago, June 13.—The books of the Chicago Grand Opera Company for the present year up to the present time show a profit of $10,000, according to a financial statement issued last night by Harold F. McCormick, president of the company. Last year there was a deficit of $246,000. The deficit was made up by voluntary subscriptions.

The profits of the present year, however, may be wiped out in the next two months. The gain of the second year, over the first was reported as $256,353.

## Joan of Arc Busy Maid After Show— Circus Folk Jolly in Tent Town

To most of us, the words, "behind the scenes at the circus" convey a sense of confusion and discomfort, a picture of tired jaded men and women in tawdry and not over-clean garments, with, perhaps, some unkempt, underfed, dogs prowling around the tents, or at any rate, some other equally sordid details. The general air of physical well-being and good spirits, the comfort and order prevailing in the pad-room, the dressing room, the cook-house, etc., of the circus in town this week came as a revelation to a Star representative yesterday.

In the center of the pad-room, which is the circus equivalent to the green room of the theatre, many of the 600 beautiful horses belong to the circus, stood tethered, awaiting their turn; splendid lords and ladies of Joan of Arc's train rode in laughing and talking; three or four quiet half-breeds in their usual black shawls sat patiently on the blue "property" boxes with their equally usual baskets of beaded mocassins, etc., at their feet. A gaunt Cossack, who must have felt "good and hot" in his high grey astrachan cap and red tunic, stood and looked at those baskets with the keenest interest. He contrasted oddly with a dainty little ballet girl who, flitting past in her green and silver dress, ran up and fondled a white horse, which nozzled her affectionately. "Here comes Joan of Arc," said one, "She is really a lovely girl." In she cantered on her milk-white steed, and vaulted lightly to the ground. She was a bonny, sweet-faced girl, with a fine figure. She made a splendid Joan of Arc in her silver and grey armour and yet she looked just as splendid about ten minutes later, when clad, in a purple kimona, she knelt at a bucket in the great dressing-room, doing a little laundry-work on her own account. That dressing room is a sight for the gods—a kaleidescope of wonderful colors, a triumph of organization.

Imagine about forty or fifty girls all changing and dressing and washing at the same time, in a large tent with rows of big trunks, mostly with their lids open, large card-board boxes methodically arranged, and all around on the walls of the tent, brilliant silk tights and silk slippers, of every colour—blue, green pink, bright yellow, etc., hanging up to dry.

**Little Mother of the Circus.**

"You know the girls always wash out there silk things themselves, by hand," explained the mistress of the ward-robe, a charming woman, who as you can guess, is kept busy all the time, sorting and laying out the property costumes in readiness for each act.

"They call me the Little Mother of the circus," she said laughingly, "or else 'Auntie'. We are very jolly here, and are just like one big family all the way through. Nearly all the girls are married, you know."

"Yes, and all those that are not, would like to be all right," laughed a dark-eyed girl, who had just returned from some daring bare-backed equestrian feats. "You see that lady over there," went on the wardrobe mistress. "She is the mother of those three girls, and her husband and son are in the new tent. That's some family for you, isn't it They're the Alpine family that do the wire act."

**No Confusion Behind Scenes.**

Two girls in blue tights were in great spirits about their aerial act, which, according to them, "went better this afternoon than it's ever gone."

Each girl has her individual "home" in the great dressing-room—her trunk which she uses as a dressing table, a folding-chair and a tin-bucket of water, which serves as a bath—and, in spite of the many changes, there is no confusion at all.

On one trunk, a cute little white poodle sat watching everything with a bored expression. She is an old hand at the game, for this is her fifth season "on the road," and her third circus-company.

On another trunk lay a mandolin. "Nothing to do with the circus," said the Wardrobe Mistress. "It's just for joy."

Out in the open, several men and girls were walking along in their dressing-gowns, returning from their performance in the big circus-tent, and, conspicuous among them, was a little Japanese boy in a gorgeous black and gold-padded robe, short enough to show most of his sturdy pink-clad legs. Nearly all the girls wore heavy wooden "shop-shoes" over their thin silk slippers, to protect them from the muddy grass.

**Dining Tent Seats 1,100 People.**

The most wonderful part of a wonderful organization is the commissariat department. The huge dining-tent—the "cook-house"—is capable of seating 1,100 performers at a time, and its long tables are thoroughly well-appointed. There are 96 helpers in this department: chefs, waiters dish washers ,etc., and a butcher, a bread-man and a coffee-man. The bread-man does nothing but cut bread all the time. The coffee-man, who is an expert, makes coffee in the great caldron, which is heated by steam. "We drink about 150 gallons of coffee at a meal," said she. "And we make pretty good coffee, too. We get through a fair amount of food every day; about 2 tons of meat and from twelve to fifteen hundred pounds of fresh vegetables. Just imagine the 4,000 pancakes cooked for one breakfast this morning. Tis is the only successful cook-house that has ever been run."

It is really a complete village that travels about from place to place. There is a post-office, a butcher's shop, a barber's, with hot and cold water; a blacksmith's, a carpenter's; also a dyname that supplies the community with electric light, and a steam plant, from which hot water is carried to the various departments.

The sleeping quarters are in the Pullman cars, down at the depot. Each car has its own porter, who makes the beds, shines the shoes, and tidies up all around, and over these men is a head-porter. The horses and the inhabitants of the great menagerie get through 40 tons of hay each day.

Behind the scenes at Ringling's is certainly a wonderful place.

# PROTEST AGAINST SHIP SEIZURE BY CANADIAN CRUISER

Victoria, June 12.—Acting upon an appeal from the Puget Sound Purse Seiners Protective Association, the trustees of the new Seattle Chamber of Commerce have formally made the request to the State Department at Washington that a United States revenue cutter patrol should be established along the international boundary between Cape Flattery, at the entrance of the Strait of Juan de Fuca and the West Coast of Vancouver Island. The appeal states that the American fisheries' fleet at this point has been subjected to seizures by the Canadian Government, which maintains a large fisheries' patrol there. The seizures are made on the grounds that the American vessels come within the three-mile limit, which is reserved for Canadian vessels alone. "In spite of the fact that the Canadian fishing fleet at Cape Flattery is not one-twenty-fifth the size of the American fleet, and is composed almost entirely of chartered American vessels, the Canadian Government maintains in its fisheries' protection service in British Columbia waters four vessels," the appeal concludes.

Indidentally the appeal states that, whenever a vessel has been seized, the master and owners thereof have been forced to appear in a hostile court in a foreign country, and with no other evidence save the testimony of the captain and fishermen on board the vessel at the time of such seizure. Evidence of this sort, given under these conditions, it is sugested, is without weight.

### SPARROW FIGHTS MAN.

**Mother Bird's Fierce Onslaught on Destroyer of Nests.**

Lawrenceburg, In., June 13.—William Martin, a painter, was on a scaffold fifty feet from the pavement on a house in Walnut street and attempted to destroy the nest of a sparrow, containing four young birds, that had been built in the cornice of the building, when the mother bird attacked him.

In her effort to protect the little ones, the mother bird flew at Martin, striking him on the head with great violence, and in fighting the bird off, and shielding his eyes, Martin lost his balance and landed on a sidewalk. He sustained injuries and a broken right arm, and will live, physicians say.

### TOO TALL FOR SUBWAY.

**Passenger's Head and Fan Come Together, With Painful Results.**

New York, June 13.—Charles Carruth, jr., a lawyer, twenty-five years old, living at No. 610 Riverside Drive, and a young woman started for Van Cortlandt Park yesterday to play golf. Carruth is tall and athletic. When the subway train in which he and his companion rode stopped at the 242nd street station he grasped the two caddie bags and made for the door.

He did not clear the fan that was directly over his head when he arose from his seat. His hat was knocked off, and he received a painful wound that bled profusely and alarmed the young woman. She ran out on the platform of the station and asked other passengers to get a doctor. An ambulance surgeon from Fordham Hospital dressed Carruth's wound, and the young man went home.

### FOND OF BASEBALL.

**Chicago Judges Warned to Cease Playing Truant From the Bench.**

Chicago, June 13.—Judges of the municipal court must forego baseball and other summer amusements and pay more attention to business.

Chief Justice Harry Olson, in a "confidential" letter last night, told the judges that he was aware of their "hookey playing," and that it must cease. The jurists were told that they must hold court daily until 4.30 o'clock in the afternoon, with the exception of Saturday.

The chief justice said that 50 or 150 new cases were daily coming into the courts on account of the strikes, and that the dockets were becoming crowded because so many hours of court time were wasted daily by the judges adjourning early to attend the baseball games.

## Summer Skin Troubles.

Sunburn, blistering, and irritation are the commonest form of summer skin troubles, and Zam-Buk ends these very quickly. It works in two ways. As soon as applied, its antiseptic powers get to work and kill all the poison in a wound, a sting or a sore. This generally ends the smarting and the pain. Then Zam-Buk begins the healing process, and fresh healthy tissue is built up. For sore, blistered feet, sore hands, heat rashes, baby's heat spots, sore places due to perspiration, etc., you can't equal Zam-Buk. It also cures cuts, ulcers, abscesses, piles, and all inflamed and diseased conditions of skin and subjacent tissue. Druggists and stores everywhere sell Zam-Buk, 50c. box. Use Zam-Buk Soap also, 25c per tablet. All stores, or Zam-Buk Co., Toronto.

# DEATH SENTENCE IS SECOND TIME HEARD THIS WEEK

## Condemned to Hang, Silvio Yacovloff, Cooly Says: "I Ask for No Clemency."

## WOMEN WERE VICTIMS IN BOTH THE CASES

## Jury Took But Twenty Minutes to Bring in a Verdict of Guilty.

Two men have now been sentenced to death during the present term of the King's Bench, and now occupy cells in the death row of the Montreal jail. The first is John Cummings, who killed his wife, and the second is Sylvio Yacovloff, who, at 8.30 last night was found guilty of the murder of his sister-in-law, Louisa Tremblay, and was sentenced to be hanged on Friday September 20, next.

The murderer heard the words of the foreman of the jury, with apparent unconcern, and when he was asked if he had anything to say why sentence of death should not be passed upon him, he replied:—

"No, I have nothing to say except that I am not guilty. If the court condemns me to death, I am ready to pay the penalty at any time, and I don't ask for any clemency."

The trial of Yacovloff which commenced yesterday morning, was marked chiefly by the callousness with which the accused heard witness after witness give testimony that surely meant his death upon the scaffold. His counsel, Mr. Arthur Geoffrion, and Mr. J. E. Fournier, cross-questioned without at any time shaking the evidence presented by the Crown, and the only witnesses which were called for the defence were three friends of the accused, who said that his previous character was good. Against this was a record showing that he had served three years in the penitentiary for house-breaking.

### Saw Man With Gun.

The chief witness was Miss Delia Aspirault, who was in the house, 190 City Hall Avenue, March 19 last, when she heard Louisa Tremblay say:—"Don't bother me, I am tired," and Yacovloff replied: "I will not trouble you very long." This was followed by the report of a revolver, and Miss Aspirault went to the room where she saw the girl standing with her hand on her side and Yacovloff sitting on a chair with a revolver in his hand. He admitted the shooting.

The Crown then traced the story of the arrest of the accused, the death in the hospital of the girl, and the statement of a brother of the murderer that the revolver taken from him after his arrest was one which had been stolen from his house on the morning of the shooting.

Yacovloff was called to give evidence in his own behalf, but he was warned by His Lordship and the Crown prosecutor, that he was taking a dangerous step. He was allowed to retire with his counsel and on the return he stated that he would not testify.

Shortly after four o'clock the addresses to the jury were commenced Mr. Fournier asked a verdict not more serious than manslaughter should be returned but that if there was any doubt whatever the prisoner should get the benefit. Crown Prosecutor Lafortune spoke for an hour, and demanded a verdict of guilty of murder. He showed the premeditation in the act of the accused in having broken into his brother's house, where he stole the weapon with which he killed the girl.

At six o'clock the court was adjourned for an hour, and Mr. Justice Gervais then instructed the jury on points of law, and reviewed the evidence.

After twenty minutes' deliberation, the jury sent word that they were ready to come in to court. As his Lordship entered the room, he was preceded by Sheriff Lemieux, in his robes of office. There was an oppressive silence as the foreman was asked if they had reached a verdict. He replied: "Guilty of murder with premeditation."

After the accused had declared his innocence, His Lordship donned the black cap and pronounced the death sentence.

Yacovloff is twenty-seven years of age. He was born in Canada.

### Blame Smokers for Fire.

Careless smokers were blamed for the fire which broke out in the restaurant of Achille Vetere, 328 Mount Royal Avenue, and the store of Henry Bourbonniere, electrician, of 26 St. Denis street, at an inquiry held yesterday before Fire Commissioner Latulippe. Children playing with matches was the explanation of Mrs. J. Pradier, of 2402 St. Henri street, for the blaze which broke out in the rear of her premises.

### Annuls Town's Action.

Mr. Justice Laurendeau yesterday annulled a resolution of the town Council of St. Laurent, granting to two grocers licenses to sell liquor. The action was taken by Robert Lebouthillier, a former hotel proprietor, to annull the resolution on the ground that the council had already voted against giving any liquor license. His Lordship took the same view and upheld the action.

# NON RUSTABLE D & A CORSET

**Why so many wear this "Marmola Belt"**

Quality and Price

**D & A Corsets**

are popular simply because you can buy for a given price a better fitting and wearing D & A than if you bought any other kind.

A perfectly equipped factory in Canada, thus saving all customs charges, and an immense output, are real reasons why.

D & A No. 540, shown in cut, is known as a "Marmola Belt," specially designed for the rather stout. It has a reinforced spoon front, duplex steel bones, stepped top and bottom, six extra wide suspenders, etc., etc., and is sold at first-class stores at only $2.00. Imported corsets of even quality would cost about $3.00.

Every D & A is guaranteed.

## EVIDENCE IN AUTO CASE LASTS 14 DAYS.

### Action Over Purchase of Car to Last Longer Still With High Costs.

For the past fourteen days, Mr. Justice St. Pierre has been hearing a case over an automobile and it is probable that the hearing will occupy the attention of the court for some days to come.

The case is Brock vs. Lozier, and the amount involved is $3,964, although the costs will mount high owing to the protracted litigation and the expert testimony of witnesses for both sides. The suit is over the sale of a Lozier car to the plaintiff by the Girdwood Stockwell Co., local sales agents of the manufacturers of the automobile. The car was bought in April, 1910, and several payments were made on the purchase price when the plaintiff in the present case expressed dissatisfaction with the auto claiming that it was defective in workmanship, and demanded the annullment of the purchase and the return of the payments made. Action was brought in June, 1911 which the defence holds was too long a time after the purchase of the auto to constitute a well-founded case for the plaintiffs. The defendants also deny the allegations of the purchaser of the car as to its defective workmanship and for days now the court has listened to the testimony of experts regarding motors, gas engines, and other automobile equipment.

We have been requested, in fact absolutely besieged, by so many prospective purchasers who were unable to accompany us last week, to run another Albani Special this week to enable them to see this much talked about property and secure it at the old prices, that we have decided to run **A SPECIAL TRAIN JUNE 16th,** leaving Bonaventure Station at 2 p.m., to satisfy these demands.

The running of this train is against our interests, as **such rapid progress is being made by the Street Car people** in getting their line ready for the operation of electric Street Cars, that before long we would be able **to ask 100 per cent. more for our lots** than we are getting to-day, but we do not wish anyone to be dissatisfied who has been interested in this property, and has not been able to accompany us before, and will therefore run this special to accommodate them, but it will be absolutely and without question **THE LAST ALBANI SPECIAL** of this kind that we will run prior to the operation of the Street Cars over this line.

**HALF A DOZEN HOUSES** are to be started on this property next week, as we have demands for a great many more houses than this, and the building of houses in Albani will not only be a great convenience to these people, but will wonderfully assist in enhancing the value of the property. Immediate purchasers must benefit very largely by the construction of these houses.

See us immediately if you **want a house built in Albani,** as we are prepared to make you a splendid offer in this connection up to the **end of June;** much better than we will be able to do later on.

Dont forget you can buy **10,000 feet of land in Albani** to-day for **$29.00** and easy payments, no interest, and that you can buy lots at **only 8 cents a day for two years,** without interest.

On an electric car line within 35 minutes of Montreal, there has never been such an offer made, nor can there ever be such an offer made again to secure such fine property with such inducements at such prices.

Write or phone us immediately for free train tickets for this **last Albani Special, June 16th.**

"The saddest words that e'er were penned—
" 'It might have been.' "

If you are postponing the purchase of one or more lots in the "Model City" until the tunnel is driven, or there are signs of the New City, you will have to pay three or four times the present value of these most desirable holdings. There is absolutely no question but that the tunnel will be driven, for the work has commenced; there can be no question about the city being built, for roads, sidewalks, drains, water, and light will all be arranged whilst the tunnel work is in progress. Every indication points to

# The Model City

being an accomplished fact before the people will be aware of it.

Study the conditions of Montreal as you will, the one fact stands out strongly that provision must be made for a very large increase of population in the next few years. "The Model City" will unquestionably appeal to the man desirous of locating in a select territory within easy access of the city. THE MODEL CITY will be

# GET YOUR CANADIAN HOME
FROM THE
# CANADIAN PACIFIC

WHY FARM on high-priced, worn-out lands when the richest virgin soil is waiting for you in Manitoba, Saskatchewan and Alberta, the Great Prairie Provinces of Western Canada? The first prize of $1000 for the best wheat in the world was awarded to a Western Canada Farmer at the New York Land Show—farmers on our low priced lands won first, second and third prizes for wheat in competition with the world.

Go where you too can prosper, where you will find perfect health where you can earn a farm and a home in a few years' time at most—many farmers have paid for their farms with one crop—where it does not take a lifetime of drudgery to make a competence and where energetic efforts bring riches quickly

## Land from $10 to $30 an Acre
## Ten Years in Which to Pay

The Canadian Pacific Railway Company offers you the finest irrigated and non-irrigated land along its lines at low figures, and on long terms of payment—lands adapted to grain growing, to poultry raising, dairying, mixed farming, and to cattle, hog, sheep and horse raising—in the Prairie Provinces of Manitoba, Saskatchewan and Alberta. Select your own land. Decide what kind of farming you want to follow, and let the Canadian Pacific Railway put you on the road to fortune. Magnificent soil, good climate, good markets, excellent schools, good government, all are awaiting you in Western Canada; and a great Railway Company whose interests it is to help you to succeed, is offering you the pick of the best. The best land is being taken first. Don't wait. Ask for our handsome illustrated books and maps, with full information Free. Write and investigate this great proposition to-day.

# HAS A FUTURE!

Property between St. Catherine and Sherbrooke Sts. To illustrate: We sold a very ordinary house 25 ft. frontage on Metcalfe St. 2 years ago for $9,500. and resold it last month for $22,500. We know of a lot on Peel St. with a 50 ft. frontage which yielded profits of $19,500 in a couple of months time, and there are numerous other instances. Properties in this district are bound to advance. We offer an exceptionally good buy on

## DRUMMOND STREET

The lot has dimensions of 73 x 100 (splendid frontage and not too much depth) on half of which is built a large first class stone detached residence. If you act promptly this can be secured for about $9.50 per foot, on reasonable terms. Investigate! it's worth while. Particulars on application to

# STRIKE IS ADMITTED A FAILURE

## London Leaders Find No Backing in Provinces and State Readiness to End Dispute.

## MASTERS WIN OUT IN FIGHT OVER UNION

## Govt. Decides Not to Interfere —Southampton May Be Abandoned as Port.

By Special Cable From Our Own Correspondent.

London, June 13.—Even the Labor leaders now admit the failure of their attempt to create a national strike. As the Times says to-day, the response of the workers to the London leaders' call for a stoppage is scanty, scattered, and half-hearted.

The only first-class port materially affected is Bristol, where 8,000 striking workers are endeavoring to bring the shipping business to a standstill. Numerous cargo boats, some in the Canadian trade, are lying idle at the Bristol docks, but a Canadian special liner, with passengers and mails, made its usual sailing yesterday.

At ports on the northeast coast, on the Humber, Wear and Tyne, work is proceeding much as usual. Much the same is true of Liverpool, the Clyde, and other Scotch and Irish ports. The crew of the Canadian Pacific liner, Empress of Britain, signed on yesterday, their usual day, without the slightest demur. On the Thames, the number of men at work steadily increases, despite bitter denunciation of the free laborers, whom the union leaders label blacklegs. Out of 300,000 provincial transport workers, only 23,000 at most have downed their tools, and last night the strike leaders hung out what is spoken of as a white flag.

Their manifesto says:—

"So far as the strike committee are concerned, they will be prepared on honorable terms to end the dispute."

Meanwhile, thousands of women and children are on the border of starvation. Trade which may never return is being lost. It is believed the Government are hatching a third scheme for setting up a joint arbitration boards, modelled after the Liverpool Board, in all the ports of the country. They hesitate, however, in face of the failure of the strike, to attempt to coerce the winning side, that is, the masters.

### GOVERNMENT LEAVES PARTIES TO FIGHT IT OUT.

Special to The Montreal Star.

New York, June 13.—The Tribune's London cable says:—

The Government has decided to take no action in the transport dispute, and the strike must be fought out. The Ministers are influenced in this attitude by the lack of unity in the ranks of labor and the impossibility of federating the various sections of employes.

The London strike leaders are appealing for financial support to other trade unions. Women's committees have been formed to obtain funds for the children of the strikers. A procession of women and children will take place on Saturday.

### SOUTHAMPTON PORT MAY BE ABANDONED.

And then a cable from London says that an important move is under consideration that may lead to the transferring to Plymouth of all the transatlantic steamships which now sail from Southampton

All the shipping companies using Southampton — a port have been so seriously hampered by a series of vexatious strikes promoted by the Seafarers' Union that they have been consulting about closing the port.

When the Seafarers' Union was started as a rival to the Seamen's and Firemen's Union, the original organization was supported by the shipping companies because it became all-powerful at Southampton, causing immense loss and damage to both the port and the shipping by its reckless proceedings.

If the scheme to close the port is put through, Southampton will be practically ruined.

### SITUATION AT HAVRE IS NOW ACUTE.

Special to The Montreal Star.

Havre, June 13.—The strike situation here continues acute. The owners of the yachts Atmah and Eros have acceded to the demands of their crews. The strikers accordingly agreed that the men should return to work on condition that they submit to a daily levy on their pay on behalf of the strike funds.

Navigation remains practically suspended. The only steamships to leave yesterday were the Leoville and the Saint Barthelemy, for Dunkirk and Oporto, respectively, while three vessels arrived, the Tichel, from Bordeaux; the St. Brieug, from St. Brieug, and the Jean Bart, from Dunkirk. Their crews are expected to join the strike.

In expectation of disorder the sheds of the shipping companies are gaurded by gendarmes and police. The strikers, however, maintain absolute calm

### MINERS' REPRESENTATIVE IN INVERNESS DISPUTE NAMED.

Ottawa, June 13.—J. C. Watters, president of the Dominion Trades and Labor Congress, has been appointed representative of the miners on the board of conciliation in regard to the dispute with the Inverness Coal Company.

### NO BLAME PLACED IN SUBMARINE DISASTER.

Paris, June 13.—The Board of Inquiry into the causes of the catastrophe to the French submarine Vendemaire on Saturday last, when twenty-three French naval officers and men were drowned after a collision between the submarine and the battleship Saint Louis, found to-day that the collision was unavoidable and no blame was to be attached to the Saint Louis.

# PREMIER AND DUKE SPEND SOME HOURS IN CONVERSATION

## Mr. Borden is Guest of Governor-General at Lord Strathcona's Residence.

Rt. Hon. R. L. Borden spent a busy morning at the Windsor Hotel to-day receiving a number of prominent politicians and delegations from the district of Montreal.

The Prime Minister lunched with H. R. H., the Duke of Connaught at Lord Strathcona's residence and spent several hours with the Governor-General.

Rt. Hon. Mr. Borden leaves Montreal to-morrow morning at 8.15 on the Intercolonial Maritime Express for Halifax. The Premier will receive a delegation of the Quebec Board of Trade during the short stay at Levis and after his arrival in Halifax will make an important announcement regarding the decision of the government to aid in the developing and equiping of the harbor of that city.

Before returning to the capital, Rt. Hon. Mr. Borden will spend a few days with his mother at Grande Pre and will sail on the 25th of this month on the S. S. Royal George for England, accompanied by Hon. L. P. Pelletier and Hon. Frank Cochrane.

# UNIFORMITY OF LAW AND CUSTOM NEED OF EMPIRE

## Appeal to Chambers of Commerce to Aid in Removing Impediments to Trade.

Canadian Associated Press.

London, June 13.—The Empire Congress of Chambers of Commerce will meet in Toronto next year.

At the Congress dinner last night, the president of the Board of Trade, the Rt. Hon. Sydney Buxton, said they wanted to bring about throughout the Empire uniformity of law and custom, but while having simplicity they must also have elasticity. They wanted, whether they were free traders or tariff reformers, to remove all the impediments they possibly could between the trade of various parts of the Empire. He looked forward to good results from the Imperial Trade Commission.

Admiral Sir E. Seymour said the only satisfactory naval policy would be for the Dominions to contribute money to the Imperial Navy. We should have one Imperial navy, but in peace times it would be quite right that ships representing sums of money subscribed by the different Dominions should be employed entirely in those Dominions. They should be ready, however to be called on by the Home Government in case of war for service in any part of the world.

"I have watched with regret the withdrawal of our flag and our ships from distant parts of the world, and I think it a great mistake," the Admiral said. "We know why it is done, because we are afraid of a certain nation which I need not name, but I believe this policy has been, very much overdone, and I hope in the future the matter will be amended."

### IN JAIL 29 TIMES; NOW PENITENTIARY FOR HIM.

**Thomas Leonard Now Gets First Real Taste of Real Prison Life.**

Twenty-nine trips to the Montreal jail since 1894 was the record produced before Thomas Leonard when he appeared before Judge Lanctot this morning for sentence on a charge of stealing silk dresses and neck wear valued at $22, from the John Murphy Company.

Leonard pleaded for another chance. He said that he had managed to keep out of jail all winter and that it was a shame to send him down now that the fine weather was here.

"Have you ever been to the penitentiary?" inquired the Court.

"No," replied the prisoner.

"Then I think you are about ripe for there now and I will sentence you to two years," concluded the Judge.

## Royal Colonial Trade and Industry Committee Proposes to Improve Communication.

Canadian Associated Press.

London, June 13.—The Royal Colonial Trade and Industry Committee has forwarded to the Royal Commission on Empire Trade a memorandum supporting the suggestion that a joint fund, to be managed by a joint representative board, should be provided here, to improve the maritime communications of the Empire and for other purposes.

The memorandum, in view of the almost insolvable difficulty of establishing any basis of apportionment, suggests that each State should be left free to vote to the fund as much as its government thinks fit.

H. A. Finger, president of the Finger Lumber Company, was elected first mayor of Le Pas, Man., by acclamation, to-day.

# CANADA AND EMPIRE NAVY DISCUSSED

## Australian Delegate Hits Out from Shoulder About Dominion Talking Much and Doing Nothing.

## "WHY NOT MAKE A START AS WE HAVE"? HE ASKS

## Canadian Chambers Vote for Co-operation by All Parts of Empire.

By Special Cable From Our Own Correspondent.

London, June 13.—The Empire's naval problem elicited interesting points to-day at the discussion of the Congress of Chambers of Commerce of the Empire. The Canadian Chambers, without dissent, voted for whole-hearted co-operation by all parts of the Empire in a joint scheme, but the greatest hit was made by the Australian delegates, who, after several Canadian speeches of a warm Imperial type, rose and said, in effect:—

"You Canadians are great orators on this naval question. For I don't know how many years you have been going to do and die for the Empire on the seas. Why don't you begin and do something that really matters and is a real help to the Empire?

"Why not make a beginning, as we are doing in Australasia, with British-built warships under Admiralty control, a naval cadet system, and so on. There is too much talk and too little doing." (Laughter and cheers).

When the Vancouver delegate suggested a Canadian money grant of ten million dollars to the British fleet the Regina delegate said such a paltry sum was quite unworthy of Canada's wealth and patriotism.

Belleville and other delegates pledged Canada to a generous support of the Empire's navy and spoke of the stimulus Canadian patriotism would receive from the presence of Empire warships in the St. Lawrence and in the Pacific coast of Canada.

### TO AVOID PASTOR AND CONGREGATION CLASHING.

**Synod of Huron Provides for Establishment of Special Parochial Committee.**

Special to The Montreal Star.

London, Ont., June 13.—In order to prevent a repetition of several bitter clashes between pastors and congregations which have occurred recently, the following resolution was unanimously passed at to-day's session of the Synod of Huron:—

"There shall be in every parish a committee on clerical appointments and exchange, hereinafter called the parochial committee, which shall consist of the lay members of Synod, their substitutes, and the churchwardens, and which shall have full power in conference; the Bishop to represent the parish in the selection of an incumbent and to exercise that power without any further reference to or consultation with the registered voters or with the vestry."

Where two or more congregations are served by the same rector, provision is made for a committee composed of the churchwardens and delegates of both congregations.

### SAY GHOST HAUNTS THEIR HUMBLE HOME.

**Horrible Groans and All the Usual Attachments in Chenneville Street.**

There is a ghost at No. 94 Chenneville street.

Mr. Charles Butler, Mrs. Butler and Miss Annie Jones who live in the "haunted house" have for weeks past suffered themselves to be terrorized by this horrible spectre. Horrible groans, rustling of long flowing robes and everything to be found in a "penny horror" book is congregated about this dread spectre.

Six weeks ago the occupants of the haunted house moved into that place and from that time they heard these terrible noises and have daily listened to noises attributed to this departed and returned spirit. The matter will be investigated.

## Special Selected Whisky

**of the Corby Distillery in a glass of water at every meal.**

"SPECIAL SELECTED" is pure unadultered whisky with no added flavor or artificial color.

The flavor is the natural sweetness of ripe old grain. Years of mellowing in charred oak barrels at an evenly warm temperature gives the golden glow.

That harsh, fiery, smoky taste of ordinary whisky is entirely lacking.

You will find it very pleasant.

## FOUND THE GAS LEAK.

**But Discovery Was So Convincing That Fire Brigade Had to be Called.**

While looking for a leak of gas with a lighted candle, Abraham Baginsky, 80 Latour street, at noon to-day found it suddenly and incidentally set fire to his residence. The central brigade, under the command of District Chief Mann, responded to the alarm turned in, and soon had the blaze checked.

**Fatal Accident at Lake St. Joseph**

Special to The Montreal Star.

Quebec, June 13.—As the result of a collision between two freight trains on the Quebec and Lake St. John Railway at Lake St. Joseph last night about midnight, a St. Raymond man named Roy was killed and six box cars are badly smashed. Roy was a passenger on the van of an extra freight car, and was crushed to death.

# EDUCATE PUBLIC AS TO 'PHONE USE EXPERTS DECLARE

## Bell Company Witnesses Tell Other Side of Story at Inquiry.

Before it is known whether telephone rates in Montreal will be reduced or not, it is evident that the Railway Commission will have to hear much more of the technical evidence which has been produced in the last two days. The commissioners wished to terminate the enquiry by this afternoon in time to hold a sitting at North Bay, but they will likely have to continue sitting here to-morrow.

This morning Mr. E. Palm, auditor of the Bell Telephone Co., was questioned regarding details of the company's financial statement.

Mr. E. S. Bloom, vice-president of the Missouri and Kansas Telephone Co., who has had sixteen years experience in the United States, was then called as expert, on behalf of the Bell Telephone Co. He supported the company's claim that the proper basis for starting the enquiry was the replacement cost of the plant, and he gave details of the inventory taken by the company to show what this cost of replacing the company would be.

A telephone property, he explained, was not merely a physical one, with so many wires, poles, telephones and properties. The Bell Telephone Co., for instance, had spent considerable money on organization; they had a separate organization to manage their various properties; and they had spent large sums of money to build up subscribers and educate the public as to the need for telephone services.

"You don't seem to be educating the people of Ahuntsic, Bordeaux or Longue Pointe wards, as to the need for the service," remarked Mr. W. H. Butler, on behalf of the city.

Mr. Bloon was on the stand most of the forenoon and his evidence was still unfinished at the time of adjournment for the afternoon sitting.

## COMPARE TELEPHONE RATES WITH MONTREAL.

Comparison in telephone rates between American cities and Montreal was entered into yesterday afternoon, when Mr. Macfarlane, representing the Bell Telephone Co., cross-examined Mr. J. C. Kelsey, the expert from Chicago. According to the rates quoted for Philadelphia, Cleveland, Buffalo, and St. Louis, they were all higher than Montreal.

Chairman Scott finally ruled that further comparison in this connection was unnecessary, as it did not serve as any real criterion. Many of the systems in American cities were party systems, which did not prevail in Montreal. Mr. Butler, for the city, was prepared to proceed on the merits of the question here, remarking that the average man would admit that the rates in Montreal were higher in general.

Chairman Scott—"Well, we may know more than the average man after a day or two."

Mr. Kelsey in his evidence remarked that the Bell Telephone Co.'s revenue in Montreal was remarkably good owing to the private branch charges, which were marvellous.

Mr. C. F. Size, general manager of the company, was called to explain details of the company's financial statement, but he in turn called upon the auditor of the company, the remainder of the afternoon being taken up with evidence of a technical nature.

## GIVES TWENTY YEARS IN SESSIONS SENTENCES.

**Gang of Burglars Receive Penitentiary Terms.**

Sentences aggregating twenty years were handed out in the Court of Special Sessions this morning by Judge Choquet, a five year term going to Arthur Giroux, who on Tuesday last made a break for liberty when being transferred from the Court House to the prison van.

Giroux, along with Eugene Clermont and Alderic Longevin was charged with committing a number of burglaries at Lachine and as he was regarded as the leader of the gang, a five year term was imposed. Clermont was sentenced to four years and Longevin was let down with a three year term.

Guillaume Michel on two charges of obtaining money under false pretences was sentenced to twenty-three months. Oscar Wing, charged with the theft of jewellery, valued at $200 from Mrs. A. Madore, was sentenced to three years.

William Skelton, who pleaded guilty to stealing a large quantity of jewellery from houses in the west end of the city, was sentenced to twelve months on each of three charges.

## STOWAWAYS IN LUCK.

**New Lifeboat Regulations Will Make Travel Much Easier for Them.**

New York, June 13—"The stowaway industry" has undergone a boom development by the new marine regulations, the outgrowth of the Titanic disaster, making it obligatory that ships' small boats be always fully supplied with edibles, according to a talkative stowaway who arrived here to-day, one of a trio caught as the French liner La Savoie was docking.

The stowaways agreed that Continental traffic by the stowaway route was being stimulated by appreciation of the fact that a lifeboat well stocked with provisions made an excellent hiding place.

## WILL ENFORCE CURFEW.

**Chicago Patrolmen Receive Strict Orders to See Ordinance Obeyed.**

Chicago, June 13.—A strict enforcement of the curfew ordinance, beginning to-night, has been ordered by Superintendent of Police Hyland, following a conference with Judge Collins, of police court; Judge Taylor, of juvenile court; Judge Markey, of criminal court, and the managers of the moving picture theatres. The patrolmen will go on their districts this evening with positive instructions to keep children under fifteen years old off the streets after 9 o'clock. Violations of the ordinance will not be followed by arrest of the children, but of the parents.

## SPENDS THIRTY YEARS IN COURT HOUSE.

Thomas March, who has been appointed Court Crier, to Mr. Justice Davidson, the new Chief Justice, has served for over thirty years as a Court House employe. He was for five years connected with the Crown Office under Messrs. Schilled and Sicotte and for the last twenty-five years crier to Mr. Justice Davidson. There is no more courteous or popular official in the Court House.

# Roosevelt to Arrive in Chicago Sunday or Monday is Announced

(Continued from Page 3)

fication for such a condition of affairs is that it is more or less in keeping with the fundamental theory, which still asserts itself in determining the Government of the United States, that the voice of the electors, as citizens of the different commonwealths, is to be taken into account, and not as citizens of one common country, the United States.

It may easily happen that the Presidential candidate who secures a majority of the votes of the Electoral College will have polled a minority of the popular vote. For instance, a slim Democratic majority in the State of New York, would outweigh a tremendous Republican majority in the State of Pennsylvania as far as determining whether a Democrat or a Republican was to be President was concerned.

### How it Works Out.

Louisiana, for example, which has only about enough Republicans within its borders to keep up an appearance of an organization, is granted eighteen delegates to the Republican National Convention, while North and South Dakota, where a Democrat is a "rara avis" and the only dispute is over the particular brand of Republicanism, must each be satisfied with ten, and there are half a dozen other Southern states where the conditions are exactly similar.

For years there has been an uneasy feeling in the National Republican Committee that this state of affairs would not be allowed to continue. In fact, things went so far, that, last year, Secretary Hayward, one of the most stolid and stalwart of the "Regulars," evolved a plan by which the representation of the various states in the Convention should be determined on the basis of the Republican vote cast by them in the election just proceeding. It is needless to say that this was not at all the kind of the Southern Republicans. Their protests made up in vigor what they may have lacked in logic. In fact, the whole fabric of constitutional government appeared to be crumbling.

Then the hour of the South struck, when Mr. MacHarg appeared in their mid

# MESSAGES MUST BE ACCEPTED BY EVERY SHIP NOW

### Principle of Importance Adopted at Wireless Conference—Result of Titanic Disaster.

New York, June 13.—A cable from London to the New York Times says: An official statement regarding the work of the International Wireless Conference says that at the only sitting of the full Conference yet held, the announcement was made of the acceptance by the United Kingdom and the British Dominions, and also by Italy and Japan, of the principle that ships must accept messages from other ships, whether or not they use the same system of wireless telegraphy.

This principle has not hitherto been accepted by these countries, except for messages relating to cases of distress. Its general application is now approved by practically all countries.

It has already been announced that the British government intends, as a result of the Titanic disaster, to ask the Conference to consider what improvements can be made with a view to obtaining the best possible use of the wireless telegraph for saving life at sea and insuring security in navigation.

It is expected that this matter, which is perhaps the most important which the conference will consider, will be discussed at the next full meeting.

The rapid extension of the use of wireless telegraphy is shown by the figures in a report presented to the Conference by the German delegation. In the last four years the number of ships, excluding warships, equipped with wireless telegraphy increased from 52 to 926. During the same period the number of stations open for general public correspondence, increased from 14 to 155. The total number of ships of all sorts equipped with wireless telegraphy is stated to be 1,577. The total number of coast stations in 286.

## FORTUNE WAITING FOR THREE GERMANS.

### German Consulate Seeks in Vain for the Brothers Leisers.

A legacy, estimated to be of a considerable amount, and one which will give them a comfortable living for the remainder of their lives, is waiting to be claimed by Lewin, Simon and Bruno Leiser, in Exin, Germany. Efforts are now being made to locate these brothers.

Leaving their native land in the early seventies, the three set out for Canada, but where they settled is not known, and efforts of the German authorities here have as yet been of no avail.

Any information regarding the whereabouts of the men will be gladly received at the Imperial German Consulate office, in the Commercial Union building.

## WORKMAN CRUSHED TO DEATH BETWEEN CARS.

### George Gariepy Fell Victim in the Turcot Yards To-day.

While coupling freight cars at the Grand Trunk yards ot four o'clock this morning, at Turcot, George Gariepy, 32 years of age, was caught between the cars and so badly crushed that he died a short while after. He had only been employed eight days, and had been warned not to go between the cars until he had learned his work. The body was taken to the morgue, where the jury brought in a verdict of accidental death. Gariepy was unmarried, and lived at 71 Riel street.

## WEST WANTS HUGE ARMY OF LABORERS

### Mr. Dennis, of C.P.R., Says One Hundred and Fifty Thousand More are Wanted.

There is a great shortage of seasonal labor in Western Canada, according to Mr. J. S. Dennis, the head of the Natural Resources Department of the C. P. R., who is in Montreal to pen an office of the department in the new Windsor Street station building.

Mr. Dennis said to-day that on the irrigation works of the Company in Alberta the Company wanted one thousand more men than it could get, and it was estimated that in railway and other work, there was at the present time a demand of fifty thousand in excess of the supply.

"If we get even an average harvest," said Mr. Dennis, "we shall have work between now and the time the harvest is ready for one hundred and fifty thousand laborers more than are at present on hand."

## GAS PROVES FATAL.

### One of Negroes Found Nearly Asphyxiated Succumbed To-day.

Henry Webster, 24 years of age, one of the two negroes found nearly asphyxiated by gas in their room a few days ago at 70 Latour street, died this morning at seven o'clock in the General Hospital. The body was taken to the morgue, where an inquest will be held to-morrow. Webster is believed to have been a Barbadoes man, but nothing has been heard from his relations. His companion, Cook, has almost recovered.

## SITE SELECTED FOR CALGARY UNIVERSITY

### No More Imposing Location Could Be Found in Western Canada.

Calgary, June 13. — A topographical survey has been lately completed of the grounds of the Calgary university, and the map showing the contour of the ground, with elevations every five feet, is very interesting and shows what a superb piece of property has been secured for the proposed site.

The map shows that at both of the western corners of the quarter section the ground rises very perceptibly, forming the hills, both of which are some 550 feet above the city and which are divided by a valley with gradually sloping ledges toward the east.

The land slopes gradually away from both of those hills in the direction of the city and it is thought at present that the building will be situated somewhere on the northwestern rise. This location would command one of the finest views that could be obtained anywhere in the vicinity of the city and probably no more imposing location could be found in western Canada.

Aside from the scenic beauties of the university grounds they afford striking facilities for an excellent campus, and little work will be needed to make the best athletic grounds.

## INSTRUCT STREET RAILWAY CO. TO START NEW LINE

### Motion Passed by Council Orders Belt Line for Wharf and Railway Stations.

The City Council decided yesterday afternoon, on a motion of Ald L. A. Lapointe, to instruct the Street Railway Company to establish a new belt line which will give a better service to the harbor front and railway stations.

The line will start from the intersection of Craig and Windsor streets, along Craig street to Victoria Square, via Victoria Square and along McGill, Commissioners, Berri, Craig, Amherst, St. Catherine and Windsor streets to the starting point. The cars to run in both directions.

Ald. Lapointe said that what the public badly needed was a route which would enable them to reach the wharves and stations without asking so many transfers. He did not think there would be any opposition on the part of the company to establishing this new route.

**Unpaid Fire Department Bills.**

Some discussion took place on a communication from a Boston firm asking to be paid for equipment of Chief Tremblay's automobile. Ald. Martin said that there was now an investigation pending as to the way the Chief was alleged to have held over accounts for two years. He also complained that the controllers had not yet voted money, so that a satisfactory investigation could be started.

Controller Lachapelle: "The controllers will see that money is voted and that the matter is not lost sight of."

On the motion of Ald. O'Connell the controllers were asked to consider the feasibility of widening Smith street in St. Ann's ward.

**Forbid Stores on Esplanade Ave.**

The following by-law was adopted in regard to buildings that will not be permitted to be erected on Esplanade Avenue: "It is forbidden to erect on Esplanade Avenue, between Duluth Avenue and Mount Royal Avenue, any store, work-shop, armoury or drill-hall, saloon, works or factory, billiard-room, livery stable, butcher's stall, automobile garage, laundry or other shop or place of business, and it is also forbidden to fit up or repair any existing buildings in order that the same may be used as such.

"It is forbidden to erect on said Avenue within the above mentioned limits, any building at a distance of less than 25 feet from the line of said avenue."

## MONTREAL MAN SEES GOOD TIMES AHEAD FOR EAST.

St. John, N.B., June 13. — That the future holds bright prospects for the Maritime Provinces, is the opinion of Mr. Nathaniel Curry, of Montreal, president of the Canada Car and Foundry Co., and also president of the Manufacturers' Association of Canada, who passed through the city from Amherst. For the agricultural development of this section Mr. Curry is confident of great growth within the next decade.

"In ten years," Mr. Curry said "I predict that the farmer will be getting from his land twice as much as he is at present. The soil is not producing nearly as much as is possible to take from it, but the farmers are evidently beginning, after a long time to realize the great possibilities of agriculture.

"The influx of new settlers," Mr. Curry pointed out, "is an important factor, and new blood coming into the country will be of benefit. These newcomers from different countries bring with them new ideas, and will help to build up the east."

He expressed his firm belief in a prosperous future, both in agriculture and industrial lines.

Speaking of Amherst, Mr. Curry said that the Nova Scotia town is daily showing signs of growth. Industrially the town is making rapid strides. Among the new industries of Amherst is an automobile factory, the ground for which is already being broken.

Fire drill proved its value at the Lackay avenue school, Vancouver yesterday, when 200 pupils marched out of the burning school in perfect order and without one child being injured.

## CHANGE IN PLANS FOR MONTREAL POST OFFICE.

The new Post Office, which will be completed on November 1, will have certain features of architecture and decoration which have been decided upon since the original plans were approved. The principal entrance will be in the middle and not on the sides as originally planned. The cornice of the top story is supported by four caryatides, representing the four parts of the globe, Europe, Asia, Africa and America. The building itself is surmounted by a statue of Mercury poised on the earth. Surrounding the dial of the clock are two allegorical figures representing Upper and Lower Canada. Under these are the beaver and the maple leaf. Over the clock are two carrier-pigeons representing the first postal messengers. On each side of the clock, two allegorical figures of the St. Lawrence river and the Ottawa, while the arms of Canada are carved on the pediment.

# NOMINATIONS IN NEW BRUNSWICK SHOW HOT FIGHT

## Contests in Every Seat Save One Indicated—Northumberland Only in Doubt at Present.

## CAMPAIGN CONFINED TO PROVINCIAL POLITICIANS

## Grounds Upon Which the Opposition is Basing Its Attack on the Government.

St. John, N. B., June 13.—This is nomination day for the provincial general elections, which takes place next Thursday, June 20. There were 46 seats in the New Brunswick Legislature at dissolution, besides two vacant ones—newly created. The parties stood: Government, 34; Opposition, 12.

For all the seats, save perhaps one, which was in doubt this morning, contests were officially begun to-day. The one in doubt is in Northumberland, where Dr. McIntyre is reported to have withdrawn from the Independent ticket placed in nomination a few days ago, in opposition to the Hon. J. Morrissey and his three colleagues, on the Government ticket in that county.

The situation in Northumberland has been mixed. Hon. Mr. Morrissey, who is Commissioner of Public Works, in the Fleming Government, is a Liberal. His three colleagues on the ticket are Conservatives. If McIntyre will not stand, and at the time of filing this despatch there is no word from Northumberland either way, it means one seat for the Government by acclamation.

In St. John city, and also St. John county, and in some of the other constituencies, it had been agreed upon by the party managers to do away with hustings speeches so that the proceedings to-day were in many cases merely the formal filing of nomination papers and the holding of Court open until two o'clock to await possible objections to the nomination of candidates.

The fight is being warmly contested throughout the Province, but has been confined chiefly to the men in Provincial politics.

The Hon. Mr. Pugsley, the Hon. H. R. Emmerson, and Mr. F. B. Carvell, M.P. for Carleton county, have made some speeches, while the Hon. J. D. Hazen, Minister of Marine and Fisheries, in the Borden Cabinet, yesterday took the platform in Charlotte county in support of the Flemming candidates.

### GROUNDS ON WHICH ELECTION IS FOUGHT.

The Opposition line of attack has been upon the administration of the Government; the increase in the debt, a deficit of $56,000 in last year's budget; on the Government's policy regarding the St. John Valley Railway, and other smaller issues, while there has been an appeal to Liberals many of whom helped to bring the Hazen Government into power, to oust its successor under the Hon. J. K. Flemming, on the plea that once in power, the Liberal help was forgotten and Conservatives only shared in the perquisites and the offices.

Mr. Copp, leader of the Opposition, has also laid down a platform, including financial aid to the farmers of the province.

The Government is fighting its battle on the ground that the old Coalition Government, which under the successive leaderships of A. G. Blair, James Michell, H. R. Emmerson, L. J. Tweedie, William Pugsley and C. W. Robinson, was in power from 1883 until 1908, was bad and that the present administration has done much in progressive legislation, and if it has spent a large revenue that revenue has been spent wisely and to the benefit of the province.

But particularly they lay emphasis on the fact that they have given New Brunswick honest and business-like government.

Mr. Flemming also depends much on his ready-made farm policy and on his undertaking to build a railway down the valley of the St. John river.

### BOTH SIDES ARE CLAIMING VICTORY.

Both parties are claiming victory. The Government regard the Opposition in some of the counties as purely factious, and say that the province will send them back to power fully as strong as they are now.

On the other hand the followers of A. B. Copp, the Opposition leader, are predicting the overthrow of Premier Flemming. Mr. Copp said in Charlotte County that Government workers have conceded that the Opposition will get 19 seats, and he added that the rest was good fighting ground. He predicted that he would be returned with a good majority.

### WORKER ASSAULTED.

#### Says the Men Who Struck Her Are Pickets.

While on her way to work at six o'clock this morning, Miss Lear Silverman, a garment worker was assaulted by two men in front of her house at 532 City Hall avenue. Miss Silverman says the men who attacked her were pickets and she has sworn out a warrant for their arrest.

# ARMY HOWARD MUST BEHAVE, SAYS PRES. MERRICK

## Trainer Knox Has the Power to Send Him Back to Winnipeg if He Does Not.

It is announced that unless Army Howard, the colored sprinter from Winnipeg, selected as a member of the Canadian Olympic team, and now quartered with the other Western Olympic athletes in the Strathcona Hall, does not behave himself, he will be taken off the team and sent back home.

In response to the complaint made by Coach Knox, that Howard refuses to obey orders, and has threatened that unless he is permitted to do as he likes, he will go back home, Mr. James G. Merrick, Canadian Athletic Commissioner to Sweden and President of the Olympic Committee, has issued a statement to the effect that Knox is to consider himself in complete charge, and that unless Howard obeys him, Knox is to take the latter off the team, and send him back West.

# THE GRENADIERS AND THEIR ARMORY

## Complications Over Controllers' By-Law Forbidding Building on Esplanade Avenue.

Lt.-Col. J. Carson, commanding officer of the new Grenadier Guards, who hold property for an armory at the corner of Rachel street and Esplanade avenue, when asked in regard to the new by-law passed by the Board of Control, forbidding the building of stores, armory or drill sheds on Esplanade avenue, between Duluth and Mount Royal avenues, stated that while he had not given the new move on the part of the city a great deal of thought as yet, he did not believe that they could prevent the Dominion Government from erecting an armory or drill hall on their own property, which they had secured some time ago for that purpose.

"I really don't see the object of the Controllers in passing such a by-law," continued Col. Carson, "and I have written them to find out if they really intend to try and stop the Government from building an armory on their own property. However, it is a little premature to say anything on the subject yet."

# MR. AGAR DILLON IS ASPHYXIATED

Mr. Agar Dillon, a brother of Mr. G. A. Dillon, of the firm of Bellhouse, Dillon & Co., was found dying in a room at 134 Berri street, this morning at 8 o'clock. A doctor was summoned immediately, but he arrived too late, and Mr. Dillon died at 9.30. The cause is believed to be asphyxiation. The deceased was 52 years old, unmarried, and was employed in a lawyer's office on Notre Dame street.

Coroner McMahon stated this morning that he knew nothing about the circumstances of the case, except that he had instructed Dr. Dugas, the medical expert, to make a report on the case as soon as possible. The Assistance Publique is located at 134 Berri street, and there the people in charge are very reticent about the circumstances of the case.

# PRECEDENT MAY BE DEFIED BY MEMBERS OF ELECTORAL BODY

## Roosevelt Faction Claims They are at Liberty to Vote as They Please.

## "OLD BILL" FLYNN'S LAST RESORT SCHEME

## Declares Republican Machine Will Get Smashed in Several States if Taft Nominated.

Special Staff Correspondence.

Chicago, Illinois, June 13. — Although the apparent advantage is still with the Taft faction, it is far from safe to judge of its reality by the official statements which emanate from Mr. McKinley. He and his committee are more confident, but are far from being certain. That is why the steam-roller has to grind exceeding small,—much smaller than is defensible on any other grounds than those of necessity. Ten votes, twenty at the most, may easily make all the difference. The Taft crowd doubtless have them now, but—to use the vernacular—"will they stick?"

Until to-day the Roosevelt camp yielded not a whit to the Taft boosters in their claims that they would control the convention and have some votes to spare. Senator Dixon still refuses to yield, but his accents have lost the enthusiasm they once held, and he repeats his prognostication seemingly as a matter of habit rather than conviction. "Old Bill" Flinn, of Pittsburg, leader of the militant wing of the Roosevelt cause, has come out so defiantly as to what will be done in case Taft is nominated that it is apparent he does not share the confidence which Senator Dixon professes in his calmer moments. Mr. Flinn has very few of them. He, too, will repeat that all plans of subsequent action are based on the contingency of Mr. Taft's nomination. At other times he conveys the unmistakable impression that the Roosevelt leaders are simply debating which of them will be the best to put into execution.

### How Electoral College Might Act in Emergency.

Two more suppositious schemes have been added in the past twenty-four hours to the already long list of things which might be done to elect Theodore Roosevelt president, no matter what action the convention takes. One of them is based on the fact that the members of the Electoral College are at perfect liberty, theoretically, to vote for whichever of the presidential candidates they please.

The original idea of an Electoral College was that each State should send to it a certain number of its wisest and best citizens who should cast about for the man best fitted to discharge the duties of Chief Executive of the United States. Their deliberations were to be calm and essentially patriotic. As long as there were no national political parties, this was an ideal possible of attainment. Unfortunately national political parties came into existence almost at the same time as the Electoral College.

Thereupon the members of the College began the custom of discharging their duties by voting, as a matter of course, for the candidates who were favored by their respective parties. In other words, they made the Electoral College merely a cumbersome and useless cog in the election machinery. Today the sole qualification for membership in the Electoral College is the ability and willingness of a man to pay his own fare to and from Washington.

Many of the distant States send one elector in person and the others by proxy. The College meets for half an hour once in four years, gets a paragraph in the papers, and lapses into obscurity for four years more.

Nevertheless the power is latent in it to act as the framers of the Constitution expected it would act. There has never been any legislation preventing its members from voting as their conscience or their fancy dictated. It is on this fact that the Roosevelt people are building one of their alternative plans. Suppose Taft is nominated, he will appear at the head of the Republican ticket in every State, and immediately under his name will come those of the excellent but unknown citizens who will form the State's delegation to the Electoral College. They have already been chosen by the State Conventions. They will become members of the Electoral College if the Republican party carries their respective States, and precent prescribes that in such a case they must vote for the presidential candidate nominated by the National Convention.

The Roosevelt leaders insist that they are in honor bound to do no such thing. If they have been elected in a State which declared itself at the primaries as favoring Theodore Roosevelt as president, their obligations to the people who elected them can only be discharged by electing Theodore Roosevelt president Q. E. D.

### May Smash Republican Machine Generally

The second plan is more comprehensive, and includes the smashing of the Republican machine in several States, as well as the national institution. "Old Bill" Flinn, who has just ousted Senator Penrose from the position of "Big Boss" of Pennsylvania, is responsible for it.

This is how he explains it:

"They can go on stealing delegates until they are black in the face," he said, "but the Republicans of Pennsylvania will never stand for a nomination made that way. The Republican State Convention of Pennsylvania is in recess, and if Taft's nominated under existing conditions, it will be called together to see to it that the Republican candidates for presidential electors represent the will of the people as expressed at the primaries, and do not support a national ticket nominated through thievery. We have nominated thirty Roosevelt electors out of thirty-eight in Pennsylvania. These men will not be bound to support Taft as the so-called Republican nominee for President."—J.S.L.

Chief Justice Lemieux, sitting in the Superior Court at Quebec, has ordered Dr. Lesage, of La Revue Medicale, to pay Mr. Galipault, member for Bellechasse, $50 damages and $50 costs, Dr. Lesage agreeing to publish a retraction of criticism of Mr. Galipault regarding his stand on the "bone-setters' bill."

### SWISS MOUNTAINEERS SETTLE IN CANADA.

The first party of Swiss guides and their wives to form the neucleus of the permanent Swiss colony which the C. P. R. is establishing in the ready-made Swiss village of Edelweiss, near Golden, in the Rocky Mountains, arrived in Montreal to-day, and will leave to-night for their new home. There were twelve adults in the party, nine of whom appear in the above photo. They are Edward Feuz, jr., and his wife, Ernest Feuz and his wife, Rudolf Aemmer and his wife, and Christian Hasler and his wife, Godfroy Feuz and his wife, Walter Feuz, and Hamry Heimann. The Swiss village, which has been in preparation for the past year, consists of a number of pretty houses situated on a lovely mountain slope within view of the main line of the C. P. R., and commanding magnificent vistas of the Selkirks and Rockies. The men of the present party will be employed during the summer months as guides for mountaineers, but it is expected that a thriving industrial colony of Swiss people will in time be located at Edelweiss. The house shown in the above photo is one of the ready-made ones prepared by the C. P. R. at Edelweiss.

# MR. ERNEST GAULT GIVEN A DINNER BY HIS ADMIRERS

## Volunteer Workers Show Appreciation of His Efforts for Conservative Cause.

Mr. Ernest Gault, M.L.A., for St. George's Division, of Montreal, last evening tendered a dinner to the volunteer workers who assisted him in his election during the recent provincial campaign.

Covers were laid for about sixty guests, the affair taking place at the Montreal Club. During the evening a number of speeches were made, the speakers including Messrs. L. T. Marechal, K.C., H. B. Ames, M.P., for St. Antoine, and Summerez Carmichael, who had charge of the organization for Mr. Gault, in the campaign.

The keynote of the speeches was eulogy for Mr. Gault and his services in the Quebec Legislature, the several speakers urging the necessity of keeping intact the excellent organization perfected by the member-elect for further use in the Conservative cause.

Mr. Gault, in addressing the workers present, thanked them for the splendid support they had given him in the recent elections and urged upon them the necessity of keeping in the closest touch with both Federal and provincial affairs.

During the evening a number of songs were given by Mr. S. Dunn, while Mr. Arthur Ware entertained the company with an exhibition of slight-of-hand tricks.

# CITY'S WIRE PROBLEM INTERESTS MR. LEMIEUX

## Former Postmaster-General Discusses Topic With Mayor Lavallee.

Hon Mr. Lemieux called upon the Mayor to-day in regard to the problem the city has taken up in regard to burying the overhead wires. It was urged by Mr. Lemieux that the wires should be done away with as quickly as possible. The situation was such that wires were not only an eyesore but that they hindered firemen in their work, and also were detrimental to the progress of the city in the business districts.

It was explained by His Worship that the Board of Control had some time ago taken steps for the total abolition of the wires. The city had now power from the Legislature to construct conduits in which companies would be compelled to use and rent from the city. A special committee had been appointed to report to the City Council on the best system which should be inaugurated so conduits could be built. The committee, as yet had not completed its report, but it was expected in the very near future. Mr. Lemieux was assured by the Mayor that the corporation was determined to go ahead with its project to have all overhead wires done away with.

### British Capitalists at St. John.

St. John, N. B., June 13.—The British capitalists were St. John's guests to-day. In a disagreeable rainstorm they were given a harbor trip this morning and auto tours this afternoon. Luncheon was taken at the Golf Club. To-morrow they will go by steamer up the St. John river to Fredericton as the guests of the provincial government.

# LONDON STRIKE BEGINS TO BE FELT IN MONTREAL PORT

## Mr. Robb Thinks Montreal System Would End Trouble at London Docks.

That a system like Montreal's for dealing with the London Dock strikers might put to an end to all the trouble there, is the opinion of Mr. James Robb, secretary of the Shipping Federation of Canada. Mr. Robb stated this morning that the present strike in London was not justified. "The last one was," said Mr. Robb, "the men deserved better treatment that time, but now they do not. I doubt if the present strike would have occurred had there been an agreement between both parties concerned in the strike, such as there is between the longshoremen and the shippers of this port."

Here, it was pointed out by Mr. Robb, the men must notify the Board of Conciliation if they are not satisfied. This Board, which is composed of representatives of both parties, then decides the question at issue, and if either one of both parties does not then abide by the judgment of the Board, the side which dissents has to forfeit the $2,000 guarantee money which has been placed to insure goodwill by both sides.

In the opinion of Mr. Robb, if this system had been in vogue in London, the strike would have been avoided.

Mr. Robb remarked that the London dock workers are hurting their brother workers in all ports by their strike. There are some twelve ships which should long since have docked here, which are still tied up at their berths at London. Consequently there are less ships in this port to be unloaded and the longshoremen of this port suffer from shortage of work.

### QUEBEC TO URGE VIEWS UPON DOMINION PREMIER.

Quebec, June 13.—Some prominent Quebec men are organizing to meet the Right Hon. R. L. Borden to-morrow, at Levis, where the Prime Minister will pass, on his way to Halifax, and England. They will acquaint him with the urgency of Quebec's crying needs, and ask him to force the completion of the Transcontinental Railway from Abitibi to Quebec, so as to keep for Canadian ports, the traffic which will be brought from Western Canada, by the Transcontinental, and not allow it to go to American ports.

# WHISTLES MERRILY WITH LAST LOOK OUTSIDE PRISON

## Sylvio Yacovloff Drives Unconcernedly to Jail After Hearing Sentence of Death.

The second cell in the murderers row in the north wing of the Montreal Jail was occupied last night when Sylvio Yacovloff was transferred to a cell immediately next to that occupied by John Cummings, the wife murderer, when he was taken back to jail from the Court House after the death sentence had been passed upon him last night.

Yacovloff like Cummings was driven from the Court House in a cab accompanied by Governor Vallee and Sergt. Hanna and was immediately transferred from the main section of ward seven to that portion set aside for condemned prisoners, the cell having been made ready for him while he was being driven down.

Neither of the condemned men have shown the slightest sign of weakening. Yacovloff chatted pleasantly with the Governor while being driven to the jail last night. He never once mentioned the crime for which he had just been sentenced to death and talked rather as a man would while having a daily constitutional rather than that of a man who was taking his last look outside of prison walls. When he stepped from the cab on arriving at the jail he was whistling merrily and the same spirit remained with him while being conveyed to the jail.

### Condemned are Unconcerned.

There are two men on the death watch in ward seven now, and they both state that never in their experience have they run across two such unconcerned men as Cummings and Yacovloff. After a good night's sleep the latter had a hearty breakfast this morning, while Cummings sleeps and eats as well as he did before the trial.

There is a general feeling about the Court House that Cummings sentence will be commuted to life imprisonment, but nothing official has been done to bring this about as yet.

### Machine Stuck in Road.

A huge excavating machine, weighing about 30 tons, broke through the asphalt roadway opposite 260 Dorchester east at noon to-day, making a hole two feet deep, fifteen long and ten wide.

# MANY HERE WANT HELP FROM HOME RE-UNION BODY

### Duke of Connaught and Earl Grey Congratulate New Association in Montreal.

Great interest is being manifested in business circles of the city in the new Imperial Home Re-Union Association now being organized in Montreal. The object of the new organization, the membership of which includes many of the city's most prominent men, is to place at the disposal of worthy British workmen the means to enable them to bring their wives and families to the Dominion.

The scheme has been tried out with splendid success in Winnipeg and Toronto, where the local associations have been entirely self-supporting, and none of the guarantors have been called upon to put up a single cent as a result of operations extending over a year's time.

Applicants are made to feel that the scheme is in no sense of the word a charity, the money advanced them being repaid in monthly instalments based upon the wages of the workmen. The closest enquiry as to the character and antecedents of the applicants is made by the committee, working in conjunction with employers and public organizations, so that none but worthy men are assisted by the association.

Mr. H. K. S. Hemming, who has been taking an active interest in the organization of the association, stated to-day that the efforts of the provisional committee were being well received throughout the city but that a number of guarantors to the extent of $200 were still required to put the organization on a sound financial basis.

**Approve of Plan.**

Already, Mr. Hemming stated, there have been a number of applications received from men well worthy of the temporary assistance required to bring their wives and families to this country, but definite action in their cases was deferred until the completion of the work of organization.

Letters of support and encouragement have been received from a number of the most prominent men of Montreal, while Premier Borden, Sir Lomer Gouin, and others have also written approving of the object of the new association.

The following communications have also been received by Mr. Hemming from His Royal Highness the Duke of Connaught and Earl Grey, ex-Governor-General of the Dominion:

"I am desired by the Governor-General to acknowledge receipt of your letter of the 12th instant, and to inform you in reply that His Royal Highness will be very pleased to become Patron of the Imperial Home Re-Union Association of Montreal as requested.

"His Royal Highness is much interested in the work the Association proposes to do and wishes it every success.

"I am,
"Yours faithfully,
"(Signed),

**Lord Grey Approves.**

"I am desired by Lord Grey to acknowledge receipt of your letter, and to say that he most gladly accedes to your request that he should accept the honorary position of Patron of the Home Re-Union Association of Montreal. Lord Grey is very glad to see that Montreal is taking up this matter. The last letter he received from Toronto informed him that over 700 individuals had been assisted by the Toronto Association.

"I am desired to convey to you his best wishes for the success of the Association.

"Yours truly,
"BELGRAVE GILLERTSON."

## TRAP BASS POACHERS AND SEIZE THE NETS.

### Game Keepers Lie in Wait Near River Beaudette and Catch Two Men.

Fish poaching seems to have become a popular and profitable line of business of late, in spite of the fines that have been imposed on the men already caught. Complaints made by the fishermen frequenting the River Beaudette that the bass grounds were being depleted by poachers, resulted in Chief Game Warden Griffiths and underkeepers making an investigation. Nor were their efforts fruitless, for, after a night vigil among the reeds bordering the river, they finally captured Alderic Bissonnette, G. B. Bragg and Frank Martin, all of the village of Riviere Beaudette. In the small hours of the morning taking up their nets set for bass. The men when arrested, made no trouble, and were immediately taken to the village. Two nets, 75 feet long, and valued at $35 each, were seized, as well as a number of spears. The nets were completely filled with fish, bass predominating. The poachers were fined $5 and costs, as well as having their nets confiscated.

Several poachers who had been caught previously in the district of Montreal, were yesterday brought before Magistrate Riendeau. Joseph Prevost, Alfred Charbonneau, Emery Papineau, A. Allaire, and Joseph Ouimet, were condemned to fines, ranging from $5 to $30, for the infraction of the fishing law, and Regis Latour, of Ile Jesus, was fined $20 for catching dore, of smaller size than the law allows.

## MR. ROWELL'S PLANS.

### Liberal Member Plans Educational Tour of Ontario.

Special to The Montreal Star.

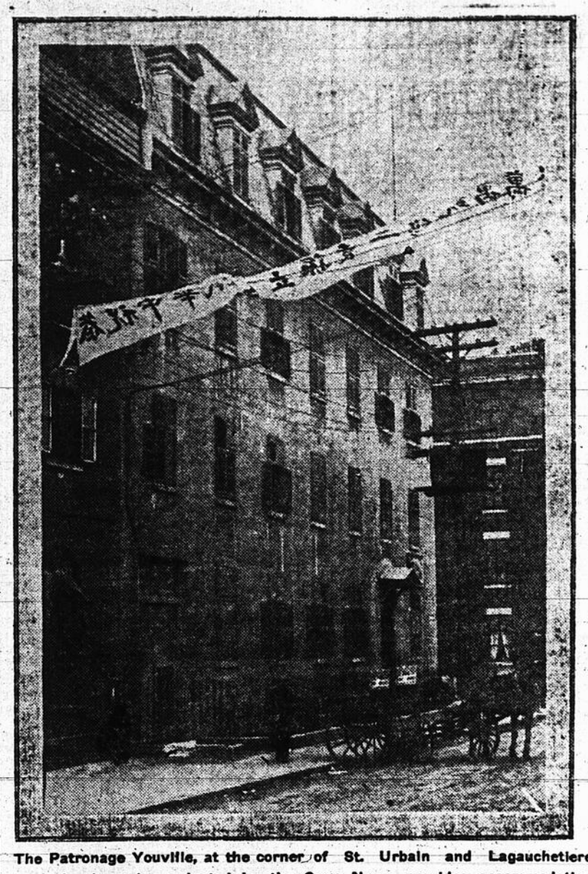

Toronto, June 13.—The Liberal members of the Ontario Legislature intend to visit the different sections of northern and northwestern Ontario, in order that they may be able intelligently to criticise the expenditure and administration of the Provincial Government's $5,000,000 grant. Mr. N. W. Rowell, K.C., leader of the Opposition, makes this announcement.

**Pharmacists Elect Councillors.**

Special to The Montreal Star.

Quebec, June 13.—The members of the Pharmaceutical Association of the Province of Quebec, who have just held their annual meeting at Laval University, under the presidency of Mr. A. C. Tremble, have elected six new councillors: Messrs. A. L. Jolicoeur, and H. P. Laroche, of Quebec; E. C. Fraser, of Sherbrooke, and H. W. Reynolds, J. A. D. Godbout, and F. H. Pearman, of Montreal. The officers will be elected at the first meeting of the new Council on July 3rd.

## PROVIDE A HOME FOR WORKING GIRLS.

The Patronage Youville, at the corner of St. Urbain and Lagauchetiere street west, conducted by the Grey Nuns, provides accommodation for working girls at a low rate. At the time the photograph was taken by a staff photographer there was a celebration in the new Chinese Masonic Temple nearby, hence the streamer with Chinese characters across the street.

## Mission Work to Be Reorganized

### Presbyterian General Assembly Approves Establishment of Treasury Board.

Edmonton, Alb., June 13.—The Rev. Dr. A. S. Grant, the general superintendent of missions for the Presbyterian Church, carried the general assembly with him in a proposal to reorganize completely the mission work of that body.

In past years this work has been done by a variety of committees. Each of these bodies made a separate appeal to the church for money. Each of them also reported to the presbytery, the synod and the general assembly. The result was that the church listened to a great many appeals, and the courts of the church spent their time every year in listening to the reports of a multitude of committees.

The contention of Dr. Grant was that a number of these committees should be amalgamated, and that, so far as the collection of money from the church was concerned, that they should all be amalgamated. For this latter purpose he proposed that the church should name a treasury board, which would take full charge of the finances of the church and distribute money to the various committees.

During the latter part of the afternoon a long discussion occurred with reference to a proposal to permit students to graduate as ministers without a knowledge of Hebrew.

Many of the members of the court, including Dr. Campbell, of Montreal, and Dr. Forrest, of Halifax, vehemently opposed the change. The matter was decided by the assembly with an order that courses might be arranged in which a knowledge of Hebrew would not be required.

## CANADIAN RECIPROCITY REPEAL AMENDMENT STANDS

### Deadlock at Washington on Tariff Legislation—Senate Refuses to Recede.

Special to The Montreal Star.

Washington, June 13.—By a vote of 33 to 27 the Senate refused yesterday to recede from its amendment to the Steel Bill, repealing Canadian reciprocity and imposing a world-wide tax upon print paper. That amendment has already been rejected by the House and the deadlock the amendment was intended by the stand-patters to produce in tariff legislation for this session is already realized.

The result of the Senate's action was at once to throw the Steel Bill into conference, and it will there block tariff legislation indefinitely.

Meanwhile, as other tariff measures come up to the Senate, the Canadian reciprocity amendment will be appended to them, with the consequence that all bills will encounter the difficulties prepared by the regulars for the steel measure.

Senator Gronna the original proposer of the repeal amendment, yesterday read a letter from a constituent, who wrote that "President Taft had killed himself politically by negotiating the treaty," and that he "had been requested to support Champ Clark but found it difficult to do in view of the fact that he (Clark) was not only for reciprocity but for annexation of all outdoors."

## Amusing Case in Malone Court

### Prisoner and Chickens He Stole Take Refuge in Part of Court Room on Canadian Soil.

Malone, N.Y., June 13.—Two chickens flew to the north end of a room occupied by a justice court yesterday and bade defiance to tthe justice and his constabulary minions. Then a man accused of stealing the chickens did the same thing and American justice was in a dilemma, an "international episode" being imminent.

The Court room is one-half in Canada and one-half in the United States, and the prisoner, for himself and the chickens, claimed they were outside the jurisdiction of the Court.

A young Maine attorney, who represented the people in the case, was summoning all his tact to coax the feathered and unfeathered bipeds back under the Stars and Stripes, when the former, unlettered in the law of jurisdiction, cackled their way across the line, followed by the defendant, who tried to shoo the chickens over into Canada again. He was unsuccessful because he was g rabbed and held to the bar on the United States side until found guilty, and sentenced to thirty days' in jail.

## MADE-IN-CANADA TRAIN DRAWS CROWD IN CALGARY.

Special to The Montreal Star.

Calgary, Alb., June 13.—Officials of the "Made-in-Canada" train had a difficult task yesterday accommodating the Calgary visitors. From nine o'clock in the morning until ten at night the car aisles were jammed. More than twenty thousand people viewed the exhibits. The train remained here until eleven o'clock today to accommodate those who could not obtain entrance yesterday.

## WORKING GIRLS FIND A REFUGE IN THIS HOME

### Can Secure Pleasant Quarters and Nice Meals for a Modest Charge.

At the corner of St. Urbain and Lagauchetiere streets stands a tan gray house with a history. The Patronage d'Youville, or Maison d'Youville, as it is usually called, was originally a Refuge Home for girls, founded by the Rev. M. Picard about 180 years ago. It was a haven where for a night or two girls and young women without homes, in search of work could sleep in safety, but it was not intended for a home. No meals were served, and the bedrooms were only occupied temporarily.

But the Order of the Grey Nuns took over the management of the house in 1895, and to-day it is a comfortable, cheerful place where business girls, (telephone operators, typists, etc.), can have home-like board and lodging, permanently, at truly the cheapest rates one would find in the city of Montreal.

If a girl cares to share a bedroom with two others, she need only pay $3.00 per week, and those three dollars include her full board. For two in a room the cost is $3.50 and by paying the maximum charge—$4.00 per week—a girl can have her board and a good-sized, well-furnished room exclusively for her own use.

There are four bedroom floors with accommodation for 80 girls, as well as twelve bedrooms set apart for domestics who are in need of a home whilst searching for work.

**Pay if They Can.**

"They pay if they can," said the mother superior, referring to the domestics with an indulgent smile. "And if they can't pay—well they may stay here just the same. We can get all sorts of work, and there is a sister here in the 'bureau de placement' all day and she helps all the girls to get positions."

"About how many of the bedrooms are occupied? Well we are generally full up—all the eighty beds in use And downstairs in the dining rooms we have about 200 girls altogether for the meals. You must see the chapel and the bedrooms now, and then we will go downstairs to the dining rooms."

She led the way through quiet cool corridors into the little chapel on the second floor. She knelt before the gold and white altar for a moment—a picturesque figure in her voluminous grey brown skirts and quaint black muslin coif. It was a beautiful chapel, though very small, and the pictures, the candles burning before the gold and white altar, and the dark wooden pews made a fitting background for the sister as she bowed her head reverentially in prayer.

The bedrooms are well furnished and airy, and many of the girls have made their rooms very home-like and pretty, with their own pictures and ornaments.

The mother superior pointed out a sewing machine in one room.

"They often bring their own," she said. "If they want to sew and haven't one, we let them use ours, for we have four or five."

All the bedrooms have nice bureaus with pretty clean covers, and the private ones are beautifully furnished.

There are two large dining rooms on the first floor, with pictures on their cool green walls, and many nicely appointed tables, most of the latter in the inner room being reserved for girls who come in for their meals only.

Any separate meal costs 15c, and a dollar's worth of tickets covers the cost of seven meals, which are served at hours especially adapted to the needs of business girls. Breakfast is from 6.30 to 8 a.m.; dinners from 12.00 to 1.15, and the evening meal from 6.30 to 7.30 p.m.

There is a nice reception room for the girls, and beyond it, a recreation room with a piano.

There is a separate wing with a reception room, etc., for domestics, who, however, have their meals in the general dining rooms.

"We close the house at ten o'clock every night," said the mother superior, "but if there is any good reason for a girl to be out late, then we wait up for her."

The home seems to be run on very generous and broad-minded lines, the girls have the full use of the telephone, and in many other ways are made to feel at hime, and last, but least, girls of all denominationss, Catholic or Protestant are welcomed, and given good care and protection by the sisters.

# MADERO FORCES STILL ADVANCING UPON THE REBELS

## Reports Inhabitants Flocking to the Government Standard—Unrest in Michoacan.

From a Special Correspondent of the Central News.

Mexico City, June 13.—Inhabitants of the State of Chihuahua are flocking to the Federal standard, according to an official despatch received at the War Department last evening from General Huerta. Telegraphing from his headquarters in Santa Rosalia, General Huerta says that since the recent defeats which he administered to Orozco more than 3,000 troops have been secured in Chihuahua for the Federal army and that everywhere the arrival of the Federals is marked by general rejoicing.

Huerta reports that the towns evacuated by the rebels were found by him to be in a woeful state. Before withdrawing the rebels looted them, robbing the inhabitants of everything movable.

Huerta has repaired the big steel bridge near Jiminez and over twenty small bridges, some as far north as Santa Rosalia, permitting the passage of trains northward to the latter point.

He says that the greatest obstacle to the further advance of the Federal army is the destruction of the million-dollar steel railroad bridge directly north of Santa Rosalia. He has 1,000 men at work repairing this large structure, but reports that fully fifteen days will elapse before he will be able to move trains across.

An uprising in the State of Michoacan is unofficially reported. The reports states that the rebels have looted Puruandiro, killing the chief magistrate and committing other outrages. General Lopez, commander of the Federals in that State, is reported to have called for reinforcements. The British gunboat Algerine, which has been on the West Coast watching British interests for several weeks, has sailed from Manzanillo for San Francisco. Its departure from Mexican waters is significant of the marked improvement.

Tranquility prevails throughout the State of Tabasco, says Consul Iespinasse, in a message from Frontera. He states that Americans in that section have been absolutely unmolested and that there is no likelihood of any disturbance.

In an interview with Foreign Minister Pedro Lascurian last night, the Minister said he doubted the report that American Ambassador Wilson was in Washington to frame a treaty providing for a neutral zone on the northern border. He pronounced the idea impracticable and said that existing conditions are not parallel with those in the last century, when General Miles, prosecuting the war against the Apaches, frequently pursued them into Mexican territory.

**Rebels Hang Prisoners of War.**

Juarez Mexico June 13.—One hundred and seventy-five Mexicans federals and rebels were killed in battle in the heart of the Mormon colony at El Valle near Colonia Dublan yesterday. The fight opened at dawn when a federal detachment, presumably from Casas Grandes, attacked the rebel garrison. The federals were repulsed with a loss of ninety killed and twenty-six prisoners, many of them wounded. The prisoners were promptly hanged to the telegraph poles along the line of the Mexican Northwestern Railroad, which is owned by Dr. F. S. Pearson, of the English syndicate.

Orders for the execution of the prisoners came from Chihuahua, declare the rebel commanders in the field. When Col. Orozco, father of the rebel leader, was asked if his son had ordered the execution of all federal prisoners of war, he refused to answer.

They complain that the courts are located in unsanitary, dilapidated and overcrowded buildings; also that legal business has become almost impossible owing to the ridiculously small number of judges, magistrates and other officers. Similar strikes are threatened at Genoa and other cities.

## Two Men From Antarctic Expedition Reach Plymouth—Factors in Amundsen's Success.

London, June 13.—Two members, Cheetham and Clissold, of Commander Scott's Antarctic expedition, arrived at Plymouth last night.

The men said they were confident their leader had reached the South Pole, and added that but for the early formation of ice Scott would have reached home this year.

They were greatly disappointed to learn that Amundsen had first reached the Pole, but point out that fine weather and a good route were great speed factors in the Norseman's success.

# SOCIALIST MOTHER LOSES CUSTODY OF HER CHILDREN

## She Took Them Away From Christian Home, So Judge Took Them From Her.

Special to The Montreal Star.

Los Angeles, Calif., July 13.—Testifying that she removed her two children, Karl Marx Walker and Moyer Heywood Pettibone Walker, from the home of a Christian family where they had been placed because she said she did not want them reared with false ideas concerning religious views, Mrs. Eunice Walker, who said she is a Socialist writer, to-day lost custody of the children in the Juvenile Court. They were ordered placed in the Mrs. Miner Home for Children.

Judge Wilbar is greatly interested in Judge Hanford's troubles with Socialism. Mrs. Walker's strong Socialistic tendencies has led her to name her children, one after Karl Marx and the other after Moyer Haywood Pettibone, tried in Idaho, on a charge of conspiring to slay Governor Steunenberg.

# LOUISIANA FLOOD CREATES DESPERATE STATE OF AFFFAIRS

## Planters Abandoning Sugar Plantations—Plight of Small Animals Distressing.

New Orleans, La., June 13.—A desperate fight is being waged in La Fourche and adjoining parishes to keep the flood waters of Hymella crevasse from inundating several valuable sugar plantations, the flooding of which will increase property loss by the thousands. Several plantation owners have given up the contest as hopeless and are moving what property they can.

Live stock by the hundreds isolated in La Fourche parish, are almost certain to die of starvation. Steamers with sandbags and supplies are en route to the La Fourche section.

The plight of small animals is distressing. Herds of rabbits can be seen on almost any exposed knoll. Muskrats, the enemies of the levee builder, have been forced from their burrows, and trees and bushes are fairly alive with rattlesnakes and other reptiles, all seeking to stay above water.

### BOMB OUTRAGE AT PORT ALEGRE TO-DAY.

Special to The Montreal Star.

Lisbon, June 13.—A bomb was thrown into a political meeting of Republican officers and civilians at Port Alegre to-day, killing two and injuring six. The Royalists are accused of the outrage.

# GOVERNMENT WILL APPEAL LUMBER CASE

## Question of Tariff Interpretation re Sawn Lumber to Be Finally Decided.

Special to The Montreal Star.

Ottawa, June 13.—An appeal will be instituted by the Government from the judgment of the Exchequer Court yesterday in the case respecting the interpretation of the tariff on lumber sawn on three sides, planed on one and then "edged."

Heretofore it has been admitted free, but the British Columbia lumbermen claimed that this was an evasion of the law. A test case was consequently submitted to the Court which holds the article in question dutiable.

As the importations total several millions annually, the case will be carried to appeal in order that the question may be adjusted finally for the guidance of the department.

**Much Impressed With Sydney.**

Special to The Montreal Star.

Sydney, N.S., June 13.—Thirty-four of the party of British manufacturers arrived in Sydney yesterday. They were given a sail on the harbor and shown through the steel plant by the manager, Mr. Butler. Luncheon was served at the Sydney Hotel for the visitors and about seventy guests.

All were greatly impressed by the industrial activity and commanding position of the city. The party left at five o'clock for St. John and Fredericton.

### "CHILDREN'S DAY" TO BE OBSERVED.

Next Sunday, June 16, will be Children's Day at the Fairmount Avenue Methodist Church, and all the services will be devoted to the work of the Sunday school. At 11 a.m., the children will meet in the schoolroom with their floral offerings and march upstairs, where they will build a Floral Cross, and be addressed by the pastor, Rev. G. I. Campbell. At 3 p.m., there will be an open session of thes chool with an interesting programme—an address by Mr. J. H. McComb, solos by Miss Thelma Hutchison and Master Moore, a quartette, "saluting the flags," etc. At 7 p.m. the pastor will preach.

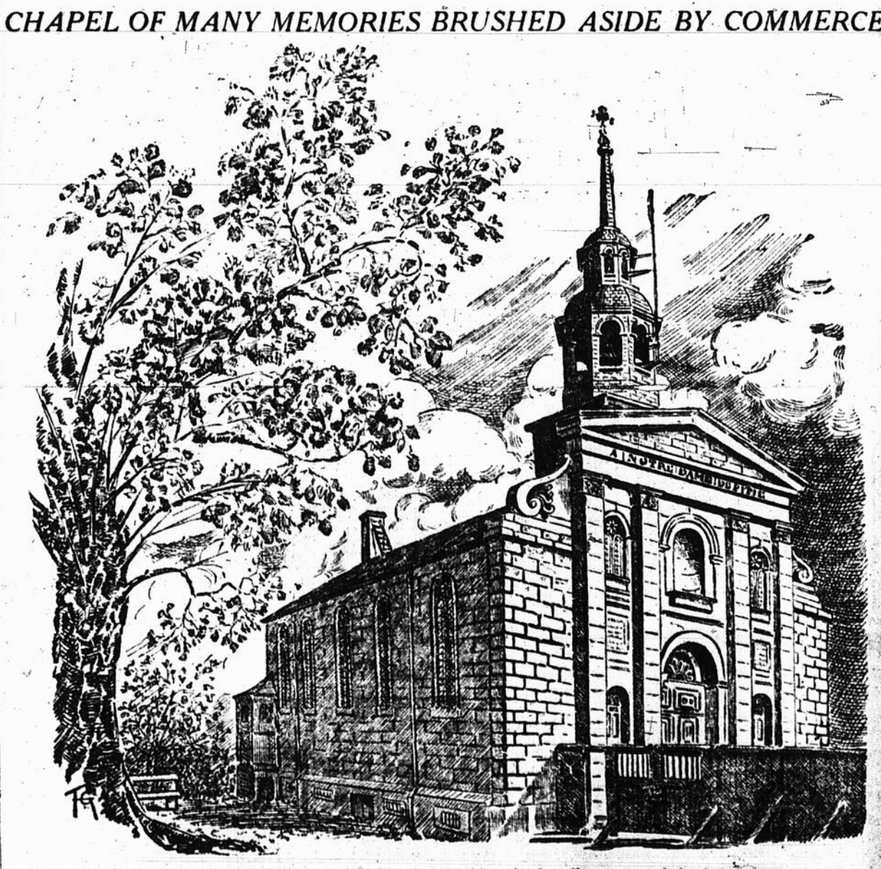

### SHAKESPEARE SHOW MAY BE GIVEN IN GERMANY.

Berlin, June 13.—A Hanover capitalist has proposed to Mrs. George Cornwallis West to transfer the Shakespeare exhibition from London to Berlin next summer. The offer is the result of the visit Prof. Reinhardt paid to Earl's Court last week. He stated that the exhibition could be presented in Berlin and that all Germany would flock to see it.

If Mrs. Cornwallis West entertains the proposal, Prof. Reinhardt will be invited to produce "Shakespeare in Ye Olde Globe Theatre," in German, with a caste of leading German actors.

OXFORD, N.S. — Mrs. Daniel Millar, aged 60 years, is dead.

## CHAPEL OF MANY MEMORIES BRUSHED ASIDE BY COMMERCE.

Another landmark of old Montreal is about to disappear. The little Chapelle de Notre Dame de Pitie, has been bought by the City and will shortly be demolished to make way for a new road.

The little gray building stands in the grass-grown courtyard and belongs to the old Mother House of the Congregation of Notre Dame, now occupied by the pupils of the Normal School.

"We are very sad to lose our chapel said the gentle-voiced nun, who guided a Star representative through the dismantled interior. "See," she went on, pointing to several bare spaces and empty niches, in the old stained walks, "We have stripped down everything. All our pictures of the way of Our Lord, they are gone—all our statues. We have taken our big bell from its tower, and sent it to the Mother House of our community on Sherbrooke st."

The pews were gone, and the chapel looked very desolate and empty. There were a few wooden altar-rails on the bare boards in the centre of the nave, and on an altar at the left of the sanctuary, lay the old gilt angel fountain, which used to contain the Holy Water, at one of the side entrances.

"The founders of our community built the first church here, on this spot, in 1693," said the nun. "She was Soeur Bourgeois, and Mdlle. Lebart, a young lady belonging to one of the richest families of the colony—Montreal was only a colony then you know—gave a lot of money to help her. You will see the inscription on the outside of the chapel, near the main door."

There are memorial tablets in the wall, on either side of the door-way. The one on the left tells of the building of the original chapel—"Ici fut Batie l'ar la Soeur. Bourgeois, et Melle. Lebart, l'ancienne Eglise de N.D., en 1694" and the other on the right, of the new one:

"Cette Nouvelle Eglise a ete elevee par les soeurs de la Congregation en honneur de N.D. de Pitie en 1856."

An extraordinary scene occurred in the cemetery at Zurawica, Galicia, during the funeral recently of a local landowner. The priest had given his last benediction to the departed, and the coffin had been lowered into the grave, and the family and friends were throwing clods on it, when suddenly hollow cries for help broke from the grave. Most of the mourners ran away panic-stricken, while the priest and sextons got out the coffin and opened the lid. To their amazement, they found the supposed dead man alive. He soon recovered, and was able to walk home unaided. He is now perfectly well.

An Italian woman, the other night, in Columbus, O., left her baby, a year old, at the city prison as surety for the appearance in the police court the following day of her son, aged eighteen, who was arrested for drunkenness, while she and her son ran several blocks to inform neighbors of her son's release. It was two hours before the mother returned and paid a cash surety and obtained her baby.

# DETECTIVE TELLS DRAMATIC TALE OF FRANKLIN ARREST

## Samuel Browne, Who Disputes Burns' Claim to Reward, the Chief Witness.

Special to The Montreal Star

Los Angeles, Cal., June 13.—New links were added to the chain of evidence in the case against Clarence Darrow by the State Prosecutors, when S. L. Browne, chief of the Department of Criminal Investigation for the States Attorneys' office, testified concerning his part in the arrest of Bert H. Franklin.

According to Browne, Attorney Darrow was on the scene of the alleged bribery, and was about to speak with Franklin when he (Browne), stepped up and placed the latter under arrest.

Some very damaging testimony was presented by Browne against Darrow. Browne related a conversation with Darrow following Franklin's arrest, in which he alleges Darrow offered to "take care of him provided he would use his influence with Capt. Fredericks."

"You do the best you can for us, and I will take care of you," were Darrow's words, according to Browne.

"Is there anything we can do? If I had known it was going to happen, I would never have allowed it," Browne alleges Darrow also said to him.

Browne's testimony created deep interest in the court room. No interruptions were registered by the defence.

**Told of the Trapping.**

Browne told of taking several detectives to Lockwood's home the night that Franklin had an appointment with the prospective juror.

"I put Allison on a water tank, Nicks, Carey and Ong in a hayloft in the barn, and Campbell and myself on the rear screen porch. Shortly after our arrival, Bert Franklin called. Lockwood took him for a little walk. As they passed us, I heard Lockwood say to Franklin: 'Bert, I want to be sure it is safe.'"

"I assure you it is all right, answered Franklin. Then they walked toward the barn. I colld not hear what they said."

"Tell us what happened at Third and Los Angeles streets the morning of Franklin's arrest," said Fredericks.

"I took Campbell, Allison, Ong and two others to Third and Main streets. Campbell and I then went to Third and Wall streets. Shortly after this Bert Franklin came down Third street toward Los Angeles. Campbell then walked up Third street to Main. I joined Campbell later in a rooming house, at Third and Main streets. I saw Lockwood at Third and Los Angeles streets. Then they came along. They stood together a minute, then White gave Lockwood something. White took it from his pocket. White then stepped away and pulled something from his pocket and looked at it. White and Lockwood then talked a while, and then Franklin came along. Franklin and Lockwood walked away together leaving White."

**How Arrest Was Made.**

"Shortly after this, I placed White under arrest, and hastened after Franklin and Lockwood, who had turned north on Main street. I got within ten feet of them, when Darrow approached from the opposite side of Main street. As Darrow stepped up to Franklin, I elbowed them apart, and said to Franklin: 'Bert, I want you. You have been an officer long enough to know what I want you for.' I turned around immediately and saw Darrow hastening away."

"Did you see Darrow later, and what did he say to you?" was the next question.

"Mr. Darrow crossed from the post office to me and said: 'Browne, what is all this. Isn't there anything that can be done? Isn't there anything that we can do? If I had known it was going to happen, I never would have allowed it to be done." He continued: "This is terrible. You do the best you can for us, and I will take care of you."

**Rewards to Be Disputed.**

The respective claims of Detective William J. Burns and Samuel L. Browne, chief of detectives, attached to the District Attorney's office, to some $50,000 reward money, offered for the arrest and conviction of the dynamiters who blew up the Times building are expected to become involved to a considerable extent in the trial of Clarence S. Darrow for alleged jury bribery. Both men have employed attorneys to look after the collection of the rewards.

While on the witness stand yesterday Browne admitted under cross-examination by Chief Counsel Earl Rogers for the defence, that he was the chief factor in uncovering the perpetrators of the Times' explosion.

The Mayor of Tokio, Yukio Ozaki, has resigned.

BABY GEE.

**Was wasted away to a mere frame.**

Mrs. L. Gee, of 454, Bordesley Green, Birmingham, writes:

"I am sending you a photo of our baby. He is a little marvel. When one month old he had sickness very badly, and wasted away to a mere frame. He was such a bonny baby when born, weighing 9½ lbs., and when three months he was but 10 lbs. I tried all the foods on the market, and then I was persuaded to try Virol, and in less than a week there was a change in him, and all the time I gave him Virol he gained ½ lb. a week and now he weighs 25½ lbs. and is eight months old. He took first prize at the baby show at Saltley last Saturday. I have persuaded many mothers to try it for their babies. I know I should not have had my baby much longer if there had been no Virol."

## FISHERMEN DROWNED OFF ST. PETER'S, N. S

Special to The Montreal Star.

St. Peter's, N.S., June 13.—Robert Madden, of Point Micheau, and his son, twenty-three years, both fishermen, were drowned yesterday almost within sight of their home. The wind was blowing strongly from the north, and as they approached the land a back squall overturned the boat.

A Paris report tells of a big bidding contest at the Doucet art sale between representatives of J. Pierpont Morgan and his daughter, Miss Morgan. It cost the father $90,000 to take the prize, a bust of Sabine Houdon.

## EXCELLENT PROGRAMME FOR THE GYMKHANA.

An excellent programme is being prepared for the annual gymkhana for the Prevention of Cruelty to Animals which will be held at Bois Franc Lodge on Saturday, and a very large attendance is expected. In every class and for every event the entries have been large. There are still a limited number of entries open in the following classes:—

Class for horses that have never won a first or second prize at any recognized Horse Show, to be ridden by amateurs, performance only to count.

In the Ladies' Jumping Class. Horses to be shown over jumps by ladies. Performance only to count.

Entries should be given to the secretary-treasurer, J. R. Innes, 256 St. James street, Imperial Bank building, Montreal.

Miss M. Willard, a Prescott girl, is held at Brockville, Ont., in connection with the death of her infant, found dead near a home in Ottawa.

## AMERICAN SURGICAL TRADE ASS'N OFFICERS CHOSEN

Rochester, N.Y., June 13.—The convention of the American Surgical Trade Association closed last night with the election of officers. Vinsen Mueller, of Chicago, was chosen president, and W. J. Ingram, of Toronto, the retiring secretary, was made first vice-president. Charles M. Steinmuller, Philadelphia, was elected secretary.

The next convention will be held in Boston.

Count Von Meternich, the retiring German Ambassador to St. James, was last night entertained by Mr. Whitelaw Reid, the American ambassador. Lord Grey and the Rt. Hon. Winston Churchill were among those present.

## SCHOONER'S CREW PICKED UP OFF CAPE HALTERAS.

New York, June 13.—The shipwrecked crew of the schooner Judge Penniwell, Captain R. Moore, and six seamen, were brought into port by the steamer Santiago, from Havana, which picked them up from a lifeboat off Cape Hateras last Monday.

The sailing vessel was left here on May 29 bound for Jacksonville, Fla., cement laden, ran into a heavy gale on the night of Friday, June 7.

The crew, according to Captain Moore's story, worked on the pumps until Sunday, when the rising water in the hold forced them to take to their lifeboat, in which they drifted for twenty-four hours before being picked up.

The Penniwell, which was built at Bethel, Del., in 1906, registers 358 tons.

Vincent McNeil, the convict who, with two others, murderously attacked the guards at Kingston Penitentiary was yesterday sentenced to ten years' imprisonment.

**DON'T BLAME YOUR SHOES** It's the arch of the foot that caused Corns, Bunions, Callouses, Weak Back, Headache and a hundred other distresses. And yet folks persist in throwing away money trying to get shoes to overcome troubles that shoes are not responsible for. Step into a shoe store or drug store and ask for a pair of Scholl "Foot-Eazers." Wear them and you'll simply be astonished to find how long you can stand, and how far you can walk without your feet bothering you. Don't take imitations. The Scholl Mfg. Co., Ltd. 472 King Street, W., Toronto.

**Investigating Buenos Ayres Fraud.**

Niagara Falls, Ont., June 13.—The wife and parents of Harry Ward have invoked the aid of the provincial and imperial authorities to assist them in solving the mystery surrounding the receipt of cablegrams, purporting to have been sent by the British consul at Buenos Ayres, announcing the sickness and death of Ward, who was a resident of this city and asking for money to pay the expenses of his illness and the shipment of his body home. The messages were apparently bogus. In all $775 was sent.

## THE FRESH AIR FUND

**OPENING OF THE HOME.**

The Home on the Richelieu River, at Chambly, is being prepared for the opening on or about June 20th. Applications for admission may be made to the Committee at The Star Office, 165 St. James Street, on the afternoons of Monday, Tuesday and Wednesday of each week during the season, beginning June 3rd, between the hours of two and four.

Every application must be accompanied by a certificate from the clergyman to whose church the applicant belongs. Blank certificate forms may be obtained from the Secretary at The "Star" Office. 127 16eod

**Bore Shock of 12,000 Volts; Now Well**

Niagara Falls, N. Y., June 13.—Charles Goodrich, of La Salle, who was picked up for dead after 12,000 volts passed through his body at the plant of the Buffalo and Niagara Falls light plant, is to-day little the worse for his experience. Goodrich was sweeping when the broom touched a loose wire. The shock followed.

# Cement Situation---Lawson Talks Luridly---Steadier Feeling In Stocks

## STEADIER TONE SOME STOCKS DID BETTER

Yesterday's weakness in some issues was checked to-day. Steel rallied to 65, but later went to 64¾, equal to yesterday's lowest.

Cement opened at 26, but was given good support, and regained ½ to 26½.

Richelieu was a soft spot, going to 116¾, but others were stronger.

C. P. R. advanced to 266½ on better reports from outside markets. Soo was better at 141¾.

Car and Foundry jumped back to 79, but later sold one down.

Rio was quiet after yesterday's bulge at 138½.

Scotia was 95; Detroit 67¼; Mackay 86, and Toronto Rails went to 142¾.

## BUYERS AND SELLERS.

Steel buyers: Davidson & Co., Beaubien & Co., McDougall & Cowans, McCurdy & Co., Oswald Bros., Redpath & Co., Forget & Co., O'Brien & Williams.

Steel sellers: R. Forget, J. L. Marler, Redpath & Co., Oswald Bros., McDougall & Cowans, Turpin & Co., Richardson & Co., McCurdy & Co., Edgar & Co., Forget & Co., Moat & Co.

### In Wall Street

To-day's early stock market was in most essentials a repetition of the preceding day. Trading was scarcely more active and no less professional, albeit the undertone was decidedly more firm. This applied especially to the leaders, Reading, Lehigh Valley, Union Pacific and a few issues in that class, all making gains, but with little effect on the balance of the list. Weakness in Virginia-Carolina Chemical, which declined three points, followed rumors that an expected increase in the dividend to its former rate would probably be indefinitely postponed. Bonds were steady.

## DOMINION COAL BROKE ALL RECORDS

Dominion Coal Company broke all records yesterday, raising 17,647 tons of coal from their various collieries. This is 600 tons better than best previous day's output.

Mr. Gray, secretary of the company, said to-day that the output should reach 18,000 tons to-day and to-morrow, and the company expects that this year's output should reach four and a quarter million tons.

### SPECIAL STEEL MEETINGS.

Special meetings take place at Halifax on June 21st and July 6th, to comply with the technicalities incidental to the amendments made in the corporation by-laws at the annual meeting yesterday.

## FINANCIAL PERSONALS.

Hon. W. C. Edwards, of Ottawa, is in the city.

Mr. J. P. Morgan sails for New York this week.

Mr. F. B. McCurdy, M.P., arrived from Ottawa last evening.

Mr. James Gordon Bennett is due in New York from Paris.

Mr. Walter H. Cottingham, president of the Sherwin Williams Co., is in the city.

### TROLLEY MERGER DEFEATED.

Boston, June 13. — The western trolley merger bill, advocated by the New York, New Haven & Hartford Railroad, was finally defeated in the Senate yesterday.

### MINING SHARES AT AUCTION.

Mr. James Muir purchased 5,000 shares of Kingston Gold and Copper Mining Co. for the sum of $305 at auction in Quebec.

### Another Municipal Loan in London

Special Cable from The Correspondent of The Montreal Star in London.

London, June 13.—An issue will be made shortly by the British, Foreign & Colonial Corporation of £126,1000 4½ p.c. bearer debentures of the City of North Vancouver, at a price wielding £4 12s 6 p.c., not considering profit on redemption.

Applications have been made to list Lake Superior Paper Co. £669,000 6's; Marconi Wireless £250,000 shares; British Columbia Fruit Land £150,000 6's.

WINDERMERE.

### IRON NOT ACTING WELL.

(Edgar Smith & Co.)

Iron has not acted well of late, despite the enthusiastic predictions made by the bulls of the stock when the market price was around 69. Iron may not sell much lower, but we do not consider it any bargain at the present level.

### Settlement of Chiniese Loan Soon

London, June 13.—An early settlement of the negotiations in connection with the proposed Chinese loan is anticipated here. The Japanese Government has intimated its willingness to withdraw its demand that recognition of Japan's special interests in Manchuria should be included in the bankers' agreements if the bankers will place it on record that this is a matter for the powers and not for financiers to deal with. Russia's acquiescence in Japan's demand is expected to be given and is awaited shortly.

## CEMENT BEING INVESTIGATED BY MINISTER

Ottawa, June 13. — When, soon after the advent of the Borden Government to power, Sir Sandford Fleming asked for a Royal Commission to investigate the cement merger, he was told by the Premier that the subject might very properly be one of inquiry by the tariff commission.

The bill creating that body, however, saw its finish in the Senate. Meanwhile a situation has arisen which has caused the Government to temporarily cut in half the duty on cement. This was after an inquiry had been made.

The investigation has not ended, however. It is understood that Hon. Mr. White is still looking into the matter very carefully. Investigating the cost of production of the article, transportation rates, and the car shortage which is alleged.

The result of this inquiry is likely to have a very important bearing upon the future policy of the Government in regard to the tariff on cement.

### WESTERN UNION ESTIMATES.

The estimated net revenue of Western Union Telegraph Co. for the quarter ending June 30th, 1912, is $1,139,980. In 1911 the revenue was $1,982,493, and in 1910, $1,950,000.

The surplus is estimated at $44,342; the surplus in 1911 was $800,653, and in 1910 it was $769,546.

### Provisions of C. P. R. Lease of Quebec Central

The 999 year lease of the Quebec Central Railway will be submitted to the Canadian Pacific shareholders at that company's annual meeting in October next, when, if approved, it will become effective on the 31st day of December.

The principal provisions of the lease are in the direction of the Canadian Pacific Railway guaranteeing the interest on all Quebec Central securities for a term of 999 years. The board of directors will be appointed jointly by the Canadian Pacific Railway and by the security holders of the Quebec Central, the majority of the board being in Canada, where the meetings will be held in future.

### DISCOUNT RATE THE SAME.

London, June 13. — The rate of discount of the Bank of England remained unchanged at 3 p.c. to-day.

## MR. PLUMMER'S VIEWS ON THE STEEL TARIFF

Here are a few interesting points from Mr. Plummer's tariff talk at the Steel meeting:

"I need only remind you that, with neither duty nor bounty, this (steel rod) important industry is left in a position which is shared by no other industry in the country, and one which is entirely contrary to the principles on which our whole fiscal system is framed."

"If reasonable duties are put in force, we shall make a reasonable profit on the business which we are ready to undertake. The real cost to the consumers will not thereby be increased."

"I would remind you that we are not asking, and do not expect to receive, anything more than other manufacturers are receiving, that is reasonable and adequate protection."

"It (the steel tariff) is full of anomalies. It holds out with one hand inducements to enter into the manufacture of certain lines, only to take away, by exemption, a large part of the market with the other. It protects raw or semi-manufactured material, and leaves the products in the next stage of manufacture to face free competition with the world. It affords reasonable protection on many of the smaller sizes of rolled steel, but leaves the heavier sizes, where the tonnage is large and the market of most importance, with an adequate duty."

"As regards the dividends we have paid, I would remind you of the statement we made last year as to our dividend policy. We still consider it justified, because the decreased earnings of our steel business are due to causes which are temporary, and in the way of early removal. To distribute so large a portion of the earnings would otherwise not be a sound or conservative policy."

### HOLLINGER GOES LOWER.

Further selling of Hollinger to-day on the Mining Exchange carried the price down to $9.45.

## SAYS CONDITIONS IN EUROPE ARE BAD

Theodore N. Vail, president of the American Telephone & Telegraph Co. and the Western Union Telegraph Co. has returned from abroad. He said that conditions in Europe from a business standpoint are particularly bad, according to his view.

"If the people in this country who are talking pessimistically," Mr. Vail said, "would go to Europe and look over the situation there, they find conditions which they could call really bad. There is no immediate outlook for improvement over there."

### RIO'S BIG EARNINGS.

The Rio de Janeiro Tramway, Light & Power Co., Ltd., report gross earnings for the past week, as received by cable: This year, $268,504; last year, $243,981; increase $24,523.

## OPINIONS ON THE MARKET.

Shearson-Hammill — The stock market at the moment is in a waiting attitude and a little over-sold.

Laidlaw & Co. — A narrow professional market is the immediate prospect, but the situation at large warrants conservative optimism.

R. M. Bauer—Canadian Pacific should sell higher, and may be bought on every slight recession.

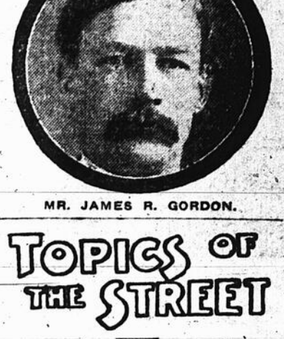

Oswald Bros.—Until the nominations are made at Chicago and Baltimore people are hardly like to take much interest in the market. There appears to be nothing in the crop outlook or business conditions to cause any anxiety.

E. & C. Randolph.—The market reacted slightly from the best prices, but the undertone continued strong.

J. S. Bache & Co.—The copper stocks showed effects of recent good buying, and many advances in low-priced issues were seen.

Loungsberry & Co.—I believe that when the candidates of the respective parties are nominaed that the marke will improve.

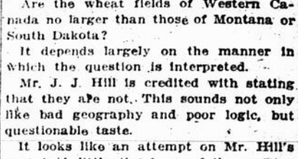

### New President of Canadian Converters

MR. JAMES R. GORDON.

## TOPICS OF THE STREET

*SMALL JOB FOR MAN WITH A BIG REPUTATION.*

Are the wheat fields of Western Canada no larger than those of Montana or South Dakota?

It depends largely on the manner in which the question is interpreted.

Mr. J. J. Hill is credited with stating that they are not. This sounds not only like bad geography and poor logic, but questionable taste.

It looks like an attempt on Mr. Hill's part to belittle the fame of the country that gave him birth.

He says: "These wheat fields are not as big as you may think," meaning that they were not worthy all the fuss that is being made about them.

Mr. Hill was discussing Canadian invasion rumors on the part of his railway when he gave the talk in question.

It seems like a small job for a man with such a big reputation.

*MAKING MONEY FASTER THAN IS REALIZED.*

Marconi has struck a very good dividend stride, although it must be confessed it has been a good while getting there.

This proves the rule that great inventions very often require a long time to make a commercial success.

The parent company will, doubtless, be followed in due time by its subordinate corporations in this respect.

A record of 20 p.c. for the past year, and a starter of 7 p.c. for the current year is a pretty good showing, and indicates that the company is making money faster than most people imagine.

### MR. J. LAING ELECTED.

The name of Mr. J. Laing was omitted yesterday from the list of newly-elected directors of Canadian Converters, Ltd.

### CANADIAN COTTONS PFD.

Dividends of 1½ quarterly for Canadian Cottons pfd. have been declared, payable July 4.

### BANK OF ENGLAND REPORT.

London, June 13. — The weekly statement of the Bank of England shows the following changes: Total reserve, inc. £702,000; circulation, dec. £298,000; bullion, inc. £403,923; other securities, dec. £705,000; other deposits, dec. £528,000; public deposits, inc. £520,000; notes reserve, inc. £677,000; Government securities unchanged.

The proportion of the bank's reserve to liability this week is 49.57 p.c.; last week it was 48.44 p.c.

## C.P.R. MAKES IMPRESSION ON N. Y. EDITORS

New York, June 13. — The Tribune's financial article says: "Canadian Pacific attracted some attention yesterday by the announcement that the road had placed an order for 12,500 freight cars and 300 locomotives. It was argued by friends of this past market favorite that such an order indicated the confidence of the management in the general prosperity along its lines."

The American says: "Canadian Pacific was strong throughout the day, because of the order for $19,000,000 worth of freight cars and engines. That shows what crop conditions are in that country. There was a freight blockade in Canada last year, and the acreage this season is far greater, with conditions far better. This cheerfulness naturally helped Great Northern and Northern Pacific."

The Sun says: "Berlin has always fancied Canadian Pacific, and in the past year especially fluctuations in stock have been concurrent in shifts of Berlin's monetary position, and these have been frequent."

"On the occasion of practically all the declines Berlin has been bidding for money in other markets—in New York, or London, or Paris—and most of the liquidation, except that of purely speculative character, has come from Berlin. But while Germans have been obliged to sell this highly privileged stock in times of stress, they have taken it on again as soon as monetary stringency let up. Yesterday, following the decrease of discount rate of the Reichsbank the previous day, Canadian Pacific advanced, and for a year Berlin has sold that stock only to buy it in again at higher prices."

### SALES OF MINING STOCKS.

Porcupine and Cobalt mining stock quotations, reported by Russell E. Popham & Co., C.P.R. Telegraph Bldg.:

Chambers-Ferland, 5,000 at 17, 2,000 at 17½; Hollinger, 300 at 9.90, 200 at 9.60, 100 at 9.45; Foster, 1,000 at 4; McKinley-Darragh, 200 at 1.78; Crown Reserve, 25 at 3.15; Gould, 1,000 at 2¼; Dome Extension, 100 at 31; Swastika, 1,000 at 11; Otisse, 500 at 1½.

### SHERWIN-WILLIAMS.

Sherwin-Williams has declared 1¾ per cent. on preferred, payable on July 2nd.

### TRADERS BANK.

Traders Bank has declared a quarterly dividend of 2 per cent., payable July 2.

## WALL STREET ON GRILL IN MONEY PROBE

New York, June 13. — The functions of the New York Stock Exchange and its relation to the fiscal operations of the great New York banking institutions and railroad and industrial corporations, were again taken up to-day by the Pujo Committee, which is investigating the so-called money trust.

J. P. Morgan & Co. were to-day represented at the hearing by Counsel Joseph H. Choate and Francis Lynde Stetson. Mr. Choate is Mr. Morgan's personal attorney.

"I always represent Mr. Morgan," said Mr. Choate with a laugh, when asked the reason for his appearance.

Former United States Senator Spooner was also on hand representing the First National Bank.

President James B. Mabon, of the Stock Exchange, was the first witness.

### POWER CONTRACTED FOR.

Stadacona Hydraulic has sold all of its 10,000 h.p. to Quebec Railway and Bayless Pulp & Paper.

### Chambers-Ferland Issues Statement

Toronto, June 13.—The financial statement of the Chambers-Ferland of date April 20 last showed cash in bank and accounts receivable amounting to $196,750.07, from which royalties aggregating $17,606.53 were due, leaving a balance of $179,143.54. The old board of directors were re-elected.

### WAYAGAMACK EASIER.

Wayagamack eased off to 34, with bonds at 75.

### LOST C. P. R. CERTIFICATES.

The announcement that 34 C.P.R. stock certificates were lost brought the memory of the Titanic disaster before the members of the Stock Exchange yesterday. At the expiration of a time fixed by the company new certificates will be issued.

### BERLIN PRICES FIRM.

Berlin, July 13. — Trading was quiet, but prices were firm on the Bourse today, Canadian Pacific closed higher.

## LURID WORD PAINTING BY T. W. LAWSON

Tom Lawson, of Boston, continues hurling pungent bouquets at the New York Money Trust now under investigation. Here are a few samples:

"To people who come from rural parts the conservative sacred dignity of the denizens of Money Trustdom might pass for its surface labelling; but to those who know Wall Street and its Stock Exchange and the Money Trust and its birds of prey members, its conservative sacred dignity is a joke—a web-footed, pickle-hided, asbestos-gutted, adamantine joke."

"At the present time the chart designers, ruddermen, chief engineers and stokers of the Money Trust are men whose scale-barnacled hides are tattooed with unruboutable, acid-proof evidence of a past that would fill the soul of an old-time Dick Turpin or Jonathan Wild with 100 per cent. realization of the nursery-amateurism of their misspent efforts upon the highways."

He gives several examples of how they do it. Here is one:

"Leading pillar of Money Trust buys from owners $100,000,000 of property for $75,000,000, under threat of having Money Trust wreck property. Capitalizes property at $175,000,000. Pays $75,000,000 by drawing cheques on one of Money Trust's banks; although there is no $75,000,000 to meet the cheques, bank honors them and later repays itself out of $175,000,000 paid for stocks and bonds by the public. Leading pillar of Money Trust and associates make $100,000,000 profit. Over score of Money Trust's heelers, securing knowledge of transaction, blackmail their way into high corporation positions, and are now sacredly conservative, dignified, horror-stricken howlers against audacity of Congressmen daring to disturb the sacred realm of sacredly conservative Wall Street bank-and-stockdom. Evidence in bank and corporation books, etc., etc."

## CEMENT DUTY PUTS INDEPENDENTS OUT

Owen Sound, Ont., June 13. — Mr. T. L. Dales, president of the independent cement interests, declares that these, getting little more than cost under present conditions, will have to quit operating under the reduced cement duty.

It was in Owen Sound that the Canadian cement industry found its commencement, and its development has been surrounded from the first with difficulties incidental to the manufacture of a comparatively new product.

The net price of cement has been reduced since 1897 from $1.88 to a barrel to $1.08. Last year at the prevailing prices the factories here paid expenses, but had no margin. The independent plants have struggled long in the face of the dropping price of the merger, and now the Government's decision halts everything.

### MANY WENT ON SCRAP HEAP.

After the formation of the American Tin Plate Co., 33 out of the 121 plants assimilated were thrown in the scrap heap. This was the evidence given by Mr. Bray yesterday in the American Government's suit to dissolve the "Steel Trust."

### More Cheerful Tone In London Market

London, June 13.—Money was steady and discount rates were firm. The stock market was more cheerful now that the transport workers' strike is considered a failure, and home rails advanced. Underground shares were the feature, but Argentine rails were higher on better traffic reports and Kaffirs on dividend announcements. Copper stocks also improved.

American securities were quiet and steady. Prices advanced a fraction on professional support during the forenoon and later, when Berlin liquidation ceased. Canadian Pacific advanced. The closing was firm.

### LONDON OIL QUOTATIONS.

London, June 13.—Calcutta linseed, June-July 67s. Linseed oil, 44s. 6d. Sperm oil, £30. Petroleum, American, refined, 8 1-4d; do. spirits, 9 1-2d. Turpentine, spirits, 34s. 3d. Rosin, American, strained, 16s. 6d.; do. fine, 18s. 10 1-2d.

## NEW ZEALAND LOAN WAS ALSO FAILURE

Special Cable from the Correspondent of The Montreal Star in London.

London, June 13.—It is learned that the underwriters of the New Zealand loan, recently announced, which amounted to £4,500,000, were compelled to take 85 per cent. of the issue, thus testifying to the existing financial congestion.

WINDERMERE.

### M. & V. JUNCTION BOARD.

Montreal and Vermont Junction Railway Company has elected directors and officers as follows: E. H. Fitzhugh, president; G. C. Jones, vice-president; W. G. Crabbe, auditor; A. H. Gilmour, secretary-treasurer; W. H. Chaffee, asst. secy.-treas.; E. J. Chamberlin, E. H. Fitzhugh, G. C. Jones, managing directors.

### BOOK DEBTS WENT LOW.

The sale was made by auction yesterday at Quebec of the liquidated stock of the Campbell Shoe Co., Ltd. The book debts, amounting to $52,332.01, were purchased by Mr. Moise Leclerc for 1¾ cents on the dollar.

### $250,000 Suit Taken Against J. P. Morgan

A. M. Marsh and Henry Stoddard arrived in London yesterday to take evidence as a commission in behalf of J. P. Morgan in a $250,000 suit brought against Mr. Morgan, in New Haven, by C. L. Barber, of New York. It seems that Frank E. Bates, of California, received a judgment for $125,000 from the International Company of Mexico, which sold its assets to an English company.

Bates assigned his claim to Barber, who is now suing Mr. Morgan individually for the money, plus the interest charges.

### GUGGENHEIM MAKES MONEY.

Guggenheim Exploration for the year 1911 shows profit of $10,667,700, and after 10 per cent. dividends, the company shows a surplus of $23,474,177.

### ILLINOIS CENTRAL NOTES.

Illinois Central has sold to Kuhn, Loeb & Co. $15,000,000 4½ per cent. two-year secured notes to provide funds to pay for Georgia Central 5 per cent. income bonds recently acquired by Illinois Central.

## MARKET NOTES

Cheese prices are steady with finest westerns quoted at 13 5-8 to 13 7-8c; Quebecs 13 3-8 to 13 9-16c, and Townships at 13½c a lb.

eans hold firm, with car lots of 3-lb pickers quoted at 2.62½ a bushel.

Maple syrup is in fair demand at 70 to 75c a tin, and in wood at 7 to 7½c a lb. Maple sugar, new, is quoted at 9½ to 10c lb.

Millfeed demand is fairly good, with bran $22, shorts $26 to $27, middlings $28, pure mouillie $34 to $38, mixed mouillie $28 to $32.

Rolled oats sold at $5.05 per barrel and $2.40 per bag; cornmeal, $4.75 per barrel, and $2.25 per bag.

Dressed pork prices are fairly steady, with abattoir fresh-killed quoted at 12.25 to $12.50 per 100 lbs.

Butter prices are easier with choicest creamery quoted at 24½ to 25c a lb.

### CHICAGO CATTLE PRICES.

Chicago, June 13. — Cattle, receipts 4,500; market slow, steady. Beeves, $6.10 to $9.40; Texas steers, $6.50 to $8.20; Western steers, $6.50 to $8.25; stockers and feeders, $4.30 to $6.90; cows and heifers, $2.90 to $8.30; calves, $5.50 to $9. Hogs, receipts 25,000; market weak, 5c lower; light, $7.10 to $7.50; mixed, $7.15 to $7.57½; heavy, $7.10 to $7.57½; rough, $7.10 to $7.30; pigs, $5.25 to $7; bulk of sales, $7.40 to $7.50. Sheep, receipts 18,000; market steady. Native, $3.25 to $5.25; western, $3.60 to $5.25; yearlings, $4.75 to $7; lambs, native, $4.50 to $8; western, $4.75 to $8.25.

### LARD SUPPLIES HEAVY.

Lard supplies on spot are heavy, but the demand is active and prices unchanged. Compound lard in 375-lb. tierces, at 10½c, and in 20-lb. wood pails at 11c.; pure lard, in 375-lb. tierces, at 14½c, and in 20-lb wood pails at 15c.

### SEEKS POWER CONTRACT.

A Sherbrooke wire says: A Canadian industrial concern, which is completing arrangements to establish a plant in Sherbrooke, have asked the Sherbrooke Railway & Power Co. for a large contract for power. It is believed that the new concern will take over 1000 horse power.

## CONSUMER PAYS, FEAST OR FAMINE

Ottawa, June 13.—Mr. J. Ruddick, Dominion Dairy Commissioner, explains the recent rise in the price of butter, notwithstanding that at this season of the year the cattle are standing knee deep in grass and that the best possible conditions for milk productions prevail throughout the Dominion, by pointing out that June is the month when the cold storage men buy butter to hoard against the scarcity and consequent high prices of the winter months. Feast or famine, it would appear, the consumer must pay the price.

The statement by the Dairy Commissioner that the inordinate price of butter is due to cold storage companies buying up the supply and holding it for sale when the production is small, suggests the question of possible Government action to relieve the situation.

### RECORD CROP OF APPLES.

St. Catharines, Ont., June 13. — The fruit indications for the Niagara district, as given out by Dominion Fruit Commissioner Bunting to-day, are: Plums and sour cherries, light crop, due to wet and cold spring; blackberries and strawberries, smaller crops than last year; pears moderate; peaches plentiful in all varieties; apples abundant, with a record crop of Baldwins; tomatoes, extraordinarily large yield, but later in the season than usual. Mr. Bunting says that vegetables will be more reasonable in price than last year.

### COUNTRY CHEESE SALES.

Woodstock, June 13.—Fourteen factories boarded cheese, amounting to 2,162 boxes, of which 260 boxes were white. The highest price offered was 12 7-8c, without any takers. On the curb the bulk of the cheese offered sold at 13c.

Madoc, June 13. — 600 boxes cheese were boarded, 250 sold at 13 3-16c. Balance refused.

### Wheat Getting Scarce In European Markets

Broomhall cabled to-day on the Liverpool crop situation:

United Kingdom—Wheat plant is healthy and shows a vigorous growth, although on poor soil in some sections the plant is thin. Supplies of native wheat are scarce.

France—Outlook is generally favorable, although there are some complaints of lack of moisture. Supplies of native wheat are increasingly scarce.

Germany—Outlook favorable, with the weather seasonable. Native wheat is getting very scarce.

Russia—Southwest crop outlook is good, with weather favorable. Southeast there are complaints of excessive rains. Caucasus damage to winter wheat is confirmed. Reports regarding spring wheat are more hopeful, but some say that the seed is poor. Arrivals from the interior generally light.

India—United Provinces arrivals at the primary markets are smaller. Rains have commenced, which will delay the movement.

### OATS TRADE IMPROVING.

Oats were in better demand on local account to-day and sales amounting to 100,000 bushels were made of No. 2 Canadian western and sample grades to arrive. The demand for Manitoba feed barley is steady at 64½c to 65c in car lots ex-store.

Oats, No. 2 Canadian, western, 54c to 54½c.; Extra, No. 1 feed, oats, 51½c to 52c.; No. 1 feed oats, 50½c to 51c; Oats, No. 3 Canadian western, 50c to 50c. No. 2 feed oats, 49½c., to 50c.

## TRYING HARD TO KEEP UP WHEAT

From the Special Correspondent of the Montreal Star on the Chicago Board of Trade.

Chicago, June 13.—The wheat market was a nervous affair, with the trade almost wholly professional. The price changes swung in a narrow channel, and the buying or selling of a moderate sized line invariably caused the entire rank and file of the trade to trail on.

The crop news was better, not only from the south-west, but from the north-west. The recent rains in Kansas and Nebraska have accomplished a great deal of good, and the bears are making the most of the reports that are coming.

There is an improved demand for cash wheat, and sales from day to day are larger than generally reported by holders.

The receipts at Minneapolis and Duluth were only 160 cars, and while they were in excess of a week ago, they were a great deal smaller than a year ago.

A message from St. Louis says that the bids sent out from that market for Texas wheat are fully 6c a bushel below the price bid by millers in the Lone Star State.

July wheat sold at 108⅞ to 109¼, and September at 105¼ to 105⅝, compared with closing yesterday of 109¼ and 105⅝ respectively.

J. F. PRITCHARD.

### ONTARIO GRAIN QUOTATIONS.

Special to The Montreal Star

Toronto, June 13.—Ontario wheat—No. 2 winter, $1.06 to $1.07. Manitoba wheat—No. 1 northern, $1.12; No. 2 northern, $1.09; No. 3 northern, $1.05. Oats—Ontario, No. 2 white, 48c to 49c; No. 3, white, 47c; track, 51c to 52c. Corn—American, No. 3 yellow, 78c to 79c, bay ports; No. 3 yellow, 82c on track. Peas—No. 2, $1.25. Buckwheat—$1.00, shipping points. Manitoba oats—Winter flour, 90 per cent. patents, $5.20; strong bakers, $5. Ontario—Winter flour, 90 per cent. patents, $4.10 to $4.15, seaboard. Millfeed—Manitoba bran, $23, ton; shorts, $25 to $26 ton, track

### Two Million Increase In Western Acreage

Vancouver, B.C., June 13.—Vice-President Bury, of the Canadian Pacific Railway, in an interview to-day said that although the spring had been rather backward, it is estimated that there are 18,200,000 acres under crop in the three prairie provinces, 2,000,000 acres more than last year. There are 10,500,000 acres of wheat this year.

### TORONTO CATTLE PRICES.

Toronto, June 13. — Early receipts at the city cattle market were 761 cattle, 757 sheep, 1,457 hogs, and 517 calves. C. McCurdy bought one load of cattle weighing from nine to ten hundred weight at $7.50 to $7.70. Prices all round were firm.

Export cattle, choice, $7.50 to $7.80; medium, $6.50 to $7; export bulls, $6 to $7; butchers' cattle, choice, $7.25 to $7.80; medium, $7.25 to $7.40; common, $6.25 to $7; butchers' cows, choice, $6 to $6.75; medium, $4.50 to $5.50; canners, $4 to $4.50; butchers' bulls, $5.50 to $6; feeding steers, $5.50 to $6.50; stockers, choice, $5.75 to $6.50; light, $3.50 to $4.50; milkers, choice, each, $40 to $50; springers, $30 to $40; sheep, ewes, $3.50 to $4.50; bucks and culls, $3 to $4; lambs, spring, $9 to $10; hogs, fed and watered, $8.60; hogs, f.o.b., $8.25; calves, $4 to $8.

### SMOKED MEATS EASIER.

The continued cool weather has a tendency to check the consumption of smoked meats, and as supplies in packers' hands are fairly large an easy feeling prevails in the market. Heavy weight hams are selling at 14½c, to 15½c and medium and lightweights at 17c to 17½c. per lb. Selected boneless breakfast bacon is quoted at 17c. Windsor bacon at 18½c. per lb.

## BALTIMORE FIGHT SEEMS LIKELY TO BE LENGTHY ONE

**Talk of Deadlock in Convention —Wilson and Clark Forces Bitterly Antagonistic.**

**NEW PROPOSAL FOR THE VICE-PRESIDENT**

**Chairman of Press Committee Would Make Second Name on Final Ballot Vice.**

Special to The Montreal Star.

Baltimore, Md., June 13. — Newton D. Baker, Mayor of Cleveland, Ohio, delegate from Governor Harmon's State, will either place in nomination, or make the chief seconding speech for Woodrow Wilson. Mr. Baker is a graduate of Princeton and Johns Hopkins University, and in getting him to speak for Governor Wilson, the latter's friends believe they have scored a strong point.

Josephus Daniels, chairman of the Democratic Convention Press Committee, National Committeeman from North Carolina and Chief Southern boomer of Woodrow Wilson for President, has come forward with a number of novel suggestions to the party leaders who have arrived in Baltimore.

He declared to-day that he intended to do everything in his power to make the second man on the final political ballot the candidate for vice-president.

Of course, this does not suit Mayor Preston, of Baltimore, a Maryland delegate-at-large, and his friends, because he is an avowed claimant for a second place on the Clark ticket. The Daniels proposal does not strike the Harmon men favorably, and they declare it is first place or none for Ohio's Governor.

"Even imagining Governor Wilson's defeat in the convention—which is beyond our powers of imagination," said Edward E. Grosscup, who is looking after the Jersey Governor's campaign here, "he would not take second place, nor would his friends wish him to do so."

From friends of Speaker Clark have come the opinion, although perhaps not quite so strongly expressed, that he would be more willing to take the vice-presidency than any of the other aspirants.

### PARTY LEADERS NOW PREDICT A DEADLOCK.

On the other hand, friends of Governor Harmon, Governor Wilson, and Speaker Clark profess the belief that Mr. Underwood of Aalabama would be content with second place. Thus prospects to-day were considered bright for Mr. Underwood completing the ticket, although United States Senator O'Gorman, of New York, is also mentioned for the position.

There are growing indications that th Baltimore Convention is going to be a long one. It was talk to-day that the feeling between the Wilson and Clark forces is more intense than between other aspirants. Whatever chance they may have to smooth their ruffled feelings, the statement issued a few days ago by the Wilson forces, bitterly attacking Speaker Clark, has not helped to patch up their differences.

Several of the party leaders are predicting a deadlock. The Wilson men will not discuss the rumor that reciprocal relations are being established between the Wilson and Underwood leaders.

### WRONG MAN ACCUSED, ADMITS HIS GUILT.

Toronto, June 13.—The News this evening states that a sensation was sprung in the Ministerial Session of the Toronto Conference of the Methodist church yesterday, when the reports of the results of the spring examinations at Victoria University were being presented.

According to the story, which the News claims is gathered from authentic sources, one of the students arose and accused another of dishonesty in theological examinations. The accused student was summoned, but by a mistake the wrong man was brought in. To the surprise of the ministers he confessed his guilt and when the other who had been accused was also questioned he, too, admitted having been guilty of dishonesty.

Both were debarred from writing on examinations for the next two years, although they will be allowed to continue their studies.

### GREAT WATERWAYS MEN INSPECT PORT McNICOLL.

Port McNicoll, Ont., June 13.—The International Great waterways Commission, numbering upwards of one hundred and fifty members drawn from Great Britain, European countries and the United States, reached here this morning on the steamer Assiniboia, from Sault Ste. Marie.

The party was in charge of Colonel Anderson, chief engineer of the Dominion government Marine Service, and spent a few hours viewing the terminals of the C. P. R. Amasement was expressed at the extent of the freight sheds, elevators, and docks at this point.

### SOLDIER TOOK LEAVE.

The discharge from his employment in a large departmental store, of one of the members of the 5th Royal Highlanders, because he left his work to parade with the regiment at the recent presentation of colors by the Duke of Connaught, has been the cause of a great deal of indignation on the part of both officers and members of the regiment.

The soldier in question, in relating the circumstances to the officers, stated that he had asked permission of his employer to attend the parade, but not having received a definite answer, he, in the meantime, took his leave. The Monday following he returned to his work, and was discharged.

**Principal Sparling Ill in Winnipeg.**

Winnipeg, June 13.—Principal Sparling, of Wesley College, collapsed this morning, as a result of hemorrhage of the brain. His condition is serious, and he is now under the influence of opiates.

## MARRIAGE JUDGMENT TO-MORROW

**Decision of Supreme Court in Recent Reference Comes Unexpectedly.**

Special to The Montreal Star.

Ottawa, June 13.—If present plans carry, the Supreme Court of Canada will give an important judgment tomorrow in the marriage law reference recently argued before it.

The Star was so informed by one of the Judges this afternoon.

Since the case ended, a fortnight ago, Their Lordships have applied themselves actively to the consideration of the arguments and citations, and hope to be able to announce their decision at once.

The Court will then adjourn till October.

As it is taken for granted that the finding, whatever it is, will be appealed to the Privy Council, the prompt decision will facilitate final adjudication, possibly in time for the next session of Parliament.

The judgment evidently is coming much sooner than was anticipated, as it had hardly been looked for before October.

## AGAINST THE RETURN OF BUNKER HILL GUN

Special to The Montreal Star.

Ottawa, June 13.—While there have been no official developments in regard to the Bunker Hill monument proposal the local press cbntains numerous letters of protest against the surrender of the gun by the Boston authorities who seek it. The Minister of Militia is not talking about the matter at all, but there is every reason to believe that he has received a number of communications registering objections to the return of the gun.

In view of the international character of the subject, it is probable that before the arm is given up the question will be discussed in the Cabinet Council, and if there is any strong sentiment against it the chances are that it will stay where it is.

It is pointed out that in the Bunker Hill monument at Boston two small cannon are hung up at present and placarded as having been captured from the British. If the United States want their gun returned, it may be contingent upon their exchange of the arms taken from the British.

### CROWN LOSES IN THE PRINTING BUREAU CASE.

Ottawa, June 13.—A sequel to the scandal in connection with the printing bureau a couple of years ago was enacted in the Exchequer Court this morning, when Mr. Justice Cassels handed down judgment in the case of three companies which furnished supplies to the bureau on orders received from the late Mr. Frank Gouldthrite, then superintendent, who disappeared and was afterwards found drowned in the river near Detroit.

The cases were those of the Gresham Blank Book Company vs. the King, the Heslop Paper Company vs. the King, and the Rogers Manifold and Carbon Paper Co. versus the King.

The result of the decision is that the suppliant in each case recovers against the Crown the value of goods received by the department, but failed with respect to claims to recover on goods ordered by Gouldthrite, but which were not accepted or received by the Department. They also get the cost of their actions and of the counterclaims against them by the Crown.

### BELIEVED ALL SAFE FROM THE KODIAK VOLCANO.

Seattle, Wash., June 13.—It seems to be reasonably certain that all persons on Kodiak Island, where the Katmai volcanic was in eruption are safe, but word is awaited concerning the fate of those on Aerognak and Raspberry Islands, and on the mainland of the Olaskan peninsula.

Relief boats have been sent to explore the bays, and until they return conditions on the small settlements will not be known.

The acid discharged by the volcano during the forty-eight hours it was spouting has spread through the air as far as the Puget Sound country. The soldiers at the coast defence forts have been kept busy polishing the big guns, which showed the corrosive effect of acid.

**War Department Sends Relief.**

Washington, June 13.—The United States War Department to-day ordered 30,000 army rations sent to Seward, Alaska. They will be distributed by revenue cutters.

The cutter McCulloch, according to calculations here, should have arrived at Kodiak to-day to assist the Manning in extending relief.

## RETIRED ENGLISH BILLIARD CHAMPION VERY ILL IN CITY

**John Roberts Under Doctor's Care at Place Viger—May Play Here.**

John Roberts, the celebrated English Billiard player, and for years English Billiard Champion of the world is now in the city, and quite ill and under doctor's care at the Place Viger Hotel.

He is being looked after by his young travelling companion, Newman, of whom he expects to make a world's champion also.

If he recovers in time he will play a series of games with Newman in Leonard Howeson's new Billiard Parlor in the King's Block, although at first he did not intend to play in Montreal.

But Howeson who himself has not been able to play for six years on account of an injury to his shoulder, which the doctors who have been treating for the last three or four years say, however, will be worn away by next autumn, is an old acquaintance of the retired champion.

This is Roberts second visit to Montreal, the first having been made twenty-five years ago.

## THIS HIGH PRIEST CLAIMS DESCENT FROM PERSIAN POET

**Master of Mazdaznan Says Blood of Omar Khayam Flows in His Veins.**

**IS TRUE TO SPIRIT OF OLD PESSIMIST**

**Admirers Says He Interprets Philosopher Better Than Fitzgerald.**

Doctor Otto Zar Adusht Hannish, the "Master" of the Mazdeznan movement, spent a quiet day in Montreal yesterday, motoring with friends, and this morning was engaged in attending to a huge pile of correspondence addressed to him from all quarters of the globe.

The Doctor employs no private secretary and, as his correspondence is heavy, spends most of the days attending to this portion of his function as the modern High Priest of the sun-worshipping cult.

On Monday evening, Dr. Hannish will deliver a lecture on Omar Khayyam, giving particular attention to the Robaiyat of the great Persian philosopher, on Monday evening next at the home of Mr. Hooper Mallett, at 1063 Mount Royal avenue. The leader of the Mazdaznanites claims a direct descent from the Persian contemporaries of the great Omar, and is considered one of the foremost authorities on the works of the author of the Rubaiyat. He has studied, the writings of the great pessimist in the original and has prepared a translation which, his admirers state, is more true to the. spirit of Omar than even the great Edward Fitzgerald.

On Sunday morning at eleven o'clock Dr. Hannish will officiate at a public ceremonial of the Mazdaznan rites in the specially-erected tent on Mr. Hooper-Mallett's grounds. Another ceremony may be arranged for the evening, but this afternoon nothing definite was settled in this regard.

**Fractured Skull in Fall.**

## PROPOSALS FOR WATER SUPPLY

The Council of the Town of Canora, Saskatchewan will, for one month from date, consider proposals for the granting of a franchise for a supply of water for Town and Railway use, for a period not exceeding twenty years.

The population of the Town now exceeds 1,000, and is increasing steadily and surely, with an assessment of approximately one million dollars. The Town is situated on the main line of the Canadian Northern Railway, and is as well the terminal point of the Russell-Rossburn branch of that Railway, the main line of the Grand Trunk Pacific Railway from Regina to Hudson's Bay also terminates in Canora for the present. Both of these railways are now extending north to Le Pas on their way to Hudson's Bay, and two other lines are under charter or projected for early construction through Canora, thus assuring the ultimate importance of the town as a railway divisional point, and a consequent large consumption of water, in addition to the quantity required for domestic use and fire protection. A High Pressure Fire Protection plant and an Electric Light plant are now being installed municipally.

The most economical and practicable source of supply is from Crystal Lake, 14 miles distant, the Engineers' Report thereon indicating a cost of about $200,000.00; the question of revenue and the various rates to be reached by further agreement with the Council, who are prepared to deal generously in the matter.

Address communications to

H. M. SUTHERLAND, Secretary-Treasurer.

# COAL TRUST HERE, SAY ALDERMEN WHO WANT TO FIGHT

## Ald. Lapointe Says City Should Buy Direct From Mine Instead of Dealers.

That there is a coal trust in Montreal is the conviction embodied in a motion that Ald. L. A. Lapointe made at the meeting of the City Council yesterday afternoon. The best thing for the city to do in the future, he said, was to try and buy its soft coal direct form the mines. This action was based on the fact that the city was compelled to pay ten cents a ton more for coal than formerly.

The total amount of coal the city needed for its pumping stations was forty-five thousand tons. The price asked was $4.20 a ton, steam coal. As stated this was ten cents more than what the city had paid in the past. It was explained by the controllers that there was nothing to do but accept the tenders as the coal was needed.

**Says Price is Too High.**

When the report of the Board of Control was read asking that soft coal be purchased at the above prices Ald. Martin said: "I move that the report be sent back; the prices are too high and the city ought to be able to get out of the hands of a coal trust which evidently exists in the city."

Controller Ainey said the coal was sorely needed and it would not be possible for the city to refuse coal and then to go direct to the mines at the present time; the pumps must be kept working to get water. Later the question of buying coal direct might be considered. The tenderers claimed they were being charged higher figure at the mines.

**To Buy at Mines.**

Ald. Lapointe then made the following motion: "That the report be adopted, and that the council suggest to the controllers' to try and make some arrangements to negotiate with the owners of coal mines, or their direct representatives, for whatever soft coal the city should need in the future, as was done by other large corporations in Montreal."

As submitted the motion referred to the intention of buying from the mine owners; but, as Ald. Blumenthal pointed out there would be difficulty in doing that, Ald. Lapointe included the mine owners or their representatives.

The motion of Ald. Lapointe, after further discussion, was carried on the following vote:

Ayes—Ald. L. A. Lapointe, O'Connell, Ward, Robinson, Boyd, Garceau, Monahan, Tetreau, Letourneau, Emard, Turcot, Fraser, Stroud, Blumenthal, McDonald, Menard and Judge—17.

Noes—Ald. Prudhomme, Bastien, Martin, Seguin, Poisant, Vandelac—6.

The George Hall Coal Company and R. A. Webster are the two chief tenderers of coal at $4.20. When the report was under discussion, Ald. Bastien remarked that he bought his soft coal from the mine and that it cost him $3.55 a ton, but Ald. Monahan showed that the duty brought the price up to $4.08, and that the expense of delivery had to be added.

**Cars Jump, Passengers Walk.**

An accident resulting in the smashing of three cars, and a two mile walk for those who were in the accident, occurred Monday morning at 8.30 o'clock two miles south of Chambly.

The Vermont Central train, due in Montreal at 9.30 o'clock Monday morning, jumped the track, and three cars were thrown from the rails. Passengers were badly shaken up.

**Lecture on Electric Vehicles.**

The Montreal Electrical Society will meet at the Auditorium Hall, on Friday evening when Mr. Day Baker, of New England, will present a paper on "Electrical Vehicles." The lecture will be illustrated by moving picture films.

The society will also elect the officers for the coming year at this meeting.

**All Quiet in Boston Strike Now.**

Boston, June 13.—"All lines are running smoothly and everything is quiet," was the report of the officials of the Boston Elevated Railway Company to-day concerning conditions on the seven days of the carmen strike.

At strike headquarters it was said that the ranks of the union men were being steadily increased by defections from the elevated company's employes.

## To the Tired Mothers at Home

YOU'RE not old. You're just care-worn. You come to this wonderful Wyoming. Spend just one Summer here. Let your eyes be surprised every minute of the day. Let your ears enjoy the sounds and your nostrils and your lungs inhale the balsam in the air. It will make the color come into your cheeks again. Before you are here long you will feel as you used to when you were a young girl.

Take the whole family and come up here and be free for thirty days. You won't have a care up here. The children can run wild and nothing can harm them. Up in these mountains and forests of untold wonders a woman will forget that she ever had a trouble in the world.

# FORMER BRITISH MINISTER VISITS BRITISH COLUMBIA

### Mr. Chaplin Was Prominent Member of Three Conservative Administrations.

Victoria, B.C. June 13.—The Rt. Hon. Henry Chaplin, M.P., who was a member of the three admipistrations of the late Marquis of Salisbury, arrived in the city last evening with Mrs. Chaplain, his daughter-in-law, and dined with the Duke of Sutherland, to whom he is related by marriage, at the Empress Hotel.

Mr. Chaplain, whose sensational win of the blue ribbon of the turf in 1867 when Hermit carried off the Derby in a snowstorm, first brought himself into notice in England, has for years been regarded as the representative of the agricultural and tariff interests, even before the conversion of the Conservative party to protection in 1903. He entered the House of Commons for mid-Lincolnshire in 1868, and continued to sit for that division till the redistribution act of 1885, when he was elected for the Sleaford division. Here he remained without interruption till he lost his seat (regarded as one of the safest in England), in the general elections of 1906. He returned to the House the following year at a by-election for the Wimbledon division of Surrey, for which constituency he still sits. In the first brief ministry of Lord Salisbury in 1885 he was Chancellor of the Duchy of Lancaster, and in the next ministry, which took office after the defeat of the Home Rule bill, he was congenially placed as president of the Board of Agriculture, remaining there till the defeat of the government at the general election of 1892.

In the third ministry he was president of the Local Government Board, retiring when the ministry was reconstructed in 1900. He has been a member of several royal commissions, and is still associated with the Tariff Reform movement, in which he has taken a leading part, and with which the Duke of Sutherland is also connected.

Hon. Mrs. Eric Chaplin, who accompanies him, is a sister of Lord Nunburnholme, while one daughter is Lady Castlereagh, who was out here with Lord Castlereagh, M.P., last fall, when the Duke of Sutherland was in Victoria with Lord Charles Beresford, and other British noblemen.

Two trunks, containing $25,000 worth of jewellery, the property of a Cincinnati man, were stolen from a dray in front of an office building in Atlanta, Ga., the other day. While the driver was in a nearby building the thieves, believed to be negroes, mounted his seat and drove away. Later the police discovered the dray, but the trunks were missing.

# OPTIMISTIC OVER OUTLOOK FOR CANADIAN TRADE

### Banks are in Excellent Shape to Handle All Business Requirements.

Vancouver, June 13.—A. C. Flumerfelt, of Victoria, who is a director of many institutions, including the Canadian Bank of Commerce and the Granby Consolidated Mining & Smelting Company, is here on his way home from Montreal, Toronto and New York. He is decidedly optimistic respecting the business outlook throughout the Dominion, after exchanging views with leading Eastern financiers.

"The financial situation is regular and even and the banks are in excellent shape to handle all business requirements," said Mr. Flumerfelt.

"The markets are quite buoyant. An expectant eye is being directed towards this year's crop on the prairies and money institutions are preparing to meet new demands consequent upon the expected increased production and the necessary increase of business likely to follow.

"Throughout the East manufacturing plants seem to be busy, and I know that some of them are filled with orders in excess of their capacity. I heard a good deal of discussion regarding the probable outcome of the test case in respect of lumber duties now before the Exchequer Court. Many conservative people seem to be of the opinion that if the interpretation placed on the act by the customs board is not sustained steps should be taken to induce Parliament to amend the act. The matter is of vital importance to the lumber industry of British Columbia."

Mr. Flumerfelt was referring to the action of the Western customs officers who had been admitting free or duty certain grades of American lumber planed on one side. Canadian lumbermen contend that these importations are dutiable.

London's militant suffragettes were put to shame at Bokcrito, Okla., recently, by a lone woman. She was sitting peacefully in her home darning socks for her son, Leon, when she was informed that he had been locked up on a burglary charge. Discarding the needle for a revolver, she deacended on the town prison, routed the deputies with a flourish of the gun and then broke in the door of her son's cell with an axe. Both escaped in a wagon, but were captured by a posse.

# MANY WANT READY-MADE FARMS IN NEW BRUNSWICK

### Government's Plan is Attracting Much Attention in New England States.

St. John, N.B., June 13.—Hon. J. K. Flemming's plan of providing ready-made farms for new settlers, is attracting considerable attention in New England. Mr. A. B. Wilmot superintendent of immigration, has recently received a number of letters from parties there, asking when the farms would be ready for occupancy, and under what conditions they might be purchased.

One letter received by Mr. Wilmot was from George Stewart, of Everett, Massachusetts, who is employed in a large mercantile establishment there. He wrote that he had been in communication with the secretary of the board of trade, and had been referred to the superintendent of immigration for particulars of the ready-made farm scheme.

Another communication was received from M. H. Champion, of East Millinocket, Maine, who stated that he, and his wife, together with his brother, would like to come to New Brunswick as they have been two years in the states and see little prospect of getting ahead. He asked for information about the proposed ready-made farms.

### HATPIN CAUSED TROUBLE.

Conductor Rouses Anger of Girl's Escort In Street Car.

Saginaw, Mich., June 13.—Angered because he was jabbed with a hatpin in the lip, Edward Hamilton seized the offending instrument and threw it out of the car window. He is a conductor on one of the local lines. The pin passed through Hamilton's lip and touched his teeth.

The action of the conductor caused a near riot. The young girl's escort objected to the throwing of the hatpin and he was supported by several other young men on the car. Some sided with the conductor. The affair would likely have reached a climax had not a policeman been riding on the rear platform.

TWEED, ONT. — Mrs. Countryman, wife of John Countryman, died very suddenly here.

**Marine Notes.**

The monthly return of the Harbor Commissioners of the state of revenue of the port of Montreal for the month of May, 1912, was announced to-day. The Collector of Customs states that the returns from imports during the month amounted to 30,000, as compared to $31,000 for the month of May, 1911. Revenue from exports amounted to $7,000, as compared to $7,500 for the same month last year. The wharfinger for local traffic reports receipts for the month amounting to $22,195, as compared with $13,940 during May, 1911. The total revenue for May, 1912, is $59,195.09, and for May of last year $52,940.57. The increase this year is $6,254.52.

Imports show a decrease of $1,500, and exports a decrease of $500, which, however, is more than counterbalanced by the great increase in local traffic of $8,254.52.

The first navigator to attempt, this year, to come through the straits of Belle Isle is Captain Jones, commander of the Furness liner Peruviana. Misled by the information published in his hydrographical sheet for May, Captain Jones attempted the passage, but found it impracticable. The actual weather conditions prevailing in the Gulf were very bad, and Captain Jones soon gave up the attempt. The Peruviana sailed from Liverpool on the 26th of last month, carrying water ballast. She berthed at Windmill Point, where she will load a large cargo for Hull, England.

The Royal George, of the Canadian Northern Royal Line, which sailed from Bristol yesterday afternoon, for this port, had on board 40 first class, 258 second, and 718 third class passengers.

Elder-Dempster liner Benguela arrived from Hamburg yesterday in water ballast. She docked at the Tarte Pier. The Benguela is under the command of Captain Owen Jones, who has been 24 years with the Elder Dempster Company and has been in command for the past nineteen years.

Dominion liner Englishman arrived yesterday, and berthed temporarily at the C. P. R. pier, waiting for the departure of the Welshman, which will render the space for the Dominion line boat vacant.

Manchester Corporation arrived in port yesterday, after having spent six days in unloading cargo at Quebec. She will load here with a full cargo for the return voyage.

The tramp steamers Tantallon and Rosebank arrived yesterday and docked at Windmill Point. Both vessels are from West Hartlepool, and are loading grain cargoes for European ports.

**Catholic Sailors' Concert.**

St. Mary's Court of Foresters gave the concert at the Catholic Sailors' Institute last night before a full house, composed principally of sailors and parishioners of St. Mary's Parish. The chair was taken by Mr. J. J. Ryan, Chief Ranger of the St. Mary's Court. Taking part were Mr. Geo. O'Kane; step-dancing, Misses Dillon; songs and dances, Miss Murray, Messrs. J. Phelan and Wm. Grant, songs. The sailors' contributions included selections by the Fou-Fou Band of the Teutonic, and items by Messrs. Manton and Roberts, Matatua; Skimming, Scandinavian; McPherson, P. Williams and Kearney, Teutonic. Miss Grace Grant was the accompanist.

The treasurer of the club acknowledges receipt of £2 6s. 10d. from the Royal Edward. Also £17 9s. 4d. from Empress of Britain.

**Curious Fatal Accident in London.**

Special to The Montreal Star.

London, Ont., June 13.—Edward Gould, aged 52, a local street car conductor, was fatally injured to-day when, as he was leaning out of a street car window cleaning a pane of glass, his head came in contact with a bridge, and he was pulled right through the window.

The people of Moscow gave Emperor Nicholas and the Empress a warm welcome yesterday, when Their Majesties were present at the unveiling of the monument to Alexander III.
