Winner of $1,000

Luskville resident, Mrs Jessie (Erwin) Campbell, was one of the thirteen Bank of Montreal customers in Quebec who won $1,000 each in the Christmas Bonus contest.

Mr Arthur MacIntyre, Manager of Quyon Branch, presented Mrs Jessie Campbell, a customer of the branch, with her $1,000 prize, on Monday, which happened to be her 77th birthday.

Customers who had a Bank of Montreal True Savings account with a balance of $500 or more as of December 29th, 1978 were automatically eligible to win a cash prize. There were 101 winners in Canada selected on the basis of a random account selection. There were no special ballots or entry forms to fill out.

Pilon is Champion

The chess tournament which took place at Fort Coulonge February 11 brought participants from Deep River, Waltham, Fort Coulonge, Calumet Island and Hull. There were seven contestants and one organizer. The latter started in great style by winning his first match but lost the second two games.

The winner of the tournament was Allan Pilon of Waltham with a perfect score of three wins and no losses earned the first prize of $20 and the title of the Pontiac Champion.

In his second game, Pilon came against the organizer who, with the black chessmen used the Sicilian defense, but Allan, being familiar with this defense was able to counter it and win the match.

In second place came the Lawrence brothers, Guillaume of Hull and Warwick of Fort Coulonge, who shared the second prize of $10. The third place winner was Clarence Pieschke of Calumet Island, tied with Alex Borodin of Deep River, who then shared the third prize of $5.00.

In the Junior section Peter Smith of Fort Coulonge won the $5.00 first prize and a membership card in the Quebec Chess Federation. In second place was Denis Pieschke of Calumet Island whose prize was $3.00 and a membership.

On February 10th Shawville Mosquitos hosted the following teams: Aylmer, North Bay, Renfrew, Petawawa, New Liskeard, Pembroke and Vanier.

The Shawville All Star opened the tournament against Pembroke suffering a 5-1 setback as the Pembroke team did in the first game they defeated North Bay in the second contest by a 4-3 count to advance to the finals of the "A".

Shawville's lone goal getter was Michael Smart assisted by Richard Francoeur. Michael was named the 3rd star of the game.

The Shawville squad met Renfrew in their second contest coming away with a 4-0 victory. Counters in this game were Mike Smart assisted by Richard Francoeur, Craig Hamelin from Corey MacIntyre, Jimmy Young from Mike Smart and Richard Francoeur and Richard Francoeur from Mike Smart and Timmy Graham. Richard Francoeur was selected first star of the game and Corey MacIntyre second star.

This put our boys in the "B" final against Aylmer which proved to be a very exciting contest with the boys pulling out a 2-1 victory. Aylmer opened the scoring on a goal by Mario Cote unassisted then Richard Francoeur scoring half way through the third assisted by Mike Smart and Danny Desabrais. Craig Hamelin connected for the game winners assisted by Corey MacIntyre with just a little over 5 minutes remaining.

The three stars were Craig Hamelin first star, second star went to Corey MacIntyre and 3rd star to Mario Cote of Aylmer.

New Liskeard proved to be the class of the tournament for the second year in a row. They opened the tournament with a 3 to 1 victory over Aylmer and defeated Vanier in their second contest by a 6-3 count.

The final contest of the tournament New Liskeard faced Pembroke and skated away with a 9-2 victory.

The tournament proved to be a fine success once again due mainly to the fine help supplied by the Mosquitos parents.

Mrs. Manson Sharpe

Jennifer and Jeffrey Coleman spent the past week with their grandparents Mr and Mrs Bill Pirie and Bradley while their parents Mr and Mrs Larry Coleman flew to Calgary to buy their new home. Larry is starting on February 19th as Commercial Loans officer for the Bank of Montreal in Calgary. Dianne and the children will be following the end of March. In the meantime, she will be staying with her parents and visiting friends. The Coleman's new address will be 12160 Lake Michigan Road Calgary, Alberta after the end of March.

Mrs Muriel Schwartz (Chamberlain) from Nitro, Quebec is spending the weekend with Mr and Mrs Jack Barr. It is so nice to see these old acquaintances who have not lived here for so long.

1893 seems like a far piece away and we think of different fashions etc but this year we have something in common with them. In 1893 was the last time the weather stayed really cold and I mean really cold temperatues away below zero for twenty days.

Well, I guess we have a repeat.

Home for the weekend at The Manson Sharpe's was Susan Sharpe of Ottawa.

Our deepest sympathy goes out to the family and friends of Mrs Hilliard Palmer who passed away this past weekend. Life was a struggle for Mrs Palmer for the past few years as she was a patient in the Ade Home and God saw fit to take her. Our loss is Heaven's gain.

Shawville Bantams

The Bantams picked up two out of a possible four points in their final two league games to finish the season with 18 points. Playoff positions are still in doubt because Arnprior and Petawawa have yet to complete the schedule.

On Friday, Deep River edged Shawville 2-1 in a loosely played game. Shawville had the better scoring opportunities early in the game but Deep River scored the first two goals as Shawville had difficulty in clearing the puck in their own end. Martin Ladouceur scored a short-handed goal unassisted late in the first period as he slide the puck from a Deep River defenceman after some fine forechecking work. Shawville had a few more chances as the game progressed but were unable to get the equalizer.

Saturday night Shawville put on a much better display of checking as they completely bottled up Petawawa to come away with a well earned 4-0 win.

Shawville scored early when Jacques Piché's slapshot from the blue line found the net with less than three minutes gone. Keith Howie got the assist. The second period was scoreless as Petawawa tried desperately to get the equalizer.

Frustration finlly overtook the visitors in the third period and Shawville scored two power play goals when Martin Ladouceur and Todd Fraser scored three minutes apart with Piché and Howie drawing assists. Paul Bourgeau rounded out the scoring assisted by Howie.

Goalies Steven Gray and Dave Murray shared in the shutout while Tim Hodgins and John Crisostomo played a strong game on defence.

Pee Wee all-stars win B championship at Muskrat tourney

On Saturday February 17th the Pee Wee all stars travelled to Beachburg to enter their second tournament. In the first game Shawville lost 5-4 against Almonte. It was a tight game all the way through. The goal scorers for Shawville were Kelly Ryan two unassisted goals. Brad Barr one unassisted goal and Ben MacIntosh one goal with Mike Hodgins picking up the assist.

With the loss of this game Shawville automaticly got by into the B Championship because of an opposing team cancelling out.

Shawville entered the next game against Arnprior with high spirits and set out to win their first trophy. It was an exciting game with both teams playing at their best. Shawville was down one goal going into the third period. Kelly Ryan and Brad Barr fixed that as they each slapped a goal into Arnprior's next early in the third period.

Randy Plouffe assisted both goals as well as Brad Barr assisting Kelly's goal. These two goals brought Shawville out on top over Arnprior with a score of 3-2. Jamie Armstrong did a fine job of goaltending as he helped Shawville stay in the game.

Harold Storie coached Shawville in this tournament in the absence of their regular coach Carson Ryan.

On Sunday February 18th the Pee Wee's travelled to Petawawa and lost 9-4. The goalscorers for Shawville were Marcel Ricard, Kelly Ryan, Ben MacIntosh, and Randy Plouffe. Picking up the assists were Marcel Ricard with two Kelly Ryan and Brad Barr each one.

This coming weekend the Pee Wee's enter the Arnprior Tournament.

BILL 90 IS THE LAW

With the passing into law of Bill 90, the total power over any agricultural land owner, as to the disposition of his own land, lies with a commission in Quebec, consisting at present of two men.

The decision of this commission of strangers, appointed by the Parti Quebecois government, is to be absolute and cannot be appealed as it supercedes all other laws. This is a sample of what the Parti Quebecois likes to call "independence". This tribunal will hear every request from the entire Province of Quebec and will irrevocably rule on each case. Obviously this could take forever, during which delay no farm owner can build, sell, buy, expand or subdivide unless his plan happens to suit the regulations as passed down from Quebec. While awaiting the dictates of the dictators the entire agricultural community of this embittered province can just wallow in the mire of uncertainty, as far as the government is concerned.

One positive action can now be taken by the municipalities within the jurisdiction of the present bill. They should submit their proposed zoning by-laws to that all-powerful committee. Even then there is no assurance that our own council decisions will be respected but if we should be so lucky as to get our plans approved the citizens of these municipalities could proceed with whatever building projects they might have in mind for this season. And if the local municipal zoning plans are thrown out at Quebec, at least our farmers will know where they stand.

If the municipalities don't get their own propositions filed in the Commission's hands right away, they will be put at the end of a long list and the resulting delays could cause terrible consequences among the people of our County. After the PQ gets the present plan into motion, the rest of the Province will be likewise zoned, probably before the next election to avoid the possibility of changing the government before every farmer in Quebec has been taken hostage.

COMES THE ELECTION !

Impatiently awaiting the call of a Provincial election so that things will change for the better could at this point be likened to groping in the dark for an unknown object.

We can not pin our future on some character who will not get together with all the other federalist groups to beat out the separatists for once and for all.

While the PQ is fighting for its life in the classrooms and every other public place in the Province, the Liberals and the UN's are disputing among themselves about which of the various unity groups they will support, if any, and who will be nearer the salt at the table.

If ever this country needed strong leadership it is now but all we see around us is petty quibblers. Any seven year old Brownie Sixer could teach these guys a lesson in loyalty.

BUTTER

With the advertising campaigns of butter producers and margarine manufacturers mounting to record heights, it is comforting to know that our local butter Company, the Quyon Farmers Coop Creamery, is putting out an excellent product.

Not only do they tell us so, but the results at the Royal Winter Fair in Toronto demonstrate this fact. In classes with 35 entries from as far away as Alberta and all of Ontario and Quebec, Quyon took the ribbon in two categories, for 10 one pound prints, and for 10 pounds of solid butter.

Considered in the judging is flavor, texture, packaging and general buttermaking excellence. Nelson Angus, buttermaker at Quyon, shares the credit for the Coop's successes with manager Ivan Thrun and helpers Harvey Major and Maurice Lapierre, and of course all the cream producers who ship to the Quyon Coop and the drivers. They all deserve congratulations.

The best way to encourage new industry is to support the ones we have.

Grist and miscellaneous items

In the list of recent donations to the Pontiac Community Hospital which appeared in THE EQUITY last week, the donations of Mr and Mrs Harvey Ross, Miss Minola McGillis, Mr Victor Krutz, Mr and Mrs R Roy, Mrs Irwin Tubman, Mr and Mrs George Pirie, Mr Wallace McGillis, Mrs Hazel Bourgeau and Anomymous should have been identified as in memory of the late George Craig of Bristol Mines. Gifts in memory of Mr Craig were also given to the Home on the Hill by Mr and Mrs Henry Smiley, Mr and Mrs Albert McBane, Mr and Mrs Jack McKay and Mrs Mildred Murrell.

At the same time as the outgoing community-minded people are taking an active part in the events that give our County its own particular flavour, there are plenty of others who don't. That's fine, if that's the way they want it. But when all the plans are made by others, and all the work towards a project has been completed, and the decisions have been made after time consuming meetings which take people miles away from home on bitter cold nights, those who had nothing to do with the preliminaries have no right whatsoever to criticize.

Our readers will have noticed that we now have three great new correspondents, from Quyon, Fort Coulonge, and Chapeau. This is just one more manifestation of the togetherness of the County. We've been asked by two of the Councils if we would publish their minutes twice each time they meet, that is to say in English and in French. This publishing of the council minutes free has been done as a public service ever since the Dicksons took over THE EQUITY and we hope to continue it as long as possible, but there just isn't space to publish any of them twice. THE EQUITY isn't big enough for that. Even as it is we have to hold over material from one week to the next frequently. The size of THE EQUITY, depends entirely on the amount of advertising. The only way a Council could get its minutes in twice would be to pay for the space it takes in the second language at the regular rates. We feel that the affairs of Councils are of importance and that's why we publich them for every secretary-treasuer who sends them in. If your council's minutes are not published in THE EQUITY, and if you would like to see them here, you might ask your own Mayor to have this done.

The tragedy of Ireland and now Quebec . . .

Canadians should benefit from the Irish experience. We should appreciate the tragedy that Ireland's separation from the UK represents. Quebec would never for example, become independant without Partition. Ruperts Land, including the James Bay Hydroelectric project would not leave with it. Western Montreal, the Eastern Townships and the Ottawa Valley, as well as many other areas, would insist on remaining part of Canada.

The independant Quebec would demonstrate the same emigration phenomenon and evolve the same selected role economy. The French language after a spurt of strength, would shrink as did Gaelic, as pressures of accomodation to communications in North America, and the rest of the world, required a greater use of English in the new French state. There would even be a growing backlash against the language, as young French Quebecers blamed their parents for blocking them from the mainstream of North America.

The tragedy is that even without separation, language legislation is causing much of the "Irish Experience" to happen to Quebec. While the use of French is being forced onto more and more sectors of the economy, the exodus of those enterprises who must function in English, and even those who would rather function in English, accelerates. Already, according to Thomas Blacklock, Planning Director of the Protestant School Board of Great Montreal, between 1967 and 1980, three out of four anglophones between the age of 20 and 34 will have left Quebec. In the past two years, the enrollment in kindergarten in the PSBGM has declined by 30.3% . The exodus is not restricted to anglophones. It is suggested that for every anglophone leaving Quebec, there are 1.1 francophones leaving as well, either following a job that is being located outside of Quebec or because the only available employment opportunities are there. Add to this, a low birth rate and a dramatic drop in immigration, and the Province of Quebec, which has a dramatic growth rate since Confederation, had a net loss of 38,000 population in 1977 with a similar projection for 1978.

The evolution of a mixed economy to a selected role economy is also occurring, as expertise and high technology jobs leave Quebec. In construction for example, Montreal, one year ago Canada's largest city, runs fourth in construction and if one excludes Government spending, it runs tenth. New investment is incredibly shy, and with nearly 30 million square feet of Commercial and Industrial space to rent, the once internationally reknowned city of Montreal is becoming a hollow shell.

Such is the tragedy of the excesses of nationalism. It tugs at the emotions of pride and patriotism while justifying any abuse to achieve power. The Irish in Eire are no more Irish than those in Ulster, Great Britain, the U.S. or Canada. I'm just as proud of my Irish ancestry as is any citizen of Eire, just as French Quebecers are no more French than their brothers in Ontario, New Brunswick, Alberta or Florida and no degree of Nationalistic manifestation in Quebec will change it.

But the power seekers will continue to cry "Erin brach" and "Vive le Québec libre" pretending that their kind of country will be better, be it an Irish Ireland or a French Quebec. And they will speak of freedom while removing it, and of justice, while ignoring it. Nationalism in moderation is beautiful, but in excess it is one of the most negative and divisive emotions of man.

How to photograph the eclipse of the sun

I hope you won't miss this fantastic opportunity next Monday. On February 26 you can photograph a partial solar eclipse in our area; if you miss this one, you won't get a chance again until the year 2017.

So get your camera ready for the truly heavenly event!

My first advice- and perhaps the most important one - is the following: looking at the sun, either directly, through photographic filters or through the viewfinder or your camera, can cause blindness. You can make a suitable viewing filter from two pieces of black and white photographic film. Expose the film to daylight, then develop it completely and mount the pieces, one on the top of the other, over a lot cut in a sheet of heavy cardboard.

You can make beautiful pictures of the eclipse through any lens you choose, but focal length will determine the size of the image you record on film. Divide the focal length by 110 and you will have the approximate image size a given lens will yield.

During the early partial phases, exposures should be the same as if you were to photograph the sun with no eclipse at all. It's bright! I would like to recommend a neutral density filter for this period- if you have one.

During the all-too-brief period of darkness you can expect an exposure of f-5.6 at 1-15 to give a colorfil image of the inner corona, which will appear as a halo around the sun. Use 64 standard ASA film.

Take along a flashlight to help you work quickly during this period! Good luck and have fun!

PARENTS

It is registration time in Québec schools

Is your child going to attend kindergarten, elementary or the secondary level in September 1979? Be advised that the place and date of registration will be set by your local school board prior to

March 1st, 1979

BE PREPARED

The Charter of the French Language (Bill 101) stipulates that "every person eligible for instruction in Québec has a right to receive that instruction in French".

Selecting a French school

Although your child may be eligible to attend an English school, you have the choice of sending him to a French school. Should that be your ease, please take note:
- that the child who is eligible to receive his education in English will always retain this right and he may transfer it to his children,
- that in order to have this right acknowledged, all you need is to request a certificate of eligibility which allows you to receive the education in English,
- that the certificate of eligibility issued on behalf of your child is valid for the future.

Welcoming classes — Kindergarten — primary — secondary levels

All children who wish to register in a French school who know little or no French may benefit from the services of the "welcoming classes" offered at the kindergarten, elementary or secondary level. The primary objective of these classes is to offer the child a basic knowledge of the French language prior to attending the appropriate grade level depending upon age and academic background.

The above mentioned services are also offered to French Quebecers who do not have a command of the French language as a result of having resided abroad or having studied in a foreign language; therefore, the children are not ready to attend a regular French class without encounting difficulties.

Please be informed...
- that all 4 and 5 year old children who speak little or no French may attend our full-time kindergarten classes.
- that the child must be either 4 or 5 years of age prior to October 1st, 1979,
- that the "welcoming classes" accept pupils from ages 6 to 17 who need help in French,
- that in certain areas where the number of students aged 6 to 17 is not sufficient to form a class, the local school board, in cooperation with the ministère de l'Éducation, will provide for these students special educational services.

Eligibility to English education

The Charter of the French Language does maintain English schools. Your children can be admitted if he or she fulfills one of the following conditions:
- the father or mother received his or her elementary level schooling in English and in Québec,
- the father or mother had his or her legal residence in Québec on August 26, 1977, and received his or her elementary level schooling in English but outside Québec,
- the child legally attended an English school in Québec before August 26, 1977, that is a public kindergarten or any elementary or secondary school,
- the child has an elder brother or sister that falls under the afore-mentioned category.

Certificate of eligibility

If your child meets one of the above-mentioned conditions and you wish to have him taught in the English language, your local school board will supply the appropriate registration forms so that eventually you may obtain the certificate of eligibility to an English education.

However, if your child has already received the certificate of eligibility which allows him to attend the English school, you merely present it upon registration for the school year 1979-1980.

For further information...

You may contact your local school board or the Bureau de coordination des classes d'accueil at (514) 873-3744. If you live within the territory of the Commission des écoles catholiques de Montréal (C.E.C.M.) please dial 525-6311 and ask for the Bureau de l'accueil.

...regarding eligibility to English education

You may contact your local school board, the Direction régionale du ministère de l'Éducation, or, in the Montréal area, the Bureau de l'admissibilité à l'enseignement en anglais at: 514 873-7068.

Québec est la seule province qui a refusé d'accorder les avantages aux mères

Le ministre de la Santé nationale et du Bien-être social, Madame Monique Bégin, a déclare aujourd'hui qu'elle désavouait les mesures prises par le gouvernement du Québec pour enlever aux mères qui reçoivent des prestations de bien-être de cette province les avantages du programme fédéral du crédit d'impôt-enfants. Les assistés sociaux sans enfant verront leurs prestations complètement indexées sur le coût de la vie, alors que les mères de familles recevront une prestations d'où l'on aura déduit le crédit d'impôt-enfants.

Le ministre a souligné qu'il en résulterait qu'une mère seule avec deux enfants à charge recevrait du bien-être social seulement $483.12 par mois en 1979, ce qui correspondrait aux 9% d'augmentation statutaire du coût de la vie. Tout au long de 1978, cette mère a reçu des prestations de $443.23 par mois. Si la province n'avait pas enlevé aux mères qui reçoivent des prestations de bien-être les avantages du nouveau programme fédéral, une mère seule avec deux enfants à charge aurait obtenu un revenu disponible de $504.17 par mois.

LE PROGRAMME DE CRÉDIT D'IMPÔT À L'EMPLOI du gouvernement du Canada a pour but de stimuler notre économie en subventionnant la création d'emplois additionnels. Ce programme vient d'être amélioré afin de le rendre encore plus accessible et plus profitable:

Chapeau notes

by Helen Fleming

Miss Colleen Norlok, Diane Baril and Stephen Bednarick visited with Mr and Mrs jack Fleming for the weekend.

Mr and Mrs Denis Lynch and family of Ottawa spent the weekend in Chapeau.

Miss Ann Meilleur and Mardie O'Brien of North Bay were guests of Mr and Mrs Fred Meilleur.

Mrs Helen Davis and children were visitors at the home of her parents Mr and Mrs Sylvester O'Brien.

Here is a poem sent in by Lillian Spinks, the super lady who cooks the fantastic food served at the Chapeau Hotel:

Let Us Stay Together

Let us stay together
strengthened by our onesness;
for in our unity
lies hope:
hope for tomorrows,
hope for love and peace,
hope for the betterment of us all.
Let us not divide
and stumble,
all blinded,
for the sake of our selves,
for our particular gains.
Let us gather our dreams,
our intentions,
our needs,
and fuse them together
for the sake of each other-
and God!
Let us blend all our lives
in the strong-as-steel bond-love;
then let us stay
and let us all grow
together.
