THE FARMER,—DOES PROTECTION MAKE HIM RICH?

As to dairying, the efforts made by the Provincial Governments in the way of bonusing and education have borne fruit to a certain extent, quite independently of the tariff. Yet taking together the farm and animal produce we find the following:

MAJOR-GENERAL GASCOIGNE.

Referring to its local contemporary, the Hamilton Times says: "The Spectator denounces the Canadian Grits for opposing a fast steamship line between Canada and Great Britain, and says that such a line would enable voyagers from Chicago, New York and other points to save time in going to Europe. We do not know why the Canadian taxpayer ought to pay \$750,000 a year to enable a Yankee, an Englishman or even a Canadian to get to Europe in four days instead of six. If there is any advantage in the fast line, it ought to be found in the promotion of trade—exchange of goods—between Canada and Britain. But a simple reduction of the

At a Parnellite Convention held in Dublin on the occasion of the recent celebration of the anniversary of Parnell's death, William Redmond, M.P., said that "if the demon of war broke loose over Europe, no matter who might say it or say against it, in the streets of Dublin Irishmen would march to the tune of 'The Marcellaise' and not to that of 'God Save the Queen.' " The spectacle of Irishmen or any other men trying to march to the tune of "God Save the Queen" would not inspire confidence as to their military capability. The British National Anthem is not much of a marching tune; in that regard, at least, the French war song is infinitely superior. But behind

AN INDIANA FIRE.
Twelve Thousand Acres of Land Burned Over Already.

Crown Point, Ind., Oct. 23.—Should no rain fall in the next twenty-four hours and high winds continue, the southern portion of Porter County and part of Jasper, consisting of nearly fifty thousand acres, will be a heap of ashes. Near Kouts three lives are reported to have been lost. Already 12,000 acres of land have been burned over, and the fire is spreading rapidly. Thousands upon thousands of tons of hay were consumed. No estimate of the damage can be made, but it will reach easily \$50,000 to \$75,000, if not much more.

ANOTHER MASSACRE.

MORE ARMENIANS KILLED BY THE TREACHEROUS TURKS.

Villages Pillaged and the Officials do Nothing to Protect Christians.

Constantinople, Oct. 23.—Another terrible massacre of Armenians, accompanied by the outraging of women, is reported to have occurred quite recently in the District of Balburt, between Erzeroun and Trebizond.

According to the advices received here, a mob of about 500 Mussulmans and Lazzes, the great majority of whom were armed with Martini-Henry rifles, made an attack upon the Armenians inhabiting several villages of that vicinity and set fire to three houses and schools.

When the Armenians fled in terror from their dwellings, they were shot down as they ran, and a considerable number of men and women, who were captured by the rioters, were fastened to stakes and burned alive.

Churches were desecrated and the villages attacked were pillaged. The cattle and all the portable property of any value belonging to the Armenians were driven away and carried off by the rioters.

During the disturbance 150 Armenians are reported to have been killed.

The few surviving villagers applied to the Governor of Balburt for protection, who, after hearing their complaints, sent as many as three policemen to the scene of the massacre, but not until after the slaughter was ended.

The Turkish officials, it is claimed, know who were the ringleaders of the outbreak in the Balburt District; but, apparently, no steps have been taken to arrest them.

The Turks, it is stated, have also attacked the Armenians in the District of Gushagh, near Trebizond, and have slaughtered many of them. The number of Armenians massacred at Erzingha is now said to be several hundred.

London, Oct. 23.—Major F. C. Rasch, member of Parliament for South East Essex (Conservative) who was at Constantinople during the recent riots there, in an interview, to-day, said that the situation there is most grave. The Sultan sees no body and is utterly unmanned by fear of assassination. During the past fortnight he is reported to have shot two of his attendants whom he suspected of having designs upon his life.

Major Rasch added that the officers of the Turkish army are utterly out of sympathy with the present regime at Constantinople, they are said to be ripe for revolution and he asserts that they will probably get rid of the present Sultan.

CHARGED WITH ELOPING.

A St. Andrew's Physician and Another Man's Wife Arrested in Ottawa.

(Special to the Herald.)

Ottawa, Oct. 23.—A telephone message was received at the police station about eleven o'clock last night from Nelson Ladouceur, of St. Andrew's, Que., stating that he believed his wife had eloped with Dr. E. T. Simpson, a well-known physician of that place, and that they had boarded the "Soo" train for Ottawa.

Sergeant Moylan, who received the message, repaired to the C. P. R. Depot, and when the train arrived at one o'clock and a couple answering to the description he had received stepped off one of the cars, he had them arrested. It was a heavy blow to the couple, but they complied with the Sergeant's request, and spent the remainder of the night in the lock-up.

Mrs. Ladouceur is about twenty-four years of age, dark and robust, and had only been married three weeks. Her husband is a tinsmith. Her companion, Simpson, is about twenty-seven years of age, tall and thin.

Mrs. Ladouceur stated that her husband had treated her unkindly, and was jealous of Simpson, who had always been a friend of hers.

Dr. Simpson stated that he was only seeing Mrs. Ladouceur safely in the care of a friend here, and intended returning to St. Andrew's by the morning train.

Mrs. Ladouceur had been a servant in his family for years, and it was at her request that he undertook what had proved to him a most disagreeable mission.

Dr. Simpson, who is a graduate of McGill, feels his position keenly.

The police at St. Andrew's have been commended with.

Mr. Ladouceur reached here this afternoon after his wife, and was accompanied by a brother of Dr. Simpson, and a third party. The police here say they have no charge against the doctor, and that they understood he was on his way to Missouri when the woman happened to be on the same train.

Ottawa, Oct. 23.—Ladouceur, who arrived here after his wife this afternoon, managed, after some difficulty, to get her to return to St. Andrew's.

Dr. Simpson pursued his way to Missouri, where he was going, and his brother, Dr. Simpson, of Montreal, returned home to-night.

The best doctors prescribe Dr. Lavolette's Syrup of Turpentine to their patients, because they have tested its extraordinary qualities, and recognize it as the most effective remedy in the world for all throat and lung troubles.

QUEBEC NEWS.

Fire at St. Sauveur—Accidentally Drowned.

(Special to the Herald.)

Quebec, Oct. 23.—About four o'clock this morning a fire occurred in St. Sauveur Ward. A Protestant school-house near the vineyard factory, and a house occupied by Mr. Bigasmette, were totally destroyed.

A coroner's inquest was held this morning on the body of a man named Boucher, belonging to the yacht Laurier, who fell from the commission's wharf. The verdict was accidentally drowned.

Archbishop Begin is celebrating to-day his 74th anniversary of consecration as bishop. A large banquet, at which over hundred clergymen were present was tendered him at the Cardinal's palace.

Timely Warning.

The great success of the chocolate preparations of the house of Walter Baker & Co. (established in 1780) has led to the placing on the market many misleading and unscrupulous imitations of their name, labels, and wrappers. Walter Baker & Co. are the oldest and largest manufacturers of pure and high-grade Cocos and Chocolates on this continent. No chemicals are used in their manufactures.

Consumers should ask for, and be sure that they get, the genuine Walter Baker & Co.'s goods.

RECIPES.

Eggs on Panada.—Cut out twelve round pieces of bread crumbs, each one measuring two inches in diameter, and place them in a pie plate, spreading a little butter over each; brown them in the hot oven for one minute. Break twelve eggs in a bowl, add one pinch of chopped parsley, half a pinch of chives, two tablespoonfuls of thick, sweet cream, one ounce of butter, a pinch of salt, and a very little white pepper. Beat all together sharply for four minutes. Add the twelve pieces of browned bread to the beaten eggs, mix them well together. Place in a frying pan on the hot range one ounce of clarified butter, heat thoroughly, then fry one egg bread at a time for one and a half minutes on each side. Dress with the aid of cake turner on a hot dish, with a folded napkin; keep in a warm place. Repeat the same process with the others, and serve.

Eggs a la Sauce Robert.—Peel two medium sized onions, and remove the hearts, cut them in slices—the hearts—and put them with a tablespoonful of butter in a saucepan for about ten minutes. When ready to serve cut eight hard-boiled eggs into slices, mix them in the preparation and heat together without boiling for two minutes; finish with a teaspoonful of diluted mustard, and then serve.

Celery and Beet Salad.—Cut beets up into dice, and mix with them equal quantities of celery, and cut into small pieces. Moisten with French dressing, made as follows: Two tablespoonfuls of vinegar to one tablespoonful of oil and a little pepper and salt. If not moist enough add more of the dressing.

Cheese Crackers.—These crackers are just the proper thing for finishing touch to a course of salad. Spread butter on saltines, cover with grated cheese and put them in the oven till crisp and brown. Serve them hot.

Cooking Cereals.—Water alone may be used in cooking cereals, but just try them made of half water and half milk, then note the improved flavor.

To Remove Mud Stains From Black Cloth.—Cut in two a raw tomato, rub the spots with the moist vegetable; then let it dry, and the starch stuff may be easily brushed off.
