CITY CENTRES SALVAGE DRIVE ON COLLECTION OF RUBBER FOR WAR EFFORTS

Old Tires, Tubes, Are Particularly Needed — Co-operation of All Residents Sought — Material Plays Important Part In Mechanized Warfare — Last Week's Campaign Held Marked Success

The City of Westmount War Salvage, in co-operation with the National Salvage Campaign, is this week placing special emphasis on the collection of rubber in order to aid the country's war effort. Residents are requested to recover from their households, old tires, tubes, discarded rubber boots, hot water bottles, rubber gloves, etc., and to place them beside their garbage cans for collection by the city.

Rubber is one of the most important articles being collected under the salvage campaign, city officials point out, as its use is essential in mechanized warfare. Furthermore, unlike most other commodities, it does not deteriorate with use and when re-processed is as good as new.

LOITERER GETS JAIL TERM OF TWO MONTHS

Accused Sentenced By Deputy-Recorder A. E. Lavery on Monday — Had Long Record

A man whose name is listed by police as John Proulx, 42, no given address, was sentenced to a fine of \$40 plus \$4.20 costs, or two months in jail, when he appeared before Deputy-Recorder A. E. Lavery on a charge of loitering, in Westmount Police Court Monday morning. Proulx chose the jail term.

The accused, who had a lengthy record, was arrested by Lieut. R. Edmondstone on Sunday and booked on the loitering count when he failed to give a satisfactory account of his movements.

According to the R.C.M.P. record, Proulx had been apprehended on at least 33 previous occasions. It was the ninth time he had been picked up in Westmount, a particularly large number of times for any single person to run afoul of local police.

His previous arrests were mainly for loitering and begging and it is believed he but recently completed a prison sentence.

Y. M. C. A. PLANS FALL PROGRAM

Increased activity at the local Y.M.C.A. in spite of the summer-like weather, indicates that the Fall and Winter seasons of indoor activities will soon be here. The "Y" is making every effort to meet the needs of all, whether it be for physical, educational, or social activities. A well-balanced program for ladies, boys, and men includes a variety of activities to suit every desire. Swimming, gym, and badminton are the most popular ones.

A special emphasis is to be placed on arts and crafts and photography in the hobby group. The Friday night feature will be the weekly "Friday Friendly Frolic" for young people of the community over 17 years of age.

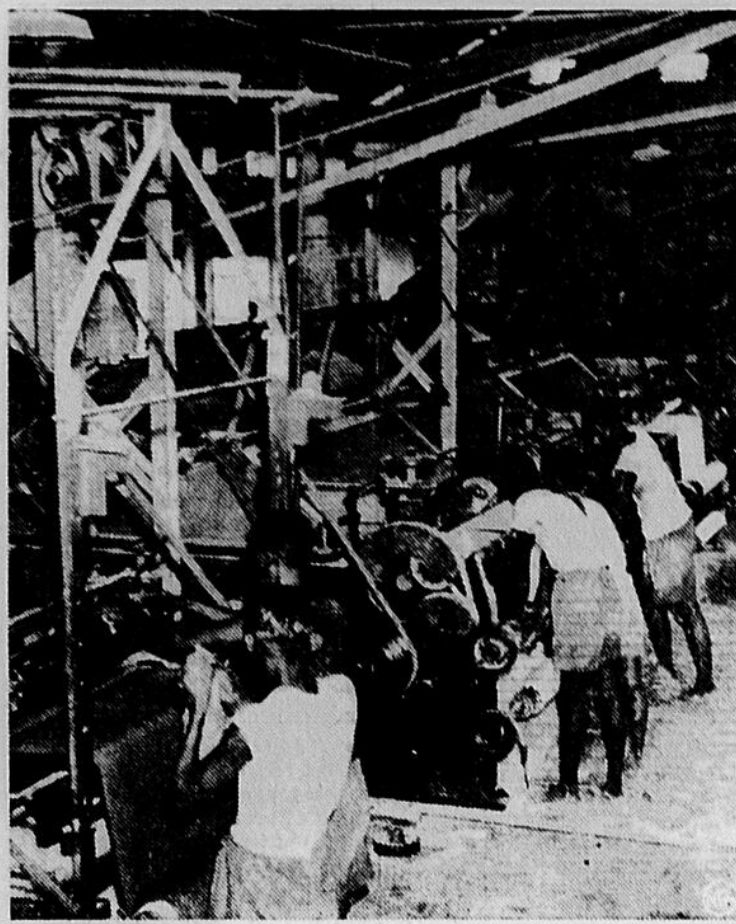

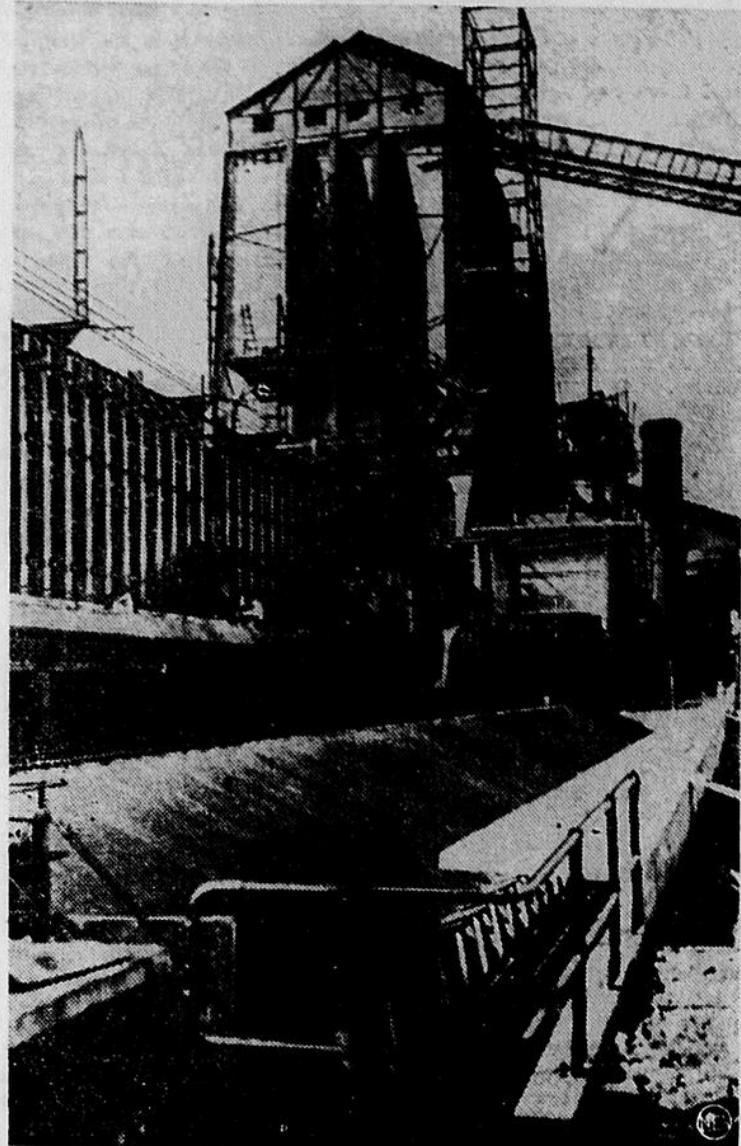

The opening date has been set for October 4. The program will begin at 7 p.m. and end at midnight. It will include badminton, swimming, discussion groups, dancing, and other activities of a social nature.

The present guest week period has been extended until October 4 to give all interested persons an opportunity to take part in the regular programmed activities without obligation to themselves.

Guest Week at the "Y" is almost over, but the best is yet to come.

Friday after school the boys of Westmount are invited to enjoy an interesting program at the "Y". There will be swimming, a supper and sound moving pictures.

INDUSTRIAL INDIA FIGHTS AT ENGLAND'S SIDE

Out of range of German bombers, India is today a highly important arsenal of industrial production for Britain. Left, "somewhere in India," is a battery of recently constructed, modern coke ovens—essential for the manufacture of pig iron. At right, an Indian textile factory in Calcutta, which weaves thousands of blankets for Empire fighters.

HOME OPERATED AT LOW COST REPORT SHOWS

V. F. McAdam, Weredale House Secretary - Manager, Presents Report to Board

Because few of the boys now resident in Weredale House have ever known what a good home consists of, it is not just a home—it is a club representing a new life, the secretary-manager, V. F. McAdam, stated in his report to the board.

Mr. McAdam declared that "The broken homes from which most of our boys come have not been broken overnight; usually the breakdown is a slow, agonizing process during which the boy has experienced mental anguish, physical hardship, and has developed a sense of insecurity that must first be overcome before new concepts of home can be firmly established in his mind."

Weredale House, the secretary-manager stated, offers more than most institutions, but it does so at the lowest cost to the public of any Protestant institution in Eastern Canada.

The daily per capita cost, including everything except a return on the capital investment, was only \$1.05 last year, compared with \$1.02 in the preceding year, despite the greatly increased cost of living. This represents the cost to the public of the care of some younger boys; where the parent is able to make a contribution, the cost to the public is reduced. However, after two or three years the boys usually commence to work, and gradually become self-supporting before leaving Weredale House. During the past year, 74 boys were employed, and they paid in almost \$19,000, equalling 70 cents a day, reducing the average cost to the public to 35½ cents a day per boy.

Since 1870 it has been the object of Weredale House to provide a home for boys who would otherwise be homeless but not delinquent, irrespective of creed, color or condition. Most of the boys are wholly or half-orphaned, and whose both parents are alive they are not usually living together.

That the school atmosphere is conducive to progress is indicated by the splendid record of the boys from 11 to 15 who attend public school. At the close of the school term last year, the majority of the boys brought home favorable reports, and six of them won medals or scholarships from five different schools.

Older boys, who have graduated from this Federated Charities agency in recent years, are in constant touch through letters and personal calls. Many of them bring their sweethearts to visit

WESTMOUNT CANVASSERS TO ATTEND FRIDAY RALLY

All 32 Agencies of Montreal Social Services to Be Represented by Exhibits and Demonstrations at Pre-Campaign Conference — Blind to Display Typewriting in Braille

Federated Charities lists two important events this weekend, preceding the opening of the general campaign on Monday. All Westmount canvassers and workers have been invited to a pre-campaign rally in the Windsor Hotel on Friday. The gathering will hear Robert Cutler, president of Community Chests and Councils, Inc., a United States federation of 500 social service groups raising \$90,000,000 a year for charitable purposes. Mr. Cutler is coming from Boston especially to address workers of Federated Charities.

The audience will witness a demonstration of Montreal's social service activities, in which every one of the 32 agencies in the Federation will be represented.

Following are some of the active exhibits: Weredale House, woodworking; Diet Dispensary, food demonstrations; how to get value out of the food dollar, advice on household budgeting; Victorian Order nurses will display the mysteries of their "little black bags" and demonstrate use of the contents; Protestant Foster Home Centre, quiz on qualifications as foster parents; University Settlement, model aeroplane class, boys painting, girls operating a loom; Negro Community Centre, basket weaving, sewing; Parks and Playgrounds Association, editor and staff producing a "Playgrounds Newspaper"; Community Garden League, canning vegetables grown

Robert Cutler

on vacant lots; Canadian National Institute for the Blind, quilting, knitting, typewriting in Braille; Occupational Therapy Centre; leather tooling, weaving, painting; Child Welfare Association, clinic examining children, microscopes showing germs of tuberculosis and diphtheria; Y.W.C.A., group doing metal work and papier-mache work; Mental Hygiene Institute, psychologist giving children vocational tests; Griffintown Club, boxing exhibition; Iverley Community Centre, tumbling acts.

Cost of the dinner and exhibits is being covered by the guests, and there will be no cost to Federated Charities, the campaign chairman announced.

The second event is Welfare Sunday, September 28th, when all Protestant churches in the area served by Federated Charities have been asked to emphasize the need for service on the humanitarian home front.

ROTARY CLUB ADDRESSED BY DR. JOHNSTON

Speaks on Behalf of Forthcoming Tag Day in Aid of Crippled Children

Declaring that all men are not born equal and that the strong must aid the weak, Rev. J. A. Johnston, D.D., pastor of Westmount Baptist Church, addressed the regular weekly luncheon meeting of the Westmount Rotary Club in Victoria Hall yesterday. Dr. Johnston spoke on behalf of the forthcoming tag day in aid of the Province of Quebec League for Crippled Children.

The speaker stated that the lives of all men were dictated by heredity and environment. Some enter life healthy of mind and body, while others are born with feeble minds and weak bodies.

Dr. Johnston said that there were approximately 5,000 crippled children in the Province of Quebec and that funds for their care must be given generously. Rotary Clubs, always played a particularly active part in underpinning the responsibilities of underprivileged crippled children, he pointed out.

The speaker was introduced by B. Stalner and thanked by D. McKean, F. Whitlock, vice-president of the club, presided.

Y ENTERTAINS MEN OF FORCES

Arranged by the Robin Hood Group, and with music supplied by the "Music Makers," the regular weekly entertainment for men of the armed forces was held at the Westmount Y.M.C.A. Saturday night.

The soldiers, sailors and men of the air force danced to the music of the orchestra and the evening was featured by a pie eating contest staged between members of the army, navy and air force, the honors being carried off by the latter.

The orchestra is composed of Doug Robertson, Bill Drummond, Terry Drummond, Jim Child, Gordon Hawken and Bob Dalziel. The "Music Makers" are expected to again supply music at an early meeting for the troops at the "Y."

TO HOLD SALE

The Montreal General Hospital Graduate Nurses' Spiffire Committee will hold a rummage sale on Friday, October 3, at 2 p.m. in St. Stephen's Hall, Dorchester street and Atwater avenue. Donations for the sale may be left at the hall on Thursday afternoon, October 2.

FINAL READING GIVEN TO REAL ESTATE SIGN AMENDMENT BY COUNCIL

Original By-Law Changed So as to Give City Power to Govern Size of Large Signs Advertising Immovable Properties Within City Limits—Council Authorises Purchase of New Truck

Third and final reading was given by Westmount City Council at a regular weekly meeting Monday night to a by-law requiring that permits be obtained for erection of real estate signs exceeding an area of six square feet in size.

The ruling, By-Law 515, amends By-Law 389 concerning signs, and reads as follows:

"No signs or advertising device shall be erected, placed, posted or displayed, on any land, building, fence or post within the City unless it has been approved by the Architectural Commission and unless a permit therefore, in writing, has been obtained from the building inspector, provided that this section shall not apply to any sign having a total area not exceeding 6 square feet and advertising, only, for sale or lease, the immovable property on which it is placed."

The by-law will not affect the majority of real estate signs on city properties as most of these are well under the size for which a permit is required.

It was adopted, mainly, to empower the city to restrict the size of signs on properties where their presence might impair the appearance of the general surroundings. The previous by-law failed to contain a clause governing real estate signs.

Only other matter of importance attended to at Monday night's session was authorization by the Council for the purchase of a new truck with a snow-plow attachment. It will replace a vehicle previously in use and will not be an addition to snow removal equipment.

The council meeting was presided over by Mayor Walter A. Merrill, K.C.

GOOD SEASON IS EXPECTED BY STAMP CLUB

Noted Speakers Will Address Local Group — Membership Shows Steady Increase

Increased attendance at each of the meetings of the Westmount Stamp Club has led President Sutherland to believe that the club is in for one of its best seasons. In addition to increased attendance the fact that one or two new members have joined the organization at each of their sessions, justifies President Sutherland's optimism.

A fine program has been lined up for the first part of the year featuring notable guest speakers, the first of whom will be heard this evening when the club meets. The speaker is R. H. M. Falls, past president of the club. Mr. Falls, an interesting talker, has not disclosed his subject. Other prominent speakers include Professor R. de L. French of McGill University and Christopher Ellis of radio fame.

A club auction was held at last Thursday's meeting and a Red Cross auction is planned for in October.

The club will meet this evening in the Oak Room at Victoria Hall, 8.15 p.m.

CAR IS DAMAGED IN COLLISION

An automobile driven by Camille Brien, of 42 Latour avenue, Verdun, was slightly damaged when it and a car operated by Rosalis Racine, of 5180 Queen Mary road, collided at the intersection of the Boulevard and Roslyn avenue at 10.20 a.m. on Saturday.

At the time of the accident, the police report states, Brien was pulling to a stop on the Boulevard in order to turn south on Roslyn when the car driven by Racine collided into the rear of his machine.

No one was injured.

BUSINESS MEN PREPARE FOR BUSY SEASON

Association Will Shortly Draw Up Plans For Active Year, President Reports

The Business Men's Association of Westmount anticipates a particularly active season and meetings of the executive committee, when tentative arrangements will be made, are to commence shortly. N. Eric Ohman, the president, stated yesterday.

Most local merchants, Mr. Ohman said, had reported a marked improvement in business and this will be reflected in a more pretentious program of events by the association this season.

The organization plans to cooperate fully with the city in any forthcoming campaigns to aid the war effort. Mr. Ohman recalled that last year a large number of war savings stamps had been sold at a unique auction sponsored by the association in Victoria Hall. Similar undertakings will be promoted this season, he declared.

The president expressed the wish that all local merchants join the association in order that its activities may be as extensive as possible. Most members, he said, felt that they had benefitted considerably by joining.

FRONTIERSMEN HOLD PARADE

A regimental parade was held by squadrons of the Corps of Imperial Frontiersmen in the District of Montreal at King George Park on Monday night. Captain M. McGuire, O.C., Westmount Squadron, was in charge of the parade while the salute was taken by Lt.-Col. Dugald Campbell, I.F., as the squadrons marched past the saluting base.

Martial music for the performance of the various functions was supplied by a band from the Air Cadet Corps. The squadrons went through a display of troop and squadron formations following the march past and inspection.

In future, regimental parades will be called monthly, alternately in the five squadrons respectively: Westmount, Montreal, Côte des Neiges, Maisonneuve and Lachine.

Traffic On Street Cars Blocked Near Girouard

Street car traffic on Sherbrooke street from the Westmount boundary to beyond Girouard was held up for 18 minutes yesterday morning, the result of a broken trolley wire on Girouard south of Sherbrooke.

The broken wire was quickly repaired by a patrol squad rushed to the spot as soon as the damage was reported to company headquarters.

WESTMOUNT, THURSDAY, SEPTEMBER 25, 1941

LITTLE WORLD'S SERIES

A new attendance high for professional baseball in Montreal, and possibly for the International League, is expected for the three games of the Little World Series which starts at Delormier Park Friday night, for not only has the series all the elements of drama and colour but the present Royals are probably the most popular team ever to wear the colours of the Montreal Baseball Club. The public loves gameness and colour in sports and the present team has both in extra large quantities. The team is the youngest that ever played professionally here, and in the opinion of most of the experts, the fastest, both field and on the bases. They play the game for all it is worth until the last man is out in the last inning. They'll be given a great reception when they take the field Friday following their game victory over Newark in the Governors' Cup final Tuesday.

THE BRITISH EXAMPLE

There was a piece of prose written recently about "The Little People of England" that will surely find a place in Canadian literature. It is by Valance S. Patriarche of St. Catharines:

"No Abbey walls have space to record the deeds of these simple ones, gone sadly or gaily to eternity. Their names shall not be graven on stone nor painted on glass; no Roll of Honor could set them forth. But the dust of England, the winds which whisper in her trees, the waves which beat upon her shores, shall vibrate with the passion of their courage, the splendor of their sacrifice. Each dawn shall tell how they arose in humble cheerfulness to light their tiny corner of the earth

with a candle of faith, each sunset shall be a flaming beacon to remind all men of their burning steadfastness."

They are steadfast not only in terrors of war, but in holding to their principles of peacetime social service, and they have faith that days of good neighborliness are not killed by a madman's outbreak. This is shown in their response to appeals for charitable causes: a request for an X-ray unit brought enough for three: when a call went out for help for seamen and their dependents, \$500,000 was subscribed at once, and this was trebled later; the B.B.C. Sunday night programs for "The Week's Good Cause" have raised more than \$3,250,000.

In fact, actual figures gathered by the B.B.C. show that the British, uncowed, unbeatable, have raised between two and three times the amounts raised for relief of distress in the most generous peace years.

The Little People of England are responding with open hands to invitations to help their neighbors. They gave an example to Montrealers who are being called upon to raise \$752,000, no larger than last year, for the Federated Charities. The Monitor does not believe we shall prove unworthy of Britain's example.

WHEN IS A MOTORIST DRUNK?

Apparently some people are unfit to move on the highways even when they have done little drinking. Others can take aboard quite a load. It is the alcohol accumulated in the blood and brain, and not the amount consumed, that produces intoxication. The rate of absorption is affected by the condition of the stomach, the rate of consumption, and the dilution of the drink. This somewhat surprising and unqualified statement is made by the United States National Safety Council: All persons are unfit when the concentration of alcohol approaches 0.15 per cent by weight in the blood, and are sufficiently impaired to be unsafe automobile drivers. This alcohol level corresponds to an accumulation of from six to seven ounces of whisky in the body of a man weighing 150 pounds. To accumulate this amount, the average person under average conditions would have to drink between eight and ten ounces of whisky. Some persons who have the ability to "carry their liquor well" might have to drink as high as twelve ounces before their level of alcohol in the blood would reach 0.15 per cent.

LETTERS to the EDITOR

Editor,
Westmount Examiner.

Dear Sir:
I read with interest your article in this week's Examiner under heading of "Mangelwurzel Sadly Missed"—telling of refugees in United States puzzled at lack of European staple.

As a matter of fact there is such a vegetable in the United States, and it has a name. It is known as the "rutabaga," pronounced roo-ta-ba-ga.

In western Canada anyway this variety of turnip is referred to as the "turnip," but rutabaga is the proper name.

If you could pass this knowledge on to the puzzling young refugees, they could be eating their fill of their favorite vegetable.

Yours truly,
Barbara Patterson.

"I feel, as I have never felt before, that we are doing a really worthwhile job for Canada as well as for the boys," said Mr. McAdam enthusiastically. "We have talked in the past of building 'Good Canadians'; surely our record of recent years proves that we have succeeded. This is a work worth supporting and extending."

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

On Sunday next in Calvary Church, Dorchester St. at Greene Ave., Westmount, the Minister, Capt. the Rev. T. W. Jones, M.A., D.D., will conduct the services and preach the sermons. At the morning service the sermon theme will be "Courage is of many colors." At the evening service Dr. Jones will preach on the theme "All this—and Freedom too."

At the close of the evening preaching service a Friendship Hour with singing of old favorite hymns will be held in the church parlors. Members of His Majesty's Forces are specially invited to attend.

The Young Worshipers' League will re-open on Sunday morning at 11 o'clock and at the morning school session, under the direction of the Mission Band superintendent, Miss Ruth Baxter, recently returned from Nigeria in Africa, will tell of her work among the lepers and of her experiences when the ship was sunk by German bombers.

All departments of the church school will re-open at 3 p.m. All teachers, officers and scholars are urged to be present. The Men's Own Brotherhood will meet in the church at the same hour.

The Young People's Union will hold its first meeting on Monday, Sept. 29th at 8:15 p.m. in the Macaulay Hall. All young people are invited to attend and bring friends with them.

The Boy Scouts will hold their first session on Monday, Sept. 29th at 7:15 p.m. — while the Cubs will meet on Thursday, October 2nd at 7:15 p.m.

A very important meeting of all teachers and officers of both the Morning and Afternoon Schools will be held on Wednesday, October 1st at 8:15 p.m. in the church parlors.

The Red Cross units will meet on Tuesday from 10.30 a.m. to 4.30 p.m., with the evening branch meeting at 7.30 p.m.

The Women's Association will hold its regular monthly meeting on Wednesday afternoon at 3.30 p.m. The ladies of the congregation are urged to attend.

The Communion of the Lord's Supper, with reception of new members, will be held on Sunday morning October 5th.

About 900 Canadian conscientious objectors are held in camps where they are doing forestry work and road-building.

J. S. McLean, president of Canada Packers Limited stated in his annual report that hitherto Canadian bacon has held second place to Danish bacon, with British consumers and that the present is Canada's opportunity "to become established on the highest level of quality, flavor and sizeability."

Confidence in a British victory, as expressed by the British Red Cross in its list of prizes in a forthcoming lottery in aid of Red Cross funds:

One hundred seats, in a good position on the route, to view the victory procession; 10 seats in a commanding position to view the first post-war Oxford versus Cambridge boat race; four season tickets for the first post-war tennis tourney at Wimbledon; a double bedroom and private bedroom at a fashionable hotel for the first week of the victory celebrations.

TRUTH

I have seldom known any one who deserted truth in trifles, that could be trusted in matters of importance.—Paley.

Montreal Is Protected By Ring Of Defense

Weighted in terms of propaganda, an enemy air raid on this metropolis, a port 1,000 miles inland from the sea may prove something of a temptation to Hitler, but officials of the Civilian Protection Corps here have just completed a defense system which they say will make it impossible for aerial invaders to surprise Montreal.

Stretched for miles along the north and south shores of the St. Lawrence river, outposts have been established and watchers appointed. All volunteers, these watchers are mostly fishermen and farmers whose work keeps them near the main line of route enemy airmen would have to travel in their sweep of this industrial and shipping centers.

In the city itself more than 5,000 air raid precautions workers have enrolled in the Civilian Protection Corps and more than 1000 car owners have signed up in the mobile section of the corps. An air raid shelters advisory committee has been set up and from a centralized headquarters orders for an emergency can be broadcast over an area of several hundred square miles and this area includes Ottawa, Canada's capital city, 120 miles away.

Three-Minute Blackout

This city can now be blacked-out in three minutes, corps officials state, the recent simulated attacks having shown that all public utilities under a master-switch plan can cease operations at a given signal and remain black until the emergency has passed. Special lighting plans for institutions such as hospitals, have been worked out as experiences in Britain and Berlin during air raids have shown that a master-switch blackout often is not feasible, especially in the operating rooms.

The Civilian Protection Corps has just completed a survey of buildings which will be suitable as air raid shelters and has issued instructions to householders on combating possible effects of air raids.

Some of the emergency "tips" are:

"Save the heavy paper bags in which cement is sold. They can be used to make sandbags."

"Appoint a responsible, active member of the household as fire-watcher."

School Training

"Use pails of sand and long-handled shovels to extinguish incendiary bombs. (High explosive bombs are usually directed at military and industrial targets.)"

"If you use the basement floor as a shelter, be sure there is an emergency exit."

School authorities working in conjunction with the Civilian Protection Corps have also completed plans for the safety of children when they return to their class rooms after the summer vacations. Fire drills are to be held more often and certain students enrolled to act as fire-fighters in an emergency.

While realizing such a move may not be necessary, corps officials are taking no chances in being caught unprepared should the evacuation of children be required.

Far up in the Laurentian Mountains owners of exclusive fishing camps and hunting grounds have been pressed into service so that these establishments can be thrown open to corps children sent from the city. Corps officials estimated that cooperating with the railroads and other transit companies 50,000 children could be sent from here into the mountain district within two days.

Veterans On Job

Corps officials have concluded lengthy talks with Pensions Minister Ian Mackenzie, who recently returned from England after studying air raid defenses and have received full approval of Dominion government authorities to assist in the guarding of the water-front here.

Veterans of the first World War, too old for active service in the Canadian army overseas have been allocated to day and night patrol work along the harbor to augment the regular troops on duty there. Many of the

veterans are using the rifles and steel helmets they wore while in France, their "souvenirs" having been pressed into service at the request of the government now concerned with the making of more modern equipment.

Women Enrolled

Women too, will play their part in the defense of this city, all those having nursing experience having been urged to enroll in the Civilian Protection Corps. Hospital staffs will not be called upon for outside work, it being felt that there are enough privately registered nurses here to handle any emergency. From the Canadian Red Cross, Quebec Station, some 2500 volunteer workers have enrolled in the Defense Corps and large supplies of medicines and bandages placed at the disposal of the authorities.

This city's recent black-out proved one thing beyond doubt. If enemy raiders should attack police need not worry about crime.

For the five minutes Montreal was "blackened" only one robbery was attempted. In a city of over a million people that's a tall average police reported.

'Corrigan' Landing Made By Pigeon

Selden E. Rockwell, Denver reclamation engineer, has been seriously considering equipping his errand homing pigeon with a map next time he turns it loose.

The pigeon—tagged as AU-40—Denver was released several weeks ago at Gillette, Wyo., for a 300-mile race to Denver. Either he hit bad weather or had ideas of his own, but he next showed up at the home of Mel Gray at Scottsbluff, Neb., 150 miles of his course. He was released again at Scottsbluff, but after 30 hours he returned to Gray's home.

FINAL TRIBUTE PAID TO LATE SESSIONS JUDGE

Funeral Service for Judge Rodolphe De Serres Held in St. Leo's Church

The funeral service for Judge Rodolphe De Serres, of the Montreal Court of Sessions of the Peace, was held on Saturday morning in St. Leo's Church. Judge De Serres was drowned last Thursday at Laval-sur-le-Lac.

The body was received at the door of the church by the Rev. O. P. Gauthier, pastor, who officiated at the funeral service. Burial was in the Cote des Neiges Cemetery.

Chief mourners were his brothers, Omer, Gaston, Henri and Jean De Serres; his brothers-in-law, Rene Brodeur and Leslie Tooke; his nephews, Roger, Jacques and Lt. Guy De Serres; and his cousins, Pierre De Serres and J. A. Belanger.

Among those present at the funeral were: Hon. Pierre F. Casgrain, Secretary of State, Mayor

Adhemar Raynault, Senator Elie Beaugard, Sqdn.-Ldr. Victor Dore, Maurice Trudeau, Judge Maurice Tetreau, Judge Desmarais, Judge Marin, Judge Guerin, J. A. Legault, governor of the Montreal Jail; Judge Edouard Archambault, Judge Langlois, Alphonse Raymond, Jr., Armand Chaput, Raymond Dupuis, Marcel Nougier, Hon. SOLDIER OF DEMOCRACY ON THE HOME FRONT

Beverly Baxter, Canadian-born British M.P., placed the workers of Canada squarely in place in Canada's fighting line. War today is a struggle of machinery supplemented by courage and ingenuity in the use of mechanical instruments of combat. Upon the worker depends the planes, guns, tanks, ships and hand weapons without which the soldier is helpless in the face of the foe. Canada's workers have the inspiration of knowing that they are actually part of the nation's defensive armament.

OPERA MAESTRO MONTREAL 'SON' CHILD GENIUS

Wilfred Pelletier in Greatest Triumph — Returns With World Renowned Metropolitan — Artists Reach Heights Under His Wizardry

Mr. Wilfred Pelletier, conductor of the Metropolitan Opera Association was born in Montreal on June 30, 1896, and showed unusual musical ability from his earliest years. At the age of nine he could play almost every instrument in an orchestra, including the tympani, which he admits fascinated him more than any. At sixteen he won the Prix d'Europe of the Province of Quebec, and went to Paris to study. At twenty, he was assistant conductor, and six years later, a conductor of the Metropolitan Opera Company, the greatest organization of its kind in the world.

Despite his long residence in New York, and the demands of a brilliant career, Wilfred Pelletier is intensely interested in the musical development of Montreal. For six years he was the artistic director of Les Concerts Symphoniques, and it was his industry and faith alone which founded the Montreal Festivals.

Believing that the future of music depends largely on the musical education of the youth, he organized the Matinee Musicales six years ago, and it has been one of his greatest joys to come up from New York to conduct these children's concerts. One thing which is little known about Maestro Wilfred Pelletier is that since the foundation of Les Concerts Symphoniques, the Matinee Musicales, and the Montreal Festivals, he has always donated his services to the cause of music.

His tremendous capacity for hard work is well known. Besides his engagements with the Metropolitan Opera, he conducted their Auditions of The Air. He is frequently heard as conductor on the major radio programs. He composes music, and is a delightful after-dinner speaker.

Such is his loyalty to his native city that it is said he will leave any gathering any time if his presence elsewhere will give encouragement to a gifted student from Montreal who has asked for his advice.

TOWN IS NAMED FOR CHURCHILL

Nova Scotia Has Fourth Centre in Canada to Be So Called

Whether Churchill, Manitoba, and Churchill, Ontario, and Churchill, Prince Edward Island, like it or not, there is going to be another Churchill in Canada—Churchill, Nova Scotia.

Colliery workers who will populate a newly built village of model homes near Glace Bay, talked it over and decided there was only one name that would suit them.

So they wrote Prime Minister Churchill and asked his permission and the other day a letter containing official approval was received from his secretary.

There may be a race now to establish Churchill communities in the five other provinces of Canada — that is, if the Churchill-perplexed postal workers do not step in and call a halt to the epidemic in the meantime.

Fishermen Quit Sea For Defense

HALIFAX, N.S.—The demand for workers on Newfoundland defense projects is so insistent that many fishermen who formerly went to the Banks now labor ashore at construction camps.

James Burke, merchant and coal importer of Carbonara, Nfld., said:

"The ex-fishermen find it a profitable business, for they live rent-free on their schooners tied up at the docks, and even 'take roomers' aboard because of the housing shortage.

700 Garments Donated To "Bundles" House By Club

The War Workers Relief Club, organized at St. Eustache-sur-le-Lac on July 9, has turned in 700 garments to the V Bundles of Montreal and District, 4981 Queen Mary road, and these garments are being exhibited in four crates at the "Bundles" house during this week. The public is invited to come and see these clothes.

The War Workers Relief Club, composed of 30 working members, held 11 meetings in the Town Hall at St. Eustache on Wednesday evenings, the objective of the club being to gather and make 500 garments for a bundle to be sent overseas to help victims of air raids.

Much Work Accomplished
Before September 15, 700 garments were brought in, 500 of them being new, made by the members, and 200, classed as used clothing, all being in perfect condition. In addition, the sum of \$220 was raised by the

members, the money being used to purchase materials for work, and \$57 was handed to Mrs. Patton, of the V Bundles, to help to pay for transportation of the clothes to Britain. Mrs. Florence de Gruchy is president of the War Workers Relief Club, and the vice-president is Mrs. T. Coles.

Two New Branches
Two new branches of the V Bundles of Montreal and District have been opened, one in Westmount, at 4560 St. Catherine street west, and the other in Outremont, at 840 Davaar avenue. Mrs. W. Jones, WI. 3084, is in charge of the Westmount group, and Mrs. G. Clark, CA. 3937, is in charge of the Outremont organization.

This coming Saturday, a sale of home cooking will be held at the "Bundles" house, 4981 Queen Mary road, in order to help pay the cost of transportation of clothes to Britain.

BRIGADE WILL OPEN MEETINGS FRIDAY NIGHT

First Westmount Company Will Resume Regular Activities — Seek Recruits

The First Westmount Company of the Boys Brigade will resume regular Friday evening meetings tomorrow night at 7.30 o'clock. Five successful outdoor gatherings were held during the summer.

New recruits will be welcomed and enabled to commence their six weeks training, prior to enrollment, and will be trained by Lieut. James Patterson, assisted by Staff-Sgt. Robert Morrow. From the present volume of applications received, it looks as though this session will be a record breaker. The Company secretary-treasurer is Lieut. Alex Upham, having graduated right through the ranks from Private to Lieutenant, he will handle this position as well as instruct model railroading and model aircraft building. The former is an addition this session, made possible through the gift of some friends of the company.

The company had as its guests Edward and Billy Butcher, and look forward to their return on week-ends. During Saturday and Sunday they were the guests of Mr. and Mrs. G. Upham.

The following boys were welcomed last Friday into the recruits' class of the company: Donald Unsworth, James Wright, John Seymour, B. Robinson, Robert Eastwood, Jordan Durocher.

The company Bible Class will be commenced at 2.15 Sunday afternoon and all members are expected to be present. The class will be conducted by Capt. Richardson, assisted by the officers and N.C.O.'s.

The life boys will commence their regular weekly meetings this week, having held two outdoor sports days in the woods. Last Saturday a swim was enjoyed by the boys as a climax to a pleasant afternoon's fun. This session Lieut. Alex Upham will work in with the life boys and will instruct the badge periods. The life boys will resume Sunday School on Sunday afternoon at 3 o'clock and all boys are cordially welcome. New members are steadily being enrolled in the team and they have set a goal of 40, and hope to successfully attain that membership.

MIRROR MAGIC

"They do it with mirrors" is definitely not a wisecrack at the Fleischer Studio in Miami, Florida. It describes the way artists animators get correct facial expressions for the whimsical little characters featured in "Mr. Bug Goes to Town." Fleischer's forthcoming \$1,000,000 Technicolor cartoon scheduled to be released late this year.

The false borders so closely on the true, and the possible on the impossible, that the wise man should refrain from venturing on dangerous ground.

Mr. and Mrs. C. Owens have

announced the engagement of their daughter, Miss Patricia Owens, R.N., to Mr. Alfred E. Creagh, son of the late W. P. Creagh, and of Mrs. Creagh. The marriage will take place quietly on October 18.

WEDDINGS

Ryan-Dalton

In Dominion Douglas Church, at half-past two o'clock on Saturday afternoon, the marriage took place quietly of Miss Jean Isabel Dalton, daughter of Mr. and Mrs. Gilbert N. Dalton, of Westmount, to Mr. Sydney R. Ryan, son of the late Walter Ryan, and of Mrs. Ryan, also of Westmount. Rev. Dr. A. Lloyd Smith performed the ceremony and Mr. J. E. F. Martin was at the organ. Picardy gladioli and other autumn flowers formed the floral decorations.

Miss Anne Bryce Archibald was her cousin's only attendant and Mr. Philip N. Dalton was best man. The ushers were Mr. George Wurtelle and Mr. Lloyd Lesage.

Mr. Dalton gave his daughter in marriage. She wore a simple floor-length gown of blue crepe with shoulder length veil of matching tulle illusion held with a wreath of orange blossoms and she carried Sweetheart roses and bouvardia.

The bridesmaid wore a frock of shell pink lace over chiffon with short matching veil held with sweetheart roses and she carried a bouquet of shell pink cyclamen and blue delphiniums.

Following a reception for immediate relatives and friends held at the home of the bride's parents, 754 Upper Lansdowne avenue, Mr. and Mrs. Ryan left for a short motor trip, the bride wearing for travelling a nut-brown wool crepe jacket dress with brown matching hat, camel hair coat with otter collar and brown and beige accessories.

Miller-Tucker

The marriage of Mildred May, youngest daughter of Mr. and Mrs. J. A. M. Tucker, to Mr. David John Miller, eldest son of Mr. and Mrs. Alexander Miller, took place at St. Matthew's Church, Hampstead, on Saturday evening, the Reverend G. E. Trueman officiating. Mr. Bernard Leshley was at the organ, and during the signing of the register, Miss Edith Murray sang "Because." The church was decorated with palms, ferns and baskets of gladioli.

Given in marriage by her father, the bride wore a Victorian gown of white 'bridal satin and silk lace, the skirt falling in folds to form the long train. Her veil of misty tulle was held in place by a halo of pleated net, and she carried a shower bouquet of Killarney roses and baby's breath.

Miss Janet Miller, sister of the groom, acted as maid-of-honor, wearing an Antoinette model of pink silk net and lace, with a cap of velvet flowers to match.

Miss Marguerite Billings, as bridesmaid, wore an Antoinette mode of blue silk net and lace, with a matching cap of velvet flowers. Both attendants carried bouquets of Pernet roses.

Mr. Alexander Miller, Jr., acted as best man for his brother, and the ushers were Mr. W. H.

Christie, Jr., and Mr. George Mitchell.

Mrs. Tucker, mother of the bride, wore a Patou model of forget-me-not blue French crepe, with a small hat of the same material, and a corsage of American Beauty roses. Mrs. Miller, the groom's mother, was gowned in sapphire blue velvet with a matching hat and a corsage of Briarcliffe Roses.

Following a reception at the Ritz Carlton Hotel, Mr. and Mrs. Miller left for their wedding trip to Quebec City, the bride travelling in a grey suede cloth coat trimmed with grey fox fur, over a Skyline blue crepe frock, with a grey felt hat and matching accessories. She wore a corsage of Butterfly Roses.

Out-of-town guests included: Mr. Frank Cunningham, Kirkland Lake; Mr. John Ramsey, Merchant Navy, London, England; Mr. and Mrs. W. D. Harding and son, Kenneth, of Peterborough; Mr. and Mrs. W. H. Christie, of Orillia; Mrs. A. Campbell of Ottawa.

Salera-Salono

The marriage of Marie, youngest daughter of Mr. L. Salono, to Mr. William C. Salera, eldest son of Mr. and Mrs. R. Salera, took place on Saturday morning, September 20, at Our Lady of Defence Church, the Reverend Father Vangeliste officiating.

The bride, given in marriage by Mr. P. Devillis, wore a gown of white satin, with round neckline, long sleeves and a train. Her three-quarter length veil fell from a flower head-dress.

Miss Rose Salera, sister of the groom, was the bride's only attendant, wearing a gown of light blue chiffon, and carrying a bouquet of roses.

Mr. P. Devillis acted as best man.

Following the ceremony, a reception was held at Peter's Hall, 6961 St. Denis street, and later Mr. and Mrs. Salera left for a wedding trip to the Laurentians and New York City, the bride travelling in a green ensemble trimmed with fur.

They will reside at 5302 Queen Mary Road.

Out-of-town guests included Mr. and Mrs. A. Cerro, of New Jersey.

Mitchell-Kirkham

The marriage of Miss L. Olive Kirkham, only daughter of Mr. and Mrs. Lawrence Kirkham, to Mr. Allan Mitchell, son of Mr. and Mrs. Fred Mitchell, took place on Saturday afternoon in Wesley United Church. The Reverend R. B. Brown performed the ceremony.

Mr. Kirkham gave his daughter in marriage, and the bride wore a simple floor-length frock of white crepe, her shoulder-length veil of tulle illusion being held by a wreath of orange blossoms. She carried a shower bouquet of rubrum lilies, pink larkspur and bouvardia.

Her only attendant, Miss Gladys Mitchell, sister of the groom, wore a floor-length frock of cedar silk jersey, and a shoulder-length veil of tulle illusion. She carried a nosegay of pink carnations and cornflowers.

Following a reception at Victoria Hall, the bridal couple left on a motor trip to Muskoka

GOOD WORK DONE BY RED CROSS COUNCIL OF WESTMOUNT HIGH

The Red Cross Council of Westmount High School has launched its second year with a salvage week for bottles, more than 1500 bottles of every sort having been brought in.

"Rags and Razor Blades" is this week's slogan, and a whole-hearted response is expected. Throughout the school stand receptacles for the collection of silver paper, coupons and stamps.

Display of Sweaters

Recently, in the school library, the girls held a display of sweaters knitted during the summer for air raid victims in England, and the sum of \$5.50 was obtained from a five-cent admission charge. Long-sleeved pull-overs and cardigans of intricate design were exhibited, and Mrs. F. Davidson donated prizes, Dorothy Tillyer winning first prize and Phyllis Wood being awarded second prize.

It has been decided that the last Friday in every month be known as "Nickel Day," and the school is looking forward to a good collection to help in its Red Cross work.

The council for the year consists of: Elisabeth Gibb, Avril Keiler, Barbara Jackson, Fred Khan, Basil Brewer, Herbert Shayne; the staff advisers are Miss A. L. Parker and J. D. Lawley.

WAR WORK COMMITTEE BEGINS FALL SEASON

The War Work Committee of the Westmount Women's Club has started its fall season, having worked during the summer months in co-operation with the Red Cross and the V Bundles of Montreal to produce garments and other necessary articles for overseas.

With the larger number of workers now helping in the committee, it has been found that the group is in need of more sewing machines to carry on with the heavier winter work. It has also been reported that a local recreational centre for men on active service would appreciate the loan of a piano to help in the entertainment of soldiers. Anyone willing to lend sewing machines or piano may get in touch with the War Work Committee of the Westmount Women's Club.

New members will be welcome, and it is hoped that many more will join in the committee's work for overseas.

Interesting Events Planned For Season Of Literary Society

The fall and winter season of Dominion-Douglas Ladies' Literary Society will open on October 17, when A. Robert George, B.A., B.D., lecturer in oral English at McGill University, will be the speaker. Jean Belland, cellist, will be the guest artist.

At the November 21 meeting, Mrs. George Agar will lecture on "Dr. Johnson and His Circle" and duets will be given by Mrs. Andrew R. Webster, contralto, and Miss Phyllis McLean, soprano. Dr. Dorothy J. Ross will speak on "From Fingers to Forks" at the December meeting and Gwenneth Hodgson Gray will present violin solos.

The January meeting will take the form of a musicale with Edna Marie Hawkin, pianist; Jacques Lebreque, tenor, and Phyllis Rowell, accompanist.

Dr. W. D. Woodhead, of McGill University, will give an address on "Two Would Be World Conquerors" at the February meeting and Marguerite Filion, soprano, will sing. Miss Elizabeth Monk will speak on "A Literary By-Path" at the March meeting and a program will be given by Phyllis Rowell, pianist and Phillips Motley, organist.

Meeting in Hotel

A meeting of the Women's Conservative Association of Montreal and District is called for Wednesday, October 1, at 3 p.m. in the Mount Royal Hotel. The purpose of the meeting is to report the progress of the drive for the Mobile Kitchen fund, and other business that might be necessary to discuss. Mrs. Weldon, convener of the bridge committee, wishes to meet the chairmen of the branches after the meeting.

War Work Committee

Members of the special War Work Committee of the Montreal Women's Club have commenced work at their new quarters at 382 Olivier Avenue, Westmount. They meet every Friday afternoon from 1.30 to 5 o'clock.

Any member of the Club interested in sewing will be cordially welcomed.

COLD WINTER DUE

Jonesboro, Ark.—It's going to be a long, hard winter, say old-time weather prophets here. The woodsmen base their theories upon several truths, they say. For instance, some point out that leaves are already falling—a full month or six weeks ahead of schedule. Then, squirrels are scurrying about, lining their homes. One bearded old pioneer says that a cold winter always follows a hot summer. The past summer here has been the hottest on record in several years.

On their return, they will take up residence in Notre Dame de Grace.

ILLUSTRATED TALK Captain the Rev. T. W. Jones will give an illustrated talk, "Around the World under the British Flag" on Sunday evening, September 28, in the Stevenson Hall of Emmanuel Church, Drummond Street. The program will start at 8.30 p.m. and a silver collection will be taken in aid of the Welsh war relief. The evening is to be under the auspices of the "Dragonettes" Branch of the Welsh Fund. A hearty invitation is extended to all to be present.

"Don't you wish we could shorten the war?"

He: "Well, in a way we can, you know."

She: "But, George, we're not trained to do anything . . ."

He: "Training doesn't matter for what I'm thinking about. I was wondering whether we couldn't put more of our income into War Savings Certificates."

She: "And why not? We might have to go without one or two pet luxuries—but wouldn't it be worth it to bring back peace again?"

He: "And won't we be glad of the money—and the interest it will have earned—in a world without war restrictions!"

The help of every Canadian is needed for Victory. In these days of war the thoughtless selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

Many Canadians Starve, Says Dietetics Expert

Many Canadians are starving, stated Miss Goodeve, dietetics expert of the Family Welfare Association, in a recent address at a meeting of the Canadian Housewives' League.

Money given to those on relief in this country is not sufficient to buy the minimum diet necessary for good health, the speaker said, telling her audience that the Family Welfare attempts to aid these people by showing them how to get the most for their food money.

Rising Prices

Rising prices are forcing many housewives to buy cheaper foods, the speaker continued. The cheaper cuts of meat are delicious and very nourishing if cooked properly; this means long slow moist cooking, with correct use of sea-

soning. Discussion brought out the fact that even can be bought which may be used on top of the gas range when it is not desirable to heat up a large oven for one casserole. These ovens are said to be economical of gas.

Protective Foods

The importance of the protective foods was stressed, and their value in the diet for their minerals and vitamins. Wheat germ can be bought in bulk for about the same price as flour, and whole grain porridge made from oats, wheat, or a mixture of these, is cheap and very nourishing. Wheat germ can be mixed with flour and added to porridge.

Bread made from whole wheat flour contains food values that white bread lacks, Miss Goodeve said. Raw sugar, not the light

Women's Club Raised \$80 For Queen's Fund During Summer Months

Recently a cheque for \$80 was made payable to the Queen's Canadian Fund, and donated by ladies who spent the summer, or part of it, in cottages at Selby Lake, Dunham, Que.

These ladies organized at the beginning of the summer for war services work, and were known locally as the Chit and Nibble Club. Teas were held every week, and other forms of entertainment were offered from time to time, thus making possible the raising of the donation. Ladies from the United States were among the club members who helped to raise funds for British war work.

Two little girls, Barbara Thomas and Joan Noseworthy, of Montreal, raised \$4.30 by their own efforts during the summer, and gave the money to the club's funds.

brown variety, but the dark brown, or demarara sugar, contains food values that have been refined out of the white sugar. Molasses and honey are excellent sweets.

Tinned Milk

The use of tinned milk was urged, the speaker saying that the day is coming when bottled milk will not be used, on account of its prohibitive price. Women were advised that milk will soon go up another cent in price.

Miss Goodeve stated that formerly wheat flakes, similar to rolled oats but made from wheat, could be bought. She has tried in vain to buy wheat flakes in Montreal, and is puzzled as to why such a delicious cereal is not procurable in a land which is bulging with wheat.

The speaker stressed the tremendous power in the hands of the housewives of Canada, and their unawareness of this power.

The next meeting of the Housewives' League will be held in the Coronation Building at 8.30 on October 21. All housewives are welcome. There will be a speaker.

Anyone willing to give a cot and high chair is asked to get in touch with the club's War Work Committee.

OSA JOHNSON FILM AT KENT

"I Married Adventure" Shows Thrilling Adventures of Woman Explorer in Distant Frontiers

Osa Johnson's life story comes to the Kent Theatre screen on Saturday in Columbia's "I Married Adventure," this lovely, amazingly competent young woman reveals for the first time the thrilling story behind the spectacular journeys she and her late husband undertook in order to advance the knowledge of the world. A quarter-century of thrills, drama and excitement are said to be crowded into the 90 minutes of pure screen entertainment to be found in "I Married Adventure."

Hailed as the greatest adventure film of all time, doubly exciting because its thrills are authentic, this sensational Columbia production of the great Book-of-the-Month Club selection teams with wild animal action, scenic beauties never glimpsed before, struggles to the death between beasts of prey, and the weird life, customs and rites of savages, head-hunters, pygmies and cannibals.

Underlying all is the life story of one of the world's most demure, dark-eyed, strikingly pretty young women who made her first venture into the unknown when only 16 years old — it is the most unique honeymoon on record, for she and Martin Johnson were captured and nearly devoured by cannibals — and later she became the most daring explorer her sex has ever known.

Further to cite the triumphs of this young woman who has been a world-famous author, lecturer, motion picture producer and zoologist, Osa Johnson was the first person ever to fly over the length and breadth of Africa, to make sound films of gorillas in the Congo, to win the confidence of and to photograph pygmy warriors in the dread Ituri Forest, and to circle the globe six times in the course of her explorations.

During the past two decades she has spent less than three years in civilization.

"I Married Adventure" is also a saga of transportation in far-away corners of the earth. Osa's first exploits were made on foot, camel back and on floating houseboats. In 1927 she began to stalk her prey by motor car, followed by cork-lined trucks bearing photographic materials. By 1933 it was "Wings Over Africa," with Mrs. Johnson employing a giant amphibian plane.

An out-of-the-ordinary picture, and one that is thoroughly entertaining, "I Married Adventure" is a thrilling cavalcade of the Dark Continent, and an even more thrilling record of the amazing life of an amazing woman.

AUTUMN PROGRAM OF Y. W. C. A. INCLUDES MANY ACTIVITIES

Morale for victory! This is the emphasis of the autumn program of the Young Women's Christian Association, which includes activities ranging all the way from discussion of the need for compulsory education in the Province of Quebec and study of the historical traditions of Montreal, to classes in cooking and sewing and parties for soldiers and civilian "boy friends."

In a period of war, the health education program of the Y.W.C.A. presents the challenge of keeping physically fit to encounter the strains of over-time work and general anxiety. The work of the department has been planned to provide considerable flexibility to offset the rigid demands of war in defence industries, emphasis will be placed upon games and rhythmic movement rather than gymnastics. For girls who are new to the city and have as yet made few friends, Y.W.C.A. Clubs provide happy opportunity to make new friends, learn new skills, and enjoy parties and dances as well as to consider some of the more serious problems of personal life and the responsibilities of citizenship in a democratic nation.

Classes in French and English conversation, public speaking and the study of the social problems of Canada will also provide aids to good citizenship, and the Association, being of the opinion that the arts of homemaking are never more essential than in a period of war has introduced emphasis upon nutrition, budgeting and marketing into its school of Cookery, while the fashion workshop provides instruction in the remodelling of adult garments to fit children and other economical procedures which in the long run make their vital contribution to the accumulation of national reserves that is so essential to the war effort.

The Y.W.C.A. is one of the thirty-three agencies co-operating in Financial Federation; it is a non-profit organization, 60 per cent self-supporting with 40 per cent of its budget supported through the Federation.

Tonight is open night, starting at eight o'clock, when the chief activities of the coming year will be displayed.

HOSPITAL AUXILIARY WILL PRESENT SHOW TO AID ACTIVITIES

The Women's Auxiliary of the Homeopathic Hospital will stage a fashion show at the Windsor Hotel on October 14, in aid of hospital activities. Messrs. Holt Renfrew & Company Limited will co-operate in putting on this fashion show.

It is intended this year to make possible the opening of a new case room at the hospital, and it is hoped that many friends in the community will help by supporting this worthwhile project.

Active Many Years

The Women's Auxiliary of the Homeopathic Hospital has been an active force in the community for more than 70 years. The organization purchases hospital equipment and accessories, and assumes practically all responsibility for the upkeep of the nursery at the hospital.

The convener of the fashion show is Mrs. W. G. Murdoch, and Mrs. W. John Collins is chairman of publicity. All details concerned with tickets and program advertising are being handled by the president, Mrs. W. R. Henry, and Mrs. W. G. Murdoch.

Fun, Romance And Tunes Mark 'Moon Over Miami'

All the lavishness of "That Night in Rio," the melody of "Tin Pan Alley," and the eye-appeal of "Down Argentine Way," have been brought together in the latest 26th Century-Fox Technicolor musical, "Moon Over Miami," which opened at the Westmount United Theatre last night, playing until Saturday night.

Framed against the lush tropical beauty of Miami, the glamour city of the South, "Moon Over Miami," features Don Ameche, Betty Grable, and Robert Cummings in their most delightful and entertaining roles. The stars more than live up to their parts by giving outstanding performances. Charlotte Greenwood, Jack Haley, Carole Landis, and Cobina Wright, Jr., are other members of the star-studded cast whose acting merits orchids.

This amusing film is the gay, tune-filled tale of how to invest an inheritance. Two sisters, Betty Grable and Carole Landis, induce their aunt, Charlotte Greenwood, to accompany them to Miami. All three have just inherited \$5,000, and Betty decides to invest it in clothes and a lavish suite at one of Miami's ritziest hotels. Her purpose is to hook a millionaire by looking like a millionairess. Carole poses as her secretary and Miss Greenwood as her personal maid. Betty is so convincing as an heiress that she not only hooks a millionaire, Robert Cummings, but another fortune hunter like herself, Don Ameche. Unfortunately she falls in love with Don before she discovers her mistake. Down to her last dollar, she accepts Bob's proposal, but before she can marry him, cupid sets things topsy-turvy for a mad-cap climax.

That "Moon Over Miami" will go down in musical history was proven by audience reaction. Theatre patrons came out whistling Leo Robin's and Ralph Rainger's hit tunes, "Kindergarten Conga," "Hurrah for Today," "Miami, I've Got You All to Myself," "Loveliness and Love," "You Started Something," "Is That Good," and "Solitary Seminole."

Equally impressive is the dancing. A Conga routine is performed by Dance Director Hermes Pan. His demonstrations on the set were so excellent, that the studio drafted him to go through this routine for the film with Betty Grable. Betty also does a sure-fire number with the sensational Condo Brothers, stage and night club favorites. Jack Cole, one of the nation's finest interpretive dancers and his company of sixty bring to the screen for the first time a sensational series of modernized Seminole Indian folk dances.

Walter Lang, who directed "Tin Pan Alley," repeats his cinematic triumph in "Moon Over Miami." Harry Joe Brown was the producer. The skillfully contrived screen play by Vincent Lawrence and Brown Holmes was adapted by George Seaton and Lynn Starling from a play by Stephen Powys.

OPENING AT THE YORK UNITED ON SATURDAY

The long awaited new Charlie Chaplin comedy brings beloved Charlie back to the screen as "The Great Dictator," and in this scene his own laugh-filled version of what a radio broadcast should be. This new comedy will open at the York United Theatre on Saturday playing until Tuesday.

"THAT HAMILTON WOMAN"

The most glamorous couple in the world—Vivien Leigh and Laurence Olivier—provide the heart interest in "That Hamilton Woman" which opens at the Monkland United Theatre on Sunday playing until Tuesday night.

Tuneful Gay New Comedy Features Hit At Monkland

Gay, gag-filled and melodious, such megaphone successes as "Road to Singapore" and "Road to Zanzibar."

If we can be forgiven the pun, we have never seen Mary Martin

Starring Don Ameche and Mary Martin, the new film was a joy to behold, as it recounted the hilarious adventures of how a beautiful belle from the South went about getting herself the starring role in a Broadway play, outsmarting a handsome young director to do it. As Cindy Lou Bethany, Mary Martin, with her devilish eyes, and winsome mannerisms, is at her best; as Lloyd Lloyd, the director, Don Ameche turns in a comedy performance that rivals the best he's ever done.

Featuring Oscar Levant, Virginia Dale, Barbara Allen, Raymond Walburn, Elizabeth Patterson, Jerome Cowan, Connie Boswell and Rochester, "Kiss the Boys Goodbye" was directed by that veteran maker of hits, Victor Schertzinger, who turned in

ROMANTIC STARS OF 'UNDERGROUND'

"The Saint's Vacation," depicting the amazing exploits of one of fiction's most audacious heroes, offers Hugh Sinclair in the colorful role of Simon Templar, alias "The Saint." In the Snowdon's latest British picture offering which shares honors with the outstanding Walt Disney feature attraction, "The Reluctant Dragon," now playing until Saturday night.

Simon Templar and his pal Monty plan a vacation in Switzerland with nothing in mind except rest and relaxation. But at a Swiss mountain chalet the Saint spots a young girl handing a small box to her male companion. The Saint also observes that this little action provided great interest to two men in a window on the second floor of the hotel. This piques the Saint's curiosity, and in opposition to Monty's protestations, the Saint follows. He becomes embroiled head over heels in action mystery, and drags his friend Monty and Mary a newspaper woman, in with him.

Hugh Sinclair, lovely blonde Sally Gray and Arthur Macrae have the important roles in this English production which has been directed by Leslie Fenton. It was in response to popular appreciation that Walt Disney made his current full-length production, "The Reluctant Dragon." The story, which combines actual motion picture photography with the best of Disney animated humor, features Robert Benchley, as the chief living actor, and is laid against a background of the amazing Disney studio itself.

As this new type of motion picture comedy unfolds, the audience has the chance to see Walt and his staff actually engaged in the unique, colorful and amusing business of creating their world-loved productions, and to see on the screen the featured animation itself, along with the other interpretations of comery animation.

News and short subjects conclude the program.

Drama Afflame with thrills and excitement in the new film "Underground," the story of Europe's secret army. Jeffrey Lynn and Mona Maris have top roles in the new dramatic hit. The film opens at the Westmount United Theatre on Sunday playing until Tuesday night.

Robinson, Raft, Dietrich Torrid Trio Of 'Manpower'

Filmdom's most dynamic threesome are starred in Warner Bros.' exciting film, "Manpower," which is now playing at the York United Theatre until Friday night. The unbeatable star combination which heads the cast is Edward G. Robinson, Marlene Dietrich and George Raft. You can imagine the action and excitement that sweeps through the film when those three get together!

Robinson and Raft play the roles of a couple of robust line-men whose dangerous job it is to repair broken high tension wires. They are great pals, sharing each other's happiness and trouble, until a de-lucious blonde, played by alluring Marlene Dietrich, comes along. Hard, cold and calculating, she suspects Robinson of having ulterior motives when he showers her with gifts and shows his affection in many ways. But Robinson is sincere. He has never known the love of a woman and Dietrich becomes his ideal.

Raft sees her for what she is and tells Robinson to forget about her. He says that she has gold-digger's blood in her veins and will bring nothing but trouble to Robinson. Raft goes still further. He asks Dietrich to drop Robinson. That sends her into a rage and she accepts Robinson's marriage proposal partly because she feels sorry for him and partly to spite the embittered Raft.

But a marriage built on spite and pity is bound to have disastrous results. Try as she may, Dietrich can't get used to Robinson's well-meaning, but clumsy ways. And to make things worse,

she falls head-over-heels for Raft! What a setup! The pent-up emotions of those three characters run through their hearts with the power of a high-voltage cable... Robinson idolizing Dietrich... Raft, at first contemptuous of her, later fascinated by her confession of love for him... Dietrich, nearly driven to madness with her pretended love for Robinson, having to listen to him continually praise the man she really loves. It's a situation loaded with T.N.T. and it explodes in the high-powered climax.

Alan Hale and Frank McHugh supply plenty of laughs in "Manpower" as two practical jokers who don't lose their sense of humor in the face of danger.

'VARMINTS' SLAIN The past year was a tough one in Oregon for "pesky varmints"—12,215 of them bit the dust.

Not counting small animals such as rats and gophers, state exterminators accounted for 11,078 coyotes, 1017 bobcats, 22 cougars and 98 stock-killing bears during the fiscal year.

UNWORRIED Joe Louis didn't seem a bit worried about Lou Nova's "bullet punch" when they met to sign the contracts yesterday, but he had an eye on Lou's fancy necktie... Joe reckons he can take care of the situation with his "same old punch."

BETTY SPIERS STUDIO BEGINS NEW SEASON

A brief resume from the Betty Spiers Studios announces that another season is in full swing. The baby classes under the personal direction of Miss Spiers assisted by Jean Barnes, have made an auspicious start and the number and talent of pupils have exceeded expectations. The advanced ballet group under Margaret Robertson has registered a full enrollment of talented teen

age students who will be seen in recital on various occasions during the coming season. The business girls who usually take two evenings of the week are now crowding the five-class mark. The Spiers-Miller concert party which entertains the boys in uniform is now in full rehearsal with a completely new program and Mr. Miller takes this opportunity of inviting girls of teen age to join this worthwhile and enjoyable venture. The ballroom classes, as was to be expected, are filled to overflowing. Mr. Miller is recognized as an authority on ballroom dancing. It will be recalled that he was invited as guest artist by the dance educators of America to demonstrate in the Florentine Room of the Park Central Hotel, New York City last season, this being the first occasion that a Canadian had been so honored.

There is no substitute for thorough-going, ardent, sincere earnestness.—Charles Dickens.

Evans Sisters School Is Now In Full Swing

Early this week classes at the Evans Sisters' School of Dancing and Music started, and a record-breaking season is expected. Classes are now in progress for children from 3 to 16 years, and business girls tap classes are as popular as ever. The Misses Dorothy and Verna Evans are well known to Montreal, attending the Convent of the Holy Names and Trafalgar School, they left Montreal at an early age for a stage career. After touring the United States with Radio-Keith-Orpheum, Paramount, and Loews Circuits, they returned to their home in Montreal, and were featured on many popular radio programs, as well as opening their School of Dancing and Music, and their success is widely recognized.

R.C.A.F. Entertained With Troop Show By Evans Sisters Group

Last Friday night the Evans' Sisters Troop Show entertained No. 13 E.P.T.S., R.C.A.F., at St. Hubert. As at all previous shows for the troops the boys enthusiastically received the performance, which was given by the members of the Evans Sisters Show.

This unit is an entirely voluntary offering, with the Evans Sisters and all the members of the cast carrying all expenses of presenting their show to the boys in the services. Since early last spring, the unit has been shown on an average of once or twice a week to the various Military Camps as far as Kingston, Ontario, and Val Cartier, Quebec, and will continue to carry on throughout the coming winter.

Those in the cast are: Marjorie Stokes, Eleanor Hamel, Helena Thornburg, Dorothy Evans, Verna Evans, Marian Wheeler, Lotte Martin, Elizabeth Springer, Kay Wickham, Shirley Jackson, Muriel Grier, Eleanor Jackson, Marcel Gendron, Fred Hoffman, Walter Jackson, Bill Dunlop, George Barry, Violet White, Mrs. Lemieux, Mrs. Evans, Maurice Lemieux, Therese Lemieux, Kay Mills.

EXPENSIVE TITLE
Producers William Pine and William Thomas have been offered \$20,000 by another studio for the title of their next picture for Paramount, "Torpedo Boat". However, the producers have refused the offer and have engaged Richard Arlen to star in the film.

Grave Shortage Of Nurses Worry To Hospital Heads

The shortage of nurses in hospitals and the expanded war-time programs of social agencies are demanding additional volunteer workers in the welfare services this winter, according to Mrs. Webster K. Newcomb, president of the Central Volunteer Bureau. The central volunteer bureau is being swamped with requests for help and is experiencing great difficulty in securing the necessary volunteers.

As examples of helpers needed, Mrs. Newcomb cited the following: the Children's Memorial Hospital, hydrotherapy department, requires someone each morning to assist crippled children to dress and undress, help them into the tank for exercises, and put on their braces at the end of the exercise period. A suitable person for this work would need to be physically strong, have a liking for children and be able to promise regular weekly attendance.

The Montreal General Hospital needs one or two people to assist in the children's wards by planning quiet games and activities. Such a volunteer should be young, experienced with children and understanding of sick children. The Church of All Nations needs a volunteer skilled in handicrafts to help plan a program for thirty-five little boys of many different nationalities. The Southwestern Y.M.C.A.

Canadian Air Expansion To Follow Peace Return

In the midst of Canada's all-out wartime effort in aviation, a part of the pattern of its peacetime aviation, is beginning to emerge. The pattern includes the possibilities of establishment of a trans-Pacific land route by way of Alaska and Siberia to Asia, in addition to the present American over-water route to the Orient, and another Canadian transcontinental route located probably north of the present Government-owned Trans-Canada Air Lines.

Air line mergers, already reported in the Canadian press, point to the pattern of sub-Arctic air routes. These may reach to the Orient over the midnight sun route, come peace.

Purchase Reported
Prominent in the merger discussions has been Yukon Southern Air Transport, which operates over the diagonal route from Edmonton to Whitehorse, Yukon Territory, with a spur from Vancouver joining it at Port St. John, British Columbia. Yukon Southern has the kind of a route that makes other air operators, especially those with trans-Pacific ambitions, whistle, then start negotiating. The company's operations lie along the "Great Circle" route to Alaska. This was the route followed by Wiley Post, Howard Hughes and others in their round-the-world flights.

Thus, Yukon Southern has been reported to have been acquired in a \$12,000,000 purchase by Canadian Airways, Ltd., a deal which also secured the Ginger Cooté Airways from Vancouver to Vancouver Island, and the Mackenzie Air Service, serving extensive mining developments in the Mackenzie River Basin. Significantly, also, a majority of stock in Canadian Airways is held by the Canadian Pacific Railway and Sir Edward Beatty, the road's head, is also the president of the air company.

The operations of Canadian Airways and Mackenzie Air Service, once competing in the Mackenzie basin, have been co-ordinated as a result of the purchase. The operation of Yukon Southern has been allowed to remain separate from the merger because its route is not competing and because of its strategic location. Yukon Southern, though it operates through country with primitive air conditions, boasts the most northerly flying stewardesses in the world and high meals. Until recently the company operated two Lockheed "Lockdears" 14-passenger transports, said to have been acquired with the help of the Canadian Pacific. These have been turned back for war purposes at the request of the Canadian Government, which gave up two smaller 10-passenger Lockdears from its own air company to reimburse Yukon Southern for the loss of its larger planes. In addition it operates three modern twin-engined eight-passenger ships as well as several single-engine craft on floats or skis for charter work.

MARY BEETLES GLASS TO AID RAID VICTIMS

A demonstration dance and elocution recital will be presented by Miss Mary Beetles, principal of The Mary Beetles School, at the Victoria Hall, next Saturday afternoon, September 27th, at 2.30 p.m. For the inauguration of the Fall season, Miss Beetles will present members of the staff and pupils who participated in the Spring recital, in a varied program of dances and dramatics. Miss Jeanne Rodier, Miss Norma Darling and George Erskine-Jones will direct the dance section and Miss Vera Hudspeth will direct the dramatic part of the programme.

The recital has a three-fold object. First the proceeds will be sent to aid air raid victims—second, to demonstrate the types of work taught in the school—and third, to enable the children to see a performance in the afternoon who were unable to attend the evening performance.

Those wishing to enroll at the school should do so as soon as possible as the registration for some of the classes is already completed.

Studio Re-Opened By Rose Goldblatt

Rose Goldblatt, A.R.C.M., distinguished concert pianist, is accepting enrollments for individual piano instruction for the coming season. In addition to courses in piano technique and interpretation, the art of teaching and history of music, Miss Goldblatt has established a reputation as a teacher of harmony and counterpoint.

While on scholarship in Europe, and later in New York, Miss Goldblatt studied with many celebrated musicians, among whom are Egon Petri, Harold Craxton, Tobias Matthay, Kendall Taylor, and Dr. C. H. Kitson. Montreal audiences have long shown their appreciation of Miss Goldblatt's concert performances, and in the last few years, many of her pupils have appeared in solo recitals.

Injured Fireman Taxis To Blaze

Earl Edwards, pipeman at Houston's central fire station, methodically swung upon the running board of a fire truck leaving the station. The routine of answering the call was ended three blocks away when Edwards fell to the pavement.

The fireman jumped to his feet, unhurt, but the truck was two blocks away and still going. Edwards whistled down a taxi—arriving in time to help extinguish a smouldering mattress.

SENIOR RUGBY LEAGUE SCHEDULE WILL OPEN TODAY

ARGOS WILL MEET DODGERS AT KING GEORGE PARK; MANY CHANGES IN LOOPS NOTED

The schedule in the senior group of the Westmount Six-Man Rugby League gets under way this afternoon at King George Park when the Argos hook up with the Dodgers. The Argos managed by Kevin Kennedy won the league title last year, but were known as the Senators then. Kennedy has lost a few of his star players this season. Willie Graham who threw most of the forward passes has lined up with Pierre Rodier's Bulldogs, while Kevin Shea, another half-back, is running his own team this year, the Red Wings.

The Dodgers team that is to play the Argos this afternoon are a new team, managed by Euard Read. Read has lined up a lot of fast men in Donnie Mann, Stew Beaulieu, Hugh Brodie and Gene Simard.

Other teams in the league at the present moment besides the Dodgers and the Argos are Dick White's Hawks, Pierre Rodier's Bulldogs, Kevin Shea's Red Wings and a possible University School team. In the event a six team loop materializes, the league will operate in two sections with the Argos, Dodgers and the sixth team in one section, while the Red Wings, Bulldogs and Hawks will be in the other. The teams will play each other team in its own section twice and will hook up with the teams in the other section in inter-section games, meeting each of these teams but once. If only five teams operate, all five teams will be in one section.

The senior games will all be played on King George Park on Tuesday, Thursday afternoons and Saturday mornings, while the junior league games will be played on Wednesday afternoons and Saturday mornings.

The first junior game of the season will be played on Saturday morning when John Peirson's Beavers meet Frankie Read's Panthers. At least four teams will comprise the junior section of the league, other entrants being Herbie Kert's Flyers and probably the University School team. Complete schedules for the two groups will be ready within the next couple of days.

As matters now stand, the following games are scheduled for the coming week:

Thursday Sept. 25, Seniors: Dodgers vs Argos.

Saturday Sept. 27, Juniors: (9.30) Beavers vs Panthers.

Saturday Sept. 27, Seniors: (10.30) Red Wings vs Bulldogs.

Tuesday Sept. 30, Seniors: Bulldogs vs Hawks.

Wednesday Oct. 1, Juniors: Panthers vs Flyers.

Thursday Oct. 3, Seniors: Argos vs Red Wings.

Nova, Who A Year Ago Couldn't Walk, Now Ready To Step Out Against Louis

MAKES QUICK JUMP FROM \$350 FIGHT LAST OCTOBER

Pompton Lakes, N.J.—Win, lose or draw against Joe Louis at Yankee Stadium, Sept. 29, the story of Lou Nova's comeback from the grave is more remarkable than any one growing out of the battle possibly could be.

Looking at the confident and tanned Nova at Dr. Joe Bier's famous camp here, you wouldn't suspect that the tall Californian couldn't walk a block a year ago last June.

But Nova had suffered from Streptococcus infection for some time before Tony Galento stopped him in the 14th round in Philadelphia in September, 1939. The infection was the result of his squeezing a pimp's on his arm and not having any alcohol to use as a disinfectant.

He looked fine before previous fights, but knew he wasn't well. The brutal beating dealt him b. Galento, whom Referee Geo. Blake permitted to get away with everything in the book, put Nova in a hospital.

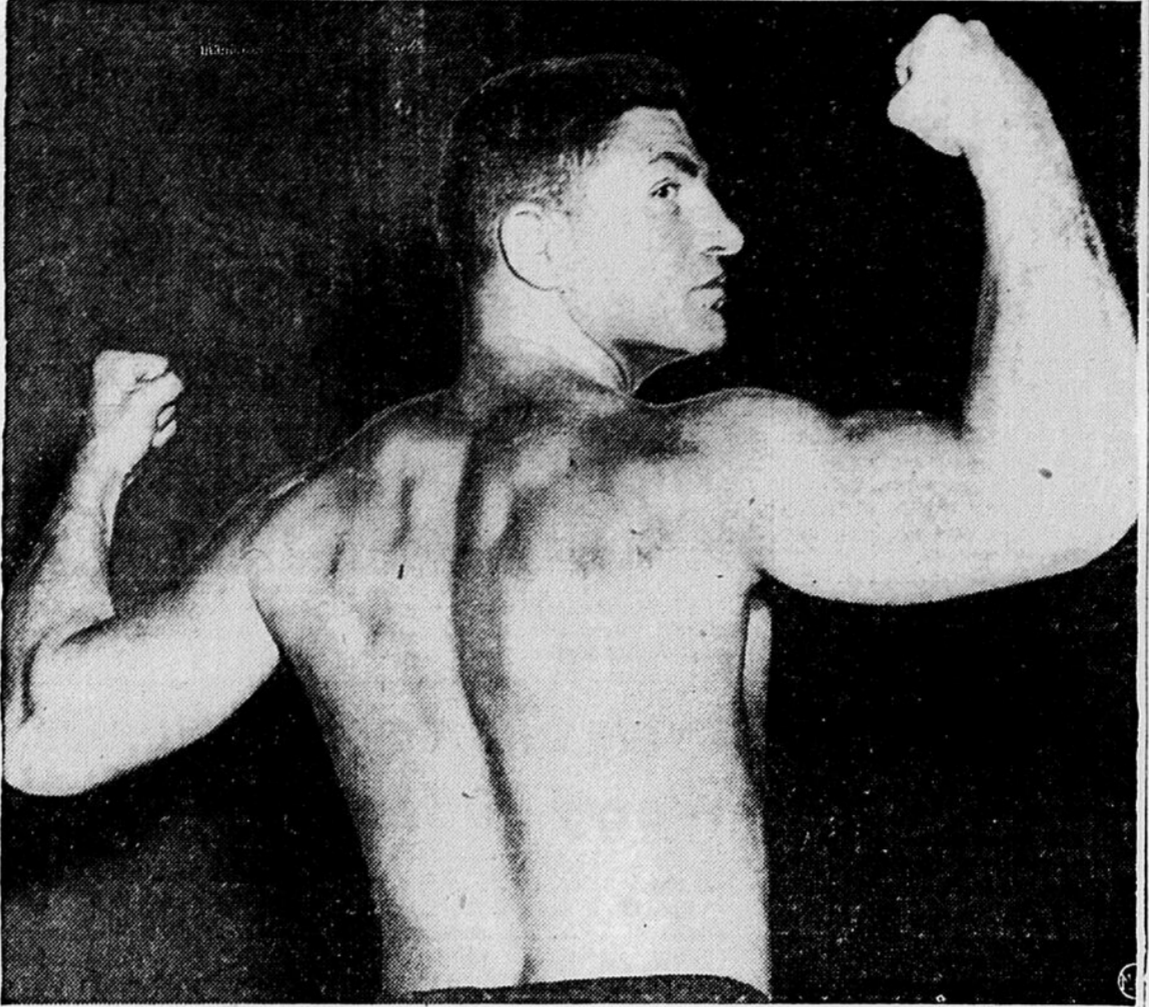

When Manager Ray Carlen was able to transport Nova to Woodland Clinic, near Sacramento, an arthritis condition set in. There he remained flat on his back for three months.

"Men have died from much less than what I had," beams the big collegian.

WORK WITH PRISONERS PUTS NOVA ON HIS FEET

It was well after the first of the year 1940 before Nova felt like accepting the invitation of his friend, Bill Lewis, to visit the hot springs at Carson City, where Bob Fitzsimmons knocked out an inheritance recently, Lewis Jim Corbett. Until he came into an inheritance recently, Lewis was varden of the Nevada state penitentiary.

Nova's body responded to the medicinal waters of Carson City, but it was late July before he was in shape to box.

Lou Nova... a lot of man.

A red hot boxing bug, Warden Lewis had a ring set up inside the prison walls, and Nova's first sparring partners since his preparation for the Galento catastrophe were one-time fighters who were prisoners.

"It was a perfect setup for a fellow struggling to get back on his feet in this business," says Nova. "No one could see me. Inmates gave me all the work I could use at the moment and two or three of them rubbed me down as well as Ray Arzel."

TOTALLY UNAFRAID AFTER WHAT HE'S BEEN THROUGH

Nova gradually lengthened his road work, but October rolled around before Pilot Carlen considered him fit to take the first step on the road back.

Nova got \$350 for knocking out Johnny Erjavec in Oakland. Exactly 11 months later he's fighting for the world heavyweight championship with the top prize \$30 and the anticipated gate \$750,000.

Back in New York and big time again in January, Nova

dropped Pat Comiskey in the opening and closing heats, but went 10 rounds because he needed them.

In April he repeated his knockout of Max Baer to earn the Louis shot, and knocked out Jim Robinson in Minneapolis in June just to keep in trim.

Since then he has been at Poughkeepsie with the varsity crews and in the Maine woods. "Me afraid of Joe Louis?" laughs Lou Nova.

"Not after what I've been through."

FINALS TENNIS TOURNAMENT NOW UNDERWAY

The last tennis tournament of the year on the municipal courts, the mixed doubles, has reached the semi-final stage. One of the semi-final matches is slated for the adult courts this evening, when Lt. Ed. Spearing and Miss McInnes meet Sid Quinton and Miss Betty Wickham. The winner of this match will meet the winner of the Mr. and Mrs. Damant-H. Heinrich and Mrs. McNaughton match. The finals will be played before the end of the week.

One of the best matches of the past week saw Sid Quinton and Betty Wickham eliminate Jack Morris and Miss Dorothy Ross in two hard fought sets, 9-7 and 6-4. Morris and Miss Ross had previously eliminated T. Ferguson and Mrs. Pereira.

The following are the results of the matches played this week:

1st round: Walter Morris and Miss Kay Clifford defeated Mr. and Mrs. P. Bartly by default; Mr. and Mrs. Damant defeated Dave Schwartz and Miss Shirley Burnett 6-0, 6-1; H. Heinrich and Mrs. McNaughton defeated C. Strachan and Miss P. Strachan 6-1, 6-1; Lt. Ed. Spearing and Miss M. McInnes defeated Pierre

WESTMOUNT Y.M.C.A. 'Y' Forms New Badminton Club

All persons interested in the art of fencing will be pleased to learn that a club will be formed at the local Y.M.C.A., under the direction of Douglas Reilly and Michael Elwood. These two experts hope to be able to form a group of those interested in this highly skilled sport. Names of prospective members should be left at the main desk at the local "Y". The opening date will be announced shortly.

A scheduled swim period for school girls will be held every Friday from 4 to 4.30 p.m. Miss Betty Seath, ladies' physical director will be in charge of the pool. Swimming and diving instruction will be given to those requesting it.

Rodier and Miss M. Randall 6-0, 7-5; A. Pick and Miss Fenton defeated Mr. and Mrs. Ken Green by default. 2nd round: Mr. and Mrs. Damant defeated Walter Morris and Miss Kay Clifford 6-0, 6-1; H. Heinrich and Mrs. McNaughton defeated C. Fitzrandolph and Mrs. Lowe 6-2, 6-3; Sid Quinton and Miss Betty Wickham defeated Jack Morris and Miss D. Ross 9-7, 6-4; Lt. Ed. Spearing and Miss M. McInnes defeated A. Pick and Miss Fenton by default.

Leslie Smith captured the boys' scholars singles title when he defeated Ken Cairns two straight sets in the finals, 6-3 and 6-3. Smith had previously defeated Euard Read in the semi-finals 6-2 and 6-3, while Cairns had eliminated Pierre Rodier in the other semi-finals 6-1 and 8-6.

Other matches played during the week were as follows, 2nd round: Pierre Rodier defeated Kevin Shea 6-3, 6-2. Ken Cairns defeated Paul Peterson by default; Leslie Smith defeated Logue McDonald 6-1, 6-0; Euard Read defeated Ross Miller 6-3, 3-6 and 6-3. Semi-finals: Ken Cairns defeated Pierre Rodier 6-1, 8-6; Leslie Smith defeated Euard Read 6-2, 6-3. Finals: Leslie Smith defeated Ken Cairns 6-3 and 6-3.

The senior girls in the Summer School at Westmount Park held their annual tennis tournament with Jean Wrigglesworth winning top honours. The runner-up position was taken by Betty Joehring. Other participants in the tourney were Marjorie Forrest, Pat Lognon, Gladys Morgan, Margery Armstrong, Beverly Condon and Mary van Tangoren.

PUTTING CONTEST IS HELD AT PARK

Closely contested play featured last week's putting competition at King George Park. Thirty-six holes of golf found Mr. R. H. Babbage and Mr. H. B. Thompson tied for top honours with 86 strokes apiece. In the ensuing play-off to decide the winner, the play went to the eleventh extra hole before Mr. Babbage finally won out.

None of last week's contestants came close to touching the season's record low score of 79 for the 36 holes which was scored by Mr. Charles Holland two weeks ago.

Another weekly competition

Streamline Horses For Army Of U. S.

Streamlining has reached even the Army's cavalry and artillery horses.

The plodding type of draft horse is being replaced with a smaller, faster, more active mount developed by a special breeding plan for thoroughbred stock, according to the War Department. Ordinarily the Army purchases less than 2000 horses a year, but in the past year 23,508 were bought.

will be held this evening on the adult putting course in King George Park starting at 8.00 p.m.

California Plans Largest Vacuum

Experiments preliminary to construction of the world's largest vacuum chamber, to go into the University of California's giant 4900-ton atom-smashing cyclotron now under construction are being carried on in the institution's radiation laboratory.

The vacuum, 50 times larger than the largest vacuum chamber now in existence, will be used to speed up and increase the striking force of the "bullets" that will hit and smash up atoms.

Total capacity of the vacuum system of the cyclotron will be 5000 cubic feet or 8,640,000 cubic inches. From it will be pumped

TABLE OF TRAGEDY

Grinnell, Ia. — Ola Thompson has a piece of furniture he calls "Table of Tragedy." He built it of 576 inlaid pieces of wood, each taken from the wreckage of automobiles involved in fatal accidents. The table represents 972 deaths.

TYRANNY

Of all the tyrannies on human kind The worst is that which persecutes the mind.

—John Dryden.
