

EITHER BORROW MONEY OR INCREASE TAXES

Ald. Laporte Indicates alternatives if City is to be Improved.

CONDITIONS WILL IMPROVE NEXT YEAR, HE SAYS

Mr. Barlow Says Montreal's Streets Are Not Disgraceful.

The consensus of opinion in civic circles is that in the main the business men of the city are justified in their criticism of the condition of the streets at the present time.

MR. BARLOW'S VIEW.

Some of those present at the meeting of the Business Men's League yesterday, at the marked City Surveyor Barlow's remarks, made a great deal of talk.

What Barlow said was that the streets of the city are in a disgraceful condition. When the city was first laid out, the streets were laid out in a regular plan.

At the present time, the streets are in a disgraceful condition. The streets are not laid out in a regular plan.

this year. Though our revenue for administrative purposes was this year \$50,000 less than last year, we appropriated identically the same sum as last year for the Road Commission.

"I am not prepared to say that the streets are well kept, that they ought to be satisfactory to all citizens. I think we should do more. The principal criticism, however, made by strangers, as well as residents, is that the permanent sidewalks and permanent pavements are in bad order.

best title to the gratitude of man is not Pasteur's discovery of inoculation as a cure for disease, but that of his much greater discovery, that of the bacilli. Before him no one knew how man, animals and plants caught disease. To him belongs the glory of having discovered that every disease, from plague, cholera and diphtheria to the most trivial, is due to the introduction of a microbe into the system.

The Modern Fable of the Last Day at School.

A high-grade beiler who had helped divvy the Campaign Fund and round up the Barrel-House Vote and get the Hobos into Line for Good Government was so much pleased by his day that he was made a Member of the Board of School Trustees and set up as an example to the young.

Crake, J. Dillon, C. P. Hosmer, and D. L. Lockerby were elected elective governors. It was also announced that \$1,800 had been received under the will of the late Mr. Walter Drake, and applied to an endowment.

ENCOURAGEMENT, NOT CRITICISM

Judging by the trend of the discussion at the meeting of the Business Men's League yesterday, the majority of the speakers did not appreciate the difficulties which confront the present City Council, nor the splendid work performed by the reforming element which now controls that body.

NOTE AND COMMENT

On these four items of appropriation there has been a saving of \$14,177, and the wisdom of the proceedings is seen in the fact that \$22,344 more than last year is to be spent on services which tend to the direct improvement of the thoroughfares.

A TAILOR'S BILL

The following story may be given as another contribution to the discussion on law reform: An unfortunate tailor who had received a note from the hands of an attorney well practiced in his profession, says the Liverpool Post, had delivered to him containing such a variety of unexpected charges that he thought himself almost most unprofitably.

THE WORK OF REFORM.

One might suppose, to judge by the frantic criticisms of Montreal streets occasionally appearing in at least one Montreal paper, that the election of a reform council was trouble in vain. That is very far from being the case, for the policy of economy has been quite as intelligently applied in the Roads Department as anywhere else.

BATTLE OF THE MICROBES

When the history of the nineteenth century is written, I believe that France and America will share the honor of having produced the greatest "men-men," certainly the two greatest benefactors of the human race, Pasteur and Edison.

COMING BACK.

Mr. Ulric Barthe, writing in the Soleil, of Quebec, says many of the French-Canadian, who went to seek fortunes in the United States, are now returning to Canada. Their return, he says, is not merely due to sentiment nor to their attachment to the land of their birth, but because Canada is developing rapidly, and has been enthused with the spirit of progressive activity.

REFUSES TO IMPOSE TOO ONEROUS CONDITIONS

Council Decides That Terminal Railway Must Be Given Fair Show.

Between five and six o'clock yesterday afternoon the members of the City Council, sitting in committee of the whole, with Ald. Gagnon in the chair, made progress with the Montreal Terminal Company's by-law, though an adjournment was finally necessitated until next Friday afternoon. There now only remain a few more clauses to be gone over together with the two or three, such as those granting the franchise, determining the routes, detailing the mode of construction, etc., decision upon which has been suspended. It is noted that the vote will be reached on Friday. In order to secure the passage of the by-law, however, the company must have the support of two-thirds of the members of the Council, this being necessary to ratify the franchise when more than five years' standing. When the Council had resolved itself into committee of the whole yesterday, Ald. Lapointe moved that the price of ordinary tickets should be ten for twenty-five cents all day up to midnight. Ald. Ames said that such a condition would be prohibitive. The Council had already granted a concession of the kind to the street car, and that if it were now to impose impossible conditions upon the new company the effect would be ill for the people in the long run. Ald. Martineau pointed out that the difference between eight and ten tickets to the present company would occasion a decrease of \$50,000 annually in its receipts. If such a provision were, therefore, to be applied to the new company throughout the year, its chance of profit-making would be practically nil. Ald. Lapointe's amendment was voted down by 21 to 3. The by-law as drafted provided: "Tickets for school children shall be ten for \$2.50." Ald. Lebeuf wanted this number reduced to 10, but was overruled. Section 63 of the by-law read: "The fare from any point of the city of Montreal to the city of Montreal shall be 15 cents, and returning, 25 cents." It was decided to make the fare one way 15 cents; the return will be 25 cents. The question of amalgamation is one that has been quite extensively discussed. Section 74 reads: "In order to further prevent any fusion or amalgamation between the Montreal Street Railway Company and the present company, it is agreed that the directors of the latter company shall not be directors of the present Street Railway Company, nor in its employ, and that the managers, officers, engineers of the new company shall not be in the service of the present Street Railway Company at the same time." This clause was amended so that it would not be one-sided as before—providing now that none of the directors of the Street Railway Company can be directors of the Terminal Company and vice versa. The by-law as drafted the amount of percentage to be paid by the company was left blank. Ald. Gagnon said that members might have an opportunity to stir up this important point. Ald. Martineau gave notice that on Friday he would move that the company pay to the city 4 per cent of its gross receipts up to \$400,000, and 5 per cent on the entire amount when those receipts shall have exceeded \$400,000. The authorities of the Grand Trunk Railway Company wrote a letter protesting against the line of electric cars being permitted on Albert Street.

WATER RATES. City Attorneys Ethier, Archambault and Atwater, have determined that the

RAILWAY NEWS

Sir Charles Rivers-Wilson, president of the Grand Trunk; Mr. G. B. Re, second vice-president and general manager, and Mr. F. H. McLaughlin, general superintendent, left this morning by special train on a tour of inspection over the western lines of the company. On their way west to Chicago, they will visit the Pan-American Exposition. When at Portland with the president of the Grand Trunk on Friday and Saturday last the general manager said there would be more lines going to Buffalo next winter than ever before and it would be the busiest winter season that Portland ever witnessed. "I do not know yet," he remarked, "how many new lines will come here, but I hope to see one and to see it in the next winter season. It would be a little premature to give out the names of the lines even if I knew them." Mr. Re was asked regarding the possibility of Portland becoming a close rival to Montreal in the matter of the Grand Trunk business. "I would not like to say anything about that," he observed, "as people might laugh at me by and by; but allow me right here to make one suggestion in this matter. If Portland is going to build up and to become as important a port as we hope it will be, the best way to do it is to have the Grand Trunk line of electric cars should see to it that all of their business is imported into Portland, and they should get all of their friends to do this. When we bring them the exports they should do all they can to help us on the imports. Should they not do this they cannot expect that the port will become as important as it should be." It is expected that the new elevator will be ready for the grain traffic of next winter. The property at East Deering was carefully looked over by Sir Rivers-Wilson, as well as the steaming stacks. The problem of dealing effectively with the immigrant traffic is also engaging attention, and it is announced that important improvements are likely to be made.

GRAND TRUNK CHANGES.

Mr. William Cotter, the superintendent of the western division of the Grand Trunk, has resigned in order to become general superintendent of the St. Louis, Mountain and Southern Railway, which is popularly known as the Iron Mountain system. His new headquarters will be at St. Louis. Mr. Cotter's resignation was accepted by the board of directors about 2,000 miles of line. It is an important division of the Gould system of railways. Mr. Cotter will be succeeded at Detroit by Mr. F. W. Egan, the present superintendent of the middle division of the Grand Trunk, whose present headquarters are at Toronto. Mr. Egan in turn is succeeded by Mr. G. C. Jones, the superintendent of the Eastern division, whose offices are at Bonaventure station. Mr. W. G. Brownlee, who is at present Mr. Jones' assistant, on the lines east of Montreal, has been selected to succeed him as superintendent of the eastern division. These changes become effective to-day.

BUTTER FOR THE YUKON.

The gold fields of the Yukon are beginning to offer a profitable market for dairy products from the east. The Canadian Pacific Railway Company have just shipped from Montreal forty tons of butter in tins for Dawson.

MR. WHYMPER'S EXPEDITION.

Mr. Edward Whympier, the celebrated mountaineer and explorer, has been detained somewhat longer than was anticipated in completing the arrangements for the equipment of his mountaineering and exploring expedition to the Canadian Rockies. Mr. Archer Baker, the European manager of the C.P.R., has telegraphed that Mr. Whympier was a passenger on the Allan line steamer Australasia, which sailed from Liverpool on Thursday last, and he is expected to arrive here next Saturday or Sunday. Besides his four Swiss guides Mr. Whympier is accompanied by two scientific men who will assist him

in taking observations and in his botanical and geological researches. MR. CALLAWAY'S ADMINISTRATION. At the end of Mr. Samuel R. Callaway's administration of the affairs of the New York Central in the capacity of president of the company an examination of the statistics which shows that the gross earnings for the year ended June 30th, 1901, when he assumed his position were \$2,200,000, and for the year ended on the same date in 1900 they were \$1,562,951.78, an increase of over \$600,000. It is a matter of comment that Mr. Callaway is an unusually conspicuous example of how a humble rise in the social scale can result in one of the highest positions attainable in the transportation business, through his own intelligent efforts and diligence. He is presumably a self-made man, as shown by his modest beginnings, but in execution the plans which have lately materially enlarged the sphere of activity and influence of the New York Central. It was he who brought about the acquisition of the Boston and Albany and other roads.

SHIP FEVER MONUMENT

The resolution adopted at the meeting of Irish societies on Monday evening regarding the ship fever monument, as reported in The Herald yesterday, has been forwarded to His Grace Archbishop Bond and the City Council. The resolution reads as follows: "Inasmuch as in view of the Grand Trunk Railway Company's request for co-operation in the erection of the monument on the site of the monument removed from the Irish immigrants' graveyard at Point St. Charles, the City Council has expressed its willingness to be informed as to the wishes of those most interested; "Inasmuch as under penal laws and various forms of persecution, the people of Ireland have suffered for faith and fatherland; "Inasmuch as these sufferings culminated in the awful famine of 1847-48, which drove hundreds of thousands of our race over the seas; "That Irishmen to-day still look upon this fatal place as the resting place of Christians, but also for the reason that it is a spot marking a sad, but heroic, epoch in the history of our race; "That the Irish Catholics of Montreal, represented as heretofore stated, desire to express their bitter regret that the monument should have been removed from the old cemetery it was intended to pre-serve; "And inasmuch as it is a fact of public notoriety that the place is a cemetery, and as such has been exempt from municipal taxation; "Inasmuch as the land with the monument upon it is owned by the Anglican Bishop of Montreal and his successors in office; "Resolved, that in the most earnest and respectful manner, we solemnly protest against the transfer to the Grand Trunk Railway Company of the land with the monument upon it, and we hereby respectfully request His Grace the Anglican Archbishop of Montreal to request the Grand Trunk Railway Company to let the monument back in the cemetery from which it was removed without His Grace's consent or knowledge."

STRIKES BEGUN AND ENDED

Toronto, May 29.—News received yesterday from the International Union shows that the strike situation has improved. The Dominion Locomotive Works, employing 1,000 men, signed the agreement granting shorter hours, higher wages, and recognition of the union. In Boston 75 tinners have signed, leaving only eight out. In Toledo 2,000 tinners have signed. From other cities word was received of the signing of the agreement. Jersey City, N.J.; Louisville, Ky.; Newark, N.J.; Elizabeth, N.J.; Philadelphia, Pa.; and Belleville, Ill., all

strikes, Wis., 6; Syracuse, 11; Bay City, Mich., 1; Birmingham, N.Y., 5; Williamsport, Pa., 2; Lockport, N.Y., 2; Great Falls, Mont., 2; Dayton, Ohio, 5. FIVE-YEAR AGREEMENT. Representatives of the Brotherhood of Locomotive Engineers employed on the Ontario and Quebec division of the Canadian Pacific Railway held their first conference last night with General Superintendent Zimmerman. On May 1 the rate of wages for engineers, which had been in abeyance for five years, expired. The conference has been delayed on account of the changes in interested anticipations of the changes in adjusting matters. They expect an agreement for another five years will be arranged. HARTFORD. Hartford, Conn., May 29.—A strike of machinists at the Billings & Spencer shop was ordered at noon yesterday with the object of enforcing recognition of the union. About 2,500 machinists are now out in the city. WASHINGTON. Washington, May 29.—Ninety-seven per cent of the machinists in the employ of the Southern Railway have voted to strike for the nine-hour day, and are now only awaiting the order of President James O'Connell, of the International Association of Machinists, before going out. This was the announcement made to-day by the spokesman of the delegation of machinists representing the shops of the system. THE MARINE ENGINEERS. Ogdensburg, N.Y., May 28.—The Marine Engineers' Association has taken up the fight in earnest against the Rutland Transit Steamboat Line, the only company of importance holding out against the union demands. With the arrival here of the steamer Langdon, both the engineers went ashore under union orders, and were followed by the firemen, wheelmen and watchmen. Unable to secure an engineer, William Wise, chief engineer of the company, has taken charge of the steamer. He is to lead a strike for Chicago. Her former engineer has gone by rail to Buffalo to report. The engineer of the steamer Smith, of the same line, left on reaching the dock to-day.

TORONTO WINS LAST OF SERIES

Dooley and Raub Batted Well— Good Fielding Done by the Royals.

There is no rule, the ancient story says Which cannot be induced to work both ways.

ORONTO, May 28.—Montreal lost to Toronto yesterday in the last of three successive games.

The home club yesterday is attributed to Lou Gehrig, who tried his hand at pitching.

The visitors were unable to connect effectively with the dusky twirler's corkcorked curves.

In the fourth Odwell drew a base on balls and went to third on a sacrifice and a long fly to centre.

For the first four innings no scoring was done by either side.

In the fifth Dooley started the scoring by making his home run.

He was followed by a sacrifice and a long fly to centre.

Dooley hit up a high one which Dooley caught, but Brown knocked out a splendid one for two bases.

Toronto got two men on bases in the sixth.

However, a moment later the grove was caught napping and was put out by Sheehan.

Montreal tied the score in the eighth on Raub's double and Johnson's long fly.

Bannon, Toronto, in their half, added two more and won the game.

Schaub drew a pass but was forced out on second by Bemis.

FEATURES ABSENT IN LOCAL STOCKS

Richelleu Was Up, But Things Generally Seemed to be on the Tame Side.

There was no great amount of activity to the local stock market this morning, but generally speaking the tone was pretty firm.

Richelleu took on something of a spurt, and although there was not much done, it advanced to 117 1/2, after selling yesterday morning at 115.

There was considerable business done in Power, and it closed off to 97, after selling at 97 1/2.

Although the market failed to show anything of special interest and the general tone was rather quiet.

Mr. Rodolphe Forget arrived back from Buffalo this morning, but did not attend the session of the Exchange.

Montreal Stock Exchange earnings yesterday were \$2,215.18, an increase compared with the same day last year of \$222.76.

L. J. Stronk & Co.'s London cable quoted 75 1/2 for 100, 12 1/2 for 100, 10 1/2 for 100, 10 1/2 for 100, 10 1/2 for 100.

Mr. C. D. Monk's messages said: National City Bank increases shipments of gold to \$1,800,000.

WHEAT SITUATION IN LOCAL MARKETS

The Best News Has Been Heard and it is Doubtful if it Can Keep Up.

A leading broker writing on the wheat situation says: "It is a point well worth of consideration whether the present favorable crop prospects have not already exerted their influence; therefore, any change in the price level should be in an upward direction."

Chicago reports last week's grain receipts the heaviest for a long time, chiefly to the rush of corn to market to get the high price ruling for May still after midweek.

Wheat was fairly firm in Chicago to-day, July opened at 74c, advanced to 74 1/2c, and closed at 74c.

GRAIN.—There seems to be a very fair demand for grain, with no particular change in prices.

Flour.—The demand for flour from local and country buyers was fair, but business for export account continues quiet.

MEAL.—There was no particular change in the market for rolled oats.

HAY.—Baled hay is strong and prices are firm for all lots and sales were made at \$3.55 to \$3.60 per ton.

BUTTER.—Fines creamery is quoted at 18c to 18 1/2c, and the latter figure is extreme and only represents the outside limits of holders.

MAPLE PRODUCT.—New syrup, 65c to 70c per tin of wine gallon, and in wood, 65c to 70c per tin; new sugar, 8c to 10c per lb.

POTATOES.—There was no change in potatoes, for which the market is fair at 38c to 40c per cwt.

BEANS.—In beans only a small jobbing trade is passing. Primes, in a jobbing way, are selling at \$1.85 to \$1.90, and car lots are offering at \$1.35 to \$1.40.

CATTLE MARKETS. Toronto, May 28.—Export cattle.—The market was well supplied, and some dealers made heavy purchases.

STOCKS.—Choice weights of 400 to 600 lbs. are in keen demand, and are very firm at \$3 to \$3.50.

WHEAT IN SIGHT. The total amount of wheat in sight shows a decrease of 3,314,000 bushels compared with a week ago, and a decrease of 3,947,000 bushels compared with a month ago.

GRAIN UP WEST. Toronto, May 29.—Wheat.—The market is firmer at 96c for red and white, east, the latter at 95c for red and 94c for white.

and 78c for No. 3 hard, Toronto and west. Flour.—The market is firm and sales of 500 per cent. of the market in buyers bags were reported to-day.

THE CHEESE BOARDS. Campbellford, May 28.—Offerings of cheese to-day, 1,000 boxes. Sales were 465 cwt. of Waddington's Month, all at 3 1/2c.

EX-OFFICIALS

ASK FOR TERMS

Barend Vorster and Heystek
Among a Batch of Ninety
to Surrender.

London, May 29.—A despatch from Pietermaritzburg says: Two Boers, including Nicholson, late adjutant to General Buller, came in under a flag of truce to ask terms of surrender for 90 men, mostly ex-officials. The British terms were stated, and the Boers accepted them. The batch which surrendered included Barend Vorster and Mr. Heystek, former Landrost of Pieterburg.

LEYS AT WORK AGAIN.

Berlin, May 29.—Special despatches from St. Petersburg assert that Dr. Hendrik Muller and Dr. Levits, representing the Boer republics, have appeared formally to the Hague Arbitration Court promising to abide by the decision of the Tribunal regarding issues involved in the South African war and pointing out that several of the paragraphs of the constitution of the Arbitration Court signed by the powers represented at the Peace Conference, bear directly upon the South African case.

KITCHENER'S LAST REPORT.

London, May 29.—Under date of yesterday General Kitchener reports to the War Office as follows: "Since my last telegram on the subject the columns report: Boers killed..... 63 Boers wounded..... 36 Boers captured..... 29 Boers surrendered..... 83 There have been captured 246 rifles and 2,000 rounds of small arm ammunition, besides a large undetailed capture, including 179 wagons and a number of horses."

BOXERS AGAIN FIGHTING

London, May 29.—The Boxers are again active in all districts where there are no foreign troops, says a despatch to the Standard from Tien Tsin. "Yesterday a missionary who was going to Lu Lu on the Grand Canal, was forced to return to Tien Tsin on account of a fierce fight raging between Boxers and Catholic converts. There was heavy firing on both sides. Four thousand insurgents from the Province of Kwai-Chan have invaded the Province of Shu-Chuan," says the Shanghai correspondent of the Standard, writing yesterday, "causing a widespread panic. It is said about 3,000 Yunnanese are about to join them."

OBJECTS TO INTEREST.

Pekin, May 28.—The Chinese plenipotentiaries have informed the ministers of the powers that the court has notified them of willingness to pay indemnity to amount of 450,000,000 taels, but the court objects to four per cent interest.

INDIANA'S NOMINEE

Chicago, May 29.—Senator Fairbanks of Indiana, was formally announced yesterday as a candidate for President by the Republican committee of 1904, Harry S. New, Republican National committeeman from Indiana, who arrived in Chicago yesterday, is authority for the statement that Indiana will stand behind Mr. Fairbanks in his race for the honor. "Senator Fairbanks will be supported by a solid delegation from Indiana," said Mr. New. "The whole state will be at the back of him at the next National Convention. He is the logical candidate of our party, and with his nomination Indiana will be assured to the Republicans."

CONDUCTOR UNDER ARREST

Albany, N.Y., May 29.—On a warrant issued by Coroner Meredith, of Rensselaer County, Charles T. Johnson, who was conductor of the southbound car wrecked in the collision on Sunday on the Albany & Hudson Railway, was last night placed under arrest. He is in the Troy jail, and will be charged with criminal negligence, resulting death. The warrant was made at the office of the company, while Johnson was giving information to Electrical Expert Barnes, who is conducting an investigation for the State Board of Railroad Commissioners.

BAR'S SECRET SOCIETIES

Des Moines, Iowa, May 29.—By a vote of 90 to 68, the General Assembly of the United Presbyterian Church yesterday adopted the report of the judiciary committee upon the change of creed with regard to article 13. This is interpreted to mean that the admission of members of secret societies to the Church is forbidden, and according to some of the delegates it expels from the Church those who are now members of secret orders.

MORE TEMPORARY BONDS

The Finance Committee yesterday afternoon awarded \$90,000 more of temporary bonds to tenders at 4 1/2 per cent. Again the question of clerks permitting their salaries to be seized was discussed. Some of them seem to find it impossible to get ahead, particularly those who have transferred their pay.

U. S. MINERS INVITED.

London, May 29.—Prior to the adjournment of the International Miners' Conference, standing orders were suspended, and a resolution was introduced and carried unanimously inviting the U. S. miners to send delegates to future international congresses. It was pointed out that in view of threatened competition of U. S. coal in the markets of the world and the possibility that U. S. miners would be used to force lowering of the wages, the miners of the United States ought to be represented at future conferences.

EX-QUEEN OF MADAGASCAR.

Algiers, May 29.—Queen Ranavalona, of Madagascar, has started for Paris. This is the first visit the French Government has permitted her to make since she was exiled.

Queen Ranavalona III., of Madagascar, was deported by the French resident general, February 27, 1897, and March 11, of the same year she and her family were deported to the island of Reunion, whence in March, 1899, she was transferred to Algiers.

PREMIER BOND AT HOME

St. John's, Nfld., May 28.—Premier Bond returned here today from his mission to England and Canada. The French Premier is awaiting the action of the French government. The Canadian Cabinet is still considering the Bond-Blaine Convention. A statement has been reached with Contractor Bond, and the whole railroad question will be readjusted during the pending session of the Legislature. Premier Bond's absence being a considerable one, the road problem next Thursday, when the terms of the compromise will doubtless be discussed.

SEYMOUR MADE ADMIRAL

London, May 29.—Vice Admiral Sir Edward Seymour, who has been commander-in-chief on the China station, since 1898, has been promoted to the rank of admiral.

CIVIC COURTS YESTERDAY.

In the case of the Sociers de Congregation de Notre Dame, vs. Tasse et al., Mr. Justice Piquette has given judgment for \$3,231 against Hon. T. Berthiaume in favor of the Sisters. This was an action under a private writing.
In the case of Gauthier vs. Molleur, Mr. Justice Lorange held that a person becoming surety for another in a certain court could only be held to have become surety for that particular court, and that the contract must be confined within limits, and did not extend beyond the Court of Appeals.
In the case of Beauchemin vs. Deroches et al., Mr. Justice Lorange held that the agent of the defendant had no right to sign the promissory notes sued for, and dismissed the action on the ground that he had received no consideration for them.
Mr. Justice Curran gave judgment in the case of Corbelle et Gagnon vs. Paquette. This was an action to recover \$500, cost of oats sold to Paquette and paid for by Gagnon on one Gifford, a miller indebted to Paquette. Corbelle accepted Gifford's cheque, and gave up the orders. The learned judge held that by this action he accepted Gifford's cheque and discharged his action against Paquette.

OFFICIAL ON ANTICOSTI NOW.

The Dominion Government has now got an official on the island of Anticosti, who will represent the power of the law there. Mr. Simon Fraser, of Quebec, recently appointed collector of customs for the island, went down to the scene of his duty yesterday. The government has a long distance last week. He will make his headquarters at English Bay. Mr. F. L. Jones, of the customs preventive service, accompanied him part way.

Mr. Henri Menier, owner of the island, is at present on the ocean bound for his Canadian estate. It is understood that he contemplates putting up a lot of machinery this summer in connection with his lobster cannery and pulpwood and other industries.

APPOINTED DEPUTY-WARDEN.

Ottawa, May 29.—(Special)—Mr. A. R. Pipes, brother to the Hon. Mr. Pipes, of the Legislative Council of Nova Scotia, has been appointed assistant warden of the District Penitentiary. The present deputy has been superannuated. Mr. Pipes now holds a position of farm instructor in connection with this penitentiary, and has been promoted to the deputy-wardenship.

CENSUS OF ATHABASCA.

Ottawa, May 29.—(Special)—Charles Fisher, M.L.A., for Athabasca, North-West Territories, who has been appointed commissioner for Athabasca, was in the city yesterday arranging with Chief Census Commissioner Fisher for doing the work. He will leave for the West in a couple of days, ready to start out to count the people in the Athabasca region.

If only as a matter of cleanliness in manufacture, British-grown teas should be given preference over foreign. Take the matter of Salada natural leaf unenclosed Ceylon green, which is now on the market in competition with Japanese tea. This is free of all Prussian blue and soapstone coloring. There is an entire absence of dust, dirt, chips or pods so common in Japanese. It is the pure, natural leaf green tea, is delicious in the cup, and economical in use.

WANTED A LARGER PROFIT

Mr. L. J. Tarte Says That Was Mr. Eddy's Desire.

PAPER COMBINE COMMISSION WILL MEET IN TORONTO ON TUESDAY NEXT.

At yesterday afternoon's session of the Royal Commission to enquire into the alleged combine in the Canadian paper-making industry, the cross-examination of Mr. L. J. Tarte, of La Paroisse, was commenced by Mr. W. J. White, K.C., counsel for the Canadian Paper Makers' Association. In the course of his testimony, Mr. Tarte said that he first found the price of paper unaccountably when the Eddy mill was burned down and he was compelled to buy elsewhere. At that time, he had a contract for paper at something less than two cents a pound. He was paying \$2.05 per 100 lbs., less 5 per cent in thirty days, or four months, and also less \$1.00 or \$1.00, for some other considerations, which were deducted from the total quantity of paper he bought during the war. The contract was for about two years at that price. Whilst this contract was running he had bought paper at different mills at \$1.70, \$1.90 and \$2.15. There was no ruling price at the time he made the contract, everybody was trying to get orders. Traders were fluctuating, but they were not as steep as were being paid to-day. He did not make any enquiry as to other causes for the advance beyond that of an association being formed, but he was told by several paper manufacturers that they did not wish to sell paper at the low prices any more.

He was told by Mr. Harbord, representing the Eddy Company here, and also by Mr. Rowley, in Ottawa, that Mr. Eddy had made up his mind that his company was going to make more money than it had in the past. He was aware that there was a slight advance in the price of paper at that time, but he did not know if other mills used in the manufacture of paper had also gone up in price. The English prices which he had mentioned at the morning session might have been prices under contract. He mentioned two publishers in New York, whom he knew, and also in Buffalo, and they were paying something like \$1.80 and \$1.90 for a better class of paper than he was getting here. The quotations he had previously mentioned were given for shipment to Canada. He did not know that he could not have bought paper at these prices if he had been resident in the United States. He was not prepared to say that he was getting a slaughter price; he was not prepared to say any thing about what he had stated—that paper was offered to him for delivery here at the prices he had named. He knew, from reading that the price of paper advanced in the United States last year, and he had been told by some representatives of Canadian mills that American mills were also urged to combine prices. He could not say whether, when the price of paper was advancing in the States last year, it remained uniform in Canada. On the quotations he got from Vienna he would have said a few cents more, but he was not prepared to speak as to ruling prices for home consumption there.

NEXT MEETING IN TORONTO.
At the close of Mr. Tarte's examination, the commission was adjourned until Tuesday next, when it will hold a session in Toronto for the convenience of western publishers. It will re-assemble later in Montreal, at a date to be subsequently fixed, for the hearing of further testimony on this subject.

THE ICEMAN'S TROUBLES.—"My business," says John Gray, ice dealer of Wingham, Ont., "is one of the most fertile fields under the sun for sowing the seeds for rheumatism suffering. CURES WEAK MEN. No Drugs
ALSO USED BY WOMEN AS WELL FOR RHEUMATISM, LAME BACK, ETC.

Drugs are absolutely powerless in chronic ailments, and in most instances harmful. Electricity is essentially a natural treatment and can never injure. Don't drug your stomach, and don't use an ordinary electric belt when you can just as well have my latest invention, the 1901 model, **Dr. Sanden Hercules Body Battery**. You wear this appliance comfortably around your waist nights while asleep. Sent on free trial, which means you do not pay one cent in advance or on deposit, not a penny until cured. **HERCULEX** sends a pleasant, soothing, strength-giving current through the system. Suspensory attachments for men. Cures weaknesses which result from youthful errors such as Nervousness, Impotency, Varicocele, etc. Other attachments for women as well as men in Lame Back, Rheumatism, **HERCULEX**, which is a great improvement upon the Dr. Sanden Electric Belt (used these 30 years). If at a distance, send symptoms by post. My little descriptive book, "Health in Nature," sent post free. Remember the offer, 60 Days' FREE TRIAL.
