TO BE PUBLISHED BY THE CANADIAN GAZETTEER PUBLISHING COMPANY, LIMITED,

***Provided a sufficient number of Subscribers are obtained to cover cost of Publication.***

# LOVELL'S GAZETTEER AND HISTORY OF CANADA

WILL CONTAIN CONCISE HISTORIES OF

**10,000 Cities, Towns, Villages, Hamlets and Settlements in the Dominion of Canada, and descriptions of over 5,000 Bays, Canals, Capes, Creeks, Inlets, Islands, Lakes, Rivers, Water-powers, Waterfalls; Bridges, Forests, Mountains, Precipices, etc.**

DESCRIPTIONS AND LOCALITIES OF

**Coal, Copper, Gold, Silver, Iron, Lead, and other Mines; of Marble, Stone, Slate, and other Quarries—How to reach them;**

**Different kinds of TIMBER—Where to be found;**

AND THE

**FISHING PLACES in the Dominion—what kind of Fish; HUNTING GROUNDS, species of Animals and of Game—how to reach the localities.**

THIS WORK WILL CONTAIN **8,000** PAGES IN WHICH WILL BE GIVEN A CONCISE HISTORY OF

**10,000 Counties, Districts, Parishes, Townships, Cities, Towns and Villages;**

**Descriptions of more than 5,000 Islands, Lakes, Rivers, Canals, Water-powers, Waterfalls; Bridges, Mountains, etc., in the Dominion of Canada;**

WITH **NINE MAPS** AND SUCH **ILLUSTRATIONS** AS MAY BE **CONTRIBUTED.**

In such a work every Professional Man, every Public and Private Citizen, every Well-Wisher of this Country should send his Name for either Lines, a Province volume, for the complete set of Eleven volumes; or for a PORTRAIT of an Eminent Canadian, or of a former notable resident; a VIEW of a City, Town or Village, of a Lake, a River; a PICTURE of a Church, a Private Residence, a Public Building, a Factory, a Manufactory, a Mill, an Ocean Steamship, or a Lake and River Steamer, towards the embellishment of the pages in each Province volume.

***As a beautiful specimen of what the Eight Provincial Maps are to be, the Publisher has issued LOVELL'S MAP OF THE DOMINION, now sold for $2.***

In the event of satisfactory encouragement, this work will be placed in the hands of the Editor-in-Chief, the Assistant Editor, the Editor of Statistics, Eight Superintending Revising-Editors and of One Hundred Province-Editors. The Eleven volumes to be completed and issued in about two years from date of beginning.

Unwearied research can be relied on in putting on record all that can possibly be learned concerning the Provinces.

The work will portray the past, *from the landing of the first white man to time of publication of* LOVELL'S GAZETTEER AND HISTORY OF CANADA.

Let us strive to secure and leave on record a faithful foundation for historians of the future.

I do not hesitate to say that the entire work will be a true and reliable history of this Canada of ours; it will reveal the grandeur of our Country as England's leading Colony, and an ample home for millions.

Let us tell the people abroad the wonderful progress that is being made in our Cities, Towns, Villages, and in our entire country.

When the full history of the places throughout the Dominion is written, Canadians, the people of Great Britain and Ireland, our good neighbors across the line and the people of the outside world will look on our record with amazement.

The following statistics, taken from Government records, are given as a foreshadowing of some of the information which will be carefully gathered for this work, from reliable sources, from the lips of early pioneers, and from gentlemen of unquestioned veracity and literary standing throughout the Dominion.

| Provinces, Districts, &c. | Acres of Land. | Square Miles. | Districts and Territories. | Acres of Land. | Square Miles. |
|---|---|---|---|---|---|
| Ontario | 140,576,000 | 219,650 | Saskatchewan Territory | 64,698,880 | 101,092 |
| Quebec | 145,600,000 | 227,500 | District East of Keewatin and South of Hudson Bay | 124,352,000 | 194,300 |
| Nova Scotia | 13,152,000 | 20,550 | East of Hudson Bay | 225,470,000 | 352,300 |
| New Brunswick | 17,984,000 | 28,100 | Islands of the Arctic and Hudson Bay | 192,000,000 | 300,000 |
| Manitoba | 41,002,240 | 64,066 | Remaining Territories | 540,144,000 | 859,600 |
| British Columbia | 244,672,000 | 382,300 | | 2,112,002,080 | 3,315,647 |
| Prince Edward Island | 1,280,000 | 2,000 | Water Area | | 140,736 |
| Keewatin District | 170,880,000 | 267,000 | | | 3,456,383 |
| Alberta Territory | 67,427,200 | 105,355 | | | |
| Assiniboia " | 56,651,760 | 88,534 | | | |
| Athabasca " | 66,112,000 | 103,300 | | | |

The Dominion of Canada has 2,112,002,080 Acres of Land and 3,315,647 Square Miles. The area of the Lakes and Rivers is equal to 140,736 Square Miles, which gives the Dominion 3,456,383 Square Miles.

THE PRINTING will be a WORK OF ART. Good PHOTOS will secure fine PICTURES. The TYPE will be manufactured by the DOMINION TYPE FOUNDING CO. The PRESSES will be THE IMPROVED CAMPBELL TWO REVOLUTION BOOK PRESS. The PAPER will be of best quality. The DESIGNS for the OUTSIDE COVERS, the BINDER'S CLOTH and the BEVEL BOARD BINDING will be unexceptionable.

Respectfully and cordially I look to my fellow citizens throughout the Dominion to become Subscribers, also to take Shares in THE CANADIAN GAZETTEER PUBLISHING COMPANY, Limited, of $100 each, and put me in a financial position to commence work on LOVELL'S GAZETTEER AND HISTORY OF CANADA, at an early day.

# FIRE, MARINE, AND RAILWAY SALVAGE.

## PARENT'S SYSTEM OF SALVAGE,

**Saving the lives of several persons in a few seconds.**

This System, registered in the United States and Canada, has an acknowledged superiority over all others hitherto known, for its Simplicity and Lightness, and, at the same time, for the great Strength of the several Apparatuses of which it is composed, and by the use of which Firemen, or other persons, can act with wonderful quickness and perfect security, either in extinguishing an incipient fire, or in saving the lives of persons exposed to a certain and terrible death in case the fire cannot be controlled.

The Apparatuses, which can, at all times, be kept near at hand and ready for immediate use, consist of :

1. A SINGLE and DOUBLE HARNESS, which the Fireman, or other person, can put on in a few seconds of time; the first, made expressly for carrying the Hose and for maintaining a firm position on the Ladder, is equally useful to the Sailor during rough weather; the second, which can be used like the first, enables the Fireman, moreover, to maintain a firm and secure stand when hooking the Ladders to the windows of a building on fire, enabling him to ascend immediately to rescue the unfortunate persons who, without his prompt and timely assistance, would be condemned to perish.

The strong Hooks with which the Harnesses are provided enable the Fireman to secure himself to the Ladders, or any projecting object, and to act with the greatest ease and freedom, without danger.

With the light Chain attached to the Harnesses, the Fireman can, by rolling the Chain round the Hose, carry the same, hung at his side, to any height,—for he always has the use of his hands while ascending the Ladders; the same Chain allows the Sailor to secure himself to the wheel of the rudder or to the yard, and when used with the Hook enables the Seaman to maintain himself on a perpendicular rope, or in any other false and perilous position.

2. A Set of PORTABLE LADDERS, 14 feet long, very light in weight, but of great strength, which are hooked in a moment to the windows of the several stories of a building, thus forming a sure and rapid roadway for the water service and the Salvage operation.

3. A PULLEY, for operating a precipitous Salvage; the Pulley is hooked to the head of a Ladder, or to a window frame; the rope, being provided with a strong ring at each extremity, cannot pass out of the Pulley, and the Salvage man, taking hold of the ring retained at the Pulley, is lowered and raised up again, in a few seconds, to any story, by the by-standers who hold the other extremity of the rope.

From the foregoing description of the Apparatuses of which my System is composed (Public Trials have been made by me in Montreal and Quebec with the greatest success), it is quite evident that the Fireman who is provided with them acquires an extraordinary strength and coolness, because he runs no danger himself, and all his energy and presence of mind are employed by him with an astonishing quickness, and he can master a multitude without any effort, and ensure the lives of all. Many accidents must necessarily be prevented by the use of it.

---

I call the attention of persons, possessing considerable capital and desirous of putting it to good advantage, to consider well the following list :

1. HOOK-AND-BRAKE, for safe standing in dangerous positions, and for operating a precipitous descent.
2. SINGLE SUSPENDER.
3. COMPOUND SUSPENDER; both answering as a scaffold when needed—weight 1 lb.
4. SHIP-BOARDING-HOOK; a boy can easily detach the hook, notwithstanding the force of the current and the heavy load of the schooner or scow.
5. ASCENDER, with brake; this apparatus enables any one to maintain himself at any height without effort or trouble; it is intended particularly for Chief Firemen, Ship Captains and Architects: it is also made purposely for Salvage operated by a single man. Persons provided with this apparatus will be able not only to attain the greatest heights, but, moreover, to operate the descent with the greatest ease and security. Any man with the apparatus, coming out from a window, or ascending to it, can maintain himself there, and take hold of persons in danger, and bring them down without the least danger.
6. DESCENDER. The Fire Escapes having failed to render the services expected of them, I offer a new apparatus that everybody can use to descend from a great height without any extra effort.
7. BRAKE for trains, operated by a single movement.
8. UNCOUPLER. The brakeman obtains this result by a single movement.
9. VENTILATOR. New system of ventilation, by a particular arrangement, will prevent accidents in mines, sickness, and will procure fresh air to mines, vessels, etc.
10. CLEANER. This apparatus is attached to the frame of the locomotive. This Cleaner destroys, cuts, and throws to a great distance snow, sand, gravel, mud, stones or other materials on the rails. No person is required on the front of the engine, the mechanism being operated by steam. The saving realized by this process is enormous.
11. PASS-PORT. Aerial and sub-marine boat. This boat, though different in the two cases cited, is operated on the same principle and governed in the same manner. Four of these boats commanded by ten men each would suffice for the observations and for the protection of Canada.

GET THEIR ELECTROTYPES MADE AT THE : : : :

## Montreal Electrotype Foundry ::

## Because : : : : :

* One of our best Customers said in recommending our work: "You not only get good work at Lovell's, but you get it when you want it."

They get their work type-high.

Smooth Surface.

No Sunken Letters.

The best wood for wood mounted and the best metal for metal-mounted electros.

## THE PRICE IS RIGHT

YOU CAN get perfect electros if you see the right people. THE MONTREAL ELECTROTYPE FOUNDRY have a reputation to sustain. You will not get poor work there. Fine machinery, skilled workmen, and the best material are at your service. Why not get an estimate for your next work? OUR prices are low enough for EVERYBODY. OUR work good enough for ANYBODY.

# DO YOU CATCH THE IDEA?

A journal published exclusively for your own trade is more valuable to you and more entitled to your favor than any other. In supporting it you simply benefit yourselves, because it is working in your interest.

Such a paper is the

## CANADIAN JOURNAL OF FABRICS,

the only Canadian Journal entirely devoted to Textiles. A sample copy will be mailed FREE, and a year's subscription will only cost you $1.00. Not much, is it? You may find a single number a bit of information that will be worth ten times the subscription price.

Are you buying or selling machinery, or do you want mill hands? If so, write for advertising rates to

E. B. BIGGAR,

CANADIAN JOURNAL OF FABRICS,

MONTREAL.
