MILITARY FACTION IN CONTROL OF IRAQ FOLLOWING BLOODLESS COUP

British Troops in Palestine and Egypt Ordered to Stand by in Case They Are Needed at Baghdad, Where Military Faction Has Captured Control—New Cabinet of Seven, Headed by Hikmat Sulaiman, Replaces Government of Yasin Pasha El Hashima—Dissatisfaction of Army with Defence Budget Believed Responsible for Coup.

Jerusalem, October 30.—Two battalions of British troops here and two more in Cairo today were ordered to stand by in case they are needed in Baghdad, where a military coup was reported to have resulted in a change of Government.

Reports from Baghdad said the army was in control of the capital city of Iraq after a military uprising.

The reports said army officers forced King Ghazi to appoint a new cabinet and that strong tension prevailed. The cabinet, it was said, resigned following the uprising.

Army leaders, dissatisfied with military appropriations in the new budget, sent a two-hour ultimatum to the Government demanding larger expenditures under threat they would take charge.

ABSENCE OF VIOLENCE IS HIGHLIGHT OF UPRISING

London, Oct. 30.—A quick military coup has put a new cabinet of seven, headed by Hikmat Sulaiman, in power of Iraq, the Foreign Office was informed today.

The coup was accomplished without violence, Ambassador Sir Archibald John Kerr informed British officials.

ONE REPORT SAYS BOMBS DROPPED AS FIRST MOVE

Cairo, Oct. 30.—Reports reaching here from Baghdad today said the Iraq Government offices had been bombed from the air during a military coup in which Premier General Yasin Pasha El Hashima resigned and King Ghazi was forced to appoint a new premier.

The airplanes, the reports said, first dropped copies of an ultimatum calling upon the Government to resign. They returned two hours later and dropped some bombs, the reports added.

(Reports from Jerusalem said an airplane had machine-gunned Government buildings. However, British diplomatic advisers stated there was no violence.)

ONCE GREAT ESTATE NOW ONLY FEW OLD CLOTHES

Heirs of Once-Wealthy Woman Open \$5,250,000 Suit Against Heirs of One-Time Confidante of Mrs. Sarah Scollard Smith, Who Died in Montreal.

Yakima, Wash., Oct. 30.—A few cheap clothes, a shabby felt hat, some black stock rubbers, and a large empty pocketbook, practically all the known earthly effects in the estate of the late Mrs. Sarah Scollard Smith, once fabulously wealthy, were displayed in court yesterday as plaintiff's exhibits in the trial of a \$5,250,000 suit brought by the Smith heirs against the heirs of Reese B. Brown.

"We may find \$1,000,000 in here and drop this suit," one of the plaintiff's attorneys remarked as the opening of the two big suitcases and bag started. They had been brought from Montreal, where Mrs. Scollard Smith died. Attorney George Rummens opened the bag.

A \$450 fur coat and \$500 necklace which witnesses had testified Brown bought the elderly widow in Montreal shortly before her death, as well as diamonds and other valuable jewellery which witnesses said she had had in Montreal, were not there.

The Smith heirs contended Brown induced Mrs. Smith to turn over her funds to him and are suing for return of the moneys. Brown was killed in a motor accident some time after the death of his client.

PARLIAMENTARY HISTORY WILL BE MADE IN BRITAIN. London, Oct. 30.—Parliamentary history will be made Tuesday when a woman, for the first time, will move the address in reply to the Speech from the Throne. She will be Miss Florence Horsburgh, the senior member for Dundee.

The problem is what shall she wear. It is customary for the mover and seconder of the address to wear court dress or uniform. As peeresses and others present at the opening of Parliament customarily wear evening dress it is possible Miss Horsburgh will follow their example.

THE WEATHER

FAIR AND COOL.

Pressure is low over Quebec and the Gulf of St. Lawrence, while a high area extends from Lake Superior southward to the Gulf of Mexico. A moderate depression is moving southeastward from Saskatchewan but high pressure and considerably colder weather is likely to extend over the Western Provinces from the north. The weather has been showery throughout Eastern Canada with some snow in northern districts, but it has been fair throughout the West.

Forecast: Strong west to north-west wind; mostly cloudy and cooler with light showers or snow flurries, Saturday—fair and cool.

Northern New England: Mostly cloudy tonight and Saturday; probably snow over north portion. Colder.

BANK REACHES A DECISION ON ALBERTA LOAN REQUEST

Two or Three Days Expected to Elapse However Before Alberta Government Learns Whether Request for Advance of \$3,500,000 Has Been Granted.

Edmonton, Oct. 30.—The Bank of Canada has arrived at a decision on Alberta's renewed application for a \$3,500,000 loan, but it will be a day or two before Provincial Treasurer Cockroft knows if he will be advanced the money.

The Bank wired him yesterday a decision had been reached, but it was being communicated to the Alberta Government by letter. It is expected here before Monday, the day the province must pay \$1,250,000 on a bond maturity.

The money would be used for two bond issues, the pressing one of November 2—the maturity date actually November 1—and one of \$3,200,000, the principal of which was not paid last April, although the interest has been met ever since.

CLAIM THREE HUNDRED RUSSIANS CAPTURED IN GOVERNMENT RANKS

Spanish Fascist Headquarters Charges Prisoners Taken on Southern Front Included Many Who "Could Not Speak a Word of Spanish"—Twin Insurgent Advances from North Menace Madrid as Premier Announces Members of Syndicalist Group Will Soon Be Included in Cabinet—Capital Again in Critical Condition.

London, Oct. 30.—A communique issued at General Jose Varela's Fascist headquarters today claimed captured many prisoners "including three hundred Russian soldiers who cannot speak a single word of Spanish."

The communique said the alleged Russian troops were captured in fierce fighting yesterday on the southern front.

PREMIER RENEWS APPEAL FOR UNITY OF LEFTISTS

Madrid, Oct. 30.—Twin insurgent advances from the northwest and the northeast endangered Madrid anew today as Premier Francisco Largo Caballero announced ministers of the Syndicalist "C.N.T." soon will "sit at the same table" with the present Government.

With the Government concentrating desperately in a counter-offensive south of Madrid, insurgent movements from the mountains to the northwest and Guadalajara province on the northeast called for new defenders today. Troops on those fronts rallied on an attempt to prevent a tightening of the Fascist iron band around the capital.

Declaring "union is more necessary now than ever," Premier Largo Caballero asserted: "Even though negotiations for collaboration of the C.N.T. have been suspended, I can announce their ministers soon will sit at the same table with Communists, Socialists and Liberals, as they have been doing in Barcelona."

In the northeast, the Government announced the Left Popular Front was strengthened by the establishment of a Defence Council of Aragon, with Joaquin Asco as the president.

Government offensives also were stated to be in progress in the Asturias, Huesca and the Basque province.

LOYALIST ARMIES STAGED SUDDEN COUNTER-ATTACK

Torrejón de la Calzada, Spain, Oct. 30.—Government commanders rushed fresh troops to the front today as Madrid defence forces continued their attack on the Fascists in the second day of one of the war's fiercest battles.

Revitalized by the capture of three towns almost on the outskirts of the capital, the Socialist army battled in the hollow of the Fascist V-shaped line in an effort to force it back or break through it.

Torrejón de Velasco, fifteen miles south of Madrid, was the next objective.

Airplanes, tanks and artillery supported the troops as officers rallied their men with shouts to "save Madrid and drive the Fascist hirelings back to Portugal."

Guns laid down a barrage of shrapnel at daylight from guns brought forward in step with the Government advance.

Last night, Fascist planes carried on the battle with machine-gunning Government positions.

The counter-attack was launched yesterday simultaneously with a proclamation in Madrid by Premier Francisco Largo Caballero that the Government now had a powerful force of tanks and airplanes strong enough to break the siege of Madrid.

The militia took the offensive, captured Humaneas and Grinon, and entered this town by nightfall. Government leaders claimed recapture of Sesena and Torrejón de Velasco was virtually within reach.

Gen. Francisco Franco's insurgent forces were reported to have suffered heavy losses.

COMMUNISTS ARE WARNED AGAINST INTERFERING IN BRITISH AFFAIRS

Moscow "Comintern" Told by Sir Samuel Hoare, First Lord of the Admiralty, that "the More They Interfere in the Domestic Affairs of This Country, the Worse It Will React Against Their Activities"—Parliament Prorogued After Hearing Prime Minister Defend Maintenance of Non-Intervention Policy in Spanish Civil War.

London, Oct. 30.—Sir Samuel Hoare, First Lord of the Admiralty, today issued a warning to the Moscow "Comintern" (Communist International organization) not to interfere with affairs in England.

"It is almost always disastrous to interfere in the affairs of other countries," Sir Samuel declared, addressing a West-end meeting.

"I commend that observation to agents of the Comintern. They will find that the more they interfere in the domestic affairs of this country, the worse it will react against their activities."

Sir Samuel's remark, carrying an official ring, followed the Government's declaration in the House of Commons that non-intervention in Spain must be preserved to prevent chaos in Europe.

"On account must we interfere in business which does not concern us," Sir Samuel added. "It is necessary to say that—and say it most clearly—in view of the very curious vacillating attitude adopted by the Labor party towards the civil war in Spain."

The First Lord referred to the complete " volte face " of the Labor party in resolutely supporting the Government's policy of "Hands Off Spain" at the party congress recently and then shifting to demands that the Government permit the sale of arms to Spain.

BALDWIN SAYS WAR DANGER NOT COMING FROM GERMANY

London, Oct. 30.—Parliament was prorogued today, but the interval will be brief. On Tuesday the King will open the new session in state.

And today's ceremony was but a pale reflection of the coming glamour. The King himself, as is customary at a prorogation, was not present. Only a dozen peers attended in the House of Lords. Liberal and Labor peers were not represented.

The Royal Commissioners in red gowns crossed with white mitre bands and wearing black cockle shells sat in a row below the steps of the Throne. Lord Onslow acted as Lord Chancellor during the illness of Viscount Stanmore. With him were Lords Stanmore, Amulree, Tankerton and Atkin.

The Earl of Arundell read the Speech from the Throne which said: "I am addressing you for the first time as your sovereign. I desire before all to express once more my deep appreciation of the sympathy which has been extended to me and my dear mother in every part of my dominions. I am profoundly touched by the universal expression of affection and respect with which my beloved father was regarded and I am well assured that the memory of King George's life of devotion and unflinching service will live long in the hearts of the people."

"I have viewed with concern and anxiety the events in Spain during the last three months. The Government has spared no pains to promote and encourage humanitarian efforts to mitigate the sufferings of the Spanish people. The navy acted in accordance with its high traditions, relieving distress. It has been the consistent policy of the Government to attempt to localize the conflict and to encourage the Spanish people. The navy acted in accordance with its high traditions, relieving distress. It has been the consistent policy of the Government to attempt to localize the conflict and to encourage the Spanish people."

The speech said: "My relations with foreign powers continue to be friendly. On August 26 a treaty of alliance with the King of Egypt was signed in London by delegates representing my Government and the Egyptian Government."

Reference was made to the conference resulting in alteration of the Lusanne Treaty to permit refortification of the Dardanelles.

Of the tri-power monetary agreement, the speech said: "My ministers were glad to be able, in conjunction with the Government of the United States of America, to lend their co-operation to the scheme for the readjustment of the value of the French currency. I trust that measures taken recently by the French and several other governments will pave the way for further improvement in international trade."

Turning to domestic affairs, the speech said "schemes for amelioration of conditions in those districts where the problem of unemployment still presents difficulties have continued to engage the close attention of my ministers and of the Committee."

PROVINCIAL AUDITOR IS CENTRAL FIGURE AT QUEBEC HOUSE PROBE

Stories Told by Official Before Public Accounts Committee Reveal Irregularities in Previous Administration of Province—Interest Received by Brother of Former Premier on Provincial Funds Nears \$30,000—Indemnities for Non-Existent Members Brought About Keen Debate.

Quebec, Oct. 30.—Benefits of Antoine C. Taschereau from monies entrusted to him as accountant of the Legislative Assembly totaled almost \$30,000, records of the Quebec Legislature's Public Accounts Committee revealed today.

Before taking an adjournment to Tuesday, the Committee heard yesterday the head office of the Bank of Montreal halted payment of interest to the seventy-two year old brother of former Premier Taschereau after the former accountant received \$14,454 on Government funds deposited in his own name.

This money was in addition to some \$15,000 Antoine Taschereau received from the Banque Canadienne Nationale on Government funds deposited in a personal account.

The latter sum, the former Legislative Assembly accountant paid to the Government last spring after revealing to the Public Accounts Committee that he had benefitted from Government monies in this manner. About that time he resigned his position with the Assembly.

Interest received by Antoine Taschereau from the Bank of Montreal covering a period from 1914 to 1923, was made known to the committee in a table submitted by the Legislative Council during the Taschereau regime.

Asked by Cyril Dumaine, Liberal member for Bagot, if this \$45,000 "constituted a theft," Premier Maurice Duplessis, who also holds the post of Attorney-General, declared the matter was one "for the Attorney-General to decide."

TWENTY-TWO ADMIT GUILT IN FRAUDULENT SWEEPSTAKE

To Be Sentenced in Boston on November 6 for Promoting "Montreal Graduate Hospital Trust Fund" Sweepstake.

Boston, Oct. 30.—The last of twenty-two men indicted in a \$2,000,000 fraudulent sweepstake lottery pleaded guilty yesterday before Federal Judge Sweeney. They will come up for sentence November 6.

The last of the twenty-two pleading guilty, Joseph Cohen, of Boston, admitted conspiring. Earlier yesterday Harry Sherman, whom Attorney H. M. Leen termed one of the leaders in the group, pleaded guilty to conspiracy to use the mails to defraud.

Leen declared the lottery tickets purported to be on the Chester Cup race at Chester, England, May 8, 1935, and on the Eclipse race at Sandown, England. Promoters, he asserted, falsely represented the tickets as sold under the auspices of the Montreal Graduate Hospital Trust Fund.

REMARKS OF ROOSEVELT FORMING BASE FOR REPUBLICAN CAMPAIGN

Governor Landon Challenges President to Reveal if He Favors Reviving Principles of National Recovery and Agricultural Adjustment Acts—Claims "No One Can Be Sure" of Real Intentions of President Who Declared "There Are Still a Thousand and One Things to Be Done" to Lead Americans to "More Abundant Life."

New York, Oct. 30.—"There are a thousand and one things still to be done."

These words, used by President Roosevelt in a recent campaign plea that he be returned to the White House for another four years, form the basis of a vigorous and seemingly effectual Republican attack.

The President has not detailed the plans contemplated for the future. He has made plain there will be no deviation from the course he believes will lead Americans to "more abundant life." But generally, his appeal has been that when the voters go to the polls on Tuesday they approve his administration on the past record.

Governor Landon last night asked to know what are the real intentions of the President and there can be little doubt he put a question that is foremost in the minds of thousands of voters.

The Republican nominee for the presidency challenged Mr. Roosevelt to reveal if he favors reviving the principles of the National Recovery and Agricultural Adjustment acts. He asked the President to state if he favors concentrating more and more power in the hands of the Chief Executive.

"No one can be sure," the Governor said, and his capacity audience in Madison Square Garden chanted the phrase again and again.

The President brings his campaign to a climax with an address in this same Garden Saturday night. It is expected he will take up the challenge.

SENATE COMMITTEE OPENS PROBE INTO PROPAGANDA

Washington, Oct. 30.—While the Republican National Committee issued a statement assailing the Social Security Act, a United States Senate committee prepared today to investigate alleged pay-envelope attacks on the programme.

Senator La Follette, Progressive Wisconsin, head of a special committee studying alleged violations of civil liberties and labor rights, announced an inquiry would start immediately into attempts to "infringe upon the civil and political rights of the working man through pay roll pressure."

The Social Security Board had previously asked the Justice Department to study posters on which, it said, the Board's name was "fraudulently used."

The Republican committee statement said the administration's programme is "not even as fair as a lottery," and that "women who work a few years and then marry are especially hit."

The social security programme includes an old age pension tax on workers' pay starting January 1, and rising from one to three per cent. over a twelve-year period, with a similar sum collected from the employers to finance unemployment insurance.

CLAIMS 'NEW DEAL' HEADING BUSINESS INTO 'THE CLEAR'

Washington, Oct. 30.—After a short rest from rapid-fire speech-making in popular eastern centres, President Roosevelt turned today into the final stretch of a re-election campaign that has carried him through twenty states of the east, west and south.

He planned to leave late today for Brooklyn, where he will deliver tonight the first of three addresses winding up what his friends describe as the most strenuous battle of twenty-six years in politics.

Tomorrow night in New York's Madison Square Garden he speaks his final major piece, but he will make a brief election eve radio appeal for a vote of confidence in his country home at Hyde Park, N.Y., Please Turn to Page 2, Col. 3.

MOLLISON CREATES NEW ATLANTIC RECORDS IN SUCCESSFUL FLIGHT

Famous British Aviator Lands in Croydon Thirteen Hours and Seventeen Minutes After Leaving Newfoundland—Trip from Newfoundland to Ireland Made in Nine Hours and Fifteen Minutes—Plans Brief Rest in London Before Attempting to Smash Cape Town Record—Bitter Cold and Blinding Snow Caused Apprehension.

Croydon, England, October 30.—Shattering all speed records for an eastward crossing of the Atlantic, Captain James A. Mollison landed here today at 9.57 a.m. (4.37 a.m., E.S.T.), only thirteen hours and seventeen minutes after hopping off from Newfoundland.

Roaring across the stormy Atlantic in his Bellanca monoplane, the lone pilot averaged approximately 160 miles an hour.

It was the first time a flight with London as the eastern goal had been successfully completed without a forced landing en route.

Mollison, who by today's flight became the first man to fly a plane across the North Atlantic three times, was not even satisfied with that. "Possibly within a day," he said, he will take off on a record attempt to the tip of South Africa.

Counting the six hours and forty-one minutes he took to reach Harbor Grace, Nfld., from New York, he had made the entire flight in nineteen hours and fifty-eight minutes.

Only a dozen spectators were on hand to cheer the veteran flier's brilliant success, made in the face of forbidding weather conditions.

Captain Mollison appeared exhausted when lifted from his plane. His first remark was: "I am so damned tired. I am going to have a large Scotch and soda."

He said he had covered the 2,100 miles one hour and twelve minutes faster than his own advance estimate.

Not content with this feat, he said he planned to rest only a few days before flying on in an attempt to break the record to Capetown, South Africa.

Mollison took off from Harbor Grace at 3:40 p.m., E.S.T., yesterday on his fourth flight across the Atlantic.

Amazing Time Made Over Ocean. He reached the coast of Ireland in the amazing time of nine hours and fifteen minutes, then apparently lost his bearings, for a while. He lost more than an hour in a wide circle of flying Croydon airport three times before landing his blue and orange monoplane.

Although his wife, Mrs. Amy Johnson Mollison, co-partner in the famous team of "Flying Mollisons" was not at the field to greet him, she was among the first to send congratulations.

"I am delighted over your successful safe crossing," she messaged. "The time was extremely good."

Mrs. Mollison, who ten days ago announced her estrangement from her flying husband, was reported recuperating in the country from the effects of her recent plane crash-up in which her nose was broken.

"I want at least one night's rest before going on to the Cape," Captain Mollison said.

"I am certainly glad to be here," he added, and grinningly caressed a rabbit's foot given him by a girl in Harbor Grace.

"I didn't see Ireland at all and first got my bearings over Wales. I wasted an hour circling in mid-ocean trying to get rid of ice on the wing. The weather was bitterly cold and I flew through a blinding snow storm on the first part of the hop."

Thirty-Seven Thousand Plane To Span North Atlantic. Harry Richman and Dick Merrill took a total flying time from New York to Croydon—not counting time lost when they made a forced landing in a meadow near Wales—of eighteen hours and thirty-eight minutes as estimated by the American National Aeronautical Association for the 3,300-mile hop.

The actress Dorothy Ward, for whom Mollison's plane was named, said: "I am terribly happy. It makes me feel that I in a small way have helped his success. Jim is a very dear friend of mine. I am proud and thrilled to know he has won through."

Mollison's plane, named "Dorothy" in honor of the girl he styled a "very dear friend," was the thirty-second plane to cross the North Atlantic since the British fliers, Sir John Alcock and Sir J. W. Brown, flew from St. Johns, Nfld., to Galway, Ireland, on June 15, 1914. Alcock and Brown flew the distance in sixteen hours and twelve minutes.

Mollison, leaning heavily on the wing of his plane while he puffed a cigarette, said he flew at a height of 15,000 most of the way and admitted he felt very nervous "just because of the weather and because people were so pessimistic."

He wore a gray suit under his brown flying togs.

Capt. James A. Mollison, one of Great Britain's foremost distance fliers, came into world fame in 1931, when, in rapid succession, he set speed records for flights from Australia to England and from England to Cape Town, South Africa.

Fourth Trans-Atlantic Flight. His arrival today at Croydon airport, outside London, completed his fourth successful trans-Atlantic flight.

Two of the others were accomplished, like today's alone. Capt. Mollison flew from Ireland to Canada in August, 1932, and from England to Brazil in February, 1933.

In July, 1933, he crossed the North Atlantic three times. Please Turn to Page 2, Col. 7.

TO START WORK ON LOCAL ROAD ON MONDAY NEXT

Task of Grading and Straightening Sherbrooke-Lennoxville Highway Will Be Completed This Fall, Leaving Only Paving Work to Be Done Next Spring.

Work on the re-construction of the Sherbrooke-Lennoxville highway will be commenced on Monday morning, Jean-Marie Bourbeau, private secretary to Col. the Hon. Johnny Bourque, Provincial Minister of Public Works, announced today.

The grading and straightening of the road will be completed this fall, according to present plans, leaving only the paving work to be done next spring.

The re-building of this three-mile section of highway has long been advocated, and is being accomplished as part of the Provincial Government's \$5,000,000 programme of public works. Finished in concrete surface, it will form another important link of the Sherbrooke-Dorval Line road, connecting the Queen City of the Eastern Townships with the United States boundary.

Mr. Bourbeau stated this morning that Col. Johnny Bourque would not be in his Court House Office tomorrow morning, as it is customary for him to be on Saturdays. However, he will probably be there in the afternoon, provided he is not detained at Quebec.

ONE KILLED AND FOURTEEN HURT IN U.S. TRAIN WRECK
Princeton Junction, N.J., Oct. 30.—Wrecking crews labored today to clear the main line of the Pennsylvania railroad of the debris left by the wreck of the Cleveland, a passenger flyer, in which one man was decapitated and fourteen others injured.

The dead passenger was tentatively identified as Edward Snyder, of Detroit. A receipt for a radio purchase at the central store in that city was found in his pocket.

KNOWLTON CLUB PLANS AN ACTIVE HOCKEY SEASON

Enthusiasm and Harmony Featured Annual Meeting at which Knowlton Sportsmen Laid Plans for Approaching Bromo-Missisquoi League Campaign.

Knowlton, Oct. 30.—Although there remains considerable time before skates and other equipment are resorted to, hockey interest in this Bromo Lake town has already been stirred to a high pitch. Promise of an active and enthusiastic season was held in the large gathering which attended the annual meeting of the Knowlton Hockey Club in the Lakeview Hotel Tuesday evening.

Virtually every member of last winter's team and several new aspirants for puck-chasing berths assembled with officers and supporters of the local club to fill the room in which the meeting was held and in which harmony and enthusiasm reigned.

A strong slate of officers was appointed as follows: honorary president, A. A. Reid; president, Paul Desjardins; secretary-treasurer, Jean-Paul Page, and directors, Dr. Arthur Douglas, Donald Miller, Ralph Murray, Lionel Goudreau and Claire Adams. Leslie Roberts, Arthur Carter and Francis Williams, members of the retiring directorate, were elected ex-officio to assist the incoming officials with any problems carried from last season.

The meeting decided that the 1936-37 edition of the Knowlton ice aggregation would be handled by two popular sportsmen—Norman Guillette as captain and "Bub" George as manager.

Guillette and George were named delegates to the Bromo-Missisquoi Amateur Hockey League, to which circuit Knowlton belongs, while the manager, captain and secretary were authorized to complete arrangements for the approaching winter with the local rink association.

REMARKS OF ROOSEVELT FORMING BASE FOR RE- PUBLICAN CAMPAIGN

Continued from Page 1.

On Monday evening, the President characterized as "marvelous" the greeting accorded him last night by a depot crowd at Wilmington, Del. where, in a brief rear platform talk, he quoted Abraham Lincoln and said the "Great Emancipator" believed in the type of liberty which "our administration has sought and continues to seek."

Shortly before that he had motorized through a pushing and shouting throng in Philadelphia to Camden, N.J., where, in dedicating a civic plaza named after him, he credited the "New Deal" with heading business of all kinds into "the clear."

DECLARES CHANGE NEEDED TO RESTORE CONFIDENCE

Aboard Gov. Landon's train en route to St. Louis, Oct. 30—Governor Alvin O. Landon sped homeward today, resting his bid for New York State's forty-seven electoral votes on "the basic principles of my political creed" and a "challenge" to President Roosevelt to "tell us where we stand" on N.R.A., A.A.A., executive powers and unemployment.

"There can be no confidence while this administration remains in power," declared the Republican candidate for the United States presidency, reasserting his belief in "the American system of free enterprise."

The Kansas Governor, speaking last night in New York's Madison Square Garden, frequently declared that "no one can be sure" of the administration's future policies on agriculture, industry and relief and of what the President proposes "to restore confidence."

He addressed this interrogation to the President: "Does he favor reviving the principles of the National Recovery Act? Or does he favor the American system of free initiative?"

"Does he favor reviving the principles of the Agricultural Adjustment Act? Or does he favor allowing the farmer to be a lord on his own farm?"

"Does he favor concentrating more and more power in the hands of the Chief Executive? Or does he favor a return to the American form of government?"

Later Landon said: "Tell us where you stand, Mr. President. I leave my gage at your feet."

LANDON PLAYS ON WORDS IN ROOSEVELT CHALLENGE

New York, Oct. 30.—Gov. Landon closed his Madison Square Garden address last night with a play on the words "gage" and "gauge."

"Gage," defined in the dictionary as a challenge is pronounced the same as "gauge," meaning measure. Speaking of the President in the second person, Landon said:

"I leave my gage at your feet. My gage is the gauge of your confidence in the American people. My gage is the gauge of your faith in the American people."

EASIER LAWS FOR DIVORCE ARE DEBATED

Students at Bishop's University Reviewed Various Phases and Outlined Many Points During Interesting Inter-Student Debate.

That divorce should be made easier in Canada was the decision reached at the conclusion of a lively and well-attended debate in Convocation Hall of Bishop's University last evening.

The affirmative side of the question was debated by James Bredin and George Murray, while William Mallard and Milton Gibeau spoke for the negative. The judges were the Messrs. Kay Sped and Jean McNabb who were unanimously agreed in their decision which upheld the resolution that "Divorce should be made easier in Canada."

Mr. Bredin, leader of the affirmative, opened the discussion. In forcible terms he outlined the deficiencies of the present divorce system in Canada and suggested practical modifications. The chief fault with the existing laws, the speaker argued, was that it limited divorce to the affluent, it costing upwards of \$500 to obtain one. This is obviously unfair, he said, since the poor are equally deserving of means of rectifying their error as the wealthy. "The wording of the marriage contract is too binding," said Mr. Bredin. "Why should it not be as in a business contract, which provides for the release from obligations of one of the parties should the other fail to fulfill the terms of the agreement?"

Mr. Mallard, leader of the negative, was insistent that loosening of the divorce laws would result in persons entering upon marriage as an experiment, knowing that when they were so inclined they could be separated without too much trouble. "If you wish to see an example of this, look at the unhappy state of affairs in the electric states. There the leniency of the divorce courts has led to the abuse of the privilege and has cast a stigma on the ceremony which should be as sacred as marriage itself," contended the leader of the negative.

The affirmative's second member, Mr. Murray, cited several instances where the laws were clearly inadequate. Many homes have been ruined through a habitually drunken father inflicting hardships on his family. Cases where the household head has an inherent bad temper, and makes things miserable for his spouse; where the father has adopted a career of crime, with its accompanying bad influence on the children; and where another person has gained the affections of either the husband or wife all warrant rectification, yet no legal provisions are made. "The solution, I believe, rests in the investigation of these and parallel cases by an impartial committee, which should decide whether a divorce should be granted," averred Mr. Murray.

The contention of the last speaker for the negative, Mr. Milton Gibeau, was that divorce, except in special grounds, was contrary to the principles of Christian religion, and that experimental marriages were not tolerated by any code of morals.

A second point brought up by Mr. Gibeau was that the necessary appearances in court of the children of the estranged couple was detrimental to their welfare. "Judges and juries have made mistakes in the past regarding the custody of the dependents, and will continue to do so in the future," stated the speaker.

CLAIMS PRICE FIXING CAUSE OF STABILITY

Montreal, Oct. 30.—Elimination of cutthroat competition in coal-milling and a means of avoiding operating losses, justified agreement among millowners for a minimum price, testimony of J. B. Dodd showed in the Turgeon Royal Commission records today.

Stabilization of the industry was necessary because of "terrific losses" some mills suffered, the sales manager of the Paton Manufacturing Company, Sherbrooke, told the Commissioner, Mr. Justice W. F. A. Turgeon, of Regina.

A previous witness named Paton, Hield Brothers of Kingston, Dominion Woollens and Worsted, Dupont and Barrymore Cloth Company as members of the price group.

Dodd said he believed minimum price fixing was beneficial to the mills and the buyer as well because it provided for stabilization and eliminated uncertainty.

Roy Kellock, counsel for the Paton Company, read correspondence by Dodd to Major Douglas Hallam, secretary of the Canadian Woollen and Knit Goods Association in 1933, urging steps be taken to get the industry back on a sound footing.

It was "ridiculous the way each company is cutting each other's heart out in competition," the letter claimed. Dodd said he thought the statement represented the true situation as he saw it. During 1933, 1934 and 1935 his company had suffered losses.

Dodd declared price agreements were arrived at by conference between various mills concerned, discussions being held if any one mill thought a new low figure should be set.

Montreal sessions of the probe are expected to conclude tomorrow with the Commission moving to Ottawa for one week.

COMMUNISTS ARE WARNED AGAINST INTERFERING IN BRITISH AFFAIRS

Continued from Page 1.

Stenographers appointed for those areas. Steps have been taken to reduce the rate of contributions under the general unemployment insurance scheme.

"The development of the national health services has received the close attention of my ministers. Good progress has been made in the clearance and the replacement of slums."

"An act has been passed for insuring agricultural workers against unemployment which will enable such workers, if unemployed during the coming winter, to receive benefits."

Reconvening yesterday after the summer recess, the old session was prolonged enough to allow a debate on the Spanish situation. Foreign Secretary Eden defended the Government's policy and said there was no first-hand evidence that Portugal had violated the non-intervention agreement as charged by Russia.

Winding up the debate, Prime Minister Baldwin said the Government believed there had been violations on both sides, but not of sufficient importance to warrant a change in regard to British adherence to the agreement.

Discussing the growth of Communism and fascism, Mr. Baldwin said that "with the electric currents of these two forces in Europe today, I believe abandonment of this ban on arms and permission for free import would more quickly than anything produce a clash from a quarter that would set Western Europe on fire. When that happens chaos comes and that is the end of everything."

In the course of this argument, the Prime Minister referred in a sentence to the suggestion that Germany might attack Britain. He said that was not where the danger was coming from, but did not pursue the point.

BOWLING

is given the teams with the higher pinfalls.

This week's fixtures resulted in Coal and Oil winning three points against the Community Plate. Kovermore's duplicating this feat against Flextone's, and Castrol No. 30 blanking Timken. The fourth contest saw the Explosives win the odd point against the Paints and Varnishes because of the former squad's higher team total.

Jim Corfield had his bowling arm well oiled with Castrol No. 30 and romped away with individual honors among the men with a single-string mark of 285. Mrs. W. Ward led the ladies in the single-string column with a score of eighty-seven, while Miss Hazel Miller topped the aggregate division with a total of 104.

CLAIM THREE HUNDRED RUSSIANS CAPTURED IN GOVERNMENT RANKS

Continued from Page 1.

Just and Madrid-Toledo roads south of the capital.

The War Ministry in Madrid posted bulletins which claimed that bombing by Government squadrons annihilated Fascist convoys in a wide area south and southwest of Madrid at Toledo, Navalcarnero, Santa Cruz del Retamar and south of Grinon.

On the front northwest of the capital, it said, Fascist artillery maintained a daily rain of shells on Cruz Verde and Santa Maria de la Alameda.

FASCIST BESIEGERS OF MADRID SHIFT POSITION

Torrejón de Velasco, Spain, Oct. 30.—Fascist besiegers of Madrid, confronted by sudden aggression by Government militiamen, shifted their battlefield today.

General Francisco Franco, insurgent commander, moved a column eastward toward Cienfuegos to bridge the territory between the Madrid-Aranjuez and the Madrid-Toledo highways where the Government attacks were centered.

(The new alignment would stretch the Fascist line from Mostoles southeast to Cienfuegos, about twenty miles south of Madrid, with vanguards posted ahead at both ends.)

There still was no indication of the heralded "big push" toward the capital, although Fascist artillery and aircraft persistently shelled Government positions on the Navalcarnero front, southwest of the capital.

Rumors filtered into the insurgent field headquarters from across the lines that General Sebastian Pozas had taken command of the Government forces and that Premier Francisco Largo Caballero had fled the capital.

Anarchists were said to have isolated Madrid by posting guards at its gates to prevent both entry and departure. Insurgent officials said the report was learned from Government prisoners.

OPENING HELD BY COATICOOK HIGH SCHOOL

List of Prize-Winners in Final Examinations at Coaticook High School Announced at Commencement Ceremonies.

Coaticook, Oct. 30. — The programme arranged for the commencement exercises at the Coaticook High School was greatly curtailed and saddened by the death of Principal Pickford's father, at Bury, but following the wishes expressed by Principal Pickford, the commencement exercises were carried out in the Guild Hall on Friday afternoon, but the evening programme and school dance were cancelled.

At three o'clock, Mr. Harold Allen, in the absence of the chairman of the Board, Mr. W. S. Low, took the chair and an attractive programme was ably carried out under the direction of the teaching staff. "O Canada," sung by the entire school was followed by the chairman's remarks. Mr. Allen expressed the deep sympathy of the School Board, the staff and the pupils with Mr. Pickford in the loss of his father. The remainder of the programme was: song by grades and II; recitations, Paul Bruhmuller and Barbara Allen; piano solo, "Garden Swings," by Hazel Pierce; recitation, Leah Green; drill-march, the Junior Red Cross; recitation, Evelyn Rowe; recitations, Herschel Green and Milton Taisey; song by grade II girls. A helpful and pleasing address was given by Rev. W. W. Davis, the new rector of St. Stephen's Church, and a piano solo by Lucille Edson.

The High School report for 1935-36, in the absence of Principal Pickford, at the request of the Vice-Principal, Miss Eunice Denison, was then read by the chairman of the meeting as follows:

The Coaticook High School was in session 190 1/2 days during the school year 1935-36, and 130 pupils were enrolled. The average daily attendance was 111.4 pupils. This comparatively low average was due chiefly to an epidemic of whooping cough and scarlet fever, which interrupted the work during the autumn and winter weather.

In grades IX and X the June examination papers were corrected by the Coaticook staff. Fifteen pupils attempted the examinations. Of these, thirteen were prompted. The grade XI papers were sent to Quebec to be corrected. Six out of seven who wrote, received their High School leaving certificates. Miss Dorothy Martin, who ranked first in the class, had a percentage of eighty-three, and has been awarded the Jasper Nicholls Scholarship at Bishop's University. The outstanding extra-curricular activity of the year was the work of the girls' basketball team. This team was organized in the autumn of 1934 by Miss McVie and had shown steady progress for the two years of its existence. This year several home-and-home games were arranged with near-by schools. The results of these games indicated splendid promise for the team of the coming year. All student activities were handled by the Students' Council again this year. This organization concluded its

BRINGING UP FATHER.

year's work with a balance of over thirty dollars.

During the first and second terms, debating and the study of current events was held in grades X and XI. The only outside debate was with Lennoxville High School. On this occasion, the Coaticook team was defeated.

During the winter months, skating on the campus rink was much enjoyed by all the pupils. The thanks of the entire school is due to the interest of the Parent-Teacher Association, which made the skating activity possible.

Junior Red Cross work was organized in each of the rooms, but most of the activity was conducted by the lower grades. The usual Christmas boxes were sent to the Montreal headquarters. In addition to this, \$18.50 was raised by the sale of calendars, and was sent to the Crippled Children's Fund.

The year's activities closed with a baccalaureate service in the Baptist Church. The thanks of the principal and the staff is due to the School Board for its willingness to assist the teachers on every occasion, and its sympathetic understanding of their problems during the year's work. The splendid co-operation of the pupils was also much appreciated and accounts to a great extent for their success during the year.

The afternoon programme concluded with the following numbers: duet by the Misses Dorothy Wallace and Thelma Bennett; song, Dorothy Johnson; piano solo, John Bruhmuller; distribution of prizes and the National Anthem.

The prize list in all grades is given below, the prizes being distributed by Rev. Mr. Davis, assisted by Messrs. W. Pierce and S. A. Meade.

Grade XI: First general proficiency, Dorothy Martin; second general proficiency, Henry Snow; French, Dorothy Martin; science and mathematics, Henry Snow; English, Beverly Mayhew; history, Howard Dresser.

A special prize given by Rev. Albert Johnson for the pupil who has shown the most outstanding ability not only in studies but in the general activity of the school, and which in order to be given, have not only the vote of the staff but also the students themselves, was carried off this year by Miss Dorothy Martin.

The chairman acknowledged the gift of five dollars towards the prizes from Victoria Lodge No. 16, I.O.O.F., who have made this an annual donation for several years past.

Three rousing cheers from the pupils and their parents were given the teaching staff.

PARENT-TEACHER ASSOCIATION MET

The regular meeting of the Parent-Teacher Association was held last week, with a fair attendance. The chief business of the evening was a discussion as to whether the Association should continue to function considering the small attendance at the last few meetings. A questionnaire, which had been sent out to the parents, received comparatively few answers, and while quite a number expressed themselves in favor of having the Association carry on, only about ten out of seventy-five letters sent out replied that they would attend the regular meetings. It was considered that this would not be enough to make a successful Association, but a resolution to disband provoked much discussion for and against, and it was finally agreed to appoint a special committee who should study a proposition advanced by Rev. Albert Johnson whereby several committees should be elected to function, and report to three or four general meetings per year. The committee to have this work in charge will be Rev. Albert Johnson, Messrs. S. A. Meade and J. N. White and Principal Pickford. The meeting then adjourned.

SHERBROOKE, FRIDAY, OCTOBER 30, 1936.

And withal they learn to be idle, wandering about from house to house; and not only idle, but tattlers also and busybodies, speaking things which they ought not.—1 Timothy 5:13.

Sidelights On Democracy.

Two really interesting insights to North American electoral practice are published by recent news despatches. The first is that the United States voter is asked to select the next President on the way he smokes his cigarette and the second that the kidnapping of electors to prevent them exercising their franchise on election day will be taboo in the Province of Quebec from this date henceforth.

Just why the manner in which a man smokes a cigarette should determine his ability to guide the policies of the United States or to balance the budget is not made clear. Equally cloudy is the reason for declaring it a greater crime to abduct a white male British subject in the Province of Quebec on election day than at any other time.

"Keep Busy And Keep Happy."

There is a striking lesson in the life of Mrs. Charlotte Carbee, a native of Ascot, who at the venerable age of ninety-eight years says that the secret of a happy life is to "Keep Busy and Keep Happy."

This has been the motto all through her colorful career. The venerable nonagenarian vividly recalls when she used to spin and weave her own woollen goods and the garments she fashioned for her children.

Her family includes ten children. She has seventeen grandchildren living in the State of New Hampshire. Before her marriage she was Charlotte Kent. While she was teaching she met and married John Carbee, whose ancestors came over on the Mayflower.

For many years the Carbees had a farm at Hatley, where they resided until their entire homestead was destroyed by fire. The family moved to the United States thirty-four years ago, where she has since resided.

"I've already lived longer than I expected to," Mrs. Carbee said on her ninety-eighth birthday. "but I have always tried to be cheerful and good-natured and a long life has been my reward. Much of my present happiness comes from the great respect in which I am held by my family."

Younger people could well take a leaf from Mrs. Carbee's life and follow her example, "Keep Busy and Keep Happy."

May Sherbrooke Come Into Its Own.

With Sherbrooke finally represented by a Cabinet Minister in the Provincial Government, the citizens are hopeful that the hub of the Eastern Townships will no longer be treated as the ugly duckling of the Province. In the days gone by, when Sherbrooke citizens were rather noted for their objections to the Government of that time, delegations were informed by the powers-that-were that they could not expect any favors from the administration unless they elected a man that had the favor of the Government.

In simple English, the inference was that unless Sherbrooke "voted the right way" its citizens would be disenfranchised, despite the fact that this district contributes heavily to the finances of the Province.

Sherbrooke does not ask its minister to secure for it any special favors. It merely asks for justice, and the average citizen believes that if the community has been able to survive the neglect which has been its lot for many years and be better and stronger for the experience, they may expect a happier condition for the future when the county receives the treatment to which its position and merit entitles it.

One matter in which this district has been sadly neglected is that of roads. The time through which the Eastern Townships have waited for roads that bear a proper relation to the size, industry and geographical situation of the city might be taken to indicate that tourists are not wanted. It is doubtful if anywhere there exists a highway as ill-equipped to care for the traffic that it is subjected to as the Sherbrooke-Montreal highway, especially that section between Sherbrooke and Magog. True, a welcome improvement has been made between Magog and Granby, but again from Granby to Montreal the road, though concrete-surfaced, is much too narrow for safety and comfort in driving. The new administration has announced plans for widening the Sherbrooke to Lennoxville highway,

which is an important work, but many other highways leading out of Sherbrooke are also crying for attention.

Too much unearned credit has been claimed for the Quebec roads and apparently the method of arriving at a false sense of superiority has been to compare our highways with those of the poorer and less developed provinces.

The neglect experienced in this district in the matter of improved highways is in marked contrast to the improvements carried out during the past seven years by the municipal authorities. On one hand is the framework of a good roads system falling into disrepair, on the other the carrying out of a praiseworthy programme of street paving. The same applies in other lines. When the citizens of Sherbrooke protest against the neglect that has been their lot for the past several years, they are not protesting on behalf of themselves alone, but also on behalf of the even greater number of people in the surrounding districts.

Accustomed to looking after their own immediate needs without dipping into the Provincial pork barrel, the citizens do not easily adopt the role of suppliants and perhaps will continue to be in expert beggars. But in the days to come they reserve the right, as they have in the past, to effectively show their disapproval of any body that continues to neglect them and their neighbors.

Prize-winners at a Waterloo turkey shoot were: Messrs. E. Grans, R. F. Shaw, Spencer Matheson, Capt. Seale and Dr. S. H. Martin.

What Editors Say

HEAVY PRICE FOR LACK OF GOOD-WILL.
Kingston White Standard.

Last year the nations of the world spent the grand total of \$9,295,000,000 on arms and armaments, according to estimates of League of Nations' experts. In the previous year the total of armament expenditures was \$8,281,000,000 and in 1933 it was \$7,436,000,000. These are tremendously large and rapidly rising prices to pay for lack of good-will and failure to find commonsense solutions for national and international problems!

Publication of this estimate of 1935 expenditures on armaments coincides with the appearance of the League's Armament Yearbook for 1936, giving details on the strength of the defence forces of the world. It shows a tremendous increase in world armaments. The increases are strikingly illustrated in the total world tonnage of navies. Warships built or being built in 1935 aggregated 6,130,000 tons compared with 5,830,000 tons in 1934.

The yearbook places Soviet Russia's armed forces in 1935 at 1,300,000, the largest of any nation. That figure, which includes army, navy and air force, compared with 940,000 in 1934. France stands second in the League estimates, the French army, including soldiers in the colonies, being put at 642,875. France has a total of 1,605 war planes, the yearbook reports, in addition to 631 being used in training schools. While accurate official figures for Germany are reported to be unobtainable the yearbook estimates from unofficial publications that the effectives for the German army would be 550,000 officers and men. At that figure Germany stood third last year in army strength. In the previous year the League experts put Germany's armed force at 102,000. According to the yearbook Italy was not far behind Germany, having an army strength of 527,604 officers and men. For the last three nations these figures of man-power do not include navies.

What a difference it would make to the world if the energies of all these men and the huge sums spent on armaments were devoted to peaceful pursuits!

FOR "PEACE."

With great jubilation Count Galeazzo Ciano announces in Berlin a new Italo-German accord. The understanding, which is described as "neither a pact nor an alliance," is for the purpose of keeping the peace in Europe, say Italian and German spokesmen.

Did Aesop not write (or if he didn't, he should have) a fable about the wolf and the lion that signed an accord to keep the peace among the sheep?

THE FRENCH PRESS

RUSSIAN NEUTRALITY.
Le Droit, Ottawa.

Russia loudly announces that it is renouncing its attitude of neutrality and going to the assistance of the Spanish Government. But why make so much noise to announce that it will continue to follow a policy from which it never departed? And whom will it convince that it was not at the origin of the Spanish revolution?

Russia sent the Madrid Government five million dollars at the beginning of the civil war. Prior to that, it had filled Spain with its agents and secretly supplied armaments to the Communist element.

Moscow's agents, Russian and German Communists, are in many instances the instigators of the fires and massacres of which the newspapers, better and better informed upon what is happening in Spain, bring us the horrifying accounts.

TRAVEL BY DIRIGIBLE.

La Presse, Montreal.
The trips which the Hindenburg carried out this summer between Germany and the United States have undoubtedly done a great deal to restore confidence in the mode of air travel by dirigibles.

The truly marvellous travel records of Germany's Hindenburg, to which the American press is continually paying just tribute, have restored the dirigible to its former place in public favor as an ideal means of air transportation. Gigantic airplanes, such as the recently turned out "clipper ships," are undoubtedly faster, but, from all points of view, the dirigible is the best medium yet devised for long-distance travel by air.

BRITISH COLUMBIA HAS CASH ACCOUNT SURPLUS

With Revenue Reaching Record Figure, Coast Province Expects \$2,619,175 Surplus on Operating Account, Excluding Relief.
Victoria, Oct. 30.—British Columbia had a cash surplus of \$2,619,175 on its operating account for the fiscal year ending March 31 last, Finance Minister John Hart revealed when he tabled the public accounts in the opening session of the British Columbia Legislature. This did not take into account relief costs nor cost of the sinking funds.

Revenue was up \$3,100,857 to a new record figure of \$25,862,077, and expenditure increased \$1,645,358 to \$23,242,901.

A current surplus of \$1,164,175, added to the surplus of the past fiscal year, produced the funds to pay off a \$3,500,000 loan maturity May 15 last. A certain amount of debt redemption was carried on by payment of \$370,000 a year in serial debentures and the setting aside of \$225,000 a year in sinking funds against inscribed stock. As a result the province had, since November, 1933, paid off \$5,000,000 of debt the accounts stated.

At the same time, unemployment relief charges, borrowed from the Dominion Government, had piled up at the rate of about \$5,000,000 a year but these were not classed as a charge against current accounts. Sinking fund payments, except for inscribed stock, had been suspended.

FLOWERS IMPORTANT TO ANCIENT MEDICINE MEN

Editor of Canadian Medical Association Journal Reviews Beliefs Expressed in Early Herbals.
Montreal, Oct. 30.—Take it from Dr. A. G. Nicholls, editor of the Canadian Medical Association Journal, that:

The man foolishly enough to cut a peony in daylight is in danger of having his eyes plucked out by a woodpecker; a horse chestnut in the pocket will keep rheumatism out of the bones; to fend off witches, nothing is better than mullein, snapdragon and angelica; the perfume of flowers comforts the brain and wards off infection; the walnut cures ills of the head.

Dr. Nicholls, in an address on "Flowers, Fantasies and Folk Lore," gave the hints to the St. James Literary Society and got them, he said, from ancient herbals.

MY GARDEN

Ursula MacMillan.

My garden is dying—I've seen the pink roses it proudly displayed bloom fragrant and lovely, then wither and fade; The violets who timidly made their debut, I notice, have gone with as little ado. Now all that is left of the garden I made Are brave little pansies alone in the shade. I wanted to keep all its beauty alive; A little while longer I'd hoped it would thrive. The pleasure I found in its colorful look Will soon be an entry for memory's book.

My garden is dying—And sadly I watch it, how peacefully it goes! The time will come, too, for my own eyes to close, When I'll meet my Maker Who sent me below To His earthly garden to flourish and grow.

Then may my surrender be just as serene And meek as my garden, once lovely and green! May joy such as that which my garden gave me Be his, when my life-garden finished He'll see.

REBEKAHS HAD GATHERING AT SAWYERVILLE

Interesting and Varied Programme Presented at District Meeting of Rebekah Lodges Held at Sawyerville.

Sawyerville, Oct. 30.—The Rebekah district meeting was held here in the I.O.O.F. Hall. The large number of visitors were received by the reception committee, Sisters Alice Blue, Olive Burns and Eva Hurd.

The afternoon session convened at three o'clock with Sister Mamie Matthews, D.D.P., presiding. The address of welcome was given by Sister Annie Lobdell, of Wilhelmina Lodge, and was responded to by Sister Whitehead, of Alexandra Lodge.

The minutes of the last district meeting were read and approved, and the reports from the various lodges, Alexandra (Bury), Proctor (East Angus), Patricia (Milan), Maxwell (Bischopton), and Wilhelmina (Sawyerville), were all very encouraging.

Interesting papers on fraternal topics were read by Sisters Lillian Churchill, of Bury, and Sister Rowland, of East Angus, district treasurer.

Sister Alice Rowland was re-elected district secretary. Maxwell Lodge invited their sister lodges to Bischopton for the district meeting next year.

A recitation, "Prayer and Potatoes," was given by Sister Nina Bailey, who gave as an encore "Be the Best that You Can."

D.D.P. Sister M. Matthews, on behalf of Wilhelmina Lodge, presented Sister Bertha Bartholomew with a gift of remembrance on the occasion of her departure for Cross Creek, N.B. Sister Bartholomew thanked the lodge for the gift and kind wishes accompanying it.

Unwritten work was given letter perfect by Sisters Minnie Taylor and Annie Lobdell, of Wilhelmina Lodge.

The meeting adjourned for a banquet which was served in the dining hall.

At the opening ceremony in the evening Sister Eva MacRae introduced the Assembly president, Sister Cassidy, and other Assembly and Grand Lodge officers.

The minutes of the afternoon session were read and approved, and a two minutes' silence was observed in memory of departed sisters and brothers.

A reading was given by Sister Asker, of Patricia Lodge, and was followed by the president's address and remarks by Assembly and Grand Lodge officers.

Sister M. Matthews, D.D.P., presented Sister Cassidy with a silver casserole from the five lodges of the district, and the president presented Sister M. Matthews with a gift of a cameo ring from Wilhelmina Lodge.

Perfection certificates were presented by the president.

At the conclusion of the evening session refreshments were served in the dining hall.

Mrs. Julia Stenning, of Lisbon, N.H., is a guest of her sisters, the Misses Percival.

Mr. W. E. Marshall and Mr. Lewis Marshall and son, Harold Marshall, of Kelowna, B.C., arrived here on Saturday, and are guests of Mr. and Mrs. Samuel Marshall and Mr. and Mrs. R. J. Marshall. Mrs. W. E. Marshall and daughter, Miss Norma Marshall, who accompanied the party from Kelowna, are guests of relatives at Fitch Bay, and will join Mr. Marshall here in a few days.

The Women's Auxiliary was pleasantly entertained in the Mission hall on Friday afternoon, with Mrs. Harold Locke as hostess. Fourteen members were present, and plans were made for a tea and sale of useful and fancy articles suitable for Christmas gifts, to be held the last Thursday in November.

LOANS
...to Finance Home Improvements

Under the provisions of the Dominion Housing Plan, The Royal Bank of Canada is prepared to make loans up to \$2,000 to responsible borrowers to finance home repairs and improvements.

Security is not required, but borrowers must be home owners of good credit standing, who can prove their ability to repay their loans in the stipulated period.

Loans granted under this Plan can be used only for improvements, extensions or repairs to dwellings, including duplexes, small apartment houses and farm homes. Repayment may be made by monthly installments, if desired, over any period up to three years.

Interested parties are invited to discuss such loans with the manager of any branch of The Royal Bank of Canada. Ask for interesting explanatory booklet.

"Here's How I'm Fixed"

"THERE'S a big load off my mind since a London Life representative helped me plan my estate:

"Now, if I live to old age I'll enjoy a well-earned rest, with a good income.

"If I die earlier my wife will have a monthly cheque for life with which to keep herself and raise the children.

"If accident or disease lays me aside permanently, or even for a period of six months or more, I will get a monthly cheque. If I were still disabled at sixty-five most of my insurance would be paid to me in cash.

"If at any time I urgently need funds The London Life will lend me money on my policies.

"That's what I call real financial security.

"It gives greater enjoyment to life to know that my family affairs are all fixed for the future.

"If you are interested in planning YOUR family affairs I suggest that you ask a London Life representative to assist you. He has a wealth of experience from which to draw."

\$5000 policy

for a few cents a day

DO you realize that you may obtain a \$1,000 20-Pay Life policy for less than 10c a day if you are under 40 years of age, and larger amounts at proportionate rates? (Over age 40 the amount is slightly increased.) You can also have other plans which may be more suitable and which require correspondingly small deposits. Think of the five and ten cent pieces you spent last week—can you remember where they went? Of course you can't! Yet these same small amounts placed in Mutual Life of Canada policies will grow through the years to substantial sums.

Money earns money for you in The Mutual Life of Canada. The Company is owned by the policyholders. You share in all the profits when you own a Mutual Life policy. The Company has distributed surplus earnings of \$66,000,000 in dividends, has paid over \$200,000,000 to beneficiaries and today has assets of over \$156,000,000.

Isn't this worth investigating—an easy, interesting way to save, plus life insurance protection for your wife and family? Just get in touch with the nearest branch, or write head office at Waterloo for full details.

DISCUSS PLANS TO FETE CITY'S 100TH JUBILEE

Temporary Committee of Three Appointed Last Night to Contact Heads of Local Organizations in Connection with Celebration of City's 100th Anniversary as Town and Commencement as Industrial Centre.

Members of the Sherbrooke Chamber of Commerce last night discussed the celebration of the one hundredth anniversary of Sherbrooke's incorporation as a town and its inauguration as an industrial centre, which will be observed next year. The jubilee celebration should be undertaken on a large scale, the members agreed, but stressed the fact that a programme that such an event justifies could not be carried out unless the citizens of Sherbrooke are prepared to accord it the proper encouragement, co-operation and financial assistance. The meeting finally appointed a temporary committee of three to contact the heads of Sherbrooke's numerous organizations and societies and discuss with them the best manner of celebrating the anniversary, after which a committee composed of the city's most able and energetic citizens will be formed to lay the groundwork for the jubilee festivities.

The question of this celebration and a resolution urging the City Council to reduce the rates on commercial lighting featured the meeting of the Commerce body, which was held at the City Hall under the presidency of Lt.-Col. Leopold Chevalier. The members had expected to hear details of the city's projected power development at Two Miles Falls from Mayor Emile Rioux and Alderman E. O. Thibault, chairman of the Electricity Department, but nothing was forthcoming at last night's meeting for the very good reason that the mayor and aldermen had not received a complete report from the engineers. Lt.-Col. Chevalier advised the members that as soon as Mayor Rioux had the complete report a special session of the Chamber of Commerce would be called.

J. W. McKee introduced the subject of Sherbrooke's centenary celebration. He pointed out that in 1937 Sherbrooke would be observing its one hundredth anniversary as a town and of its commencement as an industrial centre. The occasion, he said, was deserving of an elaborate celebration, and he felt that the City Council should organize one phase of it and the Commerce body the other. Mr. McKee also remarked that the Sherbrooke Gazette, now the Daily Record, would be observing the one hundredth anniversary of its foundation next year.

Mr. McKee believed that a celebration lasting an entire week could be arranged, and he estimated that during that period no less than fifty thousand visitors would come to Sherbrooke.

T. G. Walsh was of the opinion that such a celebration could not be organized and carried out successfully by the Council and Board of Trade alone, but would have to be supported by the citizens generally. Furthermore, he said, celebration plans would have to be launched right away. Mr. Walsh recalled that many industries now flourishing in Canada had their origin in this city, and declared there was no doubt that if the effort was made and the citizens co-operated a successful celebration could be held.

Alfred Desrochers suggested that the celebration could last one month. Three Rivers, he said, had had a three-month fete that had gone over very successfully, and he did not see why Sherbrooke could not stretch its activities over a month's period. Sherbrooke could have an historical week, a military week, and conclude its celebration in conjunction with the annual Sherbrooke Exhibition, which he suggested could be made a two weeks' fair. He proposed the last part of August and the first part of September as an appropriate time for the jubilee fete.

Mr. Desrochers, Mr. McKee and Antonin Desrosiers, secretary of the Chamber of Commerce, were appointed a temporary committee to get in touch with the representatives of the city's various organizations and societies. If the desired co-operation is obtained, as no doubt it will be, a committee of citizens will be appointed to start planning the celebration.

A. C. Skinner, chairman of a committee appointed in 1933 to investigate commercial electric rates in this city, declared that the City Council should be urged to make a reduction in these rates, which he regarded out of proportion compared with those of twenty other cities included in a survey made by the committee. In 1933, he explained, the domestic consumer was given the benefit of a sliding scale of rates. That is to say, the more electricity he used the cheaper it was. This had not been done with commercial lighting, although the rates had been slightly lowered. The rates for commercial lighting, he said, were approximately double those for domestic use. There are four hundred commercial consumers in the city, he pointed out, and he did not believe it fair that these should be obliged to shoulder a burden amounting approximately to \$30,000 a year. Such a burden should be more fairly distributed, in Mr. Skinner's opinion. He stated that the city authorities had been approached on this matter and had promised to do something about it, but had failed to act.

"Do you want to move a resolution urging a reduction in commercial lighting rates?" asked Lt.-Col. Chevalier.

"That's about all we can do. We are getting nowhere as it is." So the following resolution was passed: "That the Chamber of Commerce does hereby remind the City Council of the promise contained in

Annual meeting East Angus Rifle Association, Brompton Club House, Monday, Nov. 2nd, 8 p.m. Election of officers. New Range.

JAILED FOR SALE OF LIQUOR. Germaine Adam, of Disraeli, will spend the next two or five months in jail—depending upon whether or not she can pay the Court costs—for having sold liquor without a permit.

The Disraeli girl failed to answer a summons issued in the local Court sometime ago. So the Judge signed a bench warrant for her arrest. This morning she surrendered to High Constable Louis A. Gaudreau, after which she pleaded guilty before Judge J. S. Courtenay.

She was sentenced to two months in jail and costs, or an additional three months upon default of paying costs. Costs amount to approximately \$75.

Y'S MEN PLAN CHRISTMAS TREE AND SUPPER

Preliminary plans for holding a Christmas tree and supper for a number of underprivileged children of Sherbrooke were made at the regular meeting of the Y's Men's Club held at the Magog House last evening under the chairmanship of President Bill Watson.

This rapidly growing group plans to provide a supper and presents for seventy-five to one hundred boys and girls to be selected by local welfare organizations, the reception to be held in the Y.M.C.A. gymnasium during Christmas week.

Each of the twelve members present at the dinner last evening pledged himself to some definite duty in connection with this praiseworthy undertaking.

BANK CLEARINGS SLIGHTLY LOWER

In common with the other clearing house centres of Canada, transactions through the Sherbrooke Clearing House for the week ending yesterday showed a slight decline compared with the statistics for the corresponding week last year. Local clearings for the past week amounted to \$54,193.28, a decline of \$6,041.18, or approximately one per cent, from the total of \$60,234.46 for the similar week of 1935.

The Dominion-wide, thirty-two city aggregate was \$343,880,601 as compared with \$352,061,411 last year, a slump of about \$8,000,000, or 2.4 per cent.

As compared with the corresponding week of 1934, however, Sherbrooke clearings showed a marked advance, being \$198,434.55 above the figure of \$353,758.73 two years ago.

CONSERVATIVE WOMEN HONOR MRS. J. S. BOURQUE

The appointment of Mrs. J. S. Bourque, wife of the Minister of Public Works and Sherbrooke's representative in the Quebec Legislature, as honorary vice-president was the only change made in the personnel of officers at the sixth annual meeting of the Women's Conservative Association held yesterday afternoon at Mrs. J. T. Morrell's home on Court street. There was a good attendance of representative French and English Conservative women at yesterday's conference, the first since last year's annual session.

Mrs. Dorcas Panneton and Mrs. J. T. Morrell, joint-presidents, were both in attendance, the latter assuming the chair at Mrs. Panneton's request. The minutes of the last annual meeting and the financial report were presented by Mrs. A. W. Reid, secretary-treasurer. Following their adoption, Mrs. Reid read a letter from Hon. R. B. Bennett, graciously acknowledging the receipt of a resolution forwarded by the Sherbrooke Conservative Women's Association. Prior to proceeding with the election of officers, Mrs. Morrell announced that Mrs. J. S. Bourque, who was unavoidably absent, had sent her regrets and extended her best wishes to the Association.

At Mrs. Morrell's request, Mrs. Arthur Fraser took the chair during the election, which resulted as follows: Honorary president, Mrs. W. W. Lynch; honorary vice-presidents, Mrs. J. S. Bourque and Miss Alice Campbell; joint-presidents, Mrs. Dorcas Panneton and Mrs. J. T. Morrell; joint vice-presidents, in order of precedence, Mrs. A. C. Crepeau, Mrs. George L. Hume; Mrs. R. F. Morris and Miss E. Couture; Mrs. J. A. Blais and Mrs. J. H. Daniels; Mrs. H. R. Fraser and Mrs. W. Timmons; and secretary-treasurer, Mrs. A. W. Reid.

Following adjournment Mrs. Morrell entertained the members at tea.

their motion of March 7, 1935, and request them to make a reduction in commercial lighting so as to compare more favorably with the rates charged in other cities."

J. W. McKee also urged that the Chamber of Commerce should support the movement for the maintenance of winter roads and the encouragement of winter sports.

REALIZES YOUTHFUL FOOLY

Detroit, Mich., Oct. 30.—Denied permission to call on a twenty-two year old girl, Herbert Delisle, aged sixteen, shot himself with a rifle. He was reported to be in "good" condition at hospital today with a bullet hole through his shoulder. "That shot seemed to wake me," he said. "I'm happy now that I'm still alive."

Social and Personal

Congratulations are being extended today to Mr. and Mrs. J. B. Frappied, Montcalm street, on the occasion of the thirty-fifth anniversary of their wedding day.

Mrs. F. S. Tart and Miss Rosalind Kennedy journeyed to St. Johnsbury, Vt., on Wednesday to attend the reunion of their classmates, Brightlook Hospital.

Mrs. J. W. Blake entertained the members of the Young Women's Missionary Auxiliary of Trinity United Church very pleasantly last evening at her home on Dufferin avenue. After completing plans for the Christmas sale, an enjoyable social hour was spent, the hostess, assisted by Mrs. Edward C. Kennett, serving delicious refreshments.

Mrs. D. W. Murray, Mrs. George Morgan, Mrs. E. J. Mathurin and Mrs. R. C. Winslade were hostesses at the tea hour yesterday afternoon at the weekly card party in St. Patrick's Church hall. Presiding at the tea table, which was attractively centered with yellow and bronze chrysanthemums and yellow candles, were Miss Ave. Walsh and Miss Kathleen Leonard. The prizes at bridge were won by Mrs. Boucher, Mrs. A. Biron, and Mrs. C. L. Blain, while Mrs. Labelle was the winning player at the five hundred table.

Gaily decorated in orange and black and lighted with spooky pumpkin-face lanterns, Plymouth Church hall was the scene of a delightful Halloween party last evening, given by the Young People's Union. The guests, who numbered upwards of one hundred, included the nurses-in-training at the Sherbrooke Hospital and members of the Y. P. U. in Bulwer and Scottown.

Mr. W. H. Wolter was the moving spirit, inveigling all the young people to enthusiastically participate in the thrilling games which made last evening's Halloween party such a wonderful success. The popular Y. M. C. A. official was ably assisted in his position as "Master of Games" by Rev. Francis A. C. Doss, pastor of Plymouth Church, who entered into the spirit of the mirthful season, much to the joy and delight of the younger members of his congregation and their many guests. On behalf of the Y.P.U., Mr. Ernie McCallum, the president, extended a very hearty vote of thanks to Mr. Wolter for his invaluable assistance.

Following the devotional period, which was in charge of Miss Sherman, the party adjourned to the lower hall, where delicious refreshments were served by candle-light. The tables effectively carried on the Halloween colors in their spooky black and orange decorations and pumpkin-face lanterns. Around the festive board a jolly sing song continued the evening's merriment until it was time to disperse, the tired but happy throng of young people acclaiming this the "best ever" Halloween party.

HOT SULPHUR BATHS BRING RELIEF FROM RHEUMATISM

New Product Helps Local Sufferers

For thousands of years, sufferers with rheumatism and similar ailments have gone to natural hot spring baths for relief from the pain and tortures. Chemists have recently discovered a new product, called "Sal Sano" which imports to ordinary water the essential health-restoring properties of natural sulphur springs. A package of "Sal Sano" dissolved in a bathtub of hot water brings relief from rheumatic pains, muscle stiffness, tired nerves and other ailments usually treated at natural hot baths. If you wish to have the names of some people in Sherbrooke who have tried "Sal Sano" and found it very beneficial, write The S. S. Chemical Co., P. O. Box 125, Sta. B., Montreal. "Sal Sano" is distributed throughout the Eastern Townships by G. T. Armstrong & Sons and is sold by all druggists for a dollar a box. The purchase price will be cheerfully refunded to anyone who finds that these baths have not been beneficial. The manufacturers would welcome comments from users of "Sal Sano."

CHILDREN'S PENNIES TO ERECT MONUMENT TO KING GEORGE

Windsor, Ont., 30. — Windsor's 18,000 public and secondary school children will be asked to contribute one cent each to the fund being raised as this city's contribution to the cost of a monument to King George V at Windsor, England. Board of Education decided last night. City employees have been asked to contribute ten cents to the fund.

Miss Lois Aird, of Valleyfield, is a guest of Mr. and Mrs. Z. W. Griffith, Vimy street.

Mr. and Mrs. E. E. Goodenough, who have been staying at the New Sherbrooke Hotel, are now residing at 70 Montreal street.

Mrs. E. Heath, Mrs. W. E. Hodge, Miss M. Heath and Mrs. George Aubrey convened a very successful supper in Trinity Church tea room last evening for the benefit of the Women's Auxiliary. The guests were welcomed by Mrs. Charles Wright, the president, and Miss M. Heath acted as treasurer. The tables were lighted with orange candles, and dainty orange serviettes carried out the Halloween colors used in the pretty decorations.

The pleasant gathering was opened by the pastor, Rev. Dr. W. S. Lemmon, who said Grace, following which supper was served. The conveners were assisted by Mrs. W. S. Lemmon, Mrs. L. Morehouse, Mrs. F. Cathcart, Mrs. O. Williams, Mrs. Rainey, Mrs. P. A. Cutter and Mrs. J. H. Shorten.

Among the many delightful social events planned for benevolent purposes this autumn, the largely attended tea and musical at Mrs. H. W. Welsh's residence yesterday afternoon will rank as one of the most successful. Sponsored by the Y. M. C. A. Ladies' Auxiliary, the following members, with Mrs. J. W. Terry as convenor, acted as hostesses: Mrs. P. A. Hammond, Mrs. Wilbur Fuller, Mrs. Arthur Michie, Mrs. David Echenberg and Mrs. S. Wood. Receiving with Mrs. Welsh was Mrs. J. C. McConnell, president of the Auxiliary, while Mrs. H. Gifford, treasurer, acted as cashier.

Mrs. J. Corfield and Mrs. R. Smith conveyed a sale of home cooking which added substantially to the gratifying proceeds from the pleasant party.

Tea was served in the dining room, where Mrs. Z. W. Griffith was in charge. Tea and coffee were poured by Mrs. Claude Spafford and Mrs. Helen Johnston, the beautifully appointed table, which was covered with a lace cloth, being charmingly arranged with bronze 'mums in a silver basket and orange tapers in silver holders. Assisting in the tea room were the Misses Norma Longeway, Ann Jovett and Lois Aird, the latter of Montreal.

Several musical numbers were interspersed during the afternoon. Mrs. George Orston, contralto, accompanied by Mrs. Malcolm MacKay, and Miss Mona Bigg, soprano, accompanied by Miss J. Brunwell, affording the guests much pleasure in their several delightful songs.

To Mrs. Welsh, who so graciously placed her residence at the disposal of the Auxiliary for the afternoon, to the guest artists and to all who assisted by lending their patronage, the members are extremely grateful.

diamond king and South refused to win the trick. Fearing that he would be leading into the ace-jack in the closed hand, West abandoned the diamonds and led his last club, which was won in dummy.

Dummy's king of hearts was played, and the next trick was won with the jack of hearts in the closed hand. Then the diamond ace was laid down, and a heart was led to dummy's queen. This exhausted the adverse trumps.

Dummy's last diamond was led and trumped in the closed hand. Then East was put into the lead with a club and was forced to return a spade.

By his clever handling of the hand, Mott-Smith lost no spades, and gave up only two clubs and one diamond, fulfilling his contract of four odd.

N.Y. AMERICANS WILL ICE MUCH STRONGER TEAM

Fighting Phrase which Spurred Dutton Squad to National Hockey League Play-Offs Last Spring Is Keynote of Training Camp Activities at Oshawa.

New York, Oct. 30.—A fighting manager, Mervin "The Red" Dutton, chalked up a sign in the dressing room of the New York American Hockey Club late last season. It read: "Keep Punchin'." The team did that and reached the semi-final round of the National Hockey League Stanley Cup play-offs for the first time in its eleven-year history.

That fighting phrase still hangs in full view at the "second home" of the Americans as they train for the 1936-37 campaign at Oshawa. And the team carries on there as aggressively as in the late stages of last season's campaign.

The recent ruling of National League governors that the Amerks franchise was forfeit for failure to liquidate debts, and counter claims of Owner Big Bill Dwyer that the players are his personal property and will not step on the ice under league direction without a court joust, has apparently not affected the players.

Reports reaching headquarters here daily indicate Manager Dutton will start the campaign in Chicago on November 5 with an outfit considerably stronger than the one finally knocked out of the last cup semi-finals by the Toronto Maple Leafs.

At defence and centre the Americans seem due to show marked improvement. Allan Shields, a clever blocker, has been secured from the Montreal Maroons and Dutton plans to team the burly, blond Ottawa with the hard-hitting Allan Murray as the first string rear-guard.

To help further, Johnny Gallagher was purchased from Detroit. Until an accident laid him low three years ago, Gallagher was considered on a par with the top flight in his position. Should Gallagher stage a real comeback, the Amerks defence promises to be stronger than has been in years.

Fighting it out for the fourth place are Red Doran, Jeff Kalbfleisch and Wilfred Fields. The first two performed well in the late stages of last season. Fields is a minor league recruit.

The old, reliable Roy "Shrimp" Worters will again guard the cage and, with sturdy backer in front of him, Dutton feels little worry over that post.

Dave "Sweeney" Schirmer, the league's leading marksman, Art Chapman, the great playmaker at centre, and Lorne Carr at right wing, will again bear the brunt of American's offensive duties.

Last season, the team lacked a fast, hard-shooting centre for either its second or third line, but this has been remedied by the promotion of Lloyd Jackson to the major league club. He performed for New Haven of the old Canadian-American League the last four years and was always in the first five leading scorers. Dutton probably will use Jackson with Eddie Wiseman and Whitey Farrant, which would provide him with a young, fast and high-scoring combination.

A veteran trio likely made up of Joe Lamb at centre, and Hal Cotton and Harry Oliver on the wings, gives the team a line to shoot into action in any tight spots where experience is needed.

Dutton says the morale of the team is high and physical condition is good. He believes the club is greatly improved over the 1935-36 edition even though Joe Jervia, sharp-shooting defenceman, has gone to the Boston Bruins and Neil Stewart, canny centre, has departed.

This tentative line-up, Dutton says, may be changed at the last minute to make room for such veteran forwards as Tommy Anderson, Lloyd Klein or Hap Emms, as well as several minor league recruits who are battling to make the major league team and avoid demotion to New Haven, now in the International-American circuit. The Americans have a working agreement with New Haven this season.

BRUINS BLANKED MAROONS IN THIRD GAME OF SERIES

Moncton, N.B., Oct. 30.—The Boston Bruins—still without their great Eddie Shore—moved along in front of the Montreal Maroons in their Maritime pre-season exhibition series today after a one to nothing win over the Montrealers in the third game last night.

Victory gave Boston a two to one edge in games, the Bruins having taken the first meeting last Monday by two to one, while Montreal scored a three to one win in the second fixture.

"Red" Beattie, Bruin forward, fired in the winning goal less than two minutes before the end of regulation time. "Flash" Hollett engineered the play, passing to Beattie after drawing the Maroon defence aside. Beattie's first shot was blocked by Lionel Conacher, the Maroons' defenceman, but the redhead recovered quickly and slapped the puck into the corner of the net.

The teams worked cautiously throughout the first period with territorial play at first. The rival defences and goalies blocked the attackers regularly. In the second period both teams showed flashes of speed, while Boston gained an edge, even beyond the lone goal, in the third period. There were five penalties in the game.

The teams play tonight in Halifax.

AMERICANS DOWNED EAGLES IN CLOSURE CONTEST

Oshawa, Ont. Oct. 30.—Two hours of ice work, one hour of which was devoted to a rigorous workout against the New Haven Eagles, comprised the training of the New York Americans yesterday. The Americans won the exhibition contest.

Training Camp Notes

There has been less ballyhoo about the Chicago Black Hawks in training than any of the other National Hockey League clubs, but don't count Clem Loughlin's lads out of the money. The team which proved a disappointment at the wind-up of last season's campaign, after a brilliant start, figures on making a better showing this winter.

Although most of their regulars are at hand, the Hawks continued to add youth for future campaigns, the latest acquisition being Harold Jackson, nineteen year old Windsor boy who starred in Toronto interscholastic hockey. Jackson's speed has been one of the bright spots of Chicago drills at Hibbing, Minn.

The Colville brothers of Edmonton, star rookies with the New York Rangers, are all mixed up. Mac Neil at all—he's just plain Matthew Neil and Neil is really Mac. Neil's correct name is MacNeil, but his brother didn't like Matthew so now Matthew is Mac and MacNeil is Neil.

Exhibition games are not considered much of a criterion as to how teams will thrive in league play and it's perhaps just as well for the Canadians. The "Flying Frenchmen," who claimed to be a rejuvenated team since Howie Morenz rejoined their ranks, took a six to one drubbing at the hands of the Springfield Indians, of the International-American League, in Ottawa last night.

About the only redeeming feature of the pasting—as far as the Habits are concerned—was that Paul Runge, scrappy Canadian player loaned to Springfield for the contest, scored one goal and provided assists for two others.

Aurel Joliat, veteran forward, talked up the Habits' only tally, but the line from which Manager Cecil Hart expects so much—Howie Morenz, Johnny Gagnon and Joliat—failed to show any of the old zip that made them famous a few seasons back. The oldest tired as the battle speeded up, Joliat showing better than his mates.

When Jack Adams said his great attacking line of Larry Arie, Marty Barry and Herbie Lewis was even more effective than last season he was not fooling. They stole the show in Detroit last night as the Wings licked the Olympics by six to one to make it two straight in the city title series. Barry scored four goals himself and assisted in another.

Old-time fans were glad to hear "Red" Dutton's announcement that the popular Happy Emms had outshone a number of youngsters and would be retained as utility man on the New York Americans' roster. The Barrie player was going back to camp with the Amerks last winter until he broke his hand.

"Flash" Hollett, who just could not seem to find himself with the Toronto Leafs, appears to have clicked under Art Ross' tutelage with the Bruins. The big fellow is bumping 'em harder than he did while wearing Leaf regalia and last night figured prominently in the Bruins' one to nothing victory over the Montreal Maroons at Moncton, N.B.

PEDEN-AUDY COMBINATION BROKEN UP IN CHICAGO

Chicago, Oct. 30.—The famous six-day bicycle riding team of William "Torchy" Peden, of Victoria, B.C., and blond Jules Audy, of Montreal, will not be seen in action as a unit by Chicago fans in the forthcoming race. Hitherto the Canadians had always teamed up in Chicago races, but this time they have been allotted other partners.

Peden, a giant redhead, was paired to ride with his younger brother, Douglas, in the six-day race which starts in the Chicago Stadium on November 8. The younger Peden was a member of the last Canadian Olympic team, while "Torchy" competed for Canada in the 1928 Olympics.

six to five, but came off second best from Trainer Tommy Bell's standpoint. During the fixture Art Chapman lost a tooth when struck by a high stick, while both Tommy Anderson and Roy Worters received two stitches above the right eye.

Tony Hemmerling and Lorne Carr led the goal-getters with three tallies each. Nakina Smith made the plays for Hemmerling, while Chapman did the feeding for Carr. "Sweeney" Schirmer, Harry Oliver and Anderson contributed the other points for the Amerks, while Dutton's newly-signed centre player, Pete Lewisick, and "Red" Jackson accounted for the other New Haven markers.

SPRINGFIELD SCORED EASY WIN OVER CANADIENS

Ottawa, Oct. 30.—The Springfield Indians drubbed the National Hockey League's Montreal Canadiens by six to one last night and stamped themselves as a potent aggregation in the International-American League. Supported by the excellent work of Benny Grant, acrobatic net-minder, the Indians held their major league rivals completely tied up for most of the three periods by close checking.

The game lacked the polish of mid-season, but the players more than made up for it to the 3,000 fans with an aggressive type of play. Stigma of defeat was somewhat lessened for the Montrealers as Paul Runge, Canadian winger, loaned to the Indians for the game, was the best point-maker with one goal and two assists.

The once great combination of Howie Morenz-Aurel Joliat-Johnny Gagnon, brought together again as a unit after a lapse of two seasons, failed to show the old fire. Only Joliat displayed anything like his former stick-handling wizardry, and it was he who accounted for his team's only goal. Morenz showed flashes of speed at times, but he tired badly and, along with Joliat and Gagnon, was only used for several minutes at a time.

McGILL FROSH HARD PRESSED BY MACDONALD

Redmen Remained in Running for Intermediate Intercollegiate Rugby Football Union Title by Scoring Close Three to Two Win Over Aggies Yesterday.

Ste. Anne de Bellevue, Oct. 30.—The Macdonald College Aggies threw a scare into the McGill Freshmen's camp yesterday afternoon and almost blasted the Redmen's chances of capturing the Intermediate Intercollegiate Rugby Football Union championship. A rouge in the third quarter saved the favored Redmen from disaster, providing them with the deciding point in a three to two triumph over the tail-enders.

McGill was on the spot when the intermission arrived with the count knotted at two-all and the Aggies apparently on the way to their initial victory after three unsuccessful starts. The Redmen needed victory to remain in the running with Loyola and pressed desperately when the second half started. They realized the winning point before the final chapter started and then played a defensive game to safeguard their slim margin.

A defeat for McGill would have clinched the title for Loyola no matter what the outcome of the remaining games on the schedule might be. Today's standing reveals the Montreal West Maroons holding a two-game lead over McGill with one more contest scheduled—against the Redmen. The McGill entry must win the two fixtures left on its schedule to force a tie for first place. Bishop's, the other team in the group, travels here tomorrow seeking its first triumph in four games.

Playing on a slippery grass field, neither team showed up to good advantage. On Macdonald's second down of the game, Dunn hoisted a long kick to McGill's thirty-five yard line. A fumble gave Macdonald possession on the next play and Dunn kicked a rouge. McGill tried hard to register a score in this period, but was unable to penetrate the Aggies line for any mentionable gain.

Early in the second half McGill plunged for a twenty-yard gain and completed an end-run to pave the way for the tying point, Barr kicking a rouge from the thirty-yard stripe. McGill continued its offensive and backed the Ste. Anne boys right back for another rouge kicked by Barr. Both teams tried a series of forward passes, but the wet ball seemed uncontrollable and none was completed. Shortly before half-time Macdonald found itself in position for a point after an exchange of punts and Dunn hoisted a kick to the deadline to tie the count again.

McGill made a desperate downfield punt at the outset of the last half and was rewarded when Barr got away a nice kick that went for a rouge. Despite its slim margin, McGill played a defensive game, following the score and made a fine job of it as Macdonald failed to get past its thirty-five-yard stripe throughout the rest of the game.

The standing to date is:

	P.	W.	L.	T.	P.	W.	L.	T.
Loyola	5	5	0	175	2	10		
McGill	4	3	1	54	22	6		
Bishop's	3	0	3	2	126	0		
Macdonald	4	0	4	7	88	0		

NORTHWESTERN SEEKS TO HALT MINNESOTA MARCH
Chicago, Oct. 30.—Northwestern's heaviest gridiron artillery, silent all season, will roar against Minnesota tomorrow in full fury.

Northwestern has mowed down four opponents using a half dozen plays. The Wildcats have tricky elaborations and other stuff that Minnesota's eagle-eyed scouts have not seen.

But every secret manoeuvre will be touched off before a throng of 47,000, all Dwyer Stadium will hold, in the battle that figures to settle the "Big Ten" championship.

Where Minnesota has Legion of stars—Andy Uram, Rudy Gmitro, Bud Wilkinson, Dwight Reed, Ray King and the rest—twenty-two Wildcats will share the terrific burden of trying to halt the Gophers' winning streak short of twenty-two straight.

BOXING

GARCIA FAVORED TO EARN TITLE BOUT WITH ROSS

New York, Oct. 30.—After a year and a half of doing nothing about the welterweight situation, the Fight game tonight finally gets around to deciding on a challenger for Champion Barney Ross' crown in a battle between Ceferino Garcia and Izzy Jannazzo at Madison Square Garden.

The Chicago crown-holder has agreed to put his title on the block against the winner of the fifteen-round go, but causing even more of a stir in boxing circles than that is the \$500 Promoter Jimmy Johnston has put up as a bonus for the winner—if he scores a knockout.

Amid considerable eyebrow raising, the old-timers want to know since when a fighter has to have an added incentive to put his opponent away, or whether both boys would not be trying for a knockout anyway.

Garcia, a heavy hitter who came to the ring from the Philippines by way of Los Angeles, goes into the battle a six to five favorite. His slugging ability gives him the edge, together with the fact that the erratic Jannazzo has been anything but consistent since he emerged from New York's East Side as a potential challenger.

The winner probably will meet Ross on November 27 in what will be Barney's first defence of the 145-pound throne during his second regime as king of the division.

LADIES' LEAGUE RANKS TOPPED BY EXCELSIORS

Deadlock for Leadership of Sherbrooke Ladies' Bowling League Broken Last Evening when Excelsior Blanked Debutantes and Jerries Upset Maroons.

There was high glee and enthusiasm in the camps of the Excelsiors and the Jerries last night, while consternation reigned in the ranks of the Maroons. Responsible for the mixed emotions were the results of the weekly fixtures which sent the Excelsiors to the top of the Sherbrooke Ladies' Bowling League standing, dropped the Maroons into the runner-up berth and hoisted the Jerries nearer their place.

After winning sixteen of their first eighteen strings, the Maroons stacked up against the Jerries, whose average for strings won, and lost is still below the 500 mark. But the Jerries were in exceptionally fine form last evening and succeeded in capturing two strings from the former point pace-setters. They annexed the opening game by twenty-nine pins, finished ninety-seven pins behind the Maroons in the second tilt, and took the deciding "contest" with thirty-four pins to spare.

Meanwhile, the Excelsiors were continuing their fast pace at the expense of the Debutantes. Surpassing the 500-mark on every occasion, the Excelsiors gained undisputed possession of the leadership by downing the Debs by margins of seventy-eight, 138 and 144 pins.

The Zellerettes maintained their hold on third place by blanking the cellar-occupying Independents to move a single string out in front of the Jerries.

Yvette Drapeau, of the Maroons, won individual single-string honors with a total of 185, while Margo Belanger, of the Zellerettes, posted a high three-string aggregate of 402.
