## FAMILY HAD A VERY HARD TIME.

### Further Information re Case of Edward Woolford.

BAD LUCK PURSUED THEM IN THIS COUNTRY—WERE DRIVEN TO DESPAIR.

The sad story of Edward Woolford, as told in Saturday's Record, may be followed a little further and the later information goes to strengthen the theory advanced by the Record on Saturday.

Mr. C. Berge, who gave the interview published Saturday, is able to add from his recollection further information regarding the deceased.

After studying the dates he is able to fix the date of Woolford's last conversation with him as November 15th, that is the day that he made his last effort to obtain work and reported his utter discouragement.

Mr Berge is able further to state from his recollection and from the recollections of members of his family, who kept in touch with the Woolford's in their distress, that on Nov. 16th, Woolford was at his home; that on that day he took a few slices of bread wrapped up in a paper and went away; that he returned again that night and that on the 17th he again took two or three slices of bread and wrapping them up in paper disappeared and as far as is known was never seen again until his frozen body was found in Messrs. Fuller and Wiggett's warehouse on Depot street, on the afternoon of January 28th.

It appears that the deceased worked for some time in the mines at Eustis and also in the Bedstead factory at Waterville and the Brickyard near Lennoxville.

The family had lived here in Sherbrooke since June and for the greater part of that time he had been without work.

When the Woolfords arrived in Sherbrooke they were in a fairly comfortable condition. Mrs. Woolford had a fur lined coat: and they were also wearing very respectable clothes. Hard times, however, forced them to sell these clothes, the fur coat was sold for $2 while Mrs. Woolford also disposed of a ring for one dollar.

Mr. Berge discribing the unfortunate condition of this family says:

"They had not a stick of wood. Often at night Mrs. Woolford would go down into the back yard and there pick up what few chips she could find. When their child was born Mr. Woolford spent the whole amount of his pension $11 in paying the bills of the doctor and nurse and was then left penniless. Father Fissette had helped them considerably. They had obtained more help from him than from anyone else.

"The last three or four days that the deceased was at home he walked the floor continually night and day. He was no doubt contemptating self-destruction as a means of escape from the terrible agony which he was then suffering. He was a man who never drank and who was an advocate of temperance. When he left home the last time he had his child's tuque pulled out and around his neck. This tuque—I see by the Record was found beside him. His wife, a day or so after his disappearance, came into my daughter-in-law's house and in mental anguish exclaimed, "will he not come back, will he not come back, when he sees the tuque belonging to his own little child will he not come home to his wife and child.?' And with this the poor woman became hysterical.

"The finding of the paper dated Nov. 17th is strong proof that the man went to this Depot street building as soon as he left home or soon after, for had he not gone there until later on it is not at all likely that he would have carried this paper along with him."

The body was taken to the vault last night.

Dr. Ledoux, who made the examination on the body of Woolford, holds to the opinion that he died from exposure. He was unable to find any evidence of poison.

## LORD MILNER.

A PREDICTION THAT HE WILL BE COLONIAL SECRETARY IN NEXT UNIONIST CABINET.

London, Feb. 1.—"Unionist," writing to the Daily Mail, predicts that Lord Milner will be Secretary of State for the Colonies in the next Unionist Cabinet, and declares that Lord Milner's speeches in Canada served as a public education which revived the Imperial cause. "At a critical moment and upon the very eve of tariff revision at Washington, they saved the immediate situation."

"Unionist" declares that Lord Milner now has the special support of Canada, which holds the casting vote on the whole Imperial problem.

## MONTREAL HAS AN EARTHQUAKE.

### Shocks Were Felt About Midnight.

MANY PEOPLE AWAKENED AT 11.45 LAST NIGHT BY WHAT SEEMED AN EARTHQUAKE.

Montreal Feb. 1.—Residents in every section of Montreal and surrounding districts were awakened just before midnight by a shock caused, it was supposed, by earthquake on an explosion. Enquiry by telephone over the island failed to reveal any reports of an explosion, but brought the information that a seismic disturbance had been experienced.

IN CITY HALL TOWER.

The operators in the tower of the City Hall had many inquiries from anxious people Last Thursday morning, however, one of the staff, while sitting in a chair felt a distinct rocking or movement in the building, which was probably the same as occurred last night.

Pedestrians along Notre Dame street felt two shocks close together. One was at 11.45 and the second one before midnight. Other people felt something at 12.30.

Many enquiries were made at the head office of the Bell Telephone Company from all sections of the city. "Was than an explosion or an earthquake," was the way the questions were put. "It was surely one or the other." Nothing was heard from the country to indicate that anything out of the ordinary had happened there to account for the trembling.

FELT TWO SHOCKS.

One resident of the North End, in reporting his experience, said:—"I was awakened by the shaking of my bed, and while I am speaking to you now the chinaware on my sideboard is rattling. My neighbors have been awakened by what seems to them an explosion, the effect of which resembled the recent disaster in the harbor, when thousands of panes of glass were broken."

ANOTHER AT 1.45 A.M.

The operators in the fire alarm office in the tower of the City Hall, who felt the first shock last night, but were under the impression it was an explosion somewhere in the eastern part of the city, reported this morning that they felt another slight shock between 1.40 and 1.45 o'clock this morning.

NOT FELT IN OTTAWA.

Ottawa, January 31.—So far as known to-night the earthquake shock reported from Montreal was not felt in Ottawa. The quake would be recorded on the seismograph at the Dominion Observatory, but this will not be known until the sheet is developed by the observatory staff to-morrow.

NOT IN TORONTO EITHER.

At 2 o'clock a telegraph message from Toronto stated that no shock had been felt there.

REPORT CONFIRMED FROM McGILL UNIVERSITY.

Montreal, Feb. 1.—(Special.)—Three distinct earthquake shocks felt here last night received scientific confirmation this morning by Professor Howard T. Barnes John Cox and C. H. McLeod, of McGill University.

They described them as reaction from the recent world-wide disturbances. The first shock was felt at 11.30, second at 11.45, and third and most severe at 3.20. People were awakened all over the city by rattling of glassware and crockery which was heard distinctly. A peculiar feature was the howling of dogs all over the city, and loud cracking as though houses were being severely strained were noticed everywhere. A number of houses cracked as a result of the quakes, also some sidewalks.

## FIRE IN MEXICO CITY.

SEVERAL TOURISTS HAD NARROW ESCAPE.

Mexico City, Feb. 1.—(Special.)—Fire destroyed the City Hall, Hotel Pasji and two blocks of business houses and dwellings yesterday.

The loss is estimated at $500,000. In the Hotel Pasji sixty tourists escaped with only the clothes they wore.

## RUSSIAN SENSATION.

FORMER CHIEF OF POLICE OF EMPIRE ARRESTED FOR HIGH TREASON.

St. Petersburg, Feb. 1.—A. Lopukhim, former chief of police of the Empire, has been arrested for high treason. The charge arises from the revelations made in Paris in connection with the disappearance of Azeff, a leading member of the Russian Revolutionary Socialists, who was condemned by a specially constituted secret tribunal of the party in Paris as an agent provocateur. The arrest of Lopukhim will cause a big sensation and may lead to remarkable developments. Lopukhim belongs to a noble family, a member of which was married to Peter the Great.

THE NEW Q.C.R. EXTENSION.

Mr. Andrew Steele, Superintendent of the Quebec Central Railway, was recently in Ste. Justine, Dorchester, in connection with purchase of land necessary for the construction of the new line from St. George to Ste. Justine. He was greeted by the residents with much cordiality, and demonstrations of delight, as they feel that at last their little village has a future before it, and hope that in time it will become the commercial centre of the two other parishes of the south and northwest.

## BARNSTON FARM CASE DECISION.

### Action of Childs vs. Goldie is Dismissed.

ACTION OF GOLDIE VS. GOLDIE AND WASHBURN IS ALSO DISMISSED.

Mr. Justice Hutchinson rendered judgments in the Superior Court this morning in a Barnston farm case, which has aroused a good deal of interest in that part of the country.

H. W. CHILDS VS. ADAM H. GOLDIE.

Both parties belong to the Township of Barnston. The plaintiff Childs alleges that on the 14th of May, 1908, a promise of sale of a farm and the stock thereon was made out in private writing between him and the defendant Goldie, that consideration of the said promise of sale was $3,200; that defendant agreed to pay interest, insurance, taxes, keep farm in good order, take care of milk and cteam, etc.; that defendant took possession and after a few days abandoned the property and though notified to take possession, failed to do so. By reason of failure on part of defendant, plaintiff asks $500 damages.

Defendant Goldie admits transactions but pleads that writing was not promise of sale, but a sale, that he, defendant, found he could not carry it out, and that he asked the plaintiff to take back the property, which he did, before anything was done and before suit was taken and that he had thereby waived all right to damages, and that the property had afterwards been sold.

The Court reviewed the evidence at length. The defendant had failed to carry out his contract and the plaintiff was entitled to have the contract set aside and annulled. As to damages, the action as instituted was personal to plaintiff, but he had admitted that he held the farm only as tutor to his two sons. The plaintiff had not proven that he suffered personal damages. The action of plaintiff for damages was, therefore, dismissed with costs.

H. W. GOLDIE VS. A. H. GOLDIE AND WASHBURN.

This is an action arising out of the above claim for damages. The plaintiff alleges that he is a creditor of defendant Goldie in the sum of $500 as damages suffered by him personally by reason of the defendants' failure on the part of Goldie to carry out a contract entered into between the parties for the purchase of a certain farm belonging to plaintiff. The plaintiff alleged that in order to defraud him of his claim, defendant Goldie sold to the defendant Washburn for the sum of $685 a certain lot of land belonging to him in the Township of Barnston, and he asked that the said sale from Goldie to Washburn be set aside.

The defendant Washburn pleaded that plaintiff cannot legally demand a resilsation of the sale, and also that plaintiff suffered no damages by reason of the failure of Goldie to take over the said farm. The evidence in the case was practically the same as that in the case of Childs vs. Goldie, and the Court dealt with that part bearing on the fact that plaintiff Childs held the farm only as tutor for his two sons.

His Lordship held that as plaintiff had no legal claim against defendant Goldie, the latter was at liberty to transfer his property to defendant Washburn or any other party on such terms as he thought fit, seeing that plaintiff was not prejudiced thereby.

The action therefore against defendant Washburn was dismissed with costs

On the issue against defendant Goldie, who pleaded practically the same as defendant Washburn and seeing that plaintiff no legal claim against Goldie for damages, plaintiff's action against Goldie was dismissed with costs.

P. FRECHETTE VS. T. GUILLEMETTE.

This was motion for particulars. The plaintiff is suing defendant for $599.99 as compensation for damages which he alleges he suffered by reason of a fire which he started on his property, and which spread to that of plaintiff which adjoins. The defendant asks for the date when the said fire spread to plaintiff's property, and also the interpretation of certain words in his declaration.

The plaintiff was ordered to give the said particulars within ten days.

TOWN OF COATICOOK VS. JOSEPH BEAULNE.

This was on a motion for particulars. The plaintiff seeks to recover the sum of $140 being for rent due from the 15th January, 1906, to 15th January, 1909, and also that the lease be cancelled and set aside. The defendant contended that the date of the verbal lease was not given, and that plaintiff cannot ask for a resiliation of the lease unless this date is given.

The Court held that the declaration contained all the particulars required to prove the allegations, and defendant's demurrer was not well founded. The demurrer of defendant was therefore dismissed with costs.

## MAIL SPECIAL WRECKED IN N. B.

### Left Rails Four Miles From Campbellton.

ENGINEER COOL KILLED AND THREE OTHER LOCOMOTIVE MEN INJURED.

Moncton, N. B., February 1. — At 12.45 yesterday the English mail special, in charge of Conductor William Crockett, which left Moncton about 7 o'clock yesterday morning with a double-header, was wrecked about four miles east of Campbellton. In the engine cabs were Drivers C. Cool, of Campbellton, and A. H. Fryers, Moncton; Fireman Thomas Clark and Walter Carson, Moncton. Driver Cool, who was in the head engine, was pinned beneath and was killed, while Driver Fryers was scalded about the head, arms and legs. Fireman Carson and Clark were also severely scalded about the head, arms and legs, but none of the injured men are seriously hurt The train was made up of seven cars, five baggage cars, combined baggage and colonist diner and sleeper. All cars left the rails except the diner and sleeper. The run-off is supposed to have been caused by a broken rail. Wrecking crews were rushed to the scene with hydraulic jacks, but it was 8 o'clock before the dead body of Driver Cool was taken from beneath the wrecked engine. Both engines toppled over on their sides and were badly wrecked. The first three baggage cars are on their sides and the other two baggage cars are off the track.

CANADA AND HER LITERATURE.

Breathes there the man with sould so dead,
Who never to himself hath said,
This is my own, my native land!
—Scott.

In these days, when Canada is the magic word, not only in the New World, but in the Old as well, when her national importance, her agricultural and mineral resources are attracting attention in a greater degree than ever before in her history, it is gratifying to note an ever-increasing tendency to foster and encourage a literature which shall be essentially her own.

Perhaps the latest addition is "Canada's New National Song," from the facile pen of Hon. Recorder Weir.

In this connection it may not be amiss to call or recall attention to a modest little volume of verse entitled "Voices from the Hearth," written by a Montreal advocate, and published in the early sixties, under the pen name of "Isidore."

In this collection is "full many a gem of purest ray serne," and many a flower of rhetoric "born to blush unseen, and waste its sweetness on the desert air."

It is not possible in this brief article to descant upon the beauties of "Pygmalion," "Spiritus Sanctus," "Nocte Tacentia Late," and others, but pass on to those of lighter vein.

Among the latter is found one entitled "Under the Maple Tree," which compares most favorably with latter day offerings at the shrine of Canada's emblem.

I subjoin two or three stanza, for, while new to some, it may serve to keep green the memory of one whose mission it was:

"To sing the songs of home,
When dove-eyed Truth with torch of vestal light,
Has light the fire upon the hearth at night,
Hallowing its sacred dome."

and who launched his little venture on the broad, variable sea of public opinion freighted with the usual human hope attending all human projects, while he patiently awaited the issue of approval and success, or calmly endured its neglect by a busy world engrossed with its own visions and regrets.

H. ALICE HETHRINGTON.

Brookside, Hatley, Jan. 25, 1909.

UNDER THE MAPLE TREE.

(1st stanza.)

Under the maple tree,
With tuneful voice of gleel
The choristers near, without tremulous fear,
May echo our heart-stirring song,
That syllables praise, thro' the long summer days;
When thy leaf-crested branches strong
Are waving aloft
To the music soft,
That we sing to the maple tree,
To the beautiful maple tree.

(Last stanza.)

Under the maple tree,
With joyful hearts and free,
We'll boast in our pride of our land far and wide,
In glorious, thanksgiving song:
For our hearts are as true as the heavenly blue,
As our hopes and our arms are strong,
So let old and young,
With praver on each tongue,
Praise their God for the maple tree,
For the beautiful maple tree.

## COOKSHIRE MAN HAS NARROW ESCAPE.

### Mr. J. Brock Victim of Painful Accident.

HIS NECK HELD TO A REVOLVING EMERY WHEEL.

Cookshire Feb. 1.—(Special)—On Saturday afternoon, a strange accident occurred at the machine shop here and had it not been for the timely aid, of Mr. J. N. Sargent, who was fortunately close at hand the result would have no doubt been serious if not fatal.

Mr. J. Brock, one of the proprietors of the plant, was grinding a plainer knife on a swiftly revolving emery wheel, when his coat caught on the arbor of the wheel and in an instant had pulled Mr. Brock down on the wheel so that his neck was held against the rapidly revolving wheel, a second or two more and the jugular vein would be ruptured. As it was an ugly and painful wound was inflicted. Mr. Brock has a very narrow escape. Reports from Mr. Brock this morning state that he is doing as well as may be expected.

## ALL LOOKS WELL FOR SNOWSHOE MEET.

### Will be a Big Crow of Visitors Here.

COMMITTEE IN CHARGE OF COLLECTIONS HAS BEEN BUSY.

The Railway Commission, in a letter to the Sherbrooke Board of Trade, declines to interfere with the decision of the Canadian Passenger Association, not to give excursion rates to the Sherbrooke Carnival.

The return rate however, from Montreal will be $3.05, and from Quebec $2.50.

Rates are given from intermediate points on the Q.C.R., but apparently not on the othen lines.

Snowshoers from Montreal and Quebec will come in by special trains.

The local committee which has been raising the funds with which to finance the event has on the whole met with good success. Citizens generally have subscribed. Collections from individual citizens thus far amount to about $800. The subscriptions from the three snowshoe clubs amounts to $350. Then there are the proceeds from the bridge party, sale of buttons, Minstrel show and the coming hockey matches, etc. The whole, however, will barely meet the requirements of the occasion.

Twelve hotels of the city have subscribed a total of $185, some of the hotels refusing to subscribe anything. The committee expected larger support from these public caterers. A member of the committee states that he has received a request from Montreal for a list of hotels with the amount of their subscriptions in aid of the event.

The indications now point to a very large crowd of visiting snowshoers. Special trains will pull in during Friday night and Saturday morning, many of the clubs organizing their trips.

The local committees now have the matter well in hand and everything points to a successful meet.

GOOD FOR YOU, ST. FRANCOIS.

A member of the committee sends the following:

"Eighty-nine members of the St. Francois Snowshoe Club have secured their costumes for the coming carnival, and it is expected a few more will be added before the week is over.

"What about the other Clubs? Will they stay behind? The two older clubs ought to have at least 125 members each in costume if they want to make a good show.

"One Montreal club alone will have 100 men in costumes. The Sherbrooke clubs put together ought to muster 350. Let us impress upon our visitors what our snowshoers can do when they are called upon to do their duty."

### REV. WM. TIMBERLAKE AT LENNOXVILLE.

THE PRESIDENT OF THE MONTREAL CONFERENCE WAS PREACHER YESTERDAY

The Rev. Wm. Timberlake was greeted by large congregations at both the morning and evening services in the Lennoxville Methodist Church yesterday.

Taking for his morning text "Surely the Lord is in this Place and I Knew it Not." Gen. 28.16. He drew graphic pictures of the early home life of Jacob and Esau drawing lessons therefrom, which he gave practical application to the life of to-day, concluding with vivid portrayal of blessings attendant upon worship in God's house. The evening theme was founded upon the passage from the sixty-third Psalm,

REV. WM. TIMBERLAKE, Preacher Yesterday.

"Because thy loving kindness is better than life, my lips shall praise." What will a man give in exchange for his life, numerous illustrations showed the value man placed upon life. But life was differently estimated of diverse value to men. The Psalmist knew what life was. He was a man of fine physique, an athlete of renown, a poet, a musician, a general of first rank, a great king, a man of strong passion, and deep affections. He, if any man, knew what life was. Yet, to him, the loving kindness of God was to be preferred to life. Loving kindness was defined as love, the inward and spiritual grace and kindness, the outward manifestation; in short religion. It was a simple straightforward appeal to conscience.

The choir sang two anthems in the morning and in the evening, Mr. Hugh Mcfadden sang a solo with violin obligato by Mr. Max Johnston. He also sang a duet with Miss Smiley.

This evening at seven o'clock there will be a reception, followed by a banquet in honor of the Rev. Mr. Timberlake, to which all friends are cordially invited.

CLEVELAND.

Miss Kathleen McLaughlin has returned to Ottawa after being the guest of her parents, Mr. and Mrs. Wm. McLaughlin, Sunny Vale Farm, for the past two weeks.

We are glad to report that Mr. Bert Boast is improving, and now able to be up and around the house.

Mr. Herbert Taylor, of Richmond, has purchased the Sears farm on the Danville road for the sum of $2,000.

Miss Susan Hall is in Sherbrooke visiting friends and relatives.

We are sorry to say that Miss Blanche Brooks is not as well the last few days.

Mr. Chas. A. Law has just finished getting up his ice, which measures 18 inches thick.

EAST ANGUS.

Mr John Graham, our local butcher, will trade on the cash system from the 1st of February, which will be a benefit to his customers as well as himself.

FLANDERS.

Master Bryan McDermott has been ill with the mumps.

Mrs. C. M. Bates bought three tons of hay from Mr. S. J. Sawyer last week.

Miss Winnie Lebourveau has gone to work at Mr. George Sherman's, as Mrs. Sherman recovers from her recent illness.

Messrs. Clement Flaws and Alex McIntosh were attending the fair at Cookshire recently.

Mr. James Lester and family have moved into the E. Well's house for an indefinite time.

Mr. John Adams is busy getting out lumber for an extension to his already large barn. John is a handy man and has hewed all the square timber himself.

Messrs. D. McIntosh, and P. J. Dermott have sold their fat cattle to Mr. Curt Chute of Eaton, for a year round figure, I am told, to go the 1st of April.

Mr. Benjamin Lebourveau has thirty-three square sticks hewed and ready for the market.

Mr. Richard McIntosh succeeded in getting a fine fox, recently.

Mr. Roy Lake is running his own mill with a full crew, and has lots of logs coming into his mill-yard, which will keep him busy into the spring. Fortunately there is plenty of water for sawing, thanks to the recent thaws.

Mr. Donald McIntosh has a crew of men making square elm in his sugar places, for which there is an unusual demand this winter.

The many friends of Mrs. G. Sherman will be pleased to learn that she is much improved in health, and is now convalescent.

Mr. George Hillard is busy erecting a new saw-mill on the site of the one which was recently destroyed by fire. We understand that it is nearly completed and that he will soon be doing business at the old stand.

Mr. Bert Hearne is busy cutting and hauling logs to Lake's mill, as he has a contract for about 75 thousand feet of lumber to be delivered at Cookshire for Mr. J. Frasier's new house. Besides this, Bert has a lot of pressed pulp, and hard wood to haul which will keep busy, and out of mischief.

After Grippe

Vinol Restored Mrs. Partridge's Health After All Other Means Had Failed—Read Her Statement.

"The grippe left me in a very weak-ened and rundown condition—no appetite, thin, nervous and no vitality. Noth-ing seemed to help me until a friend brought me a bottle of Vinol, the cod liver and iron preparation. I com-menced to take it and it gave me a hearty appetite, my health and strength returned until I felt like a new creature I consider Vinol a wonderful medicine for any one who has had a severe sick-ness. It makes strength and vitality so fast." Mrs. G. I. Partridge, Franklin, Mass.

Vinol is a modern cod liver and iron preparation free from taste of oil and agreeable to the weakest stomach.

Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women and children, and after a severe sickness or for chronic coughs and colds. Those who try Vinol and receive no benefit may have their money back. W. H. Smith, Druggist, Sherbrooke.

### HORACE M. PEASE, MILFORD, N.H.

Rock Island, Feb. 1.—The recent death of Mr. Horace W. Pease of Milford, N.H., removes a very enterprising and helpful citizen from his home town, and he has been a very loyal friend to the Stanstead Reading Club. He remembered the Club each Christmas by the gift of easy chairs and various things that would be help to this activity, and he always sent them a 25-pound box of choice confections, a peculiar but very gracious thing to do. All through the year he was constantly sending different periodicals. It was evidently a great deal of pleasure to him and it was most certainly a source of gratification to the gentlemen who constitute the club. Mr. Pease was born in Canada, and in these gifts revealed the fact that the inhabitive quality was very strong, and his love for the Dominion always in evidence.

### F. W. McCRACKEN, OF KINGSBURY, FORMERLY OF RICHMOND.

Richmond, Feb. 1.—(Special)—The sad news has reached us that Mr. F. W. McCracken of Eaton Cole, died at his home Jan. 25th, 1009 at the age of 47 years and 11 months, after a long and lingering illness, borne with Christian fortitude. Although ill for so many years he worked right up to the last.

Mr. McCracken was born in Huntingdon Que., in 1861. In 1893 he married Miss May Woodward of Kingsbury, Que., where they lived for a number of years. Then 8 years ago, he being in poor health, the Dr. ordered him to Colo., so he went to Eaton, Colo., and has lived there ever since, where he leaves a host of friends, who will never forget his kindness, generousness and goodwill he had for everybody.

He leaves to mourn his loss a wife, three daughters and one son, besides 2 sisters and three brothers.

The funeral service took place in Colorado from his late residence to the Congregational church, of which he was a member, also Sec.-Treas. for a number of years, on Jan. 27th, by the Rev. S. C. Dickenson, assisted by the Rev. J. F. Coffman, Methodist Minister. The funeral was in charge of the I.O.O.F. of which he was a member and was largely attended. Interment took place in the Eaton cemetery. The pall bearers were Messrs. T. K. Wilson, J. B. Wilson, Wm. Wilson, J. W. Smillie, Dr. Bellrose and A. Jackson. All old friends of the deceased.

### COWANSVILLE.

These figures probably surpass anything of that sort that has ever been deduced from the experience of creamery men in this country, and speaks well for Mr. T. W. Dunn, the proprietor of the Creamery.

Rev. E. M. Tay,or, M.A., Inspector of Schools, was here calling on Mr. Duboyce about official business last week.

As a usual thing, the mid-week Church services throughout the land are very poorly attended, even in churches where people attend regularly on Sunday. Here, however, there is noticed lately an increase in the attendance and interest evinced by those who do attend. Those who listen to the discourse of the Rev. W.T. Brown on Thursday evenings as he expounds the Sunday School lesson for the following Sunday, certainly do not come to the Church in vain as his remarks are very bright, telling and interesting. His discourse last Thursday evening was one of the most lucid that could have been given.

THE COMMON APPLE A GREAT SOURCE OF HEALTH

The Juice of the Ordinary Apple is One of the Best Things in the World For Keeping the Blood Pure.

Few people there are but enjoy a ripe, juicy apple. But how many realize that it is a medicine as well as a treat?

Apple juice has a very marked effect on the kidneys, increasing their power to throw off the waste products of the body, called urea, and thus prevent Rheumatism, Sciatica, Neuralgia, and similar troubles that come from poisoned blood.

Similarly, other fruits stimulate the action of the liver and bowels—others of the skin. Combined, they keep the blood pure—the body clean and healthy.

To get this effect, however, one must eat a great deal of fruit, or better, eat a little fruit and take "Fruit-a-tives."

"Fruit-a-tives" are tablets in which the juices of ripe fruits, with their medicinal value intensified, are combined with valuable tonics. They act directly on Bowels, Kidneys and Skin and put them in perfect condition — thus ensuring the thorough elimination of all waste matter and poisons from the body. Trial box 25c. Regular size 50c.—6 boxes for $2.50. Fruit-a-tives Limited, Ottawa.

PEOPLE'S TELEPHONE COMPANY.

(Waterloo Advertiser.)

The People's Telephone Company of Sherbrooke, of which Mr. Carlos Skinner is the head and front, has decided to issue $50,000 in debentures. The proceeds are to be used to improve existing lines and build new ones. The People's is about the only telephone company that has been able to buck the Bell and keep on its feet. About all the Bell's small competitors have been pushed to the wall or absorbed. If the People's has held its own the fact is chiefly due to the energy, courage and splendid fighting qualities of Mr. Skinner. He not only dearly loves a scrap but when he is in one he never knows when he is beaten. In the early days his fight with the Bell was keen and bitter, and that was really what made him adopt a never-say-die policy. Little by little he managed to interest local capitalists and step by step he forged ahead till the People's now serves a pretty large territory and is out of the woods financially.

## SPORTING NEWS.

# SHERBROOKE 19; ST. PATRICK'S 5.

### Visitors Sto d No Chance With Home Team.

GIVES SHERBROOKE CHAMPIONSHIP IN SECTION "A."

The Sherbrooke Hockey Club added another victory to its already long record of victories, this time disposing of the St. Patricks of Quebec by the score of 19 to 5.

The game was interesting to watch far more so than the score would indicate.

The Quebec players were fast skaters but when it came to shooting they were deplorably weak. The fact that Sherbrooke played hockey all the time, never letting up the pacethey had taken at the beginning brought them victory.

They scored every time they got a chance and although at times Quebec played fast hockey, they were at no time in a position to cause any anxiety on the part of the local team.

The game started about 8.15 and Povey scored shortly after the start and after Lee Hyndman had scored, Povey followed with three more in quick succession. L. Hyndman scored again, making the score 6 to 0. Quebec braced up, and after some pretty work, scored twice, Rooney and Derouin scoring the goals.

At this point L. Hyndman and Beauchamp collided witt the result that Beauchamp had to drop out of the game. The score at half-time was 10 to 2.

In the second half H. Hyndman dropped off to even up and until the last few minutes of the game Quebec was completely played off their feet. In this half Povey scored 4, L. Hyndman 2, Baker 2, and Wiggett 1, while Derouin, O'Dowd and Rooney scored for Quebec.

The Sherbrooke team played excellent combination, the forwards following back in great style.

Povey, Lee Hyndman and Wiggett played excellent hockey. This game gives Sherbrooke the championship in Section "A."

The teams lined up as follows:

| Quebec. | | Sherbrooke. |

# CARNIVAL GAME TO-MORROW.

### Will be the Game of the Season.

IT IS EXPECTED THAT THE RINK WILL BE FILLED.

The hockey match to-morrow night promises to be one of the most stubbornly contested games every played in this city or in Lennoxville. The players were never worked up to such a pitch of excitement as they are at present and when the music and cheers of the rival snow shoe clubs fill the Minto Rink the pace of the players will be furious.

Some people are of the opinion that because the players belong to one team that the game will be tame and that the brand of hockey will not be up to much. If those who think this had only been present in the dressing room after the last practice and listened to the wagers which were being made among the players, this conception would vanish.

Everyone is requested to attend this match, as it is in aid of the carnival and the committee is still about $100 short.

The regular tickets may be purchased on the street cars or at the office.

Every snow shoer in the city, as well as everyone else, is asked to turn out to this game and encourage the carnival.

Surveyor Dufresne, with his "Star pointed on the line" and his famous stick to break the branches will lead the snow shoers back from Lennoxville.

The team will line up as follows:

| Defence. | | Forwards. |
|---|---|---|
| Arguin | Goal | J. Ames |

## MASQUERADE AT WINDSOR MILLS

OVER 100 SKATERS WERE PRESENT IN COSTUME.

Windsor Mills, Feb. 1.—(Special.)—One of the most successful masquerades ever held in this town took place Friday night on Hebert's rink, there being about a hundred skaters in costume. Music was furnished by the Windsor Band. The first ladies' prize was won by Miss Louise Laplante, who represented Canada; the second by Mrs. U. Dubrueil, as "Calendar, 1909."

The first gents' prize was won by Mr. Albert Marcotte, as a baker, with Dr. A. W. McCabe as Uncle Barney, second. The judges were Dr. J. A. McCabé and Mr. Slack.

## OTTAWA 5; WANDERERS 4

TIED SCORE WITH 4 STRAIGHT GOALS IN SECOND HALF, ONLY TO LOSE 4 TO 5.

Ottawa, February 1.—Coming from behind like real champions, Wanderers Saturday night wiped out an Ottawa lead of four goals and tied the score, only to lose to the Capital seven in the last seven minutes of play by the odd goal in nine, after the most exciting finish witnessed on Ottawa ice in some years.

It was a low scoring match considering the calibre of the forward lines. In the first half three goals were netted, and they were all three to the credit of Ottawa. Early in the second half Ottawa added another to their total, and were apparently safe winners. Then Wanderers started their usual second half rally and after eighteen minutes of fast, clean and exciting play, drew even with Ottawa, netting four goals in a row, while they held Ottawa scoreless.

## HOCKEY AT RICHMOND.

PRINTERS DEFEATED THE BANKERS AT RICHMOND FRIDAY.

Richmond, Feb. 1.—(Special.)—One of the most exciting and a very clean game of hockey was played at the Richmond skating rink Friday evening between the Bankers and Printers of this town, resulting in a win for the "Press," the score being 9—7. At half the score stood a tie, 3—3. The playing was fast and very interesting, only one penalty being inflicted during the game.

Mr. William Leonard made a very efficient referee. The line-up follows: Bankers—H. E. Bieber, goal; Fred. Converse, point H. Hogarth, cover point; W. Dawson, rover; A. Dyson, centre; E. Burbank, right wing; D. Parmelee, left wing. Printers—R. Morrill, goal; K. Leith, point; G. Goldsmith, cover point; W. Lance, rover; A. Smith, centre; W. Cook, right wing; G. Davis, left wing.

A hockey match will be played at Richmond to-night between the Ramblers of Point St. Charles vs. Richmond, which promises to be a very interesting match.

## SHAMROCKS 8; QUEBEC 4.

IRISHMEN SHOWED IMPROVED FORM AT ARENA SATURDAY NIGHT.

Montreal, Feb. 1.—Shamrocks won from Quebec Saturday night in the presence of a small crowd at the Arena. The final score was 8 to 4. Quebec held Shamrocks in the first half, but after the intermission the Irishmen scored five games in successdion, making it a run away.

A party of girls took a tramp across country Saturday night, and called at the home of Mr. and Mrs. Geo. Goodhue, where they spent a couple of pleasant hours in music and games. Light refreshments, ice cream, etc., were served, after which the party broke up, the visitors thanking Mrs. Goodhue for her kind hospitality.

Mrs. Walter Brown Parker of Portland, Me., entertained at a theatre party at the Clement Theatre Saturday night on the occasion of the concert of the McGill College Glee Club. Those present in addition to the hostess were Miss Alice Cronan of Taunton, Mass.; Miss Emily Proctor, of Proctor, Vt.; Miss Jean Mitchell, Messrs. Honer, Mitchell, H. P. Wright, Galt Lomas and D. Rhodes. After the concert there was a gay supper at "Elmhurst," the residence of Mr. and Mrs. J. S. Mitchell, Dufferin ave.

Subscriptions to the Carnival Fund will be gladly received by Mr. E. L. Stewart Patterson, chairman of the finance committee.

The contract for the supper to be given to the visiting snowshoers and guests on Saturday evening next has been awarded to Mr. D. H. Welsh, of Montreal. Mr. Welsh will also provide the supper for the ball to be given on Monday night.

Mr. J. W. Simpson, Inspector of Domestic Agencies of the Sun Life Assurance Company of Canada, is in the city to attend the annual meeting of the Sherbrooke District Agency staff, which was held to-day, to be followed by a dinner at the Magog House this evening. Mr. Simpson, who has been for years in the office of the Superintendents of Agents at the Head Office in Montreal, has recently been appointed to the Inspectorship of Domestic Agencies in conjunction with Mr. W. Higinbotham, of Philadelphia, who takes the Inspectorship of British, Foreign and United States Agencies. Both gentlemen have been warmly congratulated on their well-earned promotion.

SMALL FIRE.

A small fire originated in the grocery store of Dean, Rowe & Lacey this morning. The morning was cold and the furnace was being overworked. The pipes where it passed through the floor became overheated and the wood work ignited.

The small blaze was extinguished by means of a few pails of water. No damage was done.

The fire alarm was sent in as a precaution, a portion of the brigade turning out.

THE KNOCK WAS ANSWERED.

A very funny incident occurred a few evenings ago, when some snowshoers were returning from a tramp. One of the party, in a merry mood, as he passed the police station on King street, knocked on the door with the snowshoes he was carrying. To his surprise a policeman promptly appeared and placed him under arrest, taking his name as well as that of the members of the party, including several ladies. The offender was then taken to the Central Station and was released with a warning, and the moral of all this is, as they say in "Alice in Wonderland," "Don't knock on police station doors."

CHURCH NOTICES.

The B.Y.P.U. of the Baptist Church will meet Thursday evening at 8 o'clock. A business meeting will be held at the close of the regular meeting.

McGILL GLEE CLUB HERE.

The McGill Glee and Mandolin Club appeared at Clement Theatre Saturday night before a comparatively well filled house. The programme consisted of glees, songs, choruses and instrumental selections.

As a programme for an evening's entertainment it was not elaborate and not up to that presented by the club on the occasion of their visit last year.

It had its attractive features, however, and elicited a good deal of applause.

The McGill course this year, the students say, is particularly heavy and allows them but little time for Glee Club rehearsals and pastime amusements.

On Friday evening the club gave its concert at Stanstead, coming to Sherbrooke for Saturday, and returning to Montreal yesterday morning.

STANHOPE AND NORTON MILLS.

A large number of friends attended the party and dance given by Mr. F. E. Ham on Thursday evening. Beautiful music was furnished by Professor Stoggett, of Massawippi. All report a grand time.

Mr. Sandy Lyons is in the lumber business at Norton Lake. He has a number of teams hauling logs to Gales' Mill.

We are pleased to learn that all the sick people are on the gain.

**STOVES**

Some nights have been warm during the last week. Possibly just as many have been cool. In but a very short time all the nights will be cool. This will cause a chaotic turmoil in the general stove traffic, with the result that the belated purchaser will suffer inconvenience and perhaps hardship by being cought in a chilly house should a sudden spell of frosty weather ensue. If in need of a HEATING STOVE avoid all this by ordering at once and having it set up within forty-eight hours at the latest.

In our experience of twenty years we have delivered and set up neatly a million stoves, and we feel absolute confidence based on practical observation when we essay to discuss the stove question in September either briefly or at length. A sudden touch of winter, precipitating unprepared thousands of people into a veritable maelstrom of discomfort and excitement, may always be apprehended at just this season. Take no chance. Keep out of the maelstrom by setting up the parlor stove now.
