HERRIOT BELIEVES INFLUENCE OF LEAGUE OF NATIONS LESS ACTIVE

Predicted that It Will Not Be Long Before Only Prominent Feature of League Will Be Its Godchild, the Bank for International Settlement—Believes that Old System of Diplomacy Has Again Come to the Fore.

PARIS, Sept. 3.—Former Premier Edouard Herriot published today a signed article saying that the League of Nations is declining in influence.

The article followed editorials in several French newspapers pointing out that important international problems recently had been handled outside the League of Nations.

M. Herriot predicted that it will not be long before the only prominent feature of the League will be its godchild, the Bank for International Settlements, which recently achieved outstanding importance because the Governments needed money.

He insisted that it was clear since the last six months that the old system of diplomacy has come to the fore again as against the new diplomacy which Foreign Minister Briand attempted to inaugurate at Geneva. He said he hoped M. Briand might arrive in Geneva in time to save the declining League, but doubted his success.

ROYALTY LEAVES BANFF AFTER TWO WEEKS' STAY

During Their Visit at Banff, Siamese Royal Party Lived Life of Energetic Tourists Interested in Out-of-Door Life

BANFF SPRINGS, Alta., Sept. 3.—His Majesty the King of Siam and Queen Rambai-Barni, the young prince and members of the royal suite left Banff yesterday on the royal train after a two weeks' stay for Harrison Hot Springs, after which they will go direct to Vancouver and Victoria to sail on the Empress of Canada on September 12.

During their visit at Banff the Siamese royal party has lived the life of energetic tourists interested in out-of-door life. They have motored through all the parks and ridden the trails, played golf, swam and purchased great quantities of souvenirs. But their host is that each member of the royal family has qualified for membership in the Order of the Trail Riders of the Canadian Rockies.

Late Tuesday afternoon, after comparing mileage, the King and Queen set out with Captain Cadiz of the Mounted Police and on returning His Majesty demanded the silver button for 100 miles and the Queen the bronze token for 50.

TROUBLE WAS BREWING IN NOVA SCOTIA COAL FIELDS

Nova Scotia Government's Unemployment Relief Scheme Did Not Meet With Approval of Miners.

SYDNEY, N.S., Sept. 3.—Trouble was brewing in the coal fields of Nova Scotia yesterday as a movement against registration under the Government's unemployment relief scheme moved forward rapidly.

Caledonia and Victory locals were the first to enter a protest against the Government's offer of thirty cents an hour on relief work and indications are that the protest will be favored by nearly all the 12,000 miners in district 26. The rate would give them \$2.40 a day but the men declare they require \$3.40, minimum labor rate in the district, to make both ends meet.

Several locals have inserted advertisements in papers warning their members not to register for work at the Government rate.

CHILEAN CABINET RESIGNS SANTIAGO, Chile, Sept. 3.—The Chilean cabinet resigned late last night and a special session of Congress was called for 1 a.m. today to decide on the declaration of a state of siege requested by Vice-President Trucco.

The bridge will have a total length of 5,700 feet, with the central span measuring 600 feet. It will be 105 feet above the river level. Announcement of the letting of the contracts is expected soon.

WATERLOO MAN HELD TO BLAME FOR ACCIDENT

Paul Forest, 22 Years Old, Held Criminally Responsible for Death of Josephat Bourdon, of Boucherville, Que.

MONTREAL, Sept. 3.—A coroner's jury investigating the death of Josephat Bourdon, 55 years old, of Boucherville, Que., who was killed on Tuesday afternoon when the horse-drawn vehicle in which he was riding was struck by a motor truck, returned a verdict yesterday holding Paul Forest, 22 years old, of Waterloo, Que., criminally responsible. The fatality occurred on the main highway at Longueuil.

Forest was driving the automobile which struck Bourdon's vehicle. Constable Lamoureux, of the Longueuil police, testified that Bourdon and Forest were both on their way home. Forest was driving his motor truck in the rear of Bourdon's horse-drawn vehicle, and was going at a moderate speed. Suddenly he applied his brakes and the vehicle skidded and struck the horse-drawn wagon. As a result of the collision, Bourdon was thrown off his wagon and struck the asphalt pavement with his head and was instantly killed. His daughter, who was also on the wagon, was thrown into the ditch but was only slightly injured.

The constable stated that in his opinion, Forest had enough room, by the side of the horse-drawn vehicle, to avoid the collision. He said that the road where the accident occurred is 75 feet wide and there is sufficient room for three automobiles to pass abreast. After hearing this evidence, the jury returned their verdict holding Forest criminally responsible for the death of Bourdon.

CHINESE FLOOD VICTIMS TOTAL FIFTY MILLION

In Addition to Hankow Area, 5,000 Square Miles Inundated in Kiangsu—Intense Misery Inflicted Upon Rich Farming Counties.

SHANGHAI, September 3.—Another vast welter of death and suffering was slowly being revealed yesterday as President Chiang Kai-shek estimated that fifty million Chinese flood victims were on the verge of starvation.

While national effort was being made to relieve Hankow, Wuchang, and Hanyang, where a quarter-million persons were estimated to have died of flood, starvation and exposure during August, attention was diverted to northern Kiangsu and happy basin between the Grand Canal and the sea has been transformed into a death trap for scores of thousands.

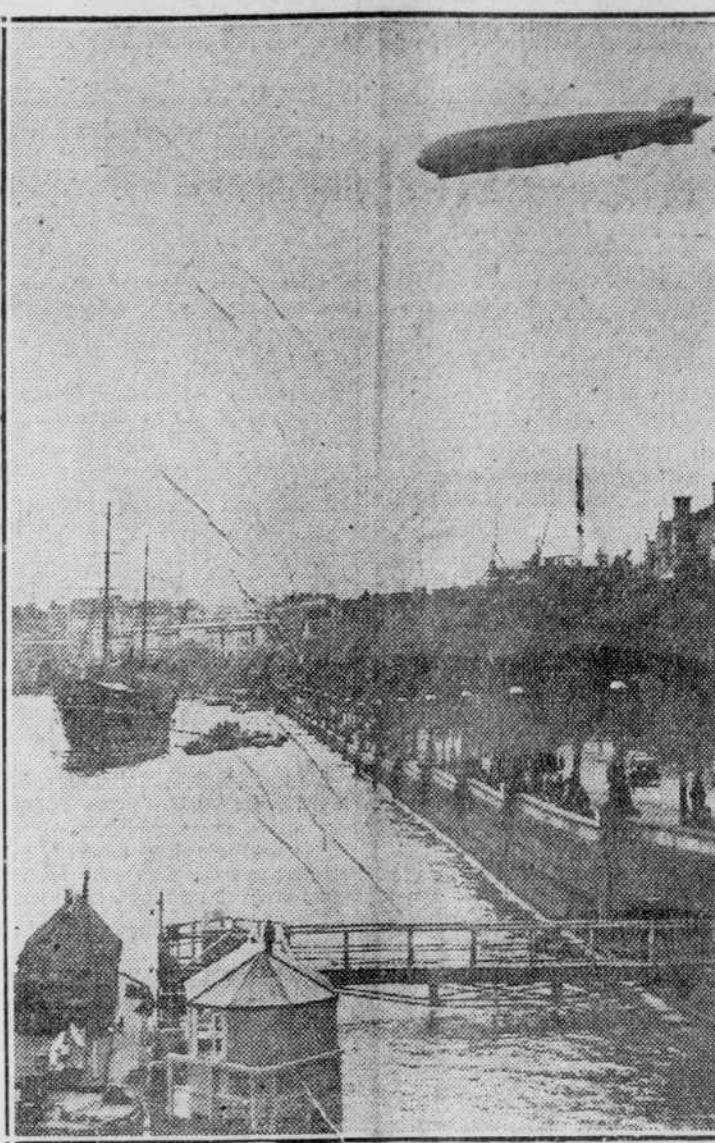

The flooded area there approximates 20,000 square miles in which 10,000,000 persons dwell. The most intense misery has been inflicted upon five rich farming counties, each supporting 1,000,000. This region, containing the cities of Kaoyu, Shaopu, Taichow, Tungshai and Hingwa, lies ten feet below the normal level of the canal.

While the national flood relief commission's energies have been concentrated upon the central Yangtze valley, Kiangsu provincial authorities are mobilizing to aid the grand canal region. Already forty launches are rescuing people from trees and roofs.

Boats are carrying food to the sufferers, and engineers are planning refugee camps, while the provincial treasury is negotiating a million dollar relief loan with Shanghai bankers.

The national flood commission has begun a survey of engineering problems in northern Kiangsu and will repair dykes and assist drainage. The provincial task, however, will be one requiring a long time to provide an outlet for the Hwai River, the lock of which was the main cause of the present catastrophe.

A GRAFFIC VIEW OF LONDON

That aerial globe-trotter, the German dirigible Graf Zeppelin, was paying another call on London when this striking picture was made of the giant airship as it cruised above the historic Thames.

FURTHER NEWS ABOUT FLYERS NOT AVAILABLE

Detroit Flyers Landed at Whale River—Government Puzzled by Despatch of Surveys.

OTTAWA, Sept. 3.—No further news was available last night from Edwin Preston and Robert Collinson, pilots of the Trans-American Air Line Corporation, who broke off their projected flight to Copenhagen, Denmark, and began their return flight from Port Harrison, on the eastern shore of Hudson Bay, to Detroit, Mich. The last information regarding the flyers was that they had landed at Whale River, at the debouchment of James Bay, Ont.

Canadian Government officials were puzzled last night at a Cleveland, Ohio, despatch which announced that Preston and Collinson had been making surveys of Wakeham Bay and had also been "surveying the difficult terrain in and around Baffin Land." Wakeham Bay is on Hudson Straits and for a year and a half was the headquarters of the Canadian aerial expedition which two years ago made a complete and comprehensive survey of this territory. It had been understood that the two flyers halted at Port Harrison and made no further flight northward.

The predecessors of Preston and Collinson, Parker Cramer and his Canadian radio man, Oliver Paquette, flew along Hudson Straits and carried on a number of survey flights, touching at the various Canadian Government wireless stations there before continuing their fatal journey to Denmark.

SPEEDING CAR CRASHED INTO LACHINE CANAL

One Killed and Three Others Suffering from Shock and Immersion as Small Sedan Topped Over Canal Bank

MONTREAL, QUE., Sept. 3.—One man was killed and three others suffered from shock and immersion when a small sedan containing four young people crashed through the barrier at Wellington Street bridge early this morning and plunged into the Lachine Canal. The dead man was believed to be Thomas Hurley, twenty-one, of Montreal. Those rescued were Lillian Holmes, nineteen; Toney Russell, eighteen; and William Aldis, twenty-one, said to have been the driver of the car. All three were taken to hospital and a police guard was set over Aldis.

It was reported by police and bridge guards that the car approached the canal at such a speed that it could not be stopped at the barrier and crashed through to topple over the canal bank. The bridge had been opened to allow the passage of a steamer. There were several wit-

EARLY MEMBER OF PARLIAMENT CONGRATULATED

Senator George Eulas Foster Passes Eighty-Four Birthday in British Columbia.

OTTAWA, Sept. 3.—A veteran leader in Canadian public life, Sir George Eulas Foster, G.C.M.G., today celebrated his 84th birthday. The ruddy complexion and vigorous step of this sturdy son of New Brunswick belies his age and it is difficult to realize he was first returned to the House of Commons some forty-nine years ago and has been an intimate of Sir John A. Macdonald, serving in his cabinet as Minister of Marine and Fisheries. He eventually succeeded Sir Charles Tupper as Minister of Finance, remaining in that office in the Abbott, Thompson, Bowell and Tupper administrations.

Sir George and Lady Foster are at present at Cameron's Point in the Okanagan Valley. Many congratulatory messages went there today from Ottawa, where Sir George maintains his residence.

INQUEST INTO MAGOG DEATH IS TERMINATED

Verdict of Accidental Death Returned by Jury in Connection With Mrs. Mary Paquette's Death.

MAGOG, QUE., Sept. 3.—The inquest into the death of Mrs. Mary Paquette, who was fatally injured in an automobile accident on Sunday night, August 23rd, was terminated yesterday. A verdict of "accidental death" was returned, exonerating Herve Gravel, driver of the automobile which struck the car in which Mrs. Paquette was driving. The accident which claimed Mrs. Paquette's life occurred near Orford Mountain, when an automobile driven by Mr. Lewis Kemp and containing six other persons, all of Magog, collided with another vehicle driven by Gravel. Three of the Magog persons were removed to the hospital following the smash-up. Mrs. Paquette, who suffered a fractured skull, died Tuesday afternoon.

Witnesses to the crash and the presence of immediate aid prevented a worse tragedy.

OTTAWA RIVER HOLDS BODIES OF FIVE MEN

Still Dragging Waters for Five Priests Who Were Drowned When Power Boat Capsized—To Hold Public Funeral Service.

OTTAWA, Sept. 3.—The deep waters still hold the bodies of the five young priests who were drowned near their camp, 27 miles out of Ottawa when their outboard motorboat capsized. A diver spent four hours under the swift-running water yesterday afternoon without locating the bodies of the priests, members of the Dominican Order.

Diving and grappling with the survivors of the tragedy, was being conducted yesterday at a hospital yesterday, though still suffering considerably from shock. He managed to hold on to the upturned boat until fellow priests rowed out to him at the risk of their own lives. His five companions had previously been swept from the craft by the heavy waves.

The sorrow with which the tragic drowning was received throughout the district will be manifested in a public funeral service to be held today in St. Francois d'Assise Church, Ottawa.

The service will take the form of a solemn High Mass for the repose of the souls of the five clerics. Mr. Courtois, O.P., Bishop of Alexandria, the officiating prelate at the ordination to the priesthood of the late Father Harris, one of the five victims, will be the celebrant of the Mass. His Excellency Mr. Andrea Casullo, Apostolic Delegate, will assist at the throne as will Mr. William Forbes, Archbishop of Ottawa.

MacDONALD IS SUPPORTED BY HIS CHILDREN

Ishbel MacDonald Follows Example of Her Brother in Coming to Support of Premier.

LONDON, Sept. 3.—Miss Ishbel MacDonald, like her brother, Malcolm, is backing up her father in his decision to put the nation's welfare above the creed of the Labor Party. In a letter to the Seaham Harbor Labor Party, which called on Premier Ramsay MacDonald to resign his seat in parliament because of his leadership of the national government, she offered to cancel a speaking engagement before the group if it would embarrass them.

"As the present crisis is only another proof of the failure of capitalism and the need for genuine socialist propaganda," she wrote, "I feel I can support my father and at the same time continue my socialist propaganda."

"If the feeling is that I cannot speak from a labor platform while supporting my father I shall quite understand and shall do my socialist propaganda by other means."

The secretary of the party released her from the engagement although he said "we should have liked very much to have you with us."

CHILE CHANGES GOVERNMENT TO HANDLE REVOLT

Fourth Government Since Overthrow of Ibanez in July Faced With Many Troubles.

SANTIAGO, Chile, Sept. 3.—Chile's fourth government since the overthrow of President Carlos Ibanez in July was formed today and Congress in special session declared a state of siege for twenty days to deal with the mutiny of the Coquimbo garrison.

Acting quickly on the resignation of the cabinet last night, Provisional President Manuel Trucco offered a mandate to former Postmaster General Marcial Mora and the latter drew up a new ministry with himself as Premier and Minister of Interior. He was given extraordinary power to put down the Coquimbo revolt.

The Senate and the Chamber voted to suspend constitutional guarantees only after a long debate. With the change in government it was believed that some of the demands of the mutineers had been met and that the revolt might be ended peacefully some time today.

DICTATORSHIP IN JUGOSLAVIA NOW REPEALED

King Alexander Issues Proclamation Announcing Return of Constitutional Government.

BELGRADE, Yugoslavia, Sept. 3.—Yugoslavia, kingdom of Serbs, Croats and Slovenes, returned to constitutional government today after more than two years of dictatorship under the iron fist of King Alexander.

The king issued decrees at an extraordinary session of the cabinet last night proclaiming a new constitution to supersede the suspended bill of rights of 1921 and appointing a new ministry representative of the traditional political parties.

His proclamation as posted in the streets said that he was convinced that the experience obtained during the dictatorship now permitted a definite organization of state institutions and that he intended carrying out a national policy on a broad basis of direct collaboration with the people.

TO AID GOVERNMENT LONDON, Sept. 3.—The Muswell Hill, North London, branch of the British Legion has unanimously resolved in view of the national emergency to sacrifice ten per cent. of its funds to the treasury, hoping this lead will be followed by other institutions of the United Kingdom having dormant cash balances. The funds of this branch at the moment total \$500.

WEATHER conditions this morning were not auspicious for the fifth and greatest day of Canada's Great Eastern Exhibition. At an early hour, the rain was pouring heavily. However, the officials in charge of the Sherbrooke Fair hoped that Old Sol would be successful in his efforts to break through the clouds and that fine weather would prevail later in the day.

Yesterday, rain in the early morning, cut down the attendance considerably, while it also forced postponement of the harness races, the track being too wet for safety.

All the other features were in full swing, the first cattle parade of the week being held. Nine hundred head of cattle, the largest number ever on display here, took part in the procession in front of the grand stand. The dog show also opened and judging continued in the various departments.

While the early morning crowd promised to be a disappointment, the weather improved later in the day and many thousands found their way to the fair.

Again the horse show in the arena attracted its usual quota of spectators, while the midway experienced its best business of the week.

Today, a full programme is scheduled, it being hoped that the weather will clear in time to allow racing this afternoon. Another cattle parade will be held this afternoon and the closing events in the horse show will be run off.

The actual wind up of the show comes tomorrow, when the remaining races will be held, prizes awarded and the final performances held on the grand stand. The midway will be in full operation all day, but much earlier than usual in the evening the tents will close and the show will prepare to pack up and move to fields away.

Judging continued in the various horse classes yesterday, the results in many divisions being announced. Keen competition was provided in the class of yearlings, Brompton Dora, entered by the Brompton Pulp and Paper Company winning the awards as champion mare and as best female, any age, in the class.

The other prize winners were: Sec. 7.—Yield mare: Brompton Pulp and Paper Co.; J. Fleury, Arthabaska; A. L. Bell, Colgate, Sask.; E. Beaugrand, St. Damase. Sec. 8.—Filly, three years: A. J. Bell, Colgate, Sask.

In the light draft horse classes, the prizes were awarded as follows: Sec. 1.—Mare or gelding, four years and up: J. T. Thompson, Bainsville, Ont.; J. T. Thompson; F. C. Caswell, Lennoxville.

Sec. 4.—Filly or gelding, one year: C. W. Page, Sherbrooke. Sec. 5.—Female, any age: J. T. Thompson, Bainsville.

The judges in the horse show classes find considerable difficulty in deciding between the entries in many of the sections, so heavy is the list. The various prizes awarded to date are as follows:

Sec. 1.—Colts and fillies up to three years and under four: Major M. Drury, St. Johns; M. W. McCourt, Windsor Mills; B. C. Howard, Sherbrooke.

He Couldn't Read For Indigestion

"For some years previous to 1922 I was subject to indigestion, with headaches and thousands of stars sparkling in my eyes, which prevented me from reading. I decided to try Kruschen Salts. That was August, 1922, and I have taken a little in my first morning cup of tea ever since. I now eat anything, and am entirely free from indigestion or 'stars.'"—F. C.

Now let it be said quite definitely, that what Kruschen did for him, it will do for everybody else who suffers from indigestion as he did. The fact is that "the little daily dose" first stimulates the flow of gastric juices to aid digestion, and then ensures complete, regular, and unflinching elimination of all waste matter every day.

Soon after you start on Kruschen you will begin to feel the benefit. You will find to your satisfaction that you are able to enjoy your food without any distressing after-effects. And, as you persevere, you will see that the relief which Kruschen brings is lasting relief.

Jack Miner and the Birds

From his "Book of Birds."

HOW WILD DUCKS CONCEAL THEIR NESTS

Possibly there is none of our birds that can conceal its nest better than the wild duck. This may be due to the fact that she has to be father and mother both.

In the first place she selects a spot where the foliage, dry sticks or weeds, are exactly the same color as herself. I once found a black duck's nest right beside an oak stump that was charred black by being partly burned away, and really if you weren't careful you might look at her all day and not see her, as she was exactly the same color.

Yes, I know there are lots of people who will say, "Oh, that just happened that way." I tell you right here it did not happen that way. This is a gift to help these creatures out, and there is no man on earth can conceal anything better than a wild duck can her nest. An intelligent man once asked me how I hid when I hunted wild geese. I told him I covered myself with a blanket, and in a few weeks I saw him returning from a hunt carrying a red horse-blanket.

After the duck has the spot selected she gathers a few twigs and so forth but she lays the eggs right on the bare ground, going to her nest late at night and leaving long before the stars disappear in the morning. As soon as the crows start scouring the country, she flies back to the vicinity of her nest. I have seen a duck give a crow an aerial battle three or four times a day. But of course two crows are one too many for her.

From the time she starts laying she covers the eggs very carefully with grass and sticks before they leave the nest, and therefore they are absolutely out of sight and protected from a slight frost, such as we sometimes have after the wild ducks have started laying. When the eight to twelve eggs are laid she pulls down off her breast and covers them. Now comes the question, how can she pack these eggs in that loam, and cover them with sticks and grass, and not leave a sign of a duck to indicate that there is a duck's nest within a mile? This is certainly a piece of shrewd work.

Wild ducks seldom ever leave their nests in the daytime after they start to set. I often go back to the north pond and watch them come home to feed, just at dusk, and they are usually there at twilight in the morning. This compels me to believe they sometimes stay off all night. However, I found this duck's nest, and one extremely hot day I saw her in the pond, so I slipped away with the Kodak and got two photographs. One shows you where the nest is, but I doubt if you could locate it in the picture. After I took one, I removed the down and got another photo-

graph, which of course reveals the mystery. The down keeps the eggs warm until the lady returns; you see, the heat of her body gets the ground good and warm; then she packs the down carefully and firmly around the eggs, which holds the warmth there. She puts the down and all is O.K., for she can stay away twenty-four hours if she sees fit.

Yes, we humans invented a great thing when we produced the thermometer, but to the fowls of the air the invention is as old and as new as this beautiful earth. Then when the young are hatched and old enough to catch insects, the mother starts off with her little sweethearts toddling after her in single file towards home, where she knows she will be helped in raising her family.

Her feathers are slightly ruffled, but this is a wild duck's way of caring for its young. To me it is a beautiful sight, knowing she is on her way to the home park where she will receive food and protection in time of need.

In the next article Mr. Miner will tell about his last family of pet ducks.

CHURCHES DISPLAY UNITY IN ADMINISTERING RELIEF

Moderator of United Church Tells of Assistance Given by Ukrainian Church for Saskatchewan Relief.

TORONTO, Ont., Sept. 3.—Rev. Dr. E. H. Oliver, moderator of the United Church of Canada has arrived from his home in Saskatoon, Sask., and will spend the autumn in interpreting the western situation to the east.

"Most touching is a letter I found on my desk here," said the Moderator. "It is from a pastor of Ukrainian churches in Manitoba, offering on behalf of these people to send a carload of potatoes to the Saskatchewan farmers in distress."

This offer is being acknowledged with thanks and acceptance by the National Relief Committee, which has been set up here since the Moderator's appeal at the end of July.

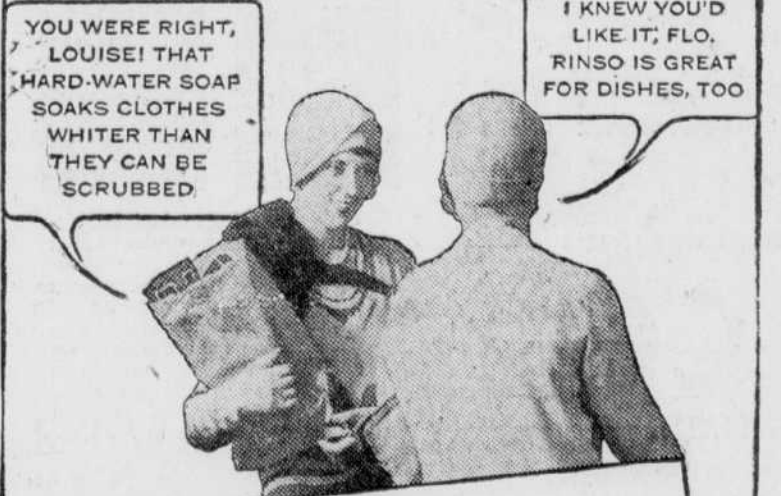

"Dearest," wrote a young man, "I am awfully sorry, but I am getting so forgetful nowadays. I proposed to you last night, but I really forget whether you said 'Yes' or 'No'."

The following answer came by return post: "Dear Jack—So glad to hear from you. I know I said 'No' to somebody, but I really couldn't remember just who it was. Thanks awfully."

MEMORIAL TO THOMAS HARDY WAS UNVEILED

Sir James Barrie, Creator of "Peter Pan," Brought Out Some Interesting Points Regarding Life of Great Writer.

DORCHESTER, England, Sept. 3.—Unveiling of a life-size statue of Thomas Hardy, the work of Eric Kennington, here in Hardy's native Dorsetshire, Sir James Barrie, creator of "Peter Pan," told how nearly the world came to missing altogether the late novelist's services.

"When the child Hardy was born," said Sir James, "the doctor thought him dead and dropped him into a basket."

"That was an anxious moment for this country. But a woman stepped forward to make sure and found he was alive. A statue to this woman—Mr. Kennington could

have done worse than give us that. "What interests me still more is this: "Was Hardy shamming in the basket? If so, that was the only time in his life that he ever shammed."

"Yet knowing what we know of him now, we may think that at his first sight of life he liked it so little that he lay very still. There was never any more faltering."

"The undaunted mind—that was Hardy. He was a great man. That was his hard fate."

The statue of bronze is a seated figure of Hardy placed at the town's western entrance.

THE RANKING MEMBER OF THE HOUSE OF COMMONS.

I have a letter from R. S. White, M.P., written on his return to Montreal after a month's rest at Norway Bay following the close of Dominion Parliamentary session. He gently chides the Editor for playing the deuce with the Conservatives in the recent elections, but philosophically accepts defeat, no doubt with the thought the Conservative principles were not thought or taught in the campaign which followed. But the letter recalled the story told of the veteran journalist by a fellow-newspaper man of an incident in 1886, then representing the Montreal Gazette in the Ottawa Press Gallery.

The writer says that just after Hon. Wilfrid Laurier had congratulated him on the able report in the Montreal Gazette of his speech on the hanging of Riel he met Robert Smeaton White in the press room. Mr. White looked up: "You did Laurier rather well in the Star yesterday," he said, and continued, "What an orator he is! He will rule Canada yet."

Ten years after Mr. White's prediction came true.

In the meantime "Bob," as Mr. White was fondly called by his colleagues in the gallery, was elected member of Parliament for Cardwell County in 1888, and forty-four years after was elected for the House as member for the Mount Royal division of Montreal, which constituency he may have for life, but he is more likely to find comfort in the Senate.

With a keen mind, and a prophetic vision, no man in Canada would add more prestige to the body.

With whimsical fancy, my friend White says: "I had hoped, with you, that Houde might get thirty followers, just to make it more interesting. But it was a debacle."

But this journal withdrew that hope as the Leader of the Opposition followed all the will-o-the-wisps of the unthoughtful in his night-to-night appeals to every wind that breezed across his course.

THE GREATER OR THE LESSER LOSS.

Frankly, the loss of the English Protestant representative in Shefford County to the English column in the Quebec Legislature was not as great a loss as was the appointment to the Superior Court of a French-Canadian lawyer of no consequence who may make a fairly good judge. He was appointed in place of the late Judge Wier in Montreal. This was an injustice, where the blame can be laid at the door of the Hon. Hugh Guthrie, Minister of Justice, who was both hasty and ill-advised. Had it been a man of outstanding ability in his profession there had been something to condone the affair.

There are many judges appointed to the bench who are not of a judicial frame of mind and who have neither ability or knowledge of the law.

Sherbrooke may recall one Judge Globensky, who would write out three or perhaps more decisions, and if any counsel urged him to hurry up within a year or so, that was quite undiplomatic, for the urging lawyer who displayed such boldness had his judgment pigeon-holed and the other fellow's would appear.

It was provoking, but bye-and-bye the legal fraternity learned patience, and waited and waited—until the judge woke up.

What could the counsel say? He might be up for contempt of court, a fearsome thing in some folks' estimation.

In Montreal courts there is a congestion of legal calls, not because of a lack of judges, for there are quite sufficient if they would but put on piece work.

EDITOR'S NOTE BOOK.

Vancouver City gained fifty per cent. in population within the ten-year-census period, counting the suburbs. The growth was from 163,220 in 1921 to 245,307 in 1931—and judging by the tone of its newspapers and the tunes they play, most of the Winnipeg Socialists and Bolsheviks have moved further West. The blame for the world depression is now laid upon the bankers, the rich men who would pull down the pillars and engulf themselves. What petty rot!

Again was it conclusively proven that the interference of political leaders in a field which was closed to them, and in which they had neither business or sense in sticking in their oars, was ever in the nature of a boomerang. The endorsement of the polyglot Quebec Opposition under the guise of Conservatives by a dozen Federal members was an error of judgment and simply aroused the resentment of many Conservatives who support both Bennett

and Taschereau, finding in them a parallel to Ontario's equal admiration for Mowat and Macdonald, some thirty years ago. There may be some right and reason for every man in every province to take an active part in a whole-Dominion election, but the province resents Federal intervention just as this city would decry any dictation in its municipal affairs by outsiders. As a tactician Mr. Houde was a blue-jay, first cousin to the twilight meabird, which is fond of dead ducks.

To arrive in public life, and to gain a place on the seats of the mighty a man should have very sincere friends as he will have inveterate enemies. He will thus be made sensible of his good or his ill-conduct, as Diogenes said: "Either by the censures of the one or the friendly admonitions of the other." No politician should shrink from candid criticism from a friend, but he should be shy of the synophant who ever says pretty things.

The ejection of the Hon. J. H. Thomas from the Railway Union in England, may restore some of his lost popularity with his countrymen. After twenty-six years of outstanding service for his fellow-workers, just because he differed with them on the question of "doles" and other pauper-like institutions which have so gravely injured the status of Britain, the union leaders thrust him out without even a hearing. Such is the ingratitude of the masses when they have been taught in the wrong school. Yet Mr. Thomas is only reaping the whirlwind.

In a recent speech at Edmonton the Hon. R. B. Bennett phrased the difference between men and mendicants when, in thinking of the "dole" which has brought Britain so lowly, "we won't make the thrifty bear the burden of the indolent." Some of the idlers have the Socialistic theory that the world owes them a living, and Mr. Bennett says "the state must not support in idleness men who are able and fit to work." The English "dole" was imposed on the Nation by men who were born lazy and would cater to the votes of men who were born without a think-piece.

Jay-walking could be corrected by a little paint marking the laneways across the street. This would help obviate congestion on the commercial thoroughfare. Grown-ups should know better, but when they were young it was easy to dodge the horse-drawn vehicle. Education must begin with the young, and it is very important and quite easy to teach children to be cautious in crossing a street. Some farmers who do not read or write still fail to carry lanterns on their rigs at nights. Even a bit of coloured glass on the back of their rigs would help, and some kind friend who can read the newspapers should tell them.

A Cabinet triumphant in victory, in which every member acquitted himself with distinction, does not call for much reorganizing. No member would trade his present portfolio for that of Minister of Labour, which is a difficult post and only reaps ingratitude as a reward. The Provincial Treasurership would be a matter of grave concern. It is the only English Protestant portfolio in the Cabinet, accorded by agreement at the time of Confederation to the minority population of British birth and parentage. Brome would possibly have been awarded this portfolio had Colonel Stockwell had the necessary financial training to qualify.

While a ten per cent. cut in the "dole" payments has been decided upon by the MacDonald-Baldwin administration, whereby a man with a family of five children only gets \$7.75 a week it is thought that some sort of work test will be inaugurated so that the payment shall prove who is worthy and who is merely indolent and shiftless. Anyone who has visited London or Dublin knows how shameless comes forth the hands of the men with the instincts of the pauper. Not many years ago a "tip" in America was considered an insult, and the "dole" is a shiftless idea, abhorrent to the New World. It was fastened on England by a Labour administration. Here the able man asks for work, and does not accept charity.

W. and Mrs. Seaton. Miss Madeline Moulton was the guest of honor. A very pleasant social time was spent, and during the evening the Rev. A. W. Seaton, on behalf of the members, presented Miss Moulton with a hand bag, in appreciation of her assistance at the organ, and her loyalty to the society in general. BANQUET WAS TENDERED TO YOUNG FARMERS

Pleasant Social Gathering Took Place in Exhibition Arena Hall Last Evening.

The farmers of tomorrow were the guests of the Eastern Townships Agricultural Association directors today at a banquet in their honor in the Arena last evening. Here young cattle breeders from almost every county of the province assembled and listened modestly to the praise accorded them and the plans made to retain and augment the interest they are showing yearly in Canada's Great Eastern Exhibition. The dinner was under the presidency of Mr. Stephen Boily, of Sherbrooke, "Father of the Young Calf Breeders," who showed that he could fill this social office as capably as he performs his duties in connection with the fulfillment of his life's desire.

Yesterday afternoon, the young breeders took part in the monstrous cattle parade in front of the Grand Stand, proudly exhibiting the pride of their herds. In the vicinity of ninety heads were on display, entries of three being witnessed from Coaticook, Waterville, St. Georges de Beauce, Les Ecoules, Portneuf County, St. Sebastien, Iberville County, Valenches, Berchere County, La Baie du Fevre, Yamaska County, St. Gregoire, Nicolet County, St. Norbert, Berthier County, St. Patrice, Lotbiniere County, Lawrenceville, Shefford County, St. Dominique, Bagot County, Lachute, Argenteuil County, Compton, St. Elie, Beauce County, Repentigny, L'Assomption County, Les Cedres, Vaudreuil County, St. Valentin, St. John County, St. Wenceslas, Hatley, Stanstead County, Ste. Claire, Dorchester County, Bromptonville, Richmond County, Princeville, Arthabaska County, Henryville, Gould, Weonon, Wolfe County and others.

At the head table last evening with Mr. Boily were Col. J. Harry Blue, C. B. Howard, M.P., J. S. Teatrait, Rev. Father N. Codere, W. S. Bullock, J. E. Boily, W. H. Lynch, K.C., Adrien Morin, J. Chagnon, Prof. A. Ness, A. E. McLaurin, L. J. Codere, J. A. McClary, J. McKechnie, W. G. McDougall, E. Manseau, J. A. Gilbert, R. Raynauld, R. Belzil and others. After the boys had done ample justice to the fine supper, Mr. Boily thanked the directors for their kindness in allowing the Arena to be used on such an occasion and then called on Col. Blue to deliver the address of welcome.

The President of the Exhibition told his youthful audience that the successful of the fair in future years rested entirely upon their shoulders. The speaker commented favorably on the conduct of the boys during their stay at the fair and paid a sterling eulogy to their director, Mr. Boily. Tribute was also paid to the work of Mr. Boily in the course of the remarks made by Rev. Father Napoleon Codere, who has allied himself closely to the work of the boys in this department. In a short address, Father Codere told his hearers that success did not depend on the effort made but on the will to do things. He counselled the boys to continue their good work and, as an incentive to encourage more young exhibitors, offered a prize to be awarded each year to first-year exhibitors. In conclusion, Father Codere asked his listeners to exhort their younger companions at home to take pride in their young beasts and to bring them to Sherbrooke.

On account of the limited time and in order to allow the boys enough time to witness the grand stand performance, the remaining speakers were merely introduced and were loudly acclaimed. Mr. J. E. Boily, father of the director, was also introduced and received much applause. Following the speeches the prizes were awarded to the victorious boys' clubs. They were: Trip to Toronto and trophy won by Louis N. Roy and Francois Champagne, St. Georges de Beauce; agronomist, A. Joubert.

Bank of Montreal cup for best judge won by Laurent Chagnon, of Coaticook; Eugene Rioux, agronomist, A. Joubert.

Sherbrooke trophy for best heifer won by J. Denis J. Laporte and F. Coulombe, of St. Norbert; agronomist, A. E. Foucher.

Sir Henry Thornton cup for the best group of three calves won by E. Gordon, Stanley Doyle and E. Bradley, who captured the trophy last year; agronomist, A. Bothwell.

Bank of Montreal cup for best judge won by Laurent Chagnon, of Coaticook; Eugene Rioux, agronomist, A. Joubert.

E. T. A. A. cup for the best calf exhibited on the ground won by Lionel Desseureaux, of Compton. Second prize in this competition was awarded to Louis Joseph Martel, Les Ecoules, Portneuf County. Martel also won meat given by the Tanerode Award firm for the best calf exhibited by a young breeder from the Quebec district.

C. O. Genest & Sons prizes of meat was awarded to Lionel Desseureaux, of Compton, while L. J. Martel captured a special prize of five dollars in gold given by the Union Grains Company, Lennoxville.

A purse of money donated by the T. Eaton Company was won by Alphonse Laforune, of L'Assomption, and Gerard Page, of Les Ecoules. During the evening, the proceedings were livened by community singing of old favorite French folk songs.

WOULD REFER DISPUTES TO THE SUPREME COURT

Louis St. Laurent, K.C., Retiring President of Canadian Bar Association, Outlined New Suggestion Which He Felt Would Be Beneficial to All Concerned.

MURRAY BAY, Que., Sept. 3.—All constitutional disputes arising within the Dominion should go to the Supreme Court of Canada, in the view of Louis St. Laurent, K.C., retiring president of the Canadian Bar Association, who delivered the presidential address at the opening of the association's convention here yesterday morning. If the decisions of the Supreme Court in these cases were allowed to become a final decision, they should be looked upon as a binding authority both on that court and on the Privy Council in all future similar cases. "That," Mr. St. Laurent declared in uttering an opinion to which he committed no one but himself, "would be a first step in making our Supreme Court really supreme, and I am confident that with such a ruling, many constitutional questions would be finally determined here, while there would remain open to the Dominion and the provinces as autonomous and independent governments in their respective spheres, for the disposal of such disputes as any one of them felt had not been satisfactorily disposed of by the Supreme Court. A further tribunal, quite as satisfactory and as expeditious in every way as convenient as one which might be set up under the resolution of the Imperial Conference of 1930."

CANADIAN BAR ASSOCIATION IS CONVENING

Prominent Members of Legal Profession in Canada, Together with Official Delegates from Great Britain, France and United States, Will Be Present at

MURRAY BAY, Que., September 3.—Prominent members of the legal profession in Canada, together with official delegates from Great Britain, France and the United States were present when the 16th annual meeting of the Canadian Bar Association opened here yesterday by His Excellency, the Earl of Bessborough.

Following the Governor-General's opening remarks, Louis St. Laurent, K.C., of Quebec, president of the association delivered the presidential address. The recent death of one of Canada's outstanding jurists, Rt. Hon. C. J. Doherty, K.C., former Minister of Justice, was the subject of a memorial resolution introduced during the day.

Sir Francis Lemieux, chief justice of the Superior Court of Quebec, presided at luncheon at which Maitre Fernand Payen, Batonnier of Paris delivered an address.

Various reports were made yesterday and today and during the day Herbert F. Goodrich, vice-president and dean of the law school, University of Pennsylvania and representative of the American Bar Association, will speak.

WATER SUPPLY INTERRUPTED
QUEBEC, Sept. 3.—For the second time this summer the water supply of the city of Quebec was partly interrupted Tuesday when a 40-inch aqueduct pipe became dis-jointed on the farm of Charles Parent at Charlesbourg. Authorities cut off the flow through this aqueduct and immediately started repairs.

TRADE UNIONS CONGRESS TO FAVOR TARIFF

Bristol Assembly Expected to Favor Imposition of Revenue Tariff as Alternative to Wage Reduction.

LONDON, Sept. 3.—The General Council of the Trade Union Congress left London yesterday for Bristol, preparatory to the opening there next week of what will be perhaps the most momentous annual convention ever known to this assembly, which represents more than 2,500,000 workers.

The draft of a supplementary report in which the political events of the last two weeks are reviewed, has been prepared for consideration by the general council prior to its presentation to the Congress.

Alternatives to the Government's economy proposals already suggested by the general council are the suspension of the sinking fund, the taxation of fixed interest-bearing securities and the establishment of a revenue tariff in preference to wage cuts and reductions in the expenditures for social services.

It is believed the majority of the general council favor a revenue tariff, but whether the council will recommend that the Congress commit itself to this principle without qualification is doubtful. So far the trade union movement has never committed itself definitely to tariffs.

Rt. Hon. Arthur Henderson, recently elected leader of the Parliamentary Labor Party, will attend the Congress to express his views on the tariff and other subjects. Many delegates doubtless will have authority from their constituents to vote as they think fit after hearing the report of the General Council and speeches by Mr. Henderson and other leaders.

"I say, old man, what happened to that parrot of yours?"
"Oh, I married, you know, and it died of a broken heart."
"Jealousy, I suppose."
"Well, not exactly. It couldn't stand the competition."

WOMEN FIGHT PISTOL DUEL OVER SENOR'S AFFECTIONS

Duel Resulted in Serious Injury to One Woman, Who Fell With a Bullet in the Chest.

MEXICO CITY, Sept. 3.—Two women fought a pistol duel yesterday as the result of rivalry for the affections of Sergio Silva, a tailor, and one was perhaps mortally wounded.

The duel, fought without seconds on a field on the outskirts of the town, ended when Senorita Sofia Mendoza fell with a bullet wound in the chest. The shots attracted a policeman who sent Sofia to a hospital and took the other duelist, Maria De Los Angeles Garcia, to jail.

DYNAMITING OF TRANSMISSION LINES RESUMED

Sections of City of Montreal Deprived of Power and Light as Result of Another Outbreak of Sabotage.

MONTREAL, Sept. 3.—After a week of freedom from acts of vandalism, the Montreal Light, Heat and Power Company suffered another interruption to its service late Tuesday when two steel towers bearing high tension transmission cables were dynamited near St. Vincent de

Paul. The towers were the property of the Shawinigan Water and Power Company and carried the main lines of power transmission supplying the city of Montreal.

For some weeks, during a strike of the linemen of the Montreal Power Company, similar acts were of almost daily occurrence, and large squads of armed guards were employed to protect the property. Tuesday night's happening was the first of this kind since the strike was settled more than a week ago. It was stated by Power Company officials that the guards had been kept on duty until Monday night last, and that some of the strikers had not yet been re-engaged.

bread was exceptionally good, and the cooking in all sections was of a very high standard.

The sign "Dog Show—Chiens" on the building set apart for canines, attracted large crowds all day long yesterday and the illuminating sign at night drew like magic.

That Sherbrooke is full of dog lovers is quite evident.

The interior of the building was full of "loud speakers," in a barking sense, all clamoring for a little attention and a lot of love, though one little hairy chap was rather high-hat and bit the finger of a too-friendly visitor, who took the accident in good part, however, quoting to the apologetic attendant, a legal formula, that a "dog is entitled to one bite."

He took his wounded hand to the St. John Ambulance Brigade's First Aid room, not far away, where it says "Minor accidents attended here," and where previously a little girl who had been too venturesome with a monkey had a bitten hand dressed.

One of the earliest entries to the dog show was a little Peke brought by a laughing woman, and carried in one of the two-handled paper bags, and which was being carried around the grounds. Its head protruded from the bag unconcerned as though a paper bag was its usual conveyance.

There were 163 entries, thirty more than last year, and the authorities, including Mr. Robert Ross of Montreal, is judging the dogs and the show is under the supervision of Messrs. Forrest Keene and J. M. Rennie. The show superintendent is Mr. Alvin Hatch.

"It's the biggest show we've ever had," said Mr. Rennie, "with a very large out-of-town entry, especially from Ontario, and from as far away as Oakville." Among the chief exhibitors are Mr. Ted Ward, of Oakville, and Mr. Alf. Love-ride, of Toronto. The Whiz Bang Kennels, of St. John's (Que.) has a large entry.

Most prominent among the dogs seen, and heard, on a tour of the building, were wire-haired terriers, like the little chap who sits patiently every day outside the Fair Manager's office waiting for a word from his owner, Colonel Francis, scalyham terriers, English pugs, spaniels of many kinds, some Boston bulls, and one big dangerous-looking beauty of the "What-we-have-we-hold" variety, and there was one new breed of police dog.

The judging in this department has been concluded, the judge, Mr. J. M. Gardhouse, of Western Ontario, expressing himself as thoroughly satisfied with the exhibits which were about normal in quantity but showed marked improvement in quality.

The prizes in this department were won as follows:

EXHIBITION NOTES

With a sad neglected air, like an ancient beauty shrouded aside by modern young flappers, stands a crippled, rusty and faded vehicle, but rallied off to protect it from the jostling of smart and flashing motor cars. It bears a sign telling of historic significance.

Old Stage Coach.

Stanstead-Boston route.

1352-1877.

Property of J. Hackett, K.C.M.P.

What wonderful stories this romantic old coach, once brilliant red, but now dull with the passing years, could tell if its tongue were not broken!

The children's exhibition, the judging of which will be completed today, covers a wide field, entries having come from over a great extent of territory from Town to Bonaventure county, said Miss Doreen Stewart who is in charge.

An attractive, as well as educative, feature in the Arts and Floriculture building, is a group of luncheon tables set with flowers and candles in artistic color schemes, from which ladies who are planning parties in the near future are quietly taking hints.

A unique exhibit in the Fine Arts department is one entered by a new Canadian. The exhibit occupies thirty feet of wall space and is well worth it. An artistic sign, a rough original etching of Viking ships on a panel, bears lettering explaining:

"Norwegian weaving."

"This art is old as the Vikings. The patterns are both ancient and modern. Only pure hand-dyed wool is used. Great skill and taste is required to make a perfect rug. This work is done by Mrs. Svanang Bang, of Montreal."

The precious collection is being taken particular care of by Mrs. Stephenson, of Montreal, judge of women's and children's work at the Ex.

FRAGRANT COFFEE AT A. & P. BOOTH

A fragrant spot in the Main building and one continually surrounded by people anxious to know where to be sure of getting good coffee, and also how to make it, is the A. & P. booth. Instantly a bevy of alert young women will vie with each other in an effort to play hostess and serve the finest cup of steaming

UNIDENTIFIED MAN FOUND IN MAGOG RIVER

Tragedy Discovered This Morning—Police Authorities Are Investigating Matter.

Washed up against the shore of the Magog River, near the city limits, the body of an unidentified man was discovered at a late hour this morning. Passersby who found the corpse immediately notified the chief of Police H. O. Camirand, who is investigating the matter.

From meagre information available it is presumed that the man met death while on a hunting expedition. A factor strongly in favor of this argument was the finding of a canoe and rifle near the spot where the body was discovered.

The case is being closely probed by police authorities, who are endeavoring to trace the man's identity and address. Coroner Bachand was also advised this morning, and will conduct an inquest as soon as the officers have terminated their work.

BOSTON BRAVES LOST ANOTHER DOUBLE HEADER

Fell to Sixth Place in National League Standing—Senators Won Third Straight Victory Over Athletics.

NEW YORK, Sept. 3.—Despite the best efforts of Judge Emil Fuchs' pocketbook and the recognized managerial ability of Bill McKee, the Boston Braves at last appear to have hit the skids for fair. Seldom has a club made a more promising start than they did this spring, and seldom has one fallen apart more completely once they hit the downgrade.

Losing another double-header to the New York Giants yesterday, 9 to 2 and 3 to 1, the Braves for the first time this year fell into sixth place in the National League standing. The Pirates, who passed them by a half game, it's easy to remember when they were up in the first division, giving them all a run for their money.

Contrary to Manager McKee's pre-season belief, his club has not proved "just as strong as its pitching staff." The hurlers have done amazingly well, but the team's hitters have fallen down woefully. Wally Berger at present is the only member of the team hitting over .300. He has a mark of .320 while Red Worthington, next in line, was hitting .297 through yesterday's games. Wes Schulmerich, the expensive coast rookie, is hitting only .283 and "Brocho" Urbanski, the high-priced one from Montreal, .222. With such hitting, the Braves have made twenty-one runs in losing ten of their last eleven games. They are an easy last in club batting.

Yesterday they fell one-sided victims to the shoots of Carl Hubbell, Giants' southpaw, and Roy Parmelee, a rookie making his first start this year for the McGrawmen. Hubbell yielded eight hits in the first tilt, but Parmelee cut the Braves' quota down to four in the nightcap. Berger made two doubles in the first game and one in the second.

Given steady pitching by El Johnson and Larry Benton, the lowly Cincinnati Reds came near knocking the Chicago Cubs out of third place with a double victory, 7 to 4 and 8 to 4. It was third twin killing credited to the Reds in as many weeks. Johnson fanned eight Cubs in the opener. His mates, led by Harvey Hendrick, knocked Root from the box in the sixth.

The Washington Senators supplied the day's highlight in the American with their third straight win over the Athletics, 5 to 2. As a result, the A's had a bare thirteen and a half game lead today. General Alvin Crowder, pitching his second victory over the champions within four days, gave up only six hits and had a shutout until the ninth inning.

Noble relief pitching by Ivy Paul Andrews, recently brought in from Jersey City, enabled the Yankees to overcome a five-run lead and nose out the Boston Red Sox, 7 to 6. Andrews allowed only two hits after the Sox chased Gordon Rhodes in the third. Babe Ruth spanked his thirty-eighth home run with none on in the first.

The Detroit Tigers made it two out of three for their series with the St. Louis Browns by dividing their double-header, winning the first 5 to 4, and dropping the second, 7 to 3. Vic Sorrell allowed the Browns ten hits in the opener, but was tight in the pinches. Three doubles by "Red" Kress, St. Louis clean-up man, helped beat Elton Hoggset in the second.

Urban Faber's pitching and batting enabled the Chicago White Sox to finish the day one up on Cleveland's Indians. The veteran buster Mel Harder, 3 to 2, in the first. Darkness halted the second fray with the score tied, 4 to 4, at the end of the sixth inning.

BASEBALL'S BIG SIX
Bill Terry is right back where he was a year ago, leading the National League batting race, but the Giant first baseman's present average is a far cry from that he boasted last September 3. Where he was going at a sensational .411 clip a year ago, Terry found a comparatively modest .348 sufficient to top all rivals today. Al Simmons, leading the American League with a mark of .365, is only eight points below the average held by the leader a year ago, Lou Gehrig.

The standing to date follows:
G. A. B. R. H. P. C.
Simmons, A's 112 452 58 114 .395
Ruth, Yanks 122 455 127 173 .380

HOME RUN STANDING
Home runs were recorded yesterday by: Ruth, Yankees, 1; Goslin, Browns, 1; Manush, Senators, 1; Bluege, Senators, 1; McManus, Red Sox, 1.

The leaders in the home run division were: Gehrig, Yankees, 40; Ruth, Yankees, 38; Klein, Phillies, 31; Averill, Indians, 29; Ott, Giants, 26; Fox, Athletics, 24.

GEORGE YOUNG WON SWIMMING CHAMPIONSHIP

Toronto's "Catalina Kid" Finds Himself Once Again Popular Idol of Fellow-Citizens, Following Smashing Victory in Professional Swimming Championship.

TORONTO, Ont., Sept. 3.—By reason of his smashing victory in yesterday's fifteen mile men's professional swimming championship at the Canadian National Exhibition, George Young, Toronto's "Catalina Kid" today finds himself once again the popular idol of his fellow citizens.

A dismal failure in every contest since he won riches and fame by finishing first in the Catalina Island Marathon of 1927, young regained his lost prestige in the frigid field of the world's best long distance performers to cross the finish line eight hours, eight minutes and twenty-six and three-fifths seconds after plunging off the starting float at eleven o'clock in the morning.

More than one hundred thousand spectators shouted tumultuous acclaim as the small cannon at the finishing line boomed forth the news Young had won the coveted title and ten thousand dollars in cash.

One hour seventeen minutes and ten seconds behind Young came William Goll, good natured New Yorker, who receives two thousand five hundred dollars for his day's cash.

Third and last to finish was the Bluenose High School boy, Warren Anderson, of Sydney, N.S., who won the admiration of everyone by his rare display of courage. Darkness had descended on the course, the cool night air caused spectators to shiver but the Maritime hero ploughed steadily on to cross the finish line at 11:25 o'clock, just twelve hours, nine minutes and thirty-six seconds after he had started, to win one thousand dollars.

The balance of the hundred and eighty starting competitors lost out in the battle against the numbing water. Some had a portion of the prize money almost within reach when human resistance bowed to the greater force of nature and they were taken out on the verge of unconsciousness.

The Toronto competitors, Alfred Sully and Ernst Vierkoetter, were harshly dealt with by the marathon fates. The former was in third position when taken out while the popular "black shark" had less than a lap to go when he gave up the unequal struggle.

Herman R. Danklef, Detroit, and J. R. Walsh, North Bend, Ohio, were another pair in the prize money when forced out.

TWO VETERANS ALONE REMAIN IN GOLF FIGHT

Francis Quimet and Francis McCarthy Only Two Survivors Among Eight Seeded Players—Somerville, Canadian Champion, Defeated Yesterday.

CHICAGO, Sept. 3.—As the skirmish for the National Amateur Golf Championship bounded down the quarter-final stretch today, only two of the eight seeded players, Francis Quimet, of Boston, and Maurice McCarthy, of New York, remained in the running for Bobby Jones' vacated crown.

C. Ross Somerville, of Montreal, the Canadian champion and final foreign threat, was upset by Fay Coleman, of Los Angeles, whose chief previous claim to fame was that he lost to Bobby Jones in the quarter-finals at Merion last year. Coleman defeated Denmar Miller, of Des Moines, Iowa, before he tackled Somerville and will face McCarthy today.

Two youngsters, Billy Howley, 19, of Richmond, Va., and Paul Jackson, 21, of Kansas City, out-and-out strangers in the big show, reached the select eight yesterday while the remaining survivors were Jack Westland, of Chicago, and Lester Bolstad, of St. Paul, over the first two rounds for the first time in their golfing experience; and Arthur "Ducky" Yates, who managed to get into the second round by upsetting George Von Elm at Bras Burn in 1928.

Quimet alone was the hope of the "Old Guard," which sadly surveyed the fortunes of war from the sidelines today. But the "boy wonder" of seventeen years ago was back on the sound game that made his name famous and probably stood out as the one big favorite in the fight. He faced Jackson over the safer and saner thirty-six hole quarter-final round today.
