MAYOR WALTER MERRILL WILL OPEN CARNIVAL-FAIR TONIGHT AT FORUM

Westmount Club Stages Attractive Event to Aid Local Charities — Organization Pony Mascot Is Appointed Master of Ceremonies — Midway Side-shows, Sophisticated Attractions and Booths Promise First-Class Entertainment

His Worship the Mayor of Westmount, Walter A. Merrill, K.C., will conduct the opening ceremonies of the Carnival Fair tonight to be held in the Forum Building, it was announced by Arthur F. Cayford and William F. Close, joint chairmen of the Fair. The Carnival which will continue Friday and Saturday, is being sponsored by the Rotary Club of Westmount to raise funds in aid of the Montreal Children's Hospital, the Julius Richardson Convalescent Home, the St. Patrick's Orphanage and the Rotary Community Chest Fund. Modelled on Rotary Fairs that have been so successfully held in other cities and towns throughout the country, the centre of attraction will be a modern streamlined version of the old fashioned Midway designed, by Hans Berends. More than 32 age-old entertainments, to revive the memories of grandmother's day, and more sophisticated attractions to what the appetites of the more blasé, will be housed in the booths of the huge Midway.

Rotary Pony as M.C.

The Rotary Pony, who has endeared himself to the hearts of adults and children alike with his gentleness, intelligence and tricks, will preside for the three days during which the Fair will be held, in his capacity, as Mascot of the Rotary Club of Westmount. As far as the children are concerned, it is predicted he will be undoubtedly the "star" of the show.

Albert Murray, the noted professional instructor at the Beaconsfield Golf Club and Canadian Amateur and Open Golf Champion, who has donated his service to this cause, will test the eye and skill of many experts in a game of golf of his own invention. Mr. Murray's "Hole-In-One" golf will be especially popular at this time of the year.

Regular Fair Features

Inside its colorful exterior, the Midway will feature every conceivable type of show and game. Fun, frolic and music will be the keynote of entertainment. The latest innovation in this field in New York that made its first appearance recently at a big benefit show, will be seen and can be played in Mon real for the first time. "Hoop-la" was designed by Mrs. Whitney Bourne, prominent New York socialite and designer of many of the most popular at-

HOWARD PATCH DIES TUESDAY IN 59TH YEAR

Westmount Man Was Founder of Well-Known Jewellery Firm — Held Captain's Rank in Great War

Founder and president of the firm of Howard H. Patch Limited, jewellers, Peel and Burnside streets, Howard H. Patch died Tuesday at the Private Patients' Pavilion, Montreal General Hospital after a short illness.

Mr. Patch, who was in his 59th year, lived at 118 Aberdeen avenue in Westmount.

Born at Kingston, Ont., he attended public school there, later coming to Montreal where he attended Montreal High School. Upon graduation he joined the firm of Henry Birks and Sons.

Shortly after the Great War broke out, Howard Patch joined the 5th Royal Highlanders of Canada as a subaltern and qualified for rank as a lieutenant not long after. He went overseas with the 73rd Royal Highlanders of Canada as a lieutenant in 1915, and after training in England where he was promoted to captaincy, crossed to France with his regiment. He was wounded at Vimy Ridge in 1917.

Returning to Canada following the war, Mr. Patch founded the firm with which he has been connected since. He kept up his regimental affiliation until his death, being treasurer of the Black Watch Association for many years.

One of his daughters, Margaret Patch, was among the survivors of the torpedoed liner, Athenia.

Mr. Patch is survived by his mother, Mrs. J. S. Patch, his wife, the former Marjorie Morgan; his brother, Dr. F. S. Patch; and five other children, Alice, Howard, Colin, Mary and Frances, all of Montreal.

PLAYGROUNDS FULLY STAFFED BY NEXT WEEK

Supervisors Will Be on Duty At All Westmount Parks — Putting Greens Open At King George

All the Playgrounds in Westmount will be fully staffed this coming week. On Monday Mrs. Brennan and Miss Karik take up their duties. Mrs. Brennan will be back on Westmount Park to look after the playground activities for the girls, while Miss Karik will be at Prince Albert Park.

Until the beginning of July, Mrs. Brennan will be at Westmount Park from 4.30 in the afternoon till dusk. Miss Karik will be in attendance at Prince Albert Park from 2.30 in the afternoon till 6.00 p.m.

With Supervisors on duty at all the city parks, it is suggested that the parents request their children to play in the parks and take full use of the facilities offered.

Commencing this evening Ronnie Fyfe, playground supervisor at Stannard Park, will be in attendance at the King George Park putting greens every Thursday night. Fyfe is a good golfer and competent instructor and will be only too glad to help any of the people practising on the course.

Putting tournaments will be inaugurated within the next couple of weeks for both seniors and juniors. These competitions were very popular last year and should be more so this season.

Businessmen Will Aid Victory Drive

The Business Association of Westmount will look after distribution of all advertising matter to Westmount merchants in connection with the Victory Loan Campaign, it was announced by President Eric Ohman at an executive meeting held Tuesday night.

Canvassing for bond subscriptions also will be undertaken by the association and any members wishing to participate in the canvass are asked to contact President Ohman as soon as possible.

The association also would appreciate members decorating windows of their business establishments in harmony with the Victory drive.

ON THE FIRING LINE

HARRY COLLIS, left, and FRANK COLLIS, brothers and former residents of Westmount now in England. Sons of Mr. and Mrs. Collis residing at 2084 Claremont avenue, Harry 25, has been serving with the Royal Air Force since May 15, 1940, while Frank 22, has been a member of the London police force for the last three years. He was prominent in athletics at Westmount High, playing on the school's hockey and football teams. He was hit by a bomb fragment at Christmas but returned to duty shortly after.

Westmount Woman Lauds Civilians In England

Mrs. Ethel Collis, Recently Returned From Visiting Her Sons Serving in Britain, Describes Courage And Determination of British People — Experienced Many Air Raids in Year Spent Near Aldershot

The British people's determination and will-to-win were the most impressive features of war-torn England to Mrs. Ethel Collis, who returned recently from a year ago to visit her sons Harry, 25, and Frank, 22, former students at Westmount High, now serving overseas.

Harry, who was married last September 15 to Rose Finden of Alton, England, has been a pilot in the Royal Air Force since May 15, 1940, while Frank, a well-known athlete in his days at Westmount High, has been connected with the London police force for three years.

"I went over to see my boys about a year ago," Mrs. Collis said, "intending to stay only a few months but I couldn't get a boat back until just a short while ago. My passage back home, taking 10 days, was uneventful, but the ship in which I travelled was bombed on its return journey I'm told, a shell tearing through one of the funnels."

People in the western hemisphere have no idea what civilians in England are going through, Mrs. Collis said. "But with all the destruction, they keep going and become even more determined to see the thing through."

"I lived with friends near Aldershot most of my stay, and was in many bombing raids. I never went into a shelter, however, preferring to huddle in a corner of the house or get beneath a bed. That's the way a great majority of people spend the nights, sleeping under beds or tables."

"To me the growling of enemy planes overhead was just as nerve-racking as the actual impact of a bomb falling nearby. You huddle there, just waiting for them to pick out your house. It isn't very nice."

J. C. Binnie Earns RCAF Promotion

Promotions announced by No. 3 Training Command of the Royal Canadian Air Force this week gave J. C. Binnie of Westmount, the rank of squadron leader.

A member of the personnel staff, Squadron Leader Binnie is next ranking officer in the branch to Wing Commander H. O. McDonald, recently promoted to head the staff.

Born in Westmount, Sqn. Ldr. Binnie practised law with Phelan, Fleet, Robertson and Abbott prior to joining the R.C.A.F. in March, 1940. In civil life he also was treasurer of the Westmount Municipal Association.

Last November he was appointed A.D.C. to the Lieutenant-Governor.

GYRETTE CLUB

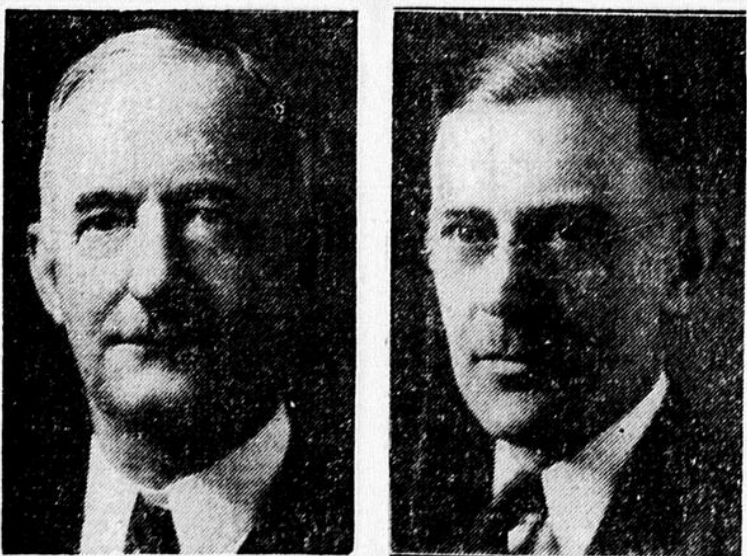

The Gyrette Club of Montreal will hold its regular monthly meeting on Monday, June 2, at 2.45 p.m., at the home of Mrs. L. B. Stilwell, 574 Grosvenor avenue. All members are requested to attend, as this will be the last meeting until September.

MAJ. T. KEEFER DIES SUDDENLY

A resident of 267 Olivier avenue, Westmount, Major Thomas C. Keefer died suddenly yesterday morning at his summer home near Dalesville following a heart attack.

In recent months Major Keefer had been living in Ottawa where he was attached to the Department of Munitions and Supply. The body was taken to Ottawa for burial, funeral details being unannounced as yet.

Born November 12, 1889, Major Keefer graduated from the Royal Military College at Kingston and served with distinction in the Great War. He was chief instructor at the Engineering Training Depot at St. Johns, Que., for a time, while he served with the rank of major in the reserve from 1921 until 1927 when he went on the retired list.

Arthur F. Cayford, left, and William F. Close, co-chairmen of the Rotary Club of Westmount's gala Carnival-Fair who have completed the extensive task of organization and tonight will turn over the reins, as it were, to fellow-members upon whose efforts, success of the event will depend. The co-chairmen's large-scale plans have taken approximately three months to complete.

Norma Shearer To Attend Loan Rally

The Victory Loan Campaign in Westmount will be launched on a large-scale next Wednesday night in Westmount Park with a mass rally, featured by the appearance of Norma Shearer, famed motion picture actress, as one of the chief guest speakers.

Miss Shearer, a native of Westmount, is arriving by plane from Hollywood the afternoon of the rally, accompanied by friends from the movie colony. The Canadian-born actress wasted no time in answering the Westmount committee's request to participate in the event.

Arrangements are being completed to bring other outstanding speakers to Westmount and more definite news along this line is expected within the next few days.

PLAN SPECIAL SERVICE FOR FLT.-LT. HYDE

Memory of Flier Killed "Somewhere in England" To Be Honored at Erskine and American United Church

A memorial service for Flt.-Lt. George Gordon Hyde, R.C.A.F., will be held Monday at 6 p.m. in Erskine and American United Church, it was announced.

Killed on active service "somewhere in England," Saturday, May 17, Flt.-Lt. "Kewpie" Hyde, as he was better known, was a graduate of Westmount public schools and Westmount High School.

He had joined the R.C.A.F. and won his wings prior to the outbreak of war and went overseas early last summer with the 115th Fighter Squadron as a Flying Officer.

He saw service with the No. 1 Fighter Squadron and was wounded, later returning to action.

A detail of 20 officers representing No. 3 Training Command Headquarters, No. 1 Wireless School and the Aeronautical Engineering School will attend the service. Sqn. Ldr. the Rev. G. S. Oliver, chaplain of the R.C.A.F., also will attend.

Flt.-Lt. Hyde is survived by his parents, G. Gordon Hyde, K.C., M.L.A., and Mrs. Hyde, a brother, Captain Richard Hyde, R.C.A., at Petawawa, and one sister, Shirley.

Local Air Cadets Will Be Inspected

No. 1 Westmount Squadron, Air Cadets of Canada will parade this afternoon on Westmount Park at four o'clock under command of Cadet Squadron Leader H. P. Hiley.

Following inspection, Air Commodore M. P. C. Walsh will take the salute from the steps of Westmount Intermediate School on Academy Road as the squadron marches past.

"Normality" Of Britons Described To Rotarians

The "extraordinary normality" of the people in the British Isles under dire conditions keyed an address yesterday by A. D. Dunton, editor of the Montreal Standard, who spoke at the Rotary Club of Westmount's weekly luncheon in Victoria Hall.

Titled "Six Hundred Million Dollars," Dunton's talk was linked with the current Victory Loan Campaign throughout the Dominion, the speaker stating that if Canadians could visit England and experience over a particle of what the people there are going through, they surely would contribute five times what they had intended donating for War Service.

Recently returned from a month's stay in England, travelling to and fro by bomber plane, Dunton spoke glowingly of England's civilian population, the "backbone of the nation."

"The army, navy air force are doing magnificent work," he said, "but it is safe to say England

RICHARDSON IS RE-ELECTED TO DOMINION BODY

Captain of Westmount 1st Company Re-Named Vice-President of Canadian Council, Boys' Brigade

The Canadian Dominion Council, Boys' Brigade, meeting this year in Montreal, re-elected Capt. J. Howard Richardson of the First Westmount Company, their Dominion Vice-President, on Saturday evening.

Captain Richardson has been most active in Brigade work since its inception in Eastern Canada and has been instrumental in extending the movement into many new centres.

This meeting was preceded by a most interesting Review and Display, inspected by Lieut. Col. McGibbon, who lauded the boys on their ability to carry out such a splendid program. Due to adverse weather conditions, this display had to be held in the Grenadier Guards Armoury instead of in the Town of Mt. Royal Recreation Centre.

Last Friday evening, the First Company held its annual Inspection and Display, having as their guest inspecting officer, Lieut. D. A. Grant of the Legion of Frontiersmen. He was accompanied by Police and Fire Chief W. W. Gough on the tour of inspection. During the evening, the company gave a demonstration of various drill movements followed by a drill down competition, which was won by Private Fred Fraser, one of the newer recruits. A Brigade tie-pin was awarded him.

Sergeant Bob Morrow gave a very interesting demonstration of the work being done by the Brigade overseas, emphasizing the A.R.P. and Fire Fighting squads at work. Boxing and group games were also featured, while community singing was led by Staff-Sgt. James Patterson with Miss Bertha Ferguson at the piano.

Lieut. Grant, in his remarks, lauded the boys on their turn out and related recent instances where ex-B.B. boys had been awarded the D.F.C. in the R.A.F. He was pleased to see the splendid way they were aiding the National Service agencies and told them to hold their standards high, as has the Boys' Brigade, since its inception in 1883.

The following awards were presented jointly by Lieut. D. A. Grant and Chief W. W. Gough. First Aid Badge: Lance Corp. Edwin Goring, Three Year Anchor: Corp. P. DiCicco, Lance-Cpl. Harold Braithwaite, Pte. Eric Davies, Pte. Paul Glasgow, Pte. Knute Sorensen, Lance-Cpl. Everett McKinlay and Lance-Cpl. Edwin Goring, 1st Year Stars: Cpl. P. DiCicco, Lance-Cpl. H. Braithwaite, Lance-Cpl. E. McKinlay, Lance-Cpl. Edwin Goring, Ptes. David Call, Knute Sorensen, Robert Burris.

Education Certificates to Pte. David Call, The 1st prize for B.B. week went to L.-Cpl. Edwin Goring, the 2nd to Pte. Robert Burris and 3rd to Cpl. Paul DiCicco. Pte. Doug Lyle received a cycle pennant for highest points (Continued on Page 2)

wouldn't last much more than a week if the spirit of civilians gave way. It is their L. redible normality and will-to-win spirit that is mainly responsible for keeping Britain the mighty nation she is. "It is amazing to witness the manner in which they accept loss of their homes and above all the way they accept the drastic deterioration in their standard of living, which, if you had to experience it, would prove harder to face than loss of property."

"But despite all this, they continue to make even greater sacrifices. They have astounded their own government with the manner in which they have contributed and continue to contribute funds to aid in the production of equipment to defeat Hitlerism."

Canadian civilians, like those in the British Isles, the speaker concluded, can go on "active service" by re-coupling their efforts in raising the vast sums of money so necessary for the preservation of democracy.

MONEY MEANS VICTORY!

Recent events lend terrible emphasis to the necessity of raising more money for the prosecution of the war. It is vitally necessary that the present appeal for \$500,000,000 be subscribed. We have got to continue doing the impossible. This year, we are committed to supplying Britain with nearly a billion and a half dollars worth of war materials for which we are to receive only some \$350,000,000—and we have to finance our own effort in addition! We have shown the world some financing that would have been deemed impossible five years ago; but we've still got to show them an awful lot more. It therefore rests upon every one of us to lend to the utmost of our ability, and to thank our good fortune that we are getting some interest on our money, and that the cost of our food and clothes and shelter and entertainment is still at a reasonable figure. In Germany and Russia money isn't raised voluntarily by interest-bearing bonds; the government takes what it wants, when it wants it, pays nothing for the use of it, and won't pay any of it back. We've got to do a bit of that, too, by means of taxation; but the more we lend the less the government will have to tax. So now, all together. Every shoulder to the wheel! It's got to be 'over the top' again!

A WELL-FOUNDED PLEA

The Provincial Treasurer, the Hon. J. A. Mathewson, has under consideration the position in which the new 20-per-cent, federal tax on admissions to moving picture theatres placed the cinema industry and the public in this province. The industry has asked the Quebec

Government to either remove or reduce the tax which the province has been collecting, and the plea rests upon an exceptionally strong foundation. The position here is different from that in the neighboring province of Ontario, in that the Government of that Province does not tax this class of amusement—which is also an educational medium—so that the new federal impost which becomes operative on the nineteenth of this month creates a duplication. What is worse, it builds a pyramid, and it places Quebec theatres and their patrons at a distinct and very serious disadvantage. An adjustment of some sort has been sought in Ottawa, but without success, and the appeal is now made to the Provincial Government as the only remaining source from which relief can be obtained. As explained in the brief submitted by the Quebec Allied Theatrical Industries, Inc., the movie-goer in Quebec is obliged to pay to the province not only an amusement tax but a surtax as well, amounting jointly to about 15 per cent, and with a new federal tax superimposed, the total tax on each ticket will amount to 35 per cent, or thereabouts, an impost unequalled anywhere else in the world.

The Minister of Finance, Mr. Ilsley, is represented as holding the view that a reduction in moving theatre attendance as a consequence of this duplication would not be objectionable from the point of view of the Federal Government. Presumably, this attitude is based upon the theory that moving picture entertainment is a luxury and that the money spent upon it, or a substantial share of this money, should be diverted to other channels. Against this it is argued, and with considerable force, that the moving picture theatre, generally considered to be the recreation centre of the great mass of the population, is receiving discriminatory treatment, the tax being in no way applicable to higher priced amusements whose patrons would be in a better position to pay a tax of such severity. Mr. Ilsley, however, is adamant, and unless the provincial government is disposed to afford some relief the result will be a hardship to Quebec citizens as well as to an industry in which a large volume of capital has been invested. If Mr. Mathewson, in these circumstances, can see his way to a substantial modification of the provincial tax he will be doing something well worthwhile for the people of Quebec.

The Examiner's Hidden Titles Contest

The Westmount Examiner's Hidden Titles Contest is run with the kind co-operation of Mr. Godel, manager of the Westmount Theatre. Each week twelve passes are given to the six lucky winners who comply with the following requirements:

Simply find the two "ads." in the current issue of The Westmount Examiner in which the names of the two feature pictures being shown at the Westmount Theatre during the first half of next week are hidden. Submit all answers to The Contest Editor, The Westmount Examiner, 2191 Hampton Avenue, using the special coupon provided in each issue for the purpose.

Contestants must be over 16 years of age. Residents of Westmount, only, are eligible. All answers must be in this office not later than Wednesday, and the names of the winners will be published in Thursday's issue.

A convenient coupon will be found elsewhere in the paper. The winners are drawn from among those who submit the correct answers, as, unfortunately, it would be impossible to give passes to every one submitting the right answers.

The winners of last week's contest are as follows and their passes will be re-issued in Monday's mail.

THE FORUM

Conducted by HOWARD S. ROSS, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper and it does not accept responsibility for them.

Often foreign names bother us but here are a few Ontario names that might be just as puzzling to people of the African desert or Albania as Mogadiscio or Kamshisht are to a Canadian: Onondaga, Albarie, Garafraza, Melanethon, Ojibway, Esquesing, Nassageways, Elzevir, Tyendinaga, Cataract, Wawanosh, Assiniback, Tenkumham, Matchedash, Nottawassaga, Tossoronto, Palpoonge. The other provinces could add to the list. British Columbia could furnish a good list with its Chilliwack, Saanch, Cowichan, Ymir or Similkameen.

The American press discloses that the sentiment that leads to war is stronger in the South than elsewhere in the U.S.A. Some think recruits are more abundant because of low rates of pay for civilian work of all sorts. The Baltimore Sun thinks that because the South once knew what it was to have a conqueror's heel on her soil, she will go to all lengths to keep it from happening again. Some think it is a matter of climate and temperament, others that the South is more than ordinarily sensitive to propaganda, and others believe the small amount of non-English strains in the population of the South has its effect.

During recent years much was written in France and also in our Province on the proposed economic system called Corporatism. It was generally agreed among the anti-marxist political economists that the Parliament elected by universal suffrage should be replaced by an economic Parliament in which the interests of the managerial class, labor, the farmers and the consumers would be equally represented. It is argued that since profit-making has always proved both necessary and dangerous, it should be kept as the motive power of the economic engine, but that its dangerous elements should be removed by state control.

William Henry Chamberlain, American journalist of the first rank, who gained international reputation as a correspondent in Germany, Russia, Japan and France was taking the long view when he wrote in the Christian Science Monitor: "The continuity of the fine old liberal civilization of the nineteenth century was interrupted by the First World War; and this war itself was a result of the failure of collective intelligence and good will to grapple effectively with some knotty problems which were posed by the very progress of material civilization. Unrestrained national sovereignty, bellicose nationalism, competitive imperialism, unequal distribution of raw materials which have called vainly for solution and which will confront the peacemakers after the present war."

At the beginning of the war Egypt had a first line army of 32,000 with reserves of 8,000 said to be well equipped with modern arms and trained with the advice of a British Mission. Last summer the Field army consisted of one division and one mechanized cavalry brigade.

Farm foreclosures in U.S.A. show a decline of 41 per cent in 1940 from the previous year.

For making munitions of war in the U.S.A. 1305 new plants are being built at a cost of 2,765,000,000. It is the aim of the Government that production of ordnance, must be increased 14,000 per cent over the average of the last twenty years. 100 13-ton tanks are being produced monthly, but this figure is to be doubled at the end of the year.

The average number of employees of the Canadian National Railways during 1940 was 82,831 and the payroll was \$132,584,063.

The radio call letters of the Endicott, N.Y. Police Department spell out the name of the Chief of Police, W I K E.

American Cast Iron Pipe Company of Birmingham, Alabama, had in 1939 a potential case load of 5,000 employees and their families for whom it provided a complete medical service entirely free of charge. In 1937 the capital investment was \$125,000 and the operating budget was \$75,000, a personnel of 25 being employed. The service started with employee contributions but these were eliminated in 1922. The company did not do this from charitable impulses, but because it paid. The setup can take care of four times as many patients which would reduce the annual cost per patient to \$15.

Herbert Spencer said: "The mathematician does not call for a pair of compasses with which to test a proved theorem, nor does the man with healthy faith wait for more evidence after he hears what the moral law says. It is enough for him that a thing is Right. He will never believe that the carrying out of what is right by right means, can be injurious." Concerning equity in exchange Stephen Pearl Andrews said: "Why not apply our philosophy to discovering the true system, rather than apply it to the investigation of laws according to which the false system works out its deleterious results."

U.S.A. draft boards are embarrassed by a surplus of Negroes wishing to enter army service.

It is estimated that there are about 100,000 second-generation Japanese-Americans in the U.S.A. and that of this number, 12,300 are registered voters in Los Angeles county.

"The World We Want To Live In" will be the theme of this year's Williamstown Institute of Human Relations, held biennially under the auspices of the National Conference of Christians and Jews. The Institute will be held at Williams College, Williamstown, Mass. Aug. 24-29.

during April and Pte. Allan Robinson for May. Private Knute Sorensen was promoted to Lance Corporal by Captain Richardson. The Walter Goodale Memorial Trophy for Altruism was presented to Sergeant Robert Morrow, being the most altruistic boy in the Company during this session. Sgt. Morrow has served in the Company since 1936 and has at all times shown the true B.B. spirit, never faltering nor failing to fulfill the duties required of him. Lieut. Goodale in making the presentation, expressed his profound admiration of Sgt. Morrow's loyalty to his Company and his squad.

Captain Richardson was pleased to announce the first three Staff-Sergts. in the Company to receive their Commissions as Lieutenants. These boys have served in the ranks from Private to Staff-Sergeant and are the first in the Company to attain the Commissioned rank. They are: Staff-Sergts. Wm. Orr Mulligan, Jr., James Patterson and Alexander Upham. This will enable the Company to increase its instruction staff and add many more phases of Brigade work, heretofore not developed. Sergeant Robert Morrow will become the Company's Staff-Sergeant.

CALVARY CHURCH

The guest preacher in Calvary Church on Sunday morning will be Rev. D. L. Ritchie, D.D., who was for many years the Dean of the United Theological College in Montreal. The guest preacher at the evening service will be the Rev. A. Lloyd Smith, D.D., the minister of Dominion-Douglas Church. Dr. Smith will take as the theme of his sermon "Casual or Constructive Living." The Communion of the Lord's Supper will be celebrated at the close of the evening service.

The Mission Band will meet during the morning service. This will be the last Mission Band for the summer. The Sunday School will meet at 3 o'clock.

On Tuesday the Red Cross Unit will work from 10.30 a.m. to 4.30 p.m. and the evening branch will continue the work at 7.30 p.m.

The Women's Association will meet at 2.30 p.m. on Wednesday, all the members are urged to attend.

On Friday at 7 p.m. there will be movies for the children. This week the picture will be "Geronimo" — a story of the Indians. Next Sunday, June 8th, will be Children's Day, when we shall welcome as our guest preacher Rev. D. T. I. Forsyth, B.A., B.D.

Westmount Baptist Church Notes

The Sunday Services in Westmount Baptist Church will be conducted by the Minister, Rev. J. A. Johnston. The morning sermon will be under the title, "On the Parchment of History, and in the Ink of Blood" — The Will that was Written When Love Crisscrossed into Sacrifice. The Communion Service will be held at 12 o'clock noon. The theme of the evening sermon will be, "Rescued in 'No Man's Land' — A Desperate Man's Cry, and a Comrade's Ready Response. Evening worshippers will witness an impressive baptismal service. Visitors cordially invited.

Tons Of Foreign Propaganda Burnt

Seventeen tons of asserted foreign propaganda, shipped to the United States by way of Russia and Japan, was burned at the post office here.

Postal officials refused to allow public examination of any of the confiscated reading matter but said the bulk of it had come from Germany and Soviet Russia, with lesser contributions from Italy and Japan.

Thousands of magazines, countless copies of a well-bound book extolling one of the dictators and a mass of newspapers and circulars were in the matter destroyed, postal officials said.

"We are going to continue to destroy this type of material as fast as we receive it," said Postmaster William H. McCarthy.

Certain pieces of matter were turned over to the Federal Bureau of Investigation for study.

Burning of the pile was in accordance with a ruling of the Post Office Department in Washington that foreign propaganda matter coming into the United States was unmailable.

'Spare the Rod . . .' Upheld By Judge

Judge Henry Wilson, of Beaver, Pa., hearkening back to the days of his youth, upheld recently a school teacher's right to give a pupil a "tanning."

In doing so, he directed a verdict of acquittal for Mrs. Zola C. Vaughn, rural school teacher, who was charged with assault and battery in whipping three students at the Beckett School in Independence Township.

Declaring there was no evidence of malice and that a teacher could, under the law, use her own judgment in punishing students, Judge Wilson said:

"If every kid who got tanned went to court, the schools would not amount to much. We all went through this ourselves. When we get older we can look back on it with a good deal of amusement. Let's all just live it down and forget it."

Australia Commandeers Private Cars For Army

The Minister for the Army, Percy Claude Spender, announced that certain commercial vehicles are being pressed into Army service, but precautions are being taken against private hardship. New vehicles, including motorcycles, are being commandeered. These include vehicles in the possession of dealers and agents.

Kanawana Opens June 28 For 32nd Straight Year

The thirty-second consecutive season of Camp Kanawana, the Y.M.C.A. camp for boys 8 to 16 years of age, will open on June 28, and continue to August 23. Howard Langille, Boys' Work Secretary of Central Branch, will again be Camp Director; Edgar Smeed of the Westmount "Y" staff, will return for his third consecutive year as Juvenile Section Director. Erle Ulley has been appointed Junior Section Director and Frank Stanton Vice-principal of the Feller Institute, and Director of Camp Lewis for many years, will be Senior Section Director. Miss Margaret Hunter, graduate nurse, will return to camp for her third successive year.

Kamp Kanawana is ideally situated on the shores of Lake Kanawana in the Laurentians, 54 miles north of Montreal. Its growth and continued success over many years offers enduring evidence of the wisdom, vision and soundness of principles that have guided its development.

Under the skilled supervision of Directors and Leaders the fundamental principle of furthering the physical, social and spiritual growth of the campers is a constant challenge to their initiative, character and resourcefulness.

The camp is divided into three sections—Juniors, 8 to 10 years; Juniors, 11 to 13 years; Seniors, 14 to 16 years. Accommodation will be arranged for a few older boys, which group will be known as the Alumni.

Each section is a camp in itself, having its own group counselors, and in addition there is a counsellor for each tent or cabin of seven boys.

In every leader there has been inculcated a sense of responsibility for the boys under his immediate care, and this responsibility for their welfare and happiness is faithfully borne. These leaders are chosen especially for their ability in boys' work, and, as frequently happens, are old campers thoroughly schooled in the camp's methods and tradition. It is upon these leaders in the final analysis, representing as they do the best type of Christian gentlemen, that the continued success and growth of Kamp Kanawana depends.

Kamp Kanawana takes every precaution possible to safeguard the health and safety of its campers. An honorary advisory medical board composed of Dr. Lemuel P. Ereaux, Dr. A. Grant Fleming, and Dr. James B. Ross consider and approve the health and safety precaution of the camp. Dr. Ereaux personally makes periodic visits to the camp during the camping season.

In camp is a resident doctor who is a graduate physician. The doctor is in charge of the camp hospital and has a well-equipped dispensary at his disposal. Associated with the doctor is a graduate nurse who gives special attention to the younger campers.

Campers are examined daily for sores and abrasions, sore throats and colds, which are reported to the doctor for treatment. Hot showers are available to all campers. The health needs of the campers are primary concerns of the counselors and staff.

The Standards and success of the Camp are a guarantee of good camping and recommend Kanawana to every parent.

Boys of Westmount district should register at their local branch on Sherbrooke St. It is advisable to reserve places early and avoid the possible disappointment of a filled Camp. Complete information may be obtained at any branch or by phoning the Kanawana office.

LEARN-TO-SWIM CLASS RATED GREAT SUCCESS

Westmount Y. M. C. A.
Doing Good Work
Among Youngsters of
All Age Groups—Certificates
Awarded

Approximately 20 boys of the Westmount Intermediate School are taking advantage of the learn-to-swim class conducted by Ken Murray at the local "Y" pool.

The class meets every Wednesday at 4 p.m. and it is hoped that before school closes for the summer vacation period, every boy in the class will be at least an average swimmer.

Forty boys and girls between the age of seven and 10 are being given swimming instruction at the local pool, and progress has been favourable in most cases.

Dorothy Melville, Barbara Jones, Elizabeth Cross and Diana Hanley have completed a length of the pool. These girls are in the beginner's class. In the advanced class for girls, diving is being taught at present.

The following "Preps" in the Westmount Y.M.C.A. Boys' Division have received certificates for passing the junior beginner standard swimming tests:

Bruce Heldebrand, Thomas Creswell, William Hunt, Douglas Baker, Patrick Brodeur, Doug. Brambell, William Taylor, Lawrence Diner and Tram Malcolm.

HOLIDAY CAMP OPENS JUNE 14

Guest Ranch at Chamcook,
N.B., Is Three Miles
From St. Andrews By the
Sea

Canada's latest big holiday camp and guest ranch opens June 14, at Chamcook New Brunswick, 3 miles from the fashionable seaside resort of St. Andrews by the Sea.

This camp which is on the shores of the famous Passamaquoddy Bay, will have everything to entertain the holiday guest. Forty well trained Western horses will provide daily rides for the guests, and ponies will be available for the children. Swimming, dancing, weekly stage shows, hiking, tennis, and all kinds of games, with the finest of food and beds, are all provided at an inclusive low guest fee.

The Canadian Pacific Railway have a station in the camp grounds, and special low rail rates for the summer will be on sale at all ticket agents.

Westmount "Y" Notes

Westmount Women's Club: The Westmount Women's Club War Services Hospitality Committee will entertain one hundred airmen and soldiers at a sit-down supper at the Westmount Y.M.C.A. on Sunday afternoon from four to seven. Mrs. Holland is chairman of this committee.

Kamp Kanawana: The Kamp Kanawana 1941 folders have arrived, and registrations for the camp are coming in. Indications are that Kamp Kanawana will have a successful season again this year.

Vacation Club: Plans and preparations are going ahead on the Vacation Club, which will start as soon as school closes. Westmount boys who are planning to spend part of the summer in Westmount should register early.

Blitzkrieg Fails To Halt Romance

A mere attempted air blitz by the Nazis hardly interrupts the course of romance in embattled Britain. It is seen in a letter received in North Sydney, N.S., by his parents from Kenneth Roy, serving overseas with the Royal Canadian Navy.

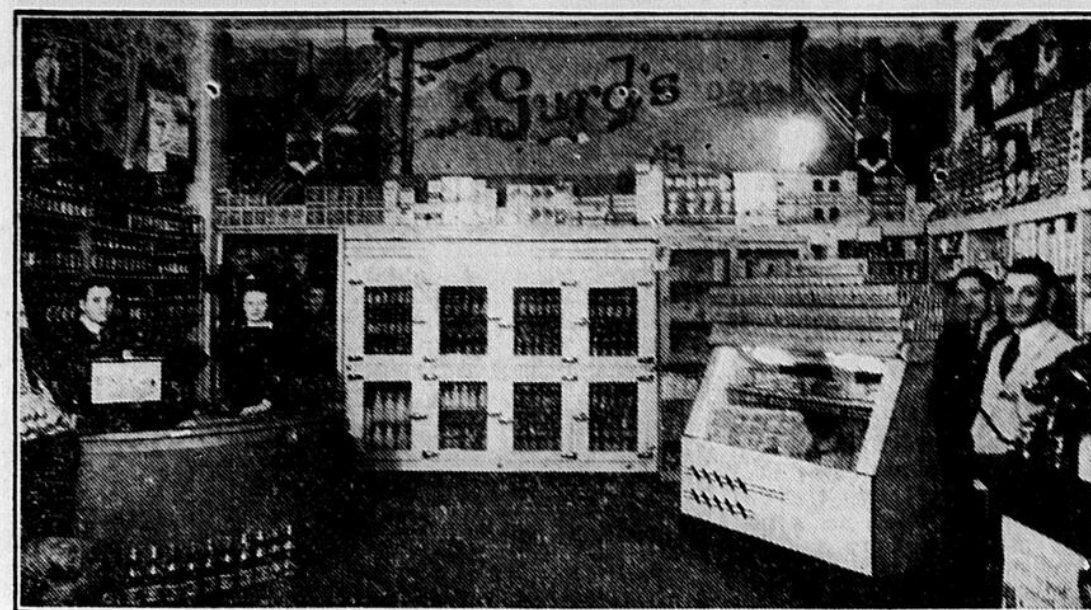

He went to call on a young lady friend in London, and found little but a pile of debris and rubble where her house should be. Out of the wreckage she emerged, smiling:

"I'll be ready to keep that date as soon as I get this plaster out of my hair."

Many construction workers in San Juan, Puerto Rico, have been brought from mainland United States to meet a building boom now under way in the U.S. Territory of Puerto Rico, but the Insular Department of Labor reports a shortage of skilled construction men.

MODERN EQUIPMENT FEATURES STORE

The modern interior of Sol's provision store, 5307 Sherbrooke street west, corner of Decarie, showing the Super Cold refrigeration unit at the rear which has a capacity for 90 dozen large size bottles of beer and the Super Cold refrigerator-show-case for cooked meats, cheeses, etc., at the right. They represent the last word in store refrigeration equipment. Sol's carries a complete line of groceries, fruits and vegetables, cooked meats and cheeses and specializes in rapid delivery of beer from 8 a.m. to 11 p.m.

It is easy to be wise after the event, but one can't help thinking with regret of the hundreds of Canadian boys who were intensely interested in gliders several years ago, but who received scant encouragement from our government in their experiments. In Germany the case was different. There, lads who showed any interest or aptitude in gliding and soaring could join government sponsored glider clubs and the government provided them with thousands of cheap gliders, with the result that at the outbreak of this war the country had between 250,000 and 300,000 glider pilots from which to pick admirable personnel to train for their mass-produced military machines.

ANNIVERSARY OF FIRST MONTREAL GLIDER FLIGHT

This focussing of attention on gliders holds particular interest for Notre Dame de Grace, for it was three boys of this district who made the first successful flight in a home-made glider in the Montreal area just 11 years ago this month. The lads, all 15 years of age, were the late Flight Lieut. Wilson Hammond, R.A.F., Peter Tremaine and Charles Paton. They built their hang-type glider during the winter of 1929, and in May, 1930, gingerly tried it out by jumping off small hills. Acquiring more confidence, they then took the glider to Mill's Hill, in Montreal West, which is about 70 feet high and fairly steep, and there they made flights averaging about 100 yards. This notable effort should not be forgotten, for the boys displayed great initiative in building the glider themselves and no little courage in learning how to use it. When the "washout" occurred, the late Flight Lieut. Hammond became active in the formation of the Webster Gliding Club, and later his interest in flying took him to England where he joined the R.A.F. and subsequently was stationed in Egypt, at the Singapore Naval Base and at Basra in Iraq, among other places. His death occurred in England in 1935 in November when he was serving with the Fleet Air Arm.

The McGill Glider Club has weathered one or two spells of the doldrums financially too, but it has carried on successfully providing healthy recreation and opportunities for its members to acquire that much valued "feet of the air." This year, with the Kirby "Kite," they started off the season with a record flight of 18 minutes at a height of 2,100 feet, from the base of Yamaska Mountain, near Abbotsford, in the Eastern Townships. J. A. Simpson, the president of the club, achieved this fine flight on the soaring glider. Good luck to these enthusiasts when they go to Elmira, N.Y., to attend the U.S. National Soaring Competitions.

The art of gliding, as taught to members of a properly organized club by an experienced instructor, is not a dangerous pastime. The students learn to fly on the ground, so to speak, and only after they have mastered the controls of the glider and can keep the wings level and roll along in a straight line behind the towing car is the student allowed to lift his craft a foot or so in the air and then gently set it down again. Cautiously he advances, step by step, taking higher flights till he is considered experienced enough to try soaring in a sailplane. And what a wonderful sensation that must be—Without the roar of a motor, to be carried up, up, up, on thermals and ridges currents of air—with "downdrafts" providing enough frustration to keep one actively interested. Birds, clouds, the contours of the land and bodies of water all have a message for the soaring pilot.

But, it must not be forgotten that in addition to the fun of gliding and soaring, many a commercial pilot owes his life to having acquired this knowledge of air currents from the sport. In a "jam," such as a forced landing in difficult country, or when "humping" himself over a great height with a heavy load in a lightly powered machine, the glider pilot knows how to make Mother Nature help him instead of letting her hinder or even destroy him.

Germany early recognized that gliding is a team sport, and therein lay her success to a great extent. In Canada quite a few groups of boys built gliders, but the government did little or nothing to encourage glider clubs on a big scale, and as the boys were unable to progress further without more expensive craft than the elementary gliders, they lost interest and many a home-built effort was left to rot in a field or back garden. Not so in Germany, where the sport was fostered and the boys became masters of the art of gliding and soaring, one German keeping his glider in the air for 60 hours and flying 400 miles, and Robert Kronfeld, you'll remember, the sailplane expert, crossed the English channel in 1931 and cruised over London.

There are about 200 clubs in the United States, some of them not very active due to lack of funds. But Uncle Sam, confronted with thousands of machines rolling off the production lines, is beginning to regret that there are not more, for it is well known that a glider pilot is a potential first-class pilot of power-driven craft.

THE SUNDERLAND AND THE DO 26

The German reconnaissance flying boat, the Dornier Do 26, approximates fairly closely to the Short Sunderland in overall dimensions, says Flight. Both are high-wing cantilever monoplane, but they have two easily spotted differences. The Sunderland has its four radial engines in short nacelles along the leading edge of its wings, whereas the Dornier engines of the Do 26 are mounted in tandem pairs—two tractor, two pusher. Also the wings are galled, the double nacelles being carried upon them at the "elbow." Seen in plan, the British flying boat has gracefully tapering wings with small rounded tips, but those of the Dornier are characteristically angular. Fixed wing-tip floats are fitted to the Sunderland, but those of the Do 26 retract into the under-side of the wings.

Considerable contrast is offered by the respective hulls: the Sunderland is deep in comparison with its cross-section and has a gun turret in nose and tail and another gun-position, which can be completely faired off, just behind the trailing edge. The Dornier's hull, however, is comparatively shallow. No exact information is yet available as to its armament. The design of the Dornier's hull at the "stern" and its tail surfaces, however, would seem to preclude the provision of any "sting in the tail" equivalent to that of the Sunderland, whose rear turret protrudes below its tail, symmetrical fin and rudder.

Food Improves In British Army

"The way to a man's heart is through his stomach."

And food in the British Army has decidedly taken a turn for the better since war began.

Realizing that to be able to tell an army cook how to make jam-roll an officer must have some first-hand knowledge, it is a common sight to see an officer up to his elbows in flour. This is all part of his army education to equip him to take charge of mess arrangements.

At least 500,000 cooks are needed to feed the army, so there should be plenty of scope for them to play their role as housekeepers.

At an inspection of this army officers school for mess the writer was able to inspect some of the field apparatus, which included an oven made from oil drums, with camp kettles boiling in a trench on top of it, and to see some of the food so cooked—roast mutton for thirty men prepared in the open air with an economy in containing heat that might startle a domestic cook.

Supervisors Of W.B.A. Visit Montreal Groups

On Thursday and Friday, May 22 and 23, Mrs. Mary Baird, Dominion Supervisor of the Woman's Benefit Association, visited the Montreal Reviews of the Association. Mrs. Baird was the guest of Revue Francaise at a reception held for her on Thursday afternoon at Club Canadian. On Friday evening, officers of Montreal Review No. 1, entertained Mrs. Baird at their hall, 1431 Mansfield St. Miss Rose Miller, Supreme W.B.A. Deputy for New England and the Maritime Provinces was also a guest of honor on Friday evening.

In the addresses delivered at these meetings, the supreme officers spoke of the warm sympathy which the women of the United States feel for Canada and for Britain. As an instance it was reported that the women of Providence, R.I., recently sent overseas 15 packing cases representing \$27,000 in goods. Mrs. Baird spoke also of the "New World

after the War", and predicted socialized medicine, increased vigilance in the fight against cancer and other future benefits which would be assisted by fraternal orders. Miss Miller outlined plans for the Golden Jubilee of the W.B.A. to be held in California in 1942.

Montreal W.B.A. officers on the reception committee included Mrs. Rachel Herbert, Mrs. Edythe Lutt, Miss Effie Sandilands, Mrs. Theresa McCormick, Mrs. Martha Kelly, Miss Hilda Sandilands, Miss Edith O'Brien, Mrs. Mary McNally, Mrs. Kathleen Featherston, Miss Lavina Carter, and Miss Ernestine Beaudoin, Managing Deputy for Quebec.

The bride was given in marriage by her brother, Mr. W. Cameron Stewart, and wore a floor-length gown of white net, and a finger-tip length veil of tulle illusion held with orange blossoms. She carried a bouquet of red roses and lily-of-the-valley. Miss Audrey Stewart, her sister's only attendant, was gown in pink chiffon, and wore a hat of violet flowers with a matching shoulder length veil. She carried a bouquet of pink and violet sweet peas.

Mr. Edward Kingsland acted as best man for Mr. Jefferson, and the ushers were Mr. Fred Turfus, Mr. Harold Gilmeister, Mr. F. Bruce Clarke and Mr. G. Donald Clarke, brothers of the bride.

Following the ceremony, a reception was held at the residence of the bride's parents, 4971 Grosvenor avenue and later Mr. and Mrs. Jefferson left on their honeymoon, the bride travelling in a navy ensemble with scarlet and white, navy and scarlet accessories.

Council Camp For Girls Fills Important Need

Mrs. B. H. Rubin, chairman of the Council Camp committee, has announced that the camp will open on June 30 and will accommodate four groups of 12 children each, for a two weeks' holiday at Lac Fournelle in the Laurentians where the camp is located. Sponsored by the National Council of Jewish Women, Montreal Section, Council Camp fills an important need in our community for girls ages 8-14.

An appeal from the Council for Overseas Children asking for accommodation for evacuee needy children received an enthusiastic response from the committee members, and it was decided to place a certain number of these

children in each group of campers. The completion of a sandy beach for better swimming facilities is now underway. This year the Patch test for tuberculosis will be administered to each child at the Herzl Health centre as part of the usual examination. Mrs. J. Leavitt is in charge of this health innovation.

Council Camp Committee members are well aware of the importance of carrying on home welfare projects, and despite added war effort commitments, are not relaxing their zeal in their responsibility to community needs.

Mrs. B. H. Rubin is chairman of the camp committee; Mrs.

Rose Medina, financial chairman; Mrs. J. H. Fine, treasurer; Mrs. S. Pesner, recording secretary; and Mrs. A. Dobrofsky, corresponding secretary. Dr. Wm. H. Gavie is the doctor and Mr. I. Blackman the auditor for the camp.

The staff in charge of the camp for the coming season includes Mrs. M. Bernfield, director; Mrs. M. Margo, nurse; Miss Bertha Katz, head counsellor; with Misses Gerdy Weissler, Brenda Rubin, Rebecca Markow, Marcia Cohen, Ruth Viner and Anita Holberg as leaders for dramatics, handicraft, athletics, swimming, nature study, singing, rhythm band, camp fire and dancing.

MARY WHALEN IS WELL-KNOWN

Proprietor of New Beauty Shoppe Has Represented U.S. Companies in Quebec for Eight Years

Miss Mary Whalen, who has just opened her Beauty Shoppe at 2005 Aylmer St., near Morgans, is already well known in this city. For the past eight years Miss Whalen has represented various American Companies in the Province of Quebec.

During this time she has sold and demonstrated the use of hair-dyes, tinting, bleaching and permanent waving to the Hairdressers of Montreal and throughout the province.

As Miss Whalen is a graduate of the Zotos School, the Eugene Co., Notox Co., Clairol Co., and Roux Co. of New York City as well as the Legion Sanitaire, University of Montreal, she is in a position to give expert advice in all branches of hairdressing, hair, eyelash and eyebrow tinting, as well as superficial hair correction, manicuring and facials.

Miss Whalen has attended the New York Beauty Show each year for the past eight years and this experience has proved invaluable. A feature of her new Beauty Shoppe is the fact that she will give a free consultation to any new customers who wish to discuss their grooming problems.

Colonial Maple Furniture Homelike And Decorative

No other type of furniture lends itself to such homelike decorative treatment as does Colonial maple; and it is so inexpensive that you can indulge your taste for it lavishly without a too de-vastating effect on your bank balance. No wonder home starters and those who must keep to a rigorous budget almost invariably choose maple for one or two of their rooms.

At a minimum outlay the young couple going to housekeeping can get a well-made chest of drawers, a dresser and a bed of maple. The designs will be copies of excellent antiques and therefore will not be soon outmoded. When more expensive furniture can be afforded, these tastefully designed and serviceable maple reproductions will make a charming room for the growing girl or boy; or they can be used in a guest room.

Appropriate for All Rooms
In spite of its low cost, Colonial maple does not look "cheap." And with appropriate background and accessories it is fascinating in living room, dining room, sun-room or den, as it is in a bedroom. Imagine, for example, a pine-paneled living room with a maple love seat or sofa drawn up before the wide fireplace and backed with a trestle or butterfly table. On one side is a chintz-covered Cape Cod wing chair and on the other a ladderback armchair. Against one wall stands a maple lowboy on which is a pair of crystal hurricane lamps, and above the table hangs a scroll

mirror. Strategically placed for comfort are a "tavern" end table, one or two lamp tables, and a cobbler's bench adapted to serve as a coffee table—all in mellow, honey-toned maple. A scattering of hooked rugs or an oval braided rug may cover the floor. Small-patterned chintz draperies and a shining copper kettle filled with white birch firewood would add final touches of local color to this homelike Colonial interior.

Or picture the hospitable simplicity of dining room furnished with a Mollie Pitcher table, a low-boy buffet, and a corner cabinet filled with old blue china—all this furniture being maple. The chairs might be Windsor or rush-bottomed ladderbacks with tufted cushions patterned in antique designs in colors that would pick up the tones of the draperies and the hand-hooked rug.

Choose Northern Rock Maple
There are many kinds of maple, but Northern rock maple is best for furniture. Like the granite hills on which it grows, rock maple is rugged and enduring. Yet it works well under saw, plane and chisel; and its close grain, compact structure and even texture take a variety of finishes beautifully. If thoroughly dried, as all cabinet woods should be, it does not crack, chip and swell. The only care it needs is an occasional waxing.

Maple, pine and cherry were the woods most used by Colonial cabinetmakers—because these woods grew right at their doors. The excellent condition of most maple antiques shows the stamina of this indomitable wood. As it can be had in open stock designs, you can assemble a group of Colonial maple pieces to suit your taste, buying them all at once or from time to time. And there is almost no end to the variety of authentic reproductions from which you can choose.

Colonial maple furniture is not only historically correct but of all period styles one of the most intriguing from a decorative standpoint.

MOTHER CAN FEEL AS YOUNG AS DAUGHTER IF SHE MODERNIZES HER COIFFURE

Beauty and fashion experts know that when a woman is perfectly groomed, with hair and clothes that are style-right for the moment, she's sure to feel and therefore look years younger than she is. When she's wearing what is "in fashion," she feels right and gay and young and self-confident.

Put any woman in a hat which is definitely outmoded or let her continue to wear her hair in a way that looks 1931 instead of 1941 and she'll feel the opposite of gay and young and self-confident.

This business of keeping up with current hair styles is more important to the morale than a great many of our older women seem to realize. If you are still wearing your hair straight down all the way around, try having it lifted upward at least at the front. Wear it that way for two weeks, whether you like it or not, and see whether it makes a difference in the way you feel about yourself.

RIGHT MOMENT TO TRY MODERNIZATION
As an example of the "in fashion" theory, consider earrings. Five years ago half the people you knew considered earrings to be "very ageing, my dear." Now those same people and a great many others as well will say that

"earrings are such fun to wear, and they make a face seem younger, don't you think?"

Unless you are the sophisticated, leader-of-fashion type, taking up a new fashion immediately it appears probably will make you feel pretty silly and thus undermine your self-confidence. But waiting too long to try it is at least equally bad management of your personal appearance.

Now is the perfect moment for the mature woman to decide to try a little modernization. She might consult her hairdresser about what to do with the knot of hair she's been wearing on the back of her head for thirty

SILVER JUBILEE TEA GIVEN RECENTLY BY NURSES OF ALUMNAE

A silver jubilee tea was held recently in the A. R. Griffith Memorial Hall, to commemorate the 25th anniversary of the founding of the Nurses Alumnae Association of the Homeopathic Hospital of Montreal. Miss Lillian Aitken, president of the association, gave an illuminating outline of the history of the organization since its inception in 1916. The charter members present were: Misses Dora Miller, I. Garrick, J. Ryan, A. Routhier, also Mrs. M. Warren and Mrs. J. Patterson. A highlight of the evening was the roll call dating from 1896.

Dr. Harold Griffith, medical superintendent, and Dr. E. M. Morgan, made interesting comparisons between the present conditions obtaining at the hospital, with its up to date equipment, and those prevailing during the early days.

The work carried on by the Canadian Red Cross Society in rendering assistance and medical aid to the inhabitants of the Magdalen Islands was vividly reviewed by Miss Helen Bright, who has been stationed at that point on behalf of the society during the past winter. Mr. W. R. Bullock, representing the board of directors, and Mrs. W. R. Henry, president of the Women's Auxiliary, also spoke briefly.

At the conclusion of the meeting Miss J. Laurin rendered a solo, "The Lights of Home." Refreshments were served, with Mrs. M. Warren and Miss Isabel Garrick presiding at the tea table.

HAM MOUSSE (Serves 4 to 6)

Two cups cold cooked ham, 1 tablespoon gelatin, 2 tablespoons cold water, ½ cup boiling water, 1 teaspoon prepared mustard, ½ teaspoon paprika, few grains cayenne pepper, ½ cup cream.

Put the ham through a food chopper using a fine knife. Soften the gelatin in cold water and dissolve in boiling water. Add to the ham and season with the mustard, paprika, and cayenne pepper. Let stand until cold and fold in the cream which has been whipped until stiff. Turn into a mold and chill. Unmold and garnish with parsley.

POACHED EGG ARGENTINE (Serves 4)

One tablespoon mixed onion, 4 tablespoons butter, 4 slices of eggplant, two 8-oz. cans tomato sauce, salt, pepper, 4 poached eggs.

Cook onion in 1 tablespoon of butter until lightly browned, add tomato sauce and season to taste. Brown eggplant slices on both

The Way to a Man's Heart Now's the Time! — Keep Delicious Reminder of Strawberry Season by Making Jam.

Watch market prices for strawberries and other fruits. On bargain day, start your jam sessions. These recipes will produce economical treats for breakfast and other meals:

RIPE STRAWBERRY AND PINEAPPLE JAM (About 9 glasses, 6 fluid ounces each)

Three and one-half cups prepared fruit, 6½ cups sugar, ½ bottle fruit pectin.

To prepare fruit, grind about 1 quart fully ripe strawberries, or crush completely one layer at a time so that each berry is reduced to a pulp. Pare 1 medium fully ripe pineapple. Cut fine or grind, using finest knife of food chopper; or use 1 No. 2 can crushed pineapple. Combine fruits.

Measure sugar and prepared fruit into large kettle, and mix well.

Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 3 minutes.

Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once.

EDITH BARRER'S STRAWBERRY PRESERVES (About 5 pints)

Four quarts strawberries (5 pounds), 11 cups sugar.

Select large, firm, tart fruit. Wash, drain, and remove hulls. Combine fruit and sugar in alternate layers in a large kettle.

Let stand 8 to 10 hours. Bring to boil quickly over high heat, stirring constantly but gently until sugar is dissolved. Boil rapidly, stirring frequently, about 20 minutes, until syrup has thickened. Remove from heat and let stand four hours. Bring preserves to boiling and pour at once into sterilized jars and cover with hot melted paraffin at once.

SPICED RHUBARB JAM (About 7 Glasses, 6 Fluid Ounces Each)

Three and one-half cups prepared fruit, 4 cups sugar, 1 box powdered fruit pectin.

To prepare fruit, trim and slice fine (do not peel) about 2 pounds small red-stalked rhubarb. Add 1 cup sugar, mix, and let stand 15 minutes. (This 1 cup sugar is in addition to the 4 cups specified above.) Add from ¼ to 1 teaspoonful ginger, or any desired spice.

Measure sugar into dry dish and set aside until needed. Measure prepared fruit, solidly packed, in to a 5 to 6-quart kettle, filling up last cup or fraction of cup with water necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once.

Tag Day Held Saturday For Crippled Children

The School for Crippled Children, Cedar Avenue, will hold their annual tag day on Saturday. It was announced today by Douglas Bremner, president of the school.

"We are again asking the public for their pennies, nickels, dimes and quarters, as the sum total of these small amounts is no small contribution to the work of the school. Last year we realized over \$6,000. Despite the many calls that are being made upon the individual these days, we hope to 'carry on' and again reach this objective," said Mr. Bremner.

"The public realizes that it is such organizations as the School for Crippled Children that must be kept up come what may," he continued.

The School for Crippled Children is financed through government grant, the tag day on Saturday and an annual Christmas

letter. Representatives from the various service clubs, the Children's Memorial Hospital and the Protestant Board of School Commissioners act as its board of governors.

Located adjacent to the Children's Memorial Hospital on Cedar Avenue, almost two hundred pupils attend the school. No fees are charged and children of all races and creeds are admitted. Five buses are used to call for and return these children to their homes each day. In a school year these buses travel over 47,000 miles in the work. A light lunch is served in mid-morning, and at noon a hot meal consisting of meat, vegetables, a dessert and milk is served.

Children who are in need of treatment are sent from the school to the Children's Memorial while another service the school performs is bedside instruction at the hospital. Last year 68 pupils were so taught and most of them were able to return to their classes without missing a grade.

On Saturday as many as possible of the pupils will take part in the tag day at their own request, for there are no type of person, stated Mr. Bremner, who are more appreciative or attempt to be more self-reliant. The tag day is under the direction of Miss Hazel McNeice, principal of the school and members of the W.V.R.C. will also assist.

STRAWBERRY MERINGUE CAKE (Serves 8 to 10)

Six egg whites, 2 cups granulated sugar, pinch salt, 1 tablespoon vinegar, 2 cups cream, whipped, 2 tablespoons powdered sugar, 1 quart fresh or quick-frozen strawberries.

Beat egg whites until stiff and dry. Gradually add sugar, a little at a time, beating well. Then add vinegar, drop by drop, beating well. Pile into unbuttered spring form baking pan. Bake in slow oven (250 degrees F.) for 1½ hours. Do not open oven while baking.

When meringue is cold, remove side of spring form pan. The meringue will drop slightly when it cools, so don't be surprised. Place meringue on a large dish. Cover with strawberries and blanket all over with whipped cream. Garnish with extra strawberries.

WOMEN TAXI DRIVERS

Natal now has European women taxi drivers.

years. Flattened out, moved upward to the crown of the head and posed behind some variation of the pompadour, that same knot can be made to look 1941 instead of early 1912.

The semi-shingle with straight-hanging side sections which made mother feel young and daring in 1925 gives her anything but a lift these days. There's a definite vogue for shorter hair this spring, but not shingle lines and straight-hanging sides.

There are, of course, more ways than one to accomplish modernization of a coiffure. There even are "mail order" coiffures on the market. The potential customer sends a photograph of herself to a New York expert. He designs a coiffure for her, sends a sketch of it to her local beauty shop, and the hairdresser there carries out the plan.

AIRMEN ENTERTAINED

At the summer residence, "Riverside Cottage" Chute à Blondeau, on Empire Day, a patriotic celebration was held for two R.C.A.F. boys, grandsons of Mrs. Coode and nephews of Mr. and Mrs. Edgar Boa and Mr. and Mrs. J. Watson. The two boys, namely, Pilot Officer Edwin Glazebrook, and AC/2 Allan Logan, were feted by their many relatives and friends who reside in the district and Montreal.

The cottage was attractively decorated with flags and bunting, and the festivities were concluded with a display of fireworks, 43 guests were present.

Pilot Officer Glazebrook had just recently been awarded his "Wings" at Camp Borden, Ont., and attained highest honors in his group. AC/2 Logan has recently been posted to St. Hubert Airport Que. to take up duties of Radio Technician. Both boys are on overseas service, and are well known in the neighbourhood of Chute à Blondeau and Point Fortune, having spent their summer week-ends and holidays there since early childhood.

On the following day, the two airmen with their relatives and a few friends were entertained at dinner at the home of Mr. and Mrs. Edgar Boa, and later in the day returned to Montreal.

"Andy Hardy's Private Secretary" Now Showing At York United Theatre

The most unusual car in films says goodbye to a professional career in the new film, "Andy Hardy's Private Secretary," latest of the Hardy Family pictures, now playing at the York United Theatre until Friday night.

The car is Andy's famous jalopy, purchased originally in a Hollywood junk yard for the total sum of \$50.00. During its career in films, the car has been equipped with many times the amount of its purchase price in gadgets. Its numerous wires and levers makes it possible for the driver to disassemble the entire car with the press of a button, to say nothing of causing fenders to wave or tires to deflate.

But the inimitable Andy has outgrown his jalopy. As a high school graduation gift from his father, he receives a new car, a sleek coupe, and the jalopy will be relegated to the realm of forgotten screen conveyances.

Eighth in Series
"Andy Hardy's Private Secretary" reassembles the popular Hardy family for the eighth time. Lewis Stone appears in his characterization of the Judge, Mickey Rooney as Andy, Fay Holden as Ma Hardy, Sara Haden as Aunt Milly and Ann Rutherford as Andy's girl friend, Polly Benedict.

Additions to the cast for this adventure include Ian Hunter, Gene Reynolds and two newcomers to the screen, Kathryn Grayson, seventeen-year-old coloratura soprano, and Todd Karns, son of the popular comedian, Roscoe Karns. George B. Seltz directed.

DOUGLAS IN MALE LEAD FOR NEW GARBO COMEDY

For the third time, Melvyn Douglas will play the male lead opposite Garbo in her new vehicle as yet untitled.

In both "As You Desire Me," a drama, and "Ninotchka," a comedy, the teaming of Garbo and Douglas was a happy combination. The new film is also a comedy with Garbo playing a dual role—that of two sisters. George Cukor directs with Gottfried Reinhardt producing for Metro-Goldwyn-Mayer.

Brilliant Comedy Now Showing At Westmount United

Totally unrestrained laughter is still ringing in the ears of this reviewer as he attempts to tell you about Paramount's rollicking farce, "The Lady Eve," starring Barbara Stanwyck and Henry Fonda, which is now playing at the Westmount United Theatre until Saturday night.

It was written and directed by Preston Sturges whose striking wit and genius brought you "The Great McGinty" and "Christmas in July" and if you thought these two farces were funny, all we can say is, "You ain't seen nothin' yet" until you've seen "The Lady Eve."

Fonda, the scion of a very wealthy family, is returning from a snake-hunting expedition in the South American jungles when he meets Miss Stanwyck, beautiful foil for a group of shipboard cardsharps.

Because of his wealth, Fonda is the target of all the fond mania aboard who are chaperoning their marriageable daughters on the Southern cruise. The ingenious tricks and maneuvers that the debbies resort to in order to wangle an introduction to the heir of "Pike's" Pale—the Ale that Won for Yale—starts the ball rolling in the most hilarious series of funny situations that the screen has shown in many, many moons.

Barbara is the one who snares the unsuspecting "Hank." She had intended merely to lure the unsophisticated snake scientist into the hands of her father's cardsharp gang for a thorough "cleaning." The last notion in her lovely head, at this time, was that she would ever fall in love with him.

However, she does. Naive "Hank" immediately proposes and is accepted. Meanwhile William Demarest, cast as Fonda's valet and bodyguard, finds out about Barbara and her father (Charles Coburn) and with the aid of the police purser, and a set of police photographs, convinces "Hank" that he is being duped.

The fury of a woman scorned determines Barbara to get even. What she does to get even with Fonda for throwing her over is a lesson in tactics to all women. Intermingled in this campaign of Barbara's is some of the fastest and funniest dialogues in years.

WESTERN UNION BRILLIANT FILM

Zane Grey's Powerful Story
Now Being Shown at
Monkland United

Zane Grey's "Western Union" has been made into a memorable picture by 20th Century-Fox. Filmed in brilliant Technicolor and produced on a breath-taking scale, it is now playing at the Monkland United Theatre until Saturday.

Its brilliant cast, headed by Robert Young, Randolph Scott, Dean Jagger and Virginia Gilmore, brings to life all the colorful characters created by the West's greatest story-teller in his latest best-seller. Others featured include John Carradine, Chill Wills, Slim Summerville and Barton MacLane.

Romance, action, drama and thrilling adventure are all part of the spectacle in "Western Union," which opens in the roaring boom town of frontier Omaha—where the only law was a blazing six-shooter.

Prairie Caravan
Dean Jagger, portraying Edward Creighton the telegraph builder, starts a huge wagon-train rolling out across the prairies. Their job is to build the telegraph over a West infested by renegades and savage Indians.

Randolph Scott as a reformed outlaw and Robert Young, as a tenderfoot surveyor from Harvard, leave with Creighton's men. Both are in love with the builder's charming sister, Virginia Gilmore.

First sample of the dangers ahead comes soon after the wagon-train leaves Omaha. Violent renegades attack without warning. Devastating forays by savage Sioux follow.

But the plainsmen keep moving forward across the prairies, sinking telegraph poles and stringing wires as death strikes them. Thrill is heaped on thrill as the renegades plot complete destruction of the line. Cattle are stolen, wires cut down and worst of all, the Indians are incited to massacre.

STUDIO CHATTER

DACHSHUND DECLINES TO BITE ENGLISHMAN

War may be raging in Europe, but getting a German dog to bite an Englishman's ankle rapidly is becoming a major problem for Director Charles Vidor. The dog is a dachshund, and the Englishman is Eric Blore, and, as far as Vidor can discover, never the twain shall meet. At least the dachshund to date has declined to nip the Blore ankle, as required for scenes in Paramount's "New York Town."

STAR LOSES DRESS AS CLOTH MISSING

The European War today bobbed up and denied Claudette Colbert the most glamorous dress planned for her wardrobe in "Skylark." This bouffant evening dress was started with the available material, wholesalers assuring the studio additional material would be rushed from New York. Then came the sad news. There isn't a yard of the cloth in the United States and, because of the war, none can be obtained.

SALTED GOLD MINE FOOLS COWBOY STAR

The screen's Hopalong Cassidy today was the dubious owner of a "salted" gold claim. His hopes dashed, William Boyd found that he was being played for a sucker when he staked out a gold claim while on location at the base of Mt. Whitney near Lone Line, Calif., for "Pirates on Horseback." The prop man had "salted" several likely pieces of quartz.

AGED FIRE HORSE SOUGHT FOR FILM

Hollywood today offered the change of a lifetime to some old fire horse that still has the old fire in its eyes. The animal must leave its field of clover to play itself in a movie, Paramount's "Buy Me That Town," with Lloyd Nolan and Constance Moore. Eugene Forde, the picture's director, says an ordinary Hollywood movie horse won't do.

McCREA WILL SEE MAN ABOUT COWS

Joel McCrea has gone to New Mexico to see some men about some cows. Finished with his role in "The Great Man's Lady" at Paramount, he departed to confer about the purchase of cattle for his Ventura County ranch. Now that McCrea has enlarged his ranch from 1000 to 1500 acres through a recent purchase, he has grazing space for many more cattle.

Royals And Grads Win In Senior Softball Fixtures

FORMER TOP R.C.A.F. 19-11, SCORING NINE RUNS IN 6TH; GRADS DEFEAT SWANS, 18-8

Airmen Pound Johnny Mahaffy Hard But Buddy Dixon Stems Rally—John O'Connell Walks 13 on Grad's Mound But Mates Wallop Childs' Slants for 17 Blows—Both Games Are Slugging Bees

Rainy weather and the Empire Day holiday cut down the number of games played in the Municipal Senior Softball League during the week to two.

Both of these were played on Wednesday evening and resulted in slugging bees. The Royals scored nine runs in their half of the sixth inning to beat the RCAF 19-11, while the Grads swamped the Swans 18-8.

The RCAF threw quite a scare into the Royals before they went under. The winners started Johnny Mahaffy in the box but he apparently was just what the Airmen wanted and the whole team had batted around before Buddy Dixon was rushed in to get the side out in the first inning.

The Flyers picked up seven

runs in this kind of decent support in the field and any kind would have set the Royals back for their first loss of the season. The league leaders scored seven times themselves in the second inning and this, plus the big sixth inning was enough to keep the heavy hitting RCAF team out of the win column.

Buddy Dixon and Johnny Mahaffy of the Royals each banged out their second homer of the season in the game while Tom Brennan, Donnie Maher of the Royals hit triples. Joe Richman made his first appearance with the Royals playing in the outfield.

The Grads had very little trouble with the Swans who were short-handed for the game. Johnny O'Connell hurled for the winners and while he only allowed five hits he walked thirteen men, accounting for the Swans two big innings in the fourth and seventh when they scored five and three runs respectively.

The Grads got to Tommie Childs for seventeen hits, Henry Hoobin got four of them and Don Randall, Emmett Miller three apiece. Randall, Hoobin and Johnnie Cronin, spending an evening in the outfield, banged out circuit clouts. Howie Hushion was the only effective batter on the losing team getting four of his team's five hits.

THE SPORTSCASTER

By MACK

Well, the baseball season has rolled around once again and yours truly will endeavor to bring you up to the minute flashes.

Jamieson's Royals are once again in front of the Municipal Softball League, having subdued the Grads, Dodgers and R.C.A.F. in order in their opening league games... They have added two new faces to last year's team in the persons of Joe Richman and Buddy Dixon... The former, when not playing baseball, may be seen on a basketball floor and is reputed to be one of Montreal's best basketball players... The latter, an "Actor from Hometown" pitched and hit his team to their first three victories... His home run against Dodgers was one of the longest we have ever seen hit at Westmount Park.

Swans have also added strength to their lineup... They have secured Tommy Childs and Cliff McClay to hurl and Rollie Loftus to play the outfield... They also signed Jimmy Haggerty, who played centre for the Royals, Eastern Canada Semi-finalists last year... If these men turn out for the league fixtures, then the Swans should be a hard team to beat... A flash has just been received that Bill Duran has signed to play with Art Mann's Dodgers... If true then the Dodgers had better sing Fred Sissons to receive

on the entry sheet which each tennis court attendant has available. The last date for entering the tournament has been set for Tuesday evening June 3rd. As in the past a small entry fee will be charged to defray the expenses of the prizes.

Bishop's Cricketers Will Oppose Ashbury

Bishop's College School cricketers will meet Ashbury College School from Ottawa tomorrow in an all-day match on Westmount Park grounds, it was announced.

Tomorrow afternoon will see Westmount Cricket Club's senior team inactive but the juniors will hold forth, meeting Bishop's College juniors in an exhibition match starting at 2.30.

LIVING COSTS SOAR
Living costs in Sweden are soaring.

Wednesday Tilts Are Advanced To Tuesday

There will be no Municipal Softball League games played on Wednesday evening June 4th as the ground is still being used for other purposes.

Games scheduled for that evening will be played earlier on Tuesday evening June 3rd, instead.

Football Game In Southwest U.S. May Have "Czar"

HOUSTON, Texas—A czar to rule over Southwest Conference football may be named in the near future. Coach Madison "Maddy" Bell, grid mentor at Southern Methodist University, has suggested such a move and his plan is expected to be thrashed out this week end at Austin, Coach Leo "Dutch" Meyer of Texas Christian University leans towards such an action, provided it will result in a revision of the transfer eligibility rule.

Meyer and Bell complain that the little schools of the Southwest are suffering because of the transfer regulation. Under the present system if a player competes in football during his freshman year, no matter if he plays in a scheduled game only a few seconds, he is ineligible to play another school.

Meyer wants to limit recruiting of high school stars by limiting the number of freshman players a school may enroll. He also suggests that coaches submit lists of their varsity players each year so that those players not on the list can transfer to another school where they might have a chance of playing.

The suggestions are slaps at the University of Texas and Texas A. & M., the two schools in the Southwest with the biggest enrollment and which usually draw the best of the material and usually have more players than they can use.

Farmer co-operatives are rapidly increasing in Brazil.

ACES TAKE TOP SPOT IN BANTAM SECTION OF HARBALL LEAGUE

With Tuesday's games being called off due to wet grounds, only two games were played this week in the Westmount Baseball League at Atwater Park.

In a Bantam game played last Thursday the Aces took a stranglehold on first place in that section when they defeated the Panthers 7-2. In the other game of the double-header the Dodgers remained the only unbeaten team in the Midget section by beating the Beavers 10-2.

In the Bantam game, Aces took the verdict with a four-run rally in the third inning, three walks and two hits proving the undoing of pitcher Jack McKissock, who was replaced by Roy Howard for the rest of the game.

Dave Johnson of the Aces picked up a double, the only extra base hit of the game. Bob Berry led both teams at bat with two hits in two tries.

The Dodgers outclassed the

Beavers in the Midget game, banging out eleven solid blows off hurlers Dave Harvie and John Peterson, eight of them coming in the third inning when the winners scored six times.

Johnnie Chenier led the winner's batting attack with three hits in three times at bat. Hugh Brodie and Eward Read got two hits apiece while big Gene Simard crashed out a homer, all in the Dodger's cause.

JUST LOOKING AROUND

By STAN HELLEUR

Almost every Montreal ball fan is aware of what's happening to former Royals now playing in the big leagues. They know Maurice Van Robays now is wowing Pirates fans with his fielding as well as his hitting and are genuinely surprised by this turn of events, for if there ever was an outfielder who was a fugitive from an orthodox catch, it was this same rawboned power-hitter.

They also know Kemp Wicker, Royals' star moundsman last season, is going well with the Dodgers, that Sam Nahem has won three straight for the Cards, that Tuck Stainback and Jim Ripple are having only mediocre success with Detroit and Cincinnati, respectively, and that Ira Hutchinson still is one of the best relief twirlers in the business, on the Cards' behalf.

However, the majority of these same fans don't know so much about the boys who departed from Montreal, but not for the big tent, and maybe they're wondering where they are and how they're going.

No. 1 man in this "I wonder who's paying him now," department, naturally is O'l Harry Smythe, one of the most popular men ever to wear a Royal uniform. Smythe was signed not long ago by Knoxville of the Southern Association and, according to statistics as of May 15, had won one game, lost none in 12 innings of relief hurling.

As was the case in Montreal, Harry also is being used as a pinch-hitter and still can get his bingles as shown by two box scores we happened to see. The stocky Smythe legs must be through, however, for Harry had pinch runners on both occasions.

With Smythe at Knoxville is first baseman Alex Hooks, batting cleanup, and Paul Paynick, young pitcher who appeared here briefly, while in the same league are three other former Royals who are particularly prominent from a hitting standpoint.

The first is fleet Buddy Bates, who patrolled centrefield here not long ago. Bates, according to latest figures was batting a cool .376 in 29 games for Atlanta, recently clouting a 465-foot homer inside the park in a game at New Orleans.

Remember stocky Gus Dugas, Royals' powerful rightfielder of a few seasons ago? Gus is batting cleanup for Nashville and doing a tidy job too, with a .336 average manufactured through 41 hits in 122 trips. He's driven in 25 runs.

The third former Royal in the Southern Association with a tidy batting average is Skeeter McDaniell, the shortstop who never got going here but is fully underway with Chattanooga, beating out 20 hits in 60 tries for a .333 average and a 14 in his RBI column.

In the American Association we find Shortstop Jimmy Hitchcock, who started out with Royals last year, clouting the apple at a .326 clip for Kansas City, while Bert Haas, who did everything but pinch hit for the bat boy here the last two seasons, is cleaning up for Columbus with a .313 average and 22 runs driven in 25 games.

Outfielder Ab Parks, Royals

leading slugger in 1939 who failed to make the grade with Brooklyn Dodgers last season, is playing left field for Louisville and managing to keep his batting mark just above .300.

And over at Minneapolis, who do we find leading A.A. pitchers but old Chief Elton Hogsett, who jumped from Royals to the big leagues about 10 years ago and now is back in the minors. The Chief still can bend'em in, however. He won his first five games. Angelo Giuliani is catching for him.

RED WINGS ATTAIN SECOND PLACE IN PEE WEE SOFTBALL

Top Cyclones 6-5 for Tie With Rivals in Standing Panthers, Cyclones Also Win During Week

The Red Wings "surprise team" in the Westmount Pee Wee Softball League has finally caught up with the leaders. Beating the Cyclones for the second straight time on Monday by the score of 6-5 in eight innings brought them into a second place tie with the losers and left them just two points behind the league leading Panthers.

The Panthers and Cyclones also picked up a win apiece during the week, both victories being at the expense of the Spitfires. The Cyclones winning easily by the score of 15-6, but the Panthers had a more difficult time, scoring four times in the last inning to win 15-11.

The Red Wings-Cyclones game was a carbon copy of their first game which resulted in a 5-4 victory for the Wings, only this time the game was forced into extra innings before a decision was reached.

The winners opened their scoring with a single run in the second inning but the Cyclones went into the lead in their half of the inning when Griff Marshall homered with McGlanders on base. The Red Wings then had a big inning scoring four runs in the third, taking a three run lead.

The Cyclones tied the count scoring runs in the third, sixth and seventh innings. McGlanders walked Ian McGillis the first Red Wing to face him in the eighth, Griff Marshall then took over the pitching duties but to no avail as McGillis stole second, advanced to third when Alexander was safe on an error and then scored what proved to be the winning run on Don McDonald's infield out.

Both McGlanders and Martin pitched good ball, with Martin only allowing the losers three hits over the eight innings. Earl McDonald and Martin banded out two hits apiece for the Red Wings, while Marshall's home run was the only extra base hit of the game.

Kon Black at second base and Harwood in right field were the fielding stars of the winners while Marshall at short stop, and George Taylor and Herbert Lafontaine in the outfield of the losers made nice catches.

The Cyclones-Spitfires game which was won by the Cyclones 15-6 was featured by a home run by George McGlanders of the Cyclones and a triple by Teddy Tobias of the Spitfires.

In the Panthers-Spitfires game won by the Panthers 15-11 slugging predominated. Steve Galley and Ian Forrest of the league leaders each hit two home runs, while Teddy Tobias and Cam McGlanders of the Spitfires hit a pair of triples apiece, triples were also hit by Robert Burdiss of the Panthers, and Nesbitt of the Spitfires.

LET US ALL DO OUR PART TO HASTEN VICTORY AND PEACE

Today, as never before thousands of Canadians realize where their greatest treasure in all the world lies . . . right within the circle of their own family!

Thousands of Canadians would . . . go out into the fields or woods, armed with a shotgun and willingly fight and die for their family's sake. BUT THEY ARE NOT ASKED FOR THAT, yet.

INSTEAD . . . Canadians are urged now to buy Victory Bonds to defend their homes . . . Bonds to guarantee the safety of wives and families and children.

How little to be asked to do when others are doing so much! Every uniform, every war headline, every news broadcast from Europe, is a powerful reminder to Canadians of what they should do.

Day by day the hearthstones of Canada are protected by a wall of Britain's guns, ships and planes in the hands of men whose high morale commands the admiration of the world wherever there is civilization.

Day by day this wall must be bolstered—re-built. More ships—munitions of war—food—must go to Britain in ever-increasing measure—a great surplus to permit a British offensive—victory—peace!

War weapons must be bought with money—your money. Thanks to the workings of democracy you have money. It is good money. It will buy the essentials to victory.

Let Canada use some of your savings for a while! Invest now in priceless, unthreatened security for your home and all that you hold dear. Let's bring the enemy to his knees—soon! Invest today.
