SOVIET ULTIMATUM HOLDS THREAT OF CONFLICT IN MEDITERRANEAN

Russia's Bold Challenge to Europe's Fascist States Threw International Situation Surrounding Riven Spain into Its Most Serious Phase Today Since Civil War Broke Out—Stirred by Soviet Ultimatum Threatening to Aid Madrid Government if Fascist Countries Do Not Stop Helping Insurgents, Foreign Secretary Eden Broke Off His Holiday and Turned Toward Home to Personally Direct British Policy.

London, October 8.—Great Britain turned a swift diplomatic hand today to patch a menacing break in the wall of European non-intervention in Spain.

Stirred by a Soviet Russian ultimatum threatening to aid the Madrid Government if Fascist states do not "stop" helping the insurgents, allegedly with guns, planes, and other sinews of war, Foreign Secretary Anthony Eden broke off his Monte Carlo holiday and turned toward home to personally direct the British policy.

In the wake of the Moscow warning came reports that other countries, as yet unnamed, would question alleged breaches of the "hands-off-Spain" pact at tomorrow's London meeting of the European non-intervention committee.

There also was the latent threat of open hostility in the Mediterranean, should Russian ships seek to land supplies at Spanish Government ports watched by Fascist warships.

The Moscow ultimatum was delivered to representatives of countries signatory to the non-intervention pact in London last night. It detailed alleged shipments of arms, planes and even poison gas to Spanish insurgents, specifically naming Germany, Italy and Portugal.

"The Soviet Government cannot consent to conversion of the non-intervention pact into a screen for concealing military assistance rendered the rebels against the Government by some participants of the pact," said the statement.

It added: "If violations are not stopped immediately, the Soviet Government will free itself from any obligations to the agreement."

Great Britain and France, the former obviously nettled by the Soviet bombshell, will try to patch up the neutrality framework, official sources predicted.

League of Nations officials at Geneva described the situation as of the deepest gravity. They pondered its effect upon the Socialist French Government and Premier Leon Blum, who has been besieged by his Leftist supporters to aid their "Popular Front" brothers in Spain.

The official attitudes are now the same in Rome and Lisbon. Governments have not yet been disclosed. Informal Italian sources, however, denied Premier Mussolini had violated the "hands off" agreement in answering the Russian charge that planes of German and Italian origin are now shelling Spanish Socialist troops.

The British Government was irritated by Moscow's action in making public its ultimatum. The Foreign Office had hoped to withhold the document pending tomorrow's committee meeting.

SOVIETS HOPE FOR SUPPORT FROM BRITAIN AND FRANCE

Moscow, Oct. 8.—Informed sources today said Soviet Russia hopes Great Britain and France will abandon their "indifference" to alleged violation of the Spanish non-intervention pact and take a position equally as strong as the Bolsheviks.

Last night, directly accusing Germany, Italy and Portugal of violating the pact through alleged war shipments to the Spanish insurgents, the Russians threatening to "free" themselves from non-intervention obligations "if the violations are not stopped immediately."

Today, authoritative sources said, the Kremlin was withholding further action, awaiting moves by Great Britain and France. However, if the powers fail to take a firmer position toward Portugal, Germany and Italy, it was made plain the Soviets will not hesitate to withdraw from the agreement.

Moscow regards the international situation surrounding the Spanish civil war, basically a conflict between Fascism and Liberalism, as extremely precarious, today's sources stressed. It believes a firm stand by Great Britain and France to be the only thing which will save the situation from having a disastrous outcome for Spain and possibly for European peace.

Government officials declined to expand the ultimatum delivered to the non-intervention committee in London, although foreign observers agreed abrogation of the "hands off" accord might be followed by Russian aid to the besieged Madrid Government.

Others believed the warning was only a gesture which would not be followed by forceful action. These sources pointed out the ultimatum was probably linked with the arrival of Marcelino Pasquas, the first Spanish ambassador to Moscow.

Pasqua, it was believed, brought grave news from the Spanish capital and communicated his information during a day-long visit at the Foreign Office.

The Russian Commissioners, should they decide to end military aid to the Spanish Socialists, faced delays and difficulties in dispatching supplies across Europe.

Germany and Italy, it was pointed out, could easily head off Soviet ships, while airplanes, which would have to be flown across Europe, would be at a similar disadvantage.

In addition, the Soviets, despite their bines against Fascism, earnestly desire peace, which is vital to the Russian economic programme, informed sources declared.

GERMANY DENIES SOVIET RUSSIA'S CHARGES

Berlin, Oct. 8.—The Propaganda Ministry today emphatically denied Soviet Russia's charges Germany is delivering war material to the Spanish insurgents.

We have adhered strictly to the non-intervention principle, a communique asserted. "We have delivered neither airplanes nor any other such materials mentioned in the Russian statement."

TWENTY WOMEN ARRESTED IN GAMBLING RAID

New York, Oct. 8.—The merry click of poker chips in a fashionable apartment in the Seventies was stilled today and twenty women faced charges of frequenting a gaming house.

Police yesterday raided the apartment of Samuel Katz and brought in the score of expensively dressed women they allegedly found around two poker tables at which stakes were high and money changed hands quickly. The women, all of whom pleaded not guilty, ranged in age between twenty-one and forty-five.

DISAPPOINTING LEAGUE ASSEMBLY MOVED TOWARDS ITS CLOSE TODAY

Delegates Generally Regard Results as Disappointing and Lacking in Inspiration—There has been no Concerted Attempt to Attack Realities, Generalities Dominating the Scene—Chief Question Being Asked in Geneva Today Is "What Lies Behind the Russian Ultimatum?"

Geneva, Oct. 8.—The seventeenth Assembly of the League of Nations moved today towards its close. Committee discussions are ending. Reports to the Assembly for approval in many cases already are adopted.

Delegates generally regard the results as disappointing and lacking in inspiration. Nowhere is the criticism one hears about the League—has there been any concerted attempt to attack realities. Generalities dominated the scene.

It is clear that failure of sanctions to check the Italian aggression in Ethiopia dealt the League a blow from which it will take long to recover. It shook the principal of collective security which is the fundamental basis of the League Covenant.

The great powers are putting their faith in bigger armaments. The small nations, their belief in the collective principle rudely disturbed, are casting round for new forms of security.

Geneva thus presents a general air of uncertainty. "Perhaps the most disappointing Assembly in recent years," complained R. M. Campbell, of New Zealand, today as he urged the economic committee to take some positive step which would relieve the seventeenth Assembly of its "almost blameless record of inactivity."

Meanwhile the delegates are turning anxious eyes towards Spain. Russia's blunt intimation that unless Germany and Italy cease their alleged shipments of arms to the Spanish insurgents they will no longer consider herself bound to non-intervention caused a stir in the quiet corridors of the Palais des Nations.

Russians here declared their country observed the non-intervention pact and that their only shipments to the Spanish Government forces had been foodstuffs and hospital supplies. The Madrid Government, on the other hand, has been busily circulating among the delegates what is asserted to be complete proof that both Italy and Germany are breaking the agreement.

The question now asked everywhere is: What lies behind the Russian note? Are Russian war supplies already en route to Spain and by Spain to be converted into a battlefield between the rival forces of Fascism and Communism?

FIRE RAZED TEN BUILDINGS AT STE. ANNE DE BEAUPRE

Redemptorist Fathers' Sanitarium and Three Hotels Fell Prey to \$325,000 Fire which Devastated Wide Area of Village where Famous Shrine is Located.

Ste. Anne de Beaupre, Que., Oct. 8.—Ten buildings, including the Redemptorist Fathers' sanitarium and three hotels, were destroyed today by fire of unknown origin that swept through the business section of this little village, home of the famous Roman Catholic shrine of Ste. Anne de Beaupre. Damage was estimated roughly at \$325,000.

For nearly six hours villagers and firemen from Quebec City, twenty-one miles west of here, fought the stubborn blaze, believed to have originated in the kitchen of the Hotel Frontenac used to accommodate the pilgrims and visitors to the shrine.

Thirty persons, three of them ill, escaped from the sanitarium, used mainly as quarters for visiting pilgrims. The sick were carried to nearby St. Paul's Hospital.

Emergency calls were sent to Quebec City after the flames began to eat their way through the rows of frame buildings on both sides of the main road that winds its way to the basilica, which already has cost more than \$1,000,000 and is not yet completed. The original building was destroyed by flames fourteen years ago.

But while the Quebec firemen were rushing to the scene, the blaze spread rapidly to the closely-built buildings and only the walls of the sanitarium were standing when firemen got the modern equipment into operation.

PASSING OF MRS. CASTONGUAY AT WINDSOR MILLS

Widely-Known and Highly-Esteemed Resident Was Daughter of Pioneer Family which Had Been Largely Responsible for Early Development of Town.

Windsor Mills, Oct. 8.—The people of Windsor Mills will pay a final tribute of respect to a life-long and highly-esteemed resident tomorrow morning, when the mortal remains of Mrs. Arthur Castonguay will be committed to their last resting place in the family lot in the Roman Catholic cemetery here.

Mrs. Castonguay, who before her marriage was Carolina Dearden, was the daughter of one of Windsor's pioneer families. She was born in Windsor, the daughter of the late Mr. and Mrs. Michael Dearden, and received her education here.

The deceased was first married to Francis Leonard, who predeceased her thirty-five years ago. Twenty-two years ago she was married to Arthur Castonguay, of Windsor, who survives her with one son, Melville, and a daughter, Miss Christine Castonguay.

She also leaves one sister, Rev. Sister Magdalen of Jesus, of the Sisters of Providence, Montreal; one brother-in-law, Mr. Arthur Landry, of Windsor; a nephew, Giles Landry, of Windsor, and a niece, Mrs. Gertrude D. McManamy, of Sherbrooke.

Mrs. Castonguay had experienced poor health for several years past. She was for many years a prominent figure in the social life of Windsor and was always a most charming hostess in her own home.

The funeral service is taking place at St. Philip's Church tomorrow morning at nine-thirty o'clock.

TWO KILLED IN LANDSLIDE AT EUSTIS MINE

Olivier Bachand, of North Hatley, and James Fredette, of Ayer's Cliff, Lost Lives Yesterday Afternoon when Trapped Under Avalanche of Iron Pyrite—Waterville Man Injured.

Eustis, Oct. 8.—Details of the tragedy that claimed the lives of two men and injured a third at the Consolidated Copper and Sulphur Mine here yesterday afternoon were placed before a Coroner's Court this morning.

Olivier Bachand, twenty-four years old, of North Hatley, and James Fredette, forty-five years of age, of Ayer's Cliff, were instantly killed at three o'clock yesterday afternoon when they were buried under an avalanche of iron pyrite.

Herbert Meigs, of Waterville, also trapped under the landslide, suffered a fractured leg. He was removed to the Sherbrooke Hospital, where his condition was reported as satisfactory today.

The three men were trapped when the ore, loosened by an incessant rain, rolled down the hill above the company's mill.

Rescue crews worked frantically to extricate the trio, but Bachand and Fredette were dead when released.

Leonidas Bachand, coroner for St. Francis District, opened the inquest last evening. The enquiry is being continued today.

CURRENCY DEVALUATION PROFITS ESTIMATED AT \$1,000,000,000

France Termed Greatest Gainer with Her Profits Predicted at 17,000,000,000 Francs—Italy Added Between 1,000,000,000 and 2,000,000,000 Lire to a Stock of Gold and Foreign Currency Whose Pre-Devaluation Value Estimated at 5,000,000,000 Lire.

London, Oct. 8.—Paper profits to European national treasuries from currency devaluation were estimated today at considerably more than \$1,000,000,000.

France was termed the greatest gainer with her profits predicted at 17,000,000,000 francs, of which 10,000,000,000 were earmarked for the stabilization fund to keep the franc on a parity with the British pound and the United States dollar. The remainder went into the French treasury.

Italy added between 1,000,000,000 and 2,000,000,000 lire to a stock of gold and foreign currency whose pre-devaluation value was estimated at 5,000,000,000 lire. The exact amount of Italy's gold stock has not been revealed since before the beginning of the Italo-Ethiopian war.

Italian officials realized to pay expenses of the East African campaign and for other national purposes. They said they do not plan to establish a currency stabilization fund.

Switzerland gained approximately 600,000,000 Swiss francs and The Netherlands about 177,000,000 guilders. Other nations profited to a lesser degree because of smaller stocks of gold and lighter devaluation.

Dealing with London's claim that the price of American Cheddar cheese had been depressed by Canadian cheese imported under the Canadian-American agreement, Hull said Landon had omitted to state that the price decline over the period he cited was a seasonal one, that the present price of domestic Canadian cheese was actually higher than the January 1st price—the opening price quoted by Landon.

Landon's charges that United States cattle prices had suffered under the treaty, Hull said, also collapsed under scrutiny. The majority of cattle imported from Canada, he said, were of the feeder type, whereas the decline in prices was in the fat cattle market.

Hull cited figures showing large increases in the export of hams and shoulders, pork, lard and fruit to Canada during the first seven months of the treaty.

Poor weather attended yesterday's contests in which 136 men sought fifty-three trophies and cash prizes plowing stubble. Today's events will be plowed on sod.

The star of yesterday's events was fifteen year old Donald Marquis, of Sunderland, Ont. Competing against a field of youths under eighteen years of age, Marquis took the closed, horse-drawn event and won a forty-dollar gold watch donated by Hon. Duncan Marshall, Ontario Minister of Agriculture.

BANK OF FRANCE MAKES ANOTHER REDUCTION IN ITS DISCOUNT RATE

Paris, Oct. 8.—The Bank of France today reduced its discount rate from three to two and a half per cent.

The reduction was the second since devaluation of the franc. Last week when the Bourse resumed operations the rate was dropped from five to three per cent. to facilitate the flow of capital into productive enterprise following the cut in the gold content of the franc.

The rate on advances against securities was reduced from four to three per cent. and on thirty day loans from three to two and a half per cent.

CLARK ESTATE VALUED AT \$288,267

Ottawa, October 8.—The estate of Edmund Wood Clark, whose death occurred on August 18 last, totals an estimated amount of \$288,267, according to his will filed for probate yesterday. Mr. Clark thirty-five years ago was a small dairy farmer on the Merivale Road. He interested a number of other men in the formation of the Ottawa Dairy, which today is one of the important links in a Canadian chain controlled by the Borden Dairy Company.

Rescue crews worked frantically to extricate the trio, but Bachand and Fredette were dead when released.

Leonidas Bachand, coroner for St. Francis District, opened the inquest last evening. The enquiry is being continued today.

GOVERNMENT FORCES FORTIFIED THEMSELVES TODAY ON VALMADO AND NAVALPARED FRONTS TO STOP REBELS DRIVING TOWARD MADRID—BITTER FIGHTING REPORTED IN PROVINCIAL CAPITAL NORTHWEST OF MADRID—SPANISH CABINET CONSIDERS STRINGENT "POLICE MEASURES FOR MADRID."

Madrid, Oct. 8.—Battle-worn Socialist militiamen dug in today on the Navalpared and Valmado fronts to block insurgent battalions driving toward Madrid.

Government forces held commanding positions along their new front twenty-five miles southwest of the city in the rolling countryside that formed a No-Man's-Land between Valmado and Santa Cruz del Retamar on the Maqueda highway.

To the east, on the Toledo highway at Olías del Rey, theatre of fierce fighting for the past week, the Government still held their positions, commanders said.

In the capital itself the Cabinet in hurried meeting considered stringent "police measures for the interior of Madrid."

At the lengthy Cabinet session, Education Minister Jose Hernandez said, the Government examined "the war situation, deciding the situation has not yet for one moment shown a ballot not in our favor."

Following up the previously announced seizure of landed property in the provinces of Valencia, Badajoz, Murcia, Jaen and Castellon, President Manuel Azana signed a decree confiscating the estates of all those "directly or indirectly concerned" with the outbreak of the war.

At Oviedo, capital of the province of that name in the Asturias district northwest of Madrid, bitter fighting was reported throughout the night. After hand-to-hand clashes in the streets, the reports said, the insurgents retired into the cathedral yard for a last stand.

CHARGE GERMAN SAILORS PARADED WITH FASCISTS

Paris, Oct. 8.—News agency dispatches from Madrid today quoted the newspaper Politica as charging that sailors from the German cruiser Leipzig had paraded through the streets of Corunna at the head of Fascist and Carlist insurgents.

Rifles and machine guns were landed from German freighters and then distributed to Spanish Fascist forces, the newspaper said, according to the dispatches.

"These facts," the newspaper account continued, "show the existence of a secret pact between the Spanish rebels and Fascist states which cover part of our territory."

SURRENDER OR DESTRUCTION IS ULTIMATUM TO MADRID

Burgos, Spain, Oct. 8.—Fascist insurgents, pressing their drive to within striking distance of Madrid, demanded today immediate surrender of the Spanish capital.

The insurgent High Command, announcing capture of town after town almost in the suburbs of the city, threatened destruction of Madrid by bombardment from land and air as the alternative.

At the same time, a squadron of airplanes showered the city with circulars calling on the populace to show allegiance to the Fascist provisional government, asserting that further resistance was useless.

Four columns of General Francisco Franco's 150,000 men on the south and west fronts rolled back the Government defence line.

In the immediate Toledo sector a long-awaited assault was launched on Aranjuez, Madrid's outlet to the Mediterranean. A rapidly advancing column pushed to within six miles of the communications centre, thirty

MOST PRESSING REFORMS WILL BE TAKEN UP AT EMERGENCY SESSION

Legislation Forecast in Speech from Throne Includes "Protection and Safeguard of Human Capital," Agrarian Reform, a Complete Inventory of Provincial Patrimony Looking to Closer Supervision of Natural Resources and More Work for Quebec's Youth, Stabilization of Provincial Finances, Revision of Electoral Laws and Amendment of Compensation and Old Age Pension Acts.

Quebec, October 8.—Debate on the motion for adoption of the Speech from the Throne begins today in the Quebec Legislature, opened yesterday by Lieutenant-Governor Patenaude who read the Royal Message forecasting reform legislation to be introduced by the new Union Nationale Government.

The present "emergency session" is expected to last only six or eight weeks. All the social or economic reform recommended by the Ministry will not be introduced, the Throne Speech forecast, but "a few of the most pressing measures" and appropriations for the current fiscal year will be taken care of.

After thirty-eight years of Liberal Government in Quebec, this, in brief, is what the Union Nationale party plans to do, as forecast in the Throne Speech:

Legislate for "protection and safeguarding of human capital"; undertake agrarian reform; make a complete inventory of the provincial patrimony looking to closer supervision of natural resources and more work for Quebec's youth; stabilize provincial finances; revise provincial electoral laws; and amend the Compensation and Old Age Pension acts.

All these reform measures were forecast by the Union Nationale party of Premier Maurice Duplessis during the campaign for election last August.

It was on this platform the Union Nationale won to victory over the Liberal party, gaining seventy-six of Quebec's ninety seats after preventing the last Liberal Legislature from adopting the budget.

Public Accounts Committee Will Be Continued.

As forecast in the Throne Speech, the appropriations for the current fiscal year form one of the main items of business to be dealt with at the "emergency" session.

The Public Accounts Committee investigation of the Quebec administration under the government of former Premier Taschereau will be continued, the Throne Speech predicted.

Jean Paul Sauve, Union Nationale member of the Legislature for Two Mountains, was named Speaker, while Felix Messier, member for Vercheres, and Avila Turcotte, member for Richelieu, were named whips for the Liberal party. Government selections in this connection will be made later.

When Premier Duplessis proposed the nomination of a committee to select the permanent committee of the House, and moved that this committee meet this morning, Hon. Mr. Bouchard immediately accepted the idea, and said that it was the intention of His Majesty's Loyal Opposition to co-operate with the Government in all ways possible in order to expedite business. The Prime Minister thanked Mr. Bouchard.

Proceedings Followed the General Routine.

Proceedings yesterday followed the routine. The Commoneers were summoned to the Legislative Council by Hon. E. L. Patenaude, Lieutenant-Governor, and sent back again when they informed His Honor they had no Speaker. Paul Sauve, member for Two Mountains, and son of Hon. Arthur Sauve, now a Senator, and from 1916 to 1929 leader of the Opposition in the Assembly, was unanimously elected Speaker, the motion being presented by Premier Duplessis and seconded by Hon. Oscar Drouin, Minister of Lands and Forest, and ranking Minister. Mr. Sauve, the new Speaker, made the usual objection, but under the force of physical violence on the part of the Premier and Hon. Mr. Drouin, he gracefully yielded, departed for a few minutes to don his gown and hat and then headed the procession to the Legislative Council.

In the Red Chamber he asked His Honor to extend to the members of the Legislative Assembly all the privileges which by tradition and custom had hitherto been granted to the Commoneers, and to attribute their errors and faults to him, as Speaker, and he begged that the representatives of the people be given access at all reasonable times to the representative of His Majesty.

miles south of the capital.

Southwest of Madrid, insurgents took the towns of Escalona and Almorox on the Maqueda-San Martin de Valdeleias highway.

Leaving "mop-up" squads to consolidate their gains, one Fascist column swept northward on the highway for a projected junction with the southern wing of General Emilio Mola's Guadarrama army at San Martin.

Another pushed northeastward on the capital through the "No-Man's-Land" between Santa Cruz del Retamar and Valmado, where the retreating Government forces established their rear guard in an effort to stave off the fall of Navalcarnero.

Counter-attacks made by Socialist militia during the full before General Franco started the "big push" were totally ineffective, the insurgents said.

DEFENCE ISSUE IS DEFINED BY HON. MACKENZIE

Substantial Development in Three Services Forecast by Minister of National Defence—Principles Guiding Government Outlined.

Victoria, Oct. 8. — The three branches of the Canadian service, army, navy and air force, will be substantially developed, Hon. Ian MacKenzie, Minister of National Defence, stated in an interview here yesterday. Under a tentative scheme, Hon. MacKenzie stated, a series of air bases might be established along the British Columbia coast, while many of the details of contemplated projects will be worked out by experts. Steps already had been taken, the Minister declared, to modernize the Dominion's air equipment with placement of an order from England of seven Blackburn Shark planes.

"The Canadian Government's defence policy is not a dictated policy," Hon. MacKenzie said. "It is a policy for the defence of Canada in peace or in the eventuality of war. This policy will be determined in the light of the oldest realism with a single view to the greatest security of Canada and Canadians at the least possible cost."

Noting that Canada had become defence conscious in recent weeks, Mr. MacKenzie issued a statement reviewing the Dominion's situation.

"I can say that the present Government of Canada is now and has been since assuming office acutely conscious of its primary responsibility for local defence," said Mr. MacKenzie. "The final question is two-fold:

"1. The nature and extent of the development and extension programme considered necessary for our local defence.

"2. The extent to which the hard-pressed Canadian taxpayer is able and willing to meet new burdens and new taxes.

"The first of these is a question for the Government upon the advice of its experts.

"The second is essentially a question for the Parliament and people of Canada."

The defence policy by which he had been governed since taking office, he said, was:

"1. The general interest of Canada.

"2. The security and welfare of our Canadian people and Canadian homes.

"3. Due regard for any obligation that may be ours."

The principle that emerged from the various Imperial conferences he declared to be:

"1. Each self-governing portion of the Empire is primarily responsible for its local defence.

"2. The security of the Empire is a matter of concern to all its Governments.

"3. The military action taken at any time in peace or war is a matter for individual decision on the part of each Empire Government."

The members of the Legislative Assembly then returned to their own chamber, and after the appointment of a committee to select committees, the debate on the Speech from the Throne was adjourned until today, when the motion to thank His Honor will be moved by Emile Boiteau, of Bellechasse, and seconded by Jonathan Robinson, of Brome, said to be one of the ablest of the English-speaking members in the Legislature. Mr. Boiteau is a notary, Mr. Robinson is a lawyer.

A guard of honor of the Royal 22nd Regiment was on duty under command of Captain Charles Chauveau, son of Colonel Chauveau, of Quebec, and great-grandson of the first Prime Minister of the Province of Quebec, 1867.

In the Red Chamber, special emphasis was laid upon the fact that His Eminence Rodrigue Cardinal Villeneuve was accommodated with a throne on a dais specially prepared for the occasion. His Lordship, Bishop Carrington, of the Church of England, was special representative of the Protestant clergy.

TO RESUME AIR MAIL SERVICE ACROSS CANADA

Service Between Vancouver and Winnipeg Will Be Opened Next Spring and Trans-Continental Line Will Be Inaugurated Probably July 1st, According to Federal Minister of Transport.

Vancouver, Oct. 8. — Air mail service will be resumed next spring in Western Canada for the first time since the previous service was discontinued early in 1932, it was indicated following an announcement made last night by Hon. C. D. Howe, Dominion Minister of Transport.

Mr. Howe said air mail service between Vancouver and Winnipeg will be opened some time in the spring and a Canadian trans-continental service will be inaugurated probably July 1st, Dominion Day.

The Prairie section of the airway, built six years ago, is equipped with landing fields and beacons, and experimental flights have been made this year across the Rocky Mountains with a view to linking the Pacific coast with the Prairies via the Crow's Nest Pass and then on to British Columbia and Lethbridge, Alta.

ROOKIE'S CASE BEFORE LANDIS FOR DECISION

Continued from page 12

From the start, his curves tantalized and bewildered batters. Reaching the National amateur baseball tournament at Dayton, Feller drew attention by striking out eighteen in one game and twenty-one in another.

Pat Donovan, former Detroit Tiger, rushed to tip Bill Evans, then general manager of the Indians, about the new pitching discovery.

Beating twelve other scouts to the draw, the Indians signed Feller.

Protests were filed with Commissioner Landis that Cleveland violated the rules by picking Feller up from the sandlots without any previous minor league experience.

World Series ball players scrambled out of the big town yesterday, leaving behind an assortment of conflicting rumors, horde of speculators and guessers and instructions to send their World Series checks.

The ageless rumor that Col. F. L. Huston, former part-owner of the New York Yankees, would buy the Brooklyn Dodgers for a syndicate headed by the Reynolds tobacco interests, was partly spiked by Stephen W. McKee, thirty-one year old president of the Dodgers.

"I have not seen Colonel Huston, he has never made me an offer, and the club is not for sale," roared McKee.

This failed to agree, however, with a statement from Ford Frick, National League president.

"Huston offered \$1,500,000 for the Dodgers last spring," Frick said, "and the Colonel told me during the World Series he still was interested."

McKee was the only other official announcement of the day, saying Casey Stengel's successor as manager of the Dodgers would not be named for some time.

Commissioner Landis started the exodus toward the hunting and fishing grounds. The judge left for Burt Lake Mich., to fish. Col. Ruppert, owner of the new world champions, and his business manager, Ed Barrow, will take a trip to the Adirondacks.

Yankee Manager Joe McCarthy left word he was not to be disturbed. "I'm going to sleep for a week and then go hunting," he said.

Bill Terry, manager of the Giants, will stay in New York until he has completed the club's spring training schedule and then go to Memphis to rest and have his knee treated.

While most of the players relaxed, Joe DiMaggio prepared for the most frightening experience of his life—a vaudeville tour with his ball-playing brother, Vince, member of the San Diego Pacific Coast League team.

"I'm away behind on my tap dancing lessons," Joe said. "I gotta start working."

Vernon Gomez, the so-called roofer who won two World Series games for the Yankees, was on his way to Redondo, Calif., where his mother, stricken during the series, is ill.

With the Series over, the "minor peddlers" were busy. Central figures in their stories were Rogers Hornsby, reported on the way out as manager of the Browns; Chuck Dressen, Cincinnati pilot who supposedly does not fit into the schemes of Warren Giles, new general manager of the Reds; Jimmy Wilson, Phillies manager, who is rumored to be tottering; and Bill Terry, who is said to be moving into the Giants' front office and turning his old job over to Bill McKee, of the Boston Bees.

ONTARIO POWER CONTRACT CASE BEFORE COURT

Beauharnois Counsel Fyles Documents to Prove Hydro Commission Only Intended Cutting Off Power as a Demonstration.

Toronto, Oct. 8. — Statements of Premier Hepburn, Attorney-General Roebuck and E. Stewart Lyon, chairman of the Ontario Hydro-Electric Power Commission, failed to "convince the public" Ontario could get along without power from Beauharnois Light, Heat and Power Company, Mr. Lyon declares in a document now filed in Supreme Court.

As a result Mr. Lyon proposed on June 18, 1935, that a six weeks "demonstration" be conducted, but the suggestion was voted down by the Commission. Chief Justice H. E. Ross was told at trial of Beauharnois' action seeking to invalidate legislation cancelling the Ontario-Quebec power contracts continued.

MASONS HONOR J. D. McFADYEN AT STANSTEAD

Representative Group of Over 150 Free Masons Attended Reception Given by Gold Rule Lodge No. 5.

Stanstead, Oct. 2.—A representative group of over one hundred and fifty Free Masons met at a reception given by Golden Rule Lodge No. 5, to honor to J. D. McFadyen, the Most Worshipful, the Grand Master of Masons of Quebec.

The weather was most propitious, making it possible for almost all the Masonic Lodges in the St. Francis District to be represented. In addition there were brethren from across the border, including two representatives from the Grand Lodge of Maine, Wor. Bro. A. B. Andrews, of Ashler Lodge, Lewiston, Grand Standard Bearer of the Grand Lodge of Maine, and Rt. Wor. Bro. Loring, of Cumberland Lodge, who was delegated to represent the Most Worshipful, the Grand Master of Maine. Many other brethren throughout the province sent their regrets at not being present owing to previous engagements.

The banquet hall was beautifully decorated with flowers, fruit and an appetizing variety of dishes prepared by the Ladies' Guild of Christ Church. An excellent "wind and string" orchestra was in attendance at supper. The toastmaster was Wor. Bro. B. H. Rider. After the toasts to the King and President, a number of the brethren were called on for a few brief remarks. Each seemingly tried to outdo the other in the compliments paid the Most Worshipful, the Grand Master for his own worth and for having reached the highest rank in Masonry, The D.D.G.M., Rt. Wor. Bro. J. Martyn, of East Angus, was present and gave a short address. Bro. Paul Bailey and Bro. Charles Hepburn sang a number of solos. Bro. J. R. S. Scott officiating at the piano. The community singing of popular songs entered into by all present was hearty and most inspiring.

Toward the close of the evening's programme a handsome Gladstone travelling bag was presented to the Grand Master, Most Wor. Bro. J. D. McFadyen, accompanied by a very suitable address by the Worshipful Master, John Clarke. In reply the Grand Master expressed his deep appreciation for the many kind words spoken, the large representation from the district and the tangible expression of their high esteem.

Tinge Of Sorrow In Queen Mary's Departure.

There is a tinge of sorrow in the thought of Her Majesty Queen Mary leaving Buckingham Palace to take up permanent residence at Marlborough House.

For a quarter of a century Queen Mary has nobly graced spacious Buckingham Palace with her queenly presence. There she ably carried out her exalted duties of state. There she lovingly fulfilled her duties as wife and mother.

Now King George has gone and Queen Mary is left without the companionship of her life's helpmate. No longer does she desire the formal routine of state life at Buckingham Palace.

Rather does she prefer the quiet and seclusion of Marlborough House to the formal routine of state life at Buckingham Palace.

It is not surprising that Queen Mary should turn to Marlborough House for comfort and quiet seclusion, for it was there that she and King George lived as Prince and Princess of Wales. There are many memories surrounding Marlborough House which will forever remain dear to her.

The memories of those days long since past will, no doubt, often come back to her mind as she wanders about the old familiar scenes and recalls the friends and doings of other days before the duties of state called her to the more formal and regal life at London.

Although Queen Mary has left London, she still remains in the hearts of her people who love her and will continue to cherish her for all she has done and for her splendid contribution to the life of the Empire during the quarter of a century that she so nobly and conscientiously carried out her exalted duties as the Queen-Empress.

A Well-Merited Appointment.

After forty years in the "wilderness" of the Opposition, Sir Thomas Chabais has again stepped to the front ranks to assume the position of Government Leader in the Quebec Legislative Council.

This is but the return of Sir Thomas to his old haunts, for he relinquished this same position forty years ago when the Conservative administration was replaced by a Liberal ministry.

Sir Thomas is one of the most brilliant French-Canadian statesmen of the present day. He has been a member of the Quebec Legislative Council for the past forty-four years and a member of the Senate of Canada, at Ottawa, for the past seventeen years.

Today, after almost half a century has elapsed, he again becomes Government Leader in the Council, a position for which he is duly qualified and to which he will bring the valuable experience, the tact and wise judgment which he has amassed during the many years that he has been a public figure in Quebec and at Ottawa.

Boom Forecast By Financial Writer.

The changes now taking place seem to indicate that, barring a new political or social upheaval in Europe or elsewhere, this continent—if not the world—may be enjoying boom conditions before very long, writes P. M. Richards, Financial Editor of Saturday Night.

Mr. Richards continues:

"We are already far removed from depression conditions—the Dominion Bureau of Statistics' economic index stood at 113.8 for the week ended September 19th, 1936, as against 100 as the average for 1926. True, we still have a great many people on relief, but that is largely due to the fact that we have relief. We can be certain there will be plenty of claimants for it as long as it exists.

"Each day that passes sees acceptance of the fact of recovery more general. Our personal forecast is that it will not be long before the most confirmed pessimist will have to admit that times are good, decidedly good. That is, as regards trade and industry and employment. Workers are likely to find that the cost of living is rising faster than wages. 'Twas ever so in periods such as we are now entering on. But at least their employment will be fuller and more secure. The fairly rapid rise of commodity prices that seems to be in prospect will be the main factor working against a further rise in the price of gold. Governments will probably have all they can do to prevent inflation getting out of hand. All this means, as regards the investor,

that he will do well to have most of his funds in good common stocks (incidentally, in those of companies which can readily adjust their selling prices to rising costs of production) rather than in fixed-income securities such as preferred stocks, bonds and mortgages.

"It is well to look back on depression history and note that while it came like a bolt from the blue in the autumn of 1929, it required many months before it reached the very lowest point, in the early months of 1933. Since then, with a slow and gradual up-swing, recessions have been minor and temporary, but the general trend has been upward. The cycle of prosperity promises to be a sustained one for a very considerable period, that seems to be economic history."

Buying By Air.

The practical services rendered humanity by the airplane continue to multiply, the latest being systemized "buying by air." The idea has been worked out so that it is becoming as easy for a person residing many miles away to buy New York styles, Florida fruit or Cuban shawls, as it is to order groceries for dinner. You simply pick up the telephone and the airplane does the rest. The cost, of course, is rather high.

The success of this latest service naturally depends on future developments, but it is attracting attention, as recorded in the following editorial in the Miami Herald:

"Lovers of luxuries and novelty can now add to their usual menus the rare and exotic fruits which were, in a measure, denied them by the lack of speedy transportation.

"All that is now to be remedied by the Railway Express Agency, which will take an order for fruits and flowers grown anywhere in Canada, the United States or Central America and have them on the tables or in the parlors of the purchasers within a few hours.

"A person living anywhere in the north may order fruit from Florida and it will appear on the breakfast table the next morning. Roses from Texas ordered in the morning may appear upon the dinner table that same night.

"Even a Paris model, ordered from Fifth avenue one day, will be worn in Seattle the next.

"All this comes about, of course, through airplane service. The new method of obtaining swift service is called 'Air Shopping' and will, undoubtedly, become immensely popular among those who can afford the expense.

"In any event, it will stimulate business in Florida and other Gulf states where fruits and flowers are grown in abundance throughout the year."

What Editors Say

PREFERS PREMIUMS FOR WORK TO DIRECT RELIEF.

L'Action Catholique.

We were particularly pleased to hear the Minister of Colonization recently stress the faults of direct relief for colonists and his promise to replace it by premiums for work. "Direct relief is a moral, economic and political disaster," declared Hon. Mr. Auger. Who would dare to uphold the contrary? To encourage a man to clear the land rather than to lapse into laziness—that would be social and moral, at the same time as political.

More and more the state ought to force the colonist to hasten the production of his plot. To award him premiums for clearing his land of stumps and stones, draining and ploughing it, would be to encourage him to transform as soon as possible his colonization plot into an agricultural farm.

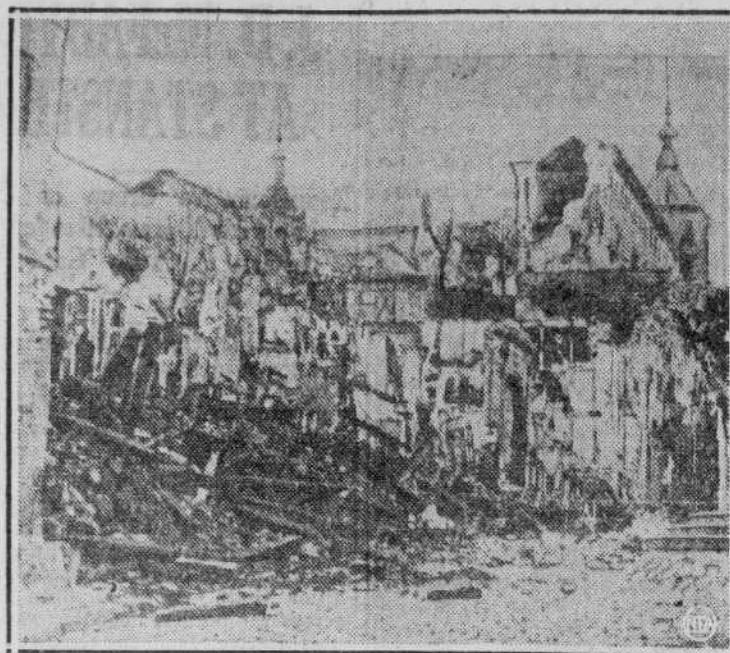

CANADA MUST HAVE PEOPLE TO CARRY ON.

Toronto Mail and Empire.

We do not generally think much of Mr. Gerry McGeer's policies and methods, but we do feel that he is right when he declares that the Western provinces must have more people to develop their vast resources and to carry the overhead of government and equipment in a now sparsely settled country. Mr. McGeer is quoted as saying that British Columbia and Alberta have plenty of room for a hundred million people, instead of the less than two million people which they have today. The hundred million estimate is probably an exaggeration, like Mr. Lloyd George's statement some years ago that, judged on European lines, the whole Dominion of Canada could support 600,000,000 people.

We do not care to indulge in such astronomic figures, but we are convinced that Canada some day will have a hundred million people, and that it should raise its population from its present 11,000,000 to twenty million or twenty-five million as soon as possible. The Bishop of London was absolutely right when he said the other day that we need ten million more people in this country to develop it.

ALCAZAR AFTER WEEKS OF SHELLING

Its walls and towers tumbled in ruins, the Alcazar fortress at Toledo, Spain, stands as a grim memorial to the valiant stand of its 1200 defenders, who withstood a ten-week siege before being released by victorious rebel forces who captured the city. Pictured is one of the shattered walls, target for 10,000 shells.

NEW GOLD PRODUCTION RECORD.

Ottawa, October 8.—A new high monthly record for gold production was set in August, giving evidence of accelerated mining activity since Dr. Charles Cammell made an estimate of \$130,000,000 for total 1936 Canadian production some time ago. August production was 328,697 ounces, the Dominion Bureau of Statistics reported today. The new high mark compares with 319,505 ounces in July and 295,898 ounces in August, 1935, the gain on the latter comparison being 8.7 per cent. For the first eight months of this year output amounted to 2,415,711 ounces, an increase of 14.9 per cent. over the same months last year.

"GIVING THANKS."

E. M. Cross, Kirkdale.
Once again 'tis the Thanksgiving season. Once more does the winter draw near. We have garnered from garden and orchard. The bounteous fruits of the year. We planted our seed in the Spring-time. We waited with patience and prayer. And now that faith is rewarded. We have plenty to use and to spare.

We read of great cities in turmoil. Of countries where slaughter is rife. Of drought and privation and suffering. Of danger to country and life. But here in our quaint rural home-steads.

We dwell contented and free. For this peace and contentment, Oh, Father, We give all the credit to Thee.

We give Thee our thanks, Gracious Father, For our health, and our faith, and our food. For the promise of seedtime and harvest, For the strength that is daily renewed, For a country so lovely and peaceful, For a people contented and free, For all of those mercies extended We render our thanks unto Thee.

FARMER BAGGED A HUGE MOOSE THIS MORNING

Six-Year-Old Animal Weighing 1,000 Pounds Killed by Fred Macchell Near Lennoxville Today—Had Been Seen Earlier in Huntingville.

A lordly moose, estimated to be six years of age, met its Waterloo near Lennoxville this morning when Fred Macchell, a farmer living a few miles from the College Town, on the Johnville road, bagged the huge animal after an exciting battle in the pasture on Frank Mitchell's farm. Considerable time, during which as many as ten shots were fired, was required before the badly wounded animal gave up its struggle for life.

The moose, believed to have been the same animal seen in St. Johnsbury, Vt., last Friday travelling towards this district, was first sighted by Ray Hunting in Huntingville at dawn today. Mr. Hunting was doing his chores when he noticed the animal on the railroad track. The moose wandered towards the level crossing nearby and then returned into the Hunting pasture. Mr. Hunting fired five shots at the fleeing animal and believes that one connected, because the moose appeared to stagger and crouch as it disappeared into the still-lingering shadows.

A short time later, Mrs. Fred Macchell saw the moose crossing the road below the bridge on the Huntingville-Milby road. While she ran to advise her husband, Miss Jennie Macchell, her daughter, watched the animal emerge from the woods across the pasture on Fred Dundin's farm. It made its way across the railroad track as Macchell and Peter Drummond, who is living temporarily with the Macchell family, gave chase.

Drummond returned in half an hour, but Macchell tracked the moose into the Mitchell pasture. He fired no less than five times and wounded the animal. The moose, however, was far from through. It charged Macchell, who was obliged to flee for the shelter of a nearby valley wherein to reload his gun. Several more shots were necessary before the animal succumbed.

Within a short time the news had spread around the countryside and nearly one hundred neighbors visited the scene before the animal was removed to the Macchell barn. The moose, one of the first ever seen in this district, is estimated to weigh 1,000 pounds. It had five points on each horn, creating the belief that it was about six years old.

Fred Macchell today is the hero of the entire countryside as he modestly relates how the moose "came" to him and he was not obliged to make extensive preparations for the hunting trips so popular (and oftentimes fruitless) at this time of year. Fred plans to mount the animal's head as souvenir of an exciting day's work and put the edible parts of the animal in the larder.

Constable—Sorry, but you'll have to be summoned for driving at 50 miles an hour.

Motorist—Couldn't you charge me with driving at 80, officer? I want to sell the car and it would jump the price up.

"Whenever I set out, my collar open, my pack on my back, my pipe in my mouth, and my hair uncovered to the breeze, Dame Nature smiles."

"It's wonder she doesn't laugh outright."

LABOR TROUBLE AT SCOTSTOWN IS AT AN END

New Minimum Wage Scale, Fixed by Arbitration Board, Satisfactory to Guelph Cask, Veneer and Plywood Company Officials and Employees.

Scotstown, Oct. 8.—Labor troubles were at an end here today at the Guelph Cask, Veneer and Plywood Company, with plant officials and employees accepting the decision handed down yesterday afternoon by the Board of Arbitrators appointed to settle the dispute.

A hundred and fifty employees went on strike on September 28th last when their demands for increased wages, time and a half for overtime and slower operation of the machines were turned down by company officials.

A new scale of minimum wages was drawn up by the Board of Arbitration and announced yesterday afternoon.

The Board, appointed under authority of the Quebec Trade Disputes Act, consisted of Charles del. Mignault as chairman, Albert Rumble, of London, England, representing the company, and Paul Rochelleau, acting on behalf of the employees.

About 115 employees will benefit from the new wage schedule, which provides roughly for a twenty per cent. increase in the rate of wages for those who formerly received less than the new minimum scale.

All unskilled labor, with the exception of junior employees and girls working in the drying department, will receive a minimum of two dollars a day or twenty cents an hour. Former salaries in this category varied from \$1.10 to \$1.90 per day.

The minimum wage for skilled labor is fixed at \$2.25 per day, compared with \$1.65 and up under the former schedule.

Foremen and millwrights will receive a minimum of \$2.50 per day but such employees are not affected as none received less than the minimum provided by the Board.

Junior employees and girls will be paid a minimum of \$1.50 a day.

FARMER CLAIMS HE LOST FARM TO TWO ACCUSED

St. Francis Xavier de Brompton Man Charges Lionel Grimard and Louis Rodrigue Swindled Him Out of His Property.

"They lied to me from beginning to end. They took everything I had and put me on the road with my family of twelve children!"

The man was bitter.

"It was all a pack of lies," he said. He looked squarely at Lionel Grimard and Louis Rodrigue, who were seated next to his counsel.

The man was Napoleon Labbe, farmer of St. Francis Xavier de Brompton. He testified this morning as a Crown witness at the preliminary hearing of Grimard and Rodrigue on a charge of conspiracy to defraud.

Police allege that the two local men fleeced Eastern Townships farmers of thousands of dollars in a real estate racket carried on over a period of five years.

Labbe was one of the farmers allegedly fleeced.

He told his story to the Court. On October 15, 1933, he said, he received a visit from Grimard and Rodrigue.

"They asked me if I wished to sell my farm," Labbe was willing to sell and he asked \$5,300. The price was agreeable to the two prospective buyers.

"I told them that I wanted money as soon as possible to pay my creditors, and they assured me that inside of six months everything would be cleared up."

Labbe came to Sherbrooke and closed the deal.

As part payment, he said, the accused gave him a mortgage on a Rock Forest property.

"The mortgage was for six hundred dollars. I asked them if the property was worth that much. We were in a notary's office in Sherbrooke," he named the notary.

"The notary picked up the telephone and called up someone about the property."

Labbe's voice suddenly boomed in the Court room. "The notary said, 'Fifteen hundred dollars,' and he hung up the phone."

A fifteen hundred dollar property looked like good security to Labbe and he took over the mortgage.

Later the Rock Forest property was sold for taxes.

The original owners of Labbe's farm, who still had money coming to them, instituted Court proceedings and regained possession of the farm.

Labbe said that he lost everything.

"Did you ever receive a cent from Grimard and Rodrigue?" asked Antonio Drolet, Crown prosecutor.

"Not one cent."

Labbe's voice was filled with bitterness. "I was put out on the road, destitute, with my family of twelve children."

He said that the Rock Forest property had been valued by the town secretary at \$100.

"Did you examine the property before taking over the mortgage?" asked C. C. Cabana, counsel with Hertel O'Bready for the accused.

"No," replied Labbe, "I relied upon Grimard."

"But how was it," defence counsel continued, "that you say the Rock Forest property was valued at \$100 when the notary enquired and mentioned '\$1,500'?"

"It was a pack of lies, from begin-

MADE FINAL PLANS FOR HARVEST SUPPER

Final arrangements for their Harvest Home supper were made last evening by the members of the Women's Guild of the Church of the Advent, who assembled in the Vestry after the Thanksgiving service. Mrs. S. H. Bachevalier, the president, presided, and everything necessary for the assured success of this popular annual event was planned during the brief session.

HARVEST THANKSGIVING AT CHURCH OF ADVENT

Beautifully decorated with the "Fruits of the harvest," grain, vegetables, fruit and flowers, the Church of the Advent was the scene of two beautiful and largely attended Thanksgiving services yesterday. The annual Harvest Thanksgiving was fittingly observed with an early celebration of Holy Communion at half past seven o'clock in the morning and the impressive choral Evensong held at the same hour in the evening.

Rev. E. K. Moffatt, who officiated at both services, was assisted in the evening by Rev. Basil Jones, Dean of Divinity at Bishop's University, Lennoxville, who preached an eloquent and inspiring sermon on the subject of "Thankfulness."

Special music was rendered by the choir, augmented by several Divinity students from Bishop's University, under the direction of Miss Doris Price, organist.

But... there is always one thing to keep in mind. Every nickel or dime you spend goes to help some unfortunate child who might otherwise be obliged to go through life with some ailment that could be checked if given the proper care and treatment.

Attending the Rotary Fair you get a double thrill—playing twenty odd games—and knowing that the money you spend is going for a worthy cause.

Don't forget the Raffle Tickets, on sale everywhere! A cash prize of \$25 is given nightly.

SAMUEL HOPKINS ADAMS' **The Gorgeous Hussy**
Dramatized from the METRO-GOLDWYN-MAYER Picture by **HALSEY RAINES**

What has happened so far? Peggy O'Neale Timberlake, a charming young widow who is a power in Washington politics because of her close friendship with President Andrew Jackson, finally receives a proposal from the man she had loved for years, Senator John Randolph. She goes to Jackson for advice, and when he opposes Randolph, a states' rights advocate, she leaves the White House in anger.

"I'll bet Calhoun would too!"

"Well, there's only one thing to do," said Peggy. "Nip it in the bud. Back up Dan Webster. Show the people you're the President of a United Union and that it's going to stay that way."

"You got to stick by me," said Jackson. The shadow of John Eaton fell across her eyes. In front of them, and the President turned to glance at him, then looked at Peggy significantly. It was not difficult to read his thoughts.

When the boat made its return trip up the river by moonlight Eaton seized the opportunity to engage Peggy in conversation away from the others.

"I've always wished for such a night as this," began the handsome young Cabinet officer, as they took

CHAPTER X.

The report of Peggy's engagement to Randolph was good news to Vice-President Calhoun, who not only felt himself in accord with the aims of the Virginia Senator, but who also saw in the nuptials what Jackson himself had visualized—the loss of one of his most ardent and capable advisers. Calhoun made no great secret of his feeling that Jackson was misguided and that he must eventually yield to the doctrine of state individualism propounded by Southern leaders.

When he decided to visit Peggy and personally congratulate her, the Vice-President could not refrain from adding a triumphant postscript.

"There was a stubbornness in the President," he declared, "which we could not break down. I think you were responsible for that, Mrs. Timberlake. With you gone Jackson can't hold out a fortnight against the justice of our demands. When you become the wife of John Randolph, the victory is won."

Peggy made no answer to this. Late that afternoon, after a day of mental torture, she went to visit Randolph. She told him everything, her stormy interview with Jackson, her talk with Calhoun, her hours of solitary brooding. Then she said she believed Jackson was right, that it was indeed a choice between her country and her lover... unless (and there was a pleading looking in her eyes) the latter would ally himself with her and with the President to oppose the forces trying to break the Union asunder.

"You mean that you offer yourself to me in exchange for my principles," said Randolph grimly.

"I offer myself to you," responded Peggy, "to help guard the future of a new country, together."

"A woman's right," said Randolph slowly, "is to choose. Love befores politics. A man's career, political or otherwise, is his reason for being, his whole pride and birthright."

"I can't leave Uncle Andy now," cried Peggy. "I've thought it all over. I can't have my country and you. A gleam came into her eye, and her hand rested on his. "But you can have your country and me."

"Peggy," said Randolph, "the last thing I should wish to do is pronounce an end to the only happiness I have ever known."

Then you will—Peggy leaned forward anxiously.

"As between the State of Virginia and you," said Randolph, after a moment's pause, every muscle in his face taut. "I must choose. Is that correct?"

"Yes, I suppose so."

"Then there remains this difference between a man and a woman. I choose Virginia!"

With this dramatic declaration Randolph turned aside and clenched his fists, unable to maintain further poise. Peggy knew him too well not to realize his decision was final. She started slowly for the door, then, instinctively, she whirled and rushed back, putting her arms about his neck and kissing him. Randolph was as motionless as a statue, and made no attempt to hold her; only a little groan that escaped him as she left told of his inward struggle.

It was good sailing weather on the Potomac, and when Peggy told President Jackson that she had decided not to get married at present, he reciprocated by inviting her to join a river party that included John Eaton.

"I've been wanting to see you alone," said Peggy, when she found herself in a secluded corner with Jackson. "I've got something important to tell you."

"What is it, young lady?" asked Jackson. "Got an idea for a new tariff?"

"Nothing so simple as that," she answered. "Look."

She extended one clenched hand, and, opening it, exposed the Calhoun secession coin which had been given her the night she visited Randolph. "By the Eternal!" growled Jackson. "I'd like to hang the scurvy, poxy backguards that done this! An'

a seat in the darkness of the rigging. "I'd begun to lose faith, Peggy, until tonight, with tonight's new moon to wish on."

He took her hands, put an arm about her waist. Peggy looked at the outline of his sensitive, clearly outlined features and realized that she might become fond of him. But in her ears sounded a faint echo of Randolph's well-remembered voice: "This is the difference between a man and a woman. I choose Virginia!"

"John! John, dear," she called, unconsciously, her mind on the poignant event of that recent afternoon. Eaton, having no suspicion that she was calling to another "John," unfolded her in a sudden rush.

"Then it's true," he whispered joyously. "You do—"

"Would it make you very happy, John Eaton?" asked Peggy, looking at him with a gentle tenderness.

The news of Peggy's forthcoming marriage gratified many people in Washington just as much as it shocked the clique to which Mrs. Beall and Lucius Abbot belonged. Their tongues wagged for a fortnight with discussion of this scandalous alliance. The poor Secretary, they felt, had been led like a lamb to the slaughter.

Only a few of Peggy's closest friends suspected the full extent of her feelings for Randolph, and guessed the struggle through which she had gone in parting from him for good in order to marry a man whom, as yet, she liked rather than loved. Peggy knew that John Eaton was intensely in love with her, and she felt that, in the course of time, she might return this feeling in full measure.

Although Mrs. Beall and a few friends stayed away from the wedding, consumed by curiosity, the affair proved a red-letter event. Rowdy Dow came, first having drowned in drink the memory of his own unsuccessful suit. Martin Van Buren and John C. Calhoun acted as ushers, beaming and bland. President Jackson came as near being the guest of fashion as his rapt frame would permit. Afterwards there was a reception at which Pennsylvania

cheese, punch, and fiddlers' jigs contributed to the general gaiety.

That same night, at Warrenton Manor, John Randolph was ineffectually trying to forget everything but matters of state. He paced to and fro, conning a new speech, stepped in to his library to gather new quotations, and then assumed his favorite place by the window to recite them. But he could not keep his mind on his work, and after a time he threw his papers aside and sank into an armchair. He was not conscious of the approach of a light-footed figure from the garden until the latter had reached the doorway in front of him.

"Good evening, Senator," said the visitor suavely, drawing back his cane. Randolph stared at him for several moments before recognition came to him. He had not seen Prof. La Roy Sunderland since that night when the palmarist had incited the riot in the court yard of the inn.

"It's been some six years since we met, Senator," went on Sunderland.

"Yes," said Randolph. "Unfortunately I have a very good memory." "Perhaps I'll be more welcome," said the other, "when you hear my business. For many months, while you and your colleagues have worked in the open, we have worked in the dark. The time has arrived to strike. Jackson is wavering. A million men await only the word to dissolve the Union and free the states!"

"Is this the way," said Randolph, with deadly calm, "that sincere principles can be twisted to spell blood and rebellion?"

"I know you must be cautious," smiled Sunderland craftily. "But you also know that in your heart, you are with us."

"Tell this to your friends," said Randolph, rising. "I will maintain the privileges of the sovereign States of Virginia with my life, but I'll be the first to shoot the blackguard who dares falsify my position and lead the nation to bloodshed! And I'll tell Andrew Jackson exactly how I stand!"

Sunderland, with a bow, disappeared. Randolph rang for his butler. He passed across the area of the lighted window. A shot rang out from the garden, and he dropped to the floor.

(Tomorrow: The shooting of Randolph is kept a secret, but news of it finally reaches Peggy. She learns that he is in a critical condition and rushes post-haste to his side.)

the Merchant of Venice by the seniors. The distribution of prizes won by the pupils last year brought the programme to a close.

We want a slogan for Ogilvie Royal Household Flour and for the best ones submitted during this contest will award prizes as outlined above. Read the simple contest rules and send in your entry.

Your chances of winning a prize in this contest will be greater if you keep in mind that Ogilvie Royal Household Flour is triple-tested. It is tested for wheat quality before milling, for flour quality during milling and for baking quality after milling.

This all happens before Royal Household Flour is put into quality-protecting bags and sent to your dealer. Now you can easily understand why this first-quality flour simply must blend better with other ingredients—why it makes finer, better-textured bread; richer, more flavoursome cakes and flakier pie crust.

Get a bag of Ogilvie Royal Household Flour now. You'll find it is really fun to bake when you use this "triple-tested" flour.

This is what you do

Merely write a slogan of not more than ten words relating to Royal Household Flour and good enough to describe this favourite brand. It's easy to do. Here are a few examples: "Best by Triple Test," "Made by the Master Millers" or "A Guarantee of Uniform Baking Results."

You may send in as many slogans as you wish, providing you follow the simple rules below.

HERE ARE THE SIMPLE RULES:

- 1 Use a plain sheet of paper and write out your slogan of not more than 10 words. Write your name and address clearly at the bottom and on the other side of the sheet write the name and address of the store where you purchase your Royal Household Flour, or use the coupon.
- 2 You may submit as many slogans as you desire, but with each one send the words "Royal Household" cut from the small label in every bag of Royal Household Flour. Or you may send in a reasonably accurate facsimile of same.
- 3 This contest will close on November 30th, 1936. All entries submitted will be postmarked not later than that date.
- 4 Address your entry to "The \$1,450 Prize Contest, The Ogilvie Flour Mills Co., Limited" and mail it to the nearest Ogilvie office listed.
- 5 ONLY RESIDENTS OF CANADA may compete in this contest. Employees of The Ogilvie Flour Mills Co., Ltd., and their families are not eligible.
- 6 In case of a tie the prize money will be equally divided. The committee of judges is composed of three independent, disinterested persons in no way connected with The Ogilvie Flour Mills Company Limited and their decisions will be final. No correspondence will be entered into and all slogans submitted will become the property of The Ogilvie Flour Mills Co., Limited.

MANY ENJOYED CHURCH SUPPER AT LENNOXVILLE

Ladies of St. Anne and Catholic Women's League Sponsored Highly-Successful Social Event in St. Anthony's Church Hall Last Evening—Penny Sale Attracted Many Patrons.

A cheerful atmosphere permeated St. Anthony's Church Hall, Lennoxville last evening for the annual supper held under the auspices of the Ladies of St. Anne. This successful social event was arranged with the co-operation of the Catholic Women's League of St. Anthony's Church. Mrs. D. Martin, Mrs. A. Aubin, Mrs. F. Duval and Mrs. A. Perrault acted as conveners and the many guests were cordially welcomed by Mrs. Eugene Breton, president of the Ladies of St. Anne, and by Miss Edith Quinn, president of the Catholic Women's League.

The hall was most attractively decorated for the occasion, the overhead lights being shaded with purple and gold streamers. The long tables, laden with delicious salads and other foods, were centered with bouquets of autumn flowers, bowls of fruit and lighted tapers in tall candlesticks. Enjoyable music was provided by Miss J. Dixon and Maurice Lacroix, of Sherbrooke, during the course of the evening.

VARIED MATTERS DISCUSSED AT REBEKAH MEETING.

Sister Maude Walton, Noble Grand of Myrtle Rebekah Lodge Number Twenty-eight, conducted the regular semi-monthly meeting in the Lennoxville I.O.O.F. Hall last evening, at which various matters of interest were discussed. Among the correspondence was a letter from Sister Muriel Cassidy, of Montreal, president of the Rebekah Assembly of Quebec Province, who stated that, if convenient, she would make her annual visit at the next regular meeting. A letter was also received from the Sawyerville Rebekah Lodge inviting the Lennoxville group to attend their district meeting next Wednesday evening. Miss Audrey Bellam also wrote to thank the members for their kindness to her while she was a patient at the Sherbrooke Hospital. Sister Estella Wellman, P.D.D.P., convener for the card party recently given by this lodge, reported the sum of \$10.45 had been realized by this venture, and a hearty vote of thanks was extended to her and her committees for their work.

PENNY SALE HELD IN AID OF LIBRARY.

A most enjoyable and highly-successful penny sale in aid of the Lennoxville Library, was held in the Reading Room of the Lennoxville Town Hall last evening, under the convener'ship of the maintenance committee headed by Mrs. M. G. Stewart and Mrs. R. C. McFadden. As the many patrons entered they purchased one or more ten-cent envelopes containing slips of paper on which were numbers. They then took their seats, and later the auctioneers, Mrs. R. C. McFadden and Mrs. Austin Scott, called out the selling points of the various articles on display on a table at the front of the room. When one of the articles appealed to the eye of a patron, he or she would drop one of the numbered slips previously purchased into a box passed through the crowd, the box was then returned to the auctioneers, and one slip taken and announced, the person in possession of the corresponding number being the lucky buyer. This proved both amusing and exciting, for one never knew whether the article which they desired would be won by them or by someone else. The door prize was won by Miss Mary Cochran.

MANY PRESENT AT MEETING OF SUTTON GROUP

Impressive Service Featured Meeting of Sutton Young People, Attended by Twenty-Seven Members and Five Visitors.

Sutton, October 8. — The Sutton Young People held the first meeting of the fall and winter session at the home of Mr. and Mrs. Herbert McElroy, Sutton Junction. Twenty-seven members and five visitors were present. Rev. Mr. Mallalieu delivered a short address of welcome to the many new members who were officially enrolled. In the course of his remarks the speaker explained the duties and theme of the important Union of Young People's Society.

A camp fire had been planned if the weather had been fair, but constant rain during the day caused the party to make the best of it indoors, it also being found necessary to hold a communion service inside. The class formed a huge human cross, the young members forming the perpendicular from head to foot, and the older members the arms. Rev. Mr. Mallalieu presided over the service, the impressiveness of which will long remain in the minds of the members and their guests—sincerity and solemnity casting a spell over the young people.

After the sacred service the class formed a circle for the business period and later Rev. Mr. Mallalieu led a very interesting and enthusiastic sing-song. Gay and lively songs preceded the rounds and the more sacred selections. Ola Dyer, Marjorie Thompson and Reuben Martin displayed their knowledge of tricks before a delightful feast was enjoyed. To overcome the disappointment the members could not hide. Mr. and Mrs. McElroy served hot dogs with rolls and mustard, coffee and cake. In this atmosphere the young people made believe they were around a camp fire with their hot dogs and rolls, everyone joining in singing the old favorite round, "Fires Burning."

An interesting event during the meeting was a presentation on behalf of the class by Mrs. L. E. Dyer to Mr. and Mrs. Harold Murns. Dyer was the social leader of the class for years, while Mr. and Mrs. Murns, nee Kitty Shepard, were members. Mrs. Dyer's remarks were very impressive and appreciated and endorsed by all present.

After the meeting the programme was concluded, the members returning to their respective homes and all sincerely hoping there will be many more meetings of this nature so that

the Union will grow stronger and stronger.

SCHOOL COMMISSIONERS HELD BUSY MEETING.

Necessary repairs to some of the school buildings comprised the principal business before a recent meeting of the School Commissioners of the Township of Sutton. H. S. Wells, Inspector of schools, and H. S. Billings, newly appointed special officer of the Department of Education, visited the meeting and accompanied the members of the Board to inspect several schools in the townships. The visitors expressed themselves as particularly pleased with the repairs at the Sutton Junction school, which has been completely renovated, and with the new school building on top of the mountain, known as the Esty School.

Among other items of business transacted by the Board was a resolution by which all Protestant scholars residing in the Township of Sutton will be charged twenty-five cents a month for tuition. Formerly there had been a rate of twenty-five cents for children of property owners and fifty cents for children of other classes.

The secretary-treasurer, H. H. Dyer, was instructed to write to the trustees of the Fisher Trust Fund requesting a grant toward the cost of repairing the Sutton Junction School and another grant of one-half the cost of the new desks purchased for the same school.

B.C.S. BLANKED COLLEGE SQUAD IN EXHIBITION

Rugby Fixture Yesterday Afternoon Resulted in Six to Nothing Victory for Bishop's College School Over Bishop's University.

Today—for the first time in the past six years—the Bishop's College School gridiron youngsters can boast a victory over their perennial Bishop's University opponents. Playing on a rain-soaked battle field yesterday afternoon, the material "Chie" Carson has developed into a formidable aggregation turned back their rivals from across the river to the tune of six to nothing, registering the lone touchdown of the contest in the dying moments of the game.

Although kept on the defensive most of the time, particularly in the second half, the B.C.S. students played inspired rugby and revealed the 1936 squad as one of the strongest of the past four years. Big and fast, the Carsonmen displayed exceptionally good downfield tackling, while backing the line was a promising punter, Allan Robinson, who kicks with both feet.

The University twelve, although finishing on the wrong end of the final count, were far from outclassed. They forced the play fully two-thirds of the time, but fumbles in the pinches and questionable decisions to try for major failures instead of singles kept them off the score sheet.

Apart from Robinson, who was responsible for all his team's points, the exhibition uncovered another likely-looking tackler in Radley Walters. The 120-pound outside wing, who had never played rugby prior to this year, has become a deadly tackler under Carson's skillful tutelage and yesterday was one of the outstanding players on the field. Webster, with his broken field running, and Von Colditz, who broke up many College plays, also played prominent roles in their squad's triumph.

Paul McMahon and "Dago" Knox were the pick of the University representatives, the latter's running being particularly effective, while at times "Boake" Carter and Peter Greenwood played havoc with the opposing line.

In the first quarter the School had a wide edge. After a series of short ground-gaining plays, Robinson hoisted to McMahon, who was roused by Cross before he could fight his way from behind the touchdown line. The collegians were singularly ineffective in this stanza, their plays being smothered several times before they were properly under way. The University representatives started off better in the second period, but the School nullified a steady advance and staged an offensive of their own which was unsuccessful when McMahon succeeded in running back a kick from behind the touchdown stripe. "Hank" Tremholme's line plunge and an exchange of kicks netted the University considerable acreage and Jim Bilkey recovered his own twenty-five yard hoist on the B.C.S. thirty-five yard mark. The halftime whistle, however, nipped this rather promising rally.

The second half was significant inasmuch as the School did not have possession of the ball in their opponents' territory until the last minute of the battle. Twice in the third chapter the College manoeuvred into position for placement kicks, but attempts to make more yards by plunges on third downs lost them the pigskin, while failure to capitalize on opportunities also prevented them from scoring.

Carter and Greenwood tore through the B.C.S. line for thirty yards and came to within five yards of a touchdown only to have the defenders recover a fumble. Webster punted out of danger and then ran to safety when the collegians tried for a single. With seconds left to play, Bishop's had possession of the oval at midfield. In a final desperate effort to break into the scoring column, Jack Rogers called for the forward pass play. He got his hands away, but Robinson intercepted the ball and galloped twenty yards unmolested for a major score.

The line-ups were:
B.C.S. f. wing J. Peterson
Robinson h. f. Knox
Decheny h. f. McMahon
Schaffner h. f. Lyster
Webster quarter Billy
Byers snap Frederick
Golditz inside D. Peterson
Norsworthy inside Davis
Anglin middle Carter
Winnor middle Greenwood
Walters end Carmichael
Boswell end Norris
B.C.S. subs: MacDonald, Shaughnessy, Taylor, Bennett and Hodge.
Bishop's subs: Tremholme, Rogers, Pharo and Bennett.

HIGH SCHOOL OLD BOYS MEET 1936 SQUAD ON MONDAY
Officials of the Sherbrooke High School's Old Boys' Association were discussing plans today for their annual rugby contest against the present students. The game is scheduled for next Monday afternoon on the Parade Grounds and a large number of former students have already signified their intention of being on hand to "teach the young fellows a few tricks."

A Scotsman, who was playing golf, paused to pull his handkerchief out of his pocket and a pair of false teeth fell to the ground. "These are yours, sir," said the caddy, picking them up. "They're not mine," said the Scotsman. "They're Maggie's. I tak' them wi' me so Maggie canna eat between meals."

KAYSER LEAGUE SINGLE-STRING RECORD BROKEN

Jack Pashley Eclipsed Armand Bourguignon's Single-String Mark Last Evening by Rolling Total of 232—Two Teams Sharing Leadership Today.

Jack Pashley picked the Yankees to win the World Series, but he did not anticipate they would shatter a score or more records in crushing the Giants. Inspired by the record-breaking achievements of Lou Gehrig and Company, Pashley did a little mark-eclipsing of his own last evening and today was hailed as holder of the highest single-string ever rolled in the Julius Kayser Ducky Bowl League.

Playing a prominent role in the three-string victory which lifted the Maroons into a tie with the Grays for the league leadership, Pashley had given little indication that he was about to better the mark of 227 set by Armand Bourguignon last season. After posting mediocre scores for the first two strings, however, Jack had the scorer making a series of crosses after his name in the final contest as he rolled a total of 232. This score is nine pins under the alley record in competition.

Pashley topped the three-string column last evening with an aggregate of 453 as the Maroons blanked the Pinks. Harve Courchesne's Grays slumped after winning the first string and slipped from undisputed possession of first place by dropping the last two strings to the Greens.

Behind the deadlocked pace-setters are four teams sharing third position. This tie developed when the Blues captured two strings from the Browns and the Reds beat the Whites by a similar margin. The Purples consolidated the "Oranges" "hold" on the cellar berth by annexing three strings from Alex Maguive's tail-end quintette.

Pashley was joined in the "400" group last evening by Maguive, with 448; Fred Goyette, of the Purples, with 425; Courchesne, with 409, and Gerald Guine, of the Purples, with 406.

ROOKIE'S CASE BEFORE LANDIS FOR DECISION

High Commissioner of Baseball Studying Amazing Case of Bob Feller, Sensational Schoolboy Pitcher—Denies Brooklyn Dodgers Are for Sale.

New York, Oct. 8.—The baseball world lifted its gaze from World Series warfare today and centred it on a baby-faced kid of seventeen and a grim, gray-thatched judge, chief characters in one of the game's dramas.

As rival magnates crowded the sidelines, clutching bankrolls and eager for a chance to outbid each other, Kenesaw Mountain Landis, High Commissioner of baseball, studied the amazing case of Bob Feller, sensational schoolboy pitcher from Van Meter, Iowa.

The judge has the alternatives of rendering one of these three decisions:
He can rule that Feller is the real property of the Cleveland Indians in which uniform he started baseball with his great pitching genius.

He can rule Feller a free agent, open to deal with the club-owners, who are ready to give him upwards of \$100,000 for just singing a contract.

Or the judge can rule the high school boy the property of the Des Moines Club of the Western League. As property of Des Moines, he again would be placed on the auction block for the highest bidder.

The career of the Iowa country boy and how he slipped through the clutches of big league scouts is almost as amazing as his first regular start on the mound for Cleveland when he fanned fifteen St. Louis Browns and allowed them two hits last August 23. On September 13 he struck out seventeen Philadelphia Athletics for a new American League record.

Feller, a stocky youngster of 185 pounds, was pitching for a Farmers' Union team in Iowa last year. Please Turn to Page 2, Col. 4.

JOBEL BETTERED FIVE-PIN SINGLE-STRING RECORD

The Page-Sangster quintette in the Y.M.C.A. Five-Pin Bowling League went on a record-breaking rampage last evening in their regular fixture with the Chumps. The Printers had a chance to eclipse three former marks, but the record books this morning revealed that only Art Jobel had established a score better than any other previously rolled. Jobel, anchor man for a sound that posted three single-string team aggregates of over 1,100, bettered his own three-string mark by three pins when he finished with a total of 879.

Les. Bourguignon failed by a single pin to equal the high single-string standard of 351, while the Printers' complete team aggregate of 3,395 was fifty-two pins under the mark I'm Alone set last season. Apart from Bourguignon, Charlie Varney and Jobel also broke the 300-mark with scores of 310 and 327 respectively.

Superfluous to say, the Chumps lost the three strings.
The Dynamiters did not threaten any former records, but they succeeded in annexing three strings from the Rand and moved into a tie for the pace-setting berth with Circo.

AN INTER-CITY MEETING HELD BY ROTARIANS

Over Hundred Rotarians From Sherbrooke, Lyndonville, St. Johnsbury, Newport and the Boundary Clubs Gathered in Rock Island Yesterday—Sherbrooke Won Golf Tournament.

Rock Island, Oct. 8.—Over a hundred Rotarians from Sherbrooke, Lyndonville, St. Johnsbury, Newport and the Boundary Clubs gathered here yesterday for an inter-city meeting that was featured by a golf tournament in the afternoon and a banquet at the Del Monty Hotel in the evening.

The golf tournament, played at Dufferin Heights for a handsome trophy that in future will be competed for annually, was won by the Sherbrooke Rotary Club representatives with a combined net score of 272. The Lyndonville club ranked second with a score of 291.

The Sherbrooke foursomes included B. N. Holtham, who had a net score of 67, with a 6 handicap; Lee Watson, net 65, handicap 15; P. D. Mathias, net 67, handicap 17, and Bob Webster, net 73, handicap 15.

Next year's competition will likely be played in Sherbrooke.

The prize for the best gross score of the afternoon went to B. N. Holtham, of Sherbrooke, with 73; the award for the best net score to Don Dashney, of the Boundary Club, who had a gross score of 80, less a 22

handicap, which gave him a net score of 58, while the "endurance" prize was awarded Col. B. B. Morrill, member of the Boundary Club.

Rotarian Don Dashney, vice-president of the Boundary Club, presided over last night's dinner in the absence of Frank Hearle, the president.

Among those who attended the dinner was Tom Mason, Governor of the 37th District of Rotary International.

The members of the Sherbrooke Rotary Club who attended the inter-city meeting included Karl Barrett, president; Rosaire Samson, vice-president; Harry Gifford, E. J. Page, P. D. Mathias, Lee Watson, Frank Norcross, R. A. Webster, B. N. Holtham, H. S. Ball, N. D. Cascadden, J. T. Hawkins, Ernie Gilby, C. P. Buckland, Harry Downs, Jr., A. C. Skinner, J. Rosenbloom, George Ewing, John Hovey, Gerald Wiggott and Douglas Stevenson.

FORMER LOCAL PRO ANNEXED PROVINCIAL HONORS.

Montreal, Oct. 8.—Paddy Grant, formerly pro of the old St. Francis Golf Club, Sherbrooke, shot a steady seventy-four in a driving rain yesterday morning and countered with a seventy-three in the afternoon to win the ninth and final field day of the Montreal Professional Golfers' Association.

Grant, now the professional of the Grovehill Golf Club, finished in a tie with Art MacPherson, of Marlborough, but won the play-off after three holes. He won the first hole with a four to his opponent's five, lost the next when he needed a six, one more than the Marlborough pro, and then captured the third with a par three.

GOVERNORS' RULING ON IMPORTS CONFIRMED

Hamilton, Ont., Oct. 8.—The "imports," all eleven of them, must stay

out of the "Big Four." This decision of the executive committee of the Interprovincial Rugby Football Union, plus a vote of censure on the Montreal Indians, rocked the "Big Four" today. It meant the end of the "trouble" that has kept the "Big Four" in turmoil since the board of governors banned the eleven players last week, though the unanimous action of the executive in confirming the governors' ruling caused surprise in some quarters.

Also, the executive ruling sent "Big Four" coaches huddling. They must now make permanent the stop gaps instituted pending final decision on the ban that stripped them of American players. Failure to fulfill residence rules was the reason.

The vote of censure on the Montreal Indians was for using Oke Olson, former South Dakota University player and Regina Rough Rider, in the game with the Hamilton Tigers last Saturday. The Indians' representative apologized for the action.
