ARGENTINA BREAKS OFF RELATIONS WITH AXIS

Immense Axis Spy Ring Involving Members Of High Society Is Bared

Last Country in Americas to Break with Germany and Japan—Ambassadors Will Be Handed Their Passports Today—Sensational Revelations Expected.

Buenos Aires, Jan. 26.—(P)—Argentina today broke off relations with Germany and Japan. She was the last country in the Americas to break with the Axis.

The German and Japanese Ambassadors will be handed their passports today.

President Gen. Pedro Ramirez will speak over the radio to announce the Government's decision.

Ramirez signed a decree breaking relations with Germany and Japan which declared an immense Axis spy system had been discovered in the country involving members of high society in Argentina.

Ramirez signed the decree at 8:10 a.m. and Foreign Minister Alberto Gilbert immediately went to the Foreign Ministry where he awaited the Chilean Ambassador, Rios Gallardo.

It was said "sensational revelations" concerning the spy ring would be made.

Rios Gallardo expressed great pleasure at the Argentine decision, asserting that Argentina now stood with the rest of the countries of the Americas in a united front against the Axis.

A series of government conferences on foreign policy had extended far into the night but early today Argentina's intentions had been clouded by uncertainty.

The only real clue to the situation was an assertion by Foreign Minister Alberto Gilbert that Argentina is prepared to take "the final step" to eliminate all espionage activities which endanger the dignity of the nation.

Gilbert did not elaborate on his statement, which was made before he entered a late night conference at the Foreign Ministry at which the subject of a departure from the government's foreign policy apparently was debated.

Rumors that President Gen. Pedro Ramirez already had signed a decree providing for a break in relations with the Axis were emphatically denied by a high government official.

At 1:55 a.m., shortly after the conference at Gilbert's office began, Oscar Jbarra Garcia, Under-Secretary of the Foreign Ministry, told waiting newsmen that there was no hope the far-reaching announcement that the Government had hoped to issue last night would be forthcoming before 10 a.m. (9 a.m. E.D.T.).

"There has been precious little time to give to the drafting of an announcement," he said.

The group conferring with Gilbert was headed by Col. Juan D. Perron, Under-Secretary of War and Secretary of Labor and Social Welfare.

Three Allied Hospital Ships Are Attacked By Germans In Anzio Bay

New York, Jan. 26.—(AP)—In a broadcast from Allied Advance Headquarters in Italy CBS Correspondent John Daly said last night three Allied hospital ships, "lighted up like Christmas trees," had been bombed by German planes in Anzio Bay Monday and one had been sunk.

Daly, aboard a destroyer off the beach, said the warship had intercepted a message from the hospital ship Leinster identifying the vessel sunk as the St. David.

The third ship involved in the attack was identified in the intercepted message as the St. Andrew, Daly said.

He reported that the Germans had attacked with both torpedo and dive bombers and had also employed the new glider bombs.

Daly's broadcast account of the bombing follows:

"I was in an American destroyer just off the beach when the first wave of enemy planes attacked at 4:44 p. m. Few details of that raid, in which the Germans used the new glider bombs, torpedo-bombers, dive-bombers and high-altitude bombers, are available.

"But this much can be reported. There were three hospital ships in the Southern sector of the bay, all

SOVIETS CHARGE GERMANS WITH NEW ATROCITIES

Moscow Announces Discovery of 11,000 Bodies in Polish Uniforms Buried in Katyn Forest.

London, Jan. 26.—(P)—The Moscow radio announced today a special Soviet commission had found 11,000 bodies in Polish uniforms buried in the Katyn Forest, ten miles from Smolensk, and charged that they were "Polish war prisoners shot by the German invaders."

The broadcast, recorded by the Soviet monitor, said that the special commission began its inquiry Sept. 26, 1943, when Lt.-Gen. Nikolai N. Burdenko of the People's Commissariat of Health and other members and experts arrived at Smolensk.

"The experts made a thorough investigation of the bodies, documents and factual evidence found on the bodies and in the graves," said the broadcast. "All this evidence demonstrates precisely the time and the circumstances of the crimes perpetrated by the German invaders."

Moscow first announced that the commission was studying the Katyn "massacre" on Jan. 17 and promised early findings after noting that the Soviet Government could not deal with the Polish Government in London because the Poles had asked the International Red Cross to investigate German charges that the killings were done by the Russians.

German propagandists said Polish soldiers and officers had been killed during the Russian occupation of Smolensk. The Poles asked for and then withdrew a request for a Red Cross investigation of the accusations. Meanwhile, however, Moscow severed relations with the Polish Government in London.

The announcement today said that when the Germans invaded the Smolensk district three camps for Polish prisoners-of-war were situated 15 and 27 miles West of Smolensk, and the Poles were working on roads.

"These camps could not be evacuated in time when the Germans reached the region," the broadcast said. "The Polish prisoners and part of the staff of the camps and guards fell into the hands of the Germans."

"The special commission found that 10 miles from Smolensk along the Vitebsk road in the Katyn Forest are the graves where the Polish war prisoners shot by the German invaders are buried," the broadcast said.

"The graves were opened in the presence of all the members of the commission and medico-legal experts. The total number of bodies found in Polish uniforms was, according to medico-legal experts, 11,000."

"The first was from the hospital ship Leinster, which said: 'Have been bombed and am on fire! This followed in quick succession:—

"Hospital ship St. Andrew being continually bombed."

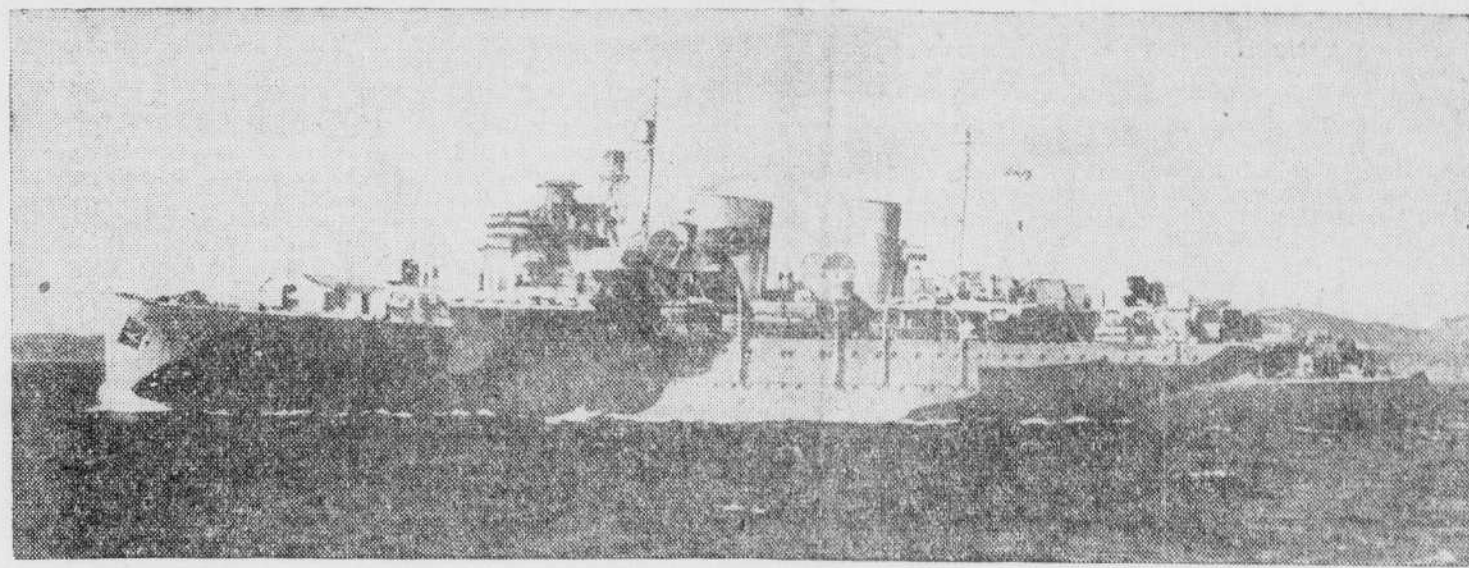

"Hospital ship Leinster being bombed again."

"And then from the Leinster and the St. Andrew came these messages:

"The time was 7:27. Said Leinster: 'Hospital St. David sunk. Am going to her assistance.' The St. Andrew repeated the message and added: 'We are picking up survivors.'"

"This no hearsay. Our destroyer was being attacked at the same time on the other side of the Bay. I saw the bombs hit all around the three ships, and I heard with my own ears the S O S messages. Remember I said they were all lighted up like Christmas trees."

Fought Off German Bombers

Shown here is Canada's first Anti-aircraft cruiser, H.M.C.S. "Prince Robert," who with other ships of the Royal Navy and Royal Canadian Navy fought off German bombers in a recent battle that lasted for two hours. All of the ships in the convoy returned to the United Kingdom safely, although two were hit.

BRISK SESSION PREDICTED FOR OTTAWA HOUSE

Four New Members, Including Armand Choquette of Stanstead, Will Make Their Appearance in Parliament Today.

Ottawa, Jan. 26.—(P)—Members of Parliament today receive thanks for their labors during 1943 and end their business for the fourth session of the 19th Parliament.

Assembling at 3 p.m. E.D.T., Senators and commoners will continue briefly the session which started last January and continued until adjournment on July 24.

In the House, several bulky reports and other documents will be tabled, and four new members, elected at by-elections since July, will be introduced to Speaker J. A. Glen.

They are Fred Rose, Labor Progressive member for Montreal-Cartier, Armand Choquette, Bloc Populaire, Stanstead; J. W. Barton, C.C.F., Humboldt and William Byrce, C.C.F., Selkirk.

When the House has concluded its business it will await a summons to the Senate by the gentleman usher of the black rod, Maj. A. R. Thompson, where the message of prorogation will be read by Chief Justice Thibideau Rinfret, acting as deputy to the Governor-General.

Senators and commoners then are free of duty until they assemble tomorrow to hear the Speech from the Throne read by the Governor-General. This speech, outlining Government plans for legislation in 1944, will mark opening of the new session.

In the Senate, one new member will take his seat, Senator J. F. Johnston of Bladworth, Sask.

Members who arrived in the capital today all said they expected a brisk session, which some expected to be the last before a general election.

Eden Reaffirms Boundary Policy

London, Jan. 26.—(P)—Foreign Secretary Eden reaffirmed today the British Government's policy not to recognize "any territorial changes which have been effected in Poland since August, 1939."

Mr. Eden thus made it clear Britain was determined not to recognize any change in Polish territory as it was before the German invasion of that country Sept. 1, 1939, and subsequent Russian sweep into Eastern Poland.

Referring to a statement on non-recognition of Polish territorial changes that he had addressed to the late Polish Premier, Gen. Wladyslaw Sikorski, Mr. Eden told Commons:

"This remains the position. His Majesty's Government of course stands on the principles enunciated in the Atlantic Charter."

Germans Believed Withdrawing Some of Their Forces in Cassino Area to Meet Growing Allied Menace to Their Lifelines South of Rome—Troops Who Landed Below Rome Encountering Stiffening Resistance.

Aigiers, Jan. 26.—(P)—American troops are advancing through minefields in the Cassino sector, it was announced today shortly after field dispatches said United States patrols had penetrated into the town.

The front dispatches said German defenses had weakened on that bloody battleground, indicating that the Nazis may be withdrawing some of their forces to meet the growing Allied menace to their lifelines South of Rome.

The American and British troops who landed South of Rome Saturday are encountering stiffening resistance, Allied Headquarters said, but are continuing to press forward.

At last reports yesterday they had thrust more than twelve miles inland and were within reach of the Appian Way, one of the two main arteries feeding the Germans on the Cassino front.

A communique today said French troops of the Allied 5th Army "are engaged in a bitter see-saw struggle with the enemy" for possession of important heights Northeast of Cassino.

Allied planes, meanwhile, smashed at bridges and roads and machine-gunned Germans in the area South of Rome.

Eleven Nazi planes were shot down for a loss of three Allied ships, C.C.F., Selkirk.

American troops again crossed the Rapido river.

Patrol activity quickened on the 8th Army front across the Italian peninsula and German prisoners were taken after fierce fighting.

Heavy bombs struck at rail communications in Central Italy, medium bombers attacked roads and bridges at Rieti, Amelia and Ceperano, while light bombers pounded Terle, Frascati and Belmonte.

Fighters and fighter-bombers machine-gunned and bombed roads and troops in the battle area, and maintained a constant cover over the beaches.

Advancing in the Garigliano area, on the Southern Italian front, British troops captured, Cerasoli, two miles West of Castelforte.

As the Americans advanced through minefields North of Cassino they were subjected to heavy fire and the Germans also launched fierce counter-attacks on the French near Monte Croce.

On the whole, however, German

PROCLAIM STATE OF SIEGE IN ROME

Berne, January 26.—(P)—Dispatches from the Italian frontier today said German authorities had proclaimed a state of siege in Rome as the progress of Allied troops fanning out from their Nettuno bridgehead touched off a new wave of anti-Nazi activity in the city.

These reports said Allied sympathizers had attacked German barracks and supply depots and bombs had been thrown at military bureaux and at soldiers in the streets.

Several German officers were reported killed by these attacks in broad daylight.

Resistance diminished on the main 5th Army front as it increased against the Allied forces threatening their communications in the North.

A German broadcast yesterday said the town of Velletri, 24 miles Southeast of Rome on the Appian Way, had been destroyed by bombs and intimidated United States troops had occupied it and cut the high-way.

Velletri is seventeen miles from the original landing point at Nettuno and the Via Cassilina is only eight miles beyond Velletri.

The Appian Way, which with the Via Cassilina feeds the estimated 100,000 Nazis in the Gustav Line, was to all intents and purposes denied the enemy.

The BBC quoted one of its correspondents as the broadcast as saying advance Allied elements had crossed the Appian Way and were approaching a double-track electric railway leading to Rome.

An indication of the location of some of the Allied troops was provided by Don Whitehead, Associated Press correspondent with the invasion force, who said they were "in perfectly clear view" of Velletri, Genzano and Albano, high in the Alban hills. Genzano is five miles West of Velletri on the road to Rome and Albano is two miles further along as the road turns North-westward.

The German air force, meanwhile, struck with increasing ferocity at

Great Soviet Northern Offensive Has Cut Off 250,000 Nazi Troops

FIVE JAPANESE SHIPS SUNK IN BOMBER ATTACK

Jap Convoy Off Fuchow Raided—Allies Continue to Hammer Targets in Northern France.

Chungking, Jan. 26.—(P)—Bombers of the Chinese-American wing of the United States 14th Air Force attacked a Japanese convoy off Fuchow on the East China Coast Monday and sank five vessels totalling 9,500 tons, Allied Headquarters announced today.

In addition, the announcement said, a 2,700-ton freighter was damaged and a Japanese seaplane shot down.

The vessels sunk were listed as a 1,700-ton passenger and cargo vessel, two 2,200-ton cargo and passenger vessels and one 1,100-ton cargo boat.

Other Mitchells of the 14th Air Force, sweeping the sea lanes between Hong Kong and Nampang Island, sank a 2,700-ton freighter, the announcement said.

All aircraft returned safely.

London, Jan. 26.—(P)—Allied bombers and fighters hammered targets in Northern France for the fourth straight day today after swift R.A.F. Mosquitoes had broken a one-night lull in the Allied aerial offensive by stabbing at unspecified objectives in Western Germany.

R.A.F. raiders also struck at Northern France during the night operations, which were carried out without loss, said the Air Ministry.

The day raiders encountered poorer conditions than yesterday, when the weather was almost ideal, and were flying under a layer of light cloud as they swept across the Channel.

United States Thunderbolts dropped bombs on enemy airfields at Gilzeijen, Holland, yesterday for the second time in three days as other Allied planes rocked the French coast for the third straight day and the 15th time this month.

The Americans bombed airfields at Leeuwarden, also in Holland, while Thunderbolt fighters swept the entire Zuider Zee area. The American operations were carried out without loss.

Strong formations of bombers and fighters hit the French Coast in the morning and returned to drop more explosives in the afternoon. The raids were carried out by R. A. F. Dominion and Allied medium bombers escorted by fighters. Two of the latter failed to return.

In gaining their objectives, Govorov's troops were forced to smash their way through some of the most highly developed fortification systems yet encountered Southwest and Southeast of Leningrad.

More than 1,800 Germans were

Unanimous Second Reading Given First Of Two Quebec Labor Decrees

Quebec, Jan. 26.—(P)—The Legislative Assembly gave a unanimous second reading to the first of two labor bills presented by the Government, and then moved into committee of the whole to study the bill clause by clause yesterday.

First clause of the bill, which would set up a Labor Relations Board in the Province, was adopted in Committee before the House adjourned today. The bill itself is given second reading by a 55-0 vote.

The Government called for the formal vote although Opposition Leader Maurice Duplessis had said he was ready to give the bill second reading and although Rene Chaloult, lone Bloc Populaire member, had said that "I will vote for the principle of the law."

The bill would create a Labor Relations Board to handle all labor disputes in the Province and would make it obligatory for employers to recognize any labor organization that had sixty per cent of the employees of a firm as members.

The bill does not prohibit strikes, but provides that fourteen days of strike—or lockout—must be given should either side not be satisfied with the Board's ruling on a labor dispute. A second bill, to be studied later, is understood to prohibit strikes among public service employees.

It provides also that any collection agreement entered into under the Board's sponsorship will be valid for one year only, but will be renewed automatically unless contrary notice is given by either side more than thirty days before its expiration date.

The bill would prohibit strikes or lockouts as long as the association of employees has not been recognized by the Board as representing the workers of any particular firm. An unrecognized association can enter into a collective agreement with an employer, but such an agreement becomes void the day another organization is recognized as representative in the same firm.

Penalties provides for a fine of up to \$500 for the first offense and up to \$1,000 for each additional offense to recognize and deal with an organization recognized by the Board; while an anyone instigating or participating in a strike or lockout

Drive Has Now Reached Two Main Railroads Running West and South of Leningrad—Tosno's Capture Expected Momentarily.

By HENRY C. CASSIDY, Associated Press Staff Writer, Moscow, January 26.—(P)—The great Russian Northern offensive has reached the two main railroads running West and South of Leningrad, cutting off approximately 250,000 Nazi troops from direct communication with the rest of the German Army.

A Soviet war communique last night said Gen. Leonid A. Govorov's Leningrad Army had fought its way into the strategic rail hub of Krasnogvardeisk, 30 miles Southwest of Russia's second city to sever the important trunk line running West to the Estonian City of Reval. Krasnogvardeisk is also the Northern terminus of a railway running Southwest to Luga and Pskov.

Govorov's troops stormed into Krasnogvardeisk from Pushkin, 14 miles to the Northwest, and front dispatches reported that the town, already outflanked from the East and West, was expected to fall momentarily.

Vladimirskaya, nine miles East of Krasnogvardeisk on a branch line to Tosno, junction point on the Leningrad-Moscow main railway line, was captured in this drive, while other units of Govorov's forces moved across the Leningrad-Moscow line between Tosno and Chudovo. (A British radio broadcast, recorded by CBS, said today Tosno's capture was expected soon).

The Germans were reported battling violently to hold their grip on these main rail arteries but their use of them already has been neutralized by Govorov's swift advance, and the Nazis have been forced to fall back on two secondary lines running South to a junction with other railroads serving Luga and Pskov.

These lines, however, were simultaneously threatened by the Westward advance of Gen. K. A. Morozov's Volkov Army from Novgorod, which already is reported close to the junction points so vital to German escape plans.

The main Moscow-Leningrad railway was breached in a swift drive from Kirishi, 28 miles Northeast of Chudovo.

In gaining their objectives, Govorov's troops were forced to smash their way through some of the most highly developed fortification systems yet encountered Southwest and Southeast of Leningrad.

More than 1,800 Germans were

WAR BULLETINS

Stockholm.—Opposition deputies in the Bulgarian Parliament demanded yesterday that the Government seek to improve its relations with Soviet Russia and withdraw its troops from territories on which Bulgaria has no real claim, dispatches from Budapest said today.

New Delhi.—Fresh fighting has flared in the Chin Hills and Hukawng Valley of Northern Burma where American-trained Chinese troops are clearing a route for the Ledo Road to China, a Southeast Asia Allied Command communique said today.

London.—Yugoslav Partisans have stormed and reoccupied the Western Bosnian stronghold of Mrkonjgrad, near Jajce, recently-liberated headquarters Bastion of Marshal Josip Broz (Tito), but have been forced to evacuate the strategic town of Tuzla in Eastern Bosnia, Tito's war bulletin said today.

46 Jap Aircraft Bagged In Raid

Allied Headquarters, New Guinea, Jan. 26.—(P)—More than 150 American and New Zealand fighters and bombers, making "one of the best co-ordinated raids since the war began," shot down between forty-six and sixty-one Japanese planes and destroyed eight more on the ground Sunday to raise enemy losses in defence of Rabaul this month to more than three hundred.

More than forty dive bombers swept down on Lakunai, Rabaul's principal fighter strip, and silenced seventeen anti-aircraft positions with 1,000-pound bombs. Eighteen torpedo bombers followed in to plant 2,000-pound bombs in the mid-section of concrete runways and on the Coral extensions.

Allied count of Japanese aircraft lost at Rabaul this month includes 242 certainly shot down; sixty-six probably shot down and more than twenty ground planes destroyed.

Allied losses slightly exceed fifty.

Fight Against Tuberculosis
Is Described To Rotarians

Lieut.-Col. Dr. J. A. Couillard, President of the Canadian Tuberculosis Association, told members of the Sherbrooke Rotary Club last night that during the First Great War tuberculosis claimed more lives on the home front in Canada than Canadian troops killed in battle.

55,000 Canadian soldiers died in action on the battlefields in the 1914-18 conflict, compared with the toll of 62,000 persons who succumbed directly to the dreadful disease, he stated.

In the past two years, the speaker said, tuberculosis started to gain steadily, jumping from 76 to 82 deaths each year per 100,000 population in the Province of Quebec, after having been under control at the outbreak of hostilities. Following the last war there were 350 deaths yearly per 100,000, with this being reduced to fifty deaths in a twelve month period in twenty-five years.

Col. Couillard told the meeting that efforts are underway to combat the disease in Quebec before the "fruit of labor for a quarter of a century is lost."

Proving by statistics that T. B. is more dangerous than the Germans in World War I, the speaker declared that 3,000 deaths occur in Quebec each year and every death from tuberculosis is responsible for ten new cases because of the contamination. Every possible means is being taken to wage a winning

PERFECT ATTENDANCE

Perfect attendance members of the club sat at the head table at the Rotary meeting last night. G. M. Wiggitt and Emilien Gingras have not missed a single meeting during the past twelve and eight years, respectively.

Mr. Wiggitt said that he enjoys the fellowship and also gets a "great kick" out of Rotary. Mr. Gingras stated that it has become a habit with him to attend the meetings regularly, pointing out that he finds each and every one interesting.

battle against the scourge which affects those in the eighteen to twenty-five year old group.

The reason for tuberculosis conditions in Sherbrooke and the Eastern Townships are multiple because this area was most inadequately equipped to cope with the disease. Stating that the death rate from T. B. here was high, the speaker added that the Provincial and Federal Committees did not pay much attention to Sherbrooke and district because there was no institution to take care of the stricken patients. Most patients had to wait admission to a sanatorium and as a result of this the disease had a chance to progress into the advanced stage. Now that the St. Francis Sanatorium has been opened here, Col. Couillard said that all T. B. patients will be helped and efforts will be made to eradicate the terrible scourge prevalent in this district.

He defined T. B. as an infectious disease, which can be spread from

one person to another. The inhaling of microbes will cause tuberculosis, he continued, and a patient not under control does not know how to prevent the spread of the disease, which already has "wiped out" families because cases were not segregated.

That T. B. is hereditary was scored off by the speaker as a false conception. Children are born free of infection, even if the parents had the disease, but he pointed out that the infection follows after the birth. T. B. will not develop unless some one expectorates the germs.

Maintaining that T. B. develops itself, he asserted that the outstanding symptoms can be found on persons from eighteen to twenty years of age, who lose weight, from ten to fifteen pounds over a short period, coupled with a cough, light sweat at night and fatigue. Coughs usually last from three to four weeks in cases of this nature should be investigated by X-Raying the lungs, he warned.

A shadow will show up on the film indicating that the person is infected with T. B. This is the only way of finding out. He said that although the poor class cannot afford X-Ray plates costing from ten to fifteen dollars each, there are dispensaries all over the province, the same as in Sherbrooke.

Col. Couillard held that T. B. is the most curable of all diseases if it is recognized in its early stage. The treatment he prescribed for T. B. patients was a rest of several months in a sanatorium bed and to educate a person on the proper methods to employ in caring for himself.

The early treatment consists of putting the patient in cheerful surroundings, he added, with plenty to eat and supervised by experts. Today surgery plays a big role in the fight against the T. B. disease, and in cases where one lung is in good shape, the other can be treated.

After visiting the local sanatorium he said that he was very much impressed and Col. Couillard paid tribute to those responsible for the institution. He mentioned Dr. L. A. Trudeau, who he has done in connection with the new hospital, and praised Dr. P. P. Beaudry for carrying on at the T. B. dispensary despite many obstacles.

Rotarians were urged to support the anti-tuberculosis movement by purchasing T. B. Christmas Seals which go on sale every December, pointing out that every cent of the proceeds will be used to combat the disease in this area. The speaker, who lauded the local Rotary Club for its charitable work, was introduced by Immediate Past President E. E. Goodenough and was thanked by Dr. E. H. Badley.

In addition to Dr. Beaudry and Dr. Trudeau, Lucien Hebert, Manager of the Hotel Dieu, also was seated at the head table. The only visiting Rotarian at the meeting was H. M. Eldson, of the Montreal Westmount Club, and the following guests: R.C.A.P. Cpl. Donald Hopkins, son of Max Brown Hopkins, of Coaticook; Antonin Deslauriers, Paul Bedard, Armand Petit, P. M. Robins, David Robins and W. J. McConnell, all of Sherbrooke.

The Rotary Club will hold a joint meeting with The Sherbrooke Lions Club next Tuesday when a new electrical apparatus will be demonstrated by General Electric representatives.

Past President Goodenough in charge of the twenty-fifth anniversary celebration of the Rotary Club on May 23, announced that special booklets will be printed and distributed for the occasion.

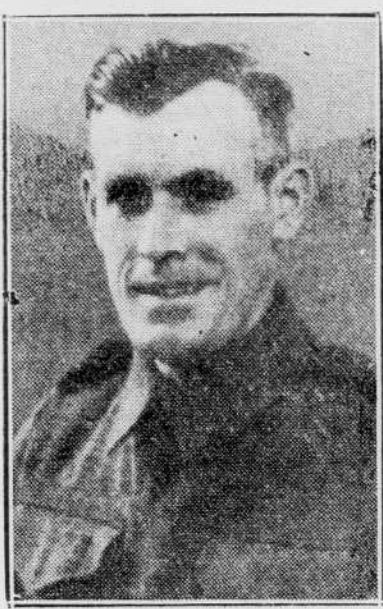

It was also announced that J. K. Flaherty will go to Thetford Mines, where he will address the Rotary Club there in connection with the blood donors clinic tomorrow at noon.

TWO E.T. MEN WOUNDED

Lieut. George Albert Coderre, 22 Kingston Avenue, Sherbrooke, was among the Canadian Army officers reported as wounded in action in the 414th casualty list of the war issued today by the Department of National Defence at Ottawa. Lieut. Coderre was serving with the Regiment de Quebec and his father, Joseph Coderre, has been notified by the authorities.

Another Eastern Townships man, Lieut. Ian Morrison Stewart, was also reported wounded in the same list. Stewart was serving with the Canadian Armoured Corps and his address was given as Sutton Junction. His wife, Mrs. Dorothy Stewart, has been notified.

PROMOTED OVERSEAS

MRS. H. P. HAMEL
AGAIN HEAD OF
WAR AUXILIARY

Well may Mrs. H. P. Hamel, whose untiring efforts as President of the Allies War Auxiliary won her the deserved honor of re-election, and her corps of devoted workers feel justly proud of their splendid service on the home front during 1943.

Meeting at 42 Wolfe Street, the "Auxiliary Home" the members under the presidency of Mrs. Hamel, reviewed the results of their patriotism and devotion.

The annual meeting opened, as do all sessions of the Auxiliary, with prayer, a special petition being included for Pte. David Niel, one of the Auxiliary "boys" wounded in active service in Italy.

The minutes were read by the Secretary, Mrs. Selvin Whittaker, who afterwards gave the roll call.

Perhaps the outstanding highlight of the meeting, apart from Mrs. Hamel's unanimous reappointment as Chief Executive, was her report on the past year's work.

She reported that 138 boxes had been shipped overseas, to the men in the Armed Forces, also 163 knitted articles given out; 5 boxes of clothing sent to bombed victims in England; 1 large hamper of clothing to Russian Relief; 5 boxes of clothing to needy families in Sherbrooke; and \$50 in small cash donations, to several relief organizations.

The President also reported flowers sent to sick members who were on the mend.

Mail from Overseas revealed that most of the Christmas boxes sent by the Auxiliary had reached their destination safely, and Mrs. Hamel stated that the remainder would not doubt be acknowledged in the near future.

The election, which was merely a matter of form, then took place. Mrs. Hamel being again acclaimed President, and Mrs. Selvin Whittaker, Secretary-Treasurer.

Miss Andrea Moorcroft was in charge of the sale of home cooking, from which were most gratifying, and together with the proceeds from the sale of a patchwork quilt, netted a goodly sum, which was immediately voted to be turned over to the Secretary-Treasurer, to be used for the purchase of wool.

Mrs. Hamel stated that Lt.-Col. Robinson had visited the home, and gratefully acknowledged a donation in cash from the Colonel, and also one from Mrs. Wright.

Mrs. George Burden was welcomed as a new member of the Auxiliary.

Plans were made to commence another patch work quilt, and to send two boxes Overseas, during the coming week.

The surprise box donated by Mrs. S. Whittaker, was won by Mr. Frank Jones.

The President feelingly voiced her thanks and appreciation to the members for their loyal support and co-operation, and prior to adjournment, Mrs. Hamel announced that Mrs. George Mouldy would act as hostess for the next Auxiliary meeting.

Mrs. Selvin Whittaker, hostess for the evening, served dainty refreshments with Miss Florence Moorcroft and Mrs. Charles Moss assisting.

The successful and interesting annual meeting closed with the singing of "God Save The King."

Officers Re-Elected At Annual Meeting Of Scout Association

The re-election of the old slate of officers for the new term was the highlight of the annual meeting of the local branch of the Boy Scouts Association held at the Odd Fellows' Hall last night. The President for the new term will be Neil Tracey and the other officers are Vice-Presidents, J. S. Mooney and E. T. Harbert; Treasurer, D. Pearce; Secretary, R. F. Saunders; Corresponding Secretary, J. W. Bucknell; Press Secretary and Historian, L. Eastman; Badge Secretary, Neville Doherty; Trustees, J. S. Mooney, J. A. Large, J. W. Blake and B. Millar; Chairman of the Lyster Judges, E. T. Harbert; Chairman of the Camp Committee, J. A. Large, and Chairman of the Air Scouts Committee, R. E. Blake. The other members of the Association are L. Rosenblum, J. H. Wark and J. G. Russell.

During the course of the meeting a good financial report was read by the Treasurer, D. Pearce, in which a cash balance was reported.

The resignation of the Badge Secretary, Norman Tracey, was also accepted and a letter of regret at the resignation of J. G. Russell from the Association was to be sent to him. Among the reports presented at the meeting were the report from the Group Committee, which showed that they had had an active year in the absence of many leaders and the progress was shown to be considerable along these lines.

E. T. Harbert's report as District Scoutmaster was well received and gave proof of the year's activities by the Scouts in this district. Other reports were as follows.

In his report on the activities of scouting for the past year Neil Tracey, President of the local branch of the Association, said that scouting had passed through quite an active period during 1943 and that while it had had its ups and downs the movement had shown signs of progress and the big problem was to find a sufficient number of leaders.

The first public activity reported on by the President was the dinner held at the Chateau de Lennoxville, at which the Provincial Commissioner paid his visit. Mr. Tracey said that following the dinner an indoor display was put on at the Sherbrooke High School. Mr. Allen told the members of the Association that he was well pleased with the smartness with which the troops and packs in the city conducted themselves.

Later on in the season the annual Patrol Leaders dinner was held at the Chateau de Lennoxville, at which the Provincial Commissioner, Frank Anderson, was present to give the boys an inspiring address on the spirit behind the scout movement.

The Easter egg collection last spring was also mentioned in the report. A large quantity of eggs were reported collected and distributed to needy families and to charitable organizations and the work was carried out under the capable direction of Eric Sharpe, the Assistant Scoutmaster of St. Peter's Church.

The annual spring Lyster Trophy inspection which last year included the presentation of the medals of merit to two of the old scouts of the city was set for this year. A fine turn-out was present at the inspection and at that time the city had a great honor bestowed on it when two of the local men, J. W. Blake and L. Rosenblum had been chosen for the Award of Merit. At this time, Neville Doherty, the retiring press secretary and historian was presented with a Thanks Badge for the fine work that he had done in keeping the activities of the scouts and cubs in the city before the eyes of the public. Church parades followed this ceremony which was followed by William Allen, the Provincial Commissioner.

The visit of the Dominion Chief Commissioner, John A. Styles, was also a highlight of the year's activities. Mr. Styles visited many of the local schools, and following the Rotary banquet he attended a rally and inspection at the local High School.

Apple Day and the boy scout shop were also mentioned briefly in passing and the President said that both were a great success and that much credit was due the leaders for the way in which they worked in these projects.

In closing Mr. Tracey thanked all the leaders and the members of the Association for the fine co-operation that they displayed during the year and he said he hoped that they would continue to work as they had done in the past. He said that he thought that the efforts put into the movement were appreciated and pointed out that much joy could be had from helping the boys out in this organization.

Norman Tracey, Association Badge Secretary, in his report on the number of badges passed by the troops and packs in the last year, announced that the 5th Troop St. Peter's had led the field, having passed a total of one hundred and forty-six badges.

The 5th Pack St. Peter's, Mr. Tracey reported, had been successful in passing a greater number of badges than any other troop in the city.

Those who passed the necessary tests and required number of badges to become King Scouts from St. Peter's Troop numbered four, Mr. Tracey continued. The four boys are Michael Cottrell, Charles Fountain, Robert Paquette and James Atto.

In the badge report for the 7th Troop, fifty-one badges were awarded to its members in the past year, while King Scout rank was attained by two members—Donald Beane and Garth Bishop.

Thirty-three tests for badges were attempted and successfully passed by the members of the St. Patrick's

Troop, Mr. Tracey reported. The 6th Troop, St. Andrew's, was awarded four badges during the year, he announced in closing.

The District Commissioner, C. G. Blake, announced that R. A. Benton had been re-appointed as District Scoutmaster for the Sherbrooke District for the current year. Mr. Blake also stated that Douglas Beaman has been appointed as District Scoutmaster for the same area, succeeding E. T. Harbert, who has been named a Vice-President of the local Association. Mr. Beaman has been the Scoutmaster of St. Patrick's Troop in Sherbrooke since 1942 and is a prominent figure in local scouting circles, having also been Vice-President of the Leaders Council and a representative to the Local Association Executive. He has conducted camps at Lake Aylmer and Place's Pond and was in charge of Apple Day last fall. He was largely responsible for the re-organization of radio broadcasts sponsored by the Boy Scouts and for a time acted as Deputy District Scoutmaster. Before coming to Sherbrooke Mr. Beaman rose from a Scout in Prince Edward Island in 1930 to serve as Assistant Scoutmaster of the Highfield Troop in Moncton, N.B. Mr. Beaman employed in the local office of Julius Kayser and Co. and is also prominent in other work among the youth of the community.

The District Commissioner, when making the appointments, outlined the duties of these offices as the visitation of troop and pack meetings, the direction of combined rallies and parades, the registration of leaders and unit members, assist with leadership training and procuring new leaders and to generally encourage hiking, camping and other district activities and perform such other duties as may from time to time be assigned to them.

In his report on the activities of the Cubs in the district District Scoutmaster Robert Benton said that the packs now had a total of 115 Cubs and that these were divided among five packs. The packs now in operation are St. Paul's, St. Peter's, St. Patrick's, St. Andrew's and Lennoxville.

In taking over his new duties last September, Mr. Benton started right in to carry on the work left by Rev. Robert Weaver.

The first change to be brought about came early in September when Richard Pearson was put in charge of St. Peter's Cubs with Miss C. Symes and Miss E. Davies as assistants. Shortly after this Emery Cauter, the leader of St. Andrew's Cubs, left for the services and his post was filled by Miss Mary Carr with Miss E. Edgecomb as her assistant. In reporting on this pack, Mr. Benton said that there were ten boys who would be reaching their twelfth birthday before the pack closed down for the summer and the need for the organization of a troop was stressed.

Apple Day was participated in by all Cubs and the Lyster Trophy inspection at the High School was also participated in by the five packs.

An expression of thanks was also tendered to the Association for the \$10 received for a district hike and field day to be held in the spring. The date set for this will be in the early part of June, and the prizes to be given will be all Cub equipment.

Other notes on the commissioners' report showed that regular visits had been paid to all the packs and that the advancement was carefully recorded.

The operation of the toy shop which was the one big project undertaken by the Cub leaders this year, was handled with some detail and it was reported that the shop was run in an orderly fashion. The competition for the biggest number of turnouts was won by St. Paul's Troop. Some of the boys in this troop were present every working day and the prizes for attendance went to Harold Runions, Garth Bishop and Jack Drew.

In closing, Mr. Benton also thanked

ADVENT CHURCH
ANNUAL VESTRY
SESSION HELD

The annual vestry meeting of the Church of the Advent was held in the Church Hall with Canon Moffatt, priest-in-charge acting as Chairman.

The meeting opened with prayer after which the Chairman appointed Miss Doris L. Robinson to act as Vestry Clerk. The minutes of the previous meeting were read and confirmed.

Canon Moffatt in presenting his report for the past year showed that the Church had much to be thankful for. Despite a year of global war in which a large proportion of the boys in the congregation were on active service, there were few casualties. Attendance at services had been well maintained and in some cases, especially the early services, showed an increase. Congratulating the Rev. John Ford of St. Paul's Mission and his congregation on the creation of a splendid paragonage, Canon Moffatt remarked a debt of thanks was owed to Mr. Ford for the thorough and efficient way in which he took charge of all ministrations during the summer months. Mentioning the spiritual benefits reaped from the mission conducted by the Dean of Quebec early in Lent last, Canon Moffatt closed by thanking each and every organization in the Church for their splendid work during the past year and urged every communicant in receipt of an individual income to contribute his or her share to the upkeep of the Church.

H. H. Woollerton, the People's Warden, presented a commendable report on the financial status of the Church, showing that despite being obliged to erect two new furnaces during the year, there were no accounts outstanding and a small balance was on hand.

After the reading of canons eleven and seventeen by the Rector, the year ensued resulting as follows: election of officers for the coming year, Canon Moffatt, Rector (re-elected); People's Warden, Douglas Price; Delegate to Douglas Thomas Keeley (re-elected); Envelope Secretary, Roland Loughrey; Rector's Sidesmen: W. G. Sharpe, T. Keeley, S. H. Bachelder, J. Wark; People's Sidesmen: J. E. Gann, G. Mitchell, H. H. Woollerton, K. Downes; Auditors: E. W. Jones and P. W. Johnston (re-elected).

During the meeting a motion was passed to increase the Diocese Budget by ten per cent, also to the painting or staining of the Church floor.

Thomas Keeley ably summed up the thanks of the congregation for the work and efforts of the Rector, his wife, the Church officers and the various organizations during the year, especially mentioning being made a whole at the honor conferred by the Bishop in appointing their Rector a Canon of the Cathedral at Quebec.

The meeting closed with grace and the singing of God Save the King.

INVISIBLE LINGERIE IS SECRET OF SMOOTH, SILKEN-CURVED FIGURE

CAROLE LANDIS: Silken-curved silhouette.

BY ALICIA HART

Invisible lingerie is more often the key to a silken-curved silhouette than the dress that tops it.

So says Carole Landis, next to be seen in "Four Jills in a Jeep." This figure-famous star should know. She's seen how wicked a camera can be when lingerie wrinkles, plackets gap or coarse lace or clumsy seams show through like terrestrial lines on a mud map.

"Do take the time," urges Carol, "for a little under-cover work. Pick a piece of lingerie for first, fluid material that clings to your body like a second skin; secondly, for almost invisible seams and fine detailing. That done, make the garment fit. After it as you would a ready-made dress. After that keep straps taut, plackets snug."

CHRIST CHURCH VESTRY MEETS AT SWEETSBURG

Sweetsburg, Que., January 26.—The annual meeting of the Vestry of Christ Church was held at the close of a short service of Evensong on Sunday, January 16th, with the idea of saving fuel and being more convenient for out-of-town parishioners to attend.

Rev. J. O. Peacock opened the meeting with prayer and then asked all present to stand, in silence, while he read the names of the deceased members of the Sweetsburg congregation who had entered into rest during 1943. They were Mrs. Carrie Agnes Grimes Ingalls, Mr. Seelye Johnstone Mackie, Miss Margaret Caroline Phelps, Mr. Richard Darwin Wells.

Mrs. Eugene Hall was re-appointed Vestry Clerk. The report of Rev. Mr. Peacock showed that more acts of Civil Status had taken place during the year 1943 than for several years previously; 18 burials, 11 baptisms, 1 registration and 7 mar-

riages performed in the parish of Nelsonville.

At Christ Church the attendance at church services totalled 3,868, an increase of 71 over 1942, 410 people had attended Holy Communion services, an increase of 76 over 1942.

The Duplex Envelope Secretary, Miss Shirley Dubois, reported that 31 sets of envelopes had been given out and 26 sets had been used and returned.

The report of the Junior A.Y.P.A., formerly known as the Altar Guild, of which Mrs. Kenneth G. Lazenby is President, was read by the Secretary, Miss Pearl Barber.

The reports of the Parish Guild were read by Miss Lora Robinson as Secretary and Mrs. Eugene Hall as Treasurer and those of the Women's Auxiliary for 1943 by Miss Robinson as Secretary-Treasurer.

Mrs. Nelson Ingalls as Treasurer of the Corporation of Christ Church read a very clear and concise report of the year's finances, which was considered favorable. The year passed with a minimum of worry as to finances.

Due to some difficulty with the furnace, from which the heat is negligible although a great amount of fuel is used every week-end, it was decided to hold the Sunday afternoon services of Evensong in the basement of the church during the cold weather in order to make the surroundings more comfortable for people to attend, with the exception of the second Sunday of the month, when Holy Communion is held.

The report of the Cemetery Fund was read by Mrs. Nelson Ingalls, in the absence of W. O. Shufelt, Secretary, and which showed a good balance on hand. The grounds of Christ Church had been kept in an attractive condition from early spring until late autumn with quantities of beautiful flowers, both perennials and annuals. All joined in expressing appreciation of the splendid way which Mr. Shufelt arranges the grounds.

Votes of thanks were extended to Masters Lawrence Barber and Claude King for their regularity in collecting the offertory each Sunday and for assistance in other ways at the church and to Mrs. Nelson Ingalls for doing the work of the Treasurer so efficiently, as voiced by Mr. Norman Jones who, afterwards, was re-appointed Rector's Warden; Miss Nadine Ingalls was elected Duplex Envelope Secretary, replacing Miss Dubois, who resigned; another short meeting is to be held in two weeks for the election of a People's Warden.

Rev. Mr. Peacock expressed thanks to the Organist, the Treasurer, the Wardens and their Assistants and all the Church organizations, after which the meeting closed with the Benediction.

Refreshments were served by the Junior A.Y.P.A. The color scheme in decorating the basement was pink and green. A handsome potted plant in pink bloom centered the table with silver candelabra on either side.

JAPANESE PAY STEEP PRICE IN RABAU BATTLE

Attempt to Halt Allied Air Blows Fails as Nipponese Lose 350 Aircraft in Thirty Days.

Allied Headquarters, New Guinea, Jan. 26.—(P)—Fighting desperately to halt Allied air blows at her Southwest Pacific air and sea bases, Japan is paying a steep price—more than 350 planes in 30 days over Rabaul alone—yet has failed to stop the devastating daily parade of bombers.

The enemy's Rabaul, New Britain, losses from December 23 to January 24 totalled 349 definite, plus many others probably downed, a South Pacific Headquarters spokesman said today. The Allies lost only 79. (In the calendar month of December, Japan lost 486 planes to 68 in the entire Pacific).

In two big raids alone, on Japanese bases at Wewak, New Guinea, and Rabaul, New Britain, the past week-end, the enemy lost 51 planes and 14 probables, an Allied communique said today.

Australian ground forces 20 miles below Bogadjim, South of Madang, New Guinea, overran the shaggy ridge area in the Ramu Valley, the communique reported. They continued to advance, trapping some enemy units and capturing much enemy artillery and ammunition.

United States army and navy plane raids on Japan's invasion menaced Marshall Islands, which so far this month have averaged better than two a day, now are being stepped up.

Nine new raids in two days against six atolls were announced at Pearl Harbor yesterday by the Navy.

These brought to 48 the total of air missions against the mid-Pacific Marshalls in the first 23 days of January. During that time, 37 enemy planes have been destroyed or probably destroyed, the bulk of them shot down, and at least 18 others have been damaged. The announced American plane losses were 10.

Nine Japanese ships have been sunk or probably sunk and more than 15 ships, including a destroyer, were damaged.

The most telling effects of these raids—damage caused to airfield facilities and wharves by bombing—have not been made known but recently it was officially disclosed that on some of the attacks on bases up to 80 per cent of the target areas had been destroyed.

Try This Old Home-Mixed Cough Relief. Surprising!

Anyone Can Make It. No Cooking. Big Saving.

You may not know it, but in your own kitchen, and in just a moment, you can easily prepare a really surprising relief for coughs due to colds. It's old-fashioned—your mother probably used it—but for real results, it is hard to beat.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. No cooking needed. No trouble at all. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2 1/2 ounces of Pinex from any druggist. This is a special compound of proven ingredients, in concentrated form, well known for prompt action in throat and bronchial irritations.

Put the Pinex into a 16 ounce bottle, and add your syrup. Thus you make sixteen ounces of really splendid cough syrup, and you get about four times as much for your money. It never spoils, and children love it. And for quick relief, it's splendid. It loosens the phlegm, soothes the irritated membranes, eases the soreness, makes breathing easy, and lets you get restful sleep. Just try it, and if not pleased, your money will be refunded.

Musical Film "Best Foot Forward" Opens Today At Granada Theatre

Metro-Goldwyn-Mayer's Technicolor musical film, "Best Foot Forward," opens today at the Granada Theatre, starring Lucille Ball in the role of a Hollywood movie star who attends the prom of Winslow Military Academy as a publicity stunt only to find herself hiding from public view for the duration of the dance. The tune-filled film is a delightful comedy of prep school kids.

Tommy Dix, from the cast of the original Broadway stage hit, plays the youngster who invites Miss Ball to the dance in a fan letter. He is so sure she won't accept he also invites Virginia Weidler, his best girl. He reckons without the publicity-minded press agent, William Gaxton, who sees a great stunt in the invitation and accepts it over Lucille's protests. The complications which set in when Virginia arrives to find Lucille Ball masquerading as her will keep the audience in stitches.

The film is filled with new song hits, both from the original play and new ones added for the film version.

Harry James and his Music Makers perform several instrumental numbers in addition to their regular chores.

RAND EXTENDS LEAD, BEATING FLYERS 5-2

Three Goals In Final Three Minutes Gives Lerouxmen Win

Scoring three goals in the last three minutes of play the Canadian Intercollegiate Hockey League increased their lead tonight by defeating the Richmond Flyers 5-2. The game was not particularly fast and which at times was rough and choppy was witnessed by a crowd of about seven hundred people as the Rand scored ahead in the league following their 5-5 draw with the airmen on Sunday.

Dussault and Lavoie, the two members of the line, sparked the Rand attack last night and between them they accounted for four of the five goals. Dussault scored the first goal of the game at about the half way mark of the period and he tallied once again early in the second. Lavoie scored two goals two minutes before the end of the game and Dussault was credited with assists on both goals.

Planché and Emberg were again the effective players for the Flyers. Each was credited with a goal in the game and Planché also drew the only assist for his team. Spier was also a threat on the first forward line and the second line played well, but were unable to make any advancement.

At the beginning of the game many thought that this would surely be a Richmond victory since the Rand were playing without the services of two men, Boisvert was out of uniform last night because of sickness and the flashy forward, Roger Roy, was not on the line-up.

Lalonde filled in one of the spots however, and while this was his first appearance on the ice for some time he played a good game. Both teams held each other off for the first ten minutes of play which was fast, and a bit disorganized. Then the Rand broke through at 10:34 when Dussault scored on a pass from Spier. From this point on both teams tightened up and time and time again the Richmond team pressing into Rand territory forced the play around the Rand nets. The superb goaling of Fréchette and the fine team work of the six minute men Bergeron and Leroux kept the Flyers away during the remainder of the period. After scoring their first goal the Rand then had all they could do to hold off the organized attacks of the airmen. Only one penalty was handed out in the period and this went to "Pete" Palmer of the Flyers for playing the puck after he had lost his stick on the ice.

Three minutes after the beginning of the second period the airmen evened the count when Emberg, Planché combination got together at the Rand blue-line and were successful in working through the defenses for Emberg to score. Planché picked up the assist on this marker. Shortly after the Richmond goal the kid line of the Rand team went into action again and this time Dussault scored on a pass from Lavoie at the four-minute mark. At this point in the game both teams were playing hard and pressing the attack to the fullest. Shortly after the second, Sherbrooke goal Gravelle was sent to the cooler for tripping. This left the airmen short one man and try as they did the Rand were unable to recover the puck from the tricky passing of the Flyers who were stalling for the two minutes. The break finally came and Bergeron took the puck down the ice for the Rand team. After going deep into the Richmond territory he was checked by Spier who accidentally slugged him with his stick. This referee did not see and when Bergeron retaliated for the blow he was sent to the cooler for five minutes. Things got hot on the ice for a while as Pop Leroux put on one of his performances again, but after some four or five minutes of heavy talk and arguing play was resumed. Shortly after this Newby Lalonde was sent out on the ice and Gravelle in a high sticking duel with Planché was sent to the cooler for two minutes.

SPORT NOTES

Canadian Sport Snapshots

By CHARLES EDWARDS, Canadian Press Staff Writer.

Toronto, Jan. 26.—(P)—Decline in the quantity of National League hockey is undoubtedly one reason Toronto Maple Leafs' attendance and gate receipts figures are down from last year. There was an example last Saturday night when Rangers beat Leafs 5-1 before 10,735 fans, a small crowd for Saturday night at the Gardens, and at the same time, Toronto Hockey League's major division drew 4,621 fans to Varsity Arena, largest crowd in the League's 17-year history. For 35 cents at Varsity, the fans can see former professional stars like Hank Guldup, Earl Robinson, Johnny Holota, Whitey Farrant, Jim Conacher, Jack Shill, The T.H.L. features doubleheaders with three commercial teams and the other young team, Shamrocks.

You Try It: Dave (Regina Leader-Post) Dryburgh comes up with a couple of teasers. He reports a springer running 100 yards can't beat another running 50 yards carrying an arrow in his back. The latter said Dave's informant can do the 50 in eight seconds. Dryburgh's problem promoter also claims a baseball player will beat a golfer in a novelty match, the ball player throwing a baseball around the course.

Prospects: Our guess is the C.A.H.A. will make a financial mistake if it attempts to run Allen Cup playoffs this year its few remaining top-rank civilian clubs and a scattering of all-star teams. Rumor says Alberta may be represented by Calgary Buffaloes. Last year's western intermediate champions, plus a few star reinforcements.

Incidentally: Coach Dick Irvin of Canadians told Dink (Montreal Gazette) Carroll a hockey player need not develop a switch because a back hand is just as effective. Most goalies think the backhand is more difficult to handle because the puck-carrier skates across the goalmouth and it is difficult to anticipate when he will shoot. Manager Jack Adams of Detroit, who is a strong proponent of already one of the most popular Wings players, "Haven't had one like him on the club in years," says Jack. "He doesn't smoke, doesn't drink and is strictly a team player."

Art Cole of Vancouver, one of Canada's leading skiers, now is a prisoner of war in Germany. He had 32 operational flights with the R.C.A.F. before being shot down.

DETROIT WHIPS BOSTON 6-3 TO STRETCH WIN STREAK TO EIGHT

By The Canadian Press

It becomes increasingly clear with each performance that Manager Jack Adams finally has a hockey team in Detroit.

The 1943-44 Red Wings sounded another challenge to the front-running Montreal Canadiens and Toronto Maple Leafs last night, conquering Boston Bruins 6-3 to mark their eighth straight game without a defeat.

Playing before 12,000 fans at Boston Garden, Wings scored the only goal of the first period, jumped into a 5-0 lead before the second intermission and then coasted to an easy triumph although outscored 3-1 in the final 20 minutes.

The victory shunted Detroit within one point of the second-place Leafs and consolidated their hold on third place over Bruins, who appeared heading for their first shut-out on home ice since Jan. 27, 1942, until Norm Calladine beat Conny Dion for the first time at 1:12 of the third period.

Adam Brown and Joe Carveth provided the cue for Wings, scoring two goals apiece, while Syd Howe and Carl Liscombe also connected. Howe's goal was his 19th in National Hockey League competition. Murray Armstrong, a key figure in revitalizing the Red Wings, had three assists.

Calladine, Art Jackson and Herb Cain counted for Bruins, who played without defenceman Johnny Crawford, centre Bill Cowley and Harvey (Busher) Jackson, three regulars who are on the sidelines because of injuries.

No penalties were imposed in the wide-open game, which saw Boston absorb its fifth straight loss. To add to their tribulations, Bruins expect to lose veteran defenceman star and playing coach Aubrey (Dit) Clapper to the armed services within the next few weeks.

The teams: Detroit: Gardiner, goal; Dion, Egan, defence; Quackenbush, Clapper, defence; H. Jackson, Calladine, centre; Armstrong, Brennan, wing; Carveth, Guidolin, wing; Brown, Boston subs: A. Jackson, Boll, Cain, Sawford, Rittinger, Kopek, Palazzani.

Detroit subs: Grosso, Howe, Hollett, Liscombe, Simon, Kilrea, Jennings.

TURIELLO K.O'D BY ARMSTRONG IN KANSAS BOUT

Kansas City, Jan. 26.—(P)—Hammerin' Henry Armstrong, romping along the comeback trail, won another knockout victory here last night and a host of well-wishers in his quest for at least one of the three titles he once held.

Shortly after the bout, the Negro's manager, George P. Moore, announced they were moving on Eastward, that he had signed Armstrong for a 10-round bout with Lew Hanbury in Washington, February 7.

The former featherweight - light-weight-welterweight king knocked out Saverio Turriello of New York in the seventh round of their scheduled 12-rounder. But it was not the knockout itself that warmed up many of the ringsters to Hammerin' Henry's hopes so much as it was the manner in which he did it.

Like the "perpetual motion" of old, he never stopped shooting his most of his blows, both fists constantly swinging. Three times before the finish, Turriello was down for a nine-count.

Henry weighed 144 pounds for the bout. Thus, whether he is out to recapture the lightweight - welterweight, or both titles, might depend a great deal on circumstances.

B.C.S. SENIORS HAND LOCALS 6-0 TROUNCING

The B.C.S. Intercollegiate team started the season with a bang last night as they whitewashed the Sherbrooke High School squad 6-0 to break Goalie Bill Price's first shut-out of the season.

Pat Boyd, who scored two goals, and assisted on another, the Bishop's College Team held mastery of the play throughout most of the game.

Single goals were chalked up by Tyler, Bright, Aird and Dobell. Assists were collected by Wallace and Gault.

Outstanding for the High School boys was Lewis Greenberg, who turned in a fine job in the High School nets. In spite of the fact that six goals slipped past him, Greenberg pulled off beautiful saves time and again throughout the game.

The game was hard-hitting and fast, with three penalties being handed out—two to High School and one to Bishop's.

The penalties proved costly to the High School team, for while they were two men short, the B.C.S. snipers rifled two shots past Greenberg.

First period started out with both teams skating hard to score the first goal. In this period, the High School boys were right up with their opponents, and it looked like anybody's game. However, at the thirteen-minute mark, Tyler beat Greenberg to put B.C.S. ahead 1-0.

After seven minutes of the second frame, Bright increased the B.C.S. lead to 2-0 on a sizzling shot from the High School blue line. Three minutes later, McBoyle scored the first of his two goals unassisted.

Going into the third period on a short end of a 3-0 score, the High School lads started to rough it up a bit, after Pete Aird rapped in the fourth B.C.S. marker on a pass from McBoyle. Near the eleven-minute mark, McBoyle was waved for charging and was followed by Bascom for cross-checking. Pye went to the cooler a few seconds later and while the High School was two men short, McBoyle rapped in his second marker at 13:20. Ten seconds later Dobell banged in the last B.C.S. goal after a vain effort by Greenberg to grab the puck. The game ended in a 6-0 victory for the Bishop's squad.

David Performs Hat Trick As Army Downs Paper Makers 8-7

Ernest Leblanc's penalty proved costly last night to the Windsor Mills Paper Makers as the Army squad won an 8-7 decision over the Grantmen in a game played at the Windsor Mills Arena before 400 persons.

Late in the last period, Leblanc was sent to the cooler, and while he was off, Pat Murphy scored the equalizing goal, making the score 7-7. A minute later, David gave the Dugreman a victory when he beat Longpre on a play with Murphy and Deslongchamps.

The loss last night forced the Windsor men to remain in a second-place deadlock with the Richmond Flyers, who lost last night to the Rand 5-2 in a game at the Sherbrooke Arena.

The Army men moved up two points and are now only two points behind the Flyers and the Paper Makers.

In the limelight last night for the Army was David, who performed the hat trick and whose goal brought victory to the Army team. David banged in all three goals in the final frame.

Also playing standout hockey for the Army was Jean Guy Tarte, big rushing defenceman, who rapped in two goals and drew assists on two others. Tarte, a recent acquisition, has been playing a rugged game on the defence and is a valuable asset to the Army crew.

Other Army markers were counted by L'Heureux, Brosseau and Pat Murphy. Noel Boileau, fleet Army pivot, was credited with three assists in the game.

Ernest Leblanc was the star of the Windsor team as he performed the hat trick also, beating Dion three times. The other four Windsor goals were scored as follows: Guilbeault banged in two and Morey and McLennan each rang up one marker.

Windsor jumped into an early first-period three-goal lead on markers by E. Leblanc, McLennan and Morey. Leblanc tallied at 8:28 on a play with his brother, Pee Wee. Thirteen seconds later, McLennan scored on a beautiful solo effort. At 8:01, Morey made the count 3-0 when he beat Dion on a play with Guilbeault. At 13:02 of the period, Tarte scored the first Army goal after taking a pass from Guilbeault. Fifty seconds later, Tarte started a rush from his own defence which carried him through the entire Windsor team to plunk the puck behind Longpre with a sizzling drive.

Guilbeault sent the Windsor men into a 4-2 lead after a minute of play had elapsed in the second period. Near the three-quarter mark, L'Heureux brought the Dugreman closer when he drilled a shot past Longpre after a play with Tarte and Boileau. Pete Brosseau tied the score three minutes later when he shared a pass from David to bulge the lead behind Longpre.

David, set up by Brosseau, shot the Army into the lead for the first time in the game when he tallied at 1:40 of the final frame. A minute later, Ernest Leblanc tied the game up when he scored on Dion after a play with Pee Wee and Charlie Duncan. Guilbeault shot the Windsor boys ahead when he took the puck from McLennan to drill it past Dion to make the score 6-5. Two minutes later, David scored his second goal to even the count at 6-6. E. Leblanc sent the Windsor boys into the lead again on a pass from Vitkuske. He was then penalized and while he was off, Pat Murphy, on a play with Boileau and Brosseau, swept in on Longpre and beat him with a shot to the left-hand corner. Seven seconds from the three-quarter mark, David scored the winning goal and completed his hat trick at the same time. The Windsor squad tried desperately to get back the goal, but the Army defence was impenetrable and the game ended in an 8-7 victory for the Dugreman.
