Mayor Nadeau says yes

City experience 'good training'

By CUTHBERT JONES
(Record Staff Writer)

Mayor Armand Nadeau of Sherbrooke, who yesterday officially announced his intention of seeking the leadership of the Union Nationale party at the convention in Quebec City Sept. 21-23, declared during the course of a press conference that he believes that the best training ground for a man hoping to administer the province is experience in the administration of a large-sized municipality.

The municipal administrator, he declared, learns at first hand the needs of 80 per cent of the population and thus has a deeper appreciation of their problems.

The mayor made his official declaration of his intention of entering the race at a press conference yesterday afternoon in his office at the City Hall, the announcement taking the form of a three-page statement.

In an off-the-cuff question and answer period following the release of his declaration, Mr. Nadeau gave his opinion on a number of political problems now under discussion throughout the province.

On political campaign funds, Mayor Nadeau expressed the belief that the only way in which election expenditures could be curbed was by responsible leaders of both parties entering into agreements in good faith for cutting down on these outlays.

As long as one party made huge expenditures, its opponents felt compelled to follow suit, he said, and with the devious ways in which this largesse could be distributed it was doubtful if any legal restrictions could end the wasteful practise.

The mayor said he had no plans for a province-wide tour comparable to those being conducted by the other leading contenders for leadership honors — J. J. Bertrand, MPP for Missisquoi, and Daniel Johnson, MPP for Bagot, former provincial cabinet ministers.

The fourth entrant to date is Roger Lachapelle, of Gatineau point, a newcomer to the political field.

Mr. Nadeau said, however, that he would appear in any county in which his supporters requested he appear.

Vosburgh funeral is held

NOYAN — (Staff) — Abel Vosburgh, who died Sunday while awaiting trial for the murder of his wife and 11 of their 15 children, was to be buried beside them this afternoon.

The funeral at St. Thomas Anglican Church was to be conducted by Rev. William Sellwood, who officiated at the burial in January of Vosburgh's wife, Marjorie, 43, and the couple's children.

Vosburgh, sole survivor of the fire which destroyed the family shanty Dec. 29, was charged with murder after an autopsy was performed on Mrs. Vosburgh.

Scheduled for trial at the October criminal assizes in nearby Sweetsburg, Vosburgh died of inoperable lung cancer in a Montreal hospital.

Donald MacCallum, mayor of Noyan, said today the village council will probably be asked to authorize payment for the destitude laborer's funeral.

He said it paid for the funeral of his wife and the children who died in the fire.

TORONTO (CP)—The United Church of Canada's fourteenth annual conference on evangelism opens today at the Ontario Ladies' College, Whitby. Conference leaders at the three - day meeting are Very Rev. Clarence M. Nicholson, Halifax; Rev. Harold A. Bosley, Evanston, Ill.; Rev. Thomas A. Carruth, Atlanta, Ga., and Rev. Donald G. Miller, Richmond, Va.

New test ban proposals made

GENEVA — (Reuters) — The West today offered the Soviet Union two new compromise proposals in vital areas of the control system for the projected treaty banning nuclear weapons test.

United States delegate Arthur Dean, presenting the proposals, said the Western powers were "opening up vast new perspectives for concluding this conference successfully."

"If there is the slightest trace of good faith remaining in the Soviet position, then this is the time for a demonstration of it," he said.

The proposals introduced today followed two alternative compromise proposals laid before the conference by the West Monday which were aimed at meeting previous Soviet demands for a comprehensive test ban treaty.

The first proposal today was an amendment to the draft treaty aimed at the Soviet demand for a three-man administrative council or "troika" to head the executive arm of the control organization—instead of the single administration originally accepted by Russia.

Brazil crisis deepens

Turn down Goulart

RIO DE JANEIRO (AP)—Brazil's presidential crisis deepened today as three military chiefs turned down a congressional plan to make leftist Vice - President Joao Goulart a figurehead president.

Although the heads of the army, navy and air force were united in their opposition to Goulart, at least one of the army commanders under them was reported defiantly supporting Goulart.

The leader of the anti - Goulart movement, War Minister Odylio Denys, flew to Rio from his Brasilia headquarters Tuesday night following reports that the 3rd Army commander in southern Brazil had pledged support to the vice - president. Marshal Denys went into immediate conference with armed forces leaders to rally military opposition to Goulart.

Word of the army split was relayed to the Chamber of Deputies by one of Goulart's chief supporters in Congress, Labor party Deputy Doutel de Andrade. He said an emissary from the 3rd Army commander, Gen. Jose Machado Lopes, told Denys Machado Lopes would not take orders from the war minister, but "only from President Joao Goulart."

Acting President Rainieri Mazzilli early today issued a decree firing Machado Lopes and two other 3rd Army officers, the commanders of an infantry division and of a cavalry division. Gen. Osvaldo Cordeiro d Faria was named to succeed Machado Lopes, but in view of the latter's earlier defiance of Denys, it was questionable whether he and his associates would abide by the dismissal decree.

Goulart, en route home from a visit to Communist China when President Janio Quadros resigned last week, has been waiting in Paris to see what Congress would do and how the situation would develop.

Says competition reduced

Advise break up of meat packing merger

OTTAWA — (CP) — A federal anti-combines report today cited Canada Packers Limited, the country's biggest meat packing firm, as having bought out two independent companies in order to reduce competition on the Calgary and Montreal livestock markets.

The Restrictive Trade Practices Commission advised Justice Minister Fulton to seek a court order breaking up the 1955 merger of Calgary Packers Limited and Wilsil Limited of Montreal with Canada Packers or failing that an order prevent ing the Toronto-based firm from taking over other packers.

Mr. Fulton in an accompanying statement made no commitment beyond saying the "usual consideration" would be given to the commission's report, which followed allegations made by the justice department's investigators in July, 1959

W. F. McLean, Canada Packers president, said in a statement that since company lawyers had received only one copy of the 450-page report he had not been able to study it in detail.

"I have, however, read the commission's appraisal of the evidence and its conclusions, which appear to be, as I expected, that the operations of this all-Canadian company have been in accordance with the law."

The commission said that because of concentration in the industry and Canada Packers' "market power," the 1955 merger was "likely to lessen competition in the industry in a substantial way and so deprive the public of the benefits of the competition which otherwise would prevail."

Wins divorce from bell ringer

SAN JOSE, Calif. (AP)—Mrs. Stanley Hardman, 35, was granted a divorce after complaining that her police sergeant husband bawled her out if she didn't bring him coffee right away when he rang a bell

Alyce Hardman said the sergeant kept the bell at the head of his bed.

Judge W. W. Jaoka awarded her the family house, $1 a month alimony and $50 a month each for three children.

Hardman was awarded one frying pan, one saucepan and—the coffee pot.

Foreign aid bill passes

WASHINGTON (AP) — Conferees from both houses of Congress have approved a five-year, $7,200,000,000 overseas loan program but eliminated its most controversial provision, authority to borrow from the treasury.

President Kennedy termed the compromise "wholly satisfactory." He said it was "an important decision for the United States and the free world."

The conferees, who have been ironing out differences between Senate and House of Representatives foreign aid bills, announced the loan program compromise Tuesday night Congress will still keep the purse-strings on foreign aid by retaining the right to appropriate the money instead of a blank cheque through the treasury.

With the major obstacles behind them, the conferees meet again today to wrap up their work. The compromise then goes before the Senate and House.

Livestock market

MONTREAL (CP) — Receipts on the Montreal livestock markets this morning were: 50 cattle and 47 calves.

Tuesday receipts were: 655 cattle, 857 calves, 404 hogs and 57 sheep and lambs.

Ships collide near Quebec

QUEBEC (CP) — The Cunard liner Carinthia and the Canada Steamship Lines river cruise vessel Tadoussac early today collided in thick fog in the St. Lawrence River, 30 miles west of here. There were no reports of injured but both vessels were damaged.

Early reports said the river cruise ship had collided with the Norwegian freight vessel Hapefgell.

Transport department sources said the confusion may have stemmed from the fact the cargo ship ran aground 40 miles upriver, near Deschambault.

Gulp vaccine

SYRACUSE, N.Y. (AP)—Residents of three central New York counties lined up at special clinics Tuesday to gulp three drops of oral vaccine designed to curb a polio outbreak. Long lines were reported at many of the 36 clinics set up in schools, fire houses and other public buildings. Meanwhile, two more cases reported increased the number of paralytic polio victims in the three-county area to 41. One man has died.

Sherbrooke Fair

Exhibition attendance up 500 despite dull, gloomy weather

Overcast skies Tuesday did not prevent throngs of people from attending the fourth day of the 76th annual Sherbrooke Fair.

Attendance yesterday was 8,500, 500 over last year's fourth day figure, and this boosted the total attendance at the fair so far this year to 46,500 which is 6,000 below last year's attendance.

Aside from the midway which thrilled hundreds of youngsters and adults alike some of the special attractions of the Sherbrooke Fair Tuesday afternoon were the cattle parade in the arena and the judging in the various cattle and sheep categories also in the arena.

A highlight of the fair Tuesday evening were "world championship" wrestling matches.

In a match for the world's "heavyweight championship" between challenger Edouard Carpentier of France and champion Hans Schmidt of Germany, Schmidt emerged the victor.

In the "world tag-team championships," the team of the Tolos Brothers, John and Chris emerged victorious.

At dairy cattle judging in the arena yesterday afternoon J. D. Tremblay, District Supervisor of production and marketing services, Livestock Division said the quality of cattle keeps improving at the fair each year.

"The quality of the Holsteins especially this year is excellent. Here at the Sherbrooke Fair are some of the finest Holsteins that I have ever seen." Mr. Tremblay said.

In the judging of the Holstein bulls, W. K. MacLeod of Disraeli won the Senior and Grand Championships with his bull called Carnation Northman and he also won the Reserve Senior Champion and the Reserve Grand Champion with Carnation Inca Country Lad.

Germain Bombardier of Valcourt Quebec won the Junior Champion Male with Spring Farm Delight, while C. J. Bailey of Knowlton, won the Reserve Junior Champion with Strathburn Supreme Master.

Alpine tragedy

Last of survivors snatched to safety

CHAMONIX, France — Reuters — Rescue teams today snatched the last chilled and weary passengers to safety from their teetering perch on a broken cable-car line high over an Alpine glacier.

French officials said all the stranded passengers — totalling 81 — had been brought to safety after a night of terror swaying in tiny aluminum cable cars 1,500 feet above the slopes of Mont Blanc, Europe's highest peak.

They were trapped there early Tuesday afternoon when a French jet plane sliced through one of the cables on the line. Six persons were killed when three of the cars plunged onto the snow-covered slopes below.

Daring rescue workers clambered out hundreds of feet along support cables to reach the stranded passengers and attach ropes to the cars. Then the cars were winched to safety with agonizing slowness

Some of the passengers lowered themselves to the ground hand over hand on ropes. But others—including many women and children—spent the night in freezing weather in their teetering cars as the rescue workers struggled to reach them.

Many had gone out only in

Certification rejected

Board rules the SIU is guilty of fraud

OTTAWA — (CP) — The Canada Labor Relations Board ruled today that the independent Seafarers' International Union of Canada committed "acts of fraud against the board" in certification hearings involving Great Lakes marine engineers.

The board's ruling was contained in a judgment giving its reasons for rejecting SIU bids for certification as bargaining agent for some 214 engineers and deck officers employed by seven inland shipping companies.

Signed by board chairman C. Rhodes Smith, the 13-page judgment upheld evidence given by two former SIU officers that a vote was rigged in 1958 to show that the engineers wanted to amalgamate with the SIU.

" . . the board finds that the so - called amalgamation vote in 1958 was conducted in a manner fraudulent to the engineers, and that both the engineers and their employing companies were almost certainly misled by the result of the vote so obtained.

"No claim by the SIU to engineer membership in the union based on this vote can be entertained by the board."

STEMS FROM HEARINGS

The judgment stems from three hearings before the board over the last nine months on the certification fight between the SIU and three rival unions, the National Association of Marine Engineers, the Canadian Merchant Service Guild and the Canadian Brotherhood of Railway, Transport and General Workers, all affiliated with the Canadian Labor Congress.

The dispute took a startling turn June 15 when two former SIU officers — John J. Wood, director of the SIU's licensed division from October, 1958, to April, 1961, and Michael J. Sheehan, SIU organizer from 1949 to November, 1960 — gave sworn testimony of SIU actions to take over the engineers.

"The members of the board, after observing the witnesses on the stand and examining the transcript of their evidence, have come to the conclusion that the evidence of Mr. Wood and Mr. Sheehan is to be preferred to that of the witnesses for the SIU," said the judgment.

One swims to freedom

East Berlin refugees run border gauntlet

By GEORGE BOULTWOOD

BERLIN (AP) — An East German swam to freedom today across the Teltow Canal under a hail of bullets from Communist border guards. He climbed out on the west bank of the canal unhurt.

During the last week Communist troops have killed two men trying to swim the 60 yards across the canal, which forms part of the border in the divided city. Berliners now call it the "death canal."

Police reported Communist guards elsewhere on the border flung tear gas grenades and fired water cannon Tuesday night at about 60 persons gathered at Alexandrinenstrasse, in Kreuzberg in the American sector. Shortly after midnight the Communists opened up again when a group of Western youths started catcalling.

About 5 a.m. a Communist water cannon at Treptowerstrasse suddenly let fly at a police patrol car on the Western side.

President Heinrich Luebke of West Germany was in the city today for a look at the situation.

Luebke's visit was attacked by the East German official news agency ADN as "provocative activity."

ADN charged his flight was a violation of the 1945 four - power agreement on access to Berlin, which the Communists claimed last week permitted use of the air corridors only for supply of Allied garrisons. The Western powers told the Soviet Union last week it had no jurisdiction over Allied flights into Berlin and gave "solemn warning" against interference with those flights.

In a radio speech Tuesday night, Mayor Willy Brandt rejected Soviet Premier Khrushchev's suggestion that Soviet troops join the U.S., British and French in a token garrisoning of the city. Brandt said the idea is unacceptable to the people of Berlin and the Western powers.

Brandt also tangled with West German Chancellor Konrad Adenauer in an election debate on Berlin. Adenauer charged in a campaign speech that the Berlin crisis was created by the Soviet Union to help Brandt, candidate of the Social Democratic party.

Adenauer's charge drew boos in Hagen and Gelsenkirchen. When he made it at Recklinghausen, he added that "it is absolutely out of the question" that Brandt's party shared any responsibility for the crisis.

Brandt, speaking at Erlangen, commented: "The old gentleman doesn't quite grasp the situation any more."

Reach accord on talks start

WASHINGTON (Reuters) The Western allies have reached agreement on the problem of opening the door to East-West negotiations on Berlin and Germany.

The solution met French objections to a direct Allied initiative — which President Charles de Gaulle viewed as a sign of weakness in the face of Soviet threats — while displaying Western willingness to take the crisis to the conference table.

Proposals for a Western foreign ministers meeting, quiet diplomacy in Moscow and the United Nations, and the first formal East -West contacts in the near future were involved in the complicated pattern now taking shape

A state department spokesman said Tuesday negotiations with the Soviet Union would take place, but the time, place and other details still were under study.

About Television

By CYNTHIA LOWRY

HOLLYWOOD (AP) — TV westerns became adult, it is now apparent, when the cowboy heroes started riding anonymous horses and turned Old Paint Tony and Champ into pasture. But the wheel turns and the lovable animal actor is back again this season, stronger than ever.

The fall schedules are so loaded with animals that this season may go into television history as "the year of the trained beast." (Last season was "the year of the horse.")

There are so many animals and their trainers around the studios these days that they make human actors nervous about their careers and employment prospects.

Lassie, as usual, will be back saving lives and performing other good works. National Velvet, with a horse in the title role, will also be among us for another season. And, of course, Ed Sullivan wouldn't think of producing a Sunday night show without at least one trained animal act.

That's just the beginning.

HORSE TALKS

Among the network shows is CBS Mr. Ed, a horse and the first talking beast since Cleo, the chatty beagle of The People's Choice.

There is also The Hathaways, an ABC series with the Marquis chimps co-starring with humans and based on an old show business adage that monkeys are funnier than people.

Incidental but important animals will be featured in two other new series—NBC's International Show Time" which will bring outdoor shows of Europe into North American living rooms and is bound to emphasize animals, and CBS' Frontier Circus.

Last but not least is the fresh shet of animated cartoon series which will constitute a whole menagerie.

NBC's plan to run good, if vintage, feature movies with big star names in uncut, unedited versions starting at 9 p.m. Saturday nights is throwing a scare into the ranks of rival shows.

Particularly concerned, of course are those connected with Have Gun, Will Travel, which starts a half-hour after the movies.

Show Business

By BOB THOMAS

HOLLYWOOD (AP)—Feeling hurried, harried and harassed? Dr. Rosalind Russell has the solution.

It's astonishingly simple: Get up a half-hour early in the morning.

This prescription came out as I was trying to plumb the dynamo that is Russell. At an age when many women are content to rattle knitting needles, she maintains a bone-crushing schedule.

This year she is hurtling through three diverse and difficult film roles: In Majority of One, Five Finger Exercise and Gypsy. She plays a Jewish matron, a five - letter female and a voracious stage mother, respectively, and she'll have to dance and belt songs as the latter.

She still manages to maintain civic work, a writing career and a serene household for husband Freddie Brisson and their son Lance, 18.

How does she do it?

MORNING PEACEFUL

"By rising a half-hour before I normally would," she explained. "You'd be surprised what a difference that makes. The morning is a peaceful time, and you have a chance to think over your whole day. You can have a relaxed and sizeable breakfast, which is very important for getting you through the day.

"What happens to most people? They wake up late. They gulp down coffee. They dash off to work. They rush through the day. It's about 4 o'clock before they start to settle down. Then it's time to race, to get their work done and dash for home.

"You don't miss that extra half-hour of sleep. Sleep is highly overrated. I used to worry because I would lie awake at night. I told my doctor and he said, 'several million other people are lying awake at the same time.' He told me to get up and sort the linen or straighten out a drawer or do some other useful but dull task, then go back to bed. I tried it, and it works.

"Why do people sleep so much? They need the rest because they're tense. But if they got up a half-hour earlier and organized their day, they would not be tense. And they'd get a lot more done."

Reports automobile thief son proved real culprit

A 26-year-old Richmond man appeared in Court of Sessions here Tuesday and was charged with taking a car without the owner's permission and driving without a licence.

Jean-Guy Gerard pleaded guilty to both charges and received a suspended sentence on the former and a fine of $10 and costs for the latter.

Herman Gerard, the young man's father, lodged a complaint with the provincial police last week that every weekend his car was taken for a few hours and then returned.

Mr. Gerard wanted to know who was taking it.

After a short inquiry provincial police found that the culprit was Gerard's son.

When asked why he took his father's car without permission Gerard answered that his father wouldn't allow him to have the car since he had lost his insurance for having too many accidents.

A 22-year-old Sherbrooke man appeared before Judge Edouard Boisvert for the second time in two days Tuesday and this time he changed his plea to guilty to a charge of stealing an automobile.

For this offence Jean-Baptiste Rodrique was sentenced to spend the next three months in prison.

Four years ago, Rodrique also appeared before Judge Boisvert on a similar charge and at that time he received a three year sentence.

Fraud case sentencing is delayed

SWEETSBURG — (Staff) — Sentencing of 20-year-old Claude Morin, of Granby, was postponed again Tuesday to next week.

He pleaded guilty to stealing blank birth certificates from various Roman Catholic churches throughout Granby, then filling them in for younger children who wished to buy them.

"It's too serious an offence for me to pass sentence immediately," Judge Delaney said.

Reuther to bargain

DETROIT (AP)—UAW President Walter Reuther, having agreed to a government request to postpone a planned strike against General Motors for at least six days, returns today to the bargaining table of his No. 1 contract target among the big three automakers.

Reuther says he expects "to stay with them as long as necessary." This could signal around - the - clock bargaining from which contracts usually emerge in a matter of hours after weeks of preliminary haggling. Current negotiations opened in late June.

Both the United Auto Workers union and General Motors agreed Tuesday night to an extension from Thursday midnight until 11 a.m. next Wednesday of their three-year contract which expires Thursday midnight.

The six-day extension was requested by William Simkin, director of the Federal Mediation and Conciliation Service, a few hours before the UAW's international executive board met Tuesday night to set GM as the target for a Thursday midnight walkout in support of the union's new contract demands.

The UAW chief also said he was willing to extend Ford and Chrysler contracts, which also run out Thursday midnight, on a day-to-day basis pending settlement with GM. Both companies also agreed.

Socialized medicine works well for New Zealanders

A well-known Sherbrooke doctor who recently returned home after having been commissioned to study New Zealand's socialized medicine plan was the guest speaker at the weekly noon meeting of the Sherbrooke Rotary Club.

Dr. T. J. Quintin and three other colleagues were named by the Canadian Medical Association to study the problem of socialized medicine introduced in 1948 in Australia, New Zealand and the south Pacific.

Dr. Quintin said he found a complete trust between the people and the government and a well-prepared and well disciplined scheme. He found that those who abused the policy, both doctors and laymen alike, were checked closely by the government.

"I noticed there was no loss of close relationship between doctor and patient like there is at present in Britain since they adopted socialized medicine plan," he said. "The Australians believe strictly in individualism." he said. "And relations between the doctor and his individual patient are very close." he said.

Dr. Quintin continued and outlined the details of the plan and how it benefits the patient himself.

He also described his visit to Sydney and described Australia, her land, her resources and her people in detail.

Head table included Wyatt Johnson, Rudy Gottil, Dr. George Scott who introduced the speaker, Paul Theobald, Jim Wark, who thanked the speaker, Paul Carriere, Gordon Armitage and Diman Lynn.

Rotarians are reminded that the next club meeting will be held in the evening at 6:15 instead of at noon.

DANVILLE —

Mayor Nadeau on campaign funds

In comments accompanying his announcement that he would seek the leadership of the Union Nationale party, Mayor Armand Nadeau scored an important point in the current arguments over electoral campaign funds. He declared that the only real solution for the problem was for sincere men from both parties to reach an agreement for the limitation of campaign expenditures.

His expressed belief that legal restrictions upon election costs would prove of little value unless the responsible leaders of the major parties were prepared to show good faith will be accepted by anyone who has made a close study of political campaign operations. There are too many ways in which expenditure restrictions may be circumvented to make the limitations effective.

Recent inquiries into certain patronage activities have shown that payments for political favors were often made by apparent outsiders to apparent outsiders. This would enable candidates, their organizers and supporters to disclaim all knowledge of the transactions.

Most politicians realize, as does Mayor Nadeau, that in effect high expenditures by two parties tend to offset each other, producing little or no net result when the votes are counted.

But when one party possesses a huge war chest, its opponents believe that correspondingly high outlays are required to impress and convince the electorate.

An honest agreement, entered into in good faith by men of goodwill might be effective in eliminating much of the waste now accompanying political campaigns and improve the status of politicians in the minds of the public.

At least it can be hoped for.

Rapid CD developments

At least one Sherbrooke alderman is impatient to get started on a concrete civil defence program for Sherbrooke.

He expressed his impatience at Monday's council meeting when discussion of a program was put off again, this time until next week.

West Ward alderman Tony Pinard said: "Time is flying past, and we're doing nothing."

Council had good reasons for waiting until next week before getting down to brass tacks on civil defence; the mayor and two alderman were not present at Monday's meeting, and changes are expected in the civil defence courses given at Arnprior.

But Ald. Pinard's comment should still be kept in mind.

All around us, civil defence is being stepped up. The federal government is to announce new measures to strengthen our civil defence organization.

It is expected the government will probably stress the need for volunteers to aid the 42,000 member Canadian militia in its expanded national survival role. Some 200 mobile survival columns would be established instead of the 66 originally planned.

National civil defence exercises, to test both civilian and militia organization, have been advanced to this fall, instead of being held next spring, as originally planned.

In most large centres, interest in civil defence is at a new high. Fall-out shelter construction firms are being deluged with orders; booklets on civil defence from Ottawa are being rushed into extra printings.

The Berlin situation has created in all North Americans a new awareness of the possibility of nuclear attack, of its dread consequences, and what steps can be taken to minimize these consequences.

Sherbrooke, and other centres will soon be left completely out of the civil defence picture unless there is quick action on programs. Civil defence developments are moving too rapidly in this country for any community to drag its feet.

Valuable lessons

Calf Clubs throughout the Townships and the rest of the country perform invaluable work in fostering a knowledge and understanding of proper modern agricultural methods, but they also do a fine job in the larger sphere of molding youngsters' characters.

Yesterday, at the Sherbrooke Fair, 27 young Calf Club orators gave their impressions of how this job is being done. They were competing in a public speaking contest.

The impressions were impressive.

World tension was touched upon, and it was noted that Calf Clubs teach a youngster how to get along with their fellow men; how to work for the common good, how to solve differences without recourse to violence.

Another speaker stressed the bilingual nature of the Calf Club organization in Quebec, and said his belonging to a club gave him an opportunity to meet members from other clubs whose language, religion and culture were different from his.

Yet another talked of the qualities of independence, judgment and responsibility Calf Club membership promoted.

All of these are valuable lessons, sure to make good citizens out of Calf Club members, whether they become farmers, politicians, doctors or businessmen.

BELGRADE—(NEA)— The Berlin crisis has largely eclipsed the first Summit meeting of the world's "uncommitted" countries which officially begins Friday.

Yet, in the view of many Western diplomats, it is the neutral nations that might, in the end, be called upon to mediate the conflict between the West and the Soviet bloc.

India's Prime Minister Nehru —undoubtedly the most neutral statesman among the neutrals gathered in Belgrade— already has had "unofficial" talks with West German Chancellor Adenauer.

After Belgrade, he will discuss the Berlin problem with Chairman Khrushchev on Sept. 6 with President Kennedy early in November.

Nehru's "compromise," I understand, is that Moscow should be permitted to conclude a peace treaty with East Germany but that Russia should guarantee to the Allies and to West Germany free access to West Berlin.

India's prime minister also will seek greater contact between East and West Germany and measures against increases in their military power.

Another potential mediator is Yugoslavia's President Tito. Despite the fact that he is frequently attacked in the Soviet press as a Red "heretic" and "revisionist," Tito currently is courted by Khrushchev.

President Kennedy's foreign policy favors the neutralists. The U.S. no longer views with suspicion their efforts to steer an independent international course.

But the Communists have shown little enthusiasm for the Belgrade conclave. Even before the conference Fidel Castro's emissary, Cuban "President" Oswaldo Dorticos, demanded that Venezuela and some African countries be excluded from the conference as "lackeys of United States imperialism."

For Khrushchev, the Belgrade meeting merely confirms his belief that "there are no neutral men." The Soviet premier once posed as the sole champion of the underdeveloped and uncommitted nations. Now Russia is as much of an outsider as the United States is at Belgrade.

Red China, of course, always has regarded Nehru, Tito and President Nasser of the United Arab Republic as enemies. In Mao Tse-tung's "Leninist" book, they merely are misguided "nationalists." As he sees the neutrals, they only serve as springboards to Communist revolutions.

To be sure, some of the neutrals like Cuba, Ghana and Guinea are neutral on the side of Russia. Others are involved in cold wars of their own —Arabs against Israel, India and Afghanistan against Pakistan, Iraq against Kuwait and Saudi Arabia and Yugoslavia against Albania.

Nevertheless, the Red bloc and the NATO powers—judging by the feverish activity of their diplomats and "unofficial observers"—do not underestimate the potential force in world affairs of the nations taking part in the Belgrade conference.

For one thing, in a world dominated by two great power blocs—NATO and the Red bloc—the decisive vote now is held by the developing nations of Asia, Africa and Latin America.

The neutral countries have no atom bombs, possess no great riches. Yet many diplomats feel they only have to swing their weight one way or the other to decide the outcome of the East-West conflict over Berlin.

The neutral and former colonial nations no longer are passive objects to be manipulated by Moscow or by NATO. They represent a third of the world which no longer can be ignored.

The Belgrade conference of neutral nations, in addition to its historic significance in world affairs, is a personal triumph for Yugoslavia's President Tito.

It boosted his domestic prestige. It convinced Yugoslavs that Tito's policy of non-alignment with the East or West blocs has won their country prestige and friends.

Even Tito's opponents are proud that Yugoslavia, though a European country, was chosen to play host to the 22 uncommitted nations from Asia, Africa and Latin America.

* * *

A tall and sullen mountaineer from Bosnia gazing at visitors from African and Arab countries on Belgrade's Tito Blvd. as rapturously as an American youngster would watch a wild West show suddenly smiled broadly and clapped his hands. Turning to the American visitor he exclaimed: "Do-bar, dobar." (Good, good.)

The government has spared no effort to spruce up the Tito Blvd. for the historic occasion. It sparkles with neon lights. The stores are stocked with mountains of plastic plates, cups and forks in addition to varieties of cakes and sausages. These especially are appreciated by ordinary Yugoslavs as a symbol of a better and more civilized life.

A peroxide blonde intellectual sitting with her bearded artist-friend in an open air cafe on Terazje Square asked anxiously: "Don't you think that Belgrade is beautiful? Don't you think that Yugoslavia really is a democratic country?" Proudly she added: "Nash Tito." (Our Tito.)

* * *

Yugoslavia, which is the only European country taking part in the neutralist conclave, is a land of striking contradictions.

Tito, by Western democratic standards is a dictator. But he bears no resemblance to the dictators in the neighboring Russian-dominated countries.

The Yugoslav president, strong and healthy at 69, obviously enjoys great popularity. More important, he cares what the ordinary Yugoslav thinks and says about him.

There is no opposition party. But Tito often gives the impression of a man competing in a popularity contest.

Yugoslavia is Communist but the ordinary people enjoy better economic conditions and more freedom than their brethren in bordering Communst Romania, Hungary, Bulgaria and Albania.

Yugoslavia even has the typical "capitalist" problem of inflation; people are spending too much and not producing enough.

Tito first conceived the need for a neutralist Summit conference in 1959, when Russia and Red China launched a campaign to discredit Yugoslavia in the undeveloped countries.

Tito visited many of the Asian and African nations, arguing everywhere against the Moscow-Peiping charge that "revisionist" Yugoslavia, though claiming to be Socialist, was actually a stooge of "American imperialism."

* * *

However, the conference could not be a success without the support of India's Prime Minister Nehru who strongly disapproved of any move to form the uncommitted nations into a "third neutralist bloc" between NATO and the Communist countries.

Nehru finally agreed to sponsor the Belgrade meeting together with Tito and President Nasser of the United Arab Republic, after he was assured that no bloc was contemplated.

There is no doubt many of the neutrals here are "neutral for Moscow." But experience with Russia has shown others —the United Arab Republic, India, Iraq, Burma and Yugoslavia—the importance of being truly neutral.

* * *

The Belgrade conference has two new important features. This is the first time that Latin American countries are taking part in a full-scale neutralist meeting.

Also, for the first time at a neutralist gathering, emphasis is placed in the discussion on world problems such as disarmament and easing East-West tension rather than on such questions as anti-colonialism which, until now, have dominated discussions of the African and Asian neutralists.

Immigrants contribute to economy

Not 'foreign' to businessmen

Strong arguments for increased immigration to Canada are contained in the latest research project of the Department of Citizenship and Immigration.

A thick file titled simply "Report CR-2" reveals that of 6,969 applicants for Canadian citizenship in 1959 in Toronto and Montreal—348 had become employers in Canada providing jobs for 3,070 persons.

This figure does not include those who were self-employed.

MOTHER-TONQUE

The largest groups in this are those with Greek and French as their mother-tongue, while other mother - tongue groups are more or less equally represented.

Of the immigrants surveyed, 4,296 lived in the Metro Toronto area, 2,304 in Montreal, and 369 were British who lived in other areas of the province and replied by mail to questionnaires.

Of those who applied for citizenship in 1959 in Toronto and Montreal, 27 percent said Italian was their mother tongue.

GERMAN AND ENGLISH

The next two categories were applicants who gave German as mother tongue, comprising 22 per cent. —and 13.5 per cent gave English as their mother tongue.

Trailing behind were in order of numerical strength: Polish, 5.4 per cent; Greek, 4.4 per cent; Dutch, 4.2 per cent; Ukrainian, 4 per cent; French, 3.5 per cent.

Another significant statistic shows that the average residence in Canada was six years and four months prior to applying for citizenship.

During the first 12 months in this country the average applicant at these two centres earned about one-third less than comparable groups of established Toronto or Montreal residents.

SAME INCOME

But during their last 12 months of residence the applicants **earned about the same** average income as comparable group of established residents.

Growth rate of the applicants' average income over five years was 15.6 per cent per year, compared with the growth of personal income of the average Canadian in these two centres at the rate of 4.6 per cent.

Applicants also showed a lower tendency to change jobs than did the insured workers of the Canadian labor force. Of the latter, 55 per cent changed their jobs over a year, while only 31 per cent of the surveyed immigrant group changed jobs.

And they had negligible periods of unemployment during their five-year residence period, although their residence encompassed two periods of high unemployment: 1954, and July 1957 to May 1958.

CONTRIBUTION

Concludes the report: "These 6,969 applicants contributed by far beyond their numbers to the growth of the Canadian economy. They were an extremely active segment of the Canadian population."

They did not take jobs away from Canadians. They created new jobs, became self-employed, or where they were unskilled workers, filtered generally into jobs that were open regardless of the unemployment situation.

The report was prepared by the department's director of research, Z. W. Sametz (TNS).

Letter to Editor

Dear Sir:

I have decided to express my opinion re - the horse pulling contests going on each year at our Eastern Townships Fairs — especially the one held at Cookshire this year.

The picture that appeared in the Record on August 21st of Mark Blackwood's team trying to pull 9,400 lbs. of sand is the most cruel treatment of abuse to our faithful animals the horse.

Our S.P.C.A. must indeed be asleep to allow such cruelty to continue.

No lover of animals can witness such treatment without wanting to put a stop to such cruelty.

I remain
Sincerely
Mrs. W. E. Bartlett.

JACOBY ON BRIDGE

BEST OF RULES ARE EXCEPTIONS

One of the things that make the game of contract bridge so baffling to the student is that the teachers give him any number of nice rules to follow and then throw exception after exception at him.

The student won't be so confused if he can learn that most exceptions are made for common sense reasons.

Two of these rules are: "Third hand high" and "Cover an honor with an honor."

Now take a look at the North and East hands only. Your partner opens the eight of spades and the queen is played from dummy. If you follow rules blindly you will put on the king. South will win the trick with the ace, cash the jack and 10 at his convenience and eventually make a fourth spade trick with dummy's nine spot.

Suppose you see some common sense and figure out what your partner's lead shows. It can't be fourth best. He would open jack from the ace, jack, 10, eight. It might be the top of nothing, so declarer is marked with all the high spades. Hence, you play low and hold declarer to three spade tricks.

It doesn't make much difference this time. Declarer has nine tricks in any event, but if you get in the habit of saving tricks you will win at bridge

TODAY'S QUESTION

You do bid two no-trump and your partner goes to three clubs What do you do now?

Answer Tomorrow

matter of Fact

"A woman without ability is normal" goes an ancient Chinese proverb. In fact, until recent times, everybody "knew" that women were naturally inferior. 'Aristotle saw women as "less complete" than men. The Hindus were even more skeptical. They considered among woman's natural faults "infidelity, violence, deceit, envy, extreme avarice, and a total want of good qualities." Despite all this scornful talk, men have always married these worthless creatures.

Communist Mongolia

Religion becomes private affair

ULAN BATOR (Reuters)— Religion has become almost a private family affair in Communist Mongolia, a country where, only a few decades ago, nearly half the male population were lama priests.

In Ulan Bator, capital of Outer Mongolia, I paid a tourist's visit to the great Gandan monastery, headquarters of the Buddhist faith in Mongolia, and chatted briefly with the chief lama, Erdenpel Gavge, a wrinkled old man who told me that Buddhism still plays an important role in this Communist state.

But when I went to the nearby temple museum, the director, a former lama turned Communist, said there are today only two or three lamaseries in Ulan Bator and few in other places. There may still be, he added, a few hundred lamas in Mongolia.

Asked how he reconciled these circumstances with provisions in the constitution guaranteeing freedom of religion in the country, the director shrugged his shoulders and said: "The people can worship in their homes if they wish."

* * *

Films and modern works of art support the theme that lamaism was responsible for many of the ills which befell Mongolia after its period of glory in the middle ages when Ghenghis Khan and Kublai Khan extended the country's power to the Danube and the Indian Ocean.

"Awakening," an all-Mongolian film made in 1959, depicts a lama medicine man as a villain, beating his assistant, and resorting to trickery and dishonesty to exercise control over the people.

A painting displayed in the Ulan Bator central national museum shows a lama cringing in a sick person's room on the arrival of a sturdy, determined-looking nurse in a uniform adorned with a red cross.

Although the Communist leaders of Mongolia do not encourage religion, they at least recognize the place of Buddhism in the country and visitors find no evidence of anti-religious persecution.

Many people follow the path indicated by the museum director and carry on their religion privately and as faithfully as ever.

Visits to the two big monasteries in Ulan Bator give one the impression of seeing museums rather than places of worship.

One of them, the Choijin lama temple, alongside the new Soviet industrial and agricultural exhibition, is described officially as the "temple museum" and is not now used for worship. It contains treasures of Mongolian, Tibetan, Chinese and other Buddhist art, including statues of the Buddha in gold, silver, ivory and wood; paintings and figures of lamas; and goblets and musical instruments.

The great Gandan monastery, on a hill in the northwestern part of Ulan Bator, still is a place of worship.

In the main temple, about 20 lamas, dressed in similar robes, sat on prayer stools facing one another before a large statue of Buddha. They chanted steadily, punctuating their prayers with music played on an assortment of ancient wind and percussion instruments.

My guide said that they pray like this from 9 a.m. to 5 p.m. Sunday with only a short lunch interval. They posed happily for photographs for foreign visitors.

There were few laymen worshipping with them, although a score of people, mostly old men, sat smoking in the courtyard outside the temple.

China's agricultural problem

Bad system heart of trouble

HONG KONG (Reuters)—A bad system, rather than bad weather, is to blame for Communist China's agricultural shortages which have necessitated big grain deals with Canada and Australia, says Professor Stuart Kirby, head of the department of economics and political science at Hong Kong University.

The professor believes the Chinese Communist party is facing today an acute political as well as a severe economic crisis.

"Agriculture has always been the weak point of modern communism," he declares, citing lack of personal incentive in the system as perhaps the most important factor in China's present plight.

Kirby, one of Hong Kong's authorities on Chinese affairs, has analysed the Peking regime's repeated claims in the last three years that bad weather, or "natural calamities" as they say, has caused repeated crop failures.

Writing in Current Scene, a magazine published by the United States consulate in Hong Kong, he says the party planners have neither overhauled nor recast their programs to improve their country's defences against its climate.

But they have relaxed their basic organization in the country with each successive emergency, allowing the peasants more individual interest, slightly larger plots of land for their own use and a little more freedom to grow sidelines.

The commune system, as originally planned, has been modified and decentralized practically out of existence, the professor says, and "free markets" for trading in specified commodities are allowed in some places.

The Communists have found that the only effective way to increase production is to repeal one aspect after another of rural communism, and progressively to restore a little of "capitalist" self-interest.

The professor sees this, coupled with the malnutrition of the masses, as the source of a political threat to the regime, recalling that Chinese dynasties for centuries basically have risen and fallen on agrarian difficulties and the rural rebellions which grew out of them.

The traditional attitude of the Chinese to natural disasters and unrest is that the regime in power has "lost the mandate of heaven" and is about to fall.

On the mainland, Kirby contends, while no access or inspection was possible to outsiders, official reports suggested crop losses of 30 per cent in some cases, and an over-all average of 15 to 20 per cent.

Approximately 900 persons employed in local food and beverage establishments will have to procure health cards by Oct. 1, according to Ald. Gerard Berard, chairman of the Health Committee at the City Hall. The enforcement of the health card by-law produced an exchange of views between the Health and Welfare committee of the Chamber of Commerce and Health Unit authorities. The application of the by-law will entail more cooperation between these two bodies.

Grand champion prizes at the Sherbrooke Fair in the Sheep judging were awarded to Ted Bennett, of Bury, for the Humphries' ram, and to A. J. Lyster, of South Durham, for the Humphries' ewe.

MAYOR NADEAU

ceive the support of those who had been urging the candidature of Sessions Judge Omer Cote, the mayor said he hoped this would be forthcoming but pointed out that as Judge Cote had refused to consider entering the race from the earliest moment and because as a judge he was barred from taking part in politics, no one could speak officially for the group.

In his statement announcing his candidacy, Mr. Nadeau said that the Union Nationale party had played an important role in the development of the province, but had met defeat in the 1960 general elections owing to "a regrettable relaxation of the administration of govment and the sometimes too voracious ambition of certain political plotters who finally provoked our people to disown them."

He said that the UN's downfall was "inevitable and, it must be recognized, as salutary."

"All the former administration needed," he said, was a notarized contract to justify its professions that it was proprietor of the province."

He declared that "free men" throughout the province are calling for a reawakening of the party and are demanding reforms as well as "a settling of accounts with undesirables."

While the general platform of the party must be prepared by the delegates to the democratic convention, the mayor said he favored a redistribution of tax revenues to aid the municipalities, which have the most direct interest in meeting the needs of the people.

He also placed himself on record as favoring a great program of highway construction which would facilitate the decentralization of industry and generally improve the economy of the province.

"If I am elected chief," the statement said, "I will seek to intensify the interest of women in all political problems where the family plays a major role."

A native of St. Agapit in Lotbiniere County, Mayor Nadeau was educated in schools at Three Rivers and Woonsocket, R.I., at the Three Rivers seminary and received his law degree from Laval University.

He started practise in Sherbrooke in 1937, specializing in criminal cases and defended at least nine murder charges.

He was elected to the Sherbrooke Council as an alderman in 1948 and unsuccessfully sought the mayoralty in 1950 and 1952. In 1955 he was elected mayor by over 2,000 majority and was returned for a second three-year term in 1958, in which year he also served as president of the Quebec Union of Municipalities.

In June 1961, he received a doctorate in law, honoris causa, from the University of Sherbrooke.

He is married and has four children.

shirtsleeves or thin summer dresses for the trip across the valley in bright afternoon sunshine. The shivering passengers wrapped themselves in newspapers and everything else they could find when the thermometer plunged at sundown.

The rescue workers toiled through the night with big searchlight playing on the cable cars. But it was after dawn before the last stranded passenger was brought to safety.

The rescuers maintained constant shouts of "hold on—we're coming" to keep the spirits of the passengers as they risked their own lives to reach them.

The survivors of the freak accident could not find words today to describe their fear during the night in their perilously-perched cars.

"The agony was indescribable," said Swiss survivor Emile Rieben.

"We thought the end had come We expected to crash onto the glacier below. It looked even more horrible under the moonlight."

IMPOUND PLANE

The plane which slashed the cable line amazingly was able to land safely after the accident. It was a U.S.-built F-84F French Air Force jet which was on a reconnaissance mission over the mountains. The plane, piloted by a Capt. Zeigler, was impounded by civil investigators.

When the traction cable on the line snapped, three of the cars raced backward out of control and plummeted onto the glacier below. The six persons aboard them—four members of a German family and an Italian father and son—were killed.

Helicopters flew the survivors here and to Courmayeur, on the Italian side of the Alps. Some of them had spent almost 20 hours trapped in the cable cars.

Time and again Alpine climbers and specially-trained police rescue teams risked their lives clinging to the cable lines as they inched out to the cars to attach ropes to them. Then the agonizing business of towing them to safety began. The teams could only move the cars at a speed of about 800 feet an hour.

fore the end of his term of office.

Dean told the conference: "This proposal is a complete answer to every argument the Soviet delegate has ever put forward to justify his demand for an administrative council."

The West's second proposal was that 50 per cent of the teams which will inspect unidentified seismic events should be nationals from non - aligned countries.

In United States and British territory, the other 50 per cent would be composed of nationals of the Soviet Union and its allies, and in Soviet territory it would be composed of nationals of the United States, Britain and their allies.

The Soviet Union has insisted that inspection teams should be composed in equal parts of nationals from the Soviet Union on the one hand and from Britain and the United States on the other, headed by a chief from the country being inspected.

The West rejected this proposal as "self-inspection."

The West's previous position on inspection teams was that they should be composed of Western personnel, if operating in Soviet territory, and of Soviet and Communist - bloc nationals if operating in Western territory.

Walter Mutchler Wins Golf Crown At Dufferin Heights Golf Club

STANSTEAD — Despite rain, wind and hail stones as large as marbles which fell over the weekend failed to halt 63 golfers, members of Dufferin Heights Golf club, from participating in the club championship tournament Saturday and Sunday.

Walter Mutchler, Sherbrooke, played excellent golf on the greens to win the club championship trophy. He posted a score of 146 strokes for the 36 hole event. Malcolm Winslow, also of Sherbrooke, the 1960 club champion, was only one stroke away from Mutchler, with 147 strokes.

In the C. A. division, Robert Gardyne, Derby Line, won with 149. Runner up was Herb Lilley, Stanstead, whose score was 160 strokes.

In the B. division, Ed. Bouthilier, Montreal, a summer resident here, had 167 strokes with Stuart Edgar, Rock Island, runner up, with 168 strokes.

In the C. division, Ray Greenwood, Beebe Plain, Vt., won with 178, Reg Ward, Sherbrooke, had 181 strokes.

In the handicap championship, Dougie Henderson, Beebe, was winner over Stuart Edgar, Rock Island.

The tournament was arranged by the club captain Larry Hill with the assistance of Norman Chamberlain, Jr., as co-chairman. They expressed their appreciation to all who played in the inclement weather and permitted the event to continue as scheduled.

The presentation of the trophies will be made at the closing banquet on Thursday, September 14, 6:30 p.m. All members, both men and women are asked to keep this date and event in mind.

Wins $170,412 On One Cent Bet

LONDON (AP) — Mrs. Violet Butler won $170,412 for a one cent bet Tuesday on a soccer pools coupon—because she was in a hurry.

The 50-year-old Londoner missed sending in her pools coupon last week. This time she was in a hurry so she copied down the same numbers from the mislaid coupon.

She hit the jackpot with 23 points — seven draws and an away win.

Bettors try to forecast eight tied matches in one line. Last week draws were limited and nobody hit eight in one line.

Redlegs Knock Over Pirates To Retain 3½ Game Lead, Dodgers Win Behind Sandy Koufax 2-1

There was no pennant fever in Cincinnati early this season but things weren't so black that manager Fred Hutchinson of the Reds was without hope.

"We could do all right," said Hutch, "if we could get some pitching. We need it, because we don't score many runs."

That will give you some idea of just how much of a surprise team the Reds are in the National League race. Not only are they second in run totals (with 610 to San Francisco's 627), but the pitching staff leads the league in shutouts.

With southpaw Jim O'Toole and reliever Jim Maloney combining for Cincinnati's 10th whitewash job of the season, the Reds knocked off Pittsburgh Pirates 3-0 Tuesday night and retained a 3½ - game lead over the second - place Los Angeles Dodgers, who stayed close with a 2-1 victory at Chicago as Sandy Koufax limited the Cubs to a pair of singles.

Milwaukee Braves replaced San Francisco in third place, seven games behind, by beating the Giants 7-6 in 13 innings on Ed Mathews' home run. It was the Giants' fifth straight defeat. St. Louis made it eight in a row with a 5-4 victory at Philadelphia in the opener of a twi - night pair, but the Phils took the nightcap 4-3.

REDS STILL ROLL

The Reds won their third in a row at Pittsburgh with a sixth - inning run on singles by Vada Pinson, Jerry Lynch and Gordy Coleman off right-hander Bob Friend (12-17). Frank Robinson's single and an infield out by Lynch brought in the other two in the eighth.

Maloney nailed it for O'Toole (14-9) by striking out pinch-batter Rocky Nelson with the bases loaded in the ninth. The Pirates left 11 men on base while suffering their 13th shutout. They were blanked only four times last year when they won the pennant.

Koufax (15-9) who leads NL pitchers in low - hit games with a pair of two - hitters and a couple of three - hit performances, held the Cubs hitless for 6 2-3 innings. Their first hit, a single by Dick Bertell, drove in George Altman, who had reached base on an error by Koufax. Ron Santo singled for the other hit with two out in the ninth. Sandy struck out 12, for a season total of 212, tops in the majors.

HOWARD PLATES WINNER

The Dodgers scored the winning run in the top of the seventh on a walk, sacrifice and Frank Howard's single off Don Cardwell (11-12).

Mathews' 26th home run was the Braves' only hit against Dick Lemay (2-5) in five innings of relief. Don Nottebart (5-6) won it, blanking the Giants on one hit after Willie McCovey's two - run homer off Milwaukee starter Lew Burdette tied it with one out in the ninth.

An error and Bill White's triple won the opener for St. Louis and Curt Simmons (8-9) in the ninth as the Cards tied their longest winning streak of the year. Chris Short (5-10) then shut them out on two hits in 7 2-3 innings of relief in the nightcap. Al Cicotte (2-5) lost it on a wild pitch and Ruben Amaro's single in the sixth. John Buzhardt (5-14) was the first - game loser.

Richards Resigns But To Finish Out With Orioles

LOS ANGELES (AP)—Paul Richards, heading for a five-year term as general manager of the National League's new Houston club, will go along with Baltimore Orioles when they ask him to finish the 1961 season. Oriole officials say they will ask him to stay.

Richards, who took over the helm of the American League Orioles in 1954 after leaving Chicago White Sox, announced his resignation as the Orioles' field manager Tuesday just before a doubleheader against Los Angeles Angels.

The move was rumored for weeks. Houston begins play in an expanded National League next season.

Richards said the contract with Houston has not been completed but that Houston officials have agreed to his general demands.

Henry Setlakwe Wins Thetford Golf Title

THETFORD MINES — Henry Setlakwe walked off with the club championship when he posted a total score of 283 in the 72-hole event played over three days. G. J. Jenkins won the senior title when he posted 171 for his two rounds.

Thirty-five members competed in the annual event. Setlakwe posted rounds of 73, 70, 72 and 68 to nose out his closest rivals Maurice Laflamme and Ray Setlakwe by 12 strokes. Andre Guidon took class B honors with 326 while Jean Cote was next with 329. Ernest Plante took C with a total of 352.

In the Senior section Jenkins shot rounds of 82 and 89 to beat out H. A. Smith with 198 and T. Johnston with 199. The fourth player, J. A. Wayland failed to finish owing to the rain. Following the competition a buffet supper was served with dancing after.

Rallies To Earn Final Fall As Midgets Give Cleroux Busy Night, Tolos Brothers Win Team Match

Hans Schmidt of Chicago, Ill., retained his world wrestling championship last night when he stopped Edouard Carpentier of Montreal in the main bout of the special card presented at the Sherbrooke Fair.

A crowd of close to 3,000 was on hand to witness the card which brought together some of the top performers in the sport. The team crown went to the Tolso brothers, Chris and Johnny, when they emerged the winners over Claude Dessary and Billy Red Cloud.

The midget clash stole the spotlight of the evening as they kept the fans in a continual uproar. They gave Big Bob Cleroux, Canadian heavy weight champion, a busy time. The contestants kept hopping in and out of the ring and Cleroux had more than his hands full trying to keep things under control.

At one time the whole four ganged up on hand and had him on the floor but he wriggled himself loose to get the match back on a even keel. If ended with Tiny Tim and his mate emerging the winner over Pancho Popez and Little Beaver.

In the main bout it was a close affair with each taking a fall before the final when referee Tucker decided to call off the bout as both wrestlers insisted on slugging each other outside of the ropes.

The Tolos brothers definitely had the edge over the opponents and they put on a great display to pick up the decision. They teamed up well to earn the nod from the referee. Time after time they managed to break some tough holds to turn the cards on their oppontents

FAN TOSSES BOTTLE

A fan almost turned the quiet evening of pleasure into trouble when he tossed a bottle in the ring at Hans Schmidt and it was only smart side-stepping on his part that he wasn't hit.

The bottle went through the ropes passing between two photographers by inches. Smart work by a spectator prevented a little girl from getting the bottle right in the face. He pulled her down as the bottle crashed against the row of seats.

Schmidt immediately jumped to the ground and once when he saw the little girl was alright he proceeded to hunt for the fan, but he had vanished in the crowd which is probably good for him. This is certainly poor sportsmanship on his part.

Jets Are Commencing To Celebrate Winning International Pennant, Magic Number Now Reduced To Six

A visitor to Columbus Jets' dressing room a few days from now might be offered a glass of champagne.

The Jets are that close to winning the pennant in the International League. They reduced the magic number to six as they blanked Richmond Virginians 2-0 Tuesday night behind winner Don Rowe and Diomedes Olivo. Any combination of six Columbus victories and or losses involving Buffalo Bisons and Charleston Marlins will wrap up the flag for the Jets.

The second-place Buffalo Bisons kept the pressure on the Jets with a 3-1 victory over Syracuse Chiefs. Rochester Red Wings shut out Toronto Maple Leafs 2-0 and Charleston trounced Jersey City Jerseys 9-1.

Fred Kipp hit two batters with the bases loaded in the first inning to give the Jets their runs. Olivo came on in the sixth with the bases loaded and two men out and fanned Jake Gibbs to douse the fire. It was his 52nd appearance in relief and his 19th save.

Felix Torres broke up a 1-1 tie with his 23rd homer of the season in the fourth inning to carry the Bisons to their sixth straight triumph. Babe Birrer gave up nine hits in 7 2-3 innings, including a first - inning homer to Bob Lennon, and won his 11th game of the year.

Rochester righthander Johnny Kucks scattered four hits for his 10th triumph in 22 decisions. The Red Wings scored their pair in the second inning on a walk, a fielder's choice, two singles and an error by Lou Jackson. Bob Smith struck out 10 men on the way to his 11th loss.

Home runs by Carl Warwick and Julio Gotay were the big blows for the Marlins. Warwick had a perfect night with four hits and three runs-batted-in.

Nelson Yarbrough Is Placed On Waivers By Montreal Alouettes, Don Allard May Start Next Game

MONTREAL (CP) — Nelson Yarbrough, the bespectacled quarterback who was going to make Montreal Alouettes fans forget Sam Etcheverry, was placed on waivers Tuesday.

The 25-year-old University of Virginia import, who won the starting post and words of high praise from Als coach and general manager Perry Moss, has led the club to just one tie in four league games — 7-7 lacklustre affair with British Columbia.

This latest cut from the Alouettes roster leaves Montreal with exactly the same problem Moss has had since the team got rid of Etcheverry last November—who's going to quarterback?

The Alouettes still have five of the 13 quarterbacks they've tried this season in camp. But all of them are either an unknown quantity in Canadian football or rejects from other clubs.

Expected to start for the Als against Rough Riders in Ottawa Saturday is Don Allard, a Boston College graduate who came to Montreal through Ottawa, Saskatchewan Roughriders and Toronto Argonauts in that order.

The others in the background are Joe Francis, a discard from Green Bay Packers of the National Football League; Gerry Thompkins, cut by Ottawa; veteran Canadian Gerry Doucette, who has played in Toronto and Calgary; and Jack Moynihan, picked up from the NFL New York Giants.

Camilo Pascual Stops Yanks And Their Big Guns, Twins Win 3-0

Mantle Held To One Hit While Maris Goes Hitless, Tigers Stopped By White Sox, Gentile Belts His 41st

A pitcher really has to pitch if he wants to win a game for Minnesota Twins this season. Camilo Pascual, their righthanded ace, has won a dozen games for the eighth-place American League club and most of them have come the hard way.

The curve-balling Cuban's 12-13 record includes six shutouts. Three of the other six victories have been by one run.

Pascual hung up that 12th victory and sixth shutout by knocking off New York Yankees 3-0 Tuesday night, checking the league leaders on four hits, all singles.

It was only the third victory over New York in 16 games for the Twins and all three have been shutouts, two by Pascual. He tied Baltimore's Steve Barber for the major league shutout leader by fanning nine, getting Mickey Mantle three times.

YANKS STILL LEAD

Despite the defeat, the Yanks retained a 1½ - game edge over Detroit as Chicago White Sox ended the Tigers' winning streak at five, 4-3. Los Angeles Angels swept a pair of 6-5 decisions from Baltimore Orioles, taking the second in 11 innings. Cleveland Indians defeated Washington Senators 6-4 and Boston Red Sox beat Kansas City Athletics 8-4.

Pascual, who became a first-time poppa earlier in the day, put away the Yankees with a flourish. He struck out Bobby Richardson and Tony Kubek in the ninth, but Roger Maris was safe on a two - base error. Then he fanned Mantle to extend his shutout streak through 20 innings and run his strikeout total to 179.

Mantle was 1-for-4 and his 46-home run total leaves him just one game ahead of Babe Ruth's record 60 pace in 1927. Maris, 0-for-3, is eight games ahead of Ruth with his 51.

Ralph Terry (11-2) was the loser, after winning six in a row. An unearned run in the third, on Lenny Green's single, an error and Billy Martin's sacrifice fly, ended Terry's shutout string at 24 1-3 innings. Earl Battey's two - run double wrapped it up in the sixth before a crowd of 40,118.

ERRORS KILL TIGERS

The Tigers, who had won 10 of 11, blew a 2-0 lead and then booted away the game behind Frank Lary (19-7) when the White Sox broke a 3-3 tie in the seventh on a single by winning right - hander Ray Herbert (9-12) and two errors. The telling error was by Chico Fernandez, who had batted in two Detroit runs.

Jim Gentile belted his 41st and 42nd home runs for the Orioles in the opener, but the Angels took it on a squeeze bunt by winner Ryne Duren (6-11) in the sixth inning. Home runs by Joe Koppe and Steve Bilko then brought the Angels from behind in the 11th inning of the second game and gave the victory to Eli Grba (8-11) in relief. Barber (15-10) and Billy Hoeft (4-4) were the losing pitchers.

The Indians came from behind at Washington with six runs in the seventh, five unearned. Bob Allen (3-0) was the winner and Mike Garcia (0-1) the loser, both in relief.

The Red Sox also won with a six - run rally, overhauling the Athletics and beating Ed Rakow (2-6) on Frank Malzone's two - out, two - run single in the ninth. Chet Nichols (3-2) was the winner in relief.

MARIS-MANTLE VS RUTH

The following table shows how Roger Maris and Mickey Mantle of New York compare with the record pace of Babe Ruth in 1927:

Maris	51	131	Aug. 26
Mantle	46	131	Aug. 20
Ruth	51	139	Sept. 13

Youngster Turns Down Pro Offer For Scholarship

PORTLAND, Me. (AP)—Why should a 17 - year - old pitcher pass up a $100,000 major league offer?

Dick Joyce, a graduate of Portland's Cheverus High School last June, figures it this way:

The $100,000 in bonus and salary over five-year would dwindle to $69,000 after taxes.

He has a scholarship to Holy Cross worth $12,000 and the education it would give him is valued by business and school experts at $50,000.

"That's $62,000 for getting an education nobody ever can take away as opposed to $69,000 for five years of baseball that might or might not prove successful."

Joyce, whose pitching helped Cheverus win three consecutive titles in a southwestern Maine schoolboy league, was scouted by 14 major league teams, with the Boston Red Sox making the top offer.

After four years at Holy Cross will he be open to professional offers if they should come again?

"Very definitely," Joyce said.

Burke Emery Scores KO Over Richardson

HALIFAX (CP)—Burke Emery of Sherbrooke, Canadian light heavyweight champion, scored a nine-round knockout over Blair Richardson of South Bar, N.S., in a scheduled 10-round non - title bout Tuesday night.

Emery, threw a surprise right that startled Richardson at 1:37, sending him to the canvas on his face where he took the full count.

Until then, Richardson appeared to have a slight advantage over the stocky Quebec native as he scored heavily with straight left jabs which opened cuts around the left eye and on the nose and mouth.

The overhand right startled the crowd of 6,200 most of them Richardson supporters, who reacted in silence to the outcome.

Emery outweighed Richardson 166½ to 163, and held a slight edge in height and reach.

The fight was the first for Richardson, eastern Canadian middleweight champ, since he knocked out Eskil Emerson, Swedish middleweight champion, in Halifax in June. A hand injury has kept him idle most of the summer.

BURKE EMERY

The first round was quiet with both fighters cautiously feeling out their opponent. It was the first time they had met. In the second Emery scored with a few light combinations while fending off Richardson's snappy left jab. The combinations appeared to bother the Cape Bretoner.

EMERY SHAKEN

Richardson shook Emery with a strong right in mid-round as the pace quickened in the third. In the fourth Emery was sliced on the nose and Richardson around the right eye as they fought on even terms.

The blood continued to flow in the middle rounds with Richardson working on Emery's features with his left. The seventh and eighth were fairly even as both fighters continued a fast pace.

In the ninth Richardson appeared headed for a usual knockout until Emery's right caught him coming out of his own corner and knocked him sprawling. He lay motionless for the full count and was still wobbly five minutes later.

Emery has had 51 pro fights scoring 38 wins and losing 10. He has four draws. Richardson has 25 knockouts in 31 bouts. He has lost two and drawn once.

Johnson Retains Title With Win Over Ed Cotton

SEATTLE (AP) — Harold Johnson of Philadelphia retained his world light - heavyweight boxing crown with a 15-round split decision over Eddie Cotton of Seattle Tuesday night, then decided he could use a two-month holiday. After all, he had just picked up the biggest purse, $20,000, of his long fight career.

Johnson, recognized as king of the 175-pounders by the National Boxing Association when it stripped Archie Moore of the title for inactivity, took charge of the fight in the late rounds.

He was given the decision by judge Norman Kunde and referee James Rondeau, who both saw it 147-145 in points. Judge Sam Heller voted for Cotton 148-144.

It was Johnson's fourth fight in seven months and attracted only 4,004 spectators. The event was held outdoors at Sick's Stadium.

Johnson, who has been fighting 18 years, weighed 173 pounds to Cotton's 170. Cotton is ranked fourth by the NBA among light-heavyweight challengers.

There were no knockdowns. Johnson's right brought an egg-sized lump over Cotton's left eye in the eighth round and a cut in the lid of his right eye during the ninth. By the time the 13th came round, Cotton's left eye was closed but his left jab kept him out of real danger.

13 Horses, Cream Of Three-Year Old Trotters, Are Ready For Annual Hambletonian Today At Du Quoin

DU QUOIN, Ill. (AP)—Thirteen horses, cream of the United States three - year - old trotters, were reported in prime condition for today's 36th performance of the Hambletonian.

A record crowd of 30,000 was expected for U.S. harness racing's foremost classic, with $131,573 in prize money.

The crown, and first prize of $77,364, goes to the first trotter to win two heats on the one-mile oval at the Du Quoin State fairgrounds. Most drivers were prepared for more than two heats because of the speed already shown this year by the majority of the entries.

The field of 13 is the smallest Hambletonian field since 1955.

Most of the trainers and drivers consider Caleb, Matastar and Duke Rodney the horses to beat.

Caleb drew the No. 1 starting position, next to the rail in the first tier of 10 horses. Caleb will be driven by John Simpson, who drove Hickory Smoke to a Hambletonian victory in 1957.

ALSO ON RAIL

Matastar, driven by veteran Harry Pownall, also won a rail position, directly behind Caleb, in the second tier of three horses.

Duke Rodney, driven by Eddie Wheeler, drew the eighth position in the front tier.

Spectator, piloted by Ralph Baldwin, and Harlan Dean, driven by Jimmy Arthur, also were regarded as strong challengers during calculating earlier this week.

Other horses in the field are Speedy Princess, Frostbite, Meadow Farr, Claire Sampson, Medalist, Behave, Pack Hanover and Orbiter.

Joe O'Brien, from Alberton, P.E.I., will drive Frostbite. O'Brien twice has driven winners in the Hambletonian—Scott Frost in 1955 and Blaze Hanover in 1960.

Eighteen of the Hambletonian Society's 21 directors are scheduled to vote Thursday by secret ballot to decide where the classic race will be held after 1962.

Dutch School-Teacher And Fiancee Take Almost Half Prize Money At CNE Marathon, Tom Park Is Second

TORONTO (CP) — A Dutch schoolteacher and his pretty fiancee swam away with almost half the prize money Tuesday in the Canadian National Exhibition's $15,000 marathon swim.

Herman Willemse, 27, earned $6,000 when he covered the 15-mile Lake Ontario course in a record time of six hours, 54 minutes and one second, leaving his nearest competitor behind by three-quarters of a mile.

Mary Kok, 20, Willemse's fiancee, finished seventh, winning $1,000.

Willemse, of Utrecht, and Miss Kok, of Hilversum, The Netherlands, will use the money to complete a house in Utrecht, where they will live after they are married.

The event was the first CNE professional marathon swim since 1954. The previous best time set by Marvin Nelson in 1933 had six minutes and 33 seconds shaved off it by Willemse.

Tom Park, 37, a former resident of Hamilton, Ont., earned $2,500 for his second-place finish, 36 minutes and 39 seconds behind Willemse. Park now lives in Lakewood, Calif.

GRETA FINISHES THIRD

Greta Anderson of Los Alamitos, Calif., was third and Tornonto's Cliff Lumsdon, a former winner, was fourth.

Greta, 31, said she had high hopes for second place until she strayed 150 yards off course. Her time was 7:33.25. Lumsdon, who got $1,000, finished with a time of 7:36.20.

Fifth place went to John LaCoursiere of Montreal, who finished in 7:39.35 for $800. He was followed by Helge Jensen of Toronto, who won $700 for her 8:01.10 finish.

Miss Kok, who got $500 for seventh place and $500 for being the second woman, finished in 8:10.15.

Swimming conditions were ideal, with a hot sun and an unusually calm lake with 66-degree water.

Thirty-nine swimmers started. All completed two laps, 36 three laps, 33 four laps, 27 five laps and 25 six laps. After that many gave up because they were too far out of contention.

YESTERDAY'S STARS

Pitching — Camilo Pascual, Twins, blanked Yankees on four singles and struck out nine, three times fanning Mickey Mantle, for 3-0 victory.

Hitting—Steven Bilko, Angels, belted three - run homer in opener and won second game with solo home run in 11th inning for pair of 6-5 decisions in twi-night sweep over Orioles.

Sacramento, Calif. — Jesus (Jesse) Pimental, 118½, Sacramento, stopped Joey Castellano, 119, San Jose, Calif., 5.

THE FAMOUS and very first replica of Queen Elizabeth's doll's house serves as background for two of the newest winter fashions in versatile Acrilan acrylic fibre. Specially designed for the Acrilan Fashion Fantasy is the red fur-trimmed jacket at right in a wonderfully soft and warm 100% Acrilan acrylic pile fabric. At left, the smartest thing for the curling rink or ski slopes, a well tailored jacket in laminated jersey of 100% Acrilan. Two more costumes featured in the "Fashion Fantasy", presented twice daily in the Queen Elizabeth Theatre during the CNE.

Let your child start school in the right shoes

To stand high on the honor roll, a youngster should stand firmly in a pair of well-fitted, comfortably styled leather shoes. The child who fidgets and fusses because his feet hurt, quickly falls behind and becomes a problem in school and at home.

Here are some hints, to help you select the proper shoes when you take your youngster shopping for his back-to-school wardrobe:

Concentrate on fit. For correct fit, the new shoe should allow three-quarters of an inch of "growing space" beyond the longest toe. The widest part of the foot should set firmly into the widest part of the shoe. The heel should be snug to avoid rubbing.

Next, check construction and materials. For complete foot ease and long, hard wear, the best choice is an all-leather shoe whose pliable leather upper accommodates smoothly to the moving foot. The flexible leather sole "gives" with each step, yet is tough enough to take up the shock of running on concrete pavements.

The experts also recommend a leather lining. A mark of quality and value in a child's shoe, the smooth leather lining protects the growing foot from chafing and irritation.

You'll need more than one pair, too. The time when a youngster's needs were satisfied with one pair of scuffed shoes for school, play and partying are gone. And a good thing, too, according to feet specialists. For foot health's sake, one pair of shoes should air dry 24 hours, while the alternate pair is worn.

A note of warning. Don't let the youngster talk you into substituting a pair of sneakers for school shoes. Useful on a gym floor, canvas-sided rubber-soled sneakers give growing feet no support.

One last tip. Get your child to the shoe store a week or two ahead of the pre-school rush. Both you and the child will fare better in an uncrowded store. The clerk will be able to give you his complete attention and your youngsters will be less fretful.

Packing the lunch box

By LOUISE MOORE

SEPTEMBER and the old school lunch box are coming out of hiding ready for daily packing with all the essentials of a well balanced meal. So let's check supplies and requirements.

A good lunch box holding a small vacuum jug is infinitely better than a paper bag. The boxes come in attractive shapes and colors, are inexpensive and the pride of any little girl or boy.

Waxed paper or clear plastic wrappings are essential for wrapping sandwiches, cup cakes, cookies, raw vegetable fingers etc. Gayly colored paper napkins, paper cups and little daily surprises are some of the things to have on hand when packing a lunch.

A WELL BALANCED LUNCH

Meat — or other protein such as eggs, poultry, fish, cheese, beans — supply the protein for sandwiches. The eggs may be devilled to eat along with sandwiches or included in a salad to stuff a tomato.

Vegetables: at least one in sandwich filling, in salad or as raw vegetable fingers.

Fruit: at least one raw to be eaten out of hand or in salad or jellied dessert.

Breads: Avoid monotony in sandwiches by using a variety of breads — whole wheat, rye, enriched white, rolls, muffins.

Milk: include it as beverage, soup, main dish or dessert and as custard, spanish cream, blancmange, etc.

Pack the heaviest items, such as fruit, at the bottom of the box to avoid crushing sandwiches and cake. Wrap sandwiches individually in wax paper while salad, custard or jellied fruits should be packed in small waxed paper cups or alumium containers.

If the thermos is of the wide-mouthed variety, soup can be eaten right out of the container with a few cheese wafers on the side. This would provide the one hot dish in cooler weather.

Grind meat rather than slice for easier eating. Mix it with mayonnaise, or salad dressing, minced carrot or celery, chopped pickle, catsup or whatever the youngster enjoys. Leftover roast, meat loaves and liver when ground make excellent fillings.

Make sure sandwiches are moist, not dry. To prevent filling from soaking into the bread, sandwich the filling between lettuce leaves. The bread should be well buttered as butter is a valuable dairy food.

Fresh fruit should also be wrapped — especially bananas — so the odors do not permeate other foods.

Cooked prunes, stuffed with cheese and nutmeats and wrapped in waxed paper, serves as the surprise package. Stuffed dates, raisins or a candy bar serve the same purpose.

Avoid heavily iced cakes in a lunch box as they are mussy to eat. A cup cake, cookies such as oatmeal, ginger, molasses, are easy to eat and supply good nutrition.

Make sure the youngster gets milk to drink. Vary it by making a chocolate, cocoa or malted beverage.

Sandwiches can be prepared ahead of time and refrigerated or frozen.

MR. and MRS. ALASTAIR ROBERT PATERSON, photographed following their wedding which took place recently in the Church of St. John the Evangelist, Shawinigan, Que. Mrs. Paterson was the former Miss Diana Muriel Hill, daughter of Mrs. Hill of Shawinigan and the late Stanley Clayton Howard Hill and Mr. Paterson is the son of Mr. and Mrs. Robert Gullard Paterson, of Diss, Norfolk, England.

Paterson-Hill wedding in Shawinigan church

SHAWINIGAN, QUE. — The marriage of Diana Muriel, daughter of Mrs. Hill of Shawinigan, Que., and the late Mr. Stanley Clayton Howard Hill, to Mr. Alastair Robert Paterson of Montreal, son of Mr. and Mrs. Robert Gullard Paterson of Diss, Norfolk, England, took place in the Church of St. John the Evangelist, Shawinigan, on Saturday, August 19. Reverend Arthur MacRae officiated assisted by Reverend Peter Kingston. Mrs. Eric Davison played the wedding music. The church was decorated with white and yellow gladioli for the double-ring ceremony.

The bride, who was given in marriage by her brother, Mr. Alan S. Hill, wore a floor-length white brocade gown with heavy satin train. The neckline of her gown was softly rounded and notched and the long sleeves tapered to a point at her wrists. Her long tulle veil, having a cap ring of orange blossoms, had been worn by her mother and grand aunt. She carried a bouquet of pink roses.

Her cousin, Miss Joanne Lyster, as maid of honour, and the bridesmaids, Miss Janet Paterson, sister of the groom, and Mrs. John Smarzik were dressed alike in floor-length moss green peau de soie gowns having short notched sleeves. They wore nile green veiled bow hats and accessories and carried bouquets of yellow roses.

The two flower girls, Misses Patricia and Barbara Hollett, nieces of the bride, wore short tulle nile green dresses fashioned like those of the other attendants, matching bow headbands and accessories and carried a large yellow chrysanthemum. The necklines of the five attendants' dresses matched that of the bride.

Mr. David Coates was best man and the ushers were Mr. John MacNaughton and Mr. Robert Bailey.

Mrs. Hill, the bride's mother, wore a beige brocade jacket dress, a feather-trimmed pillbox hat of green and beige tones, brown accessories and a corsage of ivory roses. The groom's mother was attired in a white and blue silk print dress, white hat of tulle and gardenias, white accessories, and a corsage of Sweetheart roses.

Following the reception, which was held on the lawn of the Cascade Inn, the couple left for the Maine seacoast. The bride's travelling costume was a watermelon shade suit dress with matching shoes, a soft-brimmed black taffeta hat and black accessories. She wore a white gardenia corsage.

Mr. and Mrs. Paterson will reside in the Town of Mount Royal.

Tips for parents

By HELEN HEWSON
Parent Education Associates

In a few days it will be back to school for Canadian children and many thousands will be taking the road for the first time.

The passport to the classroom is the birth date. The child who has reached his sixth birthday before or during the fall term enters first grade. If there is a kindergarten in the school, the fifth birthday opens its door to him.

NO FORMULA

A calendar date is no magic formula that makes a child ready for school.

Some are ready and eager, especially if they have older brothers and sisters and have watched the morning hustle and bustle to finish breakfast and find books and outdoor clothing, the treasure to show the teacher, the rush to join friends on their way to school.

Many children are not completely ready. They hold back and are reluctant to step from the known to the unknown.

They may insist that mother come too and mother would be wise to be ready for this emergency—in a fresh dress and curlers out of the hair.

WALK TO BUS

In the areas where a school bus gathers up children, walk with him to the bus stop and make sure he finds a playmate or older child he knows before waving good-bye to him.

It is important that the child's introduction to school be as pleasant as possible. These first days develop feelings and attitudes that will influence his school career for many days to come.

There is marked variation also in readiness to learn. The modern well trained first grade teacher does not plunge immediately into teaching the 3R's. Experience and research have shown that children who are not ready cannot be forced to learn and so, the teacher spends some time on a preparatory, readiness program.

INTERESTED PARENTS

The readiness program is an extension of the experiences the child has with parents who are interested in his all-round development. He has books to look at. They read stories to him. He visits places of interest and talks with an interested adult.

Gradually, through listening, using and seeing the words, the child begins to read. The teacher prepares the way; the child sets the pace.

Don't rush him! It confuses and often slows him down.

If parents want to help the child at home it is best to discuss it with the teacher.

Teaching methods have changed. When we see the throngs of children going happily off to school we are convinced they have changed for the better.

Entertained at summer home

Many subjects discussed by North Hatley Institute

NORTH HATLEY — Twelve members and five guests of the Women's Institute were entertained at the summer home of Mrs. J. R. McKay.

Mrs. Robert Vaughan presided over the busy session. Mrs. C. S. Daintrey, convener of citizenship, reported that she had made a good collection of books which will be sent to the armed services personnel serving overseas. The North Hatley Library shared in this effort by contributing a number of duplicates.

Articles for the group exhibit of handicraft at the County Fair were on display. Mrs. J. R. MacKay was again in charge of the North Hatley exhibit. Articles were also brought for the sales table.

Mrs. Vaughan reported on the recently held county meeting, and the branch voted in favor of continued aid for a young boy in France, which is a county project. Mrs. F. Woodward, the branch president, sent in a report that she had collected several boxes of items for the School Fair rummage sale.

Members volunteered to be in attendance at both the County Fair and School Fair, at the sales tables and rest room. Transportation arrangements were made for these helpers.

In regard to the county scholarship, Mrs. V. C. Plow, reported she had attended a committee meeting to examine the names submitted and Byron Humphrey of Stanstead was chosen as the recipient.

Mrs. F. Holland reported on the recently held fall fashion show and expressed her personal thanks to all who had assisted her in its preparation and presentation. Mrs. Phillipson reported she had made several calls on the sick and shut-ins and had collected two bundles of cloths for cancer dressings.

It was voted to have a penny can at each meeting to help in the support of the Associated Country Women of the World.

At the conclusion of the lengthy business session, refreshmentt were served by Mrs. Phillipson and Mrs. J. R. MacKay who provided the beverages.

Among the guests present, the branch was especially happy to welcome Mrs. William Raymond who is a charter member of the branch. Her daughter, Mrs. Frank Tarte, of Ottawa, was also present, and Mrs. Jack MacKay, Mrs. G. Stewart, and Mrs. Daintrey's daughter, Catherine, Mrs. Maclean, of Toronto.

GENERAL NOTES

Mr. and Mrs. Fred Monahan and children, Suzanne and Peter, of South Porcupine, Ont., are visiting Mrs. Monahan's mother Mrs. Grace Conner. Mrs. N. Jackson and Miss Evelyn Jenkins, of Lennoxville, were also recent guests of their sister, Mrs. Conner.
