Six.—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimnings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means failed to give me any permanent relief, and at length it became so

...firming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended my Pills, I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy.

am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant,

MIRACULOUS CURE OF DROPSY.
Extract of a Letter from Edward Rowley, Esq.,
to a Doctor, dated April 8th, 1852.

DEAR SIR—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, which I have been enabled to effect by the use of your medicine.

TO MARRIED LADIES.
The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all Inflammatory diseases, without Pain or Irritation, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring.

...and which, under God, was effected by your invaluable Pills, I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks.

I used a part of one box, according to directions, and the rats took up marching orders, all but two or three, who will likewise march, now that we have learned their haunts, upon the application of a little more of the Exterminator. I would therefore cheerfully recommend it to all who are troubled with rats.
