## For Sale.

A FINE IMPORTED ENGLISH MARE, 5 yrs. old, splendidly broken to saddle and a good rider, raised a fine colt this year, sound; also a Pony weighing about 300 lbs. 3 yrs. old, gentle, color chestnut, good style. GEA. GALE & SONS, Waterville, Nov. 19, 1892.

## SUPERIOR FARM FOR SALE.

THE undersigned offers for sale his farm consisting of 150 acres, 100 acres being cleared, the balance well wooded. New barns, house in good repair, running water at both house and barn. Good Sugar House with 400 trees. Farm in under excellent state of cultivation, and is close to school house and only 2 1/2 miles from North Hatley. A cheese factory is on the place. A nice young orchard 200 choice trees in bearing. For further particulars apply to the advertiser or to E. L. JOHNSON, Milton, Que., 1892.

## FOR SALE

WHAT FINE PROPERTY occupied by the undersigned, one and a half miles from North Hatley Village, which commands a beautiful view of the lake. The house is new, roomy and well finished, heated by furnace, with good outbuildings and barn; running water at both house and barn. Can be bought for 25 to 30 acres, 15 being timber, balance under good state of cultivation. A FINE ORCHARD of 50 or 60 trees of the best yielding varieties. Title of premises perfect and terms easy. This is an excellent opportunity for any one desiring a beautiful home. The house is built on a hill and we can afford to sell it cheap. It is only 1 1/2 miles from store, church, school, etc. Apply on the premises to W. A. or A. T. BIRD, North Hatley, Que. 6470.

A Big Lot of English Waterproof Cloaks to be cleared at half-price for the Cheap Sale at S. Carley's. Short Jackets in Black and Colors to be cleared at half-price at S. Carley's Notre Dame Street.

**HOW DO YOU DO** when you buy shoes or clothing? Don't you go to the place (if you can find it) where they tell you that you may wear the articles out, and then, if you're not satisfied, they'll refund the money? Why not do the same when you buy medicine? Dr. Pierce's Golden Medical Discovery is sold on that plan. It's the only blood-purifier so certain and effective that it can be guaranteed to benefit or cure, in every case, or you have your money back. It's not like the ordinary spring medicines or sarsaparillas. All the year round, it cleanses, builds up, and invigorates the system. If you're bilious, run-down, or dyspeptic, or have any blood-taint, nothing can equal it as a remedy.

The worst cases of Chronic Catarrh in the Head, yield to Dr. Sage's Catarrh Remedy. So certain is it that its makers offer \$500 reward for an incurable case.

## THE DAILY GAZETTE, MONTREAL.

Will be sent to any address in Canada or the United States during the present Session of the Dominion Parliament on receipt of

ONE DOLLAR.

The GAZETTE'S Parliamentary Reports and Correspondence, admittedly the best published, will give each morning a carefully prepared impartial report of the proceedings of the previous day.

Address, **LIEBARD WHITE, Man. Dir.** Gazette Printing Co., 325 MONTREAL.

## M. McKECHNIE,

Established 1852. IMPORTER.

Ripans Tabules have come to stay. Ripans Tabules cure scrofula. Ripans Tabules banish pain.

## COUNTY NEWS.

### Bulwer.

The weather continues fine and cold. News is scarce. Quite a good state of health among us with the exception of some of the older people who are getting feeble, old Mr. Frizzell among the number. Miss Una Williams is away at Lennoxville attending school. Mr. Wilkins Jordan out his foot badly recently. A box social is to be held this Friday night the 27th inst., under the auspices of the W. C. T. U. at the home of Mrs. H. M. Coates.

### Huntingville.

The annual oyster supper, under the auspices of the Ladies Aid will be given in the vestry of the church, Tuesday evening Jan. 31st. Preparations are being made for a grand programme of entertainment, of which a Demores medal contest will be the chief attraction. Mr. and Mrs. Lathrop, from York State, spent a few days with Rev. and Mrs. Pether. The Ladies Aid were pleasantly entertained at Mrs. Fred May's on last Thursday afternoon; it is not yet decided where the next meeting will be held. Quite a number in the place have been sick, but are all on the gain.

### Barnston.

Mr. Charles Buckland of Coaticook will soon take possession of the Thorntons farm near the Corner, Mr. Beaumont is now on the place having hired the farm of Edward Bryan. The Rev. C. H. Brooks of Ways Mills was in town two days last week making calls on his friends. Henry McDonald got a bad cut in the face from a falling limb of a tree. The news shown by the Rev. W. T. Forsythe at the Town Hall last week were very fine as was also his lecture in connection. Mr. C. N. Penick has taken his son E. P. Renick as partner and the firm is now "Renick & Son". Mr. Peter Buckland of Lowell, Mass. has been at home on a visit has returned. We are sorry to hear of the serious illness of Henry Wright our fellow townsman. We have just heard of the sudden death in Boston of Mr. George Pierce formerly of Stanstead, brother in law of Mr. J. L. Thornton of this place. Mr. Thornton started for Boston on hearing the sad news. Mrs. Hurd wife of John Hurd started for Montreal last Monday for the purpose of undergoing a surgical operation.

### Martinville.

We are glad to be able to report the improved health of Mr. Geo. Haines, Mr. S. C. Haines and others who have been ill; but we are sorry to have to report the illness of Mr. Otis and Mr. Geo. Bean. The children of Mr. Winder Pierce and Mr. William Pierce have also been sick but under Dr. King's treatment are better. Miss Genevieve Cass has returned home from Sherbrooke, also Miss Annie Haines who has been visiting at Mr. Parker's. The entertainment in connection with the young peoples society came off last Friday evening. The weather was cold and the attendance only fair. The programme however was well carried out, and did their parts admirably and their life like rendering of the "Deceitful Skule" of fifty years ago was given in admirable style, and was highly relished by the audience. We were glad to notice among the audience some from Johnville and other neighboring places. The request perhaps it will be either in Martinville or some of the adjoining villages. Rev. Mr. Lawson being present was called on to make some remarks at the close which he did in his own entertaining manner highly complimenting the performers and congratulating the audience. One of our village merchants, Mr. Johnston, met with a rather serious mishap last week, being badly bruised and cut by a vicious horse. Mr. Johnston had a narrow escape, and we are glad to be able to report him rapidly improving.

### South Barnston.

Charles Hovey of this place visited the farm of G. E. Humphrey, of Dixville, one day last week to see his fine stock of Jersey cows and heifers, which were fine, he purchased a beautiful cow from which he intends to raise a family of thorough bred stock. J. T. Cilley had the misfortune to lose his favorite horse gray Ned, caused by being driven too hard by his hired man. We have just received the sad intelligence of the death of Mrs. Idella Blanchard Grout, daughter of the late G. T. Blanchard. Mrs. Grout has grown up among us, a young lady much loved by her acquaintances and friends, and her death in the bloom of her youth has saddened the hearts of all who knew her. About five years ago, after the death of her father she removed with her mother to Manchester, where about three years ago she married Mr. Walter Grout of that place, who has the sympathy of her many friends here. She leaves a mother, daughter and husband to mourn her loss. Mrs. G. S. Hurd of this place has for some time past been out of health, so much so that she was obliged to apply to her old family physician in Bolton, Que., where she had not lived and to the surprise of herself and family and friends that her trouble was a tumor for which she will be obliged to go to Montreal to undergo an operation; she left here Monday, Jan. 23.

At the cheap Cash Clothing, Boot and Shoe store you will find a large assortment of Ready-Made Clothing, Trunks, Valises, Gents Furnishings, Hats, Caps, Ladies and Gents Fancy Boots and Shoes, all of which will be sold at very low prices. Come and convince yourself that this is no humbug. 173 Wellington Street, Fletcher's Block, Sherbrooke. J. FREEMAN.

## Mo'e's River.

The back of our severe cold "strap" seems to be pretty well broken, and as I am writing the "Beautiful" is coming down in abundance and will be greeted by those having any work to do in the woods. Our town election has gone by and Mo'e's River seems to have been left out in the cold through a certain error, the composition of which is pretty well known here, but we will try and remedy matters at the earliest convenient. "A word to the wise, etc." Mr. W. Menut has sold off his stock by auction and we hear is moving away. Mr. George Bean is laid up with rheumatic fever but we hear he is progressing favorably under Dr. McKee's care. We are sorry to hear that Mr. Edwin Stevens is poorly but hope he will soon be around again. There is a good deal of cordwood being drawn through this village this winter. The Independent Order of Foresters are to have an oyster supper at Martinville on February 1st. Yours etc. A. READER.

## Annual Report of the Albert Sunday School.

The appended report of the Albert Sunday School is one which affords the Teachers and Officers, as well as all concerned, much pleasure to present. January, 1892, the School was reorganized with new Teachers and Officers, and Mr. John Bray as Superintendent. Since then there has been a continual gathering in of children, young men and women, fathers and mothers, until now the School has increased in number by more than one-half. Mr. Bray has again been re-elected Superintendent by the unanimous vote of the School; and we trust that the same success, which has so characterized the School for the past year, will be fully realized in the coming one. The School is conducted in a thoroughly systematic manner, the classes being graded according to sex, and age; and each class having two teachers, who in turn take charge. Report—Began the year with 95 members on the roll, and at the end of the 1st, 2nd, 3rd, and 4th quarters there were respectively on the Roll 103, 138, 147, and 130; and almost 150 on Roll. For beginning of year 1893. The average attendance for the 1st, 2nd, 3rd, and 4th quarters has been respectively 77, 87, 97, and 96, making an average attendance of 89 for the year.

Received by— Collections from School \$87 21 Entertainments 31 78 Discans 10 20 Present from friend 5 00 ————— \$134 19

Expended for— Running Expenses \$46 08 Incidental " 24 17 Rewards to School (Books) 54 15 ————— \$124 40

On hand in Treasury \$9 79 P.S.—The Officers for the ensuing year are John Bray Superintendent, Richard Hamby Treasurer, and N. Bruce Prichard Secretary.

## Massawippi.

On Friday the 26th instant, the startling news of the death of Mr. William Murray, the oldest son of W. G. Murray, Esq. of this place, which occurred at Framingham, Mass., where he had arrived on the 19th inst, for medical treatment, caused consternation to this entire community and profound grief to the family of the deceased young man. From a letter which I received from the attending physician this morning, I extract the following particulars concerning his death: "Upon his arrival at the institution, an examination of his case was made, when it was ascertained that both his heart and kidneys were badly affected and that he required rest before giving him special treatment by the institution for which he had come. That he rested fairly well through the night, got up in the morning and to all appearances was quite well though he was melancholy and more or less pinched and bagged expression. When asked how he felt, he replied, 'Of course bad, my heart aches, and my back is stiff, yet I am all right.' He was told he really needed a stimulant which he positively refused to take. He walked about the house from room to room and was very uneasy; at about 10:30 a.m. he went into the room where his friend Mr. W. L. Baron was, sat down in a chair and at 11:05 a.m. in an instant without any warning or uncommon appearance, he fell to the floor dead. The physician says this is the first death there since the institution was opened in July last, and where they have had more than a hundred cases. As soon as the news of his death reached here, the Rev. Albert Stevens of Hatley was engaged and started the same evening to bring home the body, and he came with it upon the mail train on Saturday evening. On the afternoon of the next day, a short funeral service was held at the residence of W. G. Murray Esq., by the Rev. A. Stevens, where a large number of sympathizing friends of the family and of the deceased assembled to express their condolence with the afflicted family. On the following Monday morning the father and his son accompanied the body to Montreal for interment. It is needless to say that the members of the family were deeply stricken with grief by this sudden and unexpected death of their oldest son. The long term of very cold and dry weather which we have experienced for the past four or five weeks has penetrated to the cellars in many places where frost has seldom if ever before entered. Water is low in the streams and if rain does not come soon, much inconvenience for the want of water is likely to ensue. Our roads have been good for travel so far this winter, and lumbermen and wood dealers are busy. Mrs. A. P. Hurd has been confined to her bed for about three weeks from sickness, and it she improves at all it is but slowly.

## Winter Feeding.

When horses and cattle are kept in stables most of the winter and are fed on dry food, they are apt to get out of condition and the spring finds animals that are not thriving, many have actually lost during the winter and have to do all their "picking up" when turned out to grass. All this can be prevented and animals made to gain all winter long by using Dick's Blood Purifier. Note the name—Dick's not Richard's. 4x22

## COATICOOK.

Mr. F. H. Bridgman received the sad news of his sister's death in New Brunswick last Tuesday.

The children of Mrs. Parker's school were treated to a sugar social on Tuesday evening last.

Miss Nellie Baldwin who has been in Lowell, Mass., for sometime has returned home.

The Secretary-Treasurer of Barford has instituted an action for damages against Mr. W. J. Kinney to the extent of \$500.

Notice is given in the Official Gazette of an action for separation of property by Mrs. G. W. McKee against her husband.

A case of scarlet fever is reported in town. Measures have been taken, however, to prevent the spread of the disease.

A movement is on foot among some of our local chess players to organize a club. This would at least be something new and no doubt will be well patronized.

The proprietor of L'Etrole de l'Est will leave for Island Pond tomorrow, for the purpose of installing a Court of the Canadian order of Foresters in that place.

Our fast horsemen have converted the river into a trotting park. This affords a splendid place to speed their horses without endangering the travelling public.

Last Monday morning Mr. A. O. Odell received a telegram informing him of the sudden death of his father. He left on the evening train for Brockville to attend the funeral.

Messrs. John Fraser and S. B. Humphrey left town Monday afternoon for Hali Stram where they will be engaged during the week taking an inventory of the estate of Mr. Edwin Bean.

A large number of commercial men have been in town during the week, and local dealers from neighboring villages are taking advantage of their journey here to lay in their stock of spring goods.

The young man who had the misfortune to fall down stairs while on his way to visit his best girl a few days ago is reported to be improving although quite bruised by his fall.

The Hambletonian stallion of Mr. M. Lyon of our town made a record of 2:25 a St. Hyacinthe a few days ago. The next day he will be able to trot in 2:20 before the close of the season.

Mr. J. L. Thornton left town for Boston Saturday morning to attend the funeral of his brother-in-law, Mr. George Pierce who died recently from the effects of a cold contracted while attending Gen. Butler's funeral.

Mr. J. W. Tibbets has an orange-tree in his hothouse that is actually bearing fruit. Several applications have already been made for a taste of the oranges as soon as they ripen. It is doubtful, however, whether the amount of fruit will be sufficient in quantity to meet the demand.

Mr. L. E. Chamberland who has been making a prospective trip through Maine for a short time past has returned. He reports finding business far more promising there than here and thinks better opportunities for making money are afforded to the energetic worker. However, Mr. Chamberland prefers not to exchange opinions for uncertainties at least for the present.

Last Monday night one of our citizens who had been unable to sleep for two nights on account of the hubbub in the apartments of his next door neighbor who was being partaking a little too freely of brewster, called the police to his assistance. When they reached the premises they found the disturbing party holding the fort with an ax, so they decided to wait till a more convenient season and returned home.

An entertainment was given in Shortell's hall last Friday evening by the Ladies' Schubert Quartette of Boston, to a large and appreciative audience. Each number of the programme was heartily enjoyed. The voices of the ladies blended perfectly and the recitations of Miss Florence met with applause. All present seemed to enjoy the treat and many expressed the wish that they would remain another evening.

Last fall while Mr. B. E. Converse of Barnston was attending the Sherbrooke Exhibition, being anxious to ascertain what was in store for him in the future, he paid the sum of ten cents for having his fortune told by a parrot. Among other prognostications he learned that should he ever purchase a lottery ticket it would be to his advantage to secure ticket number 77. Last week he was approached by a friend who asked him to buy a lottery ticket. Remembering what the parrot had predicted he purchased ticket number 77 and won the capital prize which consisted of a sleigh valued at \$40.

If there is any foundation to the superstition regarding the number thirteen, the new American quarter dollar, which has lately been put in circulation, is destined to a large amount of ill luck. On its face are stamped 13 stars; there are 13 letters in the motto, "E pluribus unum," 13 feathers in the wings of the eagle, 13 feathers in the tail, 13 parallel lines in the shield, 13 horizontal bars, 13 arrows in one claw of the eagle, 13 leaves in the other claw and 13 letters in the words, "quarter dollar." We have not heard of one of these coins being rejected however on this account.

## Masonic.

The Grand Chapter Royal Arch Masons met in Montreal Tuesday for their annual convocation, which was well attended. The usual business was transacted and the following officers elected: Most Ex. Com. E. R. Johnson, of Sherbrooke, Grand Z. Rgt. Ex. Comp. E. T. D. Chambers, Quebec, Grand H. Most Ex. Comp. J. Fred Walker, Montreal, Grand J. Most Ex. Comp. Will. H. Whyte, Grand Scribe E. Most Ex. Comp. Dr. E. D. Stevens, of Dunham, Grand Scribe M. Most Ex. Comp. C. P. O'Conner, Montreal, Grand P. S. Grand Superintendent of Districts, R. E. Comp. H. Walters, Quebec, of Stadacona district. R. E. Comp. G. S. Gilman, Bedford, Eastern Townships district. R. E. Comp. George O. Stanton, Montreal district. After the result of the elections were announced the chapter adjourned.

## GRAND LODGE.

The Grand Lodge of Quebec Province met on Wednesday when all the grand lodge officers were present and a large number of delegates. A good deal of routine work was transacted, after which the officers were elected for the ensuing year as follows: Grand Master, R. W. B. L. Col T. P. Butler, Q. C., D. C. L., of Montreal. Deputy Grand Master, R. W. B. J. P. Noyes, Q. C., Sweetburg, Que. District Deputy Grand Master—V. W. Bro. R. Tooke, Montreal. V. W. Bro. F. F. Farmer, Quebec and Three Rivers. V. W. Bro. C. F. Jones, St. Francis. V. W. Bro. W. A. Williams, Ottawa. V. W. Bro. E. J. Raymond, Shefford and Bromes. Grand Senior Warden, W. Bro. Alex. Amer, Sherbrooke. Grand Junior Warden, W. Bro. J. Woods, Quebec. Grand Chaplain, Rev. Mr. Friedlander. Grand Treasurer, M. W. Bro. I. H. Stearns (re-elected).

## Hockey.

MCGILL AND SHERBROOKE MATCH DOES NOT END SATISFACTORILY. The match in Montreal Thursday last the 19th, did not end very satisfactorily. Both teams were determined to win the match; the Sherbrooke team were playing by far the best game and came within an ace of scoring in the first half. The McGill team did not care for the visitors defence as they would meet with a Waterloo every time they brought the puck any where near the goal; one of the McGill men was wounded and had to have a little rest which seemed favorable to the referee, neither side scoring; when half time was called the puck was found in the vicinity of the McGill goal, but the visitors were unable to score.

On resuming play in the second half the Sherbrooke took the puck up with a rush but hard luck seemed to be their fate, the puck striking the goal pole and glanced outside; Dawes of the McGill team brought the rubber down with a rush, but Sherbrooke's defense was there once more, Lloyd relieving and carried the puck past the whole McGill team, he got as far as the point man and ran over the puck, Dawes again retrieving, when near the visitors goal he stumbled and fell, he threw the puck to Smyth with his hand, who shot. The rubber glanced off Odell's skate struck the goal pole and rolled inside just enough for the umpire to give game.

The second game started in about the same style as the first; the puck going off the ice some one called time; the visitors defence leaned on their sticks, waiting for a face when Smyth played the puck to Dawes who was off side and scored and this is how the kick began, the referee seeing the puck off the ice but refused to face; the visitors not relishing the idea of the referee winning the match, refused to continue unless the puck was faced, according to the rules of the Amateur Hockey Association. The umpire had given game and could not do otherwise than allow it. Ten minutes remained for play but Sherbrooke would not play unless the puck was faced where it went off the ice, not being allowed to do so left the rink. Several citizens of Montreal congratulated the visitors on the stand they took in refusing to continue when justice could not be dealt them.

53RD BATTALION SERIES. The first match between the companies was played on Wednesday evening, when No. 1 and No. 2 lined up as follows:

No. 1	No. 2	
Horton	Goal	Ward
Yates	Point	Povey
Morkill	Cover	MacAulay
Boyle	Centre	Lougheed
Fraser		Edney
Fyles	Forwards	Davis
Robins		Walls
McAllister	Umpires	Major
J. A. McKechnie, Referee.		

The game was well contested but too much time was lost in the referees whistle sounding for "off sides," No. 2 was mostly to blame for this, but No. 1 tried to play a little of football and lost time in this way. The score at the end of time stood 8 to 4 in favor of No. 1. The Sherbrooke Team go to Quebec February 1st, to play for the Intermediate Championship. Good luck to you boys! McGill play the same team this evening in Quebec. Sherbrooke vs. Britannias of Montreal, to-morrow night at the rink.

Piles! Piles! Itching Piles. Sworens—Moisture intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Sworens' Ointment stops the itching and bleeding, heals ulceration and in most cases removes the tumors. At druggists, or by mail, for 25 cents. Dr. Sworens & Sons, Philadelphia. Wholesale Agents.

Professional Cards.

GROCERIES, PROVISIONS, ETC., ETC. The undersigned has always on hand a complete stock of GROCERIES, PROVISIONS, ETC., —AT WHOLESALE.— The trade will find it to their advantage to buy at home as they can always get their goods just as cheap here as in Montreal. Call and get quotations before placing your order elsewhere.

Wm. MURRAY, 23 KING STREET, SHERBROOKE, Que. C. T. By Station.

Wanted

Every owner of a horse or cow wants to know how to keep his animal in good health while in the stable on dry fodder. DICK'S BLOOD PURIFIER is now recognized as the best Condition Powder, it gives a good appetite and strengthens the digestion so that all the food is assimilated and turns flesh, thus saving more than its cost. It regulates the Bowels and Kidneys and turns a rough coat into a smooth and glossy one. Sound Horses are always in demand and at this season when they are so liable to slip and strain DICK'S BLOOD PURIFIER will be found a stable necessity; it will remove a curb, spavil, splint or thoroughpin or any swelling. Dick's Liniment cures a strain or lameness and removes inflammations from cuts and bruises. For Sale by all Druggists. Dick's Blood Purifier 50c. Dick's Liniment 50c. Dick's Ointment 25c.

A HOME GYMNASIUM.

HOW TO PROVIDE RESTING EXERCISES FOR TIRED WOMEN.

Conditions Everywhere Overcome—Why a Gymnasium Should Be Used—Good Exercise Required and Some That Will Do You Good If Practiced.

If you live in a small city you probably have the luxury of a whole house of your very own. There may be a garret which is light and sunny, with rafters and slanting walls which make the frame of a perfect gymnasium. Up there, away from the

bores of the day, you, the busy mother for whom this is written, can rest your tired body by turning streams of blood through muscles which have been unused since childhood's days of hoop and skipping rope.

You may be fortunate enough to live in the country. Possibly your garret is too low and musty and close, or full of old painting wheels, Revolutionary rubbish, and the unused paraphernalia of a century ago.

But you surely have a barn—a paradise for a gymnasium. Its solid old rafters, its substantial floor, its clean stalls—even its work-a-day carts and Sunday carry-alls—can be transformed into apparatus which will vie with the costly equipment of a foreign sanitarium for the cure of aching head and feet, tired back and paining joints.

But you may be "only a boarder"—poor soul! Perhaps you are tired of the never-ending round of household care, and enjoy the freedom from marketing and "servanting." Then make your room into a gymnasium. Your closet door, your chiffonier, your trunks and chair, the footboard of your bed and the hooks in the wall will furnish your apparatus.

If you live in a flat, where every room is an exhibition, you can have a white pine frame with adjustable crossbars and pegs put into any doorway. An ordinary carpenter can make it for \$2 or \$3, and this is one of the chief features of the Swedish gymnasium. (See Figs. 1 and 2.)

Your floors and walls, chairs and tables can all be utilized, provided you yourself are loosely costumed.

Now for details of these gymnasia. First the garret. If possible hang a swing from the midbeam; a turned rod 1 1/2 inches in diameter makes its seat. Let both ropes pass through pulleys and fasten to heavy hooks on the wall, so that you can make the swing high enough to hang from or low enough to sit in.

Into some doorway in garret or bedroom have the frame above mentioned fastened. This frame consists of double posts so arranged that a crossbar may slide up and down between them. The uprights are as high as the doorway, 2 1/2 inches wide, 1 1/2 inches thick—squared from their "other halves" by a 1/2 inch space. Holes for heavy iron pins are bored at the same heights in all four uprights, two inches apart.

The horizontal bar is 1 1/2 inches wide by 2 inches deep—oval in cross section. Notches must be cut near the bottom of

1. DOORWAY WITH UPRIGHTS AND CROSS-BAR. 2. STALL BARS ADJUSTABLE.

the uprights to allow complete removal of the cross bar. Then you may let the carpenter make a sort of fence to fit the frame, containing fixed bars the same size as the cross bar, two inches apart, six bars in all—making the fence about 2 feet high.

With these you have the chief apparatus of the Swedish system—the so-called stall bars.

A hassock 1 1/2 feet high is a very useful adjunct to this.

If you must use only what furniture you have, pad the lower rim of your transom, use firm chairs, exercise with your little boy's rocking-horse, your bed or even the wall.

Having thus constructed our gymnasium, we have now to answer our second question: Why use it? Because our daily life consists in one monstrous round of activity or of enforced idleness which uses or abuses one set of muscles and weakens all the others of the 250 pairs. Ennui has never made a human being better; you must amuse yourself with your exercise. To keep our muscular system in good condition is one of our most important duties. Muscles make up the bulk of the body and hold most of its blood in circulation. Muscles manufacture food for other tissues. Muscular contraction keeps the veins and arteries in tone; it hastens the repair as well as the removal of waste. The lymphatics are kept in order by muscle power. Moreover no muscle cell is without its nerve end organ, which degenerates when its muscle cell lies long unused.

The heart is itself a muscle, which undergoes waste and repair and which works and rests 60 times a minute. If its muscle cells become crowded out by fat cells, or if its walls become stretched and thin, a sudden strain may rupture it at once.

The question now follows: "When shall you take these necessary exercises?" Preferably in the middle of the morning, but if this is absolutely impossible, take it when you can, presumably after the children are tucked up for the night, when

everything is still and the smoke and dust of the day have settled.

An average woman weighs about 120 pounds, is 5 feet 8 inches tall, has a chest girth of 26 inches, with an expansion of at least 3 inches, and a waist measure of 24 inches. She should stand easily on either foot, but with shoulders back and head gracefully raised. In walking her toes should touch the floor first, which gives a spring to the step and makes walking very easy and untrifling. Stiffness wears out nerve and muscle, and provokes nervous prostration with its long train of horrors. Why can't Americans relax their joints and muscles? Insanity will be sure to follow constant tension. Learn to use every motion which belongs to you. Sit down and move each toe, roll the ankle, bend and turn and swing the knee, hip, arm and head.

Here is a good exercise: 1. Take fundamental position; that is, stand with hands at the side, heels together, toes turned out. 2. Hands on hips, rise on toes steadily. 3. Slowly bend knees outward and downward.

Rise on toes and sink to fundamental position. This is a good exercise for cold feet or rheumatic joints; it is a balance movement and prepares for jumping.

A good chest exercise is the following: 1. Fundamental position. 2. With deep inspiration raise arms forward and upward. 3. With slow expiration let arms sink outward and downward.

If you do this 20 times a day you will soon have a chest where no bacilli will lodge.

You may make several arm exercises by the aid of chairs. Let the seats of two chairs face each other, two feet apart. Raise yourself upon your arms and swing between the chairs, or with toes on the floor raise yourself by your arms and beat.

From your swing or transom you can hang and perform foot, head and arm motions. You can climb the ropes after a little practice. With the doorway apparatus and a book of Swedish Day's orders you can be your own teacher to the very limit of Ling's instruction.

Follow these exercises with a cold bath or a very hot one, eat a cracker and you will have a night of perfect sleep.

KATE CAMPBELL HURD, Medical Director of Bryn Mawr School, Baltimore, Md.

ONLY FOUR YEARS AGO. A Fashion Paragragh From a Magazine Published in 1892.

WHEN GRANDMA WAS A DEBUTANTE. It is seldom we come across a garment so beautiful, which so completely baffles our powers of description. It certainly is the most tantalizing combination of silk and embroidery that we ever met with—and so beautiful. Too, with its superb fit and glossy flow around the person; certainly a more coquetish and charming garment never was invented for a lady in her teens, and yet we can give no real idea of it more than we could describe the perfume of a rose. How the artist has managed to dispose all that rich embroidery in drapery over the arms no one but herself can explain, but altogether it is the most novel and most beautiful garment of the season. We quite despair of giving any just idea of its coquetish elegance on paper.—Gleason's Pictorial, 1892.

Good Taste in Selecting Colors. There are a great many women who do not understand the proper use of color in their dress. They get either in one extreme or the other and choose loud, pronounced tints or a too monotonous dress in quaker drab or gray. The New York Advertiser holds that as a matter of fact these quaker drabs or grays are the most trying colors in the world, especially for women in middle age, who are most likely to select them.

A warm, dark shade is no more conspicuous and is far more becoming to a complexion that has been somewhat faded by years. Rich, dark shades of red and warm browns are far more likely to be becoming than any cold colors. Dark velvet is always becoming to a complexion that has lost the first soft bloom of youth. There are some shades of olive green which are also very desirable. Black silk, which is so often chosen by elderly women, is not likely to be becoming, but black velvet generally harmonizes well with the complexion of middle age. Black satin, which is so becoming to the young and fair, throws a deadly pallor over a complexion which already wants color, though this is modified sometimes by the color of the hair. Young and pretty women can easily choose themselves becoming gowns, but they usually make a mistake when they use too brilliant colors. The girl with very complexion and light hair can well afford to wear a quaker gray. But the majority of our girls need a little color even in their youth.

Kitchen Conventions. The other day I came across a list of the appointments of a well organized English kitchen, which made the poverty in the matter of convenience in American kitchens very apparent by contrast. Considering the list of saucepans, sautiers, casserole-longue, fish kettles, braisieres, earthen-ware pipkins, oval and round hot-plate molds and a thousand and one other things too numerous to mention, I am not surprised that the English cook needs an assistant and the assistant a scullion. I reflected with much amusement on the kitchen furnishings of the woman with whom I boarded at the sea coast some years ago. She was the wife of a fairly well-to-do ship carpenter, but I verily believe she cooked everything in one utensil and that an ordinary iron bread-pan. I have seen her for breakfast for breakfast after taking the hot milk out of the pan, and later during the meal, eggs, poached as only this lady could poach them, would make their appearance from the same source. During the morning bread would be baked and this in turn made way for a superb clam pie, baked of course in this ever-ready utensil—Country Gentleman.

She Begon Young. Mrs. Burnett has been a story writer ever since her eighth year, or about thirty-five years.

Be Wary is another way of saying "Beware!" Be wary and don't let anyone persuade you into buying any other semblance of an emulsion of cod liver oil. Scott's Emulsion of pure Norwegian cod liver oil and hypophosphites, is such a wonderful curative agent and flesh producer, that many worthless imitations are put up only by Scott & Bowne, chemists, Belleville. Scott's Emulsion cures Coughs, Colds, Consumption, Scrofula, General Debility, and all Anaemic Diseases. It prevents wasting in children. It is almost as palatable as milk. Scott's Emulsion

BUSINESS NOTICES.

A man would be deemed a monster who would deprive his family of bread and meat and a roof over their heads, when he could afford them all.

5 second hand Pianos to-day from \$40 to \$175. H. C. Wilson & Sons.

An entertainment, with supper, will be held at North Hatley, on Thursday evening Feb. 2nd at Hovey's Hall. Proceeds toward the new church. All are invited. Admission 25 cents.

High Class mantles and Jackets can be procured at lowest prices during the January Sale at S. Carley's, Notre Dame Street.

Itch, Minge and Scraeches of every kind, on human or animal, cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by T. J. Tusk, Druggist.

8 second hand Organs from \$10 to \$40 in good order. H. C. Wilson & Sons.

MUSICAL.—The increasing trade and the large stock of Pianos and Organs constantly kept in Mr. LeBaron's Music Parlor are necessitating an enlargement of premises. He has lately made an arrangement with a view to doubling his space and will shortly occupy the flat directly above his present store, thus making room for a complete display of Musical Instruments and Sewing Machines. Push does it.

Rheumatism Cured in a Day.

South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by T. J. Tusk. 1yr2

To Smokers.

Just a word to the wise and it will suffice, if you really would like to try something nice

In the smoking line, try a "Queen." There can be no doubt but that they're the best.

Having stood public criticism which is a good test, And have come out on top "all serene." Now to those who smoke a 5c cigar We can recommend the "Dutch Mike" to be far Superior to anything made.

This popular brand is made of choice stock.

And if given a trial, 't will be found that they knock All other brands into the shade.

Office of Free Reading Room, Sherbrooke 28th Nov., 1892. Noyes Medicine Co., Sherbrooke.

GENTLEMEN,—I take pleasure in recommending your Cough Syrup to all suffering from colds, sore throat, croup &c.

Foresters' Entertainment.

Court Beaver No. 1, C. O. F., Lennoxville, will hold their annual oyster supper and entertainment in the Town Hall, on Friday evening, February 3rd. Supper served from 7 to 8 o'clock. Tickets 35c.

Popular Science Lectures.

The Library and Art Association are providing an entertainment in the lecture line to be given on Thursday Feb 2nd, well worthy of generous encouragement.

The lecture has been well received elsewhere. Dr. Howe is well qualified and comes with the best appliances for making it entertaining, as well as instructive.

PERSONALS.

Mr. Richard White of the Montreal Gazette was in town over Sunday, a guest of Wm. White Esq.

Mr. W. S. Dresser, and Mr. W. E. Paton were guests at the Windsor Hotel, Montreal, this week.

Mr. D. Byrne, the old and well known butcher, so long with Mr. Ames, has been compelled to lay by owing to illness of a drooping nature. We hope he may soon be better.

Col. G. Lucke left Wednesday evening en route for Boston, from where he will sail Saturday morning for England, on Cunard SS. Cephalonia. He goes in company with Mr. Martin, president of the Beaver Asbestos Co., and will be away about two months. We wish him bon voyage and a safe return.

The Farewell of Capt. Liddle, Salvation Army, which was announced to take place Tuesday the 24th has been postponed as she was requested by the Divisional Officer to remain in charge for a few weeks longer, after which she will go on a well-earned furlough.

All Stock Raisers use Dick's Universal Medicines. Ripans Tabules purify the blood.

Sherbrooke Examiner

FRIDAY, JAN. 27, 1893

CITY ITEMS.

It's the Star Almanac of Montreal that takes the pain for popularity. It is immense.

The Fire Brigade were called out on Wednesday evening for a chimney fire in East Sherbrooke.

Locals from Danville and Waterville are received this morning but we cannot get them in before next issue.

The severe cold seems at last to have yielded to more sunny influences and this week has been mild and pleasant with a tendency to snow.

Rev. W. H. Sparling, B. A., preaches missionary sermons Sunday at Cookshire, the Rev. Mr. Baldwin of that place preaching here.

A couple of wild ducks floating around in the water below the Magog Bridge on Tuesday created quite an attraction for the many passers by.

The Directors of the Skating Rink gave an "At Home" to the subscribers on Tuesday afternoon. It was well patronized and a very enjoyable time was spent.

The Sherbrooke Water Co. are having a good deal of trouble this winter from frozen water pipes. The frost has gone down deeper than for many years owing to the light snow.

ASSIGNED.—We are sorry to learn that owing to business difficulties Mr. Wm. Murray, one of Sherbrooke's leading wholesale grocers, has made an assignment to Messrs. Natter & French.

Mr. Geo. Long has rented the store at present occupied by himself to J. L. Yneberg & Co. for a term of five years from the 1st of May. Mr. Long will remove to the premises at present occupied by Darby & Co.

BAPTIST CHURCH.—On Sunday next the Rev. C. W. Townsend will preach on the following subjects: Morning—"A Seasonable Prayer." Evening—"Special service for the young." "The benefit of early discipline."

Mr. E. Lecours, general merchant of East Sherbrooke has sold his stock to Mr. N. Martin of Montreal. Mr. Lecours will shortly leave for Montreal to take up his residence there.

PAINFUL ACCIDENT.—A little three-year old son of Mr. W. R. Webster, London Street, met with a painful accident last week. A stick which he had in his mouth being forced back by a fall, cutting his palate so as to require its being stitched together. He is now doing pretty well.

The numerous orders for reports on mines and the number of mineral samples to be analysed, received by mining engineer, A. LeGros, from various parts of Canada and the United States, leads him to think that 1893 will be an active one in the mining world.

MUSICAL.—The election of Mayor last Saturday night appears to have been frustrated by some of the Councillors remaining away from the meeting. An adjournment was made until to-morrow evening when it is expected Mr. D. McMansy will be the choice of the majority for the position.

The concert by the Ladies Schubert Quartette Saturday night in the Art Hall was a rare treat and should have drawn out a larger audience. The recitations by Miss Ida Florine were also given with taste and spirit. It was one of the best entertainments that has been given for some time.

The room recently opened in the Art Building by the officers of the 53rd Batt. for some practical drill, recreation and amusement for the members of the corps is being very well attended. Regular drill will soon be had in squad drill, physical drill with and without arms, sword drill, calisthenics etc. under competent instructors. It is a capital opportunity for officers and men to learn their duties.

EVENING WITH TENNYSON.—The E. L. of C. E. gave a very interesting entertainment in the Lecture Hall of the Methodist church last Friday evening. It was an evening with England's greatest Poet Laureate, the late Alfred Tennyson, consisting of a sketch of Tennyson's life, by Mr. Crute, readings by Mrs. McKee, Mr. L. J. Ball, Miss Edith Campbell and Miss Iva Long, music by Misses G. Bostwick and J. Woodward, and a solo by Mr. A. L. Parker.

Organ Recital.

Mr. A. Dorey, organist of St. Peter's Church is to give an Organ Recital in the Methodist Church, Tuesday evening the 31st inst. There is a growing interest in organ music among our people and as this will be the first opportunity of hearing Mr. Dorey in concert music since his coming to Sherbrooke, there will doubtless be a large attendance.

Admission will be free to all but a collection will be taken which will be given to the Protestant Hospital funds. This is an object in which we are all interested and a generous amount should be realized.

Sherbrooke Skating Rink.

The fourth annual fancy dress Carnival will be held in the Skating Rink on Friday evening, the 3rd of Feb., for which the management are making special efforts in the direction of attractions, costumes, etc. From the success which attended last year's Carnival, it is safe to predict a most enjoyable evening, and we advise our readers not to miss the opportunity of being present. A limited number of reserved seats may be procured at Fraser's Drug Store.

Senator Blaine died this morning.

The Library and Art Union gratefully acknowledge the following donations to the Sherbrooke Loan Library. The Part Doctor, by Edw. Eggleston, from Mrs. John McArthur, City. In the Days of My Youth, by Amelia B. Edwards, from Malcolm M. Moore, City. The Naulakha, by R. Kipling and W. Ballister, from an anonymous friend.

Orford and the Railway Tax.

In view of the By-law which is to be submitted on the 30th of this month for approval by the ratepayers of the Municipality of Orford, authorizing the borrowing of \$10,000 for the purpose of paying off the Railway debt to the County of Compton, it might be well to explain that the tax of 2 mills on the dollar mentioned in the by-law is not in addition to the 5 mills already levied for Railway and general purposes, but is to constitute part of it; that if this scheme is carried out the tax for 1893 would probably read: For By-law 51 two mills, for general purposes 3 mills, and with ordinary care and economy this should be ample. Taking the valuation of the Township at about \$400,000.00, 5 mills would give \$2,000.00 a year. Of this the proposed loan of \$10,000.00 would absorb a little less than \$800.00 leaving a balance of \$1,200.00 to meet the working expenses of the municipality including extra grants to roads, building bridges, etc. etc. Orford now owes the county of Compton \$10,000; the county has commenced suit and when judgment is obtained, if not paid, the county will proceed to levy, through the sheriff, for the whole amount which would mean a new tax at once of at least 25 mills on the dollar besides the costs of suit, sheriff's fees, cost of collecting etc. etc., and if we now find it difficult to pay a tax of 2 mills, the imposition of a tax of 25 or 30 mills would mean a sum of \$10,000 at 5 per cent and for a period of twenty years the present tax of 5 mills will not only pay the running expenses of the Township but pay off the \$10,000 as well, that is, by paying \$396.50 every six months for twenty years the total principal and interest of the debt will be wiped out and it is to be hoped that all who consult their best interests will, on the 30th inst., turn out and vote for the passing of the By-law. W. A. HALE.

Y. M. C. A. Anniversary.

The 15th Anniversary Service of the Sherbrooke Y. M. C. A. took place in the Art Hall on Tuesday evening the 24th inst., and was largely attended by those interested in the work of the Association in this city. The President, Mr. W. S. Dresser occupied the chair, and on the platform were Rev. Messrs. Sparling and Townsend, the General Secretary, Mr. R. S. Farrell, Mr. C. W. Cate and Mr. T. S. Cole Provincial Secretary.

The meeting opened with singing "All Hail the Power of Jesus' Name" which was followed by a Scripture Reading by Rev. Mr. Sparling, and a prayer by Rev. Mr. Townsend. A letter was read from Rev. Mr. Shearer, who was out of town stating his regret at not being able to be present at the Anniversary service.

The General Secretary was called upon for his report. He gave a very encouraging report of the work which has been done since his arrival six weeks ago, and showed that the prospects for the coming year were very good. The Y. M. C. A. Quartette, composed of four of the Association workers next sang "Rock of Ages" very nicely. Mr. C. W. Cate followed with an able address upon the "Work and Aims of the Association" and gave a very clear and interesting account of the work since its inception in Sherbrooke, recalling the very efficient services of many of the promoters and supporters of the work in times of adversity and success, and showed very clearly how deserving the Association was of public sympathy and support. At the conclusion of this address Mr. N. V. McLeod sang in a very acceptable manner a song entitled "The Master Stood in His Own Light."

The Rev. Mr. Sparling was called upon for an address. He seemed to be inspired with an unusual amount of humor, much to the discomfiture of the General Secretary, who is a bachelor. This fact appeared to grieve Mr. Sparling very much, and he urged him very strongly to join the Association of Benedictines, and as an inducement offered to perform the ceremony free of charge whenever called upon.

Mr. J. R. Wilcox sang a baritone solo "There is an Eye that never Sleeps" in excellent style, after which the Rev. Mr. Townsend took the platform, and being in a particularly happy mood kept the audience in good humor with his original illustrations for a considerable time. The Y. M. C. A. Quartette gave another quartette "Sweet Hour of Prayer," after which Mr. T. S. Cole, Travelling Secretary gave an excellent address on Y. M. C. A. work. He paid high tribute to the General Secretary of the Sherbrooke Association, and assured the members that they had secured a good man. He looked forward with pleasure to the day when Sherbrooke would have a grand Y. M. C. A. building with a complete outfit and able to keep up with the needs of the young men in this rising city. He gave some very valuable and interesting information in regard to the first Y. M. C. A. which was formed in London, Eng. 50 years ago, and graphically traced its progress down to the present time.

After a few remarks by the President, who thanked the audience for their attendance, "Rescue the Perishing" was sung, and the meeting was closed by the Rev. Mr. Townsend.

English Spavin Liniment removes all hard, soft or calloused Lumps and Blemishes from horses, Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stifles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by T. J. Tusk, druggist 1yr4

Hall's Vegetable Sicilian Hair Renewer imparts a fine gloss and freshness to the hair, and is highly recommended by physicians, clergymen and scientists as a preparation accomplishing wonderful results. It is a certain remedy for removing dandruff, making the scalp white and clean, and restoring gray hair to its natural color.

FOR THE FARMER.

The U.S. National Board of Trade has adopted a resolution urging protection of the timber lands of the country. The annual meetings of the various electoral division agricultural societies were held throughout the province last week.

The price of wheat has advanced two cents all over Manitoba owing to further operations by the Lake of the Woods Milling Co.

The Globe's correspondent in London, England, notes an advance in price of Canadian apples, and urges that only fruit of the best quality be exported from this country.

Scotch farmers, shippers and cattle-men interested in the Canadian cattle trade met at Glasgow and decided to urge the withdrawal of the order scheduling Canadian cattle.

The London hunt ball took place on Friday evening and was a marked success.

The report of the reconciliation of ex-King Milan and Queen Natalie of Serbia is officially confirmed.

Socialists and other agitators in France are already preparing to make extensive demonstration on May day.

Oscar C. Bass, formerly connected with the press of Montreal, and Miss Georgina Coleman, sister-in-law of City Editor Gibbons, of The Colonial, were married on Friday at Victoria.

Mr. and Mrs. J. G. Heck, of Cole Harbor, Halifax county, N. S., has just celebrated the sixty-first anniversary of their wedding. Herbert Wiswell, who was present at the wedding, was also present 61 years later.

RAILWAY ACCIDENTS.

Two persons were killed and seventeen injured in a railway wreck near Jersey City the other day.

The number of deaths from the Alton disaster of Saturday is now 29 and fully 12 others are expected to die.

Fireman Isaac Scott and Brahman Houk, of Connellsville, Pa., were killed in a collision on the B. & O. road at Ellerslie, Pa. Other train hands were badly hurt.

A large sleigh load of people belonging to Pawtucket, R. I., was struck by a locomotive on the Providence & Worcester railroad. Eight persons were instantly killed and sixteen injured, about ten fatally.

MISCELLANEOUS.

The new opera house at Woodstock will be opened on January 27. It has been decided to move the steamer Eider from Southampton to Millwall and refit her for service.

Tenders have been invited for a new drill shed in Brantford, the Government giving \$10,000 towards the cost.

It is said no action in reference to the deep canal project will be taken at the present session of the U.S. Congress.

St. Thomas and Port Stanley people are moving in the matter of having the harbor of the latter place dredged so as to give 16 feet of water at the wharf.

THE WORLD'S SCOURGES.

Six cases of cholera have been reported at Canda Pesth. Three new cases of typhus fever developed in New York on Tuesday.

Dr. Gatling, the inventor of the Gatling gun, has perfected a device for applying electricity to firearms.

The sanitary council of Hungary states that only a few sporadic cases of cholera have been reported in that country.

Several schools in the northern part of Peterborough county are closed on account of a severe epidemic of diphtheria.

IN GENERAL.

The lease of the London & Port Stanley railroad to Cleveland capitalists was finally closed on Monday.

The patent covering the Blake transmitter, in connection with the Bell Telephone Company, expired on Friday at midnight.

Stephen Neilson, a sailor, when informed in New York on Saturday that his wife was starving in Germany, blew out his brains.

THE SPORTING WORLD.

The balk line billiard match on Friday night between Joseph Capron of Galt and Geo. Sutton of Toronto for the championship of Canada was won by Sutton 500 to 450.

The Ontario Jockey club will distribute over \$25,000 in five days racing at the May meeting. The Toronto cup will be a race for \$2,000, the largest amount ever given in Canada.

MILITARY MATTERS.

Tranquility now prevails everywhere in Hayti.

PIANOS

A bad piano will hinder you in your musical progress and pleasure.

A good piano is one that will help you do your best. You can pay high or low for a bad piano;—to get a good one you must pay a fair price;—you need not pay an exorbitant one.

The IVERS & POND is a good Piano; its quality, as yet, above its price and reputation, as is always the case while rising into public recognition.

ONLY COPY AVAILABLE

A Drunkard's Home.

A hat of logs without a door. A roof and ditto floor. A cupboard cupboard without crooks. A window without panes or frocks. A wife that has no tongue. With ribbons and strands upon it. Scolding and winking to be dead. Because she has not any bread.

He Called them Birdie.

A very anxious young farmer, rigged out in his Sunday clothes, and his red necktie, called at the Twelfth street police station the other day and asked the sergeant in charge if he would answer a legal question for him. "Perhaps so--what is it?" was the reply.

For Over Fifty Years

"August Flower"

For Dyspepsia. A. Bellanger, Propr., Stove Foundry, Montigny, Quebec, writes: "I have used August Flower for Dyspepsia. It gave me great relief. I recommend it to all Dyspeptics as a very good remedy." Ed. Bergeron, General Dealer, Lauzon, Levis, Quebec, writes: "I have used August Flower with the best possible results for Dyspepsia."

HAVE YOU BACKACHE? DODD'S KIDNEY PILLS WILL CURE YOU. Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief. 75 per cent. of disease is first caused by disordered kidneys.

Sore Throat, Coughs, Colds, and Diphtheria have for 50 YEARS yielded to Perry Davis' Pain Killer. Buy 25¢ a Bottle.

Scientific American Agency for PATENTS. CAVEATS, TRADE MARKS, DESIGN PATENTS, COPYRIGHTS, etc. For information and free Handbook write to MUNN & CO., 311 Broadway, New York.

NERVE BEANS. NERVE BEANS are a new discovery that cures the worst cases of Nervous Debility, Loss of Vigor and Pining Emaciation. Write for particulars, etc. Sherbrooke by W. H. GRIFFITH.

FOOD VALUES. The right use of food for brood and fattening animals. Careful study is required in using food properly on the stock farm. The food of support for working animals must be adapted particularly to that end.

What Am I To Do? The symptoms of Biliousness are un-happily but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning.

Spot Disease of the Cherry. One of the most serious maladies of the cherry is the Leaf Spot Disease, sometimes called Cherry Leaf Blight or Rust. It is caused by the fungus Cylindrosporium Padi. Karst., which also affects plums.

Two of a Kind. She was a lively little Yankee girl, and her friend was real English, not an imitation, but the pure article. The American girl was recounting the events of the day and remarked: "I made a fearful break when I was talking to Miss M--at her house to-day."

Worth Considering. Prof. Robertson says many good things. Here's something from him which is worth considering. One of the greatest and most fatal mistakes of the farmer is the doing of too much manual work. My advice to my boys always has been: "Don't work too much; but, constantly, to save your strength."

The Errors of Experts. At the Institute of Marine Engineers, London England, Mr. James Williams recently prefaced an interesting paper on the "Errors of experts" by some pointed examples taken from the history of engineering. Among them may be mentioned that of James Watt, who attempted to get an Act of Parliament passed to prevent the further introduction of Trevethick's high-pressure engines.
