

## Lloyd George Appeals For Nation's Support

### Must Accept Drastic Measures to Cope With Submarine Menace or Disaster Will Follow. Importation of All Unnecessary Commodities Must Stop. Shortage of Ships. Navy at Work. No Sure Way to Victory Except Through Driving Submarine From The Deep

(Canadian Press Despatch.)

London, Feb. 23.—Premier Lloyd George said in a speech in the House of Commons today that the success of the allied cause depended on the ability to solve the tonnage shortage, which was now affecting the ordinary needs of the nation and military exigencies. The situation, he declared, called for the gravest measures. The Premier said there was no sure way to victory without hunting the submarine from the deep.

Enormous sacrifices were necessary from the British public, said Mr. Lloyd George. He stated the government proposed to dispense with all non-essential importations to save tonnage.

Mr. Lloyd George said that for some time there has been a shortage of tonnage required for the general needs of the nation, and even slight shortage in the tonnage for military purposes. The nation should realize absolutely what the conditions were.

"If we take drastic measures," he continued, "we can cope with the submarine menace, but if the nation is not prepared to accept drastic measures for dealing with the menace disaster is before us. The government is hopeful of finding means of dealing with the submarine, but we should be guilty of folly if we rested tranquilly upon the expectation of realization of that hope. We have to deal ruthlessly and promptly with the tonnage problem by measures which impose great sacrifices upon the country. There are three sets of measures: First, by the navy, as described by Sir Edward Carson (First Lord of the Admiralty); second, the building of merchant ships; third, by dispensing with the unnecessary commodities from abroad and production of as much food as possible at home."

There was a crowded house at the special meeting held today to listen to the Premier's statement on the restriction of imports and the encouragement of agriculture. Among those in the diplomatic gallery were Premier Borden, of Canada, Premier Massey of New Zealand, and many representatives of Allied nations and the Dominions. The Premier said the ultimate success of the Allied cause depended on the solution of the tonnage difficulties.

Before the war, British tonnage had been just adequate, and since that time there had been an enormous increase in the demand for tonnage. More than 1,000,000 tons of British shipping had been allocated to France alone, and a very considerable amount had been set aside for Russia and Italy. In addition, a considerable amount had been sunk.

### WILL GUARANTEE FOOD PRICES.

The Premier announced that the Government would guarantee a price of 33 shillings 6 pence for oats this year, 32 shillings for the next two following years. The price of potatoes would be guaranteed, for the coming season only at 45 a ton. The opinion was expressed by the Premier that food prices were not likely to decrease for a long time after the war, inasmuch as Germany would be a heavier purchaser than before. Therefore it was safe to grant to the farmers a minimum price over a definite period of time, which was the only way to bring about immediate action. The Premier also proposed a minimum wage of 25 shillings weekly for the agricultural workers.

The stocks of food in Great Britain at the present time are lower than they ever have been before. Mr. Lloyd George said it was essential for the life of the nation, he declared, that every possible effort be made to increase home production.

Premier Lloyd George, continuing his speech in the House of Commons said powers would be given to the Board of Agriculture to compel all owners to cultivate their ground. The minimum wage for farm labor announced by Mr. Lloyd George, 25 shillings a week, represents an increase of 50 to 80 per cent. over the present prevailing payment. For wheat the Government will guarantee the farmer the following minimum prices per quarter: For the present year 80 shillings; for 1918 and 1919, 85 shillings; for 1920, 1921, 1922, 45 shillings.

Brewing will be cut down to 10,000,000 barrels annually. A similar reduction will be made in the output of spirits affecting a saving of 600,000 tons of foodstuffs. The importation of aerated, mineral and table waters will be prohibited. The importation of apples, tomatoes and fruits will be prohibited. The only exceptions made in the prohibition of fruit importations will be in the case of oranges and bananas in which the amount brought in will be restricted to 25 per cent. The same restriction will apply to nuts. Canned salmon importations will be reduced fifty per cent. The importation of foreign tea, coffee and cocoa

is prohibited, and even the amount of India tea which may be brought in is reduced.

The Premier said it was expected to save 900,000 tons of shipping yearly on foodstuffs.

The importation of paper, the Premier announced, must be curtailed by a further 640,000 tons annually. In announcing the decision to restrict the importation of paper, Mr. Lloyd George said the Government had arrived at the conclusion that a very substantial reduction was necessary and that the amount would be cut to half of what is now allowed.

This would reduce the allowance to 640,000 tons. All essential articles of food, he continued, would be on the free list, but certain articles would be reduced or prohibited. The stoppage of importation of coffee, tea and cocoa for the time being was due to the fact that large supplies were on hand. The Premier said he regretted very much the cutting off of certain luxuries which came from France and Italy.

These restrictions would be imposed immediately, said the Premier. Steps would be taken to prevent speculative buying, and if necessary, the food controller would take control of the commodity that a restriction had been carefully considered, and he asked the House to take them as a whole.

The Premier declared he had not the slightest doubt that if the whole programme were carried out and if all those who could help in production did help, "I honestly say we can face the worst the enemy can do, and that is what we ought to prepare to do. In dealing with the question of production the Premier said: "Then there is the question of our home supplies of food. I want the food stocks are low. This is not due to submarines but to bad harvests. It is essential for the safety of the nation that we put forth every effort to increase production this year. There are still a few weeks to sow spring wheat, oats and barley; to induce the farmer to plow up pasture land immediately the government proposes to guarantee the farmer a minimum price for a definite period while a minimum wage of 25 shillings weekly will be fixed for the laborer."

### DRASTIC NEW RESTRICTIONS WILL BE ANNOUNCED IN SPEECH THIS AFTERNOON.

(Canadian Press Despatch.) London, Feb. 23.—The Times' parliamentary correspondent writes: The speech of Premier Lloyd George in the House of Commons today will be an event of the first importance. It will announce not only the imposition of drastic new restrictions of imports but the adoption of a big agricultural programme. Bulky imports which do not contribute directly to the prosecution of the war are to be cut down to the minimum. It is understood that in some cases only 25 per cent. of the existing importation will be allowed. It will probably be found that the articles rationed in this way will include fruits, paper, paper making materials, silks, wines, ores and timber. These restrictions merely deal with one aspect of the national problem by saving every possible cubic foot of shipping space.

The importation of apples, tomatoes and fruits will be prohibited. The only exceptions made in the prohibition of fruit importations will be in the case of oranges and bananas in which the amount brought in will be restricted to 25 per cent. The same restriction will apply to nuts. Canned salmon importations will be reduced fifty per cent. The importation of foreign tea, coffee and cocoa

## GERMANY NOW WARNS UNITED STATES

### Accuses Uncle Sam With Trying to Mislead Austria-Hungary.

#### ALSO NOTES WARLIKE PLANS BEING CARRIED OUT IN AMERICA.

(Canadian Press Despatch.) Washington, Feb. 23.—A strong reminder has been unofficially communicated to this Government through a neutral source that Germany views with disapproval the efforts of the United States to isolate Austria-Hungary from the alliance of the Central Powers. Through the same source the Government has been advised that Germany is manifesting the keenest interest in the plans now in process of development in this country to prepare for any eventuality that the execution of the threat and warning may involve. The Kaiser's Government considers these plans of an essentially warlike character, and is constrained to interpret them as meaning that the United States is merely seeking an excuse for inviting a state of war. It is the official German view that the United States means to test the value of the German submarine decree by countenancing the arming of American passenger and cargo ships and encouraging the owners and commanders of them to disregard the strictures prescribed in the "barred zone" decree.

The Grand Jury will today start an investigation into the ramifications of the bureau conducted by San der and Wunnenburg.

## WITNESS IN SPY CASE IN NEW YORK

(Canadian Press Despatch.) New York, N.Y., Feb. 23.—One of the most important witnesses before the Federal grand jury, which meets here today to investigate alleged German spy plots will be Robert Davis, who is serving a two year sentence in Sing Sing prison for larceny. The United States district attorney has obtained a writ of habeas corpus by means of which Davis will be brought from his cell to tell what he knows about Charles W. Wunnenburg and Albert A. Sander, under arrest on charges of conspiracy to obtain British war secrets for the German government.

Davis, according to the Federal authorities has charged that the alleged spies received large quantities of mail brought over by seamen employed on neutral ships. He has also told of seeing letters that passed between supposed spies in this country and their connections in Europe treated with a chemical to bring out writing in sympathetic ink.

## PEACE SOCIETIES MEET IN N. Y.

### Favor Referendum in Declaration of War.

#### BUT WOULD EXCEPT THE PROSPECTIVE WAR LEAVING THAT TO WILSON

(Canadian Press Despatch.)

New York, N. Y., Feb. 23.—So many different shades of opinion have developed at the National Conference of peace societies that the delegates have decided that the actions of the conference should not commit any of the organizations sending representatives. The one point apparently settled when the conference resumed work today was that a majority of the delegates favored the principle of the referendum in declarations of war.

A motion of this effect was carried yesterday by a vote of 40 to 15, with seven declining to vote. The form of the declaration, however was left to the committee on findings and the report of that committee will come before the conference for final action today.

The delegates voted down a resolution calling for a referendum before declaring war on Germany. This action was promoted by the fear that a referendum under present circumstances might embarrass President Wilson by calling for an immediate declaration of war.

## NO FOOD OR FUEL SHORTAGE IN UNITED STATES

(Canadian Press Despatch.)

Washington, Feb. 23.—No actual food or fuel shortage exists anywhere in the country and high prices should not be attributed to the present freight congestion, it was stated by the interstate commerce commission and railroad authorities today. Reports indicated that all localities are supplied with adequate stocks of living necessities for immediate domestic consumption, and the tie up on the railroads will improve steadily.

## U. S. STEAMER MAY ESCAPE

(Canadian Press Despatch.)

London, Feb. 23.—It is quite possible that the American steamer Gloucester and Orleans may escape German submarines on their way through the barred zone from New York to Bordeaux, says the Berlin paper Lokal Anzeiger, as quoted in an Exchange Telegraph Company Amsterdam despatch, but Americans should not rely upon their doing so. In Berlin political circles, the exchanges correspondent adds, it is believed the submarine commanders have been definitely instructed not to sink these American ships.

## BIG FIRE IN OMAHA.

(Canadian Press Despatch.)

Omaha, Neb., Feb. 23.—Fire early today in the downtown district destroyed practically an entire block of business houses. The Berg Clothing Company and the Hartman Furniture Store were the principal losers.

## HUN SPY SENT TO OTTAWA

### Investigating in New York German Espionage System.

#### ARRESTS WILL BE MADE AT ONCE—U. S. GRAND JURY BEGINS WORK TODAY.

(Canadian Press Despatch.)

New York, Feb. 23.—The world this morning says that the federal department of Justice, in its investigation of the spy system, alleged to have been conducted by Albert A. Sander and Charles W. Wunnenburg in the interests of Germany, has discovered that nine men were involved and that one messenger was sent to Ottawa, ostensibly to do newspaper work, but in reality together information to be forwarded to Germany by way of New York. This man, officials of the department say, is now in New York and will be under arrest within 24 hours. While the name of the alleged spy is not made public it is said that he conducted a news bureau in Ottawa during the reciprocity fight a few years ago and later did newspaper work for several New York papers.

The Grand Jury will today start an investigation into the ramifications of the bureau conducted by San der and Wunnenburg.

## GERMANS WORK IN SPANISH PORTS

(Canadian Press Despatch.)

Madrid, via Paris, Feb. 23.—The Admiralty has published a note in which it declares that no importance should be attached to the discoveries at Cartagena. Two German subjects have been arrested in connection with the affair.

Paris despatches received here told of Madrid reports of the arrest at Cartagena of a man named Wood, who represented himself as an American. The cause of his arrest was not stated but it was declared that subsequently the Cartagena police found a number of boxes attached to buoys in the roads and containing correspondence, tools and submarine parts. The German consul agent at port, Meyer, and a man guarding the buoys were also reported to have been arrested and it was said that a third person was being sought.

## GERMANY SENDS REGRETS TO SWEDEN

(Canadian Press Despatch.)

London, Feb. 23.—Reuter's Stockholm correspondent cables that the German minister to Sweden has informed the Swedish Foreign Minister that the Swedish steamship Edda, was sunk as a result of a mistake on the part of the submarine commander, and that the German Government regrets the occurrence and is prepared to pay an indemnity. The Edda was torpedoed on January 29th, while on her way to Sweden with coal.

## \$10,000,000 FIRE IN BELGIUM

(Canadian Press Despatch.)

Amsterdam, Feb. 23, via London.—Several buildings of the famous Cockerill Works, at Seraing, five miles southwest of Liege, Belgium, have been destroyed through an incendiary fire, the newspaper Les Nouvelles states. The loss to the plant, which comprises iron works and machine shops, constituting it one of the largest in Europe, will be \$10,000,000, it is estimated.

## WIND UP BRITISH FIRM IN ANTWERP

(Canadian Press Despatch.)

The Hague via London, Feb. 23.—Among the British firms in Belgium which are advertised in German newspapers as about to be compulsorily wound up is the British American Tobacco Co., of Antwerp.

## WON 26 MILE DOG TEAM RACE.

(Canadian Press Despatch.)

Nome, Alaska, Feb. 23.—Fred Ayer won the annual 26 mile dog team race yesterday, thereby gaining possession of the silver trophy cup presented by John Borden, wealthy sportsman of Chicago, and \$1,000.00 prize money. The trial was fast and his time of 1:55:46 broke all records for the distance.

## GERARD WANTS SAFE CONDUCT

### Demands That Germany Give Assurance of Non-Interference at Sea.

#### WANTS GERMANY TO GO ON RECORD IN THIS CONNECTION BEFORE HE SAILS.

(Canadian Press Despatch.)

Madrid, Feb. 23.—The moment he arrived in Madrid today, former Ambassador James W. Gerard went to the American embassy and read the Washington despatches to learn whether Germany has guaranteed his passport from Corunna to New York. While he was in Paris, Mr. Gerard cabled to the State Department at Washington to inquire through Spain whether the embassy passports were valid only for leaving Germany or for crossing the Atlantic.

Although Mr. Gerard had no fear of the consequences should a German submarine stop the steamer Isabel on which he is to sail, for examination, he desires that Germany go on record that the passports of diplomats are valid even in submarine warfare so as to avert dispute which might arise in case the Isabel should be submitted to search.

## PLAN TO WRECK C.P.R. BRIDGE

### Alleged Germans Operating Against Line in Maine at Brownville Jct.

#### ARE ARRESTED AT MATTAWAMKEAG JUNCTION DISGUISED AS TRAMPS.

(Canadian Press Despatch.)

New Harbor, Me., Feb. 23.—Three men, said to be Germans, charged with having attempted to blow up the railroad station of the Canadian Pacific at Brownville, in the southern part of Piscataquis county, have been arrested at Mattawamkeag, about 35 miles east of Brownville, according to a letter received here last night from a citizen of Winn, a town adjacent to Mattawamkeag.

The trio, the letter said, were disguised as tramps, and a considerable quantity of dynamite and nitro-glycerine was found in their possession. The men were on their way eastward toward the New Brunswick line when arrested at Mattawamkeag.

## FRENCH MAKE SURPRISE ATTACK.

(Canadian Press Despatch.)

Paris, Feb. 23.—"We made two surprise attacks against German trenches last night, one south west of Malancourt Wood and the other east of Nouilly, on the heights of the Meuse," says today's official statement. "We brought back a score of prisoners. The night was calm on the remainder of the front."

## SPAIN CONFERS WITH UNITED STATES

(Canadian Press Despatch.)

London, Feb. 23.—Reuter's Madrid correspondent says Count De Romanos, the Spanish Premier, and Amalio Gimeno, the foreign minister, had a long conference with Joseph E. Willard, the American Ambassador and James W. Gerard former Ambassador to Germany, Thursday. Later senior Gimeno had conversations with the French and German Ambassadors.

## EFFORTS TO FLOAT BRITISH STEAMSHIP

(Canadian Press Despatch.)

New York, Feb. 23.—Efforts to float the British freight steamer Anglo-Patagonian at high water today failed. The vessel is ashore east of Rockaway Beach. She appears to be grounded for about one-third of her length amidships. The cattle fittings remaining aboard are to be jettisoned during the day, and another attempt to free the boat will be made at flood tide to-night.

## INDICTMENT OF CULTURE

(Canadian Press Despatch.)

RETURNED PRISONER DIES; WAS TERRIBLY EMACIATED. London, Feb. 23.—The following brief item in The Times tells of many sad stories: "A verdict of death from tuberculosis, accelerated by privations and unsuitable food while a prisoner of war in Germany, was returned at the inquest on Joseph Wright, aged 29, a private in a Lincoln regiment, who died in a military hospital, Tuesday." Wright was formerly a butler in Chester. He was slightly wounded and taken prisoner at Loos. He was a prisoner of war in Germany nine months before being sent to Switzerland, where he arrived in a terribly emaciated condition.

## ORGANIZING VICTORY CAMPAIGN IN SHERBROOKE

### \$150,000 for Patriotic Objects. Campaign 5th, 6th, 7th March. Enthusiastic Meeting at City Hall Last Night. Committees Are Formed.

(Canadian Press Despatch.)

A special meeting of the Sherbrooke Branch of the Canadian Patriotic Fund was held at the City Hall last night for the purpose of organizing a Victory Campaign for Sherbrooke for 1917. Mr. James MacKinnon presided over a large attendance.

In his opening remarks the chairman stated that the call for 1917 was more urgent than in previous years because of the larger number of men at the front. It was indeed gratifying to see the response already made in the larger cities and in many of the smaller ones. It was estimated that fourteen million dollars would be required for the fund this year, and as Montreal and Toronto had raised one half of this sum there seemed little doubt that the whole amount would be realized.

Mr. MacKinnon drew attention to the fact that no city in Canada of its size had enjoyed such prosperity as Sherbrooke during the past year, there was work for everybody at good wages. The city raised \$70,000 last year and in view of the increased demands and increased prosperity the executive committee felt that \$100,000 should be the mark set for 1917. The committee also advised that this year all the funds should be combined in one campaign. The chairman especially alluded to the claims of the Sailors Relief Fund as 1300 men who had gone from Canada in response to an appeal for 5000 for the Navy were doing equal work to the men at the front in keeping open the commercial routes and protecting the countries from an attack by the German Navy. Many more would possibly be going and the families of all these men were entitled to participate in the fund.

The committee suggested that 80 per cent. of the sum raised should be devoted to the Patriotic Fund, 10 per cent. to the Canadian Red Cross, and the remaining ten per cent be divided amongst the Work Committee of the Sherbrooke Patriotic Association, the Sailors' Relief Fund and others. The dates set for the campaign were March 5, 6 and 7 if possible a public meeting would be held at His Majesty's on the Sunday evening preceding the campaign with the object of stimulating interest and working up enthusiasm.

REV. FATHER SIMARD GIVES HEARTY SUPPORT. On the invitation of the chairman, Rev. H. A. Simard briefly addressed the gathering. He declared that he was in heartfelt sympathy with the work and wished the organizers of the campaign the greatest success. He would personally do everything possible to encourage the fund, as its success was necessary to that victory which all desired. It was certainly the duty of everyone to assist the families of those at the front.

STATEMENT OF FINANCES. Mr. T. J. Parkes treasurer, presented the following statement of finances.

Supscriptions raised in 1914, ..... \$29,668.57  
Subscriptions raised in 1916, ..... \$62,745.11  
Total, ..... \$92,413.68  
Relief paid out in 1914, \$14,221.65  
Relief paid out in 1916, \$18,924.90  
Total, ..... \$33,146.55  
Expenses 1914, ..... \$926.81  
Expenses 1916, ..... \$972.40  
Total, ..... \$1,899.21

Mr. Parkes submitted that two per cent. for expenses on the total collections was something to be proud of. He announced that the publication of subscription lists in the newspapers had brought in many other contributions and there yet remained about one month in which to receive subscriptions for the present financial year. The treasurer acknowledged kind offers from Williams Thomas Ltd., for 10 free bill board posters and posting in connection with the campaign and from Mr. J. M. Gibson of the C.P.R. for 500 large colored posters for distribution amongst the stores, offices and banks in

the city and stereotypes for newspaper advertising.

REV. MR. READ SAYS \$150,000 SHOULD BE AIM. Rev. G. Ellery Read suggested that the aim should be to raise \$150,000. That might seem a large sum but he felt sure it could be reached, and it was about the proportion Sherbrooke should expect to raise in comparison with Montreal. He really hoped it would be \$200,000.

Mr. Read's suggestion was enthusiastically endorsed by the meeting, and after some discussion as to the allocation of the funds to be raised, it was moved by Mr. J. H. Walsh, seconded by Mr. W. E. Paton, and resolved "That the campaign be to raise \$150,000 to be apportioned as follows: 80 per cent. Sherbrooke Branch of the Canadian Patriotic Fund, ten per cent. to the Canadian Red Cross, five per cent. to the work committee of the Sherbrooke Patriotic Association, and the remaining five per cent. to be divided between the British Sailors' Relief Fund and other miscellaneous funds.

The Daughters of the Empire were appointed to take charge of street collections on the last day of the campaign.

It was announced that the first subscription for this year had been received from Mr. W. A. Halo, who had doubled his last year's contribution. Regret was expressed that owing to the absence of Mr. B. C. Howard and the ill-health of Messrs. E. W. Farwell and H. R. Fraser, these gentlemen would be unable to again act as captains this year.

Rev. H. A. Simard expressed his willingness to interview the Bishop of Sherbrooke in conjunction with the president and other members of the committee and request him to issue a pastoral letter for the campaign.

#### SELECT MEDICINE CAREFULLY

Purgatives are dangerous. They gripe, cause lurking pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butterbur; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

#### Suffered With Heart For Ten Years

Would Nearly Smother.

There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### THE IMPORTANT POINT

to remember with regard to Zam-Buk is that, unlike ordinary ointments, Zam-Buk is so refined that it is capable of penetrating to the seat of the trouble, which in the case of skin diseases and old sores is found in the diseased underlying tissues. This is due to the fact that Zam-Buk contains no animal fat or coarse mineral drugs whatever, but is entirely of herbal origin. Ordinary ointments, on the contrary, owing to the animal fat and mineral drugs contained in them, are incapable of penetrating beneath the surface skin, so that the relief, if any, can be only temporary.

In addition to this, Zam-Buk is a strong germicide, and having reached the underlying tissues, it destroys all germs and thoroughly cleanses the diseased parts. Then Zam-Buk's healing essences promote the growth of new skin and a permanent cure results.

Zam-Buk is best not only for old sores, eczema, and all skin diseases, but also for blood-poisoning, ulcers, abscesses, boils, scalp sores, piles, burns, scalds, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25.

# Our Price Challenges Attention

# Our Values Defy Competition

A low price without Quality is no inducement. But when you have a Low Price combined with a value that cannot possibly be matched anywhere else in Canada, our appeal to a reasoning man becomes irresistible.

Our price of \$15 for a Suit or Overcoat of high-grade British Woollens has challenged the attention of men throughout the Dominion.

Our values defy competition. By this we mean not only the splendid quality of fabrics that goes into each garment, but we mean, also, the tailor-art that gives identically the same service that would be necessitated in making much higher priced clothing.

If you are seeking a Quality Suit or Overcoat at the lowest possible cost—a Suit or Overcoat of sturdy British weave made to your own measure and faultlessly finished—then this is the place to come.

LET US TAKE YOUR MEASURE TODAY.

WEST BROME

On Friday evening, Feb. 16, about 25 young people were entertained at the Methodist Parsonage by Rev. Mr. and Mrs. W. Wright. Dainty refreshments and ice cream were served by Mrs. Wright. The programme for the evening was games, etc. A very pleasant evening was spent.

The Guild held in the basement of the Church of the Ascension on the evening of the 9th was well attended, more than 100 people being present. A good time was enjoyed by all. The programme was not all considered on account of the bad weather. Mrs. J. Turner rendered valuable aid, and \$7.55 was taken at her table, which she furnished all herself and served. Proceeds from the supper and sale tables realized \$38.12. The ladies wish to thank those who kindly assisted at the sale.

COWANSVILLE

A meeting of the Homemakers Club of Cowansville was held in Trinity Church Hall, Saturday afternoon, February 17th at 3 p.m.

Since last meeting thirty pairs of socks and four shirts have been sent to the Red Cross. It was decided to send for two bales more of flannel shirts.

The programme of the afternoon consisted in an address on "Laws for Women," given by Mr. Lynch, B.C.L. This was most interesting and helpful and a hearty vote of thanks was tendered to Mr. Lynch for his able and instructive lecture.

The next meeting will be held on March 3rd, in the basement of the Methodist Church. It will take the form of a regular February meeting, when "Economy in the home under war-time conditions," will be discussed.

DUNHAM

Word has been received here stating that Miss Noella Lafleur, of St. Agathe des Monts, obtained last June a first class diploma in piano-forte from the National Conservatory of Music, Montreal, having passed her examinations with distinction.

Miss Noella Lafleur was born Christmas Day, 1901, and was only 15 years and 6 months old when she received her diploma. She was a pupil of the Soeurs de La Sagesse Convent, St. Agathe des Monts. Miss Noella is the daughter of Mr. and Mrs. Joseph Lafleur, St. Agathe des Monts, and grand-daughter of Mr. and Mrs. J.B. Boucher, of this place.

Lt.-Col. and Mrs. F. W. Hibbard, Montreal, in town for the week end; Gunner W. M. Kelly, 79th, Montreal, in town on Sunday; Mr. and Mrs. John B. Bombardier, Village Richelieu, in town recently.

The adjourned meeting of the W.C. T.U. was held on Friday afternoon, Feb. 16th, at the home of Miss Shufelt, Saturday, Feb. 17th, being the birthday of the late Frances Willard. The meeting took the form of a memorial to the great temperance leader.

Miss Shufelt gave an interesting paper on the life and work of Miss Willard. Mrs. Miner, the president of the local Union, resigned her charge, owing to her departure from Dunham to take up her residence in Hartford, Conn. Mrs. Curley was chosen to fill the position as president for the remainder of the year. One new member was enrolled at this meeting. The meeting adjourned to meet the first Saturday in March at the Parsonage, on invitation of Mrs. Knowles.

The many friends of Mr. and Mrs. John Bombardier, formerly of this town, will be pleased to know that they are soon to return to Dunham. While in town last week Mr. Bombardier purchased the Arthur E. Brown farm, and is to take possession March 1st. While we welcome Mr. and Mrs. Bombardier again to our midst we realize we will lose another old neighbor friend and family in Mr. and Mrs. Brown's leaving.

Mrs. Arthur E. Selby, Rentrev, Ont., is in town the guest of Mr. and Mrs. J. G. Selby and other friends.

Mr. F. Hamilton Merrill is visiting friends at Sutton Junction for a few days; Pastor Ward, Bedford, in town on Monday.

Miss Adelia Lebean has returned home after spending a couple of weeks with the Misses Gendron.

Miss Germaine Renaud of St. Haire spent a couple of days at the Frontiers.

Mrs. L. A. Sager is taking care of Mrs. E. Stanley who is suffering from a broken hip.

NEWS BUDGET FROM SUTTON

Mrs. Minnie Cunningham was a guest of Mrs. D. Hickleford on Tuesday, being en route home from a few days in Montreal.

Mrs. Martha Powers recently returned from a few weeks with her daughter, Mrs. R. Williams, in Montreal. She reports Lucretia Billings as in good health and spirits.

A doctor had to be called for Mrs. A. Tupper on Wednesday.

Word comes from Salmon Arm, B.C., that Robert, the young son of Mr. Frank Black, formerly of Sutton, had been taken to a hospital in Kamloops, B.C., where he underwent a successful operation for appendicitis.

Pte. James Bolstridge, of Kitchen's Own, was here during the early part of the week.

The storm of the early week was so severe that some of the rural mail carriers could not cover their full route on Tuesday. On Wednesday, however, they all were on their regular rounds again.

Mr. James Flanagan, Jr., took his little daughter Thelma to the Royal Victoria Hospital for treatment for some spinal trouble that hinders the child from walking as she ought. Mrs. Annie Stetson, the little girl's grandmother, went to look after her welfare.

Mrs. J. W. Murphy was in Newport, Vt., and Fitch Bay on lumber business early in the week.

Mr. E. D. Baker went to Montreal on Tuesday and Mr. C. M. Boright on Wednesday.

Miss Katie Longeway, a teacher in Montreal, was a recent guest at Mrs. Geo. E. Webb's.

Messrs. P. E. Fay and L. J. Beauregard sent the milk from their dairies to Montreal every morning by the early express leaving here at 6.30 a.m. As both these farmers live from one to two miles from this station it means milking between 4 and 5.30 a.m. and it speaks well for their boys that they have not missed to meet this early train more than two or three times in several months despite the big snow storms.

Please remember E. A. Longeway's auction sale at his farm, one mile south of Sutton village, on Saturday, Feb. 24, at 1 p.m. Everything will be sold.

DISPEPSIA MOST DIFFICULT TO CURE BUT B. B. B. DOES IT.

Dyspepsia is one of the most difficult diseases of the stomach there is to cure.

You eat too much; drink too much; make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it goes to rebel against the amount of work put on it. It is only a matter of time before dyspepsia follows.

That forty-year-old remedy, Burdock Blood Bitters, will cure the dyspepsia, and will cure it to stay cured as we can prove by the thousands of testimonials we receive from time to time.

Mr. Neil A. Cameron, Kiltarity, N.S., writes: "I am writing you a few lines to tell you what your great medicine Burdock Blood Bitters has done for me. I was troubled very much with dyspepsia for the past two years. I was recommended all kinds of medicines, but they did not help me any. At last a friend advised me to try a bottle of B.B.B. I took four bottles and was totally cured. I will gladly recommend it to all sufferers."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

COMB SAGE TEA INTO GRAY HAIR

LADIES! TRY THIS! DARKEN BEAUTIFULLY AND NOBODY CAN TELL—BRINGS BACK ITS GLOSS AND YOUTHFULNESS.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Child Was Nervous, Irritable, Tired Out

She Had No Appetite, and Her Complexion Was Pale and Salow.

How many parents realize the strain which going to school means to the child who is naturally nervous and of delicate health?

You see them come from the schools daily with pale faces, many wearing glasses, and looking tired and worn. At home they are irritable, do not sleep well at night, and are upset by a little extra excitement.

If they are to grow to healthy manhood and womanhood their systems must have attention now. Such treatment as Dr. Chase's Nerve Food does wonders for children in this condition. We are constantly receiving letters from grateful parents telling what the Nerve Food has done for their children. This one is a fair sample:

Mrs. Stephen Hartman, Italy Cross, Lunenburg Co., N.S., writes: "My little sister at eleven years of age, became nervous, irritable and seemed all tired out. She had no appetite, was lifeless and drowsy and her complexion grew pale and salow. Finally she had to keep her bed and have somebody with her all the time. She was afraid of everything, would get excited and tremble till the bed would shake. As she seemed to be getting worse under the doctor's treatment, mother decided to try Dr. Chase's Nerve Food. After she had used about four boxes, improvement was noticeable and it was wonderful to see how much brighter and stronger she grew week by week. She used ten boxes altogether and they cured her. She got fat and rosy and went to school every day with an ambition that she never seemed to have before. I do not hesitate to recommend Dr. Chase's Nerve Food to anyone, for it was indeed wonderful what it did for her."

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK IS ACHING OR BLADDER BOTHERS, DRINK LOTS OF WATER AND EAT LESS MEAT.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

## EAST SHERBROOKE

The members of the E.S.S.S.C., enjoyed a pleasant tramp and social evening at their Club house on Wednesday evening. Several important business matters were discussed and arranged, one of interest being the petition sent to the Club from the ladies of East Sherbrooke asking for the use of the Club house during the spring and summer for patriotic purposes, and which was favorably voted for.

### INTERESTING LECTURE BY REV. FATHER LALANDE.

The St. Jean de Baptiste Hall was filled with an enthusiastic audience last evening, to listen to the discourse given by the Rev. Father Lalande, (Jesuit), under the auspices of "Cercle Laporte de L.A.C.J.C." The evening's program opened with an overture by the orchestra, after which an address of welcome was given by the president, Mr. E. Fortier, and the speaker of the evening introduced to his audience, Father Lalande taking for his subject "Le Comte de Mun," gave a graphic and interesting summary of the life of "Albert de Mun," one of the most brilliant orators and beautiful writers of France. Belonging to one of the best families of France, but seeing the need of something being done to bridge the gulf between the upper and lower classes, he spent his life, his fortune, and his wonderful talents in trying to improve this evil which was so detrimental to his country. He was the founder and organizer of the labor clubs, which, based on the same religious and moral standpoints of the Y.M.C.A., has done so much towards bringing the classes nearer together and undoubtedly was the base of the wonderful heroism and success of the French, in the present war, in four years, this Cercle reached a membership of 16,000 members, and at the time of his death in October, 1914, two months after the opening of our war, Albert de Mun was conceded by his adversaries, as well as upholders as one of the great men of his day. "He was the first aristocrat to go into a labor hall and speak to the masses, and his name is revered and honored by every member of L.A.C.J.C."

The programme was as follows:  
 Overture, Orchestra; Address of Welcome, President; Discourse, "Le Comte de Mun," Father Lalande; Address, Dr. Noel, Hon.-President; "La Marche des Jeunes," orchestra; Recitation, "Les quatre echos," Mr. E. Cambron; Solo, Legende du petit navire, Miss Evelyn Biron; Recitation, "Treize a table," Mr. H. Bessette; "Le Reve de L.A.C.J.C., Orchestra; Comic sketch, "Quand they Conspire," by E. Cambron, (Bibinoff) C. Cyr, (Dimitri) and Geo. Heon (Iran); O Canada, Orchestra.

one of the shops of the Canadian Ingersoll-Band Co. The flames caught from or near a furnace, scorching the woodwork on the wall. The city fire brigade answered the call promptly, but on their arrival the firm's brigade had extinguished the outbreak.

### W.A. OF PLYMOUTH CHURCH.

The business meeting of the Women's Association of Plymouth Congregational Church, held yesterday in the church hall, was presided over by the president, Mrs. Ziba Griffith, and the reports presented were satisfactory. Mrs. W. H. Abbott gave an interesting talk on home missions, referring particularly to the Russo-German mission in Alberta and Saskatchewan and the institutional church at Landis, Sask. Later, tea was served, in conjunction with a food sale, which was remarkably successful and testified to the skill in the kitchen of the women of the congregation. Mrs. H. Salter, Mrs. Wright and Mrs. Grime were in charge, assisted by Mrs. Root. The hostesses at the tea, which was well attended, were Mrs. E. A. Powers, Mrs. L. A. Cook and Mrs. Hunting, and tea was poured by Mrs. E. C. Goodhue. Miss Fales and Miss Charlotte Jencks assisted. Lovely pink tulips made the table attractive, and the same flowers were on the small table. The proceeds were unusually large.

### LATE MRS. JAMES ROBERTSON.

The funeral of the late Mrs. James Robertson, whose death occurred at Maynard, Mass., took place yesterday, the service being held at the home of her son, Mr. James Robertson, Goodhue street, and conducted by the Rev. Alfred Bright, of St. Andrew's Church. Many old friends, in addition to the relatives, were present to hear the scripture words of comfort and victory over death, with the message of eternal life. After the benediction, the body was borne from the house, and the cortege proceeded to Elmwood Cemetery, where the last solemn words were said at the graveside.

The principal mourners were Mr. James Robertson, son of deceased; Mr. John Fraser, Burlington, Vt., brother; Fraser Robertson, grandson, and Mr. Graham Forgie, Maynard, Mass., son-in-law.

The bearers were Messrs. Wm. Johnston, J. H. Bryce, James Thompson and R. E. Bradley. A sheaf of flowers from the Canadian Ingersoll-Band Co., a wreath from Mr. and Mrs. A. M. Sangster, and beautiful cut flowers from the family, with others, were placed on the casket in memory of one much beloved.

The late Mrs. Robertson was born Catherine Fraser, at Banff, Scotland, and came to Canada 48 years ago. Since the year 1902 she had lived with her daughter and son-in-law, Mr. and Mrs. Graham Forgie, at Maynard, Mass., where, after a long and trying illness, she passed away in her 76th year, surrounded by every care and affection.

Endowed with the fine characteristics of her race, she had a strong sense of duty and deep religious feeling. Left a widow many years ago, she filled the place of both parents to her family, with a devotion that mothers alone can show. Staunch, kind and true, her memory will be tenderly cherished by those she leaves, one son, Mr. James Robertson, of Sherbrooke, two daughters, Mrs. Forgie and Miss Jessie Robertson, Maynard, Mass.; a brother, Mr. John Fraser, Burlington, Vt., and three grandchildren, Ruth Robertson, Fraser Robertson, and Fraser Robertson Forgie.

## MARRIAGES

### BOLDUC-DEMERS.

The marriage of Miss Maida Demers to Mr. Alfred Bolduc was solemnized on Feb. 6 at 8 a.m., in the Roman Catholic Church. The Rev. Father St. Jean officiated. Following the ceremony a reception was held at the home of the groom's parents, when the young couple were presented with a parlor set from the young men of Compton. Mr. and Mrs. Bolduc will reside in Compton.

**HUNS ATTACK IN ROUMANIA**  
 (Canadian Press Despatch.)  
 Petrograd, Feb. 22, via London.—Teutonic troops in massed formation made an attack yesterday on the Russian positions near Dorna Watra, on the northern end of the Rumanian front. Today's official statement says they were halted by the Russian fire.

**STEAMER PERSEUS IS SUNK**  
 (Canadian Press Despatch.)  
 London, Feb. 22.—The British steamer Perseus has been sunk, Lloyds shipping agency announced today. Four men of the crew are missing. Two British steamers, Perseus are listed. The larger is a vessel of 6,728 tons gross, built in 1908 at Belfast, and owned by the Ocean Steamship Company of Liverpool. She was reported sailing from Dakar, West Africa, on January 18th, en route from Liverpool to Yokohama, which would place her far outside any of the barred zones. The smaller vessel is a 155 ton trawler, owned in Grimsby.

**WILSON CELEBRATES WASHINGTON'S BIRTHDAY**  
 (Canadian Press Despatch.)  
 Washington, Feb. 22.—President Wilson participated in George Washington's birthday exercises here today, at which frequent reference was made to the present international situation. "It is much less of an adventure to write history than to try to enact it," said the President, in presenting a gold medal to a school-boy for writing an essay on history. The President pledged allegiance anew to the American flag, and with the remainder of the audience, including members of the Cabinet, diplomats and congressmen, he stood at salute while the pledging of allegiance was repeated.

 New York, Feb. 22.—The Stock Exchange and other markets are closed today on account of the observance of Washington's birthday.

**BRITAIN COMBATS SUB. MENACE**  
 (Canadian Press Despatch.)  
 London, Feb. 22.—The statement which Dr. von Bethmann-Hollweg, German Imperial Chancellor, was to have made in the Reichstag to-day has been postponed until next Tuesday, according to Berlin advices transmitted by the Exchange Telegraph Company's correspondent at The Hague.  
 The Chancellor deferred his address, says the despatch, owing to the postponement of the delivery of David Lloyd George's statement in the House of Commons, to which Dr. von Bethmann-Hollweg expects to reply.

**BORDEN HAD UNEVENTFUL TRIP**  
 (Canadian Press Despatch.)  
 London, Feb. 22.—Sir Robert Borden, the Canadian Premier, who arrived in London to-day, told his interviewers that his voyage was uneventful, except for the taking of necessary precautions. The Premier said the journey across the Atlantic under war conditions impressed him most vividly with the wonderful achievement of the Navy in keeping the ocean pathways comparatively secure against "the most deadly menace ever devised."  
 Sir Edward gave instances of other cases in which submarines were attacked without committing himself as to the result of the attacks. He said that the degree of evidence of reported sinking varied enormously. The Admiralty did not desire to conceal anything but wished to avoid publishing misleading information.

**Various Forms Of Headache**  
 "It is necessary in order to treat headaches properly to understand the causes which produce the affection," says Dr. J. W. Ray, of Blocton, Ala. Continuing, he says, "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that the headache is to be treated according to the same rule. We must not only be particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose anti-venal tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and rest in the most severe cases of headache, neuralgia, and particularly the headaches of women."  
 "When we have a patient subject to regular attacks of sick headache and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Obtainable at druggists in any quantity desired."

**WHOLE U. S. DRY BEFORE LONG**  
 NATION-WIDE PROHIBITION TO COME THROUGH STATE BY STATE PROCESS IF NOT BY AN AMENDMENT.  
 Chicago, Feb. 22.—The advent of nation-wide prohibition is merely a question of waiting now until the time of elections in various states, in the opinion of E.J. Davis, superintendent, of the Anti-Saloon League Chicago.  
 The real work of eliminating liquor from the nation has already been accomplished, and national prohibition, Davis said, is certain to come—through the state-by-state process, or through an amendment to the federal constitution. The latter method will undoubtedly be attempted at the first session of the new Congress, and prohibitionists feel certain that the amendment will be submitted.  
 "The new Congress will undoubtedly be prohibition by a large majority," he said. "For instance 11 congressmen from Indiana, who are anti-dry, will be succeeded by dry advocates when the Congress convenes."  
 "The dry propaganda," Davis says, "has met with sweeping success during the past fall and winter. Summarizing the results, he explained how it is now possible to travel from the Atlantic coast to the Pacific coast by several different routes without once entering 'wet' territory."

### SEASONABLE SUGGESTIONS

Have your horses in good shape or spring work, with the shortage of labor the horse is bound to play an important part in the production of food stuff in this country. Feed them well, and take good care of them, and they will do their part. The other lines of live stock are helping to furnish the most products for the boys; the horse is doing his part in furnishing bread.

With good beef selling at eleven cents per pound, as it is at present, that farmers should endeavor to have their stock in the best of condition, as a good article always sells much better than an inferior one. In order to have them in this condition it is very important that every detail in the feeding operation, should be studied most carefully. Don't think that because grain feeds very high it will not be profitable to use. In order to get the most economical gains you must use a good balanced ration. Don't forget that a good currier and brush well used will save your feed. Endeavour to keep them well bedded and comfortable. All these little details tend to increase their weight and quality. The same thing applies to the

milk cow. Endeavour to raise every well bred calf that you have as the same is needed in the country.

See that your ewes are in good condition and be prepared to commence feeding them a light grain ration a couple of weeks before lambing, as this will do much to have them in proper shape to feed their lambs, which are such a valuable asset to the farmer at the present time.

See that the brood sow is looked after properly and that you have a proper place for her at farrowing time.

With pork at the price it is now, the good brood sow that raises a good large litter is a little gold mine to the farmer.

This is also the time of year that the poultry should not be neglected. Where accommodations are such that early chicks can be looked after, hatch some out in March. The cockerels will do for early broilers, and the pullets will come in for early eggs in the fall. For the average farmer this month is too early to hatch chicks, but it is the month to get that everything is ready for mating the breeding pens.

Be sure that all layers, and especially those in the breeding pen, have plenty of green food, roots, vegetables or sprouted grain are very good. Open up the windows on fine days and keep the birds busy by feeding grain in heavy, clean litter. Lennoxville Experimental Farm.

## SEED FAIR AT AYER'S CLIFF

Stanstead County Agric. Society Holds First Annual Show on Feb. 28.

The first annual Seed Show, under the auspices of the Stanstead County Agricultural Society, will be held in the County building, Ayer's Cliff, on Wednesday, February 28, when over \$55 will be offered in prizes for the best samples of seed grain, grass seed and potatoes exhibited. The Provincial Department of Agriculture gives \$75 for such seed shows to County Agricultural Societies.

The time has come when it is difficult to buy good seed. The old idea has passed away, that it is necessary to change our seed grain every few years, if you wish to maintain a good yield. Start now to raise as much as possible of your own seed. In the case of oats, barley, wheat, it possibly will be necessary to buy your seed to get started on the best variety. If you are not sure of what is the best variety to sow, write to the Demonstrator at Lennoxville, or the Experimental Farm. In each of these kinds of grains, there are two or three varieties which have proven to be much superior to any of the other varieties, do not choose on some kind of oats because the name sounds new, and it is given a great name in the catalogues of the seed men. Once you have commenced growing the proper variety you can maintain the yield or even increase it by the proper selection.

Why not grow your own clover and timothy and sward seed? It is a very small undertaking for the farmer to produce enough sward seed for his own use. Timothy seed is easily raised, and in the average year the farmer could raise his own clover seed by adopting proper methods. Home grown seeds give the best results. It is therefore with this idea in mind that it has been decided to hold a Seed Fair at Ayer's Cliff, Stanstead County is well located to undertake such work. The farmer should bring his seed grain to the Show, and here he will find out how it compares with his neighbor's. He will also find out whether he is growing the right variety or not. It is hoped that the farmers will try to make their first Seed Show as large as possible.

In cleaning your seed grain for the Show, do not spare the fanning mill be sure you take out all the chaff and weed seed. A good sample of grain not properly cleaned, often will take a second place, to a sample of seed of inferior quality; but well cleaned. A white sack makes the exhibit more attractive.

Mr. R. Summerby, B.S.A., lecturer in Cereal Husbandry at Macdonald College, will be present at the Seed Show, and will address the meeting in the afternoon about 2 o'clock. He will talk on "Seed Growing, Seed Selection and Soil Management. There have been very few agricultural meetings this winter, and a large attendance is hoped for at this meeting.

to growing and the use of vacant lots on the farm and in the town for growing vegetables. Farmers and everybody else should be encouraged and urged to do everything possible to relieve the food situation.

**SUPPORT WHEAT RAISING.**

Mr. Jas. MacKinnon supported Mr. McClary's views as to wheat. Although this was not a wheat growing county, nearly every farmer could grow two acres without decreasing the quality of his land and he could easily spare enough manure or fertilizer for the purpose. It was an easy crop to raise and might well be advocated by the Experimental Farm and endorsed by the Associated Boards as a possibility in the Townships, together with an increase in potatoes. Directions might be given on the treatment of wheat for smut and the care of potatoes so that all troubles could be overcome and these crops become realities here.

**CULTIVATION OF VACANT LOTS.**

Mr. McClary also advocated pota-

**ANOTHER SUGGESTION.**

Mr. E. E. Temple referred to some criticism that had been passed to the effect that for wheat growing the best land must be used and it must be properly prepared the previous year. The Ontario millowners would refuse to supply feed to people who raised their own flour.

Personally, he would agree to raising a little wheat. But as this was a large dairying district and as a man must have the feed for his cows to make them pay, he would advocate raising roots, ensilage corn and mixed grain. The land would also be enriched thereby, whereas wheat could not be raised without hurting fertilization.

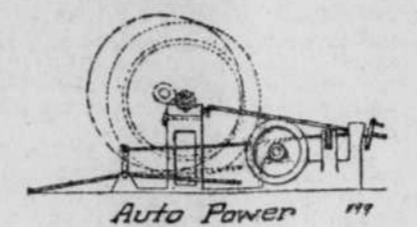

**MUST KEEP UP FOOD SUPPLY.**

Mr. McClary agreed with the idea of trying to keep up the fertility of the farms, but it was necessary to maintain the food supply even if some of the fertility had to be sacrificed this year. With the present scarcity of labor no crop would give better results in helping the Allies than wheat.

**Give her good silage and she'll give you big PROFITS**

YOU cannot expect your cows to produce a large flow of milk if you keep them on dry feed. Give them rich, juicy silage during the winter, when dairy products are bringing the best price, and they will give a large steady flow of milk. The farmer who feeds silage gets the biggest profits because he is using the cheapest and greatest milk producing feed known.

## IDEAL GREEN FEED SILOS

will pay for themselves during the first winter used. Any farmer who has fed silage will tell you that a silo is absolutely necessary in order to get profitable results from cows. Silage is just as good for beef cattle and sheep as it is for milk cows.

Only one kind of silage pays and that is GOOD silage. Good silage cannot be produced in a "cheap" make-shift silo. Remember, the crop you put in the silo is worth almost as much as the first cost of the silo. You might save a few dollars on the first cost, by buying a "cheap" silo, but you will lose many times that amount in poor silage.

It would be foolish to put \$160.00 worth of silage into a \$175.00 silo and lose \$75.00 worth of silage simply for the sake of saving a little on the first cost, when by paying \$25.00 more and getting a good silo, you could prevent the loss of \$75.00, not only once, but every year you use the silo.

There are good reasons why the Ideal will preserve the silage better and last longer than other silos. These reasons are fully explained and illustrated in our silo catalogue. Ask for a copy of our catalogue today.

## EASTERN TOWNSHIPS IMMIGRATION SOCIETY REPORT

Securing Some Help for the Farmers. President Urges Preparations for After War Immigration. Wage Question on the Farms.

The following report of the Eastern Townships Immigration Society for 1916, was submitted by the president, Mr. A. B. Gendreau, at the annual meeting held in Sherbrooke, on Tuesday in conjunction with the Associated Boards meeting:

The operation of the Eastern Townships Immigration Society during the past year will not necessitate a lengthy report. As you are already aware there has been and is, now, week by week an increasing scarcity of farm hands and the present prospect is that there will be absolutely none available in the near future for the reason that so many former farm hands have enlisted or are being employed in the munition factories. These factories pay much higher wages than the farmers can do, but this condition will no doubt remedy itself at the close of the war when munitions making ceases and returned soldiers are available for different lines of usefulness.

The Society has, during the last year, been following the same plan as during the years previous, re the supply of farm help. Our official agent, Mr. Duncan MacLeod, has been spending a couple of days in Montreal each week taking up any farm hands available. His visits to the City are always advertised two or three days in advance. The Provincial Government Immigration Office, on St. Antoine St., is still at Mr. MacLeod's disposal and the Government Provincial Agent, Mr. Marquette has cheerfully rendered every assistance in his power.

The end of the war seems now to be not far off after which there will no doubt be a very large immigration to Canada and the Eastern Townships through the Immigration Society, which should be able to receive and provide for a large number of these new comers. The Society is now in touch with the Soldiers' Employment Commission through which we are in hopes to receive a number of returned soldiers, who were farmers, prior to their enlisting and who will be glad to take up the same occupation on their return to the Eastern Townships.

Since our annual meeting in March last the Society has secured and placed with the farmers of the Eastern Townships eighty-one (81) persons—fifty-eight (58) males and twenty-three (23) females.

**E.T. SOCIETY SHOULD TAKE ACTION RE LAND GRANTS.**

Mr. Gendreau supplemented the report by a few remarks. He believed it was the duty of the Society to plan before the end of the war and

before the Dominion Government passed any legislation, to provide for the young men who had so generously and valiantly gone to defend their country. There was no doubt the Federal or Provincial government would enact some legislation granting lands to the returned soldiers, probably in the North West. But would it be advantageous for Eastern Townships people to let their boys go out west? Mr. Gendreau said it was the duty of the Society to endeavour to secure the same facilities to establish their boys on the land! When legislation was once passed it was difficult to get the law amended and therefore he suggested that a committee of Associated Boards and Immigration Society be formed to take up the question before hand. Mr. Gendreau also suggested that with a view to keeping the E.T. boys in the Townships, a list should be compiled and placed with the proposed committee, of old people who could no longer cultivate their farms and would be willing to dispose of them to returned soldiers at reasonable prices. The boys at the front should be made to feel that those who had been forced to remain at home were prepared to assist them and offer them as much inducement as possible to remain in the Townships.

**COTTAGES AND HIGHER WAGES FOR FARM HELP.**

Mr. Duncan MacLeod, the Society's Agent, thought that under the circumstances mentioned in the report, and considering that munition makers worked less hours than farm hands, that the Society's efforts towards securing help last year had been quite successful. He expected to get many more hands before May. Mr. MacLeod advised the farmers, however, if they wished to keep their help, to build cottages for them as it was easier to keep a married man with a small family all the year round than to keep a single man who could pack up his grip and leave. Farmers in Ontario were offering more wages than Quebec, and this province would have to pay more for efficient help.

**REPORT ADOPTED.**

Mr. E. E. Temple, Ayer's Cliff, and Mr. W. Morris, K.C., discussed the question of the contracts signed by immigrants in the old country in regard to terms of service, etc. The report was adopted on the motion of Mr. E. E. Akhurst, seconded by Mr. Temple.

SEVEREST WEATHER IN FORTY YEARS, SAY THE OLD INHABITANTS. (Special) Freleighsburg, Feb. 23.—(Special) Miss Hattie Grassette returned on Monday from the Montreal Hospital, very much improved in health after an operation for appendicitis. Rev. Mr. Winch is home from Montreal and Iverville. Mr. and Mrs. James G. Bell are home from Stukely and Waterloo, where they visited relatives. Mr. and Mrs. B. E. Spencer left on Sunday for their annual trip to Florida. Mrs. William Lay, of South Bolton, is the guest of Mrs. W. A. Reynolds. Mr. and Mrs. M. Owen have gone to Bromo to reside for an indefinite time, but it is hoped by their many friends it may not be long. Our trains have been delayed two

and three days at a time in the past three weeks and never in on time. Some of our old residents say it has been the worst winter here for forty years. We get our daily papers three and four days old. The Catholic bazaar closed on the 20th with eleven hundred dollars or more to the good. Not bad, considering the roads and weather.

MILAN. Recent arrivals and departures include: Mr. and Mrs. D. L. McLeod and Mrs. J. K. McIver home from Megantic, where they attended the funeral of Miss Annie McLeod, the daughter of Mrs. Catharine and the late Alexander, McLeod, of Drummondville who died suddenly on Sunday

and survived by one sister, Mrs. Donald Smith, of Carbot, Vt., and one brother, Alex. McIver, of Glen Ux, Sask., but formerly of Milan. This is the third death in this family inside of thirteen months, the late Donald McIver passing to eternal rest in January, 1916. John McIver in July, 1916. Sympathy is felt for the remaining sister and brother and for the families of both Donald and John, who was highly respected in this community.

PATON PAYING GOOD DIVIDENDS

SHAREHOLDERS RECEIVE 13 P. C. FOR YEAR AGAINST PREVIOUS AVERAGE OF 6 P. C.

Montreal, Feb. 23.—The declaration of a semi-annual dividend of 4 per cent. and bonus of 2 1/2 per cent. by the Paton Manufacturing Company, Wednesday, indicates that the woolen manufacturing industry in Canada continues to be stimulated by war conditions. The declaration covers the six months to January 31st last, the second half of the company's year. As 4 per cent. with an extra 2 1/2 per cent. was also declared last summer, shareholders will receive a total of 13 per cent. for the year against 10 1/2 per cent. the previous year and 9 per cent. for 1914. As the average annual distribution from 1899 to 1916 was only 6 per cent.—with some interruptions in payments, too—it can be judged that the improvement in business in the past three years has been of a very pronounced character. The Paton Company is one of the large manufacturers of woollen goods in Canada and presumably war benefits have been both direct and indirect. Military requirements in Canada have contributed to activity at the mills, and similar requirements abroad have curtailed foreign competition, thus stimulating business for ordinary domestic account.

"WAR AS IT REALLY IS." Announcement has been made by His Majesty's Theatre, that "War as it really is" has been booked to play there three days commencing Sunday February 25th. This is undoubtedly the greatest of all war pictures, and was taken on the front line in France by Capt. Donald C. Thompson, the most daring movie man in the world, who filmed many of the scenes under fire, at the risk of his life.

The campaign of Verdun is the keynote of the film, which, in its 500 exciting scenes shows every detail of modern warfare. In it the truth about trench fighting is brought home to the public for the first time since the start of the war. Scenes of the flying corps provide many thrills.

Capt. Thompson's camera, having actually recorded a battle in the clouds between a British and a German aviator, in which the enemy's machine is destroyed in mid-air. Hand to hand fighting and the surrender of hundreds of Germans in a bayonet charge, is another one of the countless hair-raising incidents of the films.
