MERGER OF IMMIGRATION AND LABOR DEPARTMENTS UNDER CONSIDERATION BY CANADIAN GOVERNMENT

Great Economies Are Expected to Result from Move of Combining Departments of Government Activity—Interchange Between Premier and Opposition Leader Indicates Drastic Changes in Senate Membership—Tributes Paid to Senator Robertson.

OTTAWA, Ont., Feb. 6.—Merging of the departments of Labor and Immigration is being considered by the Government, Premier R. B. Bennett intimated in the House of Commons yesterday. At the present time, under the recent rearrangement of portfolios, Hon. Wesley A. Gordon is Minister of Labor and acting Minister of Immigration.

The House met yesterday for only an hour, putting off until next week the first serious work of the session. One skirmish between Premier Bennett and Rt. Hon. Mackenzie King, Liberal leader, was thought to contain a hint of impending action by the Government regarding the Senate.

The Prime Minister was announcing the reshuffle of portfolios and the inclusion in the Cabinet of Rt. Hon. Arthur Meighen, now Government leader in the Senate.

"What this double-barrelled leadership is going to mean, I cannot say," commented Mr. King.

"It will mean two or three fewer Senators at an early date," retorted Mr. Bennett.

The incident closed with the Liberal leader saying: "We hope that is the only effect it will have," and referring to the "pleasantly which Mr. Bennett has not found possible to take in that spirit." But the corridors of Parliament soon were buzzing with various interpretations of the incident, many of them hinging around the revelations of the Beauchamp inquiry.

Tributes were paid by the Prime Minister, Mr. King and Robert Gardiner, U.F.A. leader, to the memory of two members whose deaths in the recess, J. F. Buckley, Liberal, Athabasca, and Clement Robitaille, Liberal, Maisonneuve-Montreal.

In announcing his Cabinet rearrangement, Premier Bennett referred to Senator G. D. Robertson, who resigned the Ministry of Labor because of ill health, as a "casualty of the economic conditions that befell the country." He overtaxed his strength administering unemployment relief work.

Mr. King embraced the opportunity to repeat his suggestion of last session that a commission administer unemployment relief. "No one man should be called upon to perform such an enormous task," and he impressed upon the new Minister of Labor the importance of taking an example from Senator Robertson's breakdown.

Regarding the Cabinet rearrangement, Mr. King said the country "will like at this time particularly, such evidence as he (Mr. Bennett) has given of the strengthening of his ministry."

WOULD REDUCE SALARIES OF ALL CIVIL SERVANTS

OTTAWA, Ont., Feb. 6.—General reduction of the salaries of all government officials and civil servants is being advocated by Dr. I. D. Cotnam, Conservative, Renfrew North. He has placed on the order paper of the House of Commons, a resolution which would place the House on record as "favoring a graded and general reduction" in all government salaries.

FOURTEEN MILLION SPENT ON MONTREAL TERMINALS

OTTAWA, Ont., Feb. 6.—To the end of the year 1931, total disbursements on the Montreal terminals of the Canadian National Railways stood at \$14,638,877, according to a return tabled in the House of Commons yesterday, while the estimated expenditure for the coming year is set at \$2,772,530. The expenditure will be distributed as follows: land, property and damages, \$1,152,220; construction, \$644,000 and delayed construction costs, \$975,300. Of the total expenditure the sum of \$6,022,380 was incurred in 1931. Previous to that the terminals scheme has cost \$8,616,497.

The return says: "On October 3, 1931, a decision was reached to suspend all work on the whole project as quickly as possible, without detriment to the work, and with due regard to property commitments."

Accordingly, all construction work with the exception of the structure of the Lachine Canal bridge was suspended by the end of the year, and only those properties which were under commitment, legal or otherwise, were acquired.

Canada's reception to the Earl of Bessborough on his arrival last April to take office as Governor-General cost \$26,218, according to a report tabled in the House yesterday afternoon showing expenditures from the appropriation for unforeseen expenses. The total of these unforeseen expenses was \$58,559. Other items making up this amount included relief sent to British Honduras for the hurricane sufferers, \$14,908, and the semi-state funeral accorded Rt. Hon. Sir George Foster, \$449.

The superannuation fund of the Canadian Civil Service had a balance of \$32,941,188 at the end of the fiscal year 1930-31. Receipts for contributions for the year totalled \$4,621,341, and interest amounted to \$1,160,475. Annuities paid out totalled \$967,924, gratuities \$121,601 and withdrawals, \$84,655.

The Canadian Farm Loan Board had a profit, for the fiscal year ending March 31, 1931, of \$150,420, compared with a deficit for the fifteen months ended March 31, 1930, of \$69,554, according to a return tabled in the House.

The Department of Mines accounting comes in for strong censure by the Auditor-General in his report for the fiscal year ended March 31 last, which was also tabled in the House. "The conditions disclosed were most unsatisfactory, no proper or adequate records were kept and there was not sufficient departmental control exercised over the responsible officials," the Auditor-General reports. "As a result, defalcations were discovered amounting to \$51,347, which were due to deliberate

IMPORTANT DISARMAMENT POINT IS CLARIFIED

GENEVA, Feb. 6.—Further details today of the French proposals before the World Disarmament Conference clarified an important point. The proposals included provision for the internationalization under the league of bombing aeroplanes, battleships and certain other war forces and material. The difficulty, and this is the point of especial interest to Canada, is that non-members of the League like the United States would not be included. Today, however, a note to the French memorandum was issued, stating that in the event of accession to the convention of non-member states, international authority would be constituted to ensure their co-operation.

MACDONALD CONTINUES TO MAKE FAVORABLE PROGRESS

British Premier Reported in Latest Bulletin to Have Spent a Comfortable Night—Condition of His Eye Is Very Satisfactory.

LONDON, Feb. 6.—Prime Minister Ramsay MacDonald continued today his favorable progress following an operation on one of his eyes earlier this week. He spent a comfortable night and today's medical bulletin announced that "the state of his eye is very satisfactory."

Believed to Have Gone Down With Boston Schooner When Vessel Sank in Collision With Belgian Steamer.

HALIFAX, N.S., Feb. 6.—Eleven Nova Scotians are among the twenty-one missing fishermen believed to have gone down with the Boston schooner Eleanor Nickerson when the vessel sank in collision with the Belgian steamer Jean Jadot yesterday.

DEFENCELESS MISSION HOUSES IN SHANGHAI ARE CENTER OF ATTACK

Japanese Bluejackets Forcibly Entered and Ransacked Presbyterian Mission and Press on North Szechuen Road Well Within Area Occupied by Japanese—Southern Methodist Episcopal Mission in Hongkew Subjected to Severe Shelling—Eighth Day District Had Undergone Galling Fire.

SHANGHAI, Feb. 6.—Two United States mission houses in Shanghai were attacked this afternoon while a fleet of aeroplane bombers roared overhead, battering for the second time today the flattened sector of Chapei.

Japanese bluejackets forcibly entered and ransacked the Presbyterian mission and press on North Szechuen Road, well within the area occupied by the Japanese. They forced their way into the building in spite of an official notice of the United States Consul which was nailed up on the entrance to the property.

The Southern Methodist Episcopal Mission in Hongkew, which last week was ransacked by the bluejackets, was subjected to a shelling from the light artillery guns in Chapei during the afternoon, and mission officials who were in the building attempted to appraise last week's damage were forced to retire under the shelling.

It is not known whether the shells came from Japanese or Chinese guns.

It was the eighth consecutive day the district had undergone galling fire. New fires were started by the bombs this afternoon and they continued to burn throughout the day. Shortly after the air attack the artillery and machine guns began again.

The Presbyterian Mission which was forcibly entered today is owned by the Presbyterian mission headquarters in New York. It had been engaged in the printing and publishing business here for sixty years. No one knew why the bluejackets ransacked it today unless they were seeking anti-Japanese literature, quantities of which have flooded the district. The owners protested to the United States Consulate.

A force of 1,200 United States troops landed today. These will take up positions along the settlement defense lines tomorrow, beside the marines. British "Tommy's" will join them on the other side. The contingent brought supplies for sixty days, in addition to those which will be available here as a result of heavy contracts let to local firms.

Japanese naval forces began building an aeroplane landing field this afternoon just outside the extreme

CONSERVATIVES OPPOSE PRINCIPLE OF NEW MUNICIPAL CONTROL BILL

Hail New Government Motion as "the Tomb of Municipal Autonomy"—Measure Has Support of Business Men and Bankers, Declares Prime Minister—Amendments to Municipal Loan Act and to the Elections Act Given Third Reading in Assembly Yesterday.

QUEBEC, Feb. 6.—"The tomb of municipal autonomy," is the proper appellation of the Municipal Commission Bill, according to the Opposition members of the Legislature. The bill, which was given second reading in the House yesterday and then referred to the Public Bills Committee, was vigorously battled by the Opposition, Maurice Duplessis declaring that the principle of the act was defective and the powers of the commission exorbitant.

In defending the measure, Prime Minister Taschereau claimed that it was approved by the leading bankers and would serve to preserve the financial solidarity of the municipal and school corporations of the province.

Third reading was given yesterday to an amendment to the Municipal Debt and Loan Act allowing municipal councils more leeway in connection with details of issuing loans which had been approved by the ratepayers.

The move of Aime Guertin to have a special committee appointed to study the Election Act was rejected when the amendments sponsored by the Government were given third reading. Another bill introduced by Mr. Guertin in the House last Tues-

GREAT SAVINGS WERE EFFECTED BY GOVERNMENT

Without Eliminating Essential Service or Efficiency of Staff, Department of Immigration and Colonization Has Experienced Sharp Reduction in Administration Costs.

OTTAWA, Ont., Feb. 6.—Great reductions in the cost of administering the Department of Immigration and Colonization, and the Soldier Settlement Board, which now serves as the chief interest of the colonization branch, have been effected in the past eighteen months, according to a statement issued by the Minister, Hon. W. A. Gordon. These reductions will be reflected in the estimate for the fiscal year commencing April 1st next, it was stated.

No essential service had been eliminated and the efficiency of the staff had been increased, the statement continued, through the reorganization of the Soldier Settlement Board and consolidation of offices in both branches of the Department. The estimates for this Department, exclusive of the Soldier Settlement Board, was \$3,093,000 for the fiscal year ended March 31st, 1930. For the fiscal year ended March 31st, 1931, the estimate was \$2,931,000, and for the last fiscal year \$2,158,000.

In co-operation with the Canadian Pacific and Canadian National Railways, the Department has placed over 43,000 people on the land in Canada in little more than a year's effort, at no cost to the Government except the use of its colonization facilities. At the same time immigration to Canada has been reduced.

Sound banking and efficient industry are cited as the principal reasons for confidence in Japan's economic soundness, but disquieting factors are the gloomy outlook for foreign trade and the government's inability to balance the budget except by a resort to loans.

Business circles have expressed anxiety as to how foreign trade will fare during 1932, which opened with an alarming balance of imports over exports in January of more than 45,000,000 yen (about \$15,750,000 at the current rate).

DEFINITE DISARMAMENT PLAN WAS PLACED BEFORE DELEGATES TODAY

Proposals Call for Twenty-Five Per Cent. Reduction of World Armament Expenses, Increase in National Security by Extension of League Covenant, Internationalization of Aviation and the Prohibition of Chemical and Bacteriological Warfare.

GENEVA, Feb. 6.—Viscount Cecil of Chelwood, president of the International Federation of League of Nations Societies and known as the "grand old man of disarmament," laid before the Disarmament Conference today a definite programme of proposals, included in which was a twenty-five per cent reduction of world armament expenses.

The proposals also called for an increase in national security by the extension of the League of Nations covenant and arbitration treaties, internationalization of aviation, and prohibition of chemical and bacteriological warfare.

"We lay down," he said, "that equality in disarmament between the victors and vanquished in the Great War should be recognized in principle and that steps in that direction should be taken by the present Conference."

"With this object, we make three definite recommendations: "First—acceptance by all signa-

OPPORTUNITIES FOR DOMINION ARE REVIEWED

R. O. Sweeney, Montreal, Prominent Authority on Water Power, Tells of Great Metallurgical Hive of Industry Which Will Spring Up on Banks of St. Lawrence as Result of Cheap Electric Power.

MONTREAL, Feb. 6.—A smokeless Pittsburgh, a great metallurgical hive of industry on the banks of the St. Lawrence, made possible by the existence of cheap electric power, was the picture of the future's progress presented to the Little Forum last night by R. O. Sweeney, Montreal prominent engineer and authority on water power. Mr. Sweeney depicted the unique advantage given to Canada by the continuity and volume of the St. Lawrence flow, and he showed how raw materials, such as manganese, could readily be imported from within the boundaries of the Empire.

"Cargoes of raw material from all parts of the British Empire can be brought direct to the power houses, in which developments of a million or two million horsepower are to be carried out. These great sites are either at the city of Montreal or within a few miles."

"This age of science," said he, "has put within our grasp the facilities for building on the banks of the St. Lawrence, adjoining our great water powers, a metallurgical industry the like of which the world has never seen. For the United States market alone we can harness a million horsepower in the production of ferro-alloys, such as manganese, chrome, silicon, molybdenum, tungsten and vanadium."

"Up to the present the metallurgical industry has been a small one."

Explanatory Statement Will Be Issued by Japanese Government Tomorrow—Note Is Expected to Explain Reasons Why Troops Were Sent to Shanghai—British and U. S. Pressure Responsible for Preparation and Issuing of Note.

TOKYO, February 6.—A pledge that the military reinforcements which are being sent from Japan to Shanghai will be withdrawn as soon as their object is accomplished, will be contained in an explanatory statement by the Japanese Government, which will be published in London, Paris, Geneva and Shanghai, tomorrow, it was stated on good authority here today.

The statement, which was originally intended to be issued today but which was delayed for some reason, possibly because of the chance of a reduction of the number of troops to be sent, will attempt, it was understood, to remove misgivings of the powers and to explain the reasons which led to the sending of the reinforcements. It is being issued as a result of action of the British and United States Governments, which were understood to have conveyed "expression of disappointment" to Japan on learning of her intention.

Today's Developments Sino-Jap Dispute

These were today's outstanding developments in the Sino-Japanese dispute:

The eighth consecutive day of battle around Chapei began with a general bombardment and continued with heavy artillery fire along a sixteen-mile front. If there was any advantage in fighting it appeared to be with the Chinese.

Two United States missions, the Presbyterian and the Methodist Episcopal South, were invaded by Japanese. The Methodist mission, which has been attacked before, was shelled.

United States residents continued to evacuate Nanking but the Consul officials remained.

Japan delayed publication of a Government statement in connection with additional troops being sent to Shanghai, but it was understood that the statement will pledge withdrawal of the troops as quickly as possible.

FRENCH WORKLESS INCREASE

PARIS, Feb. 6.—Unemployment in France for the week ending January 30 showed an increase of 15,633. The total number of unemployed was 1,247,487. The total receiving aid January 30, 1931, was only 28,836.

RESTORATION OF TITLES IS BEING SOUGHT

Felt that Those Who Contribute to Advancement of Canada Should Receive Recognition.

OTTAWA, Ont., Feb. 6.—Restoration of titles in Canada is being urged upon Senators and members of the House of Commons. The appeal came in letters addressed to parliamentarians from "the King's prerogative in our monarchical democracy." Toronto. Parliamentary action for the restoration of titles is urged before the Imperial Economic Conference takes place in Ottawa in July.

"Such honors," the communications read, "should be given to those who have really done something worthy of the honor, and particularly those who have advanced the interests of Canada and the Empire, whether it be in the realms of science, art, literature, law, finance or any other walk of life. Those who do not desire such honors should not be asked to accept them."

"The fact that one does not desire an honor himself should be no criterion, but everyone who is imbued with the spirit of unselfishness should appreciate a recognition of ability as far as Canada is concerned in seeing that she does not stand behind but in an equal position to any part of the Empire."

"I am fully in accord with the view that any future honor should be for life only, and not hereditary, as the conditions are different from those in England. The giving thereof should be at the recommendation of a committee non-political in character, the same as that in England under the Labor Government."

"It would be a particularly appreciated gesture at this time, shortly before the Imperial Conference at Ottawa, and would serve to create an atmosphere of Empire solidarity in loyal sentiment as well as in trade, and put Canada on the same footing as all the other dominions where His Majesty's prerogative has not been interfered with." The letter is signed by Fred B. Fetherstonhaugh.

Deputy Speaker Armand Lavergne (Conservative-Monmagry) at the last session of Parliament placed a resolution on the order paper of the House of Commons urging the restoration of titles in Canada. The motion, however, was not proceeded with last session, and so far this year no motion of this character has been filed for discussion in Parliament.

Stubborn Coughs Ended by Recipe, Mixed at Home

Here is the famous old recipe which millions of housewives have found to be the most dependable means of breaking up stubborn coughs due to colds. It takes but a moment to prepare, costs little, and saves money, but it gives real relief even for those dreaded coughs that follow severe cold epidemics.

From any drugist, get 2 1/2 ounces of Pinex, pour it into a 10 oz. bottle and fill the bottle with plain granulated sugar syrup or strained honey. Thus you make 10 ounces of better remedy than you could buy ready-made for three times the cost. It never spoils and tastes so good that even children like it.

Not only does this simple mixture soothe the inflamed throat membranes with surprising ease, but also it is absorbed into the blood, and acts directly upon the bronchial tubes, thus giving the whole system in throwing off the cough. It loosens the germ-laden phlegm and eases chest soreness in a way that is really astonishing.

Pinex is a highly concentrated compound of Norway Pine, containing the active agent of creosote, in a refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs and bronchial irritations. Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Several friends and relatives gathered at her home and made a little welcome party for her on the evening of her return.

Miss Flori Paul, of the teaching staff of Beebe, is at the home of her parents, Mr. and Mrs. D. I. Paul, Beebe High School, being shut down on account of sickness.

Mrs. Ida Demers is quite ill with a gripple, and Master Elton Libby with tonsillitis.

Messrs. J. N. Hibbard, R. G. Cass, S. S. Worthen, C. L. Brown, M.D., and Albert Rexford motored to Stanstead on Wednesday night to a hockey match.

Mr. and Mrs. C. M. Moore and Mr. and Mrs. W. E. Marshall motored to Sherbrooke on Thursday.

The regular meeting of the town council was held in the council room at the county hall on Monday evening, February 1, with a full attendance. His Worship Mayor M. R. Rexford presided. The usual business routine followed. This being the first meeting of the council since Messrs. J. E. Bayley, E. E. Sample and E. L. Colt had again been appointed and accepted the office of councillors, they were sworn into office. An interesting feature of the meeting was the motion of a grant to the public library, showing the interest and co-operation of the municipality.

The Magog Maroons came over from Magog on Tuesday evening to play hockey with some of the local players, and Ayer's Cliff again gained a victory of seven to nothing.

Mr. and Mrs. A. H. Slack entertained at dinner on Wednesday evening the teaching staff of the High School, namely, Mr. B. V. Tibcomb, B. A., Principal, and Messrs. Woodburn, Hurt and Graham.

COUNCIL HELD A BUSY SESSION AT STANSTEAD

New Committees Appointed at Regular Session of Stanstead Municipal Council—Mr. Sydney Stevens Celebrated Eightieth Birthday.

STANSTEAD, Que., Feb. 6.—At the February meeting of the Stanstead Council which was held at the council rooms on February 1st, considerable business was transacted. Mayor Hay was in the chair.

Owing to the resignation of several councillors whose time had expired, and who have been replaced, it was found necessary to appoint the committees at this meeting, instead of the regular time in March.

These committees are as follows: sanitary and health, Councillors J. M. Williamson, W. V. Poapst, Thomas, L. Mayhew; fire and light, Councillors W. V. Poapst, Joseph Mayhew and L. C. Munroe; poor, Councillors W. H. Holmes, Thomas Mayhew and J. M. Williamson; roads and sidewalks, Councillors W. H. Holmes, L. C. Munroe and J. M. Williamson; valuations, Messrs. W. A. Hadley, W. E. Gibson and Frank A. Bessette; chimney inspector, Mr. Lewis Young; pound-keeper, Mr. Joseph Bissetter; police, Mr. Cammer Drew; rural inspector, Mr. J. W. McMillan.

Prior to the council meeting a pleasant event took place, when Mr. L. C. Munroe, who has recently been appointed to the council, entertained the Mayor, E. W. Hay, and the members of the council at his home at dinner, where the kind hospitality of Mr. and Mrs. Munroe was appreciated, and a most enjoyable time was spent by all present.

General Notes.

Miss Louise Labonte was a guest of Miss Thelma Hall, at Newport, Vt., for a recent week-end.

Mr. Sidney Stevens celebrated his eightieth birthday at his home on January 28th. Mr. Gardner Stevens, a son of Boston, was present and many friends called to offer their congratulations to Mr. Stevens, and wish him continued health and happiness for years to come.

Mr. and Mrs. Stevens have been residents of Stanstead for over fifty years, where Mr. Stevens was manager of the Eastern Townships Bank and its successor, the Canadian Bank of Commerce, for many years. Mr. Stevens is enjoying fairly good health and may be seen on the street every day. Messages of congratulation were received from a large circle of friends.

Mr. A. P. Gustin, who has been a patient in the Sherbrooke Hospital for some weeks, passed successfully through a second operation on Monday, February 1st. Mr. Gustin was in Sherbrooke on Monday, returning to Stanstead the evening.

Latest reports are that Mr. Gustin is as comfortable as can be expected at this time.

Mr. Gordon Shipway, who has been a patient in the Sherbrooke Hospital, has recovered sufficiently from his operation to leave the hospital and is spending some time with relatives in Sherbrooke.

Mrs. Ruth Lamb is spending a week in Boston, where she is the guest of friends.

Miss Mildred L. Ross entertained a party of friends at bridge at her home on Wednesday evening, February 3rd. The prizes for the highest score were won by Miss Ward, and the second prize by Miss Sylvia Soles. Refreshments were served at the conclusion of the rubbers by Miss Ross, assisted by Miss Kathleen Heath.

The Women's Missionary Society of Centenary Church were very pleasantly entertained at the home of Mrs. J. D. McFadyen on Wednesday afternoon, February 3rd. Mrs. Jenkins presiding. Mrs. Morris led the meeting which opened with hymn 155, followed by prayer. Mrs. Morris read the Scripture lesson, and Messrs. Ross, articles on Korean, dealing with the school system, education of women, and industrial, and agricultural school. A few moments of silent prayer for peace were observed. The minutes of the January meeting were read and adopted. Mrs. Morris gave a short talk on Japan. A chapter of "Korea the Land of Dawn" was reviewed by Mrs. Jenkins. The

meeting closed with the hymn "Take Time to Be Holy," and the nuptial. Mrs. McFadyen served afternoon tea, and a social hour was enjoyed.

Mrs. Mary E. Wells celebrated her ninety-first birthday on Tuesday, February 2nd, at her home on Park street, Stanstead. Friends called to congratulate Mrs. Wells and wish her continued health and happiness. Mrs. Wells retains all her faculties and although she is frail in body, keeps in touch with community interests and is always eager to do her share in welfare work and is always pleased to see her friends and neighbors.

SAWYERVILLE TOWN COUNCIL HELD SESSION

Purchase of New Equipment for Fire Department Ordered at Busy Session—Presentation Made to Priest.

SAWYERVILLE, Que., Feb. 6.—A full quorum of the municipal council met in regular session in the Mission Hall on February 1. The Mayor presided. This was the first sitting of the council since the election which, however, did not alter the personnel of the body, as all the retiring councillors were re-elected by acclamation.

Several items were disposed of at this session, and the activities of the past year were reviewed in conjunction with analysing the financial statement as submitted by the secretary-treasurer. The year 1931 had been a banner year in the way of development in this municipality. Extensive development had taken place in the water system and the fire fighting equipment had been organized to a fine point of efficiency and at this session order was sanctioned for a two-horse power electric fire alarm siren.

The matter of permitting a certain lot farm to remain on present site about which a complaint was lodged at last session, was taken up. A report was received from the Board of Health, who had been directed to investigate. The decision of the council was expressed in a resolution which gave notification that said foxes be removed before July 1 next.

A notice of motion was received which proposed a re-organization of the system of collection in the matter of water rentals in this municipality and which would also have in view an attachment of responsibility of the proprietor over his tenants.

The council adjourned at 11:15 p.m.

ANNIVERSARY OF PRIEST HONORED

The Roman Catholic congregation of Sawyerville held a party in their school hall on the evening of Friday, January 29, to commemorate the tenth anniversary of Rev. Father Gauthier's ordination. About one hundred members were present, and an excellent programme was given consisting of selections upon violin, guitar and piano; as well as songs of all kinds.

Rev. Father Gauthier was presented with a bouquet of ten roses by little Miss J. Fortier, and a ten-dollar gold piece by little Master P. Dion, after the presentation address had been read by Mr. O. Genereux. Although taken by surprise, Rev. Father Gauthier graciously thanked everybody for these tokens of good-will.

Rev. Father Marcoux, of St. Isidore, and Rev. Father Tetrault, of Stornoway, were present, also Rev. Father Emile Gauthier, who brought with him Dr. Trudeau and Miss Nolette, of Sherbrooke.

The Misses Genereux, of Sherbrooke, also came, and delighted the audience with a vocal duet. Mrs. Henry LaRoche very kindly contributed the use of her piano for the evening.

After the programme was concluded, refreshments were served by the ladies of the congregation, assisted by five school girls, who looked very pretty in their dainty little white caps and aprons. The members of the reception committee were Mrs. Joseph Boisvert, Mrs. Lucien Boucher and Miss Florence Gauthier.

Mr. B. Watson, of Inverness, was calling on Mr. D. A. Crawford, recently.

Concert and box party, Adderley Hall, February 12, 7:30 p.m., admission 25c.

Catarhal Deafness

May Be Relieved

A Simple, Safe and Reliable Way That Calls For No Ugly Trappings, Phones or Other Instruments.

Sufferers from catarrhal deafness are usually very sensitive, especially when carrying around instruments that call attention to their infirmity. So people who are hard of hearing, suffer from head noises, and whose deafness is catarrhal, will be glad to know of a simple treatment that can be made up at home for a few cents' cost and yet is very effective in relieving all distressing catarrhal symptoms.

From any drugist get 1 oz. of Parmit (Double Strength). Take this home and add to it 1/4 pint of hot water and a little sugar. Take a tablespoonful four times a day.

This treatment should be tonic action reduce the inflammation in the middle ear, and with the inflammation gone the distressing head noises, headache, cloudy thinking and dull feeling in the ears should gradually disappear. Anyone who suffers from catarrh, catarrhal deafness or head noises, should give Parmit a trial.

W.C.T.U. HELD BUSY MEETING AT KNOWLTON

Many Matters Discussed at Meeting of Knowlton W.C.T.U.—News Items and Personals from Vicinity.

KNOWLTON, Feb. 6.—The regular monthly meeting of the Women's Christian Temperance Union was held at the home of Mrs. E. M. yalor. Nine members answered to the roll by reading interesting items by prominent writers. Mrs. F. Baker read the 91st psalm and several led in prayer. All were pleased to have Mrs. Murray, of Scotstown, present and Mrs. Ella Harvey, of Sutton, was added to the roll. A very interesting and profitable programme followed.

The national temperance study course for Sunday schools was taken up by Miss R. Stevenson, Mrs. Godden, Mrs. Dodge and Mrs. E. M. Taylor. This was most interesting as it voiced the attitude taken by Dr. Charles Mayo, Sir Robert Falconer, president of the University of Toronto, and Dr. W. L. G. Grenfell and the late Timothy Eaton on the temperance question. Mention was made of the fact that fifty-eight pupils in the Knowlton High School wrote on this study course. Miss Margaret MacFarlane gave a temperance reading and Miss Henrietta Scott, the great Arctic explorer, Dr. Wilfred T. Grenfell and the late Timothy Eaton on the temperance question. Mention was made of the fact that fifty-eight pupils in the Knowlton High School wrote on this study course.

ABITIBI PLANT EXPECTED TO CLOSE DOWN IN APRIL

TORONTO, Feb. 6.—Reports that the Abitibi Power and Paper Company's mill at Pine Falls, Man., would run at full time until about April 1st, an open shut down were confirmed by company officials here, and last night, L. R. Wilson, vice-president and general manager of the company, said the mill was now running full time and would continue to do so until the available supply of wood was exhausted, which he estimated would be about April 1st.

Last year between 8,000,000 and 9,000,000 hundredweight of flour were imported. It is estimated that seventy per cent of milled wheat is turned into flour, while the remaining thirty per cent is offal, used to feed animals.

FOSTER SCENE OF MEETINGS OF INTEREST

Considerable Business Completed at Annual Meeting of Foster-Bondville Branches of W.A.—Guild Meeting Held.

FOSTER, Que., Feb. 6.—The annual meeting of the Foster-Bondville branches of the Women's Auxiliary held at the home of Mrs. Edward Gibbs on Tuesday afternoon, January 26, with the president, Mrs. C. P. Hunter, occupying the chair, and eleven members present.

Rev. A. Radmore gave an interesting reading, giving an account of the new hospital which has been built recently, called the "Pangnirtung Hospital" in the Arctic, which is the most northerly in the world. Rev. Archdeacon Fleming, of Toronto, has been instrumental in its erection. The meeting was formally opened with Scripture reading and prayer. The minutes of the December meeting were read by the secretary, Mrs. N. Crowhurst, and approved. In the absence of the corresponding secretary, the November and December notes were read by Mrs. A. M. Hunter. A letter was also read by Mrs. Gibbs, showing the importance of the work which was raised by them last year.

The president, Mrs. C. P. Hunter, gave an inspiring account of the past year, and in her closing remarks thanked every member as well as the members of the executive for the kindly co-operation which they had so freely given her at all times.

The recording secretary, Mrs. N. N. Crowhurst, gave a brief account of the year's work, including a report of the annual deaconry meeting which had been held in Foster Hall on September 16.

The treasurer, Mrs. G. H. Durrell, gave an itemized account of the year's receipts and expenditures, which showed a very substantial balance on hand. The various other secretaries, including the Dorcas secretary, literature secretary, and the nominating and elections, all presented excellent reports about the work accomplished during the past year.

The business of appointing officers for the year 1932 was next under discussion and the president asked the vice-president to take charge of the nominations and elections, and to proceed with the business of the afternoon. After considerable discussion, all officers were re-elected for the coming year as follows:

President, Mrs. C. P. Hunter; vice-president, Mrs. A. M. Hunter; recording secretary, Mrs. N. N. Crowhurst; corresponding secretary, Mrs. J. N. Code; treasurer, Mrs. G. H. Durrell; Dorcas secretary, Mrs. A. B. Young; literature secretary, Mrs. H. N. Rockwell; thank offering secretary, Mrs. M. W. West; secretary, Roberta Tilton Fund, Mrs. William Dixon; Little Helpers' secretary, Mrs. Edward Gibbs; delegates appointed to represent this branch at the forty-sixth annual meeting to be held in Montreal during the present month are Mrs. C. P. Hunter, Mrs. William Dixon and Mrs. N. N. Crowhurst. It was moved by Mrs. A. M. Hunter and seconded by Mrs. E. Gibbs that the same amount be donated each delegate for travelling expenses as in former years. At the close of a busy afternoon, lunch was served by the hostess for which, on behalf of the members and himself, Rev. A. Radmore extended a very hearty vote of thanks.

GUILD HELD REGULAR MEETING

The regular meeting of the Ladies' Guild of St. Bishop's Armistead Memorial Church was held on Monday, January 31, at 8 o'clock, when Mrs. W. A. Inglis in charge, January 28, with an attendance of twenty members. The vice-president, Mrs. G. H. Durrell, presided over the business session, after which the election of a president was proceeded with by Mrs. A. P. Hillier, Jr., being appointed by a unanimous vote. At the close of the meeting, lunch was served by the hostess, and a vote of thanks expressed by the president, Mrs. Hillier, and heartily extended to Mrs. Inglis for her hospitality.

CONSERVATIVES PLEASED WITH TARIFF ACTION

Believe that Ten Per Cent. Duty on Foreign Flour Will Materially Aid British Agriculture.

LONDON, Feb. 6.—Conservative supporters of the Government's new "Trade Bill" which would levy a general tariff of ten per cent ad valorem on imports of most articles to the United Kingdom, today expressed themselves as highly pleased with the measures contained in it.

These Conservatives interested in agriculture pointed out that the proposed ten per cent duty on foreign flour as a source of £132,000, revenue, based on last year's imports. Should the flour come in the form of wheat, which is exempt under the provisions of the bill, they point out British millers would be liable to do the milling, while the British farmers, who have complained for several years at the high price of offal on which they feed their stock, would have a large supply available at cheap prices as a byproduct of milling operations.

THE WAYS THAT ARE OPENED TO CANADA.

A correspondent from Stanstead asks us to define the countries of many hundreds of millions which will be preferentially open to Canadian trade in the event of the fruition of our hopes from the Imperial Economic Conference.

The title of the British Sovereign is: "George V, by the Grace of God, of Great Britain, Ireland, and the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India."

The total area of the British Empire is 12,000,000 square miles.

The total population is 445,000,000, of which 66,000,000 are white people.

The first addition to the Island Kingdom was in the taking of Newfoundland in 1883, Britain's first colony.

There are Dominions, colonies, protectorates and mandates, all gathered under the modern name of the British Commonwealth of Nations.

Great Britain herself, including England, Scotland, Wales and Ireland, has an area of 88,745 square miles, and a population of 45,000,000, of which England has 37,500,000, Scotland 3,000,000, Wales 2,250,000, Northern Ireland 1,300,000 and the Irish Free State 3,000,000, Isle of Man 60,000.

The Dominion of Canada has an area of 3,684,723 square miles, with a population of 10,400,000. Australia has an area of 2,974,581, with a population of 6,500,000.

British New Guinea has an area of 180,000 square miles and a population of 675,000.

New Zealand has an area of 103,283 square miles, and a population of 1,300,000.

Other Pacific Islands are: Tonga, Fiji, Solomon, Santa Cruz, New Hebrides, Gilbert and Ellice, Phoenix, Pitcairn, Christmas, with an area of 27,500 square miles and a native population altogether of 385,000.

South Africa has an area of 473,089 square miles, and a population of 7,000,000, of whom 1,700,000 are white.

India has an area of 1,803,000 square miles and a population of 320,000,000, of whom two-thirds are Hindus.

Ceylon, area 25,531 square miles, population 4,500,000, of whom 1,000,000 are white.

Malay or Straits Settlements.
British Borneo,
Brunei,
Sarawak,
Hong Kong,
Wei-hai-wei.

These are among the other British possessions in Asiatic waters.

The British West Indies, long desirous of Canadian trade, are: Bahamas, Bermuda, Barbados, Jamaica, Cayman, Caicos, Trinidad, Tobago, altogether with a population of 1,788,000, in an area all told of 10,325 square miles.

British Honduras and British Guiana number 236,000 people.

There are other British possessions such as the Falkland Islands, Cyprus, Malta, Gibraltar, Palestine and Iraq, but they do not count for trade purposes.

The area of the United States is 3,738,393 square miles, counting all its possessions, including Alaska, and the population is 137,008,433, counting the Philippines.

PROSPERITY PEERING AROUND THE CORNER.

In the Speech from the Throne, voiced by the Governor-General, Lord Bessborough, we are assured that prosperity awaits on the settlement of international debts for war munitions. There can be no definite settlement of the reparations and debts until the chief creditor, the United States, has settled the question of the next President, whether it be Hoover or Roosevelt.

But Canada is not dependent on the result of the ultimate outcome of this great international loan.

Prosperity in Canada will return quickly with the settlement of two outstanding questions:

The future of our disastrous venture into national ownership of railways.

And the outcome of the Imperial Trade Conference in July.

One calls for a return to sane policies of personal responsibility and of individual initiative, which will effect savings. The other is intended as a broad expansion of trade between friendly countries under one flag.

With a whole Empire, under the name of the British Commonwealth of Nations, there will be opened to each and every one of its constituent parts a market of many hundred millions of people which, under preferential tariffs entered into at the Conference, will permit of a vast expansion in trade.

We can save at home by the abolition of the socialistic theories of dormancy, and be fully awake

to the rich markets which await us in friendly welcome.

Prosperity, now peering around the corner, will no longer lurk or lag when we settle these two questions, one purely domestic and the other empirical.

THEY ARE NOT OVERPAID.

The suggested reduction of salaries in all governmental offices is a picaresque lane to economy. Government employees are not overpaid, for ninety-five per cent. of them do not receive a living wage in keeping with the position of dignity they may be required to uphold.

Even our school teachers are disgracefully underpaid when there is considered the importance of their work in supplementing the parental upbringing.

But legislators and cabinets do find it hard to resist the importunities of their zealous supporters when they are urged to appoint new applicants for existing or non-existing positions, or when they are further implored to open up new bureaux or portfolios so that many new positions may be available to the office-seeker.

For many years in Old England it was the custom of the head of the manor house, with a goodly family, to send one son to the army, another to the church, and still another to government service. But the war changed all that. Being in trade is no longer a social handicap in Britain.

Government service does not repay salaries equal to those paid in the commercial world, and the only appeal in a government job is that it is safe and certain, and too often is treated as a sinecure. Again, the man in trade, with a fair salary, does not require to "keep up with the Joneses" or feel that he must at all hazards "keep up an appearance." This latter phrase usually means living beyond one's means in order to impress the head waiter.

EDITOR'S NOTE BOOK.

A well-authenticated story written by Jim Curran of the Sault Ste. Marie Star, King of the Cannibal Wolves, that the Buccaneers of the Spanish Main buried their treasure along the banks of the St. Lawrence river, might save the Government from the cost of digging the deep waterways canal. Treasure hunters are gold-diggers.

What both Britain and Canada need now is a King Midas, of the golden touch. Though the Bandits in the United States may get away with the hoarded gold before we get a chance to make a touch.

The game poacher is a zebra, for when caught he should be compelled to wear stripes for life, as he will be among his neighbours when pilloried in print as a man who breaks the law in slaughtering game in an unsportsmanlike way.

The disappearing of the old-time country blacksmith shop is compensated for by the number of people who carry hammers to hurl at any new project such as the Langis Canal.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.

February 6th, 1902.

J. Pierpont Morgan's special train broke the speed record between Philadelphia and New York, covering the 90 miles in 80 minutes.

Rev. A. H. Robertson wrote to the Record to deny a rumor that he was about to remove his residence from Cookshire to East Angus.

Miss Margaret Moe left to visit friends at Arlington, Mass.; Harold E. Goodhue left a business trip to Halifax; Master Frank Coult to visit his sister, Mrs. Carey, at Lacombe, N.H.

A correspondent in the "Kickers' Column" protested against the poor quality of milk being furnished to citizens of Sherbrooke and advised the appointment of a milk inspector. He got the job.

Boer delegates Wolmarans and Wessells arrived at Utrecht, Holland, to confer with Paul Kruger, the ex-President who had fled from South Africa. They advised Oom Paul that all was lost but honour.

Hon. Sydney A. Fisher, Minister of Agriculture, was the speaker at the annual convention of the Bedford Dairymen's Association. An interesting talk on live stock was given by Professor Hodgson, of Ottawa.

Ladies of the Three Villages put on a successful three act play, "Breezy Point," at Derby Line. The cast consisted of Mrs. H. Cullins, Mrs. H. Suddard, Mrs. E. Coby, Misses Clara Lanctot, Florence Pike, Pattie Foster, Edith Norton, Jean Allen, Beulah Parsons, Mamie Lunt, Frances Kelly and Josephine Pike.

Arrivals included Miss Isabel Rolfe, of Ascot Corner, to visit the family of her sister, Mrs. Arthur Bell; Mrs. M. H. Fox from a visit to Washington and New York; Miss E. M. Foss, of Johnville, called by the death of her grand-nephew, Percy Fox; Miss Many, of Beauharnois, to visit the family of her uncle, Ernest Sylvester, N.P.

Social and Personal

Mrs. W. E. Morehouse, who has been a guest of Mr. and Mrs. E. S. Stevens, Queen street, for the past week, returned this morning to her home in St. Lambert.

Mr. W. P. McVie, Portland Avenue, who is in Montreal attending the National Council of the Young Men's Christian Association, is returning home tomorrow morning.

Mrs. O. B. Webster, the Misses Isabelle Mitchell, Jean MacKinnon, Margaret Cross, Louise Mitchell and Ruth Loomis are spending the week-end skiing at North Hatley.

Mrs. R. H. Hibbard, of Cowansville, arrived in town last evening to spend the week-end with her sister, Miss Alice Willard, Queen street.

Mrs. Walter Brown Parker and Miss Nancy Parker are arriving today from Portland, Me., to spend a few days with the former's mother, Mrs. Mitchell, "Elmhurst," Dufferin Avenue.

Members of the Ladies' Guild of St. Paul's Church made final arrangements for a Valentine tea at their last meeting in the parish hall at which the president, Mrs. J. Nelson, presided. Committees were also appointed and future activities discussed. At the close of the business period dainty refreshments were served by the hostess, Mrs. G. Pearson, who was assisted by Mrs. R. Edgecombe, the pleasant social hour being much enjoyed by all.

Mrs. Steven Newton entertained at dinner last evening at her residence on Portland Avenue. Covers were laid for ten, the attractive table being done with crystal flowers, while many yellow candles supplied the softened light. The guests included Mr. and Mrs. F. A. Baldwin, Dr. and Mrs. W. E. Baker and Mr. and Mrs. R. Bruce Fletcher, who afterwards attended the Sherbrooke Regiment Badminton Club dance at the Masonic Temple.

Miss Anna LeBlanc has returned from Outremont, where she spent three weeks as guest of her sister, Mrs. J. E. W. Levesque.

Mr. A. H. Billham, of Montreal, is spending the week-end in Sherbrooke a guest of Mr. and Mrs. W. H. Phillips, Montreal street.

Mr. and Mrs. Arthur Virgin, of North Hatley, were among the out-of-town guests who attended the Sherbrooke Regiment Badminton Club dance last evening.

Among those who attended the drawing room held in the Senate Chambers of the House of Parliament last evening, at which Their Excellencies the Governor-General and the Viscountess Bessborough were present, was Mrs. Wilfred Girouard, wife of the member for Athabaska. Mrs. Girouard was gown-dress in a Molineux model of shell pink brocade satin and pink slipper and carried a fan.

Dr. and Mrs. J. B. Winder entertained at a delightful buffet-dinner last evening at their residence on Belvidere street, Lennoxville. Roses were effectively placed about the spacious living room, while dainty mixed spring flowers adorned the small tables, where covers were placed for twenty. The guests included Mr. and Mrs. F. C. Baker, Mr. and Mrs. C. Grier, Mr. and Mrs. M. Walsh, Mr. and Mrs. Lee Watson, Mr. and Mrs. Frank Shupe, Mr. and Mrs. Fred Pittson, Mr. and Mrs. A. E. Spied, Mr. and Mrs. L. V. Parent and Mr. and Mrs. Frank Jennie. Later, Dr. and Mrs. Winder, accompanied by their guests, attended the Masonic dance in the assembly hall of the Lennoxville High School.

Heralding the approach of St. Valentine's Day, the decorations in the Masonic Temple last evening for the third dance of the series organized by the Sherbrooke Regiment Badminton Club were carried out in honor of this patron saint of love.

Hearts of all sizes were gracefully festooned on the walls, hearts shaded the side-lights, while cupid with outstretched bows and arrows were placed at intervals. The overhead lights were also shaded with red, and two large entwined hearts decorated the wall above the orchestra platform.

The whole lending a festive air to the jolly dance which was well patronized by members of the Club, their guests and friends. The orchestra was generous with encores and at midnight refreshments were served, following which dancing was resumed.

Members of the Charity Bridge Club enjoyed an unusually delightful afternoon yesterday at the Howard Residence, Y.W.C.A., Moore street. After playing the concluding game (twelve games constituting a series) the losers, namely, Mrs. E. A. Tomkins, Mrs. R. Havard, Mrs. Frederick Hovey, Mrs. J. A. Barrie, Mrs. Kittelsen and Miss Bulmer, entertained the winners, Mrs. Norcross, Mrs. David Wilson, Mrs. A. L. Parker, Mrs. Albert Wiggitt (acting as substitute for Mrs. L. A. Bayley), Mrs. J. S. F. McCaw (substituting for Mrs. George Harkness) and Mrs. R. G. Davidson, at dinner, which was served at the Howard Residence, and was a most enjoyable social event. Members of the club will commence another series next week. Their generous contributions are given to help social service work instead of being expended on prizes at the conclusion of the series of twelve games or meetings of the club.

BROMPTONVILLE MAN WILL STAND TRIAL
Mael Martin, of Bromptonville, who was fined one hundred dollars and costs or one month in jail for carrying firearms, was condemned to stand his trial yesterday afternoon by Judge J. H. Lemay in the Magistrate's Court for arson. Evidence at the preliminary enquiry tended to show that the accused had set fire to buildings belonging to Ernest Gosselin and to a barn the property of Felix Fredette, both Bromptonville farmers, during the night of December 19th last.

One month and a half in default of payment was ordered in the case of a man who was charged with the illegal sale of liquor.

For selling butter which contained more than its legal quantity of water, W. Boulanger, of Danville, was fined five dollars and costs by Judge Lemay. The farmer was arrested in the city by inspectors and taken before the Court for his infringement of the dairy laws.

FINED FOR BEATING HIS WIFE
When he told her husband that it was "none of his business" where she had been during the evening of Saturday last, and, incidentally, part of Sunday morning, said husband, believing in the traditional method of treating wives, which was handed down to this generation from the cave men and cliff dwellers of old, blackened her eyes, bruised her nose and caused general bodily harm, the wife of Camille LeBlanc related in the Recorder's Court this morning when LeBlanc was tried on a charge of assault.

It was a family quarrel that enlivened the local police court, no less than twenty persons being present as witnesses or directly interested parties.

Camille LeBlanc's young wife, whose black eye was still prominently discolored this morning, and whose indignation was still decidedly sharp, testified before Recorder Forest, a certain amount of satisfaction noticeable in the tone of her voice, that she had come home early Sunday morning last and that her husband, who had arrived some time before, gave her a sound beating.

Many witnesses were called upon to testify, and the usual complications that generally accompany a wife's beating were explained to the Court.

Two other young men, Willie Poulin and Wilfred Bisson, facing charges of being drunk and disorderly last evening on King street, were found guilty this morning and sentenced to fines of three dollars and costs of three days in jail. The complaints against them were made by Stanley Jones, who alleged he had been struck.

William Cleland, of London, England, arrested on a charge of being drunk and loitering, was given a suspended sentence.

seventy-two per cent. being restricted to those who have adequate resources to establish themselves.

The elimination of thirteen agencies in the United States and the curtailment of agencies in Europe, together with the discontinuance of assisted passage loans, constitute the major item in the reduction of expenditures. The complete organization of the Soldier Settlement Board resulted in a saving of \$650,000. The Board of three commissioners has been replaced by one director, and the nine executive branches have been reduced to three, with consolidation of offices in British Columbia and Saskatchewan.

As compared with the fiscal year 1929-30 and the fiscal year ending March 31st, next, the saving in annual departmental expenditures is estimated at \$1,000,000. Mr. Gordon said, to which may be added the \$650,000 reduction in the Soldier Settlement Board.

"These economies have been effected without eliminating or curtailing services essential to the proper conduct of immigration and colonization as a national business function of government," said Mr. Gordon. "The policy of colonization will be pursued with vigor, and at the same time we will welcome new-comers from Great Britain and selected settlers with adequate resources from other countries which, experience has shown, have furnished colonists of the type required in our national development."

MUSSOLINI AND POPE WILL SEAL LATERAN PEACE PACT
VATICAN CITY, Feb. 6.—Premier Mussolini will visit Pope Pius on Thursday of next week, the third anniversary of the Lateran Treaty, it was officially announced today.

The head of the Church and the chief of the State will seal the peace which began with the Lateran pact and which was concluded last summer with the settlement of many details.

It will be a state visit, with the Premier in full uniform, with white plumed hat.

MANY FAMILIES WERE AIDED BY JUNIOR LEAGUE

Reports Submitted at Monthly Meeting Yesterday Gave Good Idea of Wide Range of Work Which Young Ladies Are Engaged in.

One hundred and forty-three needy families of the city are being assisted by the Junior League, which has been experiencing a very busy time lately, as it is shown by the report submitted by Miss Grace Waite at yesterday's monthly meeting of the League in the MacKinnon Memorial Building.

Some idea of the work which the Junior League is engaged in will be realized by the statistics submitted by Mrs. P. M. Robins, convener of the relief committee. During the month of January two hundred and thirty-two quarts of milk were supplied to seven families, while the report of the soup kitchen, given by Mrs. M. W. Mitchell, showed that in order to supply forty children every school day with soup, bread and butter, the requirements of the kitchen are twenty-five loaves of bread, six pounds of butter, and eighty cans of milk a month. This, of course, is in addition to the home-made soups which were donated by the following: Mrs. George Hume, Mrs. Clifford Goodhue, Mrs. J. M. Jenckes, Mrs. S. G. Newton, Mrs. George Armitage, Mrs. A. A. Munster, and Mrs. M. W. Mitchell.

In presenting the report of the knitting and sewing done during the past month for the V.O.N., Mrs. W. E. Hume and Mrs. R. A. Peabody gratefully acknowledged the following donations: box of wool, Mrs. K. B. Jenckes, blanket and three pairs of booties, Miss J. McKee; two bonnets, one pair of pants and one pair of booties, Mrs. W. McKee; three sweaters and one pair of booties, Mrs. J. P. Wells; gertrudes and nighties, Mrs. A. E. Willis; one bolt of flannelette, Miss May Mitchell; ten yards of flannelette, Mrs. E. T. Harbert; and articles of clothing from Mrs. A. G. Campbell.

TWENTY THOUSAND AUTOMOBILES USED PARKING GROUND

More than 20,000 automobiles were parked during the past summer months in the city's public parking space on Meadow street, according to Mr. Omer Desrochers, supervisor of the parking grounds. During 1930 some ten thousand cars were parked, which is half the past year's total.

The parking ground was specially popular at night, according to Mr. Desrochers. Those using it in the day time were mostly business men, but in the evening many left their cars there while they attended a show or spent the evening shopping.

chell; gertrudes, ten nighties, six dozen diapers, seven pairs of booties and four sweaters.

Part of the activities during the past year included the making of thirty-two pairs of booties, thirty-six sweaters, fifty-one dozen diapers, fifty-eight gertrudes, forty dresses, forty shirts and twenty-three handkerchiefs.

Donations received by the League included six pairs of knitted pants, ten bonnets, nine blouses, seventeen dresses, two waists, four pairs of wool stockings, one kimono, seven petticoats and three pairs of mittens.

During yesterday's meeting further arrangements were made for the fashion show which is to be held in March. At the conclusion of the meeting tea was served by the Misses E. Van Roder, and Margaret Haicht.

EXHIBITION OF FANCY DIVING AND SWIMMING

Excellent Programme Presented by Two Montreal Experts and Members of Local Y. W. C. A. Classes Last Evening.

Swimming scientifically, swimming tricks and diving were cleverly demonstrated last evening at the MacKinnon Memorial pool by Miss Evelyn Edwards, championship swimmer; while Miss Hanna, Y. W. C. A. instructor in Montreal, in her racing exhibition almost made the audience hold their breath so wonderful were her lightning-like graceful strokes as she travelled back and forth from one end of the pool to the other four times without stopping.

Disporting as mermaids and other inhabitants of the water, members of the swimming classes of the Y. W. C. A., under the direction of Miss Van Buxkirk, also presented a splendid programme of aquatic feats, which together with the more professional performances of the visiting swimmers was very much appreciated by the audience, who voiced their appreciation with hearty and continued applause.

The programme consisted of demonstrations of Porpoise diving by the Misses Amethyst Kees, Andrea Hyndman, Madeline Baldwin, Marguerite Robins and Sunny Wilson; stunts, forward and backward somersaults, by Miss Annie Crochetiere and Miss Joyce Goforth; surface diving by Mrs. Downes; log rolling by the Misses Andrea Hyndman, Marguerite Robins and Madeline Baldwin; old man in a tub by Katherine Davey and Claire Angers; curling on back by the Misses M. Baldwin, M. Angers and B. Ames; swimming under water by Mrs. Downes and Miss Andrea Hyndman.

The next act was by Miss E. Edwards, who gave demonstrations of scientific strokes and also entertained the audience and members of the classes with some wonderful tricks, including a submarine with one eye for the periscope; torpedo, with two feet stretched straight; rolling log; hands and feet both out straight; swimming upside down, practically standing on her head; crab-swimming under water; pendulum done by breath control turning under water; and the dolphin, jumps the most wonderful feat of all. This latter consisted of turning under water like a fish and the swimmer gracefully demonstrated her right to the title of champion-swimmer. The "tricks" concluded with the seal.

The class programme then continued with swimming strokes; breaststroke by Mrs. Cattermole; back-crawl by the Misses A. Sangster, Florence Pearson and F. Bradley; the front and back crawl by Miss Edwards and the spectacular demonstration of racing by Miss Hanna.

The lighted candle-race, when the children carried their lighted candles safely from one end of the pool to the other, was won by Kathleen Munkittrick, with Elsie Welsh a close second, while Rita Greenberg and Jeanne D'Arc Richard also did remarkably well.

The next item, called the evolution of a dive from the first posture, included: sitting dive by Sarah Eichenberg, kneeling dive by Katherine Davey, standing-fall-in-dive by Claire Angers, one foot spring dive by Beverly Ames, standing point dive by Elizabeth Quirion, the chain dive by the Misses A. Kees, A. Hyndman, M. Baldwin, Marguerite Robins and Sunny Wilson and breaking drill by the same group.

The next event, a newspaper race, was most amusing. The four girls held the Sherbrooke Record in one hand and read aloud as they swam from one end of the pool to the other. This contest was won by Patty Webster, the other participants being Louise Fortier, Karl Nulmeyer and Barbara Greenleaf.

The diving was one of the most beautiful sights in this truly fine exhibition, and consisted of eight dives: standing-front, running-front, headstand, hand-stand, back somersault and double somersault, with the following girls participating: B. Greenleaf, P. Webster, A. Crochetiere, and E. Quirion. These young swimmers like a winged "mercury" gracefully poised in mid-air, each demonstrated "diving" in a splendid manner, reflecting great credit upon not only their own adaptability but on their instructress, who appeared to take such a friendly and personal interest in each and every act throughout the entire performance. The programme closed with stunt diving by Miss Edwards, who contributed much to the delightful entertainment.

FALLING OFF IN SAVING DEPOSITS IS INDICATED

Reduction, It Is Stated, Doubtless Reflects Purchase by Depositors of Government Bonds in National Service Loan.

OTTAWA, Ont., Feb. 6.—A falling off in the notice or saving deposits in Canadian banks is shown in a statement as of December 31, compared with the month before, the statement was made public by the Department of Finance.

The reduction doubtless reflects the purchase by depositors of government bonds in the National Service Loan. A reduction in the demand deposits is also shown and is probably partially due to bond purchase and also to reductions in both call and current loans in Canada. Both the total assets and total liabilities fell below the three billion mark.

HANDSOME GIFT OF RECOLLECTION TO MR. GEORGE ROBINS

That his old comrades and associates in the Newington shops shall never forget him is the conviction of Mr. George M. Robins, of Margot street, who is enjoying the mellow days of retirement after a full half century of service with the Quebec Central railways. On the occasion of his laying down his charts and sextant at the commencement of the present year he was presented with a beautiful electric clock from the head office staff, which timepiece might, in its fit-toes bring back the messages of the bygone years. But this was not sufficient for the men in the shops, who spent many happy years with their esteemed master mechanic, and yesterday they unostentatiously sent to Mr. Robins' residence a generous cabinet of sterling silver as a token of the respect and esteem in which they held their old chief and associate. Many of the men had been under his supervision for more than a score of years, and to them he had ever been loyal and understanding. For Mrs. Robins the silver gift was accompanied by a lovely basket of roses, with the hope that she may feel included in the expression of goodwill from all the boys in the shops.

CANADIAN NURSES READY TO SERVE IN THE FAR EAST

Senior Nurses in Toronto Have Been Discussing Possible Need for Assistance in China, Although None Have Yet Definitely Signified Their Intention of Going.

TORONTO, Ont., Feb. 6.—That Canadian nurses will be ready to serve under the Red Cross if need arises for them in China was made plain by Dr. Fred W. Routley. When questioned regarding a rumor that twenty-five had already offered themselves for service, Dr. Routley said: "There has been some talk of this, but nothing as yet has been done."

Dr. J. L. Biggar, National Commissioner of the Canadian Red Cross Society, said that some of the senior nurses in Toronto had been discussing the possible need for Canadian nurses in China, but none had made application yet or definitely signified their intention of going. There is a national Red Cross Society in China, and if the need is apparent, no doubt communications will come from the Chinese division.

DISTRIBUTOR

Fish direct from Producers to Consumers frozen by new process with the Wiggle in its tail.

Fish News. — Prices Declined on Fish.

From Atlantic to Pacific Coast the Producers report unusual large quantities of fish caught daily (far more than the market can absorb) probably due to the mild weather prevailing everywhere.

Western Canada is the most affected owing to the fact that great many unemployed took to commercial fishing for a livelihood.

Hence we received instructions to lower prices in all varieties and to sell by any quantities, no orders too small or too large, cart of fish to be disposed of.

7 lb. Choice of Haddock, Cod, Fresh or Salted, Herring.

10 lb. Choice of Mackerel, Salmon "Quail," Pike "Brochet."

13 lb. Choice of Halibut (Chickens) Boned Salt Cod, Finnan Haddies.

15 lb. Choice of Fresh Filets, Smoked Filets, Pickled, "Dore," Western White Fish.

More varieties to choose from, all either fast frozen, (new process) or winter-caught fish of the finest quality. Special prices to Retailers, Hotels, Restaurants and Institutions.

Open until 9 p.m., on Tuesdays and Thursdays. Let us show you how to select fish and avoid disappointment at meal hours.

BRITISH CURRENCIES WERE
STEADY TODAY.

NEW YORK, Feb. 6.—British currencies held steady during early trading today on the local foreign exchanges. The Canadian dollar was bid at 87 1/2 cents in United States funds, 1-16 of one per cent. higher than the previous close.

The pound sterling firmed one-eighth of a cent to \$3.45 1/2.

HOUSE LEAGUE
BASKETBALL OF
MUCH INTEREST

Tigers Defeated Lions in Junior Section, While Comers Defeated Doers and Church of the Advent Downed Tryers in the Intermediate Division.

One Junior and two intermediate House League games featured the basketball activities at the Y.M.C.A. last evening, and the matches proved of much interest. The "Y" boys have acquired considerable skill during the past few weeks, and play a fast and exciting brand of basketball.

In the Junior fixture the Lions fell before the Tigers by the one-sided score of eight to nothing. The play itself was more closely contested than the score would indicate, the Tigers, however, having a slight edge throughout the game.

The line-ups were:
Tigers—C. Katadotis 4, D. Robins, W. Mutchler 2, C. Terrey 2, L. Broadbelt, J. Mutchler and W. Metcalfe.

Lions—L. Murphy, D. Hall, Don Wooten, M. Southgate and G. Lachance.

In the Intermediate games, the Comers and Doers fought a keen battle until the sound of the final whistle. One man rushes and close guarding were the principal tactics employed during this match, the final score of which was 27 to 23 in favor of the Comers.

W. Hammond scored eighteen of the Comers' twenty-seven tallies, being an outstanding player. Ronnie Walsh was the star man for the Doers.

The line-ups were:
Comers—E. Broadbelt 1, J. Lowe 4, D. Wooten 4, W. Hammond 18, Doers—N. Shea 4, H. Gray 6, R. Welsh 10, D. Reid 2, J. Metcalfe 1.

The Church of the Advent defeated the Tryers by 24 to 16 in the second intermediate game of the evening. D. Price, of the Advent team, was in fine form and tallied fourteen points alone. Don Johnston, for the Tryers, scored several long shots which drew much applause from the fans. He was high scorer for the Tryers with eight points.

The line-ups were:
Church of the Advent—M. Douglas 2, D. Price 14, R. Tomlinson 4, M. Price 4, A. Simpson, L. Winget and L. Bachelier.

Tryers—B. Colton 4, N. Shea, D. Hellig 4, Don Johnston 8, W. Johnston and N. Vahakins.

The standing of the teams follows:

JUNIOR LEAGUE				
	Won	Lost	Tied	Pts.
Tigers	2	0	1	6
Lions	0	2	1	1
INTERMEDIATE LEAGUE				
	Won	Lost	Tied	Pts.
Comers	3	0	0	6
Ch. of Advent	2	1	0	4
Doers	1	2	0	2
Tryers	0	3	0	0

TONIGHT'S GAMES AT THE 'Y'

Two interesting basketball games in the City League should be witnessed at the Y.M.C.A. this evening, when Bishop's will encounter the local High School five and the "Y" Blues meet the "Y" Reds. The college boys are in fine form and

Japanese industry is believed to be on a more efficient basis than ever. Large cotton spinners said they were able to continue operations and pay dividends for at least two years, even if the market in China, their biggest, remained tightly closed by boycott or war.

The Japanese currency depreciated approximately thirty per cent after an embargo again was placed on gold.

Compared to the unemployment figures of European nations or North American, those of Japan seem almost insignificant, as they do not exceed 500,000.

DULL TRADING
THIS MORNING
AT MONTREAL

Brazilian, Leader in Early Trading, Had Turnover of Only 245 Shares—Majority of Issues Lower.

MONTREAL, Feb. 6.—Stock prices moved within a narrow range in exceedingly light trading on the Montreal Stock Exchange at the opening this morning. As an indication of the small turnover for the first forty-five minutes, Brazilian was the active leader with a turnover of 245 shares, selling at the unchanged price of 16 1/2. C. P. R. was up 1/4 at 16 1/2. McColl-Frontenac was down 1/4 at 9 1/2. Nickel sold at 8 1/2, unchanged. Smelters dropped 1/2 at 67 1/2. Canadian Car preferred dropped 1/4 at 15.

SUGGESTION PROVIDES FOR
NEW TAX ON BROADCASTING

Radio Listeners Would Contribute Two Million Dollars to Canadian Broadcasting, According to Proposal Made by Canadian Radio League.

OTTAWA, Ont., Feb. 6.—Less than a cent a day from each radio listener would contribute two million dollars to Canadian broadcasting and solve the Canadian broadcasting problem, without placing any burden on the government, the Canadian Radio League declared in a memorandum submitted to the government by a delegation representing the council and executive of the League. The whole problem of Canadian broadcasting was financial, the League declared. Wire facilities existed, stations existed, but neither were being fully used, and until the government adopted a definite policy no real improvement could be expected, the memorandum said.

The delegation was received by Hon. Alfred Durand, Minister of Marine, and urged upon the government the necessity of bringing down a national radio policy at the next session. The policy should guarantee Canadian control, safeguard the three wire companies, and ensure the protection of minority rights. Direct advertising should be eliminated and there should be fewer and higher powered stations, the League asserted.

The present radio situation was chaotic, the League declared, and all development was held up until a policy was decided upon. The station owners wanted to provide better stations but did not want to risk expenditures until sure of their ground. It was imperative that a policy of one kind or another be determined at this session.

"The Canadian Radio problem is fundamentally a financial problem," the League stated to the Minister. "Advertising revenue, except in Toronto and Montreal, is not sufficient to finance first class stations or first class programmes, and will not provide Canadians with the broadcasting service they expect. A government subsidy should not be asked for, but a license fee of three dollars a year would solve the problem. The burden would fall, not on the government nor on the advertisers, but on those who benefit from radio, the listeners. The license fee is the way out of the chaos of today," the League said.

expect a victory. The High School cagers, however, have a different view of the matter. The outcome should be interesting. The team standing at present is:

	Won	Lost	Pts.
"Y" Blues	2	0	4
Bishop's	1	1	2
High School	1	1	2
"Y" Reds	0	2	0

SHOT FIRED AT GOVERNOR
OF BENGAL

CALCUTTA, India, Feb. 8.—A shot was fired today at Sir Stanley Jackson, Governor of Bengal, during a convocation but he was unharmed.

His assailant was a girl student who fired at him five times, each shot going wild. She was arrested immediately with a pistol still in her hand.

She had fired from the women's gallery, but when Sir Stanley heard the report he crouched swiftly and the bullet smashed into the wall behind him. The girl's name is Bima Deva.

Two young women shot and killed C. G. B. Stevens, district magistrate in Bengal last month and were sentenced to spend their lives in a penal colony.

UNCERTAIN DEVELOPMENTS
IN FAR EAST BEARISH
MARKET INFLUENCE

at Toronto and Montreal. The reduction in the dividend rate of General Motors Corporation, Packard Motor Car and other United States companies bore out the prophecies of many authorities that the difficulties of 1931 would result in greater conservation of company assets this year.

In addition, the outstanding example of Distillers Corporation—Seagrams in omitting the current quarterly dividend on the shares led to the fear that other Canadian corporations might follow suit, and the result was increased selling of shares during the latter half of the week. The distillery issue broke more than a point on the news of the dividend omission and touched a 1932 low of 8 1/2, although the price recovered 1/2 to 4 1/2 on Friday. Liquidation was on a considerably larger scale than trading involving the partial recovery in price however. Walkers also moved fractionally higher on Friday, closing at 2 1/2 compared with 3 1/2 a week ago.

International Nickel fluctuated narrowly, completely unaffected by the fact that it is the most important "war stock" in Canada. Nickel alone demonstrated that the Canadian stock market is not in a mood to become excited over a dispute on the other side of the world, particularly since the company has become a far greater factor in peaceful industry than it has during the period between 1914 and 1918.

Shares of Nickel quoted at 8 1/2 at the close of the week showed a net decline from 9 1/2 last week and apart from a brief period of activity at mid-week the stock was no more than moderately active. Brazilian Traction declined from 12 1/2 last week to 12 1/2 this week, while the other market leaders, C.P.R. at 16 1/2 shows a net loss of 1/4, and Ford of Canada "A" has lost 1/4 at 13 1/2 on trading that is notable only for its extreme dullness. Reports that the Ford Company of Canada may follow the example of the United States company in bringing out new models had no more effect on the stock market than settlement of the United States railway wage

dispute had upon C.P.R. Indeed, the market seemed oblivious to almost everything except its own condition of lethargy and extreme caution. Time worn statements in brokerage circles to the effect that "stocks are now in a buying range," failed to make much impression on traders who have heard the same story for months—at the same time standing before quotation boards that record nothing but the disheartening story of continued recession in values.

Steel issues aroused a fair degree of trading activity but price changes were not decisive. Steel of Canada common at 20 showed a loss of 1/2 for the week, and Page Hersey Tubes dropped sharply at the close of the week to 55 compared with 62 a week ago. Smelters sold at 68 1/2 last week and shows a loss of a point, while Dominion Stores at 17 1/2 is unchanged, and Massey-Harris quoted at 3 1/2 last week was quiet and showed no definite trend throughout the week.

Oil stocks were interesting as a barometer of stock market activity, or rather the lack of it, since these shares experienced record dullness with narrow and meaningless price changes, despite the fact that reliable reports indicate a satisfactory year for Imperial Oil, International Petroleum and British American Oil. Petroleum companies have had their own problems to meet in a period of business depression, not the least being the competition of so-called "bootleg" gasoline, yet the leading companies are said to have completed 1931 with earnings figures that will make relatively pleasant reading for their shareholders. Closing quotations for the Canadian oil group leaders mean little however, from the standpoint of 1931 results; instead they represent the ebb and flow of a sluggish stock market entirely lacking in decisive price tendencies. Imperial Oil at 9 1/2 last week is practically unchanged, and International Petroleum at 10 1/2 shows a loss of 1/4 for the week. British American Oil is quoted at 10 1/2, unchanged, while McColl-Frontenac is 1/4 lower for the week at 9 1/2.

Recessions in industrial share prices acted as a depressing influence on mining stocks and the majority of mining securities show net declines. Demand for gold

has been fairly well maintained in the case of dividend paying members of the group but base metals were irregular and as a group they are lower. Noranda was particularly affected by the weakness of the copper metal market—in sharp contrast to the theory that, as a copper stock, it should have strengthened on the news from the Orient, and at \$16 Noranda is at the identical level of a week ago.

INVESTIGATION IS URGED
INTO PRICE OF GASOLINE

OTTAWA, Ont., Feb. 6.—Investigation of gasoline prices would be made by a parliamentary committee, if the House of Commons adopted a resolution standing in the name of R. Thomas Donnelly, Liberal, Willow Bunch. It states "the price of gasoline to the Canadian consumer has for some time been too high" and then recommends investigation by the banking and commerce committee of the House.

OTTAWA, Ont., Feb. 6.—Expenditures due to the Great War cost Canada \$56,527,377 during the financial year which ended March 31, 1931, according to the Auditor-General's report tabled yesterday in the House of Commons. That amount does not cover any part of the interest on the public debt representing war loans. The largest item was \$44,171,229 for war pensions.
