FIRST GREAT PEACE CONFERENCE OF WAR HELD IN ROME

Sir Edward Grey, British Foreign Secretary; Gen. Pau, French Commander, and Turkish Leaders Were Present. Greatest Secrecy Maintained as to What Was Accomplished. Believed Preliminary Discussion Looking to Separate Peace For Austria Took Place.

Toronto, April 19.—(Special)—The Toronto Globe has the following cable from Rome:—

The first great peace conference of the war has just been concluded here. How much was accomplished, if anything, cannot now be stated. Such elaborate measures to preserve secrecy have been adopted that it is doubtful, even, if this letter will get through.

SIR EDWARD GREY PRESENT.

The great significant fact is that Sir Edward Grey, the British Foreign Secretary, came to Rome to take part in this peace conference, arriving here on April 6; that General Pau, the distinguished French commander, who has been making a triumphant tour in Russia and the Balkan countries, arrived here April 8, to attend the meeting on behalf of France, and that while here these two representatives of the Allies met three prominent Austro-Hungarian statesmen and an important delegation from Russia.

TURKEY REPRESENTED.

It is public knowledge that at this time two very prominent Turks, Carasso Effendi and Midhat Chury Bey, made it convenient to be here. These Turkish leaders took a prominent part in the preliminary negotiations for peace in the Turco-Italian war, and although they deny publicly that they are now here on such business, the impression is strong that the sudden gathering of world-famous diplomats cannot be explained in any other way than as a preliminary discussion looking to a separate peace for Austria.

CARPATHIAN OPERATIONS HAMPERED BY BAD WEATHER.

Toronto, April 19.—(Special)—A cable to the Toronto Globe says:— "A Copenhagen despatch says it is reported that a sudden Russian storming attack has just been delivered between the Pruth and the Dniester. Reports from the eastern theatre imply that operations in the Carpathians are hampered by the bad condition of the roads. This obstacle in the way of the Russian advance has given the enemy time to reinforce. German reinforcements hurried to the defence of Hungary were intercepted by a stronger Russian force on the banks of the Dunajec and forced to accept battle while endeavoring to join the Austro-Hungarian army on the slopes of the Carpathians."

WEATHER CONDITIONS IMPROVE IN BOTH FRANCE AND BELGIUM

General Headquarters of the British Army in France, April 19, via London.—The mud element which has so hampered both armies during the winter operations in France and Belgium now has practically disappeared along the British front. Dismal rainy days have given way to almost unbroken weeks of sunshine, which has dried up the roads, trenches and lines of communication, making the soldier's life a paradise compared with former conditions.

With the coming of clearer weather there also has been a marked increase in the number of aeroplane reconnaissances on both sides, as a cloudless atmosphere is just what the observers want. Half a dozen aircraft manoeuvred over Ypres all Saturday afternoon. The majority were British attempting to bring down a German flyer who was trying to spot batteries at the rear of the British lines.

NO CHANGE IN BRITISH FRONT.

Broadly speaking, there has been no change in the British front since Neuve Chapelle, trench warfare continuing along the whole line with only a few casualties here and there daily.

ARMIES INACTIVE

The Associated Press correspondent spending the afternoon in the British trenches at Ploegsteert, less than 100 yards from the German line, found the contending armies comparatively inactive. The men, secure behind ramparts and sandbags, merely did some sniping occasionally and now and then set loose a trench mortar.

This sort of thing has persisted for weeks and generally describes the condition along the entire front. The monotony is relieved only by such dashes as those which took place at Neuve Chapelle or the actions of the French who are now engaged at certain places. Artillery, both German and British, is keeping up only a desultory fire, shells criss-crossing and swishing overhead at intervals during the day and night.

At one point, where the trenches are less than 200 yards apart, the correspondent saw three British shells fall in the German lines, one striking a plumb in a trench and hurling debris high in the air. The Germans lately are using less artillery than the British, failing to reply even to persistent shelling except where from their many observation posts they sight movements in the British lines.

ACTIVITY OF FRENCH ARMS IN ALSACE

Paris, April 19.—The activity of the French arms in Alsace and along the border of Lorraine is gradually increasing to the proportions of a general offensive, which has as its object the occupation of the lost provinces. The German defence of this region, as elsewhere, is stubborn, but in the face of it the French forces are making headway.

Further progress has been made in the region of Schœnenbergkopf the capture of which was announced yesterday. The scene of this fighting is about 25 miles southwest of Colmar, a city on the Lauch River, towards which two, and possibly three, offensive drives seem to be converging.

A little to the north of Schœnenbergkopf, on the other side of the Pecht River, there has been an attack by the Germans on the trenches on little Reichackerkopf. The attack, says the War Office, which was repeated three times, has been repulsed and the enemy driven back. This locality is but a short distance from Muenster, a town which guards the principal highway from the west to Colmar.

RUSSIAN ARMY ADVANCING INTO HUNGARY

Petrograd, April 19.—(Dispatch to the London Morning Post)—The fighting in the Carpathians on the main line of the Russian advance has been concentrated on the narrow section lying between the villages of Telepovec and Zuerlia. The latter is situated fourteen miles almost due south from Baligrod, and Telepovec is four miles west by north of Zuerlia.

The scene of this fight which has been in progress for a couple of days only, is twenty miles from Homonnay, so that the Russians are already technically in Hungarian territory, and over the remaining half are within only a few miles of the dividing line between Galicia and Hungary.

FRENCH OFFICIAL STATEMENT

Paris, April 19, via London.—(Special)—The War Office this afternoon gave out the following statement:—

"British troops yesterday, captured in Belgium, near Zwartelen, two hundred yards of German trenches. These have been retained in spite of several counter attacks."

"We have been successful on both banks of the River Fecht, in Alsace, and our advance is being pressed forward on the north bank. We have gained possession of the summit of Burgkorf to the southwest of Schillekerwasser, which directly commands the valley. On the south bank in the region of Schœnenberg, we have made notable progress, our troops marching from the south to the north in the direction of the Fecht and Metzere, which is southwest of Colmar in this district. We made an important gain with the occupation of a series of elevations, the northernmost height of which commands the course of the Fecht in front of Burgkorf."

"In the course of this action we captured a division of mountain artillery, two cannon of 74 millimeters calibre and two machine guns. The German aeroplanes which flew

TURK TORPEDO BOAT DESTROYED BY BRITISH SHIPS

Made an Attack on Transport Carrying British Troops in Aegean Sea

BRITISH SUBMARINE E-15 WRECKED IN DARDANELLES AND 24 CREW HELD AS PRISONERS.

London, April 19.—The British Admiralty, in a statement issued Saturday night, announced that a Turkish torpedo boat had been sunk in the Aegean Sea. The text of the Admiralty's statement follows:— "The transport Manitou, carrying British troops, was attacked by a Turkish torpedo boat in the Aegean Sea this morning. The Turkish boat fired three torpedoes at the transport, all of which missed the mark. The torpedo boat then made off, but was chased by the British cruiser Minerva and British torpedo boat destroyers and was finally run ashore and destroyed on the coast of Chios, in Kalamuti Bay. The members of the crew of the Turkish warship were made prisoners.

"It is reported that about one hundred men on board the transport lost their lives through drowning, but full particulars have not yet been received."

FIVE GERMANS ARE AMONG THE PRISONERS.

London, April 19.—A Chios despatch says there were five Germans, including the captain, among the crew of thirty on the Turkish torpedo boat which ran ashore after being pursued by the allied warships. The transport which the Turk tried to torpedo in the Aegean proceeded on her voyage.

When chased the Turk tried to dodge among the small islands, but soon realized that it was impossible to escape, and having rounded the south of the island, beached his boat on the rocky shore.

SAY ENEMY SURRENDER TO GREECE.

Athens, April 19.—It is stated here that the commander and crew of thirty of the Turkish torpedo boat which ran ashore on the coast of Chios when pursued by allied warships have surrendered to the Greek authorities and will be interned.

TWENTY-FOUR SAILORS DROWN; 27 MISSING.

London, April 19.—An official statement from the British Admiralty issued last night gives the substance of a further report concerning the loss of life aboard the transport Manitou, which was attacked by a Turkish torpedo boat in the Aegean Sea. The report shows that 24 men were drowned instead of 100, as first reported, and that 27 others are missing. The transport itself was not damaged.

The loss of life was due to the capsizing of one boat in the water and another while being lowered, owing to the breaking of a davit.

BRITISH SUBMARINE E-15 WRECKED IN DARDANELLES.

Constantinople, April 19 (by way of Berlin and London).—The following official statement was issued by the War Office yesterday:— "The British submarine E-15 has been sunk in the Dardanelles east of Karantik. Three officers and 21 men of the crew of 31 were rescued by the Turks. Among them was the former British vice-consul at Dardanelles."

London, April 19.—The British Admiralty, in a statement issued yesterday afternoon, announced that the submarine E-15 ran ashore Saturday on Kephaz Point, in the Dardanelles, while attempting a difficult reconnaissance of the Kephaz mine field.

The statement said that, according to an official communication published at Constantinople, the officers and men were rescued and made prisoners.

GERMANS GIVE UP OFFENSIVE ON FRENCH FRONT

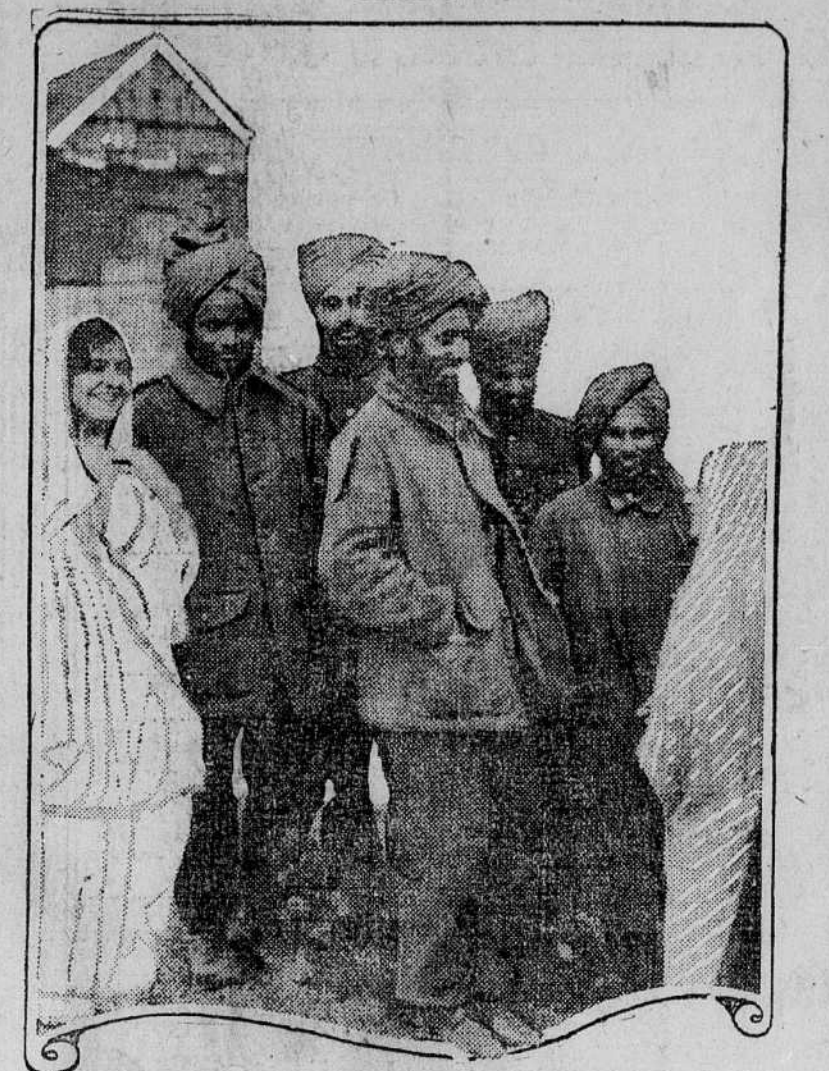

Rome, April 19.—(Special)—Official communications received by the Italian Cabinet, and statements made by Germans in official circles, have given the impression here that the German General Staff has abandoned plans for a general offensive movement on the French front and has decided simply to maintain the defensive.

This information has caused a deep impression here because it is believed to signify that Germany has no hope of penetrating further into French territory.

CANADIAN CASUALTIES

Ottawa, April 19.—The casualty list of the Canadians with the overseas expeditionary force contains the names of three of the Princess Patricia's killed in action, and four of the same corps wounded.

THAW MAKES PLEA NOT LACKING FOR JURY TRIAL IN DISCIPLINE

To Determine Whether he is Sane and Entitled to His Freedom

COUNSEL FOR THAW SAYS JURY TRIAL IS NECESSARY TO REACH DEFINITE DECISION

New York, April 19.—(Special)—Harry K. Thaw's application for a jury trial to determine whether he is sane and consequently entitled to be freed was set for argument before Supreme Court Justice Hendrix today.

It was expected that John B. Stanchfield would present the main contentions in Thaw's behalf and that the State would be represented by Deputy Attorney General Cook. Thaw's counsel assert that conflicting conclusions have resulted from the various inquiries which have been made in the question of his sanity, and that a jury trial is necessary to a definite decision. Heretofore the hearings on Thaw's sanity have been held without a jury.

THAW EXPECTS SANITY TEST

MOTION TO THIS END WILL COME UP IN SUPREME COURT TO-DAY.

Boston, April 19.—Harry K. Thaw not only expects a jury test of his sanity, but has strong hopes that the Attorney-General's office will join with his counsel in supporting the motion to this end when it comes up for argument in the Supreme Court at New York to-day, according to Thaw's mother, Mrs. Mary Copley Thaw, who was here on Saturday.

EXTEND SESSION OF HUNGARIAN PARLIAMENT

Venice, April 19, via London.—(Special)—As the terms of members of the Hungarian Parliament expire on June 20, the Government will introduce a bill at the session opening to-morrow extending the term by mandate of Parliament for another year. This will prevent Parliament's dissolution if the war ends before June, 1916.

YUKON RIVER ICE BREAKING UP

Dawson, Yukon Territory, April 19.—(Special)—The Yukon River ice is breaking up the earliest in history. The river was open to-day from White Horse, the head of navigation, to Lake Labarge, sixteen days earlier than last year.

GERMAN FORCES REDISTRIBUTED IN EAST AND WEST

Geneva, April 19.—(Special)—A Vienna despatch to the Tribune says that at a council of war presided over by Field Marshal Von Hindenburg it was decided that the Austrian heavy artillery now before Verdun (in the Department of Meuse, France) should be transferred to Poland, and that the Hungarian cavalry now on the western front be sent back to Cracow.

GREEK STEAMER TORPEDOED

Sunk in the North Sea Without Any Warning From the German Pirates

CREW OF 21 RESCUED BY THE NORTH HINDER LIGHTSHIP AND BROUGHT TO HOL- LAND

The Hague, via London, April 19.—The Naval Department announces it has been informed that the Greek steamer Ellipsantos which left Ymuiden, Holland, Saturday, for Montevideo, Uruguay, has been torpedoed in the North Sea. Her crew of 21 with a Dutch pilot were rescued by the North Hinder Lightship. They will be brought to Holland.

The Ellipsantos was a steamer of 1,923 tons. She was built in 1906 and was owned by L. and M. Embricos Brothers, of Andros, Greece. The steamer arrived at Amsterdam on March 10 from Rosario, Argentina.

PIRATES GAVE NO WARNING

London, April 19.—The crew of the Greek steamer Ellipsantos, torpedoed yesterday by a submarine five miles west of North Hinder Lightship, has arrived at Flushing, according to a despatch to Reuters' Telegram Company. The captain, who was badly wounded, and was taken to the hospital, said his steamer was torpedoed without warning. The crew got away safely in boats, however, and rowed to the lightship.

The Ellipsantos was on her way to Buenos Ayres to get grain for the Dutch Government. She was going out empty.

GERMANY WILL PAY FOR KATWYK

NO TENSION IS FEARED — AN APOLOGY WILL BE MADE TO NETHERLANDS.

Berlin, April 19.—(via wireless to Sayville).—Among the items given for publication yesterday by the Overseas News Agency is the following: "An official investigation of the torpedoing of the Dutch steamer Katwyk near the North Hinder lightship in the North Sea on April 14, is still pending. If it is shown that the vessel was sunk by a German boat Germany will be ready at once to pay damages and apologize according to the provisions of international law. No tension between Holland and Germany is feared."

FOOD SHORTAGE IS SERIOUS IN HUNGARY

Ancona, Italy, April 19.—(Special)—Information received here from Fiume (the chief seaport of Hungary) is to the effect that the food shortage there is assuming serious proportions, especially the lack of bread. While the bread which is supplied costs sixteen cents a kilo (two pounds) its chief ingredients are potatoes, barley and ground straw, with a very little wheat.

HEAD OF REUTER'S AGENCY TAKES HIS OWN LIFE

London, April 19.—(Special)—Baron Herbert de Reuter, managing director of Reuter's Telegram Company was found dead yesterday at his home near Reigate, Surrey. A discharged revolver was found near his body, and the authorities declare that there is little doubt he committed suicide.

Baron de Reuter was prostrated by the death of his wife last Thursday. Her body is still in the home awaiting interment. Their only son is in the army.

MAXIM GUNS SHIPPED AS VEGETABLES

Geneva, April 19.—(Special)—As a result of a railway accident, Swiss customs officers discovered yesterday that a sealed car marked "vegetables," shipped from Genoa to Germany, was loaded with Maxim guns. The artillery was sequestered. Seven cars consigned by an Italian firm to Frankfurt were seized at Como, when it was found they contained sulphur, copper and other contraband. This merchandise was confiscated.

FAMOUS AVIATOR CAPTURED BY GERMANS

Berlin, April 19, by wireless to Sayville.—(Special).—The report on the progress of hostilities given out to-day by the war office relates that Lieut. Boland G. Garres, the famous French aviator, has been made a

RUSSIA TO OCCUPY CONSTANTINOPLE

Russian Leader Says This Has Been Agreed Upon With the Allies

PROGRAMME OF CAZAR WAS FOR LIBERTY IN THE BLACK SEA WITH POSSESSION OF THE STRAITS.

Rome, April 18, via Paris, April 19.—The Sunday Messenger publishes to-day a long interview had in Petrograd by its correspondent with Professor Paul N. Milukoff, leader of the Constitutional Democratic Party in the Russian Duma. Professor Milukoff said Russia was ready to fight for one year, or two years, if necessary. The momentary successes of the Germans did not disturb Russia's patience, as the people knew that this was a war of resistance and wearing down, and that time was the best ally of Russia.

The Russian programme, Professor Milukoff continued, was liberty in the Black Sea with the possession of the straits leading from it, evidently implying that Russia purposed to occupy Constantinople in the event of the success of the Allies. A written agreement in this sense, Prof. Milukoff said, already had been concluded between Great Britain, France and Russia. He was not sure whether this agreement included the islands of Tenedos and Imbros, which, according to the conference of London in 1913, it was decided should belong to the power in possession of the straits.

HON. MR. KANE FOR UPPER CHAMBER

MINISTER OF PROVINCIAL COUNCIL WITHOUT PORTFOLIO SUCCEEDS HON. JOHN SHARPLES

Quebec, April 19.—Hon. John C. Kane, Minister without portfolio in the Provincial Cabinet, has been appointed to the Legislative Council for the district of Stadacona. He will fill the seat left vacant by the death of the late Hon. John Sharples.

JAPANESE HAVE NO NAVAL BASE AT TURTLE BAY

Washington, April 19.—(Special)—Any doubt that may have existed in the minds of Administration officials as to the purpose of Japanese operations on Turtle Bay, Lower California, it was believed here to-day, had been set at rest by the report of Commander Noble E. Irwin, of the cruiser New Orleans, that there were no indications of any activity except salvage work on the stranded cruiser Asama.

GERMAN IN COMMAND OF TURKISH ARMY

Constantinople, April 19, via London.—(Special).—Field Marshal Baron Kolmar Von Der Goltze has been appointed commander-in-chief of the first Turkish army.

Field Marshal Von Der Goltze recently returned to Constantinople from a trip to Berlin, the object of which is reported to have been to urge the German Government to send an army to attack Serbia.

NO CLASHES ON FRONTIER

Rome, April 18, via Paris, April 19.—For several days stories have been circulated concerning several reported frontier incidents between Italy and Austria. It has even been said that soldiers of the two countries exchanged shots. From an official investigation it appears that nothing of the kind has happened.

NOTES OF NEWS FROM AYER'S CLIFF

Mr. A. G. Clough Will Rebuild Business Block Recently Destroyed by Fire

ANOTHER INDUSTRY WILL START HERE IN SHORT TIME--MANY SOCIAL EVENTS HELD

Ayer's Cliff, April 19 (Special)--It is understood that A. G. Clough will rebuild his block recently destroyed by fire. He is already clearing away the debris from the recent fire.

REMOVING OLD LANDMARK

The old landmark tree in front of the County Hall is being rooted up and removed. The change will be an improvement yet the old tree will be missed as it stood in the middle of the sidewalk.

WILL ERECT SASH AND DOOR FACTORY

Mr. Chas. Robinson has the cement work completed on the lot beside his residence and will shortly erect a sash and door factory. He has been granted exemption from taxes for a term of ten years. This will be the second manufacturing industry in the place and the public hope for a successful business.

MANY SOCIAL EVENTS

Monday started the week's "doings" here, with a social held at the home of Mr. and Mrs. E. P. Lyon. A good many young people were present and a pleasant evening enjoyed. The proceeds were over \$6.00.

Wednesday afternoon the W. C. T. U. held an "at home" at Mrs. E. G. Davidson's house. An interesting programme was given consisting of readings and papers by Mrs. A. E. Fish, Mrs. F. A. Johnston, Mrs. A. A. Drew, Mrs. Churchill Moore, Mrs. E. P. Lyon, and solos were sung by Mrs. F. A. Johnston and Mrs. W. E. Hurd. Dainty refreshments were served in the dining room. Mrs. Buck and Mrs. Fish served, assisted by Mrs. Leonard and the Misses Buck. The door was attended by Miss Dorothy Fish.

Wednesday evening, about forty young people gathered at the home of Miss Opal Standish. When all were gathered Miss Laura Fish was ushered in and much to her astonishment was presented by Miss Anderson, on behalf of those present, with a beautiful cameo and pearl pendant, as a slight token of esteem and love. In which she is and always will be held by her life-long friends and schoolmates in Ayer's Cliff. Miss Fish has many friends here who regret her departure to Montreal, where she will enter the General Hospital for a course in nursing. Dainty refreshments were served and a lot of games introduced in which all entered into with spirit and laughter. The company broke up at a late hour all wishing Miss Fish all kinds of success.

Thursday afternoon Mrs. Gay Libby entertained St. George's Guild. A substantial supper was served to about fifty.

Friday evening an informal dance under the auspices of the band was given in the County Hall. Director Turcotte's Orchestra furnished music for about thirty-five couples.

PRESENTATION TO THE MISSES BALDWIN

Saturday night over forty ladies gathered at the home of Mrs. Wyman. When all had arrived the Misses Clara and May Baldwin were sent for in a great rush. Thinking something terrible had happened they dropped hats, flowers and ribbon and flew in great haste. When they were ushered into a darkened room, the lights suddenly flashed on and they found themselves standing in the center of the company. Mrs. E. G. Davidson read a fitting and pleasing address and on behalf of the company presented each with a beautiful garnet and pearl pendant as a slight remembrance of the friendship they are leaving at Ayer's Cliff. Although taken by surprise both young ladies replied in well chosen remarks thanking their friends for their patronage and kindness during the past five years that they have made their home here and conducted a millinery business. Three cheers for the "Baldwins" were given. "Tipperary" and "Auld Lang Syne" were sung and the company broke up. Thus one week's "doings" was brought to a close.

NOTES.

The marriage of Miss Hazel Duthie to Mr. Willard Rexford is announced.

THE MISSES BALDWIN

The Guild will hold a social in the County Hall Thursday evening, April 29th. Supper will be served from 6 to 8 after which a good programme will be given including the farce, "How the Story Grew".

The Patriotic Society will hold its monthly meeting Wednesday evening at the home of the President, Mrs. C. L. Brown.

The Elementary Department of the School is closed on account of scarlet fever. There are only two families quarantined at present. Mrs. Jas. McFadden is shut in with two children and Mrs. Taylor's family. Dr. Brown is taking every precaution to prevent the disease from spreading.

LIFE IN THE TRENCHES.

Cookshire, April 19.-[Special]-
Mrs. Robert Westgate has received
the following letter from her son who
joined the Alberta Dragoons and is
in France with the First Contingent.

Have found time to write a few
lines, we have been busy all week.
Monday night some of us went up in-
to the trenches and spent 24 hours
there, we were attached to a Winni-
peg battalion, the "Black Devils",
and we went into the trenches about
7.30 p.m. It was quite dark and we
were in safety, we found the trenches
quite dry and with the many dug-
outs the men were able to make
themselves fairly comfortable.

My mate and I were attached to a
section whose duty it was that night
to go out in front of our trenches and
reconnoitre; our trenches were only
about 300 yards from the Germans,
at any rate, we left our trenches,
eight of us, and moved toward the
German lines, but we moved slowly
indeed, it was dark and hard to see
ahead any distance but when the
rockets were sent up it lit up all
around us and for once I was glad
that I was not over large or fat for
I hugged the ground much closer.

It would be almost suicide for any
one to show himself or to be seen
when these rockets go up as they
would turn their machine guns
loose on us. When we got a few
yards out from our own trench two
of us went out to search on old road
as we thought a German patrol was
out there but lucky for them and
perhaps also for us, we saw no one.

We got up within about forty yards
of their trench, we were out over two
hours and I was glad when I found
myself back in our own trench.

The rest of the night was very
quiet just a few shots now and again
to remind each other that we were
still in the job. About 5 a.m. we

LETTERS FROM E. T. SOLDIERS
WITH OVERSEAS CONTINGENT

PRIVATE FAULKNER OF SHER-
BROOKE HAS BROKEN AN-
KLE BUT WANTS TO
GET TO FRONT.

In a letter written from Shorncliffe
to Mr. Frank Fairbrother, 240 Wel-
lington St., Private Albert Faulkner,
a member of the 53rd Regiment
says:-

"We have moved to Shorncliffe for
a few waiting orders as usual.
I am laid up with a broken ankle.
I was wrestling with another fellow
when I bent right back over my leg
and broke the ankle. I may have to
come back to Canada again, the med-
ical Board meets next week and I
have to go before them, but I am
not coming back if I can help it."

"We are close to the sea here and
we can see the cliffs of Calais over in
France on a clear day. But France
is so near, yet so far! I will be glad
when we get there."

"We are two miles from Folke-
stone, a great seaside resort, and I
am told that it is filled with Belgian
refugees, but I don't know much of
this place as I can't even walk yet.
I go on crutches all the time, they
consist of a baseball bat and a
broomstick. I travelled on them by
train from Salisbury to Shorncliffe
and on the station all the people
thought I was wounded from the
front. Just my luck to get laid up
when all these big spring operations
are coming off. Well, if I am barred
from the infantry battalion, I can
join the Flying Corps."

WHAT IS DOING
IN GRANBY TOWN

Convention of Provincial Mission
Branch of Congregational
Church Well Attended

INTERESTING ADDRESSES WERE
GIVEN BY MISSIONARIES
WHO HAD SPENT SEV-
ERAL YEARS IN
THE FIELD.

Granby, April 19.-[Special]-The
Quebec Provincial Branch of the Can-
adian Congregational Women's Board
of Missions held its 22nd annual con-
vention in the Congregational Church
on Wednesday and Thursday. Mrs.
John Leslie, of Montreal, presiding.
The secretary, Mrs. Wm. Black, read
the report, which was very encour-
aging. The treasurer, Mrs. C. H.
Bennett, in giving her report, said
in spite of the financial depression on
account of the war the treasury was
in better condition than last year at
this time.

In the reports which followed re-
port was expressed that there were
not more mission bands among the
children, while other departments
showed splendid work done.

The children's hour was much en-
joyed and consisted of drills by four-
teen boys and chorus by six young
girls. Mrs. Wakefield gave a most
interesting talk on Labrador for the
benefit of the girls and boys, and it
was listened to with close attention
and pleasure.

Wednesday evening Mrs. Read, for-
merly a missionary to Chisambra,
gave a little review of the work

done. She went out 23 years ago,
and for 10 years Africa was her
home. When she went out 23 years
ago it took 21 days to cover a
distance of 300 miles through the
inland route in reaching her destina-
tion. The same distance is now
covered in two days. Twenty-three
years ago the school was attended
by a dozen boys, while to-day 600
people attend service, and after a
few years more it will be 1,000.

Mrs. Wakefield in a very bright and
spicy manner gave an illustrated talk
on Labrador. The pictures were very
fine and were taken by herself and
Dr. Wakefield. The audience was
captivated by Mrs. Wakefield's vivid
descriptions and intimate way of
expression. Mrs. Wakefield is the
wife of Dr. Wakefield, of the Labra-
dor Mission, which is part of the
Royal National Mission to deep-sea
fishermen. Dr. Wakefield is now at
the front with the Newfoundland
Contingent.

The convention closed on Thursday
noon with routine business. The elec-
tion of officers resulted as follows:
Mrs. Read, President; Mrs. Leslie, 1st
Vice-Pres.; 2nd Vice-Pres., Mrs. Ab-
bott; Secretary, Mrs. Black; Treasur-
er, Mrs. Bennett.

NOTES.
Mrs. F. A. Todd and Miss Roma
Todd are guests of Mrs. E. C. Mc-
Combs; Mrs. J. B. Payne and Mas-

real; Mr. and Mrs. J. C. Barr the
week-end with friends at Westmont;

Mrs. J. C. Barr on Wednesday and
Thursday; Mr. S. P. Wallace, of Wa-
terloo, guest of his daughter, Mrs.
A. Wallace, last week.

young girls in honor of her niece,

tie Baker, of Montreal, to their Pond

tal, Montreal, had undergone a suc-
cessful operation for appendicitis.

GERMANS ARE CLIMBING DOWN

CORRESPONDENT SAYS THERE IS NO SERIOUS THOUGHT OF GERMANY RETAINING BELGIUM.

Amsterdam, via London, April 19. The Cologne correspondent of the T-jid, discussing peace conditions, says: "There is no serious thought in competent circles in Germany of retaining Belgium. Within a few weeks some surprising statements on this matter may be expected. The leaders of German opinion are now agreed that the aims of the war will have been reached as soon as Germany's national existence is guaranteed and her colonies are secured."

THIRTY KILLED BY GERMAN BOMBS

AVIATORS USED DEADLY EXPLOSIVES IN AN ATTACK AT AMIENS

Northern France, Sunday, April 19.—At Amiens, Friday, thirty persons, mostly civilians, were either killed or wounded by a single bomb dropped from a Taube, which proves that the Germans are using more deadly explosives than ever before. Twenty-two houses were destroyed outright and many others were seriously damaged.

Several incidents show the effectiveness of Germany's newest explosive. Madame Bellidant, 63 years of age, who lived in Rue de Gauthier, was decapitated at a distance of two hundred feet. Madame Helene Dupont, while at work a hundred feet from the explosion was struck by a piece of ragged steel and also decapitated.

CHASED BY SUBMARINE

C. P. R. Liner Missanabie Eluded German Underwater Craft Off Coast of Ireland

HAD MANY PASSENGERS ON BOARD INCLUDING CANADIAN SOLDIERS RETURNING FROM THE FRONT.

Halifax, April 19.—The C.P.R. liner Missanabie arrived here Saturday and reports being chased by German submarine when just out from Liverpool.

The Missanabie left Liverpool on the night of Friday, April 15th. She had seventeen hundred and thirty-five passengers on board, many of them soldiers returning home to Canada from the front.

The crew of the vessel and her passengers were congratulating themselves on having passed safely through the submarine zone, when off the north coast of Ireland on Saturday morning, a German submarine boat was sighted not a quarter of a mile away. The engines of the liner were put full steam ahead, and a contest between the ship and the submarine began. The latter tried to get the Missanabie into a position where she could torpedo her, but the liner's speed was too great and, deftly manoeuvred by her captain, she drew away into safety.

INTERESTING DEBATE AT COWANSVILLE.

Cowansville, April 19.—(Special)—The final debate in the Cowansville Academy Literary and Debating Society was held in the Town Hall on Friday evening. A large assembly was present. The question for debate was, "Resolved, that more knowledge is gained by travel than from books." The affirmative was upheld by Henry Hall and George Moore, while the negative was supported by Doris Lewis and John Wheeler. Principal Percival explained the purpose of this Debating Society. The first speaker on the affirmative, Henry Hall, mentioned the definition of "knowledge" first, and then gave the proofs of all correctness of this definition, by which he proved the resolution. The first speaker on the negative, Doris Lewis, replied to this speech, proving the negative in her own way. The second speaker on the affirmative, George Moore, replied, giving various reasons which he considered proved the affirmative of the resolution, to which John Wheeler replied. The first speaker of the affirmative then summed up the remarks of the various speakers. The judges then retired to consider their decision and returned a verdict in favor of the negative.

The commitment at the grave in Elmwood cemetery was said by the Rev. W. H. Moorhead.

The choir, by special request, sang "My God, My Father," "As Pants the Hart," and "Jesus, Lover of My Soul."

The bearers were Messrs. George Turner, Joseph King, Oliver Gendron, William Harmer, Walter Coleman and Harry Allen, and the mourners were the sons and daughter of deceased, Mr. S. W. Brian, Boston; Mrs. R. W. Cooper (Edith Brian) and Mr. Cooper, Somerville, Mass.; Mr. and Mrs. John Brian, York, Pa.; Mr. and Mrs. Harry Brian, Sherbrooke; Mrs. Daniel (Violet Brian), Hamilton, Ont.; Mr. and Mrs. W. C. Bailey (Lily Brian) Plymouth, N.H.; Mr. A. Brian, Cobalt, Ont., and Mr. William Johnston, an old friend of deceased.

The floral offerings were beautiful, from the family and friends, and so numerous that a special carriage was required to carry them to the grave. The late William Brian, who was 65 years of age, was born in Peterborough, England, and came to Canada with his wife and young family in 1883. After remaining a few months at East Angus he came to Sherbrooke where he had lived ever since, the greater part of the time in his house in Birch street.

The death of Mrs. Brian, which occurred last July, was a sad blow from which her husband never recovered, but he remained at the old home till November when he was persuaded to spend the American Thanksgiving with his daughter, Mrs. Bailey at Plymouth, N.H., and later passed the Christmas season with Mrs. R. W. Cooper, at Somerville, Mass., where he was taken ill on the first of January. Since that time he had been confined to bed, except for a few short periods, and had steadily failed till the end came.

SHEEP SHEARING DEMONSTRATIONS

Were Held at The Experimental Farm and Other Farms in District

GOVERNMENT AND MACDONALD COLLEGE EXPERTS SPOKE ON GRADING OF WOOL.

Mr. A. A. MacMillan, sheep expert of Macdonald College, gave demonstrations on Friday last in the Lennoxville district on shearing, rolling and tying up fleeces. Three meetings were held, the first taking place at Mr. W. Loomis' farm on the Waterville road, the second at Jas. Woodwards, Moulton Hill, and the last at the Experimental Farm. There were good attendances at each place, especially at the Experimental Farm, where over forty were present.

Mr. MacMillan showed the different grades of wool, thereby emphasizing the importance of grading for the market, and in a convincing manner he pointed out to the farmers why they should join the Sheep Breeders' and Wool Growers' Association, as all wool had to be graded either before or after marketing. He also dealt with the docking, &c., of lambs.

At the Experimental Farm, Mr. J. D. Thompson, expert wool grader from the live stock branch, Ottawa, made some very instructive remarks on the grading of wool. Mr. W. G. MacDougall, local demonstrator, assisted at the demonstrations.

PATRIOTIC WORK IN SHERBROOKE

Substantial Contributions Handed in to Red Cross Society

THE DANCANT ON SATURDAY AFTERNOON WAS WELL ATTENDED AND GREAT SUCCESS.

The regular meeting of the Belgian Relief Committee was held Friday, Mrs. Walsh presiding.

The treasurer reported \$50, proceeds of a musicale given by Miss Doherty on April 6, and \$1 from Miss Laurianna Thibault, making a total of \$132.61 on hand.

It was moved by Mrs. De Lottin-

ville, seconded by Mrs. Armstrong, that \$100 of this amount be forwarded to Mr. Prud'homme.

A letter was read from J. M. Audet, Quebec, acknowledging \$243.70, the proceeds of the lecture given by the two Belgian soldiers in the Premier Theatre, March 4.

The following letter from Mr. Prud'homme was read:

"Mrs. J. H. Walsh, treasurer, Belgian Relief Fund, Sherbrooke.
"Dear Madam—We beg to acknowledge receipt of your favor of the 30th ult., regarding the omission of the contributions in kind, from your committee, in the printed report of our relief work."

"In answer, we beg to refer you to Page 9 of said report. In the last paragraph of this page you will find our explanation of this omission, which we trust will be satisfactory. We greatly regret not to have been able to complete the list of the generous donors of less than carload lots, in order to have same printed, but in our next general report we will endeavor to do this, and rest assured that we will do our utmost to please all the donors to our relief work in every possible way."

"We are pleased to have this opportunity of thanking you and the members of your committee for the splendid help rendered to our relief work—Yours faithfully, The Secretary to the Administrators."

A vote of thanks was passed to Miss Doherty for her interest and very generous donation.

MEETING OF PATRIOTIC ASSOCIATION.

The weekly meeting of the Patriotic Association was held Friday in the Y. W. C. A. Assembly Hall, Mrs. G. L. De Lottinville and Mrs. Bowen presiding. The reports of the secretary and treasurer were received, the latter giving the receipts of the Red Cross ball as amounting to \$400.

It was moved by Miss Elkins, seconded by Miss Beckett, that the above sum be handed to the secretary of the Red Cross for the work.

The Red Cross work was reported as going on steadily and well, but

more workers are needed, there being room for at least twenty-five on Thursdays at St. Peter's Church Hall.

THE DANCANT.

The second Thè Dansant of the season, given in the Art Hall Saturday afternoon under the auspices of the Patriotic Association, was a thoroughly enjoyable function. The guests, including a contingent from the 5th Mounted Rifles, were cordially received by Mrs. Dantona and Mrs. E. Winn Farwell, and music was furnished by Prof. Dudley's orchestra, the members of which show their patriotism by playing gratuitously. The floor was in excellent condition, partners were plentiful, and everything combined to make the dance a success. Tea was served in a room at the left of the corridor, which was decorated with flags and looked very gay and attractive. Tea was poured by Mrs. E. C. Fraser and Mrs. J. H. Armstrong, who were assisted by Mrs. Hume, convener, Mrs. J. E. Loomis and Mrs. McSwiggan.

NEAR DROWNING AT SCOTSTOWN

Sam Scott and Dick Clarke Rescue Guy Pinkham From Swift Current in River

SUGGESTED THAT ACT SHOULD BE BROUGHT TO ATTENTION OF HUMANE SOCIETY.

Scotstown, April 19.—(Special)—What came near being a fatal accident occurred here on Saturday afternoon when Guy Pinkham and Louis Alger were thrown into the water while trying to replace the water supply pipe for the town which was broken.

The men were in a boat using a cable to guide them across the stream, when it broke. Alger held on to the cable, but Pinkham was not able to do so. As both were fully clothed they were in a very precarious situation. Alger had presence of mind to follow the cable along until he got where it was above the surface, and thus saved himself, but Pinkham was so handicapped by heavy clothing and long boots, which filled with water, that he sank into the deep water. He was going down for the third time when Sam Scott and Dick Clarke, came running up from a short distance away, having heard cries for help.

As soon as they arrived they realized the seriousness of the situation, and jumped into the water without waiting to divest themselves of any clothing, and swam out to where Pinkham was sinking and rescued him.

As the current is very swift at this point, and the water very cold, it was about the most praiseworthy act ever enacted here.

It would seem as if this case ought to be taken up by the Royal Humane Society, for it is certainly deserving of some recognition as there is not the least doubt that a life would have been lost had these two men not acted as they did in such a prompt manner.

Each of the victims of the accident are doing well after their trying experience.

FINE BOXING EXHIBITION

Some Splendid Bouts Took Place at Mounted Rifles Camp Saturday Evening

SEVERAL OFFICERS FIGURED IN PROGRAMME—LARGE CROWD IN ATTENDANCE.

A capital boxing and wrestling entertainment was held in the recreation hall at the Fifth Mounted Rifles Camp on Saturday evening. Lt.-Col. Baker, Lt.-Col. Morrill and the officers attended in full force, and the audience was the largest yet seen at these meetings.

It had been arranged to hold the elimination contests in connection with the second amateur boxing competition on Saturday, but owing to the entrants not having had sufficient time to practise, several exhibition bouts were arranged instead, rather than disappoint the large and expectant crowd which included many local sports and members of the 53rd and 54th regiments.

The bouts on the whole were carried off in an exceptionally scientific manner and the enthusiasm of the spectators was raised to a high level. In fact, it is doubtful if any better exposition of the art was ever given in Sherbrooke.

The wrestling match between Townsend and Bryson proved very exciting. This was in the catch-as-catch-can style, no toe, crotch or strangle holds, and resulted in a win for Townsend with one fall, body hold, in the third round. The following is the programme:

BOXING.
125 lbs.—Private W. J. Reynolds (winner) vs. Corpl. Dodd.
138 lbs.—Corpl. Stewart (winner) vs. Farrier Sergt. Scott.
175 lbs.—Trumpet Major Richards (winner) vs. Private Dyke.
Exhibition bout (by special request)—Q. M. Sgt. A. McBride vs. Sgt. Cowen, R.S.M. (draw).

OFFICERS' CONTESTS.
Capt. McLeod vs. Capt. Eustis, (draw).
Lt. Wade vs. Lt. Stevens (draw).
Lt. Smeaton vs. Lt. Duggan (draw).

WRESTLING MATCH.
Private Townsend (winner) vs. Pte. Bryson.

Judges—Lieut. W. Rhoades, Capt. H. J. Pitts and Lieut. E. Gill.

Timekeeper—Lieut. F.V.H. Meurling.

Referees—Lieut. J. L. Smeaton and Farrier Q. M. Sgt. Prinn.

The proceedings were interspersed with admirable musical selections. Songs were contributed by Privates Charaton and Egan, and banjo and mandolin selections by Trumpet Major Richards and Pte. Charaton.

The elimination contests will be commenced next Saturday evening.

5TH M. R. 2--ROYAL ATHLETICS O.

FIRST EXHIBITION GAME ON SATURDAY AFTERNOON

Quite a little interest was shown in the first soccer game of the season, between the Fifth Mounted and the Royal Athletics, which resulted in a win for the regimental team. The Royals were handicapped by the absence of many of their regular players but found substitutes on the field. The Royals won the toss and the soldiers set the ball rolling. The first half was mostly in favor of the Royals who made repeated attacks on the soldiers' goal only to be repulsed. The first half ended with a score of 0 to 0.

WHAT IS A "JITNEY?"
Literally "Jitney" is a Western slang expression for five cents.

Practically a "Jitney" is an automobile run on a regular route for a five cent fare carrying all the passengers it will hold and stopping to take on or let off passengers anywhere along the route.

Jitney service started in certain Western cities during times of trouble with street railway companies and so pleased the public that they have evidently come to stay.

In Vancouver the first "Jitney" started about the first of this year, and within six weeks about 300 were in operation.

In Montreal, the first "Jitney" started about one week ago, so Sherbrooke in this innovation is very close behind the metropolis. Time only will tell if it will pay the operators. The number of passengers that can be carried is so small that unless the "Jitney" has two or three passengers every trip it cannot carry enough in rush hours to pay operating expenses and maintenance, and it is expected by many to be a short lived business.

The Fairmount "Jitney," started operations Saturday afternoon and ran on schedule time till 11 p.m. It leaves the corner of Fairmount Avenue and Drummond Street at the even hour and half hour, running to the Grand Trunk Station via Belvidere, Frontenac and Wellington streets, and passengers can depend on catching the "Jitney" without loss of time by remembering this rule.

The down trip will be made along Short street to Belvidere as soon as Short street is made passable.

The return trip after passing the C.P.R. station may be made to suit the passenger by either of three routes. By way of Randrill and Commissioner street, if passengers are going to the Canadian Rand Company or Sherbrooke Machinery Company. By way of Short street (when passable) if passengers are going up Belvidere Hill, and by the direct route up Drummond if there are no passengers for either of the other routes.

Starting at 6.30 a.m., the Fairmount "Jitney" will serve the industrial workers delivering passengers at any of the West Ward Industries before 7 a.m. It will deliver passengers at the C.P.R. station and the "Jitney" schedule is well adapted to regular C.P.R. train time.

It will be a great advantage to residents of the West Ward, and being controlled by Mr. Andrew Sangster, the public will be assured that it will be operated in a businesslike manner, giving a dependable and permanent service.
