

WORK WAS RESUMED AT MANY OF THE COLLIERIES TO-DAY

Results From Various Mines Show Majority of Miners are in Favour of Taking up Tools—Cold Weather Has Set in and is Cause of Intense Suffering to Wives and Families of Unemployed—

Up-To-Date Loss of Wages is Estimated at \$60,000,000.

London, April 1.—(Special)—Although the majority of million miners who struck work on March 1 are awaiting complete returns of the ballot being taken in coal districts on question whether they should resume work or not, there is yet the welcome sign at many of the pits that this morning of coal tubs running on colliery railways.

As the votes from various mines come in the majority in favor of taking up their tools again steadily increases. Thus far of 43,000 votes counted, over 25,000 have declared for resumption.

The end of the strike will come none too soon for the cold weather set in again yesterday, and throughout North Wales and in some of the colliery and industrial districts of Northern Counties of England ground is covered with snow.

WILL CAUSE INTENSE SUFFERING.

While this is unlikely to last, it will cause intense suffering to the wives and families of unemployed men who besides being short of food have exhausted every particle of available fuel.

FEW FACTORIES START UP.

A few factories in some districts which have been hoarding coal in case of emergency were able to reopen their works to men this morning.

Outside the ranks of miners there are more men out of work to-day than there were a week ago, and it is calculated that unemployed now number considerably over two millions in all parts of country.

It is now estimated that up to date loss in wages alone since beginning of strike amounts to \$60,000,000.

LFADERS URGE THE MEN TO GO BACK AND VOTE—RETURNS ARE IN FAVOR OF RETURNING.

London, April 1.—Returns which have come in from the scattered coal districts of Great Britain show that large majorities of the miners desire to resume work. The results thus far in Monmouthshire are 5 to 1 in favor of returning to the pits. Hundreds more miners went back to work in Warwickshire on Saturday and it is anticipated that there will be a general resumption in that county to-day. At a conference of the miners in Glasgow, a large majority agreed

to recommend the men to vote for the resumption.

Although the first votes taken among the miners of Lancashire on the question: "Are you in favor of resuming work pending the settlement of the minimum rates of wages in the various grades by the district boards to be appointed under the coal mines minimum wage act?" show that a majority of the men there are opposed to return to work until the district boards have fixed the minimum wages, there are indications throughout the rest of the country which show an increasing desire of the miners to return to the pits. There is considerable reluctance, however, among the colliers to take any definite step until the rest of the ballot of the whole of the miners about which there seems to be little doubt is definitely known. Practically all the leaders of the men are advising the men that nothing will be gained by remaining out. This advice must have had an effect on the result of the ballot.

In the collieries where some of the men are already working there have been additions to their numbers at almost every shift, and to-day saw all the non-unionists and a good sprinkling of trade unionists back in the mines. Even then, however, these will be but a small total of the miners employed in all the coal fields and the other industries affected will not be able for some time yet to get the supplies of fuel they so badly require.

There was on Saturday a further closing down of factories while the public utilities companies and municipalities are restricting the supplies of gas and electricity to their consumers. The industrial centres are facing another gloomy week although the relief committees which have been organized in every town and village throughout the country are doing their best to keep the homes of the hundreds of thousands of workers who are now without resources supplied with the bare necessities of life.

KING WILL LEAVE LONDON.

London, April 1.—As the crisis is now practically over, the King, who has up to the present declined to leave London, has decided to carry out his original plan to spend Easter at Sandringham with the Queen and royal family. He probably will remain there until April 23rd.

The Birmingham Corporation will start to-day in shutting off the gas supply between noon and 8 o'clock in the evening, to the dismay of the shopkeepers, who are loudly protesting against this action.

PROROGATION THIS AFTERNOON.

Governor-General Will Formally Wind up Session.

HOUSE OF COMMONS SAT UNTIL A LATE HOUR SATURDAY.

Ottawa, April 1.—The first session of the twelfth Parliament of Canada will come to a close this afternoon, when the Duke of Connaught will formally prorogue the Houses. There was a brief session of both chambers in the morning to wind up a few tagged ends of business.

SAT LATE SATURDAY.

The House of Commons sat on Saturday until near midnight and practically cleaned up the order paper. A. K. McLean gave the final kick of the Opposition, making a general attack on what he termed the extravagance of the Government. Hon. W. T. White made a reply to the criticism that the increase in expenditure of ten million dollars was too high. Mr. White pointed out the year before it was twenty-four millions, and the year before twenty-two. Of the expenditures, \$25,000,000.

HIS ROYAL HIGHNESS THE DUKE OF CONNAUGHT, Governor-General of Canada, Who Formally Prorogued Parliament To-day.

600 for the N.T.R. was left over from the old Government, and the \$5,000,000 to the G.T.P. on account of the Laurier Government's blunder he described as "a baby left on our doorstep which we have been forced to take in."

G.T.R. BILLS PASSED.

At night the two Grand Trunk bills, over which there was such controversy, finally passed, though not until it was made very plain that the Government intended to compel the Grand Trunk and every other railway by force of legislation, if necessary, to live up to its agreements.

TWO BROTHERS FATALLY SHOT.

Another Brother was Also Badly Injured in Montreal Hotel.

IT IS SAID THAT MAN DID SHOOTING IN SELF-DEFENCE AGAINST BROTHER.

Montreal, April 1.—Two brothers were fatally wounded and a third badly injured in a most extraordinary light, which occurred during the early hours of Sunday morning at the Savoy Hotel on Victoria street. All three brothers are now at the Royal Victoria Hospital, and the physicians there state that two cannot recover, while the third is badly shot in the knee. Unless blood poisoning or other complications set in it is expected that he will recover.

The two men fatally shot are: Herbert Chapman, 31 years, bullet wound in stomach, liver and head; Edgar Chapman, 29 years, bullet wound upwards through abdomen.

The third victim of the revolver play was the originator of the trouble, Harry Chapman, aged 26, who was wounded in the left knee with a glancing bullet.

The man who did this execution was Mr. C. R. Hemman, "cello player" with the orchestra of "The Enchantress" company which was at His Majesty's Theatre last week.

The scene of the affair was his small bedroom at the Savoy Hotel. It is stated that he did the shooting in self-defence, and that the only witnesses to the affair were himself and the three men he shot.

HEMMAN DISCHARGED WITHOUT BEING ARRAIGNED.

Montreal, April 1.—(Special)—Hemman, who shot the three Chapman brothers at the Savoy Hotel last night when the trio broke into his room, was discharged this morning without being arraigned. Immediately after his discharge he walked to the other side of the desk and lodged a complaint against H. Chapman, the man who was responsible for all the trouble, on a charge of committing an indictable offence in forcibly entering his room. Chapman was placed under arrest this morning at the Royal Victoria Hospital.

U. S. COAL MINES CLOSED DOWN TO-DAY.

Inspection Took Place in All Union Areas, Despite Cleveland Settlement.

LATTER MUST BE RATIFIED BY FULL CONFERENCE, AND THEIR VOTE OF COLLUSION.

Cleveland, O., April 1.—Although the suspension of work called for in the anthracite mines to take effect Sunday midnight, measures were under way by the United Mine Workers of America on Saturday to improve the situation caused by wage disputes. President White of the union expected to arrange a date for a meeting, probably in New York, between the anthracite miners and operators for a speedy settlement of their differences.

At the same time, the union hoped the miners would accept a slight increase in pay instead of their original demands. A sub-committee to which had been referred an offer of a compromise by the miners was ready to report that it had accepted the proposal. The operators said they were confident of its acceptance by the full conference, which has been in session here for ten days. But the final acceptance of the terms still have to be presented before the union's policy committee and by it submitted to a referendum vote of the union. Meantime a suspension beginning to-day, of both the anthracite and bituminous mines was said to be unavoidable.

ANTHRACITE PEACE SOUGHT.

Philadelphia, April 1.—As the result of telegrams exchanged yesterday between George F. Baer, representing the operators, and John P. White and other officials of the Mine Workers' Union, a conference will be held in this city on April 10 to discuss the demands of the anthracite men for higher wages and better working conditions. It is hoped that the suspension will be of short duration.

ABOUT 400,000 WILL BE IDLE.

Indianapolis, Ind., April 1.—More than 400,000 miners, about 150,000 in the anthracite field and 250,000 in the bituminous will take a vacation which probably will last only a few weeks. Unlike strike conditions, the miners will leave pump men and others at work to protect the mines from flooding or other trouble due to the shut down of the plants.

LOSE A MILLION A DAY.

It is said the miners will lose \$1,000,000 every day they remain out, and that the suspension will cause a loss in coal production to the country of nearly 42,000,000 tons a month.

SMALL SEAL CATCH REPORTED.

St. John's, Nfld., April 21.—The latest wireless reports from the seal fleet on the east coast of Newfoundland indicate the worst voyage in the history of country. The total catch accounted for thus far does not exceed 50 seals, young and old, which is less than Captain Kean, of the Florizel, brought in on one trip in 1910.

NEWS OF SCOTT EXPEDITION.

Was 150 Miles From South Pole on the 3rd of January.

KEEN DISAPPOINTMENT FELT THAT FAILURE OF BRITISH EXPEDITION DID NOT GET THERE FIRST.

London, April 1.—The long and impatiently awaited news of Captain Scott's Antarctic expedition has at last arrived, but will bring the keenest disappointment to the cherished hopes of all Englishmen that the British expedition might after all prove to be the first in the race for the South Pole.

January 3, nearly three weeks after Amundsen hoisted the Norwegian flag at the Pole, Scott still had 150 miles to cover before attaining the object of his desire.

Since the news of Amundsen's successful attempt, Englishmen have built great hopes on Captain Scott's expedition, if not surpassing, the Norwegian's achievement. It was known that Scott had chosen the longer route, and as Amundsen's experience proved, the more difficult route, but, presuming that he was favored by the same exceptional weather conditions as Amundsen, few doubted his success.

Now comes the disappointing news that Scott is spending another winter in the Antarctic, and there will be further weary waiting before it can be known whether he even succeeded in reaching the Pole. According to some of Captain Scott's intimate friends here, however, no surprise need be felt at his decision to spend another winter in the South, this having been within the original scope of his intentions. They suggest that he may have learned of Amundsen's exploit, and thereupon determined to attempt a great journey across the ice barrier, returning from the side almost opposite to that from which he started his journey.

If this is so, the Terra Nova probably received instructions to get Scott at some fixed date at a point on the barrier opposite Graham Land, not far to the south of Cape Horn. It will be remembered that the German explorer, Lieut. Filchner, is operating from that side and in that case possibly the two parties may meet.

In the absence of a fuller despatch expected from Scott, the tendency here is to attribute his failure to the employment of ponies instead of dogs.

His was the best equipped expedition that ever started for South Polar regions. His final 800-mile dash for the Pole started at the beginning of October. Besides Scott himself, the party consisted of Lieutenants Evans, Johnston and Bowers, G. C. Simpson, of the Indian Survey Department, and C. H. Mearns, the well-known traveller. They expected to reach the Pole before Christmas. Evidently, however, from the slow progress, (Continued on Page 8)

CLIPPED SECONDS OFF AUTO RECORD.

Louis Disbrow Travelled at Rate of 108 Miles an Hour.

DISBROW ALSO SET WORLD'S RECORD FOR TWELVE MILES OVER AN EARTH TRACK.

San Diego, Cal., April 1.—(Special)—Louis Disbrow, driving a 230 horse power Jay Eye See car here yesterday, clipped 13.15 seconds of the world's record made here by Barney Oldfield in 1907.

Disbrow made the distance in 38.35 seconds. At one time he travelled at the rate of 108 miles an hour.

Disbrow also set a world's record for twelve miles over an earth track, making the distance in 11.7.

TWO KILLED; THREE INJURED.

Explosion of Powder Mills Felt all Through Greater New York.

TREMENDOUS EXPLOSION SHOOK COUNTRY FOR MILES AROUND PATERSON, N. J.

Pateron, N. J., April 1.—(Special)—A tremendous explosion, which shook the country for miles around this morning, was located at Mountain View, about five miles west of here, at one of the powder mills of the Lafin Rand Company. No details have been received.

The explosion was felt all through Greater New York. There were three distinct vibrations, beginning shortly after eight o'clock.

Three of the mills were demolished, two men were killed and three others injured.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS

SUPERINTENDENT HAS PRIVATE CAR.

Farnham, April 1.—(Special)—The citizens of Farnham are highly pleased to see that Superintendent McNeill has been supplied by the C. P. R. authorities with a private car.

WILL HAVE CHARGE OF BROME CREAMERY.

Knowlton, April 1.—(Special)—Mr. W. West, who has been a resident here for nearly a year while organizing cow testing associations in the county, has gone to take charge of the Government creamery at Brome Corner.

SOLD EAST ANGUS PROPERTY.

East Angus, April 1.—(Special)—Mr. W. J. Macdonald has sold his house on the corner of Cookshill and Sullivan Streets to Mrs. James Elliott, of Sherbrooke, for the sum of \$1800. Mr. Macdonald's people will remain in the house until April 20th.

40 CARS OF SPRUCE.

Sutton, April 1.—(Special)—The Clark Bros have received nearly, if not quite, 40 cars of spruce logs from the Esplanade Veneer Co., from Glen Sutton. The company when getting out their hardwood logs for veneer cut and haul out the salable spruce at the same time and this season the Messrs. Clark bought the total output of spruce to be worked up at their tub factory here.

GOES TO ST. FRANCIS COLLEGE, RICHMOND.

Sutton, April 1.—(Special)—Mr. W. G. Dormer, Principal of Sutton Academy, has accepted a position at St. Francis College, Richmond, where he will go about the 1st of July. Mr. and Mrs. Dormer have made many friends in Sutton.

FARNHAM BOY SCOUTS.

Farnham, April 1.—(Special)—The company of boy scouts paraded under Capt. Instructor Bowker Saturday afternoon and took a tramp of several miles. They held a parade Sunday evening to St. James' Church, when Archdeacon Naylor preached a sermon suitable to the occasion.

PASSED 78TH MILESTONE.

Richford, Vt., April 1.—(Special)—Simon Wilkinson, one of this town's grand old men, passed his 78th milestone early last week, the pleasing event being celebrated at the home of Mr. M. P. Gaier, where he resides, by the calling in of some of his friends to celebrate the event.

Mr. Wilkinson has almost fully recovered from his recent illness and was the centre figure in the happy party. Refreshments were served and a most enjoyable time was passed, while the wish was general that he would enjoy many more anniversaries.

Though Mr. Wilkinson has been a resident here for some years he was a native of the Eastern Townships in Canada. His friends are numerous on both sides of the border.

PRESENTATION AT DANVILLE.

Danville, April 1.—(Special)—A very successful and enjoyable banquet was held in the Danville House on Friday evening in honor of Mr. J. S. Greenshields, who has been here for some four years with the Eastern Townships Bank, and now of the Canadian Bank of Commerce, and who is being transferred to Montreal. His friends in Danville, in conjunction with the local lodge of the Canadian Order of Foresters, of which order he is a member, met together to show Mr. Greenshields the esteem in which they hold him.

Mr. O. Monahan, who presided, called for a few remarks, which were responded to by all present. After the inner man had been satisfied by the sumptuous repast, supplied by mine host, Ingalls, at the instance of the Foresters, Mr. Gerald Ritchey, with a few suitable remarks, presented Mr. Greenshields with a cabinet on behalf of his friends. Mr. Greenshields replied in some well chosen words.

In losing Mr. Greenshields Danville loses one of its most highly esteemed and popular citizens. As a sportsman there was nothing gentlemanly and honorable that he had not a part in, and as a business man he was always held in the highest respect.

The evening came to a close by singing "He's a Jolly Good Fellow."

PREPARING FOR FARNHAM CAMP.

Tented City May This Year be Lighted by Electricity.

MILITIA OFFICERS WERE OUT MAKING ARRANGEMENTS AT THE CAMP GROUNDS.

Farnham, April 1.—(Special)—The Farnham camp was visited Saturday by Colonel Biggar, Government Purchasing Agent; Colonel Stewart, Chief of Transportation and Supplies, and Capt. Tyrer, Camp Engineer. These gentlemen interviewed the mayor and others as to the lighting of the camp by electricity, also as to the urgency of the town and parish councils interesting themselves in macadamizing the main road to the camp, which is in very bad order.

Tenders have been asked for pure ice for the camp hospital, for the enlargement of the camp drain and the clearing and levelling of the land upon which the rifle butts are erected.

It seems to be the intention of the military authorities to have a "real live" camp this coming season.

ANTICIPATING THE MARKET.

Danville, April 1.—(Special)—Several of the lumbermen here are going to get wood cut within limits right away, leaving it there all the summer, anticipating a good market for dry wood next fall. Wood is scarce now and cannot hardly be had.

WRIST CUT BY GLASS.

East Angus, April 1.—(Special)—Master Harold Planché had quite a serious accident as he was about to leave school. In putting out his hand to save himself from falling, he put it through a window, sustaining a severe cut, in which it was found necessary to insert four stitches.

LOST TANK OF SAP.

Sutton, April 1.—(Special)—Mr. E. Griffith had the misfortune to lose on Thursday some three draw tanks of sap, caused by some of his storage vessels springing a leak. It seems more of a loss as it was out of his first run of sap. Mr. Griffith has tapped 1500 trees this season.

FAREWELL PARTY AT WATERVILLE.

Waterville, April 1.—(Special)—On Friday evening at the residence of Mr. Wm. Summerville an enjoyable impromptu send-off party was given by the young men of Waterville in honor of Mr. Gilbert Lewis, on the eve of his departure for England. The guests invited included the following: Messrs. E. Anderson, R. Beckett, W. Shaw, A. Drew, L. Fisher, A. Rankin, J. Fowler, G. Gallup, J. Spriggins, G. Hodgson and G. Lewis. The evening opened by Mr. Lewis being made the recipient of a gold initialled scarf pin. The presentation was made by Mr. A. Drew, who in a few well chosen words voiced the sentiments of those assembled, the donors. Mr. Lewis, replying, thanked his friends for their handsome present and good wishes, and hoped he would soon be back to assist them all again, at the same time protesting his inability to fully express his gratitude for the kindness shown him during his two years' sojourn in Waterville.

After this a short vocal programme was indulged in. Amongst those contributing to the latter were Messrs. J. Fowler, L. Dix, L. Fisher, A. Rankin, W. Blight, E. Rankin, W. Shaw and E. Anderson. Each of the numbers being received with enthusiasm and the choruses, lustily sung by the whole company, gave evidence of the feeling of hearty good-fellowship which prevailed.

During the programme light refreshments were served and enjoyed, at the conclusion of which hands were crossed, and "Auld Lang Syne" and "He's a Jolly Good Fellow" were rendered by all present. A vote of thanks, accompanied by three cheers, was given Mr. J. Fowler for his services in leading the vocal part of the programme. A second vote of thanks with three additional cheers was accorded Messrs. A. Drew and E. Anderson for their indefatigable efforts to make the evening a success, thus bringing to a close an occasion of unqualified enjoyment, which will be long remembered by Mr. Lewis and his friends when thousands of miles of sea and land shall separate him from his well-wishers.

MARRIAGES.

STOWELL—GOODHEART.

Sutton, April 1.—(Special)—The marriage of Mrs. Mary Goodheart and Mr. James M. Stowell, Sutton's popular constable, took place on Thursday, March 28th. The bride is well known in Sutton, having always resided here. The best wishes of many friends go out to Mr. and Mrs. Stowell in this new union.

EASTMAN—PERCY.

Newport Centre, Vt., April 1.—(Special)—The marriage of Miss Electa May Percy, daughter of Mr. and Mrs. E. J. Percy of this place, and Mr. Harlow Albert Eastman, also of this place, formerly of Glen Sutton, Que., took place here on Wednesday, March 27th. The young couple are very popular and the best wishes of many friends will be that they may travel a happy journey through life together.

YOUTH SHOT BY COMPANION.

Fatal Shooting Tragedy While Hunting Near Lachine.

BOYS RAN HOME LEAVING ONE DEAD AND ANOTHER UNCONSCIOUS.

Montreal, April 1.—Leaving Arthur Demontigny a corpse on the railway track with his jaw and face shattered by a charge from a shotgun, and their companion, Arthur Fabre, in a dead faint, grasping the gun which he had in his hand when it was accidentally discharged, three brothers named Richer, aged fourteen, fifteen and seventeen years respectively, ran in terror from the "Y" between the C. P. R. and G.T.R. tracks on the

Lachine bank of the St. Pierre aux Liens to tell their family of the tragedy which had overtaken their hunting excursion on Saturday afternoon.

Demontigny, Fabre and the three Richer boys went out hunting on Saturday afternoon. From the version of the affair furnished Chief of Police Robert, of Lachine, Fabre picked up the shot gun, ignorant of the fact that it was loaded, and discharged the piece, the bullets entering the jaw of Demontigny and shattering the inside of his head. He died at once, and Fabre dropped to the snow in a faint. The three brothers turned tail and ran to their homes and told the parents who, at about 5 o'clock, notified Chief Robert, who dispatched Constables Bolduc and Charron.

For nearly two hours the constabulary labored through the drifts and mud to the spot described to them by telephone, and soon came upon the body of Demontigny, while sitting near just regaining his senses was Fabre. The body was strapped on a stretcher and carried to Lachine police Station and later conveyed to the morgue.

\$1,000,000 FIRE IN MANILA.

Manila, April 1.—The Standard Oil Company's main storage plant here has been destroyed by fire. Three large petroleum warehouses and one for the storage of gasoline were burned. The fire broke out early Sunday evening and continued throughout the night. The loss is estimated at \$1,000,000.

VICTIM OF EXPOSURE.

Winnipeg, April 1.—The mystery surrounding the disappearance of Grace Brice, the 24-year-old English girl, who has been gone from her home, 515 Langside street, Friday afternoon, and disappeared from sight, has been cleared up by the discovery of her body in the scrub of a south end sub-division. Subject to melancholia, she doubtless wandered away and fell a victim to exposure in the unusual storm of Friday night. There will be no inquest. Deceased came with her family from Herne Bay, England, eighteen months ago, and has acted as organist of Maryland Methodist Church.

BERNARD SHAW OBJECTED.

London.—At a recent lecture of Bernard Shaw's a gentleman asked whether the lecturer could tell them when the vote would be given to women. The distinguished dramatist replied that he thought his questioner had mistaken his (Mr. Shaw's) profession. "I am, I believe," he said, "a prophet in the fullest sense of that word, but I am not a sporting prophet."

A GRUESOME JOKE.

Toronto, Ont., April 1.—An April-fool joke with a gruesome sense of humour called up the newspaper offices and police stations at midnight and stated that several persons had been killed in a railway wreck at York, five miles east of Toronto. A hurried investigation revealed the hoax.

FRENCH BANDIT CAUGHT.

Paris, April 1.—The Minister of Justice, M. Briand, announced Saturday that one of the auto bandits had been arrested at Berek-Sur-Mer. The name of the bandit is Souley, and he is alleged to be one of the robbers who killed a chauffeur at Villeneuve-St. Georges on March 25, held up a bank at Chantilly and killed two of the employees and wounded another and escaped with \$8,000.

BOSTON ABATTOIR BURNED.

Boston, April 1.—A five storey wooden building in the Brighton abattoir, containing hundreds of tons of pork products, was destroyed by fire early Saturday with a loss of \$100,000. Three pork produce companies, the Brighton Packing Company, the Fanchmakers and Cunningham Company and the New England Rendering Company, all occupants of the burning structure, suffered from the fire.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy Made From Sage Restores Color to Hair

IF YOU HAVE THIN, FADED GRAY HAIR, DON'T DISPLAY—TRY THIS OLD-FASHIONED REMEDY.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful and color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thinning hair. The result is a hair that is constantly coming out, a few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist to-day, and notice the difference in your hair after a few days' treatment. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented.

BEDFORD DISTRICT LOCAL HAPPENINGS.

Gathered by Daily Record Corres-
pondents in Various Communities

SUTTON.

The wing to the veneer machine which broke on the 22nd, has not been fixed as this particular article had to be ordered from Syracuse, N.Y., and the delay is keeping some fifteen men out of work for near ten days.

Mr. L. Gladden, who went from Glen Sutton to Springfield, Mass., some two years ago, was quite badly injured while at work on the B. & M. Ry. over one month ago and is still unable to resume his work.

Mr. James S. Upston was stricken with pneumonia on Thursday afternoon, which necessitated his son, George Upston, to unload his car of lumber and farm implements on Friday, which had been loaded on Thursday for shipment to Saskatoon, Sask. Latest reports on Friday report Mr. Upston as improving.

Mr. Arthur Newton, Jr., also goes to Saskatoon with Mr. A. T. Newton. Mr. Newton's car left here Friday.

Mr. W. W. Learned, proprietor of the Glen Sutton cheese factory, is quite ill and has gone to his parents' home, Mr. and Mrs. Wm. Learned's in North Troy, Vt., to be treated.

Master Stanley Wallace, son of Mr. Arthur Wallace, left here on Saturday morning for Toronto, where he has a position in the Fairbanks Co.

Stanley has been employed at Mr. L. L. Jenne's can works during the winter, and the other employees of the works gave the young man a purse in recognition of his good qualities. His father, who was for several months employed by Mr. Geo. H. Thompson, went to Toronto one week ago to work for the Fairbank Co.

Miss M. Logan of Glen Sutton, the well-known cheese maker, is quite ill with pneumonia.

Re: O. Martin was in Montreal, returning on Thursday.

Mrs. S. H. Dow had one foot badly pierced by a nail on Thursday, it going almost through her foot.

Mr. Geo. F. Hall, Secretary Treasurer of Bromes, was calling on Sutton friends early in the week.

Mr. Damon Warner and Mr. M. Gladden of Highwater were in town on Friday.

A pretty sight seen here on Wednesday was a venerable gentleman of this village, who was upwards of 80 years, sliding down hill with a little six-year-old Miss. The old gentleman seemed to enjoy the coasting as well as the little girl.

A letter received from Mr. Sam L. Elkins of Boston, on Saturday, reports his wife sick for ten weeks past, her condition having been such as to place her on two occasions recently in an hospital in that city.

Mrs. Elkins was a daughter of the late Mr. J. W. Lake of North Troy, Vt., while Sam was for many years one of the most valued conductors on the S. E. Railway and the C. P. R. between Montreal and Newport.

Mr. and Mrs. Fay Sturgeon left here on Thursday for Montreal where they will reside. They have stored their goods until they can procure suitable rooms in that city. Mr. Sturgeon is a freight brakeman on the C. P. R.

It is Oakville, Manitoba where Mr. C. E. Bates has secured a good position.

Mr. Wm. Curley, who has been ill for several weeks, is now gaining and was able to walk out on Saturday to the delight of his many friends here.

Mr. I. E. Chadsey is spending a few days visiting his friends here. He reports his family as well suited with their new home in Westmont.

Mr. Joan Oliver went to Glen Sutton on Friday on account of the illness of his young son.

Mrs. Wm. Sears and Mrs. James Wyatt were calling on Richmond, Vt., friends recently.

Mrs. Watson Smith has come here from Farmington, Conn., on account of the serious illness of her brother, Mr. Stephen Stinson.

Messrs. Cecil Sherrer and James Vincent leave here on April 2nd, for Saskatchewan. For some two years Cecil has been employed at the veneer mill here. The young men hope to better themselves in the West and their many friends here will rejoice to see them do so.

Word has been received from Mrs. Gerold Martin and daughters, who recently left there to join her husband Mr. Martin, at Port Arthur, that they had arrived safely at their destination.

You wash dishes about
two hours every day.
That's one hour wasted!

Dishes get dirty, greasy and sticky, and soap will not clean them. Soapy dish water merely cleans the surface; it doesn't dig out the corners and drive out the decayed food particles. Moreover, soap leaves your dishes with a soapy, animal fat smell that is far from inviting.

GOLD DUST is the sanitary dish washer. It not only cleans the surface, but digs deep after hidden particles of dirt and kills the germs of decayed food which ordinary dish-water overlooks. GOLD DUST sterilizes, as well as cleanses.

Besides doing the work better than soap or any other cleanser can, GOLD DUST will save just half the time you spend in washing dishes.

"Let the GOLD DUST Twins do your work."

EASTER GIFTS FOR MEN

There are many men who would be pleased to receive some little token of regard at Easter. Nothing would be more appropriate than an article of jewelry nicely engraved with their initials. We would suggest a Signet Ring or Seal Ring, or a Signet Fob or set of Cuff Links. We are also showing a particularly good assortment of Emblem Pins, Buttons, Charms and Rings. If you cannot come in and see these goods, write or phone and we will send some on approval.

Quebec and the other to Portland. It will not be the first time that the regiment has gone away from their headquarters. There are no doubt many still belonging to the regiment who remember the visit of the regiment to Portland, and also to Waterville, Maine. The fact that the regiment is contemplating visiting some outside point will no doubt aid in recruiting. If the regiment goes to Quebec they no doubt will take advantage of the 24th of May being a holiday and will most likely arrange for that date. It is understood that the Portland trip will be after the inspection which will take place early in June.

CLOSE OF LENTEN RETREAT.
The four day Lenten retreat at St. Patrick's Church closed last evening with a tremendous congregation, which tested the capacity of the church, even the aisles being crowded. The sermon, "Why Am I a Catholic?" by the Rev. Father Nash, S.J., was a masterpiece of eloquence and logic.

The Lenten retreat of the parish of Notre Dame de Sherbrooke closed yesterday afternoon, the ceremony being presided over by the Rev. Father Dupras, Dominican, who has been the special preacher. The exercises of the retreat were followed by large numbers of the congregation.

To-day, April 1st, is "All Fools' Day," the origin of which is wrapped in obscurity, but which from time immemorial has been given over to practical jokes and fun. On this one day no one, irrespective of age, condition or dignity, is supposed to object to being made an "April fool," which is quite different from any other kind of fool.

Our loss, your gain. Easter Hats at half price. Removal sale at C. E. Enright's, Stratheona Square.

Mr. A. E. Ward, manager of the Canadian Bank of Commerce at St. Ferdinand de Halifax, Que., is in the city en route to Montreal. He expects to visit Duluth, St. Pauls, Fairbault, and will arrive in Pergus Falls, Minn., to be present at the ordination of his brother, W. H. Ward, who will be admitted to the deaconate on April 14th by the Bishop of Minnesota. Mr. Ward will then go to Conrad, Montana, and spend a few days on the large ranch owned by three of his brothers, prior to his return home the first week in May.

Lt.-Col. Helmer, of Ottawa, was in town on military business last week. The death took place on Monday, March 4th, of Mrs. James A. Dearborn, a former resident of Sherbrooke, who passed away at Leominster, Mass., at the comparatively early age of 58 years. The remains were brought to Ayer's Cliff and there laid to rest. Deceased is survived by her husband, a daughter and two sons, who mourn the loss of a faithful, devoted wife and affectionate mother, while friends in Sherbrooke, Leominster and Ayer's Cliff sincerely regret at Mrs. Dearborn's death.

Passion Play, Plymouth Hall, Tuesday, 2nd, 75 views. Admission 25c.

PALM SUNDAY.

Yesterday was Palm Sunday, when the Anglican and Roman churches solemnly commemorate the triumphant entry of Our Lord to the Holy City.

At St. Peter's Church and the Church of the Advent the services were especially appropriate. The lessons, the gospel, the hymns and the sermon all having reference to the day.

In the Roman Catholic churches and chapels of the city the ancient ceremony of the blessing of the palms took place. At St. Michael's Cathedral Mgr. Paul LaRoque presided, attended by the Rev. P. J. A. LeFebvre, Rev. H. A. Simard and Rev. E. Chartier. After the palms had been blessed and distributed a solemn procession, composed of the choir boys, the people, the clergy and the Bishop, all bearing palms, passed around the church, the choir rendering appropriate music.

High Mass was celebrated by Rev. E. V. Charest, assisted by the Abbess Desrochers and Vincent as deacon and sub-deacon, and the gospel for the day, which describes the entry into Jerusalem, was chanted.

MILITARY NOTES.

Military matters seem to be waking up, judging from the active preparations being made by all the military units located in this city for the spring drill, which will begin very shortly. The officers of the 53rd Regiment held their annual meeting on Tuesday night, 26th inst. It was decided to commence the season's work on the 9th of April. The 53rd Band is also in good condition, and under the careful management of Bandmaster Barrie is sure to give a good account of itself this season. There is a possibility of the regiment getting two trips away this summer, one to

EDWARDS FURNITURE CO.

in its setting forth of Roman Catholic doctrine and matters of faith. Father Nash himself, the preacher of the retreat, was a distinctly imposing personality, standing six feet four inches in height and broad in proportion. His wide experience on four continents, his knowledge of men and of the world led to his sermons and addresses a color, life and vividness that make him a pulpit orator of unusual strength and impressiveness, who holds his hearers spellbound.

Born in Ireland and educated chiefly in England, after entering his priesthood he was for thirteen years chaplain to the Irish regiments in India, served under Lord Roberts and became familiar with every phase of eastern life. For five years he was at the head of St. Xavier College in Calcutta, the very institution so graphically described by Kipling in his wonderful book "Kim."

He worked, preached and taught in London, Manchester and Lancashire, in which latter place he saw the beginning of the great struggle between the miners and mine owners, fostered by Socialists, which now weeks has paralyzed England's industries. Withal Father Nash in a broad-minded man of the widest sympathy, who counts his friends by scores from the Anglican churchman to the Seventh-Day Adventist on the Indian Bahoo.

In conversation with a Record representative he said, speaking of Canada, "You Canadians are not grateful enough to God for His great blessings, for your beautiful country, your vast resources, healthy climate, sufficiency of work and food, peace and prosperity, and, above all, from your freedom from inherited tendencies, low forms of vice and depravity so common in other countries."

Referring to the minimum wage, which seems pitifully small to Canadians, Father Nash remarked, reflectively, that when he was a boy the miners worked for two shillings (50 cents) a day.

COST OF LIVING

Highest prices for a Generation—
not yet Maximum.

That Canada will establish for herself a high-water record for the generation in the cost of living is the opinion entertained after careful investigation and compilation of statistics by the Labor Department. In 1890 the Department selected 261 articles of representative character throughout the entire field of production and consumption, and divided them into thirteen groups. From the average cost of those a standard of 100 was set as the index figure. That index figure to-day stands at 131, which is the highest record since the standard was formed, and for many years previous to that time. As a simple indication of the retail rise it is noted that the retail prices for the last year averaged 5 per cent. higher than for the previous year. In connection with the rise in prices of foods it is pointed out that the shortage in the world's crop last year on account of the drought is one cause. Imported foods are going up rapidly.

KICKED IN THE FACE.

While clutching a girder seventy feet in the air at the new Arena, Toronto, Abraham Listoff claims that he was kicked in the face by Charles Homer. Both men are ironworkers. According to the police, they had been engaged in a dispute, which had frequently "boomed up" while they were both occupying dangerous positions in mid-air.

FORTY-SEVEN "LIFERS."

There are 47 life prisoners in the penitentiary, the largest number in the history of the institution. Two women are among the number. One man has been in the penitentiary 44 years.

SWITCHMEN'S WATCHES.

Orders have been issued by the Grand Trunk Railway that all switchmen must have standard watches which will be regulated every week by the official timekeeper of the company.

Novel Ploughing.

The latest thing in ploughing is a scheme whereby the work can be done without any plough at all. The discovery, or rather the idea, comes from North Carolina, one of the United States, where a farmer observed that grain grew far better on spots where tree stumps had been uprooted and the earth disturbed to a depth of several feet. Then he had a notion. None of your surface ploughing for him! He was going to do the thing properly. Carrying out his idea, he had small quantities of dynamite placed in various portions of his land, and fired so as to "plough" whole fields to a considerable depth. The experiment was successful in producing excellent crops, but it is rather too dangerous to be universally recommended.

THE REVISED CENSUS

Increase in the Urban Population over 60 Per Cent.

Revised figures of the population of Canada are contained in special report on the census, by Provinces the figures are:

Alberta	374,633	73,022	301,611
Brit. Col.	392,480	178,657	213,823

Totals	7,204,527	5,371,315	1,833,212

*Decrease.
The rural population is 3,924,083, and the urban population 3,280,441. The increase in rural population was 555,065, or 16.43 per cent., and in urban districts the population increase was 1,278,147, or 63.83 per cent.

The enumeration was under 264 commissioners, and there were 9,701 enumerators. The average number of names recorded per enumerator in 1891, with 216 questions, was 1,110; in 1901, with 561 questions, 604, and in 1911 with 549 questions, 742.

GREATEST THING ON EARTH

Love the Grandest and Strongest Declares Rev. Father Vaughan.

Rev. Father Vaughan, London, England, thus defines Love:

"Love is the greatest, the grandest, the sweetest, and strongest thing in life."

"Man without love is not a man. Woman without love is already dead." "Love is so important that if you die without it you go to hell. With it, you go to heaven."

"A man may bring his bride to the altar and show her his multi-millions, giving her worldly power, but if she is a true wife, and cannot command the recesses of his heart, it all goes for nothing."

"All love is borrowed from God. There is no such thing as love that has not descended."

"Children know that God is love. I asked a five-year-old, 'How much do you love God?' she opened her arms wide, 'So!' she said."

"He left His throne and died upon the cross—His arms stretched out like the little child's. He says, 'Look at these arms! Does anyone love you more?' Greater love hath no man."

"Everything about us has the hallmark of God till we feel His presence."

"If you ask me, 'Is life worth living?' I'll say 'Yes, for Jesus is worth loving.'"

To the women he says: "Do not dress so décolleté."

SIR DONALD'S PREDICTION
Another transcontinental from Coast to Quebec by 1914.

"In two years time we ought to have the Canadian Northern line connected up from Quebec to Vancouver," said Sir Donald Mann. "This is our programme, to have a freight service in operation from coast to coast at the close of 1913 and a passenger service in the summer of 1914. We will be able to operate trains for wheat all through the winter, both to the Atlantic and to the Pacific coasts. We will be able to carry fifty cars to the train, carrying 60,000 bushels of wheat. The Panama canal will allow us to ship wheat west to the Pacific and handle it to the English market. Our road is being built at low cost, the saving being effected by careful engineering. The high cost of many railways is due to errors in engineering. Seventy-five per cent. of the higher cost is due to mistakes of engineers, and all could be saved."

THE COMING FASHION

Milday's next gown will be simple of attainment, and it will accord well with the household curtailment due to the high cost of living, it was said in Chicago at the exposition of coming fashions on display there by dry goods trade papers.

The bathroom, which supplied her bath robe of blanket cloth coat, now will furnish her dress. And the material in it will be Turkish towels. Two or three towels, with or without the red stripes and tasseled border, as suits the wearer's individuality, a little dab of Irish lace, an opening here and there for an arm to come through, and the gown is complete.

A simple silk undershirt, toned to show off the towel fringe left at the bottom of the skirt, and costing slightly in excess of the overdress, completes the costume.

FARMING OUT PATIENTS

A. E. Donovan, M.P.P., Brockville, told the Legislature that some doctors had done considerable grafting in lumber camps by farming out their practice to other, perhaps more energetic physicians. In some cases, he declared, physicians would be retained to care for the health of perhaps one thousand men in lumber camps, who were each compelled to contribute \$1 a month for the service, whether needing it or not. Doctors thus engaged had farmed out the jobs to other medical practitioners at, say 75 cents per man on the payroll, or, Mr. Donovan had heard, down to 25 cents per head per month.

Test for Drunkenness.

A new test for drunkenness has been adopted by British police magistrates. If the suspect can say "British constitution" without stumbling he is discharged. The first prisoner to try it at London Sessions got three months. The best he could do was "bish cush."

DAILY RECORD

You Are on the Bench

YOU—the Public—are the judge. On your good opinion and your good word depends the success of the advertised article. For no amount of advertising will induce you to buy a second time what you do not like. No advertising will offset the bad effect of a dissatisfied buyer.

That is why advertisers must and do maintain the quality of their goods.

Advertisers realize that to turn their outlay for advertising into profit they must give good value.

They are not looking for one-time sales. First sales, in most cases, would not pay for the advertising.

To be successful, they must make steady customers. So, quality is being put in to hold the trade that advertising produces.

Thus, to be sure of quality, one naturally turns to goods that are advertised. And isn't it only reasonable?

No manufacturer can afford to advertise for long an inferior article. From the moment the advertising begins, the quality must either be kept uniform or improved—to go back means ruin.

The day is passing when you ask for a pint of pickles. You name the brand.

You don't ask for Rolled Oats. You name the brand you prefer.

The unknown article may be good, but you are not so sure of it as you are of the advertised article, which bears the seal of quality, —a well known maker's trade name.

TO MANUFACTURERS

You who make good goods and do not advertise—show your confidence in your product.

Advertise it.

Let the public know that you stand back of your goods to maintain their high quality.

Make your trade name the recognized standard in your line.

Advice regarding your advertising problems is available through any good advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumsden Building. Enquiry involves no obligation on your part—so write, if interested.

REPORT ON MONTREAL HARBOUR

Ottawa, March 29.—The report of the investigation held into the workings of the Montreal Harbor Commissioners lately conducted by Messrs. Price and Waterhouse, investigators acting for the Public Service Commission, was placed in the hands of Mr. A. B. Morine, K.C., chairman of the Public Service Commission, today. It is understood that the report discusses the desirability among other things of having a better method in doing business in certain departments of the workings of the board. Next week the Public Service Commission will proceed to Montreal to hear any complaints made against the board.

The same to carry a bonus equal to 25 p. c. in common stock

Payments to be made as follows:

10 p. c. on Application	
15 p. c. on Allotment	25 p. c. on 1st June
25 p. c. on 1st May	23 p. c. on 1st July

Or payment may be made in full on Allotment.

CAPITAL STOCK ISSUED AND FULLY PAID UP

Preferred Stock (7 p. c. Cumulative)	\$960,000
Common Stock	960,000
Par value of Preferred and Common Shares—\$100.00	

Preferred Dividends accrue from January 1st, 1912. When payments are made by instalments, interest at the dividend rate will be charged from date of Allotment, on balance due. The Preferred shares rank, both as to capital and dividends, in priority to Common shares.

Application will be made to list the shares of the Company on the Montreal and Toronto Stock Exchanges.

WE DIRECT YOUR SPECIAL ATTENTION TO THE FOLLOWING FEATURES:

- (1) This Preferred Stock is exceptionally well secured by Assets.
- (2) The present earnings are sufficient to meet all dividend requirements and show a considerable surplus towards the Common Stock. With the important economies and other savings that can be effected, these earnings should increase very substantially from year to year.
- (3) The constituent companies are well and favorably known, and the new Company will receive the benefit of the combined efforts of the past efficient management.
- (4) A large proportion of the issue has been taken up by the old shareholders and directors of the individual companies for investment, thus showing their continued interest and confidence in the Company.
- (5) Dividends on the Preferred Stock accrue from January 1st, 1912, and this three months' extra interest is equal to a discount of 1 1/2 p. c. on the price of the Stock, making the net cost to the Investor 96 1/2 p. c. per share, exclusive of the Common Stock bonus.

ATTRACTIVENESS OF SECURITIES.

The 7 p. c. Preferred Stock, now offered, is a high class investment, with substantial security behind it. The Common Stock, given as a bonus, because of the earnings already being shown on it, has marked speculative possibilities, and enables the subscribers to share in the full growth and expansion of the Company's business.

"MY STOMACH IS FINE"

Since Taking Na-Dru-Co Dyspepsia Tablets

Mrs. J. Merkhuger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why.

"I was greatly troubled with my stomach," she writes. "I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.

CHANGES IN KNOWLTON MAIL SERVICE.

WILL BE DISTINCT ADVANTAGE IN THE DELIVERY OF THE TOWN.

Knowlton, April 1.—(Special)—The changes in the mail service have just been announced. The mail cars will now be taken by the 4 p.m. train going north and the 9.50 a.m. train going south. The mail clerks instead of commencing and finishing at Knowlton for this end of the line will, in future, go on to Sutton, giving that town and the intervening towns two extra mails. The mail will leave here as usual by stage in the morning to Drummondville Junction, and return with the mail from Montreal and from Mansonville and intervening points.

The mail for Montreal and Sherbrooke in the morning will go by express on the 9.10 a.m. train for distribution at Foster Junction. In addition there will be a mail box on this train so that letters can be posted at the train as usual in the morning.

On the 9.50 a.m. train mail will be received from Drummondville and all intervening points, also from Montreal, Sherbrooke, Quebec, the Eastern States and Maritime Provinces. Mail will be dispatched to Sutton and intervening points.

On the 4 p.m. train mail will be received from Sutton and intervening points and dispatched to Drummondville and intervening points, also to Montreal, Sherbrooke and other points north; also for the Eastern States, to be transferred at Actonville to Island Pond and Montreal train going east.

The 7.45 p.m. train, with the night mail from Montreal and points along the line, will run as usual.

On the whole this will be a distinct advantage in the mail delivery for this town, but all the citizens will regret the fact that Mr. John Hall may have to change his residence. It is hoped that he may find some way out of the difficulty and still have his home in Knowlton.

OVATION FOR MAINE AUTHOR.

(Portland Express)

Attending the play at the National Theatre Wednesday night, following a dinner at the White House, Mrs. Kate Douglas Wiggin, author of Rebecca of Sunnybrook Farm, unexpectedly was the recipient of an unusual tribute from the floor of the house. She was seated in one of the boxes occupied by the presidential party and at the end of the third act was discovered by members of the audience.

In response to much applause and to calls for "author," President Taft arose and presented Mrs. Wiggin at the front of the box. The applause was repeated, and again the President presented Mrs. Wiggin and she received a second ovation.

JOHN O. DUNCAN,

THE HARDY SETTLER

He has great privations at first, but soon lives them down.

Any examination of the settlement conditions in northern Ontario reveals two facts, says Ben Hughes, the extraordinary privations of the settlers in the first two years, due in a very large measure to the absence of roads, and the rapidity with which they make good. The following examples of settlement life in northern Ontario are not drawn from hearsay, they are either gleaned from eyewitnesses or actually observed by the writer in the course of a day's tramp in a small scattered settlement tributary to the T. & N. O., and somewhat south of this point. There are in this settlement about forty families, planted here three years ago by a private land company. Owing to the non-fulfillment of this company's pledges when it obtained the land grant, the Government is now taking up all unoccupied lots, but after three years of extraordinary privation, many of the settlers are now informed that they have either not been located at all or placed on some other man's farm. Inspectors have been sent through all the townships, and some way will be found out of the tangle it is hoped.

All of these men and their families have now surmounted the worst of their difficulties, but the privations they endured at that time are almost beyond belief. One man, a widower who had made and lost one small fortune in southern Ontario, had an ordinary settler's pole shack built last year, when starvation faced him. There was at last no food in the house, no money to buy any, and no work close at hand. He had hunted and trapped a little in the old days, and he left the children in the house hungry as they were. While he was gone they begged from house to house, a little bread here and a handful of potatoes there, and so they maintained themselves until the hunter came back with his load of pelts. This year, when the Government built a road through the township, he never lost one hour in one day, and being a hard worker and a man of wonderful pluck he now has a good frame house, land cleared for next year's crops, and a team in the barn.

Take another instance. A man and his wife and five children were reduced to their last penny. The man went out to cut pulpwood, but being city-born and not very strong he could not buy food with what he earned. It is not easy to realize what cutting pulpwood means with the snow to the waist and still falling, and the temperature at zero. The little wife put on a pair of old trousers, and for several days pulled at one end of the cross-saw while the boy trimmed the logs. There was nothing else to do; they would have starved otherwise.

Wherever settlers precede the roads the living conditions are such as the prospector with all his boasted hardihood would not endure for a second. They live under worse conditions for years than he does for months, and they have not the excitement of the chase. It is a fact that a very large percentage of the settlers are middle-aged, with large families.

They live under worse conditions for years than he does for months, and they have not the excitement of the chase. WATERPOWER AT THE COAST.

A report has just been filed at Victoria, B. C., on the water power of the Willow River, about 17 miles east of Fort George. At this canyon it is proposed by the Fort George Power Company to develop cheap power for manufacturing and other purposes. In the development scheme a dam is planned to create a service reservoir which will be the means of maintaining a constant head of water in a turbine to be installed in a power house situated on the lower face of the dam. In addition, a smaller dam will create a local storage reservoir. According to the report 40,000 or 50,000 horse power might be obtained with sufficient storage.

TO RUN ON THE T. & N. O.

An agreement has been entered into between the Temiskaming and Northern Ontario Railway Commission and the Grand Trunk Railway Company granting the latter running rights over the T. & N. O. Lines in consideration of which the company, in addition to assuming an equitable share in the maintenance of the road agrees to pay the sum of \$300,000 per annum as rental for the above rights. This sum represents one-half interest on the total cost of construction of the line.

TO THROW OPEN HOMESTEADS

Over 25,000 homesteads will be thrown open along the line of the Grand Trunk Pacific Railway west of Edmonton this year. Of this number 15,000 are in the Grande Prairie section north of Edmonton, the first portion of the famous Peace River Country.

BIG CEMENT PLANT.

Plans have been prepared by the Portland Cement Company for an industrial plant at Marlboro, about 17 miles west of Edmonton, which will cover 9 acres of ground and for which \$600,000 worth of steel, concrete, and other construction material has been ordered.

COAL IN NEW BRUNSWICK

Not only has Sir Thomas Tait of Montreal secured control of several coal areas in Queen's County, New Brunswick, but English capitalists have also, according to latest reports, been busy securing options and it is expected that they will make a test to discover if there is not a deeper seam of coal than those at present being mined, which are all close to the surface and cover large areas. The possibilities of the district as an industrial centre are also being closely looked into.

NOTES FROM THE LABOR WORLD

The Bakers' and Confectioners' Union has established a co-operative bakery in Minneapolis.

Practically all wage-earners at Baie, Vermont, with the exception of the city employees are members of some union.

The salmon fishers of Perth, Scotland, demand a raise in wages, which have for thirty years been \$4.80 per week of 66 hours.

Plumbers at Fort Worth, Tex., have gained an advance of 50 cents a day for this year and will have another 50 cents a day increase for the next two years, signing every shop in the city.

The Wholesale Co-operative Society, with headquarters at Manchester, has procured ground and will erect a shoe factory in Leeds which will employ one thousand persons. The society already has factories in other large cities in England.

The representatives of the Railroad Brotherhood favorable to the formation of a federation of all the employees of the Canadian railways have prepared a plan which they are confident that the Brotherhood of Locomotive Engineers will accept.

The railway men of England are not satisfied with the working of the terms of settlement reached after the recent strike. Complaints are made that certain railway companies have not adhered to the terms and have introduced methods which have displaced a great many men.

Fifteen thousand carpenters in Chicago have voted to strike for an increase in wages April 1. The result of the recent referendum vote showed that the offer of the contractors to pay a scale of 62½ cents an hour had been rejected. The men insist upon their demand of 65 cents an hour for the next three years.

TRADEMARK MUST BE KEPT SACRED.

The value of advertising, especially to manufacturers, was never more clearly shown than in the decision of Mr. Justice Charbonneau, in the District Court of Montreal, a few days ago, a new retail firm, with the word "Vineberg" as a part of their firm name, in inaugurating its advertising campaign, caused to be inserted in two Montreal papers large advertisements, the most prominent features of which were the words, "Progress Proclaimed." Messrs. H. Vineberg & Co., Limited, proprietors of "Progress Brand Clothing" immediately made application for an injunction restraining this retail firm from using, for publicity purposes, the word "Progress."

Messrs. H. Vineberg & Co., Limited, claimed that the use of the word "Progress," especially in connection with the name Vineberg, was calculated to mislead the public into believing that the new arrival was somehow or other connected with the old firm of the same name.

The application for injunction was not opposed, and judgment was rendered in default. His Lordship Mr. Justice Charbonneau making the injunction so far reaching that the respondent, as well as the newspapers figuring in the case, are forbidden to publish any advertising material for respondent in which the word "Progress" is found.

CLEVELAND.

Arrivals and departures: Mr. Thos. Wood and son Ever tt, of the Pinnacle, guests of Mr. and Mrs. Wm. Fulker; Mrs. Barber Sunday with Mr. and Mrs. Wm. Smith; Master Gordon

Fulker a few days at "Pleasant View."

Mr. and Mrs. Arthur Taylor, "Hillside Cottage," gave a very delightful dance to their friends on Wednesday evening. A very pleasant time was spent and nice refreshments were served by the hosts.

ALL YOUR STOMACH TROUBLE VANISHES.

No Indigestion, Gas, Heartburn or Dyspepsia five minutes later.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

REPORT OF LOOTING AT NANKING FALSE.

Authorities of Chinese Republic say Reports are Without Foundation.

LEADERS DECLARE THAT PESSIMISTIC REPORTS WERE UNWARRANTED AS TO CONDITIONS IN COUNTRY.

Nanking, April 1.—The report from Peking that looting was being carried on at Nanking is absolutely without foundation. The city is perfectly quiet and the War Office reports that quiet also prevails at Soochow. One pawnshop was burned in that town and one coolie was killed. The looting by a small body of mutineers there was quickly suppressed.

Premier Tang Shao Yi, ex-President Sun Yat Sen and other leaders of the republican movement, during the course of interviews to-day, declared that pessimistic reports were unwarranted. Uneasiness in the foreign settlements in Shanghai and elsewhere, they admitted, was natural perhaps, but notwithstanding the financial difficulties caused by the delay through the withdrawal of the support of the Four Powers group, they were quite confident that no serious outbreak would occur anywhere.

FOUR THOUSAND RY. WORKERS QUIT.

Were Employed on Canadian Northern Railway in British Columbia.

MEN DEMAND MINIMUM OF \$3.00 PER DAY OF NINE HOURS.

Vancouver, B.C., April 1.—Following an agitation for higher pay and shorter hours, which has been quietly going on for some weeks among I.W. W. men, engaged in construction camps on the Canadian Northern, a strike was declared Saturday.

Out of five thousand men at work it was stated that nearly four thousand are out. It was further stated that most of these are heading for Vancouver to carry on the agitation.

The first men to lay down pick and shovel were those engaged by sub-contractors Benson and Nelson, which firm has a large camp at Lytton. The men along the line have been getting from \$2.50 to \$3.25 for ten hours. Their demand is for a minimum of \$3.00 for a nine-hour day. This the sub-contractors will not grant.

Meetings are being held in camps from Hope to Kamloops. Now it is said there is a stampede for Vancouver, where men hope to continue agitation.

FIFTY YEARS MARRIED.
The following poem commemorative of the event, written by Herbert A. Salls, of Manchester, on the fiftieth wedding anniversary of his father and mother, Mr. and Mrs. Stephen Salls, of Sherbrooke, is herewith published by request:

Just fifty years have passed away in shadow and in sun,
Since first upon that happy day two lovers were made one.
And ever onward, side by side,
You've walked together here;
Your love proved true whatever be-
tide,
Your hearts were filled with cheer.

Your home was blessed with girls and boys,
And here from day to day
Their life was passed with many joys
In the good old-fashioned way.
But two have gone before us, while
they wait for us to come
Where all is ever bright and fair in
our eternal home.

Grandchildren six have come to cheer
Charlie, who loves you true; Willie
and Howard, Francis and Fred
and Clarence, ever dear;
And many, many friends whose hearts
were cheered along the way
By visits to your happy home, all
wish you joy to-day.

It does not seem that fifty years can
have passed since that day,
With all their sorrow, cares and
fears, you seem so young to-
day;
But love has brightened life's hard
load and helped trouble's hour.
You looked for strength to tread the
road to the Almighty Power.

And now your children gather here
and wish you joy to-day;
Then let us onward go with cheer
and courage on our way.
This home on earth, so much we
love—an emblem of our heaven-
ly home—
Shall be to us, thy children dear,
till we shall meet no more to roam.

A purse of gold was presented the
venerable couple by their family.

DAUGHTERS OF EMPIRE.
On Saturday afternoon at Plymouth Church Hall a meeting was held by the King George V. Chapter, the Sir John Sherbrooke Chapter and the Duke of Wellington Chapter of the Daughters of the Empire, each being well represented. Mrs. H. A. Odell, regent of the Sir John Sherbrooke Chapter, presided and called the meeting to order. The standard was raised and saluted and the chairman then briefly explained the object of the meeting, which was to consider whether it was possible or advisable to retain the services of the district nurse for another year.

The subject was open to discussion and it was hoped that every member would express her opinion freely. The work of the nurse had been most satisfactory, and the calls upon her were increasing. There was no doubt that in a short time her time would be fully occupied.

After some discussion it was decid-

ed to engage the district nurse for a year, from June 1912 to 1913. The question of ways and means of defraying her expenses and salary then arose, and various methods were suggested of raising funds for that purpose. A letter from a friend in Hamilton, Ont., giving an account of a "tag day" held in that city, and its splendid results, describing the thorough organization, etc. A visitor who took part in "tag day" in Montreal also gave her experience, which was of a similar nature.

It was therefore decided by a rising vote to hold a tag day in Sherbrooke on a date to be fixed later, probably the last week in May or the first in June, and in view of the excellence of the object and its being along the lines of progress and modern philanthropy it is hoped that the citizens will give their cordial assistance and approval.

A committee composed of Mrs. S. A. Jones, Mrs. H. R. Fraser, Mrs. J. H. Armstrong, Miss Wilson and Miss Eva White, with Mrs. H. A. Odell as chairman, was appointed to make the preliminary arrangements.

A letter was read from Mrs. Norreys Worthington, expressing her warm thanks to the members of the chapters for their sympathy in her recent bereavement, and giving with regret her resignation as regent of the Municipal Chapter. Mrs. H. R. Fraser was unanimously elected to fill the vacant position, but while thanking the members for the honor they had conferred upon her, she felt unable to accept. However, upon being urged, Mrs. Fraser consented to act for the present with the understanding that another regent should be elected as soon as possible. The National Anthem was sung and the meeting closed.

The Misses Hepburn, who have been spending the last few weeks at the Lennoxville Hotel, are leaving this week for their home in Bury.

Miss Annie Mills recently returned to East Angus after spending a few days here with her aunt, Mrs. C. N. Martin.

PLANS A VIGOROUS CAMPAIGN.

President Madero of Mexico Will Endeavor to Quell Rebels

U.S. HAS PERMITTED SHIPMENT OF ARMS AND AMMUNITION FOR HIS SOLDIERS.

Washington, D.C., April 1.—President Madero, of Mexico, has decided upon a vigorous campaign against the rebels and the American Government has consented to permit the shipment from the United States of arms and ammunition for his soldiers. These important developments in the complicated Mexican situation were learned here yesterday.

It is the intention of President Madero to replenish his diminished army with fresh recruits, throwing them around the strongholds of the rebels. The serious problem of arming them has been simplified by a decision of the United States authorizing, by special permission in each case, the Mexican Government to purchase munitions of war here and ship them across the border. Under this policy the consignments of arms and ammunition already have gone into Mexico.

IRISH ACCEPT HOME RULE BILL

REDMOND PREDICTS THAT IT WILL PASS THROUGH PARLIAMENT BY SEPT. 1.

London, April 1.—At a private meeting of his supporters last week, John Redmond announced his wholehearted acceptance of the terms of the Government's Irish home rule bill and said that barring unforeseen events, the measure probably would be passed through Parliament by the beginning of September. The bill is to be introduced in the House of Commons April 11.

\$200,000 FOR HIGHWAYS.
Winnipeg, Man., April 2.—The feature of a session of the Legislature was the second reading of the bill respecting provincial highways, by Premier Roblin. In this bill the Government is providing for an annual expenditure for a start of \$200,000 for the construction of permanent and uniform highways across the province.

PAPER PRINTED IN SHORTHAND.
Victoria, B.C., April 2.—In British Columbia there is a little newspaper, the Kamloops Wawa, circulating among several tribes of North American Indians. The unique feature of this journal is that it is printed in shorthand.

AIDED FLORENCE NIGHTINGALE
There has died in London, at the age of eighty-four, Mother Mary Anastasia Kelly, who, when a young nun, was one of the seven of the Order of Mercy to volunteer for service among the sick and wounded of the Crimean war. They took ship with Florence Nightingale for the crowded hospital wards of Scutari, where England's soldiers lay uncare for in the awful ditches of cholera and fever. Forty years afterwards four of these nuns were still living and had received no official recognition of their heroism. They were then commended to Buckingham Palace, where Queen Victoria lauded them with the Order of the Red Cross.

HOME RULERS MEET IN DUBLIN.

Many Thousands Attended a Demonstration There on Saturday.

HOME RULE PARLIAMENT WILL BE ESTABLISHED SOONER THAN EXPECTED.

Dublin, April 1.—Many thousands of residents and others, who arrived on special trains attended a great Home Rule demonstration here Saturday. Four big platforms had been erected on O'Connell street, from which the speakers addressed the crowds. All the buildings in the vicinity were decorated. A hundred bands participated, and the principal corporations, except that of Belfast, attended in state.

Green flags, with the words, "We Want Home Rule," were displayed everywhere. John E. Redmond, leader of the Irish Parliamentary party; William Redmond, M. P. for East Clare; John Dillon, M. P. for Belfast; and John C. Clancy, M. P. for the north division of Dublin, were among the speakers. John Redmond predicted that a Home Rule Parliament would be established on College Green sooner than the most sanguine there expected.

GREAT BRITAIN HAS A SURPLUS.

CONSOLIDATED FUND RECEIPTS \$6,545,286 TO THE GOOD.

London, April 1.—The treasury statement for the fiscal year was issued Saturday night. It shows: Revenue, \$185,090,286 (\$925,451,430); expenditures, \$178,545,100 (\$892,725,500). The revenue is \$18,760,362 less than the previous year, when, owing largely to the late collection of the preceding year's property and income tax, the increase in receipts amounted to \$72,154,132.

Cramps at Night Require Prompt Remedy

Agonizing Pain Prevented by Keeping Nerviline Handy on the Shelf.

A Case in Point Illustrated

Deadly cramps—the symptoms are not to be mistaken. Suddenly and without warning the patient experiences such agony in the stomach as to contort the countenance and cause him to cry aloud for help.

Then it is that the wonderful power of Nerviline can make itself felt—it cures so quickly.

"Last summer I was stricken with a frightful attack of cramps. I feared the pain in my stomach would kill me. My eyes bulged out and the veins in my forehead stood out like whipcords. My cries attracted a neighbor, who came to my assistance, and in a moment or two handed me half a teaspoonful of Nerviline in some sweetened water."

"It seemed as if an angel had charmed away the pain. In ten seconds I was well. Nerviline has a wonderful name in this locality, and is considered best for cramps, diarrhoea, flatulence, stomach and bowel disorders. I urge all my friends to use Nerviline."

"MANLEY M. LEGARDE."
No home is safe or can afford to miss the manifold advantages of having Nerviline on hand in case of accident or emergency sickness. Large family size bottles of Nerviline, 50c; trial size, 25c; all dealers, or The Catarthozone Co., Buffalo, N.Y., and Kingston, Canada.

HISTORY OF THE BOER WAR.

Interesting Lecture by Lt Col E. B. Worthington.

DELIVERED BEFORE THE PAR-ERGON SOCIETY OF BISHOP'S UNIVERSITY.

An interesting lecture on "The History of the Boer War" was delivered before the Par-Ergon Society of Bishop's University on Friday evening by Lieut.-Col. E. B. Worthington.

The lecturer, having been introduced by the president of the Par-Ergon Society, Professor F. G. Vial, B.D., commenced his lecture by showing how England could have brought the war to a speedy close had her primary successes been followed up with vigor. This was not done, however, the commanders preferring to wait for reinforcements and thereby giving the Boers breathing space to recover from the shocks they had received. Did we then possess the up-to-date appliances now being employed in the Turko-Italian war the Boers would have had no chance whatever. Unfortunately for us, the war broke out twelve years too early.

The lecturer then gave a description of the country, pointing out the geographical relation of the various places with the assistance of maps.

The climatic conditions were against our troops. Excessive heat in the daytime, followed by cold, frosty nights, proved very trying, and the scarcity of water seriously aggravated matters for our men. The Boers, on the other hand, were fully acclimatized and well versed in the resources of the country. This gave them an enormous advantage, added to which their ponies were able to obtain nourishment from the grass peculiar to the country, which proved very injurious to our newly imported animals.

It was found at once that the railways were inadequate owing to their narrow gauge and this seriously delayed the hurrying of troops to the front.

A GUERRILLA WAR.

But perhaps the disadvantage the English armed labored under most was the total inadequacy of the old-style of tactics approved of by the war office. The Boer war was essentially a guerilla war. Lightly armed, with little or no impedimenta, the enemy were able to move rapidly, and the very slowness of their discipline, the individuality of each man, and their great skill as sharpshooters proved to be of incalculable advantage over the slow-moving, conservative, cut-and-dried tactics of our troops. All departments of the army, infantry, cavalry and artillery, very soon discovered that they would have to cast aside many preconceived notions of how fighting should be carried on. Only the Indian troops, trained in the guerilla fighting against the border tribes of Northern India, felt in their element on the African veldt.

The result was that our knowledge of their method of fighting was only slowly acquired and was dearly paid for, and to this deplorable unfitness of English tactics to cope with those adopted by the natives of the Transvaal and Orange Free State must be ascribed the numerous defeats we sustained in the early months of the war.

Passing quickly over the events of the first part of the campaign, the lecturer entered into more detail concerning the events which followed the arrival of Lord Roberts and Kitchener upon the scene of action in February, 1900, skillfully leading up to and dwelling with much detail upon the battle of Paardeberg, which proved to be the turning point of the war, and in which was wiped out, once and forever, the stain which since the battle of Majuba Hill, nineteen years before, had marred the brightness of British arms. It was a stain which our own Canadian troops were largely instrumental in erasing.

Co. Worthington closed his address with an account of the return of the Canadian contingent to these shores, speaking at some length upon the welcome extended to the men of St. Francis district by the Sherbrooke municipality.

A cordial vote of thanks was proposed by the Principal, Dr. Parrock, who reminded his hearers that Col. Worthington was a graduate of Bishop's University Law School. The motion was seconded by Mr. R. J. Shires.

PROSPERITY OF THE EASTERN TOWNSHIPS.

Referred to in Quebec Legislature By the Provincial Treasurer.

MR. GRARD, M.L.A., COMPTON, GIVES HIS REASON FOR E. T. BANK AMALGAMATION.

In the course of the proceedings in the Quebec Legislature, Mr. Gault, Montreal, moved an amendment expressing regret that the Government had not reduced or readjusted the tax on commercial corporations, the revenue from which, he said, had increased from \$135,325.71, what it was in 1892-93, to \$712,118.46 in 1910-11.

The amendment was supported by Mr. Girard, of Compton, who said that over-taxation had been the cause of the Eastern Townships Bank leaving the Eastern Townships.

The Hon. Mr. Mackenzie made a strong speech in reply, declaring that the prosperity of the Eastern Townships was unprecedented and that the Eastern Townships Bank had only become stronger by amalgamation with a powerful corporation, before which merger it had increased the dividends to its shareholders from eight to nine per cent.

There was no better proof of the prosperity of the province than the fact that on the 30th of June next this province would be able to redeem a loan of three million dollars, which marked an epoch in the history of the Province, because it was the first time that Quebec had been able to redeem its bonds in gold.

The Provincial Treasurer then went on to show what the Government had done for the improvement of every branch of the administration, and notably for the education, and he predicted that the verdict of the people at the next elections would be in approval of Sir Lomer Gouin and his policy of progress and prosperity.

Mr. J. M. Tellier, leader of the Opposition, replied, saying that it was the fact that the revenue of the Province was so large that proved that the Government should reduce its taxes on commercial corporations. The Opposition was not opposed to the tax, but considered that it should be reduced which had been so widely sought.

Sir Lomer Gouin, replying to Mr. Tellier, said that the taxes referred to had been imposed in 1881 when the Hon. Mr. Wurtels was Provincial Treasurer, and that the taxes had increased with the prosperity of the Province, therefore each party was equally responsible in the matter.

Sir Lomer Gouin declared that he had honored all the promises which he had made since he had taken the leadership of the Provincial Government and that he would continue to do so.

He had promised the annexation of Ungava, and that question was now settled.

The question of taxes on commercial corporations was under study at the present time, and he could say that it would be settled before long so as to give justice and satisfaction to everybody.

Mr. Jean Prevost followed and the vote being called on Mr. Gault's amendment, it was defeated on a division of 42 to 12.

GOULD.

The death of Mrs. MacLean took place at the home of her daughter, Mrs. Murdo MacDonald, on Friday afternoon. The funeral was held today (Monday).

A very pleasant surprise party was given Mr. and Mrs. T. MacIver, of "McGill Lake," on Wednesday evening, when a number of their friends, to the number of twenty-five, drove to their home to spend the evening. It was a complete surprise to all, but the guests were received cordially on their arrival there. A very pleasant evening was spent by all present. During the course of the evening Mr. A. G. MacKay presented Mr. and Mrs. MacIver with a beautiful hanging lamp as a souvenir of the occasion on behalf of the friends present. Mr. and Mrs. MacIver, sr., also each received a souvenir of the occasion. A very nice lunch was served by the ladies. The party broke up about midnight, after having all spent a very pleasant evening.

The Legislature will adjourn over Easter, meeting again probably on Wednesday of the following week.

OXFORD WON FROM CAMBRIDGE.

Sixty-Ninth Race on Thames Today.

WEATHER UNFAVORABLE — FINISHED SIX LENGTHS AHEAD.

Putney, England, April 1.—(Special)—The Oxford eight to-day won with the greatest ease the sixty-ninth annual boat race between eight-oared crews representing the universities of Oxford and Cambridge, over the usual course on the Thames, from Putney to Mortlake. The Dark Blues finished six lengths ahead of their rivals, their time for the entire course of four miles and a quarter being 22 minutes and five seconds. The weather, which compared unfavorably even with that of Saturday, when both boats were swamped at different parts of the course and the contest declared by the umpires to be "no race," prevailed throughout the morning, and until the last moment it was not believed that the crews would be able to re-row the race at noon. However, after going over the course the umpire decided that the start should be made as arranged. Oxford again won the toss and chose Middlesex or the northern side, which gave them a slight advantage over the light blues, the wind to-day blowing from the north-west. It was a procession more than a race. The dark blues pushed the nose of their shell to the front on the first stroke, and were never threatened at any point of the course.

MANAGERS GIVE ROOSEVELT A LEAD.

Figures Issued Shows Colonel Making President Taft a Tired Second

EX-PRESIDENT HAS 62 DELEGATES IN HIS FAVOR, WHILE PRESIDENT HAS BUT 36.

Washington, April 1.—Senator Joseph M. Dixon, the Roosevelt Manager, gives out a statement of delegates elected which shows the Colonel making President Taft a tired second, if you are willing to look at the figures. Senator Dixon's way. "This is right from the bottom of our hearts," said Senator Dixon, Saturday. "We have kept with much care a full and accurate record of every district and State convention that has elected delegates to Chicago. Completion of these figures shows that to date there have been the nomination of Colonel Roosevelt, thirty-six delegates favoring the nomination of President Taft, two delegates favoring that of Senator Cummins, and ten that of Senator La Follette. Ninety-four delegates have been elected without instruction. There are pending contests as to 112 delegates."

C. P. R. HOTEL AT LAKE MEGANTIC.

Rumored That Company Will Build Summer Hotel.

G. M. STEARNS' PROPERTY LIKE LY SITE—UNION STATION.

Lake Megantic, April 1.—(Special)—The rumor that the Canadian Pacific Railway Co. might erect a summer hotel at Lake Megantic is causing considerable excitement.

The matter was taken up with a prominent official of the road on the occasion of his recent visit to town. Several probable sites were mentioned, among them being the Stearns property near the river. Properly fixed up, this would make an ideal spot. It is also understood that the land would be available for this purpose.

Should the C.P.R. take this matter up and build the hotel there is every reason to believe it would be well patronized.

UNION STATION.

Now that the C.P.R. has purchased the Q.C.R., it is likely that a new union station will be built.

THEATRE DESTROYED AT EAST ANGUS.

BUILDING OCCUPIED AS A MOVING PICTURE SHOW BURNED TO GROUND.

East Angus, April 1.—(Special)—The inhabitants of this place were aroused at an early hour Saturday morning by an alarm of fire. It was found that fire had broken out in the moving picture theatre building. The flames spread so rapidly that it was impossible to save the building, and it was soon burned to the ground.

Only the piano and a few chairs were saved. Several expensive reels of pictures were destroyed. The origin of the fire is unknown, as when Mr. Conway left the previous evening everything seemed to be all right.

NEWS OF SCOTT EXPEDITION.

(Continued from page 1.)

gress made over the familiar ground, slower even than Shackleton's expedition, unexpected difficulties were encountered.

It is now recalled that a press despatch from New Zealand last May contained hints of possible failure. The despatch stated that Scott was making preparations for a second attempt in case the first should be unsuccessful. It was suggested that he had misgivings about the ponies and had arranged for the despatch of some trained Indian transport mules and also Siberian dogs to replace the ponies.

Whatever may have been the difficulties, it is now clear that to that Amundsen belongs the honor of first reaching the South Pole. Last news of Scott leaves him still fifty miles to go to equal Shackleton's farthest south in January, 1909, and it is unlikely that any later news will be heard of him before October. Until then it will not be known whether he reached the Pole or whether he was obliged to turn back and return to winter quarters.

The news arrived too late for press comment, or to gather the views of scientists and explorers, but there is no doubt that Scott's non-success will be the subject of the keenest disappointment.

EMPEROR JOSEPH AND HIS CABINET.

Threatened to Abdicate Unless Mobilization Scheme was Carried Out.

HAD ALWAYS RESPECTED THE INTERNAL CONSTITUTIONAL RIGHTS OF THE NATION.

Vienna, April 1.—The crisis in the Hungarian Cabinet, which ended Saturday by the Emperor Francis Joseph expressing confidence in the Cabinet under the premiership of Count Kuehn Von Hedervary, had a sensational development in a threat of the Emperor to abdicate. It is said that at a recent audience with the Premier, the Emperor openly threatened to abdicate unless certain proposals in connection with the controversy over the army were immediately abandoned.

In substance the Emperor is reported as saying to the Premier: "As crowned King of Hungary for 45 years, I have always respected the internal constitutional rights of the nation. Hungary never had a better friend than I; yet my sovereign rights are now suddenly contested and I am met with distrust." The Premier interjected: "God forbid." But the Emperor continued: "This is no moment for sentimentalities. I speak after serious reflection."

GERMANY PUSHING AVIATION FUND.

Berlin, April 1.—The national subscription for the purchase of aeroplanes for presentation to the emperor for military purposes is being taken up extensively throughout the empire. Besides the municipalities of Frankfurt, Essen, Heidelberg and Posen, those of Hanover, Magdeburg and Leipzig have decided to present machines.

THE ONE MAN-ONE VOTE-MEASURE.

LAW GIVES THE SUFFRAGE PRACTICALLY TO EVERY BRITISH SUBJECT IN PROVINCE.

By the new law passed at Quebec suffrage is practically given to every British subject in the Province of Quebec over twenty-one years of age, and while a considerable number of votes will be removed by the new system, it will, on the other hand, serve to add thousands more to the list of voters.

By the new bill the right of suffrage is given as follows:

To any owner of property, lessee or sub-lessee of property of any value whatever.

To all laborers or tradesmen providing they receive a salary of at least \$120 a year.

To all clergymen, irrespective of denomination, and without any other qualification.

To all engaged in the teaching profession, irrespective of salary.

The only restriction is that the voter must be a British subject, male, and must be twenty-one years or over.

There is no limit of time made for residence or ownership of property.

The new measure is about the nearest step to universal suffrage, and will entirely revolutionize the old system of suffrage in the Province of Quebec.

Letter No. 6

Sherbrooke, Que., Feb. 19th, 1912.

G. A. LeBARON AUTOMOBILE SALES CO., City.

Gentlemen:—

I purchased from you last Spring a McLaughlin-Buick automobile.

The car has given me excellent service, and the treatment received through the firm and you as representative was all one could ask.

My car is in excellent shape and I see no reason why it should not give years of service.

I am thinking of changing for one of your 1912 Models, on account of wanting a larger as well as a three speed car. I remain,

Yours truly,
G. F. DESRUISSEAUX.
