

SIXTY-FOUR SEAL HUNTERS LOST IN WILD BLIZZARD

Members of Crew of Steamer Newfoundland Were Caught in Storm While Away From Ship. Many so Injured That They Will be Maimed For Life. Steam Golden Cross Reported Lost, Arrives in Port.

SOUTHERN CROSS NOT REPORTED

Curling, Newfoundland, April 3.—(Special)—The missing sealer Southern Cross, had not been reported here this morning. The blizzard continued.

DOUBT AS TO SAFETY.

St. John's, Nfld., April 3.—(Special)—Confidence in the safety of the Southern Cross excited by the report that she was at Channel, gave way to doubt as the day progressed and no confirmation of the tidings was received.

NOT AT CHANNEL.

New York, April 3.—(Special)—A private message received here today said that the Sealer, Southern Cross had not arrived at Channel, Newfoundland, as reported from St. John's and grave fears were expressed for the vessel's safety.

SOUTHERN CROSS SAFE.

Sydney, N.S., April 3.—A wireless report was received at North Sydney last night to the effect that the sealing steamer Southern Cross, reported overdue, and which it was feared had been lost or disabled in the recent storm, has arrived safely at Channel with a full catch of seals. The Erik, another sealer, was also reported at the same port.

SIXTY-FOUR PERISH.

St. John's Nfld., April 3.—At least sixty-four members of the crew of the sealing steamer Newfoundland perished in a storm which caught them on the ice floes near the Strait of Belle Isle on Tuesday, while as many more, it is feared, will be maimed for life. That number of bodies was recovered by other steamers in the fleet, which also picked up thirty-seven survivors, all suffering severely from frost bite. Thirty members of the crew had remained on the Newfoundland when their companions went out to hunt seals, leaving about twenty men unaccounted for out of a total crew of about 150. There is a possibility that some of these were drowned by the overturning of ice cakes.

SHOULD CLOSE QUEBEC ARSENAL

Mr. Carwell, M. P., Says it Should be Turned Into Fertilizer Factory

IT WOULD THEN BE OF SOME USE TO THE COUNTRY—COSTS \$300,000 A YEAR.

Ottawa, April 3.—The attitude of the Opposition toward the Dominion arsenal in Quebec was illustrated in a violent attack by Frank B. Carwell (Liberal) early this morning on a sixty-thousand-dollar item in connection with the arsenal. The House of Commons went into supply after the conclusion of the N.R.T. debate. "These figures," said Mr. Carwell, "stagger one. How much is the minister spending on this arsenal, anyway?"

Col. Hughes—"\$300,000 per year." Mr. Carwell—"I don't want to say anything about the competency of one of his officials."

Col. Hughes—"The \$300,000 vote has been granted for years. I do not want to say anything about the competency of one of his officials."

Mr. Carwell, heatedly—"Why don't you close the whole thing up; it ought to be turned into a fertilizer factory and made of some use to the country."

Col. Hughes calmly replied that the institution was doing very useful work for the country, and that the ammunition now being turned out was better than any previously manufactured.

The item was then passed.

ATTEMPT TO BLOW UP CHURCH.

Glasgow, April 3.—(Special)—Three bombs were exploded by militant suffragettes to-day in an attempt to blow up Belmont Church in this city. The explosions, however, did only slight damage to the building.

THE WEATHER

Fair and cooler.

GRANBY MAN IN HOTEL FIRE

Mr. W. F. Giddings Had Leg Broken and Internal Injuries

PHYSICIANS, LAST NIGHT, HOWEVER, SAY THAT HE WILL RECOVER

St. Augustine, Fla., April 3.—Historic St. Augustine, the oldest city in the United States, early yesterday was swept by a half million dollar fire that destroyed five tourists' hotels and burned records and curios dating back to the days of Spanish rule in the sixteenth century. Two persons were seriously injured. They were Miss Alice C. Smith, of Amherst, N.S., and W. F. Giddings, of Granby, Que. Miss Smith sustained an injured spine and broken leg. Her condition to-night was said to be critical. One of Mr. Giddings' ankles was broken and he was otherwise hurt, but physicians last night said he would recover. Several other persons received minor injuries.

Guests in the hotels fled to the streets precipitately, many leaving valuables and personal belongings behind. Several escaped clad only in their sleeping apparel.

GIFT OF WASHINGTON AUTOGRAPH. London, April 3.—As a gift from Sir Joseph Lawrence, the British Peace Centenary Committee has received an autograph letter from General George Washington to Colonel Dayton, written during the War of Independence. It is dated at the headquarters, Newburg, May 10, 1782.

BACK FROM BALKAN WARS.

New York, April 3.—(Special)—Two thousand Greeks, most of them battle-scarred veterans of the Balkan wars, arrived here yesterday on the steamer Laconia. Many returned to resume in America careers which they had abandoned to fight the Turks and Bulgars. One of them, Charalambos Stathis, gave up a prosperous real estate business in Winnipeg to serve in the Greek army as a private. He comes back with the rank of sergeant.

REBELS TAKE TORREON

Constitutionalists Are Now in Control of a Large Section of Mexico

LOSS ON BOTH SIDES REPORTED VERY HEAVY 1,500 KILLED

Juarez, April 3.—(Special)—With the taking of Torreon by the rebels, last night constitutionalists now control an immense wedge shaped portion of Mexico with the point resting on Torreon, 500 miles south of here, and the top extending along the American border from Nogales, Ariz., to a point just west of Eagle pass, Texas.

At Piedras Negras, known also as Ciudad Porfirio Diaz, across the Rio Grande from Eagle Pass there is a federal garrison, but it does not constitute a menace to the rebels. Losses have not been compiled but General Villa estimates his own losses at 500 killed and 1,500 wounded, and the federal loss at 1,000 and 2,500 wounded, with an unknown number of prisoners.

STABBED WHILE IN BED ASLEEP

Murderous Attack Made on an Italian by an Enemy in Montreal

ASSAILANT DROVE KNIFE INTO VICTIM'S BODY AND ALMOST SEVERED JUGULAR

Montreal, April 3.—Rocco Nonsiallo, an Italian living at 32 Latour Street, was murdered while sleeping in his bed last night. The assailant, a man named Fanello, drove a heavy sheath knife into his neck. On information given to the police by the victim's wife and son, the police arrested one Malesia Pavello, living at 34 Latour Street, and between whom and Nonsiallo there had been bad feeling. Fanello was badly and apparently asleep and vigorously denied having attacked Nonsiallo. He also denied the ownership of the knife with which Nonsiallo was stabbed and a revolver found under his pillow.

At the hospital the doctors found that the jugular vein had been cut nearly in half, but this they succeeded in suturing. The victim is in a greatly weakened condition from loss of blood but the physicians say that he has a chance for recovery, this being made possible largely through the promptness with which medical aid reached him.

DEPOSITORS OF FARMERS' BANK

Understood That Government Will Pay Them 100 Per. Cent.

TO DO THIS A SUM OF ONE MILLION AND A QUARTER WILL BE REQUIRED.

Ottawa, April 2.—The question of recouping the losses sustained by the depositors in the Farmers' Bank is receiving considerable attention these days among the members whose constituencies are affected, and it is understood that the necessary legislation will be brought down before long.

The opinion is general among the members interested in the matter that the Government will pay the full 100 per cent. to the depositors, though this will require about a million and a quarter, according to general estimates.

It is understood that as yet there has been no further settlement reached with regard to the shareholders' claims. The Government has not at any time recognized their claims, and evidently does not propose to do so now.

I. C. R. TRAINS BLOCKED

ONE OF THE WORST STORMS OF WINTER EXPERIENCED AT MONCTON, N.B.

Moncton, N.B., April 3.—Moncton was thrown into one of the worst snow storms of the past winter and traffic on the I.C.R. and branch railways was seriously interfered with. The storm extended north as far as Newcastle, and was not severe east of Sackville. On the N.T.R. and between Moncton and Newcastle the storm was very bad and plow specials were sent out to keep the lines open. The Salisbury and Albert Railway train was blocked and snowed up near Salisbury.

Considerable difficulty was experienced in keeping the Shediac branch line open.

ASQUITH GIVEN GREAT SEND-OFF

Greeted on the Way to East Five by Liberal Associations Who Presented Addresses

ASKED TO MAINTAIN TRADITIONS OF ARMY, AUTHORITY OF CROWN AND POWER OF PEOPLE.

London, April 3.—(Special)—Premier Asquith was given a big send-off when he departed for London today for his constituency of East Fife, Scotland, where he is to deliver, tomorrow a speech to his constituents, in spite of the decision of the unionists not to oppose his election.

Large crowds of Liberal supporters gathered at the stations along the line, and at every stopping place the premier received addresses from liberal associations expressing the wish that "The electors of East Fife will send you back to parliament with redoubled authority to maintain the traditions of the army, the authority of the Crown, and the power of the people."

UNIONISTS WANT AN ELECTION.

London, April 3.—The provisional decision of the Unionists not to contest Premier Asquith's re-election in East Fife is evoking much criticism in Opposition circles, so much so that telegrams of protest are being received against allowing the seat to go by default. The Morning Post declares that there must be a contest, and that the Opposition must see that the candidate has the support of the most powerful spokesmen of the party that can be put in the field.

The proviso laid down by the East Fife Unionist Association was that if Mr. Asquith broke out on the army issue in his manifesto to the electors or in his Saturday speech they would still force a contest.

ROBBED MAILS ON HIGH SEAS.

San Francisco, April 3.—(Special)—David Williams was arrested here yesterday for the robbery of an Australian registered mail on the high seas. It was alleged that he stole cheques and money orders worth from \$40,000 to \$50,000 on the liner Ventura.

WIDOW OF FRANK IBSEN DEAD.

Christiana, Norway, April 3.—(Special)—Susanna Ibsen, widow of Henrik Ibsen, the Norwegian dramatic poet, died here to-day.

HIGH COURT I. O. FORESTERS

Delegates From the Quebec South Jurisdiction to Meet in Sherbrooke

REPORT OF THE HIGH CHIEF RANGER SHOWS LARGE INCREASE IN MEMBERSHIP

The High Court of Quebec South of the Independent Order of Foresters which was instituted here three years ago, is scheduled to meet in the Forester's Hall, Odell's block, on Tuesday afternoon next. Besides the officers, delegates are expected from 114 subordinate courts. The society was planted early in the Eastern Townships, and a dozen or more of the oldest courts in the Order are to be found in the towns in the vicinity of Sherbrooke. The report of the High Chief Ranger for the jurisdiction shows that during the triennial term now closing 911 members joined the society; there were 122 deaths, including one of the officers. The number receiving the total and permanent disability benefits, including the age benefits, is thirty-nine, while 32 Foresters' orphans are receiving \$5 each per month from the orphans fund. That such a small number of the latter are requiring aid is attributed to the thrift and independent spirit which prevails amongst the membership.

The work of the Foresters' Sanatorium for tuberculosis at Rainbow, in the Adirondack mountains, forty miles south of the international boundary, is commented upon and highly spoken of.

The case of the so-called old members who suffer from a lien of \$100 to \$200 on each \$1000 of life insurance carried is dealt with sympathetically and is pointed out that the problem of making the society sound and solvent had to be faced; there was no honorable way of evading it. The brethren are assured that the very best course was taken that could be taken in the interests of both the old and the new members, and what remains is well worth holding on to. The number of defections on account of the changes made cannot be ascertained exactly, but it is estimated to be several hundreds. The reports of the High Secretary and High Treasurer show the finances of the High Court to be in a healthy condition.

The members of the executive are Messrs. Frank Smith, J. R. Clouston, M.D., J. G. Trahan, J. P. Roy, L. Massicotte, E. Fleury, N.P., and Dr. H. Spencer. On comparing notes at a recent meeting mutual surprise was evinced on the discovery that all were total abstainers and that only one used tobacco.

CONSERVATIVES OF MISSISQUOI CO.

Hon. Mr. Perley, Hon. Mr. Coderre and Others Address Large Gathering

ARE ON TOUR OF THE EASTERN TOWNSHIPS TO GET ACQUAINTED WITH THE PEOPLE.

Bedford, April 3.—(Special)—The Liberal-Conservative Association of Missisquoi County (Mr. Frank Walsh President, A. B. Foster Secretary), held a meeting in Victoria Hall on Thursday afternoon, when between 400 and 500 people turned out to hear Hon. Geo. Perley, Hon. Louis Coderre, Mr. G. H. Baker, M.P., and Mr. F. R. Cromwell, M.P. The object of the meeting was to talk over matters pertaining to the county, and also the question of a new post office. President Walsh called the meeting to order, and Mr. R. C. Wilkins, of Farnham, was asked to act as chairman, which he did in his usual happy style. He first introduced Hon. G. Perley, who spoke of the great pleasure of being for the first time in Missisquoi County. He realized the obstacles the farmers had in coming to a meeting at this season of the year, but said that to arrange for such a tour as they had at a different season was impossible, owing to business at Ottawa.

The purpose of their visit was to get acquainted with the people in the Eastern Townships. He urged the people of this county to look well after the organization of their party if they wished to carry it for the Conservatives. Although no election was yet in sight, no doubt 1915 would see the big battle fought over again. He complimented the present organization upon having first a president, then at each poll a vice-president. This was a good plan, but there must be good, faithful men to watch carefully all that pertained to the strengthening of their party.

He made a strong appeal to look well after revision of the voters' list to be held this year. It would be on these lists that the electors would cast their votes later.

Mr. Perley then took up a question that has long been one of much interest in this town, namely, a new post office. He and his party had looked the ground over and were satisfied that Bedford was within its rights in demanding a new building. While he could not promise such, he assured the people that when the estimates were being prepared this year, it would be a pleasure for him to lend his assistance in getting an amount included for a new post office.

He referred to the prosperity of Canada as a whole, and said that the people were satisfied, as they were prosperous and living under the best Government that ever existed here. Hon. Mr. Perley spoke of Hon. Mr. Borden's private and public life, and said they were beyond reproach. He referred to his broad-mindedness and fairness to all. He reviewed in general the work done by the present Administration, and claimed that every promise made in 1911 had been carried out.

A subject that is of importance to the maple sugar makers throughout Southern Quebec was touched upon in the matter of having a law against using the word "maple" upon any goods not absolutely the pure product of the maple tree. This, he hoped, would soon become law. Mr. Perley closed an interesting speech amidst much applause.

HON. MR. CODERRE.

Hon. Louis Coderre was next introduced. He addressed the audience in French, and covered about the same ground as Mr. Perley, stating that Mr. Borden had always been most considerate of the people of Quebec, and they need not fear any partial treatment from him, as there could be no broader mind at the head of affairs than the present Prime Minister.

MR. G. H. BAKER.

Mr. Baker, M.P. for Brome, spoke for a few minutes. He urged good and faithful work on the part of the organization, and if such was done he did not fear the outcome of the next election in Missisquoi County. He claimed that in years gone by there had been good fighting men in Bedford and vicinity, and urged all to rally to the support of the grand old party.

Mr. F. R. CROMWELL. Mr. F. R. Cromwell briefly outlined what was being done for agriculture, and explained what the Hon. Mr. Burrell, Minister of Agriculture, was doing to help the farmers to improve their stock. Free sires were being furnished by the Live Stock Commissioner, and farmers were advised to get in touch with him, as it meant more money for them.

The meeting closed with three cheers for the ministers. Many leading Conservatives were present from the surrounding towns.

AT KNOWLTON.

Knowlton, April 3.—(Special)—The Federal ministers who are touring the Eastern Townships arrived here from Bedford last evening. They were given a great reception and afterwards addressed a large gathering.

NATURALIZATION BILL TO BE INTRODUCED.

Ottawa, April 3.—The Hon. C. J. Doherty, Minister of Justice, will introduce the Naturalization Bill during the coming week. The principle embodied in this measure has been the subject of somewhat lengthy negotiations between the Dominion and Imperial Governments, following the consideration given to it during the visit of the Minister of Justice to England in 1912.

UNITING ON FEDERATION

Premier Asquith's Plan May Solve The Home Rule Difficulty in Ireland

UNIONISTS' COMMITTEE IN EAST HAVE DECIDED NOT TO PUT UP A CANDIDATE

London, April 3.—Members of both sides of the House of Commons are quietly moving to the support of the proposal to apply Federal control as a solution of the Irish difficulty. It is significant, as showing an easing of the political situation, that the king and queen have definitely decided to leave London on Saturday for Windsor for the Easter holidays. It is now certain that Mr. Asquith will be returned to parliament unopposed. This has been assured by the decision of the Unionist Committee for East Fife. The feeling in favor of a settlement on a federal basis is gaining ground.

BALEFOUR FOR MODERATE FORM.

Arthur J. Balfour, former conservative premier, in continuing the debate on the Home Rule bill in the House of Commons yesterday afternoon said he was ready to lend a hand if a moderate form of devolution would solve the problem of the Government of Ireland. In admitting this much in reply to Sir Edward Grey's suggestion of dealing with the question of the Government of Ireland by the introduction of a Federal system Mr. Balfour said he never had been a believer in cutting up the United Kingdom. Any scheme of the kind in order to be acceptable to the unionists must, he said, provide that Ulster and the rest of Ireland shall be separate units.

The Unionists, Sir Mack Sykes, made a strong appeal for such a settlement during the debate on the home rule bill, which also was notable for a very panicky speech by John Dillon, Nationalist for Mayo. The younger members of the Unionist party and the older members on the Liberal side are working hard to secure a settlement of the home rule question by consent.

Sir Edward Carson, who will reopen the home rule debate on Monday, may be trusted to state the Ulster attitude toward the Federal solution. The Nationalists do not consider there can be any question of dividing up Ireland under any Federal scheme. In their opinion Ireland must be treated as one unit.

AIR RACE ON TO MONACO

Pierre Verrier, British Representative, Made Another Start From England

AVIATORS ENTERED WILL START FROM SEVEN DIFFERENT CENTRES OF EUROPE

London, April 3.—(Special)—Pierre Verrier, the British aviator, made another start at six o'clock this morning in his attempt to fly to Monaco. He is one of four representatives of Great Britain competing in an air race from seven different centres of Europe to Monaco. He carries a mechanic with him as passenger.

A despatch from Calais, France, says that Verrier arrived there at three minutes to eight.

DIED AT AGE OF 107 YEARS

MADAM BARRET WAS OLDEST WOMEN IN MONTREAL IF NOT PROVINCE

Montreal, April 3.—Madam Barret, a native of Maskinonge, passed away yesterday at the age of 107 years in the Hospice Auclair. She was probably the oldest woman in Montreal if not in the province of Quebec. She retained her faculties up to the last. She always referred to her daughters now reaching the allotted time for men and women to live as "the little girls," and it is at the residence of one of these "little girls" Madam Houle, Mary Anne Street, that the remains are now exposed.

Mrs. Barret was a native of St. Joseph, Maskinonge County. Her husband died many years ago. Her sojourn at the Auclair home dated back however, quite a number of years, her hundredth anniversary being celebrated in that institution.

CLOSE DEBATE ON N. T. R. REPORT

Premier Borden and Sir Wilfrid Laurier Last to Take Part

OPPOSITION LEADER DECLARED THAT EVERY DOLLAR HAD GONE INTO CONSTRUCTION WORK.

Ottawa, April 3.—The House of Commons last night heard the last of the National Transcontinental Railway as far as the present session is concerned. With speeches by Premier Borden and Sir Wilfrid Laurier the discussion that began a week ago Tuesday was brought to a close. The Premier had the last word, following the leader of the Opposition.

SAYS THERE WAS NO WASTE.

Sir Wilfrid criticized the commission because its meetings were held in private. As to the actual cost of the road, he said that not a dollar had been diverted from its original object and that every dollar of the one hundred and sixty millions had gone to the cost of the road.

The leader of the Opposition stated that he believed the railway would realize everything that had been hoped from it provided it were not degraded.

Sir Wilfrid showed his relief that the debate on the N.T.R. scheme was now coming to a close when he stated "the day is past for criticizing the reasons for which the N.R.T. was built. That railway and others are needed to handle the traffic of this country."

PREMIER BORDEN'S REPLY.

Premier Borden, in his reply, summed up the feelings of his followers concerning the speech of the leader of the Opposition when he said: "This railway will cost \$295,000,000, and the leader of the Opposition, in introducing his project, estimated it at \$13,000,000. If Sir Wilfrid Laurier had given the real cost in 1913, his followers would not then have cheered so lustily. As far as his speech of this evening is concerned, I think he should have taken more time in explaining the difference between his estimate and the actual cost up to date."

170,000 MEN QUIT WORK

All the Coal Miners in Yorkshire Left the Pits Under Orders Non-Union

STOCKS OF COAL AT PIT HEADS ARE ONLY SUFFICIENT TO LAST ABOUT A WEEK.

Leeds, England, April 3.—All the coal miners in Yorkshire, numbering 170,000, had left the pits yesterday when the last of the notices to quit work had expired. The men demand the introduction of a minimum wage scale. The stocks of coal at the pit heads are only sufficient to last about a week. After the expiration of that period the railroads and steel and iron works depending on the Yorkshire collieries for fuel will be seriously hampered and many of the men employed by them may also be forced into idleness.

Always do this before and after shaving: Draw your "ordinary" or "safety" razor blade between thumb and forefinger moistened with a little 3-in-One Oil. Oil your stop, too. Then you'll secure keenest edge in "nickest time."

3-in-One Oil Prevents Rust from forming on the microscopic "teeth" which form the cutting edge of every razor blade. It's rust that dulls your razor, makes it "pull" and "tug." You can't wipe all the rust out of your razor. But 3-in-One Oil will positively ward off any rusting between shaves.

Right now buy a bottle and have perfect shave! The book with the bottle tells you hundreds of other helpful uses, indoors and out.

Dr. Morse's Indian Root Pills are made according to a formula in use nearly a century ago among the Indians and learned from them by Dr. Morse. Though repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula or the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and all Kidney and Liver troubles. They act promptly and effectively, and

Lord Macaulay's Precocity

In the story of Lord Macaulay's very precocious childhood we are told of a little plot of ground in the garden marked as his own by a border of oyster shells. The maid one day threw these away as rubbish; he ran straight to the drawing room, where his mother was entertaining guests, and said with the solemn intensity of childhood: "Cursed be Sally, for it is written, cursed be he that removeth his neighbor's landmark."

Hero Dogs

One of the most interesting classes in English dog shows is the "heroes" class. Dogs who have saved life from fire or drowning make up the chief proportion of heroes among dogs; and one year's entries also included a dog which had protected a policeman from the attack of a sailor's knife, one that had rescued a child from being run over by a horse and wagon, and another who had helped a clergyman to find his "lost" little daughter.

Miss Hattie Boyd is now very much improved in health. Miss Olive Leet is also some better but still confined to her room.

WELDING THE ELEMENTS

Great Task That Confronts the Dominion of Canada

A word picture of the great task which awaits Canada in welding into one the varied elements from Europe, is given by Mrs. Donald Shaw in the National Review. "Probably very few of those resident in the British Isles, and certainly only a very small percentage of Canadians," she says, "are as yet fully awake to the national problem that is rapidly crystallizing into definite and tangible shape, through the almost overwhelming flood-tide of immigration which has poured, and is still pouring, into the dominion. At the present moment forty-eight different languages are in daily use in Canada, and practically every known religious creed is represented."

"So far there has never been a country which was in the position of Canada today, for the civilized race is a mere unit, and is being overwhelmed by an avalanche of races drawn from almost every quarter of the globe. How, then, is this small unit of thinking, organized, and civilized people going to remain predominant, and to mould the superabundance of ignorance and diversification of races into one united Canadian whole?"

"Canada has long since realized that there is no need for her to subscribe to foreign missions, for she has the foreigner on her very doorstep, and she has to deal with him on a more difficult and dangerous basis than do the workers in the missions established amongst these people in their own lands. For the Chinaman, the Japanese, the Hindoo, the Jew, the Ruthenian, and the Italian elude the shackles of him when he enters Canada and becomes a free man. Those who understand what the ignorant conception of freedom is will realize what the possible result of this may be to the life of a country if steps are not taken in time to counteract it."

34 YEARS IN MINE

Chinaman Make Pile and Becomes Citizen

Out of the Omineca after 34 years spent in gold mines, Ah Luk, a Chinese, has returned north to his Siwah wife and young son. For the first time in his life he traveled on a railway train, got his first sight of an automobile, street cars, electric lights and all the conveniences of the modern city.

In Vancouver Ah Luk made application to become a Canadian citizen as he never intends to return to China. He plans to send his young son to Vancouver to school.

Ah Luk went into the Cariboo mining district when he was 17 years old. Later he travelled to the Omineca, where he has been placer mining ever since. He is settled on Germanen Creek where his summers are spent in washing the golden gravel, his winters in trapping. On Vital Creek in the early days he took out \$13,000 in one season. His gains from mining are now more modest.

Twelve years ago the lonely Chinese miner fell a victim to the charms of Josephine, a belle of the Babine Indians and they were married by a missionary priest of that country. This marriage forms an effective bond to keep him in British Columbia and he has given up all hope of ever seeing China again.

From Hazelton, Ah Luk marched to his cabin, a distance of 187 miles, with supplies for the trip carried on his back.

90,000,000 Tons of Coal

The Province of Alberta has a coal area of 16,218 miles, with an estimated quantity available for consumption of 90,000,000 tons.

It was Robert's first visit to the Zoo. "What do you think of the animal?" inquired the keeper. After a critical inspection of the exhibits the boy replied: "I think the kangaroo and the elephant should change tails."

WHAT ARE TORICS?

Toric lenses are shaped somewhat like the bowl of a spoon with the deep concave surface towards the eye, thus preventing reflections from the back, and allowing a much wider angle of vision, besides bringing the lenses closer to the eyes without the lashes touching. You will never know what real eye-glass comfort is until you wear a pair of Toric lenses. \$3.00 per pair up, including fitting.

The Ladies' Aid of the Methodist Church met yesterday at the home of Mrs. Hall, East Sherbrooke, and spent a couple of pleasant hours. The attendance was good, and after the usual business had closed, tea was served and much enjoyed.

The Ladies' Aid of Plymouth Congregational Church was delightfully entertained yesterday by Mrs. Kittelsen at her pleasant home on Quebec street. A large number of members were present, and delicious tea and refreshments were served. The hostess being assisted by her daughter, Miss Edna Kittelsen, and Miss Rupert Wiggitt. The rooms were prettily decorated with spring flowers and much appreciated music was contributed by Miss Kittelsen.

SHERBROOKE DOCTOR WILL BE SPEAKER

The St. Johnsbury, Vt., Republican has the following:

Tuesday, April 7, will be a gala day for the French people of the town of St. Johnsbury, Vt., for that is the date when Gov. Fletcher will make them an official visit to inspect the parochial schools. In the evening a mass meeting will be held at St. Agnes Hall, presided over by Dr. C. A. Prevost. The speakers will be Rev. C. E. Drouin and Dr. J. D. Bachand in French and the Governor in English. An address of welcome will be read by a pupil of the convent and by a boy from the Brothers school and there will be patriotic music. The meeting is held in the interest of education, and that will be the theme of the speeches.

While in town Gov. Fletcher will be the guest of Dr. J. D. Bachand. Dr. Bachand is a son of Dr. L. C. Bachand of Sherbrooke.

Y.M.C.A. NOTES

The work of reinforcing the foundation of the old portion of the Y.M.C.A. building has now been completed. Additional space has also been provided for cold storage. This meets a long felt need in the institution.

The business men's class appears to have taken on a new lease of life.

Quite a number of the former enthusiastic members are turning up again for exercise, which is an indication that those who attended previous sessions were satisfied with the work and "want more." The season is not yet over, and others who feel the need of fresh invigoration would do well to attend the class for the few remaining weeks.

The physical director, Mr. Dow, is working up a hike for the junior school boys, in which a limited number, probably 15, will be permitted to participate. For a period covering a week or ten days a series of daily walks of about 10 miles each, will be undertaken, with camping out at night in any comfortable spot. A pony and cart will be taken along with the party for the purpose of conveying the provisions, cooking utensils, etc. The only difficulty will be to keep down the number of applicants, as each boy is endeavoring to demonstrate that he has a prior claim.

THE LATE MRS. COLUMBIA HATCH

The funeral of the late Mrs. Columbia Hatch, who passed away Tuesday at the age of 78 years, took place yesterday afternoon, the service being held at the home of her son, Mr. Ernest Hatch. There was a very large attendance, including the neighbors in Orford, friends from Brompton and Sherbrooke, and many relatives. The Rev. J. C. Nicholson, pastor of St. Andrew's Church, officiated, his words being most appropriate and comforting, carrying a message of Christian hope and faith. The well-known hymns, "Nearer My God to Thee" and "Asleep in Jesus," favorites of the one who had gone, were simply rendered and the remains were then borne to Elmwood Cemetery and laid reverently beside the husband, who passed away nine years ago.

The bearers were Messrs. Wells J. Bean, William Bonallie, John Ross and William Beattie, and the principal mourners were Messrs. Ernest Hatch, Fremont Hatch, sons of the deceased; Alfred Varney, brother; Fred Moe, son-in-law; Ronald, Ernest and Gordon Thomas, Sherbrooke; Reginald and Keith Moe, grandsons; Edgar Varney, Bromptonville, and Nathan Varney, Sherbrooke, cousins.

Many beautiful floral tributes were laid on the casket, including a pillow from the sons and daughters; sheaf of wheat, the grandchildren; cut flowers, Mr. and Mrs. W. P. Berwick, Mr. John McKechnie, Sherbrooke; Mr. and Mrs. Prouty, Swanton, Vt.; sheaf of carnations from the teacher and pupils of the Ross School, Brompton Road; cut flowers, Mrs. Duncan Ross and others.

The late Mrs. Hatch, who was born Merinda Varney, was among the early pioneers of the Townships and had witnessed its evolution from a few scattered homesteads in the midst of a virgin forest to a thriving and populous country, while the neighboring tiny hamlet had grown to the proportions of a city with progress in the air. A woman of bright, intelligent mind, she was much interested in these changes and had many stories to tell of the early days of the country, and the arduous work and the high courage of both the men and women of the early days.

For several years she had been almost totally blind, but she endured her great affliction with courage and Christian patience, rising above it with a fine serenity. Her illness lasted about two months, and when "Death came to set her free, She met him cheerily, as a true friend."

and passed to her eternal rest. Beloved by the entire countryside, "Grandma" Hatch will be long missed and mourned. She is survived by the two sons and brother mentioned before, and Herman Hatch, son, who is in Rangeley, Me., and was not able to attend the funeral; three daughters, Mrs. Wm. Mayhew of Dixville, Mrs. Frank Thomas, Sherbrooke, and Mrs. Fred Moe, Orford, with twenty-eight grandchildren and one great-grandchild.

THE CARE OF IRONS.

First of all the irons must be immaculately clean and suited to the article to be ironed. Irons come now in all sizes, for all purposes.

Heat the irons slowly, but have them very hot before starting, even if they must be cooled later. Try them on a soft clean cloth.

The ironing sheet also must be clean. For fine lingerie cover the ordinary ironing sheet with thin material; for embroidery and lace use a Turkish towel, pinned tightly around the board. To stiffen articles slightly without starch rub them on the wrong side with warm water and borax.

To clean the irons if starch sticks rub them over fine emery paper, then with a little paraffin becomes rusty. If an iron becomes rusty scrub it with hot water and soap, then rub it very lightly with lard. Wipe it carefully with absorbent cotton to remove all traces of the lard. Never allow irons to get red hot, see if my wife will let me accept?"

"We have come," said the Chairman of the committee, "to ask you to take this nomination. The city needs a man like you—strong, brave, self-made, self-reliant, owning no master, fearing no man." The great man was visibly touched. I'll not deny," said he, "that your kind words have shaken my resolution. I trust that, if elected, I may justify your confidence and prove that I am indeed strong, brave, self-reliant; that I own no master and fear no man. Suppose you wait a minute till

DAIRY PRODUCE

GOOD DEMAND FOR BUTTER

Montreal, April 3.—The estimated stock of creamy butter in store on spot was 11,444 packages, which show a decrease of 23,770 packages as compared with last month, and a decrease of 403 packages with the corresponding month a year ago, while the stock of dairy butter shows a decrease of 557 packages as compared with last month, but an increase of 386 packages with the same month a year ago. Considering the more liberal receipts of butter for the past two or three weeks and the above reduction in the stock shows that the demand for butter during the month of March has been large and at the same time puts the market in a good condition for the new make which will steadily increase from now on.

We quote prices as follows:
Finest creamery 28c to 28½c; Fine creamery 27c to 27½c; Manitoba dairy 22c to 22½c; Seconds 25½c to 26½c; Western dairy 23c to 24c.

CHEESE MARKET QUIET
Montreal, April 3.—According to cable advices received the stock of Canadian cheese in the principal English markets was 71,800 boxes which shows a decrease of 23,200 boxes as compared with last month and a decrease of 42,900 boxes with the same month last year, but the stock of New Zealand cheese shows an increase of 42,000 crates as compared with last month, and an increase of 27,000 crates with the same month a year ago. The local market continues quiet with no new features of importance to note.

We quote prices as follows:
Finest western colored 14½c to 15c; Finest western white 14c to 14½c; Seconds 13½c to 14c.

COUNTRY PRODUCE

ACTIVE EGG TRADE

Montreal, April 3.—There was no actual change in the condition of the market but the feeling is still easy on account of the liberal supplies coming forward, and lower prices are expected soon. The demand for small lots was good and a fairly active trade was done at 21c to 23c per dozen.

HONEY MARKET STEADY

Montreal, April 3.—The market for honey remains steady with a fair demand for small lots to fill actual wants.

We quote prices as follows:
Clover, white honey 15c to 16c; Dark grades 13c to 14c; White extracted 10½c to 11½c; Buckwheat honey 7½c to 8½c.

EASY BEAN MARKET

Montreal, April 3.—There is no improvement in the demand for beans and in consequence the market is quiet with an easy undertone, but prices as yet show no actual change. We quote hand-picked beans at \$2.10; choice one-pound pickers at \$1.95; three pound pickers at \$1.80; and lower grades at \$1.75 per bushel in car lots ex-track.

GOOD POTATO TRADE

Montreal, April 3.—The trade in potatoes is fairly good for the season of the year, and the market is without any important change to note. The demand is fair for car lots of Green Mountains and sales were made at 80c with white stock selling at 72½c to 75c per bag ex-track. Green Mountains in a jobbing way are selling at \$1 per bag ex-store.

CURIOSITIES OF CHESS

The origin of chess is the subject of an extensive literature. The game was known in exceedingly ancient times both in China and India. The Cyclopaedia of the Arts and Sciences published in 1786, quaintly says of chess: In China it makes a considerable part of the education of the females, and seems to take the place of dancing among us. The Hindi game, chaturanga, was played by persons, two being allied against two as in whist or bridge. The derivation of the word is from chatur, "four," and anga, "a member." The chess chaturanga became modified, on a journey westward, and subsequently, by progressive changes turned into the English "check," leading to the important and quite different word "exchequer."

All over the world there are countless variants of the game of chess. In a great many games the board has 100 squares, 10 by 10. In the so-called Prussian national game the board has 120 squares. In the Duke of Rutland's game, played in the eighteenth century, the board was 14 squares in breadth and 10 in height. In Alfonso the Tenth's game, played at Seville in the thirteenth century, the board had 144 squares, 12 each way. In the older Turkish game the board had 169 squares, 13 by 13. Three-handed chess is described by a Neapolitan author writing in 1722. A Mr. Cox, who travelled in Russia about the end of the eighteenth century, saw four-handed chess universally played there. But four-handed chess would appear to date still further back, for we are to believe Les Oeuvres de Sarasin (1683), which stated that it was invented by Palamedes "to prevent the Grecians from being tired of themselves during the siege of Troy."

Dead Wife's Letter

A retired captain named Barrett, living at Plymouth recently received a letter from his wife, who has been dead for ten years.

This letter was written by Mrs. Barrett twenty years before she died, and posted at Redruth, Cornwall, where she was then living. To Captain Barrett, who was in Spain. The letter never reached Captain Barrett, and evidently the Spanish Post Office is a most reliable institution, though perhaps a little slow, for the letter was sent back from Spain to Redruth thirty years after it was posted.

The Redruth postal officials traced Captain Barrett to Plymouth, where the letter was delivered to him.

CITY NEWS

Mr. W. Woodard is spending a few days' vacation in Montreal.

Mr. A. C. Skinner has been in Montreal for the past few days on business.

The young son of Mrs. Chas. Rose, Elmwood Avenue, is convalescent after having been quarantined for the past six weeks with scarlet fever.

Mrs. Nap. Blais, who had been in charge of the Civic Hospital, previous to the appointment of Dr. Pariseau as Medical Health Officer, and the subsequent placing of the institution under the control of Nurse MacKinnon, V.O.N., has resigned owing to ill health, and left the institution this morning.

The "Canadian Courier" for April 4th contains a splendid cut of the painting by Suzor Cote who has his studio in Arthabaskaville, Que., of the Magog River, winter scene, just above the Dufferin Avenue bridge. This painting was most conspicuous amongst the current exhibition of the Ontario Society of Artists where there are many new tendencies in the interpretation of Canadian scenery.

The Sherbrooke Snowshoe Club propose holding a sugaring-off at Mr. Hunting's sugar camp one mile above Lennoxville, on Saturday afternoon, April 11th. This is open to the members and their friends and not confined exclusively to Club members. The arrangement is to take car to Lennoxville at 2.30 p.m. and walk from there to the camp. A nominal charge will be made to defray expenses.

THE CITY'S ACCOUNTS.

It is understood that the annual accounts of the city for 1913 have been prepared. These will probably be submitted at the regular meeting of the Council on Monday next, and published in due course.

STREET CAR OFF THE TRACK.

A belt car left the track shortly after one o'clock yesterday afternoon, at the top of King street near the railway crossing. There was only one passenger inside and he escaped unhurt. The service was held up for some time until the breakdown gang arrived and got the car back on the rails.

CHURCH UNITY MOVEMENT IN
ANGELICAN CHURCH
(Contributed.)

The Anglican diocese of Quebec may be said to extend from the shores of Lake Memphremagog to the coasts of Gaspé and Labrador. Long ago it was much larger, and covered a good part of what is now the province of Ontario. It is still, however, an important diocese, and has done a good share of the work of sending help to the scattered missions of the North west which have since developed into independent dioceses. The Quebec diocese has had a creditable history, especially in connection with the numerous missions within its borders which have been established, and largely supported, by the Churches in the few chief centres of the diocese. Thanks, also principally to the activity of the late Ven. Archbishop Robt, the diocese accumulated considerable funds for the maintenance of its work.

In view of these facts, and on account of the generally warm attachment of members and adherents to the Anglican Church, strong differences of opinion with the Communion have seldom even risen to the point where they could be described by the word dissension. The recent Kikuyu incident in Africa, however, has had the effect of developing two camps in the diocese, and direct action on the part of both is anticipated. A branch of the Church Unity League has been formed at Quebec, with members in the Eastern Townships and elsewhere.

RACING ETIQUETTE

The novice in the world of racing often finds himself "up against" all kinds of little points of etiquette rendered customary by long usage, but not generally known outside the regular devotees of the sport.

For instance, the equine patriars who have passed the post first in "classic" races are always, on being led back to the paddock, treated by the onlookers with a mark of courtesy generally rendered to reigning Sovereigns, that is, a general doffing of hats. The man who falls to bow solemnly to the Derby winner after the races gives himself away at once as unversed in racing etiquette.

Except at Ascot, where there is a state procession, it is an unwritten law that no notice shall be taken of royalty at race meetings. The King or any other member of the royal family on the course is treated just as an ordinary commoner. In fact, you would often see the late King Edward in the paddock at Epsom, taking his chance with a whole crush of minor notabilities of the racing and social world in their anxiety to view the horses as they were being led out. The observance of the royal incognito, indeed, is said to have been originated by his late Majesty, when Prince of Wales, for his devotion to the sport of racing was such that he openly expressed his intolerance, while indulging in it, of tiresome ceremony.

In the case of the Derby, the Oaks, the One Thousand and Two Thousand Guineas, the St. Leger, the Manchester Cup, the Liverpool Cup, the Ascot Gold Cup, the Ascot Vase, the Chester Cup, the Jubilee Handicap, the Lincoln Handicap and the Goodwood Cup, the winner is always "led in" by the owner. If he is unavoidably absent this duty must be performed by a relative of his, or a personal friend deputed by him.

It is the same League of which a branch was formed at Montreal the other day by Rev. Dr. Symonds and Rev. Mr. Shattford. Its object is to bring about a more friendly attitude on the part of the Church as a whole with the other Reformed Churches. In other words it recognizes the Protestantism of the Church of England, and declares for a policy that will make for ultimate union in the future with the Protestant Churches.

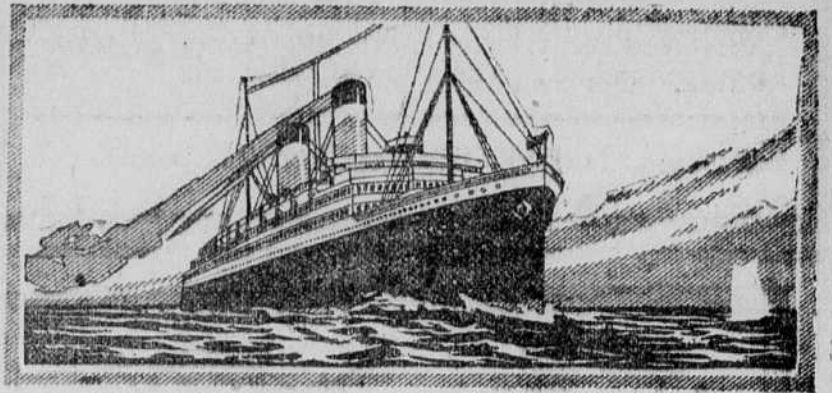

Opposed to the Church Unity League is the Church Union League which has been travelling eastward from Vancouver. The difference between the words "Unity" and "Union" in this case is apparently vital. The Union League stands for strict Church lines as laid down by the Bishop of Zan-zibar in his protest against the action of the Bishops of Mombasa and Uganda at Kikuyu, who held Communion with Presbyterians and others.

The Church Unity League proposes to have a general meeting at Quebec, in the month of May, when it is expected that the Rev. Dr. Symonds, Rector of Christ Church Cathedral, Montreal, will be the principal speaker. The president of the Quebec branch of the Unity League is Mr. W. S. Jones, manager of the Merchant's Bank, and the Secretary is the Rev. A. R. Beverley, rector of Trinity Church, Quebec.

MARY RICHARDSON, WHO SLASH-ED THE ROBEY "VENUS" FORCIBLY FED.

London, April 3.—Mary Richardson, the suffragette who slashed the famous Robey "Venus," by Velasquez, with a hatchet, is being forcibly fed.

"Her medical attendant," said Home Secretary McKenna, in Parliament yesterday, "wrote me in December last that she had warned her patient that to repeat her refusal of food and water and to be subjected to forcible feeding would entail grave risk."

"Every care is being taken by the medical officers of Holloway Prison to prevent the prisoner from injuring herself, but it is their plain duty to feed her even at some risk rather than permit her to commit suicide by starvation."

HAVE RECESS

HOUSE WILL RISE ON WEDNESDAY NEXT FOR ONE WEEK

Ottawa, April 3.—Parliament will adjourn for the Easter recess on Wednesday next until the following Wednesday, April 15. Premier Borden's motion in the House of Commons yesterday afternoon was originally for an adjournment until Tuesday, the 14th, but after Mr. E. H. MacDonald and Hon. Frank Oliver had pointed out that another day should be allowed members from distance in order to get back to Ottawa after Easter Monday, the Premier consented to make the recess one day longer.

TWO MEN KILLED BY EXPLOSION
Westville, N.S., April 3.—About 9 o'clock yesterday morning this locality was startled by an explosion at the Drummond Collieries. Two men, Frank Ryan and MacMillan, were killed outright and George Taylor, William Beck and a man named Josey and several others were so badly injured as to cause grave fears for their lives. The injured were taken to the Aberdeen Hospital.

The explosion took place while the men were seated about the boiler eating breakfast. A boiler burst. Of the injured men several are not expected to live.

Jones found Smith engaged in vigorously polishing his shoes. "What are you doing that for?" he asked. "I always thought you were patent leather," replied Smith, painfully bringing his spinal column into its normal position, "but the patent on them has expired."

Y.M.C.A. SOCCER CLUB MEETS

Voluntary Aid For Team Was Much Appreciated By Members

CLUB'S COLORS WILL BE BLACK AND WHITE—OFFICERS ELECTED

The annual meeting of the Y.M.C.A. soccer club was held at the Association room, last night. President J. E. Smith occupied the chair and about twenty officers and players were on hand.

The chief business of the meeting was the election of officers. Last year's executive was again returned: President—J. E. Smith. Vice-President—P. A. Hammond. Sec. Treas.—Jas. Corfield. Captain—J. Myers. Vice-Captain—A. Aston. Team Committee—P. A. Hammond, Chas. Johnston, Jas. Bell.

The Secretary's report for last year showed a successful season with a slight balance on right side. This year's financial outlook was discussed and several supporters came forward and promised aid, which was much appreciated by the members of the club.

The club's colors this year will be black and white, last year's sweaters, which are too warm for use in summer, to be replaced by shirts.

Several other matters pertaining to league rules, the executive committee of the league, and the question of goal posts and nets, were also disposed of.

Many of last year's players are still members, and several new men have been signed on. Everything points to the most successful season in the history of the club.

SPORTING NOTES

The Baracas will not practice or play at the 53rd Armoury to-morrow afternoon, owing to the rehearsal for the play, which will be given by the 53rd Regiment in the near future.

ASCOT CORNER.

The death took place of one of the most esteemed citizens in the person of Mrs. R. T. Willard on the 26th. Although of a delicate constitution, she was always able to attend her household duties until she contracted pneumonia and in spite of all that loving care could do she passed to rest on the above named date in her 61st year surrounded by her loved ones. She is survived by a sorrowing husband and four children, Mrs. W. Jamieson who tenderly cared for her in her last illness; Mrs. H. Colt, of Coaticook; Mrs. W. J. Parnell, of Spring Road, and Mr. D. H. Willard, East Angus. Being of a kind and amiable nature she endeared herself to all with whom she came in contact. The large gathering of friends and neighbors who came to pay their last respects to their friend and neighbor showed the high esteem in which she was held. The funeral services were held at the home Saturday and were conducted by the Rev. E. E. Margraf, pastor of the first Universalist Church, North Hatley. The casket was covered with flowers from friends and relatives. A solo, "Saved by Grace," by Mrs. C. Andrews, and the hymn, "Good Night," was very feelingly rendered by Mr. and Mrs. C. Andrews, Mrs. Evans, Mrs. Willard and Mrs. J. Andrews. The bearers were her four nephews, Messrs. J. T. C. S. and R. Willard. Those from out of town present were Mr. and Mrs. E. A. Rowe, Mr. and Mrs. C. Andrews and Mrs. B. Jenner, Dudsell; Mr. and Mrs. J. Cooper, Mr. M. Desrochers, Cookshire; Mr. R. and Miss F. Bishop, Mrs. E. Evans, Mrs. J. Andrews, Bishop's Crossing; Mrs. J. T. and Mrs. R. Willard, Mr. and Mrs. E. A. Rowe, Mr. R. Caswell and mother, Mrs. S. Somers, Mr. F. Willard, Mrs. A. Burns and Miss Bothwell, East Angus, and Mr. G. Willard, Sherbrooke. The family have the sympathy of the community in this their hour of sadness.

POINTERS AS TO FIRE PREVENTION

SUGGESTIONS HANDED OUT THAT SHOULD BE WELL CON- SIDERED

(New York Evening Post)

"As far as can be learned, the fire originated in the cellar, and it is said to have been caused by an overheated furnace." The statement was made in reference to the fire which swiftly and completely destroyed Mrs. W.K. Vanderbilt's large and beautiful new country house on Long Island. Since that time, a fire, likewise originating in the basement, and at or near the furnace, has destroyed the Morris-town Library, with its valuable and in large part irreplaceable collection of books, many of them of great historic interest. Nor is either of these losses of an unusual character. Fires starting in the cellar or basement of large country houses, hotels and public buildings, and resulting in their complete destruction, are matters of constant and familiar occurrence, and occasions no surprise. Yet the adoption of measures entirely within the reach of the owners of such buildings—whether private individuals, stock companies or public bodies—and entailing only a very moderate expense, would suffice to make such disasters virtually impossible.

Even fireproof construction of buildings as a whole has been so reduced in cost in recent times that the difference between the price of such a building, and that of the ordinary inflammable kind is far from being so serious as it formerly was. But without going to that expense, the risk of fire from the causes to which fires in buildings of this kind have been referring to are most frequently due, can be reduced to an almost insignificant fraction of what it now is. The great thing to be aimed at is the isolation of the fire, the prevention of its spread from the point at which it originates. This can be accomplished, as regards the cellar furnace and its neighborhood, by fireproof floor construction separating the cellar from the first story. A concrete or steel-and-tile floor can be easily put in at an increase of cost over ordinary wooden joist construction that would hardly be noticeable in the total cost of a large building. In addition to this, and especially in places where the services of a fire department cannot be promptly obtained, the installation of some simple systems of automatic sprinklers in basements, near the heating apparatus, and also in kitchens and laundries, commends itself as an obvious safeguard, and offers no great difficulty in the way of expense.

Another most effective measure of protection is the erection of a fireproof division wall, cutting the whole house into two parts. Such a wall may be built of brick or concrete, and would run right through the house, from cellar to roof; it would be provided with concealed sliding metal doors at all openings, and could be entirely hidden with partitions, so that it would be in no way noticeable and would not mar the artistic effect of the residence. Such a wall would not only be a fire-stop, but also be an invaluable life-saving device. It is on this account that the recent factory legislation so strongly discriminates in favor of buildings with fire walls of this nature. We are informed, on excellent authority, that a wall of this kind, even in large country houses or hotels, would rarely add more than a thousand dollars to the cost of the building; and it would be a sure means of preventing the spread of flames from one part of the building to another.

MELBOURNE.

The funeral took place Wednesday morning from the G.T.R. station, on arrival of the 10.15 train from Montreal, of the late Simon Beattie, who passed away Saturday evening, at his home in Montreal after an illness of only a few weeks. The service was held at the Congregational Church, Melbourne, the Rev. G. H. Craik officiating, assisted by Rev. Messrs. MacMillan and Burnett. Deceased was a member of the Independent Order of Foresters, and also of Argyle Lodge, No. 55, of which a large number of brothers attended the funeral in a body, and were met at the G.T.R. station, Richmond, by St. Francis Lodge, No. 15, A.F. & A.M., and held service in the graveyard, in the Congregational cemetery. The bearers were all Masons from Argyle Lodge. The late Simon Beattie, who was 50 years of age, was born in Danville, Que., and was the third son of the late Catherine McMorine and Simon Beattie. When a young man he entered the employment of the Grand Trunk Railway, and at the time of his death held the position as supervisor of the Bridge and Building Department of Montreal Terminal. The deceased was a great favorite among his employees. He is survived by his widow, three sons and one daughter; and by two sisters, Mrs. F. K. Woodman, Lis-bon, N.H.; Mrs. E. M. Rose, Melbourne, Que. The floral tributes were many, among them being: a pillow, from the family; spray, from Mrs. Woodman and Mrs. Rose; crown, Argyle Lodge; crown, Congregational Church, Montreal; cross, Congregational Sunday School; spray, Mr. J. H. Johnston, General Supt. of the B. and N. Montreal; large anchor, Water Service of Bonaventure Station; broken column, Bridge and Bld. Dept., Montreal. Among the friends and relatives from a distance were: Mrs. F. K. Woodman, Lisbon, N.H.; Mr. T. Ward, Mr. and Mrs. S. J. Ward, Titus, Que.; Miss J. Maine, Lawrenceville; Mr. W. Beattie, Mr. J. Ross, Sherbrooke; Mr. and Mrs. Gal-lup, Mrs. George, Mr. Lay, Danville; Mr. A. Varney, Mr. J. Addison, of Windsor Mills; Mr. and Mrs. Charles Addison, Mrs. J. Young, Brompton; Mr. Findlay, Mr. Gibson, Portland, Me.; Mr. J. MacMann, Mr. Rain-bour, Belleville, Ont.; Mr. J. Kerr, Mr. T. Cairy, Mr. P. Doyle, Mr. T. Donohue, Montreal, and the Bridge and Building Dept. were represented by the general foreman and four men.

A RUSSELL-KNIGHT \$2,975

Ever since its record-breaking test at West Toronto, we've been deluged with demands for a \$3,000 RUSSELL-KNIGHT.

Every man seemed to want this wonderful motor.

Men who had been offered cheap Sixes—

Men who had been considering other good Fours—

Men who appreciated QUALITY, but felt that \$3,000 was their limit—

Men who refused to pay for imported cars 35 p. c. more than their actual worth.

All united to demand a car of RUSSELL-KNIGHT Quality—with the famous RUSSELL-KNIGHT Motor—at a lower price.

But—could we lower RUSSELL price without lowering RUSSELL standards? And RUSSELL standards must be maintained at any price!

Finally, the solution came to us through one of the very men who started the demand.

"I want a car like your '28,'" he said. "I want your Knight motor, because I KNOW it's the best in the world. But \$3,000 is all I can afford to spend. More, in fact, than I originally planned. Now—I don't need ALL the equipment that goes with your car. It's \$5,000-car equipment. I could do with considerably less. Leave off some of the extra 'trimmings'—and sell me a \$3,000 RUSSELL-KNIGHT."

Logical—simple—like all things, once you know how.

We worked out that plan. Eliminated some items of equipment—luxuries on \$5,000 and up cars. They're the accessories you won't find on any other car but the RUSSELL-KNIGHT. (And if you afterwards think you'd like to have them, they can be added at regular cost.)

So that here—at last—is a RUSSELL-KNIGHT.

—the car with the World's Champion Motor—
—the most comfortable car in the world—
—the car of unequalled flexibility and economy—
—the cheapest car of its size and class to maintain—

at about the same price as you figured on paying for a car of lesser value and lower grade.

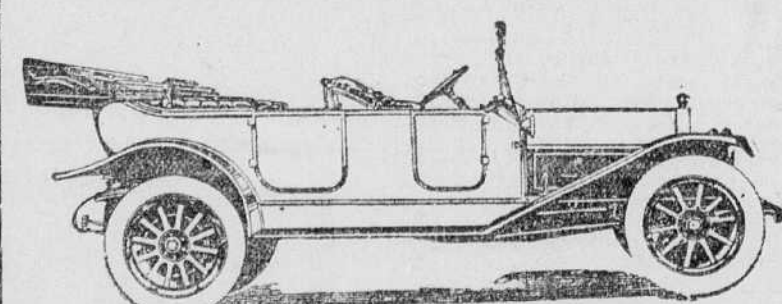

EXAMINE—before you believe. Let RUSSELL superiority convince you that THIS IS THE BEST BUY IN CARS.

Not to see this car to-day is to risk the loss of an early delivery date—perhaps to even miss entirely this opportunity of getting the BEST CAR VALUE ever offered in the Canadian field.

Deaths Reported

GEORGE SWETT, GRANBY.

Granby, April 3. — (Special). — Mr. George Swett, an old and esteemed resident of this village, died very suddenly on Sunday morning.

The deceased was 76 years of age, and had not been in very good health for the past year, but for the past three weeks had been feeling much better and his death came as a great shock to the family. His wife, Mary Kiernon, predeceased him four years ago and since that time he had resided with his son and daughter. Three sons and two daughters survive, Mrs. A. Purdy and Stella Swett.

Mr. Swett was born at Granby Hill and lived for the greater part of his life at Rollin's Hill on the old homestead.

The funeral service was at the Methodist Church on Sunday. The bearers were the three sons, Messrs. W. G. Fred D., and E. A. Swett and son-in-law, Mr. A. Purdy. Rev. W. S. Lennon conducted the service.

Why the Dresses Look Just Like New.

When one uses DY-O-LA, "The Dye that Colors Cloth of Any Kind Perfectly with the Same Dye," which does away with all chance of making mistakes in using the Wrong Dye for the kind of cloth one has to color, it gives the cloth the appearance of New Goods, not "Dyed-over Goods," as other Dyes do. That is one reason why you should always insist on having DY-O-LA, and never, under any circumstance accept a substitute. DY-O-LA is Guaranteed in every way to give Perfect Results. Have you seen the New DY-O-LA Shaded Color Card? If not, don't fail to do so, it's a beauty! Shows all the shades of Colors that will be worn this Spring, also ask your Druggist or Dealer for one of the handy little DY-O-LA Booklets. If he happens to be out of them, send a Post Card for one to The Johnson Richardson Co., Limited, Box 1240, Montreal, Can. But don't fail to look at his new DY-O-LA Shaded Color Card.

APARTMENTS IN WINNIPEG

Winnipeg is a city of apartment houses. The devotees of a life free from coal bills fill every new block erected there, and new ones are going up all the time. In this respect Winnipeg partakes more of the characteristics of the typical American city than of its eastern sisters, and it may be that the presence of large numbers of Americans there has something to do with it—or it may be the weather. There are approximately three hundred and fifty apartment buildings in Winnipeg, some big, some little, some—a few—solidly constructed, others with walls and floors which keep out the noises from adjoining suites about as well as would paper partitions. It is safe to assume that these structures would average twelve suites to the building, which would give 4,200 self-contained apartments, and the assumption of five members to the family means that something like 21,000 Winnipegites are "cliff-dwellers." There are, in addition to the real apartment houses, hundreds of private dwellings with separate quarters for families to let, and one is probably not far wrong in estimating that not far from thirty thousand people in Winnipeg live in suites. If their rent averages, as it is easily will, \$25 each a month, they are paying something like two and a half million dollars each year to the landlords.

Oldest Canadian Papers
The oldest Canadian newspaper is the Quebec Chronicle, which was founded away back in 1764, just 150 years ago; next in order being the Montreal Gazette, founded in 1778. These two were older than the New York Globe, which comes third on the continent. Some other Canadian newspapers have reached the interesting age which requires three figures to record it, such as the Kingston Standard, founded in 1810; Montreal Herald, 1811; and the Acadia Recorder, 1813, of Halifax. The Kingston Standard is therefore the third oldest paper in Canada, and the oldest in the Province of Ontario.

EGYPTIAN BEETS are planted as soon as the land is workable, and these, too, we plant in rotation through the summer, as we enjoy the greens and the beets themselves are more acceptable when small than when they get larger, coarser and stringier.

A few feet of drill of Chantenay carrots are also planted in the home garden just to be handy. All other vegetables are handled in the same way so that we will have them from early in the season until late in the fall.

The first greens that we have on the table are asparagus and rhubarb. Our half dozen heads of rhubarb are more than sufficient for all the requirements of the family. The asparagus bed we could not do without. These are perennials and are better to be placed at the edge of the garden, where they will not be disturbed by the plough and cultivator in the spring and fall. Both of them may be manured to almost any extent, and will respond in proportion.

The plants for cabbage, cauliflower, tomatoes and celery we buy at the grocery store in town, as we consider this much less trouble than bothering

with boxes in the windows of the house. In tomatoes particularly it is advisable to have a couple of varieties, an early and a late. The late varieties usually have more meat in them than have the early varieties.

Our garden is always laid out in long rows and all the cultivation is done by horse-power. Likewise it is near the house, so that the wife can go out and get vegetables for dinner any time she pleases.

Now let me give a little preachment. I know that in the average farm home the supplying of the summer table is one of the most constant worries of the housewife. If you want to please her, to bring back the glad light to her eyes, and enter again the true and happy partnership of which you dreamed when a young man, just propose to her that you plan a good garden together. If you intersperse the vegetables with flowers you will have added beauty and added joy.

WATERLOO TOWN COUNCIL

Special Rate Granted to Central
Vermont Railway For Water
Supply

MOTION TO TAX OUTSIDE BAKERS
SELLING BREAD IN
TOWN WAS DE-
FEATED

Waterloo, April 3.—(Special)—A regular session of the Town Council was held in the Council room on Wednesday evening. There were present: Mayor G. Poirier, pro-Mayor W. E. Hills and Councillors E. W. Phelps, Geo. Moyman, A. Cote, J. F. Clement, W. N. Call, and L. J. Jodion. Four hotel licenses were granted. The Grand and Petit Juries lists were homologated without amendment.

C. V. R. Company asked for rates for use of water. A rate of 20 cents per 1000 gals for one year was fixed by the company, to pay all expenses of piping.

Mr. Jas. A. Lefebvre presented a petition asking for assistance for the Band. \$25 was voted. Petition from ratepayers near the fair grounds asked to have the ditches, etc. fixed up. The matter was left to the Road Committee.

Chief E. Pinsonneault asked that horses be furnished to draw the reels

THE WINDSOR SCHOOL CASE

School Board of St. George
Ordered to Desist From Erecting
New School House

MAJORITY OF THE RATEPAYERS
WERE OPPOSED TO THE
SCHEME AND CALLED
IN AID OF COURT.

Judgment was rendered yesterday by Mr. Justice Gobeau in the St. George de Windsor school case, tried last Tuesday. The appeal is maintained, with costs.

As reported, the appeal was brought from certain resolutions passed by the Board of School Commissioners to change the present site of the schoolhouse in District No. 7, and build a new house. The appellants represented twenty-two ratepayers as against four only favoring the change.

Last June the school inspectors had made a report to the commissioners asking that the old house built about thirty years ago be remodelled and repaired to conform with the regulations of the Department of Public Instruction, unless they should decide to build a new house. It was estimated that repairs would cost between \$500 and \$600, whilst a new building would cost between \$1,800 and \$2,000, besides the purchase price of a new site. Then the Commissioners started their scheme of a new site and building, nearly half a mile away from the old spot, at the foot of a deep hill and in an isolated spot, more central, perhaps, but far from being as desirable as the present site. The ratepayers tried to stop this by means of a petition, but it was of no avail. They were bluntly told that it was no use and that the change would take place.

After exhausting all means of conciliation, the ratepayers determined upon an appeal to the Court, which has been sustained on all points. By the judgment, the Commissioners are ordered to desist from their undertaking and to conform to the inspector's report by repairing the old schoolhouse where it now stands.

They are condemned to pay costs. The old gentleman, Mr. Rochelleau, who testified in the case, will no doubt exclaim that justice has been done and he may now depart in

to fires. N. Hivon agreed to this work for \$14 per year. Granted. A by-law imposing a \$10 tax on outside bakers selling bread in town was put to the vote and lost.

NOTES

SUGAR SEASON BOOMING AT SUTTON

Sutton, April 3.—(Special)—The sugar season is now on the boom and quite a quantity has already been paid while Thursday's storm is sure to be followed by a big flow of sap. Mr. L. L. Jones took in over four and a half tons on Wednesday. While Messrs. Boright and Safford also took in a large quantity, the quality being fair—still the coming week it is predicted will give a still better quality.

ORGANIST IN ONE CHURCH FOR FIFTY YEARS

West Sheffield, April 3.—(Special)—The members of the Methodist congregation and choir gave a pleasant surprise to Mr. L. H. Lawrence on Tuesday evening, it being his seventy-fifth birthday. He has very ably and loyally filled the position of organist and choir leader for over fifty years. This long service has been rendered willingly and gratuitously except for one occasional remuneration from the congregation of their appreciation of his long and faithful service to the Church.

There is not another Church perhaps in the province with an organist who has passed the three-quarter century mark, and has presided at the organ for over one half of a century. Rev. J. W. Ogden, on behalf of the congregation presented Mr. Lawrence with two very nice Oak chairs. He thanked the donors in very feeling and appropriate terms. A very pleasant part of the surprise to Mr. and Mrs. Lawrence was the arrival of their daughter, Mrs. (Rev.) Arthur Wilkinson, of Coaticook. A most excellent lunch was served by the ladies. The evening was very pleasantly spent in music and games.

NORTH SUTTON MAN PASSES AWAY IN HYDE PARK, MASS.

North Sutton, April 3.—(Special)—Abel F. Grimes passed away at his home, Warren Avenue, Hyde Park, Mass., on March 26th, after a short illness, aged 55 years and 6 months. He leaves a widow (nee Dyke), an aged father, Benjamin Grimes, one sister, Amelia, and two brothers, Alvin, of Montreal, and Albert, who resides at home.

Mr. Grimes was a member of Tremont Temple, Boston, and a much appreciated singer in the choir, having a very high tenor voice. He was a very capable business man, and at the time of his business was in the steam laundry business at Hyde Park, Mass., and was highly respected by all.

His body was accompanied by his widow and two friends, Miss Gertrude O'Neil, who has made her home with them for several years, and Mrs. Geo. McGuire, of Manchester, N.H. The floral offerings were many and beautiful including a plume of rare flowers from Tremont Temple choir. The funeral was largely attended by relatives and friends. The body was interred in the family lot at North Sutton, the bearers being Alvin Grimes, George Ingalls, Wood Kathman and Wm. Lee. Mrs. Grimes returned home at once to resume her husband's business. Services were held at Hyde Park, Mass., on Saturday afternoon, the Rev. Herbert Handell, of Tremont Temple, officiating, also at his father's home on Monday, Mr. E. P. Judge officiating.

Circumstances were unusually sad for his sister, Miss Amelia Grimes, who has the care of an aged father and helpless younger brother, and she was depending much on the early home-coming of the deceased.

LAND LEAGUE FOR MASSAWIPPI
Massawippi, April 3.—(Special)—It is proposed to form a land league here in the near future.

SMALL SUPPLY OF MAPLE PRODUCTS

Melbourne, April 3.—(Special)—The sugar makers in this vicinity have been busy the past week, there being a very good run the last three days. Very little sugar or syrup has as yet been brought into the village.

FOOT BADLY BRUISED

Bury, April 3.—(Special)—Mr. Irwin Glander while helping to unload logs had the misfortune to have one roll on his foot and is confined to the house with a badly bruised foot and ankle.

NEW BRIDGE AT MASSAWIPPI

Massawippi, April 3.—(Special)—The prospects are evident for a new village bridge, when the new highway is built. The Government engineer was here Saturday with contractors to take specifications, etc. The present bridge is of iron, but of not quite sufficient width and strength for the future traffic.

POLICE COURT AT BURY

Bury, April 3.—(Special)—Two men were arrested by Constable Lavalliere on Wednesday afternoon, one for being drunk and disorderly and resisting arrest, and one for interfering with the officer while in the discharge of his duty. They were placed in the lockup and were brought before the magistrate on Thursday morning. After a preliminary hearing they were each fined \$5 and costs, or ten days in jail.

TEACHING STAFF AT BEDFORD

Bedford, April 3.—(Special)—The Protestant School Commission has succeeded in completing the teaching staff of the local Academy for another year as follows: Principal E. S. Rivard, re-engaged; Miss E. M. Battchell, Model teacher, re-engaged; Elementary teachers, Miss C. Louise Stevens, re-engaged and Miss Jessie Blackwood, formerly of Farnham.

MINISTER EXPECTED IN MAY

Lake Megantic, April 3.—(Special)—A Congregational meeting was held on Wednesday at the Marsboro Presbyterian Church to discuss Church matters, etc. The new minister, Rev. Malcolm Campbell, is not expected to arrive before the middle of May, as the conditions of the roads, and the travelling around Gaborau, Cape Breton, where he is living at present, are such that he cannot move from there until May.

DEER PAYS VISIT TO TOWN

Lake Megantic, April 31.—(Special)—Since the game wardens have paid a visit to this section of the country the deer seem to have taken great liberties. Last Tuesday afternoon a deer came right into the city. It was first noticed in the railroad yard and it came through between the railway station and the pile of square birch, and walked past the front of the Union Hotel, taking one of the streets directly, which lead into the lake. When nearing the lake it was chased by some of the boys.

MUCH TIMBER HAULED TO SPRING HILL

Springhill, April 3.—(Special)—More timber has been hauled to this station this year than usual. Mr. M. D. McDonald said to the writer that he had made no special effort to get timber, but he had a bigger cut than ever before. Much timber has also been cut in the rough. Mr. McDonald has been shipping lots of pulpwood until recently. Much birch in the log has been shipped from here to Scotstown for the Guelph Patent Cask Company to be made into veneer.

MACADAM ROADS AT STORNOWAY

Stornoway, April 3.—(Special)—The macadamizing of the town roads is a question which is occupying the attention of most of the Town Council these days as they do not find it all smooth sailing, as there are some who are opposed to any such improvement. Notwithstanding some opposition the Council is going right ahead and have already passed a by-law to macadamize the roads, and the Government has granted an allocation to the town for that purpose. A special meeting of the Council was held for the purpose of deciding in what section of the town the work will be begun.

HATLEY LIBRARY MEETING

Hatley, April 3.—(Special)—The First Annual meeting of the Hatley Village Library Committee was held recently in the library room. A full committee was present. The report of the librarian for the year was read and adopted with great satisfaction. The committee discussed at length schemes for the benefit of the library. The following resolutions were carried. That the open days of the library be changed from Wednesday and Saturday to Saturday afternoon and evening; that a substantial recognition of the librarian's services be made annually; that an immediate addition to the books of the library be made. Steps were taken to institute a novel and vigorous campaign for funds to increase the size of the library. The annual fee was set at one dollar. Appended is the annual report of this, the youngest child of the library family in the county.

The Librarian's report says: Although the members of this committee are quite familiar with the origin of the Hatley Public Library, yet it seems appropriate that this, its first annual report, should make mention of its first beginnings. At a meeting of the Young People's League held in November, 1912, in response to the question, "What would make our village life more attractive, two or three writers suggested among other things, a public library. One of them went as far as to promise to canvass the town for books and cash with which to start

ITALY NEEDS MORE MONEY

\$40,000,000 ADDITIONAL WANTED FOR INCREASE IN THE ARMY.

Rome, April 3.—The Italian Chamber of Deputies and Senate reassembled yesterday. The new cabinet, under the premiership of Signor Salandra, made known to both houses its legislative programme. Signor Salandra announced the introduction of financial measures to meet the situation created by cost of the recent war in Tripoli and the further amount of \$40,000,000 necessitated by raising the peace footing of the Italian army to 275,000 men, besides the colonial troops. The premier declared that Italy would continue her foreign policy on similar lines to those hitherto adopted, namely, loyalty to her alliances and friendships with other countries.

In connection with the threatened strike of 80,000 employees of the State railroads, who demanded an increase in wages, Signor Salandra promised that the pay of the men would be increased by a fair adjustment to the economic and financial condition of the country.

MORE POWER PRESIDENT YUAN

Peking, China, April 3.—The Constitutional Convention, which has been in session at the capital since May 18th, yesterday adopted unanimously President Yuan Shi-Kai's amendments to the provisional constitution of the Chinese Republic. The delegates to the convention have now taken up the question of drafting a new constitution by which the president will be given large dictatorial powers.

EXPRESS MESSENGER SHOTS ROBBED

Athens, Ga., April 3.—An attempt by one man to rob Seaboard Air Line passenger train No. 11, southbound, near Gomer, Ga., fifteen miles north-east of here, was frustrated early yesterday by Express Messenger Fletcher, who shot the robber in the arm. The man dropped his weapon and leaped from the train. Fletcher was not injured.

MILITANTS TO CALL ON KING, MAY 21

London, April 3.—The visit of the suffragette deputation which will go to Buckingham Palace to see King George has been fixed for May 21.

with the result that in the month of April we were able to open a small library of 130 books in a small room in a private home, which was freely placed at our disposal. Of the 130 books 78 were contributed during the year, and \$41 in cash received, with lots of good will thrown in. During the year about 40 more books have been contributed. The financial statement shows that the income for the year was \$175.63, and expenditure \$133.84, leaving a balance of \$41.79 in the treasury. There are a total of 330 books at present, and over \$41 in hand. A majority of these are 50 cent books; a few of them cost \$1.25, and about 30 of them were 25 cents each. There are 270 books of fiction, 60 of non-fiction. The total number of times books were out was 2362.

HOUSES FOR WORKERS

LOCAL AUTHORITIES WILL HAVE TO PROVIDE THESE IN URBAN AREAS.

London, April 3.—The Secret Land Inquiry Committee appointed by Chancellor of the Exchequer Lloyd George issued another report recommending that the local authorities throughout Great Britain be compelled to provide houses for workers in urban areas and promote transit schemes. It recommends also that the Government should insure a minimum wage and regulate the labor market, with a view to decreasing the hardship of casual employment. Other recommendations deal with compulsory purchase and leasing of land. It is proposed that the expenditure be met by imperial taxation, and a local rate on site values.

HEALTH OF KING GUSTAVE

CONDITION CAUSE OF ANXIETY. GERMAN SPECIALIST HAS BEEN CALLED IN.

Stockholm, Sweden, April 2.—The condition of health of King Gustave continues to cause general anxiety, which was not allayed by the issue of a bulletin yesterday by the court physicians, who stated: "Although the health of the king has improved during the past week, and although there is no ground for uneasiness, the royal physicians have recommended His Majesty to consult Professor Wilhelm Fleiner, of Heidelberg, Germany, as there are indications of a return of the stomach trouble from which he has been suffering. Professor Fleiner will arrive in Stockholm on Saturday."

The King has been ailing for some time. He underwent an operation for appendicitis in 1910 and in October last year again fell ill.

FAMOUS CHEF TO KING EDWARD IS DEAD

London, April 3.—Juste Alfonsse Menager, chef to the late King Edward, is dead at his home at Acton, a western suburb of London, having retired from his professional career although he served for a brief period with Queen Alexandra after the death of her husband.

Menager once said of King Edward: "He is one of the finest of gourmets. He drinks moderately, he eats moderately both in private and at public banquets. But his taste is exquisite. He likes his dishes well cooked, well served, and never asks for a second helping."

UNKNOWN SHIP SUNK

Dover, April 3.—The Spanish steamship Jose Dearemburu collided with an unidentified French vessel during a heavy fog off the Goodwin Sands yesterday. Waterlogged and listing badly, the Jose Dearemburu arrived off Dover. The French vessel was reported to have gone down. Tugs hurried to the scene and began a search for the ship.
