TO WHOM IT MAY CONCERN.

Whereas, the report has been circulated that a fur cape had been stolen from my store, I take pleasure in stating that the party who took the cape supposing that it was "charged," has made satisfactory explanation of the affair and hope that this will clear up any false opinion that may have been caused by the report.

Respectfully,
A. E. FISH.

Ayer's Flat, April 15th, 1903.

The Victoria Furniture Company, which employs 100 hands, is working a quarter over time. The buildings are being arranged so that room will be made for more employees after the first of May. The Acton shoe factory at Actonvale now employs 75 persons. Plans have been made for an entirely new factory where 300 employees will find work. Both these establishments are wholly founded on limited local capital, and are yet in their infancy.

Mr. Alfred Gardner has arrived from Richmond, Maine.

Mr. Phaneuf and family are moving to Graniteville.

Mr. C. Sloggett has engaged a house-keeper in hopes of keeping his family together.

Mrs. O. Mills has been to the hospital in Montreal quite recently expecting to undergo a second operation for cancer but the doctors were of the opinion that it was not best and she returned home. Much sympathy is expressed for her.

Pride does and should form a prominent part of our make up, especially that which leads to cleanliness and order. It is a pardonable pride which leads one to take a deep interest in the welfare and beauty of the community in which they live aside from their own immediate premises. Where can a more beautiful "bit of country" be than this which surrounds us at Massawippi? We will not enlarge upon it, the residents know and enjoy it but is there anything needed to make the village proper more in accord with the surroundings? We think so. A great deal which may be impossible in some ways, but in neatness, cleanliness and order there is no reason why that should be neglected. Every one can and should look well to their own first, then afterwards seek to do for the general improvement. We would advocate a Village Improvement Society, one which would be in earnest and follow along simple lines at first, and always maybe, but surely and steadily for the interests of all. Let every one that is in sympathy with the movement raise their hand, then let us organize and see what we can do.

EAST HATLEY.

There was a quiet wedding at high noon in the Episcopal Church to-day (Tuesday) the contracting parties being Mr. Dudley Spafford and Miss Ida Greenslade of Compton. Only a few guests were present.

Miss L. Heath is stopping in Hatley for the present. Her friends find her considerably improved in health.

Mrs. Robinson and daughter from Beechmount are expected at Mr. S. W. Putney's about the first of May.

The W. C. T. U. will meet with Mrs. R. Emery on Saturday the 18th at 3 P. M. Will all members please make an effort to attend.

Our photographer is about to leave for another village, having done a good winter's work in his line of business and given very general satisfaction.

The Ladies Aid are fortunate in securing the services of the "Jubilee Singers" who will sing in the Foresters' Hall on the evening of May 8th. Their abilities are too well known to need any words of praise in advance.

The Rev. Mr. Belton is moving to his new home on his farm recently purchased near the village. He will continue to have charge of the pastorate until the meeting of conference in June when he intends to resign the work for a few years on account of ill health.

Four pounds of 35 cent choice green tea for \$1 at Abbey's store.

Mr. James Brodie left on Monday for a few days in the interest of his Granite business.

The Misses Ethel and Eva Mandigo of Clarenceville, are spending a few weeks here visiting relatives.

COATICOOK.

Easter Sunday was a very fine day. There was a large congregation at all the church services both morning and evening. The Methodist evening service was an Easter concert by the Sunday School and the choir. The large audience in attendance were well pleased with the music and recitations. There was a fine display of flowers.

Mr. R. Fournier of the firm of Fournier Bros., died Monday of consumption. He was 44 years of age and leaves a wife and three or four children. He was highly respected in the community.

The event of Tuesday, the 14th, was the marriage of Miss Edna Lovell, daughter of Charles Lovell and granddaughter of H. Lovell, M. P., to Mr. Alex. McDonald. The ceremony took place at the Episcopal Church and was witnessed by a large number of people. The happy couple left on the afternoon express. A large number of the bride's friends were at the station to see them off for their bridal trip.

Our town is considerably stirred up over the electric light question which may result in the purchase of the power and plant of the Electric Light Co. by the corporation.

Charles A. Cramton, who had been ill three months, died at his home in Enosburg Falls, April 7th, from the effects of an accident which occurred several weeks ago.

While playing with a calf the other day Roy Sampson, aged twelve years, son of D. B. Sampson of West Concord, was kicked over the heart and died instantly.

About one hundred business men of Hardwick gave a reception and banquet to the officers of the Woodbury Granite Co. in honor of the \$4,000,000 contract recently secured by the company to furnish granite for the Pennsylvania state house.

Fred Losby, the two-year-old son of Charles Losby of Proctor, died Saturday evening of ptomaine poisoning. This is the second death as the result of the children being poisoned by eating an unknown substance while at play.

When S. Egbert Williams opened the shoe store of S. D. Williams & Sons, Fair Haven, the other morning he found his brother, Edward J. Williams, the senior member of the firm lying dead on the floor in a back room where he had undoubtedly been all night.

Information is wanted by Mrs. Annie E. Duffy, 631 Orchard street, Toledo, as to the present residence of Lucy Mullins, who was taken from St. Joseph's orphanage, Burlington, in 1864, by Mrs. Green of Manchester, and who afterwards lived with Mrs. Kent in East Dorset.

Col. Silas W. Cummings, general passages agent of the Central Vermont Railway Co., has severed his connection with the company, and will retire to private life after 38 years of continuous railway service, 35 years and 8 months of which have been passed with the Central Vermont Railway Co., and its predecessor organizations.

Frank C. Partridge of Vermont, has been invited to represent the United States in the capacity of agent at Caracas, in the adjustment of the claims of American citizens against Venezuela. Mr. Partridge was at one time United States minister to Venezuela and was also solicitor of the department of state, under James G. Blaine.

The Capital Savings Bank and Trust company has sued the Montpelier Savings Bank and Trust company to recover \$1000 cashier's check, which appeared in the Dr. W. R. Harkness forgery case. The capital bank accepted the check and the Montpelier bank refused payment after the forgery was discovered. Harkness is still confined in County jail.

F. W. Baldwin of St. Albans, formerly general superintendent of the Central Vermont Railway, has gone to Mexico, where he will take a position with the National Railway of Mexico, the exact nature of which is not announced. Mr. Baldwin was connected with the national railway during the progress of its building and for some time after.

A New York despatch announces the death of Thomas W. Wood, one of America's most famous artists. Mr. Wood was born in Montpelier in 1823 and has always called that city his home. He has been president of the United States Color Association and also of the New York Academy of Design. One of his best known works is the portrait of Admiral Clark at the Vermont State House.

A telegram announces the death on the 7th inst. in Waycross, Ga., near Atlanta, of Walter I. Harwood of Swanton. Mr. Harwood was traveling for a business firm. His death was due to heart disease brought on by a severe attack of indigestion. The body will be brought home for burial. Mr. Harwood is survived by his mother, and three daughters, Ethel, Marguerite and Daisy. He was a Mason of high rank.

A splendid portrait of the late Hon. George N. Dale, presented by Col. Porter H. Dale, now adorns the Essex county court house at Guildhall.

Associate Judge Nathan Hobson of Essex county reached the age of eighty on April 3. This venerable old gentleman comes to four score years, remarkably well preserved, full of mental vigor, and able daily to attend to his business. After a long service as justice of the peace, covering over forty years in this community, he is now serving his first term as associate judge of Essex county court.

David Plumer dug on his farm in West Brattleboro a few days ago ten bushels of potatoes which had remained in the ground all winter, and found them in perfect condition. Other farmers have had similar experience, and apples are found under many trees as fresh and edible as when the snow covered them early in December.

Mrs. Fred A. Hyland of Rutland city died on the 6th as a result of an explosion of kerosene. Mrs. Hyland was pouring oil into the stove to encourage the fire when the oil in the can became ignited, causing an explosion which set fire to her clothing. The flames were smothered by a piece of carpeting after some trouble. There was not a spot on the woman's body that the flames did not reach and she was also burned internally from inhaling the flames.

LATIN PEOPLES.

A Peculiar Congress Inaugurated at Rome.

Rome, April 15—The congress of the Latin peoples was solemnly inaugurated at the Capitol to-day. The delegates claim to represent the peoples of France, Italy, Spain and Portugal, the various Balkan States and the whole of Central and South America, aggregating 165,000,000 souls. Signor Nasi, minister of public instruction, delivered a speech designed to show that the congress was not intended as a threat to other races and that its object was merely to "defend the Latin world against the advance of other peoples wishing to conquer the globe."

M. Chaumie, French minister of public instruction, said the union of the Latin race must be along the paths of peace and the diffusion of civilization.

A Brazilian delegate, Senhor Aranha, spoke of the Latin tendencies of South America.

The Argentine minister telegraphed his acceptance, in the name of his Government, of all the decisions of the congress.

APPLE GROVE.

To Mrs. Hiram Breesvoort.
Dear Friend:—We the members of this congregation would ask you to accept this address as an expression of the high esteem with which we regard one who has for many years loyally served us as organist and strenuously devoted yourself to the interest of the musical part of our services.

The marked ability you have shown in playing the organ has been manifest to the congregation these many years. Not kept away by every shower or storm, but at your post you have been found as an example of consecrated fidelity to duty. We reflect also that your untiring energy has not been confined to the organ alone, but that you and your husband have opened your home on several occasions for the social and financial part of our work in this community.

In expressing the hope that many years of active church work in your future home may be granted you, we are conscious we are not only speaking of ourselves, but also on behalf of past ministers and members of this congregation now living in other places. We all join in wishing you and your husband God speed, and may we all meet in that Happy Land where partings are unknown.
(Signed) On behalf of the congregation.

W. G. Bradford, Pastor.

STOLE HEIFER

Sold to Dealer and Afterwards Skipped.

At Sweetsburg on Thursday, before Judge Mulvena, E. Comeau, of Sutton was arraigned charged with having stolen a heifer from the pasture of a farmer named Wallace, of Sutton last September. It seems that Comeau after stealing the animal sold it to a dealer that was shipping cattle into Montreal and he evidently thought that it also would be shipped away. Instead of this, however, the dealer exchanged it for another, and in this way the animal was discovered. Comeau skipped to the other side of the line, and only returned a few days ago when he was arrested. Two petitions were presented to Judge Mulvena, one asking for clemency, and the other asked that he be given the full limit of the law. It is very seldom that such a petition as the latter is presented to a court of justice, and the first time that Judge Mulvena has ever had such an experience. He was remanded until next term of court on the 23rd.

At the same court A. Carrier, of Sutton was charged with breaking open a till and stealing therefrom the sum of five dollars. He pleaded not guilty and was remanded until the 23rd.

WHOLE VILLAGE MASSACRED.

Turks Wiped Out by Bulgarians.

A despatch from Constantinople says:—Word has been received here that the Bulgarians have destroyed a small village, exclusively composed of Musulman population. They massacred one hundred and sixty-five persons. The women were subjected to indescribable mutilation.

BULGARIAN MASSACRE FEARED.

Another Constantinople despatch to the Cologne Gazette says it is rumored in unprejudiced circles that a massacre similar to that known as the Sicilian Vespers is hanging over all Bulgarians in Constantinople. The barracks and all public buildings are closed and guarded. The military attaches of the foreign legations and embassies have left or are leaving for the interior. The object of their trip is unknown.

The Sicilian Vespers was a name given to the massacre of the French in Sicily on the day after Easter, March 30th, 1282, the signal for the commencement of which was to be the first stroke of the Vesper bell.

A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonic Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion.

BRITISH COLONISTS.

Greatest Emigration
from England Since
Departure of Wil-
liam Penn.

TO SETTLE IN NORTH-WEST.

A despatch from St. John, N. B.,
says: Four special trains carrying
the Barr-British colonists, numbering
1,960, left here Monday night for the
Saskatoon district, where the new
Canadians will establish homes and
cities. The party, which is declared
to be the greatest emigration from
England since the departure of Wil-
liam Penn, arrived Saturday morning
on the steamship Lake Manitoba,
whose cargo of humanity was packed
like fish in a box. Owing to the
crowded facilities of the docks at
West St. John the steamer was forced
to anchor in the harbor until Tuesday
morning.

The colonists, who bring with them
half a million pounds sterling, are
probably the finest shipload of men,
women and children ever landed at
the gateway of Canada. Lawyers,
doctors, clergymen, merchants, aris-
tocrats, farmers, clerks, artisans, do-
mestics, trade women and laborers
are among them, besides babies by
the score, and a healthy lot too. On
the passage which consumed eleven
days, there was not a death nor a
serious case of illness in the congested
ship.

After Quarantine Officer March gave
the ship a clean bill of health she was
boarded by W. D. Scott, superintendent
of immigration, the local immigra-
tion officials and the Canadian Pacific
Railway men in charge of the trans-
portation of the party, who at once
began the preparations for the disembark-
ing. The crowded state of the
wharves at Sand Point made it impos-
sible to dock the ship until Sunday,
but the intervening hours were busy
with changing of money, the classifica-
tion of the passengers, the issuing
of tickets and the transport of bag-
gage ashore in lighters, so that the
work of getting the train away after
the ship had docked might be facilitat-
ed.

There are fewer women and more
robust intelligent young men than in
the usual emigration party. One
stalwart Englishman in conversation
said: "Future emigration to Canada
from England depends very largely
upon the experience of our party. If
we find the country all it has been re-
presented and all we expect it to be
thousands will follow."

BOUNDARY DISPUTE.

Both Parties at Work on
the Case.

A London despatch says: The Amer-
ican embassy is closely watching the
Alaskan boundary dispute, but is not
taking an active part in the prepara-
tion of the case. It does not have ac-
cess to the archives of the foreign of-
fice. The new counsel appointed for
the United States is expected to work
up the case at Washington. Minister
Sifton and his associates are working
quietly, but with the hearty co-opera-
tion of the foreign office. Their coun-
sel is well chosen, and there is no lack
of expert talent behind him.

Should Be In Every Home At
This Season.

Our ablest Canadian physicians are
prescribing and recommending Har-
vard Bronchial Syrup for old and
young who are attacked by sore
throat, hacking cough and bronchial
troubles. For croup, asthma and bron-
chitis, Harvard Bronchial Syrup has
no equal in the world, as it possesses
virtues that are not found in other
cough preparations. Try a bottle;
your druggist or dealer can supply
you.

SIFTING EMIGRANTS.

Busy Time for Uncle
Sam's Officials.

Boston & Maine officials report that
the rush of Spring travel between
Canada and the factory towns of New
England has begun unusually early
this spring. Crowded trains and ex-
tra cars are the order of the day.
Many are northward bound, hundreds
returning home from Lowell, where a
strike recently occurred.

The tide of emigration from the
Quebec Central district and the lower
St. Lawrence still continues.

The U.S.A. emigration agents, both
an the B. & M. and the G. T. R. are
having a lively time in their efforts to
enforce the recent emigration laws
passed by the States. The inspector
for the Stanstead line boards the B. &
M. train at Sherbrooke. Passing
through the cars he scrutinizes the
passengers closely. Any whom he
suspects of lacking the requisite
amount of cash to make them admiss-
ible he accosts with the demand:
"Where are you going?" He makes
many errors in judgment and his jurisdic-
tion is so limited on this side of the
line that he often has troubles of his
own as a result of this apparent in-
terference with personal liberty until
the train crosses the line and he has
Uncle Sam at his back. A passenger
who, the other evening, witnessed the
emigration agent's efforts to serve his
country was heard to remark: "I
wouldn't have that man's job for a
thousand dollars a week."

And yet he does very effective work.
Scarcely a day passes but several
people who have set out to go "on de
State" are returned as unqualified for
citizenship. They often try again.
Sometimes they get through and often
are again returned.

Dr. Harper and His Friends.

(Waterloo Advertiser.)

The Advertiser had not concerned
itself much over the Harper contro-
versy; but it cannot shut its eyes to
the fact that Dr. Harper might well
ask to be saved from his friends. The
journalistic champions of Dr. Harper,
in the absence of facts, have resorted
to vituperation and vilification of the
most indecent sort. The Richmond
Guardian, usually courteous and logi-
cal in discussion, is the latest offend-
er in this respect. In taking up the
cudgels for Dr. Harper, our esteemed
contemporary makes a violent and
unjust attack on the Rev. Dr. Rex-
ford. The Guardian perhaps is not a-
ware that Dr. Harper owes his present
position to Dr. Rexford, on whose rec-
ommendation he was appointed many
years ago. Dr. Rexford is no more
responsible for the proposal to dis-
pense with Dr. Harper's services than
the great majority of the Protestant
Committee. Why single him out for
attack? Why not include the whole
Committee and place the responsibility
where it belongs? Dr. Harper's news-
paper mouthpieces are doing his case
a world of harm. He is either a good
inspector of superior schools or he is
not. He either performs the other
duties of his position well or he does
not. In either event he is the officer
of the Protestant Committee, and that
body has the power to deal with him
as may seem best. It should occur to
those who are brutally abusing Dr.
Rexford that possibly the Protestant
Committee, which is in possession of
all facts, may know as much about Dr.
Harper's fitness or unfitness as they
do, to say the least.

The Canadian Pacific has purchased

teen in all, which have passed under

pany.

A Sweet Breath

stomach. When the breath is bad the
stomach is out of order. There is no
remedy in the world equal to Kodol
Dyspepsia Cure for curing indiges-
tion, dyspepsia and all stomach dis-
orders. Mrs. Mary S. Crick, of White
Plains, Ky., writes: "I have been a
dyspeptic sufferer for years—tried all
kinds of remedies but continued to
grow worse. By the use of Kodol I
began to improve at once, and after
taking a few bottles am fully restored
in weight, health and strength and

ests what you eat and makes the

AN INTERCOLONIAL WRECK.

Four Killed, Others Seriously Injured in Head on
Collision Between Express and Freight.

INSANE ENGINEER RESPONSIBLE.

A despatch from Halifax, N. S., says:
Speeding along Saturday night at a
rate of forty miles an hour, the Inter-
colonial express train No. 26, from
Montreal, for Halifax, crashed head-
on into the fast freight for Sydney,
travelling at least twenty miles an
hour. Four men are dead, and a
number are badly, if not fatally in-
jured.

The collision occurred about two
and a half miles beyond Windsor
Junction. The cause of the catastro-
phe involving four lives and much
valuable property, was the culpable
neglect of the driver of the Sydney
freight, Nelson Copeland.

The story of the cause of this ter-
rible accident may never be told in
its entirety. Nelson Copeland, it is
stated, tore up the orders to cross the
express at Windsor Junction, and by
rushing on past semaphores and red
lights, set hard against him, showed
that he was insane.

The express train left Shubenacadie
with an order to cross the Sydney
freight at Windsor Junction, and the
Sydney freight left Halifax, with or-
ders to cross the express at the same
place.

But Driver Copeland did not even
slack up at Windsor Junction. He
sped on as though he were in charge
of an express train and had the right
of way over the road, heeding not the
fact, which he must have known, that
the Montreal express was not far
ahead on its way to meet him. Driver
Copeland was not the only man on
that train who knew that the freight
should stop at the Junction. Any
man who had eyes could see for him-
self the red lights hard against any
advance, and the moonlight was al-
most clear enough to show the sema-
phore stretching out towards the track.

As soon as Conductor Haynes and
Brakeman McDonald saw that the
train was going past Windsor Junc-
tion they knew that something was
wrong. "Jump off and signal them
from the Dartmouth locomotive and
then try the wire at the station," was
Conductor Haynes' order to his brake-

man, "while I run over the top of the
cars to the engine." "All right,"
was McDonald's reply, and he went to
the rear of the caboose and before the
train had much more than got clear of
the Junction platform he jumped.
The conductor stuck to his part of the
task. A locomotive used on the Dart-
mouth branch was standing on the
siding.

McDonald sprang up and told the
man in charge of the danger, and then
whistled "Down Brakes" as loudly as
steam could do it, in the hope that the
signals would be heard by the quickly
vanishing train. It was ineffectual.
The men on the engine of the ill-fated
train heard nothing, or if they heard,
they heeded not.

Meanwhile the men at the Junction
had not been idle. They had the wires
almost red hot trying to telegraph to
the agent at Wellington, the next sta-
tion, to hold back No. 26, the Mont-
real express, Conductor Haynes was
doing his part of the work with a will,
but time was fleeting and scramble
along as quickly as he could he had not
got over more than half the distance
when the headlights of the approach-
ing express flashed out and it was too
late.

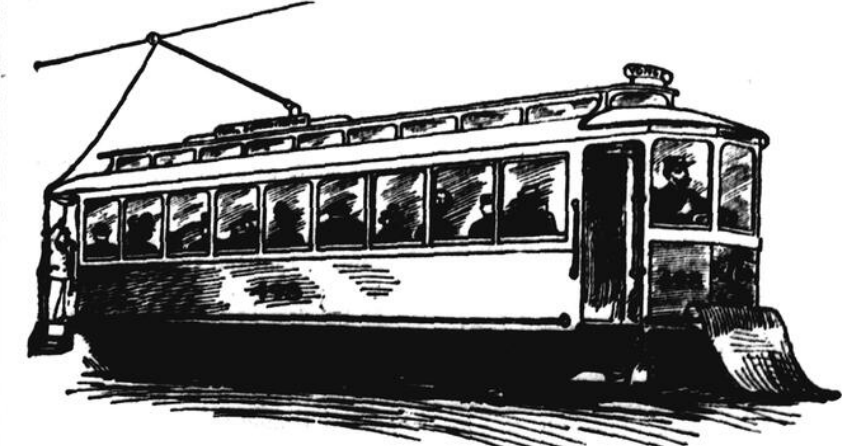

At the same instant that Conductor
Haynes saw the headlights of the
Montreal express, Wm. Wall must
have seen the engine light of the Syd-
ney freight. The express had come
out of a cutting and round a curve,
and there was a straightway of about
1,000 yards of clear track between the
two engines. What Driver Copeland
did is not known, but the heroic Wall
acted instantly. His hand sprang to
the throttle lever, he shut off steam,
and he applied the brakes. Never for
a moment did he flinch from his post
of duty nor did his firemen move.
They stuck to their engine like men.

Engines crashed together with fear-
ful impact, the sound of the collision
being heard as far away as Bedford.
While the railway men of the Junc-
tion knew of the impending disaster
two miles beyond, the great engines
were in an embrace and four men in
the agonies of death. The engine of
the freight and that of the express
telescoped one another and the freight
cars piled up in a mass of indescrib-
able confusion.

THRILLING EXPERIENCE

Of Motorman Walden, in the employ of
TORONTO STREET RAILWAY COMPANY.

DID NOT WANT TO GIVE UP WORK BUT WAS FORCED TO DO SO—TELLS HOW FOR
EIGHTEEN MONTHS HE MOVED BETWEEN LIFE AND DEATH, TREATED BY
THE BEST PHYSICIANS IN TORONTO AND HIS CASE PRONOUNCED SO
SERIOUS THAT HE WAS ADVISED, AS A LAST RESORT, TO USE THE
DR. SLOCUM TREATMENT—IS NOW IN GOOD HEALTH AND BLESSES
THE DAY HE HEARD OF THIS MARVELLOUS REMEDY.

Mr. Alfred Walden, 7 Cornwall St., Toronto, who
has been in the employ of the Street Railway Com-
pany for a number of years as motorman, informs us
that he had an attack of influenza, followed by
typhoid fever, and after many weeks of suffering it
resulted in a complication of throat and lung troubles.
During this illness he was under the care of one of
the best physicians in this city, who pronounced it a
very serious case and advised him to stop work,
which he was finally compelled to do.
Mr. Walden heard about the Dr. Slocum Remedy
and commenced their use and after using them but
for a few weeks he noticed a great improvement.

After using this valuable treatment for some little
time, the cough stopped, pain in left lung ceased,
appetite improved and night sweats were checked;
and in about three months he was able to go back to
work, feeling as well as ever.
When interviewed, Mr. Walden seemed to be in
the best of spirits and expressed himself in the most
grateful terms, as he considers himself completely
cured and in the enjoyment of good health.
What the Dr. Slocum Remedy has done for
Mr. Walden has also been accomplished in thousands
of other hopeless cases, which testimonials we have
on file.

Writing to the JOURNAL from Philadelphia, another subscriber, Mrs. D. I. Pulsifer, says:

"I shall probably go North before the next issue of the Stanstead Journal will reach Philadelphia, therefore it need not be sent.

I hope by this time that the baggagemen have been apprised that there is such a place as Derby Line.

The last time I went North I spent so much time in trying to convince them that Derby Line was really a place that I nearly lost a train and my patience too, and finally was obliged to say:—'check my trunk to Newport.'

Before arriving at Newport I found the train did not stop there, so I sent my check to the baggage room with request that my trunk be carried to Derby Line.

I consider this an unnecessary trouble which the R.R. is responsible for."

PREFERRED TO WALK

Did Senator Wark, the Oldest Legislator in the World.

A humorous incident in connection with the adjournment of the Senate is told at Ottawa, says an exchange. Senator David Wark, who is in his hundredth year, was communicated with before Parliament met. He was asked if he would be able to attend. Senator Wark replied that he certainly would be able to attend, but he had no time to throw away on a sitting of only a few days, which would be followed by a long adjournment. This was chirpy language from the father of the veteran New Brunswicker. Last year when Senator Wark came up to Ottawa the kind heart of Senator William Gibson prompted him to send a carriage to the station to meet his venerable colleague. Senator Wark sent back the carriage and his hearty thanks with the simple explanation he preferred to walk.

ABOUT OUR NEIGHBORS.

Work has been commenced on the Rangely section of the new Portland and Rumford Falls line which will connect with the Quebec Central at Lake Megantic.

Charles D. White, son of Judge White of Sherbrooke, was married to Miss Elizabeth O. Woods, daughter of Mrs. Alexander Woods, in St. Andrew's Church, Toronto, Monday.

At the Spring Seed Fair held in Sherbrooke, yesterday, C. E. Baldwin of Barnston won first prize on oats. This was the first fair of its kind ever held in the Townships.

Matthew Ashton, an old resident of North Shefford, died on the 4th inst. He was a successful farmer and universally respected. He had been in poor health two or three years.

During the storm on the night of the 2nd inst. a barn belonging to T. Greenwood, Melbourne Bridge, was struck by lightning and totally destroyed. Out of 12 head of cattle only two were saved.

Sir Wilfrid Lawson, a pro-Boer and a noted temperance reformer, has been elected to the parliamentary vacancy in the Camborne Division of Cornwall by 689 majority over Mr. Arthur Strauss, Liberal-Unionist.

Eusebe Lefebvre, an aged resident of Sherbrooke, died suddenly at his home on Monday. At about nine o'clock he told his wife he was going to bed as he was not feeling well. An hour later he was found dead.

It has been decided to repair the old Union Church at Magog. The building was the first place of public worship in the town, being erected 72 years ago. It will be newly shingled and the interior walls will be sheathed.

The ice-breaker on the south side of Witch Island light house, near Magog, was carried away during the wind storm on the night of the 2nd inst. The fence along the sand beach was smashed by ice forced ashore by the gale.

The Penman Manufacturing Co., of Paris, Ont., have purchased the extensive plant of the Canadian Woolen Mills, St. Hyacinthe, Que. The purchase price is in the neighborhood of \$400,000. The Penman Co. also have mills in Coaticook.

A meeting of the directors of the Jenckes Machine Co., Sherbrooke, was held recently to consider the advisability of increasing the capital stock with a view of enlarging the works to meet the requirements of a rapidly growing business.

Engineer James Parsons, an old G.T.R. man, was killed in an accident near Glace Bay, C.B., on the 14th. The drawbridge at Mira Gut on the Louisburg road was open and his engine dropped into twenty feet of water. He noticed the signal too late to stop his train and went down with it. The fireman saved himself by jumping. Deceased was an uncle of A. E. Kincaid of Sherbrooke.

The annual district meeting of Knights Templar was held in Sherbrooke last Friday, over sixty of the Sir Knights being present. The event began with a march through the streets and closed with a banquet at the New Sherbrooke House. Stanstead was represented by Very Em. Sir Kt. H. A. Channell and Rt. Em. H. E. Channell, P. P. G. H., presiding preceptor.

The Bar of the District of St. Francis, according to a resolution just passed, is of the opinion that the salaries of Superior Court Judges are "wholly inadequate." The principal reason given in the resolution is that the cost of living has been greatly increased since the fixing of the judges' salaries. A delegation from Montreal, Quebec and Sherbrooke visited Ottawa last week to urge Government action.

Gilbert Blandell, a lumberman, aged 36 years, committed suicide by cutting his throat with a jackknife in the C.P.R. Station at Scotstown last Friday. He arrived in Scotstown from Lake Megantic that morning and was about the village until about 11 a.m. when the tragedy occurred. During the winter deceased was employed by the Moe's River Lumber Co. in the Maine woods and had since spent several days in Lake Megantic. It is understood that he had been drinking heavily. There was nothing about him to show where his home was.

Mrs. Mary Ryan, about seventy years of age, who lived alone in her house, which was little more than a hovel, at Lennoxville, was found dead yesterday. She was lying face downward upon the floor. The old lady had not been seen since Monday noon when she appeared on the street. Yesterday, about noon, Mr. Dutchbourn, who lived not far from her house, sent his little daughter to the house to see how Mrs. Ryan was. She found the door locked and looking through the window saw the old lady lying on the floor. The little girl told her father, who entered the house and found that Mrs. Ryan was dead. She lived in great poverty but refused help from her son, who was notified of her death and arrived home last night.

ABOUT OUR NEIGHBORS.

A Sutton correspondent signs for a champion of the good roads movement and a Knowlton correspondent puts the following pertinent question: "What is the use of a champion if he is powerless to rouse those who are more directly interested in having good roads? Does the writer forget the persistent and laborious but unsuccessful efforts of Judge Lynch to champion the cause. So long as farmers and residents of the country parts generally are infinitely indifferent to the condition of their highways, no number of champions can better the situation. The residents of the District of Bedford, where it is comparatively easy to construct good roads, should hang their head in shame at the condition of their highways."

The road inspector of division No. 4, Township of Stanstead should see that a ditch is cut at the roadside by the Brevoort farm baryard. The change would likely involve the laying of some kind of a culvert to get into the baryard, but the interests of the public would be conserved by the exclusion from the highway of the liquid filth which invades it at all wet seasons. Just now the culvert near this point needs attention. From force of habit people seem to delay all kinds of road work until "after spring's work" at the cost of much inconvenience and some danger. No doubt the inspector of this division finds the maintenance of a passable road on Narrows Hill a knotty problem and for that reason it may be necessary to tolerate the condition of the strip of "corduroy" this side of the Brevoort place which could only be put into proper condition by a liberal application of gravel. Immediate attention to the ditch and culvert should, however, be insisted upon. We do not wish to be understood as criticising any inspector personally. The condition complained of has existed for years. The present incumbent has an opportunity to set a good example and we hope he will improve it.

A projected newspaper in a Western city promises that it will "print everything and anything exactly as it is." There should be a cell in the county jail being made ready for the editor. It is where the man belongs who prints everything and anything.

MCCONNELL.
The skimming station commenced
running last week operated by Mr.
Garland Conner of Minton.

The beautiful evening last Saturday
gave a fine chance to see the eclipse
on the moon.

Mrs. Manly is visiting her daughter,
Mrs. R. C. Morse.

Mr. T. Parnell sustained a slight
shock on Wednesday of last week and
although it was first thought that he
was rallying from it, he seems to be
falling and very little hope is enter-
tained of his recovery.

Mr. and Mrs. Vaughan of Ayer's
Flat, Mr. F. W. Vaughan of Sher-
brooke and Mr. N. T. Truell of La-
chute were guests at Glen Brook Farm
recently.

Mr. Orin Turner who has been ill a
long time seems now to be falling.

Mr. and Mrs. N. Bean and Mr. and
Mrs. Carleton Turner and daughter
visited at Glen Brook Farm lately on
account of the very serious illness of
Mr. Parnell. We are glad to see Mr.
Turner out again after his recent se-
vere illness.

Mr. and Mrs. Henry Spendlove vis-
ited friends at North Hatley over Sun-
day.

Mrs. Mary Bacon is staying with her
friend and neighbor, Mrs. Parnell.

Miss Verna Sharon is home for two
weeks.

MOULTON NEIGHBORHOOD.
Our school re-opened Monday. A
sister of Mrs. Powers from Magog is
our teacher. The term will last two
and a half months instead of two
months.

Mrs. Wells Schoolcraft, who has
been ill all winter, is somewhat better
at present.

Mr. A. B. Curtis treated his neigh-
bors to new sugar recently.

MAGOG.
Mrs. J. B. Hall has returned from
Montreal where she has spent the
winter and is opening up her residence
on Sherbrooke street.

Mr. S. G. Claxton left last week for
Montmorency to take up his employ-
ment in the cotton mills there.

Mrs. W. N. Peters spent Easter in
Montreal with her son, Mr. John Pe-
ters.

Mr. and Mrs. Henry Chamberlin of
West Shefford spent the Easter holi-
days with their friends here.

Miss Annie Williamson of George-
ville is visiting her sister, Mrs. A. G.
Dolloff.

The Glee Club will give their spring
concert on Tuesday evening, April
28th.

Dr. G. A. Bowen is expected to be
in Magog about the 20th inst.

Miss Emily Adams of Danville is
visiting her brother, Dr. E. J. Adams.

We very much regret to announce
this week the death of Mr. George W.
Bramhall which occurred in Montreal
on Monday, 13th inst. Mr. Bramhall
was a young man of excellent charac-
ter and very highly esteemed in Ma-
gog where he has resided for a num-
ber of years until about a month ago
when he went to Montreal to live. He
leaves a young wife and one son, fath-
er, mother, brother, sisters and other
relatives to mourn their loss.

Rev. J. H. Hunter of North Hatley
is holding service in the Union Church
Sunday afternoon at 3 o'clock. It has
been decided to repair the church and
preparations are now being made for
doing so.

Miss Minnie Magoon of North Hat-
ley is the guest of her sister, Mrs. Al-
fred Shedrick.

Mr. Wallace Whitehead who is at-
tending school in Montreal spent the
holidays with his parents here.

MACK'S MILLS.
Mr. Albert Baldwin is painting the
Smith's Mills Church. The service
next Sunday evening will be at the
school house instead of the Church on
account of paint.

The sick ones, we are glad to hear,
are all better and gaining slowly.

Mrs. L. E. Carpenter is here from
Megantic caring for her mother, Mrs.
Lunderville, who is some better.

Dr. Kimpton returned to his home
last Tuesday evening.

G. D. Story of Newport and Charles
Stoliker of Worcester were in the
place last Thursday. Mr. Stoliker has
been up this way since last month and
has returned to his home.

Mrs. Quimby of Boynton was in the
place last week. She and her sister,
Mrs. Ruitter are now at Beebe Plain.

Mrs. Frank Brown of Graniteville
made calls here on Saturday.

Mr. Van Camp of Edmonton, N.
W. T. was in the place over Sunday.
He is buying young stock to car West.
Elmer Lunderville is better and has
returned to his school.

Bernard Reed spent Sunday making
calls here. We are always glad to see
Bernie around.

Mr. C. F. Bayley of Beebe Plain and
Mrs. James Hutchinson of Boynton
spent Sunday at Smith's Mills.

Mr. and Mrs. William Lunderville
and Mr. and Mrs. Ernest St. Pierre of
Stanstead, Mrs. James Hutchinson of
Boynton, Mr. and Mrs. Al. Gibson and
Mr. and Mrs. Tom Gibson were in the
place on Sunday.

Henry Hutchins was here with his
meat cart last week. He says he will
visit this place weekly on Fridays.

William Wheeler's daughter Nellie
is quite sick at Providence, Rhode Is-
land.

Gracie Wheeler and Myrtle Hartley
of Graniteville spent Sunday at Wm.
Wheeler's.

Mr. Bradford was summoned to
Montreal by telegram on Monday.
Mrs. Bradford, his wife, is under treat-
ment in the city and it is feared she
may be worse.

SOFT CORE
Like the running brook, the
red blood that flows through
the veins has to come from
somewhere.

The springs of red blood are
found in the soft core of the
bones called the marrow and
some say red blood also comes
from the spleen. Healthy bone
marrow and healthy spleen
are full of fat.

Scott's Emulsion makes new
blood by feeding the bone
marrow and the spleen with
the richest of all fats, the pure
cod liver oil.

For pale school girls and
invalids and for all whose
blood is thin and pale, Scott's
Emulsion is a pleasant and rich
blood food. It not only feeds
the blood-making organs but
gives them strength to do
their proper work.

AYER'S FLAT.
Mr. F. T. Vaughan accompanied by
Mr. N. T. Truell, the newly appointed
principal of the Sherbrooke High
School, spent last Sabbath with his
parents, Mr. and Mrs. C. W. Vaughan.

Mr. E. R. Webster has bought Cal-
vin Davenport's farm.

Miss Davis of Sherbrooke, spent
last Sunday here with her parents,
Mr. and Mrs. D. F. Davis.

Mr. Bert Hurd returned on Satur-
day evening from a short but pleas-
ant visit to friends in Sherbrooke.

Mr. Sterling Ross returned from
Montreal Tuesday evening.

Mr. H. G. Ayer was in Sherbrooke
on Friday last attending the annual
district meeting of the Knight Tem-
plars.

Mrs. Lillian Robinson returned on
Friday from a pleasant visit of two
weeks duration to friends in Newport,
Vt.

We are enjoying fine Spring weather
though the atmosphere is rather chill-
y. Farmers have begun to till the
soil preparatory to seeding.

Mr. and Mrs. Worthen Libby have
returned to their home here having
spent the winter with their daughter,
Mrs. Colby in Boston, Mass.

We regret to learn that at this
writing Mr. Thomas Parnell, a life-
long resident of Hatley and one of
the most respected citizens in the
Townships, is quite seriously ill. On
Wednesday last Mr. Parnell suffered
a slight stroke of paralysis and owing
to his advanced age, eighty years, lit-
tle hope is entertained of his recovery.

From another correspondent.
Mr. Riley Cass has bought the farm
of Mr. F. M. Worthen, who we hear
has rented the house owned by Mrs.
Fred Knowlton.

Mrs. S. F. Worthen and Miss Cora
Parnell of Manchester, N. H., arrived
in town on Tuesday, on account of the
illness of their father, Mr. Thomas
Parnell.

Miss Winnie Sampson spent Sunday
in North Hatley.

Mr. Gordon Bennett of the S. W. C.,
is visiting at Mr. McCoy's.

Mr. Otis Rollins has purchased the
land between A. G. Clough's store,
and the Post Office, on which he will
erect a building to be used as a gen-
eral store.

The large congregation which filled
our church on Easter morning for
an extra effort it may have cost them
were well repaid in listening to the
beautiful Easter sermon preached
from the text "Come see the place
where the Lord lay." The choir un-
der the management of Mr. C. H.
Robinson rendered appropriate music.
The church was handsomely decorat-
ed with flowers and an Easter cross.

Mr. Henry Place has bought a
building lot on Pleasant Street.

Mr. Frank Place and son, Aylmer,
have gone to St. Johnsbury to work
for the Fairbanks Scale Mfg. Co.

Cards have been received announc-
ing the Marriage on April 9th, of Mr.
C. Lee Brainard and Miss Cora Mae
Moore of Waltham, Mass. We extend
to them our most hearty congratula-
tions and best wishes.

Mrs. Lillian Robinson is expecting a
fine line of Spring millinery the first
of next week.

Dr. and Mrs. Bowen returned on
Monday from Montreal, where they
have been spending their Easter holi-
days.

The meat market on the corner of
Pleasant and Main St. is being re-
shingled and re-furnished with all the
modern appliances of such an estab-
lishment.

Arrangements have been made for
the accommodation of city boarders,
who more and more and year by year
appreciate the scenery which sur-
rounds our beautiful lake.

The village petition to the Muni-
cipal Council for a street through the
Morse property, has been accepted by
the Council and laid on the table for
further consideration. A. C. Nor-
ton's petition for a Temperance Hotel
license was also granted. Lyman
Dustin's request that the Council al-
low him, at his own expense, to
straighten the street past his house,
was approved.

Mrs. Beekman's house at the Bay is
nearly completed at a cost of \$3000,
and Judge Parker is to have one erect-
ed this Spring to cost some \$5000.
This is a substantial beginning which
is to continue and will make a boom
in real estate, note the rapid ex-
changes already taking place.

Dr. Jenks of Coaticook, who pur-
chased a building lot at Elm Wood
last fall, was in town on Wednesday
last and purchased an addition to his
lot. We understand that there are
several intending to purchase at the
Elms this Spring.

CORLISS MILLS.
Mrs. R. L. Standish of Norton Mills,
Vt., has been the guest of her son, Mr.
H. A. Standish at Edenwild, for the
past week.

A number from this place attended
the auction at H. Bacon's, Baldwin's
Mills, on the 8th inst.

We are pleased to report that Mrs.
John McDonald is improving.

Mr. J. R. Noyes is remodeling the
interior of his house for the conven-
ience of two families.

Buy your fruit and vegetables at
Abbey's fruit store.

FITCH BAY.
Mrs. E. B. Dolloff who has spent the
past six years in California, arrived
here on Tuesday to join her two
daughters who have been here for
nearly two years. It is expected that
Mr. Dolloff also will come east as
soon as his business will permit.

Mr. and Mrs. C. H. Runnells of
Nashua, N. H., who were called here
to attend the funeral of Mrs. Runnell's
mother, returned to their home on
Tuesday.

Mr. F. E. Lee and family have gone
to Ayer's Flat for a time where Mr.
Lee has secured work.

Mr. J. A. C. Gage continues about
the same. His condition is giving his
friends a great deal of anxiety.

Services in the churches on Sunday
next as usual.

Miss Ella Dolloff returned from Ma-
gog on Tuesday.

Mrs. A. G. Dolloff and daughter,
Avis of Magog, and Miss Annie Wil-
liamson of Georgeville, were in town
on Tuesday.

From another correspondent.
Dr. Fourney spent Easter in Mon-
real with friends.

Mrs. H. M. Foss, one of our much
loved and highly respected neighbors,
passed peacefully away at the home
of her daughter, Mrs. A. L. Rider, on
Friday last. Although she had been
failing in health for a long time, her
death came sooner than was expected.
She was loved by all who knew her.
She leaves three daughters to mourn
her loss, who have the sympathy of
all in their affliction. The funeral
services were conducted by the Rev.
G. E. Read of Rock Island. Blessed
are the dead that die in the Lord.

Mr. and Mrs. A. N. Clifford spent
Sunday at Ayer's Flat with their
daughter, Mrs. W. Bowen.

Mr. Emery Clifford was called to
Bolton on Saturday by the dangerous
illness of his wife. We hope for a
speedy recovery.

Mr. C. E. Stoliker returned to his
home in Worcester, Mass., on Thurs-
day last having spent a few weeks in
the place on business.

Mr. and Mrs. Charles Runnells of
Nashua, N. H., and Mrs. Laren Alden
of Barton Landing were called here
by the death of their mother, Mrs. H.
M. Foss. Mrs. Alden returned to her
home on Tuesday.

Rev. A. H. Moore of Stanstead, vis-
ited at the parsonage on Monday.

Mr. Ezra Rider spent his Easter
holidays at home much to the pleasure
of his friends.

The services last Sunday in St. Mat-
thias' Church were very bright and
hearty and good congregations. Of-
feratory at evening service over eight
dollars. The service next Sunday will
be at 11 A. M. consisting of Morning
Prayer and Holy Communion fully
choral, the choir being assisted by
the Georgeville choir.

BARNSTON.
Mrs. Levi Cleveland has sold her
farm to Henry Wright to have posses-
sion the first of May. Price \$4000.

The old Sherry farm has also re-
cently been sold.

We understand that Miss Vaudry
has been engaged as principal of Len-
noxville Academy for the coming year.

Miss Ethel Childs, daughter of A. P.
Childs, of Bennington, has recently
won a case against a street car com-
pany in New York. About two years
ago Miss Childs was seriously injured
by falling from a car in that city, and
a suit for damages has since been
pending. The verdict returned allows
the plaintiff \$750.

For Over Sixty Years.
Mrs. Winslow's Soothing Syrup has been
used for over sixty years by millions of moth-
ers for their children while teething, with per-
fect success. It soothes the child, softens the
gums, allays all pain, cures wind colic, and is
the best remedy for diarrhoea. It will relieve
the poor little sufferer immediately. Sold by
druggists in every part of the world, twenty
five cents a bottle. Be sure and ask for "Mrs.
Winslow's Soothing Syrup," and take no other
kind.

Portland's Business Interests Threatened

CITIZENS FEAR GRAND TRUNK MAY SECURE ATLANTIC TERMINUS IN CANADA.

Business Men Watching Ottawa.

A despatch from Portland, Me., says: The business community is watching developments at Ottawa, where hostility to this city as an outlet for Canadian traffic has been manifested on several occasions. There are indications that inducements are being made by certain public men in Canada and by combined interests at the port of St. John, N. B. to divert a large part of the trade from Canada to Europe, via this port, to a point in Canadian territory.

The occasion for the renewal of the campaign against Portland is the measure now being taken by the Grand Trunk interest to build a complete transcontinental system in Canada. The Grand Trunk corporation has asked authority of the Canadian Government to issue guaranteed stock up to £10,000,000 and it is commonly understood that the road is desirous of participating in the system of subsidies which has long been in vogue in the construction of railroads in Canada. Since the announcement of the present Grand Trunk project, a hostility to that road has developed in some quarters across the line, due to the fact that the Company which handles an immense Canadian business, has its terminal on the Atlantic seaboard in this city. During the past few years the Grand Trunk has made great improvements in this city, and has completed plans for a new elevator and wharfage facilities, a new station and other additions. From this citizens of Portland refuse to believe that the Grand Trunk will abandon Portland.

A despatch from Ottawa last week was of unusual interest here. At the parliamentary committee bearing on the Grand Trunk's application for an issue of £10,000,000 stock the Canadian

Minister of Railways and Canals, Hon. A. G. Blair, a member of the Cabinet, asked how the money was to be spent, adding that he was opposed to its being spent on those portions of the road which are in the United States. Although the Grand Trunk operates lines in the Western States, it is well known that Mr. Blair had reference to the line in New England. The opposition of the Minister of Railways is no surprise here. He is head of the Canadian system of railroads and is member of Parliament for St. John's city, the rival winter port of this city. His influence, however, in the Government at Ottawa, is strong, and it is said that he has practically his own way in railroad affairs, and until the question is finally settled there will be much interest here.

Another representative from the Atlantic provinces in Canada who expressed his opinion at the hearing was Mr. Gourley, member of Parliament for Colchester County, N.S. Mr. Gourley is quoted as saying that he thought "the time had arrived to refuse the Grand Trunk Railway any favors in Parliament until such time as the company tore up its terminals at Portland, Me." Mr. Gourley's remarks are not as alarming as they would be were he a supporter of the Government. He gained much publicity in the United States some time ago by delivering a fiery speech in Parliament against this country.

It is not doubtful that there is a large Canadian sentiment against the Grand Trunk having its terminus here, but whether it will be necessary for the British road to sacrifice Portland or abandon hope of Government support is what forms the topic of interest here at the present time.

PRELIMINARY SURVEY MADE

For Extension of Orford Mountain Railway to Windsor Mills.

"H. C. Cleveland and A. W. Mitchell with a party of surveyors, arrived in town Thursday," says a Windsor Mills correspondent. "They have completed a preliminary survey of the extension of the Orford Mountain Railway from Kingsbury. They report having found a feasible line although involving some heavy work, especially on the last five or six miles. They propose running another experimental line, following the river bank, the line already surveyed being on the high ground at some distance from the river, after which location surveys will be commenced and pushed forward vigorously.

Judge Foster, President of the O. M. R., is determined upon having the line in operation to Windsor during the present summer, which will be a boon to the town."

The Local Paper.

Speaking of what a newspaper does for a community, United States Senator Davis of Illinois, made an address which remains ever green in the memory of newspaper men. He said: "Every year every local newspaper gives from 500 to 1,000 free lines for the benefit of the community in which it is located. No other agency can or will do this. The editor in proportion to his means, does more for his town than any other man; he ought to be supported—not because you happen to admire his writing, but because a local paper is the best investment a community can make. It may not be crowded with great thoughts, but financially, it is of more benefit than preacher or teacher. To-day editors do more for less pay than any other men on earth. Patronize your home paper not as a charity, but as a home investment."

We do not know whether it is the policy of the Liberal party; but it has been more than once shown to be that of the party's accredited organ, the 'Canada,' to read Mr. Tarte and the 'Patrie' out of the party altogether," says the Montreal Witness. "Whether this is a desirable piece of party discipline, it is for those acquainted with the exigencies of party despotism to say. But if it has to be done it should not be done by the maladroit method of expressions of petty jealousy as to which newspaper holds the most accredited certificate of servility to party. When the 'Patrie' accuses the Quebec Government of mismanaging the crown lands, the general judgment would be that it is quite as likely to be wrong as right, and, on the other hand, quite as likely to be right as wrong. But it is the least convincing of all answers to tell that in taking the position it does it is disloyal to the party. On the contrary, that paper is really the traitor to a party's best interests which defends its wrong acts as well as its right ones."

HILL OUTLINES ISSUE.

He Thus Presents Himself as a Candidate.

Albany, April 16.—David B. Hill, in the view of Democratic politicians here put himself forward as a candidate for the Democratic nomination for the presidency, when at the Gifferson banquet on Monday night he outlined the issues on which he thought the next campaign should be fought.

"New York will lead where Democrats will follow; or New York will follow where Democrats lead," said Mr. Hill at the close of his speech, and in the politician's view he would never have committed himself to that pledge unless he felt absolutely certain that the logic of events pointed to the selection of a New York candidate by the Democracy and to the adoption of a platform upon which New York Democrats would be able to stand without misgivings.

McGill Corporation

DEPARTMENT OF MINING AND METALLURGY SEPARATED.

Higher Degrees Granted—Mr. H. L. Cooke Gets scholarship.

The department of metallurgy in the Science Faculty at McGill is to be separated from that of mining engineering, so as to allow Dr. J. B. Porter to concentrate his time on the mining branch, while Dr. Stansfield takes full charge of the metallurgical department. This will allow more research work to be done in both departments.

The separation was decided on at the meeting of the corporation yesterday afternoon. At the same time a gift of \$500 from Sir Wm. Macdonald for the purchase of radium for research was announced.

It was also decided to confer the degree of Doctor of Science upon Prof. R. B. Owens.

Other degrees to be conferred are:—By the Faculty of Arts, the degree of Master of Arts upon the Rev. W. W. Craig, B. A.; Mr. Hereward Lester Cooke, B. A. and Mr. J. G. W. Johnstone, B. A.

Master of Science, Miss Bella Marcuse, B. Sc.

By the Faculty of Applied Science: The Degree of Master of Science upon Mr. Kenneth McK. Cameron, B.Sc.; Mr. Chas. V. Corless, B.Sc.; Mr. Henry P. De Pencier, B.Sc.; Mr. Howells Frechette, B.Sc.; Mr. Samuel R. Newton, B.Sc.; Mr. Chas. S. Patterson, B.Sc.; Mr. Gerald M. Smith, B.Sc.; and Mr. Frank E. Stearns, Veterinary Science.—The degree of Doctor of Veterinary Science upon Mr. Colin M. Henderson, of Armstrong, B. C.; Mr. Mr. John H. Patterson, of Montreal; Mr. Hugh Gaw of Clinton, Mass.

These degrees will be conferred in absentia, as owing to the veterinary convocation being held a month earlier than usual the students have gone home.

STOLE WATCH

Plead Guilty and Got Eight Months.

J. Paquin, of Cookshire, who pleaded guilty a few days ago to theft of a lady's gold watch from the store of Mr. Bailey, Cookshire, was sentenced to eight months in jail by Judge Mulvena on Saturday. It appears that Paquin went into the store and asked to be shown some watches. Mr. Bailey placed a tray with a number of watches and while he was gone for a lamp so they might be seen to better advantage, Paquin stole one and put it in his hip pocket. After looking at the watches he bought a ring of the value of one dollar, and in putting his hand in his pocket for the money he drew out the watch. Mr. Bailey immediately recognized it and made an effort to get hold of it but the prisoner bolted. He was arrested some time afterwards, and the watch was found hidden underneath the sidewalk.

STRIKE SETTLED.

Hawkesbury, Ont., April 15.—The strike of the mill hands of the Hawkesbury Lumber Company is settled to the satisfaction of both parties through the offices of Mr. W. L. MacKinnon King, deputy minister of Labor. The men will resume work to-day on practically the same condition as before the strike.

The recent settlement of the Fernie coal strike in Nova Scotia was directly due to the conciliatory intervention of the Dominion Department of Labor.

A Missouri State Senator admitted taking bribes from a railway company's solicitor, and said all the other Senators had done so.

EXPLOSION ON BATTLESHIP

Causes Death of Three and Injury of Five.

A disastrous explosion occurred on the United States battleship Iowa Thursday, while the vessel was at target practice in the gulf, says a despatch from Pensacola, Fla. The forward port 12-inch gun burst from the premature explosion of a shell, 12 feet of the piece outside the turret being demolished. Three men were killed and five injured, two seriously.

The killed are: First-class Seaman Kiele; Ordinary Seaman Percell, and Gunner's Mate Berry.

The injured are: First-class Seaman Gaught, and Ordinary Seamen Thurdale, Brown, Mansdale and Purucker.

The men killed were on the second or gun deck at mess. Three pieces of the exploded gun, each weighing over a ton, passed downward through the spar deck, falling upon the men, instantly killed the three named. All of the men were horribly mutilated.

The heavy missiles, after passing through the gun deck, continued down to the third deck, where they came in contact with the armored deck, the heavy steel bringing them to the stop, thus saving the engineers and firemen who were at work below.

Although the upper decks were covered with men no one there was seriously injured.

G. A. McShane, Beebe Plain, Que. MY DEAR SIR:—It is with much pleasure that I recommend your HOOF GROWER AND SOFTENER to the public. I own a valuable horse whose hoofs get hard and cracked very badly, making him very lame and sore. I bought a box of your HOOF GROWER and after three applications I find him completely cured of his lameness and his hoofs soft and free from cracks. I can cheerfully recommend it as the best thing in existence to-day. Wishing you every success.

I am, yours respectfully,

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in Lydia E. Pinkham's Vegetable Compound.

"I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—Miss ALMA PRATT, Holly, Mich.—\$5000. Forfeit if original of above letter proving genuineness cannot be produced.

FREE MEDICAL ADVICE TO YOUNG WOMEN.

All young girls at this period of life are earnestly invited to write to Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given; her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham is inclined to believe that our girls are pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries; less learning and more health needed.

THE BAR BILL

George H. St. Pierre, M. L. A., for Stanstead, Secures Amendment.

A Quebec correspondent writes: When the Bar Bill was before the Committee of Legislation last week Mr. George H. St. Pierre, M.L.A. for Stanstead, presented an amendment and succeeded in passing it, by which, hereafter, all students will be obliged to make the deposit required by law with the treasurer of the section of their domicile, that is, where they come from. This is very important for the rural sections. Heretofore, the students going from rural districts to Montreal or Quebec to take a university course, took invariably advantage of the law, which gave them the right to make their deposit with either the treasurer of the Montreal or Quebec section. The result was this: The young men of the Townships go to Montreal or Quebec to make their deposit with the treasurer of either of these sections, and the several sections are deprived of the amount of their deposits. For the last few years the lawyers in some of the districts, including the District of St. Francis, have taxed themselves double the ordinary tax, but in spite of all this, it is all they can do to keep up their library, the judicial reports, etc. By Mr. St. Pierre's amendment, the deposits of the student will be made with the treasurer of the section in which he resides. This will give means to rural districts to keep the law library up-to-date, etc. The amendment naturally met with considerable opposition from lawyers and members of Montreal and Quebec.

The bill, with the above and some other slight amendments, was adopted.

FOUGHT FOR POPE.

Death of a Sherbrooke Man Who Had Exciting Career.

The death of Mr. Ferdinand Favreau, a well-known French resident of Sherbrooke, occurred Sunday evening says the Record. Mr. Favreau was a member of the Union St. Joseph and of the Congregation of Men, and belonged to the Third Order of St. Francis. He worked for nearly fifteen years for the reverend ladies of the congregation, and for the last twelve years had been employed at the Paton Mill. Before coming to Sherbrooke the late Mr. Favreau had a varied and stirring career. He served at Rome as a Pontifical Zouave, from 1868 to 1870, and was then made prisoner at the taking of that city by the troops of Garibaldi and Victor Emmanuel. Mr. Favreau lived in a humble condition, but was a most respected citizen. He was a model Catholic and devoted to his church.

The Quebec game laws are being amended some more this session of the Legislature. It would be against tradition if these laws and the codes were left alone long enough for experience to show how good they are, says the Montreal Gazette.

THE BIG FOUR CONSOLIDATED GOLD MINES, LIMITED

Non-Personal Liability. Fully Paid Up and Non-Assessable.

Mines One Mile West of the City. Directly West of the Le-Roi and the Le Roi No. 2. Two of the Largest Gold-Copper Mines in the World, both of which have Paid Large Dividends.

Same Identical Ore and Veins now in Sight on the BIG FOUR.

Capital \$625,000 of which 40 per cent. is now in our Treasury. Incorporated Dec. 23, 1902.

Rosland Ore Shipments:—Shipped for 1902 about 350,000 Tons, 85 per cent. came from the Le Roi. Grand total to January, 1903, about 1,241,000 Tons. Value, \$21,000,000.

To make fortunes out of the future you must put something into the present. Read the following and judge for yourself. In addressing the public we realize that honest investors do not want fanciful fairy tales or flowery fictions, but solid facts and figures which will stand the test of the most searching criticism. Strong in the knowledge of possessing a really good thing we confidently submit a few considerations to those who are in search of a first class investment.

A SOLID COMPANY ON A SOUND BASIS, possessing one of the most valuable properties in the far famed Kootenays of British Columbia, Canada.

OUR PROPERTY—Our property consists of four valuable claims, all decided to Company.

LARGE DIVIDENDS—The Le Roi yielded an average monthly profit of nearly \$100,000 for the past year, while the Le Roi No. 2 has paid no less than \$300,000 in dividends during the past fifteen months.

ITS LOCATION—By universal consent our location is unsurpassed in facilities for both mining and shipment. Water, so essential to concentration and smelting is supplied in abundance by four streams which flow through our claims, while the Red Mountain Railway crosses our property no less than three times.

IMPROVEMENTS—Improvements to the value of \$30,000, including 700 feet of tunnelling, have already been made. Large ore bodies have been uncovered carrying sufficiently high value to admit of mining with handsome profits. Modern machinery alone is now required to enable us to handle this ore to advantage.

NO DEBTS—There are no debts whatever against the Company and consequently no "dead horses" to be paid for out of stock sales, and the future prospects of the Company are exceedingly bright.

A RARE CHANCE—We are now placing 100,000 shares Treasury Stock on the market in order to secure funds for putting in a thoroughly up-to-date plant. No less than 100 shares of this stock will be sold to anybody. Our special cash prices for this stock are 1000 shares for \$300 or 20 cents per share; 500 shares for \$150 or 30 cents per share, and all smaller amounts at 25 cents per share. Or we will sell blocks of 500 shares and upwards on the installment plan as follows: 25 per cent. down and 10 per cent. per month until paid for. Payments will be due on the FIRST DAY OF EACH MONTH. See Order Blank.

SEND FOR DESCRIPTIVE BOOKLET.—If this interests you send for descriptive booklet containing prospectus, reports of engineers and assayers, extracts from the press and reports and statements by reliable business and professional men of Rosland. We court investigation and stand ready to cheerfully furnish the fullest information to all interested persons. Now is the time to invest in Big Four Stocks as the prices are going up and will reach a Dollar. There is nothing sarer.

REFERENCES.—As to the Title and Status of the company we refer, by permission, to the Mayor of Rosland and other leading officials. We hold the record in B. C. for economical mining.

NOTE—\$40.00 Cash and \$18.00 per month until you have paid \$380.00 will give you 1000 Shares, which we believe should actually bring you \$1000 in return for your investment. The first payment on 500 Shares is \$25.00 Cash and \$10.00 per month. All payments to be complete within one year from date of purchase.

NOW IS YOUR OPPORTUNITY. TAKE IT.

Any amount less than \$100.00 send by post office or express money order; over this amount by bank draft to

SIR OLIVER MOWAT

Ontario's "Grand Old Man" Near Death's Door.

Toronto, April 16.—Sir Oliver Mowat, Lieut.-Governor of Ontario, took a turn for the worse at a late hour last night, and at three o'clock Thursday morning a report from Government House states that he is suffering great agony, and it is not thought he can live many hours.

The Lieut.-Governor who is in his 83rd year has been in poor health for some time and on Sunday night last sustained a fracture of the right thigh. The accident occurred while the venerable Lieut.-Governor was being moved from a chair to his bed by two attendants.

It was not known exactly how the accident occurred. Some time ago Sir Oliver fell, breaking a small bone at the thigh joint. He had not regained the full use of the leg and occasionally had to be moved by attendants. While lifting him the bone snapped. Surgeons were summoned and the bone was quickly set. The patient seemed to be doing well until late last night, when he took a turn for the worse, and it is feared that he cannot survive.

END MAY COME AT ANY TIME.

Toronto, Ont., April 16.—A slight improvement was noted in Sir Oliver Mowat's condition at 10 o'clock this morning, but at noon a turn for the worse came, and the end may come at any time.

Klondyke Mines R.R.

Everything Ready to Begin Work on the New Line.

A Toronto despatch says:—James H. Hughes, manager of one of the departments of the Ladue Commercial & Mining Company of Dawson City, is here on a visit. He says the Klondyke Mines Railway Company have everything in readiness to commence work almost immediately on a road from Dawson City to Grand Forks, then over the Dome down Dominion Creek on to Stewart River, a distance of 85 miles. This road will open up a district which has hitherto been difficult of access, and will enable miners to get in supplies to this very rich mining field. There will be valuable timber for return loads. He also says that the Government has constructed several splendid roadways which will aid very materially in furthering successful mining operations. What every one, however, desires is railway connections with the old portion of Canada, so that the trade may be secured for the Dominion, and a feeling of absolute permanency given to the mining industry of the Yukon, which he believes is only just on the verge of unparalleled expansion.

GETTING INTO LINE.

Doukhobors Are Becoming Good Citizens.

A Winnipeg despatch says: Peter Veregin, the Doukhobor leader and ex-Siberian exile, left for the Doukhobor colonies recently, after a week's conference with the immigration officials here.

The Doukhobors have made 1,743 entries for homesteads, are purchasing valuable stallions and thoroughbred stock and will go extensively into the ranching business. They will also adopt Canadian ideas and will establish schools with English teachers.

A large park is to be laid out on Thunder Hill, where they will erect a large and handsome building for holding their periodic conferences and communicant meetings. The park is to be called "Zion."

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. J. T. Flint.

SHOT BY FORMER SUITOR.

Manchester Girl and Her Escort Fired Upon When Returning from Entertainment.

WOUNDS ARE NOT DANGEROUS.

A despatch from Manchester, N. H., says:—Mabel French, aged 19, the daughter of Mr. and Mrs. George M. French, residing in East Manchester, about two miles from the heart of the city, was shot twice last Friday night by Charles W. Sell, aged 22, a rejected suitor.

One of the bullets harmlessly grazed the left side of the young girl's head. The other entered her left side.

Grover Davis, a young man of about the same age as Sell, who was Miss French's escort, was shot in the left arm but not seriously hurt. Early Saturday morning the bullet was successfully extracted from Miss French's side.

Against the wishes of the girl's mother, and with only the passive consent of her father, a farmer, Sell had been keeping company with Mabel for two years.

She broke with him a couple of months ago and looked with favor on young Davis. The latter called at her home tonight and learned that she had accompanied a sister to an entertainment given in the Odd Fellows' hall by the East Manchester Grange.

He retraced his steps and came in toward town about a mile. Sell had been keeping close watch on his former sweetheart and he was at the party.

Davis was accompanied by a young friend, Clinton Bunker, of East High st. Davis seemed to have had a foreboding of trouble, for he asked Bunker to walk out to the French place with him and Miss French.

At the conclusion of the entertainment when the trio started, Sell came out from the hall and called to the girl, who went back to him. They exchanged a few words, and he told

her that he would be at the farm before her, and that there would be a warm reception for her new friends.

The girl walked along between Davis and Bunker. They had crossed the Somerville-st. trolley tracks and were well toward home, when Sell, with neither coat nor vest on, jumped out from behind a hedge. There was a brief parley.

Sell said that he had them where he wanted them, and with a few words more he fired five shots.

Two shots were directed at the girl, two at Joe French, a young man employed by her father, and who had just happened along, and the fifth at Davis, the bullet penetrating his coat, sweater and shirt and drawing a little blood.

The young man took to cover at once, but Wm. Lavery, who had been sitting on a neighboring stoop with another young girl, followed Sell a considerable distance, pelting him with stones, but fearful of what he presumed might be a remaining bullet.

Miss French was taken home and later brought to town to the Sacred Heart hospital.

Sell was employed until a short time ago at a sash and blind factory. He lost his place and had been looking for another.

The French family came to town two years ago from Orford, and Mabel was graduated from a grammar school last June. Since that time she had remained at home with her mother.

Sell has since been captured by the police.

HAS FRIEND AT ROCK ISLAND.

Miss French is a personal friend of Miss Edith Wells, now a waitress at the Rock Island House.

KING AND POPE

A Report That Visit Has Been Definitely Arranged.

PRECEDENT IS WAIVED

London, April 16th.—The correspondent of the Daily Mail claims to have received official information that a visit by King Edward to the Pope has been definitely arranged. It has been decided to depart from precedent, and the Pope will receive King Edward who will proceed to the Vatican direct from the Quirinal. This extraordinary concession is the result of secret delicate negotiations, which were eventually determined through the personal influence of the Pope. It is intended as a recognition of Great Britain's important relations with the Roman Catholic Church.

THE POPE'S HEALTH.

Rome, April 15.—The Pope received some pilgrims to-day but merely watched them file before him. He did not answer any addresses. The health of His Holiness is evidently breaking. His cough continues, his digestive organs are deranged, his appetite gone and he has a feeling of listlessness. Fits of feebleness are of frequent occurrence. There is no immediate danger, but great anxiety is felt over the Pontiff's condition. The prelates who would perform the duties of the Pope in case of his death have been ordered to remain constantly in the room.

Dr. Laponi has positively vetoed the proposition for a papal celebration on April 23, when His Holiness will reach the "years of St. Peter."

Long after the trouble in Southern Europe has been arranged, the South American republics will be doing business in revolutions at the old stand and under the same strenuous conditions.

THE GREAT WEST

Winnipeg Immigration Returns for March.

A HUNDRED THOUSAND AMERICANS WILL SETTLE IN CANADA THIS YEAR.

A despatch from Winnipeg says: Of the 12,272 emigrants who arrived during the month of March 9,413 were males and the balance, 2,859, females. The destinations of the new arrivals were as follows: Manitoba, 5,023; Territories, 5,979; British Columbia, 74; Yukon, 741; Western Ontario, 211. The balance had not been placed when the returns were completed.

The nationalities of the emigrants were: English, 2,447; Scotch, 466; Irish, 307; Welsh, 51; Canadians returned from United States, 373; Americans, 1,341; eastern Canadians, 3898; Germans, 1,011; Hungarians, 238; Italians, 312; Ruthenians, 415; Swedes, 263; Norwegians, 421; French, 119. Other nationalities make up the balance. The trades or callings of the emigrants include 7,312 farmers and farm laborers, 89 female servants and 39 miners, the balance being women, children, mechanics and clerks.

FROM MINNESOTA.

A St. Paul despatch says: Seventy carloads of settlers' effects left last week from wheaton, Minn., for Assiniboia, Canada on the 'Boo' line. This is the largest movement of settlers' effects that has ever taken place in the United States from any one town to any one district in Canada. It has been worked up largely by the Haalam Land & Investment Company of this city. It is expected that some two hundred settlers will go into the district owned by this Company. The indications are that the prediction of the Government agent that a hundred thousand Americans will settle in Canada this year will be fulfilled.

WAY'S MILLS.

Even those reared in our glorious Canada are hardly accustomed to "so much weather" as we are getting this spring.

Most everybody is tired of sugaring (not the work as much as the waiting) and gathered in their buckets after an unusually small yield.

The many friends of Elder D. W. Sornberger are sorry to hear of his low condition.

Easter Sunday proved a beautiful bright day, bringing many to the morning service at the Church of the Epiphany, which service was very interesting, the pastor, Rev. B. Watson, speaking from Rev. 1-18, made one feel that they would like to take Easter all through the year with them.

Mrs. Pomroy who is still quite ill, is being cared for by Mrs. Little.

Mrs. Delia Clifford has moved back into her own house.

Mr. and Mrs. Willis Cramer are in St. Johnsbury.

Mrs. Geo. White and children are visiting her parents, Mr. and Mrs. H. Allen.

Mrs. Burleigh from Mass., visited her uncle, Mr. J. S. Hurd, recently.

Mr. and Mrs. Vestre Cleveland intend moving to Newport May 1st to make their home for a time.

Mr. Seal from Granby, was in town last week.

Mr. Ives Wyman had the misfortune to lose one of his best horses lately.

From another correspondent.

Mrs. Wm. Holmes was called to Montreal last week on account of the illness of her mother, Mrs. Smith.

Miss Myrtle Chadsey re-opened her school at Rulter's Corner on Monday last after two months' vacation.

Mr. Wm. Hall has moved into the house recently vacated by Mr. M. J. Chamberlain.

Mr. J. Sharbanean is again foreman for Mr. H. P. Abbott for the season.

Quite an amusing affair occurred here on the first instant. One of our young men, being somewhat of a taxidermist, had in his possession a partridge that came to grief several years ago and was stuffed by him and added to his collection. On the evening previous to the first, this bird mysteriously found its way to the roof of an outhouse of a neighbor where it sat as big as life. When Mr. M. rose with the sun he was astonished to observe a fine-looking partridge on his work shop and having no gun at hand, he fired his hammer at it with such precision as to bring it down at the first shot. Quickly he pressed forward to secure the prize but looked rather foolish when he perceived he had been sold. All through the day our friend pondered and when the friendly shades of night came on he crossed the road and placed the decoy in a prominent place in front of Mr. Y. When it was again daylight Mr. Y in turn spied the bird and this time a gun was produced and Mr. Y blazed away and then he rushed forward, but alas! he grasped only the outward semblance of what was once a beautiful wood fowl. Then our friend began to think the matter over and as misery likes company he and Mr. M consulted, the result being in the evening the now famous bird was placed in a prominent position near the home of Mr. O who perceived it at early dawn, and gun in hand, sallied forth resolved to do or die in the attempt. Several shots were fired but as the bird did not move he cautiously approached and by a quick movement secured the coveted fowl. This is only a true little story of the opening chapter of which took place on the first day of April and was continued in three chapters. We do not propose to give the names of the participants but think it a little risky to be killing game out of season and we trust the authorities will deal leniently by them as the parties are quite respectable citizens though somewhat impulsive. As for the delusive partridge it is rumored it is still going the rounds and though April 1st has come and gone, it is still deceiving the unwary hunter.

The Halifax Grand Jury has indicted a number of local stock brokers on the charge that they were maintainers of gambling places. There is some doubt, of course, as to a conviction following. There have been happenings in the stock market recently which raised the question whether a man who puts his dollars in a broker's office gets enough fun for his money to justify calling the process gambling.

For liver troubles and constipation there's nothing better in creation than Little Early Risers, the famous little pills. They always effect a cure and save doctor's bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. Bigelow's pharmacy Newport, Bishop's West Derby, Vt.

ELECTRIC RAILWAY.

Proposed Line Will Ultimately Connect All Sections of Townships.

CONSTRUCTION WILL BE BEGUN THIS SUMMER.

The project of an electric railway for the south shore which has been mooted for some time will, it is understood take tangible form this summer when construction work will be commenced upon two of its main lines, says the Montreal Gazette.

"In 1897 the Montreal and Southern Counties Railway obtained a charter for an electric road on the south shore which charter was annually improved until now sixteen counties are controlled by it. Capital has been secured principally from American sources, and the road will be heavily constructed after the latest designs. The lines which it is understood will be built this season, are those connecting Montreal and St. Johns, and Montreal and Valleyfield.

"Mr. A. J. DeB. Corriveau said last evening that the railways would be of great service to the farmers of that section, and it was hoped it would give them improved facilities for placing their produce in the Montreal markets in good condition at a small expense.

"The territory for the lines run east nearly as far as Sorel, and down to the American line, taking in Sherbrooke and all the Eastern Townships district."

EAST BOLTON.

Sugaring is ended at last and some have made quite an amount since others finished. The patient waiter is no loser.

A Prominent American Bishop Writes For the Benefit of Canadian Sufferers.

He Strongly Recommends Paine's Celery Compound The Health Giving Spring Medicine.

Thousands of prominent clergymen in Canada and other lands through the use of Paine's Celery Compound are happily pursuing their pastoral duties and ministering with success to their congregations. Heart trouble, sleeplessness, nervousness, sluggish and impure blood, weak digestion, constipation and headache, are the troubles that drag clergymen down to deeper sufferings and perils. To-day, Paine's Celery Compound is the chosen home medicine of all wise and prudent ministers and priests. A vast number of them owe their lives and present good health to Dr. Phelps's world renowned prescription that "makes sick people well." Rev. John S. Michael, Bishop of Burlington, Vt., writes as follows:

"I have been asked why I recommended Paine's Celery Compound, and I desire to put on record frankly my reasons for this endorsement, hoping that my words may inspire those readers who need health and strength with faith to try Paine's Celery Compound and prove to themselves its worth.

"At the Fanny Allen Hospital, an institution in which I am deeply interested, Paine's Celery Compound has been used successfully. The Sisters of Mercy at Mount St. Mary's Academy on Mansfield Ave. rely upon Paine's Celery Compound as a tonic and strengthener. In my own household one of the domestics has taken Paine's Celery Compound for liver trouble of long standing, and says 'It has done more good than any other medicine.' Several priests have spoken to me in praise of this remedy, and I believe it has the confidence of my associates. Even did I not know from personal observation of the worth of Paine's Celery Compound I should feel like praising it for the simple reason that it is prepared by the Wells & Richardson Co., a firm whose members I have known for nearly a quarter of a century, and in whom I have perfect confidence."
